"Isn't this the so-called deeds of trust bill, Mr. President?"

The President:

"The President believes it has been so designated, Senator Charette. The special order of business was reconsideration of the vote by which House Bill No. 479 as amended by the Senate, was passed."

Senator Charette:

"My point of order is, when we came in, I moved that the rules be suspended and all bills immediately transmitted to the House, and that motion carried with unanimous consent of the body. We have taken action on this bill and it can't be reconsidered."

Senator Greive:

"I think if you will look at Rule 31 of the Senate rules, Senator, a motion to immediately transmit simply suspends the rule that they will be transmitted tomorrow. You cannot cut off a motion for reconsideration."

Senator Williams:

"Mr. President:

"I think there is a difference between a motion to reconsider and notice of intent to make a motion to reconsider."

Senator Gissberg:

"I would further point out, Mr. President, if, as Senator Charette has stated, his motion was to suspend the rules, then that does literally what it was intended to do, namely; it suspends the rules and at the time the motion was carried, it does what the maker of the motion wants it to do, notwithstanding any rule to the contrary. Now, if the minute clerk shows the motion was that the rules be suspended, then I think the point of order is well taken."

#### POINT OF ORDER

Senator Gallagher:

"Point of order, Mr. President:

"I believe my motion is before us. I moved that the rules be suspended and that the special order of business set for 9:00 p. m. be delayed until consideration of Engrossed Substitute House Bill No. 104 has been accomplished."

The motion was carried.

Senator Riley:

"Speaking on the point of order, Mr. President, when a Senator rises and says that at a certain time he will move for reconsideration, he does not make the motion. He expresses himself as saying that at a certain time he would do it. Now another

Senator rises and says, 'Mr. President, I move that all bills passed by the Senate up to this time shall be immediately transmitted to the House.' Then I think the point of order as offered by Senator Charette is well taken, because the House bills that we passed are now in the possession of the House of Representatives."

Senator Mardesich:

"Mr. President:

"I should like to point out to the President that the notice for reconsideration is tantamount to removing the bill from the nature of having been officially and finally passed and, therefore, the bill would not have been transmitted."

#### POINT OF ORDER

Senator Gallagher:

"Point of order, Mr. President:

"I believe we have before us Engrossed Substitute House Bill No. 104."

#### RULING BY THE PRESIDENT

The President:

"The point of Senator Gallagher is well taken."

On motion of Senator Stender, the following amendment to the committee amendment was adopted:

In the amendment by Committee on Education to page 1, line 5, in section 1, line 3 of the amendment, after "district" insert a period and strike the balance of the sentence.

The President stated the question before the Senate is the adoption of the committee amendment as amended.

**SPECIAL ORDER OF BUSINESS**

The time having arrived, the Senate resumed consideration of House Bill No. 479, as amended by the Senate, and the notice of reconsideration presented by Senator Dore.

**RULING BY THE PRESIDENT**

The President:

"The President, in ruling upon the point of order as presented by Senator Charette, rules that since notice of reconsideration was given by Senator Dore, the President believes that no other action should be taken on the bill until such time as the notice is acted upon or withdrawn. Hence, the President believes that the Secretary was correct in not transmitting the bill to the House. Thus the bill is before the Senate for its consideration upon a special order of business.

**House Bill No. 582**, by Representatives Morphis, Olsen and Backstrom:

Providing extra service credit for legislators in state employees' retirement system, permitting legislators who are teachers to belong to two retirement systems.

The bill was read the second time by sections.

It was moved by Senator Ryder that the following amendment be adopted:

On page 3, section 1, line 18, after "legislature" insert "who has elected to qualify for the benefits hereunder"

On page 3, section 1, line 19, after "paid" and before the period insert "up to a maximum of twenty years of actual service at the accelerated rate: PROVIDED, That any legislator exercising the option to qualify for the creditable service computation set forth herein shall be credited with the employer contributions required in RCW 41.40.330 and shall make a total of three times the employee contributions as provided in RCW 41.40.330 with credit for such payments as have already been paid for such period after April 1, 1949 as such legislator has served in the legislature: PROVIDED, That all creditable legislative service in excess of twenty years shall be credited at the normal rate: PROVIDED FURTHER, That legislative pensions and pensions based on other state service shall be computed separately and independently: AND PROVIDED FURTHER, That no member's pension shall be reduced as a result of this 1965 amendatory act"

#### POINT OF INQUIRY

Senator Gissberg:

"Would Senator Ryder yield to a question?"

"Senator Ryder, from your explanation of what the amendment purports to do, I gather that insofar as the past service credit is concerned, that your amendment would require a legislator who elects to come under this plan to pay for his own annuities and that the state would not be required to make any contribution for that, am I correct to that extent?"

Senator Ryder:

"This is not exactly correct, Senator Gissberg. He would be required to pay for his own annuity at the accelerated rate for whatever service he had since 1949. The state's portion would also be contributed, but not perhaps in dollars. It would become a part of the unfunded past liability of the total state pension system."

Senator Lennart:

"Senator Ryder, what would be the amount that the legislator would have to pay back until 1949? Can you tell me approximately?"

Senator Ryder:

"Well, Senator, I can tell you exactly. If you have been in service since 1949, it would cost you ten dollars per month for fifteen years, which would be approximately \$1800."

Debate ensued.

The motion was carried and the amendment was adopted.

It was moved by Senator Dore that the following amendment be adopted:

On page 6, section 2, line 21, strike lines 21, 22, 23 and 24.

**PERSONAL PRIVILEGES**

Senator Ryder:

"Mr. President:

"On point of personal privilege, I think that I was responsible yesterday when this furor started over House Bill 582 when it hit the floor. I made some remarks yesterday which I am not going to repeat today. I think that they still apply to the bill, as amended. I think the amendments which I put on this bill, which were worked out with several members on the other side of the aisle, were good amendments and went a long way toward making this a half-way decent bill. However, I still was compelled to vote against it because of the principle involved and not for any other reason."

Senator Gallagher:

"Mr. President:

"While I think that there are a number of people who voted against this as a matter of principle, it is going to be interesting to see how many come back, when the journal is checked, who voted against this bill tonight and who will be the first in line to put down their money and qualify. Now for those who have that principle in mind, I hope they will carry that principle out and, Lord willing, if I live long enough, I'm going to watch those of you who might line up and qualify under this act."

Senator Lennart:

"Mr. President:

"I don't think I have ever heard anything as unreasonable as what Senator Rasmussen said tonight. It took all the courage within me not to vote for the bill. The only reason I didn't vote for the bill is I really don't need it and probably won't use it. But there are many people who need this care. I almost regret now I didn't vote for it. Of course, I speak for myself, personally. I never heard anything like Senator Rasmussen's argument here, and it has been going on for days. I, for one,

feel that the motives and environment is not as high as it should be. This should be something challenging, rather than searching for attacks."

Senator Rasmussen:

"Mr. President, personal privilege:

"I make no apologies for any statement that I made concerning this pension bill on the floor of this Senate. I agree with Senator Hallauer, it's a freeloading bill and a fine example that we have set for the rest of the people in the state."

Senator Kupka:

"Mr. President:

"Under personal privilege, I take it from the emotional arguments by Senator Rasmussen that he is not going to participate in the benefits of this retirement pension, and I am going to particularly keep my eagle eye on him and see whether he does or not."

**House Bill No. 151**, by Representatives Beck, Swayze and Haussler:

Providing an alternate method of fire districts annexation procedure.

#### PERSONAL PRIVILEGE

Senator Guess:

"Mr. President:

"I would like to speak on point of personal privilege. The last action to me constitutes one of the most serious cases of discourtesy that I have seen on the floor of the Senate in the entire session. I have cooperated this evening on Engrossed Substitute House Bill No. 104 with the gentlemen who moved the question of consideration on me. I do not believe that I had an opportunity to explain the motion that I had before the body. I think that the bill has a certain amount of merit. I regret very much that I had to protest in this manner, but I believe that we have seen an action tonight which is not becoming this Senate. I wanted to put into the record

that the school authorities who are given very broad powers by this bill will put on file for the use of the parents and for their examination any tests which inquire as to the behavior patterns and the thinking of a child. Now we have done something by passing this bill as we have, which will prevent the parent from knowing what is going on at the school."

#### POINT OF ORDER

Senator Gallagher:

"Point of order, Mr. President:

"I think our rules provide that any member of the Senate can, in writing, submit to the Secretary his objections to procedures and it will be printed in the journal. I think the Senator is speaking on the merits of the bill at this time and I think he is out of order."

"I move that the rules be suspended and Senator Guess be permitted to continue."

#### RULING BY THE PRESIDENT

The President:

"If there are no objections, Senator Guess may continue."

Senator Guess:

"I believe that the parents of our school children, when children are disturbed, should have the right to take these children to the proper licensed psychiatrist, if the need is indicated. I do not believe that the accumulation of information to be gained by tests that are given to our children is a proper function of the school district. "Thank you."

I wonder if you can inform me where the Governor is going to obtain this technical help? Would these be people in his department, or would this necessitate an appropriation to a committee setting forth provision for another staff to carry out the functions laid down in this law?"

"Point of order, Mr. President:

"I wonder if you could give us a ruling on whether or not we can reconsider this bill now that the time is 12:05?"

Senator Gissberg:

"I have no intention to ask for a vote on the bill, Senator Lewis. It might be helpful to explain I want to move to reconsider the action in killing the bill, but I don't want to have another vote on whether or not we are going to pass it. All this will do is bring it back before the Senate and it will merely save the trouble and expense of reintroducing it in the special session."

**RULING BY THE PRESIDENT**

The President:

"In ruling upon the point of order, as presented by Senator Lewis, the President rules that the Senate would be in order considering a motion to reconsider, inasmuch as action has not been completed on the bill and it was started prior to midnight."

**POINT OF INQUIRY**

Senator Gissberg:

"Would Senator Bailey yield to a question?"

"Senator Bailey, it is my understanding that you did a lot of preliminary work in this matter and that you got an opinion from the Attorney General, is that correct?"

Senator Bailey:

"Yes, Senator."

Senator Gissberg:

"Do you have any conception of how much money will be saved the taxpayers of the state of Washington by this device?"

Senator Bailey:

"The Attorney General, in ruling upon this as I asked him to, made a statement to the President before we got the opinion. The Attorney General issued a release on the ruling, so we read it in the newspapers, first. The release stated that it would save some \$200,000 by reintroducing the bills that were introduced in the regular session. The opinion did not necessarily concern this particular matter. This takes care of the second part we asked about, that is bills that have passed one house and not passed the other and must be returned to the house of origin. The Attorney General says the only thing we have to watch for is that final passage must be recorded in both houses during the same session of the legislature."

Debate ensued.

*Human Needs*, including laws to provide adequate and accessible housing for all our citizens while retaining and safeguarding the rights of individual home owners, increased unemployment compensation benefits to those members of the labor force actively seeking re-employment without increasing costs to the employer, increased industrial insurance benefits with a reform in appellate procedures;

*Clean, Ethical Government*, including laws to provide for reporting of campaign contributions and expenditures, a more effective Code of Ethics Act with provisions to prevent solicitation of campaign contributions by state employees from firms dealing with the state, and elimination of politically appointed estate appraisers and liquor representatives;

*Education*, including measures to free future permanent school fund monies for school construction to reduce reliance on bonded debt for school financing, equalize the level of local tax support for school districts to reduce reliance upon special levies for basic operations, and provide for an Advisory Council on Higher Education;

*Economic Climate*, including laws to provide a sales tax credit for new plant construction and business and occupation tax relief to low-profit margin industries;

*Modernization of Government*, including laws to provide realistic increases in the compensation paid to legislators and judges of the superior and supreme courts, establish a water resource agency to coordinate the management and protection of our state's number one resource, merge the Toll Bridge Authority into the Highway Commission and give to the state's highways agencies the power to deal with problems of mass transportation in urban area; and

*Reform of the State's Constitution*, by calling for a Constitutional Convention.

WHEREAS, As a result of these conditions, an emergency exists constituting an extraordinary occasion within the meaning of Article III, Section 7, of the Constitution of the state of Washington:

Now, Therefore, I, Daniel J. Evans, Governor of the state of Washington, by virtue of the authority vested in me by the Constitution, do hereby convene the Legislature of the state of Washington in Extraordinary Session in the Capitol at Olympia on the fifteenth day of March, A.D., 1965 at the hour of twelve o'clock noon; and

*I Do Hereby Specify*, in accordance with the requirements of the Constitution that the purposes for which the Legislature is convened are:

To appropriate sufficient funds, and raise sufficient revenues, to carry on the necessary functions and services of State Government; and

To consider the enactment of the several other measures specified above for the benefit of the people of the state of Washington.

*In Witness Whereof*, I have hereunto set my hand and caused the seal of the state of Washington to be affixed at Olympia, this 11th day of March, A.D., Nineteen Hundred and Sixty-five.

DANIEL J. EVANS,

*Governor of Washington.*

BY THE GOVERNOR.

State of Washington, Executive Department,  
Olympia, March 11, 1965.

To the Honorable, the Senate of the State of Washington.

GENTLEMEN:

There have been previously submitted to you for confirmation by my predecessor, the Honorable Albert D. Rosellini, a list of appointments on January 12, 1965.

Exercising your discretion you have not acted favorably upon all of the appointments previously submitted to you and I have not asked for their confirmation. I therefore respectfully advise you that I am withdrawing two of the names previously sent to you by my predecessor and wish to have them returned to this office.

The two appointments to be withdrawn are the following:

#### HIGHWAY COMMISSION

IRVING CLARK JR., Seattle, appointed June 21, 1963, effective June 21, 1963, for the term ending July 1, 1969, succeeding Ernest J. Ketcham, term expired.

ERNEST COWELL, Eureka, appointed December 23, 1963, effective December 23, 1963, for the term ending July 1, 1969, succeeding himself, term expired.

Respectfully submitted,

DANIEL J. EVANS, Governor.

It was moved by Senator Moriarty, Jr. that the request of the Governor be accepted and that the Senate concur in the withdrawal of the names of Irving Clark Jr. and Ernest Cowell as appointments.

Debate ensued.

#### POINT OF ORDER

Senator Greive:

"Point of order, Mr. President:

"Have these appointments ever been referred to committee?"

The President:

"To the best of the President's knowledge, the appointments have not been referred to any Senate committee."

Senator Greive:

"Then, Mr. President, I suggest that they are not before the Senate without a two-thirds vote and a motion to suspend the rules is not debatable. I refer the President to Rule 70."

The President:

"The President will act upon your point of order after Senator Moriarty has finished his remarks."

Debate ensued.

Senator Gissberg:

"Mr. President, I rise to correct the statements made by Senator Greive, indicating to the President that the list of Highway Commissioners are upon the desk at this time. They are there because of a specific motion which was made at the time the message was first delivered. A motion was made on the floor at the time the message was delivered that it be kept at the desk of the Secretary. That motion prevailed."

#### RULING BY THE PRESIDENT

The President:

"Senator Gissberg, the President answered the inquiry presented by Senator Greive. Senator Greive asked if the appointments had been referred to any specific standing committee. The President replied in the negative. The remarks that you have just made are substantially correct. However, the appointments are in possession of the Secretary on the desk."

Senator Greive:

"Mr. President, to ignore the committee would require a two-thirds vote under rule 28, if we are going to go that route. If we are going to go the route of saying

they are presently before us for consideration, then I would like to have a ruling, because it would not be a question for debate. Senator Moriarty is debating the merits of the request of the Governor at this time."

#### RULING BY THE PRESIDENT

The President:

"Senator Greive, the President rules that the appointments are in the possession of the Senate and, therefore, could be considered at this time."

Debate ensued.

The President stated the question before the Senate is: It has been moved by Senator Moriarty, Jr. that the request of the Governor be accepted and that the Senate concur in the withdrawal of the names of Mr. Clark and Mr. Cowell.

Senator Moriarty, Jr. demanded a roll call and the demand was sustained by Senators Washington, Bailey, Greive, Rasmussen, Peterson (Ted), Williams, Guess and Neill.

#### ROLL CALL

The Secretary called the roll on the motion by Senator Moriarty, Jr., and the motion was carried by the following vote: Yeas, 27; nays, 20; excused, 2.

Those voting yea were: Senators Atwood, Chytil, Cowen, England, Freise, Gissberg, Guess, Herr, Herrmann, Keefe, Lennart, Lewis, McMillan, Mardesich, Moriarty, Jr., Neill, Peterson (Lowell), Peterson (Ted), Raugust, Redmon, Riley, Ryder, Sandison, Stender, Thompson, Jr., Williams, Woodall—27.

Those voting nay were: Senators Bailey, Charette, Connor, Cooney, Donohue, Dore, Durkan, Foley, Gallagher, Greive, Hanna, Henry, Knoblauch, Kupka, McCormack, McCutcheon, Petrich, Rasmussen, Talley, Washington—20.

Excused: Senators Hallauer, Morgan—2.

#### MOTION

It was moved by Senator Greive that the Senate do now consider the appointment of Tim McCullough to the Board of Prison Terms and Paroles.

The motion was carried.

The Secretary read:

#### GUBERNATORIAL APPOINTMENT

The following appointment by the Governor was acted upon as indicated:

##### BOARD OF PRISON TERMS AND PAROLES

TIM McCULLOUGH, appointed January 11, 1965, for the term ending April 15, 1969, succeeding Mrs. Charlotte Groshell.

Referred to Committee on Rules and Joint Rules.

The President declared the Senate to be at ease.

The President called the Senate to order at 4:30 p. m.

There being no objection, the Senate advanced to the fifth order of business.

The Secretary read:

#### GUBERNATORIAL APPOINTMENT

It was moved by Senator Greive that the rules be suspended and that the appointment of Tim McCullough to the Board of Prison Terms and Paroles be now confirmed.

#### PERSONAL PRIVILEGE

Senator Greive:

"Mr. President and members of the Senate:

"First, may I say that while I have known Mr. McCullough casually for some time, I do not know him other than to say, 'Hello.' I have, on occasions, voted for him. He is a member of my party and I think he has served with honor and distinction as sheriff of King county.

"I think we are dealing here with something far more impressive than this man. We are debating whether we can legislate by innuendo, and I think, gentlemen, that is precisely what we are doing. We hear these charges, which have been made against this man who, as far as I know is an honorable man, and we ask and have repeatedly asked for sixty days for proof.

"As this debate ensues, I think that various members of this Senate, members of the Democratic Party and members of this honorable body will tell you that they have sought with some passion to get to the bottom of these charges. They have contacted the F.B.I. They have contacted the Prosecuting Attorney. They have contacted private and public sources, and invariably the answer has come back that there are no substantiations for the charges, as such.

"All of us have a reputation, whether that reputation be good or bad. All of us, I hope, are proud of that reputation if it is good, and I think the good Lord intended that reputation be good until it is besmirched, and I don't think that a man who enters political life should be unnecessarily submitted to unfair and unkind accusations without absolute proof.

"May I remind you of only one example. That example is a man serving in a position far higher than that sought by Mr. McCullough today. We have, as one of the most distinguished justices about to retire, Justice Hugo Black. I can remember as a young man, being of a religion that would be involved, when this man was accused of being a member of the Ku Klux Klan. I can remember the public furor that possessed the United States. I can remember headlines. I can remember accusations. I can remember that this man was beaten from pillar to post.

"Because of my religious persuasion, I, too, was concerned. I wondered if a man who had ever been a Klansman or accused of being a Klansman, should, or in all honesty could, sit upon the highest court in the United States where the vitals of this country are decided.

"I think now that this man is about to retire and almost to a man every person in the United States in the legal profession would have to admit at least as a minimum that he has been, above all, fair to the negroes. He has been fair to those minorities whom he was supposed to have been against. In other words, this man was given an opportunity to prove himself and he proved to be one of the finest and greatest judges that our Supreme Court has ever known.

"Now I think we have a like situation here. We have a man who has a public record. While I'm not completely acquainted with it, not being that close to law enforcement, as far as I know, he did a good job as sheriff. He had overwhelming support, had he chosen to continue, and he would have continued as sheriff of King county and I don't think there is any question about that. He was popular. He ran a good office and was respected by the citizens of his own community.

"He sought another office. He was beaten by a better man in the primary, and I supported that man and I regret only that that man didn't get to be mayor of the city of Seattle. The fact remains, we had a man who had a good reputation, who has enjoyed a good reputation, and I think that he is entitled to proof and to continue in that field.

"It has been pointed out, also, by Senator Gallagher, that Chief Lawrence is about to retire. He is the law enforcement officer on that Parole Board. He is about to retire and the Parole Board always, out of the five members, has to have one from the police or law enforcement to express their point of view. Mr. McCullough has that background. It seems to me that if we do turn this man down now under the cloud which has been cast upon him, we would not only be doing the people of the state of Washington a disservice, but we would be legislating by innuendo, taking advantage of an honorable man, and we would in effect be saying to the public of the state of Washington that because we have heard some rumors, this man should not be given an opportunity to continue on.

"Finally, may I say this: Because of the situation, we have carefully checked with the other members of the Parole Board and we have determined that he is doing an excellent job, that he attends the meetings, that he tends to business, and that he is exemplary as a member of the Board of Prison Terms and Paroles. It seems to me that honestly and dispassionately, weighing the evidence, that we have no choice but to give this man a chance, rather than to hurt him in a way that would last for the rest of his life.

"The other two gentlemen I don't think were in that position. It was a political matter. It was treated as a political matter and I think they will accept it as a political matter, but in this one case, I appeal to any person who believes in fair play, who believes in justice, who believes that a good reputation is something that should be protected and respected, to vote their conscience and to give Tim McCullough a chance to give service in this position to which he was appointed."

**POINTS OF ORDER**

Senator Moriarty, Jr.:

"Mr. President:

"I raise the point of order at this time on the right of the Senate to consider the appointment of Tim McCullough.

"The basis of my point of order is the fact that there is now in the possession of the Secretary, and delivered to the Secretary prior to the time this motion to confirm Mr. McCullough was made, a message from Governor Evans withdrawing Mr. McCullough's appointment. I have a copy of the message in my possession, and I would like to read it into the record. I believe the Senate should act on Governor Evans' message withdrawing Mr. McCullough's appointment prior to confirmation for the reason that, if the confirmation is withdrawn, the name is no longer in the possession of the Senate and cannot be acted upon at this time.

"The message from the Governor, which is in the possession of the Secretary, is dated March 11, 1965."

Senator Gallagher:

"Mr. President, I rise to a point of order.

"I think we are discussing the appointment of Tim McCullough to the Board of Prison Terms and Paroles. I think that Senator Moriarty is raising a question upon some message which is in the Secretary's hands, and I think he is entirely out of order. He is not speaking to the point of whether or not we confirm or otherwise."

**RULING BY THE PRESIDENT**

The President:

"Senator Moriarty had raised a point of order and was speaking on that particular point of order, Senator."

**POINTS OF ORDER**

Senator Dore:

"Point of order, Mr. President:

"Without unanimous consent of the body, I don't think any member can read anything. I don't think he can read a message to the body. Rule 17 applies."

Senator Moriarty, Jr.:

"Mr. President, the message from the Governor is dated—"

Senator Mardesich:

"Point of order, Mr. President:

"He can't read to the Senate."

**MOTION**

On motion of Senator Greive, Senator Moriarty, Jr. was permitted to read the following message:

**"MESSAGE FROM THE GOVERNOR**

State of Washington, Executive Department,  
Olympia, March 11, 1965.

*"To the Honorable, The Senate of the State of Washington.*

"LADY AND GENTLEMEN:

"There have been previously submitted to you for confirmation by my predecessor, the Honorable Albert D. Rosellini, a list of appointments on January 12, 1965.

"Exercising your discretion you have not acted favorably upon all of the appointments previously submitted to you and I have not asked for their confirmation. I therefore respectfully advise you that I am withdrawing one of the names previously sent to you by my predecessor and wish to have it returned to this office.

"The appointment to be withdrawn is the following:

## BOARD OF PRISON TERMS AND PAROLES

"TIM McCULLOUGH, Seattle, appointed January 11, 1965, effective January 11, 1965, for the term ending April 15, 1969, succeeding Charlotte Groshell, resigned.

Respectfully submitted,

DANIEL J. EVANS, *Governor.*"

Senator Greive:

"Speaking to the point of order, Mr. President:

"Fortunately, or unfortunately, Governor Evans is not the Senate of the state of Washington. The state constitution suggests, in fact demands that the appointment be submitted to the Senate and on that we have an opinion of the Attorney General. If a Governor could willy-nilly, without our consent, submit and withdraw appointments, he would have far more power than given to him by the constitution. We are the Senate of the state of Washington. We have the responsibility and power to confirm and I submit that once a matter has been submitted for our consideration, it can only be taken away from us after we have considered it and after we have reached a decision; and, if Senator Moriarty has the votes, he can pursue that course. Without the votes, he's up a creek."

Senator Freise:

"Mr. President and members of the Senate:

"Speaking against the appointment of Tim McCullough—"

## RULING BY THE PRESIDENT

The President:

"There is a point of order before the Senate, Senator Freise.

"The President, in ruling upon the point of order as presented by Senator Moriarty, the President wishes to respectfully remind the Senators that a motion by Senator Moriarty to advance to the fourth order of business for the purpose of receiving a message was laid upon the table by action of the state Senate. At that time, Senator Greive moved that the Senate revert to the second order of business for the purpose of receiving a standing committee report. The President felt that inasmuch as time is of the essence, that rather than permit a delay in the preparation of such a report, that the President would entertain a motion by the Senator from West Seattle to confirm the appointment of Mr. McCullough to the Washington State Board of Prison Terms and Paroles. Senator Greive moved to return to the second order of business. The President believes that under the circumstances that, although not on the first order of business, the motion is in order and is under consideration by the Senate at this time. For these reasons, Senator Moriarty, your point of order is not well taken. The question before the Senate is the confirmation of Mr. McCullough to the Washington State Board of Prison Terms and Paroles."

## PERSONAL PRIVILEGE

Senator Freise:

"Mr. President and members of the Senate:

"To give you a little bit of history of the nomination of Tim McCullough to the Parole Board, as I recall it was sent to the Senate within the first two days of this 1965 Session. Within a few days thereafter, Senator Morgan called a committee meeting. It was an informal committee meeting because Tim McCullough happened to be in town and he wanted to be able to appear before the committee.

"At this time this nomination was never sent to the Institutions Committee, which is headed by Senator Morgan, but despite that fact, Senator Morgan had an informal committee meeting.

"When we appeared in her committee room, I believe Senator Gallagher, Senator Durkan, Senator Knoblauch were there and several other Senators also. Lo and behold! A lot of members of the press were there, including television representatives. At the time, I mentioned that I had a few questions to ask, questions that were rather sensitive and I did not think this was the place to air all those questions. Tim McCullough was there. He didn't get up. He sat there. He said he was willing to answer any and all questions, there were a lot of rumors and he wanted to dispell all the rumors. Senator Gallagher also got up and said this was the place to ask all the questions. Senator Knoblauch became quite incensed because some of these questions

were asked. The next morning, Senator Gallagher was a little upset with me because some of the questions were asked. After I had asked a number of questions, Tim McCullough decided he had had enough and he wasn't answering any more questions.

"Now, at no time has this nomination ever been sent to this committee. The proper way to handle this matter is for the committee to meet in closed session and ask him the various questions, ask him about the various rumors which we had never had an opportunity to question about until that date.

"Now, getting back to the statement, as I said before, I think this tape record will show that he was very cooperative and towards the end he said that he felt he had answered enough questions. I'm not saying that he attempted to evade any questions.

"Getting down to some of the answers that he did give: Who is one of his associates? He goes hunting with him, fishing with him, vacations with him. None other than a former partner of Bugsey Siegel in the Flamingo Club in Las Vegas. He testified he has been on various fishing trips. You have read the book called 'Green Felt Jungle.' You get a vivid account of the manner in which Bugsey Siegel treated his friends.

"Now, we are nominating a person to a very, very sensitive and delicate position. If you understand the manner in which sentences are meted out in our criminal jurisprudence and our criminal law, you will realize that if a person is convicted of a crime and sent to the penitentiary or to the reformatory, he is given a maximum sentence of ten, fifteen, twenty years, or whatever the statute calls for. Now, we have a Parole Board, consisting of five individuals who sit as a super-judiciary to determine whether an inmate should serve one year or ten years or fourteen years or fifteen years, or five years or seven years, or whatever the case may be. They get the reports of the sociologists, the psychologists and the psychiatrists that constantly review the files of these inmates, not only of those in the penitentiary, but also those out on parole.

"These men must be competent and must be qualified to be able to understand and read the reports of these experts who are on the institution staff. If you don't know and don't understand and can't analyze them, you may release an inmate too soon and he goes out and commits a heinous crime: robbery, assault, rape and other crimes against the human body. If you keep him in there too long, the chances are these inmates become disgruntled and they are poor parole risks.

"I've been working with the staff at the penitentiary at Walla Walla for at least the last eight years since I have been in the legislature. For the first six years after 1957, I was a member of the legislative council and a member of the subcommittee on institutions. Senator Keefe and Senator Kupka and others have worked with me very closely, and I am absolutely convinced that one of the most sensitive appointments that the Governor can make to be confirmed by the Senate is a member of the Parole Board, and anybody with the reputation, by his own statements, not by the statement of anybody else, not by innuendo, but by his own statements, of Tim McCullough, associating with a partner of a hoodlum like Bugsey Siegel—to this day—I'm not talking about ten years ago—I'm talking about 1964 and his own testimony—I'll get a tape recorder out and prove it—and I say that as a former King county sheriff he shouldn't have been associating with him and as a member of the Parole Board, he shouldn't be associating with him.

"I can honestly say that I have respected Governor Rosellini in his work with the institutions, the penitentiary, the reformatory, the mental institutions, youth work and so on. I have never been able to understand that where he could really have made himself a hero with the people who are not knowledgeable in this field, that he continues to make these appointments, not on the basis of qualifications, but strictly on the basis of political expediency and based purely on politics; and, I say this sincerely: I have not one single person in mind that I would have appointed. I have never given it a minute's thought, but I am satisfied that a man who has practically as his only qualification for this job, by his own words, that he gets along with people, is not qualified. What qualification did this man recite before that committee? Not one.

"We have had sixty days of this legislature to consider this man's appointment. We have had one informal hearing. Why wasn't that nomination sent to the Institutions Committee? Why didn't we have an opportunity to talk with him? I would have been very happy to talk to this man alone behind closed doors and ask him on a friendly basis about these rumors that we hear, and if he had said, 'Herb, you're going to have to vote on me. Here's the story of my life,' we would have had that

opportunity. We might have been able to say, 'Fine, we can go along with you and I can report back to this side of the aisle.'

"But for some reason or other this nomination was never sent up to the Institutions Committee and I think the people of the state of Washington are entitled to know why; and, I for one am not going to confirm Tim McCullough; and, I say to those members on the other side of the aisle that may do so today, 'The chickens may come home to roost.'"

#### MOTION

It was moved by Senator Woodall that the matter of the confirmation of Tim McCullough to the Washington State Board of Prison Terms and Paroles be referred to the Committee on Institutions with instructions that the committee report back not later than the tenth day of the extraordinary session.

Debate ensued.

#### PERSONAL PRIVILEGE

Senator Durkan:

"Mr. President and members of the Senate:

"I'm not going to take too much of your time on this matter, but I would like to answer a few of the accusations that have been made on the floor today. The blood of Ernie Cowell has hardly dried in Walla Walla county, but yet we heard what was good business a few moments ago, now becomes state business and good government.

"Tim McCullough has been a good sheriff. I don't know him personally. I have never been in his home, but I do know him as a public official. He served about eight years in King county and during that time he managed a jail which, next to Monroe and Walla Walla, is the third largest institution in the state of Washington, and he managed it well.

"When Tim McCullough became sheriff, he went in and did an excellent job. He took those people and he gave them some life. He gave them clean uniforms and, among other things, he started to teach them.

"We passed a bill not so long ago starting education in institutions. He started it long before there ever was a bill.

"Now it was mentioned here about his capabilities and whether he knows how to handle men. Well, I don't know too much about that, but I do know this; he knows how to handle youth. Throughout the time of his tenure as sheriff in King county, he helped all of us in King county. Anywhere there were young kids running on the streets, he was there to help. He did a good job.

"Now, Senator Freise talks about qualifications and his little tape recorder, but he would have you pick a member of the Parole Board who advocates homosexuality. He sat up there in the hearing. I heard him say it. This was a good man. Well, this isn't the type of man that I'm for. You listen to the tape recorder, Senator Freise. I heard it. It's on the tape.

"He talked about this man from Las Vegas, and he has been in every parade in the state of Washington. I don't know who he is or what he is, but he was in Seattle for Seafair. The officials asked Tim McCullough to take him fishing. And because of that, he's an associate of the underworld. Now, I don't know about his bad checks or anything else, but I know there has been many a day I had to make a race for the bank and I think some of the rest of you are probably in the same position. Everyone of us here who have the know-how or the resources can cover the financing, but I do know this one thing about Tim McCullough: He was a good man, he has been a good father, and he has been a good sheriff, and I hope you will confirm him."

Senators Greive, Gallagher and Riley demanded the previous question and the demand was sustained.

#### POINT OF INQUIRY

Senator Woodall:

"Would Senator Durkan yield to a question?"

Senator Durkan:

"Yes."

Senator Woodall:

"Senator Durkan, would you mind if we had the tape played and we will all sit here and listen? Would that be agreeable?"

Senator Durkan:

"Right after the vote, I'd be glad to."

Senator Woodall:

"Well, I think it might just help us out a little."

Senator Durkan:

"Where would you like it, in the head?"

#### APPOINTMENT OF TIM McCULLOUGH

The Secretary called the roll and the appointment of Tim McCullough to the Board of Prison Terms and Paroles was confirmed by the Senate by the following vote: Yeas, 25; nays, 22; excused, 2.

Those voting yea were: Senators Bailey, Connor, Cooney, Donohue, Dore, Durkan, Foley, Gallagher, Gissberg, Greive, Hanna, Henry, Herr, Herrmann, Keefe, Knoblauch, Kupka, McCormack, McCutcheon, Mardesich, Peterson (Lowell), Petrich, Riley, Sandison, Talley—25.

Those voting nay were: Senators Atwood, Charette, Chytil, Cowen, England, Freise, Guess, Lennart, Lewis, McMillan, Moriarty, Jr., Neill, Peterson (Ted), Rasmussen, Raugust, Redmon, Ryder, Stender, Thompson, Jr., Washington, Williams, Woodall—22.

Excused: Senators Hallauer, Morgan—2.

S. R. HOLCOMB, *Chief Clerk.*

**REPORT OF FREE CONFERENCE COMMITTEE**

Olympia, Wash., March 11, 1965.

MR. PRESIDENT:

MR. SPEAKER:

We, of your Free Conference Committee, to whom was referred Engrossed Senate Bill No. 126 relating to justices of the peace and providing increases in their salaries, have had the same under consideration, and we recommend that Engrossed Senate Bill No. 126 be amended to read as follows:

"An Act relating to courts of limited jurisdiction; providing increases in salaries; changing the method of paying salaries of judges of courts of limited jurisdiction; amending section 100, chapter 299, Laws of 1961 and RCW 3.58.010; amending section 4, chapter 156, Laws of 1951 and RCW 3.16.004; and amending section 35.20.160, chapter 7, Laws of 1965 and RCW 35.20.160.

*Be It Enacted by the Legislature of the State of Washington:*

The annual salary of each full time justice of the peace shall be [eight] *ten* thousand dollars: *Provided*, That the city or county which pays the salary of such justice may increase such salary to an amount not to exceed thirteen thousand five hundred dollars: *Provided Further*, That in class AA and A counties the annual salary of such justices shall be two-thirds of the amount provided by statute as the salary for the position of superior court judge or twelve thousand five hundred dollars, which ever is greater: *Provided Further*, That in cities having a population in excess of five hundred thousand, the city which pays the salary may increase such salary of its municipal judges to an amount not more than the salary paid the superior court judges in the county in which the court is located.

Sec. 2. Section 4, chapter 156, Laws of 1951 and RCW 3.16.004 are each amended to read as follows:

In cities having a population of more than twenty thousand, the justices of the peace shall devote their full time to the duties of the office *and shall not engage in the practice of law*. [and receive a salary of five thousand four hundred dollars per annum: *Provided*, That in cities of the first class the county commissioners shall have the power to raise the salaries of justices of the peace to an amount not to exceed six thousand five hundred dollars per annum: *The annual salary shall be two-thirds of the amount provided by statute as the salary for the position of superior court judge or twelve thousand five hundred dollars, whichever is greater: Provided Further*, That where justices of the peace in cities over the population of twenty thousand are also acting as police judges, [their salaries shall be fixed by the legislative body of the city, three] *five* thousand dollars of [which] *their salaries as hereinabove provided* shall be charged against the counties and the remainder shall be paid by the municipality.

Senate Members:

FRED H. DORE  
JOHN A. PETRICH  
PERRY B. WOODALL

House Members:

R. TED BOTTIGER  
ELMER E. JOHNSTON  
WILLIAM C. KLEIN

On motion of Senator Petrich, the report of the Free Conference Committee was adopted.

**POINT OF INQUIRY**

Senator Gissberg:

"Before calling the roll, would Senator Woodall yield to a question?"

Senator Woodall:

"Yes."

Senator Gissberg:

"Senator Woodall, as I understand this provision, a justice of the peace under this pay raise could not practice law. Now what is the intent of the free conference committee with respect to that provision? Did they intend for the provision to go into effect prior to this pay raise?"

Senator Woodall:

"Mr. President and Senator Gissberg:

"The intention clearly is that when the justice starts to enjoy the higher salary, then, at that time, and only then would the other portion apply and he would then be compelled to give up any private practice."

#### ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 126, as amended by the Free Conference Committee, and the bill passed the Senate by the following vote: Yeas, 30; nays, 9; absent or not voting, 3; excused, 7.

Those voting yea were: Senators Atwood, Bailey, Chytil, Connor, Cooney, Dore, England, Foley, Gallagher, Greive, Guess, Hanna, Herrmann, Keefe, Knoblauch, Kupka, Lewis, McCormack, Neill, Peterson (Lowell), Peterson (Ted), Petrich, Redmon, Riley, Ryder, Stender, Thompson, Jr., Washington, Williams, Woodall—30.

Those voting nay were: Senators Charette, Donohue, Durkan, Freise, Gissberg, McMillan, Mardesich, Rasmussen, Sandison—9.

Absent or not voting: Senators McCutcheon, Moriarty, Jr., Raugust—3.

Excused: Senators Cowen, Hallauer, Henry, Herr, Lennart, Morgan, Talley—7.

Engrossed Senate Bill No. 126, as amended by the Free Conference Committee, having received the constitutional majority, was declared passed.

There being no objection, the title of the bill was ordered to stand as the title of the act.

#### REPORT OF CONFERENCE COMMITTEE

Olympia, Wash., March 11, 1965.

MR. PRESIDENT:

MR. SPEAKER:

We, of your Conference Committee, to whom was referred Engrossed Substitute House Bill No. 104, providing for community college districts, have had the same under consideration, and we recommend that the committee be discharged.

Senate Members:

MIKE McCORMACK  
ROBERT CHARETTE

House Members:

FRANK B. BROUILLET  
DON ELDRIDGE

It was moved by Senator Charette that the report of the Conference Committee be adopted and that the Committee be discharged.

Debate ensued.

#### PARLIAMENTARY INQUIRY

Senator Rasmussen:

"Mr. President, this probably should be a parliamentary inquiry. It is my understanding that once a conference has been granted and the conference committee has come to no agreement, that that bill doesn't reside in Rules. It is just floating here between the Houses and the bill dies. What would be your ruling on that, Mr. President?"

#### REPLY BY THE PRESIDENT

The President:

"Senator Rasmussen, earlier in the session the Senate adopted a resolution which requires that the bill must be returned to the House for their action."

Senator Rasmussen:

"Then, Mr. President, they are free to act as Senator Durkan suggests?"

The President:

"The President believes that is correct."

Senator Thompson, Jr.:

"Mr. President:

"I move a substitute motion that the committee be granted the powers of free conference."

#### POINT OF ORDER

Senator Bailey:

"Point of order, Mr. President:

"This motion is out of order because Senator Thompson says this tends to draw the Houses closer together, therefore it has priority. I think anything that delays this adjournment is drawing the Houses further apart and I think the motion is out of order."

#### RULING BY THE PRESIDENT

The President:

"The President believes that the motion by Senator Thompson and that of Senator Charette are of equal rank; therefore, the President will put the motion which was placed first. The Senate should act upon the motion of Senator Charette, since it was the motion placed first."

Debate ensued.

Senators Charette, Durkan and Bailey demanded the previous question and the demand was sustained.

The motion was carried, the report of the Conference Committee was adopted and the committee was discharged.

#### MESSAGE FROM THE HOUSE

House of Representatives,  
Olympia, Wash., March 11, 1965.

**PRESIDENT'S PRIVILEGE**

The President:

"Members of the Senate, Ladies and Gentlemen:

"It seems especially appropriate at this time for the President to call upon Senator Robert Charette of Grays Harbor who may like to give a word of approbation to the wonderful staff and the grand accomplishment they have made and the contribution they have made to the Thirty-ninth Legislature."

Senator Charette:

"Mr. President, members of the Senate:

"On behalf of all of the members of the Senate, I want to say to you folks that have worked with us and assisted us so ably and well during the session, just a plain 'Thanks.' We all know that we could not accomplish anything during the session without your assistance and guidance, from the Pages who run the errands and do all of the fine tasks for us, to all of the secretaries and people that work in the work room, all through the Senate Chamber, and particularly to the Secretary, who I will probably refer to in the future as 'Old Watershed Bowden,' and his assistant staff. To all of you we say: 'Thank you very much.'"

Senator Gallagher:

"Mr. President:

"I do wish that Senator McMillan was here. I do believe he is down in the restaurant. I think in addition to those of you who work up on the topside, we do appreciate the fact that we have had a good working committee who has conducted a real good restaurant, and to those folks, and Senators Riley, Cowen, and Sandison, I think we owe a real debt of gratitude.

"Thank you."

Senator Charette:

"Mr. President:

"While we are commending everyone this evening, we certainly do not want to leave out the President, himself, who has been so gracious and understanding and has done such a fine job in conducting this session."

Senator Riley:

"Mr. President:

"May I echo in a loud and sincere voice the comments of Senator Charette in his compliments to all of the staff behind the scenes: Ward Bowden and his staff, and the secretarial staff; and, I have not been prompted, but I speak now for the moment for the Sergeant at Arms and his staff. Ladies and gentlemen, members of the Senate, we are those chosen by the voters to perform, but we cannot perform without able assistance. That assistance comes from the Lieutenant Governor, in his cooperative effort, Ward Bowden and his staff, and I have always held the position that Ward has complete authority behind the scenes and I hold him responsible for that. Charlie Johnson and his staff we see more here in the open. Charlie and his staff have performed in an admirable fashion and I want also to add a word and a warm handshake to the President and the President Pro Tempore, and to Charlie Johnson and his staff,

because all of these elements put in the blender together bring about a successful operation, and it is amazing the fine results that are created as a result of the ideas poured into these legislative chambers."

recorder to have charge of the division, subject to the supervision and control of the state auditor.

Such plan shall provide for the locating in Olympia of a centralized depository of all property information. Said depository shall be planned to make maximum use of an appropriate data processing system. Further, remote input and output devices to be located in the office of each county auditor shall be planned. As a part of the investigation, the possibility of state guarantee of titles so recorded shall be studied. The investigation shall be completed and a report thereof submitted to the legislature no later than July 31, 1965.

"The plan is that it would not. Basically, the plan of financing is that the equipment will be secured by revenue bonds, by present rent from the public utilities district, by funds available from the federal government and Bonneville Power Administration and by contract and funds contributed by the electrical manufacturers and the utilities of the Pacific Northwest and the rest of the country. Basically, they will have a contract, but some of their people will be there. They will also then be able to have some of the graduate students work in that particular area. It is necessary to do this to cut a lot of red tape involved with Washington State University."

#### POINT OF INQUIRY

Senator Petrich:

"Would Senator Durkan yield to a question?"

"Senator Durkan, I read the memorandum which has been distributed and I would like to inquire as to whether or not, by striking the material from line 23 to 31 on page 6, you are not permitting then the power lines carrying an excess of 7,500 volts to be arranged in close proximity to the public or other people that may come in contact with the wires. I can understand why it is not necessary to have them insulated, but the stricken material includes the words: 'or arranged in such a fashion as not to come close to any person who may be in danger.' Now would you please explain the reason for striking those words dealing with the arrangement of the wires so as not to come in contact or close proximity with anyone in the area?"

Senator Durkan:

"In response to your question, this is one of the main arguments we had two years ago on this language and the question was posed to the department as to whether or not this would lower the overhead voltage line of 7,500 and above, closer to the ground or whether there would be any lowering between the spaces or between the cross bars, and this is what segments of labor opposed. Expert testimony as told to me by the department is that this in no way changes the space between the ground and the first cross bars, or as between one cross bar and the other. This was told to me by the people who administer this code, Senator."

#### POINT OF INQUIRY

Senator Gallagher:

"Mr. President, would Senator Ryder yield to a question?"

"Senator Ryder, I would like to inquire how this committee will function without some money?"

Senator Ryder:

"Senator Gallagher, the money which goes to finance this will be in the State Finance Committee's appropriation, and comes from the fund which is built up through the investment of the various securities."

Senator Gallagher:

"Well, then, there is some financial impact regardless of from where it comes?"

Senator Ryder:

"There probably will be some financial impact, but this can be taken care of in the Appropriations Committee. It will be very small, Senator."

Senator Gallagher:

"Yes, but then you would have no objection to the Appropriation Committee taking a look at it?"

Senator Ryder:

"I have already checked with Senator Foley. He does not think it is necessary."

Senator Foley:

"Well, it is going to be looked at. The appropriation taken out of here is being financed out of another fund and not the general fund."

Senator Gallagher:

"Mr. President:

"I think it is customary here that bills go to the Appropriations Committee where there is a financial impact and funds are being moved from one area to another. It has been customary in the past that those bills do go to the Appropriations Committee. I think when we discuss the merits of the bill, perhaps a motion will be in order to send it to Appropriations."

Senator Ryder:

"Senator Gallagher, the financing of the State Finance Committee in Roy Pitt's office now is from a different fund and there is ample funds in this to include the financing of this bill."

Senator Gallagher:

"Mr. President, another question:

"Then could you tell me roughly what the cost will be for the biennium to finance this particular committee?"

Senator Ryder:

"Senator Gallagher, the appropriation now for Roy Pitt's office is somewhere over fifty thousand dollars or in that neighborhood. His office, as it stands at the moment, regardless of any change, is going to need an additional fund because he is woefully understaffed for the job he is doing. I would say probably another twenty thousand dollars from the fund would be all that is necessary to put him on a working basis."

Senator Gallagher:

"Mr. President, one more question:

"You say that there is a surplus within that department. They do not now have the fifty thousand dollars. This will require, in addition to the fifty thousand surplus an additional twenty thousand dollars, am I correct?"

Senator Ryder:

"Approximately, yes."

Senator Gallagher:

"Seventy-five thousand dollars, then, for this particular—"

Senator Ryder:

"No, an additional twenty to twenty-five thousand."

Senator Gallagher:

"Plus the surplus which is available."

Senator Ryder:

"No, he is limited by appropriation to the amount that can be spent from the fund."

## POINT OF INQUIRY

Senator McCutcheon:

"Would Senator Ryder yield to another question?  
"Who handles the investment now?"

Senator Ryder:

"The State Retirement Board now handles the investment and they will continue to handle it. This board will merely act in an advisory capacity. The State Finance Committee at the present time acts in an advisory capacity to this board, but as you know, the State Finance Committee also sells state bonds. This has been a problem which many of us have looked askance at for quite some time, where on the one hand they sell bonds, and on the other hand, they buy them, and so far as Roy Pitt's office is concerned, he is handling a great deal of the mechanics of this now and regardless of whether this bill is passed or not, should probably have an increased appropriation because he does not have nearly enough staff in his office to do any kind of credible job."

Senator Gallagher:

"Would Senator Ryder yield to another question?"

"Senator Ryder, the old language on line eight says that the Retirement Board may authorize, and now you are striking this and inserting that this advisory council will say what they shall do with their funds. Of course, you're going to say it's not mandatory. The word 'may' is in there. But why is it necessary to change that? Why can't the present Finance Committee continue to handle this, or is it because this is going to be advisory? Why do you want to insert this so-called council for the State Finance Committee?"

Senator Ryder:

"Senator Gallagher, as I explained earlier, we are using the Investment Council in this bill to take the place of the State Finance Committee in many of the things which it is doing now for the various pension funds, and this is one of them. As you will notice, the word 'may' is in there now. It only refers to the Finance Committee. We have stricken that and inserted the Advisory Investment Council which is part of the transferring of some of the duties of the Finance Committee in the area of investment of funds of these pension funds to the Advisory Council and giving them the same powers that the Finance Committee now has. The Finance Committee still would have, under its jurisdiction, the sale of state bonds. This, I think, is a good thing to do, to separate these two duties in the Finance Committee."

Senator Gallagher:

"Now, Senator Ryder, again calling your attention to page 14, line 13, it used to be that the State Finance Committee would direct that funds be deposited. Now you are saying it is mandatory that they shall be deposited upon the advice of the State Employees' Retirement System."

Senator Ryder:

"Senator, this again is in line with separating the Finance Committee from its dual responsibility of, on the one hand, investing pension funds, and on the other hand, selling the state bonds. This will put the Finance Committee in the business only of selling state bonds and will take it out of the business of investing pension funds. This is given back to the Board of the State Employees' Retirement System as you see here, and that is where it should properly be."

Debate ensued.

The motion was carried and the amendment was adopted.

On motion of Senator Ryder, the following amendment was adopted:

On lines 24 and 25 of the title, strike "making an appropriation;"

On motion of Senator Ryder, the rules were suspended, Engrossed Senate Bill No. 111 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

President Pro Tempore Gissberg resumed the Chair.

"Oh God our Heavenly Father, and Ruler over the Universe and All Creatures . . . we bow our heads before Thee, as we pray in deep humility for Thy blessings upon this governmental assembly, and upon each Senate member who has accepted the great tasks of the responsibility of the government of our state.

"Endow each one, O Father, with a consciousness of his own unworthiness, and our dependence upon Thee. May they each seek Thee in prayer, that Thy Wisdom may be given to them in their search for solutions to the many confusing problems which confront them in this session.

"We pray that Thou wilt bring them together as one in their decisions for their people, even as we pray that Thou wilt bring all peoples of this world together in peace, understanding and love. May this understanding of their stewardship bring each one ever closer to Thee, to the glorious result that a birth of new understanding and human helpfulness may come upon us, and on all peoples everywhere. Amen."

Debate ensued.

## POINT OF INQUIRY

Senator Moriarty, Jr.:

"Mr. President, would Senator Charette yield to a question?"

"I wonder, Senator Charette, why you prohibit loans to officers or employees of a savings and loan association that they are happy to be connected with, when they can go down the street and get the loan from a different savings and loan association?"

Senator Charette:

"Senator Moriarty, my reason for that is that I have had some experience with these and I think that a person who is a valued employee might come to his employer and say, 'I need a thousand or two thousand dollars,' and it would be difficult for the employer to say no because they feel they might offend the employee. It's just as easy for them to go across the street and get the loan from another savings and loan where the loan is looked at and analyzed from an impersonal basis, not an employer-employee relationship basis."

Debate ensued.

The motion was carried and the amendment was adopted.

On motion of Senator Freise, the following amendments were adopted:

On page 3, section 7, line 33, after "repairs" strike the period and insert a comma.

Senator Durkan moved the adoption of the following amendment:

On page 3, section 5, line 15, strike all the underlined matter through line 18.

We concur in this report: Robert C. Bailey, Dewey C. Donohue, Fred H. Dore, Martin J. Durkan, Frank W. Foley, Ernest W. Lennart, Frances Haddon Morgan, Charles P. Moriarty, Jr., Lowell Peterson, Ted G. Peterson, W. C. Raugust, Fred G. Redmon, Edward F. Riley, Gordon Sandison, John H. Stender, Walter B. Williams.

#### POINT OF INQUIRY

Senator Riley:

"Would Senator Washington yield to a question, Mr. President?

"Senator Washington, my question is, with this study, how many studies in the total have we made covering the subject of cross-sound bridging?"

Senator Washington:

"I don't have the exact figure, but it will be a substantial number. I think all in all there have been six or seven studies, at least, made from time to time. This brings us up roughly to where we were in 1959, and there is no substitute. If we are going to go ahead, the traffic surveys have to be made. We are going to have to determine the effect of the toll-free Narrows Bridge. There are a number of things that will have to be considered, whether it will be necessary or whether we should actually add to the system as we did before, all of the connecting roads on the Kitsap Peninsula, or whether some of those roads should, with the new developments, be considered part of the highway system. Certainly even with all of the studies we have made in the past, we must continue to survey this problem."

President Pro Tempore Gissberg:

"Is your answer, Senator, if we study long enough, we may find an answer?"

Senator Washington:

"Yes, that is putting it succinctly."

#### POINT OF INQUIRY

Senator Peterson (Ted):

"Would Senator Washington yield to another question?

"Senator Washington, wouldn't it be true that with the tolls coming off of the Narrows Bridge, that we could save the \$125,000 if we decided upon crossing from Ballard to Bainbridge Island?"

Senator Washington:

"I think that would be a good political speech right now, Senator Peterson, but I know also there is going to be the usual contest as to where the bridge should be located. That's something we can't avoid. There are local interests, people who are very sincere, who will be advocating various proposed routes. I think we are going to have to accept the engineering decision and also the financial feasibility first, and then we will debate the propriety of it at the next session."

Senator Riley:

"Would Senator Washington yield to another question?"

"Senator Washington, would you agree with the statement that with the removal of the tolls on the Tacoma Narrows Bridge, this will be a deterrent in the matter of cross-sound bridging?"

Senator Washington:

"Well, I don't think I would use the word 'deterrent.' I think it does add a negative factor in any type of a cross-sound bridging operation where you are going to rely substantially on tolls. Any other possibility that can detract from the amount of traffic is certainly going to add problems to the feasibility."

Senator Rasmussen:

"Would Senator Washington yield to a question?"

"Senator Washington, is this study going to include studies of modernizing the ferry routes on Puget Sound where we can cut down some of the losses?"

Senator Washington:

"Senator Rasmussen, this study will not, in itself, be a ferry route study. That of course is a continuing study that is going on. If the next bill is passed authorizing construction of two new ferries, the impact that those ferries have will also be one of the things that will have to be considered in the overall study."

Debate ensued.

#### POINT OF INQUIRY

Senator Herrmann:

"Senator Washington, will this study be tied in with the ferry situation? I mean in determining what is to be done, will they be considering the ferry transportation?"

Senator Washington:

"Definitely any study which studies cross-sound bridging has to have, in order to show its feasibility or desirability, certain alternatives. One is to continue with the ferry type of transportation taking into consideration the possibility of four new ferries, evaluating what the economic impact will be, how these ferries will serve the area; and then on the other hand, evaluating the economic impact of a cross-sound bridge. They have to go hand in glove. There is no way of having a financial feasibility study or any type of feasibility study of a bridge without at the same time considering the impact and possible improvement of the ferry system."

Further debate ensued.

#### PERSONAL PRIVILEGE

Senator Rasmussen:

"Mr. President, point of personal privilege:

"As chairman of the Committee on Labor and Social Security I wish to state I did not intentionally mislead the members of the Senate on these amounts in the awards schedule. Apparently some place there has been some confusion in the figures. They

are checking the figures now, and if it is desirable, they will offer the amendment in the House. The figures that we had in the schedule would be very close to the present ones and we thought it was a better schedule because it had been approved by the Governor in his bill and by the national boards. That is the reason we made that statement. If we are in error, there will be no further attempt made to amend it in the House."

Senator Moriarty, Jr.:

"Mr. President:

"Responding to the remarks of Senator Rasmussen, if you will look at page 4 of Senate Bill No. 481, I think you can see why the apparent misunderstanding or misinformation gained credence, because in Senate Bill No. 481, which contains the benefit schedule which was in the committee amendment, there is an additional limitation limiting the amount of the permanent partial disability to two-thirds, rather than the full amount of the award, and also limiting the maximum to ten thousand rather than to fifteen thousand as was contained in Senate Bill No. 422."

On motion of Senator Riley, the rules were suspended, Senate Bill No. 422 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

(1) Refuse to sell any real property to a purchaser;

(2) Make any distinction, discrimination or restriction against a seller or purchaser in the price, terms, conditions or privileges relating to the listing or sale of real property or in furnishing any facilities or services in connection therewith;

(3) Prevent or obstruct the sale of any real property to purchaser;

(4) Attempt to do any of the unfair practices described above in this section.

(3) It shall be an unfair practice for a person to use, publish, circulate, issue or display, or cause to be used, published, circulated, issued or displayed, any memorandum, communication, notice, advertisement or sign of any kind relating to the sale of real property which indicates any preference, limitation, specification or discrimination based on race, creed, color or national origin.

(4) It shall be an unfair practice for a real estate broker or salesman to accept or retain any listing of real property for sale with the understanding that a purchaser may be discriminated against with respect to the sale thereof because of race, creed, color or national origin.

(5) It shall be an unfair practice for any person to assist, induce, incite or coerce another person to commit an act or engage in a practice that violates this amendatory act."

Renumber the remaining subsections consecutively.

On page 233, line 12, add a new article to read as follows:

#### "ARTICLE 11 DISCRIMINATION

Sec. 11-101. ELIMINATION OF DISCRIMINATION AGAINST PERSONS BECAUSE OF RACE, CREED, COLOR OR NATIONAL ORIGIN AS THE SAME APPLY TO THIS ACT. It shall be an unfair practice for any person to deny the right of any other person to purchase any service, mortgage, note, bond, security, debenture, chose in action or article of personal property offered or sold on, or by, any establishment or person to the public, without acts directly or indirectly causing persons of any particular race, creed or color, to be treated as not welcome, accepted, desired or solicited."

#### POINT OF ORDER

Senator Riley:

"Point of order, Mr. President:

"My point of order is that the amendments as offered go beyond the title and scope and object of the bill."

#### RULING BY THE PRESIDENT

President Pro Tempore Gissberg:

"Ruling on the point of order as raised by Senator Riley, the President rules that the first amendment which was read goes beyond the scope and object of the bill; hence, the point of order raised by Senator Riley is well taken insofar as the first amendment is concerned.

However, with respect to the second point of order, your point of order, Senator, is not well taken. The second proposed amendment has to do with notes, bonds, securities, debentures, choses in action or articles of personal property offered or sold to any person of the public. Hence it comes within both the title and the content of the bill and would not have two subjects within it as the first one does.

The President, therefore, rules on the point of order that the point of order as to the second amendment is not well taken and the second amendment is properly before the body."

It was moved by Senator Herrmann that the amendment to page 233, line 12, be adopted.

Debate ensued.

Senator Woodall:

"Would Senator Dore yield to a question?"

President Pro Tempore Gissberg:

"Senator Dore yields."

Senator Dore:

"Am I speaking to a lawyer or a farmer now?"

Senator Woodall:

"It will make common sense either way, Senator. Senator Dore, I notice you are speaking in behalf of uniformity and you mentioned we should vote this down because it is in keeping with the other states. I want to inquire if that last amendment we adopted is carried through the other states in this act."

Senator Dore:

"As far as I know, and I advised the Senate before, that the provision wasn't in any other acts. Senator Herrmann has advised me seventeen states of the thirty-four have it. I just take his statement on it. I am not aware they do but I'm sure he's examined it and if he says it is so, it is."

Debate ensued.

The motion was carried and the amendment was adopted.

It was moved by Senator Gallagher that Engrossed Senate Bill No. 122 be ordered to retain its place on the second reading calendar for tomorrow.

as depriving a buyer, as against an assignee, of asserting the defenses of fraud or material misrepresentation by the seller."

Debate ensued.

The motion was carried and the amendment was adopted.

On motion of Senator Freise, the following amendment was adopted:

On page 59, following line 27, insert a new subparagraph as follows:

"(7) Any sale made hereunder, if a loss has been sustained, in order to charge the purchaser for the loss, the seller must have exerted a reasonable effort to obtain the fair market price of the said goods sold."

On motion of Senator Dore, the rules were suspended, Reengrossed Senate Bill No. 122 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

"We have learned Your lessons even as we have learned to love the beauty of Your mountains and water and the laughter and love of Your friends; but this then is our prayer this morning: to teach others of Your wisdom and power, to recount to others Your kindness and blessing, to impart to others your grace and spirit. For then truly we will be the men who dare to match Your mountains, who dare to ask another generation to be Your friends. Amen."

WHEREAS, The continuing growth of the nation's population and economy, and of its related transportation needs give evidence of need for continuing highway programs after that date; and

WHEREAS, The Federal-Aid Highway Program because of sound financing, long range planning and orderly construction has been a vital force in the dramatic expansion of the nation's productive capacity and in enhancing the well-being of the citizens of this state and the nation for over 40 years; and

WHEREAS, It is in the national interest that the federal-state relationship that has made this program possible be not terminated in 1972 but rather continued and strengthened,

*Now, Therefore, Be It Resolved* By the Senate, That the Washington State Legislature petitions the Congress to authorize and direct the Secretary of Commerce, with the cooperation of the state highway department and through them with the cooperation of the cities and counties, to undertake immediately a study to determine highway needs after 1972, and to recommend to the Congress a federal policy with respect to highways to meet these needs most effectively; and

**MESSAGE FROM THE SECRETARY OF STATE**

Office of the Secretary,  
Olympia, Wash., March 19, 1965.

*To the Honorable, the President of the Senate,  
The Legislature of the State of Washington, Olympia, Washington.*

SIR:

I have the honor to transmit herewith pursuant to Section 12, Article 3 of the Constitution of the State of Washington, for the consideration of the Senate, Enrolled Senate Bill No. 29 which has been vetoed by the Governor, together with his veto message attached thereto.

Respectfully,

A. LUDLOW KRAMER,  
*Secretary of State,*  
STANLEY W. WORSWICK,  
*Assistant Secretary of State.*

The Secretary read:

**MESSAGE FROM THE GOVERNOR**

Executive Department, State of Washington,  
Olympia, March 17, 1965.

*To the Honorable, The Senate of the State of Washington  
(through the Secretary of State)*

LADY AND GENTLEMEN:

I am filing herewith to be transmitted to the Senate at the next session of the Legislature, without my approval, Senate Bill No. 29 entitled:

"An Act relating to education and the support of the common schools; amending section 3, chapter 276, Laws of 1959 and RCW 28.48.010; amending section 9, chapter 141, Laws of 1945 and RCW 28.48.030; and making an effective date."

Senate Bill 29 changes the method of distributing state aid for schools from ten monthly payments from September through June to twelve monthly payments each year. The underlying purpose of this bill is to commit the state to a distribution in July and August of 1967 which the school districts of the state can anticipate in their planning for the 1966-67 school year, thus enabling them to carry out an improved educational program in the biennium ahead.

This aspect of the bill has been anticipated in Senate Bill No. 374, the Omnibus Appropriation Bill, which projects \$42,308,216 as the "carry-over" amount.

However, this deferral of \$42.3 million is not fiscally sound, if used entirely as a budget-balancing device. This would be tantamount to setting the fuse to a \$42 million bomb that will explode in the Legislature's face at the next session.

We should face up to the cost of supporting the needed increase in the level of educational services at this session, at least to the extent of \$20 million for deficit reduction. A measure such as Senate Bill No. 29 is sound only when included with an appropriation act and revenue measure that taken together result in a balanced budget accompanied by a \$20 million reduction in the general fund deficit. Therefore, I consider the bill premature at this time.

Moreover, Senate Bill No. 374 anticipates that the twenty-four payments to support school districts in 1965-67 will begin with September, 1965, rather than with July, 1965, as provided in Senate Bill No. 29. This aspect of Senate Bill No. 29 would serve to nullify, or at least to confuse the purpose of improving the educational program by projecting distribution after June 30, 1967, to pay part of the 1966-67 school year costs.

As written, Senate Bill No. 29 would mandate a distribution of between \$30 and \$35 million of General Fund tax money during July and August of *this* year, a period when *no* distribution would ordinarily be made, and a period for which school districts have already planned on the basis of no state aid.

The effect of this aspect of the bill would be to transfer to school district treasuries substantial sums of money in advance of actual need, to draw interest for their benefit at a corresponding increased cost to the hard-pressed General Fund.

The effective date of the act should be September 1, 1965.

For the foregoing reasons I have vetoed Senate Bill No. 29.

I will support a properly drafted measure to extend school aid payments to twelve months, if passed at the proper time.

Respectfully submitted,  
DANIEL J. EVANS,  
Governor.

#### POINT OF INQUIRY

Senator Lewis:

"Mr. President, would Senator Durkan yield to a question?"

"Senator Durkan, I am not as familiar with this bill as I should be. I wonder if you could tell me if there are any other areas in state government or public government where this type of program is available to employees?"

Senator Durkan:

"As to the payment on the pension program?"

Senator Lewis:

"On the payment of retirement income policies, group annuities, group insurance, etc. which is all going to be under this bill, partially paid for by the public utilities districts. I wonder if this same sort of thing is done in state government, county government, or any other type of government where the governmental body will continue to make payments after the retirement of an employee?"

Senator Durkan:

"Actually the retirement program funded by the state government for state employees is one instance where it is funded now to make it actuarially sound. This bill doesn't apply to it. We are talking here about annuities and contracts. I know of no instance where we have reached that far out in state government."

Senator Lewis:

"Senator Durkan, I don't know whether you have answered my question. At least I don't understand your answer clearly. The thing that I am asking is, do you know or are you aware of any other area in government where a governmental

agency will, after the retirement of an employee, continue to pay its share which it normally paid prior to retirement, for employee benefit programs such as are indicated under this bill?"

Senator Durkan:

"Mr. President:

"My answer would have to be 'no.'"

#### POINT OF INQUIRY

Senator Rasmussen:

"Mr. President, would Senator Petrich yield to a question?"

"Senator Petrich, always in the past when a person appeared in justice court, he assumed that he would be able to go into justice court and talk as an ordinary person, it being a small court. It was established for that purpose. Under this proposed bill, who will advise a person going into justice court that he must give notice that he wants a jury trial before he is in court?"

Senator Petrich:

"Senator, there is no provision in the bill as to who should advise the particular defendant. If he is going into court, I would assume that he would seek the advice of somebody that understands the procedure and then he would be properly advised. Otherwise, he would have to prepare himself as to his particular rights to a jury trial at that level."

Senator Rasmussen:

"Well, a further question, Senator Petrich:

"You didn't answer my question in entirety. The Justice court has always been presumed to be the small man's court. Now with the new material in the bill, it says that before he goes into the court, he must notify the court that he wants a jury trial. Now he is going into a small man's court without this knowledge. Will there be any matter of publicizing it? You understand, many people go into justice court without retaining an attorney."

Senator Petrich:

"Senator, I can only point out that the charges in which a man is entitled to a jury trial are perhaps the more serious of the charges that are handled by that particular court and they do involve normally reckless driving and drunken driving, and only in those cases is a man entitled to a jury trial in this particular court. I would assume that if it is serious enough a charge that a man ought to seek proper advice as to the procedure. He may inquire of his rights, and I am sure if he inquires of the court, the court would so advise him as to what his rights were."

**ROLL CALL**

#### PERSONAL PRIVILEGE

Senator Lewis:

"Mr. President and members of the Senate:

"I would just like to make on point of personal privilege a brief remark or two on what we have done here, and I will keep my remarks very brief. I am very much concerned about this bill. However, as long as this is the pleasure of the Senate, I am certainly going to go along and do everything I can to give the Parole Board support which they apparently have earned through the passage of this bill, but I would like to just caution you. I think we are going in the wrong direction. What we have done actually today is to take the chief of the Parole Board and make him administratively responsible for the parole officers.

"I am not so much concerned as to whether the directions come from the top, as I am concerned about the parole officer in the state who wants to discover his boss.

I suggest to you that if you were a parole officer in the state of Washington today and you had a grievance which you wanted to seek remedy for through your administrative officer, you would find that you were shielded from him by an intermediate.

"I suggest that this is not a responsible way and it makes it extremely difficult for parole officers of the state. It is my hope that we have no difficulties in the two years coming, but in the event we do, perhaps we can take a better and closer look at a better solution next session."

On motion of Senator Greive, the Senate returned to the first order of business.

#### POINT OF INQUIRY

Senator Durkan:

"Would Senator Henry yield to a question?"

"Senator Henry, as I read this bill, this requires that a sign is to be placed conspicuously on the premises indicating such meat is imported. Do I understand this would be on the front of the building: 'This store sells imported meats'?"

Senator Henry:

"I don't think it was the intent, Senator, to put it that conspicuously or perhaps have pickets in front of the store advertising the fact, no. This would be just like the Apple Commission advertising Newtown apples. They would have a sign in that particular department showing this is foreign meat. This is nothing unusual. Canned beef from Argentina is marked the same way. I think it would only be in the meat department itself."

Senator Dore:

"Senator Henry, this doesn't say that. This says by a sign or signs on the premises indicating such meat is imported."

Senator Henry:

"I presume, Senator, that the meat department would be on the premises."

Senator Dore:

"Senator Henry, I assume the Highway act would prohibit any signs along the freeway, at least?"

Senator Henry:

"Yes, I'm sure the people interested in that particular phase would forbid that type of sign."

Senator Mardesich:

"Would Senator Henry yield to a question?"

Senator Henry:

"This has nothing to do with salmon, Senator."

Senator Mardesich:

"I wonder if you would mind if we returned this to second reading so I could include—"

Senator Henry:

"Oysters and fish? I had that same conversation with Senator Bailey. It doesn't quite seem to fit."

Senator Mardesich:

"It would require two amendments."

Senator Henry:

"It would require a new bill, practically."

Senator Mardesich:

"But they are the same theory?"

Senator Henry:

"They are the same theory, but there are a couple of other subjects I could suggest where the theory is the same, but the action is different!"

Debate ensued.

Debate ensued.

#### POINT OF INQUIRY

Senator Kupka:

"Mr. President, would Senator England yield to a question?"

"Senator England, even though this bill should pass, wouldn't this be up to the Liquor Board whether any sort of dispensation might be involved, and can the people use the referendum to override the Liquor Board?"

Senator England:

"Senator Kupka, in answer to your question, yes, this does not automatically grant any licenses to any person. There still has to be the application. There still has to be the notice given, and it still has to have the approval of the people in the area."

Debate ensued.

Senators Gallagher, Knoblauch and Bailey demanded the previous question and the demand was sustained.

#### MOTION

It was moved by Senator Dore that the rules be suspended and Engrossed House Bill No. 200 be advanced to second reading and read the second time by sections.

Debate ensued.

#### POINT OF ORDER

Senator Riley:

"Point of order, Mr. President:

"My point of order is that the Senator is now directing his attention to something about some resolution that happened before. I think he made a motion that a certain

bill should be advanced to second reading and read in full, and I would hope, Mr. President, that you would rule and ask the Senator to give us any clear-cut reason why any bill should move other than through committee."

**RULING BY THE PRESIDENT**

President Pro Tempore Gissberg:

"The point of order is well taken."

**POINT OF ORDER**

Senator Woodall:

"Further point of order, Mr. President:

"I believe under a motion to suspend the rules, he is only entitled to make a very, very brief statement as to the reason, not to go into any extensive debate at all."

**RULING BY THE PRESIDENT**

President Pro Tempore Gissberg:

"Your point of order is well taken, Senator Woodall.

"Senator Dore, you have moved that the rules be suspended to accomplish what you wish to do, and the rules do provide for a short explanation. The President reluctantly will have to ask you not to debate the merits of the bill in any way."

Senator Dore:

"Am I allowed to make a brief explanation of the bill?"

President Pro Tempore Gissberg:

"You may make a brief explanation as to why you wish the bill placed on the second reading calendar. You cannot get into the merits of the bill."

Senator Dore:

"I merely alluded to another resolution that we had earlier and was trying to explain that we had advised another state what to do, but I think now we have an opportunity—"

**POINT OF ORDER**

Senator Riley:

"Point of order, Mr. President:

"I repeat my point of order that the Senator made a motion that the rules be suspended and a certain bill be advanced to second reading and read in full. I also made mention in my remarks a moment ago that a resolution that was supposed to have passed last week has no place in this particular discussion, so my point of order is, as repeated by the President a moment ago, any motion to suspend the rules should be accompanied only by a brief explanation as to why any bill should move other than through the committee system."

**RULING BY THE PRESIDENT**

President Pro Tempore Gissberg:

"Your point of order is well taken. Senator Dore, will you kindly confine your remarks only to why the bill should be considered by the Senate at this time, rather than go through the regular committee procedure. As you know, the rule provides that when the President rules upon a point of order and finds the point of order is well taken, that the speaker is to be immediately seated. However, I am not directing you to do this, obviously, out of courtesy. Please confine your remarks, Senator."

Senator Dore:

"Yes. I think the reason I have asked for this extraordinary procedure, without going to committee and having the matter debated is there are just a few days left. I think this is probably one of the most important if not the most important bill that we will consider this session. It involves a very simple proposition that if you list

your house with a realtor, the realtor cannot discriminate. I think it is very clear. I think civil rights is, of course, in the forefront in the newspapers in the county and state today."

**POINT OF ORDER**

Senator Riley:

"Point of order, Mr. President."

**RULING BY THE PRESIDENT**

President Pro Tempore Gissberg:

"The point of order is well taken, Senator Riley. The motion before the Senate is that the rules be suspended and that Engrossed House Bill No. 200 be placed upon the second reading calendar and read in full."

#### POINT OF ORDER

Senator Gallagher:

"Point of order, Mr. President:

"We have passed the main body of the bill and passed amendments to the title."

#### RULING BY THE PRESIDENT

President Pro Tempore Gissberg:

"That is correct, Senator Gallagher. However, I believe that the amendment was here at the desk and it was simply overlooked. However, there is another point of order that could be raised, I believe, Senator Gallagher, in connection with this and that is Reed's Rules which provides when dealing with amendments, you shall deal with the highest figure first and when acted upon favorably by the body as to one figure, you cannot thereafter propose and have acted upon by the body any lower figure."

Senator Gallagher:

"Well, Mr. President, I will cite that rule. It's too bad I didn't know it a little sooner."

President Pro Tempore Gissberg:

"The President would cite Senator Greive and Senator Riley Reed's Rules, paragraph 154 on page 95. Further, on the point of order, Senator Riley's proposed amendment would be an amendment to the amendment to the amendment which would likewise be out of order."

Senator Greive:

"Mr. President:

"I don't wish to get into an argument as to whether or not the amendment is correct, but Reed's Rule 164 deals with filling in blanks. That refers to measures submitted to the assembly with blanks as to dates and amounts to be filled in by the

body. This certainly isn't the case here. We didn't present anything with blanks to be filled in by the assembly. I don't think that is applicable here at all. You can make amendments up or down. We have never had a bill of that nature that I know of where something was presented with blanks where we were to fill them in."

Senator Rasmussen:

"Speaking to the point of order, Mr. President:

"Number one, the body has no knowledge of when Senator Riley's amendment was laid on the desk or when it was overlooked.

"Number two, once an amendment is adopted, it becomes a part of the bill and no longer an amendment. You are amending the bill.

"Number three, I don't think, Mr. President, that the President should raise the point of order for the body. The body should raise the point of order and the President should rule on it."

President Pro Tempore Gissberg:

"I did not raise the point of order. The point of order was raised by Senator Gallagher."

Senator Rasmussen:

"That's what we finally arrived at, Mr. President, but it's all right anyway. We'll arrive at a solution, I'm sure."

#### RULING BY THE PRESIDENT

President Pro Tempore Gissberg:

"The President is going to allow a vote to be taken, if that is the wish of the body, with respect to the amendment proposed by Senator Riley. I am going to recognize you for the purpose of moving the adoption of the amendment."

It was moved by Senator Gallagher that the amendment by Senator Riley be laid upon the table.

Senator Riley demanded a roll call and the demand was sustained by Senators Peterson (Ted), Guess, Redmon, Petrich, Greive, Rasmussen, Kupka and Lewis.

#### ROLL CALL

The Secretary called the roll, and the amendment was laid upon the table by the following vote: Yeas, 27; nays, 20; excused, 2.

Those voting nay were: Senators Charette, Chytil, Cowen, Donohue, Dore, Greive, Guess, Herr, Keefe, Lennart, Lewis, McMillan, Mardesich, Peterson (Ted), Petrich, Rasmussen, Raugust, Redmon, Riley, Sandison—20.

Excused: Senators Herrmann, Stender—2.

On motion of Senator Gallagher, the rules were suspended, Engrossed Senate Bill No. 47 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

#### ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 47, and the bill passed the Senate by the following vote: Yeas, 25; nays, 22; excused, 2.

Those voting yea were: Senators Atwood, Bailey, Connor, Cooney, Dore, Durkan, England, Foley, Freise, Gallagher, Gissberg, Hallauer, Hanna, Knob-

lauch, Kupka, McCormack, McCutcheon, Morgan, Moriarty, Jr., Neill, Peterson (Lowell), Thompson, Jr., Washington, Williams, Woodall—25.

Those voting nay were: Senators Charette, Chytil, Cowen, Donohue, Greive, Guess, Henry, Herr, Keefe, Lennart, Lewis, McMillan, Mardesich, Peterson (Ted), Petrich, Rasmussen, Raugust, Redmon, Riley, Ryder, Sandison, Talley—22.

There being no objection, the title of the bill was ordered to stand as the title of the act.

On motion of Senator McCutcheon, Engrossed Senate Bill No. 47 was ordered immediately engrossed and transmitted to the House.

#### PERSONAL PRIVILEGE

Senator McCormack:

"Mr. President, personal privilege:

"I simply want to state that I hope no one will go out of this room and say that we have voted ourselves a raise. This raise is for the legislators and judges who are elected in the next election to whatever districts they are in in the state, and we are not voting ourselves raises tonight. It is for the legislators who are elected in the next election."

#### PROTEST

As one of the sponsors of Engrossed Senate Bill No. 47 I feel obliged to file a protest to said measure which passed the Senate on Sunday, March 21, 1965 by a vote of 25 to 22 with two absent. Engrossed Senate Bill No. 47 was originally a bill to raise the salaries of Supreme Court judges to \$25,000 and Superior Court judges to \$20,000 a year.

When the bill was referred to Judiciary Committee it was reported out as amended and the amendment included legislative pay increases. I could and would have voted for the judges' pay increase standing alone but could not and did not vote for Engrossed Senate Bill No. 47 on final passage because of the amendment which included legislative pay increase to \$3,600 annually.

Respectfully submitted,

ROBERT L. CHARETTE,

Senator, Twenty-First District.

#### PROTEST

I sponsored Engrossed Senate Bill No. 47 because I was in favor of a raise in pay for Supreme and Superior Court judges of \$5,000 a year. When the bill was amended by the Judiciary Committee it had raised the pay for Supreme Court judges by \$7,500 which I thought was excessive and way out of line with any increase we could grant to other employees of the state.

It further increased the salaries for legislators to \$3,600 a year. While I feel that legislators are entitled to some increase this too seemed out of line with what we could do for other employees.

For these reasons I voted against the bill.

Respectfully submitted,

A. L. "SLIM" RASMUSSEN,

Senator, Twenty-Eighth District.

*(b) The member of the legislature shall not himself receive any compensation arising from his employer's or associate's employment relating to the influencing of any legislative enactment.*

The statement shall set forth the sums paid as personal expenses, stating fully the nature, kind and character of the expense for which the sums were expended separately, and the persons to whom the sums were paid and the purposes for which such payments were made. In this statement all sums or other considerations promised and not paid shall be included. The statement, when so filed shall immediately be subject to the inspection and examination of any elector and shall be and become a part of the public records. *Any violation of this section shall be a misdemeanor.*"

“Mr. President, I wish to speak on point of personal privilege:

“I attempted to get the floor on the bill that was just passed. I voted for it. I think it's good legislation, but I do feel that the Judiciary Committee of this Senate demonstrated tonight some lack of understanding of the problem. There were several questions that I thought should have been answered in final passage of this bill so that all of us who are not members of the bar would understand what we did. I would hope that these questions are answered in the House. I hope the bill does what we intend it to do, and I regret a great deal that certain questions by lay members of this body were not given an opportunity to be answered.”

Senator Hallauer:

"The information I have is that extradition should not be allowed in civil proceedings or contempt proceedings, and that is what section 12 of the bill purports to do. "We have minors here in the galleries and pages around these halls. Now if this is bad, it's bad; and, we have minors here and if this is bad it shouldn't be read. If it's good, it's good; if it's bad, it's bad and Senator Greive shouldn't read it around minors."

"Your motion is not necessary, Senator. The rules provide that there shall be no reading from any papers and that is our rule, and it takes a suspension of the rules in order to read from a paper. Senator Greive is not reading from a paper. At least, I haven't heard him read from any paper up to this point. If and when he does, Senator McCormack, you can raise your point of order."

#### PERSONAL PRIVILEGE

Senator Neill:

"Mr. President, point of personal privilege.

"Having voted against the bill, I expect my motives will be impugned, and I want to say that it is presently against the law to sell obscene literature in the state of Washington. Our problem has been one of enforcement. What we have done by this bill is gone around the duly elected enforcement officials, the thirty-nine prosecuting attorneys in the state of Washington, and put this in the hands of the Attorney General to chase all over the state of Washington in this particular field.

"Now, if people wanted something done about this, and I want something done about it, there are remedies in the courthouse back home. Let's get the prosecutors on the job and enforce it."

**Senator Greive:**

"It seems like we are debating this when it is useless, but it was felt that this was something that the industry wanted. The problem has been uniformity. They felt in some jurisdictions they were landed on full force, while in others this was not enforced at all. I think part of the protection is a uniformity throughout the state by putting this in the hands of one central authority. At least the industry will know where they are."

**Senator Hallauer:**

"Mr. President, I'm glad that Senator Neill made the point that he did about the change in the central system that we have made in this bill. There is one other thing that should be pointed out in this connection. This makes a fine political vehicle for some."

Further debate ensued.

**ROLL CALL**

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 444, and the bill passed the Senate by the following vote: Yeas, 44; nays, 4; absent or not voting, 1.

Those voting yea were: Senators Atwood, Bailey, Charette, Chytil, Connor, Cooney, Cowen, Donohue, Dore, Durkan, England, Foley, Freise, Gallagher, Gissberg, Greive, Guess, Hanna, Henry, Herr, Herrmann, Keefe, Knoblauch, Kupka, Lewis, McCutcheon, McMillan, Mardesich, Morgan, Moriarty, Jr., Peterson (Lowell), Peterson (Ted), Petrich, Rasmussen, Raugust, Redmon, Riley, Ryder, Sandison, Talley, Thompson, Jr., Washington, Williams, Woodall—44.

Absent or not voting: Senator Stender—1.

Engrossed Senate Bill No. 444, having received the constitutional majority, was declared passed.

There being no objection, the title of the bill was ordered to stand as the title of the act.

**EXPLANATION OF VOTE**

Statement by Senators Wilbur G. Hallauer, Ernest W. Lennart, Mike McCormack and Marshall A. Neill:

We wish to state that our vote in opposition to Senate Bill 444 was based on the following arguments:

- (1) There is adequate existing law in the state of Washington for control of obscene literature. This existing law calls for enforcement at the local level by the County Prosecuting Attorneys and other local law enforcement officials. If these existing laws were enforced, no other law would be necessary.
- (2) Senate Bill 444 introduces new concepts into the statutes which would of necessity, have to be adjudicated in the future. This would only result in confusion.
- (3) Senate Bill 444 initiates the creation of a new division within the Attorney General's Office with personnel who would be charged with the responsibility of examining all literature and seeking instances where obscene literature might be made available to the public. Such a division could expand into an unnecessary bureaucracy, which might be used for political purposes.
- (4) Senate Bill 444 establishes local custom as a basis for determining what is obscene. It is obvious that what is obscene to one person will not necessarily be obscene to another. The adoption of this criterion could only result in attempts to exert control over the literature and thoughts of a majority of the society by persons hypersensitive on the subject of obscenity.

- (5) Freedom of speech and press are integral parts of our constitutional foundation. The legal definitions surrounding that foundation should be touched only with the greatest of reluctance and as seldom as is conceivably possible.

Wilbur G. Hallauer  
Ernest W. Lennart  
Mike McCormack  
Marshall A. Neill

Senator Rasmussen:

"Mr. President, would Senator Riley yield to a question?

"Senator Riley, isn't this a matter that could be handled by the legislative council?"

Senator Riley:

"Mr. President and Senator Rasmussen, the answer given to me is that it could not be handled in the legislative council because it is not a study that the council can make. It is a matter of their own physical position and making uniform procedures and practices throughout the entire city, municipal-type governments, so to restate my first word, Senator Rasmussen, the answer is, 'no,' I do not believe that this is anything for the legislative council. This is something for the cities to do for themselves. They are spending their own money, whereas the legislative council would be spending state money."

Senator Rasmussen:

"My second question, Senator Riley:

"Will this study, when completed, improve the budgetary practices of the city of Seattle?"

Senator Riley:

"Mr. President, Senator Rasmussen:

"I can only assure you, Senator, that the cities, because they realize there are some—maybe we can't use the term, 'deficiencies,' areas where there is a difference in the type of budgetary practices. They claim through their two vocal spokesmen that they can do it with this study, and they ask that we give them this permission."

Debate ensued.

## POINT OF INQUIRY

Senator Rasmussen:

"Mr. President, would Senator Riley yield to a question?"

"Senator Riley, the present law or the constitution prohibits the hiring or the traveling of a port industrial manager, is that right?"

Senator Riley:

"If I understand your question correctly, Senator, you have asked: Does the present law permit a port district to have a manager?"

Senator Rasmussen:

"An industrial manager who can travel?"

Senator Riley:

"My answer to that would be, no. The answer that we are seeking is the fact that we may have this man as a sales person, as a contact man going to see these big shippers to divert that cargo, but he is not permitted to go to the big shippers, the people who make this decision where cargo goes, he is not permitted to buy them dinner, take them to the theatre. He is not permitted to take them to a boxing match or spend any funds that would normally be considered prudent expenditures of anyone in the position of getting acquainted with a buyer to direct our products and cargoes to Puget Sound, as contrasted with California or Oregon."

Senator Rasmussen:

"My second question, Senator Riley, is: wasn't the recent supreme court decision based on a flagrant violation of wining and dining where they joined golf clubs and athletic clubs for the port commissioners in the Seattle area?"

Senator Riley:

"I must tell you, Senator Rasmussen, I did not read the court decision, and I, of course, would not agree that there was any flagrant violation."

Senator McCormack:

"No, Senator, they cannot. The amendment specifically says, 'airports, only.' It must be where there is an existing airport. This is exclusively for airport capital improvements."

Senator Woodall:

"My concern is that many of these airport districts are going out and buying ground and then they are luring industry in and giving them a tax free setup to compete with those that are in other areas, but if this restricts it to airports, only, I would have no objection."

#### POINT OF INQUIRY

Senator Hanna:

"I wonder if Senator McCormack would yield to another question?"

"Senator McCormack, it is my understanding that Chelan county airport has just recently taken over operation of Pangborn Field in East Wenatchee. Does this specifically relate itself only to airports in your area, or would the Chelan county airport district benefit from this?"

Senator McCormack:

"No, it would not benefit, Senator, because this is limited to a total assessed evaluation of fifty million dollars and Chelan county airport has an assessed evaluation of more than fifty million dollars. It was felt that this limit should be put on it to avoid getting involved in the large airports. It was felt the large airports could do this without benefit of this provision."

"Almighty God, the Father of all men, we ask Thy blessing upon the members of the Senate of the state of Washington. Give to each member of this legislative body a sense of his responsibility to all the people of this state and to the Union of States of which it is a part.

"Grant, O God, as Americans, that we may always prove ourselves a people who by action and word, work to set men free from the bonds of poverty, prejudice and injustice; from fear and tyranny and the ignorance which causes men to war with one another.

"Keep the men of this House calm in the presence of disagreement; self-controlled when others lose control of self; strong when others demonstrate weakness of spirit or will.

"Give a spirit of grace and fairness to the presiding officer and those charged with particular duties amongst them, and may all share a sense of self respect in what they do for the people of this state by the laws passed to govern us. As justice and truth come from Thee, Our Father, may we each seek these gifts of Thine and use them to Thy glory and for the upbuilding of the people of Washington. All this we pray in the name of Jesus Christ Our Lord. Amen."

Executive Department,

Olympia, March 23, 1965.

To the Honorable

*The Senate of the State of Washington (Through the Secretary of State)*

LADY AND GENTLEMEN:

I am filing herewith to be transmitted to the Senate at the next session of the Legislature, without my approval as to certain items, Senate Bill No. 50 entitled:

"AN ACT Relating to state government; establishing a state law enforcement officers' training commission; providing for its organizational structure; defining

its power and duties; establishing a law enforcement officers' training fund; and amending section 3, page 421, Laws of 1873 as last amended by section 1, chapter 30, Laws of 1919 and RCW 10.82.070."

This bill creates a Law Enforcement Officers' Training Commission in order to improve standards of law enforcement throughout the state. I approve of this legislation in principle; however, I have vetoed certain items in Section 3 and all of Section 19.

Section 3 provides that the membership of the commission shall include the Attorney General, the Chief of the State Patrol and the Special Agent in charge of the Seattle office of the FBI, or their respective designees. Six other members of the commission are to be appointed by the Governor; however, the bill restricts the appointing power of the Governor to nominees submitted by various associations of sheriffs, chiefs of police, county commissioners and cities.

I believe these restrictions are contrary to sound public policy. The person who makes an appointment should be held responsible for it. If it is good, he deserves the credit; if it is bad, he deserves the blame. But no appointing power can properly be held to account for an appointment which he is not free to make in accordance with his own best judgment. When making appointments to this commission I will seek the advice and counsel of persons knowledgeable in the field of law enforcement. I will welcome suggestions from all interested parties and organizations, including those associations named in this bill. I believe any succeeding Governor would follow this example.

In exercise of the power of item veto, I have retained the basic make-up of the commission, in that the six appointive members of the commission must include two sheriffs, two chiefs of police, one county commissioner, and one executive officer of a city. Only the requirement that the appointments be made from restricted lists submitted to the Governor has been removed.

Section 19 provides that funds appropriated or otherwise available to the commission shall be under the direct jurisdiction of the commission, and that vouchers shall be submitted to the State Treasurer. This is contrary to procedures established pursuant to the Budget and Accounting Act with respect to other state agencies. I do not believe that the legislature intended this commission to be exempt from the usual budgetary controls. Because I fear the provision is susceptible to that interpretation, I have vetoed Section 19.

The remainder of the bill is approved.

Respectfully submitted,

DANIEL J. EVANS, *Governor*.

I, A. LUDLOW KRAMER, *Secretary of State of the State of Washington and Custodian of the Seal of said State*, do hereby certify that: According to the records now on file in my office, the attached is a true and correct copy of Enrolled Senate Bill No. 126 as passed by the Regular Session—1965 Legislature—and partially vetoed by the Governor.

I further certify that the remaining portion of the act not vetoed by the Governor is now identified as Chapter 147, Laws of 1965.

*In Testimony Whereof*, I have hereunto set my hand and affixed hereto the Seal of the State of Washington. Done at the Capitol at Olympia on this the date of March 22, 1965.

A. LUDLOW KRAMER,  
Secretary of State.

(Seal of the State of Washington)

Executive Department,  
Olympia, March 20, 1965.

To the Honorable, The Senate of the State of Washington.  
(Through the Secretary of State)

LADY AND GENTLEMEN:

I am filing herewith to be transmitted to the Senate at the next session of the Legislature, without my approval as to one item, Senate Bill No. 126 entitled:

"AN ACT Relating to courts of limited jurisdiction; providing increases in salaries; changing the method of paying salaries of judges of courts of limited jurisdiction; amending section 100, chapter 299, Laws of 1961 and RCW 3.58.010; amending section 4, chapter 156, Laws of 1951 and RCW 3.16.004; and amending section 35.20.160, chapter 7, Laws of 1965 and RCW 35.20.160."

Section 2 of Senate Bill No. 126 directs that Justices of the Peace in cities over 20,000 shall not engage in the practice of law. This provision becomes effective 90 days after the adjournment of the regular session of the legislature.

Section 2 also provides for an increase in the compensation of these Justices from \$6,500 per year to \$12,500 or two-thirds the amount of the salary provided by statute as the salary for Superior Court Judges, whichever is greater. Pursuant to Article XI, Section 8, of the Washington State Constitution, the salary of these Justices cannot be increased during their term of office. This would create a period in which a number of Justices would be required to serve as full-time Justices of the Peace at a salary of \$6,500 a year.

The language of the statute is clear, and the unfortunate result would occur without regard to the intent of the Legislature. To allow it to become law would undoubtedly result in litigation, which the legislature obviously did not intend.

I am informed that the Senate has added an amendment to Senate Bill No. 459, which correctly accomplishes what the Legislature intended to accomplish by Section 2 of Senate Bill No. 126. I urge that you take favorable action on that amendment.

For the above reasons, I have vetoed all of section 2 of Senate Bill No. 126, restoring the original statutory language of RCW 3.16.004. The remainder of Senate Bill No. 126 is approved.

Respectfully submitted,

DANIEL J. EVANS, Governor.

*In Testimony Whereof*, I have hereunto set my hand and affixed hereto the Seal of the State of Washington. Done at the Capitol at Olympia on this the date of March 22, 1965.

A. LUDLOW KRAMER,  
Secretary of State.

(Seal of the State of Washington)

Executive Department,  
Olympia, March 20, 1965.

To the Honorable, The Senate of the State of Washington.  
(Through the Secretary of State)

LADY AND GENTLEMEN:

I am filing herewith to be transmitted to the Senate without my approval as to one item, Senate Bill No. 6 entitled:

"AN ACT Establishing a code of probate law and procedure, including the making and probating of wills, administration of estates of deceased persons and appointment of guardians of the persons and estates of minors, insane and mentally incompetent persons and administration of their estates; enacting a title of the Revised Code of Washington to be known as Title 11--Probate Law and Procedure; providing penalties; repealing certain acts and parts of acts; and declaring an effective date."

This bill culminates three years of work by the Washington State Bar Association to modernize the state probate code. Its enactment will eliminate unnecessary expense in the administration of estates, accelerate the settlement of decedent's estates, and liberalize the administration of small estates.

I am particularly pleased that the legislature chose to use this bill as a vehicle for the removal of appraisals of decedent's property from the area of political patronage. This provision of the bill will greatly assist in my desire to create confidence of the people of our state in clean government, and will reduce unnecessary expense to the survivors of a decedent.

The section of the bill numbered RCW 11.04.015 (1) (a) originally provided that if a person died without a will, the surviving spouse would receive all the net community estate. This section was amended by the legislature to provide that in certain situations the surviving spouse would receive only three-quarters of the net community estate. The effect of this amendment is as follows:

1. If a person dies, leaving no children, one-half of the community property passes to the parents rather than the surviving spouse.
2. If no parents or children survive the decedent, one-half of the community property passes to brothers and sisters rather than the surviving spouse.
3. If no children, parents, or collateral heirs survive the decedent, one-half the community estate will escheat to the state.

This unintended effect would obviously defeat the entire purpose of enactment of a new probate code. To allow it to remain in the law during the next two years, even though the new code will not become effective, would be a disservice to the legislature. I have therefore vetoed the following language of Section 11.04.015 (1) (a):

"If the intestate is survived by issue or by either parent, three-fourths of"

The section will therefore read:

"(1) Share of surviving spouse. The surviving spouse shall receive the following share:

"(a) The net community estate; and"

I urge that the legislature reenact this language at the next session of the legislature to insure that it accurately expresses their intent.

The remainder of Senate Bill No. 6 is approved.

Respectfully submitted,

DANIEL J. EVANS, Governor.

Olympia, March 23, 1965.

To the Honorable, The Senate of the State of Washington.  
(Through the Secretary of State)

LADY AND GENTLEMEN:

I am filing herewith to be transmitted to the Senate at the next session of the Legislature, without my approval as to one item, **Senate Bill No. 310**, entitled:

"AN ACT Relating to public hospital districts; amending section 6, chapter 264, Laws of 1945, as amended by section 18, chapter 197, Laws of 1949 and RCW 70.44.060; amending section 10, chapter 264, Laws of 1945 and RCW 70.44.160; amending section 16, chapter 264, Laws of 1945 and RCW 70.44.170; and declaring an emergency."

Section 5 contains the standard emergency clause requiring the act to take effect immediately. Imposition of an emergency clause defeats the right of the people to reject legislative action by referendum, and should be sparingly used. Having carefully considered each section of Senate Bill No. 310, it is clear that no part of the act is necessary for the immediate preservation of public peace, health and safety, or the support of state government and its existing public institutions.

Section 5 is therefor vetoed. The remainder of Senate Bill No. 310 is approved.

Respectfully submitted,

DANIEL J. EVANS, *Governor*.

The President called the Senate to order at 3:15 p. m.

**SPECIAL ORDER OF BUSINESS**

The Senate resumed consideration of Reengrossed Substitute House Bill No. 104 on second reading.

**Reengrossed Substitute House Bill No. 104**, by Committee on Higher Education:

Providing for administration of community colleges on a district basis.

There being no objection, Senator Stender was permitted to withdraw his amendment to the amendment by Senator Hallauer.

There being no objection, Senator Hallauer was permitted to withdraw his amendment to page 1, subsection 2.

It was moved by Senator Hallauer that the following amendment by Senators Hallauer and Stender be adopted:

On page 1, section 2, line 23 of the printed and engrossed bills, strike the entire subsection (2) and insert:

“(2) Proposed methods and extent of local area support of capital outlay financing: *Provided*, That said proposal shall provide that the bonded indebtedness of any school district incurred for the support of an existing or new community college shall be

equitably adjusted so as to obligate the new community college district to accept the responsibility for said bonded indebtedness;

"(3) Continuance of present state and student fee support for maintenance and operations;"

Renumber the remaining subsections consecutively.

#### POINT OF INQUIRY

Senator Dore:

"Would Senator Hallauer yield to a question?"

"Senator Hallauer, in this amendment which you have proposed with Senator Stender, you state the new community college district shall accept the responsibility for said bonded indebtedness. Now you have used the word, 'responsibility.' By that, you mean they will make the financial arrangements in order to pay the local school districts for the bonded indebtedness for college construction?"

Senator Hallauer:

"Senator Dore, what it says in the amendment is that the new college district under such a set of recommendations would accept responsibility for such bonded indebtedness as might exist."

Senator Dore:

"Mr. President, Senator Hallauer:

"I was just wondering what your interpretation of responsibility was. Is it a moral or financial responsibility?"

Senator Hallauer:

"Certainly it is financial. It refers to bonded indebtedness."

Senator Dore:

"So the responsibility you propose in this amendment would force the new community college district to assume the financial responsibility of this bonded indebtedness, is that correct? Under the amendment you propose, you restricted the language that was in subsection (2), 'the proposed methods of financing and support, including both maintenance and operations, and capital outlay,' and you have struck that out and added your own language which confines it to capital outlay, only. Now on page 2, line 3, subsection (6), 'Alternate administrative organizational patterns in metropolitan areas,' it is my understanding that this was adopted at the Seattle school district request. They have an alternate plan. Now is it your plan that they also would be entitled to receive state aid for maintenance and operations?"

Senator Hallauer:

"Senator Dore, this is certainly my intention that they would not be cut out in any way whatsoever."

Debate ensued.

The motion was carried and the amendment was adopted.

The Secretary read the following amendment by Senators Dore, Thompson, Jr. and Peterson (Ted):

On page 1, section 2, subsection (2) line 24 of the printed and engrossed bills, after "outlay;" insert "and providing a method for transferring that portion of the bonded indebtedness of the school district incurred for college construction to the bonded indebtedness of the college district;"

With the consent of the Senate, the amendment was withdrawn.

On motion of Senator Dore, the following amendment by Senators Dore, Thompson, Jr. and Peterson (Ted) was adopted:

On page 2, section 2, line 4 of the printed and engrossed bills, following subsection (6), renumbered "(7)", add a new subsection as follows:

"(8) The establishment of procedures for determining the facilities and equipment to be established from the school district operating the college to the college district to be established and providing for transfer of title and reimbursement."

**POINT OF INQUIRY**

Senator Charette:

"Would Senator Dore yield to a question?"

"Senator Dore, this appears to be the only amendment which you and Senator Thompson and Senator Peterson have. If this amendment is left on the bill, do you intend to vote for this measure?"

Senator Dore:

"Senator, I haven't heard the debate on the floor. This is the only amendment I plan to offer."

It was moved by Senator Greive that the following amendment be adopted:

On page 2, section 2, line 4, following new subsection "(8)" add a new subsection as follows:

"(9) Methods of selecting elected area boards of community college boards of trustees."

**POINT OF INQUIRY**

Senator McCutcheon:

"Would Senator Ryder yield to a question?"

The President:

"Does Senator Ryder yield?"

Senator Ryder:

"Yes, I yield."

Senator McCutcheon:

"Senator Ryder, do you agree with what Senator Greive has just said that the trustees of this community college district should be elected, or should they be appointed?"

Senator Ryder:

"Mr. President, Senator McCutcheon:

"I certainly had no other idea in mind at any time in drafting this bill, but that the trustees, the local trustees, should be an elected body. I have absolutely no objection to putting that in the bill. Of course, there is one thing that I think we all have to remember. The next session of the legislature is the one that is going to make the final determination on this. But so far as I am personally concerned, I would support the elected trustees."

**POINT OF INQUIRY**

Senator Thompson, Jr.:

"Mr. President, would Senator Greive yield?"

"Senator, I support your amendment with one exception: Do you feel that the name, 'Board of Trustees,' is the name that should be applied to the new junior college district? Might it be better to strike, 'Board of Trustees,' and leave the name of this governing board to be determined at a future time? 'Trustees' is the name currently of the board of control of the four-year state colleges, as I understand it. 'Directors' are the board of control for common schools and 'regents' are the board of control for universities. Perhaps we could find some name to assign to this board that might be better than trustees?"

Senator Greive:

"In answer to Senator Thompson's inquiry, I am not particularly wedded to any particular language as to who the governing body should be in respect to their name. On the other hand, this is the language that was printed and used in the bill, and I merely picked it up. By that, I mean I didn't create a new language. All I wanted to be sure of was that the governing body of the school is elected so it would be kept close to the community, as a community college is."

Debate ensued.

The motion was carried and the amendment was adopted.

On motion of Senator Greive, the following amendment was adopted:

On page 2, section 5, line 23 of the printed and engrossed bills, after "responsible to" and before "board" strike "the" and insert "an elected"

It was moved by Senator McCutcheon that the following amendment be adopted:

On page 1, section 1, beginning on line 10 of the printed and engrossed bills, strike all of the material down to and including "district." in line 13.

Debate ensued.

It was moved by Senator McCormack that the amendment be laid upon the table.

The motion was carried.

It was moved by Senator McCutcheon that the following amendment be adopted:

On pages 1 and 2, section 2, beginning in line 14 of the printed and engrossed bills, strike all of "NEW SECTION. Sec. 2."

Debate ensued.

On motion of Senator Riley, the amendment was laid upon the table.

It was moved by Senator McCutcheon that the following amendment be adopted:

On page 2, section 3, beginning on line 5 of the printed and engrossed bills, strike all of "NEW SECTION. Sec. 3."

Debate ensued.

On motion of Senator Ryder, the amendment was laid upon the table.

It was moved by Senator Riley that the following amendment be adopted:

On page 1, section 1, line 9 of the printed and engrossed bills, after "service" strike the period and insert "; limited to adult education courses which courses shall be self supporting."

Debate ensued.

With the consent of the Senate, Senator Riley was permitted to withdraw the amendment.

It was moved by Senator Lennart that the following amendment be adopted:

On page 1, section 1, line 13, after "district." insert "Community college districts hereafter established shall have no power to levy any taxes against real property within the district."

#### POINT OF INQUIRY

Senator Ryder:

"Would Senator Lennart yield to a question?"

"Senator Lennart, would this amendment mean that for capital outlay the community college district would be prohibited from levying a tax?"

Senator Lennart:

"Yes, it would."

Senator Ryder:

"They presently have the right to levy bonds to raise capital funds. Would this then not hamper the community college?"

Senator Lennart:

"I don't think so."

## POINT OF INQUIRY

Senator Rasmussen:

"Mr. President, would Senator Ryder yield?"

Senator Ryder:

"Yes."

Senator Rasmussen:

"Senator Ryder, I know you're familiar with school board actions. If you were on a school board and you had the problem of getting a new community college started in your community, and you also saw this legislation that says that there will be, two years hence, a new board which may be created to operate the junior college or even authorize the construction, would you go ahead on a junior college program, not knowing what was in your future and without any law saying that this would be so?"

Senator Ryder:

"Mr. President, Senator Rasmussen:

"I wish I did know what was in my future. Certainly, I would go ahead from day to day. But as a citizen of a community where I thought there should be a community college, regardless of whether my position was on the school board or otherwise, and particularly if it was on the school board, certainly, I would do everything in my power to get a community college started if I felt there should be one in that area, regardless of whether I was going to control it later or whether some other public spirited citizen was elected to do that job."

Debate ensued.

It was moved by Senator Riley that the amendment by Senator Lennart be laid upon the table.

The motion was carried on a rising vote.

The President called upon Senator Gissberg to preside.

It was moved by Senator Rasmussen that the following amendment be adopted:

On page 2, section 5, line 22, after the word "school district." strike the remaining underscored material.

Debate ensued.

On motion of Senator Riley, the amendment was laid upon the table.

It was moved by Senator Thompson, Jr., that the following amendment be adopted:

On page 1, section 2, subsection (1), line 22, after "colleges;" insert "with due consideration for necessary service areas of other public post-high school institutions supported in part by local property tax revenues;"

Debate ensued.

On motion of Senator Gallagher, the amendment was laid upon the table.

It was moved by Senator McCutcheon that the following amendment be adopted:

On page 2, line 26, add a new section to be known as "Sec. 6."

"NEW SECTION. Sec. 6. Any new plans for junior college districts shall be submitted to a vote of the people by referendum."

Debate ensued.

It was moved by Senator Gallagher that the amendment be laid upon the table.

Senator McCutcheon demanded a roll call and the demand was sustained by Senators Lennart, Dore, Greive, Morgan, Atwood, Peterson (Ted), Petrich and Herrmann.

**ROLL CALL**

The Secretary called the roll and the motion was carried and the amendment was laid upon the table by the following vote: Yeas, 31; nays, 18.

Those voting yea were: Senators Bailey, Charette, Chytil, Connor, Cooney, Donohue, England, Foley, Gallagher, Gissberg, Greive, Guess, Hallauer, Herrmann, Keefe, Knoblauch, Lewis, McCormack, Moriarty, Jr., Neill, Peterson (Lowell), Petrich, Raugust, Redmon, Riley, Ryder, Stender, Thompson, Jr., Washington, Williams, Woodall—31.

Those voting nay were: Senators Atwood, Cowen, Dore, Durkan, Freise, Hanna, Henry, Herr, Kupka, Lennart, McCutcheon, McMillan, Mardesich, Morgan, Peterson (Ted), Rasmussen, Sandison, Talley—18.

It was moved by Senator Herrmann that the following amendment be adopted:

On page 1, section 2, line 22 of the printed and engrossed bills, after "colleges" and before the semicolon, insert "with provisions for population shifts and growth"

Debate ensued.

The motion was carried and the amendment was adopted.

On motion of Senator McCormack, the rules were suspended, Reengrossed Substitute House Bill No. 104, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

**POINT OF INQUIRY**

Senator Dore:

"Mr. President, would Senator Hallauer yield?"

"Senator Hallauer, I have two questions I want to ask. Is it the intent of this legislature by this act that under the existing school boards of local school districts these boards may proceed to establish new community colleges as authorized or to make additions to existing community colleges under existing law prior to the fortieth session of the legislature?"

Senator Hallauer:

"It is certainly my expectation that they will do so. This is my understanding of the bill, and I'm sure this is correct."

Senator Dore:

"You are one of the chief sponsors of the bill?"

Senator Hallauer:

"This was drawn in the House, Senator. I have drawn variations with the intent as you suggested."

Senator Dore:

"One final question, Senator: Is it the intent of this legislature that a local school board under the existing laws of the state of Washington may hold a school district bond election to establish a new community college or to make additions to existing community colleges, and that the school district may sell these bonds prior to the meeting of the fortieth legislature?"

Senator Hallauer:

"Yes, that is the intent, Senator."

Debate ensued.

Senators Charette, Gallagher and Bailey demanded the previous question and the demand was sustained.

**ROLL CALL**

The Secretary called the roll on the final passage of Reengrossed Substitute House Bill No. 104, as amended by the Senate, and the bill passed the Senate by the following vote: Yeas, 33; nays, 16.

Those voting yea were: Senators Bailey, Charette, Chytil, Cooney, Cowen, Donohue, Dore, England, Foley, Gallagher, Gissberg, Greive, Guess, Hallauer, Hanna, Henry, Herrmann, Keefe, Lewis, McCormack, Moriarty, Jr., Neill, Peterson (Lowell), Raugust, Redmon, Riley, Ryder, Sandison, Stender, Talley, Washington, Williams, Woodall—33.

Those voting nay were: Senators Atwood, Connor, Durkan, Freise, Herr, Knoblauch, Kupka, Lennart, McCutcheon, McMillan, Mardesich, Morgan, Peterson (Ted), Petrich, Rasmussen, Thompson, Jr.—16.

Reengrossed Substitute House Bill No. 104, as amended by the Senate, having received the constitutional majority, was declared passed.

There being no objection, the title of the bill was ordered to stand as the title of the act.

It was moved by Senator Ryder that Reengrossed Substitute House Bill No. 104 be immediately transmitted to the House.

Debate ensued.

**POINT OF ORDER**

Senator Woodall:

"Point of order, Mr. President. Is that motion not a suspension of the rules and thus not debatable?"

**NOTICE OF RECONSIDERATION**

Senator Dore:

"Mr. President:

"I now give notice that on the next working day, under the proper order of business, I shall move to reconsider the vote on Reengrossed Substitute House Bill No. 104."

**POINT OF ORDER**

Senator Charette:

"Point of order, Mr. President:

"I believe under the rules, the Chair should properly rule first of all on Senator Ryder's motion and put it to the body. Then, in accordance with Reed's Rule 205, Senator Dore's motion would be out of order."

Senator Woodall:

"I believe the rule would be that once a point of order has been raised, members can only be recognized to speak on the point of order prior to a ruling. They cannot rise to speak on a point of order and then make another motion."

Senator Dore:

"Speaking on the point of order, as I remember there was no motion made to suspend the rules. Senator Ryder merely made a motion that Reengrossed Substitute House Bill No. 104 be immediately transmitted to the House, which was improper, so there is no motion before us to suspend the rules before I was recognized."

Senator Ryder:

"Well, Mr. President, it has been called to my attention, and I wish to correct the motion."

On motion of Senator Gallagher, the Senate dispensed with the Call of the Senate.

Senator Gallagher:

"Speaking on the point of order, I wish to point out that I do believe that the President plans to call a meeting of the Rules Committee in order to get out important

legislation, which I believe Senator Dore is probably interested in, and one of those numbers is an even number. By these delaying tactics, I believe he is delaying the Rules Committee from getting to that important piece of legislation. If that be his idea, okay."

#### RULING BY THE PRESIDENT

The President:

"Ruling upon the point of order as presented by Senator Woodall, the President believes that inasmuch as the Senate rules do not provide for the immediate transmittal of bills to the House of Representatives, that it would require a suspension of the rules. However, the President further believes that such a device does not preclude the reconsideration of a vote by which a bill is either passed or failed to receive a constitutional majority."

Senator Ryder:

"Mr. President:

"I now move that the rules be suspended and Reengrossed Substitute House Bill No. 104 be immediately transmitted to the House."

Senator Dore demanded a roll call, and the demand was sustained by Senators Thompson, Jr., Peterson (Ted), Henry, Morgan, Rasmussen, Mardesich, Greive, Kupka and Lennart.

#### ROLL CALL

The Secretary called the roll and the motion by Senator Ryder was carried by the following vote: Yeas, 32; nays, 15; absent or not voting, 2.

Those voting yea were: Senators Bailey, Charette, Chytil, Cooney, Cowen, Donohue, England, Foley, Gallagher, Guess, Hallauer, Hanna, Henry, Herrmann, Keefe, Knoblauch, Lewis, McCormack, Mardesich, Moriarty, Jr., Neill, Peterson (Lowell), Raugust, Redmon, Riley, Ryder, Sandison, Stender, Talley, Washington, Williams, Woodall—32.

Those voting nay were: Senators Atwood, Dore, Durkan, Freise, Greive, Herr, Kupka, Lennart, McCutcheon, McMillan, Morgan, Peterson (Ted), Petrich, Rasmussen, Thompson, Jr.—15.

Absent or not voting: Senators Connor, Gissberg—2.

#### PERSONAL PRIVILEGE

Senator McCormack:

"Mr. President, personal privilege:

"I wish to request permission to enter material from the Attorney General in the record indicating that this bill will have no dilatory effect on the construction of community colleges in the next two years."

The President:

"If there is no objection, it is so ordered."

State of Washington, Office of the Attorney General,  
Olympia, March 18, 1965.

*Honorable Mike McCormack, Washington State Senator,  
Legislative Building, Olympia, Washington.*

DEAR SENATOR MCCORMACK:

You have asked for the informal views of this office upon Substitute House Bill No. 104 as it may affect bonds or bonding capacity of school districts.

In our opinion Substitute House Bill No. 104 in its present form does nothing to the bonding capacity of school districts. The bill is a mere expression of legislative intent to create in the future by legislative act community college districts. It is made a duty of the state superintendent to submit to the next session of the legislature a plan to accomplish this end.

Exactly what this plan will provide is, of course, mere conjecture. However, certain points should be mentioned. It would appear that any plan must provide a method of incurring bonded indebtedness on the part of the community college

districts. Presumably this will be something similar to those provisions relating to school district, chapter 28.51 RCW. However, as a distinct municipal corporation, i.e., not a school district, the community college district will be subject to different constitutional limitations in relation to bonding, the capacity, pursuant to Amendment 27, Washington State Constitution, rising to only half of the possible constitutional capacity of a school district.

Further, it is presumed that provision will be made for assuming the bonded indebtedness of the school district. However, unless there is some sort of refunding of the outstanding bonds, the school district will remain liable on the bond contract even though the new community college district assumes an obligation to pay the bonds.

These points are, as noted above, matters for future consideration. As to the present effect, it would appear there could be none. The legislature cannot impair the validity of any bonds issued now or prior to the time the legislature sees fit to change the present community college system. It should be noted in this regard that the legislature may in its discretion never change the present pattern. It would therefore be extremely difficult to say that the present act somehow will impair existing bonds or prevent future issuances under present authority.

We trust the foregoing will be of assistance to you.

Very truly yours,

JOHN J. O'CONNELL,  
Attorney General.

BRUCE W. COHOE,  
Assistant Attorney General.

Roberts, Shefelman, Lawrence, Gay & Moch,  
Seattle, Wash., March 17, 1965.

*Prepared at the Request of Senator Mike McCormack.*

This is in reply to your request to us that we review the most recent version of House Bill No. 104 relating to community colleges and give you our opinion on the affect of that bill on power of school districts to issue bonds.

We have reviewed the draft of the bill which we received today, and in its present form we find nothing which should affect the legality of any bonds heretofore issued by school districts, or bonds which will be issued by school districts during the next two years—even though those bonds will be to finance capital improvements in community colleges.

As we read the bill, it simply states that the legislature intends to separate the operation of community colleges from that of school districts two years hence. It further calls for a study on the best procedure for accomplishing that purpose. The procedure prescribed by the fortieth legislative session should contain a clear-cut standard for distribution of indebtedness but, meanwhile, until such definitive action has been taken, there is no impairment of the power of school districts to issue bonds under the present law, or under the proposed bill.

If we can be of further assistance to you, please do not hesitate to call us.

Best regards.

Very truly yours,

ROBERTS, SHEFELMAN, LAWRENCE, GAY & MOCH,  
By GEORGE M. MACK.

#### PERSONAL PRIVILEGE

Senator Morgan:

"Mr. President, personal privilege:

"This bill will result in a few larger colleges, rather than many medium-sized, well distributed institutions. In our district of 84,000 people, five districts and all wards oppose this. Such a drastic change in our taxpaying districts, creating new taxpaying districts, should have come to the vote of the people in my district. I simply want this in the record so my people will know how I stood. I'll be back in two years."

#### POINT OF INQUIRY

Senator Ryder:

"Mr. President, would Senator McCormack yield to a question?"

"Senator, apparently they are going to set up a fund in Engrossed House Bill No. 444 which will take care of the payment of these teachers when they transfer for sick leave. Just how is this fund going to be set up and how is it going to be replenished from time to time?"

Senator McCormack:

"It is my understanding that the superintendent shall set up the fund and each school district shall contribute to it, based on the record of sick leave and sickness in the preceding year, so this will be a continuing fund used then to pay sick leave."

Senator Ryder:

"This will be on a year to year basis, is that right?"

Senator McCormack:

"Yes, I believe it would be, Senator Ryder."

Senator Ryder:

"Each year each school district puts in the amount of money that they would have paid on sick leave, had they had to bear the expense themselves?"

Senator McCormack:

"I believe that is correct, Senator."

Senator Ryder:

"Then how is this going to save any money for the individual school district?"

Senator McCormack:

"Normally they have to set aside a higher amount than they are going to use, on a contingency basis each year. Here they would have the state fund to back it up."

The Secretary called the roll and announced to the President that all Senators were present.

The Color Guard, consisting of Pages John Turner, Color Bearer, and Karen Knudsen, presented the Colors.

Reverend Charles Howard Perry, rector of St. John's Episcopal Church of Olympia, offered prayer as follows:

"Almighty God, who has given us this good land for our heritage; we humbly beseech Thee that we may always prove ourselves a people mindful of Thy favour and glad to do Thy will. Bless our land with honourable industry, sound learning, and

pure manners. Save us from violence, discord, and confusion; from pride and arrogance, and from every evil way. Defend our liberties, and fashion into one united people the multitudes brought hither out of many kindreds and tongues. Endue with the spirit of wisdom those to whom in Thy Name we entrust the authority of government, that there may be justice and peace at home, and that, through obedience to Thy law, we may show forth Thy praise among the nations of the earth.

"More particularly we pray Thee, O God for the members of this Senate and those whom they represent in the state of Washington. In the time of prosperity, fill our hearts with thankfulness, and in the day of trouble, suffer not our trust in Thee to fail; all which we ask through Jesus Christ our Lord. Amen."

#### SECOND READING OF BILLS

**Engrossed House Bill No. 590**, by Representatives Braun, Radcliffe and Taylor:

Pertaining to the retirement and disability system of cities and towns.

The bill was read the second time by sections.

It was moved by Senator Bailey that the following amendment be adopted:

On page 20, following section 9 add the following new section:

"Sec. 10. Section 7, chapter 71, Laws of 1947 and RCW 41.44.070 are each amended to read as follows:

(1) The board of trustees shall consist of seven members, one of whom shall be the state insurance commissioner, ex officio; three elective city officials and three city employees eligible to the benefits of the system who shall be appointed by the governor from a list of [six city officials and six city employees submitted by the executive committee of the association of Washington cities as the official representative of cities and towns in the state after considering recommendations of city employees as to employee members] *three city officials submitted by the executive committee of the association of Washington cities as the official representative of cities and towns in the state and from a list of three city employees submitted by the executive board of the Washington state labor council after considering recommendations of city employees as to employee members.* Original terms of office of the appointees in the two groups shall be one, two and three years as designated by the governor; thereafter terms shall be for three years duration. Appointments to fill vacancies other than those caused by expiration of a term, shall be for the unexpired term. Appointees shall serve until successors have been appointed and qualified.

(2) The board shall annually, dating from the first officially recorded meeting, elect a chairman and secretary. Four members shall constitute a quorum.

(3) Each member of the board shall take an oath of office that he will diligently and honestly administer the affairs of the board, and that he will not knowingly violate or wilfully permit to be violated any of the provisions of this chapter."

On line 10, subsection (1), strike "*submitted by the executive board of the Washington state labor council*" and insert "*named*" before the word "*after*".

**POINT OF INQUIRY**

Senator Bailey:

"Mr. President, I would like to ask Senator Hallauer a question:

"If your amendment to my amendment prevails, who would nominate the employee member of this board?"

Senator Hallauer:

"Three city officials are to be submitted by the executive committee of the association of Washington cities as official representatives of cities and towns of the state from a list of three city employees after considering recommendations of city employees as to employee members. Possibly, Senator Bailey, there should be language there indicating they should be from independent labor groups, or something of that sort, and if you can come up with language that fills that void, I would be agreeable. I would be much more agreeable to the amendment than to pin it down to a specific group that doesn't have a proper status in the law."

The motion was carried and the amendment to the amendment was adopted.

With the consent of the Senate, Senator Bailey was permitted to withdraw the amendment as amended.

It was moved by Senator Ryder that the following amendment be adopted:

Complete loss of hearing in one ear.....	1,667

(2) Compensation for amputation of a member or part thereof at a site other than those above specified, and for loss of central visual acuity and loss of hearing other than complete, shall be in proportion to that which such other amputation or partial loss of visual acuity or hearing most closely resembles and approximates. Compensation for any other permanent partial disability not involving amputation shall be in an amount equal to two-thirds of the proportion which the extent of such other disability, called unspecified disability, shall bear to that above specified, which most closely resembles and approximates in degree of disability such other disability, but not in any case to exceed the sum of [eight thousand seven hundred and fifty] ten thousand dollars: *Provided*, That the total compensation for all unspecified permanent partial disabilities resulting from the same injury shall not exceed the sum of [eight thousand seven hundred and fifty] ten thousand dollars [For disability to a member not involving amputation, not more than nine-tenths of the foregoing respective specified sums shall be paid: *Provided further*, That payment for any injury to minor hand or arm or any part thereof, shall not exceed ninety-five percent of the amounts hereinbefore enumerated]: *Provided further*, That in case permanent partial disability compensation is followed by permanent total disability compensation, any portion of the permanent partial disability compensation which exceeds the amount that would have been paid the injured workman if permanent total disability compensation had been paid in the first instance, shall be deducted from the pension reserve of such injured workman and his monthly compensation payments shall be reduced accordingly.

(3) [If the injured workman is under the age of twenty-one years and unmarried, the parents or parent shall also receive a lump sum payment equal to the ten percent of the amount awarded to the minor workman.

(4) Should a workman receive an injury to a member or part of his body already, from whatever cause, permanently partially disabled, resulting in the amputation thereof or in an aggravation or increase in such permanent partial disability but not resulting in the permanent total disability of such workman, his compensation for such partial disability shall be adjudged with regard to the previous disability of the injured member or part and the degree or extent of the aggravation or increase of disability thereof.

[(5)] (4) When the compensation provided for in subsections (1) and (2) exceeds one thousand dollars, payment shall be made in monthly payments in accordance with the schedule of temporary total disability payments set forth in RCW 51.32.090 until such compensation is paid to the injured workman in full, except that the first monthly payment shall be in the amount of one thousand dollars and interest shall be paid at the rate of five percent on the unpaid balance of such compensation commencing with the second monthly payment: *Provided*, That interest so paid shall not be charged to the cost experience of any employer but shall be borne wholly by the applicable class account: *Provided further*, That upon application of the injured workman the monthly payment may be converted, in whole or in part, into a lump sum payment, in which event the monthly payment shall cease in whole or in part. Such conversion may be made only upon written application of the injured workman to the department and shall rest in the discretion of the department depending upon the merits of each individual application: *Provided further*, That upon death of a workman all unpaid installments accrued, less interest, shall be paid in a lump sum amount to the widow or widower, or if there is no widow or widower surviving, to the dependent children of such claimant, and if there are no such dependent children, then to such other dependents as defined by this title.

Sec. 2. Section 51.32.090, chapter 23, Laws of 1961 as amended by section 4, chapter 274, Laws of 1961, and RCW 51.32.090 are each amended to read as follows:

[(1)] When the total disability is only temporary, the schedule of payments contained in subdivisions (1), (2), (3) and (4) of RCW 51.32.060 shall apply, so long as the total disability continues.] *When the supervisor of industrial insurance shall determine that a condition temporarily incapacitating the workman from performing any work at any gainful occupation results from the injury, the workman's disability shall be classified as temporary total disability and he shall receive monthly during the period of such disability so long as the total disability continues:*

(1) *If unmarried at the time of the injury, the sum of one hundred eighty dollars.*

(2) *If the workman has a wife or invalid husband, but no child, the sum of two hundred ten dollars.*

(3) *If the workman has an able-bodied husband, but no child, the sum of one hundred seventy dollars.*

[(2) But] (4) If the injured workman has a wife or husband and has no child or, being a widow or widower, with one or more children, the compensation for the case during such period of time as the total temporary disability continues, shall be per month as follows, to wit: (a) Injured workman with wife or invalid husband and no child, [one] two hundred [ninety] *ten* dollars; injured workman with able-bodied husband, but no child, one hundred [fifty-five] *seventy* dollars; injured workman with wife or invalid husband and one child, or being a widow or widower and having one child, two hundred [twenty-three] *forty-five* dollars; (b) injured workman with able-bodied husband and one child, [one] two hundred [eighty-eight] *five* dollars; (c) injured workman with wife or invalid husband and two children, or being a widow or widower and having two children, two hundred [fifty] *seventy-five* dollars; (d) injured workman with able-bodied husband and two children, two hundred [fifteen] *thirty-five* dollars; and twenty-two dollars for each additional child, but the total monthly payments shall not exceed three hundred [ten] *sixty-three* dollars to an injured workman with a wife or invalid husband, or being a widow or widower, and having children, and shall not exceed [two] three hundred [seventy-five] *twenty-three* dollars to an injured workman with children and having an able-bodied husband and any deficit shall be deducted proportionately among the beneficiaries.

Any compensation payable under this section for children not in the custody of the injured workman as of the date of injury shall be payable only to such person as actually is providing the support for such child or children pursuant to the order of a court of record providing for support of such child or children.

[(3)] (5) As soon as recovery is so complete that the present earning power of the workman, at any kind of work, is restored to that existing at the time of the occurrence of the injury, the payments shall cease. If and so long as the present earning power is only partially restored, the payments shall continue in the proportion which the new earning power shall bear to the old. No compensation shall be payable out of the accident fund unless the loss of earning power shall exceed five percent.

[(4)] (6) No workman shall receive compensation out of the accident fund for or during the day on which injury was received or the three days following the same, unless his disability shall continue for a period of [thirty] *fourteen* consecutive calendar days from date of injury.

[ (5) (7) Should a workman suffer a temporary total disability and should his employer at the time of the injury continue to pay him the wages which he was earning at the time of such injury, such injured workman shall not receive any payment provided in [subsection (1) of] this section from the accident fund during the period his employer shall so pay such wages.

Sec. 3. Section 15, chapter 234, Laws of 1959 as amended by section 1, chapter 237, Laws of 1963 and RCW 34.04.150 are each amended to read as follows:

This chapter shall not apply to the state militia, or the board of prison terms and paroles. The provisions of RCW 34.04.090 through 34.04.130 shall not apply to [the board of industrial insurance appeals,] the state board of equalization or the insurance commissioner or the state tax commission. The provisions of RCW 34.04.060, 34.04.070 and 34.04.080 shall not apply to the department of public assistance.

Sec. 4. Section 51.52.050, chapter 23, Laws of 1961 and RCW 51.52.050 are each amended to read as follows:

Whenever the department has made any order, decision, or award, it shall promptly serve the workman, beneficiary, employer, or other person affected thereby, with a copy thereof by mail, which shall be addressed to such person at his last known address as shown by the records of the department. The copy, in case the same is a final order, decision, or award, shall bear on the same side of the same page on which is found the amount of the award, a statement, set in black faced type of at least ten point body or size, that such final order, decision, or award must be appealed to the board, Olympia, within sixty days, or the same shall become final.

Whenever the department has taken any action or made any decision relating to any phase of the administration of this title the workman, beneficiary, employer, or other person aggrieved thereby may appeal to the board and any [such] party or person aggrieved by the decision and order of the board may thereafter [appeal to] petition the superior court for judicial review as prescribed in this chapter.

Sec. 5. Section 51.52.100, chapter 23, Laws of 1961 as amended by section 4, chapter 148, Laws of 1963 and RCW 51.52.100 are each amended to read as follows:

*Any appeal to the board from an order, decision, or award of the department shall be considered as a contested case as defined by subparagraph (3) of RCW 34.04.010 as now enacted and as hereinafter amended from time to time. Hearings and proceedings upon appeals before the board shall be informal and de novo, but they shall be subject to the provisions of this chapter and to the provisions of the Administrative Procedure Act, RCW 34.04, as now enacted and as hereafter amended from time to time.* Hearings shall be held in the county of the residence of the workman or beneficiary, or in the county where the injury occurred, at a place designated by the board. [Such hearing shall be de novo and summary, but no witness' testimony shall be received unless he shall first have been sworn to testify the truth, the whole truth and nothing but the truth in the matter being heard, or unless his testimony shall have been taken by deposition according to the statutes and rules relating to superior courts of this state.] The department shall [be entitled to] appear in all proceedings before the board as a party and shall be entitled to introduce [testimony] evidence in support of its order. The board shall cause all oral testimony to be [stenographically] reported and [thereafter] promptly transcribed [, and when transcribed, the same, with all depositions shall be filed in, and remain a part of, the record on the appeal] after each hearing. A copy shall be furnished to any party upon request and without cost. Such hearings on appeal to the board may be conducted by one or more of its members, or a duly authorized hearing examiner, and depositions may be taken by a person duly commissioned for the purpose by the board.

Members of the board, its duly authorized hearing examiners, and all persons duly commissioned by it for the purpose of taking depositions, shall have power to administer oaths; to preserve and enforce order during such hearings; to issue subpoenas for, and to compel the attendance and testimony of, witnesses, or the production of books, papers, documents, and other evidence, or the taking of depositions before any designated individual competent to administer oaths, and it shall be their duty so to do; to examine witnesses; and to do all things conformable to law which may be necessary to enable them, or any of them, effectively to discharge the duties of his office. If any person in proceedings before the board disobeys or resists any lawful order or process, or misbehaves during a hearing or so near the place thereof as to obstruct the same, or neglects to produce, after having been ordered so to do, any pertinent book, paper or document, or refuses to appear after having been subpoenaed, or upon appearing refuses to take oath as a witness, or after having the

oath refuses to be examined according to law, the board or any member or duly authorized hearing examiner may certify the facts to the superior court having jurisdiction in the place in which said board or member or hearing examiner is sitting; the court shall thereupon, in a summary manner, hear the evidence as to the acts complained of, and, if the evidence so warrants, punish such person in the same manner and to the same extent as for a contempt committed before the court, or commit such person upon the same conditions as if the doing of the forbidden act had occurred with reference to the proceedings, or in the presence, of the court.

Sec. 6. Section 6, chapter 148, Laws of 1963 and RCW 51.52.104 are each amended to read as follows:

After all evidence has been presented at hearings conducted by a hearing examiner, who shall be an active member of the Washington state bar association, the hearing examiner shall prepare a proposed or recommended decision and order which shall be in writing and shall contain findings and conclusions as to each contested issue of fact and law, as well as the order based thereon. The hearing examiner shall file the original of the proposed decision and order, signed by him, with the board, and copies thereof shall be mailed by the board to each party to the appeal and to his attorney of record. Within twenty days, or such further period as the board may allow on application of a party, from the date of communication of the proposed decision and order to the parties or their attorneys of record, any party may file with the board a written statement of exceptions to the same. Such statement of exceptions shall set forth in detail the grounds therefor and the party or parties filing the same shall be deemed to have waived all objections or irregularities not specifically set forth therein.

In the event no statement of exceptions is filed as provided herein by any party, the proposed decision and order of the hearing examiner shall be adopted by the board and become the decision and order of the board, and [no appeal may be taken therefrom to the courts] *the same shall not be subject to judicial review.*

Sec. 7. Section 51.52.110, chapter 23, Laws of 1961 and RCW 51.52.110 are each amended to read as follows:

[Within thirty days after the final decision and order of the board upon such appeal has been communicated to such workman, beneficiary, employer or other person, or within thirty days after the appeal is deemed denied as herein provided, such workman, beneficiary, employer or other person aggrieved by the decision and order of the board may appeal to the superior court.] *Any party or person aggrieved by a final decision of the board shall be entitled to judicial review thereof as provided in the Administrative Procedure Act, chapter 34.04 RCW, as now enacted and as hereafter amended from time to time.*

In cases involving injured workmen [such appeal] *the petition for judicial review* shall be [to] filed in the superior court of the county of residence of the workman or beneficiary, as shown by the department's records, the superior court for Thurston county, or [to] in the superior court of the county wherein the injury occurred. In all other cases the [appeal] *petition* shall be to the superior court of Thurston county. [Such appeal shall be perfected by filing with the clerk of the court a notice of appeal and by serving a copy thereof by mail, or personally, on the director and on the board. The department shall, within twenty days after the receipt of such notice of appeal, serve and file its notice of appearance and such appeal shall thereupon be deemed at issue. The board shall serve upon the appealing party, the director and any other party appearing at the board's proceedings, and file with the clerk of the court before trial, a certified copy of the board's official record which shall include the notice of appeal and other pleadings, testimony and exhibits and the board's decision and order, which shall become the record in such case.] No bond shall be required on [appeals to] *judicial reviews* in the superior court or on appeals to the supreme court, except that [an appeal] *a judicial review initiated* by the employer from a decision and order of the board under RCW 51.48.070, shall be ineffectual unless, within five days following the service of [notice thereof] *the petition for judicial review*, a bond, with surety satisfactory to the court, shall be filed, conditioned to perform the judgment of the court. Except in the case last named [an appeal] *a petition for judicial review* shall not be a stay [: *Provided, however,* That whenever the board has made any decision and order reversing an order of the supervisor of industrial insurance on questions of law or mandatory administrative actions of the director, the department shall have the right of appeal to the superior court].

*NEW SECTION.* Sec. 8. Section 51.52.115, chapter 23, Laws of 1961 and RCW 51.52.115, section 51.52.140, chapter 23, Laws of 1961 and RCW 51.52.140, and section 51.52.106, chapter 23, Laws of 1961 as amended by section 7, chapter 148, Laws of 1963, and RCW 51.52.106 are each hereby repealed: *Provided, however,* That such repeal shall not affect the proceedings pending in the superior courts or the supreme court on the effective date of this amendatory act., and the same is herewith transmitted.

**REPORT OF STANDING COMMITTEE**

Senate Chamber,

MR. PRESIDENT:

Your Committee on Claims and Auditing, to whom was referred Senate Bill No. 101, have inspected same, and find it correctly engrossed.

....., *Chairman.*

We concur in this report: Fred H Dore, Marshall A. Neill, Perry B. Woodall.

**MOTION**

It was moved by Senator Greive that all legislation where there is a difference between the two Houses be referred automatically to the Committee on Rules and Joint Rules and reported out on a daily calendar.

Debate ensued.

**POINT OF INQUIRY**

Senator Washington:

"Would Senator Greive yield to a question?

"Senator Greive, for instance one bill that I have in mind is House Bill No. 234 with Senate amendments, which will go back to the House for concurrence or refusal to accept. Now, when that comes back, will that have to go to the Committee on Rules and Joint Rules?"

Senator Greive:

"Yes, and it is only fair to warn you that it may be in the mind of the Rules Committee that some of these bills may have trouble getting out, but the thing is, we looked over some of the bills in Rules Committee this morning and we find that they are so far removed from the original bill in some instances, that they are not the same bill at all. We felt it is one thing to consider these concurrences when we are in the last days of session and pressed for time, but we are in no hurry. I imagine we are going to be here a couple of weeks working on tax measures and there is a lot of time for daily calendars."

Debate ensued.

Senator Washington:

"One further question: Is it the idea then that some of the bills, such as the House bills might come back here for concurrence and could be held in the Rules Committee and never get back on the floor again?"

Senator Greive:

"Conceivably. However, in the Committee on Rules and Joint Rules there was no intention to do so. It was our discussion to report all of the bills out of Rules. We didn't know what we were into when we started looking some of them over this morning."

Debate ensued.

**POINT OF INQUIRY**

Senator Bailey:

"Would Senator Greive yield to a question?

"Senator, I am a member of the Committee on Rules and Joint Rules, too. I didn't understand that we would necessarily take these bills and make them go through

Rules Committee and kill some of the bills. Couldn't we put instructions on the motion that eventually all bills would be reported out of the Committee on Rules and Joint Rules?"

Senator Greive:

"I presume so. That was never discussed. I didn't want somebody to say I was putting something over when I didn't know. The motion was simply discussed in Rules that we would consider all bills, because we didn't know what is in all of them and we felt it would be best this way."

Debate ensued.

#### PARLIAMENTARY INQUIRY

Senator Hallauer:

"Mr. President, point of parliamentary inquiry:

"Under Rule 4 of the joint rules, the following appears: 'In every case of difference between the two houses, upon any subject of legislation, the house refusing to recede shall request a conference and appoint a committee of three for that purpose, and the other house shall grant the request for a conference and appoint a like committee to confer.'

"The question I wish to raise in connection with Rule 4 is if it is possible that a subject of difference as contained in the bills that we are discussing, whether such a subject of difference can properly be referred to a standing committee. It is my belief that it must be referred to a conference committee, and not to the Rules Committee."

Senator Woodall:

"Speaking on the point of order, Mr. President:

"It is a very simple matter. See what it says. After a message has gone back saying that we refuse to recede, then that particular house grants a conference. That's all it says. It doesn't say what hour or what day you read the message in. It has nothing to do with that. What we are talking about now is how we proceed to consider these matters after one house has refused to recede, which means after we send a message back requesting them to recede, then if they don't, they grant a conference. That's all it says. We are talking about when do we read the message in and in what order. The motion of Senator Greive simply said instead of reading them all in at this moment and attempting to act blindly on the floor, with no knowledge of them and no chance for analysis, they simply go into Rules Committee and they come out in an orderly fashion after people have seen them. There is no parliamentary question involved at all."

#### REPLY BY THE PRESIDENT

The President:

"Senator Hallauer, the President believes that those remarks made by Senator Woodall pertaining to your inquiry explain the situation."

Senator Hallauer:

"Mr. President:

"Pursuing the point of parliamentary inquiry further, I realize that it might be proper to make a motion to send such bills to Rules for the purpose of composing the proper order of discussion here, but would it be proper for bills to be referred to other committees than the Rules Committee under these circumstances?"

#### REPLY BY THE PRESIDENT

The President:

"Senator Hallauer, the President would like to study your particular inquiry further, but does believe that in essence Senator Greive's motion provides a new rule which states that these shall automatically be eligible to be referred to committee."

Debate ensued.

It was moved by Senator Mardesich that the motion by Senator Greive be amended and that the Rules Committee be instructed to report all bills out within seventy-two hours.

Further debate ensued.

#### PARLIAMENTARY INQUIRY

Senator Moriarty, Jr.:

"Mr. President:

"I believe this could be resolved by the President's ruling upon a point of parliamentary inquiry which I now direct to the Chair. My point is whether or not, under the joint rules and the rules that we have been operating under and adopted, the Rules Committee can fail to bring any of these bills back to the floor for action after they have been passed by both houses of the legislature?"

Senator Greive:

"Mr. President:

"I believe this is all a tempest in a teapot. Under Rule 46, the body can always exercise the power to take something away from Rules Committee if they feel they are that arbitrary. What ruling can the President make? He's bound by the rules the same as we are."

Senator Moriarty, Jr.:

"Mr. President, speaking on the point just raised, this is a situation which is not specifically covered in our rules. We have an unusual situation where a bill has been passed by both houses of the legislature. I think what is in every member's mind and what every member is concerned about is the fact that the bills, once in Rules, may never appear again. Now, if the President rules on my point of inquiry that the Rules Committee cannot fail to bring back to the floor these House amendments to Senate bills, then I think a lot of the concern will be resolved. However, if the President rules that the committee can fail to bring the bill back to the floor, then I think Senator Mardesich's motion probably is going to carry."

Senator Rasmussen:

"Mr. President, speaking to the point of parliamentary inquiry and also to the motion by Senator Mardesich, from time immemorial, in all of the rules that you concede even come close to governing this, including the joint rules that Senator Hallauer has spoken of, once a bill has passed both houses, it is in the possession of the houses, and not in the possession of a Rules Committee or any other committee. We do have a Senate rule that says if the scope is changed, it can be re-referred, but we have no knowledge of the scope being changed on these bills. If you accept the new concept that we are going to send them to Rules, this is defeating all of the work that both houses have done. We are supposed to either confer or adhere to our position and see if the other house will change, rather than sending them into Rules. I think that Senator Mardesich's motion that we instruct them to return the bills in seventy-two hours or ninety-six hours is beside the point. The point is that once these bills are in the possession of the House and the Senate, working in between them, they do not belong to any committee. I urge you to vote down all of those motions and there is no reason why we cannot operate as we have in the past where they lay on the table and they can be taken up at any time. They can be delayed. The two caucuses can discuss them. But they are still out here in the open and in the possession of the House and Senate."

On motion of Senator Greive, the motion to refer all matters of difference between the two houses to the Rules Committee was made a special order of business for 1:30 p. m.

"You recall a parliamentary inquiry which I directed to the Chair last Friday night as to whether or not the Rules Committee could fail to return a bill which had been passed by the House and returned to the Senate with amendments for Senate action. I wonder if the President is prepared to rule on the inquiry at the present time."

#### REPLY BY THE PRESIDENT

The President:

"The President would rather defer that until a later time this morning or this afternoon, Senator Moriarty. The President believes that the Senate Rules Committee could fail to do so, but he doesn't think that is exactly what you meant this morning."

#### MOTION

Senator Greive:

"Mr. President:

"I move that Senate Bill No. 8 hold its place and that we proceed to Senate Bill No. 47."

#### POINT OF ORDER

Senator Woodall:

#### RULING BY THE PRESIDENT

"Your point of order is well taken. The President was just going to request that we consider the matter in the proper order of business."

The Secretary read:

#### SENATE RESOLUTION

No. 1965 EX -7

By Senators Atwood, Mardesich, Gissberg, Henry, Lennart, Peterson (Lowell), Gallagher and Redmon:

WHEREAS, There exist broad, valid reasons for an extension of the Alaska Marine Highway as a part of the United States Interstate Highway System to a southern terminus connecting with United States Interstate Highway Number Five, in the state of Washington among which are the following:

An Alaska Marine Highway System gateway oriented toward the Western United States is required if Alaska is to realize maximum benefits from that system.

Such a gateway would create significant economic gains for the entire northern area of British Columbia, as well as the states of Alaska and Washington.

As the present Marine Highway System grows in popularity and usage, there will be created a demand for its services by travelers and shippers located farther away from Prince Rupert, resulting in an inevitable linking with the present United States Interstate Highway System.

The extension of the Marine Highway System to a southern terminus is economically sound from every standpoint.

The Alaska Marine Highway System is considered by the Alaska International Rail and Highway Commission and recognized by the Battelle Institute as a vital part of a coordinated highway system to encourage the development of tourism in the northwest part of North America. The commission recognizes the establishment of a marine highway as the most efficient and least expensive way to provide transportation for people and things to and from the coastal cities, whether or not the coordinated highway system is constructed; and

WHEREAS, The state of Washington is actively engaged in a program of industrial development, and few industries offer greater opportunities for expansion and benefit to our economy than tourism; and

WHEREAS, Studies have revealed that many advantages would accompany an extension of the Marine Highway System, accruing not only to Alaska and Washington but also to the Province of British Columbia, Canada, and the other western states through which Alaska-bound tourists and freight would flow;

Now, Therefore, Be It Resolved, By the Senate, that the Congress of the United States is hereby respectfully requested to devise and approve legislation for the extension of the Alaska Marine Highway as a part of the United States Interstate Highway System to a southern terminus connecting with United States Interstate Highway Number Five, in the state of Washington;

Be It Further Resolved, that copies of this resolution be transmitted by the Secretary of the Senate to the President of the United States, the Senators and Representatives of the state of Washington in the Congress of the United States, the Vice President, the Speaker of the House of Representatives, the Chairman of the Public Works Committees of the House of Representatives and the United States Senate, the Secretary of the Department of Commerce and the Chairman of the Alaska Rail and Highway Commission.

It was moved by Senator Atwood that the resolution be adopted.

Debate ensued.

#### POINT OF INQUIRY

Senator Riley:

"Mr. President, would Senator Atwood yield?"

"Senator Atwood, will this resolution have any effect, if adopted, or could it benefit any areas in Puget Sound other than the general area around the territory of Bellingham and its surroundings?"

Senator Atwood:

"It certainly could. This resolution does not specify any particular area, and I would think that probably Seattle would be the front runner and become the terminus on highway No. 5 for this Alaska Marine Highway. I also believe that we would have a chance in the Bellingham area, but I think your chances in Seattle are better than ours."

Senator Woodall:

"Senator Atwood, would you say that this is somewhat comparable to giving some certain benefits for the port of Seattle, regardless of where it comes into the state, as Senator Riley said when he spoke on the port benefits, it would be spread around the state?"

Senator Atwood:

"Yes, Senator, you realize your far-sighted Senator Redmon from Yakima sees the benefits to the Yakima area."

Debate ensued.

The motion was carried and the resolution was adopted.

The Secretary read:

#### HOUSE AMENDMENTS TO SENATE BILL

House of Representatives.  
Olympia, Wash., March 24, 1965.

MR. PRESIDENT:

The House has passed Engrossed Substitute Senate Bill No. 167 with the following amendment:

Strike everything after the enacting clause and insert the following:

"**NEW SECTION.** Section 1. We, the legislature find that an increasing number of municipally owned, or leased, and operated transportation systems in the cities of the state of Washington, as in the nation, are finding it impossible, from the revenues derived from tolls, tariffs and fares, to maintain the financial solvency of such systems, and as a result thereof such municipalities have been forced to subsidize such systems to the detriment of other essential public services.

All persons in a community benefit from a solvent and adequate public transportation system, either directly or indirectly, and the responsibility of financing the operation, maintenance, and capital needs of such systems is a community obligation and responsibility which should be shared by all.

We further find and declare that the maintenance and operation of an adequate public transportation system is an absolute necessity and is essential to the economic, industrial and cultural growth, development and prosperity of a municipality and of the state and nation, and to protect the health and welfare of the residents of such municipalities and the public in general.

We further find and declare that the appropriation of general funds and levying and collection of taxes by such municipalities as authorized in the succeeding sections of this act is necessary, and any funds so derived and expended are for a public purpose for which public funds may properly be used.

**NEW SECTION.** Sec. 2. The following terms, however used or referred to in this chapter, shall have the following meanings, unless a different meaning is required by the context:

(1) "Corporate authority" shall mean the council or other legislative body of a municipality.

(2) "Municipality" shall mean any incorporated city of the first class in the state.

(3) "Person" shall mean any individual, firm, partnership, corporation, company, association, joint stock association, school district or political subdivision of the state, fraternal, benevolent, religious or charitable society, club or organization, and shall include any trustee, receiver, assignee, or other person acting in a similar representative capacity. The term "person" shall not be construed to include the United States nor the state of Washington.

**NEW SECTION.** Sec. 3. The corporate authorities of any municipality are authorized to appropriate general funds for the operation, maintenance, and capital needs of municipally owned or leased and municipally operated public transportation systems subject to the right of referendum as provided by statute or charter.

**NEW SECTION.** Sec. 4. The corporate authorities of a municipality are authorized to adopt ordinances for the levy and collection of excise taxes and/or for the imposition of an additional tax for the act or privilege of engaging in business activities. Such business and occupation tax shall be imposed in such amounts as fixed and determined

by the corporate authorities of the municipality and shall be measured by the application of rates against value of products, gross proceeds of sales, or gross income of the business, as the case may be. The terms "business", "engaging in business", "gross proceeds of sales", and "gross income of the business" shall for the purpose of this act have the same meanings as defined and set forth in chapter 82.04 RCW or as said chapter may hereafter be amended.

The excise taxes other than the business and occupation tax above provided for shall be levied and collected from all persons within the municipality who are served and billed for any one or more public utility services owned and operated by such municipality in such amounts as shall be fixed and determined by the corporate authorities of the municipality: *Provided*, That such excise tax shall not exceed one dollar per month for each housing unit. For the purposes of this section, the term "housing unit" shall mean a building or portion thereof designed for or used as the residence or living quarters of one or more persons living together, or of one family.

All taxes herein authorized shall be taxes other than a retail sales tax defined in chapter 82.08 RCW and a use tax defined in chapter 82.12 RCW, and the municipality shall appropriate and use the proceeds derived from all taxes authorized herein only for the operation, maintenance and capital needs of its municipally owned or leased and municipally operated public transportation system.

**NEW SECTION.** Sec. 5. The tax levied under the provisions of section 4 of this act shall be billed and collected at such times and in the manner fixed and determined by the corporate authorities in an ordinance levying the tax: *Provided*, That the tax shall be designated and identified as a tax to be used solely for the operation, maintenance, and capital needs of the municipally owned or leased and municipally operated public transit system.

**NEW SECTION.** Sec. 6. No funds derived from any tax levied under the provisions of this act shall, for any purpose whatsoever, be classified as or constitute income, earnings, or revenue of the public transportation system for which the tax is levied nor of any other public utility owned or leased and operated by such municipality; nor shall such funds constitute or be classified as any part of the rate structure or rate charged for the public utility.

**NEW SECTION.** Sec. 7. In the event the corporate authorities of any municipality during the term of a lease or any renewal thereof of a public transportation system desire to purchase the said system, the purchase price shall be no greater than the fair market value of the said system at the commencement of the lease.

**NEW SECTION.** Sec. 8. Nothing contained in this act nor the provisions of any city charter shall prevent a referendum on any ordinance or action adopted or taken by any municipality under the provisions of this act.

**NEW SECTION.** Sec. 9. If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected.", and the same is herewith transmitted.

If any person appears and offers or demands the right to vote at any primary or election, as a registered voter in the precinct where the primary or election is held, the election officers shall require him to sign his name and *current address subject to penalties of perjury* in one of the official poll books, which shall be designated the [voter's signature] *county auditor's copy*, and shall compare such signature with the signature upon the registration card of the person registered under the same name. Unless the identifying witness is personally known to the election officers, or to some of them, they may require the identifying witness to sign his name in the presence of the election officers for the purpose of identification.

*As soon as it is determined that the person is qualified to vote, one of the precinct election officers shall copy the voter's name and address on the corresponding line in a second poll book which shall be identified as the inspector's copy. Such second poll book shall contain two extra copies of each page and so designed that two carbon copies can be easily made and readily detached.*

If the address of any voter, as written by the voter, in the poll book does not agree with the address of the voter as stated on his permanent registration records, the registration officer shall:

(1) Send a notice, by certified mail to addressee only, with return receipt requested, showing address where delivered, to the voter, using the address as given in the poll book and advising him that he must either have his registration transferred or register anew, as the case may be. Such notice shall also contain a prepaid postcard form addressed to the registration officer for the convenience of the voter to indicate what action the voter intends to take.

(2) If the voter believes that his registration record should not be changed, he shall so notify his registration officer who, in turn, shall promptly arrange for a hearing unless it is manifestly apparent that the voter's reasons are valid for keeping his record unchanged. If a hearing is necessary, any ruling issued by the registration officer shall be final, subject only to an appeal to the superior court under the provisions of chapter 34.04 RCW.

(3) If the notice mailed by the registration officer is either returned as undeliverable or the voter does not respond within thirty days from the date of mailing, the registration officer shall cancel the registration record concerned and notify the secretary of state of such cancellation. If the voter received the notice, as evidenced by the return receipt, the registration officer shall further notify such voter by first class mail that his registration has been canceled.

A Call of the Senate was ordered.

#### CALL OF THE SENATE

The Sergeant at Arms locked the doors of the Senate Chamber.

The Secretary called the roll on the Call of the Senate.

During the roll call, the following proceedings were had:

The Sergeant at Arms was directed to bring Senator Talley to the bar of the Senate.

#### MOTION

It was moved by Senator Greive that the rules be suspended and that the Secretary complete the roll call.

#### POINT OF ORDER

Senator Rasmussen:

"Mr. President, I object.

"Under Rule 32, that takes a unanimous vote, Mr. President."

#### RULING BY THE PRESIDENT

The President:

"Senator Rasmussen, if the motion carries to suspend the rules, then Rule 32 also is suspended."

The motion was carried.

#### PARLIAMENTARY INQUIRY

Senator Stender:

"Parliamentary inquiry, Mr. President:

"How does the President determine a two-thirds vote by voice vote?"

#### REPLY BY THE PRESIDENT

The President:

"The President has an innate ability to make such decisions, Senator."

#### PARLIAMENTARY INQUIRY

Senator McCormack:

"Mr. President, parliamentary inquiry:

"How is it that a two-thirds majority vote to suspend the rules can suspend a rule requiring unanimous agreement?"

#### REPLY BY THE PRESIDENT

The President:

"Because the rule requiring unanimous agreement is merely one rule embodied within the Senate rules and the President really believes, Senator, that a majority of the members may decide a course of action of this particular body at any time. They can even abrogate the two-thirds majority required to suspend the rules."

Senator McCormack:

"Would it be the opinion of the President, then, that the rule requiring unanimity has no meaning?"

**REPLY BY THE PRESIDENT**

The President:

"The President believes that the rule does have considerable meaning, Senator McCormack. The President believes that the majority may enforce any rule as it sees fit at any time the Senate is in session. Quite often, the rule requiring unanimity has been enforced."

**POINT OF ORDER**

Senator Rasmussen:

"Mr. President, point of order:

"I respectfully refer you to Rule 32. Once begun, a roll call may not be interrupted for any purpose other than for a Call of the Senate. This is in the rule that says a roll call may not be interrupted for any purpose."

**RULING BY THE PRESIDENT**

The President:

"The President, in his judgment, Senator, felt that it was his responsibility to expedite the business of the Senate and the state as much as possible. The President, on occasion, will recognize the full value of Senate Rule 32 and decline to put any motion presented during the roll call. The President believes that for the past several minutes there was really no necessity to delay proceedings, and for that reason put the motion to suspend the rules."

Senator Rasmussen:

"Mr. President, not wishing to belabor the point of order, but if it is within the power of anybody to suspend the rules at any time, we might as well do away with the rules."

The President:

"The President respectfully disagrees, Senator. The President tried to make it clear that he was merely trying to expedite the business of the Senate. The President believes that no Senator present should desire to delay proceedings for any unnecessary cause."

The Secretary completed the roll call and all Senators were present except Senator Mardesich, who was excused.

On motion of Senator Greive, the Senate proceeded under the Call of the Senate.

**HOUSE AMENDMENT TO SENATE BILL**

S. R. HOLCOMB, *Chief Clerk.*

#### POINT OF ORDER

Senator Gallagher:

"Mr. President:

"At this time I would like to ask the Chair's ruling as to whether or not the amendment proposed by the House comes within the scope of Senate Bill No. 379. If you will open your books to Senate Bill No. 379, you will find that the only thing left to that bill is the number and the enacting clause. Everything else has been scalped including the balance of the title; and, in lieu thereof, Senate Bill No. 75 has been inserted in its stead. I respectfully call the Chair's attention to Senate Rule 62, where the scope and object of a bill has been changed, that bill should take its regular course and be referred to the proper standing committee and it shall be acted upon as all other bills."

The President:

"The President, in replying to your point of order, wishes to respectfully advise that the title is rather lengthy, as is the amendment, and the President believes that this will take considerable study and time. With the indulgence of the members of the Senate, I would appreciate it if the Senate would proceed in order and the President be privileged to rule upon your point of order at the earliest opportunity."

Senator Woodall:

"Mr. President, I would like to make one observation as to the point of order."

The President:

"The President did not wish to preclude discussion on the point of order, Senator Woodall."

Senator Woodall:

"Speaking on the point of order, Mr. President:

"When a measure comes to the Senate from the other house, it has been examined,

It comes to us as a new measure. It is not the purpose of one body to check whether or not the other body's amendment was or was not within the scope. It comes to us in the form that it comes from the opposite house for us to concur or not concur. Any amendments or any objections as to what was being done by the bill would have to be done by the amending house. It would not be for us to rule that the opposite house exceeded its authority or enlarged the scope and object of the bill, because that would make the presiding officer of one body able to overrule the ruling, the parliamentary ruling of the other body. It seems to me that this particular objection cannot be made at this stage of the proceedings, and I will suggest that the President consider that, along with the other matter, when he is making his ruling."

The President:

"Thank you, Senator."

Senator Charette:

"Mr. President, speaking on the point of order, the second part of Rule 62 says just the opposite of what Senator Woodall has just said."

The President:

"Thank you, Senator Charette."

Senator Moriarty, Jr.:

"Mr. President, speaking also on the point of order:

"May I point out that the House amendment relates to state government; that the original bill also relates to state government; that both the House amendment and the original Senate bill related to the Board of Prison Terms and Paroles. I do not think it enlarges the scope and object of the bill. It changes the direction of the bill."

On motion of Senator Riley, further consideration of Engrossed Senate Bill No. 379 and the House amendments thereto was deferred until tomorrow.

#### HOUSE AMENDMENT TO SENATE BILL

House of Representatives,  
Olympia, Wash., March 24, 1965.

#### HOUSE AMENDMENTS TO SENATE BILL

House of Representatives,  
Olympia, Wash., March 25, 1965.

MR. PRESIDENT:

The House has passed: Reengrossed Senate Bill No. 122 with the following amendments:

On page 211, section 9-312, line 12 of the Reengrossed bill being line 13 of the printed bill, after subsection 1 insert the following "(2) A perfected security interest in crops for new value given to enable the debtor to produce the crops during the production season and given not more than three months before the crops become growing crops by planting or otherwise takes priority over an earlier perfected security interest to the extent that such earlier interest secures obligations due more than six months before the crops become growing crops by planting or otherwise, even though the person giving new value had knowledge of the earlier security interest."

Renumber the remaining subsections consecutively.

On page 233, Article 11, Section 11.101 strike all of Article 11, Section 11.101, of the Reengrossed bill being the Senate amendment by Senator Herrmann., and the same is herewith transmitted.

S. R. HOLCOMB, *Chief Clerk.*

It was moved by Senator Ryder that the Senate do concur in the House amendments to Reengrossed Senate Bill No. 122.

It was moved by Senator Herrmann that Reengrossed Senate Bill No. 122 be referred to the Judiciary Committee.

Debate ensued.

#### POINT OF ORDER

Senator Moriarty, Jr.:

"I rise to a point of order, Mr. President:

"First, this being a motion to refer, I believe it is not debatable.

"Second, I would like to know whether or not the motion to concur is a motion of higher precedence than the motion to refer to committee for the reason it relates to matters between the two houses and tends to bring the two houses together as provided in Reed's Rules."

#### RULING BY THE PRESIDENT

The President:

"The President, in ruling upon the points of order presented by Senator Moriarty, rules that the motion to refer by Senator Herrmann is in order; further, that the motion to concur and the motion to refer are of equal rank. Since Senator Ryder placed his motion first, the President believes that the Senate should act upon the motion as presented by Senator Ryder.

"The motion to commit or refer to committee is debatable, but the main question is not opened up unless the motion to refer or commit to committee is with instructions.

"The question before the Senate is the motion by Senator Ryder that the Senate do concur in the House amendments to Reengrossed Senate Bill No. 122."

Debate ensued.

## HOUSE AMENDMENT TO SENATE BILL

MR. PRESIDENT:

House of Representatives,  
Olympia, Wash., March 24, 1965.

The House has passed: Senate Bill No. 235 with the following amendment:

On page 2, section 2, line 13, after "towns" and before the period insert ", which shall include a form of statutory home rule", and the same is herewith transmitted.

S. R. HOLCOMB, *Chief Clerk.*

It was moved by Senator Moriarty, Jr. that the Senate do concur in the House amendment to Senate Bill No. 235.

Debate ensued.

## POINT OF INQUIRY

Senator Gissberg:

"Mr. President, will Senator Moriarty yield to a question?"

"Senator, I have been somewhat concerned about the language of this amendment, as you know. Maybe this would clarify and relieve some of my apprehension in connection with it. Do you believe that by our acquiescing or agreeing with the House amendment that we are in any way agreeing in advance as to the type of home rule amendment or legislation that would be proposed by this committee?"

Senator Moriarty, Jr.:

"No, I don't believe so."

Senator Gissberg:

"Then, one further question:

"If we vote to concur, we are not necessarily expressing ourselves and this legislature is not necessarily expressing itself in favor of home rule for cities, is that correct?"

Senator Moriarty, Jr.:

"That is correct, Senator Gissberg."

Further debate ensued.

The motion was carried and the Senate concurred in the House amendment to Senate Bill No. 235.

## ROLL CALL

The Secretary called the roll on the final passage of Senate Bill No. 235, as amended by the House, and the bill passed the Senate by the following vote: Yeas, 48; nays, 0; absent or not voting, 0; excused, 1.

Absent or not voting: Senator Durkan—1.

#### POINT OF INQUIRY

Senator Greive:

"Would Senator Ryder yield to a question, Mr. President:

"Senator Ryder, regardless of how you feel on this bill, don't you think in light of the fact that we have consistently extended the courtesy across the aisle of permitting debate, and we have consistently withdrawn demands for the previous question to permit debate, that we should suspend the rules and permit debate on this very important bill? Senator Herrmann wants to say something on this bill, and I think you ought to prevail upon your side to change enough votes to permit him to debate this."

Senator Ryder:

"Senator Greive, I am not wanting to cut off debate on the bill. This is the motion to concur in the amendments. The bill will come up for final passage, and so far as I am concerned, I am perfectly willing to give anyone as much time as they want. I think we did talk about the amendments yesterday, Senator. There were two amendments on the bill, one of which struck Senator Herrmann's amendment, and one of which struck Senator Freise's amendment."

Senator Dore demanded a roll call on the motion by Senator Ryder to concur in the House amendments, and the demand was sustained by Senators Petrich, Stender, Atwood, Moriarty, Jr., Rasmussen, Charette, Greive and McCutcheon.

Senators Greive, Rasmussen and Bailey demanded a Call of the Senate.

#### PERSONAL PRIVILEGE

Senator Woodall:

"Mr. President, I don't know if my remarks are on the bill or upon personal privilege."

The President:

"The Senator will speak upon point of personal privilege."

Senator Woodall:

"Mr. President and members of the Senate:

"I had planned to vote for concurring in the amendments of the House until such time as the gag rule was put on. We have approximately six matters of difference between the two bodies to consider. Everyone knows we are going to be here for several days. All during the session, we have been extremely liberal to grant suspensions to allow people to debate every matter they desired. I saw no reason to impose the gag rule at this time. I hope it shall not be imposed on any other item during the rest of this session."

Debate ensued.

#### POINT OF INQUIRY

Senator Herrmann:

"Mr. President, will Senator Woodall yield to a question?"

"Senator Woodall, I understand that you had a written statement from one of the lobbyists that they would not oppose this bill being amended with reasonable amendments, is that right?"

Senator Woodall:

"The letter I have relates to two areas which I raised the question on, namely, the dropping to fourteen days of the sixty days a man now has the right to discover a forgery in his bank account; and, the second feature was the changing of the law of sales where a thief can now give good title. They assured me they would not oppose changes in those two categories. My letter was restricted to those two inquiries."

Senator Herrmann:

"That is signed by Mr. Joel Gould?"

Senator Woodall:

"Yes."

Senator Herrmann:

"And is it your understanding, Senator, that Mr. Gould is retiring this year or next year?"

Senator Woodall:

"I know nothing about Mr. Gould's lobbying plans one way or the other."

Senator Herrmann:

"Members of the Senate, I don't see how Mr. Gould could be signing anything

that would be binding on his successors in interest. I have it from very good sources, including Mr. Gould, himself, that he is retiring and will not be with the Seattle First National Bank next session."

Further debate ensued.

Providing for disposition of funds received by the University of Washington.

The bill was read the second time by sections.

On motion of Senator Foley, the following amendment was adopted:

On page 2, section 3, line 19, after "fund" and before "are in" insert "and permanent fund"

On motion of Senator Greive, the rules were suspended, Engrossed Senate Bill No. 519 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

#### POINT OF INQUIRY

Senator McCutcheon:

"Mr. President, would Senator Ryder yield to a question?

"Are these funds to be used to service bonds, or what are you going to do with them?"

Senator Ryder:

"The income from the lands which are being managed by the Department of Natural Resources will go into the bond fund and can be used for servicing bonds. Also, investments from the permanent fund may go into this. However, income from the sale of land will go into the permanent fund and will remain there and not be used to service the bonds."

Senator McCutcheon:

"Is there a distinction between this program and other proposed programs of taking permanent school land and appraising it at a hundred million dollars and using the overage to service the bonds for construction of schools?"

Senator Ryder:

"This is a parallel proposal, yes."

Senator McCutcheon:

"What is happening to the money now?"

Senator Ryder:

"The money now is going into the permanent fund and is not being used for anything except investments in very limited fields. The income from that is now going into the general fund."

Debate ensued.

#### POINT OF INQUIRY

Senator Riley:

"Would Senator Ryder yield to a question, Mr. President?"

"Senator, has it ever been determined what the total value of the land and trees and so forth in dollars is, against which we are changing this particular policy?"

Senator Ryder:

"This is a very difficult thing, Mr. President and members of the Senate, to determine. There are some 84,000 acres, as I understand it, which the University now owns. We have asked the Department of Natural Resources to give us a value and they have not been able to come up with it because of the difficulties in appraising and segregation. However, it has been rather conservatively estimated, in my opinion, as worth some thirty to forty million dollars."

Further debate ensued.

#### POINT OF INQUIRY

Senator Moriarty, Jr.:

"Mr. President, would Senator Greive yield to a question?"

"Senator, I notice this bill carries an appropriation. I wonder if it has ever been considered by the Committee on Ways and Means."

Senator Greive:

"The resolution is on third reading now. We didn't take it off of second reading during the regular session."

It was moved by Senator Moriarty, Jr., that Senate Concurrent Resolution No. 12 be referred to the Committee on Ways and Means.

The motion was lost on a rising vote.

On motion of Senator Greive, the rules were suspended, the second reading considered the third, and Senate Concurrent Resolution No. 12 was placed on final passage.

Debate ensued.

#### POINT OF INQUIRY

Senator McCutcheon:

"Mr. President, would Senator Hanna yield to a question?"

"Senator Hanna, it is also very helpful to find out how federal appropriations might be coordinated with our own tax problems. Would this be part of this same problem?"

Senator Hanna:

"Senator McCutcheon, I can see no reason why this wouldn't be part of this problem and a very important part of this committee's activities."

Debate ensued.

Senators Greive, McMillan and Gallagher demanded the previous question and the demand was sustained.

**HOUSE AMENDMENTS TO SENATE BILL**

The Senate resumed consideration of Engrossed Senate Bill No. 379 and the House amendments thereto.

**PARLIAMENTARY INQUIRY**

Senator Greive:

"Mr. President:

"May I ask the status of Engrossed Senate Bill No. 379?"

**REPLY BY THE PRESIDENT**

The President:

"The bill is on the Secretary's desk with a message from the House."

Senator Gallagher:

"Mr. President, further point of parliamentary inquiry:

"I believe that when the measure was read in the other day, there was a question as to whether or not the bill which had been scalped was germane to the title of the act."

The President:

"Yes, the President is prepared to rule upon that point at this time."

**RULING BY THE PRESIDENT**

The President:

"The President's ruling on the point of order as raised by Senator Gallagher:

"Engrossed Senate Bill No. 379 provides that the chairman of the Board of Prison Terms and Paroles shall be responsible for the supervision of the employees of the board and that this supervision shall be through the director appointed by the board whose duties are prescribed. Also, the bill places the employees, except the director, under the Civil Service Act and prescribes their duties.

"The amendment as adopted by the House creates an entire new division within the Department of Institutions and transfers to the Department of Institutions powers and duties of the Board of Prison Terms and Paroles, as well as personnel, records, equipment and vehicles of the Board of Prison Terms and Paroles. Also, this amendment enacts new regulations governing the supervision of parolees.

"Therefore, this amendment does substantially change the scope and object of the bill and the point of order as raised by Senator Gallagher is well taken."

**MOTION**

Senator Gallagher:

"Mr. President:

"Based upon the ruling of the Chair, I move the bill as amended be referred to the proper committee. I think the committee was the Committee on Public Institutions."

**RULING BY THE PRESIDENT**

The President:

"Senate Rule No. 62 makes it the duty of the President to refer any Senate bill which has passed the House with amendments changing the scope and object of the bill to an appropriate committee to take the course of original bills.

"Therefore, the President refers Engrossed Senate Bill No. 379 to the Senate Committee on Public Institutions."

**MOTION**

It was moved by Senator Freise that the rules be suspended and that the Senate do not concur in the House amendments to Engrossed Senate Bill No. 379.

**PARLIAMENTARY INQUIRY**

Senator Kupka:

"Mr. President:

"If I understand the rules, I think the bill is in the Committee on Public Institutions at this time by the ruling of the Chair, and I don't believe it is any longer before this body. I think you would have to relieve the committee of the bill now."

**REPLY BY THE PRESIDENT**

The President:

"The President believes that Senator Kupka's remarks are correct, that the Senate would have to relieve the Committee on Public Institutions of further consideration of the bill, Senator Freise."

**MOTION**

Senator Freise:

"Mr. President:

"I then move that the rules be suspended and that the Committee on Public Institutions be relieved of further consideration of Engrossed Senate Bill No. 379."

Senators Kupka, Gallagher and Greive demanded a Call of the Senate.

A Call of the Senate was ordered.

**CALL OF THE SENATE**

The Sergeant at Arms locked the doors of the Senate Chamber.

The Secretary called the roll on the Call of the Senate, all members being present.

On motion of Senator Greive, the Senate dispensed with the Call of the Senate.

At 11:50 a. m., on motion of Senator Greive, the Senate recessed until 1:30 p. m.

**AFTERNOON SESSION**

The President called the Senate to order at 1:30 p. m.

Senators Greive, Raugust and Bailey demanded a Call of the Senate.

A Call of the Senate was ordered.

**CALL OF THE SENATE**

The Sergeant at Arms locked the doors of the Senate Chamber.

The Secretary called the roll on the Call of the Senate, all members being present.

On motion of Senator Greive, the Senate proceeded under the Call of the Senate.

The President stated the question before the Senate is: It has been moved by Senator Freise that the Committee on Public Institutions be relieved of further consideration of Engrossed Senate Bill No. 379 and the House amendments thereto.

It was moved by Senator Gallagher that the motion by Senator Freise be laid upon the table.

**POINT OF ORDER**

Senator Moriarty, Jr.:

"Mr. President, point of order:

"It is my understanding that the motion to not concur with the House amendments was placed before the body before the President's ruling and before the motion by Senator Freise to relieve the committee and before the motion by Senator Gallagher to lay Senator Freise's motion on the table. It seems to me that the orderly process requires that the motion not to concur be put first."

Senator Greive:

"Mr. President:

"To refresh Senator Moriarty's mind, this matter was raised and the President ruled that this embodied two subjects within one act and that the amendments were beyond the scope and object of the bill. The President then ruled in accordance with Rule 62 that it had to go to committee, and then Senator Freise made his motion."

Senator Freise:

"Mr. President:

"That is not a correct statement of events. I made my motion not to concur before the question was raised. The bill and the message from the House had been read in and the President affirmed that I had made my motion timely."

Senator Gallagher:

"Mr. President, speaking to the point:

"As I recall, Senator Freise perhaps is right. He did raise the question that it be referred and at that time I rose to the point of order asking for the ruling. The Chair then ruled, I think, that Senator Freise's motion was out of order at that time. The President then ruled that the bill should go to the proper committee."

Senator Freise:

"I believe, Mr. President, that the President stated at that time that my motion was in order because it had been made timely."

Senator Moriarty, Jr.:

"Mr. President:

"You recall the ruling the other day on the question of concurring and a question to recommit. The President at that time ruled that the motion to commit and the motion to concur were of equal rank and the motion that was put first, should be acted upon first."

**RULING BY THE PRESIDENT**

The President:

"In perusing the minutes, the President finds that it is true that Senator Freise made the motion to not concur in the House amendments to Engrossed Senate Bill No. 379. At this point, Senator Gallagher called for a ruling on the point of order presented at a prior session. The ruling was made at this stage and in compliance with Senate Rules, the President referred the bill to the proper committee. Senator

Freise then renewed his motion not to concur. This motion, at this point, was ruled out of order. Then Senator Freise moved that the Committee on Public Institutions be relieved of further consideration of the bill. Senator Gallagher then rose and made the motion that the motion by Senator Freise be laid upon the table, and that is the question before the Senate at this time."

On motion of Senator Greive, the rules were suspended to permit Senators Freise and Gallagher to give brief explanations of their motions.

Debate ensued.

Senator Moriarty, Jr., demanded a roll call and the demand was sustained by Senators Neill, Chytil, Thompson, Jr., Freise, Peterson (Ted), Greive, Herrmann, Kupka, Gallagher and Hallauer.

#### ROLL CALL

The Secretary called the roll and the motion by Senator Gallagher to lay the motion by Senator Freise upon the table was carried by the following vote: Yeas, 27; nays, 22.

Those voting yea were: Senators Bailey, Charette, Connor, Cooney, Cowen, Durkan, Foley, Gallagher, Gissberg, Greive, Hanna, Henry, Herr, Herrmann, Keefe, Knoblauch, Kupka, McCutcheon, McMillan, Mardesich, Morgan, Peterson (Lowell), Petrich, Rasmussen, Sandison, Talley, Washington—27.

Those voting nay were: Senators Atwood, Chytil, Donohue, Dore, England, Freise, Guess, Hallauer, Lennart, Lewis, McCormack, Moriarty, Jr., Neill, Peterson (Ted), Raugust, Redmon, Riley, Ryder, Stender, Thompson, Jr., Williams, Woodall—22.

#### MOTION

It was moved by Senator Washington that the Committee on Public Institutions be instructed to report Engrossed Senate Bill No. 379 back to the Senate within seventy-two hours, together with reasons for its recommendations.

Debate ensued.

#### POINT OF INQUIRY

Senator Durkan:

"Would Senator Washington yield to a question?  
"You are for or against what, now?"

Senator Washington.

"I am opposed to a bill possibly going to a committee at this stage and very likely not returning from that committee."

Further debate ensued.

#### POINT OF INQUIRY

Senator Moriarty, Jr.:

"Senator Washington, your motion was, as I understand it, that the committee report directly back to the Senate within seventy-two hours, is that correct?"

Senator Washington:

"That is correct."

#### POINT OF ORDER

Senator Gallagher:

"Mr. President, if I may again raise a point of order:

"I believe that Senator Washington's motion was to direct the committee to report back in seventy-two hours, but again quoting the rule, without a suspension of that rule, that bill shall take its regular course, which means, if it would take its

regular course, would go through the normal procedure. If he wants to suspend that rule, that's a different question, but as I understand it, he has instructed the committee to report back to the Senate. It still must take the course of regular bills reported back."

Senator Moriarty, Jr.:

"Speaking to the point of order, Mr. President:

"I call the President's attention to Rule 46 which states: 'Recalling Bills from Committees: Any standing committee of the Senate may be relieved of further consideration of any bill by a majority vote of the members of the Senate. The Senate may then make such orderly disposition of the bill as they may direct by a majority vote of the members of the Senate.'

"It seems to me Senator Washington's motion is simply a motion that the bill come back directly from the Committee on Public Institutions, and this can be carried by a majority vote. It does not require a suspension of the rules, inasmuch as a majority vote is sufficient to relieve the Rules Committee of the bill."

#### PARLIAMENTARY INQUIRY

Senator Woodall:

"Mr. President:

"As I understand it, the bill is now in the Committee on Public Institutions, the committee of Senator Morgan, due to the failure of the motion by Senator Freise, or due to the motion to lay his motion on the table, is that correct?"

#### REPLY BY THE PRESIDENT

The President:

"That is correct, Senator Woodall."

#### POINT OF ORDER

Senator Woodall:

"Then, Mr. President, it would seem to me that these other motions would be out of order. If, after seventy-two hours, the committee has done nothing, then a motion to discharge at that time would be the proper one. It is presently in the committee, and it seems to me that the other motions are out of order until the committee has had a chance to act."

Senator Washington:

"Mr. President, speaking on the point of order:

"I believe we do have the right as a body to make directions as far as committee action is concerned, and particularly where we do have this inhibition that we don't want to vote directly to discharge a committee from its responsibilities on a particular bill. Many times the unwritten rules of this Senate are much more binding than the written rules, and what I'm trying to do here is be practical and avoid a head-on collision with the unwritten rule that we don't discharge a committee of its responsibility. This avoids that in a very polite way by saying we do ask the committee to report back within seventy-two hours with reasons for their recommendations."

#### RULINGS BY THE PRESIDENT

The President:

"The President, ruling upon the point raised by Senator Woodall:

"The President believes that the motion by Senator Washington is in order.

"The President, ruling upon the point of order raised by Senator Gallagher:

"The President respectfully directs the attention of the Senators to that portion of Rule 61 which states: 'Upon being reported back by committee, all bills shall be referred to the Committee on Rules and Joint Rules for second reading,' unless otherwise directed by the Senate."

Senator Rasmussen:

"Mr. President, speaking to the point of order just raised and the matter raised by the President that all bills shall go to the Rules Committee for second reading,

or after second reading, this particular bill has no chance of being on second reading at any time because it has already had action by both houses; and, recalling what Si Holcomb, Chief Clerk of the House at the time that Mr. Bowden was over there as his Assistant, said, his opinion was, and it was sustained at that time, and I would have to look it up in the record: Once a bill is in circulation between the two houses, having passed both houses, that it could not go to committee, that it had to be decided by motions either to adhere or recede and so forth, but it was in circulation between the two houses and did not belong to any committee. I just brought that to the attention of Mr. Bowden, because he was there at the time."

#### REPLY BY PRESIDENT

The President:

"Senator Rasmussen, with the indulgence of the members of the Senate, the President recalls visiting New York City in 1936 and, upon visiting the city, asking one of New York's finest for directions to the Bronx. He said, 'It's straight down this street fifteen miles,' and I said, 'Fifteen miles!' He said, "Yes, Bud, you're in the city now."

Senator Rasmussen:

"You should have said, 'in the Senate.' I accept that, Mr. President."

Senator Freise:

"Mr. President:

"I concur in the arguments of Senator Washington. I think that Mrs. Morgan's committee will act on this probably within the seventy-two hour time limit and it will come back to the Senate so that the forty-nine Senators will have an opportunity to vote upon it."

#### PARLIAMENTARY INQUIRY

Senator Moriarty, Jr.:

"I just want to be certain, Mr. President, and I direct this question to the Chair as a parliamentary inquiry:

"It is my understanding that the bill will be back before us on third reading and final passage, is that correct?"

#### REPLY BY THE PRESIDENT

The President:

"The President finds it very difficult to answer your question, Senator Moriarty. The President believes that when the bill is reported back, providing the motion by Senator Washington carries, that it will be up to the will of the body as to their determination."

Senator Moriarty, Jr.:

"Mr. President:

"I don't want to compound the felony, but I would like to refer the President to the first sentence of Rule 61 which provides this rule may be suspended by a majority vote; and I believe we amended that to provide that after the tenth day of the extraordinary session the rules could be suspended by majority vote. I want to be clear in my understanding on this. Senator Washington's motion is that the bill be reported back from the Committee on Public Institutions to the Senate for concurrence or non-concurrence within seventy-two hours."

Senator Henry:

"Mr. President and members of the Senate:

"If I recall the President's ruling correctly that it was beyond the scope and object of the bill, then this cannot come back in its present form for concurrence or non-concurrence. It would have to be amended by the committee, or at least changed in some respect so it would fall within the scope and object of the title."

Senator Ryder:

"Mr. President:

"Rule 61, which you quoted a few minutes ago, refers to bills which are being reported out of committee, and then into Rules Committee for second reading. Now

this bill has already been through second reading in both houses. It cannot be amended by any committee or cannot be amended by the Senate. The only thing we can do is concur or not concur in the House amendments, and it is not in any way on second or third reading. It is here for concurrence. It would have to be reported out of the Committee on Public Institutions with recommendation either that we do concur or do not concur, and then Senator Washington's motion would provide that they include written reasons for their recommendations."

**RULING BY THE PRESIDENT**

The President:

"Gentlemen of the Senate and Mrs. Morgan:

"The distinctive feature of Engrossed Senate Bill No. 379 is that it bears a ruling, to wit: That the present bill changes the scope and object of Engrossed Senate Bill No. 379, and the President believes Rule 62 covers the situation adequately, and Rule 62 in essence states that any such bill shall take the course taken by an original bill. Therefore, when the committee reports back, if it takes the same course as an original bill, it would be referred to the Committee on Rules and Joint Rules, unless the body otherwise dictates."

Debate ensued.

Senators Greive, Washington and Herrmann demanded the previous question and the demand was sustained.

**PARLIAMENTARY INQUIRY**

Senator Moriarty, Jr.:

"Mr. President, parliamentary inquiry:

"Should this motion carry and the bill be reported back, will it be before us for concurrence or non-concurrence?"

**REPLY BY THE PRESIDENT**

The President:

"The bill will be before the Senate in the same form as an original bill, to wit: It will be directed to the Senate Committee on Rules and Joint Rules, unless otherwise decided by the members of the Senate."

**PARLIAMENTARY INQUIRY**

Senator Herrmann:

"Parliamentary inquiry, Mr. President:

"If it comes back as an original bill, would the question then be whether it is proper matter for the special session?"

The President:

"For what purpose does Senator Moriarty rise?"

**PARLIAMENTARY INQUIRY**

Senator Moriarty, Jr.:

"To ask whether or not the response to the parliamentary inquiry does violence to the joint rules adopted by the House and Senate."

**REPLY BY THE PRESIDENT**

The President:

"The President believes from memory that this particular situation is not covered in the joint rules, but historically speaking, this has been done before."

**PARLIAMENTARY INQUIRY**

Senator Washington:

"Parliamentary inquiry, Mr. President:

"The intent of this motion is that it direct the committee to report back to the Senate, and that would mean that it would not go to the Rules Committee."

**REPLY BY THE PRESIDENT**

The President:

"Perhaps that is your intention, Senator, but the way the President understands this particular motion, the Committee on Public Institutions is directed to report the bill back with recommendations. I'm sure that the chairman and the members of that group can recommend to the Senate what they desire, but it would still be the decision of the Senate as to what happens to the bill when the bill is before the Senate. The Senate may take any action it may so desire."

**PARLIAMENTARY INQUIRY**

Senator Riley:

"Mr. President:

"To get it clear in my own mind, the President is ruling that when and if the committee follows the instructions of the motion by Senator Washington, to wit: 'That it shall report the bill back, and it shall report back within seventy-two hours, and it shall set forth recommendations', and the bill shall be a property then of the full Senate on the floor?"

Senator Gissberg:

"Mr. President and Senators:

"I think the President has stated several times, and if I could assist, that in the absence of a motion being made, as the bill came through here, that it would go into Rules Committee; that the President would treat this as a new bill, which it is. It would take its regular course, namely; be passed to second reading, because it is a new bill. But, if you want to catch it as it goes through here and make some appropriate motion at that time to preclude it from going into the Rules Committee then you may do so. The Senate may do so, as they can with any bills, but we must consider this as an entirely new bill. It is for that reason that it has to go through the committee system again."

**PARLIAMENTARY INQUIRY**

Senator Lewis:

"Mr. President, parliamentary inquiry:

"In the Chair's opinion, may the Committee on Public Institutions amend the bill from its present form?"

**REPLY BY THE PRESIDENT**

The President:

"Senator Lewis, the Committee on Public Institutions has full power and authority to suggest amendments, but the committee cannot amend the bill."

**PARLIAMENTARY INQUIRY**

Senator Gallagher:

"Mr. President, may I make one further inquiry to your answer to Senator Lewis:

"Was it my understanding that you said the committee was prohibited from amending the bill?"

**REPLY BY THE PRESIDENT**

The President:

"The President indicated that the Committee on Public Institutions could suggest or propose amendments, but the committee, in itself, could not amend the bill."

Senator Washington demanded a roll call and the demand was sustained by Senators Greive, Bailey, Gallagher, Kupka, Connor, Cooney, Freise, Woodall and Neill.

**ROLL CALL**

The Secretary called the roll and the motion by Senator Washington was carried by the following vote: Yeas, 28; nays, 21.

Those voting yea were: Senators Atwood, Chytil, Cowen, Donohue, Dore, England, Freise, Guess, Hallauer, Hanna, Lennart, Lewis, McCormack, Morgan, Moriarty, Jr., Neill, Peterson (Ted), Petrich, Rasmussen, Raugust, Redmon, Riley, Ryder, Talley, Thompson, Jr., Washington, Williams, Woodall—28.

Those voting nay were: Senators Bailey, Charette, Connor, Cooney, Durkan, Foley, Gallagher, Gissberg, Greive, Henry, Herr, Herrmann, Keefe, Knoblauch, Kupka, McCutcheon, McMillan, Mardesich, Peterson (Lowell), Sandison, Stender—21.

Engrossed Senate Bill No. 379, as amended by the House, was referred to the Committee on Public Institutions, with instructions to report back to the Senate within seventy-two hours with its recommendations.

#### MOTION

It was moved by Senator Greive that vetoed Senate Bill No. 360, together with the veto message of the Governor, be placed before the Senate for immediate action.

The motion was carried.

The Secretary read:

#### MESSAGE FROM THE SECRETARY OF STATE

Department of State, Office of the Secretary,  
Olympia, Wash., March 24, 1965.

*To the Honorable, the President of the Senate,  
The Legislature of the State of Washington,  
Olympia, Washington.*

Sir:

I have the honor to transmit herewith pursuant to Section 12, Article 3 of the Constitution of the State of Washington, for the consideration of the Senate, Enrolled Senate Bill No. 360 which has been vetoed by the Governor, together with his veto message attached thereto.

Respectfully,

A. LUDLOW KRAMER, *Secretary of State.*

#### MESSAGE FROM THE GOVERNOR

State of Washington, Executive Department,  
Olympia, March 23, 1965.

*To the Honorable, the Senate of the State of Washington.*  
(Through the Secretary of State)

LADY AND GENTLEMEN:

I am filing herewith to be transmitted to the Senate at the next session of the Legislature, without my approval, Senate Bill No. 360 entitled:

"AN Act relating to labor relations; authorizing collective bargaining by and between agencies of the state and its political subdivisions and the employees thereof; and prohibiting certain practices."

This bill purports to grant to employees of the state and certain political subdivisions the right to bargain collectively with their employers through labor organizations. I am satisfied that this statute is not necessary to confer this right upon public employees, and that, as written, the bill would contravene the merit systems now established at many levels of government.

Collective bargaining is not new to state or local government. At least nine collective bargaining agreements are in operation between organizations of public employees and state agencies; and more than thirty such collective bargaining agreements have been entered into with local units of government.

The state supreme court and the attorney general have ruled time and time again that such agreements are permissible under our laws as they now exist, without the need for Senate Bill No. 360. The supreme court ruled as early as 1947 that local government employees could organize and bargain collectively. This position was reaffirmed in 1958. The attorney general has issued similar opinions regarding city employees in 1951, county employees in 1957, and employees of municipal corporations

generally in 1961. Therefore, no new law is needed to authorize the governing bodies of local units of government to enter into collective bargaining agreements, so long as those agreements do not transfer from the public officials elected by the people, the powers and duties which they alone were elected to perform, and so long as ultimate control over the public purse-strings is retained by those elected officials.

Nor is Senate Bill No. 360 needed in order to authorize collective bargaining at the state level of government. In 1960 the people enacted by initiative a system of personnel administration based on merit. Section 15 of this law requires the adoption of rules by the State Personnel Board to authorize collective bargaining agreements. These rules have been adopted, and agreements have been entered into by state agencies.

But it is the effect of Senate Bill No. 360 upon this merit system, and the merit systems established at countless local units of government, which concerns me most. I have noted from my examination of the laws of other states that invariably the authorization to bargain collectively has been made subject to the paramount principle of civil service. For example, the California law provides:

"Nothing contained herein shall be deemed to supersede the provisions of existing state law and the charters, ordinances and rules of local public agencies which establish and regulate a merit or civil service system or which provide for other methods of administering employer-employee relations. This chapter is intended, instead, to strengthen merit, civil service and other methods of administering employer-employee relations through the establishment of uniform and orderly methods of communication between employees and the public agencies by which they are employed."

Also, the federal government has exempted its employees from labor legislation to avoid any conflict with the federal civil service system. No state or federal law which I have examined conflicts so directly with the civil service system as Senate Bill No. 360.

Under state merit system rules, collective bargaining agreements are subject to certain limitations. For example, these agreements may not contravene any merit system rule or Central Budget Agency regulation promulgated under statutory authority. And the attorney general has similarly ruled that under existing law collective bargaining agreements at the local level may not conflict with any charter or ordinance (which would include a merit system provision). Merit system laws and rules often provide methods for resolving disputes through personnel boards or civil service commissions. Without the limitations contained in the laws of other states, Senate Bill No. 360 would undermine these procedures and ultimately the entire civil service system.

Section 15 of the state merit system initiative also limits the scope of bargaining to matters "which may be peculiar to an agency." This recognizes that many of the terms and conditions of public employment are fixed by the legislature and therefore cannot be bargained away. Senate Bill No. 360 without such restrictions conflicts with the merit system and derogates from the duties conferred by the people upon their elected representatives.

For the foregoing reasons I have vetoed Senate Bill No. 360; but I have not done away with the right of public employees to collectively bargain. This right still exists, but without Senate Bill No. 360 the people will be assured that collective bargaining agreements will continue to be subject to merit systems wherever they exist, and that statutory and constitutional duties of elected officials will not be transferred at the bargaining table to some other person or group not responsible to the will of the people.

Respectfully submitted,

DANIEL J. EVANS, Governor.

It was moved by Senator Greive that Senate Bill No. 360 be passed by the Senate, notwithstanding the veto of the Governor.

Debate ensued.

#### POINT OF INQUIRY

Senator Moriarty, Jr.:

"Would Senator Greive yield to a question?"

"Senator, you said, if I understand your remarks correctly, that Governor Evans voted for 'precisely' the same bill and 'exactly' the same bill, is that correct?"

Senator Greive:

"If I said it in that way, I don't know exactly what the bill said. I haven't read it.

I have been informed it was a bill that did the same things this one does. It was a bill to permit state employees to organize and bargain collectively. Maybe I should change my remarks. I asked you to do substantially what Governor Evans did in 1961."

Further debate ensued.

Senators Gallagher, Bailey and Moriarty, Jr. demanded the previous question and the demand was sustained.

Senator Moriarty, Jr. demanded a roll call and the demand was sustained by Senators Woodall, Neill, Atwood, Bailey, Guess, Greive, McCutcheon, and Rasmussen.

**PARLIAMENTARY INQUIRY**

Senator Gallagher:

"Mr. President, parliamentary inquiry or point of order:

"As I read this motion, it sounds as though it is one which was drafted within the Highway Department. I think there are about four different motions within it. I hope that the sponsors of the motion would at least divide them so we could take them up one at a time."

Debate ensued.

Senator McCutcheon:

"Mr. President:

"What is before the Senate at this time?"

**REPLY BY THE PRESIDENT**

The President:

"The question before the Senate is the motion by Senator Washington."

Further debate ensued.

#### PERSONAL PRIVILEGES

Senator Morgan:

"Mr. President and members of the Senate:

"I wish to speak on point of personal privilege. I was instructed a day or two

ago to do just this very thing. We had a committee meeting slated for 2:00 p. m., today. We have now cancelled it to 9:30 in the morning because we have a Ways and Means Committee meeting with cities waiting. Senator McCutcheon has scheduled this meeting on this measure, which I cannot attend. It is almost impossible to get a committee together, so I wanted this in the record that that is why I voted against this motion."

Senator Freise:

"Mr. President:

"I would like to call to Mrs. Morgan's attention now this was two days ago and if she had been as prompt in calling a committee meeting as Senator McCutcheon, we would have had the meeting long ago. The seventy-two hours is just about up and now, at the eleventh hour, we are notified that this committee meeting is being cancelled until tomorrow morning."

Senator Lennart:

"Mr. President, personal privilege:

"I don't know how far we can go in mandating committee members to do what they feel they shouldn't do. Supposing we mandate the Rules Committee to bring out a bill within a certain number of hours. This is tantamount to voting to take the bill away from the committee. I absolutely feel this is irresponsibility on the part of legislators. I personally wanted to get the bill out, but just in spite of everybody, I am not going to vote to get this damn thing out."

Senator Morgan:

"Mr. President, point of personal privilege again:

"I was given this bill day before yesterday in the middle of the afternoon. Yesterday we got out the notices and gave you time to put it on the bulletin board. Every bill of yours, Senator Freise, has come out of this committee except this one which you amended on in the House. I have been more than fair. I dislike your remarks very much."

**House Concurrent Resolution No. 26**, by Representatives Taplin, Traylor and Haussler:

Providing for study of feasibility of tourist information centers.

Referred to Committee on Commerce, Manufacturing and Licenses.

#### SIGNED BY THE PRESIDENT

**The President signed: House Bill No. 13; also**

**Substitute House Bill No. 96; also**

**House Bill No. 303.**

#### MOTION

On motion of Senator Neill, Senators Neill, Bailey and Hallauer were excused.

#### SECOND READING OF BILLS

**Engrossed House Bill No. 442**, by Representatives Brouillet, Litchman and Saling:

Creating legislative committee on education.

The bill was read the second time by sections.

It was moved by Senator Dore that the following amendment be adopted:

On page 2, section 7, line 21, after the period add the following sentence: "That the chairmanship of the committee shall rotate each biennium between members of the Senate and House."

Debate ensued.

On motion of Senator Riley, Engrossed House Bill No. 442 was ordered to retain its place on the second reading calendar for tomorrow.

**House Concurrent Resolution No. 19**, by Representatives Litchman, Gallagher and Johnston (Elmer E.):

Reactivating Joint Committee on Governmental Cooperation.

The resolution was read the second time in full.

On motion of Senator Henry, the rules were suspended, House Concurrent Resolution No. 19 was advanced to third reading, the second reading considered the third, the resolution placed on final passage and adopted.

**Senate Bill No. 489**, by Senators Sandison, Neill, Ryder and Hallauer:

Creating a temporary advisory council on public higher education and setting forth its powers and duties.

On motion of Senator Gissberg, Senate Bill No. 489 was ordered to retain its place on the second reading calendar for tomorrow.

#### PARLIAMENTARY INQUIRY

Senator Rasmussen:

"Point of parliamentary inquiry, Mr. President:

"House Concurrent Resolution No. 19 provides for the expenditure of a fund. Shouldn't that be adopted by a roll call vote?"

#### REPLY BY THE PRESIDENT

The President:

"If an appropriation is provided for, it should be, Senator."

Senator Rasmussen:

"Then House Concurrent Resolution No. 19 should have a roll call vote."

Senator Gissberg:

"Mr. President:

"Actually that language in the last paragraph is redundant. Whoever drew this in the House copied the language I had used when this committee was reactivated two years ago, and the reason that that language was used at that time, in the previous biennium, was because at the last session there was, in fact, an unexpended fund to be spent of \$5,000, which has since been exhausted and I do not believe this bill carries any appropriation and it would not be necessary to have a roll call vote."

#### RULING BY THE PRESIDENT

The President:

"Senator Rasmussen, the President believes that the resolution does not carry an appropriation and does not require a roll call."

#### PERSONAL PRIVILEGE

Senator Freise:

"Mr. President and members of the Senate:

"I was mistaken before when I thought that the seventy-two hours was up today in connection with the referral or the reporting back of the Committee on Public Institutions, and in conferring with Mrs. Morgan, I realize we do have another day, so it wasn't the fifty-ninth minute of the seventy-second hours. I am sorry if I aggravated Mrs. Morgan, but I really did think this was the third day."

#### MOTION

At 3:55 p. m., on motion of Senator Greive, the Senate adjourned until 10:00 a. m., Saturday, April 3, 1965.

**MESSAGES FROM THE GOVERNOR**

State of Washington, Executive Department,  
Olympia, April 2, 1965.

*To the Honorable, The Senate of the State of Washington.*

LADY AND GENTLEMEN:

I am pleased to advise you that I have approved **Senate Bill No. 477** entitled:

"AN Acr relating to crimes and punishment; and amending sections 907 and 908, Code of 1881 as amended by section 18, chapter 69, Laws of 1891 and RCW 66.44.260."

This is an "agricultural exemption" bill. It allows the sale of booze on the day of any taxing district's election at which the ownership of property is a pre-requisite to voting. The election must be held on an "isolated date", which I assume means a date when no other election is held.

The rationale of this bill must be one of the following:

- (a) Why stop the serfs from drinking just because the landed gentry are voting;
- (b) People in agricultural areas can hold their liquor better than city folk, so why not let them go ahead and drink while voting; or
- (c) The elections in question only affect the voter's own property, so if he votes wrong while drunk, it will serve him right.

I concur with the legislature and subscribe to the foregoing propositions.

Respectfully submitted,

DANIEL J. EVANS, *Governor*.

State of Washington, Executive Department,  
Olympia, April 2, 1965.

To the Honorable, The Senate of the State of Washington.

LADY AND GENTLEMEN:

**Substitute Senate Bill No. 479:**

**Senate Bill No. 502:**

Changing commercial fishing license application date.

**Senate Bill No. 518:**

Authorizing application for federal assistance in acquisition of ferry vessels and providing state financing to implement grant.

Very truly yours,

RAYMOND W. HAMAN,

Legal Counsel to the Governor.

State of Washington, Executive Department,  
Olympia, April 2, 1965.

To the Honorable, The Senate of the State of Washington.

LADY AND GENTLEMEN:

I am returning herewith, without my approval, Senate Bill No. 229 entitled:

"AN ACT relating to county commissioners; canceling notice requirement for purchases under five hundred dollars; and amending section 36.32.250, chapter 4, Laws of 1963 and RCW 36.32.250."

This bill would eliminate the requirement that counties post a notice of intention to let contracts or make purchases involving amounts of \$500.00 or less. Existing law requires posting of notice where the amount exceeds \$100.00. I have no objection to this proposed change in the law.

However, Senate Bill No. 229 amends RCW 36.32.250 which also was amended in the 1965 Regular Session of the Legislature by Senate Bill No. 213, chapter 113, Laws of 1965. Senate Bill No. 229 does not refer to the earlier enactment in its title and does not include the changes in RCW 36.32.250 which were made by Senate Bill No. 213.

I am of the opinion that under Article 2, Section 37 of the State Constitution as interpreted by the Supreme Court in *State ex rel. Gebhart v. Superior Court*, 15 Wn. (2d) 673, Senate Bill No. 229 would have the effect of superseding Senate Bill No. 213.

Members of my staff have discussed this problem with Senator Gissberg who sponsored Senate Bill No. 229, and he agrees that it would be undesirable to permit this bill to become law under these circumstances.

I trust that legislation similar to Senate Bill No. 229 can be introduced at the next session of the Legislature in order to effect the amendment of the law contemplated by the Legislature.

Respectfully submitted,  
DANIEL J. EVANS, Governor.

Referred to Committee on Rules and Joint Rules.

The Secretary read:

"O Divine Redeemer, on this Passion Sunday, as we survey Thy wondrous Cross, challenge us to so give ourselves back to Thee that Thou canst give Thyself again through us.

"O Holy Spirit, may we sense Thy presence to equip us for every task, to grant wisdom for every decision, and to bless us with that peace which the world cannot give. O God, help us now to be masters of ourselves, that we may become the servants of others and thus follow in the steps of Thy blessed Son, Jesus Christ our Lord. Amen."

Senator Chytil:

"Well, I'm not too sure, but I believe the legislators could certainly take care of that matter. It is going to take additional moneys in any case if an institution of this type is to be put upon the statutes. I'm not particularly bleeding for the October date but I think March is too early."

**Engrossed Substitute House Bill No. 36**, by Committee on Education and Libraries:

Creating a state education television commission and defining its powers and duties.

The Senate resumed consideration of Engrossed Substitute House Bill No. 36 on second reading.

#### POINT OF INQUIRY

Senator Foley:

"Mr. President, I believe there was a question by Senator Riley on this bill. I believe Senator Thompson, having served on that committee, can give you a direct answer to your question."

Senator Riley:

"That's why I arose, Mr. President, to ask if Senator Thompson would yield.

"Senator Thompson, directing your attention to Engrossed Substitute House Bill No. 36, my question is, who will administer the act when and if Engrossed Substitute House Bill No. 36 is passed?"

Senator Thompson, Jr.:

"The administration of this act will be by this commission. The only purpose of this commission is to comply with federal regulations. You may recall back in the mid 'fifties' we started a state-wide educational television program system. We started Channel 9 and we reserved certain high frequency ranges in the state for educational television. It now appears that in order to assure the retention of these educational channels for future public use, that the Federal Communications Commission requires the state of Washington to have such a commission. It was in operation by the Governor. It would now be made a statutory body. It represents private and public colleges, common schools and so forth. The administration of the act would result primarily by meeting the requirements of the federal government in educational television in the funds that might be allocated or the channels that might be allocated. This public body would merely make a recommendation to the Federal Communications Commission through the Department of Health, Education and Welfare, so there really is no true administration other than to be in existence to meet the problems as they are indicated either by a petitioner for a channel or by the Federal Communications Commission itself."

Senator Riley:

"May I ask one more question of Senator Thompson?"

"Senator, directing your attention to section 3 where it states the length of the terms of such members shall be decided by lot, I'm curious to know, Senator, to your knowledge has there ever been a bill passed by the legislature wherein the terms are decided in such a manner?"

Senator Thompson, Jr.:

"Not to my knowledge, but this is for the original term only. I suppose the sponsors felt because all of the people who are serving are the very highest type of public servants, this is the only way they could determine the length of service."

On motion of Senator Foley, the rules were suspended, Engrossed Substitute House Bill No. 36, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

The Secretary called the roll and announced to the President that all Senators were present.

"Grant us, O God, a clear understanding of the work which must be done, and the wisdom in which to approach it. Give us courage and a full sense of moral rightness that will make our decisions as right in the future as they seem today.

"We pray, Lord, bless our national government in its leadership today, as Thou hast guided the ship of state in times past as men have asked Thine aid, grant that guidance this day in all of our world contacts and needs. This we pray in Christ's name. Amen."

MR. PRESIDENT:

and asks the Senate to recede therefrom, and said bill, together with the Senate amendments thereto, are herewith transmitted.

S. R. HOLCOMB, *Chief Clerk.*

It was moved by Senator Washington that the Senate recede from its amendments to Engrossed House Bill No. 234 in which the House did not concur.

Debate ensued.

#### POINT OF INQUIRY

Senator McCutcheon:

"Would Senator Washington yield?"

"Senator Washington, do I understand that the action by the House struck the amendment about the test, and that you have to be advised before you can take the breathing test? Is this in the law at the present time?"

Senator Washington:

"This is in the law at the present time. The bill, as drafted, was with the Uniform Code and did not contain such a provision."

Senator Woodall:

"Point of law, Mr. President:

"The present law does not provide that you have to be advised you don't have to take a test and I defy counsel to show me one section that says it."

The President:

"For what purpose does Senator Hallauer rise?"

Senator Hallauer:

"Responding to what Senator Washington said earlier, I want to make it clear that my understanding of the action on the floor was such that I have presumed we were going to get into a conference situation on this bill. I hesitate to see it handled otherwise."

Senator Greive:

"I want to agree with Senator Hallauer. I'm not sure what words were said, but the thought that was transmitted to me, as a Senator, was that I thought we were going to go to conference."

Senator Washington:

"Senator Greive, of course, did vote to indefinitely postpone."

Senator McCutcheon:

"Will Senator Washington yield?"

"I haven't got this straight in my own mind yet. The House sent the bill back and I heard that they had made several changes and it is now before us to concur with the House, and I understand you don't want to concur?"

Senator Washington:

"This is a House bill. It came over here. We placed amendments on it."

Senator McCutcheon:

"It went back to the House and they refused to concur?"

Senator Washington:

"They are asking us to recede."

Senator McCutcheon:

"They will not accept the Woodall amendments?"

Senator Washington:

"They will not accept the Woodall amendments, and I am asking that we do recede."

Debate ensued.

#### POINT OF INQUIRY

Senator Woodall:

"Mr. President, I'd like to ask Senator Washington if he would yield?"

"As I understand this message, the Freise amendment which is in the bill book which put the law back as it was on percent of alcoholic content in the bloodstream and put back the law saying that you could have other evidence. Did the House concur in that amendment or was it stricken?"

Senator Washington:

"The House concurred in that amendment."

#### POINT OF INQUIRY

Senator McCutcheon:

"I would like to ask Senator Washington to yield to one more question:

"Senator Washington, did you, in the final analysis when this bill was passed by the Senate and sent to the House with the Woodall amendments, did you accept the Woodall amendments at that time?"

Senator Washington:

"No, I did not."

Senator McCutcheon:

"You didn't accept them and said that?"

Senator Washington:

"Yes, on the motion to indefinitely postpone, I stated I was opposed to the Woodall amendments."

Senator McCutcheon:

"One more question:

"Did you vote for the bill after the Woodall amendments were attached?"

Senator Washington:

"Yes, I did."

**POINT OF INQUIRY**

Senator Raugust:

"Mr. President, would you permit me to ask Senator Freise a question?"

"In your opinion, would the drunken driver be in a better position with the Woodall amendments or without the Woodall amendments?"

Senator Woodall:

"I object to that as a contemptuous question."

Senator Greive:

"Number one, Senator Freise doesn't have the floor so he can't yield to anyone. I think it would be proper to let Senator Washington finish his remarks and hear other debate on this bill and let us make up our minds."

Senator Raugust:

"Could I be permitted to ask the question of Senator Washington?"

"Senator Washington, you heard the question I asked Senator Freise. Would you care to answer? Would the drunken driver, with the Woodall amendments added, have more leeway and be extended a better deal, or would it be better to have the law back as it was without the Woodall amendments?"

Senator Washington:

"Of course in my opinion this is a more lenient law than if the law went back to where it is at the present time."

**RULING BY THE PRESIDENT**

The President:

"The President believes that the suggestion made by Senator Greive is a good one and that Senator Washington should conclude his remarks and then others could speak upon the motion."

Debate ensued.

It was moved by Senator Hallauer that the motion by Senator Washington be laid upon the table.

On motion of Senator Greive, the rules were suspended to permit Senator Washington to close debate.

Further debate ensued.

During the debate by Senator Washington, the following proceedings were had:

The President:

"For what purpose does Senator Woodall rise?"

Senator Woodall:

"To request, tough as it is, to have Senator Washington stay on the subject and keep off of me."

Senator Washington:

"Well, Senator Woodall, you have been certainly noted for your charity towards me."

Senator Woodall:

"Charity, even to those who err."

Senator Washington:

"Now there are many times I wish I did have the courtroom presentation of Senator Woodall, the master of trying the prosecutor rather than the criminal—"

The President:

"Senator Washington will please confine his remarks."

Senator Woodall:

"Mr. President:

"He knows better than this. He has a weak case. He is now trying me, instead of the issue. If he had a strong case, he would talk about the issues."

The President:

"For what purpose does Senator Charette rise?"

Senator Charette:

"Mr. President:

"I think, as a former prosecutor, this is quite enjoyable. Senator Washington should be permitted to continue to tell us about Senator Woodall."

Senator Woodall:

"If he's going to lobby, I want him to put it in writing and I can use it in my office for clients."

Senator Washington:

"I'll be very happy to give Senator Woodall a testimonial on his persuasive ability and I wish I had the same persuasive abilities."

Debate ensued.

Senator Washington demanded a roll call and the demand was sustained by Senators Connor, Morgan, Charette, Kupka, Knoblauch, Riley, Henry, Talley and Hanna

#### PARLIAMENTARY INQUIRY

Senator Kupka:

"Mr. President, point of inquiry:

"If we table this motion, does that mean that the subject matter will go to conference?"

#### REPLY BY THE PRESIDENT

The President:

"In all likelihood it does, Senator. It depends upon future action to be taken by the Senate."

#### ROLL CALL

#### REPORT OF STANDING COMMITTEE

##### Senate Joint Resolution No. 22:

Senate Chamber,  
Olympia, Wash., April 3, 1965.

Providing for common school construction fund (reported by Committee on Ways and Means):

MAJORITY recommends that it do pass with the following amendments:

On page 1, strike everything including all proposed amendments by the Committee on Education after the colon following "Assembled" in line 2 and insert the following:

"THAT, At the next general election to be held in this state, there shall be submitted to the qualified electors of the state, for their approval and ratification, or rejection, an amendment to Article IX, section 3, and an amendment to Article XVI, section 5 of the Constitution of the state of Washington, to read as follows:

Article IX, section 3. The principal of the common school fund *as the same existed on June 30, 1965*, shall remain permanent and irreducible. The said fund shall consist of the principal amount thereof existing on June 30, 1965, and such additions thereto as may be derived after June 30, 1965, from the following named sources, to wit: Appropriations and donations by the state to this fund; donations and bequests by individuals to the state or public for common schools; the proceeds of lands and other property which revert to the state by escheat and forfeiture; the proceeds of all property granted to the state when the purpose of the grant is not specified, or is uncertain; funds accumulated in the treasury of the state for the disbursement of which provision has not been made by law; the proceeds of the sale of [timber,] stone, minerals, or [other] property *other than timber and other crops* from school and state lands, other than those granted for specific purposes; all

moneys received from persons appropriating [timber,] stone, minerals or [other] property *other than timber and other crops* from school and state lands other than those granted for specific purposes, and all moneys other than rental recovered from persons trespassing on said lands; five per centum of the proceeds of the sale of public lands lying within the state, which shall be sold by the United States subsequent to the admission of the state into the Union as approved by section 13 of the act of congress enabling the admission of the state into the Union; the principal of all funds arising from the sale of lands and other property which have been, and hereafter may be granted to the state for the support of common schools. The legislature may make further provisions for enlarging said fund.

*There is hereby established the common school construction fund to be used exclusively for the purpose of financing the construction of facilities for the common schools. The sources of said fund shall be: (1) Those proceeds derived from the sale or appropriation of timber and other crops from school and state lands subsequent to June 30, 1965, other than those granted for specific purposes; (2) the interest accruing on said permanent common school fund from and after July 1, 1967, together with all rentals and other revenues derived therefrom and from lands and other property devoted to the permanent common school fund [shall be exclusively applied to the current use of the common schools] from and after July 1, 1967; and (3) such other sources as the legislature may direct. That portion of the common school construction fund derived from interest on the permanent common school fund may be used to retire such bonds as may be authorized by law for the purpose of financing the construction of facilities for the common schools.*

*The interest accruing on the permanent common school fund together with all rentals and other revenues accruing thereto pursuant to subsection (2) of this section during the period after the effective date of this amendment and prior to July 1, 1967, shall be exclusively applied to the current use of the common schools.*

*To the extent that the moneys in the common school construction fund are in excess of the amount necessary to allow fulfillment of the purpose of said fund, the excess shall be available for deposit to the credit of the permanent common school fund or available for the current use of the common schools, as the legislature may direct.*

Article XVI, section 5. [None of the permanent school fund of this state shall ever be loaned to private persons or corporations, but it may be invested in national, state, county, municipal or school district bonds.] *The permanent common school fund of this state may be invested as authorized by law.*

*Be It Further Resolved*, That the foregoing amendments shall each be construed as separate amendments within the meaning of Article XXIII, section 1, (Amendment 37) of this Constitution.

*And Be It Further Resolved*, That the secretary of state shall cause notice of the foregoing constitutional amendments to be published at least four times during the four weeks next preceding the election in every legal newspaper in the state."

FRANK W. FOLEY, *Chairman*,

....., *Chairman*,

Committee on Appropriations.

MARTIN J. DURKAN, *Chairman*,

Committee on Revenue and Regulatory.

We concur in this report: R. Frank Atwood, Robert C. Bailey, Joe Chytill, Frank Connor, John L. Cooney, Dewey C. Donohue, Michael J. Gallagher, Wilbur G. Hallauer, Charles P. Moriarity, Jr. Marshall A. Neill, John A. Petrich, A. L. Rasmussen, John N. Ryder, Gordon Sandison, Albert C. Thompson, Jr., Walter B. Williams.

The resolution was read the second time in full.

On motion of Senator McCormack, the committee amendments by the Committee on Education were laid upon the table.

It was moved by Senator Dore than the committee amendments by the Committee on Ways and Means be adopted.

Debate ensued.

**POINT OF INQUIRY**

Senator McCutcheon:

"Mr. President, would Senator Dore yield to a question?"

"Senator. on page 1 of the committee amendment, you underline two-thirds

of the way down the page the words 'other than timber and other crops.' Why do you underline that?"

Senator Dore:

"That's new matter, otherwise it wouldn't be underlined. This was prepared by the attorneys. It is probably the original language of the constitution. They left the stone and minerals the same and merely apply it to timber and other crops. In other words, at the present time none of those moneys can be used for school construction purposes, so now proceeds from the sale of timber, can be used for this purpose. That's the purpose of the constitutional amendment, to limit it to \$200 million, approximately that amount, by means of a date cutoff and then it provides that proceeds from the sale of the timber and other crops, can be used for school construction purposes. That's the whole purpose of the constitutional amendment, which I have described."

Senator McCutcheon:

"In regard to the bonds with what do you service the bonds?"

Senator Dore:

"The bonds are limited to the interest on the permanent school fund. Only the interest from the fund can be used to service the bonds. Originally, Mr. Bruno's office wanted the proceeds from timber and crops, plus the interest, to be available to be used for all costs, construction and the servicing of the bonds. The executive wanted a pay-as-you-go basis. This was a compromise which was achieved so that the proceeds of the crops and timber could only be used for actual school construction. However, the interest could be used for either purpose, and the interest was then free to service these bonds. As Senator Moriarty has already pointed out, this would amount to, I think, about two and a half to four million dollars a biennium accumulated by the investment of these funds in the permanent school fund, and that money probably would sustain the bond issue. Senator Moriarty said about twenty million dollars, and that is probably about right. That is the purpose of the joint resolution, Senator."

Further debate ensued.

Senators Gallagher, Gissberg and Atwood demanded the previous question and the demand was sustained.

The motion was carried and the committee amendments by the Committee on Ways and Means were adopted.

On motion of Senator Dore, the rules were suspended, Engrossed Senate Joint Resolution No. 22 was advanced to third reading, the second reading considered the third, and the resolution was placed on final passage.

Debate ensued.

#### ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Joint Resolution No. 22, and the resolution passed the Senate by the following vote: Yeas, 44; nays, 1; absent or not voting, 3; excused, 1.

Those voting yea were: Senators Atwood, Bailey, Charette, Chytil, Connor, Cooney, Donohue, Dore, Durkan, England, Freise, Gallagher, Gissberg, Greive, Guess, Hallauer, Hanna, Herr, Herrmann, Keefe, Knoblauch, Kupka, Lewis, McCormack, McMillan, Mardesich, Morgan, Moriarty, Jr., Neill, Peterson (Lowell), Peterson (Ted), Petrich, Rasmussen, Raugust, Redmon, Riley, Ryder, Sandison, Stender, Talley, Thompson, Jr., Washington, Williams, Woodall—44.

Those voting nay were: Senator McCutcheon—1.

Absent or not voting: Senators Cowen, Henry, Lennart—3.

Excused: Senator Foley—1.

Engrossed Senate Joint Resolution No. 22, having received the constitutional majority, was declared passed.

**MOTION**

On motion of Senator McCormack, the Senate returned to the first order of business.

It was moved by Senator McCormack that Reengrossed House Joint Resolution No. 25 be made a special order of business for 11:30 a. m., Wednesday, April 7, 1965.

**POINT OF ORDER**

Senator Greive:

"Point of order, Mr. President. This motion is not in order. This is actually a sly move to discharge the committee of the bill."

**RULING BY THE PRESIDENT**

The President:

"The President ruling upon the point of order as presented by Senator Greive:  
"The point of order is well taken."

Senator McCormack:

"Mr. President, speaking upon the point of order:

"Seventy-five hours ago this Senate referred that resolution to the Committee on Constitution, Elections and Legislative Processes with instructions to report that resolution back to this body within seventy-two hours. We are not discharging the committee of this bill. The instructions were to bring the bill back to the Senate and my motion is to extend the time until they have a chance to meet and set a specific time to report the bill back and it can be acted on by the body. It is not discharging the committee of the bill. The Senate ordered that the bill be reported back to this floor."

**MOTIONS**

It was moved by Senator Greive that the Senate adjourn until 10:30 a. m., Tuesday, April 6, 1965.

The motion was lost.

On motion of Senator Riley, all bills passed today were ordered immediately transmitted to the House.

It was moved by Senator Hallauer that Reengrossed House Joint Resolution No. 25 be made a special order of business for 11:00 a. m., tomorrow.

Debate ensued.

It was moved by Senator Greive that the Senate adjourn until 10:30 a. m., Tuesday, April 6, 1965.

**POINT OF ORDER**

Senator Gissberg:

"Point of order, Mr. President:  
"That motion was just put."

**RULING BY THE PRESIDENT**

The President:

"There has been intervening business."

Senator Greive:

"A motion to adjourn is always in order. It does not need intervening business."

The motion to adjourn was lost on a rising vote.

**RULING BY THE PRESIDENT**

The President:

"The President respectfully reminds the members of the Senate that the President earlier ruled upon a point of order raised to the same motion presented by Senator McCormack. The President did so in the interest of orderly procedure. The

President respectfully reminds the members that the bill is still in the possession of the Committee on Constitution, Elections and Legislative Processes and believes that the most appropriate motion would be a motion to relieve the committee of this bill."

**PARLIAMENTARY INQUIRY**

Senator Bailey:

"Point of parliamentary inquiry, Mr. President:

"If the Senate orders a bill into committee with instructions to report out at a certain time, how much more does the Senate have to do to keep control over the bill? Is this just an empty gesture by the Senators?"

**REPLY BY THE PRESIDENT**

The President:

"The President does not believe it is an empty gesture, Senator Bailey. The Senate has, within its powers and prerogatives, the right to censure the committee and, if the Senate wishes to relieve the committee of further consideration of the bill, certainly it has the power to do so."

**PARLIAMENTARY INQUIRY**

Senator McCormack:

"Mr. President, parliamentary inquiry:

"Are you saying that the instructions that the Senate gave to this committee seventy-two hours ago or seventy-five hours ago are not valid?"

**REPLY BY THE PRESIDENT**

The President:

"The President definitely said no such thing."

Senator McCormack:

"But we did instruct the committee clearly to report the bill back."

The President:

"The bill, as the President has already said, is in the possession of Senator McCutcheon's committee."

**PARLIAMENTARY INQUIRY**

Senator Gissberg:

"Point of parliamentary inquiry, Mr. President:

"If the motion, as first put by Senator McCormack, prevails, will that then result in the bill being before the Senate tomorrow at the time appointed?"

**REPLY BY THE PRESIDENT**

The President:

"The President does not necessarily believe so, Senator Gissberg. At that time the Senate could possibly censure the committee and then move for the committee to be discharged of further consideration of the measure."

**PERSONAL PRIVILEGE**

Senator McCutcheon:

"Mr. President, personal privilege:

"There is nothing that my committee has done that requires any censure from anybody. I called the meeting and we had the meeting. There were amendments proposed. They were not prepared, but we had our meeting. The instructions were that we meet and report back in seventy-two hours. I don't recall the date. I believe that was Friday. But we did meet. What can you censure a Chairman about? How can you censure a committee that does exactly what they were told to do. We met. Now how can I report back? I have no authority to report anything back for that

committee. If you want to vote to take it away from my committee, that's fine, but don't start censuring around. I can't control the thinking of my committee, nor do I ever try to. You gentlemen have just as much right to think the way you think as I do the way I think, but when this word 'censure' is bandied about here, I don't intend to take that lying down."

The President:

"The President, Senator McCutcheon and members of the Senate, did not suggest that your committee is deserving of being censured. The President was only speaking in the interest of orderly procedure."

Debate ensued.

With the consent of the Senate, Senator Hallauer was permitted to withdraw his motion.

#### MOTION

At 6:10 p. m., on motion of Senator Gallagher, the Senate adjourned until 10:30 a. m., Tuesday, April 6, 1965.

JOHN A. CHERBERG, *President of the Senate.*

WARD BOWDEN, *Secretary of the Senate.*

## TWENTY-THIRD DAY

### MORNING SESSION

SENATE CHAMBER,

OLYMPIA, WASH., Tuesday, April 6, 1965.

The Senate was called to order at 10:30 a. m. by President Cherberg.

The Secretary called the roll and announced to the President that all Senators were present except Senator Foley.

On motion of Senator Greive, Senator Foley was excused.

The Color Guard, consisting of Pages John Turner, Color Bearer, and Janise Ebert, presented the Colors.

Reverend Dave Carlson, pastor of the Assembly of God Church of Olympia, offered prayer as follows:

"Almighty God, in Whom dwelleth all power, righteousness, holiness, and love; we come humbly before Thy throne of grace this day in prayer. Reach forth Thy scepter and touch us for we have petitions to make; but first accept our thanks to Thee, our Creator, and help us to recognize Thy claims upon us.

"We thank Thee for men in places of authority who have had the power of far-away vision, who could see things in their right meaning and true proportion; and we petition Thee, grant unto us this Divine blessing. Our God, we thank Thee for Thy loving duress, and we pray, may we feel its impelling force upon our course of action. Enable us to so read the story of the past as to know somewhat of Thy government, and amend our ways before Thee.

"Lord, Thy appraisal of our work must differ greatly from ours—so we pray, guide us and aid us in this session so that those who read our history will not curse us, but will bless us as good and faithful men. Forgive us our errors and our faults, and in the words of Thy servant, David: 'Let the words of my mouth, and meditation of my heart, be acceptable in Thy sight, O Lord, my strength, and my redeemer.' In Christ's name we pray. Amen."

On motion of Senator Greive, the reading of the journal of the previous day was dispensed with and it was approved.

#### INTRODUCTION AND FIRST READING OF BILL

The following was introduced, read first time by title and acted upon as indicated:

**Senate Bill No. 556**, by Senator Talley:

An Act relating to state government; appropriating funds for the support of the Applied Industries Center at Kelso; and declaring an emergency.

Referred to Committee on Ways and Means.

#### SECOND READING OF BILLS

**Senate Bill No. 353**, by Senator Moriarty, Jr. (by Executive request):

Raising rate of business and occupation tax on certain business or service activities and providing collection thereof in part from customers, etc.

It was moved by Senator Greive that Senate Bill No. 353 be indefinitely postponed.

Debate ensued.

#### POINT OF INQUIRY

Senator Dore:

"Mr. President, would Senator Moriarty yield to a question?"

Senator Moriarty, Jr.:

"Yes, I yield, Senator."

Senator Dore:

"I am quite confused over the position of the Republican Party, you having joined in this motion. It is my understanding that last Saturday at the Ways and Means Committee meeting Mr. Kinnear stated he would offer amendments. He wanted to change the business and occupation tax and the extension of the sales tax to take out certain categories which Senator Greive enumerated, that would reduce the bill from seventy-five or eighty million down to sixty million dollars. Is it the Governor's position that he wants an extension of the sales tax to services except for these exceptions at the present time, and what is his position and the Republican Party's position on this tax measure at this time?"

Senator Moriarty, Jr.:

"Senator Dore, I appreciate your confusion. It probably isn't the first time this session. You and I were both in the Ways and Means Committee meeting last Saturday. You know and I know we were not even given an opportunity to discuss this and offer an amendment to the bill. We were both there. You know and I know that it was the determination of the Majority Party to bring this bill out on the floor to make this motion so that we could have some political speeches. The Governor abandoned the business and occupation tax approach and also the sales tax on services. The Governor has recommended a pure sales tax approach, extending the sales tax, which will solve a number of the problems raised by this bill. We were not given an opportunity to discuss this in the committee. The bill sailed out of Ways and Means Committee with only Democratic support. It came out of the Democratic controlled Rules Committee and onto the floor purely and simply for the purpose of making a few political speeches."

Senator Dore:

"Mr. President, could I ask the question further:

"I'm not quite clear on this because as I understand it, the bill is an executive request bill of the Governor regardless of the mechanics of last Saturday. He now favors an extension of the sales tax to services, except for the exceptions enumerated

by Senator Greive. Is that the position of the Republican Party? Are you still asking for a sixty million dollar extension of the sales tax to services?"

Senator Moriarty, Jr.:

"Senator Dore, reading from the Governor's press conference of March 19, some eighteen days ago:

"'On the basis of limited information available at the time Senate Bill No. 353 was drafted, it appeared that the best mechanical means of raising the \$75 million was to amend the business and occupation tax and include a permissive tax on general services, a field not now subject to sales tax, which could be passed on to the ultimate consumer. I have just conferred with George Kinnear, chairman of the State Tax Commission, and have learned that information accumulated by his department since the drafting of Senate Bill No. 353, as well as advice received in my office, now shows clearly that the mechanical means of amending the business and occupation tax would create serious and unnecessary problems for many businesses, even though it would raise the needed tax revenues. These mechanical problems were not intended and should not occur. In many instances, it appears it would be impossible to pass along the tax either because of competitive factors in the business or because of the permissive status now written into Senate Bill No. 353. This is obviously contrary to my declared purpose to make an effective extension of the sales tax to be collected from the consumer. I am, therefore, instructing my counsel and the Tax Commission to prepare such amendments to Senate Bill No. 353 as may be necessary to correct these problems in the light of information presently available to my office and the Tax Commission.'

"These amendments were the ones which we were not given the courtesy of discussing fully in the meetings of the Ways and Means Committee."

Senator Dore:

"Mr. President:

"I'm not very quick, Charlie, so it's hard for me to break through here, but as I understand it, the executive tax proposal of today is Senate Bill No. 353, with the Governor's amendments as submitted by George Kinnear, the head of the Tax Commission, to the Ways and Means Committee the other day, is that correct?"

Senator Moriarty, Jr.:

"That matter is not before us at the present time, Senator Dore. If you want to go back in Ways and Means Committee and discuss it intelligently and completely, I will be glad to go back there with you."

Senator Dore:

"Mr. President:

"I am not trying to belabor the point. I'm trying to get the viewpoint of the Republican Party. Is the executive tax proposal of the Governor today the extension of the sales tax to services, with these six exceptions and as outlined by George Kinnear, or is the Republican Party and the Governor abandoning that particular tax approach and will it submit another tax proposal soon in order to raise the budget balance of \$75 million?"

Senator Moriarty, Jr.:

"Senator Dore, I suspect this afternoon at four o'clock, several of these matters will be discussed."

Senator Dore:

"Mr. President, I think we are entitled to an answer. Senator Moriarty has joined in the motion to indefinitely postpone the bill. In other words, he is destroying the vehicle not only of the business and occupation tax approach to the problem, but also the extension of the sales tax to services. I think, as representing the Governor on the floor of this Senate, that his party has an obligation to the people of the state to tell us what he has in mind, because that will affect my vote on this question."

#### POINT OF INQUIRY

Senator McCutcheon:

"Would Senator Moriarty yield?"

"I see your name is on this bill. It looks rather lonely. You say the Governor,

in his press conference, had another vehicle. What is the number of the other vehicle? What is the number of the sales tax approach?"

Senator Moriarty, Jr.:

"The vehicle was to be Senate Bill No. 353, the matter which is before you and which we were not able to discuss in Ways and Means, and which was voted out of the Ways and Means Committee and out of the Rules Committee by Democrats to bring it to the floor to make some political hay."

Senator McCutcheon:

"Well, where is the vehicle you want? You want to help kill this? You want to kill your own vehicle?"

Senator Moriarty, Jr.:

"Yes."

Senator McCutcheon:

"Have you another one?"

Senator Moriarty, Jr.:

"No."

Senator McCutcheon:

"Could you produce another one by tomorrow?"

Senator Moriarty, Jr.:

"That's quite possible."

Further debate ensued.

#### POINT OF INQUIRY

Senator Dore:

"Would Senator Moriarty yield to a question?"

"Senator, let's attack this problem from the other side of the ledger. If the Governor is going to abandon his \$75 million tax proposal and has no substitute for it, is it his intent then to go back to the budget and take \$75 million off the budget?"

Senator Moriarty, Jr.:

"Of course it isn't. You know that's a silly question."

Senator Dore:

"If that's a silly question, then where is the \$75 million coming from?"

Senator Moriarty, Jr.:

"I suspect you would have found out last Saturday had we been given the courtesy of discussing this matter completely, intelligently and fully in the Ways and Means Committee meeting."

Senator Riley demanded the previous question, but the demand was not sustained on a rising vote.

Debate ensued.

Senators Keefe, McMillan and Riley demanded the previous question and the demand was sustained.

Senator Moriarty, Jr. demanded a roll call and the demand was sustained by Senators Raugust, Neill, England, Ryder, Guess, Washington, Greive, McMillan, Talley and Gallagher.

#### ROLL CALL

The Secretary called the roll and the motion to indefinitely postpone was carried by the following vote: Yeas, 40; nays, 6; absent or not voting, 1; excused, 2.

Those voting yea were: Senators Atwood, Bailey, Charette, Chytil, Connor, Cooney, Cowen, Donohue, Dore, Durkan, England, Freise, Gallagher, Gissberg, Greive, Guess, Hallauer, Henry, Keefe, Knoblauch, Kupka, Lennart, Lewis, McCormack, McMillan, Morgan, Moriarty, Jr., Neill, Peterson (Lowell), Peterson (Ted), Rasmussen, Raugust, Redmon, Riley, Ryder, Stender, Talley, Thompson, Jr., Williams, Woodall—40.

Those voting nay were: Senators Hanna, Herrmann, McCutcheon, Marde-sich, Sandison, Washington—6.

Absent or not voting: Senator Petrich—1.

Excused: Senators Foley, Herr—2.

#### EXPLANATIONS OF VOTE

As I stated in open debate on the floor of the Senate, I am unalterably opposed to the extension of the business and occupation tax or the four percent sales tax to services. I opposed the motion to indefinitely postpone Senate Bill No. 353 for the purpose of allowing the proponents of Governor Evans' tax package to have full opportunity to amend this bill. This opportunity, according to the remarks of minority floor leader, Senator Moriarty, was denied.

I wanted to give the proponents the opportunity to amend this bill by referring it back to the Committee on Ways and Means.

SENATOR KARL V. HERRMANN.

We were and are opposed to the provisions of Senate Bill No. 353. It was, however, a part of Governor Evans' tax package and we felt the Executive and the Republican Party should have had a fair chance to debate and explain the doubtful merits of a bill placing a tax on misery and to possibly delete this and other objectionable provisions by amendment.

SENATOR H. B. HANNA

SENATOR NAT WASHINGTON

**Senate Bill No. 523**, by Senators Ryder, Moriarty, Jr. and Williams (by Executive request):

Permitting ten mill state levy for schools for a two year period.

The bill was read the second time by sections.

On motion of Senator Ryder, the rules were suspended, Senate Bill No. 523 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

#### MOTION

At 12:02 p. m., on motion of Senator Greive, the Senate recessed until 1:30 p. m.

#### AFTERNOON SESSION

The President called the Senate to order at 1:30 p. m.

The Secretary called the roll and announced to the President that all Senators were present except Senator Foley, who was excused.

The Secretary read:

#### SENATE RESOLUTION

No. 1965 EX -16

By Senators Gissberg, Neill, Dore and Durkan:

WHEREAS, Senator Frank W. Foley is ill and has been hospitalized; and

WHEREAS, Especially in the face of difficult problems concerning revenue and appro-

priations needed for the next biennium, his fellow Senators sorely miss his guidance; and

## PERSONAL PRIVILEGE

Senator Lennart:

"Mr. President, point of personal privilege:"

The President:

"The Senator will speak on personal privilege."

Senator Lennart:

"Mr. President and members of the Senate:

"During the noon hour, members of the press talked to me regarding a recent editorial of April 4 edition of the Sunday Olympian. I shall read you that editorial:

"Governor Evans wants more of your money. Louie Bruno wants more of your money. Nat Washington wants more of your money. Most of the legislators seem to want more of your money for special projects dear to their hearts.

"They intend to get this money by upping your taxes, one place or another. The only disagreements seem to be where, and how much.

"This is a serious problem. Not only do they want to up your taxes, but they're after us, too. All of us.

"We don't want more taxes. We can't afford to pay more taxes. We don't get \$40 a day (tax free) to cover our living expenses. One day's pay each week already is going to Uncle Sam for income taxes. Sales taxes, excise taxes, amusement taxes, gasoline taxes and hidden taxes are taking such a bite out of what's left of our paycheck we are hard pressed to feed and clothe the family and have enough left to pay property taxes to keep a roof over our heads. . . .

"They say we are demanding more services. Nuts. We're not getting much now and can't afford any more. Not at their prices.

"There is one thing we want. We want more for our money already being shelled out for taxes. We want more efficiency and less foolishness. We want the fat trimmed off and we don't want anyone to try and boil it down and soft-soap us.

"We want to see fewer of our neighbors driving to work every morning in state-owned cars we payed for, burning gas we've bled to buy. We want to get more for that big pile of money already being plowed into our school system, welfare department and state highways system. And, we don't mean more talk.' . . ."

"Governor Evans didn't get a nickel, Louis Bruno didn't get a nickel, Nat Washington nor any other legislator got a nickel out of the so-called special projects mentioned in this editorial.

"It's vicious to say the least. The few of the press, by and large downgraded us. Among the few who have, in fact, there has seemed almost an organized effort to do so. They seem to forget that we are all sent here by the people. It doesn't seem to occur to this editor that if his reasoning is correct, the people are corrupt and hence are incapable of sending honorable men down here.

"Why do some editors incline to foster odious characters to their appraisals actually defaming legislators to please themselves. Is it needed, to cast dirt in the faces of legislators and bespatter them with foul imputations?"

"Is not this editor usurping the freedom of the press, tearing to pieces the legislator's good name, as if it did not amount to much? Well, sir, my reputation is not much but I would not trade mine for all of the premises of the Daily Olympian.

"The people are wiser than some editors assume, and the people in mass have much more sense than many of those who deem themselves their superiors.

"Vicious slander has always been the engine whereby ill-natured and vain persons have striven to gain favor with the people.

"Alongside constructive criticism the press undoubtedly ought to show that it is responsible and has forbearance.

"Thus this editorial perverts the judgment of men. It thinks ill of the worthiest actions.

"We do not often see the press marred with the fiercest intolerance and grossest viciousness as in this editorial. It is well, however, that during the passing of the years, very few have dishonored the precept of freedom of the press, yet who can doubt or mistake its power, when rightly, or wrongly used.

"Sir, I have a better opinion of the people. Let us as legislators, first, second and last trust the people of whom we are and for whom we serve.

"This is a vicious editorial."

"Would Senator Moriarty yield to a question?"

"Senator, in a discussion today with one of my Republican colleagues from my district, I was informed when questioning whether or not this is a temporary tax—and we know that taxes have a bad habit of becoming permanent—I was informed that the Governor has taken the position that if the legislature attempts to, let's say take the easy way out two years from now and pass legislation re-enacting this ten mill shift, that the Governor would veto such a bill. Has that ever been communicated to you?"

Senator Moriarty, Jr.:

"Yes, it has. Yes, it has."

Senator Washington:

"That is the position of the Governor?"

Senator Moriarty, Jr.:

"That is his present position, yes, sir."

Debate ensued.

"Thou hast given us a new day in which to serve Thee, and we pray, may Thy will be done in and through us this day. Deliver us from our own notions of life and honor, and help us to live in joyful obedience to Thy will; let us not punish ourselves and our people by going our own way. Lord, go before us and make the path plain; indwell us and overrule our selfish desires; see for us and hear for us, and teach us what we shall do.

"Grant unto us the proper concepts in setting up standards of justice and morals, finance and social leadership. May we not only declare the way, but may we by our own conduct and life show the way. Grant unto us the great mind, the penetrating judgment, the responsive heart, which Thou hast promised to those who will come to Thee in confidence and love.

#### ROLL CALL

The Secretary called the roll and the motion by Senator McCormack to lay the amendment by Senator Gissberg on the table was carried by the following vote: Yeas, 33; nays, 15; excused, 1.

Those voting yea were: Senators Bailey, Charette, Connor, Cooney, Donohue, Dore, Durkan, England, Freise, Gallagher, Greive, Hanna, Henry, Herr, Herrmann, Keefe, Knoblauch, Kupka, Lennart, McCormack, McCutcheon, Morgan, Moriarty, Jr., Peterson (Lowell), Peterson (Ted), Petrich, Rasmussen, Riley, Sandison, Talley, Thompson, Jr., Washington, Williams—33.

Those voting nay were: Senators Atwood, Chytil, Cowen, Gissberg, Guess, Hallauer, Lewis, McMillan, Mardesich, Neill, Raugust, Redmon, Ryder, Stender, Woodall—15.

Excused: Senator Foley—1.

It was moved by Senator Gissberg that the following amendment be adopted:

On page 6, section 3, line 6, after "effect." insert "The enrollment of any district, before weighting, shall be the average number of full time students enrolled on the first day of each month. Part time students shall be computed at the percentage of a full time student that their attendance has to that of a full time student. Each kindergarten enrolled shall be counted as one-half. Attendance in any classes other than kindergarten and grades one through twelve shall not be considered enrollment for purposes of apportionment."

#### POINT OF INQUIRY

Senator Ryder:

"Mr. President, would Senator Gissberg yield to a question?"

"Senator, does this definition tie in with the basic enrollment that the Superintendent's office has been using for these various analyses that they have been giving us over the past couple of weeks? Does this tie in with the basic enrollment that they have been using as far as the figures are concerned in each one of these school districts?"

Senator Gissberg:

"I can't say, actually, because I didn't ask him that question, Senator. I showed him what had been proposed originally as an amendment, and he suggested various changes in it. Now whether the Superintendent's office has used, for instance, kindergarten students in their computation, I do not know because I did not specifically ask whether this was a definition used in making these computations."

Senator Ryder:

"Mr. President, I would assume that they used kindergartens in this. Now, my only question was whether or not they had some other area also added into the basic enrollment before they started weighting."

Senator Gissberg:

"Mr. President, I can't answer that either, but my concern was that in the future there would not be any other programs that were provided that are not now being provided, except when the legislature determines what programs those shall be."

**POINT OF INQUIRY**

Senator Sandison:

"Mr. President, would Senator Gissberg yield?"

"Senator, under your amendment, how will part time students be handled?"

Senator Gissberg:

"They would be handled the same way they are now, namely; the school district would be reimbursed on the same percentage that a full time student is reimbursed, that is, the district is reimbursed on the same percentage the attendance of a part time student bears to the full time student. There would be no change."

**POINT OF INQUIRY**

Senator Thompson, Jr.:

"Mr. President, would Senator Gissberg yield to a question?"

"Senator Gissberg, do I understand the purport of your amendment is to eliminate the credit for adult education? Is that what your amendment attempts to do?"

Senator Gissberg:

"Yes, that is correct."

Senator Thompson, Jr.:

"Are there any other areas that you are particularly identifying by omission?"

Senator Gissberg:

"No, none that I know of, except the thought occurred to me that as I read this bill and considered it, in giving the rather vast authority to the Superintendent's office, that they could, if they wanted to, engage in rather extensive programs and could extend our traditional educational concepts to encompass something other than the community college, post graduate studies, after age twenty-one; things of this type that are not now permitted under the existing law. But we are repealing all that existing law, you see, in all these repealers, and I am not specifically shooting at anything, Senator Thompson, other than the adult education factor and the kindergarten factor, which I failed to achieve. I am concerned that we identify this problem with the legislature, rather than the Superintendent of Public Instruction's office, and I assure you that there are no objections to this amendment as the same is now written and has been proposed."

Debate ensued.

The motion was carried and the amendment was adopted.

It was moved by Senator Hallauer that the following amendment be adopted:

On page 5, section 3, line 21, after "Costs" insert "to state and local funds"

Debate ensued.

The motion was carried and the amendment by Senator Hallauer was adopted.

It was moved by Senator Washington that the following amendment be adopted:

On page 5, section 2, line 10, after "support" and before the period, insert "Provided, The apportionment to any district for the school years beginning in September, 1965 and September, 1966 shall be an amount no less than the amount necessary to provide such school district with an amount from all sources equal to that expended in the school year 1964-1965"

Debate ensued.

**POINT OF INQUIRY**

Senator Woodall:

"Mr. President, would Senator Washington yield?"

"Senator, I take it under this amendment that if a school district lost pupils and had fewer pupils than they had last year, you still would give them the same amount of money anyway, is that what your amendment does?"

Senator Washington:

"As I understand the amendment, and it was discussed with Mr. Milligan, it would be on the basis of the pupils that they have. Now this is tied in with the provision as to weighting, in other words, taking with them at least other factors. If you have other factors other than this particular law coming into effect, of course they wouldn't be guaranteed that particular amount."

Senator Ryder:

"Would Senator Washington yield to a question?"

"Senator Washington, in those school districts which have a fairly high excess levy at the moment, then the ten mills of course in some cases would make this up, but in many cases, or most cases, it will not make up the full excess levy, so that even under this formula, the next year and probably the following year in most cases, it will still be necessary to have a portion of that excess levy imposed in order to bring them up. Would this eliminate the necessity in those school districts for levying any part of that excess levy?"

Senator Washington:

"My understanding is that it would not. They might have to have the excess millage that they had in the past."

Debate ensued.

There being no objection, Senator Washington was permitted to withdraw the amendment.

The Secretary read the following amendment by Senator McCormack:

On page 5, section 2, line 10, after "support" and before the period, insert "Provided, The apportionment to any district for the school year beginning in September, 1965 shall be an amount no less than the amount necessary to provide such school district with an amount from all sources equal to that expended in the school year 1964-1965"

Debate ensued.

With the consent of the Senate, Senator McCormack was permitted to withdraw the amendment.

On motion of Senator McCormack, the following amendment was adopted:

On page 6, section 5, line 25, after "mile" and before "as determined" insert "for the class of vehicle approved for operation"

On motion of Senator Riley, the following amendment was adopted:

On page 8, section 13, following line 33, add a new paragraph as follows:  
"This act shall expire on June 30, 1965."

It was moved by Senator Hallauer that the following amendment be adopted:

On page 5, section 2, line 7, add a new subsection following subsection (6) as follows: "(7) An amount equal to the maximum levy allowed by law to a school district over and in excess of the amount that would be produced by a levy of two mills against the assessed value of taxable property as determined by the county assessor."

Renumber subsection (7) to subsection (8).

Debate ensued.

The President called upon Senator Gissberg to preside.

Further debate ensued.

It was moved by Senator Gallagher that the amendment be laid upon the table.

Senator Hallauer demanded a roll call and the demand was sustained by Senators Hanna, Knoblauch, McCutcheon, McCormack, Rasmussen, Charette, Talley, Freise and Dore.

## ROLL CALL

The Secretary called the roll and the motion to lay the amendment by Senator Hallauer on the table was carried by the following vote: Yeas, 32; nays, 16; excused, 1.

On motion of Senator Moriarty, Jr. the following amendment was adopted:

On page 8, section 11, line 3, after "This act" insert "is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and"

It was moved by Senator Hallauer that the following amendment be adopted:

On page 5, section 2, line 10, strike the period after the word "support" and insert: "Provided, That the revenues arising from the levy of the property tax by any school district without a vote of the people shall be considered in computing state equalization support in the following specified percentages:

School year 1965-66.....	40%
School year 1966-67.....	55%
School year 1967-68.....	70%
School year 1968-69 and thereafter.....	85%"

## POINT OF INQUIRY

Senator Dore:

"Would Senator Hallauer yield to a question?

"Senator Hallauer, under these property taxes which we all consider a resource in the high assessed districts, we of course go to equalization of eighty-five percent the first year and a hundred percent the second year, but on the other side of the coin, in the other categories of forest funds and Public Utility Districts, they equalize over four years and then go up to eighty-five percent. If your amendment is adopted, don't you think in fairness we should equalize up to a hundred percent in other categories? If, in connection with the approach on four mills, you want to go to a hundred percent on four mills, I think we would be willing to go to a hundred percent on the same basis you did."

Senator Hallauer:

"You made reference to the highly assessed districts. I presume you had your own district in mind, which is not a high assessed district in terms of the state ratio. This is one of the reasons the ten mill shift is going to hit you rather hard. In a local area that does have a high assessed value, the pain is even greater in this sort of thing because you are taking our local revenues into account on a certain basis and not doing the same for yourselves on the remaining four mills."

Senator Dore:

"Mr. President, to put it another way, if I would support this amendment, would you accept an amendment providing we could go to a hundred percent equalization on the other three resources in two years on the same basis as we have gone to the hundred percent in two years? If you want equalization, I assume you want equalization on all funds. All funds should be treated alike. If your amendment is adopted, would you then accept my amendment?"

Senator Hallauer:

"Senator, we are talking about two different things, ten mills and four mills. Which one do you want me to answer?"

Senator Dore:

"No, they are the same thing, I thought you were talking about having all funds equalized at one hundred percent. But, if you are already in the ten mills, you are equalizing eighty-five percent of those the first year and a hundred percent on the second year. On the other side of the coin, in the other three categories, you are doing it over four years and then you are only going up to eighty-five percent. Now, it is our position that there is fifteen percent you are not equalizing. Also, there is the four loose mills you spoke of. Now, if we adopt your amendment, my question is, in fairness, then shouldn't we also equalize these other three sources in two years at one hundred percent?"

Senator Hallauer:

"Senator Dore, I wanted exact equity. Now we have, through the adoption of a bill yesterday, if it passes and is signed by the Governor, made a state levy of ten mills. It is no longer a local resource. The four mills still remains as one and proportionately it is a greater part of the total property resources going to the school, so if you figure one-sixth of your fourteen mills, this is about 2.4 mills. Under the approach we have in the bill before us, there is even more than that free through fifteen percent, plus the whole four mills. It comes to somewhere near 16.4 mills, instead of 2.4 mills, so that's a step away from equalization. We want equitable treatment. We want forty percent, fifty-five percent, seventy-five percent or eighty percent for you just as you are giving it to us."

#### PARLIAMENTARY INQUIRY

Senator Stender:

"Parliamentary inquiry, Mr. President:

"Do I understand the amendment purports to do something beyond 1967? As I understand it, if we adopt this amendment, this act only will be in effect until 1967. Is that germane, or does it go beyond the life of the act?"

#### REPLY BY THE PRESIDENT

President Pro Tempore Gissberg:

"No, it is perfectly germane, Senator. There are other provisions in the act which extend beyond 1967. The formula is projected for six years in gradual steps."

Debate ensued.

On motion of Senator Riley, the amendment by Senator Hallauer was laid upon the table.

It was moved by Senator Henry that the following amendment be adopted:

On page 5, section 3, line 19, strike subsection (1) and renumber remaining subsections.

Debate ensued.

On motion of Senator Washington, the following amendment by Senators Neill and Washington was adopted:

On page 5, section 2, line 10, after "support" and before the period insert "": *Provided*, That the apportionment per weighted student under this section 2 to any district for the school years 1965-66 or 1966-67 shall be an amount no less than the state apportionment per weighted student to the district during the 1964-65 school year."

Debate ensued.

The motion was lost on a rising vote and the amendment was not adopted.

On motion of Senator Riley, the following amendment by Senators Moriarty, Jr. and Riley was adopted:

In line 23 of the title, after "1941" strike "and" and insert a comma, and before

the period insert "; declaring an emergency; and fixing the expiration date of this act"

On motion of Senator Petrich, the following amendment by Senators Petrich and Charette was adopted:

On page 8, section 12, lines 23 and 24, after "RCW 28.24.010," strike all the material down to and including "RCW 28.24.060," on line 24.

On motion of Senator Charette, the following amendment by Senators Charette and Petrich was adopted:

In line 20 of the title, after "RCW 28.24.010;" strike all the material down to and including "RCW 28.24.060;"

#### POINT OF INQUIRY

Senator Ryder:

"I had one question, Mr. President:

"Does this apply only to the state allotment, or to the total funds?"

Senator Neill:

"Mr. President, the amendment says it applies only to section 2 moneys and not to the moneys that come under section 1."

Debate ensued.

Senator McCutcheon:

"Would you explain the implication, Senator Neill, of the answer you just gave to Senator Ryder? I didn't quite follow that."

Senator Neill:

"Yes, section 1 of this act relates to the property tax part of the apportionment formula and section 2 has to do with all these local funds, forest funds and all of these things you have been debating. All we have tried to do by our amendment is make sure there is a floor under these section 2 moneys and that the state is not depriving the section 2 moneys in total. It does not apply to section 1 moneys, which is our ten mills with which we have just dealt. The floor is the amount per weighted pupil that the state puts into a local school district. We want to provide by this amendment that any school district will receive at least from the state per weighted pupil the amount which it is now receiving, disregarding the changes in property taxes, because that's the section 1 provision."

Debate ensued

#### POINT OF INQUIRY

Senator Henry:

"Would Senator Ryder yield to a question?"

"As I said earlier, Senator, there are a lot of ramifications to this bill. Do I understand from Senator McCormack's remarks it is possible to force consolidation under the terms of this apportionment, even though we have a law on the books that I helped write a few sessions ago saying there had to be a majority vote in each of the districts concerned?"

Senator Ryder:

"No, not under the formula as it is before us. There could be no forcing of consolidation under this formula. Now, where the forcing of consolidation could come in is under section 3 where the Superintendent presents to the Ways and Means Committee his schedule of his weighting schedule. Now, I understand that in this present weighting schedule, and Senator Bailey raised the weighting schedule in Ways and Means Committee the other day, he has given no preference to small non-high school districts in remote areas. This could of course by the staffing of them force some consolidation. I also feel that the Ways and Means Committee probably will not approve this particular approach and may wish to change that, which they can change. The formula as submitted by the Superintendent in section 3 must be approved by the legislature and put into the budget, and that would be the place where you could force some consolidation if you wanted. Under this particular bill, it would not force consolidation."

Senator Henry:

"When you say the superintendent, you mean the superintendent of public instruction?"

Senator Ryder:

"Yes."

Debate ensued.

#### POINT OF INQUIRY

Senator McCormack:

"Mr. President, would Senator Neill yield to a question?"

"Senator Neill, isn't it true that this amendment would permit, no matter what weighting is put on, any sort of forced consolidation?"

Senator Neill:

"I don't know. I don't believe so."

#### POINT OF INQUIRY

Senator Woodall:

"Would Senator McCormack yield?"

Senator McCormack:

"If it is a question, not a speech."

Senator Woodall:

"You would prosper either way I go, Senator.

"Do I understand that you want to starve some of these small districts into submission and you say if we vote for the amendment by Senator Neill, it is a vote against starvation, and if we vote your way, you want to starve the small districts into consolidating?"

Senator McCormack:

"Senator Woodall, I did not take a position. I am trying to get it clarified, but I did not take a position. I think it is a policy point and I thought the whole idea of the formula or one of the ideas of this formula has been that the small non-high school districts would not receive, under this formula, an allotment that they could stand up to the pressure and they would be forced to consolidate. Now, I did not take a stand on the point when I asked the question. I would like to have this point clarified. In my opinion, the amendment completely negates the whole idea of the formula. If it does, it should be understood."

Debate ensued.

On motion of Senator Ryder, the rules were suspended, Engrossed Senate Bill No. 522 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Further debate ensued.

Senators Gallagher, Greive and Kupka demanded the previous question and the demand was sustained.

**REPORT OF FREE CONFERENCE COMMITTEE**

Olympia, Wash., April 6, 1965.

MR. PRESIDENT:

MR. SPEAKER:

We, of your Free Conference Committee, to whom was referred Engrossed House Bill No. 428, providing for the transfer of a motor freight carrier's permit upon the death of the holder, have had the same under consideration, and we recommend that it do pass with the following amendment:

AN ACT relating to transportation; providing for the transfer or continuation of certain permits; and amending section 81.80.270, chapter 14, Laws of 1961 as amended by section 6, chapter 59, Laws of 1963 and RCW 81.80.270; and adding a new section to chapter 14, Laws of 1961, and to chapter 81.80 RCW.

*Be It Enacted by the Legislature of the State of Washington:*

Section 1. Section 81.80.270, chapter 14, Laws of 1961 as amended by section 6, chapter 59, Laws of 1963 and RCW 81.80.270 are each amended to read as follows:

No permit issued under the authority of this chapter shall be construed to be irrevocable. Nor shall such permit be subject to transfer or assignment except upon a proper showing that property rights might be affected thereby, and then in the discretion of the commission, and upon the payment of a fee of twenty-five dollars.

No person, partnership or corporation, singly or in combination with any other person, partnership or corporation, whether a carrier holding a permit or otherwise, or any combination of such, shall acquire control or enter into any agreement or arrangement to acquire control of a common or contract carrier holding a permit through ownership of its stock or through purchase, lease or contract to manage the business, or otherwise except after and with the approval and authorization of the commission: *Provided, That upon the dissolution of a partnership, which holds a permit, because of the death, bankruptcy, or withdrawal of a partner where such partner's interest is transferred to his spouse or to one or more remaining partners, or in the case of a corporation which holds a permit, in the case of the death of a shareholder where a shareholder's interest upon death is transferred to his spouse or to one or more of the remaining shareholders, the commission shall transfer the permit to the newly organized partnership which is substantially composed of the remaining partners, or continue the corporation's permit without making the proceeding subject to hearing and protest.* In all other cases any such transaction either directly or indirectly entered into without approval of the commission shall be void and of no effect.

Every carrier who shall cease operation and abandon his rights under the permits issued him shall notify the commission within thirty days of such cessation or abandonment, and return to the commission the identification plates issued to him.

**NEW SECTION.** Section 2. There is added to chapter 14, Laws of 1961 and to chapter 81.80 RCW a new section to read as follows:

Except as otherwise provided in RCW 81.80.270 any permit granted to any person under this chapter and held by that person alone or in conjunction with others other than as stockholders in a corporation at the time of his death shall be transferable the same as any other right or interest of the person's estate subject to the following:

(1) Application for transfer shall be made to the commission in such form and contain such information as the commission shall prescribe and shall be accompanied by a fee of twenty-five dollars. The transfer described in any such application shall be approved if it appears from the application or from any hearing held thereon or from any investigation thereof that the proposed transferee is fit, willing and able properly to perform the services authorized by the permit to be transferred and to conform to the provisions of this chapter and the requirements, rules and regulations of the commission thereunder, otherwise the application shall be denied.

(2) Temporary continuance of motor carrier operations without prior compliance with the provisions of this section will be recognized as justified by the public interest in cases in which the personal representatives, heirs or surviving spouses of deceased persons desire to continue the operations of the carriers whom they succeed in interest subject to such reasonable rules and regulations as the commission may prescribe.

In case of temporary continuance under this section the successor shall immediately procure insurance or deposit security as required by RCW 81.80.190.

Referred to Committee on Ways and Means.

#### SECOND READING OF BILLS

**Senate Joint Resolution No. 24**, by Senators Ryder, Moriarty, Jr. and Williams (by Executive request):

Lowering the assessed valuation to thirty percent of true value and providing for enforcement thereof.

The resolution was read the second time in full.

On motion of Senator Greive, the Senate proceeded with consideration of the following amendment by Senator McMillan:

On page 1, line 14, after "[fifty]" and before "per" strike "thirty" and insert "twenty-five"

It was moved by Senator McMillan that the amendment be adopted.

Debate ensued.

#### POINT OF INQUIRY

Senator Kupka:

"Mr. President, would Senator Ryder yield to a question?"

"Senator Ryder, this might be too large of an order for you to answer right away. What I'm thinking about is, what will be the impact between twenty-five percent and thirty percent, especially in the larger industries, such as the new aluminum plant that has moved into the state, and Boeing's? I wonder what effect this is going to have on those people who are heavy taxpayers now?"

Senator Ryder:

"Mr. President and members of the Senate:

"I do not have the breakdown between industrial property and homes and this type of property, but at least in King county, industrial property—and I think this is probably true of all properties—is now assessed at a higher rate, so that the impact would be less on those than on other types of property, really. When you get into high inventory areas such as heavy equipment manufacturing, a great deal of their evaluations are on personal property which is now already at close to thirty percent.

"Senator Rasmussen talked about the ratio of personal property in King County. The assessor at the moment is assessing all new personal property as it comes on the rolls at 33½%. This is by his own statement. The average in King county is about 27.6%, and it is rising. It is going up. In Whatcom county, for instance, inventories are being assessed now at fifty percent on personal property. On machinery, it's right at thirty percent now. In Pierce county, personal property is being assessed at a thirty percent ratio right at the moment. Now this is by the statements of the

assessors, themselves, so this is the sheet that I got from the tax commission this morning which gives those ratios; and, when we again get into the philosophy of taxation, Senator Lennart mentioned it very briefly in his talk, we have to consider what the alternatives are. We can't do every job locally for the school districts. What is the alternative? If we place this at twenty-five percent, what are we faced with at the state level? We are faced with some tremendous increases in state taxation. We are going to have to levy a five percent sales tax within a year or two, or within another biennium, perhaps. There would be no question about it if the twenty-five percent lid were put on; or we are going to have to go into some other form of taxation at the state level in order to support schools. Already schools are getting over seventy percent of the money that it takes to run them from other than local taxation. This is one of the highest ratios in the country, and I don't think we always have to compare ourselves with other states, but most of the states in the Union average around fifty percent for the national average. We are up to seventy percent. We are way out in front now and I think it is imperative if we are going to keep local economy in the school areas, we have to give them the tools with which to finance themselves locally, and the main source of local taxation is property tax. If this were going to be a great burden, an unbearable burden on the property owners, I certainly would not be in favor of it, but in my opinion it is not going to be unbearable and in my opinion it is going to fix a lid that we can live with for many, many years to come, as long as you and I are around these chambers, and we will not have to wrestle with the problem, as we have had to do, in the next ten or twelve years."

Debate ensued.

**POINT OF ORDER**

Senator McCutcheon:

"Mr. President, I have a point of order to raise.

"Senator Greive and Senators Moriarty and Bailey are standing right square between me and the TV cameras!"

**REPLY BY THE PRESIDENT**

The President:

"The point of order is well taken. Senator McCutcheon has the floor."

Further debate ensued.

**APPOINTMENT OF SPECIAL COMMITTEE**

The President observed within the bar of the Senate former State Senator Jess Sapp and appointed a special committee consisting of Senators Lowell Peterson, Greive, Freise and Neill to escort the former Senator to a place of honor upon the rostrum.

With leave of the Senate, business was suspended to permit Senator Sapp to address the Senate.

**MOTIONS**

On motion of Senator Riley, the Senate dispensed with the Call of the Senate.

At 12:40 p. m., on motion of Senator Greive, the Senate recessed until 2:30 p. m.

**AFTERNOON SESSION**

The President called the Senate to order at 2:30 p. m.

The President declared the Senate to be at ease.

The President called the Senate to order at 2:50 p. m.

The Secretary called the roll and announced to the President that all Senators were present except Senator Foley, who was excused.

Senators Greive, Sandison and Charette demanded a Call of the Senate. A Call of the Senate was ordered.

#### CALL OF THE SENATE

The Sergeant at Arms locked the doors of the Senate Chamber.

The Secretary called the roll on the Call of the Senate, all members being present except Senator Foley, who was excused.

On motion of Senator Greive, the Senate proceeded under the Call of the Senate.

On motion of Senator Greive, the Senate recessed subject to the call of the President.

The President called the Senate to order at 3:50 p.m.

The Senate resumed consideration of Senate Joint Resolution No. 24 on second reading, and the amendment proposed by Senator McMillan.

#### POINT OF INQUIRY

Senator Rasmussen:

"Mr. President, would Senator Moriarty yield to a question?"

"Isn't it true that the Tax Commission, on utilities, has been bringing the rates down to force the assessors to bring up their rates in the counties over the past few years? Isn't this a continuing process?"

Senator Moriarty, Jr.:

"I'm sorry. I don't know the answer to that. Would you repeat your question for Senator Ryder? Possibly he can answer the question."

Senator Rasmussen:

"The information we have been receiving is that the Tax Commission has been reducing the rates on these utilities, on the rates that they set on intra-county and so forth, in an effort to bring them down in order to force the assessors' rates up. This has been a continuing process, has it not?"

Senator Ryder:

"Yes, Senator Rasmussen, that is right. Of course, it is a very, very slow process. Now here you would bring it down in one fell swoop if you dropped the twenty-five percent ratio."

Senator Rasmussen:

"One further question, Senator Ryder:

"Isn't it true that if this bill becomes law and is passed by the people, or if it becomes part of the constitution, that then there will be no difference in the rate on utilities than there is on the other types of personal or real property?"

Senator Ryder:

"This is correct."

Senator Rasmussen:

"So it wouldn't make a bit of difference?"

Senator Ryder:

"This is theoretically correct. It would be all twenty-five percent. If this were passed by the people and put into the constitution, then the State Tax Commission would be forced to come down immediately to twenty-five percent on all utilities, that's true."

Debate ensued.

The President declared the question before the Senate to be the adoption of the amendment by Senator McMillan.

Senator Moriarty, Jr. demanded a roll call and the demand was sustained by Senators Neill, Atwood, Peterson (Ted), Guess, Connor, Bailey, Greive, McMillan and Rasmussen.

**ROLL CALL**

The Secretary called the roll, and the amendment by Senator McMillan was not adopted by the following vote: Yeas, 23; nays, 25; excused, 1.

Those voting yea were: Senators Charette, Connor, Cowen, Donohue, Gallagher, Greive, Guess, Hanna, Henry, Herr, Keefe, Kupka, McCormack, McMillan, Morgan, Peterson (Lowell), Rasmussen, Raugust, Redmon, Riley, Stender, Talley, Woodall—23.

Excused: Senator Foley—1.

On motion of Senator Moriarty, Jr., the Senate proceeded with consideration of the following amendment by Senators Bailey, Rasmussen, Durkan and Dore:

On page 1, after "follows:" on line 8, add the following:

"Article VII, section 1. The power of taxation shall never be suspended, surrendered or contracted away. All taxes shall be uniform upon the same class of property within the territorial limits of the authority levying the tax and shall be levied and collected for public purposes only. The word 'property' as used herein shall mean and include everything, whether tangible or intangible, subject to ownership. All real estate shall constitute one class: *Provided*, That the legislature may tax mines and mineral resources and lands devoted to reforestation by either a yield tax or an ad valorem tax at such rate as it may fix, or by both. Such property as the legislature may by general laws provide shall be exempt from taxation. Property of the United States and of the state, counties, school districts and other municipal corporations, and credits secured by property actually taxed in this state, not exceeding in value the value of such property, shall be exempt from taxation. The legislature shall have power, by appropriate legislation, to exempt personal property to the amount of three hundred dollars for each head of a family liable to assessment and taxation under the provisions of the laws of this state of which the individual is the actual bona fide owner. *The legislature shall have the power, by appropriate legislation, to exempt from taxation all or any part of the real property occupied as a home by a person or persons over sixty-five years of age and may place such restrictions and conditions on the granting of the exemption as it shall deem proper including the limiting of the exemption to those below a specified level of annual income.*"

The Secretary read the amendment in full.

It was moved by Senator Bailey that the amendment be adopted.

Debate ensued.

It was moved by Senator McCutcheon that the following amendment to the amendment be adopted:

On line 23 of the amendment to Article VII, section 1, by Senators Bailey, Rasmussen, Durkan and Dore after the word "age" strike all underscored material and insert "up to an actual valuation of \$15,000, over and above all encumbrances."

Debate ensued.

On motion of Senator Gallagher, the amendment to the amendment was laid upon the table.

**POINT OF INQUIRY**

Senator Lewis:

"Mr. President, would Senator Bailey yield to a question?

"Senator Bailey, in reading your amendment, the underlined portion, I'd like to read this to you. It says, 'to exempt from taxation all or any part of the real

property owned and occupied.' It was my understanding that your intent was to make it possible for the legislature to exempt at its discretion some of the taxes on the home that belonged to an old person. As I read this amendment, it appears to me that it could be interpreted in this manner, that an old people's home where thirty or forty old people might live could be included. I'm not an expert, but I wonder if someone else might check me out and see if I am correct or not. If I am right, then I think that we should have an amendment to clarify this. If I'm wrong, then I am willing to be corrected."

Senator Bailey:

"Mr. President and Senator Lewis:

"Certainly this is drawn by a bill drafter and I certainly would not be against changing this to any real property owned and occupied by such a person. I think this would tie it down. This was the intent of the bill and I see your point and I would agree to that."

Senator Durkan:

"Mr. President:

"Speaking to the point raised by Senator Lewis, I joined in this amendment to point up a basic inequity in the law now. At present, these homes for older people are exempt, but private dwellings are not. I think this is a basic inequity which the amendment helps to resolve."

#### POINT OF INQUIRY

Senator Riley:

"Mr. President and Senator Bailey:

"I had the same question Senator Lewis propounded to you. I think we realize that these homes could be where people could be living as their home, or they could rent rooms, and that could be taken care of by legislative act. Specifically, Senator Bailey, this has to go before the voter. Would you think it would be appropriate to have in this resolution the language, 'sixty-five years of age and older who are on public assistance'? I ask the question on the basis that this has to be voted upon and I don't know whether or not people are going to feel that the vice president of the bank and the president of a steel works are going to be eligible since they are over sixty-five. I recognize this would depend upon the legislative act, but it might make it more appealing to the voters."

Senator Bailey:

"Mr. President:

"If you do this, you are missing the main point of the whole thing. As it is now, people on public assistance have their taxes paid by the Public Assistance Department. We don't have to worry about it. It's the people on social security, on fixed pensions, that have no way of paying taxes. These are the people that can't even get on welfare. They are drawing a small pension, seventy-five or eighty dollars a month, and they have to pay their tax out of that. I certainly would not at this time want to include anyone on public assistance rolls."

Debate ensued.

It was moved by Senator Freise that the following amendment to the amendment be adopted:

In line 22 of the amendment to Article VII, section 1, by Senators Bailey, Rasmussen, Durkan and Dore, after "*property*" and before "*occupied*" insert "*owned and*"

Debate ensued.

The motion was carried and the amendment to the amendment was adopted.

On motion of Senator Freise, the following amendment to the amendment was adopted:

In line 22 of the amendment to Article VII, section 1, by Senators Bailey, Rasmussen, Durkan and Dore, strike "*home*" and insert "*single family dwelling*"

**POINT OF INQUIRY**

Senator Dore:

"Mr. President, would Senator Freise yield to a question?"

"Senator, earlier in the session we passed an amended condominium bill and it was noted that possibly twenty-five percent of all future housing would be condominiums. Now, are they considered a single family dwelling? Would this be excluded under the terms of the amendment?"

Senator Freise:

"Mr. President, it would be my opinion from having worked on it two years ago and also this year that the idea of condominium is that you will have separate single family dwelling units joined with many single family dwellings in one large building, so I would say that a single family dwelling in this particular case would be exempted from the real property taxes if they were over sixty-five."

It was moved by Senator Woodall that the following amendment to the amendment be adopted:

On line 27 of the amendment to Article VII, section 1, by Senators Bailey, Rasmussen, Durkan and Dore as amended by Senator Freise, after "income." add the following: "*The legislature shall have the power, by appropriate legislation, to exempt from taxation all or any part of the real property occupied and owned as a home by a person or persons permanently and totally disabled as a result of an industrial injury, or such an injury received while engaged in the service of the United States Armed Services and may place such restrictions and conditions on the granting of the exemptions as it shall deem proper, including the limiting of the exemption to those below a specified level of annual income.*"

Debate ensued.

**POINT OF INQUIRY**

Senator Lewis:

"Would Senator Woodall yield to a question?"

"Senator Woodall, although I am reluctant sitting way back here in the back rows as a freshman Senator, and with your razorsharp tongue, to ask you questions which might be interpreted in any other way than that of humility; however, I certainly think I see what you are driving at when you include veterans and when you include industrial accident cases, but I wonder if you are not discriminating. Or if you could tell me why you have excluded those who have been severely hurt in hunting accidents, or automobile accidents, housewives who are in wheelchairs because of home accidents, or farmers from your district who have been hurt in tractor accidents or legislators who have been severely disabled by their constituents. In sincere humility, I don't understand, and I am ready to take my licking, but I don't understand how you can include only industrial insurance cases and not all the others to whom I have referred."

Senator Woodall:

"In the first place, I didn't know that we were going to have an amendment before us which suddenly started exempting people over a certain age. It apparently is proposed on the basis of some kind of a hardship and they are saying that at the magic age of sixty-five, if someone finds himself on a certain income, we are going to have to give him specialized treatment just because he is sixty-five and for no other reason. It occurred to me that there are other people who have hardships and who have homes and on whom the taxes are going to be raised. I happen to know a fellow who is in a wheelchair and he is a veteran. He owns a little home and his income is fixed, and it came to my mind while we were sitting here. I also thought of the case of people who are injured in industrial accidents who cannot get any raise. Those two thoughts came to me and I incorporated them in the bill, I did not think of the housewife. I did not think of some of the categories that you have mentioned, and if I had thought of them, some I would not have put in anyway, particularly hunting accidents. No one made him go out there. That's a different category. And if I put in farmers, you would say I had some self interest in it, so I wanted to stay away from that. I picked two categories which I thought were particularly deserving, if you are dealing with hardship cases, and that is what the

purpose of this is. I'll repeat again: I don't believe we should have this amendment at all, but I do believe that if we are going to have it you ought to recognize there are other hardships in life besides being sixty-five, and I can't see the magic of that figure. You are going to be lobbied—and I don't worry about being lobbied personally—but it is going to become an issue as to how much of a grant we give, how much of an exemption do we make, at what level do we give this exemption for people over sixty-five? I think we ought to stay out of that field. But if we are going to go into it, I think we ought to recognize some of the other types of hardship cases."

It was moved by Senator Bailey that the amendment to the amendment be laid upon the table.

The motion was carried on a rising vote and the amendment to the amendment was laid upon the table.

It was moved by Senator Hallauer that the following amendment to the amendment be adopted:

On line 27 of the amendment to Article VII, section 1, by Senators Bailey, Rasmussen, Durkan and Dore as amended by Senator Freise, strike the last word of the amendment "income" and substitute the following: "*net income from all sources including retirement and other benefits*"

Debate ensued.

On motion of Senator Bailey, the amendment to the amendment was laid upon the table.

It was moved by Senator Stender that the amendment by Senators Bailey, Durkan, Rasmussen and Dore be laid upon the table.

Senator Durkan demanded a roll call and the demand was sustained by Senators Charette, Greive, Gallagher, Kupka, Bailey, Cooney, Hanna, Gissberg and Keefe.

#### ROLL CALL

The Secretary called the roll and the motion to table the amendment was lost by the following vote: Yeas, 7; nays, 41; excused, 1.

### POINT OF INQUIRY

Senator Rasmussen:

"Mr. President, would Senator Moriarty yield to a question?"

Senator Moriarty, Jr.:

"I yield."

Senator Rasmussen:

"Senator Moriarty, I was for the timber classification bill and I don't know if I am opposed to this exemption on real estate that you are suggesting. However, how would you determine, let us take for example a hundred acre farm as against a five thousand acre farm, and you would determine its use so that the owner would be exempted as far as real estate going up to thirty percent or whatever figure the legislature determines. But you have no other means of determining what this farm might produce. The hundred acre farm or the five thousand acre farm would still be in the same class. Now we still have in the resolution the provision that all lands and personal property shall be classed at the same level. That's in section 1, so if you have no chance to recover on the amount of money that's raised on these farms, but you would exempt them from taxation at the same level the rest of the people are paying, now where or how would you arrive at that?"

Senator Moriarty, Jr.:

"Senator Rasmussen, I'm glad you asked that because it gives me a chance to amplify on my earlier remarks. Notice the legislature may prescribe the conditions of such an exemption. Let me call your attention to the reforestation act that we

passed in 1963 which says that all lands west of the Cascade Mountains shall pay a real property tax of two dollars an acre as long as the timber is not cut, and then when the timber is cut, the owner of the timber pays a yield tax. If I recall correctly, it is around twelve percent. The state does not lose the money. Actually the taxation is deferred until such time as the timber is grown and cut and in that way the timber owner is encouraged to use his land for desirable purposes, raising timber. Turn this analogy into agriculture lands. As an example, a man who, under federal regulation, is required to leave a good part or all of his farm in the soil bank, regardless of the size, or whether it is unproductive for certain reasons for a period of time. Would it not be possible for the legislature to prescribe if, under federal regulations, the farmer could not use the land for a year or two or however long the direction may be, that he must pay only a certain tax and then, at such time as he has an income profit on it, he then pays a tax with the money that he would get from that profit, using the analogy of the timber. This is one suggestion, and this is the way the agriculture exemption could work. In other words, we have in agriculture land the federal government directing all over the state, as I understand it, that certain parts or parcels of acreage must not be used for the growing of a crop, so the farmer who owns this land cannot get any income from it during that period of time, and then at a later time he can use it. Or he may voluntarily leave his land to lie fallow and then a year or two later use it. I am no farmer so I don't really know the time provided, but this is an example of the type of exemption that could be adopted by the legislature, and this is why the agriculture exemption is important.

"Now, the timber land exemption already exists in my opinion and I don't think, under the reclassification or reforestation act of 1963, it is necessary to provide in the constitution for timber land.

"I hope that answers your question."

Senator Rasmussen:

"Mr. President:

"No, Senator, it doesn't. My understanding is when the farmer puts his land in the soil bank, he is being paid for putting land in the soil bank."

Senator Moriarty, Jr.:

"Under federal regulation I assume he might be paid. I don't know. Some of the farming people can answer that perhaps, but how about the man who voluntarily puts his land in fallow? It's my understanding good farming practices would require a man to leave certain ground lie fallow for a certain growing season and then use it again. Isn't this crop rotation, soil rotation? Again, you've got me at a disadvantage because I don't know too much about farming, but it has always been my understanding that good farming practice, whether or not it is required by the federal government for engaging in not growing crops, is to leave the land lie fallow for a certain period of time, so in the future it will be more productive. In other words, you don't try to exhaust land by growing a crop on it every day of every month of every year."

Senator Rasmussen:

"Regardless of that, it is my understanding that the farmer will put poor land in the soil bank and then produce three times as much on the other land. But the question I have in mind is, if you are going to not tax them on the land basis, that you then would be taxing them on the yield basis and you would be moving into the income tax field where they would take you into court and beat you out of the exemption."

Senator Moriarty, Jr.:

"All I have done, Senator Rasmussen, is suggest that this is a way that it could be done, by future legislatures, by analogy to what the past legislature in 1963 did in the case of timber land. I don't know what the future legislature might do. The point I am trying to get across is that we should not tie the hands of future legislatures to correct inequities, particularly in the case of agricultural land. I again come back to the analogy of the timber land which we have already done under our constitution to encourage the use of land for the growth of timber. We all know this is one of the basic and most important crops in the state. We have done it in one fashion for timber. We can do it in a hundred other fashions for agriculture, and under such conditions as the legislature may prescribe. The point I'm trying to get across, we should not take out of the constitutional amendment the right of a future legislature to recognize these situations."

Senator Rasmussen:

"By putting this in article VII, section 2, saying that the legislature may do it, how are you going to get around article II, section 1, which says all taxes shall be uniform upon the same class of property within the territorial limits of the authority levying the tax? Now you have a directly opposite provision in the two sections."

Senator Moriarty, Jr.:

"You have asked me a grammatical construction question, really. If you will look at Senate Joint Resolution No. 24, you will find article VII has two sections, sections one and two, and you have read from section 1. All right, down in article VII, section 2, you will find the proviso, providing nothing in this article—article VII—which would cover both sections 1 and 2."

Debate ensued.

The President stated the question before the Senate to be the adoption of the amendment proposed by Senator Durkan.

Senator Gallagher demanded a roll call and the demand was sustained by Senators Kupka, Durkan, Charette, Hallauer, Hanna, Neill, Moriarty, Jr., Talley and Sandison.

#### ROLL CALL

**POINT OF INQUIRY**

Senator Peterson (Ted):

"Would Senator Greive yield to a question, Mr. President?

"The statement was made that many attorneys do not care for this type of business. My question would be, Governor Evans has come up with a point that makes it more acceptable to all of us. If you go to a jury trial and you are deadlocked, what is the average fee that an attorney would receive for handling such a case? I'm trying to determine how close this would bring it down to Governor Evans' amount if this fee were paid and do you consider, by going to a jury, more money would be received by the injured workman?"

Senator Greive:

"Mr. President, in answer to Senator Peterson's question, he has asked me several questions. First, he wants to know what the average fee is in a jury trial. The average, as I understand it, is \$200 to \$250 a day, with a lot of preparation.

"Normally, these fees are set on appeal by the Board of Industrial Insurance Appeals. In my case, I think there was only one time when I didn't apply to them to set it. I think they should set it and they do. As a matter of fact, there is less money in this particular field than in most other legal fields. Frankly, the only reason I do this kind of work is that I specialize in injury work and if I take all injury work, third party cases and so on, people recognize you as an injury lawyer. There isn't a lot of money in this particular field. It would seem to me, generally speaking, that ninety-eight percent of the cases involve more money, not only for the workman, but there is more money for the lawyer, too. Now, let me say something: When you ask or apply to have your fee set, the workman always gets the money given him by the Department. The lawyer never gets any part of that. I am sure that Senator Guess is one million percent mistaken on that. What the lawyer gets does not come out of what the man gets from the department. The only fee he gets is a percentage of what the man gets extra. In other words, if the workman gets a thousand or fifteen hundred dollars, the only fee the lawyer gets is not a percentage of the whole amount, as he does in other types of litigations. He only gets a percentage of the additional compensation that the man would get if it does go to a jury, because they said the thing was concluded and you said it wasn't. They set a fee in addition to that, just for the days in court. As an actual matter, I'd say in the entire field of law, this is the most niggardly area in which a lawyer practices. The only reason some firms do well is because they have such a volume."

Senator Keefe, Greive and Gallagher demanded the previous question and the demand was sustained.

Senators Stender, Rasmussen, Greive, Durkan, Washington, Gissberg, Knoblauch, Gallagher, Kupka and Herrmann demanded a roll call and the demand was sustained.

"I call the President's attention to rule 31 which states that a motion to reconsider shall have precedence over every other motion except a motion to adjourn and when the Senate adjourns while a motion to reconsider is pending or before passing the order of motions, the right to move a reconsideration shall continue to the next day of sitting."

**Senator Dore:**

"Mr. President, didn't we have a concurrent resolution passed pertaining to the special session, that after the fifteenth day, a motion to reconsider has to be made on the same day?"

**Senator Greive:**

"Mr. President, that would only apply when we have completed action on a particular bill. As long as it is pending, under rule 31, you may reconsider immediately, but by immediately means as long as the bill is under consideration there is no problem."

**Senator Moriarty, Jr.:**

"Mr. President:

"Reading further from rule 31, it states on and after the tenth day of an extraordinary session, a motion to reconsider shall only be in order on the same day upon which notice of reconsideration is given."

"Now, Senator Washington's motion being a motion to reconsider is also a notice of reconsideration, it is in order because we are on the same order on the same bill."

**Senator Gallagher:**

"Mr. President, speaking on the point of order, I wonder if it would be convenient for the Secretary to read the concurrent resolution limiting debate in the extraordinary session? I would like to hear that. It may be that that even supersedes anything we have done here for the point of clarification. It might be well to clarify that point."

**RULING BY THE PRESIDENT**

**The President:**

"The President in ruling upon the point of order by Senator Durkan:

"The President rules that the motion to reconsider the amendment by Senator Durkan is in order in that the resolution is still on second reading, and the President believes that rule 31 applies in that portion which states: 'Motions to reconsider a vote upon an amendment to any pending question may be made and decided at once.' The President believes as long as the bill is under consideration and on second reading, it is subject to amendment and those amendments are subject to reconsideration."

"Senator Gallagher, do you wish the resolution read at this time?"

Senator Gallagher:

"Not necessarily, Mr. President, if it's clear in your mind that there is no conflict between rule 31 and the resolution."

Debate ensued.

Senators Gallagher, Durkan and Herrmann demanded the previous question and the demand was sustained.

Senator Durkan demanded a roll call and the demand was sustained by Senators Charette, Rasmussen, Moriarty, Jr., Chytil, Greive, Herrmann, Kupka and Washington.

#### ROLL CALL

The Secretary called the roll and the motion for reconsideration of the vote by which the amendment by Senator Durkan was adopted carried by the following vote: Yeas, 30; nays, 18; excused, 1.

Those voting yea were: Senators Atwood, Charette, Chytil, Donohue, England, Foley, Freise, Gissberg, Guess, Knoblauch, Lennart, Lewis, McMillan, Morgan, Moriarty, Jr., Neill, Peterson (Lowell), Peterson (Ted), Petrich, Raugust, Redmon, Riley, Ryder, Sandison, Stender, Talley, Thompson, Jr., Washington, Williams, Woodall—30.

Those voting nay were: Senators Bailey, Connor, Cooney, Dore, Durkan, Gallagher, Greive, Hallauer, Hanna, Henry, Herr, Herrmann, Keefe, Kupka, McCormack, McCutcheon, Mardesich, Rasmussen—18.

Excused: Senator Cowen—1.

#### PARLIAMENTARY INQUIRY

Senator Moriarty, Jr.:

"Mr. President:

"Would it be in order at this time to offer an amendment before the amendment by Senator Durkan striking these words is considered?"

Senator Greive:

"Absolutely not on a motion to reconsider."

Senator Moriarty, Jr.:

"My point is that I have an amendment which strikes some of the language and the Durkan amendment strikes the entire section. My amendment cannot be offered, were the Durkan amendment to prevail, and I therefore suggest my amendment is in order."

#### POINT OF ORDER

Senator Gallagher:

"Mr. President, point of order:

"The motion by Senator Washington was that we reconsider the amendment as proposed by Senator Durkan yesterday. Now I presume the proper motion is that you go ahead and vote if you want to strike that amendment and then Senator Moriarty's motion would be in order, but I don't think it is in order at this time. We have to do either one or the other, and the motion was that we do now reconsider the amendment as proposed by Senator Durkan, which took care of both agricultural and timber lands. It was one amendment, as I recall."

Senator Ryder:

"Mr. President:

"By our vote, the amendment by Senator Durkan is now before us. Now we can amend that, we can refuse to amend it, we can pass it or we can kill it as the case may be. I think it is in order, Mr. President, that an amendment can be offered to the Durkan amendment at this time."

Senator Moriarty, Jr.:

"Speaking on the point of order raised by Senator Gallagher, what Senator Durkan's amendment does is to strike that entire section of this measure. Now I think it is in order for the body to determine whether or not it shall perfect the provision which is to be stricken out or not stricken out. If that is not the case, then at any time any person could move to strike out a given section of a bill and no other member of the body would have an opportunity to improve it to meet the objections by the other members of the body."

Senator Greive:

"Mr. President:

"I was in error when I first jumped up to speak on the point of order, Reed's Rule 203 says that it puts the question just as it was before, so it seems to me what Senator Moriarty says is correct."

**PARLIAMENTARY INQUIRY**

Senator Riley:

"Mr. President, parliamentary inquiry:

"Mr. President; by a vote of the body to reconsider the vote by which the amendment of Senator Durkan was adopted, the Senate voted to reconsider. Now we have, Mr. President, an amendment by Senator Durkan before us as it was yesterday. Now, is it not possible for someone to offer an amendment to the existing amendment?"

**RULING BY THE PRESIDENT**

The President:

"The President was just going to rule upon the point, Senator Riley. In essence, the remarks by Senator Greive are correct in that Reed's Rule 203 applies to this particular situation. The President will read that portion which pertains to this situation:

"Immediately after the adoption of the motion to reconsider, the question stands precisely as it did before the reconsidered vote was taken, and if no other action is proposed, the presiding officer must then again put the question to vote."

"In this particular case, Senator Moriarty has offered an amendment. The amendment is in order."

It was moved by Senator Moriarty, Jr. that the following amendment be adopted:

On page 1, line 18, after "farms:" and before "shall" strike all the matter and insert "and agricultural lands", being a portion of the material stricken by Senator Durkan's amendment.

Debate ensued.

**PARLIAMENTARY INQUIRY**

Senator McCormack:

"Parliamentary inquiry, Mr. President:

"If we defeat Senator Moriarty's amendment, we will have before us Senator Durkan's amendment again, will we not?"

**REPLY BY THE PRESIDENT**

The President:

"That is correct, Senator McCormack."

Senator McCormack:

"But if we adopt Senator Moriarty's amendment, then that will become Senator Durkan's amendment at that time, will it not?"

The President:

"It will be Senator Durkan's amendment as amended, Senator McCormack."

**PARLIAMENTARY INQUIRY**

Senator Gissberg:

"Mr. President, point of parliamentary inquiry:

"Pursuing this one step further, assuming that Senator Moriarty's amendment to the amendment is adopted, we would then vote on Senator Durkan's amendment as amended which, as amended, would still be voting on whether to take timber out, is that correct? Senator Moriarty's amendment would put the agriculture back into the bill. Therefore, you would be voting on the Durkan amendment as amended. You would just decide whether or not you wanted to leave timber in or take timber out?"

Senator Moriarty, Jr.:

"Mr. President, speaking on the point of parliamentary inquiry:

"If my amendment were adopted, all that will be left will be this language: 'Provided, nothing in this Article VII as amended shall prevent the legislature from providing under such conditions as it may prescribe that the true and fair value in money of farms and agricultural lands shall be based on the use to which such property is currently applied,' and so on, so it will simply leave before us the language which would include only agricultural lands. Senator Durkan's amendment would then be in order to strike the whole proviso and the question would be limited to agricultural lands, only."

Senator Ryder:

"Mr. President:

"I agree with Senator Gissberg that if we adopt Senator Moriarty's amendment to Senator Durkan's amendment, then Senator Durkan's amendment will be merely striking and putting back the language on farms and agricultural lands. We will be striking the language of farms and agricultural lands, timber and timber lands and will be putting back in then the language of farms and agricultural lands, and then we will vote on the amendment as amended, which will only strike timber and timber lands."

It was moved by Senator Mardesich that Senate Joint Resolution No. 24 be indefinitely postponed.

It was moved by Senator Riley that the motion be laid upon the table.

**PARLIAMENTARY INQUIRY**

Senator Bailey:

"Point of parliamentary inquiry, Mr. President:

"If Senator Riley's motion does not prevail, the question before the Senate will be indefinite postponement of Senate Joint Resolution No. 24?"

**REPLY BY THE PRESIDENT**

The President:

"That is correct, Senator Bailey. Senator Riley has moved to table the motion to indefinitely postpone. If the motion carries, then, the motion is laid upon the table. If the motion is lost, then the question before the Senate will be the motion by Senator Mardesich to indefinitely postpone Senate Joint Resolution No. 24."

Senator Bailey:

"Then we may debate the question at that time?"

The President:

"That is correct."

Senator Durkan demanded a roll call and the demand was sustained by Senators Charette, Herrmann, Connor, Bailey, McMillan, Rasmussen, Talley and Dore.

**ROLL CALL**

The Secretary called the roll and the motion to table the motion to indefinitely postpone Senate Joint Resolution No. 24 was carried by the following vote: Yeas, 32; nays, 16; excused, 1.

Those voting yea were: Senators Atwood, Bailey, Chytil, England, Foley, Freise, Gissberg, Greive, Hallauer, Hanna, Knoblauch, Kupka, Lennart, Lewis, Morgan, Moriarty, Jr., Neill, Peterson (Lowell), Peterson (Ted), Petrich, Rasmussen, Raugust, Redmon, Riley, Ryder, Sandison, Stender, Talley, Thompson, Jr., Washington, Williams, Woodall—32.

Those voting nay were: Senators Charette, Connor, Cooney, Donohue, Dore, Durkan, Gallagher, Guess, Henry, Herr, Herrmann, Keefe, McCormack, McCutcheon, McMillan, Mardesich—16.

Excused: Senator Cowen—1.

**PARLIAMENTARY INQUIRY**

Senator Moriarty, Jr.:

"Mr. President, I confess confusion in my own mind as to what is before the Senate at the present time and what will be before the Senate depending upon the passage or failure of my amendment."

**REPLY BY THE PRESIDENT**

The President:

"The question before the Senate is your motion, Senator Moriarty, to amend the amendment of Senator Durkan."

Senator Moriarty, Jr.:

"And what will be before the Senate if my motion should prevail? What is then before the body?"

The President:

"Then the question would be the adoption of the amendment as amended, or to adopt further amendments to the amendment."

The motion was carried and the amendment by Senator Moriarty, Jr. was adopted.

It was moved by Senator Durkan that the following amendment to the amendment be adopted:

On page 1, section 2, line 18 after "*agricultural lands*," insert "*single and multiple family dwellings*,"

Debate ensued.

It was moved by Senator Moriarty, Jr. that the amendment to the amendment be laid upon the table.

Senator Durkan demanded a roll call and the demand was sustained by Senators Herrmann, Kupka, Herr, Henry, Rasmussen, Gallagher, Bailey and Mardesich.

**ROLL CALL**

The Secretary called the roll and the motion by Senator Moriarty, Jr. to lay the amendment by Senator Durkan on the table was carried by the following vote: Yeas, 30; nays, 18; excused, 1.

Those voting yea were: Senators Atwood, Bailey, Charette, Chytil, Dore, England, Foley, Freise, Gissberg, Guess, Hallauer, Knoblauch, Lennart, Lewis, McCutcheon, McMillan, Morgan, Moriarty, Jr., Neill, Peterson (Lowell), Peterson (Ted), Petrich, Raugust, Redmon, Riley, Ryder, Thompson, Jr., Washington, Williams, Woodall—30.

Those voting nay were: Senators Connor, Cooney, Donohue, Durkan, Gallagher, Greive, Hanna, Henry, Herr, Herrmann, Keefe, Kupka, McCormack, Mardesich, Rasmussen, Sandison, Stender, Talley—18.

Excused: Senator Cowen—1.

## PARLIAMENTARY INQUIRY

Senator Moriarty, Jr.:

"Mr. President:

"What is the question before the body at this time?"

## REPLY BY THE PRESIDENT

The President:

"The question before the Senate is the adoption of the Senator Durkan amendment as amended."

Senator Moriarty, Jr.:

"Is the Durkan amendment that we are now considering, to strike the proviso?"

The President:

"Yes, Senator Moriarty."

Senator Moriarty, Jr.:

"So that if a person wanted to leave the language between lines 15 and 22 as the language now exists in the bill, he would vote 'no' is that correct?"

The President:

"A vote 'aye', Senator Moriarty, would put all of the language of the proviso back in the bill except the words, 'timber and timber lands.' That is the effect of Senator Moriarty's amendment to the Senator Durkan amendment. The question before the Senate is the adoption of the Senator Durkan amendment as amended."

The motion was carried and the amendment as amended was adopted.

The Secretary read the following amendment by Senator Stender:

On page 2, section 2, line 11, after "port" and before the period, strike "or public utility district"

On page 2, section 2, lines 15 and 16, after "port" strike "or public utility district"

With the consent of the Senate, Senator Stender was permitted to withdraw the amendment.

It was moved by Senator Williams that the following amendment by Senators Williams and Durkan be adopted:

On page 2, section 2, line 9, after "*money*:" insert "*Provided, Further, That after January 1, 1968, the state may not levy more than two mills on the dollar of assessed valuation:*"

Debate ensued.

## POINT OF INQUIRY

Senator Dore:

"Mr. President, would Senator Moriarty yield to a question?"

"Senator Moriarty, you realize if this passes and becomes a part of the constitution, at the end of two years, this ten mills being levied at the state level will then be taken off and the schools that have come to rely on these additional mills will no longer have those funds. What is your intention to get the additional funds and don't you think it would be wiser not to have this rigid limitation and be able to come back and re-examine it anew in two years from now?"

Senator Moriarty, Jr.:

"Senator Dore, you have asked a key question in this whole thing, and this is why the constitutional amendment is so important to this entire matter of property taxation because, should the constitutional amendment pass, the property in this state will be assessed at a thirty percent level. It would not then be necessary to use the ten mills on a state level. Our property assessments will have leveled or flattened out to something above twenty-eight percent and under thirty percent and this is the key to this whole thing and this is why the constitutional amendment is so important. A school district would have the right, to use the term that has

been used around here, to pull the trigger if its assessed value is falling below twenty-eight percent, but the target range is between twenty-eight and thirty percent, and from that point on into the future, according to the constitution, there will be this lid on the assessed level of property. We will not need the ten mills on a state level and that is why I refer to Senator Williams' amendment as an insurance amendment."

Senator Dore:

"Mr. President, could I ask a further question?"

"If what you say is true, under this constitutional amendment we are going to solidify or level out the assessment at twenty-eight percent, why is it necessary to adopt the amendment and what purpose does it accomplish?"

Senator Moriarty, Jr.:

"Because from that point on, from January 1st of 1968, the legislature could still, by a bill, and the Governor could still sign—I mean, I can't guarantee that the existing Governor is going to be alive two years from now. We may have another Governor. Anything could happen and the legislature could pass a bill, a ten mill bill and the then Governor could sign, so the assurance I gave Senator Washington about the present Governor, while true, could not be true if, for example, the grim reaper comes along, so what this amendment is designed to do is to put into the constitution this provision so no matter what happens two years from now, we would have a provision against levying the ten mills at the state level and we will have an assessed value ranging between twenty-eight percent and thirty percent on all property throughout the state."

Senator Dore:

"I'm confused like Senator Stender. You say that under the amendment we previously adopted, we solidified the assessment rate at twenty-eight percent, so what value is your amendment if it is solidified at that level?"

Senator Moriarty, Jr.:

"Well, now I'm confused by the question. I thought I had answered it. I believe Senator Ryder can answer that for you."

Senator Ryder:

"Mr. President and members of the Senate:

"I think Senator Dore's question is a very valid question, but if this constitutional amendment is passed by this body and passed by the voters in November of 1966, then the state ratio will be at twenty-eight percent to thirty percent, so the level, as you say, of these ratios would make it the same in many cases, whether we use the state ratio or the local ratio but the only area which can go to thirty percent, if the assessor is still down around twenty-five percent, is the school, so the school ratio would be up around there anyway. Now some future legislature may decide that we want to put on, say the county or city or some junior taxing district, millage at the state level and force this particular county to come up to thirty percent. We don't want that to happen and this is a safeguard against that sort of thing happening."

Debate ensued.

The motion was lost on a rising vote and the amendment by Senators Williams and Durkan was not adopted.

It was moved by Senator Guess that the following amendment be adopted:

On line 15 of the amendment by Senators Bailey, Rasmussen and Durkan, after the "taxation" insert "": *Provided*, That the foregoing exemptions from taxation shall not apply to properties of public utility districts and properties of port districts used for industrial purposes in competition to private enterprise"

Debate ensued.

On motion of Senator Gallagher, the amendment was laid upon the table.

**MOTION FOR RECONSIDERATION**

Having voted on the prevailing side, Senator Hallauer moved that the Senate do now reconsider the vote by which the amendment by Senator McMillan to page 1, line 15 was not adopted.

Debate ensued.

It was moved by Senator Moriarty, Jr. that the motion for reconsideration be laid upon the table.

**POINT OF ORDER**

Senator Charette:

"Point of order, Mr. President:

"I believe under the rules a motion to reconsider cannot be laid upon the table."

With the consent of the Senate, the motion was withdrawn.

**RULING BY THE PRESIDENT**

The President:

"Senator Moriarty has withdrawn the motion. However, the President would like to rule upon the point of order as presented by Senator Charette. The President respectfully directs the attention of the members to the chart on page 218 of Reed's Rules in which it indicates that a motion to reconsider may be laid upon the table, but not if the motion has been decided affirmatively. Therefore, in this particular case, the motion to lay upon the table would be in order because the motion was decided in the negative."

Senator Hallauer demanded a roll call and the demand was sustained by Senators McCormack, Peterson (Lowell), Gallagher, Kupka, Donohue, McMillan, Rasmussen, Riley and Talley.

**ROLL CALL**

The Secretary called the roll and the motion by Senator Hallauer for reconsideration of the vote on the amendment by Senator McMillan to page 1, line 15 was lost by the following vote: Yeas, 21; nays, 27; excused, 1.

Those voting yea were: Senators Charette, Connor, Donohue, Gallagher, Guss, Hallauer, Hanna, Henry, Keefe, Knoblauch, Kupka, McCormack, McMillan, Morgan, Peterson (Lowell), Rasmussen, Raugust, Redmon, Riley, Stender, Woodall—21.

Those voting nay were: Senators Atwood, Bailey, Chytil, Cooney, Dore, Durkan, England, Foley, Freise, Gissberg, Greive, Herr, Herrmann, Lennart, Lewis, McCutcheon, Mardesich, Moriarty, Jr., Neill, Peterson (Ted), Petrich, Ryder, Sandison, Talley, Thompson, Jr., Washington, Williams—27.

Excused: Senator Cowen—1.

It was moved by Senator Stender that the following amendment be adopted:

On lines 22 and 23 of the amendment by Senators Bailey, Rasmussen and Durken, strike "*over sixty-five years of age*"

Debate ensued.

**POINT OF ORDER**

Senator Bailey:

"Mr. President, I raise the point of order that this is the same amendment that Senator Durkan presented to us before. It has the same effect, exactly. It exempts every home, every single family dwelling. I think this is the same thing we voted on before."

Senator Moriarty, Jr.:

"Mr. President:

"Calling the Chair's attention to Reed's Rule 136, the original insertion of this section was by way of amendment, and the body adopted the language, 'sixty-five or over.' According to Reed's Rule 136, it says, 'If the amendment is decided in the affirmative,' and that would be the original Bailey, Rasmussen, Durkan amendment, 'then the words inserted cannot, any of them, be stricken out, except with other words, and then only when, with other words, they constitute a new proposition.'

"I raise the point of order that Senator Stender's amendment does not constitute a new proposition; therefore, it is out of order under Reed's Rule 136."

Senator Stender:

"Mr. President:

"Senator Moriarty just got through with a maneuver the same as this one. Because he doesn't like this one, he thinks it's out of order. This isn't the way we do business. If the rule is good for your case, it must be good in mine."

Senator Charette:

"Perhaps, Mr. President, Senator Stender should follow his leader a little more closely."

Senator Riley:

"Mr. President, if you didn't wish to research this and would accept a motion, I would move that the amendment by Senator Stender be laid upon the table."

Senator Gallagher:

"I so move that the amendment proposed by Senator Stender be laid upon the table."

The motion was carried and the amendment by Senator Stender was laid upon the table.

**POINT OF ORDER**

Senator Stender:

"Mr. President:

"What was the ruling on the parliamentary inquiry? It just went by me. What was the ruling?"

The President:

"Senator Stender, there has been no research made on the question as yet. We were in the process of researching the matter."

Senator Stender:

"While that was going on, Senator Gallagher slipped in with a motion to lay my amendment on the table. I don't quite understand."

**RULING BY THE PRESIDENT**

The President:

"The Senate is in open session and Senator Gallagher was recognized for the purpose of making a motion. The President will rule upon the point of order at a later time."

On motion of Senator Ryder, the rules were suspended, Engrossed Senate Joint Resolution No. 24 was advanced to third reading, the second reading considered the third, and the resolution was placed on final passage.

Debate ensued.

Senators Herrmann, Peterson (Ted) and Talley demanded the previous question and the demand was sustained.

**ROLL CALL**

The Secretary called the roll on the final passage of Engrossed Senate Joint Resolution No. 24, and the resolution failed to pass the Senate by the following vote: Yeas, 18; nays, 30; excused, 1.

Those voting yea were: Senators Atwood, Bailey, Chytil, England, Foley, Freise, Gissberg, Lennart, Lewis, Mardesich, Moriarty, Jr., Peterson (Ted), Riley, Ryder, Sandison, Thompson, Jr., Washington, Williams—18.

Those voting nay were: Senators Charette, Connor, Cooney, Donohue, Dore, Durkan, Gallagher, Greive, Guess, Hallauer, Hanna, Henry, Herr, Herrmann, Keefe, Knoblauch, Kupka, McCormack, McCutcheon, McMillan, Morgan, Neill, Peterson (Lowell), Petrich, Rasmussen, Raugust, Redmon, Stender, Talley, Woodall—30.

Excused: Senator Cowen—1.

Engrossed Senate Joint Resolution No. 24, having failed to receive the constitutional two-thirds majority, was declared lost.

**PROTEST**

We the undersigned, protest the action of the Senate in introducing an element into SJR 24 that removed a fundamental protection of the owner of property to share in the decision whether his property should be charged to pay for special programs. The 40% quorum requirement for validation of special levy elections is, and always has been, a protection against unwarranted expansion of governmental programs.

We were prepared to vote for SJR 24, in the form presented by the printed bill, even though we realized that it would, and was designed to produce increases in the assessment base upon which our property taxes are based because the increases, under the package, were to apply only to schools; and, we knew that schools needed this support. But, we could not vote for the bill when the property owners, rights were diluted by the elimination of the 40% quorum requirement.

Dated this 13th day of April, 1965.

PERRY B. WOODALL  
ERNEST W. LENNART  
W. C. RAUGUST  
FRED G. REDMON

**MOTION FOR RECONSIDERATION**

Senator Neill, having voted on the prevailing side, moved that the Senate do now reconsider the vote by which Engrossed Senate Joint Resolution No. 24 failed to pass the Senate.

On motion of Senator Neill, the rules were suspended and the motion for reconsideration was made a special order of business for the first order of business on Monday, April 12, 1965.

There being no objection, the Senate returned to the second order of business.

On motion of Senator Riley, the Senate dispensed with the Call of the Senate.

## TWENTY-EIGHTH DAY

---

### AFTERNOON SESSION

---

SENATE CHAMBER,

OLYMPIA, WASH., Sunday, April 11, 1965.

The Senate was called to order at 1:00 p. m. by President Cherberg.

The Secretary called the roll and announced to the President that all Senators were present except Senator Cowen.

On motion of Senator Greive, Senator Cowen was excused.

The Color Guard, consisting of Pages John Turner, Color Bearer, and Teresa Hallauer, presented the Colors.

Senator Ernest W. Lennart offered prayer as follows:

"Then led they Jesus from Caiaphas unto the hall of judgment: and it was early; and they themselves went not into the judgment hall, lest they should be defiled; but that they might eat the passover.

"Pilate then went out unto them, and said, What accusation bring ye against this man?

"They answered and said unto him, If he were not a malefactor, we would not have delivered him up unto thee.

"Then said Pilate unto them, Take ye Him, and judge Him according to your law. The Jews therefore said unto him, It is not lawful for us to put any man to death:

"That the saying of Jesus might be fulfilled, which He spake, signifying what death He should die.

"Then Pilate entered into the judgment hall again, and called Jesus, and said unto Him, art Thou the King of the Jews?

"Jesus answered him, Sayest thou this thing of thyself, or did others tell it thee of Me?

"Pilate answered, Am I a Jew? Thine own nation and the chief priests have delivered Thee unto me: what has Thou done?

"Jesus answered, My kingdom is not of this world: If My kingdom were of this world, then would My servants fight, that I should not be delivered to the Jews: but now is My kingdom not from hence.

"Pilate therefore said unto Him, Art thou a king then? Jesus answered, Thou sayest that I am a king. To this end was I born, and for this cause came I into the world, that I should bear witness unto the truth. Every one that is of the truth heareth My voice.

"Pilate saith unto Him, What is truth? And when he had said this, he went out again unto the Jews, and saith unto them, I find in Him no fault at all.

"But ye have a custom, that I should release unto you one at the passover: will ye therefore that I release unto you the King of the Jews?

"Then cried they all again, saying, Not This man, but Barabbas. Now Barabbas was a robber.

"Then Pilate therefore took Jesus, and scourged Him.

"And the soldiers platted a crown of thorns, and put it on His head, and they put on Him a purple robe.

"And said, Hail, King of the Jews! and they smote Him with their hands.

"Pilate therefore went forth again, and saith unto them, Behold, I bring Him forth to you, that ye may know that I find no fault in Him.

"Then came Jesus forth, wearing the crown of thorns, and the purple robe. And Pilate saith unto them, Behold the man!

"When the chief priests therefore and officers saw Him, they cried out, saying Crucify Him, crucify Him. Pilate saith unto them, Take ye Him, and crucify Him: for I find no fault in Him.

"Then saith Pilate unto Him, Speakest Thou not.

"Pilate again went into the judgment hall, and saith unto Jesus, whence are Thou? But Jesus gave him no answer.

"Then saith Pilate unto Him, 'Speakest Thou not unto me? Knowest Thou not that I have power to crucify Thee, and have power to release Thee?'

"Jesus answered: 'Thou couldest have no power at all against Me, except it were given thee from above; therefore, he that delivered Me unto thee hath the greater sin.'

"And from thenceforth Pilate sought to release Him; but the Jews cried out, saying, If thou let This man go, thou are not Caesar's friend; whosoever maketh himself a king speaketh against Caesar.

"When Pilate therefore heard that saying, he brought Jesus forth, and sat down in the judgment seat in a place that is called the Pavement, but in the Hebrew, Gabbatha.

"And it was the preparation of the passover, and about the sixth hour: and he saith unto the Jews, Behold your King!

"But they cried out, Away with Him, away with Him, crucify Him. Pilate saith unto them, Shall I crucify your King? The chief priests answered, We have no king but Caesar.

"Then delivered he Him therefore unto them to be crucified. And they took Jesus, and led Him away."

*Legal Counsel to the Governor.*

State of Washington, Executive Department,  
Olympia, April 9, 1965.

*To the Honorable, The Senate of the State of Washington.*

LADY AND GENTLEMEN:

I have signed and transmitted to the Secretary of State Senate Bill No. 39, an act providing increased benefits under the Workmen's Compensation Act, totaling 2½ million dollars annually, payable to widows of fatally injured workmen and their families and to workmen temporarily and permanently totally disabled from injuries sustained in the course of their employment. These benefits are payable from premiums paid solely by employers of the state. Senate Bill No. 39 had bi-partisan support on final passage, and I have approved it to insure that the working men and women receive at least a portion of the increase in benefits which they deserve.

It is now apparent that federal legislation modifying the Social Security Act soon will be enacted which will not only increase federal benefits to many of this state's disabled workers, but will modify the definition of disability so that benefits would be payable after only a six-month inability to work, whether or not such inability was expected to continue over an extended and indefinite period. The problem of overlap between federal and state programs is one of growing seriousness, as has been recognized by the nation's Advisory Council on Social Security, and by our United Labor Lobby in a fact sheet dated January 21, 1965. I urge the Legislature to consider carefully this problem when it meets in 1967.

I have long recognized the need for increases in the benefits payable to injured workmen and their families. However, I also recognize that injured workmen, usually the more seriously disabled, have been victimized by unnecessarily technical processes built into the appellate structure of the Act, which permit unjustifiable delay in payment of awards, and which are totally foreign to the original intent of the framers of this progressive method of replacing lost earnings resulting from work-incurred injuries.

Toward the resolution of this distressing injustice in our industrial insurance program, I proposed to this legislature reasonable revisions in the appellate procedures of the Workmen's Compensation Act. My proposal was consistent with the procedures used by an overwhelming number of other states. It was consistent with proposals embodied in the Report of Suggested State Legislation of the Council of State Governments, whose Advisory Committee on Workmen's Compensation included men

such as Clinton Fair and Lawrence Smedley, both of the AFL-CIO. It also follows the recommendations of former Secretary of Labor Goldberg and the present Secretary of Labor, Willard Wirtz. I have also discussed my proposal with the members of the Board of Industrial Insurance Appeals, who have indicated to me support of my proposal. It is clear that responsible leaders in labor in this state recognize the need to meet this problem which the injured workman faces.

I note with dissatisfaction the total lack of any provision in any legislation now being considered to cope with this most serious problem. Furthermore, it is all too apparent that failure to correct this pressing problem, coupled with a substantial increase in the benefit schedules, will necessarily result in compounding the delay which is already intolerable to so many of our workmen. Workmen in no other state in the Union are required to submit to an appeals process fraught with these technicalities. I am determined to correct these abuses. There is no reason why our workmen's compensation program should remain submerged in a morass of procrastination when adequate and protective remedies lie close at hand.

Because of the vital necessity for immediate action, I have prepared and now make available to this Legislature a revised proposal designed to minimize appellate abuses and establishing a schedule of awards based upon scientifically arrived at and nationally recognized standards ignored in all legislation considered by the Legislature. Adoption of my proposal will provide benefits to permanently partially disabled workmen totaling \$3.8 million, or \$1.3 million more than the schedule provided in legislation now being considered.

In order that there be no misunderstanding of the dollar amount of these benefits, I have attached hereto and will make available for each of you a table which provides a basis of comparison between the existing schedules, those contained in Senate Bill No. 422 and those in my proposal.

My proposal may be attached by amendment to Senate Bill No. 422 which is presently before the Senate. Adoption of my proposal will result in a total increase in benefits of \$6.3 million, which is \$1.3 million more than that contained in Senate Bill No. 39 and Senate Bill No. 422 as it now exists. Its adoption will also allow the injured workman to escape from the delay caused by the protracted legal proceedings of the present system.

I strongly urge you to enact this proposal, which would both increase awards and accelerate their payment.

Respectfully submitted,

DANIEL J. EVANS, Governor.

On motion of Senator Greive, the Governor's message pertaining to Senate Bill No. 39 was ordered retained on the desk of the Secretary pending further action.

State of Washington, Executive Department,  
Olympia, April 8, 1965.

To the Honorable, The Senate of the State of Washington.

LADY AND GENTLEMEN:

I am returning herewith, without my approval as to one item, **Senate Bill No. 301** entitled:

"AN ACT Relating to elections; amending section 29.10.110, chapter 9, Laws of 1965 and RCW 29.10.110; amending section 29.51.060, chapter 9, Laws of 1965 and RCW 29.51.060; and adding new sections to chapter 9, Laws of 1965 and to chapters 29.04 and 29.10 RCW."

This bill makes a number of changes in the law relating to elections, and provides procedures for removing from the registration rolls the name of any person who no longer resides in the precinct in which he is registered.

Section 4 and section 9 each provides that the Secretary of State shall cause appropriate forms to be designed to carry out the provisions of this amendatory act.

However, section 9 also provides that some of the forms shall be furnished by the Secretary of State to the various county auditors and city and town clerks. The Secretary of State has never been required to furnish election supplies to the cities, towns and counties; and none of the budgets submitted to the legislature this session has provided for this expense.

In order that the bill will be consistent with past election procedures and not involve additional expense to the state, I have vetoed section 9. The remainder of **Senate Bill No. 301** is approved.

Respectfully submitted,

DANIEL J. EVANS, Governor.

On motion of Senator Greive, copies of the Governor's partial veto message were ordered printed and placed on the desks of the Senators.

On motion of Senator Greive, Senate Bill No. 301, together with the partial

veto message of the Governor thereon, was ordered retained at the desk of the Secretary, pending further action.

State of Washington, Executive Department,  
Olympia, April 8, 1965.

To the Honorable, The Senate of the State of Washington.

LADY AND GENTLEMEN:

I am returning herewith, without my approval as to one item, Senate Bill No. 47 entitled:

"AN ACT Relating to judges' salaries and pensions, and salaries of members of the legislature, amending section 1, chapter 144, Laws of 1953 as amended by section 1, chapter 260, Laws of 1957 and RCW 2.04.090; amending section 2, chapter 144, Laws of 1953 as amended by section 2, chapter 260, Laws of 1957 and RCW 2.08.090; and amending section 1, chapter 48, Laws of 1949, as last amended by section 2, chapter ....., Laws of 1965, as re-enacted by section 43.03.010, chapter ....., Laws of 1965, and RCW 43.03.010; and amending section 1, chapter 173, Laws of 1941 as last amended by section 1, chapter 3, Laws of 1965, and RCW 44.04.080."

This bill increases the salaries of legislators and judges of the supreme and superior courts effective after the expiration of their respective terms of office. It also reduces the per diem of legislators to be received while in session from \$40 to \$25, effective January 1, 1967.

Section 3 of this bill provides that the increases in judicial salaries provided in sections 1 and 2 shall not be considered in computing retirement benefits. Under the judges' retirement system, a judge who qualifies for full retirement benefits may retire on a pension of one-half his salary at the time of his retirement. Upon his death, his widow would receive one-half of his pension. It is my opinion that under the decisions of the Washington Supreme Court, including *Bakenhus v. Seattle*, 48 Wn. (2d) 695, 296 P. (2d) 536, the restriction contained in section 3 of this bill cannot lawfully be applied in computing pensions of those judges serving at the effective date of this act.

Moreover, I believe that it is important that we attract to the judiciary the most qualified persons possible. The pension benefits which accrue to judges upon retirement, and to their widows in the event of their death, are just as important in attracting qualified persons as the salary paid while they are serving on the bench.

I have vetoed section 3 so that judicial pensions will be based upon the salary levels established in sections 1 and 2 of the bill. The remainder of Senate Bill No. 47 is approved.

Respectfully submitted,

DANIEL J. EVANS, Governor.

On motion of Senator Greive, copies of the partial veto message of the Governor pertaining to Senate Bill No. 47 were ordered printed and placed on the desks of the Senators.

On motion of Senator Greive, Senate Bill No. 47, together with the partial veto message of the Governor thereon, was ordered retained at the desk of the Secretary pending further action by the Senate.

State of Washington, Executive Department,  
Olympia, April 8, 1965.

To the Honorable, The Senate of the State of Washington.

LADY AND GENTLEMEN:

I am returning herewith, without my approval as to certain items, Senate Bill No. 122 entitled:

"AN ACT Relating to commercial transactions; enacting a Uniform Commercial Code; repealing certain acts and parts of acts; and declaring an effective date."

Passage of the Uniform Commercial Code represents a major accomplishment by the legislature—one in which each of you may take great pride. Its passage will improve the state's commercial climate, and thereby benefit all our citizens.

No legislation of the scope and complexity of the Uniform Commercial Code can be prepared without creating problem areas. The legislature has wisely chosen to set

the effective date for the Code following the 1967 legislative session. This will give many groups an opportunity to review it carefully during the next two years, and to suggest solutions for those problems which exist. By separate letter I am urging the Washington State Bar Association to continue its study of those sections about which questions have been raised during this session. I urge legislators to participate in this review.

I have chosen to bring to the attention of those who will continue to study this bill three portions which I believe to be unsatisfactory.

#### **Specially Built Products**

My first point of concern is Section 2-616 which allows purchasers to terminate contracts for the manufacture and sale of specially built products in the event of an excusable delay (caused by an act of God). Subsection (3) denies commercial concerns the right to negotiate and agree to an allocation of the risks occasioned by such excusable delays.

Under Section 2-616, as now written, if a manufacturer incurs substantial costs in connection with the development and production of products for a particular customer, and then is delayed in making delivery by fire or other calamity beyond its control, the purchaser could terminate the contract without liability. I believe it is unreasonable to deny the manufacturer and the purchaser the right to bargain at arms' length for an allocation of the risks which would be occasioned by such an event.

It also should be observed that the termination of contracts under Section 2-616 occurs automatically in the event the purchaser fails to take any action within thirty days after learning of the delay. A purchaser unwittingly may allow the termination of his contract, placing him in the position of having to negotiate with the seller for new terms of purchase; at a time when he no longer has any bargaining power.

In an effort to protect both buyer and seller, the state of Wisconsin has deleted this provision from its Code. I have elected to veto subsection (3) of Section 2-616, which will eliminate the provision that the type of contract involved in this section cannot be modified by mutual agreement.

#### **Assertion of Defenses**

Section 9-206 deals with agreements not to assert defenses against assignees. By amendment, the following proviso was added: "*Provided*, That nothing in this act may be construed as depriving a buyer, as against an assignee, of asserting the defenses of fraud or material misrepresentation by the seller."

I believe this amendment was intended to protect the consumer, which is a commendable objective. However, existing statutes protect consumers against agreement which waive the right to assert all defenses against assignees, including the defenses of fraud and material misrepresentation. RCW 63.14.150 provides:

"No provision of a retail installment contract or retail charge agreement shall be valid by which the buyer agrees not to assert against the seller or against an assignee a claim or defense arising out of the sale."

This statute applied to all retail sales of goods and services purchased primarily for personal, family or household use. Section 9-206 of the Code expressly preserves this statute, thus making the amendment unnecessary to protect the consumer.

Because the proviso applies to the entire Code, not just to this section, it might create unintended results with regard to negotiable instruments. The basic concept of negotiable instruments is that they must pass freely from one person to another, in much the same manner as currency. To subject an innocent holder of a negotiable instrument to unique restrictions would disrupt normal commercial transactions in the state of Washington, and result in a distinct hardship to all parties.

Therefore, I have vetoed the proviso at the end of Section 9-206 (1).

#### **Financing Statements**

Section 9-402 (1) of the Code sets forth the minimum formal requirements of a financing statement, which is the instrument by which public notice of a security interest is given. One of the basic purposes of the Code is to adopt the principle that filing a simple and dependable "notice" that a lien is outstanding is preferable to filing the security instrument itself. Washington has previously adopted "notice filing" for certain security transactions. The notice is designed to direct a subsequent creditor or buyer to the source of the current and complete information regarding the prior lien. The Code extends this to all security transactions.

However, the legislature has amended Section 9-402 (1) to require that unnecessary information be inserted in the notice. Imposing these additional requirements enhances the opportunity for technical error, thus voiding a bona fide transaction without

providing any greater notice or protection to the public. The opportunity for error by out-of-state companies is especially increased. In this regard, I note that Section 9-208 has been amended to permit a debtor to require a secured party to send information regarding the status of his indebtedness and the collateral secured thereby to any person whom the debtor might designate. Thus, a prospective subsequent creditor easily can obtain reliable information concerning the prior security transaction. Therefore, I have vetoed the items in Section 9-402 (1) added by amendment to the original bill.

Section 9-402 (3) sets forth the form of a financing statement. To conform to the amendment discussed above, the legislature made provision for the addition of information in the financing statement required by subsection (1). Therefore, I have vetoed certain items appearing on lines 10 through 13 inclusive and lines 23 through 26 inclusive of subsection (3).

Apparently the Senate Judiciary Committee preparing its amendment to Section 9-402 (3) followed the California statute, because it inadvertently deleted the portion of the subsection which provides for the description of fixtures. It is not within my power to insert this portion of the Code which has been inadvertently omitted, but the 1967 legislature may wish to correct this omission.

The words "or timber" appear in two places in Section 9-402 (3). The California statute specifically deals with timber. Since the amendment discussed above followed California's section, these words were inadvertently included, when no reference to "timber" is contained in Section 9-402 (1). In order to correct the ambiguity existing between subsections (1) and (3), I have vetoed these words where they appear in Section 9-402 (3).

#### Conclusion

With the exception of Section 2-616 (3), a certain item in Section 9-206 (1), and certain items in Section 9-402 (1) and 9-402 (3), which I have vetoed, the remainder of Senate Bill No. 122 is approved.

Respectfully submitted,

DANIEL J. EVANS, *Governor.*

On motion of Senator Moriarty, Jr. copies of the partial veto message of the Governor were ordered printed and placed upon the desks of the Senators.

On motion of Senator Greive, Senate Bill No. 122, together with the partial veto message of the Governor thereon, was ordered retained at the desk of the Secretary pending further action by the Senate.

Referred to Committee on Ways and Means.

There being no objection, the Senate returned to the fifth order of business.

Senator Dore:

"Mr. President:

"The budget bill is still in committee and it is my intention to bring this matter up for the full committee to reduce the maintenance and operation for Fircrest in the amount of \$146,198, plus \$176,000 because I have a letter here from the Governor which recites the net saving will be \$146,198. The reason is this is a new building which will only house fifty-five patients, while under the old plan to revitalize and modernize, the old unit would have handled in excess of a hundred, so that the savings accomplished for maintenance and operation costs are reduced by \$146,000, even though there is a construction cost of \$176,000."

#### POINT OF INQUIRY

Senator Kupka:

"Would Senator Dore yield to a question?"

Senator Dore:

"Yes."

Senator Kupka:

"Senator Dore, have you, in your committee, explored the possibility of using this fine building over at Eastern State Hospital, with some 280 bed capacity, which has been empty for the last eight years? Have you asked the Department of Institutions to give you any explanation on it or evaluation of why we should be building more new buildings and allowing this well-constructed building to go empty? I wonder if you could comment?"

Senator Dore:

"Mr. President:

"To answer your question, Senator, you are the chairman of that Legislative Council subcommittee and we are waiting for your recommendation pertaining to it. I hadn't realized you had made a recommendation in this particular category. These structures at Fircrest are already there and instead of wasting money trying to modernize the old buildings, we are going to tear them down and construct new units right there. Fircrest is already there, so I don't think it is particularly applicable. I agree with you, if we are going to expand and allow for additional beds, we should look into facilities at Eastern State Hospital. Certainly, we will accept any recommendation you or your committee might make."

Senator Kupka:

"Mr. President, Senator Dore:

"This subcommittee did look into this matter a session or two ago and we recommended that it be made into a women's prison for the sake of using the building. Now, if the Department of Institutions doesn't want to use it for that, it certainly should be used for something. This is not refurbishing an old building, it is a modern building. It is as modern as any building we are constructing today. It is a good solid building and it seems a shame that we allow that nice structure to go for want of use and yet we are talking about building facilities elsewhere, and I can't understand it. I hope we do something with it. I can't see the sense of having this modern structure go unused, particularly in the field of retarded children where we have some 1200 people on waiting lists and we talk about developing new spaces for them. I certainly hope if the legislature doesn't do it now, they do something about it before too long."

Debate ensued.

It was moved by Senator Riley that the Senate consider concurrence in each House amendment, separately.

Debate ensued.

With the consent of the Senate, Senator Riley was permitted to withdraw the motion.

Further debate ensued.

With the consent of the Senate, Senator Dore was permitted to withdraw the motion.

On motion of Senator Dore, the Senate refused to concur in the House amendments to Engrossed Substitute Senate Bill No. 42 and asked the House to recede therefrom.

**THIRD READING OF BILLS**

Proposing Constitutional amendments to allow the increasing and diminishing of compensation during terms of office.

On motion of Senator McCormack, Engrossed Substitute Senate Joint Resolution No. 8 was ordered to retain its place at the top of the third reading calendar for tomorrow.

**PERSONAL PRIVILEGE**

Senator Bailey:

"Mr. President, point of personal privilege:

"I would like to make a couple of comments about the Governor's press conference this morning, in which he said he would veto any measure that asked for any further per diem for the legislature. Most of us on this side of the aisle talked it over and had no intention of asking for any more per diem. I don't suppose we have any such intention now, but we certainly have an intent to go back and take a new look at the budget and a new look at some of the things the Governor is asking for his personal family and official family.

"I think his comments were an undue aspersion on the members of the legislature to make us look bad in the public eye. We have certainly worked as hard as we could, trying to bring this session to a hasty conclusion. I would like to comment to Senator Durkan, your committee meeting will be held on the first day that we serve without pay.

The thing that I resent the most is the fact that the Governor did not call the leadership of the legislature in and talk to them about the conclusion of the session. As far as I am concerned, he has done nothing but prolong it."

There being no objection, the Senate returned to the first order of business.

**MOTION**

It was moved by Senator Freise that the Senate do now pass Senate Bill No. 47, the veto of the Governor notwithstanding.

Debate ensued.

Senators Gallagher, Charette and Talley demanded the previous question and the demand was sustained.

**PARLIAMENTARY INQUIRY**

Senator Dore:

"Mr. President, under the rules, we have a roll call vote, is that correct?"

Senator Moriarty, Jr.:

"Under the constitution, we must have a roll call, Mr. President.

"I call the President's attention to section XII of the Constitution. We must have a roll call vote."

**REPLY BY THE PRESIDENT**

The President:

"That is correct. It will require two-thirds of those present to pass Senate Bill No. 47, the partial veto of the Governor notwithstanding."

Senators Petrich, Sandison and Peterson (Ted) demanded a Call of the Senate.

A Call of the Senate was ordered.

**CALL OF THE SENATE**

The Sergeant at Arms locked the doors of the Senate Chamber.

The Secretary called the roll on the Call of the Senate, all members being present.

On motion of Senator Petrich, the Senate proceeded under the Call of the Senate.

The President declared the Senate to be at ease.

The President called the Senate to order.

**PRESIDENT'S PRIVILEGE**

The President:

"Members of the Senate, since this is a partial veto, the Senate is actually voting on those portions of Senate Bill No. 47 to which the veto of the Governor pertains.

"The question before the Senate is: It has been moved by Senator Freise that the Senate pass Senate Bill No. 47, the partial veto of the Governor notwithstanding. A vote 'aye' will be to pass those portions of Senate Bill No. 47 to which the veto pertains. A vote 'nay' will be to uphold the veto of the Governor."

**ROLL CALL**

The Secretary called the roll on the motion by Senator Freise that the Senate pass Senate Bill No. 47, the partial veto of the Governor notwithstanding, and the motion was lost by the following vote: Yeas, 29; nays, 20.

Those voting yea were: Senators Atwood, Bailey, Chytil, Connor, Donohue, Dore, Durkan, England, Freise, Guess, Hallauer, Henry, Herr, Lennart, Lewis, McCormack, McMillan, Mardesich, Morgan, Peterson (Lowell), Peterson (Ted), Petrich, Rasmussen, Raugust, Redmon, Riley, Sandison, Washington, Woodall—29.

Having failed to receive the constitutional two-thirds majority, the motion was lost and the partial veto of the Governor was upheld.

**MOTION**

On motion of Senator Riley, the Senate dispensed with the Call of the Senate.

## PARLIAMENTARY INQUIRY

Senator Gallagher:

"Mr. President:

"I wonder if it would be possible to instruct the Secretary to prepare a separate binder for veto messages from the Governor. It now appears that we have more veto messages than bills and I think it might be very helpful."

## EXPLANATION OF VOTE

## STATEMENT CONCERNING HOUSE AMENDMENTS TO SENATE BILL NO. 47

Section 6 of Senate Bill No. 47 was added to the bill as an amendment by the House of Representatives. The House amendment reduces the *per diem* allowance received by members of the legislature in lieu of subsistence and lodging from \$40 to \$25 effective January 1, 1967.

While having concurred in the House amendment, we the undersigned Senators wish to state unequivocally that it was not the intention of the Senate to declare that our *per diem* allowance constitutes "salary". On the contrary, we reassert our firm conviction that the *per diem* allowance has been allotted to us to take care of our expenses caused by having to maintain two households while serving in the legislature and to reimburse us for various and sundry expenses incurred by us while serving in Olympia.

The primary purpose of Senate Bill No. 47 is to provide for long overdue, salary increases for judges and for members of the legislature.

Had we failed to concur in the House amendment we felt that we might have seriously jeopardized the passage of the bill.

Senator Ryder:

"This is correct."

Senator Rasmussen:

"But I didn't hear anything in the conference report that would say that the consumer would participate in any saving. Is there anything that would provide for that?"

Senator Ryder:

"Mr. President, Senator Rasmussen:

"There doesn't have to be anything in the amendment because the rates of

these retail distribution systems are now regulated by the Public Utilities Commission, so any savings they have in any of their expenses must be passed on to the consumer, under the regulations of the Public Utilities Commission."

Senator Rasmussen:

"This is good to know that you have relieved that. It hasn't always been true."

The motion was carried and the report of the Free Conference Committee was adopted.

"On the ballot, would these two amendments appear as separate items to be voted on, or would they appear as one question to be determined by the people?"

Senator McCormack:

"These two proposed amendments would appear separately. This is the way Senate Joint Resolution No. 8 was written. The first proposition would be to allow the legislature to fix salaries. The other proposed amendment allows the legislators to run for an office in which the emoluments have been increased. But they will be completely separate, numbered 8a and 8b, I presume, or something of this kind. They will be completely separate on the ballot."

On motion of Senator Washington, the rules were suspended, Substitute Senate Bill No. 438 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

## POINT OF INQUIRY

Senator Gissberg:

"Mr. President, would Senator Washington yield to a question?"

"Senator, referring to section 33, which is to be found on page 20 of the bill, I note that it is proposed to extend the date by which certain priority programs and highway objective plannings will be accomplished from the year 1975, to the year 1981. Would you kindly provide me and the other members of the Senate with the thought behind that proposal and what it is contemplated to accomplish in the long-range view, and particularly would you comment briefly upon what effect this might have on the alternate construction of the so-called collector roads which are to be found in most of the rural areas, and upon which, by previous study, construction has been extended many, many years into the future?"

Senator Washington:

"Senator Gissberg, I think the crux of your question is perhaps the latter portion. The purpose of this amendment is to allow for this year, the next year, and the following years the use of a larger portion of the funds available for the lower classification of roads, the collector and the other type of roads. The priority programming act of 1963 was passed based on a need study of 1960, and the study, of course, indicated that we should have priority programs at that time. The Automotive Safety Foundation, taking the needs program and the money which appeared to be available, felt that this program of having one hundred percent completion of the national interstate defense highways of the interstate system and the principal highways could be completed by 1975. A later study of the Highway Commission indicated that if they were to complete these two highway categories one hundred percent of it would take so much money from the budget there would be very little left for what might be major collector and other types of highways.

In order to have sufficient money in the budget this year and the next year and the few following years, it was necessary to enlarge the completion date by the additional six years, giving the Highway Commission more flexibility so that they would have additional funds to put on the roads with which you are concerned. This came to the attention of the Highway Commission. They were in the process of making their budget. They felt that if we followed the terms of the act, we would not be able to use money for collector roads and lesser classes of roads. They then passed a resolution stating they felt that they should plan on that change by 1981, so they would be able to put the money into the lower classification of roads."

Debate ensued.

#### MESSAGES FROM THE GOVERNOR

##### CONFIRMATION OF GUBERNATORIAL APPOINTMENTS

State of Washington, Executive Department,  
Olympia, March 29, 1965

*To the Honorable, The Senate of the State of Washington.*

LADY AND GENTLEMEN:

I have the honor to submit the following appointments to the position of members of the State Highway Commission, subject to your confirmation:

HAROLD WALSH, appointed March 29, 1965, for the term ending July 1, 1968, succeeding Irving M. Clark Jr.

ELMER C. HUNTLEY, appointed March 29, 1965, for the term ending July 1, 1969, succeeding Ernest A. Cowell.

Very truly yours,

DANIEL J. EVANS, *Governor.*

##### REPORT OF STANDING COMMITTEE

Senate Chamber,  
Olympia, Wash., April 5, 1965.

HAROLD WALSH, of Everett, appointed by the Governor to the State Highway Commission, appointed March 29, 1965, for the term ending July 1, 1968, succeeding Irving M. Clark Jr. (reported by Committee on Highways):

MAJORITY recommends that said appointment be confirmed.

NAT WASHINGTON, *Chairman,*  
AL HENRY, *Vice Chairman.*

We concur in this report: Robert C. Bailey, Dewey C. Donohue, Fred H. Dore, Martin J. Durkan, Herbert H. Freise, Sam C. Guess, H. B. Hanna, Gordon Herr, James Keefe, Reuben A. Knoblauch, Ernest W. Lennart, Frances Haddon Morgan, Charles P. Moriarty, Jr., Lowell Peterson, Ted G. Peterson, W. C. Raugust, Fred G. Redmon, Edward F. Riley, Gordon Sandison, John H. Stender, Walter B. Williams.

It was moved by Senator Gissberg that the rules be suspended and that the appointment of Harold Walsh to the State Highway Commission be now confirmed.

##### PERSONAL PRIVILEGES

Senator Gissberg:

"Mr. President and Senator Mardesich and members of the Senate:

"Mr. Walsh, I am confident, will be of extreme value to the Highway Commission, the members of the Senate and the members of the House, and to the orderly development of the highway program of the state of Washington. Mr. Walsh is from Snohomish county. He has been appointed by the Governor as the Democratic representative. He is a good Democrat. As a matter of fact, he is now serving as state committeeman. I don't know how long he will act in that capacity, perhaps not too much longer. In any event, I believe he is going to resign as a result of this appointment.

"I might say he is an extremely aggressive man. He has great qualities of leader-

ship and ability. He is a man who I think will lend much to the efficiency of the Highway Commission. I believe that he has impressed all of us with his candor in the meetings of the Highway Committee when he answered questions which were tough questions. I don't think he realized the implications of some of the answers that he gave, really. Without hesitation, he responded to some questions which were quite political in nature on matters that, had we 'pros' been in their responding, I think we might have replied that this was something the legislature should decide. But the answers came from his heart and they were well received by the members of the Highway Committee, who listened and met with Mr. Walsh recently. I think that we can do no better in confirming the appointment of Mr. Walsh. We hope that he has every success in this new endeavor of his."

Senator Dore:

"Mr. President and members of the Senate:

"I signed the report. Mr. Walsh, I think, is an outstanding man and I think he will do an excellent job in this particular position. I think he is a man of integrity and competence. I'm sure we will have excellent representation from Snohomish county on the Highway Commission.

"However, I can't help but make an observation of just what has occurred here. During the campaign of our Governor, Governor Evans, we heard repeatedly criticism of the Highway Commission and the main reason was because the present Highway Commission did not expedite as quickly as he would have liked, the completion of the freeway and he said that if he were Governor, he was going to change this and put this in his 'Blueprint for Progress.' I was happy to learn that was one of his blueprints and I subscribed to that particular proposition.

"A few weeks ago, in his wisdom, the Governor engineered a situation where he put out two Democratic appointees, Cowell and Clark, from the Commission and—"

#### POINT OF ORDER

Senator Woodall:

"Point of order, Mr. President:

"I do not believe he is addressing himself to the qualifications or lack thereof of the man presently under consideration."

#### RULING BY THE PRESIDENT

The President:

"The Senator will please confine his remarks to the confirmation of Mr. Walsh."

Senator Dore:

"I think I am, Mr. President. The point that I wish to make is that the reason for deposing the two commissioners was that he wanted to expedite the completion of the freeway. That was the reason given. He wasn't satisfied with the way they were working and so the Senate went along with that particular proposition.

"The situation today is that the freeway from Seattle to Tacoma is substantially uncompleted. That is the main uncompleted part of the freeway. That's the area where there is the most population and the greatest congestion. In fact, Boeing Aircraft Company has served notice to the state and the State Highway Commission that unless this congestion is taken care of expeditiously, perhaps they won't bring any more work into the area."

#### POINT OF ORDER

The President:

"For what purpose does Senator Moriarty rise?"

Senator Moriarty, Jr.:

"For the same point of order as Senator Woodall raised."

Senator Dore:

"I am certainly entitled to express my opinion on the Commission appointment on personal privilege."

#### RULING BY THE PRESIDENT

The President:

"The subject is rather broadening."

**PERSONAL PRIVILEGES**

Senator Dore:

"So as a result of the action that we took here several weeks ago, the one commissioner from King county, Mr. Clark, was deposed from the Highway Commission. When that was done, I certainly thought the Governor would have sufficient wisdom to replace him with another King county man. After all, King county has thirty-eight percent of the population. Certainly King county with all the population and all the problems and all the congestion in the south end should be entitled to one member of this Commission. Now we have a situation where the two appointments he has submitted are both excellent men. I have no quarrel with them. But I think King county has been short-changed here. I think we are entitled to at least one member on the Highway Commission. I know on the Senate floor there are fourteen of us from that area and I think the fact that we are here, perhaps we are familiar with King county's problems and perhaps King county has a little bit of interest here. In fact, if we weren't here, the problems of King county wouldn't be too adequately served. Next term there will be sixteen members from King county. The Governor is from King county. He knows the situation. Actually he is depriving King county of representation on this Commission. I certainly hope that even though we do confirm these two good men, which they are, that in the next appointment at least the Governor will see fit to give King county a little representation, because in these two appointments today, we have certainly been deprived of representation."

Senator Moriarty, Jr.:

"Mr. President and members of the Senate:

"I would like to address myself to one comment made by Senator Dore, that King county does not have representation. I don't know whether Senator Dore was in the Highway Committee or had the opportunity to meet Mr. Walsh as I did. Mr. Walsh comes from Everett. Everett is not too far north of King county. Mr. Walsh is a man with substantial business background and substantial experience in both King and Snohomish counties. He is very familiar and I am sure, Senator Dore, he is highly sympathetic to the problems in the metropolitan area of King and Pierce counties and Snohomish county. I have no qualms on that at all.

It gives me a great deal of pleasure to join Senator Gissberg in urging the confirmation of the appointment of Mr. Walsh."

Senator Henry:

"I would just like to observe for the Senator's benefit, Mr. President, that with the foreign aid between the counties the other day on the school appropriations and so forth, there is no reason for Senator Dore to be bleeding inwardly for his particular area."

Senator Mardesich:

"Mr. President:

"I am pleased to hear that Senator Dore intended to vote for Mr. Walsh. I rise to correct a couple of his facts. Number one, the Governor is not the engineer on this project. Number two, had Senator Dore taken as much interest in the highway situation in King county as I who am from Snohomish county, and as Mr. Walsh, who is also from Snohomish county, has displayed in the past, Senator Dore might not have the problem in King county that he has today."

**POINT OF INQUIRY**

Senator Rasmussen:

"Mr. President, would Senator Washington yield?"

"Senator Washington, in Senate Bill No. 438, we raised the per diem of the Highway Commission members to forty dollars a day."

Senator Washington:

"That's correct."

Senator Rasmussen:

"They also get all necessary expenses and travel?"

Senator Washington:

"Yes."

Senator Rasmussen:

"My question is are we being premature in approving these appointments, because once they are appointed to a term of office, they will not be able to receive a higher rate of per diem until the term has expired."

Senator Washington:

"As I understand it, there is no problem with any of the appointees with the possible exception of Mr. Huntley who was a member of the legislature. Of course he has resigned, but I don't believe until his term of office expires, that he will be able to get the additional amount. I could be wrong, but I am sure there is no question as far as Mr. Walsh is concerned."

Senator Rasmussen:

"Senator Washington, my concern is that you may not raise pay during a term of office of an appointee. The Attorney General has ruled on this, and since this bill has not yet passed the legislature, I wonder if he will be able to get the increased per diem.

Senator Washington:

"I don't pretend to be an expert in this particular field, but I believe this relates to legislative offices, rather than appointments. I could be wrong. I am no expert in this particular field."

#### PERSONAL PRIVILEGES

Senator Guess:

"Mr. President, speaking to one of the points Senator Dore raised, I have a letter here that has some figures in it that I think would be very interesting. It shows in the period of July 1, 1960 to June 30, 1964, that on the interstate system, \$191 million was spent on the interstate system in Western Washington while only \$26 million, or twelve percent was spent in Eastern Washington.

"Up to now we have spent on the interstate system \$163 million in King county. I think they have gotten their fair share."

Senator Stender:

"Mr. President:

"I would like to rise to support the appointment of Mr. Walsh. I think sometimes on a commission like this they are put in the position where perhaps they don't follow the needs. Of course it is probably a little late, going over the same situation as we have had before us in King county. Senator Dore speaks about appointing someone from King county. We had a Commission member from King county and it didn't seem to make much difference. As far as the south end of King county is concerned, I have been there a long time. It doesn't seem to change. Maybe we ought to take all five of these commissioners and put them on that street every morning and night for four or five minutes and let them travel like the rest of us do and they might find out a little more about the needs of south King county.

"I think, though, in our interview with Mr. Walsh, that he is more than willing to cooperate with the elected representatives of the people; members of the Senate and the House as well as other legislative officials. I think the job can be well done and Mr. Walsh is willing and has subscribed to the principle, which makes me feel he will be a good member of the Highway Commission."

The motion was carried.

#### REPORT OF STANDING COMMITTEE

Senate Chamber,  
Olympia, Wash., April 5, 1963.

ELMER C. HUNTLEY, of Thornton, appointed by the Governor to the State Highway Commission, appointed March 29, 1965 for the term ending July 1, 1969, succeeding Ernest A. Cowell (reported by Committee on Highways):

MAJORITY recommends that said appointment be confirmed.

NAT WASHINGTON, *Chairman*,  
AL HENRY, *Vice Chairman*.

We concur in this report: Robert C. Bailey, Dewey C. Donohue, Fred H. Dore, Martin J. Durkan, Herbert H. Freise, William A. Gissberg, Sam C. Guess, Wilbur G. Hallauer, H. B. Hanna, Gordon Herr, Karl Herrmann, James Keefe, Reuben A. Knoblauch, Ernest W. Lennart, August P. Mardesich, Frances Haddon Morgan, Charles P. Moriarty, Jr., Lowell Peterson, Ted G. Peterson, W. C. Raugust, Fred G. Redmon, Edward F. Riley, Gordon Sandison, John H. Stender, Walter B. Williams.

It was moved by Senator Neill that the rules be suspended and that the appointment of Elmer C. Huntley to the State Highway Commission be now confirmed by the Senate.

#### PERSONAL PRIVILEGES

Senator Neill:

"Mr. President and members of the Senate:

"I need not tell you too much about Mr. Huntley because he has been a colleague of ours up to very recently and I know all of you know him personally. However, as a former colleague of mine, I take great pleasure in standing up and moving for his confirmation to this post today, which I know means very much to him.

"He follows in the footsteps of his father in this work on the Highway Commission. He has devoted his entire legislative career to working on the Highway Committee. He was chairman of the House Highways Committee last session and has a deep and abiding interest in this field. Each of you know him personally and are pleased that he would accept this appointment. I urge your vote."

Senator Cowen:

"Mr. President and members of the Senate:

"I have known Representative Elmer C. Huntley for the past forty-eight years and if he is anything like his father—and I think he is better because he is younger—the Highway Commission is getting a real good man. For Senator Dore's information, I'm sure that the King county roads will be a great deal better than they have been in the past.

"Representative Huntley has been in the legislature for the past eight years. He has served on the Highways Committee during this time and I am sure King county will be greatly favored in the appointment of Elmer C. Huntley to the Highway Commission."

Senator Raugust:

"Mr. President and members of the Senate:

"I wish to speak in support of Elmer C. Huntley. I worked with him on the Fact Finding Committee on Highways. He is also a member of the interim committee. I am sure he will do an excellent job and I do recommend him for this position."

**Senator Washington:**

"Mr. President and members of the Senate:

"When the matter of the confirmation of the previous commissioners came up, I worked very hard on this floor for the predecessor of Elmer C. Huntley because I felt he had done an excellent job. But this body has spoken and we do have a highway program to carry out and I feel that the Governor couldn't have picked a better man to be the substitute for Mr. Cowell. Of course, I worked very closely with Elmer Huntley when he was chairman of the House Highways Committee and when he was vice chairman of the Joint Interim Committee. He certainly will be outstanding. I know he is one with whom we can work. Since the issue of King county has been injected, I would like to point out that during the last year, out of the interstate funds, 91½% of the funds expended were spent on the west side of the state and 8.5% were spent on the east side. Again, of course, this is going to be enlarged, but this is another indication that from a legislative point of view, although Mr. Huntley is from the east side, he certainly has a broad point of view and you can count on him, I'm sure, to be fair to the west side of the state."

**Senator Riley:**

"Mr. President and members of the Senate:

"I just want to add my name, and I have already added my signature to the confirmation of Elmer Huntley, and I can speak in both cases now, both Mr. Walsh and Mr. Huntley. They answered some very direct questions which I proposed to them. I didn't feel that because I knew them well, that I had to hold back. I can assure the members of the Senate they answered all questions satisfactorily and as far as I am concerned, I think Senator Washington will be the first one to admit that I specifically directed the attention of Mr. Walsh and Mr. Huntley to the King county situation insofar as roads and traffic congestion was concerned and on direct questions specifically addressed myself to Mr. Huntley. He said he recognized the problem of King county and, in his mind it rated highest priority."

**Senator Durkan:**

"Mr. President and members of the Senate:

"I would like to commend the Governor on his appointments of Mr. Huntley and Mr. Walsh from Everett. I think they are outstanding men. I think they are as capable as the men they replaced. I felt and still do that the two people who were their predecessors were victims of the political warfare which rages in this Senate at times, and unfortunately they didn't have the number of votes as far as the Senate was concerned, to remain on the Commission. But so be it!

"Now Governor Evans has the absolute control of the Highway Commission, and this is the way it should be. I have always maintained that any Governor should have the responsibility if he has the authority. I would also like to commend Senator Washington on this matter of eastern and western Washington and particularly as a Senator from the south end of King county, along with Senator Stender and Senator Dore, who know the great problems of traffic congestion. We think that Senator Washington has done a very commendable job with the funds available in helping us with our problems in King county.

"My only other comment would be that in the ensuing two to four years, we shall watch with great interest the rapidity with which our freeways are built and will feel free to come back and give constructive criticism if we feel that it is due. At the same time, if these gentlemen live up to their reputations as expounded on the floor of the Senate in the last fifteen minutes, I will be one of the first to join in the applause."

**Senator Peterson (Ted):**

"Mr. President and members of the Senate:

"I just want to take you back a few years to 1955 when we started. I say this because there is reference to money that King county receives. If you will remember, what is now called the freeway was to be a tollway and we started out on that premise. At that time, Elmer Huntley's father was chairman of the Highway Commission and we went on to a point where now we are really making some progress. The money that is going into King county is all money that is going into the freeway. This is where the big expenditure is, and if it hadn't been started out as a tollway, I doubt that we would be as far as we are now. Having served

on the Highway Committee, I want to say that I believe these two men, having been at the meeting at the time they were interviewed, are top men and I believe they understand conditions in King county and they will be a great asset to us. I hope you Senators from other parts of the state will realize the money that is being expended is to take this freeway through the crowded, congested city of Seattle. It is going to take more money and we hope in the future, when we need that money, you will be there to see that we have the proper highways and roads through our city."

Senator Woodall:

"Mr. President:

"I would like to say to the members of the Senate that I am one of the small group here who have served with both the father and the son. They are both fine gentlemen. They are both men of their words. Senator Dore, I know you will be happy to know that Mr. Huntley is an avid Cougar fan and he always follows the team over to the University of Washington when they play, and he will be driving over these roads and he hates congestion and hates to be held up. He likes to get out to the stadium rapidly. I know with that information in mind, you will vote more heartily."

Senator Redmon:

"Mr. President and members of the Senate:

"I rise to endorse Mr. Huntley and also Mr. Walsh. Mr. Huntley is an outstanding business man and a good politician and a good legislator. Mr. Walsh comes from Snohomish county. There are only two first class counties in the state of Washington: Yakima and Snohomish. The first chairman of the Highway Commission comes from Yakima county, so I see no reason why the next member voted on shouldn't come from Snohomish county so that you have both of the first class counties taken care of in the appointments to the Highway Commission.

"I want to tell you that as far as I am concerned, I recognize the problems in King county because the Alaskan Way Viaduct was started and part of it constructed while I was on the Highway Commission.

"I endorse both men."

Senator Dore:

"Mr. President:

"I served with Mr. Huntley and certainly in my opinion he is a gentleman and an outstanding man. I know he will do a good job. I understand he has a plane, though, and probably won't use the highway to come over to the University of Washington.

"The only point I wish to make is with reference to area. I think the Governor had a responsibility to the people of King county to give them at least one representative on this five-man commission. Numerically, probably they deserve two with thirty-eight percent of the population. They should have two of the commissioners, actually, but at least they should have had one. I think the Governor did away with this responsibility and I think the people of King county will be rightly angered and disappointed that they can't have at least one representative on this commission. It is such an important one and so many of the problems are directly centered and concentrated in King county now. That's the only point I wish to make."

Senator Moriarty, Jr.:

"Mr. President:

"I merely wanted to suggest to Senator Dore that he read the statute which sets up the Washington State Highway Commission."

Senator McMillan:

"Mr. President and members of the Senate:

"Just a word in commendation for Mr. Huntley, the newly appointed member of the Highway Commission. I have known him over a period of many years and his father as well. I know he is a high type gentleman and will be a credit to the Highway Commission.

The motion was carried.

**CONFIRMATION OF ELMER C. HUNTLEY**

State of Washington, Executive Department,  
Olympia, April 1, 1965.

To the Honorable, the Senate of the State of Washington.

LADY AND GENTLEMEN:

I have the honor to submit the following appointment to the position of Director of the Department of Licenses, subject to your confirmation:

Douglas Toms, appointed March 18, 1965, succeeding Michael T. Gray.

Very truly yours,

DANIEL J. EVANS  
Governor.

**REPORT OF STANDING COMMITTEE**

Senate Chamber,  
Olympia, Wash., April 7, 1965.

DOUGLAS TOMS, appointed by the Governor to the position of director of the Department of Licenses, appointed March 18, 1965, succeeding Michael T. Gray (reported by Committee on Highways):

MAJORITY recommends that said appointment be confirmed.

NAT WASHINGTON, *Chairman.*  
AL HENRY, *Vice Chairman.*

We concur in this report: Dewey C. Donohue, Martin J. Durkan, Herbert H. Freise, Sam C. Guess, Wilbur G. Hallauer, H. B. Hanna, James Keefe, Reuben A. Knoblauch, Ernest W. Lennart, August P. Mardesich, Frances Haddon Morgan, Charles P. Moriarty, Jr., Lowell Peterson, Ted G. Peterson, John A. Petrich, W. C. Raugust, Fred G. Redmon, Edward F. Riley, Gordon Sandison, Walter B. Williams.

It was moved by Senator Washington that the rules be suspended and that the appointment of Douglas Toms to the position of Director of the Department of Licenses be now confirmed.

**PERSONAL PRIVILEGES**

Senator Washington:

"Mr. President:

"In Douglas Toms, we have, I think, for the first time, a man with professional training in the Department of Motor Vehicles, a person with a trained background, particularly in the field of licensing and in motor vehicles. By this comment, I make no reflection on past administrators who have done capable and credible jobs, but this is an indication that the new Governor, as did Governor Rosellini, recognizes the need for real professional training. Mr. Toms was in the Department of Licenses and appointed to that position under the previous administration. I take some pride in that the Joint Interim Committee on Highways, in its study on improving the Motor Vehicle Department, was largely responsible for Mr. Toms coming to the state of Washington and becoming a part of the Department of Licenses, now the

Department of Motor Vehicles. He had training in college along the lines of motor vehicle registration. He has taught courses. He has been in business along the line of consulting on traffic and highway administration problems. As far as moving the department forward with new computers and new techniques of licensing, I know that this department is going to move ahead.

"Basically Mr. Toms has been before our committee, not only in his professional capacity in presenting bills, but before the committee for interview on his appointment. He was very forthright and certainly indicated that he would do everything in his power, and I feel he does have great power in this field, to give to the state of Washington one of the finest Motor Vehicle Departments in the country, so I urge your support of Mr. Toms."

Senator Lewis:

"Mr. President and members of the Senate:

"I would just like to briefly second the remarks of Senator Washington. I think the proof will be in the pudding, that as the years go by, you will see that Douglas Toms, because of his background and experience, his great competence in his field of major study, will drive and bring the department to new heights which we have not seen before. I urge you to confirm the appointment."

Senator Riley:

"Mr. President and members of the Senate:

"Just one additional word: I have never seen a more dedicated person—and we use the term 'dedicated' on many occasions, but Mr. Toms is so enthusiastic about this job and is working so many hours, it is just unbelievable the energy this young man has and his desire to make improvements and I certainly believe here will be one case where the results will be marked and you will notice it in a two-year period."

The motion was carried.

State of Washington, Executive Department,  
Olympia, March 26, 1965.

*To the Honorable, the Senate of the State of Washington.*

LADY AND GENTLEMEN:

I have the honor to submit the following appointments to the position of members of the Board of Regents of the Washington State University, subject to your confirmation:

H. H. (DUTCH) HAHNER, appointed March 19, 1965, for the term ending March 9, 1971, succeeding Thomas P. Gose.

MICHAEL DEDERER, appointed March 19, 1965, for the term ending March 9, 1971, succeeding Leo Weisfeld.

Very truly yours,  
DANIEL J. EVANS  
Governor.

## REPORT OF STANDING COMMITTEE

Senate Chamber,  
Olympia, Wash., April 9, 1965.

MICHAEL DEDERER, appointed by the Governor to the position of member of the Board of Regents of Washington State University, appointed March 19, 1965, for the term ending March 9, 1971, succeeding Leo Weisfield (reported by Committee on Higher Education and Libraries):

## PERSONAL PRIVILEGE

Senator Ryder:

"Mr. President and members of the Senate:

"I have known Mr. Dederer for many, many years. He has been one of the leading citizens of Seattle. He has done a tremendous job in civic service there. Practically on every citizens' committee that is formed for any worthy or charitable purpose, you could always find Michael Dederer's name on it. Not only will you find his name on it, but you will find him working in the forefront to further the worthy causes that are represented by him.

"Mr. Dederer has had a long, successful and busy life in Seattle, and he is very well regarded by his community, as well as by the city fathers and the city of Seattle. He served previously on the board of Washington State University and many times since his term expired I have talked to those who served with him there or who had some contact with him, and they all wish that he was back because he did such a tremendous job when he was on that board. He has a deep and abiding interest in education and I would say that Washington State University's gain in this case is the loss of the University of Washington, because that is where I would really like to have him. But since we can't have him there, I think he can do a tremendous job for Washington State University."

The motion was carried.

## APPOINTMENT OF MICHAEL DEDERER

We concur in this report: R. Frank Atwood, Frank W. Foley, Wilbur G. Hallauer, Karl Herrmann, Harry B. Lewis, Mike McCormack, Marshall A. Neill, John N. Ryder, Don L. Talley, Nat Washington.

It was moved by Senator Freise that the rules be suspended and that the appointment of H. H. (Dutch) Hahner to the Board of Regents of Washington State University be now confirmed.

**PERSONAL PRIVILEGE**

Senator Freise:

"Mr. President and members of the Senate:

"Mr. Hahner was born and raised in Fairfield, Washington, country. He attended schools in that area. He attended Washington State College and graduated from Washington State in agricultural science. Thereafter, he went to the University of Oregon Law School, graduated with distinction, returned to Walla Walla to practice law after serving in the United States Attorney's Office in Portland for a year or two, and he has been very active in civic affairs in Walla Walla. He is an outstanding lawyer. He has developed a real fine practice. His wife has also been active in educational circles. She was on the school board of School District 144 several terms, and between the two of them, they have donated a lot of their time for civic affairs and educational matters. I think he will make an outstanding Regent at Washington State."

Senator Washington:

"Are you familiar, coming from a public utility district county, with the problems which are brought about by the amendments on pages 1 and 2 of Substitute House Bill No. 608?"

Senator Hanna:

"Senator Washington, I can only say that I conferred with Charlie Hodde, for whom I have a great deal of respect in regard to these matters, also, Senator Hallauer and Senator Durkan, and I am satisfied that there is agreement on this particular issue."

Senator Washington:

"I know Senator Hallauer shares much of the concern that I do and on the basis of his discussions, I will remove my objections."

With the consent of the Senate, Senator Washington was permitted to withdraw his motion.

**NEW SECTION.** Sec. 11. There is added to chapter 82.04 RCW a new section to read as follows:

In computing tax under this chapter there may be credited against the amount of the tax the following items:

As to persons engaging in activities defined in RCW 82.04.120 (the definition of the term "to manufacture"), an amount not to exceed the tax actually paid under chapter 82.08 RCW (Retail Sales Tax) or chapter 82.12 RCW (Use Tax) by such persons or their lessors or their contract vendors, on materials, labor and services in the construction or major improvement of buildings, structures or other improvements to real property that is, to the extent of eighty-five percent or more of the value of the improvements, used or to be used in or related to the business of manufacture for sale or commercial or industrial use of any articles, substances or commodities: *Provided*, That this credit shall be allowable only against tax payable by the manufacturer and measured by the value of products or gross proceeds of sales of articles, substances or commodities manufactured in this state: *Provided further*, That this credit shall be allowable only against any tax payable which is attributable to manufacturing which involves the use of such construction or improvements: *And provided further*, That this credit shall not be allowable for tax paid on purchases of material, labor or services on which the vendor became entitled to compensation prior to July 1, 1964.

Sec. 12. Section 82.32.060, chapter 15, Laws of 1961, as amended by section 1, chapter 22, Laws of 1963 and RCW 82.32.060 are each amended to read as follows:

If, upon application by a taxpayer for a refund or for an audit of his records, or upon an examination of the returns or records of any taxpayer, it is determined by the tax commission that within the two years immediately preceding the receipt of the commission of the application by the taxpayer for a refund or for an audit, or, in the absence of such an application, within the two years immediately preceding the commencement by the commission of such examination, a tax has been paid in excess of that properly due, the excess amount paid within such period of two years shall be credited to the taxpayer's account or shall be refunded to the taxpayer, at this option. *Except as to the credits in computing tax authorized by section 11 of this*

1965 amendatory act, no refund or credit shall be allowed with respect to any payments made to the commission more than two years before the date of such application or examination. Where a refund or credit may not be made because of the lapse of said two year period, the amount of the refund or credit which would otherwise be allowable for the portion of the statutory assessment period preceding the two year period may be offset against the amount of any tax deficiency which may be determined by the commission for such statutory assessment period. Notwithstanding the foregoing, no refund or credit shall be granted with respect to taxes paid prior to May 1, 1950, but where a refund or credit may not be made because the tax was paid prior to May 1, 1950, the amount of the refund or credit which would otherwise be allowable for the portion of the statutory assessment period preceding May 1, 1950, may be offset against the amount of any tax deficiency which may be determined by the commission for such preceding period.

Notwithstanding the foregoing limitations there shall be refunded or credited to taxpayers engaged in the performance of United States government contracts or subcontracts the amount of any tax paid, measured by that portion of the amounts received from the United States, which taxpayer is required by contract or applicable federal statute to refund or credit to the United States, if claim for such refund is filed by the taxpayer with the tax commission within one year of the date that the amount of the refund or credit due to the United States is finally determined and filed within four years of the date on which the tax was paid: *Provided*, That no interest shall be allowed on such refund.

Any such refunds shall be made by means of vouchers approved by the tax commission and by the issuance of state warrants drawn upon and payable from such funds as the legislature may provide.

Any judgment for which a recovery is granted by any court of competent jurisdiction, not appealed from, for tax, penalties, and interest which were paid by the taxpayer, and costs, in a suit by any taxpayer shall be paid in like manner, upon the filing with the tax commission of a certified copy of the order or judgment of the court. *Except as to the credits in computing tax authorized by section 11 of this 1965 amendatory act*, interest at the rate of three percent per annum shall be allowed by the tax commission and by any court on the amount of any refund or recovery allowed to a taxpayer for taxes, penalties, or interest paid by him after May 1, 1949, and interest at the same rate shall be allowed on any judgment recovered by a taxpayer for taxes, penalties, or interest paid after such date.

It was moved by Senator Durkan, that the committee amendment to page 14, section 8, be adopted.

Debate ensued.

#### POINT OF INQUIRY

Senator Petrich:

"Would Senator Durkan yield, Mr. President?"

"Senator Durkan, calling your attention to page 3 and to the amendment dealing with the Intalco situation, which is section 11 of the committee amendment, and directing your attention to the last proviso. It is my understanding that the proposed committee amendment then would only limit the credit available to those situations where there is a contract vendor and who is entitled to compensation under the contract after July 1, 1964, but as to lessors and to persons who do their own work and are subject to the use tax, this credit then would extend way before July 1, 1964, and I presume as long as the statute of limitations applies, is that a fair interpretation?"

Senator Durkan:

"Senator, I don't know the answer to that question. I don't read it the same way that you do. However, I could see the interpretation that you put on it."

Senator Petrich:

"One further question, Senator:

"Would it be the intention of the committee amendment to permit this credit against the business and occupation tax for all those industries who do their own improvement or construction or lessees or lessors who put up a balance of improvements?"

Senator Durkan:

"The answer to that is it is the intent that this tax credit shall apply equally to those people whether they are building new construction or whether they are improving it, and the person who shall get the benefit of the credit, it was my understanding as I read it or heard the testimony, that the benefit would only inure to the owner of the property, if that answers your question."

Debate ensued.

The President declared the Senate to be at ease.

The President called the Senate to order.

On motion of Senator Petrich, the following amendment to the committee amendment was adopted:

On page 3, section 11, line 23 of the mimeographed amendment, strike "vendor" and insert "supplier thereof"

performance of a single such contract, project or job, or (b) such lumber is used or to be used first by such person for the molding of concrete in a single such contract, project or job and thereafter incorporated into the product of that same contract, project or job as an ingredient or component thereof, and (c) in either event, the value of such lumber is included in the charge made to such consumer by such person for such contract, project or job. For purposes of this paragraph only, the term "entirely used or consumed" shall mean so used up, dissipated or worn out as to have no significant useful life or value remaining."

## THIRTY-FIRST DAY

### NOON SESSION

SENATE CHAMBER,  
OLYMPIA, WASH., Wednesday, April 14, 1965.

The Senate was called to order at noon by President Cherberg.

The Secretary called the roll and announced to the President that all Senators were present.

The Color Guard, consisting of Pages John Turner, Color Bearer, and Teresa Hallauer, presented the Colors.

Reverend Leonard Rafalowski, pastor of St. Michael's Catholic Church of Olympia, offered prayer as follows:

"O God, our Heavenly Creator and Father of all men, we humbly bow our heads before Thee this day, in acknowledgment of Divine Fatherhood, and our own human unworthiness. Wilt Thou guide the deliberations of these Senators in their responsibilities delegated to them by the people of our state. May they have the grace, and the wisdom, to seek Thee in humble prayer, for their guidance. For the problems that confront them are many and Thou knowest that the solutions they seek are often confused. Grant to them, O Lord, the wisdom to know truth from error and justice from that which is unjust.

"Teach us all, we pray, the great truth that being a friend to man is greater than to be a ruler over a nation. May what they do here today, and through all of their days of this assembly which follows, be in the great name of human friendship and brotherly love the motivating influence in their lives. Amen."

On motion of Senator Greive, the reading of the journal of the previous day was dispensed with and it was approved.

#### POINT OF INQUIRY

Senator Ryder:

"Mr. President, would Senator Dore yield to a question?"

Senator Dore:

"I will yield."

Senator Ryder:

"Senator Dore, you are now advocating balancing the budget that you have put together in Ways and Means by taking \$42 million of savings which we have from school districts. This will add some \$32 million. The \$42 million of course, raises the level of spending. The legislature will have to replace that next biennium. You are advocating taking \$30 million from state taxes. You have said there will be a natural increase in taxes, but our experience is, and I think you will agree with me, that we have also increased the cost of our services, more than we have increased our taxes, so I think we can throw that one out the window; and in addition, we will have additional increases in our services, additional demands. Would you be willing and what sort of a tax would you support if you are here next time in the next biennium to raise somewhere between seventy-five and one hundred million dollars in new taxes for the state services?"

Senator Dore:

"Senator, would you divide the question?"

"I think you asked a series of questions. It is a serious question and should be answered. I think the savings and cost of doing business for the businessmen of our cities—in other words, this is going to take off a burden of \$8.5 million from their costs, and I think that will stimulate the economy and perhaps instead of losing money, we will be making more. I don't think it will have the tax implication that you mentioned to me."

Debate ensued.

It was moved by Senator Charette that the following amendment to the amendment be adopted:

On page 1, beginning on line 7 of the printed bill, being line 8 of the engrossed bill, strike all of the material beginning with "Article VII" down through and including "state" on page 3, line 24 of the printed and engrossed bills, and insert the following:

"Article VII, sections 1 and 2 of the Constitution of the state of Washington to read as follows:

Article VII, section 1. The power of taxation shall never be suspended, surrendered or contracted away. All taxes shall be uniform upon the same class of property within the territorial limits of the authority levying the tax and shall be levied and collected for public purposes only. The word "property" as used herein shall mean and include everything, whether tangible or intangible, subject to ownership. All real estate shall constitute one class: *Provided*, That the legislature may tax mines and mineral resources and lands devoted to reforestation by either a yield tax or an ad valorem tax at such rate as it may fix, or by both. Such property as the legislature may by general laws provide shall be exempt from taxation. Property of the United States and of the state, counties, school districts and other municipal corporations, and credits secured by property actually taxed in this state, not exceeding in value the value of such property, shall be exempt from taxation. The legislature shall have power, by appropriate legislation, to exempt personal property to the amount of three hundred dollars for each head of a family liable to assessment and taxation under the provisions of the laws of this state of which the individual is the actual bona fide owner. *The legislature shall have the power, by appropriate legislation, to exempt from taxation all or any part of the real property owned and occupied as a single family dwelling by a person or persons over sixty-five years of age and may place such restrictions and conditions on the granting of the exemption as it shall deem proper.*

Article VII, section 2. Except as hereinafter provided and notwithstanding any other provisions of this Constitution, the aggregate of all tax levies upon real and personal property by the state and all taxing districts now existing or hereafter created, shall not in any year exceed forty mills on the dollar of assessed valuation, which assessed valuation shall be [fifty] *thirty* per centum of the true and fair value of such property in money: *PROVIDED*, That nothing in this Article VII as amended shall prevent the legislature from providing under such conditions as it may prescribe that the true and fair value in money of farms or agricultural lands shall be based on the use to which such property is currently applied and such value shall be used in computing the assessed valuation of such property in the same manner as the assessed valuation is computed for all property: *PROVIDED FURTHER*, That notwithstanding any other provision of this Constitution, whenever the state board of equalization, or other agency authorized by law to equalize assessed valuations of property for state property tax purposes, shall determine that the assessed valuation of any class of property in any county exceeds thirty per centum or is less than twenty-eight per centum of the true and fair value of such property in money, the state board of equalization or other agency designated by the legislature, upon request of the legislative body of any school district in such county, or other taxing district designated by the legislature, shall correct the assessed valuation of any such class of property so as to equalize the assessed valuations of taxable property within such

county for purposes of taxes levied for the benefit of such taxing district at thirty per centum of the true and fair value thereof in money: *Provided, however,* That nothing herein shall prevent levies at the rates now provided by law by or for any port or public utility district. The term "taxing district" for the purposes of this section shall mean any political subdivision, municipal corporation, district, or other governmental agency authorized by law to levy, or have levied for it, ad valorem taxes on property, other than a port or public utility district. Such aggregate limitation or any specific limitation imposed by law in conformity therewith may be exceeded only

(a) By any taxing district when specifically authorized so to do by a majority of at least three-fifths of the electors thereof voting on the proposition to levy such additional tax submitted not more than twelve months prior to the date on which the proposed levy is to be made and not oftener than twice in such twelve month period, either at a special election or at the regular election of such taxing district, at which election the number of persons voting on the proposition shall constitute not less than forty per centum of the total number of votes cast in such taxing district at the last preceding general election;

(b) By any taxing district otherwise authorized by law to issue general obligation bonds for capital purposes, for the sole purpose of making the required payments of principal and interest on general obligation bonds issued solely for capital purposes, other than the replacement of equipment, when authorized so to do by majority of at least three-fifths of the electors thereof voting on the proposition to issue such bonds and to pay the principal and interest thereon by an annual tax levy in excess of the limitation herein provided during the term of such bonds, submitted not oftener than twice in any calendar year, at an election held in the manner provided by law for bond elections in such taxing district, at which election the total number of persons voting on the proposition shall constitute not less than forty per centum of the total number of votes cast in such taxing district at the last preceding general election: *Provided,* That any such taxing district shall have the right by vote of its governing body to refund any general obligation bonds of said district issued for capital purposes only, and to provide for the interest thereon and amortization thereof by annual levies in excess of the tax limitations provided for herein, *And provided further,* That the provisions of this section shall also be subject to the limitations contained in Article VIII, section 6, of this Constitution;

(c) By the state or any taxing district for the purpose of paying the principal or interest on general obligation bonds outstanding on December 6, 1934; or for the purpose of preventing the impairment of the obligation of a contract when ordered so to do by a court of last resort.

*Be It Further Resolved,* That the secretary of state shall cause the foregoing constitutional amendment to be published at least four times during the four weeks next preceding the election in every legal newspaper in the state.

#### POINT OF INQUIRY

Senator Greive:

"Mr. President, would Senator Neill yield?"

Senator Neill:

"I yield."

Senator Greive:

"Senator Neill, is there anything in this particular mimeographed amendment that was not a part of the amendments attached to the resolution when it was voted on last time?"

Senator Neill:

"Yes, Senator, the resolution as we last voted on it had the removal of the forty percent requirement under the special millage levy. That limitation and that provision is not in this present version. I notice also there is one word different on page two, line 26. I believe that the original resolution said the State Board of Equalization or any other state agency. This says 'the State Board of Equalization or any other agency,' leaving it up to the legislature to designate whatever agency they wish to take care of equalization in the various counties. But the forty percent provision is the main difference."

#### MESSAGES FROM THE HOUSE

House of Representatives,  
Olympia, Wash., April 9, 1965.

MR. PRESIDENT:

The House adheres to its position regarding Engrossed House Bill No. 234 and refuses to grant the request of the Senate for a conference thereon, and again asks the Senate to recede.

S. R. HOLCOMB, *Chief Clerk.*

#### POINT OF PARLIAMENTARY INQUIRY

Senator Woodall:

"Mr. President, point of parliamentary inquiry:

"Reading in Reeds' Rules as to the method when there are differences between the bodies, the rule sets forth a procedure that once one body refuses to recede and asks the other house for a conference, the opposite house then grants the conference. They have refused to recede once and they are now sending back a second message, again refusing to recede. I wonder how many times this message can continue on the same subject matter, we having once acted and taken a position on it?"

**REPLY BY THE PRESIDENT**

The President:

"In response to Senator Woodall's request for information regarding proper procedure in handling Engrossed House Bill No. 234 and the position of the House thereon:

"The House has notified the Senate that they adhere to their position regarding the Senate amendments thereto and have again asked the Senate to recede therefrom. The position of the House is fixed as the matter stands at this point.

"The President believes that several avenues are open in reply to the position of the House, one being that the Senate could recede from all or part of its amendments, another being that the Senate could insist on its position and again request a conference thereon, and a third would be to also adhere, which would have the effect of killing the bill.

"Of the motions which might be made, the motion with the highest priority would be the one that tends most directly to move in the line of agreement."

**MOTION**

It was moved by Senator Washington that the Senate do adhere to the amendment by Senator Woodall adding a new subsection (4) to new section 60 on page 28 and ask that the House concur in said amendment; and, that the Senate recede from the six amendments by Senator Woodall to Section 62 on page 30 and from the amendment by Senator Freise adding a new section 86 at page 37.

Debate ensued.

The motion was carried.

**PARLIAMENTARY INQUIRY**

Senator Washington:

"Mr. President:

"Do we at this point pass the bill to third reading and final passage, or do we wait for a message back?"

**REPLY BY THE PRESIDENT**

The President:

"The Secretary will send a message to the House on our action, and it will be necessary for the House to first pass the measure in the form proposed in the Senate message."

The Secretary read:

**MESSAGE FROM THE HOUSE**

House of Representatives  
Olympia, Wash., April 15, 1965.

"Be with us, Oh Lord, as we gather in this chamber today, and let the beauty and wisdom of Thy Holy presence guide the Senators' every thought, and word, and action. Erase from their minds every vanity and worldly ambition, giving them instead the bounties of Thy wisdom and of Thy understanding. They are human and weak, dear Lord, and we pray that Thou give them strength. They are filled with desires for things of this earth, and we beseech Thee that Thou show them instead the greater riches of eternal life. They are self-centered and occupied with the struggle for living; grant them the gift of charity, that in helping others they may gain a broader knowledge of how to live themselves.

"Grant Thy blessings then O Heavenly Father upon all gathered here, of whatever political persuasion or at what altar they choose to serve Thee. To Thy greater glory we ask it this day and all of our days. Amen."

"Mr. President and members of the Senate:

"I have just placed upon your desks copies of yesterday's *Tri-City Herald* showing a picture of the new Batelle Research Center which was announced Friday night in the Tri-Cities. I think you will be interested to know this will involve a \$20 million expenditure over the next ten years. Construction will start this fall with between two and three million dollars to be spent immediately to build a mathematics building. This facility will be within about 3,000 feet of the new University of Washington Graduate Center and about a mile or less from the existing Batelle facilities. This is almost certainly going to constitute the nucleus for what is going to be the finest research center west of the Mississippi and one of the finest centers for advanced thinking and research in the United States. I think we can feel indeed fortunate that Batelle Research Center has come into this area. I want to point out this is all private money coming from outside of the state and it is in addition to matching funds that Batelle has given for building the University of Washington graduate center."

**NEW SECTION.** Sec. 3. The word "agency" used herein shall mean and include every state government office, officer, each institution, whether educational, correctional, or other, and every department, division, board and commission, except as otherwise provided in this act.

The phrase "agencies headed by elective officials" used herein shall mean those executive offices or departments of the state which are directly supervised, administered, or controlled by the governor, lieutenant governor, secretary of state, treasurer, auditor, attorney general, superintendent of public instruction, commissioner of public lands, or insurance commissioner, but it shall not include those boards, commissions, or committees on which one or more of the above named elected officials serve.

**NEW SECTION.** Sec. 4. In order to carry out the provisions of these appropriations and the state budget, the budget director, with the approval of the governor, may:

(1) Allot all or any portion of the funds herein appropriated, or included in the state budget, to the various agencies by such periods as he shall determine and may place any funds not so allotted in reserve available for subsequent allotment: *Provided*, That the budget director shall not alter allotment requests filed with him, nor shall he place in reserve any funds, for the following: Agencies headed by elective officials; University of Washington; Washington State University; Central Washington State College; Eastern Washington State College; Western Washington State College; Washington State Apple Advertising Commission; Washington State Fruit Commission; Washington Dairy Products Commission or any agricultural commodity commission created under the provisions of chapter 15.66 RCW; the legislative branch of state government including the legislative council, the legislative budget committee, the

statute law committee, and any legislative interim committee; or the judicial branch of state government: *Provided, however,* That the aggregate of allotments for any agency shall not exceed the total of applicable appropriations and local funds available to the agency concerned. It shall be unlawful for any officer or employee to incur obligations in excess of approved allotments or to incur a deficiency and any obligation so made shall be deemed invalid. Nothing in this section or in chapter 328, Laws of 1959 shall prevent revision of any or all allotments on reasonable and uniform basis when necessary to prevent the making of expenditures under appropriations in this act in excess of available revenues.

(2) Issue rules and regulations to establish uniform standards and business practices throughout the state service, including regulation of travel by officers and employees and the conditions under which per diem shall be paid, so as to improve efficiency and conserve funds.

(3) Prescribe procedures and forms to carry out the above.

(4) Allot funds from appropriations in this act in advance of July 1, 1965, for the sole purpose of authorizing agencies to order goods, supplies or services for delivery after July 1, 1965: *Provided,* That no expenditures may be made from the appropriations contained in section 1 until after July 1, 1965.

**NEW SECTION.** Sec. 5. Except as otherwise provided in this act, any receipts from federal or other sources or from gifts or grants in excess of those estimated in the budget may be received and allotted by the governor but in the event that receipts shall be less than those estimated in the budget from any source the appropriations shall be limited to the amount actually received and allotments made as provided in section 4. Whenever possible, the receipt of federal or other funds which are not anticipated by the governor's budget or the legislature shall be used to support regular programs instead of using appropriated funds.

**NEW SECTION.** Sec. 6. Agencies are authorized to make refunds of erroneous or excessive payments and in the case of other refunds, which may be provided by law, without express appropriation therefor.

**NEW SECTION.** Sec. 7. Whenever allocations are made from the governor's emergency appropriation to an agency which is financed by other than general fund moneys, the budget director may direct the repayment of such allocated amount to the general fund from any balance in the fund or funds which finance such agency. No appropriations shall be necessary to effect such repayment.

**NEW SECTION.** Sec. 8. In addition to the amounts appropriated in this act for revenue for distribution and bond retirement and interest, there is also appropriated such further amounts as may be required or available for these purposes under any statutory formula or under any proper bond covenant made in accordance with law.

**NEW SECTION.** Sec. 9. Amounts received by an agency as reimbursements pursuant to RCW 43.09.210 shall be considered as returned loans of materials supplied or services rendered. Such amounts may be expended as a part of the original appropriation of the fund to which it belongs, without further or additional appropriation, subject to conditions and procedures prescribed by the budget director which shall provide for determination of full costs, disclosure of such reimbursements in the governor's budget, maximum inter-agency usage of data processing equipment and services and such restrictions as will promote more economical operations of state government without incurring continuing costs beyond those reimbursed.

**NEW SECTION.** Sec. 10. This act is necessary for the immediate preservation of the public peace, health and safety, the support of the state government and its existing public institutions, and shall take effect immediately.,  
and the same is herewith transmitted.

S. R. HOLCOMB, *Chief Clerk.*

On motion of Senator Foley, the Senate refused to concur in the House amendments to Engrossed Substitute Senate Bill No. 374 and asked the House to recede therefrom.

**SIGNED BY THE PRESIDENT**

**The President signed: Senate Bill No. 404; also,**

**Senate Bill No. 524.**

**INTRODUCTION AND FIRST READING OF BILL**

The following was introduced, read first time by title and acted upon as indicated:

**Senate Bill No. 563**, by Senators Herr and McMillan:

An Act relating to revenue and taxation; and amending section 82.08.080, chapter 15, Laws of 1961 as amended by section 2, chapter 244, Laws of 1963 and RCW 82.08.080.

Referred to Committee on Ways and Means.

**FIRST READING OF HOUSE BILL AND RESOLUTIONS**

The following were read first time by title and acted upon as indicated:

**Engrossed House Bill No. 698**, by Representatives O'Brien, Garrett, Uhlman, Beck, Copeland, Whetzel, Ahlquist and Newhouse:

An Act relating to the registration of claims to withdraw and make use of waters; making an appropriation; and declaring an emergency.

Referred to Committee on Natural Resources.

**Engrossed House Joint Resolution No. 30**, by Representatives Sheridan, Valle and Brouillet:

Regulating common school fund investments.

Referred to Committee on Ways and Means.

**House Concurrent Resolution No. 33**, by Representatives Moon, Haussler, Johnson (Doris), Gallagher, Avey, Jolly, Sheridan, Anderson (Eric O.):

Providing for an interim committee on water resources to conduct a water resources study.

Referred to Committee on Ways and Means.

**SECOND READING OF BILLS**

**Senate Bill No. 552**, by Senators Foley, Sandison and Ryder:

Relating to student fees at state colleges.

The bill was read the second time by sections.

It was moved by Senator Sandison that the following amendment by Senators Hallauer and Sandison be adopted:

On page 1, beginning on line 13, strike all the material down to and including "dollars" on line 24 and insert "(1) Resident students (a) General tuition fee, not less than fifteen dollars; and (b) Incidental fees, an amount which, together with such general tuition fee, will be [not less than fifty dollars nor more than seventy-seven] *not more than eighty-eight* dollars. (2) Nonresident students (a) General tuition fee, not less than forty-five dollars; and (b) Incidental fees, an amount which, together with such general tuition fee, will be [not less than one hundred and five] *not more than one hundred fifty-seven* dollars"

Debate ensued.

**POINTS OF INQUIRY**

Senator Lennart:

"Mr. President, would Senator Sandison answer a question? If I remember right, in the original bill introduced here, the total three quarters school year tuition would have risen from \$231 to \$264. Now what would the total be under this amendment?"

Senator Sandison:

"I didn't total this, Senator, but it should be about the same. Instead of putting it in tuition fees, you put it in incidental fees which goes to operations."

Senator Charette:

"Mr. President, will Senator Sandison yield?"

"Senator, were these errors discovered before or after this bill was introduced?"

Senator Sandison:

"I'm not sure that 'errors' is the right semantic term to use. I would say on the situation that is existent at Western Washington State College it was known that there was some error. I did not know about the one at Central Washington State College until after the bill was introduced."

Further debate ensued.

#### POINT OF INQUIRY

Senator McCutcheon:

"Mr. President:

"Would Senator Hallauer yield to a question? Senator Hallauer, how much will come from these student fee increases and how much of the increase will come from the taxpayers or from appropriations from the state of Washington?"

Senator Hallauer:

"Senator McCutcheon, I was speaking overall about the cost of higher education. About ninety percent of the increase would come from the taxpayers and ten percent of the increase in cost would come from students."

Senator McCutcheon:

"All right, now take your three state colleges. What is the appropriation for them and what is the money appropriation? What will be the money amount of the appropriation and what will be derived from student fees if they are increased to the maximum allowed? That is a difficult question. What I am getting at is in terms of something to address myself to, ten dollars or a hundred or a thousand? How much will you raise tuitions if they are increased to the maximum?"

Senator Hallauer:

"The tuition fee would be raised from \$77.00 to \$88.00 and the incidental fees would be raised on an annual basis from \$155.00 to \$157.00. Now this is the maximum raise that could be made. I repeat again that the individual board of trustees for each institution would have this latitude from the old scale of fees to the suggested new maximum, and it might not increase at all. It could increase to the new maximum. The expectation would be that it would do this according to what problems develop from the flow of students. If they get a group, like Central Washington State College did, six hundred unforeseen students, they would probably have to extract the maximum."

Senator McCutcheon:

"What I am trying to ask—and it probably is an unfair question, but somebody probably knows—if they raise the minimum to the maximum, that would bring in so many dollars. How many dollars would it be in the three institutions?"

Senator Hallauer:

"You are talking, I suppose, about approximately 12,000 students that are in the three state colleges and you are talking about a total increase of \$52.00 and \$11.00, or a total of \$63.00, if you extracted the maximum from each on an annual basis. This would be \$63.00 times 12,000."

Senator McCutcheon:

"And what is the amount of the appropriation for the three schools?"

Senator Hallauer:

"The total appropriation for the three schools is between \$28 million and \$30 million. You will find it in the budget bill on your desk."

Debate ensued.

The motion was carried and the amendment by Senators Hallauer and Sandison was adopted.

On motion of Senator Sandison, the rules were suspended, Engrossed Senate Bill No. 552 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

#### ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 552 and the bill passed the Senate by the following vote: Yeas, 28; nays, 16; absent or not voting, 3; excused, 2.

Those voting yea were: Senators Atwood, Bailey, Charette, Cowen, Donohue, England, Foley, Freise, Gallagher, Hallauer, Henry, Knoblauch, Lewis, McCormack, McMillan, Morgan, Moriarty, Jr., Neill, Peterson (Ted), Petrich, Redmon, Riley, Ryder, Sandison, Stender, Thompson, Jr., Washington, Williams—28.

Those voting nay were: Senators Chytil, Cooney, Dore, Gissberg, Greive, Hanna, Herr, Herrmann, Kupka, Lennart, McCutcheon, Mardesich, Peterson (Lowell), Rasmussen, Talley, Woodall—16.

Absent or not voting: Senators Durkan, Guess, Raugust—3.

Excused: Senators Connor, Keefe—2.

Engrossed Senate Bill No. 552 having received the constitutional majority, was declared passed.

There being no objection, the title of the bill was ordered to stand as the title of the act.

**Senate Bill No. 555**, by Senators Thompson, Jr. and Dore:

Increasing community college fees.

The bill was read the second time by sections.

#### POINT OF INQUIRY

Senator Woodall:

"Mr. President, would Senator Thompson yield to a question?"

"Senator Thompson, I would like to know on this particular bill whether it is the purpose of making all of the junior colleges raise their fees or merely make some raise who are not now uniform. I would like to have you explain the variations in rates between the different colleges and what the effect will be. I wish you would do that on second reading, if possible."

Senator Thompson, Jr.:

"Mr. President and Senator Woodall:

"The average tuition and fee payment currently is \$42.00 per quarter, and this varies because obviously it is an average and you have some higher and some lower. This bill, itself, does not insure a uniform fee or tuition for every junior college, but I understand in the budget bill there will be one or two provisos added thereto which will insure that the average will be almost the normal, and that the above and below will not be very far away from the average. Does that answer your question?"

Senator Woodall:

"Well, not quite. Does this mean that each college now, regardless of what they have been charging, automatically raises their fees a fixed sum by this bill, or is it merely aimed at certain ones? In other words, we hear a lot of talk about equalization and the group that does the poorest job locally shouldn't get the most out of the state funds. Now I'm sincerely seeking information before voting on this bill. Does it add the same amount to a school already charging a higher rate as it does to those charging the lower rate, or is it designed to make those getting along on a lower rate come up to some sort of norm?"

Senator Thompson, Jr.:

"The purpose is to raise all minimums by ten dollars and then the proviso in the budget bill should make it somewhat uniform to all of the colleges, and it is not necessarily going to give more to those that charge more, or less to those that charge less, or vice versa. But in reality, this bill, itself, merely changes the minimum and the proviso in the budget bill will be the proviso that dictates what the average will be."

#### POINT OF INQUIRY

Senator Bailey:

"Mr. President, I wonder if Senator Thompson would yield to a question?"

"Senator, you said the minimum was now ten dollars a quarter."

Senator Thompson, Jr.:

"Yes, that's right."

Senator Bailey:

"Do you know how many junior colleges charge ten dollars a quarter?"

Senator Thompson, Jr.:

"I would imagine none at all. The average is \$42.00. The highest I know of is \$62, so I think probably the range is somewhere between \$35.00 and \$65.00. This is just off the top of my head. I doubt any of them are as low as ten dollars, although I have no accurate knowledge on that."

Senator Bailey:

"One other question. Did you say Senator Foley intended to make a proviso in the budget somewhere that would bring the minimum up so it was standard all over the state?"

Senator Thompson, Jr.:

"It is my understanding in talking with Senator Foley that is correct. I can't speak for him. I understand he intends in some degree to work on this with a proviso in the budget and attempt to get an average that is very close or the same in each community college."

Senator Foley:

"In answer to Senator Bailey's question, Senator Thompson's comments are entirely true. We are attempting to draft a proviso that will do exactly that."

On motion of Senator Thompson, Jr., the rules were suspended, Senate Bill No. 555 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

#### ROLL CALL

The Secretary called the roll on the final passage of Senate Bill No. 555 and the bill passed the Senate by the following vote: Yeas, 31; nays, 15; absent or not voting, 1; excused, 2.

Those voting yea were: Senators Atwood, Bailey, Charette, Cowen, Donohue, Dore, England, Foley, Freise, Gallagher, Guess, Hallauer, Hanna, Henry, Knoblauch, Lewis, McCormack, McMillan, Morgan, Moriarty, Jr., Neill, Peterson (Ted), Petrich, Raugust, Redmon, Riley, Ryder, Sandison, Thompson, Jr., Washington, Williams—31.

Those voting nay were: Senators Chytil, Cooney, Gissberg, Greive, Herr, Herrmann, Kupka, Lennart, McCutcheon, Mardesich, Peterson (Lowell), Rasmussen, Stender, Talley, Woodall—15.

Absent or not voting: Senator Durkan—1.

Excused: Senator Connor, Keefe—2.

Senate Bill No. 555 having received the constitutional majority, was declared passed.

There being no objection, the title of the bill was ordered to stand as the title of the act.

There being no objection, the Senate returned to the first order of business.

The Secretary read:

**SENATE RESOLUTION**

## THIRTY-SEVENTH DAY

### MORNING SESSION

SENATE CHAMBER,

OLYMPIA, WASH., Tuesday, April 20, 1965.

The Senate was called to order at 10:30 a. m. by President Cherberg.

The Secretary called the roll and announced to the President that all Senators were present except Senator Cowen. On motion of Senator Greive, Senator Cowen was excused.

The Color Guard, consisting of Pages John Turner, Color Bearer, and Teresa Hallauer, presented the Colors.

Reverend T. Eugene Turner, pastor of the First Christian Church of Olympia, offered prayer as follows:

"Our Divine Father, we come into this moment of mysticism and personal devotion, not to wring our hands in despair, but to thank Thee for Thy unceasing care and patience.

"We are mindful of the numerous barricades we throw in the pathway of Thy Divine Intentions for us. Yet, Thy loving kindness and suffering love continue with us unto this hour.

"So, today, in the midst of our personal and corporate frustrations and problems, give us again the lift of a far view to inspire us for our work. Let us not be weary in well doing, for we believe Thy promise that in due time we shall reap, if we faint not. Amen."

The Secretary read:

#### MESSAGE FROM THE GOVERNOR

State of Washington, Executive Department,  
Olympia, Wash., April 17, 1965.

To the Honorable, The Senate of the State of Washington

LADY AND GENTLEMEN:

I am returning herewith without my approval, Senate Bill No. 422, entitled:

An Act relating to industrial insurance and compensation—right to and amount; and amending section 51.32.080, chapter 23, Laws of 1961 as amended by section 3, chapter 274, Laws of 1961 and RCW 51.32.080; amending section 51.32.040, chapter 23, Laws of 1961 and RCW 51.32.040.

On April 9, 1965, I signed and transmitted to the Secretary of State Senate Bill No. 39, an act providing increased benefits under the Workmen's Compensation Act, totaling 2½ million dollars annually, payable to widows and families of fatally injured workmen and to workmen who have suffered temporary and permanent total disability from injuries sustained in the course of their employment. These benefits are payable from premiums paid solely by employers of the state. Senate Bill No. 39 had bi-partisan support on final passage, and I approved it to insure that the working men and women receive at least a portion of the increase in benefits which they deserve.

I have long recognized the need for increases in the benefits payable to injured workmen and their families. However, I also recognize that injured workmen, usually the more seriously disabled, have been victimized by unnecessarily technical processes built into the appellate structure of the Act, which permit unjustifiable delay in payment of awards, and which are totally foreign to the original intent of the framers of this progressive method of replacing lost earnings resulting from work-incurred injuries.

Toward the resolution of this distressing injustice in our industrial insurance program, I proposed in February to this legislature reasonable revisions in the appellate procedures of the Workmen's Compensation Act. My proposal was consistent with the procedures used by an overwhelming number of other states. It was consistent with

proposals embodied in the Report of Suggested State Legislation of the Council of State Governments, whose Advisory Committee on Workmen's Compensation included labor leaders such as Clinton Fair and Lawrence Smedley, both of the AFL-CIO. The proposal also follows the recommendations of former Secretary of Labor Goldberg and the present Secretary of Labor, Willard Wirtz. I have also discussed my proposal with the members of the Board of Industrial Insurance Appeals, who have indicated their support. It is clear that responsible labor leaders in this state recognize the need to meet this problem which the injured workman faces. Yet Senate Bill No. 422 makes no attempt to reduce the unfortunate delay in processing appeals.

In addition, Senate Bill No. 422 makes no attempt to adopt a schedule of benefits based upon a nationally recognized guide of relative values for various disabilities. Such a guide has been published by the Committee on Medical Rating and Physical Impairment of the American Medical Association. Its use would result in far greater uniformity among physicians in their rating of disability and drastically reduce the conflicts which result in lengthy appeals. Instead, Senate Bill No. 422 compounds the existing inequities in the present schedule.

Because of the vital necessity for immediate action to modernize our appellate procedure, and provide more adequate benefits for injured workmen than those contained in Senate Bill No. 422, and the need to base them on scientifically arrived at and nationally recognized standards, I sent to the legislature on April 9, before Senate Bill No. 422 was passed, a message containing a proposal which would provide benefits to permanently partially disabled workmen totaling \$3.8 million. This is \$1.3 million more than Senate Bill No. 422 provides, and would result in a total increase in benefits of \$6.3 million at this session of the legislature. This schedule of benefits was given to the president of the United Labor Lobby on April 8, when I discussed it with him at length. Yet Senate Bill No. 422 does not contain any of these increased benefits nor allow the injured workman to escape from the delay caused by the protracted legal proceedings of the present system.

I am disappointed that the president of the United Labor Lobby did not urge the legislature to amend Senate Bill No. 422 to include my proposal; however, there is still time for this legislature to adopt this increased benefit schedule and modernize appeals procedures, thereby accepting its responsibility and meeting the needs of the injured workmen.

Because Senate Bill No. 422 does not meet these needs, it is vetoed.

Respectfully submitted,

DANIEL J. EVANS,  
Governor.

It was moved by Senator Greive that the Senate do now pass Senate Bill No. 422, the veto of the Governor notwithstanding.

Debate ensued.

Senators Gallagher, Gissberg and Greive demanded the previous question and the demand was sustained.

Senator Greive demanded a roll call.

#### POINT OF ORDER

"Mr. President, I believe the Constitution provides for a roll call in this situation."

#### RULING BY THE PRESIDENT

The President:

#### PARLIAMENTARY INQUIRY

"Mr. President:

"Would you please explain the vote?"

**REPLY BY THE PRESIDENT**

The President:

"The question before the Senate is the final passage of Senate Bill No. 422, the veto of the Governor notwithstanding. A vote 'aye' will be to pass the bill over the veto of the Governor. A vote 'nay' will be to sustain the Governor's veto."

On motion of Senator Greive, the Senate advanced to the sixth order of business.

**MOTION**

On motion of Senator Greive, there being no objection, the rules were suspended and additional names were permitted as sponsors to Senate Bill No. 564.

**POINT OF INQUIRY**

Senator Moriarty, Jr.:

"Mr. President, would Senator Greive yield to a question?"

"Senator Greive, is there any member of the Democratic Party who is not a sponsor of this bill?"

Senator Greive:

"Yes. If you will look closely there are some."

Senator Moriarty, Jr.:

"Could you tell me who they are?"

Senator Greive:

"I'll let you have the honor."

Senator Moriarty, Jr.:

"Well, I haven't even seen the bill, Senator Greive."

Senator Greive:

"I take it that you have such faith in all of the Democrats that if we had unanimously sponsored it, you, too, would be for it?"

Senator Moriarty, Jr.:

"No."

It was moved by Senator Greive that the rules be suspended and that Senate Bill No. 564 be advanced to second reading and read the second time by sections.

#### POINT OF INQUIRY

Senator Moriarty, Jr.:

"Mr. President:

"Before voting on this motion, I think that some of us who haven't had the privilege of reading this bill should know what it is."

Senator Greive:

"Mr. President:

"This bill is exactly the same, word for word, as Senate Bill No. 422 which was just vetoed by the Governor except that it has the following clause:

"This act shall be submitted to the people for their adoption and ratification, or rejection, at the general election to be held in this state on the Tuesday next succeeding the first Monday in November, 1966, in accordance with the provisions of Section 1, Article II of the state Constitution, as amended, and the laws adopted to facilitate the operation thereof."

The motion was carried and Senate Bill No. 564 was advanced to second reading and read the second time by sections.

On motion of Senator Greive, the rules were suspended, Senate Bill No. 564 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

## PERSONAL PRIVILEGE

Senator Lennart:

"Mr. President and members of the Senate:

"This forenoon, the Senate was engaged in a foray on how to extricate itself out of political problems. I should like to briefly take you off the beaten path which has been pecked hard by the press and other people who have failed to see anything in this session but a bag of tricks by the legislators who are trying to get back in office, and I would like to talk to you a little bit about those things.

"We have seen examples in other sessions, but I think in this session especially the press has been a little bit out of order or out of focus. I might shed a little bit of light on what I think we are doing here. After a whole lifetime of inquiry, much of it here on the hill, I for one begin to sense that a new manner of goal is beginning to emerge in our social-political life, the sum and substance of which has an undeniable social and political impact on society. A new generation of Americans with a deep concern of values in search for human dignity and necessary commitments to the ideals of these values, are on the march.

"In the context of human relationship, there must be something wrong with the uncompromising social system of which we are a part. I don't think we can blame legislators per se that they do not live according to high moral principles. But the truth is, I think that if each of them was honestly analyzed, we would observe that they, more so than others, go by the Golden Rule, 'Do unto others as you would be done by,' which has always been considered in these halls as sheer wisdom. Even if such ethical rules are not something that we know we are going to live by, yet unless we strive for them, there can be no progress. In my opinion the science of politics will more and more adapt itself to human needs. If something is going to prove otherwise, then it isn't true. I, for one, do not dwell on this much. I merely accept change as being part of progress and it is obviously our task to live in the present. We are not here to live in the future. As Senator McCutcheon has observed, we have no vested rights nor does any one of us own his legislative district.

"How to pay for the services? That is a very challenging question. The Daily Olympian, for instance, intimated the people do not want any more services, and so many letters to the editor proclaim. For each one of these great authorities, there are hundreds who tell me otherwise. They demand them in one form or another. Where we differ most is how to pay for them. The news media do not want advertising taxed, the beer industry objects to increased taxes, so do property owners. Collectively, they all want more services. Individually, each thinks it is a good tax if the other fellow pays it. Perhaps there is an evasion in a legislator's thinking that he is entrusted with the future of the state, but I don't think so. The job to make a better society is here and now, and the task is for all of us. The task is medical, sociological, psychological and political and is, I think, that we grow individually. We must grow in relation to the need of society. We must have some convictions about it all. We must have courage to do what needs to be done, and all it takes is an original grain of faith.

"One feature of the legislator's hurried doings concerns itself with the need of a large population to eat, to be housed, to be clothed, to be educated and cultivated. Society falters if a new day means merely another day in the quest of bread. Strange as it may seem, there is a growing world attitude of compassion toward our fellow man. Perhaps applying it to our limited vision, our own particular doing here on the hill may be in fact a fragment of the vast panorama of the dilemma of history in the making. We might as well acknowledge that everyone, friend and foe alike, has had a part to some extent in making it what it is. The mills of the gods grind slowly and what they grind is of humanity's own choosing. In this sense, we have all participated to create the causes which are today's effects.

"Whether we relish it or not, we are all of us participating and we ought to be realistic enough to hold that the world is neither too evil for an innocent child to enter, nor too corrupt for us sinners to find redemption. Legislators by and large are people of compassion in both the general state of deprivation and also in their own inability to correct it.

"The avenue open to all, critics as well as those gifted with some particular ability or insight, is to exemplify a life of right attitude and action, even when the tide is strong against us. Taxes and spending is no shameful reproach, but a reflective reminder of what we are here for."

**PERSONAL PRIVILEGE**

Senator Knoblauch:

"Mr. President and members of the Senate:

"I want to thank those of you who, after I made the announcement yesterday about Jack Farer's passing away, were good enough to come by and ask what you could do to help, and I must say you have been extremely generous. Jack's funeral will be tomorrow morning and Mrs. Farer has asked the five Senators of Pierce county and the Lieutenant Governor to be pall bearers. I should like to say on behalf of the family, thank you, gentlemen, you have been extremely generous and, Mr. President, I want to thank the members of the third house that have helped and also the members of the press and the employees. Everyone has pitched in to do what they could to soften the burden on the family."

#### POINT OF INQUIRY

Senator Stender:

"Would Senator Washington yield to a question?"

"Senator Washington, during the last session of the legislature we heard the Director of Highways appeal to us for the laxness in the program on the highways in King county, that one of the reasons was weather and the other one was engineering talent. Now this was before us in committee and it was brought out that for professional engineering talent they had to go out in private industry and naturally had to pay wages that would attract these more capable engineers. Aren't we right back where we started with the old excuse that we can't get help?"

Senator Washington:

"Senator Stender, I don't believe we are. One of the major difficulties has been the shortage of trained engineering help in this particular regard. There just has been a shortage of personnel available, and of course you are competing with highway departments in all the other states. All I can say, in discussing this particular matter with Mr. Prah is that he did feel, as he stated before our committee, that their hands would be freer without this particular proviso. We do run into problems with the personnel and other departments of the state. We are running into a policy matter raised particularly by the House Ways and Means Committee. In my discussion with Mr. Prah, he stated that through classification in the Highway Personnel Board they could reclassify and raise salaries and thereby meet the competition. I am relying on Mr. Prah's statement in this regard and I don't feel that they will be able to use this as an excuse for any possible future delay, the fact of not being able to pay an adequate salary because of this particular proposal. Now it's very difficult for the state, under any of its salary proposals, to meet competition of private industry. Many times private industry can lure away engineers in which we are interested. I don't think taking out the proviso would help that situation."

The motion was carried.

#### APPOINTMENT OF SPECIAL COMMITTEE

The President announced the presence within the bar of the Senate of United States Representative Julia Butler Hansen, and appointed a special committee consisting of Senators Charette, Bailey, Talley, Washington, and Woodall to escort Mrs. Hansen to the rostrum.

The President:

"Members of the Senate, ladies and gentlemen:

"It is with the greatest pleasure and a true privilege at this time to present to you a member of the United States House of Representatives, the Honorable Julia Butler Hansen."

Representative Hansen:

"Mr. President, members of the Senate:

"I can't tell you what a surprise it is to be escorted through the House and the Senate because I was not a former member of this body. It is a great pleasure indeed to be back today and see everyone and have a chance to say, 'hello.' I am sure I bring you greetings from everyone in Washington, D. C., and certainly my own greetings as well. I can see that you are in the business of a special session again, and I would like to say something to all legislators:

"One of the most important things right now facing the American people is a readjustment of their entire legislative programs. If the states do not meet the challenges given to them, then very often the flow of control and the flow of interest rests with the federal government, and this is something that is within your hands, the hands of every state legislature in the United States. I think one of the first reforms that has to be made in almost every legislative body in this land is to give sufficient time for a legislative session to accomplish the things that are necessary in

an ever-growing society. You cannot meet the challenges of the 1960's and '70's with the time which was allocated to the sessions back in the 1850's, and I think this state and other states throughout the nation have to realize this fact.

"Personally, I have been very proud that I had the privilege of serving twenty-two years in a state legislature. There is no better training ground for the Congress of the United States, and there should be a complete dedication to solving the problems of a state by its legislative bodies. You have a tremendous opportunity, and please continue with my best to you and let me know at any time when I may cooperate and when I may serve to develop our state so that it makes a better part of a better nation.

"Again, I thank you very much for your courtesy in asking me here today. I consider it a distinct honor. Governor, I think the last time that I stood here was the night we had not passed a bill. You remember the lillies on the door? Maybe I shouldn't remember them. But it was fun, and, again, I say thanks to the people of the state of Washington who have given me the opportunity of serving in this legislature as a training ground for serving in the National Congress where it is a great privilege to now serve.

"Thank you."

The President:

"Julia, the members of the Senate remember you with great affection and have always held you in highest esteem, and for this reason we are all deeply honored that you could consent to address us today.

"The President should like also to say that he is positive the members of the Senate join with him in the remark that they are deeply appreciative of the wisdom and understanding of your words relating to the legislative process. Alluding to the opening remark of your address, the Senate these days is full of surprises, and you may also be interested in knowing that the Senate has just passed Engrossed Senate Bill No. 234, the rules of the road bill; and, whereas you didn't get the cross-sound bridge, you got the rules of the road."

The committee of honor escorted United States Representative Hansen from the Senate Chamber.

#### PERSONAL PRIVILEGE

Senator McCormack:

"Mr. President, I should like to speak on personal privilege:

"The Atomic Energy Commission announced yesterday that it has awarded a contract to operate the five plutonium production reactors at Hanford to Douglas Aircraft Corporation and United Nuclear Corporation of Maryland. In addition to operating the five plutonium Reactors for the Atomic Energy Commission, Douglas Aircraft will, within two months, start construction of a \$2 million research and development laboratory to study the application of nuclear energy to space vehicle systems and to energy conversion for space and other purposes.

"United Nuclear will soon start construction of a \$2 million plant to fabricate zirconium tubing, a new product in heavy demand in the nuclear industry. In addition Douglas Aircraft and United Nuclear will jointly undertake three other projects:

"(1) They will construct a \$2.6 million plutonium fabrication facility for the construction of plutonium fuels for peacetime power reactors. This will be in operation within three years and the only one of its kind in the Free World;

"(2) The two corporations will jointly contribute \$100,000 for each of the next five years to the University of Washington Graduate Center at Hanford.

"(3) The two corporations will jointly establish a small business investment corporation which they will fund with \$150,000 capital to assist in the establishment of small business corporations related to nuclear energy and possibly provide service facilities for the Hanford project.

"This brings to eight the number of major corporations now directly involved in the diversification of the Hanford project and directly involved in the economy of the state of Washington. They are:

"(1) General Electric Company which will continue for the present to operate the new production reactor which will produce heat for the largest steam power plant in the world;

"(2) Battelle Northwest Laboratories which will operate the research facilities at Hanford and is initiating construction of a \$20 million research center at Hanford;

"(3) The Martin Marietta Company and;

"(4) United States Rubber which will together operate the chemical separations facilities at Hanford;

"(5) Computer Science Corporation which will operate the computer center at Hanford, the largest computer center west of the Mississippi except those operated by NASA;

"(6) United States Testing Corporation which will provide radiation monitoring and environmental control for the Hanford complex;

"(7) and (8) United Nuclear and Douglas Aircraft.

## THIRTY-NINTH DAY

### MORNING SESSION

SENATE CHAMBER,

OLYMPIA, WASH., Thursday, April 22, 1965.

The Senate was called to order at 11:00 a. m. by President Cherberg.

The Secretary called the roll and announced to the President that all Senators were present except Senator Dore.

On motion of Senator Foley, Senator Dore was excused.

The Color Guard, consisting of Pages John Turner, Color Bearer, and Teresa Hallauer, presented the Colors.

Reverend Maurice L. Haehlen, pastor of the United Churches of Olympia, offered prayer as follows:

"Almighty God, Thou Eternal Father of us all; make us conscious of Thy indwelling presence so that we might be more alert to the doing of Thy Holy Will.

"Give to us a sense of urgency in the doing of our work so that important matters do not go by default. Help us to make no little plans and dream no small dreams but to be people of courage so that Thy Kingdom can come and Thy will be done. Amen."

On motion of Senator Greive, the reading of the journal of the previous day was dispensed with and it was approved.

### PERSONAL PRIVILEGE

Senator McCutcheon:

"Mr. President, I would like to speak on personal privilege if I may be allowed to go to Senator Keefe's desk. There are a few words I would like to say.

"Mr. President, lady and gentlemen of the Senate:

"This is one of the most pleasant personal privileges that I have had. We have in our midst a champion of the honor and dignity of the legislature. He has never failed to have the courage of a lion to come to our defense when we were at our lowest point, and he has never hesitated to give us a little word of lecture and advice when we were off the beaten path.

"I have known Senator Lennart since we were together in the House of Representatives in 1941, both of us as Reforming Republicans at that time. I have crossed over. He almost did and I wish he had perhaps at times. But, anyway, our friendship over the years and many controversial issues has withstood every strain; and, there is a strain. There is always a strain in a place like this. That's part of what makes manhood, you know, is being able to stand the strain, get mad and get over it, fight hard, fight clean. This man never struck a low blow in his career.

"Now, he is a man of many talents. He is a businessman far beyond my talents. He is a historian, a traveler, statesman. But he has other talents, also. He is an authority on Lincoln and an authority on Washington. He has used his card as a Washington State Senator to sit in the House of Commons in England. They thought he was a United States Senator. That's a story I won't tell because that will take a little time, but it shows the genius of the man, how he was able to get in the House of Commons when he couldn't get anywhere through the United States Embassy. He wanted to see debate in the mother of parliaments, and he saw them. But that is for another time.

"We have two artists in the state Senate. One is Senator Lennart and the other is none other than our Bob Greive. I have never seen his displays in this chamber. They say he wields a nice brush, too. But, going back to my very good friend, Senator Lennart, and why I am up here, during the period when you are wandering around here and debates are getting dull, you will want to see something to give you a little inspiration. All of these are pen drawings. When you mark with a pen, you can't erase it. You are finished. That's the line.

"Now, you will notice the beautiful Mrs. Lennart when she was young. She is still young at heart. And over there, this is Senator Lennart's father. He looks a little like R. E. Lee. There is the mother. Marvelous character sketches. And this is a page boy, that fine looking man up there. And I think that must be a bridal picture. There are memories there. There are his children.

"I heard indirectly that he would like to get the ugliest picture he could find of every member of the Senate so he could do pen sketches of us. He doesn't want you to look good. He wants to see Nat Washington pounding the desk, and Ed Riley and all of us here in our true perspective.

"I won't say anything more, but Senator Lennart, we honor you and we are very grateful that we have had the honor to be with you these many years."

Senator Lennart:

"Mr. President, Senators, particularly Senator McCutcheon:

"I wondered what this was all about when he insisted I should bring down some of my drawings. Now, I have already done sketches of six who I think are characters here, and character is the aggregation of all the qualities in a person. It could also be of leaders. But I have those, and I was going to put up those, but there are only six of them, so I thought if the good Lord would let me live two more years, I would have a regular rogues gallery here.

"The Senator's word were more than kind and I should like to be able to live up to them. Speaking for myself, there isn't a single Senator here that I don't find something wonderful about. I think when you look at the human being, you must look for the thoughtful and sincere side, because if you start looking for faults, you will see nothing but faults. The best of all of us have many faults and there is much error in what we do.

"The good Senator McCutcheon reminds me so much of Abou Ben Adhem.

#### ABOU BEN ADHEM

Abou Ben Adhem (may his tribe increase!)  
 Awoke one night from a deep dream of peace,  
 And saw, within the moonlight in his room,  
 Making it rich, and like a lily in bloom,  
 An angel writing in a book of gold:—  
 Exceeding peace had made Ben Adhem bold,  
 And to the Presence in the room he said,  
 "What writest thou?"—The vision raised its head,  
 And with a look made of all sweet accord,  
 Answered, "The names of those who love the Lord."  
 "And is mine one?" said Abou. "Nay, not so,"  
 Replied the Angel. Abou spoke more low,  
 But cheerly still; and said, "I pray thee, then,  
 Write me as one that loves his fellow-men."  
 The angel wrote, and vanished. The next night  
 It came again with a great wakening light,  
 And showed the names whom love of God had blessed,  
 And lo! Ben Adhem's name led all the rest.

*Leigh Hunt (1784-1859)*

"One of the most beautiful books in all literature is the Book of Daniel. When Daniel was old before he left the earth, Gabriel came down from the presence of God to tell him he was greatly beloved. 'Oh, Man, greatly beloved.' I believe when the 'Book of Life' will have closed on the beloved Senator from Steilacoom, it will be a beautiful wrought volume, with his name written in gold among those 'whom love of God had blessed.'"

The Secretary read:

*House Members*

HENRY BACKSTROM  
TOM L. COPELAND  
LEONARD A. SAWYER

On motion of Senator Greive, the Conference Committee report was adopted and the committee was granted the powers of free conference.

**INTRODUCTION AND FIRST READING OF BILL**

The following was introduced, read first time by title and acted upon as indicated.

**Senate Bill No. 566**, by Senators Greive and Bailey:

An Act relating to state government; increasing the membership of the legislative council; and amending section 1, chapter 36, Laws of 1947 and RCW 44.24.010; and declaring an emergency.

On motion of Senator Greive, the rules were suspended, Senate Bill No. 566 was advanced to second reading and read the second time by sections.

## POINT OF INQUIRY

Senator Ryder:

"Mr. President, would Senator Greive yield to a question?

"Senator Greive, as I understand and as I remember the legislative council, although I haven't looked at the law for some time, it provided that there would be one more member of the majority than the minority, is that right?"

Senator Greive:

"I frankly don't remember that. It had some sort of proportion, yes."

Senator Ryder:

"What would this provide now?"

Senator Greive:

"If that were true, this would then provide three members more of the majority party than the minority. This was not the purpose of the amendment, however, but it could very well work out that way. Frankly, I don't recall whether it is just one more member at present."

Senator Ryder:

"It's fairly close."

Senator Greive:

"It would still be fairly close. We merely had a problem here and they have some problems in the House, too, and we felt this bill relieved the problem."

Senator Ryder:

"I agree with the problem and the relief. I just wanted to clear up that point as to whether it changed the division of the majority party membership on the council substantially."

Senator Greive:

"Frankly, that wasn't our purpose. I didn't delve into that. We did provide, of course, that the most it could do would be to change two."

On motion of Senator Moriarty, Jr., Senate Bill No. 566 was ordered to remain in place at the end of the second reading calendar for today.

## SECOND READING OF BILLS

**Engrossed House Bill No. 467**, by Representatives Grant and Elder:

Redistricting the state into congressional districts.

The bill was read the second time by sections.

It was moved by Senator Gallagher that the following amendment be adopted:

On page 1, section 1, line 6 of the mimeographed House amendment to page 1, line 3, the same being line 16 of the engrossed bill, beginning with "Bainbridge Island" strike all the material down to and including "Lake Sammamish" in line 19 of the mimeographed House amendment to page 1, line 3, the same being line 24 of the engrossed bill, and insert "Bainbridge Island and the following area in King county shall constitute the first congressional district and shall be entitled to one representative in the congress of the United States: Beginning at the outer harbor line in Elliott Bay and Denny Way proceed east on Denny Way, except that unpopulated area known as the Seattle Civic Center, southeast on 4th Avenue, northeast on Wall Street, east on Denny Way, southwest on Bell Street, southeast on 3rd Avenue, northeast on Pike Street, south on Minor Avenue, east on Union Street, north on Summit Avenue and Summit Avenue East, east on East Republican Street, north on Broadway East, east on East Aloha Street, south on 22nd Avenue East, east on East Thomas, north on 37th Ave. East, east and south through Union Bay and Lake Washington including Mercer Island to the southern city limits of the city of Bellevue, then east and north along the southern and eastern city limits of the city of Bellevue, east along the Sunset highway, north along 166th Ave. S.E., east along S.E. 30th into Lake Sammamish."

Debate ensued.

**POINT OF INQUIRY**

Senator Moriarty, Jr.:

"Mr. President, would Senator Gallagher yield?"

"Isn't it true that this does a little bit more than you suggested in that it puts Congressman Adams back in the 7th district?"

Senator Gallagher:

"That is true. It does put Congressman Adams back in the 7th district. With that little exception, it does jog out there and keep him in that district, the same as we did for Congressman Pelley when we took that little portion of Bainbridge to keep him in the 1st district. That's true. It does do that."

Further debate ensued.

The motion was carried and the amendment was adopted.

On motion of Senator Greive, the rules were suspended, Engrossed House Bill No. 467, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

**ROLL CALL**

The Secretary called the roll on the final passage of Engrossed House Bill No. 467, as amended by the Senate, and the bill passed the Senate by the following vote: Yeas, 29; nays, 18; absent or not voting, 1; excused, 1.

The motion was carried.

**Engrossed Substitute House Joint Resolution No. 4**, by Committee on Constitution, Elections and Reapportionment:

Proposing constitutional amendment reducing resident qualifications for voting within state.

The resolution was read the second time in full.

It was moved by Senator Greive that the following amendment by Senators Greive and Woodall be adopted:

On page 1, line 7 of the printed and engrossed bills, after "by" strike all matter down to and including the period on page 2, line 11 of the printed and engrossed bills

(striking also the House amendments by Representative Gorton) and insert the following: "adding thereto a new section to be known as section 1A, to read as follows:

**NEW SECTION.** Article VI, section 1A. In consideration of those citizens of the United States who become residents of the state of Washington during the year of a presidential election with the intention of making this state their permanent residence, this section is for the purpose of authorizing such persons who can meet all qualifications for voting as set forth in section 1 of this article, except for residence, to vote for presidential electors or for the office of President and Vice-President of the United States, as the case may be, but no other: *Provided*, That such persons have resided in the state at least sixty days immediately preceding the presidential election concerned.

The legislature shall establish the time, manner and place for such persons to cast such presidential ballots."

Debate ensued.

#### POINT OF INQUIRY

Senator Gallagher:

"Mr. President, I wonder if Senator Moriarty would yield to a question?

"Senator, now here is another election bill which is going to make it somewhat easier for people to vote for the office of President of the United States. Before I vote on this bill, could you give me some assurance as to whether or not it will be vetoed?"

Senator Moriarty, Jr.:

"I am sure I can. This is a constitutional amendment. It does not go to the Governor. I think I can be absolutely positive, as certain as I am standing here, that this particular measure will not be vetoed."

Senator Gallagher:

"Thank you. I think this is the only way we can bypass that threat, incidentally."

The motion was carried and the amendment was adopted.

It was moved by Senator Charette that the following amendment be adopted:

On page 1, section 1, line 11, strike "twenty-one" and insert "eighteen"

Debate ensued.

On motion of Senator Gallagher, the amendment was laid upon the table.

On motion of Senator Greive, the rules were suspended, Engrossed Substitute House Joint Resolution No. 4, as amended by the Senate was advanced to third reading, the second reading considered the third, and the resolution was placed on final passage.

Debate ensued.

#### ROLL CALL

The Secretary called the roll on the final passage of Engrossed Substitute House Joint Resolution No. 4 as amended by the Senate, and the resolution passed the Senate by the following vote: Yeas, 45; nays, 2; absent or not voting, 1; excused, 1.

Those voting yea were: Senators Atwood, Bailey, Charette, Chytil, Connor, Cooney, Cowen, Donohue, Durkan, England, Foley, Freise, Gallagher, Gissberg, Greive, Guess, Hallauer, Hanna, Henry, Herr, Herrmann, Keefe, Knoblauch, Kupka, Lennart, Lewis, McCormack, McCutcheon, McMillan, Mardesich, Morgan, Moriarty, Jr., Peterson (Lowell), Peterson (Ted), Rasmussen, Redmon, Riley, Ryder, Sandison, Stender, Talley, Thompson, Jr., Washington, Williams, Woodall—45.

Those voting nay were: Senators Neill, Petrich—2.

Absent or not voting: Senator Raugust—1.

Excused: Senator Dore—1.

Engrossed Substitute House Joint Resolution No. 4, as amended by the Senate, having received the constitutional two-thirds majority, was declared passed.

**Substitute Senate Bill No. 504**, by Committee on Ways and Means:  
Completing capitol campus plan.

The bill was read the second time by sections.

On motion of Senator Hallauer, the rules were suspended, Substitute Senate Bill No. 504 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

#### POINT OF INQUIRY

Senator Morgan:

"Mr. President, members of the Senate, would Senator Hallauer yield to a question?"

"Senator Hallauer, are you going to destroy the present mansion or will it just be refurbished?"

Senator Hallauer:

"It is my understanding from talking with Mr. William E. Schneider of the Department of General Administration that they do not intend to destroy the present mansion; that they are getting some figures together in connection with refurbishing that building. But it would be up to the Governor who occupied it and the Capitol Committee consisting of the Governor, the Lieutenant Governor and the Commissioner of Public Lands, to make this choice."

Debate ensued.

#### POINT OF INQUIRY

Senator Gallagher:

"Mr. President, would Senator Moriarty yield?"

"Senator Moriarty, in order that my vote might be guided to some extent on this measure, will the Governor veto this particular bill?"

Senator Moriarty, Jr.:

"Senator, I don't know, but there is a telephone out there. The exchange is 6780, and if you are curious, you might call him."

Senator Gallagher:

"Well, I'm sure he won't answer my call. I wonder if you could ascertain before the vote is taken what his position might be?"

Debate ensued.

#### ROLL CALL

The Secretary called the roll on the final passage of Substitute Senate Bill No. 504 and the bill passed the Senate by the following vote: Yeas, 35; nays, 13; excused, 1.

Those voting yea were: Senators Bailey, Charette, Chytil, Connor, Cooney, Donohue, Durkan, Foley, Gallagher, Gissberg, Greive, Hallauer, Hanna, Henry, Herr, Herrmann, Keefe, Knoblauch, Kupka, Lennart, Lewis, McCormack, McCutcheon, Morgan, Moriarty, Jr., Neill, Peterson (Lowell), Peterson (Ted), Rasmussen, Ryder, Sandison, Talley, Thompson, Jr., Washington, Woodall—35.

Those voting nay were: Senators Atwood, Cowen, England, Freise, Guess, McMillan, Mardesich, Petrich, Raugust, Redmon, Riley, Stender, Williams—13.

Senate Bill No. 451; also;  
Senate Bill No. 552; also,  
Senate Joint Memorial No. 4; also,  
Senate Concurrent Resolution No. 23.**

**INTRODUCTION AND FIRST READING OF RESOLUTION**

The following was introduced, read first time by title and acted upon as indicated:

**Senate Concurrent Resolution No. 25**, by Senators Dore and Bailey:

Establishing a joint interim legislative committee on facilities and operations.

On motion of Senator Bailey, the rules were suspended, Senate Concurrent Resolution No. 25 was advanced to second reading and read the second time in full.

**POINT OF INQUIRY**

Senator Moriarty, Jr.:

"Mr. President, would Senator Bailey yield to a question?

"I notice that the resolution does not contain the customary language that the division of the membership of the committee will be split between the majority and minority party. It simply says five members will be appointed by the President, and five by the Speaker. I wonder if it is the intention that these five members shall be split three and two between the majority and minority party? Otherwise, I was going to suggest an amendment."

Senator Bailey:

"Senator Moriarty, about half of the committees, especially the ones under concurrent resolution, provide for appointment by the President and the Speaker. It is the intention that the two and three alignment be maintained. It is our intention to do so."

**POINT OF INQUIRY**

Senator Rasmussen:

"Mr. President, would Senator Bailey yield to a question?

"Senator Bailey, as we heard the resolution read, and if I were a complete stranger, it gives the inference that there is \$500,000 available and because we have nothing available at the time for which to spend it, we are going to appoint a committee to spend all of it. It may be wise to eliminate the reference to the \$500,000 that is available and just merely have a committee study, and they can do that without saying there is an excess of that amount of money available."

Senator Bailey:

"Senator Rasmussen, the intention of this resolution is merely to change the composition of the committee. Actually this was copied from Senate Concurrent Resolution No. 7, which was the reason I wasn't going to have it read. I was going to explain it. The makeup of the committee was unwieldy and this resolution changed it to be composed of five members from the House and five from the Senate. However, the \$500,000 couldn't be touched by any committee. There is nothing that this committee can do except to meet with the Capitol Committee on anything that has to do with legislative facilities. We felt the legislature should have something to say about their own facilities. If the Capitol Committee in years past had done its job by conferring with the highway department on the highway building, we wouldn't have the problem we have. When you start changing legislative facilities, we feel the legislature should be sitting in with the Capitol Committee, and they are very happy to have us."

On motion of Senator Bailey, the rules were suspended, Senate Concurrent Resolution No. 25 was advanced to third reading, the second reading considered the third, and the resolution was placed on final passage.

Debate ensued.

**ROLL CALL**

The Secretary called the roll on the final passage of Senate Concurrent Resolution No. 25 and the resolution passed the Senate by the following vote: Yeas, 45; nays, 0; absent or not voting, 4.

Those voting yea were: Senators Atwood, Bailey, Charette, Chytil, Connor.

Cooney, Donohue, Dore, Durkan, England, Foley, Freise, Gallagher, Gissberg, Greive, Hallauer, Hanna, Herr, Herrmann, Keefe, Knoblauch, Kupka, Lennart, Lewis, McCormack, McCutcheon, McMillan, Mardesich, Moriarty, Jr., Neill, Peterson (Lowell), Peterson (Ted), Petrich, Rasmussen, Raugust, Redmon, Riley, Ryder, Sandison, Stender, Talley, Thompson, Jr., Washington, Williams, Woodall—45.

Absent or not voting: Senators Cowen, Guess, Henry, Morgan—4.

Senate Concurrent Resolution No. 25 having received the constitutional majority, was declared passed.

#### POINT OF INQUIRY

Senator Gissberg:

"Mr. President, I don't see the chairman of Ways and Means on the floor, but I see the chairman of the Appropriations Committee is here. I wonder if Senator Dore would yield to a question?

"Senator Dore, for those of us who are not on the inside of the doors of the Free Conference meeting on the budget, and without divulging any confidences, if there be confidences within the meeting, I wonder if you might be able to give us some kind of a report as to what we can anticipate or when we can anticipate some agreement, if any, so that we might know a little better what to expect in the immediate future?"

Senator Dore:

"Without divulging any confidences, it is rather difficult to answer that question, Senator. However, I think the people on the outside seem to be more informed than the people on the inside from the type of phone calls I have been getting recently. It seems to boil down to this, Senator: That we have a level of spending that we will bring out for the group shortly and we will need a certain amount of millions of dollars to balance that budget, but we seem to be in a position where in the background of this particular situation the Governor takes rather an adamant position where he insists, from the scuttlebutt we hear, that his conferees will not sign the bill unless we also put a twenty million dollar provision in there to take care of the deficit. I believe, Senator, you fully realize that the Democratic caucus in the Senate has taken the position that we don't think the people of the state of Washington can absorb an additional twenty million dollars in taxes on top of the taxes that will be necessary to balance the budget, and it seems to me unless the Governor recedes from his—if I may use the term, and I don't want to use it lightly—stubborn position—he has been a strong governor, but I have heard some members say he is just stubborn and not so strong—if he continues to be stubborn, I think we can assume we will continue to stay. I think the Governor is trying to starve us out. He has the boys down to two meals a day now, and of course if we spent \$25.00 a day during the regular session and saved some of our money, we will use that and spread it just as judiciously and economically as possible over the coming days, but if we get down to having one meal a day, we are going to have a little difficulty here and perhaps he will win his economy drive, but I wish he would apply the economy drive to himself. He has cut us off, but as I understand it, he continues to draw his \$32,000 a year without this act, without lessening his three meals a day or his way of doing business. In fact, in the budget committee we just granted him at his request an additional \$2,000 for the mansion, so his standard of living has gone up during this same period of time, while ours has gone down.

"However, it looks as though perhaps some of the boys could cut down a meal or two to get in shape for the final drive. I don't know if I have answered your question, Senator."

Senator Gissberg:

"Maybe I should have directed by question to Senator Neill, but I have heard just before we came into session, that the legislative funds were about gone insofar as paying the help is concerned. Although the Governor may be able to starve the legislature into submission to his will, I would be unhappy if he is going to use the same tactics in starving the employees to bend to his will, and I would hope that the chairmen of Ways and Means and the Appropriations Committee could consider what course of action to take with respect to an appropriation to take care of the pay of the employees.

Otherwise we are going to be operating without any help whatsoever, other than the press, and it is my hope that maybe the press could join us and be of assistance to us in meeting this deadlock that we are now encountering."

Senator Lennart:

"Mr. President, I think that the action, according to the Senator, is an action for stamping and branding the poor. I would suggest the Senate cafeteria be closed and we would get out of here pretty fast.

Senator Peterson (Ted):

"Mr. President and members of the Senate:

"We sat down last night and figured if we spent on the special session some fifty-four dollars, and amortized the forty dollars over that fifty-four days, it would bring us down to the twenty-five dollar level which most of us thought should be maintained in the first place. I don't want to stay here fifty-four days, but I think in amortizing it and looking at some of you fellows—I don't feel quite so overstuffed myself—getting down to two meals a day wouldn't hurt any of us."

Senator Bailey:

"Mr. President:

"In reply to Senator Peterson saying most of us thought it should be twenty-five dollars a day, most of us thought it should be forty dollars, and I didn't see anyone turning down the forty dollars. They were right there in line taking the check every week."

Senator Woodall:

"Mr. President:

"Once it became a law, you wouldn't want us to disobey the law, would you, Senator Bailey?"

Senator Bailey:

"Mr. President:

"Perhaps Senator Woodall would go downstairs and tell the Governor that it is still the law."

#### FIRST READING OF HOUSE BILL AND RESOLUTIONS

The following were read first time by title and acted upon as indicated:

**Substitute House Bill No. 655**, by Committee on Highways:

Referred to Committee on Education.

Expressing appreciation to the members of the public assistance study citizens' advisory committee.

On motion of Senator Rasmussen, the rules were suspended, House Concurrent Resolution No. 28 was advanced to second reading and read the second time in full.

On motion of Senator Rasmussen, the rules were suspended, House Concurrent Resolution No. 28 was advanced to third reading, the second reading considered the third, and the resolution was placed on final passage.

Debate ensued.

#### POINT OF INQUIRY

Senator Kupka:

"Mr. President, would Senator Rasmussen yield?"

"While I should know, I don't recall what amount of money we spent on that study?"

Senator Rasmussen:

"As far as the Citizens' Committee, I don't believe they spent any money. In the Green Lake appropriation, I think the amount spent was \$125,000."

Senator Kupka:

"Mr. President, I'm sure that we all knew beforehand what they were going to tell us: That people on public assistance could use more money; and, I'm sure that most of us here are aware of it. While the \$125,000 is probably well spent, I am sure that we are not any better informed than we were before, but we do know those people on the program could use a little more funds for their well-being."

#### ROLL CALL

The Secretary called the roll on the final passage of House Concurrent Resolution No. 28 and the resolution passed the Senate by the following vote: Yeas, 41; nay, 1; absent or not voting, 7.

Those voting yea were: Senators Atwood, Bailey, Charette, Chytil, Cooney, Cowen, Donohue, Dore, England, Foley, Freise, Gallagher, Gissberg, Greive, Guess, Hallauer, Hanna, Herr, Knoblauch, Kupka, Lennart, Lewis, McCormack, McCutcheon, McMillan, Mardesich, Moriarty, Jr., Neill, Peterson (Lowell), Peterson (Ted), Rasmussen, Raugust, Redmon, Riley, Ryder, Sandison, Stender, Talley, Thompson, Jr., Washington, Williams—41.

Absent or not voting: Senators Connor, Durkan, Henry, Herrmann, Keefe, Morgan, Petrich—7.

House Concurrent Resolution No. 28 having received the constitutional majority, was declared passed.

#### SECOND READING OF BILL

**Senate Bill No. 566**, by Senators Greive and Bailey:

Providing for increase in membership of the legislative council.

The bill was read the second time by sections.

On motion of Senator Ryder, the following amendment by Senators Bailey, Greive and Ryder was adopted:

On page 1, section 1, line 8, after "consist of" strike "ten senators and eleven" on line 9, and insert "[ten] *thirteen* senators and [eleven] *fourteen*"

On page 1, section 1, line 19, after "that" strike all the material down to and including "*party thereof*" on line 26 and insert "[not more than twelve of the council members shall be members of any one political party] *the minority political party in each house shall have six members on the council*"

On motion of Senator Greive, the rules were suspended, Engrossed Senate Bill No. 566 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

#### ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 566 and the bill passed the Senate by the following vote: Yeas, 44; nays, 1; absent or not voting, 4.

Those voting yea were: Senators Atwood, Bailey, Charette, Chytil, Connor, Cooney, Cowen, Dore, Durkan, England, Foley, Freise, Gallagher, Greive, Hallauer, Hanna, Herr, Herrmann, Keefe, Knoblauch, Kupka, Lennart, Lewis, McCormack, McCutcheon, McMillan, Mardesich, Moriarty, Jr., Neill, Peterson (Lowell), Peterson (Téd), Petrich, Rasmussen, Raugust, Redmon, Riley, Ryder, Sandison, Stender, Talley, Thompson, Jr., Washington, Williams, Woodall—44.

Those voting nay were: Senator Guess—1.

Absent or not voting: Senators Donohue, Gissberg, Henry, Morgan—4.

Engrossed Senate Bill No. 566 having received the constitutional majority, was declared passed.

There being no objection, the title of the bill was ordered to stand as the title of the act.

#### POINT OF INQUIRY

Senator Woodall:

"Mr. President, would Senator Durkan yield to a question?"

"Senator Durkan, I read in the newspaper where they said that you had packed your bags on Thursday. I wonder if you would mind addressing us a few minutes on how to live out of a suitcase?"

Senator Durkan:

"Mr. President and Senators:

"I'm glad to you asked that question. I had, in all sincerity, packed my bags as you know and then, when the Governor determined that the Democratic Party was right in the industrial insurance field and that we would have to then re-pass the bill through the legislature, I felt that this would take a few days more. Then after conferring with some of the members of the Conference Committee last night, I felt that this committee would take a few days. After calling my wife and telling her this, it appears that I should wait at least a week to come home."

Senator Lennart:

"Mr. President, I should think in this dilemma that we are in, we should find that banker, the pocket-lending banker who is supposed to be around here when we are in need. We passed a resolution about that fellow. Wasn't his name Gould?"

Senator Woodall:

"Mr. President, that's what I have always said about bankers. When you don't need them, they are around, and when you need them, they are always gone."

#### POINT OF INQUIRY

Senator Stender:

"Mr. President:

"I wonder whether Senator Durkan will yield to a question?"

Senator Durkan:

"I yield."

Senator Stender:

"Senator, I wonder whether this daily raising of the flag and the prayer makes the committee work any easier?"

Senator Durkan:

"We do need inspiration, that is true. But we come here much earlier than when the flag is raised and stay much later than the prayers."
