"Qualified employer" means: (1) Any employer as of the computation date who had some employment in the twelve-month period immediately preceding April 1st of the first of the three consecutive calendar years immediately preceding the computation date and who had no period of four or more consecutive calendar quarters in such three years for which he reported no employment, except that no employer shall be deemed a qualified employer unless all contributions required under this title from him or his predecessors for the thirty-six month period immediately preceding the computation date have been paid prior to the cut-off date; or (2) Any employer as of the computation date who has not been subject to this title for a period of time sufficient to be classified as a qualified employer under the provision of subdivision (1) of this paragraph but who had some employment in the twelve-month period immediately preceding April 1st of the first of the two consecutive calendar years immediately preceding the computation date and who had no period of four or more consecutive calendar quarters in such two years for which he reported no employment, except that no employer shall be deemed a qualified employer unless all contributions required under this title from him or his predecessors for the twenty-four month period immediately preceding the computation date have been paid prior to the cut-off date: PROVIDED, That when an employer or prospective employer has acquired all or substantially all of the operating assets of an employer, or has acquired an operating department, section, division, or any substantial portion of the business or assets of any employer, which is clearly segregable and identifiable for experience rating purposes, the payroll record and benefit charges of the transferring employer shall be divided between the transferring and acquiring employers in proportion to the payrolls for the four preceding completed calendar quarters attributable to the operating assets retained and conveyed. The successor employer shall be liable for contributions on the acquired business from the date the transfer occurred. The separate account of a predecessor or that part thereof which is transferred shall become the separate account or part of separate account as the case may be of the successor employer.

"Surplus" means the lesser of (1) that amount by which the moneys in the unemployment compensation fund as of June 30th immediately preceding the computation date exceeds four percent of total remuneration paid by all employers during the preceding calendar year and reported on or before the following March 31st, or (2) an amount equal to thirty one-hundredths of one percent of such remuneration paid by all employers during such preceding calendar year and reported on or before the following March 31st, except that beginning with the second computation of surplus after the amount of annual wages subject to tax reaches four thousand eight hundred dollars, forty-five one-hundredths shall be substituted for thirty one-hundredths in this subsection. No surplus shall be declared unless the amount determined is at least ten one-hundredths of one percent of remuneration paid by all employers during the preceding calendar year and reported on or before the following March 31st.

NEW SECTION. Sec. 10. An experience rating account shall be established and maintained for each employer based on existing records of the employment security department and shall be effective beginning with July 1, 1966. Benefits paid to any eligible individual subsequent to June 30, 1966, shall be charged to the experience rating accounts of each of his employers during his base year in the same ratio that the wages paid by each employer to the individual during the base year bear to the wages paid by all employers to that individual during that base year. However, benefits paid under the provisions of RCW 50.12.050 on the basis of wages paid or payable in more than one state shall not be charged to the account of any employer.

NEW SECTION. Sec. 11. For the purpose of prorating benefit charges for periods of unemployment prior to July 2, 1967, "wages" shall be construed to mean the wages reported by employers on the existing wage reports submitted for benefit computations. For the purpose of prorating benefit charges for periods of unemployment subsequent to July 1, 1967, "wages" shall mean "wages" as defined for purpose of payment of benefits in section 3 of this 1969 amendatory act.

NEW SECTION. Sec. 12. For the rate year 1970 and each rate year thereafter an annual decrease quotient factor and a benefit charge-back factor shall be computed for each qualified employer, each to be determined as provided in subsections (1) and (2) hereof respectively:

(1) To determine a qualified employer's average annual decrease quotient his payroll

for the three experience rating years immediately preceding the computation date shall be listed in chronological order. The first annual decrease quotient shall be obtained by dividing any decrease in his payroll between the first and second of his experience rating years by the payroll for the first of such years, the division being carried to the fourth decimal place, with the remaining fraction, if any, disregarded. The second annual decrease quotient shall be obtained by dividing any decrease in his payroll between the second and third of the listed experience rating years by the payroll for the second listed year, the division being carried to the fourth decimal place, with the remaining fraction, if any, disregarded. The employer's average annual decrease quotient shall be obtained by adding his first and second decrease quotients, if any, and dividing by two. The employer's average annual decrease quotient shall determine the point value to be assigned to such employer as his annual decrease quotient factor in accordance with the following schedule.

The annual decrease quotient of an employer who qualifies with payrolls for fewer than three experience rating years shall be obtained by dividing any decrease of the employer's payroll in the experience rating year immediately preceding the computation date from the payroll in the preceding experience rating year by the amount of the payroll in such preceding experience rating year, such division being carried to the fourth decimal place, with the remaining fraction, if any, disregarded. This annual decrease quotient shall be deemed to be his average annual decrease quotient and shall determine the point value to be assigned to such employer as his annual decrease quotient factor in accordance with the following schedule:

<i>Annual Decrease Quotient</i>	<i>Point Value</i>
0.0000-0.0124	10
0.0125-0.0249	9
0.0250-0.0374	8

0.1500-0.1999	3
0.2000-0.2499	2
0.2500 or more	1

(2) The charge-back ratio for an employer shall be the quotient obtained by dividing the total benefits charged to his account during the thirty-six consecutive month period immediately preceding the computation date by his taxable payroll for the same thirty-six month period as reported not later than August 31 immediately following the computation date, except that the charge-back ratio of any employer whose account has been chargeable for a period of fewer than thirty-six months immediately prior to the computation date shall be the quotient obtained by dividing total benefits charged to his account, prior to the computation date, by his taxable payroll set forth as follows: The taxable payroll shall be that reported by August 31 immediately following the computation date, for the period beginning with the first day of the second calendar quarter following the calendar quarter in which he became liable, and through the end of the calendar quarter immediately preceding the computation date. The charge-back ratios shall be extended to four decimal places, with the remaining fraction, if any, disregarded. The charge-back ratios so obtained shall determine the point value to be assigned each employer as his charge-back factor in accordance with the following schedule:

<i>Charge-Back Ratios</i>	<i>Point Value</i>
Less than 0.001	10
0.0001-0.0039	9
0.0040-0.0079	8

0.0220-0.0239	3
0.0240-0.0269	2
0.0270 and over	1

NEW SECTION. Sec. 13. The annual decrease-quotient point value for each employer shall be added to his charge-back point value and this sum shall designate his rate class. For the rate year 1970 and each rate year thereafter the contribution rate for each qualified employer shall be the "class rate" determined for that class into which the employer is placed by application of this section.

(1) A "class weight" shall be assigned to each rate class as follows:

<i>Rate Class</i>	<i>Class Weight</i>
20	9.0
19	8.5
18	8.0
17	7.5

16	7.0
15	6.5
14	6.0
13	5.5
12	5.0
11	4.5
10	4.0
9	3.5
8	3.0
7	2.5
6	2.0
5	1.5
4	1.0
3	0.5
2	0

(2) A "class product" for each rate class shall be obtained by dividing the total of the taxable payrolls for the experience rating year immediately preceding the computation date for all qualified employers in the rate class by the total of the taxable payrolls of all qualified employers for such experience rating year, such division being carried to the fourth decimal place, and multiplying the quotient by the class weight for that rate class.

(3) The surplus to be credited to each rate class shall be the product obtained by multiplying the surplus to be credited to all employers by the quotient of the class product for the class divided by the sum of the class products for all classes. No portion of the surplus shall be credited to rate class 2.

(4) A "class credit factor" shall be obtained for each rate class by dividing the portion of the surplus assigned to the class by the sum of the payrolls of all employers in that class for the experience rating year immediately preceding the computation date, such division being carried out to the fourth decimal place and the remaining fraction, if any, disregarded.

(5) The "class rate", expressed as a percent, for each rate class shall be derived by subtracting the class credit factor for that rate class from .0270 and multiplying this result by one hundred.

NEW SECTION. Sec. 14. Effective January 1, 1970, predecessor and successor employer contribution rates shall be computed in the following manner:

(1) If the successor is an employer at the time of the transfer, his contribution rate shall remain unchanged for the remainder of the rate year in which the transfer occurs.

(2) The contribution rate on any payroll retained by a predecessor employer shall remain unchanged for the remainder of the rate year in which the transfer occurs.

(3) If the successor is not an employer at the time of the transfer and acquires the business of one employer or the businesses of two or more employers with the same rate, he shall pay contributions for the remainder of the rate year in which the transfer occurs, at the rate assigned to the predecessor employer or employers.

(4) If the successor is not an employer at the time of the transfer and simultaneously acquires the business of two or more employers with different contribution rates, his rate from the date the transfer occurred until the end of the rate year in which such transfer occurred, shall be a recomputed rate based on the combined experience of his predecessors as of the last day of the completed calendar quarter immediately preceding the quarter in which the transfer occurred, computed in accordance with such regulations as the commissioner may prescribe.

(5) In all cases, from and after January 1 following the transfer, the successor's contribution rate for each rate year shall be based on his experience with payrolls and benefits combined with the experience of his predecessor or predecessors, as of the regular computation date for that rate year.

(6) In all cases, from and after January 1 following the transfer, the predecessor's contribution rate for each rate year shall be based on his experience with payrolls and benefits, as of the regular computation date for that rate year, excluding therefrom such experience as was credited to the successor under other provisions of this title.

NEW SECTION. Sec. 15. There is added to chapter 35, Laws of 1945 and to Title 50 RCW a new section to read as follows:

The commissioner may redetermine any contribution rate if, within three years of the rate computation date, he finds that the rate as originally computed was erroneous.

In the event that the redetermined rate is lower than that originally computed the difference between the amount paid and the amount which should have been paid on the employer's taxable payroll for the rate year involved shall be established as a credit against his tax liability; however, if the redetermined rate is higher than that originally computed the difference between the amount paid and the amount which should have been paid on the employer's taxable payroll shall be assessed against the employer as contributions owing for the rate year involved.

The redetermination of an employer's contribution rate shall not affect the contribution rates which have been established for any other employer nor shall such redetermination affect any other computation made pursuant to this title.

The employer shall have the same rights to request review and redetermination as he had from his original rate determination.

NEW SECTION. Sec. 16. There is added to chapter 35, Laws of 1945 and to Title 50 RCW a new section to read as follows:

One-half the amount of experience rating credit to which an employer is determined to be entitled for the credit year beginning July 1, 1969, may be applied against contributions payable by him on wages paid in that credit year prior to January 1, 1970. The remaining half of the experience rating credit to which he is determined to be entitled for the credit year beginning July 1, 1969, and any credits not usable because they are in excess of the contributions due on wages paid during the period beginning July 1, 1969, and ending December 31, 1969, shall be canceled.

Sec. 17, Section 3, chapter 286, Laws of 1955 and RCW 50.20.030 are each amended to read as follows:

A [pregnant] woman [shall be presumed to be unable to work and unavailable for work if she left her most recent work voluntarily] *who leaves work voluntarily* because of pregnancy *shall be ineligible for benefits during the period of her pregnancy*: PROVIDED, HOWEVER, That in any event a pregnant woman shall be ineligible to receive benefits for any calendar week during the period beginning with the [tenth] *seventeenth* calendar week [before] *immediately preceding the expected date of confinement, as determined by a doctor, and extending through the [fourth] sixth* calendar week *immediately following the week in which childbirth occurs.*

NEW SECTION. Sec. 18. There is added to chapter 35, Laws of 1945 and to Title 50 RCW a new section to read as follows:

An individual who retires from his most recent employment for any reason other than having attained the compulsory retirement age established by a labor-management agreement or employer rule shall be disqualified for benefits from the calendar week in which he retires and for each successive week thereafter until he has obtained work and earned wages therefor of not less than his suspended weekly benefit amount in each of five weeks.

NEW SECTION. Sec. 19. There is added to chapter 35, Laws of 1945 and to Title 50 RCW a new section to read as follows:

An individual who has received the maximum amount allowable in his benefit year may, if otherwise eligible, draw "extended benefits" in those weeks in his benefit year which begin in an "extended benefit period" and, if his benefit year ends within such extended benefit period, in the next thirteen or fewer weeks which begin in such "extended benefit period": PROVIDED, That the individual shall not draw such "extended benefits" in any week during which he could establish entitlement to regular unemployment benefits under any state or federal law.

If a federal enactment provides for reimbursing the state for certain benefits paid for weeks of extended unemployment, the extended benefits shall be made in the regular manner, and the reimbursements shall be credited to the unemployment compensation fund.

(1) "Extended benefits" are additional benefits payable at the weekly rate applicable for the individual during the benefit year for which he has received the maximum sum allowable. Extended benefits for an individual cannot exceed whichever is the lesser of thirteen times his weekly benefit amount or one-half his previous entitlement, and the combined total of his regular unemployment compensation plus his extended benefits cannot exceed thirty-nine times his weekly amount.

(2) An "extended benefit period" means a period commencing with the third calendar week immediately following any thirteen-week period (known for purposes of this section as the thirteen-week computation period) during which the average rate of insured unemployment is equal to or greater than one hundred twenty percent of the average of the rates of insured unemployment for the corresponding thirteen-week periods in each of the two preceding calendar years and ending with the third week immediately following any thirteen-week period during which such rate was less than one hundred twenty percent of the average rate of insured unemployment for the corresponding thirteen-week periods in each of the two preceding years: PROVIDED, That an extended benefit period shall not commence unless the yearly average insured unemployment rate as computed at the end of the thirteen-week computation period is equal to at least four percent. No extended benefit period shall be less than thirteen weeks in length and no extended benefit period shall commence at any time an extended benefit period is already in effect.

(3) "Insured unemployment" for any week as used for this computation means the number of weeks of unemployment claimed in Washington for that week, excluding weeks of unemployment claimed in connection with unemployment compensation programs which are exclusively federal and excluding any weeks claimed by an individual following the week in which benefits based on his original entitlement were exhausted.

(4) "Insured employment" means the average monthly employment reported by employers for a twelve-month period.

(5) For purposes of this section the rate of "insured unemployment for any week" is the ratio obtained by dividing insured unemployment for that week by insured employment for the twelve-month period ending six months immediately prior to the calendar quarter in which the week began.

(6) Rates of insured unemployment shall be computed for each calendar week. After each week the insured unemployment rates for the thirteen consecutive weeks ending with that week shall be averaged and the average shall be compared with the average of the rates of insured unemployment for the corresponding thirteen-week periods of the two preceding years. After each week the insured unemployment rates for the fifty-two consecutive weeks ending with that week shall be averaged to yield a yearly average insured unemployment

rate. The commissioner shall by regulation prescribe how corresponding weeks are to be determined. Computations involving division shall be carried to four decimal places.

NEW SECTION. Sec. 20. Sections 9 through 15 of this 1969 amendatory act shall be added to chapter 35, Laws of 1945 and to Title 50 RCW, and shall constitute a new chapter in said Title 50 RCW.

NEW SECTION. Sec. 21. Sections 10, 11, 12, 15 and 16, chapter 286, Laws of 1955 and RCW 50.28.010 through 50.28.030, 50.28.050 and 50.28.060, and section 3, chapter 235, Laws of 1949 as last amended by section 13, chapter 286, Laws of 1955 and RCW 50.28.040 are each hereby repealed. Such repeals shall not be construed as affecting any existing right to any redetermination, correction, or pending appeal involving any experience rating credit determination or redetermination.

NEW SECTION. Sec. 22. This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect July 6, 1969: PROVIDED, That sections 3 and 8 of this 1969 amendatory act shall not take effect until January 1, 1970.

Signed by: Senators Stortini, Chairman; Bailey, Connor, Durkan, Herr, Ridder.

The bill was read the second time by sections.

Senator Greive moved adoption of the committee amendment.

POINT OF INQUIRY

Senator Williams: "Would Senator Greive yield to a question? Senator, if we do not object to this amendment and we should allow it to be passed tonight then could we move tonight for the consideration of the budget?"

Senator Greive: "I am not in a position to make any statements on behalf of my caucus at this time. I would suggest that if we follow that provision that we might just as well waste our breath as far as this particular measure is concerned because I feel confident the House would silently put it to sleep and we would have accomplished nothing."

Senator Williams: "So if we eliminate the speeches and let this pass, we still could not consider the budget tonight?"

Senator Greive: "I am not prepared to make any statement one way or another and all I am offering is a personal observation from some considerable experience in this body."

Debate ensued.

POINT OF INQUIRY

Senator Atwood: "Would Senator Greive yield to a question? Senator, are you telling us that this amendment that is being offered is a departmental request measure?"

Senator Greive: "Senator, when you term the words 'Governor's bill', 'Departmental request', 'Desired by so and so', these are loose terms. I said that we had a committee called 'The Advisory Council on Employment Security' chaired by Mr. Peach. I said that Maxine Daly, as chairman of the Governor's department is directly involved, together with Mr. Peach presented this particular bill, drawn by the department, saying that it was the Governor's compromise and it would be introduced if they could agree, that labor agreed and industry didn't.

"Now, does that make it a governor's bill or departmental request? Probably not, but I think it shows that it has been thought through and it shows that at one time a lot of people thought this was a pretty fair compromise."

Senator Atwood: "Mr. President and gentlemen of the Senate, this is not a departmental request. It is not denominated as such. It is not an executive request bill. It was never denominated as such. I think whose request it is is the president of the AFL-CIO at this late date, but in any event it is not any official bill of this administration nor of the department."

Further debate ensued.

PARLIAMENTARY INQUIRY

Senator Lewis (Brian): "Mr. President, parliamentary inquiry. Could you tell me is this now Senate Bill No. 486 we are about to consider?"

REPLY BY THE PRESIDENT

The President: "The Senate is considering a committee amendment to Senate Bill No. 486."

Senator Lewis (Brian): "Am I correct in understanding that Senate Bill No. 486 as recorded on the daily status of bill sheets is in fact a title only bill?"

REPLY BY THE PRESIDENT

The President: "That is correct, Senator Lewis."

Senator Lewis (Brian): "So that this amendment then was considered in the Committee on Labor and Social Security, I guess?"

REPLY BY THE PRESIDENT

The President: "That is correct, Senator Lewis."

POINTS OF INQUIRY

Senator Lewis (Brian): "Would Senator Stortini yield to a question?"

Senator Stortini declined.

Senator Lewis (Brian): "Would Senator Matson yield to a question? Senator Matson, you are a member of the Committee on Labor and Social Security, and I shared office space with you for one hundred and nineteen days. Are you able to tell me in the meetings on Labor and Social Security that you have attended, was there a hearing held on Senate Bill No. 486?"

Senator Matson: "Not as I recall."

Senator Lewis (Brian): "Thank you."

The motion by Senator Greive carried and the committee amendment was adopted.

Senator Greive moved that the rules be suspended, Engrossed Senate Bill No. 486 be advanced to third reading, the second reading considered the third and the bill placed on final passage.

Senator Atwood demanded a roll call and the demand was sustained by Senators Ryder, Woodall, Metcalf, Newschwander, Williams, Andersen, Twigg, Lewis (Harry), Lewis (Brian) and Canfield.

PARLIAMENTARY INQUIRY

Senator Atwood: "Parliamentary inquiry. It does take a two-thirds for this bill to be advanced to third reading at the present time?"

REPLY BY THE PRESIDENT

The President: "That was the President's decision yesterday, Senator."

POINT OF INQUIRY

Senator Dore: "Would Senator Atwood yield to a question?"

Senator Atwood declined.

PARLIAMENTARY INQUIRY

Senator Greive: "Parliamentary inquiry. Is it your ruling that it would take more than a majority merely to advance but that it would have to be read on three separate days and therefore would have to be read again tomorrow? Is that your ruling or do you mean that we would have to have a two-thirds simply to advance?"

REPLY BY THE PRESIDENT

The President: "It would require two-thirds vote to advance it, Senator Greive."

Senator Greive: "Mr. President, may I respectfully again call to your attention, if I may, Rule 61, which says that after the fiftieth day we may proceed with a majority. Now, I appreciate it would have to be read again but no, the motion to suspend rules, Rule 28, after the fiftieth day with a majority."

REPLY BY THE PRESIDENT

The President: "Senator Greive, the President in answer to your inquiry rules that it would require two-thirds vote to advance Engrossed Senate Bill No. 486 to final passage."

Debate ensued.

PERSONAL PRIVILEGE

Senator Bailey: "Mr. President, point of personal privilege."

The President: "The Senator will speak on his point of personal privilege."

Senator Bailey: "Rather than let a half truth go on the floor here tonight, which many have, I would like to point out to Senator Lewis (Harry) that the original 678 had some seventy-two dollars a week in it and you have cut that down in this one so you are not helping these people quite as much as you think. The original bill had more in it than the one that you are trying to put through right now."

Further debate ensued.

REPORT OF STANDING COMMITTEE

May 9, 1969.

ENGROSSED HOUSE JOINT RESOLUTION NO. 24, enlarging means of amending Constitution (reported by Committee on Constitution, Elections and Legislative Processes): MAJORITY recommendation: Do pass with the following amendment:

On page 1, beginning on line 8, strike all the material down to and including "Article." on page 2 and insert:

"Article XXIII, section 1. Any amendment or amendments to this Constitution may be

proposed in either branch of the legislature; and if the same shall be agreed to by two-thirds of the members elected to each of the two houses, such proposed amendment or amendments shall be entered on their journals, with the ayes and noes thereon, and be submitted to the qualified electors of the state for their approval, at the next general election; and if the people approve and ratify such amendment or amendments, by a majority of the electors voting thereon, the same shall become part of this Constitution, and proclamation thereof shall be made by the governor: PROVIDED, That if more than one amendment be submitted, they shall be submitted in such a manner that the people may vote for or against such amendments separately. *An amendment which amends an entire article or less than the entire article shall be considered as one amendment and may be submitted to the electorate as a single proposition even though it relates to different sections of the article; and an amendment composed of amendments to sections contained in more than one article may be submitted to the electorate as a single proposition if it embraces one subject only and matters properly connected therewith.* The legislature shall also cause notice of the amendments that are to be submitted to the people to be published at least four times during the four weeks next preceding the election in every legal newspaper in the state: PROVIDED, That failure of any newspaper to publish this notice shall not be interpreted as affecting the outcome of the election."

Signed by: Senators Canfield, Holman, McCormack, Mardesich, Metcalf, Pritchard, Uhman, Washington.

Senator McCutcheon moved the adoption of the committee amendment.

POINT OF INQUIRY

Senator Canfield: "Will Senator McCutcheon yield to a question? Senator, I don't have the committee amendment."

Senator McCutcheon: "That is House Joint Resolution No. 1."

Senator Canfield: "Am I correct in saying that House Joint Resolution No. 1 is the proposed amendment to Engrossed House Joint Resolution No. 24?"

Senator McCutcheon: "That is correct, Senator."

The motion carried and the committee amendment was adopted.

Senator McCutcheon moved adoption of the following amendment to the committee amendment:

On page 1, line 26, beginning with "*and matters*" strike the remainder of the sentence and insert "*PROVIDED, That the foregoing sentence shall not apply to any amendment which abolishes, changes the method of election or selection, term of office, time for election or otherwise affects any state legislative or executive officer or his office, or district, or changes the times for meeting of legislative sessions, and any such amendment shall be submitted in such a manner that the people may vote for or against any such amendment separately*"

PARLIAMENTARY INQUIRY

Senator Holman: "Parliamentary inquiry. Did we not adopt the committee amendment?"

REPLY BY THE PRESIDENT

The President: "The committee amendment was adopted, Senator Holman."

Senator Holman: "You can't amend an amendment that has once been adopted, can you?"

Senator McCutcheon: "This is a separate amendment."

Senator Greive: "If you will permit me, I think you will find that you can. Once an amendment is adopted it becomes part of the bill and subject to amendment itself. What you are talking about is you can only amend an amendment once while it is still pending."

POINT OF INQUIRY

Senator Canfield: "Would Senator McCutcheon yield? Senator, I think supporting your position that we agreed, some of us did at least, that if this did come before the body, this amendment would be in order that you are now suggesting."

Senator McCutcheon: "That is right."

Debate ensued.

POINT OF INQUIRY

Senator Ryder: "Would Senator McCutcheon yield to a question? Senator, why would you take 'judicial' out of the amendment?"

Senator McCutcheon: "That was the feeling of a number of people. I personally do not have any particular warm feelings on it. Senator Gissberg may have an amendment putting it back in again, I don't know."

Further debate ensued.

POINT OF INQUIRY

Senator Canfield: "Would Senator McCutcheon yield to a question? Senator, it is your intent, is it not, not to prevent these things being considered as proper for amendment? What you are trying to accomplish here, is it not, is to give the people a chance to vote on them separately if they are proposed?"

Senator McCutcheon: "That is correct."

Further debate ensued.

Senator Mardesich moved adoption of the following amendment to the amendment by Senator McCutcheon:

In the amendment by Senator McCutcheon to the committee amendment, following "district," strike "or changes the times for meeting of legislative sessions"

Debate ensued.

MOTION

Senator Guess moved that the amendment proposed by Senator Mardesich be laid upon the table.

Senator Mardesich demanded a roll call and the demand was sustained by Senators Washington, McCormack, Walgren, Gissberg, Stortini, Metcalf, Guess, Elicker, Woodall and Holman.

ROLL CALL

The Secretary called the roll and the motion by Senator Guess to lay upon the table the amendment proposed by Senator Mardesich failed by the following vote: Yeas, 13; nays, 33; excused, 3.

Voting yea: Senators Bailey, Connor, Cooney, Day, Donohue, Durkan, Greive, Guess, Herr, McCutcheon, Peterson (Ted), Stender, Williams—13.

Voting nay: Senators Andersen, Atwood, Canfield, Dore, Elicker, Faulk, Foley, Gissberg, Henry, Holman, Keefe, Knoblauch, Lewis (Brian), Lewis (Harry), McCormack, Mardesich, Marquardt, Matson, Metcalf, Newschwander, Odegaard, Peterson (Lowell), Ridder, Ryder, Sandison, Stortini, Talley, Twigg, Uhlman, Walgren, Washington, Wilson, Woodall—33.

Voting nay: Senators Bailey, Canfield, Connor, Cooney, Day, Donohue, Dore, Durkan, Greive, Guess, Herr, Keefe, McCutcheon, Matson, Peterson (Ted), Stender, Stortini, Twigg, Williams, Woodall—20.

Excused: Senators Huntley, McDougall, Pritchard—3.

Senator Guess moved adoption of the following amendment to the amendment by Senator McCutcheon:

In the underlined material after "*abolishes*" strike "," and insert "*or*"

POINT OF INQUIRY

Senator Dore: "Would Senator Guess yield to a question? Senator, what does this amendment do?"

Senator Guess: "It just makes it read correctly, Senator. It says that 'the foregoing sentence shall not apply to any amendment which abolishes or changes the method of election' rather than with a comma following 'abolishes'."

The motion carried and the amendment to the amendment by Senator McCutcheon was adopted.

Senator McCormack moved adoption of the following amendment to the amendment by Senator McCutcheon:

In the underlined material strike "*or otherwise affects*" and insert "*of*"

POINTS OF INQUIRY

Senator Lewis (Brian): "Would Senator McCutcheon yield to a question? Senator, I understand that the amendment now that we are trying to consider, the whole subject is being described as a gateway amendment. It would seem to me that if these three words, 'or otherwise affects' are left in the amendment they could be so broad in their interpretation that a person, could claim almost anything couldn't be put in there, when you combine that with the fact that your original committee amendment also deletes the words, 'and matters properly connected therewith' which seems to me that that shut the gateway down a long way when you now make it very difficult for the court to rule as to what is one subject only. So deleting 'and matters properly connected therewith' and putting in the words 'or otherwise affects' we have opened the door wide enough to let in a mouse. Would you comment on that? Is that your intent?"

Senator McCutcheon: "I don't know about that mouse. You might say it was a Yorkshire terrier. But what you are referring to are the words, 'or otherwise affects'. Lord knows, the supreme court is going to have some difficulty with that, Senator Lewis, but watch the difficulty they will have if you open this thing wide open in this general wide gateway they sent over from the House.

"In the last analysis you get right down to it. Over in England, your native country, there is a parliament and they don't have a constitution but they do have one that is impliedly there. The House of Lords overrules the Commons and then the Commons passes it over the House of Lords and that is it. I have no objection to this but when we have the written Constitution, which is said to be the finest document ever struck off by the hand of man, the American Constitution. Mr. Justice Holmes said that the Constitution is nothing but a contract. We have written contract after contract after contract. I don't know how many Senator McCormack said in Article II alone. Yet, he wants to wipe them all out.

"There is no crying for this at all. I want these amendments on there in case they should pass. It restricts it. I hope they don't put them on and it is defeated but we have amended the Constitution fifty-four times. We do it eight or ten times every year, have no difficulty at all, no crying need. It just doesn't exist, that is all, and when you say we need this so badly, you are just ignoring the facts. The facts of life are that every time I have gone to the polls in the last twenty years, we have amended this document several times and each time it was a contract with the people and they want to know what they are voting on. They have a right to vote separately and all this is trying to do is to restrict them down so they don't take the axe out after each other. That is all.

"We can change our form of government and have the governor run everything but we might also have a tyrannical legislature. As I said before, we would have disorder and we have enough of that in this country."

Senator Lewis (Brian): "I would gather from the wind up of your reply to my question that you in fact agree then that you are attempting to only open the door slightly ajar because in fact you don't really want to open it at all. You injected the subject of Great Britain in your reply. I can't help but recollect a statement once made by that eminent son of an American mother, Sir Winston Churchill, who, talking of Great Britain and the United States said they were two great nations divided by a common language.

"It seems to me that when you talk about a gateway amendment and when we tell the people we are putting a gateway amendment before them, they are two different things because what now you are proposing to wave in front of the people is a gigantic legislative act. We are giving you the opportunity to vote on a gateway amendment. In fact it is only going to open the door just a whisper and let in a very slight breeze."

Further debate ensued.

INTRODUCTION AND FIRST READING

SENATE CONCURRENT RESOLUTION NO. 34, by Senator Walgren:

Permitting the introduction of a bill contrary to Senate Concurrent Resolution No. 22.

Senator Walgren moved that the rules be suspended, Senate Concurrent Resolution No. 34 be advanced to second reading and read the second time in full.

Senator Atwood demanded a roll call and the demand was sustained by Senators

Holman, Canfield, Lewis (Brian), Andersen, Ryder, Bailey, Woodall, Peterson (Ted), Matson, Andersen and Williams.

POINT OF INQUIRY

Senator Durkan: "Mr. President, is it proper to ask Senator Walgren to briefly explain what this is?"

Senator Walgren: "Mr. President and members of the Senate, at the time we considered Senate Bill No. 341 which you will recall was the omnibus liquor bill, we considered this in committee and on the floor. There was an oversight with regard to some of the language. One of the problems that has occurred is that there is a prohibition about the export of liquor and wine. We find now that there are a number of businesses in the state of Washington, not a large number, who are in this particular export business. We find that by virtue of Senate Bill No. 341 which we have passed and has now become law that they have to make an election between the export of liquor or wine. This has the effect of causing them to lose at least half of their business. It is unfair to them.

"The purpose of this particular resolution as requested by members of the House of Representatives is to allow us to take care of this legislative oversight, correct this. It was not the intent of the liquor control committee. I am sure it was not the intent of the Senate when we passed this bill. I don't think it was the intent of the legislature when the bill was finally passed to drive anybody out of business. It is simply to correct this particular legislative oversight. It requires a suspension of our rules under which we are presently operating."

ROLL CALL

The Secretary called the roll and the motion by Senator Walgren to suspend the rules and advance Senate Concurrent Resolution No. 34 to second reading failed by the following vote: Yeas, 29; nays, 17; excused, 3.

Voting yea: Senators Bailey, Connor, Cooney, Day, Donohue, Dore, Durkan, Foley, Gissberg, Greive, Guess, Herr, Keefe, Knoblauch, McCormack, McCutcheon, Mardesich, Odegard, Peterson (Lowell), Ridder, Sandison, Stortini, Talley, Twigg, Uhlman, Walgren, Washington, Williams, Wilson—29.

Voting nay: Senators Andersen, Atwood, Canfield, Elicker, Faulk, Henry, Holman, Lewis (Brian), Lewis (Harry), Marquardt, Matson, Metcalf, Newschwander, Peterson (Ted), Ryder, Stender, Woodall—17.

Excused: Senators Huntley, McDougall, Pritchard—3.

MOTIONS

On motion of Senator Greive, the Senate dispensed with the Call of the Senate.

At 1:10 a.m., on motion of Senator Greive, the Senate recessed until 10:00 a.m.

SECOND MORNING SESSION

The President called the Senate to order at 10:00 a.m.

The Secretary called the roll and announced to the President that all Senators were present except Senators Andersen, Henry, Newschwander, Stender, Walgren, Huntley, McDougall and Pritchard.

Senators Huntley, Pritchard and McDougall were previously excused.

The Color Guard consisting of Pages Mike Wrenn, Color Bearer, and Joe Zils, presented the Colors. Father Stephen T. Roman of St. Michael's Church of Olympia offered prayer as follows:

"Dear God, our living Father, help us to accept our long hours of work in a spirit that is humble and with a heart of courage. Do not let us become stale and despondent because of the grind of our work. Permit us labor with right disposition to please You leaving the success of our spent energy in your care. This we ask in the name of our Lord. Amen."

On motion of Senator Greive, the reading of the journal of the previous day was dispensed with and it was approved.

The Senate resumed consideration of the Free Conference Committee report on Substitute House Bill No. 116.

Senator Uhlman had previously moved the adoption of the Free Conference Committee report.

Debate ensued.

POINT OF INQUIRY

Senator Greive: "Would Senator Uhlman yield to a question? Senator Uhlman, unfortunately I have been engaged in other matters but I am somewhat interested in this. I wonder if you could go through and make a long enough talk to tell me exactly what is in this bill?"

Senator Uhlman: "Yes, Senator, in addition to the basic bill which we have been over, there are two additional matters which I had indicated a moment ago. The first one relates to the dangerous drugs act. The law as it presently exists is as follows: There is a mandatory five year sentence and the crime of a felony for the possession, use or sale of marijuana. This measure reduces the crime for the possession and use of marijuana, not the sale but possession and use, to a misdemeanor and of course does not include a mandatory sentence.

"At the same time the law, as it now exists for the dangerous drugs, LSD, 'speed', etc., is simply a misdemeanor and these of course are much more serious drugs for the human use. It would increase the penalty for these drugs to that of a felony so it makes the law conform to what realistically the use of these drugs is. Secondly, the second measure is exactly the same as Senate Bill No. 365 which you and I have gone over in some detail, Senator Greive, relating to the sale of obscene, pornographic literature to minors. There has been no change in that bill at all. If you would like to go back over that again at this time I would be happy to do so but there is no change at all in that measure. It is exactly as we passed it out of the Senate."

Further debate ensued.

The motion carried and the report of the Free Conference Committee on Substitute House Bill No. 116 was adopted.

ROLL CALL

The Secretary called the roll on the final passage of Substitute House Bill No. 116, as amended by the Free Conference Committee, and the bill passed the Senate by the following vote: Yeas, 30; nays, 8; absent or not voting, 8; excused, 3.

Voting yea: Senators Atwood, Bailey, Canfield, Day, Donohue, Elicker, Faulk, Foley, Greive, Guess, Herr, Holman, Keefe, Knoblauch, McCormack, Marquardt, Metcalf, Odegard, Peterson (Lowell), Peterson (Ted), Ridder, Ryder, Sandison, Stortini, Talley, Uhlman, Washington, Williams, Wilson, Woodall—30.

Voting nay: Senators Connor, Cooney, Dore, Durkan, Gissberg, McCutcheon, Mardesich, Twigg—8.

Absent or not voting: Senators Andersen, Henry, Lewis (Brian), Lewis (Harry), Matson, Newschwander, Stender, Walgren—8.

Excused: Senators Huntley, McDougall, Pritchard—3.

SUBSTITUTE HOUSE BILL NO. 116, as amended by the Free Conference Committee, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

(3) The tax shall not apply to a transfer of property in trust where the power to invest in the donor title to such property is vested in the donor, either alone or in conjunction with any person not having a substantial adverse interest in the disposition of such property or the income therefrom, but the relinquishment or termination of such power (other than the donor's death) shall be considered to be a transfer by the donor by gift of the property subject to such power, and any payment of the income therefrom to a beneficiary other than the donor shall be considered to be a transfer by the donor of such income by gift."

Remember the remaining sections consecutively.

NEW SECTION. Sec. 5. The word "agency" used herein means and includes every state government office, officer, each institution, whether educational, correctional, or other, and every department, division, board and commission, except as otherwise provided in this act.

The phrase "agencies headed by elective officials" used herein shall mean those executive offices or departments of the state which are directly supervised, administered, or controlled by the governor, lieutenant governor, secretary of state, treasurer, auditor, attorney general, superintendent of public instruction, commissioner of public lands, or insurance commissioner, but it shall not include those boards, commissions, or committees on which one or more of the above-named officials serve.

NEW SECTION. Sec. 6. In order to carry out the provisions of these appropriations and the state budget, the budget director, with the approval of the governor, may:

(1) Allot all or any portion of the funds herein appropriated or included in the state budget, to the various agencies by such periods as he shall determine and may place any funds not so allotted in reserve available for subsequent allotment: *Provided*, That the budget director shall not alter allotment requests filed with him, nor shall he place in reserve any funds, for the following: Agencies headed by elective officials; University of Washington; Washington State University; Central Washington State College; Eastern Washington State College; Western Washington State College; The Evergreen State College; Washington State Apple Advertising Commission; Washington State Fruit Commission; Washington Dairy Products Commission or any agricultural commodity commission created under the provisions of chapter 15.66 RCW; the legislative branch of state government including the legislative council, the legislative budget committee, the statute law committee, and any legislative interim committee; or the judicial branch of state government: *Provided, however*, That the aggregate of allotments for any agency shall not exceed the total of applicable appropriations and local funds available to the agency concerned. It shall be unlawful for any officer or employee to incur obligations in excess of approved allotments or to incur a deficiency and any obligation so made shall be deemed invalid. Nothing in this section or in chapter 328, Laws of 1959, shall prevent revision of any allotment when necessary to prevent the making of expenditures under appropriations in this act in excess of available revenues.

(2) Issue rules and regulations to establish uniform standards and business practices throughout the state service, including regulation of travel by officers and employees and the conditions under which per diem shall be paid, so as to improve efficiency and conserve funds.

(3) Prescribe procedures and forms to carry out the above.

(4) Allot funds from appropriations in this act in advance of July 1, 1969; for the sole purpose of authorizing agencies to order goods, supplies or services for delivery after July 1, 1969: *Provided*, That no expenditures may be made from the appropriations contained in section 1 until after July 1, 1969.

NEW SECTION. Sec. 7. Except as otherwise provided in this act, any receipts from federal or other sources or from gifts or grants in excess of those estimated in the budget may be received and allotted by the governor. In the event that receipts shall be less than those estimated in the budget from any source the appropriation shall be limited to the amount received and allotments made as provided in section 6. Receipts for purposes of this section shall include amounts realized within one calendar month following the close of a fiscal period and applicable to expenditures of that period. The amount of such payment shall be credited to and shall be treated for all purposes as having been collected during the fiscal period. Whenever possible, the receipt of federal or other funds which are not anticipated by the governor's budget or the legislature shall be used to support regular programs instead of using appropriated funds.

NEW SECTION. Sec. 8. Agencies are authorized to make refunds of erroneous or excessive payments and in the case of other refunds, which may be provided by law, without express appropriation therefor.

NEW SECTION. Sec. 9. Whenever allocations are made from the governor's emergency appropriation to an agency which is financed by other than general fund moneys,

the budget director may direct the repayment of such allocated amount to the general fund from any balance in the fund or funds which finance such agency. No appropriations shall be necessary to effect such repayment.

NEW SECTION. Sec. 11. Amounts received by an agency as reimbursements pursuant to RCW 43.09.210 shall be considered as returned loans of materials supplied or services rendered. Such amounts may be expended as a part of the original appropriation of the fund to which it belongs, without further or additional appropriation, subject to conditions and procedures prescribed by the budget director which shall provide for determination of full costs, disclosure of such reimbursements in the governor's budget, maximum interagency usage of data processing equipment and services and such restrictions as will promote more economical operations of state government without incurring continuing costs beyond those reimbursed. Such services may include, but shall not be limited to, a data processing service bureau in the Department of General Administration and further centralized payroll and vendor payment processing.

NEW SECTION. Sec. 12. In order to obtain maximum interagency use of aircraft, the Aeronautics Commission, in accordance with RCW 43.09.210 and RCW 39.34 is hereby authorized to lease, purchase or otherwise acquire suitable aircraft which shall be utilized for the purposes of the Aeronautics Commission and also by other state agencies which have a need for an aircraft to carry out agency assigned responsibilities: *Provided*, That the Aeronautics Commission is further authorized to enter into contractual agreements with other state agencies in order to acquire aircraft, establish rental rates for aircraft under their control, provide pilot services, aircraft maintenance and make such other provisions as necessary to provide aircraft and related services for multi-agency use: *Provided further*, That in order to achieve economy in the use of the appropriations contained within this act no state agency may purchase an aircraft or enter into a flying service or aircraft rental contract without first seeking such service from the Aeronautics Commission and without prior approval of the Budget Director.

NEW SECTION. Sec. 13. All contract personal services contracts except those for medical and health care shall be filed with the Central Budget Agency and the Legislative Budget Committee prior to obligating any portion of the appropriations approved in this act.

NEW SECTION. Sec. 14. This act is necessary for the immediate preservation of the public peace, health and safety, the support of the state government and its existing public institutions, and shall take effect immediately.

Senator Durkan moved adoption of the report of the Free Conference Committee on Substitute Senate Bill No. 151.

Debate ensued.

POINTS OF INQUIRY

Senator Stender: "Would Senator Durkan yield to a question? Senator, in my particular district in south King county we have had a problem with getting approval of the school district's building plan through the fire marshal's office. I understand under the law he has to be the final judge as to whether a set of plans can be approved and they are piling up, they tell me, because the fire marshal isn't able to tend to this business. In other words, there is more there than he can handle and I am wondering if there has been anything done to relieve that problem?"

Senator Durkan: "Mr. President and members of the Senate, we made appropriations to the insurance commissioner who is the fire marshal of the state for additional personnel to process the plans and specifically on the problem that you say."

Senator Canfield: "Would Senator Atwood yield to a question? Senator, having been on three of these conference committees myself, I know what you have been through and I think the committee has done a good job. My question to you is this, can you or will the committee provide a somewhat detailed analysis of this showing your intent and the legislative intent of this appropriations measure so we can study it and tell people what it actually means?"

Senator Atwood: "Right. In answer to your question, Senator Canfield, there are many provisos in here on the larger items, particularly the one Senator Stender asked about, the

fire marshal. If you will look on that particular proviso, \$675,000 earmarked for the fire marshal. On those where we didn't put provisos in we sent letters of intent. You are on the budget committee, Senator, and we will provide you with a copy of any letter of intent on any of these particular items that you wish. If you will look on the commentary on the budget that goes with this, there is also a detailed explanation. I handed that out in caucus three or four days ago. It goes with the spread sheet. It may answer some of the questions you might have."

Further debate ensued.

Senator Uhlman: "Would Senator Durkan yield to a question? Senator, directing your attention to page 42 of the budget document, Substitute Senate Bill No. 151, lines 9 through 12, I would like to ask for the record a clarification and a much more detailed suggestion of the intent of the conference committee concerning the so-called contract personal service contracts."

"First of all, my question is does this apply to elected officials as well as the various code offices and my second question is to what extent does the budget committee and the central budget agency have prior approval as well as the mere prior filing of the so-called contract personal services?"

Senator Durkan: "In answer to your question, as far as the filing of personal contract contracts, this is a very modified provision of one that was proposed by myself. It was the intent and it is the intent of this section as I understand it that no funds will be used for purposes other than what the legislature has appropriated them for to the particular agency and/or elected officials. For sake of a better example, the money that was appropriated to the attorney general, in the event that the attorney general should use any of his appropriated funds for the purpose of delving into, let's say redistricting, which is not within his appropriation, it would come within this purview."

"Now, as to what the budget committee can do, the budget committee has not legislative authority to act when these are filed but the central budget agency has not only the authority but the responsibility under the allotment process to deny any funds to any agency or elected official which would go beyond the purview of the appropriation. As Senator Atwood has said, we have tried to clearly spell out in better detail this time what the legislative intent is on our appropriations to all agencies and elected officials."

Senator Uhlman: "Senator Durkan, would this then preclude in your opinion any of the elected officials or any of the code offices going out and hiring somebody to do some kind of political report or contract personal services of this nature?"

Senator Durkan: "It is the intent as I understand it that this would be beyond the purview of the appropriation and this is the purpose of the section."

Senator Guess: "Would Senator Durkan yield to a question? Senator, on page 21 beginning on line 7 there is a proviso that no more than \$275,000 shall be allocated to Eastern Washington College on or before January 1, 1970. The allocation takes into account the difference between the number of full time students at the various instructional levels projected by the executive budget and the latest fall quarter 1970. What I want to know is just exactly how does this operate? If they come up to the projection, they then get the \$275,000?"

Senator Durkan: "The answer is yes."

Senator Guess: "If you go over to page 16, there is no such proviso in a community college. What is going to happen or how does a community college whose enrollment exceeds that of the projection, how are they reimbursed for the extra students that are enrolled?"

Senator Durkan: "There isn't any method to do it. The purpose on the colleges and universities simply was that we took five percent of the appropriated funds which we had already given them and then withheld it on the basis that they might not reach this enrollment."

"One of the four colleges had stated that they were going to start limiting the enrollment and so with that in mind, the legislature or the conferees restricted the amount and we took the five percent from all of the four year colleges in addition to this one institution. We made the amount comparable to the reduction as far as the four year colleges were concerned."

"As far as the community colleges are concerned, the appropriation is made to the state board rather than to the individual colleges so the one entity which is the state board then has whatever monies they have available, can make that available to the particular community college should it exceed the projected enrollment. They have within their means of being able to control the fluctuation among populations in each of the community colleges while each of the four year colleges are separate and apart and there is no one main appropriation agency."

Senator Guess: "I would like to ask about that proviso that has the one percent in there. How are the colleges reimbursed for this one percent that they. . ."

Senator Durkan: "They are not reimbursed. They ask for the authority to use appropriated funds from the legislature and it was the position of the legislature that all appropriated funds should be for a purpose. If they had this much fat in their budget, we should know about it and rather than giving them the authority to delve into appropriated funds, we said you have the authority to waive the fee."

Senator Guess: "All right. What is the description of the needy and economically disadvantaged student?"

Senator Durkan: "It is broad enough to permit the prudent man under ordinary

circumstances to determine whether a student can come to college and is in need of funds."

Senator Guess: "Each college arrives at the definition?"

Senator Durkan: "It is practically the same definition as the scholarship bill, Senator, which we voted on."

Senator Guess: "Thank you very much."

Further debate ensued.

The motion by Senator Durkan carried and the report of the Free Conference Committee on Substitute Senate Bill No. 151 was adopted.

REPORT OF CONFERENCE COMMITTEE

May 12, 1969.

Mr. President:

Mr. Speaker:

We, of your Conference Committee, to whom was referred HOUSE BILL NO. 32, requiring primary elections in first class school districts, have had the same under consideration, and we report that we are unable to agree and wish to request the powers of Free Conference.

Signed by: Senators Metcalf, Foley; Representatives Swayze, Cunningham and DeJarnatt.

APPOINTMENT OF MEMBER TO CONFERENCE COMMITTEE

The President appointed Senator Bailey to replace Senator Foley on the Conference Committee on House Bill No. 32.

On motion of Senator Greive, the appointment was confirmed.

MOTION

On motion of Senator Bailey, the report of the Conference Committee on House Bill No. 32 was adopted and the committee was granted the powers of Free Conference.

APPOINTMENT OF CONFERENCE COMMITTEE

The President appointed as Senate members of the Conference Committee on Senate Bill No. 678, Senators Stortini, Peterson (Ted) and Greive.

On motion of Senator Bailey, the Conference Committee appointments were confirmed.

MOTION

Senator Day moved that the Senate immediately consider Engrossed House Bill No. 382.

Senator Lewis (Harry) moved that the Senate do now consider the special order of business, Senate Bill No. 693.

POINT OF ORDER

Senator Durkan: "Point of order, Mr. President, I understand that bill is in the Senate Committee on Ways and Means."

Senator Lewis (Harry): "Mr. President, I would suggest that the journal clerk read back the motion made if there is such a record."

PARLIAMENTARY INQUIRY

Senator Durkan: "Parliamentary inquiry. I would rather have the President make the ruling as to what disposition was made of the bill."

Senator Lewis (Harry): "Mr. President, speaking to that point of order if I may, the record of the journal is a public record which is available to all of the people of the state of Washington. I am in no way of course questioning your integrity, Mr. President, whatsoever but I am merely asking you to honor the request of a Senator representing the people of the state asking that that public record be read and that the motion made moving Senate Bill No. 693 to the Committee on Ways and Means be read for the information of the Senate."

MOTION

Senator Greive moved that the matter be postponed for fifteen minutes.

REPLY BY THE PRESIDENT

The President: "Mrs. Greeley, the journal clerk, has provided the President with the motion that Senate Bill No. 693 be referred to the Committee on Ways and Means."

Senator Lewis (Harry): "Mr. President, will you read that motion again, please?"

The President: "It says, 'motion by Senator Durkan, Senate Bill No. 693 referred to the Committee on Ways and Means.'"

POINT OF ORDER

Senator Lewis (Harry): "Mr. President, point of order. A motion to place a bill at a time certain such as was made to move the bill to 9:00 p.m. tonight for consideration by the Senate serves as notice to the body that it is an important measure and that a quorum should be present at that time. It is my opinion that a motion to move a bill to a committee would require a suspension of the rules in order to do so because we are violating a basic premise on the organization of the Senate. That is that the bill should be before the body and the body is then notified to be prepared to receive the bill and unless there is a quorum present which I question, in addition at the time the motion was made and because the motion to suspend was not made, I question the validity of the motion that was made at that time."

Senator Ryder: "We put the motion by Senator Greive to postpone this matter for fifteen minutes."

REPLY BY THE PRESIDENT

The President: "If there are no objections, this matter will be postponed until 9:18 p.m."

POINT OF INQUIRY

Senator Greive: "Would Senator Lewis (Harry) yield to one question? Senator, in the Lewis Rules is there something that says the Senate can't change its mind?"

Senator Lewis (Harry): "In response to your question, Senator Greive, and I am very glad that you asked me this question, I appreciate the opportunity. I believe the Senate can change its mind. It appears to me that three Senators, as I understand, is all that were present on the floor at the time this motion was made. There were only three Senators and the Lieutenant Governor on the floor and it is apparent that three Senators have changed the Senate's mind, in answer to your question."

Senator Durkan: "The Senate has moved this down fifteen minutes. I am willing to wait. I hope Senator Lewis is."

SECOND READING

ENGROSSED HOUSE BILL NO. 382, by Representatives Whetzel, Zimmerman and Merrill (by departmental request):

Determining responsibility for burial expenses for public assistance recipients.

The bill was read the second time by sections.

PARLIAMENTARY INQUIRY

Senator Uhlman: "Mr. President, I raise to a point of parliamentary inquiry. On the matter that is before us which is Engrossed House Bill No. 382 I believe I had an amendment which would be placed higher or come first in the bill before the amendment placed by Senator Walgren."

REPLY BY THE PRESIDENT

The President: "Senator Day moved that the Senate immediately consider Engrossed House Bill No. 382. The President placed the motion and it was sustained without objection. The President believes that following Engrossed House Bill No. 382 that the Senate should consider, according to an earlier decision, Engrossed House Joint Resolution No. 24 and then Substitute House Concurrent Resolution No. 15.

POINT OF INFORMATION

Senator Uhlman: "Mr. President, is the matter before us now Engrossed House Bill No. 382?"

The President: "Yes, Senator Uhlman."

Senator Uhlman: "My point of parliamentary inquiry, Mr. President, is not regarding any other bill or where they are placed but rather my amendment to Engrossed House Bill No. 382 which I believe comes first in the bill before Senator Walgren's."

The President: "Senator Uhlman, your amendment will be considered first."

Senator Uhlman: "Thank you, Mr. President."

On motion of Senator Uhlman, the following amendments were adopted on a rising vote:

On page 1, section 1, line 10, after "deceased" and before "with" strike "[person] recipient" and insert "person"

On page 1, section 1, lines 15 and 16, after "deceased" and before "dying" strike "[persons] recipients" and insert "persons"

On page 2, section 1, line 1, after "deceased" and before "is survived" strike "[person] recipient" and insert "person"

Senator Walgren moved adoption of the following amendment:

On page 2, line 29, after section 2 add the following:

NEW SECTION. Sec. 3. There is added to chapter 18.39 RCW a new section to read as follows:

Every individual, corporation, partnership, sole proprietorship trust, or other business entity offering the services of a funeral director or embalmer shall keep a trust account in a recognized Washington state depository. Funds received by such person or business entity, any part of which is in consideration for the promised services of a funeral director or an embalmer are held in a fiduciary capacity and shall be placed in such trust account not later than the first banking day following the receipt of such funds. Funds shall be withdrawn from such account only for the payment of charges for services actually performed or for the return of such funds to the person from whom they were received or to his estate or payment to the person in contemplation of whose death the promised services were offered or to his estate.

This section shall not apply to any funeral director or embalmer who does not personally offer such services to the public or personally receive funds for the promised performance thereof.

NEW SECTION. Sec. 4. There is added to chapter 18.39 RCW a new section to read as follows:

Persons or business entities obligated to keep trust accounts under section 3 of this 1969 amendatory act shall also keep and make available for inspection during regular business hours such books and records as the department of motor vehicles may require by rule or regulation which shall be adopted, promulgated and enforced according to chapter 34.04 RCW so as to reasonably establish the disposition of funds identified under section 3 of this 1969 amendatory act as being within those procedures permitted by that same section.

NEW SECTION. Sec. 5. There is added to chapter 18.39 RCW a new section to read as follows:

Any person who knowingly fails to comply with any requirement of sections 3 or 4 of this 1969 amendatory act or any rule or regulation promulgated thereunder shall be guilty of a violation of a provision of chapter 18.39 RCW as proscribed in RCW 18.39.180(k).

NEW SECTION. Sec. 6. Sections 3, 4 and 5 of this 1969 amendatory act shall take effect on January 1, 1970."

On page 1, line 1 of the title after "Relating to" strike the remainder of the title and insert the following: "funeral or embalming services; recovery of public funds expended therefor; rotating county purchase thereof; requiring trust accounting of advance payment therefor; amending section 74.68.120, chapter 26, Laws of 1959 as last amended by section

1, chapter —, Laws of 1969 ex. sess. (ESB No. 228) and RCW 74.08.120; adding a new section to chapter 36.24 RCW; adding a new section to chapter 18.39 RCW; providing penalties; and declaring an effective date.”

Debate ensued.

Senator Walgren moved adoption of the following amendment to the amendment:

On page 1, between “embalmer” and “one” insert “for persons not yet deceased”

Further debate ensued.

POINT OF ORDER

Senator Guess: “Mr. President, I see that the embalmer is on line 8. Rule 61.”

The President: “Rule 62, Senator, scope and object?”

Senator Guess: “Right, scope and object.”

The President: “The President respectfully suggests that this matter be made a special order of business in approximately one-half hour. If there are no objections, it is so ordered.”

RULING BY THE PRESIDENT

The President: “Senator Lewis (Harry) has raised the point of order that there was not a quorum present when the Senate convened at 7:45. The President would like to respectfully suggest to Senator Lewis (Harry) that the President was present. Senator Lewis (Harry) admitted that he was not. The President had Senator James Keefe of Spokane in clear vision. He was on the floor.”

Debate ensued.

The President: “Senator Lewis (Harry), the President recalls vividly the action of the Senate at the time. The Senate was recessed until 7:45 p.m., promptly at 7:45 p.m. the Senate was convened by the President. No one questioned the absence of a quorum. The Senate was on the proper order of business. Senator Durkan was recognized and made a proper motion. The President put the motion. The motion was carried sending the bill to the Senate Committee on Ways and Means. Now, the Senate has within its power the authority to recall the bill from Senator Durkan’s committee by a simple majority of the members elected. The President suggests that the proper motion would be for you to relieve or try to relieve the committee of further consideration of the measure.”

MOTION

Senator Atwood moved that the Senate Committee on Ways and Means be relieved of further consideration of Senate Bill No. 693.

Senator Durkan: “Mr. President and members of the Senate, I am going to speak briefly on this and I want to point out something that none of the rest of the members of the Senate or apparently no one has discussed yet but it is a standing rule in the Senate Committee on Ways and Means of which Senator Lewis (Harry) is a member and has honored tradition which I have always honored since he has been a member that when we do not hold a hearing on a bill and it is to be circulated that first I have always had the minority leader sign it before I circulated any bill on this floor. Secondly, it has always been, whether he is a Republican or a Democrat if an objection is raised on any circulated bill, a hearing is held.

“Now, it isn’t this bill that Senator Lewis (Harry) is worrying about. Let’s get the record straight. We know what the bill is, it is House Bill No. 26, Senator. I am for the bill. I was circulating the bill when a member of this Senate objected, a member of the Senate Committee on Ways and Means. I would be most happy to hold a hearing if I could get enough members of my committee to attend it. What Senator Lewis (Harry) wants to do is rupture the tradition that has been in Ways and Means, one that we have all honored, by trying to hang an open space bill on a bingo bill. Now, if Senator Lewis (Harry) is telling me and the rest of the Senate that he doesn’t mean to hang House Bill No. 26 on this bingo bill thereby and I say again, rupturing the tradition that we have all honored, and you, Senator Atwood, know it, then I would be most happy to be the one who brings this bill out.

“We have a lot of important business tonight and the reason I moved the bill off the floor was for that simple reason. I am not trying to impede the business of the Senate one bit but at the same time regardless of who it is, I have tried to keep my word on this one thing and a question was raised on it and a hearing was asked and that is why this thing has developed the way it has.”

Senator Atwood: “I would concur in Senator Durkan’s remarks about the circulating of bills but this bill had long since been circulated and had been read in and as a matter of fact has been on our calendar for well over two days and was a special order of business for 9:00 tonight.

“I don’t know of any rules that say if a member objects when a bill is a special order that it is automatically referred back to the committee but I am not going to take the time

of this body. There is some doubt in my mind as to whether House Bill No. 26 would fit or not but nevertheless the bill was a special order of business at 9:00 p.m. tonight."

Debate ensued.

MOTION

Senator Durkan moved that the Senate Committee on Ways and Means be relieved of further consideration of Senate Bill No. 693.

Senator Connor demanded a roll call and the demand was sustained by Senators Greive, Bailey, Guess, Metcalf, Lewis (Harry), Peterson (Lowell), Stortini, Dore and Wilson.

ROLL CALL

The Secretary called the roll and the motion by Senator Durkan to relieve the Committee on Ways and Means of further consideration of Senate Bill No. 693 carried by the following vote: Yeas, 29; nays, 16; excused, 4.

Voting yea: Senators Andersen, Atwood, Cooney, Day, Elicker, Faulk, Greive, Guess, Holman, Keefe, Knoblauch, Lewis (Brian), Lewis (Harry), McCormack, Mardesich, Marquardt, Matson, Metcalf, Newschwander, Odegaard, Peterson (Ted), Ridder, Ryder, Stender, Talley, Twigg, Washington, Williams, Woodall—29.

Voting nay: Senators Bailey, Canfield, Connor, Donohue, Dore, Durkan, Gissberg, Henry, Herr, McCutcheon, Peterson (Lowell), Sandison, Stortini, Uhlman, Walgren, Wilson—16.

Excused: Senators Foley, Huntley, McDougall, Pritchard—4.

NOTICE OF RECONSIDERATION

Senator Mardesich, having voted on the prevailing side, served notice that he would move for reconsideration of the vote of the Senate to relieve the Committee on Ways and Means of further consideration of Senate Bill No. 693.

POINT OF INFORMATION

Senator Greive: "Under Rule 31 the only thing that can be reconsidered is a resolution or a bill and this is not a final passage of a resolution or a bill."

REPLY BY THE PRESIDENT

The President: "Notice of reconsideration of the vote by which the Senate Committee on Ways and Means has been relieved of further consideration of Senate Bill No. 693 has been received from Senator Mardesich. Senator Greive, the President believes that Rule 204 of Reed's applies to this particular motion."

Senator Greive: "Mr. President, may I respectfully point out under Rule 36 that if our rules govern then we can hardly go to Reed's."

The President: "Will Senator Greive please point out in Rule 31 where Senator Mardesich's notice of reconsideration is out of order?"

Senator Greive: "Mr. President, 'Reconsideration—How Taken. Rule 31. After the final vote on any resolution or bill before adjournment of that day's session . . .' and then it says a little lower down about reconsideration on an amendment which must be made at once. So, any body of rules is self-limiting and it can only have the power which is given to the body and if it gives the body power after the final vote on any resolution or bill and a little further down it expresses the possibility where . . . it says 'Motions to reconsider a vote upon amendment to any pending question may be made and decided at once.'

"In the beginning it talks about a resolution or bill and in the last three sentences it speaks of amendments. So, it is only amendments, resolutions, or bills that can be reconsidered under our rules. You can hardly reconsider something that isn't expressed."

Senator Mardesich: "Mr. President, earlier this day I heard Senator Greive make a speech about the fact that if our own rules were silent, Reed's Parliamentary Rules prevailed and section 204 of Reed's provides that a motion to reconsider is applicable to almost all motions."

MOTION

On motion of Senator Ryder, the decision on this point will be made at 10:15 p.m. tonight.

SPECIAL ORDER OF BUSINESS

SUBSTITUTE HOUSE CONCURRENT RESOLUTION NO. 15, by Committee on Natural Resources:

Authorizing a study of irrigation practices.

The time having arrived, the Senate resumed consideration of Substitute House Concurrent Resolution No. 15 on second reading.

Debate ensued.

On motion of Senator Washington, the rules were suspended, Substitute House Concurrent Resolution No. 15 was advanced to third reading, the second reading considered the third, and the resolution was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Wilson: "Would Senator Washington yield to a question? Senator, am I correct in understanding that this is a resolution calling for a study of water resources?"

Senator Washington: "This is correct."

Senator Wilson: "Have you not introduced a comparable resolution in the Senate?"

Senator Washington: "This is true but this is exactly the same and this would perform the very same function."

Senator Wilson: "Thank you."

ROLL CALL

The Secretary called the roll on the final passage of Substitute House Concurrent Resolution No. 15, and the resolution passed the Senate by the following vote: Yeas, 45; excused, 4.

SUBSTITUTE HOUSE CONCURRENT RESOLUTION NO. 15, having received the constitutional majority, was declared passed.

SPECIAL ORDER OF BUSINESS

SENATE BILL NO. 782, by Senators McCutcheon, Greive and Dore:

Implementing election law.

The time having arrived the Senate resumed consideration of Senate Bill No. 782 on second reading.

On motion of Senator Bailey, the following amendment by Senator McCutcheon was adopted:

On page 1, section 1, line 17 after "November" and before "for the election" strike "of each year" and insert "in 1969 and 1975"

On motion of Senator Bailey, the rules were suspended, Engrossed Senate Bill No. 782 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Canfield: "Would Senator Bailey yield to a question? Senator, when I was reading House Bill No. 1, I think this is a substitute for House Bill No. 1, is it not?"

Senator Bailey: "It will take its place."

Senator Canfield: "Now in House Bill No. 1 it specifically barred as I read it the

initiatives and as I read Article II you can't bar the initiative. It is reserved by the people and you can take the legislator out of Olympia but you can't take the initiative and referendum out of the Constitution?"

Senator Bailey: "Senator Canfield, you asked the question, we told you that same thing the other day on House Joint Resolution No. 42. We didn't want to take the initiative out of the Constitution. I believe you will find that the initiative is in this bill."

Senator Canfield: "All right. Now I want to get around to the question if I may, Senator Bailey. This is a new document and I want your assurance and my question is this, does this measure before us in any way, shape or manner express or implied, bar an initiative in the elections designated?"

Senator Bailey: "Senator Canfield, I did not write this bill but it was our understanding that it guaranteed the right of initiative, that was our intent and our motive."

Senator Canfield: "Thank you, Senator."

Senators Holman, Atwood and McCutcheon demanded the previous question and the demand was not sustained.

Senator Ryder demanded the previous question.

POINT OF ORDER

Senator Guess: "Point of order. It is the scope and object of the bill, Mr. President. I was trying to get the floor. I was standing before Senator Ryder was on the floor. The bill has two objects. It enlarges the scope and object of the measure because on lines 23, 24, 25 and 26 it amends the bill which has been passed by this body and is found in House Bill No. 183, which has been passed. On page 4 of the bill it says that at a general election to be held in 1970 there shall be elected these judges."

Senator Bailey: "Speaking on the point of order, it seems to me like it is hard to enlarge the scope and object of a bill when this is the bill. You are looking at someone else's bill. You can't enlarge the scope and object of another bill. This is it and if it was written this way, how can you make it enlarged. This is the bill and if anything, we have restricted it. We have amended it down to two elections instead of forever more."

Senator Guess: "Mr. President, will you straighten me out on this? Are we talking about an amendment which is now Senate Bill No. 782?"

REPLY BY THE PRESIDENT

The President: "The President finds that Senate Bill No. 782 is an act relating to elections. There has been one amendment proposed by Senator McCutcheon which was adopted but the President does not see where this particular amendment changes the scope and object of the measure."

POINT OF ORDER

Senator Guess: "All right, I will withdraw that one, Mr. President, and I will raise another one."

"The proper procedure for amending an act, as the Constitution says, in the form of a bill, that you have to put the whole thing in there in order that it be proper. Now, what we have done on lines 23 through 27 on page 1 of the so-called bill, we have stricken the provision of House Bill No. 183 wherein the general election was called for November of 1970."

REPLY BY THE PRESIDENT

The President: "The President finds this is a reference to Engrossed House Bill No. 183, Senator Guess."

Senator Guess: "Mr. President, I realize that but it says, 'providing that notwithstanding the provisions of subsection 7, section 1, chapter —, Laws of 1969, extraordinary session, the first election of judges of the court of appeals shall be held at the statewide general election to be held on the first Tuesday after the first Monday of November of 1969.' Now, I would like to read you from section 7. . . ."

POINT OF ORDER

Senator Anderson: "Point of order. My point is that Senator Guess' assorted points of order are not in order inasmuch as Senator Ryder was recognized and called for the previous question. These points of order not having been timely made have been waived. In addition to this, it is an incidental motion and I believe the motion made by Senator Ryder is a higher rank motion."

RULING BY THE PRESIDENT

The President: "The President finds that Senator Andersen's remarks are well taken. The demand for the previous question was made by Senator Ryder. Do three Senators join in the demand?"

Senators Ryder, Atwood and Andersen joined in the demand and the demand for the previous question was sustained.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 782, and the bill passed the Senate by the following vote: Yeas, 38; nays, 7; excused, 4.

Voting yea: Senators Andersen, Atwood, Bailey, Canfield, Connor, Cooney, Day, Donohue, Dore, Durkan, Elicker, Faulk, Gissberg, Greive, Henry, Herr, Holman, Keefe, Knoblauch, Lewis (Brian), Lewis (Harry), McCormack, Mardesich, Marquardt, Metcalf, Newschwander, Odegaard, Peterson (Lowell), Peterson (Ted), Ridder, Ryder, Sandison, Stortini, Talley, Walgren, Washington, Williams, Wilson—38.

Voting nay: Senators Guess, McCutcheon, Matson, Stender, Twigg, Uhlman, Woodall—7.

Excused: Senators Foley, Huntley, McDougall, Pritchard—4.

ENGROSSED SENATE BILL NO. 782, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTIONS

On motion of Senator Atwood, Engrossed Senate Bill No. 782 was ordered immediately transmitted to the House.

On motion of Senator Bailey, the rules were suspended and a five minute limitation was placed on any debate with no yield.

PERSONAL PRIVILEGE

Senator Guess: "Point of personal privilege. The debate was cut off on Engrossed Senate Bill No. 782 before it was properly considered and I want the people here on the floor that voted for it to know that you can fool some of the people some of the time but you can't fool all the people all the time and in November of 1969 I think the people of the state of Washington will speak very distinctly upon this matter. I feel that we are trying to pull the wool over the eyes of the electorate of the state of Washington in this type of arrangement where we have two special elections in odd years.

"One of the things that has always confused the people of the state of Washington is because we have changed the election procedures from time to time by action of this legislature. We don't let it stay in any one form long enough for them to get completely used to when elections are and I think that this is a procedure that is going to result in confusion to the voter."

MOTION

On motion of Senator Mardesich, the Senate returned to the second order of business.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

Part I. General

NEW SECTION. Section 1. Every school district by action of its board of directors shall adopt annual salary schedules and reproduce the same by printing, mimeographing or other reasonable method, which shall be the basis for salaries for all certificated employees in the district.

NEW SECTION. Sec. 2. No certificated employee shall be required to perform duties not described in the contract unless a new or supplemental contract is made, except that in an unexpected emergency the board of directors or school district administration may require the employee to perform other reasonable duties on a temporary basis.

No supplemental contract shall be subject to the continuing contract provisions of Titles 28, 28A or 28B.

NEW SECTION. Sec. 3. The responsibility for further review of the senior college concept and its adaptability to the state's system of higher education shall be mandated to the Council on Higher Education, and with the cooperation of the Interim Committee on Higher Education, if established by the forty-first session of the Legislature, and report the results of such a study to the forty-second session of the Legislature.

NEW SECTION. Sec. 4. The Interstate Agreement on Qualifications of Educational Personnel is hereby enacted into law and entered into by this state with all other states legally joining therein in the form substantially as follows:

The contracting states solemnly agree that:

Article I

1. The states party to this Agreement, desiring by common action to improve their respective school systems by utilizing the teacher or other professional educational person wherever educated, declare that it is the policy of each of them, on the basis of cooperation with one another, to take advantage of the preparation and experience of such persons wherever gained, thereby serving the best interests of society, of education, and of the teaching profession. It is the purpose of this Agreement to provide for the development and execution of such programs of cooperation as will facilitate the movement of teachers and other professional educational personnel among the states party to it, and to authorize specific interstate educational personnel contracts to achieve that end.

2. The party states find that included in the large movement of population among all sections of the nation are many qualified educational personnel who move for family and other personal reasons but who are hindered in using their professional skill and experience in their new locations. Variations from state to state in requirements for qualifying educational personnel discourage such personnel from taking the steps necessary to qualify in other states. As a consequence, a significant number of professionally prepared and experienced educators is lost to our school systems. Facilitating the employment of qualified educational personnel, without reference to their states or origin, can increase the available educational resources. Participation in this compact can increase the availability of educational manpower.

Article II

As used in this Agreement and contracts made pursuant to it, unless the context clearly requires otherwise:

1. "Educational personnel" means persons who must meet requirements pursuant to state law as a condition of employment in educational programs.

2. "Designated State official" means the education official of a state selected by that state to negotiate and enter into, on behalf of his state, contracts pursuant to this Agreement.

3. "Accept," or any variant thereof, means to recognize and give effect to one or more determinations of another state relating to the qualifications of educational personnel in lieu of making or requiring a like determination that would otherwise be required by or pursuant to the laws of a receiving state.

4. "State" means a state, territory, or possession of the United States; the District of Columbia; or the Commonwealth of Puerto Rico.

5. "Originating State" means a state (and the subdivision thereof, if any) whose determination that certain educational personnel are qualified to be employed for specific duties in schools is acceptable in accordance with the terms of a contract made pursuant to Article III.

6. "Receiving State" means a state (and the subdivisions thereof) which accept educational personnel in accordance with the terms of a contract made pursuant to Article III.

Article III

1. The designated state official of a party state may make one or more contracts on behalf of his state with one or more other party states providing for the acceptance of educational personnel. Any such contract for the period of its duration shall be applicable to and binding on the states whose designated state officials enter into it, and the subdivisions of those states, with the same force and effect as if incorporated in this

Agreement. A designated state official may enter into a contract pursuant to this Article only with states in which he finds that there are programs of education, certification standards or other acceptable qualifications that assure preparation or qualification of educational personnel on a basis sufficiently comparable, even though not identical to that prevailing in his own state.

2. Any such contract shall provide for:

(a) Its duration.

(b) The criteria to be applied by an originating state in qualifying educational personnel for acceptance by a receiving state.

(c) Such waivers, substitutions, and conditional acceptances as shall aid the practical effectuation of the contract without sacrifice of basic educational standards.

(d) Any other necessary matters.

3. No contract made pursuant to this Agreement shall be for a term longer than five years but any such contract may be renewed for like or lesser periods.

4. Any contract dealing with acceptance of educational personnel on the basis of their having completed an educational program shall specify the earliest date or dates on which originating state approval of the program or programs involved can have occurred. No contract made pursuant to this Agreement shall require acceptance by a receiving state of any persons qualified because of successful completion of a program prior to January 1, 1954.

5. The certification or other acceptance of a person who has been accepted pursuant to the terms of a contract shall not be revoked or otherwise impaired because the contract has expired or been terminated. However, any certificate or other qualifying document may be revoked or suspended on any ground which would be sufficient for revocation or suspension of a certificate or other qualifying document initially granted or approved in the receiving state.

6. A contract committee composed of the designated state officials of the contracting states or their representatives shall keep the contract under continuous review, study means of improving its administration, and report no less frequently than once a year to the heads of the appropriate education agencies of the contracting states.

Article IV

1. Nothing in this Agreement shall be construed to repeal or otherwise modify any law or regulation of a party state relating to the approval of programs of educational preparation having effect solely on the qualification of educational personnel within that state.

2. To the extent that contracts made pursuant to this Agreement deal with the educational requirements for the proper qualification of educational personnel, acceptance of a program of educational preparation shall be in accordance with such procedures and requirements as may be provided in the applicable contract.

Article V

The party states agree that:

1. They will, so far as practicable, prefer the making of multi-lateral contracts pursuant to Article III of this Agreement.

2. They will facilitate and strengthen cooperation in interstate certification and other elements of educational personnel qualification and for this purpose shall cooperate with agencies, organizations, and associations interested in certification and other elements of educational personnel qualification.

Article VI

The designated state officials of any party state may meet from time to time as a group to evaluate progress under the Agreement, and to formulate recommendations for changes.

Article VII

Nothing in this Agreement shall be construed to prevent or inhibit other arrangements or practices of any party state or states to facilitate the interchange of educational personnel.

Article VIII

1. This Agreement shall become effective when enacted into law by two states. Thereafter it shall become effective as to any state upon its enactment of this Agreement.

2. Any party state may withdraw from this Agreement by enacting a statute repealing the same, but no such withdrawal shall take effect until one year after the governor of the withdrawing state has given notice in writing of the withdrawal to the governors of all other party states.

3. No withdrawal shall relieve the withdrawing state of any obligation imposed upon it by a contract to which it is a party. The duration of contracts and the methods and conditions of withdrawal therefrom shall be those specified in their terms.

Article IX

This Agreement shall be liberally construed so as to effectuate the purposes thereof. The provisions of this Agreement shall be severable and if any phrase, clause, sentence, or provision of this Agreement is declared to be contrary to the constitution of any state or of the United States, or the application thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this Agreement and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this Agreement shall be held contrary to the constitution of any state

participating therein, the Agreement shall remain in full force and effect as to the state affected as to all severable matters.

NEW SECTION. Sec. 5. The "designated state official" for this state under Article II of section 4 above shall be the superintendent of public instruction, who shall be the compact administrator and who shall have power to promulgate rules to carry out the terms of this compact. The superintendent of public instruction shall enter into contracts pursuant to Article III of the Agreement only with the approval of the specific text thereof by the state board of education.

NEW SECTION. Sec. 6. True copies of all contracts made on behalf of this state pursuant to the Agreement as provided in section 4 above shall be kept on file in the office of the superintendent of public instruction. The superintendent of public instruction shall publish all such contracts in convenient form.

NEW SECTION. Sec. 7. The board of trustees of each community college district shall adopt for each community college under its jurisdiction written policies on granting leaves to employees of the district and those colleges, including but not limited to leaves for attendance at official or private institutions and conferences, sabbatical leaves for academic personnel, leaves for illness, injury, bereavement and emergencies, with such compensation as the board of trustees may prescribe, except that the board shall grant to all such persons annual leave with full compensation for illness, injury, bereavement and emergencies as follows:

(1) For persons under contract to be employed, or otherwise employed, for at least three quarters, at least fifteen days, commencing with the first day on which work is to be performed;

(2) Such leave entitlement may be accumulated after the first three-quarter period of employment at a minimum rate of five days per quarter for full time employees up to a maximum of one hundred eighty days, and may be taken at any time;

(3) Leave for illness, injury, bereavement and emergencies heretofore accumulated pursuant to law, rule, regulation or policy by persons presently employed by community college districts and community colleges shall be added to such leave accumulated under this section;

(4) Except as otherwise provided in this section or other law, accumulated leave under this section not taken at the time such person retires or ceases to be employed by community college districts or community colleges shall not be compensable;

(5) Accumulated leave for illness, injury, bereavement and emergencies under this section shall be transferred from one community college district or community college to another, to the state board for community college education, to the state superintendent of public instruction, to any county or intermediate school district, to any school district, or to any other institutions of higher learning of the state; and

(6) Leave accumulated by a person in a community college district or community college prior to leaving that district or college may, under the policy of the board of trustees, be granted to such person when he returns to the employment of that district or college.

NEW SECTION. Sec. 8. The superintendent of public instruction is directed to develop, prepare and make available information as follows:

(1) A budgetary study of the fiscal impact which would result from payment to substitute teachers, who are on a continuing basis of twelve or more days within any calendar month, at a rate of pay commensurate with their training and experience and at a per diem salary in proportion to the salary for which that teacher would be eligible as a full time teacher;

(2) A study showing the percentage of high school graduates who go on to an institution of higher education, including community colleges, the distribution of such students, and the percentage thereof which continue in higher education through the various grades or years thereof; and

(3) A study of the fiscal impact of establishing one hundred and eighty days as the base salary period for all contracts with certificated employees.

NEW SECTION. Sec. 9. The joint interim committee on higher education is directed to make a study of the advisability of having the professional negotiations act apply towards community colleges. In making this study, the committee shall consult faculty groups, trustees of community colleges, community college presidents, and the state board for community college education.

The joint interim committee shall prepare a report on the results of such study including recommended legislation for distribution to the members of the forty-second legislature prior to January 1, 1971.

NEW SECTION. Sec. 10. The legislative budget committee, in conjunction with the joint interim committee on higher education and the joint committee on education is directed to undertake a joint study into the entire field of vocational education within the state of Washington, including its programs, aims, administration, conformity to state and federal laws, and its effectiveness within the state.

In the performance of its duties, the legislative budget committee is authorized to use the services of recognized leaders in the field of labor and management and to pay the necessary traveling expenses of such persons, in accordance with the provisions of chapter 43.04 RCW, while they are engaged in the business of the study.

For the purpose of paying the expenses authorized above, there is hereby appropriated to the legislative budget committee for the biennium ending June 1, 1971 the sum of two

thousand dollars or so much thereof as may be necessary to pay the traveling expense of such member.

A preliminary report of such study shall be prepared for the members of the legislature prior to January 1, 1970. A final report of such study, including any recommended legislation, shall be prepared for distribution to the members of the legislature prior to January 1, 1971.

NEW SECTION. Sec. 11. The board of directors of any school district shall have authority to authorize the expenditure of funds for the purpose of preparing and distributing information to the general public to explain the instructional program, operation and maintenance of the schools of the district: PROVIDED, That nothing contained herein shall be construed to authorize preparation and distribution of information to the general public for the purpose of influencing the outcome of a school district election.

NEW SECTION. Sec. 12. The code reviser is directed to add the provisions of section 13 to Title 28 RCW until Title 28A and 28B RCW become effective, at which time he shall add it thereto.

NEW SECTION. Sec. 13. The following are school holidays, and school shall not be taught on these days: Saturday; Sunday; the first day of January, commonly called New Year's Day; the third Monday in February, being the anniversary of the birth of George Washington; the last Monday in May, commonly known as Memorial Day; the fourth day of July, being the anniversary of the Declaration of Independence; the first Monday in September, to be known as Labor Day; the fourth Monday in October, to be known as Veterans' Day; the fourth Thursday in November, commonly known as Thanksgiving Day; the day immediately following Thanksgiving Day; the twenty-fifth day of December, commonly called Christmas Day: PROVIDED, That no reduction from the teacher's time or salary shall be made by reason of the fact that a school day happens to be one of the days referred to in this section as a day on which school shall not be taught.

The provisions of this section shall take effect on January 1, 1971.

Part II. Sections Affecting Current Law.

NEW SECTION. Sec. 14. Section 6, page 308, Laws of 1909 as amended by section 2, chapter 20, Laws of 1955 and RCW 28.02.060 are each hereby repealed.

Sec. 15. Section 3, chapter 20, Laws of 1955 as amended by section 32, chapter 176, Laws of 1969 1st ex. sess. and RCW 28.02.070 are each amended to read as follows:

On the Friday preceding [November 11th when November 11th falls on a nonschool day] the fourth Monday in October, each teacher, or the principal in charge of the school building, in all elementary and high schools of the state shall prepare and present a program suitable to observance of Veterans' [and Admission] Day.

The program should include such matters as setting forth the part taken by the United States and the state of Washington in the world war for the years nineteen hundred seventeen and nineteen hundred and eighteen, the principles for which the allied nations fought, and the heroic deeds of American soldiers and sailors, the leading events in the history of our state and of Washington Territory, the character and struggles of the pioneer settlers and other topics tending to instill a loyalty and devotion to the institutions and laws of our state.

It shall be the duty of the superintendent of public instruction and of each intermediate school district superintendent, by advice and suggestion, to aid in the suitable observance of Veterans' [and Admission] Day.

The provision of the 1969 amendment to this section shall take effect on January 1, 1971.

Sec. 16. Section 3, chapter 258, Laws of 1947 as last amended by section 1, chapter 158, Laws of 1967 and RCW 28.04.060 are each amended to read as follows:

Each member of the state board of education shall be elected by a majority of the electoral points accruing from all the votes cast at the election for all candidates for the position. All votes shall be cast by mail addressed to the superintendent of public instruction and no votes shall be accepted for counting if postmarked after the sixteenth day of October following the call of the election. The superintendent of public instruction and an election board comprised of three persons appointed by the state board of education shall count and tally the votes and the electoral points accruing therefrom not later than the twenty-fifth day of October in the following manner: Each vote cast by a school director shall be accorded as many electoral points as there are enrolled students in that director's school district [on the last day for filing declarations of candidacy under RCW 28.04.040] as determined by the enrollment reports forwarded to the state superintendent of public instruction for apportionment purposes for the month of September of the year of election: PROVIDED, That school directors from a school district which has more than five directors shall have their electoral points based upon enrollment recomputed by multiplying such number by a fraction, the denominator of which shall be the number of directors in such district, and the numerator of which shall be five; the electoral points shall then be tallied for each candidate as the votes are counted; and it shall be the majority of electoral points which determines the winning candidate. It is the intent of the legislature that the provisions of Part II shall be effective only until the date upon which the 1969 education code shall take effect, upon which date the provisions of Part II shall expire and the provisions of Part III shall concomitantly become effective. It is the further intent of the legislature that Part III of the instant bill shall not take effect unless the 1969 education code takes effect, but when such event occurs then any amendatory provisions of Part III of this bill shall be construed as amending the correlative sections of the 1969 education code, any repealing provisions of Part II shall be construed as repealing the correlative section of the 1969 education code, and any new or additional provisions of Part II shall be construed as being in pari materia with the 1969 education code.

NEW SECTION. Sec. 55. The code reviser is directed to add the provision of Part IV of this 1969 amendatory act to Title 28 until such time as Titles 28A and 28B shall take effect, at which time it shall be added thereto.

Sec. 56. Section 29.21.060, chapter 9, Laws of 1965, as amended by section 2, chapter 103, Laws of 1965 ex. sess., and RCW 29.21.060 are each amended to read as follows:

All candidates for district offices in port districts, [and school districts embracing a city of over one hundred thousand population, both of] which are located in class AA and class A counties, and first class school districts, shall file their declarations of candidacy with the county auditor of the county not earlier than the last Monday of July nor later than the next succeeding Friday in the year such regular district elections are held.

The city clerks in all counties shall transmit to their county auditors at least thirty-five days before the date fixed for the primary, a certified list of the names and addresses of the candidates to be voted on thereat as represented by the declarations of candidacy filed in their offices.

Signed by: Senator Sandison, Williams and McCormack; Representatives Lynch, Smythe and King.

Senator Sandison moved that the report of the Free Conference Committee on Engrossed Senate Bill No. 556 be adopted.

POINTS OF INQUIRY

Senator Gissberg: "Would Senator Sandison yield to a question? Senator Sandison, is this the bill that had the one hundred eighty day business in it?"

Senator Sandison: "This, originally as it came over from the House, had the one hundred eighty day provision for the common schools, correct. In the bill at the present time this is not in there and there is a recommendatory portion that this be a study by the committee on education during the interim."

Senator Gissberg: "Are any of the common schools affected in this bill other than what you just indicated?"

Senator Sandison: "Yes, on their contract provisions on supplemental duties of teachers, that has been outlined. It also requires all school districts to publish a salary schedule."

Senator Gissberg: "What is the additional financial impact on the common schools as a result of these amendments?"

Senator Sandison: "As near as we can find out, there is no financial impact."

Senator Gissberg: "Did you get a fiscal note on it from the budget committee?"

Senator Sandison: "No, we did not. We did ask Superintendent Bruno's office, however, and that was the answer he came back with."

Senator Gissberg: "What is the provision made for the appointment of trustees on the boards of community colleges?"

Senator Sandison: "There is nothing in here on the appointment of trustees."

Senator Canfield: "Would Senator Sandison yield to a question? Senator, as I recollect, one of the controversial points that caused this to go to conference was in the development of curriculum and as I read this hurriedly, the board determines the curriculum with the assistance of a faculty, is that correct?"

Senator Sandison: "Actually we did not change the existing negotiations law in any way. However, we did ask that the boards of each community college set up a faculty senate to confer with it in the hopes that in the future we do away with this strain that appears over negotiations. We did again ask the committee on education to come back with a study and a report on negotiations with the hope that during the next two years that there could be a great deal more light on this subject."

The motion carried and the Senate adopted the report of the Free Conference Committee on Engrossed Senate Bill No. 556.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 556, as amended by the Free Conference Committee, and the bill passed the Senate by the following vote: Yeas, 39; nays, 6; excused, 4.

Voting yea: Senators Andersen, Atwood, Bailey, Canfield, Connor, Cooney, Donohue, Dore, Durkan, Elicker, Faulk, Greive, Guess, Herr, Holman, Keefe, Knoblauch, Lewis (Brian), Lewis (Harry), McCormack, McCutcheon, Mardesich, Marquardt, Matson, Metcalf, Newschwander, Peterson (Ted), Ridder, Ryder, Sandison, Stender, Stortini, Talley, Twigg, Uhlman, Washington, Williams, Wilson, Woodall—39.

MOTION

Senator Bailey moved that the Senate do now consider the confirmation of community college trustees.

PARLIAMENTARY INQUIRY

Senator Day: "Mr. President, point of parliamentary inquiry. On Engrossed House Bill No. 382 there was a point of order raised and we were to have it resolved at 10:40 p.m. I believe. It is now 11:05 p.m."

SPECIAL ORDER OF BUSINESS

ENGROSSED HOUSE BILL NO. 382, by Representatives Whetzel, Zimmerman and Merrill (by departmental request):

Determining responsibility for burial expenses for public assistance recipients.

The time having arrived the Senate resumed consideration of Engrossed House Bill No. 382 as amended by Senator Uhlman and the point of order raised by Senator Day on the proposed amendment by Senator Walgren.

RULING BY THE PRESIDENT

The President: "Yes, Senator Day, the point as to whether the amendment changed the scope and object was raised. The President in ruling upon the point of order finds that Engrossed House Bill No. 382 is a measure pertaining to public assistance and pertains to the duties of the director for recipients of funeral expenses. The amendment proposed by Senator Walgren would require those who sell prepaid funeral services to set up a trust account for the purpose of guaranteeing payment. The amendment therefore does enlarge the scope and object of the bill and the point of order is well taken."

On motion of Senator Day, the following amendment was adopted:

On page 2, following section 2, line 29, add a new section as follows:

"NEW SECTION. Sec. 3. In class AA, class A, first, second and third class counties no person shall be qualified for the office of county coroner as provided for in RCW 36.16.030 who is an owner or employee of any funeral home or mortuary."

On motion of Senator Day, the rules were suspended, Engrossed House Bill No. 382, as amended by the Senate was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

On motion of Senator Greive, the resolution was adopted.

MOTION

Senator Gissberg moved that Sidney R. Snyder be nominated for the office of Secretary of the Senate succeeding the late Ward Bowden.

Senator Gissberg: "Mr. President and gentlemen of the Senate, we don't have long enough left before twelve o'clock to make a lengthy speech about the qualifications of Sid Snyder to act as Secretary of the Senate. However, a word of explanation as to the necessity of it.

"The Constitution provides that the Secretary of the Senate shall be elected; the officers of the Senate shall be elected and unless we elect a Secretary of the Senate, there will be no provision during the interim for carrying on the many functions of the Senate that need to be done.

"There is no one I don't think that is any more qualified than Sid Snyder to act as Secretary of the Senate because of his vast experience in the House over the years. He has proven himself to be a man eminently capable of providing us with the service that we have been accustomed to over the years in the form of Ward Bowden."

Senator Atwood: "Mr. President, I second the nomination of Sid Snyder as our Secretary of the Senate. Since the hour is late and the moments are waning all I can say is that Malcolm McBeath, Chief Clerk of the House, says that he comes so highly recommended that we can do no else and I am hopeful that we will still feel the same way, I know we will, in 1971."

On motion of Senator Woodall, the nominations were closed.

Mr. President: The House has concurred in the Senate amendments to ENGROSSED HOUSE BILL NO. 893 and has passed the bill as amended by the Senate. SIDNEY R. SNYDER, Assistant Chief Clerk.

POINT OF INFORMATION

Senator Greive: "Mr. President, I ask you what time it is?"

REPLY BY THE PRESIDENT

The President: "The President believes it is about 11:58 p.m."

Senator Greive: "Mr. President, I believe we have a matter that I asked for earlier."

MOTION

Senator Dore moved that Engrossed Substitute House Bill No. 839 be made a special order of business for twelve o'clock tomorrow."

POINT OF INFORMATION

Senator Greive: "Mr. President, what time is it?"

REPLY BY THE PRESIDENT

The President: "11:59 p.m., Senator."

MOTION

Senator Ryder made the motion that the Senate immediately consider the message from the House on House Bill No. 782.

The motion was not put by the President.

PARLIAMENTARY INQUIRY

Senator Greive: "Parliamentary inquiry. What is the bill number of the fourth Lake Washington bridge?"

REPLY BY THE PRESIDENT

The President: "Engrossed Substitute House Bill No. 839."

MOTION

Senator Greive moved that the Senate immediately consider Engrossed Substitute House Bill No. 839.

POINTS OF ORDER

Senator Dore: "Point of order, Mr. President. I made the motion first of equal rank that we make it a special order of business tomorrow at noon."

Senator Uhlman: "I rise to a point of order, Mr. President. Did the President or did not the President recognize Senator Dore for his motion which he gave to make Engrossed Substitute House Bill No. 839 a special order of business for tomorrow at noon and would this not, if the President had already recognized him for that motion, then preclude Senator

Greive from making his motion? I would ask the President if he would check the rule book to determine whether or not Senator Dore's motion"

REPLY BY THE PRESIDENT

The President: "The President did recognize Senator Dore for the purpose of making a motion. Senator Dore made the motion."

Senator Dore demanded a roll call and the demand was sustained by Senators McCutcheon, Connor, Uhlman, Greive, Williams, Ridder, Bailev and Mardesich.

POINTS OF ORDER

Senator Greive: "Point of order. What is the authority under our rules of considering it at this time?"

Senator Dore: "Point of order. I think we are in the process of a roll call and I can't think we can pick up a point of order right in the middle of a roll call. I think we should proceed."

REPLY BY THE PRESIDENT

The President: "The roll call has not been started as yet, Senator Dore, but the motion has been put."

Senator Dore: "Mr. President, speaking against the point of order raised by Senator Greive, my motion has the effect to consider this measure after this session, which is in effect a motion to indefinitely postpone and I would be happy to revise my motion to that position but in effect I think it is a motion to indefinitely postpone the bill."

REPLY BY THE PRESIDENT

The President: "The President believes this is a matter for the Senate to determine. The measure was under consideration prior to twelve midnight. The Senate may complete its consideration of the measure."

POINT OF INQUIRY

Senator Uhlman: "Would Senator Williams yield to a question? Senator Williams, would you, according to your watch, indicate for the body what time it is?"

Senator Williams: "I checked my watch with the Senate clocks until a few minutes ago. They have apparently stopped. My watch shows five minutes after twelve of the sixty-first day of the session."

Senator Uhlman: "Senator Williams, I have one further question. Is it a fact according to your recollection and perception that the clocks of the Senate have been stopped?"

Senator Williams: "They seem to have been. My watch was right with them five minutes ago and now they are five minutes apart."

PARLIAMENTARY INQUIRY

Senator Andersen: "Parliamentary inquiry. Would the effect of a 'yes' vote mean to kill this bill relating to expanding the Evergreen Point bridge for the present session?"

REPLY BY THE PRESIDENT

The President: "The President is not in a position to answer that particular question, Senator Andersen."

ROLL CALL

The Secretary called the roll and the motion by Senator Dore to consider Engrossed Substitute House Bill No. 839 as a special order of business at 12:00 noon, Tuesday, May 13, 1969 failed by the following vote: Yeas, 21; nays, 24; excused, 4.

Voting yea: Senators Atwood, Canfield, Dore, Durkan, Faulk, Gissberg, Keefe, Knoblauch, Lewis (Harry), McCutcheon, Odegaard, Peterson (Lowell), Peterson (Ted), Ridder, Ryder, Sandison, Stender, Stortini, Uhlman, Williams, Wilson—21.

Voting nay: Senators Andersen, Bailey, Connor, Cooney, Day, Donohue, Elicker, Greive, Guess, Henry, Herr, Holman, Lewis (Brian), McCormack, Mardesich, Marquardt, Matson, Metcalf, Newschwander, Talley, Twigg, Walgren, Washington, Woodall—24.

Excused: Senators Foley, Huntley, McDougall, Pritchard—4.

Senator Mardesich: "I change my vote to 'no'."

The President: "Senator Mardesich votes 'no'. The President inadvertently struck the gavel."

POINT OF ORDER

Senator Ridder: "Point of order. I notice by the clock here that the clocks have stopped and the question when asked, we were about five minutes past the hour. What is the legality here when this motion was put after that clock legally was after the hour?"

Senator Andersen: "Speaking to the point of order, Mr. President, as the Chair announced at the outset in response to a question from Senator Greive, this bill, Engrossed Substitute House Bill No. 839 at any event was under consideration of the body prior to this self-serving exchange of statements between Senators Uhlman and Williams, both of whom are trying to kill the bill. The matter being under the consideration of the house and still being before the house this entire point of order is immaterial at this time."

POINT OF ORDER

Senator Uhlman: "Mr. President, I rise to call for a point of order and to call for the President's ruling on that point of order. I would like to respectfully call to the attention of the President the provision in the state Constitution, Article II, Section 12, wherein it states as follows: '... but the times of meeting of subsequent sessions may be changed by the legislature. After the first legislature the sessions shall not be more than sixty day ...'

"I would also like to call to the President's attention the case of the Derby Club vs. Becket, 41 Wash. 2d, pg. 869, wherein it is stated as follows and I quote, 'That is the position always taken in an argument when a question is raised concerning the validity of legislation enacted in a regular session after the sixtieth day. It may or may not be argued that the limitations of Article II, Sections 12 and 30 are binding only upon the legislative conscience and that the courts must perpetually remain in ignorance of what everybody else in the state knows. We refrain from any consideration of this further constitutional question urged upon us by the respondents and of the "so what" answer of the appellants, as being unnecessary to the disposition of the present appeal.' One further sentence from that opinion, '... nor can I forbear the comment that each of the three coordinate branches of the government should recognize that a disregard of the constitutional restrictions and limitations placed upon it can undermine respect for law and constitutional government just as effectively as can the subversives who are currently causing us great concern.'

"I further call the President's attention to an opinion of the attorney general of our state dated May 9, 1969 which states as follows: 'The sum and substance of all that we have thus far said in response to your question is simply this, based upon our legal research and reflection on the question, we must entertain substantial doubt as to the legal capacity of the legislature to continue in its current special session beyond the sixtieth day thereof without again being convened by you, the Governor, for a second extraordinary session.'

"I respectfully call the President's attention that it is now by my watch which I just checked, twelve minutes after twelve. We are now passed the sixtieth day of this session and I submit to the President that anything that is passed by this legislature at this time is illegal, is unconstitutional and would be found thus in court."

Senator Mardesich: "The President did not make an announcement of the vote after I changed my vote and actually we are all out of order until the President does so."

RULING BY THE PRESIDENT

The President: "The President in ruling upon the point of order presented by Senator Uhlman, the President has never believed that he has the authority to rule on constitutional questions. The President's authority is limited to rulings as are presented in the Senate rules and where the Senate rules do not cover a situation, must refer to Reed's rules. The President believes that your point, Senator, should be more properly directed to the court."

The motion by Senator Dore failed. The President announced the vote of 21 yeas; 24 nays, and 4 excused.

NOTICE OF RECONSIDERATION

Having voted on the prevailing side, Senator Mardesich gave notice that he would later on this legislative day, move for reconsideration of the vote by which the Senate failed to make Engrossed Substitute House Bill No. 839 a special order of business for twelve o'clock noon on Tuesday, May 13, 1969.

PARLIAMENTARY INQUIRY

Senator Woodall: "Parliamentary inquiry. The President stated that he would not rule on points of law. Will the President rule on points of Pacific Daylight Saving Time? I would like at this time to inquire what time it is in the Senate of the state of Washington on this particular day."

REPLY BY THE PRESIDENT

The President: "According to the President's Westclox, it is now 12:15 and 25 seconds."

Senator Woodall: "Thank you, sir, and is that being entered in the journal?"

The President: "Yes."

Senator Woodall: "Thank you."

Senator Washington: "I would also like to call the attention of the President that it is at this point an open question as to whether or not a session must end on the sixtieth day. I believe there is an attorney general's opinion, a recent one, which says that the special session must conclude in sixty days. I am under the impression that there are several earlier attorney general's opinions which indicate otherwise and in particular the provision which provides that sessions must end in sixty days is found in the Article relating to the legislature while special sessions are under special Article III, the executive, and relates to extra sessions. Section 7 says, 'He may, on extraordinary occasions, convene the legislature by proclamation, in which shall be stated the purposes for which the legislature is convened.' There is no provision for a sixty day limitation. The limitation contained in the other section relating to the legislature is in the plural but does not relate to general, regular sessions and special sessions but refers to the plural sessions. For instance, 1889, 1901, 1903, 1905 etc., and at least this is an open question and if we go ahead with this particular bill undoubtedly it will be tested in court and we will finally have a court decision rather than an assistant attorney general's opinion so it seems to me that as a body we should proceed to vote and let the court finally determine as the President has suggested."

MOTION

Senator Ridder moved that the forty-first legislature adjourn SINE DIE.

POINT OF INQUIRY

Senator Stender: "Would Senator Holman yield to a question? Senator Holman, the session here revolves around a bill to build a bridge across the vast expanse of water in King county and you being a lawyer I would ask you, do you believe that under these circumstances that if you were advising a client who was a bond dealer that these bonds would be in very good shape that were being sold under an act passed under these circumstances?"

Senator Holman: "As a bond counsel, I couldn't. I would have to have a test case first."

POINT OF INQUIRY

Senator Ridder: "Mr. President, I believe I made a motion to adjourn SINE DIE."

REPLY BY THE PRESIDENT

The President: "Yes, you did, Senator Ridder, but the President has not put your motion to the body. There are matters of business that must be consummated before the President can entertain such a motion."

PERSONAL PRIVILEGE

Senator Bailey: "Point of personal privilege. I think that we are for all intents and purposes ready to adjourn when we get the mechanical part done because I think we are through. I want to state that the Democratic caucus, the Democratic Party worked all day today trying to get out an annual elections bill. We got one out that wasn't quite what they wanted. It was better than nothing and the Republican House amended that bill and sent it over here and killed it on the deadline on the last day. Now, it is their own damned funeral and it is their own damned fault."

Senator Woodall: "I have never been one to laugh at funerals but at this one I shall."

Senator Atwood: "I must point out that the amendment that was put on here in the Senate made the bill unconstitutional because it was no longer a general election."

Senator Greive: "I understand we have before us Engrossed Substitute House Bill No. 839 and I move that we proceed in order."

SECOND READING

ENGROSSED SUBSTITUTE HOUSE BILL NO. 839, by Committee on Transportation:

Authorizing construction of additional Lake Washington bridge.

MOTION

Senator Dore moved that Engrossed Substitute House Bill No. 839 be considered at one o'clock this morning.

POINT OF ORDER

Senator Stender: "Point of order. Hasn't Senator Mardesich given notice of reconsideration? Did we ignore that?"

REPLY BY THE PRESIDENT

The President: "The President received notice of reconsideration from Senator Mardesich but Senator Mardesich has never made the motion to reconsider the motion by Senator Dore to make a special order of business Engrossed Substitute House Bill No. 839 for noon tomorrow."

MOTION

Senator Guess moved that the motion by Senator Dore to consider Engrossed Substitute House Bill No. 839 be laid upon the table.

Senator Dore demanded a roll call and the demand was sustained by Senators Durkan, Gissberg, Uhlman, Donohue, Sandison, Keefe, Mardesich, Greive and Wilson.

POINT OF ORDER

Senator Ridder: "Point of order. I made a motion and it was not put to this body. If I made the motion and I was recognized to make the motion and you recognized me for making that motion, then something must be done with the motion. If they want to vote it down, that is fine."

REPLY BY THE PRESIDENT

The President: "The President, Senator Ridder, respectfully calls your attention to Senate Rule 17."

Senator Stender: "Mr. President, a motion to adjourn is the highest rank of all motions. How can we entertain other motions?"

REPLY BY THE PRESIDENT

The President: "Senator Stender, it seems to be the intent of the Senate to adjourn some time this morning and if this is to be carried out there are certain mechanical affairs that must be taken care of by the Senate before the President can entertain such a motion."

PARLIAMENTARY INQUIRY

Senator Canfield: "Parliamentary inquiry. Could we take care of those things without making ourselves a spectacle?"

REPLY BY THE PRESIDENT

The President: "The President would hope so, Senator Canfield."

ROLL CALL

The Secretary called the roll and the motion by Senator Guess to lay upon the table the motion by Senator Dore carried by the following vote: Yeas, 23; nays, 22; excused, 4.

Voting yea: Senators Andersen, Bailey, Canfield, Connor, Cooney, Day, Elicker, Greive, Guess, Henry, Holman, Knoblauch, Lewis (Brian), McCutcheon, Marquardt, Matson, Metcalf, Newschwander, Sandison, Talley, Twigg, Washington, Woodall—23.

Voting nay: Senators Atwood, Donohue, Dore, Durkan, Faulk, Gissberg, Herr, Keefe, Lewis (Harry), McCormack, Mardesich, Odegaard, Peterson (Lowell), Peterson (Ted), Ridder, Ryder, Stender, Stortini, Uhlman, Walgren, Williams, Wilson—22.

Excused: Senators Foley, Huntley, McDougall, Pritchard—4.

Senator Williams moved adoption of the following amendment by Senators Williams and Uhlman:

On page 1, section 1, line 14, after "act" and before the period insert " PROVIDED, That no revenue bonds shall be issued or sold until the final design, planning and financing of the R. H. Thomson Parkway from the intersection of Ravenna Avenue Northeast and Bothell Way Northeast to the intersection of Empire Way and Highway 90 have been adopted and approved by the city of Seattle and the highway department or its successor, and bids have been accepted and contracts have been let for the completion thereof"

Debate ensued.

Senator Andersen: "I am only going to speak this one time because Senator Williams has gone over the bill in the course of his discussing his one amendment. I am only going to speak this one time and then I will make a motion to table all of the amendments and if it goes, fine. If it doesn't, fine, so be it, but you are not going to be here all evening so I wanted to state this in advance and I have been waiting . . ."

POINT OF ORDER

Senator Williams: "Point of order, Mr. President. I attempted to debate a lot of the merits hereto but I restrained myself to the amendment which dealt with the revenue bonds and exactly how that applied to the particular part of the bill. Senator Andersen is talking about things I think are far afield from anything to do with this amendment."

Senator Andersen: "Mr. President and gentlemen of the Senate, I thought what was sauce for the goose was sauce for the gander because Senator Williams did go a little further afield. I was trying to hold it in a little bit. In any event, I will hold myself more closely to it and conclude with just this one statement.

"What is involved in this amendment designed to destroy this bill and in the other nineteen amendments designed to destroy this bill is just this, that you people in the Seattle side are doing everything possible to alienate the east side of the lake, unless something can be worked out, that is going to happen. I am one of the people in the middle that is doing everything I can to prevent war from breaking out, why? Not because I am afraid to fight, Senator Williams and Senator Uhlman, but because you are destroying the possibility for handling our transportation problems on an area-wide basis.

"Now, Senator Williams' crippling amendment is before us. If any amendments are put on, the bill is dead because this is the last night so I urge that you vote down this amendment and then, if I am recognized, I will move to table all of the amendments."

MOTION

Senator Guess moved that the amendment by Senators Williams and Uhlman be laid upon the table.

PARLIAMENTARY INQUIRY

Senator Andersen: "Mr. President, would it be appropriate for me to make a motion to amend the motion by Senator Guess that to table this amendment would relate to all of the amendments?"

POINTS OF ORDER

Senator Uhlman: "I would rise to a point of order on this motion if Senator Andersen

does make it that the other amendments are not yet before the Senate until the adoption of the amendments has been moved. I would speak on that very briefly. I have a series of amendments on the desk which I would hope, I believe that the Senate . . .”

Senator Andersen: “Point of order, Mr. President. I made a parliamentary inquiry to the Chair which I don’t believe the President had an opportunity to answer.”

REPLY BY THE PRESIDENT

The President: “The President believes that such a motion would be out of order, Senator Andersen.”

Senator Andersen: “Then I call for the question on the motion by Senator Guess.”

Senator Dore demanded a roll call. The demand was not sustained.

The motion by Senator Guess lost on a voice vote.

The amendment by Senators Williams and Uhlman was adopted.

Senator Andersen: “Mr. President, I appreciate the consideration of the body, most of them. I appreciate the consideration of the Chair. I appreciate the opportunity to have been heard on this matter. I am also a realist and I think that there is no point in further prolonging the agony. Senator Uhlman, congratulations. Senator Williams, my congratulations to you and I believe that whatever motion is appropriate to terminate the remainder of these proceedings, I consider it made.”

MOTION

On motion of Senator Andersen, Engrossed Substitute House Bill No. 839 was indefinitely postponed.

PARLIAMENTARY INQUIRY

Senator Dore: “Will the record show that Senator Andersen moved to indefinitely postpone this bill?”

REPLY BY THE PRESIDENT

The President: “A voice vote, Senator.”

PERSONAL PRIVILEGE

Senator Durkan: “Point of personal privilege. Tonight we saw the legislature adjourning without a supplemental appropriation. The House and the Senate conferees of which I was a member had worked long and hard to try and reach an agreement on an omnibus appropriation bill which we felt was a compromise and which when we signed it, I thought there was an implied agreement that we would stand by the appropriations as they appeared in the main appropriation budget.

“This afternoon about 5:30 or 6:00 o’clock we were given our first opportunity to see the supplemental appropriation bill as passed by the House of Representatives. In this supplemental bill were additional appropriations for state elected officials which had been the subject of strong and heavy bargaining during the entire period of the conference report. We, on our side, felt that there had been a breach of good faith on the part of the House and as a result of it we tried to negotiate with the House before the bill was sent over, to no avail. We then felt that since the House had breached, in our opinion, the good faith of the omnibus appropriation conference that we were free to then add those additional things to the supplemental budget that we had asked for in the omnibus bill and hadn’t received. Accordingly we introduced our own supplemental bill and passed it to the House of Representatives.

“During the evening in hopes of trying to reach a compromise, I personally went over and asked the speaker of the House of Representatives if there wasn’t some area in which we could reach an appropriate agreement and compromise for both of us. Knowing full well that the appropriation for interim committees was in the supplemental, I was told we either accepted the House’s version or nothing.

“Unfortunately, it so turns out that the only people that really suffer as a result of this are we who serve in both the Senate and the House. I am sorry that this happened. I can assure you as I assured Senator Atwood this afternoon, had not the appropriation for the elected officials been in the supplemental, I would have seen to it and worked with it that there would have been no breach in the supplemental that had passed the House but with the breach, I felt that I had a responsibility then to protect our side and I did accordingly.”

MOTION

On motion of Senator Woodall, the Senate dispensed with the Call of the Senate.

PERSONAL PRIVILEGE

Senator Atwood: "Point of personal privilege. The sun may kiss the morning sky and the stars may kiss the sun goodbye and the morning breeze may kiss the dewy grass and to you my friends, farewell."

PERSONAL PRIVILEGE

Senator Andersen: "Point of personal privilege. The reason is apparent here. I would also like to make it apparent for the record with the consideration of the body that the reason I moved to indefinitely suspend Engrossed Substitute House Bill No. 839 was not because I don't believe sincerely in the bill that I have been fighting for all this session but because I did not want to prolong the agony when it became apparent that this bill could not pass this evening and that we have run out of time under the Constitution in this special session. It is a bill that myself, if I come back, or my successor, will undoubtedly be working on in the future and I don't want the fact that I was the mover of this motion to show anything other than this was done to spare the body that has already been so patient and so tolerant of my efforts here this evening any further agony.

"I also want to again thank those people and point out again that this was a majority of the body here in the Senate that was voting with us and again I am most sincerely appreciative of the time. I know how tough it is this late at night after the longest session we have ever had. Thank you."

Senator Henry: "Mr. President and members of the Senate, at one o'clock Pacific daylight time, there will be a meeting of the joint committee on highways in the majority caucus room."

Senator Mardesich: "Since the supplemental did not pass, there will be no meeting of the committee on Banking, Insurance and Transportation."

SENATE RESOLUTION: 1969-EX-72

By Senator Day:

WHEREAS, Certain individuals, groups and organizations, under the name of freedom of speech and assembly but expressly and openly motivated toward disrupting educational processes, too often accomplish the overthrow of law and order in the areas surrounding a number of high schools, colleges and universities in this and other states; and

WHEREAS, The police powers of high school, college and university officials are limited in scope and do not extend beyond the confines of the particular institution; and

WHEREAS, The problems posed for the vast majority of students, educators and the public residing in the affected areas are presently great and threaten shortly to become infinitely greater; and

WHEREAS, It is the concensus of the membership of the Senate that an effective effort at control and correction of present and future school disorders should begin with a thorough study and analysis of the resultant problems and the solutions possible at all levels of government;

NOW, THEREFORE, BE IT RESOLVED, By the Senate in extraordinary session of the forty-first legislature assembled, that the joint committee on governmental cooperation be and it is hereby requested to make a statewide study of the subversive, destructive and disruptive activities, particularly those originating and operating outside the confines of high schools, colleges and universities, which affect the educational function and in the process threaten the security of people and property in the areas surrounding educational institutions; and make report of such study together with appropriate recommendations for control and correction to the next session of the legislature.

On motion of Senator Day, the resolution was adopted.

SIGNED BY THE PRESIDENT

The President has signed:

HOUSE CONCURRENT RESOLUTION NO. 15,

HOUSE CONCURRENT RESOLUTION NO. 23,

SENATE RESOLUTION: 1969-EX-74

By Senators Keefe, Twigg, Guess, Cooney and Sandison:

WHEREAS, The temporary advisory council on public higher education in carrying out its directives to develop plans for the orderly growth of public higher education entertained the request to study the educational needs of the Spokane Metropolitan area; and

WHEREAS, The establishment of Metropolitan Graduate Centers might complement the state's existing educational system; and

WHEREAS, The said advisory council recognizes that with the ever-increasing demand for educational programs, and the need for new types of programs, review of unmet needs in geographical areas should be made in conjunction with a state-wide plan for higher education; and

WHEREAS, Demands for education beyond the baccalaureate degree level indicate a need for expanded programs as well as an increase in the variety of programs offered; and

WHEREAS, In considering the establishment of graduate center facilities, attention should not be limited to one geographical sector, but rather should extend to all regions within the state;

NOW, THEREFORE, BE IT RESOLVED, By the Senate, that the responsibility for further review of the establishment of Metropolitan Graduate Centers should be mandated to the council on higher education, and in cooperation with the interim higher education committee, if established by the forty-first session of the legislature; and

BE IT FURTHER RESOLVED, That this study should give early attention to an evaluation of the Spokane area needs, and the results of these studies should be reported to the forty-second session of the legislature.

On motion of Senator Sandison, the resolution was adopted.

Senator Atwood moved adoption of the following resolution:

PERSONAL PRIVILEGES

Senator Atwood: "Mr. President and gentlemen of the Senate, I can think of no higher honor for our own good friend, Senator John Stender, than to be Undersecretary of Labor in the national government and I would urge your support of this resolution."

Senator Greive: "Mr. President, I want to agree and say that I think Senator Stender who has already been a credit to the Senate of the state of Washington, whom I have had an opportunity to observe closely and intimately for some years, would not only make an excellent addition to any President's cabinet, but especially that of President Nixon."

The motion carried and the resolution was unanimously adopted.

Senator Woodall: "I would like to have the President call on Senator Stender to stand up for just a moment and say a couple of words. He is a man of few words as we know, but. . ."

Senator Stender: "There isn't a lot that needs to be said. I certainly feel humble to know that the Senate unanimously would endorse a resolution such as this. Working with people for a good many years and working with you fine gentlemen here in the Senate has been a real fine experience for me and, of course, I suppose that everyone would agree that involved with serving people one would like to, you might say, go to greener pastures and maybe serve in a broader area but I know too that the good thoughts expressed in the resolution doesn't necessarily mean that it would be accepted at the end that the appointments are forthcoming from the government. I do want to thank all of you nonetheless for your kindness in passing this resolution in my behalf and I thank you from the bottom of my heart."

Senator Woodall: "Mr. President, I would like to thank the members of the Democratic Party for generously joining in this particular vote for him. It is a partisan job but you know that he is a pretty good guy and I certainly appreciate the fact that you all went along on it."

PRESIDENT'S PRIVILEGE

The President: "Senator Stender, the President would like to extend to you the personal congratulations along with those of the members of the staff, none of whom are present on the rostrum tonight."

MOTION

There being no objection, the Senate returned to the fourth order of business.

 HOUSE CONCURRENT RESOLUTION NO. 35.

PRESIDENT'S PRIVILEGE

The President: "The members of the Senate and the President wish to acknowledge the presence of the members of the fourth estate and to thank them for the manner in which they have covered the forty-first legislative session and extraordinary session. Randy Pardin has really performed nobly for the members of the Senate and in the opinion of many of you, I know, is shared by the President. He is one of the finest photographers, if not the best, that we have had in the history of the Senate.

"The President would also like to thank our reader, Verne Sawyer, the mayor of Toppenish, for the wonderful job he has done during this session. Also Dorothy Greeley, our minute clerk who has certainly done a fine job as I am sure you will all agree. The members of the Senate and the President wish also to acknowledge the wonderful work performed by the sergeant at arms, Mr. Charles Johnson; the industrious and diligent members of the bill room, the young gentlemen behind here; and our own Trudy Robinson who has done another magnificent job in conducting the finest page corps in the history of the Senate.

"I would also like to extend a deep word of appreciation and thanks to Mary Lou Bammert and Mary Kay Krinbring and counselor John Crowley. The great theatrical impresario, the Honorable James Keefe, is prompting the President from the back hall and he wishes to call attention to the fine work performed by the members of the workroom."

PERSONAL PRIVILEGE

Senator Bailey: "Before we adjourn *SINE DIE*, I just want to say in behalf of the members, we do appreciate your fairness and good sportsmanship and the long, hard hours you have stood up there in your bare feet and didn't have anything to rest on."

REPLY BY THE PRESIDENT

The President: "Thank you very much, Senator Bailey."

APPOINTMENT OF SPECIAL COMMITTEE

The President appointed, under the provisions of House Concurrent Resolution No. 35, Senators Woodall, Peterson (Lowell) and Henry as the committee of three members from the Senate to notify the Governor that the Senate was about to adjourn *SINE DIE*.

On motion of Senator Bailey, the committee appointments were confirmed.

SENATE RESOLUTION: 1969-EX-69

By Senators Bailey and Ridder:

WHEREAS, The state of Washington, by various statutes, has assumed civil and criminal jurisdiction over Indian reservations; and

WHEREAS, By executive proclamation and succeeding legislation the state has accepted, receded and returned jurisdiction, particularly in the Quinault Reservation; and

WHEREAS, The federal government has neglected to accept such jurisdiction, leaving a serious void in the area of law enforcement on the Quinault Reservation;

NOW, THEREFORE, BE IT RESOLVED, By the Senate of the state of Washington, that the legislative council be requested to investigate and study jurisdiction problems presented on the Quinault Indian reservation and return a report of recommendations to the next session of the Washington State Legislature.

On motion of Senator Bailey, the resolution was adopted.

SENATE RESOLUTION: 1969-EX-70

By Senators Day, Peterson (Ted), Greive, Twigg, Woodall and Odegaard:

WHEREAS, According to the legislative council report on hospital costs, after experiencing regular increases averaging about seven percent a year, hospital costs in the past two years have gone up over thirty percent in the state of Washington; and

WHEREAS, According to the Bureau of Labor Statistics, hospital daily charges throughout the nation skyrocketed 16.5% in 1966, the largest annual increase in eighteen years, and rose another 15.5% in 1967 and are continuing to rise; and

WHEREAS, Hospitals in the state of Washington rank twelfth from the top nationally in labor costs; and

WHEREAS, In a preliminary report on hospital costs conducted by the legislative council, it was found that in some cases the high cost of hospital care might have been caused by excessive duplication of services and equipment among hospitals, low productivity of hospital employees, low hospital occupancy levels, expensive and unnecessary medical equipment, rising construction costs, rising wages, duplication of hospital purchasing efforts and internal administrative costs, high cost and profit margin of drugs in the drug industry and the general impact of inflation;

NOW, THEREFORE, BE IT RESOLVED, By the Senate, that the legislative council is requested to conduct a study which shall include:

(1) A study of health care costs including but not restricted to hospital costs;

(2) A study and accompanying recommendations for the establishment of the requirement for a uniform statewide system of reports and audits relating to the quality of medical care provided, hospital utilization and costs; and

BE IT FURTHER RESOLVED, That for the purpose of securing necessary research, technical and supporting services, the legislative council shall utilize the staff of state agencies which deal with hospitals and health care facilities; and

BE IT FURTHER RESOLVED, That the legislative council shall coordinate their study activities closely with the federal agencies that administer Title XVIII and Title XIX (Medicaid—Medicare); and

BE IT FURTHER RESOLVED, That the legislative council shall report to the legislature the results of its study, together with its recommendations and such drafts of legislation as it may deem necessary prior to the next regular session of the legislature.

On motion of Senator Day, the resolution was adopted.

PERSONAL PRIVILEGE

Senator Ryder: "Mr. President, in behalf of the minority caucus, I would like to echo the words of Senator Bailey and thank you for the recognition you have given the minority. It is very, very seldom that you favored the majority except when we wanted to adjourn or some such thing as this. We have enjoyed working under your direction in the Chair and we certainly appreciate the manner in which you have conducted yourself."

REPLY BY THE PRESIDENT

The President: "Thank you very much, Senator Ryder."

APPENDIX

GOVERNOR'S MESSAGES ON SENATE BILLS PARTIALLY VETOED

March 25, 1969.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

(Through the Secretary of State)

GENTLEMEN:

I am filing herewith to be transmitted to the Senate at the next session of the legislature, without my approval as to one item, ENGROSSED SENATE BILL NO. 33, entitled:

"An Act relating to education."

A rider attached to the Federal Vocational Education Amendments Act of 1968 eliminates the payment of assistance funds to federally impacted areas under Public Law 874 to school districts in any state that takes these federal payments into consideration in determining the amount of state aid to local school districts. This rider becomes effective July 1, 1969, and requires a change from our present formula for allocating state funds for the support of local schools.

Our state foundation program establishes a minimum level of cost for the education of all public school children. The state then guarantees this amount of money for each weighted pupil in all school districts. For a comparatively few school districts which have a high local tax base, this minimum guarantee may be reached with little state aid. However, in the vast majority of cases, the local funds available to the schools are not enough to assure equal educational opportunity for every child. The state, therefore, provides necessary funds to bring the payment for per pupil cost up to the guaranteed funding level.

A district may receive \$250 per student from the federal government for a full impact child. Under the new federal law, this must be in addition to all state funds. For example, one school district may normally collect only \$70 per child in local taxes, and then receive the balance of the guaranteed amount from state aid. For 1968-69, this guaranteed amount is \$368. To then receive an additional \$250 per impact child on top of this is an illogical utilization of both state and federal funds.

In a state where the bulk of school districts' operational monies come from the local communities it would be unfair for the state to take these federal funds into consideration in any equalization formula or foundation program. In Washington, however, we have historically supported the public schools at a substantially high level with state funds. We now rank fourth among all states in state support of local schools.

The 1967 federal law amendments do not take into consideration the vast differences between the states and the ways in which they support their public schools. I have asked members of our Congressional delegation to ask Congress to recede from the extreme position of the 1967 amendments so that the federal law will not unnecessarily penalize Washington and the other states which provide significant support for schools at the state level. The federal funds are designed to compensate the local school district for a lack of nontaxable property. The state program accomplishes the same purpose. If we are to provide adequate education for all of our students, no school district in our state ought to be permitted to benefit twice from the same lack of nontaxable property.

In the meantime, it is necessary to comply with the new federal law if Washington school districts are to receive Public Law 874 funds. Under current law, state support for common schools must be reduced by 85 percent of these funds received from the federal government. The first part of Engrossed Senate Bill No. 33 eliminates from the revised code of Washington a specific provision requiring that these federal funds be considered as a local revenue in determining state school support.

Under current law, the superintendent of public instruction is also given the discretion to deduct 85 percent of other available revenues of a school district from the total amount that the state guarantees to local school districts for operational support.

The second part of Engrossed Senate Bill No. 33 states flatly that Public Law 874 funds may never be considered by the state to be available revenues of local school districts. This second provision in the act is not necessary to qualify local districts for federal impact funds.

If the bill becomes law in this form, the superintendent of public instruction could not take into consideration federal impact funds in allocating state support for local schools, even if Congress should recede from its position in accordance with our request and with the request of other states similarly affected.

I have vetoed this second item in order that the superintendent may consider Public Law 874 funds as local revenue in determining state school support in the event that Congress should act in accordance with our request. I have also vetoed the companion provision in Part II of the bill.

The remainder of Engrossed Senate Bill No. 33 is approved.

Respectfully submitted,
DANIEL J. EVANS
Governor.

May 23, 1969.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.
(Through the Secretary of State)

GENTLEMEN:

I am filing herewith to be transmitted to the Senate at the next session of the legislature, without my approval as to one item, SENATE BILL NO. 42, entitled:

"An Act relating to vital statistics."

The 1967 legislature created a statewide registry within the Department of Health for marriages and decrees of divorce, annulment or separate maintenance. The Department of Health for many years has maintained a statewide registry for births and deaths. This bill modifies the reporting requirements in certain particulars in order to protect rights of privacy. It also transfers from persons solemnizing marriages to the county auditor the responsibility to report marriages to the central state registry.

Section 2 of the bill makes reference to "marriage applications" along with the other forms required for reporting to the central registry. These forms by the provisions of Section 2 shall include, with certain exceptions, those items recommended by the federal agency responsible for national vital statistics. The reference to "marriage applications" would appear to have inadvertently been included in the bill inasmuch as there is no standard certificate recommended by the federal agency responsible for national vital statistics relating to marriage applications.

Since this language if left in the bill could result in confusion as to the intent and since reference is already made to marriage forms, I have vetoed the reference to marriage applications found in Section 2.

The remainder of the bill is approved.

Respectfully submitted,
DANIEL J. EVANS
Governor.

April 25, 1969.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

GENTLEMEN:

I return herewith without my approval as to two items, SUBSTITUTE SENATE BILL NO. 74 entitled:

"An Act relating to retirement and pensions; establishing a new retirement system for law enforcement officers and fire fighters; allowing transfer by certain affected persons from present retirement systems to the newly established system."

This bill creates a unified statewide retirement system for law enforcement officers and fire fighters. It is one of the significant accomplishments of the 1969 legislature and I heartily endorse the purposes of this legislation.

Section 32 of the bill provides:

"The provisions of sections 28 and 29 of this 1969 amendatory act shall be applicable to all firemen employed on the effective date thereof prior to March 1, 1970, and to those who shall thereafter become firemen, but shall not apply to any former fireman who has terminated his employment prior to the effective date of this 1969 amendatory act."

Sections 28 and 29 of the act contain amendments to the existing firemen's pension system. The intent of section 32 is to permit all firemen who are employed prior to March 1, 1970, the effective date of the new pension system, to participate in the benefits of the existing firemen's pension system. However, as drafted, section 32 will actually allow persons who become firemen subsequent to March 1, 1970, to participate in the benefits of the existing firemen's pension system. This is in direct conflict with section 4 (1) of the bill which specifically excludes all fire fighters employed subsequent to March 1, 1970, from any pension system existing under any prior act.

In order to conform section 32 to the clear intent of this legislation I have vetoed two items in that section to make clear that firemen employed subsequent to March 1, 1970, will not participate in the existing firemen's pension system.

The remainder of the bill is approved.

Respectfully submitted,
DANIEL J. EVANS
Governor.

March 25, 1969.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.
(Through the Secretary of State)

GENTLEMEN:

I am filing herewith to be transmitted to the Senate at the next session of the legislature, without my approval as to one section, ENGROSSED SENATE BILL NO. 105 entitled:

"An Act relating to revenue and taxation."

This bill was introduced at the request of the Department of Motor Vehicles for the purpose of reducing some of the administrative expenses of collecting motor vehicle and fuel taxes. As originally introduced, section 2 added as an additional exemption from the use fuel tax special mobile equipment such as road graders. In the form presented to me for my approval, the bill now exempts all publicly owned motor vehicles. Because of the language of the bill, it is unclear whether this result was intended. This provision has a substantial financial impact on the state budget.

In addition to these revenue losses there appears to be a greater problem in the deletion of the comma on line 25 of page one of the engrossed bill and the insertion of the word "and". The language results in confusion as to whether private construction companies doing construction and maintenance work on streets and highways would be exempt from the gasoline tax. Rather than to leave these issues clouded and because of substantial financial impact upon the state budget, I have vetoed section 2.

It is my hope that the legislature will act to amend this section in accordance with the original request of the Department of Motor Vehicles.

With the exception of section 2, which I have vetoed, the remainder of Engrossed Senate Bill No. 105 is approved.

Respectfully submitted,
DANIEL J. EVANS
Governor.

April 30, 1969.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

GENTLEMEN:

I return herewith without my approval as to one item, ENGROSSED SENATE BILL NO. 113, entitled:

“An Act relating to counties.”

This bill raises the salaries of the county prosecutors and requires full time prosecuting attorneys for nine more counties.

The legal effect of section 1(3) of the bill is to provide that the salaries of part-time prosecutors in all but fourth class counties will receive a basic salary of \$6,000.00 and an additional \$500.00 for each judge of the superior court in the county's judicial district. The practical effect is that two part-time prosecutors, one for a fifth class county and one for a ninth class county, will receive \$7,000.00. Except for fourth class counties, these two salaries are substantially higher than the salaries of part-time prosecutors of any other county, many who represent more people than the prosecutors of the single fifth and single ninth class county. I have, therefore, vetoed the item in section 1(3) establishing a formula for determining the salaries of part-time prosecutors. This will set the salary for all part-time prosecutors for counties other than fourth class counties at \$6,500.00. Under section 1(1), prosecutors in fourth class counties will receive \$10,000.00 per year.

I urge the legislature to consider the status and salaries of part-time prosecutors at the earliest opportunity at the next session. Every effort should be made to provide every county with the services of a full-time prosecutor.

With the exception of that certain item in section 1(3) which I have vetoed, the remainder of Engrossed Senate Bill No. 113 is approved.

Respectfully submitted,
DANIEL J. EVANS
Governor.

March 25, 1969.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

(Through the Secretary of State)

GENTLEMEN:

I am filing herewith to be transmitted to the Senate at the next session of the legislature, without my approval as to one item, ENGROSSED SENATE BILL NO. 142, entitled:

“An Act relating to education.”

This bill as originally filed would have increased the number of school board directors from five to seven for a school district of the first class having an enrollment of seventy thousand pupils or more and would have made no changes in the method of electing the members of such a school board.

As finally adopted, the bill will create seven director districts in the Seattle School District. Candidates who are residents in a director district will run in the primary election from that district. The two candidates in each district receiving the highest number of votes will run in the general election and will be voted upon by all of the registered voters in the entire school district.

After extended consideration, I have decided, with the exception of one item, to approve the bill. However, I wish to express my grave concern that this substantial change in the method of electing school board members will not necessarily be in the best interests of the Seattle School District and the citizens of Seattle. I am most concerned that a sustained effort be made to prevent this change in the method of election from becoming an impetus encouraging fragmentation and separatism in the Seattle School District.

I urge everyone who is concerned with the development of our public school systems

to observe carefully how effectively this new machinery will work. If it is successful consideration should be given to extending it to all first class school districts. If substantial difficulties are encountered it should be reexamined by the legislature.

The bill provides that the boundaries of the director districts shall be established by the members of the school board and approved by the county committee on school district organization. In section 6 it is provided that appointment of a board member to fill any vacancy existing for a new director district prior to the next regular school election shall be by the school board from a list comprised of names submitted by each legislator resident in the director district, each of whom may suggest not more than three names for such vacancy.

By limiting persons to be considered to those nominated by legislators will be unduly restrictive and therefore will not necessarily provide the school board members with the best possible candidates for consideration. In addition, this device may tend to inject a partisan political flavor into the selection process which would be highly inappropriate to the non-partisan character of our public school system.

I therefore have concluded that the item contained in the bill in section 6 (and in alternate section 10 to be effective upon enactment of the 1969 education code) is an inappropriate method for obtaining nominations for filling the vacancies created as a result of this bill.

To assist the school board in considering candidates for these additional positions, I encourage all interested citizens, and especially members of the legislature residing within the Seattle School District, to communicate their suggestions to the members of the school board for their consideration.

With the exception of the item in section 6 and the alternate identical item in section 10 which I have vetoed for the reasons set forth above, the remainder of the bill is approved.

Respectfully submitted,
DANIEL J. EVANS
Governor.

April 29, 1969.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

GENTLEMEN:

I return herewith without my approval as to certain items, ENGROSSED SENATE BILL No. 143, entitled:

“An Act relating to firearms.”

This bill requires a seventy-two hour waiting period before a pistol may be delivered to a purchaser. In Section 1, the purchaser is required to sign an application stating his name, address, occupation, place of birth and race.

A licensed dealer is required in section 4 of the bill to maintain records stating the race of the purchaser.

These provisions are contrary to the policy of the state as defined in RCW 43.01.100 which prohibits the inclusion of any question relative to an applicant's race or religion in any application blank or license. I am confident that the legislature did not intend to change this stated policy without giving further consideration to the existing state law. I have therefore vetoed the provisions requiring a statement of race on an application to purchase a pistol or requiring a dealer to maintain a record of the purchaser's race as a condition to the dealer's license.

With the exception of certain items in section 1 and section 4(4) which I have vetoed, the remainder of Engrossed Senate Bill No. 143 is approved.

Respectfully submitted,
DANIEL J. EVANS
Governor.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.
(Through the Secretary of State)

GENTLEMEN:

I am filing herewith to be transmitted to the Senate at the next session of the legislature, without my approval as to certain items, SUBSTITUTE SENATE BILL NO. 151, entitled:

"An Act adopting the budget; making appropriations for the operation of state agencies for the fiscal biennium beginning July 1, 1969, and ending June 30, 1971; making supplemental appropriations; and declaring an emergency."

The appropriation to the Supreme Court includes a proviso that states that "no pro tem judge shall be employed after January 1, 1970." The intention of this proviso is to make clear that with the creation of the appellate court, the need for pro tem supreme court judges to assist in the heavy workload of that court should no longer be necessary. However, there are at times circumstances which do justify the use of pro tem judges, such as where a supreme court justice may be disqualified or where there may be extended illness. I have accordingly vetoed this proviso with assurances from the Chief Justice that pro tem judges will be used only in extraordinary circumstances.

The appropriation to the attorney general contains a proviso that "\$50,000 may be used for assistance to counties which do not have full-time prosecutors." Since this proviso by its terms does not actually limit the use of funds appropriated to the attorney general for providing assistance to part-time prosecutors and since the assistance needs of part-time prosecutors may well exceed the sum stated, I have removed this limitation to provide greater flexibility to the office of the attorney general.

In the appropriation to the teachers' retirement system, reference is made to the provisions of "HB No. 514 or SB No. 472". Since the provisions referred to ultimately passed the legislature in neither of these bills but in Senate Bill No. 556, I have vetoed the incorrect reference in order to avoid any uncertainty as to the intention of this provision of the budget.

In the appropriation to the Department of Public Assistance a proviso is included which prohibits general assistance payments unless the applicant or recipient has resided in the state for three out of the last four years. A further proviso authorizes the director to make payments of emergency general assistance notwithstanding the residency requirement for a period of not to exceed ninety days if a denial of assistance would cause undue hardship. The United States Supreme Court has recently held unconstitutional state residency requirements which limit the right of potential recipients from receiving public assistance. Since this is now a constitutional standard which will shortly be implemented within this state I consider it appropriate to delete these provisos from the budget.

In the appropriation to the Department of Agriculture a proviso is included that "not to exceed \$60,000 shall be allocated to Washington State University for the Livestock Diagnostic Center." This proviso contradicts the provisions of Senate Bill No. 313, Chapter 100, Laws of 1969, which authorizes the livestock disease diagnostic program and permits the Director of Agriculture to negotiate contracts with public or private agencies including but not limited to Washington State University. The proviso also could be interpreted to limit expenditures to capital outlays while the intent of the enabling legislation is to establish a program rather than a "Center". Finally, the proviso would appear to limit program expenditures to \$60,000 for the biennium while the enabling legislation permits the service to be provided on a fee basis so that total expenditures should be permitted to exceed \$60,000. For these reasons, I have vetoed the proviso in question.

With the exception of the item described above, the remainder of the bill is approved.

Respectfully submitted,
DANIEL J. EVANS
Governor.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.
(Through the Secretary of State)

GENTLEMEN:

I am filing herewith to be transmitted to the Senate at the next session of the legislature, without my approval as to certain items, SUBSTITUTE SENATE BILL NO. 152, entitled:

“An Act adopting the capital budget; making appropriations for capital improvements; authorizing certain projects; and declaring an emergency.”

The appropriation for the board of education in the capital budget provides from the common school construction fund the sum of \$37,004,427. This amount was also appropriated in Senate Bill No. 737. Therefore, I am removing this duplication by vetoing this item.

In the capital appropriation to the Department of Natural Resources an item of \$80,000 from the Outdoor Recreation Account is included to improve Bird Creek road. This project was never submitted to or considered by the Interagency Committee on Outdoor Recreation although procedures are established whereby its priorities are determined. This priority system is endangered by this line item appropriation of funds from the outdoor recreation account. I have therefore vetoed this item.

The remainder of the bill is approved.

Respectfully submitted,
DANIEL J. EVANS
Governor.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.
(Through the Secretary of State)

GENTLEMEN:

I am returning herewith to be transmitted to the Senate at the next session of the legislature, without my approval as to several items, ENGROSSED SUBSTITUTE SENATE BILL 157, entitled:

“An Act relating to highways; making appropriations for the operations and capital improvements of the state highway commission, the urban arterial board, the Washington toll bridge authority, and the county road administration board; and declaring an emergency.”

This is the Highway Appropriation Act. For the first time, a subcommittee of the legislature reviewed the Highway Department budget in depth, requesting extensive fiscal and performance information in support of the budget. This review was similar to that expected of other agencies of state government. The subcommittee should be highly commended for the excellent progress which they made in emphasizing the information which is vital to the executive and legislative decision process as well as to the management of an agency. They have performed a service which I hope they will continue in subsequent legislative sessions.

As a result of that review, in several programs a portion of the requested appropriation was set aside for subsequent allocation at the request of the highway commission, subject to the approval of the Joint Committee on Highways which must specify the objects for which such amounts will be expended. These amounts may then be allotted by the Central Budget Agency within the rules and procedures established for the allotment of funds to state agencies.

The Budget and Accounting Act clearly describes that it is the responsibility of the governor to propose expenditures. To establish a procedure by which an individual department of state government initiates a request for funding to a small and not broadly

representative part of the legislature seems both contrary to the concept of the Budget and Accounting Act and disruptive of the legislative process. Should this example be carried to its extreme, the various departments of state government could expect to have contingency funds which could be used only with the approval of numerous different interim committees. I do not believe that this is the desire of either the executive branch or a majority of the members of the legislature.

I have, therefore, vetoed the "contingency funds" established in section 1. In so doing, the Department of Highways budget is reduced by \$4,057,776 out of a total budget of \$680,145,033. I do not believe this will be disruptive of the program for the Highway Department appropriation anticipates distribution of substantial federal funding for additional construction which is in excess of that which will probably be received.

Prior to the 1970 legislative session which I intend to call, I will request the Highway Commission and Highway Department to review the highway requirements and provide information as to whether the contingency funds should be restored. A request for such additional funds as may be appropriate can then be submitted to the legislature in January, 1970, in accordance with the Budget and Accounting Act for review and approval by the entire legislature.

Respectfully submitted,
DANIEL J. EVANS
Governor.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

GENTLEMEN:

I am returning herewith, without my approval as to certain items, SUBSTITUTE SENATE BILL NO. 174 entitled:

"An Act relating to private employment agencies."

This bill is a comprehensive act licensing and regulating private employment agencies. The Director of the Department of Motor Vehicles is given supervisory and investigative authority over all private employment agencies and is directed to issue reasonable rules and regulations for the enforcing and carrying out of the purposes of the act.

Section 5 provides that each employment agency must obtain the director's approval prior to using an employment contract or fee schedule. The second sentence of section 5 provides that any proposed contract or fee schedule shall be disapproved by the director if it is vague, deceitful, misrepresentative or in violation of the act. There is no specific reference made in the second sentence of section 5 to disapproval because of charging excessive fees even though the intent of the proponents of this bill was to authorize the director of the Department of Motor Vehicles through rules and regulations to prohibit excessive fees.

Local ordinances presently regulate the fees which may be charged by employment agencies. By the terms of this bill, the state is assuming exclusive jurisdiction over the regulation of private employment agencies. Since there may be some question as to whether this bill specifically authorizes the Department of Motor Vehicles through its rules and regulations to prohibit the charging of excessive fees, I have vetoed the second sentence of section 5 so that it will be clear that the director does have the authority to disapprove contracts or fee schedules on the ground that the fees charged are excessive.

Section 20 (1) creates an employment agency advisory board to advise the director as to the administration of the provisions of the act and the issuance of reasonable rules and regulations. The board is to consist of eight members, one to be the Attorney General or his designee and seven to be appointed by the Governor. Of those to be appointed by the Governor, five shall be persons owning or managing employment agencies and the sixth and seventh shall be representatives of employers and the majority of workmen employed in the state. In selecting the employer and employee representatives the Governor may only select from lists submitted respectively by a recognized statewide organization of employers and an organization statewide in scope representing a majority of organized labor in the state.

While the designation of a representative of employers and a representative of

employees is acceptable, the requirement that these representatives be designated from lists submitted by employer and employee organizations is unduly restrictive. Therefore, I have vetoed in section 20 (1) those items so restricting the appointing authority.

With these exceptions, the remainder of Substitute Senate Bill No. 174 is approved.

Respectfully submitted,
DANIEL J. EVANS
Governor.

April 25, 1969.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

GENTLEMEN:

I am returning herewith, without my approval as to two items, ENGROSSED SENATE BILL NO. 186 entitled:

“An Act relating to mobile homes and travel trailers.”

Section 3 of the bill establishes the Mobile Home and Travel Trailer Advisory Board consisting of seven members to be appointed by the Governor. Of the seven members, one member represents the mobile home manufacturers, one member represents the travel trailer manufacturers, one member represents the plumbing apparatus and equipment suppliers, one member represents the electrical material, equipment or appliance suppliers, one member represents the heating equipment suppliers, one member represents the general public, and one member is the chief supervisor for the mobile home and travel trailer section of the Department of Labor and Industries.

Under the terms of section 3, no rule or regulation may be amended or repealed until the advisory board has first had the opportunity to consider the amendment or repeal and to make recommendations to the director.

The group is advisory in nature and will be of assistance to the Director of Labor and Industries. In my judgment, however, it serves no useful purpose for the rule-making responsibility of the director to be limited by requiring the committee to meet on every amendment or repeal. Under the wording of the bill, inability of the board to hold a meeting, or lack of a quorum, would prevent any change in the rules. One of the chief purposes of the rule-making power is to deal with emergency conditions. In order to preserve the emergency power of the director, I have vetoed the item requiring the committee to meet on any amendment or repeal of the rules of the department. In practice, my veto will not change the role of the advisory board.

In appointing the representatives to the board, the Governor may only select from lists submitted by nonprofit organizations or associations representing individuals, corporations or associations engaged in the business classification from which such members shall be selected.

While the designation of a representative of the designated groups is acceptable, the requirement that these representatives be selected only from lists submitted by specific organizations is unduly restrictive. I have therefore vetoed in section 3 those items restricting the appointing authority.

With these exceptions, the remainder of Engrossed Senate Bill No. 186 is approved.

Respectfully submitted,
DANIEL J. EVANS
Governor.

April 3, 1969.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

GENTLEMEN:

I am returning herewith without my approval as to one item, SENATE BILL NO. 242, entitled:

“An Act relating to public hospital districts.”

This bill makes a number of amendments to special statutes relating to public hospital districts, particularly to those statutes relating to the indebtedness which may be incurred by these districts. The bill increases the permissible interest rate on bonds issued by public hospital districts, and doubles the amount of bonds which a district may issue with the approval of 60% of the voters.

Section 4 amends RCW 39.36.020, which is the general statute relating to indebtedness of all taxing districts.

Section 3, chapter 142, Laws of 1969, passed at the regular session of the Forty-First Legislature, also amended RCW 39.36.020 in a manner that differs from the amendment contained in section 4 of Senate Bill No. 242. Fortunately, the object of the amendment contained in section 4 of this bill, which is to double the amount of bonds which a public hospital district may issue with the approval of 60% of the voters of the district, was accomplished by the amendment of RCW 39.36.020 contained in section 3, chapter 142, Laws of 1969.

The deletion of Section 4 of Senate Bill No. 242 will in no way defeat the purpose of this bill. It will prevent inconsistent amendments to the same section of the law from becoming effective and will therefore preserve the amendments of that section contained in the law passed in the regular session of the Forty-First Legislature.

Except for section 4 which I have vetoed, the remainder of Senate Bill No. 242 is approved.

Respectfully submitted,
DANIEL J. EVANS
Governor.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.
(Through the Secretary of State)

GENTLEMEN:

I am filing herewith to be transmitted to the Senate at the next session of the legislature, without my approval as to one item, ENGROSSED SENATE BILL NO. 243, entitled:

“An Act relating to the council on higher education in the state of Washington.”

This bill creates the Council on Higher Education. Its membership will make it broadly representative of the general public, public and private higher education and the legislature. It is charged with the responsibility of engaging in overall planning for higher education in the state. With the rapid increase in enrollments and the resources required to meet the needs of higher education the functions of this council will be extremely important. It is imperative that the council proceed promptly with its responsibilities upon being organized.

Section 3 of the bill describes the functions which the council may perform. An amendment was added to this section which would prohibit the council from undertaking any of its planning functions except upon the prior approval of the Joint Committee on Higher Education. The joint committee, created by Senate Bill No. 244 as a permanent statutory interim committee of the legislature, will also have major responsibilities relating to the development of legislative programs for higher education. I have concluded that it is inadvisable to limit the functions of the Higher Education Council only to those which may from time to time be approved by the Joint Committee on Higher Education.

My reasons for objecting to this limitation are:

1. The council will have within its membership four members of the legislature so that there should be adequate opportunity for a close working relationship with the legislature. In addition, I am confident that the council will want to work closely with the Joint Committee on Higher Education.

2. There are no standards included in the bill by which the Joint Committee on Higher

Education may be measured in determining what subjects it will allow the council to undertake.

3. While the Joint Committee on Higher Education has a clear responsibility with respect to planning for higher education, so also do the general public and the representatives of higher education. The capacity of the council to consider the pressing planning problems of higher education should not be hamstrung by the need for prior approval of an interim committee of the legislature.

4. The council should commence its operations as soon as possible. With the failure of the supplemental appropriation bill, and the consequent lack of funding for the Joint Committee on Higher Education, its functions may be seriously hampered. This could in turn prevent the Council on Higher Education from functioning effectively because of the difficulty of obtaining the necessary prior approval of the joint committee.

With the exception of the single item in Section 3 of the bill, the remainder of the bill is approved.

Respectfully submitted,
DANIEL J. EVANS
Governor.

GENTLEMEN:

I am filing herewith to be transmitted to the Senate at the next session of the legislature, without my approval as to one section, SENATE BILL NO. 277 entitled:

“An Act relating to the blind, the visually handicapped and the otherwise physically disabled.”

This is a comprehensive act aimed at encouraging and enabling the blind, the visually handicapped and the otherwise physically disabled to participate fully in the social and economic life of the state and to engage in remunerative employment. I am fully supportive of the objectives of this legislation.

Section 8 of the bill requires that the Governor each year take suitable public notice of October 15 as White Cane Safety Day, directs that he issue a proclamation to that effect and describes the content to be contained in that proclamation. There are numerous special observance days each year which I as Governor acknowledge by statements supporting the objectives of groups sponsoring those observance days. However, none of these days are mandated by statute. In addition, gubernatorial proclamations are limited and defined by statute. The use of a gubernatorial proclamation for the purpose described in section 8 is not appropriate. Therefore I have vetoed section 8 of the bill. The remainder of the bill is approved.

Respectfully submitted,
DANIEL J. EVANS
Governor.

April 18, 1969.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

GENTLEMEN:

I return herewith without my approval as to several items, SENATE BILL NO. 318, entitled:

“An Act relating to depositaries and deposits of public funds.”

Senate Bill No. 318 would prohibit the State Finance Committee, the State Treasurer

or other state officers, county treasurers or city or town treasurers from selecting or designating as a depository for state, county or city funds any bank that claims exemption from the retail sales tax, the use tax or ad valorem taxes.

Banks are not exempt from these taxes under the state law. However, the United States Supreme Court last June affirmed that under federal law, national banks are exempt from state sales and use taxes. This case interpreted an 1864 statute, setting limits on how national banks may be taxed. A bill has been introduced in the present Congress to make federally chartered banks subject to state sales and use taxes.

The national banks of the State of Washington have paid the sales tax and use tax throughout the history of the revenue act and have not claimed exemption in any case that has come to the attention of the Department of Revenue. However, the publicity given to the Supreme Court decision has raised the possibility that national bank officers could be pressured by their stockholders to refuse to pay these taxes.

The first eight sections prohibit state and local officers from depositing public funds with institutions that claim exemption from state sales, use and ad valorem taxes.

Section 9 states that the act is not to be construed to impair existing contracts for the deposit of public funds, but is to be construed to limit the obligations under any existing contracts with banks claiming exemptions to the shortest possible term or period of time authorized by such contracts. The act specifically exercises all options to terminate existing contracts for the deposit of public funds that are inconsistent with the terms of the act. Further, all public officers are directed to exercise such options on penalty of removal from office.

Removal from office is properly reserved for serious misconduct of public officials. Under Senate Bill No. 318, a clerical error resulting in the failure to exercise an option to terminate a deposit agreement would require the removal of all public officials responsible. This is an unnecessarily harsh penalty, particularly since Senate Bill No. 318 itself exercises all options to terminate deposit agreements with banks which claim exemption from state taxes. I have therefore vetoed the penalty provision.

Section 10 is an emergency clause. No national bank has claimed exemption from these state taxes. An emergency clause denies the right of referendum. Under our Constitution, an emergency clause should be used only under circumstances dictating a recognizable emergency. No emergency has been demonstrated in this case. I have therefore vetoed Section 10.

With the exception of a certain item in Section 9 and all of Section 10 which I have vetoed, the remainder of Senate Bill No. 318 is approved.

Respectfully submitted,
DANIEL J. EVANS
Governor.

May 22, 1969.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.
(Through the Secretary of State)

GENTLEMEN:

I am returning herewith without my approval as to certain items, ENGROSSED SENATE BILL NO. 326 entitled:

"An Act relating to state government; creating an office of program planning and fiscal management within the office of the governor; prescribing its composition, powers, duties and functions; transferring certain powers, duties and functions thereto from the central budget agency and the planning and community affairs agency; abolishing the central budget agency."

This bill creates the Office of Program Planning and Fiscal Management within the Office of the Governor. The present functions of the Central Budget Agency and the planning functions of the Planning and Community Affairs Agency are transferred to the Office of Program Planning and Fiscal Management. This is a significant step forward in the process of planning and budgeting for state government.

Section 10 of the bill adds a new section to Chapter 43.88 RCW, the Budget and Accounting Act. Section 10 provides that the term "Budget Director" shall mean the Director of Program Planning and Fiscal Management. Because of language which limits the application of section 10, I have vetoed an item in that section so that the change in title from Budget Director to Director of Program Planning and Fiscal Management will be broadly construed.

Section 11 of the bill describes the responsibilities of the Office of Program Planning and Fiscal Management. Subsection 5 refers to that office providing aid to the Community Affairs and Development Agency. Since that agency was not created by the legislature as I had requested, in order to avoid any uncertainty as to the meaning of subsection 5 I have vetoed the item referring to the Community Affairs and Development Agency.

Section 23 of the bill provides that the effective date of the act will be July 1, 1969, the beginning of the next biennium. Since no emergency clause is included in the bill, and less than ninety days remain before July 1, I have vetoed section 23 so that the effective date of the act will be ninety days after the adjournment of the first extraordinary session of the 41st Legislature.

Respectfully submitted,
DANIEL J. EVANS
Governor.

April 24, 1969.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

GENTLEMEN:

I return herewith without my approval as to one section, ENGROSSED SENATE BILL NO. 341, entitled:

"An Act relating to intoxicating liquor."

This is the Liquor Board omnibus bill.

Section 11 of the bill provides:

Any resident of the state of Washington while outside the territorial boundaries of the state may purchase wine outside the boundaries of the state and may import such wine for his personal use and not for resale, in accordance with the provisions of this section.

There are no other "provisions" of the section governing the importation of wine, nor are there limitations on the blanket authority to import wine for personal use under section 11. Presumably, the section permits one to step across the state line and then to ship unlimited quantities of wine into the state. The only limitation is that it be for personal use, at best an elusive standard. None of the controls consistent with Washington State liquor laws would attach to wine imported under this section.

Without any controls, there is greater opportunity to move wine imported under the provisions of this section into commercial channels in contravention of the law. There is a distinct possibility of substantial revenue loss to the state.

For these reasons, I have vetoed section 11. The remainder of Engrossed Senate Bill No. 341 is approved.

Respectfully submitted,
DANIEL J. EVANS
Governor.

April 17, 1969.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

GENTLEMEN:

I return herewith without my approval as to one item, SENATE BILL NO. 410, entitled:

“An Act relating to probate law and procedure.”

This bill permits wills to be proven by an affidavit of attesting witnesses stating the facts that the law now requires be testified to in open court. An affidavit in support of the will may be written on the will or attached to it. The court is authorized to accept such a sworn statement as if the witness had appeared and testified in court.

Section 2 provides that the act shall be effective July 1, 1969. This bill was drafted with the assumption that it would pass in the regular session. Section 2 was designed to postpone the effective date of the act.

Article 11, Section 41, of our Constitution states that:

“No act, law, or bill subject to referendum shall take effect until ninety days after the adjournment of the session at which it was enacted.”

Every law passed by the Legislature is subject to referendum except such laws as may be necessary for the immediate preservation of the public peace, health or safety, or the support of the state government and its existing public institutions.

July 1, 1969, is now less than ninety days away.

Between July 1, 1969, and the period expiring ninety days after the close of the First Extraordinary Session of the 41st Legislature, any affidavit based on this statute would be ineffective. Rather than to allow the confusion between the effective date stated in the bill and the constitutional effective date of Senate Bill No. 410, I have vetoed section 2.

The remainder of the bill is approved.

Respectfully submitted,
DANIEL J. EVANS
Governor.

May 3, 1969.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

GENTLEMEN:

I am returning herewith without my approval as to one item ENGROSSED SENATE BILL NO. 474, entitled:

“An Act relating to public health; establishing housing and sanitation standards for migrant farm workers and their families; and declaring an emergency.”

This bill provides that all housing for agricultural workers and their dependents now existing shall be governed by the rules and regulations for the regulation of labor camps promulgated by the state board of health effective March 11, 1960. It further provides that all new housing constructed for agricultural workers and their dependents after the effective date of the act must comply with the rules and regulations of the state board of health for labor camps filed with the office of the code reviser on November 20, 1968, and future amendments and revisions thereof.

The effect of this bill is to except existing housing for agricultural workers from the provisions of the regulations of the board of health filed on November 20, 1968, but to extend the coverage of the 1960 regulations to all existing housing for agricultural workers.

If approved, this bill would actually discourage the replacement of obsolete housing since those who provide such housing would be penalized if they should wish to upgrade their facilities. There does not appear to be any desirability in approving legislation which would actually deter the upgrading of housing to the higher standards of the 1968 regulations.

The effect of subsection 1 of section 1 would be to prevent any future modification of the 1960 regulations applicable to existing housing until such time as that subsection would be repealed by the legislature. For example, the board of health would forever be prevented from requiring that running water be installed in pre-1960 housing or to require many other improvements needed in existing housing. At the same time, subsection 2 of section 1 authorizes future amendments and revisions of the 1968 regulations applicable to new housing. The prohibition against future modification of the regulations applicable to existing housing would apply irrespective of whether the standards were to be raised or

lowered. This prohibition of any further amendment of the 1960 regulations would emasculate the administrative machinery of the board of health and the board would be prevented from being able to respond to changing circumstances with respect to housing constructed prior to the effective date of this act.

To prevent placing such limitations upon the board of health and to safeguard the board's authority to regulate both existing housing under present law and new construction, I have vetoed subsection 1 of section one of the bill.

The 1968 labor camp regulations adopted by the board of health apply both to existing housing and new construction but contain provisions whereby existing housing may be upgraded over a five-year period. In adopting the new 1968 regulations it is understandable that technical and substantive modifications to those regulations would be required after consideration of their impact upon both employers and employees and upon the quality and quantity of housing available.

There has now been an opportunity for such consideration as well as extensive legislative debate. Therefore, it would appear appropriate for the board of health to review the 1968 regulations for the purpose of possible amendment. Accordingly, I am requesting the board of health to consider this matter further at its June 5 meeting.

With the exception of the one item of subsection 1 of section 1, the remainder of Engrossed Senate Bill No. 474 is approved.

Respectfully submitted,
DANIEL J. EVANS
Governor.

(Through the Secretary of State)

GENTLEMEN:

I am filing herewith to be transmitted to the Senate at the next session of the legislature, without my approval as to one item, ENGROSSED SENATE BILL NO. 556, entitled:

"An Act relating to education."

This bill is an omnibus education bill. Sections 46 through 50 contain provisions which authorize old age annuities and retirement income plans for community college employees. In Section 50 an erroneous internal reference is made to another section of the act. To cure this technical error I have vetoed the cross referenced provision in Section 50.

With the exception of that one item, the remainder of this bill is approved.

Respectfully submitted,
DANIEL J. EVANS
Governor.

April 25, 1969.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

GENTLEMEN:

I return herewith without my approval as to several sections, ENGROSSED SENATE BILL NO. 560, entitled:

"An Act relating to interest rates on obligations of the state and various political subdivisions thereof."

The purpose of this bill is to increase the allowable interest rate on bonds issued by the state and its political subdivisions to eight percent.

Section 5 of the bill raises the interest rate of school district bonds from six to eight

percent by amending RCW 28.51.010. This same section was amended by Senate Bill No. 618 passed in the first session of the 41st Legislature, now Chapter 142, Laws of 1969. Chapter 142 eliminated the six percent interest rate limitation on school district bonds.

Section 49 of Engrossed Senate Bill No. 560 amends RCW 70.44.060 relating to the authority of hospital districts to issue bonds by increasing the permissible interest rate from six to eight percent. This section duplicates section 1 of Senate Bill No. 242, now Chapter 45, Laws of 1969, Extraordinary Session.

Section 92 amends RCW 70.44.120 relating to the procedure for issuing hospital district bonds. This section also changes the reference to the allowable interest rate from six to eight percent. Section 3 of Senate Bill No. 242, has already accomplished this purpose.

In each case, the sole purpose of the section of Engrossed Senate Bill No. 560 is to raise the permissible interest rate to eight percent. This purpose was accomplished by each of the earlier acts which have been signed into law. In order to avoid the confusion resulting from two amendments to the same section being enacted, I have vetoed sections 5, 49 and 92 of Senate Bill No. 560. The remainder of the bill is approved.

Respectfully submitted,
DANIEL J. EVANS
Governor.

March 25, 1969.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.
(Through the Secretary of State)

GENTLEMEN:

I am filing herewith to be transmitted to the Senate at the next session of the legislature, without my approval as to one item, SENATE BILL NO. 618 entitled:

"An Act relating to local government; permitting certain indebtedness for taxing districts, political subdivisions or municipal corporations."

The principal objectives of Senate Bill No. 618 are to double the amount of bonds which a school district may issue with the approval of sixty percent of the voters, and to double the indebtedness which a city may incur upon the vote of its governing body to be repaid from regular revenues of the city. The bill also contains language clarifying the purposes for which school district bonds may be issued, increases the permissible interest rate on county bonds, and amends the general indebtedness statute (RCW 39.36.020) so that its provisions will conform with the provisions of Article 8, Section 6 of the State Constitution. The amendment of this general statute does not alter special statutes which fix indebtedness limits for particular types of taxing districts. These special statutes can be amended as the legislature wishes without the necessity of further amendments to RCW 39.36.020.

Section 4 of Senate Bill No. 618 amends RCW 36.67.020 which is the special statute relating to indebtedness which may be contracted by a county with the approval of a sixty percent majority of the voters. The statute limits indebtedness to

"... five percent on the value of the taxable property therein (being twice the assessed valuation), to be ascertained as provided in RCW 36.67.010 . . ."

Section 4 of this bill would delete the parenthetical phrase "(being twice the assessed valuation)". After reviewing this matter with members of the legislature and with legal counsel who specialize in municipal bond work I am satisfied that this amendment in no way alters the present debt limits of counties under existing constitutional provisions. The Constitution now provides for assessments to be made at fifty percent of true and fair value; thus, for debt limit purposes, the "value of the taxable property" in a county is determined by multiplying the assessed valuation of the county by two, whether or not the parenthetical phrase is stated in the statute. The purpose of deleting the parenthetical phrase "being twice the assessed valuation" in Section 4, and in other sections of this bill where similar language is deleted, is to anticipate a possible change in the State Constitution under which assessments would be made at actual value and regular levies would be limited to an aggregate of one percent of that value.

Unfortunately, merely deleting the parenthetical phrase in Section 4 without also deleting the further language "to be ascertained as provided in RCW 36.67.010" causes PCW 36.67.020 to be confusing and susceptible of the interpretation that the amendment was intended to reduce by one-half the bonding capacity of counties.

Since the proposed amendment contained in Section 4 is not intended to change present indebtedness limitations of counties, and since the amendment is confusing and ambiguous, I have vetoed Section 4 in order to retain the language of RCW 36.67.020 in its present form. In the event the people ratify a constitutional amendment fixing regular property tax levies at one percent of the value of property, and assessments are made at full value, the legislature should amend RCW 36.67.020 and other special debt limitation statutes containing the phrase "being twice the assessed valuation" in order to prevent a situation under which statutes specify an unconstitutional debt limitation for taxing districts.

Except for Section 4 which I have vetoed, the remainder of Senate Bill No. 618 is approved.

Respectfully submitted,
DANIEL J. EVANS
Governor.

April 18, 1969.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

GENTLEMEN:

I am returning herewith without my approval as to certain items ENGROSSED SENATE BILL NO. 624 entitled:

"An Act relating to horse racing."

This bill makes several changes in the statutes relating to horse racing.

Section 3 requires each licensee to pay an additional one percent of the gross receipts of parimutuel machines to the licensed owners of horses finishing first through fourth in Washington bred only races, excluding stake races. The section does not apply to non-profit race meets or those of less than six days or having a total annual handle of less than \$200,000. Licensees may not take into consideration the additional one percent in establishing purses for Washington bred only races.

The purpose of this section is to encourage the breeding and racing of race horses within the State of Washington. Confining the benefits of this section to Washington bred only races and excluding the winners of stake races from the benefits of this section creates an unduly large purse for a small segment of owners, and fails to recognize the accomplishments of outstanding Washington breeders.

I have therefore vetoed the item limiting the benefits of the one percent collected under this section to licensed owners of winners of Washington bred only races and excluding winners of Washington bred only stake races and the corresponding reference in the following sentence of the section referring to Washington bred only races.

My veto does not limit the purpose of the act which is to encourage Washington horse breeding and the racing of Washington horses within the boundaries of our state.

With the exceptions of the items in Section 3 which I have vetoed for the reason stated, the remainder of Engrossed Senate Bill No. 624 is approved.

Respectfully submitted,
DANIEL J. EVANS
Governor.

May 23, 1969.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.
(Through the Secretary of State)

GENTLEMEN:

I am filing herewith to be transmitted to the Senate at the next session of the legislature, without my approval as to certain items, ENGROSSED SUBSTITUTE SENATE BILL NO. 724, entitled:

"An Act relating to highways and the operation of vehicles thereon; describing powers and duties of the Washington state highway commission, the Washington toll bridge authority, the department of motor vehicles and the joint committee on highways together with the divisions of said agencies; providing for the designation, establishment, and construction of certain highway facilities and alternate routes; relating to ferries and other toll facilities and the financing thereof; providing for surveys and studies of proposed highway additions; providing for highway studies; prescribing fees, size, weight, load permits, fuel tax exemptions and equipment restrictions for certain motor vehicles; and relating to the licensing of drivers and vehicles."

This is the highway omnibus bill. It contains 64 sections relating to various aspects of the highway program.

Section 19 and Subsection 3 of Section 37 attempt to address the serious and growing problem related to urban transportation. Section 19 creates a division of urban transportation in the Washington State Highway Commission and is charged with the responsibility of coordinating state, regional and local transportation planning in cooperation with regional and local agencies. In addition it is made responsible for the administering of transportation planning and research grants to regional agencies, cities and counties and is given primary responsibility for coordinating the development of balanced transportation plans. This division is also given oversight functions with respect to the expenditure of the one percent excise tax on motor vehicles as authorized in Engrossed House Bill No. 641, the mass transit bill.

The need for a comprehensive approach to transportation planning is now beyond dispute. Regrettably, the legislature declined to create a comprehensive Department of Transportation as I had requested. Section 19 of this bill now seeks to grant to the Highway Commission and the Department of Highways certain aspects of what would have been included within a broad Department of Transportation.

Until a Department of Transportation is created which will have the capacity to plan comprehensively, I do not consider it desirable to assign the urban transportation planning functions to a commission and department whose basic function is to design, construct and administer the public highway system only.

Subsection 3 of Section 37 authorizes the Joint Committee on Highways to undertake a comprehensive review of long-range transportation plans for the Seattle Metropolitan area as adopted by the City of Seattle, the Municipality of Metropolitan Seattle, King County, the Puget Sound Governmental Conference and the State Highway Commission. The committee is directed to retain consultants to evaluate the existing long-range transportation plans and the proper roles of responsibility for various modes of transportation. The consultants are to be charged with recommending criteria or models to be used in assigning to the various modes of transportation responsibility for meeting present and long-range traffic carrying requirements.

In view of the most recent pronouncement of the Washington State Supreme Court in *Slavin v. O'Connell*, 75 Wn. 2d 568 (1969), there is a serious question as to the constitutionality of the use of the motor vehicle fund for non-highway transportation planning purposes. In addition, the undertaking of a comprehensive review of long-range transportation plans includes the serious risk of significant further delay in implementing a mass transit program, strong support for which has been provided by the legislature with the passage of Engrossed House Bill No. 641. The support shown by the legislature for public transportation systems in all of our cities reflects a desire to get on with the job of constructing a balanced transportation system.

While the concept of comprehensive transportation planning is highly desirable, the mechanics of accomplishing this objective as embodied in Section 19 or Subsection 3 of Section 37 are not acceptable as submitted. I urge the legislature again at its earliest opportunity to consider and enact a bill creating a Department of Transportation which will bring this state into step with both the federal government and many other states and will

provide the means for a broad attack upon the critically important transportation problems of our state.

For the reasons stated I have vetoed Section 19 and Subsection 3 of Section 37.

Respectfully submitted,
DANIEL J. EVANS
Governor.

April 19, 1969.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

GENTLEMEN:

I return herewith without my approval as to one item, ENGROSSED SENATE BILL NO. 744, entitled:

"An Act relating to state government; prescribing restrictions against conflicts of interest in the executive branch thereof."

It is the purpose of this act to prescribe essential restrictions against conflicts of interest in the executive branch of the state government without creating unnecessary barriers to public service. The act promotes the dual objectives of protecting the integrity of state government and facilitating the recruitment and retention of personnel.

Sections 1 through 15 contain the definitions essential to the clarity of the act. Section 16 prohibits state employees from participating in any transaction in which he or specified persons, including members of his immediate family, have a substantial economic interest. Section 20 prohibits state employees from accepting gifts from persons dealing with the state if the employee has reason to believe that the only reason for the gift is the state employee's position. Section 21 prohibits a state employee from coercing others into bestowing gifts. Section 22 repeats the existing statutory prohibition against a former state employee's appearing before his former agency for two years, and prohibits a former state employee from assisting another person in any transaction involving the state in which the former state employee personally participated as a state employee. These sections constitute the principal substantive provisions of the act.

Section 18 permits a state employee, under certain conditions, to assist specified persons, including his family and one whom he serves as a personal fiduciary, in transactions involving the state. This section requires that in such cases the state employee advise the head of his administrative agency of his interest and obtain the agency head's approval before the state employee may assist another in a transaction involving the state.

Section 18 also applies to employee relations to permit an employee to assist another employee in a disciplinary or other personnel administration proceeding. This provision promotes good relations with the state's employees and with recognized organizations representing employees. However, the section requires that the agency head approve before one employee may assist another in a personnel matter.

While it is important that any conflict with the state be disclosed, in my judgment, it is not in keeping with accepted concepts of management-employee relations to permit an agency head to prohibit one employee from representing another employee in an administrative personnel matter. If this were to become the law, any agency head could prohibit a shop steward from representing an employee. I have therefore vetoed from section 18 the requirement that an employee obtain the approval of his agency head before assisting his fellow employee in a disciplinary or other personnel administration proceeding.

The remainder of Senate Bill No. 744 is approved.

Respectfully submitted,
DANIEL J. EVANS
Governor.
