ENGROSSED HOUSE BILL NO. 709, by Representatives Whetzel, Perry and Leland: Authorizing first, second and third class cities to establish off-street parking facilities.

SPECIAL ORDER OF BUSINESS

The time having arrived, the Senate resumed consideration of Engrossed House Bill No. 709.

The bill was read the second time by sections.

On motion of Senator Pritchard, the following amendment was adopted:

On page 8, section 11, line 21 after "this chapter." insert "The proceeds of such excise tax shall be allocated by the county treasurer to the various taxing authorities in which such property is situated, in the same manner as though the property were in private ownership."

Senator Walgren moved adoption of the following amendment:

On page 10, after section 13, add a new section to read as follows:

"Sec. 14. Section 35.86.020, chapter 7, Laws of 1965 as amended by section 14, chapter 144, Laws of 1967 ex. sess. and RCW 35.86.020 are each amended to read as follows:

"In order to provide for off-street parking space and/or facilities, such cities are authorized, in addition to [their] *the powers already possessed by them* for financing public improvements, to finance their acquisition and construction through the issuance and sale of revenue bonds or general obligation bonds or both. Any bonds issued by such cities pursuant to this section shall be issued in the manner and within the limitations prescribed by the Constitution and the laws of this state.

"In addition local improvement districts may be created and their financing procedures used for this purpose in accordance with the provisions of Title 35 as now or hereafter amended.

"Such cities may authorize and finance the economic and physical surveys and plans, *acquisition* and construction, for off-street parking spaces and facilities, and the maintenance and management of such off-street parking spaces and facilities either within their general budget or by issuing revenue bonds or general obligation bonds or both.

"General obligation bonds issued hereunder may additionally be made payable from any otherwise unpledged revenue, fees or charges which may be derived from the ownership, operation, lease or license of off-street parking space or facilities or which may be derived from the license of on-street parking space.

"Such cities may, in addition to utilizing and pledging revenues from off-street parking

spaces and facilities, utilize and pledge revenues from on-street parking meters in exercising any of the powers provided by this chapter, including the financing of economic and physical surveys and plans, acquisition, and construction, for off-street parking facilities, the maintenance and management thereof, and for the payment of debt service of revenue bonds issued therefor.

"In the event revenue bonds are issued, such cities are authorized to make such covenants pertaining to the continued maintenance of on-street and/or off-street parking spaces and facilities and the fixing of rates and charges for the use thereof as are deemed necessary to effectuate the sale of such revenue bonds."

Renumber the remaining sections consecutively.

POINTS OF INQUIRY

Senator Mardesich: "Would Senator Walgren yield to a question? Senator Walgren, in view of your new section which you are adding on page 6, subsection 10, what is the need of your section in view of the language that is in subsection 10?"

Senator Walgren: "I don't think it has any effect whatsoever."

Senator Mardesich: "I notice they can't charge any more or less than a private facility and I assume they would be operating at a profit or they wouldn't be in business. What would be the necessity of pledging on-street parking charges?"

Senator Walgren: "As I understand the situation right now, this amendment will simply allow the cities to operate an off-street parking facility and use the revenue that might be derived from parking meters for that purpose to retire the bonds that are required to build this particular facility."

Senator Mardesich: "Yes, but subsection 10 of section 7 provides that they shall pay a charge no more or less than prevailing commercial rates and if they are doing that, what is the necessity of pledging on-street parking fees is my point?"

Senator Walgren: "I am sorry. I missed the point."

Senator Mardesich: "If they can charge no more or no less than a private operator, I would assume that that private operator would not be in business unless he is making a profit because he can't afford to stay in business if he isn't making a profit. If he is making a profit and in business then why should the city do anything more or less than that. Why should they need the on-street parking fees to justify their bonding. This is the point."

Senator Walgren: "I think that this is just a question of philosophy here, Senator Mardesich, as to whether it is proper for the cities to be engaged at all in providing parking facilities for its citizens or whether it should be left entirely to the private enterprise. Many cities feel that they should have the authority to provide parking facilities for their people. This would permit them to do so otherwise they have great difficulty in doing so."

Senator Mardesich: "I actually see nothing wrong with the section except I see no need for it."

Senator Talley: "I think I can answer Senator Mardesich's question. It is just affecting the sale of the bonds. The bond attorneys want more revenue pledged in case this off-street parking doesn't pay. They have a guarantee payment, that's all."

Senator Uhlman: "Would Senator Walgren yield to a question? Senator, in the event that the House would not concur in this amendment, would it be your recommendation to the Senate that we recede from this amendment?"

Senator Walgren: "I think that is a question I would have to answer when and if that particular bridge needs to be crossed."

Debate ensued.

The motion carried and the amendment was adopted.

On motion of Senator Mardesich the following amendment was adopted:

On page 5, section 7, line 19, after "business;" strike "dedicate any property for public purposes;"

Senator Gissberg moved adoption of the following amendment:

On page 6, section 7, line 4, after "city." strike all the matter down to and including "area." on line 7.

POINTS OF INQUIRY

Senator Canfield: "Would Senator Gissberg yield to a question? Senator Gissberg, in listening to your proposed amendment, I was just reading this over and it says that the individual private operator doesn't set the rate but rather it refers to the prevailing rate and I am just wondering what the interpretation of that word 'prevailing' would mean to you?"

Senator Gissberg: "'Prevailing' simply means the rate that is being charged at the time."

Senator Canfield: "I had a little different interpretation of that. 'Prevailing' would mean to me which rate prevails. That is what the average rate or the customary rate is rather than one which happens to be in existence at a certain place at a certain time."

Senator Greive: "I would like to answer that by saying that we assume it is the West Seattle or University District where they don't charge anything. Does that mean that

because one lot in the whole area does charge, for instance they have one in the University District next to the Meany Hotel which charges but a vast majority of the parking in that area is free the same as in West Seattle because they have the same set up, owned by the merchants or a non-profit corporation. So then you would probably have to charge the only rate that could be charged and it means that there couldn't be any free public parking in connection with this even if the merchants wanted to pay for it."

The motion carried and the amendment was adopted.

On motion of Senator Walgren, the following amendment to the title was adopted:

In line 3 of the title after ".040;" and before "and adding" insert "amending section 35.86.020, chapter 7, Laws of 1965, as amended by section 14, chapter 144, Laws of 1967 ex. sess. and RCW 35.86.020;"

On motion of Senator Uhlman, the rules were suspended, Engrossed House Bill No. 709, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

ENGROSSED HOUSE BILL NO. 367, by Representatives Cunningham, Conner and Veroske (by departmental request):

Exempting part time professional consultants from the classified service.

The bill was read the second time by sections.

Senator Atwood moved adoption of the following amendment:

On page 3, section 2, line 18 of the engrossed bill, after "the" strike "state department of personnel" and insert "central budget agency"

POINTS OF INQUIRY

Senator Guess: "Would Senator Atwood yield to a question? Senator Atwood, will this give the central budget agency the power to pass upon the engineering technical competence of the people who are being selected?"

Senator Atwood: "Only indirectly, Senator."

Senator Guess: "How indirectly, Senator Atwood?"

Senator Atwood: "They control the money now, Senator Guess, on allocation."

Senator Guess: "This is all right for money but I want to know is central budget agency going to have to spare a sufficient amount of personnel to judge the technical competence of the consultants proposed by the highway department?"

Senator Atwood: "I would assume that they would take the recommendation and look it over and see if it was worthwhile. Somebody has to control this. Senator Faulk did a study on the contract services on consultants and it was enormous. All we are trying to do is to get a handle on it and the central budget agency is the correct agency to put the handle with."

Senator Guess: "Senator Atwood, would this by any chance be a move to try to stop the highway department from using consultants?"

Senator Atwood: "Not a bit."

Senator Uhlman: "Would Senator Atwood yield to a question? Senator Atwood, I am looking very hastily at page 2, subsection (12). Could you tell me the significance of the change in the placing of the wording there?"

Senator Atwood: "This amendment is to the engrossed bill and you are looking at the bill with the House amendments."

Senator Uhlman: "I don't have the engrossed bill in my book."

Senator Atwood: "I know, it isn't in the book now. Would you repeat your question?"

Senator Uhlman: "My question is on the bill that we have before us in the book and I am wondering what the significance of the change in placement in section 12. Unfortunately there are no line numbers on this particular page but it is subsection 12 where the words 'and part time professional consultants' have been stricken in the first portion. Is that a grammatical change?"

Senator Atwood: "That is the way I would read it. I don't know that much about the bill but it seems to just replace it further down in the sentence so it doesn't change the overall meaning of that section."

Senator Uhlman: "It doesn't appear to but I was just curious as to what your interpretation was."

Senator Atwood: "My interpretation is just exactly what yours is. It doesn't change the meaning at all because those words were stricken outright after 'employees'."

MOTION

On motion of Senator Mardesich, Engrossed House Bill No. 367 and the pending amendment by Senator Atwood was made a special order of business after lunch.

ENGROSSED HOUSE BILL NO. 370, by Representatives Barden, Hawley and Jastad (by departmental request):

Senator Washington moved the adoption of the committee amendments.

POINT OF INQUIRY

Senator Uhlman: "Would Senator Washington yield to a question? Senator, in new section 4 there are some repealers and of course we have not had an opportunity to leave the Senate floor to check an RCW to see what those repealers are. Could you tell me what is being repealed in that section?"

Senator Washington: "Just quick off the top of my head I couldn't. If you would like some extra time I could hold this bill over."

Senator Uhlman: "I have been a little worried about the highway committee and I am just curious as to what the repealers would be."

Senator Washington: "I would be very happy for you to have the additional time if you would like."

Senator Uhlman: "I think I would rest a little easier if I had a chance to see what the repealers did."

POINTS OF INQUIRY

Senator Atwood: "Would Senator Durkan yield to a question? Senator Durkan, in effect you are hanging Senate Bill No. 209 on the end of this bill?"

Senator Durkan: "No, Senator, I think it was Senate Bill No. 181. As I understand it, the education people had several bills introduced, one is that they wanted no ceiling on it and they wanted to have the opportunity to negotiate with no ceiling on it and then they came in with a twenty-five dollar ceiling and that was another bill but I don't know the number of it.

"Now my amendment simply provides for equal treatment for those in education in the same manner as we did . . ."

Senator Atwood: "What is the fiscal impact of this bill?"

Senator Durkan: "As far as this bill is concerned, it merely enables when the money becomes available."

Senator Atwood: "That is well and good but now is the pressure going to be on the conference committee to fund an additional amount for this particular bill?"

Senator Durkan: "This might be a safety valve, Senator, when we get to conference and have to have some means of arriving at certain conclusions we have this to refer to but it means giving equal treatment to other state employees who are not under the code agencies. It means those who are in higher institutions and who are in the K-12 program will have the same opportunity to participate on like levels."

Senator Ryder: "Would Senator Durkan yield to a question? Senator, this amendment goes only to the health insurance program?"

Senator Durkan: "Senator Ryder, it doesn't change the present existing law which as the amendment on the desk will say that the university and the K-12 program can make available all types of insurance. The present law now provides that the employer, the institution or the school district, whatever it may be, provide and pay for liability insurance. We pay for the premiums now. We do not change any of the substantive law other than the fact that it says we had been paying ten dollars, the ceiling was ten dollars or half. Now we are saying it is fifteen dollars for employees and/or their dependents.

"So under the law and regardless of my amendment, the institutions of higher education and/or the school districts can now make available to their employees all types of insurance. For instance, Senator, if you will recall in 1967 we said that the school districts and/or institutions could make available liability, life, health, accident and disability. We did that already so this does not change that in any way. What it merely changes is the fact we also said in 1967 that the ceiling or the limitation would be not to exceed fifty percent of the premium or ten dollars."

Senator Ryder: "This is in the educational area?"

Senator Durkan: "That is correct."

Senator Ryder: "You are bringing this ten dollars up to fifteen and striking the fifty percent provision?"

Senator Durkan: "That is right, Senator. Now you want to remember that the Governor in his budget provides for this for state employees."

Senator Ryder: "State employees at fifteen dollars now with no limitation?"

Senator Durkan: "Exactly the same as my proposal does and all I am saying is that we ought to give equal treatment with the exception that this is merely permissive legislation and that is the way we passed it in 1967."

Senator Guess: "Would Senator Durkan yield? Senator Durkan, in section 9 of your amendment it says 'that the provisions of section 6 shall be effective only if House Bill No. 58 does not become effective at which time sections 7 and 8 of this amendatory act would become effective. Does this mean that the fifteen dollars was already included in House Bill No. 58?'"

Senator Durkan: "Mr. President and Senator, this is an amendment to House Bill No. 58 should it become effective."

Senator Guess: "I see. Thank you."

Senator Ridder demanded a roll call and the demand was sustained by Senators Knoblauch, Foley, Keefe, Durkan, Connor, Washington, McCormack, Walgren, Stortini and Odegaard.

ROLL CALL

The Secretary called the roll. The motion carried and the amendments by Senators Durkan and Lewis (Harry) were adopted by the following vote: Yeas, 30; nays, 16; absent or not voting, 1; excused, 2.

Excused: Senators Stender, Williams—2.

On motion of Senator Durkan, the following amendment to the title was adopted:

On page 1, in line 6 of the title, after the semicolon after "RCW" and before "and providing" insert "amending section 1, chapter 187, Laws of 1959 as amended by section 2, chapter 135, Laws of 1967 and RCW 28.76.410; amending sections 28A.58.420 and 28B.10.660, chapter —, Laws of 1969 (HB 58) and RCW 28A.58.420 and 28B.10.660; providing for the correlative and pari materia construction of this 1969 act with the provisions of Title 28 RCW, or of Titles 28A and 28B RCW if such titles shall be enacted; declaring an emergency"

On motion of Senator Durkan, the rules were suspended, Engrossed House Bill No. 494, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

SENATE RESOLUTION: 1969-EX-31

By Senators Metcalf, Lewis (Brian), Henry, Donohue, Herr and Day:

WHEREAS, The organization known as the S.D.S., or Students for a Democratic Society, has been increasingly active at Washington State institutions of higher learning and recently at high schools in our state; and

WHEREAS, Their actions have become increasingly disruptive and destructive rather than projected toward meaningful solutions of the problems we all recognize; and

WHEREAS, Their communications system is obviously excellent as issues are used simultaneously at institutions of higher learning around the nation; and

WHEREAS, The constructive objectives of the S.D.S., if any, are unclear while their objectives appear to include immobilizing major educational institutions around the nation including the University of Washington; and

WHEREAS, The vast majority of students at our institutions do not support the S.D.S. and want to continue their education without interruption and it is the responsibility of the Legislature to ensure this by knowing the facts and providing these facts to the administrations of our educational institutions;

NOW, THEREFORE, BE IT RESOLVED, The Judiciary Committee of the Legislative Council be authorized and requested to conduct an investigation of: (1) the aims and objectives of the S.D.S.; (2) the organization of the S.D.S. in Washington State institutions at all levels and its relationships around the nation; (3) the financing of S.D.S. leadership and organization.

Debate ensued.

POINT OF INQUIRY

Senator Atwood: "Would Senator Greive yield to a question? Senator, I understand what this resolution does but my question is whether or not this body by a simple Senate resolution can authorize the legislative council to conduct an investigation. I think it takes a concurrent resolution, doesn't it?"

Senator Greive: "Correct."

MOTION

Senator Greive moved that Senate Resolution 1969-EX-31 be considered on Monday, April 14, 1969.

POINT OF INQUIRY

Senator Canfield: "Would Senator Greive yield? Senator Greive, on two occasions I asked for a Senate floor resolution instructing the legislative council to make certain studies and those were both cleared in this body without a joint resolution with the House and I wanted to ask you again about that. Both of those resolutions were passed without any question."

Senator Greive: "That is correct and traditionally they are followed. Normally, if one house requests something be done, it is a lot more persuasive. Most of the things that are assigned to committees, I have served for many years on the executive committee of the legislative council along with Senator Gissberg and two of the representatives on the executive committee, and the requests are filtered through the executive committee and sent out. I can assure you that one passed by one house has a great deal more weight than just passed by the grange or some organization or individual. So it does have a lot of weight but we have no authority to mandate it in any way."

The motion carried.

SIGNED BY THE PRESIDENT

The President has signed:

- HOUSE BILL NO. 103,
- HOUSE BILL NO. 326,
- HOUSE BILL NO. 348,

- HOUSE BILL NO. 638.

SENATE RESOLUTION: 1969-EX-32

By Senators Lewis (Harry), Washington, McDougall, Marquardt, Huntley, Mardesich, Henry and Greive:

WHEREAS, People throughout the state are becoming more conscious of esthetic considerations in the design of roads, bridges and rights-of-way; and

WHEREAS, For many years the State Highway Department has been working with the State Arts Commission to provide attractive design without sacrificing functional usefulness; and

WHEREAS, The State Highway Department because of the artistic ability of its design staff has been the recipient of many design awards over the years; and within the past year has been the recipient of two awards of merit from the American Institute of Steel Construction for the execution of design of the Satsop River and Corn Creek bridges; and

WHEREAS, It is fitting and proper that the Senate recognize the achievements of the Department in this area of responsibility;

NOW THEREFORE, BE IT RESOLVED, By the Senate, in legislative session assembled that it compliment the State Highway Department bridge design staff for their continuing efforts in bringing about a union of design and function which reflects great credit on the State of Washington and the Department of which they are a part; and

BE IT FURTHER RESOLVED, That a copy of this resolution suitably inscribed be presented to the Department, in care of Charles Prah, the director, and George Zahn, the chairman of the State Highway Commission.

On motion of Senator Lewis (Harry), the resolution was adopted.

POINT OF INQUIRY

Senator Canfield: "I would like to ask Senator Washington a question if he would yield. Senator Washington, you are an authority in this field but I wanted to ask you if the matter of pickup licenses was considered in this engrossed bill?"

Senator Washington: "The matter of the pickup license as it relates to towing a trailer is taken care of. The problem which you gave me, however, is not taken care of in this bill and if it is worked out, it will be done in the highway omnibus bill."

Senator Canfield: "I would like to have the privilege of discussing that with you at the proper time."

Senator Washington: "You certainly may."

Exempting part time professional consultants from the classified service.

SPECIAL ORDER OF BUSINESS

The time having arrived, the Senate resumed consideration of Engrossed House Bill No. 367 on second reading and the pending amendment by Senator Atwood.

POINT OF INQUIRY

Senator Washington: "Would Senator Atwood yield? Senator, would you be amenable to having the highway department eliminated because in my view this gives the executive considerably more power over the highway commission in their employment policies than they ever had before. In other words, we have the highway commission which is given the broad powers in the field of highways and we are stepping in now and definitely encroaching upon those powers of the highway commission. I certainly believe in order to preserve some of the integrity of the highway commission that they should be eliminated."

Senator Atwood: "Mr. President, in response, I don't think this has anything to do with the powers of the highway commission or anything else of that nature. I think you are raising a bogeyman here and I would like to see the budget director have control over the hiring of these consultants. They are part time consultants and we are spending a fantastic sum of money in this area without any handle on it and I think the highway department and every other agency of state government should be subject to this."

MOTION

On motion of Senator Washington, Engrossed House Bill No. 367 and the pending amendment by Senator Atwood was ordered placed next to the last bill on today's second reading calendar.

MOTION FOR RECONSIDERATION

Having voted on the prevailing side and having given notice, Senator Day moved that

RULING BY THE PRESIDENT

President Pro Tempore Henry: "Your point is well taken, Senator."

MOTION

On motion of Senator Greive, the Senate returned to the sixth order of business.

MOTION FOR RECONSIDERATION

Senator Day again moved for reconsideration of House Bill No. 309 as amended by the Senate.

HOUSE BILL NO. 392, by Representatives Kopet, Jastad and Farr:
Limiting actions against medical review committees.

REPORT OF STANDING COMMITTEE

March 27, 1969.

HOUSE BILL NO. 392, limiting actions against medical review committees (reported by Judiciary Committee):

MAJORITY recommendation: Do pass with the following amendment:

On line 12, after "committees" and before the period insert ", where such actions are being brought by or on behalf of the person who is being evaluated", and on line 12, beginning with "The proceedings" strike the entire sentence.

Signed by: Senators Uhlman, Chairman; Dore, Vice Chairman; Andersen, Durkan, Foley, Gissberg, Greive, Holman, McCormack, Twigg, Williams.

Debate ensued.

POINT OF INQUIRY

Senator Day: "Would Senator Woodall yield to a question? Senator, as this bill is written, does this mean in the evaluation of credentials and qualifications that whoever is evaluating can determine whether the state has properly qualified these people or not?"

Senator Woodall: "This sets it up somewhat like a grievance committee in the bar association. We are trying to get the medical people up to the high plain that we lawyers are on where they will practice a little self-discipline. This would enable them to hold these hearings and to complain, compare notes as to the incompetency, senility, or if someone had gone over the hill mentally then they could decide he should not be attached to the staff of certain hospitals. They could do this without fear of being sued by this man, otherwise you have a hard time getting him to act."

Senator Day: "Thank you, Senator."

ROLL CALL

The Secretary called the roll on the final passage of House Bill No. 392, as amended by the Senate, and the bill passed the Senate by the following vote: Yeas, 42; absent or not voting, 5; excused, 2.

Debate ensued.

POINT OF INQUIRY

Senator Canfield: "Would Senator Washington yield? Senator, in section 2 it seems to say the same thing twice as I read it and I would like to have your comments. It says that no person shall sell to anyone under eighteen years provided the vendor is provided a certificate showing that he is over eighteen. I don't know why it has to be said twice?"

Senator Washington: "This is the evidence upon which they can rely if he happens to be under eighteen but if they have been furnished evidence that he was over eighteen when actually he was under eighteen, they would be excused."

Senator Canfield: "But it says here he has to show his original birth registration. This is a redundant statement if I ever saw one."

Senator Washington: "It may be redundant. This perhaps isn't the best bill that has been drafted for the legislature although I think what it is attempting to accomplish is rather simple. It may be redundant but I don't think it hurts the bill."

ROLL CALL

The Secretary called the roll on the final passage of Engrossed House Bill No. 163, and the bill passed the Senate by the following vote: Yeas, 36; nays, 10; absent or not voting, 1; excused, 2.

Senator McDougall moved adoption of the following amendment by Senators McDougall and Marquardt to the amendment by Senators Uhlman and Holman:

On page 3, following the amendment by Senators Uhlman and Holman, insert the following:

"Sec. —. Section 29.18.035, chapter 9, Laws of 1965 and RCW 29.19.035 are each amended to read as follows:

No person when filing as a candidate or nominee at any election shall be permitted to use any titles designating his present or past occupation or profession, including ranks in the armed forces: PROVIDED, That the provisions of this section shall not prohibit the use of a nickname by which a candidate is commonly known: PROVIDED FURTHER, That should a nickname be used it [shall] may be in addition to or in lieu of the candidate's given name (for example: Richard A. "Dick" Roe or R. A. "Dick" Roe, or "Dick" Roe).

Debate ensued.

The motion carried and the amendment to the amendment was adopted.

POINT OF ORDER

Senator Woodall: "At this time I wish to challenge this amendment on the grounds that it increases the scope and object of the present bill. The present bill has a limited, restrictive title dealing with one type of elections and only, on a very limited scale, schools in a certain class. This amendment takes in the whole spectrum of elections, judges, boards, qualifications, absentee ballots. If any bill extended the scope and purpose beyond what it was started for, this one does it."

RULING BY THE PRESIDENT

President Pro Tempore Henry: "The President ruling upon the point of order raised by Senator Woodall, the only similarity I can find between the amendment and the original bill is the word 'election'. Therefore, I rule that the point of Senator Woodall is well taken. It does enlarge the scope and object of the bill."

The motion by Senator Uhlman was lost and the amendment by Senators Uhlman and Holman, as amended, was ruled out of order.

PARLIAMENTARY INQUIRY

Senator Holman: "Point of parliamentary inquiry, Mr. President. Section 3 of this bill which is now before us, amends section 29.21.180, chapter 9, Laws of 1965 as set forth in page 3 of the bill.

"Now we passed a bill through the Senate on March 13, Engrossed Senate Bill No. 142 which was commonly known as the 'Seattle School Board Bill' which likewise amended that very same section. My question is, the law as it now stands having been signed by the governor when he signed Senate Bill No. 142 with an emergency clause, is now considerably different from the section set out in section 3 of this bill.

"If we adopt this bill would the secretary make administrative changes or how does this work. I wouldn't want to see this bill in any way amend out the language that we put in Senate Bill No. 142."

REPLY BY THE PRESIDENT

President Pro Tempore Henry: "Senator Holman, you raised a rather knotty problem that I couldn't answer offhand if I were an attorney so seeking the indulgence of the body, I will set this bill down to follow the next bill so we can research it. I think you do have a valid point and we had better check it out."

On page 20, section 16, line 33, insert as sections 16 and 17 the following: "There is added to chapter 8, Laws of 1967 ex. sess. and to chapter 28.85 RCW two new sections to be known as sections 16 and 17 to read as follows:

NEW SECTION. Sec. 16. Any student of any public institution of higher learning of this state who, during a time of riot or severe campus unrest,

(1) Organizes, and/or participates in, and/or holds himself out as a part of any demonstration, protest or riot on or immediately adjacent to the grounds of any such institution designed to interfere with or disrupt the normal educational process or administration at such institution, or

(2) Enters into any building or structure of such institution alone or as one of a group, when the effect of such entry into or presence within the building or structure is to interfere with or disrupt the normal educational process or administration at such institution, or

(3) Destroys, defaces, disfigures, disfigures or in any other way damages public property on the grounds of said institution, or

If a hearing is demanded, and dismissal is sustained, dismissal shall be effective immediately upon the decision of the hearing officer.

Renumber section 16 as section 18 and renumber the following sections consecutively.

POINT OF ORDER

Senator Uhlman: "Point of order. My point of order would be that the amendment as proposed by Senator Metcalf is in violation of Rule 62 of the Senate standing rules in that it does enlarge the scope and object of the bill.

"I would like to speak to my point of order if I might. I have looked the measure over very carefully, and I cannot find anything relating to the expulsion of students, to the conduct of students nor anything relating to students.

"This is purely and simply a bill relating to the aspects of higher education and it is in fact an omnibus bill. However, it has nothing at all to do as it has been proposed as a substitute bill with the conduct of student affairs. I think that this is clearly without the scope and object of the original bill. It introduces a brand new subject that does not fit in any fashion at all in the original bill and I think that in keeping with the President's earlier ruling to maintain precedence that the President should consider this amendment as clearly outside the scope and object of the bill within Rule 62."

RULING BY THE PRESIDENT

President Pro Tempore Henry: "The President ruling upon the point of order, the amendment deals with certain conduct that may be demanded within the admittance standards of a community college. On lines 29 through 33 on page 8 and also beginning on lines 1 and 2 on page 9, it also alludes to this and although my policy as you know when I am presiding is to maintain a very narrow corridor as far as scope and object is concerned, I have to rule that this amendment does come within the scope and object of the bill."

Senator Gissberg moved adoption of the following amendment to the amendment by Senator Metcalf:

In section 16, subsection (4) of the amendment by Senator Metcalf, after "official of said institution," strike "shall" and insert "may"

Debate ensued.

POINT OF INQUIRY

Senator McCutcheon: "Would Senator Gissberg yield to a question? Senator, your amendment, as I was listening to your argument, is to the effect you are trying to avoid the effect that this bill perhaps has an overtone of having the students tried without a trial, being condemned without a trial when the amendment by Senator Metcalf uses the word 'shall'. Is that what you are trying to say?"

Senator Gissberg: "I don't think it goes that far, Senator McCutcheon. I think Senator Metcalf's amendment does in fact require a hearing when a student asks for it but what my amendment does do is that it will allow, after a hearing is had, in the discretion of the board

of trustees of the institution to determine whether that student should or shouldn't be dismissed. It would permit that discretion to lie within the board of trustees.

"Senator Metcalf's amendment after a hearing is had and if the hearing board found that that student had violated any of the prohibitions contained in his amendment would then mandate that student's dismissal. In other words, there would be no discretion. It is like a mandatory jail sentence without giving the judge any leeway in terms of considering the seriousness of the offense, the amount of malice or intent involved. With my amendment each violation of this law could be dealt with on its individual fact and you would have many cases where one violation would be so severe that undoubtedly the board of trustees would in fact dismiss the student but it would not *mandate* them to dismiss the student on each and every instance."

Senator McCutcheon: "I wonder if Senator Metcalf would yield? Is this the purpose of your bill? I can't quite get my finger on it. If I understood Senator Gissberg correctly, a person who is caught in a wave of a big crowd and swept into a place where they are rioting, he may have been standing there inadvertently and swept in and he might be full of curiosity without having any desire. I know this has happened because I have tried them in police court. I saw a client one time, he didn't know when the riot started, he just happened to be wandering around and the police nabbed him and he said he didn't know anything about it. Of course the judge just brushed him aside much to my amazement, brushed his defense aside. I think you have to be a little careful on this.

"I would like to hear your explanation of the bill."

Senator Metcalf: "Yes, Senator McCutcheon, in answer to your question, this language is very similar to Senate Bill No. 259 which was introduced by several members of the Senate and part of that legislation spelled out in a little more detail, which I did not want to include in its entirety because RCW 34.04 already contains the contested case procedure, but in this case if a student is dismissed under these circumstances, he is allowed a hearing. He has ten days in which to apply for a hearing and if he applies for the hearing according to this amendment, he is not dismissed but is continued in school until the results of the hearing are known. If he wishes to appeal the hearing, it is treated under RCW 34.04 as a contested case. This is the procedure so there is no possibility that a person would be dismissed without a full and complete hearing."

Further debate ensued.

The motion carried and the amendment to the amendment was adopted.

On motion of Senator Sandison, the amendment as amended by Senator Metcalf was laid upon the table on a rising vote.

PARLIAMENTARY INQUIRY

Senator Day: "Mr. President, would a motion to take the amendment from the table be in order at this time?"

REPLY BY THE PRESIDENT

President Pro Tempore Henry: "Your motion would be in order, Senator."

POINT OF INQUIRY

Senator Gissberg: "Would Senator Metcalf yield to a question? Senator, I quite agree that boards of trustees should have the authority to dismiss students who become unruly. What my question really is, since you have done quite a bit of research in this matter, do you know whether or not the existing powers of boards of trustees of higher education do or do not empower the trustees to discharge or dismiss students for the causes that you have listed or any other causes?"

Senator Metcalf: "Senator Gissberg, the boards do have broad powers. They are not specific and it is my understanding that their powers could extend to almost anything that we have outlined here but I felt frankly that our responsibility was to spell it out and go a step further so that they would know that we are willing to back them. The administration would know that we are willing to back them on a relatively tough policy on this kind of destructive activity because anything defined in this bill is clearly destructive activity.

"I would just point out that I have a survey also from my district. If you want to know how the people of this state feel about the real campus disruption which this amendment covers, and it doesn't cover anything else because it says 'during time of riot or severe campus unrest', go and talk to them and you will find that they overwhelmingly in favor of a relatively tough policy and not an unfair policy. I don't want to be unfair to anyone. I want to be absolutely fair to that student that wants an education, however."

MOTION

Senator Day moved that the amendment by Senator Metcalf be removed from the table.

Debate ensued.

The motion was lost.

There being no objection, Senator Metcalf withdrew his two other amendments from the Secretary's desk.

MOTION

On motion of Senator Andersen, Senator Ryder was excused.

Senator Lewis (Harry) moved adoption of the following amendment:

On page 7, section 5, after "*divisions*" on line 3 and before "*who shall*" on line 4 strike "*and their confidential secretaries*"

POINT OF INQUIRY

Senator Mardesich: "Would Senator Lewis (Harry) yield to a question? Senator, did I understand that part of your amendment would provide that even confidential secretaries to department heads or agency heads would be under civil service?"

Senator Lewis (Harry): "That is incorrect, not department heads. We are talking about the division heads, their confidential secretaries, Senator Mardesich. This is actually the law today. As I said, the secretaries to assistant directors and this is what this amendment acts to, assistant directors' secretaries today are under civil service in all state code agencies of state government. This is an actual fact. It is the present law.

"We passed Substitute House Bill No. 239, the higher education personnel act, concerning higher education and the four-year colleges. This was passed by the Senate and you voted on that, sir, and this said precisely that the confidential secretaries of assistants will be under civil service. It was a bad bill then and it is still a bad bill."

Senator Mardesich: "Who does it put under civil service then?"

Senator Lewis (Harry): "It puts the confidential secretaries of assistant directors. Now the reason for this, Senator Mardesich, is that in many cases there is a proliferation of assistant directors in some agencies. For example, in the community college act we could be talking about a large number of assistants. I am not questioning particularly whether it is right or wrong. The purpose of my amendment is to make it conform to the rest of the laws in the state as they are presently. All other agencies have this same device. It was inadvertently left out, in my opinion, in this bill and so my purpose is one of standardization and no other."

Further debate ensued.

The motion lost and the amendment by Senator Lewis (Harry) was not adopted.

There being no objection, Senator Lewis (Harry) withdrew his second amendment from the Secretary's desk.

MOTION

On motion of Senator Mardesich, Engrossed Second Substitute House Bill No. 480 was ordered to hold its place on the second reading calendar for Friday, April 11, 1969.

Signed by: Senators Uhlman, Chairman; Atwood, Foley, Holman, Ridder, Twigg, Walgren, Woodall.

The bill was read the second time by sections.

Senator Uhlman moved adoption of the first committee amendment.

Debate ensued.

POINTS OF INQUIRY

Senator McCutcheon: "Would Senator Uhlman yield? Senator, have you read the bill?"
 Senator Uhlman: "Yes, Senator. This bill went through the Judiciary Committee and was read very carefully."

Senator McCutcheon: "Can you tell me those bare, cold facts of what the salaries are? You were rather vague so I didn't know if you had read the bill or not."

Senator Uhlman: "Senator, under 2,500 population, the range is \$600 to \$2,250 to be set by the commissioners; 2,500 to 5,000 population, \$600 to \$3,375, to be set by the commissioners; 5,000 to 7,500 population, \$600 to \$4,500, to be set by the commissioners; 7,500 to 10,000 population, \$600 to \$5,626 to be set by the commissioners; 10,000 to 20,000 population, \$1,200 to \$6,750 to be set by the commissioners; 20,000 to 30,000, \$2,500 to \$7,875 and finally 30,000 to 40,000 population is \$3,500 to \$9,000. Of course when you get into larger counties than that, they become full time justices and consequently they do not come within the purview of this particular bill but would have been covered and are covered in Senate Bill No. 297 which we have already passed and is now on the Governor's desk."

Senator McCutcheon: "One more question. Have you the ones for municipalities of 2,500 or was that by counties or municipalities?"

Senator Uhlman: "It is population, Senator."

Senator McCutcheon: "What kind of an area?"

Senator Uhlman: "It is not an area, it is population."

Senator McCutcheon: "Of counties?"

Senator Uhlman: "That is correct. It is a district as set forth by the county commissioners. You see, the districts are set forth by the county commissioners. For example, in King county I believe there are seven different districts which are all set forth by the county commissioners. The county commissioners actually do the districting."

Senator McCutcheon: "Supposing we have a county that has only one town in it and it has 2,500 people."

Senator Uhlman: "That would be covered under a totally different act. That would be covered under the cities and towns. This is for the justices of the peace, Senator."

Senator McCutcheon: "My inquiry was to find out whether or not you knew of a nice place like where I live where I could settle down when I get through here and do very little but draw enough to live on."

Senator Uhlman: "Senator, I would advise you that I have been looking myself and as a matter of fact with the transferability of retirement credits from the legislature to the justices of the peace, it would now seem to be a most desirable thing to find one of these full time justice of the peace positions at 20,000, transfer your credit and retire in splendor."

Senator Canfield: "Would Senator Uhlman yield? Senator, I am not a lawyer and I don't know anything about justices of the peace but county commissioners were down here in a flood a few nights ago and they just cried their eyes out about how poverty stricken they were. They simply couldn't make ends meet. They were in the hole \$18 million and going down the drain as fast as they could and begging for even small amounts of help. Now here we come to a bill that puts some burdens on them and I am asking you where are they going to get the money?"

Senator Uhlman: "Senator Canfield, one of the principal witnesses in favor of this bill before the Senate Judiciary Committee was one Mr. John Chambers who did not shed any tears as he spoke in favor of the bill."

Senator Canfield: "If I were John Chambers and got raised in salary just like he did this week, I wouldn't cry either."

Senator Uhlman: "Mr. President, he appeared before he got the raise."

Senator Wilson: "Would Senator Uhlman yield? Senator Uhlman, I would appreciate an opportunity to check out these scales and wonder if you would object to holding this bill over until tomorrow?"

Senator Uhlman: "Not at all, Senator."

PERSONAL PRIVILEGE

Senator Washington: "Before going into the calendar today I have a matter of personal privilege that I would like to bring before the body."

The President: "Senator Washington will speak upon a point of personal privilege."

Senator Washington: "Mr. President and members of the Senate, I would like to call your attention to excerpts from the record of the fifty percent tax assessment case which I placed on your desk. I want to call your attention to the excerpts of this case because I feel that the members of the legislature, the members of the Senate and the members of the press have not fully understood the impact of Judge Stuntz' statement in the case. It is my feeling that we have to remember that his opinion in the King county case was upheld unanimously by the supreme court and I feel that the statements that he has made are entitled to a great deal more weight than we have been giving them in the Senate and generally have been given his statement by members of the public and the press.

"I feel it is a matter of top priority that we enact a tax-freeze law which is clearly constitutional and we shouldn't adjourn this session leaving the taxpayers completely unprotected.

"I would like to call your attention to some of the statements that Judge Stuntz made in the opinion. First, one of the attorneys for the tax commission, Mr. Malone started by saying, 'Your Honor', and referring to the tax-freeze act. He continued 'Your Honor has suggested that the tax-freeze act might be unconstitutional. I would just plant a couple of thoughts with you before you arrive at any final decisions on that.' Judge Stuntz replied, 'Well, I complained about the freeze act. The factor in the formula is twenty-five percent of the assessed value and I say if they use an unconstitutional factor in this formula the formula is not good. Therefore, the act falls, at least that part of it falls.' Then he stated, 'I say the freeze act was an attempt by the legislature, recognizing the Constitution, says fifty percent of fair value was an attempt to see to it and relate to the twenty-five percent which most counties come up to, clearly indicating that he had grave doubts about the constitutionality of our present freeze act.'

"I feel that definitely this is a thin ice freeze act. I think we are placing too much reliance on an act which a judge of the stature of Judge Stuntz has indicated very probably would be held unconstitutional and under the consideration that he was upheld unanimously by the court. I think we have to give some consideration and definite consideration to the statements that he has made.

"In this court action, Tim Malone, a very well respected attorney clearly stated that if we were to cut the millage in half it would be constitutional and I would like to point out that I did introduce, in the last session of the legislature, legislation which would reduce the millage from forty mills to twenty mills and again I am pushing the same legislation during this session and certainly if we enact a freeze law or a law cutting the top millage down to twenty mills, we will be doing something for the taxpayers of the state.

"Many point out that we will be meeting perhaps in January of 1970 but there are many inponderables. We don't know whether we are going to be meeting for sure in January of 1970 and certainly we should not leave this legislature without making sure that we have taken care of this very important point. I would like to call attention to the members of the

legislature and the Senate who aren't attorneys that when you read the excerpts you will note the word 'court'. The 'court' refers to Judge Stuntz so I certainly feel that before we leave we should have a freeze law, a top law which is strong and that we do not rely on this act which I think should be characterized as the thin ice freeze bill."

Senator Durkan: "Mr. President and members of the Senate, of course I agree with Senator Washington that something has to be done to limit property taxes and obviously the one way that we can do it is to pass a tax reform bill and hopefully, that will happen.

"As I read Judge Stuntz' remarks, it is purely dictum. The issue of the freeze bill was not before him. He said he wasn't going to consider it and it was a gratuitous statement on behalf of the court and counsel. If you want to limit property taxes and this is what the people of this state want, come next week I would hope in their wisdom that the Senate Committee on Rules and Joint Rules would see fit to bring out Senate Joint Resolution No. 1, which is a constitutional limit on property taxes. We know that would do the job. We don't know that any freeze bill is going to be constitutional regardless of what the eminent counsel from the revenue department may say.

"So, Senator, if you want limitation on property taxes and I am sure you do because I have heard from your constituents as well as my own, the only true way and the only safe way to get it is by a constitutional amendment which will reduce the fifty percent to twenty-five percent. This is done simply in Senate Joint Resolution No. 1 and I think it is time and I hope the Committee on Rules and Joint Rules will see fit to bring it out on the floor.

"Now, as far as the tax freeze bill is concerned, you are aware of the fact that we do have House Bill No. 518 in the Senate Committee on Ways and Means. This tax freeze bill will raise property taxes about \$57 million. If this is a type of tax freeze that you are talking about, I am sure that most of us can do without it. However, I would say to you that I am perfectly willing, as chairman of the Committee on Ways and Means, to dress up House Bill No. 518 and bring it out in a manner that might do the job but I think since I was one of the original drafters of the freeze bill that you can't do indirectly what the Constitution forbids you from doing directly and I think if it is going to be done, and if it is going to be done properly then the one sure way to get the job done is by passing Senate Joint Resolution No. 1."

POINT OF ORDER

Senator Woodall: "Point of order. My point of order is simply this: There is nothing before the body and under the guise of personal privilege we are having a lot of taxation discussion which I understand by resolution can be carried in and started on Monday. We have a calendar of the day to consider. A lot of the members would like their bills passed and I think this taxation talk can well come up Monday and it isn't properly under the guise of personal privilege anyway."

PERSONAL PRIVILEGE

Senator McCutcheon: "Senator Woodall didn't wait for me. I was on my feet, I didn't get up for the exercise. Now, what I have in mind is personal privilege. It will be very short and I think it is personal privilege.

"My committee in the regular session brought out Senate Joint Resolution No. 1, the twenty-five percent limitation on property tax which is the only constitutional guarantee to give the property owner any relief, the only real guarantee. I have been accused of everything in my committee, of sitting on bills. I brought it out quickly and early and what happened to it, it was torn from my bosom and where did it go, to the Committee on Ways and Means, Revenue and Taxation or one of those places. Now, the man who took it away from me, my good friend Senator Durkan, he can't get it back. That is all I have to say, Senator Woodall. I am through with my personal privilege but I did have a personal gripe on this. Gripe, that is not the word. I was merely trying to do the right thing for the people of the state of Washington and you, among others, wouldn't let me. I don't think I have five votes to send that to the Committee on Rules and Joint Rules and you and others snatched it from me, out of my weak old hands, and ran off with it."

Senator Woodall: "In the first place, I was unaware that Senator McCutcheon was trying to get the floor to speak and there is certainly no desire to cut the good Senator off. I do think, however, that a continued discussion of taxation matters with nothing before the body is absolutely out of order and that we should go ahead and run our calendar."

Senator Washington: "One further statement on the matter of personal privilege, since we have gotten into the subject. The fact is that if we pass Senate Joint Resolution No. 1, it will have to go to a vote of the people before it can become law and we may need a good tax freeze before this can be brought to the people and voted on. This is the important part of the matter of personal privilege that I brought before you that we do have to act now because a constitutional amendment is certainly a problematical thing and although I agree this is what should be done, we need something of a tax freeze in the meantime."

MOTION FOR RECONSIDERATION

Having voted on the prevailing side, Senator Durkan moved that the rules be suspended and the Senate immediately reconsider the vote by which the Senate passed Engrossed House Bill No. 305.

Debate ensued.

POINTS OF INQUIRY

Senator Ryder: "Would Senator Durkan yield to a question? Senator, I think that your request is a very reasonable request but I think before we vote on it we ought to know exactly what your amendment is and what it will do."

Senator Durkan: "Mr. President, as I read Engrossed House Bill No. 305, I can foresee under this bill where there could be spillage of oil on a beach and that if it were accidental there would be no responsibility for other than the landowner who owned the beach to clean it up. I think that regardless of blame where two innocent people are involved and that means the oil tanker, whoever owns it, and the person who owns the beach property, that these property owners should not be required to clean up the oil spillage. I think that it is only fair as to where two innocent people are involved that the one who is least guilty of the act should not have the responsibility of cleaning up the oil spillage.

"I have read the bill and I thought that it was covered and then I re-read it last night and I can foresee that what we are trying to do we don't accomplish in this bill. This is the purpose for the motion for reconsideration and I was having the amendment drafted and that is why I asked for consideration."

Senator Peterson (Ted): "Would Senator Durkan yield? Senator, you said the one that is least guilty. The property owner wouldn't be guilty at all."

Senator Durkan: "That is true but under this bill if it is accidental, the oil company isn't guilty either so what I am trying to say is that the one who causes the damage regardless of whether he is legally liable in law should have the responsibility of seeing that the beach is cleaned and this is the purpose of my amendment."

Senator Ryder: "Would Senator Durkan yield? Senator, where is the citation in the bill that is causing the problem in your mind?"

Senator Uhlman: "If Senator Durkan would like, I will elucidate on the proposed amendment and answer your question, Senator Ryder. I refer you to section 1 of the bill which reads as follows: 'No person shall intentionally or negligently discharge oil or cause or permit the entry of the same into the waters of the state.'

"What this simply means is there has to be actual fault, negligence or an intentional discharge of this oil. I believe that the amendment that Senator Durkan has proposed will put the duty and obligation on the person or entity that discharges the oil irrespective of fault. This ought to be one of the costs of doing business and they gum up the beaches and when they cause the wild life to die and literally kill an entire area, this ought to be one of the costs of doing business and should be borne by the entity that actually discharges the oil.

"There is no fault involved on the part of a person who sits on the waterfront and happens to own a piece of property there or wants to go out and enjoy a public park on the waterfront and cannot because there has been oil there so this basically is the amendment that Senator Durkan is proposing. If he does not, I will."

Senator Durkan: "This is exactly what I am proposing and Senator Ryder, the exact language in the amendment I don't have as yet but it is being prepared. It will be in section 2 and if you read that section as it is presently you can see what I am talking about. It is possible under the law that we have created a situation where every oil spillage will be accidental and the person who owns the beach will have to get out with a shovel."

Senator Greive: "Would Senator Durkan further yield? Senator, what are the specific words you are asking to be put in?"

Senator Durkan: "I want to correct the language in new section 2 beginning on line 18 so that where there is an oil spillage regardless of accidental or not as determined by the board, that those people who spill the oil on the beach will have the responsibility of cleaning it up."

Senator Durkan demanded a roll call and the demand was sustained by Senators Ridder, Keefe, Greive, Dore, Peterson (Lowell), Metcalf, Donohue, Connor and Herr.

ROLL CALL

The Secretary called the roll and the motion by Senator Durkan to suspend the rules

and immediately reconsider the vote by which Engrossed House Bill No. 305 passed the Senate failed by the following vote: Yeas, 17; nays, 31; absent or not voting 1.

Voting yea: Senators Dore, Durkan, Elicker, McCormack, McCutcheon, Mardesich, Metcalf, Newschwander, Odegaard, Peterson (Lowell), Ridder, Stortini, Talley, Uhlman, Walgren, Washington, Wilson—17.

Voting nay: Senators Andersen, Atwood, Bailey, Canfield, Connor, Cooney, Day, Donohue, Faulk, Foley, Gissberg, Greive, Guess, Herr, Holman, Huntley, Keefe, Knoblauch, Lewis (Brian), Lewis (Harry), McDougall, Marquardt, Matson, Peterson (Ted), Pritchard, Ryder, Sandison, Stender, Twigg, Williams, Woodall—31.

Absent or not voting: Senator Henry—1.

The motion by Senator Durkan to immediately reconsider the vote by which Engrossed House Bill No. 305 passed the Senate failed.

SUBSTITUTE HOUSE BILL NO. 130, by Committee on Financial Institutions and Insurance:

Implementing the law relating to certain insurance contracts for the handicapped.

The bill was read the second time by sections.

On motion of Senator Mardesich, the rules were suspended, Substitute House Bill No. 130 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

The President: "The Senator will speak on his point of personal privilege."

Senator Andersen: "I just want to very briefly point to something that was raised in my mind by Senator Guess' comment. Perhaps I am just speaking for myself here but it has concerned me that the Senators, particularly in the closing days of a very hectic session we get these absolute floods of paper and statistics and comments across our desks and I don't know if these are the products of Northern State Hospital or some of the finest minds in the

state. They are not signed by anybody. We get amendments that don't have people's names on them and it is absolutely physically and mentally impossible to keep up with all of this particularly when we can't see the person's name on the material. All I am saying is that perhaps some day if somebody else feels the same way, the Committee on Rules and Joint Rules might consider a rule that the pages don't hand out something or distribute us this massive junk without having somebody's name attached to it so that we can make some measure of judgment on what is in it by the person who is on it.

"Perhaps I am just unduly taking time but I am completely fed up with this. I think some other members are also and I think that something ought to be done along this line to correct this situation and I think that the Committee on Rules and Joint Rules is the place to do it."

One member shall be a full time student of the state college for which he is a trustee, selected in such a manner as the student association of such state college shall determine, who shall hold his office from September 1st of the year of his selection until August 31st of the following year: Provided, That such full time student shall not have a vote on decisions but shall have a voice in the debate of all matters.* In case of a vacancy in the members appointed by the governor, the governor shall fill the vacancy for the unexpired term of the trustee whose office has become vacant. *Whenever there shall be a vacancy in the member of the board of regents selected by the student association of such state college, it shall be filled as in the case of original selection, the student selected to act for the duration of the unexpired term resulting from the vacancy.*

"The trustees incumbent as of July 30, 1967 shall serve during the term of their original appointment.

"The term of the first appointees under [this 1967 amendatory act] section 2, chapter 5, Laws of 1967 ex. sess. shall commence upon the expiration of the term of the particular incumbent for which the appointment is made and shall expire six years from the second Monday of March next succeeding the effective date of the appointment.

"To assure that no more than the terms of two members will expire simultaneously on the second Monday of March in any one year, the term of not more than one trustee incumbent on July 30, 1967 shall be extended by the governor for one year at which time an appointment shall be made for a term expiring six years from the second Monday in March next succeeding the effective date of that appointment.

"Nothing in this 1969 amendatory act shall affect the terms of regents now serving on any board of trustees of a state college.

Sec. 20. Section 10, chapter 8, Laws of 1967 ex. sess. and RCW 28.85.100 are each amended to read as follows:

"(1) There is hereby created a community college board of trustees for each community college district as set forth in this chapter. Each community college board of trustees shall be composed of [five] six trustees, [who] *five of whom shall be appointed by the governor [from a list of nominees submitted by the nominating committee in accordance with RCW 28.85.110] and have the qualifications set forth in subsection (3) hereof. One trustee shall be a full time student of the community college for which district he is a trustee, selected in such a manner as the student association of such community college shall determine, who shall hold his office from September 1st of the year of his selection until August 31st of the following year: Provided, That such full time student shall*

not have a vote on decisions but shall have a voice in the debate of all matters.

"(2) The initial appointees to the board of trustees shall draw lots at the first meeting thereof to determine their respective initial terms. One trustee shall serve for one year, one for two years, one for three years, one for four years, and one for five years.

"Thereafter, until July 1, 1969, the successors of the trustees initially appointed shall be appointed by the governor to serve for a term of five years except that any person appointed to fill a vacancy occurring prior to the expiration of any term shall be appointed only for the remainder of the term.

"Whenever there shall be a vacancy in the member of the board selected by the student association of such community college, it shall be filled as in the case of original selection, the student selected to act for the duration of the unexpired term resulting from the vacancy.

"(3) Every trustee appointed by the governor shall be a resident and qualified elector of his community college district. No trustee may serve as a member of the board of directors of any school district, or as an elected officer or member of the legislative authority of any municipal corporation.

"(4) Each board of trustees shall organize itself by electing a chairman from its members. The board shall adopt a seal and may adopt such bylaws, rules and regulations as it deems necessary for its own government. [Three] Four members of the board shall constitute a quorum, but a lesser number may adjourn from time to time and may compel the attendance of absent members in such manner as prescribed in its bylaws, rules, or regulations. The district president, or if there be none, the president of the community college, shall serve as, or may designate another person to serve as, the secretary of the board, who shall not be deemed to be a member of the board."

Remember the remaining sections consecutively.

POINT OF ORDER

Senator Lewis (Harry): "Point of order. I raise the question of germaneness. Under Rule 62 I believe this amendment very clearly enlarges the scope and object of the bill. If you will examine starting with the title on Engrossed Second Substitute House Bill No. 480 it is purely evident that this bill relates to the community college program not only by title but section by section, page by page, issue by issue, throughout the entire bill, Mr. President. I would refer you to the amendment which referred to a House bill and the amendment very clearly deals with higher education.

"We have a separate act, a separate program for the community college program and we are very clearly enlarging the scope and object when we examine the university regents and the addition of students to that board. For these reasons I would raise the question of enlarging the scope and object, Mr. President, and ask for your ruling."

MOTION

Senator Sandison moved that the amendment by Senators Durkan, Marquardt and Uhlman be laid upon the table.

Senator Durkan demanded a roll call and the demand was sustained by Senators Uhlman, Gissberg, Stender, Day, Odegaard, Atwood, Marquardt, Elicker and Metcalf.

POINT OF INQUIRY

Senator Uhlman: "Would Senator Durkan yield to a question? Senator Durkan, would you explain the amendment?"

POINT OF ORDER

Senator Atwood: "Point of order, Mr. President. The motion to table is not debatable and we are ready to call the roll."

Senator Uhlman: "I think there is some confusion here as to what we are voting on and I am simply asking for a brief explanatory comment."

ROLL CALL

The Secretary called the roll and the motion by Senator Sandison to table the amendment by Senators Durkan, Marquardt and Uhlman carried by the following vote: Yeas, 28; nays, 18; absent or not voting, 3.

Voting yea: Senators Andersen, Atwood, Canfield, Cooney, Donohue, Foley, Guess, Herr, Huntley, Lewis (Brian), Lewis (Harry), McCormack, McCutcheon, McDougall, Matson,

Metcalfe, Newschwander, Peterson (Ted), Pritchard, Ryder, Sandison, Stender, Talley, Twigg, Walgren, Williams, Wilson, Woodall—28.

Voting nay: Senators Connor, Day, Dore, Durkan, Elicker, Faulk, Gissberg, Greive, Holman, Keefe, Knoblauch, Marquardt, Odegaard, Peterson (Lowell), Ridder, Stortini, Uhlman, Washington—18.

Absent or not voting: Senators Bailey, Henry, Mardesich—3.

There being no objection, Senator Durkan withdrew his remaining amendments from the Secretary's desk.

MOTION

On motion of Senator Atwood, Senators Atwood, Dore and Durkan were excused.

On motion of Senator Sandison, the rules were suspended, Engrossed Second Substitute House Bill No. 480, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Wilson: "Would Senator Sandison yield to a question? Senator Sandison, this question is related to the numerous local school districts which largely through their own initiative have developed comprehensive adult education programs. Some of these districts are located quite a distance from their nearest community college and it is their fear that section 11 and other related portions of this measure might make it more difficult or complicated for them to continue their program.

"May I ask whether it is not within the intent of this legislation that the community colleges will do everything possible to encourage the continued operation and development of adult education programs in school districts such as I have described?"

Senator Sandison: "Yes, Senator Wilson, it was the testimony of the state community college board and Dr. Canfield and those of the staff that the policy of the state community colleges were to further already existing vocational technical programs and occupational programs in the various high schools. Most of them are excellent. They will not only further them, they will assist them financially. They will, in many cases because of the distance of many communities including a good number in my own district away from the community college board, contract with the high school to use their facilities and instructors to provide these courses. They will not change anything that is now existing and as I say will also increase them. At the same time these same high schools will bring academic credit courses to be run in context with the vocational courses.

"If I might add further, if anything would develop in the next year or biennium, depending on how long it is before we reconvene, with the community college board contrary to this, then it would be contrary to what they gave us as their intent to the Senate Committee on Higher Education."

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Second Substitute House Bill No. 480, as amended by the Senate, and the bill passed the Senate by the following vote: Yeas, 41; nays, 4; absent or not voting, 2; excused, 2.

Signed by: Senators Uhlman, Chairman; Atwood, Durkan, Foley, Gissberg, Holman, Ridder, Twigg, Woodall.

The bill was read the second time by sections.

MOTIONS

Senator Greive moved that Engrossed House Bill No. 183 be referred to the Committee on Ways and Means.

Senator Gissberg moved that the motion by Senator Greive be amended to refer Engrossed House Bill No. 183 to the Committee on Ways and Means with instructions to amend the bill insofar as adding an appropriation is concerned.

Debate ensued.

On motion of Senator Foley, the following amendment was adopted:

On page 3, line 33, following the committee amendment, add a new section as follows: "*NEW SECTION. Sec. 12. There is hereby appropriated from the general fund to the court of appeals to carry out the provisions of this act the sum of one million dollars.*"

On motion of Senator Foley, the following amendment to the title was adopted:

On page 1, line 1 of the title, after "judges" and before the period insert "; making an appropriation"

MOTION

Senator Gissberg moved that Engrossed House Bill No. 183 be referred to the Committee on Rules and Joint Rules.

POINT OF ORDER

Senator Greive: "Point of order, Mr. President. I think Senator Gissberg already knows what my point of order is. Under Rule 21 they are of equal rank and Reed's Rule 255 says of equal rank, the one put first governs."

POINT OF ORDER

Senator Uhlman: "Point of order. My point of order is that Senator Greive withdrew his motion. The matter was on second reading, we amended it, there was intervening business and at the present time there would be no motion pending and Senator Gissberg's motion was put."

RULING BY THE PRESIDENT

The President: "Senator Uhlman, the President believes that Senator Greive did not withdraw his motion. The President permitted the license to Senator Foley to present his amendment which the President believes was the only way to resolve this particular situation and the President believes that Senator Greive's motion should be put at this time."

MOTION

Senator Gissberg moved that Senator Greive's motion be amended and Engrossed House Bill No. 183 be referred to the Committee on Rules and Joint Rules.

POINTS OF INQUIRY

Senator Bailey: "Would Senator Gissberg yield to a question? Senator Gissberg, we have adopted one amendment and then we went over and adopted a title amendment. Is it your idea that by sending the bill to the Committee on Rules and Joint Rules it will go in and come out on third reading? I want to be sure it is open for other amendments. Do you think it is?"

Senator Gissberg: "Yes."

Senator Dore: "Would Senator Andersen yield to a question? Senator, do you know of any bill having a one million dollar appropriation that has not been considered this session in the Committee on Ways and Means—Appropriations?"

Senator Andersen: "Answering your question, Senator Dore, the appropriation in this bill is entirely, if I can call a million dollar appropriation incidental, is entirely incidental. It is only put in for the purpose that if the salary bill that comes through from the House that hasn't come through, if it doesn't come through we have to have salaries and money to pay for these people so I think as far as the bill is concerned it is strictly an incidental aspect of it. It was put on for rather mechanical reasons. I could be in error on that and the chairman of the committee could correct me but I believe the appropriation item here is purely incidental and a mechanical kind of thing and does not relate to the substance of the bill at all."

Debate ensued.

POINT OF ORDER

Senator Gissberg: "Point of order. Senator Dore is speaking to the bill and not to the motion to re-refer. Now everyone else up to this point has carefully kept to the point and not opened up the entire bill for debate and I don't think you should be allowed that privilege either, Senator."

RULING BY THE PRESIDENT

The President: "Senator Dore will confine his remarks to the motion."

POINT OF INFORMATION

Senator Newschwander: "Point of inquiry. By the adoption of this amendment for one million dollars, does that mean that any bill that has an appropriation is before this body after twelve noon tomorrow?"

REPLY BY THE PRESIDENT

The President: "The President believes that practically every bill that carries an appropriation would fall within the provisions of the concurrent resolution."

RULING BY THE PRESIDENT

The President: "The President believes that the proposed amendment to Senator Greive's motion is essentially the same motion as Senator Greive's and that he should put Senator Greive's motion first."

Senator Greive demanded a roll call and the demand was sustained by Senators McCutcheon, Washington, Dore, Bailey, Stortini, Andersen, Faulk, Knoblauch, and Newschwander.

Debate ensued.

POINTS OF INQUIRY

Senator Bailey: "Would Senator Ridder yield to a question? Senator Ridder, this bill is almost as bad as the code for education we adopted. It is one hundred and thirty pages long and I want to ask you if any place in this bill there is anything that would change the school district boundaries or bring about consolidation of school districts which do now exist?"

Senator Ridder: "It has nothing to do with local school districts. It has to do with organizing into larger units rather than county units and this hasn't anything to do with local individual school districts. It doesn't take away any of their autonomy. It does change their boundaries. It does nothing more than can be done today."

Senator Bailey: "It is not the intent then of the writers or supporters of this bill nor yourself to change non-high school districts or any local school districts?"

Senator Ridder: "Absolutely not and this should not do any of that."

Senator Canfield: "Senator Ridder, would you yield? Senator, I have had a lot of pros and cons about this and the main opposition that I have received seems to stem from an accusation that there are some mandatory features in this bill regarding consolidation and I wish you would explain to the body what mandatory features there are in this bill that mandate consolidation."

Senator Ridder: "There is nothing in this bill that mandates consolidation, that makes districts consolidate. What it does is to set up larger administrative organizations. As you know now, historically, the school leaders were the county superintendents who are dynamic and interested in going out and really applying themselves to provide the services necessary in these districts and the problem is that actually these counties have pretty well been starved off."

"Now, we have come to the idea that we need a little different reorganization, a little larger than county. I have a list of some of these. For instance, some of these counties get as little as \$7,000 for paying the county superintendent and providing services for the county. This is almost impossible. Under this plan they would be able to put two counties together in a larger administrative unit under what is very much like what today is the county superintendent. This is essentially what it does."

Senator Canfield: "May I inquire further, Senator Ridder? I think you are saying then that there is mandatory consolidation as far as administration is concerned."

Senator Ridder: "Not of individual school districts."

Senator Canfield: "The county schools?"

Senator Ridder: "I want you to understand, Senator, a little bit of the historical significance here."

Senator Canfield: "Not over five minutes, please."

Senator Ridder: "In 1965 we talked of this very same bill and when this intermediate school district was put forth in a permissive way, we talked at the time then of making it a mandatory thing and they said, 'Now, wait a minute, let's wait for a couple of years and let's think about it and let's work on it'."

"Over the two years up to 1967 they thought about it and worked on it but five districts voted to become intermediate districts out of the fifteen that were set up at that time. Since that time we have had one more but there hasn't been a great moraine although many districts have wanted to do this. I don't think that people understand that some districts would love to get together with other districts, some counties would love to get together with other counties but it is just awfully hard to do it and this is a little help. Geographic factors, climatic factors, population factors and distance factors will be taken into consideration and hearings in these districts and then you might say that they will be mandated but there will be a lot of individual attention given to it, Senator."

Senator Stender: "Would Senator Ridder yield to a further question? As I understood your previous remarks in response to Senator Canfield, the present law provides the optional choice to the consolidation of school districts to form the intermediate district and the objective of this bill is to compel that to come about. Is that correct?"

Senator Ridder: "I think that is rather a harsh way to put it."

Senator Stender: "It is in fact what it does?"

Senator Ridder: "In the long run and the cold sense of the word, it does that."

Senator Stender: "In the long run? When it becomes law it won't have to be a long run."

Senator Ridder: "Well, you must remember that it is after hearings and after appropriate working that this comes about. As you know, now the fifteen intermediate districts, those of the nine that are left, have pretty harsh boundaries and you can't rearrange them. This will allow for a rearrangement and there will be more than just fifteen we are sure."

Senator Stender: "This will compel the so-called dissidents that refuse to consolidate under the present law to consolidate if this act is passed. Is that now correct?"

Senator Ridder: "I have a map here, sir."

Senator Stender: "The question doesn't require a map. It does require that they consolidate those who are so-called dissidents. Actually, the real purpose of the bill is to put them in line and make them."

Senator Ridder: "It will require them to get down to the problem of grouping together in some form."

Senator Stender: "Thank you."

ENGROSSED HOUSE BILL NO. 742, by Representatives Smythe, Fleming, Sprague, Curtis and Morrison:

Relating to racial discrimination in labor organizations.

REPORT OF STANDING COMMITTEE

April 9, 1969.

ENGROSSED HOUSE BILL NO. 742, relating to racial discrimination in labor organizations (reported by Committee on Labor and Social Security):

MAJORITY recommendation: Do pass with the following amendments:

On page 2, section 2, line 1, after "include" and before "minority" insert "entrance of"

On page 2, section 2, line 2, after "ity" strike the remainder of line 2 and insert "races in such program in a ratio not less than the ratio which"

On page 2, section 2, line 5, strike the "." and insert "with the ultimate goal of obtaining the proportionate ratio of representation in the total program membership."

On page 2, section 2, line 10, after "gram" insert ": PROVIDED, That nothing in this act will affect the total number of entrants into the apprenticeship program or modify the dates of entrance both as established by the joint apprenticeship committee"

Signed by: Senators Stortini, Chairman; Bailey, Connor, Faulk, Matson, Metcalf, Ridder.

On page 2, section 3, line 24, after "as to" strike the remainder of the sentence down to and including "program." on line 25 and insert "entrance of minority races into the program."

Senator Stender moved adoption of the following amendment:

On page 1, section 1, beginning on line 5, strike all of section 1 and insert:

"NEW SECTION. Section 1. It is the policy of the legislature and the purpose of this act to provide every citizen in this state a reasonable opportunity to enjoy employment and other associated rights, benefits, privileges, and to help citizens of minority races realize in a greater measure the goals upon which this nation and this state were founded. All the provisions of this act shall be liberally construed to achieve these ends, and administered and enforced with a view to carry out the above declaration of policy."

Debate ensued.

POINT OF INQUIRY

Senator Stortini: "Would Senator Stender yield to a question? Senator, I concur with Senator Dore. I don't see any real difference either. Could you explain what your amendment will do that the engrossed House bill will not do?"

Senator Stender: "Senator Stortini, I am pleased you asked the question. The whole statement, that is the portion that I have stricken from the measure is an indictment. It is an indictment that this is the fact and it isn't the fact. Sure, there are some occasions that probably would be pointed out but the real fact behind it as I pointed out from the letter from my lodge and it isn't a small lodge, it is in an area where the Negro has an opportunity. Even with that afforded them, they do not take advantage of it but to indict the labor organization for the circumstance alone seems to be out of context with lawmaking.

"Why does it have to be in the bill in the first place, that is my question. My amendment proposes and it states and I think properly so that it is the policy of the legislature and the purpose of this act to provide every citizen in this state, not just minorities, a reasonable opportunity to enjoy employment and other associated rights, benefits, privileges and to help citizens of minority races realize in a greater measure the goals upon which this state and nation were founded.

"We are not just legislating for so-called minorities. We have Caucasians that need help too, you know, and our union carefully worked to help them all and not just the boilermakers' union, either. I happen to know a whole lot of these unions and I know that there are very few that discriminate but to say it in a law as they have here and to propose an enactment in a manner that would seem to indict the labor organization as it does, I think it is completely wrong and it is out of context with lawmaking.

"This amendment does exactly what I think we want to do and I would think that the Senate wants to do and that is to see that the minority gets a break and that is what we are saying without impugning anyone or insulting anyone within the labor organization. I think the chips will fall where they will. If the enactment is passed, those who aren't in fact attempting to carry out the purposes of the act will then be brought to task.

"I would urge the adoption of the amendment."

MOTION

Senator Dore moved that the amendment by Senator Stender be laid upon the table.

Senator Stender demanded a roll call and the demand was sustained by Senators Mardesich, Dore, Connor, Washington, Stender, Talley, Metcalf, Matson, McDougall and Guess.

PARLIAMENTARY INQUIRY

Senator McDougall: "Point of parliamentary inquiry. We have adopted, or I believe we adopted, Senator Bailey's motion regarding the limitation of time that can be spent on various amendments by an individual, is this not correct? Would the Chair rule if this is cumulative time that can be spent on the amendment by the individual or can he speak once and rise and speak later several times and go beyond the five minutes?"

REPLIES BY THE PRESIDENT

The President: "The President believes that Senator Bailey's motion stated that the Senator could speak on the issue up to five minutes."

Senator McDougall: "Then he could rise again and speak another five minutes?"

The President: "Not on the same issue. He may be able to rise and speak one or two minutes or whatever time may be remaining to him."

The motion by Senator Stender carried and the amendment was adopted.

Senator Stender moved adoption of the following amendment:

On page 1, section 2, line 26, strike "Every" and capitalize "Joint" and after "apprenticeship" strike "program" and insert "programs"

PARLIAMENTARY INQUIRY

Senator Stortini: "Point of parliamentary inquiry. On Senator Stender's first amendment we voted not to table. Are we going to vote on the amendment now?"

REPLY BY THE PRESIDENT

The President: "The first amendment proposed by Senator Stender was adopted. The motion to table was defeated 21 to 24."

The motion carried and the amendment by Senator Stender was adopted.

Senator Stender moved adoption of the following amendment to the committee amendment:

Amend the committee amendment to page 2, section 2, line 2, to read as follows:

"On page 2, section 2, line 2, after "ity" strike the remainder of line 2 and insert "races in such program, when available, in a ratio not less than the ratio which"

POINT OF ORDER

Senator Mardesich: "Point of order. By earlier action we adopted the last of the committee amendments which amends page 2, line 10 adding after 'gram' a new proviso but what Senator Stender is doing is amending what we have already amended and striking a proviso already adopted and I don't think he intends to do that."

Senator Stender: "Yes, it does because the context of the new proposal puts it in a positive manner rather than in a defensive manner that is now in the bill."

POINT OF INQUIRY

Senator Dore: "Would Senator Stender yield to a question? I am trying to follow your amendments as you go through them and the one we are now working on is the last one on page 1. Is that correct?"

Senator Stender: "That is correct."

Senator Dore: "On page 10 you are striking the language, 'minority races for the purpose of the act shall include black, Mexican-American or Spanish-American and Indians. Isn't that correct?'"

Senator Stender: "You are correct. I am talking about a different amendment. This has to do with the definition of minorities; black, Mexican-American, Spanish-American and Indians. In all fairness while these are no doubt in the minority, I don't think that the law is fair in singling out three specific minorities without including all the minorities. If it is going to be an act covering all of them, then we should relate to all of them or not relate to any of them and in this instance I have suggested that we do not relate to them. Everybody knows who the minorities are and whether they are black, blonde or white or whatever they are, it doesn't really change the basic intention of the act."

POINT OF ORDER

Senator Mardesich: "Point of order. Without referring to the context of the amendment, I would like to point out that this amendment strikes all of lines 10 and 11. There has already been inserted before that matter and after the word 'gram' a new proviso and I think what Senator Stender means to do is leave the proviso in and strike the matter beginning on line 10 beginning with 'minority'."

Senator Stender: "That is correct. The committee amendment, and I overlooked this and I am glad Senator Mardesich brought it to my attention and we had actually approved this amendment and it belongs in there and then the amendment that I have to strike the definition of 'minorities' would follow that."

POINT OF INQUIRY

Senator Guess: "Would Senator Stortini yield? Senator, what is the meaning of that proviso?"

Senator Stortini: "Senator Guess, this amendment stays with the original intent of the bill itself. It merely clarifies the respect for the decisions of the local joint apprenticeship committees concerning the total number of starting apprentices and their date of entrance into the program itself. So I think it is very important in the . . ."

Senator Guess: "What does it mean?"

Senator Stortini: "I thought I explained it."

Senator Guess: "If someone has to administer one of these things I would like to know just how is this going to affect the operation of a plan?"

Senator Stortini: "Let me say this, Senator, that every year there are only so many jobs that are available in the apprenticeship program itself and I believe this number is derived after a study by the committee itself and as the act itself originally reads, the local apprenticeship programs could have been required to take minority members who met the minimum requirements irrespective of the availability of jobs and I think this amendment handles this intent."

Senators Keefe, Connor and McCutcheon demanded a Call of the Senate. The demand was not sustained on a rising vote.

Senator Dore demanded a roll call and the demand was sustained by Senators Washington, Connor, Uhlman, Greive, Ridder, Metcalf, Faulk, Odegaard, Peterson (Lowell) and McCutcheon.

ROLL CALL

The Secretary called the roll on the motion by Senator Stender and the amendment was not adopted by the following vote: Yeas, 22; nays, 23; absent or not voting, 2; excused, 2.

Voting yea: Senators Andersen, Atwood, Canfield, Elicker, Guess, Huntley, Lewis (Brian), Lewis (Harry), McCormack, McDougall, Mardesich, Matson, Metcalf, Nenschwander, Peterson (Ted), Ridder, Ryder, Stender, Talley, Twigg, Williams, Woodall—22.

MOTION

On motion of Senator Twigg, Senator Andersen was excused.

Senator Stender moved adoption of the following amendment:

On page 2, section 2, line 11, after "Spanish-Americans" and before "and" insert "Orientals"

POINT OF ORDER

Senator Dore: "Point of order. Isn't it orderly procedure we go through the amendments before we go back. We have been through that section. Don't you have to suspend the rules to go back or ask to make a motion to go back?"

RULING BY THE PRESIDENT

The President: "The procedure is in order, Senator Dore."

Senator Greive: "I would like to support Senator Dore. Under Reed's Rule 61 you will find that the bill must be read section by section and subject to amendment and so it would seem to me speaking on the point of order that you would have to go through it section by section rather than going back."

Senator Woodall: "Anytime there is any change in the bill you can go back and change any other part of the bill. Otherwise, something could be passed later on that would throw one of the power sections completely out of order. You can always go back and amend."

RULING BY THE PRESIDENT

The President: "The bill has been read, Senator Greive, at least the last line, therefore, the entire bill is subject to amendment."

The motion carried and the amendment was adopted.

On motion of Senator Woodall, the following amendment was adopted:

On page 2, section 2, line 11, after "Indians" and before the period insert "or Filipinos"

Senator Stender moved adoption of the following amendment:

On page 2, section 3, line 12, strike all of section 3 as follows: "When it shall appear to the department of labor and industries that apprenticeship programs referred to in section 2 of this act fail to meet the provisions of this act, the department may then withdraw state funds and facilities which may have been authorized for such apprenticeship program."

POINT OF INQUIRY

Senator Metcalf: "Would Senator Stender yield? Senator Stender, the parts of this section which you have stricken, lines 18 through about 21 it says that 'which fact shall be determined by report that the department may request or in such other manner as it may see fit'. In other words you are striking the part that they can request these reports. Now my question is are there other means presently in the law where they can get these reports or is part of your amendment to remove from the department the power to get these reports?"

Senator Stender: "The power of the government to enforce the statutes is something that I don't think necessarily has to be provided for within the statute itself. They have an apprenticeship council that handles these apprenticeship programs and they are part of the department of labor and industries. In fact this session we made them specifically a part. I remember we had a bill that we debated with regard to the new identification of the apprenticeship department of labor and industries and they would be the one who would make the determinations. They are the ones who govern apprenticeship programs all the way along and this act that is proposed would be an act to guide the apprenticeship council. This isn't anything that runs by itself. The apprenticeship council is jointly a management affair and the department is a part of it.

"You see, you are dealing in an area that is already covered by standards insofar as the state is concerned. This only runs to the minorities being included in the training program so when you are talking here you are not talking about a separate program that is going to be away and apart from the present apprenticeship program that we are dealing with right now and unions all have apprenticeship programs and they are under the supervision of the state apprenticeship council."

MOTION

On motion of Senator McDougall, Senator Uhlman was excused.

Senator Dore demanded a roll call and the demand was sustained by Senators Connor, Mardesich, Keefe, Walgren, Stortini, Greive, Metcalf, Peterson (Lowell) and Odegaard.

ENGROSSED HOUSE BILL NO. 640, by Representatives Cunningham, Garrett, Barden and Harris:

Creating a governor's advisory committee on vendor rates.

MOTION

Senator Greive moved that Engrossed House Bill No. 640 be placed at the end of today's second reading calendar.

POINTS OF INQUIRY

Senator Atwood: "Would Senator Greive yield? For what purpose are you moving this bill to the end of the calendar?"

Senator Greive: "It has come to my attention that there are some objections to it and we have been having some conversations and we are working up an amendment."

Senator Atwood: "I would object to putting it at the end of the calendar for today. This is an effort by Senator Greive to kill the bill and I would oppose his motion. I talked to Senator Elicker and the director of public assistance yesterday on this matter. It is one of Senator Durkan's request bills that I got out of the Committee on Rules and Joint Rules for him and I think it is very vital to the operation of the department of public assistance and I would hate to see this bill die. I don't like to see it killed this way. I think the amendment that I talked to Senator Elicker about was striking the last line of the last section and I think this would in effect kill the bill because there are some bills that are coming up that need an amendment."

Senator Greive: "It seems to me if we are going to have some debate on it we are very easily going to be there before we adjourn and I would as leave not derail anything in the process and there is still information coming in.

"I can see no reason in putting it ahead of other bills, two or three of which on the bottom are pretty important. I don't think it will kill it although I may very well be against it. That I haven't determined at this point but we are still getting information on it and I don't think it is a wise thing to take it up now and get into a long hassle."

Senator Atwood: "I don't think the hassle is very long. This is a very simple bill and if it be in order I would move that it be made a special order of business at 11:45 a.m."

Senator Greive: "Mr. President, both motions are of the same order and rank and I say the first one has to be put first."

Senator Bailey: "Point of inquiry. I think last Friday the ruling was that if we were even past the deadline that that automatically killed the bill. What would the President's ruling be today if the bill was under consideration?"

RULING BY THE PRESIDENT

The President: "The President believes that if the Senate starts consideration of a bill prior to twelve noon that it can complete action on that particular measure."

With the approval of the Senate, Engrossed House Bill No. 640 was made a special order of business for 11:50 a.m. today.

HOUSE BILL NO. 380, by Representatives Farr, Chatalas, Kopet, Lynch and Smythe (by departmental request):

Contributing to the support of juvenile delinquents.

The bill was read the second time by sections.

On motion of Senator Williams, the rules were suspended, House Bill No. 380 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

ROLL CALL

The Secretary called the roll on the final passage of House Bill No. 380, and the bill passed the Senate by the following vote: Yeas, 44; nays, 1; absent or not voting, 1; excused, 3.

Voting yea: Senators Andersen, Atwood, Bailey, Connor, Cooney, Day, Donohue, Dore, Elicker, Faulk, Foley, Gissberg, Greive, Guess, Henry, Holman, Huntley, Keefe, Knoblauch, Lewis (Brian), Lewis (Harry), McCormack, McCutcheon, Mardesich, Marquardt, Matson, Metcalf, Newschwander, Odegaard, Peterson (Lowell), Peterson (Ted), Pritchard, Ridder, Ryder, Sandison, Stender, Stortini, Talley, Twigg, Uhlman, Walgren, Washington, Williams, Woodall—44.

Voting nay: Senator Wilson—1.

Absent or not voting: Senator Canfield—1.

Excused: Senators Durkan, Herr, McDougall—3.

HOUSE BILL NO. 380, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

SIGNED BY THE PRESIDENT

The President has signed:
SENATE BILL NO. 318,
SENATE BILL NO. 401,
SENATE BILL NO. 443.

ENGROSSED SUBSTITUTE HOUSE BILL NO. 31, by Committee on Labor and Employment Security:

Regulating explosives.

The bill was read the second time by sections.

On motion of Senator Stortini, the rules were suspended, Engrossed Substitute House Bill No. 31 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

POINTS OF INQUIRY

Senator Lewis (Harry): "Would Senator Stortini yield? Senator, can you tell me, does this change the specifications for portable explosive storage buildings or sheds in any way as far as interior lining or size or specifications as to the structure of these portable buildings?"

Senator Stortini: "Senator, not to my knowledge is there any change at all."

Senator Lewis (Harry): "Then it is clear that in no way does it add additional restrictions on the shielding of portable buildings in any manner or form?"

Senator Stortini: "No, I don't think so."

Senator Bailey: "Would Senator Stortini yield? Senator, this is a bill that started early in the session and at that time a lot of the industrial people, for instance, loggers, etc. found that they couldn't even live with the original bill. Now, as I understand it, these problems have been ironed out pretty well and it is just merely a safety measure now and doesn't really restrict industry. Is that correct?"

Senator Stortini: "That is right. Loggers, for example, in use of explosives can get a temporary permit from the department of labor and industries for a twelve-month period. It is no problem."

Senator Bailey: "Senator, what are the present practices? Do they have to have any permit now?"

Senator Stortini: "At the present time, no, they don't."

Senator McCormack: "Would Senator Stortini yield? Does this have anything to do with transportation or regulation of transportation of explosives through cities? Is there any restriction involving this on this subject?"

Senator Stortini: "Yes, Senator, this act doesn't take any power away from the municipality, itself, as long as they meet the standards that are set up by the department of labor and industries. It simply just modernizes, as Senator Stender said, the existing act that we have at the present time."

Senator Peterson (Lowell): "Would Senator Stortini yield to a further question? Senator, we have in many rural areas small magazines that supply for instance farmers and local small contractors etc. Is this measure going to restrict them in such a manner that it would create an undue hardship in the storage and sale? Does it change the present regulations in any degree?"

Senator Stortini: "No, Senator, this doesn't harm them whatsoever."

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Substitute House Bill No. 31, and the bill passed the Senate by the following vote: Yeas, 45; absent or not voting, 1; excused, 3.

Voting yea: Senators Andersen, Atwood, Bailey, Canfield, Connor, Cooney, Day, Donohue, Dore, Elicker, Faulk, Foley, Gissberg, Greive, Guess, Henry, Holman, Huntley, Keefe, Knoblauch, Lewis (Brian), Lewis (Harry), McCormack, McCutchen, Mardesich, Marquardt, Matson, Metcalf, Newschwander, Odegaard, Peterson (Lowell), Peterson (Ted), Pritchard, Ryder, Sandison, Stender, Stortini, Talley, Twigg, Uhlman, Walgren, Washington, Williams, Wilson, Woodall—45.

Absent or not voting: Senator Ridder—1.

Excused: Senators Durkan, Herr, McDougall—3.

ENGROSSED SUBSTITUTE HOUSE BILL NO. 31, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

ENGROSSED HOUSE BILL NO. 645, by Representatives Berentson, Veroske and Martinis:

Regulating county roads.

The bill was read the second time by sections.

Senator Guess moved adoption of the following amendment:

On page 7, line 31, insert as section 14 the following:

“Sec. 14. Section 36.75.040 chapter 4, Laws of 1963 and RCW 36.75.040 are each amended to read as follows:

The board of county commissioners of each county, in relation to roads and bridges, shall have the power and it shall be its duty to:

(1) Acquire in the manner provided by law property real and personal and acquire or erect structures necessary for the administration of the county roads of such county;

(2) Maintain a county engineering office and keep record of all proceedings and orders pertaining to the county roads of such county;

(3) Acquire land for county road purposes by purchase, gift, or condemnation, and exercise the right of eminent domain as by law provided for the taking of land for public use by counties of this state;

(4) Perform all acts necessary and proper for the administration of the county roads of such county as by law provided;

(5) *In its discretion rent or lease any lands, improvements or air space above or below any county road or unused county roads to any person or entity, public or private: PROVIDED, That the said renting or leasing will not interfere with vehicular traffic along said county road or adversely affect the safety of the traveling public.*”

Re-number section 14 as section 15.

POINTS OF INQUIRY

Senator McCutcheon: “Would Senator Guess yield to a question? I hadn’t seen this amendment before. Is this option?”

Senator Guess: “Yes, sir, it is an optional measure.”

Senator Canfield: “Would Senator Guess yield to a question? Senator, does this measure take away from the county commissioners the jurisdiction over the road building program as seemingly indicated in the caucus digest?”

Senator Guess: “Senator Canfield, there are other sections and there will be some amendments to the bill and I think that after you hear those discussed that you will see that in certain instances it puts the construction of the roads in the hands of the county engineer. I would not like to discuss those because they will be discussed later on.”

Senator Canfield: “You don’t have an answer to the question then or you don’t choose to answer or what?”

Senator Guess: “Well, it is not germane to discuss the whole bill when you are discussing an amendment, sir.”

Debate ensued.

Senator Mardesich moved the adoption of the following amendment to the amendment:

After the word “public” in subsection (5) of the amendment by Senator Guess, add the following: “: *PROVIDED FURTHER, That any such sale, lease or rental shall be by public bid in the manner provided by law*”

The motion carried and the amendment to the amendment by Senator Guess was adopted.

On motion of Senator Gissberg, the following amendment to the amendment by Senator Guess as amended by Senator Mardesich was adopted:

After the amendment by Senator Mardesich, add the following: “*AND PROVIDED FURTHER, That nothing herein shall prohibit any county from granting easements of necessity*”

The amendment by Senator Guess as amended was adopted.

Senator Knoblauch moved adoption of the following amendment:

On page 3, section 2, line 4, after “county” insert “, in all except counties classified as class A as of the effective date of this 1969 amendatory act”

Debate ensued.

On motion of Senator Odegaard, the following amendment to the amendment by Senator Knoblauch was adopted:

On page 3, section 2, after "act" in the Knoblauch amendment to section 2, page 3, insert:

"except counties of the third class having an area of more than two thousand square miles and less than twenty-five hundred square miles,"

The amendment by Senator Knoblauch as amended by Senator Odegaard was adopted.

Senator Lewis (Brian) moved adoption of the following amendment:

On page 1, section 1, line 20, insert as section 1:

"Section 1. Section 36.75.010, chapter 4, Laws of 1963 and RCW 36.75.010 are each amended to read as follows:

Terms used in this title, with relation to roads and bridges, mean:

(1) "Alley," a public highway not designed for general travel and primarily used as a means of access to the rear of residences and business establishments;

(2) "Board," the board of county commissioners;

(3) "Center line," the line, marked or unmarked, parallel to and equidistant from the sides of the roadway of a public highway;

(4) "City street," every public highway or part thereof, located within the limits of incorporated cities and towns, except alleys;

(5) "County engineer" shall include county director of public works;

[(5)] (6) "County road," every public highway or part thereof, outside the limits of incorporated cities and towns and which has not been designated as a state highway;

[(6)] (7) "Department," the department of highways of the state, or such state agency as many succeed to its powers and duties;

[(7)] (8) "Director," the acting director of the department of highways or his duly authorized assistant;

[(8)] (9) "Highway commission," the state highway commission as provided for in chapter 47.01 RCW;

[(9)] (10) "Pedestrian," any person afoot;

[(10)] (11) "Private road or driveway," every way or place in private ownership and used for travel of vehicles by the owner or those having express or implied permission from the owner, but not by other persons;

[(11)] (12) "Public highway," every way, lane, road, street, boulevard, and every way or place in the state of Washington open as a matter of right to public vehicular travel both inside and outside the limits of incorporated cities and towns;

[(12)] (13) "Railroad," a carrier of persons or property upon vehicles, other than street cars, operated upon stationary rails, the route of which is principally outside incorporated cities and towns;

[(13)] (14) "Roadway," the paved, improved or proper driving portion of a public highway designed, or ordinarily used for vehicular travel;

[(14)] (15) "Sidewalk," property between the curb lines or the lateral lines of a roadway, and the adjacent property, set aside and intended for the use of pedestrians or such portion of private property parallel and in proximity to a public highway and dedicated to use by pedestrians;

[(15)] (16) "State highway," includes every primary and secondary state highway or part thereof."

Renumber section 1 as section 2 and renumber the following sections consecutively.

Debate ensued.

POINT OF INQUIRY

Senator Uhlman: "Would Senator Lewis (Brian) yield? Is it the sole and total content of the amendment which you propose that this amendment simply changes the designation of the entity from county engineer to board of public works, is that correct?"

Senator Lewis (Brian): "Yes, Senator, I will read the quotation, 'county engineer shall include county director of public works.'"

Further debate ensued.

The motion carried and the amendment was adopted.

Senator Wilson moved adoption of the following amendment:

On page 3, section 2, line 4 after "county" insert the following: *"except counties of the fifth class having an area of more than two thousand square miles and less than three thousand square miles,"*

Debate ensued.

POINTS OF INQUIRY

Senator Huntley: "Would Senator Wilson yield to a question? What Senator Washington just had to say about his amendment that is now on the desk, would you be willing to withdraw your amendment in deference to one that would allow them by majority vote of the board of county commissioners to decide whether they wanted a single road district or not?"

Senator Wilson: "Now if I understand this correctly, Senator Huntley, the proposed amendment would permit each board of county commissioners to decide by majority vote whether it wished to adopt a single road district or retain the present structure of separate road districts. Is that correct?"

Senator Huntley: "That is my understanding. I think perhaps you should address yourself to Senator Washington because it is his amendment. I just heard him speaking of it."

Senator Wilson: "Senator Washington, would you please repeat the gist of the amendment to which you were referring?"

Senator Washington: "At the present time a single county road district can be mandated only by the unanimous vote of all the county commissioners. This makes it difficult then to effect the change. The amendment would in effect restore the part which is stricken and would change it so that the single district can be established by a majority vote of the commissioners rather than by the unanimous vote. In other words, we at least turn loose the hands of the commissioners so they can operate by majority vote in this field."

Senator Wilson: "Senator, so that unless a majority of the board of commissioners in a county desired to create a single county-wide district, they would not be compelled to do so?"

Senator Washington: "This is right, under my amendment."

Senator Wilson: "Yes, Senator, I would withdraw my amendment if this is to be presented."

There being no objection, the amendment by Senator Wilson was withdrawn.

Senator Washington moved adoption of the following amendment:

On page 3, beginning on line 5, strike all the matter down to and including "*elected*," on line 25 and insert: "roads of each county the board may, but not more than once in each year, form their respective counties, or any part thereof, into suitable and convenient road districts, not exceeding nine in number, and cause a description thereof to be entered upon their records.

Unless the board decides otherwise by [unanimous] *majority* vote, there shall be at least one road district in each county commissioner's district embracing territory outside of cities and towns and no road district shall extend into more than one county commissioner's district.

[Each county commissioner shall prepare and file with the county auditor on or before the second Monday in August in each year, detailed and itemized estimates of all expenditures required in each road district in his commissioner's district for the ensuing fiscal year, as provided by law.]"

POINT OF INQUIRY

Senator Lewis (Harry): "Senator Washington, would you yield to a question? Just to be sure I understand, does this apply to all counties in the state?"

Senator Washington: "Yes, it does apply to all counties in the state of Washington."

Debate ensued.

The motion carried and the amendment was adopted.

PARLIAMENTARY INQUIRY

Senator Odegaard: "Point of parliamentary inquiry. Did the passage of Senator Washington's amendment then in effect strike my amendment? As I understand it would have but I wanted to check to be sure."

REPLY BY THE PRESIDENT

The President: "The President is advised by the Secretary that the adoption of Senator Washington's amendment struck the one proposed by you, Senator Odegaard, and the one proposed by Senator Knoblauch."

Senator Odegaard: "Fine, thank you."

On motion of Senator Guess, the following amendments to the title were adopted:

On page 1, line 16 of the title after "36.82.160;" insert "amending section 36.75.040, chapter 4, Laws of 1963 and RCW 36.75.040;"

On line 2 of the title after "accounting;" insert "amending section 36.75.010, chapter 4, Laws of 1963 and RCW 36.75.010;"

On motion of Senator Guess, the rules were suspended, Engrossed House Bill No. 645, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

“Sec. 4. Section 1, chapter 79, Laws of 1907 as last amended by section 3, chapter 48, Laws of 1963 and RCW 2.08.063 are each amended to read as follows:

There shall be in the county of Lincoln one judge of the superior court; in the county of Skagit and Island jointly, two judges of the superior court; in the county of Walla Walla, two judges of the superior court; in the county of Whitman, one judge of the superior court; in the county of Yakima [four] five judges of the superior court; in the county of Adams, one judge of the superior court.”

PERSONAL PRIVILEGE

Senator Andersen: “Point of personal privilege. I would just like to announce that Senator Walgren and myself have in a manner of speaking, become the fathers of a somewhat undesired addition. A little bill that we sponsored having to do with tightening up law enforcement has by virtue of a very narrow vote given birth to an offspring in the House. The abortion bill has been scalped on to it. I just wanted to advise that this blessed event is in the process of occurring over there and we apparently have something to look forward to in the Senate.”

MOTION

Senator Dore demanded a roll call on the amendment by Senators Woodall and Matson and the demand was sustained by Senators Washington, Connor, Bailey, Greive, Uhlman, Peterson (Lowell), Day, Metcalf and Ridder.

ROLL CALL

The Secretary called the roll and the amendment by Senators Woodall and Matson was adopted by the following vote: Yeas, 32; nays, 10; absent or not voting, 4; excused, 3.

Voting yea: Senators Andersen, Atwood, Canfield, Connor, Cooney, Day, Donohue, Elicker, Foley, Greive, Guess, Henry, Huntley, Keefe, Knoblauch, Lewis (Brian), McCormack, McCutcheon, Mardesich, Marquardt, Matson, Newschwander, Odegaard, Peterson (Lowell), Peterson (Ted), Ryder, Stender, Stortini, Talley, Twigg, Walgren, Woodall—32.

PARLIAMENTARY INQUIRY

Senator Bailey: "Point of parliamentary inquiry. On House Bill No. 550 which is following the next special order of business, I wondered in view of the fact that the cutoff resolution mentioned pensions, if this couldn't be considered on next Monday's calendar?"

REPLY BY THE PRESIDENT

The President: "The President believes that House Bill No. 550 fits within the provisions of the concurrent resolution, Senator."

MOTION

Senator Bailey moved that House Bill No. 550 be carried over until the second reading calendar for Monday, April 14, 1969.

PARLIAMENTARY INQUIRY

Senator Dore: "Point of parliamentary inquiry. This bill permits seven additional people to come under the pension act, is that with such an impact it would carry the bill? Just as a matter of parliamentary inquiry, Mr. President."

REPLY BY THE PRESIDENT

The President: "The President believes that it fits within the provisions of the bill."

The motion by Senator Bailey carried and House Bill No. 550 was ordered placed on the second reading calendar for Monday, April 14, 1969.

SUBSTITUTE HOUSE BILL NO. 427, by Committee on Financial Institutions and Insurance:

Regulating insurance.

SPECIAL ORDER OF BUSINESS

The time having arrived, the Senate resumed consideration of Substitute House Bill No. 427 on second reading.

REPORT OF STANDING COMMITTEE

April 9, 1969.

SUBSTITUTE HOUSE BILL NO. 427, regulating insurance (reported by Committee on Commerce and Regulatory Agencies):

MAJORITY recommendation: Do pass with the following amendments:

On page 10, line 28, following section 8 add a new section to read as follows:

"Sec. 9. Section 14.02, chapter 79, Laws of 1947 and RCW 48.14.020 are each amended to read as follows:

(1) Subject to other provisions of this chapter, each authorized insurer except title insurers shall on or before the first day of March of each year pay to the state treasurer through the commissioner's office a tax on premiums. Except as provided in subsection (2) of this section, such tax shall be in the amount of two percent of all premiums, excluding amounts returned to or the amount of reductions in premiums allowed to holders of industrial life policies for payment of premiums directly to an office of the insurer, collected or received by the insurer during the preceding calendar year in the case of foreign and alien insurers, and in the amount of one percent of all such premiums in the case of domestic insurers, for direct insurances, other than ocean marine and foreign trade insurances, after deducting premiums paid to policyholders as returned premiums, upon risks or property resident, situated, or to be performed in this state. For the purposes of this section the consideration received by an insurer for the granting of an annuity is deemed to be a premium.

(2) In the case of insurers which require the payment by their policyholders at the inception of their policies of the entire premium thereon in the form of premiums or premium deposits which are the same in amount, based on the character of the risks, regardless of the length of term for which such policies are written, such tax shall be in the amount of two percent of the gross amount of such premiums and premium deposits upon policies on risks resident, located, or to be performed in this state, in force as of the thirty-first day of December next preceding, less the unused or unabsorbed portion of such premiums and premium deposits computed at the average rate thereof actually paid or credited to policyholders or applied in part payment of any renewal premiums or premium deposits on one-year policies expiring during such year.

(3) Each authorized insurer shall with respect to all ocean marine and foreign trade insurance contracts written within this state during the preceding calendar year, on or before the first day of March of each year pay to the state treasurer through the commissioner's office a tax of three-quarters of one percent on its gross underwriting profit. Such gross underwriting profit shall be ascertained by deducting from the net premiums (i.e. gross premiums less all return premiums and premiums for reinsurance) on such ocean marine and foreign trade insurance contracts the net losses paid (i.e. gross losses paid less salvage and recoveries on reinsurance ceded) during such calendar year under such contracts. In the case of insurers issuing participating contracts, such gross underwriting profit shall not include, for computation of the tax prescribed by this subsection, the amounts refunded, or paid as participation dividends, by such insurers to the holders of such contracts.

(4) The state does hereby preempt the field of imposing excise or privilege taxes upon insurers or *their agents*, other than title insurers, and no county, city, town or other municipal subdivision shall have the right to impose any such taxes upon such insurers or *their agents*.

(5) If an authorized insurer collects or receives any such premiums on account of policies in force in this state which were originally issued by another insurer and which other insurer is not authorized to transact insurance in this state on its own account, such collecting insurer shall be liable for and shall pay the tax on such premiums.

(6) This section shall be effective as to and shall govern the payment of all taxes falling due after the effective date of this code."

Renumber the remaining sections consecutively.

On page 22, section 23, line 13 add five new sections to read as follows and renumber the succeeding sections consecutively:

NEW SECTION. Section 24. As used in this 1969 amendatory act, the following definitions shall mean:

(1) (a) "Group motor vehicle blanket policy" shall mean a policy issued to any labor union or employee organization, covering a group defined as any or all members, employees, or officers of a labor union or employee organization who make application with the labor

union or organization for the said policy or contract of insurance predicated upon or pertaining to, the applicant's or the applicant's family's use of any privately owned motor vehicle as defined in RCW 46.04.320 as now law or hereafter amended.

(b) A policy issued to any employee welfare trust fund for the purpose of providing the benefits authorized in subsection (a) hereof.

(2) "Applicant" shall mean any member, employee, or officer of any labor union or employee organization where the labor union or organization has contracted with any authorized insurer for a group motor vehicle blanket policy.

NEW SECTION. Sec. 25. Any insurer holding a certificate of authority issued pursuant to chapter 48.05 RCW as now law or hereafter amended and otherwise qualified by law, may issue a "group blanket motor vehicle policy" as defined in this 1969 amendatory act.

The provisions of RCW 48.18.480 as now law or hereafter amended shall not apply to any group blanket motor vehicle policy authorized for issuance by this 1969 amendatory act.

Sec. 26. Section .18.48, chapter 79, Laws of 1947 as amended by section 12, chapter 193, Laws of 1957, and RCW 48.18.480 are each amended to read as follows:

No insurer shall make or permit any unfair discrimination between insureds or subjects of insurance having substantially like insuring, risk, and exposure factors, and expense elements, in the terms or conditions of any insurance contract, or in the rate or amount of premium charged therefor, or in the benefits payable or in any other rights or privileges accruing thereunder. This provision shall not prohibit fair discrimination by a life insurer as between individuals having unequal expectation of life. *This provision shall not effect nor prohibit the issuance of any group blanket motor vehicle policy authorized by this 1969 amendatory act.*

Sec. 27. Section .18.34, chapter 79, Laws of 1947 and RCW 48.18.340 are each amended to read as follows:

(1) Every insurer issuing participating policies, shall pay dividends, unused premium refunds or savings distributed on account of any such policy, only to the real party in interest entitled thereto as shown by the insurer's records, or to any person to whom the right thereto has been assigned in writing of record with the insurer, or given in the policy by such real party in interest.

(2) Any person who is shown by the insurer's records to have paid for his own account, or to have been ultimately charged for, the premium for insurance provided by a policy in which another person is the nominal insured, shall be deemed such real party in interest proportionate to premium so paid or so charged. This subsection shall not apply as to any such dividend, refund, or distribution which would amount to less than one dollar.

(3) This section shall not apply to contracts of group life insurance, group annuities, or group disability insurance.

(4) *This section shall apply to group blanket motor vehicle policies authorized for issuance by this 1969 amendatory act.*

NEW SECTION. Sec. 28. The insurance commissioner is authorized to adopt all necessary rules and regulations to carry out the purposes and intent of this 1969 amendatory act.

On page 2, line 4 of the title after "RCW;" and before "repealing" insert "amending section .18.48, chapter 79, Laws of 1947 as amended by section 12, chapter 193, Laws of 1957, and RCW 48.18.480; and amending section .18.34, chapter 79, Laws of 1947 and RCW 48.18.340;"

On page 11, line 15 of the title after ".010;" and before "amending" insert "amending section 14.02, chapter 79, Laws of 1947 and RCW 48.14.020;"

Signed by: Senators Mardesich, Chairman; Andersen, Cooney, Day, Foley, Gissberg, Keefe, Ryder, Stortini, Twigg.

The bill was read the second time by sections.

On motion of Senator Mardesich, the committee amendments were adopted.

POINT OF INQUIRY

Senator Uhlman: "Would Senator Mardesich yield to a question? Senator, I direct your attention to new section 20, page 20, line 28 which reads as follows: 'There shall be no liability on the part of and no cause of action of any nature shall arise against, the insurance commissioner, his agents, or members of his staff, or against any insurer, its authorized representative, its agents, its employees, or any firm, person or corporation furnishing to the insurer information as to reasons for cancellation or refusal to renew, for any statement made by any of them in any written notice of cancellation or refusal to renew, or in any other communications, oral or written, specifying the reason for cancellation or refusal to renew.'

"Senator, would it be your construction that this would give the insurance companies or their agents a total and complete license to slander anybody at any time concerning the person's personal character, his morals, whether or not he has beer bottles in his garbage can or whether his neighbors are saying slanderous comments about him and the rest of it. There have been some very serious abuses in this area and I am just wondering how you would construe that. It looks to me like an open license to slander by companies or their agents."

Senator Mardesich: "In the explanation and discussion we had on this bill that question did not arise. However, if Senator Uhlman feels that that would be a possibility, I have no objection to the striking of it."

On motion of Senator Uhlman, the following amendment was adopted:

On page 20, section 20, line 30, strike all of subsection (1) and renumber the remaining subsection.

On motion of Senator Mardesich, the rules were suspended, Substitute House Bill No. 427, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

ROLL CALL

The Secretary called the roll on the final passage of Substitute House Bill No. 427, as amended by the Senate, and the bill passed the Senate by the following vote: Yeas, 40; absent or not voting, 6; excused, 3.

Voting yea: Senators Andersen, Atwood, Bailey, Canfield, Connor, Cooney, Day, Donohue, Elicker, Faulk, Foley, Gissberg, Greive, Henry, Holman, Huntley, Keefe, Knoblauch, Lewis (Brian), Mardesich, Marquardt, Matson, Metcalf, Newschwander, Odegaard, Peterson (Lowell), Peterson (Ted), Ridder, Ryder, Sandison, Stender, Stortini, Talley, Twigg, Uhlman, Walgren, Washington, Williams, Wilson, Woodall—40.

Absent or not voting: Senators Dore, Guess, Lewis (Harry), McCormack, McCutcheon, Pritchard—6.

Excused: Senators Durkan, Herr, McDougall—3.

SUBSTITUTE HOUSE BILL NO. 427, as amended by the Senate, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

HOUSE BILL NO. 548, by Representatives O'Dell, Bagnariol and Gladder:
Establishing a "Riot Reinsurance Reimbursement Fund."

The bill was read the second time by sections.

On motion of Senator Mardesich, the rules were suspended, House Bill No. 548 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Canfield: "Would Senator Mardesich yield? Senator, there is one thing that I didn't quite get from your good explanation. In regard to this five percent which the state absorbs then you say that is re-assessed against the companies and now here is the question specifically: you referred to a twenty percent credit, now that would be a twenty percent credit for each year of five years. Is that correct?"

Senator Mardesich: "That is correct."

Senator Canfield: "Thank you, Senator."

ROLL CALL

The Secretary called the roll on the final passage of House Bill No. 548, and the bill passed the Senate by the following vote: Yeas, 45; absent or not voting, 1; excused, 3.

HOUSE BILL NO. 717, by Representatives Copeland, Bottiger and Goldsworthy (by departmental request):

Requiring downed aircraft transmitters on certain airplanes.

REPORT OF STANDING COMMITTEE

April 8, 1969.

HOUSE BILL NO. 717, requiring downed aircraft transmitters on certain airplanes (reported by Committee on Commerce and Regulatory Agencies):

MAJORITY recommendation: Do pass with the following amendment:

On page 2, section 2, line 6, after "apply to" strike all the matter down to and including "a pilot;" on line 7. Renumber subsection (2) as subsection (1) and renumber the remaining subsections consecutively.

The bill was read the second time by sections.

Senator Mardesich moved adoption of the committee amendment.

POINT OF INQUIRY

Senator McCormack: "Would Senator Mardesich yield to a question? Senator, if I go down to the airport and check out a plane to fly it around, it has to have one of these homing devices on it according to your amendment?"

Senator Mardesich: "That is right."

Senator McCormack: "And this is regardless of the power level of the airplane? Just any airplane that is up for rent?"

Senator Mardesich: "Any rental or leased aircraft."

The motion carried and the committee amendment was adopted.

Senator Donohue moved adoption of the following amendment:

On page 1, section 1, line 21, after "*commission*" and before "*with*" insert "*or the federal aviation agency*"

Debate ensued.

POINTS OF INQUIRY

Senator Lewis (Harry): "Would Senator Donohue yield to a question? Senator, we have a situation with planes going down. As I understand this bill it only applies to those commercial aircraft which is what we are talking about basically. Could you tell me why the pilots' association is opposing putting these transmitters in all aircraft?"

Senator Donohue: "Yes, Senator, I think possibly it is because at the present time there is a great discrepancy in the price of transmitters that you might say are being experimented with. At the present time this involves prices from \$200 to \$1,500 or \$1,800. Many of these people who have small airplanes have all the way from \$2,000 to \$5,000 in the aircraft and could suddenly find themselves in a situation where the transmitter would cost more than the aircraft and this is a problem.

"It is a problem that is trying to be worked out and has been worked on especially the last couple of years with the federal aviation agency to try to come up with a transmitter that will cost less money and when this time does occur, I am sure that aircraft will leave the factory with this type of transmitter aboard."

Senator Peterson (Lowell): "Will Senator Donohue further yield? Senator, I notice in the title of this act it refers to aircraft carrying persons or property for compensation but when I go to section 2 on page 2 they are privately owned aircraft. I don't see any exclusions and this is a little unclear to me. Does this mean that all private aircraft in effect will have to install this device regardless of whether they are used for personal reasons or not?"

Senator Donohue: "Senator Peterson, I don't understand it that way. I understand that all aircraft for hire will have this transmitter aboard. It is true that there is a little confusion here. You have to understand that a private pilot cannot, under the federal law, use his private pilot's license for hire. It has to be a commercial pilot in the first instance that would be required to have a transmitter aboard any aircraft that is used for commercial purposes."

Senator Peterson (Lowell): "I assume from your remarks then that this would not include the private operator's airplane?"

Senator Donohue: "That is correct, Senator."

Senator Metcalf: "Would Senator Mardesich yield to a question? Senator Donohue just said this applied only to commercial pilots. As I understand it Senator McCormack's amendment made this apply to any airplane when you rent or lease it regardless even if you are the pilot, so I think that the answer that you got is no longer valid in relation to Senator McCormack's amendment and I would like to have that cleared up."

Senator McCormack: "It was not my amendment. It was Senator Mardesich's amendment so I will let him clear it up."

Senator Mardesich: "It was a committee amendment. Mr. President, it is my interpretation of this that an airplane leased out would fall within the classification of an airplane for hire so that if a leasing company were to lease a plane to you, a private pilot, that leased plane would have to have the device in it. It would not apply to those cases where an individual owns his own airplane."

Senator Wilson: "Would Senator Donohue yield? Senator Donohue, around the state there are a number of small operators as you know who have two or three planes used for charter work and instruction, etc. Now considering that the development of less expensive and standardized equipment of this nature is now reaching its final stages, are we working, would you say, a considerable financial hardship on these smaller professional airplane businesses which are trying to stay afloat by requiring the installation of equipment which you said might cost up to \$1,800 on each of their planes?"

Senator Donohue: "I would assume that in some instances of small operators this is

possibly true, however, there are transmitters available at a low cost and this does pertain to commercial aviation. One thing that started this if you remember a couple of years ago when a family from Portland went to California and the father walked out to seek help after the crash of his plane and the mother and daughter died on the mountainside because the searchers were not able to find them.

"If there had been a transmitter aboard this aircraft, the possibility for survival for these people would have been greatly increased. I think this is a good bill and I think it is something we are going to have to cope with in the future and not just in this state but throughout every state."

The motion carried and the amendment by Senator Donohue was adopted.

On motion of Senator Ryder, the rules were suspended, House Bill No. 717, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

(3) The depository shall have the right to make substitutions of eligible collateral at any time. (4) The income from the assets which constitute segregated collateral shall belong to the depository bank without restriction.

Any sums received from any distribution shall be paid to the public depositors to the extent of any unpaid net deposit liability and the balance to the qualified public depositories against which assessments were made, in proportion to such assessments. If the commission incurs expense in enforcing any such claim, the amount thereof shall be paid as a liquidation expense of the depository in which the loss occurred.

NEW SECTION. Sec. 8. Except as provided in section 11 of this 1969 amendatory act, no public deposit shall be made except in a qualified public depository located in this state.

[The amount at any time on deposit with any depository shall not exceed ninety percent of the value of the securities deposited by it: PROVIDED, That in the event repayment of deposits in a depository is insured by the Federal Deposit Insurance Corporation, or by any other corporation, agency, or instrumentality organized and acting under and pursuant to the laws of the United States, and authorized to insure the repayment of bank deposits, such depository shall be required to deposit securities only to the amount necessary to secure the excess of the moneys on deposit with it over the amount covered by such insurance.]

Sec. 19. Section 43.85.150, chapter 8, Laws of 1965, as amended by section 2, chapter 132, Laws of 1967 and RCW 43.85.150 are each amended to read as follows:

Such bond or securities shall be at

least equal to the amount of the moneys to be received by the depository, and shall, before any deposit by the commissioner of public lands, be approved by the committee]. The depository may be examined from time to time as provided in relation to state depositories.

Sec. 20. Section 43.85.170, chapter 8, Laws of 1965 and RCW 43.85.170 are each amended to read as follows:

Every [state] *qualified public* depository selected for the receipt and deposit of moneys by the commissioner of public lands, shall quarterly on the first of January, April, July, and October file with the state auditor a sworn statement of the amount of moneys on deposit with it to the credit of the commissioner of public lands, together with a computation of the interest earned thereon at the rate fixed by the [state finance committee] *public deposit protection commission* [, to be computed upon the daily balance on deposit,] and such statement and computation shall also be made to the committee. *A copy of such statement shall be filed with the public deposit protection commission.* [The interest shall thereupon be forthwith remitted by the depository to the state treasurer and by him placed in and credited to the general fund.]

Sec. 21. Section 43.85.190, chapter 8, Laws of 1965 and RCW 43.85.190 are each amended to read as follows:

It is the purpose of RCW 43.85.190 through 43.85.240 to authorize the state treasurer to [deposit] *make investment deposits of state moneys or funds in his custody in state depositories at a rate of interest [agreed to by the state finance committee and the depository] fixed by the public deposit protection commission in accordance with section 12 of this 1969 amendatory act.*

Debate ensued.

The motion carried and the amendment was adopted.

On motion of Senator Gissberg, the following amendments were adopted:

On page 8, section 6, beginning on line 33 after "(6)" strike all the matter down to and including "(8)" on page 9, line 9 and renumber the remaining subsection.

On page 15, section 17, line 12, insert as sections 17 and 18 the following:

NEW SECTION. Sec. 17. There is added to chapter 73, Laws of 1967 and to chapter 35.14 RCW a new section to read as follows:

(1) A new community municipal corporation composed of all or portions of the service areas of two existing and contiguous community municipal corporations may be formed in the same manner as community municipal corporations are formed as specified in the applicable sections of chapters 35.10 and 35.13 RCW.

(2) Notwithstanding any other provision of RCW 35.14.020 as now law or hereafter amended, a new community municipal corporation formed pursuant to the authority of this section shall be composed of seven community council members, three of which shall be elected from the least populous service area or the portion thereof of the former community municipal corporation which will be included in the service area of the new community municipal corporation, and four of which shall be elected from the more populous service area or the portion thereof of the former community municipal corporation which will be included in the service area of the new community municipal corporation.

(3) A community municipal corporation formed pursuant to the authority of this section shall have all powers granted by RCW 35.14.040 and 35.14.050 as now law or hereafter amended and its continuance shall be governed by the provisions of RCW 35.14.060 as now law or hereafter amended.

(4) All or the applicable portions of those service areas formerly located within the service areas of community municipal corporations which are contained within the service area of a new community municipal corporation formed pursuant to the authority of this section shall cease to be within the jurisdiction of the former community municipal corporation on the effective date a new community municipal corporation is formed pursuant to the authority of this section.

Sec. 18. Section 1, chapter 73, Laws of 1967 and RCW 35.14.010 are each amended to read as follows:

Whenever cities are consolidated or cities of the third or fourth classes are annexed pursuant to the provisions of chapter 35.10 RCW, or unincorporated territory is annexed by a city pursuant to the provisions of chapter 35.13 RCW, community municipal corporations may be organized in the manner provided for in this 1967 amendatory act for the following service areas:

(1) The entire territory within the boundaries of the least populous of two cities consolidated pursuant to chapter 35.10 RCW;

(2) The entire territory within the boundaries of any city of the third or fourth class which has become annexed to a city of the first class pursuant to chapter 35.10 RCW; and

(3) The territory comprised of all or a part of an unincorporated area annexed to a city pursuant to chapter 35.13 RCW, if (a) the service area is such as would be eligible for incorporation as a city or town or (b) the service area has a minimum population of not less than three hundred inhabitants and ten percent of the population of the annexing city or (c) the service area has a minimum population of not less than one thousand inhabitants.

No territory shall be included in the service area of more than one community municipal corporation. Whenever a new community municipal corporation is formed embracing all of the territory of an existing community municipal corporation, the prior existing community municipal corporation shall be deemed to be dissolved on the effective date of the new corporation: *PROVIDED, That nothing contained in this section shall be construed as to prohibit the formation of new community municipal corporations composed of all or portions of the service areas of two existing and contiguous community municipal corporations as authorized by section 1 of this 1969 amendatory act.*

Renumber Section 17 of the bill as Section 19.

POINT OF ORDER

Senator Greive: "Point of order. I raise the point of order that this is not germane to the bill. In reading Engrossed House Bill No. 684 it is an LID bill dealing with the procedures to be adopted for the formation of an LID, for appraising property and doing all the other things necessary. This bill deals with an entirely new concept, a new community municipal corporation composed of various portions of a service area. It doesn't deal in any way with LID's. In fact, it has no connection whatsoever with anything previously contained in the bill and therefore in my opinion it enlarges the scope and object of the bill and as a natural matter, it doesn't even fit under the title."

MOTION

On motion of Senator Talley, the amendment by Senator Lewis (Brian) was laid upon the table on a rising vote.

POINT OF INQUIRY

Senator Gissberg: "Would Senator Greive yield to a question? Senator Greive, this is the thirtieth day of the extraordinary session, is it not? The Senate clock does say 12:15, does it not?"

Senator Greive: "Yes."

Senator Gissberg: "Thank you."

On motion of Senator Talley, the rules were suspended, Engrossed House Bill No. 684, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Faulk: "Would Senator Talley yield to a question? Senator, is it your understanding, in our conversation with the President, that because this matter was under consideration by the Senate prior to the cutoff that it did fall within the resolution and therefore we can consider it and if we do pass it, it will be law?"

Senator Talley: "Senator Faulk, that was the opinion of the President when we conferred with him."

ROLL CALL

The Secretary called the roll on the final passage of Engrossed House Bill No. 684, as amended by the Senate, and the bill passed the Senate by the following vote: Yeas, 40; nays, 1; absent or not voting, 5; excused, 3.

Edited by SIDNEY R. SNYDER,
Elected Secretary of the Senate May 12, 1969.

THIRTY-SECOND DAY

NOON SESSION

Senate Chamber, Olympia, Wash., Monday, April 14, 1969.

The Senate was called to order at 12:00 noon by President Cherberg. The Secretary called the roll and announced to the President that all Senators were present except Senators Andersen and Dore. On motion of Senator Atwood, Senator Andersen was excused.

The Color Guard, consisting of Pages John Wick, Color Bearer, and Jennie Parker, presented the Colors. Reverend Charles Howard Perry, pastor of St. John's Episcopal Church of Olympia, offered prayer as follows:

"With what shall I come before the Lord, and bow myself before God on high? He has showed you, O man, what is good, and what does the Lord require of you but to do justice, and to love kindness, and to walk humbly with your God?"

"Almighty God, our Heavenly Father, look mercifully, we pray, upon the members of the Senate of the state of Washington, grant to them integrity of purpose, and unflinching devotion to the cause of justice and righteousness. In the midst of controversy and difference of opinion, may they seek Your guidance that all their legislation may be such as will promote the welfare of the people of this state; raising up the poor, strengthening and relieving the oppressed, putting down all social evils, fairly distributing the responsibility for taxation and maintaining the wholesome use of the natural resources of this land. In their hearts may they know Your peace, which passes all human understanding, and which is Your gift to those who seek to walk humbly with You.

"Lord, hear our prayer, and let our cry come unto Your throne, for we pray in the name of Jesus Christ who taught us that love is better than hate; hope is better than fear; trust is better than suspicion; and unselfishness is better than self-seeking. Amen."

On motion of Senator Greive, the reading of the journal of the previous day was dispensed with and it was approved.

Senators Greive, Connor and Cooney demanded a Call of the Senate.
A Call of the Senate was ordered.

CALL OF THE SENATE

The Sergeant at Arms locked the doors of the Senate Chamber.

The Secretary called the roll on the Call of the Senate, all members being present except Senator Andersen who had previously been excused.

SECOND AFTERNOON SESSION

The President called the Senate to order at 2:00 p.m.
Senators Greive, Knoblauch and Connor demanded a Call of the Senate.
A Call of the Senate was ordered.

CALL OF THE SENATE

The Sergeant at Arms locked the doors of the Senate Chamber.
The Secretary called the roll on the Call of the Senate, all members being present.
On motion of Senator Greive, the Senate proceeded under the Call of the Senate.

MOTION

On motion of Senator Greive, the Senate immediately commenced consideration of Senate Joint Resolution No. 1.

SECOND READING

SENATE JOINT RESOLUTION NO. 1, by Senators Durkan, Donohue, Talley, Dore and McCutcheon:

Changing assessed valuation requirement from fifty to twenty-five percent for purposes of property taxation.

The resolution was read the second time in full.

Senator Holman moved adoption of the following amendment:

On page 1, line 9, after the period and before "Except" insert the following:

"Limitations on Taxing Power.

"(1) Income Taxation.

Except as hereinafter provided and notwithstanding any other provision of this Constitution, no tax may be levied or imposed upon or measured by income. The legislature may for state purposes only, including the discharge of the duty imposed upon the state by Article IX, section 1, of this Constitution, authorize a tax upon or measured by income from whatever source derived. Income shall not be deemed property within the meaning of this article, and a tax imposed upon or measured by income shall not be deemed an ad valorem tax. In carrying out the provisions hereof, the legislature is further authorized to enact appropriate legislation including the adoption by reference of applicable federal statutes as now existing and as from time to time hereafter amended and the delegation, to such state administrators as it may designate, of authority to promulgate regulations for administration and collection of such tax not inconsistent herewith. The rates of such tax, together with provisions for allowance of credits, exclusions, exemptions and deductions to be used in computing such tax or in determining the amount of income subject thereto, shall not be limited by this article or by any other provision of this Constitution, except that the amount of such credits, exclusions, exemptions and deductions may not be determined solely by the amount of income otherwise subject to tax and such tax may be imposed only at a single uniform rate with respect to individuals and corporations, respectively: PROVIDED, HOWEVER, That the foregoing limitation as to a single uniform rate shall not apply if a majority of the electorate voting thereon shall approve a referendum bill suspending the operation of such limitation, which bill may be adopted by a simple majority of the members of each house at any legislative session and submitted by the legislature to the electorate at any general or special election, including the election at which this constitutional amendment is submitted to them, and such suspension shall remain in effect until such limitation is reinstated by the electorate pursuant to a subsequent referral.

"(2) Property Taxation."

Debate ensued.

POINT OF ORDER

Senator McCutcheon: "I raise a point of order that this entire amendment which Senator Holman is now debating and supporting is germane but it greatly enlarges the scope of the constitutional amendment we are voting on, Senate Joint Resolution No. 1.

"We are voting on a property tax whether real property shall be valued at fifty percent

or twenty-five percent, the supreme court has of course thrown out the fifty percent.

"He is discussing what he says we are opening now the vast field of tax reform and he is talking about sales taxes, gasoline taxes, forty mill limits and he is talking about other matters but his amendment in itself is long, intricate and it definitely, as I understand it, enlarges the scope and object of the resolution and is out of order."

Senator Holman: "Mr. President, replying to Senator McCutcheon's point of order, I think the Senate should recognize this is a constitutional amendment, and has no title so I am not enlarging any scope and object of the title. Any time you come up with a constitutional amendment in the field of taxation, I think it is certainly germane to bring up other points which are needed to go before the voters.

"Now you say I am speaking too long on this. Well, I sat here for something like ninety days and I haven't ever gotten up when I thought you spoke somewhat long, sir, or when Senator Guess did or when Senator Woodall and some of the others. I feel that I am entitled to have my say on this thing and unless the Chair rules me out of order, I shall continue."

REPLY BY THE PRESIDENT

The President: "You may conclude your remarks if you wish, Senator Holman. The President will be studying the point as presented by Senator McCutcheon."

Further debate ensued.

RULING BY THE PRESIDENT

The President: "Senator McCutcheon, the President finds that Senate Joint Resolution No. 1 is the measure that provides that property shall be assessed at twenty-five percent of value instead of fifty percent of value.

"The amendment proposed by Senator Holman basically is an income tax proposal and excludes income from the definition of property. Therefore, the President rules that the point of order as presented by Senator McCutcheon is well taken."

APPEAL FROM DECISION OF THE CHAIR

Senator Holman: "Mr. President, I now appeal from the Ruling of the Chair upon the point of order."

President Pro Tempore Henry assumed the Chair.

President Pro Tempore Henry: "The question before the Senate is: Should the Decision of the Chair be the judgment of the Senate."

Debate ensued.

Senator McCutcheon demanded a roll call and the demand was sustained by Senators Pritchard, Holman, Bailey, Dore, Foley, Greive, Elicker, McDougall and Ridder.

POINT OF ORDER

Senator Atwood: "Point of order. The point of order as raised by Senator McCutcheon was as to the applicability of Rule 62 and my point of order is this: That this is a Senate Joint Resolution and it is not a bill and I specifically want a Ruling from the Chair if Rule 62 does encompass Senate Joint Resolutions and House Joint Resolutions."

RULING BY THE PRESIDENT

President Pro Tempore Henry: "I will answer directly to Senator Atwood's point of order. The President has already made his ruling so I am not ruling on scope and object. However, under Rule 56 it provides that the joint resolutions and joint memorials up to the signing thereof by the President of the Senate shall be subject to the rules governing the course of bills and therefore I must rule Senator Atwood that your point is not well taken."

POINT OF INFORMATION

Senator Andersen: "Mr. President, I didn't quite understand the exact question that Senator Atwood was raising because that may be what it was that I was going to be talking towards so if you haven't concluded your ruling on it, I think that is what I wanted to speak about."

President Pro Tempore Henry: "I finished my ruling, Senator Andersen."

Senator Andersen: "All right. The point I don't understand exactly and I would ask the Chair on a point of clarification, would you explain the difference between what you just ruled on and the President's ruling that has been appealed?"

President Pro Tempore Henry: "The President ruled that the amendment by Senator Holman enlarged the scope and object of the resolution under Rule 62. Senator Atwood raised the question and in response to the argument by Senator Holman that this could not be treated as a bill because it was a constitutional amendment, a joint resolution and had no title. Therefore, the President's ruling was not applicable. However, under Rule 56 it clearly states that until it is signed by the President of the Senate that joint resolutions and joint memorials shall be subject to the rules governing the course of the bill. Therefore, I ruled Senator Atwood was out of order."

Further debate ensued.

PERSONAL PRIVILEGE

Senator Andersen: "Point of personal privilege. Mr. President and gentlemen of the Senate, we have had an excellent debate here today. It has been very interesting to me and to the other members of the body and it has involved some pretty basic philosophical differences on the intent of the rules and while it lasted, on the joint resolution. As these things get a little hot, I was reminded of an experience that we had in the House one time when I was a member of that body and we had a particularly hot debate and one of the members leaped up and said, 'Mr. Speaker, the gentlemen is imposing my mutives' and I just want to tell Senator Durkan, please be assured, Senator Durkan, that I wouldn't impose a single one of your mutives."

ROLL CALL

The Secretary called the roll on the Appeal from the Decision of the Chair, and the decision of the Chair was sustained by the following vote: Yeas, 33; nays, 16.

Voting yea: Senators Bailey, Canfield, Connor, Cooney, Day, Donohue, Dore, Durkan, Foley, Gissberg, Greive, Guess, Henry, Herr, Huntley, Keefe, Knoblauch, Lewis (Brian), Lewis (Harry), McCutcheon, Mardesich, Marquardt, Newschwander, Peterson (Lowell), Peterson (Ted), Sandison, Stender, Stortini, Talley, Twigg, Uhlman, Wilson, Woodall—33.

Voting nay: Senators Andersen, Atwood, Elicker, Faulk, Holman, McCormack, McDougall, Matson, Metcalf, Odegaard, Pritchard, Ridder, Ryder, Walgren, Washington, Williams—16.

President Cherberg resumed the Chair.

Senator Metcalf moved adoption of the following amendment:

On page 1, line 13 after "exceed" strike the remainder of line 13 and all of line 14 and insert "one percentum of"

Debate ensued.

MOTION

Senator Bailey moved that the amendment by Senator Metcalf be laid upon the table.

Senator Holman demanded a roll call and the demand was sustained by Senators Metcalf, Pritchard, Sandison, Bailey, Greive, Herr, Dore, Atwood and Connor.

ROLL CALL

The Secretary called the roll and the motion by Senator Bailey to lay upon the table the amendment by Senator Metcalf carried by the following vote: Yeas, 26; nays, 23.

Voting nay: Senators Andersen, Atwood, Canfield, Elicker, Faulk, Holman, Huntley, Lewis (Brian), Lewis (Harry), McDougall, Marquardt, Matson, Metcalf, Newschwander, Odegaard, Peterson (Ted), Pritchard, Ridder, Ryder, Stender, Twigg, Williams, Woodall—23.

Senator Holman moved adoption of the following amendments:

On page 1, line 25, after "majority" strike "of at least three-fifths"

On page 2, line 3, after "the" and before "number" insert "total"

On page 2, line 4, strike "forty" and insert "sixty"

On page 2, line 6, after "election" strike the semicolon and add: ", or when specifically authorized so to do by a majority of at least three-fifths of the electors thereof voting on

such proposition to levy such additional tax submitted not more than twelve months prior to the date on which the proposed levy is to be made and not oftener than twice in such twelve-month period, either at a special election or at a regular election of such taxing district, if at such election the total number of persons voting on such proposition constitutes less than sixty per centum of the total votes cast in such taxing district at the last preceding general elections: PROVIDED, HOWEVER, That during the time there is imposed a state net income tax on individuals and corporations, the provisions of this paragraph (a) shall not be deemed to permit the submission of such proposition to levy an additional tax by any school district for purposes of maintenance and operation unless such school district, prior to the adoption of the proposition by its governing body, shall have received certification by the superintendent of public instruction that funds theretofore appropriated by the legislature, and distributable in accordance with applicable law to such school district during the year with respect to which the additional tax would be levied, are insufficient together with other revenues available to such district to maintain and operate the district during such year at a level at which the average annual expenditure per student for such year, as determined by the superintendent of public instruction, is less than five percent greater than the average annual expenditure per pupil for the preceding year, and in no event shall such additional tax exceed the lesser of (i) the amount of additional tax required to maintain and operate the district at such level, as certified by the superintendent of public instruction, or (ii) the amount of tax permitted to be levied by such district for such year without submission to the electors thereof."

On page 2, line 11, after "when" and before "authorized" insert "specifically" and after "majority" strike "of at least three-fifths"

On page 2, line 19, strike "forty" and insert "sixty"

On page 2, line 20, after "election" strike the colon and insert: " , or when specifically authorized so to do by a majority of at least three-fifths of the electors thereof voting on the proposition, submitted not oftener than twice in any calendar year, at an election held in the manner provided by law for bond elections in such taxing district, if at such election the total number of persons voting on the proposition shall constitute less than sixty per centum of the total number of votes cast in such taxing district at the last preceding general election:"

On page 2, line 28, after "district" strike all of the material down to and including "or" on line 30.

MOTION

Senator Greive moved that the amendment by Senator Holman be laid upon the table.

Senator Holman demanded a roll call and the demand was sustained by Senators Greive, Donohue, Uhlman, Sandison, Metcalf, Pritchard, Atwood, Bailey, Elicker, Andersen and Woodall.

ROLL CALL

The Secretary called the roll and the motion by Senator Greive to lay the amendment by Senator Holman upon the table carried by the following vote: Yeas, 35; nays, 14.

Voting yea: Senators Bailey, Canfield, Connor, Cooney, Day, Donohue, Dore, Durkan, Foley, Gissberg, Greive, Guess, Henry, Herr, Huntley, Keefe, Knoblauch, Lewis (Brian), McCormack, McCutcheon, Mardesich, Matson, Newschwander, Odegard, Peterson (Lowell), Peterson (Ted), Ridder, Sandison, Stender, Stortini, Talley, Twigg, Washington, Wilson, Woodall—35.

Voting nay: Senators Andersen, Atwood, Elicker, Faulk, Holman, Lewis (Harry), McDougall, Marquardt, Metcalf, Pritchard, Ryder, Uhlman, Walgren, Williams—14.

There being no objection, Senator Holman withdrew his third amendment from the Secretary's desk.

Senator Elicker moved adoption of the following amendment:

On page 2, line 28, insert as subsection (c) the following:

"(c) The aggregate of all tax levies upon real and personal property by the state and all taxing districts now existing or hereafter created, including special levies, shall not exceed sixty mills on the dollar of assessed valuation, which assessed valuation shall be twenty-five percent of true and fair value of such property in money: AND PROVIDED FURTHER, That nothing herein shall be deemed to authorize the impairment of the obligation of any bond or contract issued prior to the effective date of this act."

Re-number subsection (c) as (d).

PERSONAL PRIVILEGE

Senator Bailey: "Point of personal privilege. I would like to call attention to a piece of

paper signed by a large number of people opposing Senate Joint Resolution No. 1. We have a rule in the Senate that these things don't go on the desks without the request of a member of the Senate. The other day the gentleman I think who put these on the desk was complaining about the paper that was piling up on his desk.

"I think this is a very poor practice, unsigned by any member of the Senate, to come out on the desks just prior to our voting on a measure. I object to it. I think the worst thing we have in the state of Washington today might be the Xerox machine. The situation is getting so that we can't find what we want and if anybody wants to influence some particular measure, they go to the Xerox machine and then flood our desks with a bunch of junk."

POINT OF INQUIRY

Senator Canfield: "Would Senator Elicker yield to a question? Senator Elicker, the forty mill law itself is somewhat illusory in the sense that it seems to indicate that the limit would be at forty mills. Then there are a number of exceptions set up as you so well know and your little amendment looks pretty good on the face of it but I think that is a little bit illusory because you mention sixty mills which makes me feel pretty good. However, in the proviso it opens the gate again and you say that nothing shall be deemed to authorize the impairment of the obligation of any bond or contract you should acquire after the effective date of this act. In other words, the millage could be and no doubt would be far in excess of sixty mills."

Senator Elicker: "Senator, the reply to your question would depend on the district but the point is this, that under the federal Constitution we can pass no bill or law impairing the obligation of contracts and that is all that does."

"If we have some bondholders in New York City that are holding bonds in your school district or my school district which in effect will run the millage beyond sixty mills, we would have to honor those bonds. We would simply have to do that and to continue if my school district had sixty-five mills in order to pay off its existing bonds, or my county, or my city or whatever taxing district we are talking about, we would have to pay off those bonds but when they were paid off, we could not then go above sixty mills."

Further debate ensued.

MOTION

Senator Dore moved that the amendment by Senator Elicker be laid upon the table.

Senator Holman demanded a roll call and the demand was sustained by Senators McCormack, Dore, Uhlman, Pritchard, Metcalf, Holman, Faulk, McDougall, Lewis (Brian) and Elicker.

ROLL CALL

The Secretary called the roll and the motion by Senator Dore to lay upon the table the amendment by Senator Elicker carried by the following vote: Yeas, 46; nays, 3.

Voting yea: Senators Andersen, Atwood, Bailey, Canfield, Connor, Cooney, Day, Donohue, Dore, Durkan, Elicker, Faulk, Foley, Gissberg, Greive, Guess, Henry, Herr, Huntley, Keefe, Knoblauch, Lewis (Brian), Lewis (Harry), McCormack, McCutcheon, McDougall, Mardesich, Marquardt, Matson, Metcalf, Newschwander, Odegaard, Peterson (Lowell), Peterson (Ted), Ridder, Ryder, Sandison, Stender, Stortini, Talley, Twigg, Walgren, Washington, Williams, Wilson, Woodall-46.

Voting nay: Senators Holman, Pritchard, Uhlman-3.

Senator Ryder moved that Senate Joint Resolution No. 1 be held for the second reading calendar on Wednesday, April 16, 1969.

Resolution No. 1 for the second reading calendar Wednesday, April 16, 1969 failed by the following vote: Yeas, 20; nays, 29.

Senator Durkan moved that the rules be suspended, Senate Joint Resolution No. 1 be advanced to third reading, the second reading considered the third and the resolution be placed on final passage.

Senator Atwood demanded a roll call and the demand was sustained by Senators Ryder, Sandison, Pritchard, Metcalf, Huntley, Holman, Durkan, Elicker, Andersen and McDougall.

ROLL CALL

The Secretary called the roll and the motion by Senator Durkan to advance Senate Joint Resolution No. 1 to third reading and final passage passed by the following vote: Yeas, 30; nays, 19.

REPORT OF CONFERENCE COMMITTEE

April 14, 1969.

Mr. President:

Mr. Speaker:

THIRTY-THIRD DAY

MORNING SESSION

Senate Chamber, Olympia, Wash., Tuesday, April 15, 1969.

The Senate was called to order at 10:00 a.m. by President Cherberg. The Secretary called the roll and announced to the President that all Senators were present.

The Color Guard, consisting of Pages Eric Morris, Color Bearer, and Jeanie Holbrook presented the Colors. Reverend Charles Howard Perry, rector of St. John's Episcopal Church of Olympia, offered prayer as follows:

"The Lord by wisdom hath founded the earth; by understanding hath He established the heavens; by His knowledge the depths are broken up and the clouds drop down the dew. O God, Thou who like a shepherd has led Thy people to seek after Thee that finding Thee they may find themselves, help us to give thanks for Thy whole creation. As we do believe that our prayers come to Thee and our hopes are known to Thee, help us always to be willing to listen to the thoughts of others and to measure their worth.

"Give us grace to think before we speak, the wisdom to know when to keep still and the courage to express our convictions. May we not be swept away by the tide of emotion nor corrupted by the storm of self-interest that may rage around us. As Thou didst speak to Moses in the wilderness keeping him faithful to his resolve to serve Thee, so speak to us this day that we may be faithful in serving Thee and in exercising our responsibilities on behalf of the people of this state of Washington. May the light of Thy truth shine in this Senate; may the justice of Your mercy temper the wills of its members; may the joy of Your peace be shared by all who work and labor here for the well-being of all the people of our state. Thanks be to Thee, O God, from whom comest our life, our work, our family, our friends, our daily bread. Through Jesus Christ our Lord. Amen."

On motion of Senator Greive, the reading of the journal of the previous day was dispensed with and it was approved.

SENATE RESOLUTION: 1969-EX-31

By Senators Metcalf, Lewis (Brian), Henry, Donohue, Herr and Day:

WHEREAS, The organization known as the S.D.S., or Students for a Democratic Society, has been increasingly active at Washington State institutions of higher learning and recently at high schools in our state; and

WHEREAS, Their actions have become increasingly disruptive and destructive rather than projected toward meaningful solutions of the problems we all recognize; and

WHEREAS, Their communications system is obviously excellent as issues are used simultaneously at institutions of higher learning around the nation; and

WHEREAS, The constructive objectives of the S.D.S., if any, are unclear while their objectives appear to include immobilizing major educational institutions around the nation including the University of Washington; and

WHEREAS, The vast majority of students at our institutions do not support the S.D.S. and want to continue their education without interruption and it is the responsibility of the legislature to ensure this by knowing the facts and providing these facts to the administrations of our educational institutions; and

NOW, THEREFORE, BE IT RESOLVED, The Judiciary Committee of the Legislative Council be authorized and requested to conduct an investigation of: (1) the aims and objectives of the S.D.S.; (2) the organization of the S.D.S. in Washington State institutions at all levels and its relationships around the nation; (3) the financing of S.D.S. leadership and organization.

MOTION

Senator Uhlman moved that Senate Resolution 1969-EX-31 be referred to the Senate Judiciary Committee.

Debate ensued.

POINT OF INQUIRY

Senator Day: "Would Senator Uhlman yield to a question? Senator, how many days will it take for this resolution to come out of the Judiciary Committee with a positive program for the correction of these problems?"

Senator Uhlman: "Senator, you are asking something that is absolutely impossible to answer because we have a number of very esteemed lawyers that come before us in great detail and of course formulating the finest possible end product before it is reported out. I can assure you, however, that our committee is not known as a graveyard for bills because as you recall, our committee is the only committee in this legislature that has ever reported out an abortion bill."

MOTION

Senator Herr moved that the motion by Senator Uhlman be laid upon the table.

Senator Dore demanded a roll call and the demand was sustained by Senators Connor, Bailey, Greive, Herr, Day, Metcalf, Matson, Guess and Canfield.

Absent or not voting: Senators Durkan, Foley, Talley—3.

MOTIONS

On motion of Senator Andersen, Senate Resolution 1969-EX-31 was ordered held until Thursday, April 17, 1969.

On motion of Senator Greive, the Senate immediately considered the message from the House relating to Engrossed Senate Bill No. 562.

POINT OF INQUIRY

Senator Uhlman: "Would Senator Greive yield to a question? Senator, why are we skipping around on the concurrences?"

Senator Greive: "Because in having the lawyers go over this particular bill, it was clearly beyond the scope and object. I am not saying what the President will do but it is so badly amended that it can't possibly be considered. In other words, it doesn't even fit within the title and it is completely awry and I think Senator McCutcheon will explain in some detail."

"NEW SECTION. Sec. 28. There is hereby added to chapter 29.42 RCW the following additional sections which may be called and cited as the 'political party convention act'.

"NEW SECTION. Sec. 29. The state central committee of each major political party shall have a state convention in each even-numbered year. In presidential election years, the convention shall nominate presidential electors, select delegates to national convention, and perform such other acts which by custom or practice are usual for such convention. In nonpresidential election years, the convention shall perform such acts which by custom or practice are usual for such convention. Such convention shall be held in accordance with the rules of the state central committee. The rules apportioning delegates to said convention among the several counties shall be adopted and a call issued for the convention no later than March 1st of each convention year. The delegates to such convention shall be chosen as provided in sections 29 through 41 of this act.

"NEW SECTION. Sec. 30. Each major political party shall provide for the holding of precinct caucuses in accordance with sections 29 through 41 of this act. Such caucuses shall be held in each even-numbered year on the first Tuesday of March at 8:00 p.m. at a location within each precinct if reasonably practicable or within a reasonable distance therefrom. Any person may attend such precinct caucus, however, only registered voters residing in the precinct may vote at the precinct caucus. No person may vote in more than one precinct caucus nor shall any proxies or absentee ballots be allowed.

"NEW SECTION. Sec. 31. The county chairman of each major political party shall arrange for adequate publicity of the location of each precinct caucus for his party. During the week preceding the last Tuesday in February, locations shall be provided by the county chairman to all newspapers of general circulation covering the area in which the caucus is to be held, and to the radio and television stations in the same areas; and on or before the last Tuesday in February, the county chairman shall also file with the county auditor, a complete list of the location of all precinct caucuses. If a location is unknown, but there is an elected or appointed precinct committeeman for the precinct, the precinct committeeman's name, address, and his telephone number, shall be set forth in lieu of the location.

"NEW SECTION. Sec. 32. The county chairman of each major political party shall file a list of the names and addresses of all elected and appointed precinct committeemen designating whether the precinct committeeman was elected or appointed, with the county auditor on or before the last Tuesday of January in each even-numbered year. In any precinct in which there is no precinct committeeman designated upon said list, any three registered voters in a precinct may petition the county auditor to hold a precinct caucus for a major political party in the precinct in which they are registered. Such petition shall be verified under oath, be signed by the petitioners and designate one of the petitioners to be

the temporary chairman of the caucus. The temporary chairman designated in the first petition filed for each major party in each precinct shall be the temporary chairman and shall perform the duties in connection with the precinct caucus that are required of elected and appointed precinct committeemen.

"NEW SECTION. Sec. 33. Each precinct committeeman shall be primarily responsible for obtaining the location and making necessary arrangements for a precinct caucus in his precinct. Where the provisions of section 31 of this act cannot be practicably complied with, the precinct committeeman shall post not less than two notices in a conspicuous public place within his precinct during the week preceding the last Tuesday in February of the location of the caucus. Said notices to be of a size not less than eight and one-half inches by eleven inches.

"NEW SECTION. Sec. 34. The precinct caucus shall be called to order by the temporary chairman who shall be the precinct committeeman or the person designated in the first filed qualifying petition. An elected precinct committeeman shall serve as a permanent chairman of the caucus unless he is absent or declines to so serve. In precincts where there is no elected precinct committeeman, the temporary chairman may be elected permanent chairman. The order of business at each precinct caucus shall be: (1) election of permanent chairman, as necessary; (2) election of secretary; (3) and shall include (a) nomination and the election of delegates and alternates to the county convention; (b) resolutions, platform discussions and such other business as may be appropriate for the caucus. A precinct caucus shall not be adjourned earlier than 9:00 p.m. No caucus shall be recessed and removed to another location. The nomination and election of delegates and alternates shall not commence earlier than 8:30 p.m. The chairman, secretary, delegates and alternates shall be registered voters in the precinct.

"NEW SECTION. Sec. 35. Each precinct caucus shall elect three delegates to the county convention, and in the case of class AA and A counties, to the legislative district caucuses if such be held: PROVIDED, HOWEVER, That if the precinct has an elected precinct committeeman he shall be an automatic delegate, and the caucus shall elect only two delegates. Each caucus shall elect three alternate delegates which shall be designated as first, second and third alternates respectively. The first alternate shall fill the first vacancy occurring in the delegation at the convention, the second the next vacancy and the third the next vacancy, if such should occur. In all elections, nominations shall be made from the floor and a candidate may be permitted to speak or answer questions of the participants of the caucus. Any registered voter in the precinct who is not attending another precinct caucus shall be eligible to be a delegate or alternate. If more than two candidates shall be placed in nomination for any office, the participants shall first vote upon all nominees. If no candidate receives the majority of all votes cast, he shall be declared elected. If no candidate receives the majority of all votes cast, the two receiving the highest number of votes shall then become the nominees, to be voted upon. The participants shall then vote on those two persons and the one receiving the highest number of votes shall be declared elected. Any tie votes shall be decided by a flip of a coin.

"NEW SECTION. Sec. 36. Within forty-eight hours after the precinct caucus, the permanent chairman shall mail to the county chairman of the political party a certified report of the results of the caucus elections including all resolutions adopted. Such report shall be on a form provided by the political parties. It shall be a three-copy form and shall contain at least the following information: (1) the name or number of the precinct, the legislative district, the county, and the United States congressional district wherein the precinct is located; (2) the name and address of each participant in the caucus. A participant's signing of the report form as a means of registration shall constitute a certification by him that he is a duly registered voter in the precinct and thus eligible to participate in the caucus; (3) the name and address of the elected precinct committeeman, if any; (4) the name and mailing address of each elected delegate and alternate. Alternates shall be designated as first alternate, second alternate and third alternate; (5) the name and address of the permanent chairman and secretary of the caucus. The permanent chairman and secretary shall then sign the report and such signatures shall constitute a certification that the report is true and correct. The permanent chairman of the caucus shall retain one copy of the report form and mail the other three copies to the county chairman. Upon receipt of the caucus report forms, the county chairman shall retain one copy and shall forward, no later than the second Tuesday of March, one copy to the chairman of the state central committee.

"NEW SECTION. Sec. 37. Each major political party shall hold a county convention in each county of the state within forty-five days following the precinct caucuses; however, in class AA and class A counties where legislative district caucuses are held, the county convention shall be within sixty days after the precinct caucuses. The only delegates to the county convention and legislative district caucuses shall be those elected at the precinct caucuses and elected precinct committeemen, and partisan public elected officials residing within the county and the county chairman, vice chairman, state committeeman and state committeewoman. The county convention and district caucuses, if such be held, shall elect delegates to the state convention in accordance with the call of the state committee. Each convention shall be the judge of the qualifications of its own members: PROVIDED, That all elected state legislators be automatic at large delegates to their respective party county and state conventions. Notice of the time and place of the county convention and any legislative district caucuses which may be held, shall be mailed by the county central

committee no later than ten days prior to the convention and caucus, to every delegate and alternate to said convention or caucus.

"NEW SECTION. Sec. 38. At all party conventions, caucuses and meetings, the unit rule shall not be permitted, all nominations shall be from the floor, and all business shall be governed by Robert's Rules of Order (Revised) except where such rules are inconsistent with sections 29 through 41 of this act.

"NEW SECTION. Sec. 39. If an elected or appointed precinct committeeman or officer of a major political party signs a certificate evidencing a nomination made at a minor party convention or votes at a precinct caucus of a different major political party, he shall be deemed to have resigned his office in his major political party and a vacancy shall exist.

"NEW SECTION. Sec. 40. Any person who (1) wilfully fails to perform the duties prescribed and imposed upon him by this act; or (2) certifies the results of a precinct caucus as true, knowing in fact them to be otherwise; or (3) certifies that he is a duly registered voter in a precinct, where in fact he is not; shall be guilty of a misdemeanor and, upon conviction, shall forfeit any office held in a political party.

"NEW SECTION. Sec. 41. If any provision of sections 29 through 41 of this act is declared unconstitutional, or the applicability thereof to any person or circumstance is held invalid, the constitutionality of the remainder of sections 29 through 41 of this act in its application to other persons and circumstances shall not be affected." and the same is herewith transmitted. SIDNEY R. SNYDER, Assistant Chief Clerk.

POINT OF ORDER

Senator McCutcheon: "At this time I raise the question that all of these amendments enlarge the scope and object of the original bill which I have in my hand."

RULING BY THE PRESIDENT

The President: "The President believes that the ruling is quite clear and ruling on the point of order as presented by Senator McCutcheon, the President finds that Engrossed Senate Bill No. 562 is a measure dealing with minor political party conventions. The amendment placed on the measure by the House deals with presidential electors, changes of ballots makeup rules, authorizes minor party convention voters to vote by absentee ballot, changes the definition of infamous crime for determination and voting eligibility and numerous other matters.

"The amendments, therefore, change the scope and object of the bill. Under the provisions of Rule 62, the President is required to refer Engrossed Senate Bill No. 562 as amended by the House to the Senate Committee on Constitution, Elections and Legislative Processes."

MOTION

At 3:55 p.m., on motion of Senator Greive, the Senate adjourned until 10:00 a.m., Wednesday, April 16, 1969.

JOHN A. CHERBERG, President of the Senate.

WARD BOWDEN, Secretary of the Senate.

"O God, deliver us from the ruts and quagmires of our own minds. Help us to be lifted up to hear Your Voice speaking to us through Jesus Our Lord. As He did once speak words which seared the souls of men, so let our souls be warmed by His words today:

"Blessed are the poor in spirit: For theirs is the kingdom of Heaven.

"Blessed are they that mourn: For they shall be comforted.

"Blessed are the meek: For they shall inherit the earth.

"Blessed are they which do hunger and thirst after righteousness: For they shall be filled.

"Blessed are the merciful: For they shall obtain mercy.

"Blessed are the pure in heart: For they shall see God.

"Blessed are the peacemakers: For they shall be called the children of God.

"Blessed are they which are persecuted for righteousness' sake: For theirs is the kingdom of Heaven."

"Amidst the sophistication and technology of our day, O God, help us to take time to hear and meditate upon those things which lift men's spirits and inspire their souls and minds. Grant that these men in this Senate may know Thy presence as they labor upon legislation which shall govern the lives of all the people of this state, and that turning to Thee as their source of goodness and grace each one of them may be given the blessing of a pure intention, an honorable discharge of their several duties, and the joy that comes from Your peace: Through Jesus Christ, our Lord. Amen."

Signed by: Senators Day, Canfield, Foley; Representatives Chatalas, Kopet, Wolf.

Senator Foley moved adoption of the Free Conference Committee report on Engrossed House Bill No. 433.

Debate ensued.

POINT OF INQUIRY

Senator Day: "Would Senator Foley yield to a question? Senator Foley, in the Free Conference Committee report I notice that the provision has been deleted and I just wanted to know what assurance the legislature has that the money for nursing home vendors and other parts of the public assistance budget bill will be expended as the legislature intends that it be expended. Do you have some document that would provide us with the proper answer?"

Senator Foley: "Mr. President and members of the Senate, with the consent of the Senate I will read a letter addressed to the Free Conference Committee composed of myself, Senator Canfield, Senator Day, Representatives Chatalas, Kopet and Wolf. This letter is from Sidney Smith, director of the department of public assistance:

April 14, 1969.

Gentlemen:

If supplemental State funds of \$10,162,284 are appropriated to the State Department of Public Assistance for the 1967-69 biennium and without provisos or line items, the Department will expend up to \$511,754 State funds by increasing rates to nursing homes and intermediate care facilities retroactively to February 1, 1969. The rates will be those originally scheduled for implementation July 1, 1968 viz.,

Class I	\$9.53
Class II	7.52
Intermediate Care Facilities	5.95

In addition the Department of Public Assistance will expend up to \$60,275 additional State funds for non-formulary drugs and up to \$29,181 additional State funds for elective medical procedures provided between April 15 and July 1, 1959.

Sincerely,
 SIDNEY E. SMITH
 Director.

Senator Day: "Then Senator Foley, it is the intent of this legislation, Engrossed House Bill No. 433, that these monies be expended exactly as laid out in the letter?"

Senator Foley: "It was Mr. Smith's statement to the committee that it would so be spent in that manner."

Senator Dore: "Would Senator Foley yield to a question? Senator, I just came downstairs and I wasn't here when you started on this bill and maybe you have already answered this but I don't notice any earmarkings of funds for non-formulary drugs which was in the original bill for \$135,000 and I think \$15,000 for elective surgery I talked with you informally and what would you advise me in reference to that?"

Senator Foley: "We have already, pursuant to a question from Senator Day read into the record a letter received from Sidney Smith, the director of public assistance, pertaining to these items that you mentioned. I will give you a copy of that letter."

Senator Dore: "Let me ask you specifically: Is there sufficient money and does this letter say that they will provide non-formulary drugs for public assistance recipients from the present time through June 30 of this year?"

Senator Foley: "A portion of this letter which I read into the record states in addition the department of public assistance will expend up to \$60,275 additional state funds for non-formulary drugs and up to \$29,181 additional state funds for elective medical procedures between April 15 and July 1, 1969."

The motion was carried and the report of the Free Conference Committee was adopted.

MOTION FOR RECONSIDERATION

Having voted on the prevailing side and having served notice, Senator Bailey moved that the Senate do now reconsider the vote by which Senate Joint Resolution No. 1 failed to pass the Senate.

Debate ensued.

POINTS OF INQUIRY

Senator McCutcheon: "Would Senator Holman yield to a question? Senator Holman, it did come out yesterday that this would be a windfall for the Boeing Company and I am sure that you are properly informed there but it does have an impact and we either discuss whether we should support Senate Joint Resolution No. 1 or some other method of tax reform. With you being so close to Boeing, would you answer this question: How much excise tax do they pay really, what volume is the business"

Senator Holman: "I don't have those figures but I do know they pay a tremendous amount of excise tax. The B&O tax impact on the Boeing Company is just tremendous."

Senator McCutcheon: "That is rather a good thing, isn't it?"

Senator Holman: "It is certainly good for the state. To be perfectly honest and candid, I think the B&O tax is a very regressive tax. The mere fact that it has a tremendous impact on Boeing is beside the point. It is regressive on any person in business because it taxes you whether you make a profit or not.

"I remind you that the profit margin in the aircraft business is one of the smallest in the country and for that reason the B&O tax becomes a real burden on the company but they pay it and they pay it to the city as well as to the state."

Senator McCutcheon: "What is their annual output, the \$3 billion some people use?"

Senator Holman: "Senator, I don't have those figures but I am sure there are some Boeing people available that can get them for you."

Senator McCutcheon: "It is very interesting to me. I am not asking for actual figures down to the minute but it is astronomical I thought and it is the largest industry in the state."

Senator Holman: "Maybe state government could be bigger. I don't know."

Senator McCutcheon: "Well, that is interesting, too."

MOTION

On motion of Senator Atwood, Senator Ryder was excused.

Senators Atwood, McDougall and Bailey demanded the previous question and the demand was sustained.

Senator Greive demanded a roll call and the demand was sustained by Senators Bailey, Washington, Donohue, Knoblauch, Durkan, Gissberg, Canfield, Guess, Newschwander and Andersen.

ROLL CALL

The Secretary called the roll and the motion by Senator Bailey to reconsider the vote by which Senate Joint Resolution No. 1 failed to pass the Senate carried by the following vote: Yeas, 46; absent or not voting, 1; excused, 2.

Voting yea: Senators Andersen, Atwood, Bailey, Canfield, Connor, Cooney, Day, Donohue, Dore, Durkan, Elicker, Faulk, Foley, Gissberg, Greive, Guess, Henry, Herr, Holman, Huntley, Keefe, Knoblauch, Lewis (Brian), Lewis (Harry), McCormack, McCutcheon, McDougall, Mardesich, Marquardt, Matson, Metcalf, Newschwander, Odegaard, Peterson (Lowell), Pritchard, Ridder, Sandison, Stender, Stortini, Talley, Twigg, Walgren, Washington, Williams, Wilson, Woodall—46.

Absent or not voting: Senator Peterson (Ted)—1.

Excused: Senators Ryder, Uhlman—2.

MOTION

Senator Bailey moved that Senate Joint Resolution No. 1 be returned to the Committee on Rules and Joint Rules on third reading.

POINT OF INQUIRY

Senator Talley: "Would Senator Bailey yield to a question? Senator, is this being put back in the Committee on Rules and Joint Rules so we will have no chance to have a clean twenty-five percent bill to present to the people?"

Senator Bailey: "Senator Talley, you are a member of the Committee on Rules and Joint Rules and you have a vote just like I do. I have no intention of killing this bill or I wouldn't have bothered to resurrect it today. I think it is a matter of timeliness we are arguing about, it isn't a matter of the bill."

The motion carried.

"NEW SECTION. Sec. 2. Section 2, chapter 172, Laws of 1935, as amended by section 2, chapter 124, Laws of 1961 and RCW 9.41.020 are each hereby repealed." and the same is herewith transmitted. SIDNEY R. SNYDER, Assistant Chief Clerk.

Senator Dore moved that the Senate concur in the House amendments to Engrossed Senate Bill No. 132.

Debate ensued.

POINT OF INQUIRY

Senator Lewis (Harry): "Would Senator Dore yield to a question? Is this the same bill we considered during the session that said that if you are committing a crime carrying a pistol, you get five years compulsory jail sentence?"

Senator Dore: "Yes."

Senator Lewis (Harry): "May I ask another question? Do I understand now that if you are carrying a rifle and you commit a crime that it also applies to rifles? Is that the House amendment?"

Senator Dore: "Yes, Senator."

Senator Lewis (Harry): "Would a hunter in the woods who lost his head perhaps momentarily and shot a hole in a water tank, under this law if he were convicted, would he not receive a mandatory, unsuspendable five year sentence for such a crime?"

Senator Dore: "I would say no. That is not a crime to shoot a hole in a water tank."

Senator Lewis (Harry): "It is not a misdemeanor to shoot a hole in a water tank in the woods?"

Senator Dore: "If there is some ordinance or some statute in your particular community that makes it a crime, of course it would be. However, if your gun goes off accidentally, as I understand the law, I think it has to be with a person who is committing a crime by use of a gun.

"I don't have any strong feelings on this amendment. If you want to take it off and confine it just to the hand guns and machine guns as it was in the Senate, I have no objection. I talked with some of the Senators and frankly I would rather have the House recede from the amendment but then it seemed to be the consensus to go ahead with the amendment."

POINT OF ORDER

Senator Lewis (Harry): "Point of order, Senator Dore is far expanding on the answer to my question."

POINT OF INQUIRY

Senator Lewis (Harry): "Senator Atwood, would you further respond to my question? Under this bill that would require a five year mandatory, nonsuspendable sentence, referring you to subsection 4 of the bill which is new category of crime termed inherently dangerous misdemeanors, under that particular section injury to property is classified as an inherently dangerous misdemeanor and that is a misdemeanor if you shoot a gun and a hunter shoots a gun and kills somebody's cow. This happens frequently in Eastern Washington and it has happened at our place over there. If he gets caught and charged with this injury to property or trespassing or whatever, he is subject to the five year mandatory and they would have to try to charge him with some other misdemeanor to get around that unsuspendable five year sentence."

POINT OF ORDER

Senator Mardesich: "Point of order. This House amendment strikes 11 through 13 which is the question we are now talking about. Then the House added a new section which is the repealer of 9.42.010 and I don't know offhand if those are the same issues. If they are not, I think the question should be divided."

POINT OF INQUIRY

Senator Atwood: "Would Senator Dore yield to a question? Senator, let's take petit larceny that you mentioned. Let us assume that the man was armed although larceny itself was not committed with the aid of a gun. In what court would you charge this man under this particular act?"

Senator Dore: "The judge could say he is not quite certain whether the man had a gun or not. It was found three feet away from him at the time and so he would resolve that reasonable doubt which is a doubt based on a reason and favor the defendant."

Senator Atwood: "You are not answering my question. Would you kindly listen to it? In what court would the charge be filed?"

Senator Dore: "If it is a felony, gross misdemeanor, or misdemeanor, it can all be charged directly in justice court or the felony can be filed directly in superior court. In King county the process is in 99.9% of the cases that all charges of felony, gross misdemeanor, and misdemeanor are filed in justice court."

Senator Atwood: "All right. Let's take the petit larceny that you mentioned. That would be filed in King county in the justice court, is that right?"

Senator Dore: "That is correct."

Senator Atwood: "All right. Would it be your interpretation under this bill that the court would then have discretion if the man was armed to either refer it to the superior court or keep the jurisdiction himself?"

Senator Dore: "If it is only a misdemeanor, of course, if he found that he was armed, then it would have a five year, more than a year and a day in the penitentiary of course is a felony so then it would be, the probable cause would be determined and referred to the superior court in that particular case. However, I could also find that he wasn't armed or that it belonged to someone else. You don't have to find everything. It is not a court of record. In justice court you can do pretty well what you want to do to effectuate justice. You know that, Senator.

"I want to say this, Senator, that the best way to do this is that if you don't like this amendment, let's vote it down and send it back to the House. I have no strong feelings about it."

The motion by Senator Dore carried and the Senate concurred in the House amendments to Engrossed Senate Bill No. 132.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 132, as amended by the House, and the bill passed the Senate by the following vote: Yeas, 35; nays, 9; absent or not voting, 3; excused, 2.

Voting yea: Senators Andersen, Bailey, Canfield, Connor, Day, Donohue, Dore, Durkan, Elicker, Foley, Gissberg, Guess, Henry, Herr, Holman, Huntley, Knoblauch, Lewis (Brian), McCormack, McDougall, Mardesich, Marquardt, Matson, Metcalf, Newschwander, Peterson (Ted), Pritchard, Ridder, Stender, Stortini, Talley, Walgren, Washington, Williams, Woodall—35.

Voting nay: Senators Atwood, Cooney, Faulk, Greive, Lewis (Harry), Odegaard, Peterson (Lowell), Twigg, Wilson—9.

Absent or not voting: Senators Keefe, McCutcheon, Sandison—3.

Excused: Senators Ryder, Uhlman—2.

Sections 89 through 100"

and the same is herewith transmitted. SIDNEY R. SNYDER, Assistant Chief Clerk.

Senator Lewis (Harry) moved that the Senate do concur in the House amendments.

POINT OF INQUIRY

Senator Canfield: "Would Senator Lewis (Harry) yield to a question? Senator, as I understand it then, if I had a forty-acre piece and I divided it into eight five-acre tracts, under the amendment to page 4, the amendment by Representative Wolf, I would not need to have it platted, is that correct?"

Senator Lewis (Harry): "That is correct."

The motion by Senator Gissberg carried.

Senator Day moved that the Senate do not concur in the House amendments to Substitute Senate Bill No. 115 and asks the House to recede therefrom.

Debate ensued.

POINT OF INQUIRY

Senator Gissberg: "Would Senator Day yield to a question? Senator Day, I am concerned about the amendment on page 3 which gives the board the rule making authority. Do you have difficulty with that particular section or . . ."

Senator Day: "Yes, that is exactly the section with which we are having difficulty. It is giving the board broad rule making power, much broader than the original act did and in effect changing the effect of the entire bill as it originally passed the Senate which was to give consumers some representation on the board."

Senator Gissberg: "What do you find wrong with that rule making authority? In answering that question I would hope that you would understand that this matter has been recommended by several interim committees to get at the situation that exists wherein some pharmacists in this state have not upheld what should be some rather stringent requirements of their profession with respect to the sale of drugs."

"I know several years ago in conducting hearings on this very matter, it was determined by the committee that several drugstores through their pharmacists were indeed and in fact places where it was commonly known by drug addicts and other users of dangerous drugs where they could obtain drugs and dangerous drugs on specious prescriptions. Although we were unable to pin down as a matter of law for the purpose of referring the matter to the prosecuting attorney of the county in which that was going on, we did recommend that the

board of pharmacy should be given some rather broad authority in this area so as to be able to stop that reprehensible practice by setting up some standards of conduct whereby the board would be able to discipline those licensed pharmacists who constituted a minute portion of the pharmacy profession in this state. This is an area that needs to be helped, Senator."

Senator Day: "No question. It might be possible, Senator Gissberg, if you might want to divide the question because there is more than one amendment. If you would wish to do so, if you would like to make the motion."

MOTION

Senator Gissberg moved that the question be divided.

Debate ensued.

On motion of Senator Day, Substitute Senate Bill No. 115 was ordered held for Thursday, April 17, 1969.

MOTION

At 3:45 p.m., on motion of Senator Greive, the Senate adjourned until 10:00 a.m., Thursday, April 17, 1969.

JOHN A. CHERBERG, President of the Senate.

WARD BOWDEN, Secretary of the Senate.

Edited by SIDNEY R. SNYDER,
Elected Secretary of the Senate May 12, 1969.

THIRTY-FIFTH DAY

MORNING SESSION

Senate Chamber, Olympia, Wash., Thursday, April 17, 1969.

The Senate was called to order at 10:00 a.m. by President Cherberg. The Secretary called the roll and announced to the President that all Senators were present except Senators Andersen, Dore, Gissberg, Lewis (Harry), Walgren and Williams.

The Color Guard, consisting of Pages Randy Hudson, Color Bearer, and Kathy Pope, presented the Colors. Reverend Charles Howard Perry, rector of St. John's Episcopal Church of Olympia, offered prayer as follows:

"Oh Lord, Our Christ, may we have Thy mind and Thy spirit; make us instruments of Thy peace; where there is hatred, let us sow love; where there is injury, pardon; where there is discord, union; where there is doubt, faith; where there is despair, hope; where there is darkness, light; and where there is sadness, joy.

"Oh, Divine Master, Grant that we may not so much seek to be consoled as to console; to be understood, as to understand; to be loved, as to love; for it is in giving that we receive; it is in pardoning that we are pardoned; and it is in dying that we are born to eternal life; through Jesus Christ our Lord. Amen."

On motion of Senator Greive, the reading of the journal of the previous day was dispensed with and it was approved.

Mr. President: The House has passed ENGROSSED SENATE BILL NO. 143 with the following amendments:

On page 1, section 1, at the beginning of line 21, strike "race,"

On page 3, section 4, line 30, after "occupation" strike ", [color] race" and insert "[, color]"

and the same is herewith transmitted. SIDNEY R. SNYDER, Assistant Chief Clerk.

Senator Peterson (Ted) moved that the Senate do concur in the House amendments to Engrossed Senate Bill No. 143.

POINTS OF INQUIRY

Senator Uhlman: "Would Senator Peterson (Ted) yield? Senator Peterson, when we had testimony before our committee on this measure, the reason the Senate requested the requirement for race on the application for purchase of a pistol was for identification purposes and testimony of the law enforcement officers was that it was a desirable thing to have. It has nothing to do with discrimination at all but it just helps to know if a person is white, black or yellow for identification purposes. I just can't quite for the life of me understand why the question of discrimination comes into the picture at this time and I just think it is an additional, valid means of identification. I just don't frankly agree with the House where they have stricken that particular amendment."

Senator Peterson (Ted): "Because of the problems and because there has been so much discussion on race discrimination this was something that House member Fleming wanted out of the bill. Because of conditions as they are today, I thought maybe it was right and we should concur with the request on Representative Fleming's part. That's all."

Senator Stender: "Would Senator Peterson (Ted) further yield? Senator, in view of Senator Uhlman's remarks, it seems to me that we are being a little bit inconsistent in saying that we are having identification requirements and that only part of them would be applied by this amendment striking out the question of whether a person is an Indian, Chinese, Negro, Irishman or whatever else. It seems to me that identification is a very necessary part of the bill."

Senator Peterson (Ted): "As they have in the past federally and statewide, they have tried to eliminate this because the people who are against discrimination of any kind feel keenly about this and to work along with our House member and with Councilman Sam Smith of Seattle, we struck this. We actually did this same thing in the ordinance which you have in Seattle in King county. This is just in keeping with what they have done there and it seems the right thing to do under the circumstances so they would not feel that we were discriminating against them."

Senator Stender: "That isn't the question. This is a police measure and if we are going to regulate firearms which I think is the purpose of your act, that we go along and dilute it to where the police can't police it then we don't accomplish what the act is intended to do."

Senator Peterson (Ted): "If it is the desire of the Senate not to concur, we can do so but under the circumstances and because of the problems we have had in the state and because of the feeling that seems to be rampant, I thought that the proper thing in this case was to concur. I don't think it means much actually on the application itself. I think those who take the applications on the purchase would probably make a notation themselves on their particular form or petition but under the circumstances, I feel that we should concur."

The motion carried and the Senate concurred in the House amendments to Engrossed Senate Bill No. 143.

MOTION FOR RECONSIDERATION

Having voted on the prevailing side, Senator Woodall moved that the Senate immediately reconsider the vote by which the Senate concurred in the House amendments to Engrossed Senate Bill No. 143.

Debate ensued.

The demand for a roll call was not sustained.

The motion carried.

MOTIONS

Senator Dore moved that the Senate concur in the House amendments to Engrossed Senate Bill No. 143.

Senator Woodall moved that the Senate do not concur in the House amendments to Engrossed Senate Bill No. 143 and ask the House to recede therefrom.

POINT OF ORDER

Senator Ryder: "Point of order. That motion was already put and carried and now has been reconsidered. I believe the motion to not concur holds a prior priority."

PARLIAMENTARY INQUIRY

Senator Day: "Point of parliamentary inquiry. Is it true then that when we decide in the negative to the concurring that then the motion will be proper to not concur and ask the House to recede?"

REPLY BY THE PRESIDENT

The President: "Senator Day, if the Senate acts negatively on the motion of Senator Dore, that in essence means that the Senate has declined to concur."

POINT OF INQUIRY

Senator McCormack: "Point of inquiry. We just now voted to reconsider the vote by which Engrossed Senate Bill No. 143 passed?"

REPLY BY THE PRESIDENT

The President: "Senator McCormack, in answer to your inquiry, the Senate voted to reconsider the vote by which the Senate concurred in the House amendments to the measure. The bill then went to final passage, the motion to reconsider carried so therefore the bill was before the Senate in its original form."

POINT OF INQUIRY

Senator McCormack: "Mr. President, I am sorry to take the time on parliamentary matters but did this bill pass on final passage yesterday? Is it in order to reconsider the motion to concur?"

REPLY BY THE PRESIDENT

The President: "Yes."

RULING BY THE PRESIDENT

The President: "In ruling upon Senator Ryder's point of order, the President believes the point of order as presented by Senator Ryder is not well taken as outlined in Rule 247 of Reed's Rules."

Senator Dore demanded a roll call and the demand was sustained by Senators McCormack, Washington, Connor, Knoblauch, Bailey, Greive, Metcalf, Peterson (Ted), Pritchard and Day.

ROLL CALL

The Secretary called the roll and the motion by Senator Dore to concur in the House amendments to Engrossed Senate Bill No. 143 failed by the following vote: Yeas, 17; nays, 31; absent or not voting, 1.

Voting yea: Senators Bailey, Connor, Dore, Durkan, Foley, Gissberg, Greive, Herr,

Keefe, Knoblauch, Mardesich, Marquardt, Peterson (Lowell), Peterson (Ted), Ridder, Stortini, Washington—17.

"NEW SECTION. Section 1. This act shall be known and cited as the "Washington Law Enforcement Officers' and Fire Fighters' Retirement System Act."

NEW SECTION. Sec. 2. The purpose of this 1969 amendatory act is to provide for an actuarial reserve system for the payment of death, disability, and retirement benefits to law enforcement officers and fire fighters, and to beneficiaries of such employees, thereby enabling such employees to provide for themselves and their dependents in case of disability or death, and effecting a system of retirement from active duty.

NEW SECTION. Sec. 3. As used in this 1969 amendatory act, unless a different meaning is plainly required by the context:

(14) "Service" means service rendered as an employee. NEW SECTION. Sec. 4. The Washington law enforcement officers' and fire fighters' retirement system is hereby created for fire fighters, policemen, deputy sheriffs, sheriffs, and town marshals.

(1) All fire fighters, policemen, deputy sheriffs, sheriffs and town marshals initially employed in that capacity on or after March 1, 1970, on a full time basis in this state shall be members of the retirement system established by this 1969 amendatory act, to the exclusion of any pension system existing under any prior act.

(2) Any employee who has made retirement contributions under any prior act shall have his membership transferred to the system established by this 1969 amendatory act on March 1, 1970: PROVIDED, HOWEVER, That for purposes of employee contribution rate, creditability of service, eligibility for service or disability retirement, and survivor and all other benefits, such employee shall also continue to be covered by the provisions of such prior act which relate thereto, as if this transfer of membership had not occurred. Upon retirement for service or for disability, or death, of any such employee, his retirement benefits earned under this act shall be computed and paid. In addition, his benefits under

the prior retirement act to which he was making contributions at the time of this transfer shall be computed as if he had continued to be a member of the retirement system covered thereby and these benefits, including survivor's benefits, offset by all benefits payable under this act, shall be paid to him by the county, city, town or district by which he was employed at the time of his retirement.

(3) All funds held by any firemen's or policemen's relief and pension fund shall remain in that fund for the purpose of paying the obligations of the fund. The municipality shall continue to levy the millage as provided in RCW 41.16.060, and this millage shall be used for the purpose of paying the benefits provided in chapters 41.16 and 41.18 RCW. The obligations of chapter 41.20 RCW shall continue to be paid from whatever financial sources the city has been using for this purpose.

(4) Any member transferring from the Washington public employees' retirement system or the state-wide city employees' retirement system shall have transferred from the appropriate fund of the prior system of membership, a sum sufficient to pay into the Washington law enforcement officers' and fire fighters' retirement system fund the amount of the employees' and employers' contributions plus credited interest in the prior system from the date of the employee's entrance therein until March 1, 1970. Such transfer of funds shall discharge said state retirement systems from any further obligation to pay benefits to such transferring members, and thereafter the full obligation of payment of benefits earned shall be borne by the retirement board administering this act and by the member's employer as provided for in subsection (2) of this section.

(5) All unfunded liabilities created by this or any other section of this 1969 amendatory act shall be computed by the actuary in his biennial evaluation. Such computation shall provide for amortization of the unfunded liabilities over a period of not more than forty years from March 1, 1970. The amount thus computed as necessary shall be reported to the governor by the board of the retirement system for inclusion in the budget. The legislature shall make the necessary appropriation to fund the unfunded liability from the state general fund beginning with the 1971-1973 biennium.

NEW SECTION. Sec. 5. The retirement board shall be composed of the members of the public employees' retirement board established in chapter 41.40 RCW. Their terms of office shall be the same as their term of office with the public employees' retirement board. The members of the retirement system shall elect two additional members to the board who shall be members of the Washington law enforcement officers' and fire fighters' retirement system. These additional board members shall serve on the retirement board only for the purposes of administering this 1969 amendatory act. One board member shall be elected by the fire fighter members and one by the law enforcement members. These board members shall serve two year terms. The first board members elected by the system shall provide that the member elected by the policemen shall serve for one year only and the member elected by the fire fighters shall serve a two year term, thereafter both shall serve two years unless they cease to be members of the retirement system. In such case it shall be the duty of the remaining board members to appoint another member from the same service to fill out the remaining part of the term. All administrative services of this system shall be performed by the director and staff of the public employees' retirement system with the cost of administration as determined by the retirement board charged against the Washington law enforcement officers' and fire fighters' retirement fund as provided in this 1969 amendatory act from funds appropriated for this purpose.

NEW SECTION. Sec. 6. The administration of this system is hereby vested in the board of the Washington public employees' retirement system pursuant to section 5 of this 1969 amendatory act and the board shall:

(1) Keep in convenient form such data as shall be deemed necessary for actuarial evaluation purposes;

(2) As of March 1, 1970, and at least every two years thereafter, through its actuary, make an actuarial valuation as to the mortality and service experience of the beneficiaries under this act and the various accounts created for the purpose of showing the financial status of the retirement fund;

(3) Adopt for the retirement system the mortality tables and such other tables as shall be deemed necessary;

(4) Keep a record of all its proceedings, which shall be open to inspection by the public;

(5) From time to time adopt such rules and regulations not inconsistent with this act, for the administration of the provisions of this 1969 amendatory act, for the administration of the fund created by this 1969 amendatory act and the several accounts thereof, and for the transaction of the business of the board;

(6) Provide for investment, reinvestment, deposit and withdrawal of funds;

(7) Prepare and publish annually a financial statement showing the condition of the fund and the various accounts thereof, and setting forth such other facts, recommendations and data as may be of use in the advancement of knowledge concerning the Washington law enforcement officers' and fire fighters' retirement system, and furnish a copy thereof to each employer, and to such members as may request copies thereof;

(8) Serve without compensation but shall be reimbursed for expense incident to service as individual members thereof;

(9) Perform such other functions as are required for the execution of the provisions of this 1969 amendatory act;

(10) No member of the board shall be liable for the negligence, default or failure of

any employee or of any other member of the board to perform the duties of his office and no member of the board shall be considered or held to be an insurer of the funds or assets of the retirement system but shall be liable only for his own personal default or individual failure to perform his duties as such member and to exercise reasonable diligence in providing for the safeguarding of the funds and assets of the system;

(11) Fix the amount of interest to be credited at a rate which shall be based upon the net annual earnings of the fund for the preceding twelve-month period and from time to time make any necessary changes in such rate;

(12) Pay from the retirement fund the expenses incurred in administration of the retirement system from funds appropriated for that purpose.

(13) Perform any other duties prescribed elsewhere in this 1969 amendatory act: PROVIDED, That all disability claims shall be submitted and approved or disapproved by the disability boards established by this 1969 amendatory act and the retirement board shall have authority to approve or disapprove disability retirement requests only.

NEW SECTION. Sec. 7. A fund is hereby created and established in the state treasury to be known as the Washington law enforcement officers' and fire fighters' retirement fund, and shall consist of all moneys paid into it in accordance with the provisions of this 1969 amendatory act, whether such moneys shall take the form of cash, securities, or other assets. The members of the retirement board shall be the trustees of these funds created by this 1969 amendatory act and the retirement board shall have full power to invest or reinvest these funds in the securities authorized by RCW 41.40.071 as now or hereafter amended.

NEW SECTION. Sec. 8. The total liability of this system shall be funded as follows:

(1) Every member shall have deducted from each payroll a sum equal to six percent of his basic salary for each pay period.

(2) Every employer shall contribute monthly a sum equal to six percent of the basic salary of each employee who is a member of this retirement system. The employer shall transmit the employee and employer contributions with a copy of the payroll to the retirement system monthly.

(3) The biennial actuarial evaluation required by section 6(2) of this 1969 amendatory act shall establish the total liability for this system. This liability shall be divided into current service liability and prior service liability. The contributions required by (1) and (2) above shall be applied toward the current service liability with the balance of the current service liability to be appropriated from the state general fund. The prior service liability shall be amortized over a period of not more than forty years from March 1, 1970. The amount thus computed shall be added to the current service liability to be appropriated from the state general fund.

This total amount shall be reported to the governor by the director of the retirement system, upon approval of the board, for inclusion in the budget. The legislature shall make the necessary appropriation from the state general fund to the Washington law enforcement officers' and fire fighters' retirement fund after considering the estimates as prepared and submitted. The transfer of funds from the state general fund to the retirement system shall be at a rate determined by the board of trustees on the basis of the latest actuarial valuation. The total amount of such transfers for a biennium shall not exceed the total amount appropriated by the legislature.

(4) Every member shall be deemed to consent and agree to the contribution made and provided for herein, and shall receipt in full for his salary or compensation. Payment less said contributions shall be a complete discharge of all claims and demands whatsoever for the services rendered by such person during the period covered by such payments, except his claim to the benefits to which he may be entitled under the provisions of this 1969 amendatory act.

NEW SECTION. Sec. 9. Retirement of a member for service shall be made by the board as follows:

(1) Any member having twenty-five or more years of service and having attained the age of fifty years shall be eligible for retirement and shall be retired upon his written request;

(2) Any member having five or more years of service, who terminates his employment with any employer, may leave his contributions in the fund. Any employee who so elects shall be eligible at age fifty for a retirement allowance based on his years of service as follows: Five years but under ten years, one percent of his final average salary for each year of service; ten years but under twenty years, one and one-half percent of his final average salary for each year of service; and twenty years and over, two percent of his final average salary for each year of service. Any member selecting this optional vesting shall not be covered by the provisions of section 15 of this 1969 amendatory act.

(3) Any member who has attained the age of sixty years shall be retired on the first day of the calendar month next succeeding that in which said member shall have attained the age of sixty: PROVIDED, That for any member who is elected or appointed to the office of sheriff, his election or appointment shall be considered as a waiver of the age sixty provision for retirement for whatever number of years remain in his present term of office and any succeeding terms to which he may be so elected or appointed: PROVIDED FURTHER, That the provisions of this subsection shall not apply to any member employed on the effective date of this 1969 amendatory act.

NEW SECTION. Sec. 10. A member upon retirement for service shall receive a monthly retirement allowance of two percent of his final average salary for each completed year of service.

NEW SECTION. Sec. 11. (1) All claims for disability made against the retirement system as defined in section 3(1) of this 1969 amendatory act shall be acted upon and either approved or disapproved by either type of disability board hereafter authorized to be created.

(a) Each city having a population of twenty thousand or more shall establish a disability board having jurisdiction over all members employed by said cities and composed of the following five members: Two members of the city legislative body to be appointed by the mayor, one fire fighter to be elected by the fire fighters employed by the city, one law enforcement officer to be elected by the law enforcement officers employed by the city, and one member from the public at large who resides within the city to be appointed by the other four appointed members heretofore designated in this subsection. All members appointed or elected pursuant to this subsection shall serve for two year terms.

(b) Each county shall establish a disability board having jurisdiction over all members residing in the county and not residing within a city in which a disability board is established. The county disability board so created shall be composed of five members to be chosen as follows: One member of the legislative body of the county to be appointed by the county legislative body, one member of a city or town legislative body located within the county which does not contain a city disability board established pursuant to subsection (1) (a) of this section to be chosen by a majority of the mayors of such cities and towns within the county which does not contain a city disability board, one fire fighter to be elected by the fire fighters subject to the jurisdiction of the county disability board, one law enforcement officer to be elected by the law enforcement officers subject to the jurisdiction of the county disability board, and one member from the public at large who resides within the county but does not reside within a city in which a city disability board is established, to be appointed by the other four appointed members heretofore designated in this subsection. All members appointed or elected pursuant to this subsection shall serve for two year terms.

(2) The members of both the county and city disability boards shall not receive compensation for their service upon the boards but said members shall be reimbursed for all travel expenses incidental to such service as to the amount authorized by law.

(3) The disability boards authorized for establishment by this section shall perform all functions, exercise all powers, and make all such determinations as specified in this 1969 amendatory act and subsequent legislative acts.

NEW SECTION. Sec. 12. Any member, regardless of his age or years of service may be recommended for retirement by the disability board for any disability which renders him unable to continue his service, whether incurred in the line of duty or not. Benefits hereunder shall not begin for a period of six months after the disability is incurred.

Any member who believes he is or is believed to be physically or mentally disabled, if such disability has been continuous from discontinuance of service, shall be examined by such medical authority as the disability board shall employ, upon the application of the head of the office or department in which the member is employed, or upon application of said member, or a person acting in his behalf, stating that said member is disabled, either physically or mentally. If examination shows, to the satisfaction of the disability board, that the member should be retired, he shall be retired forthwith: PROVIDED, That no such application shall be considered unless said member or someone in his behalf, in case of the incapacity of a member, shall have filed the application within a period of one year from and after the discontinuance of service of said member. Where an application for disability is filed after the sixth month of disability but prior to the one-year time limit, the member shall be entitled to receive disability benefits to which he is entitled retroactive to the end of the sixth month.

NEW SECTION. Sec. 13. (1) On retirement for disability, as provided in section 12 of this 1969 amendatory act, a member shall be entitled to receive a monthly retirement allowance computed as follows: (a) A basic amount of fifty percent of final average salary at time of disability, and (b) an additional five percent of final average salary for each child as defined in section 3(8) of this 1969 amendatory act, (c) the combined total of subsections (1)(a) and (1)(b) of this section shall not exceed a maximum of sixty percent of final average salary.

(2) A disabled member shall receive his full monthly salary from the employer during the six months waiting period applicable under section 12 of this 1969 amendatory act.

(3) Benefits under this section will be payable until the member recovers from the disability or dies. If at the time that the disability ceases the member is over the age of fifty, he shall then receive either his disability retirement allowance or his retirement for service allowance, whichever is greater.

(4) Benefits under this section for a disability that is incurred while in other employment will be reduced by any amount the member receives or is entitled to receive from workmen's compensation, social security, group insurance or any other similar source provided by another employer.

(5) A member retired for disability shall, at the discretion of the disability board, be subject to a semiannual medical examination by a physician approved by the disability board.

NEW SECTION. Sec. 14. (1) Upon the basis of a semiannual reexamination of disabled members, the disability board shall determine whether such disability beneficiary is still unable to perform his duties either physically or mentally for service in the department where he was employed.

(2) If the disability board shall determine that the beneficiary is not so incapacitated his retirement allowance shall be canceled and he shall be restored to duty in the same civil service rank if any, held by the beneficiary at the time of his retirement or if unable to perform the duties of said rank then, at his request, in such other like or lesser rank as may be or become open and available, the duties of which he is then able to perform. In no event, shall a beneficiary previously drawing a disability allowance be returned or be restored to duty at a salary or rate of pay less than that received by the said beneficiary at the date of his retirement for disability. If the disability board determines that the beneficiary is able to return to service he shall be entitled to notice and a hearing, both the notice and the hearing shall comply with the requirements of chapter 34.04 RCW, as now or hereafter amended. If the employer is unable to find employment for a disability beneficiary subsequently found to be able to perform his duties, the disability board shall continue the disability retirement allowance of the beneficiary until such time as employment is available.

(3) Should a disability beneficiary reenter service and be eligible for membership in the retirement system, his retirement allowance shall be canceled and he shall immediately become a member of the retirement system. Such member shall receive credit for service in the same manner as if he had never been retired for disability.

(4) Should any disability beneficiary under age fifty refuse to submit to medical examination, his retirement allowance shall be discontinued until his withdrawal of such refusal, and should such refusal continue for one year or more, his retirement allowance shall be canceled.

(5) Should a nonduty disability beneficiary, prior to attaining age fifty engage in a gainful occupation, the disability board shall reduce the amount of his retirement allowance to an amount which when added to the compensation earned by him in such occupation shall not exceed the basic salary currently being paid for the rank the retired member held at the time he was disabled. All disability beneficiaries under age fifty shall file with the disability board every six months a signed and sworn statement of earnings and any person who shall knowingly swear falsely on such statement shall be subject to prosecution for perjury. Should the earning capacity of such beneficiary be further altered, the disability board may further alter his retirement allowance as indicated above. The failure of any member to file the required statement of earnings shall be cause for cancellation of retirement benefits.

(6) Should the disability retirement allowance of any disability beneficiary be canceled for any cause other than reentrance into service or retirement for service, he shall be paid his accumulated contributions, less annuity payments made to him.

NEW SECTION. Sec. 15. (1) Whenever any active member, or any member hereafter retired, on account of service, sickness or disability, not caused or brought on by dissipation or abuse, of which the disability board shall be judge, is confined in any hospital or in his home, and whether or not so confined, requires nursing, care, or attention, the employer shall pay for such active member and such member retired for disability the necessary hospital, care, and nursing expenses of such member; and the employer shall pay for such disability retired member hospital, care, and nursing expenses as are reasonable in the disability board discretion. The salary of such active member shall continue while he is necessarily confined to such hospital or home or elsewhere during the period of recuperation, as determined by the disability board, for a period not exceeding six months; after which period the other provisions of this chapter shall apply: **PROVIDED,** That the disability board in all cases may have the active or retired member suffering from such sickness or disability examined at any time by a licensed physician or physicians, to be appointed by the disability board, for the purpose of ascertaining the nature and extent of the sickness or disability, the physician or physicians to report to the disability board the result of the examination within three days thereafter. Any active or retired member who refuses to submit to such examination or examinations shall forfeit all his rights to benefits under this section: **PROVIDED FURTHER,** That the disability board shall designate the hospital and medical services available to such sick or disabled member.

(2) The medical benefits payable under this section will be reduced by any amount received or eligible to be received by the member under workmen's compensation, social security including the changes incorporated under Public Law 89-97 as now or hereafter amended, insurance provided by another employer, or any other similar source. Failure to apply for coverage if otherwise eligible under the provisions of Public Law 89-97 as now or hereafter amended shall not be deemed a refusal of payment of benefits thereby enabling collection of charges under the provisions of this 1969 amendatory act.

(3) Upon making such payments as are provided for in subsection (1), the employer shall be subrogated to all rights of the member against any third party who may be held liable for the member's injuries to the extent necessary to recover the amount of payments made by the employer.

NEW SECTION. Sec. 16. (1) Any person feeling aggrieved by any order or determination of a disability board shall have the right to appeal the said order or determination to the retirement board designated in chapter 41.40 RCW. The said retirement board shall have no jurisdiction to entertain the appeal unless a notice of appeal is filed with the said retirement board within thirty days following the rendition of the order by the applicable disability board.

(2) The said appeal authorized by this section shall be governed by the provisions of sections 19 and 20 of this 1969 amendatory act.

NEW SECTION. Sec. 17. and the same is herewith transmitted. SIDNEY R. SNYDER, Assistant Chief Clerk.

Senator Durkan moved that the Senate do concur in the House amendments to Engrossed Substitute Senate Bill No. 74.

POINTS OF INQUIRY

Senator Mardesich: "Would Senator Williams yield to a question? Senator Williams, it is my understanding that the inequity in the pension law pertaining to police chiefs was to be incorporated and there was a failure to do so due to some technical error and that has not been taken care of. Was there not an agreement that Substitute Senate Bill No. 468 was to follow?"

Senator Williams: "Yes, that is right. The police chiefs are in this bill but it was a midnight meeting and they found the next morning that they had missed some wording so there is corrective wording coming through. The bill is agreed on by the House. The House amended the bill and we will concur, so it is agreed all the way around."

Senator Washington: "Would Senator Williams yield? Senator, if policemen, for instance, who are now on the police force go into retirement let us say within two years, they will retire under the provisions of this new act, will they not? This would also cover the patrolmen and the police chiefs?"

Senator Williams: "Yes, all of them would come under the act."

Senator Wilson: "Would Senator Williams yield? Senator, as I recall during our discussion of the bill that pertained to deputy sheriffs and local police that the cost to the counties under the provisions of that bill would amount to an additional one-half of one percent of the salaries involved.

"Now, I would take it from the outline in section 8 of this bill, apparently, the additional costs of the counties will be nothing since they are already paying six percent?"

Senator Williams: "That is essentially correct. They are paying six percent and will continue to pay six percent so essentially the cost is nothing. The big difference is, of course, their employees are getting a much improved system with no more cost to the county."

Senator Talley: "Would Senator Durkan yield to a question? Senator are all departments in agreement? Do you have a signed slip that they are in accord and are all behind this bill?"

Senator Durkan: "Senator, I have a letter that stated that. The cities, signed by Chester Biesen; the firemen, by John Smith, John Richmond and George Roop; the chiefs of police by Chief Cook; first class policemen by Charlie Marsh; and Captain Pingery from the deputy sheriffs, everyone signed the letter. I have fifty copies which I am now going to distribute to the members of the Senate which they can take home with them.

"There is one qualified thing here and that is that there is a Substitute Senate Bill No. 468 and Representative Morrison said that he will bring it out and I understand that that is the only qualification and they have that agreement from Representative Morrison. With that in mind, they have agreed and they want this bill."

The motion by Senator Durkan carried and the Senate concurred in the House amendment to Engrossed Substitute Senate Bill No. 74.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Substitute Senate Bill No. 74, as amended by the House, and the bill passed the Senate by the following vote: Yeas, 47; absent or not voting, 2.

Voting yea: Senators Atwood, Bailey, Canfield, Connor, Cooney, Day, Donohue, Dore, Durkan, Elicker, Faulk, Foley, Gissberg, Greive, Guess, Henry, Herr, Holman, Huntley, Keefe, Knoblauch, Lewis (Brian), Lewis (Harry), McCormack, McCutcheon, McDougall, Mardesich, Marquardt, Matson, Metcalf, Newschwander, Odegaard, Peterson (Lowell), Peterson (Ted), Pritchard, Ridder, Ryder, Stender, Stortini, Talley, Twigg, Uhlman, Walgren, Washington, Williams, Wilson, Woodall—47.

Absent or not voting: Senators Andersen and Sandison—2.

ENGROSSED SUBSTITUTE SENATE BILL NO. 74, as amended by the House, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

PERSONAL PRIVILEGE

Senator Williams: Mr. President, I would like to speak on a point of personal privilege. I think this occasion should be noted that the legislature essentially on its own efforts has taken care of and satisfied probably one of the major problems that we have been contending with for a number of years.

"I think it is interesting to note that this problem of the confused pension picture and the tremendous liabilities involved and increasing problems were mounting so fast that the legislature took on its own in 1961 to create the public pension commission. Senator Ryder, I know, was one of those who started it and was the first chairman of that commission. The body has been working on this problem essentially by legislators and with legislators for the period since that time and this represents the culmination of those efforts.

"I think it is interesting to give a little credit to perhaps some of the people who have done a major share in accomplishing this major bill. Among those in the Senate who have been on the public pension commission this past biennium are Senators Connor, Durkan, Elicker, Faulk, Ridder as well as myself. We have a great deal of very cooperative effort from the people involved, each who had to give up some interest in order to accomplish a good result for all. People who have been very helpful in working on this include Charlie Marsh of the first class policemen; Wayne Larkin, George Roop, John Richmond and John Smith from the firefighters; George Dunn from the second class cities; Fred Pingery from the deputy sheriffs; Chief Cook from the police chiefs; Ed Garner from the fire commissioners; Chet Biesen from the cities. A very commendable group and I would like to particularly recognize at this time three people who did an outstanding job; Jack Cameron who is the staff man for the public pension commission and has been working with the commission for two years and working very hard on this bill; also Homer Humiston, a former House member. Perhaps last but perhaps most of all, a sophomore representative from the House, Sid Morrison, who is chairman of the labor committee in that body. Put this whole group together and by working very hard during the last eight years pulled the bill together to what we have now passed."

MOTION

At 2:30 p.m., on motion of Senator Greive, the Senate recessed to 3:45 p.m.

FOURTH AFTERNOON SESSION

The President called the Senate to order at 3:45 p.m.

MOTION

On motion of Senator Andersen, Senator Stender was excused.

Senators Greive, Bailey and Ryder demanded a Call of the Senate and the demand was sustained.

A Call of the Senate was ordered.

CALL OF THE SENATE

The Sergeant at Arms locked the doors of the Senate Chamber.

The Secretary called the roll on the Call of the Senate, all members being present except Senator Stender who had previously been excused.

On motion of Senator Greive, the Senate proceeded under the Call of the Senate.

SECOND READING

SENATE JOINT RESOLUTION NO. 30, by Senators Holman, Uhlman, Elicker, Ridder, Marquardt, Durkan and McCormack:

Amending Constitution to reduce property tax ceiling to one percent and authorizing income tax at suspendible single rate.

REPORT OF STANDING COMMITTEE

April 17, 1969.

SENATE JOINT RESOLUTION NO. 30, amending Constitution to reduce property tax ceiling to one percent and authorizing income tax at suspendible single rate (reported by Committee on Ways and Means):

MAJORITY recommendation: Do pass with the following amendments:

On page 1, line 7, after "as follows:" strike the remainder of the resolution and insert in lieu thereof:

"Article VII, section 2. (1) Except as hereinafter provided and notwithstanding any other provision of this Constitution, the aggregate of all tax levies upon real and personal property by the state and all taxing districts now existing or hereafter created, shall not in any year exceed [forty mills on the dollar of assessed valuation, which assessed valuation shall be fifty] one per centum of the true and fair value of such property in money: PROVIDED, HOWEVER, That nothing herein shall prevent levies at the rates now provided by law by or for any port or public utility district. The term "taxing district" for the purposes of this section shall mean any political subdivision, municipal corporation, district, or other governmental agency authorized by law to levy, or have levied for it, ad valorem taxes on property, other than a port or public utility district. Such aggregate limitation or any specific limitation imposed by law in conformity therewith may be exceeded only

(a) By any taxing district when specifically authorized so to do by a majority of at least three-fifths of the electors thereof voting on the proposition to levy such additional tax submitted not more than twelve months prior to the date on which the proposed levy is to be made and not oftener than twice in such twelve month period, either at a special election or at the regular election of such taxing district, at which election the number of persons voting on the proposition shall constitute not less than forty per centum of the total number of votes cast in such taxing district at the last preceding general election;

(b) By any taxing district otherwise authorized by law to issue general obligation bonds for capital purposes, for the sole purpose of making the required payments of principal and interest on general obligation bonds issued solely for capital purposes, other than the replacement of equipment, when authorized so to do by majority of at least three-fifths of the electors thereof voting on the proposition to issue such bonds and to pay the principal and interest thereon by an annual tax levy in excess of the limitation herein provided during the term of such bonds, submitted not oftener than twice in any calendar year, at an election held in the manner provided by law for bond elections in such taxing district, at which election the total number of persons voting on the proposition shall constitute not less than forty per centum of the total number of votes cast in such taxing district at the last preceding general election: PROVIDED, That any such taxing district shall have the right by vote of its governing body to refund any general obligation bonds of said district issued for capital purposes only, and to provide for the interest thereon and amortization thereof by annual levies in excess of the tax limitation provided for herein; AND PROVIDED FURTHER, That the provisions of this section shall also be subject to the limitations contained in Article VIII, Section 6, of this Constitution;

(c) By the state or any taxing district for the purpose of paying the principal or interest on general obligation bonds outstanding on December 6, 1934; or for the purpose of preventing the impairment of the obligation of a contract when ordered so to do by a court of last resort.

(2) *Notwithstanding any other provision of this Constitution, the legislature shall have the power,*

(a) *To impose a tax upon income from whatever source derived: PROVIDED, HOWEVER, That the tax may be imposed only at a single uniform rate with respect to individuals and corporations respectively: PROVIDED FURTHER, That at the general election to be held in this state in 1972 there shall be submitted to the qualified voters of the state a proposal to continue or discontinue the foregoing limitation upon the type of income tax which may be imposed. If a majority of the electorate voting upon the proposal vote to continue such limitation, the limitation shall be continued unless changed by*

subsequent amendment to this Constitution. If a majority of the electorate voting upon the proposal vote to discontinue such limitation, the limitation shall thereafter be of no further force or effect;

(b) To provide for allowance of credits, exclusions, exemptions, and deductions to be used in determining the amount of income subject to tax or in computing such tax;

(c) To coordinate the administration and collection of state income taxes with the income tax laws and procedures of the United States, and to delegate to such state administrators as it may designate the authority to prescribe the means of coordination of state and United States tax laws and methods for the allocation of income for taxing purposes. The legislature may adopt by reference any federal statutes relating to the determination of taxable income, as existing at time of adoption and as amended from time to time.

Income shall not be considered to be property within the meaning of this Constitution, and a tax imposed upon or measured by income from whatever source derived, shall not be deemed an ad valorem tax, and the rates of such tax shall not be limited by this section of this Article VII or by any other provision of this Constitution.

During the time there is imposed a state net income tax on individuals the legislature shall have no power to impose a tax upon the retail sale of food and prescription drugs: PROVIDED, HOWEVER, That the legislature shall have the power: (a) to define the terms "food" and "prescription drugs" for purposes of this exemption; (b) to impose a tax upon the retail sale of food items, consumption of which is allowed on the premises of the seller; and (c) to provide, in lieu of this exemption, for a method of credits against net income tax liability, a method of sales tax refunds, or both, so as to effectively eliminate a tax upon the retail sales of food as a revenue source for the state.

No person, corporation, or business organization of any type, incurring tax liability under a state net income tax may be made subject to a tax imposed by the state upon the act or privilege of engaging in business and measured by gross income or receipts.

BE IT FURTHER RESOLVED, That the foregoing constitutional amendment shall be construed as a separate amendment within the meaning of Article XXIII, section 1 (Amendment 37) of this Constitution. In the event the foregoing amendment is held to be separate amendments, this senate joint resolution shall be void in its entirety and shall be of no further force and effect.

AND BE IT FURTHER RESOLVED, That the secretary of state shall cause notice of the foregoing constitutional amendment to be published at least four times during the four weeks next preceding the election in every legal newspaper in the state."

Signed by: Senators Durkan, Chairman; Bailey, Connor, Day, Donohue, Foley, Gissberg, Greive, McCormack, Mardesich, Metcalf, Odegaard, Ridder, Sandison, Stortini, Uhlman, Walgren, Washington, Wilson.

The resolution was read the second time in full.

Debate ensued.

On motion of Senator Greive, the committee amendments were not adopted.

Senator Holman moved adoption of the following amendment:

On page 1, line 8, after "section 2." strike all matter down to and including the period on page 4, line 25, and insert

"Limitations on Taxing Power.

(1) Income Taxation.

Except as hereinafter provided and notwithstanding any other provision of this Constitution, no tax may be levied or imposed upon or measured by income. The legislature may for state purposes only, including the discharge of the duty imposed upon the state by Article IX, Section 1, of this Constitution, authorize a tax upon or measured by income from whatever source derived. Income shall not be deemed property within the meaning of this article, and a tax imposed upon or measured by income shall not be deemed an ad valorem tax. In carrying out the provisions hereof, the legislature is further authorized to enact appropriate legislation including the adoption by reference of applicable federal statutes as now existing and as from time to time hereafter amended and the delegation, to such state administrators as it may designate, of authority to promulgate regulations for administration and collection of such tax not inconsistent herewith. The rates of such tax, together with provisions for allowance of credits, exclusions, exemptions and deductions to be used in computing such tax or in determining the amount of income subject thereto, shall not be limited by this article or by any other provision of this Constitution, except that the amount of such credits, exclusions, exemptions and deductions may not be determined solely by the amount of income otherwise subject to tax and such tax may be imposed only at a single uniform rate with respect to individuals and corporations, respectively: PROVIDED, HOWEVER, That the foregoing limitation as to a single uniform rate shall not apply if a majority of the electorate voting thereon shall approve a referendum bill suspending the operation of such limitation, which bill may be adopted by a simple majority of the members of each house at any legislative session and submitted by the legislature to the electorate at any general or special election, including the election at which this constitutional amendment is submitted to them, and such suspension, shall remain in effect until such limitation is reinstated by the electorate pursuant to a subsequent referral.

(2) Property Taxation.

Except as hereinafter provided and notwithstanding any other provision of this Constitution, the aggregate of all tax levies upon real and personal property by the state and

all taxing districts now existing or hereafter created, shall not in any year exceed [forty mills on the dollar of assessed valuation, which assessed valuation shall be fifty] one per centum of the true and fair value of such property in money: PROVIDED, HOWEVER, That nothing herein shall prevent levies at the rates now provided by law by or for any port or public utility district. The term "taxing district for the purposes of this section shall mean any political subdivision, municipal corporation, district, or other governmental agency authorized by law to levy, or have levied for it, ad valorem taxes on property, other than a port or public utility district. Such aggregate limitation or any specific limitation imposed by law in conformity therewith may be exceeded only

(a) By any taxing district when specifically authorized so to do by a majority of at least three-fifths of the electors thereof voting on the proposition to levy such additional tax submitted not more than twelve months prior to the date on which the proposed levy is to be made and not oftener than twice in such twelve-month period, either at a special election or at the regular election of such taxing district, at which election the number of persons voting on the proposition shall constitute not less than forty per centum of the total number of votes cast in such taxing district at the last preceding general election: PROVIDED, HOWEVER, That during the time there is imposed a state net income tax on individuals and corporations, the provisions of this paragraph (a) shall not be deemed to permit the submission of such proposition to levy an additional tax by any school district for purposes of maintenance and operation unless such school district, prior to the adoption of the proposition by its governing body, shall have received certification by the superintendent of public instruction that funds theretofore appropriated by the legislature, and distributable in accordance with applicable law to such school district during the year with respect to which the additional tax would be levied, are insufficient together with other revenues available to such district to maintain and operate the district during such year at a level at which the average annual expenditure per student for such year, as determined by the superintendent of public instruction, is less than five percent greater than the average annual expenditure per pupil for the preceding year, and in no event shall such additional tax exceed the lesser of (i) the amount of additional tax required to maintain and operate the district at such level, as certified by the superintendent of public instruction, or (ii) the amount of tax permitted to be levied by such district for such year without submission to the electors thereof;

(b) By any taxing district otherwise authorized by law to issue general obligation bonds for capital purposes, for the sole purpose of making the required payments of principal and interest on general obligation bonds issued solely for capital purposes, other than the replacement of equipment, when authorized so to do by majority of at least three-fifths of the electors thereof voting on the proposition to issue such bonds and to pay the principal and interest thereon by an annual tax levy in excess of the limitation herein provided during the term of such bonds, submitted not oftener than twice in any calendar year, at an election held in the manner provided by law for bond elections in such taxing district, at which election the total number of persons voting on the proposition shall constitute not less than forty per centum of the total number of votes cast in such taxing district at the last preceding general election: PROVIDED, That any such taxing district shall have the right by vote of its governing body to refund any general obligation bonds of said district issued for capital purposes only, and to provide for the interest thereon and amortization thereof by annual levies in excess of the tax limitation provided for herein: AND PROVIDED FURTHER, That the provisions of this section shall also be subject to the limitations contained in Article VIII, Section 6, of this Constitution;

(c) By the state or any taxing district [for the purpose of paying the principal or interest on general obligation bonds outstanding on December 6, 1934, or] for the purpose of preventing the impairment of the obligation of a contract when ordered so to do by a court of last resort.

(3) Excise Taxation.

During the time there is imposed a state net income tax on individuals, no tax shall be imposed upon the retail sale, use or consumption of food and food items sold for human consumption off the premises where sold or of prescription drugs: PROVIDED, HOWEVER, That the legislature shall have the power by appropriate legislation: (a) to define the terms "food", "food items" and "prescription drugs" for the purpose of this exemption; and (b) to provide, in lieu of this exemption as to food and food items, for a method of credits against net income tax liability, a method of sales tax refunds, or both, so as to effectively eliminate as a revenue source for the state and its political subdivisions a tax upon the retail sale of food and food items to the residents thereof. Nothing contained in this article shall be deemed to limit the power of the state or its political subdivisions by appropriate legislation to impose a tax upon the act or privilege of engaging in business and measured by gross income or receipts: PROVIDED, HOWEVER, Such tax may not be imposed by the state upon any person, corporation, or business organization of any type incurring liability under a state net income tax.

BE IT FURTHER RESOLVED, That the foregoing constitutional amendment shall be construed as a single amendment within the meaning of Article XXIII, section 1 (Amendment 37) of this Constitution. In the event the foregoing amendment is held to be separate amendments, this Senate Joint Resolution shall be void in its entirety and shall be of no further force and effect.

AND BE IT FURTHER RESOLVED, That the Secretary of state shall cause notice of

the foregoing constitutional amendment to be published at least four times during the four weeks next preceding the election in every legal newspaper in the state."

Debate ensued.

POINTS OF INQUIRY

Senator Greive: "Would Senator Holman yield to a question? Senator, I just want to clarify one thing and this is the special levies. Under this, what is the maximum special levy over and above the twelve mills plus the two mill shift? How much more could we have in special levies and that is what we want to have clarified?"

Senator Holman: "Twelve mills. Of course if you gave those two mills back to the school districts then they would be able to do fourteen and you would have fourteen mills. Whatever school districts can levy without a vote of the people."

Senator Canfield: "Would Senator Holman yield to a question? Senator Holman, I want to direct your attention to lines 6 and 7 on page 1. I think a lot of us feel as you do that the day is long gone when the property tax should support education. Many of us feel more and more that this is a direct obligation to the state. I think you are implying that in these words but I remember back in 1935 when the revenue act was passed in depression times and the first sales tax was passed. Some people later claimed that the passage of the sales tax was an earmark for education and therefore the revenue from the sales tax should be dedicated to that purpose."

"Now, my specific question to you is, Senator Holman, does your working here in your judgment imply that all of the income tax money raised could be a dedicated fund for the support of education?"

Senator Holman: "Senator Canfield, the answer to that is 'no'. It is nowhere dedicated to the support of education and it only states here that one of the purposes that the state will use this money for can do this one. The words 'including the discharge of the duties imposed upon the state by Article IX', the reason for that in the amendment is to call it to the attention in the taxing Article that we do have the obligation to support schools through state taxation. That is not clear to me from Article IX. It is the preamble to Article IX, that present statement, and I think we do have the duty to support schools through taxation but it doesn't earmark this for schools, no indeed, sir."

Senator Dore: "You might respond to my statement, Senator, that if the income tax is passed that the B&O will be proscribed forever. On the other hand, the sales tax can still be imposed on food and drugs and prescriptions according to various credits, in addition that business will be able to have an additional even though they get the B&O, the legislature in their wisdom by majority vote can also give additional credits to them as against their income tax."

Senator McCutcheon: "I wonder if Senator Holman would yield to a question? Senator, Senator Dore referred here to \$180 million, the windfall to business. Now, what would we lose if you freeze the B&O, prohibit it from being used, except as you have provided here in the bill? How much would we lose per biennium or have you any figures on that?"

Senator Holman: "I can't answer you. All I can say is that I am advised that if the state B&O tax on business corporations is prevented by this, that the corporate rates would have to rise to something around 8 percent from about 3.5 percent or 3.8 percent, whatever they are talking about, it is a substantial amount. Senator Lewis (Harry) has it and it looks like \$268 million in a biennium. That would be \$134 million a year but in speaking to that and Senator Dore brought it up, too, there is no credit for business in relation to the sales tax. That is only for individuals. I believe that is clear because it is what you buy for human consumption and it is made entirely clear to eliminate as a revenue source that state political subdivisions are taxed upon the retail sale of food and food items to the residents thereof. It is not intended and if that is not clear we should fix it up but I don't think there is any doubt but that business would get no credit against income tax liability with respect to food and drugs, just people."

Senator McCutcheon: "Thank you very much, Senator Holman."

MOTION

Senator Greive moved that Senate Joint Resolution No. 30 and the pending amendment by Senator Holman be made a special order of business immediately after convening Friday, April 18, 1969.

Debate ensued.

POINT OF INQUIRY

Senator Dore: "Would Senator Holman yield to a question? I think in analyzing your proposition, Senator, I made the statement that the only difference I could see in Governor Evan's proposition for a single rate tax and its particulars and your proposition was one, you

had a limitation of special levies which you limit the special levies not to exceed 5 percent of the spending dollars of the previous year and secondly, you permitted a repeal of this act by majority vote rather than two-thirds as provided in the Constitution. Am I essentially correct in that statement?"

Senator Holman: "You are essentially correct in the two basic items here. I believe there are some definite improvements over the Governor's, if I may be so presumptuous. I think that the cleaning up of the Article to indicate that there can't be any income tax except this one is a good one. I don't think his ever did that and you might have an ambiguity there. I don't think his took care of the B&O tax the same way I have taken care of it and for Senator McCutcheon's benefit, the intent of the language and I think it is clear, is that no corporation or business entity is going to pay both. The determination is by the legislature as to which it will be. It doesn't say that we have to levy a corporate income tax on some corporations and then excuse them for the B&O tax. We have the choice here. It just says that if you are incurring liability for income tax, you don't get the B&O tax on top of it, that is all it says."

MOTIONS

The motion by Senator Greive carried, Senate Joint Resolution No. 30 was made a special order of business immediately after convening on Friday, April 18, 1969.

On motion of Senator Greive, the Senate dispensed with the Call of the Senate.

At 5:00 p.m., on motion of Senator Greive, the Senate adjourned until 10:00 a.m., Friday, April 18, 1969.

THIRTY-SIXTH DAY

MORNING SESSION

Senate Chamber, Olympia, Wash., Friday, April 18, 1969.

The Senate was called to order at 10:00 a.m. by President Cherberg. The Secretary called the roll and announced to the President that all Senators were present except Senator Gissberg. On motion of Senator Mardesich, Senator Gissberg was excused.

The Color Guard, consisting of Pages John Wick, Color Bearer, and Patty Everett, presented the Colors. Reverend Charles Howard Perry, rector of St. John's Episcopal Church of Olympia offered prayer as follows:

"I will lift up mine eyes unto the hills; from whence cometh my help? My help cometh even from the Lord who hath made heaven and earth." "Grant to us, almighty God, the same inner serenity and peace that was given to the shepherd as he gazed about Your universe. May those of us who live in this wondrous and beautiful northwest of the United States be inspired in heart and lifted up in mind as we live amidst so much of the beauty of Your earth. Help us to see the mountain and the river and the ocean and the desert as part of Your handiwork. As we build our cities and erect our monuments to serve the generations of men and women yet unborn, help us to do it with a sense of responsibility as those who have known the Master-Creator. When we are troubled in spirit lead us into a quiet place where we may look again at the majesty of Your creation and be filled with the calm of Your presence. May the hills around us remind us of Your everlasting love; may we know that love as we look beyond the hills to the heart of the One who made them. Help us to know that it is in returning to Thee, and in taking our rest by the cool of Your waters, that we are saved, that we are born again in spirit, that we are revived in body, that we are purified in mind; and give us grace to press on once again to work and pray and legislate to build on earth a society of men and women worthy of Your love and eager to be counted as Your children. May we not forget that it profiteth a man nothing to gain the whole world and to lose his soul, for our souls belong to Thee and we are restless until we find our rest in Thee. Grant our prayer, our Father, for we offer it in the faith of Jesus Christ our Lord. Amen."

On motion of Senator Greive, the reading of the journal of the previous day was dispensed with and it was approved.

Senators Greive, Williams and McCormack demanded a Call of the Senate.
A Call of the Senate was ordered.

CALL OF THE SENATE

The Sergeant at Arms locked the doors of the Senate Chamber.

The Secretary called the roll on the Call of the Senate, all members being present except Senator Gissberg who had previously been excused.

On motion of Senator Greive, the Senate proceeded under the Call of the Senate.

MOTION

At 10:30 a.m. on motion of Senator Greive, the Senate recessed subject to the Call of the Chair.

SECOND MORNING SESSION

The President called the Senate to order at 11:40 a.m.

MOTION

On motion of Senator Greive, Senator Cooney was excused subject to roll call.

SENATE JOINT RESOLUTION NO. 30, by Senators Holman, Uhlman, Elicker, Ridder, Marquardt, Durkan and McCormack:

Amending Constitution to reduce property tax ceiling to one percent and authorizing income tax at suspendable single rate.

SPECIAL ORDER OF BUSINESS

The time having arrived, the Senate resumed consideration of Senate Joint Resolution No. 30, on second reading and the pending amendment by Senator Holman.

MOTION

Senator Greive: "I move that the rules be suspended and while we are working on the amendment by Senator Holman that we permit amendment to the amendment to the amendment so that means that if an amendment is proposed by Senator Williams that we could make some change in that particular amendment. The rules are that where you have an amendment that amendment can only be amended once so that would mean that if we do not do this then if Senator Williams proposes an amendment and I have some change in Senator Williams' amendment, I couldn't propose it.

"Just a word of explanation. Someone is still looking at me rather puzzled. You see what we have here originally Senate Joint Resolution which we amended. The amendment in effect is the same as the original bill and therefore we need the amendments. Normally we wouldn't be in that situation but since we are really debating the amendment by Senator Holman and that is the bill, I think this is an intelligent approach."

REPLY BY THE PRESIDENT

The President: "If there are no objections, that particular rule in Reed's will be suspended."

Senator Lewis (Harry) moved adoption of the following amendment to the amendment by Senator Holman:

On page 1, line 18, after "exemptions" strike "and" and insert "," and after "deductions" insert "and inclusions"

POINT OF INQUIRY

Senator Greive: "Would Senator Lewis (Harry) yield to a question? Senator, we obviously had these amendments overnight and we were working with some lawyers this morning and making phone calls attempting to determine exactly what it did. I think we are very much for it but I would like to ask you a question or two to see.

"Do I understand this to mean then that we wouldn't have the same restrictions as the federal. For instance, if somebody had some exempt government bonds or some capital gains that that means that all of those might be fair game for a bill subsequent that would handle it?"

Senator Lewis (Harry): "I think my answer is yes, Senator Greive."

The motion carried and the amendment to the amendment was adopted.

Senator Lewis (Harry) moved adoption of the following amendment:

On page 1, line 25, of the amendment by Senator Holman, after "respectively" and before the colon, insert "which rate for individuals shall not exceed the retail sales tax rate and which rate for corporations shall not exceed double the rate for individuals"

Debate ensued.

The motion lost and the amendment was not adopted.

Senator Lewis (Harry) moved adoption of the following amendment:

On page 1, line 5, after "rejection," strike "proposals to" and insert "an amendment"

POINT OF INQUIRY

Senator McCormack: "Would Senator Lewis (Harry) yield to a question? Senator, do you have a copy of Senate Joint Resolution No. 30 before you? What you have done is stricken the words 'proposal to' and inserted the words 'an amendment'. The way it now reads is, 'an amendment amend Article VII'. The word 'amend' should be out also so it would read, 'to amend an amendment to Article VII'. You have the extra word 'amend' in. All I am asking is for grammatical clarification."

Senator Lewis (Harry): "I would like to move that this amendment be considered immediately after 2:00 this afternoon so that we can prepare it properly, if there is a question."

MOTIONS

On motion of Senator Greive, the Senate dispensed with the Call of the Senate.

At 12:25 p.m., on motion of Senator Greive, the Senate recessed until 2:00 p.m.

AFTERNOON SESSION

The President called the Senate to order at 2:00 p.m.

The President declared the Senate to be at ease.

The President called the Senate to order at 3:50 p.m.

Senators Greive, Bailey, and Ridder demanded a Call of the Senate.

A Call of the Senate was ordered.

CALL OF THE SENATE

The Sergeant at Arms locked the doors of the Senate Chamber.

The Secretary called the roll on the Call of the Senate, all members being present except Senators Matson, Uhlman and Woodall.

On motion of Senator Ryder, the rules were suspended, Senators Matson and Woodall were excused.

On motion of Senator Uhlman, the rules were suspended and Senator Uhlman was excused.

On motion of Senator Greive, the Senate proceeded under the Call of the Senate.

The Senate resumed consideration of Senate Joint Resolution No. 30 and the pending amendments by Senator Holman and Senator Lewis (Harry).

There being no objection, Senator Lewis (Harry) withdrew his pending amendment.

Senator Lewis (Harry) moved adoption of the following amendment:

On page 1, section 5, after "rejection," strike "proposals to amend" and insert "an amendment to"

Debate ensued.

POINTS OF INQUIRY

Senator McCutcheon: "Would Senator Lewis (Harry) yield to a question? Senator Lewis, are you trying to get into the record here that we have a right to say to the supreme court to change our Constitution? In other words, the question is that you recognize that we are still operating under the old ground rules, do you not?"

Senator Lewis (Harry): "Senator McCutcheon, I believe that the legislature may, under the terms of our Constitution, establish definitions of purpose provided they are not intended to pervade the constitutional intent. I also believe that the language of intent, legislative intent, is extremely important and I think it very clearly with this amendment that I am proposing that we establish our intent that this measure like many measures which we consider having a variety of ideas, still lies within the terminology of a single subject as defined in the Constitution. I do think that if we misconstrue the language in one place in an amendment and talk about plural items and in another define in a singular fashion that we raise the question of constitutionality, interpretation by the attorney general or the court. My purpose, what I believe is the purpose of the Senate, is to present an amendment, the amendment that is before us in the form, as I understand it, in a singular fashion. I do not believe that we are pervading the intent of the Constitution in this way. I believe that this is the intent of the legislature within the framework of our Constitution whereas the other day I did not believe that we were within that same framework as clearly as we are now."

Senator Washington: "What is the issue upon which Senator McCutcheon is speaking? What point has he raised precisely?"

REPLY BY THE PRESIDENT

The President: "Senator McCutcheon has raised the point as to the constitutionality of the proposed amendment and he is speaking on that subject."

Senator Washington: "On the proposed amendment by Senator Holman or the proposed amendment by Senator Lewis (Harry)?"

POINT OF ORDER

Senator McCutcheon: "You don't mind my answering that, do you? Now for the record: Mr. President and members of the Senate, at this time to make the issue clear, I raise the point of order against our consideration of Senate Joint Resolution No. 30 for this reason. We have all sworn on oath to uphold the Constitution of the United States and the Constitution of the state of Washington and we are still operating under the old rules. We have not as yet any gateway amendment. We are operating under the old rules and what are the old rules? We can change the old rules if we pass one of these things and if we pass one step at a time as required by the Constitution of the state of Washington. Not only in one place but in two places do we find written, first in the early part of the Constitution, I believe it is the first amendment, it says everyone of these things must be presented separately and then again in Article XXXVIII it says that any amendment may be proposed in either branch of the legislature and if the same shall be agreed to by two-thirds of the members elected to each of the two Houses, such proposed amendment or amendments shall be entered on the journal with the ayes and nays thereon and be submitted to the qualified voters of the state for their approval or disapproval in the next general election. If the people approve, the same shall become part of the Constitution. They haven't approved anything yet so we are bound by this rule and this rule is that if more than one amendment is submitted, *more than one amendment be submitted*, they must be submitted in such a manner that the people may vote for or against such amendments separately. Now, that goes to the magic word of separately.

"It doesn't make any difference what Senator Lewis (Harry) thinks about what legislative intent is, the people of the state of Washington have expressed their intent that when you amend the Constitution you must do it by stating the proposition in such a manner that the people can vote upon the issues separately. The purpose of which is, of course, to let the man know what he is voting on."

POINT OF INQUIRY

Senator Washington: "Point of inquiry."

Senator McCutcheon: "I am speaking against Senate Joint Resolution No. 30 as originally filed here or as it may be amended, either one, as being something that we have no right to consider here on this floor because it is unconstitutional under the ground rules that we have already written and under which we are bound and guided by and we held up our right hands and swore we would follow until changed and we haven't changed and we are bound to do this and we have no right to make any interpretations in advance as though we had passed it. We are bound by these ground rules and I submit that there is more than one proposition proposed in Senate Joint Resolution No. 30. It says so itself right on the back page and I will get ahold of that and read it.

"The proposition is that, I think Senator Lewis (Harry) stated it, if it is not considered as one amendment, the whole thing is null and void and they are openly admitting, the people who drafted this proposed constitutional amendment, they admit that we have a package deal and I want to be perfectly frank and candid with you that if I am sustained by the presiding officer, we have no right to consider it, have no right on this floor, it is the death knell of your package deal. We will be out of here in a week and we can go somewhere else but we cannot consider this. Why? Because any constitutional lawyer worth his salt who studies this knows that there is more than one subject in this proposed proposition. For instance, we have such things as the B&O tax to be voted upon. We have that mixed up with an income tax to be voted upon and that is mixed up again giving power to the superintendent of public instruction as to special levies and we all say and we all know as a matter of common sense that the framers of this Constitution meant that those are different subjects. I go to the polling booth and I see a constitutional amendment before me. Under the present ground rules we swore to uphold, right there in front of me. I have no manner of making a choice on separate situations as the Constitution requires. One subject must be at a time before us so that the man will know what he is voting on.

"Now, I am not going to pay any attention to going through this great torture we are going through here on this. I have been reaching around and groping for several days to find out what the big snow job was but the same old one, the package deal. If you send me into the voting booth, how can I make a choice separately when I have only before me all that garbage, pardon me, that is very disrespectful. This is a very serious point and if you will bear with me, I will look at my notes because once I get off my feet, I will never get back on again. We have our feet planted on the foundation of solid ground in constitutionality and you know it, all you people who expound this package deal. You want to mix the income tax up with the B&O tax, with the sales tax with credit, sales taxes on food, no taxes on corporations or individuals under certain conditions and the B&O tax, of course, if anybody claims that is the same subject as the income tax, I will put in with him and so on.

"As I say, the citizen has a right to know that we are down here following the ground rules and we have had months of discussion on this, months of thought and we are going to make a landmark ruling and a decision here this afternoon not on the technicalities and the wording of the law but upon the Constitution itself and if this point of order, and I am urging upon the Chair to rule with me, is sound and I think it is sound, why we will be back again on the logical.

"I have the greatest respect for everyone on this floor. I love this body and I love constitutional law but we all know just as surely as we are sitting here that when you try to come in here with a package deal that says you shall this if you take this if you take that or if you reject this or reject that, why without even a constitutional mandate at all to that effect, you are legislating not just in violation of the statutes, you are legislating in violation of the Constitution of the state of Washington. That is the point I want to really make, that you are legislating against the Constitution. You are legislating against your own oath of office when you came down here and said you wouldn't do this. How will you interpret that, Senator Lewis. It isn't for him or me, Judge McCutcheon, to make these adjudications. It is for the supreme court and they made them and the people have written this Constitution and ground rules have not been changed. You know they haven't been changed. The executive knows it and every man on this floor, Democrat and Republican, knows that.

"I am going to hurry along with this now but this is such an entrancing subject and so important. I am not saying this for amusement but separately is the magic word and we have mixed up here that same old potpourri that I can't understand. The poor, ordinary voter that goes into the polls, he is entitled to know what he is voting on.

"I don't understand how any high official of the state of Washington, be he Democrat or Republican, could rule otherwise. He took an oath of office to uphold this Constitution, too, but they would like to change it with a package deal. Now, that is aside from the point. We have Article 23, section 2, no gateway yet as much as some people would like to have one. You know it is almost impossible for you people out there in the hinterland to understand that down here we do operate under pressure. We have freedom of speech, freely arrived at but under extreme pressure at all times. That is the freedom of speech we have but that is what we are here to stand up to and I feel we would be violating our oath of office. We are not supposed to come up here and do useless things. We have no business and I don't care how many approaches have been made in good faith, being on this floor considering the law that we know is patently unconstitutional. We have no business here trying to rewrite the Constitution. You want to get at it and get that kind of power, you will have to go and put a much broader amendment in first or a new constitutional convention.

"Up to now we have had no problem in passing laws that people wanted to pass or they wanted to change this Constitution. No trouble at all if there is any public demand but we have no right to come in here and read that Article and then turn around and violate it openly before the people of the state of Washington. That is not teaching them good judgment and it is not following good judgment ourselves and it is not being honest with ourselves.

"I do want to say, just one more remark in closing, that we should deliberate and think really about what I have said. I didn't get up to make a frivolous speech here at all today but I saw all this talking going on and then you go back, when you are a little bit in trouble, to fundamentals and some people around here don't ever seem to be in trouble at all. It doesn't bother them but if you are going to go back to fundamentals, you are going to go back to

that document and you are going to follow it whether you like it or not, whether I personally like it or not. No matter what political party I belonged to if that matter came up I would vote, why any person in the sixth grade can read that and the only answer he can come up with is they are giving me no chance to make a choice separately or giving me an opportunity to make an intelligent choice. I might want to keep the B&O tax in or push it out of the Constitution but when I am voting on that, I am voting on all the implications that go with that policy. I want that separately. I want to vote directly on that. If it is an income tax, I want to vote directly on it. I don't want it tied up with a lot of verbage about what the state superintendent of public instruction can do and if I want to vote on what the superintendent can do, I want to vote on that separately and then if I want to know about these sales taxes, their credits, etc., and the power of local districts to be given power so they can levy B&O taxes on nonprofit corporations and they want it put in the Constitution, I want to vote on that separately. I don't know how long an amendment this will be but it would confuse me completely if you try to push this bill over as a constitutional amendment and besides, you can't do it and I will tell you why you can't do it because the book says you can't do it. That is a solemn contract that a man will be able to know what he is voting for and that is why you can't do it and all the argument in the world won't change it.

"I think this afternoon we are sitting here as a deliberative body, the Senate of the state of Washington has that reputation of settling down on things and getting their teeth into them and facing up. Now, they say, 'Oh, yes, but it would be so handy if you could do this'. Maybe handy for you but not handy for me. I might not like it.

"So the ground rules are as they always were. Divide your question and in Amendment 37 it says over again that you shall have a right to have the question divided and made separate by a ruling of the attorney general so you will know what you are voting for. Are you going to brush all that out the window and consider a bill here that has no validity. That is all. I think the point of order should be sustained."

RULING BY THE PRESIDENT

The President: "The President in ruling upon the point of order as presented by Senator McCutcheon, the President rules that while the President believes that Senator McCutcheon's remarks may have substantial merit in response to the point of order as raised by the distinguished Senator from Pierce, the President would like to point out that although it is the President's obligation pursuant to Rule 62 of the Senate Rules and Constitution of our state to determine the question of whether or not an amendment increases the scope and object of a bill, the President does not have the authority to determine the constitutionality of a measure under consideration of the Senate. Therefore, the point of order is not well taken."

The Senate resumed consideration of the pending amendment by Senator Lewis (Harry).

POINT OF INQUIRY

Senator Lewis (Harry): "Would Senator Elicker yield to a question? Senator Elicker, I know you to be a highly discerning constitutional attorney, famous in Kitsap county. I wonder if you would care to comment on the issue as it relates to Amendment XIV of our Constitution?"

Senator Elicker: "Yes, Senator. Senator Ridder alluded a little to Amendment XIV. Amendment XIV to the Constitution is actually section 1 of the bill we have before us now, Senate Joint Resolution No. 30, which is section 2 and Senator Ridder was quite right in which he said the fourteenth amendment to the Constitution which is entitled simply 'Taxation' consists of at least six separate propositions affecting taxation, none of which are really related to any of the other.

"I would submit that in 1930 when this amendment was adopted by the people that they had no choice as to any of those six. They had to accept the entire amendment as written. As an example, it provided for \$300 exemption from personal property taxation. There was no opportunity for them to vote down the \$300 personal property taxation and accept the principal of ad valorem taxation for minerals and forests and consequently I think there is ample precedence that we are within our Constitution for the type of amendment that is proposed here in Senate Joint Resolution No. 30."

The motion carried and the amendment was adopted.

Senator Ryder moved adoption of the following amendments to the amendment by Senator Holman:

On page 1, section 1, line 25, strike the colon and insert a period.

On page 2, line 7, strike all the material following "to" and including "referral"

Debate ensued.

Senator Greive demanded a roll call and the demand was sustained by Senators Bailey, Williams, Twigg, Ryder, Connor, Day, Donohue, Knoblauch and Pritchard.

ROLL CALL

The Secretary called the roll and the amendment by Senator Ryder to the amendment by Senator Holman was not adopted by the following vote: Yeas, 14; nays, 32; excused, 3.

Voting yea: Senators Andersen, Atwood, Faulk, Huntley, Lewis (Brian), Lewis (Harry), McDougall, Marquardt, Newschwander, Pritchard, Ryder, Stender, Twigg, Williams—14.

Voting nay: Senators Bailey, Canfield, Connor, Cooney, Day, Donohue, Dore, Durkan, Elicker, Foley, Gissberg, Greive, Guess, Henry, Herr, Holman, Keefe, Knoblauch, McCormack, McCutcheon, Mardesich, Metcalf, Odegaard, Peterson (Lowell), Peterson (Ted), Ridder, Sandison, Stortini, Talley, Walgren, Washington, Wilson—32.

Excused: Senators Matson, Uhlman, Woodall—3.

Senator Williams moved adoption of the following amendment to the amendment by Senator Holman:

On page 2, line 2, strike "simple majority" and insert "majority of sixty percent"
Debate ensued.

POINTS OF INQUIRY

Senator Canfield: "Would Senator Williams yield to a question? Senator, I know you are a very fine constitutional lawyer and one of the best and I want to rely upon your judgment. On this sixty percent provision as required in your amendment, would that be compatible in your judgment with Article III of section 12 relative to the Governor's veto power? Article III says that bills if approved by two-thirds of the members of both bodies become law but otherwise it would be subject to the Governor's veto. My question again is does this preclude a gubernatorial veto?"

Senator Williams: "Senator Canfield, I think your question doesn't go to my amendment which is just to change the word 'majority' to sixty percent. Your question goes to this whole proviso in here which uses the words 'referendum bill'. Whether it is a simple majority or sixty percent, your question would still stand and on that I think the answer is that we would be by this bill, regardless of whether my amendment is adopted or not, changing the Constitution in that regard that a referendum bill on this subject would not have to go to the Governor, as I read it."

Senator Canfield: "Then you are saying, Senator, that in this particular case if this were passed, it would not be subject to gubernatorial veto in case it got sixty percent?"

Senator Williams: "I think perhaps the bill is a little ambiguous here because it says it shall not apply to a majority of the electorate, referendum bill which bill may be adopted by a simple majority of the members of each House and it doesn't say whether or not the Governor has to veto it."

"Again, let me say, this is a question of the bill before us not my amendment so I think probably your question should be directed over to the drafter of the bill because my amendment does not deal with that question."

Senator Ridder: "I hate to be picky-picky here but I have some question as to the use of your wording. You said a majority of sixty percent. Now I understand a majority of one, a majority of two and a majority of five. That means I have, one, two or five over the fifty percent but I can't quite understand a majority of sixty percent because this would mean I would have to have sixty percent better than a simple majority. If you mean a sixty percent majority, I can understand that but in this case I think it would be a whale of a lot more than a sixty percent majority."

Senator Williams: "Senator Ridder, if that is a question, I am told that a majority of sixty percent is a better way of stating it than a sixty percent majority but they mean the same thing."

Senator Greive demanded a roll call and the demand was sustained by Senators Donohue, Bailey, McCormack, Odegaard, Ridder, Metcalf, McDougall, Connor and Knoblauch.

ROLL CALL

The Secretary called the roll and the amendment to the amendment by Senator Holman was not adopted by the following vote: Yeas, 17; nays, 29; excused, 3.

Voting yea: Senators Andersen, Atwood, Canfield, Faulk, Gissberg, Guess, Huntley, Lewis (Brian), Lewis (Harry), Marquardt, Newschwander, Peterson (Ted), Pritchard, Ryder, Stender, Twigg, Williams—17.

Voting nay: Senators Bailey, Connor, Cooney, Day, Donohue, Dore, Durkan, Elicker, Foley, Greive, Henry, Herr, Holman, Keefe, Knoblauch, McCormack, McCutcheon, McDougall, Mardesich, Metcalf, Odegaard, Peterson (Lowell), Ridder, Sandison, Stortini, Talley, Walgren, Washington, Wilson—29.

Excused: Senators Matson, Uhlman, Woodall—3.

There being no objection, Senator Williams withdrew his second amendment from the Secretary's desk.

Senator Williams moved adoption of the following amendment by Senators Williams and Lewis (Harry):

On page 2, line 7, after "referral" and before the period, insert:

" : *Provided further*, That after the first income tax statute shall take effect, the legislature shall have no power to increase the rate of tax by more than six per centum in any period of twenty-four months"

Debate ensued.

POINT OF INQUIRY

Senator Williams: "I wonder if Senator McCormack would yield to a question? Senator, I think you are confusing apples and oranges. When you talk about the growth in the general fund budget over the last few years, you are not talking about tax rate growth, are you? Because isn't it a fact that we have growth within our economy, etc. that a given rate will produce substantially more dollars from one biennium to the next because of the growth in the economy?"

Senator McCormack: "Yes, what you say is in part correct but it is easy to extrapolate from one point to the other without misrepresenting the case. One can readily see that the limitation that you would put on along with the limitation on the maintenance and operation would restrict us to the point where we could not carry out our constitutional obligations."

Senator Williams: "Isn't it also a fact that an income tax, whether it is single rate or whatever will grow faster than any other form of taxation we have in the state now?"

Senator McCormack: "Yes, the graduated rate grows the fastest and then the single rate grows faster than the sales tax, then the property tax."

Further debate ensued.

The motion lost and the amendment by Senators Williams and Lewis (Harry) to the amendment by Senator Holman was not adopted on a rising vote.

Senator Faulk moved adoption of the following amendment by Senators Faulk, Canfield, Lewis (Brian) and Huntley:

On page 2, line 7, after "referral" strike the period and add:

" : *Provided further*, That during the time such limitation is operable, no state income tax shall be imposed on individuals unless the state also shall impose a tax upon the retail sale or use of tangible personal property at a rate which shall, with respect to those items the sale or use of which is subject to tax, and subject to the limitations set forth in subsection (3) of this section, shall be the same as that of the income tax on individuals."

Debate ensued.

The motion lost and the amendment by Senators Faulk, Canfield, Lewis (Brian) and Huntley to the amendment by Senator Holman was not adopted.

MOTIONS

On motion of Senator Greive, Senate Joint Resolution No. 30 and the pending amendment by Senator Holman was made a special order of business for Saturday, April 19, 1969.

On motion of Senator Greive, the Senate dispensed with the Call of the Senate.

At 4:55 p.m., on motion of Senator Greive, the Senate adjourned until 9:00 a.m., Saturday, April 19, 1969.

JOHN A. CHERBERG, President of the Senate.

Edited by SIDNEY R. SNYDER,
Elected Secretary of the Senate May 12, 1969.

THIRTY-SEVENTH DAY

MORNING SESSION

Senate Chamber, Olympia, Wash., Saturday, April 19, 1969.

The Senate was called to order at 9:00 a.m. by President Cherberg. The Secretary called the roll and announced to the President that all Senators were present except Senators Matson, Woodall, McDougall and Uhlman. On motion of Senator Twigg, Senators Matson and Woodall were excused. On motion of Senator Lewis (Harry), Senator McDougall was excused. On motion of Senator Greive, Senator Uhlman was excused.

The Color Guard, consisting of Pages Mike Wrenn, Color Bearer, and Marisha Milroy, presented the Colors. Doctor Henry S. Rahn, pastor of the First Baptist Church of Olympia, offered prayer as follows:

"Eternal God our Father. In glory exalted and in mercy ever near. Lift us out of our inadequacy into a share of Thy greatness. Out of our misunderstandings bring us into an atmosphere of trust. Out of our turbulence lead us into Thy peace. Out of all imperfections of will, lead us toward Thy perfection.

"Temper our competence with compassion and help us to fashion something good and noble out of the materials of this day. Bless these leaders in state government, keep them and their families in Thy watchful care. In our Master's name. Amen."

On motion of Senator Greive, the reading of the journal of the previous day was dispensed with and it was approved.

MESSAGES FROM THE GOVERNOR

Office of the Governor, April 17, 1969.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

GENTLEMEN:

I return herewith without my approval as to one item Senate Bill No. 410, entitled:

"An Act relating to probate law and procedure."

This bill permits wills to be proven by an affidavit of attesting witnesses stating the facts that the law now requires be testified to in open court. An affidavit in support of the will may be written on the will or attached to it. The court is authorized to accept such a sworn statement as if the witness had appeared and testified in court.

Section 2 provides that the act shall be effective July 1, 1969. This bill was drafted with the assumption that it would pass in the regular session. Section 2 was designed to postpone the effective date of the act.

Article II, Section 41, of our Constitution states that:

"No act, law, or bill subject to referendum shall take effect until ninety days after the adjournment of the session at which it was enacted."

Every law passed by the Legislature is subject to referendum except such laws as may be necessary for the immediate preservation of the public peace, health or safety, or the support of the state government and its existing public institutions.

July 1, 1969, is now less than ninety days away.

Between July 1, 1969, and the period expiring ninety days after the close of the First Extraordinary Session of the 41st Legislature, any affidavit based on this statute would be ineffective. Rather than to allow the confusion between the effective date stated in the bill and the constitutional effective date of Senate Bill No. 410, I have vetoed section 2.

The remainder of the bill is approved.

Respectfully submitted,
DANIEL J. EVANS
Governor.

MOTION

On motion of Senator Greive, the Governor's veto message together with Senate Bill No. 410 were ordered sent to the office of the Secretary of State.

Office of the Governor, April 18, 1969.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

GENTLEMEN:

I return herewith without my approval as to several items Senate Bill No. 318, entitled: "An Act relating to depositories and deposits of public funds."

Senate Bill No. 318 would prohibit the State Finance Committee, the State Treasurer or other state officers, county treasurers or city or town treasurers from selecting or designating as a depository for state, county or city funds any bank that claims exemption from the retail sales tax, the use tax or ad valorem taxes.

Banks are not exempt from these taxes under the state law. However, the United States Supreme Court last June affirmed that under federal law, national banks are exempt from state sales and use taxes. This case interpreted an 1864 statute, setting limits on how national banks may be taxed. A bill has been introduced in the present Congress to make federally chartered banks subject to state sales and use taxes.

The national banks of the State of Washington have paid the sales tax and use tax throughout the history of the revenue act and have not claimed exemption in any case that has come to the attention of the Department of Revenue. However, the publicity given to the Supreme Court decision has raised the possibility that national bank officers could be pressured by their stockholders to refuse to pay these taxes.

The first eight sections prohibit state and local officers from depositing public funds with institutions that claim exemption from state sales, use and ad valorem taxes.

Section 9 states that the act is not to be construed to impair existing contracts for the deposit of public funds, but is to be construed to limit the obligations under any existing contracts with banks claiming exemptions to the shortest possible term or period of time authorized by such contracts. The act specifically exercises all options to terminate existing contracts for the deposit of public funds that are inconsistent with the terms of the act. Further, all public officers are directed to exercise such options on penalty of removal from office.

Removal from office is properly reserved for serious misconduct of public officials. Under Senate Bill No. 318, a clerical error resulting in the failure to exercise an option to terminate a deposit agreement would require the removal of all public officials responsible. This is an unnecessarily harsh penalty, particularly since Senate Bill No. 318 itself exercises all options to terminate deposit agreements with banks which claim exemption from state taxes. I have therefore vetoed the penalty provision.

Section 10 is an emergency clause. No national bank has claimed an exemption from these state taxes. An emergency clause denies the right of referendum. Under our Constitution, an emergency clause should be used only under circumstances dictating a recognizable emergency. No emergency has been demonstrated in this case. I have therefore vetoed Section 10.

With the exception of a certain item in Section 9 and all of Section 10 which I have vetoed, the remainder of Senate Bill No. 318 is approved.

Respectfully submitted,
DANIEL J. EVANS
Governor.

MOTION

On motion of Senator Greive, the Governor's veto message together with Senate Bill No. 318 were ordered sent to the office of the Secretary of State.

MESSAGE FROM THE HOUSE

Mr. President: The House has passed SENATE BILL NO. 498 with the following amendments:

On page 1, line 4, of the title, after "RCW 36.40.100" and before the period, insert "and adding a new section to chapter 4, Laws of 1963 and to chapter 36.32 RCW"

On page 3 add a new section as follows:

"NEW SECTION. Sec. 3. There is added to chapter 4, Laws of 1963 and to chapter 36.32 RCW a new section to read as follows:

Notwithstanding the provisions of RCW 36.32.110, 36.22.010 (9), and other related sections, the boards of county commissioners of the several counties of the state may appoint a qualified person to act as clerk of the board of county commissioners in the place of the county auditor, and said person may perform all those functions and duties of the auditor in relation to the auditor as being clerk of the board of county commissioners." and the same is herewith transmitted. SIDNEY R. SNYDER, Assistant Chief Clerk.

On motion of Senator Elicker the Senate refused to concur in the House amendments to Senate Bill No. 498 and asks the House to recede therefrom.

MOTION FOR RECONSIDERATION

Having voted on the prevailing side, Senator Gissberg moved that the Senate do now reconsider the vote by which the Senate adhered to its position on Engrossed Substitute Senate Bill No. 169.

Debate ensued.

POINT OF INQUIRY

Senator Holman: "Would Senator Lewis (Harry) yield to a question? Senator Lewis, I am impressed by what you just said but I am a little confused. In order to accomplish that, you have to go to conference. Is that correct?"

Senator Lewis (Harry): "Senator Holman, this was the reason for the amendment by Representative Wolf in the House and the reason for my support of it here. The bill is extremely complex and I felt that in order to accomplish it, we could do so best at this point and stage of the proceedings by sitting around the table in a conference and doing so."

Senator Holman: "My confusion is, maybe I don't understand the procedure, I thought the motion made by Senator Gissberg was that we adhere to our position and doesn't that make a conference?"

Senator Lewis (Harry): "No, the House has already appointed conferees and we had our choice either to appoint conferees or to adhere. If we adhere and they do not yield to our position then the bill is dead."

Senator Holman: "I see."

The motion for reconsideration by Senator Gissberg was lost.

PERSONAL PRIVILEGE

Senator Lewis (Harry): "Point of personal privilege, Mr. President. I would just like to say that I did object procedural-wise to what happened and that I most sincerely appreciate your generosity, Senator Gissberg, in making it possible for the Senate to reconsider that point which I thought was very vital. I do appreciate your courtesy very much."

Now, what joint rules are we talking about there?"

Senator Ryder: "Senator Guess, if you will remember when we adopted the joint rules the middle part of the session, we included in that a code of ethics and the section to which you refer and just read, was a part of the code of ethics.

"What we are doing here and what the House wanted to do was to put that not only in the joint rules where it is now but also in the code so that other employees would be subject to it also."

Senator Guess: "The person who files is going to have a copy of the joint rules given to him and does he have to subscribe to them?"

Senator Ryder: "Is this the person who files for office?"

Senator Guess: "Yes."

Senator Ryder: "Yes, this is true. In other words, if you have to report your financial transactions in this area then anyone who files against you also has to report the same thing that you report."

Senator Guess: "Thank you very much, Senator."

MESSAGE FROM THE HOUSE

April 14, 1969.

Mr. President: The House has passed ENGROSSED SENATE BILL NO. 556 with the following amendments:

On page 1, beginning on line 14 following the enacting clause add 12 sections as follows:

NEW SECTION. Section 1. Every school district by action of its board of directors shall adopt annual salary schedules and reproduce the same by printing, mimeographing or other reasonable method, which shall be the basis for salaries for all certificated employees in the district. The salary schedules shall provide for an annual one hundred eighty day base salary with regular increment increases within the series of steps provided for each position classification in which certificated employees are employed, and extra duty pay, except for those cases where extra duty assignments cannot be described on a per diem basis, in which cases the schedules shall specify the compensation for such extra duties or responsibilities: PROVIDED, That nothing in this section shall prevent any school district from contracting for the employment of a certificated employee for more than one hundred eighty days, but the salary base for one hundred eighty days as in this section provided shall then be determined by dividing the contractual salary by the number of contracted days and multiplying the result by one hundred eighty. The salary schedules may be amended by the

board from time to time, and the then current schedules shall be made available on request to the state superintendent of public instruction, the county or intermediate district superintendent, and any employee of that school district.

NEW SECTION. Sec. 2. All contracts required by RCW 28.67.070 with certificated employees and salaries stated therein shall be determined on a pro rata basis of no less than one-one hundred-eightieth of the individual's salary base as defined in section 1 of this 1969 amendatory act for each day of duty over one hundred eighty days, except for those cases where extra duty assignments cannot be described on a per diem basis, in which cases the contracts shall specify the compensation for such extra duty. Every such contract shall clearly specify by description directly, or by reference, all regular and extra duties which are to be performed by the employee. Additional duties agreed upon by the school district and employee after the making of the regular contract and compensation therefor shall be appended to the contract by supplemental contract. No such employee shall be required to perform duties not described in the contract unless a new or supplemental contract is made, except that in an unexpected emergency the board of directors or school district administration may require the employee to perform other reasonable duties on a temporary basis.

NEW SECTION. Sec. 3. School districts which employ substitute teachers on a continuing basis of twelve or more days within a calendar month shall compensate such employees commensurate with their training and experience and at a per diem salary in proportion to the salary for which that employee would be eligible as shown on the district's salary schedules.

NEW SECTION. Sec. 4. The Interstate Agreement on Qualifications of Educational Personnel is hereby enacted into law and entered into by this state with all other states legally joining therein in the form substantially as follows:

The contracting states solemnly agree that:

Article I

1. The states party to this Agreement, desiring by common action to improve their respective school systems by utilizing the teacher or other professional educational person wherever educated, declare that it is the policy of each of them, on the basis of cooperation with one another, to take advantage of the preparation and experience of such persons wherever gained, thereby serving the best interests of society, of education, and of the teaching profession. It is the purpose of this Agreement to provide for the development and execution of such programs of cooperation as will facilitate the movement of teachers and other professional educational personnel among the states party to it, and to authorize specific interstate educational personnel contracts to achieve that end.

2. The party states find that included in the large movement of population among all sections of the nation are many qualified educational personnel who move for family and other personal reasons but who are hindered in using their professional skill and experience in their new locations. Variations from state to state in requirements for qualifying educational personnel discourage such personnel from taking the steps necessary to qualify in other states. As a consequence, a significant number of professionally prepared and experienced educators is lost to our school systems. Facilitating the employment of qualified educational personnel, without reference to their states or origin, can increase the available educational resources. Participation in this compact can increase the availability of educational manpower.

Article II

As used in this Agreement and contracts made pursuant to it, unless the context clearly requires otherwise:

1. "Educational personnel" means persons who must meet requirements pursuant to state law as a condition of employment in educational programs.

2. "Designated State official" means the education official of a state selected by that state to negotiate and enter into, on behalf of his state, contracts pursuant to this Agreement.

3. "Accept," or any variant thereof, means to recognize and give effect to one or more determinations of another state relating to the qualifications of educational personnel in lieu of making or requiring a like determination that would otherwise be required by or pursuant to the laws of a receiving state.

4. "State" means a state, territory, or possession of the United States; the District of Columbia; or the Commonwealth of Puerto Rico.

5. "Originating State" means a state (and the subdivision thereof, if any) whose determination that certain educational personnel are qualified to be employed for specific duties in schools is acceptable in accordance with the terms of a contract made pursuant to Article III.

6. "Receiving State" means a state (and the subdivisions thereof) which accept educational personnel in accordance with the terms of a contract made pursuant to Article III.

Article III

1. The designated state official of a party state may make one or more contracts on behalf of his state with one or more other party states providing for the acceptance of educational personnel. Any such contract for the period of its duration shall be applicable to and binding on the states whose designated state officials enter into it, and the subdivisions of those states, with the same force and effect as if incorporated in this Agreement. A

designated state official may enter into a contract pursuant to this Article only with states in which he finds that there are programs of education, certification standards or other acceptable qualifications that assure preparation or qualification of educational personnel on a basis sufficiently comparable, even though not identical to that prevailing in his own state.

2. Any such contract shall provide for:

(a) Its duration.

(b) The criteria to be applied by an originating state in qualifying educational personnel for acceptance by a receiving state.

(c) Such waivers, substitutions, and conditional acceptances as shall aid the practical effectuation of the contract without sacrifice of basic educational standards.

(d) Any other necessary matters.

3. No contract made pursuant to this Agreement shall be for a term longer than five years but any such contract may be renewed for like or lesser periods.

4. Any contract dealing with acceptance of educational personnel on the basis of their having completed an educational program shall specify the earliest date or dates on which originating state approval of the program or programs involved can have occurred. No contract made pursuant to this Agreement shall require acceptance by a receiving state of any persons qualified because of successful completion of a program prior to January 1, 1954.

5. The certification or other acceptance of a person who has been accepted pursuant to the terms of a contract shall not be revoked or otherwise impaired because the contract has expired or been terminated. However, any certificate or other qualifying document may be revoked or suspended on any ground which would be sufficient for revocation or suspension of a certificate or other qualifying document initially granted or approved in the receiving state.

6. A contract committee composed of the designated state officials of the contracting states or their representatives shall keep the contract under continuous review, study means of improving its administration, and report no less frequently than once a year to the heads of the appropriate education agencies of the contracting states.

Article IV

MOTION

On motion of Senator Greive, the Senate returned to the sixth order of business. Senator Atwood moved adoption of the following resolution:

SENATE RESOLUTION: 1969-EX-38

By Senators Henry, Atwood, Sandison and Lewis (Harry):

WHEREAS, The new State Civil Service Law for the institutions of higher learning applies to the non-academic employees of all state institutions of higher learning, including the community colleges; and

WHEREAS, Each community college will be developing policies and procedures to implement the general policies as promulgated by the higher education personnel board; and

WHEREAS, Previous committees of the Legislature held inquiries into the operations of the State Civil Service as administered by the four-year institutions of higher learning, but only a limited review of civil service practices at community colleges; and

WHEREAS, The effect of the higher education personnel board upon the operations of the institutions of higher education warrant legislative monitoring during the developmental phase;

NOW, THEREFORE, BE IT RESOLVED, By the Senate, that the Joint Committee on Higher Education, or in the absence of such Committee, the Legislative Council, is requested to study the operation of the Higher Education Personnel Board in implementing the higher education civil service law, and the administration of such law at the various institutions of higher education, with particular attention upon the implementation of personnel procedures at the various state community colleges, and report its findings to the forty-second Legislature, such report shall be made on or before sixty days prior to convening of the forty-second Legislature.

POINT OF INQUIRY

Senator Gissberg: "Would Senator Atwood yield to a question? Senator, in the absence of such committee you are instructing the joint committee on higher education to do it but do you have some question as to whether there is going to be such a committee created?"

Senator Atwood: "I don't have any idea what the House is going to do. I think it is going to be created. I don't foresee any difficulty there but just in case it doesn't, we have the alternative of asking the legislative council to do this."

Senator Gissberg: "I would suggest that it would be a little clearer if you said 'or if there be no such committee'."

Senator Atwood: "I have no objection to changing the wording in that regard unless Senator Sandison does."

MOTION

On motion of Senator Gissberg, the rules were suspended and the resolution was amended on the second line of the last paragraph to read 'or if there be no such committee'.

The motion by Senator Atwood carried and the resolution was adopted.

Senator Wilson moved adoption of the following resolution:

SENATE RESOLUTION: 1969-EX-35

By Senators Wilson, Donohue, McDougall, Canfield and Odegard:

WHEREAS, Grave concern has been widely expressed over the safety and hazards posed to agricultural workers in the state of Washington; and

WHEREAS, Agricultural workers are presently excluded by law from mandatory coverage under the workmen's compensation laws of the state; and

WHEREAS, The director of the department of labor and industries has announced, through administrative rule, coverage of agricultural workers engaged in the hops and tree fruit industries, effective April 1, 1969; and

WHEREAS, The department of labor and industries has recommended in its report

dated January 2, 1969, that the Legislative Council conduct a study to determine the exact extent of extrahazardous employment among other agricultural workers; and

WHEREAS, It is estimated that there are over 110,000 workers engaged in agricultural employment in Washington;

NOW, THEREFORE, BE IT RESOLVED, By the Senate, That the agriculture and labor committees of the Legislative Council jointly:

(1) Undertake a study of all pertinent facts regarding the applicability of workmen's compensation to agricultural workers and growers; and

(2) Determine whether the workmen's compensation laws should be amended to include under its coverage workmen's compensation benefits for agricultural workers, or any part thereof; and

BE IT FURTHER RESOLVED, That the Legislative Council report the results of its study and recommendations based thereon to the forty-second session of the legislature.

POINT OF INQUIRY

Senator Stender: "Would Senator Wilson yield to a question? Senator, would this resolution if passed delay the order that the department has already promulgated?"

Senator Wilson: "Not at all, Senator. The tree fruit and hops industries of the state are now covered by workmen's compensation. It is a program which is in effect and will not be affected by the passage of this resolution."

Debate ensued.

The motion by Senator Wilson carried and the resolution was adopted.

MOTION

On motion of Senator Henry, the rules were suspended and all bills passed today except those where notice of reconsideration has been received were ordered immediately transmitted to the House.

Senator Washington moved adoption of the following resolution:

SENATE RESOLUTION: 1969-EX-36

By Senators Washington, Henry and McCormack:

WHEREAS, An announcement has been made by Secretary of Labor George P. Schultz that many conservation and women's job corps centers in the nation will be closed on July 1, 1969; and

WHEREAS, The women's job corps center at Moses Lake, Washington, is among those scheduled to be closed; and

WHEREAS, The Moses Lake center presently has 405 young women in training in skills of culinary arts, business and clerical operations, keypunch operation and retail sales work; and

WHEREAS, The Moses Lake center has an outstanding record in retaining these young women in the training program, after their arrival from throughout the United States; and

WHEREAS, The program has placed graduates in jobs in many Washington State communities and the supply of work experience positions in this area exceeds the number of qualified corpswomen who will graduate; and

WHEREAS, Graduates of the program have entered colleges and universities since October, 1968, and more than 30 more corpswomen are now preparing for college entrance examinations and 25 members are now scheduled to take civil service examinations for placement in Washington State agencies; and

WHEREAS, The Moses Lake center opened on May 11, 1967, and now is making an outstanding record in placing its graduates in gainful employment;

NOW, THEREFORE BE IT RESOLVED, That the Secretary of Labor be urged to retain the job corps training center and especially the Moses Lake center, in the light of its record of achievement; and

BE IT FURTHER RESOLVED THAT, Copies of this resolution be forwarded to President Nixon, the Secretary of Labor, the Speaker of the United States House of Representatives and the President of the Senate and the members of the Washington State Delegation in Congress.

POINTS OF INQUIRY

Senator Mardesich: "Would Senator Washington yield? Senator Washington, in the next to the last paragraph the resolution reads: 'NOW, THEREFORE BE IT RESOLVED, That the Secretary of Labor be urged to retain the job corps training centers, and especially the Moses Lake center'. I wonder if you would have any objection to changing that to read,

'NOW, THEREFORE BE IT RESOLVED, That the Secretary of Labor be urged to retain the job corps training center at Moses Lake?'"

Senator Washington: "I would have no real objection."

Senator Mardesich: "I feel that we do not have enough knowledge on the others."

Senator Washington: "I think it is a good amendment."

Senator Lewis (Brian): "Would Senator Washington yield? Senator, I regret that this center in your district is to be closed but did I understand you to say that there are some other ones in more populated areas of our state that are being retained?"

Senator Washington: "No, not in this state."

Senator Lewis (Brian): "There are centers in populated areas of other states that are being retained though?"

Senator Washington: "Generally this is the understanding that I have. I don't think there was any particular pattern established along this line. In other words, I don't believe in this particular case that there was any effort made to keep those in populated areas and to do away with those in isolated areas but this happens to be the result of this particular case."

Senator Lewis (Brian): "I have been aware and sympathetic and happy to work with you on your efforts to bring jobs to the outlying areas to relieve the congestion in the urban areas and I kind of detected in your remarks that you felt maybe that they were keeping centers going perhaps in some urban areas at the expense of some rural areas."

"My question to you: I was wondering if you would care to join with me in sponsoring a memorial to the Secretary of Labor urging him to close down some of the centers in the urban areas in the nation?"

Senator Washington: "Frankly, I don't think I want to take off on a move to cut down on the job corps centers as such, Senator Lewis. I pointed out that this is another example of where not only a good program is being taken care of but in a small area it becomes important to local economy."

The motion by Senator Washington carried and the resolution as amended was adopted.

SENATE RESOLUTION: 1969-EX-37

By Senators Wilson, Walgren, Elicker, Lewis (Brian), Twigg, Connor and Bailey:

WHEREAS, John L. Chambers, Jr., as Executive Secretary of the Washington State Association of County Commissioners, has served for five years and three legislative sessions with merit and unstinting effort on behalf of local and county government; and

WHEREAS, Mr. Chambers' efforts to elucidate the problems relating to county government to interested persons throughout the state when the opportunity arose and at a personal sacrifice in time has resulted in a far greater informed public as to the problems of local government; and

WHEREAS, Mr. Chambers will shortly leave the County Commissioners Association to join the staff of the King County Executive;

NOW, THEREFORE, BE IT RESOLVED, By the Senate, that Mr. Chambers be commended for his service, his imaginative approach to each governmental problem with which he was confronted, and his commitment to the highest ideals of democracy and local government; and

BE IT FURTHER RESOLVED, That the best wishes of this Legislature go with Mr. Chambers and all those who shall be active participants in the new King County Government for the successful implementation of the first county Home Rule Charter in Washington State; and

BE IT FURTHER RESOLVED, That copies of this Resolution be prepared by the Secretary of the Senate for presentation to Mr. Chambers and to the office of the King County Executive upon its adoption.

THIRTY-NINTH DAY

NOON SESSION

Senate Chamber, Olympia, Wash., Monday, April 21, 1969.

The Senate was called to order at 12:00 noon by President Cherberg. The Secretary called the roll and announced to the President that all Senators were present except Senator Stender. On motion of Senator Atwood, Senator Stender was excused.

The Color Guard, consisting of Pages Randy Hudson, Color Bearer, and Joni Elway, presented the Colors. Reverend Arthur I. Anderson, pastor of Gloria Dei Lutheran Church of Olympia, offered prayer as follows:

"O Lord, our God, Thou who hast said: 'Ask, and it shall be given you; seek, and you shall find; knock, and it shall be opened unto you for everyone that asketh receiveth and he that seeketh findeth and to him that knocketh, it shall be opened', help us to believe and to do just that, just now. Truly, 'except the Lord builds the house, those who build it labor in vain, apart from Thee we can do nothing but with Thee, all things are possible'. Take now the impossible out of the seemingly impossible impasse in the passage of the best possible tax package. Give to our legislators this day a daring faith and a humble trust that Thou wilt work Thy righteousness and goodness in and through them. We wait upon Thee now on the tip-toe of expectancy, through Jesus Christ our Lord. Amen."

On motion of Senator Greive, the reading of the journal of the previous day was dispensed with and it was approved.

MESSAGES FROM THE GOVERNOR

Office of the Governor, April 19, 1969.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

GENTLEMEN:

I have the honor to advise that Governor Evans has approved the following Senate Bills, entitled:

SENATE BILL NO. 80: Permitting use of average of inventory for taxation of goods-in-transit.

SENATE BILL NO. 340: Authorizing the highway commission to build a bridge across the Spokane river.

SENATE BILL NO. 359: Adopting a supplemental budget for highways.

SENATE BILL NO. 401: Permitting assignments of rents.

SENATE BILL NO. 443: Establishing treatment center for alcoholic, narcotic and dangerous drug abuse.

Sincerely,
JOHN SHERWOOD
Legislative Counsel.

Office of the Governor, April 19, 1969.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

GENTLEMEN:

I am returning herewith, without my approval as to certain items, SUBSTITUTE SENATE BILL NO. 174 entitled:

"An Act relating to private employment agencies."

This bill is a comprehensive act licensing and regulating private employment agencies. The Director of the Department of Motor Vehicles is given supervisory and investigative authority over all private employment agencies and is directed to issue reasonable rules and regulations for enforcing and carrying out the purposes of the act.

Section 5 provides that each employment agency must obtain the director's approval prior to using an employment contract or fee schedule. The second sentence of section 5 provides that any proposed contract or fee schedule shall be disapproved by the director if it is vague, deceitful, misrepresentative or in violation of the act. There is no specific reference made in the second sentence of section 5 to disapproval because of charging excessive fees even though the intent of the proponents of this bill was to authorize the director of the Department of Motor Vehicles through rules and regulations to prohibit excessive fees.

Local ordinances presently regulate the fees which may be charged by employment agencies. By the terms of this bill, the state is assuming exclusive jurisdiction over the regulation of private employment agencies. Since there may be some question as to whether this bill specifically authorizes the Department of Motor Vehicles through its rules and

regulations to prohibit the charging of excessive fees, I have vetoed the second sentence of section 5 so that it will be clear that the director does have the authority to disapprove contracts or fee schedules on the ground that the fees charged are excessive.

Section 20 (1) creates an employment agency advisory board to advise the director as to the administration of the provisions of the act and the issuance of reasonable rules and regulations. The board is to consist of eight members, one to be the Attorney General or his designee and seven to be appointed by the Governor. Of those to be appointed by the Governor, five shall be persons owning or managing employment agencies and the sixth and seventh shall be representatives of employers and the majority of workmen employed in the state. In selecting the employer and employee representatives the Governor may only select from lists submitted respectively by a recognized statewide organization of employers and an organization statewide in scope representing a majority of organized labor in the state.

While the designation of a representative of employers and a representative of employees is acceptable, the requirement that these representatives be designated from lists submitted by employer and employee organizations is unduly restrictive. Therefore, I have vetoed in section 20 (1) those items so restricting the appointing authority.

With these exceptions, the remainder of Substitute Senate Bill No. 174 is approved.

Respectfully submitted,

DANIEL J. EVANS
Governor.

On motion of Senator Greive, Substitute Senate Bill No. 174, together with the veto message of the Governor thereon was ordered transmitted to the Secretary of State.

NOW, THEREFORE, BE IT RESOLVED, By the Senate in legislative session assembled that the Senate offer its condolences to Senator Stender and his family in the tragic loss of Annette; and

Upon the dull horizon; it but goes
To shine in other skies . . .*

PERSONAL PRIVILEGES

Senator McCutcheon: "We all know, love, cooperate and work with our good friend, Senator John Stender. When I first heard about this yesterday morning, I had shocking emotions like we all do. I thought to myself in the words of the greatest of all writers, 'What an unforgettable and touching loss' to our friend.

"We all feel this way about John Stender and I thought to myself if I had that happen to me, but thank God in His mercy, it has not happened to me, and it might happen to anyone. That is why I read the resolution because others here have had sorrow such as this.

"Annette Marie is a beautiful name, Annette Marie Stender. She was young and at the threshold of her career and now here she is torn from her parents thoughts and their love, and all we can do is offer our condolences and pray that they have the courage to abide and stand up under this kind of a shock that can come anytime to anybody."

Senator Ryder: "You echo the words which Senator McCutcheon uttered so eloquently on the floor on behalf of Senator John Stender.

"The Senator has had, as I know recently, an experience and a great loss that is doubly shocking because it was not in any way expected nor anticipated and the sympathy of all the members of the Senate goes out to him as well as all the people who are connected with

the legislature and imminently connected with Senator John who has done a tremendous job here and will continue to do a tremendous job here, I am sure.

"It is with a great deal of humility and a great deal of felicity for John and his welfare that I second the motion to adopt this resolution upon the death of his daughter."

The motion carried and the resolution was adopted.

Senator Woodall moved adoption of the following resolution:

SENATE RESOLUTION: 1969-EX-40

By Lieutenant Governor John A. Cherberg, Senators Andersen, Atwood, Bailey, Canfield, Connor, Cooney, Day, Donohue, Dore, Durkan, Elicker, Faulk, Foley, Gissberg, Greive, Guess, Henry, Herr, Holman, Huntley, Keefe, Knoblauch, Lewis (Brian), Lewis (Harry), McCormack, McCutcheon, McDougall, Mardesich, Marquardt, Matson, Metcalf, Newschwander, Odegaard, Peterson (Lowell), Peterson (Ted), Pritchard, Ridder, Ryder, Sandison, Stender, Stortini, Talley, Twigg, Uhlman, Walgren, Washington, Williams, Wilson and Woodall:

WHEREAS, Fred G. Redmon, a long-time and respected resident of Yakima County, has had a long and illustrious career in business and government; and

WHEREAS, Fred G. Redmon has served as a member of numerous service organizations, commissions and committees during the years of his distinguished career and has contributed generously of his time, efforts and resources for the betterment of his fellow citizens of the state of Washington; and

WHEREAS, Fred G. Redmon, during a long and successful career as a contractor, had a significant part in building the state's transportation system; and

WHEREAS, Fred G. Redmon, as the first chairman of the Washington State Highway Commission, had great influence over development and implementation of Washington's commission form of highway administration; and

WHEREAS, Fred G. Redmon, distinguished himself as a member of the Senate of the state of Washington during the years 1964 through 1968; and

WHEREAS, The twin-span Selah Creek Bridge on Interstate Highway 82 north of Yakima will become the longest concrete arch bridge in the United States and as such will become a befitting subject for designation as a memorial to one of Washington's most prominent citizens;

NOW, THEREFORE, BE IT RESOLVED, That the Senate request the Washington State Highway Commission to officially designate the Selah Creek Bridge on Interstate Highway 82 in Yakima County as the Fred G. Redmon Memorial Bridge; and

BE IT FURTHER RESOLVED, That the Washington State Highway Commission install appropriate plaques or other notices on or in the vicinity of the Selah Creek Bridge so that the millions of motorists who will use this magnificent structure in future years will be reminded of the great contribution this distinguished citizen has made to the development of our great state; and

BE IT FURTHER RESOLVED, That the Secretary of the Senate transmit a copy of this resolution to Fred G. Redmon, to the Washington State Highway Commission, and to the Chairman of the Yakima County Board of County Commissioners, and spread a copy thereof upon the Journal of the Senate.

PERSONAL PRIVILEGES

Senator Woodall: "Speaking on the motion, I think the manner in which the numerous hands started going up all over the Senate by members who also wish to sponsor this resolution speaks more eloquently than anything I can say as to the high estate and esteem with which Fred Redmon is regarded. He certainly has been a tireless worker for good roads through the years. Certainly those who have worked with him on the highway committee such as Senators Huntley, Washington and Henry particularly, have been extremely close working with him and knowing of his work in detail. We do know that he has certainly been a booster in our area for everything that is good and fine in government. I don't think he has an enemy in the world and I know this will thrill him and through the years I believe it is only fitting and proper that when we do have a chance occasionally to recognize someone of our own group, we talk about our own image, here is a chance to recognize one who did work long and hard. It costs us nothing and I think it is just a fine thing to do this for him."

Senator Washington: "Mr. President and members of the Senate, just a brief statement about Fred. I think I can speak as one who served with him as chairman of the Senate committee on highways. When he came to the Senate he had been active in highway work. He had been a past chairman of the highway commission and at that state not knowing Fred too well, you might have expected someone like that to have real strong ideas. Of course he did but perhaps to be inflexible in many of the ideas that they had gained through their own experience but I found Fred to be a man with perhaps as much or more humility as any person who has been in the Senate. He was completely cooperative.

"He used the vast experience that he had in a way that was easy for others to accept although he had had more real practical experience in highways than I, the chairman, but he never took that attitude. It was always one of cooperation and for that reason he was a valuable asset to the highway committee.

"He gave his advice in such a way that it was easy for people to accept. He gave it as one of the members of the highway committee and not as the former chairman of the highway commission, which incidentally, our present member of the committee, Senator Huntley, follows that same policy in such a wonderful way. Fred always had a way when things would get somewhat tense in the committee, of smoothing things over and saying something that helped to reduce the tension. I think this was one of his main contributions and again as Perry says there are some who manage to do many things going through life and do it in such a way that they maintain friendships and don't make enemies and certainly Fred is one of those. I don't think very many things on the floor of this Senate have made me happier than to be able to speak in behalf of this resolution and on behalf of one of the most lovable persons we have had in the Senate, Fred Redmon."

Senator Andersen: "Mr. President, I would just like to say a word commending the sponsors who thought up this resolution and who first put their names on it before they let the rest of us join in the sponsorship. Again, as I have enunciated previously on the floor of this Senate, I think it is an excellent idea that we on appropriate occasions said a kind word about a person before he is buried and Fred Redmon certainly is a wonderful person. I don't recall anybody saying anything particularly nice about him when he was in active politics. I suppose that is part of the game. It seems to be a question of how many lefts and rights you can absorb before you say to heck with it and get out before you are knocked out. Now that he has left the legislature and when he is still around to hear the good word, I think it is a very fine thing and I hope the trend continues."

On motion of Senator Huntley, the remarks were ordered to be made a part of the journal.

The motion by Senator Woodall carried and the resolution was adopted.

MOTION

On motion of Senator Metcalf, the Senate resumed consideration of Senate Resolution 1969-EX-31.

SENATE RESOLUTION: 1969-EX-31

By Senators Metcalf, Donohue, Lewis (Brian), Henry, Herr and Day:

WHEREAS, The organization known as the S.D.S., or Students for a Democratic Society, has been increasingly active at Washington State institutions of higher learning and recently at high schools in our state; and

WHEREAS, Their actions have become increasingly disruptive and destructive rather than projected toward meaningful solutions of the problems we all recognize; and

WHEREAS, Their communications system is obviously excellent as issues are used simultaneously at institutions of higher learning around the nation; and

WHEREAS, The constructive objectives of the S.D.S., if any, are unclear while their objectives appear to include immobilizing major educational institutions around the nation including the University of Washington; and

WHEREAS, The vast majority of students at our institutions do not support the S.D.S. and want to continue their education without interruption and it is the responsibility of the Legislature to ensure this by knowing the facts and providing these facts to the administrations of our educational institution;

NOW, THEREFORE, BE IT RESOLVED, That the Judiciary Committee of the Legislative Council be authorized and requested to conduct an investigation of: (1) the aims and objectives of the S.D.S.; (2) the organization of the S.D.S in Washington State institutions at all levels and its relationships around the nation; (3) the financing of S.D.S. leadership and organization.

Senator Sandison moved adoption of the following amendment by Senators Sandison and Atwood:

On page 1, line 1, after "WHEREAS," strike the remainder of the resolution and insert the following:

Organizations advocating campus disruption have been increasingly active at Washington State institutions of higher learning and recently at high schools in our state; and

WHEREAS, Their actions are disruptive and destructive rather than projected toward meaningful solutions of the problems we all recognize; and

WHEREAS, The constructive objectives of these organizations are unclear and while the objectives appear to include immobilizing major educational institutions around the nation, including institutions of higher education in Washington; and

WHEREAS, The vast majority of students at our institutions do not support disruptive activities and want to continue their education without interruption and it is the responsibility of the Legislature to ensure this by knowing the facts and providing legislative safeguards to aid the administrations of our educational institutions in resisting disruption;

NOW, THEREFORE, BE IT RESOLVED, The Judiciary Committee of the Legislative Council be authorized and requested to conduct an investigation of: (1) the aims and objectives of organizations advocating disruption; (2) the organization, financing and leadership of such disruptive groups.

Senator Metcalf moved adoption of the following amendments to the amendment by Senators Sandison and Atwood:

After "unclear" in the third paragraph of the amendment and before "while" strike "and"

After "advocating" in the fifth paragraph and before "disruption" insert "campus"

Debate ensued.

The motion carried and the amendments were adopted.

Senator Metcalf moved adoption of the following amendment to the amendment by Senators Sandison and Atwood:

After the last line of the resolution, strike the period and add: "(3) the articulation with such organizations at other campuses both out of state and at the high school and community college level within Washington State"

Debate ensued.

The motion failed and the amendment was not adopted on a rising vote.

Senator Metcalf moved adoption of the following amendment to the amendment by Senators Sandison and Atwood:

After the last line of the resolution and before the period add: "; AND BE IT FURTHER RESOLVED, That this committee present a brief but comprehensive report of their findings to every high school principal and college or university president in Washington State after approval of the Legislative Council"

The motion carried and the amendment was adopted.

POINT OF INQUIRY

Senator Metcalf: "Would Senator Sandison yield to a question? Senator Sandison, it is my understanding that this report would go from the judiciary committee of the legislative council to the legislative council and be approved there before it would go out to the high school principals and, of course, if not approved by the full legislative council, it would not. Is this correct?"

Senator Sandison: "Senator Metcalf, I couldn't very well commit the legislative council on their procedures. All I mentioned was that as I recall the rules of the council when I served on it that they followed a procedure of first adopting or not adopting subcommittee reports. What would happen after that I think should be left up to the parent body, the full legislative council."

MOTION

On motion of Senator Metcalf, the rules were suspended and the amendment corrected to read 'with the approval of the full legislative council.'

Senator Uhlman moved adoption of the following amendment to the amendment by Senators Sandison and Atwood:

In the last paragraph, strike "judiciary committee of the legislative council" and insert "attorney general"

POINT OF INQUIRY

Senator Andersen: "Would Senator Uhlman yield to a question? Senator Uhlman, is what you are doing by this amendment to substitute the attorney general as the investigating agency rather than the legislative council?"

Senator Uhlman: "That is precisely what this amendment does, Senator."

Debate ensued.

The motion failed and the amendment was not adopted.

Senator Washington moved adoption of the following amendment to the amendment by Senators Sandison and Atwood:

At the end of the amendment, strike the period and insert: "; AND PROVIDED FURTHER, That none of the hearings shall be televised."

Debate ensued.

POINT OF INQUIRY

Senator Dore: "Would Senator Washington yield to a question? Senator, if this amendment would pass, I notice we have the omnibus highway bill up in the committee now. Would you be willing to put this amendment on your bill in reference to the highway interim committee?"

Senator Washington: "Actually, I have been feeling a little neglected. We have had very

little television on our Senate highway committee. As a matter of fact, I don't think we have been, perhaps once, on television. Certainly we haven't been a committee that has thrived on television."

Senator Dore: "No, but would you be willing to accept such an amendment on your interim committee on the omnibus bill now that we presently have in committee?"

Senator Washington: "Oh, yes."

Senator Dore: "You don't want any television at all then?"

Senator Washington: "We certainly don't have to have any of the hearings of the highway committee on it. I don't think, however, the subject is one which would be thought the type of activity that we would have at this particular hearing. I certainly wouldn't object to it although I don't see the necessity for it."

"If you wanted to put on such an amendment, I wouldn't object but I think the situation is probably entirely different. Most highway matters are somewhat mundane although when you get to hearings on the east side of Lake Washington, they may liven up a bit."

Further debate ensued.

MOTION

Senator Atwood moved that the amendment by Senator Washington to the amendment by Senators Sandison and Atwood be laid upon the table.

Further debate ensued.

Senator Greive demanded a roll call and the demand was sustained by Senators Washington, Connor, McCutcheon, Herr, Metcalf, Uhlman, Keefe, Dore, Ridder and McCormack.

ROLL CALL

The Secretary called the roll and the motion by Senator Atwood to lay upon the table the amendment by Senator Washington to the amendment by Senators Sandison and Atwood carried by the following vote: Yeas, 31; nays, 12; absent or not voting, 5; excused, 1.

Absent or not voting: Senators Durkan, Gissberg, Guess, Henry, Odegaard—5.

Excused: Senator Stender—1.

The amendment by Senators Sandison and Atwood, as amended, was adopted.

Senator Herr demanded a roll call on the final passage of Engrossed Senate Resolution 1969-EX-31 and the demand was sustained by Senators Connor, Greive, Herr, Metcalf, Faulk, Twigg, Peterson (Ted), Peterson (Lowell), Ridder and Stortini.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Resolution 1969-EX-31, and the resolution was not adopted by the following vote: Yeas, 17; nays, 22; absent or not voting, 9; excused, 1.

Voting yea: Senators Canfield, Connor, Day, Donohue, Dore, Gissberg, Herr, Holman, Knoblauch, Lewis (Brian), Lewis (Harry), Metcalf, Peterson (Lowell), Peterson (Ted), Ridder, Twigg, Walgren—17.

Voting nay: Senators Andersen, Bailey, Cooney, Durkan, Elicker, Faulk, Foley, Greive, Huntley, Keefe, McCormack, McCutcheon, McDougall, Pritchard, Ryder, Sandison, Stortini, Talley, Uhlman, Washington, Williams, Wilson—22.

Absent or not voting: Senators Atwood, Guess, Henry, Mardesich, Marquardt, Matson, Newschwander, Odegaard, Woodall—9.

Excused: Senator Stender—1.

PERSONAL PRIVILEGE

Senator Andersen: "Point of personal privilege, Mr. President. Lest anyone be under any misapprehension as to what the effect of this vote is, let me make it clear. I was one of those who spoke against the resolution as several others here did. This was not a vote in favor of what is going on on the campuses of this country and what is threatened on the campuses of this state. This is a vote, rather, to let the administrators that we hire to do the job, do the job. It is a vote to give them any and all tools that they need, and any and all support that they need. Lest there be any misunderstanding, I'm sure it is the complete consensus of the Senate as announced here on the Senate floor that we expect the administrators to do the job that we have hired them to do and we expect them to use their powers of discipline, suspension and expulsion; and if they can't handle the job, if it comes into the area of our other institutions such as police, etc., then those people should be permitted to handle the job. If the administrators that we have hired to do the job can't handle their part of it, then I believe the legislature feels it is clear that we will then expect administrators to be hired who can do the job. I just want the intent of the Senate of the state of Washington to be stated in this fashion and for the record. Thank you."

MAJORITY recommendation: Do pass with the following amendments:

On page 9, beginning on line 18, strike all of section 11, and renumber the following sections consecutively.

Sec. 16. Section 81.80.312, chapter 14, Laws of 1961 as amended by section 2, chapter 170, Laws of 1967 and RCW 81.80.312 are each amended to read as follows:

No carrier shall interchange its power units, with or without drivers, with any other carrier, and no carrier shall interchange its trailers or semitrailers with any other carrier beyond that authorized in the preceding paragraph without first filing an interchange agreement with and securing approval thereof under rules adopted by the commission: PROVIDED, That such approval shall be given only for interchanges between connecting regular route carriers and only within an area which the commission has, following hearing,

found to be within the distribution area around a city or cities one of which has a population of not less than one hundred thousand, and has further found it consistent with the public interest to allow such interchange agreements due to a lack of service or a resultant improvement in service and operating economies: PROVIDED FURTHER, That such interchange agreements are limited to traffic having both origin and final destination within such area and the points or point of interchange are located within such area and are common to both carriers and are named in the interchange agreement.

Senator Mardesich moved adoption of the following amendment:

On page 9, section 11, line 25, strike "six-tenths" and insert "five-tenths"

Debate ensued.

The motion carried and the amendment was adopted.

MOTION

On motion of Senator Lewis (Brian), Substitute House Bill No. 349 was ordered held following Engrossed House Bill No. 425.

ENGROSSED HOUSE BILL NO. 381, by Representatives Kopet, King, Farr, Zimmerman and Smythe (by departmental request):

Limiting duty to support stepchildren.

The bill was read the second time by sections.

On motion of Senator Uhlman, the rules were suspended, Engrossed House Bill No. 381 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Woodall: "Would Senator Uhlman yield to a question? Could you explain this limiting duty to support stepchildren?"

Senator Uhlman: "What will happen is this. They will make the attempt to collect from the real father under the existing court order and if they cannot collect from the real father, then the stepdad is in line."

Senator Woodall: "In other words then the stepfather by marrying then does not automatically relieve the natural father of the obligation imposed?"

Senator Uhlman: "It does not automatically relieve the natural father of any prior court obligation. It places him in a position, as the secondary endorser."

Further debate ensued.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed House Bill No. 381, and the bill passed the Senate by the following vote: Yeas, 37; nays, 8; absent or not voting, 3; excused, 1.

Voting yea: Senators Andersen, Atwood, Bailey, Canfield, Connor, Cooney, Durkan, Elicker, Faulk, Foley, Gissberg, Greive, Guess, Herr, Holman, Huntley, Knoblauch, Lewis (Brian), Lewis (Harry), McCormack, McCutcheon, McDougall, Mardesich, Marquardt, Matson, Metcalf, Newschwander, Peterson (Ted), Pritchard, Ridder, Ryder, Sandison, Stortini, Talley, Washington, Williams, Wilson—37.

Voting nay: Senators Day, Donohue, Dore, Peterson (Lowell), Twigg, Uhlman, Walgren, Woodall—8.

Absent or not voting: Senators Henry, Keefe, Odegaard—3.

Excused: Senator Stender—1.

ENGROSSED HOUSE BILL NO. 381, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

NOTICE OF INTENT

Senator Andersen served notice of intent to file a protest and explanation of vote on Senate Resolution 1969-EX-31.

ENGROSSED HOUSE BILL NO. 314, by Representatives Cunningham, Garrett, Leland, Perry, Bozarth, Hoggins, Evans and Litchman (by Joint Highway Interim Committee request):

Providing for traffic safety education.

Vice President Pro Tempore Keefe assumed the Chair.

The bill was read the second time by sections.

On motion of Senator Washington, the rules were suspended, Engrossed House Bill No. 314 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

Senator Woodall assumed the Chair.

POINTS OF INQUIRY

Senator Lewis (Brian): "Would Senator Washington yield to a question? Senator, I direct your attention to subsection (3) on page 2 which defines a qualified teacher of traffic safety education. I am specifically concerned with the fact that the superintendent of public instruction can now specify these teachers for the classroom part or the laboratory part of traffic safety education courses.

"Could you confirm my understanding that it is not the intent of this section that the superintendent of public instruction would require that teachers of the laboratory part of traffic safety education would have to have a four year college degree in order to be a qualified instructor?"

Senator Washington: "That is my understanding and also that there was some question raised as to whether or not they had to be certified in order to teach in a commercial driving school. I think the record should be clear that they do not have to be certified in teaching in a commercial driving school."

Senator Lewis (Brian): "If they are qualified instructors employed in a commercial driving school, they do not have to be certificated by the superintendent of public instruction and they do not have to have a four year degree?"

Senator Washington: "This is right."

Senator Wilson: "Would Senator Washington yield? Senator, I am sorry I missed some of the debate on this measure but my question is whether this in any way makes it more difficult for the school districts in our home areas to obtain qualified driver training teachers?"

Senator Washington: "No, it is my understanding that it won't at the present time. The schools are using teachers who generally are certified but in the areas that are growing there was a fear that it might be difficult to obtain certified teachers. However, the colleges of education are broadening out the program and have courses actually to prepare teachers for this particular type of teaching."

Further debate ensued.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed House Bill No. 314, and the bill passed the Senate by the following vote: Yeas, 38; nays, 9; absent or not voting, 1; excused, 1.

Voting yea: Senators Andersen, Bailey, Canfield, Connor, Cooney, Day, Donohue, Dore, Durkan, Elicker, Faulk, Foley, Gissberg, Henry, Holman, Huntley, Knoblauch, Lewis (Brian), Lewis (Harry), McCormack, Mardesich, Marquardt, Metcalf, Newschwander, Peterson (Lowell), Peterson (Ted), Pritchard, Ridder, Ryder, Sandison, Stortini, Talley, Twigg, Uhlman, Walgren, Washington, Williams, Wilson—38.

Voting nay: Senators Atwood, Greive, Guess, Herr, Keefe, McCutcheon, McDougall, Matson, Woodall—9.

Absent or not voting: Senator Odegaard—1.

Excused: Senator Stender—1.

ENGROSSED HOUSE BILL NO. 314, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

ENGROSSED HOUSE BILL NO. 183, by Representatives Clark (Newman), Clarke (George) and Heavey:

Establishing a court of appeals.

MOTION

Senator Greive moved that Engrossed House Bill No. 183 hold its place on the second reading calendar for Wednesday, April 23, 1969.

POINT OF INQUIRY

Senator Uhlman: "I wonder if Senator Greive would yield to a question? Senator, this matter has been before us once already on the floor. It has been sitting on the calendar for several days and I wonder what is the reason for this being held over?"

Senator Greive: "The reason is that when we came back both sides hoped to have a caucus. I checked with the clerk and there were fifteen members of the Senate absent. I didn't feel it was proper to have a caucus to discuss tax reform without as many people as possible here and we have just been attempting to fill in with something that wasn't too heavy until such time as we had enough people here so we could go to caucus.

"I think Engrossed House Bill No. 183 is a major piece of legislation. I spoke with Senator Bailey and we both agreed that this might take an hour or so and delay the whole caucus procedure and so we didn't want to get into it."

The motion by Senator Greive carried.

APPOINTMENT OF SPECIAL COMMITTEE

The President announced the presence of Mrs. Hazel Matheny, chef de cuisine of the Senate dining room and appointed a special committee consisting of Senators Huntley and Sandison to escort Mrs. Matheny to a place of honor upon the rostrum.

With leave of the Senate, business was suspended to permit presentation of a fire extinguisher to Mrs. Matheny from Ed Garner of the Washington State Fire Commissioners Association.

Senator Huntley was presented a fireman's hat in recognition of his efforts in surpressing a small fire in the Senate dining room.

MOTION

At 12:25 p.m., on motion of Senator Greive, the Senate recessed until 1:30 p.m.

AFTERNOON SESSION

President Pro Tempore Henry called the Senate to order at 1:30 p.m.

MOTION

SECOND AFTERNOON SESSION

MOTIONS

Senator Washington moved that the Senate concur in the House amendments.

Senator Washington: "No, that is right."

Senator Woodall: "And the highway department didn't ask for it? It wasn't brought in? It is just somebody's idea over in the House?"

Senator Washington: "This is correct and for that reason I am not bleeding for it but I think it is a good idea."

"An Act relating to highways; amending section 1, chapter 281, Laws of 1961 and RCW 47.12.180; amending section 3, chapter 281, Laws of 1961 and RCW 47.12.200; amending section 4, chapter 281, Laws of 1961 and RCW 47.12.210; amending section 5, chapter 281, Laws of 1961 and RCW 47.12.220; amending section 6, chapter 281, Laws of 1961 and RCW 47.12.230; adding new sections to chapter 47.12 RCW; and making an appropriation."

On page 1, section 1, line 23 after "highway purpose," add a new paragraph to read as follows:

"The Washington state highway commission is hereby authorized to purchase or condemn any real property or property rights therein which it deems will be necessary for the improvement of routes on the state highway system by the method provided in RCW 47.12.180 through 47.12.240, as now or later amended, or alternatively by the method provided in sections 6 through 9 of this 1969 amendatory act. Neither method shall be used to condemn property or property rights in advance of programmed construction until the highway commission has complied with hearing procedures required for the location or relocation of the type of highway for which such property is to be condemned."

On page 1, add four additional sections following section 1 as follows:

"Sec. 2. Section 3, chapter 281, Laws of 1961 and RCW 47.12.200 are each amended to read as follows:

The highway commission may enter into agreements with the state finance committee for financing the acquisition, by purchase or condemnation, of real property *together with engineering costs* that the highway commission deems will be necessary for the improvement of the state highway system. Such agreements may provide for the acquisition of an individual parcel or for the acquisition of any number of parcels within the limits of a contemplated highway project.

Sec. 3. Section 4, chapter 281, Laws of 1961 and RCW 47.12.210 are each amended to read as follows:

Such an agreement shall provide that the state finance committee shall purchase, at par, warrants drawn upon the motor vehicle fund in payment for the property covered by the agreement *and the engineering costs necessary for such advance purchase or condemnation*. Such warrants shall be purchased by the state finance committee, upon the presentation by the holders thereof to the state treasurer, from any moneys available for investment in: (1) The accident fund, medical aid fund, or the reserve fund created by chapter 51.44; [(2) any of the several funds created by chapter 41.32; (3) any of the several funds created by chapter 41.40;] or [(4)] (2) the state treasury available for investment as provided in RCW 43.84.080: PROVIDED, That [the board of trustees of the teachers' retirement system shall approve each agreement affecting any fund created by chapter 41.32 and the state employees' retirement board shall approve each agreement affecting any fund created by chapter 41.40.] in no event shall more than ten percent of the assets of any fund be used for the purpose of acquiring property as authorized herein, except in the case of current state funds in the state treasury, twenty percent of the balance therein available for investment may be invested as provided in RCW 47.12.180 through 47.12.240.

Sec. 4. Section 5, chapter 281, Laws of 1961 and RCW 47.12.220 are each amended to read as follows:

Each such agreement shall include, but shall not be limited to the following:

(1) A provision stating the [terms] *term* of the agreement which shall not extend [beyond one calendar month after the end of the then current biennium. The agreement may contain options for the renewal thereof by the highway commission for an additional period or periods of not exceeding two years each: PROVIDED, That no such agreement may be renewed to extend beyond six years from the date of the original agreement.] *more than seven years from the effective date of the agreement.*

(2) A designation of the specific fund or funds to be used to carry out such agreement.

(3) A provision that the highway commission may redeem warrants purchased by the state finance committee at any time prior to the letting of a highway improvement contract utilizing the property; and further, during the effective period of each such agreement the highway commission shall redeem such warrants whenever such a highway improvement contract is let, or upon the expiration of such agreement, whichever date is earlier.

(4) A provision stating the rate of interest such warrants shall bear commencing at the time of purchase by the state finance committee.

(5) Any additional provisions agreed upon by the highway commission and the state finance committee which are necessary to carry out the purposes of such agreement as indicated by RCW 47.12.180 through 47.12.240.

Sec. 5. Section 6, chapter 281, Laws of 1961 and RCW 47.12.230 are each amended to read as follows:

Warrants issued for payment of property and engineering costs as provided herein shall be of a distinctive design and shall contain the words "for purchase by the state finance committee from fund" (indicating the proper investing fund as provided by the agreement). Such warrants shall be approved by the secretary of the state finance committee prior to their issuance by the state treasurer. Upon presentation of such warrants to the state treasurer for payment, he shall pay the par value thereof from the fund for which the state finance committee agreed to purchase such warrants *whether or not there are then funds in the motor vehicle fund*. The state treasurer shall deposit such warrants in the treasury for the investing fund."

Remember the remaining sections consecutively.

On page 2, strike all of the renumbered section 10, being section 6 of the printed bill, and add a new section to read as follows:

"NEW SECTION. Sec. 10. Whenever the Washington state highway commission shall purchase or condemn any property pursuant to the authority of RCW 47.12.180 through 47.12.240, as now or later amended, or sections 6 through 9 of this 1969 amendatory act, the commission shall cause any structures so acquired and not removed within a reasonable time to be maintained in good appearance."

The motion carried.

Senator Woodall moved that the Senate do concur in the amendments to pages 11, 12 and 13.

Debate ensued.

PARLIAMENTARY INQUIRIES

Senator Andersen: "Parliamentary inquiry, Mr. President. The motion that is before us is the motion to concur by Senator Woodall, is that correct?"

REPLY BY THE PRESIDENT

The President: "That is correct."

Senator Andersen: "Further parliamentary inquiry, Mr. President. Does that motion have precedence over a motion to not concur?"

REPLY BY THE PRESIDENT

The President: "Yes, Senator Andersen."

POINTS OF INQUIRY

Senator Guess: "Would Senator Woodall yield to a question? Senator, Senator Uhlman says that the individual will suffer twenty-five dollar fees every time he is garnished against. I would like to ask the question if a man is going to pay his just debts, couldn't he make an arrangement with the employer with the person who gave him the credit and save himself this garnishment fee if he would make an honest effort and try to pay his debts to make the division?"

Senator Woodall: "Certainly, the man who has been garnished once at Boeing's can certainly go to the man who garnished him and say, 'Look fella, I don't want any more of this. I have had it once and I will bring in one-fourth of my wages to you from here on out'. They won't be garnishing him any more but if he misses and breaks his word and if he does, okay, he will suffer a twenty-five dollar fee but if he keeps his word and brings one-fourth of his wages in each week, he won't be subjected to all of these dire repeated garnishments whatsoever."

Senator Guess: "Senator Woodall, wouldn't he be in a lot better shape then financially to make an agreement rather than to suffer the ten dollar fee again and go to the creditor and make an arrangement with him and thereby save a lot of fees, not only the twenty-five dollar fee but the ten dollar fee?"

Senator Woodall: "That is very true. It would always be better if he would just go pay his debts. If you are talking about the type of man who is going to want to continue on the job, if you are talking about the man who is making money, like a thousand dollars a month, he is going to go and make some arrangements, of course he is. He has no choice except to go do it."

Senator Andersen: "Would Senator Woodall yield to a question? Senator, I understand your concern with some of the type of problems that you have in the Yakima Valley where

a person could move from one job to another but you mentioned the prorating procedure. Wouldn't those prorating procedures still be available? Couldn't the fellow who was garnisheed whose job is of such a nature that he could up and leave and go to work in some other harvest or something of that kind, simply come to the person that garnisheed him and say: 'Fine, let me prorate my bills, put so much into the pot and either you do that or I am going to move on to another job.' In other words, is this particular procedure that you have explained to Senator Guess foreclosed just because this bill was passed?"

Senator Woodall: "Senator Andersen, in theory you are one hundred percent right. In practice you are one hundred percent wrong. Theoretically, that is great. You just don't happen to know the type of individual we are talking about. This kind of individual that we are talking about, the farm laborer, isn't going to be talking prorating and going down checking in with someone, etc. He is mobile and he is simply going to move to another place and go to work. He isn't going to worry about hunting up a counselor or debt adjuster or prorating. He is just going to take what he gets paid that week and move on next week.

"In theory he could do what you are talking about but in practice, he just doesn't. I happen to know these people. Senator Matson knows them. I am sure Senators Wilson, Donohue, Canfield and McDougall, understand the problem. You people don't because you have never dealt with them but as a practical matter all it means is that once you garnishee one of them, he won't show up the next morning. You people don't know the difficulty of keeping crews at harvest time because you have never had the problem. And all this simply will mean is that you just make it tough, that crew will leave you. That is all it means."

The motion by Senator Woodall failed on a rising vote.

MOTION

On motion of Senator Gissberg, the Senate returned to the first order of business.

FORTY-FIRST DAY

MORNING SESSION

Senate Chamber, Olympia, Wash., Wednesday, April 23, 1969.

The Senate was called to order at 11:00 a.m. by President Cherberg. The Secretary called the roll and announced to the President that all Senators were present except Senators Andersen, Durkan and Stender. On motion of Senator Atwood, Senator Stender was excused.

The Color Guard, consisting of Pages Mike Wrenn, Color Bearer, and Marta Metcalf, presented the Colors. Reverend Arthur I. Anderson, pastor of the Gloria Dei Lutheran Church of Olympia, offered prayer as follows:

"O God, whose smile is in the sky, whose path is in the sea, once more from earth's tumultuous strife, we gladly turn to Thee.

"Before the tensions and the pressures and the frustrations of another day move in on us, we would lift up our eyes unto Thee whence comes our help. O Thou who deservest to be uppermost in our minds and hearts, be with the members of this upper house that they may give their utmost for Thy highest.

"Once again we invoke Thy blessing to the end that each Senator may so seek after and submit to Thy divine guidance that the actions and the enactments of this assembly this day may be Thy will for the people of our state. Help us now to be masters of ourselves, that we may become the servants of others and thus follow in the steps of Thy blessed Son, Jesus Christ our Lord. Amen."

On motion of Senator Greive, the reading of the journal of the previous day was dispensed with and it was approved.

Mr. President:

Mr. Speaker:

We, of your Conference Committee, to whom was referred ENGROSSED SENATE BILL NO. 35, eliminating certain special motor vehicle license plates, have had the same under consideration, and we recommend that this bill be passed as amended by the House of Representatives.

Signed by Senators Washington, Talley; Representatives Newhouse, Hubbard.

Senator Talley moved that the Conference Committee report on Engrossed Senate Bill No. 35 be adopted.

PARLIAMENTARY INQUIRY

Senator Metcalf: "Parliamentary inquiry, Mr. President. Did the Conference Committee report come out with four signatures?"

REPLY BY THE PRESIDENT

The President: "There are four signatures on the Conference Committee report, Senator."

Senator Talley: "Mr. President, speaking for the passage of the bill. This bill was originally drafted to give ham operators license plates which they have had before. This was always in the bill and then Senator Metcalf has amended the bill. I am not going to argue against the merits of Senator Metcalf's amendment. I can see the justification of it but at this time I think we should go through with the bill as is and then if we want to introduce legislation the next time on the other deals, I would certainly be glad to join with him."

Senator Metcalf: "Mr. President, just for the record and to correct Senator Talley in the area of his statement. This bill was drafted to provide the ham operators with their license for five dollars but it also was not the only thing in the bill, Senator Talley. The bill also struck the entire wording of granting the personalized plates to the other people. The bill did two things. Let's be accurate about it. We are doing two things here."

Debate ensued.

The motion by Senator Talley carried and the report of the Conference Committee on Engrossed Senate Bill No. 35 was adopted.

PROTEST

The undersigned protest Senate Resolution 1969-EX-31, and explain their vote on same herewith.

We voted against this resolution. We did not vote against it because of a lack of concern for the current wave of campus disorders. We do, however, feel that the handling of this problem is the job of the school administrators which the State has hired and entrusted to do this job. We expect the colleges and universities generally, and these administrators specifically, to maintain order on the campuses of this state. If they cannot, then people can be hired who are able to do the job that is theirs to do.

We do *not*, however, feel that the way to handle the difficult situation that we now find ourselves in in this regard is to have a full-fledged investigation of campus groups by a legislative investigating committee, as was proposed by this resolution that we have voted against. We do not want to see another Canwell Committee set up. We do not want to provide an additional forum for publicity for undisciplined dissidents seeking personal aggrandizement. We do want to see campus unrest handled firmly and promptly as a campus problem by the administrators that we pay good salaries to do this job. They have full authority to handle these situations. They can discipline, suspend and expel. We will fully back them in using the powers which they now have and will give them any additional legal tools which they may need to do the job. We have, in fact, at this session passed several new laws giving them additional assistance in this regard.

If the faith we are demonstrating in the administrators of our universities and colleges proves ill founded, we can rapidly address ourselves either to this resolution or one like it. If any campus situation ever reaches the point where there is actual or threatened damage to persons or property, this violates our penal laws. We do not expect such criminal acts to be tolerated by our school administrators and we expect them to promptly and expeditiously cooperate with our law enforcement agencies.

Signed by: Senators Andersen, Foley, Faulk, McDougall, Huntley, Elicker, Wilson, Keefe, Stortini, Talley, Washington, Pritchard, Greive, Durkan, McCormack, Cooney, Sandison, Uhlman, McCutcheon, Ryder, Bailey.

PARLIAMENTARY INQUIRY

Senator Holman: "Parliamentary inquiry, Mr. President. Would it be in order to inquire what all of the amendments are that are on the Secretary's desk? I think when considering any one we really ought to know what the others are."

REPLY BY THE PRESIDENT

The President: "Senator Holman, in answer to your inquiry, at the present time there are five amendments on the Secretary's desk to Engrossed House Joint Resolution No. 42. They have been numbered one, two, three, four and five. The first one is by Senators Connor and Dore to page 3, line 17. The second one is also by Senators Connor and Dore to page 4, line 16. The third amendment is by Senator Wilson to page 1, Article VII, line 16. The fourth amendment is by Senator Durkan to page 2, line 11; and the fifth one is also by Senator Durkan to page 3, line 23. Do you wish further details, Senator?"

Senator Holman: "Mr. President, would it be in order to inquire in which order they may be taken up, in the order which you read them or as they appear in the bill?"

REPLY BY THE PRESIDENT

The President: "Senator Holman, if the Senate so desires they could be taken up in the order in which they are numbered. However, the Secretary has advised the President that the two amendments by Senators Dore and Connor are in order. However, it appears as if the amendments by Senator Durkan are reversed."

Senator Holman: "I would suggest that we take them up in the order in which they come in the bill if there is no objection. That would mean that the Wilson amendment should come first and then the two amendments by Senator Durkan on pages 2 and 3, and then the two amendments by Senators Dore and Connor."

REPLY BY THE PRESIDENT

The President: "If there are no objections, the suggestion as presented by Senator Holman will be followed."

PARLIAMENTARY INQUIRY

Senator Woodall: "Parliamentary inquiry. Doing it in this fashion we are not precluding subsequent amendments being set up which might go back to a section that has already been passed?"

REPLY BY THE PRESIDENT

The President: "Absolutely not, Senator Woodall."

On page 4, line 16, after "effect," and before "AND" on line 17 insert "BE IT FURTHER RESOLVED, That the secretary of state shall cause the proposition whereby the electorate shall be given the opportunity to choose the type of income tax which the legislature is first authorized to impose to be prepared and placed upon the same ballot upon which the foregoing amendment to authorize an income tax appears."

"*PROVIDED FURTHER, (i) If the rate of any tax imposed by the state upon the act or privilege of engaging in business activity and measured by gross income or receipts shall exceed the rate in effect on the day after the effective date of the income tax first enacted pursuant to this section 2(a), then the amount of such taxes in any year, to the extent of such excess, shall be allowed as a credit against income tax liability for such year;*

(ii) If an income tax is imposed on the income of corporations at a rate higher than the rate imposed on the income of other persons under a single rate tax, then no tax shall be imposed by the state upon the act or privilege of engaging in business activity and measured by gross income or receipts unless the full amount of such tax is allowed to corporations as a credit against the income tax authorized by this section 2(a);

(iii) If an income tax is imposed at graduated rates, then no tax shall be imposed by the state upon the act or privilege of engaging in business activity and measured by gross income or receipts unless the full amount of such tax is allowed as a credit against the income tax authorized by this section 2(a)."

Debate ensued.

POINT OF INQUIRY

Senator McCutcheon: "Would Senator Durkan yield to a question? Senator, how much are we going to lose in B&O tax revenue if we adopt your amendment? I understand that presently our B&O tax brings in some \$264 million every biennium. My question is how much are we going to lose of that if your amendment is adopted? Can you answer that?"

Senator Durkan: "I can answer it this way, Senator. First of all, under my amendment you are not going to lose the revenue from the B&O tax. We don't prevent them from levying the B&O. That is one answer. They can levy the B&O.

"As to the direct answer as to a revenue impact, those who pay the B&O tax will be allowed to take that excess as a credit against their income tax. In other words, if they are required to pay an income tax they will be able to then take, if they are required to pay a

B&O tax, that amount against their income tax.”

Senator McCutcheon: “One more question. And if they take that credit, we have to pay them back if they make no money. In other words, they have no income tax but they have more credits than they have income we have to pay them or give them what they have lost or what their credits were, as I understand it.”

Senator Durkan: “Mr. President, that is incorrect.”

Senator McCutcheon: “What is correct?”

Senator Durkan: “The question would be the enabling legislation which would provide that they get the credit within the year and that the period, if they had a credit above what their income was, they wouldn’t get the credit extended over a period of years, Senator. Senator McCutcheon, let me make it very clear to you that I am not in any way trying to pass any hidden gimmick that is going to benefit the business community and to endanger the general public at large. What I am saying is, and something that we all have said, that the B&O tax is retrogressive and if a man or a business is required to pay an income tax and a B&O tax both that he should be able to get redressed from the B&O. That is what I am saying and no more.”

Senator McCutcheon: “And when you say redressed, you mean money paid back to them?”

Senator Durkan: “Yes, exactly that. I mean credit.”

Senator McCutcheon: “That is exactly what I thought you meant.”

Further debate ensued.

Senator Durkan demanded a roll call and the demand was sustained by Senators Sandison, McDougall, Metcalf, Ridder, McCormack, Lewis (Brian), Bailey, Henry and Connor.

“Except as hereinafter provided and notwithstanding any other provision of this Constitution, no tax may be levied or imposed upon or measured by income. The legislature may authorize a tax upon or measured by income from whatever source derived. Income shall not be deemed property within the meaning of this Article, and a tax imposed upon or measured by income shall not be deemed an ad valorem tax. In carrying out the provisions hereof, the legislature is authorized to enact appropriate legislation which shall include the adoption by reference of all applicable federal statutes as now existing and as from time to time hereafter amended relating to the determination of taxable income for federal purposes, to impose a tax upon individuals and corporations at a rate not to exceed five percent of the taxable income of such individuals and corporations, and to delegate to such administrators as it may designate the authority to make and enforce reasonable rules and regulations subject to adequate standards for the administration of such legislation.

During the time there is imposed an income tax, the tax on retail sales and use shall not exceed four percent: PROVIDED, HOWEVER, That the legislature shall have the power by

appropriate legislation: (a) to define the term "food", "food items" and "prescription drugs", and (b) to determine a fixed sum as an equivalent to the annual total of sales tax on defined "food", "food items" and "prescription drugs", which shall either be refunded in cash to an individual not subject to income tax or allowed to an individual as a credit upon his income tax."

Senator Woodall moved adoption of the following amendment:

On page 3, line 17 after "income:" insert "PROVIDED FURTHER, That the maximum rate of any income tax on individuals authorized hereby shall be five percent of taxable income;"

Debate ensued.

POINT OF INQUIRY

Senator Uhlman: "Would Senator Woodall yield to a question? Senator, if this amendment is passed to your satisfaction, I assume then that you will be in favor of voting for the bill on final passage?"

Senator Woodall: "You have been erroneous in most of the assumptions most of your life, including this one."

Senator Woodall demanded a roll call and the demand was sustained by Senators Bailey, Greive, Donohue, Metcalf, Sandison, Talley, Guess, Twigg, Ryder and Peterson (Ted).

ROLL CALL

The Secretary called the roll and the motion by Senator Woodall lost and the amendment was not adopted by the following vote: Yeas, 9; nays, 37; excused, 3.

Excused: Senators Keefe, Stender—2.

Debate ensued.

POINT OF INQUIRY

Senator Dore: "Would Senator Atwood yield to a question? Senator Atwood, I don't quite follow your rationale. As I understand this amendment, the people have the choice of one of three taxes. Isn't that what we want to give the people a choice?"

Senator Atwood: "That is correct, Senator Dore, but if you will look at it very closely the key is the first bill that runs this thing. If you will look at the wording on page 3, the first bill that comes out of here is the one that determines and that only has to be by a majority vote."

Senator Dore: "I know but the wording doesn't say which session, does it?"

Senator Atwood: "That is again my point. You have House Bill No. 1 bottled up in Senator McCutcheon's committee. It could be on the 1970 ballot, not on the 1969 ballot. We are talking politics now and that is what our fear is and I am duty bound to protect our people in this matter."

Senators Bailey, Greive and Sandison demanded the previous question and the demand was sustained.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed House Joint Resolution No. 42 and the resolution failed to pass the Senate by the following vote: Yeas, 20; nays, 28; excused, 1.

Excused: Senator Stender—1.

Engrossed House Joint Resolution No. 42, having failed to receive the constitutional two-thirds majority, was declared lost.

Reverend Arthur I. Anderson, pastor of the Gloria Dei Lutheran Church of Olympia, offered prayer as follows:

"O Lord our God, how great Thou art! Thy thoughts are not our thoughts, neither are Thy ways our ways; for as the heavens are higher than the earth, so are Thy ways higher than our ways and Thy thoughts than our thoughts. Search us, O God, and know our hearts, try us and know our thoughts and lead us in true paths as Thou Thyself art true.

"God, make us men alert and quick Thy lofty precepts to translate until the laws of Christ become the laws and habits of the state. God, make us men of steadfast will, patient, courageous, strong and true; with vision clear and mind equipped Thy will to learn, Thy word to do. God, make us men with hearts ablaze, all truth to love, all wrong to hate; these are the patriots nations need, these are the bulwarks of the state. Send out now Thy light and truth to lead us. Through Jesus Christ our Lord. Amen."

On motion of Senator Bailey, the reading of the journal of the previous day was dispensed with and it was approved.

Memorializing Congress to limit the information required in census surveys.

MOTION

Senator Woodall moved that the rules be suspended, House Joint Memorial No. 19 be read the second time in full.

Senator Gissberg objected to the motion.

POINTS OF INQUIRY

Senator Gissberg: "Senator Woodall, could we have an explanation of what this is?"

Senator Woodall: "Yes, this is a memorial that came from the House with bipartisan sponsorship by Democrats and Republicans representing all spectrums of political philosophy, merely memorializing Congress in favor of a bill presently pending there which would restrict the type of questions that can be asked you by your census taker for which

presently there are crimes for which you can go to jail if you don't answer them. It merely endorses this particular bill. It passed the House unanimously."

Senator Bailey: "Would Senator Woodall yield to a question? Senator, are there copies of this memorial on all of our desks?"

Senator Woodall: "No, it is in your bill book. It is a very short one, merely memorializes them to pass a present pending law which has sponsorship ranging from such spectrum as Catherine May to Adam Clayton Powell, 119 sponsors in Congress of this pending legislation."

PARLIAMENTARY INQUIRY

Senator Bailey: "Mr. President, we haven't advanced this memorial to second reading as yet have we?"

REPLY BY THE PRESIDENT

The President: "Not yet. That is the motion, Senator."

The motion by Senator Woodall carried and the memorial was advanced to second reading and read the second time in full.

President Pro Tempore Henry assumed the Chair.

PERSONAL PRIVILEGE

Senator Metcalf: "Point of personal privilege. It is just a minute or so after 12:15 and 12:15 is the time that the SDS has vowed to shut down the university recruiting at Lowe Hall.

"I would like to bring a couple of points just for the information of the Senate. President Odegaard has written a very fine letter and I think it was received by each of the Senators today. If you haven't read it, get it and look it over in great detail. It outlines the university policy in dealing with disruption in these incredibly difficult times and I think in this difficult, and for the university, critical hour, we should commend Dr. Odegaard for the work that he has done there but as the president of the university is charged with university discipline, I think we should understand just how it works.

"He doesn't administer it directly. In each case a specific review committee is appointed to hear that case and that review committee is composed of five people: a chairman from the law school, two faculty members, two students, one a graduate and one an undergraduate. I think it is important that we understand this. This five man group hears the case and they render the verdict and the verdict can either be no discipline at all or they can spell out the discipline. The verdict is subject to review by the dean of the university law school, not by the president, unless the verdict is one of expulsion or dismissal. Then and only then the president of the university reviews the case. Thus far this year, we have had three cases of things that we have heard about at the university. I would like to review them so we are aware of them, no recommendations or anything.

"There was a grape boycott incident in which no charges were filed or no"

POINT OF ORDER

Senator Gissberg: "Point of order. He is speaking on personal privilege. He is talking about some policy at the University of Washington which is not personal to the Senator at all. We certainly cannot use the question of personal privilege to engage in debate upon subjects that are of concern to the entire state of Washington and are not personal to the Senator. We have been, I think, disrupted on many occasions here in the Senate on this

subject. We have debated it fully, thoroughly, day after day, and I think it is time now for the President to exercise his authority as presiding officer to the end that we can move along in this session of the legislature without making political speeches under the guise of personal privilege."

Senator Metcalf: "I rose only because at this moment we have a problem there. I thought it would be of real interest to the Senate to look over what the situation is as far as what the cases are, how they are handled. If this is out of order, then I will sit down."

RULING BY THE PRESIDENT

President Pro Tempore Henry: "Senator Metcalf, the President rules that Senator Gissberg's point is well taken. I think you have made your point. The rules governing personal privilege provide for when the Senator has been impugned or has some personal motive. I understand your interest in the affairs at the university as we all have but I think at this time, I must ask you to take your seat."

MOTION

AFTERNOON SESSION

President Pro Tempore Henry called the Senate to order at 2:15 p.m.

SECOND READING

ENGROSSED HOUSE BILL NO. 183, by Representatives Clark (Newman), Clarke (George) and Heavey:

Establishing a court of appeals.

The Senate resumed consideration of Engrossed House Bill No. 183 and the pending committee amendments.

Senator Dore moved adoption of the following amendment by Senators Dore and Greive:

On page 4, section 7, line 23 of the Judiciary Committee amendments, after "Sec. 7." strike all the material to and including the word "personnel" on line 33 and insert "At the general election to be held in November, 1969 there shall be elected from each district the number of judges provided for in section 2 of this act, who shall hold office until the second Monday in January, 1971"

Debate ensued.

POINT OF ORDER

Senator Woodall: "Point of order. I thought this amendment had to do with whether they got appointed right away and got into business or whether they got held up until 1970. I suggest reading excerpts of somebody else's speech back in 1937 is clearly out of order. It has nothing to do with the amendment before us."

Senator Guess: "Point of order. I don't believe Senator Dore is talking on the point. It has nothing to do with the election of the judges and besides there is no general election in 1969 so I don't know what Senator Dore's problem is."

RULING BY THE PRESIDENT

President Pro Tempore Henry: "Senator Dore, will you please confine your remarks to the amendment."

Further debate ensued.

MOTION

Senator Uhlman moved that the amendment by Senators Dore and Greive be laid upon the table.

Senator Uhlman demanded a roll call and the demand was sustained by Senators Greive, Connor, Pritchard, Donohue, Twigg, Guess, Gissberg, Dore, Stortini and Huntley.

ROLL CALL

The Secretary called the roll and the motion by Senator Uhlman carried and the amendment by Senators Dore and Greive was laid upon the table by the following vote: Yeas, 28; nays, 15; absent or not voting, 3; excused, 3.

Voting yea: Senators Andersen, Atwood, Bailey, Canfield, Elicker, Faulk, Foley, Gissberg, Guess, Henry, Holman, Huntley, Lewis (Brian), Lewis (Harry), McDougall, Marquardt, Matson, Newschwander, Peterson (Lowell), Peterson (Ted), Pritchard, Ryder, Talley, Twigg, Uhlman, Walgren, Williams, Woodall—28.

Voting nay: Senators Connor, Day, Donohue, Dore, Greive, Keefe, Knoblauch, McCormack, McCutcheon, Mardesich, Odegaard, Ridder, Sandison, Stortini, Wilson—15.

Absent or not voting: Senators Cooney, Durkan, Metcalf—3.

Excused: Senators Herr, Stender, Washington—3.

Senator Mardesich moved adoption of the following amendment to the Judiciary Committee amendment:

On page 5, line 11 of the amendment, after "election" and before the period insert "PROVIDED, HOWEVER, That if the governor shall make appointments to the appellate court from membership of the superior court, the governor shall, in making appointments filling vacancies created in the superior courts by such action, take into consideration such factors as: Personal character; intellect; ability; diversity of background of experience in the practice of the law; diversity of political philosophy; diversity of educational experience; and diversity of affiliation with social and economic groups, for the purpose of maintaining a balanced superior court with the highest quality of personnel."

POINTS OF INQUIRY

Senator Lewis (Harry): "Would Senator Mardesich yield to a question? Senator, I noticed you have covered a broad category of items that you felt were important wherein the Governor should not discriminate against people and should include certain characteristics but you failed to mention the sex of the person that we are selecting. Is there any reason why you inadvertently or did you inadvertently leave that out?"

Senator Mardesich: "I can assure you, Senator Lewis, that on my part it was purely inadvertent. Had I given it any thought I certainly would have included the ladies. I always have tried to. However, all I was doing was extracting the language of the bill as it pertains to appellate court and applying it to the new appointments on a superior court."

Senator Holman: "Would Senator Mardesich yield? Senator, I don't have your amendment before me but as I understand it, it is limited in its application to filling vacancies of superior court judges who might be elevated to the new bench, is that correct?"

Senator Mardesich: "That is correct. It follows the last word in section 7 so it applies to that particular section where the appointment qualifications are set up."

Senator Holman: "While I think the idea is fine, the Governor has to make appointments to fill vacancies on superior court benches. He does several of them each year. Do we, by implication here, mean that when he is filling a vacancy on the superior court bench caused by a death or resignation that in that case he should not consider these things? That is what worried me about further tampering with the amendment. I think your idea is all right but I think then you raise some questions if you limit it to that kind of a vacancy."

Senator Mardesich: "Senator Holman, I thought of that and was going to put this proviso in another spot in the bill and then decided that it should not be because in the ordinary circumstances where you get a vacancy in a superior court, those things don't happen in gross numbers. They come along on rare occasions and the law already provides that after the appointment, that man will have to run at the next general election so that there would be very little concern with that situation. That is why I drew it specifically to apply to the vacancies created should the Governor decide to take twelve members of the superior court and elevate them to the appellate court."

Senator Mardesich: "Would Senator Holman now yield? Senator, I wonder, since I have heard nothing by way of comments as to this requirement as to the appellate court, why you haven't considered amending this out of the appellate court for the same reasons?"

Senator Holman: "Senator, I thought of that too. We are always having these second thoughts. It seemed to me here we were starting a brand new system and in that connection I think the people would be interested in knowing what it is the Governor is going to go by in filling out the positions of a brand new system."

"I recall last session in the community college setup which was going to be a brand new system, we carefully spelled out certain criteria we thought he should take into consideration so I didn't have any objection at all to putting this in the bill with respect to the appellate court. I really have no objection to your amendment except that I think that it is unnecessary and raises problems which I would just as soon not see raised."

Further debate ensued.

Senators Ryder, Bailey and Greive demanded the previous question and the demand was sustained.

The motion carried and the amendment by Senator Mardesich to the committee amendment was adopted.

Senator Walgren moved adoption of the following amendment by Senators Walgren and Elicker to the Judiciary Committee amendment:

On page 1, section 2, line 23 after "King" strike "county" and insert "Kitsap counties"
On page 1, section 2, line 24, strike "four" and insert "five" and after the semicolon add the following: "one of whom shall be selected from Kitsap county."

Debate ensued.

Senators Ryder, Greive and Ridder demanded the previous question and the demand was sustained.

Senator Walgren demanded a roll call and the demand was sustained by Senators Faulk, Greive, Dore, Metcalf, Elicker, Ryder, Twigg, Ridder and Williams.

ROLL CALL

The Secretary called the roll and the amendment by Senators Walgren and Elicker was not adopted by the following vote: Yeas, 14; nays, 23; absent or not voting, 9; excused, 3.

Voting yea: Senators Dore, Durkan, Elicker, Faulk, Greive, Holman, Knoblauch, Mardesich, Marquardt, Matson, Peterson (Lowell), Stortini, Twigg, Walgren—14.

Voting nay: Senators Andersen, Atwood, Canfield, Cooney, Day, Foley, Guess, Henry, Huntley, Keefe, Lewis (Brian), McDougall, Metcalf, Newschwander, Odegard, Pritchard, Ridder, Ryder, Sandison, Uhlman, Williams, Wilson, Woodall—23.

Absent or not voting: Senators Bailey, Connor, Donohue, Gissberg, Lewis (Harry), McCormack, McCutcheon, Peterson (Ted), Talley—9.

Excused: Senators Herr, Stender, Washington—3.

Senator Dore moved adoption of the following amendment by Senators Dore and Greive:

Amend the Senate amendment by the Judiciary Committee as follows:

On page 4, section 7, line 33 after "at the" and before "there shall" on page 5, line 1 strike "general election to be held in November, 1970," and insert "first state general and/or special election to be held after the effective date of this act."

On page 5, section 7, line 8 before the period after "elected and qualified" insert "PROVIDED, That if the judges are elected at a special election, the judges in the first group shall serve the period until the date of the next state general election and two years thereafter; the judges in the second group shall serve for the period until the date of the next state general election and four years thereafter; and the judges in the third group shall serve for the period until the next state general election and six years thereafter"

Debate ensued.

MOTION

Senator Woodall moved that the amendments by Senators Dore and Greive be laid upon the table.

Further debate ensued.

The motion by Senator Woodall carried and the amendments by Senators Dore and Greive were laid upon the table.

Senator Talley moved adoption of the following amendment to the Judiciary Committee amendment:

On page 4, section 4, line 5, after the comma following "Richland" and before the period, strike "and Walla Walla" and insert "Walla Walla, and any county seat within the state"

Debate ensued.

The motion lost on a rising vote and the amendment was not adopted.

MOTION

Senator Ryder moved that the Senate return to the sixth order of business.

POINT OF INQUIRY

Senator Uhlman: "Would Senator Ryder yield to a question? Senator, for what purpose are we leaving consideration of this bill after we are almost through with it?"

Senator Ryder: "Well, I am beginning to get a little worried. I have a reconsideration motion to make. I have to make it today before we adjourn. I would like to make it now and then you can go on and finish the bill under consideration. I was thinking from minute to minute that you were almost finished with this bill but apparently it is going on for quite awhile."

MOTION FOR RECONSIDERATION

Having voted on the prevailing side, Senator Ryder moved that the Senate do now reconsider the vote by which Engrossed House Joint Resolution No. 42 failed to pass the Senate.

MOTION

At 3:50 p.m., on motion of Senator Greive the Senate recessed until 4:45 p.m.

SECOND AFTERNOON SESSION

President Pro Tempore Henry called the Senate to order at 4:45 p.m.

POINTS OF INQUIRY

Senator Greive: "Would Senator Ryder yield to a question? Senator, if this is reconsidered, would you consider the possibility of putting it over to second reading so that if there are some amendments they will still be viable?"

Senator Ryder: "Yes, I would with the understanding, Senator Greive, that the amendments be presented also to the Republican caucus so that each of us has a chance to look them over and to make any decision which we might want to make and whether or not they should be adopted and that the bill be held on second reading until the bill that is now in the Committee on Ways and Means, House Bill No. 582, is worked."

Senator Greive: "What you are saying, Senator, is that you merely want the hearings conducted in the committee and you want the committee to consider, things of that sort, isn't that what you are saying? You are not talking about passing the bill first, are you?"

Senator Ryder: "I would like to have the bill out of committee. Not necessarily passed but out of committee."

Senator Woodall: "Would Senator Bailey yield to a question? Senator, I am quite surprised. Yesterday we were told we couldn't dare consider an amendment to this sacred passage because it was so delicate they would shatter and fall apart and we must keep it clean at all costs and vote all amendments that anyone offers because of the dire things the House would do should one amendment be placed on it. Now, has the House had a change of heart? Do you have information that the Senate can now assert itself as an equal branch and the Senate can now put amendments on without throwing the House into shatters?"

Senator Bailey: "Senator Woodall, I didn't say that yesterday. Somebody else said it. I haven't consulted with the House. I have consulted with the Democratic caucus in the Senate. I have consulted with the Republican caucus in the Senate to the extent of their leadership and we are acting on our own independently as you desired yesterday."

Senator Atwood: "Would Senator Bailey yield? Senator, some of us are a little concerned about the statements on the bill. We agree on your position on rolling it back to second reading but I want a little more assurance on the bill. We are not insisting that it go first but we would like to see it on the calendar before we get in a position of doing what we have to do. I thought the assurance was that it would be out here on the calendar with the resolution."

Senator Bailey: "Senator Atwood, that was never our assurance. I don't recall even having talked to you about the bill in that light but Senator McCormack has assured us the bill will come out of committee. Several of us want to vote on the bill and several of us are going to ask for it and also I think the Democratic caucus, unless the majority of the caucus votes against bringing it out which I am confident they will not, I am speaking only for myself, not for the caucus. I think you have every assurance that this bill stands as good a chance as any bill has in the legislature of getting out of committee. It is being heard now. It is being analyzed and I think that this should be done. I think you having nothing to worry about in that matter."

Senator Canfield: "Would Senator Bailey yield to a question? Senator, as I understand it now what we propose to do is to vote to reconsider this measure. Is that correct? Then if we do it will be put on second reading and stay there until agreement has been reached between the caucuses. Is that correct?"

Senator Bailey: "Not necessarily, Senator Canfield. We want it on second reading for the possibility of amendment. We have no amendments right as of now and we are under no agreement as to that except that we would notify your caucus when we were going to call it up. We would have to go to our own caucus to determine when to call it up and this wouldn't preclude any member from offering any amendment they so desired."

Senator Canfield: "I understand that and I appreciate your answer. It will just be held on second reading then for amendment and further action?"

Senator Bailey: "That is our understanding."

Senator Greive: "I would just merely like to comment upon the words said by Senator Woodall. Really that question should have been directed to me because I am the one who made the statement, not Senator Bailey."

"I think that every bill in this legislature whether it be a constitutional amendment or resolution or simple or concurrent resolution or a bill has several facets to it. The first facet of course is a viable piece of legislation. The other facet is a vehicle for the purpose of amendment in the event that one House disagrees with the other."

"I think that many of us, certainly no one knows to what extent, many of us feel that maybe the bill that was voted down yesterday, the bill that we presented and we tried so desperately to keep in the exact form of the House, was defeated and now it becomes a viable piece of merchandise. A vehicle to carry either amendments or the same bill back to the House. The mere fact that we might feel that it was voted down does not mean that it wouldn't be subject to amendment. It would be subject to change and it isn't a good vehicle."

Senator McCutcheon demanded a roll call and the demand was sustained by Senators Ryder, Sandison, Bailey, Keefe, Gissberg, McCormack, Greive, Peterson (Lowell) and Stortini.

ROLL CALL

The Secretary called the roll and the motion by Senator Ryder to reconsider the vote

by which Engrossed House Joint Resolution No. 42 failed to pass the Senate carried by the following vote: Yeas, 39; nays, 7; excused, 3.

Voting yea: Senators Andersen, Atwood, Bailey, Canfield, Connor, Donohue, Dore, Elicker, Faulk, Foley, Gissberg, Greive, Henry, Herr, Holman, Huntley, Keefe, Knoblauch, Lewis (Brian), Lewis (Harry), McCormack, McDougall, Mardesich, Marquardt, Matson, Metcalf, Newschwander, Odegaard, Peterson (Lowell), Peterson (Ted), Pritchard, Ridder, Ryder, Sandison, Stortini, Talley, Uhlman, Walgren, Willams, Wilson—39.

Voting nay: Senators Cooney, Day, Durkan, Guess, McCutcheon, Twigg, Woodall—7.
Excused: Senators Herr, Stender, Washington—3.

MOTION

On motion of Senator Greive, Engrossed House Joint Resolution No. 42 was returned to second reading.

MOTION FOR RECONSIDERATION

Having voted on the prevailing side, Senator Gissberg moved to reconsider the vote by which the amendments by Senators Dore and Greive to the Judiciary Committee amendments to Engrossed House Bill No. 183 were laid upon the table.

MOTION

Senator Greive moved that the amendments by Senators Dore and Greive to the Judiciary Committee amendment to Engrossed House Bill No. 183 be taken from the table.

POINTS OF INQUIRY

Senator Uhlman: "Senator Gissberg, would you yield? Senator, I think it should be made clear which amendments because Senator Dore proposed a series of amendments and I think you are speaking to the following two amendments: page 4, section 7, line 33 and page 5, section 7, line 8. Am I correct?"

Senator Gissberg: "Yes, that is correct."

Senator Holman: "Would Senator Gissberg yield to further question? Senator, I notice that the second amendment says, this is Senator Dore's, that if the judges are elected at a special election then it tells what happens to their terms, etc.

"Now, a special election and a general election are different, are they not? The election next fall, if we have one pursuant to House Bill No. 1 is specifically termed a general election and the purpose of that is that if you are going to have a tax reform amendment on the ballot at that time it must be a general election because the Constitution says so. If that is a general election, how can this work to take care of the points that are trying to be made here?"

Senator Gissberg: "I might say that I can't answer that specifically although I agree somewhat with what you are saying. I had personally written the first draft of the first portion of that amendment and gave it to Senator Dore and he thereafter apparently went to bill drafting to have the second portion of it drawn. Although I agree that perhaps your comments are right with respect to the second portion of it and that is to say that if it is a general election, the second part of the amendment should also be triggered rather than limit it to a special election. The first part of the amendment is clearly all right and it may be that the second part of the amendment needs to be cleaned up but I will let Senator Dore speak to that."

Senator Dore: "Senator Holman, I spoke to you earlier about this and I went down to bill drafting. We worked this out very carefully and you will find that second amendment applies to three fixed situations if you read it carefully. One to the special election which would be the special election on the Constitution, if we had one. It would include that."

Senator Holman: "The point is you cannot have a special election to ratify an amendment to the Constitution. The Constitution itself says that an amendment must be ratified at a general election, if I read my legislative manual correctly so if we have House Bill No. 1 to pass to permit that, that becomes a general election for all purposes and then this wouldn't work."

Senator Dore: "Mr. President, if I could answer very quickly. The first group refers to a special election. The second group refers to a general election so it is either one or the other, the way the amendment is drawn. It is the next general and/or special election. That is the first amendment, the first state general and/or special election. Then down below in the second amendment, it has in the first group and the second group providing how the terms

shall be staggered. I don't think there is any problem, Senator, but if you want to hold it over, we will go down and take a look at it later. I think it is all right."

Senators Gissberg, McCutcheon and McCormack demanded the previous question and the demand was sustained.

The motion by Senator Greive carried and the amendments were taken from the table.

MOTIONS

On motion of Senator Gissberg, Engrossed House Bill No. 183 was ordered to hold its place on the second reading calendar for Friday, April 25, 1969.

On motion of Senator Greive, the Senate returned to the fourth order of business.

MESSAGE FROM THE HOUSE

April 25, 1969.

Mr. President: The House has granted the request of the Senate for a conference on HOUSE BILL NO. 542, and the Senate amendment thereto and the Speaker has appointed as members of the conference committee thereon: Representatives Brouillet, McCaffree, Murray, SIDNEY R. SNYDER, Assistant Chief Clerk.

Senator Holman moved adoption of the following resolution:

SENATE RESOLUTION: 1969-EX-43

By Senators Holman, Uhlman and Pritchard:

WHEREAS, The Congress of the United States has enacted the "Federal Consumer Protection Act," which will become effective and enforceable as of July 1, 1969 in all states which have not then adopted a substantially similar act for local application; and

WHEREAS, In order to make available to the legislatures of the several states a form of legislation complying with the requirements of the federal act for adoption by the respective states prior to the effective date of such act, the National Conference of Commissioners on Uniform State Laws developed and promulgated the "Uniform Consumer Credit Code," which has been introduced in the legislature of the State of Washington as SB 369 of the 1969 session; and

WHEREAS, The people of the State of Washington at the general election of November 5, 1968 enacted chapter 2, Laws of 1969, pursuant to Initiative No. 245, placing certain maximum ceilings on interest charged under certain forms of consumer related sales, which ceilings are at variance with the ceilings which would be established by enactment of SB 369; and

WHEREAS, Several other measures relating to the regulation of consumer credit were also introduced for the consideration of the 1969 legislature; and

WHEREAS, The field of consumer credit affects all of our citizens and is of such complexity as to warrant a comprehensive interim study;

NOW, THEREFORE, BE IT RESOLVED, By the Senate, that the Legislative Council be authorized and directed to make a study of the field of consumer credit and to prepare a report for the members of the Legislature setting forth the results of the study and any legislation deemed necessary as a result of the study;

BE IT FURTHER RESOLVED, That the report of the Legislative Council be transmitted to the members of the Legislature prior to the next regularly scheduled session of the Legislature.

POINT OF INQUIRY

Senator Lewis (Brian): "Would Senator Holman yield to a question? Senator, I am a little bit concerned because I think this an excellent subject. We had several bills before the Committee on Commerce and Regulatory Agencies that didn't make it through that would come under the purview of this study.

"You have moved for adoption of this Senate Resolution but on line 26 you are authorizing and directing the legislative council to make a study. I thought it had been a play on the floor before but it had sort of brought out the fact that a Senate resolution on its own cannot authorize and direct a study by the legislative council. Is there a deficiency in your resolution that should be corrected to take care of that because I wouldn't want to see it ignored because the language was deficient?"

Senator Holman: "We could strike 'directed' and insert the word 'requested'. The amendment would be to strike 'authorized and directed' and put 'requested'.

With the approval of the Senate, it was so ordered.

The motion carried and the resolution was adopted.

Senators Greive, Matson and Ridder demanded a Call of the Senate.

A Call of the Senate was ordered.

On motion of Senator Greive, the Senate proceeded subject to roll call.

ENGROSSED SENATE BILL NO. 474, as amended by the House, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

SECOND READING

ENGROSSED HOUSE BILL NO. 183, by Representatives Clark (Newman H.), Clarke (George W.) and Heavey:

Establishing a court of appeals.

The Senate resumed consideration of Engrossed House Bill No. 183 on second reading, and the two pending amendments by Senators Dore and Greive which were taken from the table on motion of Senator Greive.

There being no objection, Senator Dore was permitted to withdraw the two pending amendments from the Secretary's desk.

Senator Dore moved adoption of the following amendment by Senators Dore, Gissberg and Greive to the committee amendment:

On page 4, section 7, line 27 of the amendment, after "January" strike ", 1971" and insert "of the year following the first state general election following the effective date of this act." And on line 33 after "At the" strike the remainder of section 7 and insert "first state general election after the effective date of this act there shall be elected from each district the number of judges provided for in section 2 of this act. Upon taking office the judges of each division elected shall come together at the direction of the chief justice and be divided by lot into three equal groups; those of the first group shall hold office until the second Monday in January of 1973, those of the second group shall hold office until the second Monday in January of 1975, and those of the third group shall hold office until the second Monday in January of 1977, and until their successors are elected and qualified. Thereafter, judges shall be elected for the full term of six years and until their successors are elected and qualified, commencing with the second Monday in January succeeding their election."

Debate ensued.

POINT OF INQUIRY

Senator McCutcheon: "Would Senator Holman yield to a question? Senator, you freely grant, I am sure as the very fine lawyer that you are, that the amendment provides for the election of judges, does it not?"

Senator Holman: "Yes, it does."

Senator McCutcheon: "That is the mandate of the people, isn't it, and the mandate of the Constitution?"

Senator Holman: "Senator, you are putting me under cross examination which you are very good at."

Senator McCutcheon: "I am sorry about that."

Senator Holman: "I agree entirely with what Senator Gissberg said yesterday. Certainly I believe there should be an election. The only question I am raising on this amendment is do we want to have it at the time of the normal even year election as it applies to all other judicial appointments that he might make between now and then or do we want to have a special election this fall or general election this fall on this matter. That is the only point I am making."

Senator McCutcheon: "Thank you very much and I will not proceed with any more cross examination."

Further debate ensued.

Senator Dore demanded a roll call and the demand was sustained by Senators Durkan, Greive, Bailey, Odegaard, Lewis (Brian), Peterson (Ted), Keefe, Connor and Henry.

ROLL CALL

The Secretary called the roll and the motion by Senator Dore carried and the amendment by Senators Dore, Gissberg and Greive to the committee amendment was adopted by the following vote: Yeas, 26; nays, 23.

“NEW SECTION. Sec. 13. This act is necessary for the immediate preservation of the public peace, health and safety, the support of the state government and its existing public institutions, and shall take effect immediately.”

Senator Dore moved adoption of the following amendment to the title:

On line 2 of the title after “judges” and following the title amendment by Senator Foley insert “; and declaring an emergency with effective date”

On motion of Senator Uhlman, the committee amendments as amended were adopted. The motion by Senator Dore carried and the amendment to the title was adopted.

On motion of Senator Uhlman, the rules were suspended, Engrossed House Bill No. 183 as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Peterson (Ted): “Would Senator Uhlman yield to a question? Senator, what will the price tag be now? I have heard comments that there wouldn’t be any cost, that Tacoma is ready. Of course, the people there will have to be saddled with the costs but what is this going to amount to now in additional costs to the state of Washington for what we have done here to the bill in the Senate?”

Senator Uhlman: “Senator Peterson, I don’t think the additional cost is substantial. There will, of course, be a very minor additional cost because of the change to Tacoma but the real change is in the administration in the actual ability to administer the courts as they are diffused and as the amended version will stand. I don’t, however, believe this is critical. I don’t believe that it is insidious to the bill and I think that the bill as it now stands is a good one and one that we can all in good conscience support. I can’t tell you what the additional costs of moving the one division headquarters to Tacoma are. It would not be very much. Is your question what would be the total cost of the measure now?”

Senator Peterson (Ted): “Yes.”

Senator Uhlman: “The original bill as originally proposed was \$1.1 million. This was for nine judges. This bill now provides for twelve judges so you can extrapolate from there as to what the additional costs would be. There would be very little additional cost in terms of administration but most of it is for contractual services for obtaining the usage of court rooms for the hearings.”

Senator Peterson (Ted): “You didn’t give me the cost, Senator.”

Senator Uhlman: “I can sit down and draw it up. You can figure nine judges for \$1.1 million and add three more judges and you have the total cost. The total cost is going to be made in the omnibus bill. This million dollars is put on the bill just for the purpose of keeping it alive.”

Senator Peterson (Ted): “Mr. President, what I was getting at is that I had represented this to my constituents at one figure and we have changed the bill around so radically now that although I am going to vote for it I am hoping the House and the Governor can do something on this and straighten it out because I do not think that Tacoma is justified at all in having a court there.”

Further debate ensued.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed House Bill No. 183, as amended by the Senate, and the bill passed the Senate by the following vote: Yeas, 43; nays, 6.

Voting yea: Senators Andersen, Atwood, Bailey, Canfield, Connor, Cooney, Day, Donohue, Elicker, Faulk, Foley, Guess, Henry, Herr, Holman, Huntley, Keefe, Knoblauch, Lewis (Brian), Lewis (Harry), McCormack, McCutcheon, McDougall, Mardesich, Marquardt,

Matson, Metcalf, Newschwander, Odegaard, Peterson (Lowell), Pritchard, Ryder, Sandison, Stender, Stortini, Talley, Twigg, Uhlman, Walgren, Washington, Williams, Wilson, Woodall—43.

Voting nay: Senators Dore, Durkan, Gissberg, Greive, Peterson (Ted), Ridder—6.

ENGROSSED HOUSE BILL NO. 183, as amended by the Senate, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

PROTEST

I protest the passage and voted against Engrossed House Bill No. 183 because I feel that the magnitude of such measure in creating 12 new appellate court judges in the state of Washington should have been subject to an election process by the people. I am for the appellate court system and worked for such a measure when it was referred to the people and am hopeful that the bill will live up to the expectations of all the citizens of this state. However, I feel the Legislature was remiss in not requiring that such judges stand for election rather than being initially appointed by the Governor.

Signed by: Senators Martin J. Durkan, Robert Ridder.

MOTIONS

On motion of Senator Greive, the Senate dispensed with the Call of the Senate.

On motion of Senator Greive, Senators Donohue and Uhlman were excused.

PERSONAL PRIVILEGE

Senator Holman: "Point of personal privilege. Fellow Senators, just briefly, I should have made these remarks on final passage of the last bill. I think we should note here the intense cooperation that the legislature has had from a number of very dedicated groups working on this bill. I speak particularly to the citizens' committee headed by Norm Allen who sparked a campaign last fall and got the thing passed by the voters without which we wouldn't be working on the bill. They carried on continually since the election and have given us the benefit of their advice and counsel. Secondly, the supreme court itself which took a great deal of interest in this bill and I may say to you gentlemen that they cooperated to the extent of receding from a position which started out to be quite strong in resisting jurisdictional aspects of this court being spelled out in the statute. When they found that the bar of the state and the rest of the judiciary plus the members of the legislature were quite, you might say adamant, in spelling it out within the statute, they receded and worked with us to spell out the jurisdiction in a method which is satisfactory to them.

"The Seattle and King county bar association had a group of young lawyers, former law clerks, who worked on the bill. The State bar association had a very active committee working on the bill. I hope I have not left out any groups but I wanted you to know that this bill has been given very intensive consideration. The fact that it has taken us this long to work this bill to this point should not be taken as delaying at all. It has gone through many subcommittees, many hearings, and has been given more attention, I believe, than almost any bill which we have been connected and I think we should all recognize this."

On motion of Senator Greive, the Senate returned to the fourth order of business.

MESSAGE FROM THE GOVERNOR

Office of the Governor, April 24, 1969.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

GENTLEMEN:

I return herewith without my approval as to one section, Engrossed Senate Bill No. 341, entitled:

"An Act relating to intoxicating liquor."

This is the Liquor Board omnibus bill.

Section 11 of the bill provides:

Any resident of the state of Washington while outside the territorial boundaries of the state may purchase wine outside the boundaries of the state and may import such wine for his personal use and not for resale, in accordance with the provisions of this section.

There are no other "provisions" of the section governing the importation of wine, nor are there limitations on the blanket authority to import wine for personal use under section 11. Presumably, the section permits one to step across the state line and then to ship unlimited quantities of wine into the state. The only limitation is that it be for personal use, at best an elusive standard. None of the controls consistent with Washington State liquor laws would attach to wine imported under this section.

Without any controls, there is greater opportunity to move wine imported under the provisions of this section into commercial channels in contravention of the law. There is a distinct possibility of substantial revenue loss to the state.

For these reasons, I have vetoed section 11. The remainder of Engrossed Senate Bill No. 341 is approved.

Respectfully submitted,
DANIEL J. EVANS,
Governor.

On motion of Senator Walgren, the partial veto message from the Governor together with Engrossed Senate Bill No. 341 was ordered immediately transmitted to the Secretary of State.

The commission shall supervise and regulate every "common carrier" in this state; [make, fix, alter, and amend, just, fair, reasonable, minimum, maximum, or minimum and maximum, rates, charges, classifications, rules, and regulations for all "common carriers"], regulate the accounts, service, and safety of operations thereof; require the filing of reports and other data thereby; and supervise and regulate all "common carriers" in all other matters affecting their relationship with competing carriers of every kind and the shipping and general public [: PROVIDED, The commission may by order approve rates filed by common carriers in respect to certain designated commodities and services when, in the opinion of the commission, it is impractical for the commission to make, fix, or prescribe rates covering such commodities and services].

POINTS OF INQUIRY

Senator Woodall: "Would Senator Greive yield to a question? Senator, you said that if this amendment were to be adopted it might make a lot of law suits?"

Senator Greive: "Yes."

Senator Woodall: "What is wrong with that?"

Senator Greive: "The problem is that I don't participate in that kind of law."

Further debate ensued.

The motion lost and the amendment was not adopted.

POINT OF INQUIRY

Senator Andersen: "Would Senator Mardesich yield to a question? Senator Mardesich, the amendment offered by Senator Lewis (Brian) and myself which was in effect a matter of putting Senate Bill No. 324 on to this bill. During the course of debate you read from a letter from Mr. Timm, the chairman of the public utilities commission. I wonder if you would be kind enough to read that last paragraph. I don't believe I caught quite all of it. I believe we are still on that order of business and I would like to have this in the record."

Senator Greive: "I object. I suggest that copies be made and distributed any way they want but there is nothing before the Senate at this time."

Senator Andersen: "The Chair has announced the vote. There was a letter from the chairman of the public utilities commission read during the course of debate. Because questions and answers are entered in the journal, I have taken the liberty of asking Senator Mardesich to read the last paragraph of that letter again because I do believe it bears on this particular subject. It is very short."

Senator Mardesich: "The last paragraph reads: 'I respectfully urge you to include these two items in the interim committee study'."

Senator Andersen: "Senator Mardesich, this related to the matters of the freight rate problem that should have been debated in connection with this amendment. Is that correct?"

Senator Mardesich: "Higher in the body of the letter it refers to Senate Bill No. 324 and Senate Bill No. 347."

Senator Andersen: "Senator Mardesich, do I understand also from the statement that you made during the course of debate that as chairman of the Senate standing committee on Commerce and Regulatory Agencies that had the hearing on Senate Bill No. 324 that you are suggesting or recommending that this matter be made the subject of an interim legislative study during the interim between this and the next legislative session?"

Senator Mardesich: "If such a committee should be formed whether or not the Senate directs such a study and if I happen to be chairman of such a committee which certainly I am not in a position to assume but if I should happen to be, such a study would take place."

Senator Andersen: "Thank you."

On motion of Senator Mardesich, the committee amendments to the title were adopted.

On motion of Senator Mardesich, the rules were suspended, Substitute House Bill No. 349, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

MOTION

On motion of Senator Andersen, Senator Huntley was excused.

POINT OF INQUIRY

Senator Stender: "Would Senator Ridder yield to a question? Senator, you handled this bill in the education committee and there is an appropriation in the measure, is there not?"

Senator Ridder: "Yes."

Senator Stender: "What system or means was used to determine the amount of an appropriation necessary when now you have no idea how many of these students there may be. How could they possibly come up with any number to use as far as appropriating money for this purpose. Would they have any idea ahead of time at all of how many students are involved, if any?"

Senator Ridder: "I think under this situation it is about a ball park guess. We have a general idea of how widespread the desire is but nothing finite so actually it is just a ball park guess. This will get the program started and I believe up to the point that it utilizes those funds and that is about as far as it will go."

Senator Stender: "I have another question, if I may. In the Constitution of this state, the provision is made that education be equal, uniform and equal. Now, if we are going in this with just a partial amount of money and you find that there is not enough money to take care of all the students that may apply, under the definitions set out here, aren't we in conflict with the Constitution of the state. You might say, refusing admission to some because of lack of finances along the way?"

Senator Ridder: "I can't see actually where this would be true. If we were going to fulfill the Constitution in this way under any program such as this it would take millions of dollars. I don't think it is being asked for in this widespread nature. It is just being asked for in certain districts. By the way, this is going on right now in some districts in the state. In the Colton district is being used, without funds."

Senator Stender: "Thank you and I have one more question and perhaps you may be able to help me. On page 2 and also on page 5 we refer to a part-time student. We have a full time student who is a full time student under the definition (a) and then we go down to (d) and we have a part-time student and it says it shall mean and include any student enrolled in a course of instruction in a private or private sectarian school and taking courses at a public school. I am trying to rationalize as to how the school board and those people are going to determine enrollments when part-time and full time students are both involved under the definition?"

Senator Ridder: "We do have this program in a sense with our interdistrict cooperation. A student now is given a certain weighting depending on how long he attends school. If he attends school the whole day he is given a weighting of 1 or 1.4. If he is a junior high or high school student, or in cases of kindergartener who attends school only half a day, he is given a weighting of .5. I think this part-time student would be given a weighting or the parochial school student in the same guise. I would presume that it would be given in some ratio to the day that he fulfills or the part of the day that he fulfills in that school so he would be taking one part out of six or two parts out of six or such and the weighting would be constituted on that basis. It is purely mechanical."

Senator Stender: "But when we are talking about the private school students, we are talking about enrolled full time students in private school. The student under that definition is a full time student within a private school in the district. Now, the private schools also have the part-time students that also become eligible under this definition. This is the question. It seems to me that there is some conflict in the definition insofar as it applies to making some formula for financing this."

Senator Ridder: "This would apply to a student we will say in the parochial school who is going to come down to a public school and take, for instance, one course in physical education and so he is rated, or she as the case may be, would be rated as a part-time pupil for weighting on the public school formula."

Senator Stender: "As I read this he is already a part-time student in a private school. Now, he can't be two part-time students. He would be a part-time student in a private school and a part-time student in a public school. He is not a full time student anywhere then."

Senator Ridder: "As I understand this definition, it is alluding to the fact that he would be a part-time student in the public school program and this is why they included this part-time student business."

Senator Stender: "It isn't written that way, however."

Senator Ridder: "I understand it as that."

Senator Stender: "Thank you, Senator Ridder."

Senator Canfield: "Will Senator Ridder yield further? Senator, I think there is a little misunderstanding about this bill. What we are doing here as I understand it is simply to allow certain students from private schools to take the advantage of certain public school classes. We are not directly subsidizing any private school. We are simply allowing an educational opportunity to any child in the state who by the Constitution is entitled to an education if he seeks it. We are simply opening the door on a part-time basis to these children who are coming for this part-time education. On that basis, if I am correct, I think it is worthy to support. Are my statements correct?"

Senator Ridder: "In answer to a non-question, I think you put it very aptly and ably and I think that it is far better to allow these classes on a part-time basis than eventually having to close the parochial schools and accept them on full days."

On motion of Senator Dore, the rules were suspended, Engrossed House Bill No. 257, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

POINTS OF INQUIRY

Senator Canfield: "Would Senator Dore yield to a question? Senator, perhaps I misunderstood you. I know you are on the budget conference committee but did you say there is no appropriation in this bill?"

Senator Dore: "No."

Senator Canfield: "There is no appropriation?"

Senator Dore: "The idea is that the superintendent will fund it out of his overall appropriations studying the weighting formula in it. I understood there was a five hundred dollar appropriation earlier but I went through the bill and I couldn't find it, Senator."

Senator Canfield: "Section 5 says '500,000'."

Senator Dore: "I don't have the engrossed bill. I was told that but the idea is that this is earmarked five hundred dollars out of the superintendent's budget. Is that correct?"

Senator Canfield: "Not five hundred dollars, \$500,000."

Senator Dore: "Excuse me. \$500,000 is in, I guess I have the white bill."

Senator Canfield: "Will you please check the blue bill?"

Senator Dore: "I knew it was in there and I wasn't sure it was in the general appropriation bill or not but that is limited. The way it reads is the \$500,000 shall be out of the superintendent's budget and he shall use up to that maximum amount in order to establish a weighting formula under this new concept which is not possible in Yakima. In other words if he has X number of part-time students then the superintendent will give a greater weighting factor in the allocation of state funds to the Yakima School District No. 7."

Senator Atwood: "In answer to your question, Senator Canfield, that is contained in the omnibus budget bill which is referred to in section 5. That \$500,000 comes from the apportionment to the superintendent of public instruction. I might say that in the next biennium, however, we are talking about a considerable sum but as I see it with the private schools being in serious trouble all over the state, this is one way to phase them into the public school programs because I think we are going to have to face up to this in the future rather than have them all dumped on us in one fell swoop."

Senator Canfield: "I raise the point again with Senator Atwood's explanation which is correct, still there is an amount of \$500,000 for the program which is in the budget."

Senator Stender: "Would Senator Atwood yield? Senator, the question that I originally asked Senator Ridder and Senator Dore alluded to in his remarks was not in regard as to whether the question of this program would be constitutional but was a question that the amount of money that seems to be appropriated might be inadequate to take care of all the students that might desire to enroll and the question of whether any student under the definitions in this bill could be denied enrollment under the act if this is passed."

Senator Atwood: "I am not too sure that I follow you. I don't think you could deny anybody the right. The fact that we have limited the money and I would suspect that if it becomes apparent that the use of this program is going to exceed the amount of dollars within the apportionment formula that the superintendent will look to his emergency fund of which he has over \$1 million in which to further fund the program. I don't think we can deny these children an equal educational opportunity as long as they are availing themselves of the public schools."

Senator Stender: "That is my point, Senator, that under the Constitution it provides that all children regardless of race, creed or color shall be guaranteed the right to an education. That is why I bring up the question of whether the limited knowledge that we have at this time as to the amount of students that will in fact apply for enrollment versus the amount of money we are appropriating for this particular act where the school system might be overloaded with applicants and no money to produce teachers and other education materials. This is my question."

Senator Atwood: "I think you are probably right but there is no way of knowing at this time because there are just no available statistics on it. By next session of the legislature, we will be able to tell with some degree of certainty the people who are going to avail themselves of this program."

Further debate ensued.

MESSAGE FROM THE GOVERNOR

Office of the Governor, April 25, 1969.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.
GENTLEMEN:

I am returning herewith, without my approval as to two items, Engrossed Senate Bill No. 186 entitled,

“An Act relating to mobile homes and travel trailers.”

Section 3 of the bill establishes the Mobile Home and Travel Trailer Advisory Board consisting of seven members to be appointed by the Governor. Of the seven members, one member represents the mobile home manufacturers, one member represents the travel trailer manufacturers, one member represents the plumbing apparatus and equipment suppliers, one member represents the electrical material, equipment or appliance suppliers, one member represents the heating equipment suppliers, one member represents the general public, and one member is the chief supervisor for the mobile home and travel trailer section of the Department of Labor and Industries.

Under the terms of section 3, no rule or regulation may be amended or repealed until the advisory board has first had the opportunity to consider the amendment or repeal and to make recommendations to the director.

The group is advisory in nature and will be of assistance to the Director of Labor and Industries. In my judgment, however, it serves no useful purpose for the rule-making responsibility of the director to be limited by requiring the committee to meet on every amendment or repeal. Under the wording of the bill, inability of the board to hold a meeting, or lack of a quorum, would prevent any change in the rules. One of the chief purposes of the rule-making power is to deal with emergency conditions. In order to preserve the emergency power of the director, I have vetoed the item requiring the committee to meet on any amendment or repeal of the rules of the department. In practice, my veto will not change the role of the advisory board.

In appointing the representatives to the board, the Governor may only select from lists submitted by nonprofit organizations or associations representing individuals, corporations or associations engaged in the business classification from which such members shall be selected.

While the designation of a representative of the designated groups is acceptable, the requirement that these representatives be selected only from lists submitted by specific organizations is unduly restrictive. I have therefore vetoed in section 3 those items restricting the appointing authority.

With these exceptions, the remainder of Engrossed Senate Bill No. 186 is approved.

Respectfully submitted,
DANIEL J. EVANS
Governor.

MOTION

On motion of Senator Greive, Engrossed Senate Bill No. 186 together with the partial veto message of the Governor thereon was ordered transmitted to the Secretary of State.

The bill was read the second time by sections.

Senator Durkan moved adoption of the following amendment:

On page 1, section 1, line 19 after "mills" and before the semicolon insert " : PROVIDED, That except to the extent that an identical shift for like purposes has become effective for any of the years in this proviso mentioned, whether as a result of the passage of Reengrossed Substitute House Bill No. 582 now pending before this extraordinary session of the forty-first legislature, or as a result of the passage of other legislation, in each of the years 1969, 1970 and 1971 the state shall levy a property tax of one mill to be distributed as collected to the county in which the property is situated and to be used exclusively by the distributee county for providing police protection and environmental control on a countywide basis; and in such years in which the state shall validly levy such property tax of one mill the levy by or for any county shall not exceed seven mills"

POINT OF INQUIRY

Senator Holman: "Would Senator Durkan yield to a question? Senator, I think I like this idea. As I understood your explanation of it and I have only read it through once, if House Bill No. 582 passes then this is null and void, is that what you said?"

Senator Durkan: "That would be the purpose of the amendment, Senator, as far as the two mill shift."

Senator Holman: "I understand. The question I am raising is that the mere passage of House Bill No. 582 doesn't really take care of it, does it, because 582, as I understand, doesn't become effective at all unless House Joint Resolution No. 42 is later adopted by the voters, if we pass that. Do I misunderstand?"

Senator Durkan: "No, you don't, Senator, and this amendment probably is susceptible of correction based upon that question."

Senator Holman: "I think maybe I see your point here and I think maybe this should be rephrased somewhat so that instead of passage of House Bill No. 582 it would be the effectiveness or something like that of 582."

Mr. Speaker:

Signed by: Senators Lewis (Brian), Peterson (Lowell) and Talley; Representatives Whetzel, Kopet and Thompson.

On motion of Senator Atwood, the report of the Conference Committee on House Bill No. 310 was adopted and the committee was granted the powers of Free Conference.

SECOND READING

HOUSE BILL NO. 710, by Representatives Murray, Brouillet and Kiskaddon:

Extending state two mill levy for two years.

The Senate resumed consideration of House Bill No. 710 and a pending amendment by Senator Durkan.

There being no objection, Senator Durkan withdrew his amendment as proposed on April 25, 1969.

Senator Durkan moved adoption of the following amendment:

On page 1, section 1, line 19, after "mills" and before the semicolon, insert:

" : PROVIDED, That in each of the years 1969, 1970 and 1971 the state shall levy, in addition to other state property tax levies, a property tax of one mill; and in such years as the state shall validly levy such property tax of one mill the levy by or for any county shall not exceed seven mills"

POINTS OF INQUIRY

Senator Canfield: "Will Senator Durkan yield to a question? Senator, obviously this is a property tax increase and, of course, I know you know that already. My question specifically is why don't you recommend the state releasing one of the mills they take now and have it used for county purposes rather than levying another tax on the property owner?"

Senator Durkan: "We have already taken the two mills and built it into the governor's budget and into the conference budget so anything that we would release on the state level would be a direct appropriation to counties and my preliminary probing has indicated to me that there isn't going to be any direct appropriation to counties. Therefore, this is the alternative that I have selected to present to the Senate, to make the determination whether or not we do in fact want to give counties additional sums of money. As I said, Senator, in direct response, the two mills are already built into the revenue projection for the coming biennium in the state budget."

Senator Elicker: "Would Senator Durkan yield to a question? Senator, would this be collected and given to the counties irrespective of whether the counties wanted it or not? Is there no discretion given to the counties?"

Senator Durkan: "We had and Senator Wilson had suggested to me whether or not we could put some provision in that would permit it to be permissive but when you do that it strikes right at the constitutionality; the question of whether it is a state tax or a local tax and that is the reason why the permissiveness is not in this amendment."

Senator Stender: "Would Senator Durkan yield to a further question? Senator, this proposal as I read in the amendment, covers three years. If Senate Joint Resolution No. 1 is to be on the ballot next fall which is hoped for and it is passed by the people, doesn't that cut the meat out of this proposal?"

Senator Durkan: "You notice, Senator, that in the third amendment in the event that House Bill No. 582 should become effective with the two mills in that, then this would no longer have effect so in this amendment I have provided that should House Joint Resolution No. 42 pass along with the House bill which we are presently considering and should that section within the House bill become effective in which the two mills are given to the counties, then this shift would not take place."

Senator Stender: "In other words, the present proposal is to afford financial relief for the counties in the interim pending any final result of tax reform."

"Well, Senator, in relation to this, is it your feeling that the utilities or the enabling act having to do with allowing the counties to pass a utility tax, do you abandon that insofar as the committee is concerned?"

Senator Durkan: "I have never considered it."

Senator Stender: "Isn't there such a measure in your committee?"

Senator Durkan: "The Revenue Committee, Senator. It hasn't come before the Committee on Ways and Means. In my best judgment, it wouldn't leave the Committee on Ways and Means."

Senator Stender: "In other words, the committee in your opinion, is not going to give any favorable consideration on that proposal?"

Senator Durkan: "This is my considered judgment. If we are to give aid to counties, it will come through this amendment or not at all."

Senator Donohue: "Would Senator Durkan yield? Senator, I understand that we have tried to come up with some method to raise money for counties and I see that we are resorting now to another shift, the thing that property owners are objecting to, another increase in property taxes. My question to you is: Do you believe then that the easiest way to raise money is through the property owners?"

Senator Durkan: "Senator, there is no easy way to raise money and it doesn't make any difference whether it comes from property taxes or excise taxes. These are some of the unpleasant choices that Senators have to make."

"The decision is twofold. Are you going to aid counties and if you are going to aid counties, by what processes are you going to do it? We have county-wide sales tax bills up in the committee which would permit the enactment of up to one-half of one percent sales tax on a county-wide basis. I am sure that there would be many of us who would be disturbed about that. We have said that we don't want to consider House Bill No. 108. I think that was very clearly indicated. So the question if you think that the need of counties is great enough to warrant the increase then, is the property tax the proper approach or the only one or the sales tax."

"I personally believe that should the Senate turn down this amendment today, as far as I am concerned as chairman of the Senate Committee on Ways and Means, the Senate will have spoken for this year as far as aid to counties."

Senator Atwood: "Would Senator Durkan yield to a question? Senator, I notice in this new amendment on House Bill No. 710, there is no distribution made back to the counties. Could you tell us for what reason?"

Senator Durkan: "On advice of the bill drafter, statute law committee, who said there might be a question of the constitutionality if the relationship of direct feedback to the counties was available. He suggested that it be separated from the amendment and the bill and that it be put in the appropriation act the same way that we do with cities and that is exactly what it would be. The formula would be in direct proportion to the amount that is collected from the counties."

Further debate ensued.

The motion was lost and the amendment was not adopted on a rising vote.

There being no objection, Senator Durkan withdrew from the Secretary's desk, his remaining two pending amendments.

On motion of Senator Lewis (Brian), the following amendment by Senators Lewis (Brian) and Holman was adopted on a rising vote:

On page 2, section 2, line 33, insert as section 3 the following:

"Sec. 3. Section 84.56.020, chapter 15, Laws of 1961 and RCW 84.56.020 are each amended to read as follows:

The county treasurer shall be the receiver and collector of all taxes extended upon the tax rolls of the county, whether levied for state, county, school, bridge, road, municipal or other purposes, and also of all fines, forfeitures or penalties received by any person or officer for the use of his county. All taxes upon real and personal property made payable by the provisions of this title shall be due and payable to the treasurer as aforesaid on or before the thirtieth day of April in each year, after which date they shall become delinquent, and interest at the rate of [eight] ten percent per annum shall be charged upon such unpaid taxes from the date of delinquency until paid: PROVIDED, That when the total amount of tax on any lot, block or tract of real property payable by one person is ten dollars or more, and if one-half of such tax be paid on or before the said thirtieth day of April, then the time for payment of the remainder thereof shall be extended and said remainder shall be due and payable on or before the thirty-first day of October following, after which date such remaining one-half shall become delinquent, and interest at the rate of [eight] ten percent per annum shall be charged upon said remainder from the date of delinquency until paid: PROVIDED FURTHER, That when the total amount of personal property taxes falling due in any year, payable by one person, is ten dollars or more, and if one-half of such taxes be paid on or before said thirtieth day of April, then the time for payment of the remainder thereof shall be extended and said remainder shall be due and payable on or before the thirty-first day of October following, after which date such remaining one-half shall become delinquent, and interest at the rate of [eight] ten percent per annum shall be charged upon said remainder from the date of delinquency until paid. All collections of interest on delinquent taxes shall be credited to the county current expense fund; but the cost of foreclosure and sale of real property, and the fees and costs of distraint and sale of personal

property, for delinquent taxes, shall, when collected, be credited to the operation and maintenance fund of the county treasurer prosecuting the foreclosure or distraint or sale; and shall be used by the county treasurer as a revolving fund to defray the cost of further foreclosure, distraint and sale for delinquent taxes without regard to budget limitations."

Renumber section 3 to read "Sec. 4."

On motion of Senator Lewis (Brian) the following amendment to the title was adopted:

On page 1, line 3 of the title, after "RCW 84.52.050;" strike "and" and on line 5 after "84.52.065" strike the comma and insert "; and amending section 84.56.020, chapter 15, Laws of 1961 and RCW 84.56.020;"

On motion of Senator Durkan, the rules were suspended, House Bill No. 710 as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Mardesich: "Would Senator Durkan yield to a question? Senator, there has been some talk here of the possibility that there may be a tax reform package passed and it also has been expressed in committee that it is potentially possible that the effect of such a tax reform package and the tax impact could fall with proper amendments in the year 1970.

"I rise at this time to question whether we should pass this measure prior to such time as we know whether or not tax reform will pass and what the effective date of what tax reform could be."

Senator Durkan: "As I understand House Joint Resolution 42 and House Bill 552, the earliest date would take place in 1971, Senator, even with the passage of the act."

Senator Mardesich: "That is true as it is presently drafted but there has been discussion in committee of changing that so that if there was a constitutional amendment and a vote in 1969, that package could take effect in January, 1970, next January."

ROLL CALL

The Secretary called the roll on the final passage of House Bill No. 710, as amended by the Senate, and the bill passed the Senate by the following vote: Yeas, 43; nays, 3; excused, 3.

Voting yea: Senators Andersen, Atwood, Bailey, Canfield, Connor, Cooney, Day, Donohue, Dore, Durkan, Elicker, Faulk, Foley, Gissberg, Greive, Guess, Henry, Herr, Holman, Knoblauch, Lewis (Brian), Lewis (Harry), McCutcheon, McDougall, Mardesich, Marquardt, Matson, Metcalf, Newschwander, Odegaard, Peterson (Lowell), Peterson (Ted), Pritchard, Ridder, Ryder, Sandison, Stender, Stortini, Twigg, Walgren, Washington, Williams, Woodall-43.

Voting nay: Senators Huntley, Talley, Wilson-3.

Excused: Senators Keefe, McCormack, Uhlman-3.

HOUSE BILL NO. 710, as amended by the Senate, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

SUBSTITUTE SENATE BILL NO. 274, by Senators Dore, Herr, Uhlman, Stortini and Connor:

Increasing pensions of widows of firemen and policemen.

SPECIAL ORDER OF BUSINESS

The time having arrived, the Senate resumed consideration of Substitute Senate Bill No. 274 on second reading.

Senator Dore moved adoption of the following amendment:

Strike all of sections 1 and 2 from the bill and add the following new sections:

"NEW SECTION. Section 1. There is added to chapter 382, Laws of 1955 and to chapter 41.18 RCW a new section to read as follows:

In the event a fireman who has been employed and paid as a fireman by a fire department and who has been a member of the retirement system established by this

chapter, is hereafter killed or who has been heretofore killed while engaged in the actual performance of his duties, or dies or has died within six months after sustaining an injury while engaged in the actual performance of his duties, his widow or his child or children may elect to receive in lieu of the benefits provided by RCW 41.18.100 as now or thereafter amended, a monthly pension equal to the full amount of such fireman's basic salary at the time of death until the time such fireman would have been eligible to retire under the provision of this chapter had he lived. Thereafter such widow or child or children shall receive such other widow's or child's or children's pension rights as are provided by this chapter. If there be no widow at the time of such fireman's death or if there were no widow at the time of such fireman's death or if a widow should die while receiving such a monthly pension as provided by this section, such monthly pension benefits shall be paid to and divided among his child or children, share and share alike, until they reach the age of eighteen years or are married, whichever occurs first. The widow's monthly pension benefit herein provided for shall cease if and when she remarries.

A widow or child or children who are presently receiving benefits pursuant to RCW 41.18.100 and who are eligible to receive the benefits provided by this section, must elect to receive the benefits provided by this section prior to March 1, 1970.

NEW SECTION. Sec. 2. There is added to chapter 39, Laws of 1909 and to chapter 41.20 RCW a new section to read as follows:

In the event, a policeman who has been a member of the police department of any such city and who has been a member of the retirement system established by this chapter, is hereafter killed or has been heretofore killed while actually engaged in the performance of his duties, or dies or has died within six months after sustaining an injury while engaged in the actual performance of his duties, his widow or child or children may elect to receive in lieu of the benefits provided by RCW 41.20.080 as now or hereafter amended, a monthly pension equal to the full amount of the salary attached to the position held by such policeman at the time of death until the time such policeman would have been eligible to retire under the provisions of this chapter had he lived. Thereafter such widow or child or children shall receive such other widow's or child's or children's pension rights as are provided by this chapter. If there be no widow at the time of such policeman's death or if there were no widow at the time of such policeman's death or if a widow should die while receiving such a monthly pension provided by this section, such monthly pension benefits shall be paid to and divided among his child or children, share and share alike, until they reach the age of eighteen years or are married, whichever occurs first. The widow's monthly pension benefit herein provided for shall cease if and when she remarries.

A widow or child or children who are presently receiving benefits pursuant to RCW 41.20.080 and who are eligible to receive the benefits provided by this section, must elect to receive the benefits provided by this section prior to March 1, 1970.

Debate ensued.

POINTS OF INQUIRY

Senator Stender: "Would Senator Dore yield to a question? Senator, in your proposed amendment you refer to this as 'in lieu of benefits provided under RCW 41.18.100'. What is that?"

Senator Dore: "'In lieu' means in place of. In other words, if the widow didn't want to apply to operate under this provision, they could stay under the old provision."

Senator Stender: "What is the old provision?"

Senator Dore: "The old provision is that they of course receive half pay but in the event of remarriage, they get a \$5,000 lump sum settlement. Under this deal, in the event of remarriage, they wouldn't get any settlement at all so we leave it to the individual wife in the first instance to determine what they want."

Senator Stender: "Another question, Senator. Are the police officers in the various cities covered under a death insurance?"

Senator Dore: "None that I know of unless they have some private insurance arrangement. I know they are covered for their negligence by Lloyd's of London. At least the Seattle police are. I don't know about the other police departments."

Senator Stender: "There is no insurance policy to cover the police in Seattle for wrongful death or accidental death in line of duty?"

Senator Dore: "Unless they purchase the policy themselves, I am not aware of any."

Senator Peterson (Ted): "Would Senator Dore further yield? Senator Dore, do you think that proviso, the payment of \$5,000 to the widow is good if she remarries?"

Senator Dore: "That is the law at the present time under the disability provisions but of course if he is killed in action, you get one-half of his then salary. Then if you remarry of course you have the right to get this \$5,000 but under this proviso, it is very limited. I tried to have the bill drafter make it very limited, there are three policemen in Seattle and one fireman and one over in Spokane. It is a very limited application to give incentive to get young men to go on the force and perhaps lay their life on the line and then instead of widows trying to bring their young children up at half salary, they would be able to have their full salary.

"I don't think anyone has been killed for twenty years and all of a sudden in eighteen months, we have had three deaths. I would like to adopt this amendment and then we can argue the bill as amended and then go into the point that Senator Williams brought up."

Senator Mardesich: "Would Senator Dore further yield? Senator, it seems to me that we should argue the amendment because as I read it, you do not strike the present section, you merely add. Is that correct, Senator Dore?"

Senator Dore: "It strikes sections one and two. The other lines of the existing pension bill are in effect now. It has been gone over by five attorneys. It is a very technical section involving pension rights and this is the final draft. They say this is correct."

Senator Mardesich: "I would urge that we now argue the merits of this because Senator Stortini has another amendment on the desk which could well be affected by the passage or failure of this portion. Since it strikes the original bill, I think we should argue this now and settle this so we could then get to Senator Stortini's question."

Senator Dore: "Mr. President, in answer to Senator Mardesich, I think Senator Stortini has his amendment prepared one of two ways. If mine fails, he will hang his amendment on the bill and if this amendment passes, he will hang it on the amendment."

Senator Mardesich: "The only problem with that is if we don't argue the merits of this now rather than later, we may decide later that they are bad and turn the whole thing down and down goes Senator Stortini's amendment which we haven't even heard yet and which may be a good one."

Further debate ensued.

POINT OF INQUIRY

Senator Mardesich: "Would Senator Williams yield to a question? Senator, I am sorry that I wasn't listening too closely when you were commenting but I believe you said something about constitutionality and if so, on what basis?"

Senator Williams: "This amendment does something that the bill didn't do in the way of making the increases granted retroactive and by doing that, it makes it retroactive for widows."

"In the supreme court, I have not seen the opinion but I am told that they have interpreted the constitutional amendment we passed a few years ago as applied to pensions of the recipient but if he is dead, we can't grant it to other people including the widow. So that this provision 'heretofore killed' would be retroactive to quite a large number of people. The number is unimportant. The fact that we are granting them to widows where the person himself is dead, makes it unconstitutional."

Further debate ensued.

On motion of Senator Dore, Substitute Senate Bill No. 274 was ordered held until immediately after lunch.

SENATE BILL NO. 777, by Senators Gissberg, Peterson (Lowell) and Durkan:

Providing for interim study and inventory relative to rivers and streams and their shore lands and related adjacent lands.

The Senate resumed consideration of Senate Bill No. 777 on second reading and the pending amendment by Senator Lewis (Brian).

The motion by Senator Lewis (Brian) carried and the amendment was adopted.

On motion of Senator Gissberg, the rules were suspended, Engrossed Senate Bill No. 777 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

POINTS OF INQUIRY

Senator Peterson (Ted): "Would Senator Gissberg yield to a question? Senator, when you refer to scenic rivers, I know that you are going on up quite a ways into the mountains. Now, where we fish, say on the Skagit or the Stillaguamish or now the Snohomish, I thought all those lands were owned by individual farmers and along the Skagit the same way."

"We don't fish way on up there but on the amendment that Senator Lewis (Brian) had, I think it approximated around four hundred feet back from the river. You are referring to state lands or federal lands, are you? Where we fish on the Skagit, I think that is all private land right down to the river."

Senator Gissberg: "Yes, on the Snohomish and the Skagit, I would say the greater parts of those lands are privately owned. In connection, I might clarify that when I say that the budget committee should pinpoint classifications of state lands. I have specifically in mind what is called a Class I or natural river area and as you point out, we don't have too many natural river areas in the lower regions, the westerly regions of our state except in the Olympic Peninsula."

"As you say, the Skagit and the lower regions of the Skagit and Snohomish, the Cowlitz and these other rivers, I do not believe in the lower regions of the river they could not in any way be pinpointed as a natural river area because of the restrictive definition of

it. It is almost a wilderness area. I think nonetheless that those natural river areas defined as Class I river areas are very, very important to preserve in their natural state.

"I say that those rivers you will find I am sure in checking some of the land ownership, those areas are either owned by the federal government of the state, that is, the adjacent land thereto. It is in those areas that I think that the legislative budget committee can hopefully concentrate.

"This bill also does something else. It doesn't mandate but it encourages local authority. Once the legislative budget committee makes a determination of this whole classification and the legislature adopts it, we are also encouraging the local zoning and planning authority to regulate the use of land within the scope of whatever the legislature hereafter classifies these rivers as.

"Hopefully, the state of Washington will never be involved directly in telling a person what use they can or cannot make of their land. I think some of you gentlemen were here at the time we passed some acts which indicated that and one was the planning and community affairs department. I voted against that bill then and only to voice my fear that perhaps the state and that agency would try to become involved in the planning and zoning of the land use itself but I think this is a good bill as it is presently drawn and can accomplish substantial public good."

Senator McDougall: "Will Senator Gissberg yield to another question? Senator, after this study is made, will the inventory tax apply to these rivers?"

Senator Gissberg: "Just on the reports only."

PROVIDED, HOWEVER, That every motor truck *except pickup trucks* shall be licensed for not less than one hundred fifty percent of its empty weight unless such an amount would be in excess of the legal limits prescribed for such a vehicle in RCW 46.44.040 in which event the vehicle shall be licensed for the maximum gross load specified for such a vehicle.

Renumber following sections consecutively.

Senator Lewis (Brian) moved adoption of the following amendment to the amendment by Senators Canfield and Day:

On the first line of the paragraph beginning "PROVIDED, HOWEVER, That after '*pickup trucks*' insert '*not licensed as trucks*'"

Debate ensued.

On motion of Senator Talley, the motion by Senator Lewis (Brian) lost and the amendment to the amendment was not adopted.

POINTS OF INQUIRY

Senator Mardesich: "Would Senator Canfield yield to a question? Senator, I just understood you to say that you could understand why vehicles should be licensed to carry the gross weight that they should be allowed to carry. I have just read the last paragraph on page two over about a half dozen times and I am not sure but what that isn't exactly what the law now provides.

"It says, ignoring the language you have intended to put in, 'PROVIDED, HOWEVER, That every motor truck shall be licensed for not less than one-hundred fifty percent of its empty weight unless such an amount would be in excess of the legal limits prescribed for such a vehicle in RCW 46.44 in which event the vehicle shall be licensed for the maximum gross load specified for such a vehicle' and I don't know but what this law doesn't now do what you are trying to do except that I am not certain that RCW 46.44.040 does what I think it does but if it does, and I see no other reason for it being in there, then the law may already provide for what you are saying."

Senator Canfield: "I would like to say first of all in regard to your question that I don't consider myself an authority upon highways or upon licensing or upon the studies that have been made or are in progress or will be made but I would like to point out in as near an answer to your question as I can give you that if you take a truck weighing 4,500 pounds, which is about what a three-quarter ton truck will weigh as Senator Day pointed out, what is the legal load of that? Would it be encompassed under 6,000, that would allow you a ton load on a three-quarter ton truck and it seems to me that is about enough. I can't tell you if that is the legal limit but I think it is ridiculous to require you to license for that much mandatorily which is what the present requirement is. At the present time then this 4,500 must be licensed for 6,000 to 8,000 pounds as shown in the first table on the first page of this amendment."

Senator Mardesich: "Senator Canfield, this is the point I am making. It says further 'unless such an amount would be in excess of the legal limits prescribed for such a vehicle in RCW 46.44.040'. Now, without knowing what 46.44.040 does, we are talking without any knowledge here. It may set up the maximum. It may provide that a pickup truck that weighs 4,500 pounds can only carry a 1,700 pound load. If that is true, your assumption and your amendment would not be necessary."

Senator Canfield: "That can't be true though, Senator Mardesich, because these license blanks are sent out from Olympia and no question is ever raised with regard to the point

that you have raised. They simply require you to license for 6,000 to 8,000 pounds and there is never any mention made of the legal limit."

Senator Mardesich: "There is only one thing that occurs to me with respect to the amendment that Senator Canfield is proposing. He said 'except pickup trucks'. He is inserting those words. I am not familiar enough with the law relating to trucks or the classification of vehicles as they now exist in our law and I don't recall that I have ever seen, in the years that I have been a member of the committee on highways any definition of pickup truck. I have heard of motor vehicles, trucks, truck tractors and trailers as I recall. These various definitions that have been made in the law and I wonder if perhaps this term, if it is going to be used, should not be defined somewhere?"

Senator Canfield: "I think you are entirely correct in that, Senator Mardesich. There is no definition. They are all lumped together as trucks. Then as you read the highway law they talk about tandem trailers and quadruple, multiple axles, pole trailers and all the context of the discussion is in regard to heavy trucks but there is no definition in the law about pickup trucks as such and I think that is in error. I think it should be in there."

MOTION

On motion of Senator Mardesich, the amendment by Senators Canfield and Day will be considered as the last amendment.

On motion of Senator Washington, the following amendment was adopted:

On page 18, section 16, after "highways." on line 16, add a new paragraph as follows: "The joint committee on highways and the Washington state highway commission together shall not incur more than one-third of the cost of the study authorized in this section."

Senator Washington moved adoption of the following amendment:

On page 50, section 64, beginning on line 3, strike all the matter down to and including "this section." on line 6.

POINT OF INQUIRY

Senator Mardesich: "Would Senator Washington yield? Senator, what you are striking as you say, is the bidding provision. Is there only one company which can provide such a craft for . . ."

Senator Washington: "Very possibly. There is only one company that manufactures, however, it would be possible I suppose for someone to act in a leasing capacity or perhaps even in a purchasing capacity and perhaps even at the time that we go into this, there may be more than one company."

Senator Mardesich: "And you may then contract without bid?"

Senator Washington: "No, I would say here I think we have provided, in other words we have taken out this particular provision and I would assume then there would have to be bidding on it."

Senator Mardesich: "I would assume that chapter 43.19 pertains to competitive bidding and what you are saying then is that this shall not apply?"

Senator Washington: "It shall not apply, yes. In other words this says it shouldn't apply. We are striking it so that the law would apply."

The motion carried and the amendment was adopted.

Senator Washington moved adoption of the following amendments:

On page 51, section 69, line 4, after "HOWEVER, That" strike all the matter down to and including "sums:" on line 8 and insert "each vehicle required to pay gross weight fees as provided in RCW 46.16.070 shall pay in lieu of the nine dollars and forty cents basic license fee, a basic license fee based upon the maximum gross weight of the vehicle as follows:"

On page 54, section 70, after subsection (22) add a new subsection to read as follows: "(23) A comprehensive study of state laws relating to acquisition of right-of-way for state highways, including a consideration of constitutional revision authorizing immediate possession and right of entry, the operation of the relocation assistance act of 1969 and the advance purchase of right-of-way act of 1969, particularly as it relates to advance purchase in hardship cases."

Debate ensued.

The motion carried and the amendments were adopted.

On motion of Senator Washington, the following four amendments were adopted:

On page 57, section 73, line 3 after "[(1)]" strike "71" and insert "72"

On page 57, section 74, line 16, after "[(1)]" strike "71" and insert "72"

On page 58, section 75, line 32, after "[(1)]" strike "71" and insert "72"

On page 59, section 76, line 30, after "[(1)]" strike "71" and insert "72"

Senator Guess moved adoption of the following amendment:

On page 67, after section 87 add a new section to read as follows:

Sec. —. Section 46.44.095, chapter 12, Laws of 1961 as last amended by section 15, chapter 94, Laws of 1967 ex. sess. and RCW 46.44.095 are each amended to read as follows:

When fully licensed to the maximum gross weight permitted under RCW 46.44.040, a *two-axle truck or a three-axle truck* operated as a solo unit and not in combination shall be eligible to carry gross weight in excess of that permitted for such a vehicle in RCW 46.44.040 upon the payment to the state highway commission of a fee of sixty dollars for each two thousand pounds of excess weight: PROVIDED, That the axle loads of such vehicles shall not exceed the limits specified in RCW 46.44.040 and the tire limits specified in RCW 46.44.042 or the wheelbase requirements specified in RCW 46.44.044.

When fully licensed to the maximum gross weight permitted under RCW 46.44.040 and when operated in combination with another vehicle, a three or more axle truck-tractor, a three or more axle truck and a three or more axle dromedary truck-tractor may be eligible under a special permit to be issued by the highway commission to carry additional gross loads beyond the limit specified for such vehicles in RCW 46.44.040 upon the payment of a fee of sixty dollars per two thousand pounds in excess weight but not to exceed one hundred and twenty dollars for the total excess weight: PROVIDED, That the axle loads of such vehicles shall not exceed the limits specified in RCW 46.44.040 and the tire limits specified in RCW 46.44.042: AND PROVIDED FURTHER, That the gross weight of a three or more axle truck operated in combination with a two or three-axle trailer shall not exceed seventy-six thousand pounds, and the gross weight for a three or more axle truck tractor operated in combination with a semitrailer shall not exceed seventy-three thousand two hundred eighty pounds.

The special permits provided for in this section shall be issued under such rules and regulations and upon such terms and conditions as may be prescribed by the state highway commission. Such special permits shall entitle the permittee to carry such additional load in such an amount and upon such highways or sections of highways as may be determined by the state highway commission to be capable of withstanding such increased gross load without undue injury to the highway.

The fee for such additional gross weight shall be payable for a twelve month period beginning and ending on January 1st of each calendar year. The additional gross weight provided for herein can be purchased at any time and if purchased on or after April 1st of any year, the fee shall be seventy-five percent of the full annual fee and if purchased on or after July 1st the fee shall be fifty percent of the full annual fee and if purchased on or after October 1st the fee shall be twenty-five percent of the full annual fee.

The state highway commission shall issue such special permits on a temporary basis for periods not less than five days nor more than ten days at a fee of one dollar per day.

The fees levied in RCW 46.44.094 and this section shall not apply to any vehicles owned and operated by the state of Washington, any county within the state or any city or town within the state, or by the federal government.

In the case of fleets prorating license fees under the provisions of chapter 46.84 the fees provided for in RCW 46.44.037 and 46.44.095 shall be computed by the state highway commission by applying the proportion of the Washington mileage of the fleet in question to the total mileage of the fleet as reported pursuant to chapter 46.84 to the fees that would be required to purchase the additional weight allowance for all eligible vehicles or combinations of vehicles for which the extra weight allowance is requested.

The state highway commission shall prorate the fees provided in RCW 46.44.037 and 46.44.095 only if the name of the operator or owner is submitted on official listings of authorized fleet operators furnished by the department of motor vehicles. Listings furnished shall also include the percentage of mileage operated in Washington, which shall be the same percentage as determined by the department of motor vehicles, for purposes of prorating license fees.

Renumber remaining sections consecutively.

The motion carried and the amendment was adopted.

POINT OF INQUIRY

Senator Woodall: "Would Senator Washington yield to a question? Senator, on page 34, I notice you strike out some language which has been language of the law for a long while. It says 'duty of persons to use due care' and that is all stricken and you strike out certain powers . . . 25 in the city and 50 in county and 60 on state, etc. Then you get down to safe and appropriate speed when you get near a railroad. Where have you put back in 'due care'? The duty of the operator of a motor vehicle, where is it now in this hodgepodge bill?"

Senator Washington: "Frankly, I am going to have to shift gears and get off Senator Canfield's amendment to get over into this particular area."

Senator Woodall: "Did you say 'shift' or 'strip'?"

Senator Washington: "Well, either one. I would prefer perhaps answering that particular question when we get into this phase of the bill rather than on Senator Canfield's amendment. I could then check to answer your question."

Senator Woodall: "My point was that if I don't get a satisfactory answer, I am going to be in the process of preparing an amendment. That is why I would like to know before we run past the section. You strike out 'due care' which is part of the law of negligence which we have, since the memory of man, knoweth not to the contrary."

Senator Washington: "It is provided here but I wonder before we get to it if I can check this and consult with you, Senator Woodall?"

Senator Woodall: "All right."

Senator Huntley moved adoption of the following amendments:

On page 17, section 14, line 12, after "Marysville" insert "and that part of primary state highway No. 1 (Pacific Highway) from the Broadway junction with FAI 5 in Everett south to Midway"

On page 17, section 14, line 15, after "evaluate" strike "this portion of SR 528, formerly" and insert "these portions of former"

On page 17, section 14, line 17, after "or not" strike "it" and insert "they"

POINT OF INQUIRY

Senator Gissberg: "Would Senator Huntley yield to a question? Senator, you are in my legislative district and are you just trying to clean up the language to specifically indicate which area you are trying to keep in?"

Senator Huntley: "I should explain to you, Senator, why I am bothering with this. This was because I was chairman of the committee that made the study. I checked this out with Senator Mardesich and I am sorry I didn't get to you.

"What we are trying to do is keep old highway 99 on the system at least until July, 1971 when we have the final results of the study. Now, without this amendment, according to the 1967 legislature, this road would July 1, 1969, automatically go back to the counties."

Debate ensued.

The motion carried and the amendments were adopted.

POINT OF INQUIRY

Senator Mardesich: "Would Senator Washington yield to a question? Senator, on page 6 and at the beginning of page 7, there it says 'the following portions of the highways are designated as part of the scenic and recreational highway system'. Then you turn to pages 11 and 12 and that is in addition to the state scenic system and I note that as part of the addition, not only do you add a portion of state highway to the scenic system but you establish or require that the highway commission set a maximum speed limit substantially less than that authorized by RCW 46.61.400. I note that there is no such, at a glance at least, prohibition in any other of the sections."

Senator Washington: "The purpose of this particular section, this is a portion of highway 10 along the Yakima River which is designated to become a scenic and recreational highway basically for recreational purposes to become a part of a coordinated recreation system which will also encompass the lower section of the Yakima River between Ellensburg and Yakima.

"In order to cut down on the possible maintenance that the state would be required on this road, which is a winding road, and to indicate that it is for recreational purposes, it will allow the highway commission to reduce the rate of speed in that particular case. Where the road comes out below the canyon, there may be sections where they would like to have the speed be as ordinarily specified in the statutes relating to maximum speed. This would cut down on the maintenance and make it truly a recreational highway."

Senator Mardesich: "One other question, Senator Washington. I note that there are a number of other sections in this bill relating to particular projects and I am wondering whether these particular projects which are in this bill are outside of the priority system or are these part of the priority system we have established and followed or are these items listed here because they do not follow the priority system and therefore must be passed by special law? I would refer specifically to section 2 which pertains to an interchange at 72nd street in Tacoma; new section 3 which relates to a special interchange at Marvin Road here in Olympia. Just going through, the next one is in section 11"

Senator Washington: "In sections 2 and 3, those are on the interstate and as I understand the highway department is applying to the federal government and if the funds are available, they will be constructed."

Senator Mardesich: "But the question I asked, Senator, is it would seem to me that there are certain elements of priority which we have all subjected ourselves to under the highway program and I wonder if projects such as these fall outside of the highway priority system and that is why they are here?"

Senator Washington: "No, these particular sections 2 and 3 relating to overpasses, I don't think would be necessarily covered by the priority program itself. I think it would depend upon the crossings. I believe on Marvin Road, it is a county road crossing and depends upon the federal regulations as to whether or not there should be a crossing within the specified distance. In other words, there is supposed to be distances between your overpasses and it would be a question of whether the federal government would approve these. This would not necessarily be covered by the priority program. Now, you mentioned section 11"

Senator Mardesich: "Sections 11 and 12, there is \$950,000 in section 11 for a parkway at The Evergreen State College campus."

Senator Washington: "No, that would not be on the priority program. That would have to be set up as one of the other types of classifications."

Senator Mardesich: "I notice also in section 12 there is \$1,150,000 for a campus city road here in Olympia."

Senator Washington: "Those are not on the priority program. These would have to be determined in the wisdom of the legislature whether we wish to use motor vehicle funds for the service of the capitol campus."

"There may be arguments pro and con but it is an expense that the state is going to have to bear and it is a question whether it should come from the motor vehicle fund or some other fund but since it does relate to streets and access to the campus, a majority of the committee felt that it would be a proper expenditure but it is not a part of the priority program."

Senator Mardesich: "The point is then these things are outside of the priority program and therefore we consider them here in this bill?"

Senator Washington: "This is right."

Senator Twigg moved adoption of the following amendment:

On page 12, section 6, line 10 insert as subsection (28) the following:

"(28) Mt. Spokane Park Drive, commencing at intersection with primary state highway No. 195 located near north line of section 3, township 26, range 43, thence northeasterly to a point in section 28, township 28, range 45 at the entrance to Mt. Spokane State Park."

Debate ensued.

POINT OF INQUIRY

Senator Mardesich: "Would Senator Twigg yield to a question? Senator Twigg, as I understand what you are trying to do here is put this on the scenic and recreational highway system. Does this automatically add it to the state system as such or is it now on the system?"

Senator Twigg: "No, it is not a county paved roadway. As I understand it, this amendment would put it on the state scenic and recreational highway system and impose upon the state the burden of maintaining it. As I pointed out earlier, the area through which it passes is very sparsely settled. There are very few people living in this area and the large percentage, I would guess, maybe ninety percent of the traffic that passes over it, does so simply to gain access to the Mount Spokane State Park."

Senators Durkan, Talley and Day demanded the previous question and the demand was sustained.

The motion carried and the amendment was adopted on a rising vote.

Senator Stender moved adoption of the following amendment:

On page 18, section 17, line 17, strike all of section 17 and renumber remaining sections accordingly.

Debate ensued.

The motion carried and the amendment was adopted on a rising vote.

Senator Durkan moved adoption of the following amendment:

On page 13, line 23 strike section 8 and renumber the remaining sections consecutively.

Debate ensued.

MOTION

Senator Woodall moved that the Senate dispense with the Call of the Senate.

The motion lost.

Senator Durkan demanded a roll call and the demand was sustained by Senators Stender, Greive, Marquardt, Peterson (Lowell), Cooney, Connor, Stortini, Herr and Wilson.

ROLL CALL

The Secretary called the roll and the amendment by Senator Durkan was adopted by the following vote: Yeas, 28; nays, 19; excused, 2.

Voting yea: Senators Andersen, Bailey, Cooney, Day, Donohue, Durkan, Foley, Gissberg, Greive, Guess, Herr, Knoblauch, Lewis (Harry), McCutcheon, Mardesich, Odegaard, Peterson (Lowell), Pritchard, Ridder, Sandison, Stender, Stortini, Talley, Twigg, Uhlman, Walgren, Williams, Wilson—28.

Voting nay: Senators Atwood, Canfield, Connor, Dore, Elicker, Faulk, Henry, Holman, Huntley, Lewis (Brian), McDougall, Marquardt, Matson, Metcalf, Newschwander, Peterson (Ted), Ryder, Washington, Woodall—19.

Excused: Senators Keefe, McCormack—2.

MOTION

Senator Greive moved that the Senate dispense with the Call of the Senate.

NOTICE OF RECONSIDERATION

Having voted on the prevailing side, Senator Andersen gave notice that he would move for reconsideration of the vote by which the Senate adopted the amendment by Senator Durkan to Substitute Senate Bill No. 724.

PARLIAMENTARY INQUIRY

Senator Andersen: "Point of parliamentary inquiry. It is my intention to make the motion now which I believe I must do under the rules."

Senator Greive: "He doesn't have to do that. If we adjourn at this particular time, we are still at the same stage of the proceedings and the motion to reconsider is viable tomorrow."

Senator Andersen: "Mr. President, this was my question as to whether or not, if we do adjourn now which I assume is the purpose of Senator Greive's moving to dispense with the Call of the Senate, I want to find out if I am in order to make my motion tomorrow then?"

REPLY BY THE PRESIDENT

The President: "Senator Andersen, the President believes that the remarks by Senator Greive are correct."

Senator Andersen: "Thank you."

The motion by Senator Greive carried and the Senate dispensed with the Call of the Senate.

MOTION

At 5:10 p.m., on motion of Senator Greive, the Senate adjourned until 10:00 a.m., Wednesday, April 30, 1969.

JOHN A. CHERBERG, President of the Senate.

WARD BOWDEN, Secretary of the Senate.

Edited by SIDNEY R. SNYDER,
Elected Secretary of the Senate May 12, 1969.

FORTY-EIGHTH DAY

MORNING SESSION

Senate Chamber, Olympia, Wash., Wednesday, April 30, 1969.

The Senate was called to order at 10:00 a.m. by President Cherberg. The Secretary called the roll and announced to the President that all Senators were present except Senator Pritchard. On motion of Senator Ryder, Senator Pritchard was excused.

The Color Guard, consisting of Pages Mike Wrenn, Color Bearer, and Karen DeGroot, presented the Colors. Reverend Maurice L. Haehlen, pastor of The United Churches, Olympia, offered prayer as follows:

"Almighty God our Heavenly Father, give to us a sense of Thy indwelling presence so that we can feel Thy guiding wisdom this day as we face the problems that confront our society. We thank Thee for these Senators who have been chosen to be our leaders in this state and for their willingness to accept the challenge of this difficult time. Give them patience, wisdom and good humor so that we might rise above party, creed, and color to further Thy good purposes for mankind. So, bless us in what is right—correct us in what is wrong, and give us the fortitude to do with dispatch what we know needs to be done. Amen."

On motion of Senator Greive, the reading of the journal of the previous day was dispensed with and it was approved.

MESSAGE FROM THE GOVERNOR

Office of the Governor, April 29, 1969.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

GENTLEMEN:

I return herewith without my approval as to certain items ENGROSSED SENATE BILL NO. 143, entitled:

"An Act relating to firearms."

This bill requires a seventy-two hour waiting period before a pistol may be delivered to a purchaser. In Section 1, the purchaser is required to sign an application stating his name, address, occupation, place of birth and race.

A licensed dealer is required in section 4 of the bill to maintain records stating the race of the purchaser.

These provisions are contrary to the policy of the state as defined in RCW 43.01.100 which prohibits the inclusion of any question relative to an applicant's race or religion in any application blank or for a license. I am confident that the legislature did not intend to change this stated policy without giving further consideration to the existing state law. I have therefore vetoed the provisions requiring a statement of race on an application to purchase a pistol or requiring a dealer to maintain a record of the purchaser's race as a condition to the dealer's license.

With the exception of certain items in section 1 and section 4(4) which I have vetoed, the remainder of Engrossed Senate Bill No. 143 is approved.

Respectfully submitted,
DANIEL J. EVANS
Governor.

MESSAGE FROM THE HOUSE

April 30, 1969.

Mr. President: The Speaker has signed:
SUBSTITUTE HOUSE BILL NO. 349,
HOUSE BILL NO. 635,
SUBSTITUTE HOUSE BILL NO. 828,
and the same are herewith transmitted. MALCOLM McBEATH, Chief Clerk.

SECOND READING

SUBSTITUTE SENATE BILL NO. 724, by Committee on Highways:

Providing the 1969 highway act.

The Senate resumed consideration of Substitute Senate Bill No. 724 on second reading.

MOTION FOR RECONSIDERATION

Having voted on the prevailing side and given notice, Senator Andersen moved that the Senate reconsider the amendment by Senator Durkan that was adopted by the Senate on the preceding day.

Debate ensued.

With the consent of the Senate, Senator Andersen withdrew his motion for reconsideration.

On motion of Senator Stender, the following amendment was adopted:

On page 5, section 4, line 28 after "1990." add "Such study shall include a study of the relocation of sign route 509 upon the present right-of-way of U. S. highway 99 between Midway, Washington and south 348th street in King county."

Senator Stender moved adoption of the following amendment:

On pages 49 and 50, section 64, beginning on line 15 of page 49, strike all of section 64 and insert the following:

"The joint committee on highways and the Washington state highway commission are hereby authorized to review and study the operations of the hovercraft operation in British Columbia, Canada with the consent and cooperation and help of the government of British Columbia and/or the private operators and evaluate how such hovercraft may be economically used by the state of Washington, reporting back to the next session thereon."

Debate ensued.

The motion lost and the amendment was not adopted.

There being no objection, Senator Day withdrew two of his pending amendments from the Secretary's desk.

Senator Uhlman moved adoption of the following amendment:

On page 29, section 33, strike all of section 33.

Senator Sandison assumed the Chair.

Debate ensued.

President Cherberg resumed the Chair.

POINT OF ORDER

Senator Uhlman: "Point of order, Mr. President. I would like a ruling on the point of order that Substitute Senate Bill No. 724 contravenes Rule 59 of the State Senate and Article II, Section 19 of the State Constitution. I would like to speak on that."

REPLY BY THE PRESIDENT

The President: "You may speak, Senator Uhlman."

Senator Uhlman: "As you all know the Constitution and our own Senate rules provide and I read as follows: 'No bills shall embrace more than one subject and that shall be expressed in the title'. The reason, of course, for the constitutional prohibition and the reason for our Senate rule construing that prohibition as everyone here knows is to preclude logrolling which was a most reprehensible practice of many state legislatures in early years. This, of course, was the practice where a number of legislators would all get together in a committee somewhere and they would all add a little goodie for each other and they would all come out with about twenty, thirty or fifty different subjects in the same bill.

"I submit to you gentlemen and to you, Mr. President, that this is the classic example of logrolling and is precisely what our State Constitution was designed to preclude and what our Senate rules are designed to preclude.

"I would invite you to quickly dance through this document with me if you would. In fact, we can just look at the title alone. 'AN ACT Relating to highways and the operation of vehicles thereon;' That is fine. That takes us up to section 23. But, there are ninety sections in this bill and when we start getting past section 23 the dance gets faster for then we come to the rules of the road that we are discussing at the present time and has nothing to do with highways or highway operation in the normal sense. It gets wilder.

"In section 49, we are talking about running over a fire department hose. You get to section 55 and we get into tax refunds; over to section 59 we get into overweight permits; section 64 we even get into hovercraft; section 69 we get into gross weight fees and we get

into a number of studies in section 70 which has nothing to do with the original subject matter. Then finally we even get into abandoned vehicle legislation at great length, a totally absolutely different subject matter and I don't think that any wild stretch of the imagination can tell us that this is the same subject matter, it is a different subject matter totally.

"What about safety glass in campers? That is section 80. Now if that isn't the classic example of a totally different subject that has nothing at all to do with the previous subjects and then, gentlemen of the Senate, let's talk about littering. Litterbugs are included in this bill, that is another subject. Can anyone possibly by the wildest stretch of the imagination suggest that building a highway at Peshastin has anything to do with camper safety glass or litterbugs on the highway?"

"Well, I could go on and on but I am not going to waste the Senate's time. I think this is a clear example of exactly what our State Constitution precludes and that is we can't have a committee getting together somewhere behind closed doors and coming out three or four days before the end of the session with a hodgepodge of different subjects which is a classic example of logrolling. I think it is a bad practice. We have done it in the past and I am sure we are going to hear, 'Well, it is always the way it has been done'. It may not be the right way that it has always been done but if any other committee, other than highways, tried to do this, we would be called down immediately and our presiding officer, the President of the Senate, has on many occasions this session and in the past, refused to permit this kind of a practice and I think it is high time we stopped it in this one last area and that is in highways."

Debate ensued.

POINT OF ORDER

Senator Uhlman: "Point of order, Mr. President. My point of order is that my original point of order was regarding Rule 59 and I am not arguing the constitutionality here at all and the Senator is way off the field. I am arguing that this bill contravenes Rule 59 of our Senate Rules and I am not asking the President to construe whether this is constitutional. The Chair would have to go to law school and run against one of those esteemed gentlemen across the street in order to declare what is constitutional and I am not asking him to determine this."

POINT OF INQUIRY

Senator Woodall: "Would Senator Uhlman yield to a question? Senator, I have pending on the desk an amendment to strike out of this bill this portion of subject matter which deals with these other matters. I am wondering if instead of continuing this particular debate, you would be willing to hold it in abeyance and allow this amendment of mine to run its course. Perhaps it might solve this problem without spending all of this time on this delicate constitutional issue."

Senator Uhlman: "Senator, in answer to your question, it isn't just a matter of sections 24 through 43 that is the problem here. It is a much broader and wider problem that I have raised. I would, however, gladly accede to your request that we withhold the determination by the Chair. I am sure that the President would like to have some time to consider this and I would certainly have no objection to our continuing on with these amendments while the President is considering it but I would request that my original point of order be held and that there be a ruling on it."

Senator Woodall: "Senator Uhlman has just agreed that he is withholding this matter at the moment, so being that he is not now asking for an opinion, perhaps the argument concerning it can be withheld until after my amendment is put."

Senator Uhlman: "Senator Woodall in his usual delicate manner has somehow or the other determined that I am willing to withhold it. I am not. I am willing to withhold the President making a determination until these other matters are taken up by the body but I do and very definitely want a ruling on this particular point of order."

Senator Woodall moved adoption of the following amendment:

On page 22, section 24, line 3, strike sections 24-49.

PARLIAMENTARY INQUIRY

Senator Washington: "Parliamentary inquiry, what is the status then of Senator Uhlman's amendment?"

Senator Woodall: "It is under advisement by the President."

Senator Washington: "As I understand Senator Uhlman's amendment is not under advisement, it is only Senator Uhlman's motion that the President rule that the entire bill violates Rule 59 of the Senate Rules."

REPLY BY THE PRESIDENT

The President: "The question before the Senate is the adoption of Senator Uhlman's proposed amendment."

Senator Woodall: "That is true but there is nothing to prevent us, if we wanted to suspend the rules and consider my amendment and return to it. The point is that if my amendment is adopted then of course Senator Uhlman's is unnecessary and that is the point."

MOTION

Senator Woodall moved that the Senate immediately consider Senator Woodall's amendment.

Debate ensued.

POINT OF ORDER

Senator Woodall: "Point of order. My point is that we are talking about whether we should consider it now, not what we did in 1961-2-3."

POINT OF ORDER

Senator Uhlman: "Point of order. Is the motion before us a motion to suspend the rules and to consider Senator Woodall's amendment?"

RULING BY THE PRESIDENT

The President: "The President does not think a suspension of the rules is necessary to put Senator Woodall's motion. The President believes that Senator Woodall's motion is in order."

Senator Uhlman: "Without a suspension of the rules?"

The President: "Yes, Senator Uhlman."

The motion by Senator Woodall carried on a rising vote.

Senator Woodall moved adoption of the following amendment:

On page 22, section 24, line 3, strike sections 24 through 49, and renumber the remaining sections accordingly.

Debate ensued.

Senators Holman, Greive and Stender demanded the previous question and the demand was sustained.

Senator Ridder demanded a roll call. The demand was not sustained.

The motion by Senator Woodall carried and the amendment was adopted.

There being no objection, Senator Uhlman withdrew his amendment to page 29, section 33 striking all of section 33.

There being no objection, Senator Atwood withdrew his amendments to page 31, section 39 and page 36, section 45.

There being no objection, Senator Washington withdrew his amendment to page 36, section 45.

There being no objection, Senator Woodall withdrew his amendments to page 22, section 24 and page 36, section 45.

Senator Walgren moved adoption of the following amendment by Senators Walgren and Twigg:

On page 21, section 22, line 25, after "Bremerton." insert a new section as follows:

"Sec. 23. Section 46.20.390, chapter 12, Laws of 1961 as amended by section 32, chapter 32, Laws of 1967, and RCW 46.20.390, are amended to read as follows:

Any person who has had or may have his driver's license suspended or revoked because he has been convicted of or has forfeited bail for any first offense relating to motor vehicles, other than negligent homicide or manslaughter, or has had or may have his driver's license revoked for refusal to submit to a chemical test under the provisions of RCW 46.20.308, and, if such person is engaged in an occupation or trade making it essential that he operate a motor vehicle, such person may file with any judge of a court of record, justice court, or municipal court having criminal jurisdiction in the county of such person's residence a verified petition, together with the receipt for the fee paid, setting forth in detail his need for operating a motor vehicle. Thereupon, if the petitioner has not been convicted of or has

not forfeited bail for any such offense or has not had his driver's license revoked for refusal to submit to a chemical test under the provisions of RCW 46.20.308 within one year immediately preceding the present conviction or bail forfeiture, which offense or circumstance of revocation in the opinion of the judge is not of such a nature as to preclude the granting of the petition, the judge may order the director to issue an occupational driver's license to such person. A certified copy of the petition together with the order for the license shall be mailed to the director. When the order is issued by such judge, a certified copy thereof shall be given to the petitioner which copy shall serve as a temporary occupational driver's license until the petitioner receives the license issued by the director.

An occupational driver's license shall permit the operation of a motor vehicle not to exceed twelve hours per day and then only when such operation is an essential part of the licensee's occupation or trade. Such license shall be issued for a period of not more than one year.

The order for issuance of an occupational driver's license shall contain definite restrictions as to hours of the day, type of occupation, areas or routes of travel to be permitted under such license and such other conditions as the judge granting the same deems appropriate and that satisfactory proof of financial responsibility has been filed as provided in chapter 46.29.

If such licensee is convicted for operating a motor vehicle in violation of his restrictions, or of a traffic violation which in the opinion of the director is such as would warrant suspension or revocation of such license, or if the judge does not, upon the facts, see fit to permit such person to retain his license, the director shall, upon receipt of notice thereof, revoke such license. Such revocation shall be effective as of the date of such violation, conviction or withdrawal order, and it shall continue with the same force and effect as other revocations under this title."

Re-number remaining sections consecutively.

Debate ensued.

POINT OF INQUIRY

Senator McCormack: "Would Senator Walgren yield to a question? Senator, does your amendment in any way amend the language of the implied consent initiative?"

Senator Walgren: "It does not."

Senator McCormack: "Senator Walgren, is there any chance that the amendments you have would tend to amend the law to the effect that we would require a two-thirds vote of the legislature?"

Senator Walgren: "It does not require a two-thirds vote on this amendment."

Senator McCormack: "What I am getting at is you are aware of the fact that to amend an initiative requires a two-thirds vote. We are not amending the language of the initiative. Are we amending the intent of the initiative?"

Senator Walgren: "I don't believe so. I was going to rise to speak to the remarks of Senator Peterson (Ted). He indicated that the people voted for this particular provision. I don't think the people considered this provision at all, that is whether or not an occupational license should be allowed in these circumstances. They did not vote on this. We are amending only the law as it relates to occupational drivers' licenses. We are not considering any amendment to the implied consent law."

PARLIAMENTARY INQUIRY

Senator McCormack: "Point of parliamentary inquiry. I would like to direct to the Chair the question of whether this amendment does in effect amend the implied consent law in any way and if so we would get into the constitutional question of requiring a two-thirds vote?"

Debate ensued.

POINT OF ORDER

Senator McCormack: "Point of order. I would submit notwithstanding the remarks by Senator Walgren and Senator Woodall that the effect of this amendment would be to amend the implied consent law by providing an occupational license in effect removing the suspension of the license provided in the implied consent law. Under Article II, section 4, this would require a two-thirds majority vote of both houses of the legislature."

RULING BY THE PRESIDENT

The President: "The President in ruling on the point as presented by Senator McCormack, the President does not believe that the amendment proposed by Senator Walgren in effect amends Initiative Measure 242."

Senators Day, Walgren and Woodall demanded the previous question and the demand was sustained.

Senator Washington demanded a roll call and the demand was sustained by Senators Henry, Greive, McCormack, Ridder, Day, Odegaard, Metcalf, Faulk, Canfield and Andersen.

MOTION

On motion of Senator Greive, Senator Dore was excused.

Senators Mardesich, Greive and Metcalf demanded a Call of the Senate.

A Call of the Senate was ordered.

On page 2, line 1 of the proviso after "except" strike "pickup" and after "trucks" insert "not exceeding 5000 pounds empty scale weight"

The motion by Senator Canfield carried and the amendment by Senators Canfield and Day as amended was adopted.

POINT OF INQUIRY

Senator Mardesich: "Would Senator Washington yield to a question? Senator, in view of the broad scope of this bill and in view of section 21 relating to the creation of a new division within the state highway commission, would an amendment such as this relating to the transportation department be in conflict with your thinking on the bill?"

Senator Washington: "Oh, I think it might stretch it a little."

MOTION

Senator Lewis (Harry) moved that Substitute Senate Bill No. 724 be made a special order of business immediately following the noon recess.

POINT OF INQUIRY

Senator Durkan: "Would Senator Lewis (Harry) yield to a question? Senator, what was the statute that was passed in the regular session?"

Senator Lewis (Harry): "I have asked our caucus attorney to start checking for me all calendar bills to make sure that this doesn't occur and he started this morning. He discovered, I believe he told me it was section 74. I don't have any more information than that but I will have it for you right after lunch. He had advised me that he is working to

prepare this amendment now and it is just to refer to the title on a bill that was passed earlier. I believe it was section 74. I am late on this but I feel that we should make this technical change if we can just wait until after lunch. I have no reason at all to hold it up for any other reason or if you can give me a minute now I can run up to the room."

Senator Durkan: "I have no objection now. I was just thinking if this is a technical correction that Representative Leland I am sure will be making several and it might be done in the House."

The motion by Senator Lewis (Harry) carried, and Substitute Senate Bill No. 724 was ordered held until after the noon recess.

SECOND READING

SUBSTITUTE SENATE BILL NO. 724, by Committee on Highways: ,
Providing the 1969 highway act.

SPECIAL ORDER OF BUSINESS

The time having arrived, the Senate resumed consideration of Substitute Senate Bill No. 724 on second reading.

On motion of Senator Canfield, the following amendment to the title was adopted:

On page 4, line 3 of the title, after "664;" insert "amending section 15, chapter 142, Laws of 1915 as last amended by section 1, chapter 118, Laws of 1967 ex. sess. and RCW 46.16.070;"

RULING BY THE PRESIDENT

In ruling on the point of order as raised by Senator Uhlman, the President finds that Substitute Senate Bill No. 724 is a measure which pertains to highway legislation. The subject of highway legislation is broad and historically this body has acted upon highway legislation in the form of omnibus bills which contain many sections of various scopes, objects and purposes. Rule 62 of the Senate rules would prohibit some of the sections from being added to the bill in the form of amendments, but the President must base his decision solely on the principle contained in Rule 59, as applied to a substitute bill. Although the President does not necessarily subscribe to this method of passing highway legislation and does not purport to pass on the constitutionality of Substitute Senate Bill No. 724 in its present form, the President does believe that the bill as it has been amended by the Senate does contain only matters pertaining to the broad general subject of highways. The point of order is, therefore, not well taken.

On motion of Senator Henry, the rules were suspended, Engrossed Substitute Senate Bill No. 724 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Talley: "Would Senator Mardesich yield to a question? Senator, would you be in a position to say why?"

Senator Mardesich: "I see the act declares an effective date of July 1 and has no emergency clause and this would be shorter than the ninety-day period."

Senator Talley: "It was an amendment bringing it up, Senator."

Senator Mardesich: "That still isn't ninety days. As I recall the amendment was July 15 and that is still not ninety days. It would have to be July 30th. Today is the thirtieth, is it not? At least all I was doing was holding this over so we could check that out."

SENATE JOINT MEMORIAL NO. 3, by Senators Canfield, Atwood and Bailey:

Providing for return to the states of three percent of federal income tax collected therein.

REPORT OF STANDING COMMITTEE

March 28, 1969.

SENATE JOINT MEMORIAL NO. 3, providing for return to the states of three percent of federal income tax collected therein (reported by Committee on Ways and Means):

MAJORITY recommendation: Do pass with the following amendments:

On page 1, line 22, after "state," and before "an" insert "on a per capita basis"

On page 1, line 23, after "collected" and before "for" strike "from each state."

Signed by: Senators Durkan, Chairman; Andersen, Atwood, Bailey, Canfield, Donohue, Dore, Faulk, Foley, Greive, McCormack, Marquardt, Metcalf, Newschwander, Odegaard, Pritchard, Ridder, Ryder, Sandison, Stortini, Twigg, Uhlman, Williams, Wilson.

On motion of Senator McCormack, the committee amendments were adopted.

On motion of Senator McCormack, the rules were suspended, Engrossed Senate Joint Memorial No. 3 was advanced to third reading, the second reading considered the third, and the memorial was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator Woodall: "Would Senator Canfield yield to a question? Senator, if we have Congress tax us, then hand the money back to us, then we won't have to vote an income tax on the state level, will we? We will have Congress tax us, take it away from us then ship it back to us and then that way we won't have to tax ourselves with an income tax."

Senator Canfield: "Does that require an answer, Mr. President?"

REPLY BY THE PRESIDENT

The President: "Not if you don't want to, Senator Canfield."

Senator Canfield: "I would say though, Mr. President, that we are following in a sense that principle which Senator McCutcheon has briefly discussed in sharing state revenues with various lesser bodies in the state, Senator. I think that that is a commendable practice if we do have the money and foresight to do it. I don't think we should refrain from doing so."

POINT OF INQUIRY

Senator Holman: "Would Senator McCutcheon yield to a question? Senator, could you explain to us how you rationalize your position? Senate Joint Memorial No. 6 has to do

with post office employees and what you want Congress to do about it and Senate Joint Memorial No. 8 has to do with coking coal."

Senator McCutcheon: "Yes, we expressed our pious desire as you often do, Senator, that they do something about the coal down in Centralia. I remember that one. I still recognize that that is perhaps calling it to their attention but it is still a sewing circle resolution and you know it and it doesn't get into the business of heavy finance.

"Now, we could memorialize Congress to adopt the Holman amendment to our tax bill and ask them to send to us by pony express or by the most convenient method, something to implement it in the way of financing. I don't think it would get us anywhere. I think we are mixing it up. There are a large number of memorials and I have sponsored one or two. You are not looking at a guiltless man when you are looking down the aisle at me and you don't need to shake your locks at me either."

Senator Holman: "You would think that I would have learned by one hundred days not to ask Senator McCutcheon a question."

MESSAGES FROM THE GOVERNOR

Office of the Governor, April 30, 1969.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

GENTLEMEN:

I have the honor to advise that Governor Evans has approved the following Senate Bill, entitled:

SENATE BILL NO. 95: Authorizes granting of certain doctorate degrees at Western Washington State College.

Sincerely,
JOHN SHERWOOD
Legislative Counsel.

Office of the Governor, April 30, 1969.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

GENTLEMEN:

I have the honor to advise that Governor Evans has approved the following Senate Bills, entitled:

SENATE BILL NO. 311: Providing for advance right-of-way acquisition and costs.

SENATE BILL NO. 387: Allowing police officers to arrest a person who committed certain misdemeanors though the act was not in the officers' presence.

SUBSTITUTE SENATE BILL NO. 569: Distributing certain justice court income.

Sincerely,
JOHN SHERWOOD
Legislative Counsel.

Office of the Governor, April 30, 1969.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

GENTLEMEN:

I return herewith without my approval as to one item, ENGROSSED SENATE BILL NO. 113, entitled:

"An Act relating to counties."

This bill raises the salaries of the county prosecutors and requires full time prosecuting attorneys for nine more counties.

The legal affect of section 1(3) of the bill is to provide that the salaries of part-time prosecutors in all but fourth class counties will receive a basic salary of \$6,000.00 and an additional \$500.00 for each judge of the superior court in the county's judicial district. The practical affect is that two part-time prosecutors, one for a fifth class county and one for a ninth class county, will receive \$7,000.00. Except for fourth class counties, these two salaries are substantially higher than the salaries of part-time prosecutors of any other county, many who represent more people than the prosecutors of the single fifth and single ninth class county. I have, therefore, vetoed the item in section 1(3) establishing a formula for determining the salaries of part-time prosecutors. This will set the salary for all part-time prosecutors for counties other than fourth class counties at \$6,500.00. Under section 1(1), prosecutors in fourth class counties will receive \$10,000.00 per year.

I urge the legislature to consider the status and salaries of part-time prosecutors at the earliest opportunity at the next session. Every effort should be made to provide every county with the services of a full-time prosecutor.

With the exception of that certain item in section 1(3) which I have vetoed, the remainder of Engrossed Senate Bill No. 113 is approved.

Respectfully submitted,
DANIEL J. EVANS
Governor.

LOYALTY DAY MESSAGE

With leave of the Senate, business was suspended to permit Senator Reuben Knoblauch to address the Senate on Loyalty Day as follows:

"Mr. President and members of the Senate, some of you this morning must have wondered as you drove up the avenue here on the way to the capitol building, why the flags were being displayed. Well, let me tell you that today is a day set aside by the Veterans of Foreign Wars to proclaim Loyalty Day, a day to counteract the demonstrations in other parts of the world in opposition to the American way of living, a day to tell our young Americans who are burning flags, who are burning their draft cards, who are demonstrating at colleges against the American way of life, that we do have a wonderful place in which to live and that we are lucky to live in America.

"Just a few weeks ago I was chosen as one of two hundred people to attend the memorial services aboard the U.S.S. Arizona at Pearl Harbor and I couldn't help but think back just a few years where I was on December 7, 1941 at 7:55 a.m. when the first bombs were dropped on Pearl Harbor. I couldn't help but think that more than 2,400 men gave their lives that day in Hawaii, and on this beautiful memorial is a large marble slab with the names listed of the 2,400 men who died that day at Pearl Harbor. This beautiful new white marble memorial is constructed over the sunken and famous U.S.S. Arizona, where lie entombed the bodies of 1,102 of our young men. After this terrible day, I realized even more than before that there were 1,102 sets of parents, brothers and sisters, wives and children, and other relatives who never again would see these loved ones who died on that day of infamy.

"In 1961 I made a return trip to the South Pacific to visit my stations of World War II. I visited the City of Tokyo, now rebuilt, but almost totally destroyed when I arrived there on September 2, 1945. I visited the City of Manila, another city I had seen almost wiped off the map, and went on to Australia to visit my wartime camp and to visit many friends. As long as I live, I shall never forget my visit to the very beautiful and inspiring American Cemetery in Manila. There is a huge hemicycle of large slabs of marble and as you walk around the immense circle, on each side of you, chiseled in large figures, last name first, first name, branch of service and home state, are the names of 34,000 of our young Americans missing in action in the Southwest Pacific. This is hard to comprehend, and to know the tragedy brought to the hearts of so many families of these young men who did not return home after World War II. At this American Cemetery, beautifully kept by our Government, were the graves of 17,000 of our American boys, who gave their lives so that America might live, 17,000 crosses. It was a sight I shall never forget. I forgot to mention that I took the

picture of the name of George Perkins, one of Sumner's finest young men, whose name was amongst those 34,000 mentioned previously.

"Last Sunday I gave a speech at the Sumner City Park on Loyalty Day, and sitting next to me was one of our finest young men, age 21, who lost both legs at Viet Nam. This boy now has wooden legs and he uses crutches, and not once have I heard this former Sumner star athlete complain about the sacrifice he has made. I saw him a few months ago at Madigan Hospital when I was there trying to cheer the boys up at Christmas time and I saw him in a wheelchair, with no legs and he was all smiles because the next day his new legs were going to arrive and he knew that he was going to learn to walk again and he knew that he could learn how to ski again. What a wonderful attitude for a man to have that gave both legs, and yet on our campuses today in America, you know what is going on, and so on Loyalty Day we have so much to be thankful for. We have the right to say what we want. We have the right to go to the church of our choice or not to any church. We have the right to buy what we want. We don't have to stand in line, we can buy what we want. We have the right to drive from Olympia to Podunk and from Maine to Florida without having to get the permission of our government. We have so many things to be thankful for and let me assure you, gentlemen of the Senate and guests in the gallery, that we are so lucky to live in America.

"Now, how can you on Loyalty Day show your gratitude to your country and to the fact that you live here in America? First I would say the most important thing would be to take an active part in government. I would say then that you should be ready at all times to answer those people who are very quick to criticize what we have in our country and one of the main things that I would say you could do to show your gratitude to your country would be to display your flag on holidays. I have driven up the streets of Sumner on purpose on the Fourth of July, Memorial Day and Veterans' Day just to see how many people have displayed their flags, who are showing their gratitude to live in America, and let me tell you it is disappointing to see that only a few people have indicated their gratitude to those who gave their lives so that all of us may enjoy the privileges of being an American. We can buy everything in the world but we don't have the money nor the time to display the flag of our country.

"I saw at Pearl Harbor at the Punchbowl Cemetery along with the many thousands of graves of those boys brought home from World War II, the open graves ready for the bodies of the boys coming from Viet Nam, men again who have given their lives to know that the world can be free, men who knew that if the Communists take over southeast Asia or take over Viet Nam, all of southeast Asia goes to the Communists, open graves for young Americans who have given their lives so that democracy might live. Yes, I saw many graves at this very beautiful and impressive cemetery.

"I couldn't help but think of the day I spent at the Rest and Recreation Center in Hawaii, in which I went to the airport to watch a planeload of 169 of our fine American men arriving on American soil, coming straight from the front lines of Viet Nam more than 10,000 miles away, and the happy smiles on their faces when they greeted their wives and their children, their mothers and fathers, and then a few hours later I stood alongside the graves and the open graves of men who did not come home to greet their loved ones at a reunion for five days in Honolulu. I knelt beside those graves to say a silent prayer for their souls, and a prayer of thanks for the terrible sacrifice that they had made.

"Gentlemen, we are so lucky to live in America and I hope that today, May 1st, Loyalty Day, all day long in your mind you are going to remember that thousands of our young men gave their lives so that you and I might be free, and I want you to say to yourselves all day long, 'I am lucky to live in America'.

"Thank you very much."

MOTION

At 10:20 a.m., on motion of Senator Greive, the Senate was declared to be at ease.
The President called the Senate to order at 10:35 a.m.

The member so retired hereafter shall be paid from the fund during his lifetime a pension equal to fifty percent of the amount of salary at any time hereafter attached to the position held by the retired member for the year preceding the date of his retirement: PROVIDED, That, except as to a position higher than that of captain held for at least three calendar years prior to the date of retirement, no such pension shall exceed the amount equivalent to fifty percent of the salary of captain, and all existing pensions shall be increased to not less than one hundred fifty dollars per month as of July 1, 1957: PROVIDED FURTHER, That a person hereafter retiring who has served as a member for more than twenty-five years, shall have his pension payable under this section increased by two percent of his salary per year for each full year of such additional service to a maximum of five additional years.

Whenever any person, while serving as a policeman in any such city becomes physically disabled by reason of any bodily injury received in the immediate or direct performance or discharge of his duties as a policeman, or becomes incapacitated for service, such incapacity not having been caused or brought on by dissipation or abuse, of which the board shall be judge, the board may, upon his written request filed with the secretary, or without such written request, if it deems it to be for the benefit of the public, retire such person from the department, and order and direct that he be paid from the fund during his lifetime, a pension equal to fifty percent of the amount of salary at any time hereafter attached to the position which he held in the department at the date of his retirement, but not to exceed an amount equivalent to fifty percent of the salary of captain [(.)] *except as to a position higher than that of captain held for at least three calendar years prior to the date of retirement in which case as to such position the provisions of section 1 of this 1969 amendatory act shall apply*, and all existing pensions shall be increased to not less than one hundred fifty dollars per month as of July 1, 1957 [, except as to a position higher than that of captain held for at least three calendar years prior to the date of retirement in which case as to such position the provisions of section 36 of this 1969 amendatory act shall apply]: PROVIDED, That where, at the time of retirement hereafter for disability under this section, such person has served honorably for a period of more than twenty-five years as a member, in any capacity of the regularly constituted police department of a city subject to the provisions of this chapter, the foregoing percentage factors to be applied in computing the pension payable under this section shall be increased by two percent of his salary per year for each full year of such additional service to a maximum of five additional years.

Whenever such disability ceases, the pension shall cease, and such person shall be restored to active service at the same rank he held at the time of his retirement, and at the current salary attached to said rank at the time of his return to active service.

(3) Upon making such payments as are provided for in subsection (1), the employer shall be subrogated to all rights of the member against any third party who may be held liable for the member's injuries to the extent necessary to recover the amount of payments made by the employer.

PARLIAMENTARY INQUIRY

Senator Holman: "Parliamentary inquiry. There are numerous amendments on the Secretary's desk and my point of parliamentary inquiry is how shall the Chair take them up. Some of them are long and some of them are short. I think we need to have some sort of a procedure developed to take them up in order."

REPLY BY THE PRESIDENT

The President: "Senator Holman, the President has been advised by the Secretary that the procedure to be followed will be that Senator Greive's motion will be considered first and then your amendment will be considered and then as they appear on the resolution in order. The President hopes that is clear."

Senator Greive moved adoption of the following amendment by Senators Greive, Donohue, Day, Ridder, Herr, Peterson (Lowell), Connor and Odegaard:

On page 1, line 8 after "(1)" and before "Except as" insert "*Nothing in this section shall infringe upon the right of the people to initiate laws pursuant to powers reserved to them by Article II, section 1 of this Constitution.*"

On page 3, line 17, beginning with "*PROVIDED FURTHER,*" strike all the matter

down to and including the period after "petition" on line 23 and insert "PROVIDED FURTHER, That one of the types of tax herein specified first to take effect pursuant to this amendment may be changed to one of the other types of tax as follows: (i) By a majority of at least sixty percent of the members elected to each of the two houses of the legislature, in which case the bill making such change may be referred to the people by the legislature for their approval or rejection or shall be subject to referral to the people by referendum petition; or (ii) Pursuant to an initiative petition filed and acted upon in accordance with Article II, sections 1 and 1(A) of this Constitution, and laws enacted to facilitate its operation."

Debate ensued.

POINTS OF INQUIRY

Senator Stender: "Would Senator McCormack yield to a question? Senator McCormack, I don't know if I understood you correctly. You are talking about the different types of tax here. Are you referring to subsection (a)?"

Senator McCormack: "Yes, I am referring to lines 5 down to about line 15 on page 3."

Senator Stender: "Then under the present proposal it is in this particular House Joint Resolution that is being stricken by this amendment, there is already a referendum in there, is there not?"

Senator McCormack: "By sixty percent majority of both houses. This is what the amendment would modify."

Senator McCutcheon: "Would Senator Ryder yield to a question? Senator, the words that you use with reference to this referral, you say that we have not modified the right of referendum by the people. Now you read in line 17 'PROVIDED FURTHER, That one of the types of tax herein specified first to take effect pursuant to this amendment may be changed to one of the other types of tax only by a majority of at least sixty percent of the members elected to each of the two houses.'

"I am now referring to what could be done if authorized by House Joint Resolution No. 42. That is a restriction. It is an abridgement of the present law, is it not? Is that the only way you can do it? They don't say that the second power reserved by the people shall be reserved only in a certain way but it does restrict it here providing I am reading my language correctly. That is my question."

Senator Ryder: "The question is whether or not there is a restriction here, you mean?"

Senator McCutcheon: "Yes."

Senator Ryder: "Certainly there is a restriction. There is a restriction in our present Constitution which says that it takes two-thirds of both houses to amend it and a reference to the people. This says that it must take sixty percent to amend this particular section if it goes into the Constitution. At the same time then it may or may not be referred to the people by the legislature but if they do not refer it then the people have a right to get up a petition which would take about fifty thousand signatures and refer it themselves. So we are keeping within the Constitution through House Joint Resolution No. 42 restrictions on the amendment to the Constitution which is only just a small amount less than the present restriction on the rest of the Constitution."

Senator McCutcheon: "Just a small amount, is that right?"

Senator Ryder: "That is correct."

Senator Woodall: "Would Senator Washington yield to a question? Senator, you made a remark that this impinges the right of initiative, I believe. Is that your statement? Those of you who voted the other day not to submit clean to the voter the matter of holding the real estate tax down to twenty-five percent, you kind of impinged on the right of initiative just a little bit."

Senator Washington: "No, we didn't."

Senator Woodall: "You feel that you have a right in that instance not to trust the voters to vote on a clean-cut matter?"

Senator Washington: "I have a perfect confidence in submitting a well-rounded complete constitutional package to the people for them to adopt. Not a piecemeal, willy-nilly type of approach but a well thought out complete tax program. In other words, I oppose giving them your-cake-and-eat-it-too approach. I think if we are going to cut taxes, they should also face up to the responsibility of adding some additional taxes to take the place of that which we cut. I think that we are entitled to give them a package which cuts but at the same time a complete package which allows them to put back something in a form more to their liking and I feel we have the right to give them a whole package."

Senator Woodall: "In other words, you reserve the right to decide what is a rounded out program to hand to them?"

Senator Washington: "This is the right that has been given us by the Constitution to attempt to put out something that we feel will take care of the entire financial program of the state of Washington. We don't have to send out to the people a package that we are convinced is only going to, by itself, perhaps put us into difficulty."

Senator Woodall: "Nor do we have to send out the particular package that you are now proposing."

Senator Washington: "No, and very possibly if two-thirds of the people don't agree with me, we won't do it."

Senator Woodall: "Have you carefully studied this proposed amendment?"

Senator Washington: "I believe I have."

Senator Woodall: "Are you not stating when you pass this that by initiative the B&O tax could be put on some of the farmers over in your country?"

Senator Washington: "I believe this is absolutely true. If the majority of the people feel that the farmers should have the B&O tax, they could pass out a petition and they could put it on the ballot and the majority of the people could put a B&O tax on the farmers right now."

Senator Woodall: "I was very hopeful of getting an answer. I got more than I asked for. I asked for an answer and I got a speech."

Senator Washington: "Senator Woodall, I was trying to get the floor to make that speech and you just helped me out."

Senator Metcalf: "I have a question for any member, perhaps Senator McCutcheon or Senator Greive. I haven't made up my mind how I am going to vote on this issue. This is a real tough one for me. Right now does the power of initiative extend to tax laws? That is, can the people now initiate new taxes or remove taxes by the initiative process?"

Senator Greive: "Yes."

Senator Metcalf: "If this amendment is adopted that would still apply?"

Senator Greive: "Yes."

Senator McCutcheon: "I would like to clarify that a little bit and in answer to Senator Atwood awhile ago, the words I read in lines 20 and 21 are that any law enacted under this House Joint Resolution No. 42 may be referred to the people by the legislature. Now the people heretofore, have never had to come up and ask us whether or not they could refer one of our acts. They just went ahead and did it so I claim that you have deprived them of the right of referendum because that is the second right reserved to the people."

"Getting back to your initiative, of course you don't propose constitutional amendments by initiative but I remember when I came to the legislature about 1941 we were initiating the forty mill limit and we did it every two years so they couldn't repeal it within the two years and we did that time and time again. Matters of taxation as statutes, not in the Constitution but finally they came around to it and put it in as a constitutional amendment so they wouldn't have to go out and get the signatures every two years."

"That is the history if that helps you any, Senator Metcalf, in making up your mind how to vote here. Just follow your good conscience and do what you know the people want you to do here. They want the right reserved, I can tell you that."

Further debate ensued.

Senator Peterson (Lowell) moved adoption of the following amendment to the amendment by Senators Greive, Donohue, Day, Ridder, Herr, Peterson (Lowell), Connor and Odegaard:

On line 7 of the second part of the amendment, strike the following matter: "*of at least sixty percent*"

Debate ensued.

POINT OF INQUIRY

Senator Pritchard: "Would Senator Peterson (Lowell) yield? Senator, is it your intention then and your wish that all constitutional amendments should go out of this body and out of the House on a straight fifty percent vote?"

Senator Peterson (Lowell): "I would think that when these measures have to go to the people for their ratification that this is the fair and equitable way of enacting legislation that could be had. Yes, this would be my position."

Further debate ensued.

The motion by Senator Peterson (Lowell) failed and the amendment to the amendment was not adopted on a rising vote.

Senators Greive, Durkan and Bailey demanded the previous question and the demand was sustained.

Senator Greive demanded a roll call and the demand was sustained by Senators Bailey, Uhlman, Donohue, Metcalf, Faulk, Peterson (Lowell), Wilson, Connor and Odegaard.

ROLL CALL

The Secretary called the roll and the amendment by Senators Greive, Donohue, Day, Ridder, Herr, Peterson (Lowell), Connor and Odegaard was adopted by the following vote: Yeas, 28; nays, 21.

Voting yea: Senators Connor, Cooney, Day, Donohue, Dore, Durkan, Foley, Greive, Guess, Henry, Herr, Holman, Keefe, Knoblauch, McCormack, McCutcheon, Mardesich, Odegaard, Peterson (Lowell), Ridder, Sandison, Stender, Stortini, Talley, Uhlman, Walgren, Washington, Wilson—28.

Voting nay: Senators Andersen, Atwood, Bailey, Canfield, Elicker, Faulk, Gissberg,

Huntley, Lewis (Brian), Lewis (Harry), McDougall, Marquardt, Matson, Metcalf, Newschwander, Peterson (Ted), Pritchard, Ryder, Twigg, Williams, Woodall--21.

Senator Dore moved adoption of the following amendment by Senators Dore, Donohue, Walgren, Connor, Herr, Greive, Day, Peterson (Lowell) and McCutcheon:

On page 1, beginning with "Article VII," in line 8 strike all of the matter down to and including the period after "state" on page 4, line 20 and insert the following:

"Article VII, section 2. (1) Except as hereinafter provided and notwithstanding any other provision of this Constitution, the aggregate of all tax levies upon real and personal property by the state and all taxing districts now existing or hereafter created, shall not in any year exceed [forty mills on the dollar of assessed valuation, which assessed valuation shall be fifty] one per centum of the true and fair value of such property in money: PROVIDED, HOWEVER, That nothing herein shall prevent levies at the rates now provided by law by or for any port or public utility district.

The term 'taxing district' for the purposes of this section shall mean any political subdivision, municipal corporation, district, or other governmental agency authorized by law to levy, or have levied for it, ad valorem taxes on property, other than a port or public utility district. Such aggregate limitation or any specific limitation imposed by law in conformity therewith may be exceeded only

(a) By any taxing district when specifically authorized so to do by a majority of at least three-fifths of the electors thereof voting on the proposition to levy such additional tax submitted not more than twelve months prior to the date on which the proposed levy is to be made and not oftener than twice in such twelve month period, either at a special election or at the regular election of such taxing district, at which election the number of persons voting on the proposition shall constitute not less than forty per centum of the total number of votes cast in such taxing district at the last preceding general election: PROVIDED, HOWEVER, That, during the time there is imposed a state income tax on individuals and corporations, the provisions of this paragraph (a) shall not be deemed to permit the submission of such proposition to levy an additional tax by any school district for purposes of maintenance and operation unless the governing body of such school district, prior to the adoption of the proposition, shall have determined in accordance with regulations prescribed by the superintendent of public instruction, such determination to be so stated in the proposition, that funds theretofore appropriated by the legislature, and distributable in accordance with applicable law to such school district during the year during which the additional tax would be payable, are insufficient together with other revenues available to such districts to maintain and operate the district during such year at a level at which the average annual expenditure per student for such year is less than six percent greater than the average annual expenditure per student for the preceding year, and in no event shall such additional tax exceed the lesser of (i) the amount of additional tax required to maintain and operate the district at such level, or (ii) the amount of tax permitted to be levied by such district for such year without submission to the electors thereof;

(b) By any taxing district otherwise authorized by law to issue general obligation bonds for capital purposes, for the sole purpose of making the required payments of principal and interest on general obligation bonds issued solely for capital purposes, other than the replacement of equipment, when authorized so to do by majority of at least three-fifths of the electors thereof voting on the proposition to issue such bonds and to pay the principal and interest thereon by an annual tax levy in excess of the limitation herein provided during the term of such bonds, submitted not oftener than twice in any calendar year, at an election held in the manner provided by law for bond elections in such taxing district, at which election the total number of persons voting on the proposition shall constitute not less than forty per centum of the total number of votes cast in such taxing district at the last preceding general election: PROVIDED, That any such taxing district shall have the right by vote of its governing body to refund any general obligation bonds of said district issued for capital purposes only, and to provide for the interest thereon and amortization thereof by annual levies in excess of the tax limitation provided for herein: AND PROVIDED FURTHER, That the provisions of this section shall also be subject to the limitations contained in Article VIII, Section 6, of this Constitution;

(c) By the state or any taxing district for the purpose of paying the principal or interest on general obligation bonds outstanding on December 6, 1934; or for the purpose of preventing the impairment of the obligation of a contract when ordered so to do by a court of last resort.

(2) Notwithstanding any other provision of this Constitution, the legislature shall have the power,

(a) To impose a tax upon income from whatever source derived, at a rate or rates in excess of that permitted by subsection (1) of this section: PROVIDED, That the first income tax statute to take effect pursuant to this amendment shall impose one of the following types of taxes based upon income: Type (1)—a tax upon income of all taxpayers at one single uniform rate; or Type (2)—a tax at a single uniform rate upon the income of corporations which may be different from the single uniform rate imposed upon other income; or Type (3)—a tax which may be graduated as to rates and in which the graduated rates applicable to income of corporations may be different from the graduated rates applicable to other income: PROVIDED FURTHER, That the electorate shall determine the type of tax which the legislature is authorized to impose by a proposition submitted to them at the election at which this constitutional amendment is submitted, which ballot

proposition shall be prepared by the secretary of state in such a manner that the electorate may determine which of the three types of income tax above enumerated shall be imposed: AND PROVIDED FURTHER, That thereafter the type of tax then currently in force may be changed to one of the other types of tax only by a simple majority elected to each of the two houses of the legislature and may thereafter be referred to the people by the legislature for their approval or rejection or shall be subject to referral to the people by referendum petition.

(b) To provide for allowance of credits, exclusions, inclusions, exemptions, and deductions to be used in determining the amount of income subject to tax or in computing such tax: PROVIDED, That a personal exemption of at least six hundred dollars shall be allowed to each taxpayer and dependent; and to provide further for direct payments to an individual or corporation to the extent that (i) insufficient income tax liability exists for full application of an otherwise applicable credit, and (ii) such credit is granted for the purpose of providing direct or indirect relief from other state or local taxes;

(c) To coordinate the administration and collection of state income taxes with the income tax laws and procedures of the United States, and to delegate to such state administrators as it may designate the authority to prescribe the means of coordination of state and United States tax laws and methods for the allocation of income for taxing purposes. The legislature may adopt by reference any federal statutes relating to the determination of taxable income, as existing at time of adoption and as amended from time to time.

During the time there is imposed a state net income tax on individuals, no tax shall be imposed upon the retail sale, use or consumption of food and food items sold for human consumption off the premises where sold or of prescription drugs: PROVIDED, HOWEVER, That the legislature shall have the power by appropriate legislation to define the terms "food", "food items" and "prescription drugs" for the purpose of this exemption: PROVIDED FURTHER, That the legislature shall have the power by appropriate legislation to impose a retail sales tax on food items and to allow such amounts as it may determine as a credit against any state net income tax.

During the time there is imposed a state net income tax upon the income of individuals and corporations, the full amount of any tax imposed by the state upon an individual or corporation for the act or privilege of engaging in business activity and measured by gross income or receipts shall be allowed as a credit against any state net income tax liability incurred by such individual or corporation. Such credit shall be given only for the year in which the tax upon such activity is imposed and shall not be carried over to a succeeding year or years. The legislature shall provide by law for the apportionment of tax liability for the purposes of such credit:

BE IT FURTHER PROVIDED, That the foregoing amendment shall be construed as a single amendment within the meaning of Article XXIII, section 1 (Amendment 37) of this Constitution.

The legislature finds that the changes contained in the foregoing amendment constitute a single integrated plan for a balanced revision of the tax structure for state and local government. It is the intention of the legislature that in the event the foregoing amendment is held to be separate amendments, this house joint resolution shall be void in its entirety and shall be of no further force and effect.

BE IT FURTHER RESOLVED, That the secretary of state shall cause the proposition whereby the electorate shall be given the opportunity to choose the type of income tax which the legislature is first authorized to impose to be prepared and placed upon the same ballot upon which the foregoing amendment to authorize an income tax appears.

Each voter may vote for or against the adoption of this constitutional amendment, and whether he votes "yes" or "no" upon this issue he may further vote for the type of income tax which shall be first adopted by the legislature in order to implement this amendment.

The proposition for the adoption or rejection of this amendment and for the choice of the type of tax to be first imposed shall be presented on the ballot as follows:

"A. For the imposition of an income tax yes
no

B. The first income tax to be imposed by the legislature pursuant to this constitutional amendment shall be (vote for one)

Type 1 - A tax upon income of all taxpayers at one single rate and a tax at a single uniform rate upon the income of corporations which may be different from the single uniform rate imposed upon other income

Type 2 - A tax which may be graduated as to rates and in which the graduated rates applicable to income of corporations may be different from the graduated rates applicable to other income . . .

If the proposition for the imposition of an income tax shall be affirmed by a simple majority of the electors voting on the proposition, then the type of tax receiving a simple majority of all of the votes cast for the choice of the type of tax to be imposed, shall be the

type of income tax first imposed by the legislature: PROVIDED, That if none of the three types aforesaid shall receive such majority, then the two types receiving the highest number of votes shall again be presented to the electorate at the next general election or at a special election which may be called by the legislature for this purpose.

AND BE IT FURTHER RESOLVED, That the secretary of state shall cause notice of the foregoing constitutional amendment to be published at least four times during the four weeks next preceding the election in every legal newspaper in the state."

Debate ensued.

Senator Dore demanded a roll call and the demand was sustained by Senators McCormack, Greive, Bailey, Sandison, Stender, Walgren, Holman, Ridder and Foley:

ROLL CALL

The Secretary called the roll and the amendment by Senators Dore, Donohue, Walgren, Connor, Herr, Greive, Day, Peterson (Lowell) and McCutcheon was not adopted by the following vote: Yeas, 11; nays, 38.

Voting yea: Senators Connor, Day, Dore, Greive, Herr, McCutcheon, Mardesich, Peterson (Lowell), Talley, Walgren, Wilson—11.

Voting nay: Senators Andersen, Atwood, Bailey, Canfield, Cooney, Donohue, Durkan, Elicker, Faulk, Foley, Gissberg, Guess, Henry, Holman, Huntley, Keefe, Knoblauch, Lewis (Brian), Lewis (Harry), McCormack, McDougall, Marquardt, Matson, Metcalf, Newschwander, Odegaard, Peterson (Ted), Pritchard, Ridder, Ryder, Sandison, Stender, Stortini, Twigg, Uhlman, Washington, Williams, Woodall—38.

Senator Wilson moved adoption of the following amendment by Senators Wilson, Durkan and Donohue:

On page 1, beginning with "PRO-" on line 16, strike all the matter down to and including "this article" in line 19

The motion carried and the amendment was adopted.

There being no objection, Senator Durkan withdrew his pending amendment on the Secretary's desk to page 2, line 11.

Senator Stender moved adoption of the following amendment:

On page 2, line 11, after "election" insert "PROVIDED, That in any calendar year in which a tax upon net income is imposed by the state, school districts may not propose any special levy for maintenance and operations other than special school programs authorized by the people as a part of the special levy proposal.

Debate ensued.

POINTS OF INQUIRY

Senator McCormack: "Would Senator Stender yield to a question? Senator Stender, will you please explain to us the words 'other than special school programs authorized by the people as a part of the special levy proposal'?"

Senator Stender: "The proposed amendment outlaws the special levy for maintenance and operation except in the case where a special school program may be desired on the part of a school and with the approval of the people. Those levies could be run and it would of course be run and the people would be advised as to what the purpose of the levy was, particularly as to what program was to be carried by that type of funding."

Senator McCormack: "Well, Senator, isn't it true that voting on a special levy is what determines whether these programs should be authorized for the people?"

Senator Stender: "Yes, that is true but the program must be submitted as a program to the people requesting their authorization for the financing of it."

Further debate ensued.

POINTS OF INQUIRY

Senator Stender: "Would Senator Ridder yield to a question? Senator, in listening to your remarks are you telling us that it is your feeling that this tax reform is going to leave the school districts in the dire need of additional money to be raised by special levies?"

Senator Ridder: "I have a great fear that if we do not have tax reform in its ultimate you are not going to raise enough money. This is a great fear that we have. In our conservative sphere where the responsibility the people have to fund the services that we need in this state, we are going to back down and go easy on them to sell a package. By doing so we are going to do exactly what we have been doing for years, not supporting the services like we should."

Senator Stender: "Senator, one further question. If the door is left wide open under this proposal we have on our desks, wouldn't it be natural then that the schools would be compelled and the legislature would allow them to go back to the financing of schools by special levy?"

Senator Ridder: "Yes, but you got into this problem originally by putting on a forty mill limit and a sixty-forty provision. This was a limitation to hold down local school sources and you did this and what happened? Your sales tax started going up and then your special levies boiled out over it because the need was there to support and you couldn't support them so you went to these other regressive ways to do the supporting.

"We are asking here for reform to broaden the tax base to take the pressure off of the lower income groups and to spread out the cost of government and services over more people."

Further debate ensued.

Senator Canfield: "Would Senator Ridder yield to further question? Senator, I want to be sure I heard you correctly. I understood you to say in reply to Senator Stender's question that this bill, if passed, would yield \$155 million?"

Senator Ridder: "According to this sheet that I have, this is what it would yield."

Senator Canfield: "Senator Ridder, what I think you probably meant to say is that this bill in itself would yield nothing except as it is implemented by these two or something equivalent to that, is that not correct? The two of them are a package. What you are saying is the package as it is now will yield approximately \$155 million."

Senator Ridder: "Right. It is a package."

Senator Stender demanded a roll call and the demand was sustained by Senators Greive, Metcalf, Sandison, Stender, Newschwander, Faulk, Guess, Peterson (Lowell), Connor, Herr, and Talley.

ROLL CALL

The Secretary called the roll and the amendment by Senator Stender was not adopted by the following vote: Yeas, 15; nays, 34.

Voting yea: Senators Durkan, Elicker, Greive, Guess, Henry, Huntley, Lewis (Brian), McCutcheon, Marquardt, Matson, Metcalf, Newschwander, Peterson (Ted), Stender, Twigg—15.

Voting nay: Senators Andersen, Atwood, Bailey, Canfield, Connor, Cooney, Day, Donohue, Dore, Faulk, Foley, Gissberg, Herr, Holman, Keefe, Knoblauch, Lewis (Harry), McCormack, McDougall, Mardesich, Odegaard, Peterson (Lowell), Pritchard, Ridder, Ryder, Sandison, Stortini, Talley, Uhlman, Walgren, Washington, Williams, Wilson, Woodall—34.

Senator Day moved adoption of the following amendment:

On page 3, line 17, before "PROVIDED" and after the colon, insert "PROVIDED FURTHER, That the state taxable income shall be the same as federal taxable income:"

Debate ensued.

Senator Day demanded a roll call and the demand was sustained by Senators Metcalf, Herr, Stortini, Ridder, McCutcheon, Greive, Stender, Cooney, Bailey and Pritchard.

ROLL CALL

The Secretary called the roll and the amendment by Senator Day was not adopted by the following vote: Yeas, 18; nays, 31.

Voting yea: Senators Connor, Cooney, Day, Donohue, Greive, Guess, Herr, Keefe, McCutcheon, Marquardt, Newschwander, Peterson (Lowell), Peterson (Ted), Stortini, Talley, Twigg, Wilson, Woodall—18.

Voting nay: Senators Andersen, Atwood, Bailey, Canfield, Dore, Durkan, Elicker, Faulk, Foley, Gissberg, Henry, Holman, Huntley, Knoblauch, Lewis (Brian), Lewis (Harry), McCormack, McDougall, Mardesich, Matson, Metcalf, Odegaard, Pritchard, Ridder, Ryder, Sandison, Stender, Uhlman, Walgren, Washington, Williams—31.

Senator Durkan moved adoption of the following amendment:

On page 3, line 23, after the word "petition", strike the period and insert:

"PROVIDED FURTHER, That (1) In the event an income tax is imposed under Type (2) above on income of corporations at a higher rate than is applicable to other income under a single rate tax, then the Type (2) income tax shall not be levied upon the income of corporations which is derived from gross income or receipts used as the measure of any state tax upon the act or privilege of engaging in business activity, unless the full amount of the tax upon the act or privilege of engaging in business activity is allowed as a credit against the Type (2) income tax; and

(2) In the event an income tax is imposed under Type (3) above upon income at graduated rates, then the income tax shall not be levied upon income which is derived from gross income or receipts used as the measure of any state tax upon the act or privilege of engaging in business activity, unless the full amount of the tax upon the act or privilege of engaging in business activity is allowed as a credit against the Type (3) income tax."

Debate ensued.

POINT OF INQUIRY

Senator Canfield: "Senator Durkan, would you yield to a question? You have a lot of knowledge concerning them but in case we did go to these other taxes then do you have any estimate on fiscal impact?"

Senator Durkan: "Senator, the only answer that I can give you is that it would depend exactly upon the rate of the tax at the time that we moved from Type (1) to Type (2) and then you would have to determine the fiscal impact at that time."

Further debate ensued.

The motion by Senator Durkan failed and the amendment was not adopted on a rising vote.

Senator Odegaard moved adoption of the following amendment:

On page 4, line 6, after the period insert a new paragraph to read as follows:

"During the time there is imposed a state income tax on individuals the legislature shall have no power to impose a tax upon the retail sale of food and prescription drugs: PROVIDED, HOWEVER, That the legislature shall have the power: (a) to define the terms "food" and "prescription drugs" for purposes of this exemption; (b) to impose a tax upon the retail sale of food items, consumption of which is allowed on the premises of the seller, and (c) to provide, in lieu of this exemption, for a method of credits against net income tax liability, a method of sales tax refunds, or both, so as to effectively eliminate a tax upon the retail sales of food as a revenue source for the state."

Debate ensued.

POINTS OF INQUIRY

Senator Guess: "Would Senator Odegaard yield to a question? Senator, I have the estimated impact of House Bill No. 582 and House Joint Resolution No. 42 and I wonder if you had a computation made on what the fiscal impact of this amendment would be?"

Senator Odegaard: "I don't think there is any at all because it is already a part of the bill. It came over from the House as I understand it."

Senator Guess: "That is in the nature of a credit of fifteen dollars per capita in lieu of a food exemption and that was \$104 million but now you are going further than that and we are going to collect the sales tax off the tourists coming into the state on incidental food because they are not going to take a credit. It takes a person residing within the state for six months in order to be able to claim the per capita tax."

Senator Odegaard: "Senator Guess, section (c) of this amendment says that to provide in lieu of this exemption for a method of credit against the net income tax liability or method of sales tax refund or both would be up to the legislature to decide how they would want to handle that particular aspect."

Senator Guess: "You don't have the slightest idea what this would do?"

Senator Odegaard: "Not other than what is in that bill."

Senator Holman: "In answer to Senator Guess' question, the language of Senator Odegaard's amendment is identical language which I have prepared in an amendment you will have later. It is as he says, strictly written around the bill so there is no fiscal impact. What this does, it says that in the first place no sales tax on prescription drugs, giving the legislature the power to define those, and that of course is in House Bill No. 582.

"As far as food and food items are concerned it says that there shall either be no tax on them at all or you can have in lieu of that a method of exemption and this is in accordance with House Bill No. 582 which will eliminate as a revenue source sales tax on food and food items to the residents of the state thereby permitting the state constitutionally to tax food but not give a credit to non-residents. The fiscal impact that was shown to the Committee on Ways and Means last night on House Bill No. 582 is what this fiscal impact would be, as I read it."

Further debate ensued.

Senator Odegaard demanded a roll call and the demand was sustained by Senators Ridder, Dore, Wilson, Stortini, Greive, Herr, Uhlman, Donohue, Sandison, Stender, Metcalf, Holman and Pritchard.

ROLL CALL

The Secretary called the roll and the amendment by Senator Odegaard was adopted by the following vote: Yeas, 26; nays, 23.

NOTICE OF RECONSIDERATION

Having voted on the prevailing side, Senator Marquardt gave notice that he would at the proper time move for reconsideration of the amendment by Senator Odegaard that was adopted by the Senate.

POINT OF ORDER

Senator Greive: “Point of order. I would like to point out to the good Senator that there has been intervening business and if you will look at Rule 31 it points out that in case of reconsideration of an amendment it may be made at once. The reason for that is when you go on to other business it is almost impossible with each amendment.

“I would like to mention the distinction that we made last night. If you will remember in the case of Senator Durkan and Senator Lewis, we had a motion but we cut off with a motion to adjourn and the next day it was in the same position and I don’t think under our rules that this is a motion viable at this time.”

RULING BY THE PRESIDENT

The President: "The President in ruling upon the point of order as presented, the President believes that the assembly has the privilege and the right to perfect legislation as they see fit; therefore, the President believes that the motion by Senator Marquardt is in order."

On page 1, line 5, of the joint resolution, after "rejection," strike all matter down to and including the period on page 4, line 6, and insert:

"an amendment to Article VII of the Constitution of the state of Washington amending section 2 thereof, as amended by Amendment 17, so that said section will read as follows:

Article VII, section 2. *Limitations on Taxing Power.*

(1) *Income Taxation.*

Except as hereinafter provided and notwithstanding any other provision of this Constitution, no tax may be levied or imposed upon or measured by income. The legislature may for state purposes only, including the discharge of the duty imposed upon the state by Article IX, Section 1, of this Constitution, authorize a tax upon or measured by income from whatever source derived. Income shall not be deemed property within the meaning of this article, and a tax imposed upon or measured by income shall not be deemed an ad valorem tax. In carrying out the provisions hereof, the legislature is further authorized to enact appropriate legislation including the adoption by reference of applicable federal statutes as now existing and as from time to time hereafter amended, the delegation, to such state administrators as it may designate, of authority to promulgate regulations for administration and collection of such tax not inconsistent herewith, and provisions for direct payments to an individual or corporation to the extent that (a) insufficient income tax liability exists for full application of an otherwise applicable credit, and (b) such credit is granted for the purpose of providing direct or indirect relief from other state or local taxes. The rates of such tax on income, together with provisions for allowance of credits, exclusions, exemptions and deductions to be used in computing such tax or in determining the amount of income subject thereto, shall not be limited by this article or by any other provision of this Constitution, except that the amount of such credits, exclusions, exemptions and deductions may not be determined solely by the amount of income otherwise subject to tax, and such tax may be imposed only at a rate or rates which shall be single and uniform for (a) corporations, and (b) for taxpayers other than corporations, respectively: PROVIDED, HOWEVER, That the foregoing limitations as to rate or rates shall not apply if a majority of the electorate voting thereon shall approve a referendum bill suspending the operation of such limitation, which bill may be adopted by a simple majority of the members of each house at any legislative session and submitted by the legislature to the electorate at any general or special election, including the election at which this constitutional amendment is submitted to them, and such suspension shall remain in effect until such limitation is reinstated by the electorate pursuant to a subsequent referral: PROVIDED FURTHER, That in the event such referendum election shall not have been previously held, the secretary of state shall conduct a referendum election at the general election in November, 1972, to the same effect and in accordance with the same procedures thereunto applicable as in the case of a referendum bill adopted by the legislature pursuant to the foregoing proviso.

(2) *Property Taxation.*

Except as hereinafter provided and notwithstanding any other provision of this Constitution, the aggregate of all tax levies upon real and personal property by the state and all taxing districts now existing or hereafter created, shall not in any year exceed [forty mills on the dollar of assessed valuation, which assessed valuation shall be fifty] one per centum of the true and fair value of such property in money: PROVIDED, HOWEVER, That nothing herein shall prevent levies at the rates now provided by law by or for any port or public utility district. The term "taxing district" for the purposes of this section shall mean any political subdivision, municipal corporation, district, or other governmental agency authorized by law to levy, or have levied for it, ad valorem taxes on property, other than a port or public utility district. Such aggregate limitation or any specific limitation imposed by law in conformity therewith may be exceeded only

(a) By any taxing district when specifically authorized so to do by a majority of at least three-fifths of the electors thereof voting on the proposition to levy such additional tax submitted not more than twelve months prior to the date on which the proposed levy is to be made and not oftener than twice in such twelve-month period, either at a special election or at the regular election of such taxing district, at which election the number of persons voting on the proposition shall constitute not less than forty per centum of the total

number of votes cast in such taxing district at the last preceding general election: *PROVIDED, HOWEVER, That, during the time there is imposed a state income tax on individuals and corporations, the provisions of this paragraph (a) shall not be deemed to permit the submission of such proposition to levy an additional tax by any school district for purposes of maintenance and operation, if the amount of such additional tax in the year payable exceeds the amount of such tax permitted to be levied by such district for such year without submission to the electors thereof, unless the additional tax to the extent of such excess shall have been submitted to the electors as a separate proposition at such special or regular election and shall have been approved by a majority of at least two-thirds of such electors and such election otherwise meets the requirements of this paragraph (a);*

(b) By any taxing district otherwise authorized by law to issue general obligation bonds for capital purposes, for the sole purpose of making the required payments of principal and interest on general obligation bonds issued solely for capital purposes, other than the replacement of equipment, when authorized so to do by majority of at least three-fifths of the electors thereof voting on the proposition to issue such bonds and to pay the principal and interest thereon by an annual tax levy in excess of the limitation herein provided during the term of such bonds, submitted not oftener than twice in any calendar year, at an election held in the manner provided by law for bond elections in such taxing district, at which election the total number of persons voting on the proposition shall constitute not less than forty per centum of the total number of votes cast in such taxing district at the last preceding general election: *PROVIDED, That any such taxing district shall have the right by vote of its governing body to refund any general obligation bonds of said district issued for capital purposes only, and to provide for the interest thereon and amortization thereof by annual levies in excess of the tax limitation provided for herein: AND PROVIDED FURTHER, That the provisions of this section shall also be subject to the limitations contained in Article VIII, Section 6, of this Constitution;*

(c) By the state or any taxing district for the purpose of paying the principal or interest on general obligation bonds outstanding on [December 6, 1934] *the effective date of this amendment; or for the purpose of preventing the impairment of the obligation of a contract when ordered so to do by a court of last resort.*

(3) Excise Taxation.

During the time there is imposed a state income tax on individuals, no tax shall be imposed upon the retail sale, use or consumption of food and food items sold for human consumption off the premises where sold or of prescription drugs: PROVIDED, HOWEVER, That the legislature shall have the power by appropriate legislation: (a) to define the terms "food", "food items" and "prescription drugs" for the purpose of this exemption; and (b) to provide, in lieu of this exemption as to food and food items, for a method of credits against income tax liability, a method of sales tax refunds, or both, so as effectively to eliminate as a revenue source for the state and its political subdivisions a tax upon the retail sale of food and food items to the residents thereof. Any tax imposed by the state upon the retail sale, use or consumption of tangible personal property shall be established at a rate which is equal to either (a) the same rate as that applicable to individuals under a state income tax, if such tax is then subject to the limitation of a single uniform rate as required in subsection (1) of this section, or (b) one-half of the difference between the lowest and highest rates applicable to individuals under a state income tax, if such tax is not then subject to such limitation: PROVIDED, That nothing herein shall prevent the legislature from providing for the exemption of certain types of property, services or transactions from such sales or use tax. Nothing contained in this article shall be deemed to limit the power of the state or its political subdivisions by appropriate legislation to impose a tax upon the act or privilege of engaging in business and measured by gross income or receipts: PROVIDED, HOWEVER, Such tax may not be imposed by the state to the extent measured by gross income and receipts includable within the determination of income of any person, corporation, or business organization of any type subject to a state income tax.

MOTION

Senator Mardesich moved that Engrossed House Joint Resolution No. 42 hold its place on the second reading calendar for Friday, May 2, 1969.

Debate ensued.

Senator Mardesich demanded a roll call and the demand was sustained by Senators Connor, McCormack, Greive, Odegaard, Henry, Metcalf, Peterson (Lowell), Talley and Wilson.

ROLL CALL

The Secretary called the roll and the motion by Senator Mardesich failed by the following vote: Yeas, 13; nays, 36.

Voting yea: Senators Canfield, Day, Greive, Holman, Keefe, McCormack, Mardesich, Matson, Metcalf, Peterson (Lowell), Talley, Twigg, Woodall—13.

Voting nay: Senators Andersen, Atwood, Bailey, Connor, Cooney, Donohue, Dore, Durkan, Elicker, Faulk, Foley, Gissberg, Guess, Henry, Herr, Huntley, Knoblauch, Lewis (Brian), Lewis (Harry), McCutcheon, McDougall, Marquardt, Newschwander, Odegaard, Peterson (Ted), Pritchard, Ridder, Ryder, Sandison, Stender, Stortini, Uhlman, Walgren, Washington, Williams, Wilson—36.

POINTS OF INQUIRY

Senator Canfield: "Would Senator Holman yield to a question? Senator, I think you have done a very creditable piece of work and my question is directed to the possible unconstitutionality of the entire amendment. Engrossed House Joint Resolution No. 42 had a question raised about its constitutionality, by Senator McCutcheon, on account of embracing two subjects. You referred in your discussion of this measure to the fact that it categorizes into different types of taxation. Those were your words. Then you go ahead and explain how it includes income, property, excise and sales. In other words, it appears to me that this is a sort of a gateway amendment.

"I am now asking you then after this long harangue, is this in fact a gateway amendment and is it in your opinion constitutional in view of that fact?"

Senator Holman: "Senator Canfield, I can only tell you that in my opinion it is constitutional but you shouldn't take my word for this. This will be determined, if at all, by the supreme court of the state of Washington and my opinion is that they will determine that it is constitutional and I can't say any more than that.

"Even House Joint Resolution No. 42 as sent over by the House has the same question that you have raised as to this because it deals with income taxation as well as property taxation and Senator McCutcheon pointed this out quite early. I can only say that the attorney general thinks it is constitutional but his views aren't going to have any more weight with the courts than some taxpayer who goes to the supreme court with his attorney and maybe it will be Senator McCutcheon, so I can't answer your question except to give you my opinion."

Further debate ensued.

Senator Williams: "Would Senator Holman yield to a question? Senator Holman, at the very last part of your constitutional amendment you provided there shall be no B&O tax on any corporation or person who pays an income tax, is that not correct?"

Senator Holman: "Yes."

Senator Williams: "Can you tell me what corporate rate income tax we would have to have to replace the B&O now coming from corporations?"

Senator Holman: "Eight and one-half percent."

Senator Williams: "And would be higher than any state in the country, would it not?"

Senator Holman: "I believe so."

Senator Williams: "One more question. Also, by taking this B&O tax off individuals, we would have to have a higher individual income tax or sales tax in House Bill 582 to replace that, would we not?"

Senator Holman: "No, we can still stay with the three and one-half percent in both instances according to the drafters of the legislation."

Senator Williams: "As I understand the eight and one-half percent and I agree with that figure, replaces the corporate B&O tax but about one quarter of the B&O tax comes from non-corporate sources, partnerships, etc., how would that be replaced?"

Senator Holman: "Last night the Committee on Ways and Means had a meeting. We always receive this yellow sheet showing the impact of House Bill No. 582. If you will notice the first item there. Reduced B&O tax to twenty-two or one-half present rate; gross tax loss there is 147 minus eight for the manufacturer's sales tax credit or a net of 139. If you just double that loss, the 147 then becomes 294 and you get a net of 286.

"This then gives you a general fund reduction of somewhere around \$764 million and if you continue to the middle of the page that says 'Corporations income tax rate at 3.5%' and you substitute 8.5%, you then produce instead of \$97.3, \$235.7 million and if you add that back in you will find that you are coming up with almost identical net general fund gain of \$155 million. I believe that Tim Malone worked it out that way only he went backwards. I asked him to come up with the rate which would be applicable to corporations, keep the individual rate and the sales tax rate the same as in the bill and still produce the same amount of revenue and he came up with the 8.5% and I worked it out backwards and it seems to jell."

Further debate ensued.

Senator Greive demanded a roll call and the demand was sustained by Senators Herr, Donohue, Stortini, Walgren, McCormack, Peterson (Ted), Metcalf, Henry, Sandison, Mardesich, Cooney and Connor.

ROLL CALL

The Secretary called the roll and the amendment by Senators Holman and McCormack was not adopted by the following vote: Yeas, 20; nays, 29.

Voting yea: Senators Day, Donohue, Elicker, Greive, Henry, Herr, Holman, McCormack, Mardesich, Metcalf, Newschwander, Odegaard, Peterson (Lowell), Sandison, Stortini, Talley, Uhlman, Walgren, Washington, Wilson—20.

Voting nay: Senators Andersen, Atwood, Bailey, Canfield, Connor, Cooney, Dore, Durkan, Faulk, Foley, Gissberg, Guess, Huntley, Keefe, Knoblauch, Lewis (Brian), Lewis (Harry), McCutcheon, McDougall, Marquardt, Matson, Peterson (Ted), Pritchard, Riddér, Ryder, Stender, Twigg, Williams, Woodall—29.

Senator McCutcheon moved adoption of the following amendment:

On page 1, line 7 after “as follows:” strike the remainder of the resolution down to and including the period on page 4, line 20, and insert:

“Article VII, section 2. Except as hereinafter provided and notwithstanding any other provisions of this Constitution, the aggregate of all tax levies upon real and personal property by the state and all taxing districts now existing or hereafter created, shall not in any year exceed forty mills on the dollar of assessed valuation, which assessed valuation shall be [fifty] *twenty-five* per centum of the true and fair value of such property in money: PROVIDED, HOWEVER, That nothing herein shall prevent levies at the rates now provided by law by or for any port or public utility district. The term “taxing district” for the purposes of this section shall mean any political subdivision, municipal corporation, district, or other governmental agency authorized by law to levy, or have levied for it, ad valorem taxes on property, other than a port or public utility district. Such aggregate limitation or any specific limitation imposed by law in conformity therewith may be exceeded only

(a) By any taxing district when specifically authorized so to do by a majority of at least three-fifths of the electors thereof voting on the proposition to levy such additional tax submitted not more than twelve months prior to the date on which the proposed levy is to be made and not oftener than twice in such twelve-month period, either at a special election or at the regular election of such taxing district, at which election the number of persons voting on the proposition shall constitute not less than forty per centum of the total number of votes cast in such taxing district at the last preceding general election;

(b) By any taxing district otherwise authorized by law to issue general obligation bonds for capital purposes, for the sole purpose of making the required payments of principal and interest on general obligation bonds issued solely for capital purposes, other than the replacement of equipment, when authorized so to do by majority of at least three-fifths of the electors thereof voting on the proposition to issue such bonds and to pay the principal and interest thereon by an annual tax levy in excess of the limitation herein provided during the term of such bonds, submitted not oftener than twice in any calendar year, at an election held in the manner provided by law for bond elections in such taxing district, at which election the total number of persons voting on the proposition shall constitute not less than forty per centum of the total number of votes cast in such taxing district at the last preceding general election: PROVIDED, That any such taxing district shall have the right by vote of its governing body to refund any general obligation bonds of said district issued for capital purposes only, and to provide for the interest thereon and amortization thereof by annual levies in excess of the tax limitation provided for herein: AND PROVIDED FURTHER, That the provisions of this section shall also be subject to the limitations contained in Article VIII, section 6, of this Constitution;

(c) By the state or any taxing district for the purpose of paying the principal or interest on general obligation bonds outstanding on December 6, 1934; or for the purpose of preventing the impairment of the obligation of a contract when ordered so to do by a court of last resort.

AND BE IT FURTHER RESOLVED, That the secretary of state shall cause notice of the foregoing constitutional amendment to be published at least four times during the four weeks next preceding the election in every legal newspaper in the state.”

Debate ensued.

MOTION

Senator Pritchard moved that the amendment by Senator McCutcheon be laid upon the table.

Senator McCutcheon demanded a roll call and the demand was sustained by Senators Greive, Sandison, Guess, Lewis (Brian), Twigg, Day, Connor, Cooney and Keefe.

ROLL CALL

The Secretary called the roll and the motion by Senator Pritchard carried and the

amendment by Senator McCutcheon was laid upon the table by the following vote: Yeas, 29; nays, 20.

Voting yea: Senators Andersen, Atwood, Bailey, Canfield, Elicker, Faulk, Foley, Gissberg, Henry, Holman, Huntley, Knoblauch, Lewis (Brian), Lewis (Harry), McCormack, McDougall, Marquardt, Metcalf, Newschwander, Odegaard, Peterson (Ted), Pritchard, Ridder, Ryder, Stortini, Uhlman, Walgren, Washington, Williams—29.

Voting nay: Senators Connor, Cooney, Day, Donohue, Dore, Durkan, Greive, Guess, Herr, Keefe, McCutcheon, Mardesich, Matson, Peterson (Lowell), Sandison, Stender, Talley, Twigg, Wilson, Woodall—20.

On motion of Senator Durkan, the rules were suspended, Engrossed House Joint Resolution No. 42, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the resolution was placed on final passage.

Debate ensued.

PARLIAMENTARY INQUIRY

Senator Uhlman: "I rise to a point of parliamentary inquiry. Is the motion before us Senator Durkan's motion to suspend the rules and the second reading be considered the third and the advance to third reading and final passage?"

REPLY BY THE PRESIDENT

The President: "There were no objections to the motion to advance, Senator Uhlman. Engrossed House Joint Resolution No. 42, as amended by the Senate, is on final passage."

POINTS OF INQUIRY

Senator Washington: "Would Senator Williams yield to a question? Senator, calling your attention to item 2(b) starting on line 24, the wording is to provide for allowance of credits, exclusions, exemptions, deductions to be used in determining the amount of income subject to tax or in computing said tax.

The question, Senator Williams, is it your understanding that this wording allows exemptions and deductions to be graduated solely on the basis of the amount of income of the taxpayer?"

Senator Williams: "That is covered by your types above and when you speak of a Type (1) being a single uniform rate, I would think that that would not indicate that these allowances or credits would be based solely on the income alone."

Senator Mardesich: "Would Senator Williams yield? Senator, in addition to allowing the legislature to provide for allowances, credits, exclusions, etc., it says in the language of the resolution 'to provide further for direct payment to an individual or corporation to the extent that (1) insufficient income tax liability exists for full application of an otherwise applicable credit'. Now, the way I read that, it is possible, it is a constitutional requirement that such credit be given and it would seem to me that credit could extend to a person on welfare under that strict interpretation and he would get a cash rebate for all tax he paid if any was payable, even though he had gotten his income from welfare."

Senator Williams: "Senator Mardesich, you will notice that this entire section starts off with 'the legislature shall have the power', so this is not a requirement of any of these things. These are merely authorizations and I think that the specific question is handled in House Bill No. 582 where they do give certain credits for people in low income, on property taxes, etc., but specifically do not allow them for people receiving public assistance for those purposes for various reasons relating to the federal part in the grant so the bill itself indicates that is not the interpretation and since this is a power only, I would think that would not be required."

Senator Newschwander: "I wonder if Senator Williams would yield? Senator, I asked this question to several people and I still haven't gotten the answer. On line 12 you crossed off forty mills on the dollar of such evaluation, etc. You add the line, 'one percent of true and fair value'."

Senator Williams: "That has been taken out by the amendment."

Senator Newschwander: "Is it twenty-five or forty percent now?"

Senator Williams: "No, I am sorry, that is in. You are right."

Senator Newschwander: "By leaving that one percent in, they are increasing the evaluation to one hundred percent. Doesn't it take the lid off the bonding capacity and raise it maybe four or five times where we have twenty percent in a district now and you are going to one hundred percent, doesn't that change the bonding capacity of a district?"

Senator Williams: "I am not sure I am qualified to answer that one fully."

Senator Newschwander: "That is the answer I have been getting all day."

Senator Woodall: "Would Senator Williams yield? Senator, am I correct that this proposed Amendment as it now reads has no limit whatsoever on what taxation can be

placed or what rates can be placed in the future should this become the law so this particular amendment if it passes opens up a new field of taxation with no limitations contained, correct?"

Senator Williams: "I think essentially it does, yes, but it would give us a balanced tax structure where we now have unlimited sales tax and B&O tax this would just . . ."

Senator Woodall: "I didn't want a speech, I just wanted an answer."

Senator Williams: "I was trying to give you an answer."

Senator Woodall: "And so there are no limits and it does not eliminate any present taxes, does it?"

Senator Williams: "No, it puts on some limitations on the property tax, of course, it does add a limitation there."

Senator Woodall: "But that is the only limit that is restricted?"

Senator Williams: "Yes."

Senator Washington: "Would Senator Greive yield to a question? Senator, I will ask you if it was not your understanding as the majority leader and was it not the opinion in general agreement of the Democratic Caucus after reading the language which I read to Senator Williams that it would provide a power in the legislature to graduate the deductions and exemptions solely on the basis of the income of the taxpayer?"

Senator Greive: "I can certainly say it is a clear and unequivocal majority of us and furthermore that those of us who are voting for the measure, and I am one of them, feel would not vote for it if we did not so believe and understand."

Further debate ensued.

Senators Keefe, Durkan and Ryder demanded the previous question and the demand was sustained.

On motion of Senator Day, Senate Concurrent Resolution No. 31 was ordered placed on the second reading calendar for Saturday, May 3, 1969.

MOTIONS

On motion of Senator Ridder, the Senate returned to the fourth order of business.

Senator Ridder moved that the Senate consider the message from the House concerning House Bill No. 32.

POINT OF ORDER

Senator McCutcheon: "Point of order. That has just come over and I haven't had a chance to get it out of the file. It is about twelve feet long and it covers a great number of subjects with reference to and greatly enlarges the scope and object of the original bill. I, at this time, raise the point challenging the consideration of this measure at this or any other time because it enlarges the scope and object of the original bill which was a very simple bill relating to the election of school directors."

POINT OF INFORMATION

Senator Woodall: "Point of information. Are we now discussing House Bill No. 32?"

REPLIES BY THE PRESIDENT

The President: "Considering the message relating to House Bill No. 32."

Senator Woodall: "Well then, there has been nothing added since it left the Senate. We are discussing the amendments which we put on over here in the first instance?"

The President: "Actually, Senator Woodall, the Secretary has not read the message as yet. Senator McCutcheon was making remarks about the measure."

Senator Woodall: "Then I think before we hear what they have done to it, I think it is a little premature."

The President: "Senator Woodall, the motion before the Senate is the one by Senator Ridder moving that the Senate consider the measure relating to House Bill No. 32. The question has not been put as yet."

MOTION

On motion of Senator McCutcheon, the message relating to House Bill No. 32 was made a special order of business for Saturday, May 3, 1969.

MOTIONS

Debate ensued.

Senator Woodall: "Point of order. Is a motion to commit debatable?"

RULING BY THE PRESIDENT

MOTION

Senator Gissberg moved that Senate Resolution No. 1969-EX-52 be referred to the Committee on Higher Education and Libraries with instructions that it be returned to the Senate floor no later than the second working day from this date.

POINT OF ORDER

Senator Greive: "Point of order. I think if you will look at Rule 120 of Reed's you will find that the motion to commit is debatable. The scope of the bill isn't debatable. In other words, what Senator McCormack was doing, he thought procedurally it should be and certainly that is all open to discussion. Now the merits of the original question would be the only thing that isn't open."

REPORT OF FREE CONFERENCE COMMITTEE

May 2, 1969.

Mr. President:

Mr. Speaker:

We, of your Free Conference Committee, to whom was referred ENGROSSED HOUSE BILL NO. 58, providing code revision of Title 28 RCW, education, have had the same under consideration, and we recommend that Engrossed House Bill No. 58 be amended to read as follows:

On page 1, line 4 of the title, after "Washington;" strike "and declaring an emergency" and insert "and prescribing an effective date"

On page 273, beginning on line 30, strike all of section 28A.98.080 and substitute the following:

"NEW SECTION. Sec. 28A.98.080. EFFECTIVE DATE. This act shall be effective July 1, 1970."

On page 436, line 9, strike all the material after "28B.98.080." down to and including "immediately," on line 12 and insert "EFFECTIVE DATE. This act shall take effect on July 1, 1970."

Signed by: Senators Ridder, Odegaard and Guess; Representatives Hoggins, Jolly and Zimmerman.

Senator Ridder moved that the report of the Free Conference Committee on Engrossed House Bill No. 58 be adopted.

Debate ensued.

POINTS OF INQUIRY

Senator Mardesich: "Would Senator Ridder yield to a question? Senator, during the discussion of this bill in the session it was my recollection that we came across an issue in which we disagreed and that issue being as to whether or not there was anything in this measure resulting in a shortening of the school year and an increase in school costs. There was a debate as to whether there was an increase in costs. Some of us felt that there was. Is there anything in this measure that now seeks to do what at that time the Senate was somewhat hesitant to do?"

Senator Ridder: "Senator Mardesich, this is the reason we have put it off for a year. This gave us an opportunity to go into this thing and take a good, healthy look at it. We have the interim committee and we will be able to really dig into it and I think this is what you requested and I think this is what we have effectively done."

Senator Mardesich: "I didn't get what I thought was too much of an answer from Senator Ridder. He said that they were going to study it but I would like him to tell us 'yes' or 'no'. Is there in effect a reduction of the school year such as we discussed earlier on this floor?"

Senator Ridder: "If you just want to look at the cockeyed bill yourself, I read through this thing a couple of times and I couldn't tell you exactly what is in it and I think that this putting me on the spot to say that this is or isn't so at this moment, I am not going to say that this is true or this isn't."

Senator Gissberg: "Maybe if we put the question to you this way, Senator, did the Free Conference Committee do anything about the reducing of the length of the school year to require it to be 180 days?"

Senator Ridder: "The committee did not delve into the body of the bill whatsoever. We dealt only with the amendments as such so it is completely unchanged from what it was before."

Senator Sandison: "Mr. President, in answer to Senator Gissberg's question, this was

put on in the House as an amendment to Senate Bill No. 556, a community college bill. They put on several K-12 amendments and it is still in the developmental stage in the committee."

Senator Andersen: "Would Senator Ridder yield to a question? Senator Ridder, my only question is, it is my understanding that what the Free Conference Committee has done is simply to agree to postpone the effective date of this new educational code until July 1, 1970, is that correct?"

Senator Ridder: "That is right. That is all we have done."

Further debate ensued.

Senator Huntley: "Would Senator Ridder yield to a question? Senator Ridder, I believe that Senator McCutcheon asked you the question when the bill was before us previously, is there anything in that bill that pertains to forced school consolidation?"

Senator Ridder: "Nothing has been changed in the body of the bill and if there is anything on forced consolidation, it snuck in I am sure without any help from us."

Senator Huntley: "That is kind of what I fear. Your answer then to Senator McCutcheon when the bill was previously before us still stands?"

Senator Ridder: "Yes, I believe there is nothing in there at all concerning forced consolidation."

Further debate ensued.

MOTION

At 12:00 noon, on motion of Senator Greive, the Senate was declared to be at ease.

At 12:30 p.m., the President called the Senate to order.

The motion by Senator Ridder carried and the report of the Free Conference Committee on Engrossed House Bill No. 58 was adopted.

Elected Secretary of the Senate May 12, 1969.

FIFTY-FIRST DAY

NOON SESSION

Senate Chamber, Olympia, Wash., Saturday, May 3, 1969.

The Senate was called to order at 12:00 noon by President Cherberg. The Secretary called the roll and announced to the President that all Senators were present except Senator Williams. On motion of Senator Ryder, Senator Williams was excused.

The Color Guard, consisting of Pages Mike Wrenn, Color Bearer, and Marta Metcalf, presented the Colors. Dr. Henry S. Rahn, pastor of the First Baptist Church, Olympia, offered prayer as follows:

"O Lord, our Lord, Thou hast been our dwelling place in all generations, from everlasting to everlasting Thou art God. Thou art our refuge and strength, a very present help in time of trouble.

Thy hand is upon the helm, upon the tides and the stars. Thou hast made the suns and doest guide them in their courses. Thou hast molded the granite of the mountains, and hast brought life to birth. Thou hast created us in tender human relationships, binding us together in the bundle of life with those who love us and whom we love.

We mourn the passing of our friend and colleague, Ward Bowden. Bless his memory. Comfort and sustain his wife and family and grant to us all a new and abiding sense of Thy fatherly compassion. Help us to discern the invisible and the eternal realities behind the fleeting shadows of sense and time.

Guide our steps in our service for Thee and for our fellow man. Through Christ our Lord. Amen."

On motion of Senator Greive, the reading of the journal of the previous day was dispensed with and it was approved.

President Cherberg read the following resolution:

WHEREAS, Ward Bowden, the Secretary of the Senate, left us yesterday morning; and WHEREAS, The said Ward Bowden, a native son and a former news publisher in Snohomish County, served the state of Washington and its people capably, well and honorably, over a period of more than a quarter of a century, first as Assistant Chief Clerk of the House of Representatives in the sessions of 1941, 1943, 1951, and 1955 and since the 1957 session served to the present time as Secretary of the Senate by unanimous election; and

WHEREAS, Being always a dedicated, loyal, and effective member of the Democratic party, his tenure as Assistant Chief Clerk of the House and as Secretary of the Senate was marked throughout and regardless of party by an even courtesy and scrupulous fairness to all of the members and employees of the legislative bodies, the third house, and the public he served; and

the regard in which all of the members and staff of this chamber held him, the sorrow all know in his passing and the sympathy all feel for his family and friends;

NOW, THEREFORE, BE IT RESOLVED, By the Senate of the state of Washington in extraordinary session of the Forty-First Legislature assembled, that the lamentable and untimely death of its universally respected and appreciated Secretary, the Honorable Ward Bowden of Olympia, Washington, be noted with the utmost regret, and the condolences of the entire membership and staff of the said Senate be extended to his wife, Doris Anne Bowden, to his family, and to the people of the state of Washington; and

BE IT FURTHER RESOLVED, That this resolution be spread upon the journal and a copy thereof suitably inscribed be transmitted to Mrs. Bowden and their family.

Senator Greive moved that the resolution be adopted.

Senator Greive:

"I assume that I am only the first of a series of people who are going to say some very kind things about a dear departed friend. I would like to start by saying that as I look at it, every journey starts with the first step no matter how long or how short.

"Ward Bowden, obviously, has embarked upon a journey, a new field to conquer, he has gone to his honest reward. From the Senate's point of view, we certainly didn't create Ward Bowden. His tenure was long with us. He came from the House of Representatives where he had served as Assistant Chief Clerk to Si Holcomb. Prior to that he worked in various jobs starting with the bill room. As a natural matter, our esteemed Senator Knoblauch and he started in the bill room together many, many years ago.

"We certainly can't claim credit for creating him. We certainly can't claim credit for any part of him. All we can say is that I think every member of this body recognized that he was an efficient, wonderful friend, a very fair arbitrator and always willing, within the limits of his ability, to do a favor and to extend a courtesy and to efficiently see that the job was performed.

"I think that he was one man, if there is such a person in this body, that rose above politics even when there was discussion of change in the leadership of the Senate. I can say that the Republicans, almost to a man, felt that Ward Bowden should be retained. He was really more than an institution, he was somebody that we respected. We felt very strongly that his efficiency was the strong, right arm of all of us, that he backed us up with the facts, the figures, the staff and the many things that were necessary. He was a fine man. He was a courageous man, and he is one that we are all proud to have known.

"At a time like this there is very little that we can do to overcome or to erase the sorrow and the loss which everyone, particularly his own personal staff, felt. The only thing that I can say is that there are two things in a time of tragedy like this. There is sympathy and there is time, and of course there are prayers to the Almighty. The prayers are individual things that each one will have to say in his own way. The sympathy is certainly there. Time and time alone will erase the hurt and soften the blow of his loss.

"I'm sure that there is no one on this floor that we would miss more than we will Ward Bowden. Each of us represents a district and each of us have a part, but no one person is something to all of us in the sense that he was. We're going to miss him. There is going to be a great void until such time, as it does, heals the breach and we can function smoothly again. I would say that if God did one thing for us, at least He postponed the loss until the very end when it is more easily handled than it would have been had this happened in mid-session.

"May God have mercy on his soul."

Senator Ryder:

"Mr. President and members of the Senate, if you will permit me I would like to repeat a portion of the seconding speech for Ward Bowden made in 1965 by former Senator, now Supreme Court Justice Marshall Neill, and I quote . . . 'We feel that it is incumbent upon us when purely political offices are at stake that we disregard our personal feelings and high esteem for certain members on the other side of the aisle and nominate our own people for offices because this is the way American government works. We out here on the floor of the Senate operate in a political arena. We are all aware of this. It is give and take. We get bloodied once in awhile but we live through it, go home and laugh about it later. While we are out here doing this, making our purely political plays, our partisan plays, our geographical plays, or whatever you may want to call them, somebody has to keep the ship going, somebody has to keep the backroom operating. We on this side of the aisle have enjoyed working with Mr. Ward Bowden. We have seen fit not to nominate anyone in opposition to Ward Bowden for the very reasons I have just outlined. He has not operated his office in a political manner. Our offices in this arena are political. Our presiding officer is a politician, and I mean this in the highest sense, Mr. President. Our temporary president, when he presides is a political officer, but the person who keeps the wheels of state operating and makes the administrative machinery go is not exactly a political officer, that person serves all of us, either Republican or Democrat. I know party affiliation makes no difference in the Secretary's office. He has served us well in his time here.'

"These words are just as true today as they were four years ago when Senator Neill uttered them. Ward Bowden was admired and loved by each member of the Republican Caucus. Our loss is great and our loss is deep and our sorrow unbounded."

Senator McCutcheon:

"Mr. President and members of the Senate, I feel deeply about the loss of Ward

Bowden. It came so suddenly. We had a friend yesterday and the day before and in the past, but where is that kindly friend now? We will miss him as we go up and down these halls. We will miss his unfailing courtesy, his desire to help, and we all leaned on him. He was a splendid father, a splendid citizen and a splendid man. I can't say much more than that, I feel too deeply about it.

"Yesterday morning it was a terrific shock, one of the worst, for we who work together here. Our brother and our friend, we can no longer feel the touch of his hand, and we feel if there was every anyone who was worthy of reward both on earth and in the unknown hereafter, and there is a God in Heaven, I am sure that he will be there helping as usual, growing larger and greater from day to day in his new field.

"I will say no more, but I wish he was here this morning. He is not here. He has been struck down in the battlefield while the sun's shadow is still falling toward the west. There never was a finer, a kindlier, better man than Ward Bowden."

Senator Gissberg:

"Other members of the Senate this session have felt the touch of tragedy and the loss of ones who have been close and loved by them, and they say things like this happen in three's, if you are superstitious, and this is the third. That personal sorrow that has been felt by two members of this Senate on prior occasions during this session is now felt by I think every member of the Senate in the loss of Ward.

"Various personal feelings come to us at a time like this. I remember all the good times that Ward and I have had together, quite outside the legislative halls. Going back to the time when I was a very young man interested in learning about politics, Ward taught me much of what I know about politics and fairness and his quiet efficiency and above all his friendship will be sorely missed by all of us. I know that as long as I am a member of the Senate I will continue to mention his name at the time the Secretary of the Senate is nominated.

"My heart goes out particularly to Doris and the children and to the staff members who have worked even closer with Ward on intimate day to day, minute to minute basis. I know how difficult it is for them and my heart goes out to them."

Senator Peterson (Ted):

"Mr. President and members of the Senate, I rise to express my feelings toward Ward. I had the good fortune of being patronage chairman and working with him on the selection of some of the employees and working with him on the hiring of pages. I was shocked when after having my lunch I went up to my office and the expressions in the faces of the secretaries I am sure mirrored everything that is the feeling of all of us.

"The thing that I remember and always will remember so well was Ward's telephone calls to me on the problems. Just the day before he knelt beside my desk here and we had a little problem together that we had to resolve. Just the morning before I sat and had breakfast with him. He spent time at breakfast because that seemed to be the only time that he could really relax, and he told me of his new home here in Olympia and how he started out thirty-five years ago in a little cabin over here and how things just had pyramided and escalated, and still he had problems as we all do.

"I want to say in my relationship and contact for our side of the aisle with you Senators on that side and all the people in the Senate, that I never met a person more fair and not once have I had anything reflect on our operations here from any of the members on our side, and I know they appreciate him and the fairness with which he has dealt with all the employees and the selection of our employees all through this session and in the past sessions.

"It is with regret that I have to stand and say these things, and I say them with feeling because we are all going to miss Ward."

Senator Holman:

"Mr. President and members of the Senate, I feel that a few words should be spoken on behalf of the newer members of the Senate, those of us in the back two rows on both sides of the aisle. I think nothing impressed me more coming down here than the dignity and yet the majesty of the Senate in the person of Ward Bowden. His courtesy, his unfailing devotion to duty, his willingness to go out of his way to help those of us freshman members who were learning the ropes will never be forgotten.

"I don't feel that I knew Ward Bowden very well as a man, but I was just beginning to know him. It just happened that last Thursday night, the night before his passing, I spent about an hour with him in the lounge just visiting. We talked about his acquisition of the newspaper in Monroe. He told me about transactions he went through, how he sold the paper, moved to Olympia with the hopes of perhaps having a little more relaxation in the later years of his life, and then the next day he's gone. Certainly those of us back here will miss him."

Senator Woodall:

"Mr. President and members of the Senate, it does the departed no particular service to laud him. It is only intended to remind ourselves of the loss which we need not remind ourselves because each of us knows it and each of us feels it personally.

"On the brighter side, if there can be a bright side to death at all, I am reminded of an expression the President likes to use when he says that we let someone smell the flowers. Senator Andersen has made the remark how nice it is that sometimes people know during their lifetime the way he was esteemed. All of us on this side of the aisle, and I know you are happy that we did, let him smell the flowers during his lifetime; the speech that Senator

Neill gave when he was chosen by our caucus to present our viewpoint that morning, subsequent occasions when our party has seen fit to second his nomination or move that the nominations be closed, and at times when the President has had occasion to mention the esteem in which Ward is held by other Secretaries of the Senate in other states.

"Those to me are the things I want to think of at this hour. I don't want to be reminded any more about our loss, but I do like to recall that we were a part of letting him smell the flowers while yet he was with us."

Senator Dore:

"Mr. President and members of the Senate, 'By his acts you shall know him' . . . It has been said that Ward was a very kind and considerate man of his fellowmen, and how true was that.

"I think an example I have is that some three days ago about eight o'clock in the evening I was in the lounge and Ward came in. He said a friend of his had called from Sultan, and of course this was after a very hard, arduous day here on the floor of the Senate. Ward had been here for probably twelve hours and the friend said his son had gone to Ellensburg and he was in jail there. He had a high bail and could I possibly make some calls. We went in and made the calls and of course the judge had gone home. We couldn't get the boy out of jail but arranged that the following morning we would make the calls to get the man released. I thought, 'What a considerate man, what a kind man' . . . even though he was not in good health, and he was not, he had the time to help a friend who was not even associated with the legislature. He could easily have said, 'I am very tired, I am in poor health, I have had a busy day,' but no, he did everything possible to accomplish the purpose.

"I think that illustrates the kind and thoughtful man he was of his fellowman. I'm like Perry, we can lament perhaps the loss of a good friend and leader and the expert in state government, but we shall remember him mostly for what he really was. He was probably one of the most informed men in state government as far as the machinery of government went.

"I had the privilege of serving with him on the Facilities and Operations Committee, as did Senators Lewis (Harry), Woodall and Herr. He was continually concerned about the importance of government, which is of course the largest business of the state and how it was operating under the antiquated tools that we had, and he was dedicated that this would be changed. I think that the reason that we now have a more efficient system . . . now that we have our offices and our secretaries and staff and our dictating machines, etc., is because Ward took the leadership in that particular field.

"I remember in particular the trip that he set up for us when we visited eight state legislatures in seven days around the country. He was a detail man who operated the highest level of government, and we joined at the time with the Ford Foundation to set up this particular trip. I know that he made the details for visiting the legislatures of California, New Mexico and Texas, and the other gentlemen had the responsibility of the other capitols. Well, it was like night and day. His work, his timing and his dedication to detail impressed us in those first three capitols, for when we went to the others of course the caliber of work fell off. I won't make any comment on it now but you could see that he was a giant among the Secretaries of the Senate as we went around the country because he really knew government.

"A little humorous incident occurred. I remember in North Carolina when we got on the plane they had fifty seats and they sold fifty-two tickets. Ward and I had the good fortune, or the bad fortune, to be the two that didn't get on the plane, and he laughed about it in good humor. I knew he was anxious to get home too but he had the good humor to laugh at ourselves in that particular situation.

"I think that we could say many, many other things but I think, like Senator Woodall says, we have a legacy here. He has left us this beautiful chamber in excellent condition, our microphones, our desks, our offices, our staff, the new machines, the data processing which was one of the things that he pushed. Even though we will miss him on a personal basis because he will not be up front, I think the legacy he has left us here in the legislature, especially in the Senate, will remain on. I think today of course all of us realize that we have lost not only a friend but state government has lost one of its most gifted and talented members."

Senator Wilson:

"Mr. President and members of the Senate, I should like to say only that Ward will be equally missed by the members of the newspaper fraternity of this state, not only by the capitol corps correspondents seated in the front of this room, but also by some hundreds of weekly newspaper editors and publishers scattered through the breadth and length of this state who knew, admired, respected and truly loved Ward Bowden."

Senator Knoblauch:

"Mr. President and members of the Senate, now that I have had my cry, I, too, want to say a few words about a real good friend.

"My acquaintance with Ward Bowden goes back thirty years when both he and I came to Olympia as young men. Ward was in the House bill room and I was in the Senate bill room, and I learned to know him and watch him grow into a mature and fine man. Ward knew that as a young man in the bill room my ambition was to be elected as a member of the House of Representatives and it took some time before that dream came true, but it did.

"Throughout those years my respect for this man grew and I can smile when I think

about the many phone calls that I made to Olympia to ask Ward a favor or perhaps to ask for some advice. He was a most unusual person. He had a very deep respect for all the members of the Senate. Never once in all the years, and I wanted him to do this, did he call me Reuben . . . it was always Senator. Ward Bowden had an extremely deep feeling and pride in each and every member of the Senate and he was always there ready to help.

"Even though this is a sad occasion we can smile today because this is a better world because of the privilege we have had of knowing one of the finest men that God ever put upon this earth."

Senator Lewis (Harry):

"I think many things that we could say about Ward Bowden would be his respect for government, his love for his country, for what he has done for this legislature. But his inspiration to me, and I think to all of us, has been his ability to earn the love of many friends from both sides of the aisle, from both parties, from many positions. His steadiness in his work, unflagging steadiness, his complete dedication to his work, his performance, have always inspired me.

"To Doris and his children and to all of us, if ever it could be said of a man that he has completed a job well done, it must be said of Ward Bowden."

Adele Ferguson:

"I think in the convening of a legislative session there is probably a gathering of a great family: you, us the press, the employees, the representatives, the pages, everyone. Ward was one of our family and we feel the loss, too."

The resolution was adopted May 3, 1969.

The amount of any special levy which a school district may impose for maintenance and operations under the procedure prescribed by RCW 84.52.052 in any calendar year in which a tax on income is imposed by the state may not exceed the amount of any regular levy which a school district may impose in the same calendar year without a vote of the electors of the district: PROVIDED, That the foregoing limitation may be exceeded only by a proposition submitted to the electors of the district as a separate proposition, approved by two thirds of the electors voting thereon, and otherwise complying with the requirements of RCW 84.52.052."

Renumber section 70 of the bill as section 71.

Debate ensued.

The motion carried and the amendment was adopted on a rising vote.

POINT OF INQUIRY

Senator Canfield: "Would Senator Holman yield to a question? Senator, are you saying that because the amendment to page 38 says that the majority must be at least three-fifths that we could make it sixty-six and two-thirds or seventy-five percent or ninety percent or any figure up to one hundred percent?"

Senator Holman: "Yes, in effect that is what it comes to."

PARLIAMENTARY INQUIRY

Senator Bailey: "Point of parliamentary inquiry. I would like to know whether or not putting something like this in the bill would be in violation of Amendment 17 of the Constitution which relates to the forty mill limitations and the methods for providing for special levy elections. Maybe some lawyer in the Senate can tell me if they think this is in conflict with the amendment to the Constitution that provides how you have special levies and the way you have to have them with the sixty percent vote it says in the Constitution and you're saying sixty-six here and I just don't think you can do that by statute."

Senator Gissberg: "I don't know if Senator Bailey is really serious on his point of order but I don't think the President should rule on whether or not any such matter as this is constitutional or not in any event unless it relates to the title and subject matter of the bill."

Senator Bailey: "Mr. President, I'll withdraw that. I just merely wanted to find out if I was thinking wrong or somebody else is thinking wrong."

RULING BY THE PRESIDENT

The President: "The President believes that Senator Gissberg is correct in his remarks and also is of the opinion that Senator Holman is also correct in his particular statement."

On motion of Senator Durkan, the following amendment was adopted:

On page 38, strike section 70 and insert the following:

"NEW SECTION. Sec. 71. The provisions of sections 1 through 69 of this 1969 amendatory act shall take effect as follows:

(1) If the proposed amendment to Article 7 of the state Constitution (Engrossed House Joint Resolution No. 42) authorizing the legislature to impose a tax upon net income is validly submitted and is approved and ratified by the voters at a general election held in November, 1969:

(a) The provisions of sections 1 through 69 of this act authorizing the department to make rules and regulations and prescribe forms shall take effect January 1, 1970; and

(b) All other provisions of sections 1 through 69 of this act shall take effect January 1, 1971.

(2) If the proposed amendment to Article 7 of the state Constitution (Engrossed House Joint Resolution No. 42) authorizing the legislature to impose a tax upon net income is validly submitted and is approved and ratified by the voters at a general election held in November, 1970:

(a) The provisions of sections 1 through 69 of this act authorizing the department to make rules and regulations and prescribe forms shall take effect January 1, 1971; and

(b) All other provisions of sections 1 through 69 of this act shall take effect January 1, 1972.

In the event that sections 1 through 69 of this act do not take effect as provided in this section, sections 1 through 69 of this act shall be null and void.

Senator Durkan moved adoption of the following amendment by Senators Durkan and Uhlman:

On page 39, line 10, after section 71, insert the following new sections:

"NEW SECTION. Sec. 72. As used in sections 72 through 89 of this 1969 amendatory act, unless a different meaning is plainly required by the context:

(2) "Principal board of county commissioners" means the legislative authority of the most populous county within a taxing district.

NEW SECTION. Sec. 75. Whenever any city, town, or county desires to establish a

taxing district, its legislative body shall adopt a resolution calling for the formation of a taxing district and containing a description of the area to be included within the proposed taxing district. The resolution shall also include a tax proposition to be considered by the proposed taxing district authority. A resolution adopted by the legislative body of a city or town shall be transmitted to the legislative authority of the county in which the city or town is located.

After the filing with the legislative authority of the county of the first resolution by a city or town, or upon the adoption of a resolution by a county before the filing of any other resolution, action by the legislative authority shall be deferred on any subsequent resolution until it is determined whether or not the taxing district proposed in the first resolution will be established as provided in section 76 of this 1969 amendatory act. If such taxing district is not so established, subsequent resolutions shall be considered, one at a time in like manner, according to their date of adoption.

NEW SECTION. Sec. 76. The legislative authority of the county within five days after the receipt or adoption of the first resolution shall set a time and place for the initial meeting of the proposed taxing district authority. It shall notify the legislative body of each city and town within the county of the appointed time and place, and of the purpose of the meeting. The date for such initial meeting shall be not more than thirty days after a county's adoption of its own resolution or its receipt of a resolution adopted by a city or town. The board also shall notify the legislative authority of every other county proposed for inclusion within the taxing district, and every legislative authority so notified shall in turn notify the legislative body of each city and town within that county of the date, place, and purpose of the meeting. Public notice of the meeting shall be given to the communications media within the proposed taxing district, and a notice of meeting shall be published at least once in the official newspaper of each county proposed for inclusion within the taxing district, which publication or publications shall be at least ten days prior to the date of meeting and at the expense of the county wherein the newspaper is published.

NEW SECTION. Sec. 77. Each city and town within the taxing district is entitled to be represented at the meeting by one delegate who shall be appointed by the legislative body of that city or town. Each county within the taxing district is entitled to be represented at the meeting by one delegate who shall be appointed by the legislative authority of that county. The attendance of delegates representing a majority of the population within the taxing district shall be sufficient to establish a taxing district authority.

In the event a county, city, or town is included in more than one taxing district so established, it shall be included only in that district the formation resolution for which was adopted on the earliest date.

NEW SECTION. Sec. 78. The chairman of the principal board of county commissioners shall preside over the meeting of the taxing district authority. The presiding officer shall not be the delegate from his county to the authority, and shall have neither vote nor voice in the proceedings, except as may be necessary to fulfill his administrative duties as presiding officer. In addition to presiding over the meeting, he shall prepare a detailed report of the meeting, including a record of all motions and votes, and shall submit his report within ten days after adjournment of the meeting to the state department of revenues.

NEW SECTION. Sec. 79. The presiding officer of the formation meeting of a taxing district authority, shall first determine if there is in attendance delegates representing a majority of the population within the proposed taxing district. If so he shall declare the district formed. Thereupon, the authority shall vote on the tax proposition. If the vote on the tax proposition is negative, any delegate may submit for similar consideration and vote any other tax proposal in accordance with the authorization granted by sections 72 through 89 of this 1969 amendatory act.

NEW SECTION. Sec. 80. On any proposition, the vote of each city, town, or county shall be by weighted vote. The vote of a city or town shall be weighted according to the ratio of its population to the total population within the taxing district. The vote of a county shall be weighted according to the ratio of the population within its incorporated areas to the total population within the taxing district. An affirmative vote of delegates representing a majority of the population within the taxing district shall be necessary to enact a tax as provided in sections 72 through 89 of this 1969 amendatory act. An oral vote shall be taken on each proposition, and each delegate's vote duly recorded. Except as otherwise provided in sections 72 through 89 of this 1969 amendatory act, Robert's Rules of Order, Revised, shall govern the conduct of all meetings of the taxing district authority.

NEW SECTION. Sec. 83. The state department of revenue shall administer and collect the taxes imposed under sections 72 through 89 of this 1969 amendatory act, and shall deduct an amount not to exceed two percent of the taxes collected for collection and administrative expenses incurred by the department. The remainder of the taxes collected shall be deposited by the department of revenue in a local government revenue revolving fund, hereby created, in the state treasury.

NEW SECTION. Sec. 84. The state treasurer shall distribute bimonthly from the local government revolving fund to each city and town and to each county within which a tax is imposed under sections 72 through 89 of this 1969 amendatory act the revenue collected minus the amount deducted by the department of revenue for its collection and administration expenses. Apportionment shall be on a per capita basis according to the population of each city, town and total population of unincorporated areas of the county for revenue collected by imposition of a tax under sections 72 through 89 of this 1969 amendatory act by a county or taxing district authority.

NEW SECTION. Sec. 85. A taxing district authority may increase, reduce, or eliminate any tax it has previously imposed, but any such change must be made no later than May 1st of any year if the change is to take effect the following year. Any meeting of the taxing district authority for the purpose of increasing, reducing, or eliminating any tax shall be initiated, convened, or conducted in the same manner as is provided in sections 72 through 89 of this 1969 amendatory act for the formation meeting of the authority.

NEW SECTION. Sec. 86. If at the formation meeting of a taxing district authority no tax is levied, the taxing district is automatically dissolved. A taxing district is dissolved automatically if a previously levied tax is eliminated.

NEW SECTION. Sec. 87. Any tax imposed by a taxing district authority under sections 72 through 89 of this 1969 amendatory act shall for all purposes preempt a tax imposed under sections 72 through 89 of this 1969 amendatory act by a county, city or town: PROVIDED, That no county, city or town is limited in its power to impose a tax under section 73 of this 1969 amendatory act, the cumulative effect of which not exceeding a tax rate of three tenths of one percent.

Any tax imposed by a county under sections 72 through 89 of this 1969 amendatory act shall preempt any tax imposed by a city or town under such sections: PROVIDED, That no city or town is limited in its power to impose a tax under section 73 of this 1969 amendatory act, the cumulative effect of which not exceeding a tax rate of three tenths of one percent.

NEW SECTION. Sec. 88. As an exclusive procedure of referendum on any tax imposed under sections 72 through 89 of this 1969 amendatory act the following shall apply:

(1) Such issue may be put to a vote of the persons registered as voters within the city, town, county or taxing district by petition signed by a number of such registered voters equal to five percent of the number of persons voting in the last general election in such city, town, county or total of such in a taxing district area.

(2) Such completed referendum petition must be presented to the secretary of state with sufficient valid signatures, on forms as near as practicable to those used for state referendum measures, within sixty days of the enactment of the resolution or ordinance which imposes a tax under sections 72 through 89 of this 1969 amendatory act.

(3) Within thirty days of presentation of the complete petition to the secretary of state he shall have established by the procedures and standards then authorized to his office for state wide referendum whether sufficient valid signatures are present on the petition. The result shall be certified by the secretary of state and transmitted to the body which enacted the tax.

If a tax imposed under sections 72 through 89 of this 1969 amendatory act is approved by a majority of those persons voting on the question then the tax shall be imposed as if the taxing body had determined imposition of the tax on the day of the election.

NEW SECTION. Sec. 90. If any provision of sections 72 through 89 of this 1969 amendatory act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected."

Debate ensued.

POINT OF INQUIRY

Senator Peterson (Ted): "Would Senator Durkan yield to a question? Senator, in sessions past we have thought that something like this would work for the cities but they

seem to have refused that. In Seattle and King county with your shopping areas and your districts, it seems like for any kind of a tax the people just walk on beyond a certain shopping center and would go into Snohomish county or if it is outside the city limits they would go to the Aurora Village, etc. It was my impression that you said you had talked to different taxing districts. Have you talked to King county and the city of Seattle? Are they in accord with you on this?"

Senator Durkan: "Senator, this resolves the problem which you talked about because it is county-wide. It would be distributed on a per capita basis so the question of just having a sales tax in cities and then having all business move outside of the city limits, we have corrected that by saying that regardless of where you go the tax is going to be uniform within that taxing area and that means if it is in King county it would be total King county; if it was Snohomish, as I said, you can make your taxing area more than one county."

Further debate ensued.

Senator Durkan demanded a roll call and the demand was sustained by Senators Talley, Connor, Uhlman, Bailey, Pritchard, Keefe, Holman, Twigg, Elicker and Andersen.

Voting nay: Senators Dore, Foley, Henry, Lewis (Brian), McCormack, Mardesich, Odegaard, Peterson (Lowell), Peterson (Ted), Stender, Stortini, Talley, Wilson—13.

Excused: Senators Herr, Washington, Williams—3.

On motion of Senator Durkan, the following amendment to the amendment by Senators Durkan and Uhlman was adopted:

Strike all of section 87, renumbered section 88, and insert the following:

"NEW SECTION. Sec. 88. Before any moneys are collected as a consequence of sections 72 through 89 of this 1969 amendatory act the voters within the jurisdiction of the body imposing the tax shall have approved its imposition by majority vote at the next general election at which the issue may be practicably be put on the ballot or a special election called for that purpose. However, if a tax is imposed by a taxing district authority under sections 72 through 89 of this 1969 amendatory act the county government of any county in the taxing district shall place the issue on the ballot at the next general election."

On motion of Senator Durkan, the following amendment was adopted:

"Thou Infinite and Eternal God, who dost hold in the hollow of Thy hand the destiny of each of us—as life began with Thee and returns again to Thee—like those who have sought Thee age after age so we come and seek Thy counsel.

Amid the constantly changing scenes of life, in an age that sorely needs direction, help us to see Thee as the one unchanging reality and undimmed beacon.

As influence and deeds extend beyond life itself, we ask that our wills may be inspired to do Thy will, that our purposes may be large enough to include Thy purpose.

As body and mind become fatigued keep us from being weary in well doing. Grant now to these leaders in state government the joy of achievement in this day's efforts.

Through Christ our Lord, Amen."

POINT OF INQUIRY

Senator Bailey: "Would Senator McCormack yield to a question? Senator, I have about a dozen of these amendments on one sheet and they look like they are all inter-connected. If they are could you possibly explain what they all mean and how they are connected? I think it would be easier than taking one at a time."

Senator McCormack: "Senator Bailey, in answer to your question, the amendments all on these two sheets you have had delivered to your desks are related together. They are all one package. What they would do would be to change the tax rate for the income tax from 3.5% to 3.6% and the tax rate for the sales tax from 3.5% to 3.6% and the tax rate for the B&O tax from .22% to .25%.

"The purpose of this is to raise additional revenue with this bill, Reengrossed Substitute House Bill No. 582. As the bill now stands, it will raise approximately \$155 million during the 1971-73 biennium. With this amendment changing the rate from 3.5% to 3.6% the revenue to the state general fund will be \$215 million, more accurately the projections are \$214.7 million.

"The reason for this amendment then is to provide enough money to eliminate or substantially eliminate all required special levies that we are trying to eliminate with tax reform. My whole point is simply this. I think it should be understood that I do not intend to support this bill with or without the amendment on final passage but for all those persons who are interested in passing the bill, who are interested in having tax reform, I think it is far better to establish rates that will do the job now than try to do it after the fact.

"With these tax rates, this simple change, it will be possible in a campaign on tax reform to go to the people and say that there will be enough money raised with this tax package to eliminate or to substantially eliminate all special levies in the state of Washington. This is not true as the bill is presently written. It will also avoid the necessity if we should pass tax reform this November, of coming back immediately afterwards and having to raise taxes immediately after the passage of tax reform to raise the very rates on tax reform that we have submitted to the people.

"Now, you will remember that when the original bill was presented in the House of

Representatives it provided for about this much revenue, about \$200 million but it was amended on the House floor in two ways. In the first place the two-mill was shifted from the state back to the counties and in the second place the circuit breaker provisions were put on. The result was that the revenue that was originally conceived of from tax reform is no longer in the bill and so what this amendment would do would be to correct this.

"In my mind, it is just as simple to pass tax reform with tax rates of 3.6% as it is at 3.5% and by so doing we would be keeping faith with the people and we would be avoiding the necessity of raising taxes when we come back at the next session of the legislature if tax reform passes. So, this is the sense of all these amendments."

Debate ensued.

MOTION

Senator Durkan moved that the amendments by Senator McCormack be laid upon the table.

The motion carried and the amendments were laid upon the table.

Senator Day moved adoption of the following amendment by Senators Day and Dore:

On page 5, section 7, after line 9, insert "() Subtract the amount paid for medical care during the taxable year by the taxpayer, his or her spouse, and dependents and allowed as a deduction for federal income tax purposes under section 213 of the internal revenue code;"

Debate ensued.

POINT OF INQUIRY

Senator Huntley: "Would Senator Day yield to a question? Senator, if we should pass this amendment, I assume that you are going to vote for the final passage of the bill?"

Senator Day: "No, I am not, Senator Huntley, but I think that it will make it possible for some people out in the boondocks who are going to consider House Joint Resolution No. 42 to maybe at least give it some reasonable consideration which they most assuredly are not going to do without some of these amendments."

Senator Huntley: "You think that will do it?"

Senator Day: "It might help it but I doubt if it will do it."

Senator Dore demanded a roll call and the demand was sustained by Senators Greive, Metcalf, Durkan, Herr, Lewis (Brian), Mardesich, Peterson (Lowell), Keefe and Day.

ROLL CALL

The Secretary called the roll and the amendment by Senators Day and Dore was adopted by the following vote: Yeas, 25; nays, 22; absent or not voting, 1; excused, 1.

Voting yea: Senators Canfield, Connor, Cooney, Day, Donohue, Dore, Greive, Guess, Herr, Keefe, Lewis (Brian), McCutcheon, Mardesich, Marquardt, Matson, Odegaard, Peterson (Lowell), Ridder, Sandison, Stortini, Talley, Twigg, Uhlman, Wilson, Woodall—25.

Voting nay: Senators Andersen, Atwood, Bailey, Durkan, Faulk, Foley, Gissberg, Henry, Holman, Huntley, Knoblauch, Lewis (Harry), McCormack, McDougall, Metcalf, Newschwander, Peterson (Ted), Pritchard, Ryder, Walgren, Washington, Williams—22.

Absent or not voting: Senator Elicker—1.

Excused: Senator Stender—1.

Senator Day moved adoption of the following amendment by Senators Day and Woodall:

On page 5, section 7, after line 9, insert "() Subtract the amount of interest paid by a taxpayer during the taxable year and allowed as a deduction for federal income tax purposes under section 163 of the internal revenue code."

POINTS OF INQUIRY

Senator Lewis (Brian): "Would Senator Day yield to a question? Senator, would your amendment allow the same deductions and upon the same basis as the federal deductions on medical insurance?"

Senator Day: "Yes, my amendment would allow exactly the same deductions and upon the same basis as the federal deductions. In other words, it would be not more than \$150 for premiums paid in one year plus any additional amount over three percent of the adjusted gross income on line 9 that were paid. Some insurance policies don't cover all the payments."

Senator Bailey: "Would Senator Day yield to another question? Senator, in reading the amendment, does this confine it to interest on the home?"

Senator Day: "No, it confines it to interest paid and with the high cost of money nowadays I think you can understand that with interest paid at eight and one-half percent and sometimes nine percent that this can be a pretty important item and I imagine that is why the impact is so great."

MOTION

On motion of Senator Atwood, the amendment by Senators Day and Woodall was laid upon the table on a rising vote.

There being no objection, Senator Day withdrew his pending amendment from the Secretary's desk.

Senator Holman moved adoption of the following amendments:

On page 6, section 11, line 11, after "be" strike "three" and insert "eight" and on page 17, section 33, line 24, strike all of sections 33, 34, 35, 36, 37, 38, 39 and 40. Insert as section 33 the following:

"Sec. 33. Section 82.04.030, chapter 15, Laws of 1961 as amended by section 1, chapter 28, Laws of 1963 ex.sess., and RCW 82.04.030 are each amended to read as follows:

(1) "Person" or "company", herein used interchangeably, means any individual, receiver, administrator, executor, assignee, trustee in bankruptcy, trust, estate, firm, copartnership, joint venture, club, company, joint stock company, business trust, municipal corporation, political subdivision of the state of Washington, corporation, association, society, or any group of individuals acting as a unit, whether mutual, cooperative, fraternal, nonprofit, or otherwise and the United States or any instrumentality thereof.

(2) Upon and after the effective date of the provisions of this amendatory act which impose a tax upon net income, the term "person" for the purposes of RCW 82.04.220 through 82.04.290 shall mean a "person" as defined in subsection (1) of this section who is also an organization exempt from net income taxation by reason of section 18(1) of this act, an organization within the scope of section 1381 of the internal revenue code, or a municipal corporation or political subdivision of the state. The definition of "person" set forth in this subsection shall have no application to any other sections of this title."

POINTS OF INQUIRY

Senator Williams: "Would Senator Holman yield to a question? Senator, I am having a little trouble following this amendment. Do I understand that by your amendment you would be eliminating the B&O tax for corporations only, is that what the amendment does?"

Senator Holman: "No, I don't intend that."

Senator Williams: "You eliminate all B&O tax?"

Senator Holman: "Eliminate all B&O tax on those taxpayers who are subject to an income tax, yes."

Senator Canfield: "Would Senator Holman yield to another question? Senator, you are striking a number of sections here and you have addressed yourself only to B&O taxes and to the corporate tax but section 40 which you also strike has nothing to do with B&O. It has to do with inventory taxes and you have stricken it and we were working for amendments on that yesterday and now they have gone down the tube if we adopt your amendment."

Senator Holman: "Senator Canfield has raised a very good point. I did not intend to strike section 40. I only intended to strike those sections which purport to change the rate from what it is at the present time down to a new rate usually from .44 to .22 so I would be willing to delete that '40' in the amendment if that is satisfactory."

MOTION

Senator Lewis (Harry) moved that the amendments by Senator Holman be laid upon the table.

PARLIAMENTARY INQUIRY

Senator Holman: "Point of parliamentary inquiry. I am inquiring if it is understood on the tabling motion of Senator Lewis that section 40 is not in the amendment, could that be made clear? That was the intent. The reference to section 40 should be deemed deleted or amended out of the amendment when you are voting on the question to table."

REPLY BY THE PRESIDENT

The President: "With the permission of the Senate, the Secretary will strike it out."

Senator Holman demanded a roll call and the demand was sustained by Senators Metcalf, Uhlman, Greive, McCutcheon, McCormack, Walgren, Donohue, Elicker and Ridder.

ROLL CALL

The Secretary called the roll and the amendments by Senator Holman were laid upon the table by the following vote: Yeas, 27; nays, 21; excused, 1.

Excused: Senator Stender—1.

PARLIAMENTARY INQUIRY

Senator Lewis (Brian): "Was the roll call announced?"

REPLY BY THE PRESIDENT

The President: "The tabulation was announced, Senator, but the Senators have the opportunity to change their votes if they so desire."

Senator Lewis (Brian) moved adoption of the following amendment by Senators Lewis (Brian) and Holman:

On page 9, section 16, line 10, insert as subsection (4):

"(4) Commencing January 1 of the second year following imposition of a tax pursuant to paragraphs 5 and 11 of this act, an amount constituting a percentage of property taxes paid on business inventories as defined in section 40 of this act shall be allowable as a credit against taxes imposed by this chapter for the same taxable year in which said property taxes were paid. The percentage of property taxes allowable as a credit shall be as follows, for each taxable year to which this subsection is applicable:

1st taxable year	10 percent
2nd taxable year	20 percent
3rd taxable year	30 percent
4th taxable year	40 percent
5th taxable year	50 percent
6th taxable year	60 percent
7th taxable year	70 percent
8th taxable year	80 percent
9th taxable year	90 percent
10th taxable year	100 percent

For purposes of this subsection, the term "taxable year" shall not include a period of less than three hundred sixty-five days: PROVIDED, That during the period this proviso is in effect it shall be in lieu of all other provisions allowing credit against net income taxes for property taxes paid on business inventories."

On page 24, section 40, line 25, after "paid" insert "until January 1 of the second year following imposition of a tax pursuant to sections 5 and 11 of this act."

Debate ensued.

Senator Lewis (Brian) demanded a roll call and the demand was sustained by Senators Talley, Metcalf, Holman, Keefe, Henry, Cooney, Guess, Peterson (Lowell), and Connor.

Voting nay: Senators Andersen, Atwood, Bailey, Canfield, Dore, Foley, Gissberg, McCormack, McCutcheon, Mardesich, Newschwander, Peterson (Lowell), Peterson (Ted), Pritchard, Ridder, Ryder, Sandison, Stortini, Williams—19.

Absent or not voting: Senators Connor, Huntley—2.

Excused: Senator Stender—1.

On motion of Senator Durkan, the following amendments to the title were adopted:

On page 1, line 3 of the title after "82.04 RCW;" and before "amending" insert "authorizing the establishment of local taxing districts; empowering local taxing districts and cities and towns and counties to levy a retail sales and use tax; amending section 82.02.020, chapter 15, Laws of 1961 as amended by section 16, chapter 236, Laws of 1967 and RCW 82.02.020;"

On page 2, line 4 of the title, after "effective dates" insert "and declaring an emergency"

On motion of Senator McCormack, the rules were suspended, Reengrossed Substitute House Bill No. 582, as amended by the Senate, was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

ROLL CALL

The Secretary called the roll on the final passage of Reengrossed Substitute House Bill No. 582, as amended by the Senate, and the bill failed to pass the Senate by the following vote: Yeas, 13; nays, 35; excused, 1.

Debate ensued.

POINT OF ORDER

Senator Dore: "Point of order. After the fiftieth day, I understand this is the fifty-second day, we have to have immediate reconsideration so Senator Ryder's notice is out of order."

NOTICE OF RECONSIDERATION

Having voted on the prevailing side, Senator Lewis (Harry) gave notice that the rules be suspended and that at the proper time tomorrow he would move to reconsider the vote by which Reengrossed Substitute House Bill No. 582 failed to pass the Senate.

POINT OF INFORMATION

Senator Greive: "I think you are getting yourself into a parliamentary snarl. In the first place under Rule 31 you can only reconsider that day. In the second place a motion to suspend the rules is of a lot lower rank than a motion to reconsider, it is next to adjourn and so I don't think what you are trying to do can be done quite that way. I don't think I helped you too much."

MOTION

At 4:25 p.m., on motion of Senator Greive, the Senate recessed subject to the Call of the Chair.

SECOND AFTERNOON SESSION

The President called the Senate to order at 4:50 p.m.

MOTION

MOTION

On motion of Senator Ryder, Reengrossed Substitute House Bill No. 582, as amended by the Senate, was ordered immediately engrossed and transmitted to the House.

POINT OF INQUIRY

Senator Woodall: "Point of inquiry. It is impossible to again reconsider. What is the effect of the motion, makes the girls work all night or can it be transmitted the next working day. What is the effect of his motion?"

REPORT OF CONFERENCE COMMITTEE

May 1, 1969.

Mr. President:

Mr. Speaker:

We, of your Conference Committee, to whom was referred Engrossed Senate Bill No. 556, providing tenure and leave provisions for community colleges, have had the same under consideration, and we are unable to agree and request the powers of Free Conference.

REPORT OF FREE CONFERENCE COMMITTEE

April 29, 1969.

Mr. President:

Mr. Speaker:

We, of your Free Conference Committee, to whom was referred ENGROSSED HOUSE BILL NO. 77, providing for the protection of geoducks and hardshell clams, have had the same under consideration, and we recommend that Engrossed House Bill No. 77 be amended to read as follows:

On page 1, line 16 of the printed bill, being line 15 of the engrossed bill, after "(0.0 ft.)" and before the period insert " , or which lie in an area bounded by the line of ordinary high tide (mean high tide) and a line one-quarter mile seaward from and parallel to said line of ordinary high tide"

On page 1, section 1, line 22 of the printed bill, being line 20 of the engrossed bill, after "harvest." insert "All harvesting shall be done with hand held, manually operated water jet or suction device guided and controlled from under water by scuba or other diver."

On page 3, section 4, line 1 of both the printed and engrossed bills, strike all the material beginning with "A license" on line 1 down through "controlled." on line 8 and insert:

"A license is required for gear in which the harvesting head is directly guided or controlled by hand, the fee for which license shall be one hundred dollars per annum.

A license is required for each and every mechanical and/or hydraulic device operated for the purpose of taking clams other than geoduck clams for commercial purposes from tidelands and beds of navigable waters of the state of Washington, the fee for which license shall be three hundred dollars per annum."

and that the amended bill do pass.

Signed by: Senators Sandison, Elicker and Peterson (Lowell); Representatives Veroske, Hawley and Kink.

POINTS OF INQUIRY

Senator Greive: "Would Senator Sandison yield to a question? Senator, is it necessary for us to read this report? Couldn't you explain it just as well?"

Senator Sandison: "Yes, as you recall the original bill allowed for a mechanical type operation for dredging. The bill as now amended allows only manually held suction gear operated by scuba divers no closer than 440 yards from the beach and that is pretty much the sense of the bill. Senator Peterson (Lowell) can probably explain further."

Senator Peterson (Lowell): "Mr. President and members of the Senate, this has been worked out basically to the satisfaction that everyone here on the floor can live with. All of the principal objections that were raised have been compromised and I would move that we accept the report of the Free Conference Committee."

POINT OF INQUIRY

Senator Greive: "Would Senator Uhlman yield to a question? Senator, what are the amendments from which we are receding?"

Senator Uhlman: "Senator Greive and members of the Senate, this is the garnishment bill. This is the continuing lien provision which we debated here and I was one of the very strong advocates for maintaining it in the bill. I still believe it is a good idea but I do believe that the bill is very important and frankly I would be very strongly in favor at this time of going ahead and concurring in the House amendments."

The motion carried.

MALCOLM McBEATH, Chief Clerk.

Senator Lewis (Harry) moved that the Senate concur in the House amendment to Engrossed Senate Bill No. 377.

POINTS OF INQUIRY

Senator Uhlman: "Would Senator Lewis (Harry) yield to a question? Senator Lewis, what was the final conference result? I haven't seen it yet regarding the optional health care plans which the Senate provided for the state employees. The Senate provided for more than one as the original bill provides. Would you answer that question, please?"

Senator Lewis (Harry): "Senator Uhlman, in answer to your question, there is absolutely no change whatsoever in the number of insurance carriers that the state employees have. This provides for a study on the carrier system but there is absolutely no change in this bill at this time."

Senator Day: "Would Senator Lewis (Harry) yield to another question? Senator Lewis, what is the financial arrangement in the bill presently for payment of state employees or a portion thereof of their premium?"

Senator Lewis (Harry): "Senator Day, the money is in the appropriation bill. I discussed this with Senator Durkan and Senator Atwood. It is approximately \$1.8 million.

"If you will recall, presently health care for state employees is paid on the basis of fifty percent or \$10 whichever is less. We originally in the Senate had tried to move that to \$15 and this was originally funded. This amendment takes out the fifty percent requirement which has been in the law and raises the portion paid by the state to \$10 so we have not gone to the full \$15 which I had hoped we could originally but it is a compromise and it is a worthwhile one so state employees will now be receiving \$10 health care payments. They now are getting \$5.30 on the average."

Senator Day: "For the benefit of state employees and members of this Senate, I will not oppose this motion. However, I would like to point out Senator Lewis has just stated, what was it, \$1.8 million involved in this state fund which the Washington Physicians' Service and other non-profit corporations participate in and then arbitrarily do not allow free choice of doctor to state employees.

"This practice will continue and of course it is grossly wrong. However, we will hope that the study will do something about rectifying this. If you will remember the flood of mail which you got when we were attempting to correct the injustices or begin to in this program by taxing the premiums on these contracts the same as we do, not just for state employees but for everyone, the same as we do for private companies. This continues to be an area of unfair competition. It was a total distortion of the facts in the letters if you will recall also as to what the impact of such a tax would have been.

"Now I just hope that everyone realizes what they are voting for and I want to say that the state has been placed in a compromised position and actually has allowed itself to become second to the Washington Physicians' Service and others in stating what professions are truly recognized in the state of Washington. So although we have the legal authority to license professions, they have taken over the area of granting whether state employees will be allowed to use these professions or not."

The motion by Senator Lewis (Harry) carried and the Senate concurred in the House amendments to Engrossed Senate Bill No. 377.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 377, as

amended by the House, and the bill passed the Senate by the following vote: Yeas, 47; absent or not voting, 1; excused, 1.

Voting yea: Senators Andersen, Atwood, Bailey, Canfield, Connor, Cooney, Day, Donohue, Dore, Durkan, Elicker, Faulk, Foley, Gissberg, Greive, Guess, Henry, Herr, Holman, Huntley, Keefe, Knoblauch, Lewis (Brian), Lewis (Harry), McCormack, McCutcheon, McDougall, Mardesich, Marquardt, Matson, Metcalf, Newschwander, Odegard, Peterson (Lowell), Peterson (Ted), Pritchard, Ridder, Ryder, Sandison, Stortini, Twigg, Uhlman, Walgren, Washington, Williams, Wilson, Woodall—47.

Absent or not voting: Senator Talley—1.

Excused: Senator Stender—1.

ENGROSSED SENATE BILL NO. 377, as amended by the House, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MESSAGE FROM THE HOUSE

May 1, 1969.

Mr. President: The House has concurred in the Senate amendments to page 1, line 5 of the title, and to page 3, line 3, and refuses to concur in the remaining Senate amendments to HOUSE BILL NO. 32 and asks the Senate to recede therefrom, and the same is herewith transmitted. SIDNEY R. SNYDER, Assistant Chief Clerk.

Senator McCormack moved that the Senate do not recede from its amendments to House Bill No. 32 and asks the House for a conference thereon.

POINT OF INQUIRY

Senator Pritchard: "Would Senator McCormack yield to a question? Senator, is the problem here on this straight party voting?"

Senator McCormack: "Yes, it was and the solution that was arrived at was that we would keep the column line voting the same as on the paper ballot but we would draw by lots within each county with half Democratic precincts on the left and half Republican precincts on the left so it was completely fair for everybody."

MOTION

Senator McCutcheon moved that the Senate concur in the amendments to House Bill No. 32.

Senator McCormack: "Senator, the motion would be, I believe, that the Senate recede from its amendments on House Bill No. 32."

REPLY BY THE PRESIDENT

The President: "Senator McCormack's point is well taken, Senator McCutcheon. Your motion would be to recede from the Senate amendments to House Bill No. 32. Do you make such a motion?"

Senator McCutcheon: "I do."

PARLIAMENTARY INQUIRY

Senator McCormack: "Parliamentary inquiry. Is not my motion a positive motion? My motion was that the Senate do not recede and requests a conference. I believe this is a positive motion."

Senator Gissberg: "Any motion that will resolve the difficulties before the house is the motion that has to be put first and Senator McCutcheon's would resolve the differences right here and now and should be put first."

REPLY BY THE PRESIDENT

The President: "Senator Gissberg's remarks are well taken, Senator McCormack."

POINT OF INQUIRY

Senator Uhlman: "Would Senator McCutcheon yield to a question? Senator, you mentioned part of this paper is mine on here relating to the registration of migrant workers. I am just unclear as to what the disposition of that is. As I read the message from the House, they have agreed to my amendment is that correct or incorrect?"

Senator McCutcheon: "I don't think so, Senator Uhlman."

Senator Uhlman: "The message from the House says they concurred in the Senate amendments and I see they are asking the Senate to recede from the rest of them, my very meritorious amendment as well. That is too bad."

MOTION

On motion of Senator Dore, the message from the House on House Bill No. 32 and the Senate amendments were ordered considered on Monday, May 5, 1969.

MESSAGE FROM THE HOUSE

April 30, 1969.

SIDNEY R. SNYDER, Assistant Chief Clerk.

May 3, 1969.

The motion carried.

APPOINTMENT OF CONFERENCE COMMITTEE

The President appointed as Senate members of the Conference Committee on Senate Bill No. 42, Senators Uhlman, Walgren and Woodall.

On motion of Senator Greive, the Conference Committee appointments were confirmed.

PERSONAL PRIVILEGE

Senator Knoblauch: "Point of personal privilege. This won't take very long. I used to be able to say that I gave few speeches on the floor of the Senate but this week I can't say that any more.

"Those of you who are old timers here remember a couple that sat up in the gallery and never missed a single session. If one went home to go to sleep at night at 2:00 o'clock in the morning if we were in session that long, the other member of the family sat and listened and they told me that they could tell before we even called the roll how each of us was going to vote. All of us gave them a bouquet of roses at the end of the session.

"Well, I have been sitting here in my chair and every time I sit, I face the gallery and I noticed a lady whom I hardly know who has been sitting there for one hundred and twelve days doing some knitting. She has become an expert on sex education. She sat through, voluntarily I hope, five hours of Sam's talk on mass transit. I can tell you her favorite colors. Now I know it gets cold in Spokane, Mrs. Guess, and I am wondering if some of the upper parts of the things you have been knitting that when you get back to Spokane you don't knit the bottom part for Sam for long underwear for the cold winters over there.

"I simply want to say, Mrs. Guess, that you have been a very devoted listener all during these days and though I hardly know you, I have come to love you as a very fine person, one especially who can sit and listen to Sam talk by the hour."

MOTION

At 9:10 p.m., on motion of Senator Greive, the Senate adjourned until 11:15 a.m., Monday, May 5, 1969.

The Color Guard, consisting of Pages Mike Wrenn, Color Bearer, and Marta Metcalf, presented the Colors. Reverend Charles Howard Perry, rector of St. John's Episcopal Church, Olympia, offered prayer as follows:

"Our Father, who hast set a restlessness in our hearts, and made us all seekers after that which we can never fully find, forbid us to be satisfied with what we make of life. Draw us from base content, and set our eyes on far-off goals. Keep us at tasks too hard for us, that we may be driven to Thee for strength. Deliver us from fretfulness and self pity; make us sure of the goal we cannot see, and of the hidden good in the world. Open our eyes to simple beauty all around us, and our hearts to the loveliness men hide from us because we do not try enough to understand them. Save us from ourselves, and show us a vision of a world made new. May Thy spirit of peace and illumination so enlighten our minds that all life shall glow with new meaning and new purpose. Through Jesus Christ our Lord. Amen."

Reverend Charles Howard Perry offered the following Memorial Prayer for Ward Bowden:

"Jesus said, 'I am the resurrection and the life; he that believes in Me shall never die:'
"Almighty God, whose love is infinite and whose mercies cannot be numbered, we remember before Thee this day with gratitude and appreciation our friend and co-worker, Ward Bowden. As Thou dost hold all souls in life after their death on this earth, we commend his soul to Thee, as into the hands of a faithful Creator, and most merciful Saviour, asking that it may be precious in Your sight. Comfort us, O God, in this loss with the grace that comes from Thee alone and make us worthy to be called Thy sons. Have mercy upon his wife and children in their days of sorrow; sustain them with a sense of Thy goodness as they remember the goodness that comes from Thee. Grant them Thy peace, O Lord; lighten their darkness and ease their load of pain and sorrow. Give to each one of us a sure and certain hope of our own resurrection unto eternal life as Thou hast promised this to us through Jesus Christ our Lord, in Whose name we pray. Amen."

On motion of Senator Greive, the reading of the journal of the previous day was dispensed with and it was approved.

"Almighty God whose love is everlasting, and whose power is infinite, whose care for Thy creation enfolds the falling bird and the stumbling man, enlighten our minds and lift up our hearts as we work to do our duty in this world. Help us to look upon the daily tasks of life as opportunities for service to our fellow man, and expressions of our faithfulness to Thee. When we are weary of doing good and are tempted to succumb to the pressures of self-interest and pettiness, help us to remember who we are and why we are here. Bless and guide the members of this senate of the state of Washington that they may be faithful in the performance of all their duties. Deliver them from the trap of expediency and point them toward the truth that stands the trials of time. Our Heavenly Father, direct their feet into the paths of justice and fairness for all men in this state. When the clouds of confusion and darkness embrace them, bring forth within them a will to sober and honest confrontation on the issues that divide them. Help them to seek the light that shines even in the midst of darkness; deliver them from the seduction of their own minds; and grant that they may humbly seek to walk with Thee in all their doings. We thank You, O God, for this beautiful day. May the brightness of its beauty be to us a symbol of Your presence in our midst, and may we not lose sight of Your love for us. Through Jesus Christ, our Lord. Amen."

POINTS OF INQUIRY

Senator Canfield: "Would Senator Holman yield to a question? Senator, Senator McCutcheon referred to a certain underlined item on page 3 having to do with expanding the voting right of people who cannot read and speak English. You will find that under subsection 6.

"This was a matter of a court case in Yakima county, Senator McCutcheon referred to something about Yakima county in his remarks and perhaps Senator Woodall will care to comment on this. It was a case instituted by some people who were refused registry because they could not read and speak the English language. The suit was decided just the other day in favor of the defendant, namely the county auditor of Yakima county. The court held that he was entirely correct in refusing registration to those who could not read and speak the English language.

"In this bill it gives these people the right to vote if they cannot read and speak the English language which in my opinion is a direct contravention of this suit and a direct contravention of the Constitution which requires people to read and speak the English language.

"Senator Holman, I have made kind of a speech but my question to you is how do you justify this underlined material?"

Senator Holman: "Senator Canfield, I did not know about this lawsuit. It seemed to me that if you are correct that the lawsuit was decided in favor of the county auditor that unless there was a constitutional provision involved that this proposed new statute would in effect reverse the court and make it possible for these people to vote if they have attended public school the requisite number of years.

"However, I want to make clear that it is perfectly all right with me. I am speaking for myself and not necessarily Senator Uhlman to remove this amendment. I had no idea that there were strong feelings about it. When I was asked to sign it, I read it and it seemed perfectly in order and perfectly fair. I didn't realize there had been a lawsuit on the subject or that Senators had a difference of opinion. I agree that in matters as controversial as this, could be they have to have a full hearing and not just hung on as paper work.

"As far as I am concerned if we defeat Senator McCutcheon's motion and then do as

Senator McCormack suggests, take them up one by one, I would certainly go along with recession on this particular amendment. I don't know how Senator Uhlman feels about it."

Further debate ensued.

Senator McCutcheon: "Would Senator Atwood yield to a question? Senator Atwood, you say you have conferred with Mr. Johnson about getting into this new set up in case we come to a free conference or something?"

Senator Atwood: "I have not conferred with him on this particular measure. It was my understanding that the parties had reached an agreement on it. As far as the makeup of the ballot, not the electronic voting per se."

Senator McCutcheon: "I gathered from what you said that you are going to look the whole matter over, the whole voting registration, everything, and take it all into account. Is that the theory?"

Senator Atwood: "No, I don't think that is the theory at all. I am not too sure, Senator McCutcheon, if I understand you. It is the arrangement of the card itself that was disturbing the people in regards to electronic voting and it is my understanding, I think Senator McCormack explained it the other day on what tentative agreement had been made as far as the arrangement of the ballot."

Senator McCutcheon: "Thank you very much. I wonder if Senator McCormack would yield? In your original bill that you had up in the Committee on Constitution, Elections and Legislative Processes and which was voted on in the Senate, did it say anything about primaries at all?"

Senator McCormack: "Yes, I shall quote to you from the bill if I may. 'Voting devices and vote tally systems as defined in RCW 29.34.010 may be used in all primaries and elections, general or special, in all counties.' That is exactly the wording in the amendment."

Senator McCutcheon: "Now, one more question. Did you put these safeguards with reference to party column voting and your safeguards as to duplicate punch cards, is that in this particular thing that I am pointing at here that was put on House Bill No. 32?"

Senator McCormack: "The safeguards on party column voting were in the existing law, Senator McCutcheon. The bill that we passed modified that and clarified it. This modification and clarification which we wrote into the bill was what was not acceptable in the House. That particular modification on how the ballot should be arranged, and this has been the subject of discussion on which we believe we have reached a conclusion which is fair to everyone.

"My amendment did not contain any reference to duplicate cards for the simple reason that I don't believe that duplicate cards are necessary and I don't believe they have any place in this bill. If you can prevail upon the conference committee if one exists that this is necessary, Senator, then I believe that is fine but I for one did not believe in it and I did not include it in my amendment."

Senator McCutcheon: "Just one more question and I will sit down. It takes a little digging to get into this but now I am beginning to see the picture and get the message.

"I forget the number of that bill, House Bill No. 562, I believe, that made it a felony or misdemeanor if a precinct committeeman didn't call the election or the caucus on the same hour that he said he was going to call it. His political enemies would be at his throat. That is a very bad bill. Montgomery Johnson and Neil Chaney, that is our chairman, if you think they have unanimous accord in either party, you are crazy. But they didn't get their stuff and it came over here and was properly stricken by the ruling of our presiding officer that they were not the same subject and not germane and they lost it.

"Now, they looked around and they come up with the last hope. I have talked to Mr. Bledsoe, he doesn't want any part of that electric voting. I have talked to Norwood Cunningham and he says 'what will we do with this?' I said, 'Lord knows what I would do with it, Norwood. It is your problem I guess'. He said 'I would like to do something with it', so, they held on to it for a full month and here they are in the dying days, they want us to handle it in three days, do all these complicated subtractions, additions, separations and studies and all the time buzzing around the conference committee will be the two state chairmen and buzzing around them will be everybody that wants to get in with voting requirements.

"I have been up here before and I have been accused of being a little bit rough on some of these fellows but actually you are tinkering with not only electronic voting but everybody over there including both our state chairmen and others are tinkering with the right of suffrage and the thing is not clear at all. We will be back up here again asking for the powers of free conference.

"Now the dog race starts. Maybe the dogs will be here ahead of us but then we will be really in trouble and we will accomplish absolutely nothing and I say that to Senator McCormack and I say it to all of you gentlemen. This is something you should put off until next January and go at it right and separate bills so you know what you are doing. As I said before and I will say it again directly, I have never seen so much pressure put on such a trivial little bill, just to bring us up-to-date, he says. The hell it is. Something's back of it, power and pressure and pressure and pressure and do you know what I say to pressure? To hell with it."

Further debate ensued.

Senator Guess: "Would Senator McCutcheon yield to a question? Senator, first, I would like to read from the Constitution, Amendment five, which was passed in November,

1910. It is found on page 120 of the legislative manual and I believe that this amendment to House Bill No. 32 is totally outside of that but I want to get your concurrence.

"It says, 'All persons of the age of twenty-one years or over possessing the following qualifications shall be entitled to vote at all elections: They shall be citizens of the United States; they shall have lived in the state one year, and in the county ninety days, and in the city, town, ward or precinct thirty days immediately preceding the election at which they offer to vote; they shall be able to read and speak the English language.' And then it has the proviso about Indians and then a further proviso says 'That this amendment shall not affect the rights of franchise of any person who is now a qualified elector of this state. The legislative authority shall enact laws defining the manner of ascertaining the qualifications of voters as to their ability to read and speak the English language'.

"It appears to me that from the recitation that you have made from that five feet of yellow paper that goes further than the Constitution, it goes further than the legislative powers given to us in this body by Constitution and I think you are exactly right in challenging it. I wonder if you read the book as I do."

Senator McCutcheon: "It hasn't been changed by any constitutional amendment that I know of. You still have to be twenty-one to vote and read the English language so I think that answers that question. What I want to say is whether we were negligent and whether through our own dumbness we were over-reached by Senator McCormack, he was faster on his feet we will say and very much more persistent than I.

"The point I am making is what Senator Guess has just said is that while we were outsmarted, that doesn't mean we were wrong. Many an honest man has been outsmarted and the very fact that we were outsmarted we have a chance on this floor and at this hour to correct that. They can be the smart people and we can be the sensible people and the honest man can come back here and say, 'I am going to vote like Mr. Bledsoe and Mr. Norwood Cunningham handled it over there'. The best thing we can do with this mess of stuff now is to recede, of course, and go along with them but we are going to continue this deal with these shadowy persons that moved in the rear and with all this pressure and I don't know what you are going to come up with.

"I have no personal interest in it, not an ounce but I hate to see an honest man outsmarted and he is outsmarted on this one. Confused by a multiplicity of amendments. It would take a Philadelphia lawyer to read those. There isn't a man on this floor, Senator Holman or anyone else, and he is a very able and honest man, but there isn't a man here that would say it is fair to expect us in the dying days of this session to go in and have an honest conference because each one is going to try to get the advantage of the other and you are going to put the Chair up against the appointment of the conferees. They will come back, no dice. We all sit and grin at each other, do nothing. Then somebody rushes in and says, 'we will have to have powers of free conference' and then they are the legislature acting on a most important piece of legislation, enacted in haste.

"I am willing to go along with this thing over here. I wouldn't be shouting at any time if he had left us out like they said they were going to but we are going to appoint six people powers of free conference to be the legislature of the state of Washington. That is what it amounts to and you know it and I know it and I am not afraid to say it."

PARLIAMENTARY INQUIRY

Senator Washington: "Point of parliamentary inquiry. Have we not moved and has it not been adopted that the question be divided so that the separate portions of the amendment can be acted on separately?"

REPLY BY THE PRESIDENT

The President: "Senator Washington, it has been suggested that the question be divided but no one has put the motion."

MOTION

Senator Washington moved that the question be divided.

POINT OF ORDER

Senator McCutcheon: "Point of order. I understand under Rule 17 that this motion has to be in writing."

RULING BY THE PRESIDENT

The President: "The Senator's point is well taken."

Senator McCormack: "I think you have the motion in writing on your desk, Mr. President."

REPLY BY THE PRESIDENT

The President: "Would you provide Senator McCutcheon with a copy, please, if Senator McCutcheon so desires?"

MOTIONS

Senator McCormack moved that the question be divided as follows: That the Senate consider sections 4 through 8 as one portion of the amendment and sections 9 and 10 as the other portion.

On motion of Senator McCormack, the Senate receded from the Senate amendments adding sections 4 through 8.

The motion carried.

Senator McCormack moved that the Senate do not recede from the Senate amendments adding sections 9 and 10 and asks the House for a conference thereon.

Senator Dore moved that the amendment be further divided and sections 9 and 10 be considered separately.

The motion carried.

On motion of Senator McCormack, the Senate refused to recede from its position on section 9.

Senator McCormack moved that the Senate do not recede from its position on section 10 and asks the House for a conference thereon.

Senator Dore moved that the Senate recede from its position on section 10.

Senator Ridder demanded a roll call and the demand was sustained by Senators Odegaard, Peterson (Lowell), Dore, McCormack, Stortini, Metcalf, Holman, McDougall and Connor.

POINTS OF INQUIRY

Senator Day: "Would Senator McCormack yield to a question? Senator, in this electronic voting amendment, do we still have the duplicate card process?"

Senator McCormack: "No, Senator, we do not have. There is no provision in the amendment as it stands for duplicate cards any more than there is provision in the law today for duplicate paper ballots or duplicate voting machines."

Senator Wilson: "Would Senator McCormack yield to another question? Senator, to clarify this point once and for all, the electronic voting machine process remains optional with each county, is that not correct?"

Senator McCormack: "Yes, it must be accepted and approved by the state voting commission and it remains optional, permissive with each county."

Senator Canfield: "Would Senator McCormack yield to a question? Senator, I thought when we discussed this in the elections committee with Senator McCutcheon that this question of duplicate cards did come up and it was my understanding that provision for them could and would be made. Am I in error?"

Senator McCormack: "You are partially in error but this action was not taken by the committee. It was discussed in committee and not taken in committee. This floor did take action to put duplicate cards in the bill so there was a provision for duplicate cards put in the bill but it is not included in this amendment. It would be up to the conference committee to decide whether they really believe duplicate cards are necessary or not but it was not a matter of committee action."

Senator Canfield: "I thought, Senator McCormack, that that was one of the chief objections raised in the testimony that some things could be done that should not be done unless there were duplicate cards."

Senator McCormack: "Senator, it was my impression from the committee hearings that this idea of duplicate cards was pretty much shot down as a bogeyman man that didn't have any substance anymore than the requirement for duplicate paper ballots or duplicate tapes on voting machines, that sort of thing. The account of duplicate cards somehow predisposes that there is going to be some sort of a coalition between Republicans and Democrats against somebody else to somehow substitute cards or something like that."

Senator Canfield: "I didn't take it that way, Senator McCormack. I thought that with these little cards which are essentially punch cards, are they not? You punch them with a stylus?"

Senator McCormack: "Yes."

Senator Canfield: "And with that punching device you could not only punch through the original but also punch through a duplicate and it would take no extra time nor trouble so I don't know where this bogeyman is that you are talking about."

Senator McCormack: "Well, I was speaking of the need for it, Senator. It may be possible, I do not know, I have not researched the question whether it is possible and all I can suggest is that this would be something that the conference committee could consider or if the voting machine commission considers it necessary or if the secretary of state as superintendent of elections of the state, considers it necessary, he could require it."

Debate ensued.

ROLL CALL

The Secretary called the roll and the motion by Senator Dore that the Senate recede from its position on section 10 failed by the following vote: Yeas, 9; nays, 36; absent or not voting, 1; excused, 3.

MESSAGE FROM THE HOUSE

May 3, 1969.

Mr. President: The House has passed: ENGROSSED SENATE BILL NO. 172 with the following amendment:

On page 1, beginning on line 5, strike all of section 1 and insert the following:

"Section 1. Section 84.36.040, chapter 15, Laws of 1961 and RCW 84.36.040 are each amended to read as follows:

The following property shall be exempt from taxation:

All free public libraries, orphanages, orphan asylums, institutions for the reformation of fallen women, homes for the aged and infirm, and hospitals for the care of the sick when such institutions are supported in whole or in part by public donations or private charity, and all of the income and profits thereof are devoted, after paying the expenses thereof, to the purposes of such institutions; and the grounds, together with all real and personal property owned or used as a part of such institutions, whenever such libraries, orphanages, institutions, homes, and hospitals are built and used exclusively for the purposes herein enumerated.

In order to determine whether such libraries, orphanages, institutions, homes, and hospitals are exempt from taxes within the intent of this chapter, the director of [health] revenue shall have access to their books and the superintendent or manager of the library, orphanage, institution, home, or hospital claiming exemption from taxation shall [make oath before the assessor] file, with the assessor on forms furnished by the director, a signed statement that the income and the receipts thereof, including donations to it, have been applied to the actual expenses of maintaining it, and to no other purpose. He shall also, under oath, make annual report to the department of [health] revenue of its receipts and disbursements. [specifying in detail the sources from which the receipts have been derived, and the object to which disbursements have been applied, and shall furnish in such report full and complete vital statistics for the use and information of the department of health, which may publish the same in its annual report.] Such report shall be made upon a form supplied by the director of revenue on or before the fifteenth day of the fifth calendar month following the close of the accounting period for which the return is required to be filed. The assessor shall remove the tax exemption from the property and assets of any hospital which does not file with the assessor said annual report within forty-five days of the due date. The department of revenue shall make a copy of such report available to other governmental agencies upon request.

A hospital, within the meaning of this section, includes any portion of the hospital building, or other buildings in connection therewith, used as a nurses' home or as a residence for persons engaged or employed in the operation of the hospital, or operated as a portion of the hospital unit."

and the same is herewith transmitted. MALCOLM McBEATH, Chief Clerk.

MOTION

Senator Day moved that the Senate concur in the House amendment to Engrossed Senate Bill No. 172.

POINT OF INQUIRY

Senator Holman: "Would Senator Day yield to a question? Senator, the bill as it left the Senate required that the hospital in this case applying for exemption would furnish a copy of Form 990A of the internal revenue service. I take it now that that will not be done, is that correct?"

Senator Day: "That is correct. That portion of it I didn't agree with but judging from previous experiences with the House in this particular area I thought we better take what we could get, Senator."

Senator Holman: "They have an objection to this, I take it?"

Senator Day: "Apparently they do. During the entire hospital study there was a granite wall which we ran into which didn't allow the committee of the legislature to peruse in any manner the internal records of any hospital. Of course, this is one of the things left undone in the hospital study which we are going to have to do and I don't think we could accomplish too much by merely having this submitted with a report anyway so it is going to take more than an in-depth study to actually get at the problem area."

The motion carried and the Senate concurred in the House amendments to Engrossed Senate Bill No. 172.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 172, as amended by the House, and the bill passed the Senate by the following vote: Yeas, 43; absent or not voting, 3; excused, 3.

Voting yea: Senators Atwood, Bailey, Canfield, Connor, Cooney, Day, Donohue, Dore, Durkan, Elicker, Faulk, Foley, Gissberg, Greive, Guess, Henry, Herr, Holman, Keefe, Knoblauch, Lewis (Brian), Lewis (Harry), McCormack, McCutcheon, McDougall, Mardesich, Marquardt, Metcalf, Odogaard, Peterson (Lowell), Peterson (Ted), Pritchard, Ridder, Ryder, Sandison, Stortini, Talley, Twigg, Walgren, Washington, Williams, Wilson, Woodall—43.

Absent or not voting: Senators Andersen, Matson, Uhlman—3.

Excused: Senators Huntley, Newschwander, Stender—3.

ENGROSSED SENATE BILL NO. 172, as amended by the House, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTION

Senator Sandison moved that the Senate concur in the House amendments to Engrossed Senate Bill No. 754.

POINT OF INQUIRY

Senator Metcalf: "Would Senator Sandison yield to a question? Senator, this is the drug abuse laboratory?"

Senator Sandison: "Correct."

Senator Metcalf: "And there is some indication we can get the funds all clear?"

Senator Sandison: "Yes, we feel probably it would do no good to go back into the House to attempt to get the funds and we are going to try to prevail upon the committee on the budget conference to put the money in. I have spoken about this to Senator Durkan."

The motion carried and the Senate concurred in the House amendments to Engrossed Senate Bill No. 754.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 754, as amended by the House, and the bill passed the Senate by the following vote: Yeas, 41; absent or not voting, 5; excused, 3.

It was moved by Senator Sandison that the rules be suspended and the appointment of R. Mort Frayn to the position of member of the Board of Regents of the University of Washington be now confirmed.

Debate ensued.

The motion carried.

POINT OF INQUIRY

Senator Gissberg: "Will Senator Metcalf yield to a question? Senator, have you personally spoken to Mr. Frayn to determine his views on the questions you have just raised?"

Senator Metcalf: "I had seriously considered calling Mr. Frayn and discussing with him his view of the issue of which I have voiced concern on this floor, that is the student disruption. I would like to know really how he stands on the business of being tough or lenient on campus disrupters.

"Since you mentioned the question, Senator Gissberg, I have not because I really did not want to inject that into this discussion. I do not know his position on these items."

Senators Talley, Durkan and Woodall demanded the previous question and the demand was sustained.

The Secretary called the roll and the appointment of R. Mort Frayn to the position of member of the Board of Regents of the University of Washington was confirmed by the Senate by the following vote: Yeas, 39; nays, 1; absent or not voting, 8; excused, 1.

WHEREAS, With the rapid expansion of sports fishing at the city of Westport located on the south shores of Grays Harbor Bay and the community of Ocean Shores on the north shores of Grays Harbor Bay, and the water distant between those two areas is approximately five miles; and

NOW, THEREFORE, BE IT RESOLVED, By the Senate, That the Legislative Joint Committee on Highways jointly with the Washington State Highway Commission, in their special studies to be undertaken during the 1969-1971 biennium, include a feasibility study with the Board of Grays Harbor County Commissioners and local authorities comprised of the local port authorities, local municipalities, local communities and local organizations and associations, to determine the possibility of the local groups to undertake the construction of approach roads, terminal facilities and the operation of a ferry for transporting foot passengers and/or motor vehicles between the city of Westport across Grays Harbor Bay to the area of Browns Point; and

BE IT FURTHER RESOLVED, That the results of the study and any recommendations thereof shall be included in the report submitted to the next Legislature by the Joint Committee on Highways.

On motion of Senator Bailey, the resolution was adopted.
 Senator Talley moved adoption of the following resolution:

SENATE RESOLUTION: 1969-EX-57

By Senators Greive, Lewis (Harry) and Talley:

WHEREAS, The attraction of new industry to and the expansion of existing industry in the state of Washington is vital to the economic growth of the state and the economic well-being of its citizens; and

WHEREAS, Forty-five states have already enacted laws permitting those states or political subdivisions thereof to assist industry through the medium of industrial revenue bond financing; and

WHEREAS, It is essential to determine the impact of such legislation on the economic development program of this state and to inquire into practical solutions to the problems of rural and urban economic development;

NOW, THEREFORE, BE IT RESOLVED, That the Senate request the legislative council to immediately conduct a study to determine the feasibility and advisability of the adoption of similar legislation in this state and report its findings to the next session of the legislature; and

BE IT FURTHER RESOLVED, That if the council deem such legislation to be warranted in order to enhance the state's competitive position that it prepare such legislation for submission to the next session of the legislature.

Debate ensued.

POINT OF INQUIRY

Senator Canfield: "Would Senator Lewis (Harry) yield to a question? Senator, would you care to comment upon my comments and set my mind at rest?"

Senator Lewis (Harry): "Senator Canfield, I don't know whether I can set your mind at rest but I was very much concerned last session with the activities of the Texas Aluminum Company and I think most of us were. I believe that the time to act and the time to look is prior to the time of pressure and this is the incentive for the passage of this resolution. If we wait until the problem is in our lap then we tend to act hastily.

"I might remind you of the reaction of the Senate when the Black Panthers were here. We passed legislation which may or may not be meritorious. Last session we attempted to act and we were unsuccessful and perhaps rightly so but to set your mind at rest, I believe that a solid look by the council should be made of industrial revenue bond financing. The council is a very well recognized legislative body. Its procedures are such that nothing is rushed through it and I think that now careful slow scrutiny should be made of this area and a decision made before the pressures are placed on us again as they were during the last session of the legislature, Senator Canfield.

"This is the purpose of the study, to make a determination. Both you and Senator Guess have said you are not sure. I am not sure, either, but I think the council could help us to make up our own minds in making this determination. I would urge you to support the resolution."

Further debate ensued.

The motion lost on a rising vote and the resolution was not adopted.

SECOND READING

SENATE CONCURRENT RESOLUTION NO. 24, by Senators Greive, Bailey and Holman:

Establishing an interim committee on insurance.

The Senate resumed consideration of Senate Concurrent Resolution No. 24 on second reading.

Senator Mardesich moved adoption of the following amendment:

On line 1, page 1, after "WHEREAS," strike the remainder of the resolution and insert the following:

"Laws and regulations relating to insurance and regulatory agencies are of vital concern to the citizens of the state of Washington; and

WHEREAS, Matters of insurance and matters controlled by regulatory agencies are matters of significance and importance to the personal budget of practically every citizen of the state of Washington; and

WHEREAS, There is an urgent need existing within this state for a comprehensive study to determine how, in fact, the public's interest is being furthered and protected in these areas under present laws and regulations; and

WHEREAS, It is the duty of the legislature to conduct such studies;

NOW, THEREFORE, BE IT RESOLVED, By the Senate, the House of Representatives concurring, that the President of the Senate shall appoint five Senate members and the Speaker of the House of Representatives shall appoint five House members, not more than three of said members from each of the respective Houses to be of the same political party, to serve as an Interim Committee on Insurance and Regulatory Agencies, hereinafter in this Resolution referred to as the committee, to make a study of how the public's interest is being furthered and protected under present laws and regulations; and

BE IT FURTHER RESOLVED, That the committee so appointed is authorized to counsel with such private and public agencies and the officials thereof as the committee shall so decide, and every public official, employee and agency within the state shall extend their fullest effort to carry out the purposes of this concurrent resolution; and

BE IT FURTHER RESOLVED, That the committee may promulgate rules and regulations for the administration of its duties, may conduct hearings and shall have the powers prescribed by chapter 44.16 RCW for legislative committees. The committee shall elect its own chairman and may employ such help and technical and legal assistance as the committee deems necessary for the proper and efficient performance of its duties. The committee shall publish and distribute to all members and members-elect of the legislature a report together with its recommendations prior to January 1, 1971; and

BE IT FURTHER RESOLVED, That the members so appointed shall receive an allowance in lieu of per diem, and mileage, when engaged in the business of the committee and traveling to and from such business if at a place other than their usual place of residence, as provided in RCW 44.04.120, the same to be paid upon their individual vouchers from any sums of money appropriated for the expenses of the committee."

POINT OF INQUIRY

Senator Woodall: "Would Senator Mardesich yield to a question? Senator Mardesich, under this then I guess you would have the director of agriculture. All of the regulations the director of agriculture makes would come under your committee; all regulations of every board, bureau, department, agency of state government in effect would come under this one committee, is that correct?"

Senator Mardesich: "Well, I don't think that is true. Regulatory agencies are intended to be interpreted in this amendment would be those particular agencies which require licensing and that is the intent of it and the only meaning inscribed to the words 'regulatory agencies' in this amendment."

Senator Woodall: "Every packing plant, every dairy rancher, about everybody that requires a license of some kind. It seems to me that this is the most far sweeping number of things to put under one committee I have ever heard of and I am just wondering what all you intend to get into."

Senator Mardesich: "I will say again that the intention was to include the field of insurance, the field of banking and the question of the utilities structure. I could enumerate all those things but the title would become quite cumbersome if you were to attempt to do it. As I say, there is no intention to go beyond those areas."

Senator Woodall: "In other words, so you would want to investigate rate making of the whole utility field as well as going into branch banks and also insurance."

Senator Mardesich: "Actually, Senator Woodall, the utilities and transportation commission has requested us to study this problem by letter I have in hand from Mr. Timm, chairman of the commission. He has asked that we study in particular the matter covered by Senate Bill No. 324 and Senate Bill No. 347 which were the rate structure capacity of the utilities commission."

Senator Woodall: "Do you envision then that unless you narrowed it down to these three fields you could at any time the committee wanted go into any other field where they had regulatory agencies, is that right?"

Senator Mardesich: "No, that is not what I envision at all. It is my interpretation of this to mean strictly those fields, insurance, the utilities commission, and the banks and banking area."

Senator Woodall: "That would take in Senator Al Henry's telephones under utilities."

Senator Mardesich: "They would be a group falling under the utilities and transportation commission although as I say, they have asked us in particular to study the rate making structure as it pertains to carriage of cargo for hire."

Senator Woodall: "So you have trucks, lights, telephones, anything that sets rates would come under this broad committee?"

Senator Mardesich: "If you wish to interpret very broadly and I assume you could. As you say, there is no agency of government practically which does not have some regulatory making authority but that is not the intent of the amendment. It is intended to be restricted to those areas I have delineated."

Debate ensued.

POINT OF ORDER

Senator Greive: "Mr. President, I raise the question of Rule 62 and namely that this amendment enlarges the scope and object of the interim committee which is obviously for insurance."

REPLY BY THE PRESIDENT

The President: "The President would like to study this particular point in detail and in order to expedite the business would appreciate the opportunity of ruling upon this at a later time."

MOTION

On motion of Senator Greive, Senate Concurrent Resolution No. 24 was ordered held subject to the Ruling by the President.

The resolution was read the second time in full.

On motion of Senator Foley, the rules were suspended, Senate Concurrent Resolution No. 6 was advanced to third reading, the second reading considered the third, and the resolution was placed on final passage.

Debate ensued.

POINTS OF INQUIRY

Senator Ridder: "Would Senator Foley yield to a question? Senator Foley, I notice here you very kindly put in conjunction with the superintendent of public instruction, the joint committee on education. I am sure on the philosophical matters and the practical matters of education, especially on the scope of educational program that you would involve considerably the joint interim committee on education. I would like to know at this time how far do you consider involving this group?"

Senator Foley: "We intend to involve everyone concerned with education and get as much information on this particular subject as we possibly can."

Senator McCutcheon: "Would Senator Ridder yield to a question? Senator, as a matter of fact it is a duplication of the joint interim committee on education, is it not? Has it anything to do with the same kind of a study that is always being made by Buster Brouillet's committee?"

Senator Ridder: "Your question is well put. Number one is what are the greatest needs in education and I don't think that this is a legislative budget committee or legislative council committee consideration but apparently they feel it is. I feel this is a duplication of joint interim committee effort."

Senator McCutcheon: "The only thing I can see is that the interim committee on education, I think the public likes to be informed, had an appropriation of some \$35,000 last year and it was all spent on House Bill No. 58, bringing education up-to-date and it is all lost."

Senator Durkan: "No, it is not my intention, Senator, it may be necessary to save the fate of the state and the citizens therein by passing a limit on property taxes."

Extending industrial insurance coverage.

Senator Wilson moved adoption of the following amendment:

On page 2, section 1, line 3, strike "[except agriculture:]" and insert "except agriculture;" and strike the underscored material following down through "activities," on line 6.

POINTS OF INQUIRY

Senator Lewis (Harry): "Would Senator Wilson yield to a question? Senator Wilson, we are moving rather fast here. I wonder if you would mind explaining clearly what the effect of your amendment does?"

Senator Wilson: "It has no effect on the present coverage of the tree fruit and hops industry with respect to workmen's compensation. It retains the existing law with respect to a prohibition against further extensions of workmen's compensation into agriculture and combined with our previous action of course will result in a study of the matter so that statistical matter and other evidence can be compiled with respect to which phases of agriculture, excluding the two already under coverage, are truly extrahazardous and which are not."

Senator Lewis (Harry): "Senator Wilson, it appears to me that one of the prime purposes of this bill is to include agriculture and it went through the labor committee and I would be interested in hearing some more arguments from other members on the floor before I vote on this."

Senator Wilson: "Senator Lewis, with respect to your initial comment there is no intent at all to rush this through without adequate consideration by the body. I might suggest that regarding the primary intent of this legislation that Senator Ridder, who is the prime sponsor, might want to speak on that point."

Senator Ridder: "This bill essentially was drawn by Director Petrie in my behalf to handle a problem of extending industrial insurance coverage and when they wrote this they took a little more perhaps than they should have handled with that passage. They included this extrahazardous farm passage and Senator Wilson came to me and said that this had some serious problems with him concerning a couple of occupations in agricultural work that were already covered and so this was drawn to exclude those and it moves it back to the original language as I understand it."

Further debate ensued.

The motion carried and the amendment was adopted.

On motion of Senator Ridder, the rules were suspended, Engrossed Senate Bill No. 615 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

Debate ensued.

POINT OF INQUIRY

Senator McCormack: "Would Senator Atwood yield to a question? Senator, you said that what I stated was completely untrue. What I understand and what I recall from the budget committee was the testimony from the community college board that they could put all \$58 million out for bid by July 1, 1970. This is on what I am basing my comments and I would like to know if I am in error on that point."

Senator Atwood: "No, your comment is right. That is what they said but the fact remains some of those projects will not get the bid until probably just before the 1971 session, if then. They have included one project outside that but other than that they are just not ready for bid and won't be. They haven't even the schematics on most of them."

"I might say this, there is also a policy decision involved that the 1970 session will have to make in the capital program for community colleges which we have not faced yet but we will be facing it in the 1970 session. In no way, because we are back here in 1970 if it appears that in fact they are going to be able to get them to bid, the money will be there. There is no way they can get them to bid late spring on one of these major projects. I believe the Seattle one is the one that we were concerned with the most but the others vary all the way from late spring into the fall. Having been through this so many times and if you will look at the capital budget, we end up coming back and re-appropriating even in Seattle's case, we have now had to reappropriate over \$4 million of their current capital construction program now going on. We thought that they were going to use \$5 million. They are only going to use \$912,000 of it and so we are now re-appropriating in that area."

Senator McCormack: "Senator, is what you are saying based on your experience? Is it your judgment that these would not be ready if they had the money?"

Senator Atwood: "Exactly."

Senator McCormack: "But this is a matter of your opinion."

Senator Atwood: "It is not only my opinion. It is the opinion of CBA, it is the opinion of the Governor and anybody else that has looked at these programs. They just don't have the wherewithal to get them on the line. General Administration is running behind because of the amount of capital construction going on."

Senator McCormack: "Senator Atwood may be completely correct and I may be completely in error but I don't think my statement was untrue and I was basing my comments on the testimony that they could have everything out for bid by July 1, 1970."

MESSAGE FROM THE HOUSE

May 3, 1969.

Mr. President: The House has passed SENATE BILL NO. 371 with the following amendments:

On page 1, beginning on line 8 following the enacting clause add six new sections as follows:

"Section 1. Section 35.03.010, chapter 7, Laws of 1965 and RCW 35.03.010 are each amended to read as follows:

Any portion of a county, which portion contains not less than twenty thousand inhabitants [, living within an area of not more than ten square miles,] and which is not incorporated as a municipal corporation, may become incorporated under the provisions of this chapter, and when so incorporated, shall have the powers conferred, or that may hereafter be conferred, by law upon cities of the first class.

Sec. 2. Section 35.03.020, chapter 7, Laws of 1965 and RCW 35.03.020 are each amended to read as follows:

A petition shall first be presented *under the provisions of sections 1 through 6 of this 1969 amendatory act* to the [board of county commissioners] county auditor of such county, signed by at least [one] five hundred qualified electors of the county, residents within the limits of such proposed corporation, which petition shall set forth and particularly describe the proposed boundaries of such corporation, *state the name of the proposed corporation*, and state the number of inhabitants therein as nearly as may be, and shall pray that the same may be incorporated under the provisions of this chapter. *The county auditor shall within thirty days from the time of receiving said petition determine that the legal description of the area proposed to be incorporated is correct and that there is a sufficient number of valid signatures. Upon such determination, the county auditor shall transmit said petitions accompanied by the certificate of sufficiency to the board of county commissioners except that in counties in which a boundary review board exists under chapter 36.93 RCW, said petition and the certificate of sufficiency shall be transmitted to the boundary review board. If a period of sixty days shall elapse from the filing of the said petition with the boundary review board without such board's jurisdiction having been invoked, as provided in RCW 36.93.100, the proposed incorporation shall be deemed to have been approved by the board. Upon presentation of said petition in counties in which there is no boundary review board, the board of county commissioners shall ascertain the number of inhabitants residing within said proposed boundaries. If, in the opinion of the board of county commissioners, the population within such proposed boundaries can be ascertained from the figures compiled from the last federal or state census for said county, such population figures shall be used, otherwise said board of county commissioners shall*

make an enumeration of all persons residing within said proposed boundaries. If the board of county commissioners shall ascertain that there are twenty thousand or more inhabitants within said proposed boundaries, they shall set a date for hearing on said petition, the same to be published [for a period of at least two weeks] in accordance with the notice required by RCW 29.27.080 prior to such hearing in some newspaper published in said county, together with a notice stating the time and place of the meeting at which said petition will be heard. Such hearing may be adjourned from time to time, not to exceed one month in all, and, on the final hearing, the board of county commissioners shall make such changes in the proposed boundaries as they may find to be proper, but may not enlarge the same, nor reduce the same so that the population therein would be less than twenty thousand inhabitants: *PROVIDED, That if the jurisdiction of the boundary review board has been invoked and it has approved the proposed incorporation or has modified it so that the statutory requirements for incorporation have still been satisfied, then the said petition shall not be referred to the board of county commissioners for action and hearing thereon as provided above. Within thirty days after the conclusion of the final hearing on the proposed incorporation before a boundary review board, that board shall file its written decision of approval, modification, or rejection with the board of county commissioners.*

Sec. 3. Section 35.03.030, chapter 7, Laws of 1965 and RCW 35.03.030 are each amended to read as follows:

If no boundary review board has jurisdiction over a proposed incorporation under sections 1 through 6 of this 1969 amendatory act or such a board's jurisdiction is not invoked within the sixty day period prescribed in RCW 36.93.100, the board of county commissioners shall by resolution establish and define the boundaries of such corporation, establish and find the number of inhabitants residing therein and state the name of the proposed corporation as specified in the petition for incorporation. Within ninety days after the passage of said resolution or the filing of the decision of approval or modification of the boundary review board with the board of county commissioners, the board of county commissioners shall cause an election to be called and held within the boundaries so established, said election to be conducted [as provided in chapter 29.13 RCW as now or hereafter amended] in the manner required for the calling of a special election in Title 29 RCW, as now or hereafter amended, except as otherwise provided in this chapter, for the purpose of determining whether such boundaries so established shall be incorporated [into a city of the first class and the election] and of electing fifteen freeholders, who shall have been residents within said boundaries for a period of at least two years preceding their election and qualified electors of the county, for the purpose of framing a charter for said city. Any qualified person may, not earlier than sixty days nor later than thirty days prior to such election, file with the county auditor of said county his declaration of candidacy in writing. The form of ballot at such election shall be "for incorporation," "against incorporation"; and shall contain the names of the [freeholders] candidates for the office of freeholder to be voted upon to frame said charter. No person shall be entitled to vote at such election unless he shall be a qualified elector of said county and shall have resided within the limits of such proposed corporation for at least thirty days next preceding such election.

Sec. 4. Section 35.03.040, chapter 7, Laws of 1965 and RCW 35.03.040 are each amended to read as follows:

[If at such election a majority of those voting thereat vote in favor of incorporation, the board of county commissioners shall, by resolution entered upon its minutes, declare such territory duly incorporated as a city of the first class under the name of (naming it). Thereafter said city shall have no authority to function as a municipal corporation until a charter has been adopted in accordance with the provisions of this section, except for all purposes necessary for the adoption of such charter.] The fifteen freeholders receiving the highest number of votes at such election shall be certified by the county auditor as elected as freeholders to form a charter for said city provided a majority of those voting at the election referred to in section 3 of this 1969 amendatory act vote in favor of incorporation. It shall be the duty of the persons so elected to convene within ten days after their election and frame a charter for said city, and within sixty days thereafter they, or a majority of their number, shall submit such charter to the board of county commissioners which shall within ninety days thereafter cause another election to be called and held in said city and to be conducted [as provided in chapter 29.13 RCW as now or hereafter amended] in the manner required for the calling of a special election in Title 29 RCW, as now or hereafter amended, except as otherwise provided in this chapter, and in conformity with article 11, section 10 of the Constitution, for the purpose of submitting said charter to the qualified electors of said city and for the election of the various elective officials to the respective offices named in said charter. The form at such election shall be "for proposed charter," "against proposed charter," and the names of the candidates for the respective offices named in said proposed charter. At the first election of officials for said city any qualified elector of said city may become a candidate for any of the elective offices set forth in such proposed charter without nomination by filing with the proper election officials of the county a declaration in writing that he desires to be a candidate for a particular office (naming it), such declaration to be filed not earlier than sixty nor later than thirty days prior to such election. Candidates for council positions shall file for a numbered position as provided by RCW 29.21.017. The candidates receiving the highest number of votes for the respective offices shall be declared elected to such office and the county auditor shall issue a certificate of such election. After the first election the nomination and election of officials

for said city shall be as prescribed in the charter adopted by the people and the laws of the state. No person shall be entitled to vote at such election unless he shall be a qualified elector of said city and shall have resided within the limits of said city for at least thirty days preceding such election. *If a majority of all the votes cast on the proposed charter are not in favor of the proposed charter, no further proceeding shall be had on the petition for incorporation filed pursuant to section 2 of this 1969 amendatory act, but this shall not bar any new proceeding for such purpose.*

Sec. 5. Section 35.03.050, chapter 7, Laws of 1965 and RCW 35.03.050 are each amended to read as follows:

If a majority of the votes cast [at] on such [election] charter are cast in favor of ratification of such charter, the same shall become the organic law of said city, and shall supersede all special laws inconsistent therewith, when authenticated, recorded and attested as hereinafter provided: I,, chairman of the board of county commissioners for county, do hereby certify that, in accordance with the provisions of chapter of the Laws of 19. . . of the state of Washington, the county commissioners of said county duly caused an election to be held on the day of, 19. . . within the boundaries hereinafter described, for the purpose of determining whether or not the same should be incorporated [into a city of the first class] and for the purpose of electing fifteen freeholders to form a charter for such city, said boundaries being described as follows: (describe proposed boundaries). FIFTY-SIXTH DAY

MORNING SESSION

Senate Chamber, Olympia, Wash., Thursday, May 8, 1969.

The Senate was called to order at 11:00 a.m. by President Cherberg. The Secretary called the roll and announced to the President that all Senators were present except Senators Andersen, Newschwander and Washington. On motion of Senator Atwood, Senator Andersen was excused. On motion of Senator Huntley, Senator Newschwander was excused.

The Color Guard, consisting of Pages Mike Wrenn, Color Bearer, and Pati Montbroussaus, presented the Colors. Reverend Charles Howard Perry, rector of St. John's Episcopal Church, Olympia, offered prayer as follows:

"Almighty God, who has given us this good land of America for our heritage, we pray that we may always prove ourselves a people mindful of Your favor and glad to do Your will. Bless this land, our Father, by helping us to be honest and truthful with one another so that we may joyfully share together the fruits of good living. In these days when violence, fear and division seem to be taking control of us grant us Your wisdom and grace, that all the men and women in this land may be given a new vision of the American dream of a free people living responsibly with Thee and one another under the rule of law. Make each of us mindful of the fact that "No man is an Island", living apart from the life that has been given to all men. Help us to make the ideals and aims of this nation a reality, that brotherhood may mean an equal life opportunity and responsibility for all our citizens; that freedom may mean that we can trust one another enough that no man has to be afraid for his life in the presence of another American; that we never honor things above people, but that people respect and honor the things that belong to other people. Pour out upon us, O God, Thy gifts of faith and healing and restoration of wholeness. May we guard well our tongues as we speak to each other on the depth of the issues that divide us, knowing always that freedom is a fragile prize in this world, and that it belongs ultimately not to the strong in might or muscle, but to the strong in self-discipline, will power and mental acumen. Make us aware, O God, of the deep peril that confronts our nation and help each of us to resolve to more fully serve Thee and our fellow man, that our days may be long in the land, which You, our God and Heavenly Father, hast given us. Amen."

On motion of Senator Greive, the reading of the journal of the previous day was dispensed with and it was approved.

MESSAGE FROM THE GOVERNOR

Office of the Governor, April 25, 1969.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

GENTLEMEN:

I return herewith without my approval as to two items in SUBSTITUTE SENATE BILL NO. 74, entitled:

"An Act relating to retirement and pensions; establishing a new retirement system for law enforcement officers and fire fighters; allowing transfer by certain affected persons from present retirement systems to the newly established system."

This bill creates a unified statewide retirement system for law enforcement officers and fire fighters. It is one of the significant accomplishments of the 1969 Legislature and I heartily endorse the purposes of this legislation.

Section 32 of the bill provides:

"The provisions of sections 28 and 29 of this 1969 amendatory act shall be applicable to all firemen employed on the effective date thereof prior to March 1, 1970, and to those who shall thereafter become firemen, but shall not apply to any former fireman who has terminated his employment prior to the effective date of this 1969 amendatory act."

Sections 28 and 29 of the act contain amendments to the existing firemen's pension system. The intent of section 32 is to permit all firemen who are employed prior to March 1, 1970, the effective date of the new pension system, to participate in the benefits of the existing firemen's pension system. However, as drafted, section 32 will actually allow persons who become firemen subsequent to March 1, 1970, to participate in the benefits of the existing firemen's pension system. This is in direct conflict with section 4 (1) of the bill which specifically excludes all fire fighters employed subsequent to March 1, 1970, from any pension system existing under any prior act.

In order to conform section 32 to the clear intent of this legislation I have vetoed two items in that section to make clear that firemen employed subsequent to March 1, 1970, will not participate in the existing firemen's pension system.

The remainder of the bill is approved.

Respectfully submitted,
DANIEL J. EVANS
Governor.

On motion of Senator Mardesich, Substitute Senate Bill No. 74 together with the veto message of the Governor thereon was ordered transmitted to the Secretary of State.

SIGNED BY THE PRESIDENT

The President has signed:
 HOUSE JOINT MEMORIAL NO. 16,

REPORT OF FREE CONFERENCE COMMITTEE

May 8, 1969.

Mr. President:

Mr. Speaker:

We, of your Free Conference Committee, to whom was referred ENGROSSED HOUSE JOINT RESOLUTION NO. 42, amending Article VII of the Constitution relating to taxation, have had the same under consideration, and we recommend that the attached resolution be substituted therefor and that it do pass.

BE IT RESOLVED, BY THE SENATE AND HOUSE OF REPRESENTATIVES OF THE STATE OF WASHINGTON, IN LEGISLATIVE SESSION ASSEMBLED:

THAT, At the next general election to be held in this state there shall be submitted to the qualified voters of the state for their approval and ratification, or rejection, a proposal to amend Article VII of the Constitution of the state of Washington by amending section 2, as amended by Amendment 17, to read as follows:

Article VII, section 2. (1) Except as hereinafter provided and notwithstanding any other provision of this Constitution, the aggregate of all tax levies upon real and personal property by the state and all taxing districts now existing or hereafter created shall not in any year exceed [forty mills on the dollar of assessed valuation, which assessed valuation shall be fifty] one per centum of the true and fair value of such property in money: PROVIDED, HOWEVER, That nothing herein shall prevent levies at the rates now provided by law by or for any port or public utility district.

The term "taxing district" for the purposes of this section shall mean any political subdivision, municipal corporation, district, or other governmental agency authorized by law to levy, or have levied for it, ad valorem taxes on property, other than a port or public utility district. Such aggregate limitation or any specific limitation imposed by law in conformity therewith may be exceeded only

(a) By any taxing district when specifically authorized so to do by a majority of at least three-fifths of the electors thereof voting on the proposition to levy such additional tax submitted not more than twelve months prior to the date on which the proposed levy is to be made and not oftener than twice in such twelve month period, either at a special election or at the regular election of such taxing district, at which election the number of persons voting on the proposition shall constitute not less than forty per centum of the total number of votes cast in such taxing district at the last preceding general election;

(b) By any taxing district otherwise authorized by law to issue general obligation bonds for capital purposes, for the sole purpose of making the required payments of principal and interest on general obligation bonds issued solely for capital purposes, other than the replacement of equipment, when authorized so to do by majority of at least three-fifths of the electors thereof voting on the proposition to issue such bonds and to pay the principal and interest thereon by an annual tax levy in excess of the limitation herein provided during the term of such bonds, submitted not oftener than twice in any calendar year, at an election held in the manner provided by law for bond elections in such taxing district, at which election the total number of persons voting on the proposition shall constitute not less than forty per centum of the total number of votes cast in such taxing district at the last preceding general election: PROVIDED, That any such taxing district shall have the right by vote of its governing body to refund any general obligation bonds of said district issued for capital purposes only, and to provide for the interest thereon and amortization thereof by annual levies in excess of the tax limitation provided for herein: AND PROVIDED FURTHER, That the provisions of this section shall also be subject to the limitations contained in Article VIII, Section 6 of this Constitution;

(c) By the state or any taxing district for the purpose of paying the principal or interest on general obligation bonds outstanding on December 6, 1934; or for the purpose of preventing the impairment of the obligation of a contract when ordered so to do by a court of last resort.

(2) Notwithstanding any other provision of this Constitution, the legislature shall have the power,

(a) To impose a tax upon income from whatever source derived, at a rate or rates in excess of that permitted by subsection (1) of this section: PROVIDED, That the tax may be imposed only (i) at a single rate upon the income of all taxpayers, or (ii) at a single rate upon the income of corporations which may be different from the single rate imposed upon other income;

(b) To provide for allowance of credits, exclusions, exemptions, and deductions to be used in determining the amount of income subject to tax or in computing such tax; and to provide further for direct payments to an individual or corporation to the extent that (i)

insufficient income tax liability exists for full application of an otherwise applicable credit, and (ii) such credit is granted for the purpose of providing direct or indirect relief from other state or local taxes;

(c) To coordinate the administration and collection of state income taxes with the income tax laws and procedures of the United States, and to delegate to such state administrators as it may designate the authority to prescribe the means of coordination of state and United States tax laws and methods for the allocation of income for taxing purposes. The legislature may adopt by reference any federal statutes relating to the determination of taxable income, as existing at time of adoption and as amended from time to time.

A proposition to remove the limitations contained in clause (a) of this subsection (2) upon the types of income tax which may be imposed shall be submitted to the qualified voters of this state at the general election to be held in this state in November, 1975.

At a general election to be held in this state in November of any year after 1975, there may be submitted to the qualified voters of this state a proposition to remove the limitations contained in clause (a) of this subsection (2) upon the types of income tax which may be imposed, if a resolution providing for submission of such proposition is adopted, at the legislative session immediately preceding such election, by a majority of at least sixty percent of the members elected to each of the two houses of the legislature.

Whenever such a proposition is submitted to the qualified voters of this state, the secretary of state shall cause the proposition to be prepared and placed upon the ballot at the November general election as follows:

"Shall Article VII, section 2(2) of the state Constitution be changed to authorize a state graduated net income tax? Yes
No

If a majority of the qualified voters voting upon the proposition vote for removing such limitations, the limitations shall be removed, and thereafter the tax may be imposed upon income at such rate or rates, single or graduated, as may be prescribed by law. If a majority of the qualified voters voting upon the proposition vote against removing such limitations, the limitations shall be continued, unless changed by subsequent amendment to this Constitution or as provided in this subsection (2).

BE IT FURTHER RESOLVED, That the foregoing amendment shall be construed as a single amendment within the meaning of Article XXIII, section 1 (Amendment 37) of this Constitution.

The legislature finds that the changes contained in the foregoing amendment constitute a single integrated plan for a balanced revision of the tax structure for state and local government. It is the intention of the legislature that in the event the foregoing amendment is held to be separate amendments, this house joint resolution shall be void in its entirety and shall be of no further force and effect.

AND BE IT FURTHER RESOLVED, That the secretary of state shall cause notice of the foregoing constitutional amendment to be published at least four times during the four weeks next preceding the election in every legal newspaper in the state.

Signed by Senators Greive, McCormack and Ryder; Representatives Charette, McCaffree and Morrison.

On motion of Senator Greive, the report of the Free Conference Committee on Engrossed House Joint Resolution No. 42 was adopted.

MESSAGES FROM THE HOUSE

May 8, 1969.

Mr. President: The House has adopted the report of the Free Conference Committee on ENGROSSED HOUSE JOINT RESOLUTION NO. 42 and has passed the resolution as amended by the Free Conference Committee.

SIDNEY R. SNYDER, Assistant Chief Clerk.

April 12, 1969.

Mr. President: The House has passed ENGROSSED SENATE BILL NO. 149 with the following amendments:

On page 1, add new sections as follows:

"NEW SECTION. Sec. 3. There is added to chapter 79, Laws of 1947 and to chapter 48.19 RCW a new section to read as follows:

The purpose of sections 3 through 34 of this act is to promote the public welfare by regulating insurance rates as herein provided to the end that they shall not be excessive, inadequate, or unfairly discriminatory, to authorize the existence and operation of qualified rating organizations and advisory organizations and require that specified rating services of such rating organizations be generally available to all admitted insurers, and to authorize cooperation between insurers in rate making and other related matters.

It is the express intent of sections 3 through 34 of this act to permit and encourage competition between insurers on a sound financial basis and nothing in sections 3 through 34 of this act is intended to give the commissioner power to fix and determine a rate level by classification or otherwise.

Sec. 4. Section .19.02, chapter 79, Laws of 1947 and RCW 48.19.020 are each amended to read as follows:

Premium rates for insurance shall not be excessive, inadequate, or unfairly discriminatory. [This section does not apply to casualty insurance.] *No rate shall be held to be excessive unless (1) such rate is unreasonably high for the insurance provided and (2) a reasonable degree of rate competition does not exist in the area with respect to the classification to which such rate is applicable.*

No rate shall be held to be inadequate unless (1) such rate is unreasonably low for the insurance provided and (2) the continued use of such rate endangers the solvency of the insurer using the same, or unless (3) such rate is unreasonably low for the insurance provided and the use of such rate by the insurer using same has, or if continued will have, the effect of destroying competition or creating a monopoly.

NEW SECTION. Sec. 5. There is added to chapter 79, Laws of 1947, and to chapter 48.19 RCW a new section to read as follows:

Every insurer, rating organization, or advisory organization and every group, association, or other organization of insurers which engages in joint underwriting or joint reinsurance shall maintain reasonable records, of the type and kind reasonably adapted to its method of operation, of its experience or the experience of its members and of the data, statistics, or information collected or used by it in connection with the rates, rating plans, rating systems, underwriting rules, policy or bond forms, surveys, or inspections made or used by it so that such records will be available at all reasonable times to enable the commissioner to determine whether such organization, insurer, group, or association, and, in the case of an insurer or rating organization, every rate, rating plan, and rating system made or used by it, complies with the provisions of this 1969 amendatory act applicable to it. The maintenance of such records in the office of a licensed rating organization of which an insurer is a member or subscriber will be sufficient compliance with this section for any insurer maintaining membership or subscribership in such organization, to the extent that the insurer uses the rates, rating plans, rating systems or underwriting rules of such organization. Such records shall be maintained in an office within this state or shall be made available for examination or inspection within this state by the commissioner at any time upon reasonable notice.

NEW SECTION. Sec. 6. There is added to chapter 79, Laws of 1947, and to chapter 48.19 RCW a new section to read as follows:

The commissioner shall, at least once every five years, and may, as often as may be reasonable and necessary, make or cause to be made an examination of each licensed rating organization, and he may, as often as may be reasonable and necessary, make or cause to be made an examination of any advisory organization or group, association, or other organization of insurers which engages in joint underwriting or joint reinsurance.

In lieu of any such examination the commissioner may accept the report of an examination made by the insurance supervisory official of another state.

In examining any organization, group or association pursuant to this section the

commissioner shall ascertain whether such organization, group, or association, and, in the case of a rating organization, any rate or rating system made or used by it, complies with the requirements and standards of this 1969 amendatory act applicable to it.

NEW SECTION. Sec. 7. There is added to chapter 79, Laws of 1947, and to chapter 48.19 RCW a new section to read as follows:

The commissioner may, at any reasonable time, make or cause to be made a reasonable examination of every admitted insurer transacting any class of insurance to which the provisions of this 1969 amendatory act are applicable to ascertain whether such insurer and every rate and rating system used by it for every such class of insurance complies with the requirements and standards of this 1969 amendatory act applicable thereto. Such examination shall not be a part of a periodic general examination participated in by representatives of more than one state.

NEW SECTION. Sec. 8. There is added to chapter 79, Laws of 1947, and to chapter 48.19 RCW a new section to read as follows:

The officers, managers, agents, and employees of any such organization, group, association, or insurer may be examined at any time under oath and shall exhibit all books, records, accounts, documents, or agreements governing its method of operation, together with all data, statistics, and information of every kind and character collected or considered by such organization, group, association, or insurer in the conduct of the operations to which such examination relates.

NEW SECTION. Sec. 9. There is added to chapter 79, Laws of 1947, and to chapter 48.19 RCW a new section to read as follows:

The reasonable cost of any examination authorized by this 1969 amendatory act shall be paid by the organization, group, association, or insurer to be examined.

NEW SECTION. Sec. 10. There is added to chapter 79, Laws of 1947, and to chapter 48.19 RCW a new section to read as follows:

Any person aggrieved by any rate charged, rating plan, rating system, or underwriting rule followed or adopted by an insurer or rating organization may request the insurer or rating organization to review the manner in which the rate, plan, system, or rule has been applied with respect to insurance afforded him. Such request may be made by his authorized representative, and shall be written. If the request is not granted within thirty days after it is made, the requestor may treat it as rejected. Any person aggrieved by the action of an insurer or rating organization in refusing the review requested, or in failing or refusing to grant all or part of the relief requested, may file a written complaint and request for hearing with the commissioner, specifying the grounds relied upon. If the commissioner has information concerning a similar complaint he may deny the hearing. If he believes that probable cause for the complaint does not exist or that the complaint is not made in good faith he shall deny the hearing. Otherwise, and if he finds that the complaint charges a violation of this 1969 amendatory act and that the complainant would be aggrieved if the violation is proven, he shall proceed as provided in section 9 of this 1969 amendatory act.

NEW SECTION. Sec. 11. There is added to chapter 79, Laws of 1947, and to chapter 48.19 RCW a new section to read as follows:

If after examination of an insurer, rating organization, advisory organization, or group, association, or other organization of insurers which engages in joint underwriting or joint insurance, or upon the basis of other information, or upon sufficient complaint as provided in section 8 of this 1969 amendatory act, the commissioner has good cause to believe that such insurer, organization, group or association, or any rate, rating plan, or rating system made or used by any such insurer or rating organization, does not comply with the requirements and standards of this 1969 amendatory act applicable to it, he shall, unless he has good cause to believe such noncompliance is wilful, give notice in writing to such insurer, organization, group, or association stating therein in what manner and to what extent such noncompliance is alleged to exist and specifying therein a reasonable time, not less than ten days thereafter, in which such noncompliance may be corrected. Notices under this section shall be confidential as between the commissioner and the parties unless a hearing is held under section 10 of this 1969 amendatory act.

NEW SECTION. Sec. 12. There is added to chapter 79, Laws of 1947, and to chapter 48.19 RCW a new section to read as follows:

If the commissioner has good cause to believe such noncompliance to be wilful, or if within the period prescribed by the commissioner in the notice required by section 9 of this 1969 amendatory act, the insurer, organization, group, or association does not make such changes as may be necessary to correct the noncompliance specified by the commissioner or establish to the satisfaction of the commissioner that such specified noncompliance does not exist, then the commissioner may hold a public hearing in connection therewith, provided that within a reasonable period of time, which shall be not less than ten days before the date of such hearing, he shall mail written notice specifying the matters to be considered at such hearing to such insurer, organization, group, or association. If no notice has been given as provided in section 9 of this 1969 amendatory act such notice shall state therein in what manner and to what extent noncompliance is alleged to exist. The hearing shall not include any additional subjects not specified in the notices required by section 9 of this 1969 amendatory act or this section. At any such hearing the insurer, organization, group or association shall have the burden of justifying the rate, rating plan or system in question.

NEW SECTION. Sec. 13. There is added to chapter 79, Laws of 1947, and to chapter 48.19 RCW a new section to read as follows:

If after a hearing pursuant to section 10 of this 1969 amendatory act the commissioner finds:

(1) That any rate, rating plan, or rating system violates the provisions of this 1969 amendatory act applicable to it, he may issue an order to the insurer or rating organization which has been the subject of the hearing specifying in what respect such violation exists and stating when, within a reasonable period of time, the further use of such rate or rating system by such insurer or rating organization in contracts of insurance made thereafter shall be prohibited.

(2) That an insurer, rating organization, advisory organization, or a group, association or other organization of insurers which engages in joint underwriting or joint reinsurance, is in violation of the provisions of this 1969 amendatory act applicable to it other than the provisions dealing with rates, rating plans, or rating systems, he may issue an order to such insurer, organization, group, or association which has been the subject of the hearing specifying in what respects such violation exists and requiring compliance within a reasonable time thereafter.

(3) That the violation of any of the provisions of this 1969 amendatory act applicable to it by any insurer or rating organization which has been the subject of hearing was wilful, he may suspend or revoke, in whole or in part, the certificate of authority of such insurer or the license of such rating organization with respect to the class of insurance which has been the subject matter of the hearing.

(4) That any rating organization has wilfully engaged in any fraudulent or dishonest act or practice, he may suspend or revoke, in whole or in part, the license of such organization in addition to any other penalty provided in this 1969 amendatory act.

NEW SECTION. Sec. 14. There is added to chapter 79, Laws of 1947, and to chapter 48.19 RCW a new section to read as follows:

In addition to any other penalties provided by law, the commissioner may suspend or revoke, in whole or in part, the license of any rating organization or the certificate of authority of any insurer with respect to the class or classes of insurance specified in such order, which fails to comply within the time limited by such order or any extension thereof which the commissioner may grant, with an order of the commissioner lawfully made by him pursuant to section 11 of this 1969 amendatory act and effective pursuant to section 14 of this 1969 amendatory act.

NEW SECTION. Sec. 15. There is added to chapter 79, Laws of 1947, and to chapter 48.19 RCW a new section to read as follows:

Except as otherwise provided in this 1969 amendatory act, all proceedings in connection with the denial, suspension, or revocation of a license or certificate of authority under this 1969 amendatory act shall be conducted in accordance with the provisions of chapter 48.04 RCW and the administrative procedure act, chapter 34.04 RCW, as now or hereafter amended, and the commissioner shall have all the powers granted to him therein.

NEW SECTION. Sec. 16. There is added to chapter 79, Laws of 1947, and to chapter 48.19 RCW a new section to read as follows:

Any finding, determination, rule, ruling, or order made by the commissioner under this 1969 amendatory act shall be subject to review by the courts of this state and proceedings on review shall be in accordance with the provisions of the administrative procedure act, chapter 34.04 RCW, as now or hereafter amended.

Notwithstanding any other provision of law to the contrary, a petition for review of any such finding, determination, rule, or order, may be filed at any time before the effective date thereof. No such finding, determination, rule, or order shall become effective before the expiration of twenty days after notice and a copy thereof are mailed or delivered to the person affected, and any finding, determination, rule, or order of the commissioner so submitted for review shall not become effective for a further period of fifteen days after the petition for review is filed with the court. The court may stay the effectiveness thereof for a longer period.

Sec. 17. Section .19.14, chapter 79, Laws of 1947 and RCW 48.19.140 are each amended to read as follows:

(1) In this 1969 amendatory act "rating organization" means every person, other than an admitted insurer, whether located within or outside this state, who has as his object or purpose the making of rates, rating plans or rating systems. Two or more admitted insurers which act in concert for the purpose of making rates, rating plans or rating systems, and which do not operate within the specific authorizations contained in sections 22, 25, and 27 of this 1969 amendatory act and RCW 48.19.400 shall be deemed to be a rating organization. No single insurer shall be deemed to be a rating organization.

[(1)] (2) Every rating organization operating in this state shall furnish its services without discrimination as between its subscribers.

[(2)] (3) "Subscriber," for the purposes of this chapter and where the context does not otherwise specify, means any insurer which employs the services of a rating organization [for the purpose of making filings], whether or not the insurer is a "member" of such rating organization.

[(3)] (4) This chapter is not intended to and does not govern or affect the "membership" relation as such between a rating organization and insurers who are its "members."

Sec. 18. Section .19.16, chapter 79, Laws of 1947 and RCW 48.19.160 are each amended to read as follows:

No rating organization shall do business in this state [or make filings with the commissioner] unless then licensed by the commissioner as a rating organization.

NEW SECTION. Sec. 19. There is added to chapter 79, Laws of 1947 and to chapter 48.19 RCW a new section to read as follows:

Nothing in this 1969 amendatory act shall be construed to prohibit or regulate the payment of dividends, savings, or unabsorbed premium deposits allowed or returned by insurers to their policyholders, members or subscribers. A plan for the payment of dividends, savings or unabsorbed premium deposits allowed or returned by insurers to their policyholders, members, or subscribers shall not be deemed a rating plan or system.

Sec. 20. Section .19.25, chapter 79, Laws of 1947 and RCW 48.19.250 are each amended to read as follows:

(1) Cooperation among rating organizations or among rating organizations and insurers in rate making or in other matters within the scope of this chapter is hereby authorized [, if the filings resulting from such cooperation are subject to all the provisions of this chapter which are applicable to filings generally].

(2) The commissioner may review such cooperative activities and prices and if, after a hearing, he finds that any such activity or practice is unfair or unreasonable or otherwise inconsistent with the provisions of this code, he may issue a written order specifying in what respect such activity or practice is so unfair, unreasonable, or inconsistent, and requiring the discontinuance of such activity or practice.

Sec. 21. Section .19.32, chapter 79, Laws of 1947 and RCW 48.19.320 are each amended to read as follows:

(1) Every group, association, or other organization of insurers, whether located within or outside this state, which assists insurers [which make their own filings] or rating organizations in rate making, by the collection and furnishing of loss or expense statistics, or by the submission of recommendations, but which does not make [filings] rates under this chapter, shall be known as an advisory organization.

(2) This section does not apply to subscribers' committees provided for in RCW 48.19.230.

Sec. 22. Section .19.33, chapter 79, Laws of 1947 and RCW 48.19.330 are each amended to read as follows:

Every advisory organization before serving as such to any rating organization or [independently filing] insurer doing business in this state, shall file with the commissioner:

(2) A list of its members;

(3) The name and address of a resident of this state upon whom notices or orders of the commissioner or process issued at his direction may be served; and

(4) An agreement that the commissioner may examine such advisory organization in accordance with the provisions of RCW 48.03.010.

Sec. 23. Section 19.35, chapter 79, Laws of 1947 and RCW 48.19.350 are each amended to read as follows:

No insurer [which makes its own filing] nor any rating organization shall support its [filings] rates by statistics or adopt rate making recommendations, furnished to it by an advisory organization which has not complied with this chapter or with any order of the commissioner involving such statistics or recommendations issued under RCW 48.19.340. If the commissioner finds such insurer or rating organization to be in violation of this section he may issue an order requiring the discontinuance of the violation.

NEW SECTION. Sec. 24. There is added to chapter 79, Laws of 1947 and to chapter 48.19 RCW a new section to read as follows:

Every group, association, or other organization of insurers which engages in joint underwriting or joint reinsurance through such group, association, or organization or by standing agreement among the members thereof shall file with the commissioner (1) a copy of its constitution, its articles of incorporation, agreement, or association, and of its by-laws, rules, and regulations governing its activities, all duly certified by the custodian of the originals thereof, (2) a list of its members, and (3) the name and address of a resident of this state upon whom notices or orders of the commissioner or process may be served.

Every such group, association, or other organization shall notify the commissioner promptly of every change in its constitution, its articles of incorporation, agreement or association, and of its by-laws, rules and regulations governing the conduct of its business; its list of members; and the name and address of the resident of this state designated by it upon whom notices or orders of the commissioner or process affecting such group, association, or organization may be served.

No such group, association, or organization shall engage in any unfair or unreasonable practice with respect to such activities.

Sec. 25. Section .19.37, chapter 79, Laws of 1947 and RCW 48.19.370 are each amended to read as follows:

(1) The commissioner shall promulgate reasonable rules and statistical plans, reasonably adapted to each of the rating systems [on file with him] in use, which may be modified from time to time and which shall be used thereafter by each insurer in the recording and reporting of its loss and countrywide expense experience, in order that the experience of all insurers may be made available at least annually in such form and detail as may be necessary to aid him in determining whether rating systems comply with the standards set forth in RCW 48.19.020 and 48.19.030. Such rules and plans may also provide for the recording and reporting of expense experience items which are specially applicable

to this state and are not susceptible of determination by a prorating of countrywide expense experience.

(2) In promulgating such rules and plans, the commissioner shall give due consideration to the rating systems [on file with him] *in use*, and, in order that such rules and plans may be as uniform as is practicable among the several states, to the rules and to the form of the plans used for such rating systems in other states.

(3) No insurer shall be required to record or report its loss experience on a classification basis that is inconsistent with the rating system [filed] *used* by it.

(4) The commissioner may designate one or more rating organizations or other agencies to assist him in gathering such experience and making compilations thereof, and such compilations shall be made available, subject to reasonable rules promulgated by the commissioner, to insurers and rating organizations.

(5) Reasonable rules and plans may be promulgated by the commissioner for the interchange of data necessary for the application of rating plans.

NEW SECTION. Sec. 26. There is added to chapter 79, Laws of 1947 and to chapter 48.19 RCW a new section to read as follows:

Subject to and in compliance with the provisions of this 1969 amendatory act authorizing insurers to be members or subscribers of rating or advisory organizations or to engage in joint underwriting or joint reinsurance, two or more insurers may act in concert with each other and with others with respect to any matters pertaining to the making of rates or rating systems, the preparation or making of insurance policy or bond forms, underwriting rules, surveys, inspections, and investigations, the furnishing of loss or expense statistics or other information and data, or carrying on of research.

With respect to any matters pertaining to the making of rates or rating systems, the preparation or making of insurance policy or bond forms, underwriting rules, surveys, inspections, and investigations, the furnishing of loss or expense statistics or other information and data, or carrying on of research, two or more admitted insurers having a common ownership or operating in this state under common management or control, are authorized to act in concert between or among themselves the same as if they constituted a single insurer, and to the extent that such matters relate to co-surety bonds, two or more admitted insurers executing such bonds are authorized to act in concert between or among themselves the same as if they constituted a single insurer.

NEW SECTION. Sec. 28. There is added to chapter 79, Laws of 1947 and to chapter 48.19 RCW a new section to read as follows:

Members and subscribers of rating or advisory organizations may use the rates, rating systems, underwriting rules, or policy or bond forms of such organizations, either consistently or intermittently, but, except as provided in sections 22 and 25 of this 1969 amendatory act and RCW 48.19.400, shall not agree with each other or rating organizations or others to adhere thereto. The fact that two or more admitted insurers, whether or not members or subscribers of a rating or advisory organization, use, either consistently or intermittently, the rates or rating systems made or adopted by a rating organization, or the underwriting rules or policy or bond forms prepared by a rating or advisory organization, shall not be sufficient in itself to support a finding that an agreement to so adhere exists, and may be used only for the purpose of supplementing or explaining direct evidence of the existence of any such agreement.

NEW SECTION. Sec. 29. There is added to chapter 79, Laws of 1947 and to chapter 48.19 RCW a new section to read as follows:

Upon compliance with the provisions of this 1969 amendatory act applicable thereto, any rating organization, advisory organization, and any group, association, or other organization of admitted insurers which engages in joint underwriting or joint reinsurance through such organization or by standing agreement among the members thereof, may conduct operations in this state. As respects insurance risks or operations in this state, no insurer shall be a member or subscriber of any such organization, group or association that has not complied with the provisions of this 1969 amendatory act applicable to it.

NEW SECTION. Sec. 31. There is added to chapter 79, Laws of 1947 and to chapter 48.19 RCW a new section to read as follows:

Every insurer and rating organization affected by this 1969 amendatory act shall furnish the commissioner monthly all of the rating rules and schedules of rates such insurer or rating organization is then using in this state, if requested by the commissioner. On motion of Senator Washington, the Senate concurred in the House amendments to Engrossed Substitute Senate Bill No. 157.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Substitute Senate Bill No. 157, as amended by the House, and the bill passed the Senate by the following vote: Yeas, 39; absent or not voting, 6; excused, 4.

Voting yea: Senators Andersen, Atwood, Bailey, Canfield, Connor, Cooney, Day, Donohue, Dore, Elicker, Faulk, Foley, Gissberg, Guess, Henry, Holman, Knoblauch, Lewis (Brian), Lewis (Harry), McCormack, McDougall, Matson, Metcalf, Odegaard, Peterson (Lowell), Peterson (Ted), Pritchard, Ridder, Ryder, Sandison, Stender, Stortini, Talley, Uhlman, Walgren, Washington, Williams, Wilson, Woodall—39.

Absent or not voting: Senators Durkan, Greive, McCutcheon, Mardesich, Marquardt, Twigg—6.

Excused: Senators Herr, Huntley, Keefe, Newschwander—4.

ENGROSSED SUBSTITUTE SENATE BILL NO. 157, as amended by the House, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTION

Senator Uhlman moved that the Committee on Constitution, Elections and Legislative Processes be relieved of further consideration of House Joint Resolution No. 24.

POINT OF INQUIRY

Senator Canfield: "Will Senator Uhlman yield to a question? Senator, this original House Joint Resolution No. 24 was a dilly as we all know. You spoke of it being in Senator McCutcheon's committee and having it amended and then you referred to an amendment carrying my name among others so I am assuming that you are referring to an amendment which is essentially the legislative council proposal, is that correct?"

Senator Uhlman: "Yes."

Senator Canfield: "In that case, I would support your motion."

Senators Greive, Talley and McCutcheon demanded a Call of the Senate.

A Call of the Senate was ordered.

CALL OF THE SENATE

The Sergeant at Arms locked the doors of the Senate Chamber.

The Secretary called the roll on the Call of the Senate, all members being present except Senators Herr, Huntley, Keefe, Newschwander and Mardesich. Senators Herr, Huntley, Keefe and Newschwander had previously been excused.

On motion of Senator Greive, the Senate dispensed with the Call of the Senate.

Debate ensued.

Senators Greive, Guess and Faulk demanded the previous question and the demand was sustained.

Senator Uhlman demanded a roll call and the demand was sustained by Senators Atwood, Ryder, Washington, Elicker, Holman, Ridder, Cooney, Peterson (Ted) and Faulk.

ROLL CALL

The Secretary called the roll and the motion by Senator Uhlman failed by the following vote: Yeas, 21; nays, 23; absent or not voting, 1; excused, 4.

Voting yea: Senators Andersen, Atwood, Canfield, Connor, Elicker, Faulk, Holman, Lewis (Brian), McCormack, McDougall, Marquardt, Metcalf, Odegaard, Peterson (Ted), Pritchard, Ridder, Ryder, Uhlman, Walgren, Washington, Williams—21.

Voting nay: Senators Bailey, Cooney, Day, Donohue, Dore, Durkan, Foley, Gissberg,

Greive, Guess, Henry, Knoblauch, Lewis (Harry), McCutcheon, Matson, Peterson (Lowell), Sandison, Stender, Stortini, Talley, Twigg—23.

Absent or not voting: Senator Mardesich—1.

Excused: Senators Herr, Huntley, Keefe, Newschwander—4.

PERSONAL PRIVILEGES

Senator Bailey: "Point of personal privilege. Mr. President, I believe in the gateway amendment. I believe in the committee process and I therefore would like to see the committee process exercised in the next day or so and hope Senator McCutcheon will yield to the majority's feeling."

Senator Gissberg: "Also on personal privilege, it is necessary. I don't think we should reieve any committee or direct any committee how to act from the floor. The whole structure of the legislature is based on the committee system. Now, if the majority of the members of that committee want a bill out, that is fine and good but otherwise I just can't see how we can direct a committee to exercise its authority or the Chair to exercise his authority. He tells us that he has asked people to sign it. It is available for signatures and if they don't come up to the committee room and sign it, it is certainly not the chairman's fault."

Senator Woodall: "I would like to speak on the same point. It is very odd in the closing hours of the session that we suddenly start this practice. I know of a few bills that are reposing in Senator Uhlman's committee, sleeping peacefully, quietly, at rest. I helped him. I voted with him to put some of them at rest and that is the theory of committees and as Senator Gissberg pointed out, there was a specific rule adopted this time, a method, a means and a way to prevent any committee chairman from being the autocrat, a simple procedural matter."

"Senator McCutcheon has done everything that is right and proper on this. If you start this practice of jerking bills out of different committees, there isn't a committee chairman on this floor who hasn't killed one or more bills or there is one or more bills dead in his committee by committee action. I know the Judiciary Committee killed about eight of Senator Metcalf's. We tried to rescue the judiciary of the state and Senator Uhlman. . . ."

POINT OF ORDER

Senator Metcalf: "Point of order. What is before the body?"

Senator Woodall: "A point of personal privilege is before the body."

Senator Metcalf: "Mr. President, is this a proper point of personal privilege as outlined to me when I was called on speaking on a point of personal privilege by Senator Gissberg? Is this a proper point?"

REPLY BY THE PRESIDENT

The President: "The Senator will please confine his remarks to a point of personal privilege."

PERSONAL PRIVILEGES

Senator Woodall: "I happened to be on Senator McCutcheon's committee. I have found no error in the way that he has presided. There is a method by which these measures can be taken from him. You exhaust the established methods and then if you can prove on the floor of the Senate that he has willfully violated the rules, that if eight people did sign and he still didn't turn a bill loose, then bring it out and charge it. But until you get the majority signatures as provided by the rules then let's not start the practice of jerking bills away from committees."

Senator Uhlman: "Mr. President and members of the Senate, I will speak very briefly, again on a point of personal privilege because I think that this is a very important matter that we are now discussing. I believe that when twenty-five people of a forty-nine member body want to consider a bill or are in favor of a bill, there should be no rule, traditional nor written, which would preclude that majority from considering a bill on the floor. I think that the conscience of the public is at stake. I don't believe that any single committee or any committee chairman, including me, has a right to keep the majority of the members of this body from considering a bill on the floor. A committee of fifteen, a committee of seventeen, or even a committee of twenty-one is still not a majority and that majority does not have a right to preclude a majority from considering on this floor."

"I was told a few moments ago by a member of this Senate that I was ruining the Senate by making this motion. I submit, gentlemen of the Senate, that the Senate will ruin itself because it will lose the confidence of the public unless it follows this democratic procedure that I have just suggested."

Senator McCutcheon: "Point of personal privilege. I think Senator Uhlman's tender solicitude for disorderly procedure has no place in this sordid body here nor this world. The

public expects us to do our best down here. That is not what is at issue. He based his arguments and this is personal privilege and I have in my hand all of the signatures and you can count them and there are only seven. I would have violated the rule had I turned that in. House Joint Resolution No. 24 came over from the House, about a month and a half ago we had a great big public hearing, tax audience and as Senator Woodall has said, we had a public hearing up above and an executive board meeting upon it.

"Now, where does the chairman stand? Am I supposed to keep this open forever and I am not supposed to allow a man to change his mind? Senator Metcalf gets very upset because I wouldn't give him a hunting license to go out and see how many . . . he is on the committee himself, he has a list in his hand but he wants to go and he says I didn't show him these signatures then. I do owe him nothing to show him any signatures. I said, 'I am against it and you are for it.' We are on equal terms.

"I am not going to say any more because this is closed and I hope that we can all go forward from here but there are not eight signatures. He implied that there were. That impugned my motives and I am happy to say that they have been sustained by the body this morning."

Senator Washington: "Mr. President and members of the Senate, again we have been in a matter of personal privilege and there is one thing that I would like to point out. We have gotten into a very important problem. Sometimes our rules are stultifying and we don't have the proper time to discuss things that are of some importance. We have a rule which allows us to do exactly what we did. Is it rule 24 or 46 that allows us to do this? If it were such a heinous crime to attempt to have the majority of the body have some control over its legislation, we should junk this rule. We shouldn't have a rule in our books that you are violating all the traditions of the Senate if you vote to uphold that rule or if you vote to invoke that rule and again too many times this is considered to be an insult to the chairman.

"In this case it doesn't make any difference whether it is a situation where a pocket veto is being utilized or whether it is just a situation where because of the make up of the committee, the committee doesn't want this particular bill put out on the floor. Again, there are a majority on the floor who apparently feel strongly about it and want to have the bill before them. It shouldn't be uniformly considered as a slap at the chairman, that this is an insult to the chairman, that you are somehow upholding the chairman when you vote 'no' on such a motion.

"I feel that it does not impugn the committee system. The committee system can continue to function. This rule is only invoked under conditions when a large number feel very strongly about a particular bill and I don't think we need to apologize for trying it. I don't think Senator McCutcheon needs to feel insulted because it was tried.

"For that reason, I just want to clear the air, perhaps I am not doing so but nevertheless this is a rule that we have on our books and I think we are unnaturally handcuffing ourselves as a legislative body when we hold to the old tradition that doesn't really function well and say that we just shouldn't vote on such a matter. Let's untie our hands and let the majority of the Senate freely attempt to control the majority's business."

MOTION

At 12:20 p.m., on motion of Senator Greive, the Senate recessed until 2:00 p.m.

AFTERNOON SESSION

The President called the Senate to order at 2:00 p.m.

POINT OF INQUIRY

Senator Walgren: "Would Senator Peterson (Lowell) yield to a question? Senator, as contemplated by this memorial, does this contemplate the exchange perhaps of a national parklands for state lands?"

Senator Peterson (Lowell): "No, this is not the intent as I learned from the department at least. It is primarily areas that would be within national forest lands rather than within national park lands. I don't think it would be possible, as a matter of fact, to exchange national park lands. It would have to be just federally owned land under the jurisdiction of the national forest."

Senator Walgren: "So then it would be the intent of the Senate if we pass this that there will not be a request for the exchange of national park lands, is that correct?"

Senator Peterson (Lowell): "That is true."

MAJORITY recommendation: Do pass with the following amendment:

On page 1 after "read as follows:" in line 7, strike the remainder of the bill and insert the following:

"In computing tax under this chapter there may be credited against the amount of the tax the following items:

As to persons engaging in activities defined in RCW 82.04.120 (the definition of the term "to manufacture"), an amount not to exceed the tax actually paid under chapter 82.08 RCW (Retail Sales Tax) or chapter 82.12 RCW (Use Tax) by such persons or their lessors or their contract vendors, on materials, labor and services in the construction [or major improvement of buildings, structures or other improvements to real property that are essential to or an integral part of a factory, mill or manufacturing plant when such factory, mill or manufacturing plant is used or to be used in the business of manufacture for sale or commercial or industrial use of any articles, substances or commodities: PROVIDED, That this credit shall be allowable only against tax payable by the manufacturer and measured by the value of products or gross proceeds of sales of articles, substances or commodities manufactured in this state: PROVIDED FURTHER, That this credit shall be allowable only against any tax payable which is attributable to manufacturing which involves the use of such construction or improvements: PROVIDED FURTHER, That notwithstanding the foregoing no tax credit claimed shall be deducted on any return until such claim has been approved by the department of revenue or until ninety days after such claim has been submitted to the department of revenue for approval: AND PROVIDED FURTHER, That this credit shall not be allowable for tax paid on purchases of material, labor or services on which the supplier thereof became entitled to compensation prior to July 1, 1964.

The term "major improvement" means and includes only construction or fixtures which constitute real property which adds substantially and directly to the size or productive capacity of the factory, mill or manufacturing plant] of new buildings or the enlarging of existing buildings directly used in such activities. Where a building is used partly for manufacturing and partly for other purposes the applicable tax credit shall be determined by apportionment of the costs of construction under such rules as the department of revenue shall provide. The term shall include plant offices and warehouses or other storage facilities for the storage of raw materials or finished goods when such facilities are essential to and an integral part of a factory, mill or manufacturing plant, but shall not include manufacturing or industrial fixtures or equipment such as tanks, conveyor systems, cranes, industrial machinery and related facilities irrespective of whether or not such fixtures or equipment are affixed to the realty. The phrase "construction of buildings" refers only to new or enlarged buildings and not to the repair or renovation of existing buildings.

This credit shall be allowable only against tax payable by the manufacturer and measured by the value of products or gross proceeds of sales of articles, substances or commodities manufactured in this state, and shall be allowable only against any tax payable which is attributable to manufacturing occurring in the particular factory, mill or manufacturing plant in which such buildings are located.

No tax credit claimed shall be deducted on any return until such claim has been approved by the department of revenue or until ninety days after such claim has been submitted to the department of revenue for approval. This credit shall not be allowable for tax paid on purchases of material, labor or services on which the supplier thereof became entitled to compensation prior to July 1, 1964 or subsequent to January 1, 1971: PROVIDED, That the credit shall be allowable for the tax paid on such purchases pursuant

to any contract entered into prior to January 1, 1971 if such tax is paid on such contract purchases prior to July 1, 1972.

Any credits granted prior to July 1, 1969 pursuant to this section shall not be affected by this 1969 amendatory act.

MESSAGE FROM THE HOUSE

May 9, 1969.

Mr. President: The House has passed ENGROSSED SENATE BILL NO. 326, and the same is herewith transmitted. MALCOLM McBEATH, Chief Clerk.

Senator Walgren moved adoption of the following resolution:

SENATE RESOLUTION 1969-EX-66

By Senators Walgren, Uhlman and Elicker:

WHEREAS, Each county and city within the state of Washington is empowered to enact and promulgate ordinances, resolutions, rules, regulations, and codes relative to construction of buildings, utilities, and other supporting services and thereby control materials and methods used in design and construction of said facilities; and

WHEREAS, Various agencies of the state of Washington are empowered by statutory provisions to enact under regulatory powers, codes and regulations relative to construction of buildings, utilities, and other supporting services and thereby control materials and methods used in design and construction of said facilities; and

WHEREAS, The federal government has taken preliminary action to encourage the individual states to analyze and review the building codes and regulations now enforced by the state, its agencies, and political subdivisions toward the end of accomplishing uniformity in codes and regulations and the removal from such codes of the arbitrary provisions which increase the standards above that normally deemed necessary for the protection of the public and other provisions which tend to stifle open competition; and

WHEREAS, There are varying and conflicting codes and regulations now in effect in the political subdivisions and agencies in the state of Washington thus creating confusion and uncertainty in the application of building standards by those in the design professions and the building construction industry which results in unnecessary costs to the consuming public; and

WHEREAS, There is every indication of need to thoroughly investigate and study the entire scope of such building codes, regulations, and the interrelationships and conflicts as well as the licensing and registration of businesses performing such acts;

NOW, THEREFORE, BE IT RESOLVED, By the Senate that the municipal legislative interim committee study the entire field of building codes and regulations and their enforcement, and report the results of its investigations and studies along with recommendations, if any, together with drafts of legislation necessary to carry its recommendations into effect, to the Governor, the legislative council, and the legislature as a whole on or before January 1, 1970; and

BE IT FURTHER RESOLVED, That the municipal committee shall appoint an advisory committee which shall consist of twelve members from the general public who are affiliated with the construction industry and the design professions relative thereto, to be nominated by the appropriate generally recognized trade association, professional society or building trades council as follows: Two members from the general building construction industry, two members from the residential construction industry, two members from the architectural profession, one member from the engineering profession, one member from the electrical construction industry, one member from the plumbing and mechanical construction industry, one member representing building code officials, and two members representing employees in the building trades; and

BE IT FURTHER RESOLVED, That the municipal committee and the advisory committee so appointed are authorized to counsel with such private or public agencies and the officials thereof as the committee shall so decide, and every public official, employee and agency of the state or political subdivisions thereof shall extend their fullest effort to carry out the purposes of this resolution.

POINT OF INQUIRY

Senator Lewis (Brian): "Would Senator Walgren yield to a question? Senator, there were several bills that were introduced this session, some by myself and some by Senator Durkan, calling for the change of a situation whereby public works projects that were being put up by the state that the state of Washington would have to get a building permit. Further, the state of Washington would have to put their buildings up in conformance with local building codes.

"I am very surprised to find, for example, that the state of Washington does not have to conform to local building codes. I found this out in the Bellevue Community College which was built not in conformity to the city of Bellevue building code. They did not have to take out any building permit so there was no checking to see that they were putting the building up in a proper manner.

"Would it be your impression that, for example, the Seattle-Tacoma airport is not built in conformance with any code because it is being built by the Port of Seattle in King county. They don't get a King county building permit. The King county court house people didn't get a building permit from the city of Seattle for building the court house remodeling. Would it be your impression that this study would be broad enough to investigate all those avenues so that we would find out where the state should also be conforming with local zoning ordinances and building codes?"

Senator Walgren: "That is the primary purpose."

The motion carried and the resolution was adopted.

SENATE RESOLUTION 1969-EX-68

By Senators Faulk, Ryder, Foley, Mardesich, Atwood, Andersen, Canfield, Dore and Durkan:

WHEREAS, A considerable amount of time and effort was expended during the forty-first legislative session to develop a general reference report detailing the fiscal impact of the several measures introduced and considered in both houses of the legislature regarding local units of government in Washington, such as counties, cities and towns, and school districts; and

WHEREAS, Much of the successful legislation affecting counties, cities and towns, and school districts initiated changes upon which the fiscal impact could only be determined by hindsight; and

WHEREAS, Much of the legislation passed and adopted precluded state-wide and unit-wide application because of permissibility, because of special effect upon certain classes or sizes, because of singular application, or because of established new procedures without a factual basis; and

WHEREAS, Many of the changes indicated in the measures enacted demand statistics and data available only from the local governing units involved; and

WHEREAS, Much of the local legislation being considered may in turn be affected by total additional or related changes being contemplated by the forty-first session; and

WHEREAS, Most of the enacted legislation having a significant fiscal impact is related to pension measures which cannot be adequately analyzed for projected fiscal impact; and

WHEREAS, The aforementioned limitations appeared to preclude the development of a general reference report that the legislature could utilize as a substantiating basis for either individual or total approach to bills affecting local units of government; and

WHEREAS, It is considered to be of vital moment that the legislature be provided with the best possible information so that each decision made in session may be charged not only with the best interests of the people of this state, but also with the best interests of the state and local governments as well;

NOW, THEREFORE, BE IT RESOLVED, That the Senate does hereby request the legislative budget committee, in cooperation with and utilizing the services of the various associations of local government, to undertake a pilot project in the coming biennium to develop a methodology whereby future legislatures could have available sufficient trustworthy information, particularly concerning fiscal impact, upon which to judge bills concerning local government, and to submit a report together with findings and recommendations to the next regular session of the legislature for its consideration.

On motion of Senator Faulk, the resolution was adopted.

SIGNED BY THE PRESIDENT

The President signed:
SENATE BILL NO. 326.

SENATE RESOLUTION 1969-EX-67

By Senators Lewis (Harry), Faulk, Durkan and Marquardt:

WHEREAS, The percentage of nondisabled referrals rehabilitated and employed as a result of vocational rehabilitation services provided by state agencies is reported to vary from a low of thirty percent to a high of forty percent; and

WHEREAS, In one county such results over a three-year period ending in November 1968 indicate a success rate varying from a low of one percent to a high of twenty percent, and in a six-year period likewise ending in November 1968, only thirty-five of a total of one hundred twenty-one referrals actually completed training; and

WHEREAS, The low percentage of successes in the training, rehabilitation and placement of handicapped persons has raised serious questions as to the justification for vocational rehabilitation provided by state agencies;

NOW, THEREFORE, BE IT RESOLVED, By the Senate, that the Legislative Council be requested to conduct a study into the process of vocational rehabilitation of welfare recipients and others, with particular emphasis on the training and placement of the disabled. Such study shall specifically include an inquiry into the reasons for the low percentage of success in training and placement of referrals for vocational rehabilitation; and

BE IT FURTHER RESOLVED, By the Senate, that the Legislative Council report its findings and recommendations, if any, based thereon, to the forty-second session of the legislature, or to any special session of the legislature called prior thereto, if such study is concluded.

On motion of Senator Lewis (Harry) the resolution was adopted.

MOTION

On motion of Senator Greive the Senate returned to the fourth order of business.

On page 56, line 4 after "RCW." insert five new sections to read as follows:

"NEW SECTION. Sec. 62. There is added to chapter 13, Laws of 1961 and to chapter 47.16 RCW a new section to read as follows:

The joint committee on highways with the cooperation and assistance of the state highway commission is authorized and directed to conduct public hearings and such informal local community meetings as it deems advisable within the areas that may be affected by establishment of a highway described as follows: Beginning at a junction of state highway No. 18 with primary state highway No. 1, thence northerly east of Auburn, thence easterly to the vicinity of Auburn, thence generally northerly east of Renton, thence continuing via a corridor located easterly of Lake Sammamish to a connection with primary state highway No. 15 northeast of Bothell, it being the intent of the Legislature that said corridor highway, if established, shall be east of Lake Sammamish. Such hearings and meetings shall be conducted in a manner to inform the public about alternate proposals for the location of said highway and to obtain information from the public which might affect the scope of the study or the choice of alternatives to be considered and which might aid in identification of critical social, economic and environmental effects prior to corridor hearings to be held by the highway commission. The joint committee on highways and the state highway commission shall maintain full liaison with King county and all cities and towns affected by the location of this highway to insure that each alternate proposed location will be properly coordinated with the adopted transportation plans of such local governments.

The joint committee on highways in connection with the preparation and conduct of such hearings may retain a design team of experts from several disciplines concerned with aesthetic and social aspects in the location and design of the proposed highway. The joint committee on highways shall report its findings relative to the establishment and general location of said highway to the legislature at the time of its convening in 1971.

There is hereby appropriated from the motor vehicle fund to the joint committee on highways and the Washington state highway commission for the biennium ending June 30, 1971, the sum of two hundred thousand dollars, or so much thereof as may be necessary to carry out the provisions of this section.

Sec. 63. Section 12, chapter 155, Laws of 1965 ex. sess. and RCW 46.61.075 are each amended to read as follows:

(1) No person shall place, maintain or display upon or in view of any highway any unauthorized sign, signal, marking or device which purports to be or is an imitation of or resembles an official traffic-control device or railroad sign or signal, or which attempts to direct the movement of traffic, or which hides from view or interferes with the effectiveness of an official traffic-control device or any railroad sign or signal.

(2) No person shall place or maintain nor shall any public authority permit upon any highway any traffic sign or signal bearing thereon any commercial advertising; *except that the Washington state highway commission may authorize the erection of signs, displays and devices giving specific commercial information in the interest of the traveling public in areas at appropriate distances from the interchanges and within the rights-of-ways on the interstate highway system provided, that such commercial informational signs shall conform to national standards promulgated by the department of transportation pursuant to sections 131 and 315 of Title 23, United States Code.*

(3) This section shall not be deemed to prohibit the erection upon private property adjacent to highways of signs giving useful directional information and of a type that cannot be mistaken for official signs.

(4) Every such prohibited sign, signal or marking is hereby declared to be a public

nuisance and the authority having jurisdiction over the highway is hereby empowered to remove the same or cause it to be removed without notice.

NEW SECTION. Sec. 64. There is added to chapter 12, Laws of 1961 and chapter 46.04 RCW a new section to read as follows:

"Farmer" means any person, firm, partnership or corporation engaged in farming. If a person, firm, partnership or corporation is engaged in activities in addition to that of farming, the definition shall only apply to that portion of the activity that is defined as farming in section 65 of this 1969 act.

NEW SECTION. Sec. 65. There is added to chapter 12, Laws of 1961 and chapter 46.04 RCW a new section to read as follows:

"Farming" means the cultivation and tillage of the soil, dairying, the production, cultivation, growing, and harvesting of any agricultural or horticultural commodities (except forestry or forestry operations), the raising of livestock, bees, fur-bearing animals, or poultry, and any practices performed on a farm as an incident to or in conjunction with such farming operations.

Sec. 66. Section 46.44.092, chapter 12, Laws of 1961 as last amended by section 39, chapter 170, Laws of 1965 ex. sess. and RCW 46.44.092 are each amended to read as follows:

No special permit shall be issued for movement on any two lane state highway outside the limits of any city or town where the overall width of load exceeds fourteen feet, or on any multiple lane state highway where the overall width of load exceeds thirty-two feet; except that on multiple lane state highways where a physical barrier serving as a median divider separates the oncoming and opposing traffic lanes, no special permit shall be issued for width in excess of twenty feet: PROVIDED, That (1) these width limitations may be exceeded on state highways where the latest available traffic figures show that the highway or section of highway carries less than one hundred vehicles per day: PROVIDED FURTHER, That in the case of buildings, the limitations referred to in this section for movement on any two lane state highway other than the national system of interstate and defense highways may be exceeded under the following conditions: (a) Uninterrupted vehicular traffic shall be maintained in one direction at all times; (b) maximum distance of movement shall not exceed the five mile limit: PROVIDED, That when in the opinion of the highway commission a hardship would result, this limitation may be exceeded upon approval of the commission; (c) prior to issuing a permit a qualified highway department employee shall make a visual inspection of the building and route involved determining that the conditions listed herein shall be complied with and that structures or overhead obstructions may be cleared or moved in order to maintain a constant and uninterrupted movement; (d) special escort or other precautions may be imposed to assure movement is made under the safest possible conditions, and the Washington state patrol shall be advised when and where the movement is to be made; (2) permits may be issued for widths of vehicles in excess of the preceding limitations on highways or sections of highways which have been designed and constructed for width in excess of such limitations; (3) these limitations may be rescinded when certification is made by military officials or by officials of public or private power facilities, when in the opinion of the highway commission, the movement or action is a necessary emergency movement or action: PROVIDED, FURTHER, That the structures and highway surfaces on the routes involved are determined to be capable of sustaining widths in excess of such limitation; (4) these limitations shall not apply to farmers moving farm machinery between farms during daylight hours if the movement does not pass along and upon any primary or secondary state highway for a distance greater than [thirty-five] *one hundred* miles, if properly patrolled and flagged; (5) these limitations shall not apply to movement during daylight hours on any two lane state highway where the gross weight, including load, does not exceed *forty-five* thousand pounds and the overall width of load does not exceed sixteen feet: PROVIDED, That the minimum and maximum speed of such movements, prescribed routes of such movements, the times of such movements, limitation upon frequency of trips (which limitation shall be not less than one per week), and conditions to assure safety of traffic may be prescribed by the highway commission or local authority issuing such special permit.

The applicant for any special permit shall specifically describe the vehicle or vehicles and load to be operated or moved and the particular state highways for which permit to operate is requested and whether such permit is requested for a single trip or for continuous operation."

On page 56, insert a new section to read as follows:

"Sec. 67. Section 40, chapter 155, Laws of 1965 ex. sess. and RCW 46.61.290 are each amended to read as follows:

The driver of a vehicle intending to turn at an intersection shall do so as follows:

(1) Right turns. Both the approach for a right turn and a right turn shall be made as close as practicable to the right-hand curb or edge of the roadway.

[(2) Left turns on two-way roadways. At any intersection where traffic is permitted to move in both directions on each roadway entering the intersection, an approach for a left turn shall be made in that portion of the right half of the roadway nearest the center line thereof and by passing to the right of such center line where it enters the intersection and after entering the intersection the left turn shall be made so as to leave the intersection to the right of the center line of the roadway being entered. Whenever practicable the left turn shall be made in that portion of the intersection to the left of the center of the intersection.

(3) Left turns on other than two-way roadways. At any intersection where traffic is restricted to one direction on one or more of the roadways, the driver of a vehicle intending to turn left at any such intersection shall approach the intersection in the extreme left-hand lane lawfully available to traffic moving in the direction of travel of such vehicle and after entering the intersection the left turn shall be made so as to leave the intersection, as nearly as practicable, in the left-hand lane lawfully available to traffic moving in such direction upon the roadway being entered.]

(2) *Left turns. The driver of a vehicle intending to turn left at any intersection shall approach the intersection in the extreme left-hand lane lawfully available to traffic moving in the direction of travel of such vehicle and after entering the intersection, the left turn shall be made so as to leave the intersection in a lane lawfully available to traffic moving in such direction upon the roadway being entered. Whenever practicable the left turn shall be made in that portion of the intersection to the left of the center of the intersection.*

(3) *Two-way left turn lanes.*

(a) *The department of highways and local authorities in their respective jurisdictions may designate a two-way left turn lane on a roadway. A two-way left turn lane is near the center of the roadway set aside for use by vehicles making left turns in both directions from or into the roadway.*

(b) *Two-way left turn lanes shall be designated by distinctive uniform roadway markings. The department of highways shall determine and prescribe standards and specifications governing type, length, width, and positioning of the distinctive permanent markings. The standards and specifications developed shall be filed with the code reviser in accordance with the procedures set forth in the Administrative Procedure Act, chapter 34.04 RCW. On and after July 1, 1971, permanent markings designating a two-way left turn lane shall conform to such standards and specifications.*

(c) *Upon a roadway where a center lane has been provided by distinctive pavement markings for the use of vehicles turning left from both directions, no vehicles shall turn left from any other lane. A vehicle shall not be driven in this center lane for the purpose of overtaking or passing another vehicle proceeding in the same direction. A signal, either electric or manual, for indicating a left-turn movement, shall be made at least one hundred feet before the actual left turn movement is made. Any maneuver other than a left turn from this center lane will be deemed a violation of this section.*

(4) *The state highway commission and local authorities in their respective jurisdictions may cause [markers, buttons or signs] official traffic-control devices to be placed within or adjacent to intersections and thereby require and direct that a different course from that specified in this section be traveled by vehicles turning at an intersection, and when [markers, buttons or signs] such devices are so placed no driver of a vehicle shall turn a vehicle at an intersection other than as directed and required by such [markers, buttons or signs] devices."*

It was moved by Senator Gissberg that the Senate do concur in the House amendment adding section 63 to Engrossed Substitute Senate Bill No. 724.

Debate ensued.

It was moved by Senator Washington that the Senate refuse to concur in the House amendment adding section 63 to Engrossed Substitute Senate Bill No. 724.

The President stated the question before the Senate is the positive motion by Senator Gissberg that the Senate do concur in the House amendment adding section 63 to Engrossed Substitute Senate Bill No. 724.

POINTS OF INQUIRY

Senator Peterson (Ted): "Would Senator Gissberg yield to a question? Senator Gissberg, you said it would do away with signs that had everything from soup to nuts in it but then you mentioned rest areas. Coming into Seattle from the south after you are, say, north of the Rainier Brewery, where would a sign like this be? If you had more than one gas station, how could you indicate all the various gas stations around a large city without just having a huge sign and what is the size of this overall large sign that you are talking about that has the small signs inset in it. Could you explain that a little more in detail?"

Senator Gissberg: "I wish I could. I don't know the exact size and the dimensions of the sign. It would be typical of the type of sign that you now see along the right-of-way that says 'Columbia Street Exit ½ Mile'. It would be that kind of a sign which would have within it then a small block showing Richfield, Standard or Travelodge or whatever. This will be discussed with the highway commission and obviously in the situation you put, they would not sign every interchange. It would not be realistic in that particular situation that you mentioned.

"North of the Rainier Brewery, in my opinion at least, for the highway commission to authorize signs at each of those interchanges because there would be readily apparent to the traveling public when they come to a large metropolis of that type at least, that all these services are available to them and it wouldn't require the sign.

"In other words, the traveling public wouldn't require that type of information when they come to a large city."

Senator Peterson (Ted): "That is what I mean. You wouldn't have a large sign indicating all the various types of gasoline and things like that. That wouldn't be necessary, would it?"

Senator Guess: "I might answer the question for Senator Peterson. The standards would be as they have arrived at in Title 23 which is the highway law and pursuant to sections 131 and 315. They have the standards of signing in that.

"As you approach a large town you have the metropolitan area announced and then fifteen hundred feet prior to that you have a gas sign and that sign will have six panels in it. These panels will be four foot six wide and two foot high and the letters will be six inches so that you get your message in six inch letters. It would be along the highway fifteen hundred feet prior to the announcing of the town's name.

"Then there will be another sign eight hundred feet up the highway that will say 'Food', and one hundred feet up from that there will be a series of three signs and the signs will be eight feet high, two sheets of plywood and twelve feet wide. Each one of them will contain the six names. I am sure they will be done in a pleasing manner. It won't be something that will be distasteful because I think the thing that has happened is that the garish colors that have been used have been objectionable. So I think that this is a sensible solution to the big signs that we have banned from the highway by the 1961 Act so I would support Senator Gissberg's motion."

Senator Uhlman: "Would Senator Gissberg yield to a question? Senator, as it has been explained to me and apparently as the testimony resulted when this matter was heard, the state would or could through this enabling legislation provide specific trademark advertising on the highways, is that correct?"

Senator Gissberg: "Senator Uhlman, I was not a member of any committee that considered this so I couldn't specifically say. I assume that within these blocks would be the type of the brand name of the gasoline or trademark name."

Senator Guess: "Section 131 of the title code says to show the name and/or brand or trademark of the motorist services available at the crossroads or nearest the interchange. Nationally recognized or locally known commercial symbols or trademarks for service stations, restaurants, and motels shall be used when applicable. The brand or trademark identification symbol used on the business sign shall be reproduced with the colors in the general shape consistent with customary usage. Any messages, trademarks or brand symbols which interfere with, imitate, or resemble any official warning or regulatory traffic sign will not be permitted."

Senator Uhlman: "Would Senator Guess further yield? Senator, I gather you are reading from sections 131 to 315 of Title 23 in the code, is that correct? Senator, how many other states have a similar provision where the state provides this kind of brand name advertising for commercial interests in the state?"

Senator Guess: "I believe that the testimony was that twelve states have already adopted this."

Senator Uhlman: "And they do provide at state expense the brand name advertising on the state freeways?"

Senator Guess: "Well, Senator, I haven't seen them personally so I couldn't tell you but this has been promulgated under that department of transportation regulation, Title 23."

Further debate ensued.

POINT OF INFORMATION

Senator Guess: "Point of information. The Senator is speaking from supposition and not with knowledge of the title of which we are speaking. We are speaking on Title 23 of the U.S. Code which has very specific definitions as to the number of signs and the number of logos it can put at each intersection."

POINT OF ORDER

Senator Pritchard: "Point of order. Mr. President, it seems to me that we have been talking from supposition for over one hundred days and I don't see why we should object to Senator Lewis (Brian) if he wants to have a few suppositions."

Senators Holman, Washington and Ridder demanded the previous question and the demand was sustained.

Senator Washington demanded a roll call and the demand was sustained by Senators Uhlman, Donohue, Stortini, Cooney, Ridder, Pritchard, Metcalf, Holman, Faulk and Lewis (Brian).

On motion of Senator Uhlman, the rules were suspended, Engrossed Senate Bill No. 713 was advanced to third reading, the second reading considered the third, and the bill was placed on final passage.

POINT OF INQUIRY

Senator Ridder: "Would Senator Uhlman yield to a question? Senator, in new section 5, there is an appropriation of \$75,000. Has this gone through the Committee on Ways and Means?"

Senator Uhlman: "Senator, I don't know whether it has or not."

Senator Dore: "Senator Ridder, yes, we had an extensive hearing on this and we had five or six people testify for it and it was approved by the Appropriations Committee and the Committee on Ways and Means."

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 713, and the bill passed the Senate by the following vote: Yeas, 43; absent or not voting, 3; excused, 3.

CALL OF THE SENATE

The Sergeant at Arms locked the doors of the Senate Chamber.

The Secretary called the roll on the Call of the Senate, all members being present except Senators Elicker, Herr and Newschwander who had previously been excused.

On page 1, section 2, line 11, after "over" strike "one hundred eighty" and insert "one hundred fifty"

Debate ensued.

POINT OF INQUIRY

Senator Bailey: "Would Senator Henry yield to a question? Senator, why is this confined to the big cities when there is very little cost to small towns in the recreation areas such as Long Beach and Ocean Shores and these areas could really do a good job in the summer time?"

Senator Henry: "Well, Senator Bailey, if you wish to propose such an amendment I

would be happy to support it but as my friend Senator Woodall said the other night, 'consistency is a jewel', and I can't claim to be a jewel but I have been trying to pass this bill for twenty-eight years and I would say to you that you have to walk before you can run and this seems to be the only form that I was able to get concurrence in."

Senator Bailey: "Senator Henry, have you ever passed it yet in either House?"

Senator Henry: "I have also been consistent in that, Senator."

The motion carried and the amendment was adopted.

Senator Keefe moved adoption of the following amendment by Senators Canfield and Keefe:

On page 1, section 3, line 27, after "annually" and before the period insert "": insert "two-thirds or more"

Debate ensued.

POINT OF INQUIRY

Senator Woodall: "Would Senator Canfield yield to a question? Senator, would you settle for sixty percent like you did in the tax bill the other night instead of two-thirds?"

Senator Canfield: "Well, Senator, I have never been approached with any deals before and I would like to be consistent now."

The motion carried and the amendment was adopted.

Senator Keefe moved adoption of the following amendment:

Debate ensued.

The motion lost and the amendment was not adopted.

Senator Canfield moved adoption of the following amendment by Senators Canfield and Keefe:

On page 2, section 5, line 12, after "benefit" and before "percent" strike "ten" and substitute "five"

Debate ensued.

POINT OF INQUIRY

Senator Woodall: "Would Senator Canfield yield to a question? Senator, is this making it different than the horse race tracks?"

Senator Canfield: "I think that dogs are different from horses. In my experience the races are different and a lot of things are different and I understand that the overhead in this case is a lot less for dogs and therefore it would be appropriate to give a little more money to the licensing party. I don't think it would hurt the dog people because their costs of all kinds are substantially less."

Senator Woodall: "I have never made a survey of either the dog costs or the other, Senator. That is why I was asking."

The motion lost and the amendment was not adopted.

Senator Canfield moved adoption of the following amendment by Senators Canfield and Keefe:

On page 2, section 5, line 14, after "city" and before "percent" strike "five" and insert "ten"

The following amendment by Senators Canfield and Keefe was adopted:

On page 3, line 3, strike all of section 11.

On motion of Senator Henry, the following amendment to the title was adopted:

On page 1, line 6 of the title, after "herewith" strike "; and declaring an emergency"

Senator Henry moved that the rules be suspended, Engrossed Substitute Senate Bill No. 616 be advanced to third reading, the second reading considered the third.

POINT OF ORDER

Senator Pritchard: "Point of order. Is he moving the bill up to third reading?"

REPLY BY THE PRESIDENT

The President: "Yes, Senator."

Senator Pritchard: "Does this take a two-thirds majority? What is the ruling, Mr. President? Mr. President, may I read Rule 61?"

REPLY BY THE PRESIDENT

The President: "Yes, Senator Pritchard."

Senator Pritchard: "It says, 'Every bill shall be read on three separate days unless the Senate deems it expedient to suspend the rules: PROVIDED, HOWEVER, That after the forty-ninth day of every regular session which rule may be suspended by a majority vote.' This is not a regular session so this would take a two-thirds vote, Mr. President."

Senator Woodall: "Mr. President, I would remind the good Senator that the special session adopted those as the rules of the special session."

Senator Pritchard: "The rule says 'regular session'. This is not a regular session. It takes two-thirds to advance it."

On motion of Senator Greive, the Senate proceeded under the Call of the Senate.

RULING BY THE PRESIDENT

The President: "In ruling upon the point of order as presented by Senator Pritchard, the President finds that Rule 61 permitting the advancement of a bill by a simple majority after the forty-ninth day of the session applies only to regular session. Inasmuch as this is the extraordinary session, the question of Rule 61 does not apply. Therefore, it would take a suspension of the rules to advance the bill. The point of order as presented by Senator Pritchard is well taken."

Senator Henry demanded a roll call on the motion to advance Engrossed Substitute Senate Bill No. 616 to third reading and the demand was sustained by Senators Pritchard, Stender, Keefe, Donohue, Metcalf, Connor, Durkan, Day, Ridder and Cooney.

NEW SECTION. Sec. 7. A preliminary plat of proposed subdivisions and dedications of land shall be submitted for approval to the legislative body of the city, town, or county within which the plat is situated.

NEW SECTION. Sec. 8. Notice of the filing of a preliminary plat of a proposed

subdivision adjacent to or within one mile of the municipal boundaries of a city or town, or which contemplates the use of any city or town utilities shall be given to the appropriate city or town authorities. All hearings shall be public.

NEW SECTION. Sec. 10. If a city, town or county has established a planning commission or planning agency in accordance with state law or local charter, such commission or agency shall review all proposed subdivisions and make recommendations thereon to the city, town or county legislative body to assure conformance of the proposed subdivision to the general purposes of the comprehensive plan and to planning standards and specifications as adopted by the city, town or county. Reports of the planning commission or agency shall be advisory only: PROVIDED, That the legislative body of the city, town or county may, by ordinance, assign to such commission or agency, or any department official or group of officials, such administrative functions, powers and duties as may be appropriate, including the holding of hearings, and recommendations for approval or disapproval of preliminary plats of proposed subdivisions.

Such recommendation shall be submitted to the legislative body not later than fourteen days following action by the hearing body. Upon receipt of the recommendation on any preliminary plat the legislative body shall at its next public meeting set the date for the public meeting where it may adopt or reject the recommendations of such hearing body. If, after considering the matter at a public meeting, the legislative body deems a change in the planning commission's or planning agency's recommendation approving or disapproving any preliminary plat is necessary, the change of the recommendation shall not be made until the legislative body shall conduct a public hearing and thereupon adopt its own recommendations and approve or disapprove the preliminary plat. Sole authority to approve final plats, and to adopt or amend platting ordinances shall reside in the legislative bodies.

NEW SECTION. Sec. 11. The city, town, or county legislative body shall inquire into the public use and interest proposed to be served by the establishment of the subdivision and dedication. It shall determine if appropriate provisions are made in the subdivision for, but not limited to, drainage ways, streets, alleys, other public ways, water supplies, sanitary wastes, parks, playgrounds, sites for schools and schoolgrounds, and shall consider all other relevant facts and determine whether the public interest will be served by the subdivision and dedication. If it finds that the plat makes appropriate provisions for the public health, safety and general welfare and for such drainage ways, streets, alleys, other public ways, water supplies, sanitary wastes, parks, playgrounds, sites for schools and schoolgrounds and that the public use and interest will be served by the platting of such subdivision, then it shall be approved. Dedication of land to any public body shall be clearly shown on the final plat. The legislative body shall not as a condition to the approval of any plat require a release from damages to be procured from other property owners.

NEW SECTION. Sec. 12. The city, town or county legislative body shall consider the physical characteristics of a proposed subdivision site and may disapprove a proposed plat because of flood, inundation, or swamp conditions. Construction of protective improvements may be required as a condition of approval, and such improvements shall be noted on the final plat. No plat shall be approved by any city, town or county legislative authority covering any land situated in a flood control zone as provided in chapter 86.16 RCW without the prior written approval of the department of water resources, state of Washington.

NEW SECTION. Sec. 13. Local regulations may provide that in lieu of the completion of the actual construction of any improvements prior to the approval of a final plat, the city, town or county legislative body may accept a bond, in an amount and with surety and conditions satisfactory to it, or other secure method, providing for and securing to the municipality the actual construction and installation of such improvements within a period specified by the city, town or county legislative body and expressed in the bonds; and the municipality is hereby granted the power to enforce such bonds by all appropriate legal and equitable remedies. Such local regulations may provide that the improvements such as structures, sewers and water systems shall be designed and certified by or under the supervision of a registered civil engineer prior to the acceptance of such improvements.

Final plats and short plats shall be approved, disapproved or returned to the applicant within thirty days from the date of filing thereof, unless the applicant consents to an extension of such time period. Ordinances may provide for the expiration of approval given to any preliminary plats.

NEW SECTION. Sec. 15. Each and every preliminary plat submitted for final approval of the legislative body shall be accompanied by the following agencies' recommendations for approval or disapproval:

Senator Gissberg moved the report of the Free Conference Committee on Engrossed Substitute Senate Bill No. 169 be adopted.

POINT OF INQUIRY

Senator Wilson: "Would Senator Gissberg yield to a question? Senator, there has been much discussion about five and twenty acres. Would you tell me briefly how that problem was resolved?"

Senator Gissberg: "Yes, there was a lot of discussion about that and it was resolved by simply, the requirement of platting and will only apply to so-called regular plat on lots which are under five acres. As to lots which are between five and twenty acres and not containing a dedication, the board of county commissioners of each county may provide for a short plat proceeding, if they enact regulations so requiring. If they, however, do not adopt regulations on a short plat basis, then any division of land into acreage of between five and twenty acres would not be subjected to any control whatsoever.

"If the county commissioners adopted the so-called short plat procedure covering land into lots between five and twenty acres, those short plat proceedings would be applicable. The regulations on a local level would be applicable but we wrote into the bill that under no circumstances could the county commissioners make a requirement in their regulations that there be a survey and monumentation and a recording of the formal plat with respect to the five to twenty acres. As to lots, the smallest of which is in excess of twenty acres, there is a straight out and out exemption if there be no dedication.

"So as I say, the association of county commissioners and others have found this to be acceptable. It does meet with the objections of those who felt that the original bill as passed was too difficult for a property owner to follow. I think this is an excellent compromise."

The motion carried and the report of the Free Conference Committee on Engrossed Substitute Senate Bill No. 169 was adopted.

Signed by: Senators Durkan, Atwood, Dore; Representatives Goldsworthy, Saling, Brouillet.

Senator Dore moved that the report of the Free Conference Committee on Substitute Senate Bill No. 152 be adopted.

Debate ensued.

POINT OF INQUIRY

Senator Andersen: "Would Senator Atwood yield to a question? Senator, do I understand that we have a low bid here and we are now appropriating additional money to get up to the low bid? Is this what you are talking about?"

Senator Atwood: "That is right. In fact they had to cut back. They got the low bidder to cut out some of the things that were in that low bid in order to get advantage of the bid."

Senator Andersen: "Who was the low bidder that we are putting this money up for?"

Senator Atwood: "I couldn't tell you that, Senator."

Senator Andersen: "Is there anybody else on the floor who can answer me as to who the low bidder is that we are appropriating money to meet the low bid on?"

Senator Dore: "Maybe I am wrong in this, Senator, but I think we appropriated an X amount of dollars to put it within the range of what they think it will be. I don't think there was any decision made to merely appropriate sufficient money to make up the deficiency between what the bid was and what the previous appropriated money was. Maybe I am wrong but that was my understanding. I didn't think we did it for this particular bidder.

"We were realistic to know that we delayed so long that we just couldn't build this women's prison for the amount of money we previously bid. As far as I know, there is no commitment or agreement to award this contract to a particular contractor and use this money to make up the deficiency between what we appropriated and what the bid came in at. Is that right, Senator? There is no testimony before the committee as to that?"

Senator Atwood: "The bid has been bid three times, Senator, and the low bidder, I couldn't tell you his name, but in order to meet the low bid they deleted the industries building, the chapel, closed walk, electronic fence and gym and other items, fees and taxes for a total of a million dollar deletion. However, it is my understanding this will be the last bid that they got in March, that they were going to have him do it with these deletions."

Senator Andersen: "I won't make an issue of it at this point but some of these things, I think we all understand there have been some games played in the past on these things. I am not talking about on the bills, I am talking about on some of these people that get these so-called low bids and get taken care of. That was my only concern but I know it is obviously too late to change anything now."

The motion carried and the report of the Free Conference Committee on Substitute Senate Bill No. 152 was adopted.

(3) "Person" means any individual, corporation, or other organization;

(4) "Dealers", "distributors", and "exhibitors" mean persons engaged in the distribution, sale, or exhibition of printed material, photographs, pictures, or motion pictures.

NEW SECTION. Sec. 14. (1) When it appears that material which may be deemed erotic is being sold, distributed, or exhibited in this state, the prosecuting attorney of the county in which the sale, distribution, or exhibition is taking place may apply to the superior court for a hearing to determine the character of the material with respect to whether it is erotic material.

(2) Notice of the hearing shall immediately be served upon the dealer, distributor, or exhibitor selling or otherwise distributing or exhibiting the alleged erotic material. The superior court shall hold a hearing not later than five days from the service of notice to determine whether the subject matter is erotic material within the meaning of section 13 of this 1969 amendatory act.

(3) If the superior court rules that the subject material is erotic material, then, following such adjudication:

(a) If the subject material is written or printed, the court shall issue an order requiring that an "adults only" label be placed on the publication, if such publication is going to continue to be distributed. Whenever the superior court orders a publication to have an "adults only" label placed thereon, such label shall be impressed on the front cover of all copies of such erotic publication sold or otherwise distributed in the state of Washington. Such labels shall be in forty-eight point bold face type located in a conspicuous place on the front cover of the publication. All dealers and distributors are hereby prohibited from displaying erotic publications in their store windows, on outside newsstands on public thoroughfares, or in any other manner so as to make them readily accessible to minors.

(b) If the subject material is a motion picture, the court shall issue an order requiring that such motion picture shall be labeled "adults only". The exhibitor shall prominently display a sign saying "adults only" at the place of exhibition, and any advertising of said motion picture shall contain a statement that it is for adults only. Such exhibitor shall also display a sign at the place where admission tickets are sold stating that it is unlawful for minors to misrepresent their age.

(c) Failure to comply with a court order issued under the provisions of this section shall subject the dealer, distributor, or exhibitor to contempt proceedings.

(d) Any person who, after the court determines material to be erotic, sells, distributes, or exhibits the erotic material to a minor shall be guilty of violating sections 13 through 20 of this 1969 amendatory act, such violation to carry the following penalties:

(i) For the first offense a misdemeanor and upon conviction shall be fined not more than five hundred dollars, or imprisoned in the county jail not more than six months;

(ii) For the second offense a gross misdemeanor and upon conviction shall be fined not more than one thousand dollars, or imprisoned not more than one year;

(iii) For all subsequent offenses a felony and upon conviction shall be fined not more than five thousand dollars, or imprisoned not less than one year.

NEW SECTION. Sec. 15. In any prosecution for violation of section 14 of this 1969 amendatory act, it shall be a defense that:

(1) If the violation pertains to a motion picture, the minor was accompanied by a parent, parent's spouse, or guardian; or

(2) Such minor exhibited to the defendant a draft card, driver's license, birth certificate, or other official or an apparently official document purporting to establish such minor was over the age of eighteen years; or

(3) Such minor was accompanied by a person who represented himself to be a parent, or the spouse of a parent, or a guardian of such minor, and the defendant in good faith relied upon such representation.

NEW SECTION. Sec. 16. (1) It shall be unlawful for any minor to misrepresent his true age or his true status as the child, stepchild or ward of a person accompanying him, for the purpose of purchasing or obtaining access to any material described in section 13 of this 1969 amendatory act.

(2) It shall be unlawful for any person accompanying such minor to misrepresent his true status as parent, spouse of a parent or guardian of any minor for the purpose of enabling such minor to purchase or obtain access to material described in section 13 of this 1969 amendatory act.

NEW SECTION. Sec. 17. No retailer, wholesaler, or exhibitor is to be deprived of service from a wholesaler or wholesaler-distributor of books, magazines, motion pictures or other materials or subjected to loss of his franchise or right to deal or exhibit as a result of his attempts to comply with this statute. Any publisher, distributor, or other person, or combination of such persons, which withdraws or attempts to withdraw a franchise or other right to sell at retail, wholesale or exhibit materials on account of the retailer's, wholesaler's or exhibitor's attempts to comply with sections 13 through 20 of this 1969 amendatory act shall incur civil liability to such retailer, wholesaler or exhibitor for threefold the actual damages resulting from such withdrawal or attempted withdrawal.

NEW SECTION. Sec. 18. Nothing in sections 13 through 20 of this 1969 amendatory act shall apply to the circulation of any such material by any recognized historical society or museum, the state law library, any county law library, the state library, the public library, any library of any college or university, or to any archive or library under the supervision and control of the state, county, municipality, or other political subdivision.

NEW SECTION. Sec. 19. The provisions of sections 13 through 20 of this 1969 amendatory act shall not apply to acts done in the scope of his employment by a motion picture operator or projectionist employed by the owner or manager of a theatre or other place for the showing of motion pictures, unless the motion picture operator or projectionist has a financial interest in such theatre or place wherein he is so employed or unless he caused to be performed or exhibited such performance or motion picture without the knowledge and consent of the manager or owner of the theatre or other place of showing.

NEW SECTION. Sec. 20. The provisions of sections 13 through 20 of this 1969 amendatory act shall be exclusive.

NEW SECTION. Sec. 21. If any provision of this 1969 amendatory act, or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provisions to other persons or circumstances, is not affected.

Signed by Senators Uhlman and Elicker; Representatives Chapin, Curtis and Hurley.

Senator Uhlman moved that the report of the Free Conference Committee on Substitute House Bill No. 116 be adopted.

POINT OF INQUIRY

Senator Bailey: "Would Senator Uhlman yield to a question? Senator, I am not too familiar with some of these items here. It looks like you have a little bit of everything that didn't get through in other bills. I was wondering on page 6, subsection 5 is this the bill that we defeated in the Senate, took off the calendar because it was such an obligation on the pharmacists, . . ."

Senator Uhlman: "No, Senator, you are speaking of the codeine measure. That is not included in this at all. This is just exactly with very minor technical changes, the bill which provides as follows: First of all it reduces the penalty from a felony to a misdemeanor for the use and possession of marihuana. It retains the felony for the sale of marihuana. It also increases the penalty for LSD, 'speed', etc. from a misdemeanor to a felony and there are no mandatory sentences in the measure at all."

Senator Bailey: "I am speaking now about the pharmacy part of it. This is the modified form. The pharmacists did not object to this part of it as far as I know then."

Senator Uhlman: "Absolutely not."

MESSAGES FROM THE SECRETARY OF STATE

March 27, 1969.

THE HONORABLE, THE PRESIDENT OF THE SENATE,
 THE LEGISLATURE OF THE STATE OF WASHINGTON,
 OLYMPIA, WASHINGTON.

SIR:

I have the honor to transmit herewith pursuant to Section 12, Article 3 of the Constitution of the State of Washington, for the consideration of the Senate, the following bills passed by the Senate and the House of Representatives at the Regular Legislative Session of 1969, and partially vetoed by the Governor, together with his veto messages attached thereto. They are Enrolled Senate Bills Nos. 33, 105, 142, 277 and 618.

Respectfully,

A. LUDLOW KRAMER
 Secretary of State.

I, A. Ludlow Kramer, Secretary of State of the state of Washington and custodian of its seal, hereby certify that according to the records on file in my office

Attached is a true and correct copy of Enrolled Senate Bill No. 33 as passed by the Regular Session of the 1969 Legislature and approved into law by the Governor, with the exception of certain items in Section 1 (6) and Section 2 (6) which were vetoed.

I further certify that said Act is now identified as Chapter 138, Laws of 1969. In witness whereof I have signed and have affixed the seal of the state of Washington to this certificate at Olympia, the State Capitol, March 27, 1969.

A. LUDLOW KRAMER
 Secretary of State.

(SEAL OF THE STATE OF WASHINGTON)

Office of the Governor, March 25, 1969.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.
 (Through the Secretary of State)

GENTLEMEN:

I am filing herewith to be transmitted to the Senate at the next session of the legislature, without my approval as to one item, ENGROSSED SENATE BILL 33, entitled: "An Act relating to education."

A rider attached to the Federal Vocational Education Amendments Act of 1968 eliminates the payment of assistance funds to federally impacted areas under Public Law 874 to school districts in any state that takes these federal payments into consideration in determining the amount of state aid to local school districts. This rider becomes effective July 1, 1969, and requires a change from our present formula for allocating state funds for the support of local schools.

Our state foundation program establishes a minimum level of cost for the education of all public school children. The state then guarantees this amount of money for each weighted pupil in all school districts. For a comparatively few school districts which have a high local tax base, this minimum guarantee may be reached with little state aid. However, in the vast majority of cases, the local funds available to the schools are not enough to assure equal educational opportunity for every child. The state, therefore, provides necessary funds to bring the payment for per pupil cost up to the guaranteed funding level.

A district may receive \$250 per student from the federal government for a full impact child. Under the new federal law, this must be in addition to all state funds. For example, one school district may normally collect only \$70 per child in local taxes, and then receive the balance of the guaranteed amount from state aid. For 1968-69, this guaranteed amount is \$368. To then receive an additional \$250 per impact child on top of this is an illogical utilization of both state and federal funds.

In a state where the bulk of school districts' operational monies come from the local communities it would be unfair for the state to take these federal funds into consideration in any equalization formula or foundation program. In Washington, however, we have historically supported the public schools at a substantially high level with state funds. We now rank fourth among all states in state support of local schools.

The 1967 federal law amendments do not take into consideration the vast differences between the states and the ways in which they support their public schools. I have asked members of our Congressional delegation to ask Congress to recede from the extreme position of the 1967 amendments so that the federal law will not unnecessarily penalize Washington and the other states which provide significant support for schools at the state level. The federal funds are designed to compensate the local school district for a lack of taxable property. The state program accomplishes the same purpose. If we are to provide adequate education for all of our students, no school district in our state ought to be permitted to benefit twice from the same lack of taxable property.

In the meantime, it is necessary to comply with the new federal law if Washington school districts are to receive Public Law 874 funds. Under current law, state support for common schools must be reduced by 85 percent of these funds received from the federal government. The first part of Engrossed Senate Bill 33 eliminates from the revised code of Washington a specific provision requiring that these federal funds be considered as a local revenue in determining state school support.

Under current law, the superintendent of public instruction is also given the discretion to deduct 85 percent of other available revenues of a school district from the total amount that the state guarantees to local school districts for operational support.

The second part of Engrossed Senate Bill 33 states flatly that Public Law 874 funds may never be considered by the state to be available revenues of local school districts. This second provision in the act is not necessary to qualify local districts for federal impact funds.

If the bill becomes law in this form, the superintendent of public instruction could not take into consideration federal impact funds in allocating state support for local schools, even if Congress should recede from its position in accordance with our request and with the request of other states similarly affected.

I have vetoed this second item in order that the superintendent may consider Public Law 874 funds as local revenue in determining state school support in the event that Congress should act in accordance with our request. I have also vetoed the companion provision in Part II of the bill.

The remainder of Engrossed Senate Bill 33 is approved.

Respectfully submitted,
DANIEL J. EVANS
Governor.

On motion of Senator Atwood, Senate Bill No. 33 together with the veto message of the Governor thereon were ordered transmitted to the Secretary of State.

I, A. Ludlow Kramer, Secretary of State of the state of Washington and custodian of its seal, hereby certify that according to the records on file in my office

Attached is a true and correct copy of Enrolled Senate Bill No. 105 as passed by the Regular Session of the 1969 Legislature and approved into law by the Governor, with the exception of Section 2 which was vetoed.

I further certify that said Act is now identified as Chapter 139, Laws of 1969. In witness whereof I have signed and have affixed the seal of the state of Washington to this certificate at Olympia, the State Capitol, March 27, 1969.

A. LUDLOW KRAMER
Secretary of State.

(SEAL OF THE STATE OF WASHINGTON)

Office of the Governor, March 25, 1969.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

(Through the Secretary of State)

GENTLEMEN:

I am filing herewith to be transmitted to the Senate at the next session of the Legislature, without my approval as to one section, ENGROSSED SENATE BILL NO. 105 entitled:

"An Act relating to revenue and taxation."

This bill was introduced at the request of the Department of Motor Vehicles for the purpose of reducing some of the administrative expenses of collecting motor vehicle and fuel taxes. As originally introduced, section 2 added as an additional exemption from the use fuel tax special mobile equipment such as road graders. In the form presented to me for my approval, the bill now exempts all publicly owned motor vehicles. Because of the language of the bill, it is unclear whether this result was intended. This provision has a substantial financial impact on the state budget.

In addition to these revenue losses there appears to be a greater problem in the deletion of the comma on line 25 of page one of the engrossed bill and the insertion of the word "and." The language results in confusion as to whether private construction companies doing construction and maintenance work on streets and highways would be exempt from the gasoline tax. Rather than to leave these issues clouded and because of substantial financial impact upon the state budget, I have vetoed section 2.

It is my hope that the Legislature will act to amend this section in accordance with the original request of the Department of Motor Vehicles.

With the exception of section 2, which I have vetoed, the remainder of Engrossed Senate Bill No. 105 is approved.

Respectfully submitted.

DANIEL J. EVANS

Governor.

On motion of Senator Atwood, Engrossed Senate Bill No. 105 together with veto message of the Governor thereon were ordered transmitted to the Secretary of State.

I, A. Ludlow Kramer, Secretary of State of the state of Washington and custodian of its seal, hereby certify that according to the records on file in my office

Attached is a true and correct copy of Enrolled Senate Bill No. 142 as passed by the Regular Session of the 1969 Legislature and approved into law by the Governor, with the exception of certain items in Section 6 and section 10 which were vetoed.

I further certify that said Act is now identified as Chapter 131, Laws of 1969. In witness where of I have signed and have affixed the seal of the state of Washington to this certificate at Olympia, the State Capitol, March 27, 1969.

A. LUDLOW KRAMER

Secretary of State.

(SEAL OF THE STATE OF WASHINGTON)

Office of the Governor, March 25, 1969.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

(Through the Secretary of State)

GENTLEMEN:

I am filing herewith to be transmitted to the Senate at the next session of the Legislature, without my approval as to one item, ENGROSSED SENATE BILL NO. 142, entitled:

"An Act relating to education."

This bill as originally filed would have increased the number of school board directors from five to seven for a school district of the first class having an enrollment of seventy thousand pupils or more and would have made no changes in the method of electing the members of such a school board.

As finally adopted, the bill will create seven director districts in the Seattle School District. Candidates who are residents in a director district will run in the primary election from that district. The two candidates in each district receiving the highest number of votes will run in the general election and will be voted upon by all of the registered voters in the entire school district.

After extended consideration, I have decided, with the exception of one item, to approve the bill. However, I wish to express my grave concern that this substantial change in the method of electing school board members will not necessarily be in the best interests of the Seattle School District and the citizens of Seattle. I am most concerned that a sustained effort be made to prevent this change in the method of election from becoming an impetus encouraging fragmentation and separatism in the Seattle School District.

I urge everyone who is concerned with the development of our public school systems to observe carefully how effectively this new machinery will work. If it is successful

consideration should be given to extending it to all first class school districts. If substantial difficulties are encountered it should be reexamined by the Legislature.

The bill provides that the boundaries of the director districts shall be established by the members of the school board and approved by the county committee on school district organization. In section 6 it is provided that appointment of a board member to fill any vacancy existing for a new director district prior to the next regular school election shall be by the school board from a list comprised of names submitted by each legislator resident in the director district, each of whom may suggest not more than three names for such vacancy.

By limiting persons to be considered to those nominated by legislators will be unduly restrictive and therefore will not necessarily provide the school board members with the best possible candidates for consideration. In addition, this device may tend to inject a partisan political flavor into the selection process which would be highly inappropriate to the non-partisan character of our public school system.

I therefore have concluded that the item contained in the bill in section 6 (and in alternate section 10 to be effective upon enactment of the 1969 education code) is an inappropriate method of obtaining nominations for filling the vacancies created as a result of this bill.

To assist the school board in considering candidates for these additional positions, I encourage all interested citizens, and especially members of the Legislature residing within the Seattle School District, to communicate their suggestions to the members of the school board for their consideration.

With the exception of the item in section 6 and the alternate identical item in section 10 which I have vetoed for the reasons set forth above, the remainder of the bill is approved.

Respectfully submitted,
DANIEL J. EVANS
Governor.

On motion of Senator Greive, Engrossed Senate Bill No. 142 together with the veto message of the Governor thereon were ordered transmitted to the Secretary of State.

I, A. Ludlow Kramer, Secretary of State of the state of Washington and custodian of its seal, hereby certify that according to the records on file in my office

Attached is a true and correct copy of ENROLLED SENATE BILL NO. 277 as passed by the Regular Session of the 1969 Legislature and approved into law by the Governor, with the exception of Section 8 which was vetoed.

I further certify that said Act is now identified as Chapter 141, Laws of 1969. In witness whereof I have signed and have affixed the seal of the state of Washington to this certificate at Olympia, the State Capitol, March 27, 1969.

A. LUDLOW KRAMER
Secretary of State.

(SEAL OF THE STATE OF WASHINGTON)

Office of the Governor, March 25, 1969.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

(Through the Secretary of State)

GENTLEMEN:

I am filing herewith to be transmitted to the Senate at the next session of the Legislature, without my approval as to one section, SENATE BILL NO. 277 entitled:

"An Act relating to the blind, the visually handicapped and the otherwise physically disabled."

This is a comprehensive act aimed at encouraging and enabling the blind, the visually handicapped and the otherwise physically disabled to participate fully in the social and economic life of the state and to engage in remunerative employment. I am fully supportive of the objectives of this legislation.

Section 8 of the bill requires that the Governor each year take suitable public notice of October 15 as White Cane Safety Day, directs that he issue a proclamation to that effect and describes the content to be contained in that proclamation. There are numerous special observance days each year which I as Governor acknowledge by statements supporting the objectives of groups sponsoring those observance days. However, none of these days are mandated by statute. In addition, gubernatorial proclamations are limited and defined by statute. The use of a gubernatorial proclamation for the purpose described in section 8 is not appropriate. Therefore I have vetoed section 8 of the bill. The remainder of the bill is approved.

Respectfully submitted,
DANIEL J. EVANS
Governor.

On motion of Senator Greive, Senate Bill No. 277 together with the veto message of the Governor thereon were ordered transmitted to the Secretary of State.

I, A. Ludlow Kramer, Secretary of State of the state of Washington and custodian of its seal, hereby certify that according to the records on file in my office

Attached is a true and correct copy of Enrolled Senate Bill No. 618 as passed by the Regular Session of the 1969 Legislature and approved into law by the Governor, with the exception of Section 4 which was vetoed.

I further certify that said Act is now identified as Chapter 142, Laws of 1969. In witness whereof I have signed and have affixed the seal of the state of Washington to this certificate at Olympia, the State Capitol, March 27, 1969.

A. LUDLOW KRAMER
Secretary of State.

(SEAL OF THE STATE OF WASHINGTON)

Office of the Governor, March 25, 1969.

TO THE HONORABLE, THE SENATE OF THE STATE OF WASHINGTON.

(Through the Secretary of State)

GENTLEMEN:

I am filing herewith to be transmitted to the Senate at the next session of the Legislature, without my approval as to one item, SENATE BILL NO. 618 entitled:

"An Act relating to local government; permitting certain indebtedness for taxing districts, political subdivisions or municipal corporations:"

The principal objectives of Senate Bill No. 618 are to double the amount of bonds which a school district may issue with the approval of sixty per cent of the voters, and to double the indebtedness which a city may incur upon the vote of its governing body to be repaid from regular revenues of the city. The bill also contains language clarifying the purposes for which school district bonds may be issued, increases the permissible interest rate on county bonds, and amends the general indebtedness statute (RCW 39.36.020) so that its provisions will conform with the provisions of Article 8, Section 6 of the State Constitution. The amendment of this general statute does not alter special statutes which fix indebtedness limits for particular types of taxing districts. These special statutes can be amended as the legislature wishes without the necessity of further amendments to RCW 39.36.020.

Section 4 of the Senate Bill No. 618 amends RCW 36.67.020 which is the special statute relating to indebtedness which may be contracted by a county with the approval of a sixty percent majority of the voters. The statute limits this indebtedness to

"... five per cent on the value of the taxable property therein (being twice the assessed valuation), to be ascertained as provided in RCW 36.67.010 . . ."

Section 4 of this bill would delete the parenthetical phrase "(being twice the assessed valuation)". After reviewing this matter with members of the legislature and with legal counsel who specialize in municipal bond work, I am satisfied that this amendment in no way alters the present debt limits of counties under existing constitutional provisions. The constitution now provides for assessments to be made at fifty percent of true and fair value; thus, for debt limit purposes, the "value of the taxable property" in a county is determined by multiplying the assessed valuation of the county by two, whether or not the parenthetical phrase is stated in the statute. The purpose of deleting the parenthetical phrase is stated in the statute. The purpose of deleting the parenthetical phrase "being twice the assessed valuation" in Section 4, and in other sections of this bill where similar language is deleted, is to anticipate a possible change in the state constitution under which assessments would be made at actual value and regular levies would be limited to an aggregate of one percent of that value.

Unfortunately, merely deleting the parenthetical phrase in Section 4 without also deleting the further language "to be ascertained as provided in RCW 36.67.010" causes RCW 36.67.020 to be confusing and susceptible of the interpretation that the amendment was intended to reduce by one-half the bonding capacity of counties.

Since the proposed amendment contained in Section 4 is not intended to change present indebtedness limitations of counties, and since the amendment is confusing and ambiguous, I have vetoed Section 4 in order to retain the language of RCW 36.67.020 in its present form. In the event the people ratify a constitutional amendment fixing regular property tax levies at one percent of the value of property, and assessments are made at full value, the legislature should amend RCW 36.67.020 and other special debt limitation statutes containing the phrase "being twice the assessed valuation" in order to prevent a situation under which statutes specify an unconstitutional debt limitation for taxing districts.

Except for Section 4 which I have vetoed, the remainder of Senate Bill No. 618 is approved.

Respectfully submitted,
DANIEL J. EVANS
Governor.

On motion of Senator Greive, Senate Bill No. 618 together with the veto message of the Governor thereon were ordered transmitted to the Secretary of State.

MESSAGE FROM THE HOUSE

May 10, 1969.

Mr. President: The House has passed ENGROSSED SENATE BILL NO. 678 with the following amendments:

On page 2, beginning on line 22 following section 2, strike the remainder of the bill and substitute the following:

Sec. 3. Section 33, chapter 35, Laws of 1945 as last amended by section 2, chapter 8, Laws of 1953 ex. sess. and RCW 50.04.320 are each amended to read as follows:

For the purpose of payment of contributions, "wages" means the first three thousand six hundred dollars of remuneration paid by one employer during any calendar year to an individual in its employment under this title or the unemployment compensation law of any other state. [After December 31, 1950,] If an employer (hereinafter referred to as a successor employer) during any calendar year acquires substantially all the operating assets of another employer (hereinafter referred to as a predecessor employer) or assets used in a separate unit of a trade or business of a predecessor employer, and immediately after the acquisition employs in his trade or business an individual who immediately prior to the acquisition was employed in the trade or business of such predecessor employer, then, for the purposes of determining whether the successor employer has paid remuneration equal to three thousand six hundred dollars to such individual during such calendar year, any remuneration paid to such individual by such predecessor during such calendar year and prior to such acquisition shall be considered as having been paid by such successor employer.

For the purpose of payment of benefits, "wages" means the remuneration payable by one or more employers to an individual for employment under this title during [one calendar] his base year.

"Remuneration" means all compensation paid for personal services, including commissions and bonuses and the cash value of all compensation paid in any medium other than cash. The reasonable cash value of compensation paid in any medium other than cash and the reasonable value of gratuities shall be estimated and determined in accordance with rules prescribed by the commissioner.

NEW SECTION. Sec. 4. There is added to chapter 35, Laws of 1945 and to Title 50 RCW a new section to read as follows:

On or before the fifteenth day of June of each year an "average annual wage" and an "average weekly wage" shall be computed for the preceding calendar year from information for the preceding calendar year reported by all employers as defined in RCW 50.04.080 on employers' contribution reports (including corrections thereof) filed within three months after the close of that year. The "average annual wage" is the quotient derived by dividing total remuneration reported by all employers by the average number of workers reported for all months. The average annual wage thus obtained shall be divided by fifty-two to determine the "average weekly wage": PROVIDED, That in computing the average annual wage and average weekly wage such amounts shall be computed to the nearest multiple of one dollar except that if the computed amount ends in fifty cents it shall be adjusted to the next higher multiple of one dollar.

Sec. 5. Section 68, chapter 35, Laws of 1945 as last amended by section 3, chapter 266, Laws of 1959 and RCW 50.20.010 are each amended to read as follows:

An unemployed individual shall be eligible to receive waiting period credits or benefits with respect to any week only if the commissioner finds that:

(1) He has registered for work at, and thereafter has continued to report at, an employment office in accordance with such regulation as the commissioner may prescribe, except that the commissioner may by regulation waive or alter either or both of the requirements of this subdivision as to individuals attached to regular jobs and as to such other types of cases or situations with respect to which he finds that the compliance with such requirements would be oppressive, or would be inconsistent with the purposes of this title;

(2) He has filed an application for an initial determination and made a claim for waiting period credit or for benefits in accordance with the provisions of this title;

(3) He is able to work, and is available for work in any trade, occupation, profession, or business for which he is reasonably fitted. To be available for work an individual must be ready, able, and willing, immediately to accept any suitable work which may be offered to him and must be actively seeking work pursuant to customary trade practices and through other methods when so directed by the commissioner or his agents;

(4) He has been unemployed for a waiting period of one week; [and]

(5) He has [within the base year been paid wages of not less than the minimum amount now or hereafter fixed by law as the minimum amount to be earned in order to allow the individual to receive unemployment benefits] for any benefit year beginning after July 5, 1969, earned wages during his base year of not less than twenty percent of the average annual wage as defined herein or has earned wages during his base year of eight hundred dollars and had employment in not less than twenty weeks, in said base year, in each of which he had earned wages of at least twenty percent of the average weekly wage: *PROVIDED*, That in computing the twenty percent, such figure shall be computed to the nearest multiple of one dollar, except that if the computed amount ends in fifty cents, it shall be adjusted to the next higher multiple of one dollar.

(6) If the base year wages of the individual's current benefit year, for any benefit year beginning after July 5, 1969, include wages earned prior to the establishment of a prior benefit year, the individual shall not be eligible for benefits unless he earned wages in the last six months of his base year equal to at least eight times his current weekly benefit amount or eight times the weekly benefit amount to which he would otherwise be entitled.

Sec. 6. Section 80, chapter 35, Laws of 1945 as last amended by section 2, chapter 321, Laws of 1959 and RCW 50.20.120 are each amended to read as follows:

(1) Subject to the other provisions of this title benefits shall be payable to any eligible individual during [the] his benefit year in a maximum amount equal to the lesser of thirty times the weekly benefit amount (determined hereinafter) or one-third of the individual's base year wages under this title: *PROVIDED*, That an otherwise eligible individual shall not be entitled to be paid benefits in any calendar quarter in an amount greater than the total amount of wages under this title earned in the highest of the two corresponding calendar quarters included within the period of the first eight of the last nine completed calendar quarters immediately preceding his current benefit year: *PROVIDED FURTHER*, That this limitation shall not serve to restrict the payment of benefits to an individual:

(a) In any quarter of his benefit year if in either of such two corresponding quarters he earned no wages because of illness or disability, or

(b) If he had no earnings in subject employment under this Title during the four completed quarters immediately preceding the beginning of his base year, or

(c) If his benefit determination is based, in total or in part, on earnings not subject to contributions under this title, or if he had earnings not subject to contributions under this Title which would have been used in his benefit determination except for the fact that he had sufficient wages subject to contributions under this Title to entitle him to the maximum amount of benefits payable under this Title, and he can show to the satisfaction of the Commissioner that had such earnings been subject to contributions under this Title they would remove the restriction: *PROVIDED*, That if such earnings are insufficient to remove the restriction but would either by themselves or when added to wages earned under this Title serve to increase the limiting amount, they may be used to effect such increase: *PROVIDED FURTHER*, That except as otherwise provided in this section an individual shall not be entitled to receive extended benefits during any calendar quarter in an amount greater than the total amount of wages under this Title earned in the highest of the two corresponding calendar quarters included within the period of the first eight of the last nine completed calendar quarters immediately preceding the benefit year which determines the amount of his extended benefit entitlement.

(2) An individual's weekly benefit amount shall be [in a minimum] an amount [of seventeen dollars for the first one hundred twenty five dollars or portion thereof in excess of seven hundred ninety nine dollars and ninety nine cents of base year wages, increasing one dollar for each one hundred twenty five dollars or portion thereof of said individual's base year wages earned thereafter, with a maximum amount payable weekly of not more than forty two dollars] equal to one twenty-fifth of the average of his total wages during the two quarters of his base year in which such total wages were highest, except that if such computed amount is less than seventeen dollars, the weekly benefit amount shall be deemed to be seventeen dollars. The maximum amount payable weekly shall be sixty eight dollars: *PROVIDED*, That if any [maximum] weekly benefit amount computed herein is not a multiple of one dollar, it shall be adjusted to the nearest multiple of one dollar, except that if the computed amount ends in fifty cents, it shall be [carried] adjusted to the next higher multiple of one dollar.

Sec. 7. Section 83, chapter 35, Laws of 1945, as amended by section 5, chapter 215, Laws of 1951 and RCW 50.20.150 are each amended to read as follows:

The applicant for initial determination, his most recent employing unit as stated by the applicant, and any other interested party which the commissioner by regulation prescribes, shall, if not previously notified within the same continuous period of unemployment, be given notice promptly in writing that an application for initial determination has been filed and such notice shall contain the reasons given by the applicant for his last separation from work. If, during his benefit year, the applicant becomes unemployed after having accepted subsequent work, and [files a claim for waiting period credit or] reports for the purpose of re-establishing his eligibility for benefits, a similar notice shall be given promptly to his then most recent employing unit as stated by him, or to any other interested party which the commissioner by regulation prescribes.

Each base year employer shall be promptly notified of the filing of any application for initial determination which may result in a charge to his account.

Sec. 8. Section 89, chapter 35, Laws of 1945 as amended by section 18, chapter 214, Laws of 1949 and RCW 50.24.010 are each amended to read as follows:

Contributions shall accrue and become payable by each employer for each calendar year in which he is subject to this title at the rate of two and seven-tenths percent of wages paid except as provided in sections 9 through 20 of this 1969 amendatory act.

Contributions shall become due and be paid by each employer to the treasurer for the unemployment compensation fund in accordance with such regulations as the commissioner may prescribe, and shall not be deducted, in whole or in part, from the remuneration of individuals in employment of the employer. Any deduction in violation of the provisions of this section shall be unlawful.

In the payment of any contributions, a fractional part of a cent shall be disregarded unless it amounts to one-half cent or more, in which case it shall be increased to one cent.

NEW SECTION. Sec. 9. There is added to chapter 35, Laws of 1945 and to Title 50 RCW a new section to read as follows:

As used in this title:

(1) "Taxable payroll" means all remuneration paid by an employer or employers on which contributions are payable.

(2) "Rate year" means the calendar year next succeeding the date of rate determination.

(3) "Date of rate determination" means July 1st of any year.

(4) (a) "Eligible employer" means any employer whose account could have been charged with benefits throughout the thirty-six consecutive calendar month period immediately preceding the date of rate determination or could have been charged had the benefit charging provisions been in effect, except that no employer shall be deemed an eligible employer unless all contributions required under this title from him or his predecessors for the thirty-six month period immediately preceding the date of rate determination have been paid prior to September 1st immediately following the date of rate determination, except that,

(b) any employer who has not been subject to the act for a period of time sufficient to be classified as an eligible employer under the provision of part (a) of this definition but whose account could have been charged with benefits throughout at least the twelve consecutive month period immediately preceding the date of rate determination shall be classified as an eligible employer, except that no employer shall be deemed an eligible employer unless all contributions required under this title from him or his predecessors for the twenty-four month period immediately preceding the date of rate determination have been paid prior to September 1st immediately following the date of rate determination.

NEW SECTION. Sec. 10. There is added to chapter 35, Laws of 1945 and to Title 50 RCW a new section to read as follows:

An experience rating account shall be established and maintained for each employer based on existing records of the employment security department and shall be effective beginning with July 1, 1966. Benefits paid to any eligible individual subsequent to June 30, 1966, shall be charged to the experience rating accounts of each of his employers during his base year in the same proportion that the wages paid by each employer to the individual during the base year bear to the wages paid by all employers to that individual during that year.

NEW SECTION. Sec. 11. There is added to chapter 35, Laws of 1945 and to Title 50 RCW a new section to read as follows:

(1) When, after July 1, 1969, an individual has been disqualified for benefits for misconduct connected with his work pursuant to RCW 50.20.060, benefits subsequently paid to him based on wages earned prior to the week of discharge or suspension from the employer from whom he was discharged or suspended shall not be charged to the experience rating account of any employer.

(2) In addition, benefits paid subsequent to July 1, 1969, to an individual under the provisions of RCW 50.12.050 shall not be charged to the account of any employer if the wage credits earned in this state by the individual during his base year are less than the minimum amount to be earned in order to allow the individual to receive unemployment benefits.

NEW SECTION. Sec. 12. There is added to chapter 35, Laws of 1945 and to Title 50 RCW a new section to read as follows:

For the purpose of prorating benefit charges for periods of unemployment prior to

July 2, 1967, "wages" shall be construed to mean the wages reported by employers on the existing wage reports submitted for use in benefit computations. For the purpose of prorating benefit charges for periods of unemployment subsequent to July 2, 1967, "wages" shall mean "wages" as defined for the purpose of payment of benefits in RCW 50.04.320.

NEW SECTION. Sec. 13. There is added to chapter 35, Laws of 1945 and to Title 50 RCW a new section to read as follows:

For the rate year 1970 and each rate year thereafter (1) a benefit ratio shall be computed for each eligible employer. The computation of benefit ratios shall be extended to six decimal places and the remaining fraction, if any, disregarded. The benefit ratio for an employer shall be the quotient obtained by dividing the total benefits charged to his account during the thirty-six consecutive month period immediately preceding the date of rate determination by his taxable payroll for the same thirty-six month period as reported not later than August 31st immediately following the date of rate determination, except that (2) the benefit ratio for any eligible employer whose account has not been chargeable for a period of thirty-six months immediately prior to the date of rate determination shall be the quotient obtained by dividing total benefits charged to his account, prior to the date of rate determination, by his taxable payroll as set forth as follows: the taxable payroll shall be that reported by August 31st immediately following the date of rate determination, for the period beginning with the first day of the second calendar quarter following the calendar quarter in which he becomes liable, and through the end of the quarter immediately preceding the date of rate determination.

NEW SECTION. Sec. 14. There is added to chapter 35, Laws of 1945 and to Title 50 RCW a new section to read as follows:

(1) An array shall be prepared of all eligible employers in order by benefit ratios. The array shall start with the employer having the lowest benefit ratio and progress through the employer having the highest benefit ratio. The array shall show for each employer (a) his benefit ratio, (b) his taxable payroll for the four calendar quarters ending with June 30th immediately preceding the computation date and reported by the following August 31st, and (c) a cumulative total consisting of the sum of his taxable payroll as identified above and such taxable payrolls of all other employers preceding him on the list.

(2) All arrayed employers starting with those having the lowest benefit ratio, shall be grouped in accordance with the cumulative taxable payroll percentage limits for the tax schedule in effect. Fractions of a cent shall be dropped in computing taxable payroll limits. If this grouping results in the taxable payroll of an employer falling in two groups, such employer and any other employer or employers with the same benefit ratio shall be assigned the lower of the two applicable rates.

(3) If, subsequent to the assignment of rates of contribution for any rate year, the benefit ratio of an employer is recomputed and changed, such employer shall be placed in that position in the array which he would have occupied had his corrected benefit ratio been shown in the array, but such altered position in the array shall not affect the position of any other employer.

NEW SECTION. Sec. 15. There is added to chapter 35, Laws of 1945 and to Title 50 RCW a new section to read as follows:

Effective with the rate year 1970 and each rate year thereafter contribution rates for eligible employers shall be those scheduled in Table 1. The column of the schedule effective for a particular rate year is determined by the fund balance ratio, except that for rate year 1970 column B shall be effective.

The fund balance ratio for any rate year is the percentage ratio of the balance in the unemployment compensation fund as of June 30th immediately preceding the date of rate determination for that rate year to total remuneration paid by all employers for the calendar year preceding the date of rate determination and reported by the following March 31st. The ratios which apply to each column are as follows:

<i>Fund Balance Ratios</i>	<i>Column</i>
5.2% or more	A
4.8% but less than 5.2%	B
4.4% but less than 4.8%	C
4.0% but less than 4.4%	D
3.5% but less than 4.0%	E

If at any date of rate determination the amount of money in the unemployment compensation fund is less than three and one-half percent of total remuneration paid by all employers during the preceding calendar year and reported on or before the March 31st following such year, contributions for the following rate year for all employers shall be payable at the rate of three percent.

NEW SECTION. Sec. 16. There is added to chapter 35, Laws of 1945 and to Title 50 RCW a new section to read as follows:

When an employer or prospective employer has acquired all or substantially all of the operating assets of an employer, or has acquired an operating department, section, division, or any substantial portion of the business or assets of any employer, which is clearly segregable and identifiable, for experience rating purposes, the payroll record and benefit charges of the transferring employer shall be divided between the transferring and acquiring employers in proportion to the payroll for the four preceding completed calendar quarters attributable to the operating assets retained and conveyed. The successor employer shall be liable for contributions on the acquired business from the date the transfer of the business occurred. The separate account of a predecessor or that part thereof which is transferred shall become the separate account or part of separate account as the case may be of the successor employer.

NEW SECTION. Sec. 17. There is added to chapter 35, Laws of 1945 and to Title 50 RCW a new section to read as follows:

Effective January 1, 1970, predecessor and successor employer contribution rates shall be computed in the following manner:

(1) If the successor is an employer at the time of the transfer, his contribution rate shall remain unchanged for the remainder of the rate year in which the transfer occurs;

(2) The contribution rate on any payroll retained by a predecessor employer shall remain unchanged for the remainder of the rate year in which the transfer occurs;

(3) If the successor is not an employer at the time of the transfer and acquires the business of one employer or the businesses of two or more employers with the same rate, he shall pay contributions for the remainder of the rate year in which the transfer occurs, at the rate assigned to the predecessor employer or employers;

(4) If the successor is not an employer at the time of the transfer and simultaneously acquires the businesses of two or more employers with different rates or contributions, his rate from the date the transfer occurred, shall be a recomputed rate based on the combined experience of his predecessors as of the last day of the completed calendar quarter immediately preceding the quarter in which the transfer occurs;

(5) In all cases, from and after January 1st following the transfer, the successor's rate of contribution for each rate year shall be based on his experience with taxable payrolls and benefits combined with the experience of his predecessor or predecessors, as of the regular date of rate determination for that rate year.

(6) In all cases, from and after January 1 following the transfer, the predecessor's rate of contribution for each rate year shall be based on his experience with taxable payrolls and benefits, as of the regular date of rate determination for that rate year, excluding therefrom such experience as was credited to the successor under section 16 of this 1969 amendatory act.

NEW SECTION. Sec. 18. There is added to chapter 35, Laws of 1945 and to Title 50 RCW a new section to read as follows:

Within a reasonable time after the date of rate determination, each employer shall be notified of the total amount of benefits charged to his account during the twelve-month period immediately preceding the date of rate determination and, upon request, the amount of such charges with respect to each individual receiving unemployment benefits charged to his account.

Within a reasonable time after the date of rate determination, each employer shall be notified of his rate of contribution as determined for the succeeding rate year.

Any employer dissatisfied with the benefit charges made to his account or with his determined rate may file a request for review and redetermination with the commissioner within thirty days of the mailing of the notice to the employer, showing the reason for such request. Should such request for review and redetermination be denied, the employer may, within ten days of the mailing of such notice of denial, file with the appeal tribunal a petition for hearing which shall be heard in the same manner as a petition for denial of refund. The appellate procedure prescribed by this title for further appeal shall apply to all denials of review and redetermination under this section.

NEW SECTION. Sec. 19. There is added to chapter 35, Laws of 1945 and to Title 50 RCW a new section to read as follows:

The commissioner may redetermine any contribution rate if, within three years of the rate computation date, he finds that the rate as originally computed was erroneous.

In the event that the redetermined rate is lower than that originally computed the difference between the amount paid and the amount which should have been paid on the

employer's taxable payroll for the rate year involved shall be established as a credit against his tax liability; however, if the redetermined rate is higher than that originally computed the difference between the amount paid and the amount which should have been paid on the employer's taxable payroll shall be assessed against the employer as contributions owing for the rate year involved.

The redetermination of an employer's contribution rate shall not affect the contribution rates which have been established for any other employer nor shall such redetermination affect any other computation made pursuant to this title.

The employer shall have the same rights to request review and redetermination as he had from his original rate determination.

NEW SECTION. Sec. 20. There is added to chapter 35, Laws of 1945 and to Title 50 RCW a new section to read as follows:

Experience rating credits issued for the credit year beginning July 1, 1969, may be applied only against contributions which are payable on wages paid prior to January 1, 1970.

NEW SECTION. Sec. 21. There is added to chapter 35, Laws of 1945 and to Title 50 RCW a new section to read as follows:

An individual who has received the maximum amount allowable in his benefit year may, if otherwise eligible, draw "extended benefits" in those weeks in his benefit year which begin in an "extended benefit period" and, if his benefit year ends within such extended benefit period, in the next thirteen or fewer weeks which begin in such "extended benefit period": PROVIDED, That the individual shall not draw such "extended benefits" in any week during which he could establish entitlement to regular unemployment benefits under any state or federal law.

If a federal enactment provides for reimbursing the state for certain benefits paid for weeks of extended unemployment, the extended benefits shall be made in the regular manner, and the reimbursements shall be credited to the unemployment compensation fund.

(1) "Extended benefits" are additional benefits payable at the weekly rate applicable for the individual during the benefit year for which he has received the maximum sum allowable. Extended benefits for an individual cannot exceed whichever is the lesser of thirteen times his weekly benefit amount or one-half his previous entitlement, and the combined total of his regular unemployment compensation plus his extended benefits cannot exceed thirty-nine times his weekly amount.

(2) An "extended benefit period" means a period commencing with the third calendar week immediately following any thirteen-week period (known for purposes of this section as the thirteen-week computation period) during which the average rate of insured unemployment is equal to or greater than one hundred twenty percent of the average of the rates of insured unemployment for the corresponding thirteen-week periods in each of the two preceding calendar years and ending with the third week immediately following any thirteen-week period during which such rate was less than one hundred twenty percent of the average rate of insured unemployment for the corresponding thirteen-week periods in each of the two preceding years: PROVIDED, That an extended benefit period shall not commence unless the yearly average insured unemployment rate as computed at the end of the thirteen-week computation period is equal to at least five percent. No extended benefit period shall be less than thirteen weeks in length and no extended benefit period shall commence at any time an extended benefit period is already in effect.

(3) "Insured unemployment" for any week as used for this computation means the number of weeks of unemployment claimed in Washington for that week, excluding weeks of unemployment claimed in connection with unemployment compensation programs which are exclusively federal and excluding any weeks claimed by an individual following the week in which benefits based on his original entitlement were exhausted.

(4) "Insured employment" means the average monthly employment reported by employers for a twelve-month period.

(5) For purposes of this section the rate of "insured unemployment for any week" is the ratio obtained by dividing insured unemployment for that week by insured employment for the twelve-month period ending six months immediately prior to the calendar quarter in which the week began.

(6) Rates of insured unemployment shall be computed for each calendar week. After each week the insured unemployment rates for the thirteen consecutive weeks ending with that week shall be averaged and the average shall be compared with the average of the rates of insured unemployment for the corresponding thirteen-week periods of the two preceding years. After each week the insured unemployment rates for the fifty-two consecutive weeks ending with that week shall be averaged to yield a yearly average insured unemployment rate. The commissioner shall by regulation prescribe how corresponding weeks are to be determined. Computations involving division shall be carried to four decimal places.

NEW SECTION. Sec. 22. There is added to chapter 35, Laws of 1945 and to Title 50 RCW a new section to read as follows:

(1) Any payments which an individual has claimed, is receiving or has received under a government and/or a private retirement pension plan, to which a base year employer has contributed on behalf of such individual, shall be deemed remuneration under this title for the purpose of determining eligibility and the amount of weekly benefits to which such individual is entitled: PROVIDED, That in no event will Old Age and Survivors Insurance Benefits, under the provisions of Title II of the federal Social Security Act, as amended,

serve to reduce an individual's weekly benefit amount in more than thirty weeks with respect to each of which, the individual is in claim status.

(2) Payments claimed or received under a government and/or a private pension plan shall not be considered wages subject to contributions under this title nor shall such payments be considered in determining base year earnings of the individual.

(3) In the event a retroactive retirement or pension payment covers a period in which an individual received benefits under the provisions of this title, the excess paid over the amount to which he would have been entitled had such retirement or pension payment been considered, as provided in subsection (1) above, shall be recoverable under RCW 50.20.190: PROVIDED, HOWEVER, That any amounts which have been deducted from the weekly benefit amount by reason of the provisions of this section shall not be available for future benefits: PROVIDED FURTHER, That no payments received on account of temporary or permanent disability rather than on account of age or length of service shall be considered compensation paid for personal services.

Sec. 23. Section 3, chapter 286, Laws of 1955 and RCW 50.20.030 are each amended to read as follows:

A [pregnant] woman [shall be presumed to be unable to work and unavailable for work if she left her most recent work voluntarily] *who voluntarily quits work* because of pregnancy shall be disqualified from benefits for the week in which she quits and thereafter through the terminal week of her pregnancy: PROVIDED, HOWEVER, That in any event a pregnant woman shall be [ineligible to receive] *disqualified from receiving benefits for any calendar week during the period beginning with the [tenth] seventeenth calendar week [before] immediately preceding the expected date of confinement, as determined by a doctor, and extending through the [fourth] sixth calendar week immediately following the week in which childbirth occurs.*

Sec. 24. Section 73, chapter 35, Laws of 1945 as last amended by section 8, chapter 8, Laws of 1953 ex. sess. and RCW 50.20.050 are each amended to read as follows:

An individual shall be disqualified [for] from benefits *beginning with the first day of [for] the calendar week in which he has left work voluntarily without good cause connected with the work and [for the five calendar weeks which immediately follow such week] thereafter until he has obtained work and earned wages of not less than his suspended weekly benefit amount in each of five calendar weeks: PROVIDED, That disqualification under this section shall not extend beyond the twelfth calendar week following the week in which such individual left work: PROVIDED FURTHER, That leaving work shall not be considered voluntary without good cause attributable to the employer or employing unit when it is caused by the illness or disability of the claimant and the claimant took all reasonable precautions in accordance with such regulation as the commissioner may prescribe to protect his employment status by having promptly notified his employer as to the reason for his absence and by promptly requesting reemployment when he is again able to resume employment.*

Sec. 25. Section 74, chapter 35, Laws of 1945, as last amended by section 9, chapter 8, Laws of 1953 first extraordinary session, and RCW 50.20.060 are each amended to read as follows:

An individual shall be disqualified [for] from benefits [for] *beginning with the first day of the calendar week in which he has been discharged or suspended for misconduct connected with his work and [for the five calendar weeks which immediately follow such week] thereafter until he has obtained work and earned wages of not less than his suspended weekly benefit amount in each of five calendar weeks.*

Sec. 26. Section 129, chapter 35, Laws of 1945 and RCW 50.32.130 are each amended to read as follows:

No bond of any kind shall be required of any individual appealing to the superior court or to the supreme court from a commissioner's decision affecting such individual's application for initial determination or claim for waiting period credit or for benefits.

[No appeal from a commissioner's decision by any other interested party shall be deemed to be perfected nor shall the court have jurisdiction thereof unless within the thirty day appeal period provided by this title for service and filing of notice of appeal the appellant shall first have deposited with the commissioner the sum theretofore determined by the commissioner to be due from such appellant, if any, together with interest thereon, if any, and in addition thereto shall have filed with the commissioner an undertaking in such amount and with such sureties as the superior court shall approve to the effect that appellant will pay all costs which may be adjudged against him in the prosecution of such appeal. At the option of the appellant such undertaking may be in a sum sufficient to guarantee payment of the amount previously determined by the commissioner to be due from the appellant, if any, together with interest, if any, in addition to an amount approved by the court as sufficient to pay all costs which may be adjudged against appellant in prosecution of such appeal, in which event the appellant shall not be required to deposit any sum with the commissioner as a condition precedent to the taking of an appeal to the superior court. In the event of an appeal to the supreme court, a deposit or undertaking shall be required of the appellant guaranteeing payment of all sums for which appellant may be adjudged liable, including costs. Such deposit or undertaking shall be approved by the superior court and filed with the clerk of the supreme court within the time allowed in civil cases for appeal to the supreme court. The jurisdictional requirements of this section are in addition to the provisions of this title relating to the service and filing of a notice of appeal.]

Whenever an employer shall appeal from a commissioner's decision involving taxes, such employer shall not be required to make a cash deposit with the commissioner to insure payment of the amount of taxes due, plus interest and reasonable court costs, unless the commissioner determines that such employer's financial condition is unstable, and if so determined such employer shall be required to make such a cash deposit with the commissioner pending final judicial determination of the appeal.

If such employer deems the commissioner's determination to be incorrect the reviewing court may, upon application and proof by the employer, allow such appeal to proceed without the necessity of the cash deposit being made.

NEW SECTION. Sec. 27. Sections 10, 11, 12, 15 and 16, chapter 286, Laws of 1955 and RCW 50.28.010 through 50.28.030, 50.28.050 and 50.28.060, and section 3, chapter 235, Laws of 1949 as last amended by section 13, chapter 286, Laws of 1955 and RCW 50.28.040 are each hereby repealed.

MESSAGES FROM THE HOUSE

May 11, 1969.

Mr. President: The Speaker has signed:
 HOUSE BILL NO. 426,
 SUBSTITUTE HOUSE BILL NO. 582,
 HOUSE BILL NO. 641,
 HOUSE BILL NO. 661,
 HOUSE JOINT MEMORIAL NO. 21
 and the same are herewith transmitted. MALCOLM McBEATH, Chief Clerk.

SIGNED BY THE PRESIDENT

The President has signed:
 HOUSE BILL NO. 426,
 SUBSTITUTE HOUSE BILL NO. 582,
 HOUSE BILL NO. 641,
 HOUSE BILL NO. 661,
 HOUSE JOINT MEMORIAL NO. 21.

MOTIONS

Senator Greive moved that the Senate immediately consider Senate Bill No. 486.
 Senator Atwood moved that the Senate immediately consider the message from the House relating to Substitute Senate Bill No. 151.
 Debate ensued.

POINT OF ORDER

Senator Atwood: "Point of order. I believe that Senator Greive's motion was out of order. We were not on the seventh order of business. That is the calendar of the day and we would have to suspend the rules to get there, I believe."
 Debate ensued.

REPLY BY THE PRESIDENT

The President: "The President believes that the best manner or method to resolve this particular situation is to put Senator Atwood's motion and let the Senate decide what it wishes to do."

MOTION

Senator Greive moved that Senator Atwood's motion be laid upon the table.

PARLIAMENTARY INQUIRY

Senator Andersen: "Parliamentary inquiry. What is the subject of the bill that Senator Greive's motion will not now let us consider if we vote for it? I have the number but I don't believe I understood the bill."

REPLY BY THE PRESIDENT

The President: "Senator Atwood's motion was that the Senate immediately consider the message from the House relating to Substitute Senate Bill No. 151."
 Senator Andersen: "Is that the omnibus budget bill as Senator Atwood pointed out?"
 The President: "The brief title is 'adopting the budget'."

POINT OF INQUIRY

Senator Andersen: "Would Senator Greive yield to a question?"
 Senator Greive declined to yield.

MOTION

Senator Ryder moved that the rules be suspended and Senator Atwood be allowed to explain the reasons for his motion.

POINT OF ORDER

Senator Greive: "Mr. President, we have a motion which is not debatable."

RULING BY THE PRESIDENT

The President: "Senator Greive's point is well taken."

Senator Woodall: "As Senator Greive so eloquently pointed out, a motion to suspend the rules is much higher ranking and it is not debatable unless the rules be suspended. The motion by Senator Ryder to suspend the rules and then to allow him to debate would be in order."

REPLY BY THE PRESIDENT

The President: "The President is attempting to expedite the business of the Senate and will place Senator Greive's motion."

Senator Atwood demanded a roll call and the demand was sustained by Senators Peterson (Ted), Woodall, McCutcheon, Cooney, Andersen, Lewis (Harry), Stender, Stortini and Connor.

ROLL CALL

The Secretary called the roll and the motion by Senator Greive to lay upon the table the motion by Senator Atwood to consider Substitute Senate Bill No. 151 carried by the following vote: Yeas, 29; nays, 19; excused, 1.

Voting yea: Senators Bailey, Connor, Cooney, Day, Donohue, Dore, Durkan, Foley, Gissberg, Greive, Henry, Herr, Keefe, Knoblauch, Lewis (Harry), McCormack, McCutcheon, Mardesich, Odegaard, Peterson (Lowell), Ridder, Sandison, Stender, Stortini, Talley, Uhlman, Walgren, Washington, Wilson—29.

Voting nay: Senators Andersen, Atwood, Canfield, Elicker, Faulk, Guess, Holman, Huntley, Lewis (Brian), McDougall, Marquardt, Matson, Metcalf, Newschwander, Peterson (Ted), Ryder, Twigg, Williams, Woodall—19.

Excused: Senator Pritchard—1.

MOTION FOR RECONSIDERATION

Having voted on the prevailing side, Senator Lewis (Harry) moved that the Senate immediately reconsider the motion by Senator Atwood.

Senator Greive: "I think that if Senator Lewis (Harry) will be good enough to read the rules, he will realize that Rule 31 which permits reconsideration does not apply to motions, only to resolutions or bills and so there is no such motion."

Senator Lewis (Harry): "I would like to speak on this motion just briefly having made the motion. To me it is readily apparent to all of us here in the Senate that we are talking about the budget bill"

POINT OF ORDER

Senator Greive: "Point of order. I wonder by what authority does Senator Lewis (Harry) speak on a motion or a rule that doesn't exist?"

RULING BY THE PRESIDENT

The President: "Senator Lewis (Harry) would have to speak on a point of personal privilege, Senator Greive, and it must be personal to you, Senator Lewis (Harry)."

Senator Lewis (Harry): "Thank you, Mr. President. I will speak personally then"

Senator Andersen: "Yes, I thought it was the President's prerogative to rule on the points of order rather than Senator Greive. The Chair has not been called to a point of order against this particular ruling. Senator Greive just stood up and announced the ruling to Senator Lewis and I presume that that must be the ruling if Senator Lewis is to comply with it but I personally believe that the prerogative of ruling in these cases is the President's rather than Senator Greive's."

REPLY BY THE PRESIDENT

The President: "The President was unaware that Senator Greive had made a ruling in the case."

PERSONAL PRIVILEGE

Senator Lewis (Harry): "Speaking on a point of personal privilege, if I may continue. I think it is readily apparent to all of us the importance of this bill. It is a personal thing to me. My constituents here have served notice to me that they are eager to have me out of the capitol building. Thank you for your overt enthusiasm, gentlemen. I think you are supporting my constituents adequately. I would also suggest that your constituents may perhaps feel the same way.

"Gentlemen, tomorrow will be one hundred and twenty days that we have lived and worked and tried to get along and tried to accomplish something. I have been very proud to be a member of this Senate but I assure you I would be just as proud to leave it after the passage of this budget bill and go back to work and try to get back and talk to the people in my district and see how they feel about tax reform and the other issues which we have worked so hard to accomplish."

RULING BY THE PRESIDENT

The President: "Senator Lewis, the President believes that you are violating Rule 25 inasmuch as Rule 25 states 'he shall not discuss any pending question in such explanation'. The President is sorry but he does not think that your remarks are confined to the question of personal privilege."

POINT OF ORDER

Senator Andersen: "Point of order. I tried to make this point once before. Nobody called a point of order against Senator Lewis. Senator Greive just stood up and told him what the law was. Senator Lewis has every right to speak on behalf of the motion he has made. Then he is forced into a situation where he is speaking on a point of personal privilege and that isn't what he is speaking on at all. He is speaking on the bill and the President calls him on his own accord."

REPLY BY THE PRESIDENT

The President: "The gentleman, himself, said that he wished to speak on a point of personal privilege. If you wish to raise the point of order as to whether or not the motion to reconsider by Senator Lewis is in order, the President would be happy to rule upon it."

Senator Andersen: "The point was raised against him. My point is that . . ."

The President: "If you wish to raise the point, please do so and the President will rule upon it."

Senator Andersen: "I am not going to raise the point against him."

The President: "It would be for him, Senator Andersen."

POINT OF ORDER

Senator Andersen: "Very well, I raise the point of order that Senator Lewis (Harry) has the right to speak on behalf of his motion; that Senator Greive's ruling was incorrect."

Senator Greive: "I thought I had sufficiently apologized. Mr. President, I would suggest that you look at Rule 31."

RULING BY THE PRESIDENT

The President: "The President does not believe that Rule 31 applies, Senator Greive. In ruling upon the point of order presented by Senator Andersen, the President rules that the motion by Senator Lewis (Harry) is in order and that Rule 204 of Rules that a motion to reconsider is applicable to almost all motions. The exceptions are the motion to adjourn, to lay upon the table and decide it in the affirmative, suspension of rules and the motion to reconsider, itself. The motion by Senator Lewis (Harry) is that the Senate reconsider the vote by which the motion by Senator Atwood was tabled."

Senator Greive: "Mr. President, may I respectfully ask that you read the first line in Rule 31 that says 'after the final vote on any resolution' this is 'Reconsideration, How Taken' and I am asking that I may place a matter before the . . ."

Senator Lewis (Harry): "If you want to make a proper motion, make it."

Senator Greive: "If I may be permitted merely to bring something to the President's attention. 'Reconsideration, How Taken, Rule 31. After the final vote on any resolution or bill and before the adjournment of that day's session.' I submit that what Senator Lewis (Harry) is speaking on was reconsideration of a motion, not a resolution or a bill and under Rule 36 it says that our rules govern, not Reed's, unless our rules do not cover."

RULING BY THE PRESIDENT

The President: "The President has often remarked that he would rather be right than President and reconsidering Reed's 204, the exception to reconsideration is the motion to lay on the table when decided in the affirmative. Therefore, the President must rule your motion to reconsider is out of order. The President stands corrected."

MOTIONS

On motion of Senator Greive, the Senate advanced to the seventh order of business.

On motion of Senator Woodall, Senator Huntley was excused.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

Section 1. Section 3, chapter 35, Laws of 1945 and RCW 50.04.020 are each amended to read as follows:

"Base year" [means the last calendar year preceding the first day of the benefit year] with respect to each individual, shall mean the first four of the last five completed calendar quarters immediately preceding the first day of the individual's benefit year.

Sec. 2. Section 4, chapter 35, Laws of 1945 as amended by section 1, chapter 214, Laws of 1949 and RCW 50.04.030 are each amended to read as follows:

"Benefit year" [means the period beginning with the first full calendar week in July and ending the following calendar year with the last calendar week beginning in June] with respect to each individual, means the fifty-two consecutive week period beginning with the first day of the calendar week with respect to which the individual files an application for an initial determination and thereafter the fifty-two consecutive week period beginning with the first day of the calendar week with respect to which the individual next files an application for an initial determination after the termination of his last preceding benefit year: PROVIDED, HOWEVER, That a benefit year is not established unless the determination shows the applicant to have met the wage and employment conditions fixed by law as the minimum for the receipt of benefits: PROVIDED, FURTHER, That an individual's benefit year shall be extended to be fifty-three weeks when at the expiration of fifty-two weeks the establishment of a new benefit year would result in the use of a quarter of wages in the new base year that had been included in the individual's prior base year.

Sec. 3. Section 33, chapter 35, Laws of 1945 as last amended by section 2, chapter 8, Laws of 1953 ex. sess. and RCW 50.04.320 are each amended to read as follows:

For the purpose of payment of contributions, "wages" means the [first three thousand dollars of remuneration paid by one employer during any calendar year to an individual in its employment under this title or the unemployment compensation law of any other state in the amount specified in section 8 of this 1969 amendatory act. [After December 31, 1950,] If an employer (hereinafter referred to as a successor employer) during any calendar year acquires substantially all the operating assets of another employer (hereinafter referred to as a predecessor employer) or assets used in a separate unit of a trade or business of a

predecessor employer, and immediately after the acquisition employs in his trade or business an individual who immediately prior to the acquisition was employed in the trade or business of such predecessor employer, then, for the purposes of determining [whether the successor employer has paid remuneration equal to three thousand dollars] *the amount of remuneration paid by the successor employer* to such individual during such calendar year which is subject to contributions, any remuneration paid to such individual by such predecessor during such calendar year and prior to such acquisition shall be considered as having been paid by such successor employer.

For the purpose of payment of benefits, "wages" means the remuneration payable by one or more employers to an individual for employment under this title during [one calendar] *his base year*.

"Remuneration" means all compensation paid for personal services, including commissions and bonuses and the cash value of all compensation paid in any medium other than cash. The reasonable cash value of compensation paid in any medium other than cash and the reasonable value of gratuities shall be estimated and determined in accordance with rules prescribed by the commissioner.

Sec. 4. Section 68, chapter 35, Laws of 1945 as last amended by section 3, chapter 266, Laws of 1959 and RCW 50.20.010 are each amended to read as follows:

An unemployed individual shall be eligible to receive waiting period credits or benefits with respect to any week only if the commissioner find that

(1) he has registered for work at, and thereafter has continued to report at, an employment office in accordance with such regulation as the commissioner may prescribe, except that the commissioner may by regulation waive or alter either or both of the requirements of this subdivision as to individuals attached to regular jobs and as to such other types of cases or situations with respect to which he finds that the compliance with such requirements would be oppressive, or would be inconsistent with the purposes of this title;

(2) he has filed an application for an initial determination and made a claim for waiting period credit or for benefits in accordance with the provisions of this title;

(3) he is able to work, and is available for work in any trade, occupation, profession, or business for which he is reasonably fitted. To be available for work an individual must be ready, able, and willing, immediately to accept any suitable work which may be offered to him and must be actively seeking work pursuant to customary trade practices and through other methods when so directed by the commissioner or his agents;

(4) he has been unemployed for a waiting period of one week; [and]

(5) he has within [the] *his base year* [been paid] *earned wages* of not less than [the minimum amount now or hereafter fixed by law as the minimum amount to be earned in order to allow the individual to receive unemployment benefits] *eight hundred dollars*. *If the base year wages of the individual's current benefit year, for any benefit year beginning after July 5, 1969, include wages earned prior to the establishment of a prior benefit year, the individual shall not be eligible for benefits unless he earned wages in the last six months of his base year equal to at least six times his current weekly benefit amount or six times the weekly benefit amount to which he would otherwise be entitled; and*

(6) he has for any benefit year beginning after July 5, 1969, had base year employment (or been on compensable leave) in not less than eighteen calendar weeks in each of which he earned wages of at least twenty dollars or has had six hundred hours of employment during his base year: *PROVIDED, That for benefit years beginning prior to July 1, 1970, any unemployed individual who earned wages of twelve hundred dollars or more in his base year shall be deemed to have met the eligibility requirements of this subsection. If the wages of an individual are not based upon a fixed duration of time or if the individual's wages are paid at irregular intervals or in such manner as not to extend regularly over the period of employment, the wages for any week shall be determined in such manner as the commissioner may by regulation prescribe. Such regulation shall, so far as possible, secure results reasonably similar to those which would prevail if the individual were paid his wages at regular intervals.*

Sec. 5. Section 80, chapter 35, Laws of 1945 as last amended by section 2, chapter 321, Laws of 1959 and RCW 50.20.120 are each amended to read as follows:

(1) Subject to the other provisions of this title benefits shall be payable to any eligible individual during [the] *his benefit year* in a maximum amount equal to the lesser of thirty times the weekly benefit amount (determined hereinafter) or one-third of the individual's base year wages under this title.

(2) An individual's weekly benefit amount shall be [in a minimum] *an amount* [of seventeen dollars for the first one hundred twenty-five dollars or portion thereof in excess of seven hundred ninety nine dollars and ninety nine cents of base year wages, increasing one dollar for each one hundred twenty-five dollars or portion thereof of said individual's base year wages earned thereafter, with a maximum amount payable weekly of not more than forty-two dollars] *equal to one twenty-fifth of his total wages during that quarter of his base year in which such total wages were highest, except that if such computed amount is less than seventeen dollars, the weekly benefit amount shall be deemed to be seventeen dollars. The maximum amount payable weekly shall be determined as of each June 30th to apply to benefit years beginning in the twelve-month period immediately following such June 30th. The maximum amount payable weekly shall be fifty percent of the "average weekly wage" for the calendar year preceding such June 30th: PROVIDED, That if any [maximum] weekly benefit or maximum benefit amount computed herein is not a multiple*

of one dollar, it shall be adjusted to the nearest multiple of one dollar, except that if the computed amount ends in fifty cents, it shall be [carried] *adjusted* to the next higher multiple of one dollar.

NEW SECTION. Sec. 6. There is added to chapter 35, Laws of 1945 and to Title 50 RCW a new section to read as follows:

On or before the fifteenth day of June of each year an "average annual wage" and an "average weekly wage" shall be computed for the preceding calendar year from information for the preceding calendar year reported by all employers as defined in RCW 50.04.080 on employers' contribution reports (including corrections thereof) filed within three months after the close of that year. The "average annual wage" is the quotient derived by dividing total remuneration reported by all employers by the average number of workers reported for all months. The average annual wage thus obtained shall be divided by fifty-two to determine the "average weekly wage".

Sec. 7. Section 83, chapter 35, Laws of 1945, as amended by section 5, chapter 215, Laws of 1951 and RCW 50.20.150 are each amended to read as follows:

The applicant for initial determination, his most recent employing unit as stated by the applicant, and any other interested party which the commissioner by regulation prescribes, shall, if not previously notified within the same continuous period of unemployment, be given notice promptly in writing that an application for initial determination has been filed and such notice shall contain the reasons given by the applicant for his last separation from work. If, during the benefit year, the applicant becomes unemployed after having accepted subsequent work, and [files a claim for waiting period credit or] *reports for the purpose of reestablishing his eligibility for benefits*, a similar notice shall be given promptly to his then most recent employing unit as stated by him, or to any other interested party which the commissioner by regulation prescribes.

Each base year employer shall be promptly notified of the filing of any application for initial determination which may result in a charge to his account.

Within a reasonable time after the computation date, each employer shall be notified of the total amount of benefits charged to his account during the twelve-month period immediately preceding the computation date and, upon request, the amount of such charges with respect to each individual receiving unemployment benefits charged to his account.

Within a reasonable time after the computation date each employer shall be notified of his rate of contribution as determined for the succeeding rate year.

Any employer dissatisfied with the benefit charges made to his account or with his determined rate may file a request for review and redetermination with the commissioner within thirty days of the mailing of the notice to the employer, showing the reason for such request. Should such request for review and redetermination be denied, the employer may, within ten days of the mailing of such notice of denial, file with the appeal tribunal a petition for hearing which shall be heard in the same manner as a petition for denial of refund. The appellate procedure prescribed by this title for further appeal shall apply to all denials of review and redetermination under this section.

Sec. 8. Section 89, chapter 35, Laws of 1945 as amended by section 18, chapter 214, Laws of 1949 and RCW 50.24.010 are each amended to read as follows:

Contributions shall accrue and become payable by each employer for each calendar year in which he is subject to this title at the rate of two and seven-tenths percent of wages paid each employee, except for such rates as determined for qualified employers according to sections 9 through 15 of this 1969 amendatory act: **PROVIDED**, That if, as of any June 30th, the amount in the unemployment compensation fund is less than three and one-half percent of total remuneration paid by all employers during the preceding calendar year and reported on or before the March 31st following such year, contributions for the following calendar year for all employers shall be payable at the rate of three percent of wages paid.

The amount of wages subject to tax for each individual shall be determined as follows:

The first three thousand dollars of remuneration paid to an individual by an employer in a calendar year shall be taxable each year until a new amount is determined taxable according to the following schedule:

Whenever the amount of money in the unemployment compensation fund, as of any June 30th, expressed as a percent of total remuneration paid by all employers during the preceding calendar year and reported on or before the following March 31st drops below the figure reported in column A below, the amount of an individual's remuneration subject to tax the following calendar year shall be the amount shown in column B, except that the amount subject to tax in any one year shall not be more than six hundred dollars above the amount that was subject the year before.

After the amount taxable has been increased it will remain at the increased amount until such time as the above schedule calls for a further increase.

Contributions shall become due and be paid by each employer to the treasurer for the unemployment compensation fund in accordance with such regulations as the commissioner may prescribe, and shall not be deducted, in whole or in part, from the remuneration of

individuals in employment of the employer. Any deduction in violation of the provisions of this section shall be unlawful.
