& the Legislative Service Center

The brief descriptions and digest paragraphs contained herein were prepared by the employees of the legislature as a guide to interested persons concerned with the various measures pending before the legislature. Such brief descriptions and digest paragraphs are not propounded in substitution of or supplementary to the official titles and official text of the legislative measures alluded to herein. The brief descriptions and digest paragraphs are not intended to constitute any part of the law, are not in any manner adopted or acted upon by the legislature, and are in no way evidence of the intent of the legislature.

If the only action on a bill for a session is "By resolution, reintroduced and retained in present status." and no action other than "By resolution, reintroduced and retained in present status." occurs in subsequent sessions in the two-year legislative cycle for that bill, the history for those sessions will not be printed in this publication.

Companion bills are shown for original bills only.

The brief description for each bill family shows only once on the original bill unless there is a change in the brief description for a later version of the bill.

HOW TO USE THE "LEGISLATIVE DIGEST AND HISTORY OF BILLS"

The *Legislative Digest and History of Bills* is a joint legislative publication which is published after the final legislative session each year.

During the legislative session, a daily *Legislative Digest* is available. Use the daily *Legislative Digest* to keep up with the new introductions (including substitute bills) and the amendments to the various measures in between publications of the *Legislative Digest and History of Bills*. (A "-S" or "-S2" following the bill number indicates a substitute, e.g., SB 5009-S, HB 1071-S2.) The latest legislative history on the measures is also provided in the *Legislative Digest* publication.

This publication consists of three parts:

- (1) Digest paragraphs and legislative actions on all measures (bills);
- (2) RCW - Bill Table;
- (3) Topical Index; and
- (4) Session Law Chapter to Bill Table

DIGEST PARAGRAPHS AND LEGISLATIVE ACTIONS

This portion consists of the following:

- (1) The summary digest paragraphs and legislative actions on all bills, joint memorials, joint resolutions, concurrent resolutions, and floor resolutions considered by the House or Senate during the legislative session;
- (2) Summary paragraph and legislative actions on gubernatorial appointments submitted to and being considered by the Senate;
- (3) The listing of the bills a member has sponsored along with an indication of prime sponsorship; and
- (4) The special status of legislation reports for the Senate and the House.

The bulk of the *Legislative Digest and History of Bills* is formed by an in-sequence listing of measures. In this listing are included the measure number, the legislative and "by-request" sponsors, the latest digest paragraphs, and the bill histories. This portion of the publication is divided into two sections: Senate measures and House measures. Initiatives, bills, joint memorials, joint resolutions, concurrent resolutions, floor resolutions, and gubernatorial appointments are included as measures.

Reports on the special status of legislation follow the Senate and House digest history portion of the book. The reports are listed as they become available as legislation progresses down the path toward enactment. A full listing of the reports available in a particular *Legislative Digest and History of Bills* is found on the Index Page of the *Legislative Digest and History of Bills* beginning on page one. Several examples of these reports are:

- (1) Senate Bills Introduced by Members
(Prime sponsorship is noted by a bullet (large dot) before the bill number;)
- (2) Senate Bills Introduced by Request;
- (3) Senate Bills Passed by the Senate;
- (4) Senate Bills Passed by the Senate and House;
- (5) Senate Bills Failed to Pass the House;
- (6) Senate Bills Passed Both Houses Showing Executive Action; and
- (7) Governor's Messages on Bills Vetoed or Partially Vetoed
VO - Veto overridden
PV - Partial Veto
V - Veto

Comparable reports are supplied for the House Bills. (See Table of Contents for page numbers.)

RCW - BILL TABLE

The *Legislative Digest and History of Bills* contains a table which lists the statutes being affected by the current bills. This table is widely used by legislative drafters as well as all other attorneys concerned with the legislative process. The "S" found preceding the bill numbers in this table means that the bill being referred to is the substitute version. All first substitutes are noted by an "S" preceding the bill number; second, third, etc., are noted by 2S, 3S, etc.; e.g.,

38.03.030	AMD	SHB	1301*
38.03.040	AMD	SHB	1375+
39.07.060	REP	2SSB	5111

The "RCW (Statute Number) to Bill Number Table" lists in code section number order the sections in the Revised Code of Washington (RCW) that are the subject matter of current legislation. The action the bill takes on the section is listed with the following abbreviations: ADD (adding a new section or section to a code chapter or code title), AMD (amending), DECD (decodifying), RECD (recodifying), REMD (reenacting and amending), REEN (reenacting), and REP (repealing). It is especially useful in the closing days of the session to determine whether a code section currently under consideration by the legislature may already have been repealed or amended during the session, in which event the earlier action must be taken in cognizance. In addition to being included in the *Legislative Digest and History of Bills*, an electronic version of this table is available at Washington State Legislative website. The URL to the website is <http://www.leg.wa.gov>, choose Bill Info and then RCW to Bill Table.

The symbols on the table indicate whether the amended section or the new section has passed the legislature or has been signed into law or vetoed by the Governor. A "p" following the bill number means that the legislature has passed the bill. An asterisk ("*") means that executive action or inaction has been recorded upon the bill during the first year of the two-year legislative cycle. A plus sign ("+") means that executive action or inaction has been recorded upon the bill during the second year of the two-year legislative cycle. Generally, the "*" and "+" mean that the Governor has signed the bill into law with or without a partial veto.

TOPICAL INDEX

The Topical Index is at the end of the *Legislative Digest and History of Bills*. The Topical Index entries are entered soon after the bills are introduced on the floor, so that researchers can search the text of the index for measures related to their issue. Various symbols are found in the index which aid in determining the type of measures to which the index entry refers. The table of abbreviated symbols for the Topical Index is found on the page beginning the Topical Index section.

House Bills

HB 1000 by Representatives Hurst, Stanford, Blake, Finn, Ladenburg, Goodman, Appleton, Pearson, and Moeller

Concerning overseas and service voters.

(DIGEST AS ENACTED)

Modifies provisions relating to overseas and service voters.

VETO MESSAGE ON HB 1000

May 16, 2011

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 2, House Bill 1000 entitled:

"AN ACT Relating to overseas and service voters."

I am vetoing Section 2 of House Bill 1000 because another bill I am signing today amends the same statute regarding the date ballots are mailed to military and overseas voters. Section 16 of Second Engrossed Substitute Senate Bill 5171 contains the same amendment to this statute. Each of these amendments to the statute takes effect on a different date. House Bill 1000 takes effect ninety days after the end of session, whereas Section 16 of Second Engrossed Substitute Senate Bill 5171 takes effect January 1, 2012. The Secretary of State has stated that the statutory amendment should take effect in 2012 to correspond with other election date changes in Second Engrossed Substitute Senate Bill 5171.

For this reason I have vetoed Section 2 of House Bill 1000.

With the exception of Section 2, House Bill 1000 is approved.

Respectfully submitted,
Christine Gregoire
Governor

VETO MESSAGE ON SHB 1053

May 12, 2011

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Section 11, Substitute House Bill 1053 entitled:

"AN ACT Relating to the implementation of recommendations from the Washington state bar association elder law section's executive committee report of the guardianship task force."

Section 11 implements a fee schedule for filing of reports under RCW 11.92.040(2). The Judicial Branch has indicated support for the underlying bill, but opposition to the fee. Therefore, I am vetoing Section 11 and expect that the Judicial Branch agencies will implement the requirements of the bill within appropriated resources.

For this reason, I have vetoed Section 11 of Substitute House Bill 1053.

With the exception of Section 11, Substitute House Bill 1053 is approved.

Respectfully submitted,
Christine Gregoire
Governor

VETO MESSAGE ON SHB 1084

May 16, 2011

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 7, Substitute House Bill 1084 entitled:

"AN ACT Relating to creating the board on geographic names."

Substitute House Bill 1084 recognizes the need for a board on geographic names. Section 7 would declare this act null and void if funding were not provided specifically for the purposes of this act in the omnibus appropriations act. Funding for this activity is less than \$50,000 per biennium and may not appear as a line item in the omnibus appropriations act.

For this reason I have vetoed Section 7 of Substitute House Bill 1084.

With the exception of Section 7, Substitute House Bill 1084 is approved.

Respectfully submitted,
Christine Gregoire
Governor

VETO MESSAGE ON ESHB 1086

February 18, 2011

The Honorable Speaker and Members
The House of Representatives of the State of Washington

Ladies and Gentlemen:

First, I extend my appreciation for the collaborative and bipartisan effort that has culminated in this early action supplemental operating budget. I fully recognize the difficult choices that you made in a short period of time.

I asked the Legislature to consider an early target date for passage of state General Fund reductions due to concerns about the feasibility of implementing major service alterations this late in the biennium. With the passage of Engrossed Substitute House Bill 1086, we still face challenges about the timing of program cuts, especially for reductions predicated on a March 1 implementation date. I will continue to monitor the situation as agencies move forward with budget implementation, and keep you informed of issues that require additional consideration.

As you wait for final caseload, enrollment and revenue forecasts for this biennium, I encourage your attention to those budget adjustments and the small number of additions I included in my December budget proposal. As one example, the entire \$30 million cut in information technology (IT) in the enacted 2009-11 budget cannot be achieved. Given the multiple administrative cuts already specified in the budget, this IT cut will likely lead to unintended service reductions at such agencies as the Department of Social and Health Services and Department of Corrections.

As I sign this appropriations bill, the 2011 legislative session is a little more than one-third complete. Many issues of critical importance to our state must still be addressed. I commit to working with you to craft a timely and responsible budget for the 2011-13 biennium.

This is the time to set strategies in place that can be implemented and accomplish projected savings for now and the future. Because some budget revisions do not meet that criteria, I am returning, without my approval as to Sections 123(5), 707, 708, 709, and 710, Engrossed Substitute House Bill 1086 entitled:

"AN ACT Relating to fiscal matters."

Section 123(5), page 32, Department of Information Services, Prohibition on Expenditures to Equip the State Data Center
Budget language prohibits the Department of Information Services from spending any funds for the purchase or installation of equipment for the new State Data Center. This prohibition will not save any money, and will significantly delay Data Center operation and budget savings made possible by the consolidation of existing data centers. While I agree with the intent to create more time for legislative involvement, this collaboration can take place without a restriction on the equipment necessary to make the Data Center operational within its original budget.

For these reasons, I have vetoed Section 123(5).

Section 707, page 211, 3 Percent Pay Reduction

This budget would cut the pay of many non-represented state employees by 3 percent beginning April 1, for a savings of \$3.4 million in the state General Fund. While my 2011-13 budget proposal includes an employee pay cut, the early implementation date in this bill is not achievable and would have unintended consequences.

First, there is insufficient time for the necessary changes to be made to the state's payroll system to meet the April 1 implementation date. In addition, while I believe that sacrifices by state employees, in addition to many others, are essential during these tough times, I also believe that compensation reductions should be made fairly and compassionately. The Legislature's cut does not provide

exceptions for workers who are paid the least and would have the most difficulty in absorbing this reduction to their paychecks. Hundreds of employees making less than \$30,000 a year would be affected by this pay cut while the pay of some higher-salaried employees would be unchanged.

Lastly, a salary reduction should also recognize actions already taken. Thousands of state employees are already bringing home smaller paychecks as a result of temporary layoffs required by Engrossed Substitute Senate Bill 6503 enacted last year. Many of these employees will be temporarily laid off for one day each in April and June of this year. Many also will have a layoff day in May. This budget does not distinguish between employees who are subject to temporary layoffs during this time period and those who are not.

For these reasons, I have vetoed Section 707.

Section 708, page 211-212, Communications Staff Savings

The budget requires agencies to achieve \$1.0 million of savings through reductions in communications functions in the executive branch. The communications staff of the legislative and judicial branches would not be affected. Communications staff provide information to the public, media, and legislators, which advances the goal of transparency in government. Given the importance of the work performed by these employees, ranging from providing information on real-time traffic to public health concerns to unemployment insurance and licensed child care facilities and the budget, it is difficult to see how the public would be served through the sudden and dramatic elimination of these staff.

Marketing functions generate revenue in the State Lottery, state liquor stores, and correctional industries, and stimulate economic development through promotion of tourism and agricultural products. We will continue our efforts to create efficiencies such as abolishing non-essential reports, but the savings target is not achievable in the last three months of the biennium.

For these reasons, I have vetoed Section 708.

Section 709, page 212, Management Efficiencies in the Department of Social and Health Services

This section requires the Department of Social and Health Services to achieve state General Fund savings of \$1.7 million by reducing management staffing and administration in addition to achieving other efficiencies. In reality, the reduction is closer to twice that amount because many of these positions are partially supported by federal or other fund sources. The department has already instituted significant administrative and other reductions, including the elimination of 147 centralized administrative staff, which represents a 27 percent reduction. Additional administrative reductions have been made in every DSHS program. With the previously mentioned information technology cuts, these proposed reductions would jeopardize the department's ability to implement the program changes required in the budget.

Therefore, I have vetoed Section 709.

Section 710, page 212, Dual Language Pay Reductions

This section restricts dual language pay, which is provided to some employees who are fluent in more than one language and use their language skills in the performance of their duties. The reduction exceeds anticipated expenditures for this purpose in the remainder of the biennium. Further, dual language assignment pay is included in the collective bargaining agreements that cover all but a fraction of these employees, which means that this reduction cannot be implemented.

For these reasons, I have vetoed Section 710.

With the exception of Sections 123(5), 707, 708, 709, and 710, Engrossed Substitute House Bill 1086 is approved.

Sincerely,
Christine O. Gregoire

Governor

VETO MESSAGE ON 2ESHB 1087

June 15, 2011

The Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Sections 123(4); 125, page 14, line 28; 127(11); 129(4); 129(5); 129(6); 129(8); 129(9); 129(10); 134(4); 139(3); 139(4); 144(1); 144(2); 201(5); 202(8); 202(11); 205(1)(j); 205(2)(c); 205(2)(d); 206(16); 206(17); 207(9); 209(1); 213, page 68, line 12; 213(16); 213(17); 213(34); 213(38); 213(47); 213(48); 217(3); 218(2)(a); 219(11); 219(14); 219(17); 220(1)(b); 220(2)(a); 220(3)(a); 221, page 96, lines 8-14; 301, page 98, lines 8-11; 302(9); 302(10); 303(4); 307(12); 308(10); 310, page 110, lines 25-28; 312; 401(3); 401(4); 501(1)(a)(iv); 501(1)(i); 601(6)(c); 605(3); 610(3); 610(9); 613(2)(b); 613(4); 617(7); 617(11); 716; 721(2); 724; 805, page 192, lines 35-37, and page 193, line 1-18; 925; 934; 935; 978, Second Engrossed Substitute House Bill 1087 entitled:

"AN ACT Relating to fiscal matters."

I have vetoed the following appropriation items because of concerns with policy or technical issues relating to the legislative provisions:

Section 123(4), page 14, State Auditor's Office, Fraud Ombudsman

The State Auditor is provided funding for the work of the fraud ombudsman, whose office was to be created through passage of Engrossed Substitute Senate Bill 5921 (relating to social services). Because I have vetoed the creation of the fraud ombudsman's office within the State Auditor's Office, I have also vetoed Section 123(4).

Section 125, page 14, line 28, Attorney General's Office, Medicaid Fraud Penalty Account

Section 213, page 68, line 12, Health Care Authority, Medicaid Fraud Penalty Account

These appropriations, which were to be used to fund the Attorney General's Fraud Investigation Unit, are from a non-existent account. The budget assumed passage of Engrossed Substitute Senate Bill 5960 (relating to Medicaid fraud), which did not pass. As a result, the Attorney General's Office and Health Care Authority will need to use other sources of funding until an appropriate fund source can be identified in the 2012 supplemental budget. Because this account does not exist, I have vetoed Section 125, page 14, line 28, and Section 213, page 68, line 12.

Section 127(11), page 19, Department of Commerce, Public Works Assistance Account Savings

The administrative savings attributed to the Public Works Assistance Account is from the implementation of Substitute Senate Bill 5844 (local government infrastructure), which did not pass. The Department should be afforded flexibility in how it achieves its budget reductions. For this reason, I have vetoed Section 127(11).

HB 1087 by Representatives Hunter, Alexander, and Darneille; by request of Governor Gregoire

Companion Bill: 5094

Making 2011-2013 operating appropriations.

Section 129(4), page 23, Office of Financial Management, Collective Bargaining for Health Insurance

The requirement to propose employee contributions to health insurance on a sliding scale is incompatible with Washington's collective bargaining statutes, which limit bargaining on health insurance to the amount of the employer contribution. It is also problematic to consider single elements of collective bargaining in isolation. The existing statute recognizes this by having the Governor negotiate the agreements in their totality, with input from the Joint Committee on Employment Relations. Further, sliding scale contributions would present implementation challenges. For these reasons, I have vetoed Section 129(4).

Section 129(5), page 23, Office of Financial Management, Direct Deposit Feasibility Study

This proviso requires the Office of Financial Management (OFM) to conduct a feasibility study on the implications of mandating direct payroll deposit for state employees, and to report to the legislative fiscal committees by December 1, 2011. OFM has already researched the feasibility of mandating direct deposit for all state employees. As a part of this research, stakeholders were contacted and concerns were raised regarding the impact of such a mandate. Since the majority of state employees voluntarily use direct deposit, the amount of effort required to make this change would outweigh the possible savings. For this reason, I have vetoed Section 129(5).

Section 129(6), page 24, Office of Financial Management, Study to Use Digital Signatures for Employment Actions

This proviso requires OFM to conduct a feasibility study on the potential impacts of a system that would allow digital signatures for the purpose of employment activities. OFM is responsible for coordinating an unprecedented level of organizational and governmental service changes in the 2011-13 biennium. It does not have the capacity to perform this study with existing resources. For this reason, I have vetoed Section 129(6).

Section 129(8), page 24, Office of Financial Management, Washington State Quality Award Training

Section 129(9), page 24, Office of Financial Management, Washington State Quality Award Assessment

Section 129(10), page 24, Office of Financial Management, Priorities of Government Program Information

Section 925, page 204, Office of Financial Management, Employee Performance Management Training Tracking and Performance Management

Section 129(8) provides \$100,000 State General Fund for OFM to contract with the Washington State Quality Award for training, outreach, and assessments for public agencies and public agency vendors. Section 129(9) directs the Government Management and Accountability Performance (GMAP) program to develop, in coordination with the Washington State Quality Award, a plan for all state agencies to complete a Washington State Quality Award or Baldrige full assessment by June 30, 2013. Section 129(10) requires the Priorities of Government program to include in its report the Washington State Quality Award assessment score for agencies. Section 925 adds requirements related to the Washington State Quality Award and Baldrige assessments and the tracking of employee performance management training. Given the unprecedented level of 2011-13 budget reductions, I believe our existing GMAP process is more cost-effective. For these reasons, I have vetoed Section 129(8), Section 129(9), Section 129(10), and Section 925.

Section 139(3) and (4), pages 27-28, Consolidated Technology Services Agency, Consolidated State Data Center

These provisos set forth a number of conditions that must be met prior to equipping and operating the new state data center. These restrictions will significantly impede the ability of state agencies to use this asset. We are in the process of implementing all of these conditions (appointing a new Chief Information Officer, adopting technical standards for shared services, developing competitive rates for data center services, and developing a detailed implementation plan). However, work to design and equip the data center network and infrastructure must proceed to maintain the

current schedule to migrate state agency data centers to the new consolidated data center. For this reason, I have vetoed Section 139(3) and Section 139(4).

Section 201(5), page 35, Department of Social and Health Services, Food Procurement Cost Information

Section 219(14), pages 91-92, Department of Health, Food Procurement Cost Information

Section 220(1)(b), page 93, Department of Corrections, Food Procurement Cost Information

Section 221, page 96, lines 8-14, Department of Services for the Blind, Food Procurement Cost Information

These provisos direct these agencies to compile and submit food procurement costs to the Department of Health. No funding was provided to collect or analyze this data. Given the amount of administrative reductions to be incurred by these departments, additional unfunded requirements cannot be completed. For this reason, I have vetoed Section 201(5), Section 219(14), Section 220(1)(b), and Section 221, page 96, lines 8-14.

Section 202(8), pages 38-39, Department of Social and Health Services -- Children and Family Services, Foster Care Reduction Workgroup

In 2010, the Office of Financial Management, Department of Social and Health Services (DSHS), and Washington State Caseload Forecast Council developed a plan to reinvest resources from foster care savings and presented it to the Governor and the Legislature.

Section 202(8) instructs DSHS to establish a workgroup to duplicate the work that has already been performed. In addition, no resources were provided to complete this task. For these reasons, I have vetoed Section 202(8).

Section 202(11), page 39, Department of Social and Health Services -- Children and Family Services, Administrative Reductions

Section 205(2)(c), page 54, Department of Social and Health Services -- Developmental Disabilities, Administrative Reductions

Section 207(9), page 64, Department of Social and Health Services -- Economic Services, Administrative Reductions

Whenever possible, state agencies reduce administrative expenses before reducing services. The Department has made significant progress in finding ways to improve services to Washington residents while reducing costs. However, given the significant reductions in administrative activities made in the past few years, additional reductions cannot be limited to administrative reductions and will likely impact services. For this reason, I have vetoed Section 202(11), Section 205(2)(c), and Section 207(9).

Section 205(1)(j), page 53, Department of Social and Health Services -- Developmental Disabilities, Community First Choice Option

This proviso requires the Department to determine whether it would be cost-efficient for the state to exercise a 1915(k) Medicaid waiver and submit a plan to the Legislature during the next legislative session. I am directing the Department to conduct this review and move forward with implementing the waiver if the finding demonstrates that it is cost-efficient, instead of waiting for the subsequent legislative session. For this reason, I have vetoed Section 205(1)(j).

Section 205(2)(d), page 54, Department of Social and Health Services -- Developmental Disabilities, Frances Haddon Morgan Center and Yakima Valley School

This proviso directs that no resident shall be moved from these residential habilitation centers unless and until the Department has the "appropriate and suitable" community option and services available as specified in the client's individual habilitation plan. The terms "appropriate and suitable" are subjective and would be difficult to implement. I am directing the Department to keep the wellbeing of the residents at the forefront as these moves take place. For this reason, I have vetoed Section 205(2)(d).

Section 206(17), page 61, Department of Social and Health Services -- Aging and Adult Services, Community First Choice Option

The Department must determine whether it would be cost-efficient for the state to exercise a 1915(k) Medicaid waiver, and submit a plan to the Legislature in the next legislative session. I am directing the Department to conduct this review and move forward with implementing the waiver if the finding demonstrates that it is cost-efficient, instead of waiting for the subsequent legislative session. For this reason, I have vetoed Section 206(17).

Section 209(1), page 66, Department of Social and Health Services -- Vocational Rehabilitation, Serving Lifeline Clients

This proviso, which applies to the entire 2011-13 biennium, directs the Department to serve Lifeline clients; however, the Lifeline program terminates on October 31, 2011. I am, however, directing the Department to make every effort to continue to serve clients receiving public assistance, within the requirements of the federal Rehabilitation Act of 1973. For this reason, I have vetoed Section 209(1).

Section 213(16), pages 74-75, Health Care Authority, Disability Lifeline Managed Care

The reference to Disability Lifeline is no longer valid because the Disability Lifeline program no longer exists effective November 2011. I am directing the Health Care Authority to contract managed care services in a way that maximizes patient outcomes in the most cost effective manner. For this reason, I have vetoed Section 213(16).

Section 213(17), page 75, Health Care Authority, Impact Evaluation for Disability Lifeline

The Health Care Authority is directed to evaluate the impact of a managed care delivery system on state costs and outcomes for Lifeline medical clients. No funding was provided for this evaluation. For this reason, I have vetoed Section 213(17).

Section 213(34), page 79, Health Care Authority, Power Wheelchairs

The state must meet the medical necessity test as a condition of operating a Medicaid program. This proviso creates a confusing situation by prohibiting the current limitation of power wheelchairs to clients in school or work. As a cost savings step, reducing power wheelchairs is preferable to many other service reduction options. The state should be allowed to establish a benefit design that meets federal standards without overly prescriptive budget provisos. For these reasons, I have vetoed Section 213(34).

Section 213(38), page 80, Health Care Authority, Federally Qualified Health Clinics

This proviso directs payments to federally qualified health centers and rural health clinics. On lines 22-23, the proviso references the incorrect years, which would result in deeper reductions than is intended. I am, however, directing the Health Care Authority to implement the reductions in accordance with the appropriation amounts. For this reason, I have vetoed Section 213(38).

Section 213(47), page 82, Health Care Authority, State Pharmacists Contract

The agency is directed to contract with an organization that will use state pharmacists to provide medication therapy management services to lower costs and improve patient compliance. No other state Medicaid program in the country has implemented this program and achieved savings. For this reason, I have vetoed Section 213(47).

Section 213(48), page 82, Health Care Authority, Report on Not-For-Profit Disproportionate Share Hospitals

This proviso requires the agency to evaluate community benefit information provided by disproportionate share hospitals and report to the Legislature with an assessment of improved measures for charity care efforts. No resources were provided to conduct this evaluation. For this reason, I have vetoed Section 213(48).

Section 218(2)(a), page 87, Department of Veterans Affairs, Identify and Assist General Assistance Unemployable Clients

The General Assistance Unemployable program no longer exists. I am directing the Department of Social and Health Services and the Department of Veterans Affairs to continue working collaboratively to help public assistance clients access veterans' benefits for which they qualify. For this reason, I have vetoed Section 218(2)(a).

Section 220(2)(a), page 93, Department of Corrections -- Priority of Personnel Reductions**Section 220(3)(a), page 94, Department of Corrections -- Priority of Personnel Reductions**

The Department continues to look for administrative and other reductions that minimize impact on custody staff and correctional industries. However, given the significant expenditure reductions made in the past few years, it is critical that the Department has flexibility in how it achieves its budget reductions. For this reason, I have vetoed Section 220(2)(a) and Section 220(3)(a).

Natural Resource Agency Consolidation

Several appropriations in Second Engrossed Substitute House Bill 1087 assume the passage of Engrossed Second Substitute Senate Bill 5669 (Consolidating natural resources agencies and programs); however, this bill did not pass. Appropriation bill language signals a legislative intent to shift Fiscal Year 2013 funding among agencies to reflect the new organizational structure created in Engrossed Second Substitute Senate Bill 5669. These discrepancies will need to be reconciled during the 2012 legislative session. Initial steps can be taken now through some vetoes of unneeded consolidation-related provisos that contain duplicative information or technical errors. For these reasons, I have vetoed the following sections:

Section 301, page 98, lines 8-11, Columbia River Gorge Commission

Section 302(9), page 101, Department of Ecology

Section 302(10), page 101, Department of Ecology

Section 310, page 110, lines 25-28, Washington Pollution Liability Insurance Program

Section 303(4), page 102, State Parks and Recreation Commission, Land Purchase

The Commission is prohibited from expending state monies to purchase or acquire lands other than those called for in Senate Bill 5467 (capital budget) or House Bill 1497 (capital budget). A technical problem is created by the fact that the House bill cited is only one of the two capital budget bills that passed the Legislature. For this reason, I have vetoed Section 303(4).

Section 307(12), page 107, Department of Fish and Wildlife, Purchase of Lands

This proviso restricts the Department from expending state monies to purchase or acquire additional lands other than those called for in Senate Bill 5467 (capital budget) or House Bill 1497 (capital budget). The House bill cited is only one of the two capital budget bills that passed the Legislature. For this reason, I have vetoed Section 307(12).

Section 308(10), pages 109-110, Department of Natural Resources, Marine Rents Committee

This proviso directs the Department to convene a marine rents review committee in order to explore ways to refine and improve the method for calculating rents for marinas occupying state-owned aquatic lands. A report and recommendations are due to the Legislature by December 1, 2011. Since no funding was provided to complete this report, I have vetoed Section 308(10). I am however, asking the Commissioner of Public Lands to review past studies on this subject, discuss the issue with all affected stakeholders and prepare legislation for next session.

Section 312, pages 111-112, Department of Agriculture, Department of Ecology, and State Conservation Commission - Livestock Operations Review

Three agencies are required to conduct a process to review the impact of livestock operations on water quality, and to make recommendations by December 31, 2011. In March, these agencies committed to conducting a review process similar to this one; however, this proviso expands that process without an increase in funding. For this reason, I have vetoed Section 312. I am directing these agencies to continue the process they committed to during the legislative session.

Section 401(4), pages 113-114, Department of Licensing, House Bill 2017 - Master License Service (MLS) Transfer

This proviso prohibits the Department of Revenue from reimbursing the Department of Licensing for costs related to transferring the Master License Service program after July 1, 2011. This restriction limits the agencies' ability to facilitate a seamless transfer of the program, as required by Substitute House Bill 2017. For this reason, I have vetoed Section 401(4). However, I am directing the Department of Licensing to expedite the transfer in order to minimize the work and costs that will be incurred in the next biennium.

Section 501(1)(a)(iv), page 117, Superintendent of Public Instruction, Electronic Certification System

The Office of the Superintendent of Public Instruction and the Office of Financial Management are required "to work to allocate sufficient funding from the federal grant funds for the state's P-20 longitudinal data system, to the extent allowable, for the purpose of developing and implementing a new electronic certification system." The P-20 grant links student education data across time and databases, from early childhood to career, by funding data technology projects at ten state agencies. As drafted, this proviso places construction of the electronic certification system ahead in the funding priority line, in front of all other projects. Additionally, the electronic certification system can be built with fees authorized in Engrossed Substitute House Bill 1449, a funding source not available for the other projects. For this reason, I have vetoed Section 501(1)(a)(iv). However, I am directing OFM to explore the use of grant funds for the system's construction, if funds are available and consistent with the administration of other projects in the P-20 program.

Section 601(6)(c), page 155, Higher Education, Salary Increases from Other Sources

This proviso authorizes salary increases from sources other than the State General Fund for instructional and research faculty at the state's universities and The Evergreen State College. This authority conflicts with Engrossed Substitute Senate Bill 5860, which freezes state government salaries unless agencies or institutions demonstrate difficulty in retaining qualified employees. For this reason, I have vetoed Section 601(6)(c).

Section 605(3), page 160, State Board for Community and Technical Colleges, Administrative Efficiencies

The State Board for Community and Technical Colleges is directed to achieve \$7 million in savings through efficiencies, including consolidation of college districts and administrative and governance functions. The State Board will achieve the required savings, but the proviso is overly prescriptive. For this reason, I have vetoed Section 605(3).

Section 610(9), page 167, The Evergreen State College, Controlled Substances Study

This proviso directs the Washington State Institute for Public Policy to study the costs and benefits to state and local governments and the citizens of Washington from implementation of the state's policies on "controlled substances, excluding alcohol, tobacco and pharmaceuticals." The reality is that these are controlled substances under federal law. It is unwise to spend taxpayer dollars on a study that cannot address the fundamental issues in this policy area. Therefore, I have vetoed Section 610(9).

Section 613(2)(b), page 168, Higher Education Coordinating Board -- Financial Aid and Grant Programs, State Need Grant Scholarships for Private College Students

This proviso limits State Need Grant award in Fiscal Year 2012 for private college students to the level of students attending public regional universities. This would reduce Need Grant awards to levels below current practice. This proviso was included in the bill as a result of a technical drafting error. Appropriations in the budget are not based on this unintended restriction. For this reason, I have vetoed Section 613(2)(b).

Section 613(4), page 169, Higher Education Coordinating Board, Financial Aid and Grant Programs -- Gaining Early Awareness and Readiness for Undergraduate Programs Project

This proviso would restrict the use of funding in an appropriation from the Education Legacy Trust Account. This apparently is a technical bill drafting error, because no such appropriation exists in this section. Therefore, I have vetoed Section 613(4).

Section 617(7), page 173, Department of Early Learning, Eligibility for Working Connections Child Care

This proviso prohibits the Department of Early Learning from making rules that reduce the income eligibility criteria of the Working Connections Child Care program to below the current level of 175 percent of the federal poverty level. Such a limitation infringes on my authority to manage the WorkFirst program, which includes the Working Connections Child Care program. For this reason, I have vetoed Section 617(7).

Section 617(11), page 173, Department of Early Learning, Child Care Copayment Structure

This proviso directs the Department of Early Learning to implement a child care copayment structure that gradually increases the copayments of parents in the Working Connection Child Care program based on income and other factors. Additionally, the proviso includes multiple directives about how the copayment structure should be developed. The Department of Early Learning is already beginning work on potential child care copayment structures that smooth out the tiers in the current model. The parameters of this proviso unnecessarily limit the agency's options. For this reason, I have vetoed Section 617(11).

Section 716, pages 182-184, Office of Financial Management, Agency Reallocation and Realignment Commission

Section 716 creates the Agency Reallocation and Realignment Commission with responsibilities for examining current state operations and organization, and making proposals to reduce expenditures and eliminate duplication and overlapping services. The sum of \$100,000 in State General Fund dollars is provided for this purpose. During the Priorities of Government activity conducted during the summer of 2010, I appointed an external stakeholder team that performed similar responsibilities envisioned for this commission. Several of the public's suggestions, including the merger of central service functions, were proposed in my budget and enacted by the Legislature. Since we already have mechanisms to perform many of the same responsibilities without additional expense, this commission is not needed. For these reasons, I have vetoed Section 716.

Section 805, page 192, lines 35-37, and page 193, lines 1-18, State Treasurer, Conditions on Life Sciences Discovery Fund

These provisos place seven conditions on the Life Sciences Discovery Fund (LSDF). With the exception of subsection 1 these conditions decrease its autonomy and overall efficacy. For this reason, I have vetoed Section 805, page 192, lines 35-37; and page 193, lines 1-18.

Section 934, page 212, Amending the State Civil Service Law, RCW 41.06.022

Section 935, pages 212-218, Amending the State Civil Service Law, RCW 41.06.070

Section 934 makes two changes to the current civil service law for the duration of the 2011-13 biennium: (1) Any manager whose position is eliminated and who transfers to a different position shall

be compensated at a level no higher than commensurate with the new position, and (2) No manager whose position is eliminated shall have reversion rights to classified position unless the employee was employed in the position, or a substantially equivalent one, within three years prior to the effective date of this act. Section 935 requires that any exempt employee whose position is eliminated and who transfers to a different position shall be compensated at a level no higher than commensurate with the new position. It is inappropriate to unilaterally and retroactively change the terms of employment for employees who have served with sufficient excellence to be promoted to leadership positions. Revoking guarantees made when these employees accepted offers to serve in management positions is simply unwarranted. In addition, the language is written in such a way that it would be applied unevenly to employees in equivalent situations, based on the presumed specific budget reduction that might apply in a given case. This approach would also make it distinctly more difficult for state agencies to promote from within the ranks of their employees. For these reasons, I have vetoed Sections 934 and 935.

Section 978, page 271, Reports on Ensuuing Biennium Impact of Budget Proposals

While I am supportive of the intent to provide ensuing biennium impact statements on legislative and executive budget proposals, this language originated as separate legislation and is more appropriately implemented as a change to statute, not as part of an appropriations bill that expires in two years. Furthermore, the information required for both the State General Fund and other funds is far more detailed than necessary for a statewide budget outlook. For these reasons, I have vetoed Section 978.

A number of appropriations in Second Engrossed Substitute House Bill 1087 are contingent upon passage of separate legislation, with legislative direction that the appropriations will lapse if the bills are not enacted. The following vetoes relate to bills that did not pass:

Section 134(4), page 26, Department of Retirement Systems, Substitute Senate Bill 5846 (Retired public employees)

Section 144(1), page 29, Liquor Control Board, House Bill 2043 or Senate Bill 5916 (Liquor related products)

Section 144(2), page 29, Liquor Control Board, House Bill 2043 or Senate Bill 5917 (Co-located contract stores)

Section 206(16), page 61, Department of Social and Health Services, Engrossed Second Substitute House Bill 1901 (Reshaping the delivery of the long-term care system)

Section 217(3), page 86, Department of Labor and Industries, Engrossed Second Substitute House Bill 1701 (Contractor misclassification)

Section 219(11), page 91, Department of Health, Substitute House Bill 1468 (Public water system permits)

Section 219(17), page 92, Department of Health, Substitute Senate Bill 5542 (Cigar lounge and tobacconist shop special license)

Section 401(3), page 113, Department of Licensing, Substitute House Bill 1205 (Court reporter licensing)

Section 501(1)(i), pages 118-119, Office of the Superintendent of Public Instruction, House Bill 2111 (Implementing Quality Education Council recommendations)

Section 610(3), page 165, The Evergreen State College, Engrossed Second Substitute House Bill 1443 (Continuing education reforms)

Section 721(2), page 186, Transportation agencies, Senate Bill 5920 (Limiting annual increase amounts)

Section 724, page 187, Substitute Senate Bill 5846 (Health benefit subsidies)

For these reasons, I have vetoed Sections 134(4); 144(1); 144(2); 206(16); 217(3); 219(11); 219(17); 401(3); 501(1)(i); 610(3); 721(2); and 724.

With the exception of Sections 123(4); 125, page 14, line 28; 127(11); 129(4); 129(5); 129(6); 129(8); 129(9); 129(10); 134(4); 139(3); 139(4); 144(1); 144(2); 201(5); 202(8); 202(11); 205(1)(j); 205(2)(c); 205(2)(d); 206(16); 206(17); 207(9); 209(1); 213, page 68, line 12; 213(16); 213(17); 213(34); 213(38); 213(47); 213(48); 217(3); 218(2)(a); 219(11); 219(14); 219(17); 220(1)(b); 220(2)(a); 220(3)(a); 221, page 96, lines 8-14; 301, page 98, lines 8-11; 302(9); 302(10); 303(4); 307(12); 308(10); 310, page 110, lines 25-28; 312; 401(3); 401(4); 501(1)(a)(iv); 501(1)(i); 601(6)(c); 605(3); 610(3); 610(9); 613(2)(b); 613(4); 617(7); 617(11); 716; 721(2); 724; 805, page 192, lines 35-37, and page 193, line 1-18; 925; 934; 935; 978, Second Engrossed Substitute House Bill 1087 is approved.

Respectfully submitted,
Christine Gregoire

VETO MESSAGE ON SHB 1089

May 16, 2011

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 1, Substitute House Bill 1089 entitled:

"AN ACT Relating to instructional materials provided in a specialized format version."

I am vetoing the intent section, Section 1 of the bill, because it is broader than the substantive language in the bill. Vetoing the intent section may avoid confusion and does not impede implementation of the bill.

For this reason I have vetoed Section 1 of Substitute House Bill 1089.

With the exception of Section 1, Substitute House Bill 1089 is approved.

Respectfully submitted,
Christine Gregoire
Governor

VETO MESSAGE ON ESHB 1175

May 16, 2011

The Honorable Speaker and Members
 The House of Representatives of the State of Washington

Ladies and Gentlemen:

Thank you for your work on the supplemental and 2011-13 transportation budgets. I am returning, without my approval as to Sections 103(3), 103(4), 204(2), 205(3), 208(11), 210(4), 210(6), 221(3), 221(4), 221(7), 221(8), 221(9), 221(18), 305(6), 306(4), 308(6), 308(10), 308(12), 610, 706, 714, 722, and 817, Engrossed Substitute House Bill 1175 entitled:

"AN ACT Relating to making transportation appropriations for the 2009-2011 and 2011-2013 fiscal biennia."

Section 103(3), pages 3-4, Office of Financial Management, Predesign Requirements for Washington State Ferries

This proviso requires the Office of Financial Management (OFM) to review and modify the Department of Transportation's (WSDOT) predesign requirements for state ferry vessel and terminal projects so that they continue to meet legal mandates without unduly burdening WSDOT. OFM is committed to working with the legislative transportation committees and stakeholders during the interim to assess and re-write the predesign manual for all appropriate transportation facilities, not just for ferry terminals and vessels. For this reason, I have vetoed Section 103(3).

Section 103(4), page 4, Office of Financial Management, List of Ferry Demands to Bargain

This proviso requires the Office of Financial Management to provide the legislative transportation committees, on a quarterly basis, a list of all demands to bargain with respect to unions representing marine employees. While I support sharing this information with the Legislature, it should not be limited to only one sector of employees. Therefore, I am directing OFM to provide information on all demands to bargain received by the Labor Relations Office to the legislative transportation committees and the Joint Committee on Employment Relations, as appropriate. For this reason, I have vetoed Section 103(4).

Section 204(2), page 8, Joint Transportation Committee, Study of Management Organizational Structure of Ferries Division

This proviso provides funding to the Joint Transportation Committee (JTC) to conduct a study of the management organizational structure of the Department of Transportation Ferries Division. The ferry system has been studied extensively. The transportation budget passed in 2009 directed twelve studies or reports, and six more were added in the 2010 budget. The JTC recently completed a three-year series of finance studies related to ferries. The most recent study was conducted last year by the national Passenger Vessel Association (PVA) at my request and provided recommendations now being implemented by the Ferries Division. This report noted that the level of oversight for Washington State Ferries is greater than the five ferry systems represented on the PVA panel that performed the study. "This constant responding, educating and reacting are tremendously

costly and this expenditure could be better utilized elsewhere." For these reasons, I have vetoed Section 204(2).

Section 205(3), page 10, Transportation Commission, Survey of Transportation Users

This proviso ties the appropriation for a survey of transportation users to the passage of Substitute Senate Bill 5128, which did not pass. It is important to conduct a statistically valid survey to identify the transportation priorities the public would like to target for future investments. In order to preserve the funding necessary for this survey, I have vetoed Section 205(3).

Section 208(11), page 15, Department of Licensing, Commercial Drivers

Funding is provided to implement provisions of Engrossed House Bill 1229 (related to commercial drivers) from the Highway Safety Account-State. However, this proviso incorrectly identifies the funds as Motor Vehicle Account-Federal instead of Highway Safety Account-State. For this reason, I have vetoed Section 208(11).

Section 210(4), pages 17-18, Department of Transportation, Time, Leave and Labor System

This proviso directs the Department of Transportation to report quarterly on its progress on the development of a time, leave, and labor distribution system. While this is a high priority for WSDOT, it is an important need of all state agencies. That is why I proposed that this project be developed as an enterprise solution by the Office of Financial Management in partnership with the Department of Personnel and WSDOT, with WSDOT being the pilot site to implement what will become an enterprise-wide application. Because it is important to clearly set out the state's commitment to an enterprise solution for business process systems improvements, I am vetoing this section and directing that the project commence as a partnership of state agencies with OFM leadership. For these reasons, I have vetoed Section 210(4).

Section 210(6), page 18, Department of Transportation, 511 Traveler Information System Improvements

This proviso directs the Department of Transportation to make enhancements to the 511 traveler information system, as well as to develop or purchase software to allow public transportation users to determine the public transportation options available to them. The private sector is providing similar services for travelers, often at no cost to consumers. During this time of limited state resources, it is unnecessary to dedicate scarce state resources to areas being addressed by the private sector. Furthermore, no funding was provided to accomplish these actions. For these reasons, I have vetoed Section 210(6).

Section 221(3), pages 31-32, Department of Transportation, Ferry Performance Metrics

This section requires the Department of Transportation to develop a set of performance metrics for the Ferries Division and make recommendations to the 2012 Legislature on which measurements should be incorporated into the transportation appropriations act. My Government Management Accountability and Performance (GMAP) program already requires WSDOT to include ferry performance measures as part of its quarterly reports. WSDOT is further enhancing its use of performance metrics, which was one of the recommendations of the Passenger Vessel Association study I directed last year. WSDOT will continue reporting its progress and we will share those updates with the Legislature. For these reasons, I have vetoed Section 221(3).

Section 221(4), page 32, Department of Transportation, Ferries Division Process Changes

This section requires the Department of Transportation Ferries Division to continue to identify and implement route-by-route on-time performance changes. At the same time, it directs WSDOT to consider slowing down vessels to save fuel. It is unclear how the Ferries Division should improve on-time performance while slowing down vessels. WSDOT remains committed to a safe and reliable ferry system, as evidenced by the 94% of sailings arriving

within ten minutes of the scheduled sailing time in 2010. For these reasons, I have vetoed Section 221(4).

Section 221(7), page 32, Department of Transportation, Fiscal Year Reports Outlining Wages and Benefits to Ferry Employees

This proviso requires the Department of Transportation to provide to the legislative transportation committees fiscal year reports outlining wages and benefits provided to marine employees. While I support sharing this information with the Legislature, it should not be limited to only one sector of employees. Therefore, I am directing the Office of Financial Management to work with the appropriate agencies to provide wage and benefit information to the legislative transportation committees and ways and means committees. For these reasons, I have vetoed Section 221(7).

Section 221(8), page 32, Department of Transportation, Ferry Detail in the Transportation Executive Information System (TEIS)

This proviso requires the Department of Transportation to work with the Legislative Evaluation and Accountability Program Committee to provide more details on ferry projects in the capital reporting system used by the Legislature, Office of Financial Management, and WSDOT. It is important that versions of this system are compatible among the agencies for transmitting and comparing data. Furthermore, it would be premature to make such changes to the TEIS until the work required in Section 221(16) regarding the budget structure of the Ferries Division is complete, including a potential restructuring of the ferries budget. For these reasons, I have vetoed Section 221(8).

Section 221(9), page 32, Department of Transportation, Ferry Operating Program, Restrictions on Use of Appropriations for Labor Costs

This proviso limits appropriations used for labor costs to obligations under collective bargaining agreements, civil service laws, and judgments. This limitation would prevent the Department of Transportation from paying legal and necessary labor costs that fall outside these constraints. For example, WSDOT would not be able to pay the salaries and benefits of exempt employees, travel reimbursement for all nonrepresented employees, or the cost of contractors who perform labor-related services from funds appropriated for labor costs. For this reason, I have vetoed Section 221(9).

Section 221(18), pages 34-35, Department of Transportation, Ferry Operating Program, Report Linking Vessel Asset Condition Reports with Vessel Life-Cycle Cost Model

This proviso requires the Department of Transportation to link vessel asset condition reports with its life-cycle cost model for integration with a vessel management system. It also requires WSDOT's 2013-15 budget request to provide a project scope for implementing a vessel asset management system. Pre-design requirements, life-cycle cost model changes, asset condition ratings, proposed new management systems, and revised budget structures must be considered in total. To that end, I am directing the Office of Financial Management to convene a workgroup that includes staff from the legislative transportation committees to evaluate how these various requirements should be integrated and reflected in future budget instructions. Therefore, I have vetoed Section 221(18).

Section 305(6), page 40, Department of Transportation, Redistributed Federal Funds

Section 306(4), page 47, Department of Transportation, Redistributed Federal Funds

These provisos require that redistributed federal funds received by the Department of Transportation first be applied to offset planned expenditures of state funds, and second to offset planned expenditures of federal funds, on projects identified in the project list in the 2010 supplemental budget. If these options are not feasible, WSDOT must consult with the Joint Transportation Committee (JTC) prior to obligating redistributed federal funds. If such consultation is not feasible and Washington does not act quickly, we may lose the opportunity to receive redistributed

federal funds. However, because input from the Legislature is important, I am directing WSDOT to consult with JTC members when possible. For this reason, I have vetoed Section 305(6) and Section 306(4).

Section 308(6), page 50, Department of Transportation, Ferry Capital Program, Restrictions on Use of Appropriations for Labor Costs

This proviso limits appropriations used for labor costs to obligations under collective bargaining agreements, civil service laws, and judgments. This limitation would prevent the Department of Transportation from paying legal and necessary labor costs that fall outside these constraints. For example, WSDOT would not be able to pay the salaries and benefits of exempt employees, travel reimbursement for all nonrepresented employees, or the cost of contractors who perform labor-related services from funds appropriated for labor costs. For this reason, I have vetoed Section 308(6).

Section 308(10), page 51, Department of Transportation, Ferry Capital Program, Review and Adjust Capital Funding Levels

This proviso requires the Department of Transportation to review and adjust its capital program staffing levels, compare the findings to a 2009 capital staffing level report, and report to the Office of Financial Management and the legislative transportation committees. WSDOT is currently conducting a thorough review of its staffing levels in all program areas, including the Ferries Division, as it downsizes to meet diminishing revenues. Thus, this requirement specific to Ferries is unnecessary. Therefore, I have vetoed Section 308(10).

Section 308(12), page 51, Department of Transportation, Ferry Capital Program, Provide Cost-Benefit Analysis of Eagle Harbor Slips

This proviso requires the Department to conduct a cost-benefit analysis of replacing or repairing existing structures at the Eagle Harbor maintenance facility. A report is due to the Legislature by December 31, 2011. While I appreciate the need for a thoughtful cost-benefit analysis prior to any capital budget request, I cannot support another unfunded reporting mandate. I am directing the Office of Financial Management to ensure adequate provisions are included in the predesign manual and budget instructions to address these concerns. Therefore, I have vetoed Section 308(12).

Section 610, pages 73-74, Department of Transportation, Report on Department's Future Business Model

This section requires the Department of Transportation to report to the Joint Transportation Committee on its future business model staffing scenarios and method of program and project delivery. I understand the importance of tailoring the workforce both to reflect the ramping down of construction funded by the last two transportation revenue packages and to prepare for a potential new transportation revenue package. However, Section 608 also directs WSDOT to develop new business practices so that a smaller, more nimble workforce can effectively and efficiently deliver transportation projects. In addition, WSDOT is already conducting a thorough review of its staffing levels as it downsizes to meet diminishing revenues. Because this section is unnecessary, I have vetoed Section 610.

Section 706, pages 82-83, Department of Transportation, Exempts Ferries from Biodiesel Requirements for 2011-13

This section exempts ferries from the state biodiesel use requirement. By leveraging federal and private funding, we have made the infrastructure investments to provide biodiesel to ferries. We are moving forward with changes to state procurement contracts to help further reduce the cost of biodiesel and take advantage of available in-state production. If we walk away now, our state funding investments in the industry will be lost, our oilseed farming and refining jobs will move out of state, and we will be forced to pay more to transport biodiesel products from the midwest. The rising cost of gas serves to remind us that we must rely on ourselves, not other countries, for our economic security and safety. I am directing the Department of Transportation to use

as much biodiesel as possible within its authorized budget. For these reasons, I have vetoed Section 706.

Section 714, pages 95-96, Marine Employees' Commission Duties Subject to Available Amounts Appropriated for Statutory Duties

RCW 47.64.280 creates the Marine Employees' Commission (MEC). Section 714 amends this statute to provide that MEC shall not perform its duties as identified in this section if funding is not provided. Because funding for MEC has not been provided, this section would prohibit it from performing its statutory duties. Among its duties, MEC adjudicates complaints, grievances, and disputes between labor and management arising out of the operation of the ferry system. A provision in a budget bill cannot extinguish the rights of employees and labor organizations to access MEC to resolve disputes. Changing or eliminating MEC duties should be the subject of a policy bill, not a provision in a two-year budget bill. For these reasons, I have vetoed Section 714.

Section 722, page 99, Toll Enforcement and Administration

During the 2010 legislative session, two separate pieces of legislation, SB 6379 and ESSB 6499, amended RCW 46.63.160 without reference to each other. This section repeals one of those amendments. However, this action is unnecessary because RCW 1.12.025 clearly provides that the amendments can be merged because they do not conflict in purpose. While ESSB 6499 made policy changes related to toll enforcement as we move to a statewide photo toll system, SB 6379 made technical changes to a variety of vehicle and vessel title and registration statutes intended to have no policy or substantive legal effect. For this reason, I have vetoed Section 722.

Section 817, pages 130-131, Department of Transportation

A reduction of \$7.5 million in the Multimodal Transportation Account-State appropriation was made in the Rail Operating program for the 2009-11 biennium because it was assumed that there would be offsetting Amtrak credits. Amtrak recently informed WSDOT that it had incorrectly calculated the credits. Vetoing this section will restore funding to 2010 levels and allow the Rail Operating program the flexibility needed to close the 2009-11 Biennium. WSDOT is directed to report to the Office of Financial Management and legislative transportation committees on the total credits received from Amtrak. For these reasons, I have vetoed Section 817.

With the exception of Sections 103(3), 103(4), 204(2), 205(3), 208(11), 210(4), 210(6), 221(3), 221(4), 221(7), 221(8), 221(9), 221(18), 305(6), 306(4), 308(6), 308(10), 308(12), 610, 706, 714, 722, and 817, Engrossed Substitute House Bill 1175 is approved.

Respectfully submitted,
Christine Gregoire
Governor

Authorizes a criminal justice participant, who is a target for threats or harassment prohibited under the act, and any family member residing with the criminal justice participant to apply to the secretary of state to have an address designated by the secretary of state serve as the person's address or the address of the minor or incapacitated person.

VETO MESSAGE ON E2SHB 1206

April 13, 2011

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I have approved, except for Section 3 and Section 4, Engrossed Second Substitute House Bill No. 1206 entitled:

"AN ACT Relating to harassment against criminal justice participants."

Section 3 directs the sentencing guidelines commission to report to the appropriate committees of the legislature by December 1, 2011, and annually thereafter, the number of prosecutions for criminal harassment of a criminal justice participant. Several bills now before the legislature either eliminate the sentencing guidelines commission or eliminate it as a regularly standing commission. The data identified in this section will be retained by a yet to be identified agency. Therefore, I am vetoing Section 3 and the appropriate committees of the legislature may request the data from the appropriate agency.

Section 4 causes the act to expire July 1, 2018. I believe the legislature should monitor the impact of the act and affirmatively take action to amend or repeal particular aspects of the act at a future date, if needed. Therefore, I am vetoing Section 4.

For these reasons, I have vetoed Section 3 and Section 4 of Engrossed Second Substitute House Bill No. 1206.

With the exception of Section 3 and Section 4, Engrossed Second Substitute House Bill No. 1206 is approved.

Respectfully submitted,
Christine Gregoire
Governor

HB 1257-S by House Committee on Business & Financial Services (originally sponsored by Representatives Stanford, Kirby, and Kelley; by request of Insurance Commissioner)

(DIGEST AS ENACTED)

Adopts the investments of insurers model act. Eliminates current provisions, and creates a new framework for, regulating insurer investments.

VETO MESSAGE ON SHB 1257

April 29, 2011

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 19, Substitute House Bill 1257 entitled:

"AN ACT Relating to adopting the investments of insurers model act."

This bill updates the statutes on insurer investments to increase financial security and to provide more flexibility for insurers to manage their investments.

Section 19 would require the Office of the Insurance Commissioner to submit a report to the Governor and the Legislature, in consultation with the Department of Financial Institutions and the State Investment Board, by December 1, 2011. This is prior to the effective date of the act, July 1, 2012. Section 19 would require the Office of the Insurance Commissioner to gather information that is a redundant to the bill analysis, overly burdensome to obtain, or difficult to analyze prior to implementation of the law. Further, requiring proposed rules to be submitted to the Governor and Legislature would infringe upon the role of the Insurance Commissioner and would blur the distinction between the Legislature and a state executive office with regard to the rulemaking process.

For these reasons, I have vetoed Section 19 of Substitute House Bill 1257.

With the exception of Section 19, Substitute House Bill 1257 is approved.

Respectfully submitted,
Christine Gregoire
Governor

Adjusting high school assessments as graduation requirements.
(SEE ALSO PROPOSED 1ST SUB)
Adjusts the use of high school assessments for graduation purposes temporarily to alleviate some of the strain on the state, school districts, and students.
Extends the expiration of RCW 28A.655.0611 (graduation without certificate of academic achievement or certificate of individual achievement).
- HB 1330-S** by House Committee on Education (originally sponsored by Representatives Rolfes, Sells, Liias, Haigh, Probst, Van De Wege, and Tharinger)
Regarding the high school mathematics assessments as a graduation requirement.
(DIGEST OF PROPOSED 1ST SUBSTITUTE)
Finds that: (1) Acquiring mathematical skills and knowledge is critical for the future financial and personal success of public school graduates; and
(2) Requiring students in the classes of 2013 and 2014 to meet the standards on two high school mathematics end-of-course assessments to graduate would not be fair to students or a valid use of the new end-of-course assessments.
Provides a reasonable transition period and requires students in the classes of 2013 and 2014 to meet the standard on only one assessment.

HB 1346 by Representative Hunter; by request of Department of Revenue

Making tax law changes that do not create any new or broaden any existing tax preferences as defined in RCW 43.136.021 or increase any person's tax burden.

(SUBSTITUTED FOR - SEE 1ST SUB)

Makes changes to laws administered by the department of revenue that do not create any new tax preference or broaden any existing tax preference or increase any person's tax burden.

HB 1346-S by House Committee on Ways & Means (originally sponsored by Representative Hunter; by request of Department of Revenue)

(DIGEST AS ENACTED)

Clarifies that: (1) A person who has a substantial nexus in the state in any tax year is deemed to have a substantial nexus with the state the following year; and

(2) A seller is not obligated to collect use tax if the state is prohibited from requiring the person to collect the tax.

Requires the department of revenue to update the list of reduction in revenues from tax exemptions only for tax exemptions impacting state revenue.

HB 1347 by Representatives Hunter and Orcutt; by request of Department of Revenue

Companion Bill: 5544

Concerning sales and use tax exemptions for certain property and services used in manufacturing, research and development, or testing operations, not including changes to RCW 82.08.02565 and 82.12.02565 that reduce state revenue.

(DIGEST AS ENACTED)

Finds that: (1) Despite previous attempts at clarifying the manufacturing machinery and equipment exemption, significant

ambiguity persists, particularly with respect to the scope of the exemption; and

(2) It is necessary to reaffirm the original intent in establishing the manufacturing machinery and equipment exemption.

Provides a new, stand-alone sales and use tax exemption for machinery and equipment used primarily in technological research and development operations by the state's four-year institutions of higher education.

HB 1347-S by House Committee on Ways & Means (originally sponsored by Representatives Hunter and Orcutt; by request of Department of Revenue)

HB 1406 by Representatives Hunt, Ross, Appleton, Armstrong, Hurst, and Stanford

Companion Bill: 5221

Establishing the intrastate building safety mutual aid system.

(SUBSTITUTED FOR - SEE 1ST SUB)

Establishes the intrastate building safety mutual aid system to provide for mutual assistance among member jurisdictions in the case of an emergency or to participate in training and exercises.

Creates the intrastate building safety mutual aid oversight committee which shall be: (1) A committee of the Washington association of building officials; and

(2) Representative of building safety agencies and disciplines as well as local political subdivisions.

HB 1406-S by House Committee on Public Safety & Emergency Preparedness (originally sponsored by Representatives Hunt, Ross, Appleton, Armstrong, Hurst, and Stanford)

(DIGEST AS ENACTED)

Establishes the intrastate building safety mutual aid system to provide for mutual assistance among member jurisdictions in the case of a building safety emergency or to participate in training and exercises.

VETO MESSAGE ON ESHB 1406

April 29, 2011

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 10, Engrossed Substitute House Bill 1406 entitled:

"AN ACT Relating to intrastate building safety mutual aid in the event of emergencies and other situations that temporarily render a jurisdiction incapable of providing required building safety services."

Section 10 creates the intrastate building safety mutual aid oversight committee, and provides that it shall be a committee of the Washington association of building officials. I do not believe the creation of this oversight committee is necessary to carry out the purposes of the act. If desired, the members of the intrastate building safety mutual aid system can establish a committee structure without the need of a statutory reference.

For these reasons, I have vetoed Section 10 of Engrossed Substitute House Bill 1406.

With the exception of Section 10, Engrossed Substitute House Bill 1406 is approved.

Respectfully submitted,
Christine Gregoire
Governor

HB 1489-S by House Committee on Environment (originally sponsored by Representatives Billig, Morris, Frockt, Carlyle, Crouse, Ryu, Finn, Jinkins, Fitzgibbon, Tharinger, Rolfes, Lias, Moscoso, Stanford, Dunshee, Pettigrew, Ladenburg, Ormsby, Van De Wege, Moeller, Hunt, Pedersen, Maxwell, Roberts, Reykdal, Kagi, Darneille, Clibborn, Jacks, and Kenney)

Protecting water quality through restrictions on fertilizer containing phosphorus.

(DIGEST AS ENACTED)

Limits the sale, display, and application of turf fertilizer labeled as containing phosphorus.

VETO MESSAGE ON ESHB 1489

April 14, 2011

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 4, Engrossed Substitute House Bill 1489 entitled:

"AN ACT Relating to protecting water quality through restrictions on fertilizer containing phosphorus."

This bill limits the use, sale, and retail display of turf fertilizer that contains phosphorus, as of January 1, 2013.

Section 4 would prevent the Department of Agriculture from enforcing the bill through the issuance of civil penalties. Without this tool, the Department would be unable to effectively implement the bill.

For this reason, I have vetoed Section 4 of Engrossed Substitute House Bill 1489.

It is unfortunate that the final bill did not include the exemption for fertilizers made from biosolids, manure and other organic materials. These products provide a valued and beneficial use of materials that would otherwise need to be managed as waste. Since the bill is not effective until January 2013, I would entertain legislation in 2012 to exempt these organic products from the limits established in the bill.

With the exception of Section 4, Engrossed Substitute House Bill 1489 is approved.

Respectfully submitted,
Christine Gregoire
Governor

Regarding the capital budget.

(DIGEST AS ENACTED)

Makes appropriations and authorizes expenditures for capital projects.

VETO MESSAGE ON ESHB 1497

June 15, 2011

To the Honorable Speaker and Members,
 The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Sections 5028; 6001; 7018; and 7031, page 83, lines 32-35, and 7031, page 83, line 36, and page 84, lines 1-3 of Engrossed Substitute House Bill 1497 entitled:

"AN ACT Relating to the capital budget."

Section 5028, page 50, Central Washington University -- Combined Utilities

The appropriation of \$273,000 erroneously references the State Building Construction Account instead of the Central Washington University Building Account. ESHB 1497 is comprised of cash and dedicated fund sources, and does not otherwise include bond accounts. Therefore, I am vetoing Section 5028 so that the fund source can be corrected in the 2012 supplemental capital budget.

Section 6001, page 58, Salmon Recovery Funding Board Programs, Termination of Contract for Restoration of Bear River Estuary

This proviso language conflicts with the existing statutory process for Salmon Recovery Funding Board project review by directing the Board to take action on an existing contract. In addition, the requirement is now moot because the Board terminated this contract in May. For these reasons, I am vetoing Section 6001.

Section 7018, pages 72-73, Department of Fish and Wildlife Land Transfer

This proviso requires the Fish and Wildlife Commission to transfer to the City of Olympia its three parcels of property located in downtown Olympia. The Department of General Administration is directed to obtain an appraisal, and negotiate a contract with the City of Olympia to develop a plan for preparing the land for mixed use retail and market rate housing.

This requirement precludes the possibility of other parties offering competitive bids for these properties. Therefore, I am vetoing Section 7018.

Section 7031, page 83, lines 32-35, Treasurer Transfers
Section 7031, page 83, line 36, and page 84, lines 1-3, Treasurer Transfers

The Legislature's reduction of the existing transfers from the State Toxics Control Account and the Local Toxics Control Account to the state General Fund was meant to accompany a statutory change directing toxics account revenues into the General Fund. Because the offsetting statutory change was not made, the transfers in Section 7031 would result in an unintended loss of \$103.5 million to the General Fund. Therefore, I am vetoing Section 7031, page 83, lines 32-35; and Section 7031, page 83, line 36, and page 84, lines 1-3.

For these reasons, I have vetoed Sections 5028; 6001; 7018; and 7031, page 83, lines 32-35, and 7031, page 83, line 36, and page 84, lines 1-3, of Engrossed Substitute House Bill 1497.

With the exception of Sections 5028; 6001; 7018; and 7031, page 83, lines 32-35, and 7031, page 83, line 36, and page 84, lines 1-3, Engrossed Substitute House Bill 1497 is approved.

Respectfully submitted,
 Christine Gregoire
 Governor

Directs the chair of the forest practices board to invite relevant stakeholders to participate in a process that investigates a potential long-term funding source for the forestry riparian easement program. This requirement expires July 31, 2012.

Requires the department of natural resources to recommend to the governor a list of certain forest riparian easement applications to be funded.

VETO MESSAGE ON ESHB 1509

April 29, 2011

To the Honorable Speaker and Members,
 The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 7, Engrossed Substitute House Bill 1509 entitled:

"AN ACT Relating to the forestry riparian easement program."

This bill resolves eligibility requirements for participation and compensation in the Forest Riparian Easement Program and fine-tunes what easements to protect riparian habitat the program will purchase if funding is available. There is no emergent need for the bill to become effective immediately, and therefore the emergency clause in Section 7 of this bill is unnecessary.

For this reason I have vetoed Section 7 of Engrossed Substitute House Bill 1509.

With the exception of Section 7 Engrossed Substitute House Bill 1509 is approved.

Respectfully submitted,
 Christine Gregoire
 Governor

 Creates the animal disease traceability account within the agricultural local fund.

VETO MESSAGE ON SHB 1538

April 29, 2011

To the Honorable Speaker and Members,
 The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 5, Substitute House Bill 1538 entitled:

"AN ACT Relating to animal health inspections."

Section 5 of this bill establishes a formal Animal Disease Traceability Advisory Committee to serve in an advisory capacity to the Department of Agriculture for this program. I am vetoing Section 5 of this bill. I understand the importance of involving livestock growers, feeders, farmers, and business interests in guiding this disease traceability program, but that does not necessitate creating a formal committee in statute. However, along with this veto, I am directing the director of the Department of Agriculture to convene an informal advisory group made up of key livestock industry representatives to assist the department as it implements the animal disease traceability program.

For these reasons, I have vetoed Section 5 of Substitute House Bill 1538.

With the exception of Section 5 Substitute House Bill 1538 is approved.

Respectfully submitted,
 Christine Gregoire
 Governor

VETO MESSAGE ON ESHB 1547

April 29, 2011

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 2 and 3, Engrossed Substitute House Bill 1547 entitled:

"AN ACT Relating to the deportation of criminal alien offenders."

Section 2 requires the Department of Corrections to provide written notice of rights in removal proceedings to all offenders in the department's custody subject to potential conditional release under this statute. Advising offenders of these rights is the responsibility of the federal government at the time removal proceedings are initiated.

Section 3 requires a court to advise a defendant that he or she may be subject to early release from custody for removal from the United States as a consequence of conviction and that the defendant may be able to contest a removal order. Current law and court practices and procedures provide defendants with adequate notice of potential deportation consequences of a plea of guilty.

For these reasons, I have vetoed Sections 2 and 3 of Engrossed Substitute House Bill 1547.

With the exception of Sections 2 and 3 Engrossed Substitute House Bill 1547 is approved.

Respectfully submitted,
Christine Gregoire
Governor

VETO MESSAGE ON E2SHB 1599

May 10, 2011

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 1, Engrossed Second Substitute House Bill 1599 entitled:

"AN ACT Relating to establishing the pay for actual student success dropout prevention program."

To the extent funding is provided in the appropriations act by June 30, 2011, this legislation provides resources to schools and school districts that improve various student engagement and success factors that lead to more high school graduations. The legislation sets forth the data used to determine whether schools and districts are eligible for the incentives authorized.

Section 1 is an intent section that discusses various experiences of schools and principles of law, and is not necessary to interpret or implement the substantive provisions of the bill. For this reason, I have vetoed Section 1 of Engrossed Second Substitute House Bill 1599.

With the exception of Section 1, Engrossed Second Substitute House Bill 1599 is approved.

Respectfully submitted,
Christine Gregoire
Governor

Enacting the middle class jobs act.

(SEE ALSO PROPOSED 1ST SUB)

Establishes the middle class jobs act of 2011.

Finds that: (1) The proportion of people living in middle-income families has declined;

(2) The current economic crisis has likely exacerbated this decline;

(3) With this financial crisis comes the opportunity to move government away from paying state agencies for process and toward paying for actual accomplishment of measurable results; and

(4) Accomplishing this will require teamwork across multiple state agencies, including the department of social and health services, the department of commerce, the office of the superintendent of public instruction, the state board for community and technical colleges, the employment security department, the department of revenue, the Washington state apprenticeship and training council, and the office of financial management's labor relations office.

VETO MESSAGE ON E2SHB 1634

May 5, 2011

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to section 24, Engrossed Second Substitute House Bill 1634 entitled:

"AN ACT Relating to underground utilities."

This bill strengthens our law for preventing damages to underground pipelines and other utilities during excavation. The bill provides the Utilities and Transportation Commission with the authority to take enforcement action for violations, to require reporting of damage to underground utilities, and to develop a stakeholder process to review violations and encourage better excavation practices. The bill provides a comprehensive damage prevention program for underground utilities.

Pursuant to the House floor colloquy on this bill, section 24 was intended to ensure that the bill would not result in regulation by the Utilities and Transportation Commission of consumer-owned utilities such as electric cooperatives, municipal utilities and public utility districts, except when such a utility damages an underground facility subject to this bill, in which case the Commission would have the authority to enforce the provisions of this act.

While the House floor colloquy clarifies legislative intent, the language in Section 24 could be read to exempt consumer-owned utilities from enforcement under the bill, and thereby prevent the Commission from taking enforcement action on underground utility damage caused by consumer-owner utilities. Since the language in this section does not change the statutory independence of consumer-owned utilities in setting their rates and determining their services, the section is not necessary.

For these reasons, I have vetoed section 24 of Engrossed Second Substitute House Bill 1634.

With the exception of section 24, Engrossed Second Substitute House Bill 1634 is approved.

Respectfully submitted,

Christine Gregoire

Governor

HB 1663-S by House Committee on Higher Education (originally sponsored by Representatives Parker, Ormsby, Probst, Billig, Schmick, Fagan, Angel, and Ahern)

(DIGEST AS ENACTED)

Removes the requirement that higher education institutions must purchase goods and services from inmate work programs operated by the department of corrections.

VETO MESSAGE ON SHB 1663

April 29, 2011

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 2, Substitute House Bill 1663 entitled:

"AN ACT Relating to the purchasing authority of institutions of higher education."

This bill removes higher education institutions from the requirement to seek approval from the Office of Financial Management to be exempted from certain purchasing from the Department of Corrections. Section 2 of this bill is an emergency clause that is not necessary. Higher education institutions have been exceeding the minimum 2% purchase target from Correctional Industries, and there is no need for the bill to go into effect immediately.

For this reason, I have vetoed Section 2 of Substitute House Bill 1663.

With the exception of Section 2, Substitute House Bill 1663 is approved.

Respectfully submitted,
Christine Gregoire
Governor

VETO MESSAGE ON HB 1770

May 16, 2011

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 5, House Bill 1770 entitled:

"AN ACT Relating to enhancing small business participation in state purchasing."

I am vetoing Section 5 because it inadvertently eliminated the ability for agencies to make purchases up to three thousand dollars based on buyer experience and knowledge of the market and is therefore in conflict with RCW 43.19.1906(2).

For this reason I have vetoed Section 5 of House Bill 1770.

With the exception of Section 5, House Bill 1770 is approved.

Respectfully submitted,
Christine Gregoire
Governor

Enacting the higher education opportunity act.

(SUBSTITUTED FOR - SEE 2ND SUB)

Establishes the higher education opportunity act to: (1) Ensure that tuition dollars are spent to improve student access, affordability, and the quality of education;

(2) Establish a clear nexus between tuition dollars and improved productivity and greater accountability of public higher education institutions; and

(3) Create a modern and robust higher education financial system that funds outcomes and results rather than input and process.

Requires the office of financial management to create a work group to identify statutory reporting and accountability requirements that are duplicative, overly burdensome, redundant, or ineffective, and develop recommendations for statutory changes.

VETO MESSAGE ON E2SHB 1795

June 6, 2011

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 13 through 25, Engrossed Second Substitute House Bill 1795 entitled:

"AN ACT Relating to the higher education opportunity act."

Sections 13 and 14 exempt higher education from the requirements of competitive solicitation for personal services contracts and other purchases that are less than \$100,000. Current law requires competitive solicitation for personal service contract greater than \$20,000 and for other purchases greater than \$35,000. Section 15 exempts higher education from the requirement that no payments may be made in advance for equipment maintenance services to be performed in excess of one year. Other legislation requires a

study and the establishment of a policy regarding these practices for all of state government, including higher education institutions.

Sections 16 through 24 exempt higher education from various spending freezes, such as hiring, personal service contracts, equipment, out of state travel and training, and board member travel allowances that were imposed during the 2009-2011 biennium. These freezes expire on June 30, 2011. Due to the length of the regular legislative session and special session, sections 15, 16, 17, 18, 19 and 20 have no operative effect because the restrictions expire before the law takes effect.

Section 25 would exempt, through June 30, 2011, higher education institutions from prohibitions on wage and salary increases granted with non-state funds. These prohibitions on wage and salary increases are reinstated for the 2011-13 biennium in SB 5860 for all of state government. In addition, the underlying statute already provides an exemption for higher education to the wage and salary freeze if increases are needed for recruitment and retention purposes.

For these reason, I am vetoing Sections 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24 and 25 of Engrossed Second Substitute House Bill 1795. Higher education institutions are still prohibited from granting wage and salary increases using tuition funding for the 2011-13 biennium, unless increases are necessary for recruitment and retention.

For these reasons, I have vetoed Sections 13 through 25 of Engrossed Second Substitute House Bill 1795.

With the exception of Sections 13 through 25, Engrossed Second Substitute House Bill 1795 is approved.

Respectfully submitted,
Christine Gregoire
Governor

HB 1796 by Representatives Van De Wege, Takko, Upthegrove, Finn, Seaquist, Sullivan, Liias, Jacks, McCoy, Moscoso, Hudgins, Hunt, and Reykdal; by request of Parks and Recreation Commission, Department of Natural Resources, and Department of Fish and Wildlife

Concerning recreation access on state lands.

(SEE ALSO PROPOSED 1ST SUB)

Finds that: (1) There is an increasing demand for outdoor recreation opportunities and conservation measures on certain state lands; and

(2) The recreating public cannot readily discern which state agency is responsible for the management of particular state lands or which policies apply to those lands.

Reforms and improves access to and management of state lands on a sustainable basis by: (1) Providing an integrated personal and vehicle access permit and access policies for state lands;

(2) Recovering the cost incurred by the state for operations and management of recreation opportunities;

(3) Providing resources to address the growing demand and impacts of outdoor recreationists and conservation of our natural resources; and

(4) Providing effective education and enforcement of state land access policies.

Creates the discover pass as a renewable annual pass that is required at any recreation site or land.

Creates the discover pass and day-use permit account.

VETO MESSAGE ON SHB 1861

April 22, 2011

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Section 4, Substitute House Bill 1861 entitled:

"AN ACT Relating to the sale or lease of surplus state-owned railroad properties."

The Department of Transportation does not intend to surplus property within the next 90 days. With that understanding, the emergency clause is unnecessary.

For this reason, I have vetoed Section 4 of Substitute House Bill 1861.

With the exception of Section 4, Substitute House Bill 1861 is approved.

Respectfully submitted,
Christine Gregoire
Governor

HB 1901 by Representatives Cody and Hinkle

Creating flexibility in the delivery of long-term care services.

(SUBSTITUTED FOR - SEE 2ND SUB)

Addresses the delivery of long-term care services relating to:

- (1) Boarding home licensing requirements;
- (2) Intermittent nursing services;
- (3) Availability of qualified and trained staff;
- (4) Conversion of part of nursing home for use as assisted living services; and
- (5) Follow to home services provided by a care coach not included in home health care.

Authorizes nursing homes to establish and provide nonmedical care management services to persons discharged to home for up to thirty days following discharge from the nursing home.

Requires the department of social and health services to: (1) Adopt rules to establish postacute care program certification standards;

(2) Convene a work group to identify the chronic and acute care service needs of the region's residents over the next ten years and the existing service capacity of the provider community to meet those identified needs; and

(3) Convene a work group to discuss and identify one or more mechanisms to incentivize nursing facilities to close or to eliminate licensed beds from active service.

HB 1901-S by House Committee on Health Care & Wellness (originally sponsored by Representatives Cody and Hinkle)

(SUBSTITUTED FOR - SEE 2ND SUB)

Addresses the delivery of long-term care services relating to:

(1) Boarding home licensing requirements;

(2) Intermittent nursing services;

(3) Availability of qualified and trained staff;

(4) Conversion of part of nursing home for use as assisted living services; and

(5) Follow to home services provided by a care coach not included in home health care.

Encourages nursing homes to collaborate with local home health agencies for an assessment of home health needs and determine home health eligibility for patients being discharged.

Requires the department of social and health services to: (1) Adopt rules to establish postacute care program certification standards;

(2) Convene a work group to identify the chronic and acute care service needs of the region's residents over the next ten years and the existing service capacity of the provider community to meet those identified needs; and

(3) Convene a work group to discuss and identify one or more mechanisms to incentivize nursing facilities to close or to eliminate licensed beds from active service.

HB 1901-S2 by House Committee on Health & Human Services Appropriations & Oversight (originally sponsored by Representatives Cody and Hinkle)

(AS OF HOUSE 2ND READING 3/04/11)

Modifies provisions relating to delivery of long-term care services.

Revises boarding home licensing requirements.

Requires boarding homes to provide nonresidents with a disclosure statement upon admission and at the time that additional services are requested by a nonresident.

Requires the state board of nursing home administrators to define by rule the parameters for on-site full-time administrators in nursing homes with small resident populations when the nursing home has converted some of its licensed nursing facility bed capacity for use as assisted living or enhanced assisted living services.

Authorizes nursing facilities to provide telephone or web-based transitional care management services to persons discharged from the facility to home for up to thirty days postdischarge.

Requires the department of social and health services to convene a work group to discuss and identify one or more mechanisms to incentivize nursing facilities to close or to eliminate licensed beds from active service.

VETO MESSAGE ON ESHB 1967

May 16, 2011

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 3, Engrossed Substitute House Bill 1967 entitled:

"AN ACT Relating to modifying provisions related to public transportation system planning."

Section 3 of the bill would require new state facilities located within a public transportation system to be sited in areas adequately accessible by transit service. Access to public transportation is a priority when siting state buildings. However, it is not always feasible or necessary for each state building to be served by public transportation, depending on the nature of the agency or institution and who it serves. Therefore, I am vetoing Section 3 of this bill. However, I have asked the Department of General Administration to consult with transit agencies to assess the access to public transportation when siting state buildings.

For these reasons I have vetoed Section 3 of Engrossed Substitute House Bill 1967.

With the exception of Section 3, Engrossed Substitute House Bill 1967 is approved.

Respectfully submitted,
Christine Gregoire
Governor

Making 2011-2013 supplemental operating appropriations.

(DIGEST AS ENACTED)

Makes 2011-2013 supplemental operating appropriations.

VETO MESSAGE ON SHB 2058

December 20, 2011

The Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I commend you and your Senate colleagues for your early action 2011 supplemental operating budget. I fully recognize the difficult decisions that had to be made in a short period of time.

As I sign this appropriations bill, there are many issues of critical importance to our state that must still be addressed. I commit to working with you to craft a swift and responsible supplemental budget early in the 2012 legislative session.

I am returning, without my approval as to Section 203(9), Substitute House Bill 2058 entitled:

"AN ACT Relating to fiscal matters."

Section 203(9), page 38, Department of Social and Health Services, Juvenile Rehabilitation Program, Maintaining Maple Lane School

This proviso directs the Department of Social and Health Services to maintain the physical plant and protect state assets at the closed Maple Lane School. No additional funds were provided to perform these tasks. For this reason, I have vetoed Section 203(9). However, since the future use of the facility will be significantly affected by ceasing all maintenance, utilities, and security activities, I am directing the agency to temporarily provide minimum operating systems and security so the Legislature has the opportunity to discuss future uses for the facility. The agency will cease all support of the facility no later than April 1, 2012, unless additional legislative appropriation and direction are given.

With the exception of Section 203(9), Substitute House Bill 2058 is approved.

Respectfully submitted,
Christine O. Gregoire
Governor

VETO MESSAGE ON 3ESHB 2127

May 2, 2012

The Honorable Speaker and Members
House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Sections 124; 131(5); 204(1)(f); 205(2)(c); 205(2)(d); 211(6); 213(40); 213(44); 213(45); 213(49); 213(54); 302(13); 308, page 144, lines 27-28; 308(2); 308(12); 505(9); 511(18); 601(7); 714; 919; 925; 926; 930; and 935, Third Engrossed Substitute House Bill 2127 entitled:

"AN ACT Relating to fiscal matters."

Section 124, page 18, Office of the State Treasurer, Supplemental Budget Reductions

The State Treasurer has made significant contributions to solving the state's budget problem, including proposing a \$12.6 million transfer from the State Treasurer's Service Account to the General Fund for my proposed 2012 supplemental operating budget. The Legislature increased this transfer to the General Fund by another \$3.5 million in Section 804 of this budget. This section would reduce appropriations to the Office of the State Treasurer by \$1.2 million. The Treasurer believes this 15 percent reduction would likely lead to lower investment earnings and higher risks to public funds. Moreover, this reduction in the Treasurer's appropriation does not help the General Fund. Rather, it is the transfers in Section 804 that help the General Fund and this appropriation reduction was not included in the transfer. I am leaving Section 804 intact, but given the impacts that the appropriation reduction could have

on timely administration of state finances, I am vetoing Section 124. The Treasurer has volunteered to place actual savings in reserve for a later transfer to the General Fund to help balance the next supplemental budget. For these reasons, I have vetoed Section 124.

Section 131(5), pages 32-34, Office of Financial Management, Office of Regulatory Assistance
Section 935, page 276, Office of Regulatory Assistance and Regulatory Agencies, Small Business Activities

The Office of Regulatory Assistance (ORA) is directed to coordinate an agency small business liaison team with regulatory agencies to recommend improvements to inspection practices and customer service. In addition, ORA must develop anonymous customer service surveys related to regulatory agencies and post them to its website. Similar activities were the subject of legislation that failed to pass the Legislature. The underlying goals of this proviso have already been incorporated into Executive Order 12-01, which directed ORA to establish a small business liaison program, conduct regular outreach with small business groups to streamline and reduce redundancy in regulatory practices and inspections, and establish a web-based customer survey tool for input from all businesses. However, these legislative provisos also set prescriptive requirements on regulatory agencies to document inspection violations and corrective notices. These requirements should be established through a statutory change rather than the budget. In addition, insufficient funding is provided to ORA and regulatory agencies to implement these requirements. For these reasons, I have vetoed Section 131(5) and Section 935.

Section 204(1)(f), pages 60-61, Department of Social and Health Services, Jail Services Study

The Department of Social and Health Services is directed to submit a report to the Legislature by December 1, 2012, regarding the utilization of mental health services by those who are incarcerated or have been recently released from incarceration. No funding was provided to the Department to identify and compile the data necessary to compose the report by the deadline. For this reason, I have vetoed Section 204(1)(f).

Section 205(2)(c), pages 71-72, Department of Social and Health Services, Student Transition Funding

Funding is provided to the Department to contract with school districts for instructional support of new students with developmental disabilities that are admitted to a Residential Habilitation Center (RHC). This budget contains three mechanisms for school districts to obtain additional funding for providing special education services to students housed at RHCs, including one program based on demonstrated need for special education funding in excess of state and federal funding otherwise provided. Only one district would be eligible for this transition funding and it failed to demonstrate excessive costs related to special education for the 2011-12 school year. Because school districts have access to other fund sources when there is a demonstrated need, I have vetoed Section 205(2)(c).

Section 205(2)(d), page 72, Department of Social and Health Services, Rainier School Long-Range Development Plan

This proviso appropriates \$600,000 to create a long-range vision and development plan for Rainier School. Chapter 30, Laws of 2011 established a task force to make recommendations regarding the development of a system of services for persons with developmental disabilities and the state's long-term needs for residential habilitation center capacity. The long-range vision and development plan for Rainier School should be and is part of this larger, statewide strategy. For this reason, I have vetoed Section 205(2)(d).

Section 211(6), pages 87-88, Department of Social and Health Services, Funding for Community Initiative

The Department of Social and Health Services (DSHS) is required to maintain separate centralized administrative services for community health and safety networks that remain after the sunset of the Family Policy Council. DSHS has the administrative

capacity to support this initiative within its current infrastructure. A separate administrative system within the Secretary's office is not necessary. For this reason, I have vetoed Section 211(6).

Section 213(40), page 103, Health Care Authority, Critical Access Hospitals

This proviso requires the Health Care Authority (HCA), in collaboration with numerous parties, to submit a design for rural health system access and quality incentive payments to the Legislature in December 2012. This represents a significant undertaking for which no funding is provided. However, the issue of how to use limited resources to best meet the health care needs of our state's rural residents is an important one. I understand the Legislature intends to focus on this issue, and I will ask my staff and the staff of the relevant agencies to participate in and support these efforts. For this reason, I have vetoed Section 213(40).

Section 213(44), page 106, Health Care Authority, Facility Fees

This item directs the HCA to complete a study on the payment of facility fees and to issue a report to the Legislature by November 1, 2012. Both funding and time is insufficient for the successful completion of this study. Further, the Legislature passed Engrossed Substitute House Bill 2582 this past session which will require hospitals to report to the Department of Health a number of data requirements in regard to facility fees after January 1, 2013. It is premature to conduct this study until the necessary data are submitted and analyzed. For these reasons, I have vetoed Section 213(44).

Section 213(45), pages 106-107, Health Care Authority, Medicaid Managed Care

Section 213(45) requires the director of the HCA to make specific certifications of network adequacy to the Legislature and the Governor prior to awarding a contract for Medicaid managed care services. It also requires a rebidding process in counties where a certification cannot be established and prohibits a reversion to fee-for-service as a result of the procurement process. I am concerned that this proviso circumvents state laws requiring competitive procurements to be free from influence or bias. Competitive procurements ensure that public contracts are awarded based on quality and cost. The agency recently completed its procurement process for Medicaid managed care services. New competitors in the market were able to offer innovative proposals without sacrificing access or quality of care, saving taxpayers \$131 million in this biennium. This was done under the specific directive in this operating budget to "place substantial emphasis upon price competition in the selection of successful bidders," when awarding managed care contracts for Medicaid enrollees. A federal judge recently upheld the competitive process. Unfortunately, some competitors did not compete on price, quality, and innovation criteria. This result is what we expect from a competitive procurement process. For these reasons, I have vetoed Section 213(45).

Section 213(49), page 108, Health Care Authority, Lowest Cost Generic Bidding

This proviso permits the HCA to enter into a competitive bidding process for the purchase of lowest cost generic drugs within the Medicaid program. The HCA already has the statutory authority to pursue competitive contracts through the Preferred Drug Program, and therefore, this proviso is not necessary. The current procurement model used by the agency has proven effective in obtaining the lowest cost generic on the market. Increased use of generic drugs has reduced Medicaid expenditures by \$118 million in the past five fiscal years. The model also is flexible in meeting the needs of patients and pharmacies by not limiting the choice of generic products and instead providing incentives for dispensing at the lowest cost. However, if another model were to prove more effective, current law gives the HCA the authority to move forward. For these reasons, I have vetoed Section 213(49).

Section 213(54), page 109, Health Care Authority, Rural Health Clinics

The HCA is directed to develop an alternative payment and reconciliation methodology for rural health clinics by December 1, 2012. This proviso is unnecessary as the HCA is committed to continuing discussions with the Rural Health Clinic Association of Washington and the Centers for Medicare and Medicaid Services to identify viable options for developing alternative payment and reconciliation methods. Groundwork was laid for this discussion with federal regulators last summer and fall, as the agency began exploratory discussions with the new federal Center for Medicare and Medicaid Innovation to gauge federal tolerance for innovation in this area. In addition, too little time and money were provided to develop the study. For these reasons, I have vetoed Section 213(54).

Section 302(13), page 136, Department of Ecology, Implementation of Children's Safe Products Legislation

This proviso funds the Department of Ecology's responsibilities for implementing either Senate Bill 6120 or House Bill 2821, regarding children's safe products, with legislative direction that the appropriations would lapse if the bills were not enacted. These bills did not pass. For this reason, I have vetoed Section 302(13).

Section 308, page 144, lines 27-28, Department of Natural Resources, Fiscal Year 2013 General Fund-State Appropriation Change

Section 308(2), page 146, Department of Natural Resources, Emergency Fire Suppression

Section 925, page 268, Department of Natural Resources, Forest Development Account

Section 926, pages 268-269, Department of Natural Resources, Forest Development Account

Section 308(2) shifts \$2.1 million in fire suppression costs to the Forest Development Account, which is a trust management account used by the Department of Natural Resources (DNR) to pay for management of state forest trust lands that benefit 19 timber-dependent counties. It is not appropriate to require these 19 counties to bear the statewide costs of fire suppression, even partially, while other trusts and timber landowners remain unaffected. Additionally, \$623,000 in fire suppression overtime savings is assumed in this reduction, which is not feasible to achieve by DNR and its partners to manage wildfire responses. For these reasons, I have vetoed Section 308(2).

To restore funding sufficient to cover the \$2.1 million in fire suppression costs shifted back to the General Fund, I have also vetoed the fiscal year 2013 General Fund appropriation revision found in Section 308, page 144, lines 27-28. Because this veto will restore more funding than necessary to cover the fire suppression costs shifted back to General Fund-State, the Commissioner of Public Lands has agreed, at my request, to place \$1.2 million General Fund-State in reserve for fiscal year 2013.

Sections 925 and 926 make statutory changes needed to allow the use of the Forest Development Account for fire suppression costs by the Department of Natural Resources proposed in Section 308(2). Because I have vetoed Section 308(2), I have also vetoed Section 925 and Section 926.

Section 308(12), pages 148-149, Department of Natural Resources, Marina Rent Rates

Section 930, pages 272-273, Department of Natural Resources, Calculation of Annual Rent for Qualifying Marinas

These items have the effect of reducing marina rent solely benefiting up to six marinas in our state. Revising marina rent rates has long been an issue before the Legislature. The Department has completed several different studies and options for revising marina rents and introduced legislation as early as 2011 to implement these changes. These studies have clearly demonstrated that the current method to set marina rents is inequitable. The Legislature needs to take action on a permanent statutory change that addresses rents for all marinas within the state, not simply "pilot" a rent reduction for a few marinas through the budget. Additionally, the lower rent rates would reduce revenue to the Aquatic Lands Enhancement Account by \$75,000 per year, an account which is already over-

appropriated by \$2 million. For these reasons, I have vetoed Section 308(12) and Section 930.

Section 505(9), page 180, Office of the Superintendent of Public Instruction, Development of New Transportation Allocation Formula

The Office of the Superintendent of Public Instruction (OSPI) is required to develop a new state unit-cost pupil transportation funding allocation for schools, or a hybrid formula, for legislative consideration and potential adoption. From 2006 to 2011, the state invested more than \$1,000,000 to study and implement pupil transportation formula options. Consultants for the study, along with a working group of school district finance and transportation experts, recommended the expected cost model of funding over a unit-cost model. This model was enacted by the Legislature, effective September 1, 2011, and OSPI has proceeded with implementation. The state has carefully considered various formula options and invested considerable effort into developing the expected cost model. Another pupil transportation study is unwarranted. For these reasons, I have vetoed Section 505(9).

Section 511(18), page 192, Office of the Superintendent of Public Instruction, Education Reform Program, American Academy

This proviso allocates \$200,000 solely for The American Academy to provide social support and academic interventions to at-risk students. The American Academy is one of many programs in the state providing services to at-risk students. This proviso singles out a specific provider, The American Academy, for additional funding when other programs serving at-risk students are equally deserving. For this reason, I have vetoed Section 511(18).

Section 601(7), page 200, State Board for Community and Technical Colleges, Bellevue College Baccalaureate Degrees

Bellevue College would be temporarily authorized through this budget proviso to offer baccalaureate degrees, rather than applied baccalaureate degrees as currently authorized. The current applied baccalaureate pilot program at Bellevue College and other participating institutions shows promise. While expansion of baccalaureate degree programs into the state's community and technical college system may ultimately prove to be sound public policy, such authorization through a budget proviso is the wrong approach. The Legislature endorsed the System Design Plan in 2010 for the purpose of establishing a process for the expansion of new programs and degrees where there is demand and to ensure financial sustainability. This important planning process cannot succeed if independent authorization is given in a budget proviso. Moreover, it is unlikely that implementation of degree programs on a new campus can be completed by June 30, 2013, when the authority in this subsection will expire. For these reasons, I have vetoed Section 601(7).

Section 714, pages 232-233, Office of Financial Management, Fiscal Year 2013 Information Technology Savings

Section 714 directs the Office of Financial Management to identify information technology (IT) savings and to reduce state agency allotments by \$10 million in all funds. The 2011-13 budget already includes another \$60 million in central service reductions, as well as administrative cuts in multiple agencies and the expectation that agencies will under-spend their revised budgets by \$120 million of reversions. While the state will continue to pursue savings in IT and other back office functions, we have to be realistic about the detrimental effect of random reduction targets. At some point, agencies will not be able to deliver expected services even with increased productivity. So, enough is enough. For this reason, I have vetoed Section 714.

Section 919, pages 253-257, Office of the Governor, Across-the-Board Reductions

Existing law gives the Governor authority to impose across-the-board spending reductions when a cash deficit is projected in a particular fund. To prevent the necessity of a special session if revenues decline, I asked the Legislature for more flexibility in the event there was a need to reduce State General Fund expenditure authority. However, this language actually reduces executive

flexibility by mandating that all provisoed amounts be reduced by the same percentage as separate appropriations. While agencies must respect legislative priorities when implementing across-the-board reductions, mandating the preservation of provisoed funds over core services is the wrong approach. For these reasons, I have vetoed Section 919.

I am not vetoing Section 307, which transfers \$3.3 million of the Department of Fish and Wildlife's enforcement expenses from the State General Fund to the Recreation Resources Account. However, I do have concerns about this provision of the bill. A veto would not restore the \$3.3 million General Fund reduction and would result in the elimination of 30 enforcement officer positions. The Department cannot effectively enforce state fish and wildlife regulations with a reduction of this magnitude. The Recreation Resources Account provides grants for local boating projects across the state. The Legislature should reconsider this transfer next session.

With the exception of Sections 124; 131(5); 204(1)(f); 205(2)(c); 205(2)(d); 211(6); 213(40); 213(44); 213(45); 213(49); 213(54); 302(13); 308, page 144, lines 27-28; 308(2); 308(12); 505(9); 511(18); 601(7); 714; 919; 925; 926; 930; and 935, Third Engrossed Substitute House Bill 2127 is approved.

Respectfully submitted,
Christine Gregoire

HB 2162 by Representatives Takko, Angel, Rivers, Blake, Springer, and Dahlquist

Addressing appeal and permit procedures under the shoreline management act.

(SEE ALSO PROPOSED 1ST SUB)

Finds that the decision in *Merkel v. Port of Brownsville*, 8 Wn. App. 844; 509 P.2d 390 (1973), impedes development by delaying construction outside shoreland areas, when such construction is part of a project with elements under appeal to the shorelines hearings board.

Authorizes the commencement of development activity outside the shoreland area before final action has been taken on a related shorelines appeal, as long as the local government finds that the work is not inconsistent with any requirement of the applicable shorelines master plan.

HB 2162-S by House Committee on Local Government (originally sponsored by Representatives Takko, Angel, Rivers, Blake, Springer, and Dahlquist)

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Authorizes the commencement of development activity landward of a shoreland area before a final decision has been rendered by the shorelines hearings board on a related shorelines appeal, as long as the local government and, for conditional use permits and variances, the department of ecology find that the development activity is not inconsistent with any requirement of the applicable shoreline master program or the permit under appeal.

Making 2011-2013 supplemental transportation appropriations.

(SUBSTITUTED FOR - SEE 1ST SUB)

Makes 2011-2013 supplemental transportation appropriations.

HB 2190-S by House Committee on Transportation (originally sponsored by Representatives Clibborn, Armstrong, Billig, and Hargrove; by request of Governor Gregoire)

(DIGEST AS ENACTED)

Makes 2011-2013 supplemental transportation appropriations.

VETO MESSAGE ON ESHB 2190

March 23, 2012

To the Honorable Speaker and Members,
 The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 102(9), 604, 212(2), 216(7), 602(4), and 717, Engrossed Substitute House Bill 2190 entitled:

"AN ACT Relating to transportation funding and appropriations."

Section 102(9), pages 4-5, Office of Financial Management Section 604, page 93, Washington State Patrol

These provisos require the Office of the Chief Information Officer (OCIO) and the Washington State Patrol to conduct a technical review of the State Patrol's conversion to narrowbanding. Funding was not provided in either proviso, and review of the narrowbanding project has already been done by external entities. For these reasons, I have vetoed Section 102(9) and Section 604.

Section 212(2), page 28, Department of Transportation

This proviso directs the Department to provide a report about a possible move of the Aviation Division from Arlington to Olympia, and states that this move cannot occur unless approved by the Legislature during the 2013 session. A financial analysis has already been completed that identifies savings by moving the Aviation Division office to a state-owned building. For this reason, I have vetoed Section 212(2).

Section 216(7), page 35, Department of Transportation

This proviso requires the Secretary of the Department of Transportation, upon the request of a county, to reduce the maximum speed limits on a state highway in proximity to a state university research and extension center. As highway safety remains one of my top transportation concerns, I have instructed the Department to work with the affected counties identified in this proviso by June 30, 2012. Nevertheless, for safety reasons, state highway speed limits should be managed in a consistent manner at the state level. For this reason, I have vetoed Section 216(7).

Section 602(4), page 91, Department of Transportation

This proviso requires that the Department of Transportation's 2013-15 biennial budget submittal include a three percent reduction in workforce in Information Technology, Program Delivery Management, Administration and Support, and Planning and Research. The Department believes it is more appropriate that the budget be informed by workload needs, federal planning requirements and other management responsibilities, which are balanced against project delivery expectations and available resources. The proviso also imposes a management-to-staffing ratio on the Department's administrative operating programs. These programs require a higher-than-average concentration of managers as they provide statewide management and oversight of the highways construction program and other core programs. Therefore, it is not appropriate to impose a management-to-staffing ratio on these programs. For these reasons, I have vetoed Section 602(4), and instructed the Department to continue to find efficiencies and make reductions in its administrative overhead this biennium and in the 2013--15 biennial budget submittal. For this reason, I have vetoed Section 602(4).

Section 717, page 98, Conditionally Additive Appropriations

This proviso ties the appropriation of additional transportation funding in sections 702, 705, 708, 710, 711(2), 712, and 713 to the passage of Engrossed Substitute Senate Bill 6455, which did not pass. In order to preserve the appropriations, I have vetoed Section 717.

With the exception of Sections 102(9), 604, 212(2), 216(7), 602(4) and 717, Engrossed Substitute House Bill 2190 is approved.

Respectfully submitted,
 Christine Gregoire
 Governor

HB 2253 by Representatives Fitzgibbon, Billig, and Jinkins

Companion Bill: 6130

Modernizing the functionality of the state environmental policy act.

(SUBSTITUTED FOR - SEE 2ND SUB)

Modifies provisions relating to the functionality of the state environmental policy act.

Creates the categorical exemption board to ensure that categorical exemptions and the environmental checklist process are updated periodically to reflect current conditions, to reduce duplicative rules and regulations, and to contain avoidable costs while still meeting environmental review objectives.

HB 2253-S by House Committee on Environment (originally sponsored by Representatives Fitzgibbon, Billig, and Jinkins)

(SUBSTITUTED FOR - SEE 2ND SUB)

Modernizes the functionality of the state environmental policy act.

Requires the department of ecology to: (1) Update the rule-based categorical exemptions to the state environmental policy act and update the environmental checklist;

(2) Update the thresholds for all other project actions;

(3) Convene an advisory committee to assist in updating the environmental checklist and the thresholds for other project actions; and

(4) Accept electronic submittal of all required filings from lead agencies.

Exempts from the state environmental policy act, certain projects designed exclusively to restore natural wildlife or fishery habitats or certain projects that serve as environmental mitigation for other projects.

Allows counties, cities, and towns to recover reasonable expenses incurred by the preparation of a nonproject environmental impact statement.

Allows money in the growth management planning and environmental review fund to be used to make loans to local governments for certain purposes.

HB 2319-S2 by House Committee on Ways & Means (originally sponsored by Representatives Cody, Jinkins, and Ormsby; by request of Governor Gregoire and Insurance Commissioner)

(DIGEST AS ENACTED)

Furthers state implementation of the health benefit exchange and related provisions of the affordable care act.

VETO MESSAGE ON E2SHB 2319

March 23, 2012

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I have approved, except for Section 26, Engrossed Second Substitute House Bill 2319 entitled:

"AN ACT Relating to furthering state implementation of the health benefit exchange and related provisions of the affordable care act."

Section 26 requires the exchange to suspend operations if at any time it is not self-sustaining. There are other sections of the bill which require the exchange to be self-sustaining. Section 26 is redundant, and the phrase "at any time" adds an unnecessary element of uncertainty and creates risks of litigation that could interfere with exchange operations. For these reasons I have vetoed Section 26.

Although there are other sections of the bill about which concerns have been raised, I am approving them for the following reasons:

Section 6 imposes market rules essential to help health plans sold in the exchange remain affordable by protecting them against adverse selection, with great care taken not to inappropriately burden the general insurance market. Concern that this section would apply to other than individual or small group plans is misplaced. Such a reading is unsupported by the legislative history and makes no sense in light of the statutory purpose and the corresponding provisions of the federal Affordable Care Act.

Section 7 has also produced some confusion about the effective date when it becomes law and the later operative date when the Insurance Commissioner would implement its provisions. This section will become a statute in existing law on its effective date of June 7, 2012; however, it will not become operative and apply to any health plans until January 1, 2014. This is because the referenced Section 1302 of the Affordable Care Act does not become operative until that later date. The Insurance Commissioner has advised me his office will not apply or enforce the provisions of Section 7 until January 1, 2014.

Section 25 effectively exempts "navigators" acting under the Affordable Care Act from the state licensing requirements applicable to insurance agents or brokers under chapter 48.17 RCW. These are individuals or organizations that will be charged with informing consumers about their new health insurance options -- particularly low-income consumers who face language or cultural barriers. Section 25 conforms state law to recent rules issued by the United States Department of Health and Human Services which prohibit a state from requiring a navigator to hold an agent or broker license. These federal rules also call for the state to adopt separate consumer protection standards addressing the unique circumstances under which navigators will operate, which Section 25 does not preclude, and I expect our state will do.

With the exception of Section 26, Engrossed Second Substitute House Bill 2319 is approved.

Respectfully submitted,
Christine Gregoire
Governor

VETO MESSAGE ON E2SHB 2483

March 30, 2012

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 570, Engrossed Second Substitute House Bill 2483 entitled:

"AN ACT Relating to higher education coordination."

The Legislature has passed two bills this session amending RCW 28B.117.020. To prevent a conflicting double amendment, I am vetoing Section 570 of Engrossed Second Substitute House Bill 2483. This section would correct a reference to the Higher Education Coordinating Board in RCW 28B.117.020. Substitute House Bill 2254 eliminates the reference and obviates the need for correction.

For this reason I have vetoed Section 570 of Engrossed Second Substitute House Bill 2483.

With the exception of Section 570, Engrossed Second Substitute House Bill 2483 is approved.

Respectfully submitted,
Christine Gregoire
Governor

HB 2490 by Representatives Carlyle, Springer, Reykdal, Stanford, Roberts, Morris, and Orcutt; by request of Governor Gregoire

Companion Bill: 6176

Improving the business climate in this state by simplifying state and local tax and licensing systems.

Establishes the tax and licensing simplification act.

Pursues a long-term vision of a single internet portal for business licensing, registration, and tax reporting, to include both state and local governments.

Begins the tax and licensing simplification process by: (1) Reducing the number of state business and occupation tax classifications;

(2) Requiring greater uniformity between local business and occupation taxes and the state business and occupation tax, with a goal of state-level administration of all local business and occupation taxes by January 1, 2015, or as soon thereafter as possible; and

(3) Simplifying local business licensing to facilitate the transition to mandatory issuance and renewal of local business licenses through the state's business licensing system by July 1, 2014, or as soon thereafter as possible, for cities imposing a business and occupation tax, and by January 1, 2018, or as soon thereafter as possible, for all other cities and towns that have a business licensing requirement.

Promoting workplace safety and health by enacting the blueprint for safety program.

(DIGEST AS PASSED LEGISLATURE)

Establishes the blueprint for safety program to improve safety for employees and lower costs for employers by assisting those employers for which the traditional safety and health model has not been effective.

Requires the department of labor and industries to: (1) Design the program to promote management and labor leadership in safety and health;

(2) Expand the current blueprint for safety program to include an additional department region of operation; and

(3) Post information on its web page to provide information about the program to employers.

Requires the program to be implemented within existing resources and prohibits funding from the medical aid fund or the accident fund.

VETO MESSAGE ON EHB 2509

March 30, 2012

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval, Engrossed House Bill 2509 entitled:

"AN ACT Relating to improving workplace safety and health by enacting the blueprint for safety program."

Engrossed House Bill 2509 would require the Department of Labor and Industries to expand its voluntary technical assistance pilot program, the *Blueprint for Safety Program*, to an additional region of the state. Engrossed House Bill 2509 further states that funding for this program cannot be appropriated from the medical aid fund or accident fund, but shall be implemented within existing resources.

The goal of the *Blueprint for Safety Program* is to improve employee safety and lower costs by assisting those employers for which the traditional safety and health model has not been effective. This goal is laudable, and I will direct the Department to continue its work in this area. However, combining a mandated expansion of this labor-intensive program with restrictions on use of the medical aid fund or accident fund is problematic. These limits on funding sources could cause significant reductions in several important ongoing programs supported by other funds. Also, these limits would decrease the Department's ability to ensure federal matching funds are not put in jeopardy.

This bill contains a single section that both expands the *Blueprint for Safety Program* and restricts use of resources.

For this reason I have vetoed Engrossed House Bill 2509 in its entirety.

Respectfully submitted,
Christine Gregoire
Governor

HB 2530 by Representatives Carlyle, Hunter, Reykdal, Roberts, and Pollet; by request of Department of Revenue

Improving accountability for tax preferences.

(SEE ALSO PROPOSED 1ST SUB)

Finds that: (1) In order to make policy choices regarding the best use of limited state resources the legislature needs information to evaluate whether the continuation of existing tax preferences is in the public interest;

(2) Existing annual reports and annual surveys used to gather data from taxpayers to evaluate the effectiveness of tax incentives should be improved and consolidated into a single document to provide better information with which to evaluate the effectiveness of tax preferences, provide greater consistency for taxpayers, and simplify administration for the department of revenue; and

(3) The process for evaluating tax preferences would be strengthened by establishing a five-year expiration date for those tax preferences enacted by the legislature in the future that are subject to the annual survey; and by requiring that when the joint legislative audit and review committee recommends that a tax preference be modified or terminated immediately, the committee

must include in its report to the legislative fiscal committees draft legislation to implement the recommendation.

Addresses the sealing of juvenile records.

HB 2541-S by House Committee on Early Learning & Human Services (originally sponsored by Representatives Darneille, Dickerson, Jinkins, Roberts, Appleton, Kagi, and Kenney)

(DIGEST AS PASSED LEGISLATURE)

Addresses the sealing of juvenile records.

VETO MESSAGE ON SHB 2541

March 29, 2012

To the Honorable Speaker and Members,
 The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval, Substitute House Bill 2541 entitled:

"AN ACT Relating to sealing juvenile records."

The policy of this bill is covered in Substitute Senate Bill 6240. Further, the two sections in Substitute House Bill 2541 would result in double amendments of RCW 13.40.127 and RCW 13.50.050 that cannot be fully reconciled with Substitute Senate Bill 6240.

For these reasons I have vetoed Substitute House Bill 2541 in its entirety.

Respectfully submitted,
 Christine Gregoire
 Governor

VETO MESSAGE ON ESHB 2570

March 30, 2012

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 1, Engrossed Substitute House Bill 2570 entitled:

"AN ACT Relating to metal property theft."

Section 1 creates a twenty-four member task force to study the issue of metal theft and make recommendations to the Legislature. As I have stated many times, I do not support the statutory creation of new boards, commissions, work groups, or task forces. I believe this task force can be assembled independently, by the interested parties, without the need for a statute. In the alternative, the Legislative Committee(s) with jurisdiction can make the issue part of its interim work plan.

For these reasons, I have vetoed Section 1 of Engrossed Substitute House Bill 2570.

With the exception of Section 1, Engrossed Substitute House Bill 2570 is approved.

Respectfully submitted,
Christine Gregoire
Governor

I am returning herewith, without my approval as to Section 2, Third Substitute House Bill 2585 entitled:

"AN ACT Relating to creating efficiencies for institutions of higher education."

Section 2 allows institutions of higher education to implement higher education health care special pay plans without the approval of the State Human Resources Director. Higher education health care special pay plans have existed for many years and the institutions do an excellent job in demonstrating the need for special pay ranges to be competitive with positions of a similar nature in the locality of the institutions. However, review of special pay plans by the State Human Resources Director prior to implementation is a necessary step to assess the impact of special pay ranges to the state's compensation structure. Only the State Human Resources Director can provide this enterprise wide perspective.

For this reason, I am vetoing Section 2 of Third Substitute House Bill 2585.

However, I appreciate the needs of institutions to find efficiencies in this process. Therefore, I am directing the State Human Resources Director to work with institutions of higher education to identify opportunities at the administrative level to streamline the process for reviewing special pay plans.

With the exception of Section 2, Third Substitute House Bill 2585 is approved.

Respectfully submitted,
Christine Gregoire
Governor

HB 2586 by Representatives Kagi, Maxwell, Ladenburg, Dammeier, Kenney, and Tharinger; by request of Department of Early Learning and Superintendent of Public Instruction

Companion Bill: 6326

Phasing-in statewide implementation of the Washington kindergarten inventory of developing skills.

(SUBSTITUTED FOR - SEE 1ST SUB)

Requires, to the extent funds are available and beginning in the 2012-2013 school year, the Washington kindergarten inventory of developing skills to be administered at the beginning of the school year to all students enrolled in state-funded full-day kindergarten programs with the exception of students who have been excused from participation by their parents or guardians.

Requires the superintendent of public instruction in consultation with the department of early learning, until full statewide implementation of the Washington kindergarten inventory of developing skills, to grant annual, renewable waivers from the requirement to administer the Washington kindergarten inventory of developing skills.

HB 2586-S by House Committee on Ways & Means (originally sponsored by Representatives Kagi, Maxwell, Ladenburg, Dammeier, Kenney, and Tharinger; by request of Department of Early Learning and Superintendent of Public Instruction)

Phasing-in statewide implementation of the Washington kindergarten inventory of developing skills. (REVISED FOR PASSED LEGISLATURE: Regarding the Washington kindergarten inventory of developing skills.)

(DIGEST AS ENACTED)

Declares it is the intent of the legislature that administration of the Washington kindergarten inventory of developing skills replace administration of other assessments being required by school districts or that other assessments only be administered if they seek to obtain information not covered by the Washington kindergarten inventory of developing skills.

Requires, to the extent funds are available and beginning in the 2012-2013 school year, the Washington kindergarten inventory of developing skills to be administered at the beginning of the school year to students enrolled in state-funded full-day kindergarten programs with the exception of students who have been excused from participation by their parents or guardians.

Requires the superintendent of public instruction, in consultation with the department of early learning, to convene a work group to provide input and recommendations with respect to implementation of the Washington kindergarten inventory of developing skills.

Provides that the act is null and void if appropriations are not approved.

HB 2657-S by House Committee on Health & Human Services Appropriations & Oversight (originally sponsored by Representatives Roberts, Kagi, Maxwell, and Kenney)

(DIGEST AS ENACTED)

Prohibits the secretary of the department of social and health services from setting the amount of certain adoption assistance payments to more than eighty percent of the foster care maintenance payment for that child had he or she remained in a foster family home during the same period.

Requires the department of social and health services to: (1) Establish a central unit of adoption support negotiators to help ensure consistent negotiation of adoption support agreements; and

(2) Request, in writing, that adoptive families with existing adoption support contracts renegotiate their contracts to establish lower adoption assistance payments if it is fiscally feasible for the family to do so.

VETO MESSAGE ON SHB 2657

March 29, 2012

To the Honorable Speaker and Members,
 The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 3, Substitute House Bill 2657 entitled:

"AN ACT Relating to adoption support expenditures."

Section 3 requires the Department of Social and Health Services to convene a work group, as part of its children's mental health redesign efforts, to develop recommendations to better address the mental health service needs of adoptive families and reduce the need to spend adoption support payments on mental health services. The Department of Social and Health Services is additionally required to issue recommendations to the Legislature by December 15, 2012.

While I appreciate the intent of this section, the Department of Social and Health Services has already included the convening of a similar work group in its plan for improvements to the children's mental health system. I am directing the Secretary of the Department of Social and Health Services to consider the Legislature's intent in the composition and tasks of the work group and to keep the Legislature informed of its efforts. Creation of a work group in statute and the preparation of a formal report are not necessary.

For this reason, I have vetoed Section 3 of Substitute House Bill 2657.

With the exception of Section 3, Substitute House Bill 2657 is approved.

Respectfully submitted,
Christine Gregoire
Governor

VETO MESSAGE ON ESHB 2692

March 29, 2012

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I have approved, except for Section 1, Engrossed Substitute House Bill 2692 entitled:

"AN ACT Relating to the reduction of the commercial sale of sex."

I am vetoing Section 1 because it amends the same section of the Revised Code of Washington that is amended in Section 3 of Engrossed Substitute House Bill 1983. The amendments cannot be reconciled.

For this reason I have vetoed Section 1 of Engrossed Substitute House Bill 2692.

With the exception of Section 1, Engrossed Substitute House Bill 2692 is approved.

Respectfully submitted,
Christine Gregoire
Governor

HB 2834 by Representatives Alexander, Springer, and Angel
Providing cost savings for local governments by reducing a limited number of reporting requirements.

(DIGEST AS ENACTED)

Reduces certain reporting requirements to provide cost savings for local governments.

VETO MESSAGE ON HB 2834

May 2, 2012

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 4, House Bill 2834 entitled:

"AN ACT Relating to providing cost savings for local governments by reducing a limited number of reporting requirements."

Section 4 contains two directives. The first requires the Office of Financial Management (OFM) to conduct a review of reports, programs, and mandates required of state and local governments to determine those that are obsolete or unnecessary. The second requires OFM to develop and submit executive request legislation to terminate specific reports, programs, and mandates based on the review. While I agree that conducting a sunset review of requirements imposed on state and local governments would be beneficial, I do not believe it is appropriate for the Legislature to mandate the content of executive request legislation. Article III, section 6 of the Washington Constitution provides that the Governor shall recommend to the Legislature such measures as the Governor deems expedient for their action. Section 4 is inconsistent with this constitutional provision and the constitutional separation of powers.

I will direct OFM to work with statewide organizations representing cities and counties to create a process to review reports, mandates, and programs that create additional expenses for state and local governments. OFM will report to the Governor and the Legislature and submit recommendations on executive request legislation to the Governor.

For this reason, I have vetoed Section 4 of House Bill 2834.

With the exception of Section 4, House Bill 2834 is approved.

Respectfully submitted,
Christine Gregoire
Governor
