RCW 44.28.005 Definitions.

Applicable Cases

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Legislative auditor" means the executive officer of the joint legislative audit and review committee.

(2) "Economy and efficiency audits" means performance audits that establish: (a) Whether a state agency or unit of local government receiving state funds is acquiring, protecting, and using its resources such as personnel, property, and space economically and efficiently; (b) the causes of inefficiencies or uneconomical practices; and (c) whether the state agency or local government has complied with significant laws and rules in acquiring, protecting, and using its resources.

(3) "Final compliance report" means a written document, as approved by the joint committee, that states the specific actions a state agency or unit of local government receiving state funds has taken to implement recommendations contained in the final performance audit report and the preliminary compliance report. Any recommendations, including proposed legislation and changes in the agency's rules and practices or the local government's practices, based on testimony received, must be included in the final compliance report.

(4) "Final performance audit report" means a written document adopted by the joint legislative audit and review committee that contains the findings and proposed recommendations made in the preliminary performance audit report, the final recommendations adopted by the joint committee, any comments to the preliminary performance audit report by the joint committee, and any comments to the preliminary performance audit report by the state agency or local government that was audited.

(5) "Joint committee" means the joint legislative audit and review committee.

(6) "Local government" means a city, town, county, special purpose district, political subdivision, municipal corporation, or quasi-municipal corporation, including a public corporation created by such an entity.

(7) "Performance audit" means an objective and systematic assessment of a state agency or any of its programs, functions, or activities, or a unit of local government receiving state funds, by an independent evaluator in order to help public officials improve efficiency, effectiveness, and accountability. Performance audits include economy and efficiency audits and program audits. A performance audit of a local government may only be made to determine whether the local government is using state funds for their intended purpose in an efficient and effective manner.

(8) "Performance measures" are a composite of key indicators of a program's or activity's inputs, outputs, outcomes, productivity, timeliness, and/or quality. They are means of evaluating policies and programs by measuring results against agreed upon program goals or standards.

(9) "Preliminary compliance report" means a written document that states the specific actions a state agency or unit of local government receiving state funds has taken to implement any recommendations contained in the final performance audit report.

(10) "Preliminary performance audit report" means a written document prepared for review and comment by the joint legislative audit and review committee after the completion of a performance audit. The preliminary performance audit report must contain the audit findings and any proposed recommendations to improve the efficiency, effectiveness, or accountability of the

state agency or local government audited.

(11) "Program audits" means performance audits that determine: (a) The extent to which desired outcomes or results are being achieved; (b) the causes for not achieving intended outcomes or results; and (c) compliance with significant laws and rules applicable to the program.

[1996 c 288 § 2.]

Notes:

Findings and intent--1996 c 288: "The public expects the legislature to address citizens' increasing demand for the basic services of state government, while limiting the growth in spending. The public demands that public officials and state employees be accountable to provide maximum value for every dollar entrusted to state government. The public believes that it is possible to improve the responsiveness of state government and to save the taxpayers' money, and that efficiency and effectiveness should result in savings.

The legislature, public officials, state employees, and citizens need to know the extent to which state agencies, programs, and activities are achieving the purposes for which they were created. It is essential to compare the conditions, problems, and priorities that led to the creation of government programs with current conditions, problems, and priorities, and to examine the need for and performance of those programs in the current environment.

Along with examining the performance of state agencies and programs, the legislature, public officials, state employees, and citizens must also consider the effect that state government programs can reasonably expect to have on citizens' lives, how the level of programs and services of Washington state government compares with that of other states, and alternatives for service delivery, including other levels of government and the private sector including not-for-profit organizations. It is essential that the legislature, public officials, state employees, and citizens share a common understanding of the role of state government. The performance and relative priority of state agency programs and activities must be the basis for managing and allocating resources within Washington state government.

It is the intent of the legislature to strengthen the role of the current legislative budget committee so that it may more effectively examine how efficiently state agencies perform their responsibilities and whether the agencies are achieving their goals, and whether units of local government are using state funds for their intended purpose in an efficient and effective manner. It is also the intent of the legislature to enact a clear set of definitions for different types of audits in order to eliminate confusion with regard to government reviews." [1996 c 288 § 1.]

(b) Whether implementation of an existing program has failed to meet its goals and objectives by any significant degree; and

(c) Whether a follow-up audit would help ensure that previously identified recommendations for improvements were being implemented.

(2) The project description for each performance audit must include start and completion dates, the proposed approach, and cost estimates.

(e) The contracts may include any provision that the director deems necessary to ensure acceptable service and the full collection of vehicle and vessel tax revenues.

(f) The director may waive any provisions of the contract deemed necessary in order to ensure that readily accessible service is provided to the citizens of the state.

(4)(a) At any time any application is made to the director, the county auditor, or other agent pursuant to any law dealing with licenses, registration, or the right to operate any vehicle or vessel upon the public highways or waters of this state, excluding applicants already paying such fee under RCW 46.16.070 or 46.16.085, the applicant shall pay to the director, county auditor, or other agent a fee of three dollars for each application in addition to any other fees required by law.

(b) Counties that do not cover the expenses of vehicle licensing and vessel registration and title activities may submit to the department a request for cost-coverage moneys. The request must be submitted on a form developed by the department. The department shall develop procedures to verify whether a request is reasonable. Payment shall be made on requests found to be allowable from the licensing services account.

(c) Applicants for certificates of ownership, including applicants paying fees under RCW

46.16.070 or 46.16.085, shall pay to the director, county auditor, or other agent a fee of four dollars in addition to any other fees required by law.

(d) The fees under (a) and (c) of this subsection, if paid to the county auditor as agent of the director, or if paid to a subagent of the county auditor, shall be paid to the county treasurer in the same manner as other fees collected by the county auditor and credited to the county current expense fund. If the fee is paid to another agent of the director, the fee shall be used by the agent to defray his or her expenses in handling the application.

(5) A subagent shall collect a service fee of (a) seven dollars and fifty cents for changes in a certificate of ownership, with or without registration renewal, or verification of record and preparation of an affidavit of lost title other than at the time of the title application or transfer and (b) three dollars for registration renewal only, issuing a transit permit, or any other service under this section.

(6) If the fee is collected by the state patrol as agent for the director, the fee so collected shall be certified to the state treasurer and deposited to the credit of the state patrol highway account. If the fee is collected by the department of transportation as agent for the director, the fee shall be certified to the state treasurer and deposited to the credit of the motor vehicle fund. All such fees collected by the director or branches of his office shall be certified to the state treasurer and deposited to the credit of the highway safety fund.

(7) Any county revenues that exceed the cost of providing vehicle licensing and vessel registration and title activities in a county, calculated in accordance with the procedures in subsection (3)(d) of this section, shall be expended as determined by the county legislative authority during the process established by law for adoption of county budgets.

(8) The director may adopt rules to implement this section.

Applicable Cases

A security interest in a vehicle other than one held as inventory by a manufacturer or a dealer and for which a certificate of ownership is required is perfected only by compliance with the requirements of RCW 46.12.103 under the circumstances provided for therein or by compliance with the requirements of this section:

(2) It is perfected as of the time of its creation: (a) If the papers and fee referred to in subsection (1) of this section are received by this department within twenty calendar days of the day on which the security agreement was created; or (b) if the secured party's name and address appear on the outstanding certificate of ownership; otherwise, as of the date on which the department has received the papers and fee required in subsection (1) of this section.

(3) If a vehicle is subject to a security interest when brought into this state, perfection of the security interest is determined by the law of the jurisdiction where the vehicle was when the security interest was attached, subject to the following:

RCW 46.12.101 Transfer of ownership--Requirements--Penalty, exceptions.

Applicable Cases

A transfer of ownership in a motor vehicle is perfected by compliance with the requirements of this section.

(1) If an owner transfers his or her interest in a vehicle, other than by the creation, deletion, or change of a security interest, the owner shall, at the time of the delivery of the vehicle, execute an assignment to the transferee and provide an odometer disclosure statement under RCW 46.12.124 on the certificate of ownership or as the department otherwise prescribes, and cause the certificate and assignment to be transmitted to the transferee. The owner shall notify the department or its agents or subagents, in writing, on the appropriate form, of the date of the sale or transfer, the name and address of the owner and of the transferee, the transferee's driver's license number if available, and such description of the vehicle, including the vehicle identification number, the license plate number, or both, as may be required in the appropriate form provided or approved for that purpose by the department. The report of sale will be deemed properly filed if all information required in this section is provided on the form and includes a department-authorized notation that the document was received by the department, its agents, or subagents on or before the fifth day after the sale of the vehicle, excluding Saturdays, Sundays, and state and federal holidays. Agents and subagents shall immediately electronically transmit the seller's report of sale to the department. Reports of sale processed and recorded by the department's agents or subagents may be subject to fees as specified in RCW 46.01.140 (4)(a) or (5)(b).

(2) The requirements of subsection (1) of this section to provide an odometer disclosure

statement apply to the transfer of vehicles held for lease when transferred to a lessee and then to the lessor at the end of the leasehold and to vehicles held in a fleet when transferred to a purchaser.

(3) Except as provided in RCW 46.70.122 the transferee shall within fifteen days after delivery to the transferee of the vehicle, execute the application for a new certificate of ownership in the same space provided therefor on the certificate or as the department prescribes, and cause the certificates and application to be transmitted to the department.

(4) Upon request of the owner or transferee, a secured party in possession of the certificate of ownership shall, unless the transfer was a breach of its security agreement, either deliver the certificate to the transferee for transmission to the department or, when the secured party receives the owner's assignment from the transferee, it shall transmit the transferee's application for a new certificate, the existing certificate, and the required fee to the department. Compliance with this section does not affect the rights of the secured party.

(5) If a security interest is reserved or created at the time of the transfer, the certificate of ownership shall be retained by or delivered to the person who becomes the secured party, and the parties shall comply with the provisions of RCW 46.12.170.

(6) If the purchaser or transferee fails or neglects to make application to transfer the certificate of ownership and license registration within fifteen days after the date of delivery of the vehicle, he or she shall on making application for transfer be assessed a twenty-five dollar penalty on the sixteenth day and two dollars additional for each day thereafter, but not to exceed one hundred dollars. The director may by rule establish conditions under which the penalty will not be assessed when an application for transfer is delayed for reasons beyond the control of the purchaser. Conditions for not assessing the penalty may be established for but not limited to delays caused by:

- (a) The department requesting additional supporting documents;
- (b) Extended hospitalization or illness of the purchaser;
- (c) Failure of a legal owner to release his or her interest;
- (d) Failure, negligence, or nonperformance of the department, auditor, or subagent.

Failure or neglect to make application to transfer the certificate of ownership and license registration within forty-five days after the date of delivery of the vehicle is a misdemeanor.

(7) Upon receipt of an application for reissue or replacement of a certificate of ownership and transfer of license registration, accompanied by the endorsed certificate of ownership or other documentary evidence as is deemed necessary, the department shall, if the application is in order and if all provisions relating to the certificate of ownership and license registration have been complied with, issue new certificates of title and license registration as in the case of an original issue and shall transmit the fees together with an itemized detailed report to the state treasurer, to be deposited in the motor vehicle fund.

(8) Once each quarter the department shall report to the department of revenue a list of those vehicles for which a seller's report has been received but no transfer of title has taken place.

RCW 46.12.103 Transitional ownership record.

Applicable Cases

(1) The purpose of a transitional ownership record is to enable a security interest in a motor vehicle to be perfected in a timely manner when the certificate of ownership is not available at the time the security interest is created, and to provide for timely notification to security interest holders under chapter 46.55 RCW.

(2) A transitional ownership record is only acceptable as an ownership record for vehicles currently stored on the department's computer system and if the certificate of ownership or other authorized proof of ownership for the motor vehicle:

(a) Is not in the possession of the selling vehicle dealer or new security interest holder at the time the transitional ownership record is submitted to the department; and

(b) To the best of the knowledge of the selling dealer or new security interest holder, the certificate of ownership will not be received for submission to the department within twenty calendar days of the date of sale of the vehicle, or if no sale is involved, within twenty calendar days of the date the security agreement or contract is executed.

(3) A person shall submit the transitional ownership record to the department or to any of its agents or subagents. Agents and subagents shall immediately electronically transmit the transitional ownership records to the department. A transitional ownership document processed and recorded by an agent or subagent may be subject to fees as specified in RCW 46.01.140 (4)(a) or (5)(b).

 - (g) The transferee's driver's license number, if available.
- (5) The report of sale form prescribed or approved by the department under RCW 46.12.101 may be used by a vehicle dealer as the transitional ownership record.
- (6) Notwithstanding RCW 46.12.095 (1) and (2), compliance with the requirements of this section shall result in perfection of a security interest in the vehicle as of the time the security interest was created. Upon receipt of the certificate of ownership for the vehicle, or upon receipt of written confirmation that only an electronic record of ownership exists or that the certificate of ownership has been lost or destroyed, the selling dealer or new security interest holder shall promptly submit the same to the department together with an application for a new certificate of ownership containing the name and address of the secured party and tender the required fee as provided in RCW 46.12.095(1).

Applicable Cases

If, after a certificate of ownership is issued, a security interest is granted on the vehicle described therein, the registered owner or secured party shall, within ten days thereafter, present an application to the department, to which shall be attached the certificate of ownership last issued covering the vehicle, or such other documentation as may be required by the department, which application shall be upon a form approved by the department and shall be accompanied by a fee of one dollar and twenty-five cents in addition to all other fees. The department, if satisfied that there should be a reissue of the certificate, shall note such change upon the vehicle records and issue to the secured party a new certificate of ownership.

RCW 46.16.006 "Registration year" defined--Registration months--"Last day of the month."

Applicable Cases

(1) The term "registration year" for the purposes of chapters 46.16, 82.44, and 82.50 RCW means the effective period of a vehicle license issued by the department. Such year commences at 12:01 a.m. on the date of the calendar year designated by the department and ends at 12:01 a.m. on the same date of the next succeeding calendar year. If a vehicle license previously issued in this state has expired and is renewed with a different registered owner, a new registration year is deemed to commence upon the date the expired license is renewed in order that the renewed license be useable for a full twelve-month period.

(2) Each registration year may be divided into twelve registration months. Each registration month commences on the day numerically corresponding to the day of the calendar month on which the registration year begins, and terminates on the numerically corresponding day of the next succeeding calendar month.

(3) Where the term "last day of the month" is used in chapters 46.16, 82.44, and 82.50 RCW in lieu of a specified day of any calendar month it means the last day of such calendar month or months irrespective of the numerical designation of that day.

(4) If the final day of a registration year or month falls on a Saturday, Sunday, or legal holiday, such period extends through the end of the next business day.

RCW 46.16.010 Licenses and plates required--Penalties--Exceptions.

(a) Failure to make initial registration of a vehicle before operating it on the highways of this state is a violation of this section. Anyone who violates this section is liable for a penalty of three hundred fifty dollars for each violation in addition to all other penalties provided by law. Persons violating this subsection shall make payment as prescribed in subsection (2)(b) of this section.

(b) Failure to renew an expired registration before operation on the highways of this state is a traffic infraction, which shall not be resolved through the civil process instituted under this section.

(2)(a) The licensing of a vehicle in another state by a resident of this state, as defined in RCW 46.16.028, to avoid the payment of any tax or license fee imposed in connection with registration, is a violation of this section, and violators are liable for a monetary penalty not less than one thousand dollars but not more than ten thousand dollars for each violation.

(b) The penalty provided in subsection (1)(a) of this section and this subsection is due and payable when the person incurring it receives a notice in writing from the state patrol describing the violation and advising the person that the penalty is due. The state patrol may, upon written application for review, received within fifteen days, remit or mitigate a penalty provided for in this section or discontinue an action to recover the penalty upon such terms it deems proper and may ascertain the facts in a manner and under rules it deems proper. If the amount of the penalty is not paid to the state patrol within fifteen days after receipt of the notice imposing the penalty, or application for remission or mitigation has not been made within fifteen days after the violator has received notice of the disposition of the application, the attorney general shall bring an action in the name of the state of Washington in the superior court of Thurston county or of any other county in which the violator resides or does business, to recover the penalty, administrative fees, and attorneys' fees and costs incurred in recovering the penalties. All penalties recovered under this section shall be paid into the state treasury and credited to the state patrol highway account of the motor vehicle fund for the license fraud task force.

RCW 46.16.111 Gross weight, how computed.

Applicable Cases

The gross weight in the case of any motor truck, tractor, or truck tractor shall be the scale weight of the motor truck, tractor, or truck tractor, plus the scale weight of any trailer, semitrailer, converter gear, or pole trailer to be towed thereby, to which shall be added the weight of the maximum load to be carried thereon or towed thereby as set by the licensee in the application if it does not exceed the weight limitations prescribed by chapter 46.44 RCW. Where the trailer is a utility trailer, travel trailer, horse trailer, or boat trailer, for the personal use of the owner of the truck, tractor, or truck tractor, and not for sale or commercial purposes, the gross weight of such trailer and its load shall not be computed as part of the gross weight of any motor truck, tractor, or truck tractor. The weight of any camper is exempt from the determination of gross weight in the computation of any licensing fees required under RCW 46.16.070.

The gross weight in the case of any bus, auto stage, or for hire vehicle, except taxicabs, with a seating capacity over six, shall be the scale weight of each bus, auto stage, and for hire vehicle plus the seating capacity, including the operator's seat, computed at one hundred and fifty pounds per seat.

If the resultant gross weight, according to this section, is not listed in RCW 46.16.070, it shall be increased to the next higher gross weight so listed pursuant to chapter 46.44 RCW.

An additional fee of two dollars shall be collected each time a license fee is paid.

RCW 46.16.160 Vehicle trip permits--Restrictions and requirements--Fees and taxes--Penalty--Rules.

Applicable Cases

(1) The owner of a vehicle which under reciprocal relations with another jurisdiction would be required to obtain a license registration in this state or an unlicensed vehicle which would be required to obtain a license registration for operation on public highways of this state may, as an alternative to such license registration, secure and operate such vehicle under authority of a trip permit issued by this state in lieu of a Washington certificate of license registration, and licensed gross weight if applicable. The licensed gross weight may not exceed eighty thousand pounds for a combination of vehicles nor forty thousand pounds for a single unit vehicle with three or more axles. Trip permits may also be issued for movement of mobile homes pursuant to RCW 46.44.170. For the purpose of this section, a vehicle is considered unlicensed if the licensed gross weight currently in effect for the vehicle or combination of vehicles is not adequate for the load being carried. Vehicles registered under RCW 46.16.135 shall not be operated under authority of trip permits in lieu of further registration within the same registration year.

(2) Each trip permit shall authorize the operation of a single vehicle at the maximum legal weight limit for such vehicle for a period of three consecutive days commencing with the day of first use. No more than three such permits may be used for any one vehicle in any period of thirty consecutive days, except that in the case of a recreational vehicle as defined in RCW 43.22.335, no more than two trip permits may be used for any one vehicle in a one-year period. Every permit shall identify, as the department may require, the vehicle for which it is issued and shall be completed in its entirety and signed by the operator before operation of the vehicle on the public highways of this state. Correction of data on the permit such as dates, license number, or vehicle identification number invalidates the permit. The trip permit shall be displayed on the vehicle to which it is issued as prescribed by the department.

(3) Vehicles operating under authority of trip permits are subject to all laws, rules, and regulations affecting the operation of like vehicles in this state.

(4) Prorate operators operating commercial vehicles on trip permits in Washington shall retain the customer copy of such permit for four years.

(5) Trip permits may be obtained from field offices of the department of transportation, Washington state patrol, department of licensing, or other agents appointed by the department.

For each permit issued, there shall be collected a filing fee as provided by RCW 46.01.140, an administrative fee of eight dollars, and an excise tax of one dollar. If the filing fee amount of one dollar prescribed by RCW 46.01.140 is increased or decreased after January 1, 1981, the administrative fee shall be adjusted to compensate for such change to insure that the total amount collected for the filing fee, administrative fee, and excise tax remain at ten dollars. These fees and taxes are in lieu of all other vehicle license fees and taxes. No exchange, credits, or refunds may be given for trip permits after they have been purchased.

(6) The department may appoint county auditors or businesses as agents for the purpose of selling trip permits to the public. County auditors or businesses so appointed may retain the filing fee collected for each trip permit to defray expenses incurred in handling and selling the permits.

(7) A violation of or a failure to comply with any provision of this section is a gross misdemeanor.

(8) The department of licensing may adopt rules as it deems necessary to administer this section.

(9) A surcharge of five dollars is imposed on the issuance of trip permits. The portion of the surcharge paid by motor carriers must be deposited in the motor vehicle fund for the purpose of supporting vehicle weigh stations, weigh-in-motion programs, and the commercial vehicle information systems and networks program. The remaining portion of the surcharge must be deposited in the motor vehicle fund for the purpose of supporting congestion relief programs. All other administrative fees and excise taxes collected under the provisions of this chapter shall be forwarded by the department with proper identifying detailed report to the state treasurer who shall deposit the administrative fees to the credit of the motor vehicle fund and the excise taxes to the credit of the general fund. Filing fees will be forwarded and reported to the state treasurer by the department as prescribed in RCW 46.01.140.

The credit may only be used during the registration year from which it was obtained.

(4) In no event is such credit subject to refund.

Whenever any vehicle has been so altered as to change its license classification in such a manner that the vehicle license number plates are rendered improper, the current license plates shall be surrendered to the department. Applicable Cases

The department shall continue to issue the categories of special plates issued by the department under the sections repealed under section 12 (1) through (7), chapter 250, Laws of 1990. (2) The department may issue special license plates denoting amateur radio operator status only to persons having a valid official radio operator license issued by the federal communications commission.

(3) The department shall issue one set of special license plates to each resident of this state who has been awarded the Congressional Medal of Honor for use on a passenger vehicle registered to that person. The department shall issue the plate without the payment of licensing fees and motor vehicle excise tax.

(4) The department may issue for use on only one motor vehicle owned by the qualified applicant special license plates denoting that the recipient of the plate is a survivor of the attack on Pearl Harbor on December 7, 1941, to persons meeting all of the following criteria:

[1997 c 291 § 6; 1997 c 241 § 10; 1990 c 250 § 2.]

Notes:

Reviser's note: This section was amended by 1997 c 241 § 10 and by 1997 c 291 § 6, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

Finding--1997 c 291: "The legislature finds that the proliferation of special license plate series has decreased the ready identification of vehicles by law enforcement, and increased the amount of computer programming conducted by the department of licensing, thereby increasing costs. Furthermore, rarely has the actual demand for special license plates met the requesters' projections. Most importantly, special plates detract from the primary purpose of license plates, that of vehicle identification." [1997 c 291 § 1.]

(e) Is restricted by lung disease to such an extent that forced expiratory respiratory volume, when measured by spirometry is less than one liter per second or the arterial oxygen tension is less than sixty mm/hg on room air at rest;

(f) Impairment by cardiovascular disease or cardiac condition to the extent that the person's functional limitations are classified as class III or IV under standards accepted by the American Heart Association; or

(g) Has a disability resulting from an acute sensitivity to automobile emissions which limits or impairs the ability to walk. The personal physician of the applicant shall document that the disability is comparable in severity to the others listed in this subsection.

(2) The applications for disabled parking permits and temporary disabled parking permits are official state documents. Knowingly providing false information in conjunction with the application is a gross misdemeanor punishable under chapter 9A.20 RCW. The following statement must appear on each application form immediately below the physician's signature and immediately below the applicant's signature: "A disabled parking permit may be issued only for a medical necessity that severely affects mobility (RCW 46.16.381). Knowingly providing false information on this application is a gross misdemeanor. The penalty is up to one year in jail and a fine of up to \$5,000 or both."

(3) Persons who qualify for special parking privileges are entitled to receive from the department of licensing a removable windshield placard bearing the international symbol of access and an individual serial number, along with a special identification card bearing the name and date of birth of the person to whom the placard is issued, and the placard's serial number. The special identification card shall be issued no later than January 1, 2000, to all persons who are issued parking placards, including those issued for temporary disabilities, and special disabled parking license plates. By July 1, 2001, the department shall incorporate a photograph of the holder of the disabled parking permit into all special identification cards issued after that date. The department, in conjunction with the governor's committee on disability issues and employment, shall assess options for issuing a photo identification card to each person who qualifies for a permanent parking placard, a temporary parking placard, or a special disabled parking license plate and report findings to the legislative transportation committee no later than December 31, 2000. The department shall design the placard to be displayed when the vehicle is parked by suspending it from the rearview mirror, or in the absence of a rearview mirror the card may be displayed on the dashboard of any vehicle used to transport the disabled person. Instead of regular motor vehicle license plates, disabled persons are entitled to receive special license plates bearing the international symbol of access for one vehicle registered in the disabled person's name. Disabled persons who are not issued the special license plates are entitled to receive a second special placard upon submitting a written request to the department. Persons who have been issued the parking privileges and who are using a vehicle or are riding in a

vehicle displaying the special license plates or placard may park in places reserved for mobility disabled persons. The director shall adopt rules providing for the issuance of special placards and license plates to public transportation authorities, nursing homes licensed under chapter 18.51 RCW, boarding homes licensed under chapter 18.20 RCW, senior citizen centers, private nonprofit agencies as defined in chapter 24.03 RCW, and vehicles registered with the department as cabulances that regularly transport disabled persons who have been determined eligible for special parking privileges provided under this section. The director may issue special license plates for a vehicle registered in the name of the public transportation authority, nursing home, boarding homes, senior citizen center, private nonprofit agency, or cabulance service if the vehicle is primarily used to transport persons with disabilities described in this section. Public transportation authorities, nursing homes, boarding homes, senior citizen centers, private nonprofit agencies, and cabulance services are responsible for insuring that the special placards and license plates are not used improperly and are responsible for all fines and penalties for improper use.

(4) Whenever the disabled person transfers or assigns his or her interest in the vehicle, the special license plates shall be removed from the motor vehicle. If another vehicle is acquired by the disabled person and the vehicle owner qualifies for a special plate, the plate shall be attached to the vehicle, and the director shall be immediately notified of the transfer of the plate. If another vehicle is not acquired by the disabled person, the removed plate shall be immediately surrendered to the director.

(5) The special license plate shall be renewed in the same manner and at the time required for the renewal of regular motor vehicle license plates under this chapter. No special license plate may be issued to a person who is temporarily disabled. A person who has a condition expected to improve within six months may be issued a temporary placard for a period not to exceed six months. If the condition exists after six months a new temporary placard shall be issued upon receipt of a new certification from the disabled person's physician. The permanent parking placard and identification card of a disabled person shall be renewed at least every five years, as required by the director, by satisfactory proof of the right to continued use of the privileges. In the event of the permit holder's death, the parking placard and identification card must be immediately surrendered to the department. The department shall match and purge its disabled permit data base with available death record information at least every twelve months.

(6) Each person who has been issued a permanent disabled parking permit on or before July 1, 1998, must renew the permit no later than July 1, 2003, subject to a schedule to be set by the department, or the permit will expire.

(7) Additional fees shall not be charged for the issuance of the special placards or the identification cards. No additional fee may be charged for the issuance of the special license plates except the regular motor vehicle registration fee and any other fees and taxes required to be paid upon registration of a motor vehicle.

(8) Any unauthorized use of the special placard, special license plate, or identification card is a traffic infraction with a monetary penalty of two hundred fifty dollars.

(9) It is a parking infraction, with a monetary penalty of two hundred fifty dollars for a

person to make inaccessible the access aisle located next to a space reserved for physically disabled persons. The clerk of the court shall report all violations related to this subsection to the department.

(10) It is a parking infraction, with a monetary penalty of two hundred fifty dollars for any person to park a vehicle in a parking place provided on private property without charge or on public property reserved for physically disabled persons without a special license plate or placard. If a person is charged with a violation, the person shall not be determined to have committed an infraction if the person produces in court or before the court appearance the special license plate or placard required under this section. A local jurisdiction providing nonmetered, on-street parking places reserved for physically disabled persons may impose by ordinance time restrictions of no less than four hours on the use of these parking places. A local jurisdiction may impose by ordinance time restrictions of no less than four hours on the use of nonreserved, on-street parking spaces by vehicles displaying the special parking placards. All time restrictions must be clearly posted.

(11) The penalties imposed under subsections (9) and (10) of this section shall be used by that local jurisdiction exclusively for law enforcement. The court may also impose an additional penalty sufficient to reimburse the local jurisdiction for any costs it may have incurred in removal and storage of the improperly parked vehicle.

(12) Except as provided by subsection (2) of this section, it is a traffic infraction with a monetary penalty of two hundred fifty dollars for any person willfully to obtain a special license plate, placard, or identification card in a manner other than that established under this section.

(13)(a) A law enforcement agency authorized to enforce parking laws may appoint volunteers, with a limited commission, to issue notices of infractions for violations of this section or RCW 46.61.581. Volunteers must be at least twenty-one years of age. The law enforcement agency appointing volunteers may establish any other qualifications the agency deems desirable.

(b) An agency appointing volunteers under this section must provide training to the volunteers before authorizing them to issue notices of infractions.

(c) A notice of infraction issued by a volunteer appointed under this subsection has the same force and effect as a notice of infraction issued by a police officer for the same offense.

(d) A police officer or a volunteer may request a person to show the person's identification card or special parking placard when investigating the possibility of a violation of this section. If the request is refused, the person in charge of the vehicle may be issued a notice of infraction for a violation of this section.

(14) For second or subsequent violations of this section, in addition to a monetary fine, the violator must complete a minimum of forty hours of:

(a) Community service for a nonprofit organization that serves the disabled community or persons having disabling diseases; or

(b) Any other community service that may sensitize the violator to the needs and obstacles faced by persons who have disabilities.

(15) The court may not suspend more than one-half of any fine imposed under subsection (8), (9), (10), or (12) of this section.

Personalized license plates--Legislative declaration: "It is declared to be the public policy of the state of Washington to direct financial resources of this state toward the support and aid of the wildlife resources existing within the state of Washington in order that the general welfare of these inhabitants of the state be served. For the purposes of *this chapter, wildlife resources are understood to be those species of wildlife other than that managed by the department of fisheries under their existing jurisdiction as well as all unclassified marine fish, shellfish, and marine invertebrates which shall remain under the jurisdiction of the director of fisheries. The legislature further finds that the preservation, protection, perpetuation, and enhancement of such wildlife resources of the state is of major concern to it, and that aid for a satisfactory environment and ecological balance in this state for such wildlife resources serves a public interest, purpose, and desire.

It is further declared that such preservation, protection, perpetuation, and enhancement can be fostered through financial support derived on a voluntary basis from those citizens of the state of Washington who wish to assist in such objectives; that a desirable manner of accomplishing this is through offering personalized license plates for certain vehicles and campers the fees for which are to be directed to the state treasury to the credit of the state **game fund for the furtherance of the programs, policies, and activities of the state **game department in preservation, protection, perpetuation, and enhancement of the wildlife resources that abound within the

geographical limits of the state of Washington.

In particular, the legislature recognizes the benefit of this program to be specifically directed toward those species of wildlife including but not limited to song birds, protected wildlife, rare and endangered wildlife, aquatic life, and specialized-habitat types, both terrestrial and aquatic, as well as all unclassified marine fish, shellfish, and marine invertebrates which shall remain under the jurisdiction of the director of fisheries that exist within the limits of the state of Washington." Applicable Cases

All kit vehicles are licensed as original transactions when first titled in Washington, and the following provisions apply:

(1) The department of licensing shall charge original licensing fees and issue new plates appropriate to the use class.

(2) An inspection by the Washington state patrol is required to determine the correct identification number, and year or make if needed.

(3) The use class is the actual use of the vehicle, i.e. passenger car or truck.

(4) The make shall be listed as "KITV," and the series and body designation must describe what the vehicle looks like, i.e. 48 Bradley GT, 57 MG, and must include the word "replica."

(5) Upon payment of original licensing fees the department may license a kit vehicle under RCW 46.16.305(1) as a street rod if the vehicle is manufactured to have the same appearance as a similar vehicle manufactured before 1949.

(6) For a manufactured new vehicle kit and a manufactured body kit, the model year of the vehicle is the year reflected on the manufacturer's certificate of origin for that vehicle. If this is not available, the Washington state patrol shall assign a model year at the time of inspection.

(7) The vehicle identification number (VIN) of a new vehicle kit and body kit is the vehicle identification number as reflected on the manufacturer's certificate of origin. If the VIN is not available, the Washington state patrol shall assign a VIN at the time of inspection.

However, the department may make the statement available to the director of the department of retirement systems for use in determining eligibility for or continuance of disability benefits and it may be offered and admitted as evidence in any administrative proceeding or court action concerning the disability benefits.

(2) On the basis of the evaluation the department may:

(b) Cancel or withhold the driving privilege from the person; or

[1999 c 6 § 17; 1977 ex.s. c 27 § 2.]

Notes:

Intent--1999 c 6: See note following RCW 46.04.168.

Purpose--1977 ex.s. c 27: "The legislature finds that the falsification of cards and licenses is a serious social problem creating economic hardship and problems which impede the efficient conduct of commerce and government. The legislature is particularly concerned that the increasing use of false drivers' licenses and identicards to purchase liquor, to cash bad checks, and to obtain food stamps and other benefits is causing the loss of liquor licenses, the loss of jobs, the loss of income, and the loss of human life in addition to significant monetary losses in business and government. It is the purpose of RCW 46.20.114 to require an effective means of rendering drivers' licenses and identicards as immune as possible from alteration and counterfeiting in order to promote the public health and safety of the people of this state." [1977 ex.s. c 27 § 1.]

RCW 46.20.117 Identicards.

Applicable Cases

(1) **Issuance.** The department shall issue an identicard, containing a picture, if the applicant:

- (a) Does not hold a valid Washington driver's license;
- (b) Proves his or her identity as required by RCW 46.20.035; and
- (c) Pays the required fee. The fee is four dollars unless an applicant is a recipient of continuing public assistance grants under Title 74 RCW, who is referred in writing by the secretary of social and health services. For those persons the fee must be the actual cost of production of the identicard.

(2) **Design and term.** The identicard must:

- (a) Be distinctly designed so that it will not be confused with the official driver's license;
- and

(b) Expire on the fifth anniversary of the applicant's birthdate after issuance.

(3) **Cancellation.** The department may cancel an identicard if the holder of the identicard used the card or allowed others to use the card in violation of RCW 46.20.0921.

[1990 c 250 § 37; 1981 c 22 § 1; 1979 c 158 § 149; 1969 ex.s. c 155 § 5.]

Notes:

Severability--1990 c 250: See note following RCW 46.16.301.

Purpose--1969 ex.s. c 155: "The identification of the injured or the seriously ill is often difficult. The need for an identification file to facilitate use by proper law enforcement officers has hampered law enforcement. Personal identification for criminal, personal and commercial reasons is becoming most important at a time when it is increasingly difficult to accomplish. The legislature finds that the public health and welfare requires a standard and readily recognizable means of identification of each person living within the state. The legislature further finds that the need for an identification file by law enforcement agencies must be met. The use of photographic drivers' licenses will greatly aid the problem, but some means of identification must be provided for persons who do not possess a driver's license. The purpose of this 1969 amendatory act is to provide for the positive identification of persons, both through an expanded use of drivers' licenses and also through issue of personal identification cards for nondrivers."

RCW 46.20.120 Examinations--Waiver--Out-of-state renewals--Fees. (Effective until July 1, 2000.)

Applicable Cases

An applicant for a new or renewed driver's license must successfully pass a driver licensing examination to qualify for a driver's license. The department shall give examinations at places and times reasonably available to the people of this state.

*(1) **Waiver.** The department may waive:*

(a) All or any part of the examination of any person applying for the renewal of a driver's license unless the department determines that the applicant is not qualified to hold a driver's license under this title; or

(b) The actual demonstration of the ability to operate a motor vehicle if the applicant:

(i) Surrenders a valid driver's license issued by the person's previous home state; and

(ii) Is otherwise qualified to be licensed.

*(2) **Fee.** Each applicant for a new license must pay an examination fee of seven dollars.*

(a) The examination fee is in addition to the fee charged for issuance of the license.

(b) "New license" means a license issued to a driver:

(i) Who has not been previously licensed in this state; or

(ii) Whose last previous Washington license has been expired for more than four years.

(3) A person whose license expired or will expire on or after January 1, 1998, while he or she was or is living outside the state may:

(a) Apply to the department to extend the validity of his or her license for no more than twelve months. If the person establishes to the department's satisfaction that he or she is unable to return to Washington before the date his or her license expires, the department shall extend the person's license. The department may grant consecutive extensions, but in no event may the cumulative total of extensions exceed twelve months. An extension granted under this section does not change the expiration date of the license for purposes of RCW 46.20.181. The department shall charge a fee of five dollars for each license extension;

(b) Apply to the department to renew his or her license by mail. If the person establishes to the department's satisfaction that he or she is unable to return to Washington within twelve months of the date that his or her license expires, the department shall renew the person's license by mail. If a person qualifies for a mail-in renewal he or she is not required to pass an examination nor provide an updated photograph. He or she must, however, pay the fee required by RCW 46.20.181 plus an additional five-dollar mail-in renewal fee. A license renewed by mail that does not include a photograph of the licensee must be labeled "not valid for identification purposes."

(4) If a person's driver's license is extended or renewed under subsection (3) of this section while he or she is outside the state, he or she must submit to the examination required

under this section within sixty days of returning to this state. The department will not assess a penalty or examination fee for the examination.

RCW 46.20.120 Examinations--Waiver--Out-of-state renewals--Fees. (Effective July 1, 2000.)

Applicable Cases

An applicant for a new or renewed driver's license must successfully pass a driver licensing examination to qualify for a driver's license. The department shall give examinations at places and times reasonably available to the people of this state.

(1) Waiver. The department may waive:

(a) All or any part of the examination of any person applying for the renewal of a driver's license unless the department determines that the applicant is not qualified to hold a driver's license under this title; or

(b) The actual demonstration of the ability to operate a motor vehicle if the applicant:

(i) Surrenders a valid driver's license issued by the person's previous home state; and

(ii) Is otherwise qualified to be licensed.

(2) Fee. Each applicant for a new license must pay an examination fee of seven dollars.

(a) The examination fee is in addition to the fee charged for issuance of the license.

(b) "New license" means a license issued to a driver:

(i) Who has not been previously licensed in this state; or

(ii) Whose last previous Washington license has been expired for more than five years.

(3) A person whose license expired or will expire on or after January 1, 1998, while he or she was or is living outside the state may:

(a) Apply to the department to extend the validity of his or her license for no more than twelve months. If the person establishes to the department's satisfaction that he or she is unable to return to Washington before the date his or her license expires, the department shall extend the person's license. The department may grant consecutive extensions, but in no event may the cumulative total of extensions exceed twelve months. An extension granted under this section does not change the expiration date of the license for purposes of RCW 46.20.181. The department shall charge a fee of five dollars for each license extension;

(b) Apply to the department to renew his or her license by mail. If the person establishes to the department's satisfaction that he or she is unable to return to Washington within twelve months of the date that his or her license expires, the department shall renew the person's license by mail. If a person qualifies for a mail-in renewal he or she is not required to pass an examination nor provide an updated photograph. He or she must, however, pay the fee required by RCW 46.20.181 plus an additional five-dollar mail-in renewal fee. A license renewed by mail that does not include a photograph of the licensee must be labeled "not valid for identification purposes."

(4) If a person's driver's license is extended or renewed under subsection (3) of this section while he or she is outside the state, he or she must submit to the examination required under this section within sixty days of returning to this state. The department will not assess a penalty or examination fee for the examination.

(1) Whenever any person is convicted of any offense for which this title makes mandatory the suspension or revocation of the driver's license of such person by the department, the privilege of the person to operate a vehicle is suspended until the department takes the action required by this chapter, and the court in which such conviction is had shall forthwith secure the immediate forfeiture of the driver's license of such convicted person and immediately forward such driver's license to the department, and on failure of such convicted person to deliver such driver's license the judge shall cause such person to be confined for the period of such suspension or revocation or until such driver's license is delivered to such judge: PROVIDED, That if the convicted person testifies that he or she does not and at the time of the offense did not have a current and valid vehicle driver's license, the judge shall cause such person to be charged with the operation of a motor vehicle without a current and valid driver's license and on conviction punished as by law provided, and the department may not issue a driver's license to such persons during the period of suspension or revocation: PROVIDED, ALSO, That if the driver's license of such convicted person has been lost or destroyed and such convicted person makes an affidavit to that effect, sworn to before the judge, the convicted person may not be so confined, but the department may not issue or reissue a driver's license for such convicted person during the period of such suspension or revocation: PROVIDED, That perfection of notice of appeal shall stay the execution of sentence including the suspension and/or revocation of the driver's license.

(2) Every court having jurisdiction over offenses committed under this chapter, or any other act of this state or municipal ordinance adopted by a local authority regulating the operation of motor vehicles on highways, or any federal authority having jurisdiction over offenses

substantially the same as those set forth in Title 46 RCW which occur on federal installations within this state, shall forward to the department within ten days of a forfeiture of bail or collateral deposited to secure the defendant's appearance in court, a payment of a fine or penalty, a plea of guilty or a finding of guilt, or a finding that any person has committed a traffic infraction an abstract of the court record in the form prescribed by rule of the supreme court, showing the conviction of any person or the finding that any person has committed a traffic infraction in said court for a violation of any said laws other than regulations governing standing, stopping, parking, and pedestrian offenses.

(3) Every municipality having jurisdiction over offenses committed under this chapter, or under any other act of this state or municipal ordinance adopted by a local authority regulating the operation of motor vehicles on highways, may forward to the department within ten days of failure to respond, failure to pay a penalty, failure to appear at a hearing to contest the determination that a violation of any statute, ordinance, or regulation relating to standing, stopping, or parking has been committed, or failure to appear at a hearing to explain mitigating circumstances, an abstract of the citation record in the form prescribed by rule of the department, showing the finding by such municipality that two or more violations of laws governing standing, stopping, and parking have been committed and indicating the nature of the defendant's failure to act. Such violations may not have occurred while the vehicle is stolen from the registered owner or is leased or rented under a bona fide commercial vehicle lease or rental agreement between a lessor engaged in the business of leasing vehicles and a lessee who is not the vehicle's registered owner. The department may enter into agreements of reciprocity with the duly authorized representatives of the states for reporting to each other violations of laws governing standing, stopping, and parking.

(4) For the purposes of Title 46 RCW the term "conviction" means a final conviction in a state or municipal court or by any federal authority having jurisdiction over offenses substantially the same as those set forth in Title 46 RCW which occur on federal installations in this state, an unvacated forfeiture of bail or collateral deposited to secure a defendant's appearance in court, the payment of a fine, a plea of guilty, or a finding of guilt on a traffic law violation charge, regardless of whether the imposition of sentence or sanctions are deferred or the penalty is suspended, but not including entry into a deferred prosecution agreement under chapter 10.05 RCW.

(5) For the purposes of Title 46 RCW the term "finding that a traffic infraction has been committed" means a failure to respond to a notice of infraction or a determination made by a court pursuant to this chapter. Payment of a monetary penalty made pursuant to RCW 46.63.070(2) is deemed equivalent to such a finding.

RCW 46.20.308 Implied consent--Test refusal--Procedures.

Applicable Cases

(1) Any person who operates a motor vehicle within this state is deemed to have given consent, subject to the provisions of RCW 46.61.506, to a test or tests of his or her breath or blood for the purpose of determining the alcohol concentration or presence of any drug in his or her breath or blood if arrested for any offense where, at the time of the arrest, the arresting officer has reasonable grounds to believe the person had been driving or was in actual physical control of a motor vehicle while under the influence of intoxicating liquor or any drug or was in violation of RCW 46.61.503.

(2) The test or tests of breath shall be administered at the direction of a law enforcement officer having reasonable grounds to believe the person to have been driving or in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or any drug or the person to have been driving or in actual physical control of a motor vehicle while having alcohol in a concentration in violation of RCW 46.61.503 in his or her system and being under the age of twenty-one. However, in those instances where the person is incapable due to physical injury, physical incapacity, or other physical limitation, of providing a breath sample or where the person is being treated in a hospital, clinic, doctor's office, emergency medical vehicle, ambulance, or other similar facility in which a breath testing instrument is not present or where the officer has reasonable grounds to believe that the person is under the influence of a drug, a blood test shall be administered by a qualified person as provided in RCW 46.61.506(4). The officer shall inform the person of his or her right to refuse the breath or blood test, and of his or her right to have additional tests administered by any qualified person of his or her choosing as provided in RCW 46.61.506. The officer shall warn the driver that:

(a) His or her license, permit, or privilege to drive will be revoked or denied if he or she refuses to submit to the test;

(b) His or her license, permit, or privilege to drive will be suspended, revoked, or denied if the test is administered and the test indicates the alcohol concentration of the person's breath or blood is 0.08 or more, in the case of a person age twenty-one or over, or in violation of RCW 46.61.502, 46.61.503, or 46.61.504 in the case of a person under age twenty-one; and

(c) His or her refusal to take the test may be used in a criminal trial.

(3) Except as provided in this section, the test administered shall be of the breath only. If an individual is unconscious or is under arrest for the crime of vehicular homicide as provided in RCW 46.61.520 or vehicular assault as provided in RCW 46.61.522, or if an individual is under arrest for the crime of driving while under the influence of intoxicating liquor or drugs as provided in RCW 46.61.502, which arrest results from an accident in which there has been serious bodily injury to another person, a breath or blood test may be administered without the consent of the individual so arrested.

(4) Any person who is dead, unconscious, or who is otherwise in a condition rendering him or her incapable of refusal, shall be deemed not to have withdrawn the consent provided by subsection (1) of this section and the test or tests may be administered, subject to the provisions of RCW 46.61.506, and the person shall be deemed to have received the warnings required under subsection (2) of this section.

(5) If, following his or her arrest and receipt of warnings under subsection (2) of this section, the person arrested refuses upon the request of a law enforcement officer to submit to a test or tests of his or her breath or blood, no test shall be given except as authorized under subsection (3) or (4) of this section.

(6) If, after arrest and after the other applicable conditions and requirements of this section have been satisfied, a test or tests of the person's blood or breath is administered and the test results indicate that the alcohol concentration of the person's breath or blood is 0.08 or more if the person is age twenty-one or over, or is in violation of RCW 46.61.502, 46.61.503, or 46.61.504 if the person is under the age of twenty-one, or the person refuses to submit to a test, the arresting officer or other law enforcement officer at whose direction any test has been given, or the department, where applicable, if the arrest results in a test of the person's blood, shall:

(a) Serve notice in writing on the person on behalf of the department of its intention to suspend, revoke, or deny the person's license, permit, or privilege to drive as required by subsection (7) of this section;

(b) Serve notice in writing on the person on behalf of the department of his or her right to a hearing, specifying the steps he or she must take to obtain a hearing as provided by subsection (8) of this section;

(c) Mark the person's Washington state driver's license or permit to drive, if any, in a manner authorized by the department;

(d) Serve notice in writing that the marked license or permit, if any, is a temporary license that is valid for sixty days from the date of arrest or from the date notice has been given in the event notice is given by the department following a blood test, or until the suspension, revocation, or denial of the person's license, permit, or privilege to drive is sustained at a hearing pursuant to subsection (8) of this section, whichever occurs first. No temporary license is valid to any greater degree than the license or permit that it replaces; and

(e) Immediately notify the department of the arrest and transmit to the department within seventy-two hours, except as delayed as the result of a blood test, a sworn report or report under a declaration authorized by RCW 9A.72.085 that states:

(i) That the officer had reasonable grounds to believe the arrested person had been driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or drugs, or both, or was under the age of twenty-one years and had been driving or was in actual physical control of a motor vehicle while having an alcohol concentration in violation of RCW 46.61.503;

(ii) That after receipt of the warnings required by subsection (2) of this section the person refused to submit to a test of his or her blood or breath, or a test was administered and the results indicated that the alcohol concentration of the person's breath or blood was 0.08 or more if the person is age twenty-one or over, or was in violation of RCW 46.61.502, 46.61.503, or 46.61.504 if the person is under the age of twenty-one; and

(iii) Any other information that the director may require by rule.

(7) The department of licensing, upon the receipt of a sworn report or report under a declaration authorized by RCW 9A.72.085 under subsection (6)(e) of this section, shall suspend,

revoke, or deny the person's license, permit, or privilege to drive or any nonresident operating privilege, as provided in RCW 46.20.3101, such suspension, revocation, or denial to be effective beginning sixty days from the date of arrest or from the date notice has been given in the event notice is given by the department following a blood test, or when sustained at a hearing pursuant to subsection (8) of this section, whichever occurs first.

(8) A person receiving notification under subsection (6)(b) of this section may, within thirty days after the notice has been given, request in writing a formal hearing before the department. The person shall pay a fee of one hundred dollars as part of the request. If the request is mailed, it must be postmarked within thirty days after receipt of the notification. Upon timely receipt of such a request for a formal hearing, including receipt of the required one hundred dollar fee, the department shall afford the person an opportunity for a hearing. The department may waive the required one hundred dollar fee if the person is an indigent as defined in RCW 10.101.010. Except as otherwise provided in this section, the hearing is subject to and shall be scheduled and conducted in accordance with RCW 46.20.329 and 46.20.332. The hearing shall be conducted in the county of the arrest, except that all or part of the hearing may, at the discretion of the department, be conducted by telephone or other electronic means. The hearing shall be held within sixty days following the arrest or following the date notice has been given in the event notice is given by the department following a blood test, unless otherwise agreed to by the department and the person, in which case the action by the department shall be stayed, and any valid temporary license marked under subsection (6)(c) of this section extended, if the person is otherwise eligible for licensing. For the purposes of this section, the scope of the hearing shall cover the issues of whether a law enforcement officer had reasonable grounds to believe the person had been driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or any drug or had been driving or was in actual physical control of a motor vehicle within this state while having alcohol in his or her system in a concentration in violation of RCW 46.61.503 and was under the age of twenty-one, whether the person was placed under arrest, and (a) whether the person refused to submit to the test or tests upon request of the officer after having been informed that such refusal would result in the revocation of the person's license, permit, or privilege to drive, or (b) if a test or tests were administered, whether the applicable requirements of this section were satisfied before the administration of the test or tests, whether the person submitted to the test or tests, or whether a test was administered without express consent as permitted under this section, and whether the test or tests indicated that the alcohol concentration of the person's breath or blood was 0.08 or more if the person was age twenty-one or over at the time of the arrest, or was in violation of RCW 46.61.502, 46.61.503, or 46.61.504 if the person was under the age of twenty-one at the time of the arrest. The sworn report or report under a declaration authorized by RCW 9A.72.085 submitted by a law enforcement officer is prima facie evidence that the officer had reasonable grounds to believe the person had been driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or drugs, or both, or the person had been driving or was in actual physical control of a motor vehicle within this state while having alcohol in his or her system in a concentration in violation of RCW 46.61.503 and

was under the age of twenty-one and that the officer complied with the requirements of this section.

A hearing officer shall conduct the hearing, may issue subpoenas for the attendance of witnesses and the production of documents, and shall administer oaths to witnesses. The hearing officer shall not issue a subpoena for the attendance of a witness at the request of the person unless the request is accompanied by the fee required by RCW 5.56.010 for a witness in district court. The sworn report or report under a declaration authorized by RCW 9A.72.085 of the law enforcement officer and any other evidence accompanying the report shall be admissible without further evidentiary foundation and the certifications authorized by the criminal rules for courts of limited jurisdiction shall be admissible without further evidentiary foundation. The person may be represented by counsel, may question witnesses, may present evidence, and may testify. The department shall order that the suspension, revocation, or denial either be rescinded or sustained.

(9) If the suspension, revocation, or denial is sustained after such a hearing, the person whose license, privilege, or permit is suspended, revoked, or denied has the right to file a petition in the superior court of the county of arrest to review the final order of revocation by the department in the same manner as an appeal from a decision of a court of limited jurisdiction. Notice of appeal must be filed within thirty days after the date the final order is served or the right to appeal is waived. Notwithstanding RCW 46.20.334, RALJ 1.1, or other statutes or rules referencing de novo review, the appeal shall be limited to a review of the record of the administrative hearing. The appellant must pay the costs associated with obtaining the record of the hearing before the hearing officer. The filing of the appeal does not stay the effective date of the suspension, revocation, or denial. A petition filed under this subsection must include the petitioner's grounds for requesting review. Upon granting petitioner's request for review, the court shall review the department's final order of suspension, revocation, or denial as expeditiously as possible. The review must be limited to a determination of whether the department has committed any errors of law. The superior court shall accept those factual determinations supported by substantial evidence in the record: (a) That were expressly made by the department; or (b) that may reasonably be inferred from the final order of the department. The superior court may reverse, affirm, or modify the decision of the department or remand the case back to the department for further proceedings. The decision of the superior court must be in writing and filed in the clerk's office with the other papers in the case. The court shall state the reasons for the decision. If judicial relief is sought for a stay or other temporary remedy from the department's action, the court shall not grant such relief unless the court finds that the appellant is likely to prevail in the appeal and that without a stay the appellant will suffer irreparable injury. If the court stays the suspension, revocation, or denial it may impose conditions on such stay.

(10) If a person whose driver's license, permit, or privilege to drive has been or will be suspended, revoked, or denied under subsection (7) of this section, other than as a result of a breath or blood test refusal, and who has not committed an offense for which he or she was granted a deferred prosecution under chapter 10.05 RCW, petitions a court for a deferred prosecution on criminal charges arising out of the arrest for which action has been or will be taken under subsection (7) of this section, the court may direct the department to stay any actual

or proposed suspension, revocation, or denial for at least forty-five days but not more than ninety days. If the court stays the suspension, revocation, or denial, it may impose conditions on such stay. If the person is otherwise eligible for licensing, the department shall issue a temporary license, or extend any valid temporary license marked under subsection (6) of this section, for the period of the stay. If a deferred prosecution treatment plan is not recommended in the report made under RCW 10.05.050, or if treatment is rejected by the court, or if the person declines to accept an offered treatment plan, or if the person violates any condition imposed by the court, then the court shall immediately direct the department to cancel the stay and any temporary marked license or extension of a temporary license issued under this subsection.

A suspension, revocation, or denial imposed under this section, other than as a result of a breath or blood test refusal, shall be stayed if the person is accepted for deferred prosecution as provided in chapter 10.05 RCW for the incident upon which the suspension, revocation, or denial is based. If the deferred prosecution is terminated, the stay shall be lifted and the suspension, revocation, or denial reinstated. If the deferred prosecution is completed, the stay shall be lifted and the suspension, revocation, or denial canceled.

(11) When it has been finally determined under the procedures of this section that a nonresident's privilege to operate a motor vehicle in this state has been suspended, revoked, or denied, the department shall give information in writing of the action taken to the motor vehicle administrator of the state of the person's residence and of any state in which he or she has a license.

RCW 46.20.311 Duration of license sanctions--Reissuance or renewal.

Applicable Cases

(1)(a) The department shall not suspend a driver's license or privilege to drive a motor vehicle on the public highways for a fixed period of more than one year, except as specifically permitted under RCW 46.20.342 or other provision of law. Except for a suspension under RCW 46.20.289, 46.20.291(5), or 74.20A.320, whenever the license or driving privilege of any person is suspended by reason of a conviction, a finding that a traffic infraction has been committed, pursuant to chapter 46.29 RCW, or pursuant to RCW 46.20.291 or 46.20.308, the suspension shall remain in effect until the person gives and thereafter maintains proof of financial responsibility for the future as provided in chapter 46.29 RCW. If the suspension is the result of a violation of RCW 46.61.502 or 46.61.504, the department shall determine the person's eligibility for licensing based upon the reports provided by the alcoholism agency or probation department designated under RCW 46.61.5056 and shall deny reinstatement until enrollment and participation in an approved program has been established and the person is otherwise qualified. Whenever the license or driving privilege of any person is suspended as a result of certification of noncompliance with a child support order under chapter 74.20A RCW or a residential or visitation order, the suspension shall remain in effect until the person provides a release issued by the department of social and health services stating that the person is in compliance with the order.

(b)(i) The department shall not issue to the person a new, duplicate, or renewal license until the person pays a reissue fee of twenty dollars.

(ii) If the suspension is the result of a violation of RCW 46.61.502 or 46.61.504, or is the result of administrative action under RCW 46.20.308, the reissue fee shall be one hundred fifty dollars.

(2)(a) Any person whose license or privilege to drive a motor vehicle on the public highways has been revoked, unless the revocation was for a cause which has been removed, is not entitled to have the license or privilege renewed or restored until: (i) After the expiration of one year from the date the license or privilege to drive was revoked; (ii) after the expiration of

the applicable revocation period provided by RCW 46.20.3101 or 46.61.5055; (iii) after the expiration of two years for persons convicted of vehicular homicide; or (iv) after the expiration of the applicable revocation period provided by RCW 46.20.265.

(b)(i) After the expiration of the appropriate period, the person may make application for a new license as provided by law together with a reissue fee in the amount of twenty dollars.

(ii) If the revocation is the result of a violation of RCW 46.20.308, 46.61.502, or 46.61.504, the reissue fee shall be one hundred fifty dollars. If the revocation is the result of a violation of RCW 46.61.502 or 46.61.504, the department shall determine the person's eligibility for licensing based upon the reports provided by the alcoholism agency or probation department designated under RCW 46.61.5056 and shall deny reissuance of a license, permit, or privilege to drive until enrollment and participation in an approved program has been established and the person is otherwise qualified.

(c) Except for a revocation under RCW 46.20.265, the department shall not then issue a new license unless it is satisfied after investigation of the driving ability of the person that it will be safe to grant the privilege of driving a motor vehicle on the public highways, and until the person gives and thereafter maintains proof of financial responsibility for the future as provided in chapter 46.29 RCW. For a revocation under RCW 46.20.265, the department shall not issue a new license unless it is satisfied after investigation of the driving ability of the person that it will be safe to grant that person the privilege of driving a motor vehicle on the public highways.

(3)(a) Whenever the driver's license of any person is suspended pursuant to Article IV of the nonresident violators compact or RCW 46.23.020 or 46.20.289 or 46.20.291(5), the department shall not issue to the person any new or renewal license until the person pays a reissue fee of twenty dollars.

(b) If the suspension is the result of a violation of the laws of this or any other state, province, or other jurisdiction involving (i) the operation or physical control of a motor vehicle upon the public highways while under the influence of intoxicating liquor or drugs, or (ii) the refusal to submit to a chemical test of the driver's blood alcohol content, the reissue fee shall be one hundred fifty dollars.

The department shall in such case, immediately notify such licensee in writing and upon his request shall afford him an opportunity for a driver improvement interview as early as practical within not to exceed seven days after receipt of such request, or the department, at the time it gives notice may set the date of a driver improvement interview, giving not less than ten days' notice thereof.

(xvi) An administrative action taken by the department under chapter 46.20 RCW; or

(xvii) A conviction of a local law, ordinance, regulation, or resolution of a political subdivision of this state, the federal government, or any other state, of an offense substantially similar to a violation included in this subsection.

(c) A person who violates this section when his or her driver's license or driving privilege is, at the time of the violation, suspended or revoked solely because (i) the person must furnish proof of satisfactory progress in a required alcoholism or drug treatment program, (ii) the person must furnish proof of financial responsibility for the future as provided by chapter 46.29 RCW, (iii) the person has failed to comply with the provisions of chapter 46.29 RCW relating to uninsured accidents, (iv) the person has failed to respond to a notice of traffic infraction, failed to appear at a requested hearing, violated a written promise to appear in court, or has failed to comply with the terms of a notice of traffic infraction or citation, as provided in RCW 46.20.289, (v) the person has committed an offense in another state that, if committed in this state, would not be grounds for the suspension or revocation of the person's driver's license, or (vi) the person has been suspended or revoked by reason of one or more of the items listed in (b) of this subsection, but was eligible to reinstate his or her driver's license or driving privilege at the time of the violation, or any combination of (i) through (vi), is guilty of driving while license suspended or revoked in the third degree, a misdemeanor.

(2) Upon receiving a record of conviction of any person or upon receiving an order by any juvenile court or any duly authorized court officer of the conviction of any juvenile under this section, the department shall:

(a) For a conviction of driving while suspended or revoked in the first degree, as provided by subsection (1)(a) of this section, extend the period of administrative revocation imposed under chapter 46.65 RCW for an additional period of one year from and after the date the person would otherwise have been entitled to apply for a new license or have his or her driving privilege restored; or

(b) For a conviction of driving while suspended or revoked in the second degree, as provided by subsection (1)(b) of this section, not issue a new license or restore the driving privilege for an additional period of one year from and after the date the person would otherwise have been entitled to apply for a new license or have his or her driving privilege restored; or

(c) Not extend the period of suspension or revocation if the conviction was under

subsection (1)(c) of this section. If the conviction was under subsection (1) (a) or (b) of this section and the court recommends against the extension and the convicted person has obtained a valid driver's license, the period of suspension or revocation shall not be extended.

Applicable Cases

(1) Upon receipt of an abstract indicating a deferred prosecution has been granted under RCW 10.05.060, or upon receipt of a notice of conviction of RCW 46.61.502 or 46.61.504, the department of licensing shall order the person to surrender any nonprobationary Washington state driver's license that may be in his or her possession. The department shall revoke the license, permit, or privilege to drive of any person who fails to surrender it as required by this section for one year, unless the license has been previously surrendered to the department, a law enforcement officer, or a court, or the person has completed an affidavit of lost, stolen, destroyed, or previously surrendered license, such revocation to take effect thirty days after notice is given of the requirement for license surrender.

(2) The department shall place a person's driving privilege in probationary status as required by RCW 10.05.060 or 46.61.5055 for a period of five years from the date the probationary status is required to go into effect.

The department shall not issue the probationary license unless the person is otherwise qualified for licensing, and the person must renew the probationary license on the same cycle as the person's regular license would have been renewed until the expiration of the five-year probationary status period imposed under subsection (2) of this section.

(4) For each original issue or renewal of a probationary license under this section, the department shall charge a fee of fifty dollars in addition to any other licensing fees required. Except for when renewing a probationary license, the department shall waive the requirement to obtain an additional probationary license and the fifty-dollar fee if the person has a probationary license in his or her possession at the time a new probationary license is required.

The fact that a person's driving privilege is in probationary status or that the person has been issued a probationary license shall not be a part of the person's record that is available to insurance companies.

The department, upon receipt of the prescribed fee and upon determining that the petitioner is engaged in an occupation or trade that makes it essential that the petitioner operate a motor vehicle, may issue an occupational driver's license and may set definite restrictions as provided in RCW 46.20.394. of the financial responsibility laws under chapter 46.29 RCW; or for multiple violations within a specified period of time under RCW 46.20.291, may apply to the department for an occupational driver's license if the applicant demonstrates to the satisfaction of the department that one of the following additional conditions are met:

(i) The applicant is in an apprenticeship program or an on-the-job training program for which a driver's license is required;

(ii) The applicant presents evidence that he or she has applied for a position in an apprenticeship or on-the-job training program and the program has certified that a driver's license is required to begin the program, provided that a license granted under this provision shall be in effect no longer than fourteen days;

(b) If the suspension is for failure to respond, pay, or comply with a notice of traffic infraction or conviction, the applicant must enter into a payment plan with the court.

(c) An occupational driver's license issued to an applicant described in (a) of this subsection shall be valid for the period of the suspension or revocation but not more than two years.

(d) Upon receipt of evidence that a holder of an occupational driver's license granted under this subsection is no longer enrolled in an apprenticeship or on-the-job training program, the director shall give written notice by first class mail to the driver that the occupational driver's license shall be canceled. The effective date of cancellation shall be fifteen days from the date of mailing the notice. If at any time before the cancellation goes into effect the driver submits evidence of continued enrollment in the program, the cancellation shall be stayed. If the cancellation becomes effective, the driver may obtain, at no additional charge, a new occupational driver's license upon submittal of evidence of enrollment in another program that meets the criteria set forth in this subsection.

(e) The department shall not issue an occupational driver's license under (a)(iv) of this subsection if the applicant is able to receive transit services sufficient to allow for the applicant's participation in the programs referenced under (a)(iv) of this subsection.

(3) An applicant for an occupational driver's license is eligible to receive such license only if:

(a) Within one year immediately preceding the date of the offense that gave rise to the present conviction, the applicant has not committed any offense relating to motor vehicles for which suspension or revocation of a driver's license is mandatory; and

(b) Within seven years immediately preceding the date of the offense that gave rise to the present conviction or incident, the applicant has not committed any of the following offenses: (i) Driving or being in actual physical control of a motor vehicle while under the influence of intoxicating liquor; (ii) vehicular homicide under RCW 46.61.520; or (iii) vehicular assault

ALCOHOL DETECTION DEVICES

RCW 46.20.710 Legislative finding.

Applicable Cases

The legislature finds and declares:

(1) There is a need to reduce the incidence of drivers on the highways and roads of this state who, because of their use, consumption, or possession of alcohol, pose a danger to the health and safety of other drivers;

(2) One method of dealing with the problem of drinking drivers is to discourage the use of motor vehicles by persons who possess or have consumed alcoholic beverages;

(3) The installation of an ignition interlock breath alcohol device or other biological or technical device will provide a means of deterring the use of motor vehicles by persons who have consumed alcoholic beverages;

(4) Ignition interlock and other biological and technical devices are designed to supplement other methods of punishment that prevent drivers from using a motor vehicle after using, possessing, or consuming alcohol;

(5) It is economically and technically feasible to have an ignition interlock or other biological or technical device installed in a motor vehicle in such a manner that the vehicle will not start if the operator has recently consumed alcohol.

[1994 c 275 § 21; 1987 c 247 § 1.]

Notes:

Short title--Effective date--1994 c 275: See notes following RCW 46.04.015.

RCW 46.20.720 Drivers convicted of alcohol offenses.

Applicable Cases

(1) The court may order that after a period of suspension, revocation, or denial of driving privileges, and for up to as long as the court has jurisdiction, any person convicted of any offense involving the use, consumption, or possession of alcohol while operating a motor vehicle may drive only a motor vehicle equipped with a functioning ignition interlock or other biological or technical device.

(2) If a person is convicted of a violation of RCW 46.61.502 or 46.61.504 or an equivalent local ordinance and it is: (a) The person's first conviction or a deferred prosecution under chapter 10.05 RCW and his or her alcohol concentration was at least 0.15, or by reason of the person's refusal to take a test offered pursuant to RCW 46.20.308 there is no test result indicating the person's alcohol concentration; or (b) the person's second or subsequent conviction; or (c) the person's first conviction and the person has a previous deferred prosecution under chapter 10.05 RCW or it is a deferred prosecution under chapter 10.05 RCW and the person has a previous conviction, the court shall order that after any applicable period of

suspension, revocation, or denial of driving privileges, the person may drive only a motor vehicle equipped with a functioning ignition interlock or other biological or technical device. The court may waive the requirement for the use of such a device if the court makes a specific finding in writing that such devices are not reasonably available in the local area. Nothing in this section may be interpreted as entitling a person to more than one deferred prosecution.

(3) The court shall establish a specific calibration setting at which the ignition interlock or other biological or technical device will prevent the motor vehicle from being started and the period of time that the person shall be subject to the restriction. In the case of a person under subsection (2) of this section, the period of time of the restriction will be as follows:

(a) For a person (i) who is subject to RCW 46.61.5055 (1)(b), (2), or (3), or who is subject to a deferred prosecution program under chapter 10.05 RCW, and (ii) who has not previously been restricted under this section, a period of not less than one year;

RCW

46.21.010	Compact enacted--Provisions.
46.21.020	"Licensing authority" defined--Duty to furnish information.
46.21.030	Expenses of compact administrator.
46.21.040	"Executive head" defined.

RCW 46.21.010 Compact enacted--Provisions.

Applicable Cases

The driver license compact prepared pursuant to resolutions of the western governors' conference and the western interstate committee on highway policy problems of the council of state governments is hereby entered into and enacted into law, the terms and provisions of which shall be as follows:

DRIVER LICENSE COMPACT

ARTICLE I--Findings and Declaration of Policy

(a) The party states find that:

(1) The safety of their streets and highways is materially affected by the degree of compliance with state laws and local ordinances relating to the operation of motor vehicles.

(2) Violation of such a law or ordinance is evidence that the violator engages in conduct which is likely to endanger the safety of persons and property.

(3) The continuance in force of a license to drive is predicated upon compliance with laws and ordinances relating to the operation of motor vehicles, in whichever jurisdiction the vehicle is operated.

(b) It is the policy of each of the party states to:

(1) Promote compliance with the laws, ordinances, and administrative rules and regulations relating to the operation of motor vehicles by their operators in each of the jurisdictions where such operators drive motor vehicles.

(2) Make the reciprocal recognition of licenses to drive and eligibility therefor more just and equitable by considering the over-all compliance with motor vehicle laws, ordinances and administrative rules and regulations as a condition precedent to the continuance or issuance of any license by reason of which the licensee is authorized or permitted to operate a motor vehicle in any of the party states.

ARTICLE II--Definitions

As used in this compact:

(a) "State" means a state, territory or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico.

(b) "Home state" means the state which has issued and has the power to suspend or revoke the use of the license or permit to operate a motor vehicle.

(c) "Conviction" means a conviction of any offense related to the use or operation of a motor vehicle which is prohibited by state law, municipal ordinance or administrative rule or regulation, or a forfeiture of bail, bond or other security deposited to secure appearance by a person charged with having committed any such offense, and which conviction or forfeiture is required to be reported to the licensing authority.

ARTICLE III--Reports of Conviction

The licensing authority of a party state shall report each conviction of a person from another party state occurring within its jurisdiction to the licensing authority of the home state of the licensee. Such report shall clearly identify the person convicted; describe the violation specifying the section of the statute, code or ordinance violated; identify the court in which action was taken; indicate whether a plea of guilty or not guilty was entered, or the conviction was a result of the forfeiture of bail, bond or other security; and shall include any special findings made in connection therewith.

ARTICLE IV--Effect of Conviction

(a) The licensing authority in the home state, for the purposes of suspension, revocation or limitation of the license to operate a motor vehicle, shall give the same effect to the conduct reported, pursuant to Article III of this compact, as it would if such conduct had occurred in the home state, in the case of convictions for:

(1) Vehicular homicide;

(2) Driving a motor vehicle while under the influence of intoxicating liquor or a narcotic drug, or under the influence of any other drug to a degree which renders the driver incapable of

safely driving a motor vehicle;

(3) Any felony in the commission of which a motor vehicle is used;

(4) Failure to stop and render aid in the event of a motor vehicle accident resulting in the death or personal injury of another.

(b) If the laws of a party state do not provide for offenses or violations denominated or described in precisely the words employed in subdivision (a) of this Article, such party state shall construe the denominations and descriptions appearing in subdivision (a) hereof as being applicable to and identifying those offenses or violations of a substantially similar nature and the laws of such party state shall contain such provisions as may be necessary to ensure that full force and effect is given to this Article.

ARTICLE V--Applications for New Licenses

Upon application for a license to drive, the licensing authority in a party state shall ascertain whether the applicant has ever held, or is the holder of a license to drive issued by any other party state. The licensing authority in the state where application is made shall not issue a license to drive to the applicant if:

(1) The applicant has held such a license, but the same has been suspended by reason, in whole or in part, of a violation and if such suspension period has not terminated.

(2) The applicant has held such a license, but the same has been revoked by reason, in whole or in part, of a violation and if such revocation has not terminated, except that after the expiration of one year from the date the license was revoked, such person may make application for a new license if permitted by law. The licensing authority may refuse to issue a license to any such applicant if, after investigation, the licensing authority determines that it will not be safe to grant to such person the privilege of driving a motor vehicle on the public highways.

(3) The applicant is the holder of a license to drive issued by another party state and currently in force unless the applicant surrenders such license.

ARTICLE VI--Applicability of Other Laws

Except as expressly required by provisions of this compact, nothing contained herein shall be construed to affect the right of any party state to apply any of its other laws relating to licenses to drive to any person or circumstance, nor to invalidate or prevent any driver license agreement or other cooperative arrangement between a party state and a non-party state.

ARTICLE VII--Compact Administrator and Interchange of Information

(a) The head of the licensing authority of each party state shall be the administrator of this compact for his state. The administrators, acting jointly, shall have the power to formulate all necessary and proper procedures for the exchange of information under this compact.

(b) The administrator of each party state shall furnish to the administrator of each other party state any information or documents reasonably necessary to facilitate the administration of this compact.

ARTICLE VIII--Entry into Force and Withdrawal

(a) This compact shall enter into force and become effective as to any state when it has enacted the same into law.

(b) Any party state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until six months after the executive head of the withdrawing state has given notice of the withdrawal to the executive heads of all other party states. No withdrawal shall affect the validity or applicability by the licensing authorities of states remaining party to the compact of any report of conviction occurring prior to the withdrawal.

ARTICLE IX--Construction and Severability

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state party thereto, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters.

[1983 c 164 § 5; 1963 c 120 § 1.]

RCW 46.21.020 "Licensing authority" defined--Duty to furnish information.

responsibilities of his office or employment.

(1) In most instances, a motorist who is cited for a traffic violation in a jurisdiction other than his home jurisdiction: Must post collateral or bond to secure appearance for trial at a later date; or if unable to post collateral or bond, is taken into custody until the collateral or bond is posted; or is taken directly to court for his trial to be held.

(2) In some instances, the motorist's driver's license may be deposited as collateral to be returned after he has complied with the terms of the citation.

(3) The purpose of the practices described in paragraphs (1) and (2) above is to ensure compliance with the terms of a traffic citation by the motorist who, if permitted to continue on his way after receiving the traffic citation, could return to him [his] home jurisdiction and disregard his duty under the terms of the traffic citation.

(4) A motorist receiving a traffic citation in his home jurisdiction is permitted, except for certain violations, to accept the citation from the officer at the scene of the violation and to

immediately continue on his way after promising or being instructed to comply with the terms of the citation.

(5) The practice described in paragraph (1) above, causes unnecessary inconvenience and, at times, a hardship for the motorist who is unable at the time to post collateral, furnish a bond, stand trial, or pay the fine, and thus is compelled to remain in custody until some arrangement can be made.

(6) The deposit of a driver's license as a bail bond, as described in paragraph (2) above, is viewed with disfavor.

(7) The practices described herein consume an undue amount of law enforcement time.

(b) It is the policy of the party jurisdictions to:

(1) Seek compliance with the laws, ordinances, and administrative rules and regulations relating to the operation of motor vehicles in each of the jurisdictions.

(2) Allow motorists to accept a traffic citation for certain violations and proceed on their way without delay whether or not the motorist is a resident of the jurisdiction in which the citation was issued.

(3) Extend cooperation to its fullest extent among the jurisdictions for obtaining compliance with the terms of a traffic citation issued in one jurisdiction to a resident of another jurisdiction.

(4) Maximize effective utilization of law enforcement personnel and assist court systems in the efficient disposition of traffic violations.

(c) The purpose of this compact is to:

(1) Provide a means through which the party jurisdictions may participate in a reciprocal program to effectuate the policies enumerated in paragraph (b) above in a uniform and orderly manner.

(2) Provide for the fair and impartial treatment of traffic violators operating within party jurisdictions in recognition of the motorist's right of due process and the sovereign status of a party jurisdiction.

Due process safeguards will be accorded.

(b) The licensing authority of the home jurisdiction shall maintain a record of actions taken and make reports to issuing jurisdictions as provided in the compact manual.

Article V – Applicability of Other Laws

Article VI -- Compact Administrator Procedures

(a) For the purpose of administering the provisions of this compact and to serve as a governing body for the resolution of all matters relating to the operation of this compact, a board of compact administrators is established. The board shall be composed of one representative from each party jurisdiction to be known as the compact administrator. The compact administrator shall be appointed by the jurisdiction executive and will serve and be subject to removal in accordance with the laws of the jurisdiction he represents. A compact administrator may provide for the discharge of his duties and the performance of his functions as a board member by an alternate. An alternate may not be entitled to serve unless written notification of his identity has been given to the board.

(a) This compact may be amended from time to time. Amendments shall be presented in resolution form to the chairman of the board of compact administrators and may be initiated by one or more party jurisdictions.

(b) Adoption of an amendment shall require endorsement of all party jurisdictions and shall become effective thirty days after the date of the last endorsement.

(c) Failure of a party jurisdiction to respond to the compact chairman within one hundred twenty days after receipt of the proposed amendment shall constitute endorsement.

Article X -- Construction and Severability

This compact shall be liberally construed so as to effectuate the purposes stated herein. The provisions of this compact shall be severable and if any phrase, clause, sentence, or provision of this compact is declared to be contrary to the constitution of any party jurisdiction or of the United States or the applicability thereof to any government, agency, person, or circumstance, the compact shall not be affected thereby. If this compact shall be held contrary to the constitution of any jurisdiction party thereto, the compact shall remain in full force and effect as to the remaining jurisdictions and in full force and effect as to the jurisdiction affected as to all severable matters.

(3) A commercial driver's license or commercial driver's instruction permit may not be issued to a person while the person is subject to a disqualification from driving a commercial motor vehicle, or while the person's driver's license is suspended, revoked, or canceled in any state, nor may a commercial driver's license be issued to a person who has a commercial driver's license issued by any other state unless the person first surrenders all such licenses, which must be returned to the issuing state for cancellation.

(4)(a) A commercial driver's instruction permit may be issued to an individual who holds a valid automobile or classified driver's license.

(b) A commercial driver's instruction permit may not be issued for a period to exceed six months. Only one renewal or reissuance may be granted within a two-year period. Applicable Cases

When a person has been disqualified from operating a commercial motor vehicle, the person is not entitled to have the commercial driver's license restored until after the expiration of the appropriate disqualification period required under RCW 46.25.090. After expiration of the appropriate period and upon payment of a requalification fee of twenty dollars, the person may apply for a new, duplicate, or renewal commercial driver's license as provided by law. If the person has been disqualified for a period of one year or more, the person shall demonstrate that he or she meets the commercial driver's license qualification standards specified in RCW 46.25.060.

[1989 c 178 § 12.]

RCW 46.25.110 Driving with alcohol in system.

Applicable Cases

(1) Notwithstanding any other provision of Title 46 RCW, a person may not drive, operate, or be in physical control of a commercial motor vehicle while having alcohol in his or her system.

(2) Law enforcement or appropriate officials shall issue an out-of-service order valid for twenty-four hours against a person who drives, operates, or is in physical control of a commercial motor vehicle while having alcohol in his or her system or who refuses to take a test to determine his or her alcohol content as provided by RCW 46.25.120.

[1989 c 178 § 13.]

RCW 46.25.120 Test for alcohol or drugs--Disqualification for refusal of test or positive test.

Applicable Cases

(1) A person who drives a commercial motor vehicle within this state is deemed to have given consent, subject to RCW 46.61.506, to take a test or tests of that person's blood or breath for the purpose of determining that person's alcohol concentration or the presence of other drugs.

(2) A test or tests may be administered at the direction of a law enforcement officer, who after stopping or detaining the commercial motor vehicle driver, has probable cause to believe that driver was driving a commercial motor vehicle while having alcohol in his or her system.

(3) The law enforcement officer requesting the test under subsection (1) of this section shall warn the person requested to submit to the test that a refusal to submit will result in that person being disqualified from operating a commercial motor vehicle under RCW 46.25.090.

(4) If the person refuses testing, or submits to a test that discloses an alcohol concentration of 0.04 or more, the law enforcement officer shall submit a sworn report to the department certifying that the test was requested pursuant to subsection (1) of this section and that the person refused to submit to testing, or submitted to a test that disclosed an alcohol concentration of 0.04 or more.

(5) Upon receipt of the sworn report of a law enforcement officer under subsection (4) of this section, the department shall disqualify the driver from driving a commercial motor vehicle under RCW 46.25.090, subject to the hearing provisions of RCW 46.20.329 and 46.20.332. The hearing shall be conducted in the county of the arrest. For the purposes of this section, the hearing shall cover the issues of whether a law enforcement officer had reasonable grounds to believe the person had been driving or was in actual physical control of a commercial motor vehicle within this state while having alcohol in the person's system, whether the person refused to submit to the test or tests upon request of the officer after having been informed that the refusal would result in the disqualification of the person from driving a commercial motor vehicle, and, if the test was administered, whether the results indicated an alcohol concentration of 0.04 percent or more. The department shall order that the disqualification of the person either be rescinded or sustained. Any decision by the department disqualifying a person from driving a commercial motor vehicle is stayed and does not take effect while a formal hearing is pending under this section or during the pendency of a subsequent appeal to superior court so long as there is no conviction for a moving violation or no finding that the person has committed a traffic infraction that is a moving violation during the pendency of the hearing and appeal. If the disqualification of the person is sustained after the hearing, the person who is disqualified may file a petition in the superior court of the county of arrest to review the final order of disqualification by the department in the manner provided in RCW 46.20.334.

SECURITY FOLLOWING ACCIDENT

RCW 46.29.060 Application of sections requiring deposit of security and suspensions for failure to deposit security.

Applicable Cases

The provisions of this chapter, requiring deposit of security and suspensions for failure to deposit security, subject to certain exemptions, shall apply to the driver and owner of any vehicle of a type subject to registration under the motor vehicle laws of this state which is in any manner involved in an accident within this state, which accident has resulted in bodily injury or death of any person or damage to the property of any one person to an apparent extent equal to or greater than the minimum amount established by rule adopted by the director. The director shall adopt rules establishing the property damage threshold at which the provisions of this chapter apply with respect to the deposit of security and suspensions for failure to deposit security. Beginning October 1, 1987, the property damage threshold shall be five hundred dollars. The thresholds shall be revised when necessary, but not more frequently than every two years. The revisions shall only be for the purpose of recognizing economic changes as reflected by an inflationary index recommended by the office of financial management. The revisions shall be guided by the change in the index for the time period since the last revision and by the threshold established by the chief of the Washington state patrol for the filing of accident reports as provided in RCW 46.52.030.

Applicable Cases

(1) The department, not less than twenty days after receipt of a report of an accident as described in the preceding section, shall determine the amount of security which shall be sufficient in its judgment to satisfy any judgment or judgments for damages resulting from such accident as may be recovered against each driver or owner. Such determination shall not be made with respect to drivers or owners who are exempt under succeeding sections of this chapter from the requirements as to security and suspension.

(2) The department shall determine the amount of security deposit required of any person upon the basis of the reports or other information submitted. In the event a person involved in an accident as described in this chapter fails to make a report or submit information indicating the extent of his injuries or the damage to his property within one hundred eighty days after the accident and the department does not have sufficient information on which to base an evaluation of such injuries or damage, then the department after reasonable notice to such person, if it is

possible to give such notice, otherwise without such notice, shall not require any deposit of security for the benefit or protection of such person.

(3) The department after receipt of report of any accident referred to herein and upon determining the amount of security to be required of any person involved in such accident or to be required of the owner of any vehicle involved in such accident shall give written notice to every such person of the amount of security required to be deposited by him and that an order of suspension will be made as hereinafter provided not less than twenty days and not more than sixty days after the sending of such notice unless within said time security be deposited as required by said notice.

(5) Policy need not insure workers' compensation, etc. Such motor vehicle liability policy need not insure any liability under any workers' compensation law nor any liability on account of bodily injury or death of an employee of the insured while engaged in the employment, other than domestic, of the insured, or while engaged in the operation, maintenance, or repair of any such vehicle nor any liability for damage to property owned by, rented to, in charge of, or transported by the insured.

(6) Provisions incorporated in policy. Every motor vehicle liability policy is subject to the following provisions which need not be contained therein:

(a) The liability of the insurance carrier with respect to the insurance required by this chapter becomes absolute whenever injury or damage covered by said motor vehicle liability policy occurs; said policy may not be canceled or annulled as to such liability by any agreement between the insurance carrier and the insured after the occurrence of the injury or damage; no statement made by the insured or on his behalf and no violation of said policy defeats or voids said policy.

(b) The satisfaction by the insured of a judgment for such injury or damage shall not be a condition precedent to the right or duty of the insurance carrier to make payment on account of such injury or damage.

(c) The insurance carrier may settle any claim covered by the policy, and if such settlement is made in good faith, the amount thereof is deductible from the limits of liability specified in subdivision (b) of subsection (2) of this section.

(d) The policy, the written application therefor, if any, and any rider or endorsement which does not conflict with the provisions of this chapter constitutes the entire contract between the parties.

(7) Excess or additional coverage. Any policy which grants the coverage required for a motor vehicle liability policy may also grant any lawful coverage in excess of or in addition to the coverage specified for a motor vehicle liability policy, and such excess or additional coverage is not subject to the provisions of this chapter. With respect to a policy which grants such excess or additional coverage the term "motor vehicle liability policy" applies only to that part of the coverage which is required by this section.

(8) Reimbursement provision permitted. Any motor vehicle liability policy may provide

that the insured shall reimburse the insurance carrier for any payment the insurance carrier would not have been obligated to make under the terms of the policy except for the provisions of this chapter.

(9) Proration of insurance permitted. Any motor vehicle liability policy may provide for the prorating of the insurance thereunder with other valid and collectible insurance.

(10) Multiple policies. The requirements for a motor vehicle liability policy may be fulfilled by the policies of one or more insurance carrier which policies together meet such requirements.

(11) Binders. Any binder issued pending the issuance of a motor vehicle liability policy is deemed to fulfill the requirements for such a policy.

An affidavit of the applicant as to the nonexistence of such facts, or that he has been released from all of his liability, or has been finally adjudicated not to be liable, for such injury or damage, shall be sufficient evidence thereof in the absence of evidence to the contrary in the records of the department.

RCW 46.30.010 Legislative intent.

Applicable Cases

It is a privilege granted by the state to operate a motor vehicle upon the highways of this state. The legislature recognizes the threat that uninsured drivers are to the people of the state. In order to alleviate the threat posed by uninsured drivers it is the intent of the legislature to require that all persons driving vehicles registered in this state satisfy the financial responsibility requirements of this chapter. By enactment of this chapter it is not the intent of the legislature to modify, amend, or invalidate existing insurance contract terms, conditions, limitations, or exclusions or to preclude insurance companies from using similar terms, conditions, limitations, or exclusions in future contracts.

[1989 c 353 § 1.]

RCW 46.30.020 Liability insurance or other financial responsibility required--Violations--Exceptions.

Applicable Cases

(c) When asked to do so by a law enforcement officer, failure to display an insurance identification card as specified under RCW 46.30.030 creates a presumption that the person does not have motor vehicle insurance.

(d) Failure to provide proof of motor vehicle insurance is a traffic infraction and is subject to penalties as set by the supreme court under RCW 46.63.110 or community service.

(2) If a person cited for a violation of subsection (1) of this section appears in person before the court and provides written evidence that at the time the person was cited, he or she was in compliance with the financial responsibility requirements of subsection (1) of this section, the citation shall be dismissed. In lieu of personal appearance, a person cited for a violation of subsection (1) of this section may, before the date scheduled for the person's appearance before the court, submit by mail to the court written evidence that at the time the person was cited, he or she was in compliance with the financial responsibility requirements of subsection (1) of this section, in which case the citation shall be dismissed without cost, except that the court may assess court administrative costs of twenty-five dollars at the time of dismissal.

(3) The provisions of this chapter shall not govern:

(a) The operation of a motor vehicle registered under RCW 46.16.305(1), governed by RCW 46.16.020, or registered with the Washington utilities and transportation commission as common or contract carriers; or

At the policyholder's request, the insurer shall provide the policyholder a card for each vehicle covered under the policy.

(2) The department of licensing shall adopt rules specifying the type, style, and content of insurance identification cards to be used for proof of compliance with RCW 46.30.020, including the method for issuance of such identification cards by persons or organizations providing proof of compliance through self-insurance, certificate of deposit, or bond. (2) Every school bus and private carrier bus shall, in addition to any other equipment and distinctive markings required by this chapter, be equipped with a "stop" signal upon a background not less than fourteen by eighteen inches displaying the word "stop" in letters of distinctly contrasting colors not less than eight inches high, and shall further be equipped with signal lamps mounted as high and as widely spaced laterally as practicable, which shall be capable of displaying to the front two alternately flashing red lights located at the same level and to the rear two alternately flashing red lights located at the same level and these lights shall have sufficient intensity to be visible at five hundred feet in normal sunlight.

(3) Vehicles operated by public agencies whose law enforcement duties include the authority to stop and detain motor vehicles on the public highways of the state may be equipped with a siren and lights of a color and type designated by the state patrol for that purpose. The state patrol may prohibit the use of these sirens and lights on vehicles other than the vehicles described in this subsection.

For the purposes of this section, "public transit vehicle" means vehicles, owned by a governmental entity, with a seating capacity for twenty-five or more persons and used to provide mass transportation. Public transit vehicles operating an optical strobe light will have second degree priority to emergency vehicles when simultaneously approaching the same traffic control light.

(5) The use of the signal equipment described herein, except the optical strobe light devices used by public transit vehicles and department of transportation, city, or county maintenance vehicles that are not used in conjunction with emergency equipment, shall impose upon drivers of other vehicles the obligation to yield right of way and stop as prescribed in RCW 46.61.210, 46.61.370, and 46.61.350.

RCW 46.37.320 Authority of state patrol regarding lighting devices or other safety equipment.

Applicable Cases

(1) The chief of the state patrol is hereby authorized to adopt and enforce rules establishing standards and specifications governing the performance of lighting devices and their installation, adjustment, and aiming, when in use on motor vehicles, and other safety equipment, components, or assemblies of a type for which regulation is required in this chapter or in rules adopted by the state patrol. Such rules shall correlate with and, so far as practicable, conform to federal motor vehicle safety standards adopted pursuant to the national traffic and motor vehicle safety act of 1966 (15 U.S.C. Sec. 1381 et seq.) covering the same aspect of performance, or in the absence of such federal standards, to the then current standards and specifications of the society of automotive engineers applicable to such equipment: PROVIDED, That the sale, installation, and use of any headlamp meeting the standards of either the society of automotive engineers or the United Nations agreement concerning motor vehicle equipment and parts done at Geneva on March 20, 1958, or as amended and adopted by the Canadian standards association (CSA standard D106.2), as amended, shall be lawful in this state.

(2) Every manufacturer who sells or offers for sale lighting devices or other safety equipment subject to requirements established by the state patrol shall, if the lighting device or safety equipment is not in conformance with applicable federal motor vehicle safety standards, provide for submission of such lighting device or safety equipment to any recognized organization or agency such as, but not limited to, the American national standards institute, the society of automotive engineers, or the American association of motor vehicle administrators, as the agent of the state patrol. Issuance of a certificate of compliance for any lighting device or item of safety equipment by that agent is deemed to comply with the standards set forth by the state patrol. Such certificate shall be issued by the agent of the state before sale of the product within the state.

(3) The state patrol may at any time request from the manufacturer a copy of the test data showing proof of compliance of any device with the requirements established by the state patrol and additional evidence that due care was exercised in maintaining compliance during production. If the manufacturer fails to provide such proof of compliance within sixty days of notice from the state patrol, the state patrol may prohibit the sale of the device in this state until acceptable proof of compliance is received by the state patrol.

(4) The state patrol or its agent may purchase any lighting device or other safety equipment, component, or assembly subject to this chapter or rules adopted by the state patrol under this chapter, for purposes of testing or retesting the equipment as to its compliance with applicable standards or specifications.

RCW 46.37.330 Revocation of certificate of approval on devices--Reapproval, conditions.

Applicable Cases

(1) When the state patrol has reason to believe that an approved device does not comply with the requirements of this chapter or regulations issued by the state patrol, it may, after giving thirty days' previous notice to the person holding the certificate of approval for such device in this state, conduct a hearing upon the question of compliance of said approved device. After said hearing the state patrol shall determine whether said approved device meets the requirements of this chapter and regulations issued by the state patrol. If said device does not meet the requirements of this chapter or the state patrol's regulations it shall give notice to the one to whom the certificate of approval has been issued of the state patrol's intention to suspend or revoke the certificate of approval for such device in this state.

(2) If at the expiration of ninety days after such notice the person holding the certificate of approval for such device has failed to satisfy the state patrol that said approved device as thereafter to be sold or offered for sale meets the requirements of this chapter or the state patrol's

regulations, the state patrol shall suspend or revoke the approval issued therefor and shall require the withdrawal of all such devices from the market and may require that all said devices sold since the notification be replaced with devices that do comply.

(3) When a certificate of approval has been suspended or revoked pursuant to this chapter or regulations by the state patrol, the device shall not be again approved unless and until it has been submitted for reapproval and it has been demonstrated, in the same manner as in an application for an original approval, that the device fully meets the requirements of this chapter or regulations issued by the state patrol. The state patrol may require that all previously approved items are being effectively recalled and removed from the market as a condition of reapproval.

RCW 46.37.340 Braking equipment required.

Applicable Cases

Every motor vehicle, trailer, semitrailer, and pole trailer, and any combination of such vehicle operating upon a highway within this state shall be equipped with brakes in compliance with the requirements of this chapter.

(1) Service brakes--adequacy. Every such vehicle and combination of vehicles, except special mobile equipment as defined in RCW 46.04.552, shall be equipped with service brakes complying with the performance requirements of RCW 46.37.351 and adequate to control the movement of and to stop and hold such vehicle under all conditions of loading, and on any grade incident to its operation.

(2) Parking brakes--adequacy. Every such vehicle and combination of vehicles shall be equipped with parking brakes adequate to hold the vehicle on any grade on which it is operated, under all conditions of loading, on a surface free from snow, ice, or loose material. The parking brakes shall be capable of being applied in conformance with the foregoing requirements by the driver's muscular effort or by spring action or by equivalent means. Their operation may be assisted by the service brakes or other source of power provided that failure of the service brake actuation system or other power assisting mechanism will not prevent the parking brakes from being applied in conformance with the foregoing requirements. The parking brakes shall be so designed that when once applied they shall remain applied with the required effectiveness despite exhaustion of any source of energy or leakage of any kind. The same brake drums, brake shoes and lining assemblies, brake shoe anchors, and mechanical brake shoe actuation mechanism normally associated with the wheel brake assemblies may be used for both the service brakes and the parking brakes. If the means of applying the parking brakes and the service brakes are connected in any way, they shall be so constructed that failure of any one part shall not leave the vehicle without operative brakes.

(3) Brakes on all wheels. Every vehicle shall be equipped with brakes acting on all wheels except:

(a) Trailers, semitrailers, or pole trailers of a gross weight not exceeding three thousand pounds, provided that:

(i) The total weight on and including the wheels of the trailer or trailers shall not exceed forty percent of the gross weight of the towing vehicle when connected to the trailer or trailers; and

(ii) The combination of vehicles consisting of the towing vehicle and its total towed load, is capable of complying with the performance requirements of RCW 46.37.351;

(b) Trailers, semitrailers, or pole trailers manufactured and assembled prior to July 1, 1965, shall not be required to be equipped with brakes when the total weight on and including the wheels of the trailer or trailers does not exceed two thousand pounds;

(c) Any vehicle being towed in driveaway or towaway operations, provided the combination of vehicles is capable of complying with the performance requirements of RCW 46.37.351;

(d) Trucks and truck tractors manufactured before July 25, 1980, and having three or more axles need not have brakes on the front wheels, except that when such vehicles are equipped with at least two steerable axles, the wheels of one steerable axle need not have brakes. Trucks and truck tractors manufactured on or after July 25, 1980, and having three or more axles are required to have brakes on the front wheels, except that when such vehicles are equipped with at least two steerable axles, the wheels of one steerable axle need not have brakes. Such trucks and truck tractors may be equipped with an automatic device to reduce the front-wheel braking effort by up to fifty percent of the normal braking force, regardless of whether or not antilock system failure has occurred on any axle, and:

(i) Must not be operable by the driver except upon application of the control that activates the braking system; and

(ii) Must not be operable when the pressure that transmits brake control application force exceeds eighty-five pounds per square inch (psi) on air-mechanical braking systems, or eighty-five percent of the maximum system pressure in vehicles utilizing other than compressed air.

All trucks and truck tractors having three or more axles must be capable of complying with the performance requirements of RCW 46.37.351;

(e) Special mobile equipment as defined in RCW 46.04.552 and all vehicles designed primarily for off-highway use with braking systems which work within the power train rather than directly at each wheel;

(f) Vehicles manufactured prior to January 1, 1930, may have brakes operating on only two wheels.

(g) For a forklift manufactured after January 1, 1970, and being towed, wheels need not have brakes except for those on the rearmost axle so long as such brakes, together with the brakes on the towing vehicle, shall be adequate to stop the combination within the stopping distance requirements of RCW 46.37.351.

(4) Automatic trailer brake application upon breakaway. Every trailer, semitrailer, and pole trailer equipped with air or vacuum actuated brakes and every trailer, semitrailer, and pole trailer with a gross weight in excess of three thousand pounds, manufactured or assembled after January 1, 1964, shall be equipped with brakes acting on all wheels and of such character as to be applied automatically and promptly, and remain applied for at least fifteen minutes, upon breakaway from the towing vehicle.

(5) Tractor brakes protected. Every motor vehicle manufactured or assembled after January 1, 1964, and used to tow a trailer, semitrailer, or pole trailer equipped with brakes, shall be equipped with means for providing that in case of breakaway of the towed vehicle, the towing vehicle will be capable of being stopped by the use of its service brakes.

(6) Trailer air reservoirs safeguarded. Air brake systems installed on trailers manufactured or assembled after January 1, 1964, shall be so designed that the supply reservoir used to provide air for the brakes shall be safeguarded against backflow of air from the reservoir through the supply line.

(7) Two means of emergency brake operation.

(a) Air brakes. After January 1, 1964, every towing vehicle equipped with air controlled brakes, in other than driveaway or towaway operations, and all other vehicles equipped with air controlled brakes, shall be equipped with two means for emergency application of the brakes. One of these means shall apply the brakes automatically in the event of a reduction of the vehicle's air supply to a fixed pressure which shall be not lower than twenty pounds per square inch nor higher than forty-five pounds per square inch. The other means shall be a manually controlled device for applying and releasing the brakes, readily operable by a person seated in the driving seat, and its emergency position or method of operation shall be clearly indicated. In no instance may the manual means be so arranged as to permit its use to prevent operation of the automatic means. The automatic and the manual means required by this section may be, but are not required to be, separate.

(b) Vacuum brakes. After January 1, 1964, every towing vehicle used to tow other vehicles equipped with vacuum brakes, in operations other than driveaway or towaway operations, shall have, in addition to the single control device required by subsection (8) of this section, a second control device which can be used to operate the brakes on towed vehicles in emergencies. The second control shall be independent of brake air, hydraulic, and other pressure, and independent of other controls, unless the braking system be so arranged that failure of the pressure upon which the second control depends will cause the towed vehicle brakes to be applied automatically. The second control is not required to provide modulated braking.

(8) Single control to operate all brakes. After January 1, 1964, every motor vehicle, trailer, semitrailer, and pole trailer, and every combination of such vehicles, equipped with brakes shall have the braking system so arranged that one control device can be used to operate all service brakes. This requirement does not prohibit vehicles from being equipped with an additional control device to be used to operate brakes on the towed vehicles. This regulation does not apply to driveaway or towaway operations unless the brakes on the individual vehicles are designed to be operated by a single control in the towing vehicle.

(9) Reservoir capacity and check valve.

(a) Air brakes. Every bus, truck, or truck tractor with air operated brakes shall be equipped with at least one reservoir sufficient to insure that, when fully charged to the maximum pressure as regulated by the air compressor governor cut-out setting, a full service brake application may be made without lowering such reservoir pressure by more than twenty percent. Each reservoir shall be provided with means for readily draining accumulated oil or water.

(b) Vacuum brakes. After January 1, 1964, every truck with three or more axles equipped with vacuum assistor type brakes and every truck tractor and truck used for towing a vehicle equipped with vacuum brakes shall be equipped with a reserve capacity or a vacuum reservoir sufficient to insure that, with the reserve capacity or reservoir fully charged and with the engine stopped, a full service brake application may be made without depleting the vacuum supply by more than forty percent.

(c) Reservoir safeguarded. All motor vehicles, trailers, semitrailers, and pole trailers, when equipped with air or vacuum reservoirs or reserve capacity as required by this section, shall have such reservoirs or reserve capacity so safeguarded by a check valve or equivalent device that in the event of failure or leakage in its connection to the source of compressed air or vacuum, the stored air or vacuum shall not be depleted by the leak or failure.

(10) Warning devices.

(a) Air brakes. Every bus, truck, or truck tractor using compressed air for the operation of its own brakes or the brakes on any towed vehicle, shall be provided with a warning signal, other than a pressure gauge, readily audible or visible to the driver, which will operate at any time the primary supply air reservoir pressure of the vehicle is below fifty percent of the air compressor governor cut-out pressure. In addition, each such vehicle shall be equipped with a pressure gauge visible to the driver, which indicates in pounds per square inch the pressure available for braking.

(b) Vacuum brakes. After January 1, 1964, every truck tractor and truck used for towing a vehicle equipped with vacuum operated brakes and every truck with three or more axles using vacuum in the operation of its brakes, except those in driveaway or towaway operations, shall be equipped with a warning signal, other than a gauge indicating vacuum, readily audible or visible to the driver, which will operate at any time the vacuum in the vehicle's supply reservoir or reserve capacity is less than eight inches of mercury.

(c) Combination of warning devices. When a vehicle required to be equipped with a warning device is equipped with both air and vacuum power for the operation of its own brakes or the brakes on a towed vehicle, the warning devices may be, but are not required to be, combined into a single device which will serve both purposes. A gauge or gauges indicating pressure or vacuum shall not be deemed to be an adequate means of satisfying this requirement.

(1) It is unlawful to operate a vehicle upon the public highways of this state unless it is completely equipped with pneumatic rubber tires except vehicles equipped with temporary-use spare tires that meet federal standards that are installed and used in accordance with the manufacturer's instructions.

(2) No tire on a vehicle moved on a highway may have on its periphery any block, flange, cleat, or spike or any other protuberance of any material other than rubber which projects beyond the tread of the traction surface of the tire, except that it is permissible to use farm machinery equipped with pneumatic tires or solid rubber tracks having protuberances that will not injure the highway, and except also that it is permissible to use tire chains or metal studs imbedded within the tire of reasonable proportions and of a type conforming to rules adopted by the state patrol, upon any vehicle when required for safety because of snow, ice, or other conditions tending to cause a vehicle to skid. It is unlawful to use metal studs imbedded within the tire between April 1st and November 1st. The state department of transportation may, from time to time, determine additional periods in which the use of tires with metal studs imbedded therein is lawful.

(3) The state department of transportation and local authorities in their respective jurisdictions may issue special permits authorizing the operation upon a highway of traction engines or tractors having movable tracks with transverse corrugations upon the periphery of the movable tracks or farm tractors or other farm machinery, the operation of which upon a highway would otherwise be prohibited under this section.

RCW 46.37.425 Tires--Unsafe--State patrol's authority--Penalty.

Applicable Cases

No person shall drive or move or cause to be driven or moved any vehicle, the tires of which have contact with the driving surface of the road, subject to registration in this state, upon the public highways of this state unless such vehicle is equipped with tires in safe operating condition in accordance with requirements established by this section or by the state patrol.

The state patrol shall promulgate rules and regulations setting forth requirements of safe operating condition of tires capable of being employed by a law enforcement officer by visual inspection of tires mounted on vehicles including visual comparison with simple measuring gauges. These rules shall include effects of tread wear and depth of tread.

A tire shall be considered unsafe if it has:

(1) Any ply or cord exposed either to the naked eye or when cuts or abrasions on the tire are probed; or

(2) Any bump, bulge, or knot, affecting the tire structure; or

(3) Any break repaired with a boot; or

(4) A tread depth of less than 2/32 of an inch measured in any two major tread grooves at three locations equally spaced around the circumference of the tire, or for those tires with tread wear indicators, a tire shall be considered unsafe if it is worn to the point that the tread wear indicators contact the road in any two major tread grooves at three locations equally spaced around the circumference of the tire; or

(5) A legend which indicates the tire is not intended for use on public highways such as,

"not for highway use" or "for racing purposes only"; or

(6) Such condition as may be reasonably demonstrated to render it unsafe; or

(7) If not matched in tire size designation, construction, and profile to the other tire and/or tires on the same axle, except for temporary-use spare tires that meet federal standards that are installed and used in accordance with the manufacturer's instructions.

No person, firm, or corporation shall sell any vehicle for use on the public highways of this state unless the vehicle is equipped with tires that are in compliance with the provisions of this section. If the tires are found to be in violation of the provisions of this section, the person, firm, or corporation selling the vehicle shall cause such tires to be removed from the vehicle and shall equip the vehicle with tires that are in compliance with the provisions of this section.

It is a traffic infraction for any person to operate a vehicle on the public highways of this state, or to sell a vehicle for use on the public highways of this state, which is equipped with a tire or tires in violation of the provisions of this section or the rules and regulations promulgated by the state patrol hereunder: PROVIDED, HOWEVER, That if the violation relates to items (1) to (7) inclusive of this section then the condition or defect must be such that it can be detected by a visual inspection of tires mounted on vehicles, including visual comparison with simple measuring gauges.

[1971 c 77 § 4.]

RCW 46.37.430 Safety glazing--Sunscreening or coloring.

Applicable Cases

(1) No person may sell any new motor vehicle as specified in this title, nor may any new motor vehicle as specified in this title be registered unless such vehicle is equipped with safety glazing material of a type that meets or exceeds federal standards, or if there are none, standards approved by the Washington state patrol. The foregoing provisions apply to all passenger-type motor vehicles, including passenger buses and school buses, but in respect to trucks, including truck tractors, the requirements as to safety glazing material apply to all glazing material used in doors, windows, and windshields in the drivers' compartments of such vehicles except as provided by subsection (4) of this section.

(2) The term "safety glazing materials" means glazing materials so constructed, treated, or combined with other materials as to reduce substantially, in comparison with ordinary sheet glass or plate glass, the likelihood of injury to persons by objects from exterior sources or by these safety glazing materials when they may be cracked or broken.

(3) The director of licensing shall not register any motor vehicle which is subject to the

provisions of this section unless it is equipped with an approved type of safety glazing material, and he or she shall suspend the registration of any motor vehicle so subject to this section which the director finds is not so equipped until it is made to conform to the requirements of this section.

(4) No person may sell or offer for sale, nor may any person operate a motor vehicle registered in this state which is equipped with, any camper manufactured after May 23, 1969, unless such camper is equipped with safety glazing material of a type conforming to rules adopted by the state patrol wherever glazing materials are used in outside windows and doors.

(5) No film sunscreening or coloring material that reduces light transmittance to any degree may be applied to the surface of the safety glazing material in a motor vehicle unless it meets the following standards for such material:

(a) The maximum level of film sunscreening material to be applied to any window, except the windshield, shall have a total reflectance of thirty-five percent or less, plus or minus three percent, and a light transmission of thirty-five percent or more, plus or minus three percent, when measured against clear glass resulting in a minimum of twenty-four percent light transmission on AS-2 glazing where the vehicle is equipped with outside rearview mirrors on both the right and left. Installation of more than a single sheet of film sunscreening material to any window is prohibited. The same maximum levels of film sunscreen material may be applied to windows to the immediate right and left of the driver on limousines and passenger buses used to transport persons for compensation and vehicles identified by the manufacturer as multi-use, multipurpose, or other similar designation. All windows to the rear of the driver on such vehicles may have film sunscreening material applied that has less than thirty-five percent light transmittance, if the light reflectance is thirty-five percent or less and the vehicle is equipped with outside rearview mirrors on both the right and left. A person or business tinting windows for profit who tints windows within restricted areas of the glazing system shall supply a sticker to be affixed to the driver's door post, in the area adjacent to the manufacturer's identification tag. Installation of this sticker certifies that the glazing application meets this chapter's standards for light transmission, reflectance, and placement requirements. Stickers must be no smaller than three-quarters of an inch by one and one-half inches, and no larger than two inches by two and one-half inches. The stickers must be of sufficient quality to endure exposure to harsh climate conditions. The business name and state tax identification number of the installer must be clearly visible on the sticker.

(b) A greater degree of light reduction is permitted on all windows and the top six inches of windshields of a vehicle operated by or carrying as a passenger a person who possesses a written verification from a licensed physician that the operator or passenger must be protected from exposure to sunlight for physical or medical reasons.

(c) Windshield application. A greater degree of light reduction is permitted on the top six-inch area of a vehicle's windshield. Clear film sunscreening material that reduces or eliminates ultraviolet light may be applied to windshields.

(d) When film sunscreening material is applied to any window except the windshield, outside mirrors on both the left and right sides shall be located so as to reflect to the driver a view

of the roadway, through each mirror, a distance of at least two hundred feet to the rear of the vehicle.

(e) The following types of film sunscreening material are not permitted:

(i) Mirror finish products;

(ii) Red, gold, yellow, or black material; or

(iii) Film sunscreening material that is in liquid preapplication form and brushed or sprayed on.

Nothing in this section prohibits the use of shaded or heat-absorbing safety glazing material in which the shading or heat-absorbing characteristics have been applied at the time of manufacture of the safety glazing material and which meet federal standards and the standards of the state patrol for such safety glazing materials.

(6) It is a traffic infraction for any person to operate a vehicle for use on the public highways of this state, if the vehicle is equipped with film sunscreening or coloring material in violation of this section.

(7) Owners of vehicles with film sunscreening material applied to windows to the rear of the driver, prior to June 7, 1990, must comply with the requirements of this section and RCW 46.37.435 by July 1, 1993.

(2) Whenever any vehicle referred to in this section is disabled within five hundred feet of a curve, hillcrest, or other obstruction to view, the warning signal in that direction shall be so placed as to afford ample warning to other users of the highway, but in no case less than five hundred feet from the disabled vehicle.

(3) Whenever any vehicle of a type referred to in this section is disabled upon any roadway of a divided highway during the time that lights are required, the appropriate warning devices prescribed in subsections (1) and (5) of this section shall be placed as follows:

One at a distance of approximately two hundred feet from the vehicle in the center of the lane occupied by the stopped vehicle and in the direction of traffic approaching in that lane; one at a distance of approximately one hundred feet from the vehicle, in the center of the lane occupied by the vehicle and in the direction of traffic approaching in that lane; and one at the traffic side of the vehicle and approximately ten feet from the vehicle in the direction of the nearest approaching traffic.

Flares, fusees, or signals produced by flame shall not be used as warning devices for disabled vehicles of the type mentioned in this subsection.

(6) Whenever any vehicle, other than those described in subsection (1) of this section, is disabled upon the traveled portion of any highway or shoulder thereof outside any municipality, the state patrol or the county sheriff shall, upon discovery of the disabled vehicle, place a reflectorized warning device on the vehicle. The warning device and its placement shall be in accordance with rules adopted by the state patrol. Neither the standards for, placement or use of, nor the lack of placement or use of a warning device under this subsection gives rise to any civil liability on the part of the state of Washington, the state patrol, any county, or any law

RCW 46.38.010 Compact enacted--Provisions.

Applicable Cases

The vehicle equipment safety compact prepared pursuant to resolutions of the western governors' conference and the western interstate committee on highway policy problems of the council of state governments, is hereby enacted into law and entered into with all other jurisdictions legally joining therein in the form substantially as follows:

VEHICLE EQUIPMENT SAFETY COMPACT

ARTICLE I--Findings and Purposes

(a) The party states find that:

(1) Accidents and deaths on their streets and highways present a very serious human and economic problem with a major deleterious effect on the public welfare.

(2) There is a vital need for the development of greater interjurisdictional cooperation to achieve the necessary uniformity in the laws, rules, regulations and codes relating to vehicle equipment, and to accomplish this by such means as will minimize the time between the development of demonstrably and scientifically sound safety features and their incorporation into vehicles.

(b) The purposes of this compact are to:

(1) Promote uniformity in regulation of and standards for equipment.

(2) Secure uniformity of law and administrative practice in vehicular regulation and related safety standards to permit incorporation of desirable equipment changes in vehicles in the interest of greater traffic safety.

(3) To provide means for the encouragement and utilization of research which will facilitate the achievement of the foregoing purposes, with due regard for the findings set forth in subdivision (a) of this Article.

(c) It is the intent of this compact to emphasize performance requirements and not to determine the specific detail of engineering in the manufacture of vehicles or equipment except to the extent necessary for the meeting of such performance requirements.

ARTICLE II--Definitions

As used in this compact:

(a) "Vehicle" means every device in, upon or by which any person or property is or may be transported or drawn upon a highway, excepting devices moved by human power or used exclusively upon stationary rails or tracks.

(b) "State" means a state, territory or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico.

(c) "Equipment" means any part of a vehicle or any accessory for use thereon which affects the safety of operation of such vehicle or the safety of the occupants.

ARTICLE III--The Commission

(a) There is hereby created an agency of the party states to be known as the "Vehicle Equipment Safety Commission" hereinafter called the Commission. The Commission shall be composed of one commissioner from each party state who shall be appointed, serve and be subject to removal in accordance with the laws of the state which he represents. If authorized by the laws of his party state, a commissioner may provide for the discharge of his duties and the performance of his functions on the Commission, either for the duration of his membership or for any lesser period of time, by an alternate. No such alternate shall be entitled to serve unless notification of his identity and appointment shall have been given to the Commission in such form as the Commission may require. Each commissioner, and each alternate, when serving in the place and stead of a commissioner, shall be entitled to be reimbursed by the Commission for expenses actually incurred in attending Commission meetings or while engaged in the business of the Commission.

(b) The commissioners shall be entitled to one vote each on the Commission. No action of the Commission shall be binding unless taken at a meeting at which a majority of the total number of votes on the Commission are cast in favor thereof. Action of the Commission shall be only at a meeting at which a majority of the commissioners, or their alternates, are present.

(c) The Commission shall have a seal.

(d) The Commission shall elect annually, from among its members, a chairman, a vice chairman and a treasurer. The Commission may appoint an Executive Director and fix his duties and compensation. Such Executive Director shall serve at the pleasure of the Commission, and together with the Treasurer shall be bonded in such amount as the Commission shall determine. The Executive Director also shall serve as secretary. If there be no Executive Director, the Commission shall elect a Secretary in addition to the other officers provided by this subdivision.

(e) Irrespective of the civil service, personnel or other merit system laws of any of the

party states, the Executive Director with the approval of the Commission, or the Commission if there be no Executive Director, shall appoint, remove or discharge such personnel as may be necessary for the performance of the Commission's functions, and shall fix the duties and compensation of such personnel.

(f) The Commission may establish and maintain independently or in conjunction with any one or more of the party states, a suitable retirement system for its full time employees. Employees of the Commission shall be eligible for social security coverage in respect of old age and survivor's insurance provided that the Commission takes such steps as may be necessary pursuant to the laws of the United States, to participate in such program of insurance as a governmental agency or unit. The Commission may establish and maintain or participate in such additional programs of employee benefits as may be appropriate.

(g) The Commission may borrow, accept or contract for the services of personnel from any party state, the United States, or any subdivision or agency of the aforementioned governments, or from any agency of two or more of the party states or their subdivisions.

(h) The Commission may accept for any of its purposes and functions under this compact any and all donations, and grants of money, equipment, supplies, materials, and services, conditional or otherwise, from any state, the United States, or any other governmental agency and may receive, utilize, and dispose of the same.

(i) The Commission may establish and maintain such facilities as may be necessary for the transacting of its business. The Commission may acquire, hold, and convey real and personal property and any interest therein.

(j) The Commission shall adopt bylaws for the conduct of its business and shall have the power to amend and rescind these bylaws. The Commission shall publish its bylaws in convenient form and shall file a copy thereof and a copy of any amendment thereto, with the appropriate agency or officer in each of the party states. The bylaws shall provide for appropriate notice to the commissioners of all Commission meetings and hearings and the business to be transacted at such meetings or hearings. Such notice shall also be given to such agencies or officers of each party state as the laws of such party state may provide.

(k) The Commission annually shall make to the governor and legislature of each party state a report covering the activities of the Commission for the preceding year, and embodying such recommendations as may have been issued by the Commission. The Commission may make such additional reports as it may deem desirable.

ARTICLE IV--Research and Testing

The Commission shall have power to:

(a) Collect, correlate, analyze and evaluate information resulting or derivable from research and testing activities in equipment and related fields.

(b) Recommend and encourage the undertaking of research and testing in any aspect of equipment or related matters when, in its judgment, appropriate or sufficient research or testing has not been undertaken.

(c) Contract for such equipment research and testing as one or more governmental agencies may agree to have contracted for by the Commission, provided that such governmental agency or agencies shall make available the funds necessary for such research and testing.

(d) Recommend to the party states changes in law or policy with emphasis on uniformity of laws and administrative rules, regulations or codes which would promote effective governmental action or coordination in the prevention of equipment-related highway accidents or the mitigation of equipment-related highway safety problems.

ARTICLE V--Vehicular Equipment

(a) In the interest of vehicular and public safety, the Commission may study the need for or desirability of the establishment of or changes in performance requirements or restrictions for any item of equipment. As a result of such study, the Commission may publish a report relating to any item or items of equipment, and the issuance of such a report shall be a condition precedent to any proceedings or other action provided or authorized by this Article. No less than sixty days after the publication of a report containing the results of such study, the Commission upon due notice shall hold a hearing or hearings at such place or places as it may determine.

(b) Following the hearing or hearings provided for in subdivision (a) of this Article, and with due regard for standards recommended by appropriate professional and technical associations and agencies, the Commission may issue rules, regulations or codes embodying performance requirements or restrictions for any item or items of equipment covered in the report, which in the opinion of the Commission will be fair and equitable and effectuate the purposes of this compact.

(c) Each party state obligates itself to give due consideration to any and all rules, regulations and codes issued by the Commission and hereby declares its policy and intent to be the promotion of uniformity in the laws of the several party states relating to equipment.

(d) The Commission shall send prompt notice of its action in issuing any rule, regulation or code pursuant to this Article to the appropriate motor vehicle agency of each party state and such notice shall contain the complete text of the rule, regulation or code.

(e) If the constitution of a party state requires, or if its statutes provide, the approval of the legislature by appropriate resolution or act may be made a condition precedent to the taking effect in such party state of any rule, regulation or code. In such event, the commissioner of such party state shall submit any Commission rule, regulation or code to the legislature as promptly as may be in lieu of administrative acceptance or rejection thereof by the party state.

(f) Except as otherwise specifically provided in or pursuant to subdivisions (e) and (g) of this Article, the appropriate motor vehicle agency of a party state shall in accordance with its constitution or procedural laws adopt the rule, regulation or code within six months of the sending of the notice, and, upon such adoption, the rule, regulation or code shall have the force and effect of law therein.

(g) The appropriate motor vehicle agency of a party state may decline to adopt a rule, regulation or code issued by the Commission pursuant to this Article if such agency specifically

finds, after public hearing on due notice, that a variation from the Commission's rule, regulation or code is necessary to the public safety, and incorporates in such finding the reasons upon which it is based. Any such finding shall be subject to review by such procedure for review of administrative determinations as may be applicable pursuant to the laws of the party state. Upon request, the Commission shall be furnished with a copy of the transcript of any hearings held pursuant to this subdivision.

ARTICLE VI--Finance

(a) The Commission shall submit to the executive head or designated officer or officers of each party state a budget of its estimated expenditures for such period as may be required by the laws of that party state for presentation to the legislature thereof.

(b) Each of the Commission's budgets of estimated expenditures shall contain specific recommendations of the amount or amounts to be appropriated by each of the party states. The total amount of appropriations under any such budget shall be apportioned among the party states as follows: one-third in equal shares; and the remainder in proportion to the number of motor vehicles registered in each party state. In determining the number of such registrations, the Commission may employ such source or sources of information as, in its judgment present the most equitable and accurate comparisons among the party states. Each of the Commission's budgets of estimated expenditures and requests for appropriations shall indicate the source or sources used in obtaining information concerning vehicular registrations.

(c) The Commission shall not pledge the credit of any party state. The Commission may meet any of its obligations in whole or in part with funds available to it under Article III (h) of this compact, provided that the Commission takes specific action setting aside such funds prior to incurring any obligation to be met in whole or in part in such manner. Except where the Commission makes use of funds available to it under Article III (h) hereof, the Commission shall not incur any obligation prior to the allotment of funds by the party states adequate to meet the same.

(d) The Commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the Commission shall be subject to the audit and accounting procedures established under its rules. However, all receipts and disbursements of funds handled by the Commission shall be audited yearly by a qualified public accountant and the report of the audit shall be included in and become part of the annual reports of the Commission.

(e) The accounts of the Commission shall be open at any reasonable time for inspection by duly constituted officers of the party states and by any persons authorized by the Commission.

(f) Nothing contained herein shall be construed to prevent Commission compliance with laws relating to audit or inspection of accounts by or on behalf of any government contributing to the support of the Commission.

ARTICLE VII--Conflict of Interest

(a) The Commission shall adopt rules and regulations with respect to conflict of interest for the commissioners of the party states, and their alternates, if any, and for the staff of the Commission and contractors with the Commission to the end that no member or employee or contractor shall have a pecuniary or other incompatible interest in the manufacture, sale or distribution of motor vehicles or vehicular equipment or in any facility or enterprise employed by the Commission or on its behalf for testing, conduct of investigations or research. In addition to any penalty for violation of such rules and regulations as may be applicable under the laws of the violator's jurisdiction of residence, employment or business, any violation of a Commission rule or regulation adopted pursuant to this Article shall require the immediate discharge of any violating employee and the immediate vacating of membership, or relinquishing of status as a member on the Commission by any commissioner or alternate. In the case of a contractor, any violation of any such rule or regulation shall make any contract of the violator with the Commission subject to cancellation by the Commission.

(b) Nothing contained in this Article shall be deemed to prevent a contractor for the Commission from using any facilities subject to his control in the performance of the contract even though such facilities are not devoted solely to work of or done on behalf of the Commission; nor to prevent such a contractor from receiving remuneration or profit from the use of such facilities.

ARTICLE VIII--Advisory and Technical Committees

The Commission may establish such advisory and technical committees as it may deem necessary, membership on which may include private citizens and public officials, and may cooperate with and use the services of any such committees and the organizations which the members represent in furthering any of its activities.

ARTICLE IX--Entry Into Force and Withdrawal

(a) This compact shall enter into force when enacted into law by any six or more states. Thereafter, this compact shall become effective as to any other state upon its enactment thereof.

(b) Any party state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until one year after the executive head of the withdrawing state has given notice in writing of the withdrawal to the executive heads of all other party states. No withdrawal shall affect any liability already incurred by or chargeable to a party state prior to the time of such withdrawal.

ARTICLE X--Construction and Severability

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the Constitution of any state or of the United States or

the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state participating herein, the compact shall remain in full force and effect as to the remaining party states and in full force and effect as to the state affected as to all severable matters.

**Chapter 46.39 RCW
INTERSTATE COMPACT FOR SCHOOL BUS SAFETY**

RCW

46.39.010 Compact enacted--Provisions.

46.39.020 Designation of Washington state commissioners.

RCW 46.39.010 Compact enacted--Provisions.

Applicable Cases

The "Interstate Compact for School Bus Safety" is hereby enacted into law and entered into with all other jurisdictions legally joining therein in the form substantially as follows:

INTERSTATE COMPACT FOR
SCHOOL BUS SAFETY

ARTICLE I
FINDINGS AND PURPOSES

(a) The party states find that:

(1) School transportation is an integral part of our education systems. The increasing volume of traffic on streets and highways, with larger numbers of school children being transported each year, presents a serious problem in safety that requires regulation and control.

(2) During recent years the various states have each developed their own rules, regulations and standards which govern the operation of school buses in the individual states, thus creating vast differences in construction standards and operational procedures.

(3) Standardization by means of interstate cooperation, exchange of information, and the promulgation of uniform practices among the states can do much to mitigate present hazards and at the same time generate cost reductions and improved service.

(b) The purposes of this compact are to:

(1) Promote uniformity in regulation of and standards for school bus equipment.

(2) Secure uniformity of law and administrative practices in school bus vehicle regulation and related safety standards, incorporating desirable equipment changes in the interest of greater school bus safety.

(3) Establish a means whereby the states party to this compact shall jointly agree on certain school bus minimum standards and procedures including, without limitation by the

enumeration, the following:

- (i) Items which affect the motorist, such as use of lights, signs, and signaling devices that control traffic;
 - (ii) Procedural activities of school bus drivers in controlling traffic; and in the loading and unloading of buses;
 - (iii) Construction and other specifications which can lead to lower initial costs and the interchangeability of school buses among states;
 - (iv) A framework within which the party states may develop uniform driver training programs; and
 - (v) Development of accurate and uniform accident statistical reporting among the party states.
- (4) Encourage and utilize research which will facilitate achievement of the foregoing purposes, with due regard for the findings set forth in subsection (a) of this Article.
- (5) It is recognized that there are inherent differences in transportation needs in each of the party states. It shall not be the purpose of this compact to abridge, impair or adversely affect the jurisdiction or authority of the individual states to regulate and control their own school transportation systems.
- (6) Investigate the safety and economic advantage of children being transported.

ARTICLE II DEFINITIONS

- (a) "State" means a state, territory or possession of the United States, the District of Columbia, the Commonwealth of Puerto Rico, and any other special commonwealth as may be established by the Government of the United States.
- (b) "School bus" shall have the same meaning as provided in RCW 46.04.521.
- (c) "Equipment" means the equipment required for school buses under chapter 46.37 RCW.

ARTICLE III THE COMMISSION

(a) There is hereby created an agency of the party states to be known as the "Western States School Bus Safety Commission" (hereinafter called the Commission). The Commission shall consist of not less than one nor more than three commissioners from each State, each of whom shall be a citizen of the State from which he is appointed, and not less than one or more than three commissioners representing the United States Government. The commissioners from each State shall be chosen in the manner and for the terms provided by the laws of the States from which they shall be appointed, provided that at least one member shall be appointed from the State agency which has primary responsibility for pupil transportation in that State. Any commissioner may be removed or suspended from office as provided by the law of the State from

which he shall be appointed. The commissioners representing the United States shall be appointed by the President of the United States, or in such other manner as may be provided by Congress. The commissioners shall serve without compensation, but shall be paid their actual expenses incurred in and incidental to the performance of their duties; but nothing herein shall prevent the appointment of an officer or employee of any State or of the United States Government.

(b) Each state delegation shall be entitled to one vote, and the presence of commissioners from a majority of the party states shall constitute a quorum for the transaction of business at any meeting of the Commission. A majority vote of the quorum will be required to adopt any measure before the Commission. The commissioners representing the United States Government shall act in an advisory capacity and shall not have voting powers.

(c) The Commission shall have a seal.

(d) The Commission shall elect annually, from among its members, a chairman, a vice chairman, and a treasurer. The Commission shall appoint an Executive Director who shall serve at its pleasure and who shall also act as Secretary, and who, together with the Treasurer, shall be bonded in such amounts as the Commission may require.

(e) The Executive Director, with the approval of the Commission, shall appoint and remove or discharge such personnel as may be necessary for the performance of the Commission's functions irrespective of the civil service, personnel or other merit system laws of any of the party states.

(f) The Commission may establish and maintain, independently or in conjunction with any one or more of the party states, a suitable retirement system for its full-time employees. The Commission may establish and maintain or participate in such additional programs of employee benefits as may be appropriate.

(g) The Commission may borrow, accept, or contract for the services of personnel from any state or the United States or any subdivision or agency thereof, from any interstate agency, or from any institution, person, firm or corporation.

(h) The Commission may establish and maintain such facilities as may be necessary for the transacting of its business. The Commission may acquire, hold, and convey real and personal property and any interest therein.

(i) The Commission shall adopt bylaws, rules, and regulations for the conduct of its business, and shall have the power to amend and rescind these bylaws, rules, and regulations. The Commission shall publish its bylaws, rules, and regulations in convenient form and shall file a copy thereof and shall also file a copy of any amendment thereto, with the appropriate agency or officer in each of the party states.

(j) The Commission annually shall make to the governor and the legislature of each party state, a report covering the activities of the Commission for the preceding year, and embodying such recommendations as may have been adopted by the Commission. The Commission may issue such additional reports as it may deem desirable.

ARTICLE IV

FUNCTIONS AND ACTIVITIES

(a) The Commission shall have power to perform the following functions and activities that relate to school bus transportation:

(1) Recommend and encourage research, testing and training activities to the extent the Commission finds necessary.

(2) Contract for research, testing and training activities on behalf of the Commission itself or for one or more governmental agencies if they provide special funding for that purpose.

(3) Engage directly in such activities to the extent approved by the Commission.

(4) Recommend to the party states of needed changes in law or policy with emphasis on uniformity of laws and administrative rules, regulations or codes which would promote effective governmental action or coordination of school bus construction, equipment, safety programs, and school bus driver training.

(5) The Commission shall send prompt notice of its action in issuing any rule, regulation or code pursuant to this article to the appropriate agency of each party state and such notice shall contain the complete text of the rule, regulation or code.

(6) Each party state, recognizing that to carry out the intent of this compact, obligates itself to adopt in identical terms, all rules, regulations and specifications which are standardized through due process to the States.

(b) The Commission may establish such advisory and technical committees as may be necessary, membership on which may include public officials and private citizens. The Commission may also cooperate with other governmental agencies and interstate organizations and with organizations representing the private sector.

ARTICLE V FINANCE

(a) Moneys necessary to finance the Commission in carrying out its duties shall be provided through appropriations from the states party to this compact, said payments to be in direct proportion to the number of school buses registered in the respective party states. The initial rate of payment shall be figured at \$0.50 per bus, provided that no state shall contribute less than \$500.00 per annum. The annual contribution of each state above the minimum shall be figured to the nearest one hundred dollars. Subsequent budgets shall be determined by the Commission, and the cost thereof allocated in the same proportion as the initial budget.

(b) The Commission may accept for any of its purposes under this compact any and all donations, and grants of money, equipment, supplies, materials, and services (conditional and otherwise) from any state or the United States or any subdivision or agency thereof, or interstate agency, or from any institution, person, firm, or corporation, and may receive, utilize and dispose of the same.

ARTICLE VI

(a) This compact shall enter into immediate force and effect as to any state when enacted by it into law, and such state shall thereafter be a party thereto with any and all states joining therein.

(b) It is the purpose of this compact to provide the necessary legal basis for implementation and adoption by each party state of the standardized rules, regulations and specifications as adopted by the Commission. Consistent with the laws of each party state, there shall be a "compact administrator" who, acting jointly with like officials of other party states, shall promulgate necessary rules, regulations and specifications within that state to carry out the actions and directives of the Commission.

(c) Any state party to this compact may, by legislative act after one year's notice to the Commission, withdraw from the compact. The compact may also be terminated at any time by the unanimous agreement of the several party states. Withdrawal shall not relieve a state from its obligations hereunder prior to the effective withdrawal date.

(d) If any state shall at any time default in the performance of any of its obligations assumed herein or with respect to any obligation imposed upon said state as authorized by and in compliance with the terms and provisions of this compact, all rights, privileges and benefits of such defaulting state and its members on the Commission shall be suspended after the date of such default. Such suspension shall in no manner release such defaulting state from any accrued obligation or otherwise affect this compact or the rights, duties, privileges or obligations of the remaining states thereunder.

ARTICLE VII SEVERABILITY

(a) The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be unconstitutional or the applicability thereof to any state, agency, person or circumstances is held invalid, the constitutionality of the remainder of this compact and the applicability thereof to any other state, agency, person or circumstances shall not be affected thereby. It is the legislative intent that the provisions of this compact be reasonably and liberally construed.

RCW 46.44.020 Maximum height--Impaired clearance signs.

Applicable Cases

It is unlawful for any vehicle unladen or with load to exceed a height of fourteen feet above the level surface upon which the vehicle stands. This height limitation does not apply to authorized emergency vehicles or repair equipment of a public utility engaged in reasonably necessary operation. The provisions of this section do not relieve the owner or operator of a vehicle or combination of vehicles from the exercise of due care in determining that sufficient vertical clearance is provided upon the public highways where the vehicle or combination of vehicles is being operated; and no liability may attach to the state or to any county, city, town, or

other political subdivision by reason of any damage or injury to persons or property by reason of the existence of any structure over or across any public highway where the vertical clearance above the roadway is fourteen feet or more; or, where the vertical clearance is less than fourteen feet, if impaired clearance signs of a design approved by the state department of transportation are erected and maintained on the right side of any such public highway in accordance with the manual of uniform traffic control devices for streets and highways as adopted by the state department of transportation under chapter 47.36 RCW. If any structure over or across any public highway is not owned by the state or by a county, city, town, or other political subdivision, it is the duty of the owner thereof when billed therefor to reimburse the state department of transportation or the county, city, town, or other political subdivision having jurisdiction over the highway for the actual cost of erecting and maintaining the impaired clearance signs, but no liability may attach to the owner by reason of any damage or injury to persons or property caused by impaired vertical clearance above the roadway.

RCW 46.44.030 Maximum lengths.

Applicable Cases

It is unlawful for any person to operate upon the public highways of this state any vehicle having an overall length, with or without load, in excess of forty feet. This restriction does not apply to (1) a municipal transit vehicle, (2) auto stage, private carrier bus or school bus with an overall length not to exceed forty-six feet, or (3) an articulated auto stage with an overall length not to exceed sixty-one feet.

It is unlawful for any person to operate upon the public highways of this state any combination consisting of a tractor and semitrailer that has a semitrailer length in excess of fifty-three feet or a combination consisting of a tractor and two trailers in which the combined length of the trailers exceeds sixty-one feet, with or without load.

It is unlawful for any person to operate on the highways of this state any combination consisting of a truck and trailer, or log truck and stinger-steered pole trailer, with an overall length, with or without load, in excess of seventy-five feet. However, a combination of vehicles transporting automobiles or boats may have a front overhang of three feet and a rear overhang of four feet beyond this allowed length. "Stinger-steered," as used in this section, means the coupling device is located behind the tread of the tires of the last axle of the towing vehicle.

These length limitations do not apply to vehicles transporting poles, pipe, machinery, or other objects of a structural nature that cannot be dismembered and operated by a public utility when required for emergency repair of public service facilities or properties, but in respect to night transportation every such vehicle and load thereon shall be equipped with a sufficient

number of clearance lamps on both sides and marker lamps upon the extreme ends of any projecting load to clearly mark the dimensions of the load.

The length limitations described in this section are exclusive of safety and energy conservation devices, such as mud flaps and splash and spray suppressant devices, refrigeration units or air compressors, and other devices that the department determines to be necessary for safe and efficient operation of commercial vehicles. No device excluded under this paragraph from the limitations of this section may have, by its design or use, the capability to carry cargo.

RCW 46.44.034 Maximum lengths--Front and rear protrusions.

Applicable Cases

(1) The load, or any portion of any vehicle, operated alone upon the public highway of this state, or the load, or any portion of the front vehicle of a combination of vehicles, shall not extend more than three feet beyond the front wheels of such vehicle, or the front bumper, if equipped with front bumper. This subsection does not apply to a front-loading garbage truck or recycling truck while on route and actually engaged in the collection of solid waste or recyclables at speeds of twenty miles per hour or less.

(2) No vehicle shall be operated upon the public highways with any part of the permanent structure or load extending in excess of fifteen feet beyond the center of the last axle of such vehicle. This subsection does not apply to "specialized equipment" designated under 49 U.S.C. Sec. 2311 that is operated on the interstate highway system, those designated portions of the federal-aid primary system, and routes constituting reasonable access from such highways to terminals and facilities for food, fuel, repairs, and rest.

RCW 46.44.036 Combination of units--Limitation.

Applicable Cases

Except as provided in RCW 46.44.037, it is unlawful for any person to operate upon the public highways of this state any combination of vehicles consisting of more than two vehicles. For the purposes of this section a truck tractor-semitrailer or pole trailer combination will be considered as two vehicles but the addition of another axle to the tractor of a truck tractor-semitrailer or pole trailer combination in such a way that it supports a proportional share

of the load of the semitrailer or pole trailer shall not be deemed a separate vehicle but shall be considered a part of the truck tractor. For the purposes of this section a converter gear used in converting a semitrailer to a full trailer shall not be deemed a separate vehicle but shall be considered a part of the trailer.

Applicable Cases

Notwithstanding the provisions of RCW 46.44.036 and subject to such rules and regulations governing their operation as may be adopted by the state department of transportation, operation of the following combinations is lawful:

(1) A combination consisting of a truck tractor, a semitrailer, and another semitrailer or a full trailer. In this combination a converter gear used to convert a semitrailer into a full trailer shall be considered to be a part of the full trailer and not a separate vehicle. A converter gear being pulled without load and not used to convert a semitrailer into a full trailer may be substituted in lieu of a full trailer or a semitrailer in any lawful combination;

(2) A combination not exceeding seventy-five feet in overall length consisting of four trucks or truck tractors used in driveaway service where three of the vehicles are towed by the fourth in triple saddlemount position;

(3) A combination consisting of a truck tractor carrying a freight compartment no longer than eight feet, a semitrailer, and another semitrailer or full trailer that meets the legal length requirement for a truck and trailer combination set forth in RCW 46.44.030.

When inches are involved: Under six inches take lower, six inches or over take higher. The maximum load on any axle in any group of axles shall not exceed the single axle or tandem axle allowance as set forth in the table above.

The maximum axle and gross weights specified in this section are subject to the braking requirements set up for the service brakes upon any motor vehicle or combination of vehicles as provided by law.

Loads of not more than eighty thousand pounds which may be legally hauled in the state bordering this state which also has a sales tax, are legal in this state when moving to a port district within four miles of the bordering state except on the interstate system. This provision does not allow the operation of a vehicle combination consisting of a truck tractor and three trailers.

Notwithstanding anything contained herein, a vehicle or combination of vehicles in operation on January 4, 1975, may operate upon the public highways of this state, including the interstate system within the meaning of section 127 of Title 23, United States Code, with an overall gross weight upon a group of two consecutive sets of dual axles which was lawful in this state under the laws, regulations, and procedures in effect in this state on January 4, 1975.

RCW 46.44.042 Maximum gross weights--Axle and tire factors.

Applicable Cases

Subject to the maximum gross weights specified in RCW 46.44.041, it is unlawful to operate any vehicle upon the public highways with a gross weight, including load, upon any tire concentrated upon the surface of the highway in excess of six hundred pounds per inch width of such tire. An axle manufactured after July 31, 1993, carrying more than ten thousand pounds gross weight must be equipped with four or more tires. Effective January 1, 1997, an axle carrying more than ten thousand pounds gross weight must have four or more tires, regardless of date of manufacture. Instead of the four or more tires per axle requirements of this section, an axle may be equipped with two tires limited to five hundred pounds per inch width of tire. This section does not apply to vehicles operating under oversize or overweight permits, or both, issued under RCW 46.44.090, while carrying a nonreducible load.

The following equipment may operate at six hundred pounds per inch width of tire: (1) A nonliftable steering axle or axles on the power unit; (2) a tiller axle on fire fighting apparatus; (3) a rear booster trailing axle equipped with two tires on a ready-mix concrete transit truck; and (4) a straddle trailer manufactured before January 1, 1996, equipped with single-tire axles or a single axle using a walking beam supported by two in-line single tires and used exclusively for the transport of fruit bins between field, storage, and processing. A straddle trailer manufactured after January 1, 1996, meeting this use criteria may carry five hundred fifteen pounds per inch width of tire on sixteen and one-half inch wide tires.

For the purpose of this section, the width of tire in case of solid rubber or hollow center cushion tires, so long as the use thereof may be permitted by the law, shall be measured between the flanges of the rim. For the purpose of this section, the width of tires in case of pneumatic tires shall be the maximum overall normal inflated width as stipulated by the manufacturer when inflated to the pressure specified and without load thereon.

The department of transportation, under rules adopted by the transportation commission with respect to state highways, and a local authority, with respect to a public highway under its jurisdiction, may extend the weight table in RCW 46.44.041 to one hundred fifteen thousand pounds. However, the extension must be in compliance with federal law, and vehicles operating under the extension must be in full compliance with the 1997 axle and tire requirements under this section.

RCW 46.44.043 Cement trucks--Axle loading controls.

Applicable Cases

The switch that controls the raising and lowering of the retractable rear booster or tag axle on a ready-mix cement truck may be located within the reach of the driver's compartment as long as the variable control, used to adjust axle loadings by regulating air pressure or by other means, is out of the reach of the driver's compartment.

[1994 c 305 § 1.]

RCW 46.44.047 Excess weight--Logging trucks--Special permits--County or city permits--Fees--Discretion of arresting officer.

Applicable Cases

A three axle truck tractor and a two axle pole trailer combination engaged in the operation of hauling logs may exceed by not more than six thousand eight hundred pounds the legal gross weight of the combination of vehicles when licensed, as permitted by law, for sixty-eight thousand pounds: PROVIDED, That the distance between the first and last axle of the vehicles in combination shall have a total wheelbase of not less than thirty-seven feet, and the weight upon two axles spaced less than seven feet apart shall not exceed thirty-three thousand six hundred pounds.

Such additional allowances shall be permitted by a special permit to be issued by the department of transportation valid only on state primary or secondary highways authorized by the department and under such rules, regulations, terms, and conditions prescribed by the department. The fee for such special permit shall be fifty dollars for a twelve-month period beginning and ending on April 1st of each calendar year. Permits may be issued at any time, but if issued after July 1st of any year the fee shall be thirty-seven dollars and fifty cents. If issued on or after October 1st the fee shall be twenty-five dollars, and if issued on or after January 1st the fee shall be twelve dollars and fifty cents. A copy of such special permit covering the vehicle involved shall be carried in the cab of the vehicle at all times. Upon the third offense within the duration of the permit for violation of the terms and conditions of the special permit, the special permit shall be canceled. The vehicle covered by such canceled special permit shall not be eligible for a new special permit until thirty days after the cancellation of the special permit issued to said vehicle. The fee for such renewal shall be at the same rate as set forth in this section which covers the original issuance of such special permit. Each special permit shall be assigned to a three-axle truck tractor in combination with a two-axle pole trailer. When the department issues a duplicate permit to replace a lost or destroyed permit and where the department transfers a permit, a fee of fourteen dollars shall be charged for each such duplicate issued or each such transfer.

All fees collected hereinabove shall be deposited with the state treasurer and credited to the motor vehicle fund.

Permits involving city streets or county roads or using city streets or county roads to reach or leave state highways, authorized for permit by the department may be issued by the city or county or counties involved. A fee of five dollars for such city or county permit may be assessed by the city or by the county legislative authority which shall be deposited in the city or county road fund. The special permit provided for herein shall be known as a "log tolerance permit" and

shall designate the route or routes to be used, which shall first be approved by the city or county engineer involved. Authorization of additional route or routes may be made at the discretion of the city or county by amending the original permit or by issuing a new permit. Said permits shall be issued on a yearly basis expiring on March 31st of each calendar year. Any person, firm, or corporation who uses any city street or county road for the purpose of transporting logs with weights authorized by state highway log tolerance permits, to reach or leave a state highway route, without first obtaining a city or county permit when required by the city or the county legislative authority shall be subject to the penalties prescribed by RCW 46.44.105. For the purpose of determining gross weight the actual scale weight taken by the officer shall be prima facie evidence of such total gross weight. In the event the gross weight is in excess of the weight permitted by law, the officer may, within his discretion, permit the operator to proceed with his vehicles in combination.

The chief of the state patrol, with the advice of the department, may make reasonable rules and regulations to aid in the enforcement of the provisions of this section.

RCW 46.44.049 Effect of weight on highways--Study authorized.

Applicable Cases

The department of transportation may make and enter into agreements with the federal government or any state or group of states or agencies thereof, or any nonprofit association, on a joint or cooperative basis, to study, analyze, or test the effects of weight on highway construction. The studies or tests may be made either by designating existing highways or the construction of test strips including natural resource roads to the end that a proper solution of the many problems connected with the imposition on highways of motor vehicle weights may be determined.

The studies may include the determination of values to be assigned various highway-user groups according to their gross weight or use.

RCW 46.44.091 Special permits--Gross weight limit.

Applicable Cases

(1) Except as otherwise provided in subsections (3) and (4) of this section, no special

permit shall be issued for movement on any state highway or route of a state highway within the limits of any city or town where the gross weight, including load, exceeds the following limits:

(a) Twenty-two thousand pounds on a single axle or on dual axles with a wheelbase between the first and second axles of less than three feet six inches;

(b) Forty-three thousand pounds on dual axles having a wheelbase between the first and second axles of not less than three feet six inches but less than seven feet;

(c) On any group of axles or in the case of a vehicle employing two single axles with a wheel base between the first and last axle of not less than seven feet but less than ten feet, a weight in pounds determined by multiplying six thousand five hundred times the distance in feet between the center of the first axle and the center of the last axle of the group;

(d) On any group of axles with a wheel base between the first and last axle of not less than ten feet but less than thirty feet, a weight in pounds determined by multiplying two thousand two hundred times the sum of twenty and the distance in feet between the center of the first axle and the center of the last axle of the group;

(e) On any group of axles with a wheel base between the first and last axle of thirty feet or greater, a weight in pounds determined by multiplying one thousand six hundred times the sum of forty and the distance in feet between the center of the first axle and the center of the last axle of the group.

(2) The total weight of a vehicle or combination of vehicles allowable by special permit under subsection (1) of this section shall be governed by the lesser of the weights obtained by using the total number of axles as a group or any combination of axles as a group.

(3) The weight limitations pertaining to single axles may be exceeded to permit the movement of equipment operating upon single pneumatic tires having a rim width of twenty inches or more and a rim diameter of twenty-four inches or more or dual pneumatic tires having a rim width of sixteen inches or more and a rim diameter of twenty-four inches or more and specially designed vehicles manufactured and certified for special permits prior to July 1, 1975.

(4) Permits may be issued for weights in excess of the limitations contained in subsection (1) of this section on highways or sections of highways which have been designed and constructed for weights in excess of such limitations, or for any shipment duly certified as necessary by military officials, or by officials of public or private power facilities, or when in the opinion of the department of transportation the movement or action is a necessary movement or action: PROVIDED, That in the judgment of the department of transportation the structures and highway surfaces on the routes involved are capable of sustaining weights in excess of such limitations and it is not reasonable for economic or operational considerations to transport such excess weights by rail or water for any substantial distance of the total mileage applied for.

(5) Permits may be issued for the operation of fire trucks on the public highways if the maximum gross weight on any single axle does not exceed twenty-four thousand pounds and the gross weight on any tandem axle does not exceed forty-three thousand pounds.

(6) Application shall be made in writing on special forms provided by the department of transportation and shall be submitted at least thirty-six hours in advance of the proposed movement. An application for a special permit for a gross weight of any combination of vehicles

exceeding two hundred thousand pounds shall be submitted in writing to the department of transportation at least thirty days in advance of the proposed movement.

RCW 46.44.092 Special permits--Overall width limits, exceptions--Application for permit.

Applicable Cases

Special permits may not be issued for movements on any state highway outside the limits of any city or town in excess of the following widths:

On two-lane highways, fourteen feet;

On multiple-lane highways where a physical barrier serving as a median divider separates opposing traffic lanes, twenty feet;

On multiple-lane highways without a physical barrier serving as a median divider, thirty-two feet.

These limits apply except under the following conditions:

(1) In the case of buildings, the limitations referred to in this section for movement on any two lane state highway other than the national system of interstate and defense highways may be exceeded under the following conditions: (a) Controlled vehicular traffic shall be maintained in one direction at all times; (b) the maximum distance of movement shall not exceed five miles; additional contiguous permits shall not be issued to exceed the five-mile limit: PROVIDED, That when the department of transportation, pursuant to general rules adopted by the transportation commission, determines a hardship would result, this limitation may be exceeded upon approval of the department of transportation; (c) prior to issuing a permit a qualified transportation department employee shall make a visual inspection of the building and route involved determining that the conditions listed herein shall be complied with and that structures or overhead obstructions may be cleared or moved in order to maintain a constant and uninterrupted movement of the building; (d) special escort or other precautions may be imposed to assure movement is made under the safest possible conditions, and the Washington state patrol shall be advised when and where the movement is to be made;

(2) Permits may be issued for widths of vehicles in excess of the preceding limitations on highways or sections of highways which have been designed and constructed for width in excess of such limitations;

(3) Permits may be issued for vehicles with a total outside width, including the load, of nine feet or less when the vehicle is equipped with a mechanism designed to cover the load pursuant to RCW 46.61.655;

(4) These limitations may be rescinded when certification is made by military officials, or by officials of public or private power facilities, or when in the opinion of the department of transportation the movement or action is a necessary movement or action: PROVIDED FURTHER, That in the judgment of the department of transportation the structures and highway surfaces on the routes involved are capable of sustaining widths in excess of such limitation;

(5) These limitations shall not apply to movement during daylight hours on any two lane state highway where the gross weight, including load, does not exceed eighty thousand pounds and the overall width of load does not exceed sixteen feet: PROVIDED, That the minimum and maximum speed of such movements, prescribed routes of such movements, the times of such movements, limitation upon frequency of trips (which limitation shall be not less than one per week), and conditions to assure safety of traffic may be prescribed by the department of transportation or local authority issuing such special permit.

The applicant for any special permit shall specifically describe the vehicle or vehicles and load to be operated or moved and the particular state highways for which permit to operate is requested and whether such permit is requested for a single trip or for continuous operation.

RCW 46.44.096 Special permits--Determining fee--To whom paid.

Applicable Cases

In determining fees according to RCW 46.44.0941, mileage on state primary and secondary highways shall be determined from the planning survey records of the department of transportation, and the gross weight of the vehicle or vehicles, including load, shall be declared by the applicant. Overweight on which fees shall be paid will be gross loadings in excess of loadings authorized by law or axle loadings in excess of loadings authorized by law, whichever is the greater. Loads which are overweight and oversize shall be charged the fee for the overweight permit without additional fees being assessed for the oversize features.

Special permits issued under RCW 46.44.047, 46.44.0941, or 46.44.095, may be obtained from offices of the department of transportation, ports of entry, or other agents appointed by the department.

The department may appoint agents for the purposes of selling special motor vehicle permits, temporary additional tonnage permits, and log tolerance permits. Agents so appointed may retain three dollars and fifty cents for each permit sold to defray expenses incurred in handling and selling the permits. If the fee is collected by the department of transportation, the department shall certify the fee so collected to the state treasurer for deposit to the credit of the motor vehicle fund.

The department may select a third party contractor, by means of competitive bid, to perform the department's permit issuance function, as provided under RCW 46.44.090. Factors the department shall consider, but is not limited to, in the selection of a third party contractor are economic benefit to both the department and the motor carrier industry, and enhancement of the overall level of permit service. For purposes of this section, "third party contractor" means a business entity that is authorized by the department to issue special permits. The transportation commission may adopt rules specifying the criteria that a business entity must meet in order to

qualify as a third party contractor under this section.

Fees established in RCW 46.44.0941 shall be paid to the political body issuing the permit if the entire movement is to be confined to roads, streets, or highways for which that political body is responsible. When a movement involves a combination of state highways, county roads, and/or city streets the fee shall be paid to the state department of transportation. When a movement is confined within the city limits of a city or town upon city streets, including routes of state highways on city streets, all fees shall be paid to the city or town involved. A permit will not be required from city or town authorities for a move involving a combination of city or town streets and state highways when the move through a city or town is being confined to the route of the state highway. When a move involves a combination of county roads and city streets the fee shall be paid to the county authorities, but the fee shall not be collected nor the county permit issued until valid permits are presented showing that the city or town authorities approve of the move in question. When the movement involves only county roads the fees collected shall be paid to the county involved. Fees established shall be paid to the political body issuing the permit if the entire use of the vehicle during the period covered by the permit shall be confined to the roads, streets, or highways for which that political body is responsible.

RCW 46.44.098 Increase in federal limits on sizes and weights--Increases by commission.

Applicable Cases

If the congress of the United States further amends section 127, Title 23 of the United States Code, authorizing increased sizes and weights, the Washington state department of transportation may authorize the operation of vehicles and combinations of vehicles upon completed portions of the interstate highway system and other designated state highways if determined to be capable of accommodating the increased sizes and weights in excess of those prescribed in RCW 46.44.041, or as provided in RCW 46.44.010 and 46.44.037. The permitted increases shall not in any way exceed the federal limits which would jeopardize the state's allotment of federal funds.

RCW 46.44.105 Enforcement procedures--Penalties--Rules.

Applicable Cases

(1) Violation of any of the provisions of this chapter is a traffic infraction, and upon the first finding thereof shall be assessed a basic penalty of not less than fifty dollars; and upon a second finding thereof shall be assessed a basic penalty of not less than seventy-five dollars; and upon a third or subsequent finding shall be assessed a basic penalty of not less than one hundred dollars.

(2) In addition to the penalties imposed in subsection (1) of this section, any person violating RCW 46.44.041, 46.44.042, 46.44.047, 46.44.090, 46.44.091, or 46.44.095 shall be assessed a penalty for each pound overweight, as follows:

(a) One pound through four thousand pounds overweight is three cents for each pound;

(b) Four thousand one pounds through ten thousand pounds overweight is one hundred twenty dollars plus twelve cents per pound for each additional pound over four thousand pounds overweight;

(c) Ten thousand one pounds through fifteen thousand pounds overweight is eight hundred forty dollars plus sixteen cents per pound for each additional pound over ten thousand pounds overweight;

(d) Fifteen thousand one pounds through twenty thousand pounds overweight is one thousand six hundred forty dollars plus twenty cents per pound for each additional pound over fifteen thousand pounds overweight;

(e) Twenty thousand one pounds and more is two thousand six hundred forty dollars plus thirty cents per pound for each additional pound over twenty thousand pounds overweight.

Upon a first violation in any calendar year, the court may suspend the penalty for five hundred pounds of excess weight for each axle on any vehicle or combination of vehicles, not to exceed a two thousand pound suspension. In no case may the basic penalty assessed in subsection (1) of this section or the additional penalty assessed in subsection (2) of this section, except as provided for the first violation, be suspended.

(3) Whenever any vehicle or combination of vehicles is involved in two violations of RCW 46.44.041, 46.44.042, 46.44.047, 46.44.090, 46.44.091, or 46.44.095 during any twelve-month period, the court may suspend the certificate of license registration of the vehicle or combination of vehicles for not less than thirty days. Upon a third or succeeding violation in any twelve-month period, the court shall suspend the certificate of license registration for not less than thirty days. Whenever the certificate of license registration is suspended, the court shall secure such certificate and immediately forward the same to the director with information concerning the suspension.

(4) Any person found to have violated any posted limitations of a highway or section of highway shall be assessed a monetary penalty of not less than one hundred and fifty dollars, and the court shall in addition thereto upon second violation within a twelve-month period involving the same power unit, suspend the certificate of license registration for not less than thirty days.

(5) It is unlawful for the driver of a vehicle to fail or refuse to stop and submit the vehicle and load to a weighing, or to fail or refuse, when directed by an officer upon a weighing of the vehicle to stop the vehicle and otherwise comply with the provisions of this section. It is unlawful for a driver of a commercial motor vehicle as defined in RCW 46.32.005, other than the

driver of a bus as defined in RCW 46.32.005(2) or a vehicle with a gross vehicle or combination weight not over sixteen thousand pounds and not transporting hazardous materials in accordance with RCW 46.32.005(3), to fail or refuse to stop at a weighing station when proper traffic control signs indicate scales are open.

Any police officer is authorized to require the driver of any vehicle or combination of vehicles to stop and submit to a weighing either by means of a portable or stationary scale and may require that the vehicle be driven to the nearest public scale. Whenever a police officer, upon weighing a vehicle and load, determines that the weight is unlawful, the officer may require the driver to stop the vehicle in a suitable location and remain standing until such portion of the load is removed as may be necessary to reduce the gross weight of the vehicle to the limit permitted by law. If the vehicle is loaded with grain or other perishable commodities, the driver shall be permitted to proceed without removing any of the load, unless the gross weight of the vehicle and load exceeds by more than ten percent the limit permitted by this chapter. The owner or operator of the vehicle shall care for all materials unloaded at the risk of the owner or operator.

Any vehicle whose driver or owner represents that the vehicle is disabled or otherwise unable to proceed to a weighing location shall have its load sealed or otherwise marked by any police officer. The owner or driver shall be directed that upon completion of repairs, the vehicle shall submit to weighing with the load and markings and/or seal intact and undisturbed. Failure to report for weighing, appearing for weighing with the seal broken or the markings disturbed, or removal of any cargo prior to weighing is unlawful. Any person so convicted shall be fined one thousand dollars, and in addition the certificate of license registration shall be suspended for not less than thirty days.

(6) Any other provision of law to the contrary notwithstanding, district courts having venue have concurrent jurisdiction with the superior courts for the imposition of any penalties authorized under this section.

(7) For the purpose of determining additional penalties as provided by subsection (2) of this section, "overweight" means the poundage in excess of the maximum allowable gross weight or axle/axle grouping weight prescribed by RCW 46.44.041, 46.44.042, 46.44.047, 46.44.091, and 46.44.095.

(8) The penalties provided in subsections (1) and (2) of this section shall be remitted as provided in chapter 3.62 RCW or RCW 10.82.070. For the purpose of computing the basic penalties and additional penalties to be imposed under subsections (1) and (2) of this section, the convictions shall be on the same vehicle or combination of vehicles within a twelve-month period under the same ownership.

(9) Any state patrol officer or any weight control officer who finds any person operating a vehicle or a combination of vehicles in violation of the conditions of a permit issued under RCW 46.44.047, 46.44.090, and 46.44.095 may confiscate the permit and forward it to the state department of transportation which may return it to the permittee or revoke, cancel, or suspend it without refund. The department of transportation shall keep a record of all action taken upon permits so confiscated, and if a permit is returned to the permittee the action taken by the department of transportation shall be endorsed thereon. Any permittee whose permit is suspended

or revoked may upon request receive a hearing before the department of transportation or person designated by that department. After the hearing the department of transportation may reinstate any permit or revise its previous action.

Every permit issued as provided for in this chapter shall be carried in the vehicle or combination of vehicles to which it refers and shall be open to inspection by any law enforcement officer or authorized agent of any authority granting such a permit.

Upon the third finding within a calendar year of a violation of the requirements and conditions of a permit issued under RCW 46.44.095, the permit shall be canceled, and the canceled permit shall be immediately transmitted by the court or the arresting officer to the department of transportation. The vehicle covered by the canceled permit is not eligible for a new permit for a period of thirty days.

(10) For the purposes of determining gross weights the actual scale weight taken by the arresting officer is prima facie evidence of the total gross weight.

(11) It is a traffic infraction to direct the loading of a vehicle with knowledge that it violates the requirements in RCW 46.44.041, 46.44.042, 46.44.047, 46.44.090, 46.44.091, or 46.44.095 and that it is to be operated on the public highways of this state.

(12) The chief of the state patrol, with the advice of the department, may adopt reasonable rules to aid in the enforcement of this section.

RCW 46.44.110 Liability for damage to highways, bridges, etc.

Applicable Cases

Any person operating any vehicle or moving any object or conveyance upon any public highway in this state or upon any bridge or elevated structure that is a part of any such public highway is liable for all damages that the public highway, bridge, or elevated structure may sustain as a result of any illegal operation of the vehicle or the moving of any such object or conveyance or as a result of the operation or moving of any vehicle, object, or conveyance weighing in excess of the legal weight limits allowed by law. This section applies to any person operating any vehicle or moving any object or contrivance in any illegal or negligent manner or without a special permit as provided by law for vehicles, objects, or contrivances that are overweight, overwidth, overheight, or overlength. Any person operating any vehicle is liable for any damage to any public highway, bridge, or elevated structure sustained as the result of any negligent operation thereof. When the operator is not the owner of the vehicle, object, or

contrivance but is operating or moving it with the express or implied permission of the owner, the owner and the operator are jointly and severally liable for any such damage. Such damage to any state highway or structure may be recovered in a civil action instituted in the name of the state of Washington by the department of transportation. Any measure of damage to any public highway determined by the department of transportation by reason of this section is prima facie the amount of damage caused thereby and is presumed to be the amount recoverable in any civil action therefor.

RCW 46.44.120 Liability of owner, others, for violations.

Applicable Cases

Whenever an act or omission is declared to be unlawful in chapter 46.44 RCW, the owner or lessee of any motor vehicle involved in such act or omission is responsible therefor. Any person knowingly and intentionally participating in creating an unlawful condition of use, is also subject to the penalties provided in this chapter for such unlawful act or omission.

If the person operating the vehicle at the time of the unlawful act or omission is not the owner or lessee of the vehicle, such person is fully authorized to accept the citation and execute the promise to appear on behalf of the owner or lessee.

Applicable Cases

The Washington state patrol acting by and through the chief of the Washington state patrol shall have the authority to adopt and enforce the regulations promulgated by the United States department of transportation, Title 49 CFR parts 100 through 199, transportation of hazardous materials, as these regulations apply to motor carriers. No such rules may lessen a standard of care; however, the chief of the Washington state patrol may, after conferring with the emergency management council, establish a rule imposing a more stringent standard of care. The chief of the Washington state patrol shall appoint the necessary qualified personnel to carry out the provisions of RCW 46.48.170 through *46.48.190.

Compliance with the provisions of this chapter is the primary responsibility of the owner or lessee of the vehicle or any vehicle used in combination that is cited in the violation.

Beginning October 1, 1987, the accident-reporting threshold for property damage accidents shall be five hundred dollars. The accident-reporting threshold for property damage accidents shall be revised when necessary, but not more frequently than every two years. The revisions shall only be for the purpose of recognizing economic changes as reflected by an inflationary index recommended by the office of financial management. The revisions shall be guided by the change in the index for the time period since the last revision.

TOW TRUCK OPERATORS--REGISTRATION REQUIREMENTS

RCW 46.55.020 Registration required--Penalty.

Applicable Cases

A person shall not engage in or offer to engage in the activities of a registered tow truck operator without a current registration certificate from the department of licensing authorizing him to engage in such activities. Any person engaging in or offering to engage in the activities of a registered tow truck operator without the registration certificate required by this chapter is guilty of a gross misdemeanor.

A registered operator who engages in a business practice that is prohibited under this chapter may be issued a notice of traffic infraction under chapter 46.63 RCW and is also subject to the civil penalties that may be imposed by the department under this chapter. A person found to have committed an offense that is a traffic infraction under this chapter is subject to a monetary penalty of at least two hundred fifty dollars. All traffic infractions issued under this chapter shall be under the jurisdiction of the district court in whose jurisdiction they were issued.

[1989 c 111 § 2; 1985 c 377 § 2.]

RCW 46.55.025 Registration or insurance required--Penalty.

Applicable Cases

A vehicle engaging in the business of recovery of disabled vehicles for monetary compensation, from or on a public road or highway must either be operated by a registered tow truck operator, or someone who at a minimum has insurance in a like manner and amount as prescribed in RCW 46.55.030(3), and have had their tow trucks inspected in a like manner as prescribed by RCW 46.55.040(1). The department shall adopt rules to enforce this section. Failure to comply with this section is a class 1 civil infraction punishable under RCW 7.80.120.

[1995 c 360 § 2.]

RCW 46.55.030 Application--Contents, bond, insurance, fee, certificate.

Applicable Cases

(1) Application for licensing as a registered tow truck operator shall be made on forms furnished by the department, shall be accompanied by an inspection certification from the Washington state patrol, shall be signed by the applicant or an agent, and shall include the following information:

(a) The name and address of the person, firm, partnership, association, or corporation under whose name the business is to be conducted;

(b) The names and addresses of all persons having an interest in the business, or if the owner is a corporation, the names and addresses of the officers of the corporation;

(c) The names and addresses of all employees who serve as tow truck drivers;

(d) Proof of minimum insurance required by subsection (3) of this section;

(e) The vehicle license and vehicle identification numbers of all tow trucks of which the applicant is the registered owner;

(f) Any other information the department may require; and

(g) A certificate of approval from the Washington state patrol certifying that:

(i) The applicant has an established place of business and that mail is received at the address shown on the application;

(ii) The address of any storage locations where vehicles may be stored is correctly stated on the application;

(iii) The place of business has an office area that is accessible to the public without entering the storage area; and

(iv) The place of business has adequate and secure storage facilities, as defined in this chapter and the rules of the department, where vehicles and their contents can be properly stored and protected.

(2) Before issuing a registration certificate to an applicant the department shall require the applicant to file with the department a surety bond in the amount of five thousand dollars running to the state and executed by a surety company authorized to do business in this state. The bond shall be approved as to form by the attorney general and conditioned that the operator shall conduct his business in conformity with the provisions of this chapter pertaining to abandoned or unauthorized vehicles, and to compensate any person, company, or the state for failure to comply with this chapter or the rules adopted hereunder, or for fraud, negligence, or misrepresentation in the handling of these vehicles. Any person injured by the tow truck operator's failure to fully perform duties imposed by this chapter and the rules adopted hereunder, or an ordinance or resolution adopted by a city, town, or county is entitled to recover actual damages, including reasonable attorney's fees against the surety and the tow truck operator. Successive recoveries against the bond shall be permitted, but the aggregate liability of the surety to all persons shall not exceed the amount of the bond. As a condition of authority to do business, the operator shall keep the bond in full force and effect. Failure to maintain the penalty value of the bond or

cancellation of the bond by the surety automatically cancels the operator's registration.

(3) Before the department may issue a registration certificate to an applicant, the applicant shall provide proof of minimum insurance requirements of:

(a) One hundred thousand dollars for liability for bodily injury or property damage per occurrence; and

(b) Fifty thousand dollars of legal liability per occurrence, to protect against vehicle damage, including but not limited to fire and theft, from the time a vehicle comes into the custody of an operator until it is redeemed or sold.

Cancellation of or failure to maintain the insurance required by (a) and (b) of this subsection automatically cancels the operator's registration.

(4) The fee for each original registration and annual renewal is one hundred dollars per company, plus fifty dollars per truck. The department shall forward the registration fee to the state treasurer for deposit in the motor vehicle fund.

(5) The applicant must submit an inspection certificate from the state patrol before the department may issue or renew an operator's registration certificate or tow truck permits.

(6) Upon approval of the application, the department shall issue a registration certificate to the registered operator to be displayed prominently at the operator's place of business.

[1989 c 111 § 3; 1987 c 311 § 2; 1985 c 377 § 3.]

(a) Except as authorized under RCW 46.55.037, ask for or receive any compensation, gratuity, reward, or promise thereof from a person having control or possession of private property or from an agent of the person authorized to sign an impound authorization, for or on account of the impounding of a vehicle;

(b) Be beneficially interested in a contract, agreement, or understanding that may be made by or between a person having control or possession of private property and an agent of the person authorized to sign an impound authorization;

(c) Have a financial, equitable, or ownership interest in a firm, partnership, association, or corporation whose functions include acting as an agent or a representative of a property owner for the purpose of signing impound authorizations.

(3) A violation of this section is a gross misdemeanor.

RCW 46.55.037 Compensation for private impounds.

Applicable Cases

A registered tow truck operator may receive compensation from a private property owner or agent for a private impound of an unauthorized vehicle that has an approximate fair market value equal only to the approximate value of the scrap in it. The private property owner or an agent must authorize the impound under RCW 46.55.080. The registered tow truck operator shall process the vehicle in accordance with this chapter and shall deduct any compensation received from the private property owner or agent from the amount of the lien on the vehicle in accordance with this chapter.

[1992 c 18 § 2.]

RCW 46.55.040 Permit required--Inspections of equipment and facilities.

Application for a tow truck permit shall be accompanied by a report from the Washington state patrol covering a physical inspection of each tow truck capable of being used by the applicant.

(2) Upon receipt of the fee provided in RCW 46.55.030(4) and a satisfactory inspection report from the state patrol, the department shall issue each tow truck an annual tow truck permit or decal. The class of the tow truck, determined according to RCW 46.55.050, shall be stamped on the permit or decal. The permit or decal shall be displayed on the passenger side of the truck's front windshield.

(3) A tow truck number from the department shall be affixed in a permanent manner to each tow truck.

(4) The Washington state patrol shall conduct annual inspections of tow truck operators' equipment and facilities during the operators' normal business hours. Unscheduled inspections may be conducted without notice at the operator's place of business by an inspector to determine the fitness of a tow truck or facilities. At the time of the inspection, the operator shall provide a paper copy of the master log referred to in RCW 46.55.080.

(5) If at the time of the annual or subsequent inspections the equipment does not meet the requirements of this chapter, and the deficiency is a safety related deficiency, or the equipment is necessary to the truck's performance, the inspector shall cause the registered tow truck operator to remove that equipment from service as a tow truck until such time as the equipment has been satisfactorily repaired. A red tag shall be placed on the windshield of a tow truck taken out of service, and the tow truck shall not provide tow truck service until the Washington state patrol recertifies the truck and removes the tag.

[1989 c 111 § 5; 1985 c 377 § 4.]

RCW 46.55.050 Classification of trucks--Marking requirements--Time and place of inspection--Penalty.

(2) All tow trucks shall display the firm's name, city of address, and telephone number. This information shall be painted on or permanently affixed to both sides of the vehicle in accordance with rules adopted by the department.

(3) Before a tow truck is put into tow truck service, or when the reinspection of a tow truck is necessary, the district commander of the state patrol shall designate a location and time for the inspection to be conducted. When practicable, the inspection or reinspection shall be made within three business days following the request by the operator.

(4) Failure to comply with any requirement of this section or rules adopted under it is a traffic infraction.

(2) Before an additional lot may be used for vehicle storage, it must be inspected and approved by the state patrol. The lot must also be inspected and approved on an annual basis for continued use.

(3) Each business location must have a sign displaying the firm's name that is readable from the street.

(4) At the business locations listed where vehicles may be redeemed, the registered operator shall post in a conspicuous and accessible location:

(6) On any day when the registered tow truck operator holds the towing services open for

business, the business office shall remain open with personnel present who are able to release impounded vehicles in accordance with this chapter and the rules adopted under it. The normal business hours of a towing service shall be from 8:00 a.m. to 5:00 p.m. on weekdays, excluding Saturdays, Sundays, and holidays.

(7) A registered tow truck operator shall maintain personnel who can be contacted twenty-four hours a day to release impounded vehicles within a reasonable time.

(8) A registered operator shall provide access to a telephone for any person redeeming a vehicle, at the time of redemption.

RCW 46.55.063 Fees, schedules, contracts, invoices.

Applicable Cases

(1) An operator shall file a fee schedule with the department. All filed fees must be adequate to cover the costs of service provided. No fees may exceed those filed with the department. At least ten days before the effective date of any change in an operator's fee schedule, the registered tow truck operator shall file the revised fee schedule with the department.

(2) Towing contracts with private property owners shall be in written form and state the hours of authorization to impound, the persons empowered to authorize the impounds, and the present charge of a private impound for the classes of tow trucks to be used in the impound, and must be retained in the files of the registered tow truck operator for three years.

(3) A fee that is charged for tow truck service must be calculated on an hourly basis, and after the first hour must be charged to the nearest quarter hour.

(4) Fees that are charged for the storage of a vehicle, or for other items of personal property registered or titled with the department, must be calculated on a twenty-four hour basis and must be charged to the nearest half day from the time the vehicle arrived at the secure storage area. However, items of personal property registered or titled with the department that are wholly contained within an impounded vehicle are not subject to additional storage fees; they are, however, subject to satisfying the underlying lien for towing and storage of the vehicle in which they are contained.

(5) All billing invoices that are provided to the redeemer of the vehicle, or other items of personal property registered or titled with the department, must be itemized so that the individual fees are clearly discernable.

Applicable Cases

(1) No person may impound, tow, or otherwise disturb any unauthorized vehicle standing on nonresidential private property or in a public parking facility for less than twenty-four hours unless a sign is posted near each entrance and on the property in a clearly conspicuous and visible location to all who park on such property that clearly indicates:

(a) The times a vehicle may be impounded as an unauthorized vehicle; and

(b) The name, telephone number, and address of the towing firm where the vehicle may be redeemed.

(2) The requirements of subsection (1) of this section do not apply to residential property. Any person having charge of such property may have an unauthorized vehicle impounded immediately upon giving written authorization.

(3) The department shall adopt rules relating to the size of the sign required by subsection (1) of this section, its lettering, placement, and the number required.

(4) This section applies to all new signs erected after July 1, 1986. All other signs must meet these requirements by July 1, 1989.

RCW 46.55.075 Law enforcement impound--Required form.

Applicable Cases

The Washington state patrol shall provide by rule for a uniform impound authorization and inventory form. All law enforcement agencies must use this form for all vehicle impounds after June 30, 2001.

[1999 c 398 § 3.]

RCW 46.55.080 Law enforcement impound, private impound--Master log--Certain associations restricted.

Applicable Cases

(1) If a vehicle is in violation of the time restrictions of RCW 46.55.010(13), it may be impounded by a registered tow truck operator at the direction of a law enforcement officer or other public official with jurisdiction if the vehicle is on public property, or at the direction of the property owner or an agent if it is on private property. A law enforcement officer may also direct the impoundment of a vehicle pursuant to a writ or court order.

(2) The person requesting a private impound or a law enforcement officer or public official requesting a public impound shall provide a signed authorization for the impound at the time and place of the impound to the registered tow truck operator before the operator may proceed with the impound. A registered tow truck operator, employee, or his or her agent may not serve as an agent of a property owner for the purposes of signing an impound authorization or, independent of the property owner, identify a vehicle for impound.

(3) In the case of a private impound, the impound authorization shall include the

following statement: "A person authorizing this impound, if the impound is found in violation of chapter 46.55 RCW, may be held liable for the costs incurred by the vehicle owner."

(4) A registered tow truck operator shall record and keep in the operator's files the date and time that a vehicle is put in the operator's custody and released. The operator shall make an entry into a master log regarding transactions relating to impounded vehicles. The operator shall make this master log available, upon request, to representatives of the department or the state patrol.

(5) A person who engages in or offers to engage in the activities of a registered tow truck operator may not be associated in any way with a person or business whose main activity is authorizing the impounding of vehicles.

Applicable Cases

(1) A law enforcement officer discovering an unauthorized vehicle left within a highway right of way shall attach to the vehicle a readily visible notification sticker. The sticker shall contain the following information:

(a) The date and time the sticker was attached;

(b) The identity of the officer;

(c) A statement that if the vehicle is not removed within twenty-four hours from the time the sticker is attached, the vehicle may be taken into custody and stored at the owner's expense; and

(d) The address and telephone number where additional information may be obtained.

(2) If the vehicle has current Washington registration plates, the officer shall check the records to learn the identity of the last owner of record. The officer or his department shall make a reasonable effort to contact the owner by telephone in order to give the owner the information on the notification sticker.

(3) If the vehicle is not removed within twenty-four hours from the time the notification sticker is attached, the law enforcement officer may take custody of the vehicle and provide for the vehicle's removal to a place of safety. A vehicle that does not pose a safety hazard may remain on the roadside for more than twenty-four hours if the owner or operator is unable to remove it from the place where it is located and so notifies law enforcement officials and requests assistance.

(4) For the purposes of this section a place of safety includes the business location of a registered tow truck operator.

(2) All vehicles shall be handled and returned in substantially the same condition as they existed before being towed.

Personal belongings, with the exception of those items of personal property that are registered or titled with the department, shall not be sold at auction to fulfill a lien against the vehicle.

(4) All personal belongings, with the exception of those items of personal property that are registered or titled with the department, not claimed before the auction shall be turned over to the local law enforcement agency to which the initial notification of impoundment was given. Such personal belongings shall be disposed of pursuant to chapter 63.32 or 63.40 RCW.

(5) Tow truck drivers shall have a Washington state driver's license endorsed for the appropriate classification under chapter 46.25 RCW or the equivalent issued by another state.

(6) Any person who shows proof of ownership or written authorization from the impounded vehicle's registered or legal owner or the vehicle's insurer may view the vehicle without charge during normal business hours.

RCW 46.55.100 Impound notice--Abandoned vehicle report--Owner information--Disposition report.

Applicable Cases

(1) At the time of impoundment the registered tow truck operator providing the towing service shall give immediate notification, by telephone or radio, to a law enforcement agency having jurisdiction who shall maintain a log of such reports. A law enforcement agency, or a private communication center acting on behalf of a law enforcement agency, shall within six to twelve hours of the impoundment, provide to a requesting operator the name and address of the legal and registered owners of the vehicle, and the registered owner of any personal property registered or titled with the department that is attached to or contained in or on the impounded vehicle, the vehicle identification number, and any other necessary, pertinent information. The initial notice of impoundment shall be followed by a written or electronic facsimile notice within twenty-four hours. In the case of a vehicle from another state, time requirements of this subsection do not apply until the requesting law enforcement agency in this state receives the information.

(2) The operator shall immediately send an abandoned vehicle report to the department for any vehicle, and for any items of personal property registered or titled with the department, that are in the operator's possession after the one hundred twenty hour abandonment period. Such report need not be sent when the impoundment is pursuant to a writ, court order, or police hold

that is not a suspended license impound. The owner notification and abandonment process shall be initiated by the registered tow truck operator immediately following notification by a court or law enforcement officer that the writ, court order, or police hold that is not a suspended license impound is no longer in effect.

(3) Following the submittal of an abandoned vehicle report, the department shall provide the registered tow truck operator with owner information within seventy-two hours.

(4) Within fourteen days of the sale of an abandoned vehicle at public auction, the towing operator shall send a copy of the abandoned vehicle report showing the disposition of the abandoned vehicle and any other items of personal property registered or titled with the department to the crime information center of the Washington state patrol.

(5) If the operator sends an abandoned vehicle report to the department and the department finds no owner information, an operator may proceed with an inspection of the vehicle and any other items of personal property registered or titled with the department to determine whether owner identification is within the vehicle.

(6) If the operator finds no owner identification, the operator shall immediately notify the appropriate law enforcement agency, which shall search the vehicle and any other items of personal property registered or titled with the department for the vehicle identification number or other appropriate identification numbers and check the necessary records to determine the vehicle's or other property's owners.

Notes:

Finding--1998 c 203: See note following RCW 46.55.105.

RCW 46.55.105 Responsibility of registered owner.

Applicable Cases

(1) The abandonment of any vehicle creates a prima facie presumption that the last registered owner of record is responsible for the abandonment and is liable for costs incurred in removing, storing, and disposing of the abandoned vehicle, less amounts realized at auction.

(2) If an unauthorized vehicle is found abandoned under subsection (1) of this section and removed at the direction of law enforcement, the last registered owner of record is guilty of a traffic infraction, unless the vehicle is redeemed as provided in RCW 46.55.120. In addition to any other monetary penalty payable under chapter 46.63 RCW, the court shall not consider all monetary penalties as having been paid until the court is satisfied that the person found to have committed the infraction has made restitution in the amount of the deficiency remaining after disposal of the vehicle under RCW 46.55.140.

(3) A vehicle theft report filed with a law enforcement agency relieves the last registered owner of liability under subsection (2) of this section for failure to redeem the vehicle. However, the last registered owner remains liable for the costs incurred in removing, storing, and disposing of the abandoned vehicle under subsection (1) of this section. Nothing in this section limits in any way the registered owner's rights in a civil action or as restitution in a criminal action against a person responsible for the theft of the vehicle.

(4) Properly filing a report of sale or transfer regarding the vehicle involved in accordance with RCW 46.12.101(1) relieves the last registered owner of liability under subsections (1) and (2) of this section. If the date of sale as indicated on the report of sale is on or before the date of impoundment, the buyer identified on the latest properly filed report of sale with the department is assumed liable for the costs incurred in removing, storing, and disposing of the abandoned vehicle, less amounts realized at auction. If the date of sale is after the date of impoundment, the previous registered owner is assumed to be liable for such costs. A licensed vehicle dealer is not liable under subsections (1) and (2) of this section if the dealer, as transferee or assignee of the last registered owner of the vehicle involved, has complied with the requirements of RCW 46.70.122 upon selling or otherwise disposing of the vehicle, or if the dealer has timely filed a transitional ownership record or report of sale under RCW 46.12.103. In that case the person to whom the licensed vehicle dealer has sold or transferred the vehicle is assumed liable for the costs incurred in removing, storing, and disposing of the abandoned vehicle, less amounts realized at auction.

(5) For the purposes of reporting notices of traffic infraction to the department under RCW 46.20.270 and 46.52.101, and for purposes of reporting notices of failure to appear, respond, or comply regarding a notice of traffic infraction to the department under RCW 46.63.070(5), a traffic infraction under subsection (2) of this section is not considered to be a standing, stopping, or parking violation.

(6) A notice of infraction for a violation of this section may be filed with a court of limited jurisdiction organized under Title 3, 35, or 35A RCW, or with a violations bureau subject to the court's jurisdiction.

[1999 c 86 § 5; 1998 c 203 § 2; 1995 c 219 § 4; 1993 c 314 § 1.]

Notes:

Finding--1998 c 203: "The legislature finds that the license to drive a motor vehicle on the public highways is suspended or revoked in order to protect public safety following a driver's failure to comply with the laws of this state. Over six hundred persons are killed in traffic accidents in Washington annually, and more than eighty-four thousand persons are injured. It is estimated that of the three million four hundred thousand drivers' licenses issued to citizens of Washington, more than two hundred sixty thousand are suspended or revoked at any given time. Suspended drivers are more likely to be involved in causing traffic accidents, including fatal accidents, than properly licensed drivers, and pose a serious threat to the lives and property of Washington residents. Statistics show that suspended drivers are three times more likely to kill or seriously injure others in the commission of traffic felony offenses than are validly licensed drivers. In addition to not having a driver's license, most such drivers also lack required liability insurance, increasing the financial burden upon other citizens through uninsured losses and higher insurance costs for validly licensed drivers. Because of the threat posed by suspended drivers, all registered owners of motor vehicles in Washington have a duty to not allow their vehicles to be driven by a suspended driver.

Despite the existence of criminal penalties for driving with a suspended or revoked license, an estimated seventy-five percent of these drivers continue to drive anyway. Existing sanctions are not sufficient to deter or prevent persons with a suspended or revoked license from driving. It is common for suspended drivers to resume driving immediately after being stopped, cited, and released by a police officer and to continue to drive while a criminal prosecution for suspended driving is pending. More than half of all suspended drivers charged with the crime of driving while suspended or revoked fail to appear for court hearings. Vehicle impoundment will provide an immediate consequence which will increase deterrence and reduce unlawful driving by preventing a suspended

driver access to that vehicle. Vehicle impoundment will also provide an appropriate measure of accountability for registered owners who permit suspended drivers to drive their vehicles. Impoundment of vehicles driven by suspended drivers has been shown to reduce future driving while suspended or revoked offenses for up to two years afterwards, and the recidivism rate for drivers whose cars were not impounded was one hundred percent higher than for drivers whose cars were impounded. In order to adequately protect public safety and to enforce the state's driver licensing laws, it is necessary to authorize the impoundment of any vehicle when it is found to be operated by a driver with a suspended or revoked license in violation of RCW 46.20.342 and 46.20.420. The impoundment of a vehicle operated in violation of RCW 46.20.342 or 46.20.420 is intended to be a civil in rem action against the vehicle in order to remove it from the public highways and reduce the risk posed to traffic safety by a vehicle accessible to a driver who is reasonably believed to have violated these laws." [1998 c 203 § 1.]

RCW 46.55.110 Notice to legal and registered owners.

Applicable Cases

(1) When an unauthorized vehicle is impounded, the impounding towing operator shall notify the legal and registered owners of the impoundment of the unauthorized vehicle and the owners of any other items of personal property registered or titled with the department. The notification shall be sent by first-class mail within twenty-four hours after the impoundment to the last known registered and legal owners of the vehicle, and the owners of any other items of personal property registered or titled with the department, as provided by the law enforcement agency, and shall inform the owners of the identity of the person or agency authorizing the impound. The notification shall include the name of the impounding tow firm, its address, and telephone number. The notice shall also include the location, time of the impound, and by whose authority the vehicle was impounded. The notice shall also include the written notice of the right of redemption and opportunity for a hearing to contest the validity of the impoundment pursuant to RCW 46.55.120.

(2) In addition, if a suspended license impound has been ordered, the notice must state the length of the impound, the requirement of the posting of a security deposit to ensure payment of the costs of removal, towing, and storage, notification that if the security deposit is not posted the vehicle will immediately be processed and sold at auction as an abandoned vehicle, and the requirements set out in RCW 46.55.120(1)(b) regarding the payment of the costs of removal, towing, and storage as well as providing proof of satisfaction of any penalties, fines, or forfeitures before redemption. The notice must also state that the registered owner is ineligible to purchase the vehicle at the abandoned vehicle auction, if held.

(3) In the case of an abandoned vehicle, or other item of personal property registered or titled with the department, within twenty-four hours after receiving information on the owners from the department through the abandoned vehicle report, the tow truck operator shall send by certified mail, with return receipt requested, a notice of custody and sale to the legal and registered owners.

(4) If the date on which a notice required by subsection (3) of this section is to be mailed falls upon a Saturday, Sunday, or a postal holiday, the notice may be mailed on the next day that is neither a Saturday, Sunday, nor a postal holiday.

(5) No notices need be sent to the legal or registered owners of an impounded vehicle or other item of personal property registered or titled with the department, if the vehicle or personal

property has been redeemed.

In addition, a police officer may take custody of a vehicle and provide for its prompt removal to a place of safety under any of the following circumstances:

(1) Whenever a police officer finds a vehicle standing upon the roadway in violation of any of the provisions of RCW 46.61.560, the officer may provide for the removal of the vehicle or require the driver or other person in charge of the vehicle to move the vehicle to a position off the roadway;

(3) Whenever a police officer finds an unattended vehicle at the scene of an accident or when the driver of a vehicle involved in an accident is physically or mentally incapable of deciding upon steps to be taken to protect his or her property;

RCW 46.55.115 State patrol--Appointment of towing operators--Lien for costs--Appeal.

Applicable Cases

The Washington state patrol, under its authority to remove vehicles from the highway, may remove the vehicles directly, through towing operators appointed by the state patrol and called on a rotational or other basis, through contracts with towing operators, or by a combination of these methods. When removal is to be accomplished through a towing operator on a noncontractual basis, the state patrol may appoint any towing operator for this purpose upon the application of the operator. Each appointment shall be contingent upon the submission of an application to the state patrol and the making of subsequent reports in such form and frequency and compliance with such standards of equipment, performance, pricing, and practices as may be required by rule of the state patrol.

An appointment may be rescinded by the state patrol upon evidence that the appointed towing operator is not complying with the laws or rules relating to the removal and storage of vehicles from the highway. The state patrol may not rescind an appointment merely because a registered tow truck operator negotiates a different rate for voluntary, owner-requested towing than for involuntary towing under this chapter. The costs of removal and storage of vehicles under this section shall be paid by the owner or driver of the vehicle and shall be a lien upon the vehicle until paid, unless the removal is determined to be invalid.

Rules promulgated under this section shall be binding only upon those towing operators appointed by the state patrol for the purpose of performing towing services at the request of the Washington state patrol. Any person aggrieved by a decision of the state patrol made under this section may appeal the decision under chapter 34.05 RCW.

REDEMPTION RIGHTS AND HEARING PROCEDURES

RCW 46.55.120 Redemption of vehicles--Sale of unredeemed property--Improper impoundment.

Applicable Cases

(1) Vehicles or other items of personal property registered or titled with the department that are impounded by registered tow truck operators pursuant to RCW 46.55.080, 46.55.085, 46.55.113, or 9A.88.140 may be redeemed only under the following circumstances:

(a) Only the legal owner, the registered owner, a person authorized in writing by the registered owner or the vehicle's insurer, a person who is determined and verified by the operator to have the permission of the registered owner of the vehicle or other item of personal property registered or titled with the department, or one who has purchased a vehicle or item of personal property registered or titled with the department from the registered owner who produces proof of ownership or written authorization and signs a receipt therefor, may redeem an impounded vehicle or items of personal property registered or titled with the department. In addition, a

vehicle impounded because the operator is in violation of RCW 46.20.342(1)(c) shall not be released until a person eligible to redeem it under this subsection (1)(a) satisfies the requirements of (e) of this subsection, including paying all towing, removal, and storage fees, notwithstanding the fact that the hold was ordered by a government agency. If the department's records show that the operator has been convicted of a violation of RCW 46.20.342 or a similar local ordinance within the past five years, the vehicle may be held for up to thirty days at the written direction of the agency ordering the vehicle impounded. A vehicle impounded because the operator is arrested for a violation of RCW 46.20.342 may be released only pursuant to a written order from the agency that ordered the vehicle impounded or from the court having jurisdiction. An agency may issue a written order to release pursuant to a provision of an applicable state agency rule or local ordinance authorizing release on the basis of economic or personal hardship to the spouse of the operator, taking into consideration public safety factors, including the operator's criminal history and driving record.

If a vehicle is impounded because the operator is in violation of RCW 46.20.342(1) (a) or (b), the vehicle may be held for up to thirty days at the written direction of the agency ordering the vehicle impounded. However, if the department's records show that the operator has been convicted of a violation of RCW 46.20.342(1) (a) or (b) or a similar local ordinance within the past five years, the vehicle may be held at the written direction of the agency ordering the vehicle impounded for up to sixty days, and for up to ninety days if the operator has two or more such prior offenses. If a vehicle is impounded because the operator is arrested for a violation of RCW 46.20.342, the vehicle may not be released until a person eligible to redeem it under this subsection (1)(a) satisfies the requirements of (e) of this subsection, including paying all towing, removal, and storage fees, notwithstanding the fact that the hold was ordered by a government agency.

(b) If the vehicle is directed to be held for a suspended license impound, a person who desires to redeem the vehicle at the end of the period of impound shall within five days of the impound at the request of the tow truck operator pay a security deposit to the tow truck operator of not more than one-half of the applicable impound storage rate for each day of the proposed suspended license impound. The tow truck operator shall credit this amount against the final bill for removal, towing, and storage upon redemption. The tow truck operator may accept other sufficient security in lieu of the security deposit. If the person desiring to redeem the vehicle does not pay the security deposit or provide other security acceptable to the tow truck operator, the tow truck operator may process and sell at auction the vehicle as an abandoned vehicle within the normal time limits set out in RCW 46.55.130(1). The security deposit required by this section may be paid and must be accepted at any time up to twenty-four hours before the beginning of the auction to sell the vehicle as abandoned. The registered owner is not eligible to purchase the vehicle at the auction, and the tow truck operator shall sell the vehicle to the highest bidder who is not the registered owner.

(c) Notwithstanding (b) of this subsection, a rental car business may immediately redeem a rental vehicle it owns by payment of the costs of removal, towing, and storage, whereupon the vehicle will not be held for a suspended license impound.

(d) Notwithstanding (b) of this subsection, a motor vehicle dealer or lender with a perfected security interest in the vehicle may redeem or lawfully repossess a vehicle immediately by payment of the costs of removal, towing, and storage, whereupon the vehicle will not be held for a suspended license impound. A motor vehicle dealer or lender with a perfected security interest in the vehicle may not knowingly and intentionally engage in collusion with a registered owner to repossess and then return or resell a vehicle to the registered owner in an attempt to avoid a suspended license impound. However, this provision does not preclude a vehicle dealer or a lender with a perfected security interest in the vehicle from repossessing the vehicle and then selling, leasing, or otherwise disposing of it in accordance with chapter 62A.9 RCW, including providing redemption rights to the debtor under RCW 62A.9-506. If the debtor is the registered owner of the vehicle, the debtor's right to redeem the vehicle under chapter 62A.9 RCW is conditioned upon the debtor obtaining and providing proof from the impounding authority or court having jurisdiction that any fines, penalties, and forfeitures owed by the registered owner, as a result of the suspended license impound, have been paid, and proof of the payment must be tendered to the vehicle dealer or lender at the time the debtor tenders all other obligations required to redeem the vehicle. Vehicle dealers or lenders are not liable for damages if they rely in good faith on an order from the impounding agency or a court in releasing a vehicle held under a suspended license impound.

(e) The vehicle or other item of personal property registered or titled with the department shall be released upon the presentation to any person having custody of the vehicle of commercially reasonable tender sufficient to cover the costs of towing, storage, or other services rendered during the course of towing, removing, impounding, or storing any such vehicle, with credit being given for the amount of any security deposit paid under (b) of this subsection. In addition, if a vehicle is impounded because the operator was arrested for a violation of RCW 46.20.342 or *46.20.420 and was being operated by the registered owner when it was impounded under local ordinance or agency rule, it must not be released to any person until the registered owner establishes with the agency that ordered the vehicle impounded or the court having jurisdiction that any penalties, fines, or forfeitures owed by him or her have been satisfied. Registered tow truck operators are not liable for damages if they rely in good faith on an order from the impounding agency or a court in releasing a vehicle held under a suspended license impound. Commercially reasonable tender shall include, without limitation, cash, major bank credit cards, or personal checks drawn on in-state banks if accompanied by two pieces of valid identification, one of which may be required by the operator to have a photograph. If the towing firm can determine through the customer's bank or a check verification service that the presented check would not be paid by the bank or guaranteed by the service, the towing firm may refuse to accept the check. Any person who stops payment on a personal check or credit card, or does not make restitution within ten days from the date a check becomes insufficient due to lack of funds, to a towing firm that has provided a service pursuant to this section or in any other manner defrauds the towing firm in connection with services rendered pursuant to this section shall be liable for damages in the amount of twice the towing and storage fees, plus costs and reasonable attorney's fees.

(2)(a) The registered tow truck operator shall give to each person who seeks to redeem an impounded vehicle, or item of personal property registered or titled with the department, written notice of the right of redemption and opportunity for a hearing, which notice shall be accompanied by a form to be used for requesting a hearing, the name of the person or agency authorizing the impound, and a copy of the towing and storage invoice. The registered tow truck operator shall maintain a record evidenced by the redeeming person's signature that such notification was provided.

(b) Any person seeking to redeem an impounded vehicle under this section has a right to a hearing in the district or municipal court for the jurisdiction in which the vehicle was impounded to contest the validity of the impoundment or the amount of towing and storage charges. The district court has jurisdiction to determine the issues involving all impoundments including those authorized by the state or its agents. The municipal court has jurisdiction to determine the issues involving impoundments authorized by agents of the municipality. Any request for a hearing shall be made in writing on the form provided for that purpose and must be received by the appropriate court within ten days of the date the opportunity was provided for in subsection (2)(a) of this section and more than five days before the date of the auction. At the time of the filing of the hearing request, the petitioner shall pay to the court clerk a filing fee in the same amount required for the filing of a suit in district court. If the hearing request is not received by the court within the ten-day period, the right to a hearing is waived and the registered owner is liable for any towing, storage, or other impoundment charges permitted under this chapter. Upon receipt of a timely hearing request, the court shall proceed to hear and determine the validity of the impoundment.

(3)(a) The court, within five days after the request for a hearing, shall notify the registered tow truck operator, the person requesting the hearing if not the owner, the registered and legal owners of the vehicle or other item of personal property registered or titled with the department, and the person or agency authorizing the impound in writing of the hearing date and time.

(b) At the hearing, the person or persons requesting the hearing may produce any relevant evidence to show that the impoundment, towing, or storage fees charged were not proper. The court may consider a written report made under oath by the officer who authorized the impoundment in lieu of the officer's personal appearance at the hearing.

(c) At the conclusion of the hearing, the court shall determine whether the impoundment was proper, whether the towing or storage fees charged were in compliance with the posted rates, and who is responsible for payment of the fees. The court may not adjust fees or charges that are in compliance with the posted or contracted rates.

(d) If the impoundment is found proper, the impoundment, towing, and storage fees as permitted under this chapter together with court costs shall be assessed against the person or persons requesting the hearing, unless the operator did not have a signed and valid impoundment authorization from a private property owner or an authorized agent.

(e) If the impoundment is determined to be in violation of this chapter, then the registered and legal owners of the vehicle or other item of personal property registered or titled with the department shall bear no impoundment, towing, or storage fees, and any security shall be

returned or discharged as appropriate, and the person or agency who authorized the impoundment shall be liable for any towing, storage, or other impoundment fees permitted under this chapter. The court shall enter judgment in favor of the registered tow truck operator against the person or agency authorizing the impound for the impoundment, towing, and storage fees paid. In addition, the court shall enter judgment in favor of the registered and legal owners of the vehicle, or other item of personal property registered or titled with the department, for the amount of the filing fee required by law for the impound hearing petition as well as reasonable damages for loss of the use of the vehicle during the time the same was impounded, for not less than fifty dollars per day, against the person or agency authorizing the impound. However, if an impoundment arising from an alleged violation of RCW 46.20.342 or *46.20.420 is determined to be in violation of this chapter, then the law enforcement officer directing the impoundment and the government employing the officer are not liable for damages if the officer relied in good faith and without gross negligence on the records of the department in ascertaining that the operator of the vehicle had a suspended or revoked driver's license. If any judgment entered is not paid within fifteen days of notice in writing of its entry, the court shall award reasonable attorneys' fees and costs against the defendant in any action to enforce the judgment. Notice of entry of judgment may be made by registered or certified mail, and proof of mailing may be made by affidavit of the party mailing the notice. Notice of the entry of the judgment shall read essentially as follows:

RCW 46.55.130 Notice requirements--Public auction--Accumulation of storage charges.

Applicable Cases

(1) If, after the expiration of fifteen days from the date of mailing of notice of custody and sale required in *RCW 46.55.110(2) to the registered and legal owners, the vehicle remains unclaimed and has not been listed as a stolen vehicle, then the registered tow truck operator having custody of the vehicle shall conduct a sale of the vehicle at public auction after having first published a notice of the date, place, and time of the auction in a newspaper of general circulation in the county in which the vehicle is located not less than three days and no more than ten days before the date of the auction. The notice shall contain a description of the vehicle including the make, model, year, and license number and a notification that a three-hour public viewing period will be available before the auction. The auction shall be held during daylight hours of a normal business day.

(2) The following procedures are required in any public auction of such abandoned vehicles:

(a) The auction shall be held in such a manner that all persons present are given an equal time and opportunity to bid;

(b) All bidders must be present at the time of auction unless they have submitted to the registered tow truck operator, who may or may not choose to use the preauction bid method, a written bid on a specific vehicle. Written bids may be submitted up to five days before the auction and shall clearly state which vehicle is being bid upon, the amount of the bid, and who is submitting the bid;

(c) The open bid process, including all written bids, shall be used so that everyone knows the dollar value that must be exceeded;

(d) The highest two bids received shall be recorded in written form and shall include the name, address, and telephone number of each such bidder;

(e) In case the high bidder defaults, the next bidder has the right to purchase the vehicle for the amount of his or her bid;

(f) The successful bidder shall apply for title within fifteen days;

(g) The registered tow truck operator shall post a copy of the auction procedure at the bidding site. If the bidding site is different from the licensed office location, the operator shall post a clearly visible sign at the office location that describes in detail where the auction will be held. At the bidding site a copy of the newspaper advertisement that lists the vehicles for sale shall be posted;

(h) All surplus moneys derived from the auction after satisfaction of the registered tow truck operator's lien shall be remitted within thirty days to the department for deposit in the state motor vehicle fund. A report identifying the vehicles resulting in any surplus shall accompany the remitted funds. If the director subsequently receives a valid claim from the registered vehicle owner of record as determined by the department within one year from the date of the auction,

the surplus moneys shall be remitted to such owner;

(i) If an operator receives no bid, or if the operator is the successful bidder at auction, the operator shall, within forty-five days sell the vehicle to a licensed vehicle wrecker, hulk hauler, or scrap processor by use of the abandoned vehicle report-affidavit of sale, or the operator shall apply for title to the vehicle.

(3) In no case may an operator hold a vehicle for longer than ninety days without holding an auction on the vehicle, except for vehicles that are under a police or judicial hold.

(4)(a) In no case may the accumulation of storage charges exceed fifteen days from the date of receipt of the information by the operator from the department as provided by *RCW 46.55.110(2).

(b) The failure of the registered tow truck operator to comply with the time limits provided in this chapter limits the accumulation of storage charges to five days except where delay is unavoidable. Providing incorrect or incomplete identifying information to the department in the abandoned vehicle report shall be considered a failure to comply with these time limits if correct information is available.

Finding--1998 c 203: See note following RCW 46.55.105.

RCW 46.55.140 Operator's lien, deficiency claim, liability.

Applicable Cases

(1) A registered tow truck operator who has a valid and signed impoundment authorization has a lien upon the impounded vehicle for services provided in the towing and storage of the vehicle, unless the impoundment is determined to have been invalid. The lien does not apply to personal property in or upon the vehicle that is not permanently attached to or is not an integral part of the vehicle except for items of personal property registered or titled with the department. The registered tow truck operator also has a deficiency claim against the registered owner of the vehicle for services provided in the towing and storage of the vehicle not to exceed the sum of five hundred dollars after deduction of the amount bid at auction, and for vehicles of over ten thousand pounds gross vehicle weight, the operator has a deficiency claim of one thousand dollars after deduction of the amount bid at auction, unless the impound is determined to be invalid. The limitation on towing and storage deficiency claims does not apply to an impound directed by a law enforcement officer. In no case may the cost of the auction or a buyer's fee be added to the amount charged for the vehicle at the auction, the vehicle's lien, or the overage due. A registered owner who has completed and filed with the department the seller's report as provided for by RCW 46.12.101 and has timely and properly filed the seller's report is relieved of liability under this section. The person named as the new owner of the vehicle on the timely and properly filed seller's report shall assume liability under this section.

otherwise left on privately owned or controlled property, and any person owning or controlling the private property, or either of them, are liable to the owner or operator of a vehicle, or each of them, for consequential and incidental damages arising from any interference with the ownership or use of the vehicle which does not comply with the requirements of this chapter.

The person making the inspection shall record the make and vehicle identification number or license number of the vehicle if available, and shall also verify that the approximate value of the junk vehicle is equivalent only to the approximate value of the scrap in it.

(2) The law enforcement officer or department representative shall provide information on the vehicle's registered and legal owner to the landowner.

(3) Upon receiving information on the vehicle's registered and legal owner, the landowner shall mail a notice to the registered and legal owners shown on the records of the department. The notification shall describe the redemption procedure and the right to arrange for the removal of the vehicle.

(4) If the vehicle remains unclaimed more than fifteen days after the landowner has mailed notification to the registered and legal owner, the landowner may dispose of the vehicle or sign an affidavit of sale to be used as a title document.

(5) If no information on the vehicle's registered and legal owner is found in the records of the department, the landowner may immediately dispose of the vehicle or sign an affidavit of sale to be used as a title document.

LOCAL REGULATION

(b) A city, town, or county ordinance shall contain language that establishes a written form of authorization to impound, which may include a law enforcement notice of infraction or citation, clearly denoting the agency's authorization to impound.

(c) A city, town, or county may, by ordinance, provide for release of an impounded vehicle by means of a promissory note in lieu of immediate payment, if at the time of redemption the legal or registered owner requests a hearing on the validity of the impoundment. If the municipal ordinance directs the release of an impounded vehicle before the payment of the impoundment charges, the municipality is responsible for the payment of those charges to the registered tow truck operator within thirty days of the hearing date.

(d) The hearing specified in RCW 46.55.120(2) and in this section may be conducted by an administrative hearing officer instead of in the district court. A decision made by an administrative hearing officer may be appealed to the district court for final judgment.

(2) A city, town, or county may adopt an ordinance establishing procedures for the abatement and removal as public nuisances of junk vehicles or parts thereof from private property. Costs of removal may be assessed against the registered owner of the vehicle if the identity of the owner can be determined, unless the owner in the transfer of ownership of the vehicle has complied with RCW 46.12.101, or the costs may be assessed against the owner of the property on which the vehicle is stored. A city, town, or county may also provide for the payment to the tow truck operator or wrecker as a part of a neighborhood revitalization program.

(3) Ordinances pertaining to public nuisances shall contain:

(a) A provision requiring notice to the last registered owner of record and the property owner of record that a hearing may be requested and that if no hearing is requested, the vehicle will be removed;

(b) A provision requiring that if a request for a hearing is received, a notice giving the time, location, and date of the hearing on the question of abatement and removal of the vehicle or part thereof as a public nuisance shall be mailed, by certified mail, with a five-day return receipt requested, to the owner of the land as shown on the last equalized assessment roll and to the last registered and legal owner of record unless the vehicle is in such condition that identification numbers are not available to determine ownership;

(c) A provision that the ordinance shall not apply to (i) a vehicle or part thereof that is completely enclosed within a building in a lawful manner where it is not visible from the street or other public or private property or (ii) a vehicle or part thereof that is stored or parked in a lawful manner on private property in connection with the business of a licensed dismantler or licensed vehicle dealer and is fenced according to RCW 46.80.130;

(d) A provision that the owner of the land on which the vehicle is located may appear in person at the hearing or present a written statement in time for consideration at the hearing, and deny responsibility for the presence of the vehicle on the land, with his reasons for the denial. If it is determined at the hearing that the vehicle was placed on the land without the consent of the landowner and that he has not subsequently acquiesced in its presence, then the local agency

shall not assess costs of administration or removal of the vehicle against the property upon which the vehicle is located or otherwise attempt to collect the cost from the owner;

(e) A provision that after notice has been given of the intent of the city, town, or county to dispose of the vehicle and after a hearing, if requested, has been held, the vehicle or part thereof shall be removed at the request of a law enforcement officer with notice to the Washington state patrol and the department of licensing that the vehicle has been wrecked. The city, town, or county may operate such a disposal site when its governing body determines that commercial channels of disposition are not available or are inadequate, and it may make final disposition of such vehicles or parts, or may transfer such vehicle or parts to another governmental body provided such disposal shall be only as scrap.

(4) A registered disposer under contract to a city or county for the impounding of vehicles shall comply with any administrative regulations adopted by the city or county on the handling and disposing of vehicles.

Applicable Cases

(1) The driver of any vehicle, every bicyclist, and every pedestrian shall obey the instructions of any official traffic control device applicable thereto placed in accordance with the provisions of this chapter, unless otherwise directed by a traffic or police officer, subject to the exception granted the driver of an authorized emergency vehicle in this chapter.

RCW 46.61.055 Traffic control signal legend.

Applicable Cases

Whenever traffic is controlled by traffic control signals exhibiting different colored lights, or colored lighted arrows, successively one at a time or in combination, only the colors green, red and yellow shall be used, except for special pedestrian signals carrying a word or legend, and said lights shall indicate and apply to drivers of vehicles and pedestrians as follows:

(1) Green indication

(a) Vehicle operators facing a circular green signal may proceed straight through or turn right or left unless a sign at such place prohibits either such turn. Vehicle operators turning right or left shall stop to allow other vehicles lawfully within the intersection control area to complete their movements. Vehicle operators turning right or left shall also stop for pedestrians who are lawfully within the intersection control area as required by RCW 46.61.235(1).

(b) Vehicle operators facing a green arrow signal, shown alone or in combination with another indication, may enter the intersection control area only to make the movement indicated by such arrow, or such other movement as is permitted by other indications shown at the same time. Vehicle operators shall stop to allow other vehicles lawfully within the intersection control area to complete their movements. Vehicle operators shall also stop for pedestrians who are lawfully within the intersection control area as required by RCW 46.61.235(1).

(c) Unless otherwise directed by a pedestrian control signal, as provided in RCW 46.61.060 as now or hereafter amended, pedestrians facing any green signal, except when the sole green signal is a turn arrow, may proceed across the roadway within any marked or unmarked crosswalk.

(2) Steady yellow indication

(a) Vehicle operators facing a steady circular yellow or yellow arrow signal are thereby warned that the related green movement is being terminated or that a red indication will be exhibited immediately thereafter when vehicular traffic shall not enter the intersection. Vehicle operators shall stop for pedestrians who are lawfully within the intersection control area as required by RCW 46.61.235(1).

(b) Pedestrians facing a steady circular yellow or yellow arrow signal, unless otherwise directed by a pedestrian control signal as provided in RCW 46.61.060 shall not enter the roadway.

(3) Steady red indication

(a) Vehicle operators facing a steady circular red signal alone shall stop at a clearly marked stop line, but if none, before entering the crosswalk on the near side of the intersection or, if none, then before entering the intersection control area and shall remain standing until an indication to proceed is shown. However, the vehicle operators facing a steady circular red signal may, after stopping proceed to make a right turn from a one-way or two-way street into a two-way street or into a one-way street carrying traffic in the direction of the right turn; or a left turn from a one-way or two-way street into a one-way street carrying traffic in the direction of the left turn; unless a sign posted by competent authority prohibits such movement. Vehicle operators planning to make such turns shall remain stopped to allow other vehicles lawfully within or approaching the intersection control area to complete their movements. Vehicle operators planning to make such turns shall also remain stopped for pedestrians who are lawfully within the intersection control area as required by RCW 46.61.235(1).

(b) Unless otherwise directed by a pedestrian control signal as provided in RCW 46.61.060 as now or hereafter amended, pedestrians facing a steady circular red signal alone shall not enter the roadway.

(c) Vehicle operators facing a steady red arrow indication may not enter the intersection control area to make the movement indicated by such arrow, and unless entering the intersection control area to make such other movement as is permitted by other indications shown at the same time, shall stop at a clearly marked stop line, but if none, before entering a crosswalk on the near side of the intersection control area, or if none, then before entering the intersection control area and shall remain standing until an indication to make the movement indicated by such arrow is shown. However, the vehicle operators facing a steady red arrow indication may, after stopping proceed to make a right turn from a one-way or two-way street into a two-way street or into a one-way street carrying traffic in the direction of the right turn; or a left turn from a one-way street or two-way street into a one-way street carrying traffic in the direction of the left turn; unless a sign posted by competent authority prohibits such movement. Vehicle operators planning to make such turns shall remain stopped to allow other vehicles lawfully within or approaching the intersection control area to complete their movements. Vehicle operators planning to make such turns shall also remain stopped for pedestrians who are lawfully within the intersection control area as required by RCW 46.61.235(1).

(d) Unless otherwise directed by a pedestrian signal, pedestrians facing a steady red arrow signal indication shall not enter the roadway.

(4) If an official traffic control signal is erected and maintained at a place other than an intersection, the provisions of this section shall be applicable except as to those provisions which by their nature can have no application. Any stop required shall be made at a sign or marking on the pavement indicating where the stop shall be made, but in the absence of any such sign or marking the stop shall be made at the signal.

Whenever pedestrian control signals exhibiting the words "Walk" or the walking person symbol or "Don't Walk" or the hand symbol are operating, the signals shall indicate as follows:

(1) WALK or walking person symbol—Pedestrians facing such signal may cross the roadway in the direction of the signal. Vehicle operators shall stop for pedestrians who are lawfully moving within the intersection control area on such signal as required by RCW 46.61.235(1).

(2) Steady or flashing DON'T WALK or hand symbol—Pedestrians facing such signal shall not enter the roadway. Vehicle operators shall stop for pedestrians who have begun to cross the roadway before the display of either signal as required by RCW 46.61.235(1).

(3) Pedestrian control signals having the "Wait" legend in use on August 6, 1965, shall be deemed authorized signals and shall indicate the same as the "Don't Walk" legend. Whenever such pedestrian control signals are replaced the legend "Wait" shall be replaced by the legend "Don't Walk" or the hand symbol.

Applicable Cases

(1) Whenever an illuminated flashing red or yellow signal is used in a traffic sign or signal it shall require obedience by vehicular traffic as follows:

(a) FLASHING RED (STOP SIGNAL). When a red lens is illuminated with rapid intermittent flashes, drivers of vehicles shall stop at a clearly marked stop line, but if none, before entering a marked crosswalk on the near side of the intersection, or, if none, then at the point nearest the intersecting roadway where the driver has a view of approaching traffic on the intersecting roadway before entering the intersection, and the right to proceed shall be subject to the rules applicable after making a stop at a stop sign.

(b) FLASHING YELLOW (CAUTION SIGNAL). When a yellow lens is illuminated with rapid intermittent flashes, drivers of vehicles may proceed through the intersection or past such signal only with caution.

(2) This section shall not apply at railroad grade crossings. Conduct of drivers of vehicles approaching railroad grade crossings shall be governed by the rules as set forth in RCW 46.61.340.

RCW 46.61.072 Special traffic control signals--Legend.

Applicable Cases

Whenever special traffic control signals exhibit a downward green arrow, a yellow X, or a red X indication, such signal indication shall have the following meaning:

(1) A steady downward green arrow means that a driver is permitted to drive in the lane over which the arrow signal is located.

(2) A steady yellow X or flashing red X means that a driver should prepare to vacate, in a safe manner, the lane over which the signal is located because a lane control change is being made, and to avoid occupying that lane when a steady red X is displayed.

(3) A flashing yellow X means that a driver is permitted to use a lane over which the signal is located for a left turn, using proper caution.

(4) A steady red X means that a driver shall not drive in the lane over which the signal is located, and that this indication shall modify accordingly the meaning of all other traffic controls present. The driver shall obey all other traffic controls and follow normal safe driving practices.

DRIVING ON RIGHT SIDE OF ROADWAY--OVERTAKING AND PASSING--USE OF ROADWAY

RCW 46.61.100 Keep right except when passing, etc.

Applicable Cases

(1) Upon all roadways of sufficient width a vehicle shall be driven upon the right half of the roadway, except as follows:

(a) When overtaking and passing another vehicle proceeding in the same direction under the rules governing such movement;

(b) When an obstruction exists making it necessary to drive to the left of the center of the highway; provided, any person so doing shall yield the right of way to all vehicles traveling in the proper direction upon the unobstructed portion of the highway within such distance as to constitute an immediate hazard;

(c) Upon a roadway divided into three marked lanes and providing for two-way movement traffic under the rules applicable thereon; or

(d) Upon a street or highway restricted to one-way traffic.

(2) Upon all roadways having two or more lanes for traffic moving in the same direction,

all vehicles shall be driven in the right-hand lane then available for traffic, except (a) when overtaking and passing another vehicle proceeding in the same direction, (b) when traveling at a speed greater than the traffic flow, (c) when moving left to allow traffic to merge, or (d) when preparing for a left turn at an intersection, exit, or into a private road or driveway when such left turn is legally permitted. On any such roadway, a vehicle or combination over ten thousand pounds shall be driven only in the right-hand lane except under the conditions enumerated in (a) through (d) of this subsection.

(3) No vehicle towing a trailer or no vehicle or combination over ten thousand pounds may be driven in the left-hand lane of a limited access roadway having three or more lanes for traffic moving in one direction except when preparing for a left turn at an intersection, exit, or into a private road or driveway when a left turn is legally permitted. This subsection does not apply to a vehicle using a high-occupancy vehicle lane. A high-occupancy vehicle lane is not considered the left-hand lane of a roadway. The department of transportation, in consultation with the Washington state patrol, shall adopt rules specifying (a) those circumstances where it is permissible for other vehicles to use the left lane in case of emergency or to facilitate the orderly flow of traffic, and (b) those segments of limited access roadway to be exempt from this subsection due to the operational characteristics of the roadway.

(4) It is a traffic infraction to drive continuously in the left lane of a multilane roadway when it impedes the flow of other traffic.

(5) Upon any roadway having four or more lanes for moving traffic and providing for two-way movement of traffic, a vehicle shall not be driven to the left of the center line of the roadway except when authorized by official traffic control devices designating certain lanes to the left side of the center of the roadway for use by traffic not otherwise permitted to use such lanes, or except as permitted under subsection (1)(b) of this section. However, this subsection shall not be construed as prohibiting the crossing of the center line in making a left turn into or from an alley, private road or driveway.

(b) When approaching within one hundred feet of or traversing any intersection or railroad grade crossing;

(c) When the view is obstructed upon approaching within one hundred feet of any bridge, viaduct or tunnel.

When such signs or markings are in place and clearly visible to an ordinarily observant person every driver of a vehicle shall obey the directions thereof.

(2) Where signs or markings are in place to define a no-passing zone as set forth in subsection (1) of this section, no driver may at any time drive on the left side of the roadway within the no-passing zone or on the left side of any pavement striping designed to mark the no-passing zone throughout its length.

(2) The driver of any motor truck or motor vehicle drawing another vehicle when traveling upon a roadway outside of a business or residence district and which is following another motor truck or motor vehicle drawing another vehicle shall, whenever conditions permit, leave sufficient space so that an overtaking vehicle may enter and occupy such space without danger, except that this shall not prevent a motor truck or motor vehicle drawing another vehicle from overtaking and passing any like vehicle or other vehicle.

(3) Motor vehicles being driven upon any roadway outside of a business or residence district in a caravan or motorcade whether or not towing other vehicles shall be so operated as to allow sufficient space between each such vehicle or combination of vehicles so as to enable any other vehicle to enter and occupy such space without danger. Applicable Cases

The driver of a vehicle intending to turn shall do so as follows:

(1) Right turns. Both the approach for a right turn and a right turn shall be made as close as practicable to the right-hand curb or edge of the roadway.

(2) Left turns. The driver of a vehicle intending to turn left shall approach the turn in the extreme left-hand lane lawfully available to traffic moving in the direction of travel of the vehicle. Whenever practicable the left turn shall be made to the left of the center of the intersection and so as to leave the intersection or other location in the extreme left-hand lane lawfully available to traffic moving in the same direction as the vehicle on the roadway being entered.

(3) Two-way left turn lanes.

(a) The department of transportation and local authorities in their respective jurisdictions may designate a two-way left turn lane on a roadway. A two-way left turn lane is near the center of the roadway set aside for use by vehicles making left turns in either direction from or into the roadway.

(b) Two-way left turn lanes shall be designated by distinctive uniform roadway markings. The department of transportation shall determine and prescribe standards and specifications governing type, length, width, and positioning of the distinctive permanent markings. The standards and specifications developed shall be filed with the code reviser in accordance with the procedures set forth in the administrative procedure act, chapter 34.05 RCW. On and after July 1, 1971, permanent markings designating a two-way left turn lane shall conform to such standards and specifications.

(c) Upon a roadway where a center lane has been provided by distinctive pavement markings for the use of vehicles turning left from either direction, no vehicles may turn left from any other lane. A vehicle shall not be driven in this center lane for the purpose of overtaking or passing another vehicle proceeding in the same direction. No vehicle may travel further than three hundred feet within the lane. A signal, either electric or manual, for indicating a left turn movement, shall be made at least one hundred feet before the actual left turn movement is made.

(4) The department of transportation and local authorities in their respective jurisdictions may cause official traffic-control devices to be placed and thereby require and direct that a different course from that specified in this section be traveled by turning vehicles, and when the

devices are so placed no driver of a vehicle may turn a vehicle other than as directed and required by the devices.

SPEED RESTRICTIONS

RCW 46.61.400 Basic rule and maximum limits.

Applicable Cases

(1) No person shall drive a vehicle on a highway at a speed greater than is reasonable and prudent under the conditions and having regard to the actual and potential hazards then existing. In every event speed shall be so controlled as may be necessary to avoid colliding with any person, vehicle or other conveyance on or entering the highway in compliance with legal requirements and the duty of all persons to use due care.

(2) Except when a special hazard exists that requires lower speed for compliance with subsection (1) of this section, the limits specified in this section or established as hereinafter authorized shall be maximum lawful speeds, and no person shall drive a vehicle on a highway at a speed in excess of such maximum limits.

- (a) Twenty-five miles per hour on city and town streets;
- (b) Fifty miles per hour on county roads;
- (c) Sixty miles per hour on state highways.

The maximum speed limits set forth in this section may be altered as authorized in RCW 46.61.405, 46.61.410, and 46.61.415.

(3) The driver of every vehicle shall, consistent with the requirements of subsection (1) of this section, drive at an appropriate reduced speed when approaching and crossing an intersection or railway grade crossing, when approaching and going around a curve, when approaching a hill crest, when traveling upon any narrow or winding roadway, and when special hazard exists with respect to pedestrians or other traffic or by reason of weather or highway conditions.

RCW 46.61.405 Decreases by secretary of transportation.

Applicable Cases

Whenever the secretary of transportation shall determine upon the basis of an engineering and traffic investigation that any maximum speed hereinbefore set forth is greater than is reasonable or safe with respect to a state highway under the conditions found to exist at any intersection or upon any other part of the state highway system or at state ferry terminals, or that a general reduction of any maximum speed set forth in RCW 46.61.400 is necessary in order to comply with a national maximum speed limit, the secretary may determine and declare a reasonable and safe lower maximum limit or a lower maximum limit which will comply with a national maximum speed limit, for any state highway, the entire state highway system, or any portion thereof, which shall be effective when appropriate signs giving notice thereof are erected. The secretary may also fix and regulate the speed of vehicles on any state highway within the maximum speed limit allowed by this chapter for special occasions including, but not limited to, local parades and other special events. Any such maximum speed limit may be declared to be effective at all times or at such times as are indicated upon the said signs; and differing limits may be established for different times of day, different types of vehicles, varying weather conditions, and other factors bearing on safe speeds, which shall be effective (a) when posted upon appropriate fixed or variable signs or (b) if a maximum limit is established for auto stages which is lower than the limit for automobiles, the auto stage speed limit shall become effective thirty days after written notice thereof is mailed in the manner provided in subsection (4) of RCW 46.61.410, as now or hereafter amended.

RCW 46.61.410 Increases by secretary of transportation--Maximum speed limit for trucks--Auto stages--Signs and notices.

Applicable Cases

(1)(a) Subject to subsection (2) of this section the secretary may increase the maximum speed limit on any highway or portion thereof to not more than seventy miles per hour in accordance with the design speed thereof (taking into account all safety elements included therein), or whenever the secretary determines upon the basis of an engineering and traffic

investigation that such greater speed is reasonable and safe under the circumstances existing on such part of the highway.

(b) The greater maximum limit established under (a) of this subsection shall be effective when appropriate signs giving notice thereof are erected, or if a maximum limit is established for auto stages which is lower than the limit for automobiles, the auto stage speed limit shall become effective thirty days after written notice thereof is mailed in the manner provided in subsection (4) of this section.

(c) Such maximum speed limit may be declared to be effective at all times or at such times as are indicated upon said signs or in the case of auto stages, as indicated in said written notice; and differing limits may be established for different times of day, different types of vehicles, varying weather conditions, and other factors bearing on safe speeds, which shall be effective when posted upon appropriate fixed or variable signs or if a maximum limit is established for auto stages which is lower than the limit for automobiles, the auto stage speed limit shall become effective thirty days after written notice thereof is mailed in the manner provided in subsection (4) of this section.

(2) The maximum speed limit for vehicles over ten thousand pounds gross weight and vehicles in combination except auto stages shall not exceed sixty miles per hour and may be established at a lower limit by the secretary as provided in RCW 46.61.405.

(3) The word "trucks" used by the department on signs giving notice of maximum speed limits means vehicles over ten thousand pounds gross weight and all vehicles in combination except auto stages.

(4) Whenever the secretary establishes maximum speed limits for auto stages lower than the maximum limits for automobiles, the secretary shall cause to be mailed notice thereof to each auto transportation company holding a certificate of public convenience and necessity issued by the Washington utilities and transportation commission. The notice shall be mailed to the chief place of business within the state of Washington of each auto transportation company or if none then its chief place of business without the state of Washington.

RCW 46.61.415 When local authorities may alter maximum limits.

Applicable Cases

(1) Whenever local authorities in their respective jurisdictions determine on the basis of an engineering and traffic investigation that the maximum speed permitted under RCW 46.61.400 or 46.61.440 is greater or less than is reasonable and safe under the conditions found to exist upon a highway or part of a highway, the local authority may determine and declare a

reasonable and safe maximum limit thereon which

- (a) Decreases the limit at intersections; or
- (b) Increases the limit but not to more than sixty miles per hour; or
- (c) Decreases the limit but not to less than twenty miles per hour.

(2) Local authorities in their respective jurisdictions shall determine by an engineering and traffic investigation the proper maximum speed for all arterial streets and shall declare a reasonable and safe maximum limit thereon which may be greater or less than the maximum speed permitted under RCW 46.61.400(2) but shall not exceed sixty miles per hour.

(3) The secretary of transportation is authorized to establish speed limits on county roads and city and town streets as shall be necessary to conform with any federal requirements which are a prescribed condition for the allocation of federal funds to the state.

(4) Any altered limit established as hereinbefore authorized shall be effective when appropriate signs giving notice thereof are erected. Such maximum speed limit may be declared to be effective at all times or at such times as are indicated upon such signs; and differing limits may be established for different times of day, different types of vehicles, varying weather conditions, and other factors bearing on safe speeds, which shall be effective when posted upon appropriate fixed or variable signs.

RCW 46.61.425 Minimum speed regulation--Passing slow moving vehicle.

Applicable Cases

(1) No person shall drive a motor vehicle at such a slow speed as to impede the normal and reasonable movement of traffic except when reduced speed is necessary for safe operation or in compliance with law: PROVIDED, That a person following a vehicle driving at less than the legal maximum speed and desiring to pass such vehicle may exceed the speed limit, subject to the provisions of RCW 46.61.120 on highways having only one lane of traffic in each direction, at only such a speed and for only such a distance as is necessary to complete the pass with a reasonable margin of safety.

(2) Whenever the secretary of transportation or local authorities within their respective jurisdictions determine on the basis of an engineering and traffic investigation that slow speeds on any part of a highway unreasonably impede the normal movement of traffic, the secretary or such local authority may determine and declare a minimum speed limit thereat which shall be effective when appropriate signs giving notice thereof are erected. No person shall drive a vehicle slower than such minimum speed limit except when necessary for safe operation or in compliance with law.

Applicable Cases

On a two-lane highway where passing is unsafe because of traffic in the opposite direction or other conditions, a slow moving vehicle, behind which five or more vehicles are formed in a line, shall turn off the roadway wherever sufficient area for a safe turn-out exists, in order to permit the vehicles following to proceed. As used in this section a slow moving vehicle is one which is proceeding at a rate of speed less than the normal flow of traffic at the particular time and place.

[1973 c 88 § 1.]

RCW 46.61.428 Slow-moving vehicle driving on shoulders, when.

Applicable Cases

(1) The state department of transportation and local authorities are authorized to determine those portions of any two-lane highways under their respective jurisdictions on which drivers of slow-moving vehicles may safely drive onto improved shoulders for the purpose of allowing overtaking vehicles to pass and may by appropriate signs indicate the beginning and end of such zones.

(2) Where signs are in place to define a driving-on-shoulder zone as set forth in subsection (1) of this section, the driver of a slow-moving vehicle may drive onto and along the shoulder within the zone but only for the purpose of allowing overtaking vehicles to pass and then shall return to the roadway.

(3) Signs erected to define a driving-on-shoulder zone take precedence over pavement markings for the purpose of allowing the movements described in subsection (2) of this section.

(2) Evidence shall be admissible against any person arrested or issued a notice of a traffic infraction for violation of any of the laws of this state or of any orders, rules, or regulations of any city or town or other political subdivision regarding speed if the same is determined by a particular section of or distance on a public highway, the length of which has been accurately measured off or otherwise designated or determined and either: (a) The limits of which are controlled by a mechanical, electrical, or other device capable of measuring or recording the speed of a vehicle passing within such limits; or (b) a timing device is operated from an aircraft, which timing device when used to measure the elapsed time of a vehicle passing over such a particular section of or distance upon a public highway indicates the speed of a vehicle.

(3) The exceptions of subsection (2) of this section are limited to devices or observations with a maximum error of not to exceed five percent using the lapsed time during which such vehicle travels between such limits, and such limits shall not be closer than one-fourth mile.

(5) An offender punishable under this section is subject to the alcohol assessment and treatment provisions of RCW 46.61.5056.

(6) The license, permit, or nonresident privilege of a person convicted of driving or being in physical control of a motor vehicle while under the influence of intoxicating liquor or drugs must:

(a) If the person's alcohol concentration was less than 0.15, or if for reasons other than the person's refusal to take a test offered under RCW 46.20.308 there is no test result indicating the person's alcohol concentration:

(i) Where there has been no prior offense within seven years, be suspended or denied by the department for ninety days;

(ii) Where there has been one prior offense within seven years, be revoked or denied by the department for two years; or

(iii) Where there have been two or more prior offenses within seven years, be revoked or denied by the department for three years;

(b) If the person's alcohol concentration was at least 0.15, or if by reason of the person's refusal to take a test offered under RCW 46.20.308 there is no test result indicating the person's alcohol concentration:

(i) Where there has been no prior offense within seven years, be revoked or denied by the department for one year;

(ii) Where there has been one prior offense within seven years, be revoked or denied by the department for nine hundred days; or

(iii) Where there have been two or more prior offenses within seven years, be revoked or denied by the department for four years.

For purposes of this subsection, the department shall refer to the driver's record maintained under RCW 46.52.120 when determining the existence of prior offenses.

(7) After expiration of any period of suspension, revocation, or denial of the offender's

license, permit, or privilege to drive required by this section, the department shall place the offender's driving privilege in probationary status pursuant to RCW 46.20.355.

(8)(a) In addition to any nonsuspendable and nondeferrable jail sentence required by this section, whenever the court imposes less than one year in jail, the court shall also suspend but shall not defer a period of confinement for a period not exceeding five years. The court shall impose conditions of probation that include: (i) Not driving a motor vehicle within this state without a valid license to drive and proof of financial responsibility for the future; (ii) not driving a motor vehicle within this state while having an alcohol concentration of 0.08 or more within two hours after driving; and (iii) not refusing to submit to a test of his or her breath or blood to determine alcohol concentration upon request of a law enforcement officer who has reasonable grounds to believe the person was driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor. The court may impose conditions of probation that include nonrepetition, installation of an ignition interlock or other biological or technical device on the probationer's motor vehicle, alcohol or drug treatment, supervised probation, or other conditions that may be appropriate. The sentence may be imposed in whole or in part upon violation of a condition of probation during the suspension period.

(b) For each violation of mandatory conditions of probation under (a)(i) and (ii) or (a)(i) and (iii) of this subsection, the court shall order the convicted person to be confined for thirty days, which shall not be suspended or deferred.

(c) For each incident involving a violation of a mandatory condition of probation imposed under this subsection, the license, permit, or privilege to drive of the person shall be suspended by the court for thirty days or, if such license, permit, or privilege to drive already is suspended, revoked, or denied at the time the finding of probation violation is made, the suspension, revocation, or denial then in effect shall be extended by thirty days. The court shall notify the department of any suspension, revocation, or denial or any extension of a suspension, revocation, or denial imposed under this subsection.

(9) A court may waive the electronic home monitoring requirements of this chapter when:

(a) The offender does not have a dwelling, telephone service, or any other necessity to operate an electronic home monitoring system;

(b) The offender does not reside in the state of Washington; or

(c) The court determines that there is reason to believe that the offender would violate the conditions of the electronic home monitoring penalty.

Whenever the mandatory minimum term of electronic home monitoring is waived, the court shall state in writing the reason for granting the waiver and the facts upon which the waiver is based, and shall impose an alternative sentence with similar punitive consequences. The alternative sentence may include, but is not limited to, additional jail time, work crew, or work camp.

Whenever the combination of jail time and electronic home monitoring or alternative sentence would exceed three hundred sixty-five days, the offender shall serve the jail portion of the sentence first, and the electronic home monitoring or alternative portion of the sentence shall be reduced so that the combination does not exceed three hundred sixty-five days.

(10) An offender serving a sentence under this section, whether or not a mandatory minimum term has expired, may be granted an extraordinary medical placement by the jail administrator subject to the standards and limitations set forth in RCW 9.94A.150(4).

(11) For purposes of this section:

(a) A "prior offense" means any of the following:

(i) A conviction for a violation of RCW 46.61.502 or an equivalent local ordinance;

(ii) A conviction for a violation of RCW 46.61.504 or an equivalent local ordinance;

(v) A conviction for a violation of RCW 46.61.5249, 46.61.500, or 9A.36.050 or an equivalent local ordinance, if the conviction is the result of a charge that was originally filed as a violation of RCW 46.61.502 or 46.61.504, or an equivalent local ordinance, or of RCW 46.61.520 or 46.61.522;

(vi) An out-of-state conviction for a violation that would have been a violation of (a)(i), (ii), (iii), (iv), or (v) of this subsection if committed in this state;

(vii) A deferred prosecution under chapter 10.05 RCW granted in a prosecution for a violation of RCW 46.61.502, 46.61.504, or an equivalent local ordinance; or

(viii) A deferred prosecution under chapter 10.05 RCW granted in a prosecution for a violation of RCW 46.61.5249, or an equivalent local ordinance, if the charge under which the deferred prosecution was granted was originally filed as a violation of RCW 46.61.502 or 46.61.504, or an equivalent local ordinance, or of RCW 46.61.520 or 46.61.522; and

The court shall notify the department of licensing whenever it orders a person to complete a course or treatment program under this section.

(2) A diagnostic evaluation and treatment recommendation shall be prepared under the direction of the court by an alcoholism agency approved by the department of social and health services or a qualified probation department approved by the department of social and health services. A copy of the report shall be forwarded to the department of licensing. Based on the diagnostic evaluation, the court shall determine whether the person shall be required to complete a course in an alcohol information school approved by the department of social and health services or more intensive treatment in a program approved by the department of social and health services.

(3) Standards for approval for alcohol treatment programs shall be prescribed by the department of social and health services. The department of social and health services shall periodically review the costs of alcohol information schools and treatment programs.

RCW 46.61.50571 Alcohol violators--Mandatory appearances.

Applicable Cases

(1) A defendant who is arrested for an offense involving driving while under the influence as defined in RCW 46.61.502, driving under age twenty-one after consuming alcohol

as defined in RCW 46.61.503, or being in physical control of a vehicle while under the influence as defined in RCW 46.61.504, shall be required to appear in person before a magistrate within one judicial day after the arrest if the defendant is served with a citation or complaint at the time of the arrest. A court may by local court rule waive the requirement for appearance within one judicial day if it provides for the appearance at the earliest practicable day following arrest and establishes the method for identifying that day in the rule.

(2) A defendant who is charged by citation, complaint, or information with an offense involving driving while under the influence as defined in RCW 46.61.502, driving under age twenty-one after consuming alcohol as defined in RCW 46.61.503, or being in physical control of a vehicle while under the influence as defined in RCW 46.61.504, and who is not arrested, shall appear in court for arraignment in person as soon as practicable, but in no event later than fourteen days after the next day on which court is in session following the issuance of the citation or the filing of the complaint or information.

(3) At the time of an appearance required by this section, the court shall determine the necessity of imposing conditions of pretrial release according to the procedures established by court rule for a preliminary appearance or an arraignment.

(4) Appearances required by this section are mandatory and may not be waived.

Notes:

Effective date--1998 c 214: See note following RCW 46.61.5055.

RCW 46.61.5058 Alcohol violators--Vehicle seizure and forfeiture.

Applicable Cases

(1) Upon the arrest of a person or upon the filing of a complaint, citation, or information in a court of competent jurisdiction, based upon probable cause to believe that a person has violated RCW 46.61.502 or 46.61.504 or any similar municipal ordinance, if such person has a prior offense within seven years as defined in RCW 46.61.5055, and where the person has been provided written notice that any transfer, sale, or encumbrance of such person's interest in the vehicle over which that person was actually driving or had physical control when the violation occurred, is unlawful pending either acquittal, dismissal, sixty days after conviction, or other termination of the charge, such person shall be prohibited from encumbering, selling, or transferring his or her interest in such vehicle, except as otherwise provided in (a), (b), and (c) of this subsection, until either acquittal, dismissal, sixty days after conviction, or other termination of the charge. The prohibition against transfer of title shall not be stayed pending the determination of an appeal from the conviction.

(a) A vehicle encumbered by a bona fide security interest may be transferred to the secured party or to a person designated by the secured party;

(b) A leased or rented vehicle may be transferred to the lessor, rental agency, or to a person designated by the lessor or rental agency; and

(c) A vehicle may be transferred to a third party or a vehicle dealer who is a bona fide purchaser or may be subject to a bona fide security interest in the vehicle unless it is established

that (i) in the case of a purchase by a third party or vehicle dealer, such party or dealer had actual notice that the vehicle was subject to the prohibition prior to the purchase, or (ii) in the case of a security interest, the holder of the security interest had actual notice that the vehicle was subject to the prohibition prior to the encumbrance of title.

(2) On conviction for a violation of either RCW 46.61.502 or 46.61.504 or any similar municipal ordinance where the person convicted has a prior offense within seven years as defined in RCW 46.61.5055, the motor vehicle the person was driving or over which the person had actual physical control at the time of the offense, if the person has a financial interest in the vehicle, is subject to seizure and forfeiture pursuant to this section.

(3) A vehicle subject to forfeiture under this chapter may be seized by a law enforcement officer of this state upon process issued by a court of competent jurisdiction. Seizure of a vehicle may be made without process if the vehicle subject to seizure has been the subject of a prior judgment in favor of the state in a forfeiture proceeding based upon this section.

(4) Seizure under subsection (3) of this section automatically commences proceedings for forfeiture. The law enforcement agency under whose authority the seizure was made shall cause notice of the seizure and intended forfeiture of the seized vehicle to be served within fifteen days after the seizure on the owner of the vehicle seized, on the person in charge of the vehicle, and on any person having a known right or interest in the vehicle, including a community property interest. The notice of seizure may be served by any method authorized by law or court rule, including but not limited to service by certified mail with return receipt requested. Service by mail is complete upon mailing within the fifteen-day period after the seizure. Notice of seizure in the case of property subject to a security interest that has been perfected on a certificate of title shall be made by service upon the secured party or the secured party's assignee at the address shown on the financing statement or the certificate of title.

(5) If no person notifies the seizing law enforcement agency in writing of the person's claim of ownership or right to possession of the seized vehicle within forty-five days of the seizure, the vehicle is deemed forfeited.

(6) If a person notifies the seizing law enforcement agency in writing of the person's claim of ownership or right to possession of the seized vehicle within forty-five days of the seizure, the law enforcement agency shall give the person or persons a reasonable opportunity to be heard as to the claim or right. The hearing shall be before the chief law enforcement officer of the seizing agency or the chief law enforcement officer's designee, except where the seizing agency is a state agency as defined in RCW 34.12.020, the hearing shall be before the chief law enforcement officer of the seizing agency or an administrative law judge appointed under chapter 34.12 RCW, except that any person asserting a claim or right may remove the matter to a court of competent jurisdiction. Removal may only be accomplished according to the rules of civil procedure. The person seeking removal of the matter must serve process against the state, county, political subdivision, or municipality that operates the seizing agency, and any other party of interest, in accordance with RCW 4.28.080 or 4.92.020, within forty-five days after the person seeking removal has notified the seizing law enforcement agency of the person's claim of ownership or right to possession. The court to which the matter is to be removed shall be the

district court when the aggregate value of the vehicle is within the jurisdictional limit set forth in RCW 3.66.020. A hearing before the seizing agency and any appeal therefrom shall be under Title 34 RCW. In a court hearing between two or more claimants to the vehicle involved, the prevailing party shall be entitled to a judgment for costs and reasonable attorneys' fees. The burden of producing evidence shall be upon the person claiming to be the legal owner or the person claiming to have the lawful right to possession of the vehicle. The seizing law enforcement agency shall promptly return the vehicle to the claimant upon a determination by the administrative law judge or court that the claimant is the present legal owner under Title 46 RCW or is lawfully entitled to possession of the vehicle.

(7) When a vehicle is forfeited under this chapter the seizing law enforcement agency may sell the vehicle, retain it for official use, or upon application by a law enforcement agency of this state release the vehicle to that agency for the exclusive use of enforcing this title; provided, however, that the agency shall first satisfy any bona fide security interest to which the vehicle is subject under subsection (1)(a) or (c) of this section.

(8) When a vehicle is forfeited, the seizing agency shall keep a record indicating the identity of the prior owner, if known, a description of the vehicle, the disposition of the vehicle, the value of the vehicle at the time of seizure, and the amount of proceeds realized from disposition of the vehicle.

(9) Each seizing agency shall retain records of forfeited vehicles for at least seven years.

(10) Each seizing agency shall file a report including a copy of the records of forfeited vehicles with the state treasurer each calendar quarter.

(11) The quarterly report need not include a record of a forfeited vehicle that is still being held for use as evidence during the investigation or prosecution of a case or during the appeal from a conviction.

(12) By January 31st of each year, each seizing agency shall remit to the state treasurer an amount equal to ten percent of the net proceeds of vehicles forfeited during the preceding calendar year. Money remitted shall be deposited in the public safety and education account.

(13) The net proceeds of a forfeited vehicle is the value of the forfeitable interest in the vehicle after deducting the cost of satisfying a bona fide security interest to which the vehicle is subject at the time of seizure; and in the case of a sold vehicle, after deducting the cost of sale, including reasonable fees or commissions paid to independent selling agents.

(14) The value of a sold forfeited vehicle is the sale price. The value of a retained forfeited vehicle is the fair market value of the vehicle at the time of seizure, determined when possible by reference to an applicable commonly used index, such as the index used by the department of licensing. A seizing agency may, but need not, use an independent qualified appraiser to determine the value of retained vehicles. If an appraiser is used, the value of the vehicle appraised is net of the cost of the appraisal.

RCW 46.61.506 Persons under influence of intoxicating liquor or drug--Evidence--Tests--Information concerning tests.

Applicable Cases

(1) Upon the trial of any civil or criminal action or proceeding arising out of acts alleged to have been committed by any person while driving or in actual physical control of a vehicle while under the influence of intoxicating liquor or any drug, if the person's alcohol concentration is less than 0.08, it is evidence that may be considered with other competent evidence in determining whether the person was under the influence of intoxicating liquor or any drug.

(2) The breath analysis shall be based upon grams of alcohol per two hundred ten liters of breath. The foregoing provisions of this section shall not be construed as limiting the introduction of any other competent evidence bearing upon the question whether the person was under the influence of intoxicating liquor or any drug.

(3) Analysis of the person's blood or breath to be considered valid under the provisions of this section or RCW 46.61.502 or 46.61.504 shall have been performed according to methods approved by the state toxicologist and by an individual possessing a valid permit issued by the state toxicologist for this purpose. The state toxicologist is directed to approve satisfactory techniques or methods, to supervise the examination of individuals to ascertain their qualifications and competence to conduct such analyses, and to issue permits which shall be subject to termination or revocation at the discretion of the state toxicologist.

(4) When a blood test is administered under the provisions of RCW 46.20.308, the withdrawal of blood for the purpose of determining its alcoholic or drug content may be performed only by a physician, a registered nurse, or a qualified technician. This limitation shall not apply to the taking of breath specimens.

(5) The person tested may have a physician, or a qualified technician, chemist, registered nurse, or other qualified person of his or her own choosing administer one or more tests in addition to any administered at the direction of a law enforcement officer. The failure or inability to obtain an additional test by a person shall not preclude the admission of evidence relating to the test or tests taken at the direction of a law enforcement officer.

(6) Upon the request of the person who shall submit to a test or tests at the request of a law enforcement officer, full information concerning the test or tests shall be made available to him or her or his or her attorney.

RCW 46.64.035 Posting of security or bail by nonresident--Penalty.

Applicable Cases

Any nonresident of the state of Washington who is issued a notice of infraction or a citation for a traffic offense may be required to post either a bond or cash security in the amount of the infraction penalty or to post bail. The court shall by January 1, 1990, accept, in lieu of bond or cash security, valid major credit cards issued by a bank or other financial institution or automobile club card guaranteed by an insurance company licensed to conduct business in the state. If payment is made by credit card the court is authorized to impose, in addition to any penalty or fine, an amount equal to the charge to the court for accepting such cards. If the person

cannot post the bond, cash security, or bail, he or she shall be taken to a magistrate or judge for a hearing at the first possible working time of the court. If the person refuses to comply with this section, he or she shall be guilty of a misdemeanor. This section does not apply to residents of states that have entered into a reciprocal agreement as outlined in RCW 46.23.020.

[1987 c 345 § 3.]

RCW 46.64.040 Nonresident's use of highways--Resident leaving state--Secretary of state as attorney in fact.

Applicable Cases

The acceptance by a nonresident of the rights and privileges conferred by law in the use of the public highways of this state, as evidenced by his or her operation of a vehicle thereon, or the operation thereon of his or her vehicle with his or her consent, express or implied, shall be deemed equivalent to and construed to be an appointment by such nonresident of the secretary of state of the state of Washington to be his or her true and lawful attorney upon whom may be served all lawful summons and processes against him or her growing out of any accident, collision, or liability in which such nonresident may be involved while operating a vehicle upon the public highways, or while his or her vehicle is being operated thereon with his or her consent, express or implied, and such operation and acceptance shall be a signification of the nonresident's agreement that any summons or process against him or her which is so served shall be of the same legal force and validity as if served on the nonresident personally within the state of Washington. Likewise each resident of this state who, while operating a motor vehicle on the public highways of this state, is involved in any accident, collision or liability and thereafter within three years departs from this state appoints the secretary of state of the state of Washington as his or her lawful attorney for service of summons as provided in this section for nonresidents. Service of such summons or process shall be made by leaving two copies thereof with a fee established by the secretary of state by rule with the secretary of state of the state of Washington, or at the secretary of state's office, and such service shall be sufficient and valid personal service upon said resident or nonresident: PROVIDED, That notice of such service and a copy of the summons or process is forthwith sent by registered mail with return receipt requested, by plaintiff to the defendant at the last known address of the said defendant, and the plaintiff's affidavit of compliance herewith are appended to the process, together with the affidavit of the plaintiff's attorney that the attorney has with due diligence attempted to serve personal process upon the defendant at all addresses known to him or her of defendant and further listing in his or her affidavit the addresses at which he or she attempted to have process served. However, if process is forwarded by registered mail and defendant's endorsed receipt is received and entered as a part of the return of process then the foregoing affidavit of plaintiff's attorney need only show that the defendant received personal delivery by mail: PROVIDED FURTHER, That personal service outside of this state in accordance with the provisions of law relating to personal service of summons outside of this state shall relieve the plaintiff from mailing a copy of the summons or process by registered mail as hereinbefore provided. The secretary of state shall forthwith send one of such copies by mail, postage prepaid, addressed to

the defendant at the defendant's address, if known to the secretary of state. The court in which the action is brought may order such continuances as may be necessary to afford the defendant reasonable opportunity to defend the action. The fee paid by the plaintiff to the secretary of state shall be taxed as part of his or her costs if he or she prevails in the action. The secretary of state shall keep a record of all such summons and processes, which shall show the day of service.

46.65.910 Short title.

RCW 46.65.010 State policy enunciated.

Applicable Cases

It is hereby declared to be the policy of the state of Washington:

(1) To provide maximum safety for all persons who travel or otherwise use the public highways of this state; and

(2) To deny the privilege of operating motor vehicles on such highways to persons who by their conduct and record have demonstrated their indifference for the safety and welfare of others and their disrespect for the laws of the state, the orders of her courts and the statutorily required acts of her administrative agencies; and

(3) To discourage repetition of criminal acts by individuals against the peace and dignity of the state and her political subdivisions and to impose increased and added deprivation of the privilege to operate motor vehicles upon habitual offenders who have been convicted repeatedly of violations of traffic laws.

[1971 ex.s. c 284 § 3.]

Notes:

Severability--1971 ex.s. c 284: "If any provision of this 1971 amendatory act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected." [1971 ex.s. c 284 § 17.]

RCW 46.65.020 Habitual offender defined.

Applicable Cases

As used in this chapter, unless a different meaning is plainly required by the context, an habitual offender means any person, resident or nonresident, who has accumulated convictions or findings that the person committed a traffic infraction as defined in RCW 46.20.270, or, if a minor, has violations recorded with the department of licensing, for separate and distinct offenses as described in either subsection (1) or (2) below committed within a five-year period, as evidenced by the records maintained in the department of licensing: PROVIDED, That where more than one described offense is committed within a six-hour period such multiple offenses shall, on the first such occasion, be treated as one offense for the purposes of this chapter:

(1) Three or more convictions, singularly or in combination, of the following offenses:

(a) Vehicular homicide as defined in RCW 46.61.520;

(b) Vehicular assault as defined in RCW 46.61.522;

(d) Driving a motor vehicle while his or her license, permit, or privilege to drive has been suspended or revoked as defined in RCW 46.20.342(1)(b);

(e) Failure of the driver of any vehicle involved in an accident resulting in the injury or death of any person or damage to any vehicle which is driven or attended by any person to immediately stop such vehicle at the scene of such accident or as close thereto as possible and to forthwith return to and in every event remain at, the scene of such accident until he has fulfilled

the requirements of RCW 46.52.020;

(f) Reckless driving as defined in RCW 46.61.500;

(g) Being in physical control of a motor vehicle while under the influence of intoxicating liquor or any drug as defined in RCW 46.61.504; or

(h) Attempting to elude a pursuing police vehicle as defined in RCW 46.61.024;

(2) Twenty or more convictions or findings that the person committed a traffic infraction for separate and distinct offenses, singularly or in combination, in the operation of a motor vehicle that are required to be reported to the department of licensing other than the offenses of driving with an expired driver's license and not having a driver's license in the operator's immediate possession. Such convictions or findings shall include those for offenses enumerated in subsection (1) of this section when taken with and added to those offenses described herein but shall not include convictions or findings for any nonmoving violation. No person may be considered an habitual offender under this subsection unless at least three convictions have occurred within the three hundred sixty-five days immediately preceding the last conviction.

The offenses included in subsections (1) and (2) of this section are deemed to include offenses under any valid town, city, or county ordinance substantially conforming to the provisions cited in subsections (1) and (2) or amendments thereto, and any federal law, or any law of another state, including subdivisions thereof, substantially conforming to the aforesaid state statutory provisions.

Such transcript or abstract may be admitted as evidence in any hearing or court proceeding and shall be prima facie evidence that the person named therein was duly convicted by the court wherein such conviction or holding was made of each offense shown by such transcript or abstract; and if such person denies any of the facts as stated therein, he or she shall have the burden of proving that such fact is untrue.

RCW 46.65.060 Department findings--Revocation of license--Stay by department.

Applicable Cases

If the department finds that such person is not an habitual offender under this chapter, the proceeding shall be dismissed, but if the department finds that such person is an habitual offender, the department shall revoke the operator's license for a period of seven years: PROVIDED, That the department may stay the date of the revocation if it finds that the traffic offenses upon which it is based were caused by or are the result of alcoholism and/or drug addiction as evaluated by a program approved by the department of social and health services, and that since his or her last offense he or she has undertaken and followed a course of treatment for alcoholism and/or drug treatment in a program approved by the department of social and health services; such stay shall be subject to terms and conditions as are deemed reasonable by the department. RCW 46.65.065 Revocation of habitual offender's license--Request for hearing, scope--Right to appeal.

Applicable Cases

(1) Whenever a person's driving record, as maintained by the department, brings him or her within the definition of an habitual traffic offender, as defined in RCW 46.65.020, the department shall forthwith notify the person of the revocation in writing by certified mail at his or her address of record as maintained by the department. If the person is a nonresident of this state, notice shall be sent to the person's last known address. Notices of revocation shall inform the recipient thereof of his or her right to a formal hearing and specify the steps which must be taken in order to obtain a hearing. Within fifteen days after the notice has been given, the person may, in writing, request a formal hearing. If such a request is not made within the prescribed time the right to a hearing is waived. A request for a hearing stays the effectiveness of the revocation.

(2) Upon receipt of a request for a hearing, the department shall schedule a hearing in the county in which the person making the request resides, and if [the] person is a nonresident of this state, the hearing shall be held in Thurston county. The department shall give at least ten days

notice of the hearing to the person.

(3) The scope of the hearings provided by this section is limited to the issues of whether the certified transcripts or abstracts of the convictions, as maintained by the department, show that the requisite number of violations have been accumulated within the prescribed period of time as set forth in RCW 46.65.020 and whether the terms and conditions for granting stays, as provided in RCW 46.65.060, have been met.

(4) Upon receipt of the hearing officer's decision, an aggrieved party may appeal to the superior court of the county in which he or she resides, or, in the case of a nonresident of this state, in the superior court of Thurston county, for review of the revocation. Notice of appeal must be filed within thirty days after receipt of the hearing officer's decision or the right to appeal is waived. Review by the court shall be de novo and without a jury.

(5) The filing of a notice of appeal does not stay the effective date of the revocation.

Whenever any license fee, paid under the provisions of this title, has been erroneously paid, either wholly or in part, the payor is entitled to have refunded the amount so erroneously paid. A license fee is refundable in one or more of the following circumstances: (1) If the vehicle

for which the renewal license was purchased was destroyed before the beginning date of the registration period for which the renewal fee was paid; (2) if the vehicle for which the renewal license was purchased was permanently removed from the state before the beginning date of the registration period for which the renewal fee was paid; (3) if the vehicle license was purchased after the owner has sold the vehicle; (4) if the vehicle is currently licensed in Washington and is subsequently licensed in another jurisdiction, in which case any full months of Washington fees between the date of license application in the other jurisdiction and the expiration of the Washington license are refundable; or (5) if the vehicle for which the renewal license was purchased is sold before the beginning date of the registration period for which the renewal fee was paid, and the payor returns the new, unused, never affixed license renewal tabs to the department before the beginning of the registration period for which the registration was purchased. If due to error the department or its agent has failed to collect the full amount of the license fee and excise tax due and the underpayment is in the amount of ten dollars or more, the department shall charge and collect such additional amount as will constitute full payment of the tax and fees.

Any person who makes a false statement under which he or she obtains a refund to which he or she is not entitled under this section is guilty of a gross misdemeanor.

RCW 46.68.124 Distribution of amount to counties--Population, road cost, money need, computed--Allocation percentage adjustment.

Applicable Cases

(1) The equivalent population for each county shall be computed as the sum of the population residing in the county's unincorporated area plus twenty-five percent of the population residing in the county's incorporated area. Population figures required for the computations in this subsection shall be certified by the director of the office of financial management on or before July 1st of each odd-numbered year.

(2) The total annual road cost for each county shall be computed as the sum of one twenty-fifth of the total estimated county road replacement cost, plus the total estimated annual maintenance cost. Appropriate costs for bridges and ferries shall be included. The county road administration board shall be responsible for establishing a uniform system of roadway categories for both maintenance and construction and also for establishing a single state-wide cost per mile rate for each roadway category. The total annual cost for each county will be based on the established state-wide cost per mile and associated mileage for each category. The mileage to be used for these computations shall be as shown in the county road log as maintained by the county road administration board as of July 1, 1985, and each two years thereafter. Each county shall be responsible for submitting changes, corrections, and deletions as regards the county road log to the county road administration board. Such changes, corrections, and deletions shall be subject to verification and approval by the county road administration board prior to inclusion in the county road log.

(3) The money need factor for each county shall be the county's total annual road cost less the following four amounts:

(a) One-half the sum of the actual county road tax levied upon the valuation of all taxable property within the county road districts pursuant to RCW 36.82.040 for the two calendar years next preceding the year of computation of the allocation amounts as certified by the department of revenue;

(b) One-half the sum of all funds received by the county road fund from the federal forest reserve fund pursuant to RCW 28A.520.010 and 28A.520.020 during the two calendar years next preceding the year of computation of the allocation amounts as certified by the state treasurer;

(c) One-half the sum of timber excise taxes received by the county road fund pursuant to chapter 84.33 RCW in the two calendar years next preceding the year of computation of the allocation amounts as certified by the state treasurer;

(d) One-half the sum of motor vehicle license fees and motor vehicle and special fuel taxes refunded to the county, pursuant to RCW 46.68.080 during the two calendar years next preceding the year of computation of the allocation amounts as certified by the state treasurer.

(4) The state treasurer and the department of revenue shall furnish to the county road administration board the information required by subsection (3) of this section on or before July 1st of each odd-numbered year.

(5) The county road administration board, shall compute and provide to the counties the

allocation factors of the several counties on or before September 1st of each year based solely upon the sources of information herein before required: PROVIDED, That the allocation factor shall be held to a level not more than five percent above or five percent below the allocation factor in use during the previous calendar year. Upon computation of the actual allocation factors of the several counties, the county road administration board shall provide such factors to the state treasurer to be used in the computation of the counties' fuel tax allocation for the succeeding calendar year. The state treasurer shall adjust the fuel tax allocation of each county on January 1st of every year based solely upon the information provided by the county road administration board.

RCW 46.70.021 License required for dealers or manufacturers--Penalties.

Applicable Cases

It is unlawful for any person, firm, or association to act as a vehicle dealer or vehicle manufacturer, to engage in business as such, serve in the capacity of such, advertise himself, herself, or themselves as such, solicit sales as such, or distribute or transfer vehicles for resale in this state, without first obtaining and holding a current license as provided in this chapter, unless the title of the vehicle is in the name of the seller. RCW 46.70.023 Place of business.

Applicable Cases

(1) An "established place of business" requires a permanent, enclosed commercial building located within the state of Washington easily accessible at all reasonable times. The business of a vehicle dealer must be lawfully carried on at an established place of business in accordance with the terms of all applicable building code, zoning, and other land-use regulatory ordinances. A vehicle dealer may display a vehicle for sale only at its established place of business, licensed subagency, or temporary subagency site, except at auction. The dealer shall keep the building open to the public so that the public may contact the vehicle dealer or the dealer's salespersons at all reasonable times. The books, records, and files necessary to conduct the business shall be kept and maintained at that place. The established place of business shall display an exterior sign with the business name and nature of the business, such as auto sales, permanently affixed to the land or building, with letters clearly visible to the major avenue of traffic. A room or rooms in a hotel, rooming house, or apartment house building or part of a single or multiple-unit dwelling house may not be considered an "established place of business" unless the ground floor of such a dwelling is devoted principally to and occupied for commercial purposes and the dealer offices are located on the ground floor. A mobile office or mobile home may be used as an office if it is connected to utilities and is set up in accordance with state law. A state-wide trade association representing manufactured housing dealers shall be permitted to use a manufactured home as an office if the office complies with all other applicable building code, zoning, and other land-use regulatory ordinances. This subsection does not apply to auction companies that do not own vehicle inventory or sell vehicles from an auction yard.

(2) An auction company shall have office facilities within the state. The books, records, and files necessary to conduct the business shall be maintained at the office facilities. All storage facilities for inventory shall be listed with the department, and shall meet local zoning and land use ordinances. An auction company shall maintain a telecommunications system.

(3) Auction companies shall post their vehicle dealer license at each auction where vehicles are offered, and shall provide the department with the address of the auction at least three days before the auction.

(4) If a dealer maintains a place of business at more than one location or under more than one name in this state, he or she shall designate one location as the principal place of business of the firm, one name as the principal name of the firm, and all other locations or names as subagencies. A subagency license is required for each and every subagency: PROVIDED, That the department may grant an exception to the subagency requirement in the specific instance where a licensed dealer is unable to locate their used vehicle sales facilities adjacent to or at the established place of business. This exception shall be granted and defined under the promulgation of rules consistent with the Administrative Procedure Act.

(5) All vehicle dealers shall maintain ownership or leasehold throughout the license year of the real property from which they do business. The dealer shall provide the department with evidence of ownership or leasehold whenever the ownership changes or the lease is terminated.

(6) A subagency shall comply with all requirements of an established place of business, except that subagency records may be kept at the principal place of business designated by the dealer. Auction companies shall comply with the requirements in subsection (2) of this section.

(7) A temporary subagency shall meet all local zoning and building codes for the type of merchandising being conducted. The dealer license certificate shall be posted at the location. No other requirements of an established place of business apply to a temporary subagency. Auction companies are not required to obtain a temporary subagency license.

(8) A wholesale vehicle dealer shall have office facilities in a commercial building within this state, and all storage facilities for inventory shall be listed with the department, and shall meet local zoning and land use ordinances. A wholesale vehicle dealer shall maintain a telecommunications system. An exterior sign visible from the nearest street shall identify the business name and the nature of business. When two or more vehicle dealer businesses share a location, all records, office facilities, and inventory, if any, must be physically segregated and clearly identified.

(9) A retail vehicle dealer shall be open during normal business hours, maintain office and display facilities in a commercially zoned location or in a location complying with all applicable building and land use ordinances, and maintain a business telephone listing in the local directory. When two or more vehicle dealer businesses share a location, all records, office facilities, and inventory shall be physically segregated and clearly identified.

(10) A subagency license is not required for a mobile home dealer to display an on-site display model, a consigned mobile home not relocated from its site, or a repossessed mobile home if sales are handled from a principal place of business or subagency. A mobile home dealer shall identify on-site display models, repossessed mobile homes, and those consigned at their sites with a sign that includes the dealer's name and telephone number.

(11) Every vehicle dealer shall advise the department of the location of each and every place of business of the firm and the name or names under which the firm is doing business at such location or locations. If any name or location is changed, the dealer shall notify the

department of such change within ten days. The license issued by the department shall reflect the name and location of the firm and shall be posted in a conspicuous place at that location by the dealer.

(12) A vehicle dealer's license shall upon the death or incapacity of an individual vehicle dealer authorize the personal representative of such dealer, subject to payment of license fees, to continue the business for a period of six months from the date of the death or incapacity.

[1997 c 432 § 1; 1996 c 282 § 1; 1995 c 7 § 1; 1993 c 307 § 5; 1991 c 339 § 28; 1989 c 301 § 2; 1986 c 241 § 4.]

RCW 46.70.025 Established place of business--Waiver of requirements.

Applicable Cases

The director may by rule waive any requirements pertaining to a vehicle dealer's established place of business if such waiver both serves the purposes of this chapter and is necessary due to unique circumstances such as a location divided by a public street or a highly specialized type of business.

[1986 c 199 § 1.]

RCW 46.70.027 Accountability of dealer for employees--Actions for damages on violation of chapter.

Applicable Cases

A vehicle dealer is accountable for the dealer's employees, sales personnel, and managerial personnel while in the performance of their official duties. Any violations of this chapter or applicable provisions of chapter 46.12 or 46.16 RCW committed by any of these employees subjects the dealer to license penalties prescribed under RCW 46.70.101. A retail purchaser, consignor who is not a motor vehicle dealer, or a motor vehicle dealer who has purchased from a wholesale dealer, who has suffered a loss or damage by reason of any act by a dealer, salesperson, managerial person, or other employee of a dealership, that constitutes a violation of this chapter or applicable provisions of chapter 46.12 or 46.16 RCW may institute an action for recovery against the dealer and the surety bond as set forth in RCW 46.70.070. However, under this section, motor vehicle dealers who have purchased from wholesale dealers may only institute actions against wholesale dealers and their surety bonds.

[1989 c 337 § 12; 1986 c 241 § 5.]

RCW 46.70.028 Consignment.

Applicable Cases

Dealers who transact dealer business by consignment shall obtain a consignment contract for sale and shall comply with applicable provisions of chapter 46.70 RCW. The dealer shall place all funds received from the sale of the consigned vehicle in a trust account until the sale is completed, except that the dealer shall pay any outstanding liens against the vehicle from these funds. Where title has been delivered to the purchaser, the dealer shall pay the amount due a consignor within ten days after the sale.

[1989 c 337 § 13.]

RCW 46.70.029 Listing dealers, transaction of business.

Applicable Cases

Listing dealers shall transact dealer business by obtaining a listing agreement for sale, and the buyer's purchase of the mobile home shall be handled as dealer inventory. All funds from the purchaser shall be placed in a trust account until the sale is completed, except that the dealer shall pay any outstanding liens against the mobile home from these funds. Where title has been delivered to the purchaser, the listing dealer shall pay the amount due a seller within ten days after the sale of a listed mobile home. A complete account of all funds received and disbursed shall be given to the seller or consignor after the sale is completed. The sale of listed mobile homes imposes the same duty under *RCW 46.12.120 on the listing dealer as any other sale.

Requirements of "established place of business": RCW 46.70.023.

RCW 46.70.042 Application for license--Retention by department--Confidentiality.

Applicable Cases

Every application for license shall be retained by the department for a period of three years and shall be confidential information for the use of the department, the attorney general or the prosecuting attorney only: PROVIDED, That upon a showing of good cause therefor any court in which an action is pending by or against the applicant or licensee, may order the director to produce and permit the inspection and copying or photographing the application and any accompanying statements.

[1967 ex.s. c 74 § 14.]

RCW 46.70.045 Denial of license.

Applicable Cases

The director may deny a license under this chapter when the application is a subterfuge that conceals the real person in interest whose license has been denied, suspended, or revoked for cause under this chapter and the terms have not been fulfilled or a civil penalty has not been paid, or the director finds that the application was not filed in good faith. This section does not preclude the department from taking an action against a current licensee.

[1997 c 432 § 2.]

RCW 46.70.051 Issuance of license--Private party dissemination of vehicle data base.

Applicable Cases

(1) After the application has been filed, the fee paid, and bond posted, if required, the department shall, if no denial order is in effect and no proceeding is pending under RCW 46.70.101, issue the appropriate license, which license, in the case of a vehicle dealer, shall designate the classification of the dealer. Nothing prohibits a vehicle dealer from obtaining licenses for more than one classification, and nothing prevents any vehicle dealer from dealing in other classes of vehicles on an isolated basis.

(2) An auction company licensed under chapter 18.11 RCW may sell at auction all classifications of vehicles under a motor vehicle dealer's license issued under this chapter including motor vehicles, miscellaneous type vehicles, and mobile homes and travel trailers.

(3) At the time the department issues a vehicle dealer license, the department shall provide to the dealer a current, up-to-date vehicle dealer manual setting forth the various statutes and rules applicable to vehicle dealers. In addition, at the time any such license is renewed under RCW 46.70.083, the department shall provide the dealer with any updates or current revisions to the vehicle dealer manual.

(4) The department may contract with responsible private parties to provide them

elements of the vehicle data base on a regular basis. The private parties may only disseminate this information to licensed vehicle dealers.

(a) Subject to the disclosure agreement provisions of RCW 46.12.380 and the requirements of Executive Order 97-01, the department may provide to the contracted private parties the following information:

(i) All vehicle and title data necessary to accurately disclose known title defects, brands, or flags and odometer discrepancies;

(ii) All registered and legal owner information necessary to determine true ownership of the vehicle and the existence of any recorded liens, including but not limited to liens of the department of social and health services or its successor; and

(iii) Any data in the department's possession necessary to calculate the motor vehicle excise tax, license, and registration fees including information necessary to determine the applicability of regional transit authority excise and use tax surcharges.

(b) The department may provide this information in any form the contracted private party and the department agree upon, but if the data is to be transmitted over the Internet or similar public network from the department to the contracted private party, it must be encrypted.

(c) The department shall give these contracted private parties advance written notice of any change in the information referred to in (a)(i), (ii), or (iii) of this subsection, including information pertaining to the calculation of motor vehicle excise taxes.

(d) The department shall revoke a contract made under this subsection (4) with a private party who disseminates information from the vehicle data base to anyone other than a licensed vehicle dealer. A private party who obtains information from the vehicle data base under a contract with the department and disseminates any of that information to anyone other than a licensed vehicle dealer is guilty of a gross misdemeanor punishable under chapter 9A.20 RCW.

(e) Nothing in this subsection (4) authorizes a vehicle dealer or any other organization or entity not otherwise appointed as a vehicle licensing subagent under RCW 46.01.140 to perform any of the functions of a vehicle licensing subagent so appointed.
