35.33.145 Contingency fund—Creation—Purpose—Support—Lapse. Every city or town may create and maintain a contingency fund to provide moneys with which to meet any municipal expense, the necessity or extent of which could not have been foreseen or reasonably evaluated at the time of adopting the annual budget, or from which to provide moneys for those emergencies described in RCW 35.33.081 and 35.33.091. Such fund may be supported by a budget appropriation from any tax or other revenue source not restricted in use by law, or also may be supported by a transfer from other unexpended or decreased funds available by ordinance as set forth in RCW 35.33.121: PROVIDED, That the total amount accumulated in such fund at any time shall not exceed the equivalent of thirty-seven and one-half cents per thousand dollars of assessed valuation of property within the city or town at such time. Any moneys in the contingency fund at the end of the fiscal year shall not lapse except upon reappropriation by the council to another fund in the adoption of a subsequent budget. [1973 1st ex.s. c 195 § 21; 1969 ex.s. c 95 § 22.]

Severability—Effective dates—Construction—1973 1st ex.s. c 195: See notes following RCW 84.52.043.

35.33.147 Contingency fund—Withdrawals. No money shall be withdrawn from the contingency fund except by transfer to the appropriate operating fund authorized by a resolution or ordinance of the legislative body of the city or town, adopted by a majority vote of the entire legislative body, clearly stating the facts constituting the reason for the withdrawal or the emergency as the case may be, specifying the fund to which the withdrawn money shall be transferred. [1969 ex.s. c 95 § 23.]

35.33.151 Unexpended appropriations. All appropriations in any current operating fund shall lapse at the end of each fiscal year: PROVIDED, That this shall not prevent payments in the following year upon uncompleted programs or improvements in progress or on orders subsequently filled or claims subsequently billed for the purchase of material, equipment and supplies or for personal or contractual services not completed or furnished by the end of the fiscal year, all of which have been properly budgeted and contracted for prior to the close of such fiscal year but furnished or completed in due course thereafter.

All appropriations in a special fund authorized by ordinance or by state law to be used only for the purpose or purposes therein specified, including any cumulative reserve funds lawfully established in specific or general terms for
any municipal purpose or purposes, or a contingency fund as authorized by RCW 35.33.145, shall not lapse, but shall be carried forward from year to year until fully expended or the purpose has been accomplished or abandoned, without necessity of reappropriation.

The accounts for budgetary control for each fiscal year shall be kept open for twenty days after the close of such fiscal year for the purpose of paying and recording claims for indebtedness incurred during such fiscal year; any claim presented after the twentieth day following the close of the fiscal year shall be paid from appropriations lawfully provided for the ensuing period, including those made available by provisions of this section, and shall be recorded in the accounts for the ensuing fiscal year. [1969 ex.s. c 95 § 24.]

35.33.170 Violations and penalties. Upon the conviction of any city or town official, department head or other city or town employee of knowingly failing, or refusing, without just cause, to perform any duty imposed upon such officer or employee by this chapter, or city charter or city or town ordinance, in connection with the giving of notice, the preparing and filing of estimates of revenues or expenditures or other information required for preparing a budget report in the time and manner required, or of knowingly making expenditures in excess of budget appropriations, he shall be guilty of a misdemeanor and shall be fined not more than five hundred dollars for each separate violation. [1969 ex.s. c 95 § 25.]

35.34.010 Legislative intent. The legislature hereby recognizes that the development and adoption of a budget by a city or town is a lengthy and intense process designed to provide adequate opportunities for public input and sufficient time for deliberation and enactment by the legislative authority. The legislature also recognizes that there are limited amounts of time available and that time committed for budgetary action reduces opportunities for deliberating other issues. It is, therefore, the intent of the legislature to authorize cities and towns to establish by ordinance a biennial budget and to provide the means for modification of such budget. This chapter and chapter 35A.34 RCW shall be known as the municipal biennial budget act. [1985 c 175 § 1.]

35.34.020 Application of chapter. This chapter applies to all cities of the first and second classes and to all towns, that have by ordinance adopted this chapter authorizing the adoption of a fiscal biennium budget. [1997 c 361 § 15; 1985 c 175 § 5.]

35.34.030 Definitions. Unless the context clearly indicates otherwise, the definitions in this section apply throughout this chapter.

(1) "Clerk" includes the officer performing the functions of a finance or budget director, comptroller, auditor, or by whatever title the officer may be known in any city or town. However, for cities over three hundred thousand, "clerk" means the budget director as authorized under RCW 35.32A.020.

(2) "Department" includes each office, division, service, system, or institution of the city or town for which no other statutory or charter provision is made for budgeting and accounting procedures or controls.

(3) "Legislative body" includes the council, commission, or any other group of officials serving as the legislative body of a city or town.

(4) "Chief administrative officer" includes the mayor of cities or towns having a mayor-council form of government, the commissioners in cities or towns having a commission form of government, the manager, or any other city or town official designated by the charter or ordinances of such city or town under the plan of government governing the same, or the budget or finance officer designated by the mayor, manager, or commissioners, to perform the functions, or portions thereof, contemplated by this chapter.

(5) "Fiscal biennium" means the period from January 1 of each odd-numbered year through December 31 of the next succeeding even-numbered year.

(6) "Fund" and "funds" where clearly used to indicate the plural of "fund" means the budgeting or accounting entity authorized to provide a sum of money for specified activities or purposes.

(7) "Funds" where not used to indicate the plural of "fund" means money in hand or available for expenditure or payment of a debt or obligation.

(8) Except as otherwise defined in this chapter, municipal accounting terms used in this chapter have the meaning prescribed by the state auditor pursuant to RCW 43.09.200. [1985 c 175 § 6.]

"Fiscal biennium" defined. RCW 1.16.020.
35.34.040 Biennial budget authorized—Limitations. All first and second class cities and towns are authorized to establish by ordinance a two-year fiscal biennium budget. The ordinance shall be enacted at least six months prior to commencement of the fiscal biennium and this chapter applies to all cities and towns which utilize a fiscal biennium budget. Cities and towns which establish a fiscal biennium budget are authorized to repeal such ordinance and provide for reversion to a fiscal year budget. The ordinance may only be repealed effective as of the conclusion of a fiscal biennium. However, the city or town shall comply with chapter 35.32A or 35.33 RCW, whichever the case may be, in developing and adopting the budget for the first fiscal year following repeal of the ordinance. [1994 c 81 § 56; 1985 c 175 § 7.]

35.34.050 Budget estimates—Submittal. On or before the second Monday of the fourth month prior to the beginning of the city’s or town’s next fiscal biennium, or at such other time as the city or town may provide by ordinance or charter, the clerk shall notify in writing the head of each department of a city or town to file with the clerk within fourteen days of the receipt of such notification, detailed estimates of the probable revenue from sources other than ad valorem taxation and of all expenditures required by the department for the ensuing fiscal biennium. The notice shall be accompanied by the proper forms provided by the clerk, prepared in accordance with the requirements and classification established by the state auditor. The clerk shall prepare the estimates for interest and debt redemption requirements and all other estimates, the preparation of which falls properly within the duties of the clerk’s office. The chief administrative officers of the city or town shall submit to the clerk detailed estimates of all expenditures proposed to be financed from the proceeds of bonds or warrants not yet authorized, together with a statement of the proposed method of financing them. In the absence or disability of the official or person regularly in charge of a department, the duties required by this section shall devolve upon the person next in charge of such department. [1995 c 301 § 43; 1985 c 175 § 8.]

35.34.060 Budget estimates—Classification and segregation. All estimates of receipts and expenditures for the ensuing fiscal biennium shall be fully detailed in the biennial budget and shall be classified and segregated according to a standard classification of accounts to be adopted and prescribed by the state auditor after consultation with the Washington finance officers association, the association of Washington cities, and the association of Washington city managers. [1995 c 301 § 44; 1985 c 175 § 9.]

35.34.070 Proposed preliminary budget. On or before the first business day in the third month prior to the beginning of the biennium of a city or town or at such other time as the city or town may provide by ordinance or charter, the clerk or other person designated by the charter, by ordinances, or by the chief administrative officer of the city or town shall submit to the chief administrative officer a proposed preliminary budget which shall set forth the complete financial program of the city or town for the ensuing fiscal biennium, showing the expenditure program requested by each department and the sources of revenue by which each such program is proposed to be financed. The revenue section shall set forth in comparative and tabular form for each fund the actual receipts for the last completed fiscal biennium, the estimated receipts for the current fiscal biennium, and the estimated receipts for the ensuing fiscal biennium, which shall include the amount to be raised from ad valorem taxes and unencumbered fund balances estimated to be available at the close of the current fiscal biennium. However, if the city or town was not utilizing a fiscal biennium budget for the previous three years, it shall set forth its fiscal years’ revenues to reflect actual and estimated receipts as if it had previously utilized a biennial budgetary process.

The expenditure section shall set forth in comparative and tabular form for each fund and every department operating within each fund the actual expenditures for the last completed fiscal biennium, the appropriations for the current fiscal biennium, and the estimated expenditures for the ensuing fiscal biennium. However, if the city or town was not utilizing a fiscal biennium budget for the previous three years, it shall set forth its fiscal years’ expenditures to reflect actual and estimated levels as if it had previously utilized a biennial budgetary process. The expenditure section shall further set forth separately the salary or salary range for each office, position, or job classification together with the title or position designation thereof. However, salaries may be set out in total amounts under each department if a detailed schedule of such salaries and positions be attached and made a part of the budget document. [1985 c 175 § 10.]

35.34.080 Preliminary budget. The chief administrative officer shall prepare the preliminary budget in detail, making any revisions or additions to the reports of the department heads deemed advisable by such chief administrative officer. At least sixty days before the beginning of the city’s or town’s next fiscal biennium the chief administrative officer shall file it with the clerk as the recommendation of the chief administrative officer for the final budget. The clerk shall provide a sufficient number of copies of such preliminary budget and budget message to meet the reasonable demands of taxpayers therefor and have them available for distribution not later than six weeks before the beginning of the city’s or town’s next fiscal biennium. [1985 c 175 § 11.]

35.34.090 Budget message—Hearings. (1) In every city or town, a budget message prepared by or under the direction of the city’s or town’s chief administrative officer shall be submitted as a part of the preliminary budget to the city’s or town’s legislative body at least sixty days before the beginning of the city’s or town’s next fiscal biennium and shall contain the following:

(a) An explanation of the budget document;

(b) An outline of the recommended financial policies and programs of the city or town for the ensuing fiscal biennium;
Biennial Budgets

35.34.090

(c) A statement of the relation of the recommended appropriation to such policies and programs;
(d) A statement of the reason for salient changes from the previous biennium in appropriation and revenue items; and
(e) An explanation for any recommended major changes in financial policy.

(2) Prior to the final hearing on the budget, the legislative body or a committee thereof shall schedule hearings on the budget or parts thereof, and may require the presence of department heads to give information regarding estimates and programs. [1985 c 175 § 12.]

35.34.100 Budget—Notice of hearing. Immediately following the filing of the preliminary budget with the clerk, the clerk shall publish a notice once a week for two consecutive weeks stating that the preliminary budget for the ensuing fiscal biennium has been filed with the clerk, that a copy thereof will be made available to any taxpayer who will call at the clerk’s office therefor, that the legislative body of the city or town will meet on or before the first Monday of the month next preceding the beginning of the ensuing fiscal biennium for the purpose of fixing the final budget, designating the date, time, and place of the legislative budget meeting, and that any taxpayer may appear thereat and be heard for or against any part of the budget. The publication of the notice shall be made in the official newspaper of the city or town if there is one, otherwise in a newspaper of general circulation in the city or town. If there is no newspaper of general circulation in the city or town, then notice may be made by posting in three public places fixed by ordinance as the official places for posting the city’s or town’s official notices. [1985 c 175 § 13.]

35.34.110 Budget—Hearing. The legislative body shall meet on the day fixed by RCW 35.34.100 for the purpose of fixing the final budget of the city or town at the time and place designated in the notice thereof. Any taxpayer may appear and be heard for or against any part of the budget. The hearing may be continued from day to day but not later than the twenty-fifth day prior to commencement of the city’s or town’s fiscal biennium. [1985 c 175 § 14.]

35.34.120 Budget—Adoption. Following conclusion of the hearing, and prior to the beginning of the fiscal biennium, the legislative body shall make such adjustments and changes as it deems necessary or proper and, after determining the allowance in each item, department, classification, and fund, shall by ordinance adopt the budget in its final form and content. Appropriations shall be limited to the total estimated revenues contained therein including the amount to be raised by ad valorem taxes and the unencumbered fund balances estimated to be available at the close of the current fiscal biennium. Such ordinances may adopt the final budget by reference. However, the ordinance adopting the budget shall set forth in summary form the totals of estimated revenues and appropriations for each separate fund and the aggregate totals for all such funds combined.

A complete copy of the final budget as adopted shall be transmitted to the state auditor and to the association of Washington cities. [1995 c 301 § 45; 1985 c 175 § 15.]

35.34.130 Budget—Mid-biennial review and modification. The legislative authority of a city or town having adopted the provisions of this chapter shall provide by ordinance for a mid-biennial review and modification of the biennial budget. The ordinance shall provide that such review and modification shall occur no sooner than eight months after the start nor later than conclusion of the first year of the fiscal biennium. The chief administrative officer shall prepare the proposed budget modification and shall provide for publication of notice of hearings consistent with publication of notices for adoption of other city or town ordinances. City or town ordinances providing for a mid-biennium review and modification shall establish procedures for distribution of the proposed modification to members of the city or town legislative authority, procedures for making copies available to the public, and shall provide for public hearings on the proposed budget modification. The budget modification shall by ordinance approved in the same manner as are other ordinances of the city or town.

A complete copy of the budget modification as adopted shall be transmitted to the state auditor and to the association of Washington cities. [1995 c 301 § 46; 1985 c 175 § 16.]

35.34.140 Emergency expenditures—Nondebatable emergencies. Upon the happening of any emergency caused by violence of nature, casualty, riot, insurrection, war, or other unanticipated occurrence requiring the immediate preservation of order or public health, or for the property which has been damaged or destroyed by accident, or for public relief from calamity, or in settlement of approved claims for personal injuries or property damages, or to meet mandatory expenditures required by law enacted since the last budget was adopted, or to cover expenses incident to preparing for or establishing a new form of government authorized or assumed after adoption of the current budget, including any expenses incident to selection of additional or new officials required thereby, or incident to employee recruitment at any time, the city or town legislative body, upon the adoption of an ordinance, by the vote of one more than the majority of all members of the legislative body, stating the facts constituting the emergency and the estimated amount required to meet it, may make the expenditures therefor without notice or hearing. [1985 c 175 § 17.]

35.34.150 Emergency expenditures—Other emergencies—Hearing. If a public emergency which could not reasonably have been foreseen at the time of filing the preliminary budget requires the expenditure of money not provided for in the budget, and if it is not one of the emergencies specifically enumerated in RCW 35.34.140, the city or town legislative body before allowing any expenditure therefor shall adopt an ordinance stating the facts constituting the emergency and the estimated amount required to meet it and declaring that an emergency exists.

The ordinance shall not be voted on until five days have elapsed after its introduction, and for passage shall require
the vote of one more than the majority of all members of the legislative body of the city or town.

Any taxpayer may appear at the meeting at which the emergency ordinance is to be voted on and be heard for or against the adoption thereof. [1985 c 175 § 18.]

35.34.160 Emergency expenditures—Warrants—Payment. All expenditures for emergency purposes as provided in this chapter shall be paid by warrants from any available money in the fund properly chargeable with such expenditures. If, at any time, there is insufficient money on hand in a fund with which to pay such warrants as presented, the warrants shall be registered, bear interest, and be called in the same manner as other registered warrants as prescribed in RCW 35.21.320. [1985 c 175 § 19.]

35.34.170 Registered warrants—Payment. In adopting the final budget for any fiscal biennium, the legislative body shall appropriate from estimated revenue sources available, a sufficient amount to pay the principal and interest on all outstanding registered warrants issued since the adoption of the last preceding budget except those issued and identified as revenue warrants and except those for which an appropriation previously has been made. However, no portion of the revenues which are restricted in use by law may be appropriated for the redemption of warrants issued against a utility or other special purpose fund of a self-supporting nature. In addition, all or any portion of the city’s or town’s outstanding registered warrants may be funded into bonds in any manner authorized by law. [1985 c 175 § 20.]

35.34.180 Adjustment of wages, hours, and conditions of employment. Notwithstanding the appropriations for any salary or salary range of any employee or employees adopted in a final budget, the legislative body of any city or town may, by ordinance, change the wages, hours, and conditions of employment of any or all of its appointive employees if sufficient funds are available for appropriation to such purposes. [1985 c 175 § 21.]

35.34.190 Forms—Accounting—Supervision by state. The state auditor is empowered to make and install the forms and classifications required by this chapter to define what expenditures are chargeable to each budget class and to establish the accounting and cost systems necessary to secure accurate budget information. [1995 c 301 § 47; 1985 c 175 § 22.]

35.34.200 Funds—Limitations on expenditures—Transfers and adjustments. (1) The expenditures as classified and itemized in the final budget shall constitute the city’s or town’s appropriations for the ensuing fiscal biennium. Unless otherwise ordered by a court of competent jurisdiction, and subject to further limitations imposed by ordinance of the city or town, the expenditure of city or town funds or the incurring of current liabilities on behalf of the city or town shall be limited to the following:

(a) The total amount appropriated for each fund in the budget for the current fiscal biennium, without regard to the individual items contained therein, except that this limitation does not apply to wage adjustments authorized by RCW 35.34.180;

(b) The unexpended appropriation balances of a preceding budget which may be carried forward from prior fiscal periods pursuant to RCW 35.34.270;

(c) Funds received from the sale of bonds or warrants which have been duly authorized according to law;

(d) Funds received in excess of estimated revenues during the current fiscal biennium, when authorized by an ordinance amending the original budget; and

(e) Expenditures authorized by budget modification as provided by RCW 35.34.130 and those required for emergencies, as authorized by RCW 35.34.140 and 35.34.150.

(2) Transfers between individual appropriations within any one fund may be made during the current fiscal biennium by order of the city’s or town’s chief administrative officer subject to such regulations, if any, as may be imposed by the city or town legislative body. Notwithstanding the provisions of RCW 43.09.210 or of any statute to the contrary, transfers, as authorized in this section, may be made within the same fund regardless of the various offices, departments, or divisions of the city or town which may be affected.

(3) The city or town legislative body, upon a finding that it is to the best interests of the city or town to decrease, revoke, or recall all or any portion of the total appropriations provided for any one fund, may, by ordinance, approved by the vote of one more than the majority of all members thereof, stating the facts and findings for doing so, decrease, revoke, or recall all or any portion of an unexpended fund balance, and by said ordinance, or a subsequent ordinance adopted by a like majority, the moneys thus released may be reappropriated for another purpose or purposes, without limitation to department, division, or fund, unless the use of such moneys is otherwise restricted by law, charter, or ordinance. [1985 c 175 § 23.]

35.34.205 Administration, oversight, or supervision of utility—Reimbursement from utility budget authorized. Whenever any city or town apportions a percentage of the city manager’s, administrator’s, or supervisor’s time, or the time of other management or general government staff, for administration, oversight, or supervision of a utility operated by the city or town, or to provide services to the utility, the utility budget may identify such services and budget for reimbursement of the city’s or town’s current expense fund for the value of such services. [1991 c 152 § 2.]

35.34.210 Liabilities incurred in excess of budget. Liabilities incurred by any officer or employee of the city or town in excess of any budget appropriations shall not be a liability of the city or town. The clerk shall issue no warrant against the adoption thereof. [1985 c 175 § 24.]

35.34.220 Funds received from sales of bonds and warrants—Expenditures. Moneys received from the sale
of bonds or warrants shall be used for no other purpose than that for which they were issued and no expenditure shall be made for that purpose until the bonds have been duly authorized. If any unexpended fund balance remains from the proceeds realized from the bonds or warrants after the accomplishment of the purpose for which they were issued, it shall be used for the redemption of such bond or warrant indebtedness. Where a budget contains an expenditure program to be financed from a bond issue to be authorized thereafter, no such expenditure shall be made or incurred until after the bonds have been duly authorized. [1985 c 175 § 25.]

35.34.230 Revenue estimates—Amount to be raised by ad valorem taxes. At a time fixed by the city’s or town’s ordinance or city charter, not later than the first Monday in October of the second year of each fiscal biennium, the chief administrative officer shall provide the city’s or town’s legislative body with current information on estimates of revenues from all sources as adopted in the budget for the current biennium, together with estimates submitted by the clerk under RCW 35.34.070. The city’s or town’s legislative body and the city’s or town’s administrative officer or the officer’s designated representative shall consider the city’s or town’s total anticipated financial requirements for the ensuing fiscal biennium, and the legislative body shall determine and fix by ordinance the amount to be raised the first year of the biennium by ad valorem taxes. The legislative body shall review such information as is provided by the chief administrative officer and shall adopt an ordinance establishing the amount to be raised by ad valorem taxes during the second year of the biennium. Upon adoption of the ordinance fixing the amount of ad valorem taxes to be levied, the clerk shall certify the same to the county legislative authority as required by RCW 84.52.020. [1985 c 175 § 26.]

35.34.240 Funds—Quarterly report of status. At such intervals as may be required by city charter or city or town ordinance, however, being not less than quarterly, the clerk shall submit to the city’s or town’s legislative body and chief administrative officer a report showing the expenditures and liabilities against each separate budget appropriation incurred during the preceding reporting period and like information for the whole of the current fiscal biennium to the first day of the current reporting period together with the unexpended balance of each appropriation. The report shall also show the receipts from all sources. [1985 c 175 § 27.]

35.34.250 Contingency fund—Creation. Every city or town may create and maintain a contingency fund to provide moneys with which to meet any municipal expense, the necessity or extent of which could not have been foreseen or reasonably evaluated at the time of adopting the annual budget, or from which to provide moneys for those emergencies described in RCW 35.34.140 and 35.34.150. Such fund may be supported by a budget appropriation from any tax or other revenue source not restricted in use by law, or also may be supported by a transfer from other unexpended or decreased funds made available by ordinance as set forth in RCW 35.34.200. However, the total amount accumulated in such fund at any time shall not exceed the equivalent of thirty-seven and one-half cents per thousand dollars of assessed valuation of property within the city or town at such time. Any moneys in the emergency fund at the end of the fiscal biennium shall not lapse except upon reappropriation by the council to another fund in the adoption of a subsequent budget. [1985 c 175 § 28.]

35.34.260 Contingency fund—Withdrawals. No money shall be withdrawn from the contingency fund except by transfer to the appropriate operating fund authorized by a resolution or ordinance of the legislative body of the city or town, adopted by a majority vote of the entire legislative body, clearly stating the facts constituting the reason for the withdrawal or the emergency as the case may be, specifying the fund to which the withdrawn money shall be transferred. [1985 c 175 § 29.]

35.34.270 Unexpended appropriations. All appropriations in any current operating fund shall lapse at the end of each fiscal biennium. However, this shall not prevent payments in the following biennium upon uncompleted programs or improvements in progress or on orders subsequently filled or claims subsequently billed for the purchase of material, equipment, and supplies or for personal or contractual services not completed or furnished by the end of the fiscal biennium, all of which have been properly budgeted and contracted for prior to the close of such fiscal biennium, but furnished or completed in due course thereafter.

All appropriations in a special fund authorized by ordinance or by state law to be used only for the purpose or purposes therein specified, including any cumulative reserve funds lawfully established in specific or general terms for any municipal purpose or purposes, or a contingency fund as authorized by RCW 35.34.250, shall not lapse, but shall be carried forward from biennium to biennium until fully expended or the purpose has been accomplished or abandoned, without necessity of reappropriation.

The accounts for budgetary control for each fiscal biennium shall be kept open for twenty days after the close of such fiscal biennium for the purpose of paying and recording claims for indebtedness incurred during such fiscal biennium; any claim presented after the twentieth day following the close of the fiscal biennium shall be paid from appropriations lawfully provided for the ensuing period, including those made available by provisions of this section, and shall be recorded in the accounts for the ensuing fiscal biennium. [1985 c 175 § 30.]

35.34.280 Violations and penalties. Upon the conviction of any city or town official, department head, or other city or town employee of knowingly failing, or refusing, without just cause, to perform any duty imposed upon such officer or employee by this chapter, or city charter or city or town ordinance, in connection with the giving of notice, the preparing and filing of estimates of revenues or expenditures or other information required for preparing a budget report in the time and manner required, or of knowingly making expenditures in excess of budget appropriations, the official or employee shall be guilty of a

If the signature of one of these officers is affixed to a bond during his continuance in office by a proxy designated by him whose authority has not been revoked, the bond shall be as binding upon the city and all concerned as though the officer had signed the bond in person.

This chapter shall apply to all bonds, whether they constitute obligations of the city as a whole or of any local improvement or other district or subdivision thereof, whether they call for payment from the general funds of the city or from a local, special or other fund, and whether negotiable or otherwise. [1965 c 7 § 35.36.030. Prior: 1929 c 212 § 5; RRS § 9005-9.]

Attached to or included in the notice shall be a written signature of the officer making the designation executed by the proposed proxy followed by the word "by" and his own signature; or, if the notice so states, the specimen signatures may consist of a facsimile reproduction of the officer's signature impressed by some mechanical process followed by the word "by" and the proxy's own signature.

If the authority is intended to include the signature upon bonds bearing an earlier date than the effective date of the notice, the prior dated bonds must be specifically described by reasonable reference thereto.

The notice designating a proxy shall be filed with the city comptroller or city clerk, together with the specimen signatures attached thereto and a record of the filing shall be made in the journal of the governing body. This record shall note the date and hour of filing and may be made by the official who keeps the journal at any time after filing of the notice, even during a period of recess or adjournment of the governing body. The notice shall be effective from the time of its recording. [1965 c 7 § 35.36.060. Prior: 1929 c 212 § 2, part; RRS § 9005-6, part.]

(2) If revenue bonds or warrants are issued against the revenues collected under subsection (1) of this section, the legislative body of the city or town shall fix charges at rates which will be sufficient, together with any other moneys lawfully pledged therefor, to provide for the payment of bonds and warrants, principal and interest, sinking fund requirements and expenses incidental to the issuance of such revenue bonds or warrants; in fixing such charges the legislative body of the city or town may establish rates sufficient to pay, in addition, the costs of operating and maintaining such facility or utility. [1995 c 140 § 2; 1971 ex.s. c 223 § 3; 1965 c 7 § 35.41.080. Prior: 1959 c 203 § 1; 1957 c 117 § 8.]

[1971 ex.s. c 223 § 4; 1965 c 7 § 35.41.090. Prior: 1957 c 117 § 9.]

35.41.095 Revenue bonds for water or sewerage system—Pledge of utility local improvement district assessments. The legislative body of any city or town may provide as an additional method for securing the payment of any such bonds issued to pay the whole or a portion of the cost of providing the city or town with a system of water or sewerage as set forth in RCW 35.43.042, that utility local improvement district assessments authorized to be made for the purposes and subject to the limitations contained in RCW 35.43.042 may be pledged to secure the payment of such bonds. LEASING OF SPACE WITH OPTION TO PURCHASE—1959 ACT

35.42.010 Purpose. It is the purpose of RCW 35.42.010 through 35.42.090 to supplement existing law for the leasing of space by cities and towns to provide for the leasing of such space through leases with an option to purchase and the acquisition of buildings erected upon land owned by a city or town upon the expiration of a lease of such land. [1965 c 7 § 35.42.010. Prior: 1959 c 80 § 1.]

35.42.020 Building defined. The term "building" as used in RCW 35.42.010 through 35.42.090 shall be construed to mean any building or buildings used as a part of, or in connection with, the operation of a city or town, and shall include the site and appurtenances, including but not limited to, heating facilities, water supply, sewage disposal, landscaping, walks, and drives. [1965 c 7 § 35.42.020. Prior: 1959 c 80 § 2.]

35.42.030 Authority to lease. Any city or town may, as lessor, lease a building for its use for a term of not to exceed fifty years. [1965 c 7 § 35.42.030. Prior: 1959 c 80 § 3.]

35.42.040 Renewals—Option to purchase. A lease of a building executed pursuant to RCW 35.42.010 through 35.42.090 may grant the lessee city or town an option to renew for a further term on like conditions, or an option to purchase the building covered by the lease at any time prior to the expiration of the term. A lease with an option to purchase shall provide that all sums paid as rent up to the time of exercising the option shall be credited toward the payment of the purchase price as of the date of payment. No lease shall provide, nor be construed to provide, that any city or town shall be under any obligation to purchase the leased building. [1965 c 7 § 35.42.040. Prior: 1959 c 80 § 4.]

35.42.050 Provisions to pay taxes, insurance, make repairs, improvements, etc. A lease of a building may provide that as a part of the rental, the lessee city or town may pay taxes and assessments on the leased building, maintain insurance thereon for the benefit of the lessor, and assume responsibilities for repair, replacement, alterations, and improvements during the term of the lease. [1965 c 7 § 35.42.050. Prior: 1959 c 80 § 5.]

35.42.060 Execution of lease prior to construction—Lessor's bond—City not obligated for construction costs. A city or town may, in anticipation of the acquisition of a site and the construction of a building, execute a lease, as lessee, prior to the actual acquisition of a site and the construction of a building, but the lease shall not require payment of rental by the lessee until the building is ready for occupancy. The lessor shall furnish a bond satisfactory to the lessee conditioned on the delivery of possession of the completed building to the lessee city or town at the time prescribed in the lease, unavoidable delay excepted. The lease shall provide that no part of the cost of construction of the building shall ever become an obligation of the lessee city or town. [1965 c 7 § 35.42.060. Prior: 1959 c 80 § 6.]

35.42.070 Lease of city land for building purposes and lease back of building by city. Any city or town desiring to have a building for its use erected on land owned, or to be acquired, by it, may, as lessor, lease the land for a reasonable rental for a term of not to exceed fifty years: PROVIDED, That the city or town shall lease back the building or a portion thereof for the same term. The leases shall contain terms as agreed upon between the parties, and shall include the following provisions:

(1) No part of the cost of construction of the building shall ever be or become an obligation of the city or town.

(2) The city or town shall have a prior right to occupy any or all of the building upon payment of rental as agreed upon by the parties, which rental shall not exceed prevailing rates for comparable space.

(3) During any time that all or any portion of the building is not required for occupancy by the city or town, the lessee of the land may rent the unneeded portion to suitable tenants approved by the city or town.

The call for bids shall be given by posting notice thereof in a public place in the city or town and by publication in the official newspaper of the city or town once each week for two consecutive weeks before the date fixed for opening the bids. The city council or commission of the city or town may by resolution reject all bids and make further calls for bids in the same manner as the original call. If no bid is received on the first call, the city council or commission may readvertise and make a second call, or may execute a lease without any further call for bids. [1985 c 469 § 28; 1965 c 7 § 35.42.080. Prior: 1959 c 80 § 8.]

35.42.090 Leases exempted from certain taxes. 35.43.042 Authority to establish utility local improvement districts—Procedure. Whenever the legislative authority of any city or town has provided pursuant to law for the acquisition, construction, reconstruction, purchase, condemnation and purchase, addition to, repair, or renewal of the whole or any portion of a:

(1) System for providing the city or town and the inhabitants thereof with water, which system includes as a whole or as a part thereof water mains, hydrants and appurtenances which are authorized subjects for local improvements under RCW 35.43.040(13) or other law; or

(2) System for providing the city or town with sewerage and storm or surface water disposal, which system includes as a whole or as a part thereof drains, sewers or sewer appurtenances which are authorized subjects for local improvements under RCW 35.43.040(7) or other law; or

(3) Off-street parking facilities; and

Has further provided in accordance with any applicable provisions of the Constitution or statutory authority for the issuance and sale of revenue bonds to pay the cost of all or a portion of any such system, such legislative authority shall have the authority to establish utility local improvement districts, and to levy special assessments on all property specially benefited by any such local improvement to pay in whole or in part the damages or costs of any local improvement so provided for.

The initiation and formation of such utility local improvement districts and the levying, collection and enforcement of assessments shall be in the manner and subject to the same procedures and limitations as are now or hereafter provided by law for the initiation and formation of local improvement districts in cities and towns and the levying, collection and enforcement of assessments pursuant thereto.

It must be specified in any petition or resolution initiating the formation of such a utility local improvement district in a city or town and in the ordinance ordered pursuant thereto, that the assessments shall be for the sole purpose of payment into such revenue bond fund as may be
specified by the legislative authority for the payment of revenue bonds issued to defray the cost of such system or facilities or any portion thereof as provided for in this section.

Assessments in any such utility local improvement district may be made on the basis of special benefits up to but not in excess of the total cost of the local improvements portion of any system or facilities payable by issuance of revenue bonds. No warrants or bonds shall be issued in any such utility local improvement district, but the collection of interest and principal on all assessments in such utility local improvement district, when collected, shall be paid into any such revenue bond fund.

When in the petition or resolution for establishment of a local improvement district and in the ordinance ordered pursuant thereto, it is specified or provided that the assessments shall be for the sole purpose of payment into a revenue bond fund for the payment of revenue bonds, then the local improvement district shall be designated a “utility local improvement district.”

The provisions of chapters 35.45, 35.47 and 35.48 RCW shall have no application to utility local improvement districts created under authority of this section. [1969 ex.s. c 258 § 2; 1967 c 52 § 1.]

Construction—1967 c 52: “The authority granted by this 1967 amendatory act shall be considered an alternative and additional method of securing payment of revenue bonds issued for the purposes specified in RCW 35.43.042 and shall not be construed as a restriction or limitation upon any other method for providing for the payment of any such revenue bonds.” [1967 c 52 § 27.]

Severability—1967 c 52: “If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected.” [1967 c 52 § 29.]

35.43.043 Conversion of local improvement district into utility local improvement district. The legislative authority of any city or town may by ordinance convert any then existing local improvement district into a utility local improvement district at any time prior to the adoption of an ordinance approving and confirming the final assessment roll of such local improvement district. The ordinance so converting the local improvement district shall provide for the payment of the special assessments levied in that district into the special fund established or to be established for the payment of revenue bonds issued to defray the cost of the local improvement in that district. [1967 c 52 § 28.]

Construction—Severability—1967 c 52: See notes following RCW 35.43.042.

35.43.045 Open canals or ditches—Safeguards. Every city or town shall have the right of entry upon all irrigation, drainage, or flood control canal or ditch rights of way within its limits for all purposes necessary to safeguard the public from the hazards of such open canals or ditches, and the right to cause to be constructed, installed, and maintained upon or adjacent to such rights of way safeguards as provided in RCW 35.43.040: PROVIDED, That such safeguards must not unreasonably interfere with maintenance of the canal or ditch or with the operation thereof. The city or town, at its option, notwithstanding any laws to the contrary, may require the irrigation, drainage, flood control, or other district, agency, person, corporation, or association maintaining the canal or ditch to supervise the installation and construction of such safeguards, or to maintain the same. If such option is exercised reimbursement must be made by the city or town for all actual costs thereof. [1965 c 7 § 35.43.045. Prior: 1959 c 75 § 2.]

Safeguarding open canals or ditches, assessments: RCW 35.43.040, 35.43.045, 36.88.015, 36.88.350, 36.88.380 through 36.88.400, 87.03.480, 87.03.526.

35.43.050 Authority—Noncontinuous improvements. When the legislative body of any city or town finds that all of the property within a local improvement district or utility local improvement district will be benefited by the improvements as a whole, a local improvement district or utility local improvement district may include adjoining, vicinal, or neighboring streets, avenues, and alleys or other improvements even though the improvements thus made are not connected or continuous. The assessment rates may be ascertained on the basis of the special benefit of the improvements as a whole to the properties within the entire local improvement district or utility local improvement district, or on the basis of the benefit of each unit of the improvements to the properties specially benefited by that unit, or the assessment rates may be ascertained by a combination of the two bases. Where no finding is made by the legislative body as to the benefit of the improvements as a whole to all of the property within a local improvement district or utility local improvement district, the cost and expense of each continuous unit of the improvements shall be ascertained separately, as near as may be, and the assessment rates shall be computed on the basis of the cost and expense of each unit. In the event of the initiation of a local improvement district authorized by this section or a utility local improvement district authorized by this section, the legislative body may, in its discretion, eliminate from the district any unit of the improvement which is not connected or continuous and may proceed with the balance of the improvement within the local improvement district or utility local improvement district, as fully and completely as though the eliminated unit had not been included within the improvement district, without the giving of any notices to the property owners remaining within the district, other than such notices as are required by the provisions of this chapter to be given subsequent to such elimination. 35.43.070 Ordinance—Action on petition or resolution. A local improvement may be ordered only by an ordinance of the city or town council, pursuant to either a resolution or petition therefor. The ordinance must receive the affirmative vote of at least a majority of the members of the council.

Charters of cities of the first class may prescribe further limitations. In cities and towns other than cities of the first class, the ordinance must receive the affirmative vote of at least two-thirds of the members of the council if, prior to its passage, written objections to its enactment are filed with the city clerk by or on behalf of the owners of a majority of the lineal frontage of the improvement and of the area within the limits of the proposed improvement district. 35.43.075 Petition for district outside city may be denied. Whenever the formation of a local improvement district or utility local improvement district which lies entirely or in part outside of a city or town’s corporate limits is initiated by petition the legislative authority of the city or town may by a majority vote deny the petition and refuse to form the local improvement district or utility local improvement district. 35.43.100 Ordinance—Finality—Limitation upon challenging jurisdiction or authority to proceed. The council may continue the hearing upon any petition or resolution provided for in this chapter and shall retain jurisdiction thereof until it is finally disposed of. The action and decision of the council as to all matters passed upon by it in relation to any petition or resolution shall be final and conclusive. No lawsuit whatsoever may be maintained challenging the jurisdiction or authority of the council to proceed with the improvement and creating the local improvement district or in any way challenging the validity thereof or any proceedings relating thereto unless that lawsuit is served and filed no later than thirty days after the date of passage of the ordinance ordering the improvement and creating the district or, when applicable, no later than thirty days after the expiration of the thirty-day protest period provided in RCW 35.43.180. [1969 ex.s. c 258 § 4; 1965 c 7 § 35.43.100. Prior: 1911 c 98 § 19; RRS § 9371.]

35.43.110 Petition—Mandatory, when. Proceedings to establish local improvement districts must be initiated by petition in the following cases:

(1) Any local improvement payable in whole or in part by special assessments which includes a charge for the cost and expense of operation and maintenance of escalators or moving sidewalks shall be initiated only upon a petition signed by the owners of two-thirds of the lineal frontage upon the improvement to be made and two-thirds of the area within the limits of the proposed improvement district;

(2) If the management of park drives, parkways, and boulevards of a city has been vested in a board of park commissioners or similar authority: PROVIDED, That the proceedings may be initiated by a resolution, if the ordinance is passed at the request of the park board or similar authority therefor specifying the particular drives, parkways, or boulevards, or portions thereof to be improved and the nature of the improvement. 35.43.120 Petition—Requirements. Any local improvement may be initiated upon a petition signed by the owners of property aggregating a majority of the area within the proposed district. The petition must briefly describe: (1) The nature of the proposed improvement, (2) the territorial extent of the proposed improvement, (3) what proportion of the area within the proposed district is owned by the petitioners as shown by the records in the office of the county auditor, and (4) the fact that actual assessments may vary from assessment estimates so long as they do not exceed a figure equal to the increased true and fair value of the improvement, or street lighting, adds to the property.

If any of the property within the area of the proposed district stands in the name of a deceased person, or of any person for whom a guardian has been appointed and not discharged, the signature of the executor, administrator, or guardian, as the case may be, shall be equivalent to the signature of the owner of the property on the petition. The petition must be filed with the clerk or with such other officer as the city or town by charter or ordinance may require. [1989 c 243 § 1; 1981 c 323 § 1; 1969 ex.s. c 258 § 5; 1965 c 7 § 35.43.120. Prior: 1957 c 144 § 6; prior: 1911 c 98 § 9, part; RRS § 9360, part.]

A public hearing shall be held on the creation of a proposed local improvement district or utility local improvement district that is initiated by petition. Notice requirements for this public hearing shall be the same as for the public hearing on the creation of a proposed local improvement district or utility local improvement district that is initiated by resolution. [1987 c 315 § 2.]

[Title 35 RCW—page 152]
35.43.130 Preliminary estimates and assessment roll. Upon the filing of a petition or upon the adoption of a resolution, as the case may be, initiating a proceeding for the formation of a local improvement district or utility local improvement district, the proper board, officer, or authority designated by charter or ordinance to make the preliminary estimates and assessment roll shall cause an estimate to be made of the cost and expense of the proposed improvement and certify it to the legislative authority of the city or town together with all papers and information in its possession touching the proposed improvement, a description of the boundaries of the district, and a statement of what portion of the cost and expense of the improvement should be borne by the property within the proposed district.

If the proceedings were initiated by petition the designated board, officer or authority shall also determine the sufficiency of the petition and whether the facts set forth therein are true. If the petition is found to be sufficient and in all proceedings initiated by resolution of the legislative authority of the city or town, the estimates must be accompanied by a diagram showing thereon the lots, tracts, and parcels of land and other property which will be specially benefited by the proposed improvement and the estimated amount of the cost and expense thereof to be borne by each lot, tract, or parcel of land or other property: PROVIDED, That no such diagram shall be required where such estimates are on file in the office of the city engineer, or other designated city office, together with a detailed copy of the preliminary assessment roll and the plans and assessment maps of the proposed improvement.

For the purpose of estimating and levying local improvement assessments, the value of property of the United States, of the state, or of any county, city, town, school district, or other public corporation whose property is not assessed for general taxes shall be computed according to the standards afforded by similarly situated property which is assessed for general taxes. 35.43.140 Resolutions—Contents, publication—Hearing, by whom held. Any local improvement to be paid for in whole or in part by the levy and collection of assessments upon the property within the proposed improvement district may be initiated by a resolution of the city or town council or other legislative authority of the city or town, declaring its intention to order the improvement, setting forth the nature and territorial extent of the improvement, containing a statement that actual assessments may vary from assessment estimates so long as they do not exceed a figure equal to the increased true and fair value the improvement, or street lighting, adds to the property, and notifying all persons who may desire to object thereto to appear and present their objections at a time to be fixed therein.

In the case of trunk sewers and trunk water mains the resolution must describe the routes along which the trunk sewer, subsewer and branches of trunk water main and laterals are to be constructed.

In case of dikes or other structures to protect the city or town or any part thereof from overflow or to open, deepen, straighten, or enlarge watercourses, waterways and other channels the resolution must set forth the place of commencement and ending thereof and the route to be used.

In the case of auxiliary water systems, or extensions thereof or additions thereto for protection of the city or town or any part thereof from fire, the resolution must set forth the routes along which the auxiliary water system or extensions thereof or additions thereto are to be constructed and specifications of the structures or works necessary thereto or forming a part thereof.

The resolution shall be published in at least two consecutive issues of the official newspaper of the city or town, the first publication to be at least fifteen days before the day fixed for the hearing.

The hearing herein required may be held before the city or town council, or other legislative authority, or before a committee thereof. The legislative authority of a city or town may designate an officer to conduct the hearings. 35.43.150 Resolutions—Hearing upon—Notice. Notice of the hearing upon a resolution declaring the intention of the legislative authority of a city or town to order an improvement shall be given by mail at least fifteen days before the day fixed for hearing to the owners or reputed owners of all lots, tracts, and parcels of land or other property to be specially benefited by the proposed improvement, as shown on the rolls of the county assessor, directed to the address thereon shown.

Severability—1984 c 203: “If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.” [1984 c 203 § 10.]

35.43.180 Restraint by protest. The jurisdiction of the legislative authority of a city or town to proceed with
any local improvement initiated by resolution shall be divested by a protest filed with the city or town council within thirty days from the date of passage of the ordinance ordering the improvement, signed by the owners of the property within the proposed local improvement district or utility local improvement district subject to sixty percent or more of the total cost of the improvement including federally-owned or other nonassessable property as shown and determined by the preliminary estimates and assessment roll of the proposed improvement district or, if all or part of the local improvement district or utility local improvement district lies outside of the city or town, such jurisdiction shall be divested by a protest filed in the same manner and signed by the owners of property which is within the proposed local improvement district or utility local improvement district but outside the boundaries of the city or town, and which is subject to sixty percent or more of that part of the total cost of the improvement allocable to property within the proposed local improvement district or utility local improvement district but outside the boundaries of the city or town, including federally-owned or other nonassessable property: PROVIDED, That such restraint by protest shall not apply to any of the following local improvements, if the legislative body finds and recites in the ordinance or resolution authorizing the improvement that such improvement is necessary for the protection of the public health and safety and such ordinance or resolution is passed by unanimous vote of all members present: (1) Sanitary sewers or water mains where the health officer of the city or town, or department of ecology, files with the legislative authority a report showing the necessity for such improvement; and (2) fire hydrants where the chief of the fire department files a report showing the necessity for such improvement. [1983 c 303 § 3; 1967 c 52 § 8; 1965 c 58 § 2; 1965 c 7 § 35.43.180. Supp. 1949 c 9363, part.]

35.43.182 Waivers of protest—Recording—Limits on enforceability. If an owner of property enters into an agreement with a city or town waiving the property owner’s right under RCW 35.43.180 to protest formation of a local improvement district, the agreement must specify the improvements to be financed by the district and shall set forth the effective term of the agreement, which shall not exceed ten years. The agreement must be recorded with the auditor of the county in which the property is located. It is against public policy and void for an owner, by agreement, as a condition imposed in connection with proposed property development, or otherwise, to waive rights to object to the property owner’s individual assessment (including the determination of special benefits allocable to the property), or to appeal to the superior court the decision of the city or town council affirming the final assessment roll. [1988 c 179 § 8.]

35.43.184 Preformation expenditures. The city or town engineer or other designated official may contract with owners of real property to provide for payment by the owners of the cost of the preparation of engineering plans, surveys, studies, appraisals, legal services, and other expenses associated with improvements to be financed in whole or in part by a local improvement district (not including the cost of actual construction of such improvements), that the owners elect to undertake. The contract may provide for reimbursement to the owner of such costs from the proceeds of bonds issued by the district after formation of a district under this chapter, from assessments paid to the district as appropriate, or by a credit in the amount of such costs against future assessments assessed against such property under the district. Such reimbursement shall be made to the owner of the property at the time of reimbursement. The contract shall also provide that such costs shall not be reimbursed to the owner if a district to construct the specified improvements (as the project may be amended) is not formed within six years of the date of the contract. The contract shall provide that any preformation work shall be conducted only under the direction of the city or town engineer or other appropriate city or town authority. [1988 c 179 § 9.]

35.43.186 Credits for other assessments. A city or town ordering a local improvement upon which special assessments on property specifically benefited by the improvement are levied and collected, may provide as part of the ordinance creating the local improvement district that moneys paid or the cost of facilities constructed by a property owner in the district in satisfaction of obligations under chapter 39.92 RCW, shall be credited against assessments due from the owner of such property at the time the credit is made, if those moneys paid or facilities constructed directly defray the cost of the specified improvements under the district and if credit for such amounts is reflected in the final assessment roll confirmed for the district. [1988 c 179 § 10.]

35.43.188 Assessment reimbursement accounts. A city or town ordering a local improvement upon which special assessments on property specifically benefited by the improvement are levied and collected, may provide as part of the ordinance creating the local improvement district that the payment of an assessment levied for the district on underdeveloped properties may be made by owners of other properties within the district, if they so elect, subject to terms of reimbursement set forth in the ordinance. The terms for reimbursement shall require the owners of underdeveloped properties on whose behalf payments of assessments have been made to reimburse all such assessment payments to the party who made them when those properties are developed or redeveloped, together with interest at a rate specified in the ordinance. The ordinance may provide that reimbursement shall be made on a one-time, lump sum basis,
or may provide that reimbursement shall be made over a period not to exceed five years. The ordinance may provide that reimbursement shall be made no later than the time of dissolution of the district, or may provide that no reimbursement is due if the underdeveloped properties are not developed or redeveloped before the dissolution of the district. Reimbursement amounts due from underdeveloped properties under this section are liens upon the underdeveloped properties in the same manner and with like effect as assessments made under this chapter. For the purposes of this section, "underdeveloped properties" may include those properties that, in the discretion of the legislative body of the city or town, (1) are undeveloped or are not developed to their highest and best use, and (2) are likely to be developed or redeveloped before the dissolution of the district. [1965 c 7 § 35.43.210. Prior: 1923 c 176 § 2; RRS § 9425-2.]

35.43.220 Street railways at expense of property benefited—Assessment of cost. The cost and expense of any such improvement shall be distributed and assessed against all the property included in such local improvement district, in accordance with the special benefits conferred thereon. [1965 c 7 § 35.43.220. Prior: 1923 c 176 § 3; RRS § 9425-3.]

35.43.230 Street railways at expense of property benefited—Procedure. Except as herein otherwise provided all matters and proceedings relating to such local improvement district, the levying and collecting of assessments, the issuance and redemption of local improvement warrants and bonds, and the enforcement of local assessment liens hereunder shall be governed by the laws relating to local improvements; and all matters and proceedings relating to the purchase, acquisition, or construction and equipment of the improvement and the operation of the same hereunder and the issuance and redemption of utility bonds and warrants, if any, and the use of general or utility funds, if any, in connection with the purchase, acquisition, construction, equipping, or operation of the improvement shall be governed by the laws relating to municipal public utilities. [1965 c 7 § 35.43.230. Prior: 1923 c 176 § 4; RRS § 9425-4.]

35.43.250 Deferral of collection of assessments for economically disadvantaged persons—Authorized. Any city of the first class in this state ordering any local improvement upon which shall be levied and collected special assessments on property specifically benefited thereby may provide as part of the ordinance creating any local improvement district that the collection of any assessment levied therefor may be deferred until a time previous to the dissolution of the district for those economically disadvantaged property owners or other persons who, under the terms of a recorded contract of purchase, recorded mortgage, recorded deed of trust transaction or recorded lease are responsible under penalty of forfeiture, foreclosure or default as between vendor/vendee, mortgagor/mortgagee, grantor and trustor/trustee and grantee, and beneficiary and lender, or lessor and lessee for the payment of local improvement district assessments, and in the manner specified in the ordinance qualify for such deferment, upon assurance of property security for the payment thereof. [1972 ex.s. c 137 § 2.]

35.43.260 Service fees for sewers not constructed within ten years after voter approval—Credit against future assessments, service charges. Any municipal corporation, quasi municipal corporation, or political subdivision which has the authority to install sewers by establishing local improvement districts, which has charged and collected monthly service fees for sewers, that have been authorized and approved by the voters and have not been constructed for a period of ten or more years since the voter approval, is hereby authorized and directed to grant a credit against the

future assessment to be assessed at the time of actual completion of construction of the sewers for each parcel of real property in an amount equal in dollars to the total amount of service fees charged and collected since voter approval for each such parcel, plus interest at six percent compounded annually; PROVIDED, That if such service fees and interest exceed the future assessment for construction of the sewers, such excess funds shall be used to defray future sewer service charge fees.

It is the intent of the legislature that the provisions of this section are procedural and remedial and shall have retroactive effect. [1977 c 72 § 3.]

35.43.270 Sanitary sewer or potable water facilities—Notice to certain property owners. Whenever it is proposed that a local improvement district or utility local improvement district finance sanitary sewers or potable water facilities, additional notice of the public hearing on the proposed improvement district shall be mailed to the owners of any property located outside of the proposed improvement district that would be required as a condition of federal housing administration loan qualification, at the time of notice, to be connected to the specific sewer or water facilities installed by the local improvement district. The notice shall include information about this restriction. [1987 c 315 § 1.]

35.43.280 Settlement of Indian claims. (1) The settlement of Indian land and other claims against public and private property owners is declared to be in the interest of public health and safety, orderly government, environmental protection, economic development, and the social well-being of the citizens of this state, and to specifically benefit the properties released from those claims.

It is the purpose of chapter 4, Laws of 1989 1st ex. sess. to encourage the settlement of such Indian land and other claims lawsuits by permitting the establishment and use of local improvement districts to finance all or a portion of the settlement costs of such lawsuits.

(2) A local improvement district may be established by a local government legislative authority to finance all or part of the settlement costs in an Indian land and other claims settlement related to public and private property located within the local government. The settlement of an Indian land claim lawsuit shall be deemed to be an improvement that may be financed in whole or in part through use of a local improvement district.

Except as expressly provided in this section, all matters relating to the establishment and operation of such a local improvement district, the levy and collection of special assessments, the issuance of local improvement district bonds and other obligations, and all related matters, shall be subject to the provisions of chapters 35.43 through 35.54 RCW. The resolution or petition initiating the creation of a local improvement district used to finance all or a portion of an Indian land and other claims settlement shall describe the general nature of the Indian land and other claims and the proposed settlement. The value of a contribution by any person, municipal corporation, political subdivision, or the state of money, real property, or personal property to the settlement of Indian land and other claims shall be credited to any assessment for a local improvement district under this section. [1989 1st ex.s. c 4 § 2.]

square foot of land in subdivisions first, second, third, fourth and fifth, respectively, are related to each other as are the numbers 0.015000, 0.008333, 0.006666, 0.003333, and 0.001666, respectively; and the method of determining the assessment on each lot, tract, or parcel of land in the improvement district may be ascertained in the following manner:

(1) The products of the number of square feet in subdivisions first, second, third, fourth and fifth, respectively, for each lot, tract or parcel of land in the improvement district and the numbers 0.015000, 0.008333, 0.006666, 0.003333 and 0.001666, respectively, shall be ascertained. (3) The assessment for each lot, tract or parcel of land in the improvement district shall be the product of the assessable units of frontage therefor, multiplied by the rate per assessable unit of frontage. [1965 c 7 § 35.44.040. Prior: 1957 c 144 § 18; prior: 1947 c 155 § 1, part; 1941 c 90 § 1, part; 1915 c 168 § 2, part; 1911 c 98 § 13, part; Rem. Supp. 1947 § 9365, part.]

Each subdivision shall be equal to one-quarter of the width of the district as measured back from the margin of the canal right of way. The rate of assessment per square foot in each subdivision so formed shall be fixed on the basis that the special benefits conferred on a square foot of land in subdivisions first, second, third, and fourth, respectively, are related to each other as are the numbers, forty, thirty, twenty, and ten, respectively, and shall be ascertained in the following manner:

(1) The products of the number of square feet in subdivisions first, second, third, and fourth, respectively, and the numbers forty, thirty, twenty, and ten, respectively, shall be ascertained;

(2) The aggregate sum thereof shall be divided into the total cost and expense of the local improvement;

(3) The resultant quotient multiplied by forty, thirty, twenty, and ten, respectively, shall be the respective rate of assessment per square foot for each subdivision. [1965 c 7 § 35.44.045. Prior: 1959 c 75 § 3.]

Notwithstanding the methods of assessment provided in RCW 35.44.030, 35.44.040 and 35.44.045, the city or town may use any other method or combination of methods to compute assessments which may be deemed to more fairly reflect the special benefits to the properties being assessed. The failure of the council to specifically recite in its ordinance ordering the improvement and creating the local improvement district that it will not use the zone and termini method of assessment shall not invalidate the use of any other method or methods of assessment. [1969 ex.s. c 258 § 7.]

[1965 c 7 § 35.44.310. Prior: 1911 c 98 § 43, part; 1909 c 71 § 1, part; 1893 c 95 § 2, part; RRS § 9396, part.]

35.44.330 Reassessments—Payment. In case of reassessment after the certification of the assessment roll to the city or town treasurer for collection, the same length of time for payment of the assessment thereon without the imposition of any penalties or interest and the notice that the assessments are in the hands of the treasurer for collection shall be given as in case of an original assessment. After delinquency, penalties and interest may be charged as in cases of original assessment and if the original assessment was payable in installments, the new assessment may be divided into equal installments and made payable at such times as the city or town council may prescribe in the ordinance ordering the new assessment. [1965 c 7 § 35.44.330. Prior: 1911 c 98 § 43, part; 1909 c 71 § 1, part; 1893 c 95 § 2, part; RRS § 9396, part.]

35.44.340 Reassessments—Limitation of time for. No city or town shall have jurisdiction to proceed with any reassessment unless the ordinance ordering it is passed by the city or town council within ten years from and after the time the original assessment for the same improvement was finally held to be invalid, insufficient or for any cause set aside, in whole or in part or its enforcement denied directly.
35.44.350 Reassessments, assessments on omitted property, supplemental assessments—Provisions governing. All of the provisions of law relating to the filing of assessment rolls, time and place for hearing thereon, notice of hearing, the hearing upon the roll, the confirmation of the assessment roll, the time when the assessments become a lien upon the property assessed, the proceedings on appeal from any such assessment, the method of collecting the assessment and all proceedings for enforcing the lien thereof shall be had and conducted the same in the case of reassessments, assessments on omitted property, or supplemental assessments as in the case of an original assessment. [1965 c 7 § 35.44.350. Prior: 1911 c 98 § 44; 1893 c 95 § 1; RRS § 9397.]

35.44.360 Assessments on omitted property—Authority. If by reason of mistake, inadvertence, or for any cause, property in a local improvement district or utility local improvement district which except for its omission would have been subject to assessment has been omitted from the assessment roll, the city or town council, upon its own motion, or upon the application of the owner of any property in the district which has been assessed for the improvement, may proceed to assess the property so omitted in accordance with the benefits accruing to it by reason of the improvement in proportion to the assessments levied upon other property in the district. [1967 c 52 § 12; 1965 c 7 § 35.44.360. Prior: 1911 c 98 § 37, part; RRS § 9390, part.]

Construction—Severability—1967 c 52: See notes following RCW 35.43.042.

35.44.370 Assessments on omitted property—Resolution—Notice. In case of assessments on omitted property the city or town council shall pass a resolution:

(1) Setting forth that the property therein described was omitted from the assessment;

(2) Notifying all persons who may desire to object thereto to appear at a meeting of the city or town council at a time specified in the resolution and present their objections thereto, and

(3) Directing the proper board, officer, or authority to report to the council at or prior to the date fixed for the hearing the amount which should be borne by each lot, tract, or parcel of land or other property so omitted. The resolution shall be published in all respects as provided for publishing the resolutions for an original assessment. [1965 c 7 § 35.44.370. Prior: 1911 c 98 § 37, part; RRS § 9390, part.]

35.44.380 Assessments on omitted property—Confirmation ordinance—Collection. At the conclusion of the hearing or any adjournment thereof upon proposed assessments on omitted property the council shall consider the matter as though the property were included in the original roll and may confirm the roll or any portion thereof by ordinance. Thereupon the roll of omitted property shall be certified to the treasurer for collection as other assessments. [1965 c 7 § 35.44.380. Prior: 1911 c 98 § 37, part; RRS § 9390, part.]

35.44.390 Supplemental assessments—When authorized. If by reason of any mistake, inadvertence, or other cause, the amount assessed was not equal to the cost and expense of a local improvement or that portion thereof to be paid by assessment of the property benefited the city or town council shall make supplemental assessments on all the property in the district. The property found to be specially benefited shall not be limited to the property included in the original assessment district.

These assessments shall be made in accordance with the provisions of law, charter, and ordinances existing at the time of the levy. [1965 c 7 § 35.44.390. Prior: 1911 c 98 § 42, part; 1893 c 96 § 3, part; RRS § 9395, part.]

35.44.400 Supplemental assessments—Limitation of time for. No city or town shall have jurisdiction to proceed with any supplemental assessment unless the ordinance ordering it is passed by the city or town council within ten years from and after the time that it was finally determined that the total amount of valid assessments levied and assessed on account of a local improvement was insufficient to pay the whole or portion of the cost and expense thereof to be paid by special assessment. [1965 c 7 § 35.44.400. Prior: 1911 c 98 § 45, part; RRS § 9398, part.]

35.44.410 Segregation of assessments. Whenever any land against which there has been levied any special assessment by any city or town shall have been sold in part or subdivided, the legislative authority of that city or town shall have the power to order a segregation of the assessment.

Any person desiring to have such a special assessment against a tract of land segregated to apply to smaller parts thereof shall apply to the city or town which levied the assessment. If the legislative authority thereof determines that a segregation should be made, it shall by resolution order the city or town treasurer to make segregation on the original assessment roll as directed in the resolution. The segregation shall be made as nearly as possible on the same basis as the original assessment was levied, and the total of the segregated parts of the assessment shall equal the assessment before segregation. The resolution shall describe the original tract, the amount and date of the original assessment, and shall define the boundaries of the divided parts and the amount of the assessment chargeable to each part. A certified copy of the resolution shall be delivered to the city or town treasurer who shall proceed to make the segregation ordered upon being tendered a fee of ten dollars for each tract of land for which a segregation is to be made. In addition to such charge the legislative authority of the city or town may require as a condition to the order of segregation that the person seeking it pay the city or town the reasonable engineering and clerical costs incident to making the segregation. No segregation need be made if the legislative authority of the city or town shall find that by such segregation the security of the lien for such assessment will be so jeopardized as to reduce the security for any
outstanding local improvement district obligations payable from such assessment. [1969 ex.s. c 258 § 10.]

35.44.420 Property donations—Credit against assessments. A city legislative authority may give credit for all or any portion of any property donation against an assessment, charge, or other required financial contribution for transportation improvements within a local improvement district. The credit granted is available against any assessment, charge, or other required financial contribution for any transportation purpose that uses the donated property. [1987 c 267 § 9.]

35.45.040 Bonds—Sale of. (1) Local improvement bonds may be issued to the contractor or sold by the officers authorized by the ordinance directing their issue to do so, in the manner prescribed therein at the price established by the legislative authority of the city or town. [Title 35 RCW—page 163]
35.45.050 Call of bonds. Except when bonds have been issued with a fixed maturity schedule or with a fixed maximum annual retirement schedule as authorized in RCW 35.45.020, the city or town treasurer shall call in and pay the principal of one or more bonds of any issue in their numerical order whenever there is sufficient money in any local improvement fund, against which the bonds have been issued, over and above that which is sufficient for the payment of interest on all unpaid bonds of that issue. The call shall be made for publication in the city or town official newspaper in its first publication following the date of delinquency of any installment of the assessment or as soon thereafter as practicable. The call shall state that bonds No. . . . (giving the serial number or numbers of the bonds called) will be paid on the day the next interest payments are due and that interest on those bonds will cease upon that date. [1983 c 167 § 43; 1971 ex.s. c 116 § 11; 1965 c 7 § 35.45.050. Prior: 1911 c 98 § 54, part; RRS § 9407, part.]

Liberal construction—Severability—1983 c 167: See RCW 39.46.010 and note following.

35.45.060 Interest on bonds—How payable. The city or town treasurer shall pay interest on the bonds issued against local improvement funds out of the local improvement fund from which the bonds are payable. [1965 c 7 § 35.45.060. Prior: 1911 c 98 § 54, part; RRS § 9407, part.]

35.45.065 Interest on bonds—Payment from general revenues—Authority—Procedure. The city or town council may provide by ordinance that all or part of the interest upon said bonds shall be paid from the general revenues of the city or town and may create a local improvement district bond interest fund for this purpose. If the city or town council determines that the city or town shall pay all interest on such bonds from its general revenues, the interest coupons attached to the bond shall recite that the interest thereby evidenced is payable from general revenues. If the city or town council determines that the city or town council shall pay a part of the interest on such bonds from its general revenues, the interest coupons representing interest payable from the general revenues of the city or town shall be denominated as "B" coupons and shall recite that the interest payable thereunder is payable from the general revenues of the city or town. [1967 ex.s. c 44 § 2.]

35.45.070 Nonliability of city or town. (1)(a) Neither the holder nor owner of any bond, interest coupon, warrant, or other short-term obligation issued against a local improvement fund shall have any claim therefor against the city or town by which it is issued, except for payment from the special assessments made for the improvement for which the bond or warrant was issued and except also for payment from the local improvement guaranty fund of the city or town as to bonds issued after the creation of a local improvement guaranty fund of that city or town. The city or town shall not be liable to the holder or owner of any bond, interest coupon, warrant, or other short-term obligation for any loss to the local improvement guaranty fund occurring in the lawful operation thereof.

(b) A copy of the foregoing in (a) of this subsection shall be plainly written, printed, or engraved on each bond, interest coupon, warrant, or other short-term obligation.

(2) Notwithstanding the provisions of subsection (1) of this section, with respect to bonds, interest coupons, warrants, or other short-term obligations issued under an ordinance providing that the obligations are not secured by the local improvement guaranty fund:

(a) Neither the holder nor owner of any obligation issued against a local improvement fund shall have any claim against the city or town by which it is issued, except for payment from the special assessments made for the improvement for which the obligation was issued.

(b) A copy of the foregoing in (a) of this subsection shall be plainly written, printed, or engraved on each bond, interest coupon, warrant, or other short-term obligation. [2002 c 41 § 2; 1965 c 7 § 35.45.070. Prior: (i) 1911 c 98 § 52, part; RRS § 9405, part. (ii) 1927 c 209 § 5; 1925 ex.s. c 183 § 5; 1923 c 141 § 5, part; RRS § 9351-5, part.]

35.45.080 Remedy of bondholders. If a city or town fails to pay any bonds or to promptly collect any local improvement assessments when due, the owner of the bonds may proceed in his own name to collect the assessment and foreclose the lien thereof in any court of competent jurisdiction and shall recover in addition to the amount of the bond and interest thereon, five percent, together with the cost of suit. Any number of holders of bonds for any single improvement may join as plaintiffs and any number of owners of property upon which the assessments are liens may be joined as defendants in the same suit.

The owners of local improvement bonds issued by a city or town after the creation of a local improvement guaranty fund within the same limits, shall also have recourse against the local improvement guaranty fund of such city or town unless the ordinance under which the bonds were issued provides that the bonds are not secured by the local improvement guaranty fund. [2002 c 41 § 3; 1965 c 7 § 35.45.080. Prior: (i) 1927 c 209 § 5, part; 1925 ex.s. c 183 § 5, part; 1923 c 141 § 5, part; RRS § 9351-5, part. (ii) 1911 c 98 § 51; 1899 c 124 § 6; RRS § 9404.]

35.45.090 Excess to be refunded—Demand—Right of action. Any funds in the treasury of any municipal corporation belonging to the fund of any local improvement district after the payment of the whole cost and expense of such improvement, in excess of the total sum required to defray all the expenditures by such municipal corporation on account thereof, shall be refunded, on demand, to the payers into such fund. Each such payer shall be entitled to such proportion of such excess as his original assessment bears to the entire original assessment levied for such improvement. Such municipal corporation may, after one year from the date on which the last installment becomes due, transfer any balance remaining on hand to the general fund of such municipal corporation, but shall, notwithstanding such transfer remain liable for the refund herein provided for until
such refund shall have been made, unless the actual cost involved in making such refund shall exceed the excess in such fund.

Such demand shall be made in writing to the treasurer of such municipal corporation. No action shall be commenced in any court to obtain any such refund, except upon such demand, and until ninety days after making such demand. No excess shall be recovered in any action where the excess in the fund does not average the sum of one dollar in favor of all payers into such fund.

This section shall not be deemed to require the refunding of any balance left in any local improvement fund after the payment of all outstanding obligations issued against such fund, where such balance accrues from any saving in interest or from penalties collected upon delinquent assessments, but any such balance, whether accruing heretofore or hereafter, may be turned into the general fund or otherwise disposed of, as the legislative authority of the city may direct.

The provisions of this chapter relating to the refund of excess local improvement district funds shall not apply to any district whose obligations are guaranteed by the local improvement guaranty fund. [1965 c 7 § 35.45.090. Prior: 1917 c 140 § 1; 1909 c 108 § 1; RRS § 9351.]

### 35.45.130 Warrants against local improvement fund authorized

Every city and town may provide by ordinance for the issuance of warrants in payment of the cost and expense of any local improvement, payable out of the local improvement district fund. The warrants shall bear interest at a rate or rates established by the issuing officer under the direction of the legislative authority of the city or town and shall be redeemed either in cash or by local improvement bonds for the same improvement authorized by ordinance.

All warrants against any local improvement fund sold by the city or town or issued to a contractor and by him sold or hypothecated for a valuable consideration shall be claims and liens against the improvement fund against which they are drawn prior and superior to any right, lien, or claim of any surety upon the bond or bonds given to the city or town by or for the contractor to secure the performance of his contract or to secure the payment of persons who have performed work thereon, furnished materials therefor, or provisions and supplies for the carrying on of the work. [1981 c 323 § 3; 1970 ex.s. c 56 § 36; 1965 c 7 § 35.45.130. Prior: 1953 c 117 § 1; prior: 1915 c 168 § 3; 1911 c 98 § 72; 1899 c 146 § 7; RRS 9425.]

**Purpose—1970 ex.s. c 56:** See note following RCW 39.52.020.

### 35.45.140 Warrants acceptable in payment of assessments

Cities and towns may accept warrants drawn against any local improvement fund upon such conditions as they may by ordinance or resolution prescribe, in satisfaction of:

1. Assessments levied to supply such fund, in due order of priority of right;
2. Judgments rendered against property owners who have become delinquent in the payment of assessments levied to supply such fund; and
3. In payment of certificates of purchase in cases where property of delinquents has been sold under execution or at tax sale for failure to pay assessments levied to supply such fund. [1965 c 7 § 35.45.140. Prior: (i) 1899 c 97 § 1; RRS § 9346. (ii) 1899 c 97 § 2; RRS § 9347. (iii) 1899 c 97 § 3; RRS § 9348. (iv) 1899 c 97 § 4; RRS § 9349. (v) 1899 c 97 § 5; RRS § 9350.]

### 35.45.150 Installment notes—Interest certificates

In addition to the issuance of bonds and warrants in payment of the cost and expense of any local improvement, any city or town may also issue and sell installment notes payable out of the local improvement district fund. Such installment notes may be issued any time after the thirty day period allowed by law for the payment of assessments of any district without penalty or interest, and may bear any denomination or denominations, the aggregate of which shall represent the balance of the cost and expense of the local improvement district which is to be borne by the property owners therein.

Application of local improvement district funds for the reduction of the principal and interest amounts due on any notes herein provided to finance said improvement shall be made not less than once each year beginning with the issue date thereof. Appropriate notification of such application of funds shall be made by the city or town treasurer to the registered payees of said notes, except those notes owned by funds of the issuing municipality. Such notes may be registered as provided in RCW 39.46.030. If more than one local improvement installment note is issued for a single district, said notes shall be numbered consecutively. All notes issued shall bear on the face thereof: (1) The name of the payee; (2) the number of the local improvement district from whose funds the notes are payable; (3) the date of issue of each note; (4) the date on which the note, or the final installment thereon shall become due; (5) the rate or rates of interest, as provided by the city or town legislative authority, to be paid on the unpaid balance thereof, and; (6) such manual or facsimile signatures and attestations as are required by state statute or city charter to appear on the warrants of each issuing municipality.

The reverse side of each installment note issued pursuant to this section shall bear a tabular payment record which shall indicate at prescribed installment dates, the receipt of any local improvement district funds for the purpose of servicing the debt evidenced by said notes. Such receipts shall first be applied toward the interest due on the unpaid balance of the note, and any additional moneys shall thereafter apply as a reduction of the principal amount thereof. The tabular payment record shall, in addition to the above, show the unpaid principal balance due on each installment note, together with sufficient space opposite each transaction affecting said note for the manual signature of the city’s or town’s clerk, treasurer or other properly designated receiving officer of the municipality, or of any other registered payee presenting said note for such installment payments.

Whenever there are insufficient funds in a local improvement district to meet any payment of installment interest due on any note herein authorized, a noninterest-bearing defaulted installment interest certificate shall be issued by the city or town treasurer which shall consist of a written statement certifying the amount of such defaulted interest installment; the name of the payee of the note to whom the interest is due and the number of the local
improvement district from whose funds the note and interest thereon is payable. Such certificates may be registered as provided in RCW 39.46.030. The certificate herein provided shall bear the manual signature of the city or town treasurer or his authorized agent. The defaulted installment interest certificate so issued shall be redeemed for the face amount thereof with any available funds in the local improvement guaranty fund.

Whenever at the date of maturity of any installment note issued pursuant to this section, there are insufficient funds in a local improvement district, due to delinquencies in the collection of assessments, to pay the final installment of the principal due thereon, the note shall be redeemed with any available funds in the local improvement guaranty fund for the amount of said final installment.

All certificates and notes issued pursuant to this section are to become subject to the same redemption privileges as apply to any local improvement district bonds and warrants now accorded the protection of the local improvement guaranty fund as provided in chapter 35.54 RCW, and whenever the certificates or notes issued as herein provided are redeemed by said local improvement guaranty fund, they shall be held therein as investments thereof in the same manner as prescribed for other defaulted local improvement district obligations.

Notwithstanding any other statutory provisions, local improvement installment notes authorized by this section which are within the protection of the local improvement guaranty fund law shall be considered legal investments for any available surplus funds of the issuing municipality which now or hereafter may be authorized to be invested in the city’s or town’s local improvement districts’ bonds or warrants and shall be considered legal investments for all national and state banks, savings and loan institutions, and any and all other commercial banking or financial institutions to the same extent that the local improvement district bonds and any coupons issued pursuant to the provisions of this chapter have been and are legal investments for such institutions. Any such local improvement installment notes may be transferred or sold by said city or town upon such terms or conditions and in such manner as the local governing body of said city or town may determine, or may be issued to another fund of the city or town: PROVIDED, HOWEVER, That the same shall not be sold at less than par plus accrued interest.

Notwithstanding the provisions of this section, such notes and certificates may be issued, and such notes may be sold, in accordance with chapter 39.46 RCW. [1983 c 167 § 44. Prior: 1981 c 323 § 4; 1981 c 156 § 2; prior: 1970 ex.s. c 93 § 2; 1970 ex.s. c 56 § 37; 1965 c 7 § 35.45.150; prior: 1961 c 165 § 1.]

Investment of public funds in notes, debentures: RCW 39.60.050.

35.45.155 Installment notes—Refunding. Any city or town having issued one or more installment notes pursuant to RCW 35.45.150 may refund all of such notes or the principal thereof then outstanding payable from any one local improvement district fund by the issuance of local improvement district bonds pursuant to chapter 35.45 RCW and by the payment into the city or town fund or funds holding such notes the then outstanding principal amount of such notes plus the interest thereon accruing to the date of such refunding. The bonds shall be payable from the same local improvement district fund from which such notes were payable; shall be payable no later than the final payment date of the notes being refunded; shall be in the same total principal amount as the outstanding principal amount of the notes being refunded less any sums in the local improvement district fund the city or town applies to the redemption of such notes; and shall be sold at not less than par plus accrued interest to date of delivery. Any interest payable on the bonds in excess of the interest payable on assessment installments payable into the local improvement district fund shall be paid from the general fund of the city or town in accordance with RCW 35.45.065. The principal proceeds and interest accruing to date of delivery of the bonds shall be paid into the local improvement district fund and the notes shall be redeemed on that date. The city or town shall pay all costs and expenses of such refunding from moneys available therefor. [1969 ex.s. c 258 § 12.]

35.45.160 Consolidated local improvement districts—Authorized—Purpose. For the purpose of issuing bonds only, the governing body of any municipality may authorize the establishment of consolidated local improvement districts. The local improvements within such consolidated districts need not be adjoining, vicinal or neighboring. If the governing body orders the creation of such consolidated local improvement districts, the moneys received from the installment payment of the principal of and interest on assessments levied within original local assessment districts shall be deposited in a consolidated local improvement district bond redemption fund to be used to redeem outstanding consolidated local improvement district bonds. [1967 ex.s. c 44 § 3.]

35.45.170 Refunding bonds—Limitations. The legislative authority of any city or town may issue and sell bonds to refund outstanding local improvement district or consolidated local improvement district bonds issued after June 7, 1984, on the earliest date such outstanding bonds may be redeemed following the date of issuance of such refunding bonds. Such refunding shall be subject to the following:

(2) The refunding bonds shall be paid from the same local improvement fund or bond redemption fund as the bonds being refunded.

(3) The costs and expenses of the refunding shall be paid from the proceeds of the refunding bonds, or the same local improvement district fund or bond redemption fund for the bonds being refunded, except the city or town may advance such costs and expenses to such fund pending the
receipt of assessment payments available to reimburse such advances.

(4) The last maturity of the refunding bonds shall be no later than one year after the last maturity of bonds being refunded.

(5) The refunding bonds may be exchanged for the bonds being refunded or may be sold in the same manner permitted at the time of sale for local improvement district bonds.

35.47.010 Distribution of moneys in local improvement funds to holders of bonds and warrants—Notice—Time limitation—Abandonment and transfer to general fund. Any city or town having any outstanding and unpaid local improvement bonds or warrants issued in connection with a local improvement therein to which the local guaranty fund law is not applicable and that have been delinquent for more than fifteen years, by ordinance, may direct that the money, if any, remaining in a given local improvement fund for which no real property is held in trust shall be distributed by the city or town on a pro rata basis, without any reference to numerical order, to the holders of outstanding bonds or warrants for each such fund, excluding the accrued interest thereon. If the outstanding bonds or warrants are not presented for payment within one year after the last date of publication of notice provided for herein, the money being held in the local improvement fund of a city or town shall be transferred to the city or town general fund. PROVIDED, That the city or town shall publish a notice once each week for two successive weeks in the official newspaper of the city or town in which it is indicated that L.I.D. bonds for . . . . . 35.47.020 Declaration of obsolescence and cancellation upon distribution of moneys, untimely presentment, or lack of money in local improvement fund. After the city or town having said bonds or warrants referred to in RCW 35.47.010 has distributed the money in a local improvement district fund in accordance with RCW 35.47.010, or such bonds or warrants are not presented for payment within one year after the last date of publication of notice provided for in RCW 35.47.010, such city or town may, by ordinance, declare such bonds and warrants, without any reference to numerical order, to be obsolete, cancel the same, and terminate all accounting thereon, and clear such bonds and warrants off their records including any unguaranteed bonds or warrants outstanding against districts in which there remains no money in the given local improvement fund. [1965 ex.s. c 6 § 2.]

35.47.030 Cancellation procedure where no money in local improvement fund. If the bonds or warrants outstanding against a district are unguaranteed and if there remains no money in the appropriate local improvement fund to pay them, and if no real property is held in trust for the fund, the city or town shall give notice in the same manner as provided in RCW 35.47.010, stating that L.I.D. . . . . . (bonds or warrants) for . . . . . L.I.D. improvement Nos. . . . . . to . . . . inclusive will be canceled as provided in RCW 35.47.020, unless such bonds or warrants are presented to the city or town within one year from the date of last publication of the notice, together with good cause shown as to why such cancellation should not take place. If such bonds or warrants are not presented, with good cause shown, within one year after the last date of publication of such notice, they may be canceled as provided in RCW 35.47.020. 35.47.900 Severability—1965 ex.s. c 6. If any provision of this act, or its application to any person or circumstance is held to be invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected. [1965 ex.s. c 6 § 6.]

35.48.010 Special revolving fund for delinquent nonguaranteed bonds and warrants—Composition. If any city or town has issued bonds or warrants payable from
a local improvement or condemnation award fund, to which the local improvement guaranty fund law is not applicable, and if the assessment, or last installment thereof, against which the bonds or warrants were issued has been delinquent not more than thirty-two years, the city or town may create a special revolving fund and may provide moneys therefor by general tax levy, if the levy, together with other levies made or authorized by such city or town, will not exceed the levy which is legally allowed; or such city or town may place in said fund or advance or loan to said fund any money which it is not prohibited by law from advancing, loaning to or placing in said fund. [1965 c 7 § 35.48.010. Prior: 1961 c 46 § 1; 1943 c 244 § 2; Rem. Supp. 1943 § 9351-11.]

Purpose—1943 c 244: "WHEREAS, there are many millions of dollars of delinquent and unpaid local improvement district and condemnation award bonds and warrants issued by various cities of the state and not protected by the Local Improvement Guaranty Fund, only a small part of which for the present at least can be paid and many of which will never be paid because of inability of property owners to pay the special assessments levied to provide funds for payment thereof and the depreciated value of the real estate which is the only security provided by present law from which payment of the assessments may be enforced; and, WHEREAS, the cities are not legally liable under existing law for payment of such bonds and warrants except as there are moneys available in the special fund from which the same are payable; and, WHEREAS, such cities and its citizens as a whole have derived benefit from the improvements installed with the proceeds or as a result of the issuance of such bonds and warrants; and, WHEREAS, the nonpayment of such unpaid and delinquent bonds and warrants not only causes great hardship and suffering on those who have invested money in such bonds and warrants, but also reflects discredit on the financial structure of the various cities involved, to the detriment of the cities as a whole and also the entire state; NOW, THEREFORE, this law is enacted to enable cities to provide some relief from the hardship imposed by such conditions." [1943 c 244 § 1.]

35.48.020 Use of revolving fund—Maximum bond price. Any moneys in such revolving fund may be used for the purchase of unpaid delinquent local improvement warrants, or bonds and interest payments, or bonds and interest coupons thereon, issued by the city or town, payable from a local improvement district fund or condemnation award fund, to which the local improvement guaranty fund law is not applicable, if the assessment, or last installment thereof, against which the bonds or warrants have been issued, has been delinquent not more than thirty-two years. The maximum purchase price to be paid for said bonds or warrants shall be fixed by the municipality, and may from time to time be changed but shall never exceed fifty percent of the face value of the bonds, interest payments, interest coupons, or warrants: PROVIDED, That no warrants shall be issued payable from the revolving fund unless there is sufficient cash in said fund available for payment of such warrants. [1983 c 167 § 45; 1965 c 7 § 35.48.020. Prior: 1961 c 46 § 2; 1943 c 244 § 3; Rem. Supp. 1943 § 9351-12.]

Liberal construction—Severability—1983 c 167: See RCW 39.46.010 and note following.

35.48.030 Subrogation—Refund of surplus. The purchase of any such bonds or warrants shall not relieve the local improvement or condemnation award fund from which the same are payable from liability for payment of the same, but the city or town upon purchase thereof shall become subrogated to all the rights of the former owners thereof and may proceed to enforcement of said bonds or warrants as any owner thereof might do. The city or town may sell any property acquired by it in such proceedings upon such terms and for such prices as it sees fit, or it may resell any of the bonds or warrants for such prices as it shall fix.

Any excess in any local improvement district fund or condemnation award fund which will average a payment of one dollar to each payer into said fund shall, after payment, retirement, or cancellation of all bonds or warrants payable from said fund, be refunded and paid to the payers into the fund in the proportion that their respective assessments bear to the entire original assessment levied for such improvement, and any unpaid assessments, or portion thereof, shall be reduced in the same proportion. Any proceeds derived from the sale of any bonds or warrants, or from the sale of real estate, shall be placed in the revolving fund. [1965 c 7 § 35.48.030. Prior: 1943 c 244 § 4; Rem. Supp. 1943 § 9351-13.]

35.48.040 Refund to revolving fund. If there are funds in any local improvement district fund or condemnation award fund sufficient to pay or retire any bond or warrant issued and payable from said fund, and the city or town is the owner and holder of the bond or warrant next payable from the fund, the city or town treasurer shall from the moneys in the local improvement or condemnation award fund place in the revolving fund a sum of money equivalent to the amount paid by the city or town for such bond or warrant and shall thereupon cancel, mark paid and remove from said revolving fund such bond or warrant. [1965 c 7 § 35.48.040. Prior: 1943 c 244 § 5; Rem. Supp. 1943 § 9351-14.]

35.48.050 Purchase of warrants on previous funds—Transfer of assets to revolving fund—Disposition. Whenever a city or town has heretofore by ordinance created a fund for use in purchasing delinquent local improvement or condemnation award bonds or warrants not protected by the local improvement guaranty fund law, and has purchased any such bonds or warrants and issued warrants payable from said fund, which warrants are unpaid because of lack of funds and have remained unpaid for a period of less than thirty-two years from date of issue thereof, the city or town may use any funds available in the revolving fund to purchase said warrants at such price as it may determine, but in no event at more than fifty percent of the face value, without interest.

Whenever all such warrants have been purchased or paid, the city or town may transfer to the revolving fund any bonds, warrants or other assets belonging to said fund first above mentioned, and thereafter such bonds, warrants or other assets shall be held and disposed of for the benefit of said revolving fund in the same manner as other funds and assets therein: PROVIDED, That nothing contained in this chapter shall legalize any warrants heretofore issued or render any city or town liable thereunder. [1965 c 7 § 35.48.050. Prior: 1961 c 46 § 3; 1943 c 244 § 6; Rem. Supp. 1943 § 9351-15.]

35.48.060 Procedure governed by ordinance. All actions of a city or town respecting the purchase of bonds
and warrants or sales of bonds, warrants or assets of the 
revolving fund shall be as directed by general or special 
orderance. [1965 c 7 § 35.48.060. Prior: 1943 c 244 § 7;

assessments for local improvements in local improvement 
districts shall be collected by the city treasurer and shall be 
kept in a separate fund to be known as "local improvement 
fund, district No. . . . ." and shall be used for no other 
purpose than the redemption of warrants drawn upon and 
bonds issued against the fund to provide payment for the 
cost and expense of the improvement.

All assessments for local improvements in a utility local 
 improvement district shall be collected by the city treasurer, 
shall be paid into the appropriate revenue bond fund, and 
shall be used for no other purpose than the redemption of 
revenue bonds issued to provide funds for the cost and 
expense of the improvement.

As soon as the assessment roll has been placed in the 
hands of the city or town treasurer for collection, he shall 
publish a notice in the official newspaper of the city or town 
once a week for two consecutive weeks, that the roll is in 
his hands for collection and that all or any portion of the 
assessment may be paid within thirty days from the date of 
the first publication of the notice without penalty, interest or 
costs.

Within fifteen days of the first newspaper publication, 
the city or town treasurer shall notify each owner or reputed 
owner whose name appears on the assessment roll, at the 
address shown on the tax rolls of the county treasurer for 
each item of property described on the list, of the nature of 
the assessment, of the amount of his real property subject to 
such assessment, of the total amount of assessment due, and 
of the time during which such assessment may be paid 
without penalty, interest, or costs. [1972 ex.s. c 137 § 1;

Saving—1927 c 275: "All local improvement initiated or proceedings 
commenced by any city or town before the taking effect of this act, relating 
to the making of any local improvement, or the collection and foreclosure 
of local improvement, or the collection and foreclosure of local improve-
ment assessments, and the sale of property therefor, shall proceed without 
being in any manner affected by the passage of this act; PROVIDED, That 
any city or town may at its option foreclose in the manner provided in this 
act the lien of any local improvement assessment created prior to the 
effective date of this act, and cause deed to issue, but as to any such 
property purchased by such city or town at such foreclosure the same shall 
be held and sold by such city or town under and pursuant to the provisions 
of law in force and effect prior to the taking effect of this act." [1927 c 275 
§ 8.]

35.49.020 Installments—Number—Due date. In all 
cases where bonds are issued to pay the cost and expense of 
local improvements, the ordinance levying the assessments 
shall provide that the sum charged against any lot, tract, 
and parcel of land or other property, or any portion thereof, may 
be paid during the thirty day period allowed for the payment of 
assessments without penalty or interest and that thereafter 
the sum remaining unpaid may be paid in equal annual 
principal installments or in equal annual installments of 
principal and interest. The number of installments shall be 
less by two than the number of years which the bonds issued 
to pay for the improvement are to run. The estimated 
interest rate may be stated in the ordinance confirming the 
assessment roll. Where payment is required in equal annual 
principal installments, interest on the whole amount unpaid 
at the rate fixed by the ordinance authorizing the issuance 
and sale of the bonds shall be due on the due date of the 
first installment of principal and each year thereafter on the 
due date of each installment of principal: PROVIDED, That 
the legislative authority of any city or town having made a

period allowed for payment of assessments without penalty or interest may be paid in ten equal installments beginning 
with the eleventh year and ending with the twentieth year 
from the expiration of said thirty day period, together with 
interest on the unpaid installments at the rate fixed by such 
ordinance, and that in each year after the said thirty day

35.49.030 Ordinance to prescribe time of payment—Interest—Penalties. Every city and town shall prescribe by ordinance within what time assessments or installments thereof shall be paid, and shall provide for the payment and collection of interest thereon at a rate as shall be fixed by the legislative body of the city or town. Assessments or installments thereof, when delinquent, in addition to such interest, shall bear such penalty not less than five percent as shall be by general ordinance prescribed. [1971 ex.s.c. 116 § 5; 1969 ex.s.c. 258 § 15; 1965 c 7 § 35.49.030. Prior: 1955 c 353 § 3; prior: 1927 c 275 § 1, part; 1921 c 92 § 1, part; 1911 c 98 § 24, part; RRS § 9376, part.]

35.49.040 Payment without interest or penalty. The owner of any lot, tract, or parcel of land or other property charged with a local improvement assessment may redeem it from all liability for the unpaid amount of the assessment at any time after the thirty day period allowed for payment of assessments without penalty or interest by paying the entire installments of the assessment remaining unpaid to the city or town treasurer with interest thereon to the date of maturity of the installment next falling due. [1965 c 7 § 35.49.050. Prior: 1911 c 98 § 50, part; RRS § 9403, part.]

35.49.060 Payment by city or town. On or before the fifteenth day of August of each year, the city or town treasurer shall certify to the city or town council a detailed statement showing:

1. The proceedings authorizing and confirming any local improvement assessments or utility local improvement assessments affecting city or town property,
2. The lots, tracts, or parcels of lands of the city or town so assessed,
3. The several assessments against each,
4. The interest, penalties, and charges thereon,
5. The penalties and charges which will accrue upon the assessments to the date of payment, and
6. The total of all such assessments, interest, penalty, and charges.

The longest outstanding liens shall be paid first, but if the money in the "city (or town) property assessments redemption fund" is insufficient at any time to discharge all such liens against the lands of the city or town upon a given assessment roll, the city or town treasurer may pay such portion thereof as may be possible from the funds available.

If deemed necessary, the city or town council may transfer money from the general fund to the redemption fund as a loan to be repaid when the money is available for repayment. [1965 c 7 § 35.49.060. Prior: 1929 c 183 § 2, part; 1909 c 130 § 2; RRS § 9345, part.]

35.49.070 Payment by county. The board of county commissioners shall cause the amount of such local assessments to be paid to the city or town as other claims against the county are paid.

If title to any property thus described was acquired by the county through foreclosure of general tax liens, the county shall:

1. Pay the assessment from the proceeds of the sale of the property; or
2. Sell the property subject to the lien of the assessment. [1967 c 52 § 15; 1965 c 7 § 35.49.070. Prior: 1929 c 139 § 1; 1905 c 29 § 3; RRS § 9342.]

The board of park commissioners shall cause the amount of the local assessments to be paid as other claims against the metropolitan park district are paid. [1967 c 52 § 16; 1965 c 7 § 35.49.080. Construction—Severability—1967 c 52: See notes following RCW 35.43.042.

35.49.090 Payment by joint owner. If any assessment for a local improvement, or an installment thereof, or judgment for either of them is paid, or a certificate of sale for either of them is redeemed by a joint owner of any of the property so assessed, he may, after demand and refusal, recover from his co-owners, by an action brought in superior court, the respective portions of the payment which each co-owner should bear. He shall have a lien upon the undivided interest of his co-owners from the date of the payment made by him and in the action shall recover interest at ten percent from the date of payment by him and the costs of the action in addition to the principal sum due him. [1965 c 7 § 35.49.090. Prior: 1911 c 98 § 62; RRS § 9415.]

35.49.100 Payment in error—Remedy. If, through error or inadvertence, a person pays any assessment for a local improvement or an installment thereof upon the lands of another, he may, after demand and refusal, recover from the owner of such lands, by an action in the superior court,
the amount so paid and the costs of the action. [1965 c 7 § 35.49.100. Prior: 1911 c 98 § 65; RRS § 9418.]

[1965 c 7 § 35.49.110. Prior: 1927 c 275 § 2; 1911 c 98 § 30; RRS § 9382.]

35.49.130 Tax liens—City may protect assessment lien at foreclosure sale. If any property situated in a local improvement district or utility local improvement district created by a city or town is offered for sale for general taxes by the county treasurer, the city or town shall have power to protect the lien or liens of any local improvement assessments outstanding against the whole or portion of such property by purchase at the treasurer’s foreclosure sale. [1995 c 38 § 2; 1994 c 301 § 4; 1965 c 7 § 35.49.130. Prior: (i) 1911 c 98 § 63; RRS § 9416. (ii) 1929 c 143 § 1, part; 1925 ex.s. c 170 § 1, part; 1911 c 98 § 40, part; RRS § 9393, part.]

35.49.140 Tax liens—Payment by city after taking property on foreclosure of local assessments. If a city or town has bid in any property on sale for local improvement assessments, it may satisfy the lien of any outstanding general taxes upon the property by payment of the face of such taxes and costs, without penalty or interest, but this shall not apply where certificates of delinquency against the property have been issued to private persons. [1965 c 7 § 35.49.140. Prior: 1929 c 143 § 1, part; 1925 ex.s. c 170 § 1, part; 1911 c 98 § 40, part; RRS § 9393, part.]

If property is struck off to or bid in by a county at a sale for general taxes, and is subject to local improvement assessments in any city or town, or has been taken over by the city or town on the foreclosure of local improvement assessments, the city or town may acquire the property from the county at any time before resale and receive a deed therefor upon paying the face of such taxes and costs, without penalty or interest. [1965 c 7 § 35.49.150. Prior: 1929 c 143 § 1, part; 1925 ex.s. c 170 § 1, part; 1911 c 98 § 40, part; RRS § 9393, part.]

[1969 ex.s. c 258 § 16; 1965 c 7 § 35.50.005. Prior: 1955 c 353 § 1.]

It shall be no objection to the validity of the assessment, or the lien thereof:

(1) That the contract for the improvement was not awarded in the manner or at the time required by law; or

(2) That the assessment was made by an unauthorized officer or person if the assessment roll was confirmed by the city or town authorities;

(3) That the assessment is based upon a front foot basis, or upon a basis of benefits to the property within the improvement district unless it is made to appear that the city or town authorities did not act in good faith and did not attempt to act fairly in regard thereto or unless it is made to appear that the city or town authorities acted fraudulently or oppressively in making the assessment.

All local improvement assessments heretofore or hereafter made by city or town authorities in good faith are valid and in full force and effect. [1967 c 52 § 17; 1965 c 7 § 35.50.020. Prior: 1911 c 98 § 61; RRS § 9414.4.]

35.50.030 Authority and conditions precedent to foreclosure. If on the first day of January in any year, two installments of any local improvement assessment are delinquent, or if the final installment thereof has been delinquent for more than one year, the city or town shall proceed with the foreclosure of the delinquent assessment or delinquent installments thereof by proceedings brought in its own name in the superior court of the county in which the city or town is situated.

The proceedings shall be commenced on or before March 1st of that year or on or before such other date in such year as may be fixed by general ordinance, but not before the city or town treasurer has notified by certified mail the persons whose names appear on the current assessment roll as owners of the property charged with the assessments or installments which are delinquent, at the address last known to the treasurer, a notice thirty days before the commencement of the proceedings. If the person whose name appears on the assessment rolls of the county assessor as owner of the property, or whose name appears on the tax rolls of the county treasurer as taxpayer of the property, or the address shown for the owner, differs from that appearing on the city or town assessment roll, then the treasurer shall also mail a copy of the notice to that person or that address.

The notice shall state the amount due, including foreclosure costs, upon each separate lot, tract, or parcel of land and the date after which the proceedings will be commenced. The city or town treasurer shall file with the clerk of the superior court at the time of commencement of the foreclosure proceeding the affidavit of the person who mailed the notices. This affidavit shall be conclusive proof of compliance with the requirements of this section. [2002 c 168 § 1; 1997 c 393 § 1; 1983 c 303 § 18; 1982 c 91 § 1; 1981 c 323 § 6; 1965 c 7 § 35.50.030. 35.50.040 Entire assessment, foreclosure of. When the local improvement assessment is payable in installments, the enforcement of the lien of any installment shall not prevent the enforcement of the lien of any subsequent installment.

A city or town may by general ordinance provide that upon failure to pay any installment due the entire assessment shall become due and payable and the collection thereof enforced by foreclosure: PROVIDED, That the payment of all delinquent installments together with interest, penalty, and administrative costs at any time before entry of judgment in foreclosure shall extend the time of payment on the remainder of the assessments as if there had been no delinquency or foreclosure. Where foreclosure of two installments of the same assessment on any lot, tract, or parcel is sought, the city or town treasurer shall cause such lot, tract, or parcel to be dismissed from the action, if the installment first delinquent together with interest, penalty, administrative costs, and charges is paid at any time before sale. [1997 c 393 § 2; 1965 c 7 § 35.50.040. Prior: (i) 1933 c 9 § 1, part; 1927 c 275 § 5, part; 1919 c 70 § 2, part; 1915 c 185 § 1; 1911 c 98 §§ 34, 36, part; RRS § 9386, part. 35.50.050 Limitation of foreclosure action. An action to collect a local improvement assessment or any installment thereof or to enforce the lien thereof whether brought by the city or town, or by any person having the right to bring such action must be commenced within ten years after the assessment becomes delinquent or within ten years after the last installment becomes delinquent, if the assessment is payable in installments: PROVIDED, That the time during which payment of principal is deferred as to economically disadvantaged property owners as provided for in RCW 35.43.250 shall not be a part of the time limited for the commencement of action. [1989 c 11 § 6; 1972 ex.s. c 137 § 5; 1965 c 7 § 35.50.050. Prior: 1911 c 98 § 41; RRS § 9394.]

35.50.230 Procedure—Parties and property included. All or any of the lots, tracts, or parcels of land or other property upon which local improvement assessments are delinquent under any and all local improvement assessment rolls in the city or town may be proceeded against in the same action. For all lots, tracts, or parcels which contain a residential structure with an assessed value of at least two thousand dollars, all persons owning or claiming to own the property shall be made defendants thereto. 35.50.240 Procedure—Pleadings and evidence. In foreclosing local improvement assessment liens, the assessment roll and the ordinance confirming it, or duly authenticated copies thereof shall be prima facie evidence of the regularity and legality of the proceedings connected therewith and the burden of proof shall be on the defendants. [1982 c 91 § 4; 1965 c 7 § 35.50.240. Prior: 1933 c 9 § 2, part; RRS § 9386-1, part.]

Commencement of actions: Chapter 4.28 RCW.

35.50.260 Procedure—Trial and judgment—Notice of sale. In foreclosing local improvement assessments the action shall be tried to the court without a jury. If the parties interested in any particular lot, tract, or parcel default, the court may enter judgment of foreclosure and sale as to
such parties and lots, tracts, or parcels and the action may proceed as to the remaining defendants and lots, tracts, or parcels. Judgment and order of sale may be entered as to any one or more separate lots, tracts, or parcels involved in the action and the court shall retain jurisdiction to others.

The judgment shall specify separately the amount of the installments with interest, penalty, and all reasonable administrative costs, including, but not limited to, the title searches, chargeable to each lot, tract, or parcel. The judgment shall have the effect of a separate judgment as to each lot, tract, or parcel described in the judgment, and any appeal shall not invalidate or delay the judgment except as to the property concerning which the appeal is taken. In the judgment the court shall order the lots, tracts, or parcels therein described sold by the city or town treasurer or by the county sheriff and an order of sale shall issue pursuant thereto for the enforcement of the judgment.

In all other respects, the trial, judgment, and appeals to the supreme court or the court of appeals shall be governed by the statutes governing the foreclosure of mortgages on real property.

Prior to the sale of the property, if the property is shown on the property tax rolls under unknown owner or if the property contains a residential structure having an assessed value of two thousand dollars or more, the treasurer shall order or conduct a title search of the property to determine the record title holders and all persons claiming a mortgage, deed of trust, or mechanic’s, laborer’s, materialmen’s, or vendor’s lien on the property.

At least thirty days prior to the sale of the property, a copy of the notice of sale shall be mailed by certified and regular mail to all defendants in the foreclosure action as to that parcel, lot, or tract and, if the owner is unknown or the property contains a residential structure having an assessed value of two thousand dollars or more, a copy of the notice of sale shall be mailed by regular and certified mail to any additional record title holders and persons claiming a mortgage, deed of trust, or mechanic’s, laborer’s, materialmen’s, or vendor’s lien on the property.

In all other respects the procedure for sale shall be conducted in the same manner as property tax sales described in RCW 84.64.080. [1997 c 393 § 3; 1983 c 303 § 21; 1982 c 91 § 7; 1971 c 81 § 93; 1965 c 7 § 35.50.260. Prior: 1933 c 9 § 2, part; RRS § 9386-1, part.]

**35.51.010 Definitions.** The definitions set forth in this section apply throughout this chapter.

1. "Local improvement district" means any local improvement district, local utility district, or any other similar special assessment district.

2. "Municipality" means any city, town, county, metropolitan municipal corporation, or any other municipal corporation or quasi-municipal corporation of the state of Washington authorized to order local improvements, to establish local improvement districts, and to levy special assessments on property specially benefited thereby to pay the expense of the improvements.

3. "Permissible floor area" means the maximum total floor area, at grade and above and below grade, of a building or other structure that may lawfully be developed on a property.

4. "Private land use restriction" means any restriction on the use of property imposed by agreement and enforceable by a court of law and that the legislative authority of a municipality determines is useful in measuring special benefits to a property from an improvement. Such restrictions include but are not limited to easements, covenants, and equitable servitudes that are not mere personal obligations.

5. "Public land use restriction" means any restriction on the use of property imposed by federal, state, or local laws, regulations, ordinances, or resolutions. Such restrictions include but are not limited to local zoning ordinances and historic preservation statutes. [1985 c 397 § 5.]

**35.51.020 Joint planning, construction, and operation of improvements.** A municipality may contract with any other municipality, with a public corporation, or with the state of Washington, for the following purposes:

1. To have the acquisition or construction of the whole or any part of an improvement performed by another municipality, by a public corporation, or by the state of Washington;

2. To pay, from assessments on property within a local improvement district or from the proceeds of local improvement district bonds, notes or warrants, the whole or any part of the expense of an improvement ordered, constructed, acquired, or owned by another municipality or a public corporation; or

3. To integrate the planning, financing, construction, acquisition, management, or operation, or any combination thereof, of the improvements of one municipality or a public corporation with the planning, financing, construction,
acquisition, management, or operation, or any combination thereof, of the improvements of another municipality or public corporation on such terms and conditions as may be mutually agreed upon including, but not limited to, the allocation of the costs of the improvements and the allocation of planning, financing, construction, management, operation, or other responsibilities. [1987 c 242 § 5; 1985 c 397 § 6.]

Policy—1987 c 242: See note following RCW 35.43.005.

35.51.030 Alternative or additional method of assessment—Classification of property. (1) As an alternative or in addition to other methods of ascertaining assessments for local improvements, the legislative authority of a municipality may develop and apply a system of classification of properties based upon some or all of the public land use restrictions or private land use restrictions to which such property may be put at the time the assessment roll is confirmed.

(2) The legislative authority of a municipality may classify property into office, retail, residential, public, or any other classifications the legislative authority finds reasonable, and may levy special assessments upon different classes of property at different rates, but in no case may a special assessment exceed the special benefit to a particular property. A municipality also may exempt certain classes of property from assessment if the legislative authority of the municipality determines that properties within such classes will not specially benefit from the improvement.

(3) For each property within a classification, the legislative authority of the municipality may determine the special assessment after consideration of any or all of the following:

(a) Square footage of the property;
(b) Permissible floor area;
(c) Distance from or proximity of access to the local improvement;
(d) Private land use restrictions and public land use restrictions;
(e) Existing facilities on the property at the time the assessment roll is confirmed; and
(f) Any other factor the legislative authority finds to be a reasonable measure of the special benefits to the properties being assessed.

(4) If after the assessment roll is confirmed, the legislative authority of a municipality finds that the lawful uses of any assessed property have changed and that the property no longer falls within its original classification, the legislative authority may, in its discretion, reclassify and reassess such property whether or not the bonds issued to pay any part of the original amount of such assessment, plus a proportionate share of any interest accrued in the reserve fund, shall be credited and applied, respectively, to any nondelinquent portion of the principal of that assessment and any nondelinquent installment interest on that assessment paid by a property owner, but in no event may the principal amount of bonds outstanding exceed the principal amount of assessments outstanding. Whether the payment is made during the thirty-day prepayment period referred to in RCW 35.49.010 and 35.49.020 or thereafter and whenever all or part of a remaining nondelinquent assessment or any nondelinquent installment payment of principal and interest is paid, the reserve fund balance shall be reduced accordingly as each such sum is thus credited and applied to a nondelinquent principal payment and a nondelinquent interest payment. Each payment of a nondelinquent assessment or any nondelinquent installment payment of principal and interest shall be reduced by the amount of the credit. The balance of a reserve fund remaining after payment in full and retirement of all local improvement bonds, notes, warrants, or other short-term obligations secured by such fund shall be transferred to the municipality’s guaranty fund.

Where, before July 26, 1987, a municipality established a reserve fund under this section that did not provide for a credit or reimbursement of the money remaining in the
reserve fund to the owners of the lots, tracts, or parcels of property subject to the assessments, the balance in the reserve fund shall be distributed, after payment in full and retirement of all local improvement district bonds and other obligations secured by the reserve fund, to those owners of the lots, tracts, or parcels of property subject to the assessments at the time the final installment or assessment payment on the lot, tract, or parcel was made. No owner is eligible to receive reimbursement for a lot, tract, or parcel if a lien on an unpaid assessment, or an installment thereon, that was imposed on such property remains in effect at the time the reimbursement is made or was foreclosed on the property. The amount to be distributed to the owners of each lot, tract, or parcel that is eligible for reimbursement shall be equal to the balance in the reserve fund, multiplied by the assessment imposed on the lot, tract, or parcel, divided by the total of all the assessments on the lots, tracts, or parcels eligible for reimbursement. [1987 c 340 § 1; 1985 c 397 § 8.]

35.51.050 Loan agreements—Assessments may be pledged. Assessments for local improvements in a local improvement district created by a municipality may be pledged and applied when collected to the payment of its obligations under a loan agreement entered into under chapter 39.69 RCW to pay costs of improvements in such a local improvement district. [1997 c 426 § 4.]

35.51.900 Authority supplemental—1985 c 397. The authority granted by sections 1 through 8 of this act is supplemental and in addition to the authority granted by Title 35 RCW and to any other authority granted to cities, towns, or municipal corporations to levy special assessments. [1985 c 397 § 12.]

35.51.9001 Authority supplemental—1997 c 426. The authority granted by RCW 35.51.050 is supplemental and in addition to the authority granted by Title 35 RCW and to any other authority granted to cities, towns, or municipal corporations to levy, pledge, and apply special assessments. [1997 c 426 § 5.]

35.51.901 Severability—1985 c 397. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1985 c 397 § 13.]

A city or town may lease or sell and convey any such property held in trust by it, by virtue of the conveyance thereof to it by a local improvement assessment deed. The sale may be public or private and for such price and upon such terms as may be determined by resolution of the council, any provisions of law, charter, or ordinance to the contrary notwithstanding. After first reimbursing any funds which may have advanced moneys on account of any lot, tract, or parcel, all proceeds resulting from lease or sale thereof shall ratably belong and be paid into the funds of the local improvement concerned. [1965 c 7 § 35.53.030. Prior: 1927 c 275 § 4; 1911 c 98 § 32; RRS § 9384.]

35.53.040 Termination of trust in certain property. A city or town which has heretofore acquired or hereafter acquires any property through foreclosure of delinquent assessments for local improvements initiated or proceedings commenced before June 8, 1927, may terminate its trust therein by an action in the superior court, if all the bonds and warrants outstanding in the local improvement district in which the assessments were levied are delinquent. [1965 c 7 § 35.53.040. Prior: 1929 c 142 § 1, part; RRS § 9384-1, part.]

35.53.050 Termination of trust in certain property—Complaint—Allegations. The complaint in any such
action by a city or town to terminate its trust in property acquired at a local improvement assessment sale shall set forth:

(1) The number of the local improvement district or utility local improvement district,
(2) The bonds and warrants owing thereby,
(3) The owners thereof or that the owners are unknown,
(4) A description of the assets of the district with the estimated value thereof,
(5) The amount of the assessments, including penalty and interest, of any other local improvement districts or utility local improvement districts which are a lien upon the same property,
(6) The amount of the bonds and warrants owing by such other districts and the names of the owners thereof unless they are unknown, except where the bonds and warrants are guaranteed by a local improvement guaranty fund or pursuant to any other form of guaranty authorized by law. [1967 c 52 § 23; 1965 c 7 § 35.53.050. Prior: 1929 c 142 § 1, part; RRS § 9384-1, part.]

Construction—Severability—1967 c 52: See notes following RCW 35.43.042.

35.53.060 Termination of trust in certain property—Property—Parties—Summons. Two or more delinquent districts and all property, bonds and warrants therein may be included in one action to terminate the trust.

All persons owning any bonds or warrants of the districts involved in the action or having an interest therein shall be made parties defendant except in cases where the bonds or warrants are guaranteed by a local improvement guaranty fund or pursuant to any other form of guaranty authorized by law.

Summons shall be served as in other actions. Unknown owners and unknown parties shall be served by publication. [1965 c 7 § 35.53.060. Prior: 1929 c 142 § 1, part; RRS § 9384-1, part.]

Commencement of actions: Chapter 4.28 RCW.

35.53.070 Termination of trust in certain property—Receivership—Regulations. In such an action the court after acquiring jurisdiction shall proceed as in the case of a receivership except that the city or town shall serve as trustee in lieu of a receiver.

The assets of the improvement districts involved shall be sold at such prices and in such manner as the court may deem advisable and be applied to the costs and expenses of the action and the liquidation of the bonds and warrants of the districts or revenue bonds to which utility local improvement assessments are pledged to pay.

No notice to present claims other than the summons in the action shall be necessary. Any claim presented shall be accompanied by the bonds and warrants upon which it is based. Dividends upon any bonds or warrants for which no claim was filed shall be paid into the general fund of the city or town, but the owner thereof may obtain it at any time within five years thereafter upon surrender and cancellation of his bonds and warrants.

Upon the termination of the receivership the city or town shall be discharged from all trusts relating to the property, funds, bonds, and warrants involved in the action. [1967 c 52 § 23; 1965 c 7 § 35.53.070. Prior: 1929 c 142 § 1, part; RRS § 9384-1, part.]

35.54.080  Use of fund—Purchase of general tax certificates or property on or after foreclosure—Disposition. For the purpose of protecting the guaranty fund, so much of the guaranty fund as is necessary may be used to purchase certificates of delinquency for general taxes on property subject to local improvement assessments which underlie the bonds, coupons, or warrants guaranteed by the fund, or to purchase such property at county tax foreclosures, or from the county after foreclosure.

After acquiring title to property by purchase at general tax foreclosure sale or from the county after foreclosure, a city or town may lease it or sell it at public or private sale at such price on such terms as may be determined by resolution of the council. All proceeds shall belong to and be paid into the local improvement guaranty fund.

35.54.090  Warrants against fund. Warrants drawing interest at a rate established by the issuing officer under the direction of the legislative authority of the city or town shall be issued against the local improvement guaranty fund to meet any liability accruing against it. 35.54.095  Transfer of assets to general fund—When authorized—Payment of claims as general obligation, when. The net cash of the local improvement guaranty fund may be reduced by such transfer to an amount not less than ten percent of the net outstanding obligations guaranteed by such fund.

RCW 35.43.250 the amount of the deferred assessment shall be paid out of the local improvement guaranty fund. The local improvement guaranty fund shall have a lien on the benefited property in an amount equal to the deferral together with interest as provided for by the establishing ordinance.

The lien may accumulate up to an amount not to exceed the sum of two installments: PROVIDED, That the ordinance creating the local improvement district may provide for one or additional deferrals of up to two installments. Assessments and charges against state lands: Chapter 79.44 RCW.

35.55.010 Authority—Second class cities. If the city council of any city of the second class deems it necessary or expedient on account of the public health, sanitation, the general welfare, or other cause, to fill or raise the grade of any marshlands, swamplands, tidelands, shorelands, or lands commonly known as tideflats, or any other lowlands situated within the limits of the city, and to clear and prepare the lands for such filling, it may do so and assess the expense thereof, including the cost of making compensation for property taken or damaged, and all other costs and expense incidental to such improvement, to the property benefited, except such amount of such expense as the city council may direct to be paid out of the current or general expense fund.

If, in the judgment of the city council the special benefits for any such improvement shall extend beyond the boundaries of the filled area, the council may create an enlarged district which shall include, as near as may be, all the property, whether actually filled or not, which will be specially benefited by such improvement, and in such case the council shall specify and describe the boundaries of such enlarged district in the ordinance providing for such improvement and shall specify that such portion of the total cost and expense of such improvement as may not be borne by the current or general expense fund, shall be distributed and assessed against all the property of such enlarged district. [1994 c 81 § 57; 1965 c 7 § 35.55.010. Prior: 1917 c 63 § 1; 1909 c 147 § 1; RRS § 9432.]

35.55.020 Alternative methods of financing. If the city council desires to make any improvement authorized by the provisions of this chapter it shall provide therefor by ordinance and unless the ordinance provides that the improvement shall be paid for wholly or in part by special assessments upon the property benefited, compensation therefor shall be made from any general funds of the city applicable thereto. If the ordinance provides that the improvement shall be paid for wholly or in part by special assessments upon property benefited, the proceedings for the making of the special assessments shall be as hereinafter provided. [1965 c 7 § 35.55.020. Prior: 1909 c 147 § 2, part; RRS § 9433, part.]

Special assessments or taxation for local improvements: State Constitution Art. 7 § 9.

35.55.030 Boundaries—Excepted property. Such ordinance shall specify the boundaries of the proposed improvement district and shall describe the lands which it is proposed to assess for said improvement. If any parcel of land within the boundaries of such proposed improvement district has been wholly filled to the proposed grade elevation of the proposed fill, such parcel of land may be excluded from the lists of lands to be assessed, when in the opinion of the city council justice and equity require its exclusion. The boundaries of any improvement district may be altered so as to exclude land therefrom at any time up to the levying of the assessment but such changing of the boundaries shall be by ordinance. [1965 c 7 § 35.55.030. Prior: 1909 c 147 § 2, part; RRS § 9433, part.]
35.55.040  Damages—Eminent domain. If an ordinance has been passed as in this chapter provided, and it appears that in making of the improvement so authorized, private property will be taken or damaged thereby, the city shall file a petition in the superior court of the county in which such city is situated, in the name of the city, praying that just compensation to be made for the property to be taken or damaged for the improvement specified in the ordinance be ascertained, and conduct proceedings in eminent domain in accordance with the statutes relating to cities for the ascertaining of the compensation to be made for the taking and damaging of property, except insofar as the same may be inconsistent with this chapter.

The filling of unimproved and uncultivated lowlands of the character mentioned in RCW 35.55.010 shall not be considered as damaging or taking of such lands. The damage if any, done to cultivated lands or growing crops thereon, or to buildings and other improvements situated within the district proposed to be filled, shall be ascertained and determined in the manner above provided; but no damage shall be awarded to any property owner for buildings or improvements placed upon lands included within said district after the publication of the ordinance defining the boundaries of the proposed improvement district: PROVIDED, That the city shall after the passage of such ordinance, proceed with said improvement with due diligence. If the improvement is to be made at the expense of the property benefited, no account shall be taken of benefits by the jury or court in assessing the amount of compensation to be made to the owner of any property within such district, but such compensation shall be assessed without regard to benefits to the end that said property for which damages may be so awarded, may be assessed the same as other property within the district for its just share and proportion of the expense of making said improvement, and the fact that compensation has been awarded for the damaging or taking of any parcel of land shall not preclude the assessment of such parcel of land for its just proportion of said improvement. [1965 c 7 § 35.55.040. Prior: 1909 c 147 § 3; RRS § 9434.]

35.55.050  Estimates—Plans and specifications. At the time of the initiation of the proceedings for any improvement as contemplated by this chapter, or at any time afterward, the city council shall cause plans and specifications for said improvement to be prepared and shall cause an estimate to be made of the cost and expense of making said improvement, including the cost of supervision and engineering, abstractor’s fees, interest and discounts and all other expenses incidental to said improvement, including an estimate of the amount of damages for property taken or damaged, which plans, specifications and estimates shall be approved by the city council. [1965 c 7 § 35.55.050. Prior: 1909 c 147 § 4; RRS § 9435.]

35.55.060  Assessment roll—Items—Assessment units—Installments. When such plans and specifications have been prepared and the estimates of the cost and expense of making the improvement have been adopted by the council and when an estimate has been made of the compensation to be paid for property damaged or taken, either before or after the compensation has been ascertained in the eminent domain proceedings, the city council shall cause an assessment roll to be prepared containing a list of all of the property within the improvement district which it is proposed to assess for the improvement, together with the names of the owners, if known, and if unknown the property shall be assessed to an unknown owner, and opposite each description shall be set the amount assessed to such description.

When so ordered by the council, the entire amount of compensation paid or to be paid for property damaged or taken, including all of the costs and expenses incidental to the condemnation proceedings together with the entire cost and expense of making the improvement, may be assessed against the property within the district subject to assessment, but the council may order any portion of the costs paid out of the current or general expense fund of the city.

The assessments shall be made according to and in proportion to surface area one square foot of surface to be the unit of assessment, except that the several parcels of land in any enlarged district not actually filled shall be assessed in accordance with special benefits: PROVIDED, That where any parcel of land was partially filled by the owner prior to the initiation of the improvement, an equitable deduction for such partial filling may be allowed.

The cost and expense incidental to the filling of the streets, alleys and public places within such assessment district shall be borne by the private property within such district subject to assessment when so ordered by the council. When the assessments are payable in installments, the assessment roll when equalized, shall show the number of installments and the amounts thereof. The assessments may be made payable in any number of equal annual installments not exceeding ten in number. [1965 c 7 § 35.55.060. Prior: 1917 c 63 § 2; 1909 c 147 § 5; RRS § 9436.]

35.55.070  Hearing on assessment roll—Notice—Council’s authority. When such assessment roll has been prepared it shall be filed in the office of the city clerk and thereupon the city clerk shall give notice by publication in at least three issues of the official paper that such roll is on file in his office and that at a date mentioned in said notice, which shall be at least twenty days after the date of the first publication thereof, the city council will sit as a board of equalization to equalize said roll and to hear, consider and determine protests and objections against the same.

At the time specified in the notice, the city council shall sit as a board of equalization to equalize the roll and they may adjourn the sitting from time to time until the equalization of such roll is completed. The city council as board of equalization may hear, consider and determine objections and protests against any assessment and may make such alterations and modifications in the assessment roll as justice and equity may require. [1965 c 7 § 35.55.070. Prior: 1909 c 147 § 6; RRS § 9437.]

35.55.080  Hearings—Appellate review. Any person who has made objections to the assessment as equalized, shall have the right to appeal from the equalization as made by the city council to the superior court of the county. The
appeal shall be made by filing a written notice of appeal with the city clerk within ten days after the equalization of the assessments by the council. The notice of appeal shall describe the property and the objections of such appellant to such assessment.

The appellant shall also file with the clerk of the superior court within ten days from the time of taking the appeal a copy of the notice of appeal together with a copy of the assessment roll and proceedings thereon, certified by the city clerk and a bond to the city conditioned to pay all costs that may be awarded against appellant in such sum not less than two hundred dollars and with such security as shall be approved by the clerk of the court.

The case shall be docketed by the clerk of the court in the name of the person taking the appeal as plaintiff and the city as defendant. The cause shall then be at issue and shall be tried immediately by the court as in the case of equitable causes; no further pleadings shall be necessary. The judgment of the court shall be either to confirm, modify or annul the assessment insofar as the same affects the property of the appellant. Appellate review of the superior court’s decision may be sought as in other causes. [1988 c 202 § 38; 1971 c 81 § 94; 1965 c 7 § 35.55.080. Prior: 1909 c 147 § 7; RRS § 9438.]

### 35.55.090 Lien—Collection of assessments.

From and after the equalization of the roll, the several assessments therein shall become a lien upon the real estate described therein and shall remain a lien until paid. The assessment lien shall take precedence of all other liens against such property, except the lien of general taxes. The assessments shall be collected by the same officers and enforced in the same manner as provided by law for the collection and enforcement of local assessments for street improvements. All of the provisions of laws and ordinances relative to the enforcement and collection of local assessments for street improvements shall be applicable to these assessments. [1965 c 7 § 35.55.090. Prior: 1909 c 147 § 8; RRS § 9439.]

Assessments for local improvements, collection and foreclosure: Chapters 35.49, 35.50 RCW.

### 35.55.100 Interest on assessments.

The local assessments shall bear interest at such rate as may be fixed by the council after the expiration of thirty days after the equalization of the assessment roll and shall bear such interest after delinquency as may be provided by general ordinance of the city. [1981 c 156 § 3; 1965 c 7 § 35.55.100. Prior: 1909 c 147 § 12, part; RRS § 9443, part.]

### 35.55.110 Payment of cost of improvement—Interest on warrants.

If the improvement contemplated by this chapter is ordered to be made upon the immediate payment plan, the city council shall provide for the payment thereof by the issuance of local improvement fund warrants against the local improvement district, which warrants shall be paid only out of the funds derived from the local assessments in the district and shall bear interest at a rate determined by the city council from date of issuance. If the improvement is ordered to be made upon the bond install-

35.55.120 Local improvement bonds—Terms.

The city council shall have full authority to provide for the issuance of bonds against the improvement district fund in such denominations as the city council may provide which shall bear such rate of interest as the city council may fix. Interest shall be paid annually and the bonds shall become due and payable at such time, not exceeding ten years from the date thereof, as may be fixed by the council and shall be payable out of the local assessment district fund.

If so ordered by the council, the bonds may be issued in such a way that different numbers of the bonds may become due and payable at different intervals of time, or they may be so issued that all of the bonds against said district mature together. [1981 c 156 § 5; 1965 c 7 § 35.55.120. Prior: 1909 c 147 § 10, part; RRS § 9441, part.]

### 35.55.130 Local improvement bonds—Guaranties.

The city may guarantee the payment of the whole or any part of the bonds issued against a local improvement district, but the guaranties on the part of the city, other than a city operating under the council-manager form or the commission form, shall be made only by ordinance passed by the vote of not less than nine councilmembers and the approval of the mayor in noncharter code cities that retained the old second class city plan of government with twelve council positions, and six councilmembers and approval of the mayor in cities of the second class. In a city under the council-manager form of government, such guaranties shall be made only in an ordinance passed by a vote of three out of five or five out of seven councilmembers, as the case may be, and approval of the mayor. In a city under the commission form of government, such guaranties shall be made only in an ordinance passed by a vote of two out of three of the commissioners. The mayor’s approval shall not be necessary in commission form cities. [1994 c 81 § 58; 1965 c 7 § 35.55.130. Prior: 1909 c 147 § 10, part; RRS § 9441, part.]

### 35.55.140 Local improvement bonds and warrants—Sale to pay damages, preliminary financing.

The city council may negotiate sufficient warrants or bonds against any local improvement district at a price not less than ninety-five percent of their par value to raise sufficient money to pay any and all compensation which may be awarded for property damaged or taken in eminent domain proceedings including the costs of such proceedings. In lieu of so doing, the city council may negotiate current or general expense fund warrants at par to raise funds for the payment of such compensation and expenses in the first instance, but in that event the current or general expense fund shall be reimbursed out of the first moneys collected in any such local assessment district or realized from the negotiation or sale of local improvement warrants or bonds. [1965 c 7 § 35.55.140. Prior: 1909 c 147 § 11; RRS § 9442.]
35.55.150 Local improvement fund—Investment. If money accumulates in an improvement fund and is likely to lie idle awaiting the maturity of the bonds against the district, the city council, under proper safeguards, may invest it temporarily, or may borrow it temporarily, at a reasonable rate of interest, but when so invested or borrowed, the city shall be responsible and liable for the restoration to such fund of the money so invested or borrowed with interest thereon, whenever required for the redemption of bonds maturing against such district. [1965 c 7 § 35.55.150. Prior: 1909 c 147 § 15; RRS § 9446.]

35.55.160 Letting contract for improvement—Excess or deficiency of fund. The contract for the making of the improvement may be let either before or after the making up of the equalization of the assessment roll, and warrants, or bonds may be issued against the local improvement district fund either before or after the equalization of the roll as in the judgment of the council may best subserve the public interest.

If, after the assessment roll is made up and equalized, based in whole or in part upon an estimate of the cost of the improvement, and it is found that the estimate was too high, the excess shall be rebated pro rata to the property owners on the assessment roll, the rebates to be deducted from the last installment, or installments, when the assessment is upon the installment plan.

If it is found that the estimated cost was too low and that the actual bona fide cost of the improvement is greater than the estimate, the city council, after due notice and a hearing, as in case of the original equalization of the roll, may add the required additional amount to the assessment roll to be apportioned among the several parcels of property upon the same rules and principles as if it had been originally included, except that the additional amount shall be added to the last installment of an assessment if assessments are payable upon the installment plan. The same notice shall be required for adding to the assessment roll in this manner as is required for the original equalization of the roll, and the property owner shall have the right of appeal. [1965 c 7 § 35.55.160. Prior: 1909 c 147 § 13; RRS § 9444.]

35.55.170 Payment of contractor—Bonds, warrants, cash. The city council may provide in letting the contract for an improvement, that the contractor shall accept special fund warrants or local improvement bonds against the local improvement district within which such improvement is to be made, in payment for the contract price of the work, and that the warrants or bonds may be issued to the contractor from time to time as the work progresses, or the city council may negotiate the special fund warrants or bonds against the local improvement district at not less than ninety-five cents in money for each dollar of warrants or bonds, and with the proceeds pay the contractor for the work and pay the other costs of such improvement. [1965 c 7 § 35.55.170. Prior: 1909 c 147 § 14; RRS § 9445.]

35.55.180 Reassessments. If any assessment is found to be invalid for any cause or if it is set aside for any reason in judicial proceeding, a reassessment may be made and all laws relative to the reassessment of local assessments, for street or other improvements, shall, as far as practicable, be applicable hereto. [1965 c 7 § 35.55.180. Prior: 1909 c 147 § 16; RRS § 9447.]

35.55.190 Provisions of chapter not exclusive. The provisions of this chapter shall not be construed as repealing or in any wise affecting any existing laws relative to the making of any such improvements, but shall be considered as concurrent therewith. [1965 c 7 § 35.55.190. Prior: 1909 c 147 § 17; RRS § 9448.]

Assessments and charges against state lands: Chapter 79.44 RCW.

35.56.010 Authority—First and second class cities. If the city council or commission of any city of the first or second class in this state deems it necessary or expedient on account of the public health, sanitation, the general welfare, or other cause, to fill or raise the grade or elevation of any marshlands, swamplands, tidelands or lands commonly known as tidelands, or any other lands situated within the limits of such city and to clear and prepare said lands for such filling it may do so by proceeding in accordance with the provisions of this chapter.

For the purpose of filling and raising the grade or elevation of such lands and to secure material therefor and to provide for the proper drainage thereof after such fill has been effected, the city council or commission may acquire rights of way (and where necessary or desirable, may vacate,
use and appropriate streets and alleys for such purposes) and lay out, build, construct and maintain over and across such lowlands, canals or artificial waterways of at least sufficient width, depth and length to provide and afford the quantity of earth, dirt and material required to complete such fill, and with the earth, dirt and material removed in digging and constructing such canals and waterways, fill and raise the grade or elevation of such marshlands, swamplands, tidal-lands or tidelifts; and such canals or waterways shall be constructed of such width and depth (provided that all the earth, dirt and other suitable material removed in constructing the same shall be used to fill the lowlands as herein provided) as will make them available, convenient and suitable to provide water frontage for landings, wharves and other conveniences of navigation and commerce for the use and benefit of the city and the public. If canals or waterways are to be constructed as herein provided, such city may construct and maintain the necessary bridges over and across the same; such canals or waterways shall be forever under the control of such city and shall be and become public thoroughfares and waterways for the use and benefit of commerce, shipping, the city and the public generally.

The expense of making such improvement and in doing, accomplishing and effecting all the work provided for in this chapter including the cost of making compensation for property taken or damaged, and all other cost and expense incidental to such improvement, shall be assessed to the property benefited, except such amount of such expense as the city council or commission, in its discretion, may direct to be paid out of the current or general expense fund. [1994 c 81 § 59; 1965 c 7 § 35.56.010. Prior: 1929 c 63 § 1; 1913 c 16 § 1; RRS § 9449.]

35.56.020 Alternative methods of financing. If the city council or commission desires to make any improvement authorized by the provisions of this chapter it shall provide therefor by ordinance and unless the ordinance provides that the improvement shall be paid for wholly or in part by special assessment upon the property benefited, compensation therefor shall be made from any general or special funds of the city applicable thereto. If the ordinance provides that the improvement shall be paid for wholly or in part by special assessments upon property benefited, the proceedings for the making of such special assessment shall be as hereafter provided. [1965 c 7 § 35.56.020. Prior: 1913 c 16 § 2; part; RRS § 9450, part.]

Special assessments or taxation for local improvements: State Constitution Art. 7 § 9.

35.56.030 Boundaries—Excepted property. Such ordinance shall specify the boundaries of the proposed improvement district and shall describe the lands which it is proposed to assess for said improvement, and shall provide for the filling of such lowlands and shall outline the general scheme or plan of such fill. If any parcel of land within the boundaries of such proposed improvement district prior to the initiation of the improvement has been wholly filled to the proposed grade or elevation of the proposed fill, such parcel of land may be excluded from the lands to be assessed when in the opinion of the city council or commission justice and equity require its exclusion. The boundaries of any improvement district may be altered so as to exclude land therefrom at any time up to the levying of the assessment but such changing of the boundaries shall be by ordinance. [1965 c 7 § 35.56.030. Prior: 1913 c 16 § 2, part; RRS § 9450, part.]

35.56.040 Conditions precedent to passage of ordinance—Protests. Upon the introduction of an ordinance providing for such fill, if the city council or commission desires to proceed, it shall fix a time, not less than ten days, in which protests against said fill may be filed in the office of the city clerk. Thereupon it shall be the duty of the clerk of said city to publish in the official newspaper of said city in at least two consecutive issues thereof before the time fixed for the filing of protests, a notice of the time fixed for the filing of protests together with a copy of the proposed ordinance as introduced.

Protests against the proposed fill to be effective must be filed by the owners of more than half of the area of land situated within the proposed filling district exclusive of streets, alleys and public places on or before the date fixed for such filing. If an effective protest is filed the council shall not proceed further unless two-thirds of the members of the city council vote to proceed with the work; if the city is operating under a commission form of government composed of three commissioners, the commission shall not proceed further except by a unanimous affirmative vote of all the members thereof, if the commission is composed of five members, at least four affirmative votes thereof shall be necessary before proceeding.

If no effective protest is filed or if an effective protest is filed and two-thirds of the councilmen vote to proceed with the work or in cases where cities are operating under the commission form of government, the commissioners vote unanimously or four out of five commissioners vote to proceed with the work, the city council or commission shall at such meeting or in a succeeding meeting proceed to pass the proposed ordinance for the work, with such amendments and modifications as to the said city council or commission of said city may seem proper. The local improvement district shall be called "filling district No. ...." [1965 c 7 § 35.56.040. Prior: 1913 c 16 § 2; part; RRS § 9450, part.]

35.56.050 Damages—Eminent domain. If an ordinance is passed as in this chapter provided, and it appears that in making of the improvements so authorized, private property will be taken or damaged thereby within or without the city, the city shall file a petition in the superior court of the county in which such city is situated, in the name of the city, praying that just compensation be made for the property to be taken or damaged for the improvement specified in the ordinance and conduct proceedings in eminent domain in accordance with the statutes relating to cities for the ascertainment of the compensation to be made for the taking and damaging of property, except insofar as the same may be inconsistent with this chapter.

The filling of unimproved and uncultivated lowlands of the character mentioned in RCW 35.56.010 shall not be considered as a damaging or taking of such lands. The damage, if any, done to cultivated lands or growing crops thereon, or to buildings and other improvements situated...
within the district proposed to be filled shall be ascertained and determined in the manner above provided; but no damage shall be awarded to any property owner for buildings or improvements placed upon lands included within said district after the publication of the ordinance defining the boundaries of the proposed improvement district. PROVIDED, That the city shall, after the passage of such ordinance, proceed with said improvement with due diligence. If the improvement is to be made at the expense of the property benefited, no account shall be taken of benefits to the jury or court in assessing the amount of compensation to be made to the owner of any property within such district, but such compensation shall be assessed without regard to benefits to the end that said property for which damages may be so awarded, may be assessed the same as other property within the district for its just share and proportion of the expense of making said improvement, and the fact that compensation has been awarded for the damaging or taking of any parcel of land shall not preclude the assessment of damages to any property owner for building or improvements placed upon lands included within said district. PROVIDED, That where any parcel of land was wholly or partially filled by the owner prior to the initiation of the improvement an equitable deduction for such filling or partial filling may be allowed.

The cost and expense incidental to the filling of the streets, alleys and public places within said assessment district shall be borne by the private property within such district subject to assessment when so ordered by the city council or commission. When the assessments are payable in installments, the assessment roll when equalized shall show the number of installments and the amounts thereof. The assessment may be made payable in any number of equal annual installments not exceeding fifteen in number. [1965 c 7 § 35.56.070. Prior: 1913 c 16 § 5; RRS § 9453.]

35.56.080  Hearing on assessment roll—Notice—Council's authority. When such assessment roll has been prepared it shall be filed in the office of the city clerk and thereupon the city clerk shall give notice by publication in at least three issues of the official paper that such roll is on file in his office and on a date mentioned in said notice, which shall be at least twenty days after the date of the first publication thereof, the city council or commission will sit as a board of equalization to equalize said roll and to hear, consider and determine protests and objections against the same.

At the time specified in the notice, the city council or commission shall sit as a board of equalization to equalize the roll and they may adjourn the sitting from time to time until the equalization of such roll is completed. The city council or commission as such board of equalization may hear, consider and determine objections and protests against any assessment and make such alterations and modifications in the assessment roll as justice and equity may require. [1965 c 7 § 35.56.080. Prior: 1913 c 16 § 6; RRS § 9454.]

35.56.090  Hearing—Appellate review. Any person who has made objections to the assessment as equalized, shall have the right to appeal from the equalization as made by the city council or commission to the superior court of the county. The appeal shall be made by filing a written notice of appeal with the city clerk within ten days after the equalization of the assessments by the council or commission. The notice of appeal shall describe the property and the objections of such appellant to such assessment.

The appellant shall also file with the clerk of the superior court within ten days from the time of taking the appeal a copy of the notice of appeal together with a copy of the assessment roll and proceedings thereon, certified by the city clerk and a bond to the city conditioned to pay all costs that may be awarded against appellant in such sum not less than two hundred dollars, and with such security as shall be approved by the clerk of the court.

The case shall be docketed by the clerk of the court in the name of the person taking the appeal as plaintiff, and the city as defendant. The cause shall then be at issue and shall be tried immediately by the court as in the case of equitable

causes; no further pleadings shall be necessary. The judgment of the court shall be either to confirm, modify or annul the assessment as in other causes. [1988 c 202 § 39; 1971 c 81 § 95; 1965 c 7 § 35.56.090. Prior: 1913 c 16 § 7; RRS § 9455.]

35.56.100 Lien—Collection of assessments. From and after the equalization of the roll, the several assessments therein shall become a lien upon the real estate described therein and shall remain a lien until paid. The assessment lien shall take precedence of all other liens against such property, except the lien of general taxes. The assessments shall be collected by the same officers and enforced in the same manner as provided by law for the collection and enforcement of local assessments for street improvements. All of the provisions of laws and ordinances relative to the guaranty, enforcement, and collection of local assessments for street improvements, including foreclosure in case of delinquency, shall be applicable to these assessments. [1965 c 7 § 35.56.100. Prior: 1929 c 63 § 2; 1913 c 16 § 8; RRS § 9460.]

Assessments for local improvements, collection and foreclosure: Chapters 35.49, 35.50 RCW.

35.56.110 Interest on assessments. The local assessments shall bear interest at such rate as may be fixed by the council or commission from and after the expiration of thirty days after the equalization of the assessment roll and shall bear such interest after delinquency as may be provided by general ordinance of the city. [1981 c 156 § 6; 1965 c 7 § 35.56.110. Prior: 1929 c 63 § 3; 1913 c 16 § 12; RRS § 9460.]

35.56.120 Payment of cost of improvement—Interest on warrants. If the improvement contemplated by this chapter is ordered to be made upon the immediate payment plan, the city council or commission shall provide for the payment thereof by the issuance of local improvement fund warrants against the local improvement district, which warrants shall be paid only out of the funds derived from the local assessments in the district and shall bear interest at a rate determined by the city council or commission from date of issuance. If the improvement is ordered to be made upon the bond installment plan, the city council or commission shall provide for the issuance of bonds against the improvement district. [1981 c 156 § 7; 1965 c 7 § 35.56.120. Prior: 1913 c 16 § 9; RRS § 9457.]

35.56.130 Local improvement bonds—Terms. The city council or commission shall have full authority to provide for the issuance of such bonds against the improvement district fund in such denominations as the city council or commission may provide, which shall bear such rate of interest as the city council or commission may fix. Interest shall be paid annually and the bonds shall become due and payable at such time, not exceeding fifteen years from the date thereof, as may be fixed by the said council or commis-

sion and shall be payable out of the assessment district funds.

If so ordered by the council or commission, the bonds may be issued in such a way that different numbers of the bonds may become due and payable at different intervals of time, or they may be so issued that all of the bonds against said district mature together. The city may reserve the right to call or mature any bond on any interest paying date when sufficient funds are on hand for its redemption; but bonds shall be called in numerical order. [1981 c 156 § 8; 1965 c 7 § 35.56.130. Prior: 1913 c 16 § 10, part; RRS § 9458, part.]

35.56.140 Local improvement bonds—Guaranties. The city may guarantee the payment of the whole or any part of the bonds issued against a local improvement district, but the guaranties on the part of the city shall be made only by ordinance passed by the vote of not less than two-thirds of the councilmen and the approval of the mayor, or three commissioners in case the governing body consist of three commissioners, or four where such city is governed by five commissioners. [1965 c 7 § 35.56.140. Prior: 1913 c 16 § 10, part; RRS § 9458, part.]

35.56.150 Local improvement bonds and warrants—Sale to pay damages—Preliminary financing. The city council or commission may negotiate sufficient warrants or bonds against any local improvement district at a price not less than ninety-five percent of their par value to raise sufficient money to pay any and all compensation which may be awarded for property damaged or taken in the eminent domain proceedings, including the costs of such proceedings. In lieu of so doing, the city council or commission may negotiate current or general expense fund warrants at par to raise funds for the payment of such compensation and expenses in the first instance, but in that event the current or general expense fund shall be reimbursed out of the first moneys collected in any such local assessment district or realized from the negotiation or sale of local improvement warrants or bonds. [1965 c 7 § 35.56.150. Prior: 1913 c 16 § 11; RRS § 9459.]

35.56.160 Local improvement fund—Investment. If money accumulates in an improvement fund and is likely to lie idle waiting the maturity of the bonds against the district, the city council or commission, under proper safeguards, may invest it temporarily, or may borrow it temporarily, at a reasonable rate of interest, but when so invested or borrowed, the city shall be responsible and liable for the restoration of such fund of the money so invested or borrowed with interest thereon, whenever required for the redemption of bonds maturing against such district. [1965 c 7 § 35.56.160. Prior: 1913 c 16 § 15; RRS § 9463.]

35.56.170 Letting contracts for improvement—Excess or deficiency of fund. The contract for the making of the improvement may be let either before or after the making up of the equalization of the assessment roll, and warrants or bonds may be issued against the local improvement district fund either before or after the equalization of
the roll as in the judgment of the council or commission may best subserve the public interest.

If after the assessment roll is made up and equalized, based in whole or in part upon an estimate of the cost of the improvement, and it is found that the estimate was too high, the excess shall be rebated pro rata to the property owners on the assessment roll, the rebates to be deducted from the last installment, or installments, when the assessment is upon the installment plan.

If it is found that the estimated cost was too low and that the actual bona fide cost of the improvement is greater than the estimate, the city council or commission after due notice and a hearing, as in case of the original equalization of the roll, may add the required additional amount to the assessment roll to be apportioned among the several parcels of property upon the same rules and principles as if it had been originally included except that the additional amount shall be added to the last installment of an assessment if assessments are payable upon the installment plan. The same notice shall be required for adding to the assessment roll in this manner as is required for the original equalization of the roll, and the property owner shall have the right of appeal. [1965 c 7 § 35.56.170. Prior: 1913 c 16 § 13; RRS § 9461.]

### 35.56.180 Payment of contractor—Bonds—Warrants—Cash

The city council or commission may provide in letting the contract for an improvement, that the contractor shall accept special fund warrants or local improvement bonds against the local improvement district within which such improvement is to be made, in payment for the contract price of the work, and that the warrants or bonds may be issued to the contractor from time to time as the work progresses, or the city council or commission may negotiate the special fund warrants or bonds against the local improvement district at not less than ninety-five cents in money for each dollar of warrants or bonds, and with the proceeds pay the contractor for the work and pay the other costs of such improvement. [1965 c 7 § 35.56.180. Prior: 1913 c 16 § 14; RRS § 9462.]

### 35.56.190 Tax levy—General—Purposes—Limit

For the purpose of raising revenues to carry on any project under this chapter including funds for the payment for the lands taken, purchased, acquired or condemned and the expenses incident to the acquiring thereof, or any other cost or expenses incurred by the city under the provisions of this chapter but not including the cost of actually filling the lands for which the local improvement district was created, a city may levy an annual tax of not exceeding seventy-five cents per thousand dollars of assessed valuation of all property within the city. The city council or commission may create a fund into which all moneys so derived from taxation and moneys derived from rents and issues of the lands shall be paid and against which special fund warrants may be drawn or negotiable bonds issued to meet expenditures under this chapter. [1973 1st ex.s. c 195 § 22; 1965 c 7 § 35.56.190. Prior: 1913 c 16 § 19; RRS § 9467.]

Severability—Effective dates—Construction—1973 1st ex.s. c 195: See notes following RCW 84.52.043.

### 35.56.200 Waterways constructed—Requirements

In the filling of any marshland, swampland, tideland or tidelands no canal or waterway shall be constructed in connection therewith less than three hundred feet wide at the top between the shore lines and with sufficient slope to the sides or banks thereof to as nearly as practicable render bulkheadings or other protection against caving or falling in of said sides or banks unnecessary and of sufficient depth to meet all ordinary requirements of navigation and commerce. [1965 c 7 § 35.56.200. Prior: 1913 c 16 § 17, part; RRS § 9465, part.]

### 35.56.210 Waterways constructed—Control

The canal or waterway shall be and remain under the control of the city and immediately upon its completion the city shall establish outer dock lines lengthwise of said canal or waterway on both sides thereof in such manner and position that not less than two hundred feet of the width thereof shall always remain open between such lines and beyond and between which lines no right shall ever be granted to build wharves or other obstructions except bridges; nor shall any permanent obstruction to the free use of the channel so laid out between said wharf or dock lines excepting bridges, their approaches, piers, abutments and spans, ever be permitted but the same shall be kept open for navigation. [1965 c 7 § 35.56.210. Prior: 1913 c 16 § 17, part; RRS § 9465, part.]

### 35.56.220 Waterways constructed—Leasing facilities

The city shall have the right to lease the area so created between the said shore lines and the wharf lines so established or any part, parts or parcels thereof during times when the use thereof is not required by the city, for periods not exceeding thirty years, to private individuals or concerns for wharf, warehouse or manufacturing purposes at such annual rate or rental per lineal foot of frontage on the canal or waterway as it may deem reasonable.

The rates of wharfage, and other charges to the public which any lessee may impose shall be reasonable; and the city council or commission may regulate such rates. The lease so granted by the city shall never be transferred or assigned without the consent of the city council or commission having been first obtained.

A city shall never lease to any individual or concern more than four hundred lineal feet of frontage of the area lying between the shore lines and the dock lines and no individual or concern shall ever hold or occupy by lease, sublease or otherwise more than the said four hundred lineal feet of frontage of such area: PROVIDED, That any individual or concern may acquire by lease or sublease whatever additional number of lineal feet of frontage of such area may in the judgment of the city council or commission be necessary for the use of such individual or concern, upon petition therefor to the city council or commission signed by not less than five hundred resident freeholders of the city. [1965 c 7 § 35.56.220. Prior: 1913 c 16 § 17, part; RRS § 9465, part.]

### 35.56.230 Waterway shoreline front—Lessee must lease abutting property

If the city owns the land abutting upon any part of the area between the shore lines and dock lines, no portion of the area which has city owned property
abutting upon it shall ever be leased unless an equal frontage of the abutting property immediately adjoining it is leased at the same time for the same period to the same individual or concern. [1965 c 7 § 35.56.230. Prior: 1913 c 16 § 17, part; RRS § 9465, part.]

35.56.240 Waterways constructed—Acquisition of abutting property. While acquiring the rights of way for such canals or waterways or at any time thereafter such city may acquire for its own use and public use by purchase, gift, condemnation or otherwise, and pay therefor by any lawful means including but not restricted to payment out of the current expense fund of such city or by bonding the city or by pledging revenues to be derived from rents and issues therefrom, lands abutting upon the shore lines or right-of-way of such canals or waterways to a distance, depth or width of not more than three hundred feet back from the banks or shore lines of such canals or waterways on either side or both sides thereof, or not more than three hundred lineal feet back from and abutting on the outer lines of such rights-of-way on either side or both sides of such rights-of-way, and such area of such abutting lands as the council or commission may deem necessary for its use for public docks, bridges, wharves, streets and other conveniences of navigation and commerce and for its own use and benefit generally. [1965 c 7 § 35.56.240. Prior: 1913 c 16 § 18, part; RRS § 9466, part.]

35.56.250 Waterways—Abutting city owned lands—Lease of. If the city is not using the abutting lands so acquired it may lease any parcels thereof as may be deemed for the best interest and convenience of navigation, commerce and the public interest and welfare to private individuals or concerns for terms not exceeding thirty years each at such annual rate or rental as the city council or commission of such city may deem just, proper and fair, for the purpose of erecting wharves for wholesale and retail warehouses and for general commercial purposes and manufacturing sites, but the said city shall never convey or part with title to the abutting lands above mentioned and so acquired nor with the control other than in the manner herein specified. Any lease or leases granted by the city on such abutting lands shall never be transferred or assigned without the consent of the city council or commission having been first obtained.

A city shall never lease to any individual or concern more than four hundred lineal feet of canal or waterway frontage of said land and no individual or concern shall ever hold or occupy by lease, sublease, or otherwise more than the said four hundred lineal feet of said frontage: PROVIDED, That any individual or concern may acquire by lease or sublease whatever additional frontage of such abutting land may be in the judgment of the city council or commission necessary for the use of such individual or concern, upon petition presented to the city council or commission therewith signed by not less than five hundred resident freeholders of such city. [1965 c 7 § 35.56.250. Prior: 1913 c 16 § 18, part; RRS § 9466, part.]

35.56.260 Waterways—Abutting lands—Lessee must lease shoreline property. At the time that the city leases to any individual or concern any of the land abutting on the area between the shore lines and the dock lines the same individual or concern must likewise for the same period of time lease all of the area between the shore line and dock line of such canal or waterway lying contiguous to and immediately in front of the abutting land so leased. [1965 c 7 § 35.56.260. Prior: 1913 c 16 § 18, part; RRS § 9466, part.]

35.56.270 Work by day labor. When a city undertakes any improvement authorized by this chapter and the expenditures required exceed the sum of five hundred dollars, it shall be done by contract and shall be let to the lowest responsible bidder, after due notice, under such regulation as may be prescribed by ordinance: PROVIDED, That the city council or commission may reject all bids presented and readvertise, or, if in the judgment of the city council or commission the work can be performed, or supplies or materials furnished by the city independent of contract, cheaper than under the bid submitted, it may after having so advertised and examined the bids, cause the work to be performed or supplies or materials to be furnished independent of contract. This section shall be construed as a concurrent and cumulative power conferred on cities and shall not be construed as in any wise repealing or affecting any law now in force relating to the performing, execution and construction of public works. [1965 c 7 § 35.56.270. Prior: 1913 c 16 § 20; RRS § 9468.]

35.56.280 Reassessments. If any assessment is found to be invalid for any cause or if it is set aside for any reason in judicial proceeding, a reassessment may be made and all laws then in force relative to the reassessment of local assessments, for street or other improvements, shall, as far as practical, be applicable hereto. (1) To carry out the purpose of this chapter, a public facilities district may issue general obligation bonds, not to exceed an amount, together with any outstanding nonvoter-approved general obligation indebtedness, equal to one-half of one percent of the value of the taxable property within the district, as the term "value of the taxable property" is defined in RCW 39.36.015, when authorized by the voters of the public facilities district pursuant to Article VIII, section 6 of the state Constitution, and to provide for the retirement thereof by taxes authorized in chapter 165, Laws of 1999.

(2) General obligation bonds may be issued with a maturity of up to thirty years, and shall be issued and sold in accordance with the provisions of chapter 39.46 RCW.

(d) Sales and use taxes authorized under RCW 82.14.048 and 82.14.390.

(2) The board may accept and expend or use gifts, grants, and donations for the purpose of a regional center. The revenue from the charges, fees, and taxes imposed under this section shall be used only for the purposes authorized by this chapter. [1999 c 165 § 4.]

35.57.050 Travel, expense reimbursement policy—Required. The board of directors of the public facilities district shall adopt a resolution that may be amended from time to time that shall establish the basic requirements governing methods and amounts of reimbursement payable to such district officials and employees for travel and other business expenses incurred on behalf of the district. The resolution shall, among other things, establish procedures for approving such expenses; the form of the travel and expense voucher; and requirements governing the use of credit cards issued in the name of the district. The resolution may also establish procedures for payment of per diem to board members. The state auditor shall, as provided by general law, cooperate with the public facilities district in establishing adequate procedures for regulating and auditing the reimbursement of all such expenses. [1999 c 165 § 5.]

35.57.060 Expenditure of funds—Purposes. The board of directors of the public facilities district shall have authority to authorize the expenditure of funds for the public purposes of preparing and distributing information to the general public and promoting, advertising, improving, developing, operating, and maintaining a regional center. Nothing contained in this section may be construed to authorize preparation and distribution of information to the general public for the purpose of influencing the outcome of a district election. [1999 c 165 § 6.]

35.57.070 Service provider agreements. The public facilities district may secure services by means of an agreement with a service provider. The public facilities district shall publish notice, establish criteria, receive and evaluate proposals, and negotiate with respondents under
requirements set forth by district resolution. [1999 c 165 § 7.]

35.57.090 Revenue bonds—Limitations. (1) A public facilities district may issue revenue bonds to fund revenue-generating facilities, or portions of facilities, which it is authorized to provide or operate. Whenever revenue bonds are to be issued, the board of directors of the district shall create or have created a special fund or funds from which, along with any reserves created pursuant to RCW 39.44.140, the principal and interest on such revenue bonds shall exclusively be payable. The board may obligate the district to set aside and pay into the special fund or funds a fixed proportion or a fixed amount of the revenues from the public improvements, projects, or facilities, and all related additions, that are funded by the revenue bonds. This amount or proportion shall be a lien and charge against these revenues, subject only to operating and maintenance expenses. The board shall have due regard for the cost of operation and maintenance of the public improvements, projects, or facilities, or additions, that are funded by the revenue bonds, and shall not set aside into the special fund or funds a greater amount or proportion of the revenues that in its judgment will be available over and above the cost of maintenance and operation and the amount or proportion, if any, of the revenue so previously pledged. The board may also provide that revenue bonds payable out of the same source or sources of revenue may later be issued on a parity with any revenue bonds being issued and sold.

(2) Revenue bonds issued under this section shall not be an indebtedness of the district issuing the bonds, and the interest and principal on the bonds shall only be payable from the revenues lawfully pledged to meet the principal and interest requirements and any reserves created under RCW 39.44.140. The owner or bearer of a revenue bond or any interest coupon issued under this section shall not have any claim against the district arising from the bond or coupon except for payment from the revenues lawfully pledged to meet the principal and interest requirements and any reserves created under RCW 39.44.140. The substance of the limitations included in this subsection shall be plainly printed, written, or engraved on each bond issued under this section.

(3) Revenue bonds with a maturity in excess of thirty years shall not be issued. The board of directors of the district shall by resolution determine for each revenue bond issue the amount, date, form, terms, conditions, denominations, maximum fixed or variable interest rate or rates, maturity or maturities, redemption rights, registration privileges, manner of execution, manner of sale, callable provisions, if any, and covenants including the refunding of existing revenue bonds. Facsimile signatures may be used on the bonds and any coupons. Refunding revenue bonds may be issued in the same manner as revenue bonds are issued. [1999 c 165 § 9.]

A public facility district may levy and fix a tax of not more than one cent on twenty cents or fraction thereof to be paid by the person who pays an admission charge to a regional center. 35.57.110 Tax on vehicle parking charges. A public facility district may levy and fix a tax on any vehicle parking charges imposed at any parking facility that is owned or leased by the public facility district as part of a regional center. No county or city or town within which the regional center is located may impose a tax of the same or similar kind on any vehicle parking charges at the facility. For the purposes of this section, "vehicle parking charges" means only the actual parking charges exclusive of taxes and service charges and the value of any other benefit conferred. The tax authorized under this section shall be at the rate of not more than ten percent. [1999 c 165 § 11.]

35.57.900 Severability—1999 c 165. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1999 c 165 § 23.]

35.58.010 Declaration of policy and purpose. It is hereby declared to be the public policy of the state of Washington to provide for the people of the populous metropolitan areas in the state the means of obtaining essential services not adequately provided by existing agencies of local government. The growth of urban population and the movement of people into suburban areas has created problems of water pollution abatement, garbage disposal, water supply, transportation, planning, parks and parkways which extend beyond the boundaries of cities, counties and special districts. For reasons of topography, location and movement of population, and land conditions and development, one or more of these problems cannot be adequately met by the individual cities, counties and districts of many metropolitan areas.

It is the purpose of this chapter to enable cities and counties to act jointly to meet these common problems in order that the proper growth and development of the metropolitan areas of the state may be assured and the health and welfare of the people residing therein may be secured. [1974 ex.s. c 70 § 1; 1965 c 7 § 35.58.010. Prior: 1957 c 213 § 1.]

At the time of its formation no metropolitan municipal corporation shall include only a part of any city, and every city shall be either wholly included or wholly excluded from the boundaries of such corporation. If subsequent to the formation of a metropolitan municipal corporation a part only of any city shall be included within the boundaries of a metropolitan municipal corporation such part shall be deemed to be "unincorporated" for the purpose of selecting a member of the metropolitan council pursuant to *RCW 35.58.120(3) and such city shall neither select nor participate in the selection of a member on the metropolitan council pursuant to RCW 35.58.120.

Any metropolitan municipal corporation now existing within a county with a population of one million or more shall, upon May 21, 1971, have the same boundaries as those of the respective central county of such metropolitan corporation. The boundaries of such metropolitan corporation may not be enlarged or diminished after such date by annexation as provided in chapter 35.58 RCW and any purported annexation of territory shall be deemed void. Any contiguous metropolitan municipal corporations may be consolidated into a single metropolitan municipal corporation upon such terms, for the purpose of performing such metropolitan function or functions, and to be effective at such time as may be approved by resolutions of the respective metropolitan councils. In the event of such consolidation the component city with the largest population shall be the central city of such consolidated metropolitan municipal corporation and the component county with the largest population shall be the central county of such consolidated metropolitan municipal corporation. Any resolution or petition calling for such an election shall describe the boundaries of the proposed metropolitan area, name the metropolitan function or functions which the metropolitan municipal corporation shall be authorized to perform initially and state that the formation of the metropolitan municipal corporation will be conducive to the welfare and benefit of the persons and property within the metropolitan area. After the filing of a first sufficient petition or resolution with such county auditor or board of county commissioners respectively, action by such auditor or board shall be deferred on any subsequent petition or resolution until after the election has been held pursuant to such first petition or resolution.

Upon receipt of such a petition, the auditor shall examine the same and certify to the sufficiency of the signatures thereon. For the purpose of examining the signatures on such petition, the auditor shall be permitted access to the voter registration books of each component county and each component city. At such hearing or any continuation thereof, any interested person may appear and be heard on all matters relating to the effect of the formation of the proposed municipal metropolitan corporation. The commissioners may make such changes in the boundaries of the metropolitan area as they shall deem reasonable and proper, but may not delete any portion of the proposed area which will create an island of included or excluded lands, may not delete a portion of any city, and may not delete any portion of the proposed area which is contributing or may reasonably be expected to contribute to the pollution of any water course or body of water in the proposed area when the petition or resolution names metropolitan water pollution abatement as a function to be performed by the proposed metropolitan municipal corporation. If the commissioners shall determine that any additional territory should be included in the metropolitan area, a second hearing shall be held and notice given in the same manner as for the original hearing. 35.58.100 Additional functions—Authorized by
election. A metropolitan municipal corporation may be
authorized to perform one or more metropolitan functions in
addition to those which it has previously been authorized to
perform, with the approval of the voters at an election, in the
manner provided in this section.

An election to authorize a metropolitan municipal
corporation to perform one or more additional metropolitan
functions may be called pursuant to a resolution or a petition
in the following manner:

(1) A resolution calling for such an election may be
adopted by:
(a) The city council of the central city; or
(b) The city councils of at least one-half in number of
the component cities other than the central city; or
(c) The board of commissioners of the central county.
Such resolution shall be transmitted to the metropolitan
council.

(2) A petition calling for such an election shall be
signed by at least four percent of the registered voters
residing within the metropolitan area and shall be filed with
the auditor of the central county.

Any resolution or petition calling for such an election
shall name the additional metropolitan functions which the
metropolitan municipal corporation shall be authorized to
perform.

Upon receipt of such a petition, the auditor shall
examine the signatures thereon and certify to the sufficiency
thereof. For the purpose of examining the signatures on
such petition, the auditor shall be permitted access to all
voter registration books of any component county and of all
component cities. No person may withdraw his name from
a petition after it has been filed with the auditor. Within
thirty days following the receipt of such petition, the auditor
shall transmit the same to the metropolitan council, together
with his certificate as to the sufficiency of signatures
thereon.

Upon receipt of a valid resolution or duly certified
petition calling for an election on the authorization of the
performance of one or more additional metropolitan func-
tions, the metropolitan council shall cause to be called a
special election to be held not more than one hundred and
twenty days nor less than sixty days following such receipt.
Such special election shall be conducted and canvassed as
provided in this chapter for an election on the question of
forming a metropolitan municipal corporation. The ballot
proposition shall be in substantially the following form:

"Shall the . . . . . . metropolitan municipal corpora-
tion be authorized to perform the additional metro-
politan functions of . . . . . . (here insert the title of
each of the additional functions to be authorized as
set forth in the petition or resolution)?"
function or functions. [1967 c 105 § 2; 1965 c 7 § 35.58.100. Prior: 1957 c 213 § 10.]

35.58.110 Additional functions—Authorized without election. A metropolitan municipal corporation may be authorized to perform one or more metropolitan functions in addition to those which it previously has been authorized to perform, without an election, in the manner provided in this section. A resolution providing for the performance of such additional metropolitan function or functions shall be adopted by the metropolitan council. A copy of such resolution shall be transmitted by registered mail to the legislative body of each component city and county. If, within ninety days after the date of such mailing, a concurring resolution is adopted by the legislative body of each component city, of each component city of the first class, and of at least two-thirds of all other component cities, and such concurring resolutions are transmitted to the metropolitan council, such council shall by resolution declare that the metropolitan municipal corporation has been authorized to perform such additional metropolitan function or functions. A copy of such resolution shall be transmitted by registered mail to the legislative body of each component city and county and of each special district which will be affected by the particular additional metropolitan function authorized. [1965 c 7 § 35.58.110. Prior: 1957 c 213 § 11.]

Election required to authorize public transportation function: RCW 35.58.245.

35.58.112 Recommended comprehensive plan for performance of additional function—Study and preparation. The metropolitan council of a metropolitan municipal corporation upon the affirmative vote of two-thirds of the members of such council may make planning, engineering, legal, financial and feasibility studies preliminary to or incident to the preparation of a recommended comprehensive plan for any metropolitan function, and may prepare such a recommended comprehensive plan before the metropolitan municipal corporation has been authorized to perform such function. The studies and plan may cover territory within and without the metropolitan municipal corporation. A recommended comprehensive plan prepared pursuant to this section for any metropolitan function may not be adopted by the metropolitan council unless the metropolitan municipal corporation shall have been authorized to perform such function. [1967 c 105 § 7.]

35.58.114 Recommended comprehensive plan for performance of additional function—Resolution for special election to authorize additional function—Contents—Hearings—Election procedure. Whenever a recommended comprehensive plan for the performance of any additional metropolitan function shall have been prepared and the metropolitan council shall have found the plan to be feasible the council may by resolution call a special election to authorize the performance of such additional function without the filing of the petitions or resolutions provided for in RCW 35.58.100.

If the metropolitan council shall determine that the performance of such function requires enlargement of the metropolitan area, such resolution shall contain a description of the boundaries of the proposed metropolitan area and may be adopted only after a public hearing thereon before the council. Notice of such hearing shall be published once a week for at least two consecutive weeks in one or more newspapers of general circulation within the proposed metropolitan area. The notice shall contain a description of the boundaries of the proposed metropolitan area, shall name the additional function or functions to be performed and shall state the time and place of the hearing and the fact that any changes in the boundaries of the proposed metropolitan area will be considered at such time and place. At such hearing any interested person may appear and be heard. The council may make such changes in the proposed metropolitan area as they shall deem reasonable and proper, but may not delete any portion of the existing metropolitan area and may not delete any portion of the proposed additional area which will create an island of included or excluded lands. If the council shall determine that the proposed additional area should be further enlarged, a second hearing shall be held and notice given in the same manner as for the original hearing. The council may adjourn the hearing or hearings from time to time.

Following the conclusion of such hearing or hearings the council may adopt a resolution fixing the boundaries of the proposed metropolitan area and calling a special election on the performance of such additional function. If the metropolitan municipal corporation is then authorized to perform the function of metropolitan sewage disposal the council may provide in such resolution that local governmental agencies collecting sewage from areas outside the metropolitan area as same is constituted on the date of adoption of such resolution will not thereafter be required to discharge such sewage into the metropolitan sewer system or to secure approval of local construction plans from the metropolitan municipal corporation unless such local agency shall first have entered into a contract with the metropolitan municipal corporation for the disposal of such sewage. The metropolitan council may also provide in such resolution that the authorization to perform such additional function be effective only if the voters at such election also authorize the issuance of any general obligation bonds required to carry out the recommended comprehensive plan.

The resolution calling such election shall fix the form of the ballot proposition and the same may vary from that specified in RCW 35.58.100. If the metropolitan council shall find that the issuance of general obligation bonds is necessary to perform such additional function and to carry out such recommended comprehensive plan then the ballot proposition shall set forth the principal amount of such bonds and the maximum maturity thereof and the proposition shall be so worded that the voters may by a single yes or no vote authorize the performance of the designated function in the area described in the resolution and the issuance of such general obligation bonds.

The persons voting at such election shall be all of the qualified voters who have resided within the boundaries of the proposed metropolitan area for at least thirty days
preceding the date of the election. The election shall be conducted and canvassed as provided in RCW 35.58.090.

If the resolution calling such election does not require the approval of general obligation bonds as a condition of the performance of such additional function and if a majority of the persons voting on the ballot proposition residing within the existing metropolitan municipal corporation shall vote in favor thereof and a majority of the persons residing within the area proposed to be added to the existing metropolitan municipal corporation shall vote in favor thereof the boundaries described in the resolution calling the election shall become the boundaries of the metropolitan municipal corporation and the metropolitan municipal corporation shall be authorized to perform the additional function described in the proposition.

If the resolution calling such election shall require the authorization of general obligation bonds as a condition of the performance of such additional function, then to be effective the ballot proposition must be approved as provided in the preceding paragraph and must also be approved by at least three-fifths of the persons voting thereon and the number of persons voting on such proposition must constitute not less than forty percent of the total number of votes cast within such area at the last preceding state general election. [1967 c 105 § 8.]

### 35.58.116 Proposition for issuance of general obligation bonds or levy of general tax—Submission at same election or special election

The metropolitan council may at the same election called to authorize the performance of an additional function or at a special election called by the council after it has been authorized to perform any metropolitan function submit a proposition for the issuance of general obligation bonds for capital purposes as provided in RCW 35.58.450 or a proposition for the levy of a general tax for any authorized purpose for one year in such total dollar amount as the metropolitan council may determine and specify in such proposition. Any such proposition to be effective must be assented to by at least three-fifths of the persons voting thereon and the number of persons voting on such proposition shall constitute not less than forty percent of the total number of votes cast within the metropolitan area at the last preceding state general election. Any such proposition shall only be effective if the performance of the additional function shall be authorized at such election or shall have been authorized prior thereto. [1967 c 105 § 9.]

In the event of his absence or inability to act the council shall select one of its members to act as chairman pro tempore. A majority of all members of the council shall constitute a quorum for the transaction of business. A smaller number of council members than a quorum may adjourn from time to time and may compel the attendance of absent members in such manner and under such penalties as the council may provide. The council shall determine its own rules and order of business, shall provide by resolution for the manner and time of holding all regular and special meetings and shall keep a journal of its proceedings which shall be a public record. Every legislative act of the council of a general or permanent nature shall be by resolution. [1965 c 7 § 35.58.130. Prior: 1957 c 213 § 13.]

As long as any general obligation indebtedness remains outstanding that was issued by the metropolitan municipal corporation prior to the assumption by the county, the county shall continue to impose the taxes authorized by RCW 82.14.045 and *35.58.273(4) at the maximum rates and on all of the taxable events authorized by law. If, despite the continued imposition of those taxes, the estimate of revenues made on or before the third Monday in June shows that estimated revenues will be insufficient to make all debt service payments falling due in the following calendar year on all general obligation indebtedness issued by the metropolitan municipal corporation prior to the assumption by the county, the rights, powers, functions, and obligations of the metropolitan municipal corporation, the remaining amount required to make the debt service payments shall be designated as "supplemental income" and shall be obtained from component cities and component counties as provided under RCW 35.58.420.

The county shall prepare and adopt a budget each year in accordance with applicable general law or county charter. If supplemental income has been designated under this subsection, the supplemental income shall be reflected in the budget that is adopted. If during the budget year the actual tax revenues from the taxes imposed under the authority of RCW 82.14.045 and *35.58.273(4) exceed the estimates upon which the supplemental income was based, the difference shall be refunded to the component cities and component counties in proportion to their payments promptly after the end of the budget year. A county that has assumed the rights, powers, functions, and obligations of a metropolitan municipal corporation under chapter 36.56 RCW shall not be required to confine capital or betterment expenditures for authorized metropolitan functions from bond proceeds or emergency expenditures to items provided in the budget.

35.58.420 Supplemental income payments by component city and county. Each component city shall pay such proportion of the supplemental income of the metropolitan municipal corporation as the assessed valuation of property within its limits bears to the total assessed valuation of taxable property within the metropolitan area. Each component county shall pay such proportion of such supplemental income as the assessed valuation of the property within the unincorporated area of such county lying within the metropolitan area bears to the total assessed valuation of taxable property within the metropolitan area. In making such determination, the metropolitan council shall use the last available assessed valuations. The metropolitan council shall certify to each component city and county, prior to the fourth Monday in June of each year, the share of the supplemental income to be paid by such component city or county for the next calendar year. The latter shall then include such amount in its budget for the ensuing calendar year, and during such year shall pay to the metropolitan municipal corporation, in equal quarterly installments, the amount of its supplemental income share from whatever sources may be available to it. [1965 c 7 § 35.58.420. Prior: 1957 c 213 § 42.]

35.58.430 Funds—Disbursements—Treasurer—Expenses—Election expenses. The treasurer of each component county shall create a separate fund into which shall be paid all money collected from taxes levied by the metropolitan municipal corporation on property in such county and such money shall be forwarded quarterly by the treasurer of each such county to the treasurer of the central county as directed by the metropolitan council. The treasurer of the central county shall act as the treasurer of the metropolitan municipal corporation and shall establish and maintain such funds as may be authorized by the metropolitan council. Money shall be disbursed from such funds upon warrants drawn by the auditor of the central county as authorized by the metropolitan council. The central county shall be reimbursed by the metropolitan municipal corporation for services rendered by the treasurer and auditor of the central county in connection with the receipt and disbursement of such funds. 35.58.450 General obligation bonds—Issuance, sale, form, term, election, payment. Notwithstanding the limitations of chapter 39.36 RCW and any other statutory limitations otherwise applicable and limiting municipal debt, a metropolitan municipal corporation shall have the power to contract indebtedness and issue general obligation bonds and to pledge the full faith and credit of the corporation to the payment thereof, for any authorized capital purpose of the metropolitan municipal corporation, not to exceed an amount, together with any outstanding nonvoter approved general indebtedness, equal to three-fourths of one percent of the value of the taxable property within the metropolitan

[Title 35 RCW—page 206]
municipal corporation, as the term "value of the taxable property" is defined in RCW 39.36.015. A metropolitan municipal corporation may additionally contract indebtedness and issue general obligation bonds, for any authorized capital purpose of a metropolitan municipal corporation, together with any other outstanding general indebtedness, not to exceed an amount equal to five percent of the value of the taxable property within the corporation, as the term "value of the taxable property" is defined in RCW 39.36.015, when a proposition authorizing the indebtedness has been approved by three-fifths of the persons voting on said proposition at said election at which such election the total number of persons voting on such bond proposition shall constitute not less than forty percent of the total number of voters voting within the area of said metropolitan municipal corporation at the last preceding state general election. Such general obligation bonds may be authorized in any total amount in one or more propositions and the amount of such authorization may exceed the amount of bonds which could then lawfully be issued. Such bonds may be issued in one or more series from time to time out of such authorization. The elections shall be held pursuant to RCW 39.36.050.

Whenever the voters of a metropolitan municipal corporation have, pursuant to RCW 84.52.056, approved excess property tax levies to retire such bond issues, both the principal of and interest on such general obligation bonds may be made payable from annual tax levies to be made upon all the taxable property within the metropolitan municipal corporation in excess of the constitutional and/or statutory tax limit. The principal of and interest on any general obligation bond may be made payable from any other taxes or any special assessments which the metropolitan municipal corporation may be authorized to levy or from any otherwise unpledged revenue which may be derived from the ownership or operation of properties or facilities incident to the performance of the authorized function for which such bonds are issued or out of otherwise unpledged revenue which may be derived from the ownership, use or operation of properties or facilities owned, used or operated incident to the performance of the authorized function for which such bonds are issued or out of otherwise unpledged fees, tolls, charges, tariffs, fares, rentals, special taxes or other sources of payment lawfully authorized for such purpose, as the metropolitan council shall determine. The principal of, and interest on, such bonds shall be payable only out of such special fund or funds, and the owners of such bonds shall have a lien and charge against the gross revenue of such utility or any other revenue, fees, tolls, charges, tariffs, fares, special taxes or other authorized sources pledged to the payment of such bonds.

Such revenue bonds and the interest thereon issued against such fund or funds shall be a valid claim of the owners thereof only as against such fund or funds and the revenue pledged therefor, and shall not constitute a general indebtedness of the metropolitan municipal corporation.

Each such revenue bond shall state upon its face that it is payable from such special fund or funds, and all revenue bonds issued under this chapter shall be negotiable securities within the provisions of the law of this state. Such revenue bonds may be registered either as to principal only or as to principal and interest as provided in RCW 39.46.030, or may be bearer bonds; shall be in such denominations as the metropolitan council shall deem proper; shall be payable at such time or times and at such places as shall be determined by the metropolitan council; shall bear interest at such rate or rates as shall be determined by the metropolitan council; shall be signed by the chairman and attested by the secretary of the metropolitan council, any of which signatures may be facsimile signatures, and the seal of the metropolitan municipal corporation shall be impressed or imprinted thereon; any attached interest coupons shall be signed by the facsimile signatures of said officials.

Such revenue bonds shall be sold in such manner, at such price and at such rate or rates of interest as the metropolitan council shall deem to be for the best interests of the metropolitan municipal corporation, either at public or private sale.

The metropolitan council may at the time of the issuance of such revenue bonds make such covenants with the owners of said bonds as it may deem necessary to secure and guarantee the payment of the principal thereof and the interest thereon, including but not being limited to covenants.
to set aside adequate reserves to secure or guarantee the payment of such principal and interest, to maintain rates sufficient to pay such principal and interest and to maintain adequate coverage over debt service, to appoint a trustee or trustees for the bond owners to safeguard the expenditure of the proceeds of sale of such bonds and to fix the powers and duties of such trustee or trustees and to make such other covenants as the metropolitan council may deem necessary to accomplish the most advantageous sale of such bonds. The metropolitan council may also provide that revenue bonds payable out of the same source may later be issued on a parity with revenue bonds being issued and sold.

The metropolitan council may include in the principal amount of any such revenue bond issue an amount to establish necessary reserves, an amount for working capital and an amount necessary for interest during the period of construction of any such metropolitan facilities plus six months. The metropolitan council may, if it deems it to the best interest of the metropolitan municipal corporation, provide in any contract for the construction or acquisition of any metropolitan facilities or additions or improvements thereto or replacements or extensions thereof that payment therefor shall be made only in such revenue bonds at the par value thereof.

If the metropolitan municipal corporation shall fail to carry out or perform any of its obligations or covenants made in the authorization, issuance and sale of such bonds, the owner of any such bond may bring action against the metropolitan municipal corporation and compel the performance of any or all of such covenants.

(2) Notwithstanding subsection (1) of this section, such bonds may be issued and sold in accordance with chapter 39.46 RCW. The funding or refunding revenue bonds shall, except as specifically provided in this section, be issued in accordance with the provisions of this chapter with respect to revenue bonds.

The metropolitan council may exchange the funding or refunding bonds at par for the bonds which are being funded or refunded, or it may sell them in such manner, at such price and at such rate or rates of interest as it deems for the best interest of the metropolitan municipal corporation. Any municipality shall have and exercise the authority and powers granted by this chapter whenever it appears to the legislative body of such municipality that the acquisition, construction, development and operation of a multi-purpose community center or a system of such centers will accomplish one or more of the following: Reduce costs of land acquisition, construction, maintenance or operation for affected public services or facilities; avoid duplication of structures, facilities or personnel; improve communication and coordination between departments of a municipality or governmental agency or between municipalities and governmental agencies; make local public services or facilities more convenient or useful to the residents and citizens of such municipality. Any such election shall be held pursuant to RCW 39.36.050. [1984 c 186 § 19; 1983 c 167 § 49; 1967 c 110 § 6.]

If there are no funds in the treasury to pay the coupons, the county treasurer shall endorse said coupons as presented for payment, in the same manner as county warrants are endorsed, and thereafter the coupon shall bear interest at the same rate as the bond to which it was attached. If there are no funds in the treasury to make payment on a bond not having coupons, the interest payment shall continue bearing interest at the bond rate until it is paid, unless otherwise provided in the proceedings authorizing the sale of the bonds. **Findings—1989 c 335:** "The legislature finds that:

(1) A majority of women with preschool and school age children in Washington state are working outside of the home and are in need of child care services for their children;

(2) The supply of licensed child care facilities in Washington state is insufficient to meet the growing demand for child care services;

### Child care facilities—Review of need and demand—Adoption of ordinances

**35.63.180 Child care facilities—Review of need and demand—Adoption of ordinances.** Each municipality that does not provide for the siting of family day care homes in zones or areas that are designated for single family or other residential uses, and for the siting of mini-day care centers and day care centers in zones or areas that are designated for any residential or commercial uses, shall conduct a review of the need and demand for child care facilities, including the cost of any conditional or special use permit that may be required. The review shall be completed by August 31, 1990. A copy of the findings, conclusions, and recommendations resulting from the review shall be sent to the department of community development by September 30, 1990.

On or before June 30, 1991, each municipality that plans and zones under this chapter shall have adopted an ordinance or ordinances that are necessary to implement the findings of this review, if the findings indicate that such changes are necessary, or shall notify the department of community development as to why such implementing ordinances were not adopted. [1989 c 335 § 4.]

*Reviser's note: Powers, duties, and functions of the department of community development and the department of trade and economic development were transferred to the department of community, trade, and economic development by 1993 c 280, effective July 1, 1994.*

### Definitions for RCW 35.63.180

**35.63.185 Family day-care provider's home facility—City may not prohibit in residential or commercial area.** No city may enact, enforce, or maintain an ordinance, development regulation, zoning regulation, or official control, policy, or administrative practice which prohibits the use of a residential dwelling, located in an area zoned for residential or commercial use, as a family day-care provider's home facility.

A city may require that the facility: (1) Comply with all building, fire, safety, health code, and business licensing requirements; (2) conform to lot size, building size, setbacks, and lot coverage standards applicable to the zoning district except if the structure is a legal nonconforming structure; (3) is certified by the office of child care policy licensor as providing a safe passenger loading area; (4) include signage, if any, that conforms to applicable regulations; and (5) limit hours of operations to facilitate neighborhood compatibility, while also providing appropriate opportunity for persons who use family day-care and who work a nonstandard work shift.

A city may also require that the family day-care provider, before state licensing, require proof of written notification by the provider that the immediately adjoining property owners have been informed of the intent to locate and maintain such a facility. If a dispute arises between neighbors and the family day-care provider over licensing requirements, the licensor may provide a forum to resolve the dispute.

Nothing in this section shall be construed to prohibit a city from imposing zoning conditions on the establishment and maintenance of a family day-care provider's home in an area zoned for residential or commercial use, so long as such conditions are no more restrictive than conditions imposed on other residential dwellings in the same zone and the establishment of such facilities is not precluded. As used in this section, "family day-care provider" is as defined in RCW 74.15.020. [1995 c 49 § 1; 1994 c 273 § 14.]

**35.63.200 Moratoria, interim zoning controls—Public hearing—Limitation on length.** A council or board...
that adopts a moratorium or interim zoning control, without holding a public hearing on the proposed moratorium or interim zoning control, shall hold a public hearing on the adopted moratorium or interim zoning control within at least sixty days of its adoption, whether or not the council or board received a recommendation on the matter from the commission. If the council or board does not adopt findings of fact justifying its action before this hearing, then the council or board shall so immediately after this public hearing. A moratorium or interim zoning control adopted under this section may be effective for not longer than six months, but may be effective for up to one year if a work plan is developed for related studies providing for such a longer period. A moratorium or interim zoning control may be renewed for one or more six-month periods if a subsequent public hearing is held and findings of fact are made prior to each renewal. [1992 c 207 § 1.]

35.63.210 Accessory apartments. Any local government, as defined in RCW 43.63A.215, that is planning under this chapter shall comply with RCW 43.63A.215(3). [1993 c 478 § 8.]

35.63.220 Treatment of residential structures occupied by persons with handicaps. No city may enact or maintain an ordinance, development regulation, zoning regulation or official control, policy, or administrative practice which treats a residential structure occupied by persons with handicaps differently than a similar residential structure occupied by a family or other unrelated individuals. As used in this section, "handicaps" are as defined in the federal fair housing amendments act of 1988 (42 U.S.C. Sec. 3602). [1993 c 478 § 20.]

35.63.230 Watershed restoration projects—Permit processing—Fish habitat enhancement project. A permit required under this chapter for a watershed restoration project as defined in RCW 89.08.460 shall be processed in compliance with RCW 89.08.450 through 89.08.510. A fish habitat enhancement project meeting the criteria of *RCW 75.20.350(1) shall be reviewed and approved according to the provisions of *RCW 75.20.350. [1998 c 249 § 5; 1995 c 378 § 8.]

*Reviser’s note: RCW 75.20.350 was recodified as RCW 77.55.290 pursuant to 2000 c 107 § 129.

35.63.240 Planning regulations—Copies provided to county assessor. By July 31, 1997, a city planning under RCW 36.70A.040 shall provide to the county assessor a copy of the city’s comprehensive plan and development regulations in effect on July 1st of that year and shall thereafter provide any amendments to the plan and regulations that were adopted before July 31st of each following year. [1996 c 254 § 3.]

35.63.250 General aviation airports. Adoption and amendment of comprehensive plan provisions and development regulations under this chapter affecting a general aviation airport are subject to RCW 36.70.547. [1996 c 239 § 3.]

35.63.260 Conditional and special use permit applications by parties licensed or certified by the department of social and health services or the department of corrections—Mediation prior to appeal required. (1) Prior to filing an appeal of a final decision by a hearing examiner involving a conditional or special use permit application requested by a party that is licensed or certified by the department of social and health services or the department of corrections, the aggrieved party must, within five days after the final decision, initiate formal mediation procedures in an attempt to resolve the parties’ differences. If, after initial evaluation of the dispute, the parties agree to proceed with a mediation, the mediation shall be conducted by a trained mediator selected by agreement of the parties. The agreement to mediate shall be in writing and subject to RCW 5.60.070. If the parties are unable to agree on a mediator, each party shall nominate a mediator and the mediator shall be selected by lot from among the nominees. The mediator must be selected within five days after formal mediation procedures are initiated. The mediation process must be completed within fourteen days from the time the mediator is selected except that the mediation process may extend beyond fourteen days by agreement of the parties. The mediator shall, within the fourteen-day period or within the extension if an extension is agreed to, provide the parties with a written summary of the issues and any agreements reached. If the parties agree, the mediation report shall be made available to the governing jurisdiction. The cost of the mediation shall be shared by the parties.

(2) Any time limits for filing of appeals are tolled during the pendency of the mediation process.

(3) As used in this section, "party" does not include county, city, or town. [1998 c 119 § 1.]

Sections
35.64.010 Contracts for management and operation—Terms—Public hearing.
35.64.020 Construction—Collective bargaining agreement not affected.

35.64.010 Contracts for management and operation—Terms—Public hearing. (1) If the legislative authority of a city with a population over one hundred fifty thousand that is not in a metropolitan park district contracts with one or more nonprofit corporations or other public organizations for the overall management and operation of a zoo, an aquarium, or both, that contract shall be subject to this section. No such contract for the overall management and operation of zoo or aquarium facilities by a nonprofit corporation or other public organization shall have an initial term or any renewal term longer than twenty years, but may be renewed by the legislative authority of the city upon the expiration of an initial term or any renewal term.

(2) Before approving each initial and any renewal contract with a nonprofit corporation or other public organization for the overall management and operation of any
facilities, the city legislative authority shall hold a public hearing on the proposed management and operation by the nonprofit corporation or other public organization. At least thirty days prior to the hearing, a public notice setting forth the date, time, and place of the hearing must be published at least once in a local newspaper of general circulation. Notice of the hearing shall also be mailed or otherwise delivered to all who would be entitled to notice of a special meeting of the city legislative authority under RCW 42.30.080. The notice shall identify the facilities involved and the nonprofit corporation or other public organization proposed for management and operation under the contract with the city. The terms and conditions under which the city proposes to contract with the nonprofit corporation or other public organization for management and operation shall be available upon request from and after the date of publication of the hearing notice and at the hearing, but after the public hearing the city legislative authority may amend the proposed terms and conditions at open public meetings.

(3) As part of the management and operation contract, the legislative authority of the city may authorize the managing and operating entity to grant to any nonprofit corporation or public or private organization franchises or concessions that further the public use and enjoyment of the zoo or aquarium, as the case may be, and may authorize the managing and operating entity to contract with any public or private organization for any specific services as are routinely so procured by the city.

(4) Notwithstanding any provision in the charter of the city so contracting for the overall management and operation of a zoo or an aquarium, or any other provision of law, the nonprofit corporation or other public organization with responsibility for overall management or operation of any such facilities pursuant to a contract under this section may, in carrying out that responsibility under such contract, manage, supervise, and control those employees of the city employed in connection with the zoo or aquarium and may hire, fire, and otherwise discipline those employees. Notwithstanding any provision in the charter of the city so contracting for the overall management and operation of a zoo or an aquarium, or any other provision of law, the civil service system of any such city shall provide for the nonprofit corporation or other public organization to manage, supervise, control, hire, fire, and otherwise discipline those employees of the city employed in connection with the zoo or aquarium.

(5) As part of the management and operation contract, the legislative authority of the city shall provide for oversight of the managing and operating entity to ensure public accountability of the entity and its performance in a manner consistent with the contract. [2000 c 206 § 1.]

35.64.020 Construction—Collective bargaining agreement not affected. Nothing in this chapter shall be construed to affect any terms, conditions, or practices contained in a collective bargaining agreement in effect on June 8, 2000. [2000 c 206 § 2.]
Chapter 35.67  Title 35 RCW: Cities and Towns

35.67.010  Definitions—"System of sewerage," "public utility."  A "system of sewerage" means and may include any or all of the following:
(1) Sanitary sewage collection, treatment, and/or disposal facilities and services, on-site or off-site sanitary sewerage facilities, inspection services and maintenance services for public or private on-site systems, or any other means of sewage treatment and disposal approved by the city;
(2) Combined sanitary sewage disposal and storm or surface water sewers;
(3) Storm or surface water sewers;
(4) Outfalls for storm drainage or sanitary sewerage and works, plants, and facilities for storm drainage or sanitary sewage treatment and disposal, and rights and interests in property relating to the system;
(5) Combined water and sewerage systems;
(6) Point and nonpoint water pollution monitoring programs that are directly related to the sewerage facilities and programs operated by a city or town;
(7) Public restroom and sanitary facilities; and
(8) Any combination of or part of any or all of such facilities.

The words "public utility" when used in this chapter has the same meaning as the words "system of sewerage." [1997 c 447 § 7; 1965 c 110 § 1; 1965 c 7 § 35.67.010.

Prior: 1955 c 266 § 2; prior: 1941 c 193 § 1, part; Rem. Supp. 1941 § 9354-4, part.]

Finding—Purpose—1997 c 447:  See note following RCW 70.05.074.

35.67.020  Authority to construct system and fix rates and charges—Classification of services and facilities—Assistance for low-income persons.  Every city and town may construct, condemn and purchase, acquire, add to, maintain, conduct, and operate systems of sewerage and systems and plants for refuse collection and disposal together with additions, extensions, and betterments thereto, within and without its limits, with full jurisdiction and authority to manage, regulate, and control them and to fix, alter, regulate, and control the rates and charges for their use.  The rates charged must be uniform for the same class of customers or service and facilities furnished.

In classifying customers served or service and facilities furnished by such system of sewerage, the city or town legislative body may in its discretion consider any or all of the following factors: (1) The difference in cost of service and facilities to the various customers; (2) the location of the various customers within and without the city or town; (3) the difference in cost of maintenance, operation, repair, and replacement of the various parts of the system; (4) the character of the service and facilities furnished various customers; (5) the quality and quantity of the sewage delivered and the time of its delivery; (6) the achievement of water conservation goals and the discouragement of wasteful water use practices; (7) capital contributions made to the system, including but not limited to, assessments; (8) the nonprofit public benefit status, as defined in RCW 24.03.490, of the land user; and (9) any other matters which present a reasonable difference as a ground for distinction.

Rates or charges for on-site inspection and maintenance services may not be imposed under this chapter on the development, construction, or reconstruction of property.

A city or town may provide assistance to aid low-income persons in connection with services provided under this chapter.

Under this chapter, after July 1, 1998, any requirements for pumping the septic tank of an on-site sewage system should be based, among other things, on actual measurement of accumulation of sludge and scum by a trained inspector, trained owner's agent, or trained owner.  Training must occur in a program approved by the state board of health or by a local health officer.

Before adopting on-site inspection and maintenance utility services, or incorporating residences into an on-site inspection and maintenance or sewer utility under this chapter, notification must be provided, prior to the applicable public hearing, to all residences within the proposed service area that have on-site systems permitted by the local health officer.  The notice must clearly state that the residence is within the proposed service area and must provide information on estimated rates or charges that may be imposed for the service.

A city or town shall not provide on-site sewage system inspection, pumping services, or other maintenance or repair services under this section using city or town employees unless the on-site system is connected by a publicly owned collection system to the city or town’s sewerage system, and
the on-site system represents the first step in the sewage disposal process. Nothing in this section shall affect the authority of state or local health officers to carry out their responsibilities under any other applicable law. [1997 c 447 § 8; 1995 c 124 § 3; 1991 c 347 § 17; 1965 c 7 § 35.67.020. Prior: 1959 c 90 § 1; 1955 c 266 § 3; prior: 1941 c 193 § 1, part; Rem. Supp. 1941 § 9354-4, part.]

Finding—Purpose—1997 c 447: See note following RCW 70.05.074.

Purposes—1991 c 347: See note following RCW 90.42.005.

Severability—1991 c 347: See RCW 90.42.900.

35.67.022 Extension outside city subject to review by boundary review board. The extension of sewer facilities outside of the boundaries of a city or town may be subject to potential review by a boundary review board under chapter 36.93 RCW. [1989 c 84 § 32.]

35.67.025 Public property subject to rates and charges for storm water control facilities. Except as otherwise provided in RCW 90.03.525, any public entity and public property, including the state of Washington and state property, shall be subject to rates and charges for storm water control facilities to the same extent private persons and private property are subject to such rates and charges that are imposed by cities and towns pursuant to RCW 35.67.020. In setting these rates and charges, consideration may be made of in-kind services, such as stream improvements or donation of property. [1986 c 278 § 55; 1983 c 315 § 1.]

Severability—1986 c 278: See note following RCW 36.01.010.

Severability—1983 c 315: See note following RCW 90.03.500.

35.67.030 Adoption of plan—Ordinance. Whenever the legislative body of any city or town, shall deem it advisable that such city or town shall purchase, acquire or construct any public utility mentioned in RCW 35.67.020, or make any additions, betterments, or alterations thereto, or extensions thereof, such legislative body shall provide therefor by ordinance, which shall specify and adopt the system or plan proposed, and declare the estimated cost thereof as near as may be. [1985 c 445 § 1; 1965 c 7 § 35.67.030. Prior: 1941 c 193 § 2; Rem. Supp. 1941 § 9354-5.]

35.67.110 General obligation bonds—Payment—Revenue from service charges. In addition to taxes pledged to pay the principal of and interest on general obligation bonds issued to pay for costs of purchasing, acquiring, or constructing any public utility mentioned in RCW 35.67.020, or to make any additions, betterments, or alterations thereto, or extensions thereof, the city or town legislative body, may set aside into a special fund and pledge to the payment of such principal and interest any sums or amounts which may accrue from the collection of service rates and charges for the private and public use of said sewerage system or systems for the collection and disposal of refuse, in excess of the cost of operation and maintenance thereof as constructed or added to, and the same shall be applied solely to the payment of such interest and bonds. Such pledge of revenue shall constitute a binding obligation, according to its terms, to continue the collection of such revenue so long as such bonds or any of them are outstanding. If the rates and charges are sufficient to meet the debt service requirements on such bonds no general tax need be levied. [1985 c 445 § 3; 1965 c 118 § 1; 1965 c 7 § 35.67.110. Prior: 1941 c 193 § 3, part; Rem. Supp. 1941 § 9354-6, part.]

The city or town legislative body may obligate the city or town to set aside and pay into this special fund: (1) A fixed proportion of the gross revenues of the system, or (2) a fixed amount out of and not exceeding a fixed proportion of the gross revenues, or (3) a fixed amount without regard to any fixed proportion, and (4) amounts received from any utility local improvement district assessments pledged to secure such bonds. [1967 c 52 § 24; 1965 c 7 § 35.67.120. Prior: 1941 c 193 § 4, part; Rem. Supp. 1941 § 9354-7, part.]

Alternative authority to issue revenue bonds: RCW 39.46.150, 39.46.160. Funds for reserve purposes may be included in issue amount: RCW 39.44.140.

35.67.130 Revenue bond fund—Limitations upon creation. In creating the special fund, the city or town legislative body shall have due regard to the cost of operation and maintenance of the system as constructed or added to, and to any proportion or part of the revenue previously pledged as a fund for the payment of bonds, warrants and other indebtedness. It shall not set aside into the special fund a greater amount or proportion of the revenue and proceeds than in its judgment will be available over and above the cost of maintenance and operation and the amount or proportion of the revenue so previously pledged. [1965 c 7 § 35.67.130. Prior: 1941 c 193 § 4, part; Rem. Supp. 1941 § 9354-7, part.]
35.67.140 Revenue bonds—Authority—Denominations—Terms. A city or town may issue revenue bonds against the special fund or funds created solely from revenues. 35.67.150 Revenue bonds—Signatures—Form. Every revenue bond and any coupon shall be signed by the mayor and attested by the clerk. The seal of the city or town shall be attached to all bonds but not to any coupons. Signatures on any coupons may be printed or may be the lithographic facsimile of the signatures. The bonds shall be printed, engraved or lithographed upon good bond paper. [1983 c 167 § 60; 1965 c 7 § 35.67.150. Prior: 1941 c 193 § 4, part; Rem. Supp. 1941 § 9354-7, part.]

Liberal construction—Severability—1983 c 167: See RCW 39.46.010 and note following.

35.67.160 Revenue bonds—Obligation against fund, not city. Revenue bonds or warrants and interest shall be payable only out of the special fund. Every bond or warrant and interest thereon issued against the special fund shall be a valid claim of the holder thereof only as against that fund and its fixed proportion of the amount of revenue pledged to the fund, and shall not constitute an indebtedness of the city or town. Every warrant as well as every bond shall state on its face that it is payable from a special fund, naming it and the ordinance creating it. [1965 c 7 § 35.67.160. Prior: 1941 c 193 § 4, part; Rem. Supp. 1941 § 9354-7, part.]

35.67.170 Revenue bonds—Sale of—Other disposition. Revenue bonds and warrants may be sold in any manner the city or town legislative body deems for the best interests of the city or town. The legislative body may provide in any contract for the construction or acquisition of a proposed utility that payment therefor shall be made only in revenue bonds and warrants at their par value. [1965 c 7 § 35.67.170. Prior: 1941 c 193 § 4, part; Rem. Supp. 1941 § 9354-7, part.]

[1983 c 167 § 61; 1965 c 7 § 35.67.180. Prior: 1941 c 193 § 4, part; Rem. Supp. 1941 c 9354-7, part.]

Liberal construction—Severability—1983 c 167: See RCW 39.46.010 and note following.

35.67.190 Revenues from system—Classification of services—Minimum rates—Compulsory use. The legislative body of such city or town may provide by ordinance for revenues by fixing rates and charges for the furnishing of service to those served by its system of sewerage or system for refuse collection and disposal, which rates and charges shall be uniform for the same class of customer or service. In classifying customers served or service furnished by such system of sewerage, the city or town legislative body may in its discretion consider any or all of the following factors: (1) The difference in cost of service to the various customers; (2) the location of the various customers within and without the city or town; (3) the difference in cost of maintenance, operation, repair, and replacement of the various parts of the system; (4) the different character of the service furnished various customers; (5) the quantity and quality of the sewage delivered and the time of its delivery; (6) capital contributions made to the system, including but not limited to, assessments; (7) the nonprofit public benefit status, as defined in RCW 24.03.490, of the land user; and (8) any other matters which present a reasonable difference as a ground for distinction.

If special indebtedness bonds or warrants are issued against the revenues, the legislative body shall by ordinance fix charges at rates which will be sufficient to take care of the costs of maintenance and operation, bond and warrant principal and interest, sinking fund requirements, and all other expenses necessary for efficient and proper operation of the system.

All property owners within the area served by such sewerage system shall be compelled to connect their private drains and sewers with such city or town system, under such penalty as the legislative body of such city or town may by ordinance direct. Such penalty may in the discretion of such legislative body be an amount equal to the charge that would be made for sewer service if the property was connected to such system. All penalties collected shall be considered revenue of the system. [1995 c 124 § 4; 1965 c 7 § 35.67.190. Prior: 1959 c 90 § 2; 1941 c 193 § 5; Rem. Supp. 1941 § 9354-8.]

a sanitary sewage treatment plant, the proceedings for the issuance of which were valid in all other respects, are approved, ratified and validated, and are declared to be legal and binding obligations of such city or town, both principal of and interest on which are payable only out of the revenues of the utility or utilities pledged for such payment. [1965 c 7 § 35.67.194. Prior: 1955 c 266 § 5.]

35.67.200 Sewerage lien—Authority. Cities and towns owning their own sewer systems shall have a lien for delinquent and unpaid rates and charges for sewer service, penalties levied pursuant to RCW 35.67.190, and connection charges, including interest thereon, against the premises to which such service has been furnished or is available, which lien shall be superior to all other liens and encumbrances except general taxes and local and special assessments. The city or town by ordinance may provide that delinquent charges shall bear interest at not exceeding eight percent per annum computed on a monthly basis: PROVIDED, That a city or town using the property tax system for utility billing may, by resolution or ordinance, adopt the alternative lien procedure as set forth in RCW 35.67.215. (3) If the owner is a nonresident of the city or town and his place of residence is known by mailing a copy to the owner addressed to his last known place of residence, or

(4) If the place of residence of the owner is unknown or if the owner of any parcel of land affected is unknown, by
publication in the official newspaper of the city or town once a week for two consecutive weeks. The notice shall specify a reasonable time within which the sidewalk shall be constructed which in the case of publication of the notice shall not be less than sixty days from the date of the first publication of such notice. [1985 c 469 § 36; 1965 c 7 § 35.70.060. Prior: 1915 c 149 § 4; RRS § 9158.]

35.70.070 Superintendent to construct and prepare assessment roll. If the notice and order to construct a sidewalk is not complied with within the time therein specified, the officer or department having the superintendence of streets shall proceed to construct said sidewalk forthwith and shall report to the city or town council at its next regular meeting or as soon thereafter as is practicable an assessment roll showing each parcel of land abutting upon the sidewalk, the name of the owner thereof if known, and apportion the cost of said improvement to be assessed against each parcel of such land. [1965 c 7 § 35.70.070. Prior: 1915 c 149 § 5, part; RRS § 9159, part.]

35.70.080 Hearing on assessment roll—Notice. Thereupon the city or town council shall set a date for hearing any protests against the proposed assessment roll and shall cause a notice of the time and place of the hearing to be published once a week for two successive weeks in the official newspaper of the city or town, the date of the hearing to be not less than thirty days from the date of the first publication of the notice. At the hearing or at any adjournment thereof the council by ordinance shall assess the cost of constructing the sidewalk against the abutting property in accordance with the benefits thereto. [1985 c 469 § 39; 1965 c 7 § 35.70.080. Prior: (i) 1915 c 149 § 5, part; RRS § 9159, part. (ii) 1915 c 149 § 6, part; RRS § 9160, part.]

35.70.090 Lien of assessments and foreclosure. The assessments shall become a lien upon the respective parcels of land and shall be collected in the manner provided by law for the collection of local improvement assessments and shall bear interest at the rate of six percent per annum from the date of the approval of said assessment thereon. Collection and foreclosure of local improvement assessments: Chapters 35.49, 35.50 RCW.

35.70.100 Provisions of chapter not exclusive. This chapter shall not be construed as repealing or amending any provision relating to the improvement of streets or public places by special assessments commonly known as local improvement laws, but shall be considered as additional legislation and auxiliary thereto and the city or town council, of any city of the second class or town before exercising the authority herein granted may by ordinance provide for the application and enforcement of the provisions of this chapter within the limitations herein specified. [1994 c 81 § 63; 1965 c 7 § 35.70.100. Prior: 1915 c 149 § 8; RRS § 9162.]
establishment of a mall and that vehicular traffic will not be unduly inconvenienced thereby, it may adopt a resolution declaring its intention to do so, and announcing the intended extent of traffic limitation. Any corporate authority is authorized to limit the utilization of any right of way, except for utilities and governmental functions, provided adequate alternative routes for vehicular movement, and the loading and unloading of goods are established or are available. The abutting property owner’s right of ingress and egress shall be considered to have been satisfied whenever the corporate authority has planned and constructed, or there is available, an alternate route, alleyway, and service driveway. [1965 c 7 § 35.71.030. Prior: 1961 c 111 § 3.]

35.71.040 Plan—Alternate vehicle routes—Off-street parking—Hearing, notice. Before a mall is established, a plan shall be formulated consistent with the city’s comprehensive plan, including at least the area of the right of way between two intersecting streets and showing alternate routes outside the mall area upon which any vehicles excluded from using the mall may be accommodated; it may include a provision for on and off-street parking. After the plans have been prepared, the corporate authority shall hold a public hearing thereon, giving notice of time and place at least two weeks in advance of the hearing in a newspaper of general circulation in the city and as required by chapter 42.32 RCW. [1965 c 7 § 35.71.040. Prior: 1961 c 111 § 4.]

35.71.050 Real estate appraisers—Report. The corporate authority is authorized to engage duly qualified real estate appraisers, for the purpose of determining the value, or legal damages, if any, to any person, owning or having any legal or equitable interest in any real property who contends that he would suffer damage if a projected mall were established; in connection therewith the city shall take into account any increment in value that may result from the establishment of the mall. The appraisers shall submit their findings in writing to the chief executive of the city. [1965 c 7 § 35.71.050. Prior: 1961 c 111 § 5.]

35.71.060 Financing methods. The corporate authority may finance the establishment of a mall, including, but not limited to, right of way improvements, traffic control devices, and off-street parking facilities in the vicinity of the mall, by one or more of the following methods or by a combination of any two or more of them:

1. By creating local improvement districts under the laws applicable thereto in Title 35 RCW.

2. By issuing revenue bonds pursuant to chapter 35.41 RCW, *RCW 35.24.305, chapter 35.92 RCW, RCW 35.81.100, and by such other statutes that may authorize such bonds.

3. By issuing general obligation bonds pursuant to chapter 39.52 RCW, RCW 35.81.115, and by such other statutes and applicable provisions of the state Constitution that may authorize such bonds.

4. By use of gifts and donations.

5. General fund and other available moneys: PROVIDED. That if any general fund moneys are expended for a mall, provision may be made for repayment thereof to the general fund from money received from the financing of the mall.

The corporate authority may include within the cost of any mall project the expense of moving utilities, or any facility located within a right of way. [1965 c 7 § 35.71.060. Prior: 1961 c 111 § 6.]

*Reviser’s note: RCW 35.24.305 was recodified as RCW 35.23.454 pursuant to 1994 c 81 § 90.*

35.71.070 Waivers and quitclaim deeds—Rights in right of way. The corporate authority may formulate, solicit, finance and acquire, purchase, or negotiate the acquisition of waivers and the execution of quitclaim deeds by persons owning or having any legal or equitable interest in the real property affected by the establishment of a mall, conveying the necessary rights to the city to prohibit through vehicular traffic and otherwise limit vehicular access to, and from, such right of way: PROVIDED, That the execution of such waivers and quitclaim deeds shall not operate to extinguish the rights of the abutting owner, lessor, or lessee in the right of way, not included in such waiver or quitclaim deed. [1965 c 7 § 35.71.070. Prior: 1961 c 111 § 7.]

35.71.080 Vacating, replating right of way for mall purposes. The corporate authority, as an alternate to the preceding methods, may find that the right of way no longer is needed as a right of way. When persons owning or having any legal or equitable interest in the real property affected by a proposed mall, present a petition to the corporate authority for vacating the right of way pursuant to chapter 35.79 RCW, or the corporate authority initiates by resolution such a vacation proceeding, a right of way may be vacated and replatted for mall purposes, and closed to vehicular traffic except as provided in RCW 35.71.030, consistent with the subdivision standards allowed by Title 58 RCW, and chapter 35.63 RCW. [1965 c 7 § 35.71.080. Prior: 1961 c 111 § 8.]

35.71.090 "Mall organization"—Powers in general—Directors—Officers. The corporate authority may cause an organization of persons to be known as a "Mall organization" interested in creating a mall in a given area to be formed to provide for consultative assistance to the city with respect to the establishment and administration of a mall. This organization may elect a board of directors of not less than three nor more than twelve members. The board shall elect a president, a vice president, and a secretary from its membership. [1965 c 7 § 35.71.090. Prior: 1961 c 111 § 9.]

35.71.100 Special assessment. After the establishment of the mall, the corporate authority may levy a special assessment on the real property within the area specially benefited by the improvement. Such special levy, if any, shall be for operation and maintenance of the mall and appurtenances thereto, which may not exceed one percent of the aggregate actual valuation of the real property (including twenty-five percent of the actual valuation of the improvements thereon) according to the valuation last placed upon it for purposes of general taxation: PROVIDED, That if a mall organization board of directors exists as authorized by
35.71.110  Claims for damages. Following the public hearing on the ordinance to establish a mall any person owning or having any legal or equitable interest in property which might be affected by reason of the establishment of the proposed mall or the board of directors of a mall organization shall, within twenty days of such hearing, file with the city clerk a statement describing the real property to which the claim is made, the nature of the claimant’s interest therein, the nature of the alleged damage thereto and the amount of damages claimed. After the receipt thereof, the corporate authority may negotiate with the affected parties concerning them or deny them. [1965 c 7 § 35.71.110. Prior: 1961 c 111 § 11.]

35.71.120  Contracts with mall organization for administration—Conflicting charter provisions. If the corporate authority desires to have the mall administered by a mall organization rather than by one of its departments, the corporate authority may execute a contract with such an organization for the administration of the mall upon mutually satisfactory terms and conditions: PROVIDED, That if any provision of a city charter conflicts with this section, such provision of the city charter shall prevail. [1965 c 7 § 35.71.120. Prior: 1961 c 111 § 12.]

35.71.130  Election to discontinue mall—Ordinance—Outstanding obligations—Restoration to former status. The board of directors of a mall organization may call for an election, after the mall has been in operation for two years, at which the voting shall be by secret ballot, on the question: “Shall the mall be continued in operation?” If sixty percent of the membership of the organization vote to discontinue the mall, the results of the election shall be submitted to the corporate authority. The corporate authority may initiate proceedings by ordinance for the discontinuation of the mall, allocate the proportionate amount of the outstanding obligations of the mall to the abutting property of the mall or property specially benefited if a local improvement district is established, subject to the provisions of any applicable statutes and bond ordinances, resolutions, or agreements, and thereafter, at a time set by the corporate authority, the mall may be restored to its former right of way status. [1965 c 7 § 35.71.130. Prior: 1961 c 111 § 13.]

35.71.910  Chapter controls inconsistent laws. Insofar as the provisions of this chapter are inconsistent with a provision of any other law, the provisions of this chapter shall be controlling. [1965 c 7 § 35.71.910. Prior: 1961 c 111 § 15.]
35.72.050 Alternative financing methods—Participation in or creation of assessment reimbursement area by county, city, town, or department of transportation—Eligibility for reimbursement. (1) As an alternative to financing projects under this chapter solely by owners of real estate, a county, city, or town may join in the financing of improvement projects and may be reimbursed in the same manner as the owners of real estate who participate in the projects, if the county, city, or town has specified the conditions of its participation in an ordinance. As another alternative, a county, city, or town may create an assessment reimbursement area on its own initiative, without the participation of a private property owner, finance the costs of the road or street improvements, and become the sole beneficiary of the reimbursements that are contributed. A county, city, or town may be reimbursed only for the costs of improvements that benefit the general public. If a city of the first or second class establishes the grade of any street or alley at a higher elevation than any private property abutting thereon, thereby rendering the drainage of such private property or any part thereof impracticable without the raising of the surface of such private property, or if the surface of any private property in any such city is so low as to make sanitary drainage thereof impracticable and it is determined by resolution of the city council of such city that a fill of such private property is necessary as a sanitary measure, the city may provide therefor, and by general or special ordinance or both make provision for the collection of the assessments made thereby, and for the doing of everything which in their discretion may be necessary or be incidental thereto: PROVIDED, That before the approval of the assessment roll, notice shall be given and an opportunity offered for the owners of the property affected by the assessment roll to be heard before such city council in the same manner as in cases of assessments for drainage or sewerage in the city. [1965 c 7 § 35.73.010. Prior: (i) 1907 c 243 § 1; RRS § 9426. (ii) 1907 c 243 § 4; RRS § 9429.]

35.72.020 Estimates—Intention—Property included—Resolution. Before establishing a grade for property or providing for the fill of property, the city must adopt a resolution declaring its intention to do so.

The resolution shall:
(1) Describe the property proposed to be improved by the fill,
(2) State the estimated cost of making the improvement,
(3) State that the cost thereof is to be assessed against the property improved thereby, and
(4) Fix a time not less than thirty days after the first publication of the resolution within which protests against the proposed improvement may be filed with the city clerk.

The resolution may include as many separate parcels of property as may seem desirable whether or not they are contiguous so long as they lie in the same general neighborhood and may be included conveniently in one local improvement district. [1965 c 7 § 35.73.020. Prior: 1907 c 243 § 2, part; RRS § 9427, part.]

35.72.030 Hearing—Time of—Publication of resolution. Upon the passage of the resolution the city clerk shall cause it to be published in the official newspaper of the city in at least two successive issues before the time fixed in the resolution for filing protests. Proof of publication by affidavit shall be filed as part of the record of the proceedings. [1965 c 7 § 35.73.030. Prior: 1907 c 243 § 2, part; RRS § 9427, part.]

35.72.040 Ordinance—Assessments. If no protest is filed, or if protests are filed but the city council after full hearing determines that it is necessary to fill any portion of the private property it shall proceed to enact an ordinance for
such improvement. By the provisions of the ordinance, a local improvement district shall be established to be called "local improvement district No. . . . ." which shall include all the property found by the said council to require the fill as a sanitary measure. The ordinance shall provide that such improvement shall be made and shall fix and establish the grades to which the said property and the different portions thereof shall be brought by such improvement, and that the cost and expense thereof shall be taxed and assessed upon all the property in such local improvement district, which cost shall be assessed in proportion to the number of cubic yards of earth and bulkheading required for the different portions of said property included in said improvement district and in proportion to the benefits derived by such improvement: PROVIDED, That the city council may expend from the general fund for such purposes such sums as in its judgment may seem fair and equitable in consideration of the benefits accruing to the general public by reason of such improvement. [1965 c 7 § 35.73.040. Prior: 1907 c 243 § 3, part; RRS § 9428, part.]

35.73.050 Lien of assessments. Whenever any expense or cost of work has been assessed the amount of such expense and cost shall become a lien upon said lands against which the same are so assessed and shall take precedence of all other liens, except general tax liens and special assessment liens theretofore assessed by the said city thereon and which may be foreclosed in accordance with law in the name of such city as plaintiff. And in any such proceeding if the court trying the same shall be satisfied that the work has been done or material furnished for the fill of such property, a recovery shall be permitted or charge enforced to the extent of the proper proportion of the value of the work or material which would be chargeable on such lot or land notwithstanding any informality, irregularity or defects in any of the proceedings of such municipal corporation or its officers. [1965 c 7 § 35.73.050. Prior: 1907 c 243 § 3, part; RRS § 9428, part.]

Collection and foreclosure of local improvement district assessments: Chapters 35.49, 35.50 RCW.

35.73.060 Improvement district bonds—Issuance. (1) The city may, in its discretion, by general or special ordinance, or both, instead of requiring immediate payment for the said work to be made by the owners of property included in the assessment roll, authorize the issuance of interest bearing bonds or warrants of the local improvement district, payable on or before a date not to exceed twelve years from and after their date. The bonds may be issued subject to call, the amount of the said assessment to be payable in installments or otherwise, and the bonds to be of such terms as may be provided in the ordinances and to bear interest at such rate or rates as may be prescribed in the ordinances. Such bonds or warrants may be of any form, including bearer bonds or bearer warrants, or registered bonds or registered warrants as provided in RCW 39.46.030.

(2) Notwithstanding subsection (1) of this section, such bonds or warrants may be issued and sold in accordance with chapter 39.46 RCW. [1983 c 167 § 62; 1981 c 156 § 9; 1979 ex.s.c. c 30 § 1; 1965 c 7 § 35.73.060. Prior: 1915 c 87 § 1, part; 1907 c 243 § 5, part; RRS § 9430, part.]

35.74.010 Authority to construct or grant franchise to construct. Every city and town may erect and maintain drawbridges across navigable streams that flow through or penetrate the boundaries thereof, when the public necessity requires it, or it may grant franchises to persons or corporations to erect them and charge toll thereon. [1965 c 7 § 35.74.010. Prior: 1890 p 54 § 1; RRS § 9324, part.]
the matter by the board, they may appeal to the superior court which may hear and determine the matter upon such further notice and on such testimony as it shall direct to be produced. [1965 c 7 § 35.74.030. Prior: 1890 p 54 § 2, part; RRS § 9324, part.]

35.74.040 Required specifications. All bridges constructed under the provisions of this chapter must be so constructed as not to obstruct navigation, and must have a draw or swing of sufficient space or span to permit the safe, convenient, and expeditious passage at all times of any steamer or vessel or raft which may navigate the stream or waters bridged. [1965 c 7 § 35.74.040. Prior: 1890 p 55 § 5; RRS § 9327.]

35.74.050 City may operate as toll bridges. A city or town may build and maintain toll bridges and charge and collect tolls thereon, and to that end may provide a system and elect or appoint persons to operate the same, or the said bridges may be made free, as it may elect. [1965 c 7 § 35.74.050. Prior: 1890 p 55 § 6; RRS § 9328.]

35.74.060 Prerequisites of grant of franchise—Approval of bridge—Tolls. Before any franchise to build any bridge across any such navigable stream is granted by any city or town council it shall fix a license tax, not to exceed ten percent of the tolls collected annually. Upon the completion of the bridge the city or town council shall cause it to be inspected and if it is found to comply in all respects with the specifications previously made, and to be safe and convenient for the public, the council shall declare it open as a toll bridge, and shall immediately fix the rates of toll thereof. [1965 c 7 § 35.74.060. Prior: 1890 p 55 § 3; RRS § 9329.]

35.74.070 License fees—Renewal of license. The owner or keeper of any toll bridges in any city or town shall, before the renewal of any license, report to the city or town council under oath, the actual cost of construction and equipment of the toll bridge, the repairs and cost of maintaining it during the preceding year, the amount of tax collected, and the estimated cash value of the bridge, exclusive of the franchise. All funds arising from the license tax shall be paid into the general fund of the city or town. [1965 c 7 § 35.74.070. Prior: 1890 p 55 § 4; RRS § 9330.]

[Title 35 RCW—page 245]
35.77.010 Perpetual advanced six-year plans for coordinated transportation program expenditures—Nonmotorized transportation—Railroad right-of-way. (1) The legislative body of each city and town, pursuant to one or more public hearings thereon, shall prepare and adopt a comprehensive transportation program for the ensuing six calendar years. If the city or town has adopted a comprehensive plan pursuant to chapter 35.63 or 35A.63 RCW, the inherent authority of a first class city derived from its charter, or chapter 36.70A RCW, the program shall be consistent with this comprehensive plan.

The program shall be filed with the secretary of transportation not more than thirty days after its adoption. Annually thereafter the legislative body of each city and town shall review the work accomplished under the program and determine current city transportation needs. Based on these findings each such legislative body shall prepare and adopt a revised and extended comprehensive transportation program before July 1st of each year, and each one-year extension and revision shall be filed with the secretary of transportation not more than thirty days after its adoption. The purpose of this section is to assure that each city and town shall perpetually have available advanced plans looking to the future for not less than six years as a guide in carrying out a coordinated transportation program. The program may at any time be revised by a majority of the legislative body of a city or town, but only after a public hearing.

The six-year plan for each city or town shall specifically set forth those projects and programs of regional significance for inclusion in the transportation improvement program within that region.

(2) Each six-year transportation program forwarded to the secretary in compliance with subsection (1) of this section shall contain information as to how a city or town will expend its moneys, including funds made available pursuant to chapter 47.30 RCW, for nonmotorized transportation purposes.

(3) Each six-year transportation program forwarded to the secretary in compliance with subsection (1) of this section shall contain information as to how a city or town shall act to preserve railroad right-of-way in the event the railroad ceases to operate in the city’s or town’s jurisdiction. ### 35.79.030 Hearing—Ordinance of vacation.

The hearing on such petition may be held before the legislative authority, or before a committee thereof upon the date fixed by resolution or at the time said hearing may be adjourned to. If the hearing is before such a committee the same shall, following the hearing, report its recommendation on the petition to the legislative authority which may adopt or reject the recommendation. If such hearing be held before such a committee it shall not be necessary to hold a hearing on the petition before such legislative authority. If the legislative authority determines to grant said petition or any part thereof, such city or town shall be authorized and have authority by ordinance to vacate such street, or alley, or any part thereof, and the ordinance may provide that it shall not become effective until the owners of property abutting upon the street or alley, or part thereof so vacated, shall compensate such city or town in an amount which does not exceed one-half the appraised value of the area so vacated. If the street or alley has been part of a dedicated public right-of-way for twenty-five years or more, or if the subject property or portions thereof were acquired at public expense, the city or town may require the owners of the property abutting the street or alley to compensate the city or town in an amount that does not exceed the full appraised value of the area vacated. The ordinance may provide that the city retain an easement or the right to exercise and grant easements in respect to the vacant land for the construction, repair, and maintenance of public utilities and services. A certified copy of such ordinance shall be recorded by the clerk of the legislative authority and in the office of the auditor of the county in which the vacated land is located. One-half of the revenue received by the city or town as compensation for the area vacated must be dedicated to the acquisition, improvement, development, and related maintenance of public open space or transportation capital projects within the city or town. 1. A city or town shall not vacate a street or alley if any portion of the street or alley abuts a body of fresh or salt water unless:

   - (c) The vacation is sought to enable a city or town to implement a plan, adopted by resolution or ordinance, that provides comparable or improved public access to the same shoreline area to which the streets or alleys sought to be vacated abut, had the properties included in the plan not been vacated.

2. Before adopting a resolution vacating a street or alley under subsection (1)(b) of this section, the city or town shall:

   - (b) Conduct a study to determine if the street or alley to be vacated is suitable for use by the city or town for any of the following purposes: Port, boat moorage, launching sites, beach or water access, park, public view, recreation, or education;
   - (c) Hold a public hearing on the proposed vacation in the manner required by this chapter, where in addition to the normal requirements for publishing notice, notice of the public hearing is posted conspicuously on the street or alley sought to be vacated, which posted notice indicates that the area is public access, it is proposed to be vacated, and that anyone objecting to the proposed vacation should attend the public hearing or send a letter to a particular official indicating his or her objection; and
   - (d) Make a finding that the street or alley sought to be vacated is not suitable for any of the purposes listed under (b) of this subsection, and that the vacation is in the public interest.

3. No vacation shall be effective until the fair market value has been paid for the street or alley that is vacated. Moneys received from the vacation may be used by the city.
or town only for acquiring additional beach or water access, acquiring additional public view sites to a body of water, or acquiring additional moorage or launching sites. [1987 c 228 § 2.]

35.80.010 Declaration of purpose. It is hereby found that there exist, in the various municipalities and counties of the state, dwellings which are unfit for human habitation, and buildings, structures, and premises or portions thereof which are unfit for other uses due to dilapidation, disrepair, structural defects, defects increasing the hazards of fire, accidents, or other calamities, inadequate ventilation and uncleanliness, inadequate light or sanitary facilities, inadequate drainage, overcrowding, or due to other conditions which are inimical to the health and welfare of the residents of such municipalities and counties.

It is further found and declared that the powers conferred by this chapter are for public uses and purposes for which public money may be expended, and that the necessity of the public interest for the enactment of this law is hereby declared to be a matter of local legislative determination. [1989 c 133 § 2; 1969 ex.s. c 127 § 2; 1967 c 111 § 2; 1965 c 7 § 35.80.020. Prior: 1959 c 82 § 2.]

35.80.020 Definitions. The following terms, however used or referred to in this chapter, shall have the following meanings, unless a different meaning is clearly indicated by the context:

(1) "Board" shall mean the improvement board as provided for in RCW 35.80.030(1)(a);
(2) "Local governing body" shall mean the council, board, commission, or other legislative body charged with governing the municipality or county;
(3) "Municipality" shall mean any city, town or county in the state;

35.80.030 Permissible ordinances—Appeal. (1) Whenever the local governing body of a municipality finds that one or more conditions of the character described in RCW 35.80.010 exist within its territorial limits, said governing body may adopt ordinances relating to such dwellings, buildings, structures, or premises. Such ordinances may provide for the following:

(a) That an "improvement board" or officer be designated or appointed to exercise the powers assigned to such board or officer by the ordinance as specified herein. Said board or officer may be an existing municipal board or officer in the municipality, or may be a separate board or officer appointed solely for the purpose of exercising the powers assigned by said ordinance.

If a board is created, the ordinance shall specify the terms, method of appointment, and type of membership of said board, which may be limited, if the local governing body chooses, to public officers as herein defined.

(b) If a board is created, a public officer, other than a member of the improvement board, may be designated to work with the board and carry out the duties and exercise the powers assigned to said public officer by the ordinance.

(c) That if, after a preliminary investigation of any dwelling, building, structure, or premises, the board or officer finds that it is unfit for human habitation or other use, he shall cause to be served either personally or by certified mail, with return receipt requested, upon all persons having any interest therein, as shown upon the records of the auditor’s office of the county in which such property is located, and shall post in a conspicuous place on such property, a complaint stating in what respects such dwelling, building, structure, or premises is unfit for human habitation or other use. If the whereabouts of any of such persons is unknown and the same cannot be ascertained by the board or officer in the exercise of reasonable diligence, and the board or officer makes an affidavit to that effect, then the serving of such complaint or order upon such persons may be made either by personal service or by mailing a copy of the complaint and order by certified mail, with return receipt requested, to each such person at the address of the building involved in the proceedings, and mailing a copy of the complaint and order by first class mail to any address of each such person in the records of the county assessor or the county auditor for the county where the property is located. Such complaint shall contain a notice that a hearing will be held before the board or officer, at a place therein fixed, not less than ten days nor more than thirty days after the serving of said complaint; and that all parties in interest shall be given the right to file an answer to the complaint, to appear in person, or otherwise, and to give testimony at the time and place in the complaint. The rules of evidence prevailing in courts of law or equity shall not be controlling in hearings before the board or officer. A copy of such complaint shall also be filed with the auditor of the county in which the dwelling, building, structure, or premises [premises] is located, and such filing of the complaint or order shall have the same force and effect as other lis pendens notices provided by law.

(2002 Ed.)  [Title 35 RCW—page 249]
(d) That the board or officer may determine that a dwelling, building, structure, or premises is unfit for human habitation or other use if it finds that conditions exist in such dwelling, building, structure, or premises which are dangerous or injurious to the health or safety of the occupants of such dwelling, building, structure, or premises, the occupants of neighboring dwellings, or other residents of such municipality. Such conditions may include the following, without limitations: Defects therein increasing the hazards of fire or accident; inadequate ventilation, light, or sanitary facilities; dilapidation, disrepair, structural defects, uncleanliness, overcrowding, or inadequate drainage. The ordinance shall state reasonable and minimum standards covering such conditions, including those contained in ordinances adopted in accordance with subdivision (7)(a) herein, to guide the board or the public officer and the agents and employees of either, in determining the fitness of a dwelling for human habitation, or building, structure, or premises for other use.

(e) That the determination of whether a dwelling, building, structure, or premises should be repaired or demolished, shall be based on specific stated standards on (i) the degree of structural deterioration of the dwelling, building, structure, or premises, or (ii) the relationship that the estimated cost of repair bears to the value of the dwelling, building, structure, or premises, with the method of determining this value to be specified in the ordinance.

(f) That if, after the required hearing, the board or officer determines that the dwelling is unfit for human habitation, or building or structure or premises is unfit for other use, it shall state in writing its findings of fact in support of such determination, and shall issue and cause to be served upon the owner or party in interest thereof, as is provided in subdivision (1)(c), and shall post in a conspicuous place on said property, an order which (i) requires the owner or party in interest, within the time specified in the order, to repair, alter, or improve such dwelling, building, structure, or premises to render it fit for human habitation, or for other use, or to vacate and close the dwelling, building, structure, or premises, if such course of action is deemed proper on the basis of the standards set forth as required in subdivision (1)(c); or (ii) requires the owner or party in interest, within the time specified in the order, to remove or demolish such dwelling, building, structure, or premises, if this course of action is deemed proper on the basis of said standards. If no appeal is filed, a copy of such order shall be filed with the auditor of the county in which the dwelling, building, structure, or premises is located.

(g) The owner or any party in interest, within thirty days from the date of service upon the owner and posting of an order issued by the board under the provisions of subdivision (c) of this subsection, may file an appeal with the appeals commission.

The local governing body of the municipality shall designate or establish a municipal agency to serve as the appeals commission. The local governing body shall also establish rules of procedure adequate to assure a prompt and thorough review of matters submitted to the appeals commission, and such rules of procedure shall include the following, without being limited thereto: (i) All matters submitted to the appeals commission must be resolved by the commission within sixty days from the date of filing therewith and (ii) a transcript of the findings of fact of the appeals commission shall be made available to the owner or other party in interest upon demand.

The findings and orders of the appeals commission shall be reported in the same manner and shall bear the same legal consequences as if issued by the board, and shall be subject to review only in the manner and to the extent provided in subdivision (2) of this section.

If the owner or party in interest, following exhaustion of his rights to appeal, fails to comply with the final order to repair, alter, improve, vacate, close, remove, or demolish the dwelling, building, structure, or premises, the board or officer may direct or cause such dwelling, building, structure, or premises to be repaired, altered, improved, vacated, and closed, removed, or demolished.

(h) That the amount of the cost of such repairs, alterations or improvements; or vacating and closing; or removal or demolition by the board or officer, shall be assessed against the real property upon which such cost was incurred unless such amount is previously paid. Upon certification to him by the treasurer of the municipality in cases arising out of the city or town or by the county improvement board or officer, in cases arising out of the county, of the assessment amount being due and owing, the county treasurer shall enter the amount of such assessment upon the tax rolls against the property for the current year and the same shall become a part of the general taxes for that year to be collected at the same time and with interest at such rates and in such manner as provided for in RCW 84.56.020, as now or hereafter amended, for delinquent taxes, and when collected to be deposited to the credit of the general fund of the municipality. If the dwelling, building, structure, or premises is removed or demolished by the board or officer, the board or officer shall, if possible, sell the materials of such dwelling, building, structure, or premises in accordance with procedures set forth in said ordinance, and shall credit the proceeds of such sale against the cost of the removal or demolition and if there be any balance remaining, it shall be paid to the parties entitled thereto, as determined by the board or officer, after deducting the costs incident thereto.

The assessment shall constitute a lien against the property which shall be of equal rank with state, county and municipal taxes.

(2) Any person affected by an order issued by the appeals commission pursuant to subdivision (1)(f) hereof may, within thirty days after the posting and service of the order, petition to the superior court for an injunction restraining the public officer or members of the board from carrying out the provisions of the order. In all such proceedings the court is authorized to affirm, reverse, or modify the order and such trial shall be heard de novo.

(3) An ordinance adopted by the local governing body of the municipality may authorize the board or officer to exercise such powers as may be necessary or convenient to carry out and effectuate the purposes and provisions of this section. These powers shall include the following in addition to others herein granted: (a)(i) To determine which dwellings within the municipality are unfit for human habitation; (ii) to determine which buildings, structures, or premises are unfit for other use; (b) to administer oaths and affirmations, examine witnesses and receive evidence; and (c) to investigate the dwelling and other property conditions in the municipality or county and to enter upon premises for
the purpose of making examinations when the board or officer has reasonable ground for believing they are unfit for human habitation, or for other use: PROVIDED, That such entries shall be made in such manner as to cause the least possible inconvenience to the persons in possession, and to obtain an order for this purpose after submitting evidence in support of an application which is adequate to justify such an order from a court of competent jurisdiction in the event entry is denied or resisted.

(4) The local governing body of any municipality adopting an ordinance pursuant to this chapter may appropriate the necessary funds to administer such ordinance.

(5) Nothing in this section shall be construed to abrogate or impair the powers of the courts or of any department of any municipality to enforce any provisions of its charter or its ordinances or regulations, nor to prevent or punish violations thereof; and the powers conferred by this section shall be in addition and supplemental to the powers conferred by any other law.

(6) Nothing in this section shall be construed to impair or limit in any way the power of the municipality to define and declare nuisances and to cause their removal or abatement, by summary proceedings or otherwise.

(7) Any municipality may (by ordinance adopted by its governing body) (a) prescribe minimum standards for the use and occupancy of dwellings throughout the municipality, or county, (b) prescribe minimum standards for the use or occupancy of any building, structure, or premises used for any other purpose, (c) prevent the use or occupancy of any dwelling, building, structure, or premises, which is injurious to the public health, safety, morals, or welfare, and (d) prescribe punishment for the violation of any provision of such ordinance. **35.80A.010** Condemnation of blighted property.

Every county, city, and town may acquire by condemnation, in accordance with the notice requirements and other procedures for condemnation provided in Title 8 RCW, any property, dwelling, building, or structure which constitutes a blight on the surrounding neighborhood. A "blight on the surrounding neighborhood" is any property, dwelling, building, or structure that meets any two of the following factors: (1) If a dwelling, building, or structure exists on the property, the dwelling, building, or structure has not been lawfully occupied for a period of one year or more; (2) the property, dwelling, building, or structure constitutes a threat to the public health, safety, or welfare as determined by the executive authority of the county, city, or town, or the designee of the executive authority; or (3) the property, dwelling, building, or structure has or has been associated with illegal drug activity during the previous twelve months. Prior to such condemnation, the local governing body shall adopt a resolution declaring that the acquisition of the real property described therein is necessary to eliminate neighborhood blight. Condemnation of property, dwellings, buildings, and structures for the purposes described in this chapter is declared to be for a public use. [1994 c 175 § 1; 1989 c 271 § 239.]

**35.80A.020** Transfer of blighted property acquired by condemnation. Counties, cities, and towns may sell, lease, or otherwise transfer real property acquired pursuant to this chapter for residential, recreational, commercial, industrial, or other uses or for public use, subject to such covenants, conditions, and restrictions, including covenants running with the land, as the county, city, or town deems to be necessary or desirable to rehabilitate and preserve the dwelling, building, or structure in a habitable condition. The purchasers or lessees and their successors and assigns shall be obligated to comply with such other requirements as the county, city, or town may determine to be in the public interest, including the obligation to begin, within a reasonable time, any improvements on such property required to make the dwelling, building, or structure habitable. Such real property or interest shall be sold, leased, or otherwise transferred, at not less than its fair market value. In determining the fair market value of real property for uses in accordance with this section, a municipality shall take into account and give consideration to, the restrictions upon and the covenants, conditions, and obligations assumed by the purchaser or lessee. [1989 c 271 § 240.]

**35.80A.030** Disposition of blighted property—Procedures. A county, city, or town may dispose of real property acquired pursuant to this section to private persons only under such reasonable, competitive procedures as it shall prescribe. The county, city, or town may accept such proposals as it deems to be in the public interest and in furtherance of the purposes of this chapter. Thereafter, the county, city, or town may execute and deliver contracts, deeds, leases, and other instruments of transfer. [1989 c 271 § 241.]

**35.80A.040** Authority to enter blighted buildings or property—Acceptance of financial assistance. Every county, city, or town may, in addition to any other authority granted by this chapter: (1) Enter upon any building or property found to constitute a blight on the surrounding neighborhood in order to make surveys and appraisals, and to obtain an order for this purpose from a court of competent jurisdiction in the event entry is denied or resisted; and (2) borrow money, apply for, and accept, advances, loans,
grants, contributions, and any other form of financial assistance from the federal government, the state, a county, or other public body, or from any sources, public or private, for the purposes of this chapter, and enter into and carry out contracts in connection herewith. [1989 c 271 § 242.]

35.81.005 Declaration of purpose and necessity. It is hereby found and declared that blighted areas which constitute a serious and growing menace, injurious to the public health, safety, morals and welfare of the residents of the state exist in municipalities of the state; that the existence of such areas contributes substantially and increasingly to the spread of disease and crime and depreciation of property values, constitutes an economic and social liability, substantially impairs or arrests the sound growth of municipalities, retards the provision of housing accommodations, hinders job creation and economic growth, aggravates traffic problems and substantially impairs or arrests the elimination of traffic hazards and the improvement of traffic facilities; and that the prevention and elimination of such areas is a matter of state policy and state concern in order that the state and its municipalities shall not continue to be endangered by areas which are focal centers of disease, promote juvenile delinquency, are conducive to fires, are difficult to police and to provide police protection for, and, while contributing little to the tax income of the state and its municipalities, consume an excessive proportion of its revenues because of the extra services required for police, fire, accident, hospitalization and other forms of public protection, services, and facilities.

It is further found and declared that certain of such areas, or portions thereof, may require acquisition, clearance, and disposition subject to use restrictions, as provided in this chapter, since the prevailing condition of decay may make impracticable the reclamation of the area by rehabilitation; that other areas or portions thereof may, through the means provided in this chapter, be susceptible of rehabilitation in such a manner that the conditions and evils hereinbefore enumerated may be eliminated, remedied or prevented; and that to the extent feasible salvageable blighted areas should be rehabilitated through voluntary action and the regulatory process. It is further found and declared that there is an urgent need to enhance the ability of municipalities to act effectively and expeditiously to revive blighted areas and to prevent further blight due to shocks to the economy of the state and their actual and threatened effects on unemployment, poverty, and the availability of private capital for businesses and projects in the area.

It is further found and declared that the powers conferred by this chapter are for public uses and purposes for which public money may be expended and the power of eminent domain exercised; and that the necessity in the public interest for the provisions herein enacted is hereby declared as a matter of legislative determination. [2002 c 218 § 2; 1965 c 7 § 35.81.020. Prior: 1957 c 42 § 2. Formerly RCW 35.81.020.]

Severability—2002 c 218: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [2002 c 218 § 28.]

Savings—Construction—2002 c 218: "(1) This act does not impair any authority granted, any actions undertaken, or any liability or obligation incurred under the sections amended in this act or under any rule, order, plan, or project adopted under those sections, nor does it impair any proceedings instituted under those sections.

(2) Any power granted in this act with respect to a community renewal plan, and any process authorized for the exercise of the power, may be used by any municipality in implementing any urban renewal plan or project adopted under chapter 35.81 RCW, to the same extent as if the plan were adopted as a community renewal plan.

(3) This act shall be liberally construed." [2002 c 218 § 29.]

35.81.050 Findings by local governing body required—Exercise of community renewal agency powers. (1) No municipality shall exercise any of the powers hereafter conferred upon municipalities by this chapter until after its local governing body shall have adopted an ordinance or resolution finding that: (a) One or more blighted areas exist in such municipality; and (b) the rehabilitation, redevelopment, or a combination thereof, of such area or areas is necessary in the interest of the public health, safety, morals, or welfare of the residents of such municipality.

35.81.060 Comprehensive plan—Preparation—Hearing—Approval—Modification—Effect. (1) A municipality shall not approve a community renewal project for a community renewal area unless the local governing body has, by ordinance or resolution, determined such an area to be a blighted area and designated the area as appropriate for a community renewal project. The local governing body shall not approve a community renewal plan until a comprehensive plan or parts of the plan for an area which would include a community renewal area for the municipality have been prepared as provided in chapter 36.70A RCW. For municipalities not subject to the planning requirements of chapter 36.70A RCW, any proposed comprehensive plan must be consistent with a local comprehensive plan adopted under chapter 35.63 or 36.70 RCW, or any other applicable law. A municipality shall not acquire real property for a community renewal project unless the local governing body has approved the community renewal project plan in accordance with subsection (4) of this section.

(2) The municipality may itself prepare or cause to be prepared a community renewal plan, or any person or agency, public or private, may submit such a plan to the municipality. Prior to its approval of a community renewal plan.
project, the local governing body shall review and determine the conformity of the community renewal plan with the comprehensive plan or parts thereof for the development of the municipality as a whole. If the community renewal plan is not consistent with the existing comprehensive plan, the local governing body may amend its comprehensive plan or community renewal plan.

(3) Prior to adoption, the local governing body shall hold a public hearing on a community renewal plan after providing public notice. The notice shall be given by publication once each week for two consecutive weeks not less than ten nor more than thirty days prior to the date of the hearing in a newspaper having a general circulation in the community renewal area of the municipality and by mailing a notice of the hearing not less than ten days prior to the date of the hearing to the persons whose names appear on the county treasurer’s tax roll as the owner or reputed owner of the property, at the address shown on the tax roll. The notice shall describe the time, date, place, and purpose of the hearing, shall generally identify the community renewal area affected, and shall outline the general scope of the community renewal plan under consideration.

(4) Following the hearing, the local governing body may approve a community renewal project if it finds that (a) a feasible plan exists for making available adequate housing for the residents who may be displaced by the project; (b) the community renewal plan conforms to the comprehensive plan for the municipality; (c) the community renewal plan will afford maximum opportunity, consistent with the needs of the municipality, for the rehabilitation or redevelopment of the community renewal area by private enterprise; (d) a sound and adequate financial program exists for the financing of the project; and (e) the community renewal project area is a blighted area as defined in RCW 35.81.015(2).

(5) A community renewal project plan may be modified at any time by the local governing body. However, if modified after the lease or sale by the municipality of real property in the community renewal project area, the modification shall be subject to the rights at law or in equity as a lessee or purchaser, or the successor or successors in interest may be entitled to assert.

(6) Unless otherwise expressly stated in an ordinance or resolution of the governing body of the municipality, a community renewal plan shall not be considered a subarea plan or part of a comprehensive plan for purposes of chapter 36.70A RCW. However, a municipality that has adopted a comprehensive plan under chapter 36.70A RCW may adopt all or part of a community renewal plan at any time as a new or amended subarea plan, whether or not any subarea plan has previously been adopted for all or part of the community renewal area. Any community renewal plan so adopted, unless otherwise determined by the growth management hearings board with jurisdiction under a timely appeal in RCW 36.70A.280, shall be conclusively presumed to comply with the requirements in this chapter for consistency with the comprehensive plan. [2002 c 218 § 6; 1965 c 7 § 35.81.060. Prior: 1957 c 42 § 6.]

(5) To contract with a person or public body to provide financial assistance, authorized under this section, to property owners and tenants impacted by the implementation of the community renewal plan and to provide incentives to property owners and tenants to encourage them to locate in the community renewal area after adoption of the community renewal plan.

(6) Within the municipality, to enter upon any building or property in any community renewal area, in order to make surveys and appraisals, provided that such entries shall be made in such a manner as to cause the least possible inconvenience to the persons in possession, and to obtain an order for this purpose from a court of competent jurisdiction in the event entry is denied or resisted; to acquire by purchase, lease, option, gift, grant, bequest, devise, eminent domain, or otherwise, any real property and such personal property as may be necessary for the administration of the provisions herein contained, together with any improvements thereon; to hold, improve, clear, or prepare for redevelopment any such property; to dispose of any real property; to insure or provide for the insurance of any real or personal property or operations of the municipality against any risks or hazards, including the power to pay premiums on any such insurance: PROVIDED, That no statutory provision

(7) To invest any community renewal project funds held in reserves or sinking funds or any such funds which are not required for immediate disbursement, in property or securities in which mutual savings banks may legally invest funds subject to their control; to redeem such bonds as have been issued pursuant to RCW 35.81.100 at the redemption price established therein or to purchase such bonds at less than redemption price, all such bonds so redeemed or purchased to be canceled.

(8) To borrow money and to apply for, and accept, advances, loans, grants, contributions and any other form of financial assistance from the federal government, the state, county, or other public body, or from any sources, public or private, for the purposes of this chapter, and to enter into and carry out contracts in connection therewith. A municipality may include in any application or contract for financial assistance with the federal government for a community renewal project such conditions imposed pursuant to federal laws as the municipality may deem reasonable and appropriate and which are not inconsistent with the purposes of this chapter.

(9) Within the municipality, to make or have made all plans necessary to the carrying out of the purposes of this chapter and to contract with any person, public or private, in making and carrying out such plans and to adopt or approve, modify, and amend such plans. Such plans may include, without limitation: (a) A comprehensive plan or parts thereof for the locality as a whole, (b) community renewal plans, (c) plans for carrying out a program of voluntary or compulsory repair and rehabilitation of buildings and improvements, (d) plans for the enforcement of state and local laws, codes, and regulations relating to the use of land and the use and occupancy of buildings and improvements and to the compulsory repair, rehabilitation, demolition, or removal of buildings and improvements, (e) appraisals, title searches, surveys, studies, and other preliminary plans and work necessary to prepare for the undertaking of community renewal projects, and (f) plans to provide financial or technical assistance to a person or public body for the purpose of creating or retaining jobs, a substantial portion of which, as determined by the municipality, shall be for persons of low income. The municipality is authorized to develop, test, and report methods and techniques, and carry out demonstrations and other activities, for the prevention and the elimination of blight, for job creation or retention activities, and to apply for, accept, and utilize grants of, funds from the federal government for such purposes.

(10) To prepare plans for the relocation of families displaced from a community renewal area, and to coordinate public and private agencies in such relocation, including requesting such assistance for this purpose as is available from other private and governmental agencies, both for the municipality and other parties.

Condemnation for community renewal of blighted areas is declared to be a public use, and property already devoted to any other public use or acquired by the owner or a predecessor in interest by eminent domain may be condemned for the purposes of this chapter.

The award of compensation for real property taken for such a project shall not be increased by reason of any increase in the value of the real property caused by the assembly, clearance, or reconstruction, or proposed assembly, clearance, or reconstruction in the project area. No allowance shall be made for the improvements begun on real property after notice to the owner of such property of the institution of proceedings to condemn such property. (1) A municipality, with approval of its legislative authority, may acquire real property, or any interest therein, for the purposes of a community renewal project (a) prior to the selection of one or more persons interested in undertaking to redevelop or rehabilitate the real property, or (b) after the selection of one
or more persons interested in undertaking to redevelop or rehabilitate such real property. In either case the municipality may select a redeveloper through a competitive bidding process consistent with this section or through a process consistent with RCW 35.81.095.

(2) A municipality, with approval of its legislative authority, may sell, lease, or otherwise transfer real property or any interest therein acquired by it for a community renewal project, in a community renewal area for residential, recreational, commercial, industrial, or other uses or for public use, and may enter into contracts with respect thereto, or may retain such a property or interest only for parks and recreation, education, public utilities, public transportation, public safety, health, highways, streets, and alleys, administrative buildings, or civic centers, in accordance with the community renewal project plan, subject to such covenants, conditions, and restrictions, including covenants running with the land, as it may deem to be necessary or desirable to assist in preventing the development or spread of blighted areas or otherwise to carry out the purposes of this chapter. However, such a sale, lease, other transfer, or retention, and any agreement relating thereto, may be made only after the approval of the community renewal plan by the local governing body. The purchasers or lessees and their successors and assigns shall be obligated to devote the real property only to the uses specified in the community renewal plan, and may be obligated to comply with any other requirements as the municipality may determine to be in the public interest, including the obligation to begin and complete, within a reasonable time, any improvements on the real property required by the community renewal plan or promised by the transferee. The real property or interest shall be sold, leased, or otherwise transferred for the consideration the municipality determines adequate. In determining the adequacy of consideration, a municipality may take into account the uses permitted under the community renewal plan; the restrictions upon, and the covenants, conditions, and obligations assumed by, the transferee; and the public benefits to be realized, including furthering of the objectives of the plan for the prevention of the recurrence of blighted areas.

(3) The municipality in any instrument of conveyance to a private purcaseh or lessee may provide that the purchaser or lessee shall be without power to sell, lease, or otherwise transfer the real property, or to permit changes in ownership or control of a purchaser or lessee that is not a natural person, in each case without the prior written consent of the municipality until the purchaser or lessee has completed the construction of all improvements that it has obligated itself to construct thereon. The municipality may also retain the right, upon any earlier transfer or change in ownership or control without consent; or any failure or change in ownership or control without consent; or any failure to complete the improvements within the time agreed to terminate the transferee’s interest in the property; or to retain or collect on any deposit or instrument provided as security, or both. The enforcement of these restrictions and remedies is declared to be consistent with the public policy of this state. Real property acquired by a municipality that, in accordance with the provisions of the community renewal plan, is to be transferred, shall be transferred as rapidly as feasible, in the public interest, consistent with the carrying out of the provisions of the community renewal plan. The inclusion in any contract or conveyance to a purchaser or lessee of any covenants, restrictions, or conditions (including the incorporation by reference therein of the provisions of a community renewal plan or any part thereof) shall not prevent the recording of such a contract or conveyance in the land records of the auditor or the county in which the city or town is located, in a manner that affords actual or constructive notice thereof.

(4)(a)(i) A municipality may dispose of real property in a community renewal area, acquired by the municipality under this chapter, to any private persons only under those reasonable competitive bidding procedures as it shall prescribe, or by competitive bidding as provided in this subsection, through direct negotiation where authorized under (c) of this subsection, or by a process authorized in RCW 35.81.095.

(ii) A competitive bidding process may occur (A) prior to the purchase of the real property by the municipality, or (B) after the purchase of the real property by the municipality.

(b)(i) A municipality may, by public notice by publication once each week for three consecutive weeks in a newspaper having a general circulation in the community, prior to the execution of any contract or deed to sell, lease, or otherwise transfer real property and prior to the delivery of any instrument of conveyance with respect thereto under the provisions of this section, invite bids from, and make available all pertinent information to, private redevelopers or any persons interested in undertaking to redevelop or rehabilitate a community renewal area, or any part thereof. This notice shall identify the area, or portion thereof, and shall state that further information as is available may be obtained at the office as shall be designated in the notice.

(ii) The municipality shall consider all responsive redevelopment or rehabilitation bids and the financial and legal ability of the persons making the bids to carry them out. The municipality may accept the bids as it deems to be in the public interest and in furtherance of the purposes of this chapter. Thereafter, the municipality may execute, in accordance with the provisions of subsection (2) of this section, and deliver contracts, deeds, leases, and other instruments of transfer.

(c) If the legislative authority of the municipality determines that the sale of real property to a specific person is necessary to the success of a neighborhood revitalization or community renewal project for which the municipality is providing assistance to a nonprofit organization from federal community development block grant funds under 42 U.S.C. Sec. 5305(a)(15), or successor provision, under a plan or grant application approved by the United States department of housing and urban development, or successor agency, then the municipality may sell or lease that property to that person through direct negotiation, for consideration determined by the municipality to be adequate consistent with subsection (2) of this section. This direct negotiation may occur, and the municipality may enter into an agreement for sale or lease, either before or after the acquisition of the property by the municipality. Unless the municipality has provided notice to the public of the intent to sell or lease the property by direct negotiation, as part of a citizen participation process adopted under federal regulations for the plan or
grant application under which the federal community development block grant funds have been awarded, the municipality shall publish notice of the sale at least fifteen days prior to the conveyance of the property.

(5) A municipality may operate and maintain real property acquired in a community renewal area for a period of three years pending the disposition of the property for redevelopment, without regard to the provisions of subsection (2) of this section, for such uses and purposes as may be deemed desirable even though not in conformity with the community renewal plan. However, the municipality may, after a public hearing, extend the time for a period not to exceed three years.

(6) Any covenants, restrictions, agreements, undertakings, releases, or waivers in favor of a municipality contained in any deed or other instrument accepted by any transferee of property from the municipality or community renewal agency under this chapter, or contained in any document executed by any owner of property in a community renewal area, shall run with the land to the extent provided in the deed, instrument, or other document, so as to bind, and be enforceable by the municipality against, the person accepting or making the deed, instrument, or other document and that person’s heirs, successors in interest, or assigns having actual or constructive notice thereof. (2) A municipality may, by public notice once each week for three consecutive weeks in a legal newspaper in the municipality, or prior to the execution of any contract or deed to sell, lease, or otherwise transfer real property and prior to the delivery of any instrument of conveyance with respect thereto under the provisions of this section, invite statements of interest and qualifications and, at the municipality’s option, proposals from any persons interested in undertaking to redevelop or rehabilitate the real property.

(3) The notice required under this section shall identify the area, or portion thereof, the process the municipality will use to evaluate qualifications and, if applicable, proposals submitted by redevelopers or any persons, and other information relevant to the community renewal project. The notice shall also state that further information, as is available, may be obtained at the offices designated in the notice.

(4)(a) Based on its evaluation of qualifications and, if applicable, proposals, the municipality may select a proposer with whom to negotiate or may select two or more finalists to submit proposals, or to submit more detailed or revised proposals. The municipality may, in its sole discretion, reject all responses or proposals, amend any solicitation to allow modification or supplementation of qualifications or proposals, or waive irregularities in the content or timing of any qualifications or proposals.

(b) The municipality may initiate negotiations with the person selected on the basis of qualifications or proposals. If the municipality does not enter into a contract with that person, it may (i) enter into negotiations with the person that submitted the next highest ranked qualifications or proposal, (ii) solicit additional proposals using a process permitted by RCW 35.81.090, or (iii) otherwise dispose of or retain the real property consistent with the provisions of this chapter. A municipality shall not be required to select or enter into a contract with any proposer or to compensate any proposer for the cost of preparing a proposal or negotiating with the municipality.

(c) A municipality, with approval of its legislative authority, may select and enter into a contract with more than one proposer to carry out different aspects or parts of a community renewal plan. [2002 c 218 § 10.]

11. "Bonds" shall mean any bonds, notes, interim certificates, debentures, or other obligations issued by the authority pursuant to this chapter.

12. "Real property" shall include all lands, including improvements and fixtures thereon, and property of any nature appurtenant thereto, or used in connection therewith, and every estate, interest and right, legal or equitable, therein, including terms for years and liens by way of judgment, mortgage or otherwise and the indebtedness secured by such liens.

13. 16. "Senior citizen" means a person age sixty-two or older who is determined by the authority to be poor or infirm but who is otherwise in some manner able to provide the authority with revenue which (together with all other available moneys, revenues, income, and receipts of the authority, from whatever sources derived) will be sufficient: (a) To pay, as the same become due, the principal and interest on bonds of the authority; (b) to meet the cost of, and to provide for, maintaining and operating projects (including the cost of insurance) and administrative expenses of the authority; and (c) to create (by not less than the six years immediately succeeding the issuance of any bonds) a reserve sufficient to meet the principal and interest payments which will be due on the bonds in any one year thereafter and to maintain such reserve.

### 35.82.030 Creation of housing authorities

In each city (as herein defined) and in each county of the state there is hereby created a public body corporate and politic to be known as the “Housing Authority” of the city or county: PROVIDED, HOWEVER, That such authority shall not transact any business or exercise its powers hereunder until or unless the governing body of the city or the county, as the case may be, by proper resolution shall declare at any time hereafter that there is need for an authority to function in such city or county. The determination as to whether or not there is such need for an authority to function (1) may be made by the governing body on its own motion or (2) shall be made by the governing body upon the filing of a petition signed by twenty-five residents of the city or county, as the case may be, asserting that there is need for an authority to function in such city or county and requesting that the governing body so declare.

The governing body shall adopt a resolution declaring that there is need for a housing authority in the city or county, as the case may be, if it shall find (1) that insanitary or unsafe inhabited dwelling accommodations exist in such city or county; (2) that there is a shortage of safe or sanitary dwelling accommodations in such city or county available to persons of low income at rentals they can afford; or (3) that there is a shortage of safe or sanitary dwellings, apartments, mobile home parks, or other living accommodations available for senior citizens. In determining whether dwelling accommodations are unsafe or insanitary said governing body may take into consideration the degree of overcrowding, the percentage of land coverage, the light, air, space and access available to the inhabitants of such dwelling accommodations, the size and arrangement of the rooms, the sanitary facilities, and the extent to which conditions exist in such buildings which endanger life or property by fire or other causes.

In any suit, action or proceeding involving the validity or enforcement of or relating to any contract of the authority, the authority shall be conclusively deemed to have become established and authorized to transact business and exercise its powers hereunder upon proof of the adoption of a resolution by the governing body declaring the need for the authority. Such resolution or resolutions shall be deemed sufficient if it declares that there is such need for an authority and finds in substantially the foregoing terms (no further detail being necessary) that either or both of the above enumerated conditions exist in the city or county, as the case may be. A copy of such resolution duly certified by the clerk shall be admissible in evidence in any suit, action or proceeding. [1979 ex.s. c 187 § 2; 1965 c 7 § 35.82.030. Prior: 1939 c 23 § 4; RRS § 6889-4. Formerly RCW 74.24.030.]

#### Severability—1979 ex.s. c 187:
See note following RCW 35.82.020.

### 35.82.040 Appointment, qualifications, and tenure of commissioners

Except as provided in RCW 35.82.045, when the governing body of a city adopts a resolution declaring that there is a need for a housing authority, it shall appoint five persons as commissioners of the authority created for the city. When the governing body of a county adopts a resolution declaring that there is a need for a housing authority, it shall appoint five persons as commissioners of the authority created for the county. The commissioners who are first appointed shall be designated to serve for terms of one, two, three, four and five years, respectively, from the date of their appointment, but thereafter commissioners shall be appointed for a term of office of five years except that all vacancies shall be filled for the unexpired term. No commissioner of an authority may be an officer or employee of the city or county for which the authority is created, unless the commissioner is an employee of a separately elected county official other than the county governing body in a county with a population of less than one hundred seventy-five thousand as of the 1990 federal census, and the total government employment in that county exceeds forty percent of total employment. A commissioner shall hold office until a successor has been appointed and has qualified, unless sooner removed according to this chapter. A certificate of the appointment or reappointment of any commissioner shall be filed with the clerk and such certificate shall be conclusive evidence of the due and proper appointment of such commissioner. A commissioner shall receive no compensation for his or her services for the authority, in any capacity, but he or she shall be entitled to the necessary expenses, including traveling expenses, incurred in the discharge of his or her duties.

The powers of each authority shall be vested in the commissioners thereof in office from time to time. Except as provided in RCW 35.82.045, three commissioners shall constitute a quorum of the authority for the purpose of conducting its business and exercising its powers and for all other purposes. Action may be taken by the authority upon a vote of a majority of the commissioners present, unless in any case the bylaws of the authority shall require a larger number. The mayor (or in the case of an authority for a county, the governing body of the county) shall designate which of the commissioners appointed shall be the first chair of the commission and he or she shall serve in the capacity of chair until the expiration of his or her term of office as commissioner. When the office of the chair of the authority becomes vacant, the authority shall select a chair from among its commissioners. An authority shall select from among its commissioners a vice-chair, and it may employ a secretary (who shall be executive director), technical experts and such other officers, agents and employees, permanent and temporary, as it may require, and shall determine their qualifications, duties and compensation. For such legal services as it may require, an authority may call upon the chief law officer of the city or the county or may employ its own counsel and legal staff. An authority may delegate to one or more of its agents or employees such powers or duties as it may deem proper.
If federal law requires that the membership of the board of commissioners of a local authority contains one member who is directly assisted by the authority, the board may by resolution temporarily or permanently increase its size to six members. The board may determine the length of the term of the position filled by a directly assisted member. A person appointed to such a position may serve in that position only as long as he or she is directly assisted by the authority. [1999 c 77 § 1; 1998 c 140 § 1; 1995 c 293 § 1; 1965 c 7 § 35.82.040. Prior: 1939 c 23 § 5; RRS § 6889-5. Formerly RCW 74.24.040.]

35.82.045 Cities with a population of 400,000 or more—Appointment of additional commissioners—Organization of authority. (1) After June 11, 1998, the governing body of a city with a population of four hundred thousand or more, that has created a housing authority under RCW 35.82.040, shall adopt a resolution to expand the number of commissioners on the housing authority from five to seven. Upon receiving the notice, the mayor, with approval of the city council, shall appoint additional persons as commissioners of the authority created for the city.

(2) In appointing commissioners, the mayor shall consider persons that represent the community, provided that two commissioners shall consist of tenants that reside in a housing project that is owned by the housing authority.

(3) After June 11, 1998, all commissioners shall be appointed to serve four-year terms, except that all vacancies shall be filled for the remainder of the unexpired term. A commissioner of an authority may not be an officer or employee of the city for which the authority is created. A commissioner shall hold office until a successor has been appointed and has qualified, unless sooner removed according to this chapter.

(4) A commissioner may be reappointed only after review and approval by the city council.

(5) A certificate of the appointment or reappointment of any commissioner shall be filed with the clerk and the certificate is conclusive evidence of the due and proper appointment of the commissioner.

(6) A commissioner shall receive no compensation for his or her services for the authority, in any capacity, but he or she is entitled to the necessary expenses, including traveling expenses, incurred in the discharge of his or her duties.

(7) The powers of each authority vest in the commissioners of the authority in office from time to time. Four commissioners shall constitute a quorum of the authority for the purpose of conducting its business and exercising its powers and for all other purposes. Action may be taken by the authority upon a vote of a majority of the commissioners present, unless in any case the bylaws of the authority shall require a larger number.

(8) The mayor, with consent of the city council, shall designate which of the commissioners appointed shall be the first chair of the commission and he or she shall serve in the capacity of chair until the expiration of his or her term of office as commissioner. When the office of the chair of the authority becomes vacant, the authority shall select a chair from among its commissioners. An authority shall select from among its commissioners a vice-chair, and the authority may employ a secretary, who shall be executive director, technical experts and such other officers, agents, and employees, permanent and temporary, as the authority requires, and shall determine their qualifications, duties, and compensation.

(9) For such legal services as it may require, an authority may call upon the chief law officer of the city or may employ its own counsel and legal staff. An authority may delegate to one or more of its agents or employees such powers or duties as it may deem proper. [1998 c 140 § 2.]

35.82.050 Conflicts of interest for commissioners, employees, and appointees. (1) No commissioner, employee, or appointee to any decision-making body for the housing authority shall own or hold an interest in any contract or property or engage in any business, transaction, or professional or personal activity, that would:

(a) Be, or appear to be, in conflict with the commissioner’s, employee’s, or appointee’s official duties to any decision-making body for the housing authority; duties relating to the housing authority served by or subject to the authority of such commissioner, employee, or appointee to any decision-making body for the housing authority;

(b) Secure, or appear to secure, unwarranted privileges or advantages for such commissioner, employee, or appointee to any decision-making body for the housing authority, or others;

(c) Prejudice, or appear to prejudice, such commissioner’s, employee’s, or appointee’s to any decision-making body for the housing authority independence of judgment in exercise of his or her official duties relating to the housing authority served by or subject to the authority of the commissioner, employee, or appointee to any decision-making body for the housing authority;

(2) No commissioner, employee, or appointee to any decision-making body for the housing authority shall act in an official capacity in any manner in which such commissioner, employee, or appointee to any decision-making body for the housing authority has a direct or indirect financial or personal involvement.

(3) No commissioner, employee, or appointee to any decision-making body for the housing authority shall use his or her public office or employment to secure financial gain to such commissioner, employee, or appointee to any decision-making body for the housing authority.

(4) If any commissioner or employee of an authority or any appointee to any decision-making body for the housing authority owns or controls an interest direct or indirect in any property included or planned to be included in any housing project, he immediately shall disclose the same in writing to the authority and such disclosure shall be entered upon the minutes of the authority. Failure to disclose such interest shall constitute misconduct in office. Upon such disclosure such commissioner, employee, or appointee to any decision-making body for the housing authority shall not participate in any action by the authority affecting such property.

(5) No provision of this section shall preclude a tenant of the public housing authority from serving as a commissioner, employee, or appointee to any decision-making body.
of the housing authority. No provision of this section shall preclude a tenant of the public housing authority who is serving as a commissioner, employee, or appointee to any decision-making body of the housing authority from voting on any issue or decision, or participating in any action by the authority, unless a conflict of interest, as set forth in subsections (1) through (4) of this section, exists as to that particular tenant and the particular property or interest at issue before, or subject to action by the housing authority. [1998 c 140 § 3; 1965 c 7 § 35.82.050. Prior: 1939 c 23 § 6; RRS § 6889-6. Formerly RCW 74.24.050.]

35.82.060 Removal of commissioners. For inefficiency or neglect of duty or misconduct in office, a commissioner of an authority may be removed by the mayor (or in the case of an authority for a county, by the governing body of said county), but a commissioner shall be removed only after he shall have been given a copy of the charges at least ten days prior to the hearing thereon and had an opportunity to be heard in person or by counsel. In the event of the removal of any commissioner, a record of the proceedings, together with the charges and findings thereon, shall be filed in the office of the clerk. [1965 c 7 § 35.82.060. Prior: 1939 c 23 § 7; RRS § 6889-7. Formerly RCW 74.24.060.]

35.82.070 Powers of authority. An authority shall constitute a public body corporate and politic, exercising public and essential governmental functions, and having all the powers necessary or convenient to carry out and effectuate the purposes and provisions of this chapter, including the following powers in addition to others herein granted:

(1) To sue and be sued; to have a seal and to alter the same at pleasure; to have perpetual succession; to make and execute contracts and other instruments, including but not limited to partnership agreements and joint venture agreements, necessary or convenient to the exercise of the powers of the authority; to participate in the organization or the operation of a nonprofit corporation which has as one of its purposes to provide or assist in the provision of housing for persons of low income; and to make and from time to time amend and repeal bylaws, rules and regulations, not inconsistent with this chapter, to carry into effect the powers and purposes of the authority.

(2) Within its area of operation: To prepare, carry out, acquire, lease and operate housing projects; to provide for the construction, reconstruction, improvement, alteration or repair of any housing project or any part thereof; to agree to rent or sell dwellings forming part of the projects to or for persons of low income. Where an agreement or option is made to sell a dwelling to a person of low income, the authority may convey the dwelling to the person upon fulfillment of the agreement irrespective of whether the person is at the time of the conveyance a person of low income. Leases, options, agreements, or conveyances may include such covenants as the authority deems appropriate to assure the achievement of the objectives of this chapter.

(3) To acquire, lease, rent, sell, or otherwise dispose of any commercial space located in buildings or structures containing a housing project or projects.

(4) To arrange or contract for the furnishing by any person or agency, public or private, of services, privileges, works, or facilities for, or in connection with, a housing project or the occupants thereof; and (notwithstanding anything to the contrary contained in this chapter or in any other provision of law) to include in any contract let in connection with a project, stipulations requiring that the contractor and any subcontractors comply with requirements as to minimum wages and maximum hours of labor, and comply with any conditions which the federal government may have attached to its financial aid of the project.

(5) To lease or rent any dwellings, houses, accommodations, lands, buildings, structures or facilities embraced in any housing project and (subject to the limitations contained in this chapter) to establish and revise the rents or charges therefor; to own or manage buildings containing a housing project or projects as well as commercial space or other dwelling units that do not constitute a housing project as that term is defined in this chapter. However, notwithstanding the provisions under subsection (1) of this section, dwelling units made available or sold to persons of low income, together with functionally related and subordinate facilities, shall occupy at least fifty percent of the total interior space in the total development owned by the authority or at least fifty percent of the total number of units in the development owned by the authority, whichever produces the greater number of units for persons of low income, and for mobile home parks, the mobile home lots made available to persons of low income shall be at least fifty percent of the total number of mobile home lots in the park owned by the authority; to own, hold, and improve real or personal property; to purchase, lease, obtain options upon, acquire by gift, grant, bequest, devise, or otherwise including financial assistance and other aid from the state or any public body, person or corporation, any real or personal property or any interest therein; to acquire by the exercise of the power of eminent domain any real property; to sell, lease, exchange, transfer, assign, pledge, or dispose of any real or personal property or any interest therein; to rent, sell, exchange, transfer, or dispose of any real or personal property or interest therein at less than fair market value to a governmental entity for any purpose when such action assists the housing authority in carrying out its powers and purposes under this chapter, to a low-income person or family for the purpose of providing housing for that person or family, or to a nonprofit corporation provided the nonprofit corporation agrees to sell the property to a low-income person or family or to use the property for the provision of housing for persons of low income for at least twenty years; to insure or provide for the insurance of any real or personal property or operations of the authority against any risks or hazards; to procure or agree to the procurement of insurance or guarantees from the federal government of the payment of any bonds or parts thereof issued by an authority, including the power to pay premiums on any such insurance.

(6) To invest any funds held in reserves or sinking funds, or any funds not required for immediate disbursement, in property or securities in which savings banks may legally invest funds subject to their control; to purchase its bonds at a price not more than the principal amount thereof and accrued interest, all bonds so purchased to be canceled.

(7) Within its area of operation: To investigate into living, dwelling and housing conditions and into the means and methods of improving such conditions; to determine

[Title 35 RCW—page 266]
where slum areas exist or where there is a shortage of
decent, safe and sanitary dwelling accommodations for
persons of low income; to make studies and recommenda-
tions relating to the problem of clearing, replanning and
reconstructing of slum areas, and the problem of providing
dwelling accommodations for persons of low income, and to
cooperate with the city, the county, the state or any political
subdivision thereof in action taken in connection with such
problems; and to engage in research, studies and experiment-
tation on the subject of housing.  

(8) Acting through one or more commissioners or other
person or persons designated by the authority: To conduct
examinations and investigations and to hear testimony and
take proof under oath at public or private hearings on any
matter material for its information; to administer oaths, issue
subpoenas requiring the attendance of witnesses or the
production of books and papers and to issue commissions for
the examination of witnesses who are outside of the state or
unable to attend before the authority, or excused from
attendance; to make available to appropriate agencies
(including those charged with the duty of abating or requir-
ing the correction of nuisances or like conditions, or of
demolishing unsafe or insanitary structures within its area of
operation) its findings and recommendations with regard to
any building or property where conditions exist which are
dangerous to the public health, morals, safety or welfare.

(9) To initiate eviction proceedings against any tenant
as provided by law. Activity occurring in any housing
authority unit that constitutes a violation of chapter 69.41,
69.50 or 69.52 RCW shall constitute a nuisance for the
purpose of RCW 59.12.030(5).

(10) To exercise all or any part of one or more
powers herein granted.

No provisions of law with respect to the acquisition,
operation or disposition of property by other public bodies
shall be applicable to an authority unless the legislature shall
specifically so state.

(11) To agree (notwithstanding the limitation contained
in RCW 35.82.210) to make such payments in lieu of taxes
as the authority finds consistent with the achievement of the
purposes of this chapter.

(12) Upon the request of a county or city, to exercise
any powers of a community renewal agency under chapter
35.81 RCW or a public corporation, commission, or authori-
ty under chapter 35.21 RCW.

(13) To exercise the powers granted in this chapter
within the boundaries of any city, town, or county not
included in the area in which such housing authority is
originally authorized to function: PROVIDED, HOWEVER,
The governing or legislative body of such city, town, or
county, as the case may be, adopts a resolution declaring that
there is a need for the authority to function in such territory.

(14) To administer contracts for assistance payments to
persons of low income in accordance with section 8 of the
United States Housing Act of 1937, as amended by Title II,
section 201 of the Housing and Community Development

(15) To sell at public or private sale, with or without
public bidding, for fair market value, any mortgage or other
obligation held by the authority.

(16) To the extent permitted under its contract with the
holders of bonds, notes, and other obligations of the authori-
ty, to consent to any modification with respect to rate of
interest, time and payment of any installment of principal or
interest security, or any other term of any contract, mort-
gage, mortgage loan, mortgage loan commitment, contract or
agreement of any kind to which the authority is a party.

(17) To make, purchase, participate in, invest in, take
assignments of, or otherwise acquire loans to persons of low
income to enable them to acquire, construct, reconstruct,
rehabilitate, improve, lease, or refinance their dwellings, and
to take such security therefor as is deemed necessary and
prudent by the authority.

(18) To make, purchase, participate in, invest in, take
assignments of, or otherwise acquire loans for the acquisi-
tion, construction, reconstruction, rehabilitation, improve-
ment, leasing, or refinancing of land, buildings, or develop-
ments for housing for persons of low income. For purposes
of this subsection, development shall include either land or
buildings or both.

(a) Any development financed under this subsection
shall be subject to an agreement that for at least twenty years
the dwelling units made available to persons of low income
shall be at least fifty percent of the number of units in the
development, whichever produces the greater number of units for persons of low income. For mobile
home parks, the mobile home lots required to be made available to persons
of low income shall be at least fifty percent of the total number of mobile home lots in the park. During the term of
the agreement, the owner shall use its best efforts in good faith to maintain the dwelling units or mobile home lots
required to be made available to persons of low income at rents affordable to persons of low income. The twenty-year
requirement under this subsection (18)(a) shall not apply
when an authority finances the development by nonprofit
corporations or governmental units of dwellings or mobile
home lots intended for sale to persons of low and moderate
income, and shall not apply to construction or other short-
term financing provided to nonprofit corporations or govern-
mental units where the financing has a repayment term of one
year or less.

(b) In addition, if the development is owned by a for-
profit entity, the dwelling units or mobile home lots required
to be made available to persons of low income shall be rented to persons whose incomes do not exceed fifty percent
of the area median income, adjusted for household size, and
shall have unit or lot rents that do not exceed fifteen percent
of the area median income, adjusted for household size, and
shall have unit or lot rents that do not exceed fifty percent
of the area median income, adjusted for household size, unless
rent subsidies are provided to make them affordable to
persons of low income.

For purposes of this subsection (18)(b), if the develop-
ment is owned directly or through a partnership by a
governmental entity or a nonprofit organization, which
nonprofit organization is itself not controlled by a for-profit
entity or affiliated with any for-profit entity that a nonprofit
organization itself does not control, it shall not be treated as
being owned by a for-profit entity when the governmental
t entity or nonprofit organization exercises legal control of
the ownership entity and in addition, (i) the dwelling units or
mobile home lots required to be made available to persons
of low income are rented to persons whose incomes do not
exceed sixty percent of the area median income, adjusted for
household size, and (ii) the development is subject to an agreement that transfers ownership to the governmental entity or nonprofit organization or extends an irrevocable right of first refusal to purchase the development under a formula for setting the acquisition price that is specified in the agreement.

(c) Commercial space in any building financed under this subsection that exceeds four stories in height shall not constitute more than twenty percent of the interior area of the building. Before financing any development under this subsection the authority shall make a written finding that financing is important for project feasibility or necessary to enable the authority to carry out its powers and purposes under this chapter.

(19) To contract with a public authority or corporation, created by a county, city, or town under RCW 35.21.730 through 35.21.755, to act as the developer for new housing projects or improvement of existing housing projects. 35.82.076 Small works roster. A housing authority may establish and use a small works roster for awarding contracts under RCW 39.04.155. [2000 c 138 § 205.]

35.82.080 Operation not for profit. It is hereby declared to be the policy of this state that each housing authority shall manage and operate its housing projects in an efficient manner so as to enable it to fix the rentals for low-income dwelling accommodations at the lowest possible rates consistent with its providing decent, safe and sanitary dwelling accommodations, and that no housing authority shall construct or operate any such project for profit, or as a source of revenue to the city or the county. To this end, an authority shall fix the rentals for rental units for persons of low income in projects owned or leased by the authority at no higher rates than it shall find to be necessary in order to produce revenues which (together with all other available moneys, revenues, income and receipts of the authority from whatever sources derived) will be sufficient (1) to pay, as the same become due, the principal and interest on the bonds or other obligations of the authority issued or incurred to finance the projects; (2) to meet the cost of, and to provide for, maintaining and operating the projects (including the cost of any insurance) and the administrative expenses of the authority; and (3) to create (during not less than the six years immediately succeeding its issuance of any such bonds) a reserve sufficient to meet the largest principal and interest payments which will be due on such bonds in any one year thereafter and to maintain such reserve. Nothing contained in this section shall be construed to limit an authority’s power to rent commercial space located in buildings containing housing projects or non low-income units owned, acquired, financed, or constructed under *RCW 35.82.070(5), (16), or (17) at profitable rates and to use any profit realized from such rentals in carrying into effect the powers and purposes provided to housing authorities under this chapter. 35.82.090 Rentals and tenant selection. In the operation and management of rental units which are rented to persons of low income in any housing project an authority shall at all times observe the following duties with respect to rentals and tenant selection: (1) It may rent or lease the dwelling accommodations therein to persons of low income and at rentals within the financial reach of such persons of low income; (2) it may rent or lease to a low-income tenant dwelling accommodations consisting of the number of rooms (but no greater number) which it deems necessary to provide safe and sanitary accommodations to the proposed occupants thereof, without overcrowding; and (3) it shall not accept any person as a low income tenant in any housing project designated for persons of low income if the person or persons who would occupy the dwelling accommodations have an annual net income in excess of five times the annual rental of the quarters to be furnished such person or persons, except that in the case of families with three or more minor dependents, such ratio shall not exceed six to one; in computing the rental for this purpose of selecting tenants, there shall be included in the rental the average annual cost (as determined by the authority) to occupants of heat, water, electricity, gas, cooking range and other necessary services or facilities, whether or not the charge for such services and facilities is in fact included in the rental. This income limitation does not apply to housing projects designated for senior citizens.

Nothing contained in this section or RCW 35.82.080 shall be construed as limiting the power of an authority to vest in an obligee the right, in the event of a default by the authority, to take possession of a housing project or cause the appointment of a receiver thereof, free from all the restrictions imposed by this section or RCW 35.82.080. [1989 c 363 § 4; 1979 ex.s. c 187 § 3; 1977 ex.s. c 274 § 4; 1965 c 7 § 35.82.090. Prior: 1939 c 23 § 10; RRS § 6889-10. Formerly RCW 74.24.090.]

35.82.100 Cooperation between authorities. Any two or more authorities may join or cooperate with one another in the exercise of any or all of the powers conferred hereby for the purpose of financing, planning, undertaking, constructing or operating a housing project or projects located within the area of operation of any one or more of said authorities. [1965 c 7 § 35.82.100. Prior: 1939 c 23 § 11: RRS § 6889-11. Formerly RCW 74.24.100.]

35.82.110 Eminent domain. An authority shall have the right to acquire by the exercise of the power of eminent
domain any real property which it may deem necessary for its purposes under this chapter after the adoption by it of a resolution declaring that the acquisition of the real property described therein is necessary for such purposes. An authority may exercise the power of eminent domain in the same manner and under the same procedure as now is or may be hereafter provided by law in the case of other corporations authorized by the laws of the state to exercise the right of eminent domain; or it may exercise the power of eminent domain in the manner now or which may be hereafter provided by any other applicable statutory provisions for the exercise of the power of eminent domain. Property already devoted to a public use may be acquired in like manner: PROVIDED, That no real property belonging to the city, the county, the state or any political subdivision thereof may be acquired without its consent. 35.82.120 Planning, zoning and building laws. All housing projects of an authority shall be subject to the planning, zoning, sanitary and building laws, ordinances and regulations applicable to the locality in which the housing project is situated. In the planning and location of any housing project, an authority shall take into consideration the relationship of the project to any larger plan or long-range program for the development of the area in which the housing authority functions. Planning commissions: Chapter 35.63 RCW.

35.82.130 Bonds. An authority shall have power to issue bonds from time to time in its discretion, for any of its corporate purposes. An authority shall also have power to issue refunding bonds for the purpose of paying or retiring bonds previously issued by it. An authority may issue such types of bonds as it may determine, including (without limiting the generality of the foregoing) bonds on which the principal and interest are payable: (1) Exclusively from the income and revenues of the housing project financed with the proceeds of such bonds; (2) exclusively from the income and revenues of certain designated housing projects whether or not they are financed in whole or in part with the proceeds of such bonds; or (3) from all or part of its revenues or assets generally. Any such bonds may be additionally secured by a pledge of any grant or contributions from the federal government or other source, or a pledge of any income or revenues of the authority, or a mortgage of any housing project, projects or other property of the authority. Any pledge made by the authority shall be valid and binding from the time when the pledge is made; the revenues, moneys, or property so pledged and thereafter received by the authority shall immediately be subject to the lien of the pledge without any physical delivery thereof or further act, and the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract, or otherwise against the authority, irrespective or whether the parties have notice thereof.

Neither the commissioners of an authority nor any person executing the bonds shall be liable personally on the bonds by reason of the issuance thereof. The bonds and other obligations of an authority (and such bonds and obligations shall so state on their face) shall not be a debt of the city, the county, the state or any political subdivision thereof and neither the city or the county, nor the state or any political subdivision thereof shall be liable thereon, nor in any event shall such bonds or obligations be payable out of any funds or properties other than those of the authority. The bonds shall not constitute an indebtedness within the meaning of any constitutional or statutory debt limitation or restriction. Bonds of an authority are declared to be issued for an essential public and governmental purpose and to be public instrumentalities and, together with interest thereon and income therefrom, shall be exempt from taxes. Nothing in this section shall prevent an authority from issuing bonds the interest on which is included in gross income of the owners thereof for income tax purposes. [1995 c 293 § 2; 1991 c 167 § 2; 1977 ex.s. c 274 § 5; 1965 c 7 § 35.82.130. Prior: 1939 c 23 § 14; RRS § 6889-14. Formerly RCW 74.24.130.]

The bonds may be sold at public or private sale.

In case any of the commissioners or officers of the authority whose signatures appear on any bond or any coupons shall cease to be such commissioners or officers before the delivery of such bonds, such signatures shall, nevertheless, be valid and sufficient for all purposes, the same as if they had remained in office until such delivery. Any provision of any law to the contrary notwithstanding, any bonds issued pursuant to this chapter shall be fully negotiable.

In any suit, action or proceedings involving the validity or enforceability of any bond of an authority or the security therefor, any such bond reciting in substance that it has been issued by the authority to aid in financing a housing project to provide dwelling accommodations for persons of low income shall be conclusively deemed to have been issued for a housing project of such character and said project shall be conclusively deemed to have been planned, located and constructed in accordance with the purposes and provisions of this chapter.

(2) Notwithstanding subsection (1) of this section, such bonds may be issued and sold in accordance with chapter 39.46 RCW. [1983 c 167 § 65; 1977 ex.s. c 274 § 6; 1970 ex.s. c 56 § 45; 1969 ex.s. c 232 § 22; 1965 c 7 § 35.82.140. Prior: 1939 c 23 § 15; RRS § 6889-15. Formerly RCW 74.24.140.]

6. To prescribe the procedure, if any, by which the terms of any contract with bondholders may be amended or abrogated, the amount of bonds the holders of which must consent thereto and the manner in which such consent may be given.

7. To covenant as to use of any or all of its real or personal property; and to covenant as to the maintenance of its real and personal property, the replacement thereof, the insurance to be carried thereon and the use and disposition of insurance moneys.

8. To covenant as to the rights, liabilities, powers and duties arising upon the breach by it of any covenant, condition, or obligation; and to covenant and prescribe as to events of default and terms and conditions upon which any or all of its bonds or obligations shall become or may be declared due before maturity, and as to the terms and conditions upon which such declaration and its consequences may be waived.

9. To vest in a trustee or trustees or the holders of bonds or any proportion of them the right to enforce the payment of the bonds or any covenants securing or relating to the bonds; to vest in a trustee or trustees the right, in the event of a default by said authority, to take possession and use, operate and manage any housing project or part thereof, and to collect the rents and revenues arising therefrom and to dispose of such moneys in accordance with the agreement of the authority with said trustee; to provide for the powers and duties of a trustee or trustees and to limit the liabilities thereof; and to provide the terms and conditions upon which the trustee or trustees or the holders of bonds or any proportion of them may enforce any covenant or rights securing or relating to the bonds.

10. To covenant as to the use and disposition of the gross income from mortgages owned by the authority and payment of principal of the mortgages.

11. 35.82.160  Certification by attorney general. Any authority may submit to the attorney general of the state any bonds to be issued hereunder after all proceedings for the issuance of such bonds have been taken. Upon the submission of such proceedings to the attorney general, it shall be the duty of the attorney general to examine into and pass upon the validity of such bonds and the regularity of all proceedings in connection therewith. If such proceedings conform to the provisions of this chapter and are otherwise regular in form and if such bonds when delivered and paid for will constitute binding and legal obligations of the authority enforceable according to the terms thereof, the attorney general shall certify in substance upon the back of each of said bonds that it is issued in accordance with the Constitution and laws of the state of Washington. [1965 c 7 § 35.82.160. Prior: 1939 c 23 § 17; RRS § 6889-17. Formerly RCW 74.24.160.]

35.82.170  Remedies of an obligee of authority. An obligee of an authority shall have the right in addition to all other rights which may be conferred on such obligee, subject only to any contractual restrictions binding upon such obligee:

1. By mandamus, suit, action or proceeding at law or in equity to compel said authority and the commissioners, officers, agents or employees thereof to perform each and every term, provision and covenant contained in any contract of said authority with or for the benefit of such obligee, and to require the carrying out of any or all such covenants and agreements of said authority and the fulfillment of all duties imposed upon said authority by this chapter.

No funds shall be expended by an authority for a supplemental project except by resolution adopted on notice at a public hearing as provided by chapter 42.32 RCW, supported by formal findings of fact incorporated therein, establishing that:

(1) Low-income housing needs within the area of operation of the authority are being or will be adequately met by existing programs; and

(2) A surplus of funds will exist after meeting such low-income housing needs.

Expenditures for supplemental projects shall be limited to those funds determined to be surplus.

Such project need not be in conjunction with the clearing of a slum area under subsection (9)(a) of RCW 35.82.020 or with the providing of low-income housing under subsection (9)(b) of RCW 35.82.020. A housing authority created under this chapter and activated by a resolution by the governing body of a city, town, or county may be deactivated by a resolution by the city, town, or county. The findings listed in RCW 35.82.030 to activate the housing authority shall be considered prior to deactivating the housing authority. For the sole purposes of winding up the affairs of a deactivated housing authority, the governing body of the city, town, or county may exercise any power granted to a housing authority under this chapter. [1987 c 275 § 1.]

35.82.325 Deactivation of housing authority—Distribution of assets. The assets of an authority in the process of deactivation shall be applied and distributed as follows:

Housing authorities law: Chapter 35.82 RCW.

35.83.005 Short title. This act may be referred to as the "Housing Cooperation Law." [1965 c 7 § 35.83.005. Prior: 1939 c 24 § 1; RRS § 6889-31.]

35.83.010 Finding and declaration of necessity. It has been found and declared in the housing authorities law that there exist in the state unsafe and insanitary housing conditions and a shortage of safe and sanitary dwelling accommodations for persons of low income; that these conditions necessitate excessive and disproportionate expenditures of public funds for crime prevention and punishment, public health and safety, fire and accident protection, and other public services and facilities; and that the public interest requires the remedying of these conditions. It is hereby found and declared that the assistance herein provided for the remeodying of the conditions set forth in the housing authorities law constitutes a public use and purpose and an essential governmental function for which public moneys may be spent, and other aid given; that it is a proper public purpose for any state public body to aid any housing authority operating within its boundaries or jurisdiction or any housing project located therein, as the state public body derives immediate benefits and advantages from
such an authority or project; and that the provisions hereinafter enacted are necessary in the public interest. [1965 c 7 § 35.83.010. Prior: 1939 c 24 § 2; RRS § 6889-32. Formerly RCW 74.28.010.]

These investments require regular maintenance and preservation, or rehabilitation, to provide cost-effective transportation services. Many of these facilities are in poor condition. Given the magnitude of public investment and the importance of safe, reliable roadways to the motoring public, the legislature intends to create stronger accountability to ensure that cost-effective maintenance and preservation is provided for these transportation facilities." Such ordinance may provide for the construction of the improvement in sections, the letting of separate contracts for each such section, and, in case the same is made in sections, separate assessment rolls to defray the cost and expense of any such section of such improvement may be prepared, and the amounts thereon appearing as finally determined, may be levied and assessed against real property within the improvement district. At such hearing, or at legal adjournments thereof, such changes may be made in the assessment roll as the city council may find necessary to make the same just and equitable. 35.86.050 Procedure to establish—Plan, surveys, hearings. In the establishment of off-street parking space and/or facilities, cities shall proceed with the development of the plan therefor by making such economic and physical surveys as are necessary, shall prepare comprehensive plans therefor, and shall hold a public hearing thereon prior to the adoption of any ordinances relating to the leasing or acquisition of property and providing for the financing thereof for this purpose. [1965 c 7 § 35.86.050. Prior: 1959 c 302 § 5.]

35.86.080 Leasing for store space in lieu of undesirable off-street parking facility. Cities are expressly authorized to lease space which would otherwise be wasted in an off-street parking facility for store space, both for the enhancement of civic beauty and aesthetic values and for revenue which such leasing can provide. 35.86A.010 Declaration. It is hereby determined and declared:

(1) The free circulation of traffic of all kinds through our cities is necessary to the health, safety and general welfare of the public, whether residing in, traveling to or through the cities of this state;

(2) The most efficient use of the street and highway system requires availability of strategically located parking for vehicles in localities where large numbers of persons congregate;

(3) An expanding suburban population has increased demands for further concentration of uses in central metropolitan areas, necessitating an increasing investment in streets and highways;

(4) On-street parking is now inadequate, and becomes increasingly an inefficient and uneconomical method for temporary storage of vehicles in commercial, industrial and high-density residential areas, causing such immediate adverse consequences as the following, among others:

(a) Serious traffic congestion from on-street parking, which interferes with use of streets for travel, disrupts public surface transportation at peak hours, impedes rapid and effective fighting of fires and disposition of police forces, slows emergency vehicles, and inflicts hardship upon handicapped persons and others dependent upon private vehicles for transportation;

(b) On-street parking absorbs right-of-way useful and usable for travel;

(c) On-street parking reduces the space available for truck and passenger loading for the abutting properties, hinders ready access, and impedes cleaning of streets;

(d) Inability to temporarily store automobiles has discouraged the public from travel to and within our cities, from congregating at public events, and from using public facilities.

(5) Insufficient off-street parking has had long-range results, as the following, among others:

(a) Metropolitan street and highway systems have lost efficiency and the free circulation of traffic and persons has been impaired;

(b) The growth and development of metropolitan areas has been retarded;

(c) Business, industry, and housing has become unnecessarily and uneconomically dispersed;

(d) Limited and valuable land area is under used.

All of which cause loss of payrolls, business and productivity, and property values, with resulting impairment of the public health, safety and welfare, the utility of our streets and highways, and tax revenues;

(6) Establishment of public off-street parking facilities will promote the public health, safety, convenience, and welfare by:

(a) Expediting the movement of the public, and of goods in metropolitan areas, alleviating traffic congestion, and preserving the large investment in streets and highways;

(b) Permitting a greater use of public facilities, conglomeration of the public, and more intensive development of private property within the community;

(7) Establishment of public off-street parking is a necessary ancillary to and extension of an efficient street and highway system in metropolitan areas, as much so as a station or terminal is to a railroad or urban transit line;

(8) Public off-street parking facilities, open to the public and owned by a city or town, are and remain a public use and a public function, irrespective of whether:

(a) Parking fees are charged to users;
(b) The management or operation of one or more parking facilities is conducted by a public agency, or under contract or lease by private enterprise; or

c) A portion of the facilities is used for commercial, store or automobile accessory purposes;

(9) Public parking facilities under the control of a parking commission are appropriately treated differently from other parking facilities of a city. [1969 ex.s. c 204 § 1.]

Severability—1969 ex.s. c 204: "If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected." [1969 ex.s. c 204 § 15.]

35.86A.020 Authority of cities of first and second class to establish parking facilities through parking commissions. Cities of the first and second class are authorized and empowered to establish and maintain public off-street parking facilities through a parking commission; the use of property and property rights for such purpose is declared to be a public use; and parking facilities under the control of such parking commission shall be governed by the provisions of this chapter. [1994 c 81 § 64; 1969 ex.s. c 204 § 2.]

35.86A.030 Definitions. (1) "Parking facilities" means lots, garages, parking terminals, buildings and structures and accommodations for parking of motor vehicles off the street or highway, open to public use, with or without charge.

(2) "Parking commission" shall mean the department or agency created by the legislative authority of the municipality as hereinafter provided.

(3) "City council" shall mean the city council or legislative authority of the municipality.

35.86A.040 Ownership, control and use of parking facilities. The provisions of chapter 35.86 RCW as now or hereafter amended shall not apply to such parking facilities or other facilities under parking commission control. [1969 ex.s. c 204 § 4.]

35.86A.050 Parking commission—Creation authorized—Purpose—Membership—Terms—Vacancies—Expenses. Any city of the first or second class may by ordinance create a parking commission for the purpose of establishing and operating off-street parking facilities.

Such parking commission shall consist of five members appointed by the mayor and confirmed by the city council, who shall serve without compensation but may be reimbursed for necessary expenses. One member of the parking commission shall be selected from among persons actively engaged in the private parking industry, if available.

Three of those first appointed shall be designated to serve for one, two, and three years respectively, and two shall be designated to serve four years. The terms for all subsequently appointed members shall be four years. In event of any vacancy, the mayor, subject to confirmation of the city council, shall make appointments to fill the unexpired portion of the term.

A member may be reappointed, and shall hold office until his or her successor has been appointed and has qualified. Members may be removed by the mayor upon consent of the city council. [1994 c 81 § 65; 1969 ex.s. c 204 § 5.]

35.86A.060 Parking commission—Chairman—Rules—Resolutions. The parking commission shall select from its members a chairman, and may establish its own rules, regulations and procedures not inconsistent with this chapter. No resolution shall be adopted by the parking commission except upon the concurrence of at least three members. [1969 ex.s. c 204 § 6.]

35.86A.070 Powers and authority of parking commission. The parking commission is authorized and empowered, in the name of the municipality by resolution to:

(1) Own and acquire property and property rights by purchase, gift, devise, or lease for the construction, maintenance, or operation of off-street parking facilities, or for effectuating the purpose of this chapter; and accept grants-in-aid, including compliance with conditions attached thereto;

(2) Construct, maintain, and operate off-street parking facilities located on land dedicated for park or civic center purposes, or on other municipally-owned land where the primary purpose of such off-street parking facility is to provide parking for persons who use such park or civic center facilities, and undertake research, and prepare plans incidental thereto subject to applicable statutes and charter provisions for municipal purchases, expenditures, and improvements; and in addition may own other off-street parking facilities and operate them in accordance with RCW 35.86A.120: PROVIDED, That the provisions of chapter 35.86 RCW as now or hereafter amended shall not apply to such construction, operation or maintenance;

(3) Establish and collect parking fees, require that receipts be provided for parking fees, make exemption for handicapped persons, lease space for commercial, store, advertising or automobile accessory purposes, and regulate prices and service charges, for use of and within and the aerial space over parking facilities under its control;

(4) Subject to applicable city civil service provisions, provide for the appointment, removal and control of officers and employees, and prescribe their duties and compensation, and to control all equipment and property under the commission’s jurisdiction;

(5) Contract with private persons and organizations for the management and/or operation of parking facilities under its control, and services related thereto, including leasing of such facilities or portions thereof;

[Title 35 RCW—page 280]
facilities under the jurisdiction of other city departments or divisions and of other public bodies;

(8) Determine the need for and recommend to the city council:

(a) The establishment of local improvement districts to pay the cost of parking facilities or any part thereof;

(b) The issuance of bonds or other financing by the city for construction of parking facilities;

(c) The acquisition of property and property rights by condemnation from the public, or in street areas;

(9) Transfer its control of property to the city and liquidate its affairs, so long as such transfer does not contravene any covenant or agreement made with the holders of bonds or other creditors; and

(10) Require payment of the excise tax hereinafter provided.

Parking fees for parking facilities under the control of the parking commission shall be maintained commensurate with and neither higher nor lower than prevailing rates for parking charged by commercial operators in the general area. [1980 c 127 § 1; 1975 1st ex.s. c 221 § 3; 1969 ex.s. c 204 § 7.]

Severability—1975 1st ex.s. c 221: See note following RCW 35.86.010.

35.86A.080 New off-street parking facilities—Powers of parking commission and city council. (1) Whenever the parking commission intends to construct new off-street parking facilities it shall:

(a) Prepare plans for such proposed development, which shall meet the approval of the planning commission, other appropriate city planning agency, or city council;

(b) Prepare a report to the city council stating the proposed method of financing and property acquisition;

(c) Specify the property rights, if any, to be secured from the public or of property devoted to public use; the uses of streets necessary therefor, or realignment or vacation of streets and alleys; the relocation of street utilities; and any street area to be occupied or closed during construction.

(2) In the event the proposed parking facility shall require:

(a) Creation of a local improvement district;

(b) Issuance of bonds, allocation or appropriation of municipal revenues from other sources, or guarantees of or use of the credit of the municipality;

(c) Exercise of the power of eminent domain; or

(d) Use of, or vacation, realignment of streets and alleys, or relocation of municipal utilities.

One or more public hearings shall be held thereon before the city council, or an assigned committee thereof, which shall report its recommendations to be approved, revised, or rejected by the city council. Such hearings may be consolidated with any required hearings for street vacations, or creation of a local improvement district. Pursuant to such hearing, the city council may:

(1) Create a local improvement district to finance all or part of the parking facility, in accordance with Title 35 RCW, as now existing or hereinafter amended: PROVIDED, HOWEVER, That assessments against property within the district may be measured per lot, per square foot, by property valuation, or any other method as fairly reflects the special benefits derived therefrom, and credit in calculating the assessment may be allowed for property rights or services performed;

(2) Provide for issuance of revenue bonds payable from revenues of the proposed parking facility, from other off-street parking facilities, on-street meter collections, or allocations of other sources of funds; issue general obligation bonds; make reimbursable or nonrefundable appropriations from the general fund, or reserves; and/or guarantee bonds issued or otherwise pledge the city’s credit, all in such combination, and under such terms and conditions as the city council shall specify;

(3) Authorize acquisition of the necessary property and property rights by eminent domain proceedings, in the manner authorized by law for cities in Title 8 RCW: PROVIDED, That the city council shall first determine that the proposed parking facility will promote the circulation of traffic or the more convenient or efficient use by the public of streets or public facilities in the immediate area than would exist if the proposed parking facility were not provided, or that the parking facility otherwise enhances the public health, safety and welfare; and

(4) Authorize and execute the necessary transfer or control of property rights; vacate or realign streets and alleys or permit uses within the same; and direct relocation of street utilities.

In event none of the four above powers need be exercised, the city council’s approval of construction plans shall be deemed full authority to construct and complete the parking facility. [1969 ex.s. c 204 § 8.]

35.86A.090 Powers of cities. The city may:

(1) Transfer control of off-street parking facilities under other departments to the parking commission under such conditions as deemed appropriate;

(2) Issue revenue bonds pursuant to chapter 35.41 RCW, and RCW *35.24.305, and 35.81.100 as now or hereafter amended, and such other statutes as may authorize such bonds for parking facilities authorized herein;

(3) Issue general obligation bonds pursuant to chapters 39.44, 39.52 RCW, and RCW 35.81.115 as now or hereafter amended, and such other statutes and applicable provisions of the state Constitution that may authorize such bonds for parking facilities authorized herein;

(4) Appropriate funds for the parking commission; and

(5) Enact such ordinances as may be necessary to carry out the provisions of this chapter, notwithstanding any charter provisions to the contrary. [1969 ex.s. c 204 § 9.]

35.86A.100 Disposition of revenues—Expenditure procedure. All revenues received shall be paid to the municipal treasurer for the credit of the general fund, or such other funds as may be provided by ordinance.

Expenditures of the parking commission shall be made in accordance with the budget adopted by the municipality pursuant to chapter 35.32A RCW. [1969 ex.s. c 204 § 10.]

35.86A.110 Excise tax to reimburse taxing authorities for loss of property tax revenue. Such cities shall pay to the county treasurer an annual excise tax equal to the
amount which would be paid upon real property devoted to the purpose of off-street parking, were it in private ownership. This section shall apply to parking facilities acquired and/or operated under this chapter. The proceeds of such excise tax shall be allocated by the county treasurer to the various taxing authorities in which such property is situated, in the same manner as though the property were in private ownership. [1969 ex.s. c 204 § 11.]

35.86A.120 Operation of parking facilities—Bid requirements and procedure. Except for off-street parking facilities situated on real property leased or rented to a city and not used for park and civic center parking, cities may operate off-street parking facilities with city forces. Leased or rented off-street parking facilities shall be operated by responsible, experienced private operators of such facilities. The call for bids shall specify the terms and conditions under which the facility shall be leased for private operation. The call for bids shall specify the time and place at which the bids will be received and the time and when the same shall be opened, and such call shall be advertised once a week for two successive weeks before the time fixed for the filing of bids in a newspaper of general circulation in the city. If no bid is received for the operation of such an off-street parking facility, or if the bids received are not satisfactory, the legislative body of the city may reject such bids and shall readvertise the facility for lease. In the event that no bids or no satisfactory bids shall have been received following the second advertising, the city may negotiate with a private operator for the operation of the facility without competitive bidding. In the event the city shall be unable to negotiate for satisfactory private operation within a reasonable time, the city may operate the facility for a period not to exceed three years, at which time it shall readvertise as provided above in this section. The initiation petition or resolution shall contain the following:

(1) A description of the boundaries of the proposed area;

(2) The proposed uses and projects to which the proposed special assessment revenues shall be put and the total estimated cost thereof;

(3) The estimated rate of levy of special assessment with a proposed breakdown by class of business and multifamily residential or mixed-use project if such classification is to be used.

The initiating petition shall also contain the signatures of the persons who operate businesses and residential operators in the proposed area which would pay fifty percent of the proposed special assessments. [1993 c 429 § 3; 1971 ex.s. c 45 § 3.]

35.87A.050 Notice of hearing. Notice of a hearing held under the provisions of this chapter shall be given by:

(1) One publication of the resolution of intention in a newspaper of general circulation in the city; and

(2) Mailing a complete copy of the resolution of intention to each business and multifamily residential or

35.87A.060 Hearings. Whenever a hearing is held under this chapter, the legislative authority shall hear all protests and receive evidence for or against the proposed action. The legislative authority may continue the hearing from time to time. [1993 c 429 § 5; 1971 ex.s. c 45 § 6.]

35.87A.070 Change of boundaries. If the legislative authority decides to change the boundaries of the proposed area, the hearing shall be continued to a time at least fifteen days after such decision and notice shall be given as prescribed in RCW 35.87A.050, showing the boundary amendments, but no resolution of intention is required. The legislative authority may modify an area either by expanding or reducing the existing boundaries. If the modification to the boundaries is to expand existing boundaries, the expansion area must be adjacent to an existing boundary. A modification to an existing boundary may occur no more than once per year and may not affect an area with a projected assessment fee greater than ten percent of the current assessment role for the existing area. If the modification of an area results in the boundary being expanded, the assessments for the new area shall be established pursuant to RCW 35.87A.080 and 35.87A.090 and any other applicable provision of this chapter.

(2) The legislative authority shall adopt a resolution of intention to modify the boundaries of an area at least fifteen days prior to the hearing required in subsection (1) of this section. The resolution shall specify the proposed modification and shall give the time and place of the hearing. Notice of the hearing shall be made in accordance with RCW 35.87A.050. [2002 c 69 § 1.]

35.87A.080 Special assessments—Legislative authority may make reasonable classifications—Assessments for separate purposes. For purposes of the special assessments to be imposed pursuant to this chapter, the legislative authority may make a reasonable classification of businesses and multifamily residential or mixed-use projects, giving consideration to various factors such as business and occupation taxes imposed, square footage of the business, number of employees, gross sales, or any other reasonable factor relating to the benefit received, including the degree of benefit received from parking. Whenever it is proposed that a parking and business improvement area provide more than one of the purposes listed in RCW 35.87A.010, special assessments may be imposed in a manner that measures benefit from each of the separate purposes, or any combination of the separate purposes. Special assessments shall be imposed and collected annually, or on another basis specified in the ordinance establishing the parking and business improvement area. [1993 c 429 § 6; 1985 c 128 § 2; 1981 c 279 § 2; 1971 ex.s. c 45 § 8.]

The special assessments need not be imposed on different classes of business and multifamily residential or mixed-use projects, as determined pursuant to RCW 35.87A.080, on the same basis or the same rate. The special assessments imposed for the purpose of the acquisition, construction or maintenance of parking facilities for the benefit of the area shall be imposed on the basis of benefit determined by the legislative authority after giving consideration to the total cost to be recovered from the businesses and multifamily residential or mixed-use projects upon which the special assessment is to be imposed, the total area within the boundaries of the parking and business improvement area, the assessed value of the land and improvements within the area, the total business volume generated within the area and within each business, and such other factors as the legislative authority may find and determine to be a reasonable measure of such benefit. [1993 c 429 § 7; 1971 ex.s. c 45 § 9.]

35.87A.100 Ordinance to establish—Adoption—Contents. If the legislative authority, following the hearing, decides to establish the proposed area, it shall adopt an ordinance to that effect. This ordinance shall contain the following information:

Chapter 35.92

Title 35 RCW: Cities and Towns

35.92.010 Authority to acquire and operate waterworks—Generation of electricity—Classification of services for rates. A city or town may construct, condemn and purchase, purchase, acquire, add to, alter, maintain and operate waterworks, including fire hydrants as an integral utility service incorporated within general rates, within or without its limits, for the purpose of furnishing the city and its inhabitants, and any other persons, with an ample supply of water for all purposes, public and private, including water power and other power derived therefrom, with full power to regulate and control the use, distribution, and price thereof: PROVIDED, That the rates charged must be uniform for the same class of customers or service. Such waterworks may include facilities for the generation of electricity as a byproduct and such electricity may be used by the city or town or sold to an entity authorized by law to distribute electricity. Such electricity is a byproduct when the electrical generation is subordinate to the primary purpose of water supply.

In classifying customers served or service furnished, the city or town governing body may in its discretion consider any or all of the following factors: The difference in cost of service to the various customers; location of the various customers within and without the city or town; the difference in cost of maintenance, operation, repair, and replacement of the various parts of the system; the different character of the service furnished various customers; the quantity and quality of the water furnished; the time of its use; the achievement of water conservation goals and the discouragement of wasteful water use practices; capital contributions made to the system including, but not limited to, assessments; and any other matters which present a reasonable difference as...
a ground for distinction. No rate shall be charged that is less than the cost of the water and service to the class of customers served.

For such purposes any city or town may take, condemn and purchase, purchase, acquire, and retain water from any public or navigable lake or watercourse, surface or ground, and, by means of aqueducts or pipe lines, conduct it to the city or town; and it may erect and build dams or other works across or at the outlet of any lake or watercourse in this state for the purpose of storing and retaining water therein up to and above high water mark; and for all the purposes of erecting such aqueducts, pipe lines, dams, or waterworks or other necessary structures in storing and retaining water, or for any of the purposes provided for by this chapter, the city or town may occupy and use the beds and shores up to the high water mark of any such watercourse or lake, and acquire the right by purchase, or by condemnation and purchase, or otherwise, to any water, water rights, easements or privileges named in this chapter, or necessary for any of said purposes, and the city or town may acquire by purchase or condemnation and purchase any properties or privileges necessary to be had to protect its water supply from pollution. Should private property be necessary for any such purposes or for storing water above high water mark, the city or town may condemn and purchase, or purchase and acquire such private property. For the purposes of waterworks which include facilities for the generation of electricity as a byproduct, nothing in this section may be construed to authorize a city or town that does not own or operate an electric utility system to condemn electric generating, transmission, or distribution rights or facilities of entities authorized by law to distribute electricity, or to acquire such rights or facilities without the consent of the owner. Purpose—Findings—2002 c 102: "The purpose of this act is to affirm the authority of cities and towns to operate fire hydrants and streetlights as part of their rate-based water and electric utilities, respectively. The legislature finds that it has been the practice of most, if not all, cities and towns, as well as water and sewer districts, to include the operation of fire hydrants for fire and maintenance purposes and to incorporate the cost of this operation as a normal part of the utility’s services and general rate structure. The legislature further finds and declares that it has been the intent of the legislature that cities and towns, just as water and sewer districts, have the right to operate and maintain streetlights in the same manner as fire hydrants, that is, as a normal part of the electric utility and a normal part of that utility’s general rate structure. The legislature therefore affirms that authority." [2002 c 102 § 1.]

Severability—2002 c 102: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [2002 c 102 § 4.]

Purposes—1991 c 347: See note following RCW 90.42.005.

Severability—1991 c 347: See RCW 90.42.900.

Intent—1985 c 444: "For the purposes of this act, the legislature finds it is the policy of the state of Washington that:

(1) The quality of the natural environment shall be protected and, where possible, enhanced as follows: Perennial rivers and streams of the state shall be retained with base flows necessary to provide for preservation of wildlife, fish, scenic, aesthetic and other environmental values, and navigational values. Lakes andponds shall be retained substantially in their natural condition. Withdrawals of water which would conflict therewith shall be authorized only in those situations where it is clear that overriding considerations of the public interest will be served.

(2) Development of water supply systems, whether publicly or privately owned, which provide water to the public generally in regional areas within the state shall be encouraged. Development of water supply systems for multiple domestic use which will not serve the public generally shall be discouraged where water supplies are available from water systems serving the public." [1985 c 444 § 1.]

Construction—Economic feasibility study—1985 c 444: "(1) Nothing in this act exempts any city or town, water district, or sewer district from compliance with applicable state and federal statutes and regulations including but not limited to: State environmental policy act, chapter 43.21C RCW; federal financial assistance program, chapter 35.01 RCW.

(2) Nothing in this act exempts any city or town, water district, or sewer district from compliance with applicable state and federal statutes and regulations including but not limited to: Federal power act, 16 U.S.C. Sec. 791 et seq.; public utility regulatory policies act, 15 U.S.C. Sec. 717f; Pacific northwest electric power planning and conservation act, 16 U.S.C. Sec. 839; energy financing voter approval act, chapter 80.52 RCW; water resources act, chapter 90.54 RCW; federal clean water act, 33 U.S.C. Sec. 1251 et seq.; the public water system coordination act, chapter 70.116 RCW; and the state clean water act, chapter 90.48 RCW.

(3) This act supplements the authority of cities and towns, water districts, and sewer districts and does not restrict or impose limits on any authority such municipal corporations may otherwise have under any laws of this state nor may the authority of such municipal corporations under other laws of this state be construed more narrowly on account of this act." [1985 c 444 § 7.]

Severability—1985 c 444: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1985 c 444 § 8.]

Validating—1917 c 12: "Whenever any city or town has heretofore issued or authorized to be issued by such vote of its electors as is required by law at any election duly and legally held to vote on such proposition, such issuance of bonds or the purchase, payment for or acquisition of such utility as is described in this act, in every such case such utility bonds are hereby declared to be legal and valid, and such city or town is hereby authorized and empowered to proceed to issue and negotiate such bonds and to continue and conclude proceedings for the purchase or acquirement of such utility, and is hereby given full power to maintain and operate the same within all and every part of such contiguous territory whether incorporated or unincorporated." [1917 c 12 § 2.]

Validating—1909 c 150: "That in all cases where the qualified electors of any city or town have heretofore, at any election, ratified any plan or system of any public utility mentioned in section 1 of this act, and shall have authorized a general indebtedness of such city or town and the issuance of bonds therefor, or the creation of a special fund or funds out of the revenues of the public utility the plan or system of which was so ratified, and the issuance of bonds or warrants payable only out of such fund or funds; and pursuant to such authorization or ratification a general indebtedness shall have been incurred or authorized to be incurred, and bonds or other obligations issued or contracted to be issued or authorized to be issued, or a special fund or funds shall have been created out of the revenue of any such public utility by pledging or setting aside a fixed proportion of such revenues, or a fixed amount out of and not exceeding a fixed proportion or a fixed amount without regard to any fixed proportion, and bonds or warrants payable either upon the call of such city or town or at a fixed date, but only out of such special fund or funds, issued or

35.92.012 May accept and operate water-sewer district's property when boundaries are identical. A city or town, whose boundaries are identical with those of a water-sewer district, or within which a water-sewer district is entirely located, which is free from all debts and liabilities except contractual obligations between the district and the town, may accept the property and assets of the district and operate such property and assets as a municipal waterworks, if the district and the city or town each participate in a summary dissolution proceedings for the district as provided in RCW 57.04.110. [1999 c 153 § 39; 1965 c 7 § 35.92.012. Prior: 1955 c 358 § 2. Formerly RCW 80.40.012.]

Part headings not law—1999 c 153: See note following RCW 57.04.050.

35.92.014 Acquisition of out-of-state waterworks. Municipalities of this state under ordinance of the governing body are empowered to acquire by purchase or lease, and to maintain and operate, in cooperation with neighboring municipalities of states bordering this state, the out-of-state property, plant and equipment of privately owned utilities supplying water to the purchasing municipalities from an out-of-state source: PROVIDED, The legislature of the state in which such property, plant, equipment and supply are located, by enabling legislation similar to this, authorizes its municipalities to join in such acquisition, maintenance and operation. [1965 c 7 § 35.92.014. Prior: 1951 c 39 § 1. Formerly RCW 80.40.014.]

35.92.015 Acquisition of out-of-state waterworks—Joint acquisition and operation. The governing bodies of the municipalities acting jointly under RCW 35.92.014 and this section shall have authority by mutual agreement to exercise jointly all powers granted to each individual municipality in the acquisition, maintenance and operation of a water supply system. [1965 c 7 § 35.92.015. Prior: 1951 c 39 § 2. Formerly RCW 80.40.015.]

35.92.017 Authority to assist customers in the acquisition of water conservation equipment—Limitations. Any city or town engaged in the sale or distribution of water is hereby authorized, within limits established by the Constitution of the state of Washington, to assist the owners of structures in financing the acquisition and installation of fixtures, systems, and equipment, for compensation or otherwise, for the conservation or more efficient use of water in the structures under a water conservation plan adopted by the city or town if the cost per unit of water saved or conserved by the use of the fixtures, systems, and equipment is less than the cost per unit of water supplied by the next least costly new water source available to the city or town to meet future demand. Except where otherwise authorized, assistance shall be limited to:

(1) Providing an inspection of the structure, either directly or through one or more inspectors under contract, to determine and inform the owner of the estimated cost of purchasing and installing conservation fixtures, systems, and equipment for which financial assistance will be approved and the estimated life cycle savings to the water system and the consumer that are likely to result from the installation of the fixtures, systems, or equipment;

(2) Providing a list of businesses that sell and install the fixtures, systems, and equipment within or in close proximity to the service area of the city or town, each of which businesses shall have requested to be included and shall have the ability to provide the products in a workmanlike manner and to utilize the fixtures, systems, and equipment in accordance with the prevailing national standards;

(3) Arranging to have approved conservation fixtures, systems, and equipment installed by a private contractor whose bid is acceptable to the owner of the structure and verifying the installation; and

(4) Arranging or providing financing for the purchase and installation of approved conservation fixtures, systems, and equipment. The fixtures, systems, and equipment shall be purchased or installed by a private business, the owner, or the utility.

Pay back shall be in the form of incremental additions to the utility bill, billed either together with use charge or separately. Loans shall not exceed one hundred twenty months in length. [1989 c 421 § 3.]

Intent—Water conservation encouraged—1989 c 421: “The conservation and efficient use of water is found and declared to be a public purpose of highest priority. The legislature further finds and declares that all municipal corporations, public utility districts, water districts, and other political subdivisions of the state that are engaged in the sale or distribution of water should be granted the authority to develop and carry out programs that will conserve resources, reduce waste, and encourage more efficient use of water by consumers.

In order to establish the most effective statewide program for water conservation, the legislature hereby encourages any company, corporation, or association engaged in selling or furnishing utility services to assist their customers in the acquisition and installation of fixtures, systems, and equipment, for compensation or otherwise, for the conservation or more efficient use of water.” [1989 c 421 § 1.]

Contingent effective date—1989 c 421: “This act shall take effect on the same date as the proposed amendment to Article VIII of the state Constitution, authorizing the use of public moneys or credit to promote conservation or more efficient use of water, is validly submitted and is approved and ratified by the voters at a general election held in November 1989. If the proposed amendment is not so approved and ratified, this act shall be void in its entirety.” [1989 c 421 § 6.]

Senate Joint Resolution No. 8210 was approved and ratified by the voters at the November 7, 1989, general election.

35.92.020 Authority to acquire and operate sewerage and solid waste handling systems, plants, sites, or facilities—Classification of services and facilities for rates—Assistance for low-income persons. A city or town may construct, condemn and purchase, purchase, acquire, add to, alter, maintain, and operate systems, plants, sites, or other facilities of sewerage as defined in RCW 35.67.010, or solid waste handling as defined by RCW 70.95.030, and
shall have full authority to manage, regulate, operate, control, and to fix the price of service and facilities of those systems, plants, sites, or other facilities within and without the limits of the city or town. The rates charged shall be uniform for the same class of customers or service and facilities. In classifying customers served or service and facilities furnished by a system or systems of sewerage, the legislative authority of the city or town may in its discretion consider any or all of the following factors: (1) The difference in cost of service and facilities to customers; (2) the location of customers within and without the city or town; (3) the difference in cost of maintenance, operation, repair, and replacement of the parts of the system; (4) the different character of the service and facilities furnished to customers; (5) the quantity and quality of the sewage delivered and the time of its delivery; (6) capital contributions made to the systems, plants, sites, or other facilities, including but not limited to, assessments; (7) the nonprofit public benefit status, as defined in RCW 24.03.490, of the land user; and (8) any other factors that present a reasonable difference as a ground for distinction. Rates or charges for on-site inspection and maintenance services may not be imposed under this chapter on the development, construction, or reconstruction of property.

A city or town may provide assistance to aid low-income persons in connection with services provided under this chapter.

Under this chapter, after July 1, 1998, any requirements for pumping the septic tank of an on-site sewage system should be based, among other things, on actual measurement of accumulation of sludge and scum by a trained inspector, trained owner’s agent, or trained owner. Training must occur in a program approved by the state board of health or by a local health officer.

Before adopting on-site inspection and maintenance utility services, or incorporating residences into an on-site inspection and maintenance or sewer utility under this chapter, notification must be provided, prior to the applicable public hearing, to all residences within the proposed service area that have on-site systems permitted by the local health officer. The notice must clearly state that the residence is within the proposed service area and must provide information on estimated rates or charges that may be imposed for the service.

A city or town shall not provide on-site sewage system inspection, pumping services, or other maintenance or repair services under this section using city or town employees unless the on-site system is connected by a publicly owned collection system to the city or town’s sewerage system, and the on-site system represents the first step in the sewage disposal process. Nothing in this section shall affect the authority of state or local health officers to carry out their responsibilities under any other applicable law. 35.92.025 Authority to make charges for connecting to water or sewerage system—Interest charges. Cities and towns are authorized to charge property owners seeking to connect to the water or sewerage system of the city or town as a condition to granting the right to so connect, in addition to the cost of such connection, such reasonable connection charge as the legislative body of the city or town shall determine proper in order that such property owners shall bear their equitable share of the cost of such system. The equitable share may include interest charges applied from the date of construction of the water or sewer system until the connection, or for a period not to exceed ten years, at a rate commensurate with the rate of interest applicable to the city or town at the time of construction or major rehabilitation of the water or sewer system, or at the time of installation of the water or sewer lines to which the property owner is seeking to connect but not to exceed ten percent per year: PROVIDED, That the aggregate amount of interest shall not exceed the equitable share of the cost of the system allocated to such property owners. Connection charges collected shall be considered revenue of such system. [1985 c 445 § 6; 1965 c 7 § 35.92.025. Prior: 1959 c 90 § 8. Formerly RCW 80.40.025.]

(2) Notwithstanding subsection (1) of this section, submission to the voters shall be necessary if:
   (a) The project or work may produce electricity for sale in excess of present or future needs of the water system;
   (b) The city or town does not own or operate an electric utility system;
   (c) The work involves an ownership greater than twenty-five percent in a new water supply project combined with an electric generation facility; and

(2002 Ed.)
(d) The combined facility has an installed capacity in excess of five megawatts.

(3) Notwithstanding subsection (1) of this section, submission to the voters shall be necessary to make extensions to a public utility which would expand the previous service capacity by fifty percent or more, where such increased service capacity is financed by the issuance of general obligation bonds.

(4) Thirty days' notice of the election shall be given in the official newspaper of the city or town, by publication at least once each week in the paper during such time.

(5) When a proposition has been adopted, or in the cases where no submission is necessary, the corporate authorities of the city or town may proceed forthwith to purchase, construct, and acquire the public utility or make additions, betterments, and extensions thereto and to make payment therefor. 35.92.075 Indebtedness incurred on credit of expected utility revenues. A city or town may contract indebtedness and borrow money for a period not in excess of two years for any public utility purpose on the credit of the revenues expected from such public utility. [1982 c 24 § 1.]

35.92.080 General obligation bonds. General obligation bonds may be issued by a city or town for the purposes of providing all or part of the costs of purchasing, acquiring, or constructing a public utility or making any additions, betterments, or alterations thereto, or extensions thereof. Such pledge of revenue shall constitute a binding obligation, according to its terms, to continue the collection of such revenue so long as such bonds or any of them are outstanding, and to the extent that revenues are insufficient to meet the debt service requirements on such bonds, the governing body of the municipality shall provide for the levy of taxes sufficient to meet such deficiency. The total general indebtedness incurred under this chapter, added to all other indebtedness of a city or town at any time outstanding, shall not exceed the amounts of indebtedness authorized by chapter 39.36 RCW, as now or hereafter amended, to be incurred without and with the assent of the voters: PROVIDED, That a city or town may become indebted to a larger amount, but not exceeding the amount authorized therefor by chapter 39.36 RCW, as now or hereafter amended, for supplying it with water, artificial light, and sewers when works for supplying such water, light, and sewers are owned and controlled by the city or town. [1965 c 7 § 35.92.090. Prior: 1909 c 150 § 3, part; RRS § 9490, part. Formerly RCW 80.40.090.]

35.92.100 Revenue bonds or warrants. (1) When the voters of a city or town, or the corporate authorities thereof, have adopted a proposition for any public utility and either no general indebtedness has been authorized or the corporate authorities do not desire to incur a general indebtedness, and when the corporate authorities are authorized to exercise any of the powers conferred by this chapter without submitting the proposition to a vote, the corporate authorities may create a special fund for the sole purpose of defraying the cost of the public utility or addition, betterment, or extension thereto, into which special fund they may obligate and bind the city or town to set aside and pay a fixed proportion of the gross revenues of the utility, or any fixed amount out of and not exceeding a fixed proportion of such revenues, or a fixed amount without regard to any fixed proportion, and issue and sell bonds or warrants bearing interest at a rate or rates as authorized by the corporate authorities; payable semiannually, executed in such manner and payable at such times and places as the corporate authorities shall determine, but the bonds or warrants and the interest thereon shall be payable only out of the special fund and shall be a lien and charge against payments received from any utility local improvement district assessments pledged to secure such bonds. Such bonds shall be negotiable instruments within the meaning of the negotiable instruments law, Title 62A RCW, notwithstanding same are instruments law, Title 62A, as now or hereafter amended, to be pledged to secure such bonds. Such bonds shall be negotiable instruments within the meaning of the negotiable instruments law, Title 62A RCW, notwithstanding same are instruments law, Title 62A, as now or hereafter amended, to be payable at such times and places as the corporate authorities shall determine, but the bonds or warrants and the interest thereon shall be payable only out of the special fund and shall be a lien and charge against payments received from any utility local improvement district assessments pledged to secure such bonds. Such bonds shall be issued and sold in accordance with chapter 39.46 RCW.

When corporate authorities deem it necessary to construct any sewage disposal plant, it may be considered as a part of the waterworks department of the city or town and the cost of construction and maintenance thereof may be chargeable to the water fund of the municipality, or to any other special fund which the corporate authorities may by ordinance designate.

In creating a special fund, the corporate authorities shall have due regard to the cost of operation and maintenance of the plant or system as constructed or added to, and to any proportion or part of the revenue previously pledged as a fund for the payment of bonds, warrants, or other indebtedness, and shall not set aside into such special fund a greater amount or proportion of the revenue and proceeds than in
their judgment will be available above such cost of maintenance and operation and the amount or proportion, if any, of the revenue so previously pledged. Rates shall be maintained adequate to service such bonds and to maintain the utility in sound financial condition.

The bonds or warrants and interest thereon issued against any such fund shall be a valid claim of the owner thereof only as against the special fund and its fixed proportion or amount of the revenue pledged thereto, and shall not constitute an indebtedness of the city or town within the meaning of constitutional provisions and limitations. Each bond or warrant shall state upon its face that it is payable from a special fund, naming it and the ordinance creating it. The bonds and warrants shall be sold in such manner as the corporate authorities shall deem for the best interest of the city or town, and they may provide in any contract for the construction and acquisition of the proposed improvement that payment therefor shall be made only in such bonds and warrants at par value thereof.

When a special fund is created and any such obligation is issued against it, a fixed proportion, or a fixed amount out of and not exceeding such fixed proportion, or a fixed amount without regard to any fixed proportion, of revenue shall be set aside and paid into such fund as provided in the ordinance creating it, and in case the city or town fails to thus set aside and pay such fixed proportion or amount, the owner of any bond or warrant against the fund may bring action against the city or town and compel such setting aside and payment: PROVIDED, That whenever the corporate authorities of any city or town shall so provide by ordinance then all such bonds thereafter issued shall be on a parity, without regard to date of issuance or authorization and without preference or priority of right or lien with respect to participation of special funds in amounts from gross revenues for payment thereof.

(2) Notwithstanding subsection (1) of this section, such bonds and warrants may be issued and sold in accordance with chapter 39.46 RCW. [1965 c 7 § 35.92.110. Prior: 1935 c 81 § 1; RRS § 9492-1. Formerly RCW 80.40.110.]

35.92.130 Funding or refunding bonds—Single issue may refund multiple series. At the option of the legislative authority of the city or town various series and issues of outstanding warrants or bonds, or parts thereof, issued for the purpose of acquiring or constructing any public utility, or for making any additions or betters thereto or extensions thereof, may be funded or refunded by a single issue of funding or refunding bonds. No proportion or part of the revenue of any one such public utility shall be pledged for the payment of funding or refunding bonds issued to fund or refund warrants or bonds issued for the acquisition or construction, or the making of additions and betters to or extensions of, any other public utility. When the legislative authority of a city or town determines to issue such funding or refunding bonds, it shall provide therefor by ordinance, which shall create a special fund for the sole purpose of paying the bonds and the interest thereon, into which fund the ordinance shall bind and obligate the city or town to set aside and pay a fixed amount without regard to any fixed proportion out of the gross revenue of the public utility as provided therein.
In creating such special fund, the legislative authority shall have due regard to the cost of operation and maintenance of the utility as constructed or added to, and to any proportion or part of the revenue thereof previously pledged as a fund for the payment of bonds, warrants, or other indebtedness, and shall not bind and obligate the city or town to set aside into the fund a greater amount of the revenue of the utility than in its judgment will be available above the cost of maintenance and operation and the amount or proportion of the revenue thereof so previously pledged. (1) Such funding or refunding bonds, together with the interest thereon, issued against the special fund shall be a valid claim of the owner thereof only as against such fund, and the amount of the revenue of the utility pledged thereto, and shall not constitute an indebtedness of the city or town within the meaning of constitutional or statutory provisions and limitations. They shall be sold in such manner as the corporate authorities shall deem for the best interest of the municipality. The effective rate of interest on the bonds shall not exceed the effective rate of interest on warrants or bonds to be funded or refunded thereby. Interest on the bonds shall be paid semiannually. The bonds shall be executed in such manner and payable at such time and place as the legislative authority shall by ordinance determine. 35.92.270 Passenger transportation systems—Authority to make studies—Contracts with and acquisition of privately owned systems. Every passenger transportation system owned by a municipal corporation may:

(1) Engage in planning, studies and surveys with respect to areas within and beyond the corporate boundaries of such municipal corporation, in order to develop a sound factual basis for any possible future adjustment or expansion of such municipally owned passenger transportation system;

(2) Purchase or lease privately owned passenger transportation systems: PROVIDED, That such purchases shall not, per se, extend the area of service of such municipally owned passenger transportation system;

(3) Contract with privately owned passenger transportation systems in order to provide adequate service in the service area of the municipal transportation system. [1965 c 7 § 35.92.270. Prior: 1957 c 114 § 1. Formerly RCW 80.40.270.]

35.92.280 Cities over 150,000, joint undertaking with P.U.D. as to electric utility properties—"Electric utility properties" defined. As used in RCW 35.92.280 through 35.92.310 “electric utility properties” shall mean any and all permits, licenses, property rights, water rights and any and all works, plants, dams, powerhouses, transmission lines, switchyards, substations, property and facilities of every kind and character which may be used, or may be useful, in the generation and transmission of electric power and energy, produced by water power, steam or any other methods. 35.92.290 Cities over 150,000, joint undertaking with P.U.D. as to electric utility properties—Agreements. Any city or town with a population over one hundred fifty thousand within the state of Washington owning an electric public utility is authorized to cooperate with any public utility district within this state in the joint acquisition, purchase, construction, ownership, maintenance and operation, within or without the respective limits of any such city or town or public utility district, of electric utility properties. The respective governing bodies of any such city or town and of any such public utility district desiring to cooperate
in the joint ownership, maintenance and operation of electric utility properties pursuant to the authority contained in RCW 35.92.280 through 35.92.310, shall by mutual agreement provide for such joint ownership, maintenance and operation. Such agreement shall prescribe the rights and property interest which the parties thereto shall have in such electric utility properties, which property interest may be either divided or undivided; and shall further provide for the rights of the parties thereto in the ownership and disposition of the power and energy produced by such electric utility properties, and for the operation and management thereof. [1965 c 7 § 35.92.290. Prior: 1957 c 287 § 2. Formerly RCW 80.40.290.]

35.92.300  Cities over 150,000, joint undertaking with P.U.D. as to electric utility properties—Financing. Any city or town and any public utility district cooperating under the provisions of RCW 35.92.280 through 35.92.310 may, without an election or other proceedings under any existing law, contribute money and property, both real and personal, to any joint undertaking pursuant hereto, and may issue and sell revenue bonds to pay its respective share of the costs of acquisition and construction of such electric utility properties. Such bonds shall be issued under the provisions of applicable laws authorizing the issuance of revenue bonds for the acquisition and construction of electric public utility properties by cities, towns and public utility districts, as the case may be. 35.92.310  Cities over 150,000, joint undertaking with P.U.D. as to electric utility properties—Authority granted is additional power. The authority and power granted by RCW 35.92.280 through 35.92.310 is an additional grant of power to cities, towns, and public utility districts to acquire and operate electric public utilities, and the provisions hereof shall be construed liberally to effectuate the authority herein conferred, and no restriction or limitation prescribed in any other law shall prohibit the cities, towns and public utility districts of this state from exercising the authority herein conferred: PROVIDED, That nothing in RCW 35.92.280 through 35.92.310 shall authorize any public utility district or city cooperating under the provisions of RCW 35.92.280 through 35.92.310 to condemn any property owned or operated by any privately owned utility. [1965 c 7 § 35.92.310. Prior: 1957 c 287 § 4. Formerly RCW 80.40.310.]

35.92.350  Electrical construction or improvement—Bid proposals—Contract proposal forms—Conditions for issuance—Refusal—Appeal. Any city or town owning an electrical utility shall require that bid proposals upon any electrical construction or improvement shall be made upon contract proposal form supplied by the governing authority of such utility, and in no other manner. The governing authority shall, before furnishing any person, firm or corporation desiring to bid upon any electrical work with a contract proposal form, require from such person, firm or corporation, answers to questions contained in a standard form of questionnaire and financial statement, including a complete statement of the financial ability and experience of such person, firm, or corporation in performing electrical work. Such questionnaire shall be sworn to before a notary public or other person authorized to take acknowledgment of deeds, and shall be submitted once a year and at such other times as the governing authority may require. Whenever the governing authority is not satisfied with the sufficiency of the answers contained in such questionnaire and financial statement or whenever the governing authority determines that such person, firm, or corporation does not meet all of the requirements hereinafter set forth it may refuse to furnish such person, firm or corporation with a contract proposal form and any bid proposal of such person, firm or corporation must be disregarded. In order to obtain a contract proposal form, a person, firm or corporation shall have all of the following requirements:

(1) Adequate financial resources, or the ability to secure such resources;
(2) The necessary experience, organization, and technical qualifications to perform the proposed contract;
(3) The ability to comply with the required performance schedule taking into consideration all of its existing business commitments;
(4) A satisfactory record of performance, integrity, judgment, and skills; and
(5) Be otherwise qualified and eligible to receive an award under applicable laws and regulations.

Such refusal shall be conclusive unless appeal therefrom to the superior court of the county where the utility district is situated or Thurston county be taken within fifteen days, which appeal shall be heard summarily within ten days after the same is taken and on five days’ notice thereof to the governing authority of the utility. [1971 ex.s. c 220 § 1.]

35.92.355  Energy conservation—Legislative findings. The conservation of energy in all forms and by every possible means is found and declared to be a public purpose of highest priority. The legislature further finds and declares that all municipal corporations, quasi municipal corporations, and other political subdivisions of the state which are engaged in the generation, sale, or distribution of energy should be granted the authority to develop and carry out programs which will conserve resources, reduce waste, and encourage more efficient use of energy by consumers.

In order to establish the most effective statewide program for energy conservation, the legislature hereby encourages any company, corporation, or association engaged in selling or furnishing utility services to assist their customers in the acquisition and installation of materials and equipment, for compensation or otherwise, for the conservation or more efficient use of energy. The use of appropriate tree plantings for energy conservation is encouraged as part of these programs. [1993 c 204 § 5; 1979 ex.s. c 239 § 1.]

Findings—1993 c 204: See note following RCW 35.92.390.

Effective date—Contingency—1979 ex.s. c 239: See note following RCW 35.92.360.

35.92.360  Energy conservation plan—Financing authorized for energy conservation projects in structures

(2002 Ed.) [Title 35 RCW—page 301]
or equipment—Limitations. Any city or town engaged in the generation, sale, or distribution of energy is hereby authorized, within limits established by the Constitution of the state of Washington, to assist the owners of structures or equipment in financing the acquisition and installation of materials and equipment, for compensation or otherwise, for the conservation or more efficient use of energy in such structures or equipment pursuant to an energy conservation plan adopted by the city or town if the cost per unit of energy saved or produced by the use of such materials and equipment is less than the cost per unit of energy produced by the next least costly new energy resource which the city or town could acquire to meet future demand. Any financing authorized under this chapter shall only be used for conservation purposes in existing structures, and such financing shall not be used for any purpose which results in a conversion from one energy source to another. For the purposes of this section, "conservation purposes in existing structures" may include projects to allow a municipal electric utility’s customers to generate all or a portion of their own electricity through the on-site installation of a distributed electricity generation system that uses as its fuel solar, wind, geothermal, or hydropower, or other renewable resource that is available on-site and not from a commercial source. Such projects shall not be considered "a conversion from one energy source to another" which is limited to the change or substitution of one commercial energy supplier for another commercial energy supplier. Except where otherwise authorized, such assistance shall be limited to:

1. Providing an inspection of the structure or equipment, either directly or through one or more inspectors under contract, to determine and inform the owner of the estimated cost of purchasing and installing conservation materials and equipment for which financial assistance will be approved and the estimated life cycle savings in energy costs that are likely to result from the installation of such materials or equipment;

2. Providing a list of businesses who sell and install such materials and equipment within or in close proximity to the service area of the city or town, each of which businesses shall have requested to be included and shall have the ability to provide the products in a workmanlike manner and to utilize such materials in accordance with the prevailing national standards.

3. Arranging to have approved conservation materials and equipment installed by a private contractor whose bid is acceptable to the owner of the residential structure and verifying such installation; and

4. Arranging or providing financing for the purchase and installation of approved conservation materials and equipment. Such materials and equipment shall be purchased from a private business and shall be installed by a private business or the owner.

5. Pay back shall be in the form of incremental additions to the utility bill, billed either together with use charge or separately. Loans shall not exceed one hundred twenty months in length. [2002 c 276 § 2; 1989 c 268 § 1; 1979 ex.s. c 239 § 2.]

Findings—Intent—2002 c 276: "The legislature finds that energy conservation can take many useful and cost-effective forms, and that the types of conservation projects available to utilities and customers evolve with time as technologies are developed and market conditions change. In some cases, electricity conservation projects are most cost-effective when they reduce the total amount of electricity consumed by an individual customer, and in other cases they can be cost-effective by reducing the amount of electricity a customer needs to purchase from an electric utility. The legislature intends to encourage and support a broad array of cost-effective energy conservation by electric utilities and customers alike by clarifying that public utilities may assist in the financing of projects that allow customers to generate their own electricity from renewable resources that do not depend on commercial sources of fuel thereby reducing the amount of electricity a public utility needs to generate or acquire on their customers' behalf." [2002 c 276 § 1.]

Effective date—Continuance—1979 ex.s. c 239: "This 1979 act shall take effect on the same date as the proposed amendment to Article VIII of the state Constitution, authorizing the use of public moneys or credit to promote conservation or more efficient use of energy, is validly submitted and is approved and ratified by the voters at a general election held in November, 1979. If the proposed amendment is not so approved and ratified, this 1979 act shall be null and void in its entirety." [1979 ex.s. c 239 § 4.] The referenced constitutional amendment (1979 Substitute Senate Joint Resolution No. 120) was approved by the voters on November 6, 1979. See Article VIII, section 10 of the state Constitution.

Title 35 RCW: Cities and Towns

35.92.365 Tariff for irrigation pumping service—Authority to buy back electricity. The council or board may approve a tariff for irrigation pumping service that allows the municipal utility to buy back electricity from customers to reduce electricity usage by those customers during the municipal utility’s particular irrigation season. [2001 c 122 § 3.]

Effective date—2001 c 122: See note following RCW 80.28.310.

35.92.370 Lease of real property under electrical transmission lines for private gardening purposes. A city or town owning facilities for the purpose of furnishing the city or town and its inhabitants with electricity may lease for private gardening purposes the real property under its electrical transmission and distribution lines for a nominal rent to any person who has an income of less than ten thousand dollars per year. [1981 c 100 § 1.]

35.92.380 Waiver or delay of collection of tap-in charges, connection or hookup fees for low income persons. Whenever a city or town waives or delays collection of tap-in charges, connection fees, or hookup fees for low income persons, or class of low income persons, to connect to lines or pipes used by the city or town to provide utility service, the waiver or delay shall be pursuant to a program established by ordinance. As used in this section, the provision of "utility service" includes, but is not limited to, water, sanitary or storm sewer service, electricity, gas, other means of power, and heat. [1980 c 150 § 1.]

35.92.390 Municipal utilities encouraged to provide customers with landscaping information and to request voluntary donations for urban forestry. (1) Municipal utilities under this chapter are encouraged to provide information to their customers regarding landscaping that includes tree planting for energy conservation.

(2) Municipal utilities under this chapter are encouraged to request voluntary donations from their customers for the purposes of urban forestry. The request may be in the form of a check-off on the billing statement or other form of request for a voluntary donation. [1993 c 204 § 2.]

[Title 35 RCW—page 302] (2002 Ed.)
Findings—1993 c 204: “The legislature finds that large-scale reduction of tree cover increases the temperature of urban areas, known as the “heat island effect.” Planting trees in urban areas for shading and cooling mitigates the urban heat island effect and reduces energy consumption. Tree planting also can benefit the environment by combating global climate change, reducing soil erosion, and improving air quality. Urban forestry programs can improve urban aesthetics that will improve public and private property values.

The legislature also finds that urban forestry programs should consider the relationship between urban forests and public service facilities such as water, sewer, natural gas, telephone, and electric power lines. Urban forestry programs promote the use of appropriate tree species that will not interfere with or cause damage to such public service facilities.” [1993 c 204 § 1.]

35.92.400 Provision of water services and facilities—Contract with Canadian corporation. A city or town contiguous with Canada may contract with a Canadian corporation for the purchase of water and for the construction, purchase, maintenance, and supply of waterworks to furnish the city or town and other areas within its water service area, and inhabitants thereof, and residents of Canada with an ample supply of water. [1999 c 61 § 1.]

35.92.410 Provision of sewer services and facilities—Contract with Canadian corporation. A city or town contiguous with Canada may contract with a Canadian corporation for the discharge of sewage from all or any portion of the city’s or town’s sewer service area into the sewer system of the Canadian corporation. A city or town contiguous with Canada may contract with a Canadian corporation for the construction, operation, or maintenance of sewers and sewage treatment and disposal facilities for their joint use and benefit upon such terms and conditions and for such period of time as the contracting parties may determine, which may include vesting one of the contracting parties with the sole authority to construct, operate, or maintain the facilities with the other contracting party or parties paying an agreed-upon portion of the expenses to the party with sole authority to construct, operate, or maintain the facilities. [1999 c 61 § 2.]

35.94.020 Procedure. The legislative authority of the city, if it deems it advisable to lease or sell the works, plant, or system, or any part thereof, shall adopt a resolution stating whether it desires to lease or sell. If it desires to lease, the resolution shall state the general terms and conditions of the lease, but not the rent. If it desires to sell the general terms of sale shall be stated, but not the price. The resolution shall direct the city clerk, or other proper official, to publish the resolution not less than once a week for four weeks in the official newspaper of the city, together with a notice calling for sealed bids to be filed with the clerk or other proper official not later than a certain time, accompanied by a certified check payable to the order of the city, for such amount as the resolution shall require, or a deposit of a like sum in money. Each bid shall state that the bidder agrees that if his bid is accepted and he fails to comply therewith within the time hereinafter specified, the check or deposit shall be forfeited to the city. If bids for a lease are called for, bidders shall bid the amount to be paid as the rent for each year of the term of the lease. If bids for a sale are called for, the bids shall state the price offered. The legislative authority of the city may reject any or all bids and accept any bid which it deems best. At the first meeting of the legislative authority of the city held after the expiration of the time fixed for receiving bids, or at some later meeting, the bids shall be considered. In order for the legislative authority to declare it advisable to accept any bid it shall be necessary for two-thirds of all the members elected to the legislative authority to vote in favor of a resolution making the declaration. If the resolution is adopted it shall be necessary, in order that the bid be accepted, to enact an ordinance accepting it and directing the execution of a lease or conveyance by the mayor and city clerk or other proper official. The ordinance shall not take effect until it has been submitted to the voters of the city for their approval or rejection at the next general election or at a special election called for that purpose, and a majority of the voters voting thereon have approved it. If approved it shall take effect as soon as the result of the vote is proclaimed by the mayor. If it is so submitted and fails of approval, it shall be rejected and annulled. The mayor shall proclaim the vote as soon as it is properly certified. [1985 c 469 § 40; 1965 c 7 § 35.94.020. Prior: 1917 c 137 § 2; RRS § 9513. Cf. 1907 c 86 §§ 1-3; 1897 c 106 §§ 1-4. Formerly RCW 80.48.020.]

35.94.030 Execution of lease or conveyance. Upon the taking effect of the ordinance the mayor and the city clerk or other proper official shall execute, in the name and on behalf of the city, the lease or conveyance directed thereby. The lessee or grantee shall accept and execute the instrument within ten days after notice of its execution by the city or forfeit to the city, the amount of the check or deposit accompanying his bid: PROVIDED, That if litigation in good faith is instituted within ten days to determine the rights of the parties, no forfeiture shall take place unless the lessee or grantee fails for five days after the termination of the litigation in favor of the city to accept and execute the lease or conveyance. 35.94.040 Lease or sale of land or property originally acquired for public utility purposes. Whenever a city shall determine, by resolution of its legislative authority, that any lands, property, or equipment originally acquired for public utility purposes is surplus to the city’s needs and is not required for providing continued public utility service, then such legislative authority by resolution and after a public hearing may cause such lands, property, or equipment to be leased, sold, or conveyed. Such resolution shall state the fair market value or the rent or consideration to be paid and such other terms and conditions for such disposition as the legislative authority deems to be in the best public interest.

The provisions of RCW 35.94.020 and 35.94.030 shall not apply to dispositions authorized by this section. [1973 1st ex.s. c 95 § 1.]

35.94.050 Application of chapter to certain service provider agreements under chapter 70.150 RCW. Public transportation systems: RCW 35.58.272 through 35.58.2794.

35.95.010 Declaration of intent and purpose. We, the legislature find that an increasing number of municipally owned, or leased, and operated transportation systems in the urban areas of the state of Washington as in the nation, are finding it impossible, from the revenues derived from tolls, tariffs and fares, to maintain the financial solvency of such systems, and as a result thereof such municipalities have been forced to subsidize such systems to the detriment of other essential public services.

All persons in a community benefit from a solvent and adequate public transportation system, either directly or indirectly, and the responsibility of financing the operation, maintenance, and capital needs of such systems is a community obligation and responsibility which should be shared by all.

We further find and declare that the maintenance and operation of an adequate public transportation system is an absolute necessity and is essential to the economic, industrial and cultural growth, development and prosperity of a municipality and of the state and nation, and to protect the health and welfare of the residents of such municipalities and the public in general.

We further find and declare that the appropriation of general funds and levying and collection of taxes by such municipalities as authorized in the succeeding sections of this chapter is necessary, and any funds so derived and expended are for a public purpose for which public funds may properly be used. [1969 ex.s. c 255 § 1; 1965 ex.s. c 111 § 1.]
35.95.040 Levy and collection of excise taxes authorized—Business and occupation tax—Excise tax on residents—Appropriation and use of proceeds—Voter approval. The corporate authorities of a municipality are authorized to adopt ordinances for the levy and collection of excise taxes and/or for the imposition of an additional tax for the act or privilege of engaging in business activities. Such business and occupation tax shall be imposed in such amounts as fixed and determined by the corporate authorities of the municipality and shall be measured by the application of rates against value of products, gross proceeds of sales, or gross income of the business, as the case may be. The terms "business", "engaging in business", "gross proceeds of sales", and "gross income of the business" shall for the purpose of this chapter have the same meanings as defined and set forth in chapter 82.04 RCW or as said chapter may hereafter be amended.

The excise taxes other than the business and occupation tax above provided for shall be levied and collected from all persons within the municipality in such amounts as shall be fixed and determined by the corporate authorities of the municipality: PROVIDED, That such excise tax shall not exceed one dollar per month for each housing unit. For the purposes of this section, the term "housing unit" shall mean a building or portion thereof designed for or used as the residence or living quarters of one or more persons living together, or of one family.

All taxes herein authorized shall be taxes other than a retail sales tax defined in chapter 82.08 RCW and a use tax defined in chapter 82.12 RCW, and the municipality shall appropriate and use the proceeds derived from all taxes authorized herein only for the operation, maintenance and capital needs of its municipally owned or leased and municipally operated public transportation system.

Before any county transportation authority established pursuant to chapter 36.57 RCW or any public transportation benefit area authority established pursuant to chapter 36.57A RCW may impose any of the excise taxes authorized pursuant to this section, the authorization for imposition of such taxes shall be approved by the voters residing within such respective area.

The county on behalf of an unincorporated transportation benefit area established pursuant to RCW 36.57.100 and 36.57.110 may impose any of the excise taxes authorized pursuant to this section only within the boundaries of such unincorporated transportation benefit area. [1965 ex.s. c 111 § 6.]

35.95.070 Purchase of leased public transportation system—Purchase price. In the event the corporate authorities of any municipality during the term of a lease or any renewal thereof of a public transportation system desire to purchase the said system, the purchase price shall be no greater than the fair market value of the said system at the commencement of the lease. 35.95A.010 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

1. "Authority" means a city transportation authority created pursuant to chapter 248, Laws of 2002.

2. "Authority area" means the territory within a city as designated in the ordinance creating the authority.

3. "Bonds" means bonds, notes, or other evidences of indebtedness.

4. "Public monorail transportation function" means the transportation of passengers and their incidental baggage by means of public monorail transportation facilities as authorized in this chapter.

5. "Public monorail transportation facilities" means a transportation system that utilizes train cars running on a guideway, together with the necessary passenger stations, terminals, parking facilities, related facilities or other properties, and facilities necessary and appropriate for passenger and vehicular access to and from people-moving systems, not including fixed guideway light rail systems.

6. "Qualified elector" means any person registered to vote within the city boundaries. [2002 c 248 § 1.]

35.95A.020 Creation of authority—Vote of the people. (1) A city transportation authority to perform a public monorail transportation function may be created in every city with a population greater than three hundred thousand to perform a public monorail transportation function. The authority shall embrace all the territory in the authority area. A city transportation authority is a municipal corporation, an independent taxing "authority" within the meaning of Article 7, section 1 of the state Constitution, and a "taxing district" within the meaning of Article 7, section 2 of the state Constitution.

(2) Any city transportation authority and proposed taxes established pursuant to this chapter, which may be by ordinance or by petition as provided in this chapter, must be approved by a majority vote of the electors residing within the proposed authority area voting at a regular or special election. [2002 c 248 § 2.]

35.95A.030 Creation by ordinance—Proposal by petition. (1) A city that undertakes to propose creation of an authority must propose the authority by ordinance of the city legislative body. The ordinance must:

(a) Propose the authority area and the size and method of selection of the governing body of the authority, which governing body may be appointed or elected, provided that officers or employees of any single city government body may not compose a majority of the members of the authority’s governing body;

(b) Propose whether all or a specified portion of the public monorail transportation function will be exercised by the authority;

(c) Propose an initial array of taxes to be voted upon by the electors within the proposed authority area; and

(d) Provide for an interim governing body of the authority which will govern the authority upon voter approval of formation of the authority, until a permanent governing body is selected, but in no event longer than fourteen months.

(2) An authority may also be proposed to be created by a petition setting forth the matters described in subsection (1) of this section, and signed by one percent of the qualified electors of the proposed authority area.

(3) Upon approval by the qualified electors of the formation of the city transportation authority and any proposed taxes, either by ordinance or by petition as provided in this chapter, the governing body of an authority, or interim governing body, as applicable, will adopt bylaws determining, among other things, the authority’s officers and the method of their selection, and other matters the governing body deems appropriate. [2002 c 248 § 3.]

35.95A.040 Authority subject to standard requirements of governmental entity. The authority is subject to all standard requirements of a governmental entity pursuant to RCW 35.21.759. [2002 c 248 § 4.]

35.95A.050 Powers. Every authority has the following powers:

1. To acquire by purchase, condemnation, gift, or grant and to lease, construct, add to, improve, replace, repair, maintain, operate, and regulate the use of public monorail transportation facilities, including passenger terminal and parking facilities and properties, and other facilities and properties as may be necessary for passenger and vehicular access to and from public monorail transportation facilities, together with all lands, rights of way, and property within or outside the authority area, and together with equipment and accessories necessary or appropriate for these facilities, except that property, including but not limited to other types of public transportation facilities, that is owned by any city, county, county transportation authority, public transportation benefit area, metropolitan municipal corporation, or regional transit authority may be acquired or used by an authority only with the consent of the public entity owning the property. The entities are authorized to convey or lease property to an authority or to contract for their joint use on terms fixed by agreement between the entity and the authority;

2. To fix rates, tolls, fares, and charges for the use of facilities and to establish various routes and classes of service. Rates, tolls, fares, or charges may be adjusted or eliminated for any distinguishable class of users including, but not limited to, senior citizens and handicapped persons;

3. To contract with the United States or any of its agencies, any state or any of its agencies, any metropolitan municipal corporation, and other country, city, other political subdivision or governmental instrumentality, or governmental agency, or any private person, firm, or corporation for the purpose of receiving any gifts or grants or securing loans or
advances for preliminary planning and feasibility studies, or for the design, construction, operation, or maintenance of public monorail transportation facilities as follows:

(a) Notwithstanding the provisions of any law to the contrary, and in addition to any other authority provided by law, the governing body of a city transportation authority may contract with one or more vendors for the design, construction, operation, or maintenance, or other service related to the development of a monorail public transportation system including, but not limited to, monorail trains, operating systems and control equipment, guideways, and pylons, together with the necessary passenger stations, terminals, parking facilities, and other related facilities necessary and appropriate for passenger and vehicular access to and from the monorail train.

(b) If the governing body of the city transportation authority decides to proceed with the consideration of qualifications or proposals for services from qualified vendors, the authority must publish notice of its requirements and request submission of qualifications statements or proposals. The notice must be published in the official newspaper of the city creating the authority at least once a week for two weeks, not less than sixty days before the final date for the submission of qualifications statements or proposals. The notice must state in summary form: (i) The general scope and nature of the design, construction, operation, maintenance, or other services being sought related to the development of the proposed monorail, tram, or trolley public transportation system; (ii) the name and address of a representative of the city transportation authority who can provide further details; (iii) the final date for the submission of qualifications statements or proposals; (iv) an estimated schedule for the consideration of qualifications statements or proposals, the selection of vendors, and the negotiation of a contract or contracts for services; (v) the location of which a copy of any requests for qualifications statements or requests for proposals will be made available; and (vi) the criteria established by the governing body of the authority to select a vendor or vendors, which may include, but is not limited to, the vendor’s prior experience, including design, construction, operation, or maintenance of other similar public transportation facilities, respondent’s management capabilities, proposed project schedule, availability and financial resources, costs of the services to be provided, nature of facility design proposed by the vendors, system reliability, performance standards required for the facilities, compatibility with existing public transportation facilities operated by the authority or any other public body or other providers of similar services to the public, project performance guarantees, penalties, and other enforcement provisions, environmental protection measures to be used by the vendor, consistency with the applicable regional transportation plans, and the proposed allocation of project risks.

(c) If the governing body of the city transportation authority decides to proceed with the consideration of qualifications statements or proposals submitted by vendors, it may designate a representative to evaluate the vendors who submitted qualifications statements or proposals and conduct discussions regarding qualifications or proposals with one or more vendors. The governing body or its representative may request submission of qualifications statements and may later request more detailed proposals from one or more vendors who have submitted qualifications statements, or may request detailed proposals without having first received and evaluated qualifications statements. The governing body or its representative will evaluate the qualifications or proposals, as applicable. If two or more vendors submit qualifications or proposals that meet the criteria established by the governing body of the authority, discussions and interviews must be held with at least two vendors. Any revisions to a request for qualifications or request for proposals must be made available to all vendors then under consideration by the governing body of the authority and must be made available to any other person who has requested receipt of that information.

(d) Based on the criteria established by the governing body of the authority, the representative will recommend to the governing body a vendor or vendors that are initially determined to be the best qualified to provide one or more of the design, construction, operation or maintenance, or other service related to the development of the proposed monorail public transportation system.

(e) The governing body of the authority or its representative may attempt to negotiate a contract with the vendor or vendors selected for one or more of the design, construction, operation or maintenance, or other service related to the development of the proposed monorail public transportation system on terms that the governing body of the authority determines to be fair and reasonable and in the best interest of the authority. If the governing body, or its representative, is unable to negotiate a contract with any one or more of the vendors first selected on terms that it determines to be fair and reasonable and in the best interest of the authority, negotiations with any one or more of the vendors must be terminated or suspended and another qualified vendor or vendors may be selected in accordance with the procedures set forth in this section. If the governing body decides to continue the process of selection, negotiations will continue with a qualified vendor or vendors in accordance with this section at the sole discretion of the governing body of the authority until an agreement is reached with one or more qualified vendors, or the process is terminated by the governing body. The process may be repeated until an agreement is reached.

(f) Prior to entering into a contract with a vendor, the governing body of the authority must make written findings, after holding a public hearing on the proposal, that it is in the public interest to enter into the contract, that the contract is financially sound, and that it is advantageous for the governing body of the authority to use this method for awarding contracts for one or more of the design, construction, operation or maintenance of the proposed monorail public transportation system as compared to all other methods of awarding such contracts.

(g) Each contract must include a project performance bond or bonds or other security by the vendor.

(h) The provisions of chapters 39.12 and 39.19 RCW apply to a contract entered into under this section as if the public transportation systems and facilities were owned by a public body.

(i) The vendor selection process permitted by this section is supplemental to and is not construed as a repeal of or limitation on any other authority granted by law.
(j) Contracts for the construction of facilities, other than contracts for facilities to be provided by the selected vendor, with an estimated cost greater than two hundred thousand dollars must be awarded after a competitive bid process consistent with chapter 39.04 RCW or awarded through an alternative public works contracting procedure consistent with chapter 39.10 RCW;

(4) To contract with the United States or any of its agencies, any state or any of its agencies, any metropolitan municipal corporation, any other county, city, other political subdivision or governmental instrumentality, any governmental agency, or any private person, firm, or corporation for the use by either contracting party of all or any part of the facilities, structures, lands, interests in lands, air rights over lands, and rights of way of all kinds which are owned, leased, or held by the other party and for the purpose of planning, designing, constructing, operating any public transportation facility, or performing any service related to transportation which the authority is authorized to operate or perform, on terms as may be agreed upon by the contracting parties;

(5) To acquire any existing public transportation facility by conveyance, sale, or lease. In any acquisition from a county, city, or other political subdivision of the state, the authority will receive credit from the county or city or other political subdivision for any federal assistance and state matching assistance used by the county or city or other political subdivision in acquiring any portion of the public transportation facility. Upon acquisition, the authority must assume and observe all existing labor contracts relating to the public transportation facility and, to the extent necessary for operation of the public transportation facility, all of the employees of the public transportation facility whose duties are necessary to efficiently operate the public transportation facility must be appointed to comparable positions to those which they held at the time of the transfer, and no employee or retired or pensioned employee of the public transportation facility will be placed in any worse position with respect to pension seniority, wages, sick leave, vacation, or other benefits than he or she enjoyed as an employee of the public transportation facility prior to the acquisition. Furthermore, the authority must engage in collective bargaining with the duly appointed representatives of any employee labor organization having existing contracts with the acquired facility and may enter into labor contracts with the employee labor organization;

(6) To contract for, participate in, and support research, demonstration, testing, and development of public monorail transportation facilities, equipment, and use incentives, and have all powers necessary to comply with any criteria, standards, and regulations which may be adopted under state and federal law, and to take all actions necessary to meet the requirements of those laws. The authority has, in addition to these powers, the authority to prepare, adopt, and carry out a comprehensive public monorail plan and to make other plans and studies and to perform programs as the authority deems necessary to implement and comply with those laws;

(7) To establish local improvement districts within the authority area to finance public monorail transportation facilities, to levy special assessments on property specially benefited by those facilities, and to issue local improvement bonds to be repaid by the collection of local improvement assessments. The method of establishment, levying, collection, enforcement, and all other matters relating to the local improvement districts, assessments, collection, and bonds are as provided in the statutes governing local improvement districts of cities and towns. The duties devolving upon the city treasurer in those statutes are imposed on the treasurer of the authority;

(8) To exercise all other powers necessary and appropriate to carry out its responsibilities, including without limitation the power to sue and be sued, to own, construct, purchase, lease, add to, and maintain any real and personal property or property rights necessary for the conduct of the affairs of the authority, to enter into contracts, and to employ the persons as the authority deems appropriate. An authority may also sell, lease, convey, or otherwise dispose of any real or personal property no longer necessary for the conduct of the affairs of the authority. [2002 c 248 § 5.]

35.95A.060 Funds and accounts—Designation of treasurer. Each authority will establish necessary and appropriate funds and accounts consistent with the uniform system of accounts developed pursuant to RCW 43.09.210. The authority may designate a treasurer or may contract with any city with territory within the authority area for treasury and other financial functions. The city must be reimbursed for the expenses of treasury services. However, no city whose treasurer serves as treasurer of an authority is liable for the obligations of the authority. [2002 c 248 § 6.]

35.95A.070 Excess levies—General obligation bonds—Revenue bonds. Every authority has the power to:

(1) Levy excess levies upon the property included within the authority area, in the manner prescribed by Article VII, section 2 of the state Constitution and by RCW 84.52.052 for operating funds, capital outlay funds, and cumulative reserve funds;

(2) Issue general obligation bonds, not to exceed an amount, together with any outstanding nonvoter-approved general obligation indebtedness equal to one and one-half percent of the value of the taxable property within the authority area, as the term “value of the taxable property” is defined in RCW 39.36.015. An authority may additionally issue general obligation bonds, together with outstanding voter-approved and nonvoter-approved general obligation indebtedness, equal to two and one-half percent of the value of the taxable property within the authority area, as the term “value of the taxable property” is defined in RCW 39.36.015, when the bonds are approved by three-fifths of the qualified electors of the authority at a general or special election called for that purpose and may provide for the retirement thereof by levies in excess of dollar rate limitations in accordance with the provisions of RCW 84.52.056. These elections will be held as provided in RCW 39.36.050;

(3) Issue revenue bonds payable from any revenues other than taxes levied by the authority, and to pledge those revenues for the repayment of the bonds. Proceeds of revenue bonds may only be expended for the costs of public monorail transportation facilities, for financing costs, and for capitalized interest during construction plus six months thereafter. The bonds and warrants will be issued and sold in accordance with chapter 39.46 RCW.
No bonds issued by an authority are obligations of any city, county, or the state of Washington or any political subdivision thereof other than the authority, and the bonds will so state, unless the legislative authority of any city or county or the legislature expressly authorizes particular bonds to be either guaranteed by or obligations of its respective city or county or of the state. [2002 c 248 § 8.]

35.95A.080 Special excise tax—Public hearings. (1) Every authority has the power to levy and collect a special excise tax not exceeding two and one-half percent on the value of every motor vehicle owned by a resident of the authority area for the privilege of using a motor vehicle. Before utilization of any excise tax money collected under this section for acquisition of right of way or construction of a public monorail transportation facility on a separate right of way, the authority must adopt rules affording the public an opportunity for corridor public hearings and design public hearings, which provide in detail the procedures necessary for public participation in the following instances: (a) Prior to adoption of location and design plans having a substantial social, economic, or environmental effect upon the locality upon which they are to be constructed; or (b) on the public transportation facilities operating on a separate right of way whenever a substantial change is proposed relating to location or design in the adopted plan. In adopting rules the authority must adhere to the provisions of the administrative procedure act.

(2) A “corridor public hearing” is a public hearing that: (a) Is held before the authority is committed to a specific route proposal for the public transportation facility, and before a route location is established; (b) is held to afford an opportunity for participation by those interested in the determination of the need for, and the location of, the public transportation facility; and (c) provides a public forum that affords a full opportunity for presenting views on the public transportation facility route location, and the social, economic, and environmental effects on that location and alternate locations. However, the hearing is not deemed to be necessary before adoption of a transportation plan as provided in *section 7 of this act or a vote of the qualified electors under subsection (5) of this section.

(3) A “design public hearing” is a public hearing that: (a) Is held after the location is established but before the design is adopted; (b) is held to afford an opportunity for participation by those interested in the determination of major design features of the public monorail transportation facility; and (c) provides a public forum to afford a full opportunity for presenting views on the public transportation system design, and the social, economic, and environmental effects of that design and alternate designs, including people-mover technology.

(4) An authority imposing a tax under subsection (1) of this section may also impose a sales and use tax, in addition to any tax authorized by RCW 82.14.030, upon retail car rentals within the city that are taxable by the state under chapters 82.08 and 82.12 RCW. The rate of tax must not exceed 1.944 percent of the base of the tax. The base of the tax will be the selling price in the case of a sales tax or the rental value of the vehicle used in the case of a use tax. The revenue collected under this subsection will be distributed in the same manner as sales and use taxes under chapter 82.14 RCW.

(5) Before any authority may impose any of the taxes authorized under this section, the authorization for imposition of the taxes must be approved by the qualified electors of the authority area. [2002 c 248 § 9.]

*Reviser’s note: Section 7 of this act was vetoed by the governor.

35.95A.090 Vehicle license fees—Vote of the people. (1) Every authority has the power to fix and impose a fee, not to exceed one hundred dollars per vehicle, for each vehicle that is subject to relicensing tab fees under RCW 46.16.0621 and for each vehicle that is subject to RCW 46.16.070 with an unladen weight of six thousand pounds or less, and that is determined by the department of licensing to be registered within the boundaries of the authority area. The department of licensing must provide an exemption from the fee for any vehicle the owner of which demonstrates is not operated within the authority area.

(2) The department of licensing will administer and collect the fee. The department will deduct a percentage amount, as provided by contract, not to exceed two percent of the taxes collected, for administration and collection expenses incurred by it. The remaining proceeds will be remitted to the custody of the state treasurer for monthly distribution to the authority.

(3) The authority imposing this fee will delay the effective date at least six months from the date the fee is approved by the qualified voters of the authority area to allow the department of licensing to implement administration and collection of the fee.

(4) Before any authority may impose any of the fees authorized under this section, the authorization for imposition of the fees must be approved by a majority of the qualified electors of the authority area voting. [2002 c 248 § 10.]

35.95A.100 Property tax levies. (1) Every authority has the power to impose annual regular property tax levies in an amount equal to one dollar and fifty cents or less per thousand dollars of assessed value of property in the authority area when specifically authorized to do so by a majority of the voters voting on a proposition submitted at a special election or at the regular election of the authority. A proposition authorizing the tax levies will not be submitted by an authority more than twice in any twelve-month period. Ballot propositions must conform with RCW 29.30.111. The number of years during which the regular levy will be imposed may be limited as specified in the ballot proposition or may be unlimited in duration. In the event an authority is levying property taxes, which in combination with property taxes levied by other taxing districts subject to the limitations provided in RCW 84.52.043 and 84.52.050, exceed these limitations, the authority’s property tax levy shall be reduced or eliminated consistent with RCW 84.52.010.

(2) The limitation in RCW 84.55.010 does not apply to the first levy imposed under this section following the approval of the levies by the voters under subsection (1) of this section. [2002 c 248 § 11.]
35.95A.110 Taxes and fees—Limitation on use. All taxes and fees levied and collected by an authority must be used solely for the purpose of paying all or any part of the cost of acquiring, designing, constructing, equipping, maintaining, or operating public monorail transportation facilities or contracting for the services thereof, or to pay or secure the payment of all or part of the principal of or interest on any general obligation bonds or revenue bonds issued for authority purposes. Until expended, money accumulated in the funds and accounts of an authority may be invested in the manner authorized by the governing body of the authority, consistent with state law.

If any of the revenue from any tax or fee authorized to be levied by an authority has been pledged by the authority to secure the payment of any bonds as herein authorized, then as long as that pledge is in effect the legislature will not withdraw from the authority the authorization to levy and collect the tax or fee. [2002 c 248 § 12.]

35.95A.120 Dissolution of authority. The city transportation authority may be dissolved by a vote of the people residing within the boundaries of the authority if the authority is faced with significant financial problems. Any referendum petition to dissolve the city transportation authority must be filed with the city council and contain provisions for dissolution of the authority. Within seven days, the city prosecutor must review the validity of the petition and submit its report to the petitioner and city council. If the petitioner’s claims are deemed valid by the city prosecutor, within ten days of the petitioner’s filing, the city council will confer with the petitioner concerning the form and style of the petition, issue an identification number for the petition, and write a ballot title for the measure. The ballot title must be posed as a question and an affirmative vote on the measure results in authority dissolution. The petitioner will be notified of the identification number and ballot title within this ten-day period.

After this notification, the petitioner has ninety days in which to secure on petition forms, the signatures of not less than fifteen percent of the registered voters in the authority area. Each petition form must contain the ballot title and the full text of the measure to be referred. The filing officer will verify the sufficiency of the signatures on the petition forms. If sufficient valid signatures are properly submitted, the filing officer shall submit the initiative to the authority area voters at a general or special election held on one of the dates provided in RCW 29.13.010 as determined by the city council, which election will not take place later than one hundred twenty days after the signed petition has been filed with the filing officer. [2002 c 248 § 13.]

35.95A.130 Special excise tax—Collection. The special excise tax imposed under RCW 35.95A.080(1) will be collected at the same time and in the same manner as relicensing tab fees under RCW 46.16.0621 and 35.95A.090. Every year on January 1st, April 1st, July 1st, and October 1st the department of licensing shall remit special excise taxes collected on behalf of an authority, back to the authority, at no cost to the authority. Valuation of motor vehicles for purposes of the special excise tax imposed under RCW 35.95A.080(1) must be consistent with chapter 82.44 RCW. [2002 c 248 § 14.]

[1967 c 119 § 2.]

35.96.020 Definitions. As used in this chapter, unless specifically defined otherwise, or unless the context indicates otherwise:

"Conversion area" means that area in which existing overhead electric and communication facilities are to be converted to underground facilities pursuant to the provisions of this chapter.

"Electric utility" means any publicly or privately owned utility engaged in the business of furnishing electric energy to the public in all or part of the conversion area and includes electrical companies as defined by RCW 80.04.010 and public utility districts.

[1967 c 119 § 3.]

35.96.030 Conversion of electric and communication facilities to underground facilities authorized—Local improvement districts—Special assessments. Every city or town shall have the power to convert existing overhead electric and communication facilities to underground facilities pursuant to RCW 35.43.190 where such facilities are
owned or operated by the city or town. Where such facilities are not so owned or operated, every city or town shall have the power to contract with electric and communication utilities, as hereinafter provided, for the conversion of existing overhead electric and communication facilities to underground facilities. To provide funds to pay the whole or any part of the cost of any such conversion, either where the existing overhead electric and communication facilities are owned or operated by the city or town or where they are not so owned or operated, every city or town shall have the power to create local improvement districts and to levy and collect special assessments against the real property specially benefited by such conversion. For the purpose of ascertaining the amount to be assessed against each lot or parcel of land within any local improvement district established pursuant to this chapter, in addition to other methods provided by law for apportioning special benefits, the legislative authority of any city or town may apportion all or part of the special benefits accruing on a square footage basis or on a per lot basis. [1967 c 119 § 4.]

35.96.040 Contracts for conversion—Authorized—Provisions. Every city or town shall have the power to contract with electric and communication utilities for the conversion of existing overhead electric and communication facilities to underground facilities including all work incidental to such conversion. Such contracts may include, among other provisions, any of the following:

1. For the supplying and approval by electric and communication utilities of plans and specifications for such conversion;
2. For the payment to the electric and communication utilities for any work performed or services rendered by it in connection with the conversion project;
3. For the payment to the electric and communication utilities for the value of the overhead facilities removed pursuant to the conversion;
4. For ownership of the underground facilities by the electric and communication utilities. [1967 c 119 § 5.]

35.96.050 Notice to owners to convert service lines to underground—Objections—Hearing—Time limitation for conversion. When service from the underground electric and communication facilities is available in all or part of a conversion area, the city or town shall mail a notice to the owners of all structures or improvements served from the existing overhead facilities in the area, which notice shall state that:

1. Service from the underground facilities is available;
2. All electric and communication service lines from the existing overhead facilities within the area to any structure or improvement must be disconnected and removed within ninety days after the date of the mailing of the notice;
3. Should such owner fail to convert such service lines from overhead to underground within ninety days after the date of the mailing of the notice, the city or town will order the electric and communication utilities to disconnect and remove the service lines;
4. Should the owner object to the disconnection and removal of the service lines he may file his written objections thereto with the city or town clerk within thirty days after the date of the mailing of the notice and failure to so object within such time will constitute a waiver of his right thereafter to object to such disconnection and removal.

If the owner of any structure or improvement served from the existing overhead electric and communication facilities within a conversion area shall fail to convert to underground the service lines from such overhead facilities to such structure or improvement within ninety days after the mailing to him of the notice, the city or town shall order the electric and communication utilities to disconnect and remove all such service lines. PROVIDED. That if the owner has filed his written objections to such disconnection and removal with the city or town clerk within thirty days after the mailing of the notice then the city or town shall not order such disconnection and removal until after the hearing on such objections.

Upon the timely filing by the owner of objections to the disconnection and removal of the service lines, the legislative authority of such city or town, or a committee thereof, shall conduct a hearing to determine whether the removal of all or any part of the service lines is in the public benefit. The hearing shall be held at such time as the legislative authority of such city or town may establish for hearings on the objections and shall be held in accordance with the regularly established procedure set by the legislative authority of the city or town. If the hearing is before a committee, the committee shall following the hearing report its recommendation to the legislative authority of the city or town for final action. The determination reached by the legislative authority shall be final in the absence of an abuse of discretion. [1967 c 119 § 6.]

All debts, contracts and obligations heretofore made or incurred by or in favor of any city or town incident to the conversion of overhead electric and communication facilities to underground facilities and all bonds, warrants, or other obligations issued by any such city or town, or by any local improvement district created to effect such conversion and any and all assessments heretofore levied in any such local improvement district, and all other things and proceedings relating thereto are hereby declared to be legal and valid and of full force and effect from the date thereof. [1967 c 119 § 8.]

35.96.080 Authority granted deemed alternative and additional. The authority granted by this chapter shall be considered an alternative and additional method for converting existing overhead electric and communication facilities to underground facilities, and for paying all or part of the cost thereof, and shall not be construed as a restriction or
limitation upon any other authority for or method of converting any such facilities or placing such facilities underground or paying all or part of the cost thereof, including, but not limited to, existing authority or methods under chapter 35.43 RCW and chapter 35.44 RCW. [1967 c 119 § 10.]

35.96.900 Severability—1967 c 119. If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected. [1967 c 119 § 9.]

35.97.010 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Biomass energy system" means a system that provides for the production or collection of organic materials such as wood and agricultural residues and municipal solid waste that are primarily organic materials and the conversion or use of that material for the production of heat or substitute fuels through several processes including, but not limited to, burning, pyrolysis, or anaerobic digestion.

(2) "Cogeneration" means the sequential generation of two or more forms of energy from a common fuel or energy source.

(3) "Cogeneration facility" means any machinery, equipment, structure, process, or property or any part thereof, installed or acquired for the primary purpose of cogeneration by a person or corporation.

(4) "Geothermal heat" means the natural thermal energy of the earth.

(5) "Waste heat" means the thermal energy which otherwise would be released to the environment from an industrial process, electric generation, or other process.

(6) "Heat" means thermal energy.

(7) "Heat source" includes but is not limited to (a) any integral part of a heat production or heat rejection system of an industrial facility, cogeneration facility, or electric power generation facility, (b) geothermal well or spring, (c) biomass energy system, (d) solar collection facility, and (e) hydrothermal resource or heat extraction process.

(8) "Municipality" means a county, city, town, irrigation district which distributes electricity, water-sewer district, port district, or metropolitan municipal corporation.

(9) "Heating facilities or heating systems" means all real and personal property, or interests therein, necessary or useful for: (a) The acquisition, production, or extraction of heat; (b) the storage of heat; (c) the distribution of heat from its source to the place of utilization; (d) the extraction of heat at the place of utilization from the medium by which the heat is distributed; (e) the distribution of heat at the place of utilization; and (f) the conservation of heat.

(10) "Hydrothermal resource" means the thermal energy available in wastewater, sewage effluent, wells, or other water sources, natural or manmade. [1999 c 153 § 41; 1987 c 522 § 4; 1983 c 216 § 2.]

Part headings not law—1999 c 153: See note following RCW 57.04.050.

35.97.020 Heating systems authorized. (1) Counties, cities, towns, irrigation districts which distribute electricity, sewer districts, water districts, port districts, and metropolitan municipal corporations are authorized pursuant to this chapter to establish heating systems and supply heating services from Washington’s heat sources.

(2) Nothing in this chapter authorizes any municipality to generate, transmit, distribute, or sell electricity. [1989 c 11 § 7; 1987 c 522 § 3; 1983 c 216 § 1.]

Severability—1989 c 11: See note following RCW 9A.56.220.

35.97.030 Heating systems—General powers of municipalities. A municipality may construct, purchase, acquire, add to, extend, maintain, and operate a system of heating facilities, within or without its limits, for the purpose of supplying its inhabitants and other persons with heat, with full power to regulate and control the use, distribution, and price of supplying heat, and to enter into agreements for the maintenance and operation of heating facilities under terms and conditions determined by the legislative authority of the municipality. The provision of heat and heating facilities and the establishment and operation of heating systems by a municipality under this chapter are hereby declared to be a public use and a public and strictly municipal purpose. However, nothing in this chapter shall be construed to restrain or limit the authority of any individual, partnership, corporation, or private utility from establishing and operating heating systems. [1983 c 216 § 3.]

35.97.040 Heating systems—Specific powers of municipalities. In addition to the general powers under RCW 35.97.030, and not by way of limitation, municipalities have the following specific powers:

(1) The usual powers of a corporation, to be exercised for public purposes;

(2) To acquire by purchase, gift, or condemnation property or interests in property within and without the municipality, necessary for the construction and operation of heating systems, including additions and extensions of heating systems. No municipality may acquire any heat source by condemnation. To the extent judged economically feasible by the municipality, public property and rights of way shall be utilized in lieu of private property acquired by
condemnation. The municipality shall determine in cooperation with existing users that addition of district heating facilities to any public property or rights of way shall not be a hazard or interference with existing uses or, if so, that the cost for any relocation of facilities of existing users shall be a cost and expense of installing the heating facility:

(3) To acquire, install, add to, maintain, and operate heating facilities at a heat source or to serve particular consumers of heat, whether such facilities are located on property owned by the municipality, by the consumer of heat, or otherwise;

(4) To sell, lease, or otherwise dispose of heating facilities;

(5) To contract for the operation of heating facilities;

(6) To apply and qualify for and receive any private or federal grants, loans, or other funds available for carrying out the objects of the municipality under this chapter;

(7) Full and exclusive authority to sell and regulate and control the use, distribution, rates, service, charges, and price of all heat supplied by the municipality and to carry out any other powers and duties under this chapter free from the jurisdiction and control of the utilities and transportation commission;

(8) To utilize fuels other than the heat sources described in RCW 35.97.020 on a standby basis, to meet start up and emergency requirements, to meet peak demands, or to supplement those heat sources as necessary to provide a reliable and economically feasible supply of heat;

(9) To the extent permitted by the state Constitution, to make loans for the purpose of enabling suppliers or consumers of heat to finance heating facilities;

(10) To enter into cooperative agreements providing for the acquisition, construction, ownership, financing, use, control, and regulation of heating systems and heating facilities by more than one municipality or by one or more municipalities on behalf of other municipalities. [1983 c 216 § 4.]

35.97.050 Heating systems—Authorized by legislative authority of municipality—Competitive bidding. If the legislative authority of a municipality deems it advisable that the municipality purchase, acquire, or construct a heating system, or make any additions or extensions to a heating system, the legislative authority shall so provide by an ordinance or a resolution specifying and adopting the method of planning, purchase, leasing, condemnation, or other acquisition, construction, reconstruction, development, improvement, extension, repair, maintenance, or operation of a heating system, and the implementation of the powers in

35.97.060 Municipality may impose rates and charges—Classification of customers. A municipality may impose rates, charges, or rentals for heat, service, and facilities provided to customers of the system if the rates charged are uniform for the same class of customers or service. In classifying customers served or service furnished, the legislative authority may consider: The difference in cost of service to the various customers; location of the various customers within or without the municipality; the difference in cost of maintenance, operation, repair, and replacement of the various parts of the system; the different character of the service furnished various customers; the quantity and quality of the heat furnished; the time heat is used; the demand on the system; capital contributions made to the system including, but not limited to, assessments or the amount of capital facilities provided for use by the customer; and any other matters which present a reasonable difference as a ground for distinction. [1983 c 216 § 6.]

35.97.070 Municipality may shut off heat for nonpayment—Late payment charges authorized. If prompt payment of a heating rate, charge, or rental is not made, a municipality after reasonable notice may shut off the heating supply to the building, place, or premise to which the municipality supplied the heating. A municipality may also make an additional charge for late payment. [1983 c 216 § 7.]

35.97.080 Connection charges authorized. A municipality may charge property owners seeking to connect to the heating system, as a condition to granting the right to connect and in addition to the cost of the connection, such reasonable connection charge as the legislative authority determines to be proper in order that the property owners bear their pro rata share of the cost of the system. Potential customers shall not be compelled to subscribe or connect to the heating system. The cost of connection to the system shall include the cost of acquisition and installation of heating facilities necessary or useful for the connection, including any heating facilities located or installed on the property being served. Connection charges may, in the discretion of the municipality, be made payable in installments over a period of not more than thirty years or the estimated life of the facilities installed, whichever is less. Installments, if any, shall bear interest and penalties at such rates and be payable at such times and in such manner as the legislative authority of the municipality may provide. [1983 c 216 § 8.]

35.97.090 Local improvement district—Assessments—Bonds and warrants. For the purpose of paying all or a portion of the cost of heating facilities, a municipality may form local improvement districts or utility local improvement districts, foreclose on, levy, and collect assessments, reassessments, and supplemental assessments; and issue local improvement district bonds and warrants in the manner provided by law for cities or towns. [1983 c 216 § 9.]

35.97.100 Special funds authorized. For the purpose of providing funds for defraying all or a portion of the costs of planning, purchase, leasing, condemnation, or other acquisition, construction, reconstruction, development, improvement, extension, repair, maintenance, or operation of a heating system, and the implementation of the powers in
RCW 35.97.030 and 35.97.040, a municipality may authorize, by ordinance or resolution, the creation of a special fund or funds into which the municipality shall be obligated to set aside and pay all or any designated proportion or amount of any or all revenues derived from the heating system, including any utility local improvement district assessments, any grants received to pay the cost of the heating system, and any municipal license fees specified in the ordinance or resolution creating such special fund. [1983 c 216 § 10.]

35.97.110 Revenue bonds—Form, terms, etc. If the legislative authority of a municipality deems it advisable to finance all or a portion of the costs of planning, purchase, leasing, condemnation, or other acquisition, construction, reconstruction, development, improvement, and extension of a heating system, or for the implementation of the powers in RCW 35.97.030 and 35.97.040, or for working capital, interest during construction and for a period of up to one year thereafter, debt service and other reserves, and the costs of issuing revenue obligations, a municipality may issue revenue bonds against the special fund or fund created from revenues or assessments. The revenue bonds so issued may be issued in one or more series and shall be dated, shall bear interest at such rate or rates, and shall mature at such time or times as may be determined by the legislative authority of the municipality, and may be made redeemable before maturity at such price or prices and under such terms and conditions as may be fixed by the legislative authority of the municipality prior to the issuance of the bonds. The legislative authority of the municipality shall determine the form of the bonds, including any interest coupons to be attached thereto, and shall fix the denomination or denominations of the bonds and the place or places of payment of principal and interest. If an officer whose signature or a facsimile of whose signature appears on any bonds or coupons ceases to be such officer before the delivery of the bonds, the signature shall for all purposes have the same effect as if the officer had remained in office until the delivery. The bonds may be issued in coupon or in registered form or both, and provisions may be made for the registration of any coupon bonds as to the principal alone and also as to both principal and interest and for the reversion into coupon bonds of any bonds registered as to both principal and interest. Bonds may be sold at public or private sale for such price and bearing interest at such fixed or variable rate as may be determined by the legislative authority of the municipality.

The principal of and interest on any revenue bonds shall be secured by a pledge of the revenues and receipts derived from the heating system, including any amounts pledged to be paid into a special fund under RCW 35.97.100, and may be secured by a mortgage covering all or any part of the system, including any enlargements of and additions to such system thereafter made. The revenue bonds shall state upon their face that they are payable from a special fund, naming it and the ordinance creating it, and that they do not constitute a general indebtedness of the municipality. The ordinance or resolution under which the bonds are authorized to be issued and any such mortgage may contain agreements and provisions respecting the maintenance of the system, the fixing and collection of rates and charges, the creation and maintenance of special funds from such revenues, the rights and remedies available in the event of default, and other matters improving the marketability of the revenue bonds, all as the legislative authority of the municipality deems advisable. Any revenue bonds issued under this chapter may be secured by a trust agreement by and between the municipality and a corporate trustee, which may be any trust company or bank having the powers of a trust company within the state. Any such trust agreement or ordinance or resolution providing for the issuance of such bonds may contain such provisions for protecting and enforcing the rights and remedies of the bond owners as may be reasonable and proper and not in violation of law. Any such trust agreement may set forth the rights and remedies of the bond owners and of the trustee and may restrict the individual right of action by bond owners as is customary in trust agreements or trust indentures. [1983 c 216 § 11.]

35.97.120 Revenue warrants. Revenue warrants may be issued and such warrants and interest thereon may be payable out of the special fund or refunded through the proceeds of the sale of refunding revenue warrants or revenue bonds. Every revenue warrant and the interest thereon issued against the special fund is a valid claim of the owner thereof only as against that fund and the amount of revenue pledged to the fund, and does not constitute an indebtedness of the authorized municipality. Every revenue warrant shall state on its face that it is payable from a special fund, naming it and the ordinance or resolution creating it. [1983 c 216 § 12.]

35.97.130 Revenue bonds and warrants—Holder may enforce. If a municipality fails to set aside and pay into the special fund created for the payment of revenue bonds and warrants the amount which it has obligated itself in the ordinance or resolution creating the fund to set aside and pay therein, the holder of any bond or warrant issued against the bond may bring suit against the municipality to compel it to do so. [1983 c 216 § 13.]

35.97.900 Severability—1983 c 216. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1983 c 216 § 15.]

TELECOMMUNICATIONS, CABLE TELEVISION SERVICE—USE OF RIGHT OF WAY

Sections
35.99.010 Definitions.
35.99.020 Permits for use of right of way.
35.99.030 Master, use permits—Injunctive relief—Notice—Service providers' duties.
35.99.040 Local regulations, ordinances—Limitations.
35.99.050 Personal wireless services—Limitations on moratoria—Dispute resolution.
35.99.060 Relocation of facilities—Notice—Reimbursement.
35.99.070 Additional ducts or conduits—City or town may require.
35.99.080 Existing franchises or contracts not preempted.

35.99.010 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Cable television service" means the one-way transmission to subscribers of video programming and other programming service and subscriber interaction, if any, that is required for the selection or use of the video programming or other programming service.

(2) "Facilities" means all of the plant, equipment, fixtures, appurtenances, antennas, and other facilities necessary to furnish and deliver telecommunications services and cable television services, including but not limited to poles with crossarms, poles without crossarms, wires, lines, conduits, cables, communication and signal lines and equipment, braces, guys, anchors, vaults, and all attachments, appurtenances, and appliances necessary or incidental to the distribution and use of telecommunications services and cable television services.

(3) "Master permit" means the agreement in whatever form whereby a city or town may grant general permission to a service provider to enter, use, and occupy the right of way for the purpose of locating facilities. This definition is not intended to limit, alter, or change the extent of the existing authority of a city or town to require a franchise nor does it change the status of a service provider asserting an existing statewide grant based on a predecessor telephone or telegraph company’s existence at the time of the adoption of the Washington state Constitution to occupy the right of way. For the purposes of this subsection, a franchise, except for a cable television franchise, is a master permit. A master permit does not include cable television franchises.

(4) "Personal wireless services" means commercial mobile services, unlicensed wireless services, and common carrier wireless exchange access services, as defined by federal laws and regulations.

(5) "Right of way" means land acquired or dedicated for public roads and streets, but does not include:

(a) State highways;
(b) Land dedicated for roads, streets, and highways not opened and not improved for motor vehicle use by the public;
(c) Structures, including poles and conduits, located within the right of way;
(d) Federally granted trust lands or forest board trust lands;
(e) Lands owned or managed by the state parks and recreation commission; or
(f) Federally granted railroad rights of way acquired under 43 U.S.C. Sec. 912 and related provisions of federal law that are not open for motor vehicle use.

(6) "Service provider" means every corporation, company, association, joint stock association, firm, partnership, person, city, or town owning, operating, or managing any facilities used to provide and providing telecommunications or cable television service for hire, sale, or resale to the general public. Service provider includes the legal successor to any such corporation, company, association, joint stock association, firm, partnership, person, city, or town.

(7) "Telecommunications service" means the transmission of information by wire, radio, optical cable, electromagnetic, or other similar means for hire, sale, or resale to the general public. For the purpose of this subsection, "information" means knowledge or intelligence represented by any form of writing, signs, signals, pictures, sounds, or any other symbols. For the purpose of this chapter, telecommunications service excludes the over-the-air transmission of broadcast television or broadcast radio signals.

(8) "Use permit" means the authorization in whatever form whereby a city or town may grant permission to a service provider to enter and use the specified right of way for the purpose of installing, maintaining, repairing, or removing identified facilities. [2000 c 83 § 1.]

35.99.020 Permits for use of right of way. A city or town may grant, issue, or deny permits for the use of the right of way by a service provider for installing, maintaining, repairing, or removing facilities for telecommunications services or cable television services pursuant to ordinances, consistent with chapter 83, Laws of 2000. [2000 c 83 § 2.]

35.99.030 Master, use permits—Injunctive relief—Notice—Service providers’ duties. (1) Cities and towns may require a service provider to obtain a master permit. A
city or town may request, but not require, that a service provider with an existing statewide grant to occupy the right of way obtain a master permit for wireline facilities.

(a) The procedures for the approval of a master permit and the requirements for a complete application for a master permit shall be available in written form.

(b) Where a city or town requires a master permit, the city or town shall act upon a complete application within one hundred twenty days from the date a service provider files the complete application for the master permit to use the right of way, except:

(i) With the agreement of the applicant; or
(ii) Where the master permit requires action of the legislative body of the city or town and such action cannot reasonably be obtained within the one hundred twenty day period.

(2) A city or town may require that a service provider obtain a use permit. A city or town must act on a request for a use permit by a service provider within thirty days of receipt of a completed application, unless a service provider consents to a different time period or the service provider has not obtained a master permit requested by the city or town.

(a) For the purpose of this section, "act" means that the city makes the decision to grant, condition, or deny the use permit, which may be subject to administrative appeal, or notifies the applicant in writing of the amount of time that will be required to make the decision and the reasons for this time period.

(b) Requirements otherwise applicable to holders of master permits shall be deemed satisfied by a holder of a cable franchise in good standing.

(c) Where the master permit does not contain procedures to expedite approvals and the service provider requires action in less than thirty days, the service provider shall advise the city or town in writing of the reasons why a shortened time period is necessary and the time period within which action by the city or town is requested. The city or town shall reasonably cooperate to meet the request where practicable.

(d) A city or town may not deny a use permit to a service provider with an existing statewide grant to occupy the right of way for wireline facilities on the basis of failure to obtain a master permit.

(3) The reasons for a denial of a master permit shall be supported by substantial evidence contained in a written record. A service provider adversely affected by the final action denying a master permit, or by an unreasonable failure to act on a master permit as set forth in subsection (1) of this section, may commence an action within thirty days to seek relief, which shall be limited to injunctive relief.

(4) A service provider adversely affected by the final action denying a use permit may commence an action within thirty days to seek relief, which shall be limited to injunctive relief. In any appeal of the final action denying a use permit, the standard for review and burden of proof shall be as set forth in RCW 36.70C.130.

(5) A city or town shall:

(a) In order to facilitate the scheduling and coordination of work in the right of way, provide as much advance notice as reasonable of plans to open the right of way to those service providers who are current users of the right of way or who have filed notice with the clerk of the city or town within the past twelve months of their intent to place facilities in the city or town. A city is not liable for damages for failure to provide this notice. Where the city has failed to provide notice of plans to open the right of way consistent with this subsection, a city may not deny a use permit to a service provider on the basis that the service provider failed to coordinate with another project.

(b) Have the authority to require that facilities are installed and maintained within the right of way in such a manner and at such points as to not to inconvenience the public use of the right of way or to adversely affect the public health, safety, and welfare.

(6) A service provider shall:

(a) Obtain all permits required by the city or town for the installation, maintenance, repair, or removal of facilities in the right of way;

(b) Comply with applicable ordinances, construction codes, regulations, and standards subject to verification by the city or town of such compliance;

(c) Cooperate with the city or town in ensuring that facilities are installed, maintained, repaired, and removed within the right of way in such a manner and at such points as to not to inconvenience the public use of the right of way or to adversely affect the public health, safety, and welfare;

(d) Provide information and plans as reasonably necessary to enable a city or town to comply with subsection (5) of this section, including, when notified by the city or town, the provision of advance planning information pursuant to the procedures established by the city or town;

(e) Obtain the written approval of the facility or structure owner, if the service provider does not own it, prior to attaching to or otherwise using a facility or structure in the right of way;

(f) Construct, install, operate, and maintain its facilities at its expense; and

(g) Comply with applicable federal and state safety laws and standards.

(7) Nothing in this section shall be construed as:

(a) Creating a new duty upon city [cities] or towns to be responsible for construction of facilities for service providers or to modify the right of way to accommodate such facilities;

(b) Creating, expanding, or extending any liability of a city or town to any third-party user of facilities or third-party beneficiary; or

(c) Limiting the right of a city or town to require an indemnification agreement as a condition of a service provider’s facilities occupying the right of way.

(8) Nothing in this section creates, modifies, expands, or diminishes a priority of use of the right of way by a service provider or other utility, either in relation to other service providers or in relation to other users of the right of way for other purposes. [2000 c 83 § 3.]

35.99.040 Local regulations, ordinances—Limitations. (1) A city or town shall not adopt or enforce regulations or ordinances specifically relating to use of the right of way by a service provider that:
(a) Impeach requirements that regulate the services or business operations of the service provider, except where otherwise authorized in state or federal law;

(b) Conflict with federal or state laws, rules, or regulations that specifically apply to the design, construction, and operation of facilities or with federal or state worker safety or public safety laws, rules, or regulations;

(c) Regulate the services provided based upon the content or kind of signals that are carried or capable of being carried over the facilities, except where otherwise authorized in state or federal law; or

(d) Unreasonably deny the use of the right of way by a service provider for installing, maintaining, repairing, or removing facilities for telecommunications services or cable television services.

(2) Nothing in this chapter, including but not limited to the provisions of subsection (1)(d) of this section, limits the authority of a city or town to regulate the placement of facilities through its local zoning or police power, if the regulations do not otherwise:

(a) Prohibit the placement of all wireless or of all wireline facilities within the city or town;

(b) Prohibit the placement of all wireless or of all wireline facilities within city or town rights of way, unless the city or town is less than five square miles in size and has no commercial areas, in which case the city or town may make available land other than city or town rights of way for the placement of wireless facilities; or

(3) This section does not amend, limit, repeal, or otherwise modify the authority of cities or towns to regulate cable television services pursuant to federal law. [2000 c 83 § 4.]

35.99.050 Personal wireless services—Limitations on moratoria—Dispute resolution. A city or town shall not place or extend a moratorium on the acceptance and processing of applications, permitting, construction, maintenance, repair, replacement, extension, operation, or use of any facilities for personal wireless services, except as consistent with the guidelines for facilities siting implementation, as agreed to on August 5, 1998, by the federal communications commission’s local and state government advisory committee, the cellular telecommunications industry association, the personal communications industry association, and the American mobile telecommunications association. Any city or town implementing such a moratorium shall, at the request of a service provider impacted by the moratorium, participate with the service provider in the informal dispute resolution process included with the guidelines for facilities siting implementation. [2000 c 83 § 5.]

35.99.060 Relocation of facilities—Notice—Reimbursement. (1) Cities and towns may require service providers to relocate authorized facilities within the right of way when reasonably necessary for construction, alteration, repair, or improvement of the right of way for purposes of public welfare, health, or safety.

(2) Cities shall notify service providers as soon as practicable of the need for relocation and shall specify the date by which relocation shall be completed. In calculating the date that relocation must be completed, cities shall consult with affected service providers and consider the extent of facilities to be relocated, the services requirements, and the construction sequence for the relocation, within the city’s overall project construction sequence and constraints, to safely complete the relocation. Service providers shall complete the relocation by the date specified, unless the city, or a reviewing court, establishes a later date for completion, after a showing by the service provider that the relocation cannot be completed by the date specified using best efforts and meeting safety and service requirements.

(3) Service providers may not seek reimbursement for their relocation expenses from the city or town requesting relocation under subsection (1) of this section except:

(a) Where the service provider had paid for the relocation cost of the same facilities at the request of the city or town within the past five years, the service provider’s share of the cost of relocation will be paid by the city or town requesting relocation;

(b) Where aerial to underground relocation of authorized facilities is required by the city or town under subsection (1) of this section, for service providers with an ownership share of the aerial supporting structures, the additional incremental cost of underground compared to aerial relocation, or as provided for in the approved tariff if less, will be paid by the city or town requiring relocation; and

(c) Where the city or town requests relocation under subsection (1) of this section solely for aesthetic purposes, unless otherwise agreed to by the parties.

(4) Where a project in subsection (1) of this section is primarily for private benefit, the private party or parties shall reimburse the cost of relocation in the same proportion to their contribution to the costs of the project. Service providers will not be precluded from recovering their costs associated with relocation required under subsection (1) of this section, provided that the recovery is consistent with subsection (3) of this section and other applicable laws.

(5) A city or town may require the relocation of facilities at the service provider’s expense in the event of an unforeseen emergency that creates an immediate threat to the public safety, health, or welfare. [2000 c 83 § 6.]

35.99.070 Additional ducts or conduits—City or town may require. A city or town may require that a service provider that is constructing, relocating, or placing ducts or conduits in public rights of way provide the city or town with additional duct or conduit and related structures necessary to access the conduit, provided that:

(1) The city or town enters into a contract with the service provider consistent with RCW 80.36.150. The contract rates to be charged shall recover the incremental costs of the service provider. If the city or town makes the additional duct or conduit and related access structures available to any other entity for the purposes of providing telecommunications or cable television service for hire, sale, or resale to the general public, the rates to be charged, as set forth in the contract with the entity that constructed the conduit or duct, shall recover at least the fully allocated costs.
of the service provider. The service provider shall state both contract rates in the contract. The city or town shall inform the service provider of the use, and any change in use, of the requested duct or conduit space and related access structures to determine the applicable rate to be paid by the city or town.

(2) Except as otherwise agreed by the service provider and the city or town, the city or town shall agree that the requested additional duct or conduit space and related access structures will not be used by the city or town to provide telecommunications or cable television service for hire, sale, or resale to the general public.

(3) The city or town shall not require that the additional duct or conduit space be connected to the access structures and vaults of the service provider.

(4) The value of the additional duct or conduit requested by a city or town shall not be considered a public works construction contract.

(5) This section shall not affect the provision of an institutional network by a cable television provider under federal law. [2000 c 83 § 7.]

35.99.080 Existing franchises or contracts not preempted. Chapter 83, Laws of 2000 shall not preempt specific provisions in existing franchises or contracts between cities or towns and service providers. [2000 c 83 § 9.]

35.100.010 Findings—Intent. (1) The legislature finds:

(a) The continued economic vitality of downtown and neighborhood commercial districts in our state’s cities is essential to community preservation, social cohesion, and economic growth;

(b) In recent years there has been a deterioration of downtown and neighborhood commercial districts in both rural and urban communities due to a shifting population base, changes in the marketplace, and greater competition from suburban shopping malls, discount centers, and through the internet;

(c) This decline has eroded the ability of businesses and property owners to renovate and enhance their commercial and residential properties;

(d) In many areas of the state, downtown and neighborhood commercial areas are burdened further by deteriorating buildings, vacant building that cannot be legally occupied, and vacant brownfield infill sites which pose significant health and safety problems to tenants and pedestrians, and constitute a significant blight and detrimental impact on the health, safety, and welfare of the community, as well as its economic health;

(e) Business owners in these districts need to maintain their local economies in order to provide goods and services to adjacent residents, to provide employment opportunities, to restore blighted properties, and to avoid disinvestment and economic dislocations, and have developed downtown and neighborhood commercial district revitalization programs to address these problems; and

(f) It is in the best interest of the state of Washington to stop the decay of community areas and to promote and facilitate the orderly redevelopment of these areas.

(2) It is the intent of the legislature to establish a program to:

(a) Provide for the allocation of a portion of locally imposed excise taxes to assist local governments in the financing of needed health and safety improvements, public improvements, and other public investments, to encourage private development and to enhance and revitalize neighborhood business districts and downtown areas; and

(b) Provide technical assistance and training to local governments, business organizations, downtown and neighborhood commercial district organizations, and business and property owners to accomplish community and economic revitalization and development of business districts. [2002 c 79 § 1.]

35.100.020 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Local retail sales and use tax" means the tax levied by a city or town under RCW 82.14.030, excluding that portion which a county is entitled to receive under RCW 82.14.030.

(2) "Local retail sales and use tax increment revenue" means that portion of the local retail sales and use tax collected in each year upon any retail sale or any use of an article of tangible personal property within a downtown or neighborhood commercial district that is in excess of the amount of local retail sales and use tax collected on sales or uses within the downtown or neighborhood commercial district in the year preceding.

(3) "Downtown or neighborhood commercial district" means (a) an area or areas designated by the legislative authority of a city or town with a population over one hundred thousand and that are typically limited to the pedestrian core area or the central commercial district and compact business districts that serve specific neighborhoods within the city or town; or (b) commercial areas designated as main street areas by the office of trade and economic development.

(4) "Community revitalization project" means:

(a) Health and safety improvements authorized to be publicly financed under chapter 35.80 or 35.81 RCW;

(b) Publicly owned or leased facilities within the jurisdiction of a local government which the sponsor has authority to provide; and

(c) Expenditure for any of the following purposes:

(i) Providing environmental analysis, professional management, planning, and promotion within a downtown or
neighborhood commercial district including the management and promotion of retail trade activities in the district;

(ii) Providing maintenance and security for common or public areas in the downtown or neighborhood commercial district;

(iii) Historic preservation activities authorized under RCW 35.21.395; or

(iv) Project design and planning, land acquisition, site preparation, construction, reconstruction, rehabilitation, improvement, operation, and installation of a public facility; the costs of financing, including interest during construction, legal and other professional services, taxes, and insurance; the costs of complying with this chapter and other applicable law; and the administrative costs reasonably necessary and related to these costs. [2002 c 79 § 2.]

35.100.030 Local retail sales and use tax increment revenue—Applications. Local retail sales and use tax increment revenue, or any portion thereof, may be applied as follows:

(1) To pay downtown or neighborhood commercial district community revitalization costs;

(2) To pay into bond redemption funds established to pay the principal and interest on general obligation or revenue bonds issued to finance a downtown or neighborhood commercial district community revitalization project;

(3) In combination with any other public or private funds available to the city or town for the purposes provided in this section; or

(4) To pay any combination of costs under subsection (1), (2), or (3) of this section. [2002 c 79 § 3.]

35.100.040 Local sales and use tax increment revenue—Authorization of use by legislative authority.

(1) The legislative authority of a city or town may authorize the use of local sales and use tax increment revenue for any purpose authorized in this chapter within the boundaries of a downtown or one or more neighborhood commercial districts.

(2) Prior to authorizing the use of local sales and use tax increment revenue, the legislative authority must designate the boundaries of each downtown or neighborhood commercial district.

(3) The legislative authority of a city or town may choose to pool the local sales and use tax increment revenue collected in the various downtown and neighborhood commercial districts within the city or town for the purposes authorized in this chapter. [2002 c 79 § 4.]

35.100.050 Determination of amount of revenue. A city or town shall determine at its own cost the amount of local sales and use tax increment revenue that may be generated in the downtown and neighborhood commercial districts it designates. The department of revenue may, at its discretion, provide advice or other assistance to cities and towns to assist in determining local sales and use tax increment revenue. [2002 c 79 § 5.]

35.100.900 Severability—2002 c 79. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [2002 c 79 § 6.]

### 35A.01.010 Purpose and policy of this title—Interpretation.

The purpose and policy of this title is to confer upon two optional classes of cities created hereby the broadest powers of local self-government consistent with the Constitution of this state. Any specific enumeration of municipal powers contained in this title or in any other general law shall not be construed in any way to limit the general description of power contained in this title, and any such specifically enumerated powers shall be construed as in
addition and supplementary to the powers conferred in general terms by this title. All grants of municipal power to municipalities electing to be governed under the provisions of this title, whether the grant is in specific terms or in general terms, shall be liberally construed in favor of the municipality. [1967 ex.s. c 119 § 35A.01.010.]

35A.01.020 Noncharter code city. A noncharter code city is one, regardless of population, which has initially incorporated as a noncharter code city, subject to the provisions of this title, or is an incorporated municipality which has elected, under the procedure prescribed in this title, to be classified as a noncharter code city and to be governed according to the provisions of this title under one of the optional forms of government provided for noncharter code cities. [1967 ex.s. c 119 § 35A.01.020.]

35A.01.030 Charter code city. A charter code city is one having at least ten thousand inhabitants at the time of its organization or reorganization which has either initially incorporated as a charter code city and has adopted a charter under the procedure prescribed in this title; or which, as an incorporated municipality, has elected to be classified as a charter code city and to be governed according to the provisions of this title and of its adopted charter. [1967 ex.s. c 119 § 35A.01.030.]

35A.01.035 Code city. The term "code city" means any noncharter code city or charter code city. [1967 ex.s. c 119 § 35A.01.035.]

35A.01.040 Sufficiency of petitions. Wherever in this title petitions are required to be signed and filed, the following rules shall govern the sufficiency thereof:

(1) A petition may include any page or group of pages containing an identical text or prayer intended by the circulators, signers or sponsors to be presented and considered as one petition and containing the following essential elements when applicable, except that the elements referred to in (d) and (e) of this subsection are essential for petitions referring or initiating legislative matters to the voters, but are directory as to other petitions:

(a) The text or prayer of the petition which shall be a concise statement of the action or relief sought by petitioners and shall include a reference to the applicable state statute or city ordinance, if any;
(b) If the petition initiates or refers an ordinance, a true copy thereof;
(c) If the petition seeks the annexation, incorporation, withdrawal, or reduction of an area for any purpose, an accurate legal description of the area proposed for such action and if practical, a map of the area;
(d) Numbered lines for signatures with space provided beside each signature for the name and address of the signer and the date of signing;
(e) The warning statement prescribed in subsection (2) of this section.

(2) Petitions shall be printed or typed on single sheets of white paper of good quality and each sheet of petition paper having a space thereon for signatures shall contain the text or prayer of the petition and the following warning:

WARNING
Every person who signs this petition with any other than his or her true name, or who knowingly signs more than one of these petitions, or signs a petition seeking an election when he or she is not a legal voter, or signs a petition when he or she is otherwise not qualified to sign, or who makes herein any false statement, shall be guilty of a misdemeanor.

Each signature shall be executed in ink or indelible pencil and shall be followed by the name and address of the signer and the date of signing.

(3) The term "signer" means any person who signs his or her own name to the petition.

(4) To be sufficient a petition must contain valid signatures of qualified registered voters or property owners, as the case may be, in the number required by the applicable statute or ordinance. Within three working days after the filing of a petition, the officer with whom the petition is filed shall transmit the petition to the county auditor for petitions signed by registered voters, or to the county assessor for petitions signed by property owners for determination of sufficiency. The officer whose duty it is to determine the sufficiency of the petition shall proceed to make such a determination with reasonable promptness and shall file with the officer receiving the petition for filing a certificate stating the date upon which such determination was begun, which date shall be referred to as the terminal date. Additional pages of one or more signatures may be added to the petition by filing the same with the appropriate filing officer prior to such terminal date. Any signer of a filed petition may withdraw his or her signature by a written request for withdrawal filed with the receiving officer prior to such terminal date. Such written request shall so sufficiently describe the petition as to make identification of the person and the petition certain. The name of any person seeking to withdraw shall be signed exactly the same as contained on the petition and, after the filing of such request for withdrawal, prior to the terminal date, the signature of any person seeking such withdrawal shall be deemed withdrawn.

(5) Petitions containing the required number of signatures shall be accepted as prima facie valid until their invalidity has been proved.

(6) A variation on petitions between the signatures on the petition and that on the voter’s permanent registration caused by the substitution of initials instead of the first or middle names, or both, shall not invalidate the signature on the petition if the surname and handwriting are the same.

(7) Signatures, including the original, of any person who has signed a petition two or more times shall be stricken.

(8) Signatures followed by a date of signing which is more than six months prior to the date of filing of the petition shall be stricken.

(9) When petitions are required to be signed by the owners of property, the determination shall be made by the county assessor. Where validation of signatures to the petition is required, the following shall apply:

(a) The signature of a record owner, as determined by the records of the county auditor, shall be sufficient without the signature of his or her spouse;

[Title 35A RCW—page 2]
(b) In the case of mortgaged property, the signature of
the mortgagor shall be sufficient, without the signature of his
or her spouse;

(c) In the case of property purchased on contract, the
signature of the contract purchaser, as shown by the records
of the county auditor, shall be deemed sufficient, without the
signature of his or her spouse;

(d) Any officer of a corporation owning land within the
area involved who is duly authorized to execute deeds or
encumbrances on behalf of the corporation, may sign on
behalf of such corporation, and shall attach to the petition a
certified excerpt from the bylaws of such corporation
showing such authority;

(e) When property stands in the name of a deceased
person or any person for whom a guardian has been appoint-
ed, the signature of the executor, administrator, or guardian,
as the case may be, shall be equivalent to the signature of
the owner of the property.

(10) The officer who is responsible for determining the
sufficiency of the petition shall do so in writing and transmit
the written certificate to the officer with whom the petition
was originally filed. [1996 c 286 § 7; 1985 c 281 § 26;
1967 ex.s. c 119 § 35A.01.040.]

Severability—1985 c 281: See RCW 35.10.905.

35A.01.050  The general law. For the purposes of
this optional municipal code, "the general law" means any
provision of state law, not inconsistent with this title, enacted
before or after the enactment of this title, which is by its
terms applicable or available to all cities or towns. Except
when expressly provided to the contrary, whenever in this
optional municipal code reference is made to "the general
law", or to specific provisions of the Revised Code of Wash-
ington, it shall mean "the general law, or such specific
provisions of the Revised Code of Washington as now
enacted or as the same may hereafter be amended". [1967
ex.s. c 119 § 35A.01.050.]

35A.01.060  Optional municipal code—This title.
References contained in this title to "Optional Municipal
Code", "this title", "this code" or to any specific chapter,
section, or provision thereof shall refer to the whole or
appropriate part of Title 35A RCW, as now or hereafter
amended. [1967 ex.s. c 119 § 35A.01.060.]

35A.01.070  Definitions—Change of plan or classifi-
cation of municipal government. Where used in this title
with reference to procedures established by this title in
regard to a change of plan or classification of government,
unless a different meaning is plainly required by the context:

(1) "Classify" means a change from a city of the first or
second class, an unclassified city, or a town, to a code city.

(2) "Classification" means either that portion of the
general law under which a city or a town operates under
Title 35 RCW as a first or second class city, unclassified
city, or town, or otherwise as a code city.

(3) "Organize" means to provide for officers after
becoming a code city, under the same general plan of
government under which the city operated prior to becoming
a code city, pursuant to RCW 35A.02.055.

(4) "Organization" means the general plan of govern-
ment under which a city operates.

(5) "Plan of government" means a mayor-council form
of government under chapter 35A.12 RCW, council-manager
form of government under chapter 35A.13 RCW, or a
mayor-council, council-manager, or commission form of
government in general that is retained by a noncharter code
city as provided in RCW 35A.02.130, without regard to
variations in the number of elective offices or whether
officers are elective or appointive.

(6) "Reclassify" means changing from a code city to the
classification, if any, held by such a city immediately prior
to becoming a code city.

(7) "Reclassification" means changing from city or town
operating under Title 35 RCW to a city operating under Title
35A RCW, or vice versa; a change in classification.

(8) "Reorganize" means changing the plan of govern-
ment under which a city or town operates to a different
general plan of government. A city or town shall not be
deemed to have reorganized simply by increasing or decreas-
ing the number of members of its legislative body.

(9) "Reorganization" means a change in general plan of
government under which a city operates, but an increase or
decrease in the number of members of its legislative body
shall not be deemed to constitute a reorganization. [2001 c
c 18 § 1.]

Severability—1979 ex.s. c 18: "If any provision of this act or its
application to any person or circumstance is held invalid, the remainder of
the act or the application of the provision to other persons or circumstances
is not affected." [1979 ex.s. c 18 § 36.]

35A.01.080  "Councilman" defined. As used in this
title, the term "councilman" or "councilmen" means
councilmember or councilmembers. [1981 c 213 § 2.]
Adoption of noncharter code city classification authorized. Any incorporated city or town may become a noncharter code city in accordance with, and be governed by, the provisions of this title relating to noncharter code cities and may select one of the plans of government authorized by this title. A city or town adopting and organizing under the optional municipal code shall not be deemed to have reorganized and to have abandoned its existing general plan of government, upon changing classification and becoming a noncharter code city, solely because organizing under a plan of government authorized in this title changes the number of elective offices or changes the terms thereof, or because an office becomes appointive rather than elective, or because that city or town has come under the optional municipal code, or because of any combination of these factors. [1979 ex.s. c 18 § 2; 1967 ex.s. c 119 § 35A.02.010.]

Severability—1979 ex.s. c 18: See note following RCW 35A.01.070.

Petition method—Direct. When a petition is filed, signed by registered voters of an incorporated city or town, in number equal to not less than fifty percent of the votes cast at the last general municipal election, seeking the adoption by the city or town of the classification of noncharter code city, either under its existing authorized plan of government or naming one of the plans of government authorized for noncharter code cities, the county auditor shall promptly proceed to determine the sufficiency of the petition under the rules set forth in RCW 35A.01.040. If the petition is found to be sufficient, the county auditor shall file with the legislative body a certificate of sufficiency of the petition. Thereupon the legislative body of such city or town shall, by resolution, declare that the inhabitants of the city or town have decided to adopt the classification of noncharter code city and to be governed under the provisions of this title. If a prayer for reorganization is included in the petition such resolution shall also declare that the inhabitants of the city or town have decided to reorganize under the plan of government specified in the petition. The legislative body shall cause such resolution to be published at least once in a newspaper of general circulation within the city or town not later than ten days after the passage of the resolution. Upon the expiration of the ninetieth day from, but excluding the date of, first publication of the resolution, or at a special election to be called for that purpose in accordance with RCW 29.13.020. [1979 ex.s. c 18 § 4; 1967 ex.s. c 119 § 35A.02.025.]

Resolution method. When a majority of the legislative body of an incorporated city or town determines that it would serve the best interests and general welfare of such municipality to change the classification of such city or town to that of noncharter code city, such legislative body may, by resolution, declare its intention to adopt for the city or town the classification of noncharter code city. If the legislative body so determines, such resolution may also contain a declaration of intention to reorganize the municipal government under one of the plans of government authorized in this title, naming such plan; but it shall also be lawful for the legislative body of any incorporated city or town which is governed under a plan of government authorized prior to the time this title takes effect to adopt for the city or town the classification of noncharter code city while retaining the same general plan of government under which such city or town is then operating. Within ten days after the passage of the resolution, the legislative body shall cause it to be published at least once in a newspaper of general circulation within the city or town. Upon the expiration of the ninetieth day from, but excluding the date of first publication of the resolution, if no timely and sufficient referendum petition has been filed pursuant to RCW 35A.02.035, as determined by RCW 35A.29.170, the intent expressed in such resolution shall at the next regular meeting of the legislative body be effected by an ordinance adopting for the city or town the classification of noncharter code city and, if the resolution includes a declaration of intention to reorganize, the legislative body shall provide at that time for such reorganization by ordinance. [1979 ex.s. c 18 § 5; 1967 ex.s. c 119 § 35A.02.030.]

Severability—1979 ex.s. c 18: See note following RCW 35A.01.070.

Certification of ordinance—Transcript of record to secretary of state. When one or more ordinances are passed under RCW 35A.02.020 or 35A.02.030, as now or hereafter amended, the clerk of the city or town shall forward to the secretary of state a certified copy of any
such ordinance. Upon the filing in the office of the secretary of state of a certified copy of an ordinance adopting the classification of noncharter code city, such city or town shall thereafter be classified as a noncharter code city; except that if there is also filed with the secretary of state a certified copy of an ordinance providing for reorganization of the municipal government of such city or town under a different general plan of government, such reclassification and reorganization shall not be effective until the election, qualification, and assumption of office under RCW 35A.02.050 as now or hereafter amended of at least a quorum of all new officers under the plan of government so adopted. [1979 ex.s. c 18 § 6; 1970 ex.s. c 52 § 1; 1967 ex.s. c 119 § 35A.02.040.]

Severability—1979 ex.s. c 18: See note following RCW 35A.01.070.

35A.02.050 Election of new officers. The first election of officers where required for reorganization under a different general plan of government newly adopted in a manner provided in RCW 35A.02.020, 35A.02.030, 35A.06.030, or 35A.06.060, as now or hereafter amended, shall be at the next general municipal election if one is to be held more than ninety days but not more than one hundred and eighty days after certification of a reorganization ordinance or resolution, or otherwise at a special election to be held for that purpose in accordance with RCW 29.13.020. In the event that the first election of officers is to be held at a general municipal election, such election shall be preceded by a primary election pursuant to RCW 29.21.010 and 29.13.070. In the event that the first election of all officers is to be held at a special election rather than at a general election, and notwithstanding any provisions of any other law to the contrary, such special election shall be preceded by a primary election to be held on a date authorized by RCW 29.13.010, and the persons nominated at that primary election shall be voted upon at the next succeeding special election that is authorized by RCW 29.13.010: PROVIDED, That in the event the ordinances calling for reclassification or reorganization and reorganization under the provisions of Title 35A RCW have been filed with the secretary of state pursuant to RCW 35A.02.040 in an even-numbered year at least ninety days prior to a state general election then the election shall be voted upon at the next succeeding special election where the change in classification otherwise retains the same or increases from five to seven, the procedures for the first election of officers which appear in RCW 35A.02.050 shall not be followed. When membership in a city council remains the same or is increased upon becoming a noncharter code city, the terms of incumbent council members shall not be affected. If the number of council members is increased from five to seven, the city council shall, by majority vote, pursuant to RCW 35A.12.050 and 35A.13.020, appoint two persons to serve in these offices until the next municipal general election, at which election one person shall be elected for a two-year term and one person shall be elected for a four-year term.

A first election of all officers upon a change in classification to a noncharter code city is also not required where the change in classification otherwise retains the same general or specific plan of government and where the change in classification results in a decrease in the number of councilmanic positions in a city.

If the membership in a city council is decreased from seven to five members upon adopting the classification of noncharter code city, this decrease in the number of council members shall be determined in the following manner: The council members shall determine by lot which two councilmanic positions shall be eliminated upon the expiration of their terms of office. The terms of the remaining council members shall not be affected. [1979 ex.s. c 18 § 8.]

Severability—1979 ex.s. c 18: See note following RCW 35A.01.070.

35A.02.060 Petition for election. When a petition which is sufficient under the rules set forth in RCW 35A.01.040 is filed with the legislative body of an incorporated city or town, signed by qualified electors of such municipality in number equal to not less than ten percent of the votes cast at the last general municipal election, seeking adoption by the city or town of the classification of
noncharter code city and the reorganization of the city or town under one of the plans of government authorized in this title, the county auditor shall file with the legislative body thereof a certificate of sufficiency of such petition. Thereupon, the legislative body shall cause such proposal to be submitted to the voters at the next general municipal election if one is to be held within one hundred eighty days after certification of the sufficiency of the petition, or at a special election to be held for that purpose not less than ninety days nor more than one hundred and eighty days from such certification of sufficiency. Ballot titles for elections under this chapter shall be prepared by the city attorney as provided in *RCW 35A.29.120.* [1990 c 259 § 3; 1967 ex.s. c 119 § 35A.02.060.]

*Reviser’s note:* RCW 35A.29.120 was repealed by 1994 c 223 § 92.

35A.02.070 Resolution for election. The legislative body of an incorporated city or town may, by resolution, submit to the voters in the next general municipal election if one is to be held within one hundred and eighty days after passage of the resolution, or in a special election to be called for that purpose not less than ninety days nor more than one hundred and eighty days after passage of the resolution, a proposal that the city or town adopt the classification of noncharter code city and organize under one of the plans of government authorized in this title, naming such plan. [1967 ex.s. c 119 § 35A.02.070.]

35A.02.080 Election of officers upon approval of plan of government by voters. If the majority of votes cast at an election for organization under a plan provided in this title favor the plan, the city or town shall elect in accordance with RCW 35A.02.050 the officers for the positions created. The former officers of the municipality shall, upon the election and qualification of the new officers, deliver to the proper officers of the new noncharter code city all books of record, documents and papers in their possession belonging to such municipal corporation before reorganization. [1971 ex.s. c 251 § 2; 1967 ex.s. c 119 § 35A.02.080.]

Severability—1971 ex.s. c 251: See RCW 35A.90.050.

35A.02.090 Alternative plan of government. Proposals for each of the plans of government authorized by this title may be placed on the ballots in the same election by timely petition as provided in this chapter. When the ballot contains alternative proposals for each of the plans of government the ballot shall clearly state that voters may vote for only one of the plans of government. [1971 ex.s. c 251 § 3; 1967 ex.s. c 119 § 35A.02.090.]

Severability—1971 ex.s. c 251: See RCW 35A.90.050.

35A.02.120 Effective date of reclassification and reorganization. Upon the filing of the certified copy of the resolution with the secretary of state, the county auditor shall issue certificates of election to the successful candidates for the offices under the plan of government for which a majority of the votes were cast, and upon the issuance of such certificates, such city or town shall become a noncharter code city governed under the plan of government chosen by the voters, under the provisions of this title and with the powers conferred by this title. [1967 ex.s. c 119 § 35A.02.120.]

35A.02.130 Adoption of classification of noncharter code city without change of governmental plan. Any incorporated city or town governed under a plan of government authorized prior to the time this title takes effect may become a noncharter code city without changing such plan of government by the use of the petition-for-election or resolution-for-election procedures provided in RCW 35A.02.060 and 35A.02.070 to submit to the voters a proposal that such municipality adopt the classification of noncharter code city while retaining its existing plan of government, and upon a favorable vote on the proposal, such municipality shall be classified as a noncharter code city and retain its old plan of government, such reclassification to be effective upon the filing of the record of such election with the office of the secretary of state. Insofar as the provisions of *RCW 35A.02.100 and 35A.02.110 are applicable to an election on such a reclassification proposal they shall apply to such election. [1994 c 223 § 26; 1994 c 81 § 67; 1967 ex.s. c 119 § 35A.02.130.]

*Reviser’s note:* RCW 35A.02.100 and 35A.02.110 were repealed by 1994 c 223 § 92.

35A.02.140 Petition or resolution pending—Restriction—Exception. While proceedings are pending under any petition or resolution relating to reclassification of a municipality or reorganization of the government thereof pursuant to this chapter, no resolution shall be passed for the purpose of initiating other such proceedings or submitting other such proposals to the voters at an election thereunder; and no petition for reclassification or reorganization of such municipality shall be accepted for filing pending such proceedings, except that a timely and sufficient petition seeking to place on the ballot for such election a proposal for an alternative plan of government authorized by this title, as provided in RCW 35A.02.090, may be filed and acted upon. [1967 ex.s. c 119 § 35A.02.140.]

35A.06.010 Each optional plan of government declared complete form of government. Each of the optional plans of government authorized by chapter 35A.12 RCW and chapter 35A.13 RCW, with any amendments thereto, is declared to be a complete and separate plan of government authorized by the legislature for submission to the voters of a municipality or for adoption by resolution of the legislative body thereof in the manner provided herein, and is additional to the plans of government existing prior to the time this title takes effect. [1967 ex.s. c 119 § 35A.06.010.]

35A.06.020 Laws applicable to noncharter code cities. The classifications of municipalities as first class cities, second class cities, unclassified cities, and towns, and the restrictions, limitations, duties, and obligations specifically imposed by law upon such classes of cities and towns, shall have no application to noncharter code cities, but every noncharter code city, by adopting such classification, has elected to be governed by the provisions of this title, with the powers granted hereby. However, any code city that retains its old plan of government is subject to the laws applicable to that old plan of government until the city abandons its old plan of government and reorganizes and adopts a plan of government under chapter 35A.12 or 35A.13 RCW. [1997 c 361 § 17; 1995 c 134 § 11. Prior: 1994 c 223 § 27; 1994 c 81 § 68; 1967 ex.s. c 119 § 35A.06.020.]

35A.06.030 Abandonment of plan of government of a noncharter code city. By use of the resolution for election or petition for election methods described in RCW 35A.06.040, any noncharter code city which has operated for more than six consecutive years under one of the optional plans of government authorized by this title, or for more than a combined total of six consecutive years under a particular plan of government both as a code city and under the same general plan under Title 35 RCW immediately prior to becoming a code city, may abandon such organization and may reorganize and adopt another plan of government authorized for noncharter code cities, but only after having been a noncharter code city for more than one year or a city after operating for more than six consecutive years under a particular plan of government as a noncharter code city: PROVIDED, That these limitations shall not apply to a city seeking to adopt a charter.

In reorganization under a different general plan of government as a noncharter code city, officers shall serve the remainder of their terms. If a city with a mayor-council plan of government is reorganized with a council-manager plan of government, the mayor shall serve as a councilmember for the remainder of his or her term. If a city with a council-manager plan of government is reorganized with a mayor-council plan of government, the mayor shall be elected as provided in RCW 35A.02.050. When a noncharter code city adopts a plan of government other than those authorized under Title 35A RCW, such city ceases to be governed under this optional municipal code, shall be classified as a city or town of the class selected in the proceeding for adoption of such new plan, with the powers granted to such class under the general law, and shall elect officers as provided in RCW 35A.02.050. [2001 c 33 § 2; 1994 c 223 § 28; 1994 c 81 § 69; 1979 ex.s. c 18 § 14; 1971 ex.s. c 251 § 13; 1967 ex.s. c 119 § 35A.06.030.]

Severability—1971 ex.s. c 251: See RCW 35A.90.050.

35A.06.040 Abandonment—Resolution or petition for election. Upon the passage of a resolution of the legislative body of a noncharter code city, or upon the filing of a sufficient petition with the county auditor signed by registered voters in number equal to not less than ten percent of the votes cast at the last general municipal election therein, proposing abandonment by the city of the plan of government under which it is then operating and adoption of another plan, naming such plan, the sufficiency of the petition for abandonment shall be determined, an election ordered and conducted, and the results declared generally as ordered and conducted, and the results declared generally as provided in chapter 35A.02 RCW insofar as such provisions are applicable. If the resolution or petition proposes a plan of government other than those authorized in chapters 35A.12 RCW and 35A.13 RCW of this title, the resolution or petition shall specify the class under which such city will be classified upon adoption of such plan. [1990 c 259 § 4; 1967 ex.s. c 119 § 35A.06.040.]

Sufficiency of petition in code city: RCW 35A.01.040.
Abandonment—Election. The proposal for abandonment of a plan of government as authorized in RCW 35A.06.030 and for adoption of the plan named in the resolution or petition shall be voted upon at the next general municipal election if one is to be held within one hundred and eighty days or otherwise at a special election called for that purpose in accordance with RCW 29.13.020. The ballot title and statement of the proposition shall be prepared by the city attorney as provided in RCW *29.27.060 and 35A.29.120. [1994 c 223 § 29; 1979 ex.s. c 18 § 15; 1967 ex.s. c 119 § 35A.06.050.]

Abandonment—Reorganization under plan adopted—Effective date. If a majority of votes cast at the election favor abandonment of the general plan of government under which the noncharter code city is then organized and reorganization under the different general plan proposed in the resolution or petition, the officers to be elected shall be those prescribed by the plan of government so adopted, and they shall be elected as provided in RCW 35A.06.030. If the city is adopting a plan of government other than those authorized under this title, the officers shall be elected at the next succeeding general municipal election. Upon the election, qualification, and assumption of office by such officers the reorganization of the government of such municipality shall cease and such municipality shall thereafter be governed under such plan. If the plan so adopted is not a plan authorized for noncharter code cities, upon the election, qualification, and assumption of office by such officers the municipality shall cease to be a noncharter code city governed under the provisions of this optional municipal code and shall revert to the classification selected and shall be governed by the general laws relating to municipalities of such class with the powers conferred by law upon municipalities of such class. Such change of classification shall not affect the then existing property rights or liabilities of the municipal corporation. [2001 c 33 § 3; 1979 ex.s. c 18 § 16; 1967 ex.s. c 119 § 35A.06.060.]

Severability—1979 ex.s. c 18: See note following RCW 35A.01.070.

Abandonment of noncharter code city classification without reorganization. By means of the procedures set forth in this chapter, insofar as they apply, any noncharter code city which has been governed under the provisions of this title for more than six years may abandon the classification of noncharter code city and elect to be governed under the general law relating to cities or towns of the classification held by such city immediately prior to becoming a noncharter code city, if any, or relating to cities or towns of the highest class for which it is qualified by population, with the powers conferred by law upon such class, while retaining the plan of government under which it is then organized. A change of classification approved by a majority of the voters voting on such proposition shall become effective upon the filing of the record of such election with the office of the secretary of state. [1967 ex.s. c 119 § 35A.06.070.]

Adoption of charter code city classification authorized. Any city having ten thousand inhabitants which is governed under a charter may become a charter code city by a procedure prescribed in this chapter and be governed under this title, with the powers conferred hereby. [1967 ex.s. c 119 § 35A.07.010.]

Petition method—Direct. When a petition is filed, signed by registered voters of a charter city in number equal to not less than fifty percent of the votes cast at the last general municipal election, seeking the adoption by the charter city of the classification of charter code city the legislative body of such city shall direct the county auditor to determine the sufficiency of the petition under the rules set forth in RCW 35A.01.040. If the petition is found to be sufficient, the county auditor shall file with the legislative body a certificate of sufficiency of the petition. Thereupon the legislative body of the charter city shall, by resolution, declare that the inhabitants of such city have decided to adopt the classification of charter code city and to be governed under this title. The legislative body shall cause such resolution to be published at least once in a newspaper of general circulation within the city not later than ten days after the passage of the resolution. Upon the expiration of the ninetieth day from, but excluding the date of first publication of the resolution, if no timely and sufficient referendum petition has been filed, as determined by RCW 35A.29.170, the legislative body shall effect the decision of the inhabitants, as expressed in the petition, by passage of an ordinance adopting for the city the classification of charter code city. [1990 c 259 § 5; 1967 ex.s. c 119 § 35A.07.020.]

Referendum. Upon the filing of a referendum petition in the manner provided in RCW 35A.29.170 signed by qualified electors in number equal to not less than ten percent of the votes cast in the last general municipal election, the resolution authorized by RCW 35A.07.020 shall be referred to the voters for confirmation or rejection in the next general municipal election, if one is to be held within one hundred and eighty days from the date of filing of the referendum petition, or at a special election to be called for that purpose not less than ninety days nor more than one hundred and eighty days from the filing of such referendum petition. The legislative body must provide for such an election upon receipt of a sufficient petition therefor signed by qualified electors in number equal to not less than ten percent of the votes cast at the last general municipal election therein. The question may be submitted to the voters at the next general municipal election if one is to be held within one hundred and eighty days or at a special election held for that purpose not less than ninety nor more than one hundred and eighty days after the passage of the resolution or the filing of the certificate of sufficiency of the petition. At such election provision shall also be made for the election of fifteen freeholders who, upon a favorable vote on the question, shall constitute the charter commission charged with the duty of framing a charter for submission to the voters. A nominating petition shall be filed within the time allowed for filing declarations of candidacy and shall be verified by an affidavit of one or more of the signers to the effect that the affiant believes that the candidate and all of the signers are registered voters of the city and he signed the petition in good faith for the purpose of endorsing the person named therein for election to the charter commission. In the event of a vacancy in the charter commission, the remaining members shall fill it by appointment thereto of some properly qualified person. A majority shall constitute a quorum for transaction of business but final charter recommendations shall require a majority vote of the whole membership of the commission. The commission shall study the plan of government of the city, compare it with other available plans of government, and determine whether, in its judgment, the government of the city could be strengthened, made more responsive or accountable to the people, or whether its operation could be made more economical or more efficient by amendment of the existing plan or adoption of another plan of government. The commission shall consider the plans of government described in this title but shall not be limited to such plans in its recommendations for the government of the city and may frame a charter for any plan it deems suitable for the good government of the city; except that the provisions of such charter shall not be valid if inconsistent with the Constitution of this state, the provisions of this title, or the general laws of the state, insofar as they are applicable to cities governed under this title. Within the limits of any such appropriation and privately contributed funds and services as may be available to it, the charter commission may appoint one or more consultants and clerical or other assistants to serve at the pleasure of the commission and may fix a reasonable compensation to be paid such consultants and assistants. 35A.12.010 Elective city officers—Size of council.

The government of any noncharter code city or charter code city electing to adopt the mayor-council plan of government authorized by this chapter shall be vested in an elected mayor and an elected council. The council of a noncharter code city having less than twenty-five hundred inhabitants shall consist of five members; when there are twenty-five hundred or more inhabitants, the council shall consist of seven members. A city with a population of less than twenty-five hundred at the time of reclassification as an optional municipal code city may choose to maintain a seven-member council. The decision concerning the number of councilmembers shall be made by the council and be incorporated as a section of the ordinance adopting for the city the classification of noncharter code city. If the population of a city after having become a code city decreases from twenty-five hundred or more to less than twenty-five hundred, it shall continue to have a seven member council.

If, after a city has become a mayor-council code city, its population increases to twenty-five hundred or more inhabitants, the number of councilmanic offices in such city may increase from five to seven members upon the affirmative vote of a majority of the existing council to increase the number of councilmanic offices in the city. When the population of a mayor-council code city having five councilmanic offices increases to five thousand or more inhabitants, the number of councilmanic offices in the city shall increase from five to seven members. In the event of an increase in the number of councilmanic offices, the city council shall, by majority vote, pursuant to RCW 35A.12.050, appoint two persons to serve in these offices until the next municipal general election, at which election one person shall be elected for a two-year term and one person shall be elected for a four-year term. The number of inhabitants shall be determined by the most recent official state or federal census or determination by the state office of financial management. A charter adopted under the provisions of this title, incorporating the mayor-council plan of government set forth in this chapter, may provide for an uneven number of councilmembers not exceeding eleven.

A noncharter code city of less than five thousand inhabitants which has elected the mayor-council plan of government and which has seven councilmanic offices may establish a five-member council in accordance with the following procedure. At least six months prior to a municipal general election, the city council shall adopt an ordinance providing for reduction in the number of councilmanic offices to five. The ordinance shall specify which two councilmanic offices, the terms of which expire at the next general election, are to be terminated. The ordinance shall provide for the numbering of council positions and shall also provide for a two-year extension of the term of office of a retained councilmanic office, if necessary, in order to comply with RCW 35A.12.040.

However, a noncharter city that has retained its old mayor-council plan of government, as provided in RCW 35A.02.130, is subject to the laws applicable to that old plan of government. [1997 c 361 § 6; 1994 c 223 § 30; 1994 c 81 § 71; 1985 c 106 § 1; 1983 c 128 § 1; 1979 ex.s. c 18 § 19; 1979 c 151 § 33; 1967 ex.s. c 119 § 35A.12.010.]

Severability—1979 ex.s. c 18: See note following RCW 35A.01.070.

Population determinations, office of financial management: Chapter 43.62 RCW.

The appointive officers shall be those provided for by charter or ordinance and shall include a city clerk and a chief law enforcement officer. The office of city clerk may be merged with that of a city treasurer, if any, with an appropriate title designated therefor. Provision shall be made for obtaining legal counsel for the city, either by appointment of a city attorney on a full-time or part-time basis, or by any reasonable contractual arrangement for such professional services. The authority, duties and qualifications of all appointive officers shall be prescribed by charter or ordinance, consistent with the provisions of this title, and any amendments thereto, and the compensation of appointive officers shall be prescribed by ordinance: PROVIDED, That the compensation of an appointed municipal judge shall be within applicable statutory limits. [1987 c 3 § 14; 1967 ex.s. c 119 § 35A.12.020.]

Severability—1987 c 3: See note following RCW 3.46.020.

35A.12.030 Eligibility to hold elective office.

No person shall be eligible to hold elective office under the mayor-council plan unless the person is a registered voter of the city at the time of filing his declaration of candidacy and has been a resident of the city for a period of at least one year next preceding his election. Residence and voting within the limits of any territory which has been included in, annexed to, or consolidated with such city is construed to have been residence within the city. A mayor or councilman shall hold within the city government no other public office or employment except as permitted under the provisions of chapter 42.23 RCW. [1979 ex.s. c 18 § 20; 1967 ex.s. c 119 § 35A.12.030.]

Severability—1979 ex.s. c 18: See note following RCW 35A.01.070.

35A.12.040 Elections—Terms of elective officers—Numbering of council positions.

Officers shall be elected at biennial municipal elections to be conducted as provided in chapter 35A.29 RCW. The mayor and the councilmembers shall be elected for four-year terms of office and until their successors are elected and qualified and assume office in accordance with RCW 29.04.170. At any first election upon reorganization, councilmembers shall be elected as provided in RCW 35A.02.050. Thereafter the requisite number of councilmembers shall be elected biennially as the terms of their predecessors expire and shall serve for terms of four years. The positions to be filled on the city council shall be designated by consecutive numbers and shall be dealt with as separate offices for all election purposes. Election to positions on the council shall be by
affirmation of office and as may be provided by law, charter, or ordinance, shall qualify by taking an oath or affirmation of office and as may be provided by law, charter, or ordinance. [1994 c 223 § 31; 1979 ex.s. c 18 § 21; 1970 ex.s. c 52 § 3; 1967 ex.s. c 119 § 35A.12.040.]

Severability—1979 ex.s. c 18: See note following RCW 35A.01.070.

35A.12.050 Vacancies. The office of a mayor or councilmember shall become vacant if the person who is elected or appointed to that position fails to qualify as provided by law, fails to enter upon the duties of that office at the time fixed by law without a justifiable reason, or as provided in RCW 35A.12.060 or 42.12.010. A vacancy in the office of mayor or in the council shall be filled as provided in chapter 42.12 RCW. [1994 c 223 § 32; 1967 ex.s. c 119 § 35A.12.050.]

35A.12.060 Vacancy for nonattendance. In addition a council position shall become vacant if the councilmember fails to attend three consecutive regular meetings of the council without being excused by the council. [1994 c 223 § 33; 1967 ex.s. c 119 § 35A.12.060.]

35A.12.065 Pro tempore appointments. Biennially at the first meeting of a new council, or periodically, the members thereof, by majority vote, may designate one of their number as mayor pro tempore or deputy mayor for such period as the council may specify, to serve in the absence or temporary disability of the mayor; or, in lieu thereof, the council may, as the need may arise, appoint any qualified person to serve as mayor pro tempore in the absence or temporary disability of the mayor. In the event of the extended excused absence or disability of a councilman, the remaining members by majority vote may appoint a councilman pro tempore to serve during the absence or disability. [1967 ex.s. c 119 § 35A.12.065.]

35A.12.070 Compensation of elective officers—Expenses. The salaries of the mayor and the councilmen shall be fixed by ordinance and may be revised from time to time by ordinance, but any increase in the compensation attaching to an office shall not be applicable to the term then being served by the incumbent if such incumbent is a member of the city legislative body fixing his own compensation or as mayor in a mayor-council code city casts a tie-breaking vote relating to such ordinance: PROVIDED, That if the mayor of such a city does not cast such a vote, his salary may be increased during his term of office.

Until the first elective officers under this mayor-council plan of government may lawfully be paid the compensation provided by such salary ordinance, such officers shall be entitled to be compensated in the same manner and in the same amount as the compensation paid to officers of such city performing comparable services immediately prior to adoption of this mayor-council plan.

Until a salary ordinance can be passed and become effective as to elective officers of a newly incorporated code city, such first officers shall be entitled to compensation as follows: In cities having less than five thousand inhabitants, the mayor shall be entitled to a salary of one hundred and fifty dollars per calendar month and a councilman shall be entitled to twenty dollars per meeting for not more than two meetings per month; in cities having more than five thousand but less than fifteen thousand inhabitants, the mayor shall be entitled to a salary of three hundred and fifty dollars per calendar month and a councilman shall be entitled to one hundred and fifty dollars per calendar month; in cities having more than fifteen thousand inhabitants, the mayor shall be entitled to a salary of twelve hundred and fifty dollars per calendar month and a councilman shall be entitled to four hundred dollars per calendar month: PROVIDED, That such interim compensation shall remain in effect only until a salary ordinance is passed and becomes effective as to such officers, and the amounts herein provided shall not be construed as fixing the usual salary of such officers. The mayor and councilmen shall receive reimbursement for their actual and necessary expenses incurred in the performance of the duties of their office, or the council by ordinance may provide for a per diem allowance. Procedure for approval of claims for expenses shall be as provided by ordinance. [1971 ex.s. c 251 § 5; 1967 ex.s. c 119 § 35A.12.070.]

Severability—1971 ex.s. c 251: See RCW 35A.90.050.

Limitations on salaries: State Constitution Art. 11 § 8.

35A.12.080 Oath and bond of officers. Any officer before entering upon the performance of his duties may be required to take an oath or affirmation as prescribed by charter or by ordinance for the faithful performance of his duties. The oath or affirmation shall be filed with the county auditor. The clerk, treasurer, if any, chief of police, and such other officers or employees as may be designated by ordinance or by charter shall be required to furnish annually an official bond conditioned on the honest and faithful performance of their official duties. The terms and penalty of official bonds and the surety therefor shall be prescribed by ordinance or charter and the bond shall be approved by the chief administrative officer of the city. The premiums on such bonds shall be paid by the city. When the furnishing of an official bond is required of an officer or employee, compliance with such provisions shall be an essential part of qualification for office. [1986 c 167 § 20; 1967 ex.s. c 119 § 35A.12.080.]

Severability—1986 c 167: See note following RCW 29.01.055.

35A.12.090 Appointment and removal of officers—Terms. The mayor shall have the power of appointment and removal of all appointive officers and employees subject to any applicable law, rule, or regulation relating to civil service. The head of a department or office of the city government may be authorized by the mayor to appoint and remove subordinates in such department or office, subject to any applicable civil service provisions. All appointments of city officers and employees shall be made on the basis of ability and training or experience of the appointees in the duties they are to perform, from among persons having such qualifications as may be prescribed by ordinance or by charter, and in compliance with provisions of any merit system applicable to such city. Confirmation by the city council of appointments of officers and employees shall be required only when the city charter, or the council by ordinance, provides for confirmation of such appointments.
Confirmation of mayoral appointments by the council may be required by the council in any instance where qualifications for the office or position have not been established by ordinance or charter provision. Appointive offices shall be without definite term unless a term is established for such office by law, charter or ordinance. [1987 c 3 § 15; 1967 ex.s. c 119 § 35A.12.090.]

Severability—1987 c 3: See note following RCW 3.46.020.

35A.12.100 Duties and authority of the mayor—Veto—Tie-breaking vote. The mayor shall be the chief executive and administrative officer of the city, in charge of all departments and employees, with authority to designate assistants and department heads. The mayor may appoint and remove a chief administrative officer or assistant administrative officer, if so provided by ordinance or charter. He shall see that all laws and ordinances are faithfully enforced and that law and order is maintained in the city, and shall have general supervision of the administration of city government and all city interests. All official bonds and bonds of contractors with the city shall be submitted to the mayor or such person as he may designate for approval or disapproval. He shall see that all contracts and agreements made with the city or for its use and benefit are faithfully kept and performed, and to this end he may cause any legal proceedings to be instituted and prosecuted in the name of the city, subject to approval by majority vote of all members of the council. The mayor shall preside over all meetings of the city council, when present, but shall have a vote only in the case of a tie in the votes of the councilmen with respect to matters other than the passage of any ordinance, grant, or revocation of franchise or license, or any resolution for the payment of money. He shall report to the council concerning the affairs of the city and its financial and other needs, and shall make recommendations for council consideration and action. He shall prepare and submit to the council a proposed budget, as required by chapter 35A.33 RCW. The mayor shall have the power to veto ordinances passed by the council and submitted to him as provided in RCW 35A.12.130 but such veto may be overridden by the vote of a majority of all council members plus one more vote. The mayor shall be the official and ceremonial head of the city and shall represent the city on ceremonial occasions, except that when illness or other duties prevent the mayor’s attendance at an official function and no mayor pro tempore has been appointed by the council, a member of the council or some other suitable person may be designated by the mayor to represent the city on such occasion. [1979 ex.s. c 18 § 22; 1967 ex.s. c 119 § 35A.12.100.]

Severability—1979 ex.s. c 18: See note following RCW 35A.01.070.

35A.12.110 Council meetings. The city council and mayor shall meet regularly, at least once a month, at a place and at such times as may be designated by the city council. All final actions on resolutions and ordinances must take place within the corporate limits of the city. Special meetings may be called by the mayor or any three members of the council by written notice delivered to each member of the council at least twenty-four hours before the time specified for the proposed meeting. All actions that have heretofore been taken at special council meetings held pursuant to this section, but for which the number of hours of notice given has been at variance with requirements of RCW 42.30.080, are hereby validated. All council meetings shall be open to the public except as permitted by chapter 42.30 RCW. No ordinance or resolution shall be passed, or contract let or entered into, or bill for the payment of money allowed at any meeting not open to the public, nor at any public meeting the date of which is not fixed by ordinance, resolution, or rule, unless public notice of such meeting has been given by such notice to each local newspaper of general circulation and to each local radio or television station, as provided in RCW 42.30.080 as now or hereafter amended. Meetings of the council shall be presided over by the mayor, if present, or otherwise by the mayor pro tempore, or deputy mayor if one has been appointed, or by a member of the council selected by a majority of the council members at such meeting. Appointment of a council member to preside over the meeting shall not in any way abridge his right to vote on matters coming before the council at such meeting. In the absence of the clerk, a deputy clerk or other qualified person appointed by the clerk, the mayor, or the council, may perform the duties of clerk at such meeting. A journal of all proceedings shall be kept, which shall be a public record. [1993 c 199 § 3; 1979 ex.s. c 18 § 23; 1967 ex.s. c 119 § 35A.12.110.]

Severability—1979 ex.s. c 18: See note following RCW 35A.01.070.

35A.12.120 Council—Quorum—Rules—Voting. At all meetings of the council a majority of the councilmen shall constitute a quorum for the transaction of business, but a less number may adjourn from time to time and may compel the attendance of absent members in such manner and under such penalties as may be prescribed by ordinance. The council shall determine its own rules and order of business, and may establish rules for the conduct of council meetings and the maintenance of order. At the desire of any member, any question shall be voted upon by roll call and the ayes and nays shall be recorded in the journal.

The passage of any ordinance, grant or revocation of franchise or license, and any resolution for the payment of money shall require the affirmative vote of at least a majority of the whole membership of the council. [1967 ex.s. c 119 § 35A.12.120.]

35A.12.130 Ordinances—Style—Requisites—Veto. The enacting clause of all ordinances shall be as follows: "The city council of the city of . . . . do ordain as follows:" No ordinance shall contain more than one subject and that must be clearly expressed in its title.

No ordinance or any section or subsection thereof shall be revised or amended unless the new ordinance sets forth the revised ordinance or the amended section or subsection at full length.

No ordinance shall take effect until five days after the date of its publication unless otherwise provided by statute or charter, except that an ordinance passed by a majority plus one of the whole membership of the council, designated therein as a public emergency ordinance necessary for the protection of public health, public safety, public property or the public peace, may be made effective upon adoption, but
such ordinance may not levy taxes, grant, renew, or extend a franchise, or authorize the borrowing of money.

Every ordinance which passes the council in order to become valid must be presented to the mayor; if he approves it, he shall sign it, but if not, he shall return it with his written objections to the council and the council shall cause his objections to be entered at large upon the journal and proceed to a reconsideration thereof. If upon reconsideration a majority plus one of the whole membership, voting upon a call of ayes and nays, favors its passage, the ordinance shall become valid notwithstanding the mayor’s veto. If the mayor fails for ten days to either approve or veto an ordinance, it shall become valid without his approval. Ordinances shall be signed by the mayor and attested by the clerk. [1967 ex.s. c 119 § 35A.12.130.]

35A.12.140 Adoption of codes by reference. Ordinances may be referred to adopt Washington state statutes and state, county, or city codes, regulations, or ordinances or any standard code of technical regulations, or portions thereof, including, for illustrative purposes but not limited to, fire codes and codes or ordinances relating to the construction of buildings, the installation of plumbing, the installation of electric wiring, health and sanitation, the slaughtering, processing, and selling of meats and meat products for human consumption, the production, pasteurizing, and sale of milk and milk products, or other subjects, together with amendments thereof or additions thereto, on the subject of the ordinance. Such Washington state statutes or codes or other codes or compilations so adopted need not be published in a newspaper as provided in RCW 35A.12.160, but the adopting ordinance shall be so published and a copy of any such adopted statute, ordinance, or code, or portion thereof, with amendments or additions, if any, in the form in which it was adopted, shall be filed in the office of the city clerk for use and examination by the public. While any such statute, code, or compilation is under consideration by the council prior to adoption, not less than one copy thereof shall be filed in the office of the city clerk for examination by the public. [1995 c 71 § 1; 1982 c 226 § 2; 1967 ex.s. c 119 § 35A.12.140.]

35A.12.150 Ordinances—Authentication and recording. The city clerk shall authenticate by his signature and record in full in a properly indexed book kept for the purpose all ordinances and resolutions adopted by the council. Such book, or copies of ordinances and resolutions, shall be available for inspection by the public at reasonable times and under reasonable conditions. [1967 ex.s. c 119 § 35A.12.150.]

35A.12.160 Publication of ordinances or summary—Public notice of hearings and meeting agendas. Promptly after adoption, the text of each ordinance or a summary of the content of each ordinance shall be published at least once in the city’s official newspaper.

For purposes of this section, a summary shall mean a brief description which succinctly describes the main points of the ordinance. Publication of the title of an ordinance authorizing the issuance of bonds, notes, or other evidences of indebtedness shall constitute publication of a summary of that ordinance. When the city publishes a summary, the publication shall include a statement that the full text of the ordinance will be mailed upon request.

An inadvertent mistake or omission in publishing the text or a summary of the content of an ordinance shall not render the ordinance invalid.

In addition to the requirement that a city publish the text or a summary of the content of each adopted ordinance, every city shall establish a procedure for notifying the public of upcoming hearings and the preliminary agenda for the forthcoming council meeting. Such procedure may include, but not be limited to, written notification to the city’s official newspaper, publication of a notice in the official newspaper, posting of upcoming council meeting agendas, or such other processes as the city determines will satisfy the intent of this requirement. [1994 c 273 § 15; 1988 c 168 § 7; 1987 c 400 § 3; 1985 c 469 § 42; 1967 ex.s. c 119 § 35A.12.160.]

35A.12.170 Audit and allowance of demands against city. All demands against a code city shall be presented and audited in accordance with such regulations as may be prescribed by charter or ordinance; and upon the allowance of a demand, the clerk shall draw a warrant upon the treasurer for it, which warrant shall be countersigned by the mayor, or such person as he may designate, and shall specify the fund from which it is to be paid; or, payment may be made by a bank check when authorized by the legislative body of the code city under authority granted by RCW 35A.40.020, which check shall bear the signatures of the officers designated by the legislative body as required signatories of checks of such city, and shall specify the fund from which it is to be paid. [1967 ex.s. c 119 § 35A.12.170.]

35A.12.180 Optional division of city into wards. At any time not within three months previous to a municipal general election the council of a noncharter code city organized under this chapter may divide the city into wards or change the boundaries of existing wards. No change in the boundaries of wards shall affect the term of any councilmember, and councilmembers shall serve out their terms in the wards of their residences at the time of their elections: PROVIDED, That if this results in one ward being represented by more councilmembers than the number to which it is entitled those having the shortest unexpired terms shall be assigned by the council to wards where there is a vacancy, and the councilmembers so assigned shall be deemed to be residents of the wards to which they are assigned for purposes of those positions being vacant. The representation of each ward in the city council shall be in proportion to the population as nearly as is practicable.

Wards shall be redrawn as provided in chapter 29.70 RCW. Wards shall be used as follows: (1) Only a resident of the ward may be a candidate for, or hold office as, a councilmember of the ward; and (2) only voters of the ward may vote at a primary to nominate candidates for a councilmember of the ward. Voters of the entire city may vote at the general election to elect a councilmember of a ward, unless the city had prior to January 1, 1994, limited the voting in the general election for any or all council
positions to only voters residing within the ward associated with the council positions. If a city had so limited the voting in the general election to only voters residing within the ward, then the city shall be authorized to continue to do so. [1994 c 223 § 34; 1967 ex.s. c 119 § 35A.12.180.]

35A.12.190 Powers of council. The council of any code city organized under the mayor-council plan of government provided in this chapter shall have the powers and authority granted to the legislative bodies of cities governed by this title, as more particularly described in chapter 35A.11 RCW. [1967 ex.s. c 119 § 35A.12.190.]

(1) Approval of the proposal as submitted.
(2) Subject to RCW 35.02.170, modification of the proposal by adjusting boundaries to include or exclude territory; except that any such inclusion of territory shall not increase the total area of territory proposed for annexation by an amount exceeding the original proposal by more than five percent: PROVIDED, That the county annexation review board shall not adjust boundaries to include territory not included in the original proposal without first affording to residents and property owners of the area affected by such adjustment of boundaries an opportunity to be heard as to the proposal.

(3) Disapproval of the proposal.

The written decision of the county annexation review board shall be filed with the board of county commissioners and with the legislative body of the city concerned. If the annexation proposal is modified by the county annexation review board, such modification shall be fully set forth in the written decision. The special election date that is so indicated shall be one of the dates for special elections provided under RCW 29.13.020 that is sixty or more days after the date the preference is indicated. The county legislative authority shall call the special election at the special election date so indicated by the city. If the boundary review board or the county annexation review board disapproves the annexation proposal, no further action shall be taken thereon, and no county annexation review board disapproves the annexation proposal, no further action shall be taken thereon, and no county annexation review board shall be filed with the board of county commissioners.

(3) Disapproval of the proposal.

The written decision of the county annexation review board shall be filed with the board of county commissioners and with the legislative body of the city concerned. If the annexation proposal is modified by the county annexation review board, such modification shall be fully set forth in the written decision. The special election date that is so indicated shall be one of the dates for special elections provided under RCW 29.13.020 that is sixty or more days after the date the preference is indicated. The county legislative authority shall call the special election at the special election date so indicated by the city. If the boundary review board or the county annexation review board disapproves the annexation proposal, no further action shall be taken thereon, and no county annexation review board disapproves the annexation proposal, no further action shall be taken thereon, and no county annexation review board shall be filed with the board of county commissioners.

Legislative finding, intent—1975 1st ex.s. c 220: See note following RCW 35.02.170.

Severability—1971 ex.s. c 251: See RCW 35A.90.050.

Notice of an annexation election shall particularly describe the boundaries of the area proposed to be annexed, as the same may have been modified by the boundary review board or the county annexation review board, state the objects of the election as prayed in the petition or as stated in the resolution, and require the voters to cast ballots which shall contain the words "For Annexation" or "Against Annexation" or words equivalent thereto, or contain the words "For Annexation and Adoption of Proposed Zoning Regulation", and "Against Annexation and Adoption of Proposed Zoning Regulation", or words equivalent thereto in case the simultaneous adoption of a proposed zoning regulation is proposed, and in case the assumption of all or a portion of indebtedness is proposed, shall contain an appropriate, separate proposition for or against the portion of indebtedness that the city requires to be assumed. The notice shall be posted for at least two weeks prior to the date of election in four public places within the area proposed to be annexed and published at least once a week for two weeks prior to the date of election in a newspaper of general circulation within the limits of the territory proposed to be annexed. Such notice shall be in addition to the notice required by general election law. [1994 c 223 § 38; 1979 ex.s. c 124 § 4; 1967 ex.s. c 119 § 35A.14.070.]

35A.14.080 Election method—Vote required for annexation—Proposition for assumption of indebtedness—Certification. On the Monday next succeeding the annexation election, the county canvassing board shall proceed to canvass the returns thereof and shall submit the statement of canvass to the county legislative authority.

The proposition for or against annexation or for or against annexation and adoption of the proposed zoning regulation, as the case may be, shall be deemed approved if a majority of the votes cast on that proposition are cast in favor of annexation or in favor of annexation and adoption of the proposed zoning regulation, as the case may be. If a proposition for or against assumption of all or any portion of indebtedness was submitted to the electorate, it shall be deemed approved if a majority of at least three-fifths of the electors of the territory proposed to be annexed voting on such proposition vote in favor thereof, and the number of persons voting on such proposition constitutes not less than forty percent of the total number of votes cast in such territory at the last preceding general election. If either or both propositions were approved by the electors, the county legislative authority shall enter a finding to that effect on its minutes, a certified copy of which shall be forthwith transmitted to and filed with the clerk of the city to which annexation is proposed, together with a certified abstract of the vote showing the whole number who voted at the election, the number of votes cast for annexation and the number cast against annexation or for annexation and adoption of the proposed zoning regulation and the number cast against annexation and adoption of the proposed zoning regulation, as the case may be, and if a proposition for assumption of all or any portion of indebtedness was submitted to the electorate, the abstract shall include the number of votes cast for assumption of indebtedness and the number of votes cast against assumption of indebtedness, together with a statement of the total number of votes cast in such territory at the last preceding general election. [1979 ex.s. c 124 § 5; 1967 ex.s. c 119 § 35A.14.080.]

35A.14.085 Election method—Vote required for annexation with assumption of indebtedness—Without assumption of indebtedness. A code city may cause a proposition authorizing an area to be annexed to the city to be submitted to the qualified voters of the area proposed to be annexed in the same ballot proposition as the question to authorize an assumption of indebtedness. If the measures are combined, the annexation and the assumption of indebt-

edness shall be authorized only if the proposition is approved by at least three-fifths of the voters of the area proposed to be annexed voting on the proposition, and the number of persons voting on the proposition constitutes not less than forty percent of the total number of votes cast in the area at the last preceding general election.

However, the code city council may adopt a resolution accepting the annexation, without the assumption of indebtedness, where the combined ballot proposition is approved by a simple majority vote of the voters voting on the proposition. [1989 c 84 § 23.]

35A.14.090 Election method—Ordinance providing for annexation, assumption of indebtedness. Upon filing of the certified copy of the finding of the county legislative authority, the clerk shall transmit it to the legislative body of the city at the next regular meeting or as soon thereafter as practicable. If only a proposition relating to annexation or to annexation and adoption of a proposed zoning regulation was submitted to the voters and such proposition was approved, the legislative body shall adopt an ordinance providing for the annexation or adopt ordinances providing for the annexation and adoption of a proposed zoning regulation, as the case may be. If a proposition for annexation or for annexation and adoption of a proposed zoning regulation, and a proposition for assumption of all or any portion of indebtedness were both submitted, and both were approved, the legislative body shall adopt an ordinance providing for the annexation or for annexation and adoption of the proposed zoning regulation, including the assumption of the portion of indebtedness that was approved by the voters. If both propositions were submitted and only the annexation or the annexation and adoption of the proposed zoning regulation was approved, the legislative body may adopt an ordinance providing for the annexation or adopt ordinances providing for the annexation and adoption of the proposed zoning regulation, as the case may be, or the legislative body may refuse to annex when a proposal for assumption of the portion of indebtedness has been disapproved by the voters. [1979 ex.s. c 124 § 6; 1967 ex.s. c 119 § 35A.14.090.]

35A.14.100 Election method—Effective date of annexation. Upon the date fixed in the ordinance of annexation, the area annexed shall become a part of the city. Upon the date fixed in the ordinances of annexation and adoption of the proposed zoning regulation, the area annexed shall become a part of the city, and property in the annexed area shall be subject to the proposed zoning regulation, as prepared and filed as provided for in RCW 35A.14.330 and 35A.14.340. All property within the territory hereafter annexed shall, if the proposition approved by the people so provides, be assessed and taxed at the same rate and on the same basis as the property of such annexing city is assessed and taxed for the portion of indebtedness of the city that was approved by the voters. [1979 ex.s. c 124 § 7; 1967 ex.s. c 119 § 35A.14.100.]

35A.14.110 Election method is alternative. The method of annexation provided for in RCW 35A.14.015 through 35A.14.100 is an alternative method and is additional to the other methods provided for in this chapter. [1967 ex.s. c 119 § 35A.14.110.]

35A.14.120 Direct petition method—Notice to legislative body—Meeting—Assumption of indebtedness—Proposed zoning regulation—Contents of petition. Proceedings for initiating annexation of unincorporated territory to a charter code city or noncharter code city may be commenced by the filing of a petition of property owners of the territory proposed to be annexed, in the following manner. This method of annexation shall be alternative to other methods provided in this chapter. Prior to the circulation of a petition for annexation, the initiating party or parties, who shall be the owners of not less than ten percent in value, according to the assessed valuation for general taxation of the property which annexation is sought, shall notify the legislative body of the code city in writing of their intention to commence annexation proceedings. The legislative body shall set a date, not later than sixty days after the filing of the request, for a meeting with the initiating parties to determine whether the code city will accept, reject, or geographically modify the proposed annexation, whether it shall require the simultaneous adoption of a proposed zoning regulation, if such a proposal has been prepared and filed for the area to be annexed as provided for in RCW 35A.14.330 and 35A.14.340, and whether it shall require the assumption of all or of any portion of existing city indebtedness by the area to be annexed. If the legislative body requires the assumption of all or of any portion of indebtedness and/or the adoption of a proposed zoning regulation, it shall record this action in its minutes and the petition for annexation shall be so drawn as to clearly indicate these facts. Approval by the legislative body shall be a condition precedent to circulation of the petition. There shall be no appeal from the decision of the legislative body. A petition for annexation of an area contiguous to a code city may be filed with the legislative body of the municipality to which annexation is desired. It must be signed by the owners, as defined by RCW 35A.01.040(9) (a) through (d), of not less than sixty percent in value, according to the assessed valuation for general taxation of the property for which annexation is petitioned: PROVIDED, That a petition for annexation of an area having at least eighty percent of the boundaries of such area contiguous with a portion of the boundaries of the code city, not including that portion of the boundary of the area proposed to be annexed that is coterminal with a portion of the boundary between two counties in this state, need be signed by only the owners of not less than fifty percent in value according to the assessed valuation for general taxation of the property for which the annexation is petitioned. Such petition shall set forth a description of the property according to government legal subdivisions or legal plats and shall be accompanied by a map which outlines the boundaries of the property sought to be annexed. If the legislative body has required the assumption of all or any portion of city indebtedness by the area annexed or the adoption of a proposed zoning regulation, these facts,
together with a quotation of the minute entry of such requirement, or requirements, shall also be set forth in the petition. [1989 c 351 § 6; 1979 ex.s. c 124 § 8; 1967 ex.s. c 119 § 35A.14.120.]

Sufficiency of petition in code city: RCW 35A.01.040.

35A.14.130 Direct petition method—Notice of hearing. Whenever such a petition for annexation is filed with the legislative body of a code city, which petition meets the requirements herein specified and is sufficient according to the rules set forth in RCW 35A.01.040, the legislative body may entertain the same, fix a date for a public hearing thereon and cause notice of the hearing to be published in one or more issues of a newspaper of general circulation in the city. The notice shall also be posted in three public places within the territory proposed for annexation, and shall specify the time and place of hearing and invite interested persons to appear and voice approval or disapproval of the annexation. [1967 ex.s. c 119 § 35A.14.130.]

35A.14.140 Direct petition method—Ordinance providing for annexation. Following the hearing, if the legislative body determines to effect the annexation, they shall do so by ordinance. Subject to RCW 35.02.170, the ordinance may annex all or any portion of the proposed area but may not include in the annexation any property not described in the petition. Upon passage of the annexation ordinance a certified copy shall be filed with the board of county commissioners of the county in which the annexed property is located. [1986 c 234 § 31; 1975 1st ex.s. c 220 § 16; 1967 ex.s. c 119 § 35A.14.140.]

Legislative finding, intent—1975 1st ex.s. c 220: See note following RCW 35.02.170.

35A.14.150 Direct petition method—Effective date of annexation. Upon the date fixed in the ordinance of annexation the area annexed shall become part of the city. All property within the territory hereafter annexed shall, if the annexation petition so provided, be assessed and taxed at the same rate and on the same basis as the property of such annexing code city is assessed and taxed to pay for the portion of any then-outstanding indebtedness of the city to which said area is annexed, which indebtedness has been approved by the voters, contracted for, or incurred prior to, or existing at, the date of annexation and that the city has required to be assumed. If the annexation petition so provided, all property in the annexed area shall be subject to and a part of the proposed zoning regulation as prepared and filed as provided for in RCW 35A.14.330 and 35A.14.340. [1979 ex.s. c 124 § 9; 1967 ex.s. c 119 § 35A.14.150.]

35A.14.160 Annexation review board—Composition. There is hereby established in each county of the state, other than counties having a boundary review board as provided for in chapter 189, Laws of 1967 [chapter 36.93 RCW], a board to be known as the "annexation review board for the county of . . . . . . . (naming the county)", which shall be charged with the duty of reviewing proposals for annexation of unincorporated territory to charter code cities and noncharter code cities within its respective county; except that proposals within the provisions of RCW 35A.14.220 shall not be subject to the jurisdiction of such board.

In all counties in which a boundary review board is established pursuant to chapter 189, Laws of 1967 [chapter 36.93 RCW] review of proposals for annexation of unincorporated territory to charter code cities and noncharter code cities within such counties shall be subject to chapter 189, Laws of 1967 [chapter 36.93 RCW]. Whenever any county establishes a boundary review board pursuant to chapter 189, Laws of 1967 [chapter 36.93 RCW] the provisions of this act relating to annexation review boards shall not be applicable.

Except as provided above in this section, whenever one or more cities of a county shall have elected to be governed by this title by becoming a charter code city or noncharter code city, the governor shall, within forty-five days thereafter, appoint an annexation review board for such county consisting of five members appointed in the following manner:

Two members shall be selected independently by the governor. Three members shall be selected by the governor from the following sources: (1) One member shall be appointed from nominees of the individual members of the board of county commissioners; (2) one member shall be appointed from nominees of the individual mayors of charter code cities within such county; (3) one member shall be appointed from nominees of the individual mayors of noncharter code cities within such county.

Each source shall nominate at least two persons for an available position. In the event there are less than two nominees for any position, the governor may appoint the member for that position independently. If, at the time of appointment, there are within the county no cities of one of the classes named above as a nominating source, a position which would otherwise have been filled by nomination from such source shall be filled by independent appointment of the governor.

In making appointments independently and in making appointments from among nominees, the governor shall strive to appoint persons familiar with municipal government and administration by experience and/or training. [1971 ex.s. c 251 § 8; 1967 ex.s. c 119 § 35A.14.160.]

Severability—1971 ex.s. c 251: See RCW 35A.90.050.

35A.14.170 Time for filing nominations—Vacancies. Upon the initial formation of a county annexation review board the governor shall give written notice of such formation to all the nominating sources designated therein and nominations must be filed with the office of the governor within fifteen days after receipt of such notice. Nominations to fill vacancies caused by expiration of terms must be filed at least thirty days preceding the expiration of the terms. When vacancies occur in the membership of the board, the governor shall solicit nominations from the appropriate source and if none are filed within fifteen days thereafter, the governor shall fill the vacancy by an independent appointment. [1967 ex.s. c 119 § 35A.14.170.]
35A.14.180 Terms of members. The members of the annexation review board shall be appointed for five year terms. Upon the initial formation of a board, one member appointed by the governor independently shall be appointed for a four year term, the member appointed from among nominees of the board of county commissioners shall be appointed for a three year term, the member appointed from among nominees of the mayors of noncharter code cities shall be appointed for a three year term, and the remaining members shall be appointed for five year terms. Thereafter board members shall be appointed for five year terms as the terms of their predecessors expire. Members shall be eligible for reappointment to the board for successive terms. [1967 ex.s. c 119 § 35A.14.180.]

35A.14.190 Organization of annexation review board—Rules—Journal—Authority. The members of each annexation review board shall elect from among the members a chairman and a vice chairman, and may employ a nonmember as chief clerk, who shall be the secretary of the board. The board shall determine its own rules and order of business, shall provide by resolution for the time and manner of holding regular or special meetings, and shall keep a journal of its proceedings which shall be a public record. A majority of all the members shall constitute a quorum for the transaction of business.

The chief clerk of the board, the chairman, or the vice chairman shall have the power to administer oaths and affirmations, certify to all official acts, issue subpoenas to any public officer or employee ordering him to testify before the board and produce public records, papers, books or documents. The chief clerk, the chairman or the vice chairman may invoke the aid of any court of competent jurisdiction to carry out such powers.

The planning departments of the county, other counties, and any city, and any state or regional planning agency shall furnish such information to the board at its request as may be reasonably necessary for the performance of its duties.

At the request of the board, the state attorney general shall provide counsel for the board. [1967 ex.s. c 119 § 35A.14.190.]

35A.14.200 Determination by county annexation review board—Factors considered—Filing of findings and decision. The jurisdiction of the county annexation review board shall be invoked upon the filing with the board of a resolution for an annexation election as provided in RCW 35A.14.015, or of a petition for an annexation election as provided in RCW 35A.14.030, and the board shall proceed to hold a hearing, upon notice, all as provided in RCW 35A.14.040. A verbatim record shall be made of all testimony presented at the hearing and upon request and payment of the reasonable costs thereof, a copy of the transcript of such testimony shall be provided to any person or governmental unit. The board shall make and file its decision, all as provided in RCW 35A.14.050, insofar as said section is applicable to the matter before the board. Dissenting members of the board shall have the right to have their written dissents included as part of the decision. In reaching a decision on an annexation proposal, the county annexation review board shall consider the factors affecting such proposal, which shall include but not be limited to the following:

1. The immediate and prospective population of the area proposed to be annexed, the configuration of the area, land use and land uses, comprehensive use plans and zoning, per capita assessed valuation, topography, natural boundaries and drainage basins, the likelihood of significant growth in the area and in adjacent incorporated and unincorporated areas during the next ten years, location and coordination of community facilities and services; and

2. The need for municipal services and the available municipal services, effect of ordinances and governmental codes, regulations and resolutions on existing uses, present cost and adequacy of governmental services and controls, the probable future needs for such services and controls, the probable effect of the annexation proposal or alternatives on cost and adequacy of services and controls in area and adjacent area, the effect on the finances, debt structure, and contractual obligations and rights of all affected governmental units; and

3. The effect of the annexation proposal or alternatives on adjacent areas, on mutual economic and social interests, and on the local governmental structure of the county.

The county annexation review board shall determine whether the proposed annexation would be in the public interest and for the public welfare. The decision of the board shall be accompanied by the findings of the board. Such findings need not include specific data on all the factors listed in this section, but shall indicate that all such factors were considered. [1971 ex.s. c 251 § 11; 1967 ex.s. c 119 § 35A.14.200.]

Severability—1971 ex.s. c 251: See RCW 35A.90.050.

35A.14.210 Court review of decisions of the county annexation review board. Decisions of the county annexation review board shall be final unless within ten days from the date of said action a governmental unit affected by the decision or any person owning real property in or residing in the area proposed to be annexed files in the superior court a notice of appeal. The filing of such notice of appeal within such time limit shall stay the effective date of the decision of the board until such time as the appeal shall have been adjudicated or withdrawn. On appeal the superior court shall not take any evidence other than that contained in the record of the hearing before the board. The superior court may affirm the decision of the county annexation review board or remand the case for further proceedings; or the court may reverse the decision and remand if it finds that substantial rights have been prejudiced because the findings, conclusions, or decision of the board are:

1. In violation of constitutional provisions; or
2. In excess of the statutory authority or jurisdiction of the board; or
3. Made upon unlawful procedure; or
4. Affected by other error of law; or
5. Unsupported by material and substantial evidence in view of the entire record as submitted; or

Severability—1971 ex.s. c 251: See RCW 35A.90.050.
35A.14.220 When review procedure may be dispensed with. Annexations under the provisions of RCW 35A.14.295, 35A.14.297, 35A.14.300, and 35A.14.310 shall not be subject to review by the annexation review board: PROVIDED, That in any county in which a boundary review board is established under chapter 36.93 RCW all annexations shall be subject to review except as provided for in RCW 36.93.110. When the area proposed for annexation in a petition or resolution, initiated and filed under any of the methods of initiating annexation authorized by this chapter, is less than fifty acres or less than two million dollars in assessed valuation, review procedures shall not be required as to such annexation proposal, except as provided in chapter 36.93 RCW in those counties with a review board established pursuant to chapter 36.93 RCW. PROVIDED, That when an annexation proposal is initiated by the direct petition method authorized by RCW 35A.14.120, review procedures shall not be required without regard to acreage or assessed valuation, except as provided in chapter 36.93 RCW in those counties with a boundary review board established pursuant to chapter 36.93 RCW. [1979 ex.s. c 18 § 27; 1973 1st ex.s. c 195 § 26; 1967 ex.s. c 119 § 35A.14.220.]

35A.14.231 Territory subject to annexation proposal—When annexation by another city or incorporation allowed. After a petition proposing an annexation by a code city has been filed with the city or the city legislative authority, or after a resolution proposing the annexation by a code city has been adopted by the city legislative authority, no territory included in the proposed annexation may be annexed by another city or town or incorporated into a city or town unless: (1) The boundary review board or county annexation review board created under RCW 35A.14.160 modifies the boundaries of the proposed annexation and removes the territory; (2) the boundary review board or county annexation review board created under RCW 35A.14.160 rejects the proposed annexation; or (3) the city legislative authority rejects the proposed annexation or voters defeat the ballot proposition authorizing the annexation. [1994 c 216 § 8.]

Effective date—1994 c 216: See note following RCW 35.02.015.

35A.14.295 Annexation of unincorporated island of territory within code city—Resolution—Notice of hearing. (1) The legislative body of a code city may resolve to annex territory containing residential property owners to the city if there is within the city, unincorporated territory:
(a) Containing less than one hundred acres and having at least eighty percent of the boundaries of such area contiguous to the code city; or
(b) Of any size and having at least eighty percent of the boundaries of such area contiguous to the city if such area existed before June 30, 1994, and is within the same county and within the same urban growth area designated under RCW 36.70A.110, and the city was planning under chapter 36.70A RCW as of June 30, 1994.
(2) The resolution shall describe the boundaries of the area to be annexed, state the number of voters residing therein as nearly as may be, and set a date for a public hearing on such resolution for annexation. Severability—1997 c 429: See note following RCW 36.70A.3201.

35A.14.297 Ordinance providing for annexation of unincorporated island of territory—Referendum. On the date set for hearing as provided in RCW 35A.14.295, residents or property owners of the area included in the resolution for annexation shall be afforded an opportunity to be heard. The legislative body may provide by ordinance for annexation of the territory described in the resolution, but the effective date of the ordinance shall be not less than forty-five days after the passage thereof. The legislative body shall cause notice of the proposed effective date of the annexation, together with a description of the property to be annexed, to be published at least once each week for two weeks subsequent to passage of the ordinance, in one or more newspapers of general circulation within the city and in one or more newspapers of general circulation within the area to be annexed. If the annexation ordinance provides for assumption of indebtedness or adoption of a proposed zoning regulation, the notice shall include a statement of such requirements. Such annexation ordinance shall be subject to referendum for forty-five days after the passage thereof. Upon the filing of a timely and sufficient referendum petition as provided in RCW 35A.14.299 below, a referendum election shall be held as provided in RCW 35A.14.299, and the annexation shall be deemed approved by the voters unless a majority of the votes cast on the proposition are in opposition thereto. After the expiration of the forty-fifth day from, but excluding the date of passage of the annexation ordinance, if no timely and sufficient referendum petition has been filed, as provided by RCW 35A.14.299 below, the area annexed shall become a part of the code city upon the date fixed in the ordinance of annexation. [1967 ex.s. c 119 § 35A.14.297.]

35A.14.299 Annexation of unincorporated island of territory within code city—Referendum—Effective date if no referendum. Such annexation ordinance as provided for in RCW 35A.14.297 shall be subject to referendum for forty-five days after the passage thereof. Upon the filing of a timely and sufficient referendum petition with the legislative body, signed by qualified electors in number equal to not less than ten percent of the votes cast in the last general state election in the area to be annexed, the question of annexation shall be submitted to the voters of such area in a general election if one is to be held within ninety days or at a special election called for that purpose not less than forty-five days nor more than ninety days after the filing of the referendum petition. Notice of such election shall be
given as provided in RCW 35A.14.070 and the election shall be conducted as provided in *RCW 35A.14.060. The annexation shall be deemed approved by the voters unless a majority of the votes cast on the proposition are in opposition thereto.

After the expiration of the forty-fifth day from but excluding the date of passage of the annexation ordinance, if no timely and sufficient referendum petition has been filed, the area annexed shall become a part of the code city upon the date fixed in the ordinance of annexation. From and after such date, if the ordinance so provided, property in the annexed area shall be subject to the proposed zoning regulation prepared and filed for such area as provided in RCW 35A.14.330 and 35A.14.340. If the ordinance so provided, all property within the area annexed shall be assessed and taxed at the same rate and on the same basis as the property of such annexing code city is assessed and taxed to pay for any then outstanding indebtedness of such city contracted prior to, or existing at, the date of annexation. 35A.14.310 Annexation of federal areas. A code city may annex an unincorporated area contiguous to the city that is owned by the federal government by adopting an ordinance providing for the annexation and which ordinance either acknowledges an agreement of the annexation by the government of the United States, or accepts a gift, grant, or lease from the government of the United States of the right to occupy, control, improve it or sublet it for commercial, manufacturing, or industrial purposes: PROVIDED, That this right of annexation shall not apply to any territory more than four miles from the corporate limits existing before such annexation. Whenever a code city proposes to annex territory under this section, the city shall provide written notice of the proposed annexation to the legislative authority of the county within which such territory is located. The notice shall be provided at least thirty days before the city proposes to adopt the annexation ordinance. The city shall not adopt the annexation ordinance, and the annexation shall not occur under this section, if within twenty-five days of receipt of the notice, the county legislative authority adopts a resolution opposing the annexation, which resolution makes a finding that the proposed annexation will have an adverse fiscal impact on the county or road district. [1985 c 105 § 1; 1967 ex.s. c 119 § 35A.14.310.]

35A.14.320 Annexation of federal areas—Provisions of ordinance—Authority over annexed territory. In the ordinance annexing territory pursuant to a gift, grant, or lease from the government of the United States, a code city may include such tide and shorelands as may be necessary or convenient for the use thereof, and may include in the ordinance an acceptance of the terms and conditions attached to the gift, grant, or lease. A code city may cause territory annexed pursuant to a gift, grant, or lease of the government of the United States to be surveyed, subdivided and platted into lots, blocks, or tracts and lay out, reserve for public use, and improve streets, roads, alleys, slips, and other public places. It may grant or sublet any lot, block, or tract therein for commercial, manufacturing, or industrial purposes and reserve, receive and collect rents therefrom. It may expend the rents received therefrom in making and maintaining public improvements therein, and if any surplus remains at the end of any fiscal year, may transfer it to the city's current expense fund. [1967 ex.s. c 119 § 35A.14.320.]

35A.14.330 Proposed zoning regulation—Purposes of regulations and restrictions. The legislative body of any code city acting through a planning agency created pursuant to chapter 35A.63 RCW, or pursuant to its granted powers, may prepare a proposed zoning regulation to become effective upon the annexation of any area which might reasonably be expected to be annexed by the code city at any future time. Such proposed zoning regulation, to the extent deemed reasonably necessary by the legislative body to be in the interest of health, safety, morals and the general welfare may provide, among other things, for:

(1) The regulation and restriction within the area to be annexed of the location and the use of buildings, structures and land for residence, trade, industrial and other purposes; the height, number of stories, size, construction and design of buildings and other structures; the size of yards, courts and other open spaces on the lot or tract; the density of population; the set-back of buildings and structures along highways, parks or public water frontages; and the subdivision and development of land;

(2) The division of the area to be annexed into districts or zones of any size or shape, and within such districts or zones regulate and restrict the erection, construction, reconstruction, alteration, repair or use of buildings, structures or land;

(3) The appointment of a board of adjustment, to make, in appropriate cases and subject to appropriate conditions and safeguards established by ordinance, special exceptions in harmony with the general purposes and intent of the proposed zoning regulation; and

(4) The time interval following an annexation during which the ordinance or resolution adopting any such proposed regulation, or any part thereof, must remain in effect before it may be amended, supplemented or modified by subsequent ordinance or resolution adopted by the annexing city or town.

All such regulations and restrictions shall be designed, among other things, to encourage the most appropriate use of land throughout the area to be annexed; to lessen traffic congestion and accidents; to secure safety from fire; to provide adequate light and air; to prevent overcrowding of land; to avoid undue concentration of population; to promote a coordinated development of the unbuilt areas; to encourage the formation of neighborhood or community units; to secure an appropriate allotment of land area in new developments for all the requirements of community life; to conserve and restore natural beauty and other natural resources; to facili-
tate the adequate provision of transportation, water, sewerage and other public uses and requirements. [1967 ex.s. c 119 § 35A.14.330.]

35A.14.340 Notice and hearing—Filings and recordings. The legislative body of the code city shall hold two or more public hearings, to be held at least thirty days apart, upon the proposed zoning regulation, giving notice of the time and place thereof by publication in a newspaper of general circulation in the annexing city and the area to be annexed. A copy of the ordinance or resolution adopting or embodying such proposed zoning regulation or any part thereof or any amendment thereto, duly certified as a true copy by the clerk of the annexing city, shall be filed with the county auditor. A like certified copy of any map or plat referred to or adopted by the ordinance or resolution shall likewise be filed with the county auditor. If a portion of a fire protection district including at least sixty percent of the assessed valuation of the real property of the district is annexed to or incorporated into a code city, ownership of all of the assets of the district shall be vested in the code city, upon payment in cash, properties or contracts for fire protection services to the district within one year, of a percentage of the value of said assets equal to the percentage of the value of the real property in the entire district remaining outside the incorporated or annexed area.

The fire protection district may elect, by a vote of a majority of the persons residing outside the annexed area who vote on the proposition, to require the annexing code city to assume responsibility for the provision of fire protection, and for the operation and maintenance of the district’s property, facilities, and equipment throughout the district and to pay the code city a reasonable fee for such fire protection, operation, and maintenance. [1981 c 332 § 8; 1967 ex.s. c 119 § 35A.14.380.]

PROVIDED, That if less than five percent of the area of the district is affected, no payment shall be made to the code city except as provided in RCW 35.02.205. The fire protection district shall provide fire protection to the incorporated or annexed area for such period as the district continues to collect taxes levied in such annexed or incorporated area. [1989 c 267 § 2; 1967 ex.s. c 119 § 35A.14.400.]

35A.14.410 When right of way may be included—Use of right of way line as corporate boundary. The boundaries of a code city arising from an annexation of territory shall not include a portion of the right of way of any public street, road, or highway except where the boundary runs from one edge of the right of way to the other edge of the right of way. However, the right of way line of any public street, road, or highway, or any segment thereof, may be used to define a part of a corporate boundary in an annexation proceeding. [1989 c 84 § 9.]

35A.14.500 Outstanding indebtedness not affected. When any portion of a fire protection district is annexed by or incorporated into a code city, any outstanding indebtedness, bonded or otherwise, shall remain an obligation of the taxable property annexed or incorporated as if the annexation or incorporation had not occurred. [1967 ex.s. c 119 § 35A.14.500.]

After approval of the certificate, the office of financial management shall retain the original copy in its files, and transmit the second copy to the department of transportation and return the third copy to the code city. Such certificates shall be in such form and contain such information as shall be prescribed by the office of financial management. A copy of the complete ordinance containing a legal description and a map showing specifically the boundaries of the annexed territory shall be attached to each of the three copies of the certificate. The certificate shall be signed by the mayor and attested by the city clerk. Upon request, the office of financial management shall furnish certification forms to any code city.

Upon approval of the annexation certificate, the office of financial management shall forward to each state official or department responsible for making allocations or payments to cities or towns, a revised certificate reflecting the increase in population due to such annexation. Upon and after the date of the commencement of the next quarterly period, the population determination indicated in such revised certificate shall be used as the basis for the allocation and payment of state funds to such city or town.

For the purposes of this section, each quarterly period shall commence on the first day of the months of January,

The resident population of the annexed territory shall be determined by, or under the direction of, the mayor of the code city. Such population determination shall consist of an actual enumeration of the population which shall be made in accordance with practices and policies, and subject to the approval of the office of financial management. This section shall not apply to any special assessments due in any territory—Disposition—Notification of annexation. 35A.14.900  Cancellation, acquisition of franchise or permit for operation of public service business in territory annexed—Regulation of solid waste collection. The annexation by any code city of any territory pursuant to this chapter shall cancel, as of the effective date of such annexation, any franchise or permit theretofore granted to any person, firm or corporation by the state of Washington, or by the governing body of such annexed territory, authorizing or otherwise permitting the operation of any public utility, including but not limited to, public electric, water, transportation, garbage disposal or other similar public service business or facility within the limits of the annexed territory, but the holder of any such franchise or permit canceled pursuant to this section shall be forthwith granted by the annexing code city a franchise to continue such business within the annexed territory for a term of not less than seven years from the date of issuance thereof, and the annexing code city, by franchise, permit or public operation, shall not extend similar or competing services to the annexed territory except upon a proper showing of the inability or refusal of such person, firm or corporation to adequately service said annexed territory at a reasonable price: PROVIDED, That the provisions of this section shall not preclude the purchase by the annexing code city of said franchise, business, or facilities at an agreed or negotiated price, or from acquiring the same by condemnation upon payment of damages, including a reasonable amount for the loss of the franchise or permit. In the event that any person, firm or corporation whose franchise or permit has been canceled by the terms of this section shall suffer any measurable damages as a result of any annexation pursuant to the provisions of the laws above-mentioned, such person, firm or corporation shall have a right of action against any code city causing such damages.

After an annexation by a code city, the utilities and transportation commission shall continue to regulate solid waste collection within the limits of the annexed territory until such time as the city notifies the commission, in writing, of its decision to contract for solid waste collection or provide solid waste collection itself pursuant to RCW 81.77.020. In the event the annexing city at any time decides to contract for solid waste collection or decides to undertake solid waste collection itself, the holder of any such franchise or permit that is so canceled in whole or in part shall be forthwith granted by the annexing city a franchise to continue such business within the annexed territory for a term of not less than the remaining term of the original franchise or permit, or not less than seven years, whichever is the shorter period, and the city, by franchise, permit, or public operation, shall not extend similar or competing services to the annexed territory except upon a proper showing of the inability or refusal of such person, firm, or corporation to adequately service the annexed territory at a reasonable price. Upon the effective date specified by the code city council’s ordinance or resolution to have the code city contract for solid waste collection or undertake solid waste collection itself, the transition period specified in this section begins to run. This section does not preclude the purchase by the annexing city of the franchise, business, or facilities at an agreed or negotiated price, or from acquiring the same by condemnation upon payment of damages, including a reasonable amount for the loss of the franchise or permit. In the event that any person, firm, or corporation whose franchise or permit has been canceled by the terms of this section suffers any measurable damages as a result of any annexation pursuant to this chapter, such person, firm, or corporation has a right of action against any city causing such damages. 35A.33.080 Emergency expenditures—Nondebatable emergencies. Upon the happening of any emergency caused by violence of nature, casualty, riot, insurrection, war, or other unanticipated occurrence requiring the immediate preservation of order or public health, or for the restoration to a condition of usefulness of any public property which has been damaged or destroyed by accident, or for public relief from calamity, or in settlement of approved claims for personal injuries or property damage, or to meet mandatory expenditures required by laws enacted since the last annual budget was adopted, or to cover expenses incident to preparing for or establishing a new form of government authorized or assumed after adoption of the current budget, including any expenses incident to selection of additional or new officials required thereby, or incident to employee recruitment at any time, the city council, upon the adoption of an ordinance, by the vote of one more than the majority of all members of the legislative body, stating the facts constituting the emergency and the estimated amount required to meet it, may make the expenditures therefor without notice or hearing. [1967 ex.s. c 119 § 35A.33.080.]

35A.33.090 Emergency expenditures—Other emergencies—Hearing. If a public emergency which could not reasonably have been foreseen at the time of filing the preliminary budget requires the expenditure of money not provided for in the annual budget, and if it is not one of the emergencies specifically enumerated in RCW 35A.33.080, the city council before allowing any expenditure therefor shall adopt an ordinance stating the facts constituting the emergency and the estimated amount required to meet it and declaring that an emergency exists.

Such ordinance shall not be voted on until five days have elapsed after its introduction, and for passage shall require the vote of one more than the majority of all members of the legislative body of the code city.

Any taxpayer may appear at the meeting at which the emergency ordinance is to be voted on and be heard for or against the adoption thereof. [1967 ex.s. c 119 § 35A.33.090.]

35A.33.100 Emergency expenditures—Warrants—Payments. All expenditures for emergency purposes as provided in this chapter shall be paid by warrants from any available money in the fund properly chargeable with such expenditures. If, at any time, there is insufficient money on hand in a fund with which to pay such warrants as presented, the warrants shall be registered, bear interest and be called in the same manner as other registered warrants as prescribed in RCW 35A.21.110. [1967 ex.s. c 119 § 35A.33.100.]

35A.33.102 Registered warrants—Appropriations. In adopting the final budget for any fiscal year, the council shall appropriate from estimated revenue sources available, a sufficient amount to pay the principal and interest on all outstanding registered warrants issued since the adoption of the last preceding budget except those issued and identified as revenue warrants and except those for which an appropriation previously has been made: PROVIDED, That no portion of the revenues which are restricted in use by law may be appropriated for the redemption of warrants issued against a utility or other special purpose fund of a self-supporting nature: PROVIDED FURTHER, That all or any portion of the city’s outstanding registered warrants may be funded into bonds in any manner authorized by law. [1967 ex.s. c 119 § 35A.33.102.]
35A.33.105 Adjustment of wages, etc., of employees permissible budget notwithstanding. Notwithstanding the appropriations for any salary, or salary range of any employee or employees adopted in a final budget, the legislative body of any code city may, by ordinance, change the wages, hours, and conditions of employment of any or all of its appointive employees if sufficient funds are available for appropriation to such purposes. [1967 ex.s. c 119 § 35A.33.105.]

35A.33.110 Forms—Accounting—Supervision by state. The state auditor is empowered to make and install the forms and classifications required by this chapter to define what expenditures are chargeable to each budget class and to establish the accounting and cost systems necessary to secure accurate budget information. [1995 c 301 § 54; 1967 ex.s. c 119 § 35A.33.110.]

35A.33.120 Funds—Limitations on expenditures—Transfers and adjustments. The expenditures as classified and itemized in the final budget shall constitute the city’s appropriations for the ensuing fiscal year. Unless otherwise ordered by a court of competent jurisdiction, and subject to further limitations imposed by ordinance of the code city, the expenditure of city funds or the incurring of current liabilities on behalf of the city shall be limited to the following:

1. The total amount appropriated for each fund in the budget for the current fiscal year, without regard to the individual items contained therein, except that this limitation shall not apply to wage adjustments authorized by RCW 35A.33.105; and
2. The unexpended appropriation balances of a preceding budget which may be carried forward from prior fiscal years pursuant to RCW 35A.33.150; and
3. Funds received from the sale of bonds or warrants which have been duly authorized according to law; and
4. Funds received in excess of estimated revenues during the current fiscal year, when authorized by an ordinance amending the original budget; and
5. Expenditures required for emergencies, as authorized in RCW 35A.33.080 and 35A.33.090.

Transfers between individual appropriations within any one fund may be made during the current fiscal year by order of the city’s chief administrative officer subject to such regulations, if any, as may be imposed by the city council. Notwithstanding the provisions of RCW 43.09.210 or of any statute to the contrary, transfers, as herein authorized, may be made within the same fund regardless of the various offices, departments or divisions of the city which may be affected.

The city council, upon a finding that it is to the best interests of the code city to decrease, revoke or recall all or any portion of the total appropriations provided for any one fund, may, by ordinance, approved by the vote of one more than the majority of all members thereof, stating the facts and findings for doing so, decrease, revoke or recall all or any portion of an unexpended fund balance, and by said ordinance, or a subsequent ordinance adopted by a like majority, the moneys thus released may be reappropriated for another purpose or purposes, without limitation to department, division or fund, unless the use of such moneys is otherwise restricted by law, charter, or ordinance. [1967 ex.s. c 119 § 35A.33.120.]

35A.33.122 Administration, oversight, or supervision of utility—Reimbursement from utility budget authorized. Whenever any code city apportions a percentage of the city manager’s, administrator’s, or supervisor’s time, or the time of other management or general government staff, for administration, oversight, or supervision of a utility operated by the city, or to provide services to the utility, the utility budget may identify such services and budget for reimbursement of the city’s current expense fund for the value of such services. [1991 c 152 § 3.]

35A.33.125 Limitation on expenditures—Void. Liabilities incurred by any officer or employee of the city in excess of any budget appropriations shall not be a liability of the city. The clerk shall issue no warrant and the city council or other authorized person shall approve no claim for an expenditure in excess of the total amount appropriated for any individual fund, except upon an order of a court of competent jurisdiction or for emergencies as provided in this chapter. [1969 ex.s. c 81 § 4; 1967 ex.s. c 119 § 35A.33.125.]

Effective date—1969 ex.s. c 81: See note following RCW 35A.13.035.

35A.33.130 Funds received from sales of bonds and warrants—Expenditures. Moneys received from the sale of bonds or warrants shall be used for no other purpose than that for which they were issued and no expenditure shall be made for that purpose until the bonds have been duly authorized. If any unexpended fund balance remains from the proceeds realized from the bonds or warrants after the accomplishment of the purpose for which they were issued it shall be used for the redemption of such bond or warrant indebtedness. Where a budget contains an expenditure program to be financed from a bond issue to be authorized thereafter, no such expenditure shall be made or incurred until after the bonds have been duly authorized. [1967 ex.s. c 119 § 35A.33.130.]

35A.33.135 Levy for ad valorem tax. At a time fixed by the city’s ordinance or charter, not later than the first Monday in October of each year, the chief administrative officer shall provide the city’s legislative body with current information on estimates of revenues from all sources as adopted in the budget for the current year, together with estimates submitted by the clerk under RCW 35A.33.050. The city’s legislative body and the city’s administrative officer or his designated representative shall consider the city’s total anticipated financial requirements for the ensuing fiscal year, and the legislative body shall determine and fix by ordinance the amount to be raised by ad valorem taxes. Upon adoption of the ordinance fixing the amount of ad valorem taxes to be levied, the clerk shall certify the same to the board of county commissioners as required by RCW 84.52.020. [1967 ex.s. c 119 § 35A.33.135.]

35A.33.140 Funds—Quarterly report of status. At such intervals as may be required by city charter or ordi-

nance, however, being not less than quarterly, the clerk shall submit to the city’s legislative body and chief administrative officer a report showing the expenditures and liabilities against each separate budget appropriation incurred during the preceding reporting period and like information for the whole of the current fiscal year to the first day of the current reporting period together with the unexpended balance of each appropriation. The report shall also show the receipts from all sources. [1967 ex.s. c 119 § 35A.33.140.]

35A.33.145 Contingency fund—Creation. Every code city may create and maintain a contingency fund to provide moneys with which to meet any municipal expense, the necessity or extent of which could not have been foreseen or reasonably evaluated at the time of adopting the annual budget, or from which to provide moneys for those emergencies described in RCW 35A.33.080 and 35A.33.090. Such fund may be supported by a budget appropriation from any tax or other revenue source not restricted in use by law, or also may be supported by a transfer from other unexpended or decreased funds made available by ordinance as set forth in RCW 35A.33.120: PROVIDED, That the total amount accumulated in such fund at any time shall not exceed the equivalent of thirty-seven and one-half cents per thousand dollars of assessed valuation of property within the city at such time. Any moneys in the contingency fund at the end of the fiscal year shall not lapse except upon reappropriation by the council to another fund in the adoption of a subsequent budget. [1973 1st ex.s. c 195 § 28; 1967 ex.s. c 119 § 35A.33.145.]

Severability—Effective dates and termination dates—Construction—1973 1st ex.s. c 195: See notes following RCW 84.52.043.

35A.33.146 Contingency fund—Withdrawals. No money shall be withdrawn from the contingency fund except by transfer to the appropriate operating fund authorized by a resolution or ordinance of the council, adopted by a vote of the majority of the entire council, clearly stating the facts constituting the reason for the withdrawal or the emergency as the case may be, specifying the fund to which the withdrawn money shall be transferred. [1967 ex.s. c 119 § 35A.33.146.]

35A.33.150 Unexpended appropriations. All appropriations in any current operating fund shall lapse at the end of each fiscal year: PROVIDED, That this shall not prevent payments in the following year upon uncompleted programs or improvements in progress or on orders subsequently filled or claims subsequently billed for the purchase of material, equipment and supplies, or for personal or contractual services not completed or furnished by the end of the fiscal year, all of which have been properly budgeted and contracted for prior to the close of such fiscal year but furnished or completed in due course thereafter. All appropriations in a special fund authorized by ordinance or by state law to be used only for the purpose or purposes therein specified, including any cumulative reserve funds lawfully established in specific or general terms for any municipal purpose or purposes, or a contingency fund as authorized by RCW 35A.33.145, shall not lapse, but shall be carried forward from year to year until fully expended or the purpose has been accomplished or abandoned, without necessity of reappropriation.

The accounts for budgetary control for each fiscal year shall be kept open for twenty days after the close of such fiscal year for the purpose of paying and recording claims for indebtedness incurred during such fiscal year; any claim presented after the twentieth day following the close of the fiscal year shall be paid from appropriations lawfully provided for the ensuing period, including those made available by provisions of this section, and shall be recorded in the accounts for the ensuing fiscal year. [1967 ex.s. c 119 § 35A.33.150.]

"Fiscal biennium" defined: RCW 1.16.020.

35A.34.040 Biennial budget authorized—Limitations. All code cities are authorized to establish by ordinance a two-year fiscal biennium budget. The ordinance shall be enacted at least six months prior to commencement of the fiscal biennium and this chapter applies to all code cities which utilize a fiscal biennium budget. Code cities which establish a fiscal biennium budget are authorized to repeal such ordinance and provide for reversion to a fiscal year budget. The ordinance may only be repealed effective as of the conclusion of a fiscal biennium. However, the city shall comply with chapter 35A.33 RCW in developing and adopting the budget for the first fiscal year following repeal of the ordinance. [1985 c 175 § 36.]

35A.34.050 Budget estimates—Submittal. On or before the second Monday of the fourth month prior to the beginning of the city’s next fiscal biennium, or at such other time as the city may provide by ordinance or charter, the clerk shall notify in writing the head of each department of a city to file with the clerk within fourteen days of the receipt of such notification, detailed estimates of the probable revenue from sources other than ad valorem taxation and of all expenditures required by the department for the ensuing fiscal biennium. The notice shall be accompanied by the proper forms provided by the clerk, prepared in accordance with the requirements and classification established by the state auditor. The clerk shall prepare the estimates for interest and debt redemption requirements and all other estimates, the preparation of which falls properly within the duties of the clerk’s office. The chief administrative officers of the city shall submit to the clerk detailed estimates of all expenditures proposed to be financed from the proceeds of bonds or warrants not yet authorized, together with a statement of the proposed method of financing them. In the absence or disability of the official or person regularly in charge of a department, the duties required by this section shall devolve upon the person next in charge of such department. [1995 c 301 § 55; 1985 c 175 § 37.]

35A.34.060 Budget estimates—Classification and segregation. All estimates of receipts and expenditures for the ensuing fiscal biennium shall be fully detailed in the biennial budget and shall be classified and segregated according to a standard classification of accounts to be adopted and prescribed by the state auditor after consultation with the Washington finance officers association, the association of Washington cities, and the association of Washington city managers. [1995 c 301 § 56; 1985 c 175 § 38.]

35A.34.070 Proposed preliminary budget. On or before the first business day in the third month prior to the beginning of the biennium of a city or at such other time as the city may provide by ordinance or charter, the clerk or other person designated by the charter, by ordinances, or by the chief administrative officer of the city shall submit to the chief administrative officer a proposed preliminary budget which shall set forth the complete financial program of the city for the ensuing fiscal biennium, showing the expenditure program requested by each department and the sources of revenue by which each such program is proposed to be financed.

The revenue section shall set forth in comparative and tabular form for each fund the actual receipts for the last completed fiscal biennium, the estimated receipts for the current fiscal biennium, and the estimated receipts for the ensuing fiscal biennium, which shall include the amount to be raised from ad valorem taxes and unencumbered fund balances estimated to be available at the close of the current fiscal biennium. However, if the city was not utilizing a fiscal biennium budget for the previous three years, it shall set forth its fiscal years’ revenues to reflect actual and estimated receipts as if it had previously utilized a biennial budgetary process.

The expenditure section shall set forth in comparative and tabular form for each fund and every department operating within each fund the actual expenditures for the last completed fiscal biennium, the appropriations for the
current fiscal biennium, and the estimated expenditures for the ensuing fiscal biennium. However, if the city was not utilizing a fiscal biennium budget for the previous three years, it shall set forth its fiscal years’ expenditures to reflect actual and estimated levels as if it had previously utilized a biennial budgetary process. The expenditure section shall further set forth separately the salary or salary range for each office, position, or job classification together with the title or position designation thereof. However, salaries may be set out in total amounts under each department if a detailed schedule of such salaries and positions be attached and made a part of the budget document. [1985 c 175 § 39.]

35A.34.080 Preliminary budget. The chief administrative officer shall prepare the preliminary budget in detail, making any revisions or additions to the reports of the department heads deemed advisable by such chief administrative officer. At least sixty days before the beginning of the city’s next fiscal biennium the chief administrative officer shall file it with the clerk as the recommendation of the chief administrative officer for the final budget. The clerk shall provide a sufficient number of copies of such preliminary budget and budget message to meet the reasonable demands of taxpayers therefor and have them available for distribution not later than six weeks before the beginning of the city’s next fiscal biennium. [1985 c 175 § 40.]

35A.34.090 Budget message—Hearings. (1) In every city, a budget message prepared by or under the direction of the city’s chief administrative officer shall be submitted as a part of the preliminary budget to the city’s legislative body at least sixty days before the beginning of the city’s next fiscal biennium and shall contain the following:

(a) An explanation of the budget document;
(b) An outline of the recommended financial policies and programs of the city for the ensuing fiscal biennium;
(c) A statement of the relation of the recommended appropriation to such policies and programs;
(d) A statement of the reason for salient changes from the previous biennium in appropriation and revenue items; and
(e) An explanation for any recommended major changes in financial policy.

(2) Prior to the final hearing on the budget, the legislative body or a committee thereof shall schedule hearings on the budget or parts thereof, and may require the presence of department heads to give information regarding estimates and programs. [1985 c 175 § 41.]

35A.34.100 Budget—Notice of hearing. Immediately following the filing of the preliminary budget with the clerk, the clerk shall publish a notice once a week for two consecutive weeks stating that the preliminary budget for the ensuing fiscal biennium has been filed with the clerk, that a copy thereof will be made available to any taxpayer who will call at the clerk’s office therefor, that the legislative body of the city will meet on or before the first Monday of the month next preceding the beginning of the ensuing fiscal biennium for the purpose of fixing the final budget, designating the date, time, and place of the legislative budget meeting, and that any taxpayer may appear thereat and be heard for or against any part of the budget. The publication of the notice shall be made in the official newspaper of the city if there is one, otherwise in a newspaper of general circulation in the city. If there is no newspaper of general circulation in the city, then notice may be made by posting in three public places fixed by ordinance as the official places for posting the city’s official notices. [1985 c 175 § 42.]

35A.34.110 Budget—Hearing. The legislative body shall meet on the day fixed by RCW 35A.34.100 for the purpose of fixing the final budget of the city at the time and place designated in the notice thereof. Any taxpayer may appear and be heard for or against any part of the budget. The hearing may be continued from day to day but not later than the twenty-fifth day prior to commencement of the city’s fiscal biennium. [1985 c 175 § 43.]

35A.34.120 Budget—Adoption. Following conclusion of the hearing, and prior to the beginning of the fiscal biennium, the legislative body shall make such adjustments and changes as it deems necessary or proper and, after determining the allowance in each item, department, classification, and fund, shall by ordinance adopt the budget in its final form and content. Appropriations shall be limited to the total estimated revenues contained therein including the amount to be raised by ad valorem taxes and the unencumbered fund balances estimated to be available at the close of the current fiscal biennium. Such ordinances may adopt the final budget by reference. However, the ordinance adopting the budget shall set forth in summary form the totals of estimated revenues and appropriations for each separate fund and the aggregate totals for all such funds combined.

A complete copy of the final budget as adopted shall be transmitted to the state auditor and to the association of Washington cities. [1995 c 301 § 57; 1985 c 175 § 44.]

35A.34.130 Budget—Mid-biennial review and modification. The legislative authority of a city having adopted the provisions of this chapter shall provide by ordinance for a mid-biennial review and modification of the biennial budget. The ordinance shall provide that such review and modification shall occur no sooner than eighteen months after the start nor later than conclusion of the first year of the fiscal biennium. The chief administrative officer shall prepare the proposed budget modification and shall provide for publication of notice of hearings consistent with publication of notices for adoption of other city ordinances. City ordinances providing for a mid-biennia review and modification shall establish procedures for distribution of the proposed modification to members of the city legislative authority, procedures for making copies available to the public, and shall provide for public hearings on the proposed budget modification. The budget modification shall be by ordinance approved in the same manner as are other ordinances of the city.

A complete copy of the budget modification as adopted shall be transmitted to the state auditor and to the association of Washington cities. [1995 c 301 § 58; 1985 c 175 § 45.]

35A.34.140 Emergency expenditures—Nondebatable emergencies. Upon the happening of any emergency caused
by violence of nature, casualty, riot, insurrection, war, or other unanticipated occurrence requiring the immediate preservation of order or public health, or for the property which has been damaged or destroyed by accident, or for public relief from calamity, or in settlement of approved claims for personal injuries or property damages, or to meet mandatory expenditures required by law enacted since the last budget was adopted, or to cover expenses incident to preparing for or establishing a new form of government authorized or assumed after adoption of the current budget, including any expenses incident to selection of additional or new officials required thereby, or incident to employee recruitment at any time, the city legislative body, upon the adoption of an ordinance, by the vote of one more than the majority of all members of the legislative body, stating the facts constituting the emergency and the estimated amount required to meet it, may make the expenditures therefor without notice or hearing. [1985 c 175 § 46.]

35A.34.150 Emergency expenditures—Other emergencies—Hearing. If a public emergency which could not reasonably have been foreseen at the time of filing the preliminary budget requires the expenditure of money not provided for in the budget, and if it is not one of the emergencies specifically enumerated in RCW 35A.34.140, the city legislative body before allowing any expenditure therefor shall adopt an ordinance stating the facts constituting the emergency and the estimated amount required to meet it and declaring that an emergency exists.

The ordinance shall not be voted on until five days have elapsed after its introduction, and for passage shall require the vote of one more than the majority of all members of the legislative body of the city.

Any taxpayer may appear at the meeting at which the emergency ordinance is to be voted on and be heard for or against the adoption thereof. [1985 c 175 § 47.]

35A.34.160 Emergency expenditures—Warrants—Payment. All expenditures for emergency purposes as provided in this chapter shall be paid by warrants from any available money in the fund properly chargeable with such expenditures. If, at any time, there is insufficient money on hand in a fund with which to pay such warrants as presented, the warrants shall be registered, bear interest, and be called in the same manner as other registered warrants as prescribed in RCW 35A.21.110. [1985 c 175 § 48.]

35A.34.170 Registered warrants—Payment. In adopting the final budget for any fiscal biennium, the legislative body shall appropriate from estimated revenue sources available, a sufficient amount to pay the principal and interest on all outstanding registered warrants issued since the adoption of the last preceding budget except those issued and identified as revenue warrants and except those for which an appropriation previously has been made. However, no portion of the revenues which are restricted in use by law may be appropriated for the redemption of warrants issued against a utility or other special purpose fund of a self-supporting nature. In addition, all or any portion of the city’s outstanding registered warrants may be funded into bonds in any manner authorized by law. [1985 c 175 § 49.]

35A.34.180 Adjustment of wages, hours and conditions of employment. Notwithstanding the appropriations for any salary or salary range of any employee or employees adopted in a final budget, the legislative body of any city may, by ordinance, change the wages, hours, and conditions of employment of any or all of its appointive employees if sufficient funds are available for appropriation to such purposes. [1985 c 175 § 50.]

35A.34.190 Forms—Accounting—Supervision by state. The state auditor is empowered to make and install the forms and classifications required by this chapter to define what expenditures are chargeable to each budget class and to establish the accounting and cost systems necessary to secure accurate budget information. [1995 c 301 § 59; 1985 c 175 § 51.]

35A.34.200 Funds—Limitations on expenditures—Transfers and adjustments. (1) The expenditures as classified and itemized in the final budget shall constitute the city’s appropriations for the ensuing fiscal biennium. Unless otherwise ordered by a court of competent jurisdiction, and subject to further limitations imposed by ordinance of the city, the expenditure of city funds or the incurring of current liabilities on behalf of the city shall be limited to the following:

(a) The total amount appropriated for each fund in the budget for the current fiscal biennium, without regard to the individual items contained therein, except that this limitation does not apply to wage adjustments authorized by RCW 35A.34.180;

(b) The unexpended appropriation balances of a preceding budget which may be carried forward from prior fiscal periods pursuant to RCW 35A.34.270;

(c) Funds received from the sale of bonds or warrants which have been duly authorized according to law;

(d) Funds received in excess of estimated revenues during the current fiscal biennium, when authorized by an ordinance amending the original budget; and

(e) Expenditures authorized by budget modification as provided by RCW 35A.34.130 and those required for emergencies, as authorized by RCW 35A.34.140 and 35A.34.150.

(2) Transfers between individual appropriations within any one fund may be made during the current fiscal biennium by order of the city’s chief administrative officer subject to such regulations, if any, as may be imposed by the city legislative body. Notwithstanding the provisions of RCW 43.09.210 or of any statute to the contrary, transfers, as authorized in this section, may be made within the same fund regardless of the various offices, departments, or divisions of the city which may be affected.

(3) The city legislative body, upon a finding that it is to the best interests of the city to decrease, revoke, or recall all or any portion of the total appropriations provided for any one fund, may, by ordinance, approved by the vote of one more than the majority of all members thereof, stating the facts and findings for doing so, decrease, revoke, or recall all or any portion of an unexpended fund balance, and by said ordinance, or a subsequent ordinance adopted by a like majority, the moneys thus released may be reappropriated for
another purpose or purposes, without limitation to depart-
ment, division, or fund, unless the use of such moneys is
otherwise restricted by law, charter, or ordinance. [1985 c
175 § 52.]

35A.34.205 Administration, oversight, or supervi-
sion of utility—Reimbursement from utility budget
authorized. Whenever any code city apportions a percent-
age of the city manager’s, administrator’s, or supervisor’s
time, or the time of other management or general govern-
ment staff, for administration, oversight, or supervision of a
utility operated by the city, or to provide services to the
utility, the utility budget may identify such services and
budget for reimbursement of the city’s current expense fund
for the value of such services. [1991 c 152 § 4.]

35A.34.210 Liabilities incurred in excess of budget.
Liabilities incurred by any officer or employee of the city in
excess of any budget appropriations shall not be a liability
of the city. The clerk shall issue no warrant and the city
legislative body or other authorized person shall approve no
claim for an expenditure in excess of the total amount
appropriated for any individual fund, except upon an order
of a court of competent jurisdiction or for emergencies as
provided in this chapter. [1985 c 175 § 53.]

35A.34.220 Funds received from sales of bonds and
warrants—Expenditures. Moneys received from the sale
of bonds or warrants shall be used for no other purpose than
that for which they were issued and no expenditure shall
be made for that purpose until the bonds have been duly
authorized. If any unexpended fund balance remains from
the proceeds realized from the bonds or warrants after the
accomplishment of the purpose for which they were issued,
it shall be used for the redemption of such bond or warrant
indebtedness. Where a budget contains an expenditure
program to be financed from a bond issue to be authorized
thereafter, no such expenditure shall be made or incurred
until after the bonds have been duly authorized. [1985 c 175
§ 54.]

35A.34.230 Revenue estimates—Amount to be
raised by ad valorem taxes. At a time fixed by the city’s
ordinance or city charter, not later than the first Monday in
October of the second year of each fiscal biennium, the chief
administrative officer shall provide the city’s legislative body
with current information on estimates of revenues from all
sources as adopted in the budget for the current biennium,
together with estimates submitted by the clerk under RCW
35A.34.070. The city’s legislative body and the city’s
administrative officer or the officer’s designated representa-
tive shall consider the city’s total anticipated financial
requirements for the ensuing fiscal biennium, and the
legislative body shall determine and fix by ordinance the
amount to be raised the first year of the biennium by ad
valorem taxes. The legislative body shall review such
information as is provided by the chief administrative officer
and shall adopt an ordinance establishing the amount to be
raised by ad valorem taxes during the second year of the
biennium. Upon adoption of the ordinance fixing the
amount of ad valorem taxes to be levied, the clerk shall
certify the same to the county legislative authority as
required by RCW 84.52.020. [1985 c 175 § 55.]

35A.34.240 Funds—Quarterly report of status. At
such intervals as may be required by city charter or city
ordinance, however, being not less than quarterly, the clerk
shall submit to the city’s legislative body and chief adminis-
trative officer a report showing the expenditures and liabili-
ties against each separate budget appropriation incurred
during the preceding reporting period and like information
for the whole of the current fiscal biennium to the first day
of the current reporting period together with the unexpended
balance of each appropriation. The report shall also show
the receipts from all sources. [1985 c 175 § 56.]

35A.34.250 Contingency fund—Creation. Every city
may create and maintain a contingency fund to provide
moneys with which to meet any municipal expense, the
necessity or extent of which could not have been foreseen or
reasonably evaluated at the time of adopting the annual
budget, or from which to provide moneys for those emergen-
cies described in RCW 35A.34.140 and 35A.34.150. Such
fund may be supported by a budget appropriation from any
tax or other revenue source not restricted in use by law, or
also may be supported by a transfer from other unexpended
or decreased funds made available by ordinance as set forth
in RCW 35A.34.200. However, the total amount accumulat-
ed in such fund at any time shall not exceed the equivalent
of thirty-seven and one-half cents per thousand dollars of
assessed valuation of property within the city at such time.
Any moneys in the emergency fund at the end of the fiscal
biennium shall not lapse except upon reappropriation by the
council to another fund in the adoption of a subsequent
budget. [1985 c 175 § 57.]

35A.34.260 Contingency fund—Withdrawals. No
money shall be withdrawn from the contingency fund except
by transfer to the appropriate operating fund authorized by
a resolution or ordinance of the legislative body of the city,
adopted by a majority vote of the entire legislative body,
clearly stating the facts constituting the reason for the
withdrawal or the emergency as the case may be, specifying
the fund to which the withdrawn money shall be transferred.
[1985 c 175 § 58.]

35A.34.270 Unexpended appropriations. All
appropriations in any current operating fund shall lapse at
the end of each fiscal biennium. However, this shall not
prevent payments in the following biennium upon uncom-
pleted programs or improvements in progress or on orders
subsequently filled or claims subsequently billed for the
purchase of material, equipment, and supplies or for personal
or contractual services not completed or furnished by the end
of the fiscal biennium, all of which have been properly
budgeted and contracted for prior to the close of such fiscal
biennium, but furnished or completed in due course thereaf-
ther.

All appropriations in a special fund authorized by
ordinance or by state law to be used only for the purpose of
purposes therein specified, including any cumulative reserve
funds lawfully established in specific or general terms for
any municipal purpose or purposes, or a contingency fund as authorized by RCW 35A.34.250, shall not lapse, but shall be carried forward from biennium to biennium until fully expended or the purpose has been accomplished or abandoned, without necessity of reappropriation.

The accounts for budgetary control for each fiscal biennium shall be kept open for twenty days after the close of such fiscal biennium for the purpose of paying and recording claims for indebtedness incurred during such fiscal biennium; any claim presented after the twentieth day following the close of the fiscal biennium shall be paid from appropriations lawfully provided for the ensuing period, including those made available by provisions of this section, and shall be recorded in the accounts for the ensuing fiscal biennium. [1985 c 175 § 59.]

35A.34.280 Violations and penalties. Upon the conviction of any city official, department head, or other city employee of knowingly failing, or refusing, without just cause, to perform any duty imposed upon such officer or employee by this chapter, or city charter or city ordinance, in connection with the giving of notice, the preparing and filing of estimates of revenues or expenditures or other information required for preparing a budget report in the time and manner required, or of knowingly making expenditures in excess of budget appropriations, the official or employee shall be guilty of a misdemeanor and shall be fined not more than five hundred dollars for each separate violation. [1985 c 175 § 60.]

35A.36.010 Appointment of proxies. The mayor, finance officer, city clerk, or other officer of a code city who is authorized or required by law, charter, or ordinance to execute bonds of the city or any subdivision or district thereof may designate one or more bonded persons to affix such officer’s signature to any bond or bonds requiring his signature. If the signature of one of these officers is affixed to a bond during his continuance in office by a proxy designated by him whose authority has not been revoked, the bond shall be as binding upon the city and all concerned as though the officer had signed the bond in person. This chapter shall apply to all bonds, whether they constitute obligations of the city as a whole or of any local improvement or other district or subdivision thereof, whether they call for payment from the general funds of the city or from a local, special or other fund, and whether negotiable or otherwise. [1967 ex.s. c 119 § 35A.36.010.]

35A.36.020 Coupons—Printing facsimile signatures. A facsimile reproduction of the signature of any of the code city officers referred to in RCW 35A.36.010 may be printed, engraved, or lithographed upon bond coupons with the same effect as though the particular officer had signed the coupon in person. [1967 ex.s. c 119 § 35A.36.020.]

35A.36.030 Deputies—Exemptions. This chapter shall not be construed to require the appointment of deputy finance officers or deputy city clerks of code cities to be made in accordance with this chapter insofar as concerns signatures or other acts which may lawfully be made or done by such deputy officer under the provisions of any other law. [1967 ex.s. c 119 § 35A.36.030.]

35A.36.040 Designation of bonds to be signed. The officer of a code city whose duty it is to cause any bonds to be printed, engraved, or lithographed, shall specify in a written order or requisition to the printer, engraver, or lithographer the number of bonds to be printed, engraved or lithographed and the manner of numbering them. Every printer, engraver, or lithographer who knowingly prints, engraves, or lithographs a greater number of bonds than that specified or who knowingly prints, engravings, or lithographs more than one bond bearing the same number shall be guilty of a felony. [1967 ex.s. c 119 § 35A.36.040.]

35A.36.050 Liability of officer. A code city officer authorizing the affixing of his signature to a bond by a proxy shall be subject to the same liability personally and on his bond for any signature so affixed and to the same extent as
Title 35A RCW: Optional Municipal Code

if he had affixed his signature in person. [1967 ex.s. c 119 § 35A.36.050.]

35A.36.060 Notice to council. In order to designate a proxy to affix his signature to bonds, a code city officer shall address a written notice to the legislative body of the city giving the name of the person whom he has selected therefor and stating generally or specifically what bonds are to be so signed.

Attached to or included in the notice shall be a written signature of the officer making the designation executed by the proposed proxy followed by the word "by" and his own signature; or, if the notice so states, the specimen signatures may consist of a facsimile reproduction of the officer’s signature impressed by some mechanical process followed by the word "by" and the proxy’s own signature.

If the authority is intended to include the signature upon bonds bearing an earlier date than the effective date of the notice, the prior dated bonds must be specifically described by reasonable reference thereto.

The notice designating a proxy shall be filed with the city finance officer or city clerk, together with the specimen signatures attached thereto and a record of the filing shall be made in the journal of the legislative body. This record shall note the date and hour of filing and may be made by the official who keeps the journal at any time after the filing of the notice, even during a period of recess or adjournment of the legislative body. The notice shall be effective from the time of its recording. [1967 ex.s. c 119 § 35A.36.060.]

35A.36.070 Revocation of proxy. Any designation of a proxy may be revoked by written notice addressed to the legislative body of the code city signed by the officer who made the designation and filed and recorded in the same manner as the notice of designation. It shall be effective from the time of its recording but shall not affect the validity of any signatures theretofore made. [1967 ex.s. c 119 § 35A.36.070.]

8. Other elements dealing with subjects that, in the opinion of the legislative body, relate to the development of the municipality, or are essential or desirable to coordinate public services and programs with such development.

9. A solar energy element for encouragement and protection of access to direct sunlight for solar energy systems. [1979 ex.s. c 170 § 7; 1967 ex.s. c 119 § 35A.63.062.]

Severability—1979 ex.s. c 170: See note following RCW 64.04.140.

35A.63.070 Comprehensive plan—Notice and hearing. After preparing the comprehensive plan, or successive parts thereof, as the case may be, the planning agency shall hold at least one public hearing on the comprehensive plan or successive part. Notice of the time, place, and purpose of such public hearing shall be given as provided by ordinance and including at least one publication in a newspaper of general circulation delivered in the code city and in the official gazette, if any, of the code city, at least ten days prior to the date of the hearing. Continued hearings may be held at the discretion of the planning agency but no additional notices need be published. [1967 ex.s. c 119 § 35A.63.070.]
Comprehensive plan—Forwarding to legislative body. Upon completion of the hearing or hearings on the comprehensive plan or successive parts thereof, the planning agency, after making such changes as it deems necessary following such hearing, shall transmit a copy of its recommendations for the comprehensive plan, or successive parts thereof, to the legislative body through the chief administrative officer, who shall acknowledge receipt thereof and direct the clerk to certify thereon the date of receipt. [1967 ex.s. c 119 § 35A.63.071.]

Comprehensive plan—Approval by legislative body. Within sixty days from its receipt of the recommendation for the comprehensive plan, as above set forth, the legislative body at a public meeting shall consider the same. The legislative body within such period as it may by ordinance provide, shall vote to approve or disapprove or to modify and approve, as modified, the comprehensive plan or to refer it back to the planning agency for further proceedings, in which case the legislative body shall specify the time within which the planning agency shall report back to the legislative body its findings and recommendations on the matters referred to it. The final form and content of the comprehensive plan shall be determined by the legislative body. An affirmative vote of not less than a majority of total members of the legislative body shall be required for adoption of a resolution to approve the plan or its parts. The comprehensive plan, or its successive parts, as approved by the legislative body, shall be filed with an appropriate official of the code city and shall be available for public inspection. [1967 ex.s. c 119 § 35A.63.072.]

Comprehensive plan—Effect. From the date of approval by the legislative body the comprehensive plan, its parts and modifications thereof, shall serve as a basic source of reference for future legislative and administrative action: PROVIDED, That the comprehensive plan shall not be construed as a regulation of property rights or land uses: PROVIDED, FURTHER, That no procedural irregularity or informality in the consideration, hearing, and development of the comprehensive plan or a part thereof, or any of its elements, shall affect the validity of any zoning ordinance or amendment thereto enacted by the code city after the approval of the comprehensive plan.

The comprehensive plan shall be consulted as a preliminary to the establishment, improvement, abandonment, or vacation of any street, park, public way, public building, or public structure, and no dedication of any street or other area for public use shall be accepted by the legislative body until the location, character, extent, and effect thereof shall have been considered by the planning agency with reference to the comprehensive plan. The legislative body shall specify the time within which the planning agency shall report and make a recommendation with respect thereto. Recommendations of the planning agency shall be advisory only. [1967 ex.s. c 119 § 35A.63.080.]

Municipal authority. After approval of the comprehensive plan, as set forth above, the legislative body, in developing the municipality and in regulating the use of land, may implement or give effect to the comprehensive plan or parts thereof by ordinance or other action to such extent as the legislative body deems necessary or appropriate. Such ordinances or other action may provide for:

1. Adoption of an official map and regulations relating thereto designating locations and requirements for one or more of the following: Streets, parks, public buildings, and other public facilities, and protecting such sites against encroachment by buildings and other physical structures.

2. Dividing the municipality, or portions thereof, into appropriate zones within which specific standards, requirements, and conditions may be provided for regulating the use of public and private land, buildings, and structures, and the location, height, bulk, number of stories, and size of buildings and structures, size of yards, courts, open spaces, density of population, ratio of land area to the area of buildings and structures, setbacks, area required for off-street parking, protection of access to direct sunlight for solar energy systems, and such other standards, requirements, regulations, and procedures as are appropriately related thereto. The ordinance encompassing the matters of this subsection is hereinafter called the "zoning ordinance". No zoning ordinance, or amendment thereto, shall be enacted by the legislative body without at least one public hearing, notice of which shall be given as set forth in RCW 35A.63.070. Such hearing may be held before the planning agency or the board of adjustment or such other body as the legislative body shall designate.

3. Adoption of design standards, requirements, regulations, and procedures for the subdivision of land into two or more parcels, including, but not limited to, the approval of plats, dedications, acquisitions, improvements, and reservation of sites for public use.

4. Scheduling public improvements on the basis of recommended priorities over a period of years, subject to periodic review.

5. Such other matters as may be otherwise authorized by law or as the legislative body deems necessary or appropriate to effectuate the goals and objectives of the comprehensive plan or parts thereof and the purposes of this chapter. [1979 ex.s. c 170 § 8; 1967 ex.s. c 119 § 35A.63.100.]

Severability—1979 ex.s. c 170: See note following RCW 64.04.140.

Development regulations—Consistency with comprehensive plan. Beginning July 1, 1992, the development regulations of each code city that does not plan under RCW 36.70A.040 shall not be inconsistent with the city's comprehensive plan. For the purposes of this section, "development regulations" has the same meaning as set forth in RCW 36.70A.030. [1990 1st ex.s. c 17 § 23.]

Severability—Part, section headings not law—1990 1st ex.s. c 17: See RCW 36.70A.900 and 36.70A.901.
35A.63.110 Board of adjustment—Creation—Powers and duties. A code city which pursuant to this chapter creates a planning agency and which has twenty-five hundred or more inhabitants, by ordinance, shall create a board of adjustment and provide for its membership, terms of office, organization, jurisdiction. A code city which pursuant to this chapter creates a planning agency and which has a population of less than twenty-five hundred may, by ordinance, similarly create a board of adjustment. In the event a code city with a population of less than twenty-five hundred creates a planning agency, but does not create a board of adjustment, the code city shall provide that the city legislative authority shall itself hear and decide the items listed in subdivisions (1), (2), and (3) of this section. The action of the board of adjustment shall be final and conclusive, unless, within twenty-one days from the date of the action, the original applicant or an adverse party makes application to the superior court for the county in which that city is located for a writ of certiorari, a writ of prohibition, or a writ of mandamus. No member of the board of adjustment shall be a member of the planning agency or the legislative body. Subject to conditions, safeguards, and procedures provided by ordinance, the board of adjustment may be empowered to hear and decide:

(1) Appeals from orders, recommendations, permits, decisions, or determinations made by a code city official in the administration or enforcement of the provisions of this chapter or any ordinances adopted pursuant to it.

(2) Applications for variances from the terms of the zoning ordinance, the official map ordinance or other land-use regulatory ordinances under procedures and conditions prescribed by city ordinance, which among other things shall provide that no application for a variance shall be granted unless the board of adjustment finds:

(a) the variance shall not constitute a grant of special privilege inconsistent with the limitation upon uses of other properties in the vicinity and zone in which the property on behalf of which the application was filed is located; and

(b) that such variance is necessary, because of special circumstances relating to the size, shape, topography, location, or surroundings of the subject property, to provide it with use rights and privileges permitted to other properties in the vicinity and in the zone in which the subject property is located; and

(c) that the granting of such variance will not be materially detrimental to the public welfare or injurious to the property or improvements in the vicinity and zone in which the subject property is situated.

(3) Applications for conditional-use permits, unless such applications are to be heard and decided by the planning agency. A conditional use means a use listed among those classified in any given zone but permitted to locate only after review as herein provided in accordance with standards and criteria set forth in the zoning ordinance.

(4) Such other quasi judicial and administrative determinations as may be delegated by ordinance.

In deciding any of the matters referred to in subsections (1), (2), (3), and (4) of this section, the board of adjustment shall issue a written report giving the reasons for its decision. If a code city provides for a hearing examiner and vests in him the authority to hear and decide the items listed in subdivisions (1), (2), and (3) of this section pursuant to RCW 35A.63.170, then the provisions of this section shall not apply to such a city. [2001 c 200 § 1; 1979 ex.s. c 18 § 34; 1967 ex.s. c 119 § 35A.63.110.]

Severability—1979 ex.s. c 18: See note following RCW 35A.01.070.

35A.63.120 Administration and enforcement. In order to carry into effect the purposes of this chapter, administrative and enforcement responsibilities, other than those set forth in RCW 35A.63.110, may be assigned by ordinance to such departments, boards, officials, employees, or agents as the legislative body deems appropriate. [1967 ex.s. c 119 § 35A.63.120.]

35A.63.130 Provisions inconsistent with charters. Insofar as the provisions of an existing charter of a municipality are inconsistent with this chapter, a municipality may exercise the authority, or any part thereof, granted by this chapter notwithstanding the inconsistent provision of an existing charter. [1967 ex.s. c 119 § 35A.63.130.]

35A.63.140 Duties and responsibilities imposed by other acts. Any duties and responsibilities which by other statutes are imposed upon a planning commission may, in a code city, be performed by a planning agency, as provided in this chapter. [1967 ex.s. c 119 § 35A.63.140.]

35A.63.145 Prohibitions on manufactured homes—Review required—"Designated manufactured home" defined. (1) Each comprehensive plan which does not allow for the siting of manufactured homes on individual lots shall be subject to a review by the city of the need and demand for such homes. The review shall be completed by December 31, 1990.

(2) For the purpose of providing an optional reference for cities which choose to allow manufactured homes on individual lots, a "designated manufactured home" is a manufactured home constructed after June 15, 1976, in accordance with state and federal requirements for manufactured homes, which:

(a) Is comprised of at least two fully enclosed parallel sections each of not less than twelve feet wide by thirty-six feet long;

(b) Was originally constructed with and now has a composition or wood shake or shingle, coated metal, or similar roof of not less than 3:12 pitch; and

(c) Has exterior siding similar in appearance to siding materials commonly used on conventional site-built uniform building code single-family residences.

(3) Nothing in this section precludes cities from allowing any manufactured home from being sited on individual lots through local standards which differ from the designated manufactured home as described in this section, except that the term "designated manufactured home" shall not be used except as defined in subsection (2) of this section. [1988 c 239 § 2.]

35A.63.149 Residential care facilities—Review of need and demand—Adoption of ordinances. Each municipality that does not provide for the siting of residential care facilities in zones or areas that are designated for

Planning and Zoning in Code Cities

35A.63.149

For or pertaining to development of land or land use; orions, shoreline permits, or any other class of applications resulting from the review shall be sent to the *department of community development by September 30, 1990.

On or before June 30, 1991, each municipality that plans and zones under this chapter shall have adopted an ordinance or ordinances that are necessary to implement the findings of this review, if the findings indicate that such changes are necessary, or shall notify the *department of community development as to why such implementing ordinances were not adopted. [1989 c 427 § 37.]

*Reviser’s note: Powers, duties, and functions of the department of community development and the department of trade and economic development were transferred to the department of community, trade, and economic development by 1993 c 280, effective July 1, 1994.

35A.63.150 Public hearings. The legislative body may provide by ordinance for such additional public hearings and notice thereof as it deems to be appropriate in connection with any action contemplated under this chapter. [1967 ex.s. c 119 § 35A.63.150.]

35A.63.152 Public notice—Identification of affected property. Any notice made under chapter 35A.63 RCW that identifies affected property may identify this affected property without using a legal description of the property including, but not limited to, identification by an address, written description, vicinity sketch, or other reasonable means. [1988 c 168 § 10.]

35A.63.160 Construction—1967 ex.s. c 119. This title is intended to implement and preserve to code cities all powers authorized by Article XI, section 11 of the Constitution of the state of Washington and the provision of this title shall not limit any code city from exercising its constitutionally granted power to plan for and to make and enforce within its limits all such local police, sanitary, and other regulations in the manner that its charter or ordinances may provide. [1967 ex.s. c 119 § 35A.63.160.]

35A.63.170 Hearing examiner system—Adoption authorized—Alternative—Functions—Procedures. (1) As an alternative to those provisions of this chapter relating to powers or duties of the planning commission to hear and report on any proposal to amend a zoning ordinance, the legislative body of a city may adopt a hearing examiner system under which a hearing examiner or hearing examiners may hear and decide applications for amending the zoning ordinance when the amendment which is applied for is not of general applicability. In addition, the legislative body may vest in a hearing examiner the power to hear and decide those issues it believes should be reviewed and decided by a hearing examiner, including but not limited to:

(a) Applications for conditional uses, variances, subdivisions, shoreline permits, or any other class of applications for or pertaining to development of land or land use;

(b) Appeals of administrative decisions or determinations; and

(c) Appeals of administrative decisions or determinations pursuant to chapter 43.21C RCW.

The legislative body shall prescribe procedures to be followed by a hearing examiner. If the legislative authority vests in a hearing examiner the authority to hear and decide variances, then the provisions of RCW 35A.63.110 shall not apply to the city.

(2) Each city legislative body electing to use a hearing examiner pursuant to this section shall by ordinance specify the legal effect of the decisions made by the examiner. The legal effect of such decisions may vary for the different classes of applications decided by the examiner but shall include one of the following:

(a) The decision may be given the effect of a recommendation to the legislative body;

(b) The decision may be given the effect of an administrative decision appealable within a specified time limit to the legislative body; or

(c) Except in the case of a rezone, the decision may be given the effect of a final decision of the legislative body.

(3) Each final decision of a hearing examiner shall be in writing and shall include findings and conclusions, based on the record, to support the decision. Such findings and conclusions shall also set forth the manner in which the decision would carry out and conform to the city’s comprehensive plan and the city’s development regulations. Each final decision of a hearing examiner, unless a longer period is mutually agreed to in writing by the applicant and the hearing examiner, shall be rendered within ten working days following conclusion of all testimony and hearings. 35A.63.215 Family day-care provider's home facility—City may not prohibit in residential or commercial area. No city may enact, enforce, or maintain an ordinance, development regulation, zoning regulation, or official control, policy, or administrative practice which prohibits the use of a residential dwelling, located in an area zoned for residential or commercial use, as a family day-care provider's home facility.

A city may require that the facility: (1) Comply with all building, fire, safety, health code, and business licensing requirements; (2) conform to lot size, building size, setbacks, and lot coverage standards applicable to the zoning district except if the structure is a legal nonconforming structure; (3) is certified by the office of child care policy licensor as providing a safe passenger loading area; (4) include signage, if any, that conforms to applicable regulations; and (5) limit hours of operations to facilitate neighborhood compatibility, while also providing appropriate opportunity for persons who use family day-care and who work a nonstandard work shift.

A city may also require that the family day-care provider, before state licensing, require proof of written notification by the provider that the immediately adjoining property owners have been informed of the intent to locate and maintain such a facility. If a dispute arises between neighbors and the family day-care provider over licensing requirements, the licensor may provide a forum to resolve the dispute.

Nothing in this section shall be construed to prohibit a city from imposing zoning conditions on the establishment and maintenance of a family day-care provider's home in an area zoned for residential or commercial use, so long as such conditions are no more restrictive than conditions imposed on other residential dwellings in the same zone and the establishment of such facilities is not precluded. If the legislative body does not adopt findings of fact justifying its action before this hearing, then the legislative body shall do so immediately after this public hearing. A moratorium or interim zoning ordinance adopted under this section may be effective for not longer than six months, but may be effective for up to one year if a work plan is developed for related studies providing for such a longer period. A moratorium or interim zoning ordinance may be renewed for one or more six-month periods if a subsequent public hearing is held and findings of fact are made prior to each renewal. Any assessor who deems it necessary in order to complete the listing and the valuation of the property of the county within the time prescribed by law, (1) may appoint one or more well qualified persons to act as assistants or deputies who shall not engage in the private practice of appraising within the county in which he or she is employed without the written permission of the assessor filed with the auditor; and each such assistant or deputy so appointed shall, under the direction of the assessor, after taking the required oath, perform all the duties enjoined upon, vested in or imposed upon assessors, and (2) may contract with any persons, firms or corporations, who are expert appraisers, to assist in the valuation of property.

To assist each assessor in obtaining adequate and well qualified assistants or deputies, the state department of personnel, after consultation with the Washington state association of county assessors, the Washington state association of counties, and the department of revenue, shall establish by July 1, 1967, and shall thereafter maintain, a classification and salary plan for those employees of an assessor who act as appraisers. The plan shall recommend the salary range and employment qualifications for each position encompassed by it, and shall, to the fullest extent practicable, conform to the classification plan, salary schedules and employment qualifications for state employees performing similar appraisal functions.

An assessor who intends to put such plan into effect shall inform the department of revenue and the county legislative authority of this intent in writing. The department of revenue and the county legislative authority may thereupon, on each designate a representative, and such representative or representatives as may be designated by the department of revenue or the county legislative authority, or both, shall form with the assessor a committee. The committee so formed may, by unanimous vote only, determine the required
number of certified appraiser positions and their salaries necessary to enable the assessor to carry out the requirements relating to revaluation of property in chapter 84.41 RCW. The determination of the committee shall be certified to the county legislative authority. The committee may be formed only once in a period of four calendar years.

After such determination, the assessor may provide, in each of the four next succeeding annual budget estimates, for as many positions as are established in such determination. Each county legislative authority to which such a budget estimate is submitted shall allow sufficient funds for such positions. An employee may be appointed to a position covered by the plan only if the employee meets the employment qualifications established by the plan. [1995 c 134 § 12. resolution establishes a county purchasing department, the purchasing department shall enter into leases of personal property on a competitive basis and purchase all supplies, materials, and equipment on a competitive basis, for all departments of the county, as provided in this chapter and chapter 39.04 RCW, except that the county purchasing department is not required to make purchases that are paid from the county road fund or equipment rental and revolving fund.

(2) As used in this section, "public works" has the same definition as in RCW 39.04.010.

(3) Except as otherwise specified in this chapter or in chapter 36.77 RCW, all counties subject to these provisions shall contract on a competitive basis for all public works after bids have been submitted to the county upon specifications therefor. Such specifications shall be in writing and shall be filed with the clerk of the county legislative authority for public inspection.

(4) An advertisement shall be published in the county official newspaper stating the time and place where bids will be opened, the time after which bids will not be received, the character of the work to be done, the materials and equipment to be furnished, and that specifications therefor may be seen at the office of the clerk of the county legislative authority. An advertisement shall also be published in a legal newspaper of general circulation in or as near as possible to that part of the county in which such work is to be done. If the county official newspaper is a newspaper of general circulation covering at least forty percent of the residences in that part of the county in which such public works are to be done, then the publication of an advertisement of the applicable specifications in the county official newspaper is sufficient. Such advertisements shall be published at least once at least thirteen days prior to the last date upon which bids will be received.

(5) The bids shall be in writing, shall be filed with the clerk, shall be opened and read in public at the time and place named therefor in the advertisements, and after being opened, shall be filed for public inspection. No bid may be considered for public work unless it is accompanied by a bid deposit in the form of a surety bond, postal money order, cash, cashier’s check, or certified check in an amount equal to five percent of the amount of the bid proposed.

(6) The contract for the public work shall be awarded to the lowest responsible bidder. Any or all bids may be rejected for good cause. The county legislative authority shall require from the successful bidder for such public work a contractor’s bond in the amount and with the conditions imposed by law.

(7) If the bidder to whom the contract is awarded fails to enter into the contract and furnish the contractor’s bond as required within ten days after notice of the award, exclusive of the day of notice, the amount of the bid deposit shall be forfeited to the county and the contract awarded to the next lowest and best bidder. The bid deposit of all unsuccessful bidders shall be returned after the contract is awarded and the required contractor’s bond given by the successful bidder is accepted by the county legislative authority. Immediately after the award is made, the bid quotations obtained shall be recorded and open to public inspection and shall be available by telephone inquiry.

(8) As limited by subsection (10) of this section, a county subject to these provisions may have public works performed by county employees in any annual or biennial budget period equal to a dollar value not exceeding ten percent of the public works construction budget, including any amount in a supplemental public works construction budget, over the budget period.

Whenever a county subject to these provisions has had public works performed in any budget period up to the maximum permitted amount for that budget period, all remaining public works except emergency work under subsection (12) of this section within that budget period shall be done by contract pursuant to public notice and call for competitive bids as specified in subsection (3) of this section. The state auditor shall report to the state treasurer any county subject to these provisions that exceeds this amount and the extent to which the county has or has not reduced the amount of public works it has performed by public employees in subsequent years.

(9) If a county subject to these provisions has public works performed by public employees in any budget period that are in excess of this ten percent limitation, the amount in excess of the permitted amount shall be reduced from the otherwise permitted amount of public works that may be performed by public employees for that county in its next budget period. Ten percent of the motor vehicle fuel tax distributions to that county shall be withheld if two years after the year in which the excess amount of work occurred, the county has failed to so reduce the amount of public works that it has performed by public employees. The amount withheld shall be distributed to the county when it has demonstrated in its reports to the state auditor that the amount of public works it has performed by public employees has been reduced as required.

(10) In addition to the percentage limitation provided in subsection (8) of this section, counties subject to these provisions containing a population of one million or more shall not have public employees perform a public works project in excess of seventy thousand dollars if more than a single craft or trade is involved with the public works project, or a public works project in excess of twenty-five thousand dollars if only a single craft or trade is involved with the public works project. A public works project means a complete project. The restrictions in this subsection do not permit the division of the project into units of work or classes of work to avoid the restriction on work that may be performed by public employees on a single project.

The cost of a separate public works project shall be the costs of materials, supplies, equipment, and labor on the construction of that project. The value of the public works budget shall be the value of all the separate public works projects within the budget.

(11) In addition to the accounting and recordkeeping requirements contained in chapter 39.04 RCW, any county which uses public employees to perform public works projects under RCW 36.32.240(1) shall prepare a year-end report to be submitted to the state auditor indicating the total dollar amount of the county’s public works construction budget and the total dollar amount for public works projects performed by public employees for that year.

[1973 1st ex.s. c 196 § 1.]

36.34.010 Authority to sell—May sell timber, minerals separately—Mineral reservation. Whenever it
appears to the board of county commissioners that it is for the best interests of the county and the taxing districts and the people thereof that any part or parcel, or portion of such part or parcel, of property, whether real, personal, or mixed, belonging to the county, including tax title land, should be sold, the board shall sell and convey such property, under the limitations and restrictions and in the manner hereinafter provided.

In making such sales the board of county commissioners may sell any timber, mineral, or other resources on any land owned by the county separate and apart from the land in the same manner and upon the same terms and conditions as provided in this chapter for the sale of real property.

The board of county commissioners may reserve mineral rights in such land and, if such reservation is made, any conveyance of the land shall contain the following reservation:

"The party of the first part hereby expressly saves, excepts, and reserves out of the grant hereby made, unto itself, its successors, and assigns, forever, all oils, gases, coals, ores, minerals, gravel, timber, and fossils of every name, kind, or description, and which may be in or upon said lands above described; or any part thereof, and the right to explore the same for such oils, gases, coals, ores, minerals, gravel, timber and fossils; and it also hereby expressly saves and reserves out of the grant hereby made, unto itself, its successors, and assigns, forever, the right to enter by itself, its agents, attorneys, and servants upon said lands, or any part or parts thereof, at any and all times, for the purpose of opening, developing, and working mines thereon, and taking out and removing therefrom all such oils, gases, coal, ores, minerals, gravel, timber, and fossils, and to that end it further expressly reserves out of the grant hereby made, unto itself, its successors, and assigns, forever, the right by it or its agents, servants, and attorneys at any and all times to erect, construct, maintain, and use all such buildings, machinery, roads and railroads, sink such shafts, remove such oil, and to remain on said lands or any part thereof, for the business of mining and to occupy as much of said lands as may be necessary or convenient for the successful prosecution of such mining business, hereby expressly reserving to itself, its successors, and assigns, as aforesaid, generally, all rights and powers in, to, and over said land, whether herein expressed or not, reasonably necessary or convenient to render beneficial and efficient the complete enjoyment of the property and the rights hereby expressly reserved."

No rights shall be exercised under the foregoing reservation until provision has been made to pay to the owner of the land upon which the rights reserved are sought to be exercised, full payment for all damages sustained by reason of entering upon the land: PROVIDED, That if the owner for any cause refuses or neglects to settle the damages, the county, its successors, or assigns, or any applicant for a lease or contract from the county for the purpose of prospecting for or mining valuable minerals, or operation contract, or lease, for mining coal, or lease for extracting petroleum or natural gas, shall have the right to institute such legal proceedings in the superior court of the county wherein the land is situated, as may be necessary to determine the damages which the owner of the land may suffer. Any of the reserved minerals or other resources not exceeding two hundred dollars in value may be sold, when the board deems it advisable, either with or without publication of notice of sale, and in such manner as the board may determine will be most beneficial to the county. [1991 c 363 § 66; 1985 c 469 § 45; 1967 ex.s. c 144 § 1; 1963 c 4 § 36.34.020. Prior: 1945 c 254 § 1; Rem. Supp. 1945 § 4014-1; prior: 1891 c 76 § 2, part; RRS § 4008, part.]

36.34.030 Requirements of notice—Posting. The notice of hearing on the proposal to dispose of any county property must particularly describe the property or portion thereof proposed to be sold and designate the place where and the day and hour when a hearing will be held thereon and be posted in a conspicuous place in the courthouse. Supp. 1945 § 4014-3; prior: 1891 c 76 § 2, part; RRS § 4008, part.]

36.34.050 Findings and determination—Minimum price. Within three days after the hearing upon a proposal to dispose of county property, the county legislative authority shall make its findings and determination thereon and cause them to be spread upon its minutes and made a matter of record. The county legislative authority may set a minimum sale price on property that is proposed for sale. [1991 c 363 § 67; 1963 c 4 § 36.34.050. Prior: 1945 c 254 § 4; Rem. If the board elects to trade in the used equipment it shall include in its call for bids on the new equipment a notice that the county has for sale or trade-in used equipment of a specified type and description which will be sold or traded in on the same day and hour that the bids on the new equipment are opened. Any bidder on the new equipment may include in his offer to sell, an offer to accept the used equipment as a part payment of the new equipment purchase price, setting forth the amount of such allowance.

In determining the lowest and best bid on the new equipment the board shall consider the net cost to the county of such new equipment after trade-in allowances have been deducted. The board may accept the new equipment bid of any bidder without trading in the used equipment but may not require any such bidder to purchase the used equipment without awarding the bidder the new equipment contract. Nothing in this section shall bar anyone from making an offer for the purchase of the used equipment independent of a bid on the new equipment and the board shall consider such offers in relation to the trade-in allowances offered to determine the net best sale and purchase combination for the county. 36.34.140 Leases of county property—Airports. The board of county commissioners, if it appears that it is for the best interests of the county and the people thereof, that any county real property and its appurtenances should be leased for a year or a term of years, may lease such property under the limitations and restrictions and in the manner provided in this chapter, and, if it appears that it is for the best interests of the county and the people thereof, that any county real property and its appurtenances which is now being, or is to be devoted to airport or aeronautical purposes or purposes incidental thereto, should be leased for a year or a term of years, said board of county commissioners may lease such property under the limitations and restrictions and in the manner provided in this chapter, and said board of county commissioners shall have power to lease such county real property and its appurtenances whether such property was heretofore or hereafter acquired or whether heretofore or hereafter acquired by tax deed under tax foreclosure proceedings for nonpayment of taxes or whether held or acquired in any other manner. Any lease executed under the authority of the provisions hereof creates a vested interest and a contract binding upon the county and the lessee. [1963 c 4 § 36.34.140. Prior: 1951 2nd ex.s. c 14 § 1; prior: (i) 1901 c 87 § 1; RRS § 4019. (ii) 1901 c 87 § 6, part; RRS § 4024, part.]

36.34.145 Leases of county property to nonprofit organizations for agricultural fairs. The legislative authority of any county owning property in or outside the limits of any city or town, or anywhere within the county, which is suitable for agricultural fair purposes may by negotiation lease such property for such purposes for a term not to exceed seventy-five years to any nonprofit organization that has demonstrated its qualification to conduct agricultural fairs. Such agricultural fair leases shall not be subject to any requirement of periodic rental adjustments, as provided in RCW 36.34.180, but shall provide for such fixed annual rental as shall appear reasonable, considering the benefit to be derived by the county in the promotion of the fair and in the improvement of the property. The lessee may utilize or rent out such property at times other than during the fair season for nonfair purposes in order to obtain income for fair purposes, and during the fair season may sublease portions of the property for purposes and activities associated with such fair. No sublease shall be valid unless the same shall be approved in writing by the county legislative authority: PROVIDED, That failure of such lessee, except by act of God, war or other emergency beyond its control, to conduct an annual agricultural fair or exhibition, shall cause said lease to be subject to cancellation by the county legislative authority. A county legislative authority entering into an agreement with a nonprofit association to lease property for agricultural fair purposes shall, when requested to do so, file a copy of the lease agreement with the department of agriculture or the state fair commission in order to assure compliance with the provisions of RCW 15.76.165. [1986 c 171 § 2; 1963 c 4 § 36.34.145. Prior: 1957 c 134 § 1.]

36.34.150 Application to lease—Deposit. Any person desiring to lease county lands shall make application in writing to the board of county commissioners. Each application shall be accompanied by a deposit of not less than ten dollars or such other sum as the county commissioners may require, not to exceed twenty-five dollars. The deposit shall be in the form of a certified check or certificate of deposit on some bank in the county, or may be paid in cash. In case the lands applied for are leased at the time they are offered, the deposit shall be returned to the applicant, but if the party making application fails or refuses to comply with the terms of his application and to execute the lease, the deposit shall be forfeited to the county, and the board of county commissioners shall pay the deposit over to the county treasurer, who shall place it to the credit of the current expense fund. [1963 c 4 § 36.34.150. Prior: 1901 c 87 § 2; RRS § 4020.]

36.34.160 Notice of intention to lease. When, in the judgment of the board of county commissioners, it is found desirable to lease the land applied for, it shall first give
notice of its intention to make such lease by publishing a notice in a legal newspaper at least once a week for the term of three weeks, and shall also post a notice of such intention in a conspicuous place in the courthouse for the same length of time. The notice so published and posted shall designate and describe the property which is proposed to be leased, together with the improvements thereon and appurtenances thereto, and shall contain a notice that the board of county commissioners will meet at the county courthouse on a day and at an hour designated in the notice, for the purpose of leasing the property which day and hour shall be at a time not more than a week after the expiration of the time required for the publication of the notice. [1963 c 4 § 36.34.160. Prior: 1901 c 87 § 3; RRS § 4021.]

36.34.170 Objections to leasing. Any person may appear at the meeting of the county commissioners or any adjourned meeting thereof, and make objection to the leasing of the property, which objection shall be stated in writing. In passing upon objections the board of county commissioners shall, in writing, briefly give its reasons for accepting or rejecting the same, and such objections, and the reasons for accepting or refusing the application, shall be published by the board in the next subsequent weekly issue of the newspaper in which the notice of hearing was published. [1963 c 4 § 36.34.170. Prior: 1901 c 87 § 5; RRS § 4023.]

36.34.180 Lease terms. At the day and hour designated in the notice or at any subsequent time to which the meeting may be adjourned by the board of county commissioners, but not more than thirty days after the day and hour designated for the meeting in the published notice, the board may lease the property in such notice described for a term of years and upon such terms and conditions as to the board may seem just and right in the premises. No lease shall be for a longer term in any one instance than ten years, and no renewal of a lease once executed and delivered shall be had, except by a re-leasing and re-letting of the property according to the terms and conditions of this chapter: PROVIDED, That if a county owns property within or outside the corporate limits of any city or town or anywhere in the county suitable for municipal purposes, or for commercial buildings, or owns property suitable for manufacturing or industrial purposes or sites, or for military purposes, or for temporary or emergency housing, or for any requirement incidental to manufacturing, commercial, agricultural, housing, military, or governmental purposes, the board of county commissioners may lease it for such purposes for any period not to exceed thirty-five years: PROVIDED FURTHER, Where the property involved is or is to be devoted to airport purposes and construction work or the installation of new facilities is contemplated, the board may lease said property for such period as may equal the estimated useful life of such work or facilities but not to exceed seventy-five years.

If property is leased for municipal purposes or for commercial buildings or manufacturing or industrial purposes the lessee shall prior to the execution of the lease file with the board of county commissioners general plans and specifications of the building or buildings to be erected thereon for such purposes. All leases when executed shall provide that they shall be canceled by failure of the lessee to construct such building or buildings or other improvements for such purposes within three years from date of the lease, and in case of failure so to do the lease and all improvements thereon including the rentals paid, shall thereby be forfeited to the county unless otherwise stipulated. No change or modification of the plans shall be made unless first approved by the board of county commissioners. If at any time during the life of the lease the lessee fails to use the property for the purposes leased, without first obtaining permission in writing from the board of county commissioners so to do, the lease shall be forfeited.

Any lease made for a longer period than ten years shall contain provisions requiring the lessee to permit the rentals for every five year period thereafter, or part thereof, at the commencement of such period, to be readjusted and fixed by the board of county commissioners. In the event that the lessee and the board cannot agree upon the rentals for said five year period, the lessee shall submit to have the disputed rentals for the subsequent period adjusted by arbitration. The lessee shall pick one arbitrator and the board one, and the two so chosen shall select a third. No board of arbitrators shall reduce the rentals below the sum fixed or agreed upon for the last preceding period. All buildings, factories, or other improvements made upon property leased shall belong to and become property of such county, unless otherwise stipulated, at the expiration of the lease.

No lease shall be assigned without the assignment being first authorized by resolution of the board of county commissioners and the consent in writing of at least two members of the board endorsed on the lease. All leases when drawn shall contain this provision.

This section shall not be construed to limit the power of the board of county commissioners to sell, lease, or by gift convey any property of the county to the United States or any of its governmental agencies to be used for federal government purposes. [1963 c 4 § 36.34.180. Prior: 1951 c 41 § 1; 1941 c 110 § 2; 1913 c 162 § 1; 1903 c 57 § 1; 1901 c 87 § 4; RRS § 4022.]

36.34.190 Lease to highest responsible bidder. No lease shall be made by the county except to the highest responsible bidder at the time of the hearing set forth in the notice of intention to lease. [1963 c 4 § 36.34.190. Prior: 1901 c 87 § 6, part; RRS § 4024, part.]

36.34.192 Application of RCW 36.34.150 through 36.34.190 to certain service provider agreements under chapter 70.150 RCW. RCW 36.34.150 through 36.34.190 shall not apply to agreements entered into pursuant to chapter 70.150 RCW provided there is compliance with the procurement procedure under RCW 70.150.040. [1986 c 244 § 12.]

Severability—1986 c 244: See RCW 70.150.905.

36.34.200 Execution of lease agreement. Upon the decision of the board of county commissioners to lease the lands applied for, a lease shall be executed in duplicate to the lessee by the chairman of the board and the county auditor, attested by his seal of office, which lease shall also be signed by the lessee. The lease shall refer to the order of the board directing the lease, with a description of the lands.

sell the real property.
When the legislative authority desires to sell any such

property in one or more units, and may reserve from sale
coal, oil, gas, gravel, minerals, ores, fossils, timber, or other

remove the same, and it shall then enter an order on its
records fixing the unit or units in which the property shall be

shall describe the property to be sold, the unit or units, the
reservations, and the minimum price fixed in the order,
together with the time and place and terms of sale, in the
same manner as foreclosure sales as provided by RCW
84.64.080.
The person making the bid shall state whether he or she
will pay cash for the amount of his or her bid or accept a
real estate contract of purchase in accordance with the
provisions hereinafter contained. The person making the

that in event of the election all sums theretofore paid by the
vendee shall be forfeited as liquidated damages for failure to
comply with the provisions of the contract; and shall require
the vendor to execute and deliver to the vendee a deed of

Chapter 36.36
AQUIFER PROTECTION AREAS

Sections
36.36.010  Purpose.
36.36.020  Creation of aquifer protection area—Public hearing—Ballot proposition.

63.36.010  Purpose. The protection of subterranean water from pollution or degradation is of great concern. The depletion of subterranean water is of great concern. The purpose of this chapter is to allow the creation of aquifer protection areas to finance the protection, preservation, and rehabilitation of subterranean water, and to reduce special assessments imposed upon households to finance facilities for such purposes. Pollution and degradation of subterranean drinking water supplies, and the depletion of subterranean drinking water supplies, pose immediate threats to the safety and welfare of the citizens of this state. [1991 c 151 § 1; 1985 c 425 § 1.]

63.36.020  Creation of aquifer protection area—Public hearing—Ballot proposition. The county legislative authority of a county may create one or more aquifer protection areas for the purpose of funding the protection, preservation, and rehabilitation of subterranean water.

When a county legislative authority proposes to create an aquifer protection area it shall conduct a public hearing on the proposal. Notice of the public hearing shall be published at least once, not less than ten days prior to the hearing, in a newspaper of general circulation within the proposed aquifer protection area. The public hearing may be continued to other times, dates, and places announced at the public hearing, without publication of the notice. At the public hearing, the county legislative authority shall hear objections and comments from anyone interested in the proposed aquifer protection area. After the public hearing, the county legislative authority may adopt a resolution causing a ballot proposition to be submitted to the registered voters residing within the proposed aquifer protection area to authorize the creation of the aquifer protection area, if the county legislative authority finds that the creation of the aquifer protection area would be in the public interest. The resolution shall: (1) Describe the boundaries of the proposed aquifer protection area; (2) find that its creation is in the public interest; (3) state the maximum level of fees for the withdrawal of water, or on-site sewage disposal, occurring in the aquifer protection area, if the county legislative authority finds that the creation of the aquifer protection area would be in the public interest. The resolution shall: (1) Describe the boundaries of the proposed aquifer protection area; (2) find that its creation is in the public interest; (3) state the maximum level of fees for the withdrawal of water, or on-site sewage disposal, occurring in the aquifer protection area, or both; and (4) describe the uses for the fees.

An aquifer protection area shall be created by ordinances of the county if the voters residing in the proposed aquifer protection area approve the ballot proposition by a simple majority vote. The ballot proposition shall be in substantially the following form:

"Shall the . . . (insert the name) aquifer protection area be created and authorized to impose monthly fees on . . . (insert "the withdrawal of water" or "on-site sewage disposal") of not to exceed . . . (insert a dollar amount) per household unit for up to . . . (insert a number of years) to finance . . ."
(insert the type of activities proposed to be financed)?

Yes ............
No ............

If both types of monthly fees are proposed to be imposed, maximum rates for each shall be included in the ballot proposition.

An aquifer protection area may not include territory located within a city or town without the approval of the city or town governing body, nor may it include territory located in the unincorporated area of another county without the approval of the county legislative authority of that county. [1985 c 425 § 2.]

36.36.030 Imposition of fees—Ballot proposition to authorize increased fees or additional purposes. Aquifer protection areas are authorized to impose fees on the withdrawal of subterranean water and on on-site sewage disposal. The fees shall be expressed as a dollar amount per household unit. Fees imposed for the withdrawal of water, or on-site sewage disposal, other than by households shall be expressed and imposed in equivalents of household units. If both types of fees are imposed, the rate imposed on on-site sewage disposal shall not exceed the rate imposed for the withdrawal of water.

No fees shall be imposed in excess of the amount authorized by the voters of the aquifer protection area. Fees shall only be used for the activity or activities authorized by the voters of the aquifer protection area. Ballot propositions may be submitted to the voters of an aquifer protection area to authorize a higher maximum level of such fees or to authorize additional activities for which the fees may be used. Such a ballot proposition shall be substantially in the form of that portion of the proposition to authorize the creation of an aquifer protection district that relates to fees or activities, as provided in RCW 36.36.020. Approval of the ballot proposition by simple majority vote shall authorize the higher maximum level of fees or additional activities for which the fees may be used.

A county may contract with existing public utilities to collect the fees, or collect the fees itself. [1985 c 425 § 3.]

36.36.035 Reduced fees for low-income persons. A county may adopt an ordinance reducing the level of fees, for the withdrawal of subterranean water or for on-site sewage disposal, that are imposed upon the residential property of a class or classes of low-income persons. [1987 c 381 § 1.]

36.36.040 Use of fee revenues. Aquifer protection areas may impose fees to fund:

(1) The preparation of a comprehensive plan to protect, preserve, and rehabilitate subterranean water, including ground water management programs adopted under chapter 90.44 RCW. This plan may be prepared as a portion of a county sewerage and/or water general plan pursuant to RCW 36.94.030;

(2) The construction of facilities for: (a) The removal of water-borne pollution; (b) water quality improvement; (c) sanitary sewage collection, disposal, and treatment; (d) storm water or surface water drainage collection, disposal, and treatment; and (e) the construction of public water systems;
