which any such approval may be granted. In establishing such criteria the state treasurer shall give primary consideration to the protection of the state's credit rating and the integrity of the state's debt management program. If it appears to the state treasurer that any lease has been used or referred to in violation of this subsection or rules adopted under this subsection, then he or she may recommend that the governor cause such lease to be terminated. The department of general administration shall promptly notify the state treasurer whenever it may appear to the department that any lease has been used or referred to in violation of this subsection or rules adopted under this subsection.

(5) It is the policy of the state to encourage the colocation and consolidation of state services into single or adjacent facilities, whenever appropriate, to improve public service delivery, minimize duplication of facilities, increase efficiency of operations, and promote sound growth management planning.

(6) The director of general administration shall provide coordinated long-range planning services to identify and evaluate opportunities for colocating and consolidating state facilities. Upon the renewal of any lease, the inception of a new lease, or the purchase of a facility, the director of general administration shall determine whether an opportunity exists for colocating the agency or agencies in a single facility with other agencies located in the same geographic area. If a colocation opportunity exists, the director of general administration shall consult with the affected state agencies and the office of financial management to evaluate the impact colocation would have on the cost and delivery of agency programs, including whether program delivery would be enhanced due to the centralization of services. The director of general administration, in consultation with the office of financial management, shall develop procedures for implementing colocation and consolidation of state facilities.

(7) The director of general administration is authorized to purchase, lease, rent, or otherwise acquire improved or unimproved real estate as owner or lessee and to lease or sublet all or a part of such real estate to state or federal agencies. The director of general administration shall charge each using agency its proportionate rental which shall include an amount sufficient to pay all costs, including, but not limited to, those for utilities, janitorial and accounting services, and sufficient to provide for contingencies; which shall not exceed five percent of the average annual rental, to meet unforeseen expenses incident to management of the real estate.

(8) If the director of general administration determines that it is necessary or advisable to undertake any work, construction, alteration, repair, or improvement on any real estate acquired pursuant to subsection (1) or (7) of this section, the director shall cause plans and specifications thereof and an estimate of the cost of such work to be made and filed in his or her office and the state agency benefiting thereby is hereby authorized to pay for such work out of any available funds: PROVIDED, That the cost of executing such work shall not exceed the sum of twenty-five thousand dollars. Work, construction, alteration, repair, or improvement in excess of twenty-five thousand dollars, other than that done by the owner of the property if other than the state, shall be performed in accordance with the public works law of this state.

(9) In order to obtain maximum utilization of space, the director of general administration shall make space utilization studies, and shall establish standards for use of space by state agencies. Such studies shall include the identification of opportunities for colocation and consolidation of state agency office and support facilities.

(10) The director of general administration may construct new buildings on, or improve existing facilities, and furnish and equip, all real estate under his or her management. Prior to the construction of new buildings or major improvements to existing facilities or acquisition of facilities using a lease purchase contract, the director of general administration shall conduct an evaluation of the facility design and budget using life-cycle cost analysis, value-engineering, and other techniques to maximize the long-term effectiveness and efficiency of the facility or improvement.

(11) All conveyances and contracts to purchase, lease, rent, transfer, exchange, or sell real estate and to grant and accept easements shall be approved as to form by the attorney general, signed by the director of general administration or the director's designee, and recorded with the county auditor of the county in which the property is located.

(12) The director of general administration may delegate any or all of the functions specified in this section to any agency upon such terms and conditions as the director deems advisable.

(13) This section does not apply to the acquisition of real estate by:

(a) The state college and universities for research or experimental purposes;

(b) The state liquor control board for liquor stores and warehouses; and

**43.83A.010 Declaration.** The long-range development goals for the state of Washington must include the protection of the resources and environment of the state and the health and safety of its people by providing adequate facilities and systems for the collection, treatment, control, or disposal of solid or liquid waste materials. [1980 c 21 § 1; 1972 ex.s. c 127 § 1.]

**43.83A.020 General obligation bonds—Authorized—Issuance, sale, terms—Appropriation required.** For the purpose of providing funds for the planning, acquisition, construction, and improvement of public waste disposal facilities in this state, the state finance committee is authorized to issue general obligation bonds of the state of Washington in the sum of one hundred ninety-five million dollars or so much thereof as may be required

to finance the improvements defined in this chapter and all costs incidental thereto. As used in this section the phrase "public waste disposal facilities" shall not include the acquisition of equipment used to collect, carry, and transport garbage. These bonds shall be paid and discharged within twenty years of the date of issuance or within thirty years should Article VIII of the Constitution of the state of Washington be amended to permit such longer term. No bonds authorized by this chapter shall be offered for sale without prior legislative appropriation of the proceeds of such bonds to be sold. [1990 1st ex.s. c 15 § 7. Prior: 1989 1st ex.s. c 14 § 10; 1989 c 136 § 2; 1977 ex.s. c 242 § 1; 1972 ex.s. c 127 § 2.]

**Severability—1990 1st ex.s. c 15:** See note following RCW 43.99H.010.

**Severability—Effective dates—1989 1st ex.s. c 14:** See RCW 43.99H.900 and 43.99H.901.

**Intent—1989 c 136:** "It is the intent of this act to allow the sale of state general obligation bonds to underwriters at a discount so that they may be sold to the public at face value, thereby resulting in lower interest costs to the state. Increases in bond authorizations under this act represent this discount and will have no effect on the amount of money available for the projects to be financed by the bonds." [1989 c 136 § 1.]

**Severability—1977 ex.s. c 242:** "If any provision of this 1977 amendatory act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected." [1977 ex.s. c 242 § 6.]

**43.83A.030 Proceeds to be deposited in state and local improvements revolving account.** The proceeds from the sale of bonds authorized by this chapter shall be deposited in the state and local improvements revolving account hereby created in the state treasury and shall be used exclusively for the purpose specified in this chapter and for payment of the expenses incurred in the issuance and sale of the bonds. **Effective date—1985 c 57:** See note following RCW 18.04.105.

**43.83A.040 Administration of proceeds—Use of funds—Integration of disposal systems.** The proceeds from the sale of the bonds deposited in the state and local improvements revolving account of the general fund under the terms of this chapter shall be administered by the state department of ecology subject to legislative appropriation. The department may use or permit the use of any funds derived from the sale of bonds authorized under this chapter to accomplish the purpose for which said bonds are issued by direct expenditures and by grants or loans to public bodies, including grants to public bodies as matching funds in any case where federal, local or other funds are made available on a matching basis for improvements within the purposes of this chapter.

The department may not use or permit the use of any funds derived from the sale of bonds authorized by this chapter for the support of a solid waste recycling activity or service in a locale if the department determines that the activity or service is reasonably available to persons within that locale from private enterprise.

Integration of the management and operation of systems for solid waste disposal with systems of liquid waste

disposal holds promise of improved waste disposal efficiency and greater environmental protection and restoration. To encourage the planning for and development of such integration, the legislature may provide for special grant incentives to public bodies which plan for or operate integrated waste disposal management systems. [1979 c 68 § 2; 1972 ex.s. c 127 § 4.]

**43.83A.050 Definitions.** As used in this chapter, the term "waste disposal facilities" shall mean any facilities or systems owned or operated by a public body for the collection, storage, treatment, disposal, recycling, control, or recovery of liquid wastes or solid wastes, including, but not limited to, sanitary sewage, storm water, residential, industrial, and commercial wastes, material segregated into recyclables and nonrecyclables, and any combination of such wastes; and all equipment, utilities, structures, real property, and interests in and improvements on real property, necessary for or incidental to such purpose.

As used in this chapter, the term "public body" means the state of Washington or any agency, political subdivision, taxing district, or municipal corporation thereof, and those Indian tribes now or hereafter recognized as such by the federal government for participation in the federal land and water conservation program and which may constitutionally receive grants or loans from the state of Washington. [1980 c 21 § 2; 1979 c 68 § 1; 1972 ex.s. c 127 § 5.]

**43.83A.060 Referral to electorate.** This chapter shall be submitted to the people for their adoption and ratification, or rejection, at the general election to be held in this state on the Tuesday next succeeding the first Monday in November, 1972, in accordance with the provisions of section 3, Article VIII of the Constitution of the state of Washington, and in accordance with the provisions of section 1, Article II of the Constitution of the state of Washington, as amended, and the laws adopted to facilitate the operation thereof. [1972 ex.s. c 127 § 6.]

**Reviser's note:** Chapter 43.83A RCW was adopted and ratified by the people at the November 7, 1972, general election (Referendum Bill No. 26). Governor's proclamation declaring approval of measure is dated December 7, 1972.

Such portion of the proceeds of the sale of such bonds as may be required for such purpose shall

be applied to the payment of the principal of and interest on such anticipation notes which have been issued. The bonds and notes shall pledge the full faith and credit of the state of Washington and shall contain an unconditional promise to pay the principal and interest when due. The state finance committee may authorize the use of a printed facsimile of the seal of the state of Washington in the issuance of the bonds and notes. [1972 ex.s. c 127 § 8.]

**43.83A.090 Retirement of bonds from waste disposal facilities bond redemption fund—Retail sales tax collections—Remedies of bond holders—Debt-limit general fund bond retirement account.** The waste disposal facilities bond redemption fund is created in the state treasury. This fund shall be exclusively devoted to the payment of interest on and retirement of the bonds authorized by this chapter. The state finance committee shall, on or before June 30th of each year, certify to the state treasurer the amount needed in the ensuing twelve months to meet such bond retirement and interest requirements, and on July 1st of each year the state treasurer shall deposit such amount in the waste disposal facilities bond redemption fund from moneys transmitted to the state treasurer by the state department of revenue and certified by the department to be sales tax collections. The owner and holder of each of the bonds or the trustee for any of the bonds may by mandamus or other appropriate proceeding require the transfer and payment of funds as directed herein.

If a debt-limit general fund bond retirement account is created in the state treasury by chapter 456, Laws of 1997 and becomes effective prior to the issuance of any of the bonds authorized by this chapter, the debt-limit general fund bond retirement account shall be used for the purposes of this chapter in lieu of the waste disposal facilities bond redemption fund. [1997 c 456 § 12; 1972 ex.s. c 127 § 9.]

**Severability—1997 c 456:** See RCW 43.99L.900.

**Effective date—1997 c 456 §§ 9-43:** See RCW 43.99M.901.

**43.83A.100 Legislature may provide additional means for payment of bonds.** The legislature may provide additional means for raising moneys for the payment of the principal and interest of the bonds authorized herein, and this chapter shall not be deemed to provide an exclusive method for such payment. [1972 ex.s. c 127 § 10.]

**43.83A.110 Bonds legal investment for public funds.** The bonds herein authorized shall be a legal investment for all state funds, or for funds under state control, and for all funds of any other public body. [1972 ex.s. c 127 § 11.]

#### EMERGENCY WATER WITHDRAWAL AND FACILITIES

**43.83B.300 Legislative findings—General obligation bonds authorized—Issuance, terms—Appropriation required.** The legislature finds that the fundamentals of water resource policy in this state must be reviewed by the legislature to ensure that the water resources of the state are protected and fully utilized for the greatest benefit to the people of the state of Washington. The legislature further finds that it is necessary to provide the department of ecology with emergency powers to authorize withdrawals of public surface and ground waters, including dead storage within reservoirs, on a temporary basis, and construction of facilities in relation thereto, in order to alleviate emergency water supply conditions arising from the drought forecast for the state of Washington during 1977 and during 1987 through 1989.

The legislature further finds that there is a continuing water supply shortage in many areas of the state and that there is an urgent need to assure the survival of irrigated crops and of the state's fisheries.

The legislature further finds that in addition to water storage facilities or other augmentation programs, improved efficiency of water use could provide an important new supply of water in many parts of the state with which to meet future water needs and that improved efficiency of water use should receive greater emphasis in the management of the state's water resources.

In order to study the fundamentals of water resource policy of the state and to provide needed moneys for the planning, acquisition, construction, and improvement of water supply facilities and for other appropriate measures to assure the survival of irrigated crops and/or the state's fisheries to alleviate emergency water supply conditions arising from droughts occurring from time to time in the state of Washington, and to carry out a comprehensive water use efficiency study for the state of Washington, the state finance committee is authorized to issue general obligation bonds of the state of Washington in the sum of eighteen million dollars, or so much thereof as may be required to finance such projects, and all costs incidental thereto. No bonds authorized by this section and RCW 43.83B.360 through 43.83B.375 shall be offered for sale without prior legislative appropriation, and these bonds shall be paid and discharged within thirty years of the date of issuance in accordance with Article VIII, section 1 of the state Constitution. [1988 c 47 § 1; 1988 c 46 § 2; 1988 c 45 § 1; 1987 c 343 § 1; 1979 ex.s. c 263 § 1; 1977 ex.s. c 1 § 1.]

**Reviser's note:** This section was amended by 1988 c 45 § 1, 1988 c 46 § 2, and by 1988 c 47 § 1, each without reference to the other. All amendments are incorporated in the publication of this section pursuant to RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

**Application—1988 c 47:** "Nothing in this act shall apply to or interfere with the processing or issuance of water rights in connection with the Yakima River Basin Water Enhancement Project." [1988 c 47 § 8.]

**Severability—1988 c 47:** "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1988 c 47 § 9.]

**Severability—1987 c 343:** "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1987 c 343 § 11.]

**Severability—1979 ex.s. c 263:** "If any provision of this 1979 amendatory act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1979 ex.s. c 263 § 5.]

**43.83B.336 Civil penalties.** See RCW 90.03.600.

**43.83B.345 Rates of charges for water—Payment into bond redemption fund—Grants and loans—Contracts.** (1) The department of ecology shall, by rule, establish rates of charges for all waters delivered from such facilities as constructed by the department with funds provided in RCW 43.83B.385 (2) or (3). Where the department provides water to public or municipal corporations or other governmental bodies having authority to distribute water, the payment for the water may be made pursuant to contract over a period not exceeding twenty-five years from the date of delivery. In all other cases, the department shall

obtain payment for waters prior to its delivery to a purchaser. All payments received shall be deposited into the state emergency water projects bond redemption fund of 1977.

(2) Public bodies, eligible to obtain funds through grants or loans or combinations thereof under the provisions of \*RCW 43.83B.300 through 43.83B.345 and 43.83B.210 as now or hereafter amended, are authorized to enter into contracts with the department of ecology for the purpose of repaying loans authorized by RCW 43.83B.380 and 43.83B.385 and for the purpose of purchasing water under this section.

**\*Reviser's note:** RCW 43.83B.305 through 43.83B.330 and 43.83B.340 through 43.83B.344 were repealed by 1989 c 171 § 12.

**43.83B.350 Loans or grants from department of ecology—Authorized—Limitations.** See RCW 43.83B.210.

**43.83B.355 Form, sale, conditions, etc., of bonds—"Water supply facilities for water withdrawal and distribution" defined.** The state finance committee is authorized to prescribe the form of the bonds authorized in RCW 43.83B.300, the time of sale of all or any portion or portions of such bonds, and the conditions of sale and issuance thereof.

The bonds shall pledge the full faith and credit of the state of Washington and contain an unconditional promise to pay the principal and interest when due. The committee may provide that the bonds, or any of them, may be called prior to the due date thereof under such terms and conditions as it may determine. The state finance committee may authorize the use of facsimile signatures in the issuance of the bonds.

As used in RCW 43.83B.300, and 43.83B.355 through 43.83B.375, the term "water supply facilities for water withdrawal and distribution" shall mean municipal, industrial, and agricultural water supply and distribution systems including, but not limited to, all equipment, utilities, structures, real property, and interest in and improvements on real property necessary for or incidental to the acquisition, construction, installation, improvement, or use of any water supply or distribution system furnishing water for agricultural, municipal or industrial purposes. [1977 ex.s. c 1 § 12.]

**43.83B.360 State emergency water projects revolving account—Proceeds from sale of bonds.** The proceeds from the sale of bonds authorized by RCW 43.83B.300, and 43.83B.355 through 43.83B.375 shall be deposited in the state emergency water projects revolving account, hereby created in the state treasury, and shall be used exclusively for the purposes specified in RCW 43.83B.300, and 43.83B.355 through 43.83B.375 and for the payment of expenses incurred in the issuance and sale of such bonds. **43.83B.370 Retirement of bonds and notes from emergency water projects bond redemption fund—Remedies of bond holders.** The state emergency water projects bond redemption fund of 1977, hereby created in the state treasury, shall be used for the purpose of the payment of interest on and retirement of the bonds and notes authorized to be issued by RCW 43.83B.300, and 43.83B.355 through 43.83B.375. The state finance committee, on or before June 30th of each year, shall certify to the state treasurer the amount needed in the ensuing twelve months, to meet bond retirement and interest requirements. **43.83B.380 Appropriations to department of health—Authorized projects—Conditions.** There is hereby appropriated to the department of health the sum of nine million seven hundred thirty-seven thousand dollars, or so much thereof as may be necessary, for the biennium ending June 30, 1977, from the general fund—state and local improvements revolving account—water supply facilities for the purposes authorized in \*RCW 43.83B.300 through 43.83B.345 and 43.83B.210 as now or hereafter amended relating to the emergency water conditions arising from the drought forecast for the summer and fall of 1977 affecting municipal and industrial water supply distribution facilities. Prior to the expenditure of funds for projects approved by the department, the department shall file a listing of the approved projects with the senate ways and means committee and the house appropriations committee.

(2) There is hereby appropriated to the department of health the sum of five million three hundred twenty-seven thousand dollars, or so much thereof as may be necessary, for the biennium ending June 30, 1977, from the general fund—state and local improvements revolving account—water supply facilities to be expended for municipal and industrial water supply and distribution facility projects for which applications are in progress on March 25, 1977 and

have arisen from the drought forecast for the summer and fall of 1977. Prior to the expenditure of funds for projects approved by the department, the department shall file a listing of the approved projects with the senate ways and means committee and the house appropriations committee.

The municipal and industrial water supply and distribution facilities receiving funds from the appropriations contained in this section shall comply with the eligible costs criteria, health and design standards, and contract performance requirements of the municipal and industrial funding program under chapter 43.83B RCW. All projects shall be evaluated by applying the said chapter's evaluation and prioritization criteria to insure that only projects related to water shortage problems receive funding. The projects funded shall be limited to those projects providing interties with adjacent utilities, an expanded source of supply, conservation projects which will conserve or maximize efficiency of the existing supply, or a new source of supply. No obligation to provide a grant for a project authorized under this section shall be incurred after June 30, 1977. [1991 c 3 § 300; 1977 ex.s. c 1 § 17.]

**\*Reviser's note:** RCW 43.83B.305 through 43.83B.330 and 43.83B.340 through 43.83B.344 were repealed by 1989 c 171 § 12.

**43.83B.385 Appropriations to department of ecology—Authorized projects—Findings.** (1) There is hereby appropriated to the department of ecology for the biennium ending June 30, 1977, from the state emergency water projects revolving account in the general fund, the sum of seven million dollars, or so much thereof as may be necessary, which shall be expended for the financing of the following agricultural water supply and distribution projects from surface water sources: Kennewick Irrigation District; Kittitas Reclamation District; Stemilt Irrigation District; Wenatchee Heights Reclamation District; and the Wenatchee Reclamation District.

(2) There is hereby appropriated to the department of ecology for the biennium ending June 30, 1977, from the state emergency water projects revolving account in the general fund, the sum of five million dollars, or so much thereof as may be necessary, which shall be expended for the financing and construction of agricultural water supply and distribution projects from ground water sources primarily in the Moxee-Ahtanum and Park Creek aquifer areas.

(3) There is hereby appropriated to the department of ecology for the biennium ending June 30, 1977, from the state emergency water supply revolving account in the general fund the sum of six million dollars, or so much thereof as may be necessary, which shall be expended for water withdrawal projects relating to ground and surface waters as provided for in subsections (1) and (2) of this section and for the financing and construction of agricultural water supply and distribution projects from ground and surface water sources which may become required by public bodies other than those identified in this section as a result of the drought forecast for the summer and fall of 1977.

The department may expend funds from the appropriations contained in subsections (1), (2), and (3) of this section to make loans or combinations of loans and grants to public bodies as defined in RCW 43.83B.050. The grant portion of a combination loan and grant to a public body for any

project shall not exceed fifteen percent of the total amount received by such project under this section.

The department may expend funds from the appropriations contained in subsections (1), (2), and (3) of this section to make loans or combinations of loans and grants to public bodies as defined in RCW 43.83B.050 to satisfy the matching requirements of RCW 43.83B.210 as now or hereafter amended.

Prior to the funding of any agriculture projects not specifically set forth in this section the department must make a formal finding that: An emergency water shortage condition exists; the project proposed for funding will alleviate the water shortage; the public body recipient of any funds has reasonable capability to repay the loan involved; and the water from the project will be used for a beneficial purpose as a substitute for water not available due to drought conditions. [1977 ex.s. c 1 § 18.]

**43.83B.400 Drought conditions—Defined—Intent.**

It is the intent of the legislature to provide emergency powers to the department of ecology to enable it to take actions, in a timely and expeditious manner, that are designed to alleviate hardships and reduce burdens on various water users and uses arising from drought conditions. As used in this chapter, "drought condition" means that the water supply for a geographical area or for a significant portion of a geographical area is below seventy-five percent of normal and the water shortage is likely to create undue hardships for various water uses and users. [1989 c 171 § 1.]

**Severability—1989 c 171:** "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1989 c 171 § 14.]

**43.83B.405 Drought conditions—Withdrawals and diversions—Orders, procedure.**

(1) Whenever it appears to the department of ecology that a drought condition either exists or is forecast to occur within the state or portions thereof, the department of ecology is authorized to issue orders, pursuant to rules previously adopted, to implement the powers as set forth in RCW 43.83B.410 through 43.83B.420. The department shall, immediately upon the issuance of an order under this section, cause said order to be published in newspapers of general circulation in the areas of the state to which the order relates. Prior to the issuance of an order, the department shall (a) consult with and obtain the views of the federal and state government entities identified in the drought contingency plan periodically revised by the department pursuant to RCW 43.83B.410(4), and (b) obtain the written approval of the governor. Orders issued under this section shall be deemed orders for the purposes of chapter 34.05 RCW.

(2) Any order issued under subsection (1) of this section shall contain a termination date for the order. The termination date shall be not later than one calendar year from the date the order is issued. Although the department may, with the written approval of the governor, change the termination date by amending the order, no such amendment or series of amendments may have the effect of extending its termination to a date which is later than two calendar years after the issuance of the order.

(3) The provisions of subsection (2) of this section do not preclude the issuance of more than one order under subsection (1) of this section for different areas of the state or sequentially for the same area as the need arises for such an order or orders. [1989 c 171 § 2.]

**Severability—1989 c 171:** See note following RCW 43.83B.400.

**43.83B.410 Drought conditions—Withdrawals and diversions—Orders, authority granted.** Upon the issuance of an order under RCW 43.83B.405, the department of ecology is empowered to:

(1)(a) Authorize emergency withdrawal of public surface and ground waters, including dead storage within reservoirs, on a temporary basis and authorize associated physical works which may be either temporary or permanent. The termination date for the authority to make such an emergency withdrawal may not be later than the termination date of the order issued under RCW 43.83B.405 under which the power to authorize the withdrawal is established. The department of ecology may issue such withdrawal authorization when, after investigation and after providing appropriate federal, state, and local governmental bodies an opportunity to comment, the following are found:

(i) The waters proposed for withdrawal are to be used for a beneficial use involving a previously established activity or purpose;

(ii) The previously established activity or purpose was furnished water through rights applicable to the use of a public body of water that cannot be exercised due to the lack of water arising from natural drought conditions; and

(iii) The proposed withdrawal will not reduce flows or levels below essential minimums necessary (A) to assure the maintenance of fisheries requirements, and (B) to protect federal and state interests including, among others, power generation, navigation, and existing water rights;

(b) All withdrawal authorizations issued under this section shall contain provisions that allow for termination of withdrawals, in whole or in part, whenever withdrawals will conflict with flows and levels as provided in (a)(iii) of this subsection. Domestic and irrigation uses of public surface and ground waters shall be given priority in determining "beneficial uses." As to water withdrawal and associated works authorized under this subsection, the requirements of chapter 43.21C RCW and public bidding requirements as otherwise provided by law are waived and inapplicable. All state and local agencies with authority to issue permits or other authorizations for such works shall, to the extent possible, expedite the processing of the permits or authorizations in keeping with the emergency nature of the requests and shall provide a decision to the applicant within fifteen calendar days of the date of application. All state departments or other agencies having jurisdiction over state or other public lands, if such lands are necessary to effectuate the withdrawal authorizations issued under this subsection, shall provide short-term easements or other appropriate property interest upon the payment of the fair market value. This mandate shall not apply to any lands of the state that are reserved for a special purpose or use that cannot properly be carried out if the property interest were conveyed;

(2) Approve a temporary change in purpose, place of use, or point of diversion, consistent with existing state

policy allowing transfer or lease of waters between willing parties, as provided for in RCW 90.03.380, 90.03.390, and 90.44.100. However, compliance with any requirements of (a) notice of newspaper publication of these sections or (b) the state environmental policy act, chapter 43.21C RCW, is not required when such changes are necessary to respond to drought conditions as determined by the department of ecology. An approval of a temporary change of a water right as authorized under this subsection is not admissible as evidence in either supporting or contesting the validity of water claims in *State of Washington, Department of Ecology v. Acquavella*, Yakima county superior court number 77-2-01484-5 or any similar proceeding where the existence of a water right is at issue.

(3) Employ additional persons for specified terms of time, consistent with the term of a drought condition, as are necessary to ensure the successful performance of the activities associated with implementing the emergency drought program of this chapter.

(4) Revise the drought contingency plan previously developed by the department; and

(5) Acquire needed emergency drought-related equipment. [1989 c 171 § 3.]

**Severability—1989 c 171:** See note following RCW 43.83B.400.

**43.83B.415 Drought conditions—Loans and grants.**

(1) The department of ecology is authorized to make loans, grants, or combinations of loans and grants from emergency agricultural water supply funds when necessary to provide water to alleviate emergency drought conditions in order to ensure the survival of irrigated crops and the state's fisheries. For the purposes of this section, "emergency agricultural water supply funds" means funds appropriated from the state emergency water projects revolving account created under RCW 43.83B.360. The department of ecology may make the loans, grants, or combinations of loans and grants as matching funds in any case where federal, local, or other funds have been made available on a matching basis. The department may make a loan of up to ninety percent of the total eligible project cost or combination loan and grant up to one hundred percent of the total single project cost. **Legislative finding—1999 c 94:** "The legislature finds that a periodic review of the accounts and their uses is necessary. While creating new accounts may facilitate the implementation of legislative intent, the creation of too many accounts limits the effectiveness of performance-based budgeting. to address emerging and changing issues in addition to creating administrative burdens for the responsible agencies. Accounts created for specific purposes may no longer be valid or needed. Accordingly, this act eliminates accounts that are not in use or are unneeded and consolidates accounts that are similar in nature." [1999 c 94 § 1.]

While creating new accounts may facilitate the implementation of legislative intent, the creation of too many accounts limits the effectiveness of performance-based budgeting. Too many accounts also limit the flexibility of the legislature to address emerging and changing issues in addition to creating administrative burdens for the responsible agencies. *Public funds, deposit and investment, public depositories: Chapter 39.58 RCW.*

**43.86A.010 Finding—Objectives.** The legislature finds that a procedure should be established for the management of short term treasury surplus funds by the state treasurer in order to insure a maximum return while they are on deposit in public depositories. The objectives of this procedure are to minimize noninterest earning demand deposits and provide fair compensation to financial institutions for services rendered to the state through the investment of state funds in time deposits. [1983 c 66 § 20; 1973 c 123 § 1.]

**Severability—1983 c 66:** See note following RCW 39.58.010.

**43.86A.020 Surplus funds held as demand deposits to be limited.** After March 19, 1973, the state treasurer shall limit surplus funds held as demand deposits to an amount necessary for current operating expenses including direct warrant redemption payments, investments and revenue collection. The state treasurer may hold such additional funds as demand deposits as he deems necessary to insure efficient treasury management. [1973 c 123 § 2.]

**43.86A.030 Time certificate of deposit investment program—Funds available for—Allocation.** (1) Funds held in public depositories not as demand deposits as provided in RCW 43.86A.020 and 43.86A.030, shall be available for a time certificate of deposit investment program according to the following formula: The state treasurer shall apportion to all participating depositories an amount equal to five percent of the three year average mean of general state revenues as certified in accordance with Article VIII, section

1(b) of the state Constitution, or fifty percent of the total surplus treasury investment availability, whichever is less. Within thirty days after certification, those funds determined to be available according to this formula for the time certificate of deposit investment program shall be deposited in qualified public depositories. These deposits shall be allocated among the participating depositories on a basis to be determined by the state treasurer.

(2) The state treasurer may use up to fifty million dollars per year of all funds available under this section for the purposes of RCW 43.86A.060. The amounts made available to these public depositories shall be equal to the amounts of outstanding loans made under RCW 43.86A.060.

(3) The formula so devised shall be a matter of public record giving consideration to, but not limited to deposits, assets, loans, capital structure, investments or some combination of these factors. However, if in the judgment of the state treasurer the amount of allocation for certificates of deposit as determined by this section will impair the cash flow needs of the state treasury, the state treasurer may adjust the amount of the allocation accordingly. [1993 c 512 § 33; 1982 c 74 § 1; 1973 c 123 § 3.]

**Short title—Part headings and section captions—Severability—Effective date—1993 c 512:** See RCW 43.172.900 through 43.172.903.

**43.86A.040 Other investment powers of state treasurer not limited.** Except as provided in RCW 43.86A.020 and 43.86A.030, nothing in this chapter shall be construed as a limitation upon the powers of the state treasurer to determine the amount of surplus treasury funds which may be invested in time certificates of deposit. [1973 c 123 § 4.]

**43.86A.050 Implementation of chapter by state treasurer.** The state treasurer shall devise the necessary formulae and methodology to implement the provisions of this chapter. Periodically, but at least once every six months, the state treasurer shall review all rules and shall adopt, amend or repeal them as may be necessary. These rules and a list of time certificate of deposit allocations shall be published in the treasurer’s monthly financial report as required under the provisions of RCW 43.08.150. [1973 c 123 § 5.]

**43.86A.060 Linked deposit program—Minority and women’s business enterprises.** (1) The state treasurer shall establish a linked deposit program for investment of deposits in qualified public depositories. As a condition of participating in the program, qualified public depositories must make qualifying loans as provided in this section. The state treasurer may purchase a certificate of deposit that is equal to the amount of the qualifying loan made by the qualified public depository or may purchase a certificate of deposit that is equal to the aggregate amount of two or more qualifying loans made by one or more qualified public depositories.

(2) Qualifying loans made under this section are those:  
 (a) Having terms that do not exceed ten years;  
 (b) That are made to a minority or women’s business enterprise that has received state certification under chapter 39.19 RCW;

(c) Where the interest rate on the loan to the minority or women’s business enterprise does not exceed an interest rate that is two hundred basis points below the interest rate the qualified public depository would charge for a loan for a similar purpose and a similar term; and

(d) Where the points or fees charged at loan closing do not exceed one percent of the loan amount.

(3) In setting interest rates of time certificate of deposits, the state treasurer shall offer rates so that a two hundred basis point preference will be given to the qualified public depository.

(4) Upon notification by the state treasurer that a minority or women’s business enterprise is no longer certified under chapter 39.19 RCW, the qualified public depository shall reduce the amount of qualifying loans by the outstanding balance of the loan made under this section to the minority or women’s business enterprise. [2002 c 305 § 1; 1993 c 512 § 30.]

**Reviser’s note—Sunset Act application:** The linked deposit program is subject to review, termination, and possible extension under chapter 43.131 RCW, the Sunset Act. See RCW 43.131.381. RCW 46.86A.060, 43.63A.690, 43.86A.070, and 39.19.240 are scheduled for future repeal under RCW 43.131.382.

**Finding—Intent—1993 c 512:** "The legislature finds that minority and women’s business enterprises have been historically excluded from access to capital in the marketplace. The lack of capital has been a major barrier to the development and expansion of business by various minority groups and women. There has been a significant amount of attention on the capital needs of minority and women’s business enterprises. It is the intent of the legislature to remedy the problem of a lack of access to capital by minority and women’s business enterprises, and other small businesses by authorizing the state treasurer to operate a program that links state deposits to business loans by financial institutions to minority and women’s business enterprises." [1993 c 512 § 29.]

**Short title—Part headings and section captions—Severability—Effective date—1993 c 512:** See RCW 43.172.900 through 43.172.903.

**43.86A.070 Linked deposit program—Liability.** The state and those acting as its agents are not liable in any manner for payment of the principal or interest on qualifying loans made under RCW 43.86A.060. Any delay in payments or defaults on the part of the borrower does not in any manner affect the deposit agreement between the qualified public depository and the state treasurer. [1993 c 512 § 34.]

The director shall provide agencies and committees that are required under RCW 44.40.070 to develop comprehensive six-year program and financial plans with a complete set of instructions for submitting these program and financial plans at the same time that instructions for submitting other budget requests are provided. Any additional revenue resulting from proposed changes to existing statutes shall be separately identified within the document as well as related expenditures for the six-year period.

(2) The budget document or documents shall include detailed estimates of all anticipated revenues applicable to proposed operating or capital expenditures and shall also include all proposed operating or capital expenditures. Omnibus lists of habitat and recreation land acquisitions shall include individual project cost estimates for operation and maintenance as well as a total for all state projects included in the list. The document shall identify the source of funds from which the operation and maintenance costs are proposed to be funded;

(2) The director of financial management shall submit a budget document in conformance with generally accepted accounting principles applicable to state governments, as published in the accounting procedures manual pursuant to RCW 43.88.160(1). [1987 c 502 § 3; 1984 c 247 § 1.]

**43.88.050 Cash deficit.** Cash deficit of the current fiscal period is defined for purposes of this chapter as the amount by which the aggregate of disbursements charged to a fund will exceed the aggregate of estimated receipts credited to such fund in the current fiscal period, less the extent to which such deficit may have been provided for from available beginning cash surplus.

If, for any applicable fund or account, the estimated receipts for the next ensuing period plus cash beginning balances is less than the aggregate of estimated disbursements proposed by the governor for the next ensuing fiscal period, the governor shall include in Part I of the budget document proposals as to the manner in which the anticipated cash deficit shall be met, whether by an increase in the indebtedness of the state, by the imposition of new taxes, by increases in tax rates or an extension thereof, or in any like manner. The governor may propose orderly liquidation of the anticipated cash deficit over a period of one or more fiscal periods, if, in the governor's discretion, such manner of liquidation would best serve the public interest. *Exception: RCW 43.88.265.*

**43.88.067 Fee and expense report—Impact of amounts awarded to prevailing party in agency action.** The office of financial management shall create a report annually on the amount of fees and other expenses awarded during the preceding fiscal year pursuant to RCW 4.84.340 through 4.84.360. The report shall describe the number, nature, and amount of the awards, the claims involved in the controversy, and other relevant information that may aid the legislature in evaluating the scope and impact of the awards. **Part headings not law—Severability—1995 c 403:** See RCW 43.05.903 and 43.05.904.

**43.88.070 Appropriations.** Appropriations shall be deemed maximum authorizations to incur expenditures but the governor shall exercise all due supervision and control to ensure that expenditure rates are such that program objectives are realized within these maximums. [1965 c 8 § 43.88.070. Prior: 1959 c 328 § 7.]

**43.88.080 Adoption of budget.** Adoption of the omnibus appropriation bill or bills by the legislature shall constitute adoption of the budget and the making of appropriations therefor. A budget for state government shall be finally adopted not later than thirty calendar days prior to the beginning of the ensuing biennium. [1973 1st ex.s. c 100 § 5; 1965 c 8 § 43.88.080. Prior: 1959 c 328 § 8.]

**43.88.090 Development of budget—Detailed estimates—Mission statement, measurable goals, program objectives—Integration of strategic plans and performance assessment procedures—Governor-elect input.** (1) For purposes of developing budget proposals to the legislature, the governor shall have the power, and it shall be the governor's duty, to require from proper agency officials such detailed estimates and other information in such form and at such times as the governor shall direct. The estimates for the legislature and the judiciary shall be transmitted to the governor and shall be included in the budget without revision. The estimates for state pension contributions shall be based on the rates provided in chapter 41.45 RCW. Copies of all such estimates shall be transmitted to the standing

committees on ways and means of the house and senate at the same time as they are filed with the governor and the office of financial management.

The estimates shall include statements or tables which indicate, by agency, the state funds which are required for the receipt of federal matching revenues. The estimates shall be revised as necessary to reflect legislative enactments and adopted appropriations and shall be included with the initial biennial allotment submitted under RCW 43.88.110. The estimates must reflect that the agency considered any alternatives to reduce costs or improve service delivery identified in the findings of a performance audit of the agency by the joint legislative audit and review committee. Nothing in this subsection requires performance audit findings to be published as part of the budget.

(2) Each state agency shall define its mission and establish measurable goals for achieving desirable results for those who receive its services and the taxpayers who pay for those services. Each agency shall also develop clear strategies and timelines to achieve its goals. This section does not require an agency to develop a new mission or goals in place of identifiable missions or goals that meet the intent of this section. The mission and goals of each agency must conform to statutory direction and limitations.

(3) For the purpose of assessing program performance, each state agency shall establish program objectives for each major program in its budget. The objectives must be consistent with the missions and goals developed under this section. The objectives must be expressed to the extent practicable in outcome-based, objective, and measurable form unless an exception to adopt a different standard is granted by the office of financial management and approved by the legislative committee on performance review. The office of financial management shall provide necessary professional and technical assistance to assist state agencies in the development of strategic plans that include the mission of the agency and its programs, measurable goals, strategies, and performance measurement systems.

(4) Each state agency shall adopt procedures for continuous self-assessment of each program and activity, using the mission, goals, objectives, and measurements required under subsections (2) and (3) of this section.

(5) It is the policy of the legislature that each agency's budget proposals must be directly linked to the agency's stated mission and program goals and objectives. Consistent with this policy, agency budget proposals must include integration of performance measures that allow objective determination of a program's success in achieving its goals. The office of financial management shall develop a plan to merge the budget development process with agency performance assessment procedures. The plan must include a schedule to integrate agency strategic plans and performance measures into agency budget requests and the governor's budget proposal over three fiscal biennia. The plan must identify those agencies that will implement the revised budget process in the 1997-1999 biennium, the 1999-2001 biennium, and the 2001-2003 biennium. In consultation with the legislative fiscal committees, the office of financial management shall recommend statutory and procedural modifications to the state's budget, accounting, and reporting systems to facilitate the performance assessment procedures and the merger of those procedures with the state budget

process. The plan and recommended statutory and procedural modifications must be submitted to the legislative fiscal committees by September 30, 1996.

(6) In the year of the gubernatorial election, the governor shall invite the governor-elect or the governor-elect's designee to attend all hearings provided in RCW 43.88.100; and the governor shall furnish the governor-elect or the governor-elect's designee with such information as will enable the governor-elect or the governor-elect's designee to gain an understanding of the state's budget requirements. The governor-elect or the governor-elect's designee may ask such questions during the hearings and require such information as the governor-elect or the governor-elect's designee deems necessary and may make recommendations in connection with any item of the budget which, with the governor-elect's reasons therefor, shall be presented to the legislature in writing with the budget document. Copies of all such estimates and other required information shall also be submitted to the standing committees on ways and means of the house and senate. **43.88.093 Development of budget—Tourism development division, department of community, trade, and economic development. (Expires June 30, 2008.)** (1) When developing a biennial budget for the tourism development division of the department of community, trade, and economic development, the request for funding submitted to the office of financial management shall be calculated according to the formula in RCW 43.88.094. The request shall be a specific designated amount in the budget request for the department of community, trade, and economic development.

(2) This section expires June 30, 2008. [1998 c 299 § 3.]

**Intent—1998 c 299:** "It is the intent of this act to provide for predictable and stable funding for tourism development activities of the state of Washington by establishing funding levels based on proven performance and return on state funds invested in tourism development and to establish a tourism development advisory committee." [1998 c 299 § 1.]

**Effective date—1998 c 299:** "This act takes effect July 1, 1998." [1998 c 299 § 6.]

**43.88.094 Development of budget—Calculation—Tourism development division, department of community, trade, and economic development. (Expires June 30, 2008.)** (1) The budget amount designated in RCW 43.88.093(1) is the sum of the base amount and the growth component as calculated under subsection (2) of this section.

(2) The director of the department of community, trade, and economic development shall calculate the tourism development division budget in consultation with the appropriate agencies in the following manner:

(a) The base amount, beginning in the budget for the biennium ending June 30, 2001, and for each subsequent

biennium thereafter, equals the previous biennial budget, including any supplemental allocations and any growth component amounts from previous biennia.

(b) For the growth component, beginning in the budget for the biennium ending June 30, 2001: (i) Compute the state retail sales tax revenues for the target business categories for the calendar year two years prior to the beginning of the biennium for which the budget request will be made; (ii) compute the state retail sales tax revenues for the target business categories for the calendar year four years prior to the beginning of the biennium for which the budget request will be made; (iii) calculate the percentage change in these two sales tax revenue amounts; (iv) if the percentage exceeds eight percent growth, calculate the amount of sales tax revenue that represents the excess in revenue growth greater than six percent; and (v) calculate the growth component by dividing the excess revenue growth by two. The amount of the growth component for any biennium shall not exceed two million dollars per fiscal year for the biennium.

(3) As used in this section:

(a) "Target business categories" means businesses in standard industrial classification codes 58 (eating and drinking), 70 (lodging), 7514 (auto rental), and 79 (recreation). If at any time the United States office of management and budget or a successor agency should change or replace the present standard industrial classification code system, the department of community, trade, and economic development shall use the code system issued by the office of management and budget or its successor agency to determine codes corresponding to those listed in this definition.

(b) "Retail sales" means the gross sales subject to the tax imposed in chapter 82.08 RCW received by businesses identified in department of revenue records by standard industrial classification codes 58, 70, 7514, and 79.

(4) This section expires June 30, 2008. [1998 c 299 § 4.]

**Intent—Effective date—1998 c 299:** See notes following RCW 43.88.093.

**43.88.100 Executive hearings.** The governor may provide for hearings on all agency requests for expenditures to enable him to make determinations as to the need, value or usefulness of activities or programs requested by agencies. The governor may require the attendance of proper agency officials at his hearings and it shall be their duty to disclose such information as may be required to enable the governor to arrive at his final determination. [1965 c 8 § 43.88.100. Prior: 1959 c 328 § 10.]

**43.88.110 Expenditure programs—Maintenance summary reports—Allotments—Reserves—Monitor capital appropriations—Predesign review for major capital construction.** This section sets forth the expenditure programs and the allotment and reserve procedures to be followed by the executive branch for public funds.

(1) Allotments of an appropriation for any fiscal period shall conform to the terms, limits, or conditions of the appropriation.

(2) The director of financial management shall provide all agencies with a complete set of operating and capital

instructions for preparing a statement of proposed expenditures at least thirty days before the beginning of a fiscal period. The set of instructions need not include specific appropriation amounts for the agency.

(3) Within forty-five days after the beginning of the fiscal period or within forty-five days after the governor signs the omnibus biennial appropriations act, whichever is later, all agencies shall submit to the governor a statement of proposed expenditures at such times and in such form as may be required by the governor.

(4) The office of financial management shall develop a method for monitoring capital appropriations and expenditures that will capture at least the following elements:

(a) Appropriations made for capital projects including transportation projects;

(b) Estimates of total project costs including past, current, ensuing, and future biennial costs;

(c) Comparisons of actual costs to estimated costs;

(d) Comparisons of estimated construction start and completion dates with actual dates;

(e) Documentation of fund shifts between projects.

This data may be incorporated into the existing accounting system or into a separate project management system, as deemed appropriate by the office of financial management.

(5) The office of financial management shall publish agency annual maintenance summary reports beginning in October 1997. State agencies shall submit a separate report for each major campus or site, as defined by the office of financial management. Reports shall be prepared in a format prescribed by the office of financial management and shall include, but not be limited to: Information describing the number, size, and condition of state-owned facilities; facility maintenance, repair, and operating expenses paid from the state operating and capital budgets, including maintenance staffing levels; the condition of major infrastructure systems; and maintenance management initiatives undertaken by the agency over the prior year. Agencies shall submit their annual maintenance summary reports to the office of financial management by September 1 each year.

(6) The office of financial management, prior to approving allotments for major capital construction projects valued over five million dollars, shall institute procedures for reviewing such projects at the predesign stage that will reduce long-term costs and increase facility efficiency. The procedures shall include, but not be limited to, the following elements:

(a) Evaluation of facility program requirements and consistency with long-range plans;

(b) Utilization of a system of cost, quality, and performance standards to compare major capital construction projects; and

(c) A requirement to incorporate value-engineering analysis and constructability review into the project schedule.

(7) No expenditure may be incurred or obligation entered into for such major capital construction projects including, without exception, land acquisition, site development, predesign, design, construction, and equipment acquisition and installation, until the allotment of the funds to be expended has been approved by the office of financial management. This limitation does not prohibit the continuation of expenditures and obligations into the succeeding

biennium for projects for which allotments have been approved in the immediate prior biennium.

(8) If at any time during the fiscal period the governor projects a cash deficit in a particular fund or account as defined by RCW 43.88.050, the governor shall make across-the-board reductions in allotments for that particular fund or account so as to prevent a cash deficit, unless the legislature has directed the liquidation of the cash deficit over one or more fiscal periods. Except for the legislative and judicial branches and other agencies headed by elective officials, the governor shall review the statement of proposed operating expenditures for reasonableness and conformance with legislative intent. Once the governor approves the statements of proposed operating expenditures, further revisions shall be made only at the beginning of the second fiscal year and must be initiated by the governor. However, changes in appropriation level authorized by the legislature, changes required by across-the-board reductions mandated by the governor, changes caused by executive increases to spending authority, and changes caused by executive decreases to spending authority for failure to comply with the provisions of chapter 36.70A RCW may require additional revisions. Revisions shall not be made retroactively. Revisions caused by executive increases to spending authority shall not be made after June 30, 1987. However, the governor may assign to a reserve status any portion of an agency appropriation withheld as part of across-the-board reductions made by the governor and any portion of an agency appropriation conditioned on a contingent event by the appropriations act. The governor may remove these amounts from reserve status if the across-the-board reductions are subsequently modified or if the contingent event occurs. The director of financial management shall enter approved statements of proposed expenditures into the state budgeting, accounting, and reporting system within forty-five days after receipt of the proposed statements from the agencies. If an agency or the director of financial management is unable to meet these requirements, the director of financial management shall provide a timely explanation in writing to the legislative fiscal committees.

(9) It is expressly provided that all agencies shall be required to maintain accounting records and to report thereon in the manner prescribed in this chapter and under the regulations issued pursuant to this chapter. Within ninety days of the end of the fiscal year, all agencies shall submit to the director of financial management their final adjustments to close their books for the fiscal year. Prior to submitting fiscal data, written or oral, to committees of the legislature, it is the responsibility of the agency submitting the data to reconcile it with the budget and accounting data reported by the agency to the director of financial management.

(10) The director of financial management shall monitor agency operating expenditures against the approved statement of proposed expenditures and shall provide the legislature with quarterly explanations of major variances.

(11) The director of financial management may exempt certain public funds from the allotment controls established under this chapter if it is not practical or necessary to allot the funds. Allotment control exemptions expire at the end of the fiscal biennium for which they are granted. The director of financial management shall report any exemptions

granted under this subsection to the legislative fiscal committees. [1997 c 96 § 6; 1994 c 219 § 5. **43.88.120 Revenue estimates.** Each agency engaged in the collection of revenues shall prepare estimated revenues and estimated receipts for the current and ensuing biennium and shall submit the estimates to the director of financial management and the director of revenue at times and in the form specified by the directors, along with any other information which the directors may request. For those agencies required to develop six-year programs and financial plans under RCW 44.40.070, six-year revenue estimates shall be submitted to the director of financial management and the transportation committees of the senate and the house of representatives unless the responsibility for reporting these revenue estimates is assumed elsewhere.

A copy of such revenue estimates shall be simultaneously submitted to the economic and revenue forecast work group when required by the office of the economic and revenue forecast council. **43.88.122 Transportation agency revenue forecasts—Variances.** Where there are variances of revenue forecasts between the office of financial management and the transportation revenue forecast council, for those transportation agencies that are required to develop plans under RCW 44.40.070, the office of financial management shall submit (1) a reconciliation of the differences between the revenue forecasts and (2) the assumptions used by the office of financial management to the transportation committees of the senate and the house of representatives. [2000 2nd sp.s. c 4 § 14; 1991 c 358 § 7.]

**43.88.130 When contracts and expenditures prohibited.** No agency shall expend or contract to expend any money or incur any liability in excess of the amounts appropriated for that purpose: PROVIDED, That nothing in this section shall prevent the making of contracts or the spending of money for capital improvements, nor the making

of contracts of lease or for service for a period exceeding the fiscal period in which such contract is made, when such contract is permitted by law. Any contract made in violation of this section shall be null and void. [1965 c 8 § 43.88.130. Prior: 1959 c 328 § 13.]

**43.88.140 Lapsing of appropriations.** All appropriations shall lapse at the end of the fiscal period for which the appropriations are made to the extent that they have not been expended or lawfully obligated. [1981 c 270 § 9; 1965 c 8 § 43.88.140. Prior: 1959 c 328 § 14.]

**Effective date—Severability—1981 c 270:** See notes following RCW 43.88.010.

**43.88.145 Capital projects—Transfer of excess appropriation authority.** (1) The capital appropriations act may authorize the governor, through the director of financial management, to transfer the appropriation authority for a capital project that is in excess of the amount required for the completion of the project to another capital project for which the appropriation is insufficient.

(a) No such transfer may be used to expand the capacity or change the intended use of the project beyond that intended by the legislature in making the appropriation.

(b) The transfer may be effected only between capital projects within a specific department, commission, agency, or institution of higher education.

(c) The transfer may be effected only if the project from which the transfer of funds is made is substantially complete and there are funds remaining, or bids have been let on the project from which the transfer of funds is made and it appears to a substantial certainty that the project can be completed within the biennium for less than the amount appropriated.

(2) For the purposes of this section, the legislature intends that each project be defined as proposed to the legislature in the governor's budget document, unless the legislative history demonstrates that the legislature intended to define the scope of a project in a different way.

(3) The office of financial management shall notify the legislative fiscal committees of the senate and the house of representatives at least thirty days before any transfer is effected under this section except emergency projects or any transfer under two hundred fifty thousand dollars, and shall prepare a report to such committees listing all completed transfers at the close of each fiscal year. [1994 c 219 § 6.]

**Finding—1994 c 219:** See note following RCW 43.88.030.

**43.88.150 Priority of expenditures—Appropriated and nonappropriated funds—Matching funds, disburse state moneys proportionally.** (1) For those agencies that make expenditures from both appropriated and nonappropriated funds for the same purpose, the governor shall direct such agencies to charge their expenditures in such ratio, as between appropriated and nonappropriated funds, as will conserve appropriated funds. This subsection does not apply to institutions of higher education, as defined in RCW 28B.10.016.

(2) Unless otherwise provided by law, if state moneys are appropriated for a capital project and matching funds or other contributions are required as a condition of the receipt

of the state moneys, the state moneys shall be disbursed in proportion to and only to the extent that the matching funds or other contributions have been received and are available for expenditure.

(3) The office of financial management shall adopt guidelines for the implementation of this section. The guidelines may account for federal matching requirements or other requirements to spend other moneys in a particular manner. [1995 c 6 § 1; 1991 c 284 § 3; 1981 c 270 § 10; 1965 c 8 § 43.88.150. **43.88.155 Office of financial management.** See chapter 43.41 RCW.

**43.88.160 Fiscal management—Powers and duties of officers and agencies.** This section sets forth the major fiscal duties and responsibilities of officers and agencies of the executive branch. The regulations issued by the governor pursuant to this chapter shall provide for a comprehensive, orderly basis for fiscal management and control, including efficient accounting and reporting therefor, for the executive branch of the state government and may include, in addition, such requirements as will generally promote more efficient public management in the state.

(1) Governor; director of financial management. The governor, through the director of financial management, shall devise and supervise a modern and complete accounting system for each agency to the end that all revenues, expenditures, receipts, disbursements, resources, and obligations of the state shall be properly and systematically accounted for. The accounting system shall include the development of accurate, timely records and reports of all financial affairs of the state. The system shall also provide for central accounts in the office of financial management at the level of detail deemed necessary by the director to perform central financial management. The director of financial management shall adopt and periodically update an accounting procedures manual. Any agency maintaining its own accounting and reporting system shall comply with the updated accounting procedures manual and the rules of the director adopted under this chapter. An agency may receive a waiver from complying with this requirement if the waiver is approved by the director. Waivers expire at the end of the fiscal biennium for which they are granted. The director shall forward notice of waivers granted to the appropriate legislative fiscal committees. The director of financial management may require such financial, statistical, and other reports as the director deems necessary from all agencies covering any period.

(2) Except as provided in chapter 43.88C RCW, the director of financial management is responsible for quarterly reporting of primary operating budget drivers such as applicable workloads, caseload estimates, and appropriate unit cost data. These reports shall be transmitted to the legislative fiscal committees or by electronic means to the legislative evaluation and accountability program committee.

Quarterly reports shall include actual monthly data and the variance between actual and estimated data to date. The reports shall also include estimates of these items for the remainder of the budget period.

(3) The director of financial management shall report at least annually to the appropriate legislative committees regarding the status of all appropriated capital projects, including transportation projects, showing significant cost overruns or underruns. If funds are shifted from one project to another, the office of financial management shall also reflect this in the annual variance report. Once a project is complete, the report shall provide a final summary showing estimated start and completion dates of each project phase compared to actual dates, estimated costs of each project phase compared to actual costs, and whether or not there are any outstanding liabilities or unsettled claims at the time of completion.

(4) In addition, the director of financial management, as agent of the governor, shall:

(a) Develop and maintain a system of internal controls and internal audits comprising methods and procedures to be adopted by each agency that will safeguard its assets, check the accuracy and reliability of its accounting data, promote operational efficiency, and encourage adherence to prescribed managerial policies for accounting and financial controls. The system developed by the director shall include criteria for determining the scope and comprehensiveness of internal controls required by classes of agencies, depending on the level of resources at risk.

Each agency head or authorized designee shall be assigned the responsibility and authority for establishing and maintaining internal audits following the standards of internal auditing of the institute of internal auditors;

(b) Make surveys and analyses of agencies with the object of determining better methods and increased effectiveness in the use of manpower and materials; and the director shall authorize expenditures for employee training to the end that the state may benefit from training facilities made available to state employees;

(c) Establish policies for allowing the contracting of child care services;

(d) Report to the governor with regard to duplication of effort or lack of coordination among agencies;

(e) Review any pay and classification plans, and changes thereunder, developed by any agency for their fiscal impact: PROVIDED, That none of the provisions of this subsection shall affect merit systems of personnel management now existing or hereafter established by statute relating to the fixing of qualifications requirements for recruitment, appointment, or promotion of employees of any agency. The director shall advise and confer with agencies including appropriate standing committees of the legislature as may be designated by the speaker of the house and the president of the senate regarding the fiscal impact of such plans and may amend or alter the plans, except that for the following agencies no amendment or alteration of the plans may be made without the approval of the agency concerned: Agencies headed by elective officials;

(f) Fix the number and classes of positions or authorized employee years of employment for each agency and during the fiscal period amend the determinations previously fixed by the director except that the director shall not be empow-

(g) Adopt rules to effectuate provisions contained in (a) through (f) of this subsection.

(5) The treasurer shall:

(b) Receive, disburse, or transfer public funds under the treasurer's supervision or custody;

(c) Keep a correct and current account of all moneys received and disbursed by the treasurer, classified by fund or account;

(d) Coordinate agencies' acceptance and use of credit cards and other payment methods, if the agencies have received authorization under RCW 43.41.180;

(e) Perform such other duties as may be required by law or by regulations issued pursuant to this law.

It shall be unlawful for the treasurer to disburse public funds in the treasury except upon forms or by alternative means duly prescribed by the director of financial management. These forms or alternative means shall provide for authentication and certification by the agency head or the agency head's designee that the services have been rendered or the materials have been furnished; or, in the case of loans or grants, that the loans or grants are authorized by law; or, in the case of payments for periodic maintenance services to be performed on state owned equipment, that a written contract for such periodic maintenance services is currently in effect; and the treasurer shall not be liable under the treasurer's surety bond for erroneous or improper payments so made. When services are lawfully paid for in advance of full performance by any private individual or business entity other than equipment maintenance providers or as provided for by RCW 42.24.035, such individual or entity other than central stores rendering such services shall make a cash deposit or furnish surety bond coverage to the state as shall be fixed in an amount by law, or if not fixed by law, then in such amounts as shall be fixed by the director of the department of general administration but in no case shall such required cash deposit or surety bond be less than an amount which will fully indemnify the state against any and all losses on account of breach of promise to fully perform such services. No payments shall be made in advance for any equipment maintenance services to be performed more than twelve months after such payment. Any such bond so furnished shall be conditioned that the person, firm or corporation receiving the advance payment will apply it toward performance of the contract. The responsibility for recovery of erroneous or improper payments made under this section shall lie with the agency head or the agency head's designee in accordance with regulations issued pursuant to this chapter. Nothing in this section shall be construed to permit a public body to advance funds to a private service provider pursuant to a grant or loan before services have been rendered or material furnished.

(6) The state auditor shall:

(a) Report to the legislature the results of current post audits that have been made of the financial transactions of

each agency; to this end the auditor may, in the auditor's discretion, examine the books and accounts of any agency, official, or employee charged with the receipt, custody, or safekeeping of public funds. Where feasible in conducting examinations, the auditor shall utilize data and findings from the internal control system prescribed by the office of financial management. The current post audit of each agency may include a section on recommendations to the legislature as provided in (c) of this subsection.

(b) Give information to the legislature, whenever required, upon any subject relating to the financial affairs of the state.

(c) Make the auditor's official report on or before the thirty-first of December which precedes the meeting of the legislature. The report shall be for the last complete fiscal period and shall include determinations as to whether agencies, in making expenditures, complied with the laws of this state. The state auditor is authorized to perform or participate in performance verifications and performance audits as expressly authorized by the legislature in the omnibus biennial appropriations acts or in the performance audit work plan approved by the joint legislative audit and review committee. The state auditor, upon completing an audit for legal and financial compliance under chapter 43.09 RCW or a performance verification, may report to the joint legislative audit and review committee or other appropriate committees of the legislature, in a manner prescribed by the joint legislative audit and review committee, on facts relating to the management or performance of governmental programs where such facts are discovered incidental to the legal and financial audit or performance verification. The auditor may make such a report to a legislative committee only if the auditor has determined that the agency has been given an opportunity and has failed to resolve the management or performance issues raised by the auditor. If the auditor makes a report to a legislative committee, the agency may submit to the committee a response to the report. This subsection (6) shall not be construed to authorize the auditor to allocate other than de minimis resources to performance audits except as expressly authorized in the appropriations acts or in the performance audit work plan. The results of a performance audit conducted by the state auditor that has been requested by the joint legislative audit and review committee must only be transmitted to the joint legislative audit and review committee.

(d) Be empowered to take exception to specific expenditures that have been incurred by any agency or to take exception to other practices related in any way to the agency's financial transactions and to cause such exceptions to be made a matter of public record, including disclosure to the agency concerned and to the director of financial management. It shall be the duty of the director of financial management to cause corrective action to be taken within six months, such action to include, as appropriate, the withholding of funds as provided in RCW 43.88.110. The director of financial management shall annually report by December 31st the status of audit resolution to the appropriate committees of the legislature, the state auditor, and the attorney general. The director of financial management shall include in the audit resolution report actions taken as a result of an audit including, but not limited to, types of personnel

actions, costs and types of litigation, and value of recouped goods or services.

The director of financial management shall report each authorization and renewal to the legislative fiscal committees.

(c) Temporary cash deficiencies in funds or accounts which are neither in the state treasury, nor in the custody of the treasurer, if the cash deficiency does not continue past the end of the fiscal biennium.

**43.88.500 State boards, commissions, councils, and committees—Legislative finding and declaration.**

The legislature finds that members of boards, commissions, councils, and committees in state government make a valuable contribution to the public welfare.

Nevertheless, the legislature also finds that the continued proliferation of both statutory and nonstatutory groups of this nature without effective, periodic review of existing groups can result in wasteful duplication of effort, fragmentation of administrative authority, lack of accountability, plus an

excessive and frequently hidden financial burden on the state.

The legislature further finds that effective legislative oversight and review of boards, commissions, councils, and committees is frustrated by a lack of current and reliable information on the status and activities of such groups.

The legislature declares that legislative oversight and overall accountability in state government can be significantly improved by creating in the office of financial management a central clearinghouse for information on boards, commissions, councils, and committees. [1979 c 151 § 142; 1977 c 23 § 1.]

*Termination review: RCW 43.41.220.*

*Fiscal impact of proposed legislation on political subdivisions: Chapter 43.132 RCW.*

**43.88A.010 Legislative declaration.** The legislature hereby recognizes the necessity of developing a uniform and coordinated procedure for determining the expected fiscal impact of bills and resolutions on state government. The legislature also recognizes that developing such statements of fiscal impact, which shall be known as fiscal notes, requires the designation of a state agency to be principally responsible therefor. [1977 ex.s. c 25 § 1.]

**43.88A.020 Fiscal notes—Preparation—Contents—Duties of office of financial management.** The office of financial management shall, in cooperation with appropriate legislative committees and legislative staff, establish a procedure for the provision of fiscal notes on the expected impact of bills and resolutions which increase or decrease or tend to increase or decrease state government revenues or expenditures. Such fiscal notes shall indicate by fiscal year the impact for the remainder of the biennium in which the bill or resolution will first take effect as well as a cumulative forecast of the fiscal impact for the succeeding four fiscal years. Fiscal notes shall separately identify the fiscal impacts on the operating and capital budgets. Estimates of fiscal impacts shall be calculated using the procedures contained in the fiscal note instructions issued by the office of financial management.

In establishing the fiscal impact called for pursuant to this chapter, the office of financial management shall coordinate the development of fiscal notes with all state agencies affected. [1994 c 219 § 3; 1979 c 151 § 146; 1977 ex.s. c 25 § 2.]

- (1) The chairperson of the committee to which the bill or resolution was referred upon introduction in the house of origin;
- (2) The senate committee on ways and means, or its successor; and
- (3) The house committees on revenue and appropriations, or their successors.

Whenever possible, such fiscal note shall be provided prior to or at the time the bill or resolution is first heard by the committee of reference in the house of origin.

When a fiscal note has been prepared for a bill or resolution, a copy of the fiscal note shall be placed in the bill books or otherwise attached to the bill or resolution and shall remain with the bill or resolution throughout the legislative process insofar as possible. [1986 c 158 § 16; 1979 ex.s. c 112 § 1; 1979 c 151 § 147; 1977 ex.s. c 25 § 3.]

**43.88A.040 Fiscal notes—Preparation upon request of any legislator.** The office of financial management shall also provide a fiscal note on any legislative proposal at the request of any legislator. Such fiscal note shall be returned to the requesting legislator, and copies shall be filed with the appropriate legislative committees pursuant to RCW 43.88A.030 at the time such proposed legislation is introduced in either house. [1979 c 151 § 148; 1977 ex.s. c 25 § 4.]

**43.88A.900 Construction of chapter.** Nothing in this chapter shall prevent either house of the legislature from acting on any bill or resolution before it as otherwise provided by the state Constitution, by law, and by the rules and joint rules of the senate and house of representatives, nor shall the lack of any fiscal note as provided in this chapter or any error in the accuracy thereof affect the validity of any measure otherwise duly passed by the legislature. #### STATE PAVILION—BOND ISSUE

**43.96B.200 Legislative finding.** The legislature finds that an expansion of the state pavilion at Expo '74 initially authorized for construction by the 1971 legislature is consistent with the purposes of the exposition and the needs of the state of Washington in order that the facility produced will both more adequately serve the state during the exposition and as a permanent structure for the benefit of the state afterwards. [1973 1st ex.s. c 116 § 1.]

**43.96B.205 Bond issue—Authorized.** For the purpose of providing additional space for the Washington State Pavilion at Expo '74 as determined to be necessary by the Expo '74 commission, including the planning, acquisition, construction, remodeling and equipping, together with all improvements and enhancements of said project, the state finance committee is authorized to issue general obligation bonds of the state of Washington in the sum of two million nine hundred thousand dollars, or so much thereof as may be required, to finance the projects defined in RCW 43.96B.200 through 43.96B.245 and all costs incidental thereto. Such bonds shall be paid and discharged within thirty years of the date of issuance in accordance with Article VIII, section 1 of the state Constitution. [1973 1st ex.s. c 116 § 2.]

**43.96B.210 Bond issue—Issuance and sale of bonds—Form, terms, conditions, etc.—Authority of state finance committee.** The issuance, sale and retirement of said bonds shall be under the supervision and control of the state finance committee. The committee is authorized to prescribe the form, terms, conditions, and covenants of the bonds, the time or times of sale of all or any portion of them, and the conditions and manner of their sale, issuance and redemption. None of the bonds authorized in RCW 43.96B.200 through 43.96B.245 shall be sold for less than the par value thereof.

The committee may provide that the bonds, or any of them, may be called prior to the maturity date thereof under such terms, conditions, and provisions as it may determine and may authorize the use of facsimile signatures in the issuance of such bonds and notes, if any. Such bonds shall be payable at such places as the committee may provide. [1973 1st ex.s. c 116 § 3.]

**43.96B.215 Bond issue—Anticipation notes—Disposition of proceeds—Acquisition of property by Expo '74 commission authorized.** At the time the state finance committee determines to issue such bonds or a portion thereof, it may, pending the issuing of such bonds, issue, in the name of the state, temporary notes in anticipation of the

money to be derived from the sale of the bonds, which notes shall be designated as "anticipation notes". Such portion of the proceeds of the sale of such bonds that may be required for such purpose shall be applied to the payment of the principal of and interest on such anticipation notes which have been issued. The proceeds from the sale of bonds authorized by RCW 43.96B.200 through 43.96B.245 and any interest earned on the interim investment of such proceeds, shall be deposited in the state building construction account of the general fund in the state treasury and shall be used exclusively for the purposes specified in RCW 43.96B.200 through 43.96B.245 and for the payment of expenses incurred in the issuance and sale of the bonds. The Expo '74 commission is hereby authorized to acquire property, real and personal, by lease, purchase[,] condemnation or gift to achieve the objectives of chapters 1, 2, and 3, Laws of 1971 ex. sess., and RCW 43.96B.200 through 43.96B.245. **43.96B.220 Bond issue—Administration of proceeds.** The principal proceeds from the sale of the bonds or notes deposited in the state building construction account of the general fund shall be administered by the Expo '74 commission. [1973 1st ex.s. c 116 § 5.]

**43.96B.225 Bond issue—Redemption fund—Payment of bonds.** The state building bond redemption fund, 1973-A, is hereby created in the state treasury, which fund shall be exclusively devoted to the payment of the principal of and interest on the bonds authorized by RCW 43.96B.200 through 43.96B.245. The owner and holder of each of the bonds or the trustee for the owner and holder of any of the bonds may by a mandamus or other appropriate proceeding require the transfer and payment of funds as directed herein. [1973 1st ex.s. c 116 § 7.]

**43.96B.235 Bond issue—Legal investment for public funds.** The bonds authorized in RCW 43.96B.200 through 43.96B.245 shall be a legal investment for all state funds or funds under state control and for all funds of any other public body. [1973 1st ex.s. c 116 § 8.]

**43.96B.240 Appropriation.** There is hereby appropriated to the Expo '74 commission from the state building construction account of the general fund the sum of two million nine hundred thousand dollars or so much thereof as may be necessary to accomplish the purposes of RCW 43.96B.200 through 43.96B.245. [1973 1st ex.s. c 116 § 9.]

*Outdoor recreational facilities—1963 bond act: Chapter 79A.10 RCW.*

**43.99A.010 Declaration of purpose.** The state of Washington possesses unsurpassed natural wealth in the form of mountains, forests, and waters, ideal not only for recreation, but for supplying the special kind of spiritual regeneration that only close association with the outdoors can provide. As the state grows in population, this wilderness is increasingly threatened; prompt action is necessary to preserve it before much of it permanently disappears. Further, the physical expansion of our cities and towns has made it imperative that outdoor breathing space be set aside and permanently reserved for the people who live in them. Such breathing space may take the form of "green belts" especially planned to relieve the monotony of miles of uninterrupted urban or suburban development, or it may take the form of traditional parks. In any case, it must be acquired as soon as possible, while land is still available; and where appropriate, this land must be developed in order to meet the recreational needs of growing numbers of potential users. [1967 ex.s. c 126 § 1.]

**43.99A.020 General obligation bonds authorized.** For the purpose of providing funds for the acquisition and development of outdoor recreational areas and facilities in this state, the state finance committee is authorized to issue general obligation bonds of the state of Washington in the sum of forty million dollars or so much thereof as may be required to finance the projects described in RCW 43.99A.070 and 43.99A.080. These bonds shall be paid and discharged within twenty years of the date of issuance. [1970 ex.s. c 40 § 1; 1967 ex.s. c 126 § 2.]

**Effective, when—1970 ex.s. c 40:** "Sections 1 and 2 of this 1970 amendatory act shall not become effective unless this act is adopted and ratified at the referendum election provided for in section 3 of this 1970 amendatory act." [1970 ex.s. c 40 § 4.]

**Referral to electorate—1970 ex.s. c 40:** "In the event all of the bonds authorized by RCW 43.99A.010 through 43.99A.110 have not been issued on or before September 2, 1970, then this act shall be submitted to the people for their adoption and ratification, or rejection, at the general election to be held in this state on the Tuesday next succeeding the first

Monday in November, 1970, in accordance with the provisions of section 3, Article VIII of the state Constitution; and in accordance with the provisions of section 1, Article II of the state Constitution as amended, and the laws adopted to facilitate the operation thereof." [1970 ex.s. c 40 § 3.] "This act" [1970 ex.s. c 40] was adopted and ratified by the people at the November 3, 1970, general election (Referendum Bill No. 21).

**43.99A.030 Form of bonds—Rate of interest—Sale and issuance.** The state finance committee is authorized to prescribe the form of the bonds, the maximum rate of interest the same shall bear, the time of sale of all or any portion of them, and the conditions of their sale and issuance. None of the bonds herein authorized shall be sold for less than their par value. [1970 ex.s. c 40 § 2; 1967 ex.s. c 126 § 3.]

**Effective, when—Referral to electorate—1970 ex.s. c 40:** See notes following RCW 43.99A.020.

**43.99A.040 Full faith and credit of state pledged—Call prior to due date—Facsimile signatures.** The bonds shall pledge the full faith and credit of the state of Washington and shall contain an unconditional promise to pay the principal and interest when due. The committee may provide that the bonds, or any of them, may be called prior to their due date under such terms and conditions as it may determine. The state finance committee may authorize the use of facsimile signatures in the issuance of the bonds. [1967 ex.s. c 126 § 4.]

**43.99A.050 Disposition of proceeds of sale.** The proceeds from the sale of bonds authorized by this chapter shall be deposited in the outdoor recreation account of the general fund and shall be used exclusively for the purposes of carrying out the provisions of the chapter and for payment of the expense incurred in the issuance and sale of the bonds. [1967 ex.s. c 126 § 5.]

**43.99A.060 Outdoor recreational bond redemption fund of 1967—Created—Use—Sales tax revenues deposited in.** The outdoor recreational bond redemption fund of 1967 is created in the state treasury. This fund shall be exclusively devoted to the payment of interest on and retirement of the bonds authorized by this chapter. The state finance committee shall, on or before June 30th of each year, certify to the state treasurer the amount needed in the ensuing twelve months to meet bond retirement and interest requirements, and on July 1st of each year the state treasurer shall deposit such amount in the outdoor recreational bond redemption fund from moneys transmitted to the state treasurer by the department of revenue and certified by the department of revenue to be sales tax collections. Such amount certified by the state finance committee to the state treasurer shall be a prior charge against all retail sales tax revenues of the state of Washington, except that portion thereof heretofore pledged for the payment of bond principal and interest.

The owner and holder of each of the bonds or the trustee for any of the bonds may by mandamus or other appropriate proceeding require the transfer and payment of funds as directed herein. [1971 c 37 § 1; 1967 ex.s. c 126 § 6.]

**43.99A.070 Proceeds from sale of bonds—Administration—Disposition and use.** The proceeds from the sale of bonds deposited in the outdoor recreation account of the general fund under the terms of RCW 43.99A.050 shall be administered by the interagency committee for outdoor recreation. All such proceeds shall be divided into two equal shares. One share shall be allocated for the acquisition and development of outdoor recreation areas and facilities on behalf of the state as the legislature may direct by appropriation. The other share shall be allocated to public bodies as defined in \*RCW 43.99.020 for the acquisition and development of outdoor recreational areas and facilities within the jurisdiction of such public bodies. The interagency committee for outdoor recreation is authorized to use or permit the use of any funds derived from the sale of bonds authorized under this chapter as matching funds in any case where federal or other funds are made available on a matching basis for projects within the purposes of this chapter. [1967 ex.s. c 126 § 7.]

**\*Reviser's note:** RCW 43.99.020 was recodified as RCW 79A.25.010 pursuant to 1999 c 249 § 1601.

**43.99A.080 Construction of phrase "acquisition and development of outdoor recreational areas and facilities."** As used in this chapter, the phrase "acquisition and development of outdoor recreational areas and facilities" shall be liberally construed in accordance with the broad interpretation suggested by RCW 43.99A.010. It shall include, but shall not be limited to, acquisition of fee simple or any lesser interests in land, and the development of outdoor areas and facilities for either a single recreational use or multiple recreational uses. The preservation of land or water areas in an unspoiled or undeveloped state shall be among the alternatives permissible under this chapter. [1967 ex.s. c 126 § 8.]

**43.99A.090 Legislature may provide additional means for payment of bonds.** The legislature may provide additional means for raising moneys for the payment of the principal and interest of the bonds authorized herein, and this chapter shall not be deemed to provide an exclusive method for such payment. [1967 ex.s. c 126 § 9.]

**43.99A.100 Bonds legal investment for funds of state and municipal corporations.** The bonds herein authorized shall be a legal investment for all state funds or for funds under state control and for all funds of municipal corporations. [1967 ex.s. c 126 § 10.]

**43.99A.110 Referral to electorate.** This chapter shall be submitted to the people for their adoption and ratification, or rejection, at the general election to be held in this state on the Tuesday next succeeding the first Monday in November 1968, in accordance with the provisions of section 3, Article VIII of the Constitution of the state of Washington, and in accordance with the provisions of section 1, Article II of the Constitution of the state of Washington, as amended, and the laws adopted to facilitate the operation thereof. [1967 ex.s. c 126 § 11.]

18). Governor's proclamation declaring approval of measure is dated December 5, 1968. State Constitution Art. 2 § 1(d) provides: ". . . Such measure [initiatives and referendums] shall be in operation on and after the thirtieth day after the election at which it is approved . . ."

**43.99F.010 Declaration.** The long-range development goals for the state of Washington must include the protection of the resources and environment of the state, the health and safety of its people, and the beneficial uses of water by providing facilities and systems, among others, for the general control, collection, treatment, or disposal of nonradioactive solid and nonradioactive liquid waste materials. The purpose of this chapter is to assist the state and local governments in providing that protection but it is not the purpose of this chapter to provide funding for facilities which encourage development. A high priority in the expenditure of these funds shall be the protection of sole-source aquifers designated pursuant to the federal Safe Drinking Water Act (88 Stat. 1660) which aquifers have been designated as of July 24, 1983. [1983 c 269 § 1; 1980 c 159 § 1.]

**43.99F.020 General obligation bonds—Authorized—Issuance, sale, terms—Appropriation required.** For the purpose of providing funds to public bodies for the planning, design, acquisition, construction, and improvement of public waste disposal and management facilities, or for purposes of assisting a public body to obtain an ownership interest in waste disposal and management facilities and/or to defray a part of the payments made by a public body to a service provider under a service agreement entered into pursuant to RCW 70.150.060, in this state, the state finance committee is authorized to issue general obligation bonds of the state of Washington in the sum of three hundred thirty million dollars, or so much thereof as may be required, to finance the improvements defined in this chapter and all costs incidental thereto. The department may not use or permit the use of any funds derived from the sale of bonds authorized by this chapter for: (1) the support of a solid waste recycling activity or service in a locale if the department determines that the activity or service is reasonably available to persons within that locale from private enterprise; or (2) the construction of municipal wastewater facilities unless said facilities have been approved by a general purpose unit of local government in accordance with chapter 36.94 RCW, chapter 35.67 RCW, or RCW 57.16.010. These bonds shall be paid and discharged within thirty years of the date of issuance. No bonds authorized by this chapter shall be offered for sale without prior legislative appropriation of the proceeds of the bonds to be sold. [1996 c 230 § 1611; 1990 1st ex.s. c 15 § 9. Prior: 1989 1st ex.s. c 14 § 12; 1989 c 136 § 6; 1987 c 436 § 2; 1980 c 159 § 2.]

**Intent—1989 c 136:** See note following RCW 43.83A.020.

**43.99F.030 Deposit of proceeds in state and local improvements revolving account, Waste Disposal Facilities, 1980—Use.** The proceeds from the sale of bonds authorized by this chapter shall be deposited in the state and local improvements revolving account, Waste Disposal Facilities, 1980 hereby created in the state treasury and shall be used exclusively for the purpose specified in this chapter and for payment of the expenses incurred in the issuance and sale of the bonds. [1991 sp.s. c 13 § 44; 1985 c 57 § 56; 1980 c 159 § 3.]

**Effective dates—Severability—1991 sp.s. c 13:** See notes following RCW 18.08.240.

**Effective date—1985 c 57:** See note following RCW 18.04.105.

**43.99F.040 Administration of proceeds.** The proceeds from the sale of the bonds deposited in the state and local improvements revolving account, Waste Disposal Facilities, 1980 of the general fund under the terms of this chapter shall be administered by the state department of ecology subject to legislative appropriation. The department may use or permit the use of any funds derived from the sale of bonds authorized under this chapter to accomplish the purpose for which the bonds are issued by direct expenditures and by grants or loans to public bodies, including

grants to public bodies as cost-sharing funds in any case where federal, local, or other funds are made available on a cost-sharing basis for improvements within the purposes of this chapter. The department shall ensure that funds derived from the sale of bonds authorized under this chapter do not constitute more than seventy-five percent of the total cost of any waste disposal or management facility. Not more than two percent of the proceeds of the bond issue may be used by the department of ecology in relation to the administration of the expenditures, grants, and loans.

At least one hundred fifty million dollars of the proceeds of the bonds authorized by this chapter shall be used exclusively for waste management systems capable of producing renewable energy or energy savings as a result of the management of the wastes. "Renewable energy" means, but is not limited to, the production of steam, hot water for steam heat, electricity, cogeneration, gas, or fuel through the use of wastes by incineration, refuse-derived fuel processes, pyrolysis, hydrolysis, or bioconversion, and energy savings through material recovery from waste source separation and/or recycling.

Integration of the management and operation of systems for solid waste disposal with systems of liquid waste disposal holds promise of improved waste disposal efficiency and greater environmental protection and restoration. To encourage the planning for and development of such integration, the department may provide for special grant incentives to public bodies which plan for or operate integrated waste disposal management systems.

Funds provided for waste disposal and management facilities under this chapter may be used for payments to a service provider under a service agreement pursuant to RCW 70.150.060. If funds are to be used for such payments, the department may make periodic disbursements to a public body or may make a single lump sum disbursement. Disbursements of funds with respect to a facility owned or operated by a service provider shall be equivalent in value to disbursements that would otherwise be made if that facility were owned or operated by a public body. Payments under this chapter for waste disposal and management facilities made to public bodies entering into service agreements pursuant to RCW 70.150.060 shall not exceed amounts paid to public bodies not entering into service agreements. [1998 c 245 § 80; 1996 c 37 § 1; 1987 c 436 § 3; 1980 c 159 § 4.]

**43.99F.050 Definitions.** Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

and nonrecyclables. Waste disposal and management facilities may include all equipment, utilities, structures, real property, and interest in and improvements on real property necessary for or incidental to such purpose. As used in this chapter, the phrase "waste disposal and management facilities" shall not include the acquisition of equipment used to collect residential or commercial garbage.

(4) "Planning" means the development of comprehensive plans for the purpose of identifying statewide or regional needs for specific waste disposal facilities as well as the development of plans specific to a particular project.

(5) "Department" means the department of ecology. [1987 c 436 § 4; 1980 c 159 § 5.]

#### **43.99F.060 Form, terms, conditions, etc., of bonds.**

The owner and holder of each of the bonds or the trustee for any of the bonds may by mandamus or other appropriate proceeding require the transfer and payment of funds as directed in this chapter.

1985 BOND ISSUE

**43.99G.010 General obligation bonds authorized—Terms—Appropriation required—Short-term obligations.** The state finance committee is authorized to issue general obligation bonds of the state of Washington in the sum of two hundred eighty-five million eight hundred fifty-one thousand dollars, or so much thereof as may be required, to finance the projects authorized in RCW 43.99G.020 and all costs incidental thereto.

Bonds authorized in this section shall be sold in such manner, at such time or times, in such amounts and at such price as the state finance committee shall determine. No such bonds may be offered for sale without prior legislative appropriation of the net proceeds of the sale of the bonds. The state finance committee may obtain insurance or letters of credit and may authorize the execution and delivery of agreements, promissory notes, and other obligations for the purpose of insuring the payment or enhancing the marketability of bonds authorized in this section. Promissory notes or other obligations issued pursuant to this section shall not constitute a debt or the contracting of indebtedness under any constitutional or statutory indebtedness limitation if their payment is conditioned upon the failure of the state to pay the principal of or interest on the bonds with respect to which the same relate.

The state finance committee shall consider the issuance of short-term obligations in lieu of long-term obligations for the purposes of more favorable interest rates, lower total interest costs, and increased marketability and for the purpose of retiring the bonds during the life of the project for which they were issued. [1985 ex.s. c 4 § 1.]

**43.99G.020 Conditions and limitations—Deposit of proceeds—Administration.** Bonds issued under RCW 43.99G.010 are subject to the following conditions and limitations:

**43.99N.010 Definitions.** The definitions in RCW 36.102.010 apply to this chapter. [1997 c 220 § 209 (Referendum Bill No. 48, approved June 17, 1997).]

**43.99N.020 General obligation bonds—Certifications by public stadium authority—Obligations of team affiliate.** (1) For the purpose of providing funds to pay for operation of the public stadium authority created under RCW 36.102.020, to pay for the preconstruction, site acquisition, design, site preparation, construction, owning, leasing, and equipping of the stadium and exhibition center, and to reimburse the county or the public stadium authority for its direct or indirect expenditures or to repay other indebtedness incurred for these purposes, the state finance committee is authorized to issue general obligation bonds of the state of Washington in the sum of three hundred million dollars, or so much thereof as may be required, for these purposes and all costs incidental thereto. Bonds authorized in this section may be sold at such price as the state finance committee shall determine.

(2) Bonds shall not be issued under this section unless the public stadium authority has certified to the director of financial management that:

(a) A professional football team has made a binding and legally enforceable contractual commitment to play all of its regular season and playoff home games in the stadium and exhibition center, other than games scheduled elsewhere by the league, for a period of time not shorter than the term of the bonds issued or to be issued to finance the initial construction of the stadium and exhibition center;

(b) A team affiliate has entered into one or more binding and legally enforceable contractual commitments with a public stadium authority under RCW 36.102.050 that provide that:

(i) The team affiliate assumes the risks of cost overruns;

(ii) The team affiliate shall raise at least one hundred million dollars, less the amount, if any, raised by the public stadium authority under RCW 36.102.060(15). The total one hundred million dollars raised, which may include cash payments and in-kind contributions, but does not include any interest earned on the escrow account described in RCW 43.99N.030, shall be applied toward the reasonably necessary preconstruction, site acquisition, design, site preparation, construction, and equipping of the stadium and exhibition center, or to any associated public purpose separate from bond-financed expenses. No part of the payment may be made without the consent of the public stadium authority. In any event, all amounts to be raised by the team affiliate under (b)(ii) of this subsection shall be paid or expended

before the completion of the construction of the stadium and exhibition center. To the extent possible, contributions shall be structured in a manner that would allow for the issuance of bonds to construct the stadium and exhibition center that are exempt from federal income taxes;

(iii) The team affiliate shall deposit at least ten million dollars into the \*youth athletic facility grant account created in RCW 43.99N.060 upon execution of the lease and development agreements in RCW 36.102.060 (7) and (8);

(iv) At least ten percent of the seats in the stadium for home games of the professional football team shall be for sale at an affordable price. For the purposes of this subsection, "affordable price" means that the price is the average of the lowest ticket prices charged by all other national football league teams;

(v) One executive suite with a minimum of twenty seats must be made available, on a lottery basis, as a free upgrade, at home games of the professional football team, to purchasers of tickets that are not located in executive suites or club seat areas;

(vi) A nonparticipatory interest in the professional football team has been granted to the state beginning on the date on which bonds are issued under this section which only entitles the state to receive ten percent of the gross selling price of the interest in the team that is sold if a majority interest or more of the professional football team is sold within twenty-five years of the date on which bonds are issued under the [this] section. The ten percent shall apply to all preceding sales of interests in the team which comprise the majority interest sold. This provision shall apply only to the first sale of such a majority interest. The ten percent must be deposited in the permanent common school fund. If the debt is retired at the time of the sale, then the ten percent may only be used for costs associated with capital maintenance, capital improvements, renovations, reequipping, replacement, and operations of the stadium and exhibition center;

(vii) The team affiliate must provide reasonable office space to the public stadium authority without charge;

(viii) The team affiliate, in consultation with the public stadium authority, shall work with surrounding areas to mitigate the impact of the construction and operation of the stadium and exhibition center with a budget of at least ten million dollars dedicated to area mitigation. For purposes of this subsection, "mitigation" includes, but is not limited to, parking facilities and amenities, neighborhood beautification projects and landscaping, financial grants for neighborhood programs intended to mitigate adverse impacts caused by the construction and operation of the stadium and exhibition center, and mitigation measures identified in the environmental impact statement required for the stadium and exhibition center under chapter 43.21C RCW; and

(ix) Twenty percent of the net profit from the operation of the exhibition facility of the stadium and exhibition center shall be deposited into the permanent common school fund. Profits shall be verified by the public stadium authority. [1997 c 220 § 210 (Referendum Bill No. 48, approved June 17, 1997).]

**\*Reviser's note:** The "youth athletic facility grant account" was renamed the "youth athletic facility account" by 2000 c 137 § 1.

**43.99N.030 Escrow agreement, account—Distributions.** On or before August 1, 1997: (1) The state treasurer and a team affiliate or an entity that has an option to become a team affiliate shall enter into an escrow agreement creating an escrow account; and (2) the team affiliate or the entity that has an option to become a team affiliate shall deposit the sum of fifty million dollars into the escrow account as a credit against the obligation of the team affiliate in RCW 43.99N.020(2)(b)(ii).

The escrow agreement shall provide that the fifty million dollar deposit shall be invested by the state treasurer and shall earn interest. If the stadium and exhibition center project proceeds, then the interest on amounts in the escrow account shall be for the benefit of the state, and all amounts in the escrow account, including all principal and interest, shall be distributed to the stadium and exhibition center account. The escrow agreement shall provide for appropriate adjustments based on amounts previously and subsequently raised by the team affiliate under RCW 43.99N.020(2)(b)(ii) and amounts previously and subsequently raised by the public stadium authority under RCW 36.102.060(15). If the stadium and exhibition center project does not proceed, all principal and the interest in the escrow account shall be distributed to the team affiliate or the entity that has an option to become a team affiliate. [1997 c 220 § 211 (Referendum Bill No. 48, approved June 17, 1997).]

**43.99N.040 Stadium and exhibition center construction account.** The proceeds from the sale of the bonds authorized in RCW 43.99N.020 shall be deposited in the stadium and exhibition center construction account, hereby created in the custody of the state treasurer, and shall be used exclusively for the purposes specified in RCW 43.99N.020 and for the payment of expenses incurred in the issuance and sale of the bonds. These proceeds shall be administered by the office of financial management. Only the director of the office of financial management or the director's designee may authorize expenditures from the account. The account is subject to the allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures. At the direction of the office of financial management the state treasurer shall transfer moneys from the stadium and exhibition center construction account to the public stadium authority created in RCW 36.102.020 as required by the public stadium authority. [1997 c 220 § 212 (Referendum Bill No. 48, approved June 17, 1997).]

**43.99N.050 Payment of principal and interest from nondebt-limit reimbursable bond retirement account—Transfers of certified amounts—Bonds as general obligation, full faith and credit, promise to pay—Insufficiency in stadium and exhibition center account as obligation—Proceedings to require transfer and payment.** The nondebt-limit reimbursable bond retirement account shall be used for the payment of the principal of and interest on the bonds authorized in RCW 43.99N.020.

The state finance committee shall, on or before June 30th of each year, certify to the state treasurer the amount needed in the ensuing twelve months to meet the bond retirement and interest requirements. On each date on which

any interest or principal and interest payment is due, the state treasurer shall transfer from the stadium and exhibition center account to the nondebt-limit reimbursable bond retirement account an amount equal to the amount certified by the state finance committee to be due on the payment date.

Bonds issued under RCW 43.99N.020 shall state that they are a general obligation of the state of Washington, shall pledge the full faith and credit of the state to the payment of the principal thereof and the interest thereon, and shall contain an unconditional promise to pay the principal and interest as the same shall become due. If in any year the amount accumulated in the stadium and exhibition center account is insufficient for payment of the principal and interest on the bonds issued under RCW 43.99N.020, the amount of the insufficiency shall be a continuing obligation against the stadium and exhibition center account until paid.

The owner and holder of each of the bonds or the trustee for the owner and holder of any of the bonds may by mandamus or other appropriate proceeding require the transfer and payment of funds as directed in this section. [1997 c 220 § 213 (Referendum Bill No. 48, approved June 17, 1997).]

**43.99N.060 Stadium and exhibition center account—Youth athletic facility account—Community outdoor athletic facility loans and grants.** (1) The stadium and exhibition center account is created in the custody of the state treasurer. All receipts from the taxes imposed under RCW 82.14.0494 and distributions under RCW 67.70.240(5) shall be deposited into the account. Only the director of the office of financial management or the director's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW. An appropriation is not required for expenditures from this account.

(2) Until bonds are issued under RCW 43.99N.020, up to five million dollars per year beginning January 1, 1999, shall be used for the purposes of subsection (3)(b) of this section, all remaining moneys in the account shall be transferred to the public stadium authority, created under RCW 36.102.020, to be used for public stadium authority operations and development of the stadium and exhibition center.

(3) After bonds are issued under RCW 43.99N.020, all moneys in the stadium and exhibition center account shall be used exclusively for the following purposes in the following priority:

(a) On or before June 30th of each year, the office of financial management shall accumulate in the stadium and exhibition center account an amount at least equal to the amount required in the next succeeding twelve months for the payment of principal of and interest on the bonds issued under RCW 43.99N.020;

(b) An additional reserve amount not in excess of the expected average annual principal and interest requirements of bonds issued under RCW 43.99N.020 shall be accumulated and maintained in the account, subject to withdrawal by the state treasurer at any time if necessary to meet the

requirements of (a) of this subsection, and, following any withdrawal, reaccumulated from the first tax revenues and other amounts deposited in the account after meeting the requirements of (a) of this subsection; and

(c) The balance, if any, shall be transferred to the youth athletic facility account under subsection (4) of this section.

Any revenues derived from the taxes authorized by RCW 36.38.010(5) and 36.38.040 or other amounts that if used as provided under (a) and (b) of this subsection would cause the loss of any tax exemption under federal law for interest on bonds issued under RCW 43.99N.020 shall be deposited in and used exclusively for the purposes of the youth athletic facility account and shall not be used, directly or indirectly, as a source of payment of principal of or interest on bonds issued under RCW 43.99N.020, or to replace or reimburse other funds used for that purpose.

(4) Any moneys in the stadium and exhibition center account not required or permitted to be used for the purposes described in subsection (3)(a) and (b) of this section shall be deposited in the youth athletic facility account hereby created in the state treasury. Expenditures from the account may be used only for purposes of grants or loans to cities, counties, and qualified nonprofit organizations for community outdoor athletic facilities. Only the director of the interagency committee for outdoor recreation or the director's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures. The athletic facility grants or loans may be used for acquiring, developing, equipping, maintaining, and improving community outdoor athletic facilities. Funds shall be divided equally between the development of new community outdoor athletic facilities, the improvement of existing community outdoor athletic facilities, and the maintenance of existing community outdoor athletic facilities. Cities, counties, and qualified nonprofit organizations must submit proposals for grants or loans from the account. To the extent that funds are available, cities, counties, and qualified nonprofit organizations must meet eligibility criteria as established by the director of the interagency committee for outdoor recreation. The grants and loans shall be awarded on a competitive application process and the amount of the grant or loan shall be in proportion to the population of the city or county for where the community outdoor athletic facility is located. Grants or loans awarded in any one year need not be distributed in that year. The director of the interagency committee for outdoor recreation may expend up to one and one-half percent of the moneys deposited in the account created in this subsection for administrative purposes. [2000 c 137 § 1; 1997 c 220 § 214 (Referendum Bill No. 48, approved June 17, 1997).]

(2) Sections 201 through 207, chapter 220, Laws of 1997 and this chapter constitute the entire state contribution for a stadium and exhibition center. The state will not make any additional contributions based on revised cost or revenue estimates, cost overruns, unforeseen circumstances, or any other reason. **43.101.010 Definitions.** When used in this chapter:

(1) The term "commission" means the Washington state criminal justice training commission.

(2) The term "boards" means the education and training standards boards, the establishment of which are authorized by this chapter.

(3) The term "criminal justice personnel" means any person who serves in a county, city, state, or port commission agency engaged in crime prevention, crime reduction, or enforcement of the criminal law.

(4) The term "law enforcement personnel" means any public employee or volunteer having as a primary function the enforcement of criminal laws in general or any employee

or volunteer of, or any individual commissioned by, any municipal, county, state, or combination thereof, agency having as its primary function the enforcement of criminal laws in general as distinguished from an agency possessing peace officer powers, the primary function of which is the implementation of specialized subject matter areas. For the purposes of this subsection "primary function" means that function to which the greater allocation of resources is made.

(5) The term "correctional personnel" means any employee or volunteer who by state, county, municipal, or combination thereof, statute has the responsibility for the confinement, care, management, training, treatment, education, supervision, or counseling of those individuals whose civil rights have been limited in some way by legal sanction.

(6) A peace officer is "convicted" at the time a plea of guilty has been accepted, or a verdict of guilty or finding of guilt has been filed, notwithstanding the pendency of any future proceedings, including but not limited to sentencing, posttrial or postfact-finding motions and appeals. "Conviction" includes a deferral of sentence and also includes the equivalent disposition by a court in a jurisdiction other than the state of Washington.

(7) "Discharged for disqualifying misconduct" means terminated from employment for: (a) Conviction of (i) any crime committed under color of authority as a peace officer, (ii) any crime involving dishonesty or false statement within the meaning of Evidence Rule 609(a), (iii) the unlawful use or possession of a controlled substance, or (iv) any other crime the conviction of which disqualifies a Washington citizen from the legal right to possess a firearm under state or federal law; (b) conduct that would constitute any of the crimes addressed in (a) of this subsection; or (c) knowingly making materially false statements during disciplinary investigations, where the false statements are the sole basis for the termination.

(8) A peace officer is "discharged for disqualifying misconduct" within the meaning of subsection (7) of this section under the ordinary meaning of the term and when the totality of the circumstances support a finding that the officer resigned in anticipation of discipline, whether or not the misconduct was discovered at the time of resignation, and when such discipline, if carried forward, would more likely than not have led to discharge for disqualifying misconduct within the meaning of subsection (7) of this section.

(9) When used in context of proceedings referred to in this chapter, "final" means that the peace officer has exhausted all available civil service appeals, collective bargaining remedies, and all other such direct administrative appeals, and the officer has not been reinstated as the result of the action. Finality is not affected by the pendency or availability of state or federal administrative or court actions for discrimination, or by the pendency or availability of any remedies other than direct civil service and collective bargaining remedies.

(10) "Peace officer" means any law enforcement personnel subject to the basic law enforcement training requirement of RCW 43.101.200 and any other requirements of that section, notwithstanding any waiver or exemption granted by the commission, and notwithstanding the statutory exemption based on date of initial hire under RCW 43.101.200. Commissioned officers of the Washington state patrol, whether they have been or may be exempted by rule

of the commission from the basic training requirement of RCW 43.101.200, are included as peace officers for purposes of this chapter. Fish and wildlife officers with enforcement powers for all criminal laws under \*RCW 77.12.055 are peace officers for purposes of this chapter. (7) Designate individuals authorized to sign subpoenas and statements of charges under the provisions of this chapter; and

(8) Employ such investigative, administrative, and clerical staff as necessary for the enforcement of this chapter. [2001 c 167 § 7.]

**43.101.095 Peace officer certification.** (1) As a condition of continuing employment as peace officers, all Washington peace officers: (a) Shall timely obtain certification as peace officers, or timely obtain certification or exemption therefrom, by meeting all requirements of RCW 43.101.200, as that section is administered under the rules of the commission, as well by meeting any additional requirements under this chapter; and (b) shall maintain the basic certification as peace officers under this chapter. The commission shall certify peace officers who have satisfied, or have been exempted by statute or by rule from, the basic training requirements of RCW 43.101.200 on or before January 1, 2002. Thereafter, the commission may revoke certification pursuant to this chapter.

(2) The commission shall allow a peace officer to retain status as a certified peace officer as long as the officer: (a) Timely meets the basic law enforcement training requirements, or is exempted therefrom, in whole or in part, under RCW 43.101.200 or under rule of the commission; (b) meets or is exempted from any other requirements under this chapter as administered under the rules adopted by the commission; (c) is not denied certification by the commission under this chapter; and (d) has not had certification revoked by the commission.

(3) As a prerequisite to certification, as well as a prerequisite to pursuit of a hearing under RCW 43.101.155, a peace officer must, on a form devised or adopted by the commission, authorize the release to the commission of his or her personnel files, termination papers, criminal investigation files, or other files, papers, or information that are directly related to a certification matter or decertification matter before the commission. [2001 c 167 § 2.]

**43.101.105 Denial or revocation of peace officer certification.** Upon request by a peace officer's employer or on its own initiative, the commission may deny or revoke certification of any peace officer, after written notice and hearing, if a hearing is timely requested by the peace officer under RCW 43.101.155, based upon a finding of one or more of the following conditions:

(1) The peace officer has failed to timely meet all requirements for obtaining a certificate of basic law enforcement training, a certificate of basic law enforcement training equivalency, or a certificate of exemption from the training;

(2) The peace officer has knowingly falsified or omitted material information on an application for training or certification to the commission;

(3) The peace officer has been convicted at any time of a felony offense under the laws of this state or has been convicted of a federal or out-of-state offense comparable to a felony under the laws of this state; except that if a certified peace officer was convicted of a felony before being

employed as a peace officer, and the circumstances of the prior felony conviction were fully disclosed to his or her employer before being hired, the commission may revoke certification only with the agreement of the employing law enforcement agency;

(4) The peace officer has been discharged for disqualifying misconduct, the discharge is final, and some or all of the acts or omissions forming the basis for the discharge proceedings occurred on or after January 1, 2002;

(5) The peace officer's certificate was previously issued by administrative error on the part of the commission; or

(6) The peace officer has interfered with an investigation or action for denial or revocation of certificate by: (a) Knowingly making a materially false statement to the commission; or (b) in any matter under investigation by or otherwise before the commission, tampering with evidence or tampering with or intimidating any witness. [2001 c 167 § 3.]

**43.101.115 Denial or revocation of peace officer certification—Readmission to academy—Reinstatement.**

(1) A person denied a certification based upon dismissal or withdrawal from a basic law enforcement academy for any reason not also involving discharge for disqualifying misconduct is eligible for readmission and certification upon meeting standards established in rules of the commission, which rules may provide for probationary terms on readmission.

(2) A person whose certification is denied or revoked based upon prior administrative error of issuance, failure to cooperate, or interference with an investigation is eligible for certification upon meeting standards established in rules of the commission, rules which may provide for a probationary period of certification in the event of reinstatement of eligibility.

(3) A person whose certification is denied or revoked based upon a felony criminal conviction is not eligible for certification at any time.

(4) A peace officer whose certification is denied or revoked based upon discharge for disqualifying misconduct, but not also based upon a felony criminal conviction, may, five years after the revocation or denial, petition the commission for reinstatement of the certificate or for eligibility for reinstatement. The commission shall hold a hearing on the petition to consider reinstatement, and the commission may allow reinstatement based upon standards established in rules of the commission. If the certificate is reinstated or eligibility for certification is determined, the commission may establish a probationary period of certification.

(5) A peace officer whose certification is revoked based solely upon a criminal conviction may petition the commission for reinstatement immediately upon a final judicial reversal of the conviction. The commission shall hold a hearing on request to consider reinstatement, and the commission may allow reinstatement based on standards established in rules of the commission. If the certificate is reinstated or if eligibility for certification is determined, the commission may establish a probationary period of certification. [2001 c 167 § 4.]

**43.101.125 Lapsed peace officer certification—Reinstatement—Rules.** A peace officer's certification lapses automatically when there is a break of more than twenty-four consecutive months in the officer's service as a full-time law enforcement officer. A break in full-time law enforcement service which is due solely to the pendency of direct review or appeal from a disciplinary discharge, or to the pendency of a work-related injury, does not cause a lapse in certification. The officer may petition the commission for reinstatement of certification. Upon receipt of a petition for reinstatement of a lapsed certificate, the commission shall determine under this chapter and any applicable rules of the commission if the peace officer's certification status is to be reinstated, and the commission shall also determine any requirements which the officer must meet for reinstatement. The commission may adopt rules establishing requirements for reinstatement. [2001 c 167 § 5.]

**43.101.135 Termination of peace officer—Notification to commission.** Upon termination of a peace officer for any reason, including resignation, the agency of termination shall, within fifteen days of the termination, notify the commission on a personnel action report form provided by the commission. The agency of termination shall, upon request of the commission, provide such additional documentation or information as the commission deems necessary to determine whether the termination provides grounds for revocation under RCW 43.101.105. The commission shall maintain these notices in a permanent file, subject to RCW 43.101.400. [2001 c 167 § 6.]

**43.101.145 Written complaint by law enforcement or law enforcement agency to deny or revoke peace officer certification—Immunity of complainant.** A law enforcement officer or duly authorized representative of a law enforcement agency may submit a written complaint to the commission charging that a peace officer's certificate should be denied or revoked, and specifying the grounds for the charge. Filing a complaint does not make a complainant a party to the commission's action. The commission has sole discretion whether to investigate a complaint, and the commission has sole discretion whether to investigate matters relating to certification, denial of certification, or revocation of certification on any other basis, without restriction as to the source or the existence of a complaint. A person who files a complaint in good faith under this section is immune from suit or any civil action related to the filing or the contents of the complaint. [2001 c 167 § 8.]

**43.101.155 Denial or revocation of peace officer certification—Statement of charges—Notice—Hearing.** (1) If the commission determines, upon investigation, that there is probable cause to believe that a peace officer's certification should be denied or revoked under RCW 43.101.105, the commission must prepare and serve upon the officer a statement of charges. Service on the officer must be by mail or by personal service on the officer. Notice of the charges must also be mailed to or otherwise served upon the officer's agency of termination and any current law enforcement agency employer. The statement of charges must be accompanied by a notice that to receive a hearing

on the denial or revocation, the officer must, within sixty days of communication of the statement of charges, request a hearing before the hearings board appointed under RCW 43.101.380. Failure of the officer to request a hearing within the sixty-day period constitutes a default, whereupon the commission may enter an order under RCW 34.05.440.

(2) If a hearing is requested, the date of the hearing must be scheduled not earlier than ninety days nor later than one hundred eighty days after communication of the statement of charges to the officer; the one hundred eighty-day period may be extended on mutual agreement of the parties or for good cause. The commission shall give written notice of hearing at least twenty days prior to the hearing, specifying the time, date, and place of hearing. [2001 c 167 § 9.]

**43.101.170 Training and education obtained at approved existing institutions.** In establishing standards for training and education, the commission may, so far as consistent with the purposes of \*RCW 43.101.160, permit required training and education of any criminal justice personnel to be obtained at existing institutions approved for such training by the commission. [1974 ex.s. c 94 § 17.]

**\*Reviser's note:** RCW 43.101.160 was repealed by 1983 c 197 § 55, effective June 30, 1987.

**43.101.180 Priorities.** The first priority of the commission shall be to provide for basic law enforcement training, corrections training, and education programs. The services provided by the state through the establishment and maintenance of the programs of the commission are primarily intended for the benefit of the criminal justice agencies of the counties, cities, and towns of this state. To the extent that funds available to the state under the Crime Control Act of 1973 are utilized by the commission, it is the determination of the legislature that, to the maximum extent permitted by federal law, such funds as are so utilized shall be charged against that portion of United States law enforcement assistance administration funds which the state is required to make available to units of local government pursuant to section 303(a)(2) of Part C of the Crime Control Act of 1973. [1974 ex.s. c 94 § 19.]

by the commission pursuant to RCW 43.101.080. For personnel initially employed before January 1, 1990, such training shall be successfully completed during the first fifteen months of employment of such personnel unless otherwise extended or waived by the commission and shall be requisite to the continuation of such employment. Personnel initially employed on or after January 1, 1990, shall commence basic training during the first six months of employment unless the basic training requirement is otherwise waived or extended by the commission. Successful completion of basic training is requisite to the continuation of employment of such personnel initially employed on or after January 1, 1990.

(2) Except as otherwise provided in this chapter, the commission shall provide the aforementioned training together with necessary facilities, supplies, materials, and the board and room of noncommuting attendees for seven days per week. Additionally, to the extent funds are provided for this purpose, the commission shall reimburse to participating law enforcement agencies with ten or less full-time commissioned patrol officers the cost of temporary replacement of each officer who is enrolled in basic law enforcement training: PROVIDED, That such reimbursement shall include only the actual cost of temporary replacement not to exceed the total amount of salary and benefits received by the replaced officer during his or her training period. [1997 c 351 § 13. Prior: 1993 sp.s. c 24 § 920; 1993 sp.s. c 21 § 5; 1989 c 299 § 2; 1977 ex.s. c 212 § 2.]

**43.101.270 Sexual assault—Training for investigating and prosecuting.** (1) Each year the criminal justice training commission shall offer an intensive, integrated training session on investigating and prosecuting sexual assault cases. The training shall place particular emphasis on the development of professionalism and sensitivity towards the victim and the victim's family.

(2) The commission shall seek advice from the Washington association of prosecuting attorneys, the Washington defender association, the Washington association of sheriffs and police chiefs, and the Washington coalition of sexual assault programs.

(3) The training shall be an integrated approach to sexual assault cases so that prosecutors, law enforcement, defenders, and victim advocates can all benefit from the training.

(4) The training shall be self-supporting through fees charged to the participants of the training. [1991 c 267 § 2.]

**Findings—1991 c 267:** "The safety of all children is enhanced when sexual assault cases are properly investigated and prosecuted. The victim of the sexual assault and the victim's family have a right to be treated with sensitivity and professionalism, which also increases the likelihood of their continued cooperation with the investigation and prosecution of the case. The legislature finds the sexual assault cases, particularly those involving victims who are children, are difficult to prosecute successfully. The cooperation of a victim and the victim's family through the investigation and prosecution of the sexual assault case is enhanced and the trauma associated with the investigation and prosecution is reduced when trained victim advocates assist the victim and the victim's family through the investigation and prosecution of the case. Trained victim advocates also assist law enforcement, prosecutors, and defense attorneys, by relieving some of the burden of explaining the investigation and prosecution process and possible delays to the victim and accompanying the victim during interviews by the police, prosecutor, and defense attorney, and accompanying the victim during hearings and the trial.

The legislature finds that counties should give priority to the successful prosecution of sexual assault cases, especially those that involve children, by ensuring that prosecutors, investigators, defense attorneys, and victim advocates are properly trained and available. Therefore, the legislature intends to establish a mechanism to provide the necessary training of prosecutors, law enforcement investigators, defense attorneys, and victim advocates and ensure the availability of victim advocates for victims of sexual assault and their families." [1991 c 267 § 1.]

**Effective date—1991 c 267:** "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect July 1, 1991." [1991 c 267 § 7.]

The curriculum shall be developed by October 1, 1993. [1997 c 351 § 12.]

**Severability—Effective date—1997 c 351:** See notes following RCW 43.101.200.

**43.101.380 Hearings—Standard of proof—Appeals—Judicial review.** (1) The procedures governing adjudicative proceedings before agencies under chapter 34.05 RCW, the administrative procedure act, govern hearings before the commission and govern all other actions before the commission unless otherwise provided in this chapter. The standard of proof in actions before the commission is clear, cogent, and convincing evidence.

(2) On all appeals brought under RCW 43.101.155, a five-member hearings panel shall both hear the case and make the commission's final administrative decision. Members of the commission or the board on law enforcement training standards and education may but need not be appointed to the hearings panels. The commission shall appoint as follows two or more panels to hear appeals from decertification actions:

(a) When an appeal is filed in relation to decertification of a Washington peace officer who is not a peace officer of the Washington state patrol, the commission shall appoint to the panel: (i) One police chief; (ii) one sheriff; (iii) two peace officers who are at or below the level of first line supervisor, who are from city or county law enforcement agencies, and who have at least ten years' experience as peace officers; and (iv) one person who is not currently a peace officer and who represents a community college or four-year college or university.

(b) When an appeal is filed in relation to decertification of a peace officer of the Washington state patrol, the commission shall appoint to the panel: (i) Either one police chief or one sheriff; (ii) one administrator of the state patrol; (iii) one peace officer who is at or below the level of first line supervisor, who is from a city or county law enforcement agency, and who has at least ten years' experience as a peace officer; (iv) one state patrol officer who is at or below the level of first line supervisor, and who has at least ten years' experience as a peace officer; and (v) one person

who is not currently a peace officer and who represents a community college or four-year college or university.

(c) Persons appointed to hearings panels by the commission shall, in relation to any decertification matter on which they sit, have the powers, duties, and immunities, and are entitled to the emoluments, including travel expenses in accordance with RCW 43.03.050 and 43.03.060, of regular commission members.

(3) Where the charge upon which revocation or denial is based is that a peace officer was "discharged for disqualifying misconduct," and the discharge is "final," within the meaning of RCW 43.101.105(4), and the officer received a civil service hearing or arbitration hearing culminating in an affirming decision following separation from service by the employer, the hearings panel may revoke or deny certification if the hearings panel determines that the discharge occurred and was based on disqualifying misconduct; the hearings panel need not redetermine the underlying facts but may make this determination based solely on review of the records and decision relating to the employment separation proceeding. However, the hearings panel may, in its discretion, consider additional evidence to determine whether such a discharge occurred and was based on such disqualifying misconduct. The hearings panel shall, upon written request by the subject peace officer, allow the peace officer to present additional evidence of extenuating circumstances.

Where the charge upon which revocation or denial of certification is based is that a peace officer "has been convicted at any time of a felony offense" within the meaning of RCW 43.101.105(3), the hearings panel shall revoke or deny certification if it determines that the peace officer was convicted of a felony. The hearings panel need not redetermine the underlying facts but may make this determination based solely on review of the records and decision relating to the criminal proceeding. However, the hearings panel shall, upon the panel's determination of relevancy, consider additional evidence to determine whether the peace officer was convicted of a felony.

Where the charge upon which revocation or denial is based is under RCW 43.101.105 (1), (2), (5), or (6), the hearings panel shall determine the underlying facts relating to the charge upon which revocation or denial of certification is based.

(4) The commission's final administrative decision is subject to judicial review under RCW 34.05.510 through 34.05.598. [2001 c 167 § 10.]

**43.101.390 Immunity of commission and boards.** The commission, its boards, and individuals acting on behalf of the commission and its boards are immune from suit in any civil or criminal action contesting or based upon proceedings or other official acts performed in the course of their duties in the administration and enforcement of this chapter. [2001 c 167 § 11.]

**43.101.400 Confidentiality of records.** (1) Except as provided under subsection (2) of this section, the following records of the commission are confidential and exempt from public disclosure: (a) The contents of personnel action reports filed under RCW 43.101.135; (b) all files, papers, and other information obtained by the commission pursuant

to RCW 43.101.095(3); and (c) all investigative files of the commission compiled in carrying out the responsibilities of the commission under this chapter. Such records are not subject to public disclosure, subpoena, or discovery proceedings in any civil action, except as provided in subsection (5) of this section.

(2) Records which are otherwise confidential and exempt under subsection (1) of this section may be reviewed and copied: (a) By the officer involved or the officer's counsel or authorized representative, who may review the officer's file and may submit any additional exculpatory or explanatory evidence, statements, or other information, any of which must be included in the file; (b) by a duly authorized representative of (i) the agency of termination, or (ii) a current employing law enforcement agency, which may review and copy its employee-officer's file; or (c) by a representative of or investigator for the commission.

(3) Records which are otherwise confidential and exempt under subsection (1) of this section may also be inspected at the offices of the commission by a duly authorized representative of a law enforcement agency considering an application for employment by a person who is the subject of a record. A copy of records which are otherwise confidential and exempt under subsection (1) of this section may later be obtained by an agency after it hires the applicant. In all other cases under this subsection, the agency may not obtain a copy of the record.

(4) Upon a determination that a complaint is without merit, that a personnel action report filed under RCW 43.101.135 does not merit action by the commission, or that a matter otherwise investigated by the commission does not merit action, the commission shall purge records addressed in subsection (1) of this section.

(5) The hearings, but not the deliberations, of the hearings board are open to the public. The transcripts, admitted evidence, and written decisions of the hearings board on behalf of the commission are not confidential or exempt from public disclosure, and are subject to subpoena and discovery proceedings in civil actions.

(6) Every individual, legal entity, and agency of federal, state, or local government is immune from civil liability, whether direct or derivative, for providing information to the commission in good faith. [2001 c 167 § 12.]

#### **43.101.410 Racial profiling—Policies—Training—Complaint review process—Data collection and reporting.**

(1) Local law enforcement agencies shall comply with the recommendations of the Washington association of sheriffs and police chiefs regarding racial profiling, as set forth under (a) through (f) of this subsection. Local law enforcement agencies shall:

(a) Adopt a written policy designed to condemn and prevent racial profiling;

(b) Review and audit their existing procedures, practices, and training to ensure that they do not enable or foster the practice of racial profiling;

(c) Continue training to address the issues related to racial profiling. Officers should be trained in how to better interact with persons they stop so that legitimate police actions are not misperceived as racial profiling;

(d) Ensure that they have in place a citizen complaint review process that can adequately address instances of racial profiling. The process must be accessible to citizens and must be fair. Officers found to be engaged in racial profiling must be held accountable through the appropriate disciplinary procedures within each department;

(e) Work with the minority groups in their community to appropriately address the issue of racial profiling; and

(f) Within fiscal constraints, collect demographic data on traffic stops and analyze that data to ensure that racial profiling is not occurring.

(2) The Washington association of sheriffs and police chiefs shall coordinate with the criminal justice training commission to ensure that issues related to racial profiling are addressed in basic law enforcement training and offered in regional training for in-service law enforcement officers at all levels.

(3) Local law enforcement agencies shall report all information required under this section to the Washington association of sheriffs and police chiefs. [2002 c 14 § 2.]

**Declaration—Findings—2002 c 14:** "(1) The legislature declares that racial profiling is the illegal use of race or ethnicity as a factor in deciding to stop and question, take enforcement action, arrest, or search a person or vehicle with or without a legal basis under the United States Constitution or Washington state Constitution.

(2) The legislature recognizes that the president of the United States has issued an executive order stating that stopping or searching individuals on the basis of race is not an effective law enforcement policy, that it is inconsistent with democratic ideals, especially the commitment to equal protection under the law for all persons, and that it is neither legitimate nor defensible as a strategy for public protection. The order also instructs the law enforcement agencies within the departments of justice, treasury, and interior to collect race, ethnicity, and gender data on the people they stop or arrest.

(3) The legislature finds that the Washington state patrol has been in the process of collecting data on traffic stops and analyzing the data to determine if the patrol has any areas in its enforcement of traffic laws where minorities are being treated in a discriminatory manner. The legislature further finds that the Washington association of sheriffs and police chiefs has recently passed a resolution condemning racial profiling and has reaffirmed local law enforcement agencies' commitment to ensuring the public safety and the protection of civil liberties for all persons. The association also restated its goal of implementing policing procedures that are fair, equitable, and constitutional." [2002 c 14 § 1.]

**43.101.415 Racial profiling—Reports to the legislature.** The Washington association of sheriffs and police chiefs, in cooperation with the criminal justice training commission, shall report to the legislature by December 31, 2002, and each December 31st thereafter, on the progress and accomplishments of each local law enforcement agency in the state in meeting the requirements and goals set forth in RCW 43.101.410. [2002 c 14 § 3.]

**Declaration—Findings—2002 c 14:** See note following RCW 43.101.410.

**43.101.900 Severability—1974 ex.s. c 94.** If any provision of this chapter, or its application to any person or circumstance is held invalid, the remainder of the chapter, or the application of the provision to other persons or circumstances is not affected. [1974 ex.s. c 94 § 20.]

**43.101.901 Transfer of conference center.** The legislature authorizes the department of general administration to transfer the Washington state training and conference

center located at 19010 First Avenue, Burien, Washington, 98148, to the criminal justice training commission. [2001 c 166 § 2.]

**43.101.902 Effective date—2001 c 167.** This act takes effect January 1, 2002. [2001 c 167 § 14.]

**43.103.100 Sudden infant death syndrome—Training—Protocols.** (1) The council shall research and develop an appropriate training component on the subject of sudden, unexplained child death, including but not limited to sudden infant death syndrome. (b) Information on community resources and support groups available to assist families who have lost a child to sudden, unexplained death, including sudden infant death syndrome; and

(c) The value of timely communication between the county coroner or medical examiner and the public health department, when a sudden, unexplained child death occurs, in order to achieve a better understanding of such deaths,

**Finding—Declaration—1991 c 176:** "The legislature finds and declares that sudden and unexplained child deaths are a leading cause of death for children under age three. The public interest is served by research and study of the potential causes and indications of such unexplained child deaths and the prevention of inaccurate and inappropriate designation of sudden infant death syndrome (SIDS) as a cause of death. The legislature further finds and declares that law enforcement officers, fire fighters, emergency medical technicians, and other first responders in emergency situations are not adequately informed regarding sudden, unexplained death in young children including but not limited to sudden infant death syndrome, its signs and typical history, and as a result may compound the family and child care provider's grief through conveyed suspicions of a criminal act. Coroners, investigators, and prosecuting attorneys are also in need of updated training on the identification of unexplained death in children under the age of three, including but not limited to sudden infant death syndrome awareness and sensitivity and the establishment of a statewide uniform protocol in cases of sudden, unexplained child death." [1991 c 176 § 5.]

**43.103.900 Severability—1983 1st ex.s. c 16.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1983 1st ex.s. c 16 § 23.]

**43.103.901 Effective date—1983 1st ex.s. c 16.** This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect July 1, 1983. [1983 1st ex.s. c 16 § 24.]

**43.105.005 Purpose.** It is a purpose of this chapter to provide for coordinated planning and management of state information services. The legislature recognizes that information systems, telecommunications, equipment, software, and services must satisfy the needs of end users and that many appropriate and cost-effective alternatives exist for meeting these needs, such as shared mainframe computing, shared voice, data, and video telecommunications services, local area networks, departmental minicomputers, and microcomputers. [1990 c 208 § 1; 1987 c 504 § 1.]

**43.105.017 Legislative intent.** It is the intent of the legislature that:

(1) State government use voice, data, and video telecommunications technologies to:

(a) Transmit and increase access to live, interactive classroom instruction and training;

(b) Provide for interactive public affairs presentations, including a public forum for state and local issues;

(c) Facilitate communications and exchange of information among state and local elected officials and the general public;

(d) Enhance statewide communications within state agencies; and

(e) Through the use of telecommunications, reduce time lost due to travel to in-state meetings;

(2) Information be shared and administered in a coordinated manner, except when prevented by agency responsibilities for security, privacy, or confidentiality;

(3) The primary responsibility for the management and use of information, information systems, telecommunications, equipment, software, and services rests with each agency head;

(4) Resources be used in the most efficient manner and services be shared when cost-effective;

(5) A structure be created to:

(a) Plan and manage telecommunications and computing networks;

(b) Increase agencies' awareness of information sharing opportunities; and

(c) Assist agencies in implementing such possibilities;

(6) An acquisition process for equipment, proprietary software, and related services be established that meets the needs of the users, considers the exchange of information, and promotes fair and open competition;

(7) To the greatest extent possible, major information technology projects be implemented on an incremental basis;

(8) The state maximize opportunities to exchange and share data and information by moving toward implementation of open system architecture based upon interface standards providing for application and data portability and interoperability;

(9) To the greatest extent possible, the state recognize any price performance advantages which may be available in midrange and personal computing architecture;

(10) The state improve recruitment, retention, and training of professional staff;

(11) Plans, proposals, and acquisitions for information services be reviewed from a financial and management perspective as part of the budget process; and

(12) State government adopt policies and procedures that maximize the use of existing video telecommunications resources, coordinate and develop video telecommunications in a manner that is cost-effective and encourages shared use, and ensure the appropriate use of video telecommunications to fulfill identified needs. ### 43.105.172 Information technology portfolios.

Information technology portfolios shall reflect (1) links among an agency's objectives, business plan, and technology; (2) analysis of the effect of an agency's proposed new technology investments on its existing infrastructure and business functions; and (3) analysis of the effect of proposed information technology investments on the state's information technology infrastructure. [1999 c 80 § 2.]

### 43.105.180 Budget request to be evaluated for information technology projects.

Upon request of the office of financial management, the department shall evaluate agency budget requests for major information technology projects identified under RCW 43.105.190, including those proposed by the superintendent of public instruction, in conjunction with educational service districts, or statewide or regional providers of K-12 education information technology services. The department shall submit recommendations for funding all or part of such requests to the office of financial management.

The department, with the advice and approval of the office of financial management, shall establish criteria, consistent with portfolio-based information technology management, for the evaluation of agency budget requests under this section. These budget requests shall be made in the context of an agency's information technology portfolio; technology initiatives underlying budget requests are subject to board review. Criteria shall include, but not be limited to: Feasibility of the proposed projects, consistency with the state strategic information technology plan, consistency with information technology portfolios, appropriate provision for public electronic access to information and services, costs, and benefits. [1999 c 80 § 11. Prior: 1996 c 171 § 11; 1996 c 137 § 14; 1992 c 20 § 3.]

**Captions not law—Effective dates—1996 c 171:** See notes following RCW 43.105.250.

**Effective date—Application—1996 c 137:** See notes following RCW 43.105.830.

**43.105.190 Major information technology projects standards and policies—Project evaluation and reporting.**

(1) The department, with the approval of the board, shall establish standards and policies governing the planning, implementation, and evaluation of major information technology projects, including those proposed by the superintendent of public instruction, in conjunction with educational service districts, or statewide or regional providers of K-12 education information technology services. The standards and policies shall:

(a) Establish criteria to identify projects which are subject to this section. Such criteria shall include, but not be limited to, significant anticipated cost, complexity, or statewide significance of the project; and

(b) Establish a model process and procedures which agencies shall follow in developing and implementing projects within their information technology portfolios. Agencies may propose, for approval by the department, a process and procedures unique to the agency. The department may accept or require modification of such agency proposals or the department may reject such agency proposals and require use of the model process and procedures established under this subsection. Any process and procedures developed under this subsection shall require (i) distinct and identifiable phases upon which funding may be based, (ii) user validation of products through system demonstrations and testing of prototypes and deliverables, and (iii) other elements identified by the board.

The director may terminate a major project if the director determines that the project is not meeting or is not expected to meet anticipated performance standards.

(2) The office of financial management shall establish policies and standards consistent with portfolio-based information technology management to govern the funding of projects developed under this section. The policies and standards shall provide for:

(a) Funding of a project under terms and conditions mutually agreed to by the director, the director of financial management, and the head of the agency proposing the project. However, the office of financial management may require incremental funding of a project on a phase-by-phase basis whereby funds for a given phase of a project may be released only when the office of financial management determines, with the advice of the department, that the previous phase is satisfactorily completed;

(b) Acceptance testing of products to assure that products perform satisfactorily before they are accepted and final payment is made; and

(c) Other elements deemed necessary by the office of financial management.

(3) The department shall evaluate projects based on the demonstrated business needs and benefits; cost; technology scope and feasibility; impact on the agency's information technology portfolio and on the statewide infrastructure; and

final project implementation plan based upon available funding.

Copies of project evaluations conducted under this subsection shall be submitted to the office of financial management and the chairs, ranking minority members, and staff coordinators of the appropriations committees of the senate and house of representatives.

If there are projects that receive funding from a transportation fund or account, copies of those projects' evaluations conducted under this subsection must be submitted, during the legislative session, to the chairs and ranking minority members of the transportation committees of the senate and the house of representatives. During the legislative interim, the project evaluations must be submitted to the legislative transportation committee. [1999 c 80 § 12; 1998 c 177 § 4; 1996 c 137 § 15; 1992 c 20 § 4.]

**Effective date—Application—1996 c 137:** See notes following RCW 43.105.830.

**Severability—Captions not law—1992 c 20:** See notes following RCW 43.105.160.

**43.105.200 Application to institutions of higher education.** In the case of institutions of higher education, the provisions of chapter 20, Laws of 1992, apply to business and administrative applications but do not apply to academic and research applications. [1992 c 20 § 5.]

**Severability—Captions not law—1992 c 20:** See notes following RCW 43.105.160.

**43.105.210 Data processing expenditures—Authorization—Penalties.** No state agency may expend any moneys for major information technology projects subject to review by the department of information services under RCW 43.105.190 unless specifically authorized by the legislature. An intentional or negligent violation of this section constitutes a violation of RCW 43.88.290 and shall subject the head of the agency to forfeiture of office and other civil penalties as provided under RCW 43.88.300.

If the director of information services intentionally or negligently approved an expenditure in violation of this section, then all sanctions described in this section and RCW 43.88.300 shall also apply to the director of information services. [1993 sp.s. c 1 § 903.]

**Severability—1993 sp.s. c 1:** "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1993 sp.s. c 1 § 904.]

**Effective date—1993 sp.s. c 1:** "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately [May 18, 1993]." [1993 sp.s. c 1 § 905.]

**43.105.250 Electronic access to public records—Findings—Intent.** Based upon the recommendations of the public information access policy task force, the legislature finds that government records and information are a vital resource to both government operations and to the public that government serves. Broad public access to state and local government records and information has potential for expanding citizen access to that information and for improving government services. Electronic methods for locating and transferring information can improve linkages between

and among citizens, organizations, businesses, and governments. Information must be managed with great care to meet the objectives of citizens and their governments.

It is the intent of the legislature to encourage state and local governments to develop, store, and manage their public records and information in electronic formats to meet their missions and objectives. Further, it is the intent of the legislature for state and local governments to set priorities for making public records widely available electronically to the public. [1996 c 171 § 1.]

**Captions not law—1996 c 171:** "Section captions used in this act do not constitute any part of the law." [1996 c 171 § 16.]

**Effective dates—1996 c 171:** "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [March 28, 1996], except for section 8 of this act, which takes effect June 30, 1997." [1996 c 171 § 19.]

**43.105.260 Electronic access to public records—Definitions.** Unless the context requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Local government" means every county, city, town, and every other municipal or quasi-municipal corporation.

(2) "Public record" means as defined in RCW 42.17.020 and chapter 40.14 RCW, and includes legislative records and court records that are available for public inspection.

(3) "State agency" includes every state office, department, division, bureau, board, and commission of the state, and each state elected official who is a member of the executive department. [1996 c 171 § 2.]

**Captions not law—Effective dates—1996 c 171:** See notes following RCW 43.105.250.

**43.105.270 Electronic access to public records—Planning.** Within existing resources, state agencies shall plan for and implement processes for making information available electronically. Public demand and agencies' missions and goals shall drive the selection and priorities for government information to be made available electronically. When planning for increased public electronic access, agencies should determine what information the public wants and needs most. Widespread public electronic access does not mean that all government information is able to be made available electronically.

(1) In planning for and implementing electronic access, state agencies shall:

(a) Where appropriate, plan for electronic public access and two-way electronic interaction when acquiring, redesigning, or rebuilding information systems;

(b) Focus on providing electronic access to current information, leaving archival material to be made available digitally as resources allow or as a need arises;

(c) Coordinate technology planning across agency boundaries in order to facilitate electronic access to vital public information;

(d) Develop processes to determine which information the public most wants and needs;

(e) Develop and employ methods to readily withhold or mask nondisclosable data.

(2) In planning or implementing electronic access and two-way electronic interaction and delivery technologies, state agencies and local governments are encouraged to:

(a) Increase their capabilities to receive information electronically from the public and to transmit forms, applications, and other communications and transactions electronically;

(b) Use technologies allowing public access throughout the state that allow continuous access twenty-four hours a day, seven days per week, involve little or no cost to access, and are capable of being used by persons without extensive technological ability; and

(c) Consider and incorporate wherever possible ease of access to electronic technologies by persons with disabilities. In planning and implementing new public electronic access projects, agencies should consult with people who have disabilities, with disability access experts, and the general public.

(3) The final report of the public information access policy task force, "Encouraging Widespread Public Electronic Access to Public Records and Information Held by State and Local Governments," shall serve as a major resource for state agencies and local governments in planning and providing increased access to electronic public records and information. [1996 c 171 § 5.]

**Captions not law—Effective dates—1996 c 171:** See notes following RCW 43.105.250.

**43.105.280 Electronic access to public records—Costs and fees.** Funding to meet the costs of providing access, including the building of the necessary information systems, the digitizing of information, developing the ability to mask nondisclosable information, and maintenance and upgrade of information access systems should come primarily from state and local appropriations, federal dollars, grants, private funds, cooperative ventures among governments, nonexclusive licensing, and public/private partnerships. Agencies should not offer customized electronic access services as the primary way of responding to requests or as a primary source of revenue. Fees for staff time to respond to requests, and other direct costs may be included in costs of providing customized access.

Agencies and local governments are encouraged to pool resources and to form cooperative ventures to provide electronic access to government records and information. State agencies are encouraged to seek federal and private grants for projects that provide increased efficiency and improve government delivery of information and services. [1996 c 171 § 12.]

**Captions not law—Effective dates—1996 c 171:** See notes following RCW 43.105.250.

**43.105.290 Electronic access to public records—Government information locator service pilot project.** The state library, with the assistance of the department of information services and the state archives, shall establish a pilot project to design and test an electronic information locator system, allowing members of the public to locate and access electronic public records. In designing the system, the following factors shall be considered: (1) Ease of operation by citizens; (2) access through multiple technologies, such as direct dial and toll-free numbers, kiosks, and the internet; (3) compatibility with private on-line services; and (4) capability of expanding the electronic public records

included in the system. The pilot project may restrict the type and quality of electronic public records that are included in the system to test the feasibility of making electronic public records and information widely available to the public. [1996 c 171 § 13.]

**Captions not law—Effective dates—1996 c 171:** See notes following RCW 43.105.250.

**43.105.300 Education in use of technology encouraged.** State agencies and local governments are encouraged to provide education for their employees in the use and implementation of electronic technologies. State agencies are encouraged to make maximum use of the provisions of RCW 28B.15.558, and training offered by the state department of personnel, to maximize employee education in the creation, design, maintenance, and use of electronic information systems and improved customer service delivery. [1996 c 171 § 14.]

**Captions not law—Effective dates—1996 c 171:** See notes following RCW 43.105.250.

**43.105.310 Accuracy, integrity, and privacy of records and information.** State agencies and local governments that collect and enter information concerning individuals into electronic records and information systems that will be widely accessible by the public under RCW 42.17.020 shall ensure the accuracy of this information to the extent possible. To the extent possible, information must be collected directly from, and with the consent of, the individual who is the subject of the data. Agencies shall establish procedures for correcting inaccurate information, including establishing mechanisms for individuals to review information about themselves and recommend changes in information they believe to be inaccurate. The inclusion of personal information in electronic public records that is widely available to the public should include information on the date when the data base was created or most recently updated. If personally identifiable information is included in electronic public records that are made widely available to the public, agencies must follow retention and archival schedules in accordance with chapter 40.14 RCW, retaining personally identifiable information only as long as needed to carry out the purpose for which it was collected. [1996 c 171 § 15.]

**Captions not law—Effective dates—1996 c 171:** See notes following RCW 43.105.250.

**43.105.320 Departmental authority as certification authority for electronic authentication.** The department of information services may become a licensed certification authority, under chapter 19.34 RCW, for the purpose of providing services to agencies, local governments, and other entities and persons for purposes of official state business. The department is not subject to RCW 19.34.100(1)(a). The department shall only issue certificates, as defined in RCW 19.34.020, in which the subscriber is:

- (1) The state of Washington or a department, office, or agency of the state;
- (2) A city, county, district, or other municipal corporation, or a department, office, or agency of the city, county, district, or municipal corporation;

(3) An agent or employee of an entity described by subsection (1) or (2) of this section, for purposes of official public business;

(4) Any other person or entity engaged in matters of official public business, however, such certificates shall be limited only to matters of official public business. The department may issue certificates to such persons or entities only if after issuing a request for proposals from certification authorities licensed under chapter 19.34 RCW and review of the submitted proposals, makes a determination that such private services are not sufficient to meet the department's published requirements. The department must set forth in writing the basis of any such determination and provide procedures for challenge of the determination as provided by the state procurement requirements; or

(5) An applicant for a license as a certification authority for the purpose of compliance with RCW 19.34.100(1)(a). [1999 c 287 § 18; 1997 c 27 § 29.]

**Task force—Review—Expiration of section—1999 c 287:** "(1) If the department of information services issues certificates to nongovernmental entities or individuals pursuant to section 18(4) of this act, the office of financial management shall convene a task force, which shall include both governmental and nongovernmental representatives, to review the practice of the state issuing certificates to nongovernmental entities or individuals for the purpose of conducting official public business. The task force shall prepare and submit its findings to the appropriate legislative committees by December 31, 2000.

(2) This section expires June 30, 2001." [1999 c 287 § 19.]

**Effective date—1999 c 287:** See note following RCW 19.34.010.

**Effective date—Severability—1997 c 27:** See notes following RCW 19.34.030.

**43.105.800 K-20 educational network board.** The K-20 educational network board is created. The purpose of the K-20 board is to ensure that the K-20 educational telecommunications network is operated in a way that serves the broad public interest above the interest of any network user.

**43.105.820 K-20 telecommunication system—Technical plan.** The information services board shall prepare a technical plan for the design and construction of the K-20 telecommunication system. The board shall ensure that the technical plan adheres to the goals and objectives established under RCW 43.105.041. The board shall provide formal project approval and oversight during the development and implementation of the K-20 telecommunications network. In approving the plan, the board shall conduct a request for proposal process. The technical plan shall be developed in phases as follows:

(1) Phase one shall provide a telecommunication backbone connecting educational service districts, the main

campuses of public baccalaureate institutions, the branch campuses of public research institutions, and the main campuses of community colleges and technical colleges.

(2) Phase two shall provide for (a) connection to the network by entities that include, but need not be limited to: School districts, public higher education off-campus and extension centers, and branch campuses of community colleges and technical colleges, as prioritized by the K-20 telecommunications oversight and policy committee, or as modified by the board; (b) distance education facilities and components for entities listed in subsections (1) and (2) of this section; and (c) connection for independent nonprofit institutions of higher education, provided that:

(i) The K-20 board and each independent nonprofit institution of higher education to be connected agree in writing to terms and conditions of connectivity. The terms and conditions shall ensure, among other things, that the provision of K-20 services does not violate Article VIII, section 5 of the state Constitution and that the institution shall adhere to network policies; and

(ii) The K-20 board determines that inclusion of the independent nonprofit institutions of higher education will not significantly affect the network's eligibility for federal universal service fund discounts or subsidies.

(3) Subsequent phases may include, but need not be limited to, connections to public libraries, state and local governments, community resource centers, and the private sector. [1999 c 285 § 11; 1996 c 137 § 8. Formerly RCW 28D.02.070.]

**43.121.010 Legislative declaration, intent.** The legislature recognizes that child abuse and neglect is a threat to the family unit and imposes major expenses on society. The legislature further declares that there is a need to assist private and public agencies in identifying and establishing community based educational and service programs for the prevention of child abuse and neglect. It is the intent of the legislature that an increase in prevention programs will help reduce the breakdown in families and thus reduce the need for state intervention and state expense. It is further the intent of the legislature that prevention of child abuse and child neglect programs are partnerships between communities, citizens, and the state. [1982 c 4 § 1.]

**43.121.015 Definitions.** As used in this chapter, the following terms have the meanings indicated unless the context clearly requires otherwise.

(2) "Council" means the Washington council for the prevention of child abuse and neglect.

(3) "Primary prevention" of child abuse and neglect means any effort designed to inhibit or preclude the initial occurrence of child abuse and neglect, both by the promotion of positive parenting and family interaction, and the remediation of factors linked to causes of child maltreatment.

(4) "Secondary prevention" means services and programs that identify and assist families under such stress that abuse or neglect is likely or families display symptoms associated with child abuse or neglect. [1988 c 278 § 4; 1987 c 351 § 2.]

(2) The council shall be composed of the chairperson and thirteen other members as follows:

(a) The chairperson and six other members shall be appointed by the governor and shall be selected for their interest and expertise in the prevention of child abuse. A minimum of four designees by the governor shall not be affiliated with governmental agencies. The appointments shall be made on a geographic basis to assure statewide representation. Members appointed by the governor shall serve for three-year terms. Vacancies shall be filled for any unexpired term by appointment in the same manner as the original appointments were made.

**Legislative findings—Severability—Effective date—1984 c 287:** See notes following RCW 43.03.220.

**43.121.040 Executive director, salary—Staff.** The governor may employ an executive director who shall be exempt from the provisions of chapter 41.06 RCW, and such other staff as are necessary to carry out the purposes of this chapter. **43.121.050 Council powers and duties—Generally—Rules.** To carry out the purposes of this chapter, the council may:

(1) Contract with public or private nonprofit organizations, agencies, schools, or with qualified individuals for the establishment of community-based educational and service programs designed to:

(a) Reduce the occurrence of child abuse and neglect; and

(b) Provide for parenting skills which include: Consistency in parenting; providing children with positive discipline that provides firm order without hurting children physically or emotionally; and preserving and nurturing the family unit. Programs to provide these parenting skills may include the following:

(i) Programs to teach positive methods of disciplining children;

(ii) Programs to educate parents about the physical, mental, and emotional development of children;

(iii) Programs to enhance the skills of parents in providing for their children's learning and development; and

(iv) Learning experiences for children and parents to help prepare parents and children for the experiences in school. Contracts also may be awarded for research programs related to primary and secondary prevention of child abuse and neglect, and to develop and strengthen community child abuse and neglect prevention networks. Each contract entered into by the council shall contain a provision for the evaluation of services provided under the contract. Contracts for services to prevent child abuse and child neglect shall be awarded as demonstration projects with continuation based upon goal attainment. Contracts for services to prevent child abuse and child neglect shall be awarded on the basis of probability of success based in part upon sound research data.

(2) Facilitate the exchange of information between groups concerned with families and children.

(3) Consult with applicable state agencies, commissions, and boards to help determine the probable effectiveness, fiscal soundness, and need for proposed educational and service programs for the prevention of child abuse and neglect.

(4) Establish fee schedules to provide for the recipients of services to reimburse the state general fund for the cost of services received.

(5) Adopt its own bylaws.

(6) Adopt rules under chapter 34.05 RCW as necessary to carry out the purposes of this chapter. [1988 c 278 § 5; 1987 c 351 § 4; 1982 c 4 § 5.]

**Legislative findings—1987 c 351:** See note following RCW 70.58.085.

**43.121.060 Contracts for services—Scope of programs—Funding.** Programs contracted for under this chapter are intended to provide primary child abuse and neglect prevention services. Such programs may include, but are not limited to:

(1) Community-based educational programs on prenatal care, perinatal bonding, child development, basic child care, care of children with special needs, and coping with family stress; and

(2) Community-based programs relating to crisis care, aid to parents, child-abuse counseling, support groups for abusive or potentially abusive parents and their children, and early identification of families where the potential for child abuse and neglect exists.

The council shall develop policies to determine whether programs will be demonstration or will receive continuous funding. Nothing in this chapter requires continued funding by the state. [1982 c 4 § 6.]

**43.121.070 Contracts for services—Factors in awarding.** In awarding contracts under RCW 43.121.060, consideration shall be given to factors such as need, diversity of geographic locations, coordination with or enhancement of existing services, and the extensive use of volunteers in the program. Further consideration shall be given to the extent to which contract proposals are based on prior research that indicates a probability of goal achievement. [1982 c 4 § 7.]

**43.121.080 Contracts for services—Partial funding by administering organization, what constitutes.** Twenty-five percent of the funding for programs under this chapter shall be provided by the organization administering the program. Contributions of materials, supplies, or physical facilities may be considered as all or part of the funding provided by the organization. [1982 c 4 § 8.]

**43.121.100 Contributions, grants, gifts—Depository for and disbursement and expenditure control of moneys received—Children's trust fund.** The council may accept contributions, grants, or gifts in cash or otherwise, including funds generated by the sale of "heirloom" birth certificates under chapter 70.58 RCW from persons, associations, or corporations. All moneys received by the council or any employee thereof from contributions, grants, or gifts and not through appropriation by the legislature shall be deposited in a depository approved by the state treasurer to be known as the children's trust fund. Disbursements of such funds shall be on the authorization of the council or a duly authorized representative thereof and only for the purposes stated in RCW 43.121.050. In order to maintain an effective expenditure and revenue control, such funds shall be subject in all respects to chapter 43.88 RCW, but no appropriation shall be required to permit expenditure of such funds. [1987 c 351 § 5; 1984 c 261 § 3; 1982 c 4 § 10.]

**Legislative findings—1987 c 351:** See note following RCW 70.58.085.

**Severability—1984 c 261:** See note following RCW 43.121.020.

**43.121.110 Parenting skills—Legislative findings.** The legislature believes that parents who have developed good early parenting skills provide homes where children are treated with dignity and respect and where closeness and trust among family members provide children with the basis for a productive adult life. The legislature also believes that children raised in this positive atmosphere will develop self esteem and are unlikely to become dependent upon the social service system or to be involved in the criminal justice system. The legislature further believes that teaching parents good early parenting skills can help eliminate physical and emotional abuse of children. [1988 c 278 § 1.]

**43.121.120 Community-based early parenting skills programs—Funding.** (1) In order to increase the knowledge of early parenting skills of parents in Washington state, voluntary community based programs on early parenting skills shall be established. The council shall fund, within available funds, and monitor community-based early parenting skills programs in at least three geographically

balanced areas around the state. Successful programs which the council and the national center on child abuse and neglect have funded or currently fund, may be used as models for the projects.

(2) The early parenting education program shall be designed to serve families with children ranging from infants through three years old and also to serve expectant parents. The projects may include the following:

(a) Education for parents about the physical, mental, and emotional development of children;

(b) Programs to enhance the skills of parents in providing for learning and development of their children;

(c) Shared learning experiences for children and parents;

(d) Activities designed to screen for children's physical, mental, emotional, or behavioral problems that may cause learning problems;

(e) Resources for educational materials which may be borrowed for home use;

(f) Information on related community resources;

(g) Group support which may include counseling for parents under stress;

(h) Emphasis to encourage participation by fathers; or

(i) Other programs or activities consistent with this chapter.

(3) The programs shall be reviewed periodically to provide that the instruction and materials are not racially, culturally, or sexually biased.

(4) The services provided by the projects shall be coordinated with schools and social services provided in the community to avoid duplication of services.

(5) A sliding fee scale shall be utilized at the discretion of the council. [1988 c 278 § 2.]

**43.121.130 Decreased state funding of parenting skills programs—Evaluation.** (1) Funding shall be provided, as funds are available, in decreasing amounts over a two-year period, with the goal of having the programs become supported by local communities at the end of a two-year period. State funding may be continued in areas where local funding would be difficult to obtain due to local economic conditions to the extent funding is made available to the council.

(2) The council shall work with the projects in the program to evaluate the results of the projects. The council shall make recommendations on these projects and the program. A project agreeing to develop an evaluation component shall be considered for a three-year funding schedule. [1998 c 245 § 48; 1988 c 278 § 3.]

**43.121.140 Shaken baby syndrome—Outreach campaign.** The council shall conduct a proactive, public information and communication outreach campaign regarding the dangers of shaking infants and young children, and the causes and prevention of shaken baby syndrome.

The public information campaign shall include production and distribution of a readily understandable brochure regarding shaken baby syndrome, explaining its medical effects upon infants and emphasizing preventive measures.

The brochure shall be distributed free of charge to the parents or guardians of each newborn, upon discharge from a hospital or other health facility. In the event of home birth

attended by a licensed midwife, the midwife shall be responsible for presenting the brochure to the parents of the newborn.

The public information campaign may, within available funds, also include communication by electronic media, telephone hotlines, and existing parenting education events funded by the council. [1993 c 107 § 2.]

**Finding—1993 c 107:** "The legislature finds that shaken baby syndrome is a medically serious, sometimes fatal, usually unintentional matter affecting newborns and very young children.

Vigorous shaking of an infant can result in bleeding inside the head, causing irreversible brain damage, blindness, cerebral palsy, hearing loss, spinal cord injury, seizures, learning disabilities, or death. Many healthy, intelligent infants suffer from shaken baby syndrome because their caregivers were unaware of the dangers. The damage is preventable through education and awareness." [1993 c 107 § 1.]

#### **43.121.150 Juvenile crime—Legislative findings.**

The legislature of the state of Washington finds that community deterioration and family disintegration are increasing problems in our state. One clear indicator of this damage is juvenile crime and violence. The legislature further finds that prevention is one of the best methods of fighting juvenile crime. Building more facilities to house juvenile offenders can be at best only one part of any solution. Any increased spending on confining juvenile offenders must be closely linked to existing efforts to prevent juvenile crime. [1997 c 338 § 56.]

**Finding—Evaluation—Report—1997 c 338:** See note following RCW 13.40.0357.

**Severability—Effective dates—1997 c 338:** See notes following RCW 5.60.060.

**43.121.910 Severability—1982 c 4.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1982 c 4 § 15.]

**43.130.010 Purpose.** When either for fiscal reasons, obsolescence or other extraordinary reasons, it becomes necessary to close a state facility, as defined by RCW 43.130.020(2), the state has a responsibility to provide certain benefits to affected employees.

It is the purpose of this chapter to establish an economic impact act for the state of Washington to meet the emergency situation now in existence for state employees affected by the closure of state facilities, as defined in RCW 43.130.020. [1973 2nd ex.s. c 37 § 1.]

**43.130.020 Definitions.** For purposes of this chapter:

(1) "Employees" includes those persons performing services for the state on a salaried or hourly basis including, but not limited to, persons in "classified service" as defined in RCW 41.06.020(3) and those persons defined as exempt from the state civil service laws pursuant to RCW 41.06.070.

(2) The term "closure of a state facility" means the termination of services being provided by a facility operated by the department of social and health services or in conjunction with the department of natural resources, when such facility is terminated for fiscal reasons, obsolescence, or other extraordinary reasons.

(3) "Classified employees" means those employees performing classified service as defined in RCW 41.06.020(3). [1973 2nd ex.s. c 37 § 2.]

**43.130.030 Excluded employment and employees.**

Excluded employment and excluded employees under this chapter include, but are not limited to, the following:

(1) State employment related to a single project under a program separately financed by a grant of nonstate funds, federal funds or state funds, or by a combination of such funding, which is designed to provide training or employment opportunities, expertise or additional manpower related to the project or which, because of the nature of the project funding requirements, is not intended as a permanent program.

(2) Activities at least seventy-five percent federally funded by a categorical grant for a specific purpose and any other activities terminated because of actions taken by the federal government or other funding sources other than the state of Washington in eliminating or substantially limiting funding sources, except to the extent that the federal government or such other funding sources may permit the use of nonstate funds to pay for any employee benefits authorized pursuant to this chapter.

(3) The following categories of employees are excluded from benefits under this chapter:

(a) employees refusing transfer to vacant positions in the same or a like job classification and at not more than one full range lower than the same salary range;

(b) classified employees having other than permanent status in the classified service;

(c) employees having less than three years' consecutive state service as an employee, except that such employees shall nonetheless be eligible for the benefits provided in subsections (1), (2), (4) and (5) of RCW 43.130.040.

(d) nothing in this chapter shall affect any other rights currently held by classified employees regarding reduction in

force procedures and subsequent reemployment. [1973 2nd ex.s. c 37 § 3.]

**43.130.040 Benefits.** In order to carry out the purposes of this chapter, the state shall take every reasonable step at its disposal to provide alternative employment and to minimize the economic loss of state employees affected by the closure of state facilities. Affected state employees shall be paid benefits as specified in this section.

(1) Relocation expenses covering the movement of household goods, incurred by the necessity of an employee moving his domicile to be within reasonable commuting distance of a new job site, shall be paid by the state to employees transferring to other state employment by reason of the closure of a facility.

(2) Relocation leave shall be allowed up to five working days' leave with pay for the purpose of locating new residence in the area of employment.

(3) The state shall reimburse the transferring employee to the extent of any unavoidable financial loss suffered by an employee who sells his home at a price less than the true and fair market value as determined by the county assessor not exceeding three thousand dollars: PROVIDED, That this right of reimbursement must be exercised, and sale of the property must be accomplished, within a period of two years from the date other state employment is accepted.

(4) For employees in facilities which have been terminated who do not choose to participate in the transfer program set forth in the preceding subsections, the following terminal pay plan shall be available:

(a) For qualifying employees, for each one year of continuous state service, one week (five working days) of regular compensation shall be provided.

(b) Regular compensation as used in subsection (a) hereof shall include salary compensation at the rate being paid to the employees at the time operation of the facility is terminated.

(c) Terminal pay as set forth in subsections (a) and (b) hereof shall be paid to the employee at the termination of the employees last month of employment or within thirty days after \*the effective date of this 1973 act, whichever is later: PROVIDED, That from the total amount of terminal pay, the average sum of unemployment compensation that the qualifying employee is eligible to receive multiplied by the total number of weeks of terminal pay minus one week shall be deducted.

(d) Those employees electing the early retirement benefits as stated in subsection (5) of this section shall not be eligible for the terminal pay provisions as set forth in this subsection.

(e) Those employees who are reemployed by the state during the period they are receiving terminal pay pursuant to subsections (a), (b) and (c) of this section shall reimburse the state for that portion of the terminal pay covered by the period of new employment.

(5) As an option to transferring to other state employment an employee may elect early retirement under the following conditions:

(a) Notwithstanding the age requirements of RCW 41.40.180, any affected employee under this chapter who has attained the age of fifty-five years, with at least five years

creditable service, shall be immediately eligible to retire, with no actuarial reduction in the amount of his pension benefit.

(b) Notwithstanding the age requirements of RCW 41.40.180, any affected employee under this chapter who has attained the age of forty-five years, with at least five years creditable service, shall be immediately eligible to retire with an actuarial reduction in the amount of his pension benefit of three percent for each complete year that such employee is under fifty-five years of age.

(c) Employees who elect to retire pursuant to RCW 41.40.180 shall be eligible to retire while on authorized leave of absence not in excess of one hundred and twenty days.

(d) Employees who elect to retire under the provisions of this section shall not be eligible for any retirement benefit in a year following a year in which their employment income was in excess of six thousand dollars. This six thousand dollars base shall be adjusted annually beginning in 1974 by such cost of living adjustments as are applied by the public employees' retirement system to membership retirement benefits. ## GENERAL PROVISIONS

### **43.131.010 Short title. (Expires June 30, 2015.)**

This chapter may be known and cited as the Washington Sunset Act. [1990 c 297 § 1; 1977 ex.s. c 289 § 1.]

**43.131.020 Findings. (Expires June 30, 2015.)** The state legislature finds that state entities may fail to deliver services as effectively and efficiently as is expected by the general public and as originally contemplated by the legislature. It further finds that state government actions have produced a substantial increase in numbers of entities, growth of programs, and proliferation of rules, and that the entire process has evolved without sufficient legislative and executive oversight, regulatory accountability, or a system of checks and balances. The legislature further finds that by establishing a system for the termination, continuation, or modification of state entities, coupled with a system of scheduled review of such entities, it will be in a better position to: Evaluate the need for the continued existence of existing and future state entities; assess the effectiveness and performance of agencies, boards, commissions, and programs; and ensure public accountability. The legislature recognizes that the executive branch shares in this duty and responsibility to assure that state government operates in an efficient, orderly, and responsive manner. [2000 c 189 § 1; 1977 ex.s. c 289 § 2.]

**43.131.030 Definitions. (Expires June 30, 2015.)** As used in this chapter the following words and phrases shall have the following meanings unless the context clearly requires otherwise.

(1) "Entity" includes every state office, department, board, commission, unit or subunit, and agency of the state, and where provided by law, programs and activities involving less than the full responsibility of a state agency. "Entity" also includes any part of the Revised Code of Washington scheduled for repeal, expiration, or program termination.

(2) "Person" includes every natural person, firm, partnership, corporation, association, or organization. [2000 c 189 § 2; 1983 1st ex.s. c 27 § 1; 1977 ex.s. c 289 § 3.]

**43.131.040 Reestablishment of entity scheduled for termination—Review. (Expires June 30, 2015.)** Any state

entity scheduled for termination by the processes provided in this chapter may be reestablished by the legislature for a specified period of time or indefinitely. The legislature may again review the state entity in a manner consistent with the provisions of this chapter and reestablish, modify, or consolidate such state entity or allow it to be terminated. [2000 c 189 § 3; 1983 1st ex.s. c 27 § 2; 1977 ex.s. c 289 § 4.]

**43.131.051 Program and fiscal review—Reports. (Expires June 30, 2015.)** The joint legislative audit and review committee shall conduct a program and fiscal review of any entity scheduled for termination under this chapter. This program and fiscal review shall be completed and a preliminary report prepared during the calendar year prior to the date established for termination. These reports shall be prepared in the manner set forth in RCW 44.28.071 and 44.28.075. Upon completion of its preliminary report, the joint legislative audit and review committee shall transmit copies of the report to the office of financial management and any affected entity. The final report shall include the response, if any, of the affected entity and the office of financial management in the same manner as set forth in RCW 44.28.088, except the affected entity and the office of financial management shall have sixty days to respond to the report. The joint legislative audit and review committee shall transmit the final report to the legislature, to the state entity affected, to the governor, and to the state library. [2000 c 189 § 4.]

**43.131.061 Sunset termination and review—Performance measures—Minimum period for sunset termination. (Expires June 30, 2015.)** (1) Any entity may be scheduled for sunset termination and review under this chapter by law.

(2) An entity scheduled for sunset termination shall establish performance measures, as required under subsection (3) of this section, and must be evaluated, in part, in terms of the results. The entity has the burden of demonstrating the extent to which performance results have been achieved. The sunset termination legislation shall name a lead entity, if more than one entity is impacted by scheduled termination. The affected entity or lead entity has the responsibility for developing and implementing a data collection plan and submitting the resulting performance information to the joint legislative audit and review committee.

(3) An entity shall develop performance measures and a data collection plan and submit them for review and comment to the joint legislative audit and review committee within one year of the effective date of the legislation establishing the sunset termination.

(4) Unless specified otherwise, sunset terminations under this chapter shall be a minimum of seven years. The joint legislative audit and review committee shall complete its review in the year prior to the date of termination. [2000 c 189 § 5.]

**43.131.071 Scope of review—Recommendations to the legislature. (Expires June 30, 2015.)** (1) In conducting the review of an entity, the joint legislative audit and review committee shall determine the scope and objectives of the

review and consider, but not be limited to, the following factors, if applicable:

(a) The extent to which the entity has complied with legislative intent;

(b) The extent to which the entity is operating in an efficient and economical manner which results in optimum performance;

(c) The extent to which the entity is operating in the public interest by controlling costs;

(d) The extent to which the entity duplicates the activities of other entities or of the private sector;

(e) The extent to which the entity is meeting the performance measures developed under RCW 43.131.061; and

(f) The possible impact of the termination or modification of the entity.

(2) After completing the review under subsection (1) of this section, the committee shall make its recommendations to the legislature. [2000 c 189 § 6.]

**43.131.090 Termination of entity—Procedures—Employee transfers—Property disposition—Funds and moneys—Rules—Contracts.** (*Effective until July 1, 2004.*)

Unless the legislature specifies a shorter period of time, a terminated entity shall continue in existence until June 30th of the next succeeding year for the purpose of concluding its affairs: PROVIDED, That the powers and authority of the entity shall not be reduced or otherwise limited during this period. Unless otherwise provided:

(5) All contractual rights and duties of an entity shall be assigned or delegated to the entity assuming the responsibilities of the terminated entity, or if there is none to such entity as the governor shall direct. [2000 c 189 § 7; 1993 c 281 § 54; 1983 1st ex.s. c 27 § 4; 1977 ex.s. c 289 § 9.]

*Legislative fiscal notes: Chapter 43.88A RCW.*

**43.132.010 Intent.** It is the intent of this chapter to create a uniform and coordinated procedure to determine the fiscal impact of proposed legislation on units of local government. [1977 ex.s. c 19 § 1.]

**43.132.020 Fiscal notes—Preparation—Contents—Scope—Revisions—Reports.** The director of financial

(2002 Ed.)

management or the director's designee shall, in cooperation with appropriate legislative committees and legislative staff, establish a mechanism for the determination of the fiscal impact of proposed legislation which if enacted into law would directly or indirectly increase or decrease revenues received or expenditures incurred by counties, cities, towns, or any other units of local government. The office of financial management shall, when requested by a member of the state legislature, report in writing as to such fiscal impact and said report shall be known as a "fiscal note".

Such fiscal notes shall indicate by fiscal year the total impact on the local governments involved for the first two years the legislation would be in effect and also a cumulative six year forecast of the fiscal impact. Where feasible and applicable, the fiscal note also shall indicate the fiscal impact on each individual county or on a representative sampling of cities, towns, or other units of local government.

A fiscal note as defined in this section shall be provided only upon request of any member of the state legislature. A request for a fiscal note on legislation shall be considered to be a continuing request for a fiscal note on any formal alteration of the legislation in the form of amendments to the legislation that are adopted by a committee or a house of the legislature or a substitute version of such legislation that is adopted by a committee and preparation of the fiscal note on the prior version of the legislation shall stop, unless the legislator requesting the fiscal note specifies otherwise or the altered version is first adopted or enacted in the last week of a legislative session.

Fiscal notes shall be completed within one week of the request unless a longer time period is allowed by the requesting legislator. In the event a fiscal note has not been completed within one week of a request, a daily report shall be prepared for the requesting legislator by the director of financial management which report summarizes the progress in preparing the fiscal note. If the request is referred to the director of community, trade, and economic development, the daily report shall also include the date and time such referral was made. [2000 c 182 § 2; 1995 c 399 § 79; 1984 c 125 § 16; 1979 c 151 § 149; 1977 ex.s. c 19 § 2.]

**Intent—2000 c 182:** "It is the intent of the legislature to enhance the local government fiscal note process by providing for updated fiscal information on pending legislation and to establish a process for a more comprehensive report on the fiscal impacts to local governments arising from laws that have been enacted. Further, it is the intent of the legislature that the varying effects of legislation on different local governments be recognized. This act is enacted in recognition of the responsibilities imposed by RCW 43.135.060." [2000 c 182 § 1.]

**Severability—Headings—Effective date—1984 c 125:** See RCW 43.63A.901 through 43.63A.903.

**43.132.030 Designation of department of community, trade, and economic development to prepare fiscal notes—Cooperation of state agencies, legislative staffs, and local government associations.** The director of financial management is hereby empowered to designate the director of community, trade, and economic development as the official responsible for the preparation of fiscal notes authorized and required by this chapter. It is the intent of the legislature that when necessary the resources of other state agencies, appropriate legislative staffs, and the various associations of local government may be employed in the

development of such fiscal notes. [1995 c 399 § 80; 1985 c 6 § 10; 1979 c 151 § 150; 1977 ex.s. c 19 § 3.]

**43.132.040 Fiscal notes—Transmission of copies to designated recipients.** When a fiscal note is prepared and approved as to form and completeness by the director of financial management, the director shall transmit copies immediately to:

(1) The requesting legislator;

(2) With respect to proposed legislation held by the senate, the chairperson of the committee which holds or has acted upon the proposed legislation, the chairperson of the ways and means committee or equivalent committees with jurisdiction over matters normally considered by a ways and means committee, the chairperson of the local government committee or equivalent committee that considers local government matters, and the secretary of the senate; and

(3) With respect to proposed legislation held by the house of representatives, the chairperson of the committee which holds or has acted upon the proposed legislation, the chairpersons of the ways and means committee or equivalent committees with jurisdiction over matters normally considered by a ways and means committee, the chairperson of the local government committee or equivalent committee that considers local government matters, and the chief clerk of the house of representatives. [2000 c 182 § 3; 1986 c 158 § 18; 1979 c 151 § 151; 1977 ex.s. c 19 § 4.]

**Intent—2000 c 182:** See note following RCW 43.132.020.

**43.132.050 Fiscal notes—Transmission of copies upon request.** The office of financial management may make additional copies of the fiscal note available to members of the legislature and others on request.

At the request of any member of the senate or house of representatives, whichever is considering the proposed legislation, and unless it is prohibited by the rules of the body, copies of the fiscal note or a synopsis thereof shall be placed on the members' desks at the time the proposed legislation takes its place on the second reading calendar.

Whenever proposed legislation accompanied by such a fiscal note is passed by either the senate or the house of representatives, the fiscal note shall be transmitted with the bill to the other house. [1986 c 158 § 19; 1979 c 151 § 152; 1977 ex.s. c 19 § 5.]

**43.132.055 Fiscal notes—Expenditures by local government—Fiscal responsibility.** When the fiscal note indicates that a bill or resolution would require expenditures of funds by a county, city, town, or other unit of local government, the legislature shall determine the state's fiscal responsibility and shall make every effort to appropriate the funds or provide the revenue generating authority necessary to implement the legislation during the ensuing biennium. [1979 ex.s. c 112 § 2.]

**43.132.060 Legislative action upon or validity of measures not affected.** (1) Nothing in this chapter shall prevent either house of the legislature from acting on any bill or resolution before it as otherwise provided by the state Constitution, by law, and by the rules of the senate and house of representatives, nor shall the lack of any fiscal note

as provided in this chapter or any error in the accuracy thereof affect the validity of any measure otherwise duly passed by the legislature.

(2) Subsection (1) of this section shall not alter the responsibilities of RCW 43.135.060. [2000 c 182 § 4; 1977 ex.s. c 19 § 6.]

**Intent—2000 c 182:** See note following RCW 43.132.020.

**43.132.800 Fiscal impact on local governments of selected laws enacted over five-year period—Annual report.** (1) The office of financial management, in consultation with the department of community, trade, and economic development, shall annually prepare a report on the fiscal impacts to counties, cities, towns, and other units of local governments, arising from selected laws enacted in the preceding five-year period. The office of financial management, in consultation with the department of community, trade, and economic development, shall annually select up to five laws to include within this report from a recommended list of laws approved by the legislature. The office of financial management, in consultation with the department of community, trade, and economic development, may select up to five laws to include within this report if the legislature does not approve a recommended list.

(2) The preparation of the reports required in subsection (1) of this section is subject to available funding. [2000 c 182 § 5.]

43.135.904	Effective dates—1994 c 2.

**43.135.010 Findings—Intent.** The people of the state of Washington hereby find and declare:

(1) The continuing increases in our state tax burden and the corresponding growth of state government is contrary to the interest of the people of the state of Washington.

(2) It is necessary to limit the rate of growth of state government while assuring adequate funding of essential services, including basic education as defined by the legislature.

(3) The current budgetary system in the state of Washington lacks stability. The system encourages crisis budgeting and results in cutbacks during lean years and overspending during surplus years.

(4) It is therefore the intent of this chapter to:

(a) Establish a limit on state expenditures that will assure that the growth rate of state expenditures does not exceed the growth rate of inflation and state population;

(b) Assure that local governments are provided funds adequate to render those services deemed essential by their citizens;

(c) Assure that the state does not impose responsibility on local governments for new programs or increased levels of service under existing programs unless the costs thereof are paid by the state;

(d) Provide for adjustment of the limit when costs of a program are transferred between the state and another political entity;

(e) Establish a procedure for exceeding this limit in emergency situations;

(f) Provide for voter approval of tax increases; and

(g) Avoid overfunding and underfunding state programs by providing stability, consistency, and long-range planning. [1994 c 2 § 1 (Initiative Measure No. 601, approved November 2, 1993); 1980 c 1 § 1 (Initiative Measure No. 62, approved November 6, 1979).]

**43.135.025 General fund expenditure limit—Computation—Annual limit adjustment—Definitions—Emergency exception—State treasurer duty, penalty—State expenditure limit committee.** (1) The state shall not expend from the general fund during any fiscal year state moneys in excess of the state expenditure limit established under this chapter.

(2) Except pursuant to a declaration of emergency under RCW 43.135.035 or pursuant to an appropriation under RCW 43.135.045(4)(b), the state treasurer shall not issue or redeem any check, warrant, or voucher that will result in a state general fund expenditure for any fiscal year in excess of the state expenditure limit established under this chapter. A violation of this subsection constitutes a violation of RCW 43.88.290 and shall subject the state treasurer to the penalties provided in RCW 43.88.300.

(3) The state expenditure limit for any fiscal year shall be the previous fiscal year's state expenditure limit increased by a percentage rate that equals the fiscal growth factor.

(4) For purposes of computing the state expenditure limit for the fiscal year beginning July 1, 1995, the phrase "the previous fiscal year's state expenditure limit" means the total state expenditures from the state general fund, not including federal funds, for the fiscal year beginning July 1, 1989, plus the fiscal growth factor. This calculation is then computed for the state expenditure limit for fiscal years 1992, 1993, 1994, and 1995, and as required under RCW 43.135.035(4).

(5) A state expenditure limit committee is established for the purpose of determining and adjusting the state

expenditure limit as provided in this chapter. The members of the state expenditure limit committee are the director of financial management, the attorney general or the attorney general's designee, and the chairs of the senate committee on ways and means and the house of representatives committee on appropriations. All actions of the state expenditure limit committee taken pursuant to this chapter require an affirmative vote of at least three members.

(6) Each November, the state expenditure limit committee shall adjust the expenditure limit for the preceding fiscal year based on actual expenditures and known changes in the fiscal growth factor and then project an expenditure limit for the next two fiscal years. If, by November 30th, the state expenditure limit committee has not adopted the expenditure limit adjustment and projected expenditure limit as provided in subsection (5) of this section, the attorney general or his or her designee shall adjust or project the expenditure limit, as necessary.

(7) "Fiscal growth factor" means the average of the sum of inflation and population change for each of the prior three fiscal years.

(8) "Inflation" means the percentage change in the implicit price deflator for the United States for each fiscal year as published by the federal bureau of labor statistics.

(9) "Population change" means the percentage change in state population for each fiscal year as reported by the office of financial management. [2000 2nd sp.s. c 2 § 1; 1994 c 2 § 2 (Initiative Measure No. 601, approved November 2, 1993).]

**Effective date—2000 2nd sp.s. c 2:** "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2000." [2000 2nd sp.s. c 2 § 4.]

**43.135.035 Tax legislation—Conditions and restrictions—Ballot title—Declarations of emergency—Taxes on intangible property—Expenditure limit to reflect program cost shifting or fund transfer.** (*Expires June 30, 2003.*) (1) After July 1, 1995, any action or combination of actions by the legislature that raises state revenue or requires revenue-neutral tax shifts may be taken only if approved by a two-thirds vote of each house, and then only if state expenditures in any fiscal year, including the new revenue, will not exceed the state expenditure limits established under this chapter. However, during the 2001-2003 biennium, any action or combination of actions by the legislature that raises state revenue or requires revenue-neutral tax shifts may be taken only if approved by a majority vote of each house, and then only if state expenditures in any fiscal year, including the new revenue, will not exceed the state expenditure limits established under this chapter.

(2)(a) If the legislative action under subsection (1) of this section will result in expenditures in excess of the state expenditure limit, then the action of the legislature shall not take effect until approved by a vote of the people at a November general election. The office of financial management shall adjust the state expenditure limit by the amount of additional revenue approved by the voters under this section. This adjustment shall not exceed the amount of revenue generated by the legislative action during the first full fiscal year in which it is in effect. The state expenditure

limit shall be adjusted downward upon expiration or repeal of the legislative action.

(b) The ballot title for any vote of the people required under this section shall be substantially as follows:

"Shall taxes be imposed on . . . . . in order to allow a spending increase above last year's authorized spending adjusted for inflation and population increases?"

(3)(a) The state expenditure limit may be exceeded upon declaration of an emergency for a period not to exceed twenty-four months by a law approved by a two-thirds vote of each house of the legislature and signed by the governor. The law shall set forth the nature of the emergency, which is limited to natural disasters that require immediate government action to alleviate human suffering and provide humanitarian assistance. The state expenditure limit may be exceeded for no more than twenty-four months following the declaration of the emergency and only for the purposes contained in the emergency declaration.

(b) Additional taxes required for an emergency under this section may be imposed only until thirty days following the next general election, unless an extension is approved at that general election. The additional taxes shall expire upon expiration of the declaration of emergency. The legislature shall not impose additional taxes for emergency purposes under this subsection unless funds in the education construction fund have been exhausted.

(c) The state or any political subdivision of the state shall not impose any tax on intangible property listed in RCW 84.36.070 as that statute exists on January 1, 1993.

(4) If the cost of any state program or function is shifted from the state general fund on or after January 1, 1993, to another source of funding, or if moneys are transferred from the state general fund to another fund or account, the state expenditure limit committee, acting pursuant to RCW 43.135.025(5), shall lower the state expenditure limit to reflect the shift. For the purposes of this section, a transfer of money from the state general fund to another fund or account includes any state legislative action taken after July 1, 2000, that has the effect of reducing revenues from a particular source, where such revenues would otherwise be deposited into the state general fund, while increasing the revenues from that particular source to another state or local government account. This subsection does not apply to the dedication or use of lottery revenues under RCW 67.70.240(3) or property taxes under RCW 84.52.068, in support of education or education expenditures.

(5) If the cost of any state program or function is shifted to the state general fund on or after January 1, 2000, from another source of funding, or if moneys are transferred to the state general fund from another fund or account, the state expenditure limit committee, acting pursuant to RCW 43.135.025(5), shall increase the state expenditure limit to reflect the shift. [Title 43 RCW—page 496]

**conditions—Transfer of earnings to multimodal transportation account.** (*Expires June 30, 2003.*) (1) The emergency reserve fund is established in the state treasury. During each fiscal year, the state treasurer shall deposit in the emergency reserve fund all general fund—state revenues in excess of the state expenditure limit for that fiscal year. Deposits shall be made at the end of each fiscal quarter based on projections of state revenues and the state expenditure limit. The treasurer shall make transfers between these accounts as necessary to reconcile actual annual revenues and the expenditure limit for fiscal year 2000 and thereafter.

(2) The legislature may appropriate moneys from the emergency reserve fund only with approval of at least two-thirds of the members of each house of the legislature, and then only if the appropriation does not cause total expenditures to exceed the state expenditure limit under this chapter. However, during the 2001-2003 biennium, the legislature may transfer moneys from the emergency reserve fund to the general fund only with approval of a majority of the members of each house of the legislature, and then only if the appropriation does not cause total expenditures to exceed the state expenditure limit under this chapter.

(3) The emergency reserve fund balance shall not exceed five percent of annual general fund—state revenues as projected by the official state revenue forecast. Any balance in excess of five percent shall be transferred on a quarterly basis by the state treasurer as follows: Seventy-five percent to the student achievement fund hereby created in the state treasury and twenty-five percent to the general fund balance. The treasurer shall make transfers between these accounts as necessary to reconcile actual annual revenues for fiscal year 2000 and thereafter. When per-student state funding for the maintenance and operation of K-12 education meets a level of no less than ninety percent of the national average of total funding from all sources per student as determined by the most recent published data from the national center for education statistics of the United States department of education, as calculated by the office of financial management, further deposits to the student achievement fund shall be required only to the extent necessary to maintain the ninety-percent level. Remaining funds are part of the general fund balance and these funds are subject to the expenditure limits of this chapter.

(4) The education construction fund is hereby created in the state treasury.

(a) Funds may be appropriated from the education construction fund exclusively for common school construction or higher education construction.

(b) Funds may be appropriated for any other purpose only if approved by a two-thirds vote of each house of the legislature and if approved by a vote of the people at the next general election. An appropriation approved by the people under this subsection shall result in an adjustment to the state expenditure limit only for the fiscal period for which the appropriation is made and shall not affect any subsequent fiscal period.

(5) Funds from the student achievement fund shall be appropriated to the superintendent of public instruction strictly for distribution to school districts to meet the provisions set out in the student achievement act. Alloca-

tions shall be made on an equal per full-time equivalent student basis to each school district.

(6) Earnings of the emergency reserve fund under RCW 43.84.092(4)(a) shall be transferred quarterly to the multimodal transportation account, except for those earnings that are in excess of thirty-five million dollars each fiscal year. Within thirty days following any fiscal year in which earnings transferred to the multimodal transportation account under this subsection did not total thirty-five million dollars, the state treasurer shall transfer from the emergency reserve fund an amount necessary to bring the total deposited in the multimodal transportation account under this subsection to thirty-five million dollars. The revenues to the multimodal transportation account reflected in this subsection provide ongoing support for the transportation programs of the state. However, it is the intent of the legislature that any new long-term financial support that may be subsequently provided for transportation programs will be used to replace and supplant the revenues reflected in this subsection, thereby allowing those revenues to be returned to the purposes to which they were previously dedicated. (Effective June 30, 2003.)** (1) The emergency reserve fund is established in the state treasury. (3) The emergency reserve fund balance shall not exceed five percent of annual general fund—state revenues as projected by the official state revenue forecast. Any balance in excess of five percent shall be transferred on a quarterly basis by the state treasurer to the education construction fund hereby created in the treasury. The treasurer shall make transfers between these accounts as necessary to reconcile actual annual revenues for fiscal year 2000 and thereafter.

(4)(a) Funds may be appropriated from the education construction fund exclusively for common school construction or higher education construction.

(b) Funds may be appropriated for any other purpose only if approved by a two-thirds vote of each house of the legislature and if approved by a vote of the people at the next general election. (2) All investments made by the state investment board shall be made with the exercise of that degree of judgment and care pursuant to RCW 43.33A.140 and the investment policies established by the state investment board.

**43.135.055 Fee increase restriction—Exception.** (1) No fee may increase in any fiscal year by a percentage in excess of the fiscal growth factor for that fiscal year without prior legislative approval.

(2) This section does not apply to an assessment made by an agricultural commodity commission or board created by state statute or created under a marketing agreement or order under chapter 15.65 or 15.66 RCW, or to the forest products commission, if the assessment is approved by referendum in accordance with the provisions of the statutes creating the commission or board or chapter 15.65 or 15.66 RCW for approving such assessments. **Findings—1997 c 303:** "The legislature finds that Initiative Measure No. 601, adopted by the people of the state of Washington, limits fee increases by requiring that any increases in fees beyond the levels expressly allowed under the initiative receive the prior approval of the legislature. The legislature finds that a more direct system of allowing the people to control fee increases predates Initiative Measure No. 601. This system developed in agricultural communities and provides these communities with direct control of the fees of the agricultural commodity commissions they created to serve them. The system requires those who pay the assessments levied by commodity commissions and boards to approve of assessment increases by referendum. It is at the heart of the statutes and marketing orders and agreements under which agricultural commodity commissions and boards are created. The legislature does not believe that the adoption of Initiative Measure No. 601 was intended to dilute in any manner this more direct control held by the people governed by commodity commissions or boards over the fees they pay in the form of such assessments. Therefore, the legislature defers to this more direct control of these assessments so long as the authority to approve or disapprove of increases in these assessments is by referendum held directly by those who pay them." [1997 c 303 § 1.]

**Effective date—1997 c 303 §§ 1-3:** "Sections 1 through 3 of this act are necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and take effect immediately [May 9, 1997]." [1997 c 303 § 9.]

**43.135.060 Prohibition of new or extended programs without full reimbursement—Transfer of programs—Determination of costs.** (1) After July 1, 1995, the legislature shall not impose responsibility for new programs or increased levels of service under existing programs on any political subdivision of the state unless the subdivision is fully reimbursed by the state for the costs of the new programs or increases in service levels. Reimbursement by the state may be made by: (a) A specific appropriation; or (b) increases in state distributions of revenue to political subdivisions occurring after January 1, 1998.

(2) If by order of any court, or legislative enactment, the costs of a federal or local government program are transferred to or from the state, the otherwise applicable state expenditure limit shall be increased or decreased, as the case may be, by the dollar amount of the costs of the program.

(3) The legislature, in consultation with the office of financial management or its successor agency, shall determine the costs of any new programs or increased levels of service under existing programs imposed on any political subdivision or transferred to or from the state.

**43.135.904 Effective dates—1994 c 2.** (1) Sections 8 and 13 of this act are necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately [December 2, 1993].

(2) Sections 1 through 7 and 9 through 12 of this act shall take effect July 1, 1995. [1994 c 2 § 14 (Initiative Measure No. 601, approved November 2, 1993).]

*Listing of reduction in revenues from tax exemptions to be submitted to legislature by department of revenue—Periodic review and submission of recommendations to legislature by governor: RCW 43.06.400.*

**43.136.010 Legislative findings—Intent.** The legislature recognizes that tax preferences are enacted by the legislature to meet objectives which are determined to be in the public interest. The legislature finds, however, that some tax preferences may not be efficient or equitable tools for the achievement of current legislative objectives. The legislature finds that unless it can be demonstrated that the public interest is served by the continued existence of tax preferences, they should be terminated or modified. The legislature further finds that periodic evaluations of tax preferences are needed to determine if their continued existence is in the public interest.

It is the intent of the legislature to establish a mechanism for scheduling periodic evaluations of tax preferences together with a system for their termination, continuation, or modification. By this mechanism, the legislature intends to ensure that thorough periodic evaluations are made and that those tax preferences which do not continue to serve the public interest are terminated or modified. [1982 1st ex.s. c 35 § 39.]

**Severability—Effective dates—1982 1st ex.s. c 35:** See notes following RCW 82.08.020.

**43.136.020 "Tax preference" defined.** As used in this chapter, "tax preference" means an exemption, exclusion, or deduction from the base of a state tax; a credit against a

state tax; a deferral of a state tax; or a preferential state tax rate. [1982 1st ex.s. c 35 § 40.]

**Severability—Effective dates—1982 1st ex.s. c 35:** See notes following RCW 82.08.020.

**43.136.030 \*Legislative budget committee and department of revenue—Review of tax preferences—Reports.** The \*legislative budget committee shall review each tax preference for termination by the processes provided in this chapter. The review shall be completed and a report prepared on or before June 30th of the year prior to the date established for termination. Upon completion of its report, the \*legislative budget committee shall transmit copies of the report to the department of revenue. The department of revenue may then conduct its own review of the tax preference scheduled for termination and shall prepare a report on or before September 30th of the year prior to the date established for termination. Upon completion of its report the department of revenue shall transmit copies of its report to the \*legislative budget committee. The \*legislative budget committee shall prepare a final report that includes the reports of both the department of revenue and the \*legislative budget committee. The \*legislative budget committee and the department of revenue shall, upon request, make available to each other all working papers, studies, and other documents which relate to reports required under this section. The \*legislative budget committee shall transmit the final report to all members of the legislature, to the governor, and to the state library. [1982 1st ex.s. c 35 § 41.]

**\*Reviser's note:** The "legislative budget committee" was redesignated the "joint legislative audit and review committee" by 1996 c 288 § 3.

**Severability—Effective dates—1982 1st ex.s. c 35:** See notes following RCW 82.08.020.

**43.136.040 \*Legislative budget committee review of tax preferences—Factors for consideration.** In reviewing a tax preference, the \*legislative budget committee shall develop information needed by the legislature to determine if the tax preference should be terminated as scheduled, modified, or reestablished without modification. The \*legislative budget committee shall consider, but not be limited to, the following factors in the review.

(1) The persons or organizations whose state tax liabilities are directly affected by the tax preference.

(2) Legislative objectives that might provide a justification for the tax preference.

(3) Evidence that the existence of the tax preference has contributed to the achievement of any of the objectives identified in subsection (2) of this section.

(4) The extent to which continuation of the tax preference beyond its scheduled termination date might contribute to any of the objectives identified in subsection (2) of this section.

(5) Fiscal impacts of the tax preference, including past impacts and expected future impacts if it is not terminated as scheduled.

(6) The extent to which termination of the tax preference would affect the distribution of liability for payment of state taxes. [1982 1st ex.s. c 35 § 42.]

**\*Reviser's note:** The "legislative budget committee" was redesignated the "joint legislative audit and review committee" by 1996 c 288 § 3.

**Severability—Effective dates—1982 1st ex.s. c 35:** See notes following RCW 82.08.020.

**43.136.050 Powers and duties of ways and means committees.** (1) Following receipt of the final report from the \*legislative budget committee, the ways and means committees of the house of representatives and the senate shall jointly hold a public hearing to consider the final report and any related data. The committees shall also receive testimony from the governor, or the governor's designee, and other interested parties, including the general public.

(2) Following the joint hearing, the committees may separately hold additional meetings or hearings to come to a final determination as to whether a continuation, modification, or termination of a tax preference is in the public interest. If a committee determines that a tax preference should be continued or modified, it shall make the determination as a bill. No more than one tax preference shall be reestablished or modified in any one bill. [1982 1st ex.s. c 35 § 43.]

**\*Reviser's note:** The "legislative budget committee" was redesignated the "joint legislative audit and review committee" by 1996 c 288 § 3.

**Severability—Effective dates—1982 1st ex.s. c 35:** See notes following RCW 82.08.020.

**43.136.070 Report on existing tax preferences to be provided—Additional information to be provided.** On or before September 30, 1982, the department of revenue shall provide the \*select joint committee with a report on existing tax preferences. The report shall include a list of tax preferences and a description of each one. Upon request of the \*select joint committee, the department of revenue shall provide additional information needed by the \*select joint committee to meet its responsibilities under this chapter. [1982 1st ex.s. c 35 § 45.]

**\*Reviser's note:** RCW 43.131.115, which created the select joint committee, was repealed by 1993 c 142 § 1.

Sec. 191), with respect to activities of the United States bureau of land management undertaken pursuant to the Geothermal Steam Act of 1970 (30 U.S.C. Sec. 1001 et. seq.) in order to accomplish the following general objectives:

(1) Reduction of dependence on nonrenewable energy and stimulation of the state's economy through development of geothermal energy.

(2) Mitigation of the social, economic, and environmental impacts of geothermal development.

(3) Financial assistance to counties to offset the costs of providing public services and facilities necessitated by the development of geothermal resources within their jurisdictions.

(4) Maintenance of the productivity of renewable resources through the investment of proceeds from these resources. [1981 c 158 § 1.]

#### **43.140.020 Definitions.** As used in this chapter:

(1) "County of origin" means any county in which the United States bureau of land management has leased lands for geothermal development.

(2) "Geothermal energy" means the natural heat of the earth and the medium by which this heat is extracted from the earth, including liquids or gases, as well as any minerals contained in any natural or injected fluids, brines, and associated gas but excluding oil, hydrocarbon gas, and other hydrocarbon substances. *Oil or gas exploration in marine waters:* RCW 90.58.550.

*Treatment of petroleum products or hazardous substances:* Chapter 88.40 RCW.

**43.143.005 Legislative findings.** (1) Washington's coastal waters, seabed, and shorelines are among the most valuable and fragile of its natural resources.

(2) Ocean and marine-based industries and activities, such as fishing, aquaculture, tourism, and marine transportation have played a major role in the history of the state and will continue to be important in the future.

(3) Washington's coastal waters, seabed, and shorelines are faced with conflicting use demands. Some uses may pose unacceptable environmental or social risks at certain times.

(4) The state of Washington has primary jurisdiction over the management of coastal and ocean natural resources within three miles of its coastline. From three miles seaward to the boundary of the two hundred mile exclusive economic zone, the United States federal government has primary jurisdiction. Since protection, conservation, and development of the natural resources in the exclusive economic zone directly affect Washington's economy and environment, the state has an inherent interest in how these resources are managed. [1997 c 152 § 1; 1989 1st ex.s. c 2 § 8.]

**43.143.010 Legislative policy and intent—Moratorium on leases for oil and gas exploration, development, or production—Appeals from regulation of recreational uses—Participation in federal ocean and marine resource decisions.** (1) The purpose of this chapter is to articulate policies and establish guidelines for the exercise of state and local management authority over Washington's coastal waters, seabed, and shorelines.

(2) There shall be no leasing of Washington's tidal or submerged lands extending from mean high tide seaward three miles along the Washington coast from Cape Flattery south to Cape Disappointment, nor in Grays Harbor, Willapa Bay, and the Columbia river downstream from the Longview bridge, for purposes of oil or gas exploration, development, or production.

(3) When conflicts arise among uses and activities, priority shall be given to resource uses and activities that will not adversely impact renewable resources over uses which are likely to have an adverse impact on renewable resources.

(4) It is the policy of the state of Washington to actively encourage the conservation of liquid fossil fuels, and to explore available methods of encouraging such conservation.

(5) It is not currently the intent of the legislature to include recreational uses or currently existing commercial uses involving fishing or other renewable marine or ocean resources within the uses and activities which must meet the planning and review criteria set forth in RCW 43.143.030. It is not the intent of the legislature, however, to permanently exclude these uses from the requirements of RCW 43.143.030. If information becomes available which indicates that such uses should reasonably be covered by the requirements of RCW 43.143.030, the permitting government or agency may require compliance with those requirements, and appeals of that decision shall be handled through the established appeals procedure for that permit or approval.

(6) The state shall participate in federal ocean and marine resource decisions to the fullest extent possible to ensure that the decisions are consistent with the state's policy concerning the use of those resources. [1997 c 152 § 2; 1995 c 339 § 1; 1989 1st ex.s. c 2 § 9.]

**43.143.020 Definitions.** Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter:

(1) "Coastal counties" means Clallam, Jefferson, Grays Harbor, and Pacific counties.

(2) "Coastal waters" means the waters of the Pacific Ocean seaward from Cape Flattery south to Cape Disappointment, from mean high tide seaward two hundred miles. [1989 1st ex.s. c 2 § 10.]

**43.143.030 Planning and project review criteria.**

(1) When the state of Washington and local governments develop plans for the management, conservation, use, or development of natural resources in Washington's coastal waters, the policies in RCW 43.143.010 shall guide the decision-making process.

(2) Uses or activities that require federal, state, or local government permits or other approvals and that will adversely impact renewable resources, marine life, fishing, aquaculture, recreation, navigation, air or water quality, or other existing ocean or coastal uses, may be permitted only if the criteria below are met or exceeded:

(a) There is a demonstrated significant local, state, or national need for the proposed use or activity;

(b) There is no reasonable alternative to meet the public need for the proposed use or activity;

(c) There will be no likely long-term significant adverse impacts to coastal or marine resources or uses;

(d) All reasonable steps are taken to avoid and minimize adverse environmental impacts, with special protection provided for the marine life and resources of the Columbia river, Willapa Bay and Grays Harbor estuaries, and Olympic national park;

(e) All reasonable steps are taken to avoid and minimize adverse social and economic impacts, including impacts on aquaculture, recreation, tourism, navigation, air quality, and recreational, commercial, and tribal fishing;

(f) Compensation is provided to mitigate adverse impacts to coastal resources or uses;

(g) Plans and sufficient performance bonding are provided to ensure that the site will be rehabilitated after the use or activity is completed; and

(h) The use or activity complies with all applicable local, state, and federal laws and regulations. [1989 1st ex.s. c 2 § 11.]

**43.143.900 Captions not law.** Section captions as used in this chapter do not constitute any part of the law. [1989 1st ex.s. c 2 § 18.]

**43.143.901 Short title.** Sections 8 through 12 of this act shall constitute a new chapter in Title 43 RCW and may be known and cited as the ocean resources management act. [1989 1st ex.s. c 2 § 19.]

**43.143.902 Severability—1989 1st ex.s. c 2.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1989 1st ex.s. c 2 § 20.]

**NORTHWEST INTERSTATE COMPACT ON  
LOW-LEVEL RADIOACTIVE  
WASTE MANAGEMENT**

Sections

43.145.010 Compact.

43.145.020 Requirements of Washington representative to Northwest low-level waste compact committee.

43.145.030 Rule-making authority.

*Radioactive Waste Storage and Transportation Act of 1980: Chapter 70.99 RCW.*

**43.145.010 Compact.** The Northwest Interstate Compact on Low-Level Radioactive Waste Management is hereby enacted into law and entered into by the state of Washington as a party, and is in full force and effect between the state and other states joining the compact in accordance with the terms of the compact.

**NORTHWEST INTERSTATE COMPACT ON  
LOW-LEVEL RADIOACTIVE WASTE MANAGEMENT**

**ARTICLE I—Policy and Purpose**

The party states recognize that low-level radioactive wastes are generated by essential activities and services that benefit the citizens of the states. It is further recognized that the protection of the health and safety of the citizens of the party states and the most economical management of low-level radioactive wastes can be accomplished through cooperation of the states in minimizing the amount of handling and transportation required to dispose of such wastes and through the cooperation of the states in providing facilities that serve the region. It is the policy of the party states to undertake the necessary cooperation to protect the health and safety of the citizens of the party states and to provide for the most economical management of low-level radioactive wastes on a continuing basis. It is the purpose of this compact to provide the means for such a cooperative effort among the party states so that the protection of the citizens of the states and the maintenance of the viability of the states' economies will be enhanced while sharing the responsibilities of radioactive low-level waste management.

**ARTICLE II—Definitions**

As used in this compact:

(1) "Facility" means any site, location, structure, or property used or to be used for the storage, treatment, or disposal of low-level waste, excluding federal waste facilities;

(2) "Low-level waste" means waste material which contains radioactive nuclides emitting primarily beta or gamma radiation, or both, in concentrations or quantities which exceed applicable federal or state standards for unrestricted release. Low-level waste does not include waste containing more than ten nanocuries of transuranic contaminants per gram of material, nor spent reactor fuel, nor material classified as either high-level waste or waste which is unsuited for disposal by near-surface burial under any applicable federal regulations;

(3) "Generator" means any person, partnership, association, corporation, or any other entity whatsoever which, as a part of its activities, produces low-level radioactive waste;

(4) "Host state" means a state in which a facility is located.

#### ARTICLE III—Regulatory Practices

Each party state hereby agrees to adopt practices which will require low-level waste shipments originating within its borders and destined for a facility within another party state to conform to the applicable packaging and transportation requirements and regulations of the host state. Such practices shall include:

(1) Maintaining an inventory of all generators within the state that have shipped or expect to ship low-level waste to facilities in another party state;

(2) Periodic unannounced inspection of the premises of such generators and the waste management activities thereon;

(3) Authorization of the containers in which such waste may be shipped, and a requirement that generators use only that type of container authorized by the state;

(4) Assurance that inspections of the carriers which transport such waste are conducted by proper authorities, and appropriate enforcement action taken for violations;

(5) After receiving notification from a host state that a generator within the party state is in violation of applicable packaging or transportation standards, the party state will take appropriate action to assure that such violations do not recur. Such action may include inspection of every individual low-level waste shipment by that generator.

Each party state may impose fees upon generators and shippers to recover the cost of the inspections and other practices under this Article. Nothing in this Article shall be construed to limit any party state's authority to impose additional or more stringent standards on generators or carriers than those required under this Article.

#### ARTICLE IV—Regional Facilities

Section 1. Facilities located in any party state, other than facilities established or maintained by individual low-level waste generators for the management of their own low-level waste, shall accept low-level waste generated in any party state if such waste has been packaged and transported according to applicable laws and regulations.

Section 2. No facility located in any party state may accept low-level waste generated outside of the region comprised of the party states, except as provided in Article V.

Section 3. Until such time as Section 2 takes effect as provided in Article VI, facilities located in any party state may accept low-level waste generated outside of any of the party states only if such waste is accompanied by a certificate of compliance issued by an official of the state in which such waste shipment originated. Such certificate shall be in such form as may be required by the host state, and shall contain at least the following:

(1) The generator's name and address;

(2) A description of the contents of the low-level waste container;

(3) A statement that the low-level waste being shipped has been inspected by the official who issued the certificate or by his agent or by a representative of the United States Nuclear Regulatory Commission, and found to have been packaged in compliance with applicable federal regulations

and such additional requirements as may be imposed by the host state;

(4) A binding agreement by the state of origin to reimburse any party state for any liability or expense incurred as a result of an accidental release of such waste during shipment or after such waste reaches the facility.

Section 4. Each party state shall cooperate with the other party states in determining the appropriate site of any facility that might be required within the region comprised of the party states, in order to maximize public health and safety while minimizing the use of any one party state as the host of such facilities on a permanent basis. Each party state further agrees that decisions regarding low-level waste management facilities in their region will be reached through a good faith process which takes into account the burdens borne by each of the party states as well as the benefits each has received.

Section 5. The party states recognize that the issue of hazardous chemical waste management is similar in many respects to that of low-level waste management. Therefore, in consideration of the state of Washington allowing access to its low-level waste disposal facility by generators in other party states, party states such as Oregon and Idaho which host hazardous chemical waste disposal facilities will allow access to such facilities by generators within other party states. Nothing in this compact may be construed to prevent any party state from limiting the nature and type of hazardous chemical or low-level wastes to be accepted at facilities within its borders or from ordering the closure or [of] such facilities, so long as such action by a host state is applied equally to all generators within the region composed of the party states.

Section 6. Any host state may establish a schedule of fees and requirements related to its facility, to assure that closure, perpetual care, and maintenance and contingency requirements are met, including adequate bonding.

#### ARTICLE V—Northwest Low-level Waste Compact Committee

The governor of each party state shall designate one official of that state as the person responsible for administration of this compact. The officials so designated shall together comprise the Northwest low-level waste compact committee. The committee shall meet as required to consider matters arising under this compact. The parties shall inform the committee of existing regulations concerning low-level waste management in their states, and shall afford all parties a reasonable opportunity to review and comment upon any proposed modifications in such regulations. Notwithstanding any provision of Article IV to the contrary, the committee may enter into arrangements with states, provinces, individual generators, or regional compact entities outside the region comprised of the party states for access to facilities on such terms and conditions as the committee may deem appropriate. However, it shall require a two-thirds vote of all such members, including the affirmative vote of the member of any party state in which a facility affected by such arrangement is located, for the committee to enter into such arrangement.

## ARTICLE VI—Eligible Parties and Effective Date

Section 1. Each of the following states is eligible to become a party to this compact: Alaska, Hawaii, Idaho, Montana, Oregon, Utah, Washington, and Wyoming. As to any eligible party, this compact shall become effective upon enactment into law by that party, but it shall not become initially effective until enacted into law by two states. Any party state may withdraw from this compact by enacting a statute repealing its approval.

Section 2. After the compact has initially taken effect pursuant to Section 1, any eligible party state may become a party to this compact by the execution of an executive order by the governor of the state. Any state which becomes a party in this manner shall cease to be a party upon the final adjournment of the next general or regular session of its legislature or July 1, 1983, whichever occurs first, unless the compact has by then been enacted as a statute by that state.

Section 3. Section 2 of Article IV of this compact shall take effect on July 1, 1983, if consent is given by Congress. As provided in Public Law 96-573, Congress may withdraw its consent to the compact after every five-year period.

## ARTICLE VII—Severability

If any provision of this compact, or its application to any person or circumstance, is held to be invalid, all other provisions of this compact, and the application of all of its provisions to all other persons and circumstances, shall remain valid; and to this end the provisions of this compact are severable. [1981 c 124 § 1.]

**43.145.020 Requirements of Washington representative to Northwest low-level waste compact committee.**

The person designated as the Washington representative to the committee as specified in Article V shall adhere to all provisions of the low-level radioactive waste compact. In considering special conditions or arrangements for access to the state's facilities from wastes generated outside of the region, the committee member shall ensure at a minimum, that the provisions of Article IV, Section 3 are complied with. After 1992 the Washington representative may approve access to the state's facility only for the states currently members of the Rocky Mountain compact or states which generate less than one thousand cubic feet of waste annually and are contiguous with a state which is a member of the Northwest compact. [1990 c 21 § 5; 1981 c 124 § 2.]

RADIOACTIVE MATERIAL  
TRANSPORTATION MANAGEMENT**

## Sections

- 43.146.010 Pacific States Agreement on Radioactive Materials Transportation Management.  
43.146.900 Legislative directive—State designee.

**43.146.010 Pacific States Agreement on Radioactive Materials Transportation Management.** The Pacific States Agreement on Radioactive Materials Transportation Management is hereby enacted into law and entered into by the state of Washington as a party, and is in full force and effect between the state and other states joining the agreement in accordance with its terms.

**PACIFIC STATES AGREEMENT ON  
RADIOACTIVE MATERIALS  
TRANSPORTATION MANAGEMENT**

## ARTICLE I—Policy and Purpose

The party states recognize that protection of the health and safety of citizens and the environment, and the most economical transportation of radioactive materials, can be accomplished through cooperation and coordination among neighboring states. It is the purpose of this agreement to establish a committee comprised of representatives from each party state to further cooperation between the states on emergency response and to coordinate activities by the states to eliminate unnecessary duplication of rules and regulations regarding the transportation and handling of radioactive material.

The party states intend that this agreement facilitate both interstate commerce and protection of public health and the environment. To accomplish this goal, the party states direct the committee to develop model regulatory standards for party states to act upon and direct the committee to coordinate decisions by party states relating to the routing and inspection of shipments of radioactive material.

## ARTICLE II—Definitions

As used in this agreement:

- (1) "Carrier" includes common, private, and contract carriers.
- (2) "Hazardous material" means a substance or material which has been determined by the United States department of transportation to be capable of posing an unreasonable risk to health, safety, and property when transported in commerce, and which has been so designated.
- (3) "Radioactive material" has the meaning given that term in federal department of transportation regulations found in 49 C.F.R. Sec. 173, and includes, but is not limited to, high-level radioactive waste, low-level radioactive waste, and spent nuclear fuel, as defined in section 2 of the nuclear waste policy act of 1982 (96 Stat. 2202; 42 U.S.C.A. Sec. 10101).
- (4) "Transportation" means the transport by any means of radioactive material destined for or derived from any location, and any loading, unloading, or storage incident to such transport. "Transportation" does not include permanent storage or disposal of the material.

## ARTICLE III—Regulatory Practices

Section 1. The party states agree to develop model standards, not in conflict with federal law or regulations, for carriers of radioactive material to provide information regarding:

- (1) The amount and kind of material transported;
- (2) The mode of transportation and, to the extent feasible, the route or routes and the time schedule;

(3) The carrier's compliance with local, state, and federal rules and regulations related to radioactive material transportation;

(4) The carrier's compliance with federal and state liability insurance requirements.

Section 2. Consistent with federal law or regulations pertaining to transportation of radioactive material, the party states also agree to:

(1) Develop model uniform procedures for issuing permits to carriers;

(2) Develop model uniform record-keeping processes that allow access on demand by each state;

(3) Develop model uniform safety standards for carriers;

(4) Coordinate routing of shipments of radioactive materials;

(5) Develop a method for coordinating the party states' emergency response plans to provide for regional emergency response including (a) systems for sharing information essential to radiation control efforts, (b) systems for sharing emergency response personnel, and (c) a method to allocate costs and clarify liability when a party state or its officers request or render emergency response;

(6) Recommend parking requirements for motor vehicles transporting radioactive materials;

(7) Coordinate state inspections of carriers; and

(8) Develop other cooperative arrangements and agreements to enhance safety.

Section 3. The party states also agree to coordinate emergency response training and preparedness drills among the party states, Indian tribes, and affected political subdivisions of the party states, and, if possible, with federal agencies.

Section 4. The party states recognize that the transportation management of hazardous waste and hazardous materials is similar in many respects to that of radioactive materials. The party states, therefore, agree to confer as to transportation management and emergency response for those items where similarities in management exist.

#### ARTICLE IV—Pacific States Radioactive Materials Transportation Committee

Section 1. Each party state shall designate one official of that state to confer with appropriate legislative committees and with other officials of that state responsible for managing transportation of radioactive material and with affected Indian tribes and be responsible for administration of this agreement. The officials so designated shall together comprise the Pacific states radioactive materials transportation committee. The committee shall meet as required to consider and, where necessary, coordinate matters addressed in this agreement. The parties shall inform the committee of existing regulations concerning radioactive materials transportation management in their states, and shall afford all parties a reasonable opportunity to review and comment upon any proposed modifications in such regulations.

Section 2. The committee may also engage in long-term planning to assure safe and economical management of radioactive material transportation on a continuing basis.

Section 3. To the extent practicable, the committee shall coordinate its activities with those of other organizations.

#### ARTICLE V—Eligible Parties and Effective Date

Section 1. The states of Arizona, California, Colorado, Idaho, Montana, New Mexico, Nevada, Oregon, Utah, Washington, and Wyoming are eligible to become a party to this agreement. As to any eligible party, this agreement shall become effective upon enactment into law by that party, but it shall not become initially effective until enacted into law by two states. Any party state may withdraw from this agreement by enacting a statute repealing its approval.

Section 2. After the agreement has initially taken effect under section 1 of this article, any eligible party state may become a party to this agreement by the execution of an executive order by the governor of the state. Any state which becomes a party in this manner shall cease to be a party upon the final adjournment of the next general or regular session of its legislature or July 1, 1988, whichever occurs first, unless the agreement has by then been enacted as a statute by that state.

#### ARTICLE VI—Severability

If any provision of this agreement, or its application to any person or circumstance, is held to be invalid, all other provisions of this agreement, and the application of all of its provisions to all other persons and circumstances, shall remain valid; and to this end the provisions of this agreement are severable. [1987 c 90 § 1.]

#### 43.146.900 Legislative directive—State designee. (1)

Section 1 of this act shall constitute a new chapter in Title 43 RCW.

(2) The Washington state designee to the committee shall be appointed by the governor. [1987 c 90 § 2.]

#### THE PACIFIC NORTHWEST ECONOMIC REGION

#### ARTICLE I—Policy and Purpose

States and provinces participating in the Pacific Northwest Economic Region shall seek to develop and establish policies that: Promote greater regional collaboration among the seven entities; enhance the overall competitiveness of the region in international and domestic markets; increase the

economic well-being of all citizens in the region; and improve the quality of life of the citizens of the Pacific Northwest.

States and provinces recognize that there are many public policy areas in which cooperation and joint efforts would be mutually beneficial. These areas include, but are not limited to: International trade; economic development; human resources; the environment and natural resources; energy; and education. Parties to this agreement shall work diligently to establish collaborative activity in these and other appropriate policy areas where such cooperation is deemed worthwhile and of benefit to the participating entities. Participating states and provinces also agree that there are areas in which cooperation may not be feasible.

The substantive actions of the Pacific Northwest Economic Region may take the form of uniform legislation enacted by two or more states and/or provinces or policy initiatives endorsed as appropriate by participating entities. It shall not be necessary for all states and provinces to participate in each initiative.

#### ARTICLE II—Eligible Parties and Effective Date

Each of the following states and provinces is eligible to become a party to this agreement: Alaska, Alberta, British Columbia, Idaho, Montana, Oregon, and Washington. This agreement establishing the Pacific Northwest Economic Region shall become effective when it is executed by one state, one province, and one additional state and/or province in a form deemed appropriate by each entity. This agreement shall continue in force and remain binding upon each state and province until renounced by it. Renunciation of this agreement must be preceded by sending one year's notice in writing of intention to withdraw from the agreement to the other parties to the agreement.

#### ARTICLE III—Organizational Structure

Each state and province participating in this agreement shall appoint representatives to the Pacific Northwest Economic Region. The organizational structure of the Pacific Northwest Economic Region shall consist of the following: A delegate council consisting of four legislators and the governor or governor's designee from each participating state and four representatives and the premier or the premier's designee from each participating province and an executive committee consisting of one legislator from each participating state and/or province who is a member of the delegate council and four of the seven governors/premiers or their designees who are members of the delegate council. The legislator members of the executive committee from each state or province shall be chosen by the legislator members of that state or province. The four governor or premier members of the executive committee shall be chosen by the governors and premiers from among the governors and premiers on the delegate council. At least one of four members representing the governors and premiers on the executive committee must be the premier of a Canadian province. Policy committees may be established to carry out further duties and responsibilities of the Pacific Northwest Economic Region.

#### ARTICLE IV—Duties and Responsibilities

The delegate council shall have the following duties and responsibilities: Facilitate the involvement of other government officials in the development and implementation of specific collaborative initiatives; work with policy-making committees in the development and implementation of specific initiatives; approve general organizational policies developed by the executive committee; provide final approval of the annual budget and staffing structure for the Pacific Northwest Economic Region developed by the executive committee; and other duties and responsibilities as may be established in the rules and regulations of the Pacific Northwest Economic Region. The executive committee shall perform the following duties and responsibilities: Elect the president and vice-president of the Pacific Northwest Economic Region; approve and implement general organizational policies; develop the annual budget; devise the annual action plan; act as liaison with other public and private sector entities; review the availability of, and if appropriate apply for, (1) tax exempt status under the laws and regulations of the United States or any state or subdivision thereof and (2) similar status under the laws and regulations of Canada or any province or subdivision thereof, and approve such rules, regulations, organizational policies, and staffing structure for the Pacific Northwest Economic Region and take such further actions on behalf of the Pacific Northwest Economic Region as may be deemed by the executive committee to be necessary or appropriate to qualify for and maintain such tax exempt or similar status under the applicable laws or regulations; and other duties and responsibilities established in the rules and regulations of the Pacific Northwest Economic Region. The rules and regulations of the Pacific Northwest Economic Region shall establish the procedure for voting.

#### ARTICLE V—Membership of Policy Committees

Policy committees dealing with specific subject matter may be established by the executive committee.

Each participating state and province shall appoint legislators and governors or premiers to sit on these committees in accordance with its own rules and regulations concerning such appointments.

#### ARTICLE VI—General Provisions

This agreement shall not be construed to limit the powers of any state or province or to amend or repeal or prevent the enactment of any legislation. [1993 c 108 § 1; 1991 c 251 § 2.]

**43.147.020 Finding.** The legislature finds that there is a new emerging global economy in which countries and regions located in specific areas of the world are forging new cooperative arrangements.

The legislature finds that these new cooperative arrangements are increasing the competitiveness of the participating countries and regions, thus increasing the economic benefits and the overall quality of life for the citizens of the individual countries and regions.

The legislature also finds that the Pacific Northwest states of Alaska, Idaho, Montana, Oregon, and Washington and the Canadian provinces of Alberta and British Columbia

are in a strategic position to act together, as a region, thus increasing the overall competitiveness of the individual states and provinces that will provide substantial economic benefits for all of their citizens. [1991 c 251 § 1.]

**43.147.030 Cooperative activities encouraged.** It is the intent of chapter 251, Laws of 1991 to direct and encourage the establishment of cooperative activities between the seven legislative bodies of the region. The state representatives to the Pacific Northwest Economic Region shall work through appropriate channels to advance consideration of proposals developed by this body. [1991 c 251 § 3.]

**43.147.040 Interlibrary sharing—Finding.** In chapter 251, Laws of 1991, the legislature enacted into law the Pacific Northwest economic region agreement and made the state of Washington a party along with member states Alaska, Idaho, Montana, and Oregon, and member Canadian provinces Alberta and British Columbia. The legislature recognized that the member states and provinces of the Pacific Northwest economic region are in a strategic position to act together, as a region, thus increasing the overall competitiveness of the members and providing substantial economic benefits for all of their citizens.

For those reasons, in chapter 251, Laws of 1991, the legislature also encouraged the establishment of cooperative activities between the seven legislative bodies of the Pacific Northwest economic region. The member states and provinces now desire to engage in such cooperation by electronically sharing twenty-two million volumes from certain of their respective universities. The member states and provinces have determined that such interlibrary sharing will provide substantial economic benefit for their citizens. The legislature agrees, specifically also finding that such interlibrary sharing furthers a major component of education strategy in the 1990's and twenty-first century, namely providing increased access to knowledge via technology. [1993 c 485 § 1.]

**43.147.050 Interlibrary sharing—Definition—Member libraries.** Unless the context clearly requires otherwise, as used in RCW 43.147.040 through 43.147.080 "PNWER-Net" means the technology network to be created by the member states and provinces of the Pacific Northwest economic region that will be capable of electronically linking the following undergraduate university libraries of the member states and provinces:

- (1) Alaska:
  - (a) University of Alaska, Anchorage;
  - (b) University of Alaska, Juneau;
- (2) Alberta:
  - (a) University of Alberta, Calgary;
  - (b) University of Alberta, Edmonton;
- (3) British Columbia:
  - (a) University of British Columbia, Vancouver;
  - (b) University of Victoria, Victoria;
- (4) Idaho:
  - (a) Boise State University, Boise;
  - (b) University of Idaho, Moscow;
- (5) Montana:
  - (a) Montana State University, Bozeman;

- (b) University of Montana, Missoula;
- (6) Oregon:
  - (a) Oregon State University, Corvallis;
  - (b) University of Oregon, Eugene;
- (7) Washington:
  - (a) University of Washington, Seattle; and
  - (b) Washington State University, Pullman. [1993 c 485 § 2.]

**43.147.060 PNWER-Net working subgroup—Generally.** (1) The PNWER-Net working subgroup is hereby created for the member state of Washington. The working subgroup shall be composed of seven members as follows: Two members of the senate, one from each of the major caucuses, appointed by the president of the senate; two members of the house of representatives, appointed by the speaker of the house of representatives; the state librarian; and the primary undergraduate academic librarian from each of the state's two research institutions of higher education.

(2) The staff support shall be provided by the senate committee services and, to the extent authorized by the chief clerk of the house of representatives, by the house of representatives office of program research as mutually agreed by the legislators on the working group.

(3) Legislative members shall be reimbursed for expenses in accordance with RCW 44.04.120. Nonlegislative members shall be reimbursed for expenses in accordance with RCW 43.03.050 and 43.03.060. [1993 c 485 § 3.]

**43.147.070 PNWER-Net working subgroup—Duties.** The PNWER-Net working subgroup shall have the following duties:

(1) To work with working subgroups from other member states and provinces in an entity known as the PNWER-Net working group to develop PNWER-Net; and

(2) To assist the PNWER-Net working group in developing criteria to ensure that designated member libraries use existing telecommunications infrastructure including the internet. [1998 c 245 § 49; 1993 c 485 § 4.]

**43.147.080 PNWER-Net working subgroup—Gifts, grants, donations.** The PNWER-Net working group may accept gifts, grants, and donations from private individuals and entities made for the purposes of RCW 43.147.040 through 43.147.070. [1993 c 485 § 5.]

### CENTER FOR VOLUNTEERISM AND CITIZEN SERVICE

**43.150.010 Legislative findings.** (1) The legislature finds that:

(a) Large numbers of Washington's citizens are actively engaged in carrying forward the ethic of service and voluntary activities that benefit their citizens, their communities, and the entire state;

(b) This contribution continues to provide the equivalent of hundreds of millions of dollars in services that might otherwise create a need for additional tax collections;

(c) Many Washington citizens have yet to become fully involved in the life of their communities; many societal needs exist that could and should be met by new citizen service initiatives;

(d) The state of Washington needs to continue to encourage and expand the ethic of civic responsibility among its citizenry, through individuals working on their own, and through local and statewide organizations, both governmental and private and nonprofit agencies;

(e) This ethic of citizen service benefits those who serve and those who receive services; in both cases there is the betterment of all Washington communities;

(f) Public and private agencies depend in large measure on the efforts of volunteers for the accomplishment of their missions and actively seek to increase these efforts;

(g) State agencies can and should extend their service delivery programs through the increased use of and support for volunteers;

(h) The national and community service act of 1990 provides an opportunity for Washington to support citizen service and volunteer activities in Washington;

(i) Business, industry, communities, schools, and labor in Washington state are increasingly interested in opportunities for community service and in developing the volunteer and service ethic;

(j) While providing both tangible and intangible benefits, volunteers in turn need respect and support for their efforts;

(k) The state itself, through the programs and services of its agencies as well as through the provisions of law and rule making, can and should provide a primary role and focus for encouraging the ethic of citizen service and support for volunteer efforts and programs;

(1) Planned and coordinated recognition, information, training, and technical assistance for volunteer and citizen service efforts through a statewide center for voluntary action have been proven to be effective means of multiplying the resources volunteers bring to the needs of their communities; and

(m) It is important that Washington state position itself to raise volunteerism to the highest attainable levels, and along with the private sector, become a voice in the role citizen service will take in providing solutions to societal needs.

(2) Therefore, the legislature, in recognition of these findings, enacts the center for volunteerism and citizen service act to ensure that the state of Washington actively promotes the ethic of service and makes every appropriate effort to encourage effective involvement of individuals in their communities and of volunteers who supplement the services of private, nonprofit community agencies and organizations, agencies of local government throughout the state, and

the state government. [1992 c 66 § 1; 1982 1st ex.s. c 11 § 1.]

**43.150.020 Short title.** This chapter may be known and cited as the center for volunteerism and citizen service act. [1992 c 66 § 2; 1982 1st ex.s. c 11 § 2.]

**43.155.010 Legislative findings and policy.** The legislature finds that there exists in the state of Washington over four billion dollars worth of critical projects for the planning, acquisition, construction, repair, replacement, rehabilitation, or improvement of streets and roads, bridges, water systems, and storm and sanitary sewage systems. The December, 1983 Washington state public works report prepared by the planning and community affairs agency documented that local governments expect to be capable of financing over two billion dollars worth of the costs of those critical projects but will not be able to fund nearly half of the documented needs.

The legislature further finds that Washington's local governments have unmet financial needs for solid waste disposal, including recycling, and encourages the board to make an equitable geographic distribution of the funds.

It is the policy of the state of Washington to encourage self-reliance by local governments in meeting their public works needs and to assist in the financing of critical public works projects by making loans, financing guarantees, and technical assistance available to local governments for these projects. [1996 c 168 § 1; 1985 c 446 § 7.]

**43.155.020 Definitions.** Unless the context clearly requires otherwise, the definitions in this section shall apply throughout this chapter.

(2) Provide technical assistance to local governments;

(3) Accept any gifts, grants, or loans of funds, property, or financial or other aid in any form from any other source on any terms and conditions which are not in conflict with this chapter;

(4) Adopt rules under chapter 34.05 RCW as necessary to carry out the purposes of this chapter;

(5) Do all acts and things necessary or convenient to carry out the powers expressly granted or implied under this chapter. [1985 c 446 § 10.]

**43.155.050 Public works assistance account.** The public works assistance account is hereby established in the state treasury. Money may be placed in the public works assistance account from the proceeds of bonds when authorized by the legislature or from any other lawful source. Money in the public works assistance account shall be used to make loans and to give financial guarantees to local governments for public works projects. Moneys in the account may also be appropriated to provide for state match requirements under federal law for projects and activities conducted and financed by the board under the drinking water assistance account. Not more than fifteen percent of the biennial capital budget appropriation to the public works board from this account may be expended or obligated for preconstruction loans, emergency loans, or loans for capital facility planning under this chapter; of this amount, not more than ten percent of the biennial capital budget appropriation may be expended for emergency loans and not more than one percent of the biennial capital budget appropriation may be expended for capital facility planning loans. [2001 c 131 § 2. Prior: 1995 2nd sp.s. c 18 § 918; 1995 c 376 § 11; 1993 sp.s. c 24 § 921; 1985 c 471 § 8.]

**43.155.060 Public works financing powers—Competitive bids on projects.** In order to aid the financing of public works projects, the board may:

(1) Make low-interest or interest-free loans to local governments from the public works assistance account or other funds and accounts for the purpose of assisting local governments in financing public works projects. The board may require such terms and conditions and may charge such rates of interest on its loans as it deems necessary or convenient to carry out the purposes of this chapter. Money received from local governments in repayment of loans made under this section shall be paid into the public works assistance account for uses consistent with this chapter.

(2) Pledge money in the public works assistance account, or money to be received by the public works assistance account, to the repayment of all or a portion of the principal of or interest on obligations issued by local governments to finance public works projects. The board shall not pledge any amount greater than the sum of money in the public works assistance account plus money to be received from the payment of the debt service on loans made from that account, nor shall the board pledge the faith and credit or the taxing power of the state or any agency or subdivision thereof to the repayment of obligations issued by any local government.

(3) Create such subaccounts in the public works assistance account as the board deems necessary to carry out the purposes of this chapter.

(4) Provide a method for the allocation of loans and financing guarantees and the provision of technical assistance under this chapter.

All local public works projects aided in whole or in part under the provisions of this chapter shall be put out for competitive bids, except for emergency public works under RCW 43.155.065 for which the recipient jurisdiction shall comply with this requirement to the extent feasible and practicable. The competitive bids called for shall be administered in the same manner as all other public works projects put out for competitive bidding by the local governmental entity aided under this chapter. [1988 c 93 § 2; 1985 c 446 § 11.]

**43.155.065 Emergency public works projects.** The board may make low-interest or interest-free loans to local governments for emergency public works projects. Emergency public works projects shall include the construction, repair, reconstruction, replacement, rehabilitation, or improvement of a public water system that is in violation of health and safety standards and is being operated by a local government on a temporary basis. The loans may be used to help fund all or part of an emergency public works project less any reimbursement from any of the following sources: (1) Federal disaster or emergency funds, including funds from the federal emergency management agency; (2) state disaster or emergency funds; (3) insurance settlements; or (4) litigation. [2001 c 131 § 3; 1990 c 133 § 7; 1988 c 93 § 1.]

**Findings—Severability—1990 c 133:** See notes following RCW 36.94.140.

**43.155.068 Loans for preconstruction activities.** (1)

The board may make low-interest or interest-free loans to local governments for preconstruction activities on public works projects before the legislature approves the construction phase of the project. Preconstruction activities include design, engineering, bid-document preparation, environmental studies, right of way acquisition, and other preliminary phases of public works projects as determined by the board. The purpose of the loans authorized in this section is to accelerate the completion of public works projects by allowing preconstruction activities to be performed before the approval of the construction phase of the project by the legislature.

(2) Projects receiving loans for preconstruction activities under this section must be evaluated using the priority process and factors in \*RCW 43.155.070(2). The receipt of a loan for preconstruction activities does not ensure the receipt of a construction loan for the project under this chapter. Construction loans for projects receiving a loan for preconstruction activities under this section are subject to legislative approval under \*RCW 43.155.070 (4) and (5). The board shall adopt a single application process for local governments seeking both a loan for preconstruction activities under this section and a construction loan for the project. [2001 c 131 § 4; 1995 c 363 § 2.]

**\*Reviser's note:** RCW 43.155.070 was amended by 1999 c 164 § 602, changing subsections (2), (4), and (5) to subsections (4), (6), and (7), respectively.

**Finding—Purpose—1995 c 363:** "The legislature finds that there continues to exist a great need for capital projects to plan, acquire, design, construct, and repair local government streets, roads, bridges, water systems, and storm and sanitary sewage systems. It is the purpose of this act to accelerate the construction of these projects under the public works assistance program." [1995 c 363 § 1.]

**43.155.070 Eligibility, priority, limitations, and exceptions.** (1) To qualify for loans or pledges under this chapter the board must determine that a local government meets all of the following conditions:

(a) The city or county must be imposing a tax under chapter 82.46 RCW at a rate of at least one-quarter of one percent;

(b) The local government must have developed a capital facility plan; and

(c) The local government must be using all local revenue sources which are reasonably available for funding public works, taking into consideration local employment and economic factors.

(2) Except where necessary to address a public health need or substantial environmental degradation, a county, city, or town planning under RCW 36.70A.040 must have adopted a comprehensive plan, including a capital facilities plan element, and development regulations as required by RCW 36.70A.040. This subsection does not require any county, city, or town planning under RCW 36.70A.040 to adopt a comprehensive plan or development regulations before requesting or receiving a loan or loan guarantee under this chapter if such request is made before the expiration of the time periods specified in RCW 36.70A.040. A county, city, or town planning under RCW 36.70A.040 which has not adopted a comprehensive plan and development regulations

within the time periods specified in RCW 36.70A.040 is not prohibited from receiving a loan or loan guarantee under this chapter if the comprehensive plan and development regulations are adopted as required by RCW 36.70A.040 before submitting a request for a loan or loan guarantee.

(3) In considering awarding loans for public facilities to special districts requesting funding for a proposed facility located in a county, city, or town planning under RCW 36.70A.040, the board shall consider whether the county, city, or town planning under RCW 36.70A.040 in whose planning jurisdiction the proposed facility is located has adopted a comprehensive plan and development regulations as required by RCW 36.70A.040.

(4) The board shall develop a priority process for public works projects as provided in this section. The intent of the priority process is to maximize the value of public works projects accomplished with assistance under this chapter. The board shall attempt to assure a geographical balance in assigning priorities to projects. The board shall consider at least the following factors in assigning a priority to a project:

(a) Whether the local government receiving assistance has experienced severe fiscal distress resulting from natural disaster or emergency public works needs;

(b) Whether the project is critical in nature and would affect the health and safety of a great number of citizens;

(c) The cost of the project compared to the size of the local government and amount of loan money available;

(d) The number of communities served by or funding the project;

(e) Whether the project is located in an area of high unemployment, compared to the average state unemployment;

(f) Whether the project is the acquisition, expansion, improvement, or renovation by a local government of a public water system that is in violation of health and safety standards, including the cost of extending existing service to such a system;

(g) The relative benefit of the project to the community, considering the present level of economic activity in the community and the existing local capacity to increase local economic activity in communities that have low economic growth; and

(h) Other criteria that the board considers advisable.

(5) Existing debt or financial obligations of local governments shall not be refinanced under this chapter. Each local government applicant shall provide documentation of attempts to secure additional local or other sources of funding for each public works project for which financial assistance is sought under this chapter.

(6) Before November 1 of each year, the board shall develop and submit to the appropriate fiscal committees of the senate and house of representatives a description of the loans made under RCW 43.155.065, 43.155.068, and subsection (9) of this section during the preceding fiscal year and a prioritized list of projects which are recommended for funding by the legislature, including one copy to the staff of each of the committees. The list shall include, but not be limited to, a description of each project and recommended financing, the terms and conditions of the loan or financial guarantee, the local government jurisdiction and unemployment rate, demonstration of the jurisdiction's critical need for the project and documentation of local funds being used

to finance the public works project. The list shall also include measures of fiscal capacity for each jurisdiction recommended for financial assistance, compared to authorized limits and state averages, including local government sales taxes; real estate excise taxes; property taxes; and charges for or taxes on sewerage, water, garbage, and other utilities.

(7) The board shall not sign contracts or otherwise financially obligate funds from the public works assistance account before the legislature has appropriated funds for a specific list of public works projects. The legislature may remove projects from the list recommended by the board. The legislature shall not change the order of the priorities recommended for funding by the board.

(8) Subsection (7) of this section does not apply to loans made under RCW 43.155.065, 43.155.068, and subsection (9) of this section.

(9) Loans made for the purpose of capital facilities plans shall be exempted from subsection (7) of this section.

(10) To qualify for loans or pledges for solid waste or recycling facilities under this chapter, a city or county must demonstrate that the solid waste or recycling facility is consistent with and necessary to implement the comprehensive solid waste management plan adopted by the city or county under chapter 70.95 RCW. [2001 c 131 § 5; 1999 c 164 § 602; 1997 c 429 § 29; 1996 c 168 § 3; 1995 c 363 § 3; 1993 c 39 § 1; 1991 sp.s. c 32 § 23; 1990 1st ex.s. c 17 § 82; 1990 c 133 § 6; 1988 c 93 § 3; 1987 c 505 § 40; 1985 c 446 § 12.]

The board shall also develop appropriate outcome-focused performance measures to be used both for management and performance assessment of the loan

program. To the extent possible, the department should coordinate its performance measure system with other natural resource-related agencies as defined in RCW 43.41.270. The board shall consult with affected interest groups in implementing this section. [2001 c 227 § 10.]

All receipts from federal funding dedicated to water conservation under 16 U.S.C. Sec. 3831 shall be deposited in the account. In addition, the legislature may appropriate money to the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures. Expenditures from the account shall be used for the development and support of water conservation as defined by 16 U.S.C. Sec. 3831. [1997 c 369 § 1.]

*Public disclosure: RCW 42.17.310.*

**43.160.010 Legislative declaration (*as amended by 1999 c 94*).** (1)

The legislature finds that it is the public policy of the state of Washington to direct financial resources toward the fostering of economic development through the stimulation of investment and job opportunities and the retention of sustainable existing employment for the general welfare of the inhabitants of the state. Reducing unemployment and reducing the time citizens remain jobless is important for the economic welfare of the state. A valuable means of fostering economic development is the construction of public facilities which contribute to the stability and growth of the state's economic base. Strengthening the economic base through issuance of industrial development bonds, whether single or umbrella, further serves to reduce unemployment. Consolidating issues of industrial development bonds when feasible to reduce costs additionally advances the state's purpose to improve economic vitality. Expenditures made for these purposes as authorized in this chapter are declared to be in the public interest, and constitute a proper use of public funds. A community economic revitalization board is needed which shall aid the development of economic opportunities. The general objectives of the board should include:

(a) Strengthening the economies of areas of the state which have experienced or are expected to experience chronically high unemployment rates or below average growth in their economies;

(b) Encouraging the diversification of the economies of the state and regions within the state in order to provide greater seasonal and cyclical stability of income and employment;

(c) Encouraging wider access to financial resources for both large and small industrial development projects;

(d) Encouraging new economic development or expansions to maximize employment;

(e) Encouraging the retention of viable existing firms and employment; and

(f) Providing incentives for expansion of employment opportunities for groups of state residents that have been less successful relative to other groups in efforts to gain permanent employment.

(2) The legislature also finds that the state's economic development efforts can be enhanced by, in certain instances, providing funds to improve state highways in the vicinity of new industries considering locating in this state or existing industries that are considering significant expansion.

(a) The legislature finds it desirable to provide a process whereby the need for diverse public works improvements necessitated by planned economic development can be addressed in a timely fashion and with coordination among all responsible governmental entities.

(b) ~~(It is the intent of the legislature to create an economic development account within the motor vehicle fund from which expenditures can be made by the department of transportation for state highway improvements necessitated by planned economic development. All such) Transportation improvements ((must first be) on state highways that have been approved by the ((state transportation commission and the)) community economic revitalization board must be approved by the transportation commission in accordance with the procedures established by RCW 43.160.074 and 47.01.280 to receive funding. ((It is further the intent of the legislature that such improvements not jeopardize any other planned highway construction projects. The improvements are intended to be of limited size and cost, and to include such items as additional turn lanes, signalization, illumination, and safety improvements.))~~

(3) The legislature also finds that the state's economic development efforts can be enhanced by providing funds to improve markets for those recyclable materials representing a large fraction of the waste stream. The legislature finds that public facilities which result in private construction of processing or remanufacturing facilities for recyclable materials are eligible for consideration from the board.

(4) The legislature finds that sharing economic growth statewide is important to the welfare of the state. Rural natural resource impact areas do not share in the economic vitality of the Puget Sound region. Infrastructure is one of several ingredients that are critical for economic development. Rural natural resource impact areas generally lack the infrastructure necessary to diversify and revitalize their economies. It is, therefore, the intent of the legislature to increase the availability of funds to help provide infrastructure to rural natural resource impact areas. [1999 c 94 § 5; 1996 c 51 § 1; 1991 c 314 § 21; 1989 c 431 § 61; 1987 c 422 § 1; 1984 c 257 § 1; 1982 1st ex.s. c 40 § 1.]

(1) The legislature finds that it is the public policy of the state of Washington to direct financial resources toward the fostering of economic development through the stimulation of investment and job opportunities and the retention of sustainable existing employment for the general welfare of the inhabitants of the state. (e) Encouraging the retention of viable existing firms and employment; and

(f) Providing incentives for expansion of employment opportunities for groups of state residents that have been less successful relative to other groups in efforts to gain permanent employment.

(2) The legislature also finds that the state's economic development efforts can be enhanced by, in certain instances, providing funds to improve state highways (~~in the vicinity of new~~), county roads, or city streets for industries considering locating or expanding in this state (~~or existing industries that are considering significant expansion~~).

(a) The legislature finds it desirable to provide a process whereby the need for diverse public works improvements necessitated by planned economic development can be addressed in a timely fashion and with coordination among all responsible governmental entities.

(b) (~~It is the intent of the legislature to create an economic development account within the motor vehicle fund from which expenditures can be made by the department of transportation for state highway improvements necessitated by planned economic development~~) All (~~such~~) transportation improvements on state highways must first be approved by the state transportation commission and the community economic revitalization board in accordance with the procedures established by RCW 43.160.074 and 47.01.280. (~~It is further the intent of the legislature that such improvements not jeopardize any other planned highway construction projects. The improvements are intended to be of limited size and cost, and to include such items as additional turn lanes, signalization, illumination, and safety improvements~~.)

(3) The legislature also finds that the state's economic development efforts can be enhanced by, in certain instances, providing funds to assist development of telecommunications infrastructure that supports business development, retention, and expansion in rural natural resources impact areas and rural counties of the state.

(4) The legislature also finds that the state's economic development efforts can be enhanced by providing funds to improve markets for those recyclable materials representing a large fraction of the waste stream. The legislature finds that public facilities which result in private construction of processing or remanufacturing facilities for recyclable materials are eligible for consideration from the board.

~~((4))~~ (5) The legislature finds that sharing economic growth statewide is important to the welfare of the state. Rural counties and rural natural resources impact areas do not share in the economic vitality of the Puget Sound region. The ability of these communities to pursue business and job retention, expansion, and development opportunities depends on their capacity to ready necessary economic development project plans, sites, permits, and infrastructure for private investments. Project-specific planning, predevelopment, and infrastructure (is one of several) are critical ingredients (that are critical) for economic development. Rural counties and rural natural resources impact areas generally lack (the infrastructure) these necessary tools and resources to diversify and revitalize their economies. It is, therefore, the intent of the legislature to increase the (availability of funds to help provide infrastructure to rural natural resource impact areas) amount of funding available through the community economic revitalization board for rural counties and rural natural resources impact areas, and to authorize flexibility for available resources in these areas to help fund planning, predevelopment, and construction costs of infrastructure and facilities and sites that foster economic vitality and diversification. **Findings—Intent—1999 c 164:** "The legislature finds that while Washington's economy is currently prospering, economic growth continues to be uneven, particularly as between metropolitan and rural areas. This has created in effect two Washingtons. One afflicted by inadequate infrastructure to support and attract investment, another suffering from congestion and soaring housing prices. In order to address these problems, the legislature

intends to use resources strategically to build on our state's strengths while addressing threats to our prosperity." [1999 c 164 § 1.]

**Findings—1991 c 314:** "The legislature finds that:

(1) Cutbacks in allowable sales of old growth timber in Washington state pose a substantial threat to the region and the state with massive layoffs, loss of personal income, and declines in state revenues;

(2) The timber impact areas are of critical significance to the state because of their leading role in the overall economic well-being of the state and their importance to the quality of life to all residents of Washington, and that these regions require a special state effort to diversify the local economy;

(3) There are key opportunities to broaden the economic base in the timber impact areas including agriculture, high-technology, tourism, and regional exports; and

(4) A coordinated state, local, and private sector effort offers the greatest potential to promote economic diversification and to provide support for new projects within the region.

The legislature further finds that if a special state effort does not take place the decline in allowable timber sales may result in a loss of six thousand logging and milling jobs; two hundred million dollars in direct wages and benefits; twelve thousand indirect jobs; and three hundred million dollars in indirect wages and benefits.

It is the intent of the legislature to develop comprehensive programs to provide diversified economic development and promote job creation and employment opportunities for the citizens of the timber impact areas." [1991 c 314 § 1.]

**43.160.060 Loans and grants to political subdivisions and federally recognized Indian tribes for public facilities authorized—Application—Requirements for financial assistance.** The board is authorized to make direct loans to political subdivisions of the state and to federally recognized Indian tribes for the purposes of assisting the political subdivisions and federally recognized Indian tribes in financing the cost of public facilities, including development of land and improvements for public facilities, project-specific environmental, capital facilities, land use, permitting, feasibility, and marketing studies and plans; project design, site planning, and analysis; project debt and revenue impact analysis; as well as the construction, rehabilitation, alteration, expansion, or improvement of the facilities. A grant may also be authorized for purposes designated in this chapter, but only when, and to the extent that, a loan is not reasonably possible, given the limited resources of the political subdivision or the federally recognized Indian tribe and the finding by the board that financial circumstances require grant assistance to enable the project to move forward. However, at least ten percent of all financial assistance provided by the board in any biennium shall consist of grants to political subdivisions.

Application for funds shall be made in the form and manner as the board may prescribe. In making grants or loans the board shall conform to the following requirements:

(1) The board shall not provide financial assistance:

(a) For a project the primary purpose of which is to facilitate or promote a retail shopping development or expansion.

(b) For any project that evidence exists would result in a development or expansion that would displace existing jobs in any other community in the state.

(c) For the acquisition of real property, including buildings and other fixtures which are a part of real property.

(d) For a project the primary purpose of which is to facilitate or promote gambling.

(2) The board shall only provide financial assistance:

(a) For those projects which would result in specific private developments or expansions (i) in manufacturing, production, food processing, assembly, warehousing, advanced technology, research and development, and industrial distribution; (ii) for processing recyclable materials or for facilities that support recycling, including processes not currently provided in the state, including but not limited to, de-inking facilities, mixed waste paper, plastics, yard waste, and problem-waste processing; (iii) for manufacturing facilities that rely significantly on recyclable materials, including but not limited to waste tires and mixed waste paper; (iv) which support the relocation of businesses from nondistressed urban areas to rural counties or rural natural resources impact areas; or (v) which substantially support the trading of goods or services outside of the state's borders.

(b) For projects which it finds will improve the opportunities for the successful maintenance, establishment, or expansion of industrial or commercial plants or will otherwise assist in the creation or retention of long-term economic opportunities.

(c) When the application includes convincing evidence that a specific private development or expansion is ready to occur and will occur only if the public facility improvement is made.

(3) The board shall prioritize each proposed project according to:

(a) The relative benefits provided to the community by the jobs the project would create, not just the total number of jobs it would create after the project is completed and according to the unemployment rate in the area in which the jobs would be located; and

(b) The rate of return of the state's investment, that includes the expected increase in state and local tax revenues associated with the project.

(4) A responsible official of the political subdivision or the federally recognized Indian tribe shall be present during board deliberations and provide information that the board requests.

Before any financial assistance application is approved, the political subdivision or the federally recognized Indian tribe seeking the assistance must demonstrate to the community economic revitalization board that no other timely source of funding is available to it at costs reasonably similar to financing available from the community economic revitalization board. The loans shall not exceed twenty years in duration.

**43.163.005 Purpose—Construction.** Economic development is essential to the health, safety, and welfare of all Washington citizens by broadening and strengthening state and local tax bases, providing meaningful employment opportunities and thereby enhancing the quality of life. Economic development increasingly is dependent upon the ability of small-sized and medium-sized businesses and farms to finance growth and trade activities. Many of these businesses face an unmet need for capital that limits their growth. These unmet capital needs are a problem in both urban and rural areas which cannot be solved by the private

sector alone. There presently exist some federal programs, private credit enhancements and other financial tools to complement the private banking industry in providing this needed capital. More research is needed to develop effective strategies to enhance access to capital and thereby stimulate economic development.

It is the purpose of this chapter to establish a state economic development finance authority to act as a financial conduit that, without using state funds or lending the credit of the state or local governments, can issue nonrecourse revenue bonds, and participate in federal, state, and local economic development programs to help facilitate access to needed capital by Washington businesses that cannot otherwise readily obtain needed capital on terms and rates comparable to large corporations, and can help local governments obtain capital more efficiently. It is also a primary purpose of this chapter to encourage the employment and retention of Washington workers at meaningful wages and to develop innovative approaches to the problem of unmet capital needs. This chapter is enacted to accomplish these and related purposes and shall be construed liberally to carry out its purposes and objectives. [1990 c 53 § 1; 1989 c 279 § 1.]

**Findings—Purpose—1994 c 302:** "The legislature finds that when public funds are used to support private enterprise, the public may gain through the creation of new jobs, the diversification of the economy, or higher quality jobs for existing workers. The legislature further finds that such returns on public investments are not automatic and that tax-based incentives, in particular, may result in a greater tax burden on businesses and individuals that are not eligible for the public support. It is the purpose of this \*chapter to collect information sufficient to allow the legislature and the executive branch to make informed decisions about the merits of existing tax-based incentives and loan programs intended to encourage economic development in the state." [1994 c 302 § 1.]

**\*Reviser's note:** 1994 c 302 § 2 was vetoed by the governor. 1994 c 302 § 3 is a codification direction and 1994 c 302 § 4 is an emergency clause. The code reviser's office chose not to create a new chapter for the only remaining section, section 1.

**43.168.010 Legislative findings and declaration.**

The legislature finds that:

(1) The economic health and well-being of the state, particularly in areas of high unemployment, economic stagnation, and poverty, is of substantial public concern.

(2) The consequences of minimal economic activity and persistent unemployment and underemployment are serious threats to the safety, health, and welfare of residents of these areas, decreasing the value of private investments and jeopardizing the sources of public revenue.

(3) The economic and social interdependence of communities and the vitality of industrial and economic activity necessitates, and is in part dependent on preventing substantial dislocation of residents and rebuilding the diversification of the areas' economy.

(4) The ability to remedy problems in stagnant areas of the state is beyond the power and control of the regulatory process and influence of the state, and the ordinary operations of private enterprise without additional governmental assistance are insufficient to adequately remedy the problems of poverty and unemployment.

(5) The revitalization of depressed communities requires the stimulation of private investment, the development of new business ventures, the provision of capital to ventures sponsored by local organizations and capable of growth in the business markets, and assistance to viable, but under-financed, small businesses in order to create and preserve jobs that are sustainable in the local economy.

Therefore, the legislature declares there to be a substantial public purpose in providing capital to promote economic development and job creation in areas of economic stagnation, unemployment, and poverty. To accomplish this purpose, the legislature hereby creates the rural Washington loan fund and vests in the department of community, trade, and economic development the authority to spend federal funds to stimulate the economy of distressed areas. [1999 c 164 § 501; 1985 c 164 § 1.]

**43.168.031 State development loan fund committee—Terminated June 30, 1994—Powers and duties transferred.** The Washington state development loan fund committee shall be terminated on June 30, 1994, and its

powers and duties transferred to the director of the department of community, trade, and economic development. [1995 c 399 § 92; 1988 c 186 § 7.]

**43.168.040 Approval of applications for federal community development block grant funds for projects.** Subject to the restrictions contained in this chapter, the committee is authorized to approve applications of local governments for federal community development block grant funds which the local governments would use to make loans to finance business projects within their jurisdictions. Applications approved by the committee under this chapter shall conform to applicable federal requirements. [1987 c 461 § 3; 1985 c 164 § 4.]

**43.168.050 Application approval—Conditions and limitations.** (1) The committee may only approve an application providing a loan for a project which the committee finds:

(a) Will result in the creation of employment opportunities, the maintenance of threatened employment, or development or expansion of business ownership by minorities and women;

(b) Has been approved by the director as conforming to federal rules and regulations governing the spending of federal community development block grant funds;

(c) Will be of public benefit and for a public purpose, and that the benefits, including increased or maintained employment, improved standard of living, the employment of disadvantaged workers, and development or expansion of business ownership by minorities and women, will primarily accrue to residents of the area;

(d) Will probably be successful;

(e) Would probably not be completed without the loan because other capital or financing at feasible terms is unavailable or the return on investment is inadequate.

(2) The committee shall, subject to federal block grant criteria, give higher priority to economic development projects that contain provisions for child care.

(3) The committee may not approve an application if it fails to provide for adequate reporting or disclosure of financial data to the committee. The committee may require an annual or other periodic audit of the project books.

(4) The committee may require that the project be managed in whole or in part by a local development organization and may prescribe a management fee to be paid to such organization by the recipient of the loan or grant.

(5)(a) Except as provided in (b) of this subsection, the committee shall not approve any application which would result in a loan or grant in excess of three hundred fifty thousand dollars.

(b) The committee may approve an application which results in a loan or grant of up to seven hundred thousand dollars if the application has been approved by the director.

(6) The committee shall fix the terms and rates pertaining to its loans.

(7) Should there be more demand for loans than funds available for lending, the committee shall provide loans for those projects which will lead to the greatest amount of employment or benefit to a community. In determining the "greatest amount of employment or benefit" the committee

shall also consider the employment which would be saved by its loan and the benefit relative to the community, not just the total number of new jobs or jobs saved.

(8) To the extent permitted under federal law the committee shall require applicants to provide for the transfer of all payments of principal and interest on loans to the \*Washington state development loan fund created under this chapter. Under circumstances where the federal law does not permit the committee to require such transfer, the committee shall give priority to applications where the applicants on their own volition make commitments to provide for the transfer.

(9) The committee shall not approve any application to finance or help finance a shopping mall.

(10) For loans not made to minority and women-owned businesses, the committee shall make at least eighty percent of the appropriated funds available to projects located in distressed areas, and may make up to twenty percent available to projects located in areas not designated as distressed. For loans not made to minority and women-owned businesses, the committee shall not make funds available to projects located in areas not designated as distressed if the fund's net worth is less than seven million one hundred thousand dollars.

(11) If an objection is raised to a project on the basis of unfair business competition, the committee shall evaluate the potential impact of a project on similar businesses located in the local market area. A grant may be denied by the committee if a project is not likely to result in a net increase in employment within a local market area.

(12) For loans to minority and women-owned businesses who do not meet the credit criteria, the committee may consider nontraditional credit standards to offset past discrimination that has precluded full participation of minority or women-owned businesses in the economy. For applicants with high potential who do not meet the credit criteria, the committee shall consider developing alternative borrowing methods. For applicants denied loans due to credit problems, the committee shall provide financial counseling within available resources and provide referrals to credit rehabilitation services. In circumstances of competing applications, priority shall be given to members of eligible groups which previously have been least served by this fund. [1993 c 512 § 12; 1990 1st ex.s. c 17 § 74; 1989 c 430 § 9; 1987 c 461 § 4; 1986 c 204 § 2; 1985 c 164 § 5.]

**43.168.055 Application priorities.** In addition to the requirements of RCW 43.168.050, the department shall, subject to applicable federal funding criteria, give priority to applications that capitalize or recapitalize an existing or new local revolving fund based on criteria established by the department. [1999 c 164 § 503.]

**Findings—Intent—Part headings and subheadings not law—Effective date—Severability—1999 c 164:** See notes following RCW 43.160.010.

**43.168.060 Staff support and other duties of department—Rules.** The department shall provide adequate and appropriate staff and other support to the committee. A record of committee proceedings shall be maintained by the department. The department is encouraged to work with local development organizations to promote applications for loans by the fund. The department shall also provide assistance to local development organizations and local governments to identify viable projects for consideration by the committee. The department shall adopt such rules and regulations as are appropriate for the committee to carry out its authority under this chapter. [1985 c 164 § 6.]

**43.168.070 Processing of applications—Contents of applications.** The committee may receive and approve applications on a monthly basis but shall receive and approve applications on at least a quarterly basis for each fiscal year. The committee shall make every effort to simplify the loan process for applicants. Department staff shall process and assist in the preparation of applications. Each application shall show in detail the nature of the project, the types and numbers of jobs to be created, wages to be paid to new employees, and methods to hire unemployed persons from the area. Each application shall contain a credit analysis of the business to receive the loan. The chairperson of the committee may convene the committee on short notice to respond to applications of a serious or immediate nature. [1993 c 512 § 14; 1987 c 461 § 5; 1985 c 164 § 7.]

**43.168.090 Availability of funds for committee use.** The department shall make available for use by the committee an amount of federal community development block grant funds equal to the amount of state funds transferred or appropriated to the department for purposes of supplementing the department's block grant funds. [1985 c 164 § 9.]

**43.168.100 Entitlement community grants—Conditions.** The committee may make grants of state funds to local governments which qualify as "entitlement communities" under the federal law authorizing community development block grants. These grants may only be made on the condition that the entitlement community provide the committee with assurances that it will: (1) Spend the grant moneys for purposes and in a manner which satisfies state constitutional requirements; (2) spend the grant moneys for purposes and in a manner which would satisfy federal requirements; and (3) spend at least the same amount of the grant for loans to businesses from the federal funds received by the entitlement community. [1993 c 512 § 15; 1986 c 204 § 1; 1985 c 164 § 10.]

**Short title—Part headings and section captions—Severability—Effective date—1993 c 512:** See RCW 43.172.900 through 43.172.903.

**43.168.110 Rural Washington loan fund.** There is established the rural Washington loan fund which shall be an account in the state treasury. All loan payments of principal and interest which are transferred under RCW 43.168.050 shall be deposited into the account. Moneys in the account may be spent only after legislative appropriation for loans under this chapter. Any expenditures of these moneys shall conform to federal law. [1999 c 164 § 504; 1992 c 235 § 11; 1985 c 164 § 11.]

**Findings—Intent—Part headings and subheadings not law—Effective date—Severability—1999 c 164:** See notes following RCW 43.160.010.

**43.168.120 Guidelines for use of funds for existing economic development revolving loan funds—Grants to local governments to assist existing economic development revolving loan funds.** (1) The department shall develop guidelines for rural Washington loan funds to be used to fund existing economic development revolving loan funds. Consideration shall be given to the selection process for grantees, loan quality criteria, legal and regulatory issues, and ways to minimize duplication between rural Washington loan funds and local economic development revolving loan funds.

(2) If it appears that all of the funds appropriated to the fund for a biennium will not be fully granted to local governments within that biennium, the department may make available up to twenty percent of the eighty percent of the funds available to projects in distressed areas under RCW 43.168.050(10) for grants to local governments to assist existing economic development revolving loan funds in distressed areas. The grants to local governments shall be utilized to make loans to businesses that meet the specifications for loans under this chapter. The local governments shall, to the extent permitted under federal law, agree to convey to the fund the principal and interest payments from existing loans that the local governments have made through their revolving loan funds. Under circumstances where the federal law does not permit the department to require such transfer, the department shall give priority to applications where the applicants on their own volition make commitments to provide for the transfer. [1999 c 164 § 505; 1987 c 461 § 6.]

**43.168.130 Development of performance standards.** The committee shall develop performance standards for judging the effectiveness of the program. Such standards shall include, to the extent possible, examining the effectiveness of grants in regard to:

- (1) Job creation for individuals of low and moderate income;
- (2) Retention of existing employment;
- (3) The creation of new employment opportunities;
- (4) The diversification of the economic base of local communities;
- (5) The establishment of employee cooperatives;
- (6) The provision of assistance in cases of employee buy-outs of firms to prevent the loss of existing employment;

(7) The degree of risk assumed by the \*development loan fund, with emphasis on loans which did not receive financing from commercial lenders, but which are considered financially sound. [1998 c 245 § 52; 1987 c 461 § 7.]

**\*Reviser's note:** The "Washington state development loan fund" was renamed the "rural Washington loan fund" pursuant to 1999 c 164 § 504.

**43.168.150 Minority and women-owned businesses—Application process—Joint loan guarantee program.** Subject to the restrictions contained in this chapter, the committee is authorized to approve applications of minority and women-owned businesses for loans or loan guarantees from the fund. Applications approved by the committee under this chapter shall conform to applicable federal requirements. The committee shall prioritize available funds for loan guarantees rather than loans when possible. The committee may enter into agreements with other public or private lending institutions to develop a joint loan guarantee program for minority and women-owned businesses. If such a program is developed, the committee may provide funds, in conjunction with the other organizations, to operate the program. This section does not preclude the committee from making individual loan guarantees.

To the maximum extent practicable, the funds available under this section shall be made available on an equal basis to minority and women-owned businesses. The committee shall submit to the appropriate committees of the senate and house of representatives quarterly reports that detail the number of loans approved and the characteristics of the recipients by ethnic and gender groups. **43.170.010 Legislative findings.** The legislature recognizes the numerous benefits to the state's economic base from the establishment of small businesses by innovators and inventors and the numerous benefits provided by inventors and innovators through industrial diversification, broadening of the economic base, and providing financial benefits to our citizens and new products to the nation's consumers.

It is estimated that ninety-five percent of all inventions and innovations are never authoritatively considered primari-

ly because inventors are unfamiliar with the business environment or financial structure necessary for implementing their proposals.

The legislature therefore recognizes a need to encourage and assist innovators and inventors. [1982 c 44 § 1.]

**43.172.005 Intent.** It is the intent of the legislature to combat discrimination in the economy.

(1) The legislature finds that discrimination is in part responsible for:

(a) The disproportionately small percentage of the state's businesses that are owned by minorities and women;

(b) The limited and unequal opportunity minority and women entrepreneurs and business owners have to procure small business financing; and

(c) The difficulty many minority and women-owned contracting businesses have in securing bonds and contract work.

(2) The legislature further finds that:

(a) Many minority and women entrepreneurs and business owners lack training in how to establish and operate a business. This lack of training inhibits their competitiveness when they apply for business loans, bonds, and contracts;

(b) Minorities and women are an increasingly expanding portion of the population and work force. In order for these individuals to fully contribute to the society and economy it is necessary to ensure that minority and women entrepreneurs and business owners are provided an equal opportunity to procure small business financing, bonds, and contracts; and

(c) The growth of small businesses will have a favorable impact on the Washington economy by creating jobs, increasing competition in the marketplace, and expanding tax revenues. Access to financial markets, bonds, and contracts by entrepreneurs and small business owners is vital to this process. Without reasonable access to financing, bonds, and contracts, talented and aggressive entrepreneurs and small business owners are cut out of the economic system and the state's economy suffers.

(3) Therefore, the legislature declares there to be a substantial public purpose in providing technical assistance in the areas of marketing, finance, and management, and access to capital resources, bonds, and contracts, to help start or expand a minority or women-owned business, and specifically to encourage and make possible greater participation by minorities and women in international trade, public works and construction, and public facility concessions. To accomplish these purposes, it is the intent of the legislature to:

(a) Develop or contract for training courses in financing, marketing, managing, accounting, and recordkeeping for a small business and to make these programs available to minority and women entrepreneurs and small business owners;

(b) Make public works and construction projects, public facility concessions, and purchase of goods and services accessible to a greater number of minority and women-owned businesses;

(c) Provide for the lending of nonstate funds to qualified minority and women entrepreneurs and business owners in order to provide the maximum practicable opportunity for innovative minority and women entrepreneurs and business owners to compete for small business financing; and

(d) Provide professional services assistance grants and bond guarantees on behalf of qualified contractors in order to provide the maximum practicable opportunity for minority and women-owned contracting businesses to participate in the Washington state economy by bidding and completing various public and private contracting jobs. [1993 c 512 § 1.]

The department may also award a certificate of accreditation if a review of the key management employee's education, experience, and business history indicates that the business already possesses the knowledge and skills offered through the course of instruction, or if the key management employee successfully completes all tests required of those who attend the entrepreneurial training course. [1993 c 512 § 20.]

**\*Reviser's note:** The business assistance center and its powers and duties were terminated June 30, 1995. RCW 43.31.083, 43.31.085, 43.31.087, and 43.31.089 were repealed by 1993 c 280 § 81, effective June 30, 1996.

**43.172.060 Professional services assistance—One-time grants.** Any qualified contractor seeking a grant for professional services assistance may apply to the department. If approved, the department may enter into an agreement to provide a grant of up to two thousand five hundred dollars on behalf of a qualified contractor for the acquisition of the professional services of certified public accountants, construction management companies, or any other technical, surety, financial, or managerial professionals. This assistance is only available to a qualified contractor on a one-time basis. [1993 c 512 § 21.]

**43.172.070 Grant administration.** The department shall administer all grants issued to assist qualified contractors and shall monitor the performance of all grant recipients

- (3) The qualified contractor has not been denied a bond due to nonperformance.

Based upon subsections (1) through (3) of this section, the department shall either approve or disapprove the application. If the application is approved, the department has the authority to enter into a contract with the approved surety company. Under the terms of this contract the approved surety company shall enter into a contract with, and issue the required bond to, the qualified contractor at the standard fees and charges usually made by the company for the type and amount of the bond issued. The bond issued by the approved surety company shall be guaranteed by money in the program fund. The approved surety company shall also agree to make a reasonable, good faith effort to pursue and collect any claims it may have against a qualified contractor who defaults on a bond guaranteed by the program, including, but not limited to, the institution of legal proceedings against the defaulting contractor, prior to collecting on the guarantee. (3) To guarantee bonds issued pursuant to RCW 43.172.080 and 43.172.090 and to pay such bonds in the event of default by a qualified contractor.

However, the full faith and credit of the state of Washington shall not be used to secure the bonds and the state's liability shall be limited to the money appropriated by the legislature. [1993 c 512 § 25.]

**43.172.110 Small business bonding assistance program fund—Support.** The department shall solicit funds and support from surety companies and other public and private entities with an interest in assisting Washington's small business contractors and may enter into agreements with such companies and interests by which they provide funds to the program fund to be matched with funds from nonstate sources. [1993 c 512 § 26.]

**43.172.120 Gifts, grants, endowments.** The department may receive gifts, grants, and endowments from public or private sources that may be made from time to time, in trust or otherwise, for the use and benefit of the Washington state small business bonding assistance program and spend gifts, grants, endowments or any income from the public or private sources according to their terms. **43.180.010 Declaration of public policies—Purpose.**

It is declared to be the public policy of the state and a recognized governmental function to assist in making affordable and decent housing available throughout the state and by so doing to contribute to the general welfare. Decent housing for the people of our state is a most important public concern. Interest rates and construction costs have made it impossible for many Washington citizens to purchase their own homes. Older people, disabled persons, and low and moderate income families often cannot afford to rent decent housing. There exists throughout the state a serious shortage of safe, sanitary and energy efficient housing available at prices within the financial means of our citizens. General economic development within the state is also impeded by a lack of affordable housing. The state's economy, which is dependent on the timber, wood products, and construction industries, has been damaged by inadequate investment in housing construction and rehabilitation. The result has been high unemployment and economic hardship affecting the prosperity of all the people of the state, particularly those in the wood products industry.

It is the purpose of this chapter to establish a state housing finance commission to act as a financial conduit which,

without using public funds or lending the credit of the state or local government, can issue nonrecourse revenue bonds and participate in federal, state, and local housing programs and thereby make additional funds available at affordable rates to help provide housing throughout the state. It is also a primary purpose of this chapter to encourage the use of Washington state forest products in residential construction. This chapter is enacted to accomplish these and related purposes and shall be liberally construed to carry out its purposes and objectives. [1983 c 161 § 1.]

**43.180.020 Definitions.** Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Bonds" means the bonds, notes, or other evidences of indebtedness of the commission, the interest paid on which may or may not qualify for tax exemption.

(2) "Code" means the federal internal revenue code of 1954, as now or hereafter amended, and the regulations and rulings promulgated thereunder.

(3) "Commission" means the Washington state housing finance commission or any board, body, commission, department, or officer succeeding to the principal functions thereof or to whom the powers conferred upon the commission shall be given by law.

(4) "Costs of housing" means all costs related to the development, design, acquisition, construction, reconstruction, leasing, rehabilitation, and other improvements of housing, as determined by the commission.

(5) "Eligible person" means a person or family eligible in accordance with standards promulgated by the commission. Such persons shall include those persons whose income is insufficient to obtain at a reasonable cost, without financial assistance, decent, safe, and sanitary housing in the area in which the person or family resides, and may include such other persons whom the commission determines to be eligible.

(6) "Housing" means specific new, existing, or improved residential dwellings within this state or dwellings to be constructed within this state. The term includes land, buildings, and manufactured dwellings, and improvements, furnishings, and equipment, and such other nonhousing facilities, furnishings, equipment, and costs as may be incidental or appurtenant thereto if in the judgment of the commission the facilities, furnishings, equipment and costs are an integral part of the project. Housing may consist of single-family or multifamily dwellings in one or more structures located on contiguous or noncontiguous parcels or any combination thereof. Improvements may include such equipment and materials as are appropriate to accomplish energy efficiency within a dwelling. The term also includes a dwelling constructed by a person who occupies and owns the dwelling, and nursing homes licensed under chapter 18.51 RCW.

(7) "Mortgage" means a mortgage, mortgage deed, deed of trust, security agreement, or other instrument securing a mortgage loan and constituting a lien on or security interest in housing. The property may be held in fee simple or on a leasehold under a lease having a remaining term, at the time the mortgage is acquired, of not less than the term of repayment of the mortgage loan secured by the mortgage.

The property may also be housing which is evidenced by an interest in a cooperative association or corporation if ownership of the interest entitles the owner of the interest to occupancy of a dwelling owned by the association or corporation.

(8) "Mortgage lender" means any of the following entities which customarily provide service or otherwise aid in the financing of housing and which are approved as a mortgage lender by the commission: A bank, trust company, savings bank, national banking association, savings and loan association, building and loan association, mortgage banker, mortgage company, credit union, life insurance company, or any other financial institution, governmental agency, municipal corporation, or any holding company for any of the entities specified in this subsection.

(9) "Mortgage loan" means an interest-bearing loan or a participation therein, made to a borrower, for the purpose of financing the costs of housing, evidenced by a promissory note, and which may or may not be secured (a) under a mortgage agreement, (b) under any other security agreement, regardless of whether the collateral is personal or real property, or (c) by insurance or a loan guarantee of a third party. However, an unsecured loan shall not be considered a mortgage loan under this definition unless the amount of the loan is under two thousand five hundred dollars. [1990 c 167 § 1; 1983 c 161 § 2.]

**43.180.030 Bonds not debt of state.** Bonds issued under this chapter shall be issued in the name of the commission. The bonds shall not be obligations of the state of Washington and shall be obligations only of the commission payable from the special fund or funds created by the commission for their payment. Such funds shall not be or constitute public moneys or funds of the state of Washington but at all times shall be kept segregated and set apart from other funds.

Bonds issued under this chapter shall contain a recital on their face to the effect that payment of the principal of, interest on, and prepayment premium, if any, on the bonds, shall be a valid claim only as against the special fund or funds relating thereto, that neither the faith and credit nor the taxing power of the state or any municipal corporation, subdivision, or agency of the state, other than the commission as set forth in this chapter, is pledged to the payment of the principal of, interest on, and prepayment premium, if any, on the bonds.

Contracts entered into by the commission shall be entered into in the name of the commission and not in the name of the state of Washington. The obligations of the commission under the contracts shall be obligations only of the commission and are not in any way obligations of the state of Washington. [1983 c 161 § 3.]

**43.180.040 Commission created.** (1) There is hereby established a public body corporate and politic, with perpetual corporate succession, to be known as the Washington state housing finance commission. The commission is an instrumentality of the state exercising essential government functions and, for purposes of the code, acts as a constituted authority on behalf of the state when it issues bonds pursuant

to this chapter. The commission is a "public body" within the meaning of RCW 39.53.010.

(2) The commission shall consist of the following voting members:

(a) The state treasurer, ex officio;

(b) The director of community, trade, and economic development, ex officio;

(c) An elected local government official, ex officio, with experience in local housing programs, who shall be appointed by the governor with the consent of the senate;

(d) A representative of housing consumer interests, appointed by the governor with the consent of the senate;

(e) A representative of labor interests, appointed by the governor, with the consent of the senate, after consultation with representatives of organized labor;

(f) A representative of low-income persons, appointed by the governor with the consent of the senate;

The term of the persons appointed by the governor, other than the chair, shall be four years from the date of their appointment, except that the terms of three of the initial appointees shall be for two years from the date of their appointment. The governor shall designate the appointees who will serve the two-year terms. An appointee may be removed by the governor for cause pursuant to RCW 43.06.070 and 43.06.080. The governor shall fill any vacancy in an appointed position by appointment for the remainder of the unexpired term. If the \*department of community development is abolished, the resulting vacancy shall be filled by a state official who shall be appointed to the commission by the governor. If this official occupies an office or position for which senate confirmation is not required, then his or her appointment to the commission shall be subject to the consent of the senate. The members of the commission shall be compensated in accordance with RCW 43.03.240 and may be reimbursed, solely from the funds of the commission, for expenses incurred in the discharge of their duties under this chapter, subject to the provisions of RCW 43.03.050 and 43.03.060. A majority of the commission constitutes a quorum. Designees shall be appointed in such manner and shall exercise such powers as are specified by the rules of the commission.

(3) The commission may adopt an official seal and may select from its membership a vice chair, a secretary, and a treasurer. **Reviser's note:** This section was amended by 1999 c 131 § 1 and by 1999 c 372 § 11, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

These regulatory agreements and covenants shall run with the land and be enforceable by the commission or its successors or assigns against the person or entity making the regulatory agreement or covenants or its successors or assigns, even though there may be no privity of estate or privity of contract between the commission or its successors or assigns and the person or entity against whom enforcement is sought. The term of any such covenant shall be set forth in the recorded agreement containing the covenant. This subsection shall apply to regulatory agreements and covenants previously entered into by the commission as well as regulatory agreements and covenants entered into by the commission on or after July 27, 1997;

**43.180.090 Selection of bond counsel—Written policies to be adopted.** (1) The commission shall adopt written policies to provide for the selection of bond counsel. The policies shall provide for the creation and maintenance of a roster of attorneys whom the commission believes possess the requisite special expertise and professional standing to provide bond counsel opinions which would be accepted by the underwriters, bondholders, and other members of the financial community, and which would be in furtherance of the public interest in obtaining the lowest possible interest rates on the bonds issued by the commission. Any attorney may apply to have his or her name placed on the roster, but may not be placed on the roster unless the attorney demonstrates to the commission's satisfaction that the attorney would issue the kind of opinions required by this section.

(2) Prior to selecting an attorney or attorneys to provide bond counsel services, the commission shall provide all attorneys on the roster with a notice of its intentions to select bond counsel and shall invite each of them to submit to the commission his or her fee schedule for providing bond

counsel services. The commission shall have wide discretion in selecting the attorney or attorneys it considers to be most appropriate to provide the services, but in the exercise of this discretion the commission shall consider all submitted fee schedules and the public interest in achieving both savings in bond counsel fees and issuance of bonds on terms most favorable to the commission. At least once every two calendar years, the commission shall select anew an attorney or attorneys to serve as bond counsel. However, the commission may retain an attorney for longer than two years when necessary to complete work on a particular bond issue. An attorney previously retained may be selected again but only after the commission has provided other attorneys on the roster with an opportunity to be selected and has made the fee schedule review required under this subsection. In addition to or as an alternative to retaining counsel for a period of time, the commission may appoint an attorney to serve as counsel in respect to only a particular bond issue. [1983 c 161 § 9.]

**43.180.100 Selection of underwriters—Written policies to be adopted.** (1) The commission shall adopt written policies to provide for the selection of underwriters. The policies shall provide for the creation of a roster of underwriters whom the commission believes possess the requisite special expertise and professional standing to provide bond marketing services which would be accepted by bondholders and other members of the financial community, and which would be in furtherance of the public interest in marketing the commission's bonds at the lowest possible costs. Any underwriter may apply to have its name placed on the roster, but may not be placed on the roster unless it demonstrates to the commission's satisfaction that it meets the requirements of this section.

(2) Whenever the commission decides that it needs the services of an underwriter, it shall provide all underwriters on the roster with a notice of its intentions and shall invite each of them to submit to the commission an itemization of its fees and other charges for providing underwriting services on the issue. The itemization shall be by categories designed by the commission. The commission shall have wide discretion in selecting the underwriter it considers to be most appropriate to provide the services, but in the exercise of this discretion the commission shall consider the underwriter's fees and other charges and the public interest in achieving both savings in the total costs of underwriting services and issuance of bonds on terms most favorable to the commission. [1983 c 161 § 10.]

**43.180.110 Review of initial policies adopted under RCW 43.180.090 and 43.180.100—Adoption—Change.** The commission shall submit the initial policies adopted under RCW 43.180.090 and 43.180.100 to the chief clerk of the house and the secretary of the senate for transmittal to and review by the appropriate standing committees and the joint administrative rules review committee. By January 1, 1984 the commission shall have adopted policies in the form of rules and regulations under chapter 34.05 RCW. Such rules and regulations may only be changed or revised in accordance with chapter 34.05 RCW. [1983 c 161 § 11.]

**43.180.120 Rules for fair allocation of bond proceeds for nonrental single family housing.** The legislature recognizes that the demand for mortgage loans for nonrental single family housing will probably greatly exceed the supply of bond proceeds available to satisfy the demand. Therefore, the commission shall adopt rules providing procedures to assure that the bond proceeds available for that kind of housing shall be made available to qualified mortgagors in a fair and equitable manner. [1983 c 161 § 12.]

**43.180.130 Protection of bondholders—Mortgage insurance.** The commission is encouraged to adopt policies which will assure that bondholders will be protected against the failure to make mortgage payments financed under this chapter. Such policies may require, among other things, mortgage insurance. [1983 c 161 § 13.]

**43.180.140 Rules for energy efficiency.** The commission shall adopt rules providing for financing assistance to implement cost-effective energy efficiency improvements. [1983 c 161 § 14.]

**43.180.150 Bond issues—Terms—Issuance—Purchase, etc.** (1) The commission's bonds shall bear such date or dates, mature at such time or times, be in such denominations, be in such form, be registered or registrable in such manner, be made transferable, exchangeable, and interchangeable, be payable in such medium of payment, at such place or places, be subject to such terms of redemption, bear such fixed or variable rate or rates of interest, be payable at such time or times, and be sold in such manner and at such price or prices, as the commission determines. The bonds shall be executed by the chair, by either its duly elected secretary or its treasurer, and by the trustee or paying agent if the commission determines to use a trustee or paying agent for the bonds. Execution of the bonds may be by manual or facsimile signature.

(2) The bonds of the commission shall be subject to such terms, conditions, covenants, and protective provisions as are found necessary or desirable by the commission, including, but not limited to, pledges of the commission's assets, setting aside of reserves, limitations on additional forms of indebtedness, and the mortgaging of all or any part of the commission's real or personal property, then owned or thereafter acquired, and other provisions the commission finds are necessary or desirable for the security of bond holders.

(3) Any security interest created in the unexpended bond proceeds and in the special funds created by the commission shall be immediately valid and binding against such moneys and any securities in which such moneys may be invested without commission or trustee possession thereof, and the security interest shall be prior to any party having any competing claim in such moneys or securities, without filing or recording pursuant to \*chapter 62A.9 RCW and regardless of whether the party has notice of the security interest.

(4) When issuing bonds, the commission may provide for the future issuance of additional bonds or parity debt on a parity with outstanding bonds, and the terms and conditions of their issuance. The commission may refund or advance refund any bond of the commission in accordance

with chapter 39.53 RCW or issue bonds with a subordinate lien against the fund or funds securing outstanding bonds.

(5) The chair of the state finance committee or the chair's designee shall be notified in advance of the issuance of bonds by the commission in order to promote the orderly offering of obligations in the financial markets.

(6) The members of the commission and any person executing the bonds are not liable personally on the indebtedness or subject to any personal liability or accountability by reason of the issuance thereof.

(7) The commission may, out of any fund available therefor, purchase its bonds in the open market. [1983 c 161 § 15.]

**\*Reviser's note:** Chapter 62A.9 RCW was repealed in its entirety by 2000 c 250 § 9A-901, effective July 1, 2001. For later enactment, see chapter 62A.9A RCW.

**43.180.160 Debt limitation.** The total amount of outstanding indebtedness of the commission may not exceed three billion dollars at any time. The calculation of outstanding indebtedness shall include the initial principal amount of an issue and shall not include interest that is either currently payable or that accrues as a part of the face amount of an issue payable at maturity or earlier redemption. Outstanding indebtedness shall not include notes or bonds as to which the obligation of the commission has been satisfied and discharged by refunding or for which payment has been provided by reserves or otherwise. [1999 c 131 § 2; 1996 c 310 § 2; 1986 c 264 § 2; 1983 c 161 § 16.]

**43.180.170 Bond issues—Disposition of proceeds—Special fund.** Proceeds from the sale of all bonds issued under this chapter received by the commission shall be deposited forthwith by the commission in any trust company, savings bank, savings and loan association, or bank having the powers of a trust company within or without the state, in a special fund or funds established for the particular purposes for which the bonds were issued and sold, which money shall not be funds of the state of Washington. Such fund or funds shall at all times be segregated and set apart from all other funds and held in trust for the purposes for which such bonds were issued as determined by the commission. Money other than bond sale proceeds received by the commission for these same purposes, such as private contributions or grants from the federal government, may be deposited in such fund or funds. Proceeds received from the sale of the bonds may also be used to defray the expenses of the commission in connection with and incidental to the issuance and sale of bonds, as well as expenses for studies, surveys, estimates, plans, inspections, and examinations of or incidental to the purposes for which the bonds were issued, and other costs advanced therefor by third parties or by the commission. In lieu of the commission receiving and handling these moneys in the manner outlined in this section, the commission may appoint trustees, depositories, paying agents, and other financial institutions within or without the state to perform the functions outlined and to receive, hold, disburse, invest, and reinvest such funds on its behalf and for the protection of the bondholders. [1983 c 161 § 17.]

**43.180.180 Bond issues—Disposition of revenues—Special trust fund.** All revenues received by the commission including funds received from contributions or grants or in any other form to pay principal of and interest on bonds or for other bond requirements such as reserves shall be deposited by the commission in any trust company, savings bank, savings and loan association, or bank having the powers of a trust company within or without the state, to the credit of a special trust fund or funds. The commission may establish a bond fund or funds, and a reserve, sinking fund and other accounts therein, for payment of principal and interest and for other special requirements of the bonds as determined by the commission. In lieu of the commission receiving and handling these moneys as outlined in this section, the commission may appoint trustees, depositories, paying agents, and other financial institutions to perform the functions outlined and to receive, hold, disburse, invest, and reinvest such funds on its behalf and for the protection of the bondholders. Such revenues and funds, whether received and held by the commission or by others on its behalf, shall not be or constitute public funds of the state of Washington but at all times shall be kept segregated and apart from all other funds. [1983 c 161 § 18.]

**43.180.190 Legal investments.** Bonds issued under this chapter are hereby made securities in which all public officers and public bodies of the state and its political subdivisions, all insurance companies, trust companies in their commercial departments, savings banks, cooperative banks, banking associations, investment companies, executors, trustees and other fiduciaries, and all other persons whatsoever who are now or may hereafter be authorized to invest in obligations of the state may properly and legally invest funds, including capital in their control or belonging to them. Such bonds are hereby made securities which may properly and legally be deposited with and received by any state or municipal officer or any agency or political subdivisions of the state for any purpose for which the deposit of bonds and other obligations of the state are now or may hereafter be authorized by law. [1983 c 161 § 19.]

**43.180.200 Internal revenue code.** For purposes of the code:

(1) The legislature reserves the right at any time to alter or change the structure, organization, programs, or activities of the commission and to terminate the commission, so long as the action does not impair any outstanding contracts entered into by the commission;

(2) Any net earnings of the commission beyond that necessary to retire its bonds and to carry out the purposes of this chapter shall not inure to the benefit of any person other than the state;

(3) Upon dissolution of the commission, title to all of its remaining property shall vest in the state;

(4) The commission constitutes the only housing finance agency of the state of Washington; and

(a) Eighty percent of the state ceiling shall be allocated to the commission and twenty percent shall be allocated to the other issuing authorities in the state.

(b) The allocation to the issuing authorities other than the commission shall be distributed to such issuing authorities in amounts as determined following public notice by the department of community, trade, and economic development pursuant to rules promulgated by it. The distribution shall be in response to applications received from such issuing authorities and shall be based on the following factors: (i) The amount of housing to be made available by such applicant; (ii) the population within the jurisdiction of the applicant; (iii) coordination with other applicable federal and state housing programs; (iv) the likelihood of implementing the proposed financing during that year; and (v) consistency with the plan of the commission. On or before February 1 of each year, the department of community, trade, and economic development shall distribute the state ceiling allocation among such issuing authorities and any unused portion shall be added to the allocation of the commission. Each issuing authority other than the commission shall confirm its allocation distribution by providing to the department of community, trade, and economic development no later than June 1 a copy of an executed bond purchase contract or alternative documentation deemed sufficient by the commission to evidence the reasonable likelihood of the allocation distribution being fully used. Any portion of such allocation not so confirmed shall be added to the allocation of the commission on July 1. Prior to July 1, the commission shall provide written notice of the allocation decrease to the affected issuing authority. The reallocation shall not limit the authority of the commission to assign a portion of its allocation pursuant to subsection (5)(c) of this section.

(c) The commission may assign a portion of its allocation to another issuing agency. [1995 c 399 § 99; 1986 c 264 § 3; 1985 c 6 § 15; 1984 c 28 § 1; 1983 c 161 § 20.]

(3) Provides flexible loan underwriting guidelines, including but not limited to provisions that will allow reduced downpayment requirements for the purchaser. [1994 c 235 § 1.]

**Severability—1994 c 235:** "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1994 c 235 § 4.]

(1) To make secured loans to nonprofit corporations for the purpose of providing temporary or permanent financing or refinancing of all or part of the project cost of any nonprofit facility, including the refunding of any outstanding obligations, mortgages, or advances issued, made, or given by any person for the project costs of a nonprofit corporation; and to charge and collect interest on the loans for the loan payments upon such terms and conditions as its commissioners consider advisable which are not in conflict with this subchapter;

(2) To issue revenue bonds for the purpose of financing all or part of the project cost of any nonprofit facility and to secure the payment of the revenue bonds as provided in this subchapter;

(3) To collect fees or charges from users or prospective users of nonprofit facilities to recover actual or anticipated administrative costs;

(4) To execute financing documents incidental to the powers enumerated in this section;

(5) To accept grants and gifts;

(6) To establish such special funds with any financial institution providing fiduciary services within or without the state as it deems necessary and appropriate and invest money therein. [1990 c 167 § 3.]

**43.180.320 Revenue bonds.** (1) The proceeds of the revenue bonds of each issue shall be used solely for the purposes set forth in this subchapter and shall be disbursed in such manner and under such restrictions, if any, provided

in the resolution authorizing the issuance of the revenue bonds or in the trust agreement securing the bonds. If the proceeds of the revenue bonds of any series issued with respect to the cost of any nonprofit facility exceeds the cost of the nonprofit facility for which issued, the surplus shall be deposited to the credit of the debt service fund for the revenue bonds or used to purchase the revenue bonds in the open market.

(2) The commission may issue interim notes in the manner provided for the issuance of revenue bonds to fund nonprofit facilities prior to issuing other revenue bonds to fund such facilities. The commission may issue revenue bonds to fund nonprofit facilities that are exchangeable for other revenue bonds, when these other revenue bonds are executed and available for delivery.

(3) The principal of and interest on any revenue bonds issued by the commission shall be secured by a pledge of unexpended bond proceeds and the revenues and receipts derived from the nonprofit facilities funded by the revenue bonds pursuant to financing documents. The resolution under which the revenue bonds are authorized to be issued and any financing document may contain agreements and provisions respecting the maintenance or use of the nonprofit facility covered thereby, the fixing and collection of rents, purchase price payments or loan payments, the creation and maintenance of special funds from such revenues or from revenue bond proceeds, the rights and remedies available in the event of default, and other provisions relating to the security for the bonds, all as the commission considers advisable which are not in conflict with this subchapter.

(4) All revenue bonds issued under this subchapter and any interest coupons applicable thereto are negotiable instruments within the meaning of Article 8 of the uniform commercial code, Title 62A RCW, regardless of form or character.

(5) Notwithstanding subsection (1) of this section, such bonds and interim notes may be issued and sold in accordance with chapter 39.46 RCW. [1990 c 167 § 4.]

**43.180.330 Revenue refunding bonds.** The commission may provide by resolution for the issuance of revenue refunding bonds for the purpose of refunding any obligations issued for a nonprofit facility, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption or maturity of the revenue bonds and, if considered advisable by the commission, for the additional purpose of financing improvements, extensions, or enlargements to the nonprofit facility for another nonprofit facility. The issuance of the revenue refunding bonds, the maturities and other details thereof, the rights of the owners thereof, and the rights, duties, and obligations of the commission in respect to the same shall be governed by this chapter insofar as applicable. [1990 c 167 § 5.]

**43.180.340 Trust agreements.** Any bonds issued under this subchapter may be secured by a trust agreement between the commission and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the state. The trust agreement may evidence a pledge or assignment of the financing documents and lease, sale, or loan revenues to be received from

a lessee or purchaser of or borrower with respect to a nonprofit facility for the payment of principal of and interest and any premium on the bonds as the same shall become due and payable and may provide for creation and maintenance of reserves for these purposes. A trust agreement or resolution providing for the issuance of the revenue bonds may contain such provisions for protecting and enforcing the rights and remedies of the bondowners as may be reasonable and proper and not in violation of law, including covenants setting forth the duties in relation to the acquisition of property and the construction, improvement, maintenance, use, repair, operation, and insurance of the nonprofit facility for which the bonds are authorized, and the custody, safeguarding, and application of all money. Any bank or trust company incorporated under the laws of the state which may act as depository of the proceeds of revenue bonds or of revenues may furnish such indemnifying bonds or pledge such securities as may be required by the commission. A trust agreement may set forth the rights and remedies of the bondowners and of the trustee and may restrict the individual right of action by bondowners as is customary in trust agreements or trust indentures securing bonds and debentures of private corporations. In addition, a trust agreement may contain such provisions as the commission considers reasonable and proper for the security of the bondowners which are not in conflict with this subchapter. [1990 c 167 § 6.]

**43.180.350 Lessees or assignees.** A lessee or contracting party under a sale contract or loan agreement shall not be required to be the eventual user of a nonprofit facility if any sublessee or assignee assumes all of the obligations of the lessee or contracting party under the lease, sale contract, or loan agreement, but the lessee or contracting party or their successors shall remain primarily liable for all of its obligations under the lease, sale contract, or loan agreement and the use of the nonprofit facility shall be consistent with the purposes of this subchapter. [1990 c 167 § 7.]

**43.180.360 Default.** The proceedings authorizing any revenue bonds under this subchapter or any financing document securing the revenue bonds may provide that if there is a default in the payment of the principal of or the interest on the bonds or in the performance of any agreement contained in the proceedings or financing document, the payment and performance may be enforced by mandamus or by the appointment of a receiver in equity with power to charge and collect rents, purchase price payments, and loan repayments, and to apply the revenues from the nonprofit facility in accordance with the proceedings or provisions of the financing document. Any financing document entered into under this subchapter may also provide that if there is a default in the payment thereof or a violation of any agreement contained in the financing document, the nonprofit facility may be foreclosed and sold under proceedings in equity or in any other manner now or hereafter permitted by law. Any financing document may also provide that any trustee under the financing document or the holder of any revenue bonds secured thereby may become the purchaser at any foreclosure sale if it is the highest bidder. [1990 c 167 § 8.]

**43.180.900 Conflict with federal requirements.** If any part of this chapter is found to be in conflict with federal requirements which are a prescribed condition to the allocation of federal funds to the state, the conflicting part of this chapter is hereby declared to be inoperative solely to the extent of the conflict and with respect to the agencies directly affected, and such finding or determination shall not affect the operation of the remainder of this chapter in its application to the agencies concerned. The rules under this chapter shall meet federal requirements which are a necessary condition to the receipt of federal funds by the state. [1983 c 161 § 21.]

**43.180.901 Liberal construction.** This chapter, being necessary for the welfare of the state and its inhabitants, shall be liberally construed to effect the purposes thereof. [1983 c 161 § 23.]

(2) Section 10 of this act shall take effect on January 1, 1984. [1983 c 161 § 32.]

*Donations of surplus state property: RCW 43.19.1920.*

*Funding: RCW 43.79.201 and 79.01.007.*

**43.185.010 Findings.** The legislature finds that current economic conditions, federal housing policies and declining resources at the federal, state, and local level adversely affect the ability of low and very low-income persons to obtain safe, decent, and affordable housing.

The legislature further finds that members of over one hundred twenty thousand households live in housing units which are overcrowded, lack plumbing, are otherwise threatening to health and safety, and have rents and utility payments which exceed thirty percent of their income.

The legislature further finds that minorities, rural households, and migrant farm workers require housing assistance at a rate which significantly exceeds their proportion of the general population.

The legislature further finds that one of the most dramatic housing needs is that of persons needing special housing-related services, such as the mentally ill, recovering alcoholics, frail elderly persons, families with members who have disabilities, and single parents. These services include medical assistance, counseling, chore services, and child care.

The legislature further finds that housing assistance programs in the past have often failed to help those in greatest need.

The legislature declares that it is in the public interest to establish a continuously renewable resource known as the housing trust fund and housing assistance program to assist low and very low-income citizens in meeting their basic housing needs, and that the needs of very low-income citizens should be given priority and that whenever feasible, assistance should be in the form of loans. [1991 c 356 § 1; 1986 c 298 § 1.]

**43.185.015 Housing assistance program.** There is created within the department the housing assistance program to carry out the purposes of this chapter. [1995 c 399 § 100; 1991 c 356 § 2.]

**43.185.020 Definitions.** "Department" means the department of community, trade, and economic development. "Director" means the director of the department of community, trade, and economic development. [1995 c 399 § 101; 1986 c 298 § 3.]

**43.185.030 Washington housing trust fund.** There is hereby created in the state treasury an account to be known as the Washington housing trust fund. The housing trust fund shall include revenue from the sources established by this chapter, appropriations by the legislature, private contributions, repayment of loans, and all other sources. [1991 sp.s. c 13 § 87; 1991 c 356 § 3; 1987 c 513 § 6; 1986 c 298 § 2.]

**Effective dates—Severability—1991 sp.s. c 13:** See notes following RCW 18.08.240.

At least thirty percent of these moneys used in any given funding cycle shall be for the benefit of projects located in rural areas of the state as defined by the department. If the department determines that it has not received an adequate number of suitable applications for rural projects during any given funding cycle, the department may allocate unused moneys for projects in nonrural areas of the state.

(2) Activities for assistance from the housing trust fund and other legislative appropriations include, but are not limited to:

These policies may include, but are not limited to: (1) Requiring a share of the appreciation in the project in proportion to the state's contribution to the project; (2) requiring a lump-sum repayment of the loan or grant upon the sale or change of use of the project; or (3) requiring a deferred payment of principal or principal and interest on loans after a specified time period. **Conflict with federal requirements—Severability—Effective date—1995 1st sp.s. c 18:** See notes following RCW 74.39A.030.

**Effective date—1991 sp.s. c 8:** See note following RCW 18.51.050.

**43.190.030 Office of state long-term care ombudsman created—Powers and duties—Rules.** There is created the office of the state long-term care ombudsman. The department of community, trade, and economic development shall contract with a private nonprofit organization to provide long-term care ombudsman services as specified under, and consistent with, the federal older Americans act as amended, federal mandates, the goals of the state, and the needs of its citizens. The department of community, trade, and economic development shall ensure that all program and staff support necessary to enable the ombudsman to effectively protect the interests of residents, patients, and clients of all long-term care facilities is provided by the nonprofit organization that contracts to provide long-term care ombudsman services. The department of community, trade, and economic development shall adopt rules to carry out this chapter and the long-term care ombudsman provisions of the federal older Americans act, as amended, and applicable federal regulations. The long-term care ombudsman program shall have the following powers and duties:

(1) To provide services for coordinating the activities of long-term care ombudsmen throughout the state;

(2) Carry out such other activities as the department of community, trade, and economic development deems appropriate;

(3) Establish procedures consistent with RCW 43.190.110 for appropriate access by long-term care ombudsmen to long-term care facilities and patients' records, including procedures to protect the confidentiality of the records and ensure that the identity of any complainant or resident will not be disclosed without the written consent of the complainant or resident, or upon court order;

(4) Establish a statewide uniform reporting system to collect and analyze data relating to complaints and conditions in long-term care facilities for the purpose of identifying and resolving significant problems, with provision for submission of such data to the department of social and health services and to the federal department of health and human services, or its successor agency, on a regular basis; and

(5) Establish procedures to assure that any files maintained by ombudsman programs shall be disclosed only at the discretion of the ombudsman having authority over the disposition of such files, except that the identity of any

complainant or resident of a long-term care facility shall not be disclosed by such ombudsman unless:

(a) Such complainant or resident, or the complainant's or resident's legal representative, consents in writing to such disclosure; or

(b) Such disclosure is required by court order. [1997 c 194 § 1; 1995 c 399 § 105; 1988 c 119 § 2; 1983 c 290 § 3.]

**Effective date—1988 c 119 § 2:** "Section 2 of this act shall take effect July 1, 1989." [1988 c 119 § 5.]

**Legislative findings—1988 c 119:** "The legislature recognizes that the state long-term care ombudsman program and the office of the state long-term care ombudsman, located within the department of social and health services, have brought into serious question the ability of that office to serve as an effective mechanism on the state level for investigating and resolving complaints made by or on behalf of residents of long-term care facilities.

The legislature further finds it necessary to exercise its options under the federal older Americans act and identify an organization, outside of the department of social and health services and independent of any other state agency, to provide, through contract, long-term care ombudsman services." [1988 c 119 § 1.]

**Survey—1988 c 119:** "The committee on health care of the house of representatives shall conduct a survey and analysis of the appropriate placement outside of state government of the office of the state long-term care ombudsman. The survey shall ascertain how the contracted placement of the office will most effectively allow it to meet its responsibilities under chapter 43.190 RCW. A draft of the findings shall be submitted to the governor and the legislature before the first Friday in November 1988 and the final findings, conclusions, and recommendations shall be submitted in a report to the governor and the legislature no later than December 30, 1988.

The survey required shall include, but is not limited to, a complete assessment of how independently contracting the program outside state government will provide the office with an effective means for resolving complaints and building program accountability and integrity facilitating local involvement and contributing to long-term care policy development. The study shall also clearly identify and describe how this model for administering the duties and responsibilities of the ombudsman will affect the ability of the office to function as mandated under the federal older Americans act, and provide suggestions that will assist the office to coordinate information and assistance, to the fullest degree possible, with citizen groups, the general public, the nursing home industry, and local volunteer programs. The survey shall further specify the operational program details necessary for adopting the proposed independently contracted plan." [1988 c 119 § 3.]

**Use of survey findings—1988 c 119:** "The survey findings, together with any reports of legislative committees in response to such survey, shall be used by the department of community development in determining the best manner to contract for and provide long-term care ombudsman services." [1988 c 119 § 4.]

The form of the notice shall be approved by the office and the organization responsible for maintaining the nursing home complaint toll-free number. **Severability—1999 c 133:** "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1999 c 133 § 3.]

**Effective date—1999 c 133:** "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [April 28, 1999]." [1999 c 133 § 4.]

**43.190.120 Expenditure of funds on long-term care ombudsman program.** It is the intent that federal requirements be complied with and the department annually expend at least one percent of the state's allotment of social services funds from Title III B of the Older Americans Act of 1965, as it exists as of July 24, 1983, or twenty thousand dollars, whichever is greater to establish the state long-term care ombudsman program established by this chapter if funds are appropriated by the legislature. [1983 c 290 § 12.]

**43.190.900 Severability—1983 c 290.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1983 c 290 § 17.]

*Nuclear energy and radiation: Chapter 70.98 RCW.*

**43.200.010 Finding—Purpose.** The legislature finds that the safe transporting, handling, storage, or otherwise caring for radioactive wastes is required to protect the health, safety, and welfare of the citizens of the state of Washington. It is the purpose of this chapter to establish authority for the state to exercise appropriate oversight and care for the safe management and disposal of radioactive wastes; to consult with the federal government and other states on interim or permanent storage of these radioactive wastes; and to carry out the state responsibilities under the federal nuclear waste policy act of 1982. [1983 1st ex.s. c 19 § 1.]

**43.200.015 Definitions.** As used in this chapter, the following terms have the meanings indicated unless the context clearly requires otherwise.

(1) "High-level radioactive waste" means "high-level radioactive waste" as the term is defined in 42 U.S.C. Sec. 10101 (P.L. 97-425).

(2) "Low-level radioactive waste" means waste material that contains radioactive nuclides emitting primarily beta or gamma radiation, or both, in concentrations or quantities that exceed applicable federal or state standards for unrestricted release. Low-level waste does not include waste containing more than one hundred nanocuries of transuranic contaminants per gram of material, nor spent nuclear fuel, nor material classified as either high-level radioactive waste or waste that is unsuited for disposal by near-surface burial under any applicable federal regulations.

(3) "Radioactive waste" means both high-level and low-level radioactive waste.

(4) "Spent nuclear fuel" means spent nuclear fuel as the term is defined in 42 U.S.C. Sec. 10101.

(5) "Department" means the department of ecology. [1989 c 322 § 1; 1985 c 293 § 1; 1984 c 161 § 1.]

**43.200.020 Participation authority regarding federal statutes—Federal financial assistance.** The department of ecology is designated as the executive branch agency for participation in the federal nuclear waste policy act of 1982 and the federal low-level radioactive waste policy act of 1980, however the legislature retains an autonomous role with respect to participation in all aspects of the federal nuclear waste policy act of 1982. The department may receive federal financial assistance for carrying out radioactive waste management activities, including assistance for expenses,

salaries, travel, and monitoring and evaluating the program of repository exploration and siting undertaken by the federal government. [1989 c 322 § 2; 1984 c 161 § 2; 1983 1st ex.s. c 19 § 2.]

**43.200.030 Cooperation required.** All departments, agencies, and officers of this state and its subdivisions shall cooperate with the department of ecology in the furtherance of any of its activities pursuant to this chapter. [1989 c 322 § 3; 1984 c 161 § 4; 1983 1st ex.s. c 19 § 3.]

**43.200.040 Nuclear waste board created—Membership—Compensation and travel expenses.**

**Reviser's note:** RCW 43.200.040 was amended by 1989 1st ex.s. c 9 § 219 without reference to its repeal by 1989 c 322 § 7, effective July 23, 1989. It has been decodified for publication purposes pursuant to RCW 1.12.025.

**43.200.070 Rules.** The department of ecology shall adopt such rules as are necessary to carry out responsibilities under this chapter. The department of ecology is authorized to adopt such rules as are necessary to carry out its responsibilities under chapter 43.145 RCW. [1989 c 322 § 5; 1986 c 2 § 5; 1984 c 161 § 8; 1983 1st ex.s. c 19 § 7.]

**43.200.080 Additional powers and duties of director—Site closure account—Perpetual surveillance and maintenance account.** The director of ecology shall, in addition to the powers and duties otherwise imposed by law, have the following special powers and duties:

(1) To fulfill the responsibilities of the state under the lease between the state of Washington and the federal government executed September 10, 1964, covering one thousand acres of land lying within the Hanford reservation near Richland, Washington. The department of ecology may sublease to private or public entities all or a portion of the land for specific purposes or activities which are determined, after public hearing, to be in agreement with the terms of the lease and in the best interests of the citizens of the state consistent with any criteria that may be developed as a requirement by the legislature;

(2) To assume the responsibilities of the state under the perpetual care agreement between the state of Washington and the federal government executed July 29, 1965 and the sublease between the state of Washington and the site operator of the Hanford low-level radioactive waste disposal facility. In order to finance perpetual surveillance and maintenance under the agreement and ensure site closure under the sublease, the department of ecology shall impose and collect fees from parties holding radioactive materials for waste management purposes. The fees shall be established by rule adopted under chapter 34.05 RCW and shall be an amount determined by the department of ecology to be necessary to defray the estimated liability of the state. Such fees shall reflect equity between the disposal facilities of this and other states. A site closure account and a perpetual surveillance and maintenance account is hereby created in the state treasury. The site closure account shall be exclusively available to reimburse, to the extent that moneys are available in the account, the site operator for its costs plus a reasonable profit as agreed by the operator and the state,

or to reimburse the state licensing agency and any agencies under contract to the state licensing agency for their costs in final closure and decommissioning of the Hanford low-level radioactive waste disposal facility. If a balance remains in the account after satisfactory performance of closure and decommissioning, this balance shall be transferred to the perpetual surveillance and maintenance account. The perpetual surveillance and maintenance account shall be used exclusively by the state to meet post-closure surveillance and maintenance costs, or for otherwise satisfying surveillance and maintenance obligations. Appropriations are required to permit expenditures and payment of obligations from the site closure account and the perpetual surveillance and maintenance account. All moneys, including earnings from the investment of balances in the site closure and the perpetual surveillance and maintenance account, less the allocation to the state treasurer's service fund, pursuant to RCW 43.08.190 accruing under the authority of this section shall be directed to the site closure account until December 31, 1992. Thereafter receipts including earnings from the investment of balances in the site closure and the perpetual surveillance and maintenance account, less the allocation to the state treasurer's service fund, pursuant to RCW 43.08.190 shall be directed to the site closure account and the perpetual surveillance and maintenance account as specified by the department. Additional moneys specifically appropriated by the legislature or received from any public or private source may be placed in the site closure account and the perpetual surveillance and maintenance account;

(3) To assure maintenance of such insurance coverage by state licensees, lessees, or sublessees as will adequately, in the opinion of the director, protect the citizens of the state against nuclear accidents or incidents that may occur on privately or state-controlled nuclear facilities;

(4) To institute a user permit system and issue site use permits, consistent with regulatory practices, for generators, packagers, or brokers using the Hanford low-level radioactive waste disposal facility. The costs of administering the user permit system shall be borne by the applicants for site use permits. The site use permit fee shall be set at a level that is sufficient to fund completely the executive and legislative participation in activities related to the Northwest Interstate Compact on Low-Level Radioactive Waste Management;

(5) To make application for or otherwise pursue any federal funds to which the state may be eligible, through the federal resource conservation and recovery act or any other federal programs, for the management, treatment or disposal, and any remedial actions, of wastes that are both radioactive and hazardous at all Hanford low-level radioactive waste disposal facilities; and

(6) To develop contingency plans for duties and options for the department and other state agencies related to the Hanford low-level radioactive waste disposal facility based on various projections of annual levels of waste disposal. These plans shall include an analysis of expected revenue to the state in various taxes and funds related to low-level radioactive waste disposal and the resulting implications that any increase or decrease in revenue may have on state agency duties or responsibilities. The plans shall be updated annually. [1999 c 372 § 12; 1991 sp.s. c 13 § 60; 1990 c 21 § 6; 1989 c 418 § 2; 1986 c 2 § 1; 1983 1st ex.s. c 19 § 8.]

**Effective dates—Severability—1991 sp.s. c 13:** See notes following RCW 18.08.240.

*Suspension and reinstatement of site use permits:* RCW 70.98.085.

**43.200.170 Waste disposal surcharges and penalty surcharges—Disposition.** The governor may assess surcharges and penalty surcharges on the disposal of waste at the Hanford low-level radioactive waste disposal facility. The surcharges may be imposed up to the maximum extent permitted by federal law. Ten dollars per cubic foot of the moneys received under this section shall be transmitted monthly to the site closure account established under RCW 43.200.080. The rest of the moneys received under this section shall be deposited in the general fund. [1990 c 21 § 3; 1986 c 2 § 3.]

**43.200.180 Implementation of federal low-level radioactive waste policy amendments of 1985.** The department of ecology shall be the state agency responsible for implementation of the federal low-level radioactive waste policy amendments act of 1985, including:

- (1) Collecting and administering the surcharge assessed by the governor under RCW 43.200.170;
- (2) Collecting low-level radioactive waste data from disposal facility operators, generators, intermediate handlers, and the federal department of energy;
- (3) Developing and operating a computerized information system to manage low-level radioactive waste data;
- (4) Denying and reinstating access to the Hanford low-level radioactive waste disposal facility pursuant to the authority granted under federal law;
- (5) Administering and/or monitoring (a) the maximum waste volume levels for the Hanford low-level radioactive waste disposal facility, (b) reactor waste allocations, (c) priority allocations under the Northwest Interstate Compact on Low-Level Radioactive Waste Management, and (d) adherence by other states and compact regions to federal statutory deadlines; and
- (6) Coordinating the state's low-level radioactive waste disposal program with similar programs in other states. [1998 c 245 § 81; 1986 c 2 § 4.]

**43.200.190 Studies on site closure and perpetual care and maintenance requirements and on adequacy of insurance coverage.** The department of ecology shall perform studies, by contract or otherwise, to define site closure and perpetual care and maintenance requirements for the Hanford low-level radioactive waste disposal facility and to assess the adequacy of insurance coverage for general liability, radiological liability, and transportation liability for the facility. [1998 c 245 § 82; 1986 c 2 § 6.]

**43.200.200 Review of potential damage—Financial assurance.** (1) The director of the department of ecology shall periodically review the potential for bodily injury and property damage arising from the transportation and disposal of commercial low-level radioactive waste under permits issued by the state.

(2) The director may require permit holders to demonstrate financial assurance in an amount that is adequate to protect the state and its citizens from all claims, suits, losses,

damages, or expenses on account of injuries to persons and property damage arising or growing out of the transportation or disposal of commercial low-level radioactive waste. The financial assurance may be in the form of insurance, cash deposits, surety bonds, corporate guarantees, and other acceptable instruments or guarantees determined by the director to be acceptable evidence of financial assurance.

(3) In making the determination of the appropriate level of financial assurance, the director shall consider:

(a) The nature and purpose of the activity and its potential for injury and damages to or claims against the state and its citizens;

(b) The current and cumulative manifested volume and radioactivity of waste being packaged, transported, buried, or otherwise handled;

(c) The location where the waste is being packaged, transported, buried, or otherwise handled, including the proximity to the general public and geographic features such as geology and hydrology, if relevant; and

(d) The legal defense cost, if any, that will be paid from the required financial assurance amount.

(4) The director may establish different levels of required financial assurance for various classes of permit holders.

(5) The director shall establish by rule the instruments or mechanisms by which a permit applicant or holder may demonstrate financial assurance as required by RCW 43.200.210. [1998 c 245 § 83; 1992 c 61 § 1; 1990 c 82 § 1; 1986 c 191 § 1.]

**43.200.210 Immunity of state—Demonstration of financial assurance—Suspension of permit.** (1) The department of ecology shall require that any person who holds or applies for a permit under this chapter indemnify and hold harmless the state from claims, suits, damages, or expenses on account of injuries to or death of persons and property damage, arising or growing out of any operations and activities for which the person holds the permit, and any necessary or incidental operations.

(2) The department of ecology shall refuse to issue or shall suspend the permit of any person required by this section to demonstrate adequate financial assurance who fails to demonstrate compliance with this section. The permit shall not be issued or reinstated until the person demonstrates compliance with this section.

(3) The department of ecology shall require (a) that any person required to demonstrate financial assurance maintain with the agency current copies of any insurance policies, certificates of insurance, or any other documents sufficient to evidence compliance with this section, (b) that the agency be notified of any changes in the instruments of financial assurance or financial condition of the person, and (c) that the state be named as an insured party on any insurance policy used to comply with this section. This subsection shall not apply to any person subject to the same requirements under RCW 70.98.095. [1992 c 61 § 2; 1990 c 82 § 2; 1986 c 191 § 2.]

**43.200.220 Site closure fee—Generally.** Beginning January 1, 1993, the department of ecology may impose a reasonable site closure fee if necessary to be deposited in the

site closure account established under RCW 43.200.080. The department may continue to collect moneys for the site closure account until the account contains an amount sufficient to complete the closure plan, as specified in the radioactive materials license issued by the department of health. [1990 c 21 § 4.]

**Rate regulation anticipated—1990 c 21:** "State and national policy directs that the management of low-level radioactive waste shall be accomplished by a system of interstate compacts and the development of regional disposal sites. The Northwest regional compact, comprised of the states of Alaska, Hawaii, Idaho, Montana, Oregon, Utah, and Washington, has as its disposal facility the low-level radioactive waste disposal site located near Richland, Washington. This site is expected to be the sole site for disposal of low-level radioactive waste for compact members effective January 1, 1993. Future closure of this site will require significant financial resources.

Low-level radioactive waste is generated by essential activities and services that benefit the citizens of the state. Washington state's low-level radioactive waste disposal site has been used by the nation and the Northwest compact as a disposal site since 1965. The public has come to rely on access to this site for disposal of low-level radioactive waste, which requires separate handling from other solid and hazardous wastes. The price of disposing of low-level radioactive waste at the Washington state low-level radioactive waste disposal site is anticipated to increase when the federal low-level radioactive waste policy amendments act of 1985 is implemented and waste generated outside the Northwest compact states is excluded. To protect Washington and other Northwest compact states' businesses and services, such as electrical production, medical and university research, and private industries, upon which the public relies, there may be a need to regulate the rates charged by the operator of Washington's low-level radioactive waste disposal site." [1990 c 21 § 1.]

*Low-level waste disposal rate regulation study: RCW 81.04.520.*

**43.200.230 Fees for waste generators.** The director of the department of ecology shall require that generators of waste pay a fee for each cubic foot of waste disposed at any facility in the state equal to six dollars and fifty cents. The fee shall be imposed specifically on the generator of the waste and shall not be considered to apply in any way to the low-level site operator's disposal activities. The fee shall be allocated in accordance with RCW 43.200.233 and 43.200.235. This subsection shall be invalidated and the authorization to collect a surcharge removed if the legislature or any administrative agency of the state of Washington prior to January 1, 1993, (1) imposes fees, assessments, or charges other than perpetual care and maintenance, site surveillance, and site closing fees currently applicable to the Hanford commercial low-level waste site operator's activities, (2) imposes any additional fees, assessments, or charges on generators using the Hanford commercial low-level waste site, or (3) increases any existing fees, assessments, or charges. [1991 c 272 § 16.]

**Effective dates—1991 c 272:** See RCW 81.108.901.

**43.200.233 Waste generator surcharge remittal to counties.** A portion of the surcharge received under RCW 43.200.230 shall be remitted monthly to the county in which the low-level radioactive waste disposal facility is located in the following manner:

- (1) During 1993, six dollars and fifty cents per cubic foot of waste;
- (2) During 1994, three dollars and twenty-five cents per cubic foot of waste; and
- (3) During 1995 and thereafter, two dollars per cubic foot of waste. [1991 c 272 § 17.]

**Effective dates—1991 c 272:** See RCW 81.108.901.

**43.200.235 Disposal of waste generator surcharges.**

Except for moneys that may be remitted to a county in which a low-level radioactive waste disposal facility is located, all surcharges authorized under RCW 43.200.230 shall be deposited in the fund created in RCW 43.31.422. [1991 c 272 § 18.]

**Effective dates—1991 c 272:** See RCW 81.108.901.

**43.200.900 Construction of chapter.** The rules of strict construction do not apply to this chapter and it shall be liberally construed in order to carry out the objective for which it is designed, in accordance with the legislative intent to give the board the maximum possible freedom in carrying the provisions of this chapter into effect. [1984 c 161 § 15; 1983 1st ex.s. c 19 § 10.]

**43.200.901 Conflict with federal requirements—1983 1st ex.s. c 19.** If any part of this act shall be found to be in conflict with federal requirements which are a prescribed condition to the allocation of federal funds to the state, such conflicting part of this act is hereby declared to be inoperative solely to the extent of such conflict and with respect to the agencies directly affected, and such finding or determination shall not affect the operation of the remainder of this act in its application to the agencies concerned. The rules and regulations under this act shall meet federal requirements which are a necessary condition to the receipt of federal funds by the state. [1983 1st ex.s. c 19 § 11.]

**43.200.902 Severability—1983 1st ex.s. c 19.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1983 1st ex.s. c 19 § 12.]

**43.200.903 Severability—1984 c 161.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1984 c 161 § 17.]

**43.200.905 Construction—1986 c 191.** The provisions of this act shall not have the effect of reducing the level of liability coverage required under any law, regulation, or contract of the state before December 31, 1987, or the effective date of the first determination made pursuant to RCW 43.200.200, if earlier. [1986 c 191 § 4.]

**43.200.906 Severability—1986 c 191.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1986 c 191 § 6.]

*Nuclear waste site—Election for disapproval: Chapter 29.91 RCW.*

**43.205.010 Findings.** The legislature and the people of the state of Washington find that:

(1) In order to solve the problem of high-level radioactive waste disposal, congress established a process for selecting two sites for the safe, permanent, and regionally equitable disposal of such waste.

(2) The process of selecting three sites as final candidates, including the Hanford reservation, for a first high-level nuclear waste repository by the United States department of energy violated the intent and the mandate of congress.

(3) The United States department of energy has prematurely deferred consideration of numerous potential sites and disposal media that its own research indicates are more appropriate, safer, and less expensive.

(4) Placement of a repository at Hanford without methodical and independently verified scientific evaluation will pose a threat to the health and safety of the people and the environment of this state.

(5) The selection process is flawed and not credible because it did not include independent experts in the selection of the sites and in the review of that selection, as recommended by the National Academy of Sciences.

(6) By postponing indefinitely all site specific work for a second repository, the United States department of energy has not complied with the intent of congress expressed in the Nuclear Waste Policy Act, Public Law 97-425, and the fundamental compromise which enabled its enactment. [1986 ex.s. c 1 § 1.]

**43.205.020 Duties relating to the site selection process for a high-level nuclear waste repository.** In order to achieve complete compliance with federal law and protect the health, safety, and welfare of the people of the state of Washington, the governor, the legislature, other statewide elected officials, and the nuclear waste board shall use all legal means necessary to:

(1) Suspend the preliminary site selection process for a high-level nuclear waste repository, including the process of site characterization, until there is compliance with the intent of the Nuclear Waste Policy Act;

(2) Reverse the secretary of energy's decision to postpone indefinitely all site specific work on locating and developing a second repository for high-level nuclear waste;

(3) Insist that the United States department of energy's site selection process, when resumed, considers all acceptable geologic media and results in safe, scientifically justified, and regionally and geographically equitable high-level nuclear waste disposal;

(4) Demand that federal budget actions fully and completely follow the intent of the Nuclear Waste Policy Act; and

(5) Continue to pursue alliances with other states and interested parties, particularly with Pacific Northwest governors, legislatures, and other parties, affected by the site selection and transportation of high-level nuclear waste. [1986 ex.s. c 1 § 2.]

- 43.210.060 Rule-making authority.
- 43.210.130 Minority business export outreach program.

**43.210.010 Findings.** The legislature finds:

(1) The exporting of goods and services from Washington to international markets is an important economic stimulus to the growth, development, and stability of the state's businesses in both urban and rural areas, and that these economic activities create needed jobs for Washingtonians.

(2) Impediments to the entry of many small and medium-sized businesses into export markets have restricted growth in exports from the state.

(3) Particularly significant impediments for many small and medium-sized businesses are the lack of easily accessible information about export opportunities and financing alternatives.

(4) There is a need for a small business export finance assistance center which will specialize in providing export assistance to small and medium-sized businesses throughout the state in acquiring information about export opportunities and financial alternatives for exporting. [1990 1st ex.s. c 17 § 65; 1985 c 231 § 1; 1983 1st ex.s. c 20 § 1.]

**Intent—1990 1st ex.s. c 17:** "The legislature finds that the Puget Sound region is experiencing economic prosperity and the challenges associated with rapid growth; much of the rest of the state is not experiencing economic prosperity, and faces challenges associated with slow economic growth. It is the intent of the legislature to encourage economic prosperity and balanced economic growth throughout the state.

In order to accomplish this goal, growth must be managed more effectively in the Puget Sound region, and rural areas must build local capacity to accommodate additional economic activity in their communities. Where possible, rural economies and low-income areas should be linked with prosperous urban economies to share economic growth for the benefit of all areas and the state.

To accomplish this goal it is the intent of the legislature to: (1) Assure equitable opportunities to secure prosperity for distressed areas, rural communities, and disadvantaged populations by promoting urban-rural economic links, and by promoting value-added product development, business networks, and increased exports from rural areas; (2) improve the economic development service delivery system to be better able to serve these areas, communities, and populations; (3) redirect the priorities of the state's economic development programs to focus economic development efforts into areas and sectors of the greatest need; (4) build local capacity so that communities are better able to plan for growth and achieve self-reliance; (5) administer grant programs to promote new feasibility studies and project development on projects of interest to rural areas or areas outside of the Puget Sound region; and (6) develop a coordinated economic investment strategy involving state economic development programs, businesses, educational and vocational training institutions, local governments and local economic development organizations, ports, and others." (1) To assist small and medium-sized businesses in both urban and rural areas in the financing of export transactions.

(2) To provide, singly or in conjunction with other organizations, information and assistance to these businesses about export opportunities and financing alternatives. [1998 c 109 § 1; 1990 1st ex.s. c 17 § 66; 1985 c 231 § 2; 1983 1st ex.s. c 20 § 2.]

**43.220.040 Definitions.** Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

**Reviser's note:** This section was amended by 1999 c 151 § 1301 and by 1999 c 280 § 3, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

**Part headings not law—Effective date—1999 c 151:** See notes following RCW 18.28.010.

**43.220.060 Powers and duties—Effect on employed workers—Use of facilities, supplies, instruments, and tools of supervising agency.** (1) Each state department identified in RCW 43.220.020 shall have the following powers and duties to carry out its functions relative to the Washington conservation corps:

(a) Recruiting and employing staff, corps members, corps member leaders, and specialists;

(b) Executing agreements for furnishing the services of the corps to carry out conservation corps programs to any federal, state, or local public agency, any local organization as specified in this chapter in concern with the overall objectives of the conservation corps;

(c) Applying for and accepting grants or contributions of funds from any private source;

(d) Determining a preference for those projects which will provide long-term benefits to the public, will provide productive training and work experiences to the members involved, will be labor-intensive, may result in payments to the state for services performed, and can be promptly completed; and

(e) Entering into agreements with community colleges within the state's community and technical college system and other educational institutions or independent nonprofit agencies to provide special education in basic skills, including reading, writing, and mathematics for those conservation corps members who may benefit by participation in such classes. Classes shall be scheduled after corps working hours. Participation by members is not mandatory but shall be strongly encouraged. The participation shall be a primary factor in determining whether the opportunity for corps membership beyond one year shall be offered. Instruction related to the specific role of the department in resource conservation shall also be offered, either in a classroom setting or as is otherwise appropriate.

(2) The assignment of corps members shall not result in the displacement of currently employed workers, including partial displacement such as reduction in hours of nonovertime work, wages, or other employment benefits. Supervising agencies that participate in the program may not terminate, lay-off, or reduce the working hours of any

employee for the purpose of using a corps member with available funds. In circumstances where substantial efficiencies or a public purpose may result, supervising agencies may use corps members to carry out essential agency work or contractual functions without displacing current employees.

(3) Facilities, supplies, instruments, and tools of the supervising agency shall be made available for use by the conservation corps to the extent that such use does not conflict with the normal duties of the agency. The agency may purchase, rent, or otherwise acquire other necessary tools, facilities, supplies, and instruments. [1999 c 280 § 4; 1987 c 505 § 44; 1983 1st ex.s. c 40 § 6.]

**43.220.070 Corps membership—Eligibility, terms, etc.** (1) Conservation corps members shall be unemployed residents of the state between eighteen and twenty-five years of age at the time of enrollment who are citizens or lawful permanent residents of the United States. The age requirements may be waived for corps leaders and specialists with special leadership or occupational skills; such members shall be given special responsibility for providing leadership, character development, and sense of community responsibility to the corps members, groups, and work crews to which they are assigned. The upper age requirement may be waived for residents who have a sensory or mental handicap. Special effort shall be made to recruit minority and disadvantaged youth who meet selection criteria of the conservation corps. Preference shall be given to youths residing in areas, both urban and rural, in which there exists substantial unemployment exceeding the state average unemployment rate.

(2) The legislature finds that people with developmental disabilities would benefit from experiencing a meaningful work experience, and learning the value of labor and of membership in a productive society.

The legislature urges state agencies that are participating in the Washington conservation corps program to consider for enrollment in the program people who have developmental disabilities, as defined in RCW 71A.10.020.

If an agency chooses to enroll people with developmental disabilities in its Washington conservation corps program, the agency may apply to the United States department of labor, employment standards administration for a special subminimum wage certificate in order to be allowed to pay enrollees with developmental disabilities according to their individual levels of productivity.

(3) Corps members shall not be considered state employees. Other provisions of law relating to civil service, hours of work, rate of compensation, sick leave, unemployment compensation, state retirement plans, and vacation leave do not apply to the Washington conservation corps except for the crew supervisors, who shall be project employees, and the administrative and supervisory personnel.

(4) Enrollment shall be for a period of six months which may be extended for additional six-month periods by mutual agreement of the corps and the corps member, not to exceed two years. Corps members shall be reimbursed at the minimum wage rate established by state or federal law, whichever is higher, which may be increased by up to five percent for each additional six-month period worked:

PROVIDED, That if agencies elect to run a residential program, the appropriate costs for room and board shall be deducted from the corps member's paycheck as provided in chapter 43.220 RCW.

(5) Corps members are to be available at all times for emergency response services coordinated through the department of community, trade, and economic development or other public agency. Prior: 1985 c 230 § 7; 1985 c 7 § 110; 1983 1st ex.s. c 40 § 7.]

**Legislative finding—1990 c 71:** "The legislature finds that the Washington conservation corps has proven to be an effective method to provide meaningful work experience for many of the state's young persons. Because of recent, and possible future, increases in the minimum wage laws, it is necessary to make an adjustment in the limitation that applies to corps member reimbursements." [1990 c 71 § 1.]

**Severability—1986 c 266:** See note following RCW 38.52.005.

An employment agreement shall be entered into by the corps member, indicating the member's understanding of, and willingness to abide by, such standards.

In the development of the corps program, consideration shall be given to providing corps members with a beneficial and meaningful work experience. Standards of productivity, behavior, and punctuality shall be developed and observed. **43.250.010 Purpose.** The purpose of this chapter is to enable political subdivisions, community and technical college districts, the state board for community and technical colleges as established in chapter 28B.50 RCW, and public four-year institutions of higher education to participate with the state in providing maximum opportunities for the investment of surplus public funds consistent with the safety and protection of such funds. The legislature finds and declares that the public interest is found in providing maximum prudent investment of surplus funds, thereby reducing the need for additional taxation. The legislature also recognizes that not all political subdivisions are able to maximize the return on their temporary surplus funds. The legislature therefore provides in this chapter a mechanism whereby political subdivisions, community and technical

(2002 Ed.)

colleges, the state board for community and technical colleges, and public four-year institutions of higher education may, at their option, utilize the resources of the state treasurer's office to maximize the potential of surplus funds while ensuring the safety of public funds. [2001 c 31 § 1; 1996 c 268 § 1; 1986 c 294 § 1.]

**43.250.020 Definitions.** Unless the context clearly requires otherwise, the definitions in this section shall apply throughout this chapter.

(1) "Public funds investment account" or "investment pool" means the aggregate of all funds as defined in subsection (5) of this section that are placed in the custody of the state treasurer for investment and reinvestment.

(2) "Political subdivision" means any county, city, town, municipal corporation, political subdivision, or special purpose taxing district in the state.

(3) "Local government official" means any officer or employee of a political subdivision who has been designated by statute or by local charter, ordinance, or resolution as the officer having the authority to invest the funds of the political subdivision. However, the county treasurer shall be deemed the only local government official for all political subdivisions for which the county treasurer has exclusive statutory authority to invest the funds thereof.

(4) "Financial officer" means the board-appointed treasurer of a community or technical college district, the state board for community and technical colleges, or a public four-year institution of higher education.

(5) "Funds" means:

(a) Public funds under the control of or in the custody of any local government official or local funds, as defined by the office of financial management publication "Policies, Regulations and Procedures," under the control of or in the custody of a financial officer by virtue of the official's authority that are not immediately required to meet current demands;

(b) State funds deposited in the investment pool by the state treasurer that are the proceeds of bonds, notes, or other evidences of indebtedness authorized by the state finance committee under chapter 39.42 RCW or payments pursuant to financing contracts under chapter 39.94 RCW, when the investments are made in order to comply with the Internal Revenue Code of 1986, as amended. [2001 c 31 § 2; 1996 c 268 § 2; 1990 c 106 § 1; 1986 c 294 § 2.]

**43.250.030 Public funds investment account.** There is created a trust fund to be known as the public funds investment account. The account is to be separately accounted for and invested by the state treasurer. All moneys remitted under this chapter shall be deposited in this account. All earnings on any balances in the public funds investment account, less moneys for administration pursuant to RCW 43.250.060, shall be credited to the public funds investment account. [1991 sp.s. c 13 § 86; 1990 c 106 § 2; 1986 c 294 § 3.]

**Effective dates—Severability—1991 sp.s. c 13:** See notes following RCW 18.08.240.

**43.250.040 Authority of official to place funds in the public funds investment account—Investment of**

**funds by state treasurer—Degree of judgment and care required.** If authorized by statute, local ordinance, or resolution, a local government official or financial officer or his or her designee may place funds into the public funds investment account for investment and reinvestment by the state treasurer in those securities and investments set forth in RCW 43.84.080 and chapter 39.58 RCW. The state treasurer shall invest the funds in such manner as to effectively maximize the yield to the investment pool. In investing and reinvesting moneys in the public funds investment account and in acquiring, retaining, managing, and disposing of investments of the investment pool, there shall be exercised the judgment and care under the circumstances then prevailing which persons of prudence, discretion, and intelligence exercise in the management of their own affairs, not in regard to speculation but in regard to the permanent disposition of the funds considering the probable income as well as the probable safety of the capital. [2001 c 31 § 3; 1996 c 268 § 3; 1986 c 294 § 4.]

**43.250.060 Investment pool—Generally.** The state treasurer shall by rule prescribe the time periods for investments in the investment pool and the procedure for withdrawal of funds from the investment pool. The state treasurer shall promulgate such other rules as are deemed necessary for the efficient operation of the investment pool. The rules shall also provide for the administrative expenses of the investment pool, including repayment of the initial administrative costs financed out of the appropriation included in chapter 294, Laws of 1986, to be paid from the pool's earnings and for the interest earnings in excess of the expenses to be credited or paid to participants in the pool. The state treasurer may deduct the amounts necessary to reimburse the treasurer's office for the actual expenses the office incurs and to repay any funds appropriated and expended for the initial administrative costs of the pool. Any credits or payments to the participants shall be calculated and made in a manner which equitably reflects the differing amounts of the participants' respective deposits in the investment pool fund and the differing periods of time for which the amounts were placed in the investment pool. [1990 c 106 § 3; 1986 c 294 § 6.]

**43.250.070 Investment pool—Separate accounts for participants—Monthly status report.** The state treasurer shall keep a separate account for each participant having funds in the investment pool. Each separate account shall record the individual amounts deposited in the investment pool, the date of withdrawals, and the earnings credited or paid. The state treasurer shall report monthly the status of the respective account to each participant having funds in the pool during the previous month. [1990 c 106 § 4; 1986 c 294 § 7.]

**43.250.080 Annual summary of activity.** At the end of each fiscal year, the state treasurer shall submit to the governor, the state auditor, and the joint legislative audit and review committee a summary of the activity of the investment pool. The summary shall indicate the quantity of funds deposited; the earnings of the pool; the investments purchased, sold, or exchanged; the administrative expenses of the investment pool; and such other information as the state treasurer deems relevant. [1996 c 288 § 48; 1986 c 294 § 8.]

**43.250.090 Administration of chapter—Rules.** The state finance committee shall administer this chapter and adopt appropriate rules. [1986 c 294 § 9.]

**43.270.010 Intent.** The legislature recognizes that statewide efforts aimed at reducing the incidence of substance abuse, including alcohol, tobacco, or other drug abuse, or violence must be increased. The legislature further recognizes that the most effective strategy for reducing the impact of alcohol, tobacco, other drug abuse, and violence is through the collaborative efforts of educators, law enforcement, local government officials, local treatment providers, and concerned community and citizens' groups.

The legislature intends to support the development and activities of community mobilization strategies against alcohol, tobacco, or other drug abuse, and violence, through the following efforts:

- (1) Providing funding support for prevention, treatment, and enforcement activities identified by communities that have brought together education, treatment, local government, law enforcement, and other key elements of the community;
- (2) Providing technical assistance and support to help communities develop and carry out effective activities; and
- (3) Providing communities with opportunities to share suggestions for state program operations and budget priorities. [2001 c 48 § 1; 1989 c 271 § 315.]

**43.270.020 Grant program—Application—Activities funded.** (1) There is established in the department of community, trade, and economic development a grant program to provide incentive for and support for communities to develop targeted and coordinated strategies to reduce the incidence and impact of alcohol, tobacco, or other drug abuse, or violence.

(2) The department of community, trade, and economic development shall make awards, subject to funds appropriated by the legislature, under the following terms:

(a) Starting July 1, 2001, funds will be available to countywide programs through a formula developed by the department of community, trade, and economic development in consultation with program contractors, which will take into consideration county population size.

(b) In order to be eligible for consideration, applicants must demonstrate, at a minimum:

(i) That the community has developed and is committed to carrying out a coordinated strategy of prevention, treatment, and law enforcement activities;

(ii) That the community has considered research-based theory when developing its strategy;

(iii) That proposals submitted for funding are based on a local assessment of need and address specific objectives contained in a coordinated strategy of prevention, treatment, and law enforcement against alcohol, tobacco, or other drug abuse, or violence;

(iv) Evidence of active participation in preparation of the proposal and specific commitments to implementing the community-wide agenda by leadership from education, law enforcement, local government, tribal government, and treatment entities in the community, and the opportunity for meaningful involvement from others such as neighborhood and citizen groups, businesses, human service, health and job training organizations, and other key elements of the community, particularly those whose responsibilities in law enforcement, treatment, prevention, education, or other community efforts provide direct, ongoing contact with substance abusers or those who exhibit violent behavior, or those at risk for alcohol, tobacco, or other drug abuse, or violent behavior;

(v) Evidence of additional local resources committed to the applicant's strategy totaling at least twenty-five percent of funds awarded under this section. These resources may consist of public or private funds, donated goods or services, and other measurable commitments, including in-kind contributions such as volunteer services, materials, supplies, physical facilities, or a combination thereof; and

(vi) That the funds applied for, if received, will not be used to replace funding for existing activities.

(c) At a minimum, grant applications must include the following:

(i) A definition of geographic area;

(ii) A needs assessment describing the extent and impact of alcohol, tobacco, or other drug abuse, and violence in the community, including an explanation of those who are most severely impacted and those most at risk of substance abuse or violent behavior;

(iii) An explanation of the community-wide strategy for prevention, treatment, and law enforcement activities related to alcohol, tobacco, or other drug abuse, or violence, with particular attention to those who are most severely impacted and/or those most at risk of alcohol, tobacco, or other drug abuse, or violent behavior;

(iv) An explanation of who was involved in development of the strategy and what specific commitments have been made to carry it out;

(v) Identification of existing prevention, education, treatment, and law enforcement resources committed by the applicant, including financial and other support, and an explanation of how the applicant's strategy involves and builds on the efforts of existing organizations or coalitions

that have been carrying out community efforts against alcohol, tobacco, or other drug abuse, or violence;

(vi) Identification of activities that address specific objectives in the strategy for which additional resources are needed;

(vii) Identification of additional local resources, including public or private funds, donated goods or services, and other measurable commitments, that have been committed to the activities identified in (c)(vi) of this subsection;

(viii) Identification of activities that address specific objectives in the strategy for which funding is requested;

(ix) For each activity for which funding is requested, an explanation in sufficient detail to demonstrate:

(A) Feasibility through deliberative design, specific objectives, and a realistic plan for implementation;

(B) A rationale for how this activity will achieve measurable results and how it will be evaluated;

(C) That funds requested are necessary and appropriate to effectively carry out the activity; and

(x) Identification of a contracting agent meeting state requirements for each activity proposed for funding.

Each contracting agent must execute a written agreement with its local community mobilization advisory board that reflects the duties and powers of each party.

(3) Activities that may be funded through this grant program include those that:

(a) Prevent alcohol, tobacco, or other drug abuse, or violence through educational efforts, development of positive alternatives, intervention with high-risk groups, and other prevention strategies;

(b) Support effective treatment by increasing access to and availability of treatment opportunities, particularly for underserved or highly impacted populations, developing aftercare and support mechanisms, and other strategies to increase the availability and effectiveness of treatment;

(c) Provide meaningful consequences for participation in illegal activity and promote safe and healthy communities through support of law enforcement strategies;

(d) Create or build on efforts by existing community programs, coordinate their efforts, and develop cooperative efforts or other initiatives to make most effective use of resources to carry out the community's strategy against alcohol, tobacco, or other drug abuse, or violence; and

(e) Other activities that demonstrate both feasibility and a rationale for how the activity will achieve measurable results in the strategy against alcohol, tobacco, or other drug abuse, or violence. [2001 c 48 § 2; 1989 c 271 § 316.]

**43.270.040 Coordinated strategies.** This grant program will be available to communities of any geographic size but will encourage and reward communities which develop coordinated or complimentary strategies within geographic areas such as county areas or groups of county areas which correspond to units of government with significant responsibilities in the area of substance abuse, existing coalitions, or other entities important to the success of a community's strategy against substance abuse. [1989 c 271 § 318.]

**43.270.070 Community suggestions.** The department of community, trade, and economic development shall ask

communities for suggestions on state practices, policies, and priorities that would help communities implement their strategies against alcohol, tobacco, or other drug abuse, or violence. The department of community, trade, and economic development shall review and respond to those suggestions making necessary changes where feasible, making recommendations to the legislature where appropriate, and providing an explanation as to why suggested changes cannot be accomplished, if the suggestions cannot be acted upon. [2001 c 48 § 3; 1989 c 271 § 321.]

**43.270.080 Gifts, grants, and endowments.** The department of community, trade, and economic development may receive such gifts, grants, and endowments from public or private sources as may be made from time to time, in trust or otherwise, for the use and benefit of the purposes of RCW 43.270.010 through 43.270.080 and expend the same or any income therefrom according to the terms of the gifts, grants, or endowments. [2001 c 48 § 4; 1989 c 271 § 322.]

**43.280.010 Intent.** The legislature recognizes the need to increase the services available to the victims of sex offenders. The legislature also recognizes that these services are most effectively planned and provided at the local level through the combined efforts of concerned community and citizens groups, treatment providers, and local government officials. The legislature further recognizes that adequate treatment for victims is not only a matter of justice for the victim, but also a method by which additional abuse can be prevented.

The legislature intends to enhance the community-based treatment services available to the victims of sex offenders by:

(1) Providing consolidated funding support for local treatment programs which provide services to victims of sex offenders;

(2) Providing technical assistance and support to help communities plan for and provide treatment services;

(3) Providing sexual assault services with a victim-focused mission, and consistent standards, policies, and contracting and reporting requirements; and

(4) Providing communities and local treatment providers with opportunities to share information about successful prevention and treatment programs. [1996 c 123 § 2; 1990 c 3 § 1201.]

**Effective date—1996 c 123:** "This act shall take effect July 1, 1996." [1996 c 123 § 11.]

**43.280.011 Intent, approval of committee recommendations, distribution of services—1996 c 123.** The Washington state sexual assault services advisory committee issued a report to the department of community, trade, and economic development and the department of social and health services in June of 1995. The committee made several recommendations to improve the delivery of services to victims of sexual abuse and assault: (1) Consolidate the administration and funding of sexual assault and abuse services in one agency instead of splitting those functions between the department of social and health services and the department of community, trade, and economic development; (2) adopt a funding allocation plan to pool all funds for sexual assault services and to distribute them across the state to ensure the delivery of core and specialized services; (3) establish service, data collection, and management standards and outcome measurements for recipients of grants; and (4) create a data collection system to gather pertinent data concerning the delivery of sexual assault services to victims.

The legislature approves the recommendations of the advisory committee and consolidates the functions and funding for sexual assault services in the department of community, trade, and economic development to implement the advisory committee's recommendations.

The legislature does not intend to effect a reduction in service levels within available funding by transferring department of social and health services' powers and duties to the department of community, trade, and economic development. At a minimum, the department of community, trade, and economic development shall distribute the same percentage of the services it provides victims of sexual assault and abuse, pursuant to RCW 43.280.020, 70.125.080, and 74.14B.060, to children as were distributed to children through these programs in fiscal year 1996. [1996 c 123 § 1.]

**Effective date—1996 c 123:** See note following RCW 43.280.010.

**43.280.020 Grant program—Funding.** There is established in the department of community, trade, and economic development a grant program to enhance the funding for treating the victims of sex offenders. Activities that can be funded through this grant program are limited to those that:

(1) Provide effective treatment to victims of sex offenders;

(2) Increase access to and availability of treatment for victims of sex offenders, particularly if from underserved populations; and

(3) Create or build on efforts by existing community programs, coordinate those efforts, or develop cooperative efforts or other initiatives to make the most effective use of resources to provide treatment services to these victims.

Funding shall be given to those applicants that emphasize providing stable, victim-focused sexual abuse services and possess the qualifications to provide core services, as defined in RCW 70.125.030. Funds for specialized services, as defined in RCW 70.125.030, shall be disbursed through the request for proposal or request for qualifications process. [1996 c 123 § 3; 1995 c 399 § 113; 1990 c 3 § 1203.]

**Effective date—1996 c 123:** See note following RCW 43.280.010.

**43.280.030 Applications.** Applications for funding under this chapter must:

(1) Present evidence demonstrating how the criteria in RCW 43.280.010 will be met and demonstrating the effectiveness of the proposal.

(2) Contain evidence of active participation of the community and its commitment to providing an effective treatment service for victims of sex offenders through the participation of local governments, tribal governments, human service and health organizations, and treatment entities and through meaningful involvement from others, including citizen groups. [1990 c 3 § 1204.]

**43.280.040 Organizations eligible.** Local governments, nonprofit community groups, and nonprofit treatment providers including organizations which provide services, such as emergency housing, counseling, and crisis intervention shall, among others, be eligible for grants under the program established in RCW 43.280.020. [1990 c 3 § 1205.]

**43.280.050 Applications—Minimum requirements.** At a minimum, grant applications must include the following:

(1) The geographic area from which the victims to be served are expected to come;

(2) A description of the extent and effect of the needs of these victims within the relevant geographic area;

**43.290.005 Finding—Purpose.** The legislature finds that it is in the public interest to create an office of international relations and protocol in order to: Make international relations and protocol a broad-based, focused, and functional part of state government; develop and promote state policies that increase international literacy and cross-cultural understanding among Washington state's citizens; expand Washington state's international cooperation role in such areas as the environment, education, science, culture, and sports; establish coordinated methods for responding to the increasing number of inquiries by foreign governments and institutions seeking cooperative activities within Washington state; provide leadership in state government on international relations and assistance to the legislature and state elected officials on international issues affecting the state; assist with multistate international efforts; and coordinate and improve communication and resource sharing among various state offices, agencies, and educational institutions with international programs.

It is the purpose of this chapter to bring these functions together in a new office under the office of the governor in order to establish a visible, coordinated, and comprehensive approach to international relations and protocol. [1991 c 24 § 1.]

**Transfer of authority—1991 c 24:** "All powers, duties, and functions of the office of international relations and protocol in the department of trade and economic development are transferred to the office of international relations and protocol under the office of the governor." [1991 c 24 § 8.]

**43.290.010 Office created.** The office of international relations and protocol is created under the office of the governor. The office shall serve as the state's official liaison and protocol office with foreign governments. The governor shall appoint a director of the office of international relations and protocol, who shall serve at the pleasure of the governor. Because of the diplomatic character of this office, the director and staff will be exempt from the provisions of chapter 41.06 RCW. The director will be paid a salary to be fixed by the governor in accordance with the provisions of RCW 43.03.040. The director may hire such personnel as may be necessary for the general administration of the

office. To the extent permitted by law, state agencies may temporarily loan staff to the office of international relations and protocol to assist in carrying out the office's duties and responsibilities under this chapter. An arrangement to temporarily loan staff must have the approval of the staff members to be loaned and the directors of the office and the agencies involved in the loan. [1991 c 24 § 2.]

**43.290.020 Authority of office.** The office of international relations and protocol may:

(1) Create temporary advisory committees as necessary to deal with specific international issues. Advisory committee representation may include external organizations such as the Seattle consular corps, world affairs councils, public ports, world trade organizations, private nonprofit organizations dealing with international education or international environmental issues, organizations concerned with international understanding, businesses with experience in international relations, or other organizations deemed appropriate by the director.

(2) Accept or request grants or gifts from citizens and other private sources to be used to defray the costs of appropriate hosting of foreign dignitaries, including appropriate gift-giving and reciprocal gift-giving, or other activities of the office. The office shall open and maintain a bank account into which it shall deposit all money received under this subsection. **43.300.005 Purpose.** Perpetuation of fish and wildlife in Washington requires clear, efficient, streamlined, scientific, management from a single state fish and wildlife agency. Such a consolidation will focus existing funds for the greatest protection of species and stocks. It will bring combined resources to bear on securing, managing, and enhancing habitats. It will simplify licensing, amplify

research, increase field staff, avoid duplication, and magnify enforcement of laws and rules. It will provide all fishers, hunters, and observers of fish and wildlife with a single source of consistent policies, procedures, and access. [1993 sp.s. c 2 § 1.]

**43.300.010 Department created—Transfer of powers, duties, and functions.** There is hereby created a department of state government to be known as the department of fish and wildlife. The department shall be vested with all powers and duties transferred to it under this chapter and such other powers and duties as may be authorized by law. All powers, duties, and functions of the department of fisheries and the department of wildlife are transferred to the department of fish and wildlife. All references in the Revised Code of Washington to the director or the department of fisheries or the director or department of wildlife shall be construed to mean the director or department of fish and wildlife. [1993 sp.s. c 2 § 2.]

**43.300.020 Definitions.** As used in this chapter, unless the context indicates otherwise:

- (1) "Department" means the department of fish and wildlife.
- (2) "Director" means the director of fish and wildlife.
- (3) "Commission" means the fish and wildlife commission. [1993 sp.s. c 2 § 3.]

**Intent—Effective date—1996 c 267:** See notes following RCW 77.12.177.

**43.300.050 Exempt positions.** The director shall appoint such deputy directors, assistant directors, and up to seven special assistants as may be needed to administer the department. These employees are exempt from the provisions of chapter 41.06 RCW. [1993 sp.s. c 2 § 6.]

**43.300.060 Enforcement in accordance with RCW 43.05.100 and 43.05.110.** Enforcement action taken after July 23, 1995, by the director or the department shall be in accordance with RCW 43.05.100 and 43.05.110. [1995 c 403 § 627.]

**Findings—Short title—Intent—1995 c 403:** See note following RCW 34.05.328.

**Part headings not law—Severability—1995 c 403:** See RCW 43.05.903 and 43.05.904.

**43.300.070 Exchange of tidelands with private or public landowners.** (1) The department of fish and wildlife may exchange the tidelands and shorelands it manages with private or public landowners if the exchange is in the public interest.

(2) As used in this section, an exchange of tidelands and shorelands is in the public interest if the exchange would provide significant fish and wildlife habitat or public access to the state's waterways. [1997 c 209 § 3.]

**Finding—1997 c 209:** "The legislature finds that the department of fish and wildlife manages a large amount of public land and that the department may have opportunities to improve the quality of its land holdings by participating in an exchange with private landowners or other public entities. The legislature declares that it is in the public interest to allow the department to exchange land with private landowners or with public entities if the exchange would provide significant fish and wildlife habitat or public access to the state's waterways." [1997 c 209 § 1.]

**Effective date—1997 c 209:** "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [April 25, 1997]." [1997 c 209 § 4.]

**43.300.080 Cost-reimbursement agreements for complex projects.** (1) The department may enter into a written cost-reimbursement agreement with a permit applicant for a complex project to recover from the applicant the reasonable costs incurred by the department in carrying out the requirements of this chapter, as well as the requirements of other relevant laws, as they relate to permit coordination, environmental review, application review, technical studies, and permit processing. The cost-reimbursement agreement shall identify the specific tasks, costs, and schedule for work to be conducted under the agreement. For purposes of this section, a complex project is a project for which an environmental impact statement is required under chapter 43.21C RCW.

(2) The written cost-reimbursement agreement shall be negotiated with the permit applicant. Under the provisions of a cost-reimbursement agreement, funds from the applicant shall be used by the department to contract with an independent consultant to carry out the work covered by the cost-reimbursement agreement. The department may also use funds provided under a cost-reimbursement agreement to assign current staff to review the work of the consultant, to provide necessary technical assistance when an independent consultant with comparable technical skills is unavailable, and to recover reasonable and necessary direct and indirect costs that arise from processing the permit. The department shall, in developing the agreement, ensure that final decisions that involve policy matters are made by the agency and not by the consultant. The department shall make an estimate of the number of permanent staff hours to process the permits, and shall contract with consultants to replace the time and functions committed by these permanent staff to the project. The billing process shall provide for accurate time and cost accounting and may include a billing cycle that provides for progress payments. Use of cost-reimbursement agreements shall not reduce the current level of staff available to work on permits not covered by cost-reimbursement agreements. The department may not use any funds under a cost-reimbursement agreement to replace or supplant existing funding. The restrictions of chapter 42.52 RCW apply to any cost-reimbursement agreement, and to any person hired as a result of a cost-reimbursement agreement.

(3) The department may not enter into any new cost-reimbursement agreements on or after July 1, 2005. The department may continue to administer any cost-reimbursement agreement which was entered into before July 1, 2005, until the project is completed. [2000 c 251 § 5.]

**43.300.900 Effective date—1993 sp.s. c 2 §§ 1-6, 8-59, and 61-79.** Sections 1 through 6, 8 through 59, and 61 through 79, chapter 2, Laws of 1993 sp. sess. shall take effect March 1, 1994. [1994 c 6 § 4; 1993 sp.s. c 2 § 102.]

**43.300.901 Severability—1993 sp.s. c 2.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1993 sp.s. c 2 § 106.]

## Chapter 43.310 YOUTH GANGS

- 43.310.007 Intent—Prevention and intervention pilot programs.
- 43.310.010 Definitions.
- 43.310.020 Gang risk prevention and intervention pilot programs—Request for proposals.
- 43.310.030 Gang risk prevention and intervention pilot programs—Scope.
- 43.310.040 Cultural awareness retreats.

**43.310.005 Finding.** The legislature finds and declares that:

(1) The number of youth who are members and associates of gangs and commit gang violence has significantly increased throughout the entire greater Puget Sound, Spokane, and other areas of the state;

(2) Youth gang violence has caused a tremendous strain on the progress of the communities impacted. The loss of life, property, and positive opportunity for growth caused by youth gang violence has reached intolerable levels. Increased youth gang activity has seriously strained the budgets of many local jurisdictions, as well as threatened the ability of the educational system to educate our youth;

(3) Among youth gang members the high school drop-out rate is significantly higher than among nongang members. Since the economic future of our state depends on a highly educated and skilled work force, this high school drop-out rate threatens the economic welfare of our future work force, as well as the future economic growth of our state;

(4) The unemployment rate among youth gang members is higher than that among the general youth population. The unusual unemployment rate, lack of education and skills, and the increased criminal activity could significantly impact our future prison population;

(5) Most youth gangs are subcultural. This implies that gangs provide the nurturing, discipline, and guidance to gang youth and potential gang youth that is generally provided by communities and other social systems. The subcultural designation means that youth gang participation and violence can be effectively reduced in Washington communities and schools through the involvement of community, educational, criminal justice, and employment systems working in a unified manner with parents and individuals who have a firsthand knowledge of youth gangs and at-risk youth; and

(6) A strong unified effort among parents and community, educational, criminal justice, and employment systems would facilitate: (a) The learning process; (b) the control

and reduction of gang violence; (c) the prevention of youth joining negative gangs; and (d) the intervention into youth gangs. [1993 c 497 § 1.]

**43.310.007 Intent—Prevention and intervention pilot programs.** It is the intent of the legislature to cause the development of positive prevention and intervention pilot programs for elementary and secondary age youth through cooperation between individual schools, local organizations, and government. It is also the intent of the legislature that if the prevention and intervention pilot programs are determined to be effective in reducing problems associated with youth gang violence, that other counties in the state be eligible to receive special state funding to establish similar positive prevention and intervention programs. [1993 c 497 § 2.]

**43.310.010 Definitions.** Unless the context otherwise requires, the following definitions shall apply throughout RCW 43.310.005 through 43.310.040 and \*sections 5 and 7 through 10, chapter 497, Laws of 1993:

(1) "School" means any public school within a school district any portion of which is in a county with a population of over one hundred ninety thousand.

(2) "Community organization" means any organization recognized by a city or county as such, as well as private, nonprofit organizations registered with the secretary of state.

(3) "Gang risk prevention and intervention pilot program" means a community-based positive prevention and intervention program for gang members, potential gang members, at-risk youth, and elementary through high school-age youth directed at all of the following:

(a) Reducing the probability of youth involvement in gang activities and consequent violence.

(b) Establishing ties, at an early age, between youth and community organizations.

(c) Committing local business and community resources to positive programming for youth.

(d) Committing state resources to assist in creating the gang risk prevention and intervention pilot programs.

(4) "Cultural awareness retreat" means a program that temporarily relocates at-risk youth or gang members and their parents from their usual social environment to a different social environment, with the specific purpose of having them performing activities which will enhance or increase their positive behavior and potential life successes. [1993 c 497 § 3.]

**\*Reviser's note:** Sections 5 and 7 through 10, chapter 497, Laws of 1993 were vetoed by the governor.

**43.310.020 Gang risk prevention and intervention pilot programs—Request for proposals.** (1) The department of community, trade, and economic development may recommend existing programs or contract with either school districts or community organizations, or both, through a request for proposal process for the development, administration, and implementation in the county of community-based gang risk prevention and intervention pilot programs.

(2) Proposals by the school district for gang risk prevention and intervention pilot program grant funding shall

begin with school years no sooner than the 1994-95 session, and last for a duration of two years.

(3) The school district or community organization proposal shall include:

(a) A description of the program goals, activities, and curriculum. The description of the program goals shall include a list of measurable objectives for the purpose of evaluation by the department of community, trade, and economic development. To the extent possible, proposals shall contain empirical data on current problems, such as drop-out rates and occurrences of violence on and off campus by school-age individuals.

(b) A description of the individual school or schools and the geographic area to be affected by the program.

(c) A demonstration of broad-based support for the program from business and community organizations.

(d) A clear description of the experience, expertise, and other qualifications of the community organizations to conduct an effective prevention and intervention program in cooperation with a school or a group of schools.

(e) A proposed budget for expenditure of the grant.

(4) Grants awarded under this section may not be used for the administrative costs of the school district or the individual school. [1995 c 399 § 116; 1993 c 497 § 4.]

**43.310.030 Gang risk prevention and intervention pilot programs—Scope.** Gang risk prevention and intervention pilot programs shall include, but are not limited to:

(1) Counseling for targeted at-risk students, parents, and families, individually and collectively.

(2) Exposure to positive sports and cultural activities, promoting affiliations between youth and the local community.

(3) Job training, which may include apprentice programs in coordination with local businesses, job skills development at the school, or information about vocational opportunities in the community.

(4) Positive interaction with local law enforcement personnel.

(5) The use of local organizations to provide job search training skills.

(6) Cultural awareness retreats.

(7) The use of specified state resources, as requested.

(8) Full service schools under \*section 9 of this act.

(9) Community service such as volunteerism and citizenship. [1993 c 497 § 6.]

**\*Reviser's note:** Section 9, chapter 497, Laws of 1993 was vetoed by the governor.

**43.310.040 Cultural awareness retreats.** Cultural awareness retreats shall include but are not limited to the following programs:

(1) To develop positive attitudes and self-esteem.

(2) To develop youth decision-making ability.

(3) To assist with career development and educational development.

(4) To help develop respect for the community, and ethnic origin. [1993 c 497 § 11.]

- 43.320.901 Implementation—1993 c 472.

**43.320.005 Finding.** The legislature finds that, given the overlap of powers and products in the companies regulated, the consolidation of the agencies regulating financial institutions and securities into one department will better serve the public interest through more effective use of staff expertise. Therefore, for the convenience of administration and the centralization of control and the more effective use of state resources and expertise, the state desires to combine the regulation of financial institutions and securities into one department. [1993 c 472 § 1.]

**43.320.007 Regulatory reform—Findings—Construction—1994 c 256.** (1) The legislature finds that the financial services industry is experiencing a period of rapid change with the development and delivery of new products and services and advances in technology.

(2) The legislature further finds it in the public interest to strengthen the regulation, supervision, and examination of business entities furnishing financial services to the people of this state and that this can be accomplished by streamlining and focusing regulation to reduce costs, increase effectiveness, and foster efficiency by eliminating requirements that are not necessary for the protection of the public.

(3) The provisions of chapter 256, Laws of 1994 should not be construed to limit the ability of the director of financial institutions to implement prudent regulation, prevent unsafe, unsound, and fraudulent practices, and undertake necessary enforcement actions to protect the public and promote the public interest. [1994 c 256 § 1.]

**43.320.010 Department created.** A state department of financial institutions, headed by the director of financial institutions, is created. The department shall be organized and operated in a manner that to the fullest extent permissible under applicable law protects the public interest, protects the safety and soundness of depository institutions and entities under the jurisdiction of the department, ensures access to the regulatory process for all concerned parties, and protects the interests of investors. The department of financial institutions shall be structured to reflect the unique differences in the types of institutions and areas it regulates. [1993 c 472 § 2.]

**43.320.011 Department of general administration and department of licensing powers and duties transferred.** (1) All powers, duties, and functions of the department of general administration under Titles 30, 31, 32, 33, and 43 RCW and any other title pertaining to duties relating to banks, savings banks, foreign bank branches, savings and loan associations, credit unions, consumer loan companies, check cashers and sellers, trust companies and departments, and other similar institutions are transferred to the department of financial institutions. All references to the director of general administration, supervisor of banking, or the supervisor of savings and loan associations in the Revised Code of Washington are construed to mean the director of the department of financial institutions when referring to the functions transferred in this section. All references to the department of general administration in the Revised Code of Washington are construed to mean the department of financial institutions when referring to the functions transferred in this subsection.

(2) All powers, duties, and functions of the department of licensing under chapters 18.44, 19.100, 19.110, 21.20, 21.30, and 48.18A RCW and any other statute pertaining to the regulation under the chapters listed in this subsection of escrow agents, securities, franchises, business opportunities, commodities, and any other speculative investments are transferred to the department of financial institutions. All references to the director or department of licensing in the Revised Code of Washington are construed to mean the director or department of financial institutions when referring to the functions transferred in this subsection. [1995 c 238 § 6; 1993 c 472 § 6.]

**Effective date—1995 c 238:** See note following RCW 18.44.011.

**43.320.012 Department of general administration and department of licensing equipment, records, funds transferred.** All reports, documents, surveys, books, records, files, papers, or other written or electronically stored material in the possession of the department of general administration or the department of licensing and pertaining to the powers, functions, and duties transferred by RCW 43.320.011 shall be delivered to the custody of the department of financial institutions. All cabinets, furniture, office equipment, motor vehicles, and other tangible property purchased by the division of banking and the division of savings and loan in carrying out the powers, functions, and duties transferred by RCW 43.320.011 shall be transferred to the department of financial institutions. All cabinets, furniture, office equipment, motor vehicles, and other

tangible property employed by the department of licensing in carrying out the powers, functions, and duties transferred by RCW 43.320.011 shall be made available to the department of financial institutions. All funds, credits, or other assets held by the department of general administration or the department of licensing in connection with the powers, functions, and duties transferred by RCW 43.320.011 shall be assigned to the department of financial institutions.

Any appropriations made to the department of general administration or the department of licensing for carrying out the powers, functions, and duties transferred by RCW 43.320.011 shall, on October 1, 1993, be transferred and credited to the department of financial institutions.

If a dispute arises as to the transfer of any personnel, funds, books, documents, records, papers, files, equipment, or other tangible property used or held in the exercise of the powers and the performance of the duties and functions transferred, the director of financial management shall make a determination as to the proper allocation and certify the same to the state agencies concerned. [1993 c 472 § 7.]

**43.330.005 Intent.** The legislature finds that the long-term economic health of the state and its citizens depends upon the strength and vitality of its communities and businesses. It is the intent of this chapter to create a merged

department of community, trade, and economic development that fosters new partnerships for strong and sustainable communities. The consolidation of the department of trade and economic development and the department of community development into one department will: Streamline access to services by providing a simpler point of entry for state programs; provide focused and flexible responses to changing economic conditions; generate greater local capacity to respond to both economic growth and environmental challenges; and increase accountability to the public, the executive branch, and the legislature.

A new department can bring together a focused effort to: Manage growth and achieve sustainable development; diversify the state’s economy and export goods and services; provide greater access to economic opportunity; stimulate private sector investment and entrepreneurship; provide stable family-wage jobs and meet the diverse needs of families; provide affordable housing and housing services; construct public infrastructure; protect our cultural heritage; and promote the health and safety of the state’s citizens.

The legislature further finds that as a result of the rapid pace of global social and economic change, the state and local communities will require coordinated and creative responses by every segment of the community. The state can play a role in assisting such local efforts by reorganizing state assistance efforts to promote such partnerships. The department has a primary responsibility to provide financial and technical assistance to the communities of the state, to assist in improving the delivery of federal, state, and local programs, and to provide communities with opportunities for productive and coordinated development beneficial to the well-being of communities and their residents. It is the intent of the legislature in this consolidation to maximize the use of local expertise and resources in the delivery of community and economic development services. [1993 c 280 § 1.]

**43.330.007 Management responsibility.** The purpose of this chapter is to establish the broad outline of the structure of the department of community, trade, and economic development, leaving specific details of its internal organization and management to those charged with its administration. This chapter identifies the broad functions and responsibilities of the new department and is intended to provide flexibility to the director to reorganize these functions and to make recommendations for changes through the implementation plan required in section 8, chapter 280, Laws of 1993. [1993 c 280 § 2.]

**Implementation plan—1994 c 5; 1993 c 280:** "(1) The director of the department of trade and economic development and the director of the department of community development shall, by November 15, 1993, jointly submit a plan to the governor for the consolidation and smooth transition of the department of trade and economic development and the department of community development into the department of community, trade, and economic development so that the department will operate as a single entity on March 1, 1994.

(2) The plan shall include, but is not limited to, the following elements:

(2) "Developmental disabilities endowment trust fund" means the fund established in the custody of the state

treasurer in RCW 43.330.200, comprised of private, public, or private and public sources, to finance services for persons with developmental disabilities. All moneys in the fund, all property and rights purchased from the fund, and all income attributable to the fund, shall be held in trust by the state investment board, as provided in RCW 43.33A.030, for the exclusive benefit of fund beneficiaries. The principal and interest of the endowment fund must be maintained until such time as the governing board policy specifies except for the costs and expenses of the state treasurer and the state investment board otherwise provided for in chapter 120, Laws of 2000.

(3) "Governing board" means the developmental disabilities endowment governing board in RCW 43.330.205.

(4) "Individual trust account" means accounts established within the endowment trust fund for each individual named beneficiary for the benefit of whom contributions have been made to the fund. The money in each of the individual accounts is held in trust as provided for in subsection (2) of this section, and shall not be considered state funds or revenues of the state. The governing board serves as administrator, manager, and recordkeeper for the individual trust accounts for the benefit of the individual beneficiaries. The policies governing the disbursements, and the qualifying services for the trust accounts, shall be established by the governing board. Individual trust accounts are separate accounts within the developmental disabilities endowment trust fund, and are invested for the beneficiaries through the endowment trust fund. [2000 c 120 § 2.]

**43.330.200 Developmental disabilities endowment—Trust fund.** (1) The developmental disabilities endowment trust fund is created in the custody of the state treasurer. Only the developmental disabilities endowment governing board or the board's designee may authorize expenditures from the fund. The fund shall retain its interest earnings in accordance with RCW 43.79A.040.

(2) The developmental disabilities endowment governing board shall deposit in the fund all money received for the program, including state appropriations and private contributions. Disbursements from the fund are exempt from appropriations and the allotment provisions of chapter 43.88 RCW. However, money used for program administration by the department or the governing board is subject to the allotment and budgetary controls of chapter 43.88 RCW, and an appropriation is required for these expenditures. [2000 c 120 § 3; 1999 c 384 § 2.]

**Intent—1999 c 384:** "The legislature recognizes that the main and most enduring support for persons with developmental disabilities, along with public resources, is their immediate and extended families. The legislature recognizes that these families are searching for ways to provide

for the long-term continuing care of their disabled family member when the family can no longer provide that care. It is the intent of the legislature to encourage and assist families to engage in long-range financial planning and to contribute to the lifetime care of their disabled family member. To further these objectives, this chapter is enacted to finance lifetime services and supports for persons with developmental disabilities through an endowment funded jointly by the investment of public funds and dedicated family contributions.

The establishment of this endowment is not intended to diminish the state's responsibility for funding services currently available to future endowment participants, subject to available funding, nor is it the intent of the legislature, by the creation of this public/private endowment, to impose additional, unintended financial liabilities on the public." [2000 c 120 § 1; 1999 c 384 § 1.]

**Captions not law—1999 c 384:** "Captions used in this chapter are not any part of the law." [1999 c 384 § 9.]

**43.330.205 Developmental disabilities endowment—Authority of state investment board—Authority of governing board.** (1) The state investment board has the full power to invest, reinvest, manage, contract, sell, or exchange investment money in the developmental disabilities endowment trust fund. With the exception of these expenses, the earnings from the investment of the money shall be retained by the fund.

(2) All investments made by the state investment board shall be made with the exercise of that degree of judgment and care under RCW 43.33A.140 and the investment policy established by the state investment board.

(3) As deemed appropriate by the investment board, money in the fund may be commingled for investment with other funds subject to investment by the board.

(4) The authority to establish all policies relating to the fund, other than the investment policies as set forth in subsections (1) through (3) of this section, resides with the governing board acting in accordance with the principles set forth in RCW 43.330.220. With the exception of expenses of the state treasurer in RCW 43.330.200 and the investment board set forth in subsection (1) of this section, disbursements from the fund shall be made only on the authorization of the governing board or the board's designee, and money in the fund may be spent only for the purposes of the developmental disabilities endowment program as specified in this chapter.

(5) The investment board shall routinely consult and communicate with the governing board on the investment policy, earnings of the trust, and related needs of the program. [2000 c 120 § 4.]

(1) The governing board shall consist of seven members as follows:

(a) Three of the members, who shall be appointed by the governor, shall be persons who have demonstrated

expertise and leadership in areas such as finance, actuarial science, management, business, or public policy.

(b) Three members of the board, who shall be appointed by the governor, shall be persons who have demonstrated expertise and leadership in areas such as business, developmental disabilities service design, management, or public policy, and shall be family members of persons with developmental disabilities.

(c) The seventh member of the board, who shall serve as chair of the board, shall be appointed by the remaining six members of the board.

(2) Members of the board shall serve terms of four years and may be appointed for successive terms of four years at the discretion of the appointing authority. However, the governor may stagger the terms of the initial six members of the board so that approximately one-fourth of the members' terms expire each year.

(3) Members of the board shall be compensated for their service under RCW 43.03.240 and shall be reimbursed for travel expenses as provided in RCW 43.03.050 and 43.03.060.

(4) The board shall meet periodically as specified by the call of the chair, or a majority of the board.

Neither of these two boards or their members shall be liable for the action or inactions [inaction] of the other.

(6) Members of the governing board and the state investment board are not liable to the state, to the fund, or to any other person as a result of their activities as members, whether ministerial or discretionary, except for willful dishonesty or intentional violations of law. The department and the state investment board, respectively, may purchase liability insurance for members. [2000 c 120 § 5; 1999 c 384 § 4.]

**Intent—Captions not law—1999 c 384:** See notes following RCW 43.330.200.

**43.330.220 Developmental disabilities endowment—Endowment principles.** The design, implementation, and administration of the developmental disabilities endowment shall be governed by the following principles:

(1) The design and operation of the endowment should reward families who set aside resources for their child's future care and provide incentives for continued caregiving by the family.

(2) The endowment should encourage financial planning and reward caregiving by a broad range of families, not just those who have substantial financial resources.

(3) Families should not feel compelled to contribute to the endowment in order to meet the needs of continuing care for their child.

(4) All families should have equal access to developmental disabilities services not funded through the endowment regardless of whether they contribute to the endowment.

(5) Services funded through the endowment should be stable, ongoing, of reasonable quality, and respectful of individual and family preferences.

(6) Endowment resources should be expended economically in order to benefit as many families as possible.

(7) Endowment resources should be managed prudently so that families can be confident that their agreement with the endowment on behalf of their child will be honored.

(8) The private financial contribution on behalf of each person receiving services from the endowment shall be at least equal to the state's contribution to the endowment.

(9) In order to be matched with funding from the state's contribution to the endowment, the private contribution on behalf of a beneficiary must be sufficient to support the beneficiary's approved service plan for a significant portion of the beneficiary's anticipated remaining lifetime.

(10) The rate that state appropriations to the endowment are used to match private contributions shall be such that each legislative appropriation to the developmental disabilities endowment trust fund, including principal and investment income, is not depleted in a period of less than five years.

(11) Private contributions made on behalf of a particular individual, and the associated state match, shall only be used for services provided upon that person's behalf.

(12) State funds contributed to the developmental disabilities endowment trust fund are to support the individual trust accounts established by individual private contributions made by families or other interested persons for named individual beneficiaries.

(13) The governing board shall explore methods to solicit private donations. The governing board shall explore mechanisms to support individuals with developmental disabilities who do not have individual private contributions made on their behalf. The governing board shall establish policies for the use of any private donations.

(14) Types of services funded by money managed through the developmental disabilities endowment trust fund shall be approved by the governing board or its designee. [2000 c 120 § 6; 1999 c 384 § 5.]

**Intent—Captions not law—1999 c 384:** See notes following RCW 43.330.200.

**43.330.225 Developmental disabilities endowment—Development of operating plan—Elements.** To the extent funds are appropriated for this purpose, the governing board shall contract with an appropriate organization for the development of a proposed operating plan for the developmental disabilities endowment program. The proposed operating plan shall be consistent with the endowment principles specified in RCW 43.330.220. The plan shall address at least the following elements:

(1) The recommended types of services to be available through the endowment program and their projected average costs per beneficiary;

(2) An assessment of the number of people likely to apply for participation in the endowment under alternative rates of matching funds, minimum service year requirements, and contribution timing approaches;

(3) An actuarial analysis of the number of disabled beneficiaries who are likely to be supported under alternative levels of public contribution to the endowment, and the length of time the beneficiaries are likely to be served, under alternative rates of matching funds, minimum service year requirements, and contribution timing approaches;

[Title 43 RCW—page 590]

(4) Recommended eligibility criteria for participation in the endowment program;

(5) Recommended policies regarding withdrawal of private contributions from the endowment in cases of movement out of state, death of the beneficiary, or other circumstances;

(6) Recommended matching rate of public and private contributions and, for each beneficiary, the maximum annual and lifetime amount of private contributions eligible for public matching funds;

(7) The recommended minimum years of service on behalf of a beneficiary that must be supported by private contributions in order for the contributions to qualify for public matching funds from the endowment;

(8) The recommended schedule according to which lump sum or periodic private contributions should be made to the endowment in order to qualify for public matching funds;

(9) A recommended program for educating families about the endowment, and about planning for their child's long-term future; and

(10) Recommended criteria and procedure for selecting an organization or organizations to administer the developmental disabilities endowment program, and projected administrative costs. [2000 c 120 § 7.]

**43.330.230 Developmental disabilities endowment—Program implementation and administration.** Based on the proposed operating plan under RCW 43.330.225, and to the extent funds are appropriated for this purpose, the developmental disabilities endowment governing board shall implement and administer, or contract for the administration of, the developmental disabilities endowment program under the principles specified in RCW 43.330.220. By December 1, 2000, and prior to implementation, the final program design shall be submitted to the appropriate committees of the legislature.

The secretary of the department of social and health services shall seek to maximize federal reimbursement and matching funds for expenditures made under the endowment program, and shall seek waivers from federal requirements as necessary for the receipt of federal funds.

The governing board may receive gifts, grants, and endowments from public or private sources as may be made from time to time, in trust or otherwise, for the use and benefit of the purposes of the endowment program and may expend the gifts, grants, and endowments according to their terms. [2000 c 120 § 8; 1999 c 384 § 7.]

**Intent—Captions not law—1999 c 384:** See notes following RCW 43.330.200.

**43.330.240 Developmental disabilities endowment—Rules.** The department of community, trade, and economic development shall adopt rules for the implementation of policies established by the governing board in RCW 43.330.200 through 43.330.230. Such rules will be consistent with those statutes and chapter 34.05 RCW. [2000 c 120 § 9.]

**43.330.903 Severability—1993 c 280.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1993 c 280 § 87.]

**43.330.904 Transfer of certain state energy office powers, duties, and functions—References to director—Appointment of assistant director.** (1) All powers, duties, and functions of the state energy office relating to energy resource policy and planning and energy facility siting are transferred to the department of community, trade, and economic development. All references to the director or the state energy office in the Revised Code of Washington shall be construed to mean the director or the department of community, trade, and economic development when referring to the functions transferred in this section.

The director shall appoint an assistant director for energy policy, and energy policy staff shall have no additional responsibilities beyond activities concerning energy policy.

(2)(a) All reports, documents, surveys, books, records, files, papers, or written material in the possession of the state energy office pertaining to the powers, functions, and duties transferred shall be delivered to the custody of the department of community, trade, and economic development. All cabinets, furniture, office equipment, software, data base, motor vehicles, and other tangible property employed by the state energy office in carrying out the powers, functions, and duties transferred shall be made available to the department of community, trade, and economic development.

(b) Any appropriations made to the state energy office for carrying out the powers, functions, and duties transferred shall, on July 1, 1996, be transferred and credited to the department of community, trade, and economic development.

(c) Whenever any question arises as to the transfer of any funds, books, documents, records, papers, files, software, data base, equipment, or other tangible property used or held

in the exercise of the powers and the performance of the duties and functions transferred, the director of financial management shall make a determination as to the proper allocation and certify the same to the state agencies concerned.

(3) All employees of the state energy office engaged in performing the powers, functions, and duties pertaining to the energy facility site evaluation council are transferred to the jurisdiction of the department of community, trade, and economic development. All employees engaged in energy facility site evaluation council duties classified under chapter 41.06 RCW, the state civil service law, are assigned to the department of community, trade, and economic development to perform their usual duties upon the same terms as formerly, without any loss of rights, subject to any action that may be appropriate thereafter in accordance with the laws and rules governing state civil service.

(4) All rules and all pending business before the state energy office pertaining to the powers, functions, and duties transferred shall be continued and acted upon by the department of community, trade, and economic development. All existing contracts and obligations shall remain in full force and shall be performed by the department of community, trade, and economic development.

(5) The transfer of the powers, duties, and functions of the state energy office does not affect the validity of any act performed before July 1, 1996.

(6) If apportionments of budgeted funds are required because of the transfers directed by this section, the director of the office of financial management shall certify the apportionments to the agencies affected, the state auditor, and the state treasurer. Each of these shall make the appropriate transfer and adjustments in funds and appropriation.

(7) The department of community, trade, and economic development shall direct the closure of the financial records of the state energy office.

(8) Responsibility for implementing energy education, applied research, and technology transfer programs rests with Washington State University. The department of community, trade, and economic development shall provide Washington State University available existing and future oil overcharge restitution and federal energy block funding for a minimum period of five years to carry out energy programs under an interagency agreement with the department of community, trade, and economic development. The interagency agreement shall also outline the working relationship between the department of community, trade, and economic development and Washington State University as it pertains to the relationship between energy policy development and public outreach. Nothing in chapter 186, Laws of 1996 prohibits Washington State University from seeking grant, contract, or fee-for-service funding for energy or related programs directly from other entities. [1996 c 186 § 101.]

**Findings—Intent—1996 c 186:** "The legislature finds responsibilities of state government need to be limited to core services in support of public safety and welfare. Services provided by the Washington state energy office are primarily advisory and can be eliminated. The legislature further finds a need to redefine the state's role in energy-related regulatory functions. The state may be better served by allowing regulatory functions to be performed by other appropriate entities, simplifying state government while maintaining core services. Further, it is the intent of the legislature that the state continue to receive oil overcharge restitution funds for our citizens

while every effort is being made to maximize federal funds available for energy conservation purposes." [1996 c 186 § 1.]

**Part headings not law—1996 c 186:** "Part headings used in this act do not constitute part of the law." [1996 c 186 § 602.]

**Effective date—1996 c 186:** "This act shall take effect July 1, 1996." [1996 c 186 § 603.]

**43.340.005 Purpose—Construction.** The legislature declares it to be the public policy of the state and a recognized governmental function to assist in securitizing the revenue stream from the master settlement agreement between the state and tobacco product manufacturers in order to provide a current and reliable source of revenue for the state. The purpose of this chapter is to establish a tobacco settlement authority having the power to purchase certain rights of the state under the master settlement agreement and to issue nonrecourse revenue bonds to pay outstanding obligations of the state in order to make funds available for increased costs of health care, long-term care, and other programs of the state. This chapter, being necessary for the welfare of the state and its inhabitants, shall be liberally construed to effect the purposes thereof. [2002 c 365 § 1.]

**43.340.010 Definitions.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Authority" means the tobacco settlement authority created in this chapter.

(2) "Board" means the governing board of the authority.

(3) "Bonds" means bonds, notes, and other obligations and financing arrangements issued or entered into by the authority under this chapter.

(4) "Master settlement agreement" means the national master settlement agreement and related documents entered into on November 23, 1998, by the state and the four principal United States tobacco product manufacturers, as amended and supplemented, for the settlement of litigation brought by the state against the tobacco product manufacturers.

(5) "Sales agreement" means any agreement authorized under this chapter in which the state provides for the sale to the authority of a portion of the payments required to be made by tobacco product manufacturers to the state and the state's rights to receive such payments, pursuant to the master settlement agreement. [2002 c 365 § 2.]

**43.340.020 Tobacco settlement authority—Governing board—Meetings—Staff support.** (1) The

tobacco settlement authority is created and constitutes a public instrumentality and agency of the state, separate and distinct from the state, exercising public and essential governmental functions. The authority is a public body within the meaning of RCW 39.53.010.

(2) The powers of the authority are vested in and shall be exercised by a board consisting of five directors appointed by the governor, one of whom shall be appointed by the governor as chair of the authority and who shall serve on the authority and as chair of the authority at the pleasure of the governor. The governor shall make the initial appointments no later than thirty days after April 4, 2002. The term of the directors, other than the chair, shall be four years from the date of their appointment, except that the terms of two of the initial appointees, as determined by the governor, shall be for two years from the date of their appointment. A director may be removed by the governor for cause under RCW 43.06.070 and 43.06.080. The governor shall fill any vacancy on the board by appointment for the remainder of the unexpired term. The members of the authority shall be compensated in accordance with RCW 43.03.240 and may be reimbursed, solely from the funds of the authority, for expenses incurred in the discharge of their duties under this chapter, subject to RCW 43.03.050 and 43.03.060.

(3) Three members of the board constitute a quorum.

(4) The members shall elect a treasurer and secretary annually, and other officers as the members determine necessary.

(5) Meetings of the board shall be held in accordance with the open public meetings act, chapter 42.30 RCW, and at the call of the chair or when a majority of the members so requests. Meetings of the board may be held at any location within or out of the state, and members of the board may participate in a meeting of the board by means of a conference telephone or similar communication equipment under RCW 23B.08.200.

(6) The staff of the state housing finance commission under chapter 43.180 RCW shall provide administrative and staff support to the authority and shall be compensated for its services solely from the funds of the authority. [2002 c 365 § 3.]

**43.340.030 Tobacco settlement authority—Powers—Rule-making authority.** (1) The authority has all the general powers necessary to carry out its purposes and duties and to exercise its specific powers. In addition to other powers specified in this chapter, the authority may:

(a) Sue and be sued in its own name;

(b) Make and execute agreements, contracts, and other instruments, with any public or private person, in accordance with this chapter;

(c) Employ, contract with, or engage independent counsel, bond counsel, other attorneys, financial advisors, investment bankers, auditors, other technical or professional assistants, and such other personnel as are necessary and recommended by the state housing finance commission staff;

(d) Invest or deposit moneys of the authority in any manner determined by the authority and enter into hedge agreements, swap agreements, or other financial products, including payment agreements defined under RCW

39.96.020(5). The authority is not a governmental entity for purposes of chapter 39.96 RCW;

(e) Establish such special funds, and controls on deposits to and disbursements from them, as it finds convenient for the implementation of this chapter;

(f) Procure insurance, other credit enhancements, and other financing arrangements for its bonds to fulfill its purposes under this chapter, including but not limited to municipal bond insurance and letters of credit;

(g) Accept appropriations, gifts, grants, loans, or other aid from public or private entities;

(h) Adopt rules, consistent with this chapter, as the board determines necessary;

(i) Delegate any of its powers and duties if consistent with the purposes of this chapter; and

(j) Exercise any other power reasonably required to implement the purposes of this chapter.

(2) The authority does not have the power of eminent domain and does not have the power to levy taxes of any kind. [2002 c 365 § 6.]

**43.340.040 Financing powers.** In addition to other powers and duties prescribed in this chapter, the authority is empowered to:

(1) Establish a stable source of revenue to be used for the purposes designated in this chapter;

(2) Enter into sales agreements with the state for purchase of a portion of the amounts otherwise due to the state under the master settlement agreement, and of the state's rights to receive such amounts;

(3) Issue bonds, the interest and gain on which may or may not be exempt from general federal income taxation, in one or more series, and to refund or refinance its debt and obligations;

(4) Sell, pledge, or assign, as security, all or a portion of the revenues derived by the authority under any sales agreement, to provide for and secure the issuance of its bonds;

(5) Provide for the investment of any funds, including funds held in reserve, not required for immediate disbursement, and provide for the selection of investments;

(6) Manage its funds, obligations, and investments as necessary and as consistent with its purpose; and

(7) Implement the purposes of this chapter. [2002 c 365 § 5.]

**43.340.050 Bonds.** (1) The authority may issue its bonds in principal amounts which, in the opinion of the authority, are necessary to provide sufficient funds for achievement of its purposes, the payment of debt service on its bonds, the establishment of reserves to secure the bonds, the costs of issuance of its bonds and credit enhancements, if any, and all other expenditures of the authority incident to and necessary to carry out its purposes or powers. The authority may also issue refunding bonds, including advance refunding bonds, for the purpose of refunding previously issued bonds, and may issue other types of bonds, debt obligations, and financing arrangements necessary to fulfill its purposes or the purposes of this chapter. The bonds are investment securities and negotiable instruments within the

meaning of and for the purposes of the uniform commercial code.

(2) The authority's bonds shall bear such date or dates, mature at such time or times, be in such denominations, be in such form, be registered or registrable in such manner, be made transferable, exchangeable, and interchangeable, be payable in such medium of payment, at such place or places, be subject to such terms of redemption, bear such fixed or variable rate or rates of interest, be taxable or tax exempt, be payable at such time or times, and be sold in such manner and at such price or prices, as the authority determines. The bonds shall be executed by one or more officers of the authority, and by the trustee or paying agent if the authority determines to use a trustee or paying agent for the bonds. Execution of the bonds may be by manual or facsimile signature, provided that at least one signature on the bond is manual.

(3) The bonds of the authority shall be subject to such terms, conditions, covenants, and protective provisions as are found necessary or desirable by the authority, including, but not limited to, pledges of the authority's assets, setting aside of reserves, and other provisions the authority finds are necessary or desirable for the security of bondholders.

(4) Any revenue pledged by the authority to be received under the sales agreement or in special funds created by the authority shall be valid and binding at the time the pledge is made. Receipts so pledged and then or thereafter received by the authority and any securities in which such receipts may be invested shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act. The lien of any such pledge shall be valid and binding as against all parties having claims of any kind against the authority, whether such parties have notice of the lien. Notwithstanding any other provision to the contrary, the resolution or indenture of the authority or any other instrument by which a pledge is created need not be recorded or filed pursuant to chapter 62A.9A RCW to perfect such pledge. The authority shall constitute a governmental unit within the meaning of RCW 62A.9A-102(a)(45).

(5) When issuing bonds, the authority may provide for the future issuance of additional bonds or parity debt on a parity with outstanding bonds, and the terms and conditions of their issuance. The authority may issue refunding bonds in accordance with chapter 39.53 RCW or issue bonds with a subordinate lien against the fund or funds securing outstanding bonds.

(6) The board and any person executing the bonds are not liable personally on the indebtedness or subject to any personal liability or accountability by reason of the issuance thereof.

(7) The authority may, out of any fund available therefor, purchase its bonds in the open market. [2002 c 365 § 8.]

**43.340.060 Bonds—Obligations of authority—Not obligations of state.** (1) Bonds issued under this chapter shall be issued in the name of the authority. The bonds shall not be obligations of the state of Washington and shall be obligations only of the authority, payable solely from the special fund or funds created by the authority for their payment.

(2) Bonds issued under this chapter shall contain a recital on their face to the effect that payment of the principal of, interest on, and prepayment premium, if any, on the bonds shall be a valid claim only as against the special fund or funds relating thereto, that neither the faith and credit nor the taxing power of the state or any municipal corporation, subdivision, or agency of the state, other than the authority as set forth in this chapter, is pledged to the payment of the principal of, interest on, and prepayment premium, if any, on the bonds.

(3) Contracts entered into by the authority shall be entered into in the name of the authority and not in the name of the state of Washington. The obligations of the authority under the contracts shall be obligations only of the authority and are not in any way obligations of the state of Washington. [2002 c 365 § 4.]

**43.340.070 Bonds—Legal investments.** Bonds issued under this chapter are hereby made securities in which all insurance companies, trust companies in their commercial departments, savings banks, cooperative banks, banking associations, investment companies, executors, trustees and other fiduciaries, and all other persons whatsoever who are now or may hereafter be authorized to invest in obligations of the state may properly and legally invest funds, including capital in their control or belonging to them. [2002 c 365 § 9.]

**43.340.080 Sale of rights in master settlement agreement.** (1) The governor is authorized to sell and assign to the authority all of the state's right to receive a portion of the state's annual share of the revenue derived from the master settlement agreement for litigation brought by the state against tobacco product manufacturers. The portion of the state's share sold and assigned shall be determined by the governor in an amount necessary to generate net proceeds to the state for deposit to the tobacco securitization trust account under RCW 43.340.120 up to four hundred fifty million dollars. The attorney general shall assist the governor in the review of all necessary documentation to effect the sale. The governor and the authority are authorized to take any action necessary to facilitate and complete the sale.

(2) The sale made under this section is irrevocable so long as bonds issued under this chapter remain outstanding. The portion of the revenue sold to the authority shall be pledged to the bondholders. The sale and assignment shall constitute and be treated as a true sale and absolute transfer of the revenue so transferred and not as a pledge or other security interest granted by the state for any borrowing. The characterization of such a sale as an absolute transfer shall not be negated or adversely affected by the fact that only a portion of the revenue from the master settlement agreement is being sold and assigned, or by the state's acquisition or retention of an ownership interest in the portion of the revenue from the master settlement agreement not so assigned.

(3) In addition to such other terms, provisions, and conditions as the governor and the authority may determine appropriate for inclusion in the sale agreements, the sale agreements shall contain (a) a covenant of the state that the

state will not agree to any amendment of the master settlement agreement that materially and adversely affects the authority's ability to receive the portion of the state's share of master settlement agreement payments that have been sold to the authority; (b) a requirement that the state enforce, at its own expense, the provisions of the master settlement agreement that require the payment of the portion of the state's share of master settlement agreement payments that have been sold to the authority; and (c) a covenant that the state shall take no action that would adversely affect the tax-exempt status of any tax-exempt bonds of the authority.

(4) On or after the effective date of the sale, the state shall not have any right, title, or interest in the portion of the state's share of the master settlement agreement revenue sold and such portion shall be the property of the authority and not the state, and shall be owned, received, held, and disbursed by the authority or its trustee or assignee, and not the state.

(5) The terms of the state's sale to the authority of a portion of the master settlement agreement revenue shall provide that the portion shall be paid directly to the authority or its trustee or assignee. The revenue sold and assigned shall not be received in the treasury of the state and shall not be or deemed to be general state revenues as that term is used in Article VIII, section 1 of the state Constitution. [2002 c 365 § 7.]

### WASHINGTON STATE REDISTRICTING COMMISSION REDISTRICTING PLAN

A PLAN Relating to the redistricting of state legislative districts.

BE IT APPROVED BY THE REDISTRICTING COMMISSION OF THE STATE OF WASHINGTON:

Sec. 1. It is the intent of the commission to redistrict the congressional and legislative districts of the state of Washington in accordance with the Constitution and laws of the United States and the state of Washington.

Sec. 2. The definitions set forth in RCW 44.05.020 apply throughout this plan, unless the context requires otherwise.

Sec. 3. In every case the population of the legislative districts described by this plan has been ascertained on the basis of the total number of persons found inhabiting such areas as of April 1, 2000, in accordance with the 2000 federal decennial census data submitted pursuant to P.L. 94-171.

Sec. 4. (a) Any area not specifically included within the boundaries of any of the districts as described in this plan and that is completely surrounded by a particular district, shall be a part of that district. Any such area not completely surrounded by a particular district shall be a part of the district having the smallest number of inhabitants and having territory contiguous to such area.

(b) Any area described in this plan as specifically embraced in two or more noninclusive districts shall be a part of the adjacent district having the smallest number of inhabitants and shall not be a part of the other district or districts.

(c) Any area specifically mentioned as embraced within a district but separated from such district by one or more other districts, shall be assigned as though it had not been included in any district specifically described.

(d) The 2000 United States federal decennial census data submitted pursuant to P.L. 94-171 shall be used for determining the number of inhabitants under this plan.

Sec. 5. For purposes of this plan, districts shall be described in terms of:

(1) Official United States census bureau tracts, block groups, or blocks, established by the United States bureau of the census in the 2000 federal decennial census;

(2) Counties, municipalities, or other political subdivisions as they existed on January 1, 2000;

(3) Any natural or artificial boundaries or monuments including but not limited to rivers, streams, or lakes as they existed on January 1, 2000;

(4) Roads, streets, or highways as they existed on January 1, 2000.

Sec. 6. Pursuant to RCW 44.05.090(4) and Article II, section 43 of the state Constitution, the territory of the state shall be divided into forty-nine legislative districts. Two members of the house of representatives shall be elected from and run at large within each legislative district. One member of the senate shall be elected from each legislative district.

Sec. 7. The legislative districts described by this plan shall be those recorded electronically as "JOINTSUB-L-03", maintained in computer files and designated as FINAL-LEG-2001, which are public records of the commission. As soon as practicable after approval and submission of this plan to the legislature, the commission shall publish "FINAL-LEG-2001".

Sec. 8. The commission intends that existing law shall continue to govern such matters as the terms and dates of election for members of the senate to be elected from each district, the status of "hold-over" senators, and the elections to fill vacancies, when required, provided that districts referred to in existing law and designated by number shall refer to districts of the same number described in this plan, beginning with the next elections in 2002.

Sec. 9. This commission intends that this plan supersede the district boundaries established by chapter 44.07C RCW.

Sec. 10. If any provision of this plan or its application to any person or circumstance is held invalid, the remainder of the plan or its application to other persons or circumstances is not affected.

**44.28.005 Definitions.** Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Legislative auditor" means the executive officer of the joint legislative audit and review committee.

(2) "Economy and efficiency audits" means performance audits that establish: (a) Whether a state agency or unit of local government receiving state funds is acquiring, protecting, and using its resources such as personnel, property, and space economically and efficiently; (b) the causes of inefficiencies or uneconomical practices; and (c) whether the state agency or local government has complied with significant laws and rules in acquiring, protecting, and using its resources.

(3) "Final compliance report" means a written document, as approved by the joint committee, that states the specific actions a state agency or unit of local government receiving state funds has taken to implement recommendations contained in the final performance audit report and the preliminary compliance report. Any recommendations, including proposed legislation and changes in the agency's rules and practices or the local government's practices, based on testimony received, must be included in the final compliance report.

(4) "Final performance audit report" means a written document adopted by the joint legislative audit and review committee that contains the findings and proposed recommendations made in the preliminary performance audit report, the final recommendations adopted by the joint committee, any comments to the preliminary performance audit report by the joint committee, and any comments to the preliminary performance audit report by the state agency or local government that was audited.

(5) "Joint committee" means the joint legislative audit and review committee.

(6) "Local government" means a city, town, county, special purpose district, political subdivision, municipal corporation, or quasi-municipal corporation, including a public corporation created by such an entity.

(7) "Performance audit" means an objective and systematic assessment of a state agency or any of its programs, functions, or activities, or a unit of local government receiving state funds, by an independent evaluator in order to help public officials improve efficiency, effectiveness, and accountability. Performance audits include economy and efficiency audits and program audits. A performance audit of a local government may only be made to determine whether the local government is using state funds for their intended purpose in an efficient and effective manner.

(8) "Performance measures" are a composite of key indicators of a program's or activity's inputs, outputs, outcomes, productivity, timeliness, and/or quality. They are means of evaluating policies and programs by measuring results against agreed upon program goals or standards.

(9) "Preliminary compliance report" means a written document that states the specific actions a state agency or unit of local government receiving state funds has taken to implement any recommendations contained in the final performance audit report.

(10) "Preliminary performance audit report" means a written document prepared for review and comment by the joint legislative audit and review committee after the

completion of a performance audit. The preliminary performance audit report must contain the audit findings and any proposed recommendations to improve the efficiency, effectiveness, or accountability of the state agency or local government audited.

(11) "Program audits" means performance audits that determine: (a) The extent to which desired outcomes or results are being achieved; (b) the causes for not achieving intended outcomes or results; and (c) compliance with significant laws and rules applicable to the program.

(12) "State agency" or "agency" means a state agency, department, office, officer, board, commission, bureau, division, institution, or institution of higher education. "State agency" includes all elective offices in the executive branch of state government. [1996 c 288 § 2.]

**Findings and intent—1996 c 288:** "The public expects the legislature to address citizens' increasing demand for the basic services of state government, while limiting the growth in spending. The public demands that public officials and state employees be accountable to provide maximum value for every dollar entrusted to state government. The public believes that it is possible to improve the responsiveness of state government and to save the taxpayers' money, and that efficiency and effectiveness should result in savings.

The legislature, public officials, state employees, and citizens need to know the extent to which state agencies, programs, and activities are achieving the purposes for which they were created. It is essential to compare the conditions, problems, and priorities that led to the creation of government programs with current conditions, problems, and priorities, and to examine the need for and performance of those programs in the current environment.

Along with examining the performance of state agencies and programs, the legislature, public officials, state employees, and citizens must also consider the effect that state government programs can reasonably expect to have on citizens' lives, how the level of programs and services of Washington state government compares with that of other states, and alternatives for service delivery, including other levels of government and the private sector including not-for-profit organizations. It is essential that the legislature, public officials, state employees, and citizens share a common understanding of the role of state government. The performance and relative priority of state agency programs and activities must be the basis for managing and allocating resources within Washington state government.

It is the intent of the legislature to strengthen the role of the current legislative budget committee so that it may more effectively examine how efficiently state agencies perform their responsibilities and whether the agencies are achieving their goals, and whether units of local government are using state funds for their intended purpose in an efficient and effective manner. It is also the intent of the legislature to enact a clear set of definitions for different types of audits in order to eliminate confusion with regard to government reviews." [1996 c 288 § 1.]

**44.28.010 Committee created—Members.** The joint legislative audit and review committee is created, which shall consist of eight senators and eight representatives from the legislature. The senate members of the committee shall be appointed by the president of the senate, and the house members of the committee shall be appointed by the speaker of the house. Not more than four members from each house shall be from the same political party. Members shall be appointed before the close of each regular session of the legislature during an odd-numbered year. If before the close of a regular session during an odd-numbered year, the governor issues a proclamation convening the legislature into special session, or the legislature by resolution convenes the legislature into special session, following such regular session, then such appointments shall be made as a matter of closing business of such special session. Members shall be subject to confirmation, as to the senate members by the

senate, and as to the house members by the house. In the event of a failure to appoint or confirm joint committee members, the members of the joint committee from either house in which there is a failure to appoint or confirm shall be elected by the members of such house. [1996 c 288 § 3; 1983 c 52 § 1; 1980 c 87 § 30; 1969 c 10 § 4; 1967 ex.s. c 114 § 1; 1963 ex.s. c 20 § 1; 1955 c 206 § 4; 1951 c 43 § 1.]

The term of office of joint committee members who do not continue to be members of the senate and house ceases upon the convening of the next regular session of the legislature during an odd-numbered year after their confirmation, election or appointment. Vacancies on the joint committee shall be filled by appointment by the remaining members. All such vacancies shall be filled from the same political party and from the same house as the member whose seat was vacated. [1996 c 288 § 4; 1980 c 87 § 31; 1969 c 10 § 5; 1955 c 206 § 5; 1951 c 43 § 12.]

A monthly report of such vouchers shall be submitted to the executive committee. If authorization is not given to the legislative

This authority shall continue until the chair's or vice-chair's successors are selected after each ensuing session of the legislature. Vouchers may be drawn on funds appropriated generally by the legislature for legislative expenses or upon any special appropriation which may be provided by the legislature for the expenses of the committee or both. [1996 c 288 § 10.]

**44.28.080 Powers—Appropriations, expenses, revenues.** The joint committee has the following powers:

(1) To make examinations and reports concerning whether or not appropriations are being expended for the purposes and within the statutory restrictions provided by the legislature; and concerning the organization and operation of procedures necessary or desirable to promote economy, efficiency, and effectiveness in state government, its officers, boards, committees, commissions, institutions, and other state agencies, and to make recommendations and reports to the legislature.

(2) To make such other studies and examinations of economy, efficiency, and effectiveness of state government and its state agencies as it may find advisable, and to hear complaints, hold hearings, gather information, and make findings of fact with respect thereto.

(3) To conduct program and fiscal reviews of any state agency or program scheduled for termination under the process provided under chapter 43.131 RCW.

(4) To perform other legislative staff studies of state government or the use of state funds.

(6) To receive a copy of each report of examination or audit issued by the state auditor for examinations or audits that were conducted at the request of the joint committee and to make recommendations as it deems appropriate as a separate addendum to the report or audit.

(7) To develop internal tracking procedures that will allow the legislature to measure the effectiveness of performance audits conducted by the joint committee including, where appropriate, measurements of cost-savings and increases in efficiency and effectiveness in how state agencies deliver their services.

(8) To receive messages and reports in person or in writing from the governor or any other state officials and to study generally any and all business relating to economy, efficiency, and effectiveness in state government and state agencies. [1996 c 288 § 11; 1975 1st ex.s. c 293 § 14; 1955 c 206 § 10; 1951 c 43 § 4.]

**\*Reviser's note:** RCW 44.28.180 was recodified as RCW 44.28.083 pursuant to 1996 c 288 § 55.

**44.28.083 Performance audit work plans.** (1) During the regular legislative session of each odd-numbered year, beginning with 1997, the joint legislative audit and

review committee shall develop and approve a performance audit work plan for the subsequent sixteen to twenty-four-month period and an overall work plan that identifies state agency programs for which formal evaluation appears necessary. Among the factors to be considered in preparing the work plans are:

(a) Whether a program newly created or significantly altered by the legislature warrants continued oversight because (i) the fiscal impact of the program is significant, or (ii) the program represents a relatively high degree of risk in terms of reaching the stated goals and objectives for that program;

(b) Whether implementation of an existing program has failed to meet its goals and objectives by any significant degree; and

(c) Whether a follow-up audit would help ensure that previously identified recommendations for improvements were being implemented.

(2) The project description for each performance audit must include start and completion dates, the proposed approach, and cost estimates.

(3) The legislative auditor may consult with the chairs and staff of appropriate legislative committees, the state auditor, and the director of financial management in developing the performance audit work plan.

(4) The performance audit work plan and the overall work plan may include proposals to employ contract resources. As conditions warrant, the performance audit work plan and the overall work plan may be amended from time to time. All performance audit work plans shall be transmitted to the appropriate fiscal and policy committees of the senate and the house of representatives no later than the sixtieth day of the regular legislative session of each odd-numbered year, beginning with 1997. All overall work plans shall be transmitted to the appropriate fiscal and policy committees of the senate and the house of representatives. [1996 c 288 § 12; 1993 c 406 § 5. Formerly RCW 44.28.180.]

**Short title—1993 c 406:** See note following RCW 43.88.020.

**44.28.088 Performance audit reports—Preliminary, final.** (1) When the legislative auditor has completed a performance audit authorized in the performance audit work plan, the legislative auditor shall transmit the preliminary performance audit report to the affected state agency or local government and the office of financial management for comment. The agency or local government and the office of financial management shall provide any response to the legislative auditor within thirty days after receipt of the preliminary performance audit report unless a different time period is approved by the joint committee. The legislative auditor shall incorporate the response of the agency or local government and the office of financial management into the final performance audit report.

(2) Before releasing the results of a performance audit to the legislature or the public, the legislative auditor shall submit the preliminary performance audit report to the joint committee for its review, comments, and final recommendations. Any comments by the joint committee must be included as a separate addendum to the final performance audit report. Upon consideration and incorporation of the review, comments, and recommendations of the joint com-

mittee, the legislative auditor shall transmit the final performance audit report to the affected agency or local government, the director of financial management, the leadership of the senate and the house of representatives, and the appropriate standing committees of the house of representatives and the senate and shall publish the results and make the report available to the public. For purposes of this section, "leadership of the senate and the house of representatives" means the speaker of the house, the majority leaders of the senate and the house of representatives, the minority leaders of the senate and the house of representatives, the caucus chairs of both major political parties of the senate and the house of representatives, and the floor leaders of both major political parties of the senate and the house of representatives. The agency or local government may attach its comments to the joint committee's preliminary compliance report as a separate addendum.

(2) Within three months after the issuance of the preliminary compliance report, the joint committee may hold at least one public hearing and receive public testimony regarding the findings and recommendations contained in the preliminary compliance report. The joint committee may waive the public hearing requirement if the preliminary compliance report demonstrates that the agency or local government is in compliance with the audit recommendations. The joint committee shall issue any final compliance report within four weeks after the public hearing or hearings. The legislative auditor shall transmit the final compliance report in the same manner as a final performance audit is transmitted under RCW 44.28.088. [1996 c 288 § 14.]

The quality control review must include, at a minimum, an evaluation of the quality of the audits conducted by the joint committee, an assessment of the audit procedures used by the joint committee, and an assessment of the qualifications of the joint committee staff to conduct performance audits. **44.40.001 Finding—Purpose.** (*Effective December 30, 2002, if Referendum Bill No. 51 is approved at the November 2002 general election.*) It is essential that the legislature improve the accountability and efficiency of the department of transportation. Taxpayers must know that their tax dollars are being well spent to deliver critically needed transportation projects. To accomplish this, a

transportation accountability process must be established to provide oversight on transportation projects. The legislative transportation accountability committee will replace and assume the duties and responsibilities of the legislative transportation committee and, additionally, in conjunction with an independent transportation accountability board, report to the public on how tax dollars are spent on projects funded by new transportation taxes under chapter 202, Laws of 2002. [2002 c 202 § 101.]

**Referral to electorate—2002 c 202 §§ 101 and 201-705:** "(1) The secretary of state shall submit this act, except for sections 102 through 120 of this act, to the people for their adoption and ratification, or rejection, at the next general election to be held in this state, in accordance with Article II, section 1 of the state Constitution and the laws adopted to facilitate its operation.

(2) If the people ratify this act as specified under subsection (1) of this section, revenues generated shall be spent as detailed in chapter 201, Laws of 2002, as enacted by the legislature.

(3) Pursuant to RCW 29.79.035, the statement of subject on the ballot title shall read: "The legislature has passed House Bill No. 2969, financing transportation improvements through transportation fees and taxes." The concise description on the ballot title shall read: "This bill would improve highway capacity, public transportation, passenger and freight rail, and transportation financing accountability through increased weight fees on trucks and large vehicles, fuel excise taxes, and sales taxes on vehicles." [2002 c 202 § 601.]

**Effective date—2002 c 202 § 601:** "Section 601 of this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [March 27, 2002]." [2002 c 202 § 603.]

**Contingent effective date—2002 c 202 §§ 101-312, 403-514, and 602-705:** "If this act is ratified by the voters as specified in section 601 of this act, this act, except sections 401, 402, and 601 of this act, takes effect December 30, 2002." [2002 c 202 § 703.]

**Severability—2002 c 202:** "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [2002 c 202 § 701.]

**Part headings not law—2002 c 202:** "Part headings used in this act do not constitute any part of the law." [2002 c 202 § 702.]

**44.40.010 Creation—Composition—Appointments—Vacancies—Rules.** (*Effective unless Referendum Bill No. 51 is approved at the November 2002 general election.*) The joint fact-finding committee on highways, streets, and bridges originally created by chapter 111, Laws of 1947, re-created and renamed the joint committee on highways by chapter 3, Laws of 1963 extraordinary session, is hereby re-created and renamed the legislative transportation committee. The renaming of said committee shall not affect any powers invested in it or its duties imposed upon it by any other statute. All appropriations made to the committee under its former name shall continue to be available to said committee as renamed, the legislative transportation committee. The committee shall consist of twelve senators to be appointed by the president of the senate and twelve members of the house of representatives to be appointed by the speaker thereof. Not more than six members from each house may be from the same political party. A list of appointees shall be submitted before the close of each regular legislative session during an odd-numbered year or any successive special session convened by the governor or the legislature prior to the close of such regular session or successive special session(s) for confirmation of senate members, by the senate, and house members, by the house. Vacancies occurring shall be filled by the appointing authority. All

vacancies must be filled from the same political party and from the same house as the member whose seat was vacated.
