Finding—Intent—2005 c 338: See note following RCW 35.21.698.

36.01.250 Environmental mitigation activities. (1) Any county authorized to acquire and operate utilities or conduct other proprietary or user or ratepayer funded activities may develop and make publicly available a plan for the county to reduce its greenhouse gases emissions or achieve no-net emissions from all sources of greenhouse gases that such county utility or proprietary or user or ratepayer funded activity owns, operates, leases, uses, contracts for, or otherwise controls.

(2) Any county authorized to acquire and operate utilities or conduct other proprietary or user or ratepayer funded activities may, as part of such utility or activity, reduce or mitigate the environmental impacts, such as greenhouse gases emissions, of such utility and other proprietary or user or ratepayer funded activity. The mitigation may include, but is not limited to, all greenhouse gases mitigation mechanisms recognized by independent, qualified organizations with proven experience in emissions mitigation activities. Mitigation mechanisms may include the purchase, trade, and banking of carbon offsets or credits. Ratepayer funds, fees, or other revenue dedicated to a county utility or other proprietary or user or ratepayer funded activity may be spent to reduce or mitigate the environmental impacts of greenhouse gases emitted as a result of that function. If a state greenhouse gases registry is established, the county that has purchased, traded, or banked greenhouse gases mitigation mechanisms under this section shall receive credit in the registry. [2007 c 349 § 6.]

Findings—Intent—2007 c 349 § 6: "The legislature finds and declares that greenhouse gases offset contracts, credits, and other greenhouse gases

mitigation efforts are a recognized utility purpose that confers a direct benefit on the utility's ratepayers. The legislature also finds and declares that greenhouse gases offset contracts, credits, and other greenhouse gases mitigation efforts are a recognized purpose of other county proprietary activities that are funded by users and ratepayers, and that such mitigation efforts confer a direct benefit on such payers. The legislature declares that section 6 of this act is intended to reverse the result of *Okeson v. City of Seattle* (January 18, 2007), by expressly granting counties the statutory authority to engage in mitigation activities to offset the impact on the environment of their utilities and certain other proprietary and user and ratepayer funded activities." [2007 c 349 § 5.]

36.01.260 Evergreen community ordinances. (1) Any county may adopt evergreen community ordinances, as that term is defined in RCW 35.105.010, which the county must apply to new building or land development in the unincorporated portions of the county's urban growth areas, as that term is defined in RCW 36.70A.030, and may apply to other areas of the county as deemed appropriate by the county.

(2) As an alternative to subsection (1) of this section, a city or town may request that the county in which it is located apply to any new building or land development permit in the unincorporated portions of the urban growth areas, as defined in RCW 36.70A.030, the evergreen community ordinances standards adopted under RCW 35.105.090 by the city or town in the county located closest to the proposed building or development. [2008 c 299 § 15.]

Short title—2008 c 299: See note following RCW 35.105.010.

36.01.270 Contractors—Authority of county to verify registration and report violations. A county that issues a business license to a person required to be registered under chapter 18.27 RCW may verify that the person is registered under chapter 18.27 RCW and report violations to the department of labor and industries. [2009 c 432 § 4.]

Report—2009 c 432: See RCW 18.27.800.

36.01.280 Community athletics programs—Sex discrimination prohibited. The antidiscrimination provisions of RCW 49.60.500 apply to community athletics programs and facilities operated, conducted, or administered by a county. [2009 c 467 § 7.]

Findings—Declarations—2009 c 467: See note following RCW 49.60.500.

36.01.290 Temporary encampments for the homeless—Hosting by religious organizations authorized—Prohibitions on local actions. (1) A religious organization may host temporary encampments for the homeless on property owned or controlled by the religious organization whether within buildings located on the property or elsewhere on the property outside of buildings.

(2) A county may not enact an ordinance or regulation or take any other action that:

(a) Imposes conditions other than those necessary to protect public health and safety and that do not substantially burden the decisions or actions of a religious organization regarding the location of housing or shelter for homeless persons on property owned by the religious organization;

(b) Requires a religious organization to obtain insurance pertaining to the liability of a municipality with respect to homeless persons housed on property owned by a religious

organization or otherwise requires the religious organization to indemnify the municipality against such liability; or

(c) Imposes permit fees in excess of the actual costs associated with the review and approval of the required permit applications.

(3) For the purposes of this section, "religious organization" means the federally protected practice of a recognized religious assembly, school, or institution that owns or controls real property.

(4) An appointed or elected public official, public employee, or public agency as defined in RCW 4.24.470 is immune from civil liability for (a) damages arising from the permitting decisions for a temporary encampment for the homeless as provided in this section and (b) any conduct or unlawful activity that may occur as a result of the temporary encampment for the homeless as provided in this section. [2010 c 175 § 2.]

Findings—2010 c 175: "The legislature finds that there are many homeless persons in our state that are in need of shelter and other services that are not being provided by the state and local governments. The legislature also finds that in many communities, religious organizations play an important role in providing needed services to the homeless, including the provision of shelter upon property owned by the religious organization. By providing such shelter, the religious institutions in our communities perform a valuable public service that, for many, offers a temporary, stop-gap solution to the larger social problem of increasing numbers of homeless persons.

This act provides guidance to cities and counties in regulating homeless encampments within the community, but still leaves those entities with broad discretion to protect the health and safety of its citizens. It is the hope of this legislature that local governments and religious organizations can work together and utilize dispute resolution processes without the need for litigation." [2010 c 175 § 1.]

Intent—Construction—2010 c 175: "Nothing in this act is intended to change applicable law or be interpreted to prohibit a county, city, town, or code city from applying zoning and land use regulations allowable under established law to real property owned by a religious organization, regardless of whether the property owned by the religious organization is used to provide shelter or housing to homeless persons." [2010 c 175 § 5.]

Prior consent decrees and negotiated settlements for temporary encampments for the homeless not superseded—2010 c 175: "Nothing in this act supersedes a court ordered consent decree or other negotiated settlement between a public agency and religious organization entered into prior to July 1, 2010, for the purposes of establishing a temporary encampment for the homeless as provided in this act." [2010 c 175 § 6.]

36.01.300 State and federal background checks of license applicants and licensees of occupations under local licensing authority. Counties may, by ordinance, require a state and federal background investigation of license applicants or licensees in occupations specified by ordinance for the purpose of receiving criminal history record information by county officials. The investigation shall consist of a background check as allowed through the Washington state criminal records privacy act under RCW 10.97.050, the Washington state patrol criminal identification system under RCW 43.43.832 through 43.43.834, and the federal bureau of investigation. These background checks must be done through the Washington state patrol identification and criminal history section and may include a national check from the federal bureau of investigation, which shall be through the submission of fingerprints. The Washington state patrol shall serve as the sole source for receipt of fingerprint submissions and the responses to the submissions from the federal bureau of investigation, which must be disseminated to the county. The county shall transmit appropriate fees for a state and

national criminal history check to the Washington state patrol, unless alternately arranged. [2010 c 47 § 1.]

36.01.310 Accessible community advisory committees. (1) A county has the option to expand the scope of an advisory committee established and maintained under *RCW 29A.46.260 to that of an accessible community advisory committee, or to create an accessible community advisory committee.

(2) A county that has an active accessible community advisory committee may be reimbursed within available funds from the accessible communities account created in RCW 50.40.071 for travel, per diem, and reasonable accommodation expenses for the participation of that committee's members in committee meetings and sponsored activities.

(3) A county establishes that it has an active accessible community advisory committee by submitting biennial assurances to the governor's committee on disability issues and employment that:

(a) The decision to establish an accessible community advisory committee was made by the county legislative authority, or by agents or officers acting under that authority.

(b) If an accessible community advisory committee is established by expanding the advisory committee established and maintained under *RCW 29A.46.260, the county auditor supports that expansion.

(c) Committee members include persons with a diverse range of disabilities who are knowledgeable in identifying and eliminating attitudinal, programmatic, communication, and physical barriers encountered by persons with disabilities.

(d) The committee is actively involved in the following activities: Advising on addressing the needs of persons with disabilities in emergency plans; advising the county and other local governments within the county on access to programs services and activities, new construction or renovation projects, sidewalks, other pedestrian routes of travel, and disability parking enforcement; and developing local initiatives and activities to promote greater awareness of disability issues, and acceptance, involvement, and access for persons with disabilities within the community.

(4) Counties may form joint accessible community advisory committees, as long as no more than one of the participating counties has a population greater than seventy thousand. [2010 c 215 § 4.]

*Reviser's note: RCW 29A.46.260 was recodified as RCW 29A.04.223 pursuant to 2011 c 10 § 87.

Findings—2010 c 215: See note following RCW 50.40.071.

36.01.320 Application for a permit to site an energy plant or alternative energy resource—Written notice to United States department of defense. (1) Upon receipt of an application for a permit to site an energy plant or alternative energy resource that is connected to electrical transmission facilities of a nominal voltage of at least one hundred fifteen thousand volts, the county shall notify in writing the United States department of defense. The notification shall include, but not be limited to, the following:

(a) A description of the proposed energy plant or alternative energy resource;

(b) The location of the site;

(c) The number and placement of the energy plant or alternative energy resource on the site;

(d) The date and time by which comments must be received by the county; and

(e) Contact information of the county permitting authority and the applicant.

(2) The purpose of the written notification is to provide an opportunity for the United States department of defense to comment upon the application, and to identify potential issues relating to the placement and operations of the energy plant or alternative energy resource, before a permit application is approved. The time period set forth by the county for receipt of such comments shall not extend the time period for the county's processing of the application.

(3) For the purpose of this section, "alternative energy resource," "energy plant," and "electrical transmission facility" shall each have the meaning set forth in RCW 80.50.020. [2011 c 261 § 2.]

36.01.330 Failing septic systems—Connection to public sewer systems—Appeals process. (1) A county with an ordinance or resolution requiring, upon the failure of an on-site septic system, connection to a public sewer system must, in accordance with this section, provide an administrative appeals process to consider denials of permit applications to repair or replace the septic system. The administrative appeals process required by this section applies only to requests to repair or replace existing, failing on-site septic systems that:

(a) Were made for a single-family residence by its owner or owners;

(b) Were denied solely because of a law, regulation, or ordinance requiring connection to a public sewer system; and

(c) Absent the applicable law, regulation, or ordinance requiring connection to a public sewer system upon which the denial was based, would be approved.

(2) If the county has an administrative appeals process, the county may, subject to the requirements of this section, use that process. The administrative appeals process required by this section, however, must be presided over by the legislative body of the county or by an administrative hearings officer.

(3) The administrative appeals process required by this section must, at a minimum, consider whether:

(a) It is cost-prohibitive to require the property owner to connect to the public sewer system. In complying with this subsection (3)(a), the county must consider the estimated cost to repair or replace the on-site septic system compared to the estimated cost to connect to the public sewer system;

(b) There are public health or environmental considerations related to allowing the property owner to repair or replace the on-site septic system. In complying with this subsection (3)(b), the county must consider whether the repaired or replaced on-site septic system contributes to the pollution of surface waters or groundwater;

(c) There are public sewer system performance or financing considerations related to allowing the property owner to repair or replace the on-site septic system; and

(d) There are financial assistance programs or latecomer agreements offered by the county or state that may impact a

decision of the property owner to repair or replace the on-site septic system.

(4) If the county, following the appeals process required by this section, determines that the property owner must connect the residence to the public sewer system, the property owner may, in complying with the determination and subject to approval of appropriate permits, select and hire contractors at his or her own expense to perform the work necessary to connect the residence to the public sewer system.

(5) Unless otherwise required by law, a county determination requiring the owner of a single-family residence with a failing on-site septic system to connect a residence to a public sewer system is not subject to appeal. [2015 c 297 § 3.]

36.01.340 Final determination on state highway permit projects. A county must comply with the requirements of RCW 47.01.485 in making a final determination on a permit as part of a project on a state highway as defined in RCW 46.04.560. [2015 3rd sp.s. c 15 § 5.]

If a harbor, inlet, bay, or mouth of river is embraced within two adjoining counties, and an incorporated city is located upon the shore of such harbor, bay, inlet, or mouth of river and it is desired to embrace within the limits of one county, the full extent of the shore line of the harbor, port, or bay, and the waters thereof, together with a strip of the adjacent and contiguous upland territory not exceeding three miles in width, to be measured back from highwater mark, and six miles in length, and not being at a greater distance in any part of said strip from the courthouse in the county seat of the county to which the territory is proposed to be annexed, as such county seat and courthouse are now situated, than ten miles, a majority of the qualified electors living in such territory may petition to have the territory stricken from the county of which it shall then be a part, and added to and made a part of the county contiguous thereto.

The petition shall describe with certainty the bounds and area of the territory, with the reasons for making the change and shall be presented to the board of county commissioners of the county in which the territory is located, which shall proceed to ascertain if the petition contains the requisite number of petitioners, who must be bona fide residents of the territory sought to be stricken off and transferred to the contiguous county.

If satisfied that the petition is signed by a majority of the bona fide electors of the territory, and that there will remain in the county from which it is taken more than four thousand inhabitants, the board shall make an order that a special election be held within the limits of the territory described in the petition, on a date to be named in the order.

Notices of the election shall contain a description of the territory proposed to be transferred and the names of the counties from and to which the transfer is intended to be made, and shall be posted and published as required for general elections. [1963 c 4 § 36.08.010. Prior: 1891 c 144 § 1; RRS § 3972.]

The ballots used at such election shall contain the words "for transferring territory," or "against transferring territory." The votes shall be canvassed, as by law required, within twenty days, and if three-fifths of the votes cast in the territory at such election are "for transferring territory," the territory described in the petition shall become a part of and be added to and made a part of the county contiguous thereto, and within thirty days after the canvass of the returns of the election, the governor shall issue his or her proclamation of the change of county lines. Every county which is thus enlarged by territory taken from another county shall be liable for a just proportion of the existing debts of the county from which such territory is stricken, which proportion shall be paid by the county to which such territory is transferred at such time and in such manner as may be agreed upon by the boards of county commissioners of both counties: PROVIDED, That the county to which the territory is transferred shall not be liable for any portion of the debt of the county from which the territory is taken, incurred in the purchase of any county property, or the construction of any county building then in use or under construction, which shall fall within and be retained by the county from which the territory is taken. [1963 c 4 § 36.08.050. Prior: 1891 c 144 § 5; RRS § 3976.]

36.08.060 Adjustment of indebtedness. The county auditors of the respective counties interested in the transfer of territory, as in this chapter provided, are constituted a board of appraisers and adjusters, to appraise the property, both real and personal, owned by the county from which the territory is taken, and to adjust the indebtedness of such county with the county to which such territory is transferred, in proportion to the amount of taxable property within the territory taken from the one county and transferred to the other. The county auditor of the county to which any territory may be transferred may take transcripts of all records, books, papers, etc., on file in the office of the county auditor of the county from which the territory has been transferred, which may be necessary to perfect the records of his or her county, and for this purpose he or she shall have access to the records of the county from which such territory is stricken, free of cost. 36.08.100 Construction—Limitations. Nothing in this chapter shall be construed to authorize the annexing of territory of one county to a neighboring county, where the territory proposed to be annexed, or any part thereof, is at a greater distance than ten miles from the courthouse in the county seat of the county to which said territory is proposed to be annexed, as said courthouse is now located, nor to authorize the annexation of any territory at a greater distance than three miles from high water mark of tide water, but such annexation shall be strictly confined within said limits. 36.09.010 Debts and property to be apportioned.

Whenever a new county shall be or shall have been organized out of the territory which was included within the limits of any other county or counties, the new county shall be liable for a reasonable proportion of the debts of the county from which it was taken, and entitled to its proportion of the property of the county. [1963 c 4 § 36.09.010. Prior: Code 1881 § 2657; 1863 p 538 § 3; 1854 p 330 § 1; RRS § 3986.]

The auditor of the old county shall give the auditor of the new county reasonable notice to meet him or her on a certain day at the county seat of the old county, or at some other convenient place, to settle upon and fix the amount which the new county shall pay. In doing so, they shall not charge either county with any share of debts arising from the erection of public buildings, or out of the construction of roads or bridges which shall be and remain, after the division, within the limits of the other county, and of the other debts they shall apportion to each county such a share of the indebtedness as may be just and equitable, taking into consideration the population of such portion of territory so forming a part of the said counties while so united, and also the relative advantages, derived from the old county organization. [2009 c 549 § 4004; 1963 c 4 § 36.09.020. Prior: (i) Code 1881 § 2658; 1863 p 538 § 4; 1854 p 330 § 2; RRS § 3987. 36.09.035 Procedure to settle amount charged new county—Disagreement between auditors—Determination by third person. In case the two auditors cannot agree, they shall call a third person, not a citizen of either county, or

in any other manner interested, whose decision shall be binding. In case they cannot agree upon such third person, they shall each name one and decide by lot which it shall be. [1963 c 4 § 36.09.035. Prior: Code 1881 § 2659; 1863 p 539 § 5; 1854 p 330 § 3; RRS § 3988.]

[2009 c 549 § 4005; 1963 c 4 § 36.09.040. Prior: Code 1881 § 2660; 1863 p 539 § 6; 1854 p 330 § 4; RRS § 3989.]

36.09.050 Collection of taxes levied—Apportionment. When a county is divided or the boundary is altered, all taxes levied before the division was made or boundaries changed, must be collected by the officers of the county in which the territory was situated before the division or change. And the auditor or auditors of the county or counties so divided or having boundaries changed, shall apportion the amount of the real property taxes so collected after division or change of boundary to the old county or counties and the new county or counties, in the ratio of the assessed value of such property situated in the territory of each county or counties respectively, and the old county that may have been divided or whose boundaries may have been changed, shall retain all of the personal property taxes on the said tax rolls, as compensation for cost of collection of the entire taxes: PROVIDED, That in such accounting neither county shall be charged with any debt or liability then existing incurred in the purchase of any county property, or in the purchase or construction of any county buildings then in use or under construction, which shall fall within and be retained by the county: PROVIDED FURTHER, That this shall not be construed to affect the rights of creditors: AND PROVIDED FURTHER, That any such county property or buildings shall be the property of and owned by the county wherein the same is situated. In case the auditors of the interested counties are not able to agree upon the proportion to be awarded to each county, the same shall be determined by the judge of the superior court of the district in which all of the interested counties are situated, if they be in one district, and have one common judge, and if not, by the judges sitting en banc of the superior courts of the counties involved. 36.16.110 Vacancies in office. (1) The county legislative authority in each county shall, at its next regular or special meeting after being appraised of any vacancy in any county, township, precinct, or road district office of the county, fill the vacancy by the appointment of some person qualified to hold such office, and the officers thus appointed shall hold office until the next general election, and until their successors are elected and qualified.

(2) If a vacancy occurs in a partisan county office after the general election in a year that the position appears on the

ballot and before the start of the next term, the term of the successor who is of the same party as the incumbent may commence once he or she has qualified as defined in RCW 29A.04.133 and shall continue through the term for which he or she was elected.

(3) If a vacancy occurs in a nonpartisan county board of commissioners elective office or nonpartisan county council elective office, the person appointed to fill the vacancy must be from the same legislative district, county, or county commissioner or council district as the county elective officer whose office was vacated, and must be one of three persons who must be nominated by the nonpartisan executive or nonpartisan chair of the board of commissioners for the county. In case a majority of the members of the county legislative authority do not agree upon the appointment within sixty days after the vacancy occurs, the governor shall within thirty days thereafter, and from the list of nominees provided for in this section, appoint someone to fill the vacancy.

(4) If a vacancy occurs in a nonpartisan county board of commissioners elective office or nonpartisan county council elective office after the general election in a year that the position appears on the ballot and before the start of the next term, the term of the successor may commence once he or she has qualified as defined in RCW 29A.04.133 and shall continue through the term for which he or she was elected. Findings—Intent—2010 c 207: "The legislature finds that a number of counties have moved to designate certain countywide elective offices as nonpartisan. Because the creation of these nonpartisan offices is a relatively new occurrence, there is not a mechanism in the state Constitution or statutory laws to fill vacancies in these offices. The legislature also finds that many local governments have not created a mechanism for expeditiously filling the vacancies. The legislature further finds the following: Political representation is an important and fundamental aspect of elective government; vacancies in elective office effectively disenfranchise portions of the state's citizenry; vacancies in elective office can hamper or completely stall the efficient administration of all aspects of governance, including the appointment of inferior officeholders responsible for the administration of health, public safety, and a myriad of social services; and that all of these governing functions represent public policy considerations of broad concern. Therefore, it is the responsibility and intent of the legislature to provide a mechanism for filling vacancies in these offices that is in keeping with the state Constitution and current statute." [2010 c 207 § 1.]

36.16.115 Vacancy in partisan elective office—Appointment of acting official. Where a vacancy occurs in any partisan county elective office, other than a member of the county legislative authority, the county legislative authority may appoint an employee that was serving as a deputy or assistant in such office at the time the vacancy occurred as an acting official to perform all necessary duties to continue normal office operations. The acting official will serve until a successor is either elected or appointed as required by law. This section does not apply to any vacancy occurring in a charter county which has charter provisions inconsistent with this section. [1981 c 180 § 3.]

36.16.120 Officers must complete business. All county officers shall complete the business of their offices, to

the time of the expiration of their respective terms, and in case any officer, at the close of his or her term, leaves to his or her successor official labor to be performed, which it was his or her duty to perform, he or she shall be liable to his or her successor for the full value of such services. [2009 c 549 § 4011; 1963 c 4 § 36.16.120. Prior: 1890 p 315 § 43; RRS § 4031.]

36.16.125 Elected officials—Abandonment of responsibilities—Declaratory judgment—Compensation denied during abandonment. The county legislative authority of a county may cause an action to be filed in the superior court of that county for a declaratory judgment finding that a county elected official has abandoned his or her responsibilities by being absent from the county and failing to perform his or her official duties for a period of at least thirty consecutive days, but not including: (1) Absences approved by the county legislative authority; or (2) absences arising from leave taken for legitimate medical or disability purposes. If such a declaratory judgment is issued, the county official is no longer eligible to receive compensation from the date the declaratory judgment is issued until the court issues a subsequent declaratory judgment finding that the county official has commenced performing his or her responsibilities. [1999 c 71 § 1.]

36.16.130 Group false arrest insurance for law enforcement personnel. Any county may contract with an insurance company authorized to do business in this state to provide group false arrest insurance for its law enforcement personnel and pursuant thereto may use such portion of its revenues to pay the premiums therefor as the county may determine. The board of county commissioners of each county may purchase liability insurance with such limits as they may deem reasonable for the purpose of protecting their officials and employees against liability for personal or bodily injuries and property damage arising from their acts or omissions while performing or in good faith purporting to perform their official duties. [1969 ex.s. c 59 § 1.]

36.16.138 Liability insurance for officers and employees of municipal corporations and political subdivisions authorized. Any board of commissioners, council, or board of directors or other governing board of any county, city, town, school district, port district, public utility district, water-sewer district, irrigation district, or other municipal corporation or political subdivision is authorized to purchase insurance to protect and hold personally harmless any of its commissioners, councilmembers, directors, or other governing board members, and any of its other officers, employees, and agents from any action, claim, or proceeding instituted against the foregoing individuals arising out of the performance, purported performance, or failure of performance, in good faith of duties for, or employment with, such institutions and to hold these individuals harmless from any expenses connected with the defense, settlement, or monetary judgments from such actions, claims, or proceedings. The purchase of such insurance for any of the foregoing individu-

als and the policy limits shall be discretionary with the municipal corporation or political subdivision, and such insurance shall not be considered to be compensation for these individuals.

The provisions of this section are cumulative and in addition to any other provision of law authorizing any municipal corporation or political subdivision to purchase liability insurance. [1999 c 153 § 43; 1975 c 16 § 1.]

The legislative authority of a county may elect to treat offenders as employees and/or workers under Title 51 RCW. [2002 c 175 § 32; 1984 c 24 § 3.]

Prior: 1957 c 219 § 3; prior: (i) 1953 c 264 § 1; 1949 c 200 § 1, part; 1945 c 87 § 1, part; 1937 c 197 § 3, part; 1933 c 136 § 6, part; 1925 ex.s. c 148 § 6, part; 1919 c 168 § 2, part; Rem. Supp. 1949 § 4200-5a, part. (ii) 1921 c 184 § 2; RRS § 4203.]

Findings—2008 c 309: "The legislature finds that an elected county prosecuting attorney functions as both a state officer in pursuing criminal cases on behalf of the state of Washington, and as a county officer who acts as civil counsel for the county, and provides services to school districts and lesser taxing districts by statute.

The elected prosecuting attorney's dual role as a state officer and a county officer is reflected in various provisions of the state Constitution and within state statute.

The legislature finds that the responsibilities and decisions required of the elected prosecuting attorney are essentially the same in every county within Washington state, from a decision to seek the death penalty in an aggravated murder case, to the decision not to prosecute but refer an offender to drug court; from a decision to pursue child rape charges based solely upon the testimony of the child, to a decision to divert juvenile offenders out of the justice system. Therefore, the legislature finds that elected prosecuting attorneys need to exercise the same level of skill and expertise in the least populous county as in the most populous county.

The legislature finds that the salary of the elected county prosecuting attorney should be tied to that of a superior court judge. This furthers the state's interests and responsibilities under the state Constitution, and is consistent with the current practice of several counties in Washington state, the practices of several other states, and the national district attorneys' association national standards." [2008 c 309 § 1.]

Effective date—2008 c 309: "This act takes effect July 1, 2008." [2008 c 309 § 3.]

The superior court may, at sentencing or at any time within ten years, assess as court costs the moneys paid for remuneration for services or charges paid to collection agencies or for collection services. By agreement, clerks may authorize collection agencies to retain all or any portion of the interest collected on these accounts. Collection may not be initiated with respect to a criminal offender who is under the supervision of the department of corrections without the prior agreement of the department. Superior court clerks are encouraged to initiate collection action with respect to a criminal offender who is under the supervision of the department of corrections, with the department's approval.

Any contract with a collection agency shall be awarded only after competitive bidding. Factors that a court clerk shall consider in awarding a collection contract include but are not

The county clerk may collect civil judgments where the county is the creditor. [1997 c 24 § 1. Prior: 1995 c 291 § 8; 1995 c 262 § 1; 1994 c 185 § 9.]

36.21.011 Appointment of deputies and assistants—Engaging expert appraisers—Employment and classification plans for appraisers. Any assessor who deems it necessary in order to complete the listing and the valuation of the property of the county within the time prescribed by law, (1) may appoint one or more well qualified persons to act as assistants or deputies who shall not engage in the private practice of appraising within the county in which he or she is employed without the written permission of the assessor filed with the auditor; and each such assistant or deputy so appointed shall, under the direction of the assessor, after taking the required oath, perform all the duties enjoined upon, vested in or imposed upon assessors, and (2) may contract with any persons, firms or corporations, who are expert appraisers, to assist in the valuation of property.

To assist each assessor in obtaining adequate and well qualified assistants or deputies, the office of financial management, after consultation with the Washington state association of county assessors, the Washington state association of counties, and the department of revenue, shall establish by July 1, 1967, and shall thereafter maintain, a classification and salary plan for those employees of an assessor who act as appraisers. The plan shall recommend the salary range and employment qualifications for each position encompassed by it, and shall, to the fullest extent practicable, conform to the classification plan, salary schedules and employment qualifications for state employees performing similar appraisal functions.

An assessor who intends to put such plan into effect shall inform the department of revenue and the county legislative authority of this intent in writing. The department of revenue and the county legislative authority may thereupon each designate a representative, and such representative or representatives as may be designated by the department of revenue or the county legislative authority, or both, shall form with the assessor a committee. The committee so formed may, by unanimous vote only, determine the required number of certified appraiser positions and their salaries necessary to enable the assessor to carry out the requirements relating to revaluation of property in chapter 84.41 RCW. The determination of the committee shall be certified to the county legislative authority. The committee may be formed only once in a period of four calendar years.

After such determination, the assessor may provide, in each of the four next succeeding annual budget estimates, for as many positions as are established in such determination. Each county legislative authority to which such a budget estimate is submitted shall allow sufficient funds for such positions. An employee may be appointed to a position covered by the plan only if the employee meets the employment qualifications established by the plan. [2011 1st sp.s. c 43 § 470;

(1) Except as provided in subsection (3) of this section, a surcharge of ten dollars per instrument shall be charged by the county auditor for each document recorded, which will be

in addition to any other charge authorized by law. The county may retain up to five percent of these funds collected solely for the collection, administration, and local distribution of these funds. Of the remaining funds, forty percent of the revenue generated through this surcharge will be transmitted monthly to the state treasurer who will deposit the funds into the affordable housing for all account created in RCW 43.185C.190. The department of commerce must use these funds to provide housing and shelter for extremely low-income households, including but not limited to housing for victims of human trafficking and their families and grants for building operation and maintenance costs of housing projects or units within housing projects that are affordable to extremely low-income households with incomes at or below thirty percent of the area median income, and that require a supplement to rent income to cover ongoing operating expenses.

(2) All of the remaining funds generated by this surcharge will be retained by the county and be deposited into a fund that must be used by the county and its cities and towns for eligible housing activities as described in this subsection that serve very low-income households with incomes at or below fifty percent of the area median income. The portion of the surcharge retained by a county shall be allocated to eligible housing activities that serve extremely low and very low-income households in the county and the cities within a county according to an interlocal agreement between the county and the cities within the county consistent with countywide and local housing needs and policies. A priority must be given to eligible housing activities that serve extremely low-income households with incomes at or below thirty percent of the area median income. Eligible housing activities to be funded by these county funds are limited to:

(a) Acquisition, construction, or rehabilitation of housing projects or units within housing projects that are affordable to very low-income households with incomes at or below fifty percent of the area median income, including units for homeownership, rental units, seasonal and permanent farmworker housing units, units reserved for victims of human trafficking and their families, and single room occupancy units;

(b) Supporting building operation and maintenance costs of housing projects or units within housing projects eligible to receive housing trust funds, that are affordable to very low-income households with incomes at or below fifty percent of the area median income, and that require a supplement to rent income to cover ongoing operating expenses;

(c) Rental assistance vouchers for housing units that are affordable to very low-income households with incomes at or below fifty percent of the area median income, including rental housing vouchers for victims of human trafficking and their families, to be administered by a local public housing authority or other local organization that has an existing rental assistance voucher program, consistent with or similar to the United States department of housing and urban development's section 8 rental assistance voucher program standards; and

(d) Operating costs for emergency shelters and licensed overnight youth shelters.

(3) The surcharge imposed in this section does not apply to assignments or substitutions of previously recorded deeds

of trust. [2011 c 110 § 1; 2007 c 427 § 1; 2005 c 484 § 18; 2002 c 294 § 2.]

Findings—Conflict with federal requirements—Effective date—2005 c 484: See RCW 43.185C.005, 43.185C.901, and 43.185C.902.

Findings—2002 c 294: "The legislature recognizes housing affordability has become a significant problem for a large portion of society in many parts of Washington state in recent years. The state has traditionally focused its resources on housing for low-income populations. Additional funding resources are needed for building operation and maintenance activities for housing projects affordable to extremely low-income people, for example farmworkers or people with developmental disabilities. Affordable rents for extremely low-income people are not sufficient to cover the cost of building operations and maintenance. In addition resources are needed at the local level to assist in development and preservation of affordable low-income housing to address critical local housing needs." [2002 c 294 § 1.]

36.22.179 Surcharge for local homeless housing and assistance—Use. (1) In addition to the surcharge authorized in RCW 36.22.178, and except as provided in subsection (2) of this section, an additional surcharge of ten dollars shall be charged by the county auditor for each document recorded, which will be in addition to any other charge allowed by law. From September 1, 2012, through June 30, 2019, the surcharge shall be forty dollars. The funds collected pursuant to this section are to be distributed and used as follows:

(a) The auditor shall retain two percent for collection of the fee, and of the remainder shall remit sixty percent to the county to be deposited into a fund that must be used by the county and its cities and towns to accomplish the purposes of chapter 484, Laws of 2005, six percent of which may be used by the county for administrative costs related to its homeless housing plan, and the remainder for programs which directly accomplish the goals of the county's local homeless housing plan, except that for each city in the county which elects as authorized in RCW 43.185C.080 to operate its own local homeless housing program, a percentage of the surcharge assessed under this section equal to the percentage of the city's local portion of the real estate excise tax collected by the county shall be transmitted at least quarterly to the city treasurer, without any deduction for county administrative costs, for use by the city for program costs which directly contribute to the goals of the city's local homeless housing plan; of the funds received by the city, it may use six percent for administrative costs for its homeless housing program.

(b) The auditor shall remit the remaining funds to the state treasurer for deposit in the home security fund account. The department may use twelve and one-half percent of this amount for administration of the program established in RCW 43.185C.020, including the costs of creating the statewide homeless housing strategic plan, measuring performance, providing technical assistance to local governments, and managing the homeless housing grant program. Of the remaining eighty-seven and one-half percent, at least forty-five percent must be set aside for the use of private rental housing payments, and the remainder is to be used by the department to:

(i) Provide housing and shelter for homeless people including, but not limited to: Grants to operate, repair, and staff shelters; grants to operate transitional housing; partial payments for rental assistance; consolidated emergency assistance; overnight youth shelters; grants and vouchers designated for victims of human trafficking and their families; and emergency shelter assistance; and

(ii) Fund the homeless housing grant program.

(2) The surcharge imposed in this section does not apply to (a) assignments or substitutions of previously recorded deeds of trust, (b) documents recording a birth, marriage, divorce, or death, (c) any recorded documents otherwise exempted from a recording fee or additional surcharges under state law, (d) marriage licenses issued by the county auditor, or (e) documents recording a state, county, or city lien or satisfaction of lien. 36.22.1791 Additional surcharge for local homeless housing and assistance—Use. (1) In addition to the surcharges authorized in RCW 36.22.178 and 36.22.179, and except as provided in subsection (2) of this section, the county auditor shall charge an additional surcharge of eight dollars for each document recorded, which is in addition to any other charge allowed by law. The funds collected under this section are to be distributed and used as follows:

(a) The auditor shall remit ninety percent to the county to be deposited into a fund six percent of which may be used by the county for administrative costs related to its homeless housing plan, and the remainder for programs that directly accomplish the goals of the county's local homeless housing plan, except that for each city in the county that elects, as authorized in RCW 43.185C.080, to operate its own local homeless housing program, a percentage of the surcharge assessed under this section equal to the percentage of the city's local portion of the real estate excise tax collected by the county must be transmitted at least quarterly to the city treasurer for use by the city for program costs that directly contribute to the goals of the city's local homeless housing plan.

(b) The auditor shall remit the remaining funds to the state treasurer for deposit in the home security fund account. The department may use the funds for administering the program established in RCW 43.185C.020, including the costs of creating and updating the statewide homeless housing strategic plan, measuring performance, providing technical assistance to local governments, and managing the homeless housing grant program. Remaining funds may also be used to:

(i) Provide housing and shelter for homeless people including, but not limited to: Grants to operate, repair, and staff shelters; grants to operate transitional housing; partial payments for rental assistance; consolidated emergency assistance; overnight youth shelters; grants and vouchers designated for victims of human trafficking and their families; and emergency shelter assistance; and

(ii) Fund the homeless housing grant program.

(2) The surcharge imposed in this section does not apply to assignments or substitutions of previously recorded deeds of trust. [2011 c 110 § 3; 2007 c 427 § 5.]

36.22.181 Surcharge for prosecution of mortgage lending fraud—Transmittal to state treasurer. (Expires June 30, 2021.) (1) Except as provided in subsection (2) of this section, a surcharge of one dollar shall be charged by the county auditor at the time of recording of each deed of trust,

which will be in addition to any other charge authorized by law. The auditor may retain up to five percent of the funds collected to administer collection. 36.24.020 Inquests—Jury—Venue—Payment of costs. Any coroner, in his or her discretion, may hold an inquest if the coroner suspects that the death of a person was unnatural, or violent, or resulted from unlawful means, or from suspicious circumstances, or was of such a nature as to indicate the possibility of death by the hand of the deceased or through the instrumentality of some other person: PROVIDED, That, except under suspicious circumstances, no inquest shall be held following a traffic death.

When an inquest is transferred to another county due to unavailability of a courtroom, the county from which such inquest is transferred shall pay the county in which the inquest is held all costs accrued for per diem and mileage for jurors and witnesses and all other costs properly charged to the transferring county. (a) Any single board of county commissioners, county council, or other governing body of any county which has neither a board of county commissioners nor a county council denominated as such; and

(b) The governing bodies, including any combination or mixture of more than one board of county commissioners, county council, or otherwise denominated governing body of a county, of any two or more contiguous counties electing to participate jointly in the support of any intercounty public defender.

(2) "District" or "public defender district" means any one or more entire counties electing to employ a public defender; and no county shall be divided in the creation of any public defender district. [1969 c 94 § 1.]

36.26.020 Public defender district—Creation—Office of public defender. The board of county commissioners of any single county or of any two or more territorially contiguous counties or acting in cooperation with the governing authority of any city located within the county or counties may, by resolution or by ordinance, or by concurrent resolutions or concurrent ordinances, constitute such county or counties or counties and cities as a public defender district, and may establish an office of public defender for such district. [1969 c 94 § 2.]

36.26.030 Selection committee. The board of county commissioners of every county electing to become or to join in a public defender district shall appoint a selection committee for the purpose of selecting a full or part time public defender for the public defender district. Such selection committee shall consist of one member of each board of county commissioners, one member of the superior court from each county, and one practicing attorney from each county within the district. [1969 c 94 § 3.]

36.26.040 Public defender—Qualifications—Term. Every public defender and every assistant public defender must be a qualified attorney licensed to practice law in this state; and the term of the public defender shall coincide with the elected term of the prosecuting attorney. [1969 c 94 § 4.]

36.26.050 Reports—Records—Costs and expenses. The public defender shall make an annual report to each board of county commissioners within his or her district. If

any public defender district embraces more than one county or a cooperating city, the public defender shall maintain records of expenses allocable to each county or city within the district, and shall charge such expenses only against the county or city for which the services were rendered or the costs incurred. The boards of county commissioners of counties and the governing authority of any city participating jointly in a public defender district are authorized to provide for the sharing of the costs of the district by mutual agreement, for any costs which cannot be specifically apportioned to any particular county or city within the district.

Expenditures by the public defender shall be subject to the provisions of chapter 36.40 RCW and other statutes relating to expenditures by counties or cities. [2009 c 549 § 4041; 1969 c 94 § 5.]

36.26.060 Compensation—Office—Assistants, clerks, investigators, etc. (1) The board of county commissioners shall:

(b) Provide office space, furniture, equipment and supplies for the use of the public defender suitable for the conduct of his or her office in the discharge of his or her duties, or provide an allowance in lieu of facilities and supplies.

(2) The public defender may appoint as many assistant attorney public defenders, clerks, investigators, stenographers and other employees as the board of county commissioners considers necessary in the discharge of his or her duties as a public defender. [2009 c 549 § 4042; 1969 c 94 § 6.]

36.26.070 Duty to represent indigent defendants. The public defender must represent, without charge to any accused, every indigent person who is or has been arrested or charged with a crime for which court appointed counsel for indigent defendants is required either under the Constitution of the United States or under the Constitution and laws of the state of Washington:

(1) If such arrested person or accused, having been apprised of his or her constitutional and statutory rights to counsel, requests the appointment of counsel to represent him or her; and

(2) If a court, on its own motion or otherwise, does not appoint counsel to represent the accused; and

(3) Unless the arrested person or accused, having been apprised of his or her right to counsel in open court, affirmatively rejects or intelligently repudiates his or her constitutional and statutory rights to be represented by counsel. [2009 c 549 § 4043; 1984 c 76 § 18; 1969 c 94 § 7.]

36.26.080 Duty to counsel, defend, and prosecute appeals. Whenever the public defender represents any indigent person held in custody without commitment or charged with any criminal offense, he or she must (1) counsel and defend such person, and (2) prosecute any appeals and other remedies, whether before or after conviction, which he or she

considers to be in the interests of justice. [2009 c 549 § 4044; 1969 c 94 § 8.]

36.26.090 Appointment of attorney other than public defender. For good cause shown, or in any case involving a crime of widespread notoriety, the court may, upon its own motion or upon application of either the public defender or of the indigent accused, appoint an attorney other than the public defender to represent the accused at any stage of the proceedings or on appeal: PROVIDED, That the public defender may represent an accused, not an indigent, in any case of public notoriety where the court may find that adequate retained counsel is not available. The court shall award, and the county in which the offense is alleged to have been committed shall pay, such attorney reasonable compensation and reimbursement for any expenses reasonably and necessarily incurred in the presentation of the accused's defense or appeal, in accordance with RCW 4.88.330. [1984 c 76 § 19; 1983 c 3 § 76; 1969 c 94 § 9.]

36.26.900 Chapter cumulative and nonexclusive. The provisions of this chapter shall be cumulative and nonexclusive and shall not affect any other remedy, particularly in counties electing not to create the office of public defender: PROVIDED, That nothing herein shall be construed to prevent the appointment of a full time or part time assigned-counsel administrator for the purpose of maintaining a centrally administered system for the assignment of counsel to represent indigent persons. [1969 c 94 § 10.]

(vi) Ensure that the offender information contained within the statewide automated victim information and notification system is updated frequently to timely notify a crime victim that an offender has been released or discharged or has escaped. However, the failure of the statewide automated victim information and notification system to provide notice to the victim does not establish a separate cause of action by the victim against state officials, local officials, law enforcement officers, or any related correctional authorities.

(b) Participation in the statewide automated victim information and notification program satisfies any obligation to notify the crime victim of an offender's custody status and the status of the offender's upcoming court events so long as:

The first responder building mapping system in this act is to be developed for a limited and specific purpose and is in no way to be construed as imposing standards or system requirements on any other mapping systems developed and used for any other local government purposes." However, the commissioners of any county composed entirely of islands and with a population of less than thirty-five thousand may divide their county into three commissioner districts without regard to population, except that if any single island is included in more than one district, the districts on such island shall comprise, as nearly as possible, equal populations.

The lines of the districts shall not be changed oftener than once in four years and only when a full board of commissioners is present. The districts shall be designated as districts numbered one, two and three. [1982 c 226 § 4; 1970 ex.s. c 58 § 1; 1963 c 4 § 36.32.020. Prior: 1893 c 39 § 2; 1890 p 317 §§ 1, 2; RRS § 4037.]

Such candidates shall be nominated in the same manner as candidates for other county and district offices are nominated in all other respects.

(2) Where the commissioners of a county composed entirely of islands with a population of less than thirty-five thousand have chosen to divide the county into unequal-sized commissioner districts pursuant to the exception provided in

RCW 36.32.020, the qualified electors of the entire county shall nominate from among their own number who reside within a commissioner district, candidates for the office of county commissioner of such commissioner district to be voted for at the following general election. State building code: Chapter 19.27 RCW.

36.32.235 Competitive bids—Purchasing department—Counties with a population of four hundred thousand or more—Public works procedures—Riverine and storm water projects—Exceptions. (1) In each county with a population of four hundred thousand or more which by resolution establishes a county purchasing department, the purchasing department shall enter into leases of personal property on a competitive basis and purchase all supplies, materials, and equipment on a competitive basis, for all departments of the county, as provided in this chapter and chapter 39.04 RCW, except that the county purchasing department is not required to make purchases that are paid from the county road fund or equipment rental and revolving fund.

(2) As used in this section:

(a) "Public works" has the same definition as in RCW 39.04.010.

(b) "Riverine project" means a project of construction, alteration, repair, replacement, or improvement other than ordinary maintenance, executed at the cost of the state or of any municipality, or which is by law a lien or charge on any property, carried out on a river or stream and its tributaries and associated floodplains, beds, banks, and waters for the purpose of improving aquatic habitat, improving water quality, restoring floodplain function, or providing flood protection.

(c) "Storm water project" means a project of construction, alteration, repair, replacement, or improvement other than ordinary maintenance, executed at the cost of the state or of any municipality, or which is by law a lien or charge on any property, carried out on a municipal separate storm sewer system, and any connections to the system, that is regulated under a state-issued national pollutant discharge elimination system general municipal storm water permit for the purpose of improving control of storm water runoff quantity and quality from developed land, safely conveying storm water runoff, or reducing erosion or other water quality impacts caused by municipal separate storm sewer system discharges.

(3) Except as otherwise specified in this chapter or in chapter 36.77 RCW, all counties subject to these provisions shall contract on a competitive basis for all public works after bids have been submitted to the county upon specifications therefor. Such specifications shall be in writing and shall be filed with the clerk of the county legislative authority for public inspection.

(4) An advertisement shall be published in the county official newspaper stating the time and place where bids will

be opened, the time after which bids will not be received, the character of the work to be done, the materials and equipment to be furnished, and that specifications therefor may be seen at the office of the clerk of the county legislative authority. An advertisement shall also be published in a legal newspaper of general circulation in or as near as possible to that part of the county in which such work is to be done. If the county official newspaper is a newspaper of general circulation covering at least forty percent of the residences in that part of the county in which such public works are to be done, then the publication of an advertisement of the applicable specifications in the county official newspaper is sufficient. Such advertisements shall be published at least once at least thirteen days prior to the last date upon which bids will be received.

(5) The bids shall be in writing, may be in either hard copy or electronic form as specified by the county, shall be filed with the clerk, shall be opened and read in public at the time and place named therefor in the advertisements, and after being opened, shall be filed for public inspection. No bid may be considered for public work unless it is accompanied by a bid deposit in the form of a surety bond, postal money order, cash, cashier's check, or certified check in an amount equal to five percent of the amount of the bid proposed.

(6) The contract for the public work shall be awarded to the lowest responsible bidder. Any or all bids may be rejected for good cause. The county legislative authority shall require from the successful bidder for such public work a contractor's bond in the amount and with the conditions imposed by law.

(7) If the bidder to whom the contract is awarded fails to enter into the contract and furnish the contractor's bond as required within ten days after notice of the award, exclusive of the day of notice, the amount of the bid deposit shall be forfeited to the county and the contract awarded to the next lowest and best bidder. The bid deposit of all unsuccessful bidders shall be returned after the contract is awarded and the required contractor's bond given by the successful bidder is accepted by the county legislative authority. Immediately after the award is made, the bid quotations obtained shall be recorded and open to public inspection and shall be available by telephone inquiry.

(8) As limited by subsection (10) of this section, a county subject to these provisions may have public works performed by county employees in any annual or biennial budget period equal to a dollar value not exceeding ten percent of the public works construction budget, including any amount in a supplemental public works construction budget, over the budget period.

Whenever a county subject to these provisions has had public works performed in any budget period up to the maximum permitted amount for that budget period, all remaining public works except emergency work under subsection (12) of this section within that budget period shall be done by contract pursuant to public notice and call for competitive bids as specified in subsection (3) of this section. The state auditor shall report to the state treasurer any county subject to these provisions that exceeds this amount and the extent to which the county has or has not reduced the amount of public works it has performed by public employees in subsequent years.

(9) If a county subject to these provisions has public works performed by public employees in any budget period

that are in excess of this ten percent limitation, the amount in excess of the permitted amount shall be reduced from the otherwise permitted amount of public works that may be performed by public employees for that county in its next budget period. Ten percent of the motor vehicle fuel tax distributions to that county shall be withheld if two years after the year in which the excess amount of work occurred, the county has failed to so reduce the amount of public works that it has performed by public employees. The amount withheld shall be distributed to the county when it has demonstrated in its reports to the state auditor that the amount of public works it has performed by public employees has been reduced as required.

(10) In addition to the percentage limitation provided in subsection (8) of this section, counties subject to these provisions containing a population of four hundred thousand or more shall not have public employees perform: A public works project in excess of ninety thousand dollars if more than a single craft or trade is involved with the public works project, a riverine project or storm water project in excess of two hundred fifty thousand dollars if more than a single craft or trade is involved with the riverine project or storm water project, a public works project in excess of forty-five thousand dollars if only a single craft or trade is involved with the public works project, or a riverine project or storm water project in excess of one hundred twenty-five thousand dollars if only a single craft or trade is involved with the riverine project or storm water project. A public works project, a riverine project, and a storm water project means a complete project. The restrictions in this subsection do not permit the division of the project into units of work or classes of work to avoid the restriction on work that may be performed by public employees on a single project.

The cost of a separate public works project shall be the costs of materials, supplies, equipment, and labor on the construction of that project. The value of the public works budget shall be the value of all the separate public works projects within the budget.

(11) In addition to the accounting and recordkeeping requirements contained in chapter 39.04 RCW, any county which uses public employees to perform public works projects under RCW 36.32.240(1) shall prepare a year-end report to be submitted to the state auditor indicating the total dollar amount of the county's public works construction budget and the total dollar amount for public works projects performed by public employees for that year.

The year-end report submitted pursuant to this subsection to the state auditor shall be in accordance with the standard form required by RCW 43.09.205.

(12) Notwithstanding any other provision in this section, counties may use public employees without any limitation for emergency work performed under an emergency declared pursuant to RCW 36.32.270, and any such emergency work shall not be subject to the limitations of this section. Publication of the description and estimate of costs relating to correcting the emergency may be made within seven days after the commencement of the work. Within two weeks of the finding that such an emergency existed, the county legislative authority shall adopt a resolution certifying the damage to public facilities and costs incurred or anticipated relating to correcting the emergency. Additionally this section shall not

apply to architectural and engineering or other technical or professional services performed by public employees in connection with a public works project.

(13) In lieu of the procedures of subsections (3) through (11) of this section, a county may let contracts using the small works roster process provided in RCW 39.04.155.

Whenever possible, the county shall invite at least one proposal from a minority or woman contractor who shall otherwise qualify under this section.

(14) The allocation of public works projects to be performed by county employees shall not be subject to a collective bargaining agreement.

(15) This section does not apply to performance-based contracts, as defined in RCW 39.35A.020(4), that are negotiated under chapter 39.35A RCW.

(16) Nothing in this section prohibits any county from allowing for preferential purchase of products made from recycled materials or products that may be recycled or reused.

(17) This section does not apply to contracts between the public stadium authority and a team affiliate under RCW 36.102.060(4), or development agreements between the public stadium authority and a team affiliate under RCW 36.102.060(7) or leases entered into under RCW 36.102.060(8). (2) In each county with a population of less than four hundred thousand which exercises this option, the purchasing department shall contract on a competitive basis for all public works, enter into leases of personal property on a competitive basis, and purchase all supplies, materials, and equipment, on a competitive basis, for all departments of the county, as provided in this chapter and chapter 39.04 RCW, except that the county purchasing department is not required to make purchases for the county hospital, or make purchases that are paid from the county road fund or equipment rental and revolving fund. Bid specifications shall be in writing and shall be filed with the clerk of the county legislative authority for public inspection. An advertisement shall be published in the official newspaper of the county stating the time and place where bids will be opened, the time after which bids will not be received, the materials, equipment, supplies, or services to be purchased, and that the specifications may be seen at the office of the clerk of the county legislative authority. (2) The bids shall be in writing, may be in either hard copy or electronic form as specified by the county, and shall be filed with the clerk. The bids shall be opened and read in public at the time and place named in the advertisement. Contracts requiring competitive bidding under this section may be awarded only to the lowest responsible bidder. Immediately after the award is made, the bid quotations shall be recorded and open to public inspection and shall be available by telephone inquiry. Any or all bids may be rejected for good cause.

(3) For advertisement and formal sealed bidding to be dispensed with as to purchases between ten thousand and fifty thousand dollars, the county legislative authority must use the uniform process to award contracts as provided in RCW 39.04.190. Advertisement and formal sealed bidding may be dispensed with as to purchases of less than ten thousand dollars upon the order of the county legislative authority.

Such specifications shall be in writing and shall be filed with the clerk of the county legislative authority for public inspection. An

advertisement shall be published in the county official newspaper stating the time and place where bids will be opened, the time after which bids will not be received, the character of the work to be done, the materials and equipment to be furnished, and that specifications therefor may be seen at the office of the clerk of the county legislative authority. If the bidder to whom the contract is awarded fails to enter into the contract and furnish the contractor's bond as required within ten days after notice of the award, exclusive of the day of notice, the amount of the bid deposit shall be forfeited to the county and the contract awarded to the next lowest and best bidder. A low bidder who claims error and fails to enter into a contract is prohibited from bidding on the same project if a second or subsequent call for bids is made for the project. The bid deposit of all unsuccessful bidders shall be returned after the contract is awarded and the required contractor's bond given by the successful bidder is accepted by the county legislative authority. In the letting of any contract for public works involving less than forty thousand dollars, advertisement and competitive bidding may be dispensed with on order of the county legislative authority. Immediately after the award is made, the bid quotations obtained shall be recorded and open to public inspection and shall be available by telephone inquiry.

In making such sales the board of county commissioners may sell any timber, mineral, or other resources on any land owned by the county separate and apart from the land in the

same manner and upon the same terms and conditions as provided in this chapter for the sale of real property.

The board of county commissioners may reserve mineral rights in such land and, if such reservation is made, any conveyance of the land shall contain the following reservation:

"The party of the first part hereby expressly saves, excepts, and reserves out of the grant hereby made, unto itself, its successors, and assigns, forever, all oils, gases, coals, ores, minerals, gravel, timber, and fossils of every name, kind, or description, and which may be in or upon said lands above described; or any part thereof, and the right to explore the same for such oils, gases, coals, ores, minerals, gravel, timber and fossils; and it also hereby expressly saves and reserves out of the grant hereby made, unto itself, its successors, and assigns, forever, the right to enter by itself, its agents, attorneys, and servants upon said lands, or any part or parts thereof, at any and all times, for the purpose of opening, developing, and working mines thereon, and taking out and removing therefrom all such oils, gases, coal, ores, minerals, gravel, timber, and fossils, and to that end it further expressly reserves out of the grant hereby made, unto itself, its successors, and assigns, forever, the right by it or its agents, servants, and attorneys at any and all times to erect, construct, maintain, and use all such buildings, machinery, roads and railroads, sink such shafts, remove such oil, and to remain on said lands or any part thereof, for the business of mining and to occupy as much of said lands as may be necessary or convenient for the successful prosecution of such mining business, hereby expressly reserving to itself, its successors, and assigns, as aforesaid, generally, all rights and powers in, to, and over said land, whether herein expressed or not, reasonably necessary or convenient to render beneficial and efficient the complete enjoyment of the property and the rights hereby expressly reserved."

No rights shall be exercised under the foregoing reservation until provision has been made to pay to the owner of the land upon which the rights reserved are sought to be exercised, full payment for all damages sustained by reason of entering upon the land: PROVIDED, That if the owner for any cause refuses or neglects to settle the damages, the county, its successors, or assigns, or any applicant for a lease or contract from the county for the purpose of prospecting for or mining valuable minerals, or operation contract, or lease, for mining coal, or lease for extracting petroleum or natural gas, shall have the right to institute such legal proceedings in the superior court of the county wherein the land is situated, as may be necessary to determine the damages which the owner of the land may suffer. If the board elects to trade in the used equipment it shall include in its call for bids on the new equipment a notice that the county has for sale or trade-in used equipment of a specified type and description which will be sold or traded in on the same day and hour that the bids on the new equipment are opened. Any bidder on the new equipment may include in his or her offer to sell, an offer to accept the used equipment as a part payment of the new equipment purchase price, setting forth the amount of such allowance.

In determining the lowest and best bid on the new equipment the board shall consider the net cost to the county of such new equipment after trade-in allowances have been deducted. The board may accept the new equipment bid of any bidder without trading in the used equipment but may not require any such bidder to purchase the used equipment without awarding the bidder the new equipment contract. Nothing in this section shall bar anyone from making an offer for the purchase of the used equipment independent of a bid on the new equipment and the board shall consider such offers in relation to the trade-in allowances offered to determine the net best sale and purchase combination for the county. operate housing for very low-income, low-income, or moderate-income households as defined in RCW 43.63A.510 and special needs populations. Leases for housing for very low-income, low-income, or moderate-income households and special needs populations shall not be subject to any requirement of periodic rental adjustments, as provided in RCW 36.34.180, but shall provide for such fixed annual rents as appear reasonable considering the public, social, and health benefits to be derived by providing an adequate supply of safe and sanitary housing for very low-income, low-income, or moderate-income households and special needs populations. [1993 c 461 § 6; 1990 c 253 § 7.]

36.34.140 Leases of county property—Airports. The board of county commissioners, if it appears that it is for the best interests of the county and the people thereof, that any county real property and its appurtenances should be leased for a year or a term of years, may lease such property under the limitations and restrictions and in the manner provided in this chapter, and, if it appears that it is for the best interests of the county and the people thereof, that any county real property and its appurtenances which is now being, or is to be devoted to airport or aeronautical purposes or purposes incidental thereto, should be leased for a year or a term of years, said board of county commissioners may lease such property under the limitations and restrictions and in the manner provided in this chapter, and said board of county commissioners shall have power to lease such county real property and its appurtenances whether such property was heretofore or hereafter acquired or whether heretofore or hereafter acquired by tax deed under tax foreclosure proceedings for nonpayment of taxes or whether held or acquired in any other manner. 36.34.145 Leases of county property to nonprofit organizations for agricultural fairs. The legislative authority of any county owning property in or outside the limits of any city or town, or anywhere within the county, which is suitable for agricultural fair purposes may by negotiation lease such property for such purposes for a term not to exceed seventy-five years to any nonprofit organization that has demonstrated its qualification to conduct agricultural fairs. Such agricultural fair leases shall not be subject to any requirement of periodic rental adjustments, as provided in RCW 36.34.180, but shall provide for such fixed annual rental as shall appear reasonable, considering the benefit to be derived by the county in the promotion of the fair and in the improvement of the property. The lessee may utilize or rent out such property at times other than during the fair season for nonfair purposes in order to obtain income for fair purposes, and during the fair season may sublease portions of the property for purposes and activities associated with such fair. No sublease shall be valid unless the same shall be approved in writing by the county legislative authority: PRO-

VIDED, That failure of such lessee, except by act of God, war or other emergency beyond its control, to conduct an annual agricultural fair or exhibition, shall cause said lease to be subject to cancellation by the county legislative authority. A county legislative authority entering into an agreement with a nonprofit association to lease property for agricultural fair purposes shall, when requested to do so, file a copy of the lease agreement with the department of agriculture or the state fair commission in order to assure compliance with the provisions of RCW 15.76.165. 36.34.150 Application to lease—Deposit. Any person desiring to lease county lands shall make application in writing to the board of county commissioners. Each application shall be accompanied by a deposit of not less than ten dollars or such other sum as the county commissioners may require, not to exceed twenty-five dollars. The deposit shall be in the form of a certified check or certificate of deposit on some bank in the county, or may be paid in cash. In case the lands applied for are leased at the time they are offered, the deposit shall be returned to the applicant, but if the party making application fails or refuses to comply with the terms of his or her application and to execute the lease, the deposit shall be forfeited to the county, and the board of county commissioners shall pay the deposit over to the county treasurer, who shall place it to the credit of the current expense fund. [2009 c 549 § 4073; 1963 c 4 § 36.34.150. Prior: 1901 c 87 § 2; RRS § 4020.]

36.34.160 Notice of intention to lease. When, in the judgment of the board of county commissioners, it is found desirable to lease the land applied for, it shall first give notice of its intention to make such lease by publishing a notice in a legal newspaper at least once a week for the term of three weeks, and shall also post a notice of such intention in a conspicuous place in the courthouse for the same length of time. The notice so published and posted shall designate and describe the property which is proposed to be leased, together with the improvements thereon and appurtenances thereto, and shall contain a notice that the board of county commissioners will meet at the county courthouse on a day and at an hour designated in the notice, for the purpose of leasing the property which day and hour shall be at a time not more than a week after the expiration of the time required for the publication of the notice. [1963 c 4 § 36.34.160. Prior: 1901 c 87 § 3; RRS § 4021.]

36.34.170 Objections to leasing. Any person may appear at the meeting of the county commissioners or any adjourned meeting thereof, and make objection to the leasing of the property, which objection shall be stated in writing. In passing upon objections the board of county commissioners shall, in writing, briefly give its reasons for accepting or rejecting the same, and such objections, and the reasons for accepting or refusing the application, shall be published by the board in the next subsequent weekly issue of the newspaper in which the notice of hearing was published. [1963 c 4 § 36.34.170. Prior: 1901 c 87 § 5; RRS § 4023.]

36.34.180 Lease terms. At the day and hour designated in the notice or at any subsequent time to which the meeting may be adjourned by the board of county commissioners, but not more than thirty days after the day and hour designated for the meeting in the published notice, the board may lease the property in such notice described for a term of years and upon such terms and conditions as to the board may seem just and right in the premises. No lease shall be for a longer term in any one instance than ten years, and no renewal of a lease once executed and delivered shall be had, except by a re-letting and re-letting of the property according to the terms and conditions of this chapter: PROVIDED, That if a county owns property within or outside the corporate limits of any city or town or anywhere in the county suitable for municipal purposes, or for commercial buildings, or owns property suitable for manufacturing or industrial purposes or sites, or for military purposes, or for temporary or emergency housing, or for any requirement incidental to manufacturing, commercial, agricultural, housing, military, or governmental purposes, the board of county commissioners may lease it for such purposes for any period not to exceed thirty-five years: PROVIDED FURTHER, Where the property involved is or is to be devoted to airport purposes and construction work or the installation of new facilities is contemplated, the board may lease said property for such period as may equal the estimated useful life of such work or facilities but not to exceed seventy-five years.

If property is leased for municipal purposes or for commercial buildings or manufacturing or industrial purposes the lessee shall prior to the execution of the lease file with the board of county commissioners general plans and specifications of the building or buildings to be erected thereon for such purposes. All leases when executed shall provide that they shall be canceled by failure of the lessee to construct such building or buildings or other improvements for such purposes within three years from date of the lease, and in case of failure so to do the lease and all improvements thereon including the rentals paid, shall thereby be forfeited to the county unless otherwise stipulated. No change or modification of the plans shall be made unless first approved by the board of county commissioners. If at any time during the life of the lease the lessee fails to use the property for the purposes leased, without first obtaining permission in writing from the board of county commissioners so to do, the lease shall be forfeited.

Any lease made for a longer period than ten years shall contain provisions requiring the lessee to permit the rentals for every five year period thereafter, or part thereof, at the commencement of such period, to be readjusted and fixed by the board of county commissioners. In the event that the lessee and the board cannot agree upon the rentals for said five year period, the lessee shall submit to have the disputed rentals for the subsequent period adjusted by arbitration. The lessee shall pick one arbitrator and the board one, and the two so chosen shall select a third. No board of arbitrators shall reduce the rentals below the sum fixed or agreed upon for the last preceding period. All buildings, factories, or other improvements made upon property leased shall belong to and become property of such county, unless otherwise stipulated, at the expiration of the lease.

No lease shall be assigned without the assignment being first authorized by resolution of the board of county commissioners and the consent in writing of at least two members of the board endorsed on the lease. All leases when drawn shall contain this provision.

This section shall not be construed to limit the power of the board of county commissioners to sell, lease, or by gift convey any property of the county to the United States or any of its governmental agencies to be used for federal government purposes. [1963 c 4 § 36.34.180. Prior: 1951 c 41 § 1; 1941 c 110 § 2; 1913 c 162 § 1; 1903 c 57 § 1; 1901 c 87 § 4; RRS § 4022.]

36.34.190 Lease to highest responsible bidder. No lease shall be made by the county except to the highest responsible bidder at the time of the hearing set forth in the notice of intention to lease. [1963 c 4 § 36.34.190. Prior: 1901 c 87 § 6, part; RRS § 4024, part.]

36.34.192 Application of RCW 36.34.150 through 36.34.190 to certain service provider agreements under chapter 70.150 RCW. RCW 36.34.150 through 36.34.190 shall not apply to agreements entered into pursuant to chapter 70.150 RCW provided there is compliance with the procurement procedure under RCW 70.150.040. [1986 c 244 § 12.]

36.34.200 Execution of lease agreement. Upon the decision of the board of county commissioners to lease the lands applied for, a lease shall be executed in duplicate to the lessee by the chair of the board and the county auditor, attested by his or her seal of office, which lease shall also be signed by the lessee. The lease shall refer to the order of the board directing the lease, with a description of the lands conveyed, the periods of payment, and the amounts to be paid for each period. [2009 c 549 § 4074; 1963 c 4 § 36.34.200. Prior: 1901 c 87 § 7; RRS § 4025.]

36.34.205 Lease of building space—Counties with a population of six hundred thousand or more. In accordance with RCW 35.42.010 through 35.42.220, a county with a population of six hundred thousand or more may lease space and provide for the leasing of such space through leases with an option to purchase and the acquisition of buildings erected upon land owned by the county upon the expiration of lease of such land. For the purposes of this section, "building," as defined in RCW 35.42.020 shall be construed to include any building or buildings used as part of, or in connection with, the operation of the county. The authority conferred by this section is in addition to and not in lieu of any other provision authorizing counties to lease property. [2009 c 153 § 1; 1998 c 278 § 10.]

government for national forest purposes under the national forestland exchange regulations, for such compensation as may be deemed equitable. [1963 c 4 § 36.34.210. Prior: 1931 c 69 § 1; RRS § 4015-1.]

36.34.220 Lease or conveyance to United States for flood control, navigation, and allied purposes. This property may be conveyed or leased by deed or other instrument of conveyance or lease without notice and upon such consideration, if any, as shall be determined by the board and the deed or lease may be signed by the county treasurer when authorized to do so by resolution of the board. Any deed issued heretofore by any county to the United States under authority of section 1, chapter 46, Laws of 1937 and the amendments thereto, is ratified and approved and declared to be valid. [1963 c 4 § 36.34.220. Prior: 1945 c 94 § 1; 1941 c 142 § 1; 1937 c 46 § 1; Rem. Supp. 1945 § 4015-6.]

[1963 c 4 § 36.34.240. Prior: 1937 c 46 § 3; RRS § 4015-8.]

36.34.250 Lease or conveyance to the state or to United States for military, housing, and other purposes. 36.35.010 Purpose—Powers of county legislative authority as to tax title lands. The purpose of this chapter is to increase the power of county legislative authorities over tax title lands. The legislative authority of each county shall have the power to devote tax title lands to public use under its own control or the control of other governmental or quasi-governmental agencies, to exchange such lands for lands worth at least ninety percent of the value of the land exchanged, and to manage such lands to produce maximum revenue therefrom in the manner which derives the most income from such lands. The further purpose of this chapter is to relieve the courts of the obligation of supervising the county legislative authorities in the management and disposition of tax title lands. [1972 ex.s. c 150 § 1.]

36.35.020 "Tax title lands" defined—Held in trust for taxing districts. The term "tax title lands" as used in this chapter shall mean any tract of land acquired by the county for lack of other bidders at a tax foreclosure sale. Tax title lands are held in trust for the taxing districts. [2007 c 295 § 2; 1972 ex.s. c 150 § 2.]

36.35.070 Chapter as alternative. The provisions of this chapter shall be deemed as alternatives to, and not be limited by, the provisions of RCW 39.33.010, 36.34.130, and 36.35.140, nor shall the authority granted in this chapter be held to be subjected to or qualified by the terms of such statutory provisions. [1998 c 106 § 22; 1972 ex.s. c 150 § 8.]

36.35.080 Other lands not affected. Nothing in this chapter shall affect any land deeded in trust to the department of natural resources or its successors pursuant to the provisions of Title 76 RCW. [1988 c 128 § 7; 1972 ex.s. c 150 § 9.]

36.35.090 Chapter not affected by other acts. Notwithstanding any provision of law to the contrary, or provisions of law limiting the authority granted in this chapter, the legislative authority of any county shall have the authority to manage and exchange tax title lands heretofore or hereafter

acquired in the manner and on the terms and conditions set forth in this chapter. [1972 ex.s. c 150 § 3.]

36.35.100 Treatment of county held tax-title property. All property deeded to the county under the provisions of this chapter shall be treated as follows during the period the property is so held:

- (1) The property shall be:
 - (a) Stricken from the tax rolls as county property;
 - (b) Exempt from taxation;
 - (c) Exempt from special assessments except as provided in chapter 35.49 RCW and RCW 35.44.140 and 79.44.190; and
 - (d) Exempt from property owner association dues or fees.

(2) The sale, management, and leasing of tax title property shall be handled as under chapter 36.35 RCW. [2007 c 295 § 3; 1998 c 106 § 13; 1961 c 15 § 84.64.220. Prior: 1925 ex.s. c 130 § 131; RRS § 11292; prior: 1899 c 141 § 27. Formerly RCW 84.64.220.]

36.35.110 Disposition of proceeds of sales. (1) No claims are allowed against the county from any municipality, school district, road district or other taxing district for taxes levied on property acquired by the county by tax deed under the provisions of this chapter, but all taxes must at the time of deeding the property be thereby canceled. However, the proceeds of any sale of any property acquired by the county by tax deed must first be applied to reimburse the county for the costs of foreclosure and sale. The remainder of the proceeds, if any, must be applied to pay any amounts deferred under chapter 84.37 or 84.38 RCW on the property, including accrued interest, and outstanding at the time the county acquired the property by tax deed. The remainder of the proceeds, if any, must be justly apportioned to the various funds existing at the date of the sale, in the territory in which such property is located, according to the tax levies of the year last in process of collection.

(2) For purposes of this section, "costs of foreclosure and sale" means those costs of foreclosing on the property that, when collected, are subject to RCW 84.56.020(9), and the direct costs incurred by the county in selling the property. [2013 c 221 § 2; 1961 c 15 § 84.64.230. Prior: 1925 ex.s. c 130 § 132; RRS § 11293; prior: 1899 c 141 § 28. Formerly RCW 84.64.230.]

36.35.120 Sales of tax-title property—Reservations—Notices—Installment contracts—Separate sale of reserved resources. (1) Real property acquired by any county of this state by foreclosure of delinquent taxes may be sold by order of the county legislative authority when in the judgment of the county legislative authority it is deemed in the county's best interests to sell the real property.

(2) When the county legislative authority desires to sell any such property it may, if deemed advantageous to the county, combine any or all of the several lots and tracts of the property in one or more units, and reserve from sale coal, oil, gas, gravel, minerals, ores, fossils, timber, or other resources on or in the lands, and the right to mine for and remove the same. It must then enter an order on its records fixing the unit or units in which the property will be sold, the minimum price

for each of the units, and whether the sale will be for cash or whether a contract will be offered, and reserving from sale the resources as it may determine and from which units the reservations will apply, and directing the county treasurer to sell the property in the unit or units and at not less than the price or prices and subject to the reservations so fixed by the county legislative authority. The order is subject to the approval of the county treasurer if several lots or tracts of land are combined in one unit.

(3) Except in cases where the sale is to be by direct negotiation as provided in RCW 36.35.150, the county treasurer must, upon receipt of the order, publish once a week for three consecutive weeks a notice of the sale of the property in a newspaper of general circulation in the county where the land is situated. The notice must describe the property to be sold, the unit or units, the reservations, and the minimum price fixed in the order, together with the time and place and terms of sale, in the same manner as foreclosure sales as provided by RCW 84.64.080. If a public auction sale by electronic media is conducted pursuant to RCW 36.16.145, notice must conform to requirements for a public auction sale by electronic media.

(4) The person making the bid must state whether he or she will pay cash for the amount of his or her bid or accept a real estate contract of purchase in accordance with the provisions hereinafter contained. If a public auction sale by electronic media is conducted pursuant to RCW 36.16.145, the county may require payment by electronic funds transfer.

(5) The person making the highest bid will become the purchaser of the property. If the highest bidder is a contract bidder the purchaser must pay thirty percent of the total purchase price at the time of the sale and enter into a contract with the county as vendor and the purchaser as vendee. The contract must obligate and require the purchaser to pay the balance of the purchase price in ten equal annual installments commencing November 1st and each year following the date of the sale, and require the purchaser to pay twelve percent interest on all deferred payments, interest to be paid at the time the annual installment is due. The contract may contain a provision authorizing the purchaser to make payment in full at any time of any balance due on the total purchase price plus accrued interest on the balance. The contract must contain a provision requiring the purchaser to pay before delinquency all subsequent taxes and assessments that may be levied or assessed against the property subsequent to the date of the contract. The contract must contain a provision that time is of the essence of the contract, and that in the event of a failure of the vendee to make payments at the time and in the manner required and to keep and perform the covenants and conditions therein required of him or her, the contract may be forfeited and terminated at the election of the vendor, and that in event of the election all sums theretofore paid by the vendee will be forfeited as liquidated damages for failure to comply with the provisions of the contract. The contract must also require the vendor to execute and deliver to the vendee a deed of conveyance covering the property upon the payment in full of the purchase price, plus accrued interest.

(6) The county legislative authority may, by order entered in its records, direct that the coal, oil, gas, gravel, minerals, ores, timber, or other resources be sold apart from the land, such sale to be conducted in the manner hereinabove

prescribed for the sale of the land. Any such reserved minerals or resources not exceeding two hundred dollars in value may be sold, when the county legislative authority deems it advisable, either with or without such publication of the notice of sale, and in such manner as the county legislative authority may determine will be most beneficial to the county. The board of county commissioners of any county may, pending sale of any county property acquired by foreclosure of delinquent taxes or amounts deferred under chapter 84.37 or 84.38 RCW, rent any portion thereof on a tenancy from month to month. From the proceeds of the rentals the board of county commissioners must first pay all expense in management of said property and in repairing, maintaining and insuring the improvements thereon. The balance of said proceeds must first be paid to reimburse the county for the costs of foreclosure and sale as defined in RCW 36.35.110. The remainder of the proceeds, if any, must be paid to the department of revenue in the amount of any taxes deferred under chapter 84.37 or 84.38 RCW on the property, including accrued interest, outstanding at the time the county acquired the property by tax deed, and then to the various taxing units interested in the taxes levied against said property in the same proportion as the current tax levies of the taxing units having levies against said property. 36.36.020 Creation of aquifer protection area—Public hearing—Ballot proposition. The county legislative authority of a county may create one or more aquifer protection areas for the purpose of funding the protection, preservation, and rehabilitation of subterranean water.

When a county legislative authority proposes to create an aquifer protection area it shall conduct a public hearing on the proposal. Notice of the public hearing shall be published at least once, not less than ten days prior to the hearing, in a newspaper of general circulation within the proposed aquifer protection area. The public hearing may be continued to other times, dates, and places announced at the public hearing, without publication of the notice. At the public hearing, the county legislative authority shall hear objections and comments from anyone interested in the proposed aquifer protection area.

After the public hearing, the county legislative authority may adopt a resolution causing a ballot proposition to be submitted to the registered voters residing within the proposed aquifer protection area to authorize the creation of the aquifer protection area, if the county legislative authority finds that the creation of the aquifer protection area would be in the public interest. The resolution shall: (1) Describe the boundaries of the proposed aquifer protection area; (2) find that its creation is in the public interest; (3) state the maximum level of fees for the withdrawal of water, or on-site sewage disposal, occurring in the aquifer protection area, or both; and (4) describe the uses for the fees.

An aquifer protection area shall be created by ordinances of the county if the voters residing in the proposed aquifer protection area approve the ballot proposition by a simple majority vote. The ballot proposition shall be in substantially the following form:

If both types of monthly fees are proposed to be imposed, maximum rates for each shall be included in the ballot proposition.

An aquifer protection area may not include territory located within a city or town without the approval of the city or town governing body, nor may it include territory located in the unincorporated area of another county without the approval of the county legislative authority of that county. Assessments and charges against state lands: Chapter 79.44 RCW.

36.36.010 Purpose. The protection of subterranean water from pollution or degradation is of great concern. The depletion of subterranean water is of great concern. The purpose of this chapter is to allow the creation of aquifer protection areas to finance the protection, preservation, and rehabilitation of subterranean water, and to reduce special assessments imposed upon households to finance facilities for such purposes. Pollution and degradation of subterranean drinking water supplies, and the depletion of subterranean drinking water supplies, pose immediate threats to the safety and wel-

The fees shall be expressed as a dollar amount per household unit. Fees imposed for the withdrawal of water, or on-site sewage disposal, other than by households shall be expressed and imposed in equivalents of household units. If both types of fees are imposed, the rate imposed on on-site sewage disposal shall not exceed the rate imposed for the withdrawal of water.

No fees shall be imposed in excess of the amount authorized by the voters of the aquifer protection area. Fees shall only be used for the activity or activities authorized by the voters of the aquifer protection area. Ballot propositions may be submitted to the voters of an aquifer protection area to authorize a higher maximum level of such fees or to authorize additional activities for which the fees may be used. Such a ballot proposition shall be substantially in the form of that portion of the proposition to authorize the creation of an aquifer protection district that relates to fees or activities, as provided in RCW 36.36.020. Approval of the ballot proposition by simple majority vote shall authorize the higher maximum level of fees or additional activities for which the fees may be used.

A county may contract with existing public utilities to collect the fees, or collect the fees itself. [1985 c 425 § 3.]

36.36.035 Reduced fees for low-income persons. A county may adopt an ordinance reducing the level of fees, for the withdrawal of subterranean water or for on-site sewage disposal, that are imposed upon the residential property of a class or classes of low-income persons. [1987 c 381 § 1.]

36.36.040 Use of fee revenues. Aquifer protection areas may impose fees to fund:

(1) The preparation of a comprehensive plan to protect, preserve, and rehabilitate subterranean water, including groundwater management programs adopted under chapter 90.44 RCW. This plan may be prepared as a portion of a county sewerage and/or water general plan pursuant to RCW 36.94.030;

(2) The construction of facilities for: (a) The removal of waterborne pollution; (b) water quality improvement; (c) sanitary sewage collection, disposal, and treatment; (d) storm water or surface water drainage collection, disposal, and treatment; and (e) the construction of public water systems;

(3) The proportionate reduction of special assessments imposed by a county, city, town, or special district in the aquifer protection area for any of the facilities described in subsection (2) of this section;

(4) The costs of monitoring and inspecting on-site sewage disposal systems or community sewage disposal systems for compliance with applicable standards and rules, and for enforcing compliance with these applicable standards and rules in aquifer protection areas created after June 9, 1988; and

(5) The costs of: (a) Monitoring the quality and quantity of subterranean water and analyzing data that is collected; (b) ongoing implementation of the comprehensive plan developed under subsection (1) of this section; (c) enforcing compliance with standards and rules relating to the quality and quantity of subterranean waters; and (d) public education relating to protecting, preserving, and enhancing subterra-

nean waters. [1991 c 151 § 2; 1988 c 258 § 1; 1985 c 425 § 4.]

36.36.045 Lien for delinquent fees. The county shall have a lien for any delinquent fees imposed for the withdrawal of subterranean water or on-site sewage disposal, which shall attach to the property to which the fees were imposed, if the following conditions are met:

(1) At least eighteen months have passed since the first billing for a delinquent fee installment; and

(2) At least three billing notices and a letter have been mailed to the property owner, within the period specified in subsection (1) of this section, explaining that a lien may be imposed for any delinquent fee installment that has not been paid in that period.

The lien shall otherwise be subject to the provisions of chapter 36.94 RCW related to liens for delinquent charges. The county shall record liens for any delinquent fees in the office of the county auditor. Failure on the part of the county to record the lien does not affect the validity of the lien. [1997 c 393 § 6; 1987 c 381 § 2.]

36.36.050 Dissolution of aquifer protection area—Petition—Ballot proposition. A county legislative authority may dissolve an aquifer protection area upon a finding that such dissolution is in the public interest.

A ballot proposition to dissolve an aquifer protection district shall be placed on the ballot for the approval or rejection of the voters residing in an aquifer protection area, when a petition requesting such a ballot proposition is signed by at least twenty percent of the voters residing in the aquifer protection area and is filed with the county legislative authority of the county originally creating the aquifer protection area. The ballot proposition shall be placed on the ballot at the next general election occurring sixty or more days after the petition has been filed. Approval of the ballot proposition by a simple majority vote shall cause the dissolution of the aquifer protection area. [1985 c 425 § 5.]

36.37.050 District or multiple county fairs authorized. If it is determined that such a lease shall be made, the agency in setting lease charges shall consider the fair market return for leasing the land, the public benefit for leasing the land to the county for county fair purposes at a level below the fair market return, and other appropriate factors. [1986 c 307 § 3.]

Intent—1986 c 307: "The legislature finds that county fairs provide unique educational opportunities to the people of this state and are a public purpose. Notwithstanding chapter 178, Laws of 1974 ex. sess., the department shall charge the county the sum of one thousand dollars per year for the lease of such lands and this sum may be periodically adjusted to compensate the department for any increased costs in administration of the lease. The lease shall contain provisions directing payment of all assessments and authorizing the county to place any improvements on the leased lands if the improvements are consistent with the purposes of county fairs. [1986 c 307 § 2.]

Sections

36.38.010	Taxes authorized—Exception as to schools.
36.38.020	Optional provisions in ordinance.
36.38.030	Form of ordinance.
36.38.040	Vehicle parking charges tax—Parking facility at stadium and exhibition center—Use of revenues before and after issuance of bonds.

Taxes for city and town purposes: State Constitution Art. 11 § 12.

36.38.010 Taxes authorized—Exception as to schools. (1) Any county may by ordinance enacted by its county legislative authority, levy and fix a tax of not more than one cent on twenty cents or fraction thereof to be paid for county purposes by persons who pay an admission charge to any place, including a tax on persons who are admitted free of charge or at reduced rates to any place for which other persons pay a charge or a regular higher charge for the same or similar privileges or accommodations; and require that one who receives any admission charge to any place must collect and remit the tax to the county treasurer of the county. However, no county may impose such tax on persons paying an admission to any activity of any elementary or secondary school or any public facility of a public facility district under chapter 35.57 or 36.100 RCW for which a tax is imposed under RCW 35.57.100 or 36.100.210.

(2) As used in this chapter, the term "admission charge" includes a charge made for season tickets or subscriptions, a cover charge, or a charge made for use of seats and tables, reserved or otherwise, and other similar accommodations; a charge made for food and refreshments in any place where any free entertainment, recreation, or amusement is provided; a charge made for rental or use of equipment or facilities for purpose of recreation or amusement, and where the rental of the equipment or facilities is necessary to the enjoyment of a privilege for which a general admission is charged, the combined charges must be considered as the admission charge. Admission charge also includes any automobile parking charge where the amount of such charge is determined according to the number of passengers in any automobile.

(3) Subject to subsections (4) and (5) of this section, the tax authorized in this section is not exclusive and does not prevent any city or town within the taxing county, when authorized by law, from imposing within its corporate limits a tax of the same or similar kind. However, whenever the same or similar kind of tax is imposed by any such city or town, no such tax may be levied within the corporate limits of such city or town by the county.

(4) Notwithstanding subsection (3) of this section, the legislative authority of a county with a population of one million or more may exclusively levy taxes on events in baseball stadiums constructed on or after January 1, 1995, that are owned by a public facilities district under chapter 36.100 RCW and that have seating capacities over forty thousand at the rates of:

(a) Not more than one cent on twenty cents or fraction thereof, to be used for the purpose of paying the principal and interest payments on bonds issued by a county to construct a baseball stadium as defined in RCW 82.14.0485. If the revenue from the tax exceeds the amount needed for that purpose, the excess must be placed in a contingency fund which must be used exclusively by the public facilities district to fund repair, reequipping, and capital improvement of the baseball stadium; and

(b) Not more than one cent on twenty cents or fraction thereof, to be used for the purpose of paying the principal and interest payments on bonds issued by a county to construct a baseball stadium as defined in RCW 82.14.0485. The tax imposed under this subsection (4)(b) expires when the bonds

issued for the construction of the baseball stadium are retired, but not later than twenty years after the tax is first collected.

(5)(a) Notwithstanding subsection (3) of this section, the legislative authority of a county that has created a public stadium authority to develop a stadium and exhibition center under RCW 36.102.050 may levy and fix a tax on charges for admission to events in a stadium and exhibition center, as defined in RCW 36.102.010, constructed in the county on or after January 1, 1998, that is owned by a public stadium authority under chapter 36.102 RCW.

(b) Except as provided otherwise in (c) of this subsection (5), the tax is exclusive and precludes the city or town within which the stadium and exhibition center is located from imposing a tax of the same or similar kind on charges for admission to events in the stadium and exhibition center, and precludes the imposition of a general county admissions tax on charges for admission to events in the stadium and exhibition center.

(c) A city within which the stadium and exhibition center is located has the exclusive right to impose an admissions tax under the authority of RCW 35.21.280 and the county is precluded from imposing an admissions tax, for a sporting event conducted during calendar year 2012 by a state college or university, if such sporting event occurs:

(i) Due to the temporary closure of any similar facility owned by that college or university; and

(ii) At a facility owned by a public stadium authority located within a city with a population that exceeds five hundred thousand people.

(d) For the purposes of this subsection (5), "charges for admission to events" means only the actual admission charge, exclusive of taxes and service charges and the value of any other benefit conferred by the admission.

(e) The tax authorized under this subsection (5) is at the rate of not more than one cent on ten cents or fraction thereof.

(f) Revenues collected under this subsection (5) must be deposited in the stadium and exhibition center account under RCW 43.99N.060 until the bonds issued under RCW 43.99N.020 for the construction of the stadium and exhibition center are retired. After the bonds issued for the construction of the stadium and exhibition center are retired, the tax authorized under this section is used exclusively to fund repair, reequipping, and capital improvement of the stadium and exhibition center.

(g) The tax under this subsection (5) may be levied upon the first use of any part of the stadium and exhibition center but may not be collected at any facility already in operation as of July 17, 1997. (7) A provision that in case any person required by the ordinance to collect the tax imposed thereby fails to collect the same, or having collected the tax fails to pay the same to the county treasurer in the manner prescribed by the ordinance, whether such failure is the result of such person's own acts or the result of acts or conditions beyond such person's control, such person shall nevertheless be personally liable to the county for the amount of the tax;

(8) Provisions fixing the time when the taxes imposed by the ordinance shall be due and payable to the county treasurer; requiring persons receiving payments for admissions to make periodic returns to the county treasurer on such forms and setting forth such information as the county treasurer may specify; requiring such return to show the amount of tax upon admissions for which such person is liable for specified preceding periods, and requiring such person to sign and transmit the same to the county treasurer together with a remittance for the amount;

nance by such owner, lessee, or custodian, unless paid by the person conducting the place of amusement;

(11) A provision requiring the applicant for a temporary certificate of registration, if required by the ordinance, to furnish with the application therefor, the name and address of the owner, lessee, or custodian of the premises upon which the amusement is to be conducted, and requiring the county treasurer to notify such owner, lessee, or custodian of the issuance of any such temporary certificate, and of the joint liability for such tax;

(12) A provision empowering the county treasurer to declare the tax upon temporary or itinerant places of amusement to be immediately due and payable and to collect the same, when he or she believes there is a possibility that the tax imposed under the ordinance will not be otherwise paid;

(13) Any or all of the applicable general administrative provisions contained in RCW 82.32.010 through 82.32.340 and 82.32.380, and the amendments thereto, except that unless otherwise indicated by the context of said sections, in all provisions so incorporated in such ordinance (a) the term "county treasurer" (of the county enacting said ordinance) shall be substituted for each reference made in said sections to the "department," the "department of revenue," "any employee of the department," or "director of the department of revenue"; (b) the name of the county enacting such ordinance shall be substituted for each reference made in said sections to the "state" or to the "state of Washington"; (c) the term "this ordinance" shall be substituted for each reference made in said sections to "this chapter"; (d) the name of the county enacting said ordinance shall be substituted for each reference made in said sections to "Thurston county"; and (e) the term "board of county commissioners" shall be substituted for each reference made in said sections to the "director of financial management." 36.57A.020 Public transportation improvement conference—Convening—Purpose—Multi-county conferences. The county legislative authority of every county with a population of forty thousand or more shall, and the legislative authority of every other county may, within ninety days of July 1, 1975, and as often thereafter as it deems necessary, and upon thirty days prior written notice addressed to the legislative body of each city within the county and with thirty days public notice, convene a public transportation improvement conference to be attended by an elected representative selected by the legislative body of each city, within such county, and by the county legislative authority. Such conference shall be for the purpose of evaluating the need for and the desirability of the creation of a public transportation benefit area within certain incorporated and unincorporated portions of the county to provide public transportation services within such area. In those counties where county officials believe the need for public transportation service extends across county boundaries so as to provide public transportation service in a metropolitan area, the county legislative bodies of two or more neighboring counties may elect to convene a multi-county conference. In addition, countywide conferences may be convened by resolution of the legislative bodies of two or more cities within the county, not to exceed one in any twelve month period, or a petition signed by at least ten percent of the registered voters in the last general election of the city, county or city/county areas of a proposed benefit area. The chair of the conference shall be elected from the members at large. [1991 c 363 § 73; 1975 1st ex.s. c 270 § 12.]

36.57A.030 Establishment or change in boundaries of public transportation benefit area—Hearing—Notice—Procedure—Authority of county to terminate public transportation benefit area. Any conference which finds it desirable to establish a public transportation benefit area or change the boundaries of any existing public transportation benefit area shall fix a date for a public hearing thereon, or the legislative bodies of any two or more component cities or the county legislative body by resolution may require the public transportation improvement conference to fix a date for a public hearing thereon. Prior to the convening of the public hearing, the county governing body shall delineate the area of the county proposed to be included within the transportation benefit area, and shall furnish a copy of such delineation to each incorporated city within such area. Each city shall advise the county governing body, on a preliminary basis, of its desire to be included or excluded from the transportation benefit area by means of an ordinance adopted by the legislative body of that city. The county governing body shall cause the delineations to be revised to reflect the wishes

of such incorporated cities. This delineation shall be considered by the conference at the public hearing for inclusion in the public transportation benefit area.

Notice of such hearing shall be published once a week for at least four consecutive weeks in one or more newspapers of general circulation within the area. The notice shall contain a description and map of the boundaries of the proposed public transportation benefit area and shall state the time and place of the hearing and the fact that any changes in the boundaries of the public transportation benefit area will be considered at such time and place. At such hearing or any continuation thereof, any interested person may appear and be heard on all matters relating to the effect of the formation of the proposed public transportation benefit area.

The conference may make such changes in the boundaries of the public transportation benefit area as they shall deem reasonable and proper, but may not delete any portion of the proposed area which will create an island of included or excluded lands, and may not delete a portion of any city. If the conference shall determine that any additional territory should be included in the public transportation benefit area, a second hearing shall be held and notice given in the same manner as for the original hearing. The conference may adjourn the hearing on the formation of a public transportation benefit area from time to time not exceeding thirty days in all.

Following the conclusion of such hearing the conference shall adopt a resolution fixing the boundaries of the proposed public transportation benefit area, declaring that the formation of the proposed public transportation benefit area will be conducive to the welfare and benefit of the persons and property therein.

Within thirty days of the adoption of such conference resolution, the county legislative authority of each county wherein a conference has established proposed boundaries of a public transportation benefit area, may by resolution, upon making a legislative finding that the proposed benefit area includes portions of the county which could not be reasonably expected to benefit from such benefit area or excludes portions of the county which could be reasonably expected to benefit from its creation, disapprove and terminate the establishment of such public transportation benefit area within such county. 36.57A.040 Cities included or excluded—Boundaries—Only benefited areas included—One area per county, exception. At the time of its formation no public transportation benefit area may include only a part of any city, and every city shall be either wholly included or wholly excluded from the boundaries of such area. Notwithstanding any other provision of law, if subsequent to the formation of a public transportation benefit area additional area became or will become a part of a component city by annexation, merger, or otherwise, the additional area shall be included within the boundaries of the transportation benefit area and be subject to all taxes and other liabilities and obligations of the public transportation benefit area. The component city shall be required to notify the public transportation benefit

area at the time the city has added the additional area. Furthermore, notwithstanding any other provisions of law except as specifically provided in this section, if a city that is not a component city of the public transportation benefit area adds area to its boundaries that is within the boundaries of the public transportation benefit area, the area so added shall be deemed to be excluded from the public transportation benefit area: PROVIDED, That the public transportation benefit area shall be given notice of the city's intention to add such area. If a city extends its boundaries through annexation across a county boundary line and such extended boundaries include areas within the public transportation benefit area, then the entire area of the city within the county that is within the public transportation benefit area shall be included within the public transportation benefit area boundaries. Such area of the city in the public transportation benefit area shall be considered a component city of the public transportation benefit area corporation.

The boundaries of any public transportation benefit area shall follow school district lines or election precinct lines, as far as practicable. Only such areas shall be included which the conference determines could reasonably benefit from the provision of public transportation services. Except as provided in RCW 36.57A.140(2), only one public transportation benefit area may be created in any county. [1992 c 16 § 1; 1991 c 318 § 15; 1983 c 65 § 2; 1975 1st ex.s. c 270 § 14.]

Intent—1991 c 318: "The legislature recognizes that certain communities have important cultural, economic, or transportation linkages to communities in other counties. Many public services can most efficiently be delivered from public agencies located in counties other than the county within which the community is located. It is the intent of the legislature by enacting sections 15 through 17 of this act to further more effective public transportation linkages between communities, regardless of county association, in order to better serve state citizen needs." 36.57A.050 Governing body—Selection, qualification, number of members—Travel expenses, compensation. Within sixty days of the establishment of the boundaries of the public transportation benefit area the members of the county legislative authority and the elected representative of each city within the area shall provide for the selection of the governing body of such area, the public transportation benefit area authority, which shall consist of elected officials selected by and serving at the pleasure of the governing bodies of component cities within the area and the county legislative authority of each county within the area. If at the time a public transportation benefit area authority assumes the public transportation functions previously provided under the Interlocal Cooperation Act (chapter 39.34 RCW) there are citizen positions on the governing board of the transit system, those positions may be retained as positions on the governing board of the public transportation benefit area authority.

Within such sixty-day period, any city may by resolution of its legislative body withdraw from participation in the public transportation benefit area. The county legislative authority and each city remaining in the public transportation benefit area may disapprove and prevent the establishment of any governing body of a public transportation benefit area if the composition thereof does not meet its approval.

In no case shall the governing body of a single county public transportation benefit area be greater than nine voting

members and in the case of a multicounty area, fifteen voting members. Those cities within the transportation benefit area and excluded from direct membership on the authority are hereby authorized to designate a member of the authority who shall be entitled to represent the interests of such city which is excluded from direct membership on the authority. The legislative body of such city shall notify the authority as to the determination of its authorized representative on the authority.

There is one nonvoting member of the public transportation benefit area authority. The nonvoting member is recommended by the labor organization representing the public transportation employees within the local public transportation system. If the public transportation employees are represented by more than one labor organization, all such labor organizations shall select the nonvoting member by majority vote. The nonvoting member shall comply with all governing bylaws and policies of the authority. The chair or cochairs of the authority shall exclude the nonvoting member from attending any executive session held for the purpose of discussing negotiations with labor organizations. The chair or cochairs may exclude the nonvoting member from attending any other executive session. The requirement that a nonvoting member be appointed to the governing body of a public transportation benefit area authority does not apply to an authority that has no employees represented by a labor union.

Each member of the authority is eligible to be reimbursed for travel expenses in accordance with RCW 43.03.050 and 43.03.060 and to receive compensation, as set by the authority, in an amount not to exceed forty-four dollars for each day during which the member attends official meetings of the authority or performs prescribed duties approved by the chair of the authority. Except that the authority may, by resolution, increase the payment of per diem compensation to each member from forty-four dollars up to ninety dollars per day or portion of a day for actual attendance at board meetings or for performance of other official services or duties on behalf of the authority. In no event may a member be compensated in any year for more than seventy-five days, except the chair who may be paid compensation for not more than one hundred days: PROVIDED, That compensation shall not be paid to an elected official or employee of federal, state, or local government who is receiving regular full-time compensation from such government for attending meetings and performing prescribed duties of the authority.

The dollar thresholds established in this section must be adjusted for inflation by the office of financial management every five years, beginning July 1, 2008, based upon changes in the consumer price index during that time period. "Consumer price index" means, for any calendar year, that year's annual average consumer price index, for Washington state, for wage earners and clerical workers, all items, compiled by the bureau of labor and statistics, United States department of labor. If the bureau of labor and statistics develops more than one consumer price index for areas within the state, the index covering the greatest number of people, covering areas exclusively within the boundaries of the state, and including all items shall be used for the adjustments for inflation in this section. The office of financial management must calculate the new dollar threshold and transmit it to the office of the code reviser for publication in the Washington State Register

(2016 Ed.)

at least one month before the new dollar threshold is to take effect.

A person holding office as commissioner for two or more special purpose districts shall receive only that per diem compensation authorized for one of his or her commissioner positions as compensation for attending an official meeting or conducting official services or duties while representing more than one of his or her districts. However, such commissioner may receive additional per diem compensation if approved by resolution of all boards of the affected commissions. [2010 c 278 § 3; 2009 c 549 § 4097; 2007 c 469 § 14; 1998 c 121 § 15; 1983 c 65 § 3; 1977 ex.s. c 44 § 2; 1975 1st ex.s. c 270 § 15.]

36.57A.055 Governing body—Periodic review of composition. After a public transportation benefit area has been in existence for four years, members of the county legislative authority and the elected representative of each city within the boundaries of the public transportation benefit area shall review the composition of the governing body of the benefit area and change the composition of the governing body if the change is deemed appropriate. The review shall be at a meeting of the designated representatives of the component county and cities, and the majority of those present shall constitute a quorum at such meeting. Twenty days notice of the meeting shall be given by the chief administrative officer of the public transportation benefit area authority. After the initial review, a review shall be held every four years.

If an area having a population greater than fifteen percent, or areas with a combined population of greater than twenty-five percent of the population of the existing public transportation benefit area as constituted at the last review meeting, annex to the public transportation benefit area, or if an area is added under RCW 36.57A.140(2), the representatives of the component county and cities shall meet within ninety days to review and change the composition of the governing body, if the change is deemed appropriate. This meeting is in addition to the regular four-year review meeting and shall be conducted pursuant to the same notice requirement and quorum provisions of the regular review. [1991 c 318 § 16; 1983 c 65 § 4.]

Intent—1991 c 318: See note following RCW 36.57A.040.

36.57A.060 Comprehensive plan—Development—Elements. The public transportation benefit area authority authorized pursuant to RCW 36.57A.050 shall develop a comprehensive transit plan for the area. Such plan shall include, but not be limited to the following elements:

(1) The levels of transit service that can be reasonably provided for various portions of the benefit area.

(2) The funding requirements, including local tax sources, state and federal funds, necessary to provide various levels of service within the area.

(3) The impact of such a transportation program on other transit systems operating within that county or adjacent counties.

(4) The future enlargement of the benefit area or the consolidation of such benefit area with other transit systems. [1975 1st ex.s. c 270 § 16.]

36.57A.070 Comprehensive plan—Review. The comprehensive transit plan adopted by the authority shall be reviewed by the state department of transportation to determine:

(1) The completeness of service to be offered and the economic viability of the transit system proposed in such comprehensive transit plan;

(2) Whether such plan integrates the proposed transportation system with existing transportation modes and systems that serve the benefit area;

(3) Whether such plan coordinates that area's system and service with nearby public transportation systems;

(4) Whether such plan is eligible for matching state or federal funds. [2006 c 334 § 30; 1985 c 6 § 5; 1975 1st ex.s. c 270 § 17.]

36.57A.080 General powers. In addition to the powers specifically granted by this chapter a public transportation benefit area shall have all powers which are necessary to carry out the purposes of the public transportation benefit area. A public transportation benefit area may contract with the United States or any agency thereof, any state or agency thereof, any other public transportation benefit area, any county, city, metropolitan municipal corporation, special district, or governmental agency, within or without the state, and any private person, firm or corporation for the purpose of receiving gifts or grants or securing loans or advances for preliminary planning and feasibility studies, or for the design, construction or operation of transportation facilities. In addition a public transportation benefit area may contract with any governmental agency or with any private person, firm or corporation for the use by either contracting party of all or any part of the facilities, structures, lands, interests in lands, air rights over lands and rights-of-way of all kinds which are owned, leased or held by the other party and for the purpose of planning, constructing or operating any facility or performing any service which the public transportation benefit area may be authorized to operate or perform, on such terms as may be agreed upon by the contracting parties. Before any contract for the lease or operation of any public transportation benefit area facilities shall be let to any private person, firm or corporation, a general schedule of rental rates for bus equipment with or without drivers shall be publicly posted applicable to all private certificated carriers, and for other facilities competitive bids shall first be called upon such notice, bidder qualifications and bid conditions as the public transportation benefit area authority shall determine.

A public transportation benefit area may sue and be sued in its corporate capacity in all courts and in all proceedings. [1975 1st ex.s. c 270 § 18.]

36.57A.090 Additional powers—Acquisition of existing system. A public transportation benefit area authority shall have the following powers in addition to the general powers granted by this chapter:

(1) To prepare, adopt, and carry out a general comprehensive plan for public transportation service which will best serve the residents of the public transportation benefit area and to amend said plan from time to time to meet changed conditions and requirements.

(2) To acquire by purchase, condemnation, gift, or grant and to lease, construct, add to, improve, replace, repair, maintain, operate, and regulate the use of transportation facilities and properties within or without the public transportation benefit area or the state, including systems of surface, underground, or overhead railways, tramways, buses, or any other means of local transportation except taxis, and including escalators, moving sidewalks, or other people-moving systems, passenger terminal and parking facilities and properties, and such other facilities and properties as may be necessary for passenger and vehicular access to and from such people-moving systems, terminal and parking facilities and properties, together with all lands, rights-of-way, property, equipment, and accessories necessary for such systems and facilities. Public transportation facilities and properties which are owned by any city may be acquired or used by the public transportation benefit area authority only with the consent of the city council of the city owning such facilities. Cities are hereby authorized to convey or lease such facilities to a public transportation benefit area authority or to contract for their joint use on such terms as may be fixed by agreement between the city council of such city and the public transportation benefit area authority, without submitting the matter to the voters of such city.

The facilities and properties of a public transportation benefit area system whose vehicles will operate primarily within the rights-of-way of public streets, roads, or highways, may be acquired, developed, and operated without the corridor and design hearings which are required by *RCW 35.58.273, as now or hereafter amended, for mass transit facilities operating on a separate right-of-way.

(3) To fix rates, tolls, fares, and charges for the use of such facilities and to establish various routes and classes of service. Fares or charges may be adjusted or eliminated for any distinguishable class of users including, but not limited to, senior citizens, handicapped persons, and students.

In the event any person holding a certificate of public convenience and necessity from the Washington utilities and transportation commission under RCW 81.68.040 has operated under such certificate for a continuous period of one year prior to the date of certification and is offering service within the public transportation benefit area on the date of the certification by the county canvassing board that a majority of votes cast authorize a tax to be levied and collected by the public transportation benefit area authority, such authority may by purchase or condemnation acquire at the fair market value, from the person holding the existing certificate for providing the services, that portion of the operating authority and equipment representing the services within the area of public operation. The person holding such existing certificate may require the public transportation benefit area authority to initiate such purchase of those assets of such person, existing as of the date of the county canvassing board certification, within sixty days after the date of such certification. [1981 c 25 § 4; 1977 ex.s. c 44 § 3; 1975 1st ex.s. c 270 § 19.]

Except in accordance with an agreement made as provided in this section or in accordance with the provisions of RCW 36.57A.090(3) as now or hereafter amended, upon the effective date on which the public transportation benefit area commences to perform the public transportation service, no person or private corporation shall operate a local public passenger transportation service, including passenger-only ferry service, within the public transportation benefit area with the exception of taxis, buses owned or operated by a school district or private school, and buses owned or operated by any corporation or organization solely for the purposes of the corporation or organization and for the use of which no fee or fare is charged.

An agreement may be entered into between the public transportation benefit area authority and any person or corporation legally operating a local public passenger transportation service, including passenger-only ferry service, wholly within or partly within and partly without the public transportation benefit area and on said effective date under which such person or corporation may continue to operate such service or any part thereof for such time and upon such terms and conditions as provided in such agreement. Such agreement shall provide for a periodic review of the terms and conditions contained therein. Where any such local public passenger transportation service, including passenger-only ferry service, will be required to cease to operate within the public transportation benefit area, the public transportation benefit area authority may agree with the owner of such service to purchase the assets used in providing such service, or if no agreement can be reached, the public transportation benefit area authority shall condemn such assets in the manner and by the same procedure as is or may be provided by law for the condemnation of other properties for cities of the first class, except insofar as such laws may be inconsistent with the provisions of this chapter.

Wherever a privately owned public carrier operates wholly or partly within a public transportation benefit area, the Washington utilities and transportation commission shall continue to exercise jurisdiction over such operation as provided by law. 36.57A.120 Acquisition of existing system—Labor contracts, employee rights preserved—Collective bargaining.

The public transportation benefit area authority shall engage in collective bargaining with the duly appointed representatives of any employee labor organization having existing contracts with the acquired transportation system and may enter into labor contracts with such employee labor organization. 36.57A.130 Treasurer and auditor—Powers and duties—Transportation fund—Contribution of sums for expenses.

The treasurer of the county in which a public transportation benefit area authority is located shall be ex officio treasurer of the authority. In the case of a multicounty public transportation benefit area the county treasurer of the largest component county, by population, shall be the treasurer of the authority. However, the authority, by resolution, and upon the approval of the county treasurer, may designate some other person having experience in financial or fiscal matters as treasurer of the authority. Such a treasurer shall possess all of the powers, responsibilities, and duties the county treasurer possesses for a public transportation benefit area authority related to investing surplus authority funds. The authority may (and if the treasurer is not a county treasurer, it shall) require a bond with a surety company authorized to do business in the state of Washington in an amount and under the terms and conditions the authority, by resolution, from time to time finds will protect the authority against loss. The premium on any such bond shall be paid by the authority.

All authority funds shall be paid to the treasurer and shall be disbursed by the treasurer only on warrants issued by the county auditor, upon orders or vouchers approved by the authority. However, the authority may, by resolution, designate some person having experience in financial or fiscal matters, other than the county auditor, as the auditor of the authority. Such an auditor shall possess all of the powers, responsibilities, and duties that the county auditor possesses for a public transportation benefit area authority related to

creating and maintaining funds, issuing warrants, and maintaining a record of receipts and disbursements.

The treasurer shall establish a "transportation fund," into which shall be paid all authority funds, and the treasurer shall maintain such special accounts as may be created by the authority into which shall be placed all money as the authority may, by resolution, direct.

If the treasurer of the authority is a treasurer of the county, all authority funds shall be deposited with the county depository under the same restrictions, contracts, and security as provided for county depositories. If the treasurer of the authority is some other person, all funds shall be deposited in such bank or banks authorized to do business in this state that have qualified for insured deposits under any federal deposit insurance act as the authority, by resolution, shall designate.

An authority may provide and require a reasonable bond of any other person handling moneys or securities of the authority, but the authority shall pay the premium on the bond.

The county or counties and each city or town which is included in the authority shall contribute such sums towards the expense for maintaining and operating the public transportation system as shall be agreed upon between them. [1983 c 151 § 1; 1975 1st ex.s. c 270 § 23.]

(a) By resolution of a public transportation benefit area authority when it determines that the best interests and general welfare of the public transportation benefit area would be served. The authority shall consider the question of areas to be annexed to the public transportation benefit area at least once every two years.

(b) By petition calling for such an election signed by at least four percent of the qualified voters residing within the area to be annexed and filed with the auditor of the county wherein the largest portion of the public transportation benefit area is located, and notice thereof shall be given to the authority. Upon receipt of such a petition, the auditor shall examine it and certify to the sufficiency of the signatures thereon.

(c) By resolution of a public transportation benefit area authority upon request of any city for annexation thereto.

(2) If the area proposed to be annexed is located within another county, the petition or resolution for annexation as set forth in subsection (1) of this section must be approved by the legislative authority of the county if the area is unincorporated or by the legislative authority of the city or town if the area is incorporated. Any annexation under this subsection must involve contiguous areas.

(3) The resolution or petition shall describe the boundaries of the area to be annexed. It shall require that there also be submitted to the electorate of the territory sought to be annexed a proposition authorizing the inclusion of the area within the public transportation benefit area and authorizing the imposition of such taxes authorized by law to be collected

by the authority. [1991 c 318 § 17; 1983 c 65 § 5; 1975 1st ex.s. c 270 § 24.]

36.57A.150 Advanced financial support payments.

Counties that have established a county transportation authority pursuant to chapter 36.57 RCW and public transportation benefit areas that have been established pursuant to this chapter are eligible to receive a one-time advanced financial support payment from the state to assist in the development of the initial comprehensive transit plan required by RCW 36.57.070 and 36.57A.060. Repayment of an advanced financial support payment shall be made to the public transportation account in the general fund or, if such account does not exist, to the general fund by each agency within two years of the date such advanced payment was received. Such repayment shall be waived within two years of the date such advanced payment was received if the voters in the appropriate counties or public transportation benefit areas do not elect to levy and collect taxes enabled under authority of this chapter and RCW 35.95.040 and 82.14.045. The state department of transportation shall provide technical assistance in the preparation of local transit plans, and administer the advanced financial support payments authorized by this section. 36.57A.160 Dissolution and liquidation. A public transportation benefit area established pursuant to this chapter may be dissolved and its affairs liquidated when so directed by a majority of persons in the benefit area voting on such question. An election placing such question before the voters may be called in the following manner:

(1) By resolution of the public transportation benefit area authority;

(2) By resolution of the county legislative body or bodies with the concurrence therein by resolution of the city council of a component city; or

(3) By petition calling for such election signed by at least ten percent of the qualified voters residing within the area filed with the auditor of the county wherein the largest portion of the public transportation benefit area is located. The auditor shall examine the same and certify to the sufficiency of the signatures thereon: PROVIDED, That to be validated, signatures must have been collected within a ninety day period as designated by the petition sponsors.

Any dissolution of a public transportation benefit area authority shall be carried out in accordance with the procedures in chapter 53.48 RCW. 36.57A.170 Rail fixed guideway public transportation system—Safety program plan and security and emergency preparedness plan. (1) Each public transportation benefit area that owns or operates a rail fixed guideway public transportation system as defined in RCW 81.104.015 shall submit a system safety program plan and a system security and emergency preparedness plan for that guideway to the state department of transportation by September 1, 1999, or at least one hundred eighty calendar days before beginning operations or instituting significant revisions to its plans. These plans must describe the public transportation benefit area's procedures for (a) reporting and investigating any reportable incident, accident, or security breach and identifying and resolving hazards or security vulnerabilities discovered during planning, design, construction, testing, or operations, (b) developing and submitting corrective action plans and annual safety and security audit reports, (c) facilitating on-site safety and security reviews by the state department of transportation and the federal transit administration, and (d) addressing passenger and employee safety and security. The plans must, at a minimum, conform to the standards adopted by the state department of transportation as set forth in the most current version of the Washington state rail safety oversight program standard manual as it exists on March 25, 2016, or such subsequent date as may be provided by the department by rule, consistent with the purposes of this section. If required by the department, the public transportation benefit area shall revise its plans to incorporate the department's review comments within sixty days after their receipt, and resubmit its revised plans for review.

(2) Each public transportation benefit area shall implement and comply with its system safety program plan and system security and emergency preparedness plan. The public transportation benefit area shall perform internal safety and security audits to evaluate its compliance with the plans, and submit its audit schedule to the department of transportation pursuant to the requirements in the most current version of the Washington state rail safety oversight program standard manual as it exists on March 25, 2016, or such subsequent date as may be provided by the department by rule, consistent with the purposes of this section. The public transportation benefit area shall prepare an annual report for its internal safety and security audits undertaken in the prior year and submit it to the department no later than February 15th. The department shall establish the requirements for the annual report. The contents of the annual report must include, at a minimum, the dates the audits were conducted, the scope of the audit activity, the audit findings and recommendations, the status of any corrective actions taken as a result of the audit activity, and the results of each audit in terms of the adequacy and effectiveness of the plans.

(3) Each public transportation benefit area shall notify the department of transportation, pursuant to the most current version of the Washington state rail safety oversight program standard manual as it exists on March 25, 2016, or such subsequent date as may be provided by the department by rule, consistent with the purposes of this section, any reportable incident, accident, security breach, hazard, or security vulnerability. The department may adopt rules further defining any reportable incident, accident, security breach, hazard, or security vulnerability. The public transportation benefit area

shall investigate any reportable incident, accident, security breach, hazard, or security vulnerability and provide a written investigation report to the department as described in the most current version of the Washington state rail safety oversight program standard manual as it exists on March 25, 2016, or such subsequent date as may be provided by the department by rule, consistent with the purposes of this section.

(4) The system security and emergency preparedness plan required in subsection (1) of this section is exempt from public disclosure under chapter 42.56 RCW. However, the system safety program plan as described in this section is not subject to this exemption. [2016 c 33 § 6; 2007 c 422 § 5; 2005 c 274 § 271; 1999 c 202 § 5.]

36.57A.180 Public transportation for persons with special needs. (1) Effective January 1, 2001, in addition to any other authority granted under this chapter, a newly formed public transportation benefit area, or an existing public transportation benefit area that has not yet successfully submitted an authorizing proposition to the voters under RCW 82.14.045, may purchase, acquire, maintain, operate, or lease transportation services, equipment, and facilities for public transportation limited only to persons with special needs by any method or combination of methods provided by the area authority.

(2) As used in this section, "persons with special needs" means those persons, including their personal attendants, who because of physical or mental disability, income status, or age are unable to transport themselves or purchase transportation.

(3) The public transportation benefit area may fix, regulate, and control fares and rates to be charged for these transportation services. [2001 c 89 § 2.]

36.57A.191 Maintenance plan. As a condition of receiving state funding, a public transportation benefit area authority shall submit a maintenance and preservation management plan for certification by the department of transportation. The plan must inventory all transportation system assets within the direction and control of the authority, and provide a preservation plan based on lowest life-cycle cost methodologies. [2006 c 334 § 9; 2003 c 363 § 304.]

36.57A.200 Passenger-only ferry service—Authorized—Investment plan. A public transportation benefit area having a boundary located on Puget Sound may provide passenger-only ferry service. For the purposes of this chapter and RCW 82.14.440 and 82.80.130, Puget Sound is considered as extending north as far as the Canadian border and west as far as Port Angeles. Before a benefit area may provide passenger-only ferry service, it must develop a passenger-only ferry investment plan including elements to operate or contract for the operation of passenger-only ferry services, purchase, lease, or rental of ferry vessels and dock facilities

for the provision of transit service, and identify other activities necessary to implement the plan. The plan must set forth terminal locations to be served, projected costs of providing services, and revenues to be generated from tolls, locally collected tax revenues, and other revenue sources. The plan must ensure that services provided under the plan are for the benefit of the residents of the benefit area. The benefit area may use any of its powers to carry out this purpose, unless otherwise prohibited by law. In addition, the public transportation benefit area may enter into contracts and agreements to operate passenger-only ferry service and public-private partnerships and design-build, general contractor/construction management, or other alternative procurement process substantially consistent with chapter 39.10 RCW. [2003 c 83 § 201.]

Findings—Intent—2003 c 83: "The legislature finds that passenger-only ferry service is a key element to the state's transportation system and that it is in the interest of the state to ensure provision of such services. The legislature further finds that diminished state transportation resources require that regional and local authorities be authorized to develop, operate, and fund needed services.

The legislature recognizes that if the state eliminates passenger-only ferry service on one or more routes, it should provide an opportunity for locally sponsored service and the department of transportation should assist in this effort.

It is the intent of the legislature to encourage interlocal agreements to ensure passenger-only ferry service is reinstated on routes that the Washington state ferry system eliminates." [2003 c 83 § 101.]

36.57A.210 Passenger-only ferry service—Taxes, fees, and tolls. (1) A public transportation benefit area may, as part of a passenger-only ferry investment plan, recommend some or all of the following revenue sources as provided in this chapter:

- (a) A motor vehicle excise tax, as provided in RCW 82.80.130;
- (b) A sales and use tax, as provided in RCW 82.14.440;
- (c) Tolls for passengers and packages and, where applicable, parking; and
- (d) Charges or licensing fees for advertising, leasing space for services to ferry passengers, and other revenue-generating activities.

(2) Taxes may not be imposed without an affirmative vote of the majority of the voters within the boundaries of the area voting on a single ballot proposition to both approve a passenger-only ferry investment plan and to approve taxes to implement the plan. Revenues from these taxes and fees may be used only to implement the plan and must be used for the benefit of the residents of the benefit area. A district may contract with the state department of revenue or other appropriate entities for administration and collection of any of the taxes or charges authorized in this section. [2003 c 83 § 202.]

Findings—Intent—Captions, part headings not law—Severability—Effective date—2003 c 83: See notes following RCW 36.57A.200.

36.57A.220 Passenger-only ferry service between Kingston and Seattle. A public transportation benefit area seeking grant funding as described in RCW 47.01.350 for a passenger-only ferry route between Kingston and Seattle shall first receive approval from the governor after submitting a complete business plan to the governor and the legislature by November 1, 2007. The business plan must, at a minimum, include hours of operation, vessel needs, labor needs,

proposed routes, passenger terminal facilities, passenger rates, anticipated federal and local funding, coordination with the Washington state ferry system, coordination with existing transit providers, long-term operation and maintenance needs, and a long-term financial plan. [2007 c 223 § 1; 2006 c 332 § 8.]

Effective date—2007 c 223: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [April 27, 2007]." [2007 c 223 § 11.]

36.57A.222 Passenger-only ferry service districts—Authorized—Investment plan—Dissolution. (1) A governing body of a public transportation benefit area, located in a county that only borders the western side of Puget Sound with a population of more than two hundred thousand and contains one or more Washington state ferries terminals, may establish one or more passenger-only ferry service districts within all or a portion of the boundaries of the public transportation benefit area establishing the passenger-only ferry service district. A passenger-only ferry service district may include all or a portion of a city or town as long as all or a portion of the city or town boundaries are within the boundaries of the establishing public transportation benefit area. The members of the public transportation benefit area governing body proposing to establish the passenger-only ferry service district, acting ex officio and independently, constitutes the governing body of the passenger-only ferry service district.

(2) A passenger-only ferry service district may establish, finance, and provide passenger-only ferry service, and associated services to support and augment passenger-only ferry service operation, within its boundaries in the same manner as authorized for public transportation benefit areas under this chapter.

(3) A passenger-only ferry service district constitutes a body corporate and possesses all the usual powers of a corporation for public purposes as well as all other powers that may be conferred by statute including, but not limited to, the authority to hire employees, staff, and services, to enter into contracts, to acquire, hold, and dispose of real and personal property, and to sue and be sued. Public works contract limits applicable to the public transportation benefit area that established the passenger-only ferry service district apply to the district. For purposes of this section, "passenger-only ferry service district" means a quasi-municipal corporation and independent taxing authority within the meaning of Article VII, section 1 of the state Constitution, and a taxing district within the meaning of Article VII, section 2 of the state Constitution, created by the legislative body of a public transportation benefit area.

(4) Before a passenger-only ferry service district may provide passenger-only ferry service, it must develop a passenger-only ferry investment plan, including elements: To operate or contract for the operation of passenger-only ferry services; to purchase, lease, or rent ferry vessels and dock facilities for the provision of transit service; and to identify other activities necessary to implement the plan. The plan must set forth terminal locations to be served, projected costs of providing services, and revenues to be generated from tolls, locally collected tax revenues, and other revenue sources. The plan must ensure that services provided under

the plan are for the benefit of the residents of the passenger-only ferry service district. The passenger-only ferry service district may use any of its powers to carry out this purpose, unless otherwise prohibited by law. In addition, the passenger-only ferry service district may enter into: Contracts and agreements to operate passenger-only ferry service; public-private partnerships; and design-build, general contractor/construction management, or other alternative procurement processes substantially consistent with chapter 39.10 RCW.

(5) A passenger-only ferry service district may be dissolved by a majority vote of the governing body when all obligations under any general obligation bonds issued by the passenger-only ferry service district have been discharged and any other contractual obligations of the passenger-only ferry service district have either been discharged or assumed by another governmental entity. [2015 3rd sp.s. c 44 § 313.]

Effective date—2015 3rd sp.s. c 44: See note following RCW 46.68.395.

36.57A.224 Passenger-only ferry service districts—Revenue. (1) A passenger-only ferry service district may, as part of a passenger-only ferry investment plan, recommend some or all of the following revenue sources as provided in this chapter:

- (b) A parking tax, as authorized in RCW 82.80.035;
- (c) Tolls for passengers, packages, and, where applicable, parking; and
- (d) Charges or licensing fees for advertising, leasing space for services to ferry passengers, and other revenue generating activities.

(2) Taxes may not be imposed without an affirmative vote of the majority of the voters within the boundaries of the passenger-only ferry service district voting on a single ballot proposition to both approve a passenger-only ferry investment plan and to approve taxes to implement the plan. Revenues from these taxes and fees may be used only to implement the plan and must be used for the benefit of the residents of the passenger-only ferry service district. A district must contract with the department of revenue for the administration and collection of a sales and use tax as authorized in RCW 82.14.445. A district may contract with other appropriate entities for the administration and collection of any of the other taxes or charges authorized in this section. [2015 3rd sp.s. c 44 § 314.]

Effective date—2015 3rd sp.s. c 44: See note following RCW 46.68.395.

36.57A.226 Passenger-only ferry service districts—Issuance of bonds. (1) To carry out the purposes of this chapter, a passenger-only ferry service district may issue general obligation bonds, not to exceed an amount, together with any other outstanding nonvoter-approved general obligation indebtedness, equal to one and one-half percent of the value of the taxable property within the area, as the term "value of the taxable property" is defined in RCW 39.36.015. A passenger-only ferry service district may also issue general obligation bonds for capital purposes only, together with any outstanding general obligation indebtedness, not to exceed an amount equal to five percent of the value of the taxable prop-

erty within the area, as the term "value of the taxable property" is defined in RCW 39.36.015, when authorized by the voters of the area pursuant to Article VIII, section 6 of the state Constitution.

(2) General obligation bonds with a maturity in excess of twenty-five years may not be issued. The governing body of the passenger-only ferry service district must by resolution determine for each general obligation bond issue the amount, date, terms, conditions, denominations, maximum fixed or variable interest rate or rates, maturity or maturities, redemption rights, registration privileges, manner of execution, manner of sale, callable provisions, if any, covenants, and form, including registration as to principal and interest, registration as to principal only, or bearer. Registration may include, but not be limited to: (a) A book entry system of recording the ownership of a bond whether or not physical bonds are issued, or (b) recording the ownership of a bond together with the requirement that the transfer of ownership may only be effected by the surrender of the old bond and either the reissuance of the old bond or the issuance of a new bond to the new owner. Facsimile signatures may be used on the bonds and any coupons. Refunding general obligation bonds may be issued in the same manner as general obligation bonds are issued.

(3) Whenever general obligation bonds are issued to fund specific projects or enterprises that generate revenues, charges, user fees, or special assessments, the passenger-only ferry service district may specifically pledge all or a portion of the revenues, charges, user fees, or special assessments to refund the general obligation bonds. The passenger-only ferry service district may also pledge any other revenues that may be available to the district.

(4) In addition to general obligation bonds, a passenger-only ferry service district may issue revenue bonds to be issued and sold in accordance with chapter 39.46 RCW. [2015 3rd sp.s. c 44 § 317.]

Effective date—2015 3rd sp.s. c 44: See note following RCW 46.68.395.

36.57A.230 Public transportation fares—Proof of payment—Civil infractions. (1) Persons traveling on public transportation operated by a public transportation benefit area shall pay the fare established by the public transportation benefit area and shall produce proof of payment in accordance with the terms of use established by the public transportation benefit area. Such persons shall produce proof of payment when requested by a person designated to monitor fare payment. The required manner of producing proof of payment specified in the terms of use established by the public transportation benefit area may include, but is not limited to, requiring a person using an electronic fare payment card to validate the card by presenting the card to an electronic card reader before or upon entering a public transportation vehicle or a restricted fare paid area.

(2) The following constitute civil infractions punishable according to the schedule of fines and penalties established by a public transportation benefit area under RCW 36.57A.235:

- (a) Failure to pay the required fare, except when a public transportation benefit area fails to meet the requirements of subsection (3) of this section;

(b) Failure to produce proof of payment in the manner required by the terms of use established by the public transportation benefit area including, but not limited to, the failure to produce a validated fare payment card when requested to do so by a person designated to monitor fare payment; and

(c) Failure to depart the bus or other mode of public transportation when requested to do so by a person designated to monitor fare payment.

(3) If fare payment is required before entering a transit vehicle, as defined in RCW 9.91.025(2)(b), or before entering a fare paid area in a transit facility, as defined in RCW 9.91.025(2)(a), signage must be conspicuously posted at the place of boarding or within ten feet of the nearest entrance to a transit facility that clearly indicates: (a) The locations where tickets or fare media may be purchased; and (b) that a person using an electronic fare payment card must present the card to an electronic card reader before entering a transit vehicle or before entering a restricted fare paid area. [2012 c 68 § 2; 2008 c 123 § 6.]

36.57A.235 Public transportation fares—Schedule of fines and penalties—Who may monitor fare payment—Administration of citations. (1) A public transportation benefit area may establish, by resolution, a schedule of fines and penalties for civil infractions established in RCW 36.57A.230. Fines established shall not exceed those imposed for class 1 infractions under RCW 7.80.120.

(2)(a) A public transportation benefit area may designate persons to monitor fare payment who are equivalent to, and are authorized to exercise all the powers of, an enforcement officer as defined in RCW 7.80.040. A public transportation benefit area may employ personnel to either monitor fare payment or contract for such services, or both.

(b) In addition to the specific powers granted to enforcement officers under RCW 7.80.050 and 7.80.060, persons designated to monitor fare payment may also take the following actions:

- (i) Request proof of payment from passengers;

(3) A public transportation benefit area shall keep records of citations in the manner prescribed by RCW 7.80.150. All civil infractions established by this section and RCW 36.57A.230 and 36.57A.240 shall be heard and determined by a district court as provided in RCW 7.80.010 (1) and (4). [2008 c 123 § 7.]

36.57A.240 Public transportation fares—Powers of law enforcement authorities. RCW 36.57A.230 and 36.57A.235 do not prevent law enforcement authorities from prosecuting for theft, trespass, or other charges by any individual who:

- (1) Fails to pay the required fare on more than one occasion within a twelve-month period;

(2) Fails to timely select one of the options for responding to the notice of civil infraction after receiving a statement of the options for responding to the notice of infraction and the procedures necessary to exercise these options; or

(3) Fails to depart the bus or other mode of public transportation when requested to do so by a person designated to monitor fare payment. [2008 c 123 § 8.]

36.57A.245 Public transportation fares—Powers and authority are supplemental to other laws. The powers and authority conferred by RCW 36.57A.230 through 36.57A.240 shall be construed as in addition and supplemental to powers or authority conferred by any other law, and nothing contained therein shall be construed as limiting any other powers or authority of any public agency. [2008 c 123 § 9.]

36.57A.250 Supplemental transportation improvements. If the legislative authority of a city provides or contracts for supplemental transportation improvements, as described in RCW 35.21.925 or under chapter 36.73 RCW, a public transportation benefit area serving the city or border jurisdictions shall coordinate its services with the supplemental transportation improvements to maximize efficiencies in public transportation services within and across service boundaries. [2010 c 251 § 5.]

36.58.010 Acquisition of solid waste or recyclable materials sites authorized. Any county legislative authority may acquire by purchase or by gift, dedication, or donation,

sites for the use of the public in disposing of solid waste or recyclable materials. However, no county legislative authority shall be authorized to require any retail enterprise engaged in the sale of consumer-packaged products to locate or place a public solid waste collection site or buy-back center upon or within a certain distance of the retail establishment as a condition of engaging in the sale of consumer-packaged products. [1989 c 431 § 52; 1963 c 4 § 36.58.010. Prior: 1943 c 87 § 1; Rem. Supp. 1943 § 6294-150.]

36.58.020 Rules and regulations as to use—Penalty.

Any board of county commissioners may make such rules and regulations as may be deemed necessary for the use and occupation of such sites, and may provide for the maintenance and care thereof. Any person violating any of the rules and regulations made by the board relating to the use or occupation of any site owned or occupied by the county for garbage disposal purposes shall be guilty of a misdemeanor. [1963 c 4 § 36.58.020. Prior: 1943 c 87 § 2; Rem. Supp. 1943 § 6294-151.]

36.58.030 "Transfer station" defined. As used in RCW 36.58.030 through 36.58.060, the term "transfer station" means a staffed, fixed supplemental facility used by persons and route collection vehicles to deposit solid wastes into transfer trailers for transportation to a disposal site. This does not include detachable containers, except in counties with a population of less than seventy thousand, and in any county with a population of from one hundred twenty-five thousand to less than two hundred ten thousand that is located east of the crest of the Cascade mountain range, where detachable containers shall be securely fenced, staffed by an attendant during all hours when the detachable container is open to the public, charge a tipping fee that shall cover the cost of providing and for use of the service, and shall be operated as a transfer station. [1991 c 363 § 74; 1989 c 431 § 27; 1975-'76 2nd ex.s. c 58 § 1.]

Purpose—Captions not law—1991 c 363: See notes following RCW 2.32.180.

36.58.040 Solid waste handling systems authorized—Disposal sites—Contracts for solid waste handling and collection of source separated recyclable material—Waste reduction and recycling. The legislative authority of a county may by ordinance provide for the establishment of a system or systems of solid waste handling for all unincorporated areas of the county or for portions thereof. A county may designate a disposal site or sites for all solid waste collected in the unincorporated areas pursuant to the provisions of a comprehensive solid waste plan adopted pursuant to chapter 70.95 RCW. However for any solid waste collected by a private hauler operating under a certificate granted by the Washington utilities and transportation commission under the provisions of chapter 81.77 RCW and which certificate is for collection in a geographic area lying in more than one county, such designation of disposal sites shall be pursuant to an interlocal agreement between the involved counties.

A county may construct, lease, purchase, acquire, add to, alter, or extend solid waste handling systems, plants, sites, or other facilities and shall have full jurisdiction and authority to manage, regulate, maintain, utilize, operate, control, and

establish the rates and charges for those solid waste handling systems, plants, sites, or other facilities. A county may enter into agreements with public or private parties to: (1) Construct, purchase, acquire, lease, add to, alter, extend, maintain, manage, utilize, or operate publicly or privately owned or operated solid waste handling systems, plants, sites, or other facilities; (2) establish rates and charges for those systems, plants, sites, or other facilities; (3) designate particular publicly or privately owned or operated systems, plants, sites, or other facilities as disposal sites; (4) process, treat, or convert solid waste into other valuable or useful materials or products; and (5) sell the material or products of those systems, plants, or other facilities.

The legislative authority of a county may award contracts for solid waste handling that provide that a county provide for a minimum periodic fee or other method of compensation in consideration of the operational availability of those solid waste handling systems, plants, sites, or other facilities at a specified minimum level, without regard to the ownership of the systems, plants, sites or other facilities, or the amount of solid waste actually handled during all or any part of the contract. When a minimum level of solid waste is specified in a contract entered into under this section, there shall be a specific allocation of financial responsibility in the event the amount of solid waste handled falls below the minimum level provided in the contract. Solid waste handling systems, plants, sites, or other facilities constructed, purchased, acquired, leased, added to, altered, extended, maintained, managed, utilized, or operated pursuant to this section, whether publicly or privately owned, shall be in substantial compliance with the solid waste management plan applicable to the county adopted pursuant to chapter 70.95 RCW. Agreements relating to such solid waste handling systems, plans [plants], sites, or other facilities may be for such term and may contain such covenants, conditions, and remedies as the legislative authority of the county may deem necessary or appropriate.

As used in this chapter, the terms "solid waste" and "solid waste handling" shall be as defined in RCW 70.95.030.

The legislative authority of a county may:

(1) By ordinance award a contract to collect source separated recyclable materials from residences within unincorporated areas. The legislative authority has complete authority to manage, regulate, and fix the price of the source separated recyclable collection service. The contracts may provide that the county pay minimum periodic fees to a municipal entity or permit holder; or

(2) Notify the commission in writing to carry out and implement the provisions of the waste reduction and recycling element of the comprehensive solid waste management plan.

This election may be made by counties at any time after July 23, 1989. An initial election must be made no later than ninety days following approval of the local comprehensive waste management plan required by RCW 70.95.090.

Nothing in this section shall be construed to authorize the operation of a solid waste collection system by counties or to authorize counties to affect the authority of the utilities and transportation commission under RCW 81.77.020. [1992 c 131 § 3. Prior: 1989 c 431 § 28; 1989 c 399 § 9; 1986 c 282 § 20; 1975-'76 2nd ex.s. c 58 § 2.]

Severability—Legislative findings—Construction—Liberal construction—Supplemental powers—1986 c 282: See notes following RCW 35.21.156.

36.58.045 County may impose fee upon solid waste collection services—Revenue to fund compliance with comprehensive solid waste management plan. (1) The legislative authority of any county may impose a fee upon the solid waste collection services of a solid waste collection company operating within the unincorporated areas of the county, to fund the administration and planning expenses that may be incurred by the county in complying with the requirements in RCW 70.95.090. The fee may be in addition to any other solid waste services fees and charges a county may legally impose.

(2) Each county imposing the fee authorized by this section shall notify the Washington utilities and transportation commission and the affected solid waste collection companies of the amount of the fee ninety days prior to its implementation. [1989 c 431 § 15.]

36.58.050 Solid waste disposal—Transfer stations. When a comprehensive solid waste plan, as provided in RCW 70.95.080, incorporates the use of transfer stations, such stations shall be considered part of the disposal site and as such, along with the transportation of solid wastes between disposal sites, shall be exempt from regulation by the Washington utilities and transportation commission as provided in chapter 81.77 RCW.

Each county may enter into contracts for the hauling of trailers of solid wastes from these transfer stations to disposal sites and return either by (1) the normal bidding process, or (2) negotiation with the qualified collection company servicing the area under authority of chapter 81.77 RCW. [1975-'76 2nd ex.s. c 58 § 3.]

36.58.060 Solid waste disposal—Ownership of solid wastes—Responsibility for handling. Ownership of solid wastes shall be vested in the person or local jurisdiction managing disposal and/or resource recovery facilities upon the arrival of said solid wastes at said facility: PROVIDED, That the original owner retains ownership of the solid wastes until they arrive at the disposal site or transfer station or detachable container, and the original owner has the right of recovery to any valuable items inadvertently discarded: PROVIDED FURTHER, That the person or agency providing the collection service shall be responsible for the proper handling of the solid wastes from the point of collection to the disposal or recovery facility. [1975-'76 2nd ex.s. c 58 § 4.]

36.58.080 County solid waste facilities—Exempt from municipal taxes—Charges to mitigate impacts—Negotiation and arbitration. County-owned solid waste facilities shall not be subject to any tax or excise imposed by any city or town. Cities or towns may charge counties to mitigate impacts directly attributable to the solid waste facility: PROVIDED, That any city or town establishes that such charges are reasonably necessary to mitigate such impacts and that revenue generated from such charges is expended only to mitigate such impacts. Impacts resulting from commercial and residential solid waste collection within any city or town shall not be considered to be directly attributable to

the solid waste facility. In the event that no agreement can be reached between the city or town and the county following a reasonable period of good faith negotiations, including mediation where appropriate, the matter shall be resolved by a board of arbitrators, to be convened at the request of either party, such board of arbitrators to consist of a representative from the city or town involved, a representative of the county, and a third representative to be appointed by the other two representatives. If no agreement can be reached with regard to said third representative, the third representative shall be appointed by a judge of the superior court of the county of the jurisdiction owning the solid waste facility. The determination by the board of arbitrators of the sum to be paid by the county shall be binding on all parties. Each party shall pay the costs of their individual representatives on the board of arbitrators and they shall pay one-half of the cost of the third representative. [1983 c 171 § 1; 1982 c 175 § 8.]

36.58.090 Contracts with vendors for solid waste handling systems, plants, sites, or facilities—Requirements—Vendor selection procedures. (1) Notwithstanding the provisions of any county charter or any law to the contrary, and in addition to any other authority provided by law, the legislative authority of a county may contract with one or more vendors for one or more of the design, construction, or operation of, or other service related to, the solid waste handling systems, plants, sites, or other facilities in accordance with the procedures set forth in this section. When a contract for design services is entered into separately from other services permitted under this section, procurement shall be in accord with chapter 39.80 RCW. For the purpose of this chapter, the term "legislative authority" shall mean the board of county commissioners or, in the case of a home rule charter county, the official, officials, or public body designated by the charter to perform the functions authorized therein.

(2) If the legislative authority of the county decides to proceed with the consideration of qualifications or proposals for services from vendors, the county shall publish notice of its requirements and request submission of qualifications statements or proposals. The notice shall be published in the official newspaper of the county at least once a week for two weeks not less than sixty days before the final date for the submission of qualifications statements or proposals. The notice shall state in summary form (a) the general scope and nature of the design, construction, operation, or other service, (b) the name and address of a representative of the county who can provide further details, (c) the final date for the submission of qualifications statements or proposals, (d) an estimated schedule for the consideration of qualifications, the selection of vendors, and the negotiation of a contract or contracts for services, (e) the location at which a copy of any request for qualifications or request for proposals will be made available, and (f) the criteria established by the legislative authority to select a vendor or vendors, which may include but shall not be limited to the vendor's prior experience, including design, construction, or operation of other similar facilities; respondent's management capability, schedule availability and financial resources; cost of the services, nature of facility design proposed by the vendor; system reliability; performance standards required for the facili-

ties; compatibility with existing service facilities operated by the public body or other providers of service to the public; project performance guarantees; penalty and other enforcement provisions; environmental protection measures to be used; consistency with the applicable comprehensive solid waste management plan; and allocation of project risks.

(3) If the legislative authority of the county decides to proceed with the consideration of qualifications or proposals, it may designate a representative to evaluate the vendors who submitted qualifications statements or proposals and conduct discussions regarding qualifications or proposals with one or more vendors. The legislative authority or representative may request submission of qualifications statements and may later request more detailed proposals from one or more vendors who have submitted qualifications statements, or the representative may request detailed proposals without having first received and evaluated qualifications statements. The representative shall evaluate the qualifications or proposals, as applicable. If two or more vendors submit qualifications or proposals that meet the criteria established by the legislative authority of the county, discussions and interviews shall be held with at least two vendors. Any revisions to a request for qualifications or request for proposals shall be made available to all vendors then under consideration by the city or town and shall be made available to any other person who has requested receipt of that information.

(4) Based on criteria established by the legislative authority of the county, the representative shall recommend to the legislative authority a vendor or vendors that are initially determined to be the best qualified to provide one or more of the design, construction, or operation of, or other service related to, the proposed project or services. The legislative authority may select one or more qualified vendors for one or more of the design, construction, or operation of, or other service related to, the proposed project or services.

(5) The legislative authority or its representative may attempt to negotiate a contract with the vendor or vendors selected for one or more of the design, construction, or operation of, or other service related to, the proposed project or services on terms that the legislative authority determines to be fair and reasonable and in the best interest of the county. If the legislative authority or its representative is unable to negotiate such a contract with any one or more of the vendors first selected on terms that it determines to be fair and reasonable and in the best interest of the county, negotiations with any one or more of the vendors shall be terminated or suspended and another qualified vendor or vendors may be selected in accordance with the procedures set forth in this section. If the legislative authority decides to continue the process of selection, negotiations shall continue with a qualified vendor or vendors in accordance with this section at the sole discretion of the legislative authority until an agreement is reached with one or more qualified vendors, or the process is terminated by the legislative authority. The process may be repeated until an agreement is reached.

(6) Prior to entering into a contract with a vendor, the legislative authority of the county shall make written findings, after holding a public hearing on the proposal, that it is in the public interest to enter into the contract, that the contract is financially sound, and that it is advantageous for the

county to use this method for awarding contracts compared to other methods.

(7) Each contract shall include a project performance bond or bonds or other security by the vendor that in the judgment of the legislative authority of the county is sufficient to secure adequate performance by the vendor.

(8) The provisions of chapters 39.12, 39.19, and *39.25 RCW shall apply to a contract entered into under this section to the same extent as if the systems and plants were owned by a public body.

(9) The vendor selection process permitted by this section shall be supplemental to and shall not be construed as a repeal of or limitation on any other authority granted by law.

(10) The alternative selection process provided by this section may not be used in the selection of a person or entity to construct a publicly owned facility for the storage or transfer of solid waste or solid waste handling equipment unless the facility is either (a) privately operated pursuant to a contract greater than five years, or (b) an integral part of a solid waste processing facility located on the same site. Instead, the applicable provisions of RCW 36.32.250 and chapters 39.04 and 39.30 RCW shall be followed. [1992 c 131 § 4; 1989 c 399 § 10; 1986 c 282 § 19.]

The legislative authority of any county with a population of less than one million is authorized to establish one or more solid waste disposal districts within the county for the purpose of providing and funding solid waste disposal services. No solid waste disposal district may include any area within the corporate limits of a city or town unless the city or town governing body adopts a resolution approving inclusion of the area within its limits. The county legislative authority may modify the boundaries of the solid waste disposal district by the same procedure used to establish the district. A solid waste disposal district may be dissolved by the county legislative authority after holding a hearing as provided in RCW 36.58.110.

As used in RCW 36.58.100 through 36.58.150 the term "county" includes all counties other than a county with a population of one million or more.

A solid waste disposal district shall constitute a body corporate and shall possess all the usual powers of a corporation for public purposes as well as all other powers that may now or hereafter be specifically conferred by statute: PROVIDED, That a solid waste disposal district shall not have the power of eminent domain.

The county legislative authority shall be the governing body of a solid waste disposal district. The electors of a solid

waste disposal district shall be all registered voters residing within the district. [1991 c 363 § 75; 1982 c 175 § 1.]

A county legislative authority proposing to establish a solid waste disposal district or to modify or dissolve an existing solid waste disposal district shall conduct a hearing at the time and place specified in a notice published at least once not less than ten days prior to the hearing in a newspaper of general circulation within the proposed solid waste disposal district. This notice shall be in addition to any other notice required by law to be published. Additional notice of such hearing may be given by mail, posting within the proposed solid waste disposal district, or in any manner local authorities deem necessary to notify affected persons. 36.58.120 Solid waste disposal district—Establishment—Ordinance. No solid waste disposal district shall be established within a county unless the county legislative authority determines, following a hearing held pursuant to RCW 36.58.110, that it is in the public interest to form the district and the county legislative authority adopts an ordinance creating the solid waste disposal district and establishing its boundaries. viding regular collection and disposal. The excise tax shall be billed and collected at times and in the manner fixed and determined by the solid waste disposal district. Penalties for failure to pay the tax on time may be provided for. A solid waste disposal district shall have a lien for delinquent taxes and penalties, plus an interest rate equal to the interest rate for delinquent property taxes. The lien shall be attached to each parcel of property in the district that is occupied by the person so taxed and shall be superior to all other liens and encumbrances except liens for property taxes.

The solid waste disposal district shall periodically certify the delinquencies to the county treasurer at which time the lien shall be attached. The lien shall be foreclosed in the same manner as the foreclosure of real property taxes. [1982 c 175 § 5.]

Such districts may be established only after approval of a coordinated, comprehensive solid waste management plan adopted pursuant to chapter 134, Laws of 1969 ex. sess. and chapter 70.95 RCW or pursuant to another solid waste management plan adopted prior to May 21, 1971 or within one year thereafter. Such determination by the county legislative authority shall require the utilities and transportation commission to investigate and make a finding as to the ability and willingness of the existing garbage and refuse collection companies servicing the area to provide the required service.

(2016 Ed.)

If the utilities and transportation commission finds that the existing garbage and refuse collection company or companies are unable or unwilling to provide the required service it shall proceed to issue a certificate of public need and necessity to any qualified person or corporation in accordance with the provisions of RCW 81.77.040.

The utilities and transportation commission shall notify the county legislative authority within sixty days of its findings and actions and if no qualified garbage and refuse collection company or companies are available in the proposed solid waste collection district, the county legislative authority may provide county garbage and refuse collection services in the area and charge and collect reasonable fees therefor. When the county undertakes to collect such fees as requested by the garbage and refuse collection companies, the county shall be subrogated to all of the rights of such companies. Any such fees which the county fails to collect shall become liens on the real or personal property of the persons owing such fees and the county may take all appropriate legal action to enforce such liens. 36.60.010 Establishment of district—Boundaries—Powers. Subject to RCW 36.60.020, the legislative authority of a county may establish one or more county rail districts within the county for the purpose of providing and funding improved rail freight or passenger service, or both. The boundaries of county rail districts shall be drawn to include contiguous property in an area from which agricultural or other goods could be shipped by the rail service provided. The district shall not include property outside this area which does not, or, in the judgment of the county legislative authority, is not expected to produce goods which can be shipped by rail, or property substantially devoted to fruit crops or producing goods that are shipped in a direction away from the district. A county rail district is a quasi municipal corporation, an independent taxing "authority" within the meaning of Article VII, section 1 of the state Constitution, and a "taxing district" within the meaning of Article VII, section 2 of the state Constitution.

A county rail district shall constitute a body corporate and shall possess all the usual powers of a corporation for public purposes as well as all other powers that may now or hereafter be specifically conferred by statute, including, but not limited to, the authority to hire employees, staff, and services, to enter into contracts, to accept and expend or use gifts, grants, and donations, and to sue and be sued.

The county legislative authority shall be the governing body of a county rail district. The county treasurer shall act as the ex officio treasurer of the county rail district. The electors of a district are all registered voters residing within the district.

This authority and that provided in RCW 36.60.030 may only be exercised outside the boundaries of the county rail district if such extraterritorial rail services, equipment, or facilities are found, by resolution of the county legislative authority exercising such authority, to be reasonably necessary to link the rail services, equipment, and facilities within the rail district to an interstate railroad system; however, if such extraterritorial rail services, equipment, or facilities are in or are to be located in one or more other counties, the legislative authority of such other county must consent by resolution to the proposed plan of the originating county which consent shall not be unreasonably withheld. [2001 c 58 § 1; 1985 c 187 § 1; 1983 c 303 § 8.]

36.60.020 Establishment, modification, or dissolution of district—Public notice and hearing—Election. (1) A county legislative authority proposing to establish a county rail district, or to modify the boundaries of an existing county rail district, or to dissolve an existing county rail district, shall conduct a hearing at the time and place specified in a notice published at least once, not less than ten days prior to the hearing, in a newspaper of general circulation within the proposed county rail district. This notice shall be in addition to any other notice required by law to be published. Additional notice of the hearing may be given by mail, posting within the proposed county rail district, or in any manner the county legislative authority deems necessary to notify affected persons. All hearings shall be public and the county legislative authority shall hear objections from any person affected by the for-

mation, modification of the boundaries, or dissolution of the county rail district.

(2) Following the hearing held under subsection (1) of this section, the county legislative authority may adopt a resolution providing for the submission of a proposal to establish a county rail district, modify the boundaries of an existing county rail district, or dissolve an existing county rail district, if the county legislative authority finds the proposal to be in the public interest. The resolution shall contain the boundaries of the district if applicable.

A proposition to create a county rail district, modify the boundaries of an existing county rail district, or dissolve an existing rail district shall be submitted to the affected voters at the next general election held sixty or more days after the adoption of the resolution providing for the submittal by the county legislative authority. The resolution shall establish the boundaries of the district and include a finding that the creation of the district is in the public interest and that the area included within the district can reasonably be expected to benefit from its creation. No portion of a city may be included in such a district unless the entire city is included.

The district shall be created upon approval of the proposition by simple majority vote. The ballot proposition submitted to the voters shall be in substantially the following form:

FORMATION OF COUNTY RAIL DISTRICT

Shall a county rail district be established for the area described in a resolution of the legislative authority of county, adopted on the day of, (year) ?

Yes

No

[2016 c 202 § 30; 1983 c 303 § 9.]

Dissolution of inactive special purpose districts: Chapter 36.96 RCW.

36.60.030 Authority of district to provide rail service.

A county rail district is authorized to contract with a person, partnership, or corporation to provide rail service along a light-density essential-service rail line for the purpose of carrying commodities. The district shall also have the power to acquire, maintain, improve, or extend rail facilities within the district that are necessary for the safe and efficient operation of the contracted rail service. A county rail district may receive state rail assistance under chapter 47.76 RCW. Two or more county rail districts may enter into interlocal cooperation agreements under chapter 39.34 RCW to carry out the purposes of this chapter. [1983 c 303 § 10.]

36.60.040 Excess property tax levies authorized.

A county rail district is not authorized to impose a regular ad valorem property tax levy but may:

(1) Levy an ad valorem property tax, in excess of the one percent limitation, upon the property within the district for a one-year period to be used for operating or capital purposes whenever authorized by the voters of the district pursuant to RCW 84.52.052 and Article VII, section 2(a) of the state Constitution.

(2) Provide for the retirement of voter approved general obligation bonds, issued for capital purposes only, by levying bond retirement ad valorem property tax levies, in excess of the one percent limitation, whenever authorized by the voters

of the district pursuant to Article VII, section 2(b) of the state Constitution and RCW 84.52.056. [1983 c 303 § 11.]

36.60.050 General obligation bonds authorized—Limitations—Terms. (1) To carry out the purpose of this chapter, a county rail district may issue general obligation bonds, not to exceed an amount, together with any outstanding nonvoter approved general obligation indebtedness, equal to three-eighths of one percent of the value of taxable property within the district, as the term "value of taxable property" is defined in RCW 39.36.015. A county rail district may additionally issue general obligation bonds for capital purposes only, together with any outstanding general obligation indebtedness, not to exceed an amount equal to one and one-fourth percent of the value of the taxable property within the district, as the term "value of taxable property" is defined in RCW 39.36.015, as prescribed in Article VIII, section 6 of the state Constitution, and to provide for the retirement thereof by excess property tax levies as provided in RCW 36.60.040(2). The county rail district may submit a single proposition to the voters which, if approved, authorizes both the issuance of the bonds and the bond retirement property tax levies.

(2) General obligation bonds with a maturity in excess of forty years shall not be issued. The governing body of the county rail district shall by resolution determine for each general obligation bond issue the amount, date or dates, terms, conditions, denominations, interest rate or rates, which may be fixed or variable, maturity or maturities, redemption rights, registration privileges, manner of execution, price, manner of sale, and covenants. The bonds may be in any form, including bearer bonds or registered bonds. Facsimile signatures may be used on the bonds and any coupons. Refunding general obligation bonds may be issued in the same manner as general obligation bonds are issued.

(3) Whenever general obligation bonds are issued to fund specific projects or enterprises that generate revenues, charges, user fees, or special assessments, the county rail district which issues the bonds may specifically pledge all or a portion of the revenues, charges, user fees, or special assessments to refund the general obligation bonds. [1983 c 303 § 12.]

36.60.060 Revenue bonds authorized—Limitations—Terms. (1) A county rail district may issue revenue bonds to fund revenue generating facilities which it is authorized to provide or operate. Whenever revenue bonds are to be issued, the governing body of the district shall create or have created a special fund or funds for the sole purpose of paying the principal of and interest on the bonds of each such issue, into which fund or funds the governing body may obligate the district to pay such amounts of the gross revenue of all or any part of the facilities constructed, acquired, improved, repaired, or replaced pursuant to this chapter as the governing body determines.

(2) The governing body of a county rail district issuing revenue bonds shall create a special fund or funds from which, along with any reserves created under RCW 39.44.140, the principal and interest on the revenue bonds shall exclusively be payable. The governing body may obligate the county rail district to set aside and pay into the spe-

cial fund or funds a fixed proportion or a fixed amount of the revenues from the public improvements, projects, facilities, and all related additions funded by the revenue bonds. This amount or proportion shall be a lien and charge against these revenues, subject only to operating and maintenance expenses. The governing body shall consider the cost of operation and maintenance of the public improvement, project, facility, or additions funded by the revenue bonds and shall not place into the special fund or funds a greater amount or proportion of the revenues than it thinks will be available after maintenance and operation expenses have been paid and after the payment of revenue previously pledged. The governing body may also provide that revenue bonds payable from the same source or sources of revenue may later be issued on parity with any revenue bonds issued and sold.

(3) Revenue bonds issued pursuant to this section shall not be an indebtedness of the county rail district issuing the bonds, and the interest and principal on the bonds shall only be payable from the revenues lawfully pledged to meet the principal and interest requirements and any reserves created pursuant to RCW 39.44.140. The owner of a revenue bond or any interest coupon issued pursuant to this section shall not have any claim against the county rail district arising from the bond or coupon except for payment from the revenues lawfully pledged to meet the principal and interest requirements and any reserves created pursuant to RCW 39.44.140. The substance of the limitations included in this subsection shall be plainly printed, written, or engraved on each bond issued pursuant to this section.

(4) Revenue bonds with a maturity in excess of thirty years shall not be issued. The governing body of the county rail district shall by resolution determine for each revenue bond issue the amount, date, terms, conditions, denominations, maximum fixed or variable interest rate or rates, maturity or maturities, redemption rights, registration privileges, manner of execution, manner of sale, callable provisions, if any, and covenants including the refunding of existing revenue bonds. The bonds may be in any form, including bearer bonds or registered bonds. Facsimile signatures may be used on the bonds and any coupons. Refunding revenue bonds may be issued in the same manner as revenue bonds are issued. [1983 c 303 § 13.]

36.60.070 Power of eminent domain. A county rail district may exercise the power of eminent domain to obtain property for its authorized purposes in the manner counties exercise the powers of eminent domain. [1983 c 303 § 14.]

Eminent domain by counties: Chapter 8.08 RCW.

36.60.100 Establishment, modification, or dissolution of district—Alternate method. The method of establishing, modifying, or dissolving a county rail district in RCW 36.60.110 through 36.60.130 is an alternate method to that specified in RCW 36.60.020. [1986 c 26 § 1.]

36.60.110 Establishment, modification, or dissolution of district—Alternate method—Petition. A petition to establish, modify the boundaries, or dissolve a county rail district shall be filed with the county legislative authority. The petition shall be signed by the owners of property valued at not less than seventy-five percent according to the assessed

valuation for general taxation of the property for which establishment, modification or dissolution is petitioned. The petition shall set forth a legal description of the property and shall be accompanied by a plat which outlines the boundaries of the property sought to be annexed. [1986 c 26 § 2.]

36.60.120 Establishment, modification, or dissolution of district—Alternate method—Public hearing. If a petition to establish, modify the boundaries, or dissolve a county rail district is filed with the county legislative authority that complies with the requirements specified in RCW 36.60.110, the legislative authority may accept the petition, fix a date for a public hearing, and publish notice of the hearing in one issue of the official county newspaper. The notice shall also be posted in three public places within the area proposed for establishment, modification, or dissolution, and shall specify the time and place of hearing. The expense of publication and posting of the notice shall be paid by the signers of the petition. [1986 c 26 § 3.]

36.60.130 Establishment, modification, or dissolution of district—Alternate method—Determination by county legislative authority. Following the hearing, the county legislative authority shall determine by resolution whether the area proposed shall establish, modify the boundaries, or dissolve the county rail district. They may include all or any portion of the proposed area but may not include any property not described in the petition. [1986 c 26 § 4.]

36.60.140 Annexation by boundary modification—Assumption of outstanding indebtedness. All property annexed to a county rail district by a boundary modification under RCW 36.60.110 through 36.60.130 shall assume all or any portion of the outstanding indebtedness of the county rail district existing at the date of modification. [1986 c 26 § 5.]

36.60.900 Liberal construction. The rule of strict construction does not apply to this chapter, and this chapter shall be liberally construed to permit the accomplishment of its purposes. [1983 c 303 § 15.]

Assessments and charges against state lands: Chapter 79.44 RCW.

Boat trailer fee: RCW 46.17.305.

36.61.010 Findings—Intent—Purpose. (1) The legislature finds that the environmental, recreational, and aesthetic values of many of the state's lakes are threatened by eutrophication and other deterioration and that existing governmental authorities are unable to adequately improve and maintain the quality of the state's lakes.

(2) The legislature intends that an ecosystem-based beach management approach should be used to help promote the health of aquatic ecosystems and that such a management approach be undertaken in a manner that retains ecosystem values within the state. This management approach should use long-term strategies that focus on reducing nutrient inputs from human activities affecting the aquatic ecosystem, such as decreasing nutrients into storm water sewers, decreasing fertilizer application, promoting the proper disposal of pet waste, promoting the use of vegetative borders, promoting the reduction of nutrients from on-site septic systems where appropriate, and protecting riparian areas. Organic debris, including vegetation, driftwood, seaweed, kelp, and organisms, are extremely important to beach ecosystems.

(3) The legislature further finds that it is in the public interest to promote the conservation and stewardship of shorelines and upland properties adjoining lakes and beaches in order to: (a) Conserve natural or scenic resources; (b) protect riparian habitats and water quality; (c) promote conservation of soils, wetlands, shorelines, or tidal marshes; (d) enhance the value of lakes or beaches to the public as well as the benefit of abutting or neighboring parks, forests, wildlife preserves, nature reservations or sanctuaries, or other open space; (e) enhance recreation opportunities; (f) preserve historic sites; and (g) protect visual quality along highway, road, street, trail, recreational, and other corridors or scenic vistas.

(4) It is the purpose of this chapter to establish a governmental mechanism by which property owners can embark on a program of lake or beach improvement and maintenance for their and the general public's benefit, health, and welfare. Public property, including state property, shall be considered the same as private property in this chapter, except liens for special assessments and liens for rates and charges shall not extend to public property. Lake bottom property and marine property below the line of the ordinary high water mark shall

not be considered to be benefited, shall not be subject to special assessments or rates and charges, and shall not receive voting rights under this chapter. [2014 c 85 § 1; 2008 c 301 § 1; 1987 c 432 § 1; 1985 c 398 § 1.]

36.61.020 Creation of district—Special assessments or rates and charges. (1) Any county may create lake or beach management districts to finance: (a) The improvement and maintenance of lakes or beaches located within or partially within the boundaries of the county; and (b) the acquisition of real property or property rights within or outside a lake or beach management district including, by way of example, conservation easements authorized under RCW 64.04.130, and to promote the conservation and stewardship of shorelines as well as the conservation and stewardship of upland properties adjoining lakes or beaches for conservation or for minimal development. All or a portion of a lake or beach and the adjacent land areas may be included within one or more lake or beach management districts. More than one lake or beach, or portions of lakes or beaches, and the adjacent land areas may be included in a single lake or beach management district.

(2) For the purposes of this chapter, the term "improvement" includes, among other things, the acquisition of real property and property rights within or outside a lake or beach management district for the purposes set forth in RCW 36.61.010 and this section.

(3) Special assessments or rates and charges may be imposed on the property included within a lake or beach management district to finance lake or beach improvement and maintenance activities, including: (a) Controlling or removing aquatic plants and vegetation; (b) improving water quality; (c) controlling water levels; (d) treating and diverting storm water; (e) controlling agricultural waste; (f) studying lake or marine water quality problems and solutions; (g) cleaning and maintaining ditches and streams entering the lake or marine waters or leaving the lake; (h) monitoring air quality; (i) the acquisition of real property and property rights; and (j) the related administrative, engineering, legal, and operational costs, including the costs of creating the lake or beach management district.

(4) Special assessments or rates and charges may be imposed annually on all the land in a lake or beach management district for the duration of the lake or beach management district without a related issuance of lake or beach management district bonds or revenue bonds. Special assessments also may be imposed in the manner of special assessments in a local improvement district with each landowner being given the choice of paying the entire special assessment in one payment, or to paying installments, with lake or beach management district bonds being issued to obtain moneys not derived by the initial full payment of the special assessments, and the installments covering all of the costs related to issuing, selling, and redeeming the lake or beach management district bonds. [2014 c 85 § 2; 2008 c 301 § 3; 2000 c 184 § 5; 1987 c 432 § 2; 1985 c 398 § 2.]

36.61.025 Creation of district—Duration. To improve the ability of counties to finance long-term lake or beach management objectives, lake or beach management districts may be created for any needed period of time. [2008 c 301 § 4; 2000 c 184 § 4.]

36.61.030 Creation of district—Resolution or petition—Contents. A lake or beach management district may be initiated upon either the adoption of a resolution of intention by a county legislative authority or the filing of a petition signed by ten landowners or the owners of at least twenty percent of the acreage contained within the proposed lake or beach management district, whichever is greater. A petition or resolution of intention shall set forth: (1) The nature of the lake or beach improvement or maintenance activities proposed to be financed; (2) the amount of money proposed to be raised by special assessments or rates and charges; (3) if special assessments are to be imposed, whether the special assessments will be imposed annually for the duration of the lake or beach management district, or the full special assessments will be imposed at one time, with the possibility of installments being made to finance the issuance of lake or beach management district bonds, or both methods; (4) if rates and charges are to be imposed, the annual amount of revenue proposed to be collected and whether revenue bonds payable from the rates and charges are proposed to be issued; (5) the number of years proposed for the duration of the lake or beach management district; and (6) the proposed boundaries of the lake or beach management district.

The county legislative authority may require the posting of a bond of up to five thousand dollars before the county considers the proposed creation of a lake or beach management district initiated by petition. The bond may only be used by the county to finance its costs in studying, holding hearings, making notices, preparing special assessment rolls or rolls showing the rates and charges on each parcel, and conducting elections related to the lake or beach management district if the proposed lake or beach management district is not created.

A resolution of intention shall also designate the number of the proposed lake or beach management district, and fix a date, time, and place for a public hearing on the formation of the proposed lake or beach management district. The date for the public hearing shall be at least thirty days and no more than ninety days after the adoption of the resolution of intention unless an emergency exists.

Petitions shall be filed with the county legislative authority. The county legislative authority shall determine the sufficiency of the signatures, which shall be conclusive upon all persons. No person may withdraw his or her name from a petition after it is filed. If the county legislative authority determines a petition to be sufficient and the proposed lake or beach management district appears to be in the public interest and the financing of the lake or beach improvement or maintenance activities is feasible, it shall adopt a resolution of intention, setting forth all of the details required to be included when a resolution of intention is initiated by the county legislative authority. [2014 c 85 § 8; 2008 c 301 § 5; 1987 c 432 § 3; 1985 c 398 § 3.]

36.61.040 Creation of district—Public hearing—Notice—Contents. Notice of the public hearing shall be published in at least two consecutive issues of a newspaper of general circulation in the proposed lake or beach management district, the date of the first publication to be at least fifteen days prior to the date fixed for the public hearing by the resolution of intention. Notice of the public hearing shall also be given to the owner or reputed owner of any lot, tract, parcel of land, or other property within the proposed lake or beach management district by mailing the notice at least fifteen days before the date fixed for the public hearing to the owner or reputed owner of the property as shown on the tax rolls of the county assessor at the address shown thereon. Notice of the public hearing shall also be mailed to the departments of fish and wildlife, natural resources, and ecology at least fifteen days before the date fixed for the public hearing.

Notices of the public hearing shall: (1) Refer to the resolution of intention; (2) designate the proposed lake or beach management district by number; (3) set forth a proposed plan describing: (a) The nature of the proposed lake or beach improvement or maintenance activities; (b) the amount of special assessments or rates and charges proposed to be raised by the lake or beach management district; (c) if special assessments are proposed to be imposed, whether the special assessments will be imposed annually for the duration of the lake or beach management district, or the full special assessments will be payable at one time, with the possibility of periodic installments being paid and lake or beach management bonds being issued, or both; (d) if rates and charges are proposed to be imposed, the annual amount of revenue proposed to be collected and whether revenue bonds payable from the rates and charges are proposed to be issued; and (e) the proposed duration of the lake or beach management district; and (4) indicate the date, time, and place of the public hearing designated in the resolution of intention.

In the case of the notice sent to each owner or reputed owner by mail, the notice shall set forth the estimated amount of the cost of the lake or beach improvement or maintenance activities to be borne by special assessment, or annual special assessments, or rates and charges on the lot, tract, parcel of land, or other property owned by the owner or reputed owner.

If the county legislative authority has designated a committee of itself or an officer to hear complaints and make recommendations to the full county legislative authority, as provided in RCW 36.61.060, the notice shall also describe this additional step before the full county legislative authority may adopt a resolution creating the lake or beach management district. [2008 c 301 § 6; 1994 c 264 § 9; 1988 c 36 § 9; 1987 c 432 § 4; 1985 c 398 § 4.]

36.61.050 Creation of district—Public hearing—Amendments to original plan. The county legislative authority shall hold a public hearing on the proposed lake or beach management district at the date, time, and place designated in the resolution of intention.

At this hearing the county legislative authority shall hear objections from any person affected by the formation of the lake or beach management district. Representatives of the departments of fish and wildlife, natural resources, and ecology shall be afforded opportunities to make presentations on

and comment on the proposal. Members of the public shall be afforded an opportunity to comment on the proposal. The county legislative authority must consider recommendations provided to it by the departments of fish and wildlife, natural resources, and ecology. The public hearing may be extended to other times and dates declared at the public hearing. The county legislative authority may make such changes in the boundaries of the lake or beach management district or such modification in plans for the proposed lake or beach improvement or maintenance activities as it deems necessary. The county legislative authority may not change boundaries of the lake or beach management district to include property that was not included previously without first passing an amended resolution of intention and giving new notice to the owners or reputed owners of property newly included in the proposed lake or beach management district in the manner and form and within the time provided for the original notice. The county legislative authority shall not alter the plans for the proposed lake or beach improvement or maintenance activities to result in an increase in the amount of money proposed to be raised, and shall not increase the amount of money proposed to be raised, without first passing an amended resolution of intention and giving new notice to property owners in the manner and form and within the time provided for the original notice. [2008 c 301 § 7; 1994 c 264 § 10; 1988 c 36 § 10; 1985 c 398 § 5.]

36.61.060 Creation of district—Public hearing—Legislative authority may delegate responsibility. A county legislative authority may adopt an ordinance providing for a committee of itself, or an officer, to hold public hearings on the proposed formation of a lake or beach management district and hear objections to the proposed formation as provided in RCW 36.61.050. The committee or officer shall make a recommendation to the full legislative authority, which need not hold a public hearing on the proposed creation of the lake or beach management district. The full county legislative authority by resolution may approve or disapprove the recommendation and submit the question of creating the lake or beach management district to the property owners as provided in RCW 36.61.070 through 36.61.100. [2008 c 301 § 8; 1985 c 398 § 10.]

36.61.070 Creation of district—Submittal of question to landowners. (1) After the public hearing, the county legislative authority may adopt a resolution submitting the question of creating the lake or beach management district to the owners of land within the proposed lake or beach management district, including publicly owned land, if the county legislative authority finds that it is in the public interest to create the lake or beach management district and the financing of the lake or beach improvement and maintenance activities is feasible. The resolution shall also include: (a) A plan describing the proposed lake or beach improvement and maintenance activities which avoid adverse impacts on fish and wildlife and provide for appropriate measures to protect and enhance fish and wildlife; (b) the number of years the lake or beach management district will exist; (c) the amount to be raised by special assessments or rates and charges; (d) if special assessments are to be imposed, whether the special assessments shall be imposed annually for the duration of the

lake or beach management district or only once with the possibility of installments being imposed and lake or beach management bonds being issued, or both, and, if both types of special assessments are proposed to be imposed, the lake or beach improvement or maintenance activities proposed to be financed by each type of special assessment; (e) if rates and charges are to be imposed, a description of the proposed rates and charges and the possibility of revenue bonds being issued that are payable from the rates and charges; and (f) the estimated special assessment or rate and charge proposed to be imposed on each parcel included in the proposed lake or beach management district.

(2) No lake or beach management district may be created by a county that includes territory located in another county without the approval of the legislative authority of the other county. [2014 c 85 § 4; 2008 c 301 § 9; 1987 c 432 § 5; 1985 c 398 § 6.]

36.61.080 Creation of district—Submittal of question to landowners—Mail ballot. (1) A ballot shall be mailed to each owner or reputed owner of any lot, tract, parcel of land, or other property within the proposed lake management district, including publicly owned land, which ballot shall contain the following proposition:

"Shall lake management district No. . . . be formed?
 Yes
 No"

(2) A ballot shall be mailed to each owner or reputed owner of any lot, tract, parcel of land, or other property within the proposed beach management district, including publicly owned land, which ballot shall contain the following proposition:

"Shall beach management district No. . . . be formed?
 Yes
 No"

(3) In addition, the ballot shall contain appropriate spaces for the signatures of the landowner or landowners, or officer authorized to cast such a ballot. Each ballot shall include a description of the property owner's property and the estimated special assessment, or rate and charge, proposed to be imposed upon the property. A copy of the instructions and the resolution submitting the question to the landowners shall also be included. [2008 c 301 § 10; 1987 c 432 § 6; 1985 c 398 § 7.]

36.61.090 Creation of district—Submittal of question to landowners—Balloting—Conditions. The balloting shall be subject to the following conditions, which shall be included in the instructions mailed with each ballot, as provided in RCW 36.61.080: (1) All ballots must be signed by the owner or reputed owner of property according to the assessor's tax rolls; (2) each ballot must be returned to the county legislative authority not later than 5:00 p.m. of a specified day, which shall be at least twenty but not more than thirty days after the ballots are mailed; (3) each property owner shall mark his or her ballot for or against the creation of the proposed lake or beach management district, with the ballot weighted so that the property owner has one vote for each dollar of estimated special assessment or rate and charge

proposed to be imposed on his or her property; and (4) the valid ballots shall be tabulated and a simple majority of the votes cast shall determine whether the proposed lake or beach management district shall be approved or rejected. [2008 c 301 § 11; 1987 c 432 § 7; 1985 c 398 § 8.]

36.61.100 Creation of district—Submittal of question to landowners—Majority vote required—Adoption of ordinance. If the proposal receives a simple majority vote in favor of creating the lake or beach management district, the county legislative authority shall adopt an ordinance creating the lake or beach management district and may proceed with establishing the special assessments or rates and charges, collecting the special assessments or rates and charges, and performing the lake or beach improvement or maintenance activities. If a proposed lake management district includes more than one lake and its adjacent areas, the lake management district may only be established if the proposal receives a simple majority vote in favor of creating it by the voters on each lake and its adjacent areas. The county legislative authority shall publish a notice in a newspaper of general circulation in a lake or beach management district indicating that such an ordinance has been adopted within ten days of the adoption of the ordinance.

The ballots shall be available for public inspection after they are counted. [2008 c 301 § 12; 1987 c 432 § 8; 1985 c 398 § 9.]

36.61.110 Creation of district—Limitations on appeals. No lawsuit may be maintained challenging the jurisdiction or authority of the county legislative authority to proceed with the lake or beach improvement and maintenance activities and creating the lake or beach management district or in any way challenging the validity of the actions or decisions or any proceedings relating to the actions or decisions unless the lawsuit is served and filed no later than forty days after publication of a notice that the ordinance has been adopted ordering the lake or beach improvement and maintenance activities and creating the lake or beach management district. Written notice of the appeal shall be filed with the county legislative authority and clerk of the superior court in the county in which the property is situated. [2008 c 301 § 13; 1985 c 398 § 11.]

36.61.115 Limitation on special assessments, rates, and charges. A special assessment, or rate and charge, on any lot, tract, parcel of land, or other property shall not be increased beyond one hundred ten percent of the estimated special assessment, or rate and charge, proposed to be imposed as provided in the resolution adopted in RCW 36.61.070, unless the creation of a lake or beach management district is approved under another mailed ballot election that reflects the weighted voting arising from such increases. [2008 c 301 § 14; 1987 c 432 § 9.]

36.61.120 Special assessment roll—Adoption—Public hearing. After a lake or beach management district is created, the county shall prepare a proposed special assessment roll. A separate special assessment roll shall be prepared for annual special assessments if both annual special assessments and special assessments paid at one time are imposed. The

proposed special assessment roll shall list: (1) Each separate lot, tract, parcel of land, or other property in the lake or beach management district; (2) the acreage of such property, and the number of feet of lake or beach frontage, if any; (3) the name and address of the owner or reputed owner of each lot, tract, parcel of land, or other property as shown on the tax rolls of the county assessor; and (4) the special assessment proposed to be imposed on each lot, tract, parcel of land, or other property, or the annual special assessments proposed to be imposed on each lot, tract, parcel of land, or other property.

At the time, date, and place fixed for a public hearing, the county legislative authority shall act as a board of equalization and hear objections to the special assessment roll, and at the times to which the public hearing may be adjourned, the county legislative authority may correct, revise, raise, lower, change, or modify the special assessment roll or any part thereof, or set the proposed special assessment roll aside and order a new proposed special assessment roll to be prepared. The county legislative authority shall confirm and approve a special assessment roll by adoption of a resolution.

If a proposed special assessment roll is amended to raise any special assessment appearing thereon or to include omitted property, a new public hearing shall be held. The new public hearing shall be limited to considering the increased special assessments or omitted property. Notices shall be sent to the owners or reputed owners of the affected property in the same manner and form and within the time provided for the original notice.

Objections to a proposed special assessment roll must be made in writing, shall clearly state the grounds for objections, and shall be filed with the governing body prior to the public hearing. Objections to a special assessment or annual special assessments that are not made as provided in this section shall be deemed waived and shall not be considered by the governing body or a court on appeal. [2008 c 301 § 15; 1985 c 398 § 12.]

36.61.130 Special assessment roll—Public hearing—Legislative authority may delegate responsibility—Appeals. A county legislative authority may adopt an ordinance providing for a committee of itself, or an officer, to hear objections to the special assessment roll, act as a board of equalization, and make recommendations to the full county legislative authority, which need not hold a public hearing on the special assessment roll. The ordinance shall provide a process by which an appeal may be made in writing to the full county legislative authority by a person protesting his or her special assessment or annual special assessments as confirmed by the committee or officer. The full county legislative authority by resolution shall approve the special assessment roll, modify and approve the special assessment roll as a result of hearing objections, or reject the special assessment roll and return it to the committee or officer for further work and recommendations. No objection to the decision of the full county legislative authority approving the special assessment roll may be considered by a court unless an objection to the decision has been timely filed with the county legislative authority as provided in this section. [1985 c 398 § 13.]

36.61.140 Special assessment roll—Public hearing—Notice—Contents. Notice of the original public hearing on the proposed special assessment roll, and any public hearing held as a result of raising special assessments or including omitted property, shall be published and mailed to the owner or reputed owner of the property as provided in RCW 36.61.040 for the public hearing on the formation of the lake or beach management district. However, the notice need only provide the total amount to be collected by the special assessment roll and shall state that: (1) A public hearing on the proposed special assessment roll will be held, giving the time, date, and place of the public hearing; (2) the proposed special assessment roll is available for public perusal, giving the times and location where the proposed special assessment roll is available for public perusal; (3) objections to the proposed special assessment must be in writing, include clear grounds for objections, and must be filed prior to the public hearing; and (4) failure to so object shall be deemed to waive an objection.

Notices mailed to the owners or reputed owners shall additionally indicate the amount of special assessment ascribed to the particular lot, tract, parcel of land, or other property owned by the person so notified. [2008 c 301 § 16; 1985 c 398 § 14.]

36.61.150 Special assessment roll—Appeal to superior and appellate courts—Procedure. The decision of a county legislative authority upon any objection to the special assessment roll may be appealed to the superior court only if the objection had been timely made in the manner prescribed in this chapter. The appeal shall be made within ten days after publication of a notice that the resolution confirming the special assessment roll has been adopted by filing written notice of the appeal with the county legislative authority and the clerk of the superior court in the county in which the real property is situated. The notice of appeal shall describe the property and set forth the objections of the appellant to the special assessment. Within ten days from the filing of such notice of appeal with the clerk of the superior court, the appellant shall file with the clerk of the court a transcript consisting of the special assessment roll and his or her objections thereto, together with the resolution confirming such special assessment roll and the record of the county legislative authority with reference to the special assessment or annual special assessments, which transcript, upon payment of the necessary fees therefor, shall be furnished by an officer of the county and by him or her certified to contain full, true, and correct copies of all matters and proceedings required to be included in the transcript. Such fees shall be the same as the fees payable to the county clerk for the preparation and certification of transcripts on appeal to the supreme court or the court of appeals in civil actions.

At the time of the filing of the notice of appeal with the clerk of the superior court a sufficient bond in the penal sum of two hundred dollars, with a surety or sureties thereon as provided by law for appeals in civil cases, shall be filed conditioned to prosecute such appeal without delay, and if unsuccessful, to pay all costs incurred by the county because of the appeal. The court may order the appellant, upon application therefor, to execute and file such additional bond or bonds as the necessity of the case may require.

Within three days after such transcript is filed in the superior court, the appellant shall give written notice to the county legislative authority that such transcript is filed. The notice shall state a time, not less than three days from the service thereof, when the appellant will call up the cause for hearing.

The superior court shall, at this time or at such further time as may be fixed by order of the court, hear and determine such appeal without a jury, and such cause shall have preference over all civil causes pending in the court, except proceedings under an act relating to eminent domain in such county and actions of forcible entry and detainer. The judgment of the court shall confirm, correct, modify, or annul the special assessment or annual special assessments insofar as the same affects the property of the appellant. A certified copy of the decision of the court shall be filed with the officer having custody of the special assessment roll, and he or she shall modify and correct such special assessment roll in accordance with the decision.

An appeal shall lie to the supreme court or the court of appeals from the judgment of the superior court, as in other cases, however, such appeal must be taken within fifteen days after the date of the entry of the judgment of the superior court, and the record and opening brief of the appellant in the cause shall be filed in the supreme court or the court of appeals within sixty days after the appeal is taken by notice as provided in this section. The time for filing the record and serving and filing of briefs may be extended by order of the superior court, or by stipulation of the parties concerned. The supreme court or the court of appeals on such appeal may correct, modify, confirm, or annul the special assessment or annual special assessments insofar as the same affects the property of the appellant. A certified copy of the order of the supreme court or the court of appeals upon such appeal shall be filed with the officer having custody of such special assessment roll, who shall thereupon modify and correct such special assessment roll in accordance with such decision. [1985 c 398 § 15.]

36.61.160 Special assessments—Calculation. Whenever special assessments are imposed, all property included within a lake or beach management district shall be considered to be the property specially benefited by the lake or beach improvement or maintenance activities and shall be the property upon which special assessments are imposed to pay the costs and expenses of the lake or beach improvement or maintenance activities, or such part of the costs and expenses as may be chargeable against the property specially benefited. The special assessments shall be imposed on property in accordance with the special benefits conferred on the property up to but not in excess of the total costs and expenses of the lake or beach improvement or maintenance activities as provided in the special assessment roll.

Special assessments may be measured by front footage, acreage, the extent of improvements on the property, or any other factors that are deemed to fairly reflect special benefits, including those authorized under RCW 35.51.030. Special assessments may be calculated by using more than one factor. Zones around the public improvement may be used that reflect different levels of benefit in each zone that are mea-

sured by a front footage, acreage, the extent of improvements, or other factors.

Public property, including property owned by the state of Washington, shall be subject to special assessments to the same extent that private property is subject to the special assessments, except no lien shall extend to public property. [2008 c 301 § 17; 1987 c 432 § 10; 1985 c 398 § 16.]

36.61.170 Special assessments—Limitations. (1) The total annual special assessments may not exceed the estimated cost of the lake or beach improvement or maintenance activities proposed to be financed by such special assessments, as specified in the resolution of intention. The total of special assessments imposed in a lake or beach management district that are of the nature of special assessments imposed in a local improvement district shall not exceed one hundred fifty percent of the estimated total cost of the lake or beach improvement or maintenance activities that are proposed to be financed by the lake or beach management district as specified in the resolution of intention.

(2) After a lake or beach management district has been created, the resolution of intention may be amended to increase or otherwise modify the amount to be financed by the lake or beach management district by using the same procedure in which a lake or beach management district is created, including landowner approvals consistent with the procedures established in RCW 36.61.080 through 36.61.100. [2014 c 85 § 10; 2008 c 301 § 18; 1985 c 398 § 17.]

36.61.180 Special assessments—Modification. Whenever annual special assessments are being imposed, the county legislative authority may modify the level of annual special assessments imposed by conforming with the procedures and subject to the limitations included in RCW 36.61.120 through 36.61.170. [1985 c 398 § 18.]

36.61.190 Special assessments—Collection—Notice. Special assessments and installments on any special assessment shall be collected by the county treasurer.

The county treasurer shall publish a notice indicating that the special assessment roll has been confirmed and that the special assessments are to be collected. The notice shall indicate the duration of the lake or beach management district and shall describe whether the special assessments will be paid in annual payments for the duration of the lake or beach management district, or whether the full special assessments will be payable at one time, with the possibility of periodic installments being paid and lake or beach management bonds being issued, or both.

If the special assessments are to be payable at one time, the notice additionally shall indicate that all or any portion of the special assessments may be paid within thirty days from the date of publication of the first notice without penalty or interest. This notice shall be published in a newspaper of general circulation in the lake or beach management district.

Within ten days of the first newspaper publication, the county treasurer shall notify each owner or reputed owner of property whose name appears on the special assessment roll, at the address shown on the special assessment roll, for each item of property described on the list: (1) Whether one special assessment payable at one time or special assessments

payable annually have been imposed; (2) the amount of the property subject to the special assessment or annual special assessments; and (3) the total amount of the special assessment due at one time, or annual amount of special assessments due. If the special assessment is due at one time, the notice shall also describe the thirty-day period during which the special assessment may be paid without penalty, interest, or cost. [2008 c 301 § 19; 1985 c 398 § 19.]

36.61.200 Special assessments—Payment period—Interest and penalty. If the special assessments are to be payable at one time, all or any portion of any special assessment may be paid without interest, penalty, or costs during this thirty-day period and placed into a special fund to defray the costs of the lake or beach improvement or maintenance activities. The remainder shall be paid in installments as provided in a resolution adopted by the county legislative authority, but the last installment shall be due at least two years before the maximum term of the bonds issued to pay for the improvements or maintenance. The installments shall include amounts sufficient to redeem the bonds issued to pay for the lake or beach improvement and maintenance activities. A twenty-day period shall be allowed after the due date of any installment within which no interest, penalty, or costs on the installment may be imposed.

The county shall establish by ordinance an amount of interest that will be imposed on late special assessments imposed annually or at once, and on installments of a special assessment. The ordinance shall also specify the penalty, in addition to the interest, that will be imposed on a late annual special assessment, special assessment, or installment which shall not be less than five percent of the delinquent special assessment or installment.

The owner of any lot, tract, parcel of land, or other property charged with a special assessment may redeem it from all liability for the unpaid amount of the installments by paying, to the county treasurer, the remaining portion of the installments that is attributable to principal on the lake or beach management district bonds. [2008 c 301 § 20; 1985 c 398 § 20.]

36.61.210 Special assessments—Subdivision of land—Segregation of assessment. Whenever any land against which there has been levied any special assessment or annual special assessments by any county has been sold in part, subdivided, or short subdivided, the county legislative authority may order a segregation of the special assessment or annual special assessments. If an installment has been made, the segregation shall apportion the remaining installments on the parts or lots created.

Any person desiring to have such a special assessment or annual special assessments against a tract of land segregated to apply to smaller parts thereof shall apply to the county legislative authority which levied the special assessment or annual special assessments. If the county legislative authority determines that a segregation should be made, it shall by resolution order the county treasurer to segregate the special assessment or annual special assessments on the original assessment roll as directed in the resolution. The segregation shall be made as nearly as possible on the same basis as the original special assessment or annual special assessments

were levied, and the total of the segregated parts of the special assessment or annual special assessments shall equal the amount of the special assessment or annual special assessments unpaid before segregation. The resolution shall describe the original tract and the amount and date of the original special assessment or annual special assessments and shall define the boundaries of the divided parts and the amount of the special assessment or annual special assessments chargeable to each part. A certified copy of the resolution shall be delivered to the county treasurer who shall proceed to segregate the special assessment or annual special assessments upon being tendered a fee of three dollars for each tract of land for which a segregation is to be made. In addition to such charge the county legislative authority may require as a condition to the order of segregation that the person seeking it pay the local government the reasonable engineering and clerical costs incident to making the segregation. [1985 c 398 § 21.]

36.61.220 Special assessments—Filing with county treasurer. Within thirty days after a county creates a lake or beach management district, the county shall cause to be filed with the county treasurer, a description of the lake or beach improvement and maintenance activities proposed that the lake or beach management district finances, the lake or beach management district number, and a copy of the diagram or print showing the boundaries of the lake or beach management district and preliminary special assessment roll or abstract of the same showing thereon the lots, tracts, parcels of land, and other property that will be specially benefited thereby and the estimated cost and expense of such lake or beach improvement and maintenance activities to be borne by each lot, tract, parcel of land, or other property. The treasurer shall immediately post the proposed special assessment roll upon his or her index of special assessments against the properties affected by the lake or beach improvement or maintenance activities. [2014 c 85 § 5; 2008 c 301 § 21; 1985 c 398 § 22.]

36.61.230 Special assessments—Lien created. The special assessment or annual special assessments imposed upon the respective lots, tracts, parcels of land, and other property in the special assessment roll or annual special assessment roll confirmed by resolution of the county legislative authority for the purpose of paying the cost and expense in whole or in part of any lake or beach improvement or maintenance activities shall be a lien upon the property assessed from the time the special assessment roll is placed in the hands of the county treasurer for collection, but as between the grantor and grantee, or vendor and vendee of any real property, when there is no express agreement as to payment of the special assessments against the real property, the lien of such special assessments shall attach thirty days after the filing of the diagram or print and the estimated cost and expense of such lake or beach improvement or maintenance activities to be borne by each lot, tract, parcel of land, or other property, as provided in RCW 36.61.220. Interest and penalty shall be included in and shall be a part of the special assessment lien. No lien shall extend to public property subjected to special assessments.

The special assessment lien shall be paramount and superior to any other lien or encumbrance theretofore or thereafter created except a lien for general taxes. [2008 c 301 § 22; 1985 c 398 § 23.]

36.61.240 Special assessments—Lien—Validity—Foreclosure. Special assessments shall be valid and enforceable as such and the lien thereof on the property assessed shall be valid if the county legislative authority in making the special assessments acted in good faith and without fraud. Delinquent special assessments or installments shall be foreclosed in the same manner as special assessments are foreclosed under chapter 36.94 RCW. Public property subject to special assessments shall not be subject to liens. [1985 c 398 § 24.]

36.61.250 Special assessments—Legislative authority may stop—Exceptions. Except when lake or beach management district bonds are outstanding or when an existing contract might otherwise be impaired, the county legislative authority may stop the imposition of annual special assessments if, in its opinion, the public interest will be served by such action. [2014 c 85 § 6; 1985 c 398 § 25.]

36.61.260 Bonds. (1) Counties may issue lake or beach management district revenue bonds in accordance with this section. Lake or beach management district bonds may be issued to obtain money sufficient to cover that portion of the special assessments that are not paid within the thirty-day period provided in RCW 36.61.190.

(2) Whenever lake or beach management district revenue bonds are proposed to be issued, the county legislative authority shall create a special fund or funds for the lake or beach management district from which all or a portion of the costs of the lake or beach improvement and maintenance activities shall be paid. Lake or beach management district bonds shall not be issued in excess of the costs and expenses of the lake or beach improvement and maintenance activities and shall not be issued prior to twenty days after the thirty days allowed for the payment of special assessments without interest or penalties.

(3) Lake or beach management district revenue bonds shall be exclusively payable from the special fund or funds and from a guaranty fund that the county may have created out of a portion of proceeds from the sale of the lake or beach management district bonds.

(4)(a) Lake or beach management district revenue bonds shall not constitute a general indebtedness of the county issuing the bond nor an obligation, general or special, of the state. The owner of any lake or beach management district revenue bond shall not have any claim for the payment thereof against the county that issues the bonds except for: (i) With respect to revenue bonds payable from special assessments, payment from the special assessments made for the lake or beach improvement or maintenance activities for which the lake or beach management district bond was issued and from the special fund or funds, and a lake or beach management district guaranty fund, that may have been created; and (ii) with respect to revenue bonds payable from rates and charges, payment from rates and charges deposited in the special fund or funds that the county may have created for that purpose.

Revenue bonds may be payable from both special assessments and from rates and charges. The county shall not be liable to the owner of any lake or beach management district bond for any loss to a lake or beach management district guaranty fund occurring in the lawful operation of the fund. The owner of a lake or beach management district bond shall not have any claim against the state arising from the lake or beach management district bond, rates and charges, special assessments, or guaranty fund. Tax revenues shall not be used to secure or guarantee the payment of the principal or interest on lake or beach management district bonds. Notwithstanding the provisions of this subsection, nothing in this section may be interpreted as limiting a county's issuance of bonds pursuant to RCW 36.67.010 in order to assist in the financing of improvements to lakes or beaches located within or partially within the boundaries of the county, including without limitation lakes or beaches located within a lake or beach management district.

(b) The substance of the limitations included in this subsection (4) shall be plainly printed, written, engraved, or reproduced on: (i) Each lake or beach management district bond that is a physical instrument; (ii) the official notice of sale; and (iii) each official statement associated with the lake or beach management district bonds.

(5) If the county fails to make any principal or interest payments on any lake or beach management district bond or to promptly collect any special assessment securing lake or beach management district revenue bonds when due, the owner of the lake or beach management district revenue bond may obtain a writ of mandamus from any court of competent jurisdiction requiring the county to collect the special assessments, foreclose on the related lien, and make payments out of the special fund or guaranty fund if one exists. Any number of owners of lake or beach management districts may join as plaintiffs.

(6) A county may create a lake or beach management district bond guaranty fund for each issue of lake or beach management district bonds. The guaranty fund shall only exist for the life of the lake or beach management district bonds with which it is associated. A portion of the bond proceeds may be placed into a guaranty fund. Unused moneys remaining in the guaranty fund during the last two years of the installments shall be used to proportionally reduce the required level of installments and shall be transferred into the special fund into which installment payments are placed. A county may, in the discretion of the legislative authority of the county, deposit amounts into a lake or beach management district bond guaranty fund from any money legally available for that purpose. Any amounts remaining in the guaranty fund after the repayment of all revenue bonds secured thereby and the payment of assessment installments, may be applied to lake or beach improvement and maintenance activities or to other district purposes.

(7) Lake or beach management district bonds shall be issued and sold in accordance with chapter 39.46 RCW. The authority to create a special fund or funds shall include the authority to create accounts within a fund. [2014 c 85 § 7; 2008 c 301 § 23; 2000 c 184 § 6; 1985 c 398 § 26.]

36.61.270 Imposition of rates and charges. Whenever rates and charges are to be imposed in a lake or beach management district, the county legislative authority shall prepare a roll of rates and charges that includes those matters required to be included in a special assessment roll and shall hold a public hearing on the proposed roll of rates and charges as provided under RCW 36.61.120 through 36.61.150 for a special assessment roll. The county legislative authority shall have full jurisdiction and authority to fix, alter, regulate, and control the rates and charges imposed by a lake or beach management district and may classify the rates or charges by any reasonable factor or factors, including benefit, use, front footage, acreage, the extent of improvements on the property, the type of improvements on the property, uses to which the property is put, service to be provided, and any other reasonable factor or factors. The flexibility to establish rates and charges includes the authority to reduce rates and charges on property owned by low-income persons.

Except as provided in this section, the collection of rates and charges, lien status of unpaid rates and charges, and method of foreclosing on such liens shall be subject to the provisions of chapter 36.94 RCW. Public property, including state property, shall be subject to the rates and charges to the same extent that private property is subject to them, except that liens may not be foreclosed on the public property, and the procedure for imposing such rates and charges on state property shall conform with the procedure provided for in chapter 79.44 RCW concerning the imposition of special assessments upon state property. The total amount of rates and charges cannot exceed the cost of lake or beach improvement or maintenance activities proposed to be financed by such rates and charges, as specified in the resolution of intention. Revenue bonds exclusively payable from the rates and charges may be issued by the county under chapter 39.46 RCW. [2008 c 301 § 24; 1987 c 432 § 11.]

36.61.280 Beach management districts—Purpose—Plan. (1) Beach management districts may be created for the purpose of controlling and removing aquatic plants or vegetation. These districts must develop a plan for these activities, in consultation with appropriate federal, state, and local agencies. The plan must include an element addressing nutrient loading from land use activities in a subbasin that is a tributary to the area targeted for management. The plan must be consistent with the action agenda approved by the Puget Sound partnership, where applicable.

(2) Plans for the control and removal of aquatic plants or vegetation must, to the greatest extent possible, meet the following requirements:

- (a) Avoid or minimize the excess removal of living and nonliving nontarget native vegetation and organisms;
- (b) Avoid or minimize management activities that will result in compacting beach sand, gravel, and substrate;
- (c) Minimize adverse impacts to: (i) The project site when disposing of excessive accumulations of vegetation; and (ii) other areas of the beach or deep water environment; and
- (d) Retain all natural habitat features on the beach, including retaining trees, stumps, logs, and large rocks in their natural location.

(3) Seaweed removal under this section may only occur on the shore of a saltwater body that lies between the extreme low tide and the ordinary high water mark, as those terms are defined in RCW 90.58.030.

(4) The control or removal of native aquatic plants or vegetation shall be authorized in the following areas:

- (a) Beaches or near shore areas located within at least one mile of a ferry terminal that are in a county with a population of one million or more residents; and
- (b) Beaches or near shore areas in a city that meets the following:
 - (i) Is adjacent to Puget Sound;
 - (ii) Has at least eighty-five thousand residents;
 - (iii) Shares a common boundary with a neighboring county; and
 - (iv) Is in a county with a population of one million or more residents. [2008 c 301 § 2.]

36.61.290 Acquisition of real property or property rights—Limitations and requirements. A proposal to acquire real property or property rights within or outside of a lake or beach management district in accordance with RCW 36.61.020 is subject to the following limitations and requirements: (1) The real property or property rights proposed for acquisition must be in a county located west of the crest of the Cascade mountain range that plans under RCW 36.70A.040 and has a population of more than forty thousand and fewer than sixty-five thousand persons as of April 1, 2013, as determined by the office of financial management; and (2) prior to the acquisition of real property or property rights, the proposal must have the written approval of a majority of the property owners of the district, as determined by the tax rolls of the county assessor. [2014 c 85 § 3.]

36.61.300 Acquisition of real property or property rights—County authority. (1) In connection with the acquisition of real property or property rights within or outside a lake or beach management district, a county may: (a) Own real property and property rights, including without limitation conservation easements; (b) transfer real property and property rights to another state or local governmental entity; (c) contract with a public or private entity, including without limitation a financial institution with trust powers, a municipal corporation, or a nonprofit corporation, to hold real property or property rights such as conservation easements in trust for the purposes of the lake and beach management district, and, in connection with those services, to pay the reasonable costs of that financial institution or nonprofit corporation; (d) monitor and enforce the terms of a real property right such as a conservation easement, or for that purpose to contract with a public or private entity, including without limitation a financial institution with trust powers, a municipal corporation, or a nonprofit corporation; (e) impose terms, conditions, and encumbrances upon real property or property rights acquired in respect of a lake or beach management district, and amend the same; and (f) accept gifts, grants, and loans in connection with the acquisition of real property and property rights for lake or beach management district purposes.

(2) If a county contracts with a financial institution, municipal corporation, or nonprofit corporation to hold that property or property rights in trust for purposes of the district,

the terms of the contract must provide that the financial institution, municipal corporation, or nonprofit corporation may not sell, pledge, or hypothecate the property or property rights for any purpose, and must further provide for the return of the property or property rights back to the county in the event of a material breach of the terms of the contract.

(3) Before a lake or beach management district in existence as of June 12, 2014, exercises the powers set forth in this section, the legislative authority of the county must provide for an amended resolution of intention and modify the plan for the district, with a public hearing, all as provided in RCW 36.61.050. [2014 c 85 § 9.]

36.61.310 Dissolution—Procedure and conditions.

(1) Except when lake or beach management district bonds are outstanding or when an existing contract might otherwise be impaired, a lake or beach management district may be dissolved either by: The county legislative authority upon a finding that the purposes of the district have been accomplished; or a vote of the property owners within the district, if proposed by the legislative authority of the county or through the filing of a sufficient petition signed by the owners of at least twenty percent of the acreage within the district.

(2) If the question of dissolution of a district is submitted to property owners, the balloting is subject to the following conditions, which must be included in the instructions mailed with each ballot, as provided in RCW 36.61.080:

(a) A ballot must be mailed to each owner or reputed owner of any lot, tract, parcel of land, or other property within the district, with the ballot weighted so that a property owner has one vote for each dollar of special assessment or rates and charges imposed on his or her property;

(b) A ballot must be signed by the owner or reputed owner of property according to the assessor's tax rolls;

(c) Each ballot must be returned to the county legislative authority no later than 5:00 p.m. of a specified day, which must be at least twenty, but not more than thirty days after the ballots are mailed; and

(d) Each property owner must mark his or her ballot for or against the dissolution of the district.

(3) If, following the tabulation of the valid ballots, a simple majority of the votes cast are in favor of dissolving the district, the district must be dissolved on the date established in the ballot proposition.

(4) A county, although not separately responsible for satisfying the financial obligations of a dissolved district, has full authority to continue imposing special assessments, rates, and charges for a dissolved district until all financial obligations of the district incurred prior to its dissolution have been extinguished or retired. [2014 c 85 § 11.]

(1) Purchase or lease real property or use lands already owned by the county;

(2) Erect all necessary buildings, make all necessary improvements and repairs and alter any existing building for the use of said hospitals;

(3) Use county moneys, levy taxes, and issue bonds as authorized by law, to raise a sufficient amount of money to cover the cost of procuring the site, constructing and operating hospitals, and for the maintenance thereof and all other necessary and proper expenses; and

36.62.040 Contract for joint hospital. All contracts made in pursuance hereof shall be for such period of time and upon such terms and conditions as shall be agreed upon. The contract shall fully set forth the amount of money to be contributed by the county and city towards the acquisition of such site and the improvement thereof and the manner in

which the property shall be improved and the character of the building or buildings to be erected thereon. It may provide for the amount of money to be contributed annually by the county and city for the upkeep and maintenance of the property and the building or buildings thereon, or it may provide for the relative proportion of such expense, which the county and city shall annually pay. The contract may specify the parts of such building or buildings which shall be set apart for the exclusive use and occupation of the county and city. The money to be contributed by the county or city may be raised by a sale of bonds of such county or city or by general taxation. Any such county or city now possessing funds or having funds available for a county or city hospital from a sale of bonds or otherwise may contract for the expenditure of such funds, as herein provided. Such contract shall be made only after a proper resolution or ordinance of the county legislative authority and ordinance of the city have been passed specifically authorizing it. The contract when made shall be binding upon the county and city during its existence or until it is modified or abrogated by mutual consent evidenced by appropriate legislation. A site with or without buildings may be contributed in lieu of money at a valuation to be agreed upon. [1984 c 26 § 2; 1963 c 4 § 36.62.040. Prior: (i) 1925 ex.s. c 174 § 2; RRS § 6090-2. [1984 c 26 § 3; 1963 c 4 § 36.62.050. Prior: 1925 ex.s. c 174 § 3; RRS § 6090-3.]

36.62.060 Bond election. Upon presentation of the petition, the county legislative authority may submit to the voters of the county at the next general election the question of issuing bonds and levying a tax for such hospital. Prior: 1961 c 272 § 5; 1959 c 304 § 6; 1957 c 58 § 14.]

Intent—1994 c 156: "The intent of the legislature by enacting sections 2 through 5, chapter 156, Laws of 1994 is:

(1) To allow park and recreation districts and park and recreation service areas to place more than one excess levy on the same ballot, allowing districts and service areas to give voters the opportunity to vote on separate issues, such as for operating and capital funds, at the same election, thereby reducing election costs; and

(2) To increase the amount a park and recreation district or park and recreation service area may collect through a six-year property tax levy from a maximum of fifteen cents per thousand dollars of assessed value to a maximum of sixty cents per thousand dollars of assessed value. This would allow for a more stable funding source for park and recreation districts and park and recreation service areas at a realistic tax rate and reduce the need for holding excess levy elections on an annual or biannual [biennial] basis. In addition, it would level out the collection of taxes over each of six years rather than the practice now of collecting in one year to fund two years." [1994 c 156 § 1.]

Purpose—1984 c 186: See note following RCW 39.46.110.

(1) A park and recreation district may impose regular property tax levies in an amount equal to sixty cents or less per thousand dollars of assessed value of property in the district in each year for six consecutive years when specifically authorized so to do by a majority of at least three-fifths of the voters thereof approving a proposition authorizing the levies submitted at a special election or at the regular election of the district, at which election the number of voters voting "yes" on the proposition must constitute three-fifths of a number equal to forty per centum of the number of voters voting in such district at the last preceding general election when the number of voters voting on the proposition does not exceed forty per centum of the number of voters voting in such taxing district in the last preceding general election; or by a majority of at least three-fifths of the voters thereof voting on the proposition if the number of voters voting on the proposition exceeds forty per centum of the number of voters voting in such taxing district in the last preceding general election. A proposition authorizing the tax levies may not be submitted by a park and recreation district more than twice in

any twelve-month period. Ballot propositions must conform with RCW 29A.36.210. In the event a park and recreation district is levying property taxes, which in combination with property taxes levied by other taxing districts subject to the one percent limitation provided for in Article 7, section 2, of our state Constitution result in taxes in excess of the limitation provided for in RCW 84.52.043(2), the park and recreation district property tax levy must be reduced or eliminated as provided in RCW 84.52.010.

(2) The limitation in RCW 84.55.010 does not apply to the first levy imposed under this section following the approval of the levies by the voters under subsection (1) of this section. [2010 c 106 § 303; 1994 c 156 § 3; 1984 c 131 § 6; 1981 c 210 § 18.]

In compiling the budget, all available funds and anticipated income shall be taken into consideration, including contributions or contractual payments from school districts, cities or towns, county, or any other governmental unit; gifts and donations; special tax levy; assessments; fees and charges; proceeds of bond issues; cumulative reserve funds. if provided by other governmental agencies specifically for such purposes. [1963 c 4 § 36.69.170. Prior: 1957 c 58 § 18.]

36.69.180 Violation of rules—Penalty. (1) Except as otherwise provided in this section, the violation of any of the rules or regulations of a park and recreation district adopted by its board for the preservation of order, control of traffic, protection of life or property, or for the regulation of the use of park property is a misdemeanor.

(2)(a) Except as provided in (b) of this subsection, violation of such a rule or regulation relating to traffic including parking, standing, stopping, and pedestrian offenses is a traffic infraction.

(b) Violation of such a rule or regulation equivalent to those provisions of Title 46 RCW set forth in RCW 46.63.020 remains a misdemeanor. [2003 c 53 § 206; 1979 ex.s. c 136 § 37; 1963 c 4 § 36.69.180. Prior: 1957 c 58 § 19.]

Any notice given to the public or to the owners of specific lots, tracts, or parcels of land relating to the formation of a local improvement district shall contain a statement that actual assessments may vary from assessment estimates so long as they do not exceed a figure equal to the increased true and fair value the improvement adds to the property. [1989 c 243 § 4.]

36.69.250 L.I.D.'s—Public hearing—Inclusion, exclusion of property. Notice shall also be given by mailing, at least fifteen days before the hearing, a similar notice to the owners or reputed owners of the land in the local district as they appear on the books of the treasurer of the county in which the park and recreation district is located. At the hearing, or any adjournment thereof, the commissioners may correct, change or modify the roll, or any part thereof, or set aside the roll and order a new assessment, and may then by resolution approve it. If an assessment is raised a new notice similar to the first shall be given, after which final approval of the roll may be made. When property has been entered originally upon the roll and the assessment thereon is not raised, no objection thereto shall be considered by the commissioners or by any court on appeal unless the objection is made in writing at, or prior, to the date fixed for the original hearing upon the roll. Bonds issued under the provisions of this chapter shall be payable solely out of the operating revenues of the park and recreation district. Such bonds shall be authorized by resolution adopted by the board of park and recreation commissioners, which resolution shall create a special fund or funds into which the board of park and recreation commissioners may obligate and bind the district to set aside and pay any part or parts of, or all of, or a fixed proportion of, or fixed amounts of gross revenue received by the district from moneys for services or activities as stated in the resolution, for the purpose of paying the principal of and interest on such bonds as the same shall become due, and if deemed necessary to maintain adequate reserves therefor. Such fund or funds shall be drawn upon solely for the purpose of paying the principal and interest upon the bonds issued pursuant to this chapter.

The bonds shall be negotiable instruments within the provision and intent of the negotiable instruments law of this state, even though they shall be payable solely from such special fund or funds, and the tax revenue of the district may not be used to pay, secure, or guarantee the payment of the principal of and interest on such bonds. The bonds and any coupons attached thereto shall state upon their face that they are payable solely from such special fund or funds. If the county

The board may also provide that revenue bonds payable out of the same source or sources may later be sold on a parity with any revenue bonds being issued and sold. The provisions of this chapter and any resolution or resolutions providing for the authorization, issuance, and sale of such bonds shall constitute a contract with the owner of such bonds, and the provisions thereof shall be enforceable by any owner of such bonds by mandamus or any appropriate suit, action or proceeding at law or in equity in any court of competent jurisdiction. The board shall create a special fund for the sole purpose of paying the principal of and interest on such funding or refunding revenue bonds, into which fund the board shall obligate and bind the district to set aside and pay any part or parts of, or all of, or a fixed proportion of, or a fixed amount of the revenue of the recreational facility of the district sufficient to pay such principal and interest as the same shall become due, and if deemed necessary to maintain adequate reserves therefor.

Such funding or refunding bonds shall be negotiable instruments within the provisions and intent of the negotiable instruments law of this state, and the tax revenue of the district may not be used to pay, secure, or guarantee the payment of the principal of and interest on such bonds. Such bonds may be in any form, including bearer bonds or registered bonds as provided in RCW 39.46.030.

The district may exchange such funding or refunding bonds for the bonds, and any coupons being funded or refunded, or it may sell such funding or refunding bonds in the manner, at such price and at such rate or rates of interest

as the board shall deem to be for the best interest of the district and its inhabitants, either at public or private sale.

The provisions of this chapter relating to the terms, conditions, covenants, issuance, and sale of revenue bonds shall be applicable to such funding or refunding bonds except as may be otherwise specifically provided in this section.

36.70.695 Development regulations—Jurisdictions specified—Electric vehicle infrastructure. (1) By July 1, 2010, the development regulations of any jurisdiction with a population over six hundred thousand or with a state capitol within its borders planning under this chapter must allow electric vehicle infrastructure as a use in all areas within one mile of Interstate 5, Interstate 90, Interstate 405, or state route number 520, except those zoned for residential or resource use or critical areas. A jurisdiction may adopt and apply other development regulations that do not have the effect of precluding the siting of electric vehicle infrastructure in areas where that use is allowed.

(2) By July 1, 2011, or six months after the distribution required under RCW 43.31.970 occurs, whichever is later, the development regulations of any jurisdiction planning under this chapter must allow electric vehicle infrastructure as a use in all areas within one mile of Interstate 5, Interstate 90, Interstate 405, or state route number 520, except those zoned for residential or resource use or critical areas. A jurisdiction may adopt and apply other development regulations

(2016 Ed.)

that do not have the effect of precluding the siting of electric vehicle infrastructure in areas where that use is allowed.

(3) By July 1, 2011, or six months after the distribution required under RCW 43.31.970 occurs, whichever is later, the development regulations of any jurisdiction planning under this chapter must allow battery charging stations as a use in all areas except those zoned for residential or resource use or critical areas. A jurisdiction may adopt and apply other development regulations that do not have the effect of precluding the siting of electric vehicle infrastructure in areas where that use is allowed.

(4) Counties are authorized to adopt incentive programs to encourage the retrofitting of existing structures with the electrical outlets capable of charging electric vehicles. Incentives may include bonus height, site coverage, floor area ratio, and transferable development rights for use in urban growth areas.

(5) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Battery charging station" means an electrical component assembly or cluster of component assemblies designed specifically to charge batteries within electric vehicles, which meet or exceed any standards, codes, and regulations set forth by chapter 19.28 RCW and consistent with rules adopted under RCW 19.27.540.

(b) "Battery exchange station" means a fully automated facility that will enable an electric vehicle with a swappable battery to enter a drive lane and exchange the depleted battery with a fully charged battery through a fully automated process, which meets or exceeds any standards, codes, and regulations set forth by chapter 19.28 RCW and consistent with rules adopted under RCW 19.27.540.

(c) "Electric vehicle infrastructure" means structures, machinery, and equipment necessary and integral to support an electric vehicle, including battery charging stations, rapid charging stations, and battery exchange stations.

(d) "Rapid charging station" means an industrial grade electrical outlet that allows for faster recharging of electric vehicle batteries through higher power levels, which meets or exceeds any standards, codes, and regulations set forth by chapter 19.28 RCW and consistent with rules adopted under RCW 19.27.540.

(6) If federal funding for public investment in electric vehicles, electric vehicle infrastructure, or alternative fuel distribution infrastructure is not provided by February 1, 2010, subsection (1) of this section is null and void. [2009 c 459 § 11.]

Finding—Purpose—2009 c 459: See note following RCW 47.80.090.

Regional transportation planning organizations—Electric vehicle infrastructure: RCW 47.80.090.

36.70.700 Planning agency—Time limit for report. Failure of the planning agency to report on the matters referred to in RCW 36.70.690 within forty days after the reference, or such longer period as may be designated by the board, department or official making the reference, shall be deemed to be approval of such matter. [1963 c 4 § 36.70.700. Prior: 1959 c 201 § 70.]

36.70.710 Final authority. Reports and recommendations by the planning agency on all matters shall be advisory

only, and final determination shall rest with the administrative body, official, or the board whichever has authority to decide under applicable law. [1963 c 4 § 36.70.710. Prior: 1959 c 201 § 71.]

36.70.720 Prerequisite for zoning. Zoning maps as an official control may be adopted only for areas covered by a comprehensive plan containing not less than a land use element and a circulation element. Zoning ordinances and maps adopted prior to June 10, 1959, are hereby validated, provided only that at the time of their enactment the comprehensive plan for the county existed according to law applicable at that time. [1963 c 4 § 36.70.720. Prior: 1959 c 201 § 72.]

36.70.730 Text without map. The text of a zoning ordinance may be prepared and adopted in the absence of a comprehensive plan providing no zoning map or portion of a zoning map may be adopted thereunder until there has been compliance with the provisions of RCW 36.70.720. [1963 c 4 § 36.70.730. Prior: 1959 c 201 § 73.]

36.70.740 Zoning map—Progressive adoption. Because of practical considerations, the total area of a county to be brought under the control of zoning may be divided into areas possessing geographical, topographical or urban identity and such divisions may be progressively and separately officially mapped. [1963 c 4 § 36.70.740. Prior: 1959 c 201 § 74.]

36.70.750 Zoning—Types of regulations. Any board, by ordinance, may establish classifications, within each of which, specific controls are identified, and which will:

(1) Regulate the use of buildings, structures, and land as between agriculture, industry, business, residence, and other purposes;

(2) Regulate location, height, bulk, number of stories and size of buildings and structures; the size of yards, courts, and other open spaces; the density of population; the percentage of a lot which may be occupied by buildings and structures; and the area required to provide off-street facilities for the parking of motor vehicles. [1963 c 4 § 36.70.750. Prior: 1959 c 201 § 75.]

36.70.755 Residential care facilities—Review of need and demand—Adoption of ordinances. Each county that does not provide for the siting of residential care facilities in zones that are designated for single-family or other residential uses, shall conduct a review of the need and demand for the facilities, including the cost of any conditional or special use permit that may be required. The review shall be completed by August 30, 1990. A copy of the findings, conclusions, and recommendations resulting from the review shall be sent to the *department of community development by September 30, 1990.

On or before June 30, 1991, each municipality that plans and zones under this chapter shall have adopted an ordinance or ordinances that are necessary to implement the findings of this review, if the findings indicate that such changes are necessary, or shall notify the *department of community development as to why such implementing ordinances were not adopted. [1989 c 427 § 38.]

***Reviser's note:** Powers, duties, and functions of the department of community development and the department of trade and economic development were transferred to the department of community, trade, and economic development by 1993 c 280, effective July 1, 1994. The "department of community, trade, and economic development" was renamed the "department of commerce" by 2009 c 565.

36.70.757 Family day-care provider's home facility—County may not prohibit in residential or commercial area—Conditions. (1) Except as provided in subsections (2) and (3) of this section, no county may enact, enforce, or maintain an ordinance, development regulation, zoning regulation, or official control, policy, or administrative practice that prohibits the use of a residential dwelling, located in an area zoned for residential or commercial use, as a family day-care provider's facility serving twelve or fewer children.

(2) A county may require that the facility: (a) Comply with all building, fire, safety, health code, and business licensing requirements; (b) conform to lot size, building size, setbacks, and lot coverage standards applicable to the zoning district except if the structure is a legal nonconforming structure; (c) is certified by the department of early learning licensor as providing a safe passenger loading area; (d) include signage, if any, that conforms to applicable regulations; and (e) limit hours of operations to facilitate neighborhood compatibility, while also providing appropriate opportunity for persons who use family day-care who work a nonstandard work shift.

(3) A county may also require that the family day-care provider, before state licensing, require proof of written notification by the provider that the immediately adjoining property owners have been informed of the intent to locate and maintain such a facility. If a dispute arises between neighbors and the day-care provider over licensing requirements, the licensor may provide a forum to resolve the dispute.

(4) This section may not be construed to prohibit a county from imposing zoning conditions on the establishment and maintenance of a family day-care provider's home serving twelve or fewer children in an area zoned for residential or commercial use, if the conditions are no more restrictive than conditions imposed on other residential dwellings in the same zone and the establishment of such facilities is not precluded. As used in this section, "family day-care provider" is as defined in RCW 43.215.010. [2007 c 17 § 12; 2003 c 286 § 2.]

36.70.760 Establishing zones. For the purpose set forth in RCW 36.70.750 the county may divide a county, or portions thereof, into zones which, by number, shape, area and classification are deemed to be best suited to carry out the purposes of this chapter. [1963 c 4 § 36.70.760. Prior: 1959 c 201 § 76.]

36.70.770 All regulations shall be uniform in each zone. All regulations shall be uniform in each zone, but the regulations in one zone may differ from those in other zones. [1963 c 4 § 36.70.770. Prior: 1959 c 201 § 77.]

36.70.780 Classifying unmapped areas. After the adoption of the first map provided for in RCW 36.70.740, and pending the time that all property within a county can be precisely zoned through the medium of a zoning map, all

properties not so precisely zoned by map shall be given a classification affording said properties such broad protective controls as may be deemed appropriate and necessary to serve public and private interests. Such controls shall be clearly set forth in the zoning ordinance in the form of a zone classification, and such classification shall apply to such areas until they shall have been included in the detailed zoning map in the manner provided for the adoption of a zoning map. [1963 c 4 § 36.70.780. Prior: 1959 c 201 § 78.]

36.70.790 Interim zoning. If the planning agency in good faith, is conducting or intends to conduct studies within a reasonable time for the purpose of, or is holding a hearing for the purpose of, or has held a hearing and has recommended to the board the adoption of any zoning map or amendment or addition thereto, or in the event that new territory for which no zoning may have been adopted as set forth in RCW 36.70.800 may be annexed to a county, the board, in order to protect the public safety, health and general welfare may, after report from the commission, adopt as an emergency measure a temporary interim zoning map the purpose of which shall be to so classify or regulate uses and related matters as constitute the emergency. [1963 c 4 § 36.70.790. Prior: 1959 c 201 § 79.]

36.70.795 Moratoria, interim zoning controls—Public hearing—Limitation on length. A board that adopts a moratorium, interim zoning map, interim zoning ordinance, or interim official control without holding a public hearing on the proposed moratorium, interim zoning map, interim zoning ordinance, or interim official control, shall hold a public hearing on the adopted moratorium, interim zoning map, interim zoning ordinance, or interim official control within at least sixty days of its adoption, whether or not the board received a recommendation on the matter from the commission or department. If the board does not adopt findings of fact justifying its action before this hearing, then the board shall do so immediately after this public hearing. A moratorium, interim zoning map, interim zoning ordinance, or interim official control adopted under this section may be effective for not longer than six months, but may be effective for up to one year if a work plan is developed for related studies providing for such a longer period. A moratorium, interim zoning map, interim zoning ordinance, or interim official control may be renewed for one or more six-month periods if a subsequent public hearing is held and findings of fact are made prior to each renewal. [1992 c 207 § 4.]

36.70.800 Procedural amendments—Zoning ordinance. An amendment to the text of a zoning ordinance which does not impose, remove or modify any regulation theretofore existing and affecting the zoning status of land shall be processed in the same manner prescribed by this chapter for the adoption of an official control except that no public hearing shall be required either by the commission or the board. [1963 c 4 § 36.70.800. Prior: 1959 c 201 § 80.]

36.70.810 Board of adjustment—Authority. The board of adjustment, subject to appropriate conditions and safeguards as provided by the zoning ordinance or the ordi-

nance establishing the board of adjustment, if there be such, shall hear and decide:

(1) Applications for conditional uses or other permits when the zoning ordinance sets forth the specific uses to be made subject to conditional use permits and establishes criteria for determining the conditions to be imposed;

(2) Application for variances from the terms of the zoning ordinance: PROVIDED, That any variance granted shall be subject to such conditions as will assure that the adjustment thereby authorized shall not constitute a grant of special privilege inconsistent with the limitations upon other properties in the vicinity and zone in which subject property is situated, and that the following circumstances are found to apply;

(a) because of special circumstances applicable to subject property, including size, shape, topography, location or surroundings, the strict application of the zoning ordinance is found to deprive subject property of rights and privileges enjoyed by other properties in the vicinity and under identical zone classification;

(b) that the granting of the variance will not be materially detrimental to the public welfare or injurious to the property or improvements in the vicinity and zone in which subject property is situated.

(3) Appeals, where it is alleged by the applicant that there is error in any order, requirement, permit, decision, or determination made by an administrative official in the administration or enforcement of this chapter or any ordinance adopted pursuant to it. [1963 c 4 § 36.70.810. Prior: 1959 c 201 § 81.]

36.70.820 Board of adjustment—Quasi-judicial powers. The board of adjustment may also exercise such other quasi-judicial powers as may be granted by county ordinance. [1963 c 4 § 36.70.820. Prior: 1959 c 201 § 82.]

36.70.830 Board of adjustment—Appeals—Time limit. Appeals may be taken to the board of adjustment by any person aggrieved, or by any officer, department, board or bureau of the county affected by any decision of an administrative official. Such appeals shall be filed in writing in duplicate with the board of adjustment within twenty days of the date of the action being appealed. [1963 c 4 § 36.70.830. Prior: 1959 c 201 § 83.]

36.70.840 Board of adjustment—Notice of time and place of hearing on conditional permit. Upon the filing of an application for a conditional use permit or a variance as set forth in RCW 36.70.810, the board of adjustment shall set the time and place for a public hearing on such matter, and written notice thereof shall be addressed through the United States mail to all property owners of record within a radius of three hundred feet of the exterior boundaries of subject property. The written notice shall be mailed not less than twelve days prior to the hearing. [1963 c 4 § 36.70.840. Prior: 1959 c 201 § 84.]

36.70.850 Board of adjustment—Appeal—Notice of time and place. Upon the filing of an appeal from an administrative determination, or from the action of the zoning adjustor, the board of adjustment shall set the time and place at which the matter will be considered. At least a ten day

notice of such time and place together with one copy of the written appeal, shall be given to the official whose decision is being appealed. At least ten days notice of the time and place shall also be given to the adverse parties of record in the case. The officer from whom the appeal is being taken shall forthwith transmit to the board of adjustment all of the records pertaining to the decision being appealed from, together with such additional written report as he or she deems pertinent. [2009 c 549 § 4119; 1963 c 4 § 36.70.850. Prior: 1959 c 201 § 85.]

36.70.860 Board of adjustment—Scope of authority on appeal. In exercising the powers granted by RCW 36.70.810 and 36.70.820, the board of adjustment may, in conformity with this chapter, reverse or affirm, wholly or in part, or may modify the order, requirement, decision or determination appealed from, and may make such order, requirement, decision or determination as should be made and, to that end, shall have all the powers of the officer from whom the appeal is taken, insofar as the decision on the particular issue is concerned. [1963 c 4 § 36.70.860. Prior: 1959 c 201 § 86.]

36.70.870 Zoning adjustor—Powers and duties. If the office of zoning adjustor is established as provided in this chapter, all of the provisions of this chapter defining the powers, duties, and procedures of the board of adjustment shall also apply to the zoning adjustor. [1963 c 4 § 36.70.870. Prior: 1959 c 201 § 87.]

36.70.880 Zoning adjustor—Action final unless appealed. The action by the zoning adjustor on all matters coming before him or her shall be final and conclusive unless within ten days after the zoning adjustor has made his or her order, requirement, decision or determination, an appeal in writing is filed with the board of adjustment. Such an appeal may be taken by the original applicant, or by opponents of record in the case. [2009 c 549 § 4120; 1963 c 4 § 36.70.880. Prior: 1959 c 201 § 88.]

36.70.890 Board of adjustment—Action final—Writs. The action by the board of adjustment on an application for a conditional use permit or a variance, or on an appeal from the decision of the zoning adjustor or an administrative officer shall be final and conclusive unless within ten days from the date of said action the original applicant or an adverse party makes application to a court of competent jurisdiction for a writ of certiorari, a writ of prohibition or a writ of mandamus. [1963 c 4 § 36.70.890. Prior: 1959 c 201 § 89.]

36.70.900 Inclusion of findings of fact. Both the board of adjustment and the zoning adjustor shall, in making an order, requirement, decision or determination, include in a written record of the case the findings of fact upon which the action is based. [1963 c 4 § 36.70.900. Prior: 1959 c 201 § 90.]

36.70.910 Short title. This chapter shall be known as the "Planning Enabling Act of the State of Washington". [1963 c 4 § 36.70.910. Prior: 1959 c 201 § 91.]

36.70.920 Duties and responsibilities imposed by other acts. Any duties and responsibilities which by other acts are imposed upon a planning commission shall, after June 10, 1959, be performed by a planning agency however constituted. [1963 c 4 § 36.70.920. Prior: 1959 c 201 § 92.]

36.70.930 Chapter alternative method. This chapter shall not repeal, amend, or modify any other law providing for planning methods but shall be deemed an alternative method providing for such purpose. [1963 c 4 § 36.70.930. Prior: 1959 c 201 § 93.]

36.70.940 Elective adoption. Any county or counties presently operating under the provisions of chapter 35.63 RCW may elect to operate henceforth under the provisions of this chapter. Such election shall be effected by the adoption of an ordinance under the procedure prescribed by RCW 36.32.120(7), and by compliance with the provisions of this chapter. [1963 c 4 § 36.70.940. Prior: 1959 c 201 § 94.]

36.70.970 Hearing examiner system—Adoption authorized—Alternative—Functions—Procedures. (1) As an alternative to those provisions of this chapter relating to powers or duties of the planning commission to hear and issue recommendations on applications for plat approval and applications for amendments to the zoning ordinance, the county legislative authority may adopt a hearing examiner system under which a hearing examiner or hearing examiners may hear and issue decisions on proposals for plat approval and for amendments to the zoning ordinance when the amendment which is applied for is not of general applicability. In addition, the legislative authority may vest in a hearing examiner the power to hear and decide those issues it believes should be reviewed and decided by a hearing examiner, including but not limited to:

- (a) Applications for conditional uses, variances, shore-line permits, or any other class of applications for or pertaining to development of land or land use;
- (b) Appeals of administrative decisions or determinations; and
- (c) Appeals of administrative decisions or determinations pursuant to chapter 43.21C RCW.

The legislative authority shall prescribe procedures to be followed by a hearing examiner.

Any county which vests in a hearing examiner the authority to hear and decide conditional uses and variances shall not be required to have a zoning adjustor or board of adjustment.

(2) Each county legislative authority electing to use a hearing examiner pursuant to this section shall by ordinance specify the legal effect of the decisions made by the examiner. Such legal effect may vary for the different classes of applications decided by the examiner but shall include one of the following:

- (a) The decision may be given the effect of a recommendation to the legislative authority;
- (b) The decision may be given the effect of an administrative decision appealable within a specified time limit to the legislative authority; or
- (c) Except in the case of a rezone, the decision may be given the effect of a final decision of the legislative authority.

(3) Each final decision of a hearing examiner shall be in writing and shall include findings and conclusions, based on the record, to support the decision. Such findings and conclusions shall also set forth the manner in which the decision would carry out and conform to the county's comprehensive plan and the county's development regulations. Each final decision of a hearing examiner, unless a longer period is mutually agreed to in writing by the applicant and the hearing examiner, shall be rendered within ten working days following conclusion of all testimony and hearings. [1995 c 347 § 425; 1994 c 257 § 9; 1977 ex.s. c 213 § 3.]

36.70.980 Conformance with chapter 43.97 RCW required. With respect to the National Scenic Area, as defined in the Columbia River Gorge National Scenic Area Act, P.L. 99-663, the exercise of any power or authority by a county or city pursuant to this chapter shall be subject to and in conformity with the requirements of chapter 43.97 RCW, including the Interstate Compact adopted by RCW 43.97.015, and with the management plan regulations and ordinances adopted by the Columbia River Gorge commission pursuant to the Compact. [1987 c 499 § 9.]

36.70.982 Fish enhancement projects—County's liability. A county is not liable for adverse impacts resulting from a fish enhancement project that meets the criteria of RCW 77.55.181 and has been permitted by the department of fish and wildlife. [2014 c 120 § 13; 2003 c 39 § 19; 1998 c 249 § 8.]

Findings—Purpose—Report—Effective date—1998 c 249: See notes following RCW 77.55.181.

36.70.990 Treatment of residential structures occupied by persons with handicaps. No county may enact or maintain an ordinance, development regulation, zoning regulation or official control, policy, or administrative practice which treats a residential structure occupied by persons with handicaps differently than a similar residential structure occupied by a family or other unrelated individuals. As used in this section, "handicaps" are as defined in the federal fair housing amendments act of 1988 (42 U.S.C. Sec. 3602). [1993 c 478 § 22.]

36.70.992 Watershed restoration projects—Permit processing—Fish habitat enhancement project. (1) A permit required under this chapter for a watershed restoration project as defined in RCW 89.08.460 shall be processed in compliance with RCW 89.08.450 through 89.08.510.

(2) A fish habitat enhancement project meeting the criteria of RCW 77.55.181 shall be reviewed and approved according to the provisions of RCW 77.55.181. [2014 c 120 § 14; 2003 c 39 § 20; 1998 c 249 § 7; 1995 c 378 § 10.]

36.70A.010 Legislative findings. The legislature finds that uncoordinated and unplanned growth, together with a

lack of common goals expressing the public's interest in the conservation and the wise use of our lands, pose a threat to the environment, sustainable economic development, and the health, safety, and high quality of life enjoyed by residents of this state. It is in the public interest that citizens, communities, local governments, and the private sector cooperate and coordinate with one another in comprehensive land use planning. Further, the legislature finds that it is in the public interest that economic development programs be shared with communities experiencing insufficient economic growth. [1990 1st ex.s. c 17 § 1.]

36.70A.011 Findings—Rural lands. The legislature finds that this chapter is intended to recognize the importance of rural lands and rural character to Washington's economy, its people, and its environment, while respecting regional differences. Rural lands and rural-based economies enhance the economic desirability of the state, help to preserve traditional economic activities, and contribute to the state's overall quality of life.

The legislature finds that to retain and enhance the job base in rural areas, rural counties must have flexibility to create opportunities for business development. Further, the legislature finds that rural counties must have the flexibility to retain existing businesses and allow them to expand. The legislature recognizes that not all business developments in rural counties require an urban level of services; and that many businesses in rural areas fit within the definition of rural character identified by the local planning unit.

Finally, the legislature finds that in defining its rural element under RCW 36.70A.070(5), a county should foster land use patterns and develop a local vision of rural character that will: Help preserve rural-based economies and traditional rural lifestyles; encourage the economic prosperity of rural residents; foster opportunities for small-scale, rural-based employment and self-employment; permit the operation of rural-based agricultural, commercial, recreational, and tourist businesses that are consistent with existing and planned land use patterns; be compatible with the use of the land by wildlife and for fish and wildlife habitat; foster the private stewardship of the land and preservation of open space; and enhance the rural sense of community and quality of life. [2002 c 212 § 1.]

36.70A.020 Planning goals. The following goals are adopted to guide the development and adoption of comprehensive plans and development regulations of those counties and cities that are required or choose to plan under RCW 36.70A.040. The following goals are not listed in order of priority and shall be used exclusively for the purpose of guiding the development of comprehensive plans and development regulations:

(1) Urban growth. Encourage development in urban areas where adequate public facilities and services exist or can be provided in an efficient manner.

(2) Reduce sprawl. Reduce the inappropriate conversion of undeveloped land into sprawling, low-density development.

(3) Transportation. Encourage efficient multimodal transportation systems that are based on regional priorities and coordinated with county and city comprehensive plans.

(4) Housing. Encourage the availability of affordable housing to all economic segments of the population of this state, promote a variety of residential densities and housing types, and encourage preservation of existing housing stock.

(5) Economic development. Encourage economic development throughout the state that is consistent with adopted comprehensive plans, promote economic opportunity for all citizens of this state, especially for unemployed and for disadvantaged persons, promote the retention and expansion of existing businesses and recruitment of new businesses, recognize regional differences impacting economic development opportunities, and encourage growth in areas experiencing insufficient economic growth, all within the capacities of the state's natural resources, public services, and public facilities.

(6) Property rights. Private property shall not be taken for public use without just compensation having been made. The property rights of landowners shall be protected from arbitrary and discriminatory actions.

(7) Permits. Applications for both state and local government permits should be processed in a timely and fair manner to ensure predictability.

(8) Natural resource industries. Maintain and enhance natural resource-based industries, including productive timber, agricultural, and fisheries industries. Encourage the conservation of productive forestlands and productive agricultural lands, and discourage incompatible uses.

(9) Open space and recreation. Retain open space, enhance recreational opportunities, conserve fish and wildlife habitat, increase access to natural resource lands and water, and develop parks and recreation facilities.

(10) Environment. Protect the environment and enhance the state's high quality of life, including air and water quality, and the availability of water.

(11) Citizen participation and coordination. Encourage the involvement of citizens in the planning process and ensure coordination between communities and jurisdictions to reconcile conflicts.

(12) Public facilities and services. Ensure that those public facilities and services necessary to support development shall be adequate to serve the development at the time the development is available for occupancy and use without decreasing current service levels below locally established minimum standards.

(13) Historic preservation. Identify and encourage the preservation of lands, sites, and structures, that have historical or archaeological significance. [2002 c 154 § 1; 1990 1st ex.s. c 17 § 2.]

For a 14th goal: See RCW 36.70A.480.

36.70A.030 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Adopt a comprehensive land use plan" means to enact a new comprehensive land use plan or to update an existing comprehensive land use plan.

(2) "Agricultural land" means land primarily devoted to the commercial production of horticultural, viticultural, floricultural, dairy, apiary, vegetable, or animal products or of berries, grain, hay, straw, turf, seed, Christmas trees not subject to the excise tax imposed by *RCW 84.33.100 through

(2016 Ed.)

84.33.140, finfish in upland hatcheries, or livestock, and that has long-term commercial significance for agricultural production.

(3) "City" means any city or town, including a code city.

(4) "Comprehensive land use plan," "comprehensive plan," or "plan" means a generalized coordinated land use policy statement of the governing body of a county or city that is adopted pursuant to this chapter.

(5) "Critical areas" include the following areas and ecosystems: (a) Wetlands; (b) areas with a critical recharging effect on aquifers used for potable water; (c) fish and wildlife habitat conservation areas; (d) frequently flooded areas; and (e) geologically hazardous areas. "Fish and wildlife habitat conservation areas" does not include such artificial features or constructs as irrigation delivery systems, irrigation infrastructure, irrigation canals, or drainage ditches that lie within the boundaries of and are maintained by a port district or an irrigation district or company.

(6) "Department" means the department of commerce.

(7) "Development regulations" or "regulation" means the controls placed on development or land use activities by a county or city, including, but not limited to, zoning ordinances, critical areas ordinances, shoreline master programs, official controls, planned unit development ordinances, subdivision ordinances, and binding site plan ordinances together with any amendments thereto. A development regulation does not include a decision to approve a project permit application, as defined in RCW 36.70B.020, even though the decision may be expressed in a resolution or ordinance of the legislative body of the county or city.

(8) "Forestland" means land primarily devoted to growing trees for long-term commercial timber production on land that can be economically and practically managed for such production, including Christmas trees subject to the excise tax imposed under *RCW 84.33.100 through 84.33.140, and that has long-term commercial significance. In determining whether forestland is primarily devoted to growing trees for long-term commercial timber production on land that can be economically and practically managed for such production, the following factors shall be considered: (a) The proximity of the land to urban, suburban, and rural settlements; (b) surrounding parcel size and the compatibility and intensity of adjacent and nearby land uses; (c) long-term local economic conditions that affect the ability to manage for timber production; and (d) the availability of public facilities and services conducive to conversion of forestland to other uses.

(9) "Geologically hazardous areas" means areas that because of their susceptibility to erosion, sliding, earthquake, or other geological events, are not suited to the siting of commercial, residential, or industrial development consistent with public health or safety concerns.

(10) "Long-term commercial significance" includes the growing capacity, productivity, and soil composition of the land for long-term commercial production, in consideration with the land's proximity to population areas, and the possibility of more intense uses of the land.

(11) "Minerals" include gravel, sand, and valuable metallic substances.

(12) "Public facilities" include streets, roads, highways, sidewalks, street and road lighting systems, traffic signals,

domestic water systems, storm and sanitary sewer systems, parks and recreational facilities, and schools.

(13) "Public services" include fire protection and suppression, law enforcement, public health, education, recreation, environmental protection, and other governmental services.

(14) "Recreational land" means land so designated under ~~**RCW 36.70A.1701~~ and that, immediately prior to this designation, was designated as agricultural land of long-term commercial significance under RCW 36.70A.170. Recreational land must have playing fields and supporting facilities existing before July 1, 2004, for sports played on grass playing fields.

(15) "Rural character" refers to the patterns of land use and development established by a county in the rural element of its comprehensive plan:

(a) In which open space, the natural landscape, and vegetation predominate over the built environment;

(b) That foster traditional rural lifestyles, rural-based economies, and opportunities to both live and work in rural areas;

(c) That provide visual landscapes that are traditionally found in rural areas and communities;

(d) That are compatible with the use of the land by wildlife and for fish and wildlife habitat;

(e) That reduce the inappropriate conversion of undeveloped land into sprawling, low-density development;

(f) That generally do not require the extension of urban governmental services; and

(g) That are consistent with the protection of natural surface water flows and groundwater and surface water recharge and discharge areas.

(16) "Rural development" refers to development outside the urban growth area and outside agricultural, forest, and mineral resource lands designated pursuant to RCW 36.70A.170. Rural development can consist of a variety of uses and residential densities, including clustered residential development, at levels that are consistent with the preservation of rural character and the requirements of the rural element. Rural development does not refer to agriculture or forestry activities that may be conducted in rural areas.

(17) "Rural governmental services" or "rural services" include those public services and public facilities historically and typically delivered at an intensity usually found in rural areas, and may include domestic water systems, fire and police protection services, transportation and public transit services, and other public utilities associated with rural development and normally not associated with urban areas. Rural services do not include storm or sanitary sewers, except as otherwise authorized by RCW 36.70A.110(4).

(18) "Urban governmental services" or "urban services" include those public services and public facilities at an intensity historically and typically provided in cities, specifically including storm and sanitary sewer systems, domestic water systems, street cleaning services, fire and police protection services, public transit services, and other public utilities associated with urban areas and normally not associated with rural areas.

(19) "Urban growth" refers to growth that makes intensive use of land for the location of buildings, structures, and impermeable surfaces to such a degree as to be incompatible

with the primary use of land for the production of food, other agricultural products, or fiber, or the extraction of mineral resources, rural uses, rural development, and natural resource lands designated pursuant to RCW 36.70A.170. A pattern of more intensive rural development, as provided in RCW 36.70A.070(5)(d), is not urban growth. When allowed to spread over wide areas, urban growth typically requires urban governmental services. "Characterized by urban growth" refers to land having urban growth located on it, or to land located in relationship to an area with urban growth on it as to be appropriate for urban growth.

(20) "Urban growth areas" means those areas designated by a county pursuant to RCW 36.70A.110.

(21) "Wetland" or "wetlands" means areas that are inundated or saturated by surface water or groundwater at a frequency and duration sufficient to support, and that under normal circumstances do support, a prevalence of vegetation typically adapted for life in saturated soil conditions. Wetlands generally include swamps, marshes, bogs, and similar areas. Wetlands do not include those artificial wetlands intentionally created from nonwetland sites, including, but not limited to, irrigation and drainage ditches, grass-lined swales, canals, detention facilities, wastewater treatment facilities, farm ponds, and landscape amenities, or those wetlands created after July 1, 1990, that were unintentionally created as a result of the construction of a road, street, or highway. Wetlands may include those artificial wetlands intentionally created from nonwetland areas created to mitigate conversion of wetlands. [2012 c 21 § 1. Reviser's note: *(1) RCW 84.33.100 through 84.33.118 were repealed or decoded by 2001 c 249 §§ 15 and 16. RCW 84.33.120 was repealed by 2001 c 249 § 16 and by 2003 c 170 § 7.

***(2) RCW 36.70A.1701 expired June 30, 2006.

Intent—2005 c 423: "The legislature recognizes the need for playing fields and supporting facilities for sports played on grass as well as the need to preserve agricultural land of long-term commercial significance. With thoughtful and deliberate planning, and adherence to the goals and requirements of the growth management act, both needs can be met.

The legislature acknowledges the state's interest in preserving the agricultural industry and family farms, and recognizes that the state's rich and productive lands enable agricultural production. Because of its unique qualities and limited quantities, designated agricultural land of long-term commercial significance is best suited for agricultural and farm uses, not recreational uses.

The legislature acknowledges also that certain local governments have either failed or neglected to properly plan for population growth and the sufficient number of playing fields and supporting facilities needed to accommodate this growth. The legislature recognizes that citizens responded to this lack of planning, fields, and supporting facilities by constructing nonconforming fields and facilities on agricultural lands of long-term commercial significance. It is the intent of the legislature to permit the continued existence and use of these fields and facilities in very limited circumstances if specific criteria are satisfied within a limited time frame. It is also the intent of the legislature to grant this authorization without diminishing the designation and preservation requirements of the growth management act pertaining to Washington's invaluable farmland." [2005 c 423 § 1.]

Finding—Intent—1994 c 307: "The legislature finds that it is in the public interest to identify and provide long-term conservation of those productive natural resource lands that are critical to and can be managed economically and practically for long-term commercial production of food, fiber, and minerals. Successful achievement of the natural resource industries' goal set forth in RCW 36.70A.020 requires the conservation of a land base sufficient in size and quality to maintain and enhance those industries and the development and use of land use techniques that discourage uses incompatible to the management of designated lands. The 1994 amendment

to RCW 36.70A.030(8) (section 2(8), chapter 307, Laws of 1994) is intended to clarify legislative intent regarding the designation of forestlands and is not intended to require every county that has already complied with the interim forestland designation requirement of RCW 36.70A.170 to review its actions until the adoption of its comprehensive plans and development regulations as provided in RCW 36.70A.060(3)." (b) An additional opportunity for public review and comment is not required under (a) of this subsection if:

- (i) An environmental impact statement has been prepared under chapter 43.21C RCW for the pending resolution or ordinance and the proposed change is within the range of alternatives considered in the environmental impact statement;

36.70A.040 Who must plan—Summary of requirements—Resolution for partial planning—Development regulations must implement comprehensive plans.

(1) Each county that has both a population of fifty thousand or more and, until May 16, 1995, has had its population increase by more than ten percent in the previous ten years or, on or after May 16, 1995, has had its population increase by more than seventeen percent in the previous ten years, and the cities located within such county, and any other county regardless of its population that has had its population increase by more than twenty percent in the previous ten years, and the cities located within such county, shall conform with all of the requirements of this chapter. However, the county legislative authority of such a county with a population of less than fifty thousand population may adopt a resolution removing the county, and the cities located within the county, from the requirements of adopting comprehensive land use plans and development regulations under this chapter if this resolution is adopted and filed with the department by December 31, 1990, for counties initially meeting this set of criteria, or within sixty days of the date the office of financial management certifies that a county meets this set of criteria under subsection (5) of this section. For the purposes of this subsection, a county not currently planning under this chapter is not required to include in its population count those persons confined in a correctional facility under the jurisdiction of the department of corrections that is located in the county.

Once a county meets either of these sets of criteria, the requirement to conform with all of the requirements of this chapter remains in effect, even if the county no longer meets one of these sets of criteria.

(2)(a) The county legislative authority of any county that does not meet either of the sets of criteria established under subsection (1) of this section may adopt a resolution indicating its intention to have subsection (1) of this section apply to the county. Each city, located in a county that chooses to plan under this subsection, shall conform with all of the requirements of this chapter. Once such a resolution has been adopted, the county and the cities located within the county remain subject to all of the requirements of this chapter, unless the county subsequently adopts a withdrawal resolution for partial planning pursuant to (b)(i) of this subsection.

(b)(i) Until December 31, 2015, the legislative authority of a county may adopt a resolution removing the county and the cities located within the county from the requirements to plan under this section if:

- (A) The county has a population, as estimated by the office of financial management, of twenty thousand or fewer inhabitants at any time between April 1, 2010, and April 1, 2015;
- (B) The county has previously adopted a resolution indicating its intention to have subsection (1) of this section apply to the county;
- (C) At least sixty days prior to adopting a resolution for partial planning, the county provides written notification to the legislative body of each city within the county of its intent to consider adopting the resolution; and
- (D) The legislative bodies of at least sixty percent of those cities having an aggregate population of at least sev-

enty-five percent of the incorporated county population have not: Adopted resolutions opposing the action by the county; and provided written notification of the resolutions to the county.

(ii) Upon adoption of a resolution for partial planning under (b)(i) of this subsection:

(A) The county and the cities within the county are, except as provided otherwise, no longer obligated to plan under this section; and

(B) The county may not, for a minimum of ten years from the date of adoption of the resolution, adopt another resolution indicating its intention to have subsection (1) of this section apply to the county.

(c) The adoption of a resolution for partial planning under (b)(i) of this subsection does not nullify or otherwise modify the requirements for counties and cities established in RCW 36.70A.060, 36.70A.070(5) and associated development regulations, 36.70A.170, and 36.70A.172.

(3) Any county or city that is initially required to conform with all of the requirements of this chapter under subsection (1) of this section shall take actions under this chapter as follows: (a) The county legislative authority shall adopt a countywide planning policy under RCW 36.70A.210; (b) the county and each city located within the county shall designate critical areas, agricultural lands, forestlands, and mineral resource lands, and adopt development regulations conserving these designated agricultural lands, forestlands, and mineral resource lands and protecting these designated critical areas, under RCW 36.70A.170 and 36.70A.060; (c) the county shall designate and take other actions related to urban growth areas under RCW 36.70A.110; [and] (d) if the county has a population of fifty thousand or more, the county and each city located within the county shall adopt a comprehensive plan under this chapter and development regulations that are consistent with and implement the comprehensive plan on or before July 1, 1994, and if the county has a population of less than fifty thousand, the county and each city located within the county shall adopt a comprehensive plan under this chapter and development regulations that are consistent with and implement the comprehensive plan by January 1, 1995, but if the governor makes written findings that a county with a population of less than fifty thousand or a city located within such a county is not making reasonable progress toward adopting a comprehensive plan and development regulations the governor may reduce this deadline for such actions to be taken by no more than one hundred eighty days. Any county or city subject to this subsection may obtain an additional six months before it is required to have adopted its development regulations by submitting a letter notifying the department of its need prior to the deadline for adopting both a comprehensive plan and development regulations.

(4) Any county or city that is required to conform with all the requirements of this chapter, as a result of the county legislative authority adopting its resolution of intention under subsection (2) of this section, shall take actions under this chapter as follows: (a) The county legislative authority shall adopt a county-wide planning policy under RCW 36.70A.210; (b) the county and each city that is located within the county shall adopt development regulations conserving agricultural lands, forestlands, and mineral resource lands it designated under RCW 36.70A.060 within one year

of the date the county legislative authority adopts its resolution of intention; (c) the county shall designate and take other actions related to urban growth areas under RCW 36.70A.110; and (d) the county and each city that is located within the county shall adopt a comprehensive plan and development regulations that are consistent with and implement the comprehensive plan not later than four years from the date the county legislative authority adopts its resolution of intention, but a county or city may obtain an additional six months before it is required to have adopted its development regulations by submitting a letter notifying the department of its need prior to the deadline for adopting both a comprehensive plan and development regulations.

(5) If the office of financial management certifies that the population of a county that previously had not been required to plan under subsection (1) or (2) of this section has changed sufficiently to meet either of the sets of criteria specified under subsection (1) of this section, and where applicable, the county legislative authority has not adopted a resolution removing the county from these requirements as provided in subsection (1) of this section, the county and each city within such county shall take actions under this chapter as follows: (a) The county legislative authority shall adopt a countywide planning policy under RCW 36.70A.210; (b) the county and each city located within the county shall adopt development regulations under RCW 36.70A.060 conserving agricultural lands, forestlands, and mineral resource lands it designated within one year of the certification by the office of financial management; (c) the county shall designate and take other actions related to urban growth areas under RCW 36.70A.110; and (d) the county and each city located within the county shall adopt a comprehensive land use plan and development regulations that are consistent with and implement the comprehensive plan within four years of the certification by the office of financial management, but a county or city may obtain an additional six months before it is required to have adopted its development regulations by submitting a letter notifying the department of its need prior to the deadline for adopting both a comprehensive plan and development regulations.

(6) A copy of each document that is required under this section shall be submitted to the department at the time of its adoption.

(7) Cities and counties planning under this chapter must amend the transportation element of the comprehensive plan to be in compliance with this chapter and chapter 47.80 RCW no later than December 31, 2000. [2014 c 147 § 1; 2000 c 36 § 1; 1998 c 171 § 1; 1995 c 400 § 1; 1993 sp.s. c 6 § 1; 1990 1st ex.s. c 17 § 4.]

36.70A.045 Phasing of comprehensive plan submittal. The department may adopt a schedule to permit phasing of comprehensive plan submittal for counties and cities planning under RCW 36.70A.040. This schedule shall not permit a comprehensive plan to be submitted greater than one hundred eighty days past the date that the plan was required to be submitted and shall be used to facilitate expeditious review and interjurisdictional coordination of comprehensive plans and development regulations. [1991 sp.s. c 32 § 15.]

36.70A.050 Guidelines to classify agriculture, forest, and mineral lands and critical areas. (1) Subject to the definitions provided in RCW 36.70A.030, the department shall adopt guidelines, under chapter 34.05 RCW, no later than September 1, 1990, to guide the classification of: (a) Agricultural lands; (b) forestlands; (c) mineral resource lands; and (d) critical areas. The department shall consult with the department of agriculture regarding guidelines for agricultural lands, the department of natural resources regarding forestlands and mineral resource lands, and the department of ecology regarding critical areas.

(2) In carrying out its duties under this section, the department shall consult with interested parties, including but not limited to: (a) Representatives of cities; (b) representatives of counties; (c) representatives of developers; (d) representatives of builders; (e) representatives of owners of agricultural lands, forestlands, and mining lands; (f) representatives of local economic development officials; (g) representatives of environmental organizations; (h) representatives of special districts; (i) representatives of the governor's office and federal and state agencies; and (j) representatives of Indian tribes. In addition to the consultation required under this subsection, the department shall conduct public hearings in the various regions of the state. The department shall consider the public input obtained at such public hearings when adopting the guidelines.

(3) The guidelines under subsection (1) of this section shall be minimum guidelines that apply to all jurisdictions, but also shall allow for regional differences that exist in Washington state. The intent of these guidelines is to assist counties and cities in designating the classification of agricultural lands, forestlands, mineral resource lands, and critical areas under RCW 36.70A.170.

(4) The guidelines established by the department under this section regarding classification of forestlands shall not be inconsistent with guidelines adopted by the department of natural resources. [1990 1st ex.s. c 17 § 5.]

36.70A.060 Natural resource lands and critical areas—Development regulations. (1)(a) Each county that is required or chooses to plan under RCW 36.70A.040, and each city within such county, shall adopt development regulations on or before September 1, 1991, to assure the conservation of agricultural, forest, and mineral resource lands designated under RCW 36.70A.170. Regulations adopted under this subsection may not prohibit uses legally existing on any parcel prior to their adoption and shall remain in effect until the county or city adopts development regulations pursuant to RCW 36.70A.040. Such regulations shall assure that the use of lands adjacent to agricultural, forest, or mineral resource lands shall not interfere with the continued use, in the accustomed manner and in accordance with best management practices, of these designated lands for the production of food, agricultural products, or timber, or for the extraction of minerals.

(b) Counties and cities shall require that all plats, short plats, development permits, and building permits issued for development activities on, or within five hundred feet of, lands designated as agricultural lands, forestlands, or mineral resource lands, contain a notice that the subject property is within or near designated agricultural lands, forestlands, or

mineral resource lands on which a variety of commercial activities may occur that are not compatible with residential development for certain periods of limited duration. The notice for mineral resource lands shall also inform that an application might be made for mining-related activities, including mining, extraction, washing, crushing, stockpiling, blasting, transporting, and recycling of minerals.

(c) Each county that adopts a resolution of partial planning under RCW 36.70A.040(2)(b), and each city within such county, shall adopt development regulations within one year after the adoption of the resolution of partial planning to assure the conservation of agricultural, forest, and mineral resource lands designated under RCW 36.70A.170. Regulations adopted under this subsection (1)(c) must comply with the requirements governing regulations adopted under (a) of this subsection.

(d)(i) A county that adopts a resolution of partial planning under RCW 36.70A.040(2)(b) and that is not in compliance with the planning requirements of this section, RCW 36.70A.040(4), 36.70A.070(5), 36.70A.170, and 36.70A.172 at the time the resolution is adopted must, by January 30, 2017, apply for a determination of compliance from the department finding that the county's development regulations, including development regulations adopted to protect critical areas, and comprehensive plans are in compliance with the requirements of this section, RCW 36.70A.040(4), 36.70A.070(5), 36.70A.170, and 36.70A.172. The department must approve or deny the application for a determination of compliance within one hundred twenty days of its receipt or by June 30, 2017, whichever date is earlier.

(ii) If the department denies an application under (d)(i) of this subsection, the county and each city within is obligated to comply with all requirements of this chapter and the resolution for partial planning adopted under RCW 36.70A.040(2)(b) is no longer in effect.

(iii) A petition for review of a determination of compliance under (d)(i) of this subsection may only be appealed to the growth management hearings board within sixty days of the issuance of the decision by the department.

(iv) In the event of a filing of a petition in accordance with (d)(iii) of this subsection, the county and the department must equally share the costs incurred by the department for defending an approval of determination of compliance that is before the growth management hearings board.

(v) The department may implement this subsection [(1)(d)] by adopting rules related to determinations of compliance. The rules may address, but are not limited to: The requirements for applications for a determination of compliance; charging of costs under (d)(iv) of this subsection; procedures for processing applications; criteria for the evaluation of applications; issuance and notice of department decisions; and applicable timelines.

(2) Each county and city shall adopt development regulations that protect critical areas that are required to be designated under RCW 36.70A.170. For counties and cities that are required or choose to plan under RCW 36.70A.040, such development regulations shall be adopted on or before September 1, 1991. For the remainder of the counties and cities, such development regulations shall be adopted on or before March 1, 1992.

(3) Such counties and cities shall review these designations and development regulations when adopting their comprehensive plans under RCW 36.70A.040 and implementing development regulations under RCW 36.70A.120 and may alter such designations and development regulations to insure consistency.

(4) Forestland and agricultural land located within urban growth areas shall not be designated by a county or city as forestland or agricultural land of long-term commercial significance under RCW 36.70A.170 unless the city or county has enacted a program authorizing transfer or purchase of development rights. [2014 c 147 § 2; 2005 c 423 § 3; 1998 c 286 § 5; 1991 sp.s. c 32 § 21; 1990 1st ex.s. c 17 § 6.]

Intent—Effective date—2005 c 423: See notes following RCW 36.70A.030.

36.70A.070 Comprehensive plans—Mandatory elements. (Effective until September 1, 2016.) The comprehensive plan of a county or city that is required or chooses to plan under RCW 36.70A.040 shall consist of a map or maps, and descriptive text covering objectives, principles, and standards used to develop the comprehensive plan. The plan shall be an internally consistent document and all elements shall be consistent with the future land use map. A comprehensive plan shall be adopted and amended with public participation as provided in RCW 36.70A.140.

Each comprehensive plan shall include a plan, scheme, or design for each of the following:

(1) A land use element designating the proposed general distribution and general location and extent of the uses of land, where appropriate, for agriculture, timber production, housing, commerce, industry, recreation, open spaces, general aviation airports, public utilities, public facilities, and other land uses. The land use element shall include population densities, building intensities, and estimates of future population growth. The land use element shall provide for protection of the quality and quantity of groundwater used for public water supplies. Wherever possible, the land use element should consider utilizing urban planning approaches that promote physical activity. Where applicable, the land use element shall review drainage, flooding, and storm water runoff in the area and nearby jurisdictions and provide guidance for corrective actions to mitigate or cleanse those discharges that pollute waters of the state, including Puget Sound or waters entering Puget Sound.

(2) A housing element ensuring the vitality and character of established residential neighborhoods that: (a) Includes an inventory and analysis of existing and projected housing needs that identifies the number of housing units necessary to manage projected growth; (b) includes a statement of goals, policies, objectives, and mandatory provisions for the preservation, improvement, and development of housing, including single-family residences; (c) identifies sufficient land for housing, including, but not limited to, government-assisted housing, housing for low-income families, manufactured housing, multifamily housing, and group homes and foster care facilities; and (d) makes adequate provisions for existing and projected needs of all economic segments of the community.

(3) A capital facilities plan element consisting of: (a) An inventory of existing capital facilities owned by public enti-

ties, showing the locations and capacities of the capital facilities; (b) a forecast of the future needs for such capital facilities; (c) the proposed locations and capacities of expanded or new capital facilities; (d) at least a six-year plan that will finance such capital facilities within projected funding capacities and clearly identifies sources of public money for such purposes; and (e) a requirement to reassess the land use element if probable funding falls short of meeting existing needs and to ensure that the land use element, capital facilities plan element, and financing plan within the capital facilities plan element are coordinated and consistent. Park and recreation facilities shall be included in the capital facilities plan element.

(4) A utilities element consisting of the general location, proposed location, and capacity of all existing and proposed utilities, including, but not limited to, electrical lines, telecommunication lines, and natural gas lines.

(5) Rural element. Counties shall include a rural element including lands that are not designated for urban growth, agriculture, forest, or mineral resources. The following provisions shall apply to the rural element:

(a) Growth management act goals and local circumstances. Because circumstances vary from county to county, in establishing patterns of rural densities and uses, a county may consider local circumstances, but shall develop a written record explaining how the rural element harmonizes the planning goals in RCW 36.70A.020 and meets the requirements of this chapter.

(b) Rural development. The rural element shall permit rural development, forestry, and agriculture in rural areas. The rural element shall provide for a variety of rural densities, uses, essential public facilities, and rural governmental services needed to serve the permitted densities and uses. To achieve a variety of rural densities and uses, counties may provide for clustering, density transfer, design guidelines, conservation easements, and other innovative techniques that will accommodate appropriate rural densities and uses that are not characterized by urban growth and that are consistent with rural character.

(c) Measures governing rural development. The rural element shall include measures that apply to rural development and protect the rural character of the area, as established by the county, by:

(i) Containing or otherwise controlling rural development;

(ii) Assuring visual compatibility of rural development with the surrounding rural area;

(iii) Reducing the inappropriate conversion of undeveloped land into sprawling, low-density development in the rural area;

(iv) Protecting critical areas, as provided in RCW 36.70A.060, and surface water and groundwater resources; and

(v) Protecting against conflicts with the use of agricultural, forest, and mineral resource lands designated under RCW 36.70A.170.

(d) Limited areas of more intensive rural development. Subject to the requirements of this subsection and except as otherwise specifically provided in this subsection (5)(d), the rural element may allow for limited areas of more intensive

rural development, including necessary public facilities and public services to serve the limited area as follows:

(i) Rural development consisting of the infill, development, or redevelopment of existing commercial, industrial, residential, or mixed-use areas, whether characterized as shoreline development, villages, hamlets, rural activity centers, or crossroads developments.

(A) A commercial, industrial, residential, shoreline, or mixed-use area shall be subject to the requirements of (d)(iv) of this subsection, but shall not be subject to the requirements of (c)(ii) and (iii) of this subsection.

(B) Any development or redevelopment other than an industrial area or an industrial use within a mixed-use area or an industrial area under this subsection (5)(d)(i) must be principally designed to serve the existing and projected rural population.

(C) Any development or redevelopment in terms of building size, scale, use, or intensity shall be consistent with the character of the existing areas. Development and redevelopment may include changes in use from vacant land or a previously existing use so long as the new use conforms to the requirements of this subsection (5);

(ii) The intensification of development on lots containing, or new development of, small-scale recreational or tourist uses, including commercial facilities to serve those recreational or tourist uses, that rely on a rural location and setting, but that do not include new residential development. A small-scale recreation or tourist use is not required to be principally designed to serve the existing and projected rural population. Public services and public facilities shall be limited to those necessary to serve the recreation or tourist use and shall be provided in a manner that does not permit low-density sprawl;

(iii) The intensification of development on lots containing isolated nonresidential uses or new development of isolated cottage industries and isolated small-scale businesses that are not principally designed to serve the existing and projected rural population and nonresidential uses, but do provide job opportunities for rural residents. Rural counties may allow the expansion of small-scale businesses as long as those small-scale businesses conform with the rural character of the area as defined by the local government according to RCW 36.70A.030(15). Rural counties may also allow new small-scale businesses to utilize a site previously occupied by an existing business as long as the new small-scale business conforms to the rural character of the area as defined by the local government according to RCW 36.70A.030(15). Public services and public facilities shall be limited to those necessary to serve the isolated nonresidential use and shall be provided in a manner that does not permit low-density sprawl;

(iv) A county shall adopt measures to minimize and contain the existing areas or uses of more intensive rural development, as appropriate, authorized under this subsection. Lands included in such existing areas or uses shall not extend beyond the logical outer boundary of the existing area or use, thereby allowing a new pattern of low-density sprawl. Existing areas are those that are clearly identifiable and contained and where there is a logical boundary delineated predominantly by the built environment, but that may also include undeveloped lands if limited as provided in this subsection. The county shall establish the logical outer boundary of an

area of more intensive rural development. In establishing the logical outer boundary, the county shall address (A) the need to preserve the character of existing natural neighborhoods and communities, (B) physical boundaries, such as bodies of water, streets and highways, and land forms and contours, (C) the prevention of abnormally irregular boundaries, and (D) the ability to provide public facilities and public services in a manner that does not permit low-density sprawl;

(v) For purposes of (d) of this subsection, an existing area or existing use is one that was in existence:

(A) On July 1, 1990, in a county that was initially required to plan under all of the provisions of this chapter;

(B) On the date the county adopted a resolution under RCW 36.70A.040(2), in a county that is planning under all of the provisions of this chapter under RCW 36.70A.040(2); or

(C) On the date the office of financial management certifies the county's population as provided in RCW 36.70A.040(5), in a county that is planning under all of the provisions of this chapter pursuant to RCW 36.70A.040(5).

(e) Exception. This subsection shall not be interpreted to permit in the rural area a major industrial development or a master planned resort unless otherwise specifically permitted under RCW 36.70A.360 and 36.70A.365.

(6) A transportation element that implements, and is consistent with, the land use element.

(a) The transportation element shall include the following subelements:

(i) Land use assumptions used in estimating travel;

(ii) Estimated traffic impacts to state-owned transportation facilities resulting from land use assumptions to assist the department of transportation in monitoring the performance of state facilities, to plan improvements for the facilities, and to assess the impact of land-use decisions on state-owned transportation facilities;

(iii) Facilities and services needs, including:

(A) An inventory of air, water, and ground transportation facilities and services, including transit alignments and general aviation airport facilities, to define existing capital facilities and travel levels as a basis for future planning. This inventory must include state-owned transportation facilities within the city or county's jurisdictional boundaries;

(B) Level of service standards for all locally owned arterials and transit routes to serve as a gauge to judge performance of the system. These standards should be regionally coordinated;

(C) For state-owned transportation facilities, level of service standards for highways, as prescribed in chapters 47.06 and 47.80 RCW, to gauge the performance of the system. The purposes of reflecting level of service standards for state highways in the local comprehensive plan are to monitor the performance of the system, to evaluate improvement strategies, and to facilitate coordination between the county's or city's six-year street, road, or transit program and the office of financial management's ten-year investment program. The concurrency requirements of (b) of this subsection do not apply to transportation facilities and services of statewide significance except for counties consisting of islands whose only connection to the mainland are state highways or ferry routes. In these island counties, state highways and ferry route capacity must be a factor in meeting the concurrency requirements in (b) of this subsection;

(D) Specific actions and requirements for bringing into compliance locally owned transportation facilities or services that are below an established level of service standard;

(E) Forecasts of traffic for at least ten years based on the adopted land use plan to provide information on the location, timing, and capacity needs of future growth;

(F) Identification of state and local system needs to meet current and future demands. Identified needs on state-owned transportation facilities must be consistent with the statewide multimodal transportation plan required under chapter 47.06 RCW;

(iv) Finance, including:

(A) An analysis of funding capability to judge needs against probable funding resources;

(B) A multiyear financing plan based on the needs identified in the comprehensive plan, the appropriate parts of which shall serve as the basis for the six-year street, road, or transit program required by RCW 35.77.010 for cities, RCW 36.81.121 for counties, and RCW 35.58.2795 for public transportation systems. The multiyear financing plan should be coordinated with the ten-year investment program developed by the office of financial management as required by RCW 47.05.030;

(C) If probable funding falls short of meeting identified needs, a discussion of how additional funding will be raised, or how land use assumptions will be reassessed to ensure that level of service standards will be met;

(v) Intergovernmental coordination efforts, including an assessment of the impacts of the transportation plan and land use assumptions on the transportation systems of adjacent jurisdictions;

(vi) Demand-management strategies;

(vii) Pedestrian and bicycle component to include collaborative efforts to identify and designate planned improvements for pedestrian and bicycle facilities and corridors that address and encourage enhanced community access and promote healthy lifestyles.

(b) After adoption of the comprehensive plan by jurisdictions required to plan or who choose to plan under RCW 36.70A.040, local jurisdictions must adopt and enforce ordinances which prohibit development approval if the development causes the level of service on a locally owned transportation facility to decline below the standards adopted in the transportation element of the comprehensive plan, unless transportation improvements or strategies to accommodate the impacts of development are made concurrent with the development. These strategies may include increased public transportation service, ride-sharing programs, demand management, and other transportation systems management strategies. For the purposes of this subsection (6), "concurrent with the development" means that improvements or strategies are in place at the time of development, or that a financial commitment is in place to complete the improvements or strategies within six years.

(c) The transportation element described in this subsection (6), the six-year plans required by RCW 35.77.010 for cities, RCW 36.81.121 for counties, and RCW 35.58.2795 for public transportation systems, and the ten-year investment program required by RCW 47.05.030 for the state, must be consistent.

(7) An economic development element establishing local goals, policies, objectives, and provisions for economic growth and vitality and a high quality of life. The element shall include: (a) A summary of the local economy such as population, employment, payroll, sectors, businesses, sales, and other information as appropriate; (b) a summary of the strengths and weaknesses of the local economy defined as the commercial and industrial sectors and supporting factors such as land use, transportation, utilities, education, workforce, housing, and natural/cultural resources; and (c) an identification of policies, programs, and projects to foster economic growth and development and to address future needs. A city that has chosen to be a residential community is exempt from the economic development element requirement of this subsection.

(8) A park and recreation element that implements, and is consistent with, the capital facilities plan element as it relates to park and recreation facilities. The element shall include: (a) Estimates of park and recreation demand for at least a ten-year period; (b) an evaluation of facilities and service needs; and (c) an evaluation of intergovernmental coordination opportunities to provide regional approaches for meeting park and recreational demand.

(9) It is the intent that new or amended elements required after January 1, 2002, be adopted concurrent with the scheduled update provided in RCW 36.70A.130. Requirements to incorporate any such new or amended elements shall be null and void until funds sufficient to cover applicable local government costs are appropriated and distributed by the state at least two years before local government must update comprehensive plans as required in RCW 36.70A.130. [2010 1st sp.s. c 26 § 6; 2005 c 360 § 2; (2005 c 477 § 1 expired August 31, 2005); 2004 c 196 § 1; 2003 c 152 § 1. Findings—Intent—2005 c 360: "The legislature finds that regular physical activity is essential to maintaining good health and reducing the rates of chronic disease. The legislature further finds that providing opportunities for walking, biking, horseback riding, and other regular forms of exercise is best accomplished through collaboration between the private sector and local, state, and institutional policymakers. This collaboration can build communities where people find it easy and safe to be physically active. It is the intent of the legislature to promote policy and planning efforts that increase access to inexpensive or free opportunities for regular exercise in all communities around the state." 36.70A.070 Comprehensive plans—Mandatory elements. (Effective September 1, 2016.) The comprehensive plan of a county or city that is required or chooses to plan under RCW 36.70A.040 shall consist of a map or maps, and descriptive text covering objectives, principles, and standards used to develop the comprehensive plan. The plan shall be an internally consistent document and all elements shall be consistent with the future land use map. A comprehensive plan shall be adopted and amended with public participation as provided in RCW 36.70A.140. Each comprehensive plan shall include a plan, scheme, or design for each of the following:

(1) A land use element designating the proposed general distribution and general location and extent of the uses of

land, where appropriate, for agriculture, timber production, housing, commerce, industry, recreation, open spaces, general aviation airports, public utilities, public facilities, and other land uses. The land use element shall include population densities, building intensities, and estimates of future population growth. The land use element shall provide for protection of the quality and quantity of groundwater used for public water supplies. Wherever possible, the land use element should consider utilizing urban planning approaches that promote physical activity. Where applicable, the land use element shall review drainage, flooding, and storm water runoff in the area and nearby jurisdictions and provide guidance for corrective actions to mitigate or cleanse those discharges that pollute waters of the state, including Puget Sound or waters entering Puget Sound.

(2) A housing element ensuring the vitality and character of established residential neighborhoods that: (a) Includes an inventory and analysis of existing and projected housing needs that identifies the number of housing units necessary to manage projected growth; (b) includes a statement of goals, policies, objectives, and mandatory provisions for the preservation, improvement, and development of housing, including single-family residences; (c) identifies sufficient land for housing, including, but not limited to, government-assisted housing, housing for low-income families, manufactured housing, multifamily housing, and group homes and foster care facilities; and (d) makes adequate provisions for existing and projected needs of all economic segments of the community.

(3) A capital facilities plan element consisting of: (a) An inventory of existing capital facilities owned by public entities, showing the locations and capacities of the capital facilities; (b) a forecast of the future needs for such capital facilities; (c) the proposed locations and capacities of expanded or new capital facilities; (d) at least a six-year plan that will finance such capital facilities within projected funding capacities and clearly identifies sources of public money for such purposes; and (e) a requirement to reassess the land use element if probable funding falls short of meeting existing needs and to ensure that the land use element, capital facilities plan element, and financing plan within the capital facilities plan element are coordinated and consistent. Park and recreation facilities shall be included in the capital facilities plan element.

(4) A utilities element consisting of the general location, proposed location, and capacity of all existing and proposed utilities, including, but not limited to, electrical lines, telecommunication lines, and natural gas lines.

(5) Rural element. Counties shall include a rural element including lands that are not designated for urban growth, agriculture, forest, or mineral resources. The following provisions shall apply to the rural element:

(a) Growth management act goals and local circumstances. Because circumstances vary from county to county, in establishing patterns of rural densities and uses, a county may consider local circumstances, but shall develop a written record explaining how the rural element harmonizes the planning goals in RCW 36.70A.020 and meets the requirements of this chapter.

(b) Rural development. The rural element shall permit rural development, forestry, and agriculture in rural areas.

The rural element shall provide for a variety of rural densities, uses, essential public facilities, and rural governmental services needed to serve the permitted densities and uses. To achieve a variety of rural densities and uses, counties may provide for clustering, density transfer, design guidelines, conservation easements, and other innovative techniques that will accommodate appropriate rural densities and uses that are not characterized by urban growth and that are consistent with rural character.

(c) Measures governing rural development. The rural element shall include measures that apply to rural development and protect the rural character of the area, as established by the county, by:

(i) Containing or otherwise controlling rural development;

(ii) Assuring visual compatibility of rural development with the surrounding rural area;

(iii) Reducing the inappropriate conversion of undeveloped land into sprawling, low-density development in the rural area;

(iv) Protecting critical areas, as provided in RCW 36.70A.060, and surface water and groundwater resources; and

(v) Protecting against conflicts with the use of agricultural, forest, and mineral resource lands designated under RCW 36.70A.170.

(d) Limited areas of more intensive rural development. Subject to the requirements of this subsection and except as otherwise specifically provided in this subsection (5)(d), the rural element may allow for limited areas of more intensive rural development, including necessary public facilities and public services to serve the limited area as follows:

(i) Rural development consisting of the infill, development, or redevelopment of existing commercial, industrial, residential, or mixed-use areas, whether characterized as shoreline development, villages, hamlets, rural activity centers, or crossroads developments.

(A) A commercial, industrial, residential, shoreline, or mixed-use area are subject to the requirements of (d)(iv) of this subsection, but are not subject to the requirements of (c)(ii) and (iii) of this subsection.

(B) Any development or redevelopment other than an industrial area or an industrial use within a mixed-use area or an industrial area under this subsection (5)(d)(i) must be principally designed to serve the existing and projected rural population.

(C) Any development or redevelopment in terms of building size, scale, use, or intensity shall be consistent with the character of the existing areas. Development and redevelopment may include changes in use from vacant land or a previously existing use so long as the new use conforms to the requirements of this subsection (5);

(ii) The intensification of development on lots containing, or new development of, small-scale recreational or tourist uses, including commercial facilities to serve those recreational or tourist uses, that rely on a rural location and setting, but that do not include new residential development. A small-scale recreation or tourist use is not required to be principally designed to serve the existing and projected rural population. Public services and public facilities shall be limited to those necessary to serve the recreation or tourist use and shall be

provided in a manner that does not permit low-density sprawl;

(iii) The intensification of development on lots containing isolated nonresidential uses or new development of isolated cottage industries and isolated small-scale businesses that are not principally designed to serve the existing and projected rural population and nonresidential uses, but do provide job opportunities for rural residents. Rural counties may allow the expansion of small-scale businesses as long as those small-scale businesses conform with the rural character of the area as defined by the local government according to RCW 36.70A.030(15). Rural counties may also allow new small-scale businesses to utilize a site previously occupied by an existing business as long as the new small-scale business conforms to the rural character of the area as defined by the local government according to RCW 36.70A.030(15). Public services and public facilities shall be limited to those necessary to serve the isolated nonresidential use and shall be provided in a manner that does not permit low-density sprawl;

(iv) A county shall adopt measures to minimize and contain the existing areas or uses of more intensive rural development, as appropriate, authorized under this subsection. Lands included in such existing areas or uses shall not extend beyond the logical outer boundary of the existing area or use, thereby allowing a new pattern of low-density sprawl. Existing areas are those that are clearly identifiable and contained and where there is a logical boundary delineated predominately by the built environment, but that may also include undeveloped lands if limited as provided in this subsection. The county shall establish the logical outer boundary of an area of more intensive rural development. In establishing the logical outer boundary, the county shall address (A) the need to preserve the character of existing natural neighborhoods and communities, (B) physical boundaries, such as bodies of water, streets and highways, and land forms and contours, (C) the prevention of abnormally irregular boundaries, and (D) the ability to provide public facilities and public services in a manner that does not permit low-density sprawl;

(v) For purposes of (d) of this subsection, an existing area or existing use is one that was in existence:

(A) On July 1, 1990, in a county that was initially required to plan under all of the provisions of this chapter;

(B) On the date the county adopted a resolution under RCW 36.70A.040(2), in a county that is planning under all of the provisions of this chapter under RCW 36.70A.040(2); or

(C) On the date the office of financial management certifies the county's population as provided in RCW 36.70A.040(5), in a county that is planning under all of the provisions of this chapter pursuant to RCW 36.70A.040(5).

(e) Exception. This subsection shall not be interpreted to permit in the rural area a major industrial development or a master planned resort unless otherwise specifically permitted under RCW 36.70A.360 and 36.70A.365.

(6) A transportation element that implements, and is consistent with, the land use element.

(a) The transportation element shall include the following subelements:

(i) Land use assumptions used in estimating travel;

(ii) Estimated traffic impacts to state-owned transportation facilities resulting from land use assumptions to assist the department of transportation in monitoring the perfor-

mance of state facilities, to plan improvements for the facilities, and to assess the impact of land-use decisions on state-owned transportation facilities;

(iii) Facilities and services needs, including:

(A) An inventory of air, water, and ground transportation facilities and services, including transit alignments and general aviation airport facilities, to define existing capital facilities and travel levels as a basis for future planning. This inventory must include state-owned transportation facilities within the city or county's jurisdictional boundaries;

(B) Level of service standards for all locally owned arterials and transit routes to serve as a gauge to judge performance of the system. These standards should be regionally coordinated;

(C) For state-owned transportation facilities, level of service standards for highways, as prescribed in chapters 47.06 and 47.80 RCW, to gauge the performance of the system. The purposes of reflecting level of service standards for state highways in the local comprehensive plan are to monitor the performance of the system, to evaluate improvement strategies, and to facilitate coordination between the county's or city's six-year street, road, or transit program and the office of financial management's ten-year investment program. The concurrency requirements of (b) of this subsection do not apply to transportation facilities and services of statewide significance except for counties consisting of islands whose only connection to the mainland are state highways or ferry routes. In these island counties, state highways and ferry route capacity must be a factor in meeting the concurrency requirements in (b) of this subsection;

(D) Specific actions and requirements for bringing into compliance locally owned transportation facilities or services that are below an established level of service standard;

(E) Forecasts of traffic for at least ten years based on the adopted land use plan to provide information on the location, timing, and capacity needs of future growth;

(F) Identification of state and local system needs to meet current and future demands. Identified needs on state-owned transportation facilities must be consistent with the statewide multimodal transportation plan required under chapter 47.06 RCW;

(iv) Finance, including:

(A) An analysis of funding capability to judge needs against probable funding resources;

(B) A multiyear financing plan based on the needs identified in the comprehensive plan, the appropriate parts of which shall serve as the basis for the six-year street, road, or transit program required by RCW 35.77.010 for cities, RCW 36.81.121 for counties, and RCW 35.58.2795 for public transportation systems. The multiyear financing plan should be coordinated with the ten-year investment program developed by the office of financial management as required by RCW 47.05.030;

(C) If probable funding falls short of meeting identified needs, a discussion of how additional funding will be raised, or how land use assumptions will be reassessed to ensure that level of service standards will be met;

(v) Intergovernmental coordination efforts, including an assessment of the impacts of the transportation plan and land use assumptions on the transportation systems of adjacent jurisdictions;

(vi) Demand-management strategies;

(vii) Pedestrian and bicycle component to include collaborative efforts to identify and designate planned improvements for pedestrian and bicycle facilities and corridors that address and encourage enhanced community access and promote healthy lifestyles.

(b) After adoption of the comprehensive plan by jurisdictions required to plan or who choose to plan under RCW 36.70A.040, local jurisdictions must adopt and enforce ordinances which prohibit development approval if the development causes the level of service on a locally owned transportation facility to decline below the standards adopted in the transportation element of the comprehensive plan, unless transportation improvements or strategies to accommodate the impacts of development are made concurrent with the development. These strategies may include increased public transportation service, ride-sharing programs, demand management, and other transportation systems management strategies. For the purposes of this subsection (6), "concurrent with the development" means that improvements or strategies are in place at the time of development, or that a financial commitment is in place to complete the improvements or strategies within six years. If the collection of impact fees is delayed under RCW 82.02.050(3), the six-year period required by this subsection (6)(b) must begin after full payment of all impact fees is due to the county or city.

(c) The transportation element described in this subsection (6), the six-year plans required by RCW 35.77.010 for cities, RCW 36.81.121 for counties, and RCW 35.58.2795 for public transportation systems, and the ten-year investment program required by RCW 47.05.030 for the state, must be consistent.

(7) An economic development element establishing local goals, policies, objectives, and provisions for economic growth and vitality and a high quality of life. The element shall include: (a) A summary of the local economy such as population, employment, payroll, sectors, businesses, sales, and other information as appropriate; (b) a summary of the strengths and weaknesses of the local economy defined as the commercial and industrial sectors and supporting factors such as land use, transportation, utilities, education, workforce, housing, and natural/cultural resources; and (c) an identification of policies, programs, and projects to foster economic growth and development and to address future needs. A city that has chosen to be a residential community is exempt from the economic development element requirement of this subsection.

(8) A park and recreation element that implements, and is consistent with, the capital facilities plan element as it relates to park and recreation facilities. The element shall include: (a) Estimates of park and recreation demand for at least a ten-year period; (b) an evaluation of facilities and service needs; and (c) an evaluation of intergovernmental coordination opportunities to provide regional approaches for meeting park and recreational demand.

(9) It is the intent that new or amended elements required after January 1, 2002, be adopted concurrent with the scheduled update provided in RCW 36.70A.130. Requirements to incorporate any such new or amended elements shall be null and void until funds sufficient to cover applicable local government costs are appropriated and distributed by the state at

36.70A.080 Comprehensive plans—Optional elements. (1) A comprehensive plan may include additional elements, items, or studies dealing with other subjects relating to the physical development within its jurisdiction, including, but not limited to:

- (a) Conservation;
- (b) Solar energy; and
- (c) Recreation.

(2) A comprehensive plan may include, where appropriate, subarea plans, each of which is consistent with the comprehensive plan.

(3)(a) Cities that qualify as a receiving city may adopt a comprehensive plan element and associated development regulations that apply within receiving areas under chapter 39.108 RCW.

(b) For purposes of this subsection, the terms "receiving city" and "receiving area" have the same meanings as provided in RCW 39.108.010. [2011 c 318 § 801; 1990 1st ex.s. c 17 § 8.]

Rules—2011 c 318: See note following RCW 39.108.005.

36.70A.085 Comprehensive plans—Port elements. (1) Comprehensive plans of cities that have a marine container port with annual operating revenues in excess of sixty million dollars within their jurisdiction must include a container port element.

(2) Comprehensive plans of cities that include all or part of a port district with annual operating revenues in excess of twenty million dollars may include a marine industrial port element. Prior to adopting a marine industrial port element under this subsection (2), the commission of the applicable port district must adopt a resolution in support of the proposed element.

(3) Port elements adopted under subsections (1) and (2) of this section must be developed collaboratively between the city and the applicable port, and must establish policies and programs that:

- (a) Define and protect the core areas of port and port-related industrial uses within the city;
- (b) Provide reasonably efficient access to the core area through freight corridors within the city limits; and

(c) Identify and resolve key land use conflicts along the edge of the core area, and minimize and mitigate, to the extent practicable, incompatible uses along the edge of the core area.

(4) Port elements adopted under subsections (1) and (2) of this section must be:

(a) Completed and approved by the city according to the schedule specified in RCW 36.70A.130; and

(b) Consistent with the economic development, transportation, and land use elements of the city's comprehensive plan, and consistent with the city's capital facilities plan.

(5) In adopting port elements under subsections (1) and (2) of this section, cities and ports must: Ensure that there is consistency between the port elements and the port comprehensive scheme required under chapters 53.20 and 53.25 RCW; and retain sufficient planning flexibility to secure emerging economic opportunities.

(6) In developing port elements under subsections (1) and (2) of this section, a city may utilize one or more of the following approaches:

(a) Creation of a port overlay district that protects container port uses;

(b) Use of industrial land banks;

(c) Use of buffers and transition zones between incompatible uses;

(d) Use of joint transportation funding agreements;

(e) Use of policies to encourage the retention of valuable warehouse and storage facilities;

(f) Use of limitations on the location or size, or both, of nonindustrial uses in the core area and surrounding areas; and

(g) Use of other approaches by agreement between the city and the port.

(7) The *department of community, trade, and economic development must provide matching grant funds to cities meeting the requirements of subsection (1) of this section to support development of the required container port element.

(8) Any planned improvements identified in port elements adopted under subsections (1) and (2) of this section must be transmitted by the city to the transportation commission for consideration of inclusion in the statewide transportation plan required under RCW 47.01.071. [2009 c 514 § 2.]

***Reviser's note:** The "department of community, trade, and economic development" was renamed the "department of commerce" by 2009 c 565.

Findings—Intent—2009 c 514: "(1) The legislature finds that Washington's marine container ports operate within a complex system of marine terminal operations, truck and train transportation corridors, and industrial services that together support a critical amount of our state and national economy, including key parts of our state's manufacturing and agricultural sectors, and directly create thousands of high-wage jobs throughout our region.

(2) The legislature further finds that the container port services are increasingly challenged by the conversion of industrial properties to nonindustrial uses, leading to competing and incompatible uses that can hinder port operations, restrict efficient movement of freight, and limit the opportunity for improvements to existing port-related facilities.

(3) It is the intent of the legislature to ensure that local land use decisions are made in consideration of the long-term and widespread economic contribution of our international container ports and related industrial lands and transportation systems, and to ensure that container ports continue to function effectively alongside vibrant city waterfronts." [2009 c 514 § 1.]

36.70A.090 Comprehensive plans—Innovative techniques. A comprehensive plan should provide for innovative land use management techniques, including, but not limited

36.70A.100 Comprehensive plans—Must be coordinated. The comprehensive plan of each county or city that is adopted pursuant to RCW 36.70A.040 shall be coordinated with, and consistent with, the comprehensive plans adopted pursuant to RCW 36.70A.040 of other counties or cities with which the county or city has, in part, common borders or related regional issues. [1990 1st ex.s. c 17 § 10.]

36.70A.103 State agencies required to comply with comprehensive plans. State agencies shall comply with the local comprehensive plans and development regulations and amendments thereto adopted pursuant to this chapter except as otherwise provided in RCW 71.09.250 (1) through (3), 71.09.342, and 72.09.333.

The provisions of chapter 12, Laws of 2001 2nd sp. sess. do not affect the state's authority to site any other essential public facility under RCW 36.70A.200 in conformance with local comprehensive plans and development regulations adopted pursuant to chapter 36.70A RCW. 36.70A.106 Comprehensive plans—Development regulations—Transmittal to state—Amendments—Expedited review. (1) Each county and city proposing adoption of a comprehensive plan or development regulations under this chapter shall notify the department of its intent to adopt such plan or regulations at least sixty days prior to final adoption. State agencies including the department may provide comments to the county or city on the proposed comprehensive plan, or proposed development regulations, during the public review process prior to adoption.

(2) Each county and city planning under this chapter shall transmit a complete and accurate copy of its comprehensive plan or development regulations to the department within ten days after final adoption.

(3)(a) Any amendments for permanent changes to a comprehensive plan or development regulation that are proposed by a county or city to its adopted plan or regulations shall be submitted to the department in the same manner as initial plans and development regulations under this section. Any amendments to a comprehensive plan or development regulations that are adopted by a county or city shall be transmitted to the department in the same manner as the initial plans and regulations under this section.

(b) Each county and city planning under this chapter may request expedited review for any amendments for permanent changes to a development regulation. Upon receiving a request for expedited review, and after consultation with other state agencies, the department may grant expedited review if the department determines that expedited review does not compromise the state's ability to provide timely comments related to compliance with the goals and requirements of this chapter or on other matters of state interest. Cit-

ies and counties may adopt amendments for permanent changes to a development regulation immediately following the granting of the request for expedited review by the department. [2004 c 197 § 1; 1991 sp.s. c 32 § 8.]

36.70A.108 Comprehensive plans—Transportation element—Multimodal transportation improvements and strategies. (1) The transportation element required by RCW 36.70A.070 may include, in addition to improvements or strategies to accommodate the impacts of development authorized under RCW 36.70A.070(6)(b), multimodal transportation improvements or strategies that are made concurrent with the development. These transportation improvements or strategies may include, but are not limited to, measures implementing or evaluating:

(a) Multiple modes of transportation with peak and non-peak hour capacity performance standards for locally owned transportation facilities; and

(b) Modal performance standards meeting the peak and nonpeak hour capacity performance standards.

(2) Nothing in this section or RCW 36.70A.070(6)(b) shall be construed as prohibiting a county or city planning under RCW 36.70A.040 from exercising existing authority to develop multimodal improvements or strategies to satisfy the concurrency requirements of this chapter.

(3) Nothing in this section is intended to affect or otherwise modify the authority of jurisdictions planning under RCW 36.70A.040. [2005 c 328 § 1.]

36.70A.110 Comprehensive plans—Urban growth areas. (1) Each county that is required or chooses to plan under RCW 36.70A.040 shall designate an urban growth area or areas within which urban growth shall be encouraged and outside of which growth can occur only if it is not urban in nature. Each city that is located in such a county shall be included within an urban growth area. An urban growth area may include more than a single city. An urban growth area may include territory that is located outside of a city only if such territory already is characterized by urban growth whether or not the urban growth area includes a city, or is adjacent to territory already characterized by urban growth, or is a designated new fully contained community as defined by RCW 36.70A.350.

(2) Based upon the growth management population projection made for the county by the office of financial management, the county and each city within the county shall include areas and densities sufficient to permit the urban growth that is projected to occur in the county or city for the succeeding twenty-year period, except for those urban growth areas contained totally within a national historical reserve. As part of this planning process, each city within the county must include areas sufficient to accommodate the broad range of needs and uses that will accompany the projected urban growth including, as appropriate, medical, governmental, institutional, commercial, service, retail, and other nonresidential uses.

Each urban growth area shall permit urban densities and shall include greenbelt and open space areas. In the case of urban growth areas contained totally within a national historical reserve, the city may restrict densities, intensities, and forms of urban growth as determined to be necessary and

appropriate to protect the physical, cultural, or historic integrity of the reserve. An urban growth area determination may include a reasonable land market supply factor and shall permit a range of urban densities and uses. In determining this market factor, cities and counties may consider local circumstances. Cities and counties have discretion in their comprehensive plans to make many choices about accommodating growth.

Within one year of July 1, 1990, each county that as of June 1, 1991, was required or chose to plan under RCW 36.70A.040, shall begin consulting with each city located within its boundaries and each city shall propose the location of an urban growth area. Within sixty days of the date the county legislative authority of a county adopts its resolution of intention or of certification by the office of financial management, all other counties that are required or choose to plan under RCW 36.70A.040 shall begin this consultation with each city located within its boundaries. The county shall attempt to reach agreement with each city on the location of an urban growth area within which the city is located. If such an agreement is not reached with each city located within the urban growth area, the county shall justify in writing why it so designated the area an urban growth area. A city may object formally with the department over the designation of the urban growth area within which it is located. Where appropriate, the department shall attempt to resolve the conflicts, including the use of mediation services.

(3) Urban growth should be located first in areas already characterized by urban growth that have adequate existing public facility and service capacities to serve such development, second in areas already characterized by urban growth that will be served adequately by a combination of both existing public facilities and services and any additional needed public facilities and services that are provided by either public or private sources, and third in the remaining portions of the urban growth areas. Urban growth may also be located in designated new fully contained communities as defined by RCW 36.70A.350.

(4) In general, cities are the units of local government most appropriate to provide urban governmental services. In general, it is not appropriate that urban governmental services be extended to or expanded in rural areas except in those limited circumstances shown to be necessary to protect basic public health and safety and the environment and when such services are financially supportable at rural densities and do not permit urban development.

(5) On or before October 1, 1993, each county that was initially required to plan under RCW 36.70A.040(1) shall adopt development regulations designating interim urban growth areas under this chapter. Within three years and three months of the date the county legislative authority of a county adopts its resolution of intention or of certification by the office of financial management, all other counties that are required or choose to plan under RCW 36.70A.040 shall adopt development regulations designating interim urban growth areas under this chapter. Adoption of the interim urban growth areas may only occur after public notice; public hearing; and compliance with the state environmental policy act, chapter 43.21C RCW, and under this section. Such action may be appealed to the growth management hearings board under RCW 36.70A.280. Final urban growth areas shall be

adopted at the time of comprehensive plan adoption under this chapter.

(6) Each county shall include designations of urban growth areas in its comprehensive plan.

(7) An urban growth area designated in accordance with this section may include within its boundaries urban service areas or potential annexation areas designated for specific cities or towns within the county.

(8)(a) Except as provided in (b) of this subsection, the expansion of an urban growth area is prohibited into the one hundred year floodplain of any river or river segment that: (i) Is located west of the crest of the Cascade mountains; and (ii) has a mean annual flow of one thousand or more cubic feet per second as determined by the department of ecology.

(b) Subsection (8)(a) of this section does not apply to:

(i) Urban growth areas that are fully contained within a floodplain and lack adjacent buildable areas outside the floodplain;

(ii) Urban growth areas where expansions are precluded outside floodplains because:

(A) Urban governmental services cannot be physically provided to serve areas outside the floodplain; or

(B) Expansions outside the floodplain would require a river or estuary crossing to access the expansion; or

(iii) Urban growth area expansions where:

(A) Public facilities already exist within the floodplain and the expansion of an existing public facility is only possible on the land to be included in the urban growth area and located within the floodplain; or

(B) Urban development already exists within a floodplain as of July 26, 2009, and is adjacent to, but outside of, the urban growth area, and the expansion of the urban growth area is necessary to include such urban development within the urban growth area; or

(C) The land is owned by a jurisdiction planning under this chapter or the rights to the development of the land have been permanently extinguished, and the following criteria are met:

(I) The permissible use of the land is limited to one of the following: Outdoor recreation; environmentally beneficial projects, including but not limited to habitat enhancement or environmental restoration; storm water facilities; flood control facilities; or underground conveyances; and

(II) The development and use of such facilities or projects will not decrease flood storage, increase storm water runoff, discharge pollutants to fresh or salt waters during normal operations or floods, or increase hazards to people and property.

(c) For the purposes of this subsection (8), "one hundred year floodplain" means the same as "special flood hazard area" as set forth in WAC 173-158-040 as it exists on July 26, 2009. 36.70A.115 Comprehensive plans and development regulations must provide sufficient land capacity for development. Counties and cities that are required or choose to plan under RCW 36.70A.040 shall ensure that, taken collectively, adoption of and amendments to their comprehensive plans and/or development regulations provide sufficient capacity of land suitable for development within their jurisdictions to accommodate their allocated housing and employment growth, including the accommodation of, as appropriate, the medical, governmental, educational, institutional, commercial, and industrial facilities related to such growth, as adopted in the applicable countywide planning policies and consistent with the twenty-year population forecast from the office of financial management. 36.70A.120 Planning activities and capital budget decisions—Implementation in conformity with comprehensive plan. Each county and city that is required or chooses to plan under RCW 36.70A.040 shall perform its activities and make capital budget decisions in conformity with its comprehensive plan. 36.70A.130 Comprehensive plans—Review procedures and schedules—Amendments. (1)(a) Each comprehensive land use plan and development regulations shall be subject to continuing review and evaluation by the county or city that adopted them. Except as otherwise provided, a county or city shall take legislative action to review and, if needed, revise its comprehensive land use plan and development regulations to ensure the plan and regulations comply with the requirements of this chapter according to the deadlines in subsections (4) and (5) of this section.

(b) Except as otherwise provided, a county or city not planning under RCW 36.70A.040 shall take action to review and, if needed, revise its policies and development regulations regarding critical areas and natural resource lands adopted according to this chapter to ensure these policies and regulations comply with the requirements of this chapter according to the deadlines in subsections (4) and (5) of this section. Legislative action means the adoption of a resolution or ordinance following notice and a public hearing indicating at a minimum, a finding that a review and evaluation has occurred and identifying the revisions made, or that a revision was not needed and the reasons therefor.

(c) The review and evaluation required by this subsection shall include, but is not limited to, consideration of critical area ordinances and, if planning under RCW 36.70A.040, an analysis of the population allocated to a city or county from the most recent ten-year population forecast by the office of financial management.

(d) Any amendment of or revision to a comprehensive land use plan shall conform to this chapter. Any amendment of or revision to development regulations shall be consistent with and implement the comprehensive plan.

(2)(a) Each county and city shall establish and broadly disseminate to the public a public participation program consistent with RCW 36.70A.035 and 36.70A.140 that identifies procedures and schedules whereby updates, proposed amend-

ments, or revisions of the comprehensive plan are considered by the governing body of the county or city no more frequently than once every year, except that, until December 31, 2015, the program shall provide for consideration of amendments of an urban growth area in accordance with *RCW 36.70A.1301 once every year. "Updates" means to review and revise, if needed, according to subsection (1) of this section, and the deadlines in subsections (4) and (5) of this section or in accordance with the provisions of subsection (6) of this section. Amendments may be considered more frequently than once per year under the following circumstances:

(i) The initial adoption of a subarea plan. Subarea plans adopted under this subsection (2)(a)(i) must clarify, supplement, or implement jurisdiction-wide comprehensive plan policies, and may only be adopted if the cumulative impacts of the proposed plan are addressed by appropriate environmental review under chapter 43.21C RCW;

(ii) The development of an initial subarea plan for economic development located outside of the one hundred year floodplain in a county that has completed a state-funded pilot project that is based on watershed characterization and local habitat assessment;

(iii) The adoption or amendment of a shoreline master program under the procedures set forth in chapter 90.58 RCW;

(iv) The amendment of the capital facilities element of a comprehensive plan that occurs concurrently with the adoption or amendment of a county or city budget; or

(v) The adoption of comprehensive plan amendments necessary to enact a planned action under **RCW 43.21C.031(2), provided that amendments are considered in accordance with the public participation program established by the county or city under this subsection (2)(a) and all persons who have requested notice of a comprehensive plan update are given notice of the amendments and an opportunity to comment.

(b) Except as otherwise provided in (a) of this subsection, all proposals shall be considered by the governing body concurrently so the cumulative effect of the various proposals can be ascertained. However, after appropriate public participation a county or city may adopt amendments or revisions to its comprehensive plan that conform with this chapter whenever an emergency exists or to resolve an appeal of a comprehensive plan filed with the growth management hearings board or with the court.

(3)(a) Each county that designates urban growth areas under RCW 36.70A.110 shall review, according to the schedules established in subsection (5) of this section, its designated urban growth area or areas, and the densities permitted within both the incorporated and unincorporated portions of each urban growth area. In conjunction with this review by the county, each city located within an urban growth area shall review the densities permitted within its boundaries, and the extent to which the urban growth occurring within the county has located within each city and the unincorporated portions of the urban growth areas.

(b) The county comprehensive plan designating urban growth areas, and the densities permitted in the urban growth areas by the comprehensive plans of the county and each city located within the urban growth areas, shall be revised to

accommodate the urban growth projected to occur in the county for the succeeding twenty-year period. The review required by this subsection may be combined with the review and evaluation required by RCW 36.70A.215.

(4) Except as provided in subsection (6) of this section, counties and cities shall take action to review and, if needed, revise their comprehensive plans and development regulations to ensure the plan and regulations comply with the requirements of this chapter as follows:

(a) On or before December 1, 2004, for Clallam, Clark, Jefferson, King, Kitsap, Pierce, Snohomish, Thurston, and Whatcom counties and the cities within those counties;

(b) On or before December 1, 2005, for Cowlitz, Island, Lewis, Mason, San Juan, Skagit, and Skamania counties and the cities within those counties;

(c) On or before December 1, 2006, for Benton, Chelan, Douglas, Grant, Kittitas, Spokane, and Yakima counties and the cities within those counties; and

(d) On or before December 1, 2007, for Adams, Asotin, Columbia, Ferry, Franklin, Garfield, Grays Harbor, Klickitat, Lincoln, Okanogan, Pacific, Pend Oreille, Stevens, Wahkiakum, Walla Walla, and Whitman counties and the cities within those counties.

(5) Except as otherwise provided in subsections (6) and (8) of this section, following the review of comprehensive plans and development regulations required by subsection (4) of this section, counties and cities shall take action to review and, if needed, revise their comprehensive plans and development regulations to ensure the plan and regulations comply with the requirements of this chapter as follows:

(a) On or before June 30, 2015, and every eight years thereafter, for King, Pierce, and Snohomish counties and the cities within those counties;

(b) On or before June 30, 2016, and every eight years thereafter, for Clallam, Clark, Island, Jefferson, Kitsap, Mason, San Juan, Skagit, Thurston, and Whatcom counties and the cities within those counties;

(c) On or before June 30, 2017, and every eight years thereafter, for Benton, Chelan, Cowlitz, Douglas, Kittitas, Lewis, Skamania, Spokane, and Yakima counties and the cities within those counties; and

(d) On or before June 30, 2018, and every eight years thereafter, for Adams, Asotin, Columbia, Ferry, Franklin, Garfield, Grant, Grays Harbor, Klickitat, Lincoln, Okanogan, Pacific, Pend Oreille, Stevens, Wahkiakum, Walla Walla, and Whitman counties and the cities within those counties.

(6)(a) Nothing in this section precludes a county or city from conducting the review and evaluation required by this section before the deadlines established in subsections (4) and (5) of this section. Counties and cities may begin this process early and may be eligible for grants from the department, subject to available funding, if they elect to do so.

(b) A county that is subject to a deadline established in subsection (4)(b) through (d) of this section and meets the following criteria may comply with the requirements of this section at any time within the thirty-six months following the deadline established in subsection (4) of this section: The county has a population of less than fifty thousand and has had its population increase by no more than seventeen percent in the ten years preceding the deadline established in subsection (4) of this section as of that date.

(c) A city that is subject to a deadline established in subsection (4)(b) through (d) of this section and meets the following criteria may comply with the requirements of this section at any time within the thirty-six months following the deadline established in subsection (4) of this section: The city has a population of no more than five thousand and has had its population increase by the greater of either no more than one hundred persons or no more than seventeen percent in the ten years preceding the deadline established in subsection (4) of this section as of that date.

(d) A county or city that is subject to a deadline established in subsection (4)(d) of this section and that meets the criteria established in (b) or (c) of this subsection may comply with the requirements of subsection (4)(d) of this section at any time within the thirty-six months after the extension provided in (b) or (c) of this subsection.

(e) A county that is subject to a deadline established in subsection (5)(b) through (d) of this section and meets the following criteria may comply with the requirements of this section at any time within the twenty-four months following the deadline established in subsection (5) of this section: The county has a population of less than fifty thousand and has had its population increase by no more than seventeen percent in the ten years preceding the deadline established in subsection (5) of this section as of that date.

(f) A city that is subject to a deadline established in subsection (5)(b) through (d) of this section and meets the following criteria may comply with the requirements of this section at any time within the twenty-four months following the deadline established in subsection (5) of this section: The city has a population of no more than five thousand and has had its population increase by the greater of either no more than one hundred persons or no more than seventeen percent in the ten years preceding the deadline established in subsection (5) of this section as of that date.

(g) State agencies are encouraged to provide technical assistance to the counties and cities in the review of critical area ordinances, comprehensive plans, and development regulations.

(7)(a) The requirements imposed on counties and cities under this section shall be considered "requirements of this chapter" under the terms of RCW 36.70A.040(1). Only those counties and cities that meet the following criteria may receive grants, loans, pledges, or financial guarantees under chapter 43.155 or 70.146 RCW:

- (i) Complying with the deadlines in this section;
- (ii) Demonstrating substantial progress towards compliance with the schedules in this section for development regulations that protect critical areas; or
- (iii) Complying with the extension provisions of subsection (6)(b), (c), or (d) of this section.

(b) A county or city that is fewer than twelve months out of compliance with the schedules in this section for development regulations that protect critical areas is making substantial progress towards compliance. Only those counties and cities in compliance with the schedules in this section may receive preference for grants or loans subject to the provisions of RCW 43.17.250.

(8)(a) Except as otherwise provided in (c) of this subsection, if a participating watershed is achieving benchmarks and goals for the protection of critical areas functions and

values, the county is not required to update development regulations to protect critical areas as they specifically apply to agricultural activities in that watershed.

(b) A county that has made the election under RCW 36.70A.710(1) may only adopt or amend development regulations to protect critical areas as they specifically apply to agricultural activities in a participating watershed if:

(i) A work plan has been approved for that watershed in accordance with RCW 36.70A.725;

(ii) The local watershed group for that watershed has requested the county to adopt or amend development regulations as part of a work plan developed under RCW 36.70A.720;

(iii) The adoption or amendment of the development regulations is necessary to enable the county to respond to an order of the growth management hearings board or court;

(iv) The adoption or amendment of development regulations is necessary to address a threat to human health or safety; or

(v) Three or more years have elapsed since the receipt of funding.

(c) Beginning ten years from the date of receipt of funding, a county that has made the election under RCW 36.70A.710(1) must review and, if necessary, revise development regulations to protect critical areas as they specifically apply to agricultural activities in a participating watershed in accordance with the review and revision requirements and timeline in subsection (5) of this section. This subsection (8)(c) does not apply to a participating watershed that has determined under RCW 36.70A.720(2)(c)(ii) that the watershed's goals and benchmarks for protection have been met. Reviser's note: *(1) RCW 36.70A.1301 expired December 31, 2015.

***(2) The requirements for a planned action were moved by 2012 1st sp.s. c 1 from RCW 43.21C.031 to RCW 43.21C.440.

Intent—2011 c 353: "It is the legislature's intent to provide local governments with more time to meet certain statutory requirements. Many cities and counties in Washington are facing revenue shortfalls, higher expenses, and more difficulty with borrowing money as a result of the economic downturn. The effects of the economic downturn on the budgets of local governments will be felt most deeply from 2010 to 2012. Local governments are facing the combined impact of decreased tax revenues, a falloff in state and federal aid, and increased demand for social services. With the loss of tax revenue and state and federal aid, local governments are being forced to make significant cuts that will eliminate jobs, curtail essential services, and increase the number of people in need. Additionally, local governments are struggling to comply with certain statutory requirements. Local governments want to comply with these statutory requirements, but with budget constraints, they need more time to do so. The legislature does not intend to remove any existing statutory requirement, but rather modify the time under which a local government must meet certain statutory requirements." [2011 c 353 § 1.]

Effective date—Transfer of power, duties, and functions—2010 c 211: See notes following RCW 36.70A.250.

Effective date—2009 c 479: See note following RCW 2.56.030.

Intent—2006 c 285: "There is a statewide interest in maintaining coordinated planning as called for in the legislative findings of the growth management act, RCW 36.70A.010. It is the intent of the legislature that smaller, slower-growing counties and cities be provided with flexibility in meeting the requirements to review local plans and development regulations in RCW 36.70A.130, while ensuring coordination and consistency with the plans of neighboring cities and counties." [2006 c 285 § 1.]

Intent—Effective date—2005 c 423: See notes following RCW 36.70A.030.

Intent—2005 c 294: "The legislature recognizes the importance of appropriate and meaningful land use measures and that such measures are critical to preserving and fostering the quality of life enjoyed by Washingtonians. The legislature recognizes also that the growth management act requires counties and cities to review and, if needed, revise their comprehensive plans and development regulations on a cyclical basis. These requirements, which often require significant compliance efforts by local governments are, in part, an acknowledgment of the continual changes that occur within the state, and the need to ensure that land use measures reflect the collective wishes of its citizenry.

The legislature acknowledges that only those jurisdictions in compliance with the review and revision schedules of the growth management act are eligible to receive funds from the public works assistance and water quality accounts in the state treasury. The legislature further recognizes that some jurisdictions that are not yet in compliance with these review and revision schedules have demonstrated substantial progress towards compliance.

The legislature, therefore, intends to grant jurisdictions that are not in compliance with requirements for development regulations that protect critical areas, but are demonstrating substantial progress towards compliance with these requirements, twelve months of additional eligibility to receive grants, loans, pledges, or financial guarantees from the public works assistance and water quality accounts in the state treasury. The legislature intends to specify, however, that only counties and cities in compliance with the review and revision schedules of the growth management act may receive preference for financial assistance from these accounts." 36.70A.131 Mineral resource lands—Review of related designations and development regulations. As part of the review required by RCW 36.70A.130(1), a county or city shall review its mineral resource lands designations adopted pursuant to RCW 36.70A.170 and mineral resource lands development regulations adopted pursuant to RCW 36.70A.040 and 36.70A.060. In its review, the county or city shall take into consideration:

(1) New information made available since the adoption or last review of its designations or development regulations, including data available from the department of natural resources relating to mineral resource deposits; and

(2) New or modified model development regulations for mineral resource lands prepared by the department of natural resources, the *department of community, trade, and economic development, or the Washington state association of counties. [1998 c 286 § 7.]

36.70A.140 Comprehensive plans—Ensure public participation. Each county and city that is required or chooses to plan under RCW 36.70A.040 shall establish and broadly disseminate to the public a public participation program identifying procedures providing for early and continuous public participation in the development and amendment of comprehensive land use plans and development regulations implementing such plans. The procedures shall provide for broad dissemination of proposals and alternatives, opportunity for written comments, public meetings after effective notice, provision for open discussion, communication programs, information services, and consideration of and

response to public comments. In enacting legislation in response to the board's decision pursuant to RCW 36.70A.300 declaring part or all of a comprehensive plan or development regulation invalid, the county or city shall provide for public participation that is appropriate and effective under the circumstances presented by the board's order. Errors in exact compliance with the established program and procedures shall not render the comprehensive land use plan or development regulations invalid if the spirit of the program and procedures is observed. Each county and city that is required or chooses to prepare a comprehensive land use plan under RCW 36.70A.040 shall identify lands useful for public purposes such as utility corridors, transportation corridors, landfills, sewage treatment facilities, storm water management facilities, recreation, schools, and other public uses. The county shall work with the state and the cities within its borders to identify areas of shared need for public facilities. The jurisdictions within the county shall prepare a prioritized list of lands necessary for the identified public uses including an estimated date by which the acquisition will be needed.

The respective capital acquisition budgets for each jurisdiction shall reflect the jointly agreed upon priorities and time schedule. [1991 c 322 § 23; 1990 1st ex.s. c 17 § 15.]

36.70A.160 Identification of open space corridors—Purchase authorized. Each county and city that is required or chooses to prepare a comprehensive land use plan under RCW 36.70A.040 shall identify open space corridors within and between urban growth areas. They shall include lands useful for recreation, wildlife habitat, trails, and connection of critical areas as defined in RCW 36.70A.030. Identification of a corridor under this section by a county or city shall not restrict the use or management of lands within the corridor for agricultural or forest purposes. Restrictions on the use or management of such lands for agricultural or forest purposes imposed after identification solely to maintain or enhance the value of such lands as a corridor may occur only if the county or city acquires sufficient interest to prevent development of the lands or to control the resource development of the lands. The requirement for acquisition of sufficient interest does not include those corridors regulated by the interstate commerce commission, under provisions of 16 U.S.C. Sec. 1247(d), 16 U.S.C. Sec. 1248, or 43 U.S.C. Sec. 912. Nothing in this section shall be interpreted to alter the authority of the state, or a county or city, to regulate land use activities.

The city or county may acquire by donation or purchase the fee simple or lesser interests in these open space corridors using funds authorized by RCW 84.34.230 or other sources. [1992 c 227 § 1; 1990 1st ex.s. c 17 § 16.]

36.70A.165 Property designated as greenbelt or open space—Not subject to adverse possession. The legislature recognizes that the preservation of urban greenbelts is an

integral part of comprehensive growth management in Washington. The legislature further recognizes that certain greenbelts are subject to adverse possession action which, if carried out, threaten the comprehensive nature of this chapter. Therefore, a party shall not acquire by adverse possession property that is designated as a plat greenbelt or open space area or that is dedicated as open space to a public agency or to a bona fide homeowner's association. 36.70A.177 Agricultural lands—Innovative zoning techniques—Accessory uses. (1) A county or a city may use a variety of innovative zoning techniques in areas designated as agricultural lands of long-term commercial significance under RCW 36.70A.170. The innovative zoning techniques should be designed to conserve agricultural lands and encourage the agricultural economy. Except as provided in subsection (3) of this section, a county or city should encourage nonagricultural uses to be limited to lands with poor soils or otherwise not suitable for agricultural purposes.

(2) Innovative zoning techniques a county or city may consider include, but are not limited to:

(a) Agricultural zoning, which limits the density of development and restricts or prohibits nonfarm uses of agricultural land and may allow accessory uses, including nonagricultural accessory uses and activities, that support, promote, or sustain agricultural operations and production, as provided in subsection (3) of this section;

(b) Cluster zoning, which allows new development on one portion of the land, leaving the remainder in agricultural or open space uses;

(c) Large lot zoning, which establishes as a minimum lot size the amount of land necessary to achieve a successful farming practice;

(d) Quarter/quarter zoning, which permits one residential dwelling on a one-acre minimum lot for each one-sixteenth of a section of land; and

(e) Sliding scale zoning, which allows the number of lots for single-family residential purposes with a minimum lot size of one acre to increase inversely as the size of the total acreage increases.

(3) Accessory uses allowed under subsection (2)(a) of this section shall comply with the following:

(a) Accessory uses shall be located, designed, and operated so as to not interfere with, and to support the continuation of, the overall agricultural use of the property and neighboring properties, and shall comply with the requirements of this chapter;

(b) Accessory uses may include:

(i) Agricultural accessory uses and activities, including but not limited to the storage, distribution, and marketing of regional agricultural products from one or more producers, agriculturally related experiences, or the production, marketing, and distribution of value-added agricultural products, including support services that facilitate these activities; and

(ii) Nonagricultural accessory uses and activities as long as they are consistent with the size, scale, and intensity of the existing agricultural use of the property and the existing buildings on the site. Nonagricultural accessory uses and activities, including new buildings, parking, or supportive uses, shall not be located outside the general area already developed for buildings and residential uses and shall not otherwise convert more than one acre of agricultural land to nonagricultural uses; and

(c) Counties and cities have the authority to limit or exclude accessory uses otherwise authorized in this subsection (3) in areas designated as agricultural lands of long-term commercial significance.

(4) This section shall not be interpreted to limit agricultural production on designated agricultural lands. [2006 c 147 § 1; 2004 c 207 § 1; 1997 c 429 § 23.]

36.70A.210 Countywide planning policies. (1) The legislature recognizes that counties are regional governments within their boundaries, and cities are primary providers of urban governmental services within urban growth areas. For the purposes of this section, a "countywide planning policy" is a written policy statement or statements used solely for establishing a countywide framework from which county and city comprehensive plans are developed and adopted pursuant to this chapter. This framework shall ensure that city and county comprehensive plans are consistent as required in RCW 36.70A.100. Nothing in this section shall be construed to alter the land-use powers of cities.

(2) The legislative authority of a county that plans under RCW 36.70A.040 shall adopt a countywide planning policy in cooperation with the cities located in whole or in part within the county as follows:

(a) No later than sixty calendar days from July 16, 1991, the legislative authority of each county that as of June 1, 1991, was required or chose to plan under RCW 36.70A.040 shall convene a meeting with representatives of each city located within the county for the purpose of establishing a collaborative process that will provide a framework for the adoption of a countywide planning policy. In other counties that are required or choose to plan under RCW 36.70A.040, this meeting shall be convened no later than sixty days after the date the county adopts its resolution of intention or was certified by the office of financial management.

(b) The process and framework for adoption of a countywide planning policy specified in (a) of this subsection shall determine the manner in which the county and the cities agree to all procedures and provisions including but not limited to desired planning policies, deadlines, ratification of final agreements and demonstration thereof, and financing, if any, of all activities associated therewith.

(c) If a county fails for any reason to convene a meeting with representatives of cities as required in (a) of this subsection, the governor may immediately impose any appropriate sanction or sanctions on the county from those specified under RCW 36.70A.340.

(d) If there is no agreement by October 1, 1991, in a county that was required or chose to plan under RCW 36.70A.040 as of June 1, 1991, or if there is no agreement within one hundred twenty days of the date the county adopted its resolution of intention or was certified by the office of financial management in any other county that is

required or chooses to plan under RCW 36.70A.040, the governor shall first inquire of the jurisdictions as to the reason or reasons for failure to reach an agreement. If the governor deems it appropriate, the governor may immediately request the assistance of the *department of community, trade, and economic development to mediate any disputes that preclude agreement. If mediation is unsuccessful in resolving all disputes that will lead to agreement, the governor may impose appropriate sanctions from those specified under RCW 36.70A.340 on the county, city, or cities for failure to reach an agreement as provided in this section. The governor shall specify the reason or reasons for the imposition of any sanction.

(e) No later than July 1, 1992, the legislative authority of each county that was required or chose to plan under RCW 36.70A.040 as of June 1, 1991, or no later than fourteen months after the date the county adopted its resolution of intention or was certified by the office of financial management the county legislative authority of any other county that is required or chooses to plan under RCW 36.70A.040, shall adopt a countywide planning policy according to the process provided under this section and that is consistent with the agreement pursuant to (b) of this subsection, and after holding a public hearing or hearings on the proposed countywide planning policy.

(3) A countywide planning policy shall at a minimum, address the following:

(a) Policies to implement RCW 36.70A.110;

(b) Policies for promotion of contiguous and orderly development and provision of urban services to such development;

(c) Policies for siting public capital facilities of a countywide or statewide nature, including transportation facilities of statewide significance as defined in RCW 47.06.140;

(d) Policies for countywide transportation facilities and strategies;

(e) Policies that consider the need for affordable housing, such as housing for all economic segments of the population and parameters for its distribution;

(f) Policies for joint county and city planning within urban growth areas;

(g) Policies for countywide economic development and employment, which must include consideration of the future development of commercial and industrial facilities; and

(h) An analysis of the fiscal impact.

(4) Federal agencies and Indian tribes may participate in and cooperate with the countywide planning policy adoption process. Adopted countywide planning policies shall be adhered to by state agencies.

(5) Failure to adopt a countywide planning policy that meets the requirements of this section may result in the imposition of a sanction or sanctions on a county or city within the county, as specified in RCW 36.70A.340. In imposing a sanction or sanctions, the governor shall specify the reasons for failure to adopt a countywide planning policy in order that any imposed sanction or sanctions are fairly and equitably related to the failure to adopt a countywide planning policy.

(6) Cities and the governor may appeal an adopted countywide planning policy to the growth management hearings board within sixty days of the adoption of the countywide planning policy.

(7) Multicounty planning policies shall be adopted by two or more counties, each with a population of four hundred fifty thousand or more, with contiguous urban areas and may be adopted by other counties, according to the process established under this section or other processes agreed to among the counties and cities within the affected counties throughout the multicounty region. [2009 c 121 § 2; 1998 c 171 § 4; 1994 c 249 § 28; 1993 sp.s. c 6 § 4; 1991 sp.s. c 32 § 2.]

36.70A.215 Review and evaluation program. (1)

Subject to the limitations in subsection (7) of this section, a county shall adopt, in consultation with its cities, countywide planning policies to establish a review and evaluation program. This program shall be in addition to the requirements of RCW 36.70A.110, 36.70A.130, and 36.70A.210. In developing and implementing the review and evaluation program required by this section, the county and its cities shall consider information from other appropriate jurisdictions and sources. The purpose of the review and evaluation program shall be to:

(a) Determine whether a county and its cities are achieving urban densities within urban growth areas by comparing growth and development assumptions, targets, and objectives contained in the countywide planning policies and the county and city comprehensive plans with actual growth and development that has occurred in the county and its cities; and

(b) Identify reasonable measures, other than adjusting urban growth areas, that will be taken to comply with the requirements of this chapter.

(2) The review and evaluation program shall:

(a) Encompass land uses and activities both within and outside of urban growth areas and provide for annual collection of data on urban and rural land uses, development, critical areas, and capital facilities to the extent necessary to determine the quantity and type of land suitable for development, both for residential and employment-based activities;

(b) Provide for evaluation of the data collected under (a) of this subsection as provided in subsection (3) of this section. The evaluation shall be completed no later than one year prior to the deadline for review and, if necessary, update of comprehensive plans and development regulations as required by RCW 36.70A.130. The county and its cities may establish in the countywide planning policies indicators, benchmarks, and other similar criteria to use in conducting the evaluation;

(c) Provide for methods to resolve disputes among jurisdictions relating to the countywide planning policies required by this section and procedures to resolve inconsistencies in collection and analysis of data; and

(d) Provide for the amendment of the countywide policies and county and city comprehensive plans as needed to remedy an inconsistency identified through the evaluation required by this section, or to bring these policies into compliance with the requirements of this chapter.

(3) At a minimum, the evaluation component of the program required by subsection (1) of this section shall:

(a) Determine whether there is sufficient suitable land to accommodate the countywide population projection estab-

lished for the county pursuant to RCW 43.62.035 and the subsequent population allocations within the county and between the county and its cities and the requirements of RCW 36.70A.110;

(b) Determine the actual density of housing that has been constructed and the actual amount of land developed for commercial and industrial uses within the urban growth area since the adoption of a comprehensive plan under this chapter or since the last periodic evaluation as required by subsection (1) of this section; and

(c) Based on the actual density of development as determined under (b) of this subsection, review commercial, industrial, and housing needs by type and density range to determine the amount of land needed for commercial, industrial, and housing for the remaining portion of the twenty-year planning period used in the most recently adopted comprehensive plan.

(4) If the evaluation required by subsection (3) of this section demonstrates an inconsistency between what has occurred since the adoption of the countywide planning policies and the county and city comprehensive plans and development regulations and what was envisioned in those policies and plans and the planning goals and the requirements of this chapter, as the inconsistency relates to the evaluation factors specified in subsection (3) of this section, the county and its cities shall adopt and implement measures that are reasonably likely to increase consistency during the subsequent five-year period. If necessary, a county, in consultation with its cities as required by RCW 36.70A.210, shall adopt amendments to countywide planning policies to increase consistency. The county and its cities shall annually monitor the measures adopted under this subsection to determine their effect and may revise or rescind them as appropriate.

(5)(a) Not later than July 1, 1998, the department shall prepare a list of methods used by counties and cities in carrying out the types of activities required by this section. The department shall provide this information and appropriate technical assistance to counties and cities required to or choosing to comply with the provisions of this section.

(b) By December 31, 2007, the department shall submit to the appropriate committees of the legislature a report analyzing the effectiveness of the activities described in this section in achieving the goals envisioned by the countywide planning policies and the comprehensive plans and development regulations of the counties and cities.

(6) From funds appropriated by the legislature for this purpose, the department shall provide grants to counties, cities, and regional planning organizations required under subsection (7) of this section to conduct the review and perform the evaluation required by this section.

(7) The provisions of this section shall apply to counties, and the cities within those counties, that were greater than one hundred fifty thousand in population in 1995 as determined by office of financial management population estimates and that are located west of the crest of the Cascade mountain range. Any other county planning under RCW 36.70A.040 may carry out the review, evaluation, and amendment programs and procedures as provided in this section. [2011 c 353 § 3; 1997 c 429 § 25.]

(2)(a) Each regional panel selected to hear and decide cases shall consist of three board members, at least a majority

36.70A.270 Growth management hearings board—Conduct, procedure, and compensation. The growth management hearings board shall be governed by the following rules on conduct and procedure:

(1) Any board member may be removed for inefficiency, malfeasance, and misfeasance in office, under specific written charges filed by the governor. The governor shall transmit such written charges to the member accused and the chief justice of the supreme court. The chief justice shall thereupon designate a tribunal composed of three judges of the superior court to hear and adjudicate the charges. Removal of any member of the board by the tribunal shall disqualify such member for reappointment.

(2) Each board member shall receive reimbursement for travel expenses incurred in the discharge of his or her duties in accordance with RCW 43.03.050 and 43.03.060. Each member shall receive an annual salary to be determined by the governor pursuant to RCW 43.03.040. The principal office of the board shall be located in Olympia.

(3) Each board member shall not: (a) Be a candidate for or hold any other public office or trust; (b) engage in any occupation or business interfering with or inconsistent with his or her duty as a board member; and (c) for a period of one year after the termination of his or her board membership, act in a representative capacity before the board on any matter.

(4) A majority of the board shall constitute a quorum for adopting rules necessary for the conduct of its powers and duties or transacting other official business, and may act even though one position of the board is vacant. One or more members may hold hearings and take testimony to be reported for action by the board when authorized by rule or order of the board. The board shall perform all the powers and duties specified in this chapter or as otherwise provided by law.

(5) The board may use one or more hearing examiners to assist the board in its hearing function, to make conclusions of law and findings of fact and, if requested by the board, to make recommendations to the board for decisions in cases

(2016 Ed.)

before the board. Such hearing examiners must have demonstrated knowledge of land use planning and law. The board shall specify in its rules of practice and procedure, as required by subsection (7) of this section, the procedure and criteria to be employed for designating hearing examiners as a presiding officer. Hearing examiners used by the board shall meet the requirements of subsection (3) of this section. The findings and conclusions of the hearing examiner shall not become final until they have been formally approved by the board. This authorization to use hearing examiners does not waive the requirement of RCW 36.70A.300 that final orders be issued within one hundred eighty days of board receipt of a petition.

(6) The board shall make findings of fact and prepare a written decision in each case decided by it, and such findings and decision shall be effective upon being signed by two or more members of the regional panel deciding the particular case and upon being filed at the board's principal office, and shall be open for public inspection at all reasonable times.

(7) All proceedings before the board, any of its members, or a hearing examiner appointed by the board shall be conducted in accordance with such administrative rules of practice and procedure as the board prescribes. The board shall develop and adopt rules of practice and procedure, including rules regarding expeditious and summary disposition of appeals and the assignment of cases to regional panels. The board shall publish such rules and decisions it renders and arrange for the reasonable distribution of the rules and decisions. Except as it conflicts with specific provisions of this chapter, the administrative procedure act, chapter 34.05 RCW, and specifically including the provisions of RCW 34.05.455 governing ex parte communications, shall govern the practice and procedure of the board.

(8) A board member or hearing examiner is subject to disqualification under chapter 34.05 RCW. The rules of practice of the board shall establish procedures by which a party to a hearing conducted before the board may file with the board a motion to disqualify, with supporting affidavit, against a board member or hearing examiner assigned to preside at the hearing.

(9) All members of the board shall meet on at least an annual basis with the objective of sharing information that promotes the goals and purposes of this chapter.

(10) The board shall annually elect one of its members to be the board administrative officer. The duties and responsibilities of the administrative officer include handling day-to-day administrative, budget, and personnel matters on behalf of the board, together with making case assignments to board members in accordance with the board's rules of procedure in order to achieve a fair and balanced workload among all board members. The administrative officer of the board may carry a reduced caseload to allow time for performing the administrative work functions. Nothing in this subsection authorizes the board to hear petitions alleging noncompliance with *RCW 36.70A.5801;

(b) That the twenty-year growth management planning population projections adopted by the office of financial management pursuant to RCW 43.62.035 should be adjusted;

(e) That a department certification under RCW 36.70A.735(1)(c) is erroneous; or

(f) That a department determination under RCW 36.70A.060(1)(d) is erroneous.

(2) A petition may be filed only by: (a) The state, or a county or city that plans under this chapter; (b) a person who has participated orally or in writing before the county or city regarding the matter on which a review is being requested; (c) a person who is certified by the governor within sixty days of filing the request with the board; or (d) a person qualified pursuant to RCW 34.05.530.

(3) For purposes of this section "person" means any individual, partnership, corporation, association, state agency, governmental subdivision or unit thereof, or public or private organization or entity of any character.

36.70A.295 Growth management hearings board—Direct judicial review. (1) The superior court may directly review a petition for review filed under RCW 36.70A.290 if all parties to the proceeding before the board have agreed to direct review in the superior court. The agreement of the parties shall be in writing and signed by all of the parties to the proceeding or their designated representatives. The agreement shall include the parties' agreement to proper venue as provided in RCW 36.70A.300(5). The parties shall file their agreement with the board within ten days after the date the petition is filed, or if multiple petitions have been filed and the board has consolidated the petitions pursuant to RCW 36.70A.300, within ten days after the board serves its order of consolidation.

(2) Within ten days of receiving the timely and complete agreement of the parties, the board shall file a certificate of agreement with the designated superior court and shall serve the parties with copies of the certificate. The superior court shall obtain exclusive jurisdiction over a petition when it receives the certificate of agreement. With the certificate of agreement the board shall also file the petition for review, any orders entered by the board, all other documents in the board's files regarding the action, and the written agreement of the parties.

(3) For purposes of a petition that is subject to direct review, the superior court's subject matter jurisdiction shall be equivalent to that of the board. Consistent with the requirements of the superior court civil rules, the superior court may consolidate a petition subject to direct review under this section with a separate action filed in the superior court.

(ii) Except as otherwise provided in RCW 36.70A.300(2)(b), shall render its decision on the petition within one hundred eighty days of receiving the certification of agreement; and

(iii) Shall give a compliance hearing under RCW 36.70A.330(2) the highest priority of all civil matters before the court.

(6) The superior court shall transmit a copy of its decision and order on direct review to the board, the department, and the governor. If the court has determined that a county or city is not in compliance with the provisions of this chapter, the governor may impose sanctions against the county or city in the same manner as if the board had recommended the imposition of sanctions as provided in RCW 36.70A.330.

(7) After the court has assumed jurisdiction over a petition for review under this section, the superior court civil rules shall govern a request for intervention and all other procedural matters not specifically provided for in this section. [2010 c 211 § 9; 1997 c 429 § 13.]

36.70A.300 Final orders. (1) The board shall issue a final order that shall be based exclusively on whether or not a state agency, county, or city is in compliance with the requirements of this chapter, chapter 90.58 RCW as it relates to adoption or amendment of shoreline master programs, or chapter 43.21C RCW as it relates to adoption of plans, development regulations, and amendments thereto, under RCW 36.70A.040 or chapter 90.58 RCW.

(2)(a) Except as provided in (b) of this subsection, the final order shall be issued within one hundred eighty days of receipt of the petition for review, or, if multiple petitions are filed, within one hundred eighty days of receipt of the last petition that is consolidated.

(b) The board may extend the period of time for issuing a decision to enable the parties to settle the dispute if additional time is necessary to achieve a settlement, and (i) an extension is requested by all parties, or (ii) an extension is requested by the petitioner and respondent and the board determines that a negotiated settlement between the remaining parties could resolve significant issues in dispute. The request must be filed with the board not later than seven days before the date scheduled for the hearing on the merits of the petition. The board may authorize one or more extensions for up to ninety days each, subject to the requirements of this section.

(3) In the final order, the board shall either:

(a) Find that the state agency, county, or city is in compliance with the requirements of this chapter, chapter 90.58 RCW as it relates to the adoption or amendment of shoreline master programs, or chapter 43.21C RCW as it relates to adoption of plans, development regulations, and amendments thereto, under RCW 36.70A.040 or chapter 90.58 RCW; or

(b) Find that the state agency, county, or city is not in compliance with the requirements of this chapter, chapter 90.58 RCW as it relates to the adoption or amendment of shoreline master programs, or chapter 43.21C RCW as it relates to adoption of plans, development regulations, and amendments thereto, under RCW 36.70A.040 or chapter 90.58 RCW, in which case the board shall remand the matter to the affected state agency, county, or city. The board shall specify a reasonable time not in excess of one hundred eighty days, or such longer period as determined by the board in cases of unusual scope or complexity, within which the state

agency, county, or city shall comply with the requirements of this chapter. The board may require periodic reports to the board on the progress the jurisdiction is making towards compliance.

(4)(a) Unless the board makes a determination of invalidity under RCW 36.70A.302, a finding of noncompliance and an order of remand shall not affect the validity of comprehensive plans and development regulations during the period of remand.

(b) Unless the board makes a determination of invalidity, state agencies, commissions, and governing boards may not determine a county, city, or town to be ineligible or otherwise penalized in the acceptance of applications or the awarding of state agency grants or loans during the period of remand. This subsection (4)(b) applies only to counties, cities, and towns that have: (i) Delayed the initial effective date of the action subject to the petition before the board until after the board issues a final determination; or (ii) within thirty days of receiving notice of a petition for review by the board, delayed or suspended the effective date of the action subject to the petition before the board until after the board issues a final determination.

(5) Any party aggrieved by a final decision of the hearings board may appeal the decision to superior court as provided in RCW 34.05.514 or 36.01.050 within thirty days of the final order of the board. Unless the board makes a determination of invalidity under RCW 36.70A.302, state agencies, commissions, or governing boards shall not penalize counties, cities, or towns during the pendency of an appeal as provided in RCW 43.17.250. (a) Makes a finding of noncompliance and issues an order of remand under RCW 36.70A.300;

(b) Includes in the final order a determination, supported by findings of fact and conclusions of law, that the continued validity of part or parts of the plan or regulation would substantially interfere with the fulfillment of the goals of this chapter; and

(c) Specifies in the final order the particular part or parts of the plan or regulation that are determined to be invalid, and the reasons for their invalidity.

(2) A determination of invalidity is prospective in effect and does not extinguish rights that vested under state or local law before receipt of the board's order by the city or county. The determination of invalidity does not apply to a completed development permit application for a project that vested under state or local law before receipt of the board's order by the county or city or to related construction permits for that project.

(3)(a) Except as otherwise provided in subsection (2) of this section and (b) of this subsection, a development permit application not vested under state or local law before receipt

of the board's order by the county or city vests to the local ordinance or resolution that is determined by the board not to substantially interfere with the fulfillment of the goals of this chapter.

(b) Even though the application is not vested under state or local law before receipt by the county or city of the board's order, a determination of invalidity does not apply to a development permit application for:

(i) A permit for construction by any owner, lessee, or contract purchaser of a single-family residence for his or her own use or for the use of his or her family on a lot existing before receipt by the county or city of the board's order, except as otherwise specifically provided in the board's order to protect the public health and safety;

(ii) A building permit and related construction permits for remodeling, tenant improvements, or expansion of an existing structure on a lot existing before receipt of the board's order by the county or city; and

(iii) A boundary line adjustment or a division of land that does not increase the number of buildable lots existing before receipt of the board's order by the county or city.

(4) If the ordinance that adopts a plan or development regulation under this chapter includes a savings clause intended to revive prior policies or regulations in the event the new plan or regulations are determined to be invalid, the board shall determine under subsection (1) of this section whether the prior policies or regulations are valid during the period of remand.

(5) A county or city subject to a determination of invalidity may adopt interim controls and other measures to be in effect until it adopts a comprehensive plan and development regulations that comply with the requirements of this chapter. A development permit application may vest under an interim control or measure upon determination by the board that the interim controls and other measures do not substantially interfere with the fulfillment of the goals of this chapter.

(6) A county or city subject to a determination of invalidity may file a motion requesting that the board clarify, modify, or rescind the order. The board shall expeditiously schedule a hearing on the motion. At the hearing on the motion, the parties may present information to the board to clarify the part or parts of the comprehensive plan or development regulations to which the final order applies. The board shall issue any supplemental order based on the information provided at the hearing not later than thirty days after the date of the hearing.

(7)(a) If a determination of invalidity has been made and the county or city has enacted an ordinance or resolution amending the invalidated part or parts of the plan or regulation or establishing interim controls on development affected by the order of invalidity, after a compliance hearing, the board shall modify or rescind the determination of invalidity if it determines under the standard in subsection (1) of this section that the plan or regulation, as amended or made subject to such interim controls, will no longer substantially interfere with the fulfillment of the goals of this chapter.

(b) If the board determines that part or parts of the plan or regulation are no longer invalid as provided in this subsection, but does not find that the plan or regulation is in compliance with all of the requirements of this chapter, the board, in its order, may require periodic reports to the board on the

progress the jurisdiction is making towards compliance. [2010 c 211 § 10; 1997 c 429 § 16.]

36.70A.305 Expedited review. The court shall provide expedited review of a determination of invalidity or an order effectuating a determination of invalidity made or issued under *RCW 36.70A.300. The matter must be set for hearing within sixty days of the date set for submitting the board's record, absent a showing of good cause for a different date or a stipulation of the parties. 36.70A.310 Growth management hearings board—Limitations on appeal by the state. A request for review by the state to the growth management hearings board may be made only by the governor, or with the governor's consent the head of an agency, or by the commissioner of public lands as relating to state trust lands, for the review of whether: (1) A county or city that is required or chooses to plan under RCW 36.70A.040 has failed to adopt a comprehensive plan or development regulations, or countywide planning policies within the time limits established by this chapter; or (2) a county or city that is required or chooses to plan under this chapter has adopted a comprehensive plan, development regulations, or countywide planning policies, that are not in compliance with the requirements of this chapter. 36.70A.320 Presumption of validity—Burden of proof—Plans and regulations. (1) Except as provided in subsection (5) of this section, comprehensive plans and development regulations, and amendments thereto, adopted under this chapter are presumed valid upon adoption.

(2) Except as otherwise provided in subsection (4) of this section, the burden is on the petitioner to demonstrate that any action taken by a state agency, county, or city under this chapter is not in compliance with the requirements of this chapter.

(3) In any petition under this chapter, the board, after full consideration of the petition, shall determine whether there is compliance with the requirements of this chapter. In making its determination, the board shall consider the criteria adopted by the department under RCW 36.70A.190(4). The board shall find compliance unless it determines that the action by the state agency, county, or city is clearly erroneous in view of the entire record before the board and in light of the goals and requirements of this chapter.

(4) A county or city subject to a determination of invalidity made under RCW 36.70A.300 or 36.70A.302 has the burden of demonstrating that the ordinance or resolution it has enacted in response to the determination of invalidity will no longer substantially interfere with the fulfillment of the goals of this chapter under the standard in RCW 36.70A.302(1).

(5) The shoreline element of a comprehensive plan and the applicable development regulations adopted by a county or city shall take effect as provided in chapter 90.58 RCW. [1997 c 429 § 20; 1995 c 347 § 111; 1991 sp.s. c 32 § 13.]

36.70A.3201 Growth management hearings board—Legislative intent and finding. The legislature intends that the board applies a more deferential standard of review to actions of counties and cities than the preponderance of the evidence standard provided for under existing law. In recognition of the broad range of discretion that may be exercised by counties and cities consistent with the requirements of this chapter, the legislature intends for the board to grant deference to counties and cities in how they plan for growth, consistent with the requirements and goals of this chapter. Local comprehensive plans and development regulations require counties and cities to balance priorities and options for action in full consideration of local circumstances. The legislature finds that while this chapter requires local planning to take place within a framework of state goals and requirements, the ultimate burden and responsibility for planning, harmonizing the planning goals of this chapter, and implementing a county's or city's future rests with that community. 36.70A.330 Noncompliance. (1) After the time set for complying with the requirements of this chapter under RCW 36.70A.300(3)(b) has expired, or at an earlier time upon the motion of a county or city subject to a determination of invalidity under RCW 36.70A.300, the board shall set a hearing for the purpose of determining whether the state agency, county, or city is in compliance with the requirements of this chapter.

(2) The board shall conduct a hearing and issue a finding of compliance or noncompliance with the requirements of this chapter and with any compliance schedule established by the board in its final order. A person with standing to challenge the legislation enacted in response to the board's final order may participate in the hearing along with the petitioner and the state agency, county, or city. A hearing under this subsection shall be given the highest priority of business to be conducted by the board, and a finding shall be issued within forty-five days of the filing of the motion under subsection (1) of this section with the board. The board shall issue any order necessary to make adjustments to the compliance schedule and set additional hearings as provided in subsection (5) of this section.

(3) If the board after a compliance hearing finds that the state agency, county, or city is not in compliance, the board shall transmit its finding to the governor. The board may recommend to the governor that the sanctions authorized by this chapter be imposed. The board shall take into consideration the county's or city's efforts to meet its compliance schedule in making the decision to recommend sanctions to the governor.

(4) In a compliance hearing upon petition of a party, the board shall also reconsider its final order and decide, if no determination of invalidity has been made, whether one now should be made under RCW 36.70A.302.

(5) The board shall schedule additional hearings as appropriate pursuant to subsections (1) and (2) of this section. [1997 c 429 § 21; 1995 c 347 § 112; 1991 sp.s. c 32 § 14.]

36.70A.335 Order of invalidity issued before July 27, 1997. A county or city subject to an order of invalidity issued before July 27, 1997, by motion may request the board to review the order of invalidity in light of the section 14, chapter 429, Laws of 1997 amendments to RCW 36.70A.300, the section 21, chapter 429, Laws of 1997 amendments to RCW 36.70A.330, and RCW 36.70A.302. If a request is made, the board shall rescind or modify the order of invalidity as necessary to make it consistent with the section 14, chapter 429, Laws of 1997 amendments to RCW 36.70A.300, and to the section 21, chapter 429, Laws of 1997 amendments to RCW 36.70A.330, and RCW 36.70A.302. 36.70A.340 Noncompliance and sanctions. Upon receipt from the board of a finding that a state agency, county, or city is in noncompliance under RCW 36.70A.330, or as a result of failure to meet the requirements of RCW 36.70A.210, the governor may either:

(1) Notify and direct the director of the office of financial management to revise allotments in appropriation levels;

(2) Notify and direct the state treasurer to withhold the portion of revenues to which the county or city is entitled under one or more of the following: The motor vehicle fuel tax, as provided in chapter 82.38 RCW; the transportation improvement account, as provided in RCW 47.26.084; the rural arterial trust account, as provided in RCW 36.79.150; the sales and use tax, as provided in chapter 82.14 RCW; the liquor profit tax, as provided in RCW 66.08.190; and the liquor excise tax, as provided in RCW 82.08.170; or

(3) File a notice of noncompliance with the secretary of state and the county or city, which temporarily rescinds the county or city's authority to collect the real estate excise tax under RCW 82.46.030 until the governor files a notice rescinding the notice of noncompliance. [2013 c 225 § 604; 2011 c 120 § 2; 1991 sp.s. c 32 § 26.]

36.70A.345 Sanctions. The governor may impose a sanction or sanctions specified under RCW 36.70A.340 on: (1) A county or city that fails to designate critical areas, agricultural lands, forestlands, or mineral resource lands under RCW 36.70A.170 by the date such action was required to have been taken; (2) a county or city that fails to adopt development regulations under RCW 36.70A.060 protecting critical areas or conserving agricultural lands, forestlands, or mineral resource lands by the date such action was required to have been taken; (3) a county that fails to designate urban growth areas under RCW 36.70A.110 by the date such action was required to have been taken; and (4) a county or city that

(2016 Ed.)

fails to adopt its comprehensive plan or development regulations when such actions are required to be taken.

Imposition of a sanction or sanctions under this section shall be preceded by written findings by the governor, that either the county or city is not proceeding in good faith to meet the requirements of the act; or that the county or city has unreasonably delayed taking the required action. The governor shall consult with and communicate his or her findings to the growth management hearings board prior to imposing the sanction or sanctions. For those counties or cities that are not required to plan or have not opted in, the governor in imposing sanctions shall consider the size of the jurisdiction relative to the requirements of this chapter and the degree of technical and financial assistance provided. 36.70A.350 New fully contained communities. A county required or choosing to plan under RCW 36.70A.040 may establish a process as part of its urban growth areas, that are designated under RCW 36.70A.110, for reviewing proposals to authorize new fully contained communities located outside of the initially designated urban growth areas.

(1) A new fully contained community may be approved in a county planning under this chapter if criteria including but not limited to the following are met:

(a) New infrastructure is provided for and impact fees are established consistent with the requirements of RCW 82.02.050;

(b) Transit-oriented site planning and traffic demand management programs are implemented;

(c) Buffers are provided between the new fully contained communities and adjacent urban development;

(d) A mix of uses is provided to offer jobs, housing, and services to the residents of the new community;

(e) Affordable housing is provided within the new community for a broad range of income levels;

(f) Environmental protection has been addressed and provided for;

(g) Development regulations are established to ensure urban growth will not occur in adjacent nonurban areas;

(h) Provision is made to mitigate impacts on designated agricultural lands, forestlands, and mineral resource lands;

(i) The plan for the new fully contained community is consistent with the development regulations established for the protection of critical areas by the county pursuant to RCW 36.70A.170.

(2) New fully contained communities may be approved outside established urban growth areas only if a county reserves a portion of the twenty-year population projection and offsets the urban growth area accordingly for allocation to new fully contained communities that meet the requirements of this chapter. Any county electing to establish a new community reserve shall do so no more often than once every five years as a part of the designation or review of urban growth areas required by this chapter. The new community reserve shall be allocated on a project-by-project basis, only after specific project approval procedures have been adopted pursuant to this chapter as a development regulation. When a

new community reserve is established, urban growth areas designated pursuant to this chapter shall accommodate the unreserved portion of the twenty-year population projection.

Final approval of an application for a new fully contained community shall be considered an adopted amendment to the comprehensive plan prepared pursuant to RCW 36.70A.070 designating the new fully contained community as an urban growth area. [1991 sp.s. c 32 § 16.]

36.70A.360 Master planned resorts. (1) Counties that are required or choose to plan under RCW 36.70A.040 may permit master planned resorts which may constitute urban growth outside of urban growth areas as limited by this section. A master planned resort means a self-contained and fully integrated planned unit development, in a setting of significant natural amenities, with primary focus on destination resort facilities consisting of short-term visitor accommodations associated with a range of developed on-site indoor or outdoor recreational facilities.

(2) Capital facilities, utilities, and services, including those related to sewer, water, storm water, security, fire suppression, and emergency medical, provided on-site shall be limited to meeting the needs of the master planned resort. Such facilities, utilities, and services may be provided to a master planned resort by outside service providers, including municipalities and special purpose districts, provided that all costs associated with service extensions and capacity increases directly attributable to the master planned resort are fully borne by the resort. A master planned resort and service providers may enter into agreements for shared capital facilities and utilities, provided that such facilities and utilities serve only the master planned resort or urban growth areas.

Nothing in this subsection may be construed as: Establishing an order of priority for processing applications for water right permits, for granting such permits, or for issuing certificates of water right; altering or authorizing in any manner the alteration of the place of use for a water right; or affecting or impairing in any manner whatsoever an existing water right.

All waters or the use of waters shall be regulated and controlled as provided in chapters 90.03 and 90.44 RCW and not otherwise.

(3) A master planned resort may include other residential uses within its boundaries, but only if the residential uses are integrated into and support the on-site recreational nature of the resort.

(4) A master planned resort may be authorized by a county only if:

(a) The comprehensive plan specifically identifies policies to guide the development of master planned resorts;

(b) The comprehensive plan and development regulations include restrictions that preclude new urban or suburban land uses in the vicinity of the master planned resort, except in areas otherwise designated for urban growth under RCW 36.70A.110;

(c) The county includes a finding as a part of the approval process that the land is better suited, and has more long-term importance, for the master planned resort than for the commercial harvesting of timber or agricultural production, if located on land that otherwise would be designated as forestland or agricultural land under RCW 36.70A.170;

(d) The county ensures that the resort plan is consistent with the development regulations established for critical areas; and

(e) On-site and off-site infrastructure and service impacts are fully considered and mitigated. [1998 c 112 § 2; 1991 sp.s. c 32 § 17.]

Intent—1998 c 112: "The primary intent of this act is to give effect to recommendations by the 1994 department of community, trade, and economic development's master planned resort task force by clarifying that master planned resorts may make use of capital facilities, utilities, and services provided by outside service providers, and may enter into agreements for shared facilities with such providers, when all costs directly attributable to the resort, including capacity increases, are fully borne by the resort." [1998 c 112 § 1.]

36.70A.362 Master planned resorts—Existing resort may be included. Counties that are required or choose to plan under RCW 36.70A.040 may include existing resorts as master planned resorts which may constitute urban growth outside of urban growth areas as limited by this section. An existing resort means a resort in existence on July 1, 1990, and developed, in whole or in part, as a significantly self-contained and integrated development that includes short-term visitor accommodations associated with a range of indoor and outdoor recreational facilities within the property boundaries in a setting of significant natural amenities. An existing resort may include other permanent residential uses, conference facilities, and commercial activities supporting the resort, but only if these other uses are integrated into and consistent with the on-site recreational nature of the resort.

An existing resort may be authorized by a county only if:

(1) The comprehensive plan specifically identifies policies to guide the development of the existing resort;

(2) The comprehensive plan and development regulations include restrictions that preclude new urban or suburban land uses in the vicinity of the existing resort, except in areas otherwise designated for urban growth under RCW 36.70A.110 and *36.70A.360(1);

(3) The county includes a finding as a part of the approval process that the land is better suited, and has more long-term importance, for the existing resort than for the commercial harvesting of timber or agricultural production, if located on land that otherwise would be designated as forestland or agricultural land under RCW 36.70A.170;

(4) The county finds that the resort plan is consistent with the development regulations established for critical areas; and

(5) On-site and off-site infrastructure impacts are fully considered and mitigated.

A county may allocate a portion of its twenty-year population projection, prepared by the office of financial management, to the master planned resort corresponding to the projected number of permanent residents within the master planned resort. [1997 c 382 § 1.]

***Reviser's note:** RCW 36.70A.360 was amended by 1998 c 112 § 2, changing subsection (1) to subsection (4)(a).

36.70A.365 Major industrial developments. A county required or choosing to plan under RCW 36.70A.040 may establish, in consultation with cities consistent with provisions of RCW 36.70A.210, a process for reviewing and

approving proposals to authorize siting of specific major industrial developments outside urban growth areas.

(1) "Major industrial development" means a master planned location for a specific manufacturing, industrial, or commercial business that: (a) Requires a parcel of land so large that no suitable parcels are available within an urban growth area; or (b) is a natural resource-based industry requiring a location near agricultural land, forestland, or mineral resource land upon which it is dependent. The major industrial development shall not be for the purpose of retail commercial development or multitenant office parks.

(2) A major industrial development may be approved outside an urban growth area in a county planning under this chapter if criteria including, but not limited to the following, are met:

(a) New infrastructure is provided for and/or applicable impact fees are paid;

(b) Transit-oriented site planning and traffic demand management programs are implemented;

(c) Buffers are provided between the major industrial development and adjacent nonurban areas;

(d) Environmental protection including air and water quality has been addressed and provided for;

(e) Development regulations are established to ensure that urban growth will not occur in adjacent nonurban areas;

(f) Provision is made to mitigate adverse impacts on designated agricultural lands, forestlands, and mineral resource lands;

(g) The plan for the major industrial development is consistent with the county's development regulations established for protection of critical areas; and

(h) An inventory of developable land has been conducted and the county has determined and entered findings that land suitable to site the major industrial development is unavailable within the urban growth area. Priority shall be given to applications for sites that are adjacent to or in close proximity to the urban growth area.

(3) Final approval of an application for a major industrial development shall be considered an adopted amendment to the comprehensive plan adopted pursuant to RCW 36.70A.070 designating the major industrial development site on the land use map as an urban growth area. Final approval of an application for a major industrial development shall not be considered an amendment to the comprehensive plan for the purposes of RCW 36.70A.130(2) and may be considered at any time. [1995 c 190 § 1.]

36.70A.367 Major industrial developments—Master planned locations.

(1) In addition to the major industrial development allowed under RCW 36.70A.365, a county planning under RCW 36.70A.040 that meets the criteria in subsection (5) of this section may establish, in consultation with cities consistent with provisions of RCW 36.70A.210, a process for designating a bank of no more than two master planned locations for major industrial activity outside urban growth areas.

(2) A master planned location for major industrial developments may be approved through a two-step process: Designation of an industrial land bank area in the comprehensive plan; and subsequent approval of specific major industrial

developments through a local master plan process described under subsection (3) of this section.

(a) The comprehensive plan must identify locations suited to major industrial development due to proximity to transportation or resource assets. The plan must identify the maximum size of the industrial land bank area and any limitations on major industrial developments based on local limiting factors, but does not need to specify a particular parcel or parcels of property or identify any specific use or user except as limited by this section. In selecting locations for the industrial land bank area, priority must be given to locations that are adjacent to, or in close proximity to, an urban growth area.

(b) The environmental review for amendment of the comprehensive plan must be at the programmatic level and, in addition to a threshold determination, must include:

(i) An inventory of developable land as provided in RCW 36.70A.365; and

(ii) An analysis of the availability of alternative sites within urban growth areas and the long-term annexation feasibility of sites outside of urban growth areas.

(c) Final approval of an industrial land bank area under this section must be by amendment to the comprehensive plan adopted under RCW 36.70A.070, and the amendment is exempt from the limitation of RCW 36.70A.130(2) and may be considered at any time. Approval of a specific major industrial development within the industrial land bank area requires no further amendment of the comprehensive plan.

(3) In concert with the designation of an industrial land bank area, a county shall also adopt development regulations for review and approval of specific major industrial developments through a master plan process. The regulations governing the master plan process shall ensure, at a minimum, that:

(a) Urban growth will not occur in adjacent nonurban areas;

(b) Development is consistent with the county's development regulations adopted for protection of critical areas;

(c) Required infrastructure is identified and provided concurrent with development. Such infrastructure, however, may be phased in with development;

(d) Transit-oriented site planning and demand management programs are specifically addressed as part of the master plan approval;

(e) Provision is made for addressing environmental protection, including air and water quality, as part of the master plan approval;

(f) The master plan approval includes a requirement that interlocal agreements between the county and service providers, including cities and special purpose districts providing facilities or services to the approved master plan, be in place at the time of master plan approval;

(g) A major industrial development is used primarily by industrial and manufacturing businesses, and that the gross floor area of all commercial and service buildings or facilities locating within the major industrial development does not exceed ten percent of the total gross floor area of buildings or facilities in the development. The intent of this provision for commercial or service use is to meet the needs of employees, clients, customers, vendors, and others having business at the industrial site, to attract and retain a quality workforce, and to further other public objectives, such as trip reduction. These

uses may not be promoted to attract additional clientele from the surrounding area. Commercial and service businesses must be established concurrently with or subsequent to the industrial or manufacturing businesses;

(h) New infrastructure is provided for and/or applicable impact fees are paid to assure that adequate facilities are provided concurrently with the development. Infrastructure may be achieved in phases as development proceeds;

(i) Buffers are provided between the major industrial development and adjacent rural areas;

(j) Provision is made to mitigate adverse impacts on designated agricultural lands, forestlands, and mineral resource lands; and

(k) An open record public hearing is held before either the planning commission or hearing examiner with notice published at least thirty days before the hearing date and mailed to all property owners within one mile of the site.

(4) For the purposes of this section:

(a) "Major industrial development" means a master planned location suitable for manufacturing or industrial businesses that: (i) Requires a parcel of land so large that no suitable parcels are available within an urban growth area; (ii) is a natural resource-based industry requiring a location near agricultural land, forestland, or mineral resource land upon which it is dependent; or (iii) requires a location with characteristics such as proximity to transportation facilities or related industries such that there is no suitable location in an urban growth area. The major industrial development may not be for the purpose of retail commercial development or multitenant office parks.

(b) "Industrial land bank" means up to two master planned locations, each consisting of a parcel or parcels of contiguous land, sufficiently large so as not to be readily available within the urban growth area of a city, or otherwise meeting the criteria contained in (a) of this subsection, suitable for manufacturing, industrial, or commercial businesses and designated by the county through the comprehensive planning process specifically for major industrial use.

(5) This section and the termination provisions specified in subsection (6) of this section apply to a county that at the time the process is established under subsection (1) of this section:

(a) Has a population greater than two hundred fifty thousand and is part of a metropolitan area that includes a city in another state with a population greater than two hundred fifty thousand;

(b) Has a population greater than one hundred forty thousand and is adjacent to another country;

(c) Has a population greater than forty thousand but less than seventy-five thousand and has an average level of unemployment for the preceding three years that exceeds the average state unemployment for those years by twenty percent; and

(i) Is bordered by the Pacific Ocean;

(ii) Is located in the Interstate 5 or Interstate 90 corridor;

or

(iii) Is bordered by Hood Canal;

(d) Is east of the Cascade divide; and

(i) Borders another state to the south; or

(ii) Is located wholly south of Interstate 90 and borders the Columbia river to the east;

(e) Has an average population density of less than one hundred persons per square mile as determined by the office of financial management, and is bordered by the Pacific Ocean and by Hood Canal; or

(f) Meets all of the following criteria:

(i) Has a population greater than forty thousand but fewer than eighty thousand;

(ii) Has an average level of unemployment for the preceding three years that exceeds the average state unemployment for those years by twenty percent; and

(iii) Is located in the Interstate 5 or Interstate 90 corridor.

(6) In order to identify and approve locations for industrial land banks, the county shall take action to designate one or more industrial land banks and adopt conforming regulations as provided by subsection (2) of this section on or before the last date to complete that county's next periodic review under RCW 36.70A.130(4) that occurs prior to December 31, 2016. The authority to take action to designate a land bank area in the comprehensive plan expires if not acted upon by the county within the time frame provided in this section. Once a land bank area has been identified in the county's comprehensive plan, the authority of the county to process a master plan or site projects within an approved master plan does not expire.

(7) Any county seeking to designate an industrial land bank under this section must:

(a) Provide countywide notice, in conformity with RCW 36.70A.035, of the intent to designate an industrial land bank. Notice must be published in a newspaper or newspapers of general circulation reasonably likely to reach subscribers in all geographic areas of the county. Notice must be provided not less than thirty days prior to commencement of consideration by the county legislative body; and

(b) Make a written determination of the criteria and rationale used by the legislative body as the basis for siting an industrial land bank under this chapter.

(8) Any location included in an industrial land bank pursuant to section 2, chapter 289, Laws of 1998, section 1, chapter 402, Laws of 1997, and section 2, chapter 167, Laws of 1996 shall remain available for major industrial development according to this section as long as the requirements of this section continue to be satisfied. [2014 c 149 § 1; 2007 c 433 § 1; 2004 c 208 § 1; 2003 c 88 § 1; 2002 c 306 § 1; 2001 c 326 § 1; 1998 c 289 § 2; 1997 c 402 § 1; 1996 c 167 § 2.]

Findings—Purpose—1998 c 289: "The legislature finds that to fulfill the economic development goal of this chapter, it is beneficial to expand the limited authorization for pilot projects for identifying locations for major industrial activity in advance of specific proposals by an applicant. The legislature further finds that land bank availability may provide economically disadvantaged counties the opportunity to attract new industrial activity by offering expeditious siting and therefore promote a community's economic health and vitality. The purpose of this act is to authorize and evaluate additional pilot projects for major industrial activity in economically disadvantaged counties." [1998 c 289 § 1.]

Findings—Purpose—1996 c 167: "In 1995 the legislature addressed the demand for siting of major industrial facilities by passage of Engrossed Senate Bill No. 5019, implementing a process for siting such activities outside urban growth areas. The legislature recognizes that the 1995 act requires consideration of numerous factors necessary to ensure that the community can reasonably accommodate a major industrial development outside an urban growth area.

The legislature finds that the existing case-by-case procedure for evaluating and approving such a site under the 1995 act may operate to a community's economic disadvantage when a firm, for business reasons, must make

a business location decision expeditiously. The legislature therefore finds that it would be useful to authorize, on a limited basis, and evaluate a process for identifying locations for major industrial activity in advance of specific proposals by an applicant.

It is the purpose of this act (1) to authorize a pilot project under which a bank of major industrial development locations outside urban growth areas is created for use in expeditiously siting such a development; (2) to evaluate the impact of this process on the county's compliance with chapter 36.70A RCW; and (3) to encourage consolidation and planning, and environmental review procedures under chapter 36.70B RCW." 36.70A.368 Major industrial developments—Master planned locations—Reclaimed surface coal mine sites. (1)

In addition to the major industrial development allowed under RCW 36.70A.365 and 36.70A.367, a county planning under RCW 36.70A.040 that meets the criteria in subsection (2) of this section may establish, in consultation with cities consistent with RCW 36.70A.210, a process for designating a master planned location for major industrial activity outside urban growth areas on lands formerly used or designated for surface coal mining and supporting uses. Once a master planned location is designated, it shall be considered an urban growth area retained for purposes of promoting major industrial activity.

(2) This section applies to a county that, at the time the process is established in subsection (1) of this section, had a surface coal mining operation in excess of three thousand acres that ceased operation after July 1, 2006, and that is located within fifteen miles of the Interstate 5 corridor.

(3) Designation of a master planned location for major industrial activities is an amendment to the comprehensive plan adopted under RCW 36.70A.070, except that RCW 36.70A.130(2) does not apply so that designation of master planned locations may be considered at any time. The process established under subsection (1) of this section for designating a master planned location for one or more major industrial activities must include, but is not limited to, the following comprehensive plan policy criteria:

(a) The master planned location must be located on lands: Formerly used or designated for surface coal mining and supporting uses; that consist of an aggregation of land of one thousand or more acres, which is not required to be contiguous; and that are suitable for manufacturing, industrial, or commercial businesses;

(b) New infrastructure is provided for; and

(c) Environmental review of a proposed designation of a master planned location must be at the programmatic level, as long as the environmental review of a proposed designation that is being reviewed concurrent with a proposed major industrial activity is at the project level.

(4) Approval of a specific major industrial activity proposed for a master planned location designated under this section is through a local master plan process and does not require further comprehensive plan amendment. The process for reviewing and approving a specific major industrial activity proposed for a master planned location designated under this section must include the following criteria in adopted development regulations:

(a) The site consists of one hundred or more acres of land formerly used or designated for surface coal mining and supporting uses that has been or will be reclaimed as land suitable for industrial development;

(b) Urban growth will not occur in adjacent nonurban areas;

(c) Environmental review of a specific proposed major industrial activity must be conducted as required in chapter 43.21C RCW. Environmental review may be processed as a planned action, as long as it meets the requirements of *RCW 43.21C.031; and

(d) Commercial development within a master planned location must be directly related to manufacturing or industrial uses. Commercial uses shall not exceed ten percent of the total gross floor area of buildings or facilities in the development.

(5) Final approval of the designation of a master planned location designated under subsection (3) of this section is subject to appeal under this chapter. Approval of a specific major industrial activity under subsection (4) of this section is subject to appeal under chapter 36.70C RCW.

(6) RCW 36.70A.365 and 36.70A.367 do not apply to the designation of master planned locations or the review and approval of specific major industrial activities under this section. [2007 c 194 § 1.]

*Reviser's note: The requirements for a planned action were moved by 2012 1st sp.s. c 1 from RCW 43.21C.031 to RCW 43.21C.440.

36.70A.370 Protection of private property. (1) The state attorney general shall establish by October 1, 1991, an orderly, consistent process, including a checklist if appropriate, that better enables state agencies and local governments to evaluate proposed regulatory or administrative actions to assure that such actions do not result in an unconstitutional taking of private property. It is not the purpose of this section to expand or reduce the scope of private property protections provided in the state and federal Constitutions. The attorney general shall review and update the process at least on an annual basis to maintain consistency with changes in case law.

(2) Local governments that are required or choose to plan under RCW 36.70A.040 and state agencies shall utilize the process established by subsection (1) of this section to assure that proposed regulatory or administrative actions do not result in an unconstitutional taking of private property.

(3) The attorney general, in consultation with the Washington state bar association, shall develop a continuing education course to implement this section.

(4) The process used by government agencies shall be protected by attorney client privilege. Nothing in this section grants a private party the right to seek judicial relief requiring compliance with the provisions of this section. [1991 sp.s. c 32 § 18.]

36.70A.380 Extension of designation date. The department may extend the date by which a county or city is required to designate agricultural lands, forestlands, mineral resource lands, and critical areas under RCW 36.70A.170, or the date by which a county or city is required to protect such lands and critical areas under RCW 36.70A.060, if the county or city demonstrates that it is proceeding in an orderly fashion, and is making a good faith effort, to meet these requirements. An extension may be for up to an additional one hundred eighty days. The length of an extension shall be based on

the difficulty of the effort to conform with these requirements. [1991 sp.s. c 32 § 39.]

36.70A.385 Environmental planning pilot projects.

(1) The legislature intends to determine whether the environmental review process mandated under chapter 43.21C RCW may be enhanced and simplified, and coordination improved, when applied to comprehensive plans mandated by this chapter. The department shall undertake pilot projects on environmental review to determine if the review process can be improved by fostering more coordination and eliminating duplicative environmental analysis which is made to assist decision makers approving comprehensive plans pursuant to this chapter. Such pilot projects should be designed and scoped to consider cumulative impacts resulting from plan decisions, plan impacts on environmental quality, impacts on adjacent jurisdictions, and similar factors in sufficient depth to simplify the analysis of subsequent specific projects being carried out pursuant to the approved plan.

(2) The legislature hereby authorizes the department to establish, in cooperation with business, industry, cities, counties, and other interested parties, at least two but not more than four pilot projects, one of which shall be with a county, on enhanced draft and final nonproject environmental analysis of comprehensive plans prepared pursuant to this chapter, for the purposes outlined in subsection (1) of this section. The department may select appropriate geographic subareas within a comprehensive plan if that will best serve the purposes of this section and meet the requirements of chapter 43.21C RCW.

(3) An enhanced draft and final nonproject environmental analysis prepared pursuant to this section shall follow the rules adopted pursuant to chapter 43.21C RCW.

(4) Not later than December 31, 1993, the department shall evaluate the overall effectiveness of the pilot projects under this section regarding preparing enhanced nonproject environmental analysis for the approval process of comprehensive plans and shall:

(a) Provide an interim report of its findings to the legislature with such recommendations as may be appropriate, including the need, if any, for further legislation;

(b) Consider adoption of any further rules or guidelines as may be appropriate to assist counties and cities in meeting requirements of chapter 43.21C RCW when considering comprehensive plans; and

(c) Prepare and circulate to counties and cities such instructional manuals or other information derived from the pilot projects as will assist all counties and cities in meeting the requirements and objectives of chapter 43.21C RCW in the most expeditious and efficient manner in the process of considering comprehensive plans pursuant to this chapter. [1998 c 245 § 30; 1995 c 399 § 43; 1991 sp.s. c 32 § 20.]

36.70A.390 Moratoria, interim zoning controls—Public hearing—Limitation on length—Exceptions. A county or city governing body that adopts a moratorium, interim zoning map, interim zoning ordinance, or interim official control without holding a public hearing on the proposed moratorium, interim zoning map, interim zoning ordinance, or interim official control, shall hold a public hearing on the adopted moratorium, interim zoning map, interim zon-

ing ordinance, or interim official control within at least sixty days of its adoption, whether or not the governing body received a recommendation on the matter from the planning commission or department. If the governing body does not adopt findings of fact justifying its action before this hearing, then the governing body shall do so immediately after this public hearing. A moratorium, interim zoning map, interim zoning ordinance, or interim official control adopted under this section may be effective for not longer than six months, but may be effective for up to one year if a work plan is developed for related studies providing for such a longer period. A moratorium, interim zoning map, interim zoning ordinance, or interim official control may be renewed for one or more six-month periods if a subsequent public hearing is held and findings of fact are made prior to each renewal.

This section does not apply to the designation of critical areas, agricultural lands, forestlands, and mineral resource lands, under RCW 36.70A.170, and the conservation of these lands and protection of these areas under RCW 36.70A.060, prior to such actions being taken in a comprehensive plan adopted under RCW 36.70A.070 and implementing development regulations adopted under RCW 36.70A.120, if a public hearing is held on such proposed actions. [1992 c 207 § 6.]

36.70A.400 Accessory apartments. Any local government, as defined in RCW 43.63A.215, that is planning under this chapter shall comply with RCW 43.63A.215(3). [1993 c 478 § 11.]

36.70A.410 Treatment of residential structures occupied by persons with handicaps. No county or city that plans or elects to plan under this chapter may enact or maintain an ordinance, development regulation, zoning regulation or official control, policy, or administrative practice which treats a residential structure occupied by persons with handicaps differently than a similar residential structure occupied by a family or other unrelated individuals. As used in this section, "handicaps" are as defined in the federal fair housing amendments act of 1988 (42 U.S.C. Sec. 3602). [1993 c 478 § 23.]

36.70A.420 Transportation projects—Findings—Intent. The legislature recognizes that there are major transportation projects that affect multiple jurisdictions as to economic development, fiscal influence, environmental consequences, land use implications, and mobility of people and goods. The legislature further recognizes that affected jurisdictions have important interests that must be addressed, and that these jurisdictions' present environmental planning and permitting authority may result in multiple local permits and other requirements being specified for the projects.

The legislature finds that the present permitting system may result in segmented and sequential decisions by local governments that do not optimally serve all the parties with an interest in the decisions. The present system may also make more difficult achieving the consistency among plans and actions that is an important aspect of this chapter.

It is the intent of the legislature to provide for more efficiency and equity in the decisions of local governments regarding major transportation projects by encouraging coordination or consolidation of the processes for reviewing envi-

ronmental planning and permitting requirements for those projects. The legislature intends that local governments coordinate their regulatory decisions by considering together the range of local, state, and federal requirements for major transportation projects. Nothing in RCW 36.70A.420 or 36.70A.430 alters the authority of cities or counties under any other planning or permitting statute. [1994 c 258 § 1.]

Additional notes found at www.leg.wa.gov

36.70A.430 Transportation projects—Collaborative review process. For counties engaged in planning under this chapter, there shall be established by December 31, 1994, a collaborative process to review and coordinate state and local permits for all transportation projects that cross more than one city or county boundary. This process shall at a minimum, establish a mechanism among affected cities and counties to designate a permit coordinating agency to facilitate multijurisdictional review and approval of such transportation projects. [1994 c 258 § 2.]

36.70A.450 Family day-care provider's home facility—County or city may not prohibit in residential or commercial area—Conditions. (1) Except as provided in subsections (2) and (3) of this section, no county or city may enact, enforce, or maintain an ordinance, development regulation, zoning regulation, or official control, policy, or administrative practice that prohibits the use of a residential dwelling, located in an area zoned for residential or commercial use, as a family day-care provider's home facility.

(2) A county or city may require that the facility: (a) Comply with all building, fire, safety, health code, and business licensing requirements; (b) conform to lot size, building size, setbacks, and lot coverage standards applicable to the zoning district except if the structure is a legal nonconforming structure; (c) is certified by the department of early learning licensor as providing a safe passenger loading area; (d) include signage, if any, that conforms to applicable regulations; and (e) limit hours of operations to facilitate neighborhood compatibility, while also providing appropriate opportunity for persons who use family day-care and who work a nonstandard work shift.

(3) A county or city may also require that the family day-care provider, before state licensing, require proof of written notification by the provider that the immediately adjoining property owners have been informed of the intent to locate and maintain such a facility. If a dispute arises between neighbors and the family day-care provider over licensing requirements, the licensor may provide a forum to resolve the dispute.

(4) Nothing in this section shall be construed to prohibit a county or city from imposing zoning conditions on the establishment and maintenance of a family day-care provider's home in an area zoned for residential or commercial use, so long as such conditions are no more restrictive than conditions imposed on other residential dwellings in the same zone and the establishment of such facilities is not precluded. As used in this section, "family day-care provider" is as defined in RCW 43.215.010. [2007 c 17 § 13; 2003 c 286 § 5; 1995 c 49 § 3; 1994 c 273 § 17.]

36.70A.460 Watershed restoration projects—Permit processing—Fish habitat enhancement project. (1) A permit required under this chapter for a watershed restoration project as defined in RCW 89.08.460 shall be processed in compliance with RCW 89.08.450 through 89.08.510.

(2) A fish habitat enhancement project meeting the criteria of RCW 77.55.181 shall be reviewed and approved according to the provisions of RCW 77.55.181. [2014 c 120 § 15; 2003 c 39 § 21; 1998 c 249 § 11; 1995 c 378 § 11.]

Findings—Purpose—Report—Effective date—1998 c 249: See notes following RCW 77.55.181.

36.70A.470 Project review—Amendment suggestion procedure—Definitions. (1) Project review, which shall be conducted pursuant to the provisions of chapter 36.70B RCW, shall be used to make individual project decisions, not land use planning decisions. If, during project review, a county or city planning under RCW 36.70A.040 identifies deficiencies in plans or regulations:

(a) The permitting process shall not be used as a comprehensive planning process;

(b) Project review shall continue; and

(c) The identified deficiencies shall be docketed for possible future plan or development regulation amendments.

(2) Each county and city planning under RCW 36.70A.040 shall include in its development regulations a procedure for any interested person, including applicants, citizens, hearing examiners, and staff of other agencies, to suggest plan or development regulation amendments. The suggested amendments shall be docketed and considered on at least an annual basis, consistent with the provisions of RCW 36.70A.130.

(3) For purposes of this section, a deficiency in a comprehensive plan or development regulation refers to the absence of required or potentially desirable contents of a comprehensive plan or development regulation. It does not refer to whether a development regulation addresses a project's probable specific adverse environmental impacts which the permitting agency could mitigate in the normal project review process.

(4) For purposes of this section, docketing refers to compiling and maintaining a list of suggested changes to the comprehensive plan or development regulations in a manner that will ensure such suggested changes will be considered by the county or city and will be available for review by the public. [1995 c 347 § 102.]

Findings—Intent—1995 c 347 § 102: "The legislature finds that during project review, a county or city planning under RCW 36.70A.040 is likely to discover the need to make various improvements in comprehensive plans and development regulations. There is no current requirement or process for applicants, citizens, or agency staff to ensure that these improvements are considered in the plan review process. The legislature also finds that in the past environmental review and permitting of proposed projects have been used to reopen and make land use planning decisions that should have been made through the comprehensive planning process, in part because agency staff and hearing examiners have not been able to ensure consideration of all issues in the local planning process. The legislature further finds that, while plans and regulations should be improved and refined over time, it is unfair to penalize applicants that have submitted permit applications that meet current requirements. It is the intent of the legislature in enacting RCW 36.70A.470 to establish a means by which cities and counties will docket suggested plan or development regulation amendments and ensure their consideration during the planning process." [1995 c 347 § 101.]

Finding—1995 c 347: "The legislature recognizes by this act that the growth management act is a fundamental building block of regulatory reform. The state and local governments have invested considerable resources in an act that should serve as the integrating framework for all other land-use related laws. The growth management act provides the means to effectively combine certainty for development decisions, reasonable environmental protection, long-range planning for cost-effective infrastructure, and orderly growth and development." [1995 c 347 § 1.]

36.70A.480 Shorelines of the state. (1) For shorelines of the state, the goals and policies of the shoreline management act as set forth in RCW 90.58.020 are added as one of the goals of this chapter as set forth in RCW 36.70A.020 without creating an order of priority among the fourteen goals. The goals and policies of a shoreline master program for a county or city approved under chapter 90.58 RCW shall be considered an element of the county or city's comprehensive plan. All other portions of the shoreline master program for a county or city adopted under chapter 90.58 RCW, including use regulations, shall be considered a part of the county or city's development regulations.

(2) The shoreline master program shall be adopted pursuant to the procedures of chapter 90.58 RCW rather than the goals, policies, and procedures set forth in this chapter for the adoption of a comprehensive plan or development regulations.

(3)(a) The policies, goals, and provisions of chapter 90.58 RCW and applicable guidelines shall be the sole basis for determining compliance of a shoreline master program with this chapter except as the shoreline master program is required to comply with the internal consistency provisions of RCW 36.70A.070, 36.70A.040(4), 35.63.125, and 35A.63.105.

(b) Except as otherwise provided in (c) of this subsection, development regulations adopted under this chapter to protect critical areas within shorelines of the state apply within shorelines of the state until the department of ecology approves one of the following: A comprehensive master program update, as defined in RCW 90.58.030; a segment of a master program relating to critical areas, as provided in RCW 90.58.090; or a new or amended master program approved by the department of ecology on or after March 1, 2002, as provided in RCW 90.58.080. The adoption or update of development regulations to protect critical areas under this chapter prior to department of ecology approval of a master program update as provided in this subsection is not a comprehensive or segment update to the master program.

(c)(i) Until the department of ecology approves a master program or segment of a master program as provided in (b) of this subsection, a use or structure legally located within shorelines of the state that was established or vested on or before the effective date of the local government's development regulations to protect critical areas may continue as a conforming use and may be redeveloped or modified if: (A) The redevelopment or modification is consistent with the local government's master program; and (B) the local government determines that the proposed redevelopment or modification will result in no net loss of shoreline ecological functions. The local government may waive this requirement if the redevelopment or modification is consistent with the mas-

ter program and the local government's development regulations to protect critical areas.

(ii) For purposes of this subsection (3)(c), an agricultural activity that does not expand the area being used for the agricultural activity is not a redevelopment or modification. "Agricultural activity," as used in this subsection (3)(c), has the same meaning as defined in RCW 90.58.065.

(d) Upon department of ecology approval of a shoreline master program or critical area segment of a shoreline master program, critical areas within shorelines of the state are protected under chapter 90.58 RCW and are not subject to the procedural and substantive requirements of this chapter, except as provided in subsection (6) of this section. Nothing in chapter 321, Laws of 2003 or chapter 107, Laws of 2010 is intended to affect whether or to what extent agricultural activities, as defined in RCW 90.58.065, are subject to chapter 36.70A RCW.

(e) The provisions of RCW 36.70A.172 shall not apply to the adoption or subsequent amendment of a local government's shoreline master program and shall not be used to determine compliance of a local government's shoreline master program with chapter 90.58 RCW and applicable guidelines. Nothing in this section, however, is intended to limit or change the quality of information to be applied in protecting critical areas within shorelines of the state, as required by chapter 90.58 RCW and applicable guidelines.

(4) Shoreline master programs shall provide a level of protection to critical areas located within shorelines of the state that assures no net loss of shoreline ecological functions necessary to sustain shoreline natural resources as defined by department of ecology guidelines adopted pursuant to RCW 90.58.060.

(5) Shorelines of the state shall not be considered critical areas under this chapter except to the extent that specific areas located within shorelines of the state qualify for critical area designation based on the definition of critical areas provided by RCW 36.70A.030(5) and have been designated as such by a local government pursuant to RCW 36.70A.060(2).

(6) If a local jurisdiction's master program does not include land necessary for buffers for critical areas that occur within shorelines of the state, as authorized by *RCW 90.58.030(2)(f), then the local jurisdiction shall continue to regulate those critical areas and their required buffers pursuant to RCW 36.70A.060(2). [2010 c 107 § 2; 2003 c 321 § 5; 1995 c 347 § 104.]

***Reviser's note:** RCW 90.58.030 was alphabetized pursuant to RCW 1.08.015(2)(k), changing subsection (2)(f) to subsection (2)(d).

Intent—2010 c 107: "(1) The legislature recognizes that Engrossed Substitute House Bill No. 1933, enacted as chapter 321, Laws of 2003, modified the relationship between the shoreline management act and the growth management act. The legislature recognizes also that its 2003 efforts, while intended to create greater operational clarity between these significant shoreline and land use acts, have been the subject of differing, and occasionally contrary, legal interpretations. This act is intended to affirm and clarify the legislature's intent relating to the provisions of chapter 321, Laws of 2003.

(2) The legislature affirms that development regulations adopted under the growth management act to protect critical areas apply within shorelines of the state as provided in section 2 of this act.

(3) The legislature affirms that the adoption or update of critical area regulations under the growth management act is not automatically an update to the shoreline master program.

(4) The legislature intends for this act to be remedial and curative in nature, and to apply retroactively to July 27, 2003." [2010 c 107 § 1.]

Retroactive application—2010 c 107: "This act is remedial and curative in nature and applies retroactively to July 27, 2003." [2010 c 107 § 5.]

Effective date—2010 c 107: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [March 18, 2010]." [2010 c 107 § 6.]

36.70A.481 Construction—Chapter 347, Laws of 1995. Nothing in RCW 36.70A.480 shall be construed to authorize a county or city to adopt regulations applicable to shorelands as defined in RCW 90.58.030 that are inconsistent with the provisions of chapter 90.58 RCW. [1995 c 382 § 13.]

36.70A.490 Growth management planning and environmental review fund—Established. The growth management planning and environmental review fund is hereby established in the state treasury. Moneys may be placed in the fund from the proceeds of bond sales, tax revenues, budget transfers, federal appropriations, gifts, or any other lawful source. Moneys in the fund may be spent only after appropriation. Moneys in the fund shall be used to make grants or loans to local governments for the purposes set forth in RCW 43.21C.240, 43.21C.031, or 36.70A.500. Any payment of either principal or interest, or both, derived from loans made from this fund must be deposited into the fund. [2012 1st sp.s. c 1 § 309; 1995 c 347 § 115.]

Authority of department of fish and wildlife under act—2012 1st sp.s. c 1: See note following RCW 76.09.040.

Findings—Purpose—1995 c 347 § 115: "(1) The legislature finds that:

(a) As of July 23, 1995, twenty-nine counties and two hundred eight cities are conducting comprehensive planning under the growth management act, chapter 36.70A RCW, which together comprise over ninety percent of the state's population;

(b) Comprehensive plans for many of the jurisdictions were due by July 1, 1994, and the remaining jurisdictions must complete plans under due dates ranging from October 1994 to September 1997;

(c) Concurrently with these comprehensive planning activities, local governments must conduct several other planning requirements under the growth management act, such as the adoption of capital facilities plans, urban growth areas, and development regulations;

(d) Local governments must also comply with the state environmental policy act, chapter 43.21C RCW, in the development of comprehensive plans and development regulations;

(e) The combined activities of comprehensive planning and the state environmental policy act present a serious fiscal burden upon local governments; and

(f) Detailed environmental analysis integrated with comprehensive plans, subarea plans, and development regulations will facilitate planning for and managing growth, allow greater protection of the environment, and benefit both the general public and private property owners.

(2) In order to provide financial assistance to cities and counties planning under chapter 36.70A RCW and to improve the usefulness of plans and integrated environmental analyses, the legislature has created the fund described in RCW 36.70A.490." [1995 c 347 § 114.]

The department shall encourage participation in the grant or loan program by other public agencies. The department shall develop the grant or loan criteria, monitor the grant or loan program, and select grant or loan recipients in consultation with state agencies participating in the grant or loan program through the provision of grant or loan funds or technical assistance.

(2) A grant or loan may be awarded to a county or city that is required to or has chosen to plan under RCW 36.70A.040 and that is qualified pursuant to this section. The grant or loan shall be provided to assist a county or city in paying for the cost of preparing an environmental analysis under chapter 43.21C RCW, that is integrated with a comprehensive plan, subarea plan, plan element, countywide planning policy, development regulation, monitoring program, or other planning activity adopted under or implementing this chapter that:

(a) Improves the process for project permit review while maintaining environmental quality; or

(b) Encourages use of plans and information developed for purposes of complying with this chapter to satisfy requirements of other state programs.

(3) In order to qualify for a grant or loan, a county or city shall:

(a) Demonstrate that it will prepare an environmental analysis pursuant to chapter 43.21C RCW and subsection (2) of this section that is integrated with a comprehensive plan, subarea plan, plan element, countywide planning policy, development regulations, monitoring program, or other planning activity adopted under or implementing this chapter;

(b) Address environmental impacts and consequences, alternatives, and mitigation measures in sufficient detail to allow the analysis to be adopted in whole or in part by applicants for development permits within the geographic area analyzed in the plan;

(c) Demonstrate that procedures for review of development permit applications will be based on the integrated plans and environmental analysis;

(d) Include mechanisms to monitor the consequences of growth as it occurs in the plan area and to use the resulting data to update the plan, policy, or implementing mechanisms and associated environmental analysis;

(e) Demonstrate substantial progress towards compliance with the requirements of this chapter. A county or city that is more than six months out of compliance with a requirement of this chapter is deemed not to be making substantial progress towards compliance; and

(f) Provide local funding, which may include financial participation by the private sector.

(4) In awarding grants or loans, the department shall give preference to proposals that include one or more of the following elements:

(a) Financial participation by the private sector, or a public/private partnering approach;

(b) Identification and monitoring of system capacities for elements of the built environment, and to the extent appropriate, of the natural environment;

(c) Coordination with state, federal, and tribal governments in project review;

(d) Furtherance of important state objectives related to economic development, protection of areas of statewide significance, and siting of essential public facilities;

(e) Programs to improve the efficiency and effectiveness of the permitting process by greater reliance on integrated plans and prospective environmental analysis;

(f) Programs for effective citizen and neighborhood involvement that contribute to greater likelihood that planning decisions can be implemented with community support;

(g) Programs to identify environmental impacts and establish mitigation measures that provide effective means to satisfy concurrency requirements and establish project consistency with the plans; or

(h) Environmental review that addresses the impacts of increased density or intensity of comprehensive plans, sub-area plans, or receiving areas designated by a city or town under the regional transfer of development rights program in chapter 43.362 RCW.

(5) If the local funding includes funding provided by other state functional planning programs, including open space planning and watershed or basin planning, the functional plan shall be integrated into and be consistent with the comprehensive plan.

(6) State agencies shall work with grant or loan recipients to facilitate state and local project review processes that will implement the projects receiving grants or loans under this section. [2012 1st sp.s. c 1 § 310; 1997 c 429 § 28; 1995 c 347 § 116.]

36.70A.510 General aviation airports. Adoption and amendment of comprehensive plan provisions and development regulations under this chapter affecting a general aviation airport are subject to RCW 36.70.547. [1996 c 239 § 5.]

36.70A.520 National historic towns—Designation. Counties that are required or choose to plan under RCW 36.70A.040 may authorize and designate national historic towns that may constitute urban growth outside of urban growth areas as limited by this section. A national historic town means a town or district that has been designated a national historic landmark by the United States secretary of the interior pursuant to 16 U.S.C. 461 et seq., as amended, based on its significant historic urban features, and which historically contained a mix of residential and commercial or industrial uses.

A national historic town may be designated under this chapter by a county only if:

(1) The comprehensive plan specifically identifies policies to guide the preservation, redevelopment, infill, and development of the town;

(2) The comprehensive plan and development regulations specify a mix of residential, commercial, industrial, tourism-recreation, waterfront, or other historical uses, along with other uses, infrastructure, and services which promote

the economic sustainability of the town and its historic character. To promote historic preservation, redevelopment, and an economically sustainable community, the town also may include the types of uses that existed at times during its history and is not limited to those present at the time of the historic designation. Portions of the town may include urban densities if they reflect density patterns that existed at times during its history;

(3) The boundaries of the town include all of the area contained in the national historic landmark designation, along with any additional limited areas determined by the county as appropriate for transitional uses and buffering. Provisions for transitional uses and buffering must be compatible with the town's historic character and must protect the existing natural and built environment under the requirements of this chapter within and beyond the additional limited areas, including visual compatibility. The comprehensive plan and development regulations must include restrictions that preclude new urban or suburban land uses in the vicinity of the town, including the additional limited areas, except in areas otherwise designated for urban growth under this chapter;

(4) The development regulations provide for architectural controls and review procedures applicable to the rehabilitation, redevelopment, infill, or new development to promote the historic character of the town;

(5) The county finds that the national historic town is consistent with the development regulations established for critical areas; and

(6) On-site and off-site infrastructure impacts are fully considered and mitigated concurrent with development.

A county may allocate a portion of its twenty-year population projection, prepared by the office of financial management, to the national historic town corresponding to the projected number of permanent residents within the national historic town. [2000 c 196 § 1.]

36.70A.530 Land use development incompatible with military installation not allowed—Revision of comprehensive plans and development regulations. (1) Military installations are of particular importance to the economic health of the state of Washington and it is a priority of the state to protect the land surrounding our military installations from incompatible development.

(2) Comprehensive plans, amendments to comprehensive plans, development regulations, or amendments to development regulations adopted under this section shall be adopted or amended concurrent with the scheduled update provided in RCW 36.70A.130, except that counties and cities identified in RCW 36.70A.130(4)(a) shall comply with this section on or before December 1, 2005, and shall thereafter comply with this section on a schedule consistent with RCW 36.70A.130(4).

(3) A comprehensive plan, amendment to a plan, a development regulation or amendment to a development regulation, should not allow development in the vicinity of a military installation that is incompatible with the installation's ability to carry out its mission requirements. A city or county may find that an existing comprehensive plan or development regulations are compatible with the installation's ability to carry out its mission requirements.

(4) As part of the requirements of RCW 36.70A.070(1) each county and city planning under RCW 36.70A.040 that has a federal military installation, other than a reserve center, that employs one hundred or more personnel and is operated by the United States department of defense within or adjacent to its border, shall notify the commander of the military installation of the county's or city's intent to amend its comprehensive plan or development regulations to address lands adjacent to military installations to ensure those lands are protected from incompatible development.

(5)(a) The notice provided under subsection (4) of this section shall request from the commander of the military installation a written recommendation and supporting facts relating to the use of land being considered in the adoption of a comprehensive plan or an amendment to a plan. The notice shall provide sixty days for a response from the commander. If the commander does not submit a response to such request within sixty days, the local government may presume that implementation of the proposed plan or amendment will not have any adverse effect on the operation of the installation.

(b) When a county or city intends to amend its development regulations to be consistent with the comprehensive plan elements addressed in (a) of this subsection, notice shall be provided to the commander of the military installation consistent with subsection (4) of this section. The notice shall request from the commander of the military installation a written recommendation and supporting facts relating to the use of land being considered in the amendment to the development regulations. The notice shall provide sixty days for a response from the commander to the requesting government. If the commander does not submit a response to such request within sixty days, the local government may presume that implementation of the proposed development regulation or amendment will not have any adverse effect on the operation of the installation. [2004 c 28 § 2.]

Finding—2004 c 28: "The United States military is a vital component of the Washington state economy. The protection of military installations from incompatible development of land is essential to the health of Washington's economy and quality of life. Incompatible development of land close to a military installation reduces the ability of the military to complete its mission or to undertake new missions, and increases its cost of operating. The department of defense evaluates continued utilization of military installations based upon their operating costs, their ability to carry out missions, and their ability to undertake new missions." [2004 c 28 § 1.]

36.70A.540 Affordable housing incentive programs—Low-income housing units. (1)(a) Any city or county planning under RCW 36.70A.040 may enact or expand affordable housing incentive programs providing for the development of low-income housing units through development regulations or conditions on rezoning or permit decisions, or both, on one or more of the following types of development: Residential; commercial; industrial; or mixed-use. An affordable housing incentive program may include, but is not limited to, one or more of the following:

- (i) Density bonuses within the urban growth area;
- (ii) Height and bulk bonuses;
- (iii) Fee waivers or exemptions;
- (iv) Parking reductions; or
- (v) Expedited permitting.

(b) The city or county may enact or expand such programs whether or not the programs may impose a tax, fee, or charge on the development or construction of property.

(c) If a developer chooses not to participate in an optional affordable housing incentive program adopted and authorized under this section, a city, county, or town may not condition, deny, or delay the issuance of a permit or development approval that is consistent with zoning and development standards on the subject property absent incentive provisions of this program.

(2) Affordable housing incentive programs enacted or expanded under this section shall comply with the following:

(a) The incentives or bonuses shall provide for the development of low-income housing units;

(b) Jurisdictions shall establish standards for low-income renter or owner occupancy housing, including income guidelines consistent with local housing needs, to assist low-income households that cannot afford market-rate housing. Low-income households are defined for renter and owner occupancy program purposes as follows:

(i) Rental housing units to be developed shall be affordable to and occupied by households with an income of fifty percent or less of the county median family income, adjusted for family size;

(ii) Owner occupancy housing units shall be affordable to and occupied by households with an income of eighty percent or less of the county median family income, adjusted for family size. The legislative authority of a jurisdiction, after holding a public hearing, may establish lower income levels; and

(iii) The legislative authority of a jurisdiction, after holding a public hearing, may also establish higher income levels for rental housing or for owner occupancy housing upon finding that higher income levels are needed to address local housing market conditions. The higher income level for rental housing may not exceed eighty percent of the county area median family income. The higher income level for owner occupancy housing may not exceed one hundred percent of the county area median family income. These established higher income levels are considered "low-income" for the purposes of this section;

(c) The jurisdiction shall establish a maximum rent level or sales price for each low-income housing unit developed under the terms of a program and may adjust these levels or prices based on the average size of the household expected to occupy the unit. For renter-occupied housing units, the total housing costs, including basic utilities as determined by the jurisdiction, may not exceed thirty percent of the income limit for the low-income housing unit;

(d) Where a developer is utilizing a housing incentive program authorized under this section to develop market rate housing, and is developing low-income housing to satisfy the requirements of the housing incentive program, the low-income housing units shall be provided in a range of sizes comparable to those units that are available to other residents. To the extent practicable, the number of bedrooms in low-income units must be in the same proportion as the number of bedrooms in units within the entire development. The low-income units shall generally be distributed throughout the development and have substantially the same functionality as the other units in the development;

(e) Low-income housing units developed under an affordable housing incentive program shall be committed to continuing affordability for at least fifty years. A local government, however, may accept payments in lieu of continuing affordability. The program shall include measures to enforce continuing affordability and income standards applicable to low-income units constructed under this section that may include, but are not limited to, covenants, options, or other agreements to be executed and recorded by owners and developers;

(f) Programs authorized under subsection (1) of this section may apply to part or all of a jurisdiction and different standards may be applied to different areas within a jurisdiction or to different types of development. Programs authorized under this section may be modified to meet local needs and may include provisions not expressly provided in this section or RCW 82.02.020;

(g) Low-income housing units developed under an affordable housing incentive program are encouraged to be provided within developments for which a bonus or incentive is provided. However, programs may allow units to be provided in a building located in the general area of the development for which a bonus or incentive is provided; and

(h) Affordable housing incentive programs may allow a payment of money or property in lieu of low-income housing units if the jurisdiction determines that the payment achieves a result equal to or better than providing the affordable housing on-site, as long as the payment does not exceed the approximate cost of developing the same number and quality of housing units that would otherwise be developed. Any city or county shall use these funds or property to support the development of low-income housing, including support provided through loans or grants to public or private owners or developers of housing.

(3) Affordable housing incentive programs enacted or expanded under this section may be applied within the jurisdiction to address the need for increased residential development, consistent with local growth management and housing policies, as follows:

(a) The jurisdiction shall identify certain land use designations within a geographic area where increased residential development will assist in achieving local growth management and housing policies;

(b) The jurisdiction shall provide increased residential development capacity through zoning changes, bonus densities, height and bulk increases, parking reductions, or other regulatory changes or other incentives;

(c) The jurisdiction shall determine that increased residential development capacity or other incentives can be achieved within the identified area, subject to consideration of other regulatory controls on development; and

(d) The jurisdiction may establish a minimum amount of affordable housing that must be provided by all residential developments being built under the revised regulations, consistent with the requirements of this section. [2009 c 80 § 1; 2006 c 149 § 2.]

Findings—2006 c 149: "The legislature finds that as new market-rate housing developments are constructed and housing costs rise, there is a significant and growing number of low-income households that cannot afford market-rate housing in Washington state. The legislature finds that assistance to low-income households that cannot afford market-rate housing requires a broad variety of tools to address this serious, statewide problem.

The legislature further finds that absent any incentives to provide low-income housing, market conditions will result in housing developments in many areas that lack units affordable to low-income households, circumstances that can cause adverse socioeconomic effects.

The legislature encourages cities, towns, and counties to enact or expand affordable housing incentive programs, including density bonuses and other incentives, to increase the availability of low-income housing for renter and owner occupancy that is located in largely market-rate housing developments throughout the community, consistent with local needs and adopted comprehensive plans. While this act establishes minimum standards for those cities, towns, and counties choosing to implement or expand upon an affordable housing incentive program, cities, towns, and counties are encouraged to enact programs that address local circumstances and conditions while simultaneously contributing to the statewide need for additional low-income housing." [2006 c 149 § 1.]

Construction—2006 c 149: "The powers granted in this act are supplemental and additional to the powers otherwise held by local governments, and nothing in this act shall be construed as a limit on such powers. The authority granted in this act shall extend to any affordable housing incentive program enacted or expanded prior to June 7, 2006, if the extension is adopted by the applicable local government in an ordinance or resolution." [2006 c 149 § 4.]

36.70A.550 Aquifer conservation zones. (1) Any city coterminous with, and comprised only of, an island that relies solely on groundwater aquifers for its potable water source and does not have reasonable access to a potable water source outside its jurisdiction may designate one or more aquifer conservation zones.

Aquifer conservation zones may only be designated for the purpose of conserving and protecting potable water sources.

(2) Aquifer conservation zones may not be considered critical areas under this chapter except to the extent that specific areas located within aquifer conservation zones qualify for critical area designation and have been designated as such under RCW 36.70A.060(2).

(3) Any city may consider whether an area is within an aquifer conservation zone when determining the residential density of that particular area. The residential densities within conservation zones, in combination with other densities of the city, must be sufficient to accommodate projected population growth under RCW 36.70A.110.

(4) Nothing in this section may be construed to modify the population accommodation obligations required of jurisdictions under this chapter. [2007 c 159 § 1.]

36.70A.570 Regulation of forest practices. (1) Each county, city, and town assuming regulation of forest practices as provided in RCW 76.09.240 (1) and (2) shall adopt development regulations that:

(a) Protect public resources, as defined in RCW 76.09.020, from material damage or the potential for material damage;

(b) Require appropriate approvals for all phases of the conversion of forestlands, including clearing and grading;

(c) Are guided by the planning goals in RCW 36.70A.020 and by the purposes and policies of the forest practices act as set forth in RCW 76.09.010; and

(d) Are consistent with or supplement development regulations that protect critical areas pursuant to RCW 36.70A.060.

(2) If necessary, each county, city, or town that assumes regulation of forest practices under RCW 76.09.240 shall

amend its comprehensive plan to ensure consistency between its comprehensive plan and development regulations.

(3) Before a county, city, or town may regulate forest practices under RCW 76.09.240 (1) and (2), it shall update its development regulations as required by RCW 36.70A.130 and, if applicable, RCW 36.70A.215. Forest practices regulations adopted under RCW 76.09.240 (1) and (2) may be adopted as part of the legislative action taken under RCW 36.70A.130 or 36.70A.215. [2007 c 236 § 2.]

36.70A.695 Development regulations—Jurisdictions specified—Electric vehicle infrastructure. (1) By July 1, 2010, the development regulations of any jurisdiction:

(a) Adjacent to Interstate 5, Interstate 90, Interstate 405, or state route number 520, with a population over twenty thousand, and located in a county with a population over one million five hundred thousand; or

(b) Adjacent to Interstate 5 and located in a county with a population greater than six hundred thousand; or

(c) Adjacent to Interstate 5 and located in a county with a state capitol within its borders;

planning under this chapter must allow electric vehicle infrastructure as a use in all areas except those zoned for residential or resource use or critical areas. A jurisdiction may adopt and apply other development regulations that do not have the effect of precluding the siting of electric vehicle infrastructure in areas where that use is allowed.

(2) By July 1, 2011, or six months after the distribution required under RCW 43.31.970 occurs, whichever is later, the development regulations of any jurisdiction adjacent to Interstate 5, Interstate 90, Interstate 405, or state route number 520 planning under this chapter must allow electric vehicle infrastructure as a use in all areas except those zoned for residential or resource use or critical areas. A jurisdiction may adopt and apply other development regulations that do not have the effect of precluding the siting of electric vehicle infrastructure in areas where that use is allowed.

(3) By July 1, 2011, or six months after the distribution required under RCW 43.31.970 occurs, whichever is later, the development regulations of any jurisdiction planning under this chapter must allow battery charging stations as a use in all areas except those zoned for residential or resource use or critical areas. A jurisdiction may adopt and apply other development regulations that do not have the effect of precluding the siting of electric vehicle infrastructure in areas where that use is allowed.

(4) Cities are authorized to adopt incentive programs to encourage the retrofitting of existing structures with the electrical outlets capable of charging electric vehicles. Incentives may include bonus height, site coverage, floor area ratio, and transferable development rights for use in urban growth areas.

(5) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Battery charging station" means an electrical component assembly or cluster of component assemblies designed specifically to charge batteries within electric vehicles, which meet or exceed any standards, codes, and regulations set forth by chapter 19.28 RCW and consistent with rules adopted under RCW 19.27.540.

(b) "Battery exchange station" means a fully automated facility that will enable an electric vehicle with a swappable battery to enter a drive lane and exchange the depleted battery with a fully charged battery through a fully automated process, which meets or exceeds any standards, codes, and regulations set forth by chapter 19.28 RCW and consistent with rules adopted under RCW 19.27.540.

(c) "Electric vehicle infrastructure" means structures, machinery, and equipment necessary and integral to support an electric vehicle, including battery charging stations, rapid charging stations, and battery exchange stations.

(d) "Rapid charging station" means an industrial grade electrical outlet that allows for faster recharging of electric vehicle batteries through higher power levels, which meets or exceeds any standards, codes, and regulations set forth by chapter 19.28 RCW and consistent with rules adopted under RCW 19.27.540.

(6) If federal funding for public investment in electric vehicles, electric vehicle infrastructure, or alternative fuel distribution infrastructure is not provided by February 1, 2010, subsection (1) of this section is null and void. [2009 c 459 § 12.]

Finding—Purpose—2009 c 459: See note following RCW 47.80.090.

Regional transportation planning organizations—Electric vehicle infrastructure: RCW 47.80.090.

(2) It is the intent of chapter 360, Laws of 2011 to:

(a) Promote plans to protect and enhance critical areas within the area where agricultural activities are conducted, while maintaining and improving the long-term viability of agriculture in the state of Washington and reducing the conversion of farmland to other uses;

(b) Focus and maximize voluntary incentive programs to encourage good riparian and ecosystem stewardship as an alternative to historic approaches used to protect critical areas;

(c) Rely upon RCW 36.70A.060 for the protection of critical areas for those counties that do not choose to participate in this program;

(d) Leverage existing resources by relying upon existing work and plans in counties and local watersheds, as well as existing state and federal programs to the maximum extent practicable to achieve program goals;

(e) Encourage and foster a spirit of cooperation and partnership among county, tribal, environmental, and agricultural interests to better assure the program success;

(f) Improve compliance with other laws designed to protect water quality and fish habitat; and

(g) Rely upon voluntary stewardship practices as the primary method of protecting critical areas and not require the cessation of agricultural activities. [2011 c 360 § 1.]

36.70A.705 Voluntary stewardship program established—Administered by commission—Agency participation. (1) The voluntary stewardship program is established to be administered by the commission. The program

shall be designed to protect and enhance critical areas on lands used for agricultural activities through voluntary actions by agricultural operators.

- (2) In administering the program, the commission must:
 - (a) Establish policies and procedures for implementing the program;
 - (b) Administer funding for counties to implement the program including, but not limited to, funding to develop strategies and incentive programs and to establish local guidelines for watershed stewardship programs;

- (5) State agencies conducting new monitoring to implement the program in a watershed must focus on the goals and benchmarks of the work plan. [2011 c 360 § 3.]

36.70A.710 Critical areas protection—Alternative to RCW 36.70A.060—County's responsibilities—Procedures. (1)(a) As an alternative to protecting critical areas in areas used for agricultural activities through development regulations adopted under RCW 36.70A.060, the legislative authority of a county may elect to protect such critical areas through the program.

(b) In order to participate in the program, within six months after July 22, 2011, the legislative authority of a county must adopt an ordinance or resolution that:

- (i) Elects to have the county participate in the program;
- (ii) Identifies the watersheds that will participate in the program; and
- (iii) Based on the criteria in subsection (4) of this section, nominates watersheds for consideration by the commission as state priority watersheds.

(2) Before adopting the ordinance or resolution under subsection (1) of this section, the county must (a) confer with tribes, and environmental and agricultural interests; and (b) provide notice following the public participation and notice provisions of RCW 36.70A.035 to property owners and other affected and interested individuals, tribes, government agencies, businesses, school districts, and organizations.

(3) In identifying watersheds to participate in the program, a county must consider:

- (a) The role of farming within the watershed, including the number and acreage of farms, the economic value of crops and livestock, and the risk of the conversion of farmland;
- (b) The overall likelihood of completing a successful program in the watershed; and
- (c) Existing watershed programs, including those of other jurisdictions in which the watershed has territory.

(4) In identifying priority watersheds, a county must consider the following:

- (a) The role of farming within the watershed, including the number and acreage of farms, the economic value of crops and livestock, and the risk of the conversion of farmland;
- (b) The importance of salmonid resources in the watershed;
- (c) An evaluation of the biological diversity of wildlife species and their habitats in the geographic region including their significance and vulnerability;
- (d) The presence of leadership within the watershed that is representative and inclusive of the interests in the watershed;

(e) Integration of regional watershed strategies, including the availability of a data and scientific review structure related to all types of critical areas;

(f) The presence of a local watershed group that is willing and capable of overseeing a successful program, and that has the operational structures to administer the program effectively, including professional technical assistance staff, and monitoring and adaptive management structures; and

(g) The overall likelihood of completing a successful program in the watershed.

(5) Except as otherwise provided in subsection (9) of this section, beginning with the effective date of the ordinance or resolution adopted under subsection (1) of this section, the

program applies to all unincorporated property upon which agricultural activities occur within a participating watershed.

(6)(a) Except as otherwise provided in (b) of this subsection, within two years after July 22, 2011, a county must review and, if necessary, revise development regulations adopted under this chapter to protect critical areas as they specifically apply to agricultural activities:

- (i) If the county has not elected to participate in the program, for all unincorporated areas; or
- (ii) If the county has elected to participate in the program, for any watershed not participating in the program.

(b) A county that between July 1, 2003, and June 30, 2007, in accordance with RCW 36.70A.130 completed the review of its development regulations as required by RCW 36.70A.130 to protect critical areas as they specifically apply to agricultural activities is not required to review and revise its development regulations until required by RCW 36.70A.130.

(c) After the review and amendment required under (a) of this subsection, RCW 36.70A.130 applies to the subsequent review and amendment of development regulations adopted under this chapter to protect critical areas as they specifically apply to agricultural activities.

(7)(a) A county that has made the election under subsection (1) of this section may withdraw a participating watershed from the program by adopting an ordinance or resolution withdrawing the watershed from the program. A county may withdraw a watershed from the program at the end of three years, five years, or eight years after receipt of funding, or any time after ten years from receipt of funding.

(b) Within eighteen months after withdrawing a participating watershed from the program, the county must review and, if necessary, revise its development regulations that protect critical areas in that watershed as they specifically apply to agricultural activities. The development regulations must protect the critical area functions and values as they existed on July 22, 2011. RCW 36.70A.130 applies to the subsequent review and amendment of development regulations adopted under this chapter to protect critical areas as they specifically apply to agricultural activities.

(8) A county that has made the election under subsection (1) of this section is eligible for a share of the funding made available to implement the program, subject to funding availability from the state.

(9) A county that has made the election under subsection (1) of this section is not required to implement the program in a participating watershed until adequate funding for the program in that watershed is provided to the county. [2011 c 360 § 4.]

36.70A.715 Funding by commission—County's duties—Watershed group established. (1) When the commission makes funds available to a county that has made the election provided in RCW 36.70A.710(1), the county must within sixty days:

- (a) Acknowledge the receipt of funds; and
- (b) Designate a watershed group and an entity to administer funds for each watershed for which funding has been provided.

(2) A county must confer with tribes and interested stakeholders before designating or establishing a watershed group.

(3) The watershed group must include broad representation of key watershed stakeholders and, at a minimum, representatives of agricultural and environmental groups and tribes that agree to participate. The county should encourage existing lead entities, watershed planning units, or other integrating organizations to serve as the watershed group.

(4) The county may designate itself, a tribe, or another entity to coordinate the local watershed group. [2011 c 360 § 5.]

36.70A.720 Watershed group's duties—Work plan—Conditional priority funding. (1) A watershed group designated by a county under RCW 36.70A.715 must develop a work plan to protect critical areas while maintaining the viability of agriculture in the watershed. The work plan must include goals and benchmarks for the protection and enhancement of critical areas. In developing and implementing the work plan, the watershed group must:

(a) Review and incorporate applicable water quality, watershed management, farmland protection, and species recovery data and plans;

(b) Seek input from tribes, agencies, and stakeholders;

(c) Develop goals for participation by agricultural operators conducting commercial and noncommercial agricultural activities in the watershed necessary to meet the protection and enhancement benchmarks of the work plan;

(d) Ensure outreach and technical assistance is provided to agricultural operators in the watershed;

(e) Create measurable benchmarks that, within ten years after the receipt of funding, are designed to result in (i) the protection of critical area functions and values and (ii) the enhancement of critical area functions and values through voluntary, incentive-based measures;

(f) Designate the entity or entities that will provide technical assistance;

(g) Work with the entity providing technical assistance to ensure that individual stewardship plans contribute to the goals and benchmarks of the work plan;

(h) Incorporate into the work plan any existing development regulations relied upon to achieve the goals and benchmarks for protection;

(i) Establish baseline monitoring for: (i) Participation activities and implementation of the voluntary stewardship plans and projects; (ii) stewardship activities; and (iii) the effects on critical areas and agriculture relevant to the protection and enhancement benchmarks developed for the watershed;

(j) Conduct periodic evaluations, institute adaptive management, and provide a written report of the status of plans and accomplishments to the county and to the commission within sixty days after the end of each biennium;

(k) Assist state agencies in their monitoring programs; and

(l) Satisfy any other reporting requirements of the program.

(2)(a) The watershed group shall develop and submit the work plan to the director for approval as provided in RCW 36.70A.725.

(b)(i) Not later than five years after the receipt of funding for a participating watershed, the watershed group must report to the director and the county on whether it has met the work plan's protection and enhancement goals and benchmarks.

(ii) If the watershed group determines the protection goals and benchmarks have been met, and the director concurs under RCW 36.70A.730, the watershed group shall continue to implement the work plan.

(iii) If the watershed group determines the protection goals and benchmarks have not been met, it must propose and submit to the director an adaptive management plan to achieve the goals and benchmarks that were not met. If the director does not approve the adaptive management plan under RCW 36.70A.730, the watershed is subject to RCW 36.70A.735.

(iv) If the watershed group determines the enhancement goals and benchmarks have not been met, the watershed group must determine what additional voluntary actions are needed to meet the benchmarks, identify the funding necessary to implement these actions, and implement these actions when funding is provided.

(c)(i) Not later than ten years after receipt of funding for a participating watershed, and every five years thereafter, the watershed group must report to the director and the county on whether it has met the protection and enhancement goals and benchmarks of the work plan.

(ii) If the watershed group determines the protection goals and benchmarks have been met, and the director concurs under RCW 36.70A.730, the watershed group shall continue to implement the work plan.

(iii) If the watershed group determines the protection goals and benchmarks have not been met, the watershed is subject to RCW 36.70A.735.

(iv) If the watershed group determines the enhancement goals and benchmarks have not been met, the watershed group must determine what additional voluntary actions are needed to meet the benchmarks, identify the funding necessary to implement these actions, and implement these actions when funding is provided.

(3) Following approval of a work plan, a county or watershed group may request a state or federal agency to focus existing enforcement authority in that participating watershed, if the action will facilitate progress toward achieving work plan protection goals and benchmarks.

(4) The commission may provide priority funding to any watershed designated under the provisions of RCW 36.70A.705(2)(g). The director, in consultation with the statewide advisory committee, shall work with the watershed group to develop an accelerated implementation schedule for watersheds that receive priority funding.

(5) Commercial and noncommercial agricultural operators participating in the program are eligible to receive funding and assistance under watershed programs. [2011 c 360 § 6.]

36.70A.725 Technical review of work plan—Time frame for action by director. (1) Upon receipt of a work plan submitted to the director under RCW 36.70A.720(2)(a), the director must submit the work plan to the technical panel for review.

(2) The technical panel shall review the work plan and report to the director within forty-five days after the director receives the work plan. The technical panel shall assess whether at the end of ten years after receipt of funding, the work plan, in conjunction with other existing plans and regulations, will protect critical areas while maintaining and enhancing the viability of agriculture in the watershed.

(3)(a) If the technical panel determines the proposed work plan will protect critical areas while maintaining and enhancing the viability of agriculture in the watershed:

- (i) It must recommend approval of the work plan; and
- (ii) The director must approve the work plan.

(b) If the technical panel determines the proposed work plan will not protect critical areas while maintaining and enhancing the viability of agriculture in the watershed:

- (i) It must identify the reasons for its determination; and
- (ii) The director must advise the watershed group of the reasons for disapproval.

(4) The watershed group may modify and resubmit its work plan for review and approval consistent with this section.

(5) If the director does not approve a work plan submitted under this section within two years and nine months after receipt of funding, the director shall submit the work plan to the statewide advisory committee for resolution. If the statewide advisory committee recommends approval, the director must approve the work plan.

(6) If the director does not approve a work plan for a watershed within three years after receipt of funding, the provisions of RCW 36.70A.735(2) apply to the watershed. [2011 c 360 § 7.]

36.70A.730 Report by watershed group—Director consults with statewide advisory committee. (1) Upon receipt of a report by a watershed group under RCW 36.70A.720(2)(b) that the work plan goals and benchmarks have been met, the director must consult with the statewide advisory committee. If the director concurs with the watershed group report, the watershed group shall continue to implement the work plan. If the director does not concur with the watershed group report, the director shall consult with the statewide advisory committee following the procedures in subsection (2) of this section.

(2) If either the director, following receipt of a report under subsection (1) of this section, or the watershed group, in the report submitted to the director under RCW 36.70A.720(2)(b), concludes that the work plan goals and benchmarks for protection have not been met, the director must consult with the statewide advisory committee for a recommendation on how to proceed. If the director, acting upon recommendation from the statewide advisory committee, determines that the watershed is likely to meet the goals and benchmarks with an additional six months of planning and implementation time, the director must grant an extension. If the director, acting upon a recommendation from the statewide advisory committee, determines that the watershed is unlikely to meet the goals and benchmarks within six months, the watershed is subject to RCW 36.70A.735.

(3) A watershed that fails to meet its goals and benchmarks for protection within the six-month time extension under subsection (2) of this section is subject to RCW 36.70A.735. [2011 c 360 § 8.]

36.70A.735 When work plan is not approved, fails, or is unfunded—County's duties—Rules. (1) Within eighteen months after one of the events in subsection (2) of this section, a county must:

(a) Develop, adopt, and implement a watershed work plan approved by the department that protects critical areas in areas used for agricultural activities while maintaining the viability of agriculture in the watershed. The department shall consult with the departments of agriculture, ecology, and fish and wildlife and the commission, and other relevant state agencies before approving or disapproving the proposed work plan. The appeal of the department's decision under this subsection is subject to appeal under RCW 36.70A.280;

(b) Adopt development regulations previously adopted under this chapter by another local government for the purpose of protecting critical areas in areas used for agricultural activities. Regulations adopted under this subsection (1)(b) must be from a region with similar agricultural activities, geography, and geology and must: (i) Be from Clallam, Clark, King, or Whatcom counties; or (ii) have been upheld by a growth management hearings board or court after July 1, 2011, where the board or court determined that the provisions adequately protected critical areas functions and values in areas used for agricultural activities;

(c) Adopt development regulations certified by the department as protective of critical areas in areas used for agricultural activities as required by this chapter. The county may submit existing or amended regulations for certification. The department must make its decision on whether to certify the development regulations within ninety days after the county submits its request. If the department denies the certification, the county shall take an action under (a), (b), or (d) of this subsection. The department must consult with the departments of agriculture, ecology, and fish and wildlife and the commission before making a certification under this section. The appeal of the department's decision under this subsection (1)(c) is subject to appeal under RCW 36.70A.280; or

(d) Review and, if necessary, revise development regulations adopted under this chapter to protect critical areas as they relate to agricultural activities.

(2) A participating watershed is subject to this section if:

(a) The work plan is not approved by the director as provided in RCW 36.70A.725;

(b) The work plan's goals and benchmarks for protection have not been met as provided in RCW 36.70A.720;

(c) The commission has determined under RCW 36.70A.740 that the county, department, commission, or departments of agriculture, ecology, or fish and wildlife have not received adequate funding to implement a program in the watershed; or

(d) The commission has determined under RCW 36.70A.740 that the watershed has not received adequate funding to implement the program.

(3) The department shall adopt rules to implement subsection (1)(a) and (c) of this section. [2011 c 360 § 9.]

36.70A.740 Commission's duties—Timelines. (1) By July 31, 2015, the commission must:

(a) In consultation with each county that has elected under RCW 36.70A.710 to participate in the program, determine which participating watersheds received adequate funding to establish and implement the program in a participating watershed by July 1, 2015; and

(b) In consultation with other state agencies, for each participating watershed determine whether state agencies required to take action under the provisions of RCW 36.70A.700 through 36.70A.760 have received adequate funding to support the program by July 1, 2015.

(2) By July 31, 2017, and every two years thereafter, in consultation with each county that has elected under RCW 36.70A.710 to participate in the program and other state agencies, the commission shall determine for each participating watershed whether adequate funding to implement the program was provided during the preceding biennium as provided in subsection (1) of this section.

(3) If the commission determines under subsection (1) or (2) of this section that a participating watershed has not received adequate funding, the watershed is subject to the provisions of RCW 36.70A.735.

(4) In consultation with the statewide advisory committee and other state agencies, not later than August 31, 2015, and each August 31st every two years thereafter, the commission shall report to the legislature and each county that has elected under RCW 36.70A.710 to participate in the program on the participating watersheds that have received adequate funding to establish and implement the program. [2011 c 360 § 10.]

36.70A.745 Statewide advisory committee—Membership. (1)(a) From the nominations made under (b) of this subsection, the commission shall appoint a statewide advisory committee, consisting of: Two persons representing county government, two persons representing agricultural organizations, and two persons representing environmental organizations. The commission, in conjunction with the governor's office, shall also invite participation by two representatives of tribal governments.

(b) Organizations representing county, agricultural, and environmental organizations shall submit nominations of their representatives to the commission within ninety days of July 22, 2011. Members of the statewide advisory committee shall serve two-year terms except that for the first year, one representative from each of the sectors shall be appointed to the statewide advisory committee for a term of one year. Members may be reappointed by the commission for additional two-year terms and replacement members shall be appointed in accordance with the process for selection of the initial members of the statewide advisory committee.

36.70A.750 Agricultural operators—Individual stewardship plan. (1) Agricultural operators implementing an individual stewardship plan consistent with a work plan are presumed to be working toward the protection and enhancement of critical areas.

(2) If the watershed group determines that additional or different practices are needed to achieve the work plan's goals and benchmarks, the agricultural operator may not be required to implement those practices but may choose to implement the revised practices on a voluntary basis and is eligible for funding to revise the practices. [2011 c 360 § 12.]

36.70A.755 Implementing the work plan. In developing stewardship practices to implement the work plan, to the maximum extent practical the watershed group should:

(1) Avoid management practices that may have unintended adverse consequences for other habitats, species, and critical areas functions and values; and

(2) Administer the program in a manner that allows participants to be eligible for public or private environmental protection and enhancement incentives while protecting and enhancing critical area functions and values. [2011 c 360 § 13.]

36.70A.760 Agricultural operators—Withdrawal from program. An agricultural operator participating in the program may withdraw from the program and is not required to continue voluntary measures after the expiration of an applicable contract. The watershed group must account for any loss of protection resulting from withdrawals when establishing goals and benchmarks for protection and a work plan under RCW 36.70A.720. [2011 c 360 § 14.]

36.70A.800 Role of growth strategies commission. The growth strategies commission created by executive order shall:

(1) Analyze different methods for assuring that county and city comprehensive plans adopted under chapter 36.70A RCW are consistent with the planning goals under RCW 36.70A.020 and with other requirements of chapter 36.70A RCW;

36.70B.010 Findings and declaration. The legislature finds and declares the following:

(1) As the number of environmental laws and development regulations has increased for land uses and development, so has the number of required local land use permits, each with its own separate approval process.

(2) The increasing number of local and state land use permits and separate environmental review processes required by agencies has generated continuing potential for conflict, overlap, and duplication between the various permit and review processes.

(3) This regulatory burden has significantly added to the cost and time needed to obtain local and state land use permits and has made it difficult for the public to know how and when to provide timely comments on land use proposals that require multiple permits and have separate environmental review processes. [1995 c 347 § 401.]

36.70B.020 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Closed record appeal" means an administrative appeal on the record to a local government body or officer, including the legislative body, following an open record hearing on a project permit application when the appeal is on the record with no or limited new evidence or information allowed to be submitted and only appeal argument allowed.

(2) "Local government" means a county, city, or town.

(3) "Open record hearing" means a hearing, conducted by a single hearing body or officer authorized by the local government to conduct such hearings, that creates the local government's record through testimony and submission of evidence and information, under procedures prescribed by the local government by ordinance or resolution. An open record hearing may be held prior to a local government's decision on a project permit to be known as an "open record predecision hearing." An open record hearing may be held on an appeal, to be known as an "open record appeal hearing," if no open record predecision hearing has been held on the project permit.

(4) "Project permit" or "project permit application" means any land use or environmental permit or license required from a local government for a project action, including but not limited to building permits, subdivisions, binding site plans, planned unit developments, conditional uses, shoreline substantial development permits, site plan review, permits or approvals required by critical area ordinances, site-specific rezones authorized by a comprehensive plan or subarea plan, but excluding the adoption or amendment of a

comprehensive plan, subarea plan, or development regulations except as otherwise specifically included in this subsection.

(5) "Public meeting" means an informal meeting, hearing, workshop, or other public gathering of people to obtain comments from the public or other agencies on a proposed project permit prior to the local government's decision. A public meeting may include, but is not limited to, a design review or architectural control board meeting, a special review district or community council meeting, or a scoping meeting on a draft environmental impact statement. A public meeting does not include an open record hearing. The proceedings at a public meeting may be recorded and a report or recommendation may be included in the local government's project permit application file. [1995 c 347 § 402.]

36.70B.030 Project review—Required elements—Limitations. (1) Fundamental land use planning choices made in adopted comprehensive plans and development regulations shall serve as the foundation for project review. The review of a proposed project's consistency with applicable development regulations, or in the absence of applicable regulations the adopted comprehensive plan, under RCW 36.70B.040 shall incorporate the determinations under this section.

(2) During project review, a local government or any subsequent reviewing body shall determine whether the items listed in this subsection are defined in the development regulations applicable to the proposed project or, in the absence of applicable regulations the adopted comprehensive plan. At a minimum, such applicable regulations or plans shall be determinative of the:

(a) Type of land use permitted at the site, including uses that may be allowed under certain circumstances, such as planned unit developments and conditional and special uses, if the criteria for their approval have been satisfied;

(b) Density of residential development in urban growth areas; and

(c) Availability and adequacy of public facilities identified in the comprehensive plan, if the plan or development regulations provide for funding of these facilities as required by chapter 36.70A RCW.

(3) During project review, the local government or any subsequent reviewing body shall not reexamine alternatives to or hear appeals on the items identified in subsection (2) of this section, except for issues of code interpretation. As part of its project review process, a local government shall provide a procedure for obtaining a code interpretation as provided in RCW 36.70B.110.

(4) Pursuant to RCW 43.21C.240, a local government may determine that the requirements for environmental analysis and mitigation measures in development regulations and other applicable laws provide adequate mitigation for some or all of the project's specific adverse environmental impacts to which the requirements apply.

(5) Nothing in this section limits the authority of a permitting agency to approve, condition, or deny a project as provided in its development regulations adopted under chapter 36.70A RCW and in its policies adopted under RCW 43.21C.060. Project review shall be used to identify specific project design and conditions relating to the character of

development, such as the details of site plans, curb cuts, drainage swales, transportation demand management, the payment of impact fees, or other measures to mitigate a proposal's probable adverse environmental impacts, if applicable.

(6) Subsections (1) through (4) of this section apply only to local governments planning under RCW 36.70A.040. [1995 c 347 § 404.]

Intent—Findings—1995 c 347 §§ 404 and 405: "In enacting RCW 36.70B.030 and 36.70B.040, the legislature intends to establish a mechanism for implementing the provisions of chapter 36.70A RCW regarding compliance, conformity, and consistency of proposed projects with adopted comprehensive plans and development regulations. In order to achieve this purpose the legislature finds that:

(1) Given the extensive investment that public agencies and a broad spectrum of the public are making and will continue to make in comprehensive plans and development regulations for their communities, it is essential that project review start from the fundamental land use planning choices made in these plans and regulations. If the applicable regulations or plans identify the type of land use, specify residential density in urban growth areas, and identify and provide for funding of public facilities needed to serve the proposed development and site, these decisions at a minimum provide the foundation for further project review unless there is a question of code interpretation. The project review process, including the environmental review process under chapter 43.21C RCW and the consideration of consistency, should start from this point and should not reanalyze these land use planning decisions in making a permit decision.

(2) Comprehensive plans and development regulations adopted by local governments under chapter 36.70A RCW and environmental laws and rules adopted by the state and federal government have addressed a wide range of environmental subjects and impacts. These provisions typically require environmental studies and contain specific standards to address various impacts associated with a proposed development, such as building size and location, drainage, transportation requirements, and protection of critical areas. When a permitting agency applies these existing requirements to a proposed project, some or all of a project's potential environmental impacts will be avoided or otherwise mitigated. Through the integrated project review process described in subsection (1) of this section, the local government will determine whether existing requirements, including the applicable regulations or plans, adequately analyze and address a project's environmental impacts. RCW 43.21C.240 provides that project review should not require additional studies or mitigation under chapter 43.21C RCW where existing regulations have adequately addressed a proposed project's probable specific adverse environmental impacts.

(3) Given the hundreds of jurisdictions and agencies in the state and the numerous communities and applicants affected by development regulations and comprehensive plans adopted under chapter 36.70A RCW, it is essential to establish a uniform framework for considering the consistency of a proposed project with the applicable regulations or plan. Consistency should be determined in the project review process by considering four factors found in applicable regulations or plans: the type of land use allowed; the level of development allowed, such as units per acre or other measures of density; infrastructure, such as the adequacy of public facilities and services to serve the proposed project; and the character of the proposed development, such as compliance with specific development standards. This uniform approach corresponds to existing project review practices and will not place a burden on applicants or local government. The legislature intends that this approach should be largely a matter of checking compliance with existing requirements for most projects, which are simple or routine, while more complex projects may require more analysis. RCW 43.21C.240 and 36.70B.030 establish this uniform framework and also direct state agencies to consult with local government and the public to develop a better format than the current environmental checklist to meet this objective.

(4) When an applicant applies for a project permit, consistency between the proposed project and applicable regulations or plan should be determined through a project review process that integrates land use and environmental impact analysis, so that governmental and public review of the proposed project as required by this chapter, by development regulations under chapter 36.70A RCW, and by the environmental process under chapter 43.21C RCW run concurrently and not separately.

(5) RCW 36.70B.030 and 36.70B.040 address three related needs with respect to how the project review process should address consistency between a proposed project and the applicable regulations or plan:

(a) A uniform framework for the meaning of consistency;

(b) An emphasis on relying on existing requirements and adopted standards, with the use of supplemental authority as specified by chapter 43.21C RCW to the extent that existing requirements do not adequately address a project's specific probable adverse environmental impacts; and

(c) The identification of three basic land use planning choices made in applicable regulations or plans that, at a minimum, serve as a foundation for project review and that should not be reanalyzed during project permitting." [1995 c 347 § 403.]

36.70B.040 Determination of consistency. (1) A proposed project's consistency with a local government's development regulations adopted under chapter 36.70A RCW, or, in the absence of applicable development regulations, the appropriate elements of the comprehensive plan adopted under chapter 36.70A RCW shall be decided by the local government during project review by consideration of:

(a) The type of land use;

(b) The level of development, such as units per acre or other measures of density;

(c) Infrastructure, including public facilities and services needed to serve the development; and

(d) The characteristics of the development, such as development standards.

(2) In deciding whether a project is consistent, the determinations made pursuant to RCW 36.70B.030(2) shall be controlling.

(3) For purposes of this section, the term "consistency" shall include all terms used in this chapter and chapter 36.70A RCW to refer to performance in accordance with this chapter and chapter 36.70A RCW, including but not limited to compliance, conformity, and consistency.

(4) Nothing in this section requires documentation, dictates an agency's procedures for considering consistency, or limits a city or county from asking more specific or related questions with respect to any of the four main categories listed in subsection (1)(a) through (d) of this section.

(5) The *department of community, trade, and economic development is authorized to develop and adopt by rule criteria to assist local governments planning under RCW 36.70A.040 to analyze the consistency of project actions. These criteria shall be jointly developed with the department of ecology. [1997 c 429 § 46; 1995 c 347 § 405.]

*Reviser's note: The "department of community, trade, and economic development" was renamed the "department of commerce" by 2009 c 565.

36.70B.050 Local government review of project permit applications required—Objectives. Not later than March 31, 1996, each local government shall provide by ordinance or resolution for review of project permit applications to achieve the following objectives:

(1) Combine the environmental review process, both procedural and substantive, with the procedure for review of project permits; and

(2) Except for the appeal of a determination of significance as provided in RCW 43.21C.075, provide for no more than one open record hearing and one closed record appeal. [1995 c 347 § 406.]

36.70B.060 Local governments planning under the growth management act to establish integrated and consolidated project permit process—Required elements. Not later than March 31, 1996, each local government planning under RCW 36.70A.040 shall establish by ordinance or resolution an integrated and consolidated project permit process that may be included in its development regulations. In addition to the elements required by RCW 36.70B.050, the process shall include the following elements:

(1) A determination of completeness to the applicant as required by RCW 36.70B.070;

(2) A notice of application to the public and agencies with jurisdiction as required by RCW 36.70B.110;

(3) Except as provided in RCW 36.70B.140, an optional consolidated project permit review process as provided in RCW 36.70B.120. The review process shall provide for no more than one consolidated open record hearing and one closed record appeal. If an open record predecision hearing is provided prior to the decision on a project permit, the process shall not allow a subsequent open record appeal hearing;

(4) Provision allowing for any public meeting or required open record hearing to be combined with any public meeting or open record hearing that may be held on the project by another local, state, regional, federal, or other agency, in accordance with provisions of RCW *36.70B.090 and 36.70B.110;

(5) A single report stating all the decisions made as of the date of the report on all project permits included in the consolidated permit process that do not require an open record predecision hearing and any recommendations on project permits that do not require an open record predecision hearing. The report shall state any mitigation required or proposed under the development regulations or the agency's authority under RCW 43.21C.060. The report may be the local permit. If a threshold determination other than a determination of significance has not been issued previously by the local government, the report shall include or append this determination;

(6) Except for the appeal of a determination of significance as provided in RCW 43.21C.075, if a local government elects to provide an appeal of its threshold determinations or project permit decisions, the local government shall provide for no more than one consolidated open record hearing on such appeal. The local government need not provide for any further appeal and may provide an appeal for some but not all project permit decisions. If an appeal is provided after the open record hearing, it shall be a closed record appeal before a single decision-making body or officer;

(7) A notice of decision as required by RCW 36.70B.130 and issued within the time period provided in RCW 36.70B.080 and *36.70B.090;

(8) Completion of project review by the local government, including environmental review and public review and any appeals to the local government, within any applicable time periods under *RCW 36.70B.090; and

(9) Any other provisions not inconsistent with the requirements of this chapter or chapter 43.21C RCW. [1995 c 347 § 407.]

*Reviser's note: RCW 36.70B.090 expired June 30, 2000, pursuant to 1998 c 286 § 8.

36.70B.070 Project permit applications—Determination of completeness—Notice to applicant. (1) Within twenty-eight days after receiving a project permit application, a local government planning pursuant to RCW 36.70A.040 shall mail or provide in person a written determination to the applicant, stating either:

(a) That the application is complete; or

(b) That the application is incomplete and what is necessary to make the application complete.

To the extent known by the local government, the local government shall identify other agencies of local, state, or federal governments that may have jurisdiction over some aspect of the application.

(2) A project permit application is complete for purposes of this section when it meets the procedural submission requirements of the local government and is sufficient for continued processing even though additional information may be required or project modifications may be undertaken subsequently. The determination of completeness shall not preclude the local government from requesting additional information or studies either at the time of the notice of completeness or subsequently if new information is required or substantial changes in the proposed action occur.

(3) The determination of completeness may include the following as optional information:

(a) A preliminary determination of those development regulations that will be used for project mitigation;

(b) A preliminary determination of consistency, as provided under RCW 36.70B.040; or

(c) Other information the local government chooses to include.

(4)(a) An application shall be deemed complete under this section if the local government does not provide a written determination to the applicant that the application is incomplete as provided in subsection (1)(b) of this section.

(b) Within fourteen days after an applicant has submitted to a local government additional information identified by the local government as being necessary for a complete application, the local government shall notify the applicant whether the application is complete or what additional information is necessary. [1995 c 347 § 408; 1994 c 257 § 4. Formerly RCW 36.70A.440.]

36.70B.080 Development regulations—Requirements—Report on implementation costs. (1) Development regulations adopted pursuant to RCW 36.70A.040 must establish and implement time periods for local government actions for each type of project permit application and provide timely and predictable procedures to determine whether a completed project permit application meets the requirements of those development regulations. The time periods for local government actions for each type of complete project permit application or project type should not exceed one hundred twenty days, unless the local government makes written findings that a specified amount of additional time is needed to process specific complete project permit applications or project types.

The development regulations must, for each type of permit application, specify the contents of a completed project

permit application necessary for the complete compliance with the time periods and procedures.

(2)(a) Counties subject to the requirements of RCW 36.70A.215 and the cities within those counties that have populations of at least twenty thousand must, for each type of permit application, identify the total number of project permit applications for which decisions are issued according to the provisions of this chapter. For each type of project permit application identified, these counties and cities must establish and implement a deadline for issuing a notice of final decision as required by subsection (1) of this section and minimum requirements for applications to be deemed complete under RCW 36.70B.070 as required by subsection (1) of this section.

(b) Counties and cities subject to the requirements of this subsection also must prepare annual performance reports that include, at a minimum, the following information for each type of project permit application identified in accordance with the requirements of (a) of this subsection:

(i) Total number of complete applications received during the year;

(ii) Number of complete applications received during the year for which a notice of final decision was issued before the deadline established under this subsection;

(iii) Number of applications received during the year for which a notice of final decision was issued after the deadline established under this subsection;

(iv) Number of applications received during the year for which an extension of time was mutually agreed upon by the applicant and the county or city;

(v) Variance of actual performance, excluding applications for which mutually agreed time extensions have occurred, to the deadline established under this subsection during the year; and

(vi) The mean processing time and the number standard deviation from the mean.

(c) Counties and cities subject to the requirements of this subsection must:

(i) Provide notice of and access to the annual performance reports through the county's or city's web site; and

(ii) Post electronic facsimiles of the annual performance reports through the county's or city's web site. Postings on a county's or city's web site indicating that the reports are available by contacting the appropriate county or city department or official do not comply with the requirements of this subsection.

If a county or city subject to the requirements of this subsection does not maintain a web site, notice of the reports must be given by reasonable methods, including but not limited to those methods specified in RCW 36.70B.110(4).

(3) Nothing in this section prohibits a county or city from extending a deadline for issuing a decision for a specific project permit application for any reasonable period of time mutually agreed upon by the applicant and the local government.

(4) The *department of community, trade, and economic development shall work with the counties and cities to review the potential implementation costs of the requirements of subsection (2) of this section. The department, in cooperation with the local governments, shall prepare a report summarizing the projected costs, together with recommendations for

(2016 Ed.)

state funding assistance for implementation costs, and provide the report to the governor and appropriate committees of the senate and house of representatives by January 1, 2005. [2004 c 191 § 2; 2001 c 322 § 1; 1995 c 347 § 410; (1995 c 347 § 409 expired July 1, 2000); 1994 c 257 § 3. Formerly RCW 36.70A.065.]

*Reviser's note: The "department of community, trade, and economic development" was renamed the "department of commerce" by 2009 c 565.

Findings—Intent—2004 c 191: "The legislature finds that the timely issuance of project permit decisions by local governments serves the public interest. When these decisions, that are often responses to land use and building permit applications, are issued according to specific and locally established time periods and without unnecessary or inappropriate delays, the public enjoys greater efficiency, consistency, and predictability in the permitting process.

The legislature also finds that full access to relevant performance data produced annually by local governments for each type of permit application affords elected officials, project proponents, and the general public the opportunity to review and compare the permit application and processing performance of jurisdictions. Furthermore, the legislature finds that the review and comparison of this data, and the requirement to provide convenient and direct internet access to germane and consistent reports, will likely foster improved methods for processing applications, and issuing project permit decisions in a timely manner.

The legislature, therefore, intends to continue and clarify the requirements for certain jurisdictions to produce and provide access to annual permitting performance reports." [2004 c 191 § 1.]

36.70B.100 Designation of person or entity to receive determinations and notices. A local government may require the applicant for a project permit to designate a single person or entity to receive determinations and notices required by this chapter. [1995 c 347 § 414.]

36.70B.110 Notice of application—Required elements—Integration with other review procedures—Administrative appeals (as amended by 1997 c 396). (1) Not later than April 1, 1996, a local government planning under RCW 36.70A.040 shall provide a notice of application to the public and the departments and agencies with jurisdiction as provided in this section. If a local government has made a threshold determination ((~~of significance~~)) under chapter 43.21C RCW concurrently with the notice of application, the notice of application ((~~shall~~)) may be combined with the threshold determination ((~~of significance~~)) and the scoping notice for a determination of significance. Nothing in this section prevents a determination of significance and scoping notice from being issued prior to the notice of application.

(2) The notice of application shall be provided within fourteen days after the determination of completeness as provided in RCW 36.70B.070 and include the following in whatever sequence or format the local government deems appropriate:

(a) The date of application, the date of the notice of completion for the application, and the date of the notice of application;

(b) A description of the proposed project action and a list of the project permits included in the application and, if applicable, a list of any studies requested under RCW 36.70B.070 or *36.70B.090;

(c) The identification of other permits not included in the application to the extent known by the local government;

(d) The identification of existing environmental documents that evaluate the proposed project, and, if not otherwise stated on the document providing the notice of application, such as a city land use bulletin, the location where the application and any studies can be reviewed;

(e) A statement of the public comment period, which shall be not less than fourteen nor more than thirty days following the date of notice of application, and statements of the right of any person to comment on the application, receive notice of and participate in any hearings, request a copy of the decision once made, and any appeal rights. A local government may accept public comments at any time prior to the closing of the record of an open

record predecision hearing, if any, or, if no open record predecision hearing is provided, prior to the decision on the project permit;

(f) The date, time, place, and type of hearing, if applicable and scheduled at the date of notice of the application;

(g) A statement of the preliminary determination, if one has been made at the time of notice, of those development regulations that will be used for project mitigation and of consistency as provided in RCW 36.70B.040; and

(h) Any other information determined appropriate by the local government.

(3) If an open record predecision hearing is required for the requested project permits, the notice of application shall be provided at least fifteen days prior to the open record hearing.

(4) A local government shall use reasonable methods to give the notice of application to the public and agencies with jurisdiction and may use its existing notice procedures. A local government may use different types of notice for different categories of project permits or types of project actions. If a local government by resolution or ordinance does not specify its method of public notice, the local government shall use the methods provided for in (a) and (b) of this subsection. Examples of reasonable methods to inform the public are:

(a) Posting the property for site-specific proposals;

(b) Publishing notice, including at least the project location, description, type of permit(s) required, comment period dates, and location where the complete application may be reviewed, in the newspaper of general circulation in the general area where the proposal is located or in a local land use newsletter published by the local government;

(c) Notifying public or private groups with known interest in a certain proposal or in the type of proposal being considered;

(d) Notifying the news media;

(e) Placing notices in appropriate regional or neighborhood newspapers or trade journals;

(f) Publishing notice in agency newsletters or sending notice to agency mailing lists, either general lists or lists for specific proposals or subject areas; and

(g) Mailing to neighboring property owners.

(5) A notice of application shall not be required for project permits that are categorically exempt under chapter 43.21C RCW, unless a public comment period or an open record predecision hearing is required.

(6) A local government shall integrate the permit procedures in this section with environmental review under chapter 43.21C RCW as follows:

(a) Except for a threshold determination (~~(of significance)~~), the local government may not issue (~~its threshold determination, or issue~~) a decision or a recommendation on a project permit until the expiration of the public comment period on the notice of application.

(b) If an open record predecision hearing is required and the local government's threshold determination requires public notice under chapter 43.21C RCW, the local government shall issue its threshold determination at least fifteen days prior to the open record predecision hearing.

(c) Comments shall be as specific as possible.

(7) A local government may combine any hearing on a project permit with any hearing that may be held by another local, state, regional, federal, or other agency provided that the hearing is held within the geographic boundary of the local government. Hearings shall be combined if requested by an applicant, as long as the joint hearing can be held within the time periods specified in *RCW 36.70B.090 or the applicant agrees to the schedule in the event that additional time is needed in order to combine the hearings. All agencies of the state of Washington, including municipal corporations and counties participating in a combined hearing, are hereby authorized to issue joint hearing notices and develop a joint format, select a mutually acceptable hearing body or officer, and take such other actions as may be necessary to hold joint hearings consistent with each of their respective statutory obligations.

(8) All state and local agencies shall cooperate to the fullest extent possible with the local government in holding a joint hearing if requested to do so, as long as:

(a) The agency is not expressly prohibited by statute from doing so;

(b) Sufficient notice of the hearing is given to meet each of the agencies' adopted notice requirements as set forth in statute, ordinance, or rule; and

(c) The agency has received the necessary information about the proposed project from the applicant to hold its hearing at the same time as the local government hearing.

(9) A local government is not required to provide for administrative appeals. If provided, an administrative appeal of the project decision, combined with any environmental determinations, shall be filed within fourteen days after the notice of the decision or after other notice that the decision has

been made and is appealable. The local government shall extend the appeal period for an additional seven days, if state or local rules adopted pursuant to chapter 43.21C RCW allow public comment on a determination of nonsignificance issued as part of the appealable project permit decision.

(10) The applicant for a project permit is deemed to be a participant in any comment period, open record hearing, or closed record appeal.

(11) Each local government planning under RCW 36.70A.040 shall adopt procedures for administrative interpretation of its development regulations. [1997 c 396 § 1; 1995 c 347 § 415.]

*Reviser's note: RCW 36.70B.090 expired June 30, 2000, pursuant to 1998 c 286 § 8.

36.70B.110 Notice of application—Required elements—Integration with other review procedures—Administrative appeals (as amended by 1997 c 429).

(1) Not later than April 1, 1996, a local government planning under RCW 36.70A.040 shall provide a notice of application to the public and the departments and agencies with jurisdiction as provided in this section. If a local government has made a determination of significance under chapter 43.21C RCW concurrently with the notice of application, the notice of application shall be combined with the determination of significance and scoping notice. Nothing in this section prevents a determination of significance and scoping notice from being issued prior to the notice of application. Nothing in this section or this chapter prevents a lead agency, when it is a project proponent or is funding a project, from conducting its review under chapter 43.21C RCW or from allowing appeals of procedural determinations prior to submitting a project permit application.

(2) The notice of application shall be provided within fourteen days after the determination of completeness as provided in RCW 36.70B.070 and, except as limited by the provisions of subsection (4)(b) of this section, shall include the following in whatever sequence or format the local government deems appropriate:

(a) The date of application, the date of the notice of completion for the application, and the date of the notice of application;

(b) A description of the proposed project action and a list of the project permits included in the application and, if applicable, a list of any studies requested under RCW 36.70B.070 or *36.70B.090;

(c) The identification of other permits not included in the application to the extent known by the local government;

(d) The identification of existing environmental documents that evaluate the proposed project, and, if not otherwise stated on the document providing the notice of application, such as a city land use bulletin, the location where the application and any studies can be reviewed;

(e) A statement of the public comment period, which shall be not less than fourteen nor more than thirty days following the date of notice of application, and statements of the right of any person to comment on the application, receive notice of and participate in any hearings, request a copy of the decision once made, and any appeal rights. A local government may accept public comments at any time prior to the closing of the record of an open record predecision hearing, if any, or, if no open record predecision hearing is provided, prior to the decision on the project permit;

(f) The date, time, place, and type of hearing, if applicable and scheduled at the date of notice of the application;

(g) A statement of the preliminary determination, if one has been made at the time of notice, of those development regulations that will be used for project mitigation and of consistency as provided in RCW ~~((36.70B.040))~~ 36.70B.030(2); and

(h) Any other information determined appropriate by the local government.

(3) If an open record predecision hearing is required for the requested project permits, the notice of application shall be provided at least fifteen days prior to the open record hearing.

(4) A local government shall use reasonable methods to give the notice of application to the public and agencies with jurisdiction and may use its existing notice procedures. A local government may use different types of notice for different categories of project permits or types of project actions. If a local government by resolution or ordinance does not specify its method of public notice, the local government shall use the methods provided for in (a) and (b) of this subsection. Examples of reasonable methods to inform the public are:

(a) Posting the property for site-specific proposals;

(b) Publishing notice, including at least the project location, description, type of permit(s) required, comment period dates, and location where the notice of application required by subsection (2) of this section and the complete application may be reviewed, in the newspaper of general circula-

tion in the general area where the proposal is located or in a local land use newsletter published by the local government;

(c) Notifying public or private groups with known interest in a certain proposal or in the type of proposal being considered;

(d) Notifying the news media;

(e) Placing notices in appropriate regional or neighborhood newspapers or trade journals;

(f) Publishing notice in agency newsletters or sending notice to agency mailing lists, either general lists or lists for specific proposals or subject areas; and

(g) Mailing to neighboring property owners.

(5) A notice of application shall not be required for project permits that are categorically exempt under chapter 43.21C RCW, unless ~~((a public comment period or))~~ an open record predecision hearing is required or an open record appeal hearing is allowed on the project permit decision.

(6) A local government shall integrate the permit procedures in this section with its environmental review under chapter 43.21C RCW as follows:

(a) Except for a determination of significance and except as otherwise expressly allowed in this section, the local government may not issue its threshold determination ~~((or issue a decision or a recommendation on a project permit))~~ until the expiration of the public comment period on the notice of application.

(b) If an open record predecision hearing is required ~~((and the local government's threshold determination requires public notice under chapter 43.21C RCW)),~~ the local government shall issue its threshold determination at least fifteen days prior to the open record predecision hearing.

(c) Comments shall be as specific as possible.

(d) A local government is not required to provide for administrative appeals of its threshold determination. If provided, an administrative appeal shall be filed within fourteen days after notice that the determination has been made and is appealable. Except as otherwise expressly provided in this section, the appeal hearing on a determination of nonsignificance shall be consolidated with any open record hearing on the project permit.

(7) At the request of the applicant, a local government may combine any hearing on a project permit with any hearing that may be held by another local, state, regional, federal, or other agency ~~((provided that)), if:~~

(a) The hearing is held within the geographic boundary of the local government ~~((Hearings shall be combined if requested by an applicant, as long as)); and~~

(b) The joint hearing can be held within the time periods specified in *RCW 36.70B.090 or the applicant agrees to the schedule in the event that additional time is needed in order to combine the hearings. All agencies of the state of Washington, including municipal corporations and counties participating in a combined hearing, are hereby authorized to issue joint hearing notices and develop a joint format, select a mutually acceptable hearing body or officer, and take such other actions as may be necessary to hold joint hearings consistent with each of their respective statutory obligations.

(8) All state and local agencies shall cooperate to the fullest extent possible with the local government in holding a joint hearing if requested to do so, as long as:

(a) The agency is not expressly prohibited by statute from doing so;

(b) Sufficient notice of the hearing is given to meet each of the agencies' adopted notice requirements as set forth in statute, ordinance, or rule; and

(c) The agency has received the necessary information about the proposed project from the applicant to hold its hearing at the same time as the local government hearing.

(9) A local government is not required to provide for administrative appeals. If provided, an administrative appeal of the project decision ~~((combined with))~~ and of any environmental determination(s) issued at the same time as the project decision, shall be filed within fourteen days after the notice of the decision or after other notice that the decision has been made and is appealable. The local government shall extend the appeal period for an additional seven days, if state or local rules adopted pursuant to chapter 43.21C RCW allow public comment on a determination of nonsignificance issued as part of the appealable project permit decision.

(10) The applicant for a project permit is deemed to be a participant in any comment period, open record hearing, or closed record appeal.

(11) Each local government planning under RCW 36.70A.040 shall adopt procedures for administrative interpretation of its development regulations. [1997 c 429 § 48; 1995 c 347 § 415.]

36.70B.120 Permit review process. (1) Each local government planning under RCW 36.70A.040 shall establish a permit review process that provides for the integrated and consolidated review and decision on two or more project permits relating to a proposed project action, including a single application review and approval process covering all project permits requested by an applicant for all or part of a project action and a designated permit coordinator. If an applicant elects the consolidated permit review process, the determination of completeness, notice of application, and notice of final decision must include all project permits being reviewed through the consolidated permit review process.

(2) Consolidated permit review may provide different procedures for different categories of project permits, but if a project action requires project permits from more than one category, the local government shall provide for consolidated permit review with a single open record hearing and no more than one closed record appeal as provided in RCW 36.70B.060. Each local government shall determine which project permits are subject to an open record hearing and a closed record appeal. Examples of categories of project permits include but are not limited to:

(a) Proposals that are categorically exempt from chapter 43.21C RCW, such as construction permits, that do not require environmental review or public notice;

(b) Permits that require environmental review, but no open record predecision hearing; and

(c) Permits that require a threshold determination and an open record predecision hearing and may provide for a closed record appeal to a hearing body or officer or to the local government legislative body.

(3) A local government may provide by ordinance or resolution for the same or a different decision maker or hearing body or officer for different categories of project permits. In the case of consolidated project permit review, the local government shall specify which decision makers shall make the decision or recommendation, conduct the hearing, or decide the appeal to ensure that consolidated permit review occurs as provided in this section. The consolidated permit review may combine an open record predecision hearing on one or more permits with an open record appeal hearing on other permits. In such cases, the local government by ordinance or resolution shall specify which project permits, if any, shall be subject to a closed record appeal. [1995 c 347 § 416.]

36.70B.130 Notice of decision—Distribution. A local government planning under RCW 36.70A.040 shall provide a notice of decision that also includes a statement of any threshold determination made under chapter 43.21C RCW and the procedures for administrative appeal, if any. The notice of decision may be a copy of the report or decision on the project permit application. The notice shall be provided to the applicant and to any person who, prior to the rendering of the decision, requested notice of the decision or submitted substantive comments on the application. The local government shall provide for notice of its decision as provided in RCW 36.70B.110(4), which shall also state that affected

property owners may request a change in valuation for property tax purposes notwithstanding any program of revaluation. The local government shall provide notice of decision to the county assessor's office of the county or counties in which the property is situated. [1996 c 254 § 1; 1995 c 347 § 417.]

36.70B.140 Project permits that may be excluded from review. (1) A local government by ordinance or resolution may exclude the following project permits from the provisions of RCW 36.70B.060 through *36.70B.090 and 36.70B.110 through 36.70B.130: Landmark designations, street vacations, or other approvals relating to the use of public areas or facilities, or other project permits, whether administrative or quasi-judicial, that the local government by ordinance or resolution has determined present special circumstances that warrant a review process different from that provided in RCW 36.70B.060 through *36.70B.090 and 36.70B.110 through 36.70B.130.

(2) A local government by ordinance or resolution also may exclude the following project permits from the provisions of RCW 36.70B.060 and 36.70B.110 through 36.70B.130: Lot line or boundary adjustments and building and other construction permits, or similar administrative approvals, categorically exempt from environmental review under chapter 43.21C RCW, or for which environmental review has been completed in connection with other project permits. [1995 c 347 § 418.]

***Reviser's note:** RCW 36.70B.090 expired June 30, 2000, pursuant to 1998 c 286 § 8.

36.70B.150 Local governments not planning under the growth management act may use provisions. A local government not planning under RCW 36.70A.040 may incorporate some or all of the provisions of RCW 36.70B.060 through *36.70B.090 and 36.70B.110 through 36.70B.130 into its procedures for review of project permits or other project actions. [1995 c 347 § 419.]

***Reviser's note:** RCW 36.70B.090 expired June 30, 2000, pursuant to 1998 c 286 § 8.

36.70B.160 Additional project review encouraged—Construction. (1) Each local government is encouraged to adopt further project review provisions to provide prompt, coordinated review and ensure accountability to applicants and the public, including expedited review for project permit applications for projects that are consistent with adopted development regulations and within the capacity of system-wide infrastructure improvements.

(2) Nothing in this chapter is intended or shall be construed to prevent a local government from requiring a preapplication conference or a public meeting by rule, ordinance, or resolution.

(3) Each local government shall adopt procedures to monitor and enforce permit decisions and conditions.

(4) Nothing in this chapter modifies any independent statutory authority for a government agency to appeal a project permit issued by a local government. [1995 c 347 § 420.]

36.70B.170 Development agreements—Authorized. (1) A local government may enter into a development agreement with a person having ownership or control of real prop-

erty within its jurisdiction. A city may enter into a development agreement for real property outside its boundaries as part of a proposed annexation or a service agreement. A development agreement must set forth the development standards and other provisions that shall apply to and govern and vest the development, use, and mitigation of the development of the real property for the duration specified in the agreement. A development agreement shall be consistent with applicable development regulations adopted by a local government planning under chapter 36.70A RCW.

(2) RCW 36.70B.170 through 36.70B.190 and section 501, chapter 347, Laws of 1995 do not affect the validity of a contract rezone, concomitant agreement, annexation agreement, or other agreement in existence on July 23, 1995, or adopted under separate authority, that includes some or all of the development standards provided in subsection (3) of this section.

(3) For the purposes of this section, "development standards" includes, but is not limited to:

(a) Project elements such as permitted uses, residential densities, and nonresidential densities and intensities or building sizes;

(b) The amount and payment of impact fees imposed or agreed to in accordance with any applicable provisions of state law, any reimbursement provisions, other financial contributions by the property owner, inspection fees, or dedications;

(c) Mitigation measures, development conditions, and other requirements under chapter 43.21C RCW;

(d) Design standards such as maximum heights, setbacks, drainage and water quality requirements, landscaping, and other development features;

(e) Affordable housing;

(f) Parks and open space preservation;

(g) Phasing;

(h) Review procedures and standards for implementing decisions;

(i) A build-out or vesting period for applicable standards; and

(j) Any other appropriate development requirement or procedure.

(4) The execution of a development agreement is a proper exercise of county and city police power and contract authority. A development agreement may obligate a party to fund or provide services, infrastructure, or other facilities. A development agreement shall reserve authority to impose new or different regulations to the extent required by a serious threat to public health and safety. [1995 c 347 § 502.]

Findings—Intent—1995 c 347 §§ 502-506: "The legislature finds that the lack of certainty in the approval of development projects can result in a waste of public and private resources, escalate housing costs for consumers and discourage the commitment to comprehensive planning which would make maximum efficient use of resources at the least economic cost to the public. Assurance to a development project applicant that upon government approval the project may proceed in accordance with existing policies and regulations, and subject to conditions of approval, all as set forth in a development agreement, will strengthen the public planning process, encourage private participation and comprehensive planning, and reduce the economic costs of development. Further, the lack of public facilities and services is a serious impediment to development of new housing and commercial uses. Project applicants and local governments may include provisions and agreements whereby applicants are reimbursed over time for financing public facilities. It is the intent of the legislature by RCW 36.70B.170 through

36.70B.210 to allow local governments and owners and developers of real property to enter into development agreements." [1995 c 347 § 501.]

36.70B.180 Development agreements—Effect. Unless amended or terminated, a development agreement is enforceable during its term by a party to the agreement. A development agreement and the development standards in the agreement govern during the term of the agreement, or for all or that part of the build-out period specified in the agreement, and may not be subject to an amendment to a zoning ordinance or development standard or regulation or a new zoning ordinance or development standard or regulation adopted after the effective date of the agreement. A permit or approval issued by the county or city after the execution of the development agreement must be consistent with the development agreement. [1995 c 347 § 503.]

Findings—Intent—1995 c 347 §§ 502-506: See note following RCW 36.70B.170.

36.70B.190 Development agreements—Recording—Parties and successors bound. A development agreement shall be recorded with the real property records of the county in which the property is located. During the term of the development agreement, the agreement is binding on the parties and their successors, including a city that assumes jurisdiction through incorporation or annexation of the area covering the property covered by the development agreement. [1995 c 347 § 504.]

Findings—Intent—1995 c 347 §§ 502-506: See note following RCW 36.70B.170.

36.70B.200 Development agreements—Public hearing. A county or city shall only approve a development agreement by ordinance or resolution after a public hearing. The county or city legislative body or a planning commission, hearing examiner, or other body designated by the legislative body to conduct the public hearing may conduct the hearing. If the development agreement relates to a project permit application, the provisions of chapter 36.70C RCW shall apply to the appeal of the decision on the development agreement. [1995 c 347 § 505.]

Findings—Intent—1995 c 347 §§ 502-506: See note following RCW 36.70B.170.

36.70B.210 Development agreements—Authority to impose fees not extended. Nothing in RCW 36.70B.170 through 36.70B.200 and section 501, chapter 347, Laws of 1995 is intended to authorize local governments to impose impact fees, inspection fees, or dedications or to require any other financial contributions or mitigation measures except as expressly authorized by other applicable provisions of state law. [1995 c 347 § 506.]

Findings—Intent—1995 c 347 §§ 502-506: See note following RCW 36.70B.170.

36.70B.220 Permit assistance staff. (1) Each county and city having populations of ten thousand or more that plan under RCW 36.70A.040 shall designate permit assistance staff whose function it is to assist permit applicants. An existing employee may be designated as the permit assistance staff.

(2016 Ed.)

(2) Permit assistance staff designated under this section shall:

(a) Make available to permit applicants all current local government regulations and adopted policies that apply to the subject application. The local government shall provide counter copies thereof and, upon request, provide copies according to chapter 42.56 RCW. The staff shall also publish and keep current one or more handouts containing lists and explanations of all local government regulations and adopted policies;

(b) Establish and make known to the public the means of obtaining the handouts and related information; and

(c) Provide assistance regarding the application of the local government's regulations in particular cases.

(3) Permit assistance staff designated under this section may obtain technical assistance and support in the compilation and production of the handouts under subsection (2) of this section from the department of commerce. [2010 c 271 § 707; 2005 c 274 § 272; 1996 c 206 § 9.]

Purpose—Effective date—2010 c 271: See notes following RCW 43.330.005.

Findings—1996 c 206: See note following RCW 43.05.030.

36.70B.230 Planning regulations—Copies provided to county assessor. By July 31, 1997, a local government planning under RCW 36.70A.040 shall provide to the county assessor a copy of the local government's comprehensive plan and development regulations in effect on July 1st of that year and shall thereafter provide any amendments to the plan and regulations that were adopted before July 31st of each following year. [1996 c 254 § 6.]

36.70C.005 Short title. This chapter may be known and cited as the land use petition act. [1995 c 347 § 701.]

36.70C.010 Purpose. The purpose of this chapter is to reform the process for judicial review of land use decisions made by local jurisdictions, by establishing uniform, expedited appeal procedures and uniform criteria for reviewing such decisions, in order to provide consistent, predictable, and timely judicial review. [1995 c 347 § 702.]

36.70C.020 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Energy overlay zone" means a formal plan enacted by the county legislative authority that establishes suitable areas for siting renewable resource projects based on currently available resources and existing infrastructure with sensitivity to adverse environmental impact.

(2) "Land use decision" means a final determination by a local jurisdiction's body or officer with the highest level of authority to make the determination, including those with authority to hear appeals, on:

(a) An application for a project permit or other governmental approval required by law before real property may be improved, developed, modified, sold, transferred, or used, but excluding applications for permits or approvals to use, vacate, or transfer streets, parks, and similar types of public property; excluding applications for legislative approvals such as area-wide rezones and annexations; and excluding applications for business licenses;

(b) An interpretative or declaratory decision regarding the application to a specific property of zoning or other ordinances or rules regulating the improvement, development, modification, maintenance, or use of real property; and

(c) The enforcement by a local jurisdiction of ordinances regulating the improvement, development, modification, maintenance, or use of real property. However, when a local jurisdiction is required by law to enforce the ordinances in a court of limited jurisdiction, a petition may not be brought under this chapter.

Where a local jurisdiction allows or requires a motion for reconsideration to the highest level of authority making the determination, and a timely motion for reconsideration has been filed, the land use decision occurs on the date a decision is entered on the motion for reconsideration, and not the date of the original decision for which the motion for reconsideration was filed.

(3) "Local jurisdiction" means a county, city, or incorporated town.

(4) "Person" means an individual, partnership, corporation, association, public or private organization, or governmental entity or agency.

(5) "Renewable resources" has the same meaning provided in RCW 19.280.020. [2010 c 59 § 1; 2009 c 419 § 1; 1995 c 347 § 703.]

36.70C.030 Chapter exclusive means of judicial review of land use decisions—Exceptions. (1) This chapter replaces the writ of certiorari for appeal of land use decisions and shall be the exclusive means of judicial review of land use decisions, except that this chapter does not apply to:

(a) Judicial review of:

(i) Land use decisions made by bodies that are not part of a local jurisdiction;

(ii) Land use decisions of a local jurisdiction that are subject to review by a quasi-judicial body created by state law, such as the shorelines hearings board or the growth management hearings board;

(b) Judicial review of applications for a writ of mandamus or prohibition; or

(c) Claims provided by any law for monetary damages or compensation. If one or more claims for damages or compensation are set forth in the same complaint with a land use petition brought under this chapter, the claims are not subject to the procedures and standards, including deadlines, provided in this chapter for review of the petition. The judge who hears the land use petition may, if appropriate, preside at a trial for damages or compensation.

(2) The superior court civil rules govern procedural matters under this chapter to the extent that the rules are consistent with this chapter. [2010 1st sp.s. c 7 § 38; 2003 c 393 § 17; 1995 c 347 § 704.]

Effective date—2010 1st sp.s. c 26; 2010 1st sp.s. c 7: See note following RCW 43.03.027.

36.70C.040 Commencement of review—Land use petition—Procedure. (1) Proceedings for review under this chapter shall be commenced by filing a land use petition in superior court.

(2) A land use petition is barred, and the court may not grant review, unless the petition is timely filed with the court and timely served on the following persons who shall be parties to the review of the land use petition:

(a) The local jurisdiction, which for purposes of the petition shall be the jurisdiction's corporate entity and not an individual decision maker or department;

(b) Each of the following persons if the person is not the petitioner:

(i) Each person identified by name and address in the local jurisdiction's written decision as an applicant for the permit or approval at issue; and

(ii) Each person identified by name and address in the local jurisdiction's written decision as an owner of the property at issue;

(c) If no person is identified in a written decision as provided in (b) of this subsection, each person identified by name and address as a taxpayer for the property at issue in the records of the county assessor, based upon the description of the property in the application; and

(d) Each person named in the written decision who filed an appeal to a local jurisdiction quasi-judicial decision maker regarding the land use decision at issue, unless the person has abandoned the appeal or the person's claims were dismissed before the quasi-judicial decision was rendered. Persons who later intervened or joined in the appeal are not required to be made parties under this subsection.

(3) The petition is timely if it is filed and served on all parties listed in subsection (2) of this section within twenty-one days of the issuance of the land use decision.

(4) For the purposes of this section, the date on which a land use decision is issued is:

(a) Three days after a written decision is mailed by the local jurisdiction or, if not mailed, the date on which the local jurisdiction provides notice that a written decision is publicly available;

(b) If the land use decision is made by ordinance or resolution by a legislative body sitting in a quasi-judicial capacity, the date the body passes the ordinance or resolution; or

(c) If neither (a) nor (b) of this subsection applies, the date the decision is entered into the public record.

(5) Service on the local jurisdiction must be by delivery of a copy of the petition to the persons identified by or pursuant to RCW 4.28.080 to receive service of process. Service on other parties must be in accordance with the superior court civil rules or by first-class mail to:

(a) The address stated in the written decision of the local jurisdiction for each person made a party under subsection (2)(b) of this section;

(b) The address stated in the records of the county assessor for each person made a party under subsection (2)(c) of this section; and

(c) The address stated in the appeal to the quasi-judicial decision maker for each person made a party under subsection (2)(d) of this section.

(6) Service by mail is effective on the date of mailing and proof of service shall be by affidavit or declaration under penalty of perjury. [1995 c 347 § 705.]

36.70C.050 Joinder of parties. If the applicant for the land use approval is not the owner of the real property at issue, and if the owner is not accurately identified in the records referred to in RCW 36.70C.040(2) (b) and (c), the applicant shall be responsible for promptly securing the joinder of the owners. In addition, within fourteen days after service each party initially named by the petitioner shall disclose to the other parties the name and address of any person whom such party knows may be needed for just adjudication of the petition, and the petitioner shall promptly name and serve any such person whom the petitioner agrees may be needed for just adjudication. If such a person is named and served before the initial hearing, leave of court for the joinder is not required, and the petitioner shall provide the newly joined party with copies of the pleadings filed before the party's joinder. Failure by the petitioner to name or serve, within the time required by RCW 36.70C.040(3), persons who are needed for just adjudication but who are not identified in the records referred to in RCW 36.70C.040(2)(b), or in RCW 36.70C.040(2)(c) if applicable, shall not deprive the court of jurisdiction to hear the land use petition. [1995 c 347 § 706.]

36.70C.060 Standing. Standing to bring a land use petition under this chapter is limited to the following persons:

(1) The applicant and the owner of property to which the land use decision is directed;

(2) Another person aggrieved or adversely affected by the land use decision, or who would be aggrieved or adversely affected by a reversal or modification of the land use decision. A person is aggrieved or adversely affected within the meaning of this section only when all of the following conditions are present:

(a) The land use decision has prejudiced or is likely to prejudice that person;

(b) That person's asserted interests are among those that the local jurisdiction was required to consider when it made the land use decision;

(c) A judgment in favor of that person would substantially eliminate or redress the prejudice to that person caused or likely to be caused by the land use decision; and

(d) The petitioner has exhausted his or her administrative remedies to the extent required by law. [1995 c 347 § 707.]

36.70C.070 Land use petition—Required elements.

A land use petition must set forth:

(1) The name and mailing address of the petitioner;

(2) The name and mailing address of the petitioner's attorney, if any;

(3) The name and mailing address of the local jurisdiction whose land use decision is at issue;

(4) Identification of the decision-making body or officer, together with a duplicate copy of the decision, or, if not a written decision, a summary or brief description of it;

(5) Identification of each person to be made a party under RCW 36.70C.040(2) (b) through (d);

(6) Facts demonstrating that the petitioner has standing to seek judicial review under RCW 36.70C.060;

(7) A separate and concise statement of each error alleged to have been committed;

(8) A concise statement of facts upon which the petitioner relies to sustain the statement of error; and

(9) A request for relief, specifying the type and extent of relief requested. [1995 c 347 § 708.]

36.70C.080 Initial hearing. (1) Within seven days after the petition is served on the parties identified in RCW 36.70C.040(2), the petitioner shall note, according to the local rules of superior court, an initial hearing on jurisdictional and preliminary matters. This initial hearing shall be set no sooner than thirty-five days and no later than fifty days after the petition is served on the parties identified in RCW 36.70C.040(2).

(2) The parties shall note all motions on jurisdictional and procedural issues for resolution at the initial hearing, except that a motion to allow discovery may be brought sooner. Where confirmation of motions is required, each party shall be responsible for confirming its own motions.

(3) The defenses of lack of standing, untimely filing or service of the petition, and failure to join persons needed for just adjudication are waived if not raised by timely motion noted to be heard at the initial hearing, unless the court allows discovery on such issues.

(4) The petitioner shall move the court for an order at the initial hearing that sets the date on which the record must be submitted, sets a briefing schedule, sets a discovery schedule if discovery is to be allowed, and sets a date for the hearing or trial on the merits.

(5) The parties may waive the initial hearing by scheduling with the court a date for the hearing or trial on the merits and filing a stipulated order that resolves the jurisdictional and procedural issues raised by the petition, including the issues identified in subsections (3) and (4) of this section.

(6) A party need not file an answer to the petition. [1995 c 347 § 709.]

36.70C.090 Expedited review. The court shall provide expedited review of petitions filed under this chapter. The matter must be set for hearing within sixty days of the date set

for submitting the local jurisdiction's record, absent a showing of good cause for a different date or a stipulation of the parties. [1995 c 347 § 710.]

36.70C.100 Stay of action pending review. (1) A petitioner or other party may request the court to stay or suspend an action by the local jurisdiction or another party to implement the decision under review. The request must set forth a statement of grounds for the stay and the factual basis for the request.

(2) A court may grant a stay only if the court finds that:

(a) The party requesting the stay is likely to prevail on the merits;

(b) Without the stay the party requesting it will suffer irreparable harm;

(c) The grant of a stay will not substantially harm other parties to the proceedings; and

(d) The request for the stay is timely in light of the circumstances of the case.

(3) The court may grant the request for a stay upon such terms and conditions, including the filing of security, as are necessary to prevent harm to other parties by the stay. [1995 c 347 § 711.]

36.70C.110 Record for judicial review—Costs. (1) Within forty-five days after entry of an order to submit the record, or within such a further time as the court allows or as the parties agree, the local jurisdiction shall submit to the court a certified copy of the record for judicial review of the land use decision, except that the petitioner shall prepare at the petitioner's expense and submit a verbatim transcript of any hearings held on the matter.

(2) If the parties agree, or upon order of the court, the record shall be shortened or summarized to avoid reproduction and transcription of portions of the record that are duplicative or not relevant to the issues to be reviewed by the court.

(3) The petitioner shall pay the local jurisdiction the cost of preparing the record before the local jurisdiction submits the record to the court. Failure by the petitioner to timely pay the local jurisdiction relieves the local jurisdiction of responsibility to submit the record and is grounds for dismissal of the petition.

(4) If the relief sought by the petitioner is granted in whole or in part the court shall equitably assess the cost of preparing the record among the parties. In assessing costs the court shall take into account the extent to which each party prevailed and the reasonableness of the parties' conduct in agreeing or not agreeing to shorten or summarize the record under subsection (2) of this section. [1995 c 347 § 712.]

36.70C.120 Scope of review—Discovery. (1) When the land use decision being reviewed was made by a quasi-judicial body or officer who made factual determinations in support of the decision and the parties to the quasi-judicial proceeding had an opportunity consistent with due process to make a record on the factual issues, judicial review of factual issues and the conclusions drawn from the factual issues shall be confined to the record created by the quasi-judicial body or officer, except as provided in subsections (2) through (4) of this section.

(2) For decisions described in subsection (1) of this section, the record may be supplemented by additional evidence only if the additional evidence relates to:

(a) Grounds for disqualification of a member of the body or of the officer that made the land use decision, when such grounds were unknown by the petitioner at the time the record was created;

(b) Matters that were improperly excluded from the record after being offered by a party to the quasi-judicial proceeding; or

(c) Matters that were outside the jurisdiction of the body or officer that made the land use decision.

(3) For land use decisions other than those described in subsection (1) of this section, the record for judicial review may be supplemented by evidence of material facts that were not made part of the local jurisdiction's record.

(4) The court may require or permit corrections of ministerial errors or inadvertent omissions in the preparation of the record.

(5) The parties may not conduct pretrial discovery except with the prior permission of the court, which may be sought by motion at any time after service of the petition. The court shall not grant permission unless the party requesting it makes a prima facie showing of need. The court shall strictly limit discovery to what is necessary for equitable and timely review of the issues that are raised under subsections (2) and (3) of this section. If the court allows the record to be supplemented, the court shall require the parties to disclose before the hearing or trial on the merits the specific evidence they intend to offer. If any party, or anyone acting on behalf of any party, requests records under chapter 42.56 RCW relating to the matters at issue, a copy of the request shall simultaneously be given to all other parties and the court shall take such request into account in fashioning an equitable discovery order under this section. 36.70C.130 Standards for granting relief—Renewable resource projects within energy overlay zones. (1) The superior court, acting without a jury, shall review the record and such supplemental evidence as is permitted under RCW 36.70C.120. The court may grant relief only if the party seeking relief has carried the burden of establishing that one of the standards set forth in (a) through (f) of this subsection has been met. The standards are:

(a) The body or officer that made the land use decision engaged in unlawful procedure or failed to follow a prescribed process, unless the error was harmless;

(b) The land use decision is an erroneous interpretation of the law, after allowing for such deference as is due the construction of a law by a local jurisdiction with expertise;

(c) The land use decision is not supported by evidence that is substantial when viewed in light of the whole record before the court;

(d) The land use decision is a clearly erroneous application of the law to the facts;

(e) The land use decision is outside the authority or jurisdiction of the body or officer making the decision; or

(f) The land use decision violates the constitutional rights of the party seeking relief.

(2) In order to grant relief under this chapter, it is not necessary for the court to find that the local jurisdiction engaged in arbitrary and capricious conduct. A grant of relief by itself may not be deemed to establish liability for monetary damages or compensation.

(3) Land use decisions made by a local jurisdiction concerning renewable resource projects within a county energy overlay zone are presumed to be reasonable if they are in compliance with the requirements and standards established by local ordinance for that zone. However, for land use decisions concerning wind power generation projects, either:

(a) The local ordinance for that zone is consistent with the department of fish and wildlife's wind power guidelines; or

(b) The local jurisdiction prepared an environmental impact statement under chapter 43.21C RCW on the energy overlay zone; and

(i) The local ordinance for that zone requires project mitigation, as addressed in the environmental impact statement and consistent with local, state, and federal law;

(ii) The local ordinance for that zone requires site specific fish and wildlife and cultural resources analysis; and

(iii) The local jurisdiction has adopted an ordinance that addresses critical areas under chapter 36.70A RCW.

(4) If a local jurisdiction has taken action and adopted local ordinances consistent with subsection (3)(b) of this section, then wind power generation projects permitted consistently with the energy overlay zone are deemed to have adequately addressed their environmental impacts as required under chapter 43.21C RCW. [2009 c 419 § 2; 1995 c 347 § 714.]

36.70C.140 Decision of the court. The court may affirm or reverse the land use decision under review or remand it for modification or further proceedings. If the decision is remanded for modification or further proceedings, the court may make such an order as it finds necessary to preserve the interests of the parties and the public, pending further proceedings or action by the local jurisdiction. [1995 c 347 § 715.]

(2016 Ed.)

36.71.010 Peddler's license—"Peddler" defined. The term "peddler" for the purpose of this chapter includes all persons, both principals and agents, who go from place to place and house to house, carrying for sale and offering for sale or exposal for sale, goods, wares, or merchandise except agricultural, horticultural, or farm products, which they may grow or raise, and except vendors of books, periodicals, or newspapers: PROVIDED, That nothing in this chapter shall apply to peddlers within the limits of any city or town which by ordinance regulates the sale of goods, wares, or merchandise by peddlers. [1963 c 4 § 36.71.010. Prior: 1929 c 110 § 1; 1909 c 214 § 1; RRS § 8353.]

36.71.020 Peddler's license—Application for and issuance of license. Every peddler, before commencing business in any county of the state, shall apply in writing and under oath to the appropriate county official of the county in which he or she proposes to operate for a county license. The application must state the names and residences of the owners or parties in whose interest the business is to be conducted. The applicant at the same time shall file a true statement under oath of the quantity and value of the stock of goods, wares, and merchandise that is in the county for sale or to be kept or exposed for sale in the county, make a special deposit of five hundred dollars, and pay the county license fee as may be fixed under the authority of RCW 36.32.120(3).

The appropriate county official shall thereupon issue to the applicant a peddler's license, authorizing him or her to do business in the county for the term of one year from the date thereof. Every county license shall contain a copy of the application therefor, shall not be transferable, and shall not authorize more than one person to sell goods as a peddler, either by agent or clerk, or in any other way than his or her own proper person. [2009 c 549 § 4121; 1985 c 91 § 3; 1963 c 4 § 36.71.020. Prior: 1927 c 89 § 1; 1909 c 214 § 3; RRS § 8355.]

36.71.030 Peddler's license—Record of applications. The appropriate county official of each county shall keep on file all applications for peddlers' licenses that are issued. All files and records shall be in convenient form and open to public inspection. [1985 c 91 § 4; 1963 c 4 § 36.71.030. Prior: 1909 c 214 § 4; RRS § 8356.]

36.71.040 Peddler's license—Cancellation of license. Upon the expiration and return of a county license, the appropriate county official shall cancel it, indorse thereon the cancellation, and place it on file. After holding the special deposit of the licensee for a period of ninety days from the date of cancellation, he or she shall return the deposit or such portion as may remain in his or her hands after satisfying the claims made against it. [2009 c 549 § 4122; 1985 c 91 § 5; 1963 c 4 § 36.71.040. Prior: 1909 c 214 § 5; RRS § 8357.]

36.71.050 Peddler's license—Liability of deposit—Lien on. Each deposit made with the county shall be subject to all taxes legally chargeable thereto, to attachment and execution on behalf of the creditors of the licensee whose claims arise in connection with the business done under his or her license, and the county may be held to answer as trustee in

any civil action in contract or tort brought against any licensee, and shall pay over, under order of the court or upon execution, such amount of money as the licensee may be chargeable with upon the final determination of the case. Such deposit shall also be subject to the payment of any and all fines and penalties incurred by the licensee through violations of the provisions of RCW 36.71.010, 36.71.020, 36.71.030, 36.71.040 and 36.71.060, which shall be a lien upon the deposit and shall be collected in the manner provided by law. [2009 c 549 § 4123; 1985 c 91 § 6; 1963 c 4 § 36.71.050. Prior: 1909 c 214 § 6; RRS § 8358.]

36.71.060 Peddler's license—Penalty for peddling without license. Every peddler who sells or offers for sale or exposes for sale, at public or private sale any goods, wares, or merchandise without a county license, is guilty of a misdemeanor and shall be punished by imprisonment for not less than thirty days nor more than ninety days or by fine of not less than fifty dollars nor more than two hundred dollars or by both. [2003 c 53 § 207; 1963 c 4 § 36.71.060. Prior: 1909 c 214 § 2; RRS § 8354.]

Intent—Effective date—2003 c 53: See notes following RCW 2.48.180.

36.71.070 Hawkers, auctioneers, and barterers must procure license—Exceptions. (1) If any person sells any goods, wares, or merchandise, at auction or public outcry, or barter goods, wares or merchandise from traveling boats, wagons, carts or vehicles of any kind, or from any pack, basket or other package carried on foot without first having obtained a license therefor from the board of county commissioners of the county in which such goods are sold or bartered, he or she shall be guilty of a misdemeanor, and upon conviction shall be fined not less than five nor more than fifty dollars, and shall stand committed to the county jail of the county in which the conviction is had until such fine and cost of prosecution are paid, or discharged by due course of law: PROVIDED, That this section shall not be construed as to apply to any seagoing craft or to administrators or executors selling property of deceased persons, or to private individuals selling their household property, or furniture, or farming tools, implements, or livestock, or any produce grown or raised by them, either at public auction or private sale.

(2) Notwithstanding subsection (1) of this section, counties shall not license auctioneers that are licensed by the state under chapter 18.11 RCW. [2009 c 549 § 4124; 1984 c 189 § 6; 1963 c 4 § 36.71.070. Prior: 1879 p 130 § 1; 1873 p 437 § 1; RRS § 8341.]

36.71.080 Hawkers, auctioneers, and barterers must procure license—Issuance of license. The county legislative authority may, by its order, direct the appropriate county official to issue a license to any person to do any business designated in RCW 36.71.070 for such sum as may be fixed under the authority of RCW 36.32.120(3). [1985 c 91 § 7; 1963 c 4 § 36.71.080. Prior: 1873 p 438 § 3; RRS § 8342.]

36.71.090 Farmers, gardeners, etc., peddling own produce exempt from license requirements—Exception—Valid direct retail endorsement. (1) It shall be lawful for any farmer, gardener, or other person, without license,

to sell, deliver, or peddle any fruits, vegetables, berries, eggs, or any farm produce or edibles raised, gathered, produced, or manufactured by such person and no city or town shall pass or enforce any ordinance prohibiting the sale by or requiring license from the producers and manufacturers of farm produce and edibles as defined in this section. However, nothing in this section authorizes any person to sell, deliver, or peddle, without license, in any city or town, any dairy product, meat, poultry, eel, fish, mollusk, or shellfish where a license is required to engage legally in such activity in such city or town.

(2) It is lawful for an individual in possession of a valid direct retail endorsement, as established in RCW 77.65.510, to sell, deliver, or peddle any legally harvested retail-eligible species, as that term is defined in RCW 77.08.010, that is caught, harvested, or collected under rule of the department of fish and wildlife by such a person at a temporary food service establishment, as that term is defined in RCW 69.06.045, and no city, town, or county may pass or enforce an ordinance prohibiting the sale by or requiring additional licenses or permits from the holder of the valid direct retail endorsement. However, this subsection does not prohibit a city, town, or county from inspecting an individual displaying a direct retail endorsement to verify that the person is in compliance with state board of health and local rules for food service operations. [2003 c 387 § 5; 2002 c 301 § 9; 1984 c 25 § 4; 1963 c 4 § 36.71.090. Prior: 1917 c 45 § 1; 1897 c 62 § 1; RRS § 8343.]

Roads and bridges, service districts: Chapter 36.83 RCW.

36.73.010 Intent. The legislature finds that the citizens of the state can benefit by cooperation of the public and private sectors in addressing transportation needs. This cooper-

(2016 Ed.)

ation can be fostered through enhanced capability for cities, towns, and counties to make and fund transportation improvements necessitated by economic development and to improve the performance of the transportation system.

It is the intent of the legislature to encourage joint efforts by the state, local governments, and the private sector to respond to the need for those transportation improvements on state highways, county roads, and city streets. This goal can be better achieved by allowing cities, towns, and counties to establish transportation benefit districts in order to respond to the special transportation needs and economic opportunities resulting from private sector development for the public good. The legislature also seeks to facilitate the equitable participation of private developers whose developments may generate the need for those improvements in the improvement costs. [2005 c 336 § 2; 1987 c 327 § 1.]

36.73.020 Establishment of district by county or city—Participation by other jurisdictions. (1) The legislative authority of a county or city may establish a transportation benefit district within the county or city area or within the area specified in subsection (2) of this section, for the purpose of acquiring, constructing, improving, providing, and funding a transportation improvement within the district that is consistent with any existing state, regional, or local transportation plans and necessitated by existing or reasonably foreseeable congestion levels. The transportation improvements shall be owned by the county of jurisdiction if located in an unincorporated area, by the city of jurisdiction if located in an incorporated area, or by the state in cases where the transportation improvement is or becomes a state highway. However, if deemed appropriate by the governing body of the transportation benefit district, a transportation improvement may be owned by a participating port district or transit district, unless otherwise prohibited by law. Transportation improvements shall be administered and maintained as other public streets, roads, highways, and transportation improvements. To the extent practicable, the district shall consider the following criteria when selecting transportation improvements:

- (a) Reduced risk of transportation facility failure and improved safety;
- (b) Improved travel time;
- (c) Improved air quality;
- (d) Increases in daily and peak period trip capacity;
- (e) Improved modal connectivity;
- (f) Improved freight mobility;
- (g) Cost-effectiveness of the investment;
- (h) Optimal performance of the system through time;
- (i) Improved accessibility for, or other benefits to, persons with special transportation needs as defined in *RCW 47.06B.012; and
- (j) Other criteria, as adopted by the governing body.

(2) Subject to subsection (6) of this section, the district may include area within more than one county, city, port district, county transportation authority, or public transportation benefit area, if the legislative authority of each participating jurisdiction has agreed to the inclusion as provided in an interlocal agreement adopted pursuant to chapter 39.34 RCW. However, the boundaries of the district need not include all territory within the boundaries of the participating jurisdictions comprising the district.

(3) The members of the legislative authority proposing to establish the district, acting ex officio and independently, shall constitute the governing body of the district: PROVIDED, That where a district includes area within more than one jurisdiction under subsection (2) of this section, the district shall be governed under an interlocal agreement adopted pursuant to chapter 39.34 RCW, with the governing body being composed of (a) at least five members including at least one elected official from the legislative authority of each participating jurisdiction or (b) the governing body of the metropolitan planning organization serving the district, but only if the district boundaries are identical to the boundaries of the metropolitan planning organization serving the district.

(4) The treasurer of the jurisdiction proposing to establish the district shall act as the ex officio treasurer of the district, unless an interlocal agreement states otherwise.

(5) The electors of the district shall all be registered voters residing within the district.

(6) Prior to December 1, 2007, the authority under this section, regarding the establishment of or the participation in a district, shall not apply to:

(a) Counties with a population greater than one million five hundred thousand persons and any adjoining counties with a population greater than five hundred thousand persons;

(b) Cities with any area within the counties under (a) of this subsection; and

(c) Other jurisdictions with any area within the counties under (a) of this subsection. [2010 c 250 § 1; 2009 c 515 § 14; 2006 c 311 § 25; 2005 c 336 § 3; 1989 c 53 § 1; 1987 c 327 § 2.]

36.73.030 Establishment of district by city. See RCW 35.21.225.

36.73.040 General powers of district. (1) A transportation benefit district is a quasi-municipal corporation, an independent taxing "authority" within the meaning of Article VII, section 1 of the state Constitution, and a "taxing district" within the meaning of Article VII, section 2 of the state Constitution.

(2) A transportation benefit district constitutes a body corporate and possesses all the usual powers of a corporation for public purposes as well as all other powers that may now or hereafter be specifically conferred by statute, including, but not limited to, the authority to hire employees, staff, and services, to enter into contracts, to acquire, hold, and dispose of real and personal property, and to sue and be sued. Public works contract limits applicable to the jurisdiction that established the district apply to the district.

(3) To carry out the purposes of this chapter, and subject to the provisions of RCW 36.73.065, a district is authorized to impose the following taxes, fees, charges, and tolls:

(a) A sales and use tax in accordance with RCW 82.14.0455;

(b) A vehicle fee in accordance with RCW 82.80.140;

(c) A fee or charge in accordance with RCW 36.73.120.

However, if a county or city within the district area is levying a fee or charge for a transportation improvement, the fee or charge shall be credited against the amount of the fee or charge imposed by the district. Developments consisting of less than twenty residences are exempt from the fee or charge under RCW 36.73.120; and

(d) Vehicle tolls on state routes, city streets, or county roads, within the boundaries of the district, unless otherwise prohibited by law. However, consistent with RCW 47.56.820, the vehicle toll must first be authorized by the legislature if the toll is imposed on a state route. The department of transportation shall administer the collection of vehicle tolls authorized on state routes, unless otherwise specified in law or by contract, and the state transportation commission, or its successor, may approve, set, and impose the tolls in amounts sufficient to implement the district's transportation

improvement finance plan. The district shall administer the collection of vehicle tolls authorized on city streets or county roads, and shall set and impose the tolls in amounts sufficient to implement the district's transportation improvement plan. However, consistent with RCW 47.56.850, the vehicle toll, including any change in an existing toll rate, must first be reviewed and approved by the tolling authority designated in RCW 47.56.850 if the toll, or change in toll rate, would have a significant impact, as determined by the tolling authority, on the operation of any state facility. 36.73.050 Establishment of district—Public hearing—Ordinance. (1) The legislative authorities proposing to establish a district, or to modify the boundaries of an existing district, or to dissolve an existing district shall conduct a hearing at the time and place specified in a notice published at least once, not less than ten days before the hearing, in a newspaper of general circulation within the proposed district. Subject to the provisions of RCW 36.73.170, the legislative authorities shall make provision for a district to be automatically dissolved when all indebtedness of the district has been retired and anticipated responsibilities have been satisfied. This notice shall be in addition to any other notice required by law to be published. The notice shall, where applicable, specify the functions or activities proposed to be provided or funded, or the additional functions or activities proposed to be provided or funded, by the district. Additional notice of the hearing may be given by mail, by posting within the proposed district, or in any manner the legislative authorities deem necessary to notify affected persons. All hearings shall be public and the legislative authorities shall hear objections from any person affected by the formation, modification of the boundaries, or dissolution of the district.

(2)(a) Following the hearing held pursuant to subsection (1) of this section, the legislative authorities may establish a district, modify the boundaries or functions of an existing district, or dissolve an existing district, if the legislative authorities find the action to be in the public interest and adopt an ordinance providing for the action.

(b) The ordinance establishing a district shall specify the functions and transportation improvements described under RCW 36.73.015 to be exercised or funded and establish the boundaries of the district. Subject to the provisions of RCW 36.73.160, functions or transportation improvements proposed to be provided or funded by the district may not be expanded beyond those specified in the notice of hearing, unless additional notices are made, further hearings on the expansion are held, and further determinations are made that it is in the public interest to so expand the functions or transportation improvements proposed to be provided or funded. [2007 c 329 § 3; 2005 c 336 § 5; 1987 c 327 § 5.]

This shall embrace an examination and survey of the original petition, report, and field notes on the establishment of such road; a survey of the present traveled roadway; all topography within a reasonable distance and having a bearing on the true location of such road; the distance from the center line of the traveled roadway to the nearest section and quarter section corners; a map of sufficient scale accurately showing the above with field notes thereon; a map on the same scale showing the original field notes, such field notes to be transposed and the same meridian used on both maps. The rules may include provisions for the construction of culverts under the approaches, the depth of fills over the culverts, and for such other drainage facilities as the board deems necessary. The construction of approaches, culverts, fills, or such other drainage facilities as may be required, shall be under the supervision of the county road engineer, and all such construction shall be at the expense of the person benefited by the construction.

The board of such county may join with such city, town, other county, the state of Washington, or other state, or a county, city or town of such other state in paying for, erecting, constructing, acquiring by purchase, gift, or condemnation any such bridge, trestle, or other structure, and the purchase or condemnation of right-of-way therefor.

The board of any county may construct, maintain, and operate any county road which forms the boundary line between another county within the state or another county in any other state or which through its meandering crosses such boundary; and acquire by purchase or condemnation any lands or rights within this state, either within or without its county, necessary for such boundary road; and enter into joint contracts with authorities of adjoining counties for the construction, operation, and maintenance of such boundary roads. The power of condemnation herein granted may be exercised jointly by two counties in the manner provided in RCW 36.75.170 for bridges, or it may be exercised by a single county in the manner authorized by law. [2000 c 155 § 1; 1963 c 4 § 36.75.160. Prior: 1943 c 82 § 3; 1937 c 187 § 26; Rem. Supp. 1943 § 6450-26.]

36.75.170 Power of county commissioners as to roads, bridges, and other structures crossing boundary lines—Resolution to acquire or construct. The board may by original resolution entered upon its minutes declare its intention to pay for and erect or construct, or acquire by purchase, gift, or condemnation, any bridge, trestle, or other structure upon any county road which crosses any stream, body of water, gulch, navigable water, swamp or other topographical formation constituting a boundary, or to join therein with any other county, city or town, or with this state, or with any other state, or with any county, city or town of any other state, in the erection, or construction, or acquisition of any such structure, and declare that the same is a public necessity, and direct the county road engineer to report upon such project, dividing any just proportional cost thereof.

In the event two counties or any county and any city wish to join in paying for the erection or acquisition of any such structure, the resolution provided in this section shall be a joint resolution of the governing authorities of the counties and cities and they shall further, by such resolution, designate an engineer employed by one county to report upon the proposed erection or acquisition. waters, swamp or other topographical formation constituting a boundary by joining with any other county, city or town, or the state of Washington, or with any other state or with any county, city or town of any other state, setting forth and describing the location proposed for the erection of such bridge, trestle, or other structure, and stating that the same is a public necessity. The petition shall be accompanied by a bond with the same requirements, conditions, and amount and in the same manner as in case of a freeholders' petition for the establishing of a county road. Upon the filing of such petition and bond and being satisfied that the petition has been signed by freeholders residing in the vicinity of such proposed bridge, trestle, or other structure, the board shall direct the county road engineer to report upon the project, dividing any just proportional cost thereof.

In the event two counties or any county and any city or town are petitioned to join in paying for the erection or acquisition of such structure, the board of county commissioners of the counties or the board of county commissioners of the county and governing authorities of the city or town shall act jointly in the selection of the engineer who shall report upon such acquisition or erection. The boards of the several counties may expend funds from the county road fund for the construction, improvement, repair, and maintenance of any bridge upon any city street within any city or town in such county where such city street and bridge are essential to the continuation of the county road system of the county. Such construction, improvement, repair, or maintenance shall be ordered by resolution and proceedings conducted in respect thereto in the same manner as provided for the laying out and establishing of county roads by counties, and for the preparation of maps, plans, and specifications,

Any county may assist a street abutter in improving the street serving the abutter's premises by providing asphalt, concrete, or other supplies or materials. The furnishing of supplies or materials or paying to the abutter the cost thereof and the providing of inspectors and other incidental personnel shall not render the street improvements a public work or improvement subject to competitive bidding. The legislative authority of such county shall approve any such assistance at a public meeting and shall maintain a public register of any such assistance setting forth the value, nature, purpose, date and location of the assistance and the name of the beneficiary. [1983 c 103 § 2.]

The board of county commissioners of each county may by resolution limit or prohibit classes or types of vehicles on any county road or bridge and may limit the weight of vehicles which may travel thereon. Any such resolution shall be effective for a definite period of time which shall be stated in the resolution. If such resolution is published at least once in a newspaper of general circulation in the county and if signs indicating such closure or limitation of traffic have been posted on such road or bridge, any person violating such resolution shall be guilty of a misdemeanor. [Title 36 RCW—page 265]

36.75.300 Primitive roads—Classification and designation. The legislative authority of each county may by resolution classify and designate portions of the county roads as primitive roads where the designated road portion:

- (1) Is not classified as part of the county primary road system, as provided for in RCW 36.86.070;
- (2) Has a gravel or earth driving surface; and
- (3) Has an average annual daily traffic of one hundred or fewer vehicles.

Any road designated as a primitive road shall be marked with signs indicating that it is a primitive road, as provided in the manual of uniform traffic control devices, at all places where the primitive road portion begins or connects with a highway other than another primitive road. No design or signing or maintenance standards or requirements, other than the requirement that warning signs be placed as provided in this section, apply to primitive roads.

The design of a primitive road, any discretionary maintenance, and the location, placing, or failing to place road signs, other than the requirement that warning signs be placed as provided in this section, shall not be considered in any action for damages brought against a county, or against a county employee or county employees, or both, arising from vehicular traffic on the primitive road. Sections

36.76.080	Bonds authorized—Election.
36.76.090	How to be held—Issuance of bonds.
36.76.100	Notice of election.
36.76.110	Disposition of proceeds—City assistance.

36.76.130	Act cumulative.
36.76.140	Toll bridge bonds authorized—Adjoining counties.

36.76.080 Bonds authorized—Election. The legislative authority of any county may, whenever a majority thereof so decides, submit to the voters of their county the question whether the legislative authority shall be authorized to issue negotiable road bonds of the county in an amount subject to the limitations on indebtedness provided for in RCW 39.36.020(2), for the purpose of constructing a new road or roads, or improving established roads within the county, or for aiding in so doing, as herein prescribed.

The word "improvement" wherever used in this section and RCW 36.76.090, 36.76.100, 36.76.110, 36.76.120, and 36.76.130 shall embrace any undertaking for any or all of such purposes. The word "road" shall embrace all highways, roads, streets, avenues, bridges, and other public ways.

The provisions of this section and RCW 36.76.090, 36.76.100, 36.76.110, 36.76.120, and 36.76.130 shall apply not only to roads which are or shall be under the general control of the county, but also to all parts of state roads in such county and to all roads which are situated or are to be constructed wholly or partly within the limits of any incorporated city or town therein, provided the county legislative authority finds that they form or will become a part of the public highway system of the county, and will connect the existing roads therein. Such finding may be made by the county legislative

authority at any stage of the proceedings before the actual delivery of the bonds.

The constructing or improving of any and all such roads, or the aiding therein, is declared to be a county purpose.

The question of the issuance of bonds for any undertaking which relates to a number of different roads or parts thereof, whether intended to supply the whole expenditure or to aid therein, may be submitted to the voters as a single proposition in all cases where such course is consistent with the provisions of the state Constitution. If the county legislative authority, in submitting a proposition relating to different roads or parts thereof, finds that such proposition has for its object the furtherance and accomplishment of the construction of a system of public and county highways in such county, and constitutes and has for its object a single purpose, such finding shall be presumed to be correct, and upon the issuance of the bonds the presumption shall become conclusive.

No proposition for bonds shall be submitted which proposes that more than forty percent of the proceeds thereof shall be expended within any city or town or within any number of cities and towns. [1983 c 167 § 90; 1971 c 76 § 2; 1970 ex.s. c 42 § 22; 1963 c 4 § 36.76.080. Prior: 1913 c 25 § 1; RRS § 5592.]

36.76.090 How to be held—Issuance of bonds. The election shall be held as provided in RCW 39.36.050. If three-fifths of the legal ballots cast on the question of issuing bonds for the improvement contemplated in RCW 36.76.080 are in favor of the bond issue, the county legislative authority must issue the general obligation bonds. Such bonds shall be issued and sold in accordance with chapter 39.46 RCW. [1984 c 186 § 31; 1983 c 167 § 91; 1970 ex.s. c 56 § 53; 1969 ex.s. c 232 § 29; 1963 c 4 § 36.76.090. Prior: 1913 c 25 § 2; RRS § 5593.]

Purpose—1984 c 186: See note following RCW 39.46.110.

Purpose—1970 ex.s. c 56: See note following RCW 39.52.020.

Additional notes found at www.leg.wa.gov

36.76.100 Notice of election. The notice of this election shall state which road or roads are to be built or improved. The notice need not describe the road or roads with particularity, but it shall be sufficient either to describe them by termini and with a general statement as to their course, or to use any other appropriate language sufficient to show the purpose intended to be accomplished. The county legislative authority may, at its option, give such other or further notice as it may deem advisable. [1984 c 186 § 32; 1963 c 4 § 36.76.100. Prior: 1913 c 25 § 4; RRS § 5595.]

Purpose—1984 c 186: See note following RCW 39.46.110.

36.76.110 Disposition of proceeds—City assistance. When the bonds are sold, the money arising therefrom shall be immediately paid into the treasury of the county, and shall be drawn only for the improvement for which they were issued, under the general direction of the board: PROVIDED, That if the improvement includes in whole or in part the constructing or improving of one or more roads, or any part or parts thereof, within the limits of an incorporated city or

town, and if the county commissioners find that the amount of the proceeds of the bonds intended to be expended for the improvements within such corporate limits will probably not be sufficient to defray the entire expense of the improvement therein, and if they further find it to be equitable that the city or town should bear the remainder of the expense, they may postpone any expenditure therefor from the proceeds of the bonds until the city or town makes provision by ordinance for proceeding with the improvement within its corporate limits at its own expense insofar as concerns the cost thereof over and above the amount of bond proceeds available therefor.

In such case it shall be lawful for the county commissioners to consent, under such general directions as they shall impose, that the proper authorities of the city or town shall have actual charge of making the proposed improvement within the corporate limits. The city or town shall acquire any needed property or rights and do the work by contract or otherwise in accordance with its charter or ordinances, but the same shall be subject to the approval of the county commissioners insofar as concerns any payment therefor from the proceeds of the bonds.

In such case, as the work progresses and money is needed to pay therefor, the county commissioners shall, from time to time, by proper order, specifying the amount and purpose, direct the county treasurer to turn over to the city or town treasurer such part or parts of the proceeds of the bonds as may be justly applicable to such improvement or part thereof within such city or town, and any money so received by the city or town treasurer shall be inviolably applied to the purpose specified. When that portion of the entire improvement which lies within any such city or town can readily be separated into parts, the procedure authorized by this section may be pursued separately as to any one or more of such parts of the general improvement.

Nothing contained in this section shall be construed to render the county liable for any greater part of the expense of any improvement or part thereof within any city or town than the proper amount of the proceeds of such bonds, or to prevent the city or town from raising any part of the cost of any such improvement or part thereof, over and above the amount arising from the proceeds of the bonds, by assessment upon property benefited, or by contribution from any of its general or special funds in accordance with the provisions of the charter or laws governing such city or town. The provisions of this section, other than the direction for the payment into the county treasury of the money arising from the sale of the bonds, need not be complied with until after the issuance of the bonds and the validity of the bonds shall not be dependent upon such compliance. [1963 c 4 § 36.76.110. Prior: 1913 c 25 § 5; RRS § 5596.]

36.76.120 Payment of principal and interest. The county legislative authority must ascertain and levy annually a tax sufficient to pay the interest on all such bonds whenever it becomes due and to meet the annual maturities of principal. The county treasurer must pay out of any money accumulated from the taxes levied to pay the interest as aforesaid, the interest upon all such bonds when it becomes due as provided on the bond or, if coupons are attached to a bond, upon presentation at the place of payment of the proper coupon. Any interest payments or coupons so paid must be reported to the

county legislative authority at its first meeting thereafter. Whenever interest is payable at any place other than the city in which the county treasurer keeps his or her office, the county treasurer shall seasonably remit to the state fiscal agent the amount of money required for the payment of any interest which is about to fall due. When any such bonds or any interest is paid, the county treasurer shall suitably and indelibly cancel them. [2009 c 549 § 4125; 1984 c 186 § 33; 1983 c 167 § 92; 1963 c 4 § 36.76.120. Purpose—1984 c 186: See note following RCW 39.46.110.

36.76.130 Act cumulative. *This act shall not be construed as repealing or affecting any other act relating to the issuance of bonds for road or other purposes, but shall be construed as conferring additional power and authority. [1963 c 4 § 36.76.130. Prior: 1913 c 25 § 7; RRS § 5598.]

36.76.140 Toll bridge bonds authorized—Adjoining counties. The county legislative authority may, by majority vote, and by submission to the voters under the same procedure required in RCW 36.76.090 and 36.76.100, issue general obligation bonds for the purpose of contributing money, or the bonds themselves, to the department to help finance the construction of toll bridges across topographical formations constituting boundaries between the county and an adjoining county, or a toll bridge across topographical formation located wholly within an adjoining county, which in the discretion of the county legislative authority, directly or indirectly benefits the county. The bonds may be transferred to the department to be sold by it for the purposes outlined herein. The bonds may bear interest at a rate or rates as authorized by the county legislative authority. Such indebtedness is subject to the limitations on indebtedness provided for in RCW 39.36.020(2). [1984 c 7 § 32; 1971 c 76 § 3; 1970 ex.s. c 56 § 54; 1969 ex.s. c 232 § 30; 1963 c 4 § 36.76.140. 36.77.065 County forces construction projects or programs—Amounts—Violations. The board may cause any county road to be constructed or improved by use of county forces as provided in this section.

(1) As used in this section:

(a) "County forces" means regular employees of a county; and

(b) "Road construction project costs" means the aggregate total of those costs as defined by the budgeting, accounting, and reporting system for counties and cities and other local governments authorized under RCW 43.09.200 and 43.09.230 as prescribed in the state auditor's budget, account-

ing, and reporting manual's (BARS) road and street construction accounts: PROVIDED, That such costs shall not include those costs assigned to the right-of-way account, ancillary operations account, preliminary engineering account, and construction engineering account in the budget, accounting, and reporting manual.

(2) For counties with a population that equals or exceeds four hundred thousand people, the total amount of road construction project costs one county may perform annually with county forces shall be no more than the total of the following amounts:

(a) Three million two hundred fifty thousand dollars; and

(b) The previous year's county motor vehicle fuel tax distribution factor, as provided for in RCW 46.68.124(5), multiplied by the amount listed in (a) of this subsection.

(3) For counties with a population that equals or exceeds one hundred fifty thousand, but is less than four hundred thousand people, the total amount of road construction project costs one county may perform annually with county forces shall be no more than the total of the following amounts:

(a) One million seven hundred fifty thousand dollars; and

(b) The previous year's county motor vehicle fuel tax distribution factor, as provided for in RCW 46.68.124(5), multiplied by the amount listed in (a) of this subsection.

(4) For counties with a population that equals or exceeds thirty thousand, but is less than one hundred fifty thousand people, the total amount of road construction project costs one county may perform annually with county forces shall be no more than the total of the following amounts:

(7) Notwithstanding any other provision in this section, whenever the construction work or improvement is the installation of electrical traffic control devices, highway illumination equipment, electrical equipment, wires, or equipment to convey electrical current, in an amount exceeding ten thousand dollars for any one project including labor, equipment, and materials, such work shall be performed by contract as in this chapter provided. This section means a complete project

and does not permit the construction of any project by county forces by division of the project into units of work or classes of work. [2009 c 29 § 1; 2005 c 162 § 1; 2001 c 108 § 1; 1980 c 40 § 1.]

At the completion of such construction, the board shall cause to be published in one issue of such a newspaper a similar brief description of the work together with an accurate statement of the true and complete cost of performing such construction by county forces.

The board shall elect a chair from its own membership who shall hold office for one year. Election as chair does not affect the member's right to vote on all matters before the board. [1993 c 65 § 2; 1965 ex.s. c 120 § 5.]

36.78.060 Executive director. The county road administration board shall appoint an executive director who shall be the chief administrative officer of the board and shall be responsible for carrying out the policies adopted by the board. The executive director is exempt from the provisions of state civil service law, chapter 41.06 RCW, and shall serve at the pleasure of the county road administration board. (5) Report annually before the fifteenth day of January, and throughout the year as appropriate, to the state department of transportation and to the chairs of the house and senate transportation committees, and to other entities as appropriate on the status of county road administration in each county, including one copy to the staff of each of the committees. The annual report shall contain recommendations for improving administration of the county road programs;

36.78.090 Certificates of good practice—Withholding of motor vehicle tax distribution. (1) Before May 1st of each year the board shall transmit to the state treasurer certificates of good practice on behalf of the counties which during the preceding calendar year:

(a) Have submitted to the state department of transportation or to the board all reports required by law or regulation of the board; and

(b) Have reasonably complied with provisions of law relating to county road administration and with the standards of good practice as formulated and adopted by the board.

(2) The board shall not transmit to the state treasurer a certificate of good practice on behalf of any county failing to meet the requirements of subsection (1) of this section, but the board shall in such case and before May 1st, notify the county and the state treasurer of its reasons for withholding the certificate.

(3) The state treasurer, upon receiving a notice that a certificate of good practice will not be issued on behalf of a county, or that a previously issued certificate of good practice has been revoked, shall, effective the first day of the month after that in which notice is received, withhold from such county its share of motor vehicle fuel taxes distributable pursuant to RCW 46.68.120 until the board thereafter issues on behalf of such county a certificate of good practice or a conditional certificate. After withholding or revoking a certificate of good practice with respect to any county, the board may thereafter at any time issue such a certificate or a conditional certificate when the board is satisfied that the county has complied or is diligently attempting to comply with the requirements of subsection (1) of this section.

(4) The board may, upon notice and a hearing, revoke a previously issued certificate of good practice or substitute a conditional certificate therefor when, after issuance of a certificate of good practice, any county fails to meet the requirements of subsection (1) (a) and (b) of this section, but the board shall in such case notify the county and the state treasurer of its reasons for the revocation or substitution.

(5) Motor vehicle fuel taxes withheld from any county pursuant to this section shall not be distributed to any other county, but shall be retained in the motor vehicle fund to the credit of the county originally entitled thereto. Whenever the state treasurer receives from the board a certificate of good practice issued on behalf of such county he or she shall distribute to such county all of the funds theretofore retained in the motor vehicle fund to the credit of such county. [2009 c 549 § 4127; 1984 c 7 § 33; 1977 ex.s. c 257 § 1; 1965 ex.s. c 120 § 9.]

36.78.100 Conditional certificates. Whenever the board finds that a county has failed to submit the reports required by RCW 36.78.090, or has failed to comply with provisions of law relating to county road administration or

has failed to meet the standards of good practice as formulated and adopted by the board, the board may in lieu of withholding or revoking a certificate of good practice issue and transmit to the state treasurer on behalf of such county a conditional certificate which will authorize the continued distribution to such county all or a designated portion of its share of motor vehicle fuel taxes. The issuance of such a conditional certificate shall be upon terms and conditions as shall be deemed by the board to be appropriate. In the event a county on whose behalf a conditional certificate is issued fails to comply with the terms and conditions of such certificate, the board may forthwith cancel or modify such certificate notifying the state treasurer thereof. In such case the state treasurer shall thereafter withhold from such county all or the designated portion of its share of the motor vehicle fuel taxes as provided in RCW 36.78.090. [1977 ex.s. c 257 § 2; 1965 ex.s. c 120 § 10.]

All expenses incurred by the board including salaries of employees shall be paid upon voucher forms provided by the office of financial management or pursuant to a regular payroll signed by the chair and the executive director of the board. All expenses of the board shall be paid out of that portion of the motor vehicle fund allocated to the counties and withheld for use by the department of transportation and the county road administration board under the provisions of RCW 46.68.120(1), as now or hereafter amended. [2009 c 549 § 4128; 1990 c 266 § 3; 1979 c 151 § 42; 1965 ex.s. c 120 § 11.]

36.78.121 Maintenance. The county road administration board, or its successor entity, shall establish a standard of good practice for maintenance of transportation system assets. This standard must be implemented by all counties no later than December 31, 2007. The board shall develop a model maintenance management system for use by counties. The board shall develop rules to assist the counties in the implementation of this system. Counties shall annually submit their maintenance plans to the board. The board shall compile the county data regarding maintenance management and annually submit it to the office of financial management. [2006 c 334 § 10; 2003 c 363 § 307.]

36.79.010 Definitions. The definitions set forth in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Rural arterial program" means improvement projects on those county roads in rural areas classified as rural arterials and collectors in accordance with the federal functional classification system and the construction of replacement bridges funded by the federal bridge replacement program on access roads in rural areas.

(2) "Rural area" means every area of the state outside of areas designated as urban areas by the state transportation commission with the approval of the secretary of the United States department of transportation in accordance with federal law.

(3) "Board" means the county road administration board created by RCW 36.78.030. [1997 c 81 § 1; 1988 c 26 § 1; 1983 1st ex.s. c 49 § 1.]

36.79.020 Rural arterial trust account. There is created in the motor vehicle fund the rural arterial trust account. All moneys deposited in the motor vehicle fund to be credited to the rural arterial trust account shall be expended for (1) the construction and improvement of county rural arterials and collectors, (2) the construction of replacement bridges funded by the federal bridge replacement program on access roads in rural areas, and (3) those expenses of the board associated with the administration of the rural arterial program. [1997 c 81 § 2; 1988 c 26 § 2; 1983 1st ex.s. c 49 § 2.]

36.79.030 Apportionment of rural arterial trust account funds—Regions established. For the purpose of apportioning rural arterial trust account funds, the state is divided into five regions as follows:

(1) The Puget Sound region includes those areas within the counties of King, Pierce, and Snohomish.

(2) The northwest region includes those areas within the counties of Clallam, Jefferson, Island, Kitsap, San Juan, Skagit, and Whatcom.

(3) The northeast region includes those areas within the counties of Adams, Chelan, Douglas, Ferry, Grant, Lincoln, Okanogan, Pend Oreille, Spokane, Stevens, and Whitman.

(4) The southeast region includes those areas within the counties of Asotin, Benton, Columbia, Franklin, Garfield, Kittitas, Klickitat, Walla Walla, and Yakima.

(5) The southwest region includes those areas within the counties of Clark, Cowlitz, Grays Harbor, Lewis, Mason,

Pacific, Skamania, Thurston, and Wahkiakum. [1983 1st ex.s. c 49 § 3.]

36.79.040 Apportionment of rural arterial trust account funds—Apportionment formula. Funds available for expenditure by the board pursuant to RCW 36.79.020 shall be apportioned to the five regions for expenditure upon county arterials in rural areas in the following manner:

(1) One-third in the ratio which the land area of the rural areas of each region bears to the total land area of all rural areas of the state;

(2) Two-thirds in the ratio which the mileage of county arterials and collectors in rural areas of each region bears to the total mileage of county arterials and collectors in all rural areas of the state.

The board shall adjust the schedule for apportionment of such funds to the five regions in the manner provided in this section before the commencement of each fiscal biennium. [1997 c 81 § 3; 1983 1st ex.s. c 49 § 4.]

36.79.050 Apportionment of rural arterial trust account funds—Establishment of apportionment percentages. At the beginning of each fiscal biennium, the board shall establish apportionment percentages for the five regions defined in RCW 36.79.030 in the manner prescribed in RCW 36.79.040 for that biennium. The apportionment percentages shall be used once each calendar quarter by the board to apportion funds credited to the rural arterial trust account that are available for expenditure for rural arterial and collector projects and for construction of replacement bridges funded by the federal bridge replacement program on access roads in rural areas. The funds so apportioned shall remain apportioned until expended on construction projects in accordance with rules of the board. Within each region, funds shall be allocated by the board to counties for the construction of specific rural arterial and collector projects and construction of replacement bridges funded by the federal bridge replacement program on access roads in rural areas in accordance with the procedures set forth in this chapter. [1997 c 81 § 4; 1988 c 26 § 3; 1983 1st ex.s. c 49 § 5.]

36.79.060 Powers and duties of board. The board shall:

(1) Adopt rules necessary to implement the provisions of this chapter relating to the allocation of funds in the rural arterial trust account to counties;

(2) Adopt reasonably uniform design standards for county rural arterials and collectors that meet the requirements for trucks transporting commodities. [1998 c 245 § 31; 1997 c 81 § 5; 1988 c 26 § 4; 1983 1st ex.s. c 49 § 6.]

36.79.070 Board may contract with department of transportation for staff services and facilities. The board may contract with the department of transportation to furnish any necessary staff services and facilities required in the administration of the rural arterial program. The cost of such services that are attributable to the rural arterial program, together with travel expenses in accordance with RCW 43.03.050 and 43.03.060 of the members and all other lawful expenses of the board that are attributable to the rural arterial

program, shall be paid from the rural arterial trust account in the motor vehicle fund. [1983 1st ex.s. c 49 § 7.]

36.79.080 Six-year program for rural arterial improvements—Selection of priority improvement projects. In preparing their respective six-year programs relating to rural arterial improvements, counties shall select specific priority improvement projects for each functional class of arterial based on the rating of each arterial section proposed to be improved in relation to other arterial sections within the same functional class, taking into account the following:

- (1) Its structural ability to carry loads imposed upon it;
- (2) Its capacity to move traffic at reasonable speeds;
- (3) Its adequacy of alignment and related geometrics;
- (4) Its accident experience; and
- (5) Its fatal accident experience.

The six-year construction programs shall remain flexible and subject to annual revision as provided in RCW 36.81.121. [1983 1st ex.s. c 49 § 8.]

36.79.090 Six-year program for rural arterial improvements—Review and revision by board. Upon receipt of a county's revised six-year program, the board as soon as practicable shall review and may revise the construction program as it relates to rural arterials and the construction of replacement bridges funded by the federal bridge replacement program on access roads in rural areas for which rural arterial trust account moneys are requested as necessary to conform to (1) the priority rating of the proposed project, based upon the factors in RCW 36.79.080, in relation to proposed projects in all other rural arterial construction programs submitted by the counties and within each region; and (2) the amount of rural arterial trust account funds that the board estimates will be apportioned to the region. [1988 c 26 § 5; 1983 1st ex.s. c 49 § 10.]

36.79.100 Rural arterial improvements—Coordination with municipal and state projects. Whenever a rural arterial enters a city or town, the proper city or town and county officials shall jointly plan the improvement of the arterial in their respective long-range plans. Whenever a rural arterial connects with and will be substantially affected by a programmed construction project on a state highway, the proper county officials shall jointly plan the development of such arterial with the department of transportation district administrator. The board shall adopt rules encouraging the system development of county-city arterials in rural areas and rural arterials with state highways. [1983 1st ex.s. c 49 § 9.]

36.79.110 Coordination of transportation improvement board and county road administration board. The county road administration board and the transportation improvement board shall jointly adopt rules to assure coordination of their respective programs especially with respect to projects proposed by the group of incorporated cities outside the boundaries of federally approved urban areas, and to encourage the system development of county-city arterials in rural areas. [1988 c 167 § 7; 1983 1st ex.s. c 49 § 11.]

Additional notes found at www.leg.wa.gov

36.79.120 Rural arterial trust account—Matching funds. Counties receiving funds from the rural arterial trust account for construction of arterials and the construction of replacement bridges funded by the federal bridge replacement program on access roads in rural areas shall provide such matching funds as established by rules recommended by the board, subject to review, revision, and final approval by the office of financial management. Matching requirements shall be established after appropriate studies by the board, taking into account financial resources available to counties to meet arterial needs. [2006 c 334 § 11; 1988 c 26 § 6; 1983 1st ex.s. c 49 § 12.]

Effective date—2006 c 334: See note following RCW 47.01.051.

36.79.130 Recommended budget for expenditures from rural arterial trust account. Not later than November 1st of each even-numbered year the board shall prepare and present to the office of financial management a recommended budget for expenditures from the rural arterial trust account during the ensuing biennium. The budget shall contain an estimate of the revenues to be credited to the rural arterial trust account.

The office of financial management shall review the budget as recommended, revise the budget as it deems proper, and include the budget as revised as a separate section of the transportation budget which it shall submit to the governor pursuant to chapter 43.88 RCW. [2006 c 334 § 12; 1983 1st ex.s. c 49 § 13.]

Effective date—2006 c 334: See note following RCW 47.01.051.

36.79.140 Expenditures from rural arterial trust account—Approval by board. At the time the board reviews the six-year program of each county each even-numbered year, it shall consider and shall approve for inclusion in its recommended budget, as required by RCW 36.79.130, the portion of the rural arterial construction program scheduled to be performed during the biennial period beginning the following July 1st. Subject to the appropriations actually approved by the legislature, the board shall as soon as feasible approve rural arterial trust account funds to be spent during the ensuing biennium for preliminary proposals in priority sequence as established pursuant to RCW 36.79.090. Only those counties that during the preceding twelve months have spent all revenues collected for road purposes only for such purposes, including removal of barriers to fish passage and accompanying streambed and stream bank repair as specified in RCW 36.82.070, and including traffic law enforcement, as are allowed to the state by Article II, section 40 of the state Constitution or RCW 36.82.070(2) are eligible to receive funds from the rural arterial trust account, except that: (1) Counties with a population of less than eight thousand are exempt from this eligibility restriction; (2) counties expending revenues collected for road purposes only on other governmental services after authorization from the voters of that county under RCW 84.55.050 are also exempt from this eligibility restriction; and (3) this restriction shall not apply to any moneys diverted from the road district levy under chapter 39.89 RCW. The board shall authorize rural arterial trust account funds for the construction project portion of a project previously authorized for a preliminary proposal in the sequence in which the preliminary proposal has been com-

(2016 Ed.)

pleted and the construction project is to be placed under contract. At such time the board may reserve rural arterial trust account funds for expenditure in future years as may be necessary for completion of preliminary proposals and construction projects to be commenced in the ensuing biennium.

The board may, within the constraints of available rural arterial trust funds, consider additional projects for authorization upon a clear and conclusive showing by the submitting county that the proposed project is of an emergent nature and that its need was unable to be anticipated at the time the six-year program of the county was developed. The proposed projects shall be evaluated on the basis of the priority rating factors specified in RCW 36.79.080. [2015 c 223 § 2. Prior: 2001 c 221 § 2; 2001 c 212 § 26; 1997 c 81 § 6; 1991 c 363 § 84; 1990 c 42 § 104; 1984 c 113 § 1; 1983 1st ex.s. c 49 § 14.]

Purpose—Intent—2001 c 221: "The legislature recognizes that projects that remove impediments to fish passage can greatly increase access to spawning and rearing habitat for depressed, threatened, and endangered fish stocks. Although counties are authorized to use county road funds to replace culverts and other barriers to fish passage, and may conduct streambed and stream bank restoration and stabilization work in conjunction with removal of these fish barriers, counties are reluctant to spend county road funds beyond the county right-of-way because it is unclear whether the use of road funds for this purpose is authorized. The purpose of this act is to clarify that streambed and stream bank restoration and stabilization activities conducted in conjunction with removal of existing barriers to fish passage within county rights-of-way constitute a county road purpose even if this work extends beyond the county right-of-way. The legislature intends this act to be permissive legislation. Nothing in this act is intended to create or impose a legal duty upon counties for salmon recovery work beyond the county right-of-way." [2001 c 221 § 1.]

Purpose—Captions not law—1991 c 363: See notes following RCW 2.32.180.

Purpose—Effective dates—Application—Implementation—1990 c 42: See notes following RCW 46.68.090.

36.79.150 Allocation of funds to rural arterial projects—Subsequent application for increased allocation—Withholding of funds for noncompliance. (1) Whenever the board approves a rural arterial project it shall determine the amount of rural arterial trust account funds to be allocated for such project. The allocation shall be based upon information contained in the six-year plan submitted by the county seeking approval of the project and upon such further investigation as the board deems necessary. The board shall adopt reasonable rules pursuant to which rural arterial trust account funds allocated to a project may be increased upon a subsequent application of the county constructing the project. The rules adopted by the board shall take into account, but shall not be limited to, the following factors: (a) The financial effect of increasing the original allocation for the project upon other rural arterial projects either approved or requested; (b) whether the project for which an additional allocation is requested can be reduced in scope while retaining a usable segment; (c) whether the original cost of the project shown in the applicant's six-year program was based upon reasonable engineering estimates; and (d) whether the requested additional allocation is to pay for an expansion in the scope of work originally approved.

(2) The board shall not allocate funds, nor make payments under RCW 36.79.160, to any county or city identified by the governor under RCW 36.70A.340. [1991 sp.s. c 32 § 31; 1983 1st ex.s. c 49 § 15.]

Additional notes found at www.leg.wa.gov

36.79.160 Payment of rural arterial trust account funds. (1) Upon completion of a preliminary proposal, the county submitting the proposal shall submit to the board its voucher for payment of the trust account share of the cost. Upon the completion of an approved rural arterial construction project, the county constructing the project shall submit to the board its voucher for the payment of the trust account share of the cost. The chair of the board or his or her designated agent shall approve such voucher when proper to do so, for payment from the rural arterial trust account to the county submitting the voucher.

(2) The board may adopt rules providing for the approval of payments of funds in the rural arterial trust account to a county for costs of preliminary proposal, and costs of construction of an approved project from time to time as work progresses. These payments shall at no time exceed the rural arterial trust account share of the costs of construction incurred to the date of the voucher covering the payment. [2009 c 549 § 4129; 1983 1st ex.s. c 49 § 17.]

36.79.170 County may appeal decision of board—Hearing. The legislative body of any county feeling aggrieved by any action or decision of the board with respect to this chapter may appeal to the secretary of transportation by filing a notice of appeal within ninety days after the action or decision of the board. The notice shall specify the action or decision of which complaint is made. The secretary shall fix a time for a hearing on the appeal at the earliest convenient time and shall notify the county auditor and the chair of the board by certified mail at least twenty days before the date of the hearing. At the hearing the secretary shall receive evidence from the county filing the appeal and from the board. After the hearing the secretary shall make such order as in the secretary's judgment is just and proper. [2009 c 549 § 4130; 1983 1st ex.s. c 49 § 18.]

36.79.901 Effective date—1983 1st ex.s. c 49. This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect on July 1, 1983. [1983 1st ex.s. c 49 § 33.]

36.82.040 General tax levy for road fund—Exceptions. For the purpose of raising revenue for establishing, laying out, constructing, altering, repairing, improving, and maintaining county roads, bridges, and wharves necessary for vehicle ferriage and for other proper county purposes, the board shall annually at the time of making the levy for general purposes make a uniform tax levy throughout the county, or any road district thereof, of not to exceed two dollars and twenty-five cents per thousand dollars of assessed value of the last assessed valuation of the taxable property in the county, or road district thereof, unless other law of the state requires a lower maximum levy, in which event such lower maximum levy shall control. [1963 c 4 § 36.82.060. Prior: 1937 c 187 § 8, part; RRS § 6450-8, part.]

36.82.070 Purpose for which road fund can be used. (1) Any money paid to any county road fund may be used for the construction, alteration, repair, improvement, or maintenance of county roads and bridges thereon and for wharves necessary for ferriage of motor vehicle traffic, and for ferries, and for the acquiring, operating, and maintaining of machinery, equipment, quarries, or pits for the extraction of materi-

als, and for the cost of establishing county roads, acquiring rights-of-way therefor, and expenses for the operation of the county engineering office, and for any of the following programs when directly related to county road purposes: (a) Insurance; (b) self-insurance programs; and (c) risk management programs; and for any other proper county road purpose. Such expenditure may be made either independently or in conjunction with the state or any city, town, or tax district within the county. County road purposes include the construction, maintenance, or improvement of park and ride lots. County road purposes also include the removal of barriers to fish passage related to county roads, and include, but are not limited to, the following activities associated with the removal of these barriers: Engineering and technical services; stream bank stabilization; streambed restoration; the placement of weirs, rock, or woody debris; planting; and channel modification. County road funds may be used beyond the county right-of-way for activities clearly associated with removal of fish passage barriers that are the responsibility of the county. Activities related to the removal of barriers to fish passage performed beyond the county right-of-way must not exceed twenty-five percent of the total cost of activities related to fish barrier removal on any one project, and the total annual cost of activities related to the removal of barriers to fish passage performed beyond the county rights-of-way must not exceed one-half of one percent of a county's annual road construction budget. The use of county road funds beyond the county right-of-way for activities associated with the removal of fish barriers is permissive, and wholly within the discretion of the county legislative authority. 36.83.010 Service districts authorized—Bridge and road improvements—Powers—Governing body. The legislative authority of a county may establish one or more service districts within the county for the purpose of providing and funding capital and maintenance costs for any bridge or road improvement or for providing and funding capital costs for any state highway improvement a county or a road district

has the authority to provide. A service district may not include any area within the corporate limits of a city or town unless the city or town governing body adopts a resolution approving inclusion of the area within its limits. A service district is a quasi municipal corporation, an independent taxing "authority" within the meaning of Article VII, section 1 of the state Constitution, and a "taxing district" within the meaning of Article VII, section 2 of the state Constitution.

A service district shall constitute a body corporate and shall possess all the usual powers of a corporation for public purposes as well as all other powers that may now or hereafter be specifically conferred by statute, including, but not limited to, the authority to hire employees, staff, and services, to enter into contracts, to acquire, hold, and dispose of real and personal property, and to sue and be sued. All projects constructed by a service district pursuant to the provisions of this chapter shall be competitively bid and contracted.

A board of three commissioners appointed by the county legislative authority or county executive pursuant to this chapter shall be the governing body of a service district. The county treasurer shall act as the ex officio treasurer of the service district. The electors of a service district are all registered voters residing within the district. [1996 c 292 § 1; 1985 c 400 § 2; 1983 c 130 § 1.]

County may fund improvements to state highways: RCW 36.75.035.

36.83.020 Establishment—Notice, hearing—Termination of proceedings—Modification of boundaries—Dissolution. (1) A county legislative authority proposing to establish a service district shall conduct a hearing at the time and place specified in a notice published at least once, not less than ten days prior to the hearing, in a newspaper of general circulation within the proposed service district. This notice shall be in addition to any other notice required by law to be published. The notice shall specify the functions or activities proposed to be provided or funded by the service district. Additional notice of the hearing may be given by mail, posting within the proposed service district, or in any manner the county legislative authority deems necessary to notify affected persons. All hearings shall be public and the county legislative authority shall hear objections from any person affected by the formation, modification of the boundaries, or dissolution of the service district.

(2) Following the hearing held pursuant to subsection (1) of this section, the county legislative authority may establish a service district if the county legislative authority finds the action to be in the public interest and adopts an ordinance or resolution providing for the establishment of the service district. The legislation establishing a service district shall specify the functions or activities to be exercised or funded and establish the boundaries of the service district. Functions or activities proposed to be provided or funded by the service district may not be expanded beyond those specified in the notice of hearing, except as provided in subsection (4) of this section.

(3) At any time prior to the county legislative authority establishing a service district pursuant to this section, all further proceedings shall be terminated upon the filing of a verified declaration of termination signed by a majority of the registered voters of the proposed service district.

(4) With the approval of the county legislative authority, the governing body of a service district may modify the boundaries of, expand or otherwise modify the functions of, or dissolve the service district after providing notice and conducting a public hearing or hearings in the manner provided in subsection (1) of this section. The governing body must make a determination that the proposed action is in the public interest and adopt a resolution providing for the action. [1996 c 292 § 2; 1983 c 130 § 2.]

36.83.030 Excess ad valorem property taxes authorized. (1) A service district may levy an ad valorem property tax, in excess of the one percent limitation, upon the property within the district for a one-year period whenever authorized by the voters of the district pursuant to RCW 84.52.052 and Article VII, section 2(a) of the state Constitution.

(2) A service district may provide for the retirement of voter approved general obligation bonds, issued for capital purposes only, by levying bond retirement ad valorem property tax levies, in excess of the one percent limitation, whenever authorized by the voters of the district pursuant to Article VII, section 2(b) of the state Constitution and RCW 84.52.056. [1983 c 130 § 3.]

36.83.040 General obligation bonds, excess property tax levies authorized—Limitations. (1) To carry out the purpose of this chapter, a service district may issue general obligation bonds, not to exceed an amount, together with any other outstanding nonvoter approved general obligation indebtedness, equal to three-eighths of one percent of the value of taxable property within the district, as the term "value of taxable property" is defined in RCW 39.36.015. A service district may additionally issue general obligation bonds for capital purposes only, together with any outstanding general obligation indebtedness, not to exceed an amount equal to one and one-fourth percent of the value of the taxable property within the district, as the term "value of taxable property" is defined in RCW 39.36.015, when authorized by the voters of the service district pursuant to Article VIII, section 6 of the state Constitution, and to provide for the retirement thereof by excess property tax levies as provided in RCW 36.83.030(2). The service district may submit a single proposition to the voters which, if approved, authorizes both the issuance of the bonds and the bond retirement property tax levies.

(2) General obligation bonds with a maturity in excess of forty years shall not be issued. The governing body of the service district shall by resolution determine for each general obligation bond issue the amount, date, terms, conditions, denominations, maximum fixed or variable interest rate or rates, maturity or maturities, redemption rights, registration privileges, manner of execution, manner of sale, callable provisions, if any, covenants, and form, including registration as to principal and interest, registration as to principal only, or bearer. Registration may include, but not be limited to: (a) A book entry system of recording the ownership of a bond whether or not physical bonds are issued; or (b) recording the ownership of a bond together with the requirement that the transfer of ownership may only be effected by the surrender of the old bond and either the reissuance of the old bond or the issuance of a new bond to the new owner. Facsimile sig-

natures may be used on the bonds and any coupons. Refunding general obligation bonds may be issued in the same manner as general obligation bonds are issued.

(3) Whenever general obligation bonds are issued to fund specific projects or enterprises that generate revenues, charges, user fees, or special assessments, the service district which issues the bonds may specifically pledge all or a portion of the revenues, charges, user fees, or special assessments to refund the general obligation bonds. Registration may include, but not be limited to: (a) A book entry system of recording the ownership of a bond whether or not physical bonds are issued; or (b) recording the ownership of a bond together with the requirement that the transfer of ownership may only be effected by the surrender of the old bond and either the reissuance of the old bond or the issuance of a new bond to the new owner. Facsimile signatures may be used on the bonds and any coupons. The maximum term of any special assessment bonds shall not exceed thirty years beyond the date of issue. Special assessment bonds issued pursuant to this section shall not be an indebtedness of the service district issuing the bonds, and the interest and principal on the bonds shall only be payable from special assessments made for the improvement for which the bonds were issued and any local improvement guaranty fund that the service district has created. The owner or bearer of a special assessment bond or any interest coupon issued pursuant to this section shall not have any claim against the service district arising from the bond or coupon except for the payment from special assessments made for the improvement for which the bonds were issued and any local improvement guaranty fund the service district has created. The service district issuing the special assessment bonds is not liable to the owner or bearer of any special assessment bond or any interest coupon issued pursuant to this section for any loss occurring in the lawful operation of its local improvement guaranty fund. The substance of the limitations included in this subsection shall be plainly printed, written, or engraved on each special assessment bond issued pursuant to this section.

(4) The governing body of a service district shall provide for the payment of both the special assessments which are imposed and a portion of the utility income from the utility improvement into a special fund established for the payment of the revenue bonds to defray the cost of the utility local improvement district whenever it desires to create a utility local improvement district and issue revenue bonds to fund the local improvement. A commissioner shall hold office until his or her successor has been appointed and qualified, unless sooner removed from office for cause in accordance with this chapter or removed by referendum in accordance with RCW

36.83.110. A certificate of the appointment or reappointment of any commissioner must be filed with the county auditor, and such certificate is conclusive evidence of the due and proper appointment of the commissioner. The commissioners of the service district shall receive no compensation for their services, in any capacity, but are entitled to reimbursement for reasonable and necessary expenses, including travel expenses, incurred in the discharge of their duties.

Within ten days of the filing of a petition, the county auditor shall confer with the petitioner concerning form and style of the petition, issue an identification number for the petition, and write a ballot title for the measure. The ballot title shall be posed as a question: "Shall (name of commissioner) be retained as a road and bridge service district commissioner?" and the question shall be posed separately for each commissioner. The petitioner shall be notified of the identification number and ballot title within this ten-day period.

After this notification, the petitioner shall have thirty days in which to secure on petition forms the signatures of not less than twenty-five percent of the registered voters residing within the boundaries of the service district and file the signed petitions with the county auditor. Each petition form shall contain the ballot title. The county auditor shall verify the sufficiency of the signatures on the petitions. [1996 c 292 § 6.]

36.83.140 Local service district fund. If a service district is formed, there shall be created in the office of the county treasurer, as ex officio treasurer of the service district, a local service district fund with such accounts as the treasurer may find convenient or as the state auditor or the governing body of the service district may direct, into which shall be deposited all revenues received by or on behalf of the service district from tax levies, gifts, donations and any other source. 36.85.010 Acquisition—Condemnation. Whenever it is necessary to secure any lands for a right-of-way for any county road or for the drainage thereof or to afford unobstructed view toward any intersection or point of possible danger to public travel upon any county road or for any borrow pit, gravel pit, quarry, or other land for the extraction of material for county road purposes, or right-of-way for access thereto, the board may acquire such lands on behalf of the county by gift, purchase, or condemnation. When the board so directs, the prosecuting attorney of the county shall institute proceedings in condemnation to acquire such land for a county road in the manner provided by law for the condemnation of land for public use by counties. All cost of acquiring land for right-of-way or for other purposes by purchase or condemnation shall be paid out of the county road fund of the county and chargeable against the project for which acquired. [1963 c 4 § 36.85.010. Prior: 1937 c 187 § 9; RRS § 6450-9.]

36.85.020 Aviation site not exempt from condemnation. Whenever any county has established a public highway, which, in whole or in part, abuts upon and adjoins any aviation site in such county, no property shall be exempt from condemnation for such highway by reason of the same hav-

ing been or being dedicated, appropriated, or otherwise reduced or held to public use. [1963 c 4 § 36.85.020. Prior: 1925 ex.s. c 41 § 1; RRS § 905-2.]

36.85.030 Acceptance of federal grants over public lands. The boards in their respective counties may accept the grant of rights-of-way for the construction of public highways over public lands of the United States, not reserved for public uses, contained in section 2477 of the Revised Statutes of the United States. Such rights-of-way shall henceforward not be less than sixty feet in width unless a lesser width is specified by the United States. Acceptance shall be by resolution of the board spread upon the records of its proceedings: PROVIDED, That nothing herein contained shall be construed to invalidate the acceptance of such grant by general public use and enjoyment, heretofore or hereafter had. [1963 c 4 § 36.85.030. Prior: 1937 c 187 § 17; RRS § 6450-17.]

From and after April 1, 1937, the width of thirty feet on each side of the center line of county roads, exclusive of such additional width as may be required for cuts and fills, is the necessary and proper right-of-way width for county roads, unless the board of county commissioners, shall, in any instance, adopt and designate a different width. This shall not be construed to require the acquisition of increased right-of-way for any county road already established and the right-of-way for which has been secured. [1963 c 4 § 36.86.010. Prior: 1937 c 187 § 14; RRS § 6450-14.]

the county engineering office. [1963 c 4 § 36.86.050. Prior: 1937 c 187 § 36; RRS § 6450-36.]

36.86.060 Restrictions on use of oil at intersections or entrances to county roads. No oil or other material shall be used in the treatment of any county road or private road or driveway, of such consistency, viscosity or nature or in such quantities and in such proximity to the entrance to or intersection with any state highway or county road, the roadway of which is surfaced with cement concrete or asphaltic concrete, that such oil or other material is or will be tracked by vehicles thereby causing a coating or discoloration of such cement concrete or asphaltic concrete roadway. Any person violating the provisions of this section shall be guilty of a misdemeanor. [1963 c 4 § 36.86.060. Prior: 1937 c 187 § 43; RRS § 6450-43.]

36.86.080 Application of design standards to construction and reconstruction. Upon the adoption of uniform design standards the legislative authority of each county shall apply the same to all new construction within, and as far as practicable and feasible to reconstruction of old roads comprising, the county primary road system. No deviation from such design standards as to such primary system may be made without the approval of the state aid engineer for the department of transportation. [1982 c 145 § 3; 1963 c 4 § 36.86.080. Prior: 1949 c 165 § 4; Rem. Supp. 1949 § 6450-8k.]

36.86.090 Logs dumped on right-of-way—Removal—Confiscation. Logs dumped on any county road right-of-way or in any county road drainage ditch due to hauling equipment failure, or for any other reason, shall be removed within ten days. Logs remaining within any county road right-of-way for a period of thirty days shall be confiscated and removed or disposed of as directed by the boards of county commissioners in the respective counties. Confiscated logs may be sold by the county commissioners and the proceeds thereof shall be deposited in the county road fund. [1963 c 4 § 36.86.090. Prior: 1951 c 143 § 1.]

36.86.100 Railroad grade crossings—Obstructions. Each railroad company shall keep its right-of-way clear of all brush and timber in the vicinity of a railroad grade crossing with a county road for a distance of one hundred feet from the crossing in such a manner as to permit a person upon the road to obtain an unobstructed view in both directions of an approaching train. The county legislative authority shall cause brush and timber to be cleared from the right-of-way of county roads in the proximity of a railroad grade crossing for

a distance of one hundred feet from the crossing in such a manner as to permit a person traveling upon the road to obtain an unobstructed view in both directions of an approaching train. It is unlawful to erect or maintain a sign, signboard, or billboard within a distance of one hundred feet from the point of intersection of the road and railroad grade crossing located outside the corporate limits of any city or town unless, after thirty days notice to the Washington utilities and transportation commission and the railroad operating the crossing, the county legislative authority determines that it does not obscure the sight distance of a person operating a vehicle or train approaching the grade crossing.

When a person who has erected or who maintains such a sign, signboard, or billboard or when a railroad company permits such brush or timber in the vicinity of a railroad grade crossing with a county road or permits the surface of a grade crossing to become inconvenient or dangerous for passage and who has the duty to maintain it, fails, neglects, or refuses to remove or cause to be removed such brush, timber, sign, signboard, or billboard, or maintain the surface of the crossing, the utilities and transportation commission upon complaint of the county legislative authority or upon complaint of any party interested, or upon its own motion, shall enter upon a hearing in the manner now provided for hearings with respect to railroad-highway grade crossings, and make and enforce proper orders for the removal of the brush, timber, sign, signboard or billboard, or maintenance of the crossing. Nothing in this section prevents the posting or maintaining thereon of highway or road signs or traffic devices giving directions or distances for the information of the public when the signs conform to the "Manual for Uniform Traffic Control Devices" issued by the state department of transportation. The county legislative authority shall inspect highway grade crossings and make complaint of the violation of any provisions of this section. [1983 c 19 § 1; 1963 c 4 § 36.86.100. Owners of the majority of the frontage on any county road or portion thereof may petition the county legislative authority to vacate and abandon the same or any portion thereof. The petition must show the land owned by each petitioner and set forth that such county road is useless as part of the county road system and that the public will be benefited by its vacation and abandonment. The legislative authority may (1) require the petitioners to make an appropriate cash deposit or furnish an appropriate bond against which all costs and expenses incurred in the examination, report, and proceedings pertaining to the petition shall be charged; or (2) by ordinance or resolution require the petitioners to pay a fee adequate to cover such costs and expenses. [1991 c 363 § 89; 1985 c 369 § 4; 1963 c 4 § 36.87.020. Prior: 1937 c 187 § 49, part; RRS § 6450-49, part.]

Purpose—Captions not law—1991 c 363: See notes following RCW 2.32.180.

36.87.030 County road frontage owners' petition—Action on petition. On the filing of the petition and bond and on being satisfied that the petition has been signed by petitioners residing in the vicinity of the county road or portion thereof, the board shall direct the county road engineer to report upon such vacation and abandonment. [1963 c 4 § 36.87.030. Prior: 1937 c 187 § 49, part; RRS § 6450-49, part.]

36.87.040 Engineer's report. When directed by the board the county road engineer shall examine any county road or portion thereof proposed to be vacated and abandoned and report his or her opinion as to whether the county road should be vacated and abandoned, whether the same is in use or has been in use, the condition of the road, whether it will be advisable to preserve it for the county road system in the future, whether the public will be benefited by the vacation and abandonment, and all other facts, matters, and things which will be of importance to the board, and also file his or her cost bill. [2009 c 549 § 4139; 1963 c 4 § 36.87.040. Prior: 1937 c 187 § 50; RRS § 6450-50.]

36.87.050 Notice of hearing on report. Notice of hearing upon the report for vacation and abandonment of a county road shall be published at least once a week for two consecutive weeks preceding the date fixed for the hearing, in the county official newspaper and a copy of the notice shall be posted for at least twenty days preceding the date fixed for hearing at each termini of the county road or portion thereof proposed to be vacated or abandoned. 36.87.060 Hearing. (1) On the day fixed for the hearing, the county legislative authority shall proceed to consider the report of the engineer, together with any evidence for or objection against such vacation and abandonment. If the

county road is found useful as a part of the county road system it shall not be vacated, but if it is not useful and the public will be benefited by the vacation, the county legislative authority may vacate the road or any portion thereof. Its decision shall be entered in the minutes of the hearing.

(2) As an alternative, the county legislative authority may appoint a hearing officer to conduct a public hearing to consider the report of the engineer and to take testimony and evidence relating to the proposed vacation. Following the hearing, the hearing officer shall prepare a record of the proceedings and a recommendation to the county legislative authority concerning the proposed vacation. Their decision shall be made at a regular or special public meeting of the county legislative authority. [1985 c 369 § 5; 1963 c 4 § 36.87.060. Prior: 1937 c 187 § 51, part; RRS § 6450-51, part.]

36.87.070 Expense of proceeding. If the county legislative authority has required the petitioners to make a cash deposit or furnish a bond, upon completion of the hearing, it shall certify all costs and expenses incurred in the proceedings to the county treasurer and, regardless of its final decision, the county legislative authority shall recover all such costs and expenses from the bond or cash deposit and release any balance to the petitioners. 36.87.090 Vacation of road unopened for five years—Exceptions. Any county road, or part thereof, which remains unopen for public use for a period of five years after the order is made or authority granted for opening it, shall be thereby vacated, and the authority for building it barred by lapse of time: PROVIDED, That this section shall not apply to any highway, road, street, alley, or other public place dedicated as such in any plat, whether the land included in such plat is within or without the limits of an incorporated city or town, or to any land conveyed by deed to the state or to any county, city or town for highways, roads, streets, alleys, or other public places. [1963 c 4 § 36.87.090. Prior: 1937 c 187 § 52; RRS § 6450-52.]

36.87.100 Classification of roads for which public expenditures made—Compensation of county. Any board of county commissioners may, by ordinance, classify all county roads for which public expenditures were made in the acquisition, improvement or maintenance of the same, according to the type and amount of expenditures made and the nature of the county's property interest in the road; and may require persons benefiting from the vacation of county roads within some or all of the said classes to compensate the county as a condition precedent to the vacation thereof. [1969 ex.s. c 185 § 4.]

36.87.110 Classification of roads for which no public expenditures made—Compensation of county. Any board of county commissioners may, by ordinance, separately classify county roads for which no public expenditures have been made in the acquisition, improvement or maintenance of the same, according to the nature of the county's property interest in the road; and may require persons benefiting from the vacation of county roads within some or all of the said classes to compensate the county as a condition precedent to the vacation thereof. [1969 ex.s. c 185 § 5.]

36.87.120 Appraised value as basis for compensation—Appraisal costs. Any ordinance adopted pursuant to this chapter may require that compensation for the vacation of county roads within particular classes shall equal all or a percentage of the appraised value of the vacated road as of the effective date of the vacation. In determining the appropriate compensation for the road or right-of-way, the board may adjust the appraised value to reflect the value of the transfer of liability or risk, the increased value to the public in property taxes, the avoided costs for management or maintenance, and any limits on development or future public benefit. Costs of county appraisals of roads pursuant to such ordinances shall be deemed expenses incurred in vacation proceedings, and shall be paid in the manner provided by RCW 36.87.070. [2016 c 19 § 2; 1969 ex.s. c 185 § 6.]

Intent—2016 c 19: "The intent of the legislature is to update outdated local road statutes to provide taxpayers with lower road maintenance costs and greater road efficiencies." [2016 c 19 § 1.]

36.87.130 Vacation of roads abutting bodies of water prohibited unless for public purposes or industrial use. No county shall vacate a county road or part thereof which abuts on a body of salt or freshwater unless the purpose of the vacation is to enable any public authority to acquire the vacated property for port purposes, boat moorage or launching sites, or for park, viewpoint, recreational, educational or other public purposes, or unless the property is zoned for industrial uses. [1969 ex.s. c 185 § 7.]

36.87.140 Retention of easement for public utilities and services. Whenever a county road or any portion thereof is vacated the legislative body may include in the resolution authorizing the vacation a provision that the county retain an easement in respect to the vacated land for the construction, repair, and maintenance of public utilities and services which at the time the resolution is adopted are authorized or are physically located on a portion of the land being vacated: PROVIDED, That the legislative body shall not convey such easement to any public utility or other entity or person but may convey a permit or franchise to a public utility to effectuate the intent of this section. The term "public utility" as used in this section shall include utilities owned, operated, or maintained by every gas company, electrical company, telephone company, telegraph company, and water company whether or not such company is privately owned or owned by a governmental entity. Deferral of special assessments: Chapter 84.38 RCW.

Local improvements, supplemental authority: Chapter 35.51 RCW.

36.88.010 Districts authorized—Purposes. All counties have the power to create county road improvement districts for the acquisition of rights-of-way and improvement of county roads, existing private roads that will become county roads as a result of this improvement district process and, with the approval of the state department of transportation, state highways; for the construction or improvement of necessary drainage facilities, bulkheads, retaining walls, and other appurtenances therefor, bridges, culverts, sidewalks, curbs and gutters, escalators, or moving sidewalks; and for the draining or filling of drainage potholes or swamps. Such counties have the power to levy and collect special assessments against the real property specially benefited thereby for the purpose of paying the whole or any part of the cost of such acquisition of rights-of-way, construction, or improvement. [1985 c 400 § 3; 1985 c 369 § 7; 1965 c 60 § 1; 1963 c 84 § 1; 1963 c 4 § 36.88.010. Prior: 1959 c 134 § 1; 1951 c 192 § 1.]

All counties have the power to create county road improvement districts for the construction, installation, improvement, operation, and maintenance of street and road lighting systems for any county roads, and subject to the approval of the state department of transportation, for state highways, and for safeguards to protect the public from hazards of open canals, flumes, or ditches, and the counties have the power to levy and collect special assessments against the real property specially benefited thereby for the purpose of paying the whole or any part of the cost of the construction, installation, or improvement

together with the expense of furnishing electric energy, maintenance, and operation. [1984 c 7 § 41; 1965 c 60 § 2; 1963 c 84 § 2; 1963 c 4 § 36.88.015. Prior: 1959 c 75 § 4; 1953 c 152 § 1.]

36.88.020 Formation of district—How initiated. County road improvement districts may be initiated either by resolution of the board of county commissioners or by petition signed by the owners according to the records of the office of the county auditor of property to an aggregate amount of the majority of the lineal frontage upon the contemplated improvement and of the area within the limits of the county road improvement district to be created therefor. [1963 c 4 § 36.88.020. Prior: 1951 c 192 § 2.]

36.88.030 Formation of district—By resolution of intention—Procedure. In case the board of county commissioners shall desire to initiate the formation of a county road improvement district by resolution, it shall first pass a resolution declaring its intention to order such improvement, setting forth the nature and territorial extent of such proposed improvement, designating the number of the proposed road improvement district and describing the boundaries thereof, stating the estimated cost and expense of the improvement and the proportionate amount thereof which will be borne by the property within the proposed district, notifying the owners of property therein to appear at a meeting of the board at the time specified in such resolution, and directing the county road engineer to submit to the board at or prior to the date fixed for such hearing a diagram or print showing thereon the lots, tracts and parcels of land and other property which will be specially benefited thereby and the estimated amount of the cost and expense of such improvement to be borne by each lot, tract or parcel of land or other property, and also designating thereon all property which is being purchased under contract from the county. The resolution of intention shall be published in at least two consecutive issues of a newspaper of general circulation in such county, the date of the first publication to be at least fifteen days prior to the date fixed by such resolution for hearing before the board of county commissioners.

Notice of the adoption of the resolution of intention shall be given each owner or reputed owner of any lot, tract or parcel of land or other property within the proposed improvement district by mailing said notice to the owner or reputed owner of the property as shown on the tax rolls of the county treasurer at the address shown thereon at least fifteen days before the date fixed for the public hearing. The notice shall refer to the resolution of intention and designate the proposed improvement district by number. Said notice shall also set forth the nature of the proposed improvement, the total estimated cost, the proportion of total cost to be borne by assessments, the estimated amount of the cost and expense of such improvement to be borne by the particular lot, tract or parcel, the date and place of the hearing before the board of county commissioners, and shall contain the directions hereinafter provided for voting upon the formation of the proposed improvement district.

The clerk of the board shall prepare and mail, together with the notice above referred to, a ballot for each owner or

reputed owner of any lot, tract or parcel of land within the proposed improvement district. This ballot shall contain the following proposition:

"Shall county road improvement district No. be formed?
Yes
No

and, in addition, shall contain appropriate spaces for the signatures of the property owners, and a description of their property, and shall have printed thereon the direction that all ballots must be signed to be valid and must be returned to the clerk of the board of county commissioners not later than five o'clock p.m. of a day which shall be one week after the date of the public hearing.

The notice of adoption of the resolution of intention shall also contain the above directions, and, in addition thereto, shall state the rules by which the election shall be governed. [1970 ex.s. c 66 § 2; 1963 c 84 § 3; 1963 c 4 § 36.88.030. Prior: 1951 c 192 § 3.]

36.88.035 Notice must contain statement that assessments may vary from estimates. Any notice given to the public or to the owners of specific lots, tracts, or parcels of land relating to the formation of a county road improvement district shall contain a statement that actual assessments may vary from assessment estimates so long as they do not exceed a figure equal to the increased true and fair value the improvement adds to the property. [1989 c 243 § 5.]

36.88.040 Formation of district—By resolution of intention—Election—Rules. The election provided herein for cases where the improvement is initiated by resolution shall be governed by the following rules: (1) All ballots must be signed by the owner or reputed owner of property within the proposed district according to the records of the county auditor; (2) each ballot must be returned to the clerk of the board not later than one week after the public hearing; (3) each property owner shall have one vote for each full dollar of estimated assessment against his or her property as determined by the preliminary estimates and assessment roll; (4) the valid ballots shall be tabulated and a majority of the votes cast shall determine whether the formation of the district shall be approved or rejected. [2009 c 549 § 4140; 1963 c 4 § 36.88.040. Prior: 1951 c 192 § 4.]

36.88.050 Formation of district—By petition—Procedure. In case any such road improvement shall be initiated by petition, such petition shall set forth the nature and territorial extent of such proposed improvement, and the fact that the signers thereof are the owners, according to the records of the county auditor of property to an aggregate amount of a majority of the lineal frontage upon the improvement to be made and of the area within the limits of the assessment district to be created therefor.

Upon the filing of such petition the board shall determine whether the same shall be sufficient and whether the property within the proposed district shall be sufficiently developed and if the board shall find the district to be sufficiently developed and the petition to be sufficient, it shall proceed to adopt a resolution setting forth the nature and territorial extent of

the improvement petitioned for, designating the number of the proposed improvement district and describing the boundaries thereof, stating the estimated cost and expense of the improvement and the proportionate amount thereof which will be borne by the property within the proposed district, notifying the owners of property therein to appear at a meeting of the board at the time specified in such resolution, and directing the county road engineer to submit to the board at or prior to the date fixed for such hearing a diagram or print showing thereon the lots, tracts and parcels of land and other property which will be specially benefited thereby and the estimated amount of the cost and expense of such improvement to be borne by each lot, tract or parcel of land or other property, and also designating thereon all property which is being purchased under contract from the county. The resolution of intention shall be published in at least two consecutive issues of a newspaper of general circulation in such county, the date of the first publication to be at least fifteen days prior to the date fixed by such resolution for hearing before the board of county commissioners.

Notice of the adoption of the resolution of intention shall be given each owner or reputed owner of any lot, tract or parcel of land or other property within the proposed improvement district by mailing said notice to the owner or reputed owner of the property as shown on the tax rolls of the county treasurer at the address shown thereon at least fifteen days before the date fixed for the public hearing. The notice shall refer to the resolution of intention and designate the proposed improvement district by number. Said notice shall also set forth the nature of the proposed improvement, the total estimated cost, the proportion of total cost to be borne by assessments, the estimated amount of the cost and expense of such improvement to be borne by the particular lot, tract or parcel, the date and place of the hearing before the board of county commissioners, and the fact that property owners may withdraw their names from the petition or add their names thereto at any time prior to five o'clock p.m. of the day before the hearing. [1963 c 4 § 36.88.050. Prior: 1951 c 192 § 5.]

36.88.060 Formation of district—Hearing—Resolution creating district. Whether the improvement is initiated by petition or resolution the board shall conduct a public hearing at the time and place designated in the notice to property owners. At this hearing, the board may make such changes in the boundaries of the district or such modifications in the plans for the proposed improvement as shall be deemed necessary: PROVIDED, That the board may neither so alter the improvement as to increase the estimated cost by an amount greater than ten percent above that stated in the notice, nor increase the proportionate share of the cost to be borne by assessments from the proportion stated in the notice, nor change the boundaries of the district to include property not previously included therein without first passing a new resolution of intention and giving a new notice to property owners, in the manner and form and within the time herein provided for the original notice.

At said hearing, the board shall select the method of assessment, ascertain whether the plan of improvement or construction is feasible and whether the benefits to be derived therefrom by the property within the proposed district, together with the amount of any county road fund participa-

tion, exceed the costs and expense of the formation of the proposed district and the contemplated construction or improvement and shall make a written finding thereon. In case the proceedings have been initiated by petition, the board shall find whether the petition including all additions thereto or withdrawals therefrom made prior to five o'clock p.m. of the day before the hearing is sufficient within the boundaries of the district so established at said hearing by the board. If said petition shall be found insufficient the board shall by resolution declare the proceedings terminated. In case the proceedings have been initiated by resolution if the board shall find the improvement to be feasible, it shall continue the hearing until a day not more than fifteen days after the date for returning ballots for the purpose of determining the results of said balloting.

After the hearing the board may proceed to adopt a resolution creating the district and ordering the improvement. Such resolution shall establish such district as the ". . . . county road improvement district No. . . ." Such resolution shall describe the nature and territorial extent of the improvement to be made and the boundaries of the improvement district, shall describe the method of assessment to be used, shall declare the estimated cost and the proportion thereof to be borne by assessments, and shall contain a finding as to the result of the balloting by property owners in case the improvement shall have been initiated by resolution.

Upon the adoption of the resolution establishing the district, the board shall have jurisdiction to proceed with the improvement. The board's findings on the sufficiency of petitions or on the results of the balloting shall be conclusive upon all persons. [1963 c 84 § 4; 1963 c 4 § 36.88.060. Prior: 1951 c 192 § 6.]

36.88.062 Formation of district—Committee or hearing officer may conduct hearings—Report to legislative authority. In lieu of the county legislative authority holding the hearing under RCW 36.88.060 to create the road improvement district, the county legislative authority may adopt an ordinance providing for a committee of the county legislative authority or an officer to conduct the hearings. The committee or hearing officer shall report recommendations on the resolution to the full county legislative authority for final action, which need not hold a hearing on the proposed assessment role and shall either adopt or reject the recommendations. [1994 c 71 § 3.]

36.88.065 Formation of district—Alternative method. If the county legislative authority desires to initiate the formation of a county road improvement district by resolution, it may elect to follow either the procedure set forth in chapter 35.43 RCW or the procedure set forth in RCW 36.88.030, and shall indicate the procedure selected in the resolution of intention. [1985 c 369 § 10.]

36.88.070 Diagram only preliminary determination. The diagram or print herein directed to be submitted to the board shall be in the nature of a preliminary determination upon the method, and estimated amounts, of assessments to be levied upon the property specially benefited by such improvement and shall in no case be construed as being binding or conclusive as to the amount of any assessments which

may ultimately be levied. [1963 c 4 § 36.88.070. Prior: 1951 c 192 § 7.]

36.88.072 Waivers of protest—Recording—Limits on enforceability. If an owner of property enters into an agreement with a county waiving the property owner's right under RCW 36.88.030, 36.88.040, 36.88.050, 36.88.060, and 36.88.065 to protest formation of a road improvement district, the agreement must specify the improvements to be financed by the district and shall set forth the effective term of the agreement, which shall not exceed ten years. The agreement must be recorded with the auditor of the county in which the property is located. It is against public policy and void for an owner, by agreement, as a condition imposed in connection with proposed property development, or otherwise, to waive rights to object to the property owner's individual assessment (including the determination of special benefits allocable to the property), or to appeal to the superior court the decision of the county council affirming the final assessment roll. [1988 c 179 § 12.]

36.88.074 Preformation expenditures. The county engineer or other designated official may contract with owners of real property to provide for payment by the owners of the cost of the preparation of engineering plans, surveys, studies, appraisals, legal services, and other expenses associated with improvements to be financed in whole or in part by a local improvement district (not including the cost of actual construction of such improvements), that the owners elect to undertake. The contract may provide for reimbursement to the owner of such costs from the proceeds of bonds issued by the district after formation of a district under this chapter, from assessments paid to the district as appropriate, or by a credit in the amount of such costs against future assessments assessed against such property. Such reimbursement shall be made to the owner of the property at the time of reimbursement. The contract shall also provide that such costs shall not be reimbursed to the owner if a district to construct the specified improvements (as the project may be amended) is not formed within six years of the date of the contract. The contract shall provide that any preformation work shall be conducted only under the direction of the county engineer or other appropriate county authority. [1988 c 179 § 13.]

36.88.076 Credits for other assessments. A county ordering a road improvement upon which special assessments on property specifically benefited by the improvements are levied and collected, may provide as part of the ordinance creating the road improvement district that moneys paid or the cost of facilities constructed by a property owner in the district in satisfaction of obligations under chapter 39.92 RCW, shall be credited against assessments due from the owner of such property at the time the credit is made, if those moneys paid or facilities constructed directly defray the cost of the specified improvements under the district and if credit for such amounts is reflected in the final assessment roll confirmed for the district. [1988 c 179 § 14.]

36.88.078 Assessment reimbursement accounts. A county ordering a road improvement upon which special assessments on property specifically benefited by the improvement are levied and collected, may provide as part of the ordinance creating the road improvement district that the payment of an assessment levied for the district on underdeveloped properties may be made by owners of other properties within the district if they so elect, subject to terms of reimbursement set forth in the ordinance. The terms for reimbursement shall require the owners of underdeveloped properties on whose behalf payments of assessments have been made to reimburse all such assessment payments to the party who made them when those properties are developed or redeveloped, together with interest at a rate specified in the ordinance. The ordinance may provide that reimbursement shall be made on a one-time, lump sum basis, or may provide that reimbursement shall be made over a period not to exceed five years. The ordinance may provide that reimbursement shall be made no later than the time of dissolution of the district, or may provide that no reimbursement is due if the underdeveloped properties are not developed or redeveloped before the dissolution of the district. Reimbursement amounts due from underdeveloped properties under this section are liens upon the underdeveloped properties in the same manner and with like effect as assessments made under this chapter. For the purposes of this section, "underdeveloped properties" may include those properties that, in the discretion of the county legislative authority, (1) are undeveloped or are not developed to their highest and best use, and (2) are likely to be developed or redeveloped before the dissolution of the district. [1988 c 179 § 15.]

36.88.080 Property included in district—Method of assessment—Assessment limited by benefit. Every resolution ordering any improvement mentioned in this chapter, payment for which shall be in whole or in part by special assessments shall establish a road improvement district which shall embrace as near as may be all the property specially benefited by such improvement and the board shall apply thereto such method of assessment as shall be deemed most practical and equitable under the conditions prevailing: PROVIDED, That no assessment as determined by the board of commissioners shall be levied which shall be greater than the special benefits derived from the improvements. [1963 c 84 § 5; 1963 c 4 § 36.88.080. Prior: 1951 c 192 § 8.]

36.88.085 Exemption of farm and agricultural land from special benefit assessments. See RCW 84.34.300 through 84.34.380 and 84.34.922.

36.88.090 Assessment roll—Hearing—Notice—Objections—New hearing. Whenever the assessment roll for any county road improvement district has been prepared, such roll shall be filed with the clerk of the county legislative authority. The county legislative authority shall thereupon by resolution set the date for hearing upon such roll before a board of equalization and direct the clerk to give notice of such hearing and the time and place thereof.

Such notice shall specify such time and place of hearing on such roll and shall notify all persons who may desire to

object thereto to make such objection in writing and to file the same with the clerk of the county legislative authority at or prior to the date fixed for such hearing; and that at the time and place fixed and at such other times as the hearing may be continued to, the county legislative authority will sit as a board of equalization for the purpose of considering such roll and at such hearing will consider such objections made thereto, or any part thereof, and will correct, revise, raise, lower, change, or modify such roll or any part thereof, or set aside such roll in order that such assessment be made de novo as to such body shall appear just and equitable and then proceed to confirm the same by resolution.

Notice of the time and place of hearing under such assessment roll shall be given to the owner or reputed owner of the property whose name appears thereon, by mailing a notice thereof at least fifteen days before the date fixed for the hearing to such owner or reputed owner at the address of such owner as shown on the tax rolls of the county treasurer; and in addition thereto such notice shall be published at least two times in a newspaper of general circulation in the county. At least fifteen days must elapse between the date of the first publication of the notice and the date fixed for such hearing. However, mosquito control districts are only required to give notice by publication.

The board of equalization, at the time fixed for hearing objections to the confirmation of the roll, or at such time or times as the hearing may be adjourned to, has power to correct, revise, raise, lower, change, or modify the roll or any part thereof, and to set aside the roll in order that the assessment be made de novo as to the board appears equitable and just, and then shall confirm the same by resolution. All objections shall be in writing and filed with the board and shall state clearly the grounds objected to, and objections not made within the time and in the manner described in this section shall be conclusively presumed to have been waived.

Whenever any such roll is amended so as to raise any assessments appearing thereon, or to include property subject to assessment which has been omitted from the assessment roll for any reason, a new hearing, and a new notice of hearing upon such roll, as amended, shall be given as in the case of an original hearing. At the conclusion of such hearing the board may confirm the same or any portion thereof by resolution and certify the same to the treasurer for collection. Whenever any property has been entered originally on such roll, and the assessment upon such property shall not be raised, no objections to it may be considered by the board or by any court on appeal, unless such objections are made in writing at or prior to the date fixed for the original hearing upon such roll. [1985 c 369 § 8; 1972 ex.s. c 62 § 1; 1963 c 4 § 36.88.090. Prior: 1951 c 192 § 9.]

36.88.095 Assessment roll—Committee or officer may conduct hearing—Recommendations to legislative authority—Appeals. In lieu of the county legislative authority holding the hearing on assessment roll under RCW 36.88.090 as the board of equalization, the county legislative authority may adopt an ordinance providing for a committee of the county legislative authority or an officer to conduct the hearing on the assessment roll as the board of equalization.

A committee or an officer that sits as a board of adjustment [equalization] shall conduct a hearing on the proposed

assessment roll and shall make recommendations to the full county legislative authority, which need not hold a hearing on the proposed assessment roll and shall either adopt or reject the recommendations. The ordinance shall provide for an appeal procedure by which a property owner may protest his or her assessment that is proposed by the committee or officer to the full county legislative authority and the full county legislative authority may reject or accept any appealed protested assessment and if accepted shall modify the assessment roll accordingly. [1994 c 71 § 4.]

36.88.100 Appeal—Reassessment. The decision of the board upon any objections made within the time and in the manner herein prescribed may be reviewed by the superior court upon an appeal taken thereto in the manner provided for taking appeals from objections in local improvement districts of cities and towns.

The board shall have the same powers of reassessment and shall proceed to make such reassessments in the same manner and subject to the same limitations as are provided by law for the making of reassessments in local improvement districts of cities and towns. [1963 c 4 § 36.88.100. Prior: 1951 c 192 § 10.]

36.88.110 Assessment roll—Conclusive. Whenever any assessment roll for construction or improvements shall have been confirmed by the board, as provided in this chapter, the regularity, validity and correctness of the proceedings relating to such construction or improvement and to the assessment therefor, including the action of the board on such assessment roll and the confirmation thereof, shall be conclusive in all things upon all parties and cannot in any manner be contested or questioned in any proceeding whatsoever by any person not filing written objection to such roll in the manner and within the time provided in this chapter, and not appealing from the action of the board in confirming such assessment roll in the manner and within the time provided in this chapter. No proceedings of any kind shall be commenced or prosecuted for the purpose of defeating or contesting any such assessment or for the sale of any property to pay such assessment or any certificate of delinquency issued therefor or the foreclosure of any lien issued therefor, but this section shall not be construed as prohibiting the bringing of injunction proceedings to prevent the sale of any real estate upon the grounds that the property about to be sold does not appear upon the assessment roll, or that the assessment has been paid. [1963 c 4 § 36.88.110. Prior: 1951 c 192 § 11.]

36.88.120 Assessment is lien on property—Superiority. The charge on the respective lots, tracts, parcels of land and other property for the purpose of special assessment to pay the cost and expense in whole or in part of any construction or improvement authorized in this chapter, when assessed, and the assessment roll confirmed by the board shall be a lien upon the property assessed from the time said assessment rolls shall be placed in the hands of the county treasurer for collection. Said liens shall be paramount and superior to any other lien or encumbrance whatsoever, theretofore or thereafter created, except a lien for general taxes. [1963 c 4 § 36.88.120. Prior: 1951 c 192 § 12.]

36.88.130 County treasurer—Duties. The county treasurer is hereby designated as the treasurer of all county road improvement districts created hereunder, and shall collect all road improvement district assessments, and the duties and responsibilities herein imposed upon him or her shall be among the duties and responsibilities of his or her office for which his or her bond is given as county treasurer. [2009 c 549 § 4141; 1963 c 4 § 36.88.130. Prior: 1951 c 192 § 13.]

36.88.140 Payment of assessment—Delinquent assessments—Penalties—Lien foreclosure. The county legislative authority shall prescribe by resolution within what time such assessment or installments thereof shall be paid, and shall provide for the payment and collection of interest and the rate of interest to be charged on that portion of any assessment which remains unpaid over thirty days after such date. Assessments or installments thereof which are delinquent, shall bear, in addition to such interest, such penalty not less than five percent as shall be prescribed by resolution. Interest and penalty shall be included in and shall be a part of the assessment lien. All liens acquired by the county hereunder shall be foreclosed by the appropriate county officers in the same manner and subject to the same rights of redemption provided by law for the foreclosure of liens held by cities or towns against property in local improvement districts. [1981 c 156 § 11; 1970 ex.s. c 66 § 3; 1963 c 4 § 36.88.140. Prior: 1951 c 192 § 14.]

36.88.145 Property donations—Credit against assessments. The county legislative authority may give credit for all or any portion of any property donation against an assessment, charge, or other required financial contribution for transportation improvements within a county road improvement district. 36.88.160 District fund—Purposes—Bond redemptions. All moneys collected by the treasurer upon any assessments under this chapter shall be kept as a separate fund to be known as "., county road improvement district No. fund." Such funds shall be used for no other purpose than the payment of costs and expense of construction and improvement in such district and the payment of interest or principal of warrants and bonds drawn or issued upon or against said fund for said purposes. Whenever after payment of the costs and expenses of the improvement there shall be available in the local improvement district fund a sum, over and above the amount necessary to meet the interest payments next accruing on outstanding bonds, sufficient to retire one or more outstanding bonds the treasurer shall forthwith

call such bond or bonds for redemption as determined in the bond authorizing ordinance. [2003 c 139 § 3; 1963 c 4 § 36.88.160. Prior: 1951 c 192 § 16.]

36.88.220 Improvement bonds—Guaranty fund. All counties may establish a fund for the purpose of guaranteeing to the extent of such fund and in the manner hereinafter provided, the payment of its road improvement district bonds and warrants issued to pay for any road improvement ordered under this chapter. If the county legislative authority shall determine to establish such fund it shall be designated ". . . . county road improvement guaranty fund" and from moneys available for road purposes such county shall deposit annually in said guaranty fund such sums as may be necessary to establish and maintain a balance therein equal to at least five percent of the outstanding obligations guaranteed thereby and to make necessary provision in its annual budget therefor. The moneys held in the guaranty fund may be invested in accordance with the laws relating to county investments. [1997 c 393 § 7; 1967 ex.s. c 145 § 63; 1963 c 4 § 36.88.220. Prior: 1959 c 134 § 2; 1951 c 192 § 22.]

36.88.230 Improvement bonds—Guaranty fund in certain counties—Operation. Whenever there shall be paid out of a guaranty fund any sum on account of principal or interest of a road improvement district bond or warrant, the county, as trustee for the fund, shall be subrogated to all the rights of the owner of the bond or any interest coupon or warrant so paid, and the proceeds thereof, or of the assessment underlying the same, shall become part of the guaranty fund. There shall also be paid into each guaranty fund the interest received from investment of the fund, as well as any surplus remaining in any local improvement fund guaranteed hereunder after the payment of all outstanding bonds or warrants payable primarily out of such road improvement fund. Warrants drawing interest at a rate or rates not to exceed the rate determined by the county legislative authority shall be issued, as other warrants are issued by the county, against a guaranty fund to meet any liability accruing against it, and at the time of making its annual budget and tax levy the county shall provide from funds available for road purposes for the deposit in the guaranty fund of a sum sufficient with other resources of such fund to pay warrants so issued during the preceding fiscal year. As among the several issues of bonds or warrants guaranteed by the fund no preference shall exist, but defaulted bonds, interest payments, and warrants shall be purchased out of the fund in the order of their presentation.

Every county establishing a guaranty fund for road improvement district bonds or warrants shall prescribe by resolution appropriate rules and regulations for the maintenance and operation of the guaranty fund not inconsistent herewith. So much of the money of a guaranty fund as is necessary may be used to purchase underlying bonds or warrants guaranteed by the fund, or to purchase certificates of delinquency for general taxes on property subject to local improvement assessments, or to purchase such property at tax foreclosures, for the purpose of protecting the guaranty fund. Said fund shall be subrogated to the rights of the county, and the county, acting on behalf of said fund, may foreclose the lien of general tax certificates of delinquency and purchase the property at the foreclosure sale for the account of said fund. Whenever the legislative authority of any county shall so cause a lien of general tax certificates of delinquency to be foreclosed and the property to be so purchased at a foreclosure sale, the court costs and costs of publication and expenses for clerical work and/or other expense incidental thereto, shall be chargeable to and payable from the guaranty fund. After so acquiring title to real property, a county may lease or sell and convey the same at public or private sale for such price and on such terms as may be determined by resolution of the county legislative body, and all proceeds resulting from such sales shall belong to and be paid into the guaranty fund. [1997 c 393 § 8; 1983 c 167 § 96; 1981 c 156 § 12; 1963 c 4 § 36.88.230. Prior: 1951 c 192 § 23.]

36.88.460 Underground electric and communication facilities, installation or conversion to—Utility conversion guaranty fund—Establishment authorized—Purpose—Deposits—Investments. Every county may establish a fund for the purpose of guaranteeing to the extent of such fund and in the manner hereinafter provided, the payment of its county road improvement district bonds and warrants issued to pay for the underground conversion of electric and communication facilities and the underground conversion or installation of ornamental road and street lighting facilities ordered under this chapter. If the board of county commissioners shall determine to establish such fund it shall be designated ". . . . utility conversion guaranty fund" and from moneys available such county shall deposit annually in said guaranty fund such sums as may be necessary to establish and maintain a balance therein equal to at least five percent of the outstanding obligations guaranteed thereby and to make necessary provision in its annual budget therefor. The moneys held in the guaranty fund may be invested in certificates, notes, or bonds of the United States of America, or in state, county, municipal or school district bonds, or in warrants of taxing districts of the state; provided, only, that such bonds and warrants shall be general obligations. [1967 c 194 § 6.]

36.88.470 Underground electric and communication facilities, installation or conversion to—Utility conversion guaranty fund—Operation. Whenever there shall be paid out of the guaranty fund any sum on account of principal or interest of a county road improvement district bond or warrant, the county, as trustee for the fund, shall be subrogated to all the rights of the owner of the bond or any interest coupon or warrant so paid, and the proceeds thereof, or of the assessment underlying the same, shall become part of the guaranty fund. There shall also be paid into each guaranty fund the interest received from investments of the fund, as well as any surplus remaining in any county road improvement fund guaranteed hereunder after the payment of all outstanding bonds or warrants payable primarily out of such utility conversion county road improvement district fund. Warrants drawing interest at a rate or rates not to exceed the rate determined by the county legislative authority shall be issued, as other warrants are issued by the county, against the guaranty fund to meet any liability accruing against it, and at the time of making its annual budget and tax levy the county shall provide from funds available for the deposit in the guaranty fund of a sum sufficient with other resources of such fund to pay warrants so issued during the preceding fiscal year. As among the several issues of bonds or warrants guaranteed by the fund no preference shall exist, but defaulted bonds, interest payments, and warrants shall be purchased out of the fund in the order of their presentation.

Every county establishing a guaranty fund for utility conversion road improvement district bonds or warrants shall prescribe by resolution appropriate rules and regulations for the maintenance and operation of such guaranty fund not inconsistent herewith. So much of the money of a guaranty fund as is necessary may be used to purchase underlying bonds or warrants guaranteed by the fund, or to purchase certificates of delinquency for general taxes on property subject to local improvement assessments, or to purchase such property at tax foreclosures, for the purpose of protecting the

guaranty fund. The fund shall be subrogated to the rights of the county and the county, acting on behalf of the fund, may foreclose the lien of general tax certificates of delinquency and purchase the property at the foreclosure sale for the account of said fund. Whenever the legislative authority of any county shall so cause a lien of general tax certificates of delinquency to be foreclosed and the property to be so purchased at a foreclosure sale, the court costs and costs of publication and expenses for clerical work and/or other expense incidental thereto, shall be chargeable to and payable from the guaranty fund. After so acquiring title to real property, a county may lease or sell and convey the same at public or private sale for such price and on such terms as may be determined by resolution of the county legislative authority, and all proceeds resulting from such sales shall belong to and be paid into the guaranty fund. [1983 c 167 § 98; 1981 c 156 § 13; 1967 c 194 § 7.]

36.93.010 Purpose. The legislature finds that in metropolitan areas of this state, experiencing heavy population growth, increased problems arise from rapid proliferation of municipalities and haphazard extension of and competition to extend municipal boundaries. These problems affect adversely the quality and quantity and cost of municipal services furnished, the financial integrity of certain municipalities, the consistency of local regulations, and many other incidents of local government. Further, the competition among municipalities for unincorporated territory and the disorganizing effect thereof on land use, the preservation of property values and the desired objective of a consistent comprehensive land use plan for populated areas, makes it appropriate that the legislature provide a method of guiding and controlling the creation and growth of municipalities in metropolitan areas so that such problems may be avoided and that residents and businesses in those areas may rely on the logical growth of local government affecting them. [1967 c 189 § 1.]

36.93.020 Definitions. As used herein:

(1) "Governmental unit" means any incorporated city or town, metropolitan municipal corporation, or any special purpose district as defined in this section.

Notice of the election shall be given as provided in RCW 29A.52.355 and shall include a clear statement of the proposal to be submitted.

If a majority of the persons voting on the proposition shall vote in favor of the establishment of the boundary review board, such board shall thereupon be deemed established. [2011 c 10 § 80; 2006 c 344 § 28; 1991 c 363 § 91; 1969 ex.s. c 111 § 1; 1967 c 189 § 3.]

36.93.110 When review not necessary. Where an area proposed for annexation is less than ten acres and less than two million dollars in assessed valuation, the chair of the review board may by written statement declare that review by the board is not necessary for the protection of the interest of the various parties, in which case the board shall not review such annexation. [2009 c 549 § 4152; 1987 c 477 § 4; 1973 1st ex.s. c 195 § 42; 1967 c 189 § 11.]

36.93.120 Fees. A fee of fifty dollars shall be paid by all initiators and in addition if the jurisdiction of the review board is invoked pursuant to RCW 36.93.100, the person or entity seeking review, except for the boundary review board itself, shall pay to the county treasurer and place in the county current expense fund the fee of two hundred dollars. 36.93.130 Notice of intention—Contents. The notice of intention shall contain the following information:

- (1) The nature of the action sought;
- (2) A brief statement of the reasons for the proposed action;
- (3) The legal description of the boundaries proposed to be created, abolished or changed by such action: PROVIDED, That the legal description may be altered, with concurrence of the initiators of the proposed action, if a person designated by the county legislative authority as one who has expertise in legal descriptions makes a determination that the legal description is erroneous; and
- (4) A county assessor's map on which the boundaries proposed to be created, abolished or changed by such action are designated: PROVIDED, That at the discretion of the boundary review board a map other than the county assessor's map may be accepted. [1987 c 477 § 6; 1969 ex.s. c 111 § 7; 1967 c 189 § 13.]

36.93.140 Pending actions not affected. Actions described in RCW 36.93.090 which are pending July 1, 1967, or actions in counties with populations of less than two hundred ten thousand which are pending on the date of the creation of a boundary review board therein, shall not be affected by the provisions of this chapter. Actions shall be deemed pending on and after the filing of sufficient petitions initiating the same with the appropriate public officer, or the performance of an official act initiating the same. [1991 c 363 § 97; 1967 c 189 § 14.]

Purpose—Captions not law—1991 c 363: See notes following RCW 2.32.180.

36.93.150 Review of proposed actions—Actions and determinations of board—Disapproval, effect. The board, upon review of any proposed action, shall take such of the following actions as it deems necessary to best carry out the intent of this chapter:

- (1) Approve the proposal as submitted.
- (2) Subject to RCW 35.02.170, modify the proposal by adjusting boundaries to add or delete territory. Subject to the requirements of this chapter, a board may modify a proposal

by adding territory that would increase the total area of the proposal before the board. A board, however, may not modify a proposal for annexation of territory to a city or town by adding an amount of territory that constitutes more than one hundred percent of the total area of the proposal before the board. Any modifications shall not interfere with the authority of a city, town, or special purpose district to require or not require preannexation agreements, covenants, or petitions. A board shall not modify the proposed incorporation of a city with an estimated population of seven thousand five hundred or more by removing territory from the proposal, or adding territory to the proposal, that constitutes ten percent or more of the total area included within the proposal before the board. However, a board shall remove territory in the proposed incorporation that is located outside of an urban growth area or is annexed by a city or town, and may remove territory in the proposed incorporation if a petition or resolution proposing the annexation is filed or adopted that has priority over the proposed incorporation, before the area is established that is subject to this ten percent restriction on removing or adding territory. A board shall not modify the proposed incorporation of a city with a population of seven thousand five hundred or more to reduce the territory in such a manner as to reduce the population below seven thousand five hundred.

(3) Determine a division of assets and liabilities between two or more governmental units where relevant.

(4) Determine whether, or the extent to which, functions of a special purpose district are to be assumed by an incorporated city or town, metropolitan municipal corporation, or another existing special purpose district.

(5) Disapprove the proposal except that the board shall not have jurisdiction: (a) To disapprove the dissolution or disincorporation of a special purpose district which is not providing services but shall have jurisdiction over the determination of a division of the assets and liabilities of a dissolved or disincorporated special purpose district; (b) over the division of assets and liabilities of a special purpose district that is dissolved or disincorporated pursuant to chapter 36.96 RCW; nor (c) to disapprove the incorporation of a city with an estimated population of seven thousand five hundred or more, but the board may recommend against the proposed incorporation of a city with such an estimated population.

Unless the board disapproves a proposal, it shall be presented under the appropriate statute for approval of a public body and, if required, a vote of the people. A proposal that has been modified shall be presented under the appropriate statute for approval of a public body and if required, a vote of the people. If a proposal, other than that for a city, town, or special purpose district annexation, after modification does not contain enough signatures of persons within the modified area, as are required by law, then the initiating party, parties or governmental unit has thirty days after the modification decision to secure enough signatures to satisfy the legal requirement. If the signatures cannot be secured then the proposal may be submitted to a vote of the people, as required by law.

The addition or deletion of property by the board shall not invalidate a petition which had previously satisfied the sufficiency of signature provisions of RCW 35.13.130 or 35A.14.120. When the board, after due proceedings held, dis-

approves a proposed action, such proposed action shall be unavailable, the proposing agency shall be without power to initiate the same or substantially the same as determined by the board, and any succeeding acts intended to or tending to effectuate that action shall be void, but such action may be reinitiated after a period of twelve months from date of disapproval and shall again be subject to the same consideration.

The board shall not modify or deny a proposed action unless there is evidence on the record to support a conclusion that the action is inconsistent with one or more of the objectives under RCW 36.93.180. The board may not increase the area of a city or town annexation unless it holds a separate public hearing on the proposed increase and provides ten or more days' notice of the hearing to the registered voters and property owners residing within the area subject to the proposed increase. Every such determination to modify or deny a proposed action shall be made in writing pursuant to a motion, and shall be supported by appropriate written findings and conclusions, based on the record. [2012 c 212 § 1; 1994 c 216 § 15; 1990 c 273 § 1; 1987 c 477 § 7; 1979 ex.s. c 5 § 13; 1975 1st ex.s. c 220 § 10; 1969 ex.s. c 111 § 8; 1967 c 189 § 15.]

36.93.153 Review of proposed incorporation in county with boundary review board. The proposed incorporation of any city or town that includes territory located in a county in which a boundary review board exists shall be reviewed by the boundary review board and action taken as described under RCW 36.93.150. [1994 c 216 § 10.]

36.93.155 Annexation approval—Other action not authorized. Boundary review board approval, or modification and approval, of a proposed annexation by a city, town, or special purpose district shall authorize annexation as approved and shall not authorize any other annexation action. [1989 c 84 § 16.]

36.93.157 Decisions to be consistent with growth management act. The decisions of a boundary review board located in a county that is required or chooses to plan under RCW 36.70A.040 must be consistent with RCW 36.70A.020, 36.70A.110, and 36.70A.210. [1992 c 162 § 2.]

36.93.160 Hearings—Notice—Record—Subpoenas—Decision of board—Appellate review. (1) When the jurisdiction of the boundary review board has been invoked, the board shall set the date, time and place for a public hearing on the proposal. The board shall give at least thirty days' advance written notice of the date, time and place of the hearing to the governing body of each governmental unit having jurisdiction within the boundaries of the territory proposed to be annexed, formed, incorporated, disincorporated, dissolved or consolidated, or within the boundaries of a special district whose assets and facilities are proposed to be assumed by a city or town, and to the governing body of each city within three miles of the exterior boundaries of the area and to the proponent of the change. Notice shall also be given by publi-

cation in any newspaper of general circulation in the area of the proposed boundary change at least three times, the last publication of which shall be not less than five days prior to the date set for the public hearing. Notice shall also be posted in ten public places in the area affected for five days when the area is ten acres or more. When the area affected is less than ten acres, five notices shall be posted in five public places for five days. Notice as provided in this subsection shall include any territory which the board has determined to consider adding in accordance with RCW 36.93.150(2).

(2) A verbatim record shall be made of all testimony presented at the hearing and upon request and payment of the reasonable costs thereof, a copy of the transcript of the testimony shall be provided to any person or governmental unit.

(3) The chair upon majority vote of the board or a panel may direct the chief clerk of the boundary review board to issue subpoenas to any public officer to testify, and to compel the production by him or her of any records, books, documents, public records or public papers.

(4) Within forty days after the conclusion of the final hearing on the proposal, the board shall file its written decision, setting forth the reasons therefor, with the board of county commissioners and the clerk of each governmental unit directly affected. The written decision shall indicate whether the proposed change is approved, rejected or modified and, if modified, the terms of the modification. The written decision need not include specific data on every factor required to be considered by the board, but shall indicate that all standards were given consideration. Dissenting members of the board shall have the right to have their written dissents included as part of the decision.

(5) Unanimous decisions of the hearing panel or a decision of a majority of the members of the board shall constitute the decision of the board and shall not be appealable to the whole board. Any other decision shall be appealable to the entire board within ten days. Appeals shall be on the record, which shall be furnished by the appellant, but the board may, in its sole discretion, permit the introduction of additional evidence and argument. Decisions shall be final and conclusive unless within thirty days from the date of the action a governmental unit affected by the decision or any person owning real property or residing in the area affected by the decision files in the superior court a notice of appeal.

The filing of the notice of appeal within the time limit shall stay the effective date of the decision of the board until such time as the appeal shall have been adjudicated or withdrawn. On appeal the superior court shall not take any evidence other than that contained in the record of the hearing before the board.

(6) The superior court may affirm the decision of the board or remand the case for further proceedings; or it may reverse the decision if any substantial rights may have been prejudiced because the administrative findings, inferences, conclusions, or decisions are:

- (a) In violation of constitutional provisions, or
- (b) In excess of the statutory authority or jurisdiction of the board, or
- (c) Made upon unlawful procedure, or
- (d) Affected by other error of law, or
- (e) Unsupported by material and substantial evidence in view of the entire record as submitted, or

(f) Clearly erroneous.

An aggrieved party may seek appellate review of any final judgment of the superior court in the manner provided by law as in other civil cases. [2009 c 549 § 4153; 1994 c 216 § 16; 1988 c 202 § 40; 1987 c 477 § 8; 1971 c 81 § 97; 1969 ex.s. c 111 § 9; 1967 c 189 § 16.]

(2) Municipal services; need for municipal services; effect of ordinances, governmental codes, regulations and resolutions on existing uses; present cost and adequacy of governmental services and controls in area; prospects of governmental services from other sources; probable future needs for such services and controls; probable effect of proposal or alternative on cost and adequacy of services and controls in area and adjacent area; the effect on the finances, debt structure, and contractual obligations and rights of all affected governmental units; and

(3) The effect of the proposal or alternative on adjacent areas, on mutual economic and social interests, and on the local governmental structure of the county.

The provisions of chapter 43.21C RCW, State Environmental Policy, shall not apply to incorporation proceedings covered by chapter 35.02 RCW. [1997 c 429 § 39; 1989 c 84 § 5; 1986 c 234 § 33; 1982 c 220 § 2; 1979 ex.s. c 142 § 1; 1967 c 189 § 17.]

36.94.010 Definitions. As used in this chapter:

(1) A "system of sewerage" means and may include any or all of the following:

(a) Sanitary sewage collection, treatment, and/or disposal facilities and services, including without limitation on-site or off-site sanitary sewerage facilities, large on-site sewerage systems defined under RCW 70.118B.010, inspection services and maintenance services for private or public on-site systems, or any other means of sewage treatment and disposal approved by the county;

(b) Combined sanitary sewage disposal and storm or surface water drains and facilities;

(c) Storm or surface water drains, channels, and facilities;

(d) Outfalls for storm drainage or sanitary sewage and works, plants, and facilities for storm drainage or sanitary sewage treatment and disposal, and rights and interests in property relating to the system;

(e) Combined water and sewerage systems;

(f) Point and nonpoint water pollution monitoring programs that are directly related to the sewerage facilities and programs operated by a county;

(g) Public restroom and sanitary facilities;

(h) The facilities and services authorized in RCW 36.94.020; and

(i) Any combination of or part of any or all of such facilities.

(2) A "system of water" means and includes:

(a) A water distribution system, including dams, reservoirs, aqueducts, plants, pumping stations, transmission and lateral distribution lines and other facilities for distribution of water;

(b) A combined water and sewerage system;

(c) Any combination of or any part of any or all of such facilities.

(3) A "sewerage and/or water general plan" means a general plan for a system of sewerage and/or water for the county which shall be an element of the comprehensive plan established by the county pursuant to RCW 36.70.350(6) and/or chapter 35.63 RCW, if there is such a comprehensive plan.

(a) A sewerage general plan shall include the general location and description of treatment and disposal facilities, trunk and interceptor sewers, pumping stations, monitoring and control facilities, channels, local service areas and a general description of the collection system to serve those areas, a description of on-site sanitary sewerage system inspection services and maintenance services, and other facilities and services as may be required to provide a functional and

implementable plan, including preliminary engineering to assure feasibility. The plan may also include a description of the regulations deemed appropriate to carrying out surface drainage plans.

(b) A water general plan shall include the general location and description of water resources to be utilized, wells, treatment facilities, transmission lines, storage reservoirs, pumping stations, and monitoring and control facilities as may be required to provide a functional and implementable plan.

(c) Water and/or sewerage general plans shall include preliminary engineering in adequate detail to assure technical feasibility and, to the extent then known, shall further discuss the methods of distributing the cost and expense of the system and shall indicate the economic feasibility of plan implementation. The plans may also specify local or lateral facilities and services. The sewerage and/or water general plan does not mean the final engineering construction or financing plans for the system.

(4) "Municipal corporation" means and includes any city, town, metropolitan municipal corporation, any public utility district which operates and maintains a sewer or water system, any sewer, water, diking, or drainage district, any diking, drainage, and sewerage improvement district, and any irrigation district.

The ownership of a private utility may be in a corporation, nonprofit or for profit, in a cooperative association, in a mutual organization, or in individuals.

(6) "Board" means one or more boards of county commissioners and/or the legislative authority of a home rule charter county. [2007 c 343 § 14; 1997 c 447 § 10; 1981 c 313 § 14; 1979 ex.s. c 30 § 6; 1971 ex.s. c 96 § 1; 1967 c 72 § 1.]

Finding—Purpose—1997 c 447: See note following RCW 70.05.074.

36.94.020 Purpose—Powers. The construction, operation, and maintenance of a system of sewerage and/or water is a county purpose. Subject to the provisions of this chapter, every county has the power, individually or in conjunction with another county or counties to adopt, provide for, accept, establish, condemn, purchase, construct, add to, operate, and maintain a system or systems of sanitary and storm sewers, including outfalls, interceptors, plans, and facilities and services necessary for sewerage treatment and disposal, and/or system or systems of water supply within all or a portion of the county. However, counties shall not have power to condemn sewerage and/or water systems of any municipal corporation or private utility.

Such county or counties shall have the authority to control, regulate, operate, and manage such system or systems and to provide funds therefor by general obligation bonds, revenue bonds, local improvement district bonds, utility local improvement district or local improvement district assessments, and in any other lawful fiscal manner. Rates or charges for on-site inspection and maintenance services may not be imposed under this chapter on the development, construction, or reconstruction of property.

Under this chapter, after July 1, 1998, any requirements for pumping the septic tank of an on-site sewage system should be based, among other things, on actual measurement of accumulation of sludge and scum by a trained inspector, trained owner's agent, or trained owner. Training must occur in a program approved by the state board of health or by a local health officer.

Before adopting on-site inspection and maintenance utility services, or incorporating residences into an on-site inspection and maintenance or sewer utility under this chapter, notification must be provided, prior to the applicable public hearing, to all residences within the proposed service area that have on-site systems permitted by the local health officer. The notice must clearly state that the residence is within the proposed service area and must provide information on estimated rates or charges that may be imposed for the service.

A county shall not provide on-site sewage system inspection, pumping services, or other maintenance or repair services under this section using county employees unless the on-site system is connected by a publicly owned collection system to the county's sewerage system, and the on-site system represents the first step in the sewage disposal process. Nothing in this section shall affect the authority of a state or local health officer to carry out their responsibilities under any other applicable law.

A county may, as part of a system of sewerage established under this chapter, provide for, finance, and operate any of the facilities and services and may exercise the powers expressly authorized for county storm water, flood control, pollution prevention, and drainage services and activities under chapters 36.89, 86.12, 86.13, and 86.15 RCW. A county also may provide for, finance, and operate the facilities and services and may exercise any of the powers authorized for aquifer protection areas under chapter 36.36 RCW; for lake or beach management districts under chapter 36.61 RCW; for diking districts, and diking, drainage, and sewerage improvement districts under chapters 85.05, 85.08, 85.15, 85.16, and 85.18 RCW; and for shellfish protection districts under chapter 90.72 RCW. However, if a county by reference to any of those statutes assumes as part of its system of sewerage any powers granted to such areas or districts and not otherwise available to a county under this chapter, then (1) the procedures and restrictions applicable to those areas or districts apply to the county's exercise of those powers, and (2) the county may not simultaneously impose rates and charges under this chapter and under the statutes authorizing such areas or districts for substantially the same facilities and services, but must instead impose uniform rates and charges consistent with RCW 36.94.140. By agreement with such an area or district that is not part of a county's system of sewerage, a county may operate that area's or district's services or facilities, but a county may not dissolve any existing area or district except in accordance with any applicable provisions of the statute under which that area or district was created. [2008 c 301 § 25; 1997 c 447 § 11; 1981 c 313 § 1; 1967 c 72 § 2.]

Finding—Purpose—1997 c 447: See note following RCW 70.05.074.

36.94.030 Adoption of sewerage and/or water general plan as element of comprehensive plan. Whenever the county legislative authority deems it advisable and necessary for the public health and welfare of the inhabitants of the county to establish, purchase, acquire, and construct a system of sewerage and/or water, or make any additions and betterments thereto, or extensions thereof, the board shall adopt a sewerage and/or water general plan for a system of sewerage and/or water for all or a portion of the county as deemed necessary by the board. If the county has adopted a comprehensive plan for a physical development of the county pursuant to chapter 36.70 RCW and/or chapter 35.63 RCW, then the sewerage and/or water general plan shall be adopted as an element of that comprehensive plan pursuant to the applicable statute. [1981 c 313 § 15; 1967 c 72 § 3.]

Additional notes found at www.leg.wa.gov

36.94.040 Incorporation of provisions of comprehensive plan in general plan. The sewerage and/or water general plan must incorporate the provisions of existing comprehensive plans relating to sewerage and water systems of cities, towns, municipalities, and private utilities, to the extent they have been implemented. [1990 1st ex.s. c 17 § 33; 1967 c 72 § 4.]

36.94.050 Review committee—Composition—Submission of plan or amendment to. Prior to the adoption of or amendment of the sewerage and/or water general plan, the county legislative authority (or authorities) shall submit the plan or amendment to a review committee. The review committee shall consist of:

- (1) A representative of each city with a population of ten thousand or more within or adjoining the area selected by the mayor thereof (if there are no such cities within the plan area, then one representative chosen by the mayor of the city with the largest population within the plan area);
- (2) One representative chosen at large by a majority vote of the executive officers of the other cities or towns within or adjoining the area;
- (3) A representative chosen by the executive officer or the chair of the board, as the case may be, of each of the other municipal corporations and private utilities serving one thousand or more sewer and/or water customers located within the area;
- (4) One representative chosen at large by a majority vote of the executive officers and chairs of the boards, as the case may be, of the other remaining municipal corporations within the area;
- (5) A representative of each county legislative authority within the planned area, selected by the chair of each board or county executive, as the case may be; and
- (6) In counties where there is a metropolitan municipal corporation operating a sewerage and/or water system in the area, the chair of its council or such person as the chair designates.

If the legislative authority rejects the plan pursuant to RCW 36.94.090, the review committee shall be deemed to be dissolved; otherwise the review committee shall continue in existence to review amendments to the plan. Vacancies on

the committee shall be filled in the same manner as the original appointment to that position.

Instead of a review committee for each plan area, the county legislative authority or authorities may create a review committee for the entire county or counties, and the review committee shall continue in existence until dissolved by the county legislative authority or authorities. [1994 c 81 § 74; 1981 c 313 § 16; 1971 ex.s. c 96 § 2; 1967 c 72 § 5.]

36.94.060 Review committee—Chair, secretary—Rules—Quorum—Compensation of members. The members of each review committee shall elect from its members a chair and a secretary. The committee shall determine its own rules and order of business and shall provide by resolution for the time and manner of its proceedings which shall be a public record. A majority of all the members shall constitute a quorum for the transaction of business.

Each member of the committee shall be compensated from the county current expense fund at the rate of twenty-five dollars per day, or a major portion thereof, for time actually devoted to the work of the committee in reviewing any proposed sewerage and/or water general plan or amendments to a plan. Each board of county commissioners shall provide such funds as shall be necessary to pay the compensation of the members and such other expenses as shall be reasonably necessary. Such payments shall be reimbursed to the counties advancing the funds from moneys acquired from the construction or operation of a sewerage and/or water system. [2009 c 549 § 4154; 1971 ex.s. c 96 § 3; 1967 c 72 § 6.]

Additional notes found at www.leg.wa.gov

36.94.070 Review committee—Review of plan or amendments thereto—Report. The committee shall review the sewerage and/or water general plan or amendments thereto and shall report to the board or boards of county commissioners within ninety days their approval or any suggested amendments, deletions, or additions. If the committee shall fail to report within the time, the plan or amendments thereto shall be deemed approved. If the committee submits a report, the board shall consider and review the committee's report and may adopt any recommendations suggested therein. [1971 ex.s. c 96 § 4; 1967 c 72 § 7.]

36.94.080 Hearing by board—Notice—Filing general plan. Before final action thereon the board shall conduct a public hearing on the plan after ten days published notice of hearing is given pursuant to RCW 36.32.120(7). The notice must set out the full official title of the proposed resolution adopting the plan and a statement describing the general intent and purpose of the plan. The notice shall also include the day, hour and place of hearing and must be given by publication in the newspaper in which legal notices of the county are printed. Ten days prior to the hearing, three copies of the sewerage and/or water general plan shall be filed with the clerk of the board. The copies shall be open to public inspection. [1967 c 72 § 8.]

36.94.090 Adoption, amendment or rejection of plan. At the hearing, the board may adopt the plan, or amend and

adopt the plan, or reject any part or all of the plan. [1967 c 72 § 9.]

36.94.100 Submission of plan or amendments thereto to certain state departments—Approval. Prior to the commencement of actual work on any plan or amendment thereto approved by the board, it must be submitted for written approval to the Washington department of social and health services and to the Washington department of ecology. [1971 ex.s. c 96 § 5; 1967 c 72 § 10.]

36.94.110 Adherence to plan—Procedure for amendment. After adoption of the sewerage and/or water general plan, all municipal corporations and private utilities within the plan area shall abide by and adhere to the plan for the future development of their systems. A municipal corporation or private utility, including a wastewater company as defined in RCW 80.04.010, may petition for amendments to the plan. Whenever the governing authority of any county or counties or any municipal corporation deems it to be for the public interest to amend the sewerage and/or water general plan for such county or counties, notice must be filed with the board or boards of county commissioners. Upon such notice, the board or boards shall initiate consideration of any amendment requested relating to the plan and proceed as provided in this chapter for the adoption of an original plan. [2011 c 214 § 28; 1967 c 72 § 11.]

Findings—Purpose—Limitation of chapter—Effective date—2011 c 214: See notes following RCW 80.04.010.

36.94.120 Establishment of department for administration of system—Personnel merit system. The board shall establish a department in county government for the purpose of establishing, operating and maintaining the system or systems of sewerage and/or water. In the department, the board shall establish and provide for the operation and maintenance of a personnel merit system for the employment, classification, promotion, demotion, suspension, transfer, layoff and discharge of its appointive officers and employees, solely on the basis of merit and fitness, without regard to political influence or affiliation. Such merit system shall not apply to the chief administrative officer of the department and, if the sewer and/or water utility is a division of a department having other functions, the chief administrative officer of such utility. [1971 ex.s. c 96 § 6; 1967 c 72 § 12.]

36.94.130 Adoption of rules and regulations. The board of county commissioners may adopt by resolution reasonable rules and regulations governing the construction, maintenance, operation, use, connection and service of the system of sewerage and/or water. [1967 c 72 § 13.]

36.94.140 Authority of county to operate system—Rates and charges, fixing of—Factors to be considered—Assistance for low-income persons. (1) Every county, in the operation of a system of sewerage and/or water, shall have full jurisdiction and authority to manage, regulate, and control it. Except as provided in subsection (3) of this section, every county shall have full jurisdiction and authority to fix,

alter, regulate, and control the rates and charges for the service and facilities to those to whom such service and facilities are available, and to levy charges for connection to the system.

(2) The rates for availability of service and facilities, and connection charges so charged must be uniform for the same class of customers or service and facility. In classifying customers served, service furnished or made available by such system of sewerage and/or water, or the connection charges, the county legislative authority may consider any or all of the following factors:

(a) The difference in cost of service to the various customers within or without the area;

(b) The difference in cost of maintenance, operation, repair and replacement of the various parts of the systems;

(c) The different character of the service and facilities furnished various customers;

(d) The quantity and quality of the sewage and/or water delivered and the time of its delivery;

(e) Capital contributions made to the system or systems, including, but not limited to, assessments;

(f) The cost of acquiring the system or portions of the system in making system improvements necessary for the public health and safety;

(g) The nonprofit public benefit status, as defined in RCW 24.03.490, of the land user; and

(h) Any other matters which present a reasonable difference as a ground for distinction.

(3) The rate a county may charge under this section for storm or surface water sewer systems or the portion of the rate allocable to the storm or surface water sewer system of combined sanitary sewage and storm or surface water sewer systems shall be reduced by a minimum of ten percent for any new or remodeled commercial building that utilizes a permissive rainwater harvesting system. Rainwater harvesting systems shall be properly sized to utilize the available roof surface of the building. The jurisdiction shall consider rate reductions in excess of ten percent dependent upon the amount of rainwater harvested.

(4) A county may provide assistance to aid low-income persons in connection with services provided under this chapter.

(5) The service charges and rates shall produce revenues sufficient to take care of the costs of maintenance and operation, revenue bond and warrant interest and principal amortization requirements, and all other charges necessary for the efficient and proper operation of the system.

(6) A connection charge under this section for service to a manufactured housing community, as defined in RCW 59.20.030, applies to an individual lot within that community only if the system of water or sewerage provides and maintains the connection. [2005 c 324 § 2; 2003 c 394 § 4; 1997 c 447 § 12; 1995 c 124 § 2; 1990 c 133 § 2; 1975 1st ex.s. c 188 § 2; 1967 c 72 § 14.]

Finding—Purpose—1997 c 447: See note following RCW 70.05.074.

Findings—1990 c 133: "The legislature finds the best interests of the citizens of the state are served if:

(1) Customers served by public water systems are assured of an adequate quantity and quality of water supply at reasonable rates;

(2) There is improved coordination between state agencies engaged in water system planning and public health regulation and local governments responsible for land use regulation and public health and safety;

(2016 Ed.)

(3) Public water systems in violation of health and safety standards adopted under RCW 43.20.050 remain in operation and continue providing water service providing that public health is not compromised, assuming a suitable replacement purveyor is found and deficiencies are corrected in an expeditious manner consistent with public health and safety; and

(4) The state address[es], in a systematic and comprehensive fashion, new operating requirements which will be imposed on public water systems under the federal Safe Drinking Water Act." [1990 c 133 § 1.]

36.94.145 Public property subject to rates and charges for storm water control facilities. Except as otherwise provided in RCW 90.03.525, any public entity and public property, including the state of Washington and state property, shall be subject to rates and charges for storm water control facilities to the same extent private persons and private property are subject to such rates and charges that are imposed by counties pursuant to RCW 36.94.140. In setting these rates and charges, consideration may be made of in-kind services, such as stream improvements or donation of property. [1986 c 278 § 58; 1983 c 315 § 4.]

36.94.150 Lien for delinquent charges. (1) All counties operating a system of sewerage and/or water shall have a lien for delinquent connection charges and charges for the availability of sewerage and/or water service, together with interest fixed by resolution at eight percent per annum from the date due until paid. Penalties of not more than ten percent of the amount due may be imposed in case of failure to pay the charges at times fixed by resolution. The lien shall be for all charges, interest, penalties, and lien recording and release fees, and shall attach to the premises to which the services were available. The lien shall be superior to all other liens and encumbrances, except general taxes and local and special assessments of the county.

(2) The county department established in RCW 36.94.120 shall certify periodically the delinquencies to the auditor of the county at which time the lien shall attach.

(3) In lieu of the procedure provided in subsection (2) of this section, a county may, by resolution or ordinance, adopt the alternative procedure applicable to cities and towns set forth in RCW 35.67.210, 35.67.215, and 35.67.290.

(4) Upon the expiration of sixty days after the attachment of the lien, the county may bring suit in foreclosure by civil action in the superior court of the county where the property is located. Costs associated with the foreclosure of the lien, including but not limited to advertising, title report, and personnel costs, shall be added to the lien upon filing of the foreclosure action. In addition to the costs and disbursements provided by statute, the court may allow the county a reasonable attorney's fee. The lien shall be foreclosed in the same manner as the foreclosure of real property tax liens. [2015 c 41 § 1; 1997 c 393 § 9; 1975 1st ex.s. c 188 § 3; 1967 c 72 § 15.]

36.94.160 Tax on gross revenues authorized. The county shall have the power to levy a tax on the system of sewerage and/or water operated by the county or counties as

authorized by this chapter, not to exceed eight percent per annum, on the gross revenues, to be paid to the county's general fund for payment of all costs of planning, financing, construction and operation of the system. [1967 c 72 § 16.]

36.94.170 Authority of municipal corporations—Relinquishment of. The primary authority to construct, operate and maintain a system of sewerage and/or water within the boundaries of a municipal corporation which lies within the area of the county's sewerage and/or water general plan shall remain with such municipal corporation. A county, after it has adopted and received the necessary approvals of its sewer and/or water general plan under the provisions of chapter 36.94 RCW may construct, own, operate and maintain a system of sewerage and/or water within the boundaries of a city or town with the written consent of such city or town and within any other municipal corporation provided such municipal corporation (1) has the legislative authority to operate such a utility; and (2)(a) has given its written consent to the county to operate therein; or (b) after adoption of a comprehensive plan or an amendment thereto for the area involved, the municipal corporation has not within twelve months after receiving notice by the county of its intention to serve that area held a formation hearing for a utility local improvement district.

Prior to exercising any authority granted in this section, the county shall compensate such municipal corporation for its reasonable costs, expenses and obligations actually incurred or contracted which are directly related to and which benefit the area which the county proposes to serve. The county may contract with a municipal corporation to furnish such utility service within any municipal corporation.

Except in the case of annexations provided for in RCW 36.94.180, once a county qualifies under this section to serve within a municipal corporation, no municipal corporation may construct or operate a competing utility in the same territory to be served by the county if the county proceeds within a reasonable period of time with the construction of its proposed facilities including the sale of any bonds to finance the same.

As may be permitted by other statutes, a city or town may provide water or sewer service outside of its corporate limits, but such service may not conflict with the county plan or any county, sewer or water facilities installed or being installed.

A county proposing to exercise any authority granted in this section shall give written notice of such intention to the municipal corporation involved and to the boundary review board, if any, of such county. Within sixty days of the filing of such notice of intention, review by the boundary review board of the proposed action may be requested as provided by the provisions of RCW 36.93.100 through 36.93.180. In the event of such review, the board shall consider the factors set forth in this section in addition to the factors and objectives set forth in RCW 36.93.170 and 36.93.180. [1971 ex.s. c 96 § 7; 1967 c 72 § 17.]

36.94.180 Transfer of system upon annexation or incorporation of area. In the event of the annexation to a city or town of an area, or incorporation of an area, in which

a county is operating a sewerage and/or water system, the property, facilities, and equipment of such sewerage and/or water system lying within the annexed or incorporated area may be transferred to the city or town if such transfer will not materially affect the operation of any of the remaining county system, subject to the assumption by the city or town of the county's obligations relating to such property, facilities, and equipment, under the procedures specified in, and pursuant to the authority contained in, chapter 35.13A RCW. [1986 c 234 § 34; 1983 c 3 § 82; 1971 ex.s. c 96 § 8; 1967 c 72 § 18.]

Every county in furtherance of the powers granted by this chapter shall be authorized to contract with the federal government, the state of Washington, or any city or town, within or without the county, and with any other county, and with any municipal corporation as defined herein or with any other municipal corporation created under the laws of the state of Washington and not limited as defined in RCW 36.94.010, or political subdivision, and with any person, firm or corporation in and for the establishment, maintenance and operation of all or a portion of a system or systems of sewerage and/or water supply.

The state and such city, town, person, firm, corporation, municipal corporation and any other municipal corporation created under the laws of the state of Washington and not limited as defined in RCW 36.94.010, and political subdivision, is authorized to contract with a county or counties for such purposes. [1967 c 72 § 19.]

36.94.200 Indebtedness—Bonds. The legislative authority of any county is hereby authorized for the purpose of carrying out the lawful powers granted by this chapter to contract indebtedness and to issue and sell general obligation bonds pursuant to and in the manner provided for general county bonds in chapters 36.67 and 39.46 RCW and other applicable statutes; and to issue revenue bonds pursuant to and in the manner provided for revenue bonds in chapter 36.67 RCW and other applicable statutes. The county legislative authority may also issue local improvement district bonds in the manner provided for cities and towns. [1984 c 186 § 35; 1983 c 167 § 101; 1981 c 313 § 2; 1967 c 72 § 20.]

The board of county commissioners of any county in adopting and establishing a system of sewerage and/or water may set aside into a special fund and pledge to the payment of the principal and interest due on any county revenue bonds or general obligation bonds any sums or amounts which may accrue from the collection of rates and charges for the private and public use of the system or systems. [1975 1st ex.s. c 188 § 4; 1967 c 72 § 21.]

36.94.220 Local improvement districts and utility local improvement districts—Establishment—Special assessments. (1) A county shall have the power to establish utility local improvement districts and local improvement

districts within the area of a sewerage and/or water general plan and to levy special assessments under a mode of annual installments extending over a period not exceeding twenty years on all property specially benefited by any local improvement on the basis of the special benefits to pay in whole or in part the damages or costs of any improvements ordered in such county.

(2) Utility local improvement districts and local improvement districts may include territory within a city or town only with the written consent of the city or town, but if the local district is formed before such area is included within the city or town, no such consent shall be necessary. Utility local improvement districts and local improvement districts used to provide sewerage disposal systems may include territory within a water-sewer district providing sewerage disposal systems only with the written consent of such a water-sewer district, but if the local district is formed before such area is included within such a water-sewer district, no consent is necessary. Utility local improvement districts and local improvement districts used to provide water systems may include territory within a water-sewer district providing water systems only with the written consent of such a water-sewer district, but if the local district is formed before such area is included within such a water-sewer district, no consent is necessary.

(3) The levying, collection, and enforcement of all public assessments hereby authorized shall be in the manner now and hereafter provided by law for the levying, collection, and enforcement of local improvement assessments by cities and towns, insofar as the same shall not be inconsistent with the provisions of this chapter. In addition, the county shall file the preliminary assessment roll at the time and in the manner prescribed in RCW 35.50.005. The duties devolving upon the city or town treasurer under such laws are imposed upon the county treasurer for the purposes of this chapter. Assessments in any local district may be made on the basis of special benefits up to but not in excess of the total cost of any sewerage and/or water improvement made with respect to that local district and the share of any general sewerage and/or water facilities allocable to that district. In utility local improvement districts, assessments shall be deposited into the revenue bond fund or general obligation bond fund established for the payment of bonds issued to pay such costs which bond payments are secured in part by the pledge of assessments, except pending the issuance and sale of such bonds, assessments may be deposited in a fund for the payment of such costs. In local improvement districts, assessments shall be deposited into a fund for the payment of such costs and local improvement bonds issued to finance the same or into the local improvement guaranty fund as provided by applicable statute. 36.94.230 Local improvement districts and utility local improvement districts—Initiation of district by resolution or petition—Publication—Notice to property owners—Contents. Utility local improvement districts and local improvement districts to carry out all or any portion of the general plan, or additions and betterments thereof, may be initiated either by resolution of the county legislative authority or by petition signed by the owners according to the records of the office of the county assessor of at least fifty-one percent of the area of land within the limits of the local district to be created.

In case the county legislative authority desires to initiate the formation of a local district by resolution, it shall first pass a resolution declaring its intention to order such improvement, setting forth the nature and territorial extent of such proposed improvement, designating the number of the proposed local district, describing the boundaries thereof, stating the estimated cost and expense of the improvement and the proportionate amount thereof which will be borne by the property within the proposed district, and fixing a date, time, and place for a public hearing on the formation of the proposed local district.

In case any such local district is initiated by petition, such petition shall set forth the nature and territorial extent of such proposed improvement and the fact that the signers thereof are the owners according to the records of the county assessor of at least fifty-one percent of the area of land within the limits of the local district to be created. Upon the filing of such petition with the clerk of the county legislative authority, the authority shall determine whether the same is sufficient, and the authority's determination thereof shall be conclusive upon all persons. No person may withdraw his or her name from said petition after the filing thereof with the clerk of the county legislative authority. If the county legislative authority finds the petition to be sufficient, it shall proceed to adopt a resolution declaring its intention to order the improvement petitioned for, setting forth the nature and territorial extent of said improvement, designating the number of the proposed local district, describing the boundaries thereof, stating the estimated cost and expense of the improvement and the proportionate amount thereof which will be borne by the property within the proposed local district, and fixing a date, time, and place for a public hearing on the formation of the proposed local district.

Notice of the adoption of the resolution of intention, whether adopted on the initiative of the board or pursuant to a petition of the property owners, shall be published in at least two consecutive issues of a newspaper of general circulation in the proposed local district, the date of the first publication to be at least fifteen days prior to the date fixed by such resolution for hearing before the county legislative authority. Notice of the adoption of the resolution of intention shall also be given each owner or reputed owner of any lot, tract, parcel of land, or other property within the proposed local district by mailing said notice at least fifteen days before the date fixed for the public hearing to the owner or reputed owner of the property as shown on the tax rolls of the county treasurer at

the address shown thereon. The notice shall refer to the resolution of intention and designate the proposed local district by number. Said notice shall also set forth the nature of the proposed improvement, the total estimated cost, the proportion of total cost to be borne by assessments, the estimated amount of the cost and expense of such improvement to be borne by the particular lot, tract, or parcel, the date, time, and place of the hearing before the county legislative authority; and in the case of improvements initiated by resolution, said notice shall also state that all persons desiring to object to the formation of the proposed district must file their written protests with the clerk of the county legislative authority before the time fixed for said public hearing. [2002 c 168 § 2; 1981 c 313 § 4; 1971 ex.s. c 96 § 10; 1967 c 72 § 23.]

36.94.232 Local improvement districts and utility local improvement districts—Notice must contain statement that assessments may vary from estimates. Any notice given to the public or to the owners of specific lots, tracts, or parcels of land relating to the formation of a local improvement district or utility local improvement district shall contain a statement that actual assessments may vary from assessment estimates so long as they do not exceed a figure equal to the increased true and fair value the improvement adds to the property. [1989 c 243 § 6.]

36.94.235 Local improvement districts and utility local improvement districts—Sanitary sewer or potable water facilities—Notice to certain property owners. Whenever it is proposed that a local improvement district or utility local improvement district finance sanitary sewers or potable water facilities, additional notice of the public hearing on the proposed improvement district shall be mailed to the owners of any property located outside of the proposed improvement district that would be required as a condition of federal housing administration loan qualification, at the time of notice, to be connected to the specific sewer or water facilities installed by the local improvement district. The notice shall include information about this restriction. [1987 c 315 § 3.]

36.94.240 Local improvement districts and utility local improvement districts—Hearing—Improvement ordered—Divestment of power to order, time limitation—Assessment roll. Whether the improvement is initiated by petition or resolution, the county legislative authority shall conduct a public hearing at the time and place designated in the notice to the property owners. At this hearing the authority shall hear objections from any person affected by the formation of the local district and may make such changes in the boundaries of the district or such modifications in plans for the proposed improvement as are deemed necessary: PROVIDED, That the authority may not change the boundaries of the district to include property not previously included therein without first passing a new resolution of intention and giving a new notice to property owners in the manner and form and within the time herein provided for the original notice.

After said hearing the county legislative authority has jurisdiction to overrule protests and proceed with any such

improvement initiated by petition or resolution: PROVIDED, That the jurisdiction of the authority to proceed with any improvement initiated by resolution shall be divested by protests filed with the clerk of the authority prior to said public hearing signed by the owners, according to the records of the county auditor, of at least forty percent of the area of land within the proposed local district. No action whatsoever may be maintained challenging the jurisdiction or authority of the county to proceed with the improvement and creating the local district or in any way challenging the validity thereof or any proceedings relating thereto unless that action is served and filed no later than thirty days after the date of passage of the resolution ordering the improvement and creating the local district.

If the county legislative authority finds that the district should be formed, it shall by resolution order the improvement, adopt detailed plans of the local district and declare the estimated cost thereof, acquire all necessary land therefor, pay all damages caused thereby, and commence in the name of the county such eminent domain proceedings and supplemental assessment or reassessment proceedings to pay all eminent domain awards as may be necessary to entitle the county to proceed with the work. The county legislative authority shall proceed with the work and file with the county treasurer its roll levying special assessments in the amount to be paid by special assessment against the property situated within the local district in proportion to the special benefits to be derived by the property therein from the improvement. [1981 c 313 § 5; 1971 ex.s. c 96 § 11; 1967 c 72 § 24.]

36.94.250 Local improvement districts and utility local improvement districts—Notice of filing roll—Hearing on protests. Before the approval of the roll a notice shall be published once a week for two consecutive weeks in a newspaper of general circulation in the local district, stating that the roll is on file and open to inspection in the office of the county legislative authority, and fixing the time, not less than fifteen or more than forty-five days from the date of the first publication of the notice, within which protests must be filed with the clerk against any assessments shown thereon, and fixing a time when a hearing will be held on the protests. The hearing shall be held before the county legislative authority, or the county legislative authority may direct that the hearing shall be held before either a committee of the legislative authority or a designated officer. The notice shall also be given by mailing at least fifteen days before the hearing, a similar notice to the owners or reputed owners of the land in the local district as they appear on the books of the treasurer of the county. [1981 c 313 § 17; 1967 c 72 § 25.]

36.94.260 Local improvement districts and utility local improvement districts—Hearing on protests—Order—Appeal. (1) At such hearing on a protest to an assessment, or any adjournment thereof, the county legislative authority or committee or officer shall sit as a board of equalization. If the protest is heard by the county legislative authority, it shall have power to correct, revise, raise, lower, change, or modify such roll, or any part thereof, and to set aside such roll, and order that such assessment be made de

novo, as shall appear equitable and just. If the protest is heard by a committee or officer, the committee or officer shall make recommendations to the county legislative authority which shall either adopt or reject the recommendations of the committee or officer. If a hearing is held before such a committee or officer, it shall not be necessary to hold a hearing on the assessment roll before such legislative authority: PROVIDED, That any county providing for an officer to hear such protests shall adopt an ordinance providing for an appeal from a decision made by the officer that any person protesting his or her assessment may make to the legislative authority. The county legislative authority shall, in all instances, approve the assessment roll by ordinance or resolution.

(2) In the event of any assessment being raised a new notice similar to such first notice shall be given, after which final approval of such roll may be made by the county legislative authority or committee or officer. Whenever any property has been entered originally upon such roll and the assessment upon any such property shall not be raised, no objection thereto may be considered by the county legislative authority or committee or officer or by any court on appeal unless such objection be made in writing at, or prior, to the date fixed for the original hearing upon such roll. [1981 c 313 § 18; 1967 c 72 § 26.]

36.94.270 Local improvement districts and utility local improvement districts—Enlarged local district may be formed. If any portion of the system after its installation in such local district is not adequate for the purpose for which it was intended, or that for any reason changes, alterations, or betterments are necessary in any portion of the system after its installation, then such district, with boundaries which may include one or more existing local districts, may be created in the same manner as is provided herein for the creation of local districts. Upon the organization of such local district as provided for in this section the plan of the improvement and the payment of the cost of the improvement shall be carried out in the same manner as is provided herein for the carrying out of and the paying for the improvement in the utility local improvement districts or local improvement districts previously provided for in this chapter. [1981 c 313 § 6; 1967 c 72 § 27.]

36.94.280 Local improvement districts and utility local improvement districts—Conclusiveness of roll when approved—Adjustments to assessments if other funds become available. Whenever any assessment roll for local improvements has been confirmed by the county legislative authority, the regularity, validity and correctness of the proceedings relating to the improvement and to the assessment therefor, including the action of the county legislative authority upon the assessment roll and the confirmation thereof, shall be conclusive in all things upon all parties, and cannot in any manner be contested or questioned in any proceeding by any person not filing written objections to the assessment roll in the manner and within the time provided in this chapter, and not appealing from the action of the county legislative authority in confirming the assessment roll in the manner

(2016 Ed.)

and within the time in this chapter provided. No proceedings of any kind shall be commenced or prosecuted for the purpose of defeating or contesting any assessment, or the sale of any property to pay an assessment, or any certificate of delinquency issued therefor, or the foreclosure of any lien issued therefor: PROVIDED, That this section shall not be construed as prohibiting the bringing of injunction proceedings to prevent the sale of any real estate upon the grounds:

(1) That the property about to be sold does not appear upon the assessment roll, or

(2) That the assessment has been paid.

If federal, local, or state funds become available for a local improvement after the assessment roll has been confirmed by the county legislative authority, the funds may be used to lower the assessments on a uniform basis. Any adjustments to the assessments because of the availability of federal or state funds may be made on the next annual payment. [1985 c 397 § 10; 1967 c 72 § 28.]

36.94.290 Local improvement districts and utility local improvement districts—Appellate review. The decision of the board of county commissioners upon any objections made within the time and in the manner herein prescribed, may be reviewed by the superior court upon an appeal thereto taken in the following manner. Such appeal shall be made by filing written notice of appeal with the clerk of the board of county commissioners and with the clerk of the superior court within ten days after the resolution confirming such assessment roll shall have become published, and such notice shall describe the property and set forth the objections of such appellant to such assessment. Within the ten days from the filing of such notice of appeal with the clerk of the superior court, the appellant shall file with the clerk of said court, a transcript consisting of the assessment roll and his or her objections thereto, together with the resolution confirming such assessment roll and the record of the board of county commissioners with reference to said assessment, which transcript, upon payment of the necessary fees therefor, shall be furnished by such clerk of the board of county commissioners and by him or her certified to contain full, true and correct copies of all matters and proceedings required to be included in such transcript. Such fees shall be the same as the fees payable to the county clerk for the preparation and certification of transcripts on appeal to the supreme court or the court of appeals in civil actions. At the time of the filing of the notice of appeal with the clerk of the superior court a sufficient bond in the penal sum of two hundred dollars, with sureties thereon as provided by law for appeals in civil cases, shall be filed conditioned to prosecute such appeal without delay, and if unsuccessful, to pay all costs to which the county is put by reason of such appeal. The court may order the appellant upon application therefor, to execute and file such additional bond or bonds as the necessity of the case may require. Within three days after such transcript is filed in the superior court, as aforesaid, the appellant shall give written notice to the clerk of the board of county commissioners that such transcript is filed. Said notice shall state a time, not less than three days from the service thereof, when the appellant will call up the said cause for hearing. The superior court shall, at said time or at such further time as may be fixed by order of the court, hear and

determine such appeal without a jury, and such cause shall have preference over all civil causes pending in said court, except proceedings under an act relating to eminent domain in such county and actions of forcible entry and detainer. The judgment of the court shall confirm, correct, modify or annul the assessment insofar as the same affects the property of the appellant. A certified copy of the decision of the court shall be filed with the officer who shall have the custody of the assessment roll, and he or she shall modify and correct such assessment roll in accordance with such decision. Appellate review of the judgment of the superior court may be sought as in other cases. However, review must be sought within fifteen days after the date of the entry of the judgment of such superior court. The supreme court or the court of appeals on such appeal may correct, change, modify, confirm or annul the assessment insofar as the same affects the property of the appellant. A certified copy of the order of the supreme court or the court of appeals upon such appeal shall be filed with the officer having custody of such assessment roll, who shall thereupon modify and correct such assessment roll in accordance with such decision. 36.94.300 Local improvement districts and utility local improvement districts—Segregation of special assessment—Fee—Costs. Whenever any land against which there has been levied any special assessment by a county shall have been sold in part or subdivided, the board of county commissioners of such county shall have the power to order a segregation of the assessment.

Any person desiring to have such a special assessment against a tract of land segregated to apply to smaller parts thereof shall apply to the board of county commissioners which levied the assessment. If the board determines that a segregation should be made, they shall by resolution order the county treasurer to make segregation on the original assessment roll as directed in the resolution. The segregation shall be made as nearly as possible on the same basis as the original assessment was levied, and the total of the segregated parts of the assessment shall equal the assessment before segregation. The resolution shall describe the original tract, the amount and date of the original assessment, and shall define the boundaries of the divided parts and the amount of the assessment chargeable to each part. A certified copy of the resolution shall be delivered to the county treasurer who shall proceed to make the segregation ordered upon being tendered a fee of three dollars for each tract of land for which a segregation is to be made. In addition to such charge the board of county commissioners may require as a condition to the order of segregation that the person seeking it pay the county the reasonable engineering and clerical costs incident to making the segregation. [1967 c 72 § 30.]

36.94.305 Service fees for sewers not constructed within ten years after voter approval—Credit against future assessments, service charges. See RCW 35.43.260.

36.94.310 Transfer of system from municipal corporation to county—Authorized. Subject to the provisions of RCW 36.94.310 through 36.94.350 a municipal corporation may transfer to the county within which all of its territory lies, all or part of the property constituting its system of sewerage, system of water or combined water and sewerage system, together with any of its other real or personal property used or useful in connection with the operation, maintenance, repair, replacement, extension, or financing of that system, and the county may acquire such property on such terms as may be mutually agreed upon by the governing body of the municipal corporation and the legislative authority of the county, and approved by the superior court for such county. [1975 1st ex.s. c 188 § 7.]

36.94.320 Transfer of system from municipal corporation to county—Assumption of indebtedness. In consideration of a transfer of property by a municipal corporation to a county in the manner provided in RCW 36.94.310 through 36.94.350, a county may assume and agree to pay or provide for the payment of all or part of the indebtedness of a municipal corporation including the payment and retirement of outstanding general obligation and revenue bonds issued by a municipal corporation. Until the indebtedness of a municipal corporation thus assumed by a county has been discharged, all property within the municipal corporation and the owners and occupants of that property, shall continue to be liable for taxes, special assessments, and other charges legally pledged to pay such indebtedness. The county may assume the obligation of causing the payment of such indebtedness, collecting such taxes, assessments, and charges and observing and performing the other contractual obligations of the municipal corporation. The legislative authority of the county may act in the same manner as the governing body of the municipal corporation for the purpose of certifying the amount of any property tax to be levied and collected therein, and may cause service and other charges and assessments to be collected from such property or owners or occupants thereof, enforce such collection and perform all other acts necessary to insure performance of the contractual obligations of the municipal corporation in the same manner and by the same means as if the property of the municipal corporation had not been acquired by the county.

When a county assumes the obligation of paying indebtedness of a municipal corporation and if property taxes or assessments have been levied and service and other charges have accrued for such purpose but have not been collected by the municipal corporation prior to such assumption, the same when collected shall belong and be paid to the county and be used by such county so far as necessary for payment of the indebtedness of the municipal corporation existing and unpaid on the date such county assumed that indebtedness. Any funds received by the county which have been collected for the purpose of paying any bonded or other indebtedness of the municipal corporation shall be used for the purpose for which they were collected and for no other purpose until such indebtedness has been paid and retired or adequate provision has been made for such payment and retirement. No transfer of property as provided in *this amendatory act shall derogate from the claims or rights of the creditors of the municipal corporation or impair the ability of the municipal corpo-

ration to respond to its debts and obligations. [1975 1st ex.s. c 188 § 8.]

***Reviser's note:** For codification of "this amendatory act" [1975 1st ex.s. c 188], see Codification Tables.

36.94.330 Transfer of system from municipal corporation to county—Transfer agreement. The governing body of a municipal corporation proposing to transfer all or part of its property to a county in the manner provided by RCW 36.94.310 through 36.94.350 and the legislative authority of a county proposing to accept such property, and to assume if it so agrees any indebtedness of the municipal corporation in consideration of such transfer, shall adopt resolutions or ordinances authorizing respectively the execution of a written agreement setting forth the terms and conditions upon which they have agreed and finding the transfer and acquisition of property pursuant to such agreement to be in the public interest and conducive to the public health, safety, welfare, or convenience. Such written agreement may include provisions, by way of description and not by way of limitation, for the rights, powers, duties, and obligations of such municipal corporation and county with regard to the use and ownership of property, the providing of services, the maintenance and operation of facilities, the allocation of costs, the financing and construction of new facilities, the application and use of assets, the disposition of liabilities and indebtedness, the performance of contractual obligations, and any other matters relating to the proposed transfer of property, which may be preceded by an interim period of operation by the county of the property and facilities subsequently to be transferred to that county. The agreement may provide for a period of time during which the municipal corporation may continue to exercise certain rights, privileges, powers, and functions authorized to it by law including the ability to promulgate rules and regulations, to levy and collect special assessments, rates, charges, service charges and connection fees, and to adopt and carry out the provisions of a comprehensive plan, and amendments thereto, for a system of improvements and to issue general obligation bonds or revenue bonds in the manner provided by law, or the agreement may provide for the exercise for a period of time of all or some of such rights, privileges, powers, and functions by the county. The agreement may provide that either party thereto may authorize, issue and sell, in the manner provided by law, revenue bonds to provide funds for new water or sewer improvements or to refund or advance refund any water revenue, sewer revenue or combined water and sewer revenue bonds outstanding of either or both such parties. The agreement may provide that either party thereto may authorize and issue, in the manner provided by law, general obligation or revenue bonds of like amounts, terms, conditions and covenants as the outstanding bonds of either or both such parties and such new bonds may be substituted or exchanged for such outstanding bonds to the extent permitted by law. [1975 1st ex.s. c 188 § 9.]

36.94.340 Transfer of system from municipal corporation to county—Petition for court approval of transfer—Hearing—Decree. When a municipal corporation and a county have entered into a written agreement providing for the transfer to such county of all or part of the property of

such municipal corporation, proceedings may be initiated in the superior court for that county by the filing of a petition to which there shall be attached copies of the agreement of the parties and of the resolutions of the governing body of the municipal corporation and the legislative authority of the county authorizing its execution. Such petition shall ask that the court approve and direct the proposed transfer of property, and any assumption of indebtedness agreed to in consideration thereof by the county, after finding such transfer and acquisition of property to be in the public interest and conducive to the public health, safety, welfare, or convenience. Such petition shall be signed by the members of the legislative authority of the county or chief administrative officer of the municipal corporation and the chair of the legislative authority of the county, respectively, upon authorization by the governing body of the municipal corporation and the legislative authority of the county.

Within thirty days after the filing of the petition of the parties with copies of their agreement and the resolutions authorizing its execution attached thereto, the court shall by order fix a date for a hearing on the petition not less than twenty nor more than ninety days after the entry of such order which also shall prescribe the form and manner of notice of such hearing to be given. After considering the petition and such evidence as may be presented at the hearing thereon, the court may determine by decree that the proposed transfer of property is in the public interest and conducive to the public health, safety, welfare, or convenience, approve the agreement of the parties and direct that such transfer be accomplished in accordance with that agreement at the time and in the manner prescribed by the court decree. [2009 c 549 § 4156; 1975 1st ex.s. c 188 § 10.]

36.94.350 Transfer of system from municipal corporation to county—Dissolution of municipal corporation. In the event the agreement of the parties provides for the transfer to the county of all the property of the municipal corporation or all such property except bond redemption funds in the possession of the county treasurer from which outstanding bonds of the municipal corporation are payable, and the agreement also provides for the assumption and payment by the county of all the indebtedness of the municipal corporation including the payment and retirement of all its outstanding bonds, and if the petition of the parties so requests, the court in the decree approving and directing the transfer of property, or in a subsequent decree, may dissolve the municipal corporation effective as of the time of transfer of property or at such time thereafter as the court may determine and establish. [1975 1st ex.s. c 188 § 11.]

36.94.360 Transfer of system from municipal corporation to county—RCW 36.94.310 through 36.94.350 deemed alternative method. The provisions of RCW 36.94.310 through 36.94.350 shall be deemed to provide an alternative method for the doing of the things therein authorized and shall not be construed as imposing any additional conditions upon the exercise of any other powers vested in municipal corporations or counties. [1975 1st ex.s. c 188 § 12.]

36.94.370 Waiver or delay of collection of tap-in charges, connection or hookup fees for low income persons. Whenever a county waives or delays collection of tap-in charges, connection fees or hookup fees for low income persons, or class of low income persons, to connect to a system of sewerage or a system of water, the waiver or delay shall be pursuant to a program established by ordinance. [1980 c 150 § 2.]

36.94.380 Local improvement bonds—Local improvement guaranty fund—Payments—Assessments—Certificates of delinquency. Every county adopting a water and/or sewerage general plan is hereby authorized to create a fund for the purpose of guaranteeing, to the extent of such fund, and in the manner hereinafter provided, the payment of all of its local improvement bonds issued, subsequent to May 19, 1981, to pay for any water or sewerage local improvement within its confines. Such fund shall be designated ". . . . County Local Improvement Guaranty Fund" and shall be established by resolution of the county legislative authority. For the purpose of maintaining such fund, every county, after the establishment thereof, shall at all times set aside and pay into such a fund such proportion of the monthly gross revenues of the water and/or sewerage system of such county as the legislative authority thereof may direct by resolution. This proportion may be varied from time to time as the county legislative authority deems expedient or necessary, except that under the existence of the conditions set forth in subsections (1) and (2) of this section, the proportion must be as therein specified.

(1) Whenever any bonds of any local improvement district have been guaranteed under RCW 36.94.380 through 36.94.400 and the guaranty fund does not have a cash balance equal to five percent of all bonds originally guaranteed under this chapter (excluding issues which have been retired in full), then five percent of the gross monthly revenues derived from all water and sewer users in the territory included in that local improvement district (but not necessarily from users in other parts of the county as a whole) may be set aside and paid into the guaranty fund. Whenever, under the requirements of this subsection, the cash balance accumulates so that it is equal to five percent of all bonds guaranteed, or to the full amount of all bonds guaranteed, outstanding and unpaid (which amount might be less than five percent of the original total guaranteed), then no further moneys need be set aside and paid into the guaranty fund so long as that condition continues.

(2) Whenever any warrants issued against the guaranty fund, as provided in this section, remain outstanding and uncalled for lack of funds for six months from the date of issuance thereof; or whenever any coupons or bonds guaranteed under this chapter have been matured for six months and have not been redeemed either in cash or by issuance and delivery of warrants upon the guaranty fund, then five percent of the gross monthly revenues (or such portion thereof as the county legislative authority determines will be sufficient to retire those warrants or redeem those coupons or bonds in the ensuing six months) derived from all water and/or sewer users in the county shall be set aside and paid into the guaranty fund. Whenever under the requirements of this subsection all such warrants, coupons, or bonds have been

redeemed, no further income need be set aside and paid into the guaranty fund under the requirements of this subsection until and unless other warrants remain outstanding and unpaid for six months or other coupons or bonds default.

(3) For the purpose of complying with the requirements of setting aside and paying into the local improvement guaranty fund a proportion of the monthly gross revenues of the water supply and/or sewerage system of any county, that county shall bind and obligate itself to maintain and operate such system and further bind and obligate itself to establish, maintain, and collect such rates for water as will provide gross revenues sufficient to maintain and operate such systems and to make necessary provision for the local improvement guaranty fund as specified by this section, and the county shall alter its rates for water or sewer service from time to time and shall vary the same in different portions of its territory to comply with those requirements.

(4) Whenever any coupon or bond guaranteed by RCW 36.94.380 through 36.94.400 matures and there is not sufficient funds in the appropriate local improvement district bond redemption fund to pay the coupon or bond, then the county treasurer shall pay the coupon or bond from the local improvement guaranty fund of the county; if there is not sufficient funds in the guaranty fund to pay the coupon or bond, then it may be paid by issuance and delivery of a warrant upon the local improvement guaranty fund.

(5) Whenever the cash balance in the local improvement guaranty fund is insufficient for the required purposes, warrants drawing interest of a rate fixed by the county legislative authority may be issued by the county auditor against the fund to meet any liability accrued against it and must be issued upon demand of the holders of any maturing coupons and/or bonds guaranteed by RCW 36.94.380 through 36.94.400, or to pay for any certificates of delinquency for delinquent installments of assessments as provided in subsection (6) of this section. Guaranty fund warrants shall be a first lien in their order of issuance upon the gross revenues set aside and paid into the guaranty fund.

(6) Within twenty days after the date of delinquency of any annual installment of assessments levied for the purpose of paying the local improvement bonds of any county guaranteed under the provisions of this chapter, the county treasurer shall compile a statement of all installments delinquent, together with the amount of accrued interest and penalty appurtenant to each of those installments. Thereupon the county treasurer shall forthwith purchase certificates of delinquency for all such delinquent installments. Payment for all such certificates of delinquency shall be made from the local improvement guaranty fund, and if there is not sufficient moneys in the fund to pay for such certificates of delinquency, the county treasurer shall accept the local improvement guaranty fund warrants in payment therefor. All such certificates of delinquency shall be issued in the name of the local improvement guaranty fund, and all guaranty fund warrants issued in payment therefor shall be issued in the name of the appropriate local improvement district fund. Whenever any market is available and the county legislative authority so directs, the county treasurer shall sell any certificates of delinquency belonging to the local improvement guaranty fund, but any such sale may not be for less than face value

thereof plus accrued interest from the date of issuance to date of sale.

Such certificates of delinquency, as above provided, shall be issued by the county treasurer, shall bear interest at the rate of eight percent per annum, shall be in each instance for the face value of the delinquent installment, plus accrued interest to date of issuance of certificate of delinquency, plus a penalty of five percent of such face value, and shall set forth the:

- (a) Description of the property assessed;
- (b) Date the installment of the assessment became delinquent; and
- (c) Name of the owner or reputed owner, if known.

Such certificates of delinquency may be redeemed by the owners of the property assessed at any time up to two years from the date of foreclosure of such certificate of delinquency.

If any certificate of delinquency is not redeemed by the second occurring first day of January subsequent to its issuance, the county treasurer shall then proceed to foreclose such certificate of delinquency in the manner specified for the foreclosure of the lien of local improvement assessments, pursuant to the laws applicable to cities or towns; and if no redemption is made within the succeeding two years the treasurer shall execute and deliver a deed conveying fee simple title to the property described in the foreclosed certificate of delinquency. 36.94.390 Local improvement bonds—Local improvement guaranty fund—Subrogation—Interest—Purchase of real property at foreclosure sales. Whenever there is paid out of a guaranty fund any sum on account of principal or interest upon the local improvement bond, or on account of purchase of certificates of delinquency, the county, as trustee for the fund, shall be subrogated to all rights of the holder of the bonds, or interest coupons, or delinquent assessment installments, so paid; and the proceeds thereof, or of the assessment or assessments underlying the same, shall become a part of the guaranty fund. There shall also be paid into each guaranty fund the interest received from the bank deposits of the fund, as well as any surplus remaining in the local improvement funds guaranteed under this chapter, after the payment of all outstanding bonds payable primarily out of such local improvement funds. As among the several issues of bonds guaranteed by the fund, no preference exists, but defaulted interest coupons and/or bonds shall be purchased out of the fund in the order of their presentation.

The legislative authority of every county operating under the provisions of RCW 36.94.380 through 36.94.400 shall by resolution prescribe appropriate rules for the guaranty fund, not inconsistent with this chapter. So much of the money of a guaranty fund as is necessary and is not required for other purposes under the terms of RCW 36.94.380 through 36.94.400 may, at the discretion of the county legislative authority, be used to purchase property at county tax foreclosure sales or from the county after foreclosure in cases where such property is subject to unpaid local improvement assessments securing bonds guaranteed under this chapter and such purchase is deemed necessary for the purpose of protecting

(2016 Ed.)

the guaranty fund. In such cases the fund shall be subrogated to all rights of the county. After so acquiring title to real property, the county may lease or resell and convey the property in the manner that county property is authorized to be leased or resold and for such prices and on such terms as may be determined by resolution of the county legislative authority. Any provision of law to the contrary notwithstanding, all proceeds resulting from such resales belong to and shall be paid into the guaranty fund. [1981 c 313 § 8.]

36.94.400 Local improvement bonds—Local improvement guaranty fund—Claims by bondholders—Transfer of cash balance to water and/or sewer maintenance fund. Neither the holder nor the owner of any local improvement bonds guaranteed under the provisions of RCW 36.94.380 through 36.94.400 has any claim therefor against the county by which the bonds are issued, except for payment from the special assessments made for the improvement for which the local improvement bonds were issued, and except as against the local improvement guaranty fund of the county; and the county is not liable to any holder or owner of such local improvement bond for any loss to the guaranty fund occurring in the lawful operation thereof by the county. The remedy of the holder or owner of a local improvement bond, in the case of nonpayment, is confined to the enforcement of the assessment and to the guaranty fund. A copy of the foregoing part of this section shall be plainly written, printed, or engraved on each local improvement bond guaranteed by RCW 36.94.380 through 36.94.400. The establishment of a local improvement guaranty fund by any county shall not be deemed at variance from any water and/or sewerage general plan or amendment thereto heretofore adopted by such county.

If any local improvement guaranty fund authorized under RCW 36.94.380 through 36.94.400 at any time has a cash balance, and the obligations guaranteed thereby have all been paid off, then such balance shall be transferred to the water and/or sewer maintenance fund of the county. [1981 c 313 § 9.]

The county shall provide notice of the hearing by the county legislative authority on the ordinance executing the transfer agreement under

[Title 36 RCW—page 325]

RCW 36.94.330 as follows: (1) By mailed notice to all rate-payers served by the system at least fifteen days prior to the hearing; and (2) by notice in a newspaper of general circulation once at least fifteen days prior to the hearing.

[1999 c 153 § 52; 1996 c 230 § 1609; 1985 c 141 § 1; 1984 c 147 § 2.]

36.94.430 Transfer of system from county to water-sewer district—Alternative method. The provisions of RCW 36.94.410 and 36.94.420 provide an alternative method of accomplishing the transfer permitted by those sections and do not impose additional conditions upon the exercise of powers vested in water-sewer districts and counties. [1999 c 153 § 49; 1984 c 147 § 3.]

Additional notes found at www.leg.wa.gov

36.94.440 Transfer of system from county to water-sewer district—Decree by superior court. If the superior court finds that the transfer agreement authorized by RCW 36.94.410 is legally correct and that the interests of the owners of related indebtedness are protected, then the court by decree shall direct that the transfer be accomplished in accordance with the agreement. [1984 c 147 § 4.]

36.94.450 Water conservation programs—Issuance of revenue bonds. A county engaged in the sale or distribution of water may issue revenue bonds, or other evidence of indebtedness in the manner provided by this chapter for the purpose of defraying the cost of financing programs for the conservation or more efficient use of water. The bonds or other evidence of indebtedness shall be deemed to be for capital purposes. [1992 c 25 § 2.]

36.94.460 Water conservation programs—Counties authorized to provide assistance to water customers. Except where otherwise authorized, assistance shall be limited to:

(1) Providing an inspection of the structure, either directly or through one or more inspectors under contract, to determine and inform the owner of the estimated cost of purchasing and installing conservation fixtures, systems, and equipment for which financial assistance will be approved and the estimated life cycle savings to the water system and

the consumer that are likely to result from the installation of the fixtures, systems, or equipment;

(2) Providing a list of businesses that sell and install the fixtures, systems, and equipment within or in close proximity to the service area of the county, each of which businesses shall have requested to be included and shall have the ability to provide the products in a workmanlike manner and to utilize the fixtures, systems, and equipment in accordance with the prevailing national standards;

(3) Arranging to have approved conservation fixtures, systems, and equipment installed by a private contractor whose bid is acceptable to the owner of the structure and verifying the installation; and

(4) Arranging or providing financing for the purchase and installation of approved conservation fixtures, systems, and equipment. The fixtures, systems, and equipment shall be purchased or installed by a private business, the owner, or the utility.

Whenever a city or town annexes an area, or a city or town incorporates an area, and the county has issued revenue bonds or general obligation bonds to finance storm or surface water drains or facilities that are payable in whole or in part from rates or charges imposed in the area, the county shall continue imposing all portions of the rates or charges that are allocated to payment of the debt service on bonds in that area after the effective date of the annexation or official date of the incorporation until: (1) The debt is retired; (2) any debt that is issued to refinance the underlying debt is retired; or (3) the city or town reimburses the county amount that is sufficient to retire that portion of the debt borne by the annexed or incorporated area. The county shall construct all facilities included in the storm water plan intended to be financed by the proceeds of such bonds. If the county provides storm water management services to the city or town by contract, the contract shall consider the value of payments made by property owners to the county for the payment of debt service.

The provisions of this section apply whether or not the bonds finance facilities that are geographically located within the area that is annexed or incorporated. [1993 c 361 § 2.]

This immunity shall expire on the earlier of the date

the plan of improvements is completed or four years from the date of assuming responsibility. This immunity does not apply to intentional injuries, fraud, or bad faith. [1994 c 292 § 7.]

36.95.010 Purpose. The purposes of a television reception improvement district, hereinafter referred to in this chapter as "district", shall be to serve the public interest, convenience, and necessity in the construction, maintenance, and operation of television and FM radio translator stations,

including appropriate electric or electronic devices for increasing television program distribution, but said purposes are not meant to include the construction or operation of television cable systems, commonly known and referred to as cable TV systems or CATV. 36.95.020 Boundaries—Territory excluded. A district's boundary may include any part or all of any county and may include any part or all of any incorporated area located within the county. A district's boundary may not include any territory already being served by a cable TV system (CATV) unless on August 9, 1971, there is a translator station retransmitting television signals to such territory. [1991 c 363 § 98; 1971 ex.s. c 155 § 2.]

Purpose—Captions not law—1991 c 363: See notes following RCW 2.32.180.

With the publication of the petition there shall be published a notice of the time, date, and place of the public meeting of the county commissioners when the petition will be considered, stating that persons interested may appear and be heard. [1971 ex.s. c 155 § 4.]

36.95.050 Resolution creating district. If after the public meeting or meetings on the petition, the board of county commissioners finds that creation of the proposed district would serve the public interest, the board shall adopt a resolution granting the petition and creating the district. 36.95.060 District board—Duties—How constituted—Quorum—Officers—Filling vacancies. The business of the district shall be conducted by the board of the television reception improvement district, hereinafter referred to as the "board". The board shall be constituted as provided under either subsection (1) or (2) of this section.

(1) The board of a district having boundaries different from the county's shall have either three, five, seven, or nine members, as determined by the board of county commissioners at the time the district is created. Each member shall reside within the boundaries of the district and shall be

appointed by the board of county commissioners for a term of three years, or until his or her successor has qualified, except that the board of county commissioners shall appoint one of the members of the first board to a one-year term and two to two-year terms. There is no limit upon the number of terms to which a member may be reappointed after his or her first appointment. A majority of the members of the board shall constitute a quorum for the transaction of business, but the majority vote of the board members shall be necessary for any action taken by the board. The board shall elect from among its members a chair and such other officers as may be necessary. In the event a seat on the board is vacated prior to the expiration of the term of the member appointed to such seat, the board of county commissioners shall appoint a person to complete the unexpired term.

(2) Upon the creation of a district having boundaries identical to those of the county (a countywide district), the county commissioners shall be the members of the board of the district and shall have all the powers and duties of the board as provided under the other sections of this chapter. The county commissioners shall be reimbursed pursuant to the provisions of RCW 36.95.070, and shall conduct the business of the district according to the regular rules and procedures applicable to meetings of the board of county commissioners. [2009 c 549 § 4157; 1992 c 150 § 1; 1971 ex.s. c 155 § 6.]

36.95.100 Tax levied—Maximum—Exemptions. (1) The tax provided for in RCW 36.95.090 and this section may not exceed sixty dollars per year per television set within the district. No person may be taxed for more than one television set, except that a motel or hotel or any person owning more than five television sets must pay at a rate of one-fifth of the annual tax rate imposed for each of the first five television sets and one-tenth of the annual tax rate imposed for each additional television set.

(2) An owner of a television set within the district is exempt from paying the excise tax on the television set if:

(a) The owner's television set does not receive at least a class grade B contour signal retransmitted by the television

translator station or other similar device operated by the district, as such class is defined under regulations of the Federal Communications Commission as of August 9, 1971;

(b) The owner is currently subscribing to and receiving the services of a community antenna system (CATV) to which the owner's television set is connected; or

Space for the statement must be provided in tax notices sent to taxpayers pursuant to RCW 36.95.160. [2013 c 191 § 1; 2009 c 549 § 4158; 1981 c 52 § 2; 1975 c 11 § 1; 1971 ex.s. c 155 § 10.]

36.95.110 Liability for delinquent tax and costs. Any person owing the excise tax provided for under this chapter and who fails to pay the same within sixty days after the board or the county treasurer has sent the tax bill to him or her, shall be deemed to be delinquent. Such person shall be liable for all costs to the county or district attributable to collecting the tax but no such excise tax or costs, nor any judgment based thereon, shall be deemed to create a lien against real property. [2009 c 549 § 4159; 1981 c 52 § 3; 1971 ex.s. c 155 § 11.]

36.95.120 Prorating tax. The board may adopt rules providing for prorating of tax bills for persons who have not owned a television set within the district for a full tax year. [1971 ex.s. c 155 § 12.]

Upon allowance of the claim, the board shall submit a voucher, signed by the chair and one other member of the board, to the county auditor for the issuance of a warrant in payment of said claim. This procedure for payment of claims shall apply to the reimbursement of board members for their actual and necessary expenses incurred by them in the performance of their official duties. [2009 c 549 § 4160; 1971 ex.s. c 155 § 15.]

36.96.010 Definitions. As used in this chapter, unless the context requires otherwise:

(1) "Special purpose district" means every municipal and quasi-municipal corporation other than counties, cities, and

towns. Such special purpose districts shall include, but are not limited to, water-sewer districts, fire protection districts, port districts, public utility districts, county park and recreation service areas, flood control zone districts, diking districts, drainage improvement districts, and solid waste collection districts, but shall not include industrial development districts created by port districts, and shall not include local improvement districts, utility local improvement districts, and road improvement districts;

(2) "Governing authority" means the commission, council, or other body which directs the affairs of a special purpose district;

(3) "Inactive" means that a special purpose district, other than a public utility district, is characterized by either of the following criteria:

(a) Has not carried out any of the special purposes or functions for which it was formed within the preceding consecutive five-year period; or

(b) No election has been held for the purpose of electing a member of the governing body within the preceding consecutive seven-year period or, in those instances where members of the governing body are appointed and not elected, where no member of the governing body has been appointed within the preceding seven-year period.

A public utility district is inactive when it is characterized by both criteria (a) and (b) of this subsection. [1999 c 153 § 50; 1979 ex.s. c 5 § 1.]

36.96.020 Notice of inactive special purpose districts by county auditor. On or before June 1st of 1980, and on or before June 1st of every year thereafter, each county auditor shall search available records and notify the county legislative authority if any special purpose districts located wholly or partially within the county appear to be inactive. If the territory of any special purpose district is located within more than one county, the legislative authorities of all other counties within whose boundaries such a special purpose district lies shall also be notified by the county auditor. However, the authority to dissolve such a special purpose district as provided by this chapter shall rest solely with the legislative authority of the county which contains the greatest geographic portion of such special purpose district. [2009 c 337 § 12; 1979 ex.s. c 5 § 2.]

36.96.030 Determination of inactive special purpose districts—Public hearing—Notice. (1) Upon receipt of notice from the county auditor as provided in RCW 36.96.020, the county legislative authority within whose boundaries all or the greatest portion of such special purpose district lies shall hold one or more public hearings on or before September 1st of the same year to determine whether or not such special purpose district or districts meet either of the criteria for being "inactive" as provided in RCW 36.96.010: PROVIDED, That if such a special purpose district is a public utility district, the county legislative authority shall determine whether or not the public utility district meets both criteria of being "inactive" as provided in RCW 36.96.010. In addition, at any time a county legislative authority may hold hearings on the dissolution of any special purpose district that appears to meet the criteria of being

"inactive" and dissolve such a district pursuant to the proceedings provided for in RCW 36.96.030 through 36.96.080.

(2) Notice of such public hearings shall be given by publication at least once each week for not less than three successive weeks in a newspaper that is in general circulation within the boundaries of the special purpose district or districts. Notice of such hearings shall also be mailed to each member of the governing authority of such special purpose districts, if such members are known, and to all persons known to have claims against any of the special purpose districts. Notice of such public hearings shall be posted in at least three conspicuous places within the boundaries of each special purpose district that is a subject of such hearings. Whenever a county legislative authority that is conducting such a public hearing on the dissolution of one or more of a particular kind of special purpose district is aware of the existence of an association of such special purpose districts, it shall also mail notice of the hearing to the association. In addition, whenever a special purpose district that lies in more than one county is a subject of such a public hearing, notice shall also be mailed to the legislative authorities of all other counties within whose boundaries the special purpose district lies. All notices shall state the purpose, time, and place of such hearings, and that all interested persons may appear and be heard. [1979 ex.s. c 5 § 3.]

36.96.040 Dissolution of inactive special purpose district by county legislative authority—Written findings. After such hearings, the county legislative authority shall make written findings whether each of the special purpose districts that was a subject of the hearings meets each of the criteria of being "inactive." Whenever a special purpose district other than a public utility district has been found to meet a criterion of being inactive, or a public utility district has been found to meet both criteria of being inactive, the county legislative authority shall adopt an ordinance dissolving the special purpose district if it also makes additional written findings detailing why it is in the public interest that the special purpose district be dissolved, and shall provide a copy of the ordinance to the county treasurer. Except for the purpose of winding up its affairs as provided by this chapter, a special purpose district that is so dissolved shall cease to exist and the authority and obligation to carry out the purposes for which it was created shall cease thirty-one days after adoption of the dissolution ordinance. [2001 c 299 § 12; 1979 ex.s. c 5 § 4.]

36.96.050 Application for writ of prohibition or mandamus by interested party—Procedure. The action of the county legislative authority dissolving a special purpose district pursuant to RCW 36.96.040 shall be final and conclusive unless within thirty days of the adoption of the ordinance an interested party makes application to a court of competent jurisdiction for a writ of prohibition or writ of mandamus. At the hearing upon such a writ, the applicant shall have the full burden of demonstrating that the particular special purpose district, other than a public utility district, does not meet either of the criteria of being inactive or that it is not in the public interest that the special purpose district be dissolved: PROVIDED, That where the particular special purpose district subject to the dissolution proceedings is a public utility

district, the applicant shall have the full burden of demonstrating that the public utility district either does not meet both the criteria of being inactive or that it is not in the public interest to dissolve the public utility district. [1979 ex.s. c 5 § 5.]

36.96.060 Dissolution of inactive special purpose district by county legislative authority—Powers and duties. For the sole and exclusive purpose of winding up the affairs of a dissolved special purpose district, the county legislative authority, acting as a board of trustees, shall have the same powers and duties as the governing authority of the dissolved special purpose district including the following:

(1) To exchange, sell, or otherwise dispose of all property, real and personal, of the dissolved special purpose district; and

(2) To settle all obligations of such special purpose district. Such powers and duties shall commence upon the effective date of dissolution and shall continue thereafter until such time as the affairs of the dissolved special purpose district have been completely wound up. [1979 ex.s. c 5 § 6.]

36.96.070 Dissolved special purpose district—Disposition of property. Any moneys or funds of the dissolved special purpose district and any moneys or funds received by the board of trustees from the sale or other disposition of any property of the dissolved special purpose district shall be used, to the extent necessary, for the payment or settlement of any outstanding obligations of the dissolved special purpose district. Any remaining moneys or funds shall be used to pay the county legislative authority for all costs and expenses incurred in the dissolution and liquidation of the dissolved special purpose district. Thereafter, any remaining moneys, funds, or property shall become that of the county in which the dissolved special purpose district was located. However, if the territory of the dissolved special purpose district was located within more than one county, the remaining moneys, funds, and personal property shall be apportioned and distributed to each county in the proportion that the geographical area of the dissolved special purpose district within the county bears to the total geographical area of the dissolved special purpose district, and any remaining real property or improvements to real property shall be transferred to the county within whose boundaries it lies. A county to which real property or improvements to real property are transferred under this section does not have an obligation to use the property or improvements for the purposes for which the dissolved special purpose district used the property or improvements and the county does not assume the obligations or liabilities of the dissolved special purpose district as a result of the transfer. [2001 c 299 § 13; 1979 ex.s. c 5 § 7.]

36.96.080 Dissolved special purpose district—Satisfaction of outstanding obligations. If the proceeds from the sale of any property of the special district together with any moneys or funds of the special purpose district are insufficient to satisfy the outstanding obligations of the special purpose district, the county legislative authority, acting as a board of trustees, shall exercise any and all powers conferred upon it to satisfy such outstanding obligations: PROVIDED, That in no case shall the board of trustees be obligated to sat-

(2016 Ed.)

isfy such outstanding obligations from county moneys, funds, or other sources of revenue unless it would have been so obligated before initiation of the dissolution proceedings under this chapter. [1979 ex.s. c 5 § 8.]

36.96.090 New special purpose districts—Duties of county auditor. For every newly created special purpose district, the auditor of each county in which the special purpose district is located shall provide the state auditor with the following information:

(1) The name of the special purpose district and a general description of its location;

(2) The name, address, and telephone number of each member of its governing authority; and

(3) The functions that the special purpose district is then presently performing and the purposes for which it was created. [2009 c 337 § 13; 1979 ex.s. c 5 § 9.]

36.96.800 Alternative dissolution procedure—Drainage and drainage improvement districts—Conditions. As an alternative to this chapter a drainage district or drainage improvement district located within the boundaries of a county storm drainage and surface water management utility, and which is not currently imposing assessments, may be dissolved by ordinance of the county legislative authority. If the alternative dissolution procedure in this section is used the following shall apply:

(1) The county storm drainage and surface water management utility shall assume responsibility for payment or settlement of outstanding debts of the dissolved drainage district or drainage improvement district.

(2) All assets, including money, funds, improvements, or property, real or personal, shall become assets of the county in which the dissolved drainage district or drainage improvement district was located.

(3) Notwithstanding RCW 85.38.220, the county storm drainage and surface water management utility may determine how to best manage, operate, maintain, improve, exchange, sell, or otherwise dispose of all property, real and personal, of the dissolved drainage district or drainage improvement district. [1991 c 28 § 1.]

36.96.900 Chapter not exclusive. The provisions of this chapter to dissolve inactive special purpose districts shall not be exclusive, and shall be in addition to any other method or methods provided by law to dissolve a special purpose district. [1979 ex.s. c 5 § 10.]

36.96.910 Savings—1979 ex.s. c 5. The enactment of this act shall not have the effect of terminating, or in any way modifying, any liability, civil or criminal, which shall already be in existence on September 1, 1979. [1979 ex.s. c 5 § 11.]

Changes in tax law—Liability: RCW 82.08.064, 82.14.055, and 82.32.430.

Sales and use tax for public facilities districts: RCW 82.14.048.

Sales and use tax imposed by public facilities districts for regional centers: RCW 82.14.390.

36.100.010 Public facilities districts—Creation—Approval of taxes by election—Corporate powers—Property transfer—Agreements. (1) One or more public facilities districts may be created in any county and must be coextensive with the boundaries of the county.

(2) A public facilities district is created upon adoption of a resolution providing for the creation of such a district by the county legislative authority in which the proposed district is located.

(3) A public facilities district is a municipal corporation, an independent taxing "authority" within the meaning of Article VII, section 1 of the state Constitution, and a "taxing district" within the meaning of Article VII, section 2 of the state Constitution.

(4) Except as provided in RCW 36.100.040 (4) and (5), no taxes authorized under this chapter may be assessed or levied unless a majority of the voters of the public facilities district has approved such tax at a general or special election. A single ballot proposition may both validate the imposition of the sales and use tax under RCW 82.14.048 and the excise tax under RCW 36.100.040(1).

(5)(a) A public facilities district constitutes a body corporate and possesses all the usual powers of a corporation for public purposes as well as all other powers that may now or hereafter be specifically conferred by statute, including, but not limited to, the authority to hire employees, staff, and services, to enter into contracts, including contracts with public and private parties, to acquire, own, sell, transfer, lease, and

otherwise acquire or dispose of property, to grant concessions under terms approved by the public facilities district, and to sue and be sued.

(b) A public facilities district created by a county with a population of one million five hundred thousand or more to acquire, own, and operate a convention and trade center transferred from a public nonprofit corporation may continue to contract with the Seattle-King county convention and visitors' bureau or its successor in interest for marketing the convention and trade center facility and services.

(6) A public facilities district may enter into contracts with a county for the purpose of exercising any powers of a community renewal agency under chapter 35.81 RCW.

(7) The legislative authority of a city or county, the board of directors of a public nonprofit corporation, or the state of Washington may transfer property to a public facilities district created under this chapter, with or without consideration. No property that is encumbered with debt or that is in need of major capital renovation may be transferred to the district without the agreement of the district and revenues adequate to retire the existing indebtedness.

(8) A public facilities district may enter into agreements with the state, any municipal corporation, or any other governmental entity for the design, financing, acquisition, development, construction, reconstruction, lease, remodeling, alteration, maintenance, equipping, reequipping, repair, operation, or management of one or more facilities of the parties thereto. Agreements may provide that any party to the contract designs, finances, acquires, develops, constructs, reconstructs, remodels, alters, maintains, equips, reequips, repairs, and operates one or more facilities for the other party or parties to the contract. A public facilities district may enter into an agreement with the state, any municipal corporation, or other public or private entity that will assist a public facilities district in the financing of all or any part of a district facility on such terms as may be determined by agreement between the respective parties, including without limitation by a loan, guaranty, or other financing agreement. [2010 1st sp.s. c 15 § 2; 2002 c 218 § 26; 1995 3rd sp.s. c 1 § 301; 1995 1st sp.s. c 14 § 1; 1995 c 396 § 1; 1989 1st ex.s. c 8 § 1; 1988 ex.s. c 1 § 11.]

Findings—Intent—2010 1st sp.s. c 15: "(1) The legislature finds that conventions and trade shows provide both direct and indirect civic and economic benefits. It is the intent of the legislature to provide for the transfer of the governance and financing of the state convention and trade center to a public facilities district formed by a county with a population of one million five hundred thousand or more to acquire, own, and operate the convention and trade center. The legislature also intends to replace, in connection with such transfer, the authority under chapter 67.40 RCW of the state and city to impose excise taxes on the sale of or charge made for the furnishing of lodging to fund the state convention and trade center with authority for the public facilities district to impose lodging taxes at these rates, without affecting the existing authority of the state, county, cities, and other municipal corporations to impose taxes on the sale or charge made for the furnishing of lodging under existing caps on the aggregate rate that may be charged.

(2) The legislature further finds that the location of the convention and trade center particularly benefits and increases the occupancy of larger hotels and other lodging facilities in the city in which it is located and to a lesser extent in the remainder of the county in which it is located. The legislature finds that imposing excise taxes on the sale of or charge made for the furnishing of lodging at the rates authorized in section 5 of this act is an appropriate method of paying for the cost of acquiring, constructing, owning, remodeling, maintaining, equipping, reequipping, repairing, altering, and operating a convention and trade center." [2010 1st sp.s. c 15 § 1.]

Construction—2010 1st sp.s. c 15: "The provisions of *this chapter must be liberally construed to effect the policies and purposes of *this chapter." [2010 1st sp.s. c 15 § 20.]

***Reviser's note:** The reference to "this chapter" appears to be erroneous. Reference to chapter 36.100 RCW was apparently intended.

36.100.020 Governance—Board of directors. (1)(a)

A public facilities district must be governed by a board of directors consisting of five, seven, or nine members as provided in this section.

(b) If the largest city in the county has a population that is at least forty percent of the total county population, the board of directors of the public facilities district must consist of five members selected as follows:

(i) Two members appointed by the county legislative authority to serve for four-year staggered terms;

(ii) Two members appointed by the city council of the largest city in the county to serve for four-year staggered terms; and

(iii) One person to serve for a four-year term who is selected by the other directors.

(c)(i) Except as provided in (c)(ii) of this subsection (1), if the largest city in the county has a population of less than forty percent of the total county population, the county legislative authority must establish in the resolution creating the public facilities district whether the board of directors of the public facilities district has either five or seven members, and the county legislative authority must appoint the members of the board of directors to reflect the interests of cities and towns in the county, as well as the unincorporated area of the county.

(ii) However, if the county has a population of one million five hundred thousand or more, the largest city in the county has a population of less than forty percent of the total county population, and the county operates under a county charter, which provides for an elected county executive, the members of the board of directors must be appointed as follows:

(A) If the public facilities district is created to construct a baseball stadium as defined in RCW 82.14.0485, three members must be appointed by the governor and the remaining members must be appointed by the county executive subject to confirmation by the county legislative authority. Of the members appointed by the governor, the speaker of the house of representatives and the majority leader of the senate must each recommend to the governor a person to be appointed to the board; and

(B) If the public facilities district is created to acquire, own, and operate a convention and trade center, following the expiration of the terms of the initial board of directors, three members must be appointed by the governor, three members must be nominated by the county executive subject to confirmation by the county legislative authority, and three members must be nominated by the mayor of the city in which the convention and trade center is located subject to confirmation by the city legislative authority. Members of the board of directors may not be members of the legislative authority of the county or any city within the county.

(d) The initial board of directors of a public facilities district created in a county of one million five hundred thousand

(2016 Ed.)

or more to acquire, own, and operate a convention and trade center must be comprised of the nine members of the board of the public nonprofit corporation that transfers the convention and trade center to the public facilities district under RCW 36.100.230. The governor must designate which of the initial board members must serve two-year terms and which must serve four-year terms and identify the board positions to which successors to initial directors are to be appointed by the county and the city.

(2) At least one member on the board of directors must be representative of the lodging industry in the public facilities district before the public facilities district imposes the excise tax under RCW 36.100.040(1). Of the members of the board of directors of a public facilities district created in a county of one million five hundred thousand or more to acquire, own, and operate a convention and trade center, one of the governor's appointments and one of the county's appointments must be representative of the lodging industry in the public facilities district and one of the city's appointments must be representative of organized labor, except that these requirements do not apply to the initial board of such district.

(3) Members of the board of directors must serve four-year terms of office, except that two of the initial five board members, three of the initial seven board members, and four of the initial nine board members must serve two-year terms of office.

(4) A vacancy must be filled in the same manner as the original appointment was made and the person appointed to fill a vacancy must serve for the remainder of the unexpired term of the office for the position to which he or she was appointed.

(5) Any director may be removed from office by the person or entity that appointed or confirmed such director for any reason or for no reason as follows: A director appointed by the governor may be removed from office by the governor; and any director confirmed by a city or county legislative authority may be removed from office by action of at least two-thirds of the members of the legislative authority that confirmed the director. (a) The formation of a public facilities district under this chapter;

(b) The issuance of any indebtedness, excluding the issuance of obligations to refund or replace such indebtedness, by a public facilities district under this chapter; or

(c) The long-term lease, purchase, or development of a facility under this chapter.

(2) The independent financial feasibility review required by this section must be conducted by the department of commerce through the municipal research and services center under RCW 43.110.030 or under a contract with another

The review must examine the potential costs to be incurred by the public facility [facilities] district and the adequacy of revenues or expected revenues to meet those costs. (3) The independent financial feasibility review, upon completion, must be a public document and must be submitted to the governor, the state treasurer, the state auditor, the public facility [facilities] district and participating local political subdivisions, and appropriate committees of the legislature. [2012 c 4 § 2.]

36.100.027 Statutorily authorized taxing authority.

36.100.040 Lodging tax authorized—Annual payment amount—Payment of obligations—Application of other tax provisions. (1) A public facilities district may impose an excise tax on the sale of or charge made for the furnishing of lodging that is subject to tax under chapter 82.08 RCW, except that no such tax may be levied on any premises having fewer than forty lodging units. Except for any tax imposed under subsection (4) or (5) of this section, if a public facilities district has not imposed such an excise tax prior to December 31, 1995, the public facilities district may only impose the excise tax if a ballot proposition authorizing the imposition of the tax has been approved by a simple majority vote of voters of the public facilities district voting on the proposition.

(2) The rate of the tax may not exceed two percent and the proceeds of the tax may only be used for the acquisition, design, construction, remodeling, maintenance, equipping, reequipping, repairing, and operation of its public facilities. This excise tax may not be imposed until the district has approved the proposal to acquire, design, and construct the public facilities.

(3) Except for a public facilities district created within a county with a population of one million five hundred thousand or more for the purpose of acquiring, owning, and operating a convention and trade center, a public facilities district may not impose the tax authorized in this section if, after the tax authorized in this section was imposed, the effective combined rate of state and local excise taxes, including sales and use taxes and excise taxes on lodging, imposed on the sale of or charge made for furnishing of lodging in any jurisdiction in the public facilities district exceeds eleven and one-half percent.

(4) To replace the tax authorized by *RCW 67.40.090, a public facilities district created within a county with a population of one million five hundred thousand or more for the purpose of acquiring, owning, and operating a convention and trade center may impose an excise tax on the sale of or charge made for the furnishing of lodging that is subject to tax under chapter 82.08 RCW, except that no such tax may be levied on any premises: (a) Having fewer than sixty lodging units; or (b) classified as a hostel. The rate of the tax may not exceed seven percent within the portion of the district that corresponds to the boundaries of the largest city within the public facilities district and may not exceed 2.8 percent in the remainder of the district. The tax imposed under this subsection (4) may not be collected prior to the transfer date defined in RCW 36.100.230.

(5) To replace the tax authorized by *RCW 67.40.130, a public facilities district created within a county with a popu-

lation of one million five hundred thousand or more for the purpose of acquiring, owning, and operating a convention and trade center may impose an additional excise tax on the sale of or charge made for the furnishing of lodging that is subject to tax under chapter 82.08 RCW, except that no such tax may be levied on any premises: (a) Having fewer than sixty lodging units; or (b) classified as a hostel. The rate of the additional excise tax may not exceed two percent and may be imposed only within the portion of the district that corresponds to the boundaries of the largest city within the public facilities district and may not be imposed in the remainder of the district. The tax imposed under this subsection (5) may not be collected prior to the transfer date specified in RCW 36.100.230. The tax imposed under this subsection (5) must be credited against the amount of the tax otherwise due to the state from those same taxpayers under chapter 82.08 RCW. The tax under this subsection (5) may be imposed only for the purpose of paying or securing the payment of the principal of and interest on obligations issued or incurred by the public facilities district and paying annual payment amounts to the state under subsection (6)(a) of this section. The authority to impose the additional excise tax under this subsection (5) expires on the date that is the earlier of (a)[(i)] July 1, 2029, or (b)[(ii)] the date on which all obligations issued or incurred by the public facilities district to implement any redemption, prepayment, or legal defeasance of outstanding obligations under RCW 36.100.230(3)(a) are no longer outstanding.

(6)(a) Commencing with the first full fiscal year of the state after the transfer date defined in RCW 36.100.230 and for so long as a public facilities district imposes a tax under subsection (5) of this section, the public facilities district must transfer to the state of Washington on June 30th of each state fiscal year an annual payment amount.

(b) For the purposes of this subsection (6), "annual payment amount" means an amount equal to revenues received by the public facilities district in the fiscal year from the additional excise tax imposed under subsection (5) of this section plus an interest charge calculated on one-half the annual payment amount times an interest rate equal to the average annual rate of return for the prior calendar year in the Washington state local government investment pool created in chapter 43.250 RCW.

(c)(i) If the public facilities district in any fiscal year is required to apply additional lodging excise tax revenues to the payment of principal and interest on obligations it issues or incurs, and the public facilities district is unable to pay all or any portion of the annual payment amount to the state, the deficiency is deemed to be a loan from the state to the public facilities district for the purpose of assisting the district in paying such principal and interest and must be repaid by the public facilities district to the state after providing for the payment of the principal of and interest on obligations issued or incurred by the public facilities district, all on terms established by an agreement between the state treasurer and the public facilities district executed prior to the transfer date. Any agreement between the state treasurer and the public facilities district must specify the term for the repayment of the deficiency in the annual payment amount with an interest rate equal to the twenty bond general obligation bond buyer index plus one percentage point.

(ii) Outstanding obligations to repay any loans deemed to have been made to the public facilities district as provided in any such agreements between the state treasurer and the public facilities district survive the expiration of the additional excise tax under subsection (5) of this section.

(iii) For the purposes of this subsection (6)(c), "additional lodging excise tax revenues" mean the tax revenues received by the public facilities district under subsection (5) of this section.

(7) A public facilities district is authorized to pledge any of its revenues, including without limitation revenues from the taxes authorized in this section, to pay or secure the payment of obligations issued or incurred by the public facilities district, subject to the terms established by the board of directors of the public facilities district. So long as a pledge of the taxes authorized under this section is in effect, the legislature may not withdraw or modify the authority to levy and collect the taxes at the rates permitted under this section and may not increase the annual payment amount to be transferred to the state under subsection (6) of this section.

(8) The department of revenue must perform the collection of such taxes on behalf of the public facilities district at no cost to the district, and the state treasurer must distribute those taxes as available on a monthly basis to the district or, upon the direction of the district, to a fiscal agent, paying agent, or trustee for obligations issued or incurred by the district.

(9) Except as expressly provided in this chapter, all of the provisions contained in RCW 82.08.050 and 82.08.060 and chapter 82.32 RCW have full force and application with respect to taxes imposed under the provisions of this section.

(10) In determining the effective combined rate of tax for purposes of the limit in subsection (3) of this section, the tax rate under RCW 82.14.530 is not included.

(11) The taxes imposed in this section do not apply to sales of temporary medical housing exempt under RCW 82.08.997.

(12)(a) For the purposes of this section, "hostel" means a structure or facility where a majority of the rooms for sleeping accommodations are hostel dormitories containing a minimum of four standard beds designed for single-person occupancy within the facility. Hostel accommodations are supervised and must include at least one common area and at least one common kitchen for guest use.

(b) For the purpose of this subsection, "hostel dormitory" means a single room, containing four or more standard beds designed for single-person occupancy, used exclusively as nonprivate communal sleeping quarters, generally for unrelated persons, where such persons independently acquire the right to occupy individual beds, with the operator supervising and determining which bed each person will occupy. The board shall have due regard for the cost of operation and maintenance of the public improvements, projects, or facilities, or additions, that are funded by the revenue bonds, and shall not set aside into the special fund or funds a greater amount or proportion of the revenues that in its judgment will be available over and above the cost of maintenance and operation and the amount or proportion, if any, of the revenue so previously pledged. The board may also provide that revenue bonds payable out of the same source or sources of revenue may later be issued on a parity with any revenue bonds being issued and sold.

(2016 Ed.)

The substance of the limitations included in this subsection shall be plainly printed, written, or engraved on each bond issued pursuant to this section.

36.105.010 Purpose. Voters of the unincorporated areas of the state are authorized to establish community councils as provided in this chapter.

It is the purpose of this chapter to provide voters of unincorporated areas in counties with a population of over thirty thousand that are made up entirely of islands with direct input on the planning and zoning of their community by establishing a governmental mechanism to adopt proposed community comprehensive plans and proposed community zoning ordinances that are consistent with an overall guide and framework adopted by the county legislative authority. In addition, it is the purpose of this chapter to have community councils serve as forums for the discussion of local issues. [1991 c 363 § 99.]

Purpose—Captions not law—1991 c 363: See notes following RCW 2.32.180.

36.105.020 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Community" means a portion of the unincorporated area for which a community council has been established and which is located in a county with a population of over thirty thousand that is made up entirely of islands.

(2) "Community comprehensive plan" means a comprehensive plan adopted by a community council.

(3) "Community council" means the governing body established under this chapter to adopt community comprehensive plans and community zoning ordinances for a community.

(4) "Community zoning ordinances" means the zoning ordinances adopted by a community council to implement a community comprehensive plan. [1991 c 363 § 100.]

Purpose—Captions not law—1991 c 363: See notes following RCW 2.32.180.

36.105.030 Minimum requirements. A community for which a community council is created may include only unincorporated territory located in a single county with a population of over thirty thousand that is made up entirely of islands and not included within a city or town. A community council must have at least one thousand persons residing within the community when the community council is created or, where the community only includes an entire island, at least three hundred persons must reside on the island when the community council is created. Any portion of such a community that is annexed by a city or town, or is incorporated as a city or town, shall be removed from the community upon the effective date of the annexation or the official date of the incorporation. [1991 c 363 § 101.]

Purpose—Captions not law—1991 c 363: See notes following RCW 2.32.180.

36.105.040 Creation. (1) The process to create a community council shall be initiated by the filing of petitions with the county auditor of the county in which the community is

located which: (a) Call for the creation of a community council; (b) set forth the boundaries for the community; (c) indicate the number of community councilmembers, which shall be five, seven, nine, or eleven; and (d) contain signatures of voters residing within the community equal in number to at least ten percent of the voters residing in the community who voted at the last state general election. The county auditor shall determine if the petitions contain a sufficient number of valid signatures and certify the sufficiency of the petitions within fifteen days of when the petitions were filed. If the petitions are certified as having sufficient valid signatures, the county auditor shall transmit the petitions and certificate to the county legislative authority.

(2) The county legislative authority shall hold a public hearing within the community on the creation of the proposed community council no later than sixty days after the petitions and certificate of sufficiency were transmitted to the county legislative authority. Notice of the public hearing shall be published in a newspaper of general circulation in the community for at least once a week for two consecutive weeks, with the last date of publication no more than ten days prior to the date of the public hearing. At least ten days before the public hearing, additional notice shall be posted conspicuously in at least five places within the proposed community in a manner designed to attract public attention.

(3) After receiving testimony on the creation of the proposed community council, the county legislative authority may alter the boundaries of the community, but the boundaries may not be altered to reduce the number of persons living within the community by more than ten percent or below the minimum number of residents who must reside within the community at the time of the creation of the community council. If territory is added to the community, another public hearing on the proposal shall be held.

(4) The county legislative authority shall call a special election within the community to determine whether the proposed community council shall be created, and to elect the initial community councilmembers, at the next state general election occurring seventy-five or more days after the initial public hearing on the creation of the proposed community council. The community council shall be created if the ballot proposition authorizing the creation of the community is approved by a simple majority vote of the voters voting on the proposition. [1991 c 363 § 102.]

Purpose—Captions not law—1991 c 363: See notes following RCW 2.32.180.

36.105.050 Election of initial community councilmembers. The initial members of the community council shall be elected at the same election as the ballot proposition is submitted authorizing the creation of the community council. However, the election of the initial community councilmembers shall be null and void if the ballot proposition authorizing the creation of the community council is not approved.

No primary election shall be held to nominate candidates for initial council positions. The initial community council shall consist of the candidate for each council position who receives the greatest number of votes for that council position. Staggering of terms of office shall be accomplished by having the majority of the winning candidates who receive

the greatest number of votes being elected to four-year terms of office, and the remaining winning candidates being elected to two-year terms of office, if the election was held in an even-numbered year, or the majority of the winning candidates who receive the greatest number of votes being elected to three-year terms of office, and the remaining winning candidates being elected to one-year terms of office, if the election was held in an odd-numbered year, with the term computed from the first day of January in the year following the election. Initial councilmembers shall take office immediately when qualified in accordance with RCW 29A.04.133.

However, where the county operates under a charter providing for the election of members of the county legislative authority in odd-numbered years, the terms of office of the initial councilmembers shall be four years and two years, if the election of the initial councilmembers was held on an odd-numbered year, or three years and one year, if the election of the initial councilmembers was held on an even-numbered year. [2015 c 53 § 68; 1991 c 363 § 103.]

Purpose—Captions not law—1991 c 363: See notes following RCW 2.32.180.

36.105.060 Community councilmembers—Election—Terms. Community councilmembers shall be elected to staggered four-year terms until their successors are elected and qualified. Each council position shall be numbered separately. Candidates shall run for specific council positions. The number of council positions shall be five, seven, nine, or eleven, as specified in the petition calling for the creation of the community council.

Community councilmembers shall be nominated and elected at nonpartisan elections pursuant to general election laws, except the elections shall be held in even-numbered years, unless the county operates under a charter and members of the county legislative authority are elected in odd-numbered years, in which case, community councilmembers shall be elected in odd-numbered years.

The provisions of this section apply to the election and terms of office of the initial community councilmembers, except as provided in RCW 36.105.050.

A councilmember shall lose his or her council position if his or her primary residence no longer is located within the community. Vacancies on a community council shall be filled by action of the remaining councilmembers. [1991 c 363 § 104.]

Purpose—Captions not law—1991 c 363: See notes following RCW 2.32.180.

36.105.070 Responsibility of county legislative authority. (1) Within ninety days of the election at which a community council is created, the county legislative authority shall adopt an ordinance establishing policies and conditions and designating portions or components of the county comprehensive plan and zoning ordinances that serve as an overall guide and framework for the development of proposed community comprehensive plans and proposed community zoning ordinances. The conditions and policies shall conform with the requirements of chapter 36.70A RCW.

(2) Proposed community comprehensive plans and proposed community zoning ordinances that are adopted by a community council shall be submitted to the county legisla-

tive authority for its review of the consistency of the proposed plans and proposed ordinances with the ordinance adopted under subsection (1) of this section. The county legislative authority shall either approve the proposed plans and proposed ordinances as adopted, or refer the proposed plans and proposed ordinances back to the community council with written findings specifying the inconsistencies, within ninety days after they were submitted. The county comprehensive plan, or subarea plan and comprehensive plan, and zoning ordinances shall remain in effect in the community until the proposed community comprehensive plans and proposed community zoning ordinances have been approved as provided in this subsection.

(3) Each proposed amendment to approved community comprehensive plans or approved community zoning ordinances that is adopted by a community council shall be submitted to the county legislative authority for its review of the consistency of the amendment with the ordinance adopted under subsection (1) of this section. The county legislative authority shall either approve the proposed amendment as adopted or refer the proposed amendment back to the community council with written findings specifying the inconsistencies within ninety days after the proposed amendment was submitted. The unamended community comprehensive plans and unamended community zoning ordinances shall remain in effect in the community until the proposed amendment has been approved as provided in this subsection.

(4) If the county legislative authority amends the ordinance it adopted under subsection (1) of this section, a community council shall be given at least one hundred twenty days to amend its community comprehensive plans and community zoning ordinances to be consistent with this amended ordinance. However, the county legislative authority may amend the community comprehensive plans and community zoning ordinances to achieve consistency with this amended ordinance. Nothing in this subsection shall preclude a community council from subsequently obtaining approval of its proposed community comprehensive plans and proposed community zoning ordinances.

(5) Approved community comprehensive plans and approved community zoning ordinances shall be enforced by the county as if they had been adopted by the county legislative authority. All quasi-judicial actions and permits relating to these plans and ordinances shall be made and decided by the county legislative authority or otherwise as provided by the county legislative authority.

(6) The county shall provide administrative and staff support for each community council within its boundaries. [1991 c 363 § 105.]

Purpose—Captions not law—1991 c 363: See notes following RCW 2.32.180.

36.105.080 Powers. A community council shall adopt proposed community comprehensive plans and proposed community zoning ordinances as provided in RCW 36.105.070. Community councils shall not have the authority to take quasi-judicial actions nor to decide permit applications. In addition, a community council shall serve as a forum for the discussion of local issues.

Community councils are subject to chapter 42.30 RCW, the open public meetings act. [1991 c 363 § 106.]

Purpose—Captions not law—1991 c 363: See notes following RCW 2.32.180.

36.105.090 Annexation. A community council may provide for the annexation of adjacent unincorporated areas to the community that are not included within another community for which a community council has been established. Annexations shall be initiated by either resolution of the community council proposing the annexation or petition of voters residing in the adjacent area, which petition: (a) Requests the annexation; (b) sets forth the boundaries of the area proposed to be annexed; and (c) contains signatures of voters residing within the area that is proposed to be annexed equal in number to at least ten percent of the voters residing in that area who voted at the last state general election. Annexation petitions shall be filed with the county auditor who shall determine if the petitions contain a sufficient number of valid signatures, certify the sufficiency of the petitions, and notify the community council of the sufficiency of the petitions within fifteen days of when the petitions are submitted.

A ballot proposition authorizing the annexation shall be submitted to the voters of the area that is proposed to be annexed at a primary or general election in either an odd-numbered or even-numbered year, if the community council initiated the annexation by resolution or if the community council concurs in an annexation that was initiated by the submission of annexation petitions containing sufficient valid signatures. The annexation shall occur if the ballot proposition authorizing the creation of the community is approved by a simple majority vote of the voters voting on the proposition. The county's comprehensive plan, and where applicable to the county's subarea plan, and zoning ordinances shall continue in effect in the annexed area until proposed amendments to the approved community comprehensive plans and approved community zoning ordinance have been approved that apply to the annexed area. [1991 c 363 § 107.]

Purpose—Captions not law—1991 c 363: See notes following RCW 2.32.180.

36.105.100 Dissolution. A community council shall be dissolved if the population of the community is reduced to less than five hundred persons, or less than two hundred persons if the community only includes an entire island.

At the next general election at which community councilmembers would be elected, occurring at least four years after the creation or reestablishment of a community, a ballot proposition shall be submitted to the voters of the community on whether the community shall be reestablished. If reestablished, the newly elected members of the community council and the retained members of the community council shall constitute the members of the community council. [1991 c 363 § 108.]

Purpose—Captions not law—1991 c 363: See notes following RCW 2.32.180.

36.110.010 Finding—Purpose, intent. Cities and counties have a significant interest in ensuring that inmates in their jails are productive citizens after their release in the community. The legislature finds that there is an expressed need for cities and counties to uniformly develop and coordinate jail industries technical information and program and public safety standards statewide. It further finds that meaningful jail work industries programs that are linked to formal education and adult literacy training can significantly reduce recidivism, the rising costs of corrections, and criminal activities. It is the purpose and intent of the legislature, through this chapter, to establish a statewide jail industries program designed to promote inmate rehabilitation through meaningful work experience and reduce the costs of incarceration. The legislature recognizes that inmates should have the responsibility for contributing to the cost of their crime through the wages earned while working in jail industries programs and that such income shall be used to offset the costs of implementing and maintaining local jail industries programs and the costs of incarceration. (13) One member from the *department of community, trade, and economic development to be selected by the governor;

(14) One member representing higher education, vocational education, or adult basic education to be selected by the governor; and

(15) The governor's representative from the correctional industries division of the state department of corrections shall be an ex officio member for the purpose of coordination and cooperation between prison and jail industries and to further a positive relationship between state and local government offender programs. [1995 c 399 § 45; 1993 c 285 § 3.]

**Reviser's note:* The "department of community, trade, and economic development" was renamed the "department of commerce" by 2009 c 565.

36.110.050 Local advisory groups. The board shall require a city or a county that establishes a jail industries program to develop a local advisory group, or to use an existing advisory group of the appropriate composition, to advise and guide jail industries program operations. Such an advisory group shall include an equal number of representatives from labor and business. Representation from a sheltered workshop, as defined in RCW 82.04.385, and a crime victim advocacy group, if existing in the local area, should also be included.

A local advisory group shall have among its tasks the responsibility of ensuring that a jail industry has minimal negative impact on existing private industries or the labor force in the locale where the industry operates and that a jail industry does not negatively affect employment opportunities for people with developmental disabilities contracted through the operation of sheltered workshops as defined in RCW 82.04.385. In the event a conflict arises between the local business community or labor organizations concerning new jail industries programs, products, services, or wages, the city or county must use the arbitration process established pursuant to RCW 36.110.060. [1993 c 285 § 5.]

36.110.060 Board of directors—Duties. The board, in accordance with chapter 34.05 RCW, shall:

(1) Establish an arbitration process for resolving conflicts arising among the local business community and labor organizations concerning new industries programs, products, services, or wages;

(2) Encourage the development of the collection and analysis of jail industries program data, including long-term tracking information on offender recidivism;

(3) Determine, by applying established federal guidelines and criteria, whether a city or a county jail free venture industries program complies with the private sector prison industry enhancement certification program. In so doing, also determine if that industry should be designated as a cost accounting center for the purposes of the federal certification program; and

(4) Provide technical assistance with product marketing. [1993 c 285 § 6.]

36.110.070 Board of directors may receive funds, establish fee schedule. The board may receive funds from local, county, state, or federal sources and may receive grants to support its activities. The board may establish a reasonable schedule of suggested fees that will support statewide efforts to promote and facilitate jail industries that would be presented to cities and counties that have established jail industries programs. [1993 c 285 § 7.]

36.110.080 Board of directors—Meetings—Terms—Compensation. The board shall initially convene at the call of the representative of the correctional industries division of the state department of corrections, together with the jail administrator selected from a city or a county with an established jail industries program, no later than six months after July 25, 1993. Subsequent meetings of the board shall be at the call of the board chairperson. The board shall meet at least twice a year.

The board shall elect a chairperson and other such officers as it deems appropriate. However, the chairperson may not be the representative of the correctional industries division of the state department of corrections nor any representative from a state executive branch agency.

Members of the board shall serve terms of three years each on a staggered schedule to be established by the first board. For purposes of initiating a staggered schedule of terms, some members of the first board may initially serve two years and some members may initially serve four years.

The members of the board shall serve without compensation but may be reimbursed for travel expenses from funds acquired under this chapter. [1993 c 285 § 8.]

36.110.085 Board of directors—Immunity. Any member serving in their official capacity on the Washington state jail industries board, in either an appointed or advisory capacity, or either their employer or employers, or other entity that selected the members to serve, are immune from a civil action based upon an act performed in good faith. [1995 c 154 § 5.]

36.110.090 City or county special revenue funds. A city or a county that implements a jail industries program may establish a separate fund for the operation of the program. This fund shall be a special revenue fund with continuing authority to receive income and pay expenses associated with the jail industries program. [1993 c 285 § 9.]

36.110.100 Comprehensive work programs. Cities and counties participating in jail industries are authorized to provide for comprehensive work programs using jail inmate workers at worksites within jail facilities or at such places within the city or county as may be directed by the legislative authority of the city or county, as similarly provided under RCW 36.28.100. [1993 c 285 § 10.]

36.110.110 Deductions from offenders' earnings. When an offender is employed in a jail industries program for which pay is allowed, deductions may be made from these

(2016 Ed.)

earnings for court-ordered legal financial obligations as directed by the court in reasonable amounts that do not unduly discourage the incentive to work. These deductions shall be disbursed as directed in RCW 9.94A.760.

In addition, inmates working in jail industries programs shall contribute toward costs to develop, implement, and operate jail industries programs. This amount shall be a reasonable amount that does not unduly discourage the incentive to work. The amount so deducted shall be deposited in the jail industries special revenue fund.

Upon request of the offender, family support may also be deducted and disbursed to a designated family member. [1993 c 285 § 11.]

36.110.120 Free venture industries, tax reduction industries—Employment status of inmates—Insurance coverage. (1) A jail inmate who works in a free venture industry or a tax reduction industry shall be considered an employee of that industry only for the purpose of the Washington industrial safety and health act, chapter 49.17 RCW, as long as the public safety is not compromised, and for eligibility for industrial insurance benefits under Title 51 RCW, as provided in this section.

(2) For jail inmates participating in free venture employer model industries, the private sector business or industry or the nonprofit organization that is party to the agreement, shall provide industrial insurance coverage under Title 51 RCW. Local jurisdictions shall not be responsible for obligations under Title 51 RCW in a free venture employer model industry except as provided in RCW 36.110.130.

(3) For jail inmates participating in free venture customer model industries, the incarcerating entity or jurisdiction, the private sector business or industry, or the nonprofit organization that is party to the agreement, shall provide industrial insurance coverage under Title 51 RCW dependent upon how the parties to the agreement choose to finalize the agreement.

(4) For jail inmates incarcerated and participating in tax reduction industries:

(a) Local jurisdictions that are self-insured may elect to provide medical aid benefits coverage only under chapter 51.36 RCW through the state fund.

(b) Local jurisdictions, to include self-insured jurisdictions, may elect to provide industrial insurance coverage under Title 51 RCW through the state fund.

(5) If industrial insurance coverage under Title 51 RCW is provided for inmates under this section, eligibility for benefits for either the inmate or the inmate's dependents or beneficiaries for temporary total disability or permanent total disability under RCW 51.32.090 or 51.32.060, respectively, shall not take effect until the inmate is discharged from custody by order of a court of appropriate jurisdiction. Nothing in this section shall be construed to confer eligibility for any industrial insurance benefits to any jail inmate who is not employed in a free venture industry or a tax reduction industry. [1995 c 154 § 2; 1993 c 285 § 12.]

36.110.130 Free venture industry agreements—Effect of failure. In the event of a failure such as a bankruptcy or dissolution, of a private sector business, industry, or nonprofit organization engaged in a free venture industry

agreement, responsibility for obligations under Title 51 RCW must be borne by the city or county responsible for establishment of the free venture industry agreement, as if the city or county had been the employing agency. To ensure that this obligation can be clearly identified and accomplished, and to provide accountability for purposes of the department of labor and industries, a free venture jail industry agreement entered into by a city or county and private sector business, industry, or nonprofit organization should be filed under a separate business license application in accordance with chapter 19.02 RCW, establishing a new and separate account with the department of labor and industries, and not be reported under an existing account for parties to the free venture industry agreement. [2013 c 144 § 38; 1995 c 154 § 3; 1993 c 285 § 13.]

36.110.140 Education and training. To the extent possible, jail industries programs shall be augmented by education and training to improve worker literacy and employability skills. Such education and training may include, but is not limited to, basic adult education, work towards earning a high school equivalency certificate as provided in RCW 28B.50.536, vocational and preemployment work maturity skills training, and apprenticeship classes. [2013 c 39 § 18; 1993 c 285 § 14.]

36.110.150 Department of corrections to provide staff assistance. Until sufficient funding is secured by the board to adequately provide staffing, basic staff assistance shall be provided, to the extent possible, by the department of corrections. [1993 c 285 § 15.]

36.110.160 Technical training assistance. Technical training assistance shall be provided to local jurisdictions by the board at the jurisdiction's request. To facilitate and promote the development of local jail industries programs, this training and technical assistance may include the following: (1) Delivery of statewide jail industry implementation workshops for administrators of jail industries programs; (2) development of recruitment and education programs for local business and labor to gain their participation; (3) ongoing staff assistance regarding local jail industries issues, such as sound business management skills, development of a professional business plan, responding to questions regarding risk management, industrial insurance, and similar matters; and (4) provision of guidelines and assistance for the coordination of basic educational programs and jail industries as well as other technical skills required by local jails in the implementation of safe, productive, and effective jail industries programs. [1995 c 154 § 4.]

36.115.070	Legislative intent.

36.115.080 Duties, requirements, authorities under growth management act not altered.

36.115.010 Purpose. The purpose of chapter 266, Laws of 1994 is to establish a flexible process by which local governments enter into service agreements that will establish which jurisdictions should provide various local government services and facilities within specified geographic areas and how those services and facilities will be financed. [1994 c 266 § 1.]

36.115.020 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "City" means a city or town, including a city operating under Title 35A RCW.

(2) "Governmental service" includes a service provided by local government, and any facilities and equipment related to the provision of such services, including but not limited to utility services, health services, social services, law enforcement services, fire prevention and suppression services, community development activities, environmental protection activities, economic development activities, and transportation services and facilities, but shall not include the generation, conservation, or distribution of electrical energy nor maritime shipping activities.

(3) "Regional service" means a governmental service established by agreement among local governments that delineates the government entity or entities responsible for the service provision and allows for that delivery to extend over jurisdictional boundaries.

(4) "Local government" means a county, city, or special district.

(5) "Service agreement" means an agreement among counties, cities, and special districts established pursuant to this chapter.

(6) "Special district" means a municipal or quasi-municipal corporation in the state, other than a county, city, or school district. [1994 c 266 § 2.]

36.115.030 Coordination—Consistency. A service agreement addressing children and family services shall enhance coordination and shall be consistent with the comprehensive plan developed under chapter 7, Laws of 1994 sp. sess. [1994 c 266 § 3.]

36.115.040 Geographic area covered—Contents—When effective. (1) Agreements among local governments concerning one or more governmental service should be established for a designated geographic area as provided in this section.

(2) A service agreement must describe: (a) The governmental service or services addressed by the agreement; (b) the geographic area covered by the agreement; (c) which local government or local governments are to provide each of the governmental services addressed by the agreement within the geographic area covered by the agreement; and (d) the term of the agreement, if any.

(3) A service agreement becomes effective when approved by: (a) The county legislative authority of each county that includes territory located within the geographic

area covered by the agreement; (b) the governing body or bodies of at least a simple majority of the total number of cities that includes territory located within the geographic area covered by the agreement, which cities include at least seventy-five percent of the total population of all cities that includes territory located within the geographic area covered by the agreement; and (c) for each governmental service addressed by the agreement, the governing body or bodies of at least a simple majority of the special districts that include territory located within the geographic area covered by the agreement and which provide the governmental service within such territory. The participants may agree to use another formula. An agreement pursuant to this section shall be effective upon adoption by the county legislative authority following a public hearing.

(4) A service agreement may cover a geographic area that includes territory located in more than a single county. [1994 c 266 § 4.]

36.115.050 Matters included. A service agreement may include, but is not limited to, any or all of the following matters:

- (1) A dispute resolution arrangement;
- (2) How joint land-use planning and development regulations by the county and a city or cities, or by two or more cities, may be established, made binding, and enforced;
- (3) How common development standards between the county and a city or cities, or between two or more cities, may be established, made binding, and enforced;
- (4) How capital improvement plans of the county, cities, and special districts shall be coordinated;
- (5) How plans and policies adopted under chapter 36.70A RCW will be implemented by the service agreement;
- (6) A transfer of revenues between local governments in relationship to their obligations for providing governmental services;
- (7) The designation of additional area-wide governmental services to be provided by the county. [1994 c 266 § 5.]

36.115.060 Procedure for establishment—Counties affected. (1) The county legislative authority of every county with a population of one hundred fifty thousand or more shall convene a meeting on or before March 1, 1995, to develop a process for the establishment of service agreements. Invitations to attend this meeting shall be sent to the governing body of each city located in the county, and to the governing body of each special district located in the county that provides one or more of the governmental services as defined in RCW 36.115.020(2).

The legislative authorities of counties of less than one hundred fifty thousand population may utilize this chapter by adopting a resolution stating their intent to do so. In that case or in the case of counties whose populations reach one hundred fifty thousand after March 1, 1995, this meeting shall be convened no later than sixty days after the date the county adopts its resolution of intention or was certified by the office of financial management as having a population of one hundred fifty thousand or more.

(2) On or before January 1, 1997, a service agreement must be adopted in each county under this chapter or a prog-

ress report must be submitted to the appropriate committees of the legislature.

(3) In other counties that choose to utilize this chapter or whose population reaches one hundred fifty thousand, the service agreement must be adopted two years after the initial meeting provided for in subsection (1) of this section is convened or a progress report must be submitted to the appropriate committees of the legislature. [1994 c 266 § 6.]

36.115.070 Legislative intent. It is the intent of the legislature to permit the creation of a flexible process to establish service agreements and to recognize that local governments possess broad authority to shape a variety of government service agreements to meet their local needs and circumstances. However, it is noted that in general, cities are the unit of local government most appropriate to provide urban governmental services and counties are the unit of local government most appropriate to provide regional governmental services.

The process to establish service agreements should assure that all directly affected local governments, and Indian tribes at their option, are allowed to be heard on issues relevant to them. [1994 c 266 § 7.]

36.115.080 Duties, requirements, authorities under growth management act not altered. Nothing contained in this chapter alters the duties, requirements, and authorities of cities and counties contained in chapter 36.70A RCW. [1994 c 266 § 8.]

36.120.010 Findings. The legislature finds that:

(1) The capacity of many of Washington state's transportation facilities have failed to keep up with the state's growth, particularly in major urban regions;

(2) The state cannot by itself fund, in a timely way, many of the major capacity and other improvements required on

highways of statewide significance in the state's largest urbanized area;

(3) Providing a transportation system that provides efficient mobility for persons and freight requires a shared partnership and responsibility between the state, local, and regional governments and the private sector; and

(4) Timely construction and development of significant transportation improvement projects can best be achieved through enhanced funding options for governments at the county and regional levels, using already existing tax authority to address roadway and multimodal needs and new authority for regions to address critical transportation projects of statewide significance. [2002 c 56 § 101.]

36.120.020 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Board" means the governing body of a regional transportation investment district.

(2) "Department" means the Washington state department of transportation.

(3) "Highway of statewide significance" means an existing or proposed state route or federal interstate designated as a highway of statewide significance by the transportation commission, the department, or the legislature.

(4) "Lead agency" means a public agency that by law can plan, design, and build a transportation project and has been so designated by the district.

(5) "Regional transportation investment district" or "district" means a municipal corporation that has been created by county legislative authorities and a vote of the people under this chapter to implement a regional transportation investment plan.

(6) "Regional transportation investment district planning committee" or "planning committee" means the advisory committee created under RCW 36.120.030 to create and propose to county legislative authorities a regional transportation investment plan to develop, finance, and construct transportation projects.

(7) "Regional transportation investment plan" or "plan" means a plan to develop, construct, and finance a transportation project or projects.

(8) "Transportation project" means:

(a) A capital improvement or improvements to a highway that has been designated, in whole or in part, as a highway of statewide significance, including an extension, that:

(i) Adds a lane or new lanes to an existing state or federal highway; or

(ii) Repairs or replaces a lane or lanes damaged by an event declared an emergency by the governor before January 1, 2002.

(b) A capital improvement or improvements to all or a portion of a highway of statewide significance, including an extension, and may include the following associated multimodal capital improvements:

(i) Approaches to highways of statewide significance;

(ii) High occupancy vehicle lanes;

(iii) Flyover ramps;

(iv) Park and ride lots;

(v) Bus pullouts;

(vi) Vans for vanpools;

(vii) Buses; and

(viii) Signalization, ramp metering, and other transportation system management improvements.

(c) A capital improvement or improvements to all or a portion of a city street, county road, or existing highway or the creation of a new highway that intersects with a highway of statewide significance, if all of the following conditions are met:

(i) The project is included in a plan that makes highway improvement projects that add capacity to a highway or highways of statewide significance;

(ii) The secretary of transportation determines that the project would better relieve traffic congestion than investing that same money in adding capacity to a highway of statewide significance;

(iii) Matching money equal to fifteen percent of the total cost of the project is provided by local entities, including but not limited to a metropolitan planning organization, county, city, port, or private entity in which a county participating in a plan is located. Local entities may use federal grants to meet this matching requirement;

(iv) In no case may the cumulative regional transportation investment district contribution to all projects constructed under this subsection (8)(c) exceed ten percent of the revenues generated by the district;

(v) In no case may the cumulative regional transportation investment district contribution to all projects constructed under this subsection (8)(c) exceed one billion dollars; and

(vi) The specific projects are included within the plan and submitted as part of the plan to a vote of the people.

(d) Except as otherwise provided in this subsection, operations, preservation, and maintenance are excluded from this definition and may not be included in a regional transportation investment plan. However, operations, preservation, and maintenance of tolled facilities where toll revenues have been pledged for the payment of contracts is expressly authorized and may be included in a regional transportation investment plan. The authority under this subsection includes operational expenses for toll enforcement.

(e) Operational expenses for traffic mitigation provided solely for transportation project construction mitigation directly related to specific projects as outlined in the plan shall be included in a regional transportation investment plan. Construction mitigation strategies may include, but are not limited to, funding for increased transit service hours, trip reduction incentives, nonmotorized mode support, and ride-matching services. Prior to construction of any project, corridor mitigation plans must be developed in conjunction with the department and partner transit agencies, including local transit agencies and the regional transit authority serving the counties, with the following goals: (i) Reducing drive alone trips in affected corridors; (ii) reducing delay per person and delay per unit of goods in affected corridors; and (iii) improving levels of service that improve system performance for all transportation users in affected corridors. The regional transportation commission established under section 2, chapter 311, Laws of 2006, or a successor regional governing entity, shall review transit investments according to these performance measures to determine whether to continue funding for successful and effective operations after the construction period is completed.

(9) "Weighted vote" means a vote that reflects the population each board or planning committee member represents relative to the population represented by the total membership of the board or planning committee. Population will be determined using the federal 2000 census or subsequent federal census data. [2006 c 334 § 13; 2006 c 311 § 4; 2002 c 56 § 102.]

Reviser's note: This section was amended by 2006 c 311 § 4 and by 2006 c 334 § 13, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

Effective date—2006 c 334: See note following RCW 47.01.051.

Findings—2006 c 311: "The legislature finds that effective transportation planning in urbanized regions requires stronger and clearer lines of responsibility and accountability.

The legislature further finds that integrated, multimodal transportation planning will help reduce transportation congestion and improve safety, and that streamlined decision making will help reduce political congestion.

The legislature further finds that coordinated planning of, investment in, and operation of transportation systems will have significant benefit to the citizens of Washington, and that it is the will of the people to fund regional transportation solutions, including improving transit service in urbanized areas and among existing, fragmented transit agencies in the region. Although equity considerations must be respected, transportation problems are broader and deeper than the sum of geographic subareas.

It is therefore the policy of the state of Washington to create a regional transportation commission to develop a proposal for a regional transportation governing entity more directly accountable to the public, and to develop a comprehensive regional transportation finance plan for the citizens of the Puget Sound metropolitan region." [2006 c 311 § 1.]

36.120.030 Planning committee—Formation.

Regional transportation investment district planning committees are advisory entities that are created, convened, and empowered as follows:

(1) A county with a population over one million five hundred thousand persons and any adjoining counties with a population over five hundred thousand persons may create a regional transportation investment district and shall convene a regional transportation investment district planning committee.

(a) The boundaries of the district should include at least the contiguous areas within the regional transit authority serving the counties. The boundaries must be proposed by the planning committee and approved by the county legislative authorities by ordinance before or in conjunction with approval of a regional transportation investment plan. Boundaries must follow complete parcels of land. However, any portion of a county that is located on a peninsula shall be exempt from a regional transportation investment district in which more than one county is included if (i) the portion of the county located on the peninsula is connected to the other portion of the county by a bridge improved under chapter 47.46 RCW, and (ii) the county has a national park and a population of more than five hundred thousand persons, but less than one million five hundred thousand persons.

(b) After voters within the district boundaries have approved a plan under RCW 36.120.070, elections to add areas to the district boundaries may be called by a resolution of the board, after consultation with the regional transportation planning organization and affected transit agencies and with the concurrence of the legislative authority of the city or town if the area is incorporated or with the concurrence of the county legislative authority if the area is unincorporated. The election may include a single ballot measure providing

annexation to the district, approval of the plan, and approval of revenue sources necessary to finance the plan. The electorate are the voters voting within the proposed area to be annexed. A simple majority of the persons voting on the single ballot measure is required for approval of the measure.

(2) The members of the legislative authorities participating in planning under this chapter shall serve as the district planning committee. Members of the planning committee receive no compensation, but may be reimbursed for travel and incidental expenses as the planning committee deems appropriate.

The secretary of transportation, or the appropriate regional administrator of the department, as named by the secretary, shall serve on the committee as a nonvoting member.

(3) A regional transportation investment district planning committee may be entitled to state funding, as appropriated by the legislature, for start-up funding to pay for salaries, expenses, overhead, supplies, and similar expenses ordinarily and necessarily incurred in selecting transportation projects and funding for those transportation projects under this chapter. Upon creation of a regional transportation investment district, the district shall within one year reimburse the state for any sums advanced for these start-up costs from the state.

(4) The planning committee shall conduct its affairs and formulate a regional transportation investment plan as provided under RCW 36.120.040, except that it shall elect an executive board of seven members to discharge the duties of the planning committee and formulate a regional transportation investment plan, subject to the approval of the full committee.

(5) At its first meeting, a regional transportation investment district planning committee may elect officers and provide for the adoption of rules and other operating procedures.

(6) Governance of and decisions by a regional transportation investment district planning committee must be by a sixty-percent weighted majority vote of the total membership.

(7) The planning committee may dissolve itself at any time by a two-thirds weighted majority vote of the total membership of the planning committee.

(8) If a multicounty regional transportation investment district is not formed by December 1, 2007, through approval by the voters voting on a regional transportation investment plan, then the authority under this chapter to create a district, and to fund and construct transportation projects, shall be available to each of the eligible counties described in subsection (1) of this section on an individual and independent basis. [2006 c 311 § 5; 2002 c 56 § 103.]

Findings—2006 c 311: See note following RCW 36.120.020.

36.120.040 Planning committee—Duties. (1) A regional transportation investment district planning committee shall adopt a regional transportation investment plan providing for the development, construction, and financing of transportation projects. The planning committee may consider the following factors in formulating its plan:

(a) Land use planning criteria;

(b) The input of cities located within a participating county; and

(c) The input of regional transportation planning organizations of which a participating county is a member. A regional transportation planning organization in which a participating county is located shall review its adopted regional transportation plan and submit, for the planning committee's consideration, its list of transportation improvement priorities.

(2) The planning committee may coordinate its activities with the department, which shall provide services, data, and personnel to assist in this planning as desired by the planning committee. In addition, the planning committee may coordinate its activities with affected cities, towns, and other local governments, including any regional transit authority existing within the participating counties' boundaries, that engage in transportation planning.

(3) The planning committee shall:

(a) Conduct public meetings that are needed to assure active public participation in the development of the plan;

(b) Adopt a plan proposing the:

(i) Creation of a regional transportation investment district, including district boundaries; and

(ii) Construction of transportation projects to improve mobility within each county and within the region. Operations, maintenance, and preservation of facilities or systems may not be part of the plan, except for the limited purposes provided under RCW 36.120.020(8); and

(c) Recommend sources of revenue authorized by RCW 36.120.050 and a financing plan to fund selected transportation projects. The overall plan of the district must leverage the district's financial contributions so that the federal, state, local, and other revenue sources continue to fund major congestion relief and transportation capacity improvement projects in each county and the district. A combination of local, state, and federal revenues may be necessary to pay for transportation projects, and the planning committee shall consider all of these revenue sources in developing a plan.

(4) The plan must use tax revenues and related debt for projects that generally benefit a participating county in proportion to the general level of tax revenues generated within that participating county. This equity principle applies to all modifications to the plan, appropriation of contingency funds not identified within the project estimate, and future phases of the plan. Per agreement with a regional transit authority serving the counties participating in a district, the equity principle identified under this subsection may include using the combined district and regional transit authority revenues generated within a participating county to determine the distribution that proportionally benefits the county. For purposes of the transportation subarea equity principle established under this subsection, a district may use the five subareas within a regional transit authority's boundaries as identified in an authority's system plan adopted in May 1996. During implementation of the plan, the board shall retain the flexibility to manage distribution of revenues, debt, and project schedules so that the district may effectively implement the plan. Nothing in this section should be interpreted to prevent the district from pledging district-wide tax revenues for payment of any contract or debt entered into under RCW 36.120.130.

(5) Before adopting the plan, the planning committee, with assistance from the department, shall work with the lead agency to develop accurate cost forecasts for transportation

projects. This project costing methodology must be integrated with revenue forecasts in developing the plan and must at a minimum include estimated project costs in constant dollars as well as year of expenditure dollars, the range of project costs reflected by the level of project design, project contingencies, identification of mitigation costs, the range of revenue forecasts, and project and plan cash flow and bond analysis. The plan submitted to the voters must provide cost estimates for each project, including reasonable contingency costs. Plans submitted to the voters must provide that the maximum amount possible of the funds raised will be used to fund projects in the plan, including environmental improvements and mitigation, and that administrative costs be minimized. If actual revenue exceeds actual plan costs, the excess revenues must be used to retire any outstanding debt associated with the plan.

(6) If a county opts not to adopt the plan or participate in the regional transportation investment district, but two or more contiguous counties do choose to continue to participate, then the planning committee may, within ninety days, redefine the regional transportation investment plan and the ballot measure to be submitted to the people to reflect elimination of the county, and submit the redefined plan to the legislative authorities of the remaining counties for their decision as to whether to continue to adopt the redefined plan and participate. This action must be completed within sixty days after receipt of the redefined plan.

(7) Once adopted by the planning committee, the plan must be forwarded to the participating county legislative authorities to initiate the election process under RCW 36.120.070. The planning committee shall at the same time provide notice to each city and town within the district, the governor, the chairs of the transportation committees of the legislature, the secretary of transportation, and each legislator whose legislative district is partially or wholly within the boundaries of the district.

(8) If the ballot measure is not approved, the planning committee may redefine the selected transportation projects, financing plan, and the ballot measure. The county legislative authorities may approve the new plan and ballot measure, and may then submit the revised proposition to the voters at the next election or a special election. If no ballot measure is approved by the voters by the third vote, the planning committee is dissolved. [2006 c 311 § 6; 2003 c 194 § 1; 2002 c 56 § 104.]

Findings—2006 c 311: See note following RCW 36.120.020.

36.120.045 Planning committee—State route No. 520 improvements. The planning committee must develop and include in the regional transportation investment plan a funding proposal for the state route number 520 bridge replacement and HOV project that assures full project funding for seismic safety and corridor connectivity on state route number 520 between Interstate 5 and Interstate 405. [2006 c 311 § 7.]

Findings—2006 c 311: See note following RCW 36.120.020.

36.120.050 Planning committee—Taxes, fees, and tolls. (1) A regional transportation investment district planning committee may, as part of a regional transportation investment plan, recommend the imposition or authorization

of some or all of the following revenue sources, which a regional transportation investment district may impose or authorize upon approval of the voters as provided in this chapter:

(a) A regional sales and use tax, as specified in RCW 82.14.430, of up to 0.1 percent of the selling price, in the case of a sales tax, or value of the article used, in the case of a use tax, upon the occurrence of any taxable event in the regional transportation investment district;

(b) A local option vehicle license fee, as specified under RCW 82.80.100, of up to one hundred dollars per vehicle registered in the district. As used in this subsection, "vehicle" means motor vehicle as defined in RCW 46.04.320. Certain classes of vehicles, as defined under chapter 46.04 RCW, may be exempted from this fee;

(c) A parking tax under RCW 82.80.030;

(d) A local motor vehicle excise tax under RCW 81.100.060;

(e) A local option fuel tax under RCW 82.80.120;

(f) An employer excise tax under RCW 81.100.030; and

(g) Vehicle tolls on new or reconstructed local or regional arterials or state routes within the boundaries of the district, if the following conditions are met:

(i) Consistent with RCW 47.56.820, the vehicle toll must first be authorized by the legislature if the toll is imposed on a state route;

(ii) Consistent with RCW 47.56.850, the vehicle toll, including any change in an existing toll rate, must first be reviewed and approved by the tolling authority designated in RCW 47.56.850 if the toll, or change in toll rate, would have a significant impact, as determined by the tolling authority, on the operation of any state facility;

(iii) The regional transportation investment plan must identify the facilities that may be tolled; and

(iv) Unless otherwise specified by law, the department shall administer the collection of vehicle tolls on designated facilities, and the state transportation commission, or its successor, shall be the tolling authority, and shall act in accordance with RCW 47.56.850.

(2) Taxes, fees, and tolls may not be imposed or authorized without an affirmative vote of the majority of the voters within the boundaries of the district voting on a ballot proposition as set forth in RCW 36.120.070. Revenues from these taxes and fees may be used only to implement the plan as set forth in this chapter. A district may contract with the state department of revenue or other appropriate entities for administration and collection of any of the taxes or fees authorized in this section.

(3) Existing statewide motor vehicle fuel and special fuel taxes, at the distribution rates in effect on January 1, 2001, are not intended to be altered by this chapter. [2008 c 122 § 16; 2006 c 311 § 13; 2003 c 350 § 4; 2002 c 56 § 105.]

Findings—2006 c 311: See note following RCW 36.120.020.

36.120.060 Project selection—Performance criteria.

(1) The planning committee shall consider the following criteria for selecting transportation projects to improve corridor performance:

- (a) Reduced level of congestion and improved safety;
- (b) Improved travel time;
- (c) Improved air quality;

(d) Increases in daily and peak period person and vehicle trip capacity;

(e) Reductions in person and vehicle delay;

(f) Improved freight mobility; and

(g) Cost-effectiveness of the investment.

(2) These criteria represent only minimum standards that must be considered in selecting transportation improvement projects. The board shall also consider rules and standards for benchmarks adopted by the transportation commission or its successor. [2002 c 56 § 106.]

36.120.070 Submission of ballot propositions to the voters.

(1) Beginning no sooner than the 2007 general election, two or more contiguous county legislative authorities, or a single county legislative authority as provided under RCW 36.120.030(8), upon receipt of the regional transportation investment plan under RCW 36.120.040, may submit to the voters of the proposed district a single ballot proposition that approves formation of the district, approves the regional transportation investment plan, and approves the revenue sources necessary to finance the plan. For a county to participate in the plan, the county legislative authority shall, within ninety days after receiving the plan, adopt an ordinance indicating the county's participation. The planning committee may draft the ballot proposition on behalf of the county legislative authorities, and the county legislative authorities may give notice as required by law for ballot propositions, and perform other duties as required to submit the proposition to the voters of the proposed district for their approval or rejection. Counties may negotiate interlocal agreements necessary to implement the plan. The electorate will be the voters voting within the boundaries of the proposed district. A simple majority of the total persons voting on the single ballot proposition is required for approval.

(2) The participating counties shall submit a regional transportation investment plan at the 2007 general election as part of a single ballot proposition that includes, in conjunction with RCW 81.112.030(10), a plan to support an authority's system and financing plan, or additional implementation phases of the system and financing plan, developed under chapter 81.112 RCW. The regional transportation investment plan shall not be considered approved unless both a majority of the persons voting on the proposition residing in the proposed district vote in favor of the proposition and a majority of the persons voting on the proposition residing within the regional transit authority vote in favor of the proposition. [2007 c 509 § 2; 2006 c 311 § 8; 2002 c 56 § 107.]

Findings—Intent—2007 c 509: "The legislature finds that traffic congestion reduces personal and freight mobility and is detrimental to the economy, air quality, and the quality of life throughout the central Puget Sound area. Effective transportation solutions are essential for the future growth and development of the central Puget Sound area and the welfare of its citizens.

The legislature further finds that investments in both transit and road improvements are necessary to relieve traffic congestion and to improve mobility. The transportation improvements proposed by regional transportation investment districts and regional transit authorities within the central Puget Sound region form integral parts of, and are naturally and necessarily related to, a single regional transportation system. The construction of road and transit projects in a comprehensive and interrelated manner will help reduce transportation congestion, increase road capacity, promote safety, facilitate mobility, and improve the health, welfare, and safety of the citizens of Washington.

The legislature further finds that under RCW 81.112.030 and *36.120.170 regional transportation investment districts and regional transit authorities are required to submit to the voters propositions for their respective transportation plans on the same ballot at the 2007 general election and that the opportunity to propose a single ballot reflecting a comprehensive, systemic, and interrelated approach to regional transportation would further the legislative intent and provide voters with an easier and more efficient method of expressing their will.

It is therefore the policy and intent of the state of Washington that transportation plans required to be submitted for voter approval at the 2007 general election by a regional transportation investment district and a regional transit authority must be submitted to voters in single ballot question seeking approval of both plans." [2007 c 509 § 1.]

Constitutional challenges—Expedited appeals—2007 c 509: "Any legal challenges as to the constitutionality of this act must be filed in superior court along with any supporting legal and factual authority within twenty calendar days of May 15, 2007. Notice of a challenge along with any supporting legal and factual authority must be served upon the secretary of state, the attorney general, the district, and the authority. Upon the filing of a challenge, the state, district, and authority have ten calendar days to file any response to the challenge along with any supporting legal and factual authority. The court shall accord priority to hearing the matter and shall, within five calendar days of the filing of the response to the challenge, render its decision and file with the secretary of state a copy of its decision. The decision of the superior court constitutes a final judgment. Any appeal must be filed in the supreme court within ten calendar days after the date of the superior court decision. The supreme court shall issue its ruling on the appeal within thirty days of receipt by the court." [2007 c 509 § 5.]

Severability—2007 c 509: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [2007 c 509 § 6.]

Effective date—2007 c 509: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [May 15, 2007]." [2007 c 509 § 7.]

Findings—2006 c 311: See note following RCW 36.120.020.

36.120.080 Formation—Certification. If the voters approve the plan, including creation of a regional transportation investment district and imposition of taxes and fees, the district will be declared formed. The county election officials of participating counties shall, within fifteen days of the final certification of the election results, publish a notice in a newspaper or newspapers of general circulation in the district declaring the district formed, and mail copies of the notice to the governor, the secretary of transportation, the executive director of the regional transit authority in which any part of the district is located, and the executive director of the regional transportation planning organization in which any part of the district is located. A party challenging the procedure or the formation of a voter-approved district must file the challenge in writing by serving the prosecuting attorney of the participating counties and the attorney general within thirty days after the final certification of the election. Failure to challenge within that time forever bars further challenge of the district's valid formation. [2006 c 311 § 10; 2002 c 56 § 108.]

Findings—2006 c 311: See note following RCW 36.120.020.

36.120.090 Governing board—Composition. (1) The governing board of a district consists of the members of the legislative authority of each member county, acting ex officio and independently. The secretary of transportation or the appropriate regional administrator of the department, as

named by the secretary, shall also serve as a nonvoting member of the board. The governing board may elect an executive board of seven members to discharge the duties of the governing board subject to the approval of the full governing board.

(2) A sixty-percent majority of the weighted votes of the total board membership is required to submit to the counties a modified plan under RCW 36.120.140 or any other proposal to be submitted to the voters. The counties may, with majority vote of each county legislative authority, submit a modified plan or proposal to the voters. [2002 c 56 § 109.]

36.120.100 Governing board—Organization. The board shall adopt rules for the conduct of business. The board shall adopt bylaws to govern district affairs, which may include:

- (1) The time and place of regular meetings;
- (2) Rules for calling special meetings;
- (3) The method of keeping records of proceedings and official acts;
- (4) Procedures for the safekeeping and disbursement of funds; and
- (5) Any other provisions the board finds necessary to include. [2002 c 56 § 110.]

36.120.110 Governing board—Powers and duties—Intent. (1) The governing board of the district is responsible for the execution of the voter-approved plan. The board shall:

- (a) Impose taxes and fees authorized by district voters;
- (b) Enter into agreements with state, local, and regional agencies and departments as necessary to accomplish district purposes and protect the district's investment in transportation projects;
- (c) Accept gifts, grants, or other contributions of funds that will support the purposes and programs of the district;
- (d) Monitor and audit the progress and execution of transportation projects to protect the investment of the public and annually make public its findings;
- (e) Pay for services and enter into leases and contracts, including professional service contracts;
- (f) Hire no more than ten employees, including a director or executive officer, a treasurer or financial officer, a project manager or engineer, a project permit coordinator, and clerical staff; and
- (g) Coordinate its activities with affected cities, towns, and other local governments, including any regional transit authority existing either partially or entirely within the district area, that engage in transportation planning; and
- (h) Exercise other powers and duties as may be reasonable to carry out the purposes of the district.

(2) It is the intent of the legislature that existing staff resources of lead agencies be used in implementing this chapter. A district may coordinate its activities with the department, which shall provide services, data, and personnel to assist as desired by the regional transportation investment district. Lead agencies for transportation projects that are not state facilities shall also provide staff support for the board.

(3) A district may not acquire, hold, or dispose of real property.

(4) Except for the limited purposes provided under RCW 36.120.020(8), a district may not own, operate, or maintain an ongoing facility, road, or transportation system.

(5) A district may accept and expend or use gifts, grants, or donations.

(6) It is the intent of the legislature that administrative and overhead costs of a regional transportation investment district be minimized. For transportation projects costing up to fifty million dollars, administrative and overhead costs may not exceed three percent of the total construction and design project costs per year. For transportation projects costing more than fifty million dollars, administrative and overhead costs may not exceed three percent of the first fifty million dollars in costs, plus an additional one-tenth of one percent of each additional dollar above fifty million. These limitations apply only to the district, and do not limit the administration or expenditures of the department.

(7) A district may use the design-build procedure for transportation projects developed by it. As used in this section "design-build procedure" means a method of contracting under which the district contracts with another party for that party to both design and build the structures, facilities, and other items specified in the contract. The requirements and limitations of RCW 47.20.780 and 47.20.785 do not apply to the transportation projects under this chapter. [2006 c 311 § 11; 2002 c 56 § 111.]

Findings—2006 c 311: See note following RCW 36.120.020.

36.120.120 Treasurer. The regional transportation investment district, by resolution, shall designate a person having experience in financial or fiscal matters as treasurer of the district. The district may designate the treasurer of a county within which the district is located to act as its treasurer. Such a treasurer has all of the powers, responsibilities, and duties the county treasurer has related to investing surplus funds. The district shall require a bond with a surety company authorized to do business in this state in an amount and under the terms and conditions the district, by resolution, from time to time finds will protect the district against loss. The district shall pay the premium on the bond.

In addition to the account established in RCW 36.120.200, the treasurer may establish a special account, into which may be paid district funds. The treasurer may disburse district funds only on warrants issued by the district upon orders or vouchers approved by the district.

If the treasurer of the district is the treasurer of a county, all district funds must be deposited with a county depository under the same restrictions, contracts, and security as provided for county depositories. If the treasurer of the district is some other person, all funds must be deposited in a bank or banks authorized to do business in this state qualified for insured deposits under any federal deposit insurance act as the district, by resolution, designates.

The district may provide and require a reasonable bond of any other person handling moneys or securities of the district, but the district shall pay the premium on the bond. [2002 c 56 § 112.]

36.120.130 Indebtedness—Bonds—Limitation.

(1)(a) Notwithstanding RCW 39.36.020(1), the district may at any time contract indebtedness or borrow money for dis-

(2016 Ed.)

trict purposes and may issue general obligation bonds or other evidences of indebtedness, secured by the pledge of one or more of the taxes, tolls, charges, or fees authorized to be imposed by the district, in an amount not exceeding, together with any existing indebtedness of the district not authorized by the voters, one and one-half percent of the value of the taxable property within the boundaries of the district.

(b) With the assent of three-fifths of the voters voting at an election, a district may contract indebtedness or borrow money for district purposes and may issue general obligation bonds or other evidences of indebtedness as long as the total indebtedness of the district does not exceed five percent of the value of the taxable property within the district, including indebtedness authorized under (a) of this subsection. The bonds shall be issued and sold in accordance with chapter 39.46 RCW.

(2) The district may at any time issue revenue bonds or other evidences of indebtedness, secured by the pledge of one or more of the revenues authorized to be collected by the district, to provide funds to carry out its authorized functions without submitting the matter to the voters of the district. These obligations shall be issued and sold in accordance with chapter 39.46 RCW.

(3) The district may enter into agreements with the lead agencies or the state of Washington, when authorized by the plan, to pledge taxes or other revenues of the district for the purpose of paying in part or whole principal and interest on bonds issued by the lead agency or the state of Washington. The agreements pledging revenues and taxes shall be binding for their terms, but not to exceed thirty years, and no tax pledged by an agreement may be eliminated or modified if it would impair the pledge made in any agreement.

(4) Once construction of projects in the plan has been completed, revenues collected by the district may only be used for the following purposes: (a) Payment of principal and interest on outstanding indebtedness of the district; (b) to make payments required under a pledging agreement; and (c) to make payments for maintenance and operations of toll facilities as may be required by toll bond covenants. [2003 c 372 § 1; 2002 c 56 § 113.]

36.120.140 Transportation project or plan modification—Accountability. (1) The board may modify the plan to change transportation projects or revenue sources if:

(a) Two or more participating counties adopt a resolution to modify the plan; and

(b) The counties submit to the voters in the district a ballot measure that redefines the scope of the plan, its projects, its schedule, its costs, or the revenue sources. If the voters fail to approve the redefined plan, the district shall continue to work on and complete the plan, and the projects in it, that was originally approved by the voters. If the voters approve the redefined plan, the district shall work on and complete the projects under the redefined plan.

(2) The board may modify the plan to change transportation projects within a participating county if:

(a) A majority of the board approves the change;

(b) The modifications are limited to projects within the county;

(c) The county submits to the voters in the county a ballot measure that redefines:

- (i) Projects;
- (ii) Scopes of projects; or
- (iii) Costs; and
- (iv) The financial plan for the county;

(d) The proposed modifications maintain the equity of the plan and does [do] not increase the total level of plan expenditure for the county.

If the voters fail to approve the modified plan, the district shall continue to work on and complete the plan, and the projects in it, that was originally approved by the voters. If the voters approve the redefined plan, the district shall work on and complete the projects under the redefined plan.

(3) If a transportation project cost exceeds its original cost by more than twenty percent as identified in the plan:

(a) The board shall, in coordination with the county legislative authorities, submit to the voters in the district or county a ballot measure that redefines the scope of the transportation project, its schedule, or its costs. If the voters fail to approve the redefined transportation project, the district shall terminate work on that transportation project, except that the district may take reasonable steps to use, preserve, or connect any improvement already constructed. The remainder of any funds that would otherwise have been expended on the terminated transportation project must first be used to retire any outstanding debt attributable to the plan and then may be used to implement the remainder of the plan.

(b) Alternatively, upon adoption of a resolution by two or more participating counties:

(i) The counties shall submit to the voters in the district a ballot measure that redefines the scope of the plan, its transportation projects, its schedule, or its costs. If the voters fail to approve the redefined plan, the district shall terminate work on that plan, except that the district may take reasonable steps to use, preserve, or connect any improvement already constructed. The remainder of any funds must be used to retire any outstanding debt attributable to the plan; or

(ii) The counties may elect to have the district continue the transportation project without submitting an additional ballot proposal to the voters.

(4) To assure accountability to the public for the timely construction of the transportation improvement project or projects within cost projections, the district shall issue a report, at least annually, to the public and copies of the report to newspapers of record in the district. In the report, the district shall indicate the status of transportation project costs, transportation project expenditures, revenues, and construction schedules. The report may also include progress towards meeting the performance criteria provided under this chapter. [2003 c 194 § 2; 2002 c 56 § 114.]

36.120.150 Department of transportation—Role. (1)

The department shall designate an office or division of dedicated staff and services whose primary responsibility is to coordinate the design, preliminary engineering, permitting, financing, and construction of transportation projects under consideration by a regional transportation investment district planning committee or that are part of a regional transportation investment plan being implemented by a regional transportation investment district.

(2) All of the powers granted the department under Title 47 RCW relating to highway construction may, at the request

of a regional transportation investment district, be used to implement a regional transportation investment plan and construct transportation projects. [2002 c 56 § 115.]

36.120.160 Ownership of improvements. Any improvement to a state facility constructed under this chapter becomes and remains the property of this state. [2002 c 56 § 116.]

36.120.170 Dissolution of district. Within thirty days of the completion of the construction of the transportation project or series of projects forming the regional transportation investment plan, the district shall terminate day-to-day operations and exist solely as a limited entity that oversees the collection of revenue and the payment of debt service or financing still in effect, if any. The district shall accordingly adjust downward its employees, administration, and overhead expenses. Any taxes, fees, or tolls imposed under an approved plan terminate when the financing or debt service on the transportation project or series of transportation projects constructed is completed and paid, thirty days from which point the district shall dissolve itself and cease to exist. If there is no debt outstanding, then the district shall dissolve within thirty days from completion of construction of the transportation project or series of transportation projects forming the regional transportation investment plan. Notice of dissolution must be published in newspapers of general circulation within the district at least three times in a period of thirty days. Creditors must file claims for payment of claims due within thirty days of the last published notice or the claim is extinguished. [2002 c 56 § 117.]

36.120.180 Findings—Regional models—Grants.

The legislature finds that regional solutions to the state's transportation needs are of paramount concern. The legislature further recognizes that different areas of the state will need the flexibility to fashion local solutions to their transportation problems, and that regional transportation systems may evolve over time. Areas of the state outside of King, Snohomish, and Pierce counties are eligible for grants from the state of no more than two hundred thousand dollars each to study and develop regional transportation models. Regions receiving these grants shall:

(1) Develop a model that can be used within their region to select, fund, and administer regional transportation solutions;

(2) Adopt a county resolution approving the model proposed;

(3) Form interlocal agreements among counties as appropriate;

(4) Report to the transportation committees in the senate and house of representatives, petitioning the legislature to grant them authority to implement their proposed model. [2002 c 56 § 118.]

36.120.190 Joint ballot measure. At the option of the planning committee, and with the explicit approval of the regional transit authority, the participating counties may choose to impose any remaining high capacity transportation taxes under chapter 81.104 RCW that have not otherwise been used by a regional transit authority and submit to the

voters a common ballot measure that creates the district, approves the regional transportation investment plan, implements the taxes, and implements any remaining high capacity transportation taxes within the boundaries of the regional transportation investment district. Collection and expenditures of any high capacity transportation taxes implemented under this section must be determined by agreement between the participating counties or district and the regional transit authority electing to submit high capacity transportation taxes to the voters under a common ballot measure as provided in this section. If the measure fails, all such unused high capacity transportation taxes revert back to and remain with the regional transit authority. A project constructed with this funding is not considered a "transportation project" under RCW 36.120.020. [2002 c 56 § 201.]

36.120.200 Regional transportation investment district account. The regional transportation investment district account is created in the custody of the state treasurer. The purpose of this account is to act as an account into which may be deposited state money, if any, that may be used in conjunction with district money to fund transportation projects. Additionally, the district may deposit funds into this account for disbursement, as appropriate, on transportation projects. Nothing in this section requires any state matching money. All money deposited in the regional transportation investment district account will be used for design, right-of-way acquisition, capital acquisition, and construction, or for the payment of debt service associated with these activities, for regionally funded transportation projects developed under this chapter. Only the district may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW. An appropriation is not required for expenditures from this account. [2002 c 56 § 401.]

36.120.210 Advisory ballot for Alaskan Way viaduct improvements—Preferred alternative for Alaskan Way viaduct and Seattle Seawall improvements. (1) The most populous city, within the three-county region eligible to create a regional transportation investment district under this chapter, shall submit an advisory ballot to the city voters at the 2006 general election regarding voter preference of the tunnel and rebuild alternatives described in the environmental impact statement relative to the Alaskan Way viaduct project. The results of the election shall be advisory only and not binding regarding the final project to be constructed.

(2) In the alternative to the provisions of subsection (1) of this section, following the report of the expert review panel's findings and recommendations completed under RCW 47.01.400(4)(c), the city legislative authority shall hold public hearings on the findings and recommendations. After such time, and by November 1, 2006, the city legislative authority shall adopt by ordinance a preferred alternative for the Alaskan Way viaduct and Seattle Seawall replacement project. The preferred alternative must, at a minimum, be based on a substantial project mitigation plan and a comprehensive cost estimate review using the department's cost estimate validation process. [2006 c 311 § 29.]

Chapter 36.125 RCW MARINE RESOURCES COMMITTEES

Sections

36.125.005	Findings—Intent.
36.125.010	Counties authorized to establish—Purpose—Role.
36.125.020	Administration—Members—Petition.
36.125.030	Regional coordinating entities.
36.125.040	Application to committees established under federal law.
36.125.050	Collaborative process for ocean policy development and coastal area management.
36.125.060	Outer coast marine resources committee program—Annual reports.

36.125.005 Findings—Intent. (1) The legislature finds the challenge of developing realistic, effective, and efficient solutions to the conservation and management issues facing Puget Sound and Washington's outer coast requires calling on all available sources of knowledge and creative thinking available in the collective wisdom of Washington's citizens. The legislature further finds that both Puget Sound and the outer coast are dynamic and localized water bodies with unique local challenges and unique local solutions. As such, it is essential for the future management of these ecosystems that citizens, through their local government, have a voice and an opportunity to share their dedication and interest in the well-being of their community's unique marine waters, while providing a valuable contribution to the statewide efforts aimed at restoring the outer coast and Puget Sound as a whole.

(2) The legislature further finds that federally led efforts to establish marine resources committees have proven to be an exciting vehicle for involving local citizens and community leaders in the future discussions, decisions, and restoration commitments in the waters most important to the community. The existing model of using a community-based, nonregulatory organization to examine issues particular to a community's corner of Puget Sound, applying for grants, and thoroughly and fairly investigating available options and solutions has proved to be a valuable asset to Puget Sound and its communities, and is worthy of replication throughout the Puget Sound basin and the outer coast.

(3) In this chapter, the legislature intends to establish a structure on which interested local communities can harness the dedication, creativity, and wisdom of their residents in the form of marine resources committees. These committees are intended to complement, and not compete with or undermine, any other governmental efforts to restore and manage the Puget Sound. The legislature further intends that the department of fish and wildlife should apply the lessons learned from Puget Sound to work with county governments on the outer coast to establish marine resources committees. [2007 c 344 § 1.]

36.125.010 Counties authorized to establish—Purpose—Role. (1)(a) The legislative authority for each county that borders the marine waters of southern Puget Sound may establish marine resources committees consistent with the procedures outlined in RCW 36.125.020. Counties authorized to establish marine resources committees in the southern Puget Sound are: King, Pierce, Thurston, Kitsap, and Mason counties.

(b) The legislative authority for each county bordering the marine waters of the outer coast may develop a marine

resources committee consistent with the procedures outlined in RCW 36.125.020. Counties authorized to establish marine resources committees on the outer coast are: Pacific, Grays Harbor, and Wahkiakum counties.

(c) Jefferson and Clallam counties may establish a new marine resources committee or a subcommittee of the county's existing marine resources committee, consistent with the procedures outlined in RCW 36.125.020, specifically to address the marine ecosystems for the outer coast or Puget Sound, where appropriate.

(2) The mission of a marine resources committee created under this section is to address, utilizing sound science, the needs of the marine ecosystem local to the county initiating the marine resources committee.

(3) A marine resources committee created under this section should review current data and resource conservation and management programs and make prioritized recommendations for additional measures that might be necessary to enhance protection of marine resources.

(4) The role of a marine resources committee in developing recommendations includes, but is not limited to:

(a) Utilizing existing data and, to the extent necessary, helping to gather new data on the health of local marine resources;

(b) Making scientifically based recommendations on local candidate sites for marine protected areas;

(c) Working closely with local and state officials to help implement recommendations of the marine resources committee;

(d) Promoting public outreach and education around marine resource conservation and management issues; and

(e) Engaging in any other activities that the initiating county deems appropriate. [2007 c 344 § 2.]

36.125.020 Administration—Members—Petition.

(1) A marine resources committee, as described in RCW 36.125.010, may be created by the legislative authority of any county bordering the marine waters of the outer coast or Puget Sound, in cooperation with all appropriate cities and special districts within their boundaries. Adjacent county legislative authorities shall coordinate their efforts whenever there is a mutual interest in creating a marine resources committee.

(2) A county may delegate the management and oversight of a marine resources committee created by the county under RCW 36.125.010 to a city, or cities, within its jurisdiction, if the city or cities are located on the marine waters of the outer coast or southern Puget Sound and are willing to accept the delegation.

(3)(a) Participating county legislative authorities must select members of the marine resources committee, ensuring balanced representation from: Local government; local residents; scientific experts; affected economic interests; affected recreational interests; and environmental and conservation interests. Additionally, participating county legislative authorities must invite tribal representatives to participate in the marine resources committee.

(b) In lieu of creating a new entity, participating county legislative authorities may designate a lead entity created under RCW 77.85.050 to also serve as a marine resources committee. County legislative authorities may only make this

designation where the lead entity consents in writing to also serve as a marine resources committee.

(c) An initiating county may delegate its appointment authority to a city or cities that have received from the county the delegated responsibilities of managing and overseeing the marine resources committee.

(4) County residents may petition the county legislative authority to create a marine resources committee. Upon receipt of a petition, the county legislative authority must respond in writing within sixty days as to whether they will authorize the creation of a marine resources committee as well as the reasons for their decision. [2008 c 242 § 2; 2007 c 344 § 3.]

Findings—Intent—2008 c 242: "The legislature finds that Washington's coastal and ocean resources provide vital economic, recreation, transportation, and cultural benefits to the state. The legislature seeks to continue recent state and local efforts to preserve and enhance the state's coastal and ocean resources, such as the work of the Washington ocean policy work group and the state's existing marine resources committees.

The legislature finds that outer coast marine resources committees, authorized by the legislature in 2007, provide a mechanism for communities to discuss and develop solutions for the issues facing coastal resources and communities. However, additional state investments are necessary to allow outer coast marine resources committees to fulfill their full potential. Therefore, the legislature intends by this act to provide additional support and resources for outer coast marine resources committees in order to benefit the coastal and ocean resources of Washington." [2008 c 242 § 1.]

36.125.030 Regional coordinating entities. (1) The Puget Sound action team, or its successor organization, shall serve as the regional coordinating entity for marine resources committees created in the southern Puget Sound and the department of fish and wildlife shall serve as the regional coordinating entity for marine resources committees created for the outer coast.

(2) The regional coordinating entity shall serve as a resource to, at a minimum:

(a) Coordinate and pool grant applications and other funding requests for marine resources committees;

(b) Coordinate communications and information among marine resources committees;

(c) Assist marine resources committees to measure themselves against regional performance benchmarks;

(d) Assist marine resources committees with coordinating local projects to complement regional priorities;

(e) Assist marine resources committees to interact with and complement other marine resources committees, and other similar groups, constituted under a different authority; and

(f) Coordinate with the Northwest Straits commission on issues common to marine resources committees statewide. [2007 c 344 § 4.]

36.125.040 Application to committees established under federal law. Nothing in RCW 36.125.010 or 36.125.020 is intended to expand or limit the authority of local marine resources committees established under the Northwest Straits marine conservation initiative by federal act in San Juan, Whatcom, Skagit, Island, Snohomish, Clallam, and Jefferson counties and existing as of July 22, 2007. [2007 c 344 § 5.]

36.125.050 Collaborative process for ocean policy development and coastal area management. Outer coast marine resources committees, in conjunction with their regional coordinating entity, shall meet and consult with key state, federal, local, and tribal governments, and private interest groups to develop a collaborative process to address ocean policy issues. This collaborative process should use Washington's "Ocean Action Plan: Enhancing Management of Washington State's Ocean and Outer Coasts" developed by the Washington ocean policy work group as a guide to begin the work of developing and coordinating state and local ocean policy and providing better management of Washington's coastal areas. [2007 c 344 § 6.]

36.125.060 Outer coast marine resources committee program—Annual reports. (1) The outer coast marine resources committee program is created to provide support for the development, administration, and coordination of outer coast marine resources committees and their projects.

(2) The director of fish and wildlife is the administrator of the outer coast marine resources committee program. As the administrator of the program, the director of fish and wildlife shall:

(a) Provide each outer coast marine resources committee with a coordinator to support the administration and work of the committee; and

(b) Distribute grants to outer coast marine resources committees for projects that benefit Washington's coastal marine resources. The director of fish and wildlife shall develop procedures and criteria for allocating funds for projects, which may include annual allocation of funding to each committee.

(3) Each outer coast marine resources committee shall prepare and deliver an annual report to the director of fish and wildlife by October 31st of each year. The report must include, but is not limited to, a summary of actions taken that year and prioritized recommendations for future action. The director of fish and wildlife shall compile the individual outer coast marine resources committee reports into a consolidated report, and provide the consolidated report to the governor and appropriate committees of the legislature by December 31st of each year. [2008 c 242 § 3.]

Findings—Intent—2008 c 242: See note following RCW 36.125.020.

AFFORDABLE HOUSING DEVELOPMENTS

Sections

36.130.005	Intent.
36.130.010	Definitions.
36.130.020	Restrictions on affordable housing development requirements—Preferential treatment—Requirements as conditions.

36.130.005 Intent. It is the public policy of the state to assist in making affordable housing available throughout the state. The legislature recognizes that despite ongoing efforts there is still a lack of affordable housing in many areas. The legislature also recognizes that some local governments have imposed development requirements on affordable housing developments that are not generally imposed on other housing developments. The intent of this [the] legislature is to

(2016 Ed.)

prohibit discrimination against affordable housing developments. [2008 c 118 § 1.]

36.130.010 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Affordable housing development" means a housing development in which at least twenty-five percent of the dwelling units within the development are set aside for or are occupied by low-income households at a sales price or rent amount that is considered affordable by a federal, state, or local government housing program.

(2) "Dwelling unit" means that part of a housing development that is used as a home, residence, or place to sleep by one person or two or more persons maintaining a common household.

(3) "Housing development" means a proposed or existing structure that is used as a home, residence, or place to sleep by one or more persons including, but not limited to, single-family residences, manufactured homes, multifamily housing, group homes, and foster care facilities.

36.130.020 Restrictions on affordable housing development requirements—Preferential treatment—

Requirements as conditions. (1) A city, county, or other local governmental entity or agency may not adopt, impose, or enforce requirements on an affordable housing development that are different than the requirements imposed on housing developments generally.

(2) This section does not prohibit any city, county, or other local governmental entity or agency from extending preferential treatment to affordable housing developments intended for including, but not limited to, occupancy by homeless persons, farmworkers, persons with disabilities, senior citizens, or low-income households. Preferential treatment may include, but is not limited to: A reduction or waiver of fees or changes in applicable requirements including, without limitation, architectural requirements, site development requirements, property line requirements, building setback requirements, or vehicle parking requirements; or other treatment that reduces or is likely to reduce the development or operating costs of an affordable housing development.

(3) A city, county, or other local governmental entity or agency may impose and enforce requirements on affordable housing developments as conditions of loans, grants, financial support, tax benefits, subsidy funds, or sale or lease of public property, or as conditions to eligibility for any affordable housing incentive program under RCW 36.70A.540 or any other program involving bonus density, transfer of development rights, waiver of development regulations or fees, or other development incentives. ELECTRICITY GENERATION FROM BIOMASS
ENERGY

Sections

36.140.010 Generation of electricity from biomass energy.

36.140.010 Generation of electricity from biomass energy. (1) Any county legislative authority of a county where a public utility district owns and operates a plant or system for the generation, transmission, and distribution of electric energy for sale within the county may construct, purchase, acquire, operate, and maintain one facility within the county to generate electricity from biomass energy that is a renewable resource under RCW 19.285.030 or from biomass energy that is produced from lignin in spent pulping liquors or liquors derived from algae and other sources. The county legislative authority has the authority to regulate and control the use, distribution, sale, and price of the electricity produced from the biomass facility authorized under this section.

(2) For the purposes of this section:

36.145.005 Findings. The legislature finds that:

(1) The state is projected to experience substantial population growth in the next two decades and this growth will require substantial new housing, places of employment, community facilities, and supporting local, subregional, and regional infrastructure;

(2) In most areas of the state projected to accommodate substantial growth, there are inadequate community facilities and infrastructure to facilitate and support such growth. In addition, current public financing options and resources are not adequate to provide the needed community facilities and local, subregional, and regional infrastructure;

(3) A more flexible type of financing mechanism known as a community facilities district should be available to coun-

(2016 Ed.)

ties, cities, and towns so that needed community facilities and local, subregional, and regional infrastructure can be provided;

(4) This chapter is intended to facilitate voluntary landowner financing of community facilities and local, subregional, and regional infrastructure by authorizing the creation of community facilities districts, while creating jobs and facilitating economic development; and

(5) It is in the interest of the people of the state of Washington to authorize the establishment of community facility [facilities] districts as independently governed, special purpose districts, vested with the corporate authority included under Article VII, section 9 of the state Constitution to make local improvements in accordance with this chapter and to carry out the purposes specifically authorized under this chapter. [2010 c 7 § 101.]

36.145.010 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(4) "Legislative authority" means the governing body of a county, city, or town to which a petition or amended petition is submitted.

(a) If the proposed district is located entirely within unincorporated land, then the county is the exclusive "legislative authority" for purposes of approving formation of the district under RCW 36.145.020 through 36.145.070, inclusive, and RCW 36.145.080.

(b) If all or a portion of the proposed district is located within unincorporated land that is entirely surrounded by an incorporated city or town, then the "legislative authority" for purposes of approving formation of the district under RCW 36.145.020 through 36.145.070, inclusive, and RCW 36.145.080 includes the governing bodies of the county and the city or town surrounding the unincorporated land.

(c) If the proposed district is located entirely within incorporated land, then the city or town is the exclusive "legislative authority" for purposes of this chapter, and all powers and responsibilities of a county under this chapter must be exercised by that city or town.

(5) "Petition" means a request, meeting the requirements of RCW 36.145.020, made by landowners to form a community facilities district and to voluntarily submit their land to the assessments authorized under this chapter and includes an amended petition meeting the requirements of RCW 36.145.020(3).

(6) "Special assessment" means an assessment imposed in accordance with the requirements of this chapter. [2010 c 7 § 102.]

36.145.020 Formation by petition—Requirements—Amendment. Community facilities districts are authorized to be formed for the purposes authorized under this chapter. Community facilities districts may only include land within urban growth areas designated under the state growth man-

agement act, located in portions of one or more cities, towns, or counties when created in accordance with this chapter. A district may include one or more noncontiguous tracts, lots, parcels, or other properties meeting the requirements of this chapter.

(1) To form a community facilities district, a petition must be presented to the applicable legislative authorities. The petition must:

(a) Designate and describe the boundaries of the district by metes and bounds or reference to United States townships, ranges, and legal subdivisions;

(b) Be executed by one hundred percent of all owners of private property located within the boundaries of the proposed district. The property owners must include a request to subject their property to the assessments, up to the amount included in the petition and authorized under this chapter;

(c) Include a certification by the petitioners that they want to voluntarily submit their property to the authority of the district under this chapter to approve the petitioner's request to submit their property to the assessments, up to the amount included in the petition and authorized under this chapter;

(d) Include a general explanation of the objective and plan of the district and describe the specific facilities that the district anticipates financing;

(e) Declare the district will be conducive to public health, safety, and welfare;

(f) Assert that the purpose for forming the district will be a benefit to the land located in the district;

(g) Be accompanied by an "obligation" signed by at least two petitioners who agree to pay the costs of the formation process;

(h) Include a list of petitioners or representatives thereof who are willing and able to serve on the board of supervisors. All petitioners within a proposed district who are natural persons, or natural persons who are designated representatives of petitioners, are eligible to include their name on the list of eligible supervisors. (j) Include an explanation of what security will be provided to ensure the timely payment of assessments and the timely payment of bonds issued by the district.

(2) The petition must be filed with the auditor of each county in which property included within the proposed district is located. The auditor for the county in which the largest geographic portion of the proposed district is located must be the lead auditor for the purposes of this section. Within thirty days of the lead auditor's receipt of the petition, the lead audi-

tor must confirm that the petition has been validly executed by one hundred percent of all owners of the property located within the proposed district, including confirmation by the auditors of all other counties with whom the petition was filed. Within ten days of the lead auditor's finding that the petition either does or does not contain the required signatures, the lead auditor must either (a) transmit the petition, together with a certificate of sufficiency attached thereto, to each legislative authority petitioned for formation of the district; or (b) return the petition to the petitioners with a list of property owners who must sign the petition in order to comply with this section. There are no restrictions on the number of petitions that may be submitted by one or more property owners.

(3) A petition may be amended for any reason if the amendment is signed by one hundred percent of the owners of property located within the district proposed in the amended petition. [2010 c 7 § 201.]

36.145.030 Public hearing on petition—When held.

A public hearing on the petition for formation of a district must be held by each applicable legislative authority, not less than thirty, but not more than sixty days, from the date that the lead county auditor issues the certificate of sufficiency required under RCW 36.145.020. [2010 c 7 § 202.]

36.145.040 Public hearing on petition—Notice requirements.

Notice of all public hearings must include a description of the proposal, be mailed to all petitioners, and must be published once a week for three consecutive weeks in the official paper for each applicable legislative authority, prior to the date set for the hearing. The notice must be posted for not less than fifteen days prior to the date of the hearing in each of three public places within the boundaries of the proposed district and in three public places for each applicable legislative authority. Each notice must contain the time, date, and place of the public hearing. [2010 c 7 § 203.]

36.145.050 Receipt of material evidence—Inclusion and removal of land.

At the time and place of the public hearing, the legislative authority must consider the petition. The legislative authority may receive any evidence it deems material that supports or opposes the formation of the district, including the inclusion or exclusion of land. Unless an amended petition satisfying the requirements of RCW 36.145.020 is approved in accordance with the requirements of this chapter, no land outside the boundaries described in the petition may be included within the proposed district. No land inside the boundaries of an approved petition may be removed from the district unless an amended petition satisfying the requirements of RCW 36.145.020 is approved in accordance with the requirements of this chapter. [2010 c 7 § 204.]

36.145.060 Approval of petition—Requirements.

(1) The legislative authority may act on the petition to form a community facilities district at the public hearing held under RCW 36.145.050 and in no event may the legislative authority's decision be issued later than thirty days after the day of the public hearing. The applicable legislative authority may approve the petition by resolution if the applicable legislative

authority determines, in its sole discretion, that the petitioners will benefit from the proposed district and that the formation of the district will be in the best interest of the county, city or town, as applicable, and that formation of the district is consistent with the requirements of Washington's growth management act.

(2) A community facilities district may not be formed unless each applicable legislative authority makes the finding required under subsection (1) of this section.

(3) All resolutions approving a petition must conform to the terms and conditions contained in the petition, including the maximum amounts of special assessments set forth in the petition, and must designate the name and number of the community facilities district being formed. [2010 c 7 § 205.]

36.145.070 Appeals to formation. (1) Any person who objects to formation of the district may appeal the final decision of a legislative authority to approve a petition for formation of a community facilities district by filing an appeal with the superior court of the county in which any part of the district is located within thirty days of the effective date of the resolution approving formation of the district.

(2) If no appeal is timely filed, then the legislative authority's decision is deemed valid, complete, and final, and neither the legal existence of the district, nor the terms and conditions of an approved petition can thereafter be challenged or questioned by any person on the grounds of procedural defect or otherwise. Certified copies of each resolution approving a district must be filed with the auditor of the county or counties in which the community facilities district is located. [2010 c 7 § 206.]

36.145.080 Board of supervisors—Members—Vacancies. (1) A community facilities district must be governed by a board of supervisors possessing the powers set forth under RCW 36.145.090. The board of supervisors must be appointed by each applicable legislative authority within sixty days of the formation of the district. Except as expressly provided under this section, each applicable legislative authority is authorized to appoint members to the board of supervisors only from among the members of its own governing body. Each applicable legislative authority must appoint the petitioner members or nominees required under subsection (2) or (3) of this section. The term of office of each supervisor is three years and until a successor is appointed, except that the supervisors first appointed serve for one and two years respectively from the date of their appointments, as designated in their appointments.

(2) Except as provided in subsection (3) of this section, if the proposed district is located entirely within a single jurisdiction, then the board of supervisors consists of: (a) Three members of the legislative authority of the jurisdiction; and (b) two members appointed from among the list of eligible supervisors included in the petition as provided in RCW 36.145.020(1)(h). All members of the board of supervisors must be natural persons.

(3) If all or a portion of the proposed district is located within unincorporated land that is entirely surrounded by an incorporated city or town, then the board of supervisors consists of: (a) Two members appointed from the county legislative authority; (b) two members appointed from the legisla-

tive authority of the city or town that is the additional legislative authority under RCW 36.145.010(4); and (c) one member appointed from the list of eligible petitioners included in the petition as provided in RCW 36.145.020(1)(h), depending on the number of additional members that are required to result in an overall odd number of supervisors.

(4) If the county, city, or town is the exclusive legislative authority pursuant to RCW 36.145.010, then the board of supervisors consists of: (a) Three members appointed from such county, city, or town; and (b) two members from the list of eligible petitioners or nominees included in the petition, as provided in RCW 36.145.020(1)(h), to result in an overall odd number of supervisors.

(5) The legislative authorities may appoint qualified professionals with expertise in municipal finance in lieu of one or more appointments authorized in this section. A jurisdiction's appointments to the board of supervisors may consist of a combination of qualified professionals authorized under this section and one or more members from the applicable legislative authority. Nothing contained in this section authorizes a legislative authority to exceed the maximum number of appointments set forth under subsection (2) or (3) of this section.

(6) A vacancy on the board must be filled by the legislative authority authorized to make the appointment to the applicable supervisor position under this section. Vacancies must be filled by a person in the same position vacating the board, which for initial petitioner members or nominees includes successor owners of property located within the boundaries of an approved district. If the approved district was originally located entirely on unincorporated land and the unincorporated land has been annexed into a city or town, then, as of the effective date of annexation, the city or town is deemed the exclusive legislative authority for the purposes of this chapter and the composition of the board must be structured accordingly, as provided in this section. Supervisors must serve without compensation, but they are entitled to expenses, including traveling expenses, necessarily incurred in discharge of their duties. The board must designate a chair from time to time. [2010 c 7 § 301.]

36.145.090 Powers. (1) A community facilities district created in accordance with this chapter is an independently governed, special purpose district, vested with the corporate authority included under Article VII, section 9 of the state Constitution to make local improvements by special assessment in accordance with this chapter. Nothing in this chapter exempts the public improvements and facilities provided by a district from the regulatory and land use permitting requirements of the county, city, or town in which the improvements are to be located.

(2) Subject to the terms and conditions of an approved petition, a community facilities district has the powers necessary to carry out the specific purposes authorized under this chapter in order to carry out the specific objectives, plan, and facilities identified in the approved petition including, but not limited to, the authority to:

(a) Acquire, purchase, hold, lease, finance, manage, occupy, construct, and sell real and personal property, facilities, or any interest therein, either inside or outside of the

boundaries of the district, except that any such property, facilities, or interests outside the boundaries of the district must directly serve facilities or benefit properties within the district;

(b) Finance and construct facilities authorized under this chapter;

(c) Enter into and perform any and all contracts;

(d) Levy and enforce the collection of special assessments against the property included within a district;

(e) Enter into lease-purchase agreements with or without an option to purchase;

(f) Enter into executory conditional sales contracts, leases, and installment promissory notes;

(g) Borrow money to the extent and in the manner authorized by this chapter;

(j) Contract with any municipal corporation, governmental, or private agencies to carry out the purposes authorized by this chapter;

(k) Sue and be sued;

(l) Accept and receive on behalf of the district any money or property donated, devised, or bequeathed to the district and carry out the terms of the donation, devise, or bequest, if it is within the powers granted by law to community facilities districts or, in the absence of such terms, expend or use the money or property for district purposes as determined by the board of supervisors;

(m) Transfer to any county, city, or other municipal corporation, without compensation, any property or other assets of the district; and

(n) Do any and all lawful acts required and expedient to carry out the express authority provided in this chapter. [2010 c 7 § 401.]

36.145.100 Financing district costs, expenses, and facilities—Prohibitions. (1) Through the use of district revenue derived through special assessments and bonds authorized under this chapter and, consistent with the terms and conditions of a petition approved in accordance with this chapter, a community facilities district may finance all or a portion of the following costs, expenses, and facilities whether located inside or outside the boundaries of an approved district:

(a) The cost, or any portion thereof, of the purchase, finance, lease, sublease, construction, expansion, improvement, or rehabilitation of any facility with an estimated life of five years or longer;

(b) The planning and design work that is directly related to the purchase, construction, expansion, improvement, or rehabilitation of a facility, including engineering, architectural, planning, and inspection costs;

(c) Facilities listed in RCW 35.43.040 to the extent not specified in this section;

(d) Sanitary sewage systems, including collection, transport, storage, treatment, dispersal, effluent use, and discharge;

(e) Drainage and flood control systems, including collection, transport, diversion, storage, detention, retention, dispersal, use, and discharge;

(f) Water systems for domestic, industrial, irrigation, municipal, or community facilities purposes, including production, collection, storage, treatment, transport, delivery, connection, and dispersal;

(g) Highways, streets, roadways, and parking facilities, including all areas for vehicular use for travel, ingress, egress, and parking;

(h) Areas for pedestrian, equestrian, bicycle, or other nonmotor vehicle use for travel, ingress, egress, and parking;

(i) Pedestrian malls, parks, recreational facilities, and open-space facilities for the use of members of the public for entertainment, assembly, and recreation;

(j) Landscaping, including earthworks, structures, lakes, and other water features, plants, trees, and related water delivery systems;

(k) Public buildings, public safety facilities, and community facilities;

(l) Publicly owned natural gas transmission and distribution facilities, facilities for the transmission or distribution of electrical energy, and limited communications facilities, specifically poles, trenches, and conduits, for use of any communications provider;

(m) Street lighting;

(n) Traffic control systems and devices, including signals, controls, markings, and signage;

(o) Systems of surface, underground, or overhead railways, tramways, buses, or any other means of mass transportation facilities, including passenger, terminal, station parking, and related facilities and areas for passenger and vehicular use for travel, ingress, egress, and parking;

(p) Library, educational, and cultural facilities; and

(q) Facilities similar to those listed in this section.

(2) The district may not finance public or private residential dwellings, nonprofit facilities as defined in RCW 43.180.300, health care facilities as defined in RCW 70.37.020, higher education institutions as defined in RCW 28B.07.020, or economic development activities as defined in RCW 43.163.010. [2010 c 7 § 501.]

36.145.110 Special assessments—Procedures and requirements—Notice. (1) The board of supervisors of a community facilities district may impose special assessments on property located inside the district and benefited by the facilities and improvements provided, or to be provided, by a district, whether the facilities and improvements are located inside or outside of the boundaries of the proposed district. The requirements and powers of a district relating to the formation, assessment, collection, foreclosure, and other powers of a special assessment district are as set forth in chapters 35.43, 35.44, 35.49, and 35.50 RCW, except where otherwise addressed under this chapter. In any case where the provisions of this chapter conflict with the requirements under any other chapter that applies to the formation, assessment, collection, foreclosure, or other powers of a special assessment district, the provisions of this chapter control.

(2) Except as otherwise expressly provided under this chapter, the special assessments imposed and collected on property within a district may not exceed the amount set forth in a petition or amended petition approved in accordance with this chapter.

(3) The term of the special assessment is limited to the lesser of (a) twenty-eight years or (b) two years less than the term of any bonds issued by or on behalf of the district to which the assessments or other revenue of the district is specifically dedicated, pledged, or obligated.

(4) The computation of special assessments must follow the requirements of chapter 35.44 RCW, including the authority to use any method or combination of methods to compute assessments which may be deemed by the board of supervisors to fairly reflect the benefit to the properties being assessed. The method of assessment may utilize the supplemental authority granted under chapter 35.51 RCW. A petition meeting the requirements of RCW 36.145.020 may provide for the reduction or waiver of special assessments for low-income households as that term is defined in RCW 36.130.010.

(5) The board must set a date, time, and place for hearing any objections to the assessment roll, which hearing must occur no later than one hundred twenty days from final approval of formation of the district. Petitioners or representatives thereof serving on the board of supervisors must not participate in the determination of the special assessment roll or vote on the confirmation of that assessment roll. The restriction in this subsection does not apply to members of the board of supervisors appointed from among the qualified professionals that petitioners may nominate under RCW 36.145.020(1)(h).

(6) The procedures and requirements for assessments, hearings on the assessment roll, filing of objections to the assessment roll, and appeals from the decision of the board approving or rejecting the assessment roll, must be as set forth in RCW 35.44.010 through 35.44.020, 35.44.080 through 35.44.110, and 35.44.190 through 35.44.270.

(7) At the hearing on the assessment roll and, in no event later than thirty days after the day of the hearing, the board may adopt a resolution approving the assessment roll or may correct, revise, raise, lower, change, or modify the assessment roll or any part thereof, and provide the petitioner with a detailed explanation of the changes made by the board.

(8) If the assessment roll is revised by the board in any way, then, within thirty days of the board's decision, the petitioner(s) must unanimously make one of the following elections: (a) Rescind the petition; or (b) accept the changes made by the board, upon which occurrence the board must adopt a resolution approving the assessment roll as modified by the board.

(9) Reassessments, assessments on omitted property, and supplemental assessments are governed by the provisions set forth under chapter 35.44 RCW.

(10) Any assessment approved under the provisions of this chapter may be segregated upon a petition of one hundred percent of the owners of the property subject to the assessment to be segregated. The segregation must be made as nearly as possible on the same basis as the original assessment was levied and approved by the board. The board, in approving a petition for segregation and amendment of the

assessment roll, must do so in a fashion such that the total of the segregated parts of the assessment equal the assessment before segregation. As to any property originally entered upon the roll the assessment upon which has not been raised, no objections to the approval of the petition for segregation, the resulting assessment, or the amended assessment roll may be considered by the jurisdiction in which the district is located, the board, or by any court on appeal. Assessments must be collected in districts pursuant to the district's previous assessment roll until the amendment to the assessment roll is finalized under this section.

(11) Except as provided under chapter 35.44 RCW, assessments may not be increased without the approval of one hundred percent of the property owners subject to the proposed increase.

(12) Special assessments must be collected by the district treasurer determined in accordance with RCW 36.145.140.

(13) A notice of any special assessment imposed under this chapter must be provided to the owner of the assessed property, not less than once per year, with the following appearing at the top of the page in at least fourteen point, bold font:

******NOTICE******

THIS PROPERTY IS SUBJECT TO THE ASSESSMENTS ITEMIZED BELOW AND APPROVED BY COMMUNITY FACILITIES DISTRICT # AS THE OWNER OR POTENTIAL BUYER OF THIS PROPERTY, YOU ARE, OR WOULD BE, RESPONSIBLE FOR PAYMENT OF THE AMOUNTS ITEMIZED BELOW.

PLEASE REFER TO RCW 36.145.110 OR CONTACT YOUR COUNTY AUDITOR FOR ADDITIONAL INFORMATION.

(14) The district treasurer responsible for collecting special assessments may account for the costs of handling the assessments and may collect a fee not to exceed the measurable costs incurred by the treasurer. [2010 c 7 § 502.]

36.145.120 Payment of bonds—Related costs. (1) The district may utilize the special assessments and revenue derived in accordance with this chapter for the payment of principal and interest on bonds issued pursuant to the authority granted under this chapter to fund or reimburse the costs of facilities authorized under this chapter and prior to the issuance of bonds, may utilize the revenue to directly fund the costs of providing the facilities authorized under this chapter on a pay-as-you-go basis.

(2) The board of supervisors may establish, administer, and pay or otherwise dedicate, pledge, or obligate the assessments and revenue generated in accordance with this chapter into a specific fund created by or on behalf of the district, in order to guarantee payment of obligations incurred in connection with facilities provided under this chapter, including the payment of principal and interest on any bonds issued by or on behalf of the district.

(3) The proceeds of any bond issued pursuant to this chapter may be used to pay any and all costs related to pro-

viding the facilities authorized under this chapter, including expenses incurred in connection with issuance of the bonds.

(4) The reporting requirements of RCW 39.44.210 apply to any bond issuance under this chapter. [2010 c 7 § 503.]

36.145.130 Bonds sole obligation of district. No bonds issued by or on behalf of a community facilities district are obligations of any city, town, county, or the state of Washington or any political subdivision thereof other than the district and the bonds must so state. [2010 c 7 § 504.]

36.145.140 District treasurer—How appointed, duties and powers. (1) If a district includes land that is entirely within a county and the land is not surrounded entirely by a city or town, then the treasurer of that county is the treasurer of the district. If a district includes land that is entirely within a county and the land is entirely surrounded by a city or town, or, if parts of the district include land within or surrounded by more than one jurisdiction, then the board of supervisors may, with the concurrence of the treasurers of all jurisdictions within which the district lies, appoint the treasurer of any of those jurisdictions to serve as the district treasurer. Except as specifically provided under this chapter, the duties of a district treasurer are as provided under applicable law.

(2) The district treasurer must establish a community facilities district fund, into which must be paid all district revenues. The district treasurer must also maintain any special funds created by the board of supervisors of the community facilities district, into which the district treasurer must place all money as the board of supervisors may, by resolution, direct. The treasurer may create such subfunds, accounts, and subaccounts as he or she deems necessary, consistent with applicable law.

(3) The district treasurer must pay assessment bonds and revenue bonds and the accrued interest thereon in accordance with their terms from the appropriate fund when interest or principal payments become due.

(4) All interest collected on community facilities district funds belongs to the district and must be deposited to its credit in the proper district funds. [2010 c 7 § 505.]

36.145.150 Individual assessments on district property—Liens. All assessments imposed on the respective lots, tracts, parcels of land, and other property included within the boundaries of an approved district in accordance with this chapter are a lien upon the property from the date of final approval and are paramount and superior to any other lien or encumbrance whatsoever, theretofore or thereafter created, except a lien for general taxes. [2010 c 7 § 601.]

36.150.010 County assumption of county ferry district authority. Any county with a population of one million or more in which a county ferry district has been established pursuant to RCW 36.54.110 through 36.54.190 with boundaries coterminous with the boundaries of the county may by ordinance or resolution of the county legislative authority assume the rights, powers, functions, and obligations of the county ferry district in accordance with this chapter. [2014 c 51 § 1.]

36.150.020 Initiation of county assumption. The assumption of the rights, powers, functions, and obligations of a county ferry district may be initiated by the adoption of an ordinance or a resolution by the county legislative authority indicating its intention to conduct a hearing concerning the assumption of such rights, powers, functions, and obligations. If the county legislative authority adopts such an ordinance or a resolution of intention, the ordinance or resolution must set a time and place at which the county legislative authority will consider the proposed assumption of the rights, powers, functions, and obligations of the county ferry district, and must state that all persons interested may appear and be heard. The ordinance or resolution of intention must be published at least two times during the two weeks preceding the scheduled hearing in newspapers of daily general circulation printed or published in the county in which the county ferry district is to be located. [2014 c 51 § 2.]

36.150.030 Consideration of county assumption—Public hearing. At the time scheduled for the hearing in the ordinance or resolution of intention, the county legislative authority must consider the assumption of the rights, powers, functions, and obligations of the county ferry district and hear those appearing and all protests and objections to it. The county legislative authority may continue the hearing from time to time, not exceeding sixty days in all. [2014 c 51 § 3.]

36.150.040 Satisfaction of public interest or welfare—Declaration of county assumption—Vesting of authority—Abolishment of county ferry district governing body. (1) If, after receiving testimony, the county legislative authority determines that the public interest or welfare would be satisfied by the county assuming the rights, powers, immunities, functions, and obligations of the county ferry district, the county legislative authority may declare that to be its intent and assume such rights, powers, immunities, functions, and obligations by ordinance or resolution, providing that the county is vested with every right, power, immunity, function, and obligation currently granted to or possessed by the county ferry district pursuant to RCW 36.54.110 through 36.54.190. However, in exercising such rights, powers, immunities, functions, and obligations, all actions must be taken in the name of the county and title to all property or property rights vest in the county.

(2) Upon assumption of the rights, powers, immunities, functions, and obligations of the county ferry district by the county: The governing body established pursuant to RCW 36.54.110(5) must be abolished; RCW 36.54.110(5) does not apply to the county; and the county legislative authority is vested with all rights, powers, immunities, functions, and obligations otherwise vested by law in the governing board of the county ferry district. However, in any county with a home rule charter, such rights, powers, functions, and obligations vest in accordance with the executive and legislative responsibilities defined in such charter. [2014 c 51 § 4.]

36.150.050 County ferry district employees and personnel. Employees and personnel of the county ferry district do not automatically become employees of the county. [2014 c 51 § 5.]

36.150.060 Preservation of existing rights, proceedings, and actions—Levies. No transfer of any function made pursuant to this chapter may be construed to impair or alter any existing rights acquired under RCW 36.54.110 through 36.54.190 or any other provision of law relating to county ferry districts, nor as impairing or altering any actions, activities, or proceedings validated thereunder, nor as impairing or altering any civil or criminal proceedings instituted thereunder, nor any rule, regulation, or order promulgated thereunder, nor any administrative action taken thereunder; and neither the assumption of control of any county ferry district function by a county, nor any transfer of rights, powers, functions, and obligations as provided in this chapter, may impair or alter the validity of any act performed by such county ferry district or division thereof or any officer thereof prior to the assumption of such rights, powers, functions, and obligations by any county as authorized by this chapter. Furthermore, an ad valorem property tax levy upon real and personal property authorized under RCW 36.54.130 and levied by a county as authorized under this chapter must be treated as a levy by a county ferry district for all purposes including, but not limited to, limitations on levies contained in RCW 84.52.043. [2014 c 51 § 6.]

36.150.070 Continuation of rules, regulations, and pending business—Performance of contracts—Validity of official acts. (1) All rules and regulations, and all pending business before the board of any county ferry district transferred pursuant to this chapter[,] must be continued and acted upon by the county.

(2) All existing contracts and obligations of the transferred county ferry district remain in full force and effect, and must be performed by the county. A transfer authorized in this chapter does not affect the validity of any official act performed by any official or employee prior to the transfer authorized pursuant to this chapter. [2014 c 51 § 7.]

36.150.080 Transfer of county ferry district real and personal property—Assumption of appropriations and federal grants. (1) When the rights, powers, functions, and obligations of a county ferry district are transferred pursuant to this chapter, all real and personal property owned by the county ferry district becomes that of the county.

(2016 Ed.)

(2) All reports, documents, surveys, books, records, files, papers, or other writings relating to the administration of the powers, duties, and functions transferred pursuant to this chapter and available to the county ferry district must be made available to the county.

(3) All cabinets, furniture, office equipment, motor vehicles, and other tangible property employed in carrying out the rights, powers, functions, and obligations transferred under this chapter and available to the county ferry district must be made available to the county.

(4) All funds, credits, or other assets held in connection with powers, duties, and functions transferred under this chapter must be assigned to the county.

(5) Any appropriations or federal grant made to the county ferry district for the purpose of carrying out the rights, powers, functions, and obligations authorized to be assumed by a county pursuant to this chapter, on the effective date of such transfer, must be credited to the county for the purpose of carrying out such transferred rights, powers, functions, and obligations. [2014 c 51 § 8.]

36.150.090 Assumption and payment of county ferry district indebtedness. (1) The county must assume and agree to provide for the payment of all of the indebtedness of the county ferry district, including the payment and retirement of outstanding general obligation and revenue bonds issued by the county ferry district. Until the indebtedness of a county ferry district assumed by a county under this chapter has been discharged, all property within the boundaries of the county ferry district and the owners and occupants of that property continue to be liable for taxes, special assessments, and other charges legally pledged to pay the indebtedness of the county ferry district. The county must assume the obligation of causing the payment of such indebtedness, collecting such taxes, assessments, and charges, and observing and performing the other contractual obligations of the county ferry district. The legislative authority of the county must act in the same manner as the governing body of the county ferry district for the purpose of certifying the amount of any property tax to be levied and collected therein, and may cause service and other charges and assessments to be collected from such property or owners or occupants thereof, enforce such collection, and perform all acts necessary to ensure performance of the contractual obligations of the county ferry district in the same manner and by the same means as if the property of the county ferry district had not been acquired by the county.

(2) When a county assumes the obligation of paying indebtedness of a county ferry district and if property taxes or assessments have been levied and service and other charges have accrued for such purpose but have not been collected by the county ferry district prior to such assumption, the same when collected must belong and be paid to the county and be used by such county so far as necessary for payment of the indebtedness of the county ferry district existing and unpaid on the date such county assumed that indebtedness. Any funds received by the county that have been collected for the purpose of paying any bonded or other indebtedness of the county ferry district must be used for the purpose for which they were collected and for no other purpose until such indebtedness has been paid and retired or adequate provision has been made for such payment and retirement. Any funds

remaining after the payment and retirement of such indebtedness must be used solely for carrying out the rights, powers, functions, and obligations of the county ferry district assumed by the county. The transfer of property as provided in this chapter does not derogate from the claims or rights of the creditors of the county ferry district or impair the ability of the county ferry district to respond to its debts and obligations. [2014 c 51 § 9.]

36.160.010 Findings—Intent. (1) The legislature finds that:

(a) Many Washington cities and counties and their residents are experiencing the lingering effects of the recession. While there are many residents who have been able to successfully weather the economic downturn, unfortunately there are still individuals, families, and valued community organizations who have not. Local governments also have not been immune to this situation. Local government revenues have continued to lag behind economic growth, leaving local communities unable to make adequate and necessary investments in infrastructure and services their residents rely on and benefit from. Additional fiscal tools that provide funding for facilities, services, housing, and programs benefiting vulnerable populations as well as cultural organizations will enable local communities and their residents to choose to invest in their local institutional and human infrastructure to the benefit of the public.

(b) There is a demonstrated need for facilities and services in the community to help people with mental illness, individuals with developmental disabilities, and other vulnerable populations, including foster children, homeless families, veterans, and others in critical need. The need includes, but is not limited to, funding for mental health services, evaluation and treatment facilities, housing, and other projects and services for those in need.

(c) There is also a need to provide public and educational benefits and economic support for cultural organizations. Providing local support for the state's cultural organizations is in the public interest and will serve multiple public purposes including, among others, enhancing and extending the education reach and offerings of cultural organizations; ensuring continued and expanded access to the facilities and programs of cultural organizations by economically and geographically underserved populations; and providing financial

stability to the organizations to continue and extend the numerous public benefits they provide.

(2) It is the intent of the legislature to provide local governments and the communities they serve the fiscal tools needed to provide these important services. [2015 3rd sp.s. c 24 § 101.]

Construction—2015 3rd sp.s. c 24: See note following RCW 36.160.030.

36.160.030 Cultural access program—Creation. (1) Any county legislative authority may create a cultural access program by ordinance.

(2) Any contiguous group of counties may create a program by entering into an interlocal agreement under chapter 39.34 RCW, approved by resolution of the county legislative authorities.

(3) A city may create a cultural access program if the county legislative authority in which the city is located adopts a resolution stating that the county forfeits its option to create a program or does not place a proposition before the people to create such a program by June 30, 2017. In the event the exception in this subsection occurs, all references in this chapter to a county must include a city that has exercised its authority under this subsection, unless the context clearly requires otherwise. [2015 3rd sp.s. c 24 § 301.]

Construction—2015 3rd sp.s. c 24: "The provisions of this act must be liberally construed to effectuate the policies and purposes of this act." [2015 3rd sp.s. c 24 § 804.]

36.160.040 Cultural access program—Start-up funding and conditional formation. (1) The county creating a program may advance to the program funding for its administrative costs, including the cost of informing the public about the formation of the program, how it is proposed to be funded, and the public benefits to be realized if it is successful. However, this subsection does not authorize the preparation and distribution of information to the general public for the purpose of influencing the outcome of any election called for voter authorization of a proposed tax to support a program.

(2) The county creating a program may provide for repayment of any start-up funding advanced to a program from the proceeds of taxes authorized under RCW 36.160.080, 82.14.525, and 84.52.821 and approved by voters after the taxes are first collected. The funds may be repaid to such county with interest at the internal rate of return on

the invested funds of such county. [2015 3rd sp.s. c 24 § 302.]

Construction—2015 3rd sp.s. c 24: See note following RCW 36.160.030.

36.160.050 Cultural access program—Nonsupplantation. In creating a program under this chapter, any county creating the program must affirm that any funding such county usually and customarily provides to cultural organizations similar to funding that would be available to those organizations under this chapter may not be replaced or materially diminished as a result of funding becoming available under this chapter. If an organization designated to receive funds under this chapter is a state-related cultural organization, the funds received under this chapter may not replace or materially diminish any funding usually or customarily provided by the state. [2015 3rd sp.s. c 24 § 303.]

Construction—2015 3rd sp.s. c 24: See note following RCW 36.160.030.

36.160.060 Cultural access program—Advisory councils. Each county creating a program under this chapter may establish an advisory council, the membership of which must include citizen representatives of constituencies and organizations with interests relevant to the work of the program including, but not limited to, leaders in the business, educational, and cultural communities. Advisory council members should be residents of the county creating the program. Policies concerning the size and operation of any advisory council must be established by the county that creates the program. [2015 3rd sp.s. c 24 § 304.]

Construction—2015 3rd sp.s. c 24: See note following RCW 36.160.030.

36.160.070 Cultural access program—Alternative administrative arrangements. A county with a population of less than one million five hundred thousand may contract with the state arts commission formed under chapter 43.46 RCW for the provision of consulting, management, or other administrative services to be provided to its program created under this chapter. Any county creating a program may elect to consolidate administration of such a program with that of the entity or public agency designated by the county creating such a program to perform the functions required under RCW 36.160.110. [2015 3rd sp.s. c 24 § 305.]

Construction—2015 3rd sp.s. c 24: See note following RCW 36.160.030.

36.160.080 Funding—Local tax authority. (1)(a) Except as provided in (b) of this section, a county creating a program under this chapter may impose sales and use taxes under RCW 82.14.525 or additional regular property tax levies under RCW 84.52.821 for the purposes authorized under this chapter.

(b) A county with a population of one million five hundred thousand or more may not impose additional regular property tax levies under RCW 84.52.821.

(2) If a county imposes sales and use taxes under RCW 82.14.525, the county may not impose an additional regular property tax levy under RCW 84.52.821 so long as such sales and use taxes are in effect.

(3) If a county imposes an additional regular property tax levy under RCW 84.52.821, the county may not impose sales and use taxes under RCW 82.14.525 so long as such property tax levy is in effect.

(4) All revenue from taxes imposed under this chapter must be credited to a special fund in the treasury of the county imposing such tax and used solely for the purpose of paying all or any part of the cost of cultural access programs as provided in this chapter. [2015 3rd sp.s. c 24 § 401.]

Construction—2015 3rd sp.s. c 24: See note following RCW 36.160.030.

36.160.090 Public benefits. (1) A program created under this chapter must provide or continue to provide funding authorized under this chapter only to cultural organizations that provide discernible public benefits. Each program created under this chapter must identify a range of public benefits that cultural organizations may provide or continue to provide in satisfaction of this requirement for eligibility to receive funding authorized under this chapter. The public benefits include, without limitation: Reasonable opportunities for access to facilities, programs, and services on a reduced or no admission fee basis, particularly for diverse and underserved populations and communities; providing, through technological and other means, services or programs in locations other than an organization's own facilities; providing educational programs and experiences both at an organization's own facilities and in schools and other venues; broadening cultural programs, performances, and exhibitions for the enlightenment and entertainment of the public; supporting collaborative relationships with other cultural organizations in order to extend the reach and impact of the collaborating organizations for the benefit of the public; and, in the case of community-based cultural organizations, organizational capacity-building projects or activities that an organization can demonstrate, to the reasonable satisfaction of the designated entity, will enhance the ability of the organization to provide or continue to provide meaningful public benefits not otherwise achievable.

(2) Each program created under this chapter must adopt guidelines establishing a baseline standard of continuous performance with respect to the provision of public benefits required under this chapter and for evaluating the eligibility of any cultural organization to receive funds under this chapter based on the continuous performance of the organization in the provision of the public benefits. The guidelines must include: (a) Procedures for notifying any organization at risk of losing its eligibility to receive funds under this chapter for failure to achieve the program's baseline standard of performance with respect to the continuous provision of public benefits; and (b) measures or procedures available to the organization for either retaining or recovering eligibility, as appropriate. [2015 3rd sp.s. c 24 § 501.]

Construction—2015 3rd sp.s. c 24: See note following RCW 36.160.030.

36.160.100 Public school cultural access program.

(1) A program created under this chapter must develop and provide a public school cultural access program, as provided in RCW 36.160.110.

(2) To the extent practicable consistent with available resources, the public school cultural access element of a program of a county described in RCW 36.160.110(2) must include the following attributes:

(a) Provide benefits designed to increase public school student access to the programming offered and facilities operated by regional and community-based cultural organizations receiving funding under this chapter, giving priority to the activities in the order described in (c) of this subsection;

(b) Offer benefits to every public school in the county while scaling the range of benefits available to and the frequency of opportunities to participate by any particular school to coincide with the relative percentage of students attending the school who participate in the national free or reduced-price school meals program;

(c) Benefits provided under the public school cultural access program must include, without limitation:

(i) Providing directly or otherwise funding and arranging for transportation for all public school students at participating schools to attend and participate annually in the age-appropriate programs and activities offered by such organizations;

(ii) Should funding available under this program for student transportation be inadequate in any one year due to more demand for student transportation than can be funded, increasing the subsequent annual percentage allocation to the public school cultural access program up to two percent so as to provide sufficient funds to ensure adequate funding of student transportation;

(iii) Establishing and operating, within funding provided to support the public school cultural access program under this subsection, of a centralized service available to regional and community-based cultural organizations receiving funding under this chapter and public schools in the county to coordinate opportunities for public school student access to the programs and activities offered by the organizations both at the facilities and venues operated by the organizations and through programs and experiences provided by the organizations at schools and elsewhere;

(iv) In consultation with cultural organizations located within the county, preparing and maintaining a readily accessible and current guide cataloging access opportunities and facilitating scheduling;

(v) Coordinating closely with cultural organizations to maximize student utilization of available opportunities in a cost-efficient manner including possible scheduling on a single day opportunities for different grade levels at any one school and participation in multiple programs or activities in the same general area for which program-funded transportation is provided;

(vi) Supporting the development of tools, materials, and media by cultural organizations to ensure that school access programs and activities correlate with school curricula and extend the reach of access programs and activities for classroom use with or without direct on-site participation, to the extent practicable;

(vii) Building meaningful partnerships with public schools and cultural organizations in order to maximize participation in school access programs and activities and ensure their relevance and effectiveness;

(d) When a program determines that its program element required under (c)(i) through (vii) of this subsection has achieved sufficient scale and participation among public schools located within its boundaries and that it has resources remaining to devote to additional public school cultural access programs without diminishing such participation, the county may develop and financially support other public school cultural access activities in conjunction with cultural organizations receiving funds under this chapter; public school districts; and other public or nonprofit organizations that support cultural access. Any funding for development and support of such activities provided to cultural organizations receiving funds under this subsection must only be used to supplement the public benefits provided by such organizations as required under this chapter and may not be used by such organizations to replace or diminish funding for such required public benefits;

(e) Preparation of an annual public school cultural access plan for review and adoption prior to implementation; and

(f) Compilation of an annual report documenting the reach and evaluating the effectiveness of program-funded public school cultural access efforts, including information about the numbers and types of students who participated in the program and recommendations to the county for improvements. [2015 3rd sp.s. c 24 § 502.]

Construction—2015 3rd sp.s. c 24: See note following RCW 36.160.030.

36.160.110 Use of funds—Allocation. (1) A program in a county with a population of less than one million five hundred thousand must allocate the proceeds of taxes authorized under RCW 82.14.525 and 84.52.821 as follows:

(a) If any start-up funding has been provided to the program under RCW 36.160.040 with the expectation that the funding will be repaid, the program must annually reserve from total funds available funding sufficient to provide for repayment of such start-up funding until any such start-up funding has been fully repaid;

(b) The funding determined by the county forming such a program to be reserved for program costs, including direct administrative costs, and repaying any start-up funding provided under RCW 36.160.040. Information disclosing the amount of funding to be reserved for program administrative costs must be included in any proposition submitted to voters under RCW 82.14.525 or 84.52.821;

(c) The county must determine the percentage of total funds available annually to be reserved for a public school cultural access program established and managed by the county to increase access to cultural activities and programming for public school students resident in the county. The activities and programming need not be located or provided within the county. In developing its program, the county may consider the attributes prescribed for a public school cultural access program required to be undertaken under RCW 36.160.100(2) and may also consider providing funding for music and arts education in public schools that is in addition to that provided for in the program of basic education funding;

(d) Remaining funds available annually, including all funds not initially reserved under (a), (b), and (c) of this subsection as well as funds not distributed by the county from the

reserved funds must be distributed by the county to the entity designated by the legislative authority of the county creating the program. The county must determine:

(i) Guidelines, consistent with the requirements of this chapter, it deems necessary or appropriate for determining the eligibility of cultural organizations to receive funding under this chapter;

(ii) Criteria for the award of funds to eligible cultural organizations, including the public benefits to be derived from projects submitted for funding;

(iii) The amount of funding to be allocated to support designated entity administrative costs;

(iv) Criteria for the identification by the county or, if so directed by the county, by the designated entity of any cultural organization or organizations that would receive annual distributions of funds in such amounts determined by the county or, if so directed by the county, the designated entity; and

(v) Procedures to be used by the designated entity in awarding funding to other cultural organizations that may, but are not required to include a periodic competitive process for awarding funds for particular purposes or projects proposed by eligible cultural organizations;

(e) In evaluating requests for funding authorized under this chapter, the designated entity responsible for the distribution of the funds must consider the public benefits that any cultural organizations represented will be derived from proposed projects. At the conclusion of a project approved for funding, such organization is required to report to the designated entity on the public benefits realized;

(f) Funds distributed to cultural organizations may be used to support cultural and educational activities, programs, and initiatives; public benefits and communications; and basic operations. Funds may also be used for: (i) Capital expenditures or acquisitions including, but not limited to, the acquisition of or construction of improvements to real property; and (ii) technology, equipment, and supplies reasonably related to or necessary for a project otherwise eligible for funding under this chapter. Program guidelines may also determine the circumstances under which funds may be used to fund start-up expenses of new community-based cultural organizations;

(g) If the county or designated entity determine the eligibility of a cultural organization to receive funding or the relative magnitude of the funding it receives on the basis of its budget, revenues, or expenses, any determination with respect to a qualifying state-related cultural organization must exclude any state funding received by the organization or for the institution it supports.

(2) A county with a population of more than one million five hundred thousand must allocate the proceeds of the taxes authorized under RCW 82.14.525 as follows:

(a) If any start-up funding has been provided to the program under RCW 36.160.040 with the expectation that the funding will be repaid, the program must annually reserve from total funds available annually funding sufficient to provide for repayment of such start-up funding until any such start-up funding has been fully repaid;

(b) After allocating any funds as required in (a) of this subsection, up to one and one-fourth percent of total funds

available annually may be used for program administrative costs;

(c) After allocating funds as required in (a) and (b) of this subsection, ten percent of remaining funds available annually must be used to fund a public school cultural access program to be administered by the program, subject to RCW 36.160.100(2);

(d) Seventy percent of total remaining funds available annually excluding funds initially reserved under (a), (b), and (c) of this subsection must be reserved for distribution by the program to regional cultural organizations that are cultural organizations that own, operate, or support cultural facilities or provide performances, exhibits, educational programs, experiences, or entertainment that widely benefit and are broadly attended by the public, subject to further definition under guidelines adopted by the program. A regional cultural organization may also generally be characterized under program guidelines as a financially stable, substantial organization with full-time support and program staff, maintaining a broad-based membership, having year-round or enduring seasonal operations, being a substantial financial contributor to the development, operation, and maintenance of the organization's principal venue or venues, and providing substantial public benefits. The funding must be provided only to those regional cultural organizations that the program determines, on an annual basis, to have met the following guidelines:

(i) For at least the preceding three years, the organization has been continuously in good standing as a nonprofit corporation under the laws of the state of Washington;

(ii) The organization has its principal location or locations and conducts the majority of its activities within the county area primarily for the benefit of county residents;

(iii) The organization has not declared bankruptcy or suspended or substantially curtailed operations for a period longer than six months during the preceding two years;

(iv) The organization provided to the program audited annual financial statements for at least its two most recent fiscal years;

(v) Over the three preceding years, the organization has minimum average annual revenues of at least one million two hundred fifty thousand dollars. The program must annually and cumulatively adjust the minimum revenues by the annual percentage change in the consumer price index for the prior year for the Seattle-Tacoma-Bellevue, Washington metropolitan statistical area for all urban consumer, all goods, as published by the United States department of labor, bureau of labor statistics. The minimum revenues requirement, adjusted for inflation as provided in this section, remains effective through the date on which the initial tax authorized by the voters under RCW 82.14.525 or 84.52.821 expires. Thereafter, the program must, at the beginning of each subsequent period of funding as approved by the voters, establish initial minimum average annual revenues of not less than the amount of the minimum revenues required during the final year of the immediately preceding period of funding;

(vi) For purposes of determining the eligibility of a regional organization to receive funding or the relative magnitude of the funding it receives on the basis of its revenues, any determination with respect to a qualifying state-related

cultural organization must exclude any state funding received by the organization or for the institution it supports; and

(vii) Any additional guidelines, consistent with RCW 36.160.020 and this section, as the program deems necessary or appropriate for determining the eligibility of prospective regional cultural organizations to receive funding under this section and for establishing the amount of funding any organization may receive;

(e) Funds available under (d) of this subsection must be distributed among eligible regional cultural organizations based on an annual ranking of eligible organizations by the combined size of their average annual revenues and their average annual attendance, both over the three preceding years. However, an organization's attendance must have twice the weight of the organization's revenues in determining its relative ranking. Available funds must be distributed proportionally among eligible organizations, consistent with the ranking, such that the organization with the largest combined revenues and weighted attendance would receive the most funding and the organization with the smallest combined revenues and weighted attendance would receive the least funding. However, no organization may receive funds in excess of fifteen percent of its average annual revenues over the three preceding years;

(f) Funds distributed to regional cultural organizations under (d) of this subsection must be used to support cultural and educational activities, programs and initiatives, public benefits and communications, and basic operations.

(i) At least twenty percent of funds distributed to any regional cultural organizations under (d) of this subsection must be used to participate in the program's public school cultural access program required under RCW 36.160.100. The regional cultural organizations must provide or continue to provide public benefits under this section in addition to participating in the public school cultural access program.

(ii) No funds distributed to regional cultural organizations under (d) of this subsection may be used for capital expenditures or acquisitions including, but not limited to, the acquisition of or the construction of improvements to real property;

(g) Prior to December 31st of each year, each regional cultural organization receiving funds authorized under this chapter pursuant to a program allocation formula must provide a report to the program, including:

(i) A preview of the public benefits the organization plans to provide or continue to provide in the following year;

(ii) A preview of the organization's public school cultural access program participation in the following year; and

(iii) A report on public benefits it provided, and its participation in the public school cultural access program, during the current year;

(h) Remaining funds available annually, including funds not initially reserved under (a) through (d) of this subsection as well as funds not distributed by the program from the reserved funds must be distributed by the program to the public agency designated by the legislative authority of the county creating such a program;

(i) Funds distributed by the designated public agencies under (h) of this subsection must be applied as follows:

(i) Not more than eight percent of such funds must be used for administrative costs of the public agency designated by a county creating the program; and

(ii) The balance must be used to fund community-based cultural organizations that are cultural organizations or a community preservation and development authority formed under chapter 43.167 RCW prior to January 1, 2011, that primarily function, focus their activities, and are supported or patronized within a local community and are not a regional cultural organization, subject to further definition under guidelines adopted by the designated public agency. Designated public agencies must adopt:

(A) Guidelines, consistent with the requirements of this chapter, it deems necessary or appropriate for determining the eligibility of community-based cultural organizations to receive funding under this chapter and for establishing the amount of funding any organization may receive;

(B) Criteria for the award of funds to eligible community-based cultural organizations, including the public benefits to be derived from projects submitted for funding; and

(C) Procedures for conducting, at least annually, a competitive process for the award of available funding;

(j) Funds distributed to community-based cultural organizations may be used to support cultural and educational activities, programs, and initiatives; public benefits and communications; and basic operations. Funds may also be used for: (i) Capital expenditures or acquisitions including, but not limited to, the acquisition of or construction of improvements to real property; and (ii) technology, equipment, and supplies reasonably related to or necessary for a project otherwise eligible for funding under this chapter. Program guidelines may also determine the circumstances under which funds may be used to fund start-up expenses of new community-based cultural organizations. [2015 3rd sp.s. c 24 § 601.]

36.160.800 Attacks prohibited. No direct or collateral attack on any program purported to be authorized or created in conformance with this chapter may be commenced more than thirty days after creation. [2015 3rd sp.s. c 24 § 801.]
