WAC 204-95-080 Annual inspections, safety of equipment. Upon the request of a limousine carrier business license applicant or licensee applying for the initial issuance, or annual renewal of their limousine vehicle certificate(s) with the department of licensing, the Washington state patrol shall conduct a safety inspection of the vehicle(s) to be used in the limousine service. Applicants and licensees must present their limousine vehicle(s) at a Washington state patrol inspection site, by appointment, Monday through Friday between the hours of 8:00 a.m. and 5:00 p.m. The limousine vehicle must pass the inspection to qualify for initial issuance or renewal of the limousine vehicle certificate by the department of licensing. The vehicle inspection will consist of the following:

(1) All standard equipment for vehicles will be checked to include brake systems, functional brake performance test, wheel systems, steering and suspension, fuel system, exhaust system, lighting and signal system, visibility system, body components, interior condition and cleanliness.

(2) Upon successful completion of the safety inspection, the licensee will be given a copy of the inspection form to submit to department of licensing. Upon receipt and approval of all licensing documents and fees, the master license service will issue a decal to the limousine carrier business licensee for each limousine vehicle to be placed on the vehicle's right rear bumper.
