Reviser's note: RCW 34.05.395 requires the use of underlining and deletion marks to indicate amendments to existing rules, and deems ineffectual changes not filed by the agency in this manner. The bracketed material in the above section does not appear to conform to the statutory requirement.

WAC 132Q-94-020 Rationale. Adoption of these health and safety rules by the board of trustees is based on the following standards:

(1) The possibility of accidental injury to an individual exists at all times and in all places and no place of work or any human activity is exempt from the possibility of accidents.

(2) All community college safety programs are for the benefit of the Community Colleges of Spokane and the individual students enrolled within the institution(s). There is no conflict of interests between the students and the college in the area of an accident prevention program; through accident prevention, everyone benefits.

(3) Accident prevention requires both organization and education, consisting largely of the desire to provide and maintain an environment free of hazards through institution of a common-sense safety program and the determination to carry out the program effectively.

(4) Effective accident prevention includes instructor leadership, student cooperation, effective organization, thorough training, and good supervision.

[Statutory Authority: RCW 28B.50.140. 03-18-021, § 132Q-94-020, filed 8/25/03, effective 9/25/03; 00-14-007, § 132Q-94-020, filed 6/26/00, effective 7/27/00; 87-16-010 (Resolution No. 27), § 132Q-94-020, filed 7/23/87; Order 72-1, § 132Q-94-020, filed 1/28/72.]

WAC 132Q-94-030 Students' responsibilities. In the interest of accident prevention, students shall obey the approved district safety rules and procedures including those outlined below, as well as other, more specific safety rules, as outlined by their instructors:

(1) Students shall consider the benefits of accident prevention to themselves, to others, and to their work, and shall act accordingly, conducting their work to avoid accidents through observation of safe work practices.

(3) Students shall ascertain emergency procedures from their instructor or supervisor.
