WAC 204-93-100 Inspections and approval decals. Upon receipt of an application for a permit, the patrol will conduct an inspection of the applicant's van, to determine if the applicant qualifies for the issuance of a permit.

(1) After a permit has been issued, the state patrol will cause to be affixed to each qualified van a window decal indicating that it has been approved by the state patrol.

The decal will be furnished by the state patrol and affixed to the windshield on the lower right hand corner by the inspector.

(2) Reinspections of approved vans will be conducted at least once a year by an inspector.

(a) Upon subsequent inspections, the inspector may remove the decal from the van if it is no longer found to be qualified, subject to the following procedures:

(i) In the event of a safety-related defect which would render the van a safety hazard upon the public highway, the decal may be removed immediately by the inspector. Upon a protest by the operator that the defect does not represent a safety hazard, the decal may not be removed until such time as the defect is verified as a safety hazard by the inspector's supervisor.

(ii) In the event of missing or defective equipment which is not a safety hazard but is required for initial approval, the inspector must issue a correction notice for the defect. If after ten days the operator fails or refuses to repair the defect, the decal may be removed.

(iii) Upon repair of a defect which has previously caused removal of a decal, the inspector will reinspect the equipment which had been defective. If the specified corrections have been satisfactorily completed, the inspector will reapply another decal to the windshield. In the event that the inspector is not readily available to reinspect and reapply the decal, such other patrol officer as may be appointed by the patrol may reinspect and reapply the decal. The reinspection and reapplication will be done as soon as possible after the operator advises that the defect has been repaired.

(b) Upon termination of a permit, the decal will be immediately removed and the permit retrieved by the state patrol.

(c) Upon sale or other transfer of the van from the business, the operator must so advise the ESR and must remove the decal prior to the sale or transfer of the vehicle.

(d) Upon the purchase or acquisition of any additional van to be used pursuant to this chapter, the operator must immediately notify the ESR and request an inspection of the new unit by the patrol. No vehicle will be authorized under the permit until it is approved by the patrol.

WAC 204-93-110 Certification. After inspection of the van, driver qualifications, and required equipment, the inspecting officer will certify one of the following:

(1) The van operation of the applicant fully conforms to the requirements established by this rule.

(2) The van operation of the applicant does not fully conform to the requirements. The deficiencies will be listed on the inspection form. The operator will be informed of the deficiencies by the inspector. The operator may reapply to the inspector or the ESR when he/she has corrected the deficient areas and request another inspection.

Upon certification of compliance by the inspector and after all other requirements of this regulation have been met, the ESR will issue a permit to the applicant.

A copy of the current permit must be posted in the place of business of the applicant, and carried in each vehicle at all times.

Failure of the operator to comply with any of the various regulations in this chapter may result in cancellation of the operator's permit by the ESR.

WAC 204-93-120 Free service. All services provided to a disabled motorist at the location of the disablement must be free. This will include any vehicle repair parts that may be furnished by the operator.

WAC 204-93-130 Notification to law enforcement agencies. The appropriate law enforcement agency must be notified of the following circumstances:

(1) Motor vehicle accidents
(2) Ill or incapacitated motorists
(3) Intoxicated motorists
(4) If a disabled vehicle is to be left on the highway shoulder and the driver is to be transported away from the scene.

(1) Not travel in high-occupancy vehicle lane unless traveling to assist a disabled vehicle.

(2) Not travel in the wrong direction on any highway or on/off ramps of highway, unless directed by a law enforcement officer.
(3) Safely push a disabled vehicle only to the nearest safe highway shoulder area.

(4) Not tow disabled vehicles for any distance.

(5) Obey all "rules of the road" as defined by chapter 46.61 RCW with the exception of RCW 46.61.570 and 46.61.575 as they relate to stopping, standing, or parking restrictions on public highways.

(6) Obey RCW 47.52.120, except section (5) as it relates to the stopping or parking of a vehicle on a limited access highway facility.

WAC 204-93-150 Record of assistance furnished. Each van operator must maintain a permanent daily log or record of all assistance furnished to disabled motorists. These records will be made available to the inspector, any law enforcement officer, or ESR upon request. This record must include, but is not limited to, the following items:

(1) Van driver's name
(2) Location and time of assistance
(3) Vehicle license number of vehicle assisted
(4) Type of assistance given
(5) Date and time of day that van is placed in service and taken out of service.

   (b) Clothing maintained in a presentable and clean manner.

   (2) Level III reflective vest and pants. The vest and pants must be approved as meeting the United States Department of Transportation (USDOT) or American National Standards Institution (ANSI) standards.

   (3) An operator of an assistance van will not be allowed to display any sign, shield, marking, accessory or insignia on their uniform, clothing, or equipment to imply that he or she is a law enforcement officer, unless all of the following apply:

   (a) The sign, shield, marking, accessory or insignia on their uniform or equipment is issued by a public law enforcement agency.

   (b) The operator is employed by the public agency that is represented on the sign, shield, marking, accessory or insignia on their uniform or equipment, and approved to operate the vehicle by that agency under the authorized emergency vehicle permit.

WAC 204-93-170 Revocation or suspension. (1) Violation of any of these regulations will be grounds for suspension or revocation of the permit. Notice will be furnished to the applicant at least twenty days prior to the effective date of such suspension or revocation. The notice will describe the grounds for the order and will furnish the applicant an opportunity to be heard within the twenty-day period. The notice may provide for immediate suspension of the permit prior to any hearing, or the patrol may suspend the permit following the hearing but prior to final determination, if it is necessary to do so in the interests of the public health, safety, or welfare.

   (2) The chief law enforcement officer of each primary jurisdiction in which the vehicle is operated as an assistance van may revoke his certification of the vehicle by notifying the patrol in writing of such revocation and their reasons therefore. Following notice to the applicant and an opportunity to be heard, the permit may be invalidated by the patrol.

   (3) Mailing by certified mail of any notice or correspondence by the patrol to the last address of the applicant shown on his/her application will be sufficient service of notice as required by this chapter.
