I. GENERAL RULES

WAC 480-80-010 Application of rules. (1) The rules in this chapter apply to any public service company that is subject to the jurisdiction of the commission as to rates and services under the provisions of Title 80 RCW.

(2) The tariffs and contracts filed by public service companies must conform with these rules. If the commission accepts a tariff or contract that conflicts with these rules, the acceptance does not constitute a waiver of these rules unless the commission specifically approves the variation consistent with WAC 480-80-015 (Exemptions from rules in chapter 480-80 WAC). Tariffs or contracts that conflict with these rules without approval are superseded by these rules.

(3) Any affected person may ask the commission to review the interpretation of these rules by a public service company or customer by posing an informal complaint under WAC 480-07-910 (Informal complaints), or by filing a formal complaint under WAC 480-07-370 (Pleadings—General).

(4) No deviation from these rules is permitted without written authorization by the commission. Violations will be subject to penalties as provided by law.

(5) Any tariff or contract on file and in effect or pending on the effective date of these rules is not required to be refiled to comply with these rules.

WAC 480-80-015 Exemptions from rules in chapter 480-80 WAC. (1) The commission may grant an exemption from the provisions of any rule in this chapter, if consistent with the public interest, the purposes underlying regulation, and applicable statutes.

(2) To request a rule exemption, a person must file with the commission a written request identifying the rule for which an exemption is sought, giving a full explanation of the reason for requesting the exemption.

(3) The commission will assign the request a docket number, if it does not arise in an existing docket, and will schedule the request for consideration at one of its regularly scheduled open meetings or, if appropriate under chapter 34.05 RCW, in an adjudication. The commission will notify the person requesting the exemption, and other affected persons, of the date of the hearing or open meeting when the commission will consider the request.

(4) In determining whether to grant the request, the commission may consider whether application of the rule would impose undue hardship on the petitioner, of a degree or a kind different from hardship imposed on other similarly situated persons, and whether the effect of applying the rule would be contrary to the purposes of the rule.
(5) The commission will enter an order granting or denying the request or setting it for hearing, pursuant to chapter 480-07 WAC.

[Statutory Authority: RCW 80.01.040 and 80.04.180. 02-11-081 (Docket No. U-991301, General Order No. R-498), § 480-80-020, filed 5/14/02, effective 6/17/02; Order R-5, § 480-80-020, filed 6/6/69, effective 10/9/69.]

(a) A statement supporting the use of a banded rate tariff rather than a tariff with fixed rates;

Costs will be determined under a long-run incremental cost analysis, including, as part of the incremental cost, the price charged to other telecommunications companies for any essential function used to provide the service, or any other commission-approved cost method; and
(c) Information detailing the potential effect on revenue of the proposed banded rate tariff range, as well as the effect on revenue of the current or proposed rate.

(2) Gas and electric companies. Gas and electric companies may file banded rate tariffs for any nonresidential gas or electric service that is subject to effective competition from energy suppliers not regulated by the commission. When a gas or electric company files for a banded rate tariff, the filings must, at a minimum, be accompanied with the following:

(a) A statement supporting the use of a banded rate tariff rather than a tariff with fixed rates;
(b) A verifiable cost-of-service study supporting the contention that the minimum rate in the banded rate tariff covers all costs resulting from providing the service and provides a contribution to fixed costs; and
(c) Information detailing the potential effect on revenue of the proposed banded rate tariff range, as well as the effect on revenue of the current or proposed rate.

[Statutory Authority: RCW 80.01.040 and 80.04.180. 02-11-081 (Docket No. U-991301, General Order No. R-498), § 480-80-112, filed 5/14/02, effective 6/17/02.]

(b) The commission must receive telecommunications tariff changes that reduce rates with no offsetting rate increases not less than ten days in advance of the requested effective date, as required by RCW 80.36.110 (2)(a). If a company makes a filing pursuant to this subsection, it may not file for an increase to any rate, charge, rental, or toll to recover the revenue deficit that results from the decrease for a period of one year.

(2) The statutory notice period begins on the date the commission receives the tariff filing, in accordance with WAC 480-80-031.

(5) Federal, state, and local government "firm bid" contracts - filing requirements and effective dates. Where a government agency asserts its authority to solicit a firm offer of services, and a contract subject to this section is submitted in response to that solicitation, the noncompetitive telecommunications company must file the contract with the commission no later than fifteen days after acceptance. The filing must include the same documentation as required for approval by subsection (7)(b) of this section and, if applicable, subsection (8) of this section. The contract will become effective at the time specified in the contract, but not earlier than when filed with the commission.

(6) School, library, and RHC provider contracts - filing requirements and effective dates. A telecommunications company that enters into a contract to provide service to a school, library, or RHC provider, as part of the federal universal service program, must file the contract with the commission no later than fifteen days after acceptance by the administrator of the federal universal service program. The filing must include the same documentation as required for approval by subsection (7)(b) of this section and, if applicable, subsection (8) of this section. The contract will become effective at the time specified in the contract, but not earlier than when filed with the commission.

(7) All other retail contracts - standard filing requirements and effective dates.

(a) Contracts must be filed with the commission not less than thirty days before the proposed effective date of the contract.

(b) Each application filed for commission approval of a contract must:

Costs will be determined under a long-run incremental cost analysis, including as part of the incremental cost, the price charged by the offering company to other telecommunications companies for any essential function used to provide the service, or any other commission-approved cost method.

(iv) Summarize the basis of the charge(s) proposed in the contract and explain the derivation of the proposed charge(s) including all cost computations involved; and

(v) Indicate the basis for using a contract rather than a filed tariff for the specific service involved.

(c) Contracts will become effective on the effective date stated on the contract or thirty days after the filing date, whichever occurs later, unless suspended or rejected by the commission. The commission may approve an earlier effective date if requested by the company, in which event the contract shall not become effective on a date that precedes commission approval. A request for an earlier effective date must include a complete explanation of why an earlier effective date is appropriate.

(8) Confidentiality. Filings under this section may be submitted with portions designated "confidential" pursuant to WAC 480-07-160. However, any filing that designates as "confidential" the essential terms and conditions will be rejected by the commission as not in compliance with the public inspection requirement of RCW 80.36.150(1). Essential terms and conditions are:

(a) Nature, characteristics, and quantity of the service provided;

   (a) State charges or conditions that do not conform to the company's existing tariff; or
   (b) Provide for utility services not specifically addressed in the gas, electric, or water company's existing tariffs.

(2) Any significant modification of a previously executed contract will be treated as a new contract for purposes of this section.

(3) Essential terms and conditions of all contracts filed pursuant to this section are considered a part of the gas, electric, or water company's filed tariffs and are subject to enforcement, supervision, regulation, control, and public inspection as such.

(4) Filing and effective dates. The contract will become effective on the effective date stated in the contract or thirty days after the filing date, whichever occurs later, unless suspended or rejected by the commission. The commission may approve an earlier effective date if requested by the company, in which event the contract shall not become effective on a date that precedes commission approval. A request for an earlier effective date must include a complete explanation of why an earlier effective date is appropriate.

   (c) Demonstrate, at a minimum, that the contract charges recover all costs resulting from providing the service during its term, and, in addition, provide a contribution to the gas, electric, or water company's fixed costs;
   (d) Summarize the basis of the charge(s) proposed in the contract and explain the derivation of the proposed charge(s) including all cost computations involved; and
   (e) Indicate the basis for using a contract rather than a filed tariff for the specific service involved. If the basis for using a contract is the availability of an alternative service provider, identify that provider.

(6) All contracts must be for a stated time period, except for contracts for water line extensions. The commission may approve terms and conditions that prescribe the charge(s) to be applied during the time period, if such charge(s) are found to be appropriate. Unless otherwise provided by the commission, such approval will not be determinative with respect to the expenses and revenues of the utility for subsequent rate-making considerations.

(7) Filings under this section may be submitted with portions designated "confidential" pursuant to WAC 480-07-160. However, any filing that designates the essential terms and conditions of the contract as "confidential" shall be rejected by the commission as not in compliance with the public inspection requirement of RCW 80.28.050.
