WAC 388-106-0075 How is my need for personal care services assessed in CARE? The department gathers information from you, your caregivers, family members and other sources to assess your abilities to perform personal care tasks. The department will also consider developmental milestones for children as defined in WAC 388-106-0130 when individually assessing your abilities and needs for assistance. The department will assess your ability to perform:

(1) Activities of daily living (ADL) using self-performance support provided, status and assistance available, as defined in WAC 388-106-0010. Also, the department determines your need for "assistance with body care" and "assistance with medication management," as defined in WAC 388-106-0010; and

(2) Instrumental activities of daily living (IADL) using self-performance difficulty, status and assistance available, as defined in WAC 388-106-0010.

CARE CLASSIFICATION

WAC 388-106-0080 How is the amount of long-term care services I can receive in my own home or in a residential facility determined? The amount of long-term care services you can receive in your own home or in a residential facility is determined through a classification system. Seventeen classifications apply to clients served in residential and in-home settings. The department has assigned each classification a residential facility daily rate or a base number of hours you can receive in your own home.

[WAC 388-106-0085 What criteria does the CARE tool use to place me in one of the classification groups? The department uses CARE to assess your characteristics. Based on this assessment, the CARE tool uses the following criteria to place you in one of the classification groups:

(1) Cognitive performance.

(2) Clinical complexity.

(3) Mood/behaviors symptoms.

(4) Activities of daily living (ADLs).

[Statutory Authority: RCW 74.08.090, 74.09.520. WSR 05-11-082, § 388-106-0080, filed 3/8/15, effective 6/17/05.]

WAC 388-106-0090 How does the CARE tool measure cognitive performance? (1) The CARE tool uses a tool called the cognitive performance scale (CPS) to evaluate your cognitive impairment. The CPS results in a score that ranges from zero (intact) to six (very severe impairment). Your CPS score is based on:

(a) Whether you are comatose.

(b) Your ability to make decisions, as defined in WAC 388-106-0010 "Decision making."

(c) Your ability to make yourself understood, as defined in WAC 388-106-0010 "Ability to make self understood."

(d) Whether you have short-term memory problem (e.g. can you remember recent events?) or whether you have delayed recall; and

(e) Whether you score as total dependence for self performance in eating, as defined in WAC 388-106-0010 "Self performance of ADLs."

(2) You will receive a CPS score of:

(a) Zero when you do not have problems with decision-making ability, making yourself understood, or recent memory.

(b) One when you meet one of the following:

(i) Your decision-making ability is scored as modified independence or moderately impaired;

(ii) Your ability to make yourself understood is usually, sometimes, or rarely/never understood; or

(iii) You have a recent memory problem.

(c) Two when you meet two of the following:

(i) Your decision-making ability is scored as modified independence or moderately impaired;

(ii) Your ability to make yourself understood is usually, sometimes, or rarely/never understood; and/or

(iii) You have a short-term memory problem or delayed recall.

(d) Three when you meet at least two of the criteria listed in subsection (2)(b) of this section and one of the following applies:

(i) Your decision making is moderately impaired; or

(ii) Your ability to make yourself understood is sometimes or rarely/never understood.

(e) Four when both of the following criteria applies:

(i) Your decision making is moderately impaired; and

(ii) Your ability to make yourself understood is sometimes or rarely/never understood.

(f) Five when your ability to make decisions is scored as severely impaired.

(g) Six when one of the following applies:

(i) Your ability to make decisions is severely impaired and you require total dependence in eating; or

(ii) You are comatose.

WAC 388-106-0095 How does the CARE tool measure clinical complexity? The CARE tool places you in the clinically complex classification group only when you have one or more of the following criteria and corresponding ADL scores:

### WAC 388-106-0100 How does the CARE tool measure mood and behaviors?

1. When you do not meet the criteria for the clinically complex classification group, or the criteria for exceptional care, or for in-home only have a cognitive performance scale score of five or six, then the mood and behavior criteria listed in subsections (3) and (4) below determines your classification group. If you are eligible for more than one "B" group classification based on the two methodologies, CARE will place you in the highest group for which you qualify.

2. For each behavior that the CARE tool has documented, the department will determine a status as "current" or "past" as defined in WAC 388-106-0010.

3. CARE places you in the mood and behavior classification group only if you have one or more of the behavior/moods that also meets the listed status, frequency, and alterability as identified in the following chart:

Each current behavior (as shown in the table below) has a value from .5 to 6 depending on the severity and alterability. Each status combination (shown in the table above) has a weight from 0 to 1. Behavior points are determined by multiplying the value of each current behavior (from the list below) by the weight of the status combination (above). Behavior points for past behaviors will be determined by multiplying the easily altered value of the behavior from the table below by the appropriate weight from the table above (0 or .25).

The list of behaviors below is divided into categories. Each category has a point limit of how many points can be counted toward the total behavior point score as detailed below. The total behavior point score is determined by totaling the weight-adjusted values for each category below.

Long-Term Care Services 388-106-0110

WAC 388-106-0105 How does the CARE tool measure activities of daily living (ADLs)? (1) CARE determines an ADL score ranging from zero to twenty-eight for each of the following ADLs.

(a) Personal hygiene;
(b) Bed mobility;
(c) Transfers;
(d) Eating;
(e) Toilet use;
(f) Dressing;
(g) Locomotion in room;
(h) Locomotion outside room; and
(i) Walk in room.

(2) The department through the CARE tool determines the ADL score by using the definitions in WAC 388-106-0010 under "Self-performance for ADLs." The CARE tool assigns the following points to the level of self performance for each of the ADLs listed in subsection (1) of this section. For the locomotion in room, locomotion outside of room and walk in room, the department uses the highest score of the three in determining the total ADL score.

<tr>

(3) Although assessed by CARE, the department does not score bathing and medication management to determine classification groups.

WAC 388-106-0110 How does the CARE tool evaluate me for the exceptional care classification of the E Group? CARE places you in the exceptional care E Group classifications when the following criteria are met in either diagram 1 or 2:

Diagram 1

You have an ADL score of greater than or equal to 22.

AND

You need at least one of the following:

- External catheter;
- Intermittent catheter;
- Indwelling catheter care;
- Bowel program;
- Ostomy care; or
- Total in self performance for toilet use.

AND

You need one of the following services provided by an individual provider, agency provider, a private duty nurse, or through self-directed care when in the in home setting, or provided by AFH/assisted living facility staff, facility RN/LPN, facility staff or private duty nursing when living in a residential setting:

- Active range of motion (AROM); or
- Passive range of motion (PROM).

AND

All of the following apply:

- You require IV nutrition support or tube feeding;
- Your total calories received per IV or tube was greater than 50%; and
- Your fluid intake by IV or tube is greater than 2 cups per day.

AND

You need assistance with one of the following, provided by an individual provider, agency provider, a private duty nurse, or through self-directed care when in the in home setting or provided by AFH or assisted living facility staff, facility RN/LPN, facility staff or private duty nursing when living in a residential setting:

- Dialysis; or
- Ventilator/respirator.

(9/30/15)
WAC 388-106-0115 How does CARE use criteria to place me in a classification group for residential facilities? The CARE tool uses the criteria of cognitive performance as determined under WAC 388-106-0090, clinical complexity as determined under WAC 388-106-0095, mood/behaviors as determined under WAC 388-106-0100, ADLs as determined under WAC 388-106-0105 and exceptional care under WAC 388-106-0110 to place you into one of the following seventeen residential classification groups:

CARE classification is determined first by meeting criteria to be placed into a group, then you are further classified based on ADL score or behavior point score into a classification subgroup following a classification path of highest possible group to lowest qualifying group.

1. If you meet the criteria for exceptional care, then CARE will place you in Group E. CARE then further classifies you into:
   a. Group E High if you have an ADL score of 26-28; or
   b. Group E Medium if you have an ADL score of 22-25.

   (2) If you meet the criteria for clinical complexity and have a cognitive performance score of 4-6 then you are classified in Group D regardless of your mood and behavior qualification or behavior points. CARE then further classifies you into:
      a. Group D High if you have an ADL score of 25-28; or
      b. Group D Medium if you have an ADL score of 18-24; or
      c. Group D Medium if you have an ADL score of 13-17; or
      d. Group D Low if you have an ADL score of 2-25.

   (3) If you meet the criteria for clinical complexity and have a CPS score of less than 4, then you are classified in Group C regardless of your mood and behavior qualification or behavior points. CARE then further classifies you into:
      a. Group C High if you have an ADL score of 25-28; or
      b. Group C Medium if you have an ADL score of 18-24; or
      c. Group C Medium if you have an ADL score of 9-17; or
      d. Group C Low if you have an ADL score of 2-25.

   (4) If you meet the criteria for mood and behavior qualification and do not meet the classification for C, D, or E groups, then you are classified into Group B. CARE further classifies you into:
      a. Group B High if you have an ADL score of 15-28; or
      b. Group B Medium if you have an ADL score of 5-14; or
      c. Group B Low if you have an ADL score of 0-4.

   (5) If you meet the criteria for behavior points and have a CPS score of greater than 2 and your ADL score is greater than 1, and do not meet the classification for C, D, or E groups, then you are classified in Group B. CARE further classifies you into:
      a. Group B High if you have a behavior point score 12 or greater; or
      b. Group B Medium-High if you have a behavior point score greater than 6; or
      c. Group B Medium if you have a behavior point score greater than 4; or
      d. Group B Low if you have a behavior point score greater than 1.

   (6) If you are not clinically complex and you do not qualify under either mood and behavior criteria, then you are classified in Group A. CARE further classifies you into:
      a. Group A High if you have an ADL score of 10-28; or
      b. Group A Medium if you have an ADL score of 5-9; or
      c. Group A Low if you have an ADL score of 0-4.

WAC 388-106-0120 What is the payment rate that the department will pay the provider if I receive personal care services in a residential facility? The department publishes rates and/or adopts rules to establish how much the department pays toward the cost of your care in a residential facility.

1. For COPES, MPC, medical care services, RCL, and new freedom programs, the department assigns payment rates to the CARE classification group. Under these programs, payment for care in a residential facility corresponds to the payment rate assigned to the classification group in which the CARE tool has placed you.

2. The enhanced services facility rate is determined by legislative action and appropriation.

3. The rate for adult family homes with a specialized behavior support contract is based on the CARE classification group and an add-on amount, which is negotiated through the collective bargaining process.

WAC 388-106-0125 How does CARE use criteria to place me in a classification group for in-home care? CARE uses the criteria of cognitive performance score as determined under WAC 388-106-0090, clinical complexity as determined under WAC 388-106-0095, mood/behavior and behavior point score as determined under WAC 388-106-0100, ADLs as determined under WAC 388-106-0105, and exceptional care as determined under WAC 388-106-0110 to place you into one of the following seventeen in-home groups. CARE classification is determined first by meeting criteria to be placed into a group, then you are further classified based on ADL score or behavior point score into a classification sub-group following a classification path of highest possible base hours to lowest qualifying base hours. Each classification group is assigned a number of base hours as described below based upon the level of funding provided by the legislature for personal care services, and based upon the relative level of functional disability of persons in each classification group as compared to persons in other classification groups.

1. If you meet the criteria for exceptional care, then CARE will place you in Group E. CARE then further classifies you into:
   a. Group E High with 393 base hours if you have an ADL score of 26-28; or
   b. Group E Medium with 327 base hours if you have an ADL score of 22-25.

[Ch. 388-106 WAC p. 16]
(2) If you meet the criteria for clinical complexity and have cognitive performance score of 4-6 or you have cognitive performance score of 5-6, then you are classified in Group D regardless of your mood and behavior qualification or behavior points. CARE then further classifies you into:

(a) Group D High with 260 base hours if you have an ADL score of 25-28; or

(b) Group D Medium-High with 215 base hours if you have an ADL score of 18-24; or

(c) Group D Medium with 168 base hours if you have an ADL score of 13-17; or

(d) Group D Low with 120 base hours if you have an ADL score of 2-12.

(3) If you meet the criteria for clinical complexity and have a CPS score of less than 4, then you are classified in Group C regardless of your mood and behavior qualification or behavior points. CARE then further classifies you into:

(a) Group C High with 176 base hours if you have an ADL score of 25-28; or

(b) Group C Medium-High with 158 base hours if you have an ADL score of 18-24; or

(c) Group C Medium with 115 base hours if you have an ADL score of 9-17; or

(d) Group C Low with 73 base hours if you have an ADL score of 2-8.

(4) If you meet the criteria for mood and behavior qualification and do not meet the classification for C, D, or E groups, then you are classified into Group B. CARE further classifies you into:

(a) Group B High with 129 base hours if you have an ADL score of 15-28; or

(b) Group B Medium with 69 base hours if you have an ADL score of 5-14; or

(c) Group B Low with 39 base hours if you have an ADL score of 0-4; or

(5) If you meet the criteria for behavior points and have a CPS score of greater than 2 and your ADL score is greater than 1, and do not meet the classification for C, D, or E groups, then you are classified in Group B. CARE further classifies you into:

(a) Group B High with 129 base hours if you have a behavior point score greater than 6; or

(b) Group B Medium-High with 84 base hours if you have a behavior point score greater than 4; or

WAC 388-106-0130 How does the department determine the number of hours I may receive for in-home care? (1) The department assigns a base number of hours to each classification group as described in WAC 388-106-0125.

(2) The department will adjust base hours to account for informal supports, shared benefit, and age appropriate functioning (as those terms are defined in WAC 388-106-0010), and other paid services that meet some of an individual's need for personal care services:

(a) The CARE tool determines the adjustment for informal supports, shared benefit, and age appropriate functioning. A numeric value is assigned to the status and/or assistance available coding for ADLs and IADLs based on the table below. The base hours assigned to each classification group are adjusted by the numeric value in subsection (b) below.

(b) To determine the amount adjusted for informal support, shared benefit and/or age appropriate functioning, the numeric values are totaled and divided by the number of qualifying ADLs and IADLs needs. The result is value A. Value A is then subtracted from one. This is value B. Value B is divided by three. This is value C. Value A and Value C are summed. This is value D. Value D is multiplied by the "base hours" assigned to your classification group and the result is the number of adjusted in-home hours. Values are rounded to the nearest hundredths (e.g., .862 is rounded to .86).

(3) Effective July 1, 2012, after adjustments are made to your base hours, as described in subsection (2), the department may add on hours based on off-site laundry, living more than forty-five minutes from essential services, and wood supply, as follows:

(4) In the case of New Freedom consumer directed services (NFCDS), the department determines the monthly budget available as described in WAC 388-106-1445.

(5) The result of adjustments under subsections (2) and (3) is the maximum number of hours that can be used to develop your plan of care. The department must take into account cost effectiveness, client health and safety, and program limits in determining how hours can be used to address your identified needs. In the case of New Freedom consumer directed services (NFCDS), a New Freedom spending plan (NFSP) is developed in place of a plan of care.

(6) If you are eligible, your hours may be used to authorize the following services:

(a) Personal care services from a home care agency provider and/or an individual provider.

(b) Home delivered meals (i.e., a half hour from the available hours for each meal authorized) per WAC 388-106-0805.

(c) Adult day care (i.e., a half hour from the available hours for each hour of day care authorized) per WAC 388-106-0805.

(d) A home health aide (i.e., one hour from the available hours for each hour of home health aide authorized) per WAC 388-106-0300.

(e) A private duty nurse (PDN) if you are eligible per WAC 388-106-1010 or 182-551-3000 (i.e., one hour from the available hours for each hour of PDN authorized).

(f) The purchase of New Freedom consumer directed services (NFCDS).

(7) If you are a child applying for personal care services:

(a) The department assumes that children have legally responsible parents or other responsible adults who provide informal support for the child's ADLs, IADLs and other needs. The department will not provide services or supports that are within the range of activities that a legally responsible parent or other responsible adult would ordinarily per-
form on behalf of a child of the same age who does not have a disability or chronic illness.

(b) The department will complete a CARE assessment and use the developmental milestones tables below when assessing your ability to perform personal care tasks.

(c) Your status will be coded as age appropriate for ADLs when your self performance is at a level expected for persons in your assessed age range, as indicated by the developmental milestones table in subpart (e), unless the circumstances in subpart (d) below apply.

(d) The department will code status as other than age appropriate for an ADL, despite your self performance falling within the developmental age range for the ADL on the developmental milestones table in subpart (e) below, if the department determines during your assessment that your level of functioning is related to your disability and not primarily due to your age and the frequency and/or the duration of assistance required for a personal care task is not typical for a person of your age.

(f) For IADLs, the department presumes that children typically have legally responsible parents or other responsible adults to assist with IADLs. Status will be coded as "child under (age)" the age indicated by the developmental milestones table for IADLs in subpart (h) unless the circumstances in subpart (g) below apply. (For example, a sixteen year old child coded as supervision in self-performance for telephone would be coded "child under eighteen.")

(g) If the department determines during your assessment that the frequency and/or the duration of assistance required is not typical for a person of your age due to your disability or your level of functioning, the department will code status as other than described in subpart (h) for an IADL.

(j) If the department determines during your assessment that due to your disability, the support you are provided for comprehension, decision making, memory and continence issues is substantially greater than is typical for a person of your age, the department will code status as other than described in subpart (k) below.

(8) If you are a child applying for personal care services and your status for ADLs and IADLs is not coded per the developmental age range indicated on the milestones tables under subsection (7), the department will assess for any informal supports or shared benefit available to assist you with each ADL and IADL. The department will presume that children have legally responsible parents or other responsible adults who provide informal support to them.

(a) The department will code status for an ADL or IADL as met if your assessment shows that your need for assistance with a personal care task is fully met by informal supports.

(b) Informal supports for school-age children include supports actually available through a school district, regardless of whether you take advantage of those available supports.

(c) When you are living with your legally responsible parent(s), the department will presume that you have informal supports available to assist you with your ADL and IADLs over three-fourths but not all the time. Legally responsible parents include natural parents, step parents, and adoptive parents. Generally, a legally responsible parent will not be considered unavailable to meet your personal care needs simply due to other obligations such as work or additional children because such obligations do not decrease the parent's legal responsibility to care for you regardless of your disabilities. However, the department will consider factors that cannot reasonably be avoided and which prevent a legally responsible parent from providing for your personal care needs when determining the amount of informal support available to you. You may rebut the department's presumption by providing specific information during your assessment to indicate why you do not have informal supports available at least three-fourths of time to assist you with a particular ADL or IADL.

WAC 388-106-0135 What is the maximum number of hours of personal care services that I can receive for in-home services? (1) If you are age 21 or older, the maximum number of hours that you may receive is the base hours assigned to your classification group and adjusted per WAC 388-106-0130, unless additional hours are authorized through an exception to rule per WAC 388-440-0001. For chore program clients, the maximum personal care hours per month the department will authorize is one hundred sixteen (116).
(2) If you are under age twenty-one:
   (a) The maximum number of hours that you may receive will be the base hours assigned to your classification group and adjusted per WAC 388-106-0130, unless additional hours are authorized under parts (2)(b) or (3) below.
   (b) Additional hours may be authorized at the department's discretion through an exception to rule per WAC 388-440-0001. You may request additional hours of personal care services through an exception to rule by contacting your case manager and explaining why you do not believe the authorized hours provide adequate assistance with your personal care tasks. The case manager will document your request and forward the request for review per WAC 388-440-0001. You will be notified in writing of the decision.

(3) If you are under age twenty-one, the department will authorize additional hours of personal care services beyond those authorized under section (2) according to the limitation extension process described below. If the evidence shows that additional personal care assistance is necessary to correct, improve, or prevent further deterioration of your condition, the department will authorize additional hours in the amount required to fully complete your ADLs or IADLs.
   (a) You may request a limitation extension in writing within 90 days after you have received the department's written decision under subsection (2)(b); or if 30 days have passed since you requested an exception to rule under subsection (2)(b) and you have not yet received a written decision from DSHS.
   (b) You may submit any evidence to show that additional hours of personal care are necessary. The following evidence should be provided:
      (i) An explanation of the hours necessary to complete your ADLs and IADLs;
      (ii) Documentation of the supports available to you over the course of a week; and,
      (iii) An explanation of why informal supports are unavailable to provide the additional assistance you are requesting. When you are living with your legally responsible parent, the considerations described in WAC 388-106-0130 (8)(d) apply to the determination of availability of informal supports.
   (c) If requested by the department, you must also provide additional documentation of your situation. If requested documents are not reasonably available to you without cost and/or if you need assistance from the department to obtain the requested documents, you must provide written permission to the department to obtain the documents on your behalf. Documents that the department may ask for include the following:
      (i) Your most recent individualized educational plan (IEP), if you are still in school.
      (ii) Treatment plans for clinically recommended treatments relevant to your personal care services, such as active range of motion, passive range of motion, bowel program, etc.
      (iii) Documents indicating residential time with your noncustodial parent or the availability of a noncustodial parent to provide assistance, such as parenting plans or child support orders. If those documents do not accurately reflect the supports currently available to you, you may also submit information or documents describing the support actually provided by your noncustodial parent.
   (d) The department may also require a further review of your functional ability to perform specific ADLs and IADLs, to be conducted at the department's expense. The review must be completed under WAC 182-551-2110 by a qualified occupational therapist. If a qualified occupational therapist is not available to complete the review, the department will designate another qualified healthcare professional to complete the review.
   (e) Upon receiving your request for a limitation extension and any additional supporting information you choose to submit under subsection (3)(b), the department will make a decision according to the timeline below.
      (i) The department will make a decision under subsection (3) within 30 days unless additional information is required under subsections (3)(c) and/or (3)(d).
      (ii) If additional information is required under subsections (3)(c) and/or (3)(d), the department will notify you of what additional information is required within 30 days of the date the department received your request and supporting information, if any. The department will then make a determination under subsection (3) within 15 days of either of the following, whichever comes first:
         (A) The date that you notify the department that you will not be providing any additional information.
         (B) The date that you notify the department that you will be providing any additional information.
   (f) Additional hours will not be approved to substitute for the duties of legally responsible adults, replace child care or school, replace recommended equipment available through medicaid, or provide supervision other than task-specific supervision necessary for you to perform an ADL or IADL.

[WAC 388-106-0136 What if I disagree with the result of the limitation extension decision regarding personal care? (1)] In addition to your right to contest the result of your CARE assessment under WAC 388-106-1305, if you are under the age of twenty-one you have the right to an administrative hearing to contest the number of personal care hours authorized pursuant to WAC 388-106-0135.

(2) The department will notify you in writing of your right to an administrative hearing under subsection (1) and will provide you with information about how to request a hearing.

WAC 388-106-1045 Can I receive PDN services in a licensed adult family home (AFH)? WAC 388-106-1050 May I receive other long-term care services in addition to PDN? (1) In addition to PDN services, you may be eligible to receive care through community options program entry system (COPES), or Medicaid personal care (MPC), for unmet personal needs not performed by informal supports.

(2) PDN hours will be deducted from the personal care hours generated by CARE to account for services that meet some of your need for personal care services (i.e., one hour from the available hours for each hour of PDN authorized per WAC 388-106-1030).

(3) Services may not be duplicated. PDN hours may not be scheduled during the same time that personal care hours are being provided by an individual provider or home care agency provider.

(4) The PDN provider is responsible for providing assistance with activities of daily living (ADL) and instrumental activities of daily living (IADL) unless there is an informal support that is providing or assisting at the same time.

WAC 388-106-1100 What services can I receive under the Senior Citizens’ Services Act (SCSA) fund? You may receive community-based services, described in RCW 74.38.040.

[Statutory Authority: RCW 74.08.090, 74.09.520. WSR 05-11-082, § 388-106-1100, filed 5/17/05, effective 6/17/05.]

WAC 388-106-1105 How do I apply for SCSA-funded services? To receive SCSA-funded services, you or your representative must:

(1) Complete and submit a department application form, providing complete and accurate information; and

(2) Promptly submit a written report of any changes in income or resources. For the definition of income and resources, refer to chapter 182-509 WAC.

[Statutory Authority: RCW 74.08.090 and 74.09.520. WSR 15-03-038, § 388-106-1105, filed 1/12/15, effective 2/12/15; WSR 05-11-082, § 388-106-1105, filed 5/17/05, effective 6/17/05.]

(9/30/15)
WAC 388-106-1110 Am I eligible for SCSA-funded services at no cost? To be eligible for SCSA-funded services at no cost, you must:

1. Be age:
   (a) Sixty-five or older; or
   (b) Sixty or older, and:
      (i) Either unemployed, or
      (ii) Working twenty hours a week or less;
2. Have a physical, mental, or other type of impairment, which without services would prevent you from remaining in your home;
3. Have income at or below forty percent of the state median income (SMI), based on family size; and
4. Have nonexempt resources (including cash, marketable securities, and real or personal property) not exceeding ten thousand dollars for a single person or fifteen thousand for a family of two, increased by one thousand dollars for each additional family member of the household. Household means a person living alone or a group of people living together.

(5) If you have income over forty percent of SMI, you may be eligible for services on a sliding fee basis.

WAC 388-106-1115 What income and resources are exempt when determining eligibility? The following income and resources, regardless of value, are exempt when determining whether you are eligible for SCSA-funded services:

1. Your home, and the lot it is upon;
2. Garden produce, livestock, and poultry used for home consumption;
3. Program benefits which are exempt from consideration in determining eligibility for needs based programs (e.g., uniform relocation assistance, Older Americans Act funds, foster grandparents' stipends or similar moneys);
4. Used and useful household furnishings, personal clothing, and automobiles;
5. Personal property of great sentimental value;
6. Personal property used by the individual to earn income or for rehabilitation;
7. One cemetery plot for each member of the family unit;
8. Cash surrender value of life insurance;
9. Real property held in trust for an individual Indian or Indian tribe; and
10. Any payment received from a foster care agency for children in the home.

WAC 388-106-1120 What if I am not eligible to receive SCSA-funded services at no cost? (1) Even if your income is above the forty percent SMI limit to receive SCSA-funded services at no cost, you may receive SCSA-subsidized services. The department uses a sliding fee schedule to determine what percentage the department pays for the cost of your services. You pay the remaining amount, but not more than the usual rate paid for services, as negotiated by the AAA or the department. The formula for determining the department's share of the cost of the services is:

\[
\text{100% State Median Income (SMI) - Household Income} \times 100 \\
100\% - 40\% \text{ SMI}
\]

(2) Service providers must be responsible for collecting fees owed by eligible persons and reporting to area agencies all fees paid or owed by eligible persons.

(3) Some services are provided at no charge regardless of income or need requirements. These services include, but are not limited to, nutritional services, health screening, services under the long-term care ombudsman program, and access services. Note: Well adult clinic services may be provided in lieu of health screening services if such clinics use the fee schedule established by this section.

"Continuous care or supervision" means daily assistance or oversight of an adult with a functional disability.

"Service provider" means an agency, or organization under contract to the area agency on aging (AAA) or its subcontractor.

"Supervision" means providing oversight of an individual to assure his/her safety and well-being.

"TCARE®, tailored caregiver assessment and referral system" means the process (screening, assessment and care planning) to establish eligibility for respite care and other caregiver support services for unpaid family caregivers.

WAC 388-106-1205 What are respite care services? Respite services relieve unpaid caregivers by providing temporary care or supervision to adults with a functional disability.

[Statutory Authority: RCW 74.08.090, 74.09.520. WSR 05-11-082, § 388-106-1205, filed 5/17/05, effective 6/17/05.]
WAC 388-106-1210 Who is eligible to receive respite care services through the family caregiver support program? (1) To be eligible to receive respite care services, the caregivers must:

(a) Have primary responsibility for the care or supervision of an adult with a functional disability who is not receiving a state or medicaid funded, long-term care service (e.g., COPES, personal care services, DD waiver); and

(b) Provide a minimum of an average of forty hours per week of care, and/or supervision, or live with an adult who needs continuous care or supervision; and

(c) Not receive financial payment for the care; and

(d) Be assessed in the TCARE®, tailored caregiver assessment and referral system and determined to meet the eligibility threshold levels determined by state level policy and have TCARE® recommend the strategy to introduce alternate sources for care to provide respite.

(2) An eligible participant is an adult who:

(a) Has a functional disability;

(b) Has a caregiver who is assessed in the TCARE® system and meets the criteria in WAC 388-106-1210(1); and

(c) Is not receiving a state or medicaid funded, long-term care service (e.g., COPES, personal care services, DD waiver).

[Statutory Authority: RCW 74.08.090 and 74.09.520. WSR 12-13-040, § 388-106-1210, filed 6/13/12, effective 7/14/12; WSR 05-11-082, § 388-106-1210, filed 5/17/05, effective 6/17/05.]

WAC 388-106-1215 Who may provide respite care services through the family caregiver support program? Respite care providers include, but are not limited to the following:

(1) Nursing homes (chapter 388-97 WAC).

(2) Adult day service providers, whose services includes adult day care, dementia day services and adult day health.

(3) Home care and/or home health agencies licensed through the department of health for in-home services.

(4) Hospitals.

(5) Licensed residential care facilities such as boarding homes, adult family homes, and assisted living facilities.

(6) Providers such as volunteer services, and senior companions.

[Statutory Authority: RCW 74.08.090 and 74.09.520. WSR 12-13-040, § 388-106-1215, filed 6/13/12, effective 7/14/12; WSR 05-11-082, § 388-106-1215, filed 5/17/05, effective 6/17/05.]

WAC 388-106-1220 How are respite care providers reimbursed for their services through the family caregiver support program? The department reimburses:

(1) Respite care providers for the number of hours or days of services authorized and provided. If the provider already has a medicaid rate established for providing a similar service, that rate is to be reimbursed by the local area agency on aging. If there is no established rate for the service, one can be negotiated between the local area agency on aging and the respite care service provider.

(2) Medicaid-certified licensed residential facilities providing respite services at the medicaid rate approved for that facility. Medicaid contracted providers must not charge more than the medicaid rate for any services covered from the date of eligibility, unless authorized by the department (see RCW 18.51.070). Participants must pay for services not included in the medicaid rate.

(3) Private nursing homes at their published daily rate.

[Statutory Authority: RCW 74.08.090 and 74.09.520. WSR 12-13-040, § 388-106-1220, filed 6/13/12, effective 7/14/12; WSR 05-11-082, § 388-106-1220, filed 5/17/05, effective 6/17/05.]

WAC 388-106-1225 Are participants required to pay for the cost of their respite care services through the family caregiver support program? (1) There is no charge to the care receiver whose income is at or below forty percent of the state median income, based on family size.

(2) If the care receiver's gross income is above forty percent of the state median income, he or she is required to pay for part or all of the cost of the respite care services. The department will determine what amount the participant must contribute based on the state median income and family size.

(3) If the care receiver's gross income is one hundred percent or more of the state median income, the participant must pay the full cost of the respite care services.

(4) If the care receiver is experiencing extreme financial hardship (e.g., high medical expenses) and cannot pay for their share of the cost of the respite care services, the area agency on aging may grant an exception to policy and then must document this in the client's records.

[Statutory Authority: RCW 74.08.090 and 74.09.520. WSR 12-13-040, § 388-106-1225, filed 6/13/12, effective 7/14/12; WSR 05-11-082, § 388-106-1225, filed 5/17/05, effective 6/17/05.]

WAC 388-106-1230 What determines emergent and nonemergent respite care services through the family caregiver support program? (1) The department and the area agency on aging (AAA) must first consider requests for emergency respite care. An example of an emergency is when the caregiver becomes ill or injured to the extent that the caregiver's ability to care for the care receiver is impaired. AAA policies will determine how best to serve caregivers in crisis depending on available local FCSP funding. A caregiver must be screened in TCARE® within thirty days following the crisis if ongoing services exceeding five hundred dollars are requested.

(2) In nonemergency situations, respite care is allocated based upon the results of the TCARE® assessment and available local FCSP funds. If sufficient funds are not available when an eligible caregiver requests services, AAA may establish wait lists to prioritize clients receiving services as funding becomes available.

[Statutory Authority: RCW 74.08.090 and 74.09.520. WSR 12-13-040, § 388-106-1230, filed 6/13/12, effective 7/14/12; WSR 05-11-082, § 388-106-1230, filed 5/17/05, effective 6/17/05.]

   (b) Sixty-five or older; and
   (C) You reside in a county where New Freedom is offered.
(2) You meet financial eligibility requirements described in WAC 182-513-1315. This means the department will assess your finances, determine if your income and resources fall within the limits, and determine the amount you may be required to contribute, if any, toward the cost of your care as described in WAC 182-515-1505; and
(3) You:
   (a) Are not eligible for medicaid personal care services (MPC); or
   (b) Are eligible for MPC services, but the department determines that the amount, duration, or scope of your needs is beyond what MPC can provide; and
   (4) Your CARE assessment shows you need the level of care provided in a nursing facility as defined in WAC 388-106-0355; and
(5) You live in your own home, or will be living in your own home by the time NFCDS start.

WAC 388-106-1415 When do New Freedom consumer directed services (NFCDS) start? Your New Freedom services begin the date personal care provider(s) are authorized to begin providing services or the spending plan is approved.

WAC 388-106-1420 How do I remain eligible for New Freedom consumer directed services (NFCDS)? (1) In order to remain eligible for NFCDS, you must be in need of services in accordance with WAC 388-106-1410, as determined through a CARE assessment, and continue to meet the financial eligibility requirements in WAC 182-513-1315.
(a) The CARE assessment must be performed at least annually or more often when there are significant changes in your functional or financial circumstances.
(b) Your continued financial eligibility is reviewed annually.
(2) When eligibility statutes, regulations, and/or rules for NFCDS change, irrespective of whether your functional or financial circumstances have changed, if you do not meet the changed eligibility requirements, the department will terminate your NFCDS services.

WAC 388-106-1410 Am I eligible for New Freedom consumer directed services (NFCDS)-funded services? You are eligible for NFCDS-funded services if you reside in your own home and meet all of the following criteria. The department must assess your needs using CARE and determine that:

[Ch. 388-106 WAC p. 44]
WAC 388-106-1422  What happens to my New Freedom service dollar budget if I am temporarily hospitalized, placed in a nursing facility or intermediate care facilities for the mentally retarded (ICF/MR)? If you are admitted to a hospital, nursing home or ICF/MR, you cannot access or accumulate funds to your New Freedom service budget during your stay.

If you are institutionalized for forty-five days or less and you intend to return to New Freedom when discharged, your service budget will be temporarily suspended. Upon discharge home, your service budget will be reinstated if you are still eligible for New Freedom services.

WAC 388-106-1435  How do I pay for New Freedom consumer directed services (NFCDS)? (1) Depending on your income, you may be required to pay participation toward the cost of your care, as described in WAC 182-515-1505. If you have nonexempt income that exceeds the cost of NFCDS services, you may keep the difference. Since you are receiving services in your own home, you are allowed to keep some of your income for a maintenance allowance.

(2) You are responsible to pay for your goods and services received up to your participation amount determined by the department. Any approved budget expenditures for goods and services you receive, which exceed your participation amount, will be paid by the department once your participation amount is accounted for.

WAC 388-106-1440  What is an individual budget? An individual budget means the maximum amount of funding authorized by the department and allocated to the participant for the purchase of New Freedom consumer directed services.

WAC 388-106-1445  How is the amount of the individual budget determined? The department will calculate your individual budget amount after you are assigned a number of monthly hours resulting from completion of the comprehensive assessment reporting and evaluation tool, CARE. The calculation will be based on the average wage, including a mileage allowance, as determined by the collective bargaining agreement for individual provider personal care paid by the department multiplied by the number of units generated by the assessment, multiplied by a factor of .93, plus an amount equal to the average per participant expenditures for nonpersonal care supports purchased in the COPES waiver.

WAC 388-106-1450  Is the individual budget intended to fully meet all of my needs? The program provides funds in an amount proportionate to the amount of resources you would receive through COPES, and gives you flexibility to self-direct the purchase of goods and services to address your long-term care needs. The degree to which the budget meets your needs depends on the supports you identify and prioritize in your spending plan. Depending on your decisions, after your budget is exhausted, some of your needs may be unmet, or you may find other resources to address them.

WAC 388-106-1455  What happens to individual budget funds when I don't use them? (1) The balance of individual budget funds that were not allocated for purchase of personal care may be used to purchase other goods and services in accordance with the approved New Freedom spending plan or saved for future purchase as described in (2) below.

(2) Up to three thousand five hundred dollars may be held in savings for future purchases documented in the New Freedom spending plan.

(3) Reserves in excess of three thousand five hundred dollars may only be maintained for exceptional, planned purchases with preapproval from the department.

(4) Unused funds will revert back to the department under the following circumstances:

(a) You have savings funds in excess of three thousand five hundred dollars that are not identified for exceptional, pre-approved purchases in your spending plan;
(b) You dis-enroll from New Freedom;
(c) You lose eligibility for New Freedom;
(d) You are hospitalized and/or placed in a nursing home or ICM/FR for over forty-five days; or
(e) You have personal care funds not used in the month for which you allocated them.
WAC 388-106-1458 How do I create and use my spending plan? (1) You create your spending plan with the assistance of the Care Consultant using the New Freedom self-assessment and the CARE assessment.

(2) The spending plan must be approved by both you and the Care Consultant.

(3) You and your Care Consultant must identify how many personal care service units you intend to purchase prior to the month you plan to use them (service month). The value of those units is deducted from your New Freedom budget. The rest of funds can be used for other covered goods and services or saved.

(a) Once a service month begins, the number of personal care units may not be altered during that month.

(b) The maximum number of personal care units that can be purchased from the monthly budget is calculated from the individual budget as described in WAC 388-106-1445, divided by the individual provider average wage including mileage.

(c) Prior to the service month, you may elect to use savings funds to buy additional personal care.

(d) You can choose to have your personal care provided by an individual provider (IP) or a home care agency. Each unit will be deducted from your New Freedom budget at the average IP wage rate including mileage.

(e) The balance of your individual New Freedom budget will be available in your NFSP to save or purchase other goods and services up to the limit described in WAC 388-106-1455(2).

(f) If you have a change of condition or situation and your New Freedom budget increases due to a new assessment or Exception to Rule, you may purchase additional personal care from an IP or home care agency mid-month at the average IP rate, including mileage during the month your budget changed.

(g) You may assign your predetermined personal care units to a different provider during the month of service.

(a) Include only services in the New Freedom service definition found in WAC 388-106-1400;

(b) Address your needs as it relates to performance of activities of daily living and instrumental activities of daily living;

(c) Include strategies and steps to address known critical risks;

(b) Develop options to meet those needs;

(c) Make informed decisions about their individual budget; and

WAC 388-106-1470 Are there waiting lists for New Freedom consumer directed services (NFDCS)? The department will create a waiting list for NFDCS in accordance with caseload limits determined by legislative funding. Participants on the waiting list will gain access in the following order:

(1) Nursing home residents who are returning home and are assessed for NFDCS waiver services will be ranked first on the waiting list by date of application for services;

(2) Individuals living in the community with a higher level of need, as determined by the CARE assessment, will be ranked higher on the wait list over participants with a lower level of need; and

(3) When two or more individuals on the waiting list have equal need levels, the individual with the earlier application for NFDCS will have priority over later applications for services.

WAC 388-106-1475 How do I end enrollment in New Freedom consumer directed services (NFDCS)? (1) You may choose to voluntarily end your enrollment from NFDCS without cause at any time. To do so, you must give notice to the department. If you give notice:

(a) Before the fifteenth of the month, the department will end your enrollment at the end of the month; or

(b) After the fifteenth, the department will end your enrollment the end of the following month.

(2) Your enrollment may also end involuntarily if you:

(a) Move out of the designated service area or are out of the service area for more than thirty consecutive days, unless you have documented the purpose of the longer absence in the NFSP; or

(b) Do not meet the terms for consumer direction of services outlined in the NFDCS enrollment agreement when:

(i) Even with help from a representative, you are unable to develop a NFSP or self-direct services or manage your individual budget or NSFP;

(ii) Any one factor or several factors of such a magnitude jeopardize the health, welfare, and safety of you and others, requiring termination of services under WAC 388-106-0047;
(iii) You become financially ineligible for Medicaid services;

(iv) You no longer meet the nursing facility level of care requirement as defined in WAC 388-106-0355; or

(v) You misuse program funds and services as determined by the department.

WAC 388-106-1600 What definitions apply to the nursing facility certificate of need? "Activities of daily living" as defined in WAC 388-106-0010, includes tasks such as walking, eating, taking medications, maintaining personal hygiene, moving in bed and toileting.

"Care assessment" is an assessment tool used to determine eligibility for services and level of service need, and identify strengths, preferences and potential referrals to develop an individualized care plan.

"Certificate of need program" is a regulatory process under chapter 70.38 RCW that requires certain health care providers, including nursing homes, to receive approval from the department of health before building certain types of facilities or offering new or expanded services.

"Community residential" refers to licensed community settings such as assisted living facilities and adult family homes where long-term care services are provided to residents.

"Department" means the department of social and health services.

"Department of health" is the state agency that operates the certificate of need review program and determines the need for specific facilities and services, including nursing homes, in a manner that is consistent with the statewide health resources strategy developed under RCW 43.370.030 and chapter 70.38.

"In-home personal care" is care provided by an agency or individual provider to clients living in their own home.

"Minimum data set" or "MDS" is a tool that is used to perform the comprehensive assessment of each resident's functional capabilities, which is required for all residents in Medicare or Medicaid certified nursing homes.

"RUG-III score" is the classification of each nursing facility resident into a specific group based on the individual's medical condition and level of care required.

WAC 388-106-1610 What is the purpose of determining nursing facility comparable home and community-based long-term capacity? The department of health's certificate of need program is required to determine the need for nursing homes under WAC 246-310-210 (6)(b)(ii). The determination of need is based in part upon the availability of home and community-based long-term services in the planning area of the proposed nursing facility. When evaluating the need for additional nursing home beds, the data considered by the department of health must include data provided by the department.

[Statutory Authority: RCW 74.08.090 and 74.09.520. WSR 14-05-061, § 388-106-1610, filed 2/18/14, effective 3/21/14.]

WAC 388-106-1620 What methodology does the department use to determine statewide or county specific nursing home comparable home and community-based long-term services availability? The department uses the following methodology to determine the statewide or county specific nursing home comparable home and community-based long-term services availability.

1) The department selects a recent, one-year time period from which to use MDS assessment data.

2) The "typical RUG-III ADL score" is determined as follows. From the MDS data, two activity of daily living (ADL) RUG-III score values are calculated: (1) the mean RUG-III ADL score, rounded to the nearest whole number, and (2) the modal RUG-III ADL score that occurs most commonly in the nursing home population in the selected time period. The "typical RUG-III ADL score" is the lower of the mean and modal values.

3) Using the most recent month that both payment and assessment data are considered to be complete, persons receiving Medicaid paid in-home personal care or community residential services are identified, and the MDS-equivalent ADL score from each home and community-based client's current CARE assessment is constructed.

4) Using data from the month selected in subsection (3), count the number of in-home personal care clients being served by either the aging and long-term support or development disabilities administrations who have an MDS-equivalent score at or above the typical RUG-III ADL nursing home score that was calculated in subsection (2).

5) Using data from the month selected in subsection (3), calculate the proportion of Medicaid-paid community residential clients with an MDS-equivalent score that is at or above the typical RUG-III ADL nursing home score calculated in subsection (2).

6) Calculate the overall statewide licensed capacity of community residential facilities.

7) The proportion calculated in subsection (5) and the community residential capacity determined in subsection (6) are multiplied to estimate the community residential capacity that is nursing home comparable.

8) Add the numbers calculated in subsections (4) and (7) to determine the total countable nursing-home-comparable home and community-based long-term capacity to be

(W)/15
used in reporting to the department of health the availability of other services in the community as required in RCW 70.38.115.
