WAC 392-348-210 Basic policy. Believing that the welfare of the state and its children require secondary schools which (1) can provide a comprehensive program broad enough to meet the varied needs, abilities and interests of students, (2) are adequately staffed with certified teachers assigned to teach in their fields of competency, (3) are administered by properly certified personnel, (4) can provide adequate pupil-personnel service, (5) can provide school plant facilities suitable to the type of organization and program offered, (6) can give assurance of financial ability and willingness to construct, maintain and operate the facility, and (7) do not duplicate existent educational facilities and/or programs, it shall be the policy of the superintendent of public instruction to approve applications for the establishment in any high school district of any secondary program or any new grades in grades nine through twelve only when there is evidence that the foregoing conditions can be fulfilled.

WAC 392-348-215 Procedure. A secondary program or any new grades nine through twelve may not be established in any existing nonhigh school district except upon prior approval by the superintendent of public instruction. Application for approval to establish any such program or any new grades shall be made to the state superintendent of public instruction by the school authorities of the applicant district. The state superintendent of public instruction shall review the application in light of rules and regulations relating thereto and in consideration of the findings and recommendations of staff and agents of the superintendent of public instruction.

WAC 392-348-220 Regulations—Purpose. In order to assure an educational program and school facilities which will meet the requirements of the basic policy stated in WAC 392-348-210, the specific regulations hereinafter set forth in WAC 392-348-230 through 392-348-270 set forth shall be applied in considering applications from nonhigh school districts.

WAC 392-348-230 Program. It is presumed by the superintendent of public instruction that a new secondary program (or new grades nine through twelve) must make provision for a comprehensive program. Minimum course offerings that must be available for student selection during grades nine through twelve shall include those necessary to meet the minimum high school graduation requirements under WAC 180-51-060.
