(5) If the WSLCB finds in any instance that any licensee has violated this regulation, then all licensees involved shall be held equally responsible for such violation.

[Statutory Authority: RCW 69.50.342 and 69.50.345. WSR 16-11-110, § 314-55-018, filed 5/18/16, effective 6/18/16; WSR 15-11-107, § 314-55-018, filed 5/20/15, effective 6/20/15.]

WAC 314-55-020 Marijuana license qualifications and application process. Each marijuana license application is unique and investigated individually. The WSLCB may inquire and request documents regarding all matters in connection with the marijuana license application. The application requirements for a marijuana license include, but are not necessarily limited to, the following:

(1) Per RCW 69.50.331, the WSLCB shall send a notice to cities and counties, and may send a notice to tribal governments or port authorities regarding the marijuana license application. The local authority has twenty days to respond with a recommendation to approve or an objection to the applicant, location, or both.

(2) Applicants for a new marijuana producer, processor, or retailer license and those who apply to change their location must display a sign provided by the WSLCB on the outside of the premises to be licensed notifying the public that the premises are subject to an application for a marijuana license. Posting notices must occur within seven days of submitting the location confirmation form for new licenses or the change of location application for existing licensees. The WSLCB may check for compliance with this requirement at its discretion. The sign must:
(a) Not be altered. The licensee must post the sign sent by the WSLCB without changing, adding, or subtracting from the text;
(b) Be conspicuously displayed on, or immediately adjacent to, the premises subject to the application and in the location that is most likely to be seen by the public;
(c) Be of a size sufficient to ensure that it will be readily seen by the public, at a minimum these signs must be eight and one-half by eleven inches;
(d) Be posted within seven business days of the date the notice is sent to the applicant by the WSLCB; and
(e) The notice must be posted for fourteen consecutive days.

(3) The WSLCB will use a priority system to determine the order that marijuana retailers are licensed.

(a) First priority is given to applicants who:
(i) Applied to the state liquor and cannabis board for a marijuana retail license prior to July 1, 2014. To meet this qualification, the applicant must provide the WSLCB a copy of the master business license from department of revenue business licensing service showing the applicant applied for a retail marijuana license prior to July 1, 2014;
(ii) Operated or were employed by a collective garden before January 1, 2013. To meet this qualification, the applicant must provide the WSLCB with a copy of the master business license from department of revenue business licensing service showing the applicant owned a collective garden prior to January 1, 2013, or a pay stub or tax information indicating that the applicant was employed by a collective garden prior to January 1, 2013;
(iii) Have maintained a state business license and municipal business license, as applicable in the relevant jurisdiction. To meet this qualification, the applicant must provide the WSLCB a copy of the master business license from department of revenue business licensing service and copies of municipal business licenses from January 1, 2013, through the date of application; and
(iv) Have had a history of paying all applicable state taxes and fees. To meet this qualification, the applicant must provide the WSLCB evidence from the department of revenue, department of labor and industries, and the employment security department that the entity is up to date on all applicable state taxes since January 1, 2013, and that they have paid all applicable fees to the WSLCB for all businesses they are engaged in since January 1, 2013.

(b) Second priority is given to applicants who:
(i) Operated or were employed by a collective garden before January 1, 2013. To meet this qualification, the applicant must provide the WSLCB evidence from the department of revenue business licensing service showing the applicant owned a collective garden prior to January 1, 2013, or a pay stub or tax information indicating that the applicant was employed by a collective garden prior to January 1, 2013;
(ii) Have maintained a state business license and municipal business license, as applicable in the relevant jurisdiction. To meet this qualification, the applicant must provide the WSLCB a copy of the master business license from department of revenue business licensing service and copies of municipal business licenses from January 1, 2013, through the date of application; and
(iii) Have had a history of paying all applicable state taxes and fees. To meet this qualification, the applicant must provide the WSLCB evidence from the department of reve-
Marijuana Licenses

(1) The department of labor and industries, and the employment security department that the entity is up to date on all applicable state taxes since January 1, 2013, and that they have paid all applicable fees to the WSLCB for all businesses they are engaged in since January 1, 2013, for all businesses they are engaged in since January 1, 2013.

(c) **Third priority is given to all other applicants who do not meet the qualifications and experience identified for priority one or two.**

(4) All marijuana retail applicants must meet the qualifications required by the WSLCB before they will be granted a license regardless of priority.

(5) The WSLCB will verify that the proposed business meets the minimum requirements for the type of marijuana license requested.

(6) The WSLCB will conduct an investigation of the applicants' criminal history and administrative violation history, per WAC 314-55-040 and 314-55-045.

(a) The criminal history background check will consist of completion of a personal/criminal history form provided by the WSLCB and submission of fingerprints to a vendor approved by the WSLCB. The applicant will be responsible for paying all fees required by the vendor for fingerprinting. These fingerprints will be submitted to the Washington state patrol and the Federal Bureau of Investigation for comparison to their criminal records. The applicant will be responsible for paying all fees required by the Washington state patrol and the Federal Bureau of Investigation.

(b) Financiers will also be subject to criminal history investigations equivalent to that of the license applicant. Financiers will also be responsible for paying all fees required for the criminal history check.

(7) The WSLCB will conduct a financial investigation in order to verify the source of funds used for the acquisition and startup of the business, the applicants' right to the real and personal property, and to verify the true party(ies) of interest.

(8) The WSLCB may require a demonstration by the applicant that they are familiar with marijuana laws and rules.

(9) The WSLCB may conduct a final inspection of the proposed licensed business, in order to determine if the applicant has complied with all the requirements of the license requested.

(10) Per RCW 69.50.331 (1)(c), all applicants applying for a marijuana license must have resided in the state of Washington for at least six months prior to application for a marijuana license. All partnerships, employee cooperatives, associations, nonprofit corporations, corporations and limited liability companies applying for a marijuana license must be formed in Washington. All members must also meet the six month residency requirement. Managers or agents who manage a licensee's place of business must also meet the six month residency requirement.

(11) Submission of an operating plan that demonstrates the applicant is qualified to hold the marijuana license applied for to the satisfaction of the WSLCB. The operating plan shall include the following elements in accordance with the applicable standards in the Washington Administrative Code (WAC).

(12) As part of the application process, each applicant must submit in a format supplied by the WSLCB an operating plan detailing the following as it pertains to the license type being sought. This operating plan must also include a floor plan or site plan drawn to scale which illustrates the entire operation being proposed. The operating plan must include the following information:

Marijuana Licenses

WAC 314-55-045 What marijuana law or rule violation history might prevent an applicant from receiving a marijuana license? The WSLCB will conduct an investigation of all applicants’ marijuana law or rule administrative violation history. The WSLCB will not normally issue a marijuana license to a person, or to an entity with a true party of interest, who has the following violation history; or to any

(11/16/16)
Violations described in this chapter are subject to broad discretionary authority to approve or deny a marijuana application or license. Per RCW 69.50.331, the WSLCB has the authority to approve or deny a marijuana license and what are the requirements and fees related to licensing and regulation of marijuana businesses within one thousand feet of certain locations. The distance shall be measured as the shortest straight line distance from the property line of the proposed building/business location to the property line of the entities listed below:

a marijuana producer license? (1)(a) A marijuana producer license allows the licensee to produce, harvest, trim, dry, cure, and package marijuana into lots for sale at wholesale to marijuana processor licensees and to other marijuana producer licensees. A marijuana producer can also produce and sell:

(i) Marijuana plants, seed, and plant tissue culture to other marijuana producer licensees; and

(ii) Marijuana plants to members of a registered cooperative under the conditions provided in WAC 314-55-410.

(b) Marijuana production must take place within a fully enclosed secure indoor facility or greenhouse with rigid walls, a roof, and doors. Outdoor production may take place in nonrigid greenhouses, other structures, or an expanse of open or cleared ground fully enclosed by a physical barrier. To obscure public view of the premises, outdoor production must be enclosed by a sight obscure wall or fence at least eight feet high. Outdoor producers must meet security requirements described in WAC 314-55-083. An outdoor grow must be physically separated at least twenty feet from another licensed outdoor grow. Outdoor grows cannot share common walls or fences.

(2) The application fee for a marijuana producer license is two hundred fifty dollars. The applicant is also responsible for paying the fees required by the approved vendor for fingerprint evaluation.

(3) The annual fee for issuance and renewal of a marijuana producer license is one thousand dollars. The WSLCB will conduct random criminal history checks at the time of renewal that will require the licensee to submit fingerprints for evaluation from the approved vendor. The licensee will be responsible for all fees required for the criminal history checks.

(4) The WSLCB will initially limit the opportunity to apply for a marijuana producer license to a thirty-day calendar window beginning with the effective date of this section. In order for a marijuana producer application license to be considered it must be received no later than thirty days after the effective date of the rules adopted by the WSLCB. The WSLCB may reopen the marijuana producer application window after the initial evaluation of the applications received and at subsequent times when the WSLCB deems necessary.

(5) Any entity and/or principals within any entity are limited to no more than three marijuana producer licenses.

(6) The maximum amount of space for marijuana production will be imposed at a later date. Applicants must designate on their operating plan the size category of the production premises and the amount of actual square footage in their premises that will be designated as plant canopy. There are three categories as follows:

(a) Tier 1 - Less than two thousand square feet;
(b) Tier 2 - Two thousand square feet to ten thousand square feet; and
(c) Tier 3 - Ten thousand square feet to thirty thousand square feet.

(7) The WSLCB may reduce a licensee's or applicant's square footage designated to plant canopy for the following reasons:

(a) If the amount of square feet of production of all licensees exceeds the maximum square feet the WSLCB will reduce the allowed square footage by the same percentage.

(b) If fifty percent production space used for plant canopy in the licensee's operating plan is not met by the end of the first year of operation the WSLCB may reduce the tier of licensure.

(8) If the total amount of square feet of marijuana production exceeds the maximum square feet, the WSLCB reserves the right to reduce all licensee's production by the same percentage or reduce licensee production by one or more tiers by the same percentage.

(9) The maximum allowed amount of marijuana on a producer's premises at any time is as follows:

(a) Outdoor or greenhouse grows - One and one-quarter of a year's harvest; or

(b) Indoor grows - Six months of their annual harvest.

WAC 314-55-077 What is a marijuana processor license and what are the requirements and fees related to a marijuana processor license? (1) A marijuana processor license allows the licensee to process, dry, cure, package, and label usable marijuana, marijuana concentrates, and marijuana-infused products for sale at wholesale to marijuana processors and marijuana retailers.

(2) A marijuana processor is allowed to blend tested usable marijuana from multiple lots into a single package for sale to a marijuana retail licensee providing the label requirements for each lot used in the blend are met and the percentage by weight of each lot is also included on the label.

(3) A marijuana processor licensee must obtain label and packaging approval from the WSLCB for all marijuana-infused products meant for ingestion prior to offering these items for sale to a marijuana retailer. The marijuana processor licensee must submit a picture of the product, labeling, and packaging to the WSLCB for approval.

If the WSLCB denies a marijuana-infused product for sale in marijuana retail outlets, the marijuana processor licensee may request an administrative hearing per chapter 34.05 RCW, Administrative Procedure Act.

(4) With the exception of the marijuana, all ingredients used in making marijuana-infused products for oral ingestion must be a commercially manufactured food as defined in WAC 246-215-01115.

(5) Marijuana-infused edible products in solid form must meet the following requirements:

(a) If there is more than one serving in the package, each serving must be packaged individually in childproof packaging (see WAC 314-55-105(7)) and placed in the outer package.

(b) The label must prominently display the number of servings in the package.

(c) Marijuana-infused solid edible products must be homogenized to ensure uniform disbursement of cannabinoids throughout the product.

(d) All marijuana-infused solid edibles must prominently display on the label "This product contains marijuana."

(11/16/16)
(6) Marijuana-infused edible products in liquid form must meet the following requirements:

(a) If there is more than one serving in the package, a measuring device must be included in the package with the product.

(b) The label must prominently display the number of servings in the package and the amount of product per serving.

(c) Marijuana-infused liquid edibles must be homogenized to ensure uniform disbursement of cannabinoids throughout the product.

(d) All marijuana-infused liquid edibles must prominently display on the label "This product contains marijuana."

(7) A marijuana processor is limited in the types of food or drinks they may infuse with marijuana. Marijuana-infused products that require cooking or baking by the consumer are prohibited. Marijuana-infused edible products such as, but not limited to, gummy candies, lollipops, cotton candy, or brightly colored products, are prohibited.

(a) To reduce the risk to public health, potentially hazardous foods as defined in WAC 246-215-01115 may not be infused with marijuana. Potentially hazardous foods require time-temperature control to keep them safe for human consumption and prevent the growth of pathogenic microorganisms or the production of toxins. Any food that requires refrigeration, freezing, or a hot holding unit to keep it safe for human consumption may not be infused with marijuana.

(b) Other food items that may not be infused with marijuana to be sold in a retail store are:

(i) Any food that has to be acidified to make it shelf stable;

(ii) Food items made shelf stable by canning or retorting;

(iii) Fruit or vegetable juices (this does not include shelf stable concentrates);

(iv) Fruit or vegetable butters;

(v) Pumpkin pies, custard pies, or any pies that contain egg;

(vi) Dairy products of any kind such as butter, cheese, ice cream, or milk; and

(vii) Dried or cured meats.

(c) Vinegars and oils derived from natural sources may be infused with dried marijuana if all plant material is subsequently removed from the final product. Vinegars and oils may not be infused with any other substance, including herbs and garlic.

(d) Marijuana-infused jams and jellies made from scratch must utilize a standardized recipe in accordance with 21 C.F.R. Part 150, revised as of April 1, 2013.

(e) Per WAC 314-55-104, a marijuana processor may infuse dairy butter or fats derived from natural sources and use that extraction to prepare allowable marijuana-infused solid or liquid products meant to be ingested orally, but the dairy butter or fats derived from natural sources may not be sold as stand-alone products.

(f) The WSLCB may designate other food items that may not be infused with marijuana.

(8) The recipe for any marijuana-infused solid or liquid products meant to be ingested orally must be kept on file at the marijuana processor's licensed premises and made available for inspection by the WSLCB or its designee.

(9) The application fee for a marijuana processor license is two hundred fifty dollars. The applicant is also responsible for paying the fees required by the approved vendor for fingerprint evaluation.

(10) The annual fee for issuance and renewal of a marijuana processor license is one thousand dollars. The WSLCB will conduct random criminal history checks at the time of renewal that will require the licensee to submit fingerprints for evaluation from the approved vendor. The licensee will be responsible for all fees required for the criminal history checks.

(11) A marijuana processor producing a marijuana-infused solid or liquid product meant to be ingested orally in a processing facility as required in WAC 314-55-015 (10) and (11) must pass a processing facility inspection. Ongoing annual processing facility compliance inspections may be required. The WSLCB will contract with the department of agriculture to conduct required processing facility inspections. All costs of inspections are borne by the licensee and the hourly rate for inspection is sixty dollars. A licensee must allow the WSLCB or their designee to conduct physical visits and inspect the processing facility, recipes and required records per WAC 314-55-087 during normal business hours or at any time of apparent operation without advance notice. Failure to pay for the processing facility inspection or to follow the processing facility requirements outlined in this section and WAC 314-55-015 will be sufficient grounds for the WSLCB to suspend or revoke a marijuana license.

(12) The WSLCB will initially limit the opportunity to apply for a marijuana processor license to a thirty-day calendar window beginning with the effective date of this section. In order for a marijuana processor application license to be considered it must be received no later than thirty days after the effective date of the rules adopted by the WSLCB. The WSLCB may reopen the marijuana processor application window after the initial evaluation of the applications that are received and processed, and at subsequent times when the WSLCB deems necessary.

(13) A currently licensed marijuana producer may submit an application to add a marijuana processor license at the location of their producer license providing they do not already hold three processor licenses.

(14) Any entity and/or principals within any entity are limited to no more than three marijuana processor licenses.

(15) Marijuana processor licensees are allowed to have a maximum of six months of their average usable marijuana and six months average of their total production on their licensed premises at any time.

(16) A marijuana processor must accept returns of products and sample jars from marijuana retailers for destruction, but is not required to provide refunds to the retailer. It is the responsibility of the retailer to ensure the product or sample jar is returned to the processor.

WAC 314-55-079 What is a marijuana retailer license and what are the requirements and fees related to a marijuana retailer license? (1) A marijuana retailer license allows the licensee to sell only usable marijuana, marijuana concentrates, marijuana-infused products, and marijuana paraphernalia at retail in retail outlets to persons twenty-one years of age and older.

(2) Marijuana-infused products listed in WAC 314-55-077(6) are prohibited for sale by a marijuana retail licensee.

(3) Internet sales and delivery of product to customers is prohibited.

(4) The application fee for a marijuana retailer's license is two hundred fifty dollars. The applicant is also responsible for paying the fees required by the approved vendor for fingerprint evaluation.

(5) The annual fee for issuance and renewal of a marijuana retailer's license is one thousand dollars. The WSLCB will conduct random criminal history checks at the time of renewal that will require the licensee to submit fingerprints for evaluation from the approved vendor. The licensee will be responsible for all fees required for the criminal history checks.

(6) Marijuana retailers may not sell marijuana products below the current acquisition cost.

(7) Marijuana retailer licensees are allowed to have a maximum of four months of their average inventory on their licensed premises at any given time.

(8) A marijuana retailer may transport product to other locations operated by the licensee or to return product to a marijuana processor as outlined in the transportation rules in WAC 314-55-085.

(9) A marijuana retailer may accept returns of open marijuana products. Products must be returned in their original packaging with the lot, batch, or inventory ID number fully legible.

(10) A marijuana retailer may dispose of marijuana products as provided in WAC 314-55-097. Marijuana retailers must give seventy-two hours' notice to WSLCB enforcement prior to disposing of marijuana products.

WAC 314-55-080 Medical marijuana endorsement. (1) A medical marijuana endorsement added to a marijuana retail license allows the marijuana retail licensee to:

(a) Sell marijuana for medical use to qualifying patients and designated providers; and

(b) Provide marijuana at no charge, at their discretion, to qualifying patients and designated providers.

(2) To maintain a medical marijuana endorsement in good standing, a marijuana retailer must:

(a) Follow all rules adopted by the department of health regarding retail sales of medical marijuana;

(b) Have a consultant on staff in accordance with department of health rules;

(c) Prohibit the medical use of marijuana by anyone at the retail outlet at all times, including medical use by qualifying patients;

(d) Maintain at all times, a representative assortment of marijuana products necessary to meet the needs of qualified patients and designated providers;

(e) Not market marijuana concentrates, usable marijuana, or marijuana-infused products in a way that makes them especially attractive to minors;

(f) Demonstrate the ability to enter qualifying patients and designated providers in the medical marijuana authorization database established by the department of health;

(g) Issue recognition cards and agree to enter qualifying patients and designated providers into the database in compliance with the department of health standards;

(h) Keep copies of the qualifying patient's or designated provider's recognition card or equivalent records to document the validity of tax exempt sales for a minimum of three years;

(i) Train employees on the following:

(1) Procedures regarding the recognition of valid authorizations and the use of equipment to enter qualifying patients and designated providers into the medical marijuana authorization database;

(2) Recognition of valid recognition cards; and

(3) Recognition of strains, varieties, THC concentration, CBD concentration, and THC to CBD ratios of marijuana concentrates, usable marijuana, and marijuana-infused products available for sale when assisting qualifying patients and designated providers at the retail outlet.

(3) A marijuana retailer holding a medical marijuana endorsement may sell products with a THC concentration of 0.3 percent or less. The licensee may also provide these products at no charge to qualifying patients or designated providers.

(4) Unlicensed practice of medicine. No owner, employee, or volunteer of a retail outlet and holding a medical marijuana endorsement may:

(a) Offer or undertake to diagnose or cure any human or animal disease, ailment, injury, infirmity, deformity, pain, or other condition, physical or mental, real or imaginary, by use of marijuana products or any other means or instrumentality; or

(b) Recommend or suggest modification or elimination of any course of treatment that does not involve the medical use of marijuana products.

(5) Failure to comply with subsections (3) and (4) of this section may result in suspension or revocation of the medical marijuana endorsement.

WAC 314-55-081 Who can apply for a marijuana retailer license? (1) The WSLCB may accept applications for marijuana retail licenses at time frames published on its web site at lcb.wa.gov. Using estimated consumption data and population data obtained from the office of financial management (OFM) population data, the WSLCB will determine the maximum number of marijuana retail locations per county.

The number of retail locations will be determined using a method that distributes the number of locations proportion-
ate to the most populous cities within each county and to accommodate the medical needs of qualifying patients and designated providers. Locations not assigned to a specific city will be at large. At large locations can be used for unincorporated areas in the county or in cities within the county that have no retail licenses designated.

(2) The number of retail licenses determined by the board can be found on the WSLCB web site at lcb.wa.gov.

(3) Any entity and/or principals within any entity are limited to no more than three retail marijuana licenses.

WAC 314-55-082 Insurance requirements. Marijuana licensees shall provide insurance coverage as set out in this section. The intent of the required insurance is to protect the consumer should there be any claims, suits, actions, costs, damages or expenses arising from any negligent or intentional act or omission of the marijuana licensees. Marijuana licensees shall furnish evidence in the form of a certificate of insurance satisfactory to the WSLCB that insurance, in the following kinds and minimum amounts, has been secured. Failure to provide proof of insurance, as required, may result in license cancellation.

(1) Commercial general liability insurance: The licensee shall at all times carry and maintain commercial general liability insurance and if necessary, commercial umbrella insurance for bodily injury and property damage arising out of licensed activities. This insurance shall cover such claims as may be caused by any act, omission, or negligence of the licensee or its agents, officers, representatives, assigns, or servants. The insurance shall also cover bodily injury, including disease, illness and death, and property damage arising out of the licensee's premises/operations, products, and personal injury. The limits of liability insurance shall not be less than one million dollars.

(2) Insurance carrier rating: The insurance required in subsection (1) of this section shall be issued by an insurance company authorized to do business within the state of Washington. Insurance is to be placed with a carrier that has a rating of A - Class VII or better in the most recently published edition of Best's Reports. If an insurer is not admitted, all insurance policies and procedures for issuing the insurance policies must comply with chapters 48.15 RCW and 284-15 WAC.

(3) Additional insured. The state and its employees, agents, and volunteers shall be named as an additional insured on all general liability, umbrella, and excess insurance policies. All policies shall be primary over any other valid and collectable insurance.

WAC 314-55-083 What are the security requirements for a marijuana licensee? The security requirements for a marijuana licensee are as follows:

(1) Display of identification badge. All licensees and employees on the licensed premises shall be required to hold and properly display an identification badge issued by the licensed employer at all times while on the licensed premises and engaged in the transportation of marijuana. The identification badge must list the licensee's trade name and include the person's full and legal name and photograph. All licensees and employees must have their state issued identification available to verify the information on their badge is correct.

(a) All nonemployee visitors to the licensed premises, other than retail store customers, shall be required to hold and properly display an identification badge issued by the licensee at all times while on the licensed premises.

(b) A log must be kept and maintained showing the full name of each visitor entering the licensed premises, badge number issued, the time of arrival, time of departure, and the purpose of the visit.

(c) All log records must be maintained on the licensed premises for a period of three years and are subject to inspection by any WSLCB employee or law enforcement officer, and must be copied and provided to the WSLCB or law enforcement officer upon request.

(d) Employees, visitors, and other persons at a marijuana licensed premises, including persons engaged in the transportation of marijuana, must provide identification to a WSLCB enforcement officer upon request.

(2) Alarm systems. At a minimum, each licensed premises must have a security alarm system on all perimeter entry points and perimeter windows. Motion detectors, pressure switches, duress, panic, and hold-up alarms may also be utilized.

(3) Surveillance system. At a minimum, a licensed premises must have a complete video surveillance system with minimum camera resolution of 640 x 470 pixels or pixel equivalent for analog. The surveillance system storage device and/or the cameras must be IP compatible. All cameras must be fixed and placement shall allow for the clear and certain identification of any person and activities in controlled areas of the licensed premises. All entrances and exits to an indoor facility shall be recorded from both indoor and outdoor, or ingress and egress vantage points. All cameras must record continuously twenty-four hours per day and at a minimum of ten frames per second. The surveillance system storage device must be secured on the licensed premises in a lockbox, cabinet, closet, or secured in another manner to protect from employee tampering or criminal theft. All surveillance recordings must be kept for a minimum of forty-five days on the licensee's recording device. All videos are subject to inspection by any WSLCB employee or law enforcement officer, and must be copied and provided to the WSLCB or law enforcement officer upon request. All recorded images must clearly and accurately display the time and date. Time is to be measured in accordance with the U.S. National Institute Standards and Technology standards.

(a) Controlled areas include:

(i) Any area within an indoor, greenhouse or outdoor room or area where marijuana is grown, or marijuana or marijuana waste is being moved within, processed, stored, or destroyed. Rooms or areas where marijuana or marijuana waste is never present are not considered control areas and do not require camera coverage.

[Statutory Authority: RCW 69.50.342 and 69.50.345. WSR 13-21-104, § 314-55-082, filed 10/21/13, effective 11/21/13.]

[Ch. 314-55 WAC p. 12]
(ii) All point-of-sale (POS) areas.

(iii) Twenty feet of the exterior of the perimeter of all required fencing and gates enclosing an outdoor grow operation. Any gate or other entry point that is part of the required enclosure for an outdoor growing operation must be lighted in low-light conditions. A motion detection lighting system may be employed to light the gate area in low-light conditions.

(iv) Any room or area storing a surveillance system storage device.

(b) All marijuana, marijuana concentrates, or marijuana-infused products that are intended to be removed or transported between two licensed premises shall be staged in an area known as the "quarantine" location for a minimum of twenty-four hours. Transport manifest with product information and weights must be affixed to the product. At no time during the quarantine period can the product be handled or moved under any circumstances and is subject to auditing by the WSLCB or designees.

(4) Traceability: To prevent diversion and to promote public safety, marijuana licensees must track marijuana from seed to sale. Licensees must provide the required information on a system specified by the WSLCB. All costs related to the reporting requirements are borne by the licensee. Marijuana seedlings, clones, plants, lots of usable marijuana or trim, leaves, and other plant matter, batches of extracts, marijuana-infused products, samples, and marijuana waste must be traceable from production through processing, and finally into the retail environment including being able to identify which lot was used as base material to create each batch of extracts or infused products. The following information is required and must be kept completely up-to-date in a system specified by the WSLCB:

(a) Key notification of "events," such as when a plant enters the system (moved from the seedling or clone area to the vegetation production area at a young age);

(b) When plants are to be partially or fully harvested or destroyed;

(c) When a lot or batch of marijuana, marijuana extract, marijuana concentrates, marijuana-infused product, or marijuana waste is to be destroyed;

(d) When usable marijuana, marijuana concentrates, or marijuana-infused products are transported;

(e) Any theft of usable marijuana, marijuana seedlings, clones, plants, trim or other plant material, extract, infused product, seed, plant tissue or other item containing marijuana;

(f) There is a seventy-two hour mandatory waiting period after the notification described in this subsection is given before any plant may be destroyed, a lot or batch of marijuana, marijuana extract, marijuana-infused product, or marijuana waste may be destroyed;

(g) There is a twenty-four hour mandatory waiting period after the notification described in this subsection to allow for inspection before marijuana plants, seeds, plant tissue cultures, or lots of marijuana are transported from a producer to another producer or to a processor;

(h) There is a twenty-four hour mandatory waiting period after the notification described in this subsection to allow for inspection before usable marijuana, marijuana concentrates, or marijuana-infused products are transported from a processor to another processor or to a retailer;

(i) All marijuana plants eight or more inches in height or width must be physically tagged and tracked individually;

(j) A complete inventory of all marijuana, seeds, plant tissue, seedlings, clones, all plants, lots of usable marijuana or trim, leaves, and other plant matter, batches of extract, marijuana concentrates, marijuana-infused products, and marijuana waste;

(k) All marijuana, usable marijuana, marijuana-infused products, marijuana concentrates, seeds, plant tissue, clone lots, and marijuana waste must be physically tagged with the sixteen digit identification number generated by the traceability system and tracked;

(l) All point of sale records;

(m) Marijuana excise tax records;

(n) All samples sent to an independent testing lab, any sample of unused portion of a sample returned to a licensee, and the quality assurance test results;

(o) All free samples provided to another licensee for purposes of negotiating a sale;

(p) All samples used for testing for quality by the producer or processor;

(q) Samples containing usable marijuana provided to retailers;

(r) Samples provided to the WSLCB or their designee for quality assurance compliance checks; and

(s) Other information specified by the board.

(5) Start-up inventory for marijuana producers. Within fifteen days of starting production operations a producer must have all nonflowering marijuana plants, clones, seeds, and plant tissue cultures physically on the licensed premises. The producer must, within twenty-four hours, record each marijuana plant that enters the facility in the traceability system during this fifteen day time frame. Nonflowering marijuana plants may be brought into the facility during this fifteen day time frame. After this fifteen day time frame expires, a producer may only start plants from seed or create clones from a marijuana plant located physically on their licensed premises, or purchase marijuana seeds, clones, or plants from another licensed producer.

(11/16/16)
ers growing outdoors are not required to meet land eligibility requirements outlined in 7 C.F.R. Part 205.202.

(2) Examples of prohibited products:
(a) The use of products containing plant growth regulators not allowed for use on food crops including, but not limited to, any of the following ingredients, is prohibited:
- Ancymidol
- Chloromequat chloride
- Clofencet
- Colchicine
- Colloidal silver
- Daminozide
- Dikegulac-sodium
- Flumetrin
- Flurprimidol
- Paclobutrazol

(b) The use of vitamin-hormone products not intended for use on food crops is prohibited.
(c) The use of products containing the insecticide DDVP (Dichlorvos) is prohibited in all areas where marijuana is being grown or processed.

(3) Soil amendments, fertilizers, growing media, other crop production aids, and pesticides that do not conform to subsections (1) and (2) of this section cannot be used, kept, or stored on the licensed premises.

(4) The following marijuana and marijuana products are subject to seizure and destruction:
(a) Marijuana exposed to unauthorized soil amendments or fertilizers; and
(b) Marijuana with detectable levels of unauthorized pesticides or plant growth regulators.

[WAC 314-55-085 What are the transportation requirements for a marijuana licensee? (1) Notification of shipment. Upon transporting any marijuana or marijuana product, a producer, processor, retailer, or certified third-party testing lab shall notify the WSLCB of the type and amount and/or weight of marijuana and/or marijuana products being transported, the name of transporter, information about the transporting vehicle, times of departure and expected delivery. This information must be reported in the traceability system described in WAC 314-55-083(4).

(2) Receipt of shipment. Upon receiving the shipment, the licensee or certified third-party lab receiving the product shall report the amount and/or weight of marijuana and/or marijuana products received in the traceability system.

(3) Transportation manifest. A complete printed transport manifest on a form provided by the WSLCB containing all information required by the WSLCB must be kept with the product at all times.

(4) Records of transportation. Records of all transportation must be kept for a minimum of three years at the licensee's location and are subject to inspection.

(5) Transportation of product. Marijuana or marijuana products that are being transported must meet the following requirements:
(a) Only the marijuana licensee, an employee of the licensee, a transportation licensee, or a certified testing lab may transport product and/or occupy a transporting vehicle;
(b) Drivers and/or occupants of a transporting vehicle must be twenty-one years of age or older;
(c) Marijuana or marijuana products must be in a sealed package or container approved by the WSLCB pursuant to WAC 314-55-105;
(d) Sealed packages or containers cannot be opened during transport;
(e) Marijuana or marijuana products must be in a locked, safe and secure storage compartment that is secured to the inside body/compartment of the vehicle transporting the marijuana or marijuana products;
(f) Any vehicle transporting marijuana or marijuana products must travel directly from the shipping licensee to the receiving licensee and must not make any unnecessary stops in between except to other facilities receiving product;
(g) Live plants may be transported in a fully enclosed, windowless locked trailer, or in a secured area within the inside body/compartment of a van or box truck. A secured area is defined as an area where solid or locking metal petitions, cages, or high strength shatterproof acrylic can be used to create a secure compartment in the fully enclosed van or box truck. The secure compartment in the fully enclosed van or box truck must be free of windows. Live plants may not be transported in the bed of a pickup truck, a sports utility vehicle, or passenger car.

(6) For purposes of this chapter, any vehicle assigned for the purposes of transporting marijuana, usable marijuana, marijuana concentrates, or marijuana-infused products shall be considered an extension of the licensed premises. Transport vehicles are subject to inspection by enforcement officers of the WSLCB. Vehicles assigned for transportation may be stopped and inspected by a WSLCB enforcement officer at any licensed location, or while en route during transportation.

(7) All marijuana plants, clones, seeds, lots, batches, intermediate products, end products, vendor samples, and sample jars must remain physically tagged during transport.

[WAC 314-55-086 What are the mandatory signs a marijuana licensee must post on a licensed premises? (1) Notices regarding persons under twenty-one years of age must be conspicuously posted on the premises as follows:
The WSLCB will provide the required notices, or licensees may design their own notices as long as they are legible and contain the required language.

(2) Signs provided by the WSLCB prohibiting opening a package of marijuana or marijuana-infused product in public or consumption of marijuana or marijuana-infused products in public, must be posted as follows:

<table>
<thead>
<tr>
<th>Type of premises</th>
<th>Required location of sign</th>
</tr>
</thead>
<tbody>
<tr>
<td>Marijuana retailer</td>
<td>At each point of sale.</td>
</tr>
</tbody>
</table>

(3) The premises' current and valid master license with appropriate endorsements must be conspicuously posted on the premises and available for inspection by WSLCB enforcement officers.

(11/16/16)

the total weight of the end product produced, such as hash oil, shatter, tincture, infused dairy butter, etc.;

(j) Transportation records as described in WAC 314-55-085;

(k) Inventory records;

(l) All samples sent to an independent testing lab and the quality assurance test results;

(m) All free samples provided to another licensee for purposes of negotiating a sale;

(n) All samples used for testing for quality by the producer or processor;

(o) Sample jars containing usable marijuana provided to retailers; and

(p) Records of any theft of marijuana seedlings, clones, plants, trim or other plant material, extract, marijuana-infused product, or other item containing marijuana.

(q) Records of any marijuana product provided free of charge to qualifying patients or designated providers.

(2) If the marijuana licensee keeps records within an automated data processing (ADP) and/or point-of-sale (POS) system, the system must include a method for producing legible records that will provide the same information required of that type of record within this section. The ADP and/or POS system is acceptable if it complies with the following guidelines:

(a) Provides an audit trail so that details (invoices and vouchers) underlying the summary accounting data may be identified and made available upon request.

(b) Provides the opportunity to trace any transaction back to the original source or forward to a final total. If printouts of transactions are not made when they are processed, the system must have the ability to reconstruct these transactions.

(c) Has available a full description of the ADP and/or POS portion of the accounting system. This should show the applications being performed, the procedures employed in each application, and the controls used to ensure accurate and reliable processing.

(3) The provisions contained in subsections (1) and (2) of this section do not eliminate the requirement to maintain source documents, but they do allow the source documents to be maintained in some other location.

WAC 314-55-089 What are the tax and reporting requirements for marijuana licensees? (1) Marijuana producer and marijuana processor licensees must submit monthly report(s) to the WSLCB. Marijuana retailer licensees must submit monthly report(s) and payments to the WSLCB. The required monthly reports must be:

(a) On a form or electronic system designated by the WSLCB;

(b) Filed every month, including months with no activity or payment due;

(c) Submitted, with payment due, to the WSLCB on or before the twentieth day of each month, for the previous month. (For example, a report listing transactions for the month of January is due by February 20th.) When the twentieth day of the month falls on a Saturday, Sunday, or a legal holiday, the filing must be postmarked by the U.S. Postal Service no later than the next postal business day;

(d) Filed separately for each marijuana license held; and

(e) All records must be maintained and available for review for a three-year period on licensed premises (see WAC 314-55-087).

(2) Marijuana producer licensees: On a monthly basis, marijuana producers must maintain records and report purchases from other licensed marijuana producers, current production and inventory on hand, sales by product type, and lost and destroyed product in a manner prescribed by the WSLCB.

(3) Marijuana processor licensees: On a monthly basis, marijuana processors must maintain records and report purchases from licensed marijuana producers, other marijuana processors, production of marijuana-infused products, sales by product type to marijuana retailers, and lost and/or destroyed product in a manner prescribed by the WSLCB.

(4) Marijuana retailer's licensees:

(a) On a monthly basis, marijuana retailers must maintain records and report purchases from licensed marijuana processors, sales by product type to consumers, and lost and/or destroyed product in a manner prescribed by the WSLCB.

(b) A marijuana retailer licensee must collect from the buyer and remit to the WSLCB a marijuana excise tax of thirty-seven percent of the selling price on each retail sale of usable marijuana, marijuana concentrates, and marijuana-infused products.

(5) Payment methods: Marijuana excise tax payments are payable only by check, cashier's check, money order, or electronic payment or electronic funds transfer. Licensees must submit marijuana excise tax payments to the board by one of the following means:

(a) By mail to WSLCB, Attention: Accounts Receivable, P.O. Box 43085, Olympia, WA 98504;

(b) By paying through online access through the WSLCB traceability system; or

(c) By paying using a money transmitter licensed pursuant to chapter 19.230 RCW.

(6) Payments transmitted to the board electronically under this section will be deemed received when received by the WSLCB's receiving account. All other payments transmitted to the WSLCB under this section by United States mail will be deemed received on the date shown by the post office cancellation mark stamped on the envelope containing the payment.

(7) The WSLCB may waive the means of payment requirements as provided in subsection (5) of this section for any licensee for good cause shown. For the purposes of this section, "good cause" means the inability of a licensee to comply with the payment requirements of this section because:

(a) The licensee demonstrates it does not have and cannot obtain a bank or credit union account or another means by which to comply with the requirements of subsection (5) of this section and cannot obtain a cashier's check or money order; or
(b) Some other circumstance or condition exists that, in the WSLCB’s judgment, prevents the licensee from complying with the requirements of subsection (5) of this section.

(8) If a licensee tenders payment of the marijuana excise tax in cash without applying for and receiving a waiver or after denial of a waiver, the licensee may be assessed a ten percent penalty.

(9) If a licensee is denied a waiver and requests an adjudicative proceeding to contest the denial, a brief adjudicative proceeding will be conducted as provided under RCW 34.05.482 through 34.05.494.

(10) For the purposes of this section, "electronic payment" or "electronic funds transfer" means any transfer of funds, other than a transaction originated or accomplished by conventional check, drafts, or similar paper instrument, which is initiated through an electronic terminal, telephonic instrument, or computer or magnetic tape so as to order, instruct, or authorize a financial institution to debit or credit a checking or other deposit account. "Electronic funds transfer" includes payments made by electronic check (e-check).

WAC 314-55-092 What if a marijuana licensee fails to report or pay, or reports or pays late? (1) If a marijuana licensee does not submit its monthly reports and/or payment(s) to the WSLCB as required in WAC 314-55-089: The licensee is subject to penalties.

Penalties: A penalty of two percent per month will be assessed on any payments postmarked after the twentieth day of the month following the month of sale. When the twentieth day of the month falls on a Saturday, Sunday, or a legal holiday, the filing must be postmarked by the U.S. Postal Service no later than the next postal business day. Absent a postmark, the date received at the WSLCB or authorized designee, will be used to assess the penalty of two percent per month on payments received after the twentieth day of the month following the month of sale.

(2) Failure to make a report and/or pay the license taxes and/or penalties in the manner and dates outlined in WAC 314-55-089 will be sufficient grounds for the WSLCB to suspend or revoke a marijuana license.

WAC 314-55-095 Marijuana servings and transaction limitations. (1) For persons age twenty-one and older and qualifying patients or designated providers who are not entered into the medical marijuana authorization database, marijuana serving and transaction limitations are as follows:

(a) Single serving. A single serving of a marijuana-infused product must not exceed ten milligrams active tetrahydrocannabinol (THC), or Delta 9.

(b) Maximum number of servings. The maximum number of servings in any one single unit of marijuana-infused product meant to be eaten or swallowed is ten servings or one hundred milligrams of active THC, or Delta 9. A single unit of marijuana concentrate cannot exceed one gram.

(c) Transaction limitation. A single transaction is limited to one ounce of usable marijuana, sixteen ounces of marijuana-infused product meant to be eaten or swallowed in solid form, seven grams of marijuana-infused extract or marijuana concentrate for inhalation, and seventy-two ounces of marijuana-infused product in liquid form meant to be eaten or swallowed.

(2) For qualifying patients and designated providers who are entered into the medical marijuana authorization database, serving and transaction limits are as follows:

(a) Single serving. Except as provided in chapter 246-70 WAC, a single serving of a marijuana-infused product must not exceed ten milligrams active tetrahydrocannabinol (THC), or Delta 9.

(b) Maximum number of servings. Except as provided in chapter 246-70 WAC, the maximum number of servings in any one single unit of marijuana-infused product meant to be eaten, swallowed or applied is ten servings or one hundred milligrams of active THC, or Delta 9. A single unit of marijuana concentrate cannot exceed one gram.

(c) Transaction limitation. A single transaction by a retail store with a medical marijuana endorsement to a qualifying patient or designated provider who is entered into the medical marijuana database is limited to three ounces of usable marijuana, forty-eight ounces of marijuana-infused product meant to be eaten or swallowed in solid form, twenty-one grams of marijuana-infused extract or marijuana concentrate for inhalation, and two hundred sixteen ounces of marijuana-infused product in liquid form meant to be eaten or swallowed.

WAC 314-55-096 Samples. (1) Vendor samples: Producers or processors may provide free samples of usable marijuana, marijuana-infused products, and marijuana concentrates in order to negotiate a sale. All sample limits are based on calendar months. The producer or processor must record the amount of each sample and the processor or retailer receiving the sample in the traceability system. The outgoing sample must be clearly labeled as a sample to negotiate a sale and recorded on a transport manifest. The receiving licensee must receive the sample in the traceability system prior to sampling.

(a) Producers may not provide any one licensed processor more than eight grams of marijuana flower per month free of charge for the purpose of negotiating a sale.

(b) Processors may not provide any one licensed retailer more than eight grams of usable marijuana per month free of charge for the purpose of negotiating a sale.

(c) Processors may not provide any one licensed retailer more than eight units of marijuana-infused products in solid

(11/16/16)
form per month free of charge for the purpose of negotiating a sale. No single sample may exceed 10 mg of THC.

(d) Processors may not provide any one licensed retailer more than eight units of marijuana-infused product in liquid form per month free of charge for the purpose of negotiating a sale. No single sample may exceed 10 mg of THC.

(e) Processors may not provide any one licensed retailer more than two units of marijuana-infused extract meant for inhalation or infused marijuana mix per month free of charge for the purpose of negotiating a sale. No single sample may exceed 0.5 g.

(f) A marijuana producer must make quality assurance test results available to any processor receiving samples to negotiate a sale. The producer must also provide a statement that discloses all pesticides applied to the marijuana plants and growing medium during production.

(g) A marijuana processor must make quality assurance test results available to any retailer receiving samples to negotiate a sale. If a marijuana extract was added to the product, the processors must disclose the type of extraction process and any solvent, gas, or other chemical used in the extraction process, or any other compound added to the extract.

(2) Vendor sample labeling: All vendor samples must be clearly labeled as a vendor sample and meet all labeling requirements of the product to be sampled.

(a) Sixteen digit identification number generated by the traceability system;
(b) The UBI number of the licensed entity providing the sample; and
(c) Weight of the product.

(3) Education sampling. Processors may provide free samples of usable marijuana, marijuana-infused products, and marijuana concentrates to retail licensees to give to their budtender employees for educational purposes. The processor must record the amount of each sample and the retailer receiving the sample in the traceability system. The outgoing sample must be clearly labeled as “budtender sample” and recorded on a transport manifest. All budtender employees at a licensed retail location must be entered into the traceability system for the purpose of distributing education samples. Prior to sampling the receiving retailer must accept the sample in the traceability system, and distribute the education sample to the retail employee.

(a) All education samples are limited to a total of ten units per budtender employee per month, with a maximum of one hundred units per retail location per calendar month.
(b) The maximum size of samples for education are:
(i) Usable marijuana, marijuana mix, and infused marijuana mix - One unit not to exceed .5 g
(ii) Marijuana infused solid or liquid product meant to be eaten or swallowed - One unit not to exceed 10 mg THC
(iii) Marijuana-infused extract for inhalation - One unit not to exceed 0.25 g
(c) Products being sampled must be carried by the licensed retail premises.

(d) Distribution and consumption of all educational samples is limited to retail employees who directly sell product to retail customers. Retail employees who are not involved in direct sales to customers are not eligible for education samples.

(e) A marijuana processor must make quality assurance test results available to any retailer receiving education samples. If a marijuana extract was added to the product, the processors must disclose the type of extraction process and any solvent, gas, or other chemical used in the extraction process, or any other compound added to the extract.

(f) Education sample labeling: All education samples must be clearly labeled as “budtender” samples and include the following information on the label:
(i) Sixteen digit identification number generated by the traceability system;
(ii) The UBI number and trade name of the licensed entity providing the sample;
(iii) Product name or strain name for usable marijuana;
(iv) Weight of the product; and
(v) Potency.

(4) A marijuana processor is not required to provide free samples to negotiate a sale or educational samples to a marijuana retail licensee, and a marijuana retail licensee may not require a marijuana processor to provide free sample to negotiate a sale or educational samples as a condition for purchasing the marijuana processor’s products.

(5) Marijuana retail licensees may not provide educational samples to their budtender employees as a form of compensation.

(6) Internal quality control sampling: Producers and processors may conduct limited self-sampling for quality control. All sample limits are based on calendar months. Sampling for quality control may not take place at a licensed premises. Only the producer, processor, or employees of the licensee may sample the marijuana flower, usable marijuana, marijuana-infused products, marijuana concentrates, and edible marijuana-infused product. The producer or processor must record the amount of each sample and the employee(s) conducting the sampling in the traceability system.

(a) Producers may sample two grams of marijuana flower per strain, per month for quality sampling.

(b) Processors may sample one unit per batch of a new edible marijuana-infused product meant to be eaten or swallowed to be offered for sale on the market.

(c) Processors may sample up to one unit per batch of a new marijuana-infused extract for inhalation to be offered for sale on the market. No single sample may exceed 0.5 g.

(d) Processors may sample one unit per batch of a new marijuana mix packaged to be offered for sale on the market. No single sample may exceed 1 g.

(e) Processors may sample one unit per batch of a new infused marijuana mix to be offered for sale on the market. No sample may exceed 0.5 g.

(7) Retailers may not provide free samples to customers.

(8) Sample jars: A processor may provide a retailer free samples of usable marijuana packaged in a sample jar protected by a plastic or metal mesh screen to allow customers to smell the product before purchase. The sample jar may not contain more than three and one-half grams of usable marijuana. The plastic or metal mesh screen must be sealed onto the container, and must be free of rips, tears, or holes greater than 2 mm in diameter. The sample jar and the usable marijuana within may not be sold to a customer and must be
returned to the licensed processor who provided the usable marijuana and sample jar.

(9) Sample labeling: All vendor samples and sample jars must be labeled with the following:
   (a) Sixteen digit identification number given by the traceability system;
   (b) Information identifying whether it is a vendor sample or sample jar;
   (c) The UBI number of the licensed entity providing the sample; and
   (d) Weight of the product.

(10) A marijuana processor must make quality assurance test results available to any retailer receiving sample jars. The processor must also provide a statement that discloses all pesticides applied to the marijuana plants and growing medium during production.

If a marijuana extract was added to the product, the processor must disclose to the retailer the type of extraction process and any solvent, gas, or other chemical used in the extraction process, or any other compound added to the extract.

(11) Transportation. Outgoing and return vendor samples and sample jars must adhere to the transportation requirements in WAC 314-55-085.

[Statutory Authority: RCW 69.50.342 and 69.50.345. WSR 16-11-11 0, § 314-55-096, filed 5/18/16, effective 6/18/16.]

WAC 314-55-097 Marijuana waste disposal—Liquids and solids. (1) Solid and liquid wastes generated during marijuana production and processing must be stored, managed, and disposed of in accordance with applicable state and local laws and regulations.

(2) Wastewater generated during marijuana production and processing must be disposed of in compliance with applicable state and local laws and regulations.

(3) Wastes from the production and processing of marijuana plants must be evaluated against the state's dangerous waste regulations (chapter 173-303 WAC) to determine if those wastes designate as dangerous waste. It is the responsibility of each waste generator to properly evaluate their waste to determine if it is designated as a dangerous waste. If a generator's waste does designate as a dangerous waste, then that waste(s) is subject to the applicable management standards found in chapter 173-303 WAC.

(a) Wastes that must be evaluated against the dangerous waste regulations include, but are not limited to, the following:
   (i) Waste from marijuana flowers, trim and solid plant material used to create an extract (per WAC 314-55-104).
   (ii) Waste solvents used in the marijuana process (per WAC 314-55-104).
   (iii) Discarded plant waste, spent solvents and laboratory wastes from any marijuana processing or quality assurance testing.
   (iv) Marijuana extract that fails to meet quality testing.
   (b) Marijuana wastes that do not designate as dangerous shall be managed in accordance with subsection (4) of this section.
   (c) A marijuana plant, usable marijuana, trim and other plant material in itself is not considered dangerous waste as defined under chapter 173-303 WAC unless it has been treated or contaminated with a solvent.

(4) Marijuana waste that does not designate as dangerous waste (per subsection (3) of this section) must be rendered unusable following the methods in subsection (5) of this section prior to leaving a licensed producer, processor, or laboratory. Disposal of the marijuana waste rendered unusable must follow the methods under subsection (6) of this section.

(a) Wastes that must be rendered unusable prior to disposal include, but are not limited to, the following:
   (i) Waste evaluated per subsection (3) of this section and determined not to designate as "Dangerous Waste."
   (ii) Marijuana plant waste, including roots, stalks, leaves, and stems that have not been processed with solvent.
   (iii) Solid marijuana sample plant waste possessed by third-party laboratories accredited by the WSLCB to test for quality assurance that must be disposed of.
   (iv) Other wastes as determined by the WSLCB.

(b) A producer or processor must provide the WSLCB a minimum of seventy-two hours notice in the traceability system described in WAC 314-55-083(4) prior to rendering the product unusable and disposing of it.

(5) The allowable method to render marijuana plant waste unusable is by grinding and incorporating the marijuana plant waste with other ground materials so the resulting mixture is at least fifty percent nonmarijuana waste by volume. Other methods to render marijuana waste unusable must be approved by the WSLCB before implementation.

Material used to grind with the marijuana falls into two categories: Compostable waste and noncompostable waste.

(a) Compostable mixed waste: Marijuana waste to be disposed as compost feedstock or in another organic waste method (for example, anaerobic digester) may be mixed with the following types of waste materials:
   (i) Food waste;
   (ii) Yard waste;
   (iii) Vegetable based grease or oils; or
   (iv) Other wastes as approved by the WSLCB.

(b) Noncompostable mixed waste: Marijuana waste to be disposed in a landfill or another disposal method (for example, incinerator) may be mixed with the following types of waste materials:
   (i) Paper waste;
   (ii) Cardboard waste;
   (iii) Plastic waste;
   (iv) Soil; or
   (v) Other wastes as approved by the WSLCB.

(6) Marijuana wastes rendered unusable following the method described in subsection (4) of this section can be disposed.

(a) Disposal of the marijuana waste rendered unusable may be delivered to a permitted solid waste facility for final disposition. Examples of acceptable permitted solid waste facilities include:
   (i) Compostable mixed waste: Compost, anaerobic digester, or other facility with approval of the jurisdictional health department.
   (ii) Noncompostable mixed waste: Landfill, incinerator, or other facility with approval of the jurisdictional health department.
(b) Disposal of the marijuana waste rendered unusable may be managed on-site by the generator in accordance with the standards of chapter 173-350 WAC.

(c) A record of the final destination of marijuana waste rendered unusable.

WAC 314-55-099 Standardized scales. (1) Marijuana producer and processor licensees must have at least one scale on the licensed premises for the traceability and inventory of products.

(2) The scales and other measuring devices are subject to chapter 19.94 RCW, and must meet the requirements of the most current version of chapter 16-662 WAC.

(3) Licensees must register scales on a business license application with business license services through the department of revenue as required under chapter 19.94 RCW.

WAC 314-55-101 Sampling protocols. (1)(a) To ensure that quality assurance samples submitted to certified third-party labs are representative of the lot or batch from which they were sampled as required in RCW 69.50.348, licensed producers, licensed processors, certified third-party laboratories, and their employees must adhere to the following minimum sampling protocols.

(b) Samples must be deducted in a way that is most representative of the lot or batch and maintains the structure of the marijuana sample. Licensees, certified third-party laboratories, and their employees may not adulterate or change in any way the representative sample from a lot or batch before submitting the sample to certified third-party laboratories. This includes adulterating or changing the sample in any way as to inflate the level of potency, or to hide any microbiological contaminants from the required microbiological screening such as, but not limited to:

(i) Adulterating the sample with kief, concentrates, or other extracts;
(ii) Treating a sample with solvents to hide the microbial count of the lot or batch from which it was deducted. This is not meant to be construed as prohibiting the treatment of failed lots or batches with methods approved by the WSLCB; and
(iii) Pregrinding a flower lot sample.

(2) Sampling protocols for all marijuana product lots and batches: The deduction of all quality assurance samples must adhere to the following sampling protocols:

(a) All samples must be taken in a sanitary environment using sanitary practices and ensure facilities are constructed, kept, and maintained in a clean and sanitary condition in accordance with rules and as prescribed by the Washington state department of agriculture under chapters 16-165 and 16-167 WAC.

(b) Persons taking samples must wash their hands prior to deducting samples from a lot or batch, wear gloves while preparing or deducting the lot or batch for sampling, and must use sanitary utensils and storage devices.

(c) Samples must be placed in a sterile plastic or glass container, and stored in a location that prevents the propagation of pathogens and other contaminants. This includes low light levels, mild temperatures, and low humidity environments.

(d) The licensee shall maintain the lot or batch from which the sample was deducted in a secure, cool, and dry location to prevent the marijuana from becoming contaminated or losing its efficacy.

(3) Additional sampling protocols for flower lots:

(a) Licensees or certified third-party labs are required to deduct four separate samples from each marijuana flower lot in order to ensure representativeness of the lot. The four samples must be of equal weight, not less than one gram each, and the cumulative weight of the four samples may not be more than the maximum allowed in WAC 314-55-102.

(b) The four separate samples must be taken from different quadrants of the flower lot. A quadrant is the division of a lot into four equal parts. This may be done visually or physically, but must be done in a manner that ensures the samples were deducted from four evenly distributed areas of the flower lot.

(c) The four separate samples may be placed together in a container that conforms to subsection (2) of this section for storage and transfer to a certified third-party lab.

(4) Certified third-party laboratories may reject a sample if they believe the sample was not collected in the manner required by this section, has been adulterated in any way, contaminated with known or unknown solvents, or was manipulated in a way that violates the sampling protocols.

(5) The WSLCB or its designee will take immediate disciplinary action against any licensee or certified third-party lab which fails to comply with the provisions of this section or falsifies records related to this section including, without limitation, revoking the license or certificate of the licensed producer or processor, or certified third-party lab.

[Statutory Authority: RCW 69.50.342 and 69.50.345. WSR 16-11-110, § 314-55-101, filed 5/18/16, effective 6/18/16.]

WAC 314-55-102 Quality assurance testing. (1) A third-party testing lab must be certified by the WSLCB or their vendor as meeting the WSLCB's accreditation and other requirements prior to conducting required quality assurance tests. Certified labs will receive a certification letter from the WSLCB and must conspicuously display this letter in the lab in plain sight of the customers. The WSLCB can summarily suspend a lab's certification if a lab is found out of compliance with the requirements of this chapter.

(2) A person with financial interest in a certified third-party testing lab may not have direct or indirect financial interest in a licensed marijuana producer or processor for whom they are conducting required quality assurance tests. A person with direct or indirect financial interest in a certified third-party testing lab must disclose to the WSLCB by affidavit any direct or indirect financial interest in a licensed marijuana producer or processor.

(3) As a condition of certification, each lab must employ a scientific director responsible to ensure the achievement and maintenance of quality standards of practice. The scien-
The scientific director shall meet the following minimum qualifications:

(a) Has earned, from a college or university accredited by a national or regional certifying authority a doctorate in the chemical or biological sciences and a minimum of two years' post-degree laboratory experience; or

(b) Has earned a master's degree in the chemical or biological sciences and has a minimum of four years' of post-degree laboratory experience; or

(c) Has earned a bachelor's degree in the chemical or biological sciences and has a minimum of six years of post-education laboratory experience.

(4) As a condition of certification, labs must follow the most current version of the Cannabis Inflorescence and Leaf monograph published by the American Herbal Pharmacopoeia or notify the WSLCB what alternative scientifically valid testing methodology the lab is following for each quality assurance test. The WSLCB may require third-party validation of any monograph or analytical method followed by the lab to ensure the methodology produces scientifically accurate results prior to them using those standards when conducting required quality assurance tests.

(5) As a condition of certification, the WSLCB may require third-party validation and ongoing monitoring of a lab's basic proficiency to correctly execute the analytical methodologies employed by the lab. The WSLCB may contract with a vendor to conduct the validation and ongoing monitoring described in this subsection. The lab shall pay all vendor fees for validation and ongoing monitoring directly to the vendor.

(6) The lab must allow the WSLCB or their vendor to conduct physical visits and inspect related laboratory equipment, testing and other related records during normal business hours without advance notice.

(7) Labs must adopt and follow minimum good lab practices (GLPs), and maintain internal standard operating procedures (SOPs), and a quality control/quality assurance (QC/QA) program as specified by the WSLCB. The WSLCB or authorized third-party organization can conduct audits of a lab's GLPs, SOPs, QC/QA, and inspect all other related records.

(8) The WSLCB or its designee will take immediate disciplinary action against any certified third-party lab which fails to comply with the provisions of this chapter or falsifies records related to this section including, without limitation, revoking the certificate of the certified third-party lab.

(9) The general body of required quality assurance tests for marijuana flowers and infused products may include moisture content, potency analysis, foreign matter inspection, microbiological screening, pesticide and other chemical residue and metals screening, and residual solvents levels.

(10) Table of required quality assurance tests defined in the most current version of the Cannabis Inflorescence and Leaf monograph published by the American Herbal Pharmacopoeia.

(a) Marijuana flower lots require the following quality assurance tests:

(b) Intermediate products must meet the following requirements:

(i) All intermediate products must be homogenized prior to quality assurance testing;

(ii) A batch for the purposes of this section is defined as a single run through the extraction or infusion process;

(iii) A batch of marijuana mix may not exceed five pounds and must be chopped or ground so no particles are greater than 3 mm; and

(iv) All batches of intermediate products require the following quality assurance tests:

(d) End products consisting of only one intermediate product that has not been changed in any way is not subject to potency analysis.

(11) Certified third-party labs may request additional sample material in excess of amounts listed in the table in subsection (10) of this section for the purposes of completing required quality assurance tests. Labs certified as meeting the WSLCB's accreditation requirements may retrieve samples from a marijuana licensee's licensed premises and transport the samples directly to the lab and return any unused portion of the samples.

(12) Labs certified as meeting the WSLCB's accreditation requirements are not limited in the amount of usable marijuana and marijuana products they may have on their premises at any given time, but they must have records to prove all marijuana and marijuana-infused products only for the testing purposes described in WAC 314-55-102.

(13) At the discretion of the WSLCB, a producer or processor must provide an employee of the WSLCB or their designee samples in the amount listed in subsection (10) of this section or samples of the growing medium, soil amendments, fertilizers, crop production aids, pesticides, or water for random compliance checks. Samples may be screened for pesticides and chemical residues, unsafe levels of metals, and used for other quality assurance tests deemed necessary by the WSLCB. All costs of this testing will be borne by the producer or processor.

(14) No lot of usable flower, batch of marijuana concentrate, or batch of marijuana-infused product may be sold or transported until the completion of all required quality assurance testing. Business entities with multiple locations licensed under the same UBI number may transfer marijuana products between the licensed locations under their UBI number prior to quality assurance testing.

(15) Any usable marijuana or marijuana-infused product that passed the required quality assurance tests may be labeled as "Class A." Only "Class A" usable marijuana or marijuana-infused product will be allowed to be sold.

(16) Upon approval of the WSLCB, a lot that fails a quality assurance test and the associated trim, leaf and other usable material may be used to create extracts using hydrocarbon or CO2 closed loop system. After processing, the CO2 or hydrocarbon based extract must still pass all required quality assurance tests in WAC 314-55-102.

(17) At the request of the producer or processor, the WSLCB may authorize a retest to validate a failed test result on a case-by-case basis. All costs of the retest will be borne by the producer or the processor.

(18) Labs must report all required quality assurance test results directly into the WSLCB's seed to sale traceability system within twenty-four hours of completion. Labs must also record in the seed to sale traceability system an acknowledgment of the receipt of samples from producers or processors and verify if any unused portion of the sample was destroyed or returned to the licensee.

   ii. All changes shall include a description of the change, authorization for the change;  
       - - - - -
   iii. Test data that validates the change.  
       - - - - -

f. Software shall be acceptance tested when installed, after changes, and periodically during use, as appropriate.  
   - - - - -

g. Testing may consist of performing manual calculations or checking against another software product that has been previously tested, or by analysis of standards.  
   - - - - -

h. The version and manufacturer of the software shall be documented.  
   - - - - -

i. Commercially available software may be accepted as supplied by the vendor. For vendor supplied instrument control/data analysis software, acceptance testing may be performed by the laboratory.

### WAC 314-55-104 Marijuana processor license extraction requirements

(1) Processors are limited to certain methods, equipment, solvents, gases and mediums when creating marijuana extracts.

(2) Processors may use the hydrocarbons N-butane, isobutane, propane, or heptane or other solvents or gases exhibiting low to minimal potential human health-related toxicity approved by the WSLCB. These solvents must be of at least ninety-nine percent purity and a processor must use them in a professional grade closed loop extraction system designed to recover the solvents, work in an environment with proper ventilation, controlling all sources of ignition where a flammable atmosphere is or may be present.

(3) Processors may use a professional grade closed loop CO₂ gas extraction system where every vessel is rated to a minimum of six hundred pounds per square inch. The CO₂ must be of at least ninety-nine percent purity.

(4) Closed loop systems for hydrocarbon or CO₂ extraction systems must be commercially manufactured and bear a permanently affixed and visible serial number.

(5) Certification from a licensed engineer must be provided to the WSLCB for professional grade closed loop systems used by processors to certify that the system was commercially manufactured, safe for its intended use, and built to codes of recognized and generally accepted good engineering practices, such as:

- The American Society of Mechanical Engineers (ASME);
- American National Standards Institute (ANSI);
- Underwriters Laboratories (UL); or

[Statutory Authority: RCW 69.50.342 and 69.50.345. WSR 16-11-10, § 314-55-103, filed 5/18/16, effective 6/18/16; WSR 15-11-10, § 314-55-103, filed 5/20/15, effective 6/20/15.]

[Ch. 314-55 WAC p. 30]
(6) The certification document must contain the signature and stamp of a professional engineer and the serial number of the extraction unit being certified.

(7) Professional closed loop systems, other equipment used, the extraction operation, and facilities must be approved for their use by the local fire code official and meet any required fire, safety, and building code requirements specified in:

(a) Title 296 WAC;
(b) Chapters 51-51 and 51-54A WAC;
(c) National Fire Protection Association (NFPA) standards;
(d) International Building Code (IBC);
(e) International Fire Code (IFC); and
(f) Other applicable standards including following all applicable fire, safety, and building codes in processing and the handling and storage of the solvent or gas.

(8) Processors may use heat, screens, presses, steam distillation, ice water, and other methods without employing solvents or gases to create kief, hashish, bubble hash, or infused dairy butter, or oils or fats derived from natural sources, and other extracts.

(9) Under WAC 314-55-077, infused dairy butter and oils or fats derived from natural sources may be used to prepare infused edible products, but they may not be prepared as stand-alone edible products for sale.

(10) Processors may use food grade glycerin, ethanol, and propylene glycol solvents to create extracts. All ethanol must be removed from the extract in a manner to recapture the solvent and ensure that it is not vented into the atmosphere.

(11) Processors creating marijuana extracts must develop standard operating procedures, good manufacturing practices, and a training plan prior to producing extracts for the marketplace. Any person using solvents or gases in a closed looped system to create marijuana extracts must be fully trained on how to use the system, have direct access to applicable material safety data sheets and handle and store the solvents and gases safely.

(12) Parts per million for one gram of finished extract cannot exceed 500 parts per million or residual solvent or gas when quality assurance tested per RCW 69.50.348.

WAC 314-55-105 Packaging and labeling requirements. (1) All usable marijuana and marijuana-infused products must be stored behind a counter or other barrier to ensure a customer does not have direct access to the product.

(2) Any container or packaging containing usable marijuana, marijuana concentrates, or marijuana-infused products must protect the product from contamination and must not impart any toxic or deleterious substance to the usable marijuana, marijuana concentrates, or marijuana-infused product.

(3) Upon the request of a retail customer, a retailer must disclose the name of the certified third-party testing lab and results of the required quality assurance test for any usable marijuana, marijuana concentrate, or marijuana-infused product the customer is considering purchasing.

(4) Usable marijuana, marijuana concentrates, and marijuana-infused products must not be labeled as organic unless permitted by the United States Department of Agriculture in accordance with the Organic Foods Production Act.

(5) The certified third-party testing lab and required results of the quality assurance test must be included with each lot and disclosed to the customer buying the lot.

(6) A marijuana producer must make quality assurance test results available to any processor purchasing product. A marijuana producer must label each lot of marijuana with the following information:

(a) Lot number;
(b) UBI number of the producer; and
(c) Weight of the product.

(7) Marijuana-infused products and marijuana concentrates meant to be eaten, swallowed, or inhaled, must be packaged in child resistant packaging in accordance with Title 16 C.F.R. 1700 of the Poison Prevention Packaging Act or use standards specified in this subsection. Marijuana-infused product in solid or liquid form may be packaged in plastic four mil or greater in thickness and be heat sealed with no easy-open tab, dimple, corner, or flap as to make it difficult for a child to open and as a tamperproof measure. Marijuana-infused product in liquid form may also be sealed using a metal crown cork style bottle cap.

Marijuana-infused solid edible products. If there is more than one serving in the package, each serving must be packaged individually in childproof packaging (see WAC 314-55-105(7)) and placed in the outer package.

Marijuana-infused liquid edible products. If there is more than one serving in the package, a measuring device must be included in the package with the product. Hash marks on the bottle do not qualify as a measuring device. A measuring cap or dropper must be included in the package with the marijuana-infused liquid edible product.

(8) A producer or processor may not treat or otherwise adulterate usable marijuana with any organic or nonorganic chemical or other compound whatsoever to alter the color, appearance, weight, or smell of the usable marijuana.

(10) Labels must comply with the version of NIST Handbook 130, Uniform Packaging and Labeling Regulation adopted in chapter 16-662 WAC.

(11) All marijuana and marijuana products when sold at retail must include accompanying material that is attached to the package or is given separately to the consumer containing the following warnings:

(a) "Warning: This product has intoxicating effects and may be habit forming. Smoking is hazardous to your health";
(b) "There may be health risks associated with consumption of this product";
(c) "Should not be used by women that are pregnant or breast feeding";
(d) "For use only by adults twenty-one and older. Keep out of reach of children";
(e) "Marijuana can impair concentration, coordination, and judgment. Do not operate a vehicle or machinery under the influence of this drug";
(f) Statement that discloses all pesticides applied to the marijuana plants and growing medium during production and processing.

(12) Labels affixed to the container or package containing marijuana or marijuana products sold at retail must include:
   (a) The business or trade name and the sixteen digit Washington state unified business identifier number of the licensees that produced, processed, and sold the marijuana or marijuana products. The marijuana retail licensee trade name and Washington state unified business identifier number may be in the form of a sticker placed on the label;
   (b) Sixteen digit inventory ID number assigned by the WSLCB's traceability system. This must be the same number that appears on the transport manifest;
   (c) Net weight in ounces and grams or volume as appropriate;
   (d) Statement that discloses all pesticides applied to the marijuana plants and growing medium during production of the base marijuana used to create the extract added to infused products; and
   (e) If solvents were used, statement that discloses the type of extraction method, including any solvents, gases, or other chemicals or compounds used to produce or that are added to the extract.
   (f) Warnings that state: "This product has intoxicating effects and may be habit forming";
   (g) Statement that "This product may be unlawful outside of Washington state";
   (h) The WSLCB may create a logo that must be placed on all usable marijuana and marijuana-infused products.

(13) In addition to requirements in subsection (10) of this section, labels affixed to the container or package containing usable marijuana, or packaged marijuana mix sold at retail must include:
   (a) Concentration of THC (total THC and activated THC-A) and CBD (total CBD and activated CBD-A);
   (b) Date of harvest.

(14) In addition to requirements in subsection (10) of this section, labels affixed to the container or package containing marijuana-infused products meant to be eaten or swallowed sold at retail must include:
   (a) Date manufactured;
   (b) Best by date;
   (c) Serving size and the number of servings contained within the unit;
   (d) Total milligrams of active THC, or Delta 9 and total milligrams of active CBD;
   (e) List of all ingredients and major food allergens as defined in the Food Allergen Labeling and Consumer Protection Act of 2004;
   (f) "Caution: When eaten or swallowed, the intoxicating effects of this drug may be delayed by two or more hours."

(15) In addition to requirements in subsection (10) of this section, labels affixed to the container or package containing marijuana-infused extract for inhalation, or infused marijuana mix sold at retail must include:
   (a) Date manufactured;
   (b) Best by date;
   (c) Concentration of THC (total Delta 9 and Delta 9 THC-A) and CBD (total CBD and activated CBD-A).

(16) In addition to requirements in subsection (10) of this section, labels affixed to the container or package containing marijuana topicals sold at retail must include:
   (a) Date manufactured;
   (b) Best by date;
   (c) Total milligrams of active tetrahydrocannabinol (THC), or Delta 9 and total milligrams of active CBD.

(17) Other cannabinoids and terpenes may be included on the label if:
   (a) The producer or processor has test results from a certified third-party lab to support the claim; and
   (b) The lab results are made available to the consumer upon request.

WAC 314-55-107 Marijuana product compliance. A marijuana compliant product must meet all requirements in the department of health rules found in chapter 246-70 WAC in addition to all WSLCB requirements found in chapter 314-55 WAC.

WAC 314-55-110 What are my responsibilities as a marijuana licensee? (1) Marijuana licensees are responsible for the operation of their licensed business in compliance with the marijuana laws and rules of the WSLCB, chapters 69.50 and 69.51A RCW, 314-55 WAC, and any other applicable state laws and rules.

(2) The penalties for violations of marijuana laws or rules are in WAC 314-55-515 through 314-55-535, as now or hereafter amended. The rules also outline aggravating and mitigating circumstances that may affect what penalty is applied if a licensee or employee violates a marijuana law or rule.

(3) Licensees and their employees must conduct the business and maintain the licensed premises, surrounding area, and vehicles transporting product, in compliance with the following laws, as they now exist or may later be amended:
   (a) Titles 9 and 9A RCW, the criminal code;
   (b) Title 66 RCW, the liquor laws;
   (c) Chapters 70.155, 82.24, and 82.26 RCW and RCW 26.28.080, the tobacco laws;
   (d) Chapter 69.50 RCW, the uniform controlled substances laws; and
   (e) Chapter 69.51A RCW, the medical marijuana laws.

(4) Licensees have the responsibility to control their conduct and the conduct of employees, customers, and visitors on the licensed premises at all times. Except as otherwise provided by law, licensees or employees may not:
   (a) Be disorderly or apparently intoxicated by liquor, marijuana, or controlled substances on the licensed premises;
   (b) Permit any disorderly person to remain on the licensed premises;
   (c) Engage in or allow behavior on the licensed premises that provokes conduct which presents a threat to public safety;
   (d) Engage, or permit any employee or other person to engage in, conduct on the licensed premises which is prohibited by any portion of Title 9, 9A, or 66 RCW, or chapters 69.50 and 69.51A RCW;
   (e) Engage in or permit any employee or other person to engage in the consumption of any type of marijuana, usable marijuana, marijuana concentrate, or marijuana-infused product on the licensed premises.

WAC 314-55-115 What method of payment can a marijuana licensee use to purchase marijuana? A marijuana licensee must pay cash for marijuana prior to or at the time of delivery. The WSLCB will recognize the following forms of payment as cash payment for the purpose of this section.

1. Checks.
2. Credit/debit cards, under the following provisions:
   (a) The credit or debit card transaction agreement must be voluntary on the part of both licensees, and there must be no discrimination for nonparticipation in credit or debit card transactions.
   (b) A sale must be initiated by an irrevocable invoice or sale order before or at the time of delivery.
   (c) Both parties must bear their respective banking costs or other costs associated with the credit or debit card service.
   (d) Both parties must maintain records of transactions and have the records readily available for the WSLCB review.
   (e) The credit or debit card charge must be initiated by the marijuana licensee no later than the first business day following delivery.
3. Electronic funds transfer (EFT), under the following provisions:
   (a) The EFT agreement must be voluntary on the part of both the licensees, and there must be no discrimination for nonparticipation in EFT.
   (b) Prior to any EFT transaction, the marijuana licensee must enter into a written agreement specifying the terms and conditions for EFT as payment for marijuana.
   (c) A sale must be initiated by an irrevocable invoice or sale order before or at the time of delivery.
   (d) Both parties must bear their respective banking costs or other costs associated with EFT service.
   (e) Both parties must maintain records of transactions and have the records readily available for the WSLCB review.
4. Prepaid accounts. Both parties must keep accurate accounting records of prepaid accounts to ensure a cash deposit is not overextended, which is considered an extension of credit.
5. Transactions using a money transmitter, under the following provisions:
   (a) The money transmitter must be licensed by and in good standing with the Washington state department of financial institutions.
   (b) A sale must be initiated by an irrevocable invoice or sale order before or at the time of delivery.
   (c) Both parties must bear their respective costs associated with the money transmitter service.
   (d) Both parties must maintain records of transactions and have the records readily available for the WSLCB to review.
   (e) The funds transfer through the money transmitter must be initiated by the marijuana licensee no later than the first business day following delivery and must be paid as promptly as is reasonably practical, and in no event later than
five business days following delivery. Any attempt by a marijua licensee to delay payment on money transmitter transactions for any period of time beyond the minimum as is reasonably practical will be considered an unlawful attempt to purchase products on credit.

(6) Any transaction reported as having nonsufficient funds (NSF) will be considered an extension of credit. If a transaction is reported as NSF:

(a) The purchaser must pay the full amount of the transaction to the seller by 3:00 p.m. on the first business day following receipt of the NSF report.

(b) Until the NSF transaction is paid:

(i) The marijuana licensee who received the NSF transaction will not deliver any marijuana to the purchaser; and

(ii) It is the responsibility of the purchaser to not receive additional marijuana from any other marijuana licensee.

WAC 314-55-135 Discontinue marijuana sales. (1) Notification: A licensee must notify the WSLCB's enforcement and education division in writing if the licensee plans to stop doing business for more than thirty days, or if the licensee plans to permanently discontinue marijuana sales.

(2) Discontinued business: Sale of marijuana inventory and stock after discontinuance of business. Notwithstanding any other provision of Title 69 RCW or 314 WAC, a producer, processor or retail licensee who permanently discontinues business for any reason shall dispose of the salable inventory and remaining stock to a WSLCB approved licensed business at fair market value. Sales below cost are prohibited. The WSLCB shall require tax expressed as a percent of the total price of the gross sales as reported on the profit and loss statement in the last published monthly report of the WSLCB. In the event of remaining inventory after sale, the licensee shall notify the enforcement and education division of the WSLCB. The enforcement division will establish conditions for destruction or arrange for the removal of product.

(3) Assumptions: Assumption of license and purchases by licensee of certain marijuana inventory and stock. In the case of a sale of business with a license, after obtaining the approval of the WSLCB and under the supervision of a representative of the WSLCB, the licensee may sell the entire inventory at a negotiated fair market price. Sales below cost are prohibited.

(4) Evictions. A licensee must notify the WSLCB's enforcement and education division immediately in writing upon notice of eviction from a licensed premises. Conditions to temporarily relocate and secure inventory will be established by the WSLCB.

(5) Abandoned marijuana inventory or product. In the event a licensee abandons any marijuana on the premises, the property owner or their designated representative should notify the enforcement and education division of the WSLCB. The enforcement division will work with the property owner to arrange for the removal and/or destruction of
product. Any sales or distribution of marijuana by an unlicensed person is subject to the criminal provisions of Title 69 RCW.

6) Maintaining a licensed location. Marijuana licenses are associated with a physical location. Persons operating without a WSLCB approved licensed location to produce, process, or sell marijuana will be discontinued.

WAC 314-55-140 Death or incapacity of a marijuana licensee. (1) The appointed guardian, executor, administrator, receiver, trustee, or assignee must notify the WSLCB's licensing and regulation division in the event of the death, incapacity, receivership, bankruptcy, or assignment for benefit of creditors of any licensee.

(2) The WSLCB may give the appointed guardian, executor, administrator, receiver, trustee, or assignee written approval to continue marijuana sales on the licensed business premises for the duration of the existing license and to renew the license when it expires.

(a) The person must be a resident of the state of Washington.

(b) A criminal background check may be required.

(3) When the matter is resolved by the court, the true party(ies) of interest must apply for a marijuana license for the business.

WAC 314-55-155 Advertising. (1) Advertising by retail licensees. The WSLCB limits each retail licensed premises to a maximum of two separate signs identifying the retail outlet by the licensee's business name or trade name. Both signs must be affixed to the building or permanent structure and each sign is limited to sixteen hundred square inches.

(2) General. All marijuana advertising and labels of usable marijuana, marijuana concentrates, and marijuana-infused products sold in the state of Washington must not contain any statement, or illustration that:

(a) Is false or misleading;

(b) Promotes over consumption;

(c) Represents the use of marijuana has curative or therapeutic effects;

(d) Depicts a child or other person under legal age to consume marijuana, or includes:

(i) Objects, such as toys, characters, or cartoon characters suggesting the presence of a child, or any other depiction designed in any manner to be especially appealing to children or other persons under legal age to consume marijuana; or

(ii) Is designed in any manner that would be especially appealing to children or other persons under twenty-one years of age.

(3) No licensed marijuana producer, processor, or retailer shall place or maintain, or cause to be placed or maintained, an advertisement of marijuana, marijuana concentrates, usable marijuana, or a marijuana-infused product in any form or through any medium whatsoever:

(a) Within one thousand feet of the perimeter of a school grounds, playground, recreation center or facility, child care center, public park, library, or a game arcade admission to which it is not restricted to persons aged twenty-one years or older;

(b) On or in a public transit vehicle or public transit shelter; or

(c) On or in a publicly owned or operated property.

(4) Promotional items such as giveaways, coupons, and distribution of branded or unbranded merchandise are banned.

(5) Marijuana retail licensees holding a medical marijuana endorsement may donate product to qualifying patients or designated providers who hold a valid recognition card.
Retail licensees may not advertise "free" or "donated" product.

(6) All advertising must contain the following warnings:
(a) "This product has intoxicating effects and may be habit forming."
(b) "Marijuana can impair concentration, coordination, and judgment. Do not operate a vehicle or machinery under the influence of this drug."
(c) "There may be health risks associated with consumption of this product."
(d) "For use only by adults twenty-one and older. Keep out of the reach of children."

WAC 314-55-160 Objections to marijuana license applications. (1) How can persons, cities, counties, tribal governments, or port authorities object to the issuance of a marijuana license? Per RCW 69.50.331, the WSLCB will notify cities, counties, tribal governments, and port authorities of the following types of marijuana applications. In addition to these entities, any person or group may comment in writing to the WSLCB regarding an application.

<table>
<thead>
<tr>
<th>Type of application</th>

(2) What will happen if a person or entity objects to a marijuana license application? When deciding whether to issue or deny a marijuana license application, the WSLCB will give substantial weight to input from governmental jurisdictions in which the premises is located based upon chronic illegal activity associated with the applicant's operations of the premises proposed to be licensed or the applicant's operation of any other licensed premises; and other persons or groups. Note: Per RCW 69.50.331, the WSLCB shall not issue a new marijuana license if any of the following are within one thousand feet of the premises to be licensed: Any elementary or secondary schools, playgrounds, recreation centers or facilities, child care centers, public parks, public transit centers, libraries, game arcade where admission is not restricted to persons twenty-one years of age or older.

(a) If the WSLCB contemplates issuing a license over the objection of a governmental jurisdiction in which the premises is located, the government subdivision may request an adjudicative hearing under the provisions of the Administrative Procedure Act, chapter 34.05 RCW. If the WSLCB, in its discretion, grants the governmental jurisdiction(s) an adjudicative hearing, the applicant will be notified and given the opportunity to present evidence at the hearing.

(b) If the WSLCB denies a marijuana license application based on the objection from a governmental jurisdiction, the applicant(s) may either:
(i) Reapply for the license no sooner than one year from the date of the final order of denial; or
(ii) Submit a written request on a form provided by the WSLCB for an adjudicative hearing under the provisions of the Administrative Procedure Act, chapter 34.05 RCW. The request must be received within twenty days of the date the intent to deny notification was mailed.

[Statutory Authority: RCW 69.50.342 and 69.50.345. WSR 16-11-110, § 314-55-160, filed 10/21/16, effective 11/21/16.]

WAC 314-55-165 Objections to marijuana license renewals. (1) How can local cities, counties, tribal governments, or port authorities object to the renewal of a marijuana license?

(a) The WSLCB will give governmental jurisdictions approximately ninety days written notice of premises that hold annual marijuana licenses in that jurisdiction that are up for renewal.

(b) Per RCW 69.50.331, if a county, city, tribal government, or port authority wants to object to the renewal of a marijuana license in its jurisdiction, it must submit a letter to the WSLCB detailing the reason(s) for the objection and a statement of all facts on which the objections are based.

(c) The county, city, tribal government, or port authority may submit a written request to the WSLCB for an extension for good cause shown.

(d) This letter must be received by the WSLCB at least thirty days before the marijuana license expires. The objection must state specific reasons and facts that show issuance of the marijuana license at the proposed location or to the applicant business how it will detrimentally impact the safety, health, or welfare of the community.

(e) If the objection is received within thirty days of the expiration date or the licensee has already renewed the license, the objection will be considered as a complaint and possible license revocation may be pursued by the enforcement division.

(f) Objections from the public will be referred to the appropriate city, county, tribal government, or port authority for action under subsection (2) of this section. Upon receipt of the objection, the WSLCB's licensing and regulation division will acknowledge receipt of the objection(s) and forward to the appropriate city, county, tribal government, or port authority. Such jurisdiction may or may not, based on the public objection, request nonrenewal.

WAC 314-55-200 How will the WSLCB identify marijuana, usable marijuana, marijuana concentrates, and marijuana-infused products during checks of licensed businesses? Officers shall identify marijuana, usable marijuana, marijuana concentrates, and marijuana-infused products during on-site inspections of licensed producers, processors, and retailers of marijuana by means of product in the traceability system, and/or by observation based on training and experience. Products that are undetermined to be marijuana, usable marijuana, and marijuana-infused products will be verified by the following:

1. Officers may take a sample large enough for testing purposes;
2. Field test kits may be used if available and appropriate for the type of product being verified; and
3. Those samples not able to be tested with a field test kit may be tested through the Washington state toxicology or crime lab.

WAC 314-55-210 Will the WSLCB seize or confiscate marijuana, marijuana concentrates, usable marijuana, and marijuana-infused products? The WSLCB may seize, destroy, confiscate, or place an administrative hold on marijuana, usable marijuana, marijuana concentrates, and marijuana-infused products under the following circumstances:

1. During an unannounced or announced administrative search or inspection of licensed locations, areas of unlicensed locations used for business or commercial purposes, or vehicles involved in the transportation of marijuana products, where any product was found to be in excess of product limitations set forth in WAC 314-55-075, 314-55-077, and 314-55-079.
2. Any product not properly logged in inventory records or untraceable product required to be in the traceability system.
3. Marijuana, marijuana concentrates, usable marijuana, and marijuana-infused product that are altered or not

[Ch. 314-55 WAC p. 37]
marijuana-infused products.

(4) During a criminal investigation, officers shall follow seizure laws detailed in RCW 69.50.505 and any other applicable criminal codes.

(5) The WSLCB may destroy any marijuana, marijuana concentrate, usable marijuana, and/or marijuana-infused products in its possession that is not identifiable through the Washington marijuana traceability system or otherwise in a form that is not compliant with Washington’s marijuana statutes or rules, chapters 69.50 RCW and 314-55 WAC.

(6) WSLCB officers may order an administrative hold of marijuana, usable marijuana, marijuana concentrates, and marijuana-infused products to prevent destruction of evidence, diversion or other threats to public safety, while permitting a licensee to retain its inventory pending further investigation, pursuant to the following procedure:

(a) If during an investigation or inspection of a licensee, a WSLCB officer develops reasonable grounds to believe certain marijuana, usable marijuana, marijuana concentrates, and marijuana-infused products constitute evidence of acts in violation of the state laws or rules, or otherwise constitute a threat to public safety, the WSLCB officer may issue a notice of administrative hold of any such marijuana, usable marijuana, marijuana concentrate, or marijuana-infused products. The notice of administrative hold shall provide a documented description of the marijuana, usable marijuana, marijuana concentrate, or marijuana-infused products to be subject to the administrative hold.

(b) The licensee shall completely and physically segregate the marijuana, usable marijuana, marijuana concentrate, and marijuana-infused products subject to the administrative hold in a limited access area of the licensed premises under investigation, where it shall be safeguarded by the licensee. Pending the outcome of the investigation and any related disciplinary proceeding, the licensee is prohibited from selling, giving away, transferring, transporting, or destroying the marijuana, usable marijuana, marijuana concentrate, and marijuana-infused products subject to the administrative hold.

(c) Nothing herein shall prevent a licensee from the continued cultivation or harvesting of the marijuana subject to the administrative hold. All marijuana, usable marijuana, marijuana concentrate, and marijuana-infused products subject to the administrative hold must be put into separate harvest batches from product not subject to the administrative hold.

(d) Following an investigation, the WSLCB may lift the administrative hold, order the continuation of the administrative hold, or seek a final agency order for the destruction of the marijuana, usable marijuana, marijuana concentrate, and marijuana-infused products.

WAC 314-55-220 What is the process once the WSLCB summarily orders marijuana, usable marijuana, marijuana concentrates, or marijuana-infused products of a marijuana licensee to be destroyed? (1) The WSLCB may issue an order to summarily destroy marijuana, usable marijuana, marijuana concentrates, or marijuana-infused products after the WSLCB's enforcement division has completed a preliminary staff investigation of the violation and upon a determination that immediate destruction of marijuana, usable marijuana, marijuana concentrates, or marijuana-infused products is necessary for the protection or preservation of the public health, safety, or welfare.

(2) Destruction of any marijuana, usable marijuana, marijuana concentrates, or marijuana-infused products under this provision shall take effect immediately upon personal service on the licensee or employee thereof of the summary destruction order unless otherwise provided in the order.

(3) When a license has been issued a summary destruction order by the WSLCB, an adjudicative proceeding for the associated violation or other action must be promptly instituted before an administrative law judge assigned by the office of administrative hearings. If a request for an administrative hearing is timely filed by the licensee, then a hearing shall be held within ninety days of the effective date of the summary destruction order by the WSLCB.

WAC 314-55-225 Marijuana recalls. (1) Definitions. For the purposes of this section, the following definitions apply:

(a) "Affected product" means marijuana, usable marijuana, marijuana concentrates, or marijuana-infused products subject to a recall.

(b) "Affected licensee" means a licensee whose marijuana, usable marijuana, marijuana concentrates, or marijuana-infused products are subject to a recall. More than one licensee may be an affected licensee in a recall.

(2) Exempt market withdrawals.

(a) A licensee may withdraw from the market marijuana, usable marijuana, marijuana concentrates, or marijuana-infused products by its own determination for reasons that do not pose a risk to consumers such as for aesthetic reasons or other similar deficiencies in product or packaging.

(b) If a licensee initiates a market withdrawal for a reason that does not pose a risk to consumers, the licensee must notify the WSLCB by contacting the local WSLCB enforcement officer assigned to the local area within forty-eight hours of beginning the market withdrawal. Licensees withdrawing marijuana, usable marijuana, marijuana concentrates, or marijuana-infused products under this subsection (2), for reasons other than risk to consumers, are exempt from the remaining requirements of this section.

(3)(a) When a recall is required. A recall is required when circumstances exist that pose a risk to consumers. Factors that contribute to a determination of a recall situation include, but are not limited to, the following:

(i) Evidence that pesticides not approved by the board are present on or in marijuana, usable marijuana, marijuana concentrates, or marijuana-infused products above the action levels prescribed by board rule;

(ii) Evidence that residual solvents are present on or in marijuana, usable marijuana, marijuana concentrates, or mar-
Marijuana-infused products at levels above the action levels prescribed by board rule; or

(iii) Evidence of another condition that poses a risk to consumers including, but not limited to, ingredients in marijuana-infused products that are unfit for human consumption.

(b) Licensee-initiated recalls.

(i) If a licensee initiates a recall due to a condition that poses a risk to consumers and would make a recall appropriate under this subsection (3), the licensee must:

(A) Immediately notify the local WSLCB enforcement officer; and

(B) Secure, isolate, and prevent the distribution of all marijuana, usable marijuana, marijuana concentrates, or marijuana-infused products that may have been exposed to the condition warranting the recall. The licensee is prohibited from destroying any affected product prior to notifying the WSCLB and coordinating with the local WSLCB officer on destruction activities.

(ii) If the WSLCB determines the licensee fails to engage in recall efforts that meet the urgency of the risk to consumers, the WSLCB may seek a board-directed recall as provided in this section depending on the circumstances.

(c) WSLCB investigation-initiated recalls.

(i) If the WSLCB determines that a recall is not appropriate after an investigation, the WSLCB enforcement division may release administrative holds placed on marijuana, usable marijuana, marijuana concentrates, or marijuana-infused products as part of the investigation as appropriate, unless an administrative hold is necessary under a continuing investigation.

(ii) If the WSLCB determines that a recall is appropriate after an investigation, the WSLCB notifies the board and requests the board issue a recall. If the board issues a recall, the WSLCB notifies the affected licensee that is the source of the issue giving rise to a recall.

(d) Recall plans. All licensees must develop a recall plan within sixty days of the effective date of this section that sets the procedures the licensee will follow in the event of a recall of the licensee's product or products under the licensee's control. If a licensee becomes an affected licensee as part of a recall and the affected licensee distributed affected product to consumers or to retailers, the affected licensee must immediately notify all licensees that received affected product, and issue a press release and other appropriate public notification to inform consumers of the recall and identifying information about the affected product recalled.

(i) A recall plan must include, at a minimum, the following:

(A) Designation of a member of the licensee's staff who serves as the licensee's recall coordinator;

(B) Procedures for identifying and isolating product to prevent or minimize its distribution to consumers;

(C) Procedures to retrieve and destroy product; and

(D) A communications plan to notify those affected by the recall, including:

(I) How the affected licensee will notify other licensees in possession of product subject to the recall; and

(II) The use of press releases and other appropriate notifications to ensure consumers are notified of the recall and affected product information if the affected product was distributed to consumers.

(ii) A recall must follow the procedures outlined in the recall plan unless otherwise agreed by the WSLCB and the licensee. The affected licensee must ensure recall procedures are conducted to maximize recall of affected product and minimize risks to consumers.

(e) Destruction of affected product. An affected licensee must coordinate destruction of affected product with the local WSLCB enforcement officer and allow WSCLB enforcement to oversee the destruction of affected product recalled to ensure the destruction of affected product that poses risks to consumers.

(f) Recall reports and audit. The affected licensee must track the total amount of affected product and the amount of affected product returned to the affected licensee as part of the recall effort. The affected licensee must report to the WSLCB periodically on the progress of the recall efforts. The periodic reports must occur at a minimum of once a week or as otherwise specified and agreed to by the WSLCB and the affected licensee in the recall plan.

(g) Recall closure. If the WSLCB determines that the recall efforts are successful and risks to public health and safety are no longer present, the WSLCB may recommend closure of the recall to the board.

(4) Board-directed recall.

(a) Upon the recommendation by the WSLCB enforcement division, the board may issue a directed recall if:

(i) The affected licensee does not comply with a recall under subsection (3) of this section;

(ii) The affected licensee does not comply with the recall plan or recall reporting requirements under subsection (3) of this section; or

(iii) The WSLCB enforcement division determines that affected product may be diverted or is being diverted from the licensed business, or another circumstance that makes the affected licensee's destruction of the product inadvisable or a risk to consumers.

(b) If the board issues a directed recall, the WSLCB will notify consumers of the recall and all licensees that may possess product affected by the recall if notice has not yet occurred.

(c) Under a directed recall, the WSLCB enforcement division may seek an order for destruction of the affected product from the board.

(i) If the board issues an order for destruction, the WSLCB enforcement division may seize and conduct the destruction of affected product.

(ii) An order for destruction will include notice to the licensee and opportunity for hearing before destruction, unless there is evidence of an immediate danger to public health, safety, or welfare to justify an immediate order for destruction, with an opportunity for an expedited hearing after the destruction.

(d) If a destruction order is issued and the WSLCB seizes product affected by the recall and conducts the destruction of the product, the affected licensee may be responsible for reimbursing the WSLCB for costs associated with product destruction.

(e) If the board finds that an immediate danger to the public health, safety, or welfare requires immediate WSLCB action, a licensee may also be subject to summary suspension under RCW 66.08.150(4).
WAC 314-55-230 What are the procedures the WSLCB will use to destroy or donate marijuana, usable marijuana, marijuana concentrates, and marijuana-infused products to law enforcement? (1) The WSLCB may require a marijuana licensee to destroy marijuana, usable marijuana, marijuana concentrates, and marijuana-infused products found in a licensed establishment to be in excess of product limits set forth in WAC 314-55-075, 314-55-077, and 314-55-079.

(2) Destruction of seized marijuana, usable marijuana, marijuana concentrates, marijuana-infused products, or confiscated marijuana after case adjudication, will conform with the WSLCB evidence policies, to include the option of donating marijuana, usable marijuana, marijuana concentrates, and marijuana-infused products, set for destruction, to local and state law enforcement agencies for training purposes only.

(3) Marijuana, usable marijuana, marijuana concentrates, and marijuana-infused products set for destruction shall not reenter the traceability system or market place.

WAC 314-55-310 Transportation license. (1) A transportation license allows the licensee to physically transport or deliver marijuana, marijuana concentrates, and marijuana-infused products between licensed marijuana businesses within Washington state. The application fee for the transportation license is two hundred fifty dollars and the annual fee is one thousand dollars.

(2) Applicants for the transportation license must submit the following information:

(a) Personal/criminal history forms for all true parties of interest (see WAC 314-55-035);

The criminal history background check will consist of completion of a personal/criminal history form provided by the WSLCB and submission of fingerprints to a vendor approved by the WSLCB. The applicant will be responsible for paying all fees required by the vendor for fingerprinting. These fingerprints will be submitted to the Washington state patrol and the Federal Bureau of Investigation for comparison to their criminal records. The applicant will be responsible for paying all fees required by the Washington state patrol and the Federal Bureau of Investigation.

(b) Documents showing the right to the physical location to be licensed (purchase and sale agreement or lease in the name of the applicant);

(c) Copies of the current UTC common carrier permits. All vehicles and trailers must also be permitted by UTC as common carriers;

(d) Corporate information form or limited liability information form as applicable;

(e) Proof of insurance.

(i) Licensees shall provide insurance coverage as set out in this section. The intent of the required insurance is to protect the consumer should there be any claims, suits, actions, costs, damages or expenses arising from any negligent or intentional act or omission of the licensees. Licensees shall furnish evidence in the form of a certificate of insurance satisfactory to the WSLCB that insurance, in the following kinds and minimum amounts, has been secured. Failure to provide proof of insurance, as required, may result in license cancellation.

(ii) Commercial general liability insurance: The licensee shall at all times carry and maintain commercial general liability insurance and if necessary, commercial umbrella insurance for bodily injury and property damage arising out of licensed activities. This insurance shall cover such claims as may be caused by any act, omission, or negligence of the licensee or its officers, agents, representatives, assigns, or servants. The insurance shall also cover bodily injury, including disease, illness and death, and property damage arising out of the licensee's premises/operations, products, and personal injury. The limits of liability insurance shall not be less than one million dollars.

(iii) Insurance carrier rating: The insurance required in (e)(i) of this subsection shall be issued by an insurance company authorized to do business within the state of Washington. Insurance must be placed with a carrier that has a rating of A - Class VII or better in the most recently published edition of Best's Reports. If an insurer is not admitted, all insurance policies and procedures for issuing the insurance policies must comply with chapters 48.15 RCW and 284-15 WAC.

(iv) Additional insured. The state and its employees, agents, and volunteers shall be named as an additional insured on all general liability, umbrella, and excess insurance policies. All policies shall be primary over any other valid and collectable insurance.

(3) Transport manifest. A complete printed transport manifest on a form provided by the WSLCB containing all information required by the WSLCB must be kept with the product at all times.

(4) Records of transportation. Records of all transportation must be kept for a minimum of three years at the licensee's location and are subject to inspection if requested by an employee of the WSLCB or local law enforcement:

(a) Copies of transportation manifests for all deliveries;

(b) A transportation log documenting the chain of custody for each delivery to include driver(s) and vehicle(s) associated with each delivery;

(c) Bank statements and canceled checks for any accounts relating to the licensed business;

(d) Accounting and tax records related to the licensed business;

(e) Records of all financial transactions related to the licensed business, including invoices, contracts and/or agreements for services performed or received that relate to the licensed business;

(f) All employee records, to include training.

(5) Transportation of product. Marijuana or marijuana products that are being transported must meet the following requirements:

(a) Only the transportation licensee or an employee of the transportation licensee who is at least twenty-one years of age may transport product. All drivers must carry a valid Washington driver's license with the proper endorsements

Marijuana Licenses 314-55-410

WAC 314-55-410 Cooperatives. (1) A cooperative may be formed by qualifying patients and/or designated providers to share responsibility for growing and processing marijuana only for the medical use of the members of the cooperative. A cooperative must meet the following criteria:

(a) All cooperative members must be at least twenty-one years of age. The designated provider of a qualifying patient under twenty-one years of age may be a member of a cooperative on the qualifying patient’s behalf;

(b) All cooperative members must hold valid recognition cards as defined by RCW 69.5A.010;

(c) No more than four qualifying patients or designated providers may become members of a cooperative;

(d) Qualifying patients or designated providers may only participate in one cooperative;

(e) A cooperative member may only grow plants in the cooperative and may not grow plants elsewhere;

(f) Cooperative members must participate in growing plants. Cooperative members must provide nonmonetary resources and assistance in order to participate. A monetary contribution or donation is not considered assistance;

(g) Cooperative members may grow up to the total amount of plants for which each cooperative member is authorized on his or her recognition card. At the location, the qualifying patients or designated providers may possess the amount of usable marijuana that can be produced with the number of plants permitted, but no more than seventy-two ounces;

(h) Cooperative members may not sell, donate, or otherwise provide marijuana, marijuana concentrates, usable marijuana, or other marijuana-infused products to a person who is not a member of the cooperative;

(i) A cooperative may not be located within a one mile radius of a marijuana retailer;

(j) A cooperative must be located in the domicile of one of the cooperative members. Only one cooperative may be located per property tax parcel; and

(k) To obscure public view of the premises, outdoor marijuana production must be enclosed by a sight obscure wall or fence at least eight feet high.

(2) People who wish to form a cooperative must register the location with the WSCLB. The location registered is the only location where cooperative members may grow or process marijuana. The following is required to register a cooperative:

(a) Submit a completed Marijuana Cooperative Registration Form;

(b) Submit copies of each person’s recognition card who is seeking to be part of the registered cooperative;

(c) Submit a deed, lease, rental agreement, or other document establishing ownership or control to the property where the cooperative is to be located. If the property is leased or rented, a sworn statement from the property owner granting permission to engage in a cooperative must be submitted that includes a telephone number and address where the owner can be contacted for verification;

(d) Submit a sketch outlining the location where the marijuana is planned to be grown.

(3) WSCLB may inspect a cooperative between the hours of 8:00 a.m. and 8:00 p.m. unless otherwise agreed upon by cooperative members and WSCLB staff.

(4) If a person or persons seeking to register the cooperative fails to meet the requirements of a registered cooperative as provided in this section, the WSCLB will deny the cooperative registration.

(5) If the WSCLB finds a registered cooperative violated the requirements of this section, the WSCLB will revoke the cooperative’s registration.

(6) A person may request an administrative hearing to contest a denial of registration or a revocation of a cooperative’s registration under subsections (4) and (5) of this section as provided in chapter 34.05 RCW.

(7) Cooperative members purchasing plants from licensed producers.

(a) Members of a cooperative registered by the WSCLB may purchase marijuana plants to be grown in the cooperative from a licensed marijuana producer;

(b) Members of a cooperative who wish to purchase plants from a licensed producer must:

(i) Provide proof of identification in the form of a state-issued identification card or other valid government-issued identification, a valid recognition card, and a copy of the letter from the WSCLB confirming the person is a member of a registered cooperative;
WAC 314-55-415  What are the recordkeeping and reporting requirements for cooperatives? (1) Marijuana cooperatives must keep records that clearly reflect all activity, inventory, and conditions of the cooperative. The following records must be kept in a format prescribed by the WSLCB. All records must be maintained on the cooperative premises for a three-year period and must be made available for inspection if requested by an employee of the WSLCB, the department of health, the department of revenue, or local law enforcement.

(a) Cooperatives must maintain a plant log to track each marijuana plant from the time it enters the cooperative. At minimum, tracking must include:

(i) Unique plant identification numbers for each plant at the cooperative;

(ii) The date the plant was brought into the cooperative; and

(iii) The date the plant leaves the cooperative, including the reason, (e.g., harvested, destroyed, or member left the cooperative).

(b) Cooperatives must maintain a log to track all harvested plant material from time of harvest until all harvested material has been dispersed. At minimum, tracking must include:

(i) A unique identification number for each harvest;

(ii) The total dry weight of harvested material;

(iii) The date quantities are removed from the harvested material;

(iv) The amount removed from the harvested material;

(v) The weight of marijuana plant material used to create the extract;

(vi) The date quantities are removed from the extract batch;

(vii) The quantity removed from the extract batch and reason; and

(viii) The current weight of the extract batch.

(2) Cooperatives must submit monthly activity report(s) to the WSLCB. The required monthly reports must be:

(a) On an electronic system designated by the WSLCB;

(b) Filed every month, including months with no activity;

(c) Submitted to the WSLCB on or before the twentieth day of each month, for the previous month. (For example, a report listing activity for the month of January is due by February 20th.);

(d) Filed separately for each cooperative; and

(e) All records must be maintained and available for review for a three-year period on licensed premises.

WAC 314-55-430  Qualifying patient or designated provider extraction requirements. (1) Qualifying patients or designated providers, including those participating in a cooperative, may extract or separate the resin from marijuana using only the following noncombustible methods:

(a) Heat, screens, presses, steam distillation, ice water, and other methods without employing combustible solvents or gases to create kief, hashish, or bubble hash;

(b) Dairy butter, cooking oils or fats derived from natural sources, or other home cooking substances;

(c) Food grade glycerin and propylene glycol solvent based extraction;

(d) CO₂ may be used if used in a closed loop system as referenced in WAC 314-55-104.

(2) Only food grade substances may be used in any stage of processing.

(3) Use of combustible materials including, but not limited to, butane, isobutane, propane, heptane, and ethanol is expressly forbidden.

(4) Resins extracted or separated from marijuana are for the personal use of the qualifying patient or cooperative members only.

WAC 314-55-505  What are the procedures for notifying a licensee of an alleged violation of a WSLCB statute or regulation? (1) When an enforcement officer believes that a licensee has violated a WSLCB statute or regulation, the officer may prepare an administrative violation notice (AVN) and mail or deliver the notice to the licensee, licensee’s agent, or employee.

(2) The AVN notice will include:

(a) A complete narrative description of the violation(s) the officer is charging;

(b) The date(s) of the violation(s);

(c) A copy of the law(s) and/or regulation(s) allegedly violated;

[Ch. 314-55 WAC p. 42]
(d) An outline of the licensee's options as outlined in WAC 314-55-510; and

(e) The recommended penalty.

(i) If the recommended penalty is the standard penalty, see WAC 314-55-520 through 314-55-535 for licensees.

(ii) For cases in which there are aggravating or mitigating circumstances, the penalty may be adjusted from the standard penalty.

**WAC 314-55-506 What is the process once the WSLCB summarily suspends a marijuana license? (1)**

The WSLCB may summarily suspend any license after the WSLCB's enforcement division has completed a preliminary staff investigation of the violation and upon a determination that immediate cessation of the licensed activities is necessary for the protection or preservation of the public health, safety, or welfare.

(2) Suspension of any license under this provision shall take effect immediately upon personal service on the licensee or employee thereof of the summary suspension order unless otherwise provided in the order.

(3) When a license has been summarily suspended by the WSLCB, an adjudicative proceeding for revocation or other action must be promptly instituted before an administrative law judge assigned by the office of administrative hearings. If a request for an administrative hearing is timely filed by the licensee or permit holder, then a hearing shall be held within ninety days of the effective date of the summary suspension order by the WSLCB.

**WAC 314-55-507 How may a licensee challenge the summary suspension of his or her marijuana license? (1)**

Upon summary suspension of a license by the WSLCB pursuant to WAC 314-55-506, an affected licensee may petition the WSLCB for a stay of suspension pursuant to RCW 34.05.467 and 34.05.550(1). A petition for a stay of suspension must be received by the WSLCB within fifteen days of service of the summary suspension order. The petition for stay shall state the basis on which the stay is sought.

(2) A hearing shall be held before an administrative law judge within fourteen days of receipt of a timely petition for stay. The hearing shall be limited to consideration of whether a stay should be granted, or whether the terms of the suspension may be modified to allow the conduct of limited activities under current licenses or permits.

(3) Any hearing conducted pursuant to subsection (2) of this section shall be a brief adjudicative proceeding under RCW 34.05.485. The agency record for the hearing shall consist of the documentary information upon which the summary suspension was based. The licensee or permit holder shall have the burden of demonstrating by clear and convincing evidence that:

(a) The licensee is likely to prevail upon the merits at hearing;

(b) Without relief, the licensee will suffer irreparable injury. For purposes of this section, elimination of income from licensed activities shall not be deemed irreparable injury;

(c) The grant of relief will not substantially harm other parties to the proceedings; and

(d) The threat to the public health, safety, or welfare is not sufficiently serious to justify continuation of the suspension, or that modification of the terms of the suspension will adequately protect the public interest.

(4) The initial order on stay shall be effective immediately upon service unless another date is specified in the order.

**WAC 314-55-508 Review of orders on stay. (1)**

The licensee, or agency, may petition the WSLCB for review of an initial order on stay. Any petition for review must be in writing and received by the WSLCB within ten days of service of the initial order. If neither party has requested review within ten days of service, the initial order shall be deemed the final order of the WSLCB for purposes of RCW 34.05.-467.

(2) If the WSLCB receives a timely petition for review, the WSLCB shall consider the petition within fifteen days of service of the petition for review. Consideration on review shall be limited to the record of the hearing on stay.

(3) The order of the WSLCB on the petition for review shall be effective upon personal service unless another date is specified in the order and is final pursuant to RCW 34.05.467. Final disposition of the petition for stay shall not affect subsequent administrative proceedings for suspension or revocation of a license.

**WAC 314-55-510 What options does a licensee have once he/she receives a notice of an administrative violation? (1)**

A licensee has twenty days from receipt of the notice to:

(a) Accept the recommended penalty; or

(b) Request a settlement conference in writing; or

(c) Request an administrative hearing in writing.

A response must be submitted on a form provided by the agency.

(2) What happens if a licensee does not respond to the administrative violation notice within twenty days?

(a) If a licensee does not respond to the administrative violation notice within twenty days, the recommended suspension or inventory destruction penalty will go into effect.

(b) If the penalty does not include a suspension or inventory destruction, the licensee must pay a twenty-five percent late fee in addition to the recommended penalty. The recom-
mended penalty plus the late fee must be received within thirty days of the violation notice issue date.

(c) Failure to address monetary penalties for two or more administrative violations notices in a three year period will result in license cancellation.

(d) Licensees failing to respond to an administrative violation notice or have outstanding fines, shall not be eligible to renew their marijuana license.

(3) What are the procedures when a licensee requests a settlement conference?

(a) If the licensee requests a settlement conference, the hearing examiner or designee will contact the licensee to discuss the violation.

(b) Both the licensee and the hearing examiner or designee will discuss the circumstances surrounding the charge, the recommended penalty, and any aggravating or mitigating factors.

(c) If a compromise is reached, the hearing examiner or designee will prepare a compromise settlement agreement. The hearing examiner or designee will forward the compromise settlement agreement, authorized by both parties, to the WSLCB, or designee, for approval.

(i) If the WSLCB, or designee, approves the compromise, a copy of the signed settlement agreement will be sent to the licensee and will become part of the licensing history.

(ii) If the WSLCB, or designee, does not approve the compromise, the licensee will be notified of the decision. The licensee will be given the option to renegotiate with the hearings examiner or designee, of accepting the originally recommended penalty, or of requesting an administrative hearing on the charges.

(d) If the licensee and the hearing examiner or designee cannot reach agreement on a settlement proposal, the licensee may accept the originally recommended penalty, or the hearing examiner or designee will forward a request for an administrative hearing to the WSLCB's hearings coordinator.

(4) What is the process for nonpayment of monetary penalty?

(a) When a licensee fails to submit payment of monetary fine proceeding provisions to collect shall take effect immediately or other action such as revocation will be instituted as deemed appropriate by the WSLCB.

(b) An attempt to advise the debtor of the existence of the debt, and twenty-five percent late fee per subsection (2)(b) of this section will be made notifying that the debt may be assigned to a collection agency for collection if the debt is not paid, and at least thirty days have elapsed from the time notice was attempted.

WAC 314-55-515 What are the penalties if a marijuana license holder violates a marijuana law or rule? (1) The purpose of WAC 314-55-515 through 314-55-540 will be assessed following penalty progression of the license type group associated with the class of license.

(2) Penalties for violations by marijuana licensees or employees are broken down into four categories:

(a) Group One—Public safety violations, WAC 314-55-520.

(b) Group Two—Regulatory violations, WAC 314-55-525.

(c) Group Three—License violations, WAC 314-55-530.

(d) Group Four—Nonretail violations involving the manufacture, supply, processing, and/or distribution of marijuana by nonretail licensees and prohibited practices between nonretail licensees and retail licensees, WAC 314-55-535.

(e) Group Five—Violations involving the transportation freight of marijuana, WAC 314-55-537.

(3) For the purposes of chapter 314-55 WAC, a three-year window for violations is measured from the date one violation occurred to the date a subsequent violation occurred.

(4) Penalties for violation committed by marijuana processor only licensees will be assessed following the penalty progression prescribed for tier 2 marijuana producers.

(5) The following schedules are meant to serve as guidelines. Based on mitigating or aggravating circumstances, the WSLCB may impose a different penalty than the standard penalties outlined in these schedules. Based on mitigating circumstances, the WSLCB may offer a monetary option in lieu of suspension, or alternate penalty, during a settlement conference as outlined in WAC 314-55-510(3).

**WAC 314-55-520** Group 1 violations against public safety. Group 1 violations are considered the most serious because they present a direct threat to public safety. Based on chapter 69.50 RCW, some violations have only a monetary option. Some violations beyond the first violation do not have a monetary option upon issuance of a violation notice. The WSLCB may offer a monetary option in lieu of suspension days based on mitigating circumstances as outlined in WAC 314-55-515(4). Group 1 penalties imposed on a producer and/or processor license will not include license suspension. Penalties for a producer and/or processor license will be restricted to monetary fines, destruction of inventory, and/or license cancellation only.

**WAC 314-55-540 Information about marijuana license suspensions.** (1) On the date a marijuana license suspension goes into effect, a WSLCB enforcement officer will post a suspension notice in a conspicuous place on or about the licensed premises. This notice will state that the license has been suspended by order of the WSLCB due to a violation of a WSLCB law or rule.

(2) During the period of marijuana license suspension, the licensee and employees:

(a) Are required to maintain compliance with all applicable marijuana laws and rules;

[Statutory Authority: RCW 69.50.342 and 69.50.345. WSR 16-11-110, § 314-55-537, filed 5/18/16, effective 6/18/16.]
(b) May not remove, alter, or cover the posted suspension notice, and may not permit another person to do so;
(c) May not place or permit the placement of any statement on the licensed premises indicating that the premises have been closed for any reason other than as stated in the suspension notice;
(d) May not advertise by any means that the licensed premises is closed for any reason other than as stated in the WSLCB’s suspension notice.

(3) During the period of marijuana license suspension:
(a) A marijuana licensee may not operate his/her business.
(b) There is no sale, delivery, service, destruction, removal, or receipt of marijuana.
