   A bout is stopped before the completion of three rounds in bouts scheduled for four rounds and before four rounds in bouts scheduled for more than four rounds due to an accidental head butt or foul causing an injury severe enough for the referee to stop the bout immediately; or

(e) Technical draw if:
   A bout is stopped after the completion of three rounds in bouts scheduled for four rounds and after four rounds in bouts scheduled for more than four rounds due to an accidental head butt or foul causing an injury severe enough for the referee to stop the bout immediately and the judges are split (one voting for boxer A, one voting for boxer B, and the third judge with an even score); or

(f) No contest if:
   (i) The bout is unable to continue due to events other than boxing (fire, riot, ring collapse, etc.); or
   (ii) In the referee's judgment, there appears to be collusion affecting the outcome of the contest.

(g) Disqualification:
   (i) If points have been deducted from a boxer's scorecard for three separate incidents as described in WAC 36-12-110(11); 
   (ii) If a boxer, in the referee's judgment, flagrantly fouls an opponent;

(d) A draw if all three judges have the score even between the boxers or are split (one voting for boxer A, one voting for boxer B, and the third judge with an even score); or

(e) A majority draw if two of the judges agree that the score is even between the boxers.

WAC 36-12-140 Method of counting over a boxer who is down. (1) The referee shall give an injured boxer a count of eight when a knockdown occurs. The referee does not have to continue to count if in the referee's opinion a boxer is unable to continue to box. The referee shall resume a count where it was left off if a boxer attempts to rise after being knocked down and goes down again immediately.

(2) When the referee determines a boxer has been knocked down, the referee shall require the boxers to cease boxing during the count. If the boxer rises prior to, or when the count is completed, the referee shall determine whether the boxer's reflexes and condition render it appropriate to continue the contest.

(3) If a boxer does not rise when the count of eight is completed, the referee shall continue the count to ten seconds.

(4) If the boxer being given a count by the referee is down on the canvas of the ring when the referee completes counting to ten seconds, the referee shall wave both arms to indicate that the boxer has been knocked out and shall stop the contest. The referee may raise the hand of the opponent indicating that the opponent has won by a knockout.

(5) The referee's counting of seconds is the official count. However, when a boxer is knocked down, the timekeeper shall assist with starting and maintaining an accurate count by striking the edge of the ring platform once each second with a hammer or other equipment or signaling method.
(6) When a boxer is knocked down, the referee shall direct the opponent to move to the farthest neutral corner of the ring. If the opponent leaves the neutral corner, the referee shall interrupt the count and will not resume the count until the opponent returns to the neutral corner.

(7) If a boxer is knocked down and the referee is still counting when three minutes of a round has elapsed, the bell shall not be sounded until the knocked down boxer rises and the referee indicates that the contest will continue. A boxer cannot be saved by the bell at the end of any round.

(8) If both boxers score simultaneous knockdowns (double knockdown), the referee shall begin a count as in any knockdown. If one contestant does not rise before the count of ten, his opponent shall be declared the winner. If both contestants rise before completion of the count, the bout may continue at the discretion of the referee. If both contestants rise but neither can continue as determined by the referee and/or event physician, the winner will be determined by the scorecards. If both boxers remain down until the count of ten, the bout must be stopped and the decision is a technical draw.
