Chapter 136-11 WAC

STANDARDS OF GOOD PRACTICE—MAINTENANCE MANAGEMENT

WAC 136-11-010 Purpose and authority. The laws of the state of Washington provide in RCW 36.80.030 that the county engineer shall have supervision, under the direction of the county legislative authority, of maintaining all county roads of the county. The purpose of maintenance management is to recognize that many road maintenance activities can be planned, scheduled and accomplished in a predetermined manner. RCW 36.78.121 directs the county road administration board, or its successor entity, to establish a standard of good practice for maintenance of transportation system assets.

WAC 136-11-020 Goal. This chapter is intended to establish basic management principles for road maintenance activities and to set forth specific goals and objectives relative to the results to be achieved.

WAC 136-11-030 Objectives. (1) To preserve the investment made in roads, bridges, and roadway appurtenances.

(2) To create stronger accountability to ensure that cost-effective maintenance and preservation is provided for transportation facilities.

WAC 136-11-040 Maintenance management requirements. (1) An inventory of significant maintenance features (physical assets), as determined by the county, shall be maintained.
