Chapter 181-80 WAC
ALTERNATIVE ROUTES TO CERTIFICATION

WAC 181-80-010 Basic requirements. (1) The professional educator standards board shall transition the alternative route partnership grant program from a separate competitive grant program to a preparation program model to be expanded among approved preparation program providers. Alternative routes are partnerships between professional educator standards board-approved preparation programs, Washington school districts, and other partners as appropriate.

(2) Each prospective teacher preparation program provider, in cooperation with a Washington school district or consortia of school districts applying to operate an alternative route certification program shall include in its proposal to the Washington professional educator standards board:

(a) The route or routes the partnership program intends to offer and a detailed description of how the routes will be structured and operated by the partnership;

(b) The estimated number of candidates that will be enrolled per route;

(c) An identification, indication of commitment, and description of the role of approved teacher preparation programs and partnering district or consortia of districts;

(d) An assurance that the district or approved preparation program provider will provide adequate training for mentor teachers specific to the mentoring of alternative route candidates;

(e) An assurance that significant time will be provided for mentor teachers to spend with the alternative route teacher candidates throughout the internship. Partnerships must provide each candidate with intensive classroom mentoring until such time as the candidate demonstrates the competency necessary to manage the classroom with less intensive supervision and guidance from a mentor;

(f) A description of the rigorous screening process for applicants to alternative route programs, including entry requirements specific to each route, as provided in RCW 28A.660.040;

(g) A summary of procedures that provide flexible completion opportunities for candidates to achieve a residency certificate; and

(h) The design and use of a teacher development plan for each candidate. The plan shall specify the alternative route coursework and training required of each candidate and shall be developed by comparing the candidate's prior experience and coursework with the state's new performance-based standards for residency certification and adjusting any requirements accordingly. The plan may include the following components:

(i) A minimum of one-half of a school year, and an additional significant amount of time if necessary, of intensive mentorship during field experience, starting with full-time mentoring and progressing to increasingly less intensive monitoring and assistance as the intern demonstrates the skills necessary to take over the classroom with less intensive support. Before the supervision is diminished, the mentor of the teacher candidate at the school and the supervisor of the teacher candidate from the teacher preparation program must both agree that the teacher candidate is ready to manage the classroom with less intensive supervision;

(ii) Identification of performance indicators based on the knowledge and skills standards required for residency certification by the Washington professional educator standards board;

(iii) Identification of benchmarks that will indicate when the standard is met for all performance indicators;

(iv) A description of strategies for assessing candidate performance on the benchmarks;

(v) Identification of one or more tools to be used to assess a candidate's performance once the candidate has been in the classroom for about one-half of a school year;

(vi) A description of the criteria that would result in residency certification after about one-half of a school year but before the end of the program; and

(vii) A description of how the district intends for the alternative route program to support its workforce development plan and how the presence of alternative route interns will advance its school improvement plans.

(3) To the extent funds are appropriated for this purpose, alternative route programs may apply for program funds to pay stipends to trained mentor teachers of interns during the mentored internship. The per intern amount of mentor stipend provided by state funds shall not exceed five hundred dollars.

WAC 181-80-020 Program types. Alternative route programs under this chapter shall operate one to four specific route programs. Successful completion of the program shall make a candidate eligible for residency teacher certification. The mentor of the teacher candidate at the school and the supervisor of the teacher candidate from the teacher preparation program must both agree that the teacher candidate has successfully completed the program.

(1) Alternative route programs operating route one programs shall enroll currently employed classified instructional employees with transferable associate degrees seeking residency teacher certification with endorsements in special education, bilingual education, or English as a second language. It is anticipated that candidates enrolled in this route will complete both their baccalaureate degree and requirements for residency certification in two years or less, including a mentored internship to be completed in the final year. In addition, partnership programs shall up hold entry requirements for candidates that include:

(8/24/17)
(a) District or building validation of qualifications, including one year of successful student interaction and leadership as a classified instructional employee;

(b) Successful passage of the statewide basic skills exam; and

(c) Meeting the age, good moral character, and personal fitness requirements adopted by rule for teachers.

(2) Alternative route programs operating route two programs shall enroll currently employed classified staff with baccalaureate degrees seeking residency teacher certification in subject matter shortage areas and areas with shortages due to geographic location. Candidates enrolled in this route must complete a mentored internship complemented by flexibly scheduled training and coursework offered at a local site, such as a school or educational service district, or online or via videoconference over the K-20 network, in collaboration with the partnership program's higher education partner. In addition, partnership grant programs shall uphold entry requirements for candidates that include:

(a) District or building validation of qualifications, including one year of successful student interaction and leadership as classified staff;

(b) A baccalaureate degree from a regionally accredited institution of higher education. The individual's college or university grade point average may be considered as a selection factor;

(c) Successful completion of the subject matter assessment required by RCW 28A.410.220(3);

(d) Meeting the age, good moral character, and personal fitness requirements adopted by rule for teachers; and

(e) Successful passage of the statewide basic skills exam.

(3) Alternative route programs seeking funds to operate route three programs shall enroll individuals with baccalaureate degrees, who are not employed in the district at the time of application. When selecting candidates for certification through route three, districts and approved preparation program providers shall give priority to individuals who are seeking residency teacher certification in subject matter shortage areas or shortages due to geographic locations. Cohorts of candidates for this route shall attend an intensive summer teaching academy, followed by a full year employed by a district in a mentored internship. If employed on a conditional certificate, the intern may serve as the teacher of record, supported by a well-trained mentor. In addition, partnership programs shall uphold entry requirements for candidates that include:

(a) A baccalaureate degree from a regionally accredited institution of higher education. The individual's grade point average may be considered as a selection factor;

(b) Successful completion of the subject matter assessment required by RCW 28A.410.220(3);

(c) External validation of qualifications, including demonstrated successful experience with students or children, such as reference letters and letters of support from previous employers;

(d) Meeting the age, good moral character, and personal fitness requirements adopted by rule for teachers; and

(e) Successful passage of statewide basic skills exam.

(4) Alternative route programs operating route four programs shall enroll individuals with baccalaureate degrees, who are employed in the district at the time of application, or who hold conditional teaching certificates or emergency substitute certificates. Cohorts of candidates for this route shall attend an intensive summer teaching academy, followed by a full year employed by a district in a mentored internship. If employed on a conditional certificate, the intern may serve as the teacher of record, supported by a well-trained mentor. In addition, partnership programs shall uphold entry requirements for candidates that include:

(a) A baccalaureate degree from a regionally accredited institution of higher education. The individual's grade point average may be considered as a selection factor;

(b) Successful completion of the subject matter assessment required by RCW 28A.410.220(3);

(c) External validation of qualifications, including demonstrated successful experience with students or children, such as reference letters and letters of support from previous employers;

(d) Meeting the age, good moral character, and personal fitness requirements adopted by rule for teachers; and

(e) Successful passage of statewide basic skills exam.

(5) Applicants for alternative route programs who are eligible veterans or National Guard members and who meet the entry requirements for the alternative route program for which application is made shall be given preference in admission.
