WAC 246-901-010 Definitions.

(1) "Consultation" means:

(a) A communication or deliberation between a pharmacist and a patient, a patient's agent, or a patient's health care provider in which the pharmacist uses professional judgment to provide advice about drug therapy.

(b) A method by which the pharmacist meets patient information requirements as set forth in WAC 246-869-220.

(2) "Dispense" as defined in RCW 18.64.011(16).

(3) "Intravenous admixture preparation" means the preparation of a drug product that combines two or more ingredients using aseptic technique and is intended for administration into a vein.

(4) "Parenteral" as defined in WAC 246-871-010.

(5) "Pharmacy technician specialized function" means certain tasks normally reserved to a pharmacist according to WAC 246-863-095 that may be performed by a pharmacy technician who has met board requirements.

(6) "Prescription" as defined in RCW 18.64.011(8).

(7) "Responsible manager" as defined in WAC 246-869-070.

(8) "Unit-dose" and "unit-dose drug distribution system" as defined in WAC 246-865-020.

(9) "Unit-dose medication cassettes" means containers for a patient's medications into which each individually packaged and labeled drug is placed.

(10) "Verification" means the pharmacist has reviewed a patient drug order initiated by an authorized prescriber, has examined the patient's drug profile, and has approved the drug order after taking into account pertinent drug and disease information to insure the correctness of the drug order for a specific patient. The verification process must generate an audit trail that identifies the pharmacist. The pharmacist who performs the verification of a drug order is responsible for all reports generated by the approval of that order. The unit-dose medication fill and check reports are an example.

(11) "Immediate supervision" means visual and/or physical proximity to a licensed pharmacist to ensure patient safety.

WAC 246-901-030 Technician education and training. (1) Applicants must obtain education and training from one of the following:

(a) Formal academic pharmacy technician training program approved by the board.

(b) On-the-job pharmacy technician training program approved by the board.

(2) The minimum educational prerequisite for entering a training program shall be high school graduation or G.E.D.

(3) Applicants must pass a board-approved national standardized pharmacy technician certification examination.

(1/24/17) [Ch. 246-901 WAC p. 1]
(4) An out-of-state pharmacy technician applicant must meet the same requirements as a pharmacy technician trained in this state. The board must approve training programs approved in other states.

(5) Applicants whose academic training has been obtained in foreign countries shall meet certification requirements as listed below:

(a) Foreign pharmacy school graduates. Board approval of program completed for the degree.

(b) Foreign medical school graduates. Board approval of program completed for the degree.

(c) All foreign graduates for whom English is not the primary language shall provide proof of receiving a score of at least 173 on the Test of English as a Foreign Language (TOEFL) and a score of 50 on the Test of Spoken English (TSE) prior to certification.

(d) Foreign trained applicants must earn 520 hours of supervised experience in an approved pharmacy technician training program.

(6) Prior to performing specialized functions, pharmacy technicians shall complete specialized training and meet proficiency criteria set forth by the board.

(a) Unit-dose medication checking. The training proficiency criteria requires demonstration of 99% accuracy in medication checking.

(b) Intravenous admixture preparation. The training proficiency criteria requires demonstration of 100% accuracy in intravenous admixture preparation of a representative sample of preparations provided by the facility using aseptic technique.

WAC 246-901-050 Technician program approval.

(1) Program standards. The board will establish standards for judging pharmacy technician training programs.

(2) Approval. In order for a program for training pharmacy technicians to be considered for approval by the board, the director of the program, who shall be a pharmacist, shall submit to the board a description of the course of training offered, including subjects taught, method of teaching, and practical experience provided. The director of the program shall also advise the board concerning the skills and knowledge which are obtained in the course, and the method by which the proficiency of the pharmacy technician in those skills and knowledge is tested or ascertained. The board may require such additional information from program sponsors.

(3) Program change. The director shall request board approval before implementing any significant program change.

(4) Reapproval. The director shall submit each approved program to the board for reapproval every five years.

(5) Registry. The board will maintain a registry of approved programs. Interested persons may request a copy of the registry by contacting the board.

WAC 246-901-061 Pharmacy technician—Continuing education requirements. (1) A pharmacy technician certified under this chapter shall complete a minimum of ten continuing education hours or 1.0 continuing education unit (CEU) every renewal cycle following their first certification renewal. One contact hour equals 0.1 CEU.

(2) For each renewal cycle, continuing education must include:
   (a) A minimum of one hour of course work in pharmacy law; and
   (b) Nine hours in any course work that relates to pharmacy practice.

(3) Approved continuing education credits must be earned through a board approved continuing education program or course. Board approved continuing education includes:
   (a) Courses and programs that are accredited or approved by the Accreditation Council of Pharmaceutical Education (ACPE).
   (b) Courses and programs as established in WAC 246-861-050, that have been submitted by a pharmacist and approved by the board of pharmacy for purposes of pharmacist education. The course or program must be submitted on a form provided by the board and the course work must be directly related to the scope of practice of a pharmacy technician.

(4) A pharmacy technician must obtain a certificate of participation from a board-approved continuing education program for each course completed. The certificate must be kept for a minimum of four years from the date of course completion. The certificate must contain:
   (a) The participant’s name;
   (b) Course title;
   (c) Course date; and
   (d) The number of continuing education hours or CEUs.

(5) In lieu of a certificate of participation, approved courses can be verified through the ACPE central repository of continuing pharmacy education monitoring system.

(6) Continuing education hours or CEUs may not be carried over from one reporting cycle to another.

(7) A pharmacy technician may request to be excused from meeting the continuing education requirements if the inability to satisfy the requirements was due to extenuating circumstances. The board determines if the requirement can be waived.

WAC 246-901-065 Expired technician license. (1) If the technician license has expired for five years or less, the practitioner must meet the requirements of chapter 246-12 WAC, Part 2.

(2) If the license has expired for over five years, the practitioner must:
   (a) Complete certification requirements within one year of application to the board for certification;
   (b) Meet the requirements of chapter 246-12 WAC, Part 2.

(3) If the practitioner has been in an active practice in another United States jurisdiction with duties that are substantially equivalent to a pharmacy technician in Washington state, the practitioner must:
   (a) Submit verification of active practice from any other United States jurisdiction;
   (b) Meet the requirements of chapter 246-12 WAC, Part 2.

WAC 246-901-100 Board approval of pharmacies utilizing pharmacy ancillary personnel and specialized functions. (1) Application. All licensed pharmacies may apply on a form supplied by the board for permission to utilize the services of pharmacy ancillary personnel.

(2) Utilization plan for pharmacy technicians.

(a) General. The application for approval must describe the manner in which the pharmacy technicians will be utilized and supervised, including job descriptions, task analysis or similar type documents that define the duties performed and the conditions under which they are performed, number of positions in each category, as well as other information as may be required by the board. The board will be notified of all changes to the utilization plan. A copy of the utilization plan must be maintained in the pharmacy.

(b) Specialized function. The utilization plan for pharmacy technicians performing specialized functions. The utilization plan must include:

(i) The criteria for selection of pharmacy technicians to perform specialized functions;

(ii) A description of the methods of training and of initial demonstration of proficiency;

(iii) A copy of the part of the section of the pharmacy's quality assurance plan related to pharmacy technician specialized functions;

(iv) Other information that may be required by the board.

(c) To gain approval for specialized functions, a pharmacy must follow board-approved guidelines regarding pharmacy technician training, implementation and evaluation.

(3) Utilization plan for pharmacy assistants. The application for approval must list the job title or function of the pharmacy assistant.

(4) The board may give conditional approval for pilot or demonstration projects for innovative applications in the utilization of pharmacy ancillary personnel.

WAC 246-901-130 Pharmacist to pharmacy technician ratio. (1) A standard ratio of one pharmacist to a maximum of three technicians is established for each licensed pharmacy.

(2) The pharmacist must be actively practicing pharmacy.

(3) In determining which pharmacists may be included in the calculation of the ratio, the board will consider approval of pharmacy technician utilization plans which include all pharmacists within the pharmacy who are engaged in the actual practice of pharmacy. When the pharmacy provides service to inpatients of a hospital or extended care facility, pharmacists who are practicing pharmacy outside of the confines of the licensed pharmacy (for example, performing nursing unit inspections, reviewing charts, consulting with health professional staff) may be included in the ratio, if:

(a) There are sufficient numbers of pharmacists within the pharmacy to properly supervise the work of the pharmacy technicians;

(b) The pharmacy is not open to the public;

(c) The medications are being checked by another health professional before being given to the patient;

(d) Drug orders are not dispensed from the pharmacy without being checked by a licensed pharmacist or pharmacy intern except for board-approved pharmacy technician specialized functions provided a pharmacy technician may check unit-dose medication cassettes.

WAC 246-901-140 Pharmacy services plan. A pharmacy may use more pharmacy technicians than prescribed by the standard ratio if the board approves the pharmacy's pharmacy services plan.

(1) The pharmacy services plan shall include, at a minimum, the following information: Pharmacy design and equipment, information systems, workflow, and quality assurance procedures. In addition, the pharmacy services plan shall demonstrate how it facilitates the provision of pharmaceutical care by the pharmacy.

(2) The board may require additional information to ensure appropriate oversight of pharmacy technicians before approving a pharmacy services plan.

(3) The board may give conditional approval for pilot or demonstration projects.
