(1) The authority is a state agency and public instrumentality created by the act.
(2) The authority is created to assist in securitizing the revenue stream from the master settlement agreement between the state and tobacco product manufacturers in order to provide a current and reliable source of revenue for the state. To this end, the authority is authorized to enter into sales agreements with the state for purchase of a portion of the amounts due under the master settlement agreement and to issue bonds secured by revenues derived under any sales agreement.
(3) The authority's powers and duties are described in the act.

(2) Public records are available for public inspection and copying during the hours of operation of the authority (unless the requesting party and the authority agree on a different time) at the authority's offices in accordance with the procedures set forth herein.

WAC 465-10-060 Public records officer. The authority shall designate a public records officer to have charge of its public records. The public records officer shall be responsible for implementing the authority's public disclosure rules and for coordinating staff and employees in this regard. The public records officer may choose such designees as may be appropriate.

WAC 465-10-070 Requests for public records. Chapter 42.17 RCW requires the authority to prevent unreasonable invasions of privacy, protect public records from damage or disorganization, and prevent excessive interference with essential functions and unreasonable disruptions of operations. Accordingly, the public may inspect, copy, or obtain copies of public records upon compliance with the following procedures:

(1) A member of the public who seeks a public record shall make a written request. No particular form of writing is required so long as the request contains the following information:

(a) The name, mailing address, and telephone number of the person requesting the record.

(b) The calendar date on which the request is made.

(c) Identification of the record requested with sufficient particularity that the authority can identify the requested record and make it available. Such identifying information might include the title, subject matter, and date of the record.

(d) A signed statement that the record will not be used for commercial purposes if a list of individuals is being requested, or for any other use prohibited by law.

(2) To facilitate processing the request, the person requesting the record may also include:

(a) A fax number.

(b) A reference to the record as it is described in the current public record index maintained by the authority.

(3) The public may make written public records requests to the authority, by mail or fax in accordance with WAC 465-10-040. Members of the public making public records requests in person who have not reduced their request to writing shall be asked to complete a short form with the needed information. The purpose of requiring written requests is to assist the authority in tracking, managing, and responding to requests in a timely and orderly fashion.

(4) The authority shall assist persons making public records requests to appropriately identify the public records being sought. The authority may ask the requesting party to clarify what information is being sought.

WAC 465-10-080 Copying and fees. (1) Copying.

(a) The authority shall make copies on the authority's copy equipment when doing so will not unreasonably disrupt the operations of the authority or cause excessive interference with other essential functions.

(b) Persons requesting public records may use their own copying equipment and paper without charge when the use of such equipment does not cause damage or disorganization to the public records, unreasonably impede the operations of the authority or cause excessive interference with other essential functions. The authority may supervise such copying at all times.

(2) Fees.

(a) The authority shall not charge a fee for locating documents, for making them available, or for inspection of public records by the public.

(b) The authority will charge a fee of twenty-five cents per page for providing copies of public records and for use of the authority's equipment. The authority may impose a reasonable fee for mailing costs, postage, delivery costs, and other costs directly incident to copying the records. The authority shall not charge fees that exceed the amount necessary to reimburse the authority for its actual costs.

(c) The authority shall not provide copies to requesting parties unless associated fees have been paid in full by cash, check, or money order. To ensure that copies requested and made are actually paid for, the authority may require payment prior to making the copies.

(d) The authority may agree to provide copies without fee to federal, state, local, or tribal governments, or to others, when doing so is in the best interest of the authority.

(2) If the records do not contain materials exempt from public disclosure, the authority shall disclose the records.

(3) If the records contain materials exempt from public disclosure, the authority shall deny disclosure of the exempt materials and disclose any remaining, nonexempt materials. At the time of the denial, the authority shall clearly specify in writing the reasons for the denial, including a statement of the specific exemptions or reason for denial of disclosure.

WAC 465-10-100 Review of denials of requests for public records. For the purpose of judicial review, final agency action is deemed to have occurred at the end of the second business day after the requesting party receives notification of a denial of inspection.
