SECTION 1. Any benevolent or charitable society incorporated under the laws of this state for the purpose of receiving, caring for, or placing out for adoption, or improving the condition of orphan, homeless, neglected or abused minor children of this state, shall have authority to receive, control, and dispose of children under fourteen (14) years of age under the following provisions:

(a) When the father and mother or the person or persons legally entitled to act as guardian of the person of any minor child shall in writing surrender such child to the charge and custody of said society, such child shall thereafter be in the legal custody of such society for the purposes herein provided.

(b) In case of the death or legal incapacity of a father or of his abandonment or neglect to provide for his family the mother shall have authority to make such surrender, and in case of the death or legal incapacity of a mother, or her abandonment of such child then the father shall have authority to make such surrender.

(c) In all cases where the person or persons legally authorized to make such surrender are not known, the board of county commissioners of the county in which any orphan, homeless, neglected, or abused child may be found, may, when they deem it best for such child, make such surrender, and when any child shall have been surrendered in accordance with any of the preceding clauses and such child shall have been accepted
by such society, then (but not otherwise) the rights of its natural parents or of the guardian of its person (if any) shall cease and such corporation shall become entitled to the custody of such child, and shall have authority to care for and educate such child or place it either temporarily or permanently in a suitable private home in such manner as shall best secure its welfare. Such corporation shall have authority when any such child has been surrendered to it in accordance with any of the preceding provisions, and is still in its control, to consent to its adoption under the laws of Washington. The custody or control of any such child by any such corporation or by any other corporation, institution, society, or person may be inquired into and, in the discretion of the court, terminated at any time by the superior court of the county where the child may be, upon the complaint of any person, and a showing that such a custody is not in the interest of the child.

Sec. 2. Upon complaint of any person in writing to any judge of the superior court giving the names and residences of the parents, guardian (if any) or next of kin of such child, so far as known, and alleging that the father of such minor child is dead or has abandoned his family, or is an habitual drunkard, or is imprisoned for crime, or has grossly abused or neglected such child, and that the mother of such child is an habitual drunkard or imprisoned for crime, or is an inmate of a house of ill fame, or is a woman of notoriously bad character, or is dead, or has abandoned her family, or has grossly abused or neglected such child, and alleging that the welfare of such child requires that legal steps be taken to provide for its care and custody, a warrant shall issue directing the proper officer to take such child into custody and to care for or dispose of it as such judge shall direct, until a hearing can be had such proceedings shall have precedence of other causes; of which hearing twenty days notice shall be given to such parents, guardian or next of kin, and such judge shall hear the allegations of the com-
plaint and all testimony offered for and against the same and determine whether in his judgment there is cause for a change in the care and custody of such child, he shall enter such finding and shall transmit the papers and the transcript of his proceedings to the county commissioners of the county in which the case arises and shall surrender such child to the custody and care of said commissioners, and such surrender by said judge shall carry with it the same powers and authority as above provided in case of voluntary surrender except as to power to consent to adoption.

Sec. 3. When any minor is a county charge or has been surrendered to the board of county commissioners under the provisions of this act the board of county commissioners, if they think the welfare of the child demands it, may surrender such child to the care and custody of any family or any benevolent society or corporation without the consent of its parents unless within twenty days after the notice of the intention of such commissioners so to do, given in writing to parents, guardian or next of kin of such child, so far as known to said commissioners, such parents, guardian or next-of-kin shall provide for such child and relieve the county thereof.

Sec. 4. When any officer or agent of any such society shall request a police officer, or other peace officer, to investigate or assist in the investigation of any alleged case of any such neglected or abused child, such officer shall immediately make or assist in such investigation and if he deem it proper shall forthwith take such child into custody without warrant, taking such child and reporting such case at once to the judge of the superior court for such proceedings as may be proper under the provisions of this act.

Sec. 5. Nothing in this act shall entitle any such society to act as guardian of or to have control of the estate of any minor child.

Sec. 6. Upon the hearing of any writ of habeas corpus for the custody of any such child, if it appears that such child has been surrendered to any such
corporation under the provisions of this act, such surrender shall be taken as *prima facie* evidence that such child was legally and properly surrendered to such corporation and that such corporation is entitled to the custody and control of such child under the provisions of this act.

Sec. 7. The board of county commissioners shall pay the expenses of bringing the child before the court and caring for it pending a hearing under this act; no clerk, sheriff, police officer, member of the board of county commissioners or witness shall charge or be allowed any costs whatever in these proceedings, except where a complaint shall be adjudged to be without sufficient cause and malicious, in which event all costs shall be taxed against the complainant.

Sec. 8. Whereas a number of orphan, homeless, neglected and abused children now await the action of the legislature, an emergency exists for the immediate taking effect of this act, the same shall be in force immediately upon its passage and approval by the governor.

Be it enacted by the Legislature of the State of Washington:

Section 1. Whenever the council of any city or town has heretofore by resolution or ordinance, or either, or both, found that any street or streets, or specified portions thereof, upon the water front, within or in front of such city or town, are imaginary streets, existing only upon maps or plats, and that the same in the portions specified have never been opened for public travel or improved as public highways, and that it will be for the best interest of such city or town, its trade or commerce, not to take possession of or improve any such street or specified portions thereof, and that the closing of such street or specified portions thereof for a period therein provided, and the occupancy of the space so closed by persons, or corporations, for the purpose of trade, commerce, navigation, transportation, manufactures, or other industries, will be without injury to any public or private interest, but will be of great benefit to the public and such community, and therein authorizing such occupancy for such purposes, for the period therein specified, such resolutions, ordinances, and the action of the council of such city or town as therein determined and set forth are hereby validated: Provided, That this shall not be construed as validating any such lease for a longer term than thirty years from the date of the commencement of the term mentioned in such lease: And provided further, That this act shall not apply to cities of the first class.

RELATING TO SALES OF PROPERTY UNDER EXECUTION.

AN ACT relating to the sales of property under execution, decrees, and orders of sale, and the confirmation of sheriff's sales, and redemption therefrom, and repealing an act passed by the legislature of the State of Washington March 2, 1897, approved March 10, 1897, entitled "An act relating to the sale of property under execution and decrees, and the confirmations of sheriff's sales, and repealing sections 511, 512, 513, 514, 515, 516, 517, 518, 519, 520 and 521 of Vol. 2 of Hill's Annotated Statutes and Codes of the State of Washington, relating to the redemption of real estate sold on decrees of foreclosure and on execution" and declaring an emergency.

Be it enacted by the Legislature of the State of Washington:

SECTION 1. A decree of foreclosure of mortgage or other lien may be enforced by execution as an ordinary judgment or decree for the payment of money. The execution shall contain a description of the property described in the decree. The sheriff shall endorse upon the execution the time when he receives it, and he shall thereupon forthwith proceed to sell such property or so much thereof as may be necessary to satisfy the judgment, interest and costs upon giving the notice prescribed in section three (3) of this act.

SEC. 2. When there is an agreement of the judgment debtor for the payment of any sum of money secured by a mortgage or other lien, and a deficiency judgment is consented to in said agreement, the court may direct in the decree that the balance due and costs which may remain unsatisfied after the sale of the property shall be satisfied from any property of the judgment debtor, and if any part of the judgment, interest and costs remains unsatisfied, the sheriff shall forthwith proceed to levy upon any property of the judgment debtor not exempt from execution, and all subsequent proceedings under said execution shall conform to the provisions of this act. The judgment creditor may also obtain from the clerk of the court execution on executions in the
Ordinary form for such deficiency: Provided, That in case of mortgage foreclosure where the mortgage contains a stipulation that no deficiency judgment shall be taken against the mortgagor, but that the mortgagor shall look to the mortgaged premises for satisfaction of his claim, no deficiency judgment shall be allowed. The commencement of an action for the recovery of a debt secured by mortgage not asking a foreclosure of the mortgage and brought before a foreclosure of the mortgage and sale thereof, shall be, and be deemed to be, a waiver of the mortgage security; and this provision may not be waived or avoided by agreement contained in the mortgage or otherwise.

Sec. 3. Before the sale of property under execution, order of sale or decree, notice thereof shall be given as follows: 1. In case of personal property, by posting written or printed notice of the time and place of sale in three (3) public places in the county where the sale is to take place, for a period of not less than ten (10) days prior to the day of sale. 2. In case of real property, by posting a similar notice, particularly describing the property for a period of not less than four (4) weeks prior to the day of sale, in three (3) public places in the county, one of which shall be at the court house door, where the property is to be sold, and one posted on the property to be sold, and publishing a copy thereof once a week, consecutively for the same period, in a newspaper of general circulation published in the county. 3. All notices of sales of property on execution or order of sale, required by law to be published in any newspaper shall be so published in a newspaper of the county which shall be selected by the sheriff, and if there is no newspaper published in the county, then such notice shall be published in the newspaper published in this state nearest to the place of sale: Provided, That if the person at whose instance the execution or order of sale is issued, or his attorney, shall present to the sheriff a receipt of the publisher of any newspaper showing full payment for the publication, then the notice shall be published in that
newspaper: And provided further, That the charge for any such publication shall not exceed seventy-five cents per square for first insertion, and thirty-seven and one half cents per square for each subsequent insertion.

Sec. 4. All sales of property under execution, orders of sale or decree, shall be made by auction between nine o'clock in the morning and four o'clock in the afternoon. After sufficient property has been sold to satisfy the execution, no more shall be sold. Neither the office holding the execution, nor his deputy, shall become a purchaser, or be interested in any purchase at such sale. When the sale is of personal property capable of manual delivery, and not in the possession of a third person, association or corporation, it shall be within view of those who attend the sale, and be sold in such parcels as are likely to bring the highest price; and when the sale is of real property, consisting of several known lots or parcels, they shall be sold separately or otherwise as is likely to bring the highest price, or when a portion of such real property is claimed by a third person, and he requires it to be sold separately, such portion shall be sold separately. Sales of real property shall be made at the court house door on Saturday.

Sec. 5. Upon a sale of real property under execution, decree or order of sale, when the estate is less than a leasehold of two years unexpired term, the sale shall be absolute. In all other cases such property shall be subject to redemption, as hereinafter provided. At the time of the sale the sheriff shall give to the purchaser a certificate of the sale, containing a particular description of the property sold, the price bid for each distinct lot, or parcel, the whole price paid, and when subject to redemption, it shall be so stated. The matters contained in such certificate shall be substantially stated in the sheriff's return of his proceedings upon the writ.

Sec. 6. Upon the return of any sale of real estate as aforesaid, the clerk shall enter the cause, on which the
execution or order of sale issued, by its title, on the motion docket, and mark opposite the same: "Sale of land for confirmation;" and the following proceedings shall be had:

1. The plaintiff at any time after ten days from the filing of such return shall be entitled, on motion therefor, to have an order confirming the sale, unless the judgment debtor, or in case of his death, his representative, shall file with the clerk within ten days after the filing of such return, his objections thereto. 2. If such objections be filed the court shall, notwithstanding, allow the order confirming the sale, unless on the hearing of the motion, it shall satisfactorily appear that there were substantial irregularities in the proceedings concerning the sale, to the probable loss or injury of the party objecting. In the latter case, the court shall disallow the motion and direct that the property be resold, in whole or in part, as the case may be as upon an execution received of that date. 3. Upon the return of the execution, the sheriff shall pay the proceeds of sale to the clerk, who shall then apply the same, or so much thereof as may be necessary, in satisfaction of the judgment. If an order of resale be afterwards made, and the property sell for a greater amount to any person other than the former purchaser, the clerk shall first repay to such purchaser the amount of his bid out of the proceeds of the latter sale. 4. Upon a resale, the bid of the purchaser at the former sale shall be deemed to be renewed and continue in force, and no bid shall be taken, except for a greater amount. An order confirming a sale shall be a conclusive determination of the regularity of the proceedings concerning such sale as to all persons in any other action, suit or proceeding whatever. 5. If, after the satisfaction of the judgment, there be any proceeds of the sale remaining, the clerk shall pay such proceeds to the judgment debtor, or his representative, as the case may be, at any time before the order is made upon the motion to confirm the sale: Provided, Such party shall file with the clerk a waiver of all objections made or to
be made to the proceedings concerning the sale; but if the sale be confirmed, such proceeds shall be paid to said party of course; otherwise they shall remain in the custody of the clerk until the sale of the property has been disposed of.

Sec. 7. Property sold subject to redemption, as above provided, or any part thereof separately sold, may be redeemed by the following persons, or their successors in interest:

1. The judgment debtor or his successor in interest, in the whole or any part of the property separately sold.

2. A creditor having a lien by judgment, decree or mortgage, on any portion of the property, or any portion of any part thereof, separately sold, subsequent in time to that on which the property was sold. The persons mentioned in sub-division two of this section are termed redemptioners.

Sec. 8. The judgment debtor or his successor in interest, or any redemptioner, may redeem the property at any time within one year after the sale, on paying the amount of the bid, with interest thereon at the rate of eight per cent. per annum to the time of redemption, together with the amount of any assessment or taxes which the purchaser or his successor in interest may have paid thereon after purchase, and like interest on such amount; and if the purchaser be also a creditor having a lien, by judgment, decree or mortgage, prior to that of the redemptioner, other than the judgment under which such purchase was made, the amount of such lien with interest.

Sec. 9. If property be so redeemed by a redemptioner, another redemptioner may, within sixty days after the last redemption, again redeem it from the last redemptioner by paying the sum paid on such last redemption with interest at the rate of eight per cent. per annum, and the amount of any taxes or assessment which the last redemptioner may have paid thereon after the redemption by him, with like interest on such amount, and in addition thereto by paying the amount of any liens, by judgment, decree or mortgage, held by said
last redemptioner prior to his own, with interest; but the judgment under which the property was sold need not be so paid as a lien. The property may be again, and as often as a redemptioner is so disposed, redeemed from any previous redemptioner within sixty days after the last redemption, on paying the sum paid on the last previous redemption with interest thereon at the rate of eight per cent. per annum, and the amount of any assessments or taxes which the last previous redemptioner paid after the redemption by him, with like interest thereon, and the amount of any liens by judgment, decree or mortgage, other than the judgment under which the property was sold, held by the last redemptioner, previous to his own, with interest. If the purchaser or redemptioner shall pay any taxes or assessments, or have or acquire any such lien as herein mentioned, he must file a statement thereof with the auditor of the county where said property is situate before the property shall have been redeemed from him, otherwise the property may be redeemed without paying such tax, assessment or lien. Such statement shall be recorded by such auditor.

**Sheriff's deed.**

SEC. 10. If no redemption be made within one year after the sale the purchaser or his assignee is entitled to a conveyance; or, if so redeemed, whenever sixty (60) days have elapsed, and no other redemption has been made, or notice given operating to extend period of redemption, and the time for redemption has expired, the last redemptioner or his assignee is entitled to a sheriff's deed; but in all cases the judgment debtor shall have the entire period of one year from the date of the sale to redeem the property. If the judgment debtor redeem he must make the same payments as are required to effect a redemption by the redemptioner. If the judgment debtor redeem, the effect of the sale is terminated and he is restored to his estate. A certificate of redemption must be filed and recorded in the office of the auditor of the county in which the property is situated, and the auditor must note the
record thereof in the margin of the record of the certificate of sale.

Sec. 11. When two or more persons apply to the sheriff to redeem at the same time he shall allow the person having the prior lien to redeem first, and so on. The sheriff shall immediately pay the money over to the person from whom the property is redeemed, if he attend at the redemption; or if not, at any time thereafter when demanded. When a sheriff shall wrongfully refuse to allow any person to redeem, his right to redeem shall not be prejudiced thereby, and the sheriff may be required, by order of the court, to allow such redemption.

Sec. 12. The mode of redeeming shall be as provided in this section. The person seeking to redeem shall give the sheriff at least five days written notice of his intention to apply to the sheriff for that purpose. It shall be the duty of the sheriff to notify the purchaser or redemptioner, as the case may be, or his attorney, of the receipt of such notice, if such person be within such county. At the time and place specified in such notice the person seeking to redeem may do so by paying to the sheriff the sum required. The sheriff shall give the person redeeming a certificate stating therein the sum paid on redemption, from whom redeemed, the date thereof and a description of the property redeemed. A person seeking to redeem shall submit to the sheriff the evidence of his right thereto, as follows:

1. If he be a lien creditor, a copy of the docket of the judgment or decree under which he claims the right to redeem, certified by the clerk of the court where such judgment or decree is docketed; or if he seeks to redeem upon mortgage, the certificate of the record thereof; also an affidavit, verified by himself or agent, showing the amount then actually due thereon.

2. A copy of any assignment necessary to establish his claim, verified by the affidavit of himself or agent, showing the amount then actually due on the judgment, decree or mortgage.
3. If the redemptioner or purchaser has a lien prior to that of the lien creditor seeking to redeem, such redemptioner or purchaser shall submit to the sheriff the evidence thereof, and the amount due thereon, or the same may be disregarded.

Sec. 13. The purchaser, from the time of the sale until the redemption, and the redemptioner from the time of his redemption until another redemption, except as hereinafter provided, is entitled to receive from the tenant in possession the rents of the property sold, or the value of the use and occupation thereof. But when any rents or profits have been received by such person or persons thus entitled thereto, from the property thus sold, preceding the redemption thereof from him, the amount of such rents and profits, over and above the expenses paid for operating, caring for, protecting and insuring the property, shall be a credit upon the redemption money to be paid; and if the redemptioner or other person entitled to make such redemption, before the expiration of the time allowed for such redemption, files with the sheriff a demand in writing for a written and verified statement of the amounts of such rents and profits thus received, and expenses paid and incurred, the period for redemption is extended five (5) days after such sworn statement is given by such person thus receiving such rents and profits, or by his agent, to the person making such demand, or to the sheriff. It shall be the duty of the sheriff to serve a copy of such demand upon the person receiving such rents and profits, his agent or his attorney, if such service can be made in the county where the property is situate. If such person shall, for a period of ten days after such demand has been given to the sheriff, fail or refuse to give such statement, such redemptioner or other person entitled to redeem from such sale, making such demand, may bring an action within sixty days after making such demand, but not later, in any court of competent jurisdiction, to compel an accounting and disclosure of such rents, profits and expenses, and until fifteen days from
and after the final determination of such action the right of redemption is extended to such redemptioner or other person making such demand who shall be entitled to redeem. If a sworn statement is given by the purchaser or other person receiving such rents and profits, and such redemptioner or other person entitled to redeem, who makes such demand, desires to contest the correctness of the same, he must first redeem in accordance with such sworn statement, and if he desires to bring an action for an accounting thereafter he may do so within thirty days after such redemption, but not later: Provided, That if such property be farming or agricultural property and be in possession of any purchaser or any redemptioner and is redeemed after the first day of April and before the first day of December, and the purchaser or his tenant has performed any work in preparing such property for crops, or planted crops, he shall be entitled to reimbursement for such work and labor or the right to retain possession of such property until the first day of December following, and the redemptioner shall be entitled to collect the reasonable rental value thereof during such farming year, unless such reasonable rental shall have been collected by such purchaser and accounted for to the redemptioner.

Sec. 14. Until the expiration of the time allowed for redemption the court may restrain the commission of waste on the property. But it is not waste for the person in possession of the property at the time of the sale or entitled to possession afterwards during the period allowed for redemption to continue to use it in the same manner in which it was previously used, or to use it in the ordinary course of husbandry, or to make the necessary repairs of buildings thereon, or to use wood or timber on the property therefor, or for the repairs of fences, or for fuel in his family while he occupies the property.

Sec. 15. The purchaser from the day of sale until a resale or redemption, and the redemptioner from the day of his redemption until another redemption, shall
be entitled to the possession of the property purchased or redeemed, unless the same be in the possession of a tenant holding under an unexpired lease, and in such case shall be entitled to receive from such tenant the rents or the value of the use and occupation thereof during the period of redemption: Provided, That when a mortgage contains a stipulation that in case of foreclosure the mortgagor may remain in possession of the mortgaged premises after sale and until the period of redemption has expired the court shall make its decree to that effect and the mortgagor have such right: Provided further, That as to any land so sold which is at the time of the sale used for farming purposes, or which is a part of a farm used at the time of sale for farming purposes the judgment debtor shall be entitled to retain possession thereof during the period of redemption and the purchaser or his successor in interest shall if the judgment debtor do not redeem have a lien upon the crops raised or harvested thereon during the period of such possession for interest on the purchase price at the rate of six per cent. per annum during the period of possession and for any taxes with interest: And, provided further, That in case of any homestead occupied for that purpose at the time of sale, the judgment debtor shall have the right to retain possession thereof during the period of redemption without accounting for issues or value of occupation.

Sec. 16. In all cases where real estate has been, or may hereafter be sold in pursuance of law by virtue of an execution or other process, issued upon an ordinary money judgment, or by virtue of execution, or other process issued upon a decree for the foreclosure of a mortgage or other lien it shall be the duty of the sheriff or other officer making such sale to execute and deliver to the purchaser, or other person entitled to the same a deed of conveyance of the real estate so sold immediately after the time for redemption from such sale has expired: Provided, Such sale has been duly confirmed by order of the court. In case the term of office of the sheriff or other officer making such sale shall have ex-
pired before a sufficient deed has been executed, then the successor in office of such sheriff shall, within the time specified in this act, execute and deliver to the purchaser or other person entitled to the same a deed of the premises so sold, and such deeds shall be as valid and effectual to convey to the grantee the lands or premises so sold, as if the deed had been made by the sheriff or other officer who made the sale.

Sec. 17. The party to whom such sheriff's deed is given shall, upon receipt thereof, take the same to the clerk of the superior court, who shall enter in his book of levies, where the levy is recorded, the sale of real estate therein conveyed, and shall endorse the fact upon the deed, with the date when presented to him and when made. And no county auditor shall record any such deed without such endorsement.

Sec. 18. An act relating to sale of property under execution, passed by the legislature March 2, 1897, and approved by the governor March 10, 1897, entitled: "An act relating to the sale of property under execution and decrees, and the confirmation of sheriff's sales and repealing section[s] 511, 512, 513, 514, 515, 516, 517, 518, 519, 520 and 521 of Vol. 2 of Hill's Annotated Statutes and Codes of the State of Washington, relating to the redemption of real estate sold on decree of foreclosure and on execution" is hereby repealed: Provided, such repeal shall not affect any rights existing under said act or said sections nor any proceeding pending thereunder.

Sec. 10. Such commissioners shall divide their county into precincts, townships and districts, as provided for by the laws then existing, making only such changes as are rendered necessary by the altered condition of the boundaries occasioned by the segregation from the original counties.

SEC. 4. Upon the filing of the written consent of the bondholders and the petition signed by the qualified electors, as provided in the last two sections, it shall be the duty of the board of county commissioners of such county at their next regular session, or at that time, if then in session, to call an election for the purpose of submitting to the voters of said district the question whether the district shall be dissolved under the provisions of this act. Such election shall be held upon like notice and conducted in like manner, as other elec-

Sec. 5. Sec. 6. The officers conducting such election shall make returns thereof to the county auditor of the county in which such district is situated within ten days after such election, and the board of county commissioners of said county shall at the first meeting to be held thereafter canvass the vote of such election, and if a majority of the voters voting thereat shall vote in favor of dissolution it shall be the duty of all officers and persons having in their possession any of the books, records, documents, or proceedings appertaining to such district, to deliver the same, on demand, to the county auditor of the county in which such district is situated.

Sec. 8. Upon the filing of such statement and certificate the clerk shall docket the proceedings entitled "In the matter of the dissolution of ........ irrigation district," and the superior court shall thereupon make an order directing the clerk to give notice that such
statement has been filed in his office, which notice shall continue [contain] a general statement of the nature of the proceedings, and shall notify all persons having claims against said district to present the same for allowance and approval on or before a day in such notice to be specified. No claim or debt which is barred by the statutes of limitations shall be approved or allowed. Such irrigation district, or any other person deeming himself aggrieved by the final judgment allowing or rejecting any claim, may appeal to the supreme court within ten days from the entry of such final judgment, but not thereafter.

A certified copy of such order shall be delivered to such master as his authority in the premises. Such notice of sale shall be given in like manner and for the same time as a notice of sale of real property on execution, except that it shall not be deemed necessary to post any copy of such notice. Said sale shall be made at public auction at the front door of the court house in such county, and may be adjourned from time to time, not exceeding three
weeks in all, by public proclamation made at the time and place of sale, or the time from which the same may have been previously adjourned. Such master is authorized to receive in payment of the purchase price any securities or obligations of such district, the validity of which has been established by the previous judgment of the court, as herein provided; such securities or obligations to be accepted at their face value and no bids shall be accepted, and no sale of said property shall be made for a less sum than the amount of bonded indebtedness of such district, including all accrued interest.

In levying such assessments the board of county commissioners shall be governed as near as may be by the general irrigation district laws, except
as herein otherwise provided. The county assessor shall, under the direction of the board of county commissioners, prepare an assessment roll of the lands in said district from the last assessment roll of the county, for state and county taxes. The board of county commissioners shall equalize the same, after giving like notice and in like manner as the board of directors of irrigation districts are required to do. The county auditor shall perform the same duties as are now devolved by law on the secretary of irrigation districts, and the county treasurer shall be ex-officio treasurer and collector thereof. In all other respects such tax shall be collected as under the general irrigation district laws of the state.

Sec. 13. As soon as the sale is confirmed as herein provided, the court shall make an order dissolving the irrigation district, a certified copy of which shall be recorded in the office of the county auditor of the county in which such district is situated; and from and after the filing of such order said district shall cease to exist, except for the purpose of the collection of its indebtedness; and all papers, records and proceedings appertaining to the same shall be turned over to the county auditor of the proper county, and all bonds and other obligations of the district shall be cancelled as soon as paid.

The rental fixed and reserved to the State of Washington in each such lease shall be such sum as said board shall fix, not exceeding one per centum of the value as ascertained by the last assessment for state and county purposes previous to the making of each such lease, of a strip of the shore or tide lands (exclusive of the improvements thereon) adjoining the portion of the harbor area embraced in such lease and of equal width, and where such adjoining strip of shore or tide lands is of less width than the harbor area, a value proportional to said width. Said board shall require of each such lessee a bond with sufficient surety, to be approved by the commissioner of public lands, in such penalty, not exceeding twice the amount of the annual rental, but in no case less than five hundred dollars, as may be prescribed by the board, conditioned for the payment by the lessee of the rental reserved in his lease at or prior to the times of payment therein specified, during the term of such lease, or during such part thereof as the board in its discretion shall require to be covered by such bond; and in case only a part of the term of such lease shall be covered thereby, said board shall require of such lessee another like bond, to be executed and delivered within three months and not less than one month prior to the expiration of the period covered by the previous bond, covering the remainder of the term of the lease, or such part thereof as the board in its discretion shall require to be covered thereby. The board shall have power at any time to summon sureties upon any bond and to examine into the sufficiency thereof, and if it shall find the same to be insufficient it shall require the lessee to file a new and sufficient bond within thirty days after receiving notice so to do, under penalty of cancellation of the lease; and the board shall have power to cancel any lease for a substantial breach by the lessee of any of the conditions thereof, or for lack of a bond therewith as herein required. The lessee of any part of such
harbor area may at his or its option, improve the same in such manner, subject to the approval of the board and to such extent as such lessee shall elect. The application for, or the making or acceptance of any lease herein authorized shall not work any estoppel against either party thereto or against those in privity with either party, as to any right or claim which might otherwise be made or contested. Any holder of any lease made prior to and in full force on the 1st day of March 1899, who has theretofore fully complied with all the requirements of law relative to such leases, but no other person, shall be entitled upon making application therefor to said board, to have the rental reserved by his lease adjusted in conformity with the provisions of this section; but such adjustment shall not apply to any rental previously paid or accrued. If the person, association or corporation having the preference right to lease any part of any such harbor area has not exercised or shall not exercise such right within such time and in such manner as may be prescribed by said board in its rules and regulations, then said board whenever it shall deem it advisable that such part should be leased shall give thirty days notice by publication that a lease of such part of such harbor area for such rental and under such general rules within the limitations of this section as said board shall have prescribed will be sold, at a time and place to be specified in said notices, to the person, association or corporation offering at such public sale to pay to the state the highest sum as a cash bonus for such lease; and upon the giving of such notices such lease shall be sold and made and delivered, accordingly, the payment of the sum offered by the successful bidder being required at the time of such sale. All the rentals derived from the leases herein authorized shall be paid into the state treasury under such regulations as said board may prescribe, and shall constitute a harbor fund to be used as the legislature may direct; but the sum of one thousand dollars is hereby appropriated to be paid by the state treasurer out of said harbor fund to the commissioner of public
lands, as he shall call therefor by warrants drawn on the treasurer against said harbor fund, to be expended by said commissioner, and he is hereby authorized to expend the same so far as necessary in the examination of the policy and systems of other states and countries relative to the control and regulation of harbors and water frontage and in the gathering, collating and publication of data respecting the same, and in paying for any advertising which may be done in pursuance of this section, and any part of said sum unexpended by said commissioner prior to the 1st day of January, 1901, shall be repaid by him into the state treasury and credited to said harbor fund. Notwithstanding any such lease now or hereafter existing, the state shall ever retain and does hereby reserve the right to regulate the rates of wharfage, dockage or other tolls to be imposed by the lessee or his assigns upon commerce for any of the purposes for which the leased area may be used, and the right to prevent extortion and discrimination in such use thereof."

AN ACT authorizing the issuance and sale of bonds by cities, to pay for local improvements, providing for the payment thereof, and declaring an emergency.

Be it enacted by the Legislature of the State of Washington:

Section 1. Whenever any city shall have power and authority vested in it by its charter or by any law of this state to order or cause the whole or any part of
the streets, lanes, alleys, squares or public places of such city to be graded, re-graded, planked, re-planked, graveled, re-graveled, piled, re-piled, paved, re-paved, macadamized, re-macadamized, capped, re-capped, or to order or cause sidewalks, sewers, man-holes, culverts, curbings, gutters, water mains, or crosswalks to be constructed or to order or cause to be made any local improvements whatever, and to levy and collect assessments upon the property benefited thereby or abutting, adjoining, contiguous or approximate thereto, to defray the whole or any portion of the cost and expense of any such improvement, the proper authorities of such city may, in their discretion, provide for the payment of the cost and expense of such improvement by bonds of the district, which shall include the property liable to assessment for the payment of the cost and expense of such improvement according to the charter of such city, issued to the contractor, or by the proceeds of such bonds to be issued and sold as hereinafter provided.

Sec. 2. Such bonds shall be issued only in pursuance of ordinances of the cities issuing the same, and by their terms shall be made payable on or before a date not to exceed ten years from and after the date of the issue of such bonds, which latter date may be fixed by resolution, by council or other legislative body of said city and shall bear such interest as may be provided in such ordinance, not exceeding eight per centum per annum, which interest shall be payable annually, or semi-annually, as may be provided by ordinance, and each bond shall have attached thereto interest coupons for each interest payment. Such bonds shall be in such denominations as shall be provided in the ordinance ordering their issue and shall be numbered from one upwards, consecutively, and each bond and coupon shall be signed by the mayor and attested by the clerk or comptroller of such city: Provided, however, That said coupons may in lieu of being so signed have printed thereon fac-simile of the signatures of said officers and each bond shall have the seal of such city affixed thereto and shall refer to the im-
provement to pay for which the same shall be issued and to the ordinance ordering the same, each bond shall provide that the principal sum therein named, and the interest thereon, shall be payable out of the local improvement fund created for the payment of the cost and expense of such improvement, and not otherwise. Such bonds shall not be issued in any amount in excess of the cost and expense of the improvement.

**Disposition.**

SEC. 3. The bonds issued under the provisions of this act or such portion of such bonds as may remain unsold if same is ordered as hereinafter provided may be issued to the contractor constructing the improvement in payment therefor, or the ordinance directing the issue of such bonds may provide that the same may be sold by some duly authorized officer or officers of the city, in the manner prescribed therein, at not less than their par value and accrued interest, and that the proceeds thereof shall be applied in payment of the cost and expense of the improvement.

**Assessments.**

SEC. 4. In all cases where any city shall issue bonds as provided in this act to pay the cost and expense of any local improvement, the said cost and expense shall be assessed against the lots and parcels of land, which under the provisions of law and the charter of such city, shall be liable therefor, but the ordinance levying such assessment shall declare that the sum charged thereby against each of such lots and parcels of land may be paid in equal annual installments; the number of which installments shall be equal to the number of years which the bonds issued to pay for the improvement may run, with interest upon the whole sum so charged at a rate fixed by said ordinance, and each year thereafter one of such installments together with the interest due thereon and on all installments thereafter to become due shall be collected in the same manner as shall be provided by law and the charter and ordinances of such city for the collection of assessments for such improvements in cases where no bonds are issued.

**Payments.**

SEC. 5. The owner of any lot or parcel of land charged
with any such assessments may redeem the same from Redemption. all liability for the contract price of such improvement by paying the entire assessment charged against such lot or parcel of land, without interest, within thirty days after notice to him of such assessment, which notice shall be given as follows: The city treasurer shall, as soon as the assessment roll has been placed in his hands for collection, publish a notice in the official newspaper of the city for ten consecutive daily or two consecutive weekly issues, that the said roll is in his hands for collection and that any assessment therein may be paid at any time within thirty days from the date of the first publication of said notice without penalty, interest or cost. The bonds herein provided for shall not be issued prior to twenty days after the expiration of the thirty days above mentioned, but may be issued at any time thereafter. The owner of any such lot or parcel of land may redeem the same from all liability for said assessment at any time after said thirty days by paying the entire installments of said assessment remaining unpaid and charged against such lot or parcel at the time of such payment, with interest thereon to the date of the maturity of the installment next falling due. In all cases where any assessment or any installment thereof is paid as herein provided the same shall be paid to the city treasurer, or to the officer whose duty it is to collect said assessments, and all sums so paid shall be applied solely to the payment of the cost and expense of such improvements or the redemption of the bonds issued therefor.

Sec. 6. If the city shall fail, neglect or refuse to pay said bonds or to promptly collect any of such assessments when due, the owner of any such bonds may proceed in his own name to collect such assessment and foreclose the lien thereof in any court of competent jurisdiction, and shall recover in addition to the amount of such bonds and interest thereon, five per centum, together with the cost of such suit. Any number of holders of such bonds for any single improvement may join as plaintiffs and any number of owners of the
property on which the same are a lien may be joined as defendants in such suit.

Sec. 7. The city treasurer shall pay the interest on the bonds authorized to be issued by this act out of the respective local improvement funds from which they are payable. Whenever there shall be sufficient money in any local improvement fund against which bonds have been issued under the provisions of this act, over and above sufficient for the payment of interest on all unpaid bonds, the treasurer shall call in and pay such bonds: Provided, That such bonds shall be called in and paid in their numerical order: Provided further, That such call shall be made by publication in the city official newspaper on the day following the delinquency of the installment of the assessment or as soon thereafter as practicable, and shall state that bonds No.—(giving the serial number or numbers of the bonds called) will be paid on the day the next interest coupons on said bonds shall become due, and interest on said bonds shall cease upon such date.

Sec. 8. Nothing herein shall be construed as repealing or modifying any existing law, manner or method for cities of the first class to issue bonds for local improvements, but shall be construed as an additional and concurrent power and authority. Any city whose charter provides for the issuance of bonds for local improvements, payable only from the proceeds of special assessments, is hereby authorized to issue such bonds in the manner provided in such charter, and the holder of any such bond shall look only to the fund provided by such assessment for the principal or interest of such bond.

Sec. 9. Neither the holder nor owner of any bond issued under the authority of this act shall have any claim therefor against the city by which the same is issued, except from the special assessment made for the improvement for which such bond was issued, but his remedy in case of non-payment, shall be confined to the enforcement of such assessments. A copy of this
SECTION LAWS, 1899.

section shall be plainly written, printed or engraved on each bond so issued.

Sec. 10. Whenever any city has heretofore issued bonds for the purpose of paying the cost and expense of local improvements, or has sold such bonds and paid such cost and expense from the proceeds thereof, such city may, with the consent of the holders of such bonds, exchange for them bonds authorized by this act.

Sec. 11. Cities may pass general ordinances for the purpose of more effectually carrying this act into effect.

Sec. 12. An emergency exists, and this act shall take effect immediately.

RELATING TO PRIVATE DITCHES AND DRAINS.

AN ACT to provide for laying out and establishing private ditches and drains.

Be it enacted by the Legislature of the State of Washington:

Section 1. The owner or owners of any land which requires drainage and which is so situated that it is necessary to the proper drainage of the same to construct ditches or drains across the lands of others, may obtain the location and establishment of such ditch or drain across such lands, in the manner provided in this act.

Sec. 2. The person or persons desiring the location and establishment of such ditch or drain may file in the superior court of the county in which the lands sought to be appropriated are situated, a petition showing the name of the petitioner or petitioners; a description of
the lands to [be] benefited, and of those over which the ditch would pass, and setting forth the name of every owner, incumbrancer, or other person or party interested in the lands over which said ditch would pass, or any part thereof, so far as the same can be ascertained from the public records of the county. Such petition shall also show the object for which the lands are sought to be appropriated, the necessity for the appropriation, and the length, width and depth of the ditch on the lands of each separate owner, with a description of said ditch, as nearly as practicable; and shall also set out the estimated damage to the lands of each owner to be crossed by such ditch.

Sec. 3. The petitioner, or someone in his behalf, shall enter into a bond in the penal sum of one hundred dollars, with two or more sureties, to be approved by the clerk of said court, payable to the State of Washington, conditioned that the petitioner or petitioners will pay all costs and expenses incurred in the proceeding; which said bond shall be filed with the petition.

Sec. 4. Upon the filing of said petition the court shall appoint three viewers, two of whom shall be resident freeholders of said county, and not interested in the result of the proceeding, and the other the county surveyor of the county in which the lands are situated (unless said county surveyor shall be a party in interest, in which case some other competent surveyor shall be appointed in his place who shall receive the same compensation as is allowed by law to county surveyors) who shall, upon a day to be fixed by the court, in the order appointing them, view the lands of the petitioner and the lands which said proposed ditch or drain is to cross, for the purpose of determining: First, whether there is a necessity for the establishment of a ditch; and, second, the most practicable route for said ditch to run, if the same be necessary. The clerk of said court shall furnish to said viewers a certified copy of the order appointing them, which shall warrant them entering upon the lands described in the petition for the purpose of viewing the same.
SESSION LAWS, 1899.

Sec. 5. When said viewers shall have made said examination they shall, within ten days after the day appointed by the court for such examination, report to the court, in writing, (filing the same with the clerk of said court) their decision as to the necessity for said ditch and if they deem such ditch necessary, then the county surveyor shall file with such report an accurate description and plat of the proposed ditch, showing the course thereof as recommended by the viewers. The viewers shall also estimate the amount of damage which each separate owner would suffer by reason of the construction thereof.

Sec. 6. Upon the filing of the report of the viewers aforesaid, a summons shall be issued in the same manner as summonses are issued in civil actions, and served upon each person owning or interested in any lands over which the proposed ditch or drain will pass. Said summons must inform the person to whom it is directed of the appointment and report of the viewers; a description of the land over which said ditch will pass of which such person is the owner, or in which he has an interest; the width and depth of said proposed ditch, and the distance which it traverses said land, also an accurate description of the course thereof. It must also show the amount of damages to said land as estimated by said viewers; and that unless the person so summoned appears and files objections to the report of the viewers, within twenty days after the service of said summons upon him, exclusive of the day of service, the same will be approved by the court, which summons may be in the following form:

In the superior court of the State of Washington, for county. In the matter of the application of for a private ditch.

P. O. Address

Sec. 7. In case any person interested in any of the lands to be crossed by such ditch, as aforesaid, does not reside in the county, or cannot be found therein, or conceals himself so that personal service cannot be had upon him, upon proof thereof being made satisfactorily to appear to said court, said summons may be served by publication, in the same manner and with like effect as is done in civil actions: Provided, That no other or different form of summons shall be required for publication than is required for personal service.

Sec. 8. Upon the expiration of the time within which exceptions may be filed to the report of the viewers aforesaid, the court shall set a day upon which the petition and the report of the viewers shall be heard and considered by the court. In case exceptions have been filed by any party or parties, which exceptions must have been served upon the petitioner or petitioners prior to the hearing, the court shall hear evidence in regard thereto, and without a jury, pass upon the questions of the necessity for said ditch and the location thereof. If the court finds that such ditch is necessary, and the route selected is the best and most practicable, and that the compensation allowed by the viewers is
just and reasonable, then the court shall file his findings to this effect and cause an order to be entered approving the petition and report of the viewers. If, within twenty days from the filing of the findings of facts aforesaid, the petitioner or petitioners shall pay into court all the costs and sums awarded to the owner or owners of the land over which said ditch shall pass, a decree shall be entered establishing the same: Provided, If any party shall except to the amount of damages found by the viewers, then the amount of such damages shall be tried by jury, unless a jury trial be waived by the parties, in which case trial thereof may be had by the court. Such trial shall be at a regular term of said court, at which a jury shall be present, and shall be conducted and verdict rendered in the same manner as in civil actions: Provided further, That it shall not be incumbent on the petitioner to pay into court the amount of the award or awards of said jury, until within twenty days after said verdict shall have been rendered and entered.

Sec. 9. No appeal shall be taken from the finding of the court as to the necessity of such ditch or as to the route thereof until after final judgment or decree is entered: Provided, That exceptions shall be taken and allowed to such orders at the time that they are made, and appeal from such orders and from the award of damages shall be taken at the same time. All the provisions of the law in regard to appeals in civil actions shall apply to the proceedings provided for in this act.

Sec. 10. The viewers appointed under the provisions of this act shall receive the sum of two dollars per day for their services, and the county surveyor shall receive such compensation as is allowed by law for like services, the same to be taxed as costs and paid by the petitioner. All other costs shall be the same as in civil actions in the superior court.

Sec. 11. In case the court should not for any reason adopt the report of the viewers, or the same should be deemed insufficient for any reason, the court may ap-
point other viewers whose duties shall be the same as the duties of the viewers first appointed.

The nomination shall be made to the board of commissioners (of the county wherein said society is organized) who are hereby authorized to appoint such person as county fruit inspector, deliver to him a certificate of his appointment, and mail a duplicate copy of such certificate to the said state commissioner of horticulture. In case horticulturists in any county fail to organize, or any county horticultural society to nominate, or the county commissioners of any county to appoint, as aforesaid, the said commissioner of horticulture is hereby authorized to appoint a county inspector at his discretion, after having given notice to the county commissioners that he will do so at the expiration of sixty days, in case such appointment has not been made during that time. Said county inspectors shall be appointed for a term of two years and shall be entitled to a per diem of two dollars and fifty cents for each day's actual service, to be paid by the county in which said inspector is appointed. If any person so notified shall neglect or fail to disinfect said premises or property in the manner and in the time prescribed in said notice, the person so notified and failing to disinfect the infected property or premises shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be fined not less than five dollars ($5) nor more than fifty dollars ($50) and costs of action in court, which fine and costs shall be a judgment lien upon said
premises or property. After the expiration of said five days and the failure on the part of the owner or person in charge to disinfect the said premises or property as aforesaid, then, to prevent the spread of insect pests or disease, it will be the duty of the county inspector to enter on such premises or property and disinfect the same. cost thereof shall be a legitimate charge and lien, with interest until paid, upon the real property of the owner of such premises so disinfected; such lien shall be collectible, with costs of suit, in any of the courts of the state as other lawful claims are collectible. If the infested property be transportable material the county inspector shall notify in writing the person in charge thereof to disinfect the same within twenty-four hours, and prescribe the manner of disinfection. If the person in charge of said infested materials neglect or refuse to disinfect the same as notified, or fail to appeal, then the inspector shall destroy such infested materials as fruits, fruit boxes, baskets, wrappings and portable fruit stands by burning the same. If an appeal be taken the inspector shall (after the twenty-four hours’ notice) take immediate possession of such movable property and safely keep the same until the appeal is decided; if the decision of the commissioner be in favor of the appellant the property shall be returned to him; on an adverse decision the property will be destroyed by the inspector. Nothing but an easement
can be acquired by this proceeding and no interest in
the land shall pass by the decree of appropriation.

Sec. 10. The court at the time of entering the final
judgment shall fix a time within which all damages
and costs shall be paid, which shall not be less than

All lands used exclusively for public burying ground or cemeteries, all churches built and supported by donations whose seats are free to all, and the grounds whereon such churches are built, not exceeding one hundred and twenty feet by two hundred feet in quantity: Provided, That such grounds are used wholly for church purposes and not otherwise.

Second. All property, whether real or personal, belonging exclusively to any school district, county, municipal corporation, the state or to the United States.

institutions are devoted, after paying the expenses thereof, to the purposes of such institution; and the grounds, wherever such libraries, orphanages, institutions, homes and hospitals are built when used exclusively and not otherwise for the purposes in this subdivision enumerated. In order to determine whether such libraries, orphanages, institutions, homes and hospitals are exempt from taxes, within the true intent of this act, the state board of health, the county and city authorities of the county and city wherein such institutions are respectively situated, shall have access to the books of such institutions, and the institution claiming exemption shall provide by its articles of incorporation that the mayor of the city and the chairman of the board of county commissioners wherein such institution is located shall be ex officio trustees thereof, and shall be notified of each and every meeting thereof, and shall have the same powers as a trustee of such institution. And the superintendent or manager of the library, orphanage, institution, home or hospital claiming exemption from taxation under this act shall make oath before the assessor that all of the income and the receipts thereof, including donations to it have been applied to the actual expenses of maintaining it, and to no other purpose. He shall also, under oath, make an annual report to the state board of health of its receipts and disbursements, specifying in detail the sources from which the receipts have been derived, and the object to which disbursements have been applied, and shall further furnish, in the said report, full and complete vital statistics for the use and information of the state board of health, who may publish the same in its annual report.

Fifth. All fruit trees, except nursery stock, for four years after being transplanted from the nursery into the orchard.

Sixth. All ships, vessels and boats in actual construction, and all materials especially designed and set apart for the construction of any such ship, vessel or boat in

Sec 3. Section forty-three of said act is hereby amended to read as follows: "Section 43. The assessor shall list all real property according to the largest legal subdivision as near as practicable. The assessor shall make in the detail and assessment books, in numerical order, complete lists of all lands or lots subject to taxation, showing the names of the owners, if to him known, and if unknown, so stated opposite each tract or lot, the number of acres and lots or parts of lots included in each description of property, and the values per acre or lot: Provided, That the board of county commissioners of any county may by order direct that the property be listed numerically according to lots and blocks or section, township and range, in the smallest platted or government subdivision, and when so listed the value of each block, lot or tract, the value of the improvements thereon and the total value thereof, including improvements thereon, shall be extended after the description of each lot, block or tract, which last extension shall be in the column headed 'Total value of each tract, lot or block of land assessed with improvements, as returned by the assessor.' In carrying the values of said property into the column representing the equalized value thereof, the county auditor shall include and carry over in one item the equalized valuation of all lots in one block, or lands in one section, listed consecutively, which belong to any
one person, firm or corporation, and are situated within the same road or school district or municipal corporation, and in the assessed value of which the county board of equalization has made no change. Where assessed valuations are changed the equalized valuation must be extended and shown by item. The detail and assessment lists and blanks shall be in readiness for delivery to the assessor on the third Monday of January of each year.”

Amendment.

Sec. 4. Section sixty of said act is hereby amended to read as follows: “Section 60. The secretary of state, the commissioner of public lands and the auditor of state shall constitute the board of equalization. The auditor shall be president of the board and they shall remain in session not to exceed twenty days; may adjourn from day to day, and employ such clerical assistance as may be deemed necessary to facilitate its labors: Provided, That the expense of such board shall not exceed the sum of $500 in any one year. The said board shall meet annually on the first Tuesday in September, at the office of the auditor of state, and shall examine and compare the returns of the assessment of the property in the several counties of the state, and proceed to equalize the same, so that each county in the state shall pay its due and just proportions of the taxes for state purposes for such assessment year, according to the ratio the valuation of the property in each county bears to the total valuation of all the property in the state.

First. They shall classify all property, real and personal, and shall raise and lower the valuation of any class of property in any county to a value that shall be equal and uniform, so far as possible, in every part of the state, for the purpose of ascertaining the just amount of tax due from each county for state purposes.

Second. The secretary shall keep a full record of the proceedings of the board, and the same shall be published in the biennial report of the auditor of the state.

Third. They shall have authority to adopt rules and regulations for the government of the board, and to enforce obedience to its orders in all matters in rela-
tion to the returns of county assessments, and the equalization of values by said board. The said board of equalization shall apportion the amount of tax for state purposes as required by law, to be raised in the state among the several counties therein, in proportion to the valuation of the taxable property therein for the year as equalized by the board, and shall also ascertain the gross amounts justly due from each county for military, state bond interest, and state bond sinking fund taxes, at rates and limitations fixed by law. It shall be the duty of the county auditor in each county when he shall have received the report of the state auditor, as provided in section sixty-one of this act, to determine the rates per cent. necessary to raise the taxes required for state purposes as determined by the state board of equalization, and place the same on the tax rolls of the county as provided by law.

Sec. 5. Section sixty-one of said act is hereby amended to read as follows: "Section 61. When the state board complete their equalization, the auditor of state shall transmit to each county auditor a transcript of the proceedings of the board, within ten days after said board adjourns, specifying the amount to be levied and collected on said assessment books for state purposes for such year, and in addition thereto he shall certify to each county auditor the amount due to each fund and unpaid from such county for the seventh preceding year, commencing with the tax levied for the year 1892. Every succeeding year thereafter the delinquent state taxes shall be so certified to the county auditors, and this sum shall be added to the amount levied for the current year. The state auditor shall close the account of each county for the seventh preceding year and charge the amount of such delinquency to the tax levy of the current year. All taxes collected on and after the first day of July last preceding such certificate, on account of delinquent state taxes for the seventh preceding year, shall belong to the county and by the county treasurer be credited to the county cur-
rent expense fund of the county in which collected. The county auditor shall compute the required per centum on the valuation thereof, as it stands after the same has been equalized by the county board of equalization, and shall extend such taxes in the proper columns of such books: Provided, That the rate so computed shall not be such as to raise a surplus of more than five per cent. over the total amount required by the state board.

Sec. 6. Section sixty-eight of said act is hereby amended to read as follows: "Section 68. The county treasurer shall be the receiver and collector of all taxes extended upon the tax books of the county, whether levied for state, county, school, bridge, road, municipal or other purposes, and also of all fines, forfeitures or penalties received by any person or officer for the use of his county. All taxes upon real property made payable by the provisions of this act shall be due and payable to the treasurer as aforesaid on or before the thirty-first day of May in each year, after which date they shall become delinquent, and interest at the rate of fifteen per cent. per annum shall be charged upon such unpaid taxes from the date of delinquency until paid: Provided, however, When the total amount of tax payable by one person is two dollars or more, then if one-half of such taxes be paid on or before said thirty-first day of May, then the time of payment of the remainder thereof shall be extended, and said remainder shall be due and payable on or before the thirtieth day of November following; but if the remaining one-half of such taxes be not paid on or before the thirtieth day of November, then such remaining one-half shall be delinquent, and interest at the rate of fifteen per cent. per annum shall be charged thereon from the first day of June preceding until paid: Provided further, There shall be an allowance of three per cent. rebate to all payers of taxes who shall pay the taxes on real property in one payment and in full on or before the fifteenth day of March next prior to the date of delinquency. All rebates allowed under this section
shall be charged to the county current expense fund and all collections from penalties and interest on delinquent taxes shall be credited to the current expense fund.

Sec. 7. Section seventy-one of said act is hereby amended to read as follows: "Section 71. On and after the first Monday of February succeeding the levy of taxes the county treasurer shall proceed to collect all personal property taxes. He shall give notice by mail to all persons charged with personal property taxes and if such taxes are not paid within thirty days after said notice, he shall distrain sufficient goods and chattels belonging to the person charged with such taxes, if found within the county, to pay the same, together with all accruing costs with interest, and shall immediately proceed to advertise the same by posting written notices thereof in three public places in the county in which such property has been levied upon, stating the time when and place where such property will be sold, and if the taxes for which such property is distrained, and the costs which accrue thereon, are not paid before the date appointed for such sale, which shall be not less than ten days after the taking of such property, such treasurer shall proceed to sell such property at public auction, or so much thereof as will be sufficient to pay such taxes with interest and costs, and if there be any overplus of money arising from the sale of any personal property, the treasurer shall immediately pay any such overplus to the owner of the property so sold, or to his legal representatives: Provided, That if any personal property upon which the taxes have been levied but not paid, is about to be removed from the county where the same has been assessed, the county treasurer may demand such taxes without the notice provided for in this section, and if necessary, may distrain and sell sufficient goods and chattels to pay the same."

Sec. 8. Section seventy-two of said act is hereby amended to read as follows: "Section 72. If the county treasurer is unable, for the want of goods or chattels..."
whereupon to levy, to collect by distress—or otherwise, the taxes, or any part thereof, which may have been assessed upon the personal property of any person or corporation, or an executor or administrator, guardian, receiver, accounting officer, agent or factor, such treasurer shall file with the county auditor, on the first day of January following, a list of such taxes, with an affidavit of himself or of the deputy treasurer entrusted with the collection of said taxes, stating that he had made diligent search and inquiry for goods and chattels wherewith to make such taxes, and was unable to make or collect the same. The county auditor shall deliver such list and affidavit to the board of county commissioners at their first session thereafter, and they shall cancel such taxes as they are satisfied cannot be collected."

Sec. 9. Section seventy-six of said act is hereby amended to read as follows: "Section 76. Immediately after the last day of each month, the county treasurer shall pay over to the state treasurer the amount collected by him and credited to the various state funds, but every such payment shall be subject to correction for error discovered upon the quarterly settlement next following. The county auditor shall at the same time ascertain and report to the state auditor by ordinary letter or other written memorandum, the amounts due to the various state funds. If the same be not paid to the state treasurer before the tenth day of the month he shall then make a sight draft on the county treasurer for such amount. On the first Mondays of January, April, July, and October, respectively, of each year, the county treasurer shall make full settlement with the county auditor of his receipts and collections for all purposes from the date of the last settlement up to and including the last day of the preceding month. The county auditor shall, on or before the fifteenth day of the month in which such settlement is made, notify the state auditor of the result of the quarterly settlement with the county treasurer, as above specified. Should any county treasurer fail or refuse to honor
such draft or make payment of the amount thereon (except in case of manifest error or other good and sufficient cause) he shall be guilty of nonfeasance in office and upon conviction thereof shall be punished according to law."

Sec. 10. Section seventy-seven of said act is hereby amended to read as follows: "Section 77. On the first Monday of January of each year the county treasurer shall balance up the tax rolls in his hands and with which he stands charged on the roll accounts of the county auditor. He shall then report to the county auditor in full the amount of taxes he has collected and specify the amount collected on each fund. He shall also report the amount of taxes that remain uncollected and delinquent upon the tax rolls, which, with his collection and credits on account of errors and double assessments, should balance his roll accounts as he stands charged. He shall then report the amount of collections on account of interest since the taxes became delinquent, and as added by him to the original amounts when making such collections, and with which he is now to be charged by the auditor, such reports to be duly verified by affidavit. He shall also at the same time submit to the auditor his collection register, showing all taxes collected by him since the last preceding annual settlement of current and delinquent taxes. The county auditor shall thereupon proceed to compare the stub tax receipts of the treasurer with the treasurer's tax rolls and the collection register submitted to him, and shall note if the tax rolls are properly marked opposite each tract or tax with the date and number of the treasurer's receipt that he gave in discharge of any tax, if same is properly entered to the credit of each tract or tax described in such receipt, and if the description, amount, names and numbers and funds agree. The auditor shall also compare such receipts with the treasurer's cash book or collection register, upon which he is required to post them, and if properly credited to the several funds, and also coincides in all respects with the tax rolls. He shall then
test the footings upon the treasurer's collection register to see that no errors have been made or frauds perpetrated. He shall then satisfy himself that the collections of the interest required to be added after taxes have become delinquent have been collected and properly accounted for, and if so to charge the treasurer with the same. If the treasurer's receipts in all respects are correct and true, and the collections fully and properly accounted for on the same, the auditor shall enter the credits and debits upon the treasurer's roll accounts and properly balance the same up to date."

Sec. 11. Section eighty-two of said act is hereby amended to read as follows: "Sec. 82. Any person who has a lien by mortgage or otherwise, upon any real property upon which the taxes have not been paid, may pay such taxes and the interest, penalty and costs thereon; and the receipt of the county treasurer shall constitute an additional lien upon such land, to the amount therein stated; and the amount so paid and the interest thereon at the rate specified in the mortgage or other instrument shall be collectible with, or as a part of, and in the same manner as the amount secured by the original lien. Any person desiring to pay taxes upon any part or parts of real estate heretofore or hereafter assessed as one parcel, or tract, may do so by applying to the county treasurer, who must carefully investigate and ascertain the relative or proportionate value said part bears to the whole tract assessed, on which basis the assessment must be divided, and taxes collected accordingly: Provided, Where the assessed valuation of the tract to be divided exceeds two thousand dollars, a notice by registered mail must be given to the several owners interested in said tract, if known, and if no protest against said division be filed with the county treasurer within twenty days from date of notice, the county treasurer shall duly accept payment and issue receipt on apportionment as by him made. In cases where protest is filed to said division appeal shall be made to the county commissioners at their next regular session for final division, and the
county treasurer shall accept and receipt for said taxes as determined and ordered by county commissioners. Any person desiring to pay on an undivided interest in any real property may do so by paying to the county treasurer a sum equal to such proportion of the entire taxes charged on the entire tract as interest paid on bears to the whole.

Sec. 12. Section eighty-four of said act is hereby amended to read as follows: "Section 84. Whenever any person, firm or corporation shall, subsequent to the first day of March of any year, bring or send into any county any stock of goods or merchandise to be sold or disposed of in a place of business temporarily occupied for their sale, without the intention of engaging in permanent trade in such place, the owner, consignee or person in charge of the said goods or merchandise shall immediately notify the county assessor, and thereupon the assessor shall at once proceed to value the said stock of goods and merchandise at its true value, and upon such valuation the said owner, consignee or person in charge shall pay to the collector of taxes a tax at the rate assessed for state, county and local purposes in the taxing district in the year then current. And it shall not be lawful to sell or dispose of any such goods or merchandise as aforesaid in such taxing district until the assessor shall have been so notified as aforesaid and the tax assessed thereon paid to the collector. Every person, firm or corporation bringing into any county of this state goods or merchandise after the first day of March shall be deemed subject to the provisions of this section: Provided, That all persons having paid the tax as herein provided for, shall at the time of the regular assessment next succeeding said payment, be allowed by the county assessor in making his assessment a deduction in a sum equal to that part of the entire assessment of the previous year as the number of days of the previous assessment year he was not in such county bears to the whole of such assessment year."
SEC. 13. Section ninety-six of said act is hereby amended to read as follows: Section 96. Any time after the expiration of three years from the original date of delinquency of any tax included in a certificate of delinquency, the holder of any certificate of delinquency may give notice to the owner of the property described in such certificate that he will apply to the superior court of the county in which such property is situated for a judgement foreclosing the lien against the property mentioned. Such notice shall contain—

The title of the court, the description of the property and the name of the owner thereof, if known, the name of the holder of the certificate, the date thereof and the amount for which it was issued, the year or years for the delinquent taxes for which it was issued, the amount of all taxes paid for prior or subsequent years, and the rate of interest on said amounts.

2. A direction to the owner summoning him to appear within sixty days after service of the summons, exclusive of the day of service, and defend the action or pay the amount due.

3. A notice that, in case of failure so to do, judgment will be rendered foreclosing the lien for such taxes and costs against the land and premises named.

4. The summons shall be subscribed by the holder of the certificate of delinquency, or by some one in his behalf, and residing within the State of Washington, and upon whom all process may be served.

SEC. 14. Section ninety-seven and one-half is hereby added to said act to read as follows: Section 97½. The county prosecuting attorney shall furnish to holders of certificates of delinquency, at the expense of the county, forms of applications for judgment, forms of summons, and form of publication notices when the same are required, and shall prosecute to final judgment all actions brought by holders of certificates under the provisions of this act for foreclosure of tax liens, when requested so to do by the holder of any certificate of delinquency: Provided, Said holder has
duly paid to the clerk of the court the sum of two dollars for each action brought as per section 119: *Provided, further,* That nothing herein shall be construed to prevent said holder from employing other and additional counsel, or prosecuting said action independent of and without assistance from the prosecuting attorney, if he so desires: *And, provided, also,* That in no event shall the county prosecuting attorney collect any fee for the services herein enumerated.

**Sec. 15.** Section ninety-eight of said act is hereby amended to read as follows: Section 98. After the expiration of four years from the date of delinquency, when any property remains on the tax rolls for which no certificate of delinquency has been issued, the county treasurer shall proceed to issue certificates of delinquency on said property to the county and shall file said certificates when completed with the clerk of the court, and the treasurer shall thereupon, with the assistance of the county prosecuting attorney, proceed to foreclose in the name of the county, the tax liens embraced in such certificates, and the same proceeding shall be had as when held by an individual: *Provided,* That summons may be served or notice given exclusively by publication in one general notice, describing the property as the same is described on the tax rolls. Said certificates of delinquency issued to the county may be issued in one general certificate in book form including all property, and the proceedings to foreclose the liens against said property may be brought in one action and all persons interested in any of the property involved in said proceedings may be made co-defendants in said action, and if unknown, may be therein named as unknown owners and the publication of such notice shall be sufficient service thereof on all persons interested in the property therein described. The publication of the summons or notice required by this section shall be made by the county treasurer in the official newspaper of the county: *Provided,* The price charged by any newspaper for each publication shall
not exceed in any case the sum of ten cents for each description contained in said notice.

Sec. 16. Section one hundred and one hundred and one of said act are hereby repealed.

Sec. 17. Section one hundred and two of said act is hereby amended to read as follows: "Section 102. Real property upon which certificates of delinquency have been issued under the provisions of this act, may be redeemed at any time before the issuance of tax deed, by payment, in legal money of the United States, to the county treasurer of the proper county, for the benefit of the owner of the certificate of delinquency against said property, the amount for which the same was sold, together with interest at fifteen per cent. per annum thereon from date of issuance of said certificate of delinquency until paid. The person redeeming such property shall also pay the amount of all taxes, assessments, penalties, interest and costs accruing after the issuance of such certificate of delinquency, and paid by the holder of said certificate of delinquency or his assignee, together with fifteen per cent. interest on such payment from the day the same were made. No fee shall be charged for any redemption after the passage of this act. Tenants in common or joint tenants shall be allowed to redeem their individual interests in real property for which certificates of delinquency have been issued under the provisions of this act, in the manner and under the terms specified in this section for the redemption of real property other than that of insane persons and minor heirs. Any redemption made shall inure to the benefit of the person having the legal or equitable title to the property redeemed, subject however, to the right of the person making the same to be reimbursed by the person benefited. If the real property of any minor heir, or any insane person, be sold for non-payment of taxes or assessments, the same may be redeemed at any time after sale and before the expiration of one year after such disability has been removed upon the terms specified in this section on the payment of interest at the rate of fifteen per
cent. per annum on the amount for which the same was sold, from and after the date of sale, and in addition the redemptioner shall pay the reasonable value of all improvements made in good faith on the property, less the value of the use thereof, which redemption may be made by themselves or any person in their behalf.

Sec. 18. Section one hundred and three of said act is hereby amended to read as follows: Sec. 103. The court shall examine each application for judgment foreclosing tax lien and if defense (specifying in writing the particular cause of objection) be offered by any person interested in any of said lands or lots to the entry of judgment against the same, the court shall hear and determine the matter in a summary manner, without other pleadings, and shall pronounce judgment as the right of the case may be; or said court may, in its discretion, continue such individual cases, wherein defense is offered, to such time as it may be necessary, in order to secure substantial justice to the contestants therein; but in all other cases said court shall proceed to determine the matter in a summary manner as above specified. In all judicial proceedings of any kind for the collection of taxes, assessments, and the penalties, interest and costs thereon, all amendments may be made which by law can be made in any personal action pending in such court and no assessments of property or charge for any of said taxes shall be considered illegal on account of any irregularity in the tax lists or assessment rolls or on account of the tax or the assessment thereof, and any irregularities or informality in the proceedings connected with the assessment or levy of such
taxes or any omission or defective act of any officer or officers connected with the assessment or levying of such taxes, may be, in the discretion of the court, corrected, supplied and made to conform to law by the court. The court shall give judgment for such taxes, assessments, penalties, interest and cost as shall appear to be due upon the several lots or tracts described in said notice of application for judgment or complaint, and such judgment shall be a several judgment against each tract or lot or part of a tract or lot for each kind of tax or assessment included therein, including all penalties, interest and costs, and the court shall order and direct the clerk to make out and enter an order for the sale of such real property against which judgment is made, or vacate and set aside the certificate of delinquency or make such other order or judgment as in law and equity may be just. Said order shall be signed by the judge of the superior court and attested by the clerk thereof, and a certified copy of said order, together with a list of the property therein ordered sold shall be delivered to the county treasurer, and shall be full and sufficient authority for him to proceed to sell said property or so much of each tract or lot as may be necessary for said sum as set forth in said order and to take such further steps in the matter as are provided by law. The county treasurer shall immediately after receiving the order and judgment of the court proceed to sell said property as provided in this act. All sales shall be made on Saturday between the hours of nine o'clock in the morning and four o'clock in the afternoon, and shall continue from day to day (Sundays excepted) during the same hours until all lots or tracts are sold, after first giving notice of the time and place where such sale is to take place for ten days successively, by posting notice thereof in three public places in such county, one of which shall be in the office of said treasurer. Said notice shall be substantially in the following form:

........................................

Treasurer of ...... County, State of Washington.

The person at such sale offering to pay the amount due on each tract or lot for the least quantity thereof shall be the purchaser of such quantity which shall be taken from the east side of such tract or lot, and the remainder thereof shall be discharged from the lien. The state superintendent shall also have power to grant common school certificates without examination to all applicants who are graduates of a regular four year collegiate course of the University of Washington, the Agricultural College, and school of science, state normal schools equal in requirements to the state normal schools of Washington, or of other reputable institutions of learning whose requirements for graduation are equal to the requirements of the University of Washington; also to all applicants who hold state certificates or diplomas equal in requirements to the requirements of the State of Washington: Provided, That an applicant shall pass an examination in state school law and constitution with a standing required for a first grade certificate.

Sec. 25. That section 177 of said act be amended to read as follows: Sec. 177. Any parent or guardian, who, after being notified by the county school superintendent of the provisions of the law relative to children attending school, shall further refuse or neglect to send such child to school, shall upon complaint of the superintendent, be summoned before the judge of the superior court, who shall have power to remove any child, if an orphan, who fails to attend school, as required by law, and place it in the care of some other person who will be likely to send such child to school, or if the child be under the care of a parent or parents, then said judge shall have power, upon the complaint
of the county school superintendent, to summon such child and such parent or parents before him, and if he shall, upon inquiry, find that said child has not already attained a reasonable proficiency in the common school branches for the first eight years outlined in the course of study for common schools for the State of Washington, he shall issue an order commanding such parent or parents to place such child in school, if school be then in session, or immediately when school shall resume, if school be not in session, or appear before him and show cause for the neglect or refusal so to do.

Sec. 26. That section 222 of said act be amended to read as follows: Sec. 222. A student who completes the elementary course shall receive a certificate which shall entitle him to teach the common schools of the state for a period of five years. A student who completes any advanced course shall receive a diploma which shall entitle him to teach in the common schools of the state for a period of five years and upon satisfactory evidence of having taught successfully for two years during the time for which the diploma was issued, shall receive a life diploma issued by the state board of education. Graduates from accredited high school shall receive an elementary certificate after completing one year's work of the advanced course: Provided, That no one shall receive a diploma or certificate who has not been in attendance one school year of forty weeks, and who has not given evidence of ability to teach and govern a school by not less than twenty weeks' practice teaching in the training school: Provided further, That any of the foregoing certificates
or diplomas may be revoked by the state board of education for incompetency, immorality or unprofessional conduct. The board of higher education shall also prescribe uniform rules and regulations for admission to and graduation from the state normal school: Provided, That a student shall pass the examination required for a third grade teacher's certificate before entering the second year of the elementary course, and shall pass the examination required for a second grade teacher's certificate before entering the third year of the elementary course.

Sec. 28. That section 255 of said act be amended to read as follows: Sec. 255. If it appears to the satisfaction of the county commissioners that the parents of any such defective youth within their county are unable to bear the expense of sending and returning them to said state school, it shall then be the duty of the commissioners to send and return them to and from said school or to maintain them at said school during vacation at the expense of the county.

Sec. 29. An emergency is declared to exist, and this act shall take effect immediately.

Passed the House March 4, 1899.
Passed the Senate March 9, 1899.
SECTION 18 of this bill vetoed for reasons appended in margin this 15th day of March, 1899. Other sections approved.

J. R. ROGERS,
Governor.

Section 18 of this bill is amended to correspond to the provisions of House Bill 193, and is objected to for the same reasons offered against that bill. It furthermore has amended the present law which provides for contracting with publishers for text books for a period of five years, by changing the period to two years. This change necessarily makes the contract of less value to the publisher, and precludes the possibility of favorable exchange of books and reasonable retail prices to the public.

AN ACT authorizing cities of the first class to levy and collect assessments upon property benefitted by local improvements; and declaring an emergency.

Be it enacted by the Legislature of the State of Washington:

Section 1. Any city of the first class having the authority to provide for making local improvements and to levy and collect special assessments on property
benefited thereby, and for paying for the same or any portion thereof; and to determine what work shall be done or improvements made at the expense, in whole or in part, of the owners of the adjoining, contiguous or proximate property, or others specially benefited thereby, and to provide for the manner of making and collecting assessments therefor, may exercise such authority by general or special ordinance or by general and special ordinance jointly.

Sec. 2. The city council or other legislative body of such city ordering the making of a local improvement at the expense, in whole or in part, of the owners of property benefited, may ordain whether payment is to be made in one sum or by installments, and levy assessment upon the property benefited for its part, or the whole of the cost as the case may be.

Sec. 3. Such assessment shall be a lien upon the property assessed from the time when the assessment is levied, which lien shall be paramount and superior to any other lien heretofore or thereafter created, whether by mortgage or otherwise, except a lien for prior assessment and for general taxes, and shall be payable at such time, and when delinquent, shall bear such interest and penalty as the city may by ordinance prescribe.

Sec. 4. The regularity or validity of said assessment cannot in any manner be contested or questioned by any proceeding whatsoever by any person not filing objections to such assessment roll prior to the same being confirmed.

Sec. 5. The decision of the legislative body upon any objection may be reviewed by the superior court in the manner prescribed by law.

Sec. 6. Any city of the first class may sell benefited property upon which assessments are not paid, or may enforce the lien for such assessment by civil action in like manner and with like effect as actions for the foreclosure of mortgages.

Sec. 7. In payment to the contractor of such part of the improvement as is to be paid for by the property benefited, cities may issue warrants from time to time.
as the work progresses upon the special improvement fund, which shall bear interest at the rate of not more than ten per cent. per annum from date of delinquency of the assessment, and these warrants may be accepted in payment of assessments payable into the same fund as that upon which the warrants are drawn; but either by endorsement or on the face it shall be made known that the city is not liable on them out of its general fund. When practicable such warrants may be made to correspond in amount with the assessment against each parcel of land. In payment for such part of the improvement as is to be borne by the city, if any, warrants may be drawn upon such fund as the city shall by ordinance direct.

Sec. 8. Cities of the first class shall by ordinance prescribe the method by which this act shall be put into operation, and any provisions herein which may be made applicable to existing delinquent assessments may be extended by ordinance to them.

Sec. 9. The provisions of this act may be by ordinance extended to re-assessments.

Sec. 10. Where property is assessed in installments the sale of the property to pay any particular installment shall not prevent a subsequent sale to pay any unpaid installment when the same shall become due, but such subsequent installment shall be collected in the manner provided by ordinance.

Sec. 11. This act shall not prevent or be construed to prohibit the collection of street improvement assessments in any manner now or hereafter provided by charter or ordinance of any city, but any city may pursue the means now or hereafter provided by charter, or may, at its option, follow the provisions of this act, and this act shall not be construed as repealing any existing charter provision, but shall be a concurrent remedy.

CHAPTER CXLIX.
[H. B. No. 285.]
RELATING TO NEGOTIABLE INSTRUMENTS.
AN ACT relating to negotiable instruments.

Be it enacted by the Legislature of the State of Washington:

TITLE I.
NEGOTIABLE INSTRUMENTS IN GENERAL.
ARTICLE I.—Form and Interpretation.

Section 1. An instrument to be negotiable must conform to the following requirements:

1. It must be in writing and signed by the maker or drawer;
2. Must contain an unconditional promise or order to pay a sum certain in money;
3. Must be payable on demand, or at a fixed or determinable future time;
4. Must be payable to order or to bearer; and,
5. Where the instrument is addressed to a drawee, he must be named or otherwise indicated therein with reasonable certainty.

Sec. 2. The sum payable is a sum certain within the meaning of this act, although it is to be paid—

1. With interest; or
2. By stated installments; or
3. By stated installments, with a provision that upon default in payment of any installment or of interest, the whole shall become due; or
4. With exchange, whether at a fixed rate or at the current rate; or
5. With costs of collection or an attorney's fee, in case payment shall not be made at maturity.

Sec. 3. An unqualified order or promise to pay is unconditional within the meaning of this act, though coupled with—

1. An indication of a particular fund out of which reimbursement is to be made, or a particular account to be debited with the amount; or
2. A statement of the transaction which gives rise to the instrument.

But an order or promise to pay only out of a particular fund is not unconditional.

Sec. 4. An instrument is payable at a determinable future time, within the meaning of this act, which is expressed to be payable—
1. At a fixed period after date or sight; or
2. On or before a fixed or determinable future time specified therein; or
3. On or at a fixed period after the occurrence of a specified event, which is certain to happen, though the time of happening be uncertain.

An instrument payable upon a contingency is not negotiable, and the happening of the event does not cure the defect.

Sec. 5. An instrument which contains an order or promise to do any act in addition to the payment of money is not negotiable. But the negotiable character of an instrument otherwise negotiable is not affected by a provision which—
1. Authorizes the sale of collateral securities in case the instrument be not paid at maturity; or
2. Authorizes a confession of judgment if the instrument be not paid at maturity; or
3. Waives the benefit of any law intended for the advantage or protection of the obligor; or
4. Gives the holder an election to require something to be done in lieu of payment of money.

But nothing in this section shall validate any provision or stipulation otherwise illegal.

Sec. 6. The validity and negotiable character of an instrument are not affected by the fact that—
1. It is not dated; or
2. Does not specify the value given, or that any value has been given therefor; or
3. Does not specify the place where it is drawn or the place where it is payable; or
4. Bears a seal; or
5. Designates a particular kind of current money in which payment is to be made.

But nothing in this section shall alter or repeal any statute requiring in certain cases the nature of the consideration to be stated in the instrument.

Sec. 7. An instrument is payable on demand—
1. Where it is expressed to be payable on demand, or at sight, or on presentation; or
2. In which no time for payment is expressed.

Where an instrument is issued, accepted, or indorsed when overdue, it is, as regards the person so issuing, accepting, or indorsing it, payable on demand.

Sec. 8. The instrument is payable to order where it is drawn payable to the order of a specified person or to him or his order. It may be drawn payable to the order of—
1. A payee who is not maker, drawer, or drawee; or
2. The drawer or maker; or
3. The drawee; or
4. Two or more payees jointly; or
5. One or some of several payees; or
6. The holder of an office for the time being.

Where the instrument is payable to order the payee must be named or otherwise indicated therein with reasonable certainty.

Sec. 9. The instrument is payable to bearer—
1. When it is expressed to be so payable; or
2. When it is payable to a person named therein or bearer; or
3. When it is payable to the order of a fictitious or non-existing person, and such fact was known to the person making it so payable; or
4. When the name of the payee does not purport to be the name of any person; or
5. When the only or last indorsement is an indorsement in blank.

Sec. 10. The instrument need not follow the language of this act, but any terms are sufficient which clearly indicate an intention to conform to the requirements hereof.
Sec. 11. Where the instrument or an acceptance or any indorsement thereon is dated, such date is deemed *prima facie* to be the true date of the making, drawing, acceptance or indorsement as the case may be.

Sec. 12. The instrument is not invalid for the reason only that it is ante-dated or post-dated, provided this is not done for an illegal or fraudulent purpose. The person to whom an instrument so dated is delivered acquires the title thereto as of the date of delivery.

Sec. 13. Where an instrument expressed to be payable at a fixed period after date is issued undated, or where the acceptance of an instrument payable at a fixed period after sight is undated, any holder may insert therein the true date of issue or acceptance, and the instrument shall be payable accordingly. The insertion of a wrong date does not avoid the instrument in the hands of a subsequent holder in due course; but as to him, the date so inserted is to be regarded as the true date.

Sec. 14. Where the instrument is wanting in any material particular, the person in possession thereof has a *prima facie* authority to complete it by filling up the blanks therein. And a signature on a blank paper delivered by the person making the signature in order that the paper may be converted into a negotiable instrument operates as a *prima facie* authority to fill it up as such for any amount. In order, however, that any such instrument when completed may be enforced against any person who became a party thereto prior to its completion, it must be filled up strictly in accordance with the authority given and within a reasonable time. But if any such instrument, after completion, is negotiated to a holder in due course, it is valid and effectual for all purposes in his hands, and he may enforce it as if it had been filled up strictly in accordance with the authority given and within a reasonable time.

Sec. 15. Where an incomplete instrument has not been delivered it will not, if completed and negotiated, without authority, be a valid contract in the hands of
any holder, as against any person whose signature was placed thereon before delivery.

Sec. 16. Every contract on a negotiable instrument is incomplete and revocable until delivery of the instrument for the purpose of giving effect thereto. As between immediate parties, and as regards a remote party other than a holder in due course, the delivery, in order to be effectual, must be made either by or under the authority of the party making, drawing, accepting or indorsing, as the case may be; and in such case the delivery may be shown to have been conditional, or for a special purpose only, and not for the purpose of transferring the property in the instrument. But where the instrument is in the hands of a holder in due course, a valid delivery thereof by all parties prior to him so as to make them liable to him is conclusively presumed. And where the instrument is no longer in the possession of a party whose signature appears thereon, a valid and intentional delivery by him is presumed until the contrary is proved.

Sec. 17. Where the language of the instrument is ambiguous, or there are omissions therein, the following rules of construction apply—

1. Where the sum payable is expressed in words and also in figures and there is a discrepancy between the two, the sum denoted by the words is the sum payable; but if the words are ambiguous or uncertain, references may be had to the figures to fix the amount;

2. Where the instrument provides for the payment of interest, without specifying the date from which interest is to run, the interest runs from the date of the instrument, and if the instrument is undated, from the issue thereof;

3. Where the instrument is not dated, it will be considered to be dated as of the time it was issued;

4. Where there is a conflict between the written and printed provisions of the instrument, the written provisions prevail;

5. Where the instrument is so ambiguous that there
is doubt whether it is a bill or note, the holder may treat it as either at his election;

6. Where a signature is so placed upon the instrument that it is not clear in what capacity the person making the same intended to sign, he is to be deemed an indorser;

7. Where an instrument containing the words "I promise to pay" is signed by two or more persons, they are deemed to be jointly and severally liable thereon.

Sec. 18. No person is liable on the instrument whose signature does not appear thereon, except as herein otherwise expressly provided. But one who signs in a trade or assumed name will be liable to the same extent as if he had signed his own name.

Sec. 19. The signature of any party may be made by a duly authorized agent. No particular form of appointment is necessary for this purpose; and the authority of the agent may be established as in other cases of agency.

Sec. 20. Where the instrument contains or a person adds to his signature words indicating that he signs for or on behalf of a principal, or in a representative capacity, he is not liable on the instrument if he was duly authorized; but the mere addition of words describing him as an agent, or as filling a representative character, without disclosing his principal, does not exempt him from personal liability.

Sec. 21. A signature by "procuration" operates as notice that the agent has but a limited authority to sign, and the principal is bound only in case the agent in so signing acted within the actual limits of his authority.

Sec. 22. The indorsement or assignment of the instrument by a corporation or by an infant passes the property therein, notwithstanding that from want of capacity the corporation or infant may incur no liability thereon.

Sec. 23. Where a signature is forged or made without the authority of the person whose signature it pur-
ports to be, it is wholly inoperative, and no right to retain the instrument, or to give a discharge therefor, or to enforce payment thereof against any party thereto, can be acquired through or under such signature, unless the party, against whom it is sought to enforce such right, is precluded from setting up the forgery or want of authority.

**ARTICLE II.—Consideration.**

**Sec. 24.** Every negotiable instrument is deemed *prima facie* to have been issued for a valuable consideration; and every person whose signature appears thereon to have become a party thereto for value.

**Sec. 25.** Value is any consideration sufficient to support a simple contract. An antecedent or pre-existing debt constitutes value; and is deemed such whether the instrument is payable on demand or at a future time.

**Sec. 26.** Where value has at any time been given for the instrument, the holder is deemed a holder for value in respect to all parties who became such prior to that time.

**Sec. 27.** Where the holder has a lien on the instrument, arising either from contract or by implication of law, he is deemed a holder for value to the extent of his lien.

**Sec. 28.** Absence or failure of consideration is matter of defense as against any person not a holder in due course; and partial failure of consideration is a defense *pro tanto*, whether the failure is an ascertained and liquidated amount or otherwise.

**Sec. 29.** An accommodation party is one who has signed the instrument as maker, drawer, acceptor or indorser, without receiving value therefor, and for the purpose of lending his name to some other person. Such a person is liable on the instrument to a holder for value, notwithstanding such holder at the time of taking the instrument knew him to be only an accommodation party.
ARTICLE III.—Negotiation.

SEC. 30. An instrument is negotiated when it is transferred from one person to another in such manner as to constitute the transferee the holder thereof. If payable to bearer it is negotiated by delivery; if payable to order it is negotiated by the indorsement of the holder completed by delivery.

SEC. 31. The indorsement must be written on the instrument itself or upon a paper attached thereto. The signature of the indorser, without additional words, is a sufficient indorsement.

SEC. 32. The indorsement must be an indorsement of the entire instrument. An indorsement, which purports to transfer to the indorsee a part only of the amount payable, or which purports to transfer the instrument to two or more indorsees severally, does not operate as a negotiation of the instrument. But where the instrument has been paid in part, it may be indorsed as to the residue.

SEC. 33. An indorsement may be either special or in blank; and it may also be either restrictive or qualified, or conditional.

SEC. 34. A special indorsement specifies the person to whom, or to whose order, the instrument is to be payable; and the indorsement of such indorsee is necessary to the further negotiation of the instrument. An indorsement in blank specifies no indorsee, and an instrument so indorsed is payable to bearer, and may be negotiated by delivery.

SEC. 35. The holder may convert a blank indorsement into a special indorsement by writing over the signature of the indorser in blank any contract consistent with the character of the indorsement.

SEC. 36. An indorsement is restrictive, which either—

1. Prohibits the further negotiation of the instrument; or

2. Constitutes the indorsee the agent of the indorsers; or

3. Vests the title in the indorsee in trust for or to the use of some other person.
But the mere absence of words implying power to negotiate does not make an indorsement restrictive.

Sec. 37. A restrictive indorsement confers upon the indorsee the right—
1. To receive payment of the instrument;
2. To bring any action thereon that the indorser could bring;
3. To transfer his rights as such indorsee, where the form of the indorsement authorizes him to do so.

But all subsequent indorsees acquire only the title of the first indorsee under the restrictive indorsement.

Sec. 38. A qualified indorsement constitutes the indorser a mere assignor of the title to the instrument. It may be made by adding to the indorser's signature the words "without recourse" or any words of similar import. Such an indorsement does not impair the negotiable character of the instrument.

Sec. 39. Where an indorsement is conditional, a party required to pay the instrument may disregard the condition, and make payment to the indorsee or his transferee, whether the condition has been fulfilled or not. But any person to whom an instrument so indorsed is negotiated, will hold the same, or the proceeds thereof, subject to the rights of the person indorsing conditionally.

Sec. 40. Where an instrument, payable to bearer, is indorsed specially, it may nevertheless be further negotiated by delivery; but the person indorsing specially is liable as indorser to only such holders as make title through his indorsement.

Sec. 41. Where an instrument is payable to the order of two or more payees or indorsees who are not partners, all must indorse, unless the one indorsing has authority to indorse for the others.

Sec. 42. Where an instrument is drawn or indorsed to a person as "cashier" or other fiscal officer of a bank or corporation, it is deemed prima facie to be payable to the bank or corporation of which he is such officer; and may be negotiated by either the indorse-
ment of the bank or corporation, or the indorsement of the officer.

Sec. 43. Where the name of a payee or indorsee is wrongly designated or misspelled, he may indorse the instrument as therein described, adding, if he think fit, his proper signature.

Sec. 44. Where any person is under obligation to indorse in a representative capacity, he may indorse in such terms as to negative personal liability.

Sec. 45. Except where an indorsement bears date after the maturity of the instrument, every negotiation is deemed *prima facie* to have been effected before the instrument was overdue.

Sec. 46. Except where the contrary appears, every indorsement is presumed *prima facie* to have been made at the place where the instrument is dated.

Sec. 47. An instrument negotiable in its origin continues to be negotiable until it has been restrictively indorsed or discharged by payment or otherwise.

Sec. 48. The holder may at any time strike out any indorsement which is not necessary to his title. The indorser whose indorsement is struck out, and all indorsers subsequent to him, are thereby relieved from liability on the instrument.

Sec. 49. Where the holder of an instrument payable to his order transfers it for value without indorsing it, the transfer vests in the transferee such title as the transferer had therein, and the transferee acquires, in addition, the right to have the indorsement of the transferer. But for the purpose of determining whether the transferee is a holder in due course, the negotiation takes effect as of the time when the indorsement is actually made.

Sec. 50. Where an instrument is negotiated back to a prior party, such party may, subject to the provisions of this act, reissue and further negotiate the same. But he is not entitled to enforce payment thereof against any intervening party to whom he was personally liable.
ARTICLE IV.—Rights of the Holder.

SEC. 51. The holder of a negotiable instrument may sue thereon in his own name; and payment to him in due course discharges the instrument.

SEC. 52. A holder in due course is a holder who has taken the instrument under the following conditions:—
1. That it is complete and regular upon its face;
2. That he became the holder of it before it was overdue, and without notice that it had been previously dishonored, if such was the fact;
3. That he took it in good faith and for value;
4. That at the time it was negotiated to him he had no notice of any infirmity in the instrument or defect in the title of the person negotiating it.

SEC. 53. Where an instrument payable on demand is negotiated an unreasonable length of time after its issue, the holder is not deemed a holder in due course.

SEC. 54. Where the transferee receives notice of any infirmity in the instrument or defect in the title of the person negotiating the same before he has paid the full amount agreed to be paid therefor, he will be deemed a holder in due course only to the extent of the amount theretofore paid by him.

SEC. 55. The title of a person who negotiates an instrument is defective within the meaning of this act when he obtained the instrument, or any signature thereto, by fraud, duress, or force and fear, or other unlawful means, or for an illegal consideration, or when he negotiates it in breach of faith, or under such circumstances as amount to a fraud.

SEC. 56. To constitute notice of an infirmity in the instrument or defect in the title of the person negotiating the same, the person to whom it is negotiated must have had actual knowledge of the infirmity or defect, or knowledge of such facts that his action in taking the instrument amounted to bad faith.

SEC. 57. A holder in due course holds the instrument free from any defect of title of prior parties, and free from defenses available to prior parties among them-
SESSION LAWS, 1899.

selves, and may enforce payment of the instrument for the full amount thereof against all parties liable thereon.

Sec. 58. In the hands of any holder other than a holder in due course, a negotiable instrument is subject to the same defenses as if it were non-negotiable. But a holder who derives his title through a holder in due course, and who is not himself a party to any fraud or illegality affecting the instrument, has all the rights of such former holder in respect of all parties prior to the latter.

Sec. 59. [Every] holder is deemed *prima facie* to be a holder in due course; but when it is shown that the title of any person who has negotiated the instrument was defective, the burden is on the holder to prove that he or some person under whom he claims acquired the title as holder in due course. But the last mentioned rule does not apply in favor of a party who became bound on the instrument prior to the acquisition of such defective title.

**ARTICLE V.—Liabilities of Parties.**

Sec. 60. The maker of a negotiable instrument by making it engages that he will pay it according to its tenor, and admits the existence of the payee and his then capacity to endorse.

Sec. 61. The drawer by drawing the instrument admits the existence of the payee and his then capacity to endorse; and engages that on due presentment the instrument will be accepted or paid, or both, according to its tenor, and that if it be dishonored, and the necessary proceedings on dishonor be duly taken, he will pay the amount thereof to the holder, or to any subsequent endorser who may be compelled to pay it. But the drawer may insert in the instrument an express stipulation negativing or limiting his own liability to the holder.

Sec. 62. The acceptor by accepting the instrument engages that he will pay it according to the tenor of his acceptance; and admits—

1. The existence of the drawer, the genuineness of
his signature, and his capacity and authority to draw the instrument; and
2. The existence of the payee and his then capacity to indorse.

Sec. 63. A person placing his signature upon an instrument otherwise than as maker, drawer or acceptor is deemed to be an indorser, unless he clearly indicates by appropriate words his intention to be bound in some other capacity.

Sec. 64. Where a person, not otherwise a party to an instrument, places thereon his signature in blank before delivery, he is liable as indorser in accordance with the following rules:
1. If the instrument is payable to the order of a third person, he is liable to the payee and to all subsequent parties.
2. If the instrument is payable to the order of the maker or drawer, or is payable to bearer, he is liable to all parties subsequent to the maker or drawer.
3. If he signs for the accommodation of the payee, he is liable to all parties subsequent to the payee.

Sec. 65. Every person negotiating an instrument by delivery or by a qualified indorsement, warrants—
1. That the instrument is genuine and in all respects what it purports to be;
2. That he has a good title to it;
3. That all prior parties had capacity to contract;
4. That he has no knowledge of any fact which would impair the validity of the instrument or render it valueless.

But when the negotiation is by delivery only, the warranty extends in favor of no holder other than the immediate transferee.

The provisions of subdivision three of this section do not apply to persons negotiating public or corporate securities, other than bills and notes.

Sec. 66. Every indorser who indorses without qualification, warrants to all subsequent holders in due course—
1. The matters and things mentioned in subdivisions
one, two and three of the next preceding section; and

2. That the instrument is at the time of his endorse-
ment valid and subsisting.

And, in addition, he engages that on due present-
ment, it shall be accepted or paid, or both, as the case
may be, according to its tenor, and that if it be dishon-
ored, and the necessary proceedings on dishonor be duly
taken, he will pay the amount thereof to the holder, or
to any subsequent indorser who may be compelled to
pay it.

Sec. 67. Where a person places his endorsement on
an instrument negotiable by delivery he incurs all the
liabilities of an indorser.

Sec. 68. As respects one another, indorsers are liable
prima facie in the order in which they endorse; but
evidence is admissable to show that as between or
among themselves they have agreed otherwise. Joint
payees or joint indorsees who indorse are deemed to in-
dorse jointly and severally.

Sec. 69. Where a broker or other agent negotiates
an instrument without indorsement, he incurs all the
liabilities prescribed by section sixty-five of this act,
unless he discloses the name of his principal, and the
fact that he is acting only as agent.

ARTICLE VI.—Presentment for Payment.

Sec. 70. Presentment for payment is not necessary
in order to charge the person primarily liable on the
instrument; but if the instrument is, by its terms, pay-
able at a special place, and he is able and willing to
pay it there at maturity, such ability and willingness
are equivalent to a tender of payment upon his part.
But except as herein otherwise provided, presentment
for payment is necessary in order to charge the drawer
and indorsers.

Sec. 71. Where the instrument is not payable on de-
mand, presentment must be made on the day it falls
due. Where it is payable on demand, presentment
must be made within a reasonable time after its issue,
except that in the case of a bill of exchange, present-
ment for payment will be sufficient if made within a reasonable time after the last negotiation thereof.

Sec. 72. Presentment for payment, to be sufficient, must be made—
1. By the holder, or by some person authorized to receive payment on his behalf.
2. At a reasonable hour on a business day;
3. At a proper place as herein defined;
4. To the person primarily liable on the instrument, or if he is absent or inaccessible, to any person found at the place where the presentment is made.

Sec. 73. Presentment for payment is made at the proper place—
1. Where a place of payment is specified in the instrument and it is there presented;
2. Where no place of payment is specified, but the address of the person to make payment is given in the instrument and it is there presented;
3. Where no place of payment is specified and no address is given and the instrument is presented at the usual place of business or residence of the person to make payment;
4. In any other case if presented to the person to make payment wherever he can be found, or if presented at his last known place of business or residence.

Sec. 74. The instrument must be exhibited to the person from whom payment is demanded, and when it is paid must be delivered up to the party paying it.

Sec. 75. Where the instrument is payable at a bank, presentment for payment must be made during banking hours, unless the person to make payment has no funds there to meet it at any time during the day, in which case presentment at any hour before the bank is closed on that day is sufficient.

Sec. 76. Where the person primarily liable on the instrument is dead, and no place of payment is specified, presentment for payment must be made to his personal representative if such there be, and if, with the exercise of reasonable diligence, he can be found.

Sec. 77. Where the persons primarily liable on the
instruments are liable as partners, and no place of payment is specified, presentment for payment may be made to any one of them, even though there has been a dissolution of the firm.

Sec. 78. Where there are several persons not partners, primarily liable on the instrument and no place of payment is specified, presentment must be made to them all.

Sec. 79. Presentment for payment is not required in order to charge the drawer where he has no right to expect or require that the drawee or acceptor will pay the instrument.

Sec. 80. Presentment for payment is not required in order to charge an indorser where the instrument was made or accepted for his accommodation and he has no reason to expect that the instrument will be paid if presented.

Sec. 81. Delay in making presentment for payment is excused when the delay is caused by circumstances beyond the control of the holder, and not imputable to his default, misconduct or negligence. When the cause of delay ceases to operate, presentment must be made with reasonable diligence.

Sec. 82. Presentment for payment is dispensed with—
1. Where after the exercise of reasonable diligence presentment as required by this act cannot be made;
2. Where the drawee is a fictitious person;
3. By waiver of presentment, express or implied.

Sec. 83. The instrument is dishonored by non-payment when,—
1. It is duly presented for payment and payment is refused or cannot be obtained; or
2. Presentment is excused and the instrument is overdue and unpaid.

Sec. 84. Subject to the provisions of this act, when the instrument is dishonored by non-payment, an immediate right of recourse to all parties secondarily liable thereon accrues to the holder.

Sec. 85. Every negotiable instrument is payable at
the time fixed therein without grace. When the day of maturity falls upon Sunday, or a holiday, the instrument is payable on the next succeeding business day. Instruments falling due on Saturday are to be presented for payment on the next succeeding business day, except that instruments payable on demand may at the option of the holder, be presented for payment before 12 o'clock noon on Saturday when that entire day is not a holiday.

Sec. 86. Where the instrument is payable at a fixed period after date, after sight, or after the happening of a specified event, the time of payment is determined by excluding the day from which the time is to begin to run, and by including the date of payment.

Sec. 87. Where the instrument is made payable at a bank it is equivalent to an order to the bank to pay the same for the account of the principal debtor thereon.

Sec. 88. Payment is made in due course when it is made at or after the maturity of the instrument to the holder thereof in good faith and without notice that his title is defective.

ARTICLE VII.—Notice of Dishonor.

Sec. 89. Except as herein otherwise provided, when a negotiable instrument has been dishonored by non-acceptance or non-payment, notice of dishonor must be given to the drawer and to each indorser, and any drawer or indorser to whom such notice is not given is discharged.

Sec. 90. The notice may be given by or on behalf of the holder, or by or on behalf of any party to the instrument who might be compelled to pay it to the holder, and who, upon taking it up, would have a right to reimbursement from the party to whom the notice is given.

Sec. 91. Notice of dishonor may be given by an agent either in his own name or in the name of any party entitled to give notice, whether that party be his principal or not.

Sec. 92. Where notice is given by or on behalf of
the holder, it enures for the benefit of all subsequent holders and all prior parties who have a right of recourse against the party to whom it is given.

Sec. 93. Where notice is given by or on behalf of a party entitled to give notice, it enures for the benefit of the holder and all parties subsequent to the party to whom notice is given.

Sec. 94. Where the instrument has been dishonored in the hands of an agent, he may either himself give notice to the parties liable thereon, or he may give notice to his principal. If he give notice to his principal, he must do so within the same time as if he were the holder, and the principal upon the receipt of such notice has himself the same time for giving notice as if the agent had been an independent holder.

Sec. 95. A written notice need not be signed, and an insufficient written notice may be supplemented and validated by verbal communication. A misdescription of the instrument does not vitiate the notice unless the party to whom the notice is given is in fact misled thereby.

Sec. 96. The notice may be in writing or merely oral and may be given in any terms which sufficiently identify the instrument, and indicate that it has been dishonored by non-acceptance or non-payment. It may in all cases be given by delivering it personally or through the mails.

Sec. 97. Notice of dishonor may be given either to the party himself or to his agent in that behalf.

Sec. 98. When any party is dead, and his death is known to the party giving notice, the notice must be given to a personal representative, if there be one, and if with reasonable diligence he can be found. If there be no personal representative, notice may be sent to the last residence or last place of business of the deceased.

Sec. 99. Where the parties to be notified are partners, notice to any one partner is notice to the firm even though there has been a dissolution.

Sec. 100. Notice to joint parties who are not part-
ners must be given to each of them, unless one of them has authority to receive such notice for the others.

Sec. 101. Where a party has been adjudged a bankrupt or an insolvent, or has made an assignment for the benefit of creditors, notice may be given either to the party himself or to his trustee or assignee.

Sec. 102. Notice may be given as soon as the instrument is dishonored; and unless delay is excused as hereinafter provided, must be given within the times fixed by this act.

Sec. 103. Where the person giving and the person to receive notice reside in the same place, notice must be given within the following times—

1. If given at the place of business of the person to receive notice, it must be given before the close of business hours on the day following.
2. If given at his residence, it must be given before the usual hours of rest on the day following.
3. If sent by mail, it must be deposited in the post-office in time to reach him in usual course on the day following.

Sec. 104. Where the person giving and the person to receive notice reside in different places, the notice must be given within the following times—

1. If sent by mail, it must be deposited in the post-office in time to go by mail the day following the day of dishonor, or if there be no mail at a convenient hour on that day, by the next mail thereafter.
2. If given otherwise than through the postoffice, then within the time that notice would have been received in due course of mail, if it had been deposited in the postoffice within the time specified in the last subdivision.

Sec. 105. Where notice of dishonor is duly addressed and deposited in the postoffice, the sender is deemed to have given due notice, notwithstanding any miscarriage in the mails.

Sec. 106. Notice is deemed to have been deposited in the postoffice when deposited in any branch postoffice
or in any letter box under the control of the postoffice department.

Sec. 107. Where a party receives notice of dishonor, he has, after the receipt of such notice, the same time for giving notice to antecedent parties that the holder has after the dishonor.

Sec. 108. Where a party has added an address to his signature, notice of dishonor must be sent to that address; but if he has not given such address, then the notice must be sent as follows—

1. Either to the postoffice nearest to his place of residence, or to the postoffice where he is accustomed to receive his letters; or

2. If he live in one place, and have his place of business in another, notice may be sent to either place; or

3. If he is sojourning in another place, notice may be sent to the place where he is so sojourning.

But where the notice is actually received by the party within the time specified in this act, it will be sufficient, though not sent in accordance with the requirements of this section.

Sec. 109. Notice of dishonor may be waived, either before the time of giving notice has arrived, or after the omission to give due notice, and the waiver may be express or implied.

Sec. 110. Where the waiver is embodied in the instrument itself, it is binding upon all parties; but where it is written above the signature of an indorser, it binds him only.

Sec. 111. A waiver of protest, whether in case of a foreign bill of exchange or other negotiable instrument, is deemed to be a waiver not only of a formal protest, but also of presentment and notice of dishonor.

Sec. 112. Notice of dishonor is dispensed with when, after the exercise of reasonable diligence, it cannot be given to or does not reach the parties sought to be charged.

Sec. 113. Delay in giving notice of dishonor is excused when the delay is caused by circumstances be-
yond the control of the holder, and not imputable to his default, misconduct or negligence. When the cause of delay ceases to operate, notice must be given with reasonable diligence.

Sec. 114. Notice of dishonor is not required to be given to the drawer in either of the following cases—
1. When the drawer and drawee are the same person;
2. Where the drawee is a fictitious person or a person not having capacity to contract;
3. When the drawer is the person to whom the instrument is presented for payment;
4. Where the drawer has no right to expect or require that the drawee or acceptor will honor the instrument;
5. Where the drawer has countermanded payment.

Sec. 115. Notice of dishonor is not required to be given to an indorser in either of the following cases—
1. Where the drawee is a fictitious person or a person not having capacity to contract, and the indorser was aware of the fact at the time he indorsed the instrument;
2. Where the indorser is the person to whom the instrument is presented for payment;
3. Where the instrument was made or accepted for his accommodation.

Sec. 116. Where due notice of dishonor by non-acceptance has been given notice of a subsequent dishonor by non-payment is not necessary, unless in the meantime the instrument has been accepted.

Sec. 117. An omission to give notice of dishonor by non-acceptance does not prejudice the rights of a holder in due course subsequent to the omission.

Sec. 118. Where any negotiable instrument has been dishonored it may be protested for non-acceptance or non-payment, as the case may be; but protest is not required except in the case of foreign bills of exchange.

Article VIII—Discharge of Negotiable Instruments.

Sec. 119. A negotiable instrument is discharged—
1. By payment in due course by or on behalf of the principal debtor;
2. By payment in due course by the party accommodated, where the instrument is made or accepted for accommodation;
3. By the intentional cancellation thereof by the holder;
4. By any other act which will discharge a simple contract for the payment of money;
5. When the principal debtor becomes the holder of the instrument at or after maturity in his own right.

Sec. 120. A person secondarily liable on the instrument is discharged—
1. By any act which discharges the instrument;
2. By the intentional cancellation of his signature by the holder;
3. By the discharge of a prior party;
4. By a valid tender of payment made by a prior party;
5. By a release of the principal debtor, unless the holder's right of recourse against the party secondarily liable is expressly reserved;
6. By any agreement binding upon the holder to extend the time of payment, or to postpone the holder's right to enforce the instrument, unless made with the assent of the party secondarily liable, or unless the right of recourse against such party is expressly reserved.

Sec. 121. Where the instrument is paid by a party secondarily liable thereon, it is not discharged; but the party so paying it is remitted to his former rights as regards all prior parties, and he may strike out his own and all subsequent endorsements, and again negotiate the instrument, except—
1. Where it is payable to the order of a third person, and has been paid by the drawer; and
2. Where it was made or accepted for accommodation, and has been paid by the party accommodated.

Sec. 122. The holder may expressly renounce his rights against any party to the instrument, before, at, or after its maturity. An absolute and unconditional renunciation of his rights against the principal debtor
made at or after the maturity of the instrument discharges the instrument. But a renunciation does not affect the rights of a holder in due course without notice. A renunciation must be in writing, unless the instrument is delivered up to the person primarily liable thereon.

Sec. 123. A cancellation made unintentionally, or under a mistake, or without the authority of the holder, is inoperative; but where an instrument or any signature thereon appears to have been cancelled the burden of proof lies on the party who alleges that the cancellation was made unintentionally, or under a mistake or without authority.

Sec. 124. Where a negotiable instrument is materially altered without the assent of all parties liable thereon, it is avoided, except as against a party who has himself made, authorized or assented to the alteration, and subsequent indorsers. But when an instrument has been materially altered and is in the hands of a holder in due course, not a party to the alteration, he may enforce payment thereof according to its original tenor.

Sec. 125. Any alteration which changes—
1. The date;
2. The sum payable, either for principal or interest;
3. The time or place of payment;
4. The number or the relations of the parties;
5. The medium or currency in which payment is to be made;

Or which adds a place of payment where no place of payment is specified, or any other change or addition which alters the effect of the instrument in any respect, is a material alteration.

TITLE II.

BILLS OF EXCHANGE.

ARTICLE I.—Form and Interpretation.

Sec. 126. A bill of exchange is an unconditional order in writing addressed by one person to another, signed by the person giving it, requiring the person to
whom it is addressed to pay on demand or at a fixed or
determinable future time a sum certain in money to
order or to bearer.

Sec. 127. A bill of itself does not operate as an as-
signment of the funds in the hands of the drawee
available for the payment thereof, and the drawee is
not liable on the bill unless and until he accepts the
same.

Sec. 128. A bill may be addressed to two or more
drawees jointly, whether they are partners or not; but
not to two or more drawees in the alternative or in
succession.

Sec. 129. An inland bill of exchange is a bill which
is, or on its face purports to be, both drawn and payable
within this state. Any other bill is a foreign bill.
Unless the contrary appears on the face of the bill, the
holder may treat it as an inland bill.

Sec. 130. Where in a bill drawer and drawee are the
same person, or where the drawee is a fictitious person,
or a person not having capacity to contract, the holder
may treat the instrument, at his option, either as a bill
of exchange or a promissory note.

Sec. 131. The drawer of a bill and any indorser may
insert thereon the name of a person to whom the
holder may resort in case of need, that is to say in case
the bill is dishonored by non-acceptance or non-pay-
ment. Such person is called the referee in case of
need. It is in the option of the holder to resort to the
referee in case of need or not as he may see fit.

ARTICLE II.—Acceptance.

Sec. 132. The acceptance of a bill is the signification
by the drawee of his assent to the order of the drawer.
The acceptance must be in writing and signed by the
drawee. It must not express that the drawee will per-
form his promise by any other means than the pay-
ment of money.

Sec. 133. The holder of a bill presenting the same
for acceptance may require that the acceptance be writ-
ten on the bill and, if such request is refused, may
treat the bill as dishonored.
Sec. 134. Where an acceptance is written on a paper other than the bill itself, it does not bind the acceptor except in favor of a person to whom it is shown and who, on the faith thereof, receives the bill for value.

Sec. 135. An unconditional promise in writing to accept a bill before it is drawn is deemed an actual acceptance in favor of every person who, upon the faith thereof, receives the bill for value.

Sec. 136. The drawee is allowed twenty-four hours after presentment in which to decide whether or not he will accept the bill; but the acceptance if given dates as of the day of presentation.

Sec. 137. Where a drawee to whom a bill is delivered for acceptance destroys the same, or refuses within twenty-four hours after such delivery, or within such other period as the holder may allow, to return the bill accepted or non-accepted to the holder, he will be deemed to have accepted the same.

Sec. 138. A bill may be accepted before it has been signed by the drawer, or while otherwise incomplete, or when it is overdue, or after it has been dishonored by a previous refusal to accept, or by non-payment. But when a bill payable after sight is dishonored by non-acceptance and the drawee subsequently accepts it, the holder, in the absence of any different agreement, is entitled to have the bill accepted as of the date of the first presentment.

Sec. 139. An acceptance is either general or qualified. A general acceptance assents without qualification to the order of the drawer. A qualified acceptance in express terms varies the effect of the bill as drawn.

Sec. 140. An acceptance to pay at a particular place is a general acceptance, unless it expressly states that the bill is to be paid there only and not elsewhere.

Sec. 141. An acceptance is qualified, which is—

1. Conditional, that is to say, which makes payment by the acceptor dependent on the fulfillment of a condition therein stated;

2. Partial, that is to say, an acceptance to pay part only of the amount for which the bill is drawn;
3. Local, that is to say, an acceptance to pay only at a particular place;
4. Qualified as to time;
5. The acceptance of some one or more of the drawees, but not of all.

Sec. 142. The holder may refuse to take a qualified acceptance, and if he does not obtain an unqualified acceptance, he may treat the bill as dishonored by non-acceptance. Where a qualified acceptance is taken, the drawer and indorsers are discharged from liability on the bill, unless they have expressly or impliedly authorized the holder to take a qualified acceptance, or subsequently assent thereto. When the drawer or an indorser receives notice of a qualified acceptance, he must, within a reasonable time, express his dissent to the holder, or he will be deemed to have assented thereto.

ARTICLE III.—Presentment for Acceptance.

Sec. 143. Presentment for acceptance must be made—
1. Where the bill is payable after sight, or in any other case, where presentment for acceptance is necessary in order to fix the maturity of the instrument; or
2. Where the bill expressly stipulates that it shall be presented for acceptance; or
3. Where the bill is drawn payable elsewhere than at the residence or place of business of the drawee.

In no other case is presentment for acceptance necessary in order to render any party to the bill liable.

Sec. 144. Except as herein otherwise provided, the holder of a bill which is required by the next preceding section to be presented for acceptance must either present it for acceptance or negotiate it within a reasonable time. If he fail to do so, the drawer and all indorsers are discharged.

Sec. 145. Presentment for acceptance must be made by or on behalf of the holder at a reasonable hour, on a business day and before the bill is overdue, to the drawer or some person authorized to accept or refuse acceptance on his behalf; and—
1. Where a bill is addressed to two or more drawees who are not partners, presentment must be made to them all, unless one has authority to accept or refuse acceptance for all, in which case presentment may be made to him only.

2. Where the drawee is dead, presentment may be made to his personal representative;

3. Where the drawee has been adjudged a bankrupt or an insolvent or has made an assignment for the benefit of creditors, presentment may be made to him or to his trustee or assignee.

Sec. 146. A bill may be presented for acceptance on any day on which negotiable instruments may be presented for payment under the provisions of sections seventy-two and eight-five of this act. When Saturday is not otherwise a holiday, presentment for acceptance may be made before 12 o'clock, noon, on that day.

Sec. 147. Where the holder of a bill drawn payable elsewhere than at the place of business or the residence of the drawee has not time with the exercise of reasonable diligence to present the bill for acceptance before presenting it for payment on the day that it falls due, the delay caused by presenting the bill for acceptance before presenting it for payment is excused and does not discharge the drawers and indorsers.

Sec. 148. Presentment for acceptance is excused and a bill may be treated as dishonored by non-acceptance, in either of the following cases—

1. Where the drawee is dead, or has absconded, or is a fictitious person, or a person not having capacity to contract by bill;

2. Where, after the exercise of reasonable diligence, presentment cannot be made;

3. Where, although presentment has been irregular, acceptance has been refused on some other ground.

Sec. 149. A bill is dishonored by non-acceptance,—

1. When it is duly presented for acceptance and such an acceptance as is prescribed by this act is refused or cannot be obtained; or
2. When presentment for acceptance is excused and the bill is not accepted.

Sec. 150. Where a bill is duly presented for acceptance, and is not accepted within the prescribed time, the person presenting it must treat the bill as dishonored by non-acceptance or he loses the right of recourse against the drawer and indorser.

Sec. 151. When a bill is dishonored by non-acceptance, an immediate right of recourse against the drawers and indorsers accrues to the holder and no presentment for payment is necessary.

Article IV.—Protest.

Sec. 152. Where a foreign bill appearing on its face to be such is dishonored by non-acceptance, it must be duly protested for non-acceptance, and where such a bill which has not previously been dishonored by non-acceptance is dishonored by non-payment it must be duly protested for non-payment. If it is not so protested, the drawer and indorsers are discharged. Where a bill does not appear on its face to be a foreign bill, protest thereof in case of dishonor is unnecessary.

Sec. 153. The protest must be annexed to the bill, or must contain a copy thereof, and must be under the hand and seal of the notary making it, and must specify—

1. The time and place of presentment;
2. The fact that presentment was made and the manner thereof;
3. The cause or reason for protesting the bill;
4. The demand made and the answer given, if any, or the fact that the drawee or acceptor could not be found.

Sec. 154. Protest may be made by,—

1. A notary public; or
2. By any respectable [responsible] resident of the place where the bill is dishonored, in the presence of two or more credible witnesses.

Sec. 155. When a bill is protested, such protest must be made on the day of its dishonor, unless delay is ex-
cused as herein provided. When a bill has been duly noted, the protest may be subsequently extended as of the date of the noting.

Sec. 156. A bill must be protested at the place where it is dishonored, except that when a bill drawn payable at the place of business, or residence, of some person other than the drawee, has been dishonored by non-acceptance, it must be protested for non-payment at the place where it is expressed to be payable, and no further presentment for payment to, or demand on, the drawee is necessary.

Sec. 157. A bill which has been protested for non-acceptance may be subsequently protested for non-payment.

Sec. 158. Where the acceptor has been adjudged a bankrupt or an insolvent or has made an assignment for the benefit of creditors, before the bill matures, the holder may cause the bill to be protested for better security against the drawer and indorsers.

Sec. 159. Protest is dispensed with by any circumstances which would dispense with notice of dishonor. Delay in noting or protesting is excused when delay is caused by circumstances beyond the control of the holder and not imputable to his default, misconduct, or negligence. When the cause of delay ceases to operate, the bill must be noted or protested with reasonable diligence.

Sec. 160. Where a bill is lost or destroyed or is wrongly detained from the person entitled to hold it, protest may be made on a copy or written particulars thereof.

Article V.—Acceptance for Honor.

Sec. 161. Where a bill of exchange has been protested for dishonor by non-acceptance or protested for better security and is not overdue, any person not being a party already liable thereon may, with the consent of the holder, intervene and accept the bill supra protest for the honor of any party liable thereon or for the honor of the person for whose account the bill is drawn. The acceptance for honor may be for part
only of the sum for which the bill is drawn; and where there has been an acceptance for honor for one party, there may be a further acceptance by a different person for the honor of another party.

Sec. 162. An acceptance for honor *supra* protest must be in writing and indicate that it is an acceptance for honor, and must be signed by the acceptor for honor.

Sec. 163. Where an acceptance for honor does not expressly state for whose honor it is made, it is deemed to be an acceptance for the honor of the drawer.

Sec. 164. The acceptor for honor is liable to the holder and to all parties to the bill subsequent to the party for whose honor he has accepted.

Sec. 165. The acceptor for honor by such acceptance engages that he will on due presentment pay the bill according to the terms of his acceptance: *Provided,* It shall not have been paid by the drawee: *And provided also,* That it shall have been duly presented for payment and protested for non-payment and notice of dishonor given to him.

Sec. 166. Where a bill payable after sight is accepted for honor, its maturity is calculated from the date of the noting for non-acceptance and not from the date of the acceptance for honor.

Sec. 167. Where a dishonored bill has been accepted for honor *supra* protest or contains a reference in case of need, it must be protested for non-payment before it is presented for payment to the acceptor for honor or referee in case of need.

Sec. 168. Presentment for payment to the acceptor for honor must be made as follows:

1. If it is to be presented in the place where the protest for non-payment was made, it must be presented not later than the day following its maturity.

2. If it is to [be] presented in some other place than the place where it was protested, then it must be forwarded within the time specified in section one hundred and four.
Sec. 169. The provisions of section eighty-one apply where there is delay in making presentment to the acceptor for honor or referee in case of need.

Sec. 170. When the bill is dishonored by the acceptor for honor it must be protested for non-payment by him.

ARTICLE VI.—Payment for Honor.

Sec. 171. Where a bill has been protested for non-payment, any person may intervene and pay it supra protest for the honor of any person liable thereon or for the honor of the person for whose account it was drawn.

Sec. 172. The payment for honor supra protest in order to operate as such and not as a mere voluntary payment must be attested by a notarial act of honor, which may be appended to the protest or form an extension to it.

Sec. 173. The notarial act of honor must be founded on a declaration made by the payer for honor, or by his agent in that behalf, declaring his intention to pay the bill for honor and for whose honor he pays.

Sec. 174. Where two or more persons offer to pay a bill for the honor of different parties, the person whose payment will discharge most parties to the bill is to be given the preference.

Sec. 175. Where a bill has been paid for honor, all parties subsequent to the party for whose honor it is paid are discharged, but the payer for honor is subrogated for, and succeeds to, both the rights and duties of the holder as regards the party for whose honor he pays and all parties liable to the latter.

Sec. 176. Where the holder of a bill refuses to receive payment supra protest, he loses his right of recourse against any party who would have been discharged by such payment.

Sec. 177. The payer for honor, on paying to the holder the amount of the bill and the notarial expenses incidental to its dishonor, is entitled to receive both the bill itself and the protest.

ARTICLE VII.—Bills in a Set.

Sec. 178. Where a bill is drawn in a set, each part of the set being numbered and containing a reference to
the other parts, the whole of the parts constitutes one bill.

Sec. 179. Where two or more parts of a set are negotiated to different holders in due course, the holder whose title first accrues is as between such holders the true owner of the bill. But nothing in this section affects the rights of a person who in due course accepts or pays the part first presented to him.

Sec. 180. Where the holder of a set indorses two or more parts to different persons, he is liable on every such part, and every indorser subsequent to him is liable on the part he has himself indorsed, as if such parts were separate bills.

Sec. 181. The acceptance may be written on any part and it must be written on one part only. If the drawee accepts more than one part, and such accepted parts are negotiated to different holders in due course, he is liable on every such part as if it were a separate bill.

Sec. 182. When the acceptor of a bill drawn in a set pays it without requiring the part bearing his acceptance to be delivered up to him, and that part at maturity is outstanding in the hands of a holder in due course, he is liable to the holder thereon.

Sec. 183. Except as herein otherwise provided where any one part of a bill drawn in a set is discharged by payment or otherwise the whole bill is discharged.

TITLE III.

PROMISSORY NOTES AND CHECKS.

ARTICLE I.

Sec. 184. A negotiable promissory note within the meaning of this act is an unconditional promise in writing made by one person to another signed by the maker engaging to pay on demand, or at a fixed or determinable future time, a sum certain in money to order or to bearer. Where a note is drawn to the maker's own order, it is not complete until indorsed by him.

Sec. 185. A check is a bill of exchange drawn on a
bank, payable on demand. Except as herein otherwise provided, the provisions of this act applicable to a bill of exchange payable on demand apply to a check.

Sec. 186. A check must be presented for payment within a reasonable time after its issue or the drawer will be discharged from liability thereon to the extent of the loss caused by the delay.

Sec. 187. Where a check is certified by the bank on which it is drawn, the certification is equivalent to an acceptance.

Sec. 188. Where the holder of a check procures it to be accepted or certified, the drawer and all indorsers are discharged from liability thereon.

Sec. 189. A check of itself does not operate as an assignment of any part of the funds to the credit of the drawer with the bank, and the bank is not liable to the holder unless and until it accepts or certifies the check.

SENATE CONCURRENT RESOLUTION No. 3.

Whereas, An all-wise Providence has removed from our midst our esteemed friend and brother, Hon. Horace E. Houghton, a senator of the State of Washington and one whose life has been prominently identified with the history of the state from its territorial organization to the present day;
His able and faithful public services in all important trusts to which he was called, the ability and integrity which he manifested throughout his public and private career, and the uniform kindness and courtesy
which characterized him in all the relations of life, endeared him to a large circle of friends, to the legal profession, public servants and to the community, by all of whom he is justly held in grateful remembrance.

His many excellent traits of character, presented through a long, useful and honorable life, rendered him one of the most distinguished and respected citizens of the state. The members of this legislature in common with the whole community deeply deplore his loss, and join with profound respect, regret and reverence in paying this last tribute to his memory; therefore be it

Resolved by the Senate of the State of Washington, the House concurring, That in the death of Senator Horace E. Houghton, the state has been deprived of one of its most useful and honored representatives, the legal profession of one of its noblest and most distinguished members, and society of one of its brightest ornaments; and be it further

Resolved, That as a testimonial of our high appreciation of his life, services and character, and of his many friends as statesman, lawyer, patriot, citizen and friend, these resolutions be spread upon the minutes of both Senate and House, and a copy be transmitted to his family, and the proceedings of this legislature in the premises be given to the press for publication; and be it further

SENATE CONCURRENT RESOLUTION No. 7.

WHEREAS, The present method of electing a United States senator is expensive, unsatisfactory and ruinous to the best interests of the people, as also conducive to unnecessary delays in the passage of useful legislation; and

WHEREAS, We believe the will of the people can best be ascertained by a direct vote of the people; now, therefore, be it

Resolved, That the Senate of the State of Washington, the House concurring, do by memorial respectfully and earnestly urge the congress of the United States to make
provisions for submitting a constitutional amendment providing for the election of United States senators by the direct vote of the people; and be it further

SENATE JOINT MEMORIAL No. 2.

To the Honorable the Senate and House of Representatives in Congress assembled:

Your memorialists, the Senate and House of Representatives of the State of Washington, in legislative session assembled, most respectfully represent,

That the Chamber of Commerce of the city of Seattle passed the following preambles and resolutions:

Whereas, By reason of the annexation of Puerto Rico, Hawaii and other islands during the past few months, and by reason of the
changed condition of affairs in Cuba, the Philippines and elsewhere, new and unbounded opportunities for commerce have been opened to the capitalists, business men and marine interests of the United States,

AND WHEREAS, With a proper encouragement by Congress, it is certain that no industry and no interest will be more favorably effected in consequence of these great changes in our national affairs, than ship-building and ship-owning, which may not only be restored to their former great prominence, but may also be placed on a higher plane, rivaling that even of Great Britain,

AND WHEREAS, Commerce and trade is as essential, to the life and prosperity of our Nation, as mining, manufacturing and agriculture, at least to the extent of conducting its own carrying trade,

AND WHEREAS, This country is very deficient in its merchant marine and depends largely upon foreign bottoms for its ocean traffic,

AND WHEREAS, The president of the United States, in his recent message to Congress, recommends "prompt, durable and liberal" legislation for the encouragement of American shipping,

Therefore, be it Resolved, That the Seattle Chamber of Commerce respectfully petition Congress to take action looking to the improvement and upbuilding of the interests of the whole American people on the seas and oceans of the world, than which nothing more important can call attention at this time.

And further Resolved, That our delegation in Congress be invited and urged to use their best efforts to bring about as speedily as possible the desired results.

And further Resolved, That our legislature also be invited and urged by memorial or otherwise, to aid with its influence in the accomplishment of the same object.

And further Resolved, That the Seattle Chamber of Commerce earnestly call upon all commercial bodies, political parties, newspapers and citizens of the State of Washington, to give their countenance and warm support to this movement, in behalf of American shipping in the foreign trade.

Now Therefore, We respectfully solicit your honorable bodies to take such action in the matter of the American merchant marine, as will the most readily, and in the most effective manner, reach the object sought in the resolutions above referred to.

And your memorialists will ever pray.

SENATE MEMORIAL NO. 5.

To the President of the United States:

Your memorialists, the legislature of the State of Washington, would respectfully represent that in 1825 the governments of Russia and Great Britain, by clear and formal treaty, determined the intervening line between their respective possessions on the continent of North America. Great Britain then acknowledged the right of Russia to all of the Pacific Coast north of 54 degrees, 40 minutes and Portland canal, and west of the summits of the range of mountains nearest to the coast. If such mountains were far from the shore, then the line was to be drawn ten marine leagues from the ocean. During the following forty-two years Russia remained in undisputed ownership of all that region known then as Russian America, and until, in 1867, her title thereto was passed to the United States for $7,000,000.

At that time the white inhabitants numbered about one thousand, all of whom, save a few engaged in the fur trade, were reliant upon the Russian government for their means of living. There were no fisheries, no manufactures, no mining, no farming, no business or relations with any other country and people than Russia and the Russians.

With the advent of the Americans came a change. Steamers began to run there from California, Oregon and Washington ports; people of the world were invited to take advantage of the opportunities on every hand; military and naval protection was given against the savages of the land; mail services were established and government explorations undertaken; the fur seal fishery employed scores of vessels and hundreds of men and became worth millions of dollars; salmon were found off the coast and great fisheries were established; employing other hundreds of men, who put up
now 25,000,000 to 40,000,000 one-pound cans of fish each summer for the Australian, European and American markets; quartz was found, mines were opened and mills built, one of them, with 880 stamps, being the largest in the world; placers were also found, and from the two sources upwards of $5,000,000 of gold were obtained during the year 1898.

Two hundred and fifty American steamers were engaged in the Alaska trade last year, and an average of more than one vessel a day departed from Seattle alone for ports in that territory. Sawmills have been started there, some farming done, a halibut fishery begun, and in the summer a great number of tourists go to those interesting shores.

All this development of resources has involved the opening of the country, the civilizing of the natives and the establishment there of a large population of American citizens, with two cities of at least 3,000 inhabitants each, and many smaller towns. In these cities are daily newspapers, electric lights, telephones, street cars, and a railroad to the interior. In the whole territory are over 30,000 citizens of our country, an average gain since 1867 of 1,000 per annum.

With its practically untouched timber, its coal, petroleum, codfish, whale, fur-bearing animals, etc., added to its seal, salmon, gold and other resources as attractions, there is reason to believe that Alaska, with its half million square miles of territory, will support comfortably a half million people a half century hence. It is no Greenland, but rather a Sweden and Norway, and like those countries will be a great factor in the commerce of the world.

While Russia held the country Great Britain apparently cared nothing for it. Beyond a fur trading privilege no attempt was made to avail of it. Taken during the Crimean war, it was cheerfully relinquished at the close as of no value.

Not until the citizens of the United States showed its worth in fish, in timber, in gold and in trade, did the Britons and Canadians evince interest in and de-
sire for it. Then by insidious methods attempts began to fix a claim upon the country. The old maps were discarded, and new maps issued, upon which the boundary line began farther north and was located nearer the sea, taking into the dominion a considerable area of the best portion of southeastern Alaska.

The next step was to get the newspapers to publish the claim and to fix it in the public mind as a proper and regular thing contemplated even by the treaty makers of 1825. From this it was easy to cause a contention, first local and then international, in consequence of which their claim could be placed before the British-American joint high commission, where nothing could be lost, but where something might be gained in the making of concessions and exchanges common to such bodies. It was a clever scheme, but one without honesty, justice or merit.

In accordance with this plan, it is now proposed to cede to the Canadians a portion of Alaska. It is said that the ceded portion will include the head of Lynn Canal, made world famous during the past two years by the rush of 50,000 gold miners to the Klondike. It will wholly include the town of Dyea, with its inhabitants, its aerial tramway and its United States military garrison. And it will also include one-half the city of Skagway, with four thousand more inhabitants, its twenty miles of American built railway, its four large wharves, its trade and growing importance.

Again it is reported that the ceded portion is to be other than that above described, and is to include the head of Pyramid Harbor, from which it takes inland the route to the Yukon known as the Dalton trail, established by and heretofore solely used by Americans.

The cession of either of these places or of any other Alaskan port will transfer from the United States to a foreign power the sole and absolute control of intercourse with the great interior, in which is involved a traffic of enormous proportions and of great wealth. Such cession will injure every citizen of the United States from San Diego to Sitka, and will humiliate the coun-
try from ocean to ocean and end to end. For the first time in our history our flag will be hauled down and the land over which it has long floated will be given away, sold or surrendered. This, too, without considering the wishes, wants or rights of the people most affected; and this, too, for either no consideration or for a consideration of trifling character. That such an act can be perpetrated in these days of national glory, of patriotism and expansion is incredible. Against its commission the protests of the people should prevail, and that of the State of Washington is here and now earnestly and respectfully presented.

Your memorialists respectfully ask that after consideration of this, their memorial, by the president, it be transmitted to the joint high commission for the adjustment of Canadian questions.

And your memorialists will ever pray.

HOUSE MEMORIAL No. 1.

In Memoriam.

WHEREAS, In the course of nature Arthur A. Denny has passed to his last rest, and thus closed a long and useful life; and

WHEREAS, He was not only a public spirited pioneer of the Territory (now State) of Washington, but at one time a distinguished member of its Legislative body; now, therefore, be it

Resolved by the Senate and House of Representatives of the State of Washington, That the members of the Senate and House of Representatives take this means to express their profound sense of the great loss the State
of Washington has sustained in the death of Hon. Arthur A. Denny, who landed upon the shores of Puget Sound in 1851, was one of the little colony which settled upon the site of the City of Seattle, rendered valuable services to the commonwealth as a delegate to Congress, and who took a conspicuous part in forming the early history of the State of Washington; and to express their appreciation of that inflexible integrity, that sturdy earnestness of purpose, and that broad citizenship which marked his whole career and set a standard which it should be our pride and ambition to maintain.

The Senate and House of Representatives direct that this resolution be spread upon the records, and that a copy be transmitted to his bereaved family.

HOUSE MEMORIAL No. 3.

To the Honorable the Senate and House of Representatives of the United States in Congress assembled:

Your memorialists, the House of Representatives and Senate of the State of Washington, most respectfully represent that

WHEREAS, Snake river is one of the largest tributaries of the Columbia river; and

WHEREAS, Snake river is navigable from Riparia to Asotin City, Washington, at all times during the year; and

WHEREAS, Snake river above Asotin City, Washington, is navigable to the mouth of Grande Rounde river, a distance of twenty (?) (25) miles about six (6) months in each year, beginning about the first of March and ending about the 1st of September; and

WHEREAS, Owing to obstructions in Snake river at the following points: Ten-mile, Captain John and
Billey Creek Rapids, the navigation of Snake river above Asotin City, Washington, is wholly obstructed for six months during the year, thereby working a hardship and financial loss to the numerous settlers living in the southeastern section of the State of Washington; and

Whereas, The shipping points on Snake river above Asotin City, Washington are Waha, Cousecreek and Grande Rounde landings, and

Whereas, The number of bushels of wheat stored at Waha landing during the year 1898 and 1899 is one hundred and forty thousand bushels (140,000) and the number of bushels of wheat stored at Cousecreek landing during the year 1898 and 1899 is (16,000) sixteen thousand bushels; and

Whereas, The landing at the mouth of Grande Rounde on Snake river is used as the principal shipping point for live stock and other products of the range of the southeastern portion of the State of Washington; and

Whereas, The obstructions to the navigation of Snake river at Ten-mile rapids consists of large boulders in the channel of Snake river, and the removal of said boulders will remove the obstructions to the navigation of Snake river at this point; and

Whereas, The obstruction to the navigation of Snake river at Captain John and at Billey Creek Rapids consists of boulders and solid rock which when removed will clear the obstructions to the navigation of Snake river at those points, thereby opening up of Snake river to navigation for a distance of twenty-five miles above Asotin City, Washington, be it therefore

Resolved by the Legislature of the State of Washington, That the State of Washington respectfully ask the Congress of the United States to appropriate ($20,000) twenty thousand dollars for the purpose of removing the obstructions to navigation in Snake river between Asotin City, Washington, and the mouth of the Grande Rounde river.

Be it further resolved, That the Senators and Repre-
sentatives of this state in Congress are requested to use their most earnest efforts to procure an appropriation for the improvement of Snake river between Asotin City, Washington, and the mouth of the Grand Rounde river.

And your memorialists will as in duty bound ever pray.

HOUSE MEMORIAL: No. 4.

To the Senate and House of Representatives of the United States:

Your memorialists, the Legislature of the State of Washington, respectfully represent, that a large number of citizens of Clarke and Cowlitz counties in the State of Washington are actual settlers and home builders upon certain odd-numbered sections of public land within the forfeited limits of the grant to the "Northern Pacific Railroad Company" opposite to and co-terminous with the line of said road not constructed between Wallula, Washington, and Portland, Oregon.

That said settlers established their homes on said lands after the time expired within which, under the grant, said road was to have been completed, and after it had become apparent said line would not be built down the Columbia river between said points by said company, and fully expecting to derive title to said lands from the government of the United States under the homestead laws.

That said settlers number about six hundred and are mostly heads of families, and, although poor and without capital, they have by hard labor and self denial made extensive and valuable improvements on said
lands, consisting largely in clearing off timber, stumps, logs and brush at great labor and expense of time, amounting in many instances to one hundred dollars per acre, and in building dwellings and other structures thereon, as homes for themselves and families.

That the grant to said company from "Wallula to Portland," was made July 2d, 1864.

That an additional and new grant was made to said company May 31st, 1870, on its line from Portland to Tacoma, which line was definitely located September 22d, 1882, but was not constructed until the year 1884.

That the technical limits of these two grants overlapped northeast of Portland into both Clarke and Cowlitz counties.

That a general withdrawal of lands was made under said grants by the interior department on August 13, 1870, and maintained regardless of the congressional act of forfeiture of September 29, 1890, until the 18th day of July, 1895, when in a decision known as the Spaulding case (21 Land Decisions, page 57) the secretary of the interior held, in conformity with a decision of the supreme court of the United States (152 U. S. 284) that no lands included in the prior grant of July 2, 1864, were or could be granted in the subsequent grant of May 31st, 1870, and that all said lands, pursuant to said forfeiture act, were, therefore, public lands, and subject to entry under the laws of the United States.

That homestead entries were thereafter allowed on said lands in all cases, except where the railroad company had obtained patents thereto.

That patents were procured by said company for a large part of said lands in May, 1895, notwithstanding the then pending homestead applications of said settlers, and the fact that the Spaulding decision above referred to was then being formulated.

That subsequently the secretary of the interior determined that these patents were wrongfully issued and requested the attorney general to bring suits for their cancellation.
That said settlers were threatened by the railroad company with eviction from their homes on said lands, and before the Spaulding decision many of them were driven, against their protest, into making contracts with the company for the purchase of their homes, in which they had invested years of toil, but to defend which they had no money or other resources to carry on litigation with a powerful corporation.

That common justice and humanity calls for legislative relief.

That attempts of this kind have been made but so far they have been ineffectual.

That the act of congress of March 3, 1896, extending the time for bringing suits to cancel patents, has resulted in nothing for the benefit of said settlers, but has, on the contrary, apparently confirmed the company's title and to an extent aided the company in enforcing said contracts.

That the act of congress of July 1st, 1898, gives the company the right to select other lands in lieu of all lands it desires to relinquish in these limits, but does not require it to relinquish any lands it has sold or contracted to sell.

That said last mentioned act does not appear applicable to the lands of said settlers, situated in forfeited limits, and if it did would be fatally injurious to hundreds of their number who have been compelled to contract with the railroad company under the erroneous rulings of the land department prior to the Spaulding decision, and by the threats of the company to eject them from their homes.

That the practical effect of said act is to confuse and embarrass the rights of said settlers and ought to be amended.

Your memorialists therefore ask in behalf of said settlers that said act of congress of July 1, 1898, be amended by eliminating from the second proviso thereof the provision that the company shall not be bound to relinquish lands sold or contracted by it, and that an act be passed declaring that the forfeiture act of
SESSION LAWS, 1899.

September 29, 1890, applies to and includes the lands within the limits of the grant to the Northern Pacific Railroad Company opposite to and co-terminous with the line of said road not constructed between Wallula, Washington, and Portland, Oregon, within which limits extending to or near the Willamette meridian are situated the lands of said settlers, and directing the immediate institution of suit by the attorney general of the United States for the cancellation of the patents to said lands wrongfully issued as aforesaid to said railroad company. And we request our senators and representatives in congress to do all in their power to that end, and hereby direct that copies of this memorial be transmitted to the president of the senate and speaker of the house of representatives, and to the senators and representatives in congress from this state.

HOUSE MEMORIAL No. 9.

To the Honorable the Senate and the House of Representatives of the United States in Congress assembled:

Your memorialists, the House of Representatives and the Senate of the State of Washington in legislative session assembled, most respectfully represent:

WHEREAS, The question of transportation of cereals and other products of the farm, mines and pastoral pursuits and fruit culture of all that section of our state in the north central portion thereof east of the Cascade range, is of very great importance; and

WHEREAS, The Columbia river can be made navigable for more than one hundred miles by the expenditure of a small amount of money at Priest, Rock Island, Orondo and Methow Rapids; and

WHEREAS, A great demand exists for the improvement of said river at said places; therefore, be it
Resolved, That your memorialists most respectfully and earnestly urge that your honorable bodies favor such legislation as will hasten the opening of said river to navigation by removing natural obstructions at said rapids, which will greatly aid transportation of persons and products in a territory three times as large as the State of Connecticut;

Resolved further, That your memorialists request of our senators and representatives in the national Senate and House of Representatives, to press this matter before our national legislature, and urge upon it the necessity of immediate legislation that will afford the long prayed for relief sought, and that a copy of this memorial be sent to each of our senators and representatives in congress, and to the president of the Senate and speaker of the House.

And this your memorialists will ever pray.
