If there be or arise any extra hazardous occupation or work other than those hereinabove enumerated, it shall come under this act, and its rate of contribution to the accident fund hereinafter established, shall be, until fixed by legislation, determined by the department hereinafter created, upon the basis of the relation which the risk involved bears to the risks classified in section 4.

The commission shall have power, after hearing had upon its own motion or upon the application of any party interested, to declare any such extra hazardous occupation or work to be under this act. The commission shall fix the time and place of such hearing, and shall cause notice thereof to be published once at least ten days before the hearing in at least one daily newspaper of general circulation, published and circulated in each city of the first class in this state. No defect or inaccuracy in such notice or in the publication thereof shall invalidate

The application of this act as between employers
and workmen shall date from and include the first
day of October, 1911. The payment for 1911 shall
be made prior to the day last named, and shall be
preliminarily collected upon the payroll of the last
preceding three months of operation. At the end of
each year an adjustment of accounts shall be made upon the basis of the actual payroll. Any shortage shall be made good on or before February 1st, following. Every employer who shall enter into business at any intermediate day, or who shall resume operations in any work or plant after the final adjustment of his payroll in connection therewith, shall, before so commencing or resuming operations, as the case may be, notify the commission of such fact, accompanying such notification with an estimate of his payroll for the initial year or portion thereof, and shall make payment of the premium on such estimated payroll for the first three months of operations. Every such employer shall be liable for a premium of at least three dollars irrespective of the amount of his payroll. An adjustment upon such payroll shall be made as in other cases.

Every employer within the provisions of this act shall on or before the fifteenth day of January, the fifteenth day of May and the fifteenth day of September of each year furnish the department with a true and accurate payroll showing the aggregate number of work days, that is men-days, during which workmen were employed by him during the four preceding calendar months; the total amount paid to such workmen during said four months, and a segregation of employment in the different classes provided in this act. The sufficiency of such statement shall be subject to the approval of the Industrial Insurance Commission.

Every employer shall keep at his place of business a record of his employment from which the above information may be obtained and such record shall at all times be open to the inspection of the commissioners or the traveling auditors, agents or assistants of the department, as provided in section 6604-15 of Rem. & Bal. Code.
In all cases where partners or other persons are excluded on the payroll such statement shall state both the names and occupations of the parties excluded and no such persons shall be entitled to compensation unless notice in writing that such excluded person has been included is received by the department prior to the date of injury to such person. Such employer shall at the time of reporting his payroll also state the names and addresses of any contractor or sub-contractor operating for or under him.

Every person, firm or corporation who shall fail to keep such record or fail to make such report in the manner and at the time herein provided shall be subject to a penalty of one hundred dollars ($100.00) for each such offense, to be collected by civil action in the name of the state and paid into the accident fund.

Every employer who shall fail to furnish an estimated payroll and make payment as above provided shall be liable to a penalty in three times the amount of the premium on such payroll, to be collected in a civil action in the name of the state, and paid into the accident fund. The commission may waive the whole or any part of such penalty.

For the purpose of such payments accounts shall be kept with each industry in accordance with the classification herein provided and no class shall be liable for the depletion of the accident fund from accidents happening in any other class. Each class shall meet and be liable for the accidents occurring in such class. There shall be collected from each class as an initial payment into the accident fund as above specified on or before the 1st day of October, 1911, one-fourth of the premium of the next succeeding year, and one-twelfth thereof at the close of each month after December, 1911: Provided, any class having sufficient funds credited to its account
at the end of the first three months or any month thereafter, to meet the requirements of the accident fund, that class shall not be called upon for such month. In case of accidents occurring in such class after lapsed payment or payments said class shall pay the said lapsed or deferred payments commencing at the first lapsed payment, as may be necessary to meet such requirements of the accident fund. The fund thereby created shall be termed the "accident fund" which shall be devoted exclusively to the purpose specified for it in this act.

In that the intent is that the fund created under this section shall ultimately become neither more nor less than self-supporting, exclusive of the expense of administration, the rates named in this section are subject to future adjustment by the Industrial Insurance Department, in accordance with any relative increase or decrease in hazard shown by experience, and if in the adjustment of the Industrial Insurance Department the moneys paid into the fund of any class or classes shall be insufficient to properly and safely distribute the burden of accidents occurring therein, the department may divide, rearrange or consolidate such class or classes, making such adjustment or transfer of funds as it may deem proper.

It shall be unlawful for the employer to deduct or obtain any part of the premium required by this section to be by him paid from the wages or earnings of his workmen or any of them, and the making or attempting to make any such deduction shall be a gross misdemeanor. The Industrial Insurance Commission shall on or before the 1st day of January, 1920, and annually thereafter make corrections of classifications as between classes of industries if and as experience shall show error or inaccuracy therein. From the original classification or premium rating or any change made therein any
employer claiming to be aggrieved may upon application have a hearing before the Industrial Insurance Commission upon notice to the interested parties and in the manner provided in section 6604-20 a review by the courts. If, at the end of any year, it shall be seen that the contribution to the accident fund by any class of industry shall be less than the drain upon the fund on account of that class, the deficiency shall be made good to the fund on the 1st day of February of the following year by the employers of that class in proportion to their respective payments for the past year.

For the purpose of such payment and making good of deficit the particular classes of industry shall be as follows:

No compensation shall be payable out of the accident fund unless the loss of earning power shall exceed five per cent.

(e) There is hereby created in the office of the state treasurer a fund to be known and designated as the reserve fund out of which shall be made the payments specified in this section for all cases of
death or permanent total disability including future payments to be made for the cases of that character which have heretofore arisen. Into the reserve fund there shall be forthwith placed all unexpended funds, in cash or invested, heretofore set aside for cases requiring a reserve. For every case resulting in death or permanent total disability hereafter arising it shall be the duty of the department to make transfer on their books from the accident fund of the proper class to the reserve fund of that class a sum of money for that case equal to the estimated present cash value of the monthly payments provided for it, to be calculated upon the basis of an annuity covering the payments in this section provided to be made for the case. Such annuities shall be based upon tables to be prepared for that purpose by the state insurance commissioner and by him furnished to the state treasurer, calculated upon standard mortality tables with an interest assumption of four (4) per cent per annum.

The department shall notify the state treasurer from time to time of such transfers as a whole and the state treasurer shall invest the reserve in either state capitol building bonds issued to take up capitol building warrants now outstanding, or in the class of securities provided by law for the investment of the permanent school fund, and the interest or other earnings of the reserve fund shall become a part of the reserve fund itself. The department shall, on October 1st of each year, apportion the interest or other earnings of the reserve fund as, certified to it by the state treasurer, to the various class reserve funds according to the average class balance for the preceding year. As soon as possible after October 1st, of each year beginning in the year 1918, the state insurance commissioner shall expert the reserve fund of each class to ascertain its standing as of October 1st, of that year, and the
relation of its outstanding annuities at their then value to the cash on hand or at interest belonging to that fund. He shall promptly report the result of his examination to the department and to the state treasurer in writing not later than December 31st. If the report show that there was on said October 1st, in the reserve fund of any class in cash or at interest a greater sum than the then annuity value of the outstanding pension obligations of that class, the surplus shall be forthwith turned over to the accident fund of that class, but if the report show the contrary condition of any class reserve, the deficiency shall be forthwith made good out of the accident fund of that class. The state treasurer shall keep accurate account of the reserve fund and the investment and earnings thereof, to the end that the total reserve funds shall at all times, as near as may be, be properly and fully invested, and to meet current demands for pension or lump sum payments may, if necessary, make temporary loans to the reserve fund out of the accident funds for that class, repaying same from the earnings of that reserve fund or from collections of its investments, or, if necessary, sales of the same.

(f) Permanent partial disability means the loss of either one foot, one leg, one hand, one arm, one eye, one or more fingers, one or more toes, any dislocation where ligaments were severed where repair is not complete, or any other injury known in surgery to be permanent partial disability. For the permanent partial disabilities here specifically described, the injured workman shall receive compensation as follows:

Loss of one leg amputated so near the hip that an artificial limb cannot be worn...$2,000.00
Loss of one leg at or above the knee so that an artificial limb can be worn..........$1,900.00
Loss of one leg below the knee............... $1,300.00
Loss of the major arm at or above the el-
bow ....................................... $1,900.00
Loss of the major hand at wrist......... $1,600.00
Loss of one eye by enucleation............ $1,200.00
Loss of sight of one eye................... $  900.00
Complete loss of hearing in both ears..... $1,900.00
Complete loss of hearing in one ear........ $  500.00

Compensation for any other permanent partial
disability shall be in the proportion which the ex-
tent of such other disability shall bear to that per-
manent partial disability above specified which most
closely resembles and approximates in degree of
disability such other disability, but not in any case
to exceed the sum of two thousand dollars
($2,000.00). If the injured workman be under the
age of twenty-one years and unmarried, the parents
or parent shall also receive a lump sum payment
equal to ten per cent of the amount awarded the
minor workman.

(g) Should a further accident occur to a work-
man who has been previously the recipient of a lump
sum payment under this act, his future compensa-
tion shall be adjudged according to the other pro-
visions of this section and with regard to the com-
bined effect of his injuries, and his past receipt of
money under this act.

Should such further accident result in the perma-
nent total disability of such injured workman, he
shall receive the pension to which he would be en-
titled notwithstanding the payment of a lump sum
for his prior injury.

(h) If aggravation, diminution, or termination
of disability takes place or be discovered after the
rate of compensation shall have been established or
compensation terminated, in any case the depart-
ment may, upon the application of the beneficiary

Ch. 131.]  SESSION LAWS, 1919.  363
or upon its own motion, readjust for further application the rate of compensation in accordance with the rules in this section provided for the same, or in a proper case terminate the payment.

(i) A husband or wife of an injured workman, living in a state of abandonment for more than one year at the time of the injury or subsequently, shall not be a beneficiary under this act.

(j) If a beneficiary shall reside or remove out of the state the department may, in its discretion, convert any monthly payments provided for such case into a lump sum payment (not in any case to exceed the value of the annuity then remaining, to be fixed and certified by the state insurance commissioner, but in no case to exceed the sum of $4,000.00) or, with the consent of the beneficiary, for a smaller sum.

(k) Any court review under this section shall be initiated in the county where the workman resides or resided at the time of the injury, or in which the injury occurred.

(l) No workman injured after June 30th, 1917, shall receive or be entitled to receive compensation out of the accident fund for or during the day on which his injury was received or the seven days following the same, but if at the end of thirty days following the day of the receipt of his injury his incapacity shall still exist, there shall be included in the next payment to him out of the accident fund compensation for said omitted period.

Sec. 5. That section 6604-6 of Rem. & Bal. Code be amended to read as follows:

Section 6604-6. If injury or death results to a workman from the deliberate intention of the workman himself to produce such injury or death, neither the workman nor the widow, widower, child or dependent of the workman shall receive any payment whatsoever out of the accident fund. If injury or
death result to a workman from the deliberate in-
tention of his employer to produce such injury, or
death, the workman, the widow, widower, child or
dependent of the workman shall have the privilege
to take under this act, and also have cause of action
against the employer, as if this act had not been
enacted, for any excess of damages over the amount
received or receivable under this act.

A minor working at an age legally permitted
under the laws of this state shall be deemed *sui juris* for the purpose of this act, and no other per-
son shall have any cause of action or right to comp-
ensation for an injury to such minor workman ex-
cept as expressly provided in this act, but in the
event of a lump sum payment becoming due under
this act to such minor workman, the management
of the sum shall be within the probate jurisdiction
of the courts the same as other property of minors:
*Provided,* that in the event it is necessary to pro-
cure the appointment of a guardian to receive the
money to which any minor workman is entitled
under the provisions of this act, the commission
may allow from the accident fund, toward the ex-
penses of such guardianship, not to exceed the sum
of twenty-five dollars ($25.00) in any one case: *Pro-
vided, further,* that in case any such minor shall be
awarded a lump sum payment of the sum of two
hundred fifty dollars ($250.00) or less, the indus-
trial insurance commission shall have power, in its
discretion, to make payment direct to such minor
without the necessity of the appointment of a guar-
dian.

Sec. 6. That section 6604-10 of Rem. & Bal.
Code be amended to read as follows:

Section 6604-10. No money paid or payable
under this act out of the accident fund shall, prior
to issuance and delivery of the warrant therefor,
be capable of being assigned, charged, nor ever be
taken in execution or attached or garnished, nor shall the same pass to any other person by operation of law. Any such assignments or charge will be void: Provided, that if any workman shall suffer a permanent partial injury, and shall die from some other cause than the accident which produced such injury before he shall have received payment of his award for such permanent partial injury, or if any workman shall suffer any other injury and shall die from some other cause than the accident which produced such injury before he shall have received payment of any monthly installment covering any period of time prior to his death, the amount of such permanent partial award, or of such monthly payment or both, shall be paid to his widow, if he leave a widow, or to his child or children if he leave a child or children and shall not leave a widow, provided if the injured workman shall have resided in the United States as long as three years such payment will not be made to any widow or child who is at the time a non-resident of the United States.

If any beneficiary shall reside without the United States and shall so direct in writing, the commission may cause any warrant or warrants to which such beneficiary is entitled to be issued in the name of and delivered to the consul or consular agent of the country in which such beneficiary is resident, designated by such beneficiary.

Sec. 7. That section 6604-22 of Rem. & Bal. Code be amended to read as follows:

Section 6604-22. The salary of each of the commissioners shall be forty-two hundred dollars ($4,200.00) per annum, and he shall be allowed his actual and necessary traveling and incidental expenses; and any assistant to the commissioners shall be paid for each full day’s service rendered by him, his actual and necessary traveling expenses and
such compensation as the commission may deem proper. Each commissioner shall give a surety company bond in the sum of twenty-five thousand dollars ($25,000.00) payable to the State of Washington, conditioned upon the faithful performance of his duties, and the person designated by the said commission as claim agent shall give a surety company bond in the sum of twenty thousand dollars ($20,000.00) payable to the State of Washington, conditioned upon the faithful performance of his duties.

Sec. 8. That section 6604-23 of Rem. & Bal. Code be amended to read as follows:

Section 6604-23. The commissioners may appoint a sufficient number of auditors and assistants to aid them in the administration of this act and fix the compensation of such auditors and assistants at a total expense of not to exceed one hundred twenty thousand dollars ($120,000.00) per year. They may employ one or more physicians in each county for the purpose of official medical examinations, whose compensation shall be limited to five dollars ($5.00) for each examination and report therein. They may procure such record books as they may deem necessary for the record of the financial transactions and statistical data of the department, and the necessary documents, forms and blanks. They may establish and require all employers to install and maintain a uniform form of payroll.

Sec. 9. For all cases of injuries to workmen which occurred before this act shall go into effect Sections 6604-3, 6604-5, 6604-6, and 6604-10 shall continue in force as they were prior to and they shall be unaffected by the passage of this amendatory act.
