Be it enacted by the Legislature of the State of Washington:

SECTION 1. That whenever it shall appear to the board of commissioners of any drainage district now organized or that may be hereafter organized under the laws of the State of Washington, that existing drainage systems or improvements are inadequate or insufficient to properly drain the lands within said district or any portion or portions thereof, such commissioners shall have the power and they are hereby authorized to construct such additional system or systems or to extend, add to, or enlarge any existing system as in their judgment

Section 4143. All drainage districts organized or that may hereafter be organized under the provisions of this chapter or the acts amendatory thereof shall have the right of eminent domain, with the power by and through its board of commissioners, to cause to be condemned and appropriated private property for the use of said corporation in the construction and maintenance of a system or systems of drainage, and make just compensation therefor, and such right of eminent domain may be exercised either within or without the boundaries of such districts, and may be exercised with respect to rights of way for ditches, drains, dams, outlets or any other necessary appliances or structures and whether for the original system or any additions, enlargements or extensions thereof or for additional
