The secretary-treasurer shall thirty (30) days or more before May 1st of each year mail to all active practitioners of osteopathy or osteopathy and surgery in this state at their last known address a notice of the fact that the renewal fee will be due on or before the first of May; except that the first notice after the passage of this act shall be sent on or before July 11, 1917. No such citation shall be issued except upon a sworn complaint filed with the secretary-treasurer of the board, charging the applicant with having been guilty of unprofessional conduct, and setting forth the particular act constituting such unprofessional conduct. On filing of such complaint the secretary-treasurer must forthwith issue a citation and make the same returnable at a regular or special meeting of said board, occurring at least thirty days next after filing the complaint. Said citation and said subpoenas shall be served in accordance with the statutes of this state then in force as to the service of summons and subpoenas generally and all provisions of the statutes of this state then in force relating to subpoenas are hereby made applicable to the subpoenas provided for herein. If any person refuses to obey a subpoena served upon him in accordance with the statutes of this state then in force providing for the manner of service [of] subpoenas, the fact of such refusal shall be certified by the secretary-treasurer of said board, under the seal thereof, to the superior court of the county in which the service was had and the said court shall thereupon proceed to hear said matter in accordance with the statutes of this state then in force as to contempt for disobedience of process of the court, and should said court find that the subpoena had been legally served and that the party so served has wilfully disobeyed the same, it shall proceed to impose such penalty as provided in cases of contempt of court. In all cases of alleged unprofessional conduct arising under this act, testimonies of witnesses may be taken, the same as in civil cases, and all the provisions of the statutes of this state then in force as to the taking of testimony are hereby made applicable to the taking of depositions under this section. If the applicant shall fail to file with the secretary-treasurer of said board his answer, under oath, to the charges made against him, within twenty
days after service on him of said citation or within such further time as the board may give him, and the charges on their face be deemed sufficient by the board, default shall be entered against him and his application refused. If the charges on their face be deemed sufficient by the board, and issue be joined thereon by answer, the board shall proceed to determine the matter, and to that end shall hear such evidence as may be adduced before it; and if it appear to the satisfaction of the board that the applicant is guilty as charged, no certificate shall be issued to him. No certificate shall be refused on the grounds of unprofessional conduct unless the applicant has been guilty of such conduct within two years next preceding his application. Whenever any holder of a certificate to practice osteopathy or osteopathy and surgery in this state is guilty of unprofessional conduct, as the same is defined in this act, and said unprofessional conduct has been brought to the attention of the board in the manner hereinafter pointed out, or whenever a certificate has been procured by fraud or misrepresentation, or issued by mistake, it shall be their duty to, and they must, revoke the same at once, and the holder of said certificate shall not be permitted to practice osteopathy or osteopathy and surgery in this state. But no revocation shall be made unless such holder is cited to appear and the same proceedings are had as is hereinbefore provided in this section in case of refusal to issue certificates. Said secretary-treasurer in all cases of revocation shall enter on his register the fact of such revocation and shall certify the fact of such revocation under the seal of the board, to the county clerk of each county in which the certificate of the person whose certificate has been revoked is recorded; and said clerk must thereupon write upon the margin or across the face of his register the certificate of such person,
the following: "This certificate was revoked on the —— day of ———, ———." giving the day, month and year of revocation in accordance with certification to him by the secretary-treasurer. The record of such revocation so made by said county clerk shall be prima facie evidence of the fact thereof, and of the regularity of all the proceedings of said board in the matter of said revocation. From the time of the revocation of a certificate the holder thereof shall be disqualified from practicing osteopathy or surgery in this state.

statement of the grounds and reasons for such refusal or revocation in the office of the secretary-treasurer of said board, which said statement, together with the decision of said board, in writing, shall remain of record in said office.

In case of such appeal to the supreme court by said board, no such license shall be issued nor reinstatement be required until the final determination of said cause, and as hereinafter provided. In case the final decision of the supreme court be against said medical examining board, then, and in that case, said court shall make such order in the premises as may be necessary, and said board shall act accordingly: Provided, That in no case shall an appeal bond be required of said board, nor shall any costs be adjudged or taxed against the same.

Section 21. Every motor vehicle operated or driven upon the public highways of the state shall exhibit during the period from one-half hour after sunset to one-half hour before sunrise and at all times when fog or other atmospheric conditions render the operation of said vehicle dangerous to traffic or the use of the highways at least two headlamps, one on each side of said vehicle, showing white or yellow tinted lights visible at least five hundred feet or more in advance of said vehicle. Such motor vehicle or any trailer attached thereto shall have attached to the rear not less than one lamp showing a red light visible at least two hundred feet in the rear of such vehicle, and the same light or additional light casting white rays of sufficient
strength on the rear number plate thereof, so that such number plate may be easily read at a distance of at least sixty feet: Provided, that motor cycles shall be required to carry only one light in the front thereof, which shall show white or yellow tinted rays visible at least five hundred feet in advance of such motor vehicle: Provided, further, that it shall be unlawful to display any light showing red to the front of any motor vehicle. The term "beam of light" shall be construed to mean the reflected rays of light which are projected approximately parallel to the optical axis of the reflector.

A light shall be deemed "diffused" when produced by a headlamp which has the entire surface of the glass front etched, ground, sand blasted or so formed that the light emitted therefrom is entirely dispersed.

The above provisions of this act shall not apply to spot lights but all spot lights shall, while in use upon the highways of this state, be so directed that the beam of light therefrom shall strike the roadway at a point at least six (6) feet to the right and not more than seventy-five feet in front thereof when approaching a vehicle.

In any prosecution under this act, the candle power indicated on the headlight bulb from any electric headlamp shall be and constitute prima facie evidence of the light candle power of such headlamp.

Any person operating a motor or other vehicle shall, at the intersection of public highways, keep to the right of the intersections of the centers of such highways when turning to the right and pass to the right of such intersection when turning to the left: Provided, however, a variance, in good faith, from the rules herein relating to the turning to the left of a vehicle when overtaking another going in the same direction where the exigencies of the situation permit shall not subject the offender to arrest under the criminal provision of this act.

Sec. 12. That section 30 of chapter 142, Laws of 1915, as amended by chapter 155, Laws of 1917, be amended to read as follows:

Sec. 14. All licenses expiring on the last day of February, 1919, are hereby continued in full force and effect up to and including the last day of March, 1919.

An Act relating to the use of water in the State of Washington, amending sections 11 and 21 of Chapter 117 of the Session Laws of 1917, and further amending said chapter by adding thereto certain sections to be designated sections 42a, 42b and 42c, providing for the joint maintenance of partnership ditches, conferring upon the state hydraulic engineer jurisdiction thereof in certain cases, and creating liens for labor and material furnished in the operation and maintenance thereof.

Be it enacted by the Legislature of the State of Washington:

SECTION 1. That section 11 of Chapter 117 of the Session Laws of 1917 be amended to read as follows:

Section 11: Any person, corporation or association feeling aggrieved at any order, decision, or determination of the state hydraulic engineer, or of any assistant or deputy, or any water master, affecting his interests, may have the same reviewed by a proceeding for that purpose, in the nature of an appeal, initiated in the superior court of the county in which the matter affected, or a portion thereof is situated. The proceedings in every such appeal shall be heard and tried by the court and shall be informal and summary, but full opportunity to be heard and present evidence shall be had before judgment is pronounced. No such appeal shall be entertained unless notice of appeal containing a statement of the substance of the order, decision, or determination complained of and the manner in which the same injuriously affects the appellant’s interests, shall have been served personally upon the state hydraulic engineer, or by registered mail, at his office at the state capital, within twenty days.
following the rendition of the order, decision or determination appealed from and communication thereof in writing to the person affected thereby. No bond shall be required except a stay is desired and an appeal shall not be a stay, unless within five days following the service of notice of appeal a bond shall be filed in an amount to be fixed by the court and with sureties satisfactory to the court, conditioned to perform the judgment of the court. Costs shall be paid as in civil cases brought in the superior court, and the practice in civil cases shall apply. Appeal shall lie from the judgment of the superior court as in other civil cases. In all court proceedings under or pursuant to this section the decision of the state hydraulic engineer shall be prima facie correct. The attorney general shall be the legal adviser of the state hydraulic engineer and shall represent him in all proceedings whenever so requested. Wherever it shall appear to the state hydraulic engineer that any litigation, whether now pending or hereafter brought, may adversely affect the rights of the public in water, it shall be his duty to request the attorney general to appear and protect the interests of the state. He shall assign one of his assistants to perform such legal services as may be required in connection with proceedings to determine water rights and may require him to perform such other legal services for the state hydraulic engineer as may be necessary to assist him in the performance of his duties. The proportionate part of the salary and expenses of such assistant for services in connection with the determination of water rights shall be included in the statement of the state hydraulic engineer required by section 21. The state hydraulic engineer may expend such of the funds appropriated for his department for such portion of the salary and expenses of such as-
sistant as may be agreed upon between the state hydraulic engineer and attorney general.

Sec. 2. That section 21 of Chapter 117 of the Session Laws of 1917 be amended to read as follows:

Section 21. At the time of filing the statement as provided in section 17, each defendant shall pay to the clerk of the superior court a fee of one dollar ($1.00). The state hydraulic engineer shall keep a record of the expenses incurred by him in the determination of the rights on any stream, including the proportionate share of the expense of his office, such expense to date from the filing of a petition or the institution of any investigation as provided in section 14. Immediately upon receipt of a decree of the superior court determining the rights of parties as provided in section 23, the state hydraulic engineer shall prepare and file in the superior court a statement of such expense, showing the total expense of the determination and apportioning such expense to the various rights as determined by the court in proportion to the amount of such rights. Such records shall be subject to audit by the bureau of inspection and supervision of public offices as are other accounts of state offices. The amount of such expense apportioned to each diverter shall be paid by such diverter before he shall be entitled to receive a certificate of diversion from the state hydraulic engineer.

Sec. 3. That Chapter 117 of the Session Laws of 1917 be amended by adding a new section after section 42 thereof to be known as section 42a:

Section 42a. In all cases where irrigating ditches are owned by two or more persons and one or more of such persons shall fail or neglect to do his, her or their proportionate share of the work necessary for the proper maintenance and operation of such
ditch or ditches or to construct suitable headgates or measuring devices at the points where water is diverted from the main ditch, such owner or owners desiring the performance of such work as is reasonably necessary to maintain the ditch, may, after having given ten days’ written notice to such owner or owners who have failed to perform his, her or their proportionate share of such work, necessary for the operation and maintenance of said ditch or ditches, perform his, her or their share of such work, and recover therefor from such person or persons so failing to perform his, her or their share of such work in any court having jurisdiction of the matter the expense or value of such work or labor so performed: Provided, that no improvement involving an expenditure in excess of one hundred dollars ($100.00) shall be made without the written approval of the state hydraulic engineer having first been obtained.

Sec. 4. That Chapter 117 of the Session Laws of 1917 be amended by adding thereto a new section to be known as section 42b:

Section 42b. When two or more persons, joint owners in an irrigation ditch or reservoir, not incorporated, or their lessees, are unable to agree relative to the division or distribution of water received through their ditch or from their reservoir, and where there is no disagreement as to the ownership of said water, it shall be lawful for any such owner or owners, his or their lessee or lessees, or either of them, to apply to the state hydraulic engineer, in writing, setting forth such fact and giving such information as shall enable the state hydraulic engineer to estimate the probable expense of such service, asking the state hydraulic engineer to appoint some suitable person to take charge of such ditch or reservoir for the purpose of making a just
division or distribution of the water from the same to the parties entitled to the use thereof. The state hydraulic engineer shall upon the receipt of such application notify the applicant of the probable expense of such division and upon receipt of certified check for said amount, he shall appoint a suitable person to make such division. The person so appointed shall take exclusive charge of such ditch or reservoir for the purpose of dividing the water therefrom in accordance with the established rights of the diverters therefrom, and continue the said work until the necessity therefor shall cease to exist. The expense of such investigation and division shall be a charge upon all of the co-owners and the person advancing the payment to the state hydraulic engineer shall be entitled to recover in any court of competent jurisdiction from his co-owners their proportionate share of the expense.

Sec. 5. That Chapter 117 of the Session Laws of 1917 be amended by adding thereto a new section to be known as section 42c:

Section 42c. Upon the failure of any co-owner to pay his proportionate share of such expense as mentioned in section 42a within thirty days after receiving a statement of the same as performed by his co-owner or owners, such person or persons so performing such labor may secure payment of said claim by filing an itemized and sworn statement thereof, setting forth the date of the performance and the nature of the labor so performed, with the county auditor of the county wherein said ditch is situated, and when so filed it shall constitute a valid lien against the interest of such person or persons who shall fail to perform their proportionate share of the work requisite to the proper maintenance of said ditch, which said lien when so taken may be enforced in the same manner as provided
by law for the enforcement of mechanics’ and builders’ liens.

Whenever, in the construction or repair of the highway, or any portion thereof, or the furnishing of materials therefor, the board of directors shall determine to let a contract or contracts for the doing of said work or the furnishing of said materials, a notice calling for sealed proposals shall be published in the official county newspaper in the county in which the office of the board is situated and in any other newspaper which may be designated by the board, and for such length of time, not less than two weeks, as may be fixed by the board. At the time and place appointed in the notice for the opening of bids, the sealed proposals shall be opened in public, and as soon as convenient thereafter, the board shall let said work or the contract for the purchase of materials, either in portion or as a whole, to the lowest responsible bidder or the board may reject any and all bids and readvertise, or may proceed to construct the work under its own superintendence. The board may in its call require bidders to bid separately on the basis of cash payment and on the basis of payment in bonds of the district previously authorized which bonds shall be accepted at par value plus accrued interest for any work, services or materials furnished. The said county treasurer shall also keep such other funds as may be required by law governing independent road districts, or provided by this act, or as required by the board of directors by resolution, and shall place therein moneys collected for said funds. The county treasurer shall pay out the moneys received or deposited with him, or any portion thereof, upon warrants drawn upon the several funds, signed by the president and countersigned by the secretary of the district, except the sums to be paid out of the bond interest and redemption fund upon the coupons and bonds presented to the treasurer. Warrants drawn upon any fund which is temporarily depleted may be stamped by the treasurer "Not paid for want of funds" with the date of presentation and shall draw interest at six percent per annum until redeemed out of the fund upon which they are drawn, after call as provided by law for county warrants. The said treasurer shall report, in writing, on the first Monday of each month, to the board of directors of the district the amount of money held by him, the amount in each fund, the

The

The secretary must before the first Tuesday in June next following prepare an assessment book, with appropriate headings, in which must be listed all the lands within the district. In such book must be specified, in separate columns, under the appropriate headings:

First: The name of the person to whom the property is assessed. If the name is not known to the secretary the property shall be assessed to "unknown owners."

Second: Land by township, range, section or fractional section, and when such land is not a legal subdivision, by metes and bounds or other description sufficient to identify it, giving an estimate of the number of acres, city and town lots, naming the city or town, and the number and block according to the system of numbering in such city or town, or plat recorded in the office of the county auditor.

Third: The ratio of benefits.

Fourth: The respective sums in dollars and cents to be paid as assessments on the respective parcels of land.

Fifth: Such other things as the board of directors may require.

Any property which may have escaped the payment of any assessment for any year, shall, in addition to the assessment for the then current year, be assessed for such year with the same effect and with the same penalties as are provided for such current year.

Sec. 7. That chapter 116 of the Session Laws of 1917 be amended by adding thereto a new section to be known as section 9b, and to read as follows:

Section 9b. The board of directors must allow the secretary as many deputies, to be appointed by the board, as will, in the judgment of the board, enable him to complete the assessment roll within
the time herein prescribed, compensation for such deputies to be fixed by the board for time actually engaged and only for work between the first Tuesday in March and the first Tuesday in June of each year, on or before which date the secretary must complete his assessment book and deliver it to the board. Thereafter the assessment book must remain in the office of the secretary for the inspection of all persons interested until finally confirmed. The board shall then fix a time and place for the hearing on said roll and shall direct the secretary to give notice thereof and of the time the board acting as a board of equalization will meet to equalize the assessments, by publication once in a newspaper published in each county in which any of such independent highway may lie. The time shall not be less than twenty or more than thirty days from the date of such publication. Such published notice shall notify all persons interested that in accordance with law the secretary has prepared an assessment roll for the current year for the raising of necessary funds for the purposes of the district as directed by the board, that said roll will be open for inspection in his office that at the time and place fixed by the board, it will meet and proceed to consider said roll acting as a board of equalization and will equalize assessments, notifying any person interested therein that objections thereto must be made in writing and filed with the secretary on or before the last day of hearing thereon and that if not so filed objections cannot be heard, and that the board will consider said roll and properly filed objections thereto and will either confirm, modify or set aside said roll as shall be just and in accordance with special benefits to the land assessed. At the time and place specified in the notice for the hearing, the board, which is hereby constituted a board of equalization for that purpose, shall meet and con-
continue in session from day to day as long as may be necessary, not to exceed ten days, exclusive of Sundays, to hear and determine such objections to the said assessment roll as may come before it; and the board may confirm said roll or modify the same as may be just and in accordance with special benefits or may set the same aside and order a new roll to be prepared by the secretary. The secretary shall be present during its session, and note all changes made at said hearing. In case the roll is set aside or any assessments raised, a revised roll shall be prepared by the secretary, a time and place fixed for hearing and a new notice given as provided herein for the original hearing. When the board shall have confirmed the roll after hearings as herein provided the secretary shall complete the same as finally equalized.

Sec. 8. That chapter 116 of the Session Laws of 1917, be amended by adding thereto a new section to be known as section 9c and to read as follows:

Section 9c. Such cause shall then be at issue and shall be tried immediately by such court as in the case of equitable causes, except that no further pleadings shall be necessary. The judgment of the court shall be either to confirm, modify or annul the assessment in so far as the same affects the property of appellant with respect to which the appeal was taken from which judgment an appeal shall lie to the Supreme Court as in other causes.

Sec. 9. That chapter 116 of the Session Laws of 1917 be amended by adding thereto a new section to be known as section 9d, and to read as follows:

Section 9d. Whenever any such assessment roll shall have been confirmed by the board of directors as herein provided, the regularity, validity and correctness of the proceedings relating to such improvement and to the assessment therefor, including the action of the board upon such assessment roll, and the confirmation thereof, shall be conclusive in all things upon all parties, and cannot in any manner be contested or questioned in any proceeding whatsoever, by any person not filing written objections to such roll in the manner, and within the time provided in the preceding section, and not appealing from the action of the board in confirming such assessment roll in the manner and within the time in said section provided. No proceeding of any kind shall be commenced or prosecuted for the purpose of defeating or contesting any such assessment, or the sale of any property to pay such assessment, or any certificate of delinquency issued therefor,
or the foreclosure of any lien issued therefor: *Provided,* That this section shall not be construed as prohibiting the bringing of injunction proceedings to prevent the sale of any real estate upon the grounds (1) that the property about to be sold does not appear upon the assessment roll or (2) that said assessment has been paid.

Sec. 10. That chapter 116 of the Session Laws of 1917 be amended by adding thereto a new section to be known as section 9e and to read as follows:

Section 9e. [S. B. 84.]

ELECTION OF SUPREME AND SUPERIOR COURT JUDGES.

AN ACT relating to the nomination and election of superior court and supreme court judges, and amending section 4842 of Remington & Ballinger's Annotated Codes and Statutes of Washington.

Be it enacted by the Legislature of the State of Washington:

SECTION 1. That section 4842 of Rem. & Bal. Code be amended to read as follows:

Section 4842. When there are to be elected at any general election one or more judges of the supreme court, or of the superior court of any county, the candidates for each respective office whose names are to be placed on the general election ticket shall be determined as follows: The number of candidates equaling the number of judicial positions to be filled who receive the highest number of votes at the primary election, and an equal number of candidates for such positions, providing there are such candidates, who receive the next highest number of votes, shall be the candidates for such respective offices and their names shall appear on the general election ballot under the designation of such respective offices: Provided, however, that where any candidate for any such office shall receive a majority of all votes cast at such primary election for such office, the name or names of such candidates receiving such majority shall be printed separately on the general election ballot, under the designation "Vote for ———", and the name or names of no opposing candidate or candidates shall be printed on such ballot in opposition to such candidate or candidates, but spaces equaling the number of such majority candidates shall be left following such name or names, in which the voter may insert the name of any person for whom he wishes to cast
his ballot. Following the names of such majority candidates, under the designation "Vote for ———," the names of the minority candidates who have received the highest number of votes at the primary election equal to twice the number of the remaining places to be filled shall be printed: Provided, further, that the secretary of state, or other proper certifying officer, in certifying to the several county auditors of the state the names of candidates for judicial offices shall specify the names of those who have received a majority vote at such primary election, together with the names of the minority candidates who are entitled to have their names placed upon the official ballot. For the purpose of determining whether any candidate or candidates shall have received a majority of the votes cast under the provisions of this section the number of votes cast shall be determined by adding together the number of votes cast for each candidate and dividing the sum of such votes by the number of positions to be filled, and any candidate who receives a number of votes in excess of one-half of the votes cast as thus determined shall be deemed to have received a majority of the votes cast. If it shall appear that a number of candidates in excess of the number of positions to be filled shall have received a majority of votes cast, then there shall be printed upon the ballot only the names of the candidates who received the highest number of votes and equal to the number of places to be filled. The names of all such candidates for such judicial offices shall appear on the general election ballot under the heading: "Judicial Ticket." Where a vacancy or other cause shall necessitate the election of a judge for a short term, and at the same election one or more judges are to be elected for the full term candidates may announce themselves for either the short or full term, and the ballots shall be arranged accordingly.
There shall be a separate ballot for the candidates for nomination for such judicial offices, for use in the primary election, and such ballots shall be printed, delivered, voted and counted as hereinbefore provided for the general primary election ballot: Provided, that any voter shall have the privilege of voting this ticket alone. The form of said ballot shall be substantially as follows:

JUDICIAL ELECTION BALLOT.

To vote for a person make a cross (X) in the square at the RIGHT of the name of the person for whom you desire to vote.

COUNTY TOLL BRIDGE FRANCHISES.

An Act authorizing county commissioners to grant franchises for the construction and operation of toll bridges, and to purchase same if necessary.

Be it enacted by the Legislature of the State of Washington:

Section 1. Boards of county commissioners are hereby authorized to grant franchises to persons or corporations for the construction, operation and maintenance of toll bridges, outside of incorporated cities and towns, over and across streams within their respective counties, and over and across streams which are boundaries of counties.

Sec. 2. Such franchise shall be granted for any period not exceeding fifty years, and shall be upon such terms and conditions as the commissioners shall require. The franchise shall specify and require the following:

1. The kind and character of the bridge to be erected and the time within which the work must be undertaken and completed.

2. The tolls to be charged, which shall in all cases be reasonable and just and subject to regu-
tion and change by the public service commission
of the state of Washington after a hearing.

(3) That such bridge may, at the option of any
county or counties, be taken over at any time after
the completion thereof, upon payment to the owners
of the franchise of the reasonable value of the struc-
ture at the time of the sale.

(4) That all public service corporations shall
when feasible and practicable be entitled to use such
bridge upon paying a reasonable fee therefor.

(5) That the person or corporation owning the
bridge shall at all times keep the same and all ap-
proaches thereto in good repair and condition, and
shall deposit a good and sufficient bond in a reason-
able sum to be fixed in said franchise, conditioned
to save and keep the county harmless from all dam-
ages by reason of the operation and maintenance of
said bridge and approaches.

(6) That the franchise shall be subject to for-
feiture for failure of the owners to comply with
all the terms and conditions of the franchise; that
upon forfeiture or termination of the franchise the
bridge shall become the property of the county or
counties granting the franchise.

(7) That said bridge shall be kept open at all
times for public travel.

(8) That the state military forces and United
States military forces shall be privileged to use said
bridge at all times free of charge.

Sec. 3. Where the stream to be bridged is a
boundary between two counties, the county commis-
sioners of both such counties shall join in granting
the franchise; and where such bridge is taken over
by such counties, each county shall pay for such
bridge in proportion to the amount of taxable prop-
erty in the respective counties.

Sec. 4. No franchise shall be granted hereunder
until notice shall have been given by the county
commissioners of the counties involved in the official newspaper of the county, published for four consecutive weeks, that the commissioners will on a day specified in said notice consider the proposition of granting such franchise.

Sec. 5. County commissioners are authorized to purchase a bridge constructed under the provisions of this act at any time after the completion thereof.

Sec. 6. It shall be the duty of every person, firm or corporation granted a franchise under the provisions of this act to keep an accurate account of the costs of such bridge and upon the completion thereof same shall be verified by such person or some officer of the corporation having knowledge of the facts, and filed with the county auditor. Such person or corporation shall also keep an accurate account of the amount expended in keeping such bridge in repair and for the operation and maintenance thereof and of the revenues received from the operation thereof and shall, on or before the first day of February of each year, file such statement for the preceding calendar year verified by such person, or some officer of the corporation having knowledge of the facts, with the county auditor.

[S. B. 240.]

BONDING ACT FOR STATE SYSTEM OF TRUNK LINE HIGHWAYS.

An Act providing for the construction of a state system of trunk line hard surface highways, providing for the issuance, sale and redemption of state bonds to create a fund for such purpose, and for the submission of this act to a vote of the people.

Be it enacted by the Legislature of the State of Washington:

SECTION 1. A state system of trunk line hard surface highways shall be acquired and constructed by the State of Washington as soon as practicable, upon the highways of the state along the routes herein described, so as to connect with each other
the different communities and principal cities of the state as near as may be, to-wit:

(1) The Pacific Highway from Blaine to Vancouver; also a highway running from Seattle to Des Moines and thence by the most feasible route to Tacoma.

(2) The Sunset Highway from Renton to Spokane and thence east to the Idaho state line.

(3) The Inland Empire Highway.

(4) The Olympic Highway.

(5) The National Park Highway from Tacoma to Ashford and thence by the most feasible route to the Rainier National Park; also from Elbe to the Pacific Ocean at Holman.

Sec. 2. The highways constructed or improved under the provisions of this act shall be finished with a wearing surface of Portland cement concrete, bituminous concrete, asphalt, brick, wood block, stone, or other material equally permanent and durable, not less than eighteen feet in width, laid upon Portland cement concrete base of a minimum thickness of five inches: Provided, that if the state highway commissioner shall deem it impracticable to improve any portion of any highway herein described by paving as herein provided, the state highway board may provide for the improvement of such portion of the highway in such manner as in its judgment will best accommodate travel thereon.

No part of the money apportioned under this act shall be used, directly or indirectly, to pay any premium or royalty on any patented or property material, specifications, process or type of construction, unless purchased or obtained on open actual competitive bidding at the same or a less cost than unpatented articles, or methods equally suitable for the same purpose.

Sec. 3. Whenever the making of any part of any road to be improved or constructed under the pro-
visions of this act, or the locating of a route or any part thereof, or the obtaining of road building materials for such work, requires that private property be taken or damaged, the state highway board shall have the right to acquire any such property by purchase or by condemnation in the manner prescribed by law for the acquirement or condemnation of lands necessary for the public uses of the state.

Sec. 4. The state highway board shall divide the state highways into convenient sections for construction purposes, and shall make diligent effort to have the entire trunk line system of hard surface highways completed within six years after the taking effect of this act. The construction work shall, so far as possible, be commenced in different sections of the state at approximately the same time and carried on continuously until all work is completed.

Sec. 5. The funds provided by this act for the acquisition, construction and improvement of the state system of trunk line hard surface highways shall be expended only for surfacing and the construction of the necessary subgrade therefor including the purchase of machinery or supplies. All construction work shall be done under the supervision of and upon plans and specifications prepared by the state highway commissioner. Contracts for the construction and improvement of said trunk line highways shall be let by the state highway board to the lowest and best responsible bidder, or bidders, on such terms and conditions and on open competitive bidding after public advertisement in such manner and for such times as may be prescribed by said state highway board.

The state highway board shall have power to provide for the furnishing by the state of any tools,
machinery, supplies or materials needed for such work, and in the event the state highway board undertakes to furnish tools, machinery, supplies, or materials, such tools, machinery, supplies and materials shall be purchased by the state highway board on open competitive bidding.

Sec. 6. The state highway board is authorized to cooperate with the proper authorities of any city or town of the third or fourth class and expend moneys for the improvement of any portion of any highway herein described which may pass into or through any such city or town.

Sec. 7. All highways herein described when constructed along permanent grades and alignment shall be permanently controlled and maintained by the State of Washington.

Sec. 8. For the purpose of providing means for the payment of the cost of construction of said state system of trunk line highways there shall be issued and sold bonds of the State of Washington for an amount not exceeding thirty million dollars ($30,000,000.00), to bear interest at a rate not to exceed five per cent (5%) per annum, payable semi-annually.

The issuance, sale or retirement of said bonds shall be under the general supervision and control of the state highway board. Such board may in its discretion provide for the issuance of coupon or registered bonds, to be dated, issued and sold from time to time as the construction work progresses, in such amounts as may be necessary to provide money to pay for said work and the expenses incidental thereto. All of the bonds issued hereunder shall mature at the rate of one million five hundred thousand dollars ($1,500,000.00) principal each year, commencing in the year 1922 and ending in the year 1941. Such bonds shall be signed by the
governor and the state auditor under the seal of
the state, and any interest coupons attached to such
bonds shall be authenticated by the fac-simile sig-
natures of the same officers. Any bonds may be reg-
istered in the name of the holder on presentation to
the state treasurer or at the fiscal agency of the
State of Washington in New York, as to principal
alone or both principal and interest, under such reg-
ulations as the state highway board may prescribe.
Said bonds shall be in such denominations as may
be prescribed by the state highway board and em-
body an absolute promise of the State of Washing-
ton to pay both principal and interest in gold coin
of the United States of the present standard of
value and fineness, at such place or places as the
state highway board may provide, and to levy suffi-
cient taxes each year to pay the interest and prin-
cipal of said bonds as they become due. All bonds
issued under the provisions of this act shall be sold
to the highest and best bidder or bidders, on such
terms and conditions and on open competitive bid-
ing after public advertisement and at such times
as may be prescribed by the state highway board,
but not for a sum so low as to make the net interest
returned to the purchaser exceed five per cent per
annum; payable semi-annually, as computed by
standard tables, upon such sum.

Sec. 9. The money arising from the sale of
each issue of bonds shall be deposited in the state
treasury to the credit of a special fund to be known
as the "State Trunk Line Highway Fund", which
shall be used in carrying out the provisions of this
act.

Sec. 10. All moneys paid to the state under the
provisions of chapter 142 of the session laws of
1915, commonly known as the Motor Vehicle Code,
and all acts amendatory thereof, over and above
such moneys as shall be estimated by the secretary of state to be necessary for the purpose of administering said chapter 142, shall be first appropriated and used for the purpose of paying and discharging annually the principal and interest on such bonded indebtedness then due and payable, and shall from time to time be deposited in a special fund to be known as the "State Trunk Line Highway Bond Redemption Fund." Each year after this act becomes effective, and until all of said bonds have been retired, it shall be the duty of the state board of equalization to include in the tax levied for state purposes a direct annual tax for such amount as shall be necessary and sufficient, in addition to the moneys collected under said chapter 142 and paid into the said state trunk line highway bond redemption fund, to pay the interest annually as it shall accrue on each and every bond issued under the provisions of this act and also to pay and discharge the principal of such bonds at par value as such bonds shall respectively fall due: Provided, that no such direct annual tax shall be levied for any year in which sufficient money is collected under said chapter 142 and paid into said bond redemption fund to pay the interest as it shall accrue on said bonds for that year and also to pay and discharge the principal of all of said bonds falling due during such year.

Any surplus of moneys collected under said chapter 142 after the payment of the expenses of administering said law by the secretary of state and providing for the payment of the principal of and the payment of the interest on bonds falling due during that year, as aforesaid, shall be paid into a fund to be known as the "State Trunk Line Highway Maintenance Fund" and used for the purpose of maintaining the roads herein described in pursuance of appropriations therefor by the legislature.
Any surplus remaining in the state trunk line highway maintenance fund over and above that expended in pursuance of appropriations for the maintenance of roads as herein provided, shall annually be distributed to the various counties, cities and towns of the state in the following manner:

To the various counties of the state in which are located primary highways the improvement and maintenance of which is not provided for by this act, for the maintenance of such highways; and to the various cities and towns of the state in which are located streets forming a part of the route of any primary highway through such city or town, for the maintenance and improvement of such streets, a sum not to exceed two hundred dollars ($200.00) per mile for each mile of such primary highway and streets.

Primary highways and city and town streets, in order to come under the provisions of this act for maintenance purposes, must be of a character equal and up to the standard of permanent highway construction. All sums apportioned to counties shall be placed in the permanent highway maintenance fund of such county. All sums distributed to cities and towns shall be remitted by the state auditor to the cities and towns entitled thereto and shall be expended by such cities or towns only for the maintenance or improvement of such streets. The state highway board shall determine what streets in cities and towns form a part of the route of any primary highway through such city or town, and what primary highways the improvement and maintenance of which is not provided for by this act, and shall between the 15th day of February and the 15th day of March of each year certify in triplicate, one copy to the state treasurer, one copy to the county commissioners of each of such counties, and one copy to the clerk of each city or town affected by the pro-
visions of this act, the number of miles of primary
highway, or city and town streets entitled to ap-
portionments as provided by this act. Any surplus
remaining in the state trunk line highway mainte-
nance fund after the making of such apportion-
ments shall be distributed to the various counties of
the state in proportion to the amounts paid into the
permanent highway fund by the various counties of
the state and placed in the permanent highway
maintenance fund.

Sec. 11. Whenever any county shall have ex-
pended any moneys from the road and bridge fund
or from the proceeds of bonds in the improve-
ment or construction of any of the highways de-
scribed in this act by paving such highway, the state
highway board shall, if such paved highway is of
proper and durable hard surface type to make it
practicable to do so, utilize such paved highway in
the system of state trunk line highways provided
for in this act. If any highway so paved by any
county be so utilized, the state highway board shall
determine the amount by which the utilization of
such paved highway lessens the cost of improving
and constructing the state trunk line system of high-
ways provided for in this act, and such amount (in
no event to exceed the actual amount of the first
cost of construction paid from the funds of such
county) shall be placed to the credit of such county
in the permanent highway fund in six annual install-
ments, beginning on the first day of January, 1922,
or, if the board of county commissioners of any
county so elect, such payment, instead of being cred-
ited to such county in the permanent highway fund,
shall be paid to such county to be used in the pay-
ment of any county bonds issued by said county for
the improvement of any such highway.

Sec. 12. This act shall be submitted to the peo-
ple for their ratification at the next general election
in accordance with the provisions of section 3 of article VIII of the state constitution; and in accordance with the provisions of section 1 of article II of the state constitution, as amended at the general election held in November 1912, and the laws adopted to facilitate the operation thereof.

SECTION 1. That section 6604-34 of Remington & Ballinger's Annotated Codes and Statutes of Washington be amended to read as follows:

Section 6604-34. Creation of Medical Aid Fund.

A fund is hereby created in the state treasury to be known as the medical aid fund. Into it shall be paid by each employer on or before the 15th day of June, 1917, and on or before the fifteenth day of each month thereafter for each day's work or fraction thereof done for him in extra hazardous employment in or during the preceding calendar month the following amount, to-wit: In class A one cent, in class B one and one-half cents, in class C two cents, in class D two and one-half cents and in class E three cents. Any such monthly payment in any class may be omitted for and during any month or months if the state medical aid board shall certify that the accumulated fund is sufficient to permit such omission. Any monthly payment may be increased by the state medical aid board if they find, and to the extent to which they find the fund on hand, together with the current payments, will be insufficient to meet the anticipated demands thereon for the ensuing month. Notice of any such increase shall be mailed to each employer at least twenty days prior to the due date of payment, and shall be
communicated by the employer to his employes. The employer shall deduct from the pay of each of his workmen engaged in extra hazardous work one-half of the amount the employer is required by the foregoing provision of this section to pay into said fund for or on account of the employment of such workman. The collection of the payments in this section provided for, and the keeping of accounts of collection, shall be in the hands and within the powers and duties of the state industrial insurance commission, and the expense of such bookkeeping, collection, necessary auditing and investigation of payrolls, shall be paid out of the administration fund of said commission. The files and records of the Industrial Insurance Department and those of the state medical aid board shall be subject to the reasonable use thereof by the other body, and the Industrial Insurance Department shall furnish the state medical aid board all data available to the department required by the state board.

Sec. 2. That Section 6604-35 of Remington & Ballinger's Annotated Codes and Statutes of Washington be amended to read as follows:

Section 6604-35. Medical, Surgical and Hospital Treatment.

Upon the occurrence, after June 30, 1917, of any injury to a workman entitled to compensation under the provisions of said section 6604, other than section 6604-19, thereof, he shall receive in addition to such compensation, and out of the medical aid fund, proper and necessary medical and surgical services, at the hands of a physician of his own choice if conveniently located and proper and necessary hospital care and services during the period of his disability from such injury, but the same shall be limited in point of duration as follows: In case of permanent partial disability not to extend beyond the date when compensation shall be awarded him out of the acci-
dent fund, in case of temporary disability not to extend beyond the time when the monthly allowances to him out of the accident fund shall cease, in case of a permanent total disability not to extend beyond the date on which a lump sum settlement is made with him or he is placed upon the permanent pension roll. But after any injured workman shall have returned to his work his medical and surgical treatment may be continued at the expense of the medical aid fund if, and so long as, such continuation is deemed by the State Board to be necessary to his completer recovery. In order to authorize such continued treatment in any case the written order of the State Board issued in advance of the continuation shall be necessary. Every employer, who employs less than fifty workmen, shall keep at his plant a first aid kit equipped as required by the state board with materials for first aid to his injured workmen. Every employer, who employs within a radius of one-half mile of any plant or establishment fifty or more workmen, shall keep there one first aid station equipped as required by the state board with materials for first aid to his injured workmen. The maintenance of such first aid kits and stations shall be deemed to be a part of any educational standards established under the provisions of sections 6604-55 and 6604-57. When the injury to any workman is so serious as to require his being taken from the place of injury to a place of treatment, his employer shall, at his own expense and without charge against the medical aid fund, furnish transportation to the nearest place of proper treatment. Every workman whose injury shall result in the loss of limb or eye shall be once provided by the state board at the expense, not to exceed the sum of One Hundred Sixty-five Dollars ($165.00) in any case, of the accident fund, out of which his compensation shall come, an arti-
ficial substitute. Every workman, who shall suffer a penetrating wound of the cornea producing an error of refraction, shall be once provided by his local aid board at the expense of the accident fund, out of which his compensation shall come, proper and properly equipped lenses to correct such error of refraction, and his disability rating shall be based upon the corrected result. A workman, whose injury is of such short duration as to bring him within the provisions of subdivision L of section 6604-5, shall nevertheless receive during the omitted period medical, surgical and hospital care and service and transportation under the provisions of this section.

Sec. 3. That section 6604-37 of Remington & Ballinger's Codes and Statutes of Washington be amended to read as follows:

Section 6604-37. Duties of Medical Aid Board.

It shall be the duty of the state board to supervise and control the administration of the rules, regulations and practices promulgated by it and the details thereof, and it shall have supervisory power over the acts and practices of the local aid boards.

Sec. 4. That section 6604-38 of Remington & Ballinger's Codes and Statutes of Washington be amended to read as follows:

Section 6604-38. The state board shall consist of three members as follows. Two members shall be appointed by the governor. Any state wide association of workmen whose organization purposes shall first include or be made to include the making of such nominations and whose membership is open to all classes of workmen engaged in extra-hazardous work, may nominate to the governor two of its members, and one of said nominees shall be appointed by the governor, and his term of office shall be six years. Any association of employers, whose organization purposes shall include or be made to
include the making of such nominations, and whose membership is open to employers of all classes engaged in extra hazardous work, or if there be more than one such association, a combination of them may nominate to the governor two of their members, and one of said nominees shall be appointed by the governor and his term of office shall be three years. After the expiration of said terms, and to fill vacancies, the same method of nomination and appointment shall obtain. After the expiration of said terms the term of office of each of the said two members shall be six years. The governor shall notify the proper organizations in advance of any appointment. If nominations are not made within thirty days following such notification, the governor shall be free to make his own selection for the office, except that if there is a member who was appointed without precedent nomination the new appointee must be of a political party other than that of the governor. Every member shall serve until his successor is appointed and qualified. Each of said two members shall receive as compensation the sum of ten dollars ($10.00) for each day or part thereof, not to exceed one hundred days in any calendar year, on which he shall attend a meeting of the state board, and all members shall also receive their traveling expenses, all to be paid out of the medical aid fund upon voucher and audit, as required for other payments out of said fund.

The third member shall be appointed by the said two members. He must be a physician and surgeon qualified to practice under the laws of the state. He shall be chairman of the said board. His term of office shall be six years. He shall receive a salary of five hundred dollars ($500.00) per month payable out of the medical aid fund upon like voucher and audit.
The action of a majority of the members shall be the action of the state board. The state board shall execute its powers in sessions to be held at the state capitol or at such other place or places as it may select and so often as it shall determine. Meetings may be called by any member upon not less than five days’ notice given in writing to the other members, but previous notice of any meeting attended by all three members may be dispensed with.

The state board may employ, and at will discharge, a secretary at a monthly salary to be fixed by them not exceeding two hundred and fifty dollars ($250.00), to be paid from the medical aid fund on voucher and audit. It shall be his duty to attend their meetings, keep a record of the proceedings thereat, keep on separate file all reports made to the board, and perform such other services as may be required by the rules or regulations or by directions given him. The absence of any member of the state board from any three consecutive regularly called meetings shall forthwith terminate his term of office and create a vacancy therein, unless such absence shall be due to his illness or shall be excused by resolution of the state board passed and entered of record at one of said three meetings.

The chairman shall devote to the performance of his said duties all of his time and attention during the office hours of each day, and he shall not engage in private practice. The state board shall have power to incur such expense, payable out of the medical aid fund, for clerical assistance as they shall deem necessary, not to exceed the sum of Ten Thousand Dollars ($10,000.00) a year.

Sec. 5. That section 6604-45 of Remington & Ballinger’s Codes and Statutes of Washington be amended to read as follows:
Section 6604-45. Contracts Invalid Unless Approved by Medical Aid Department.

Any contract made in violation of this act shall be invalid, except that any employer engaged in extra hazardous work may with the consent of a majority of his workmen, enter into written contracts with physicians, surgeons and/or owners of hospitals operating the same, or with hospital associations, for medical, surgical and hospital care to workmen injured in such employment by and under the control and administration of and at the direct expense of the employer and his workmen. Such a contract shall not be assignable or transferable by operation of law or otherwise except with the consent of the state board endorsed thereon. Before any such contract shall go into effect it shall be submitted to the state board, and may be disapproved by the state board when found not to provide for such care of injured workmen as is contemplated by the provisions of section 6604-36, and if a contract so submitted be with the owner of a hospital operating the same, or with a hospital association, the state board shall have power to disapprove the same if in their judgment the ownership or management of such hospital or hospital association will not be such as to produce satisfactory service. Any such contract with physician, surgeon, or owner and operator of a hospital, or with a hospital association, so disapproved shall not be valid. Otherwise it shall be approved and take and continue in effect for any period of time specified therein, not exceeding three years from the date of such approval. Every such contract to be valid must provide that the expenses incident to it shall be borne one-half by the employer and one-half by such employees, and that it shall be administered by the two interests jointly and equally. So long as such contract shall be in effect the subject matter of the con-
tract shall (except as in this section otherwise provided) be outside of and not affected by the provisions of sections 6604-33 to 6604-44, inclusive, and section 6604-46, other than the provisions of Section 6604-35 relating to artificial substitutes and lenses and the basis of compensation when lenses supplied, and to transportation of injured workmen, and to educational standards of safety, and other than the provisions of section 6604-40 relating to the analyses and reports of accidents by local aid boards, and the employer shall not be required to make the payments specified in section 6604-34, except that the employer shall pay monthly into the medical aid fund ten per centum of the amount he would have been required to pay in that month if such contract had not been made, and of that ten per centum he shall collect one-half from his said workmen by proper deduction from the daily wage of each. During the operation of any such contract any interested workman may complain to the state board that the service and care actually rendered thereunder are not up to the standard provided in section 6604-36, and if upon a hearing had upon notice to the employer and workmen interested thereunder, the state board shall sustain the complaint, it may make an order that the contract shall terminate unless the defect or deficiency complained of shall be remedied to its satisfaction within a period of time to be fixed in such order. Notice to the workmen may be effected in the manner provided in section 6604-33. The employer or any interested workman may appeal from such decision to the courts in the manner provided in section 6604-20. During the appeal the contract shall remain in force and operation, but the costs of the appeal shall be paid out of the medical aid fund only in case the decision of the state board is reversed by the court. If during the operation of any such contract, any
injured workman shall not receive medical or surgical treatment with reasonable promptness upon the occurrence of his injury, or at any time during his treatment, his local aid board may provide such treatment during the emergency at the expense of his employer, who may charge such expense against such contract, and such emergency treatment shall continue until supplanted by like treatment under such contract, notwithstanding the pendency of an appeal from such action of the local aid board. The cost of such emergency treatment shall not exceed the rates specified in the fee bill provided by section 6604-36. The acceptance of employment by any workman shall be and be held to be an acceptance of any existing contract made under this section to which his employer is a party, or to the choice of any member of the local board having jurisdiction of the workmen in such employment, and of any contract then existing entered into by such local board.

SEC. 6. No contract for medical, surgical, or hospital care of injured workmen entered into prior to the time this act shall go into effect shall be invalidated by anything in this act contained.

SEC. 7. That section 6604-46 of Remington & Ballinger's Annotated Codes and Statutes of Washington be amended to read as follows:

Section 6604-46. Collection and Disbursement of Funds.

The provisions of Section 6604-1 to 6604-32, inclusive, shall be applicable to the collection of the medical aid fund, to the powers and duties of the state and local boards, and to the medical, surgical and hospital care of injured workmen only so far as they are not inconsistent with the provisions of sections 6604-33 to 6604-120, inclusive. Disbursements for the salaries of the secretary and office employees, and for the office and printing expenses of
the state board, and in the payment of bills incurred for the medical, surgical, or hospital care of injured workmen shall be made by warrants drawn against the medical aid fund by the state auditor upon certificate thereof or requisition therefor signed by the members of the state board or a majority thereof.

commissioners or the traveling auditors, agents or
assistants of the department, as provided in section
In all cases where partners or other persons are excluded on the payroll such statement shall state both the names and occupations of the parties excluded and no such persons shall be entitled to compensation unless notice in writing that such excluded person has been included is received by the department prior to the date of injury to such person. Such employer shall at the time of reporting his payroll also state the names and addresses of any contractor or sub-contractor operating for or under him.

Every person, firm or corporation who shall fail to keep such record or fail to make such report in the manner and at the time herein provided shall be subject to a penalty of one hundred dollars ($100.00) for each such offense, to be collected by civil action in the name of the state and paid into the accident fund.

Every employer who shall fail to furnish an estimated payroll and make payment as above provided shall be liable to a penalty in three times the amount of the premium on such payroll, to be collected in a civil action in the name of the state, and paid into the accident fund. The commission may waive the whole or any part of such penalty.

For the purpose of such payments accounts shall be kept with each industry in accordance with the classification herein provided and no class shall be liable for the depletion of the accident fund from accidents happening in any other class. Each class shall meet and be liable for the accidents occurring in such class. There shall be collected from each class as an initial payment into the accident fund as above specified on or before the 1st day of October, 1911, one-fourth of the premium of the next succeeding year, and one-twelfth thereof at the close of each month after December, 1911: Provided, any class having sufficient funds credited to its account
at the end of the first three months or any month thereafter, to meet the requirements of the accident fund, that class shall not be called upon for such month. In case of accidents occurring in such class after lapsed payment or payments said class shall pay the said lapsed or deferred payments commencing at the first lapsed payment, as may be necessary to meet such requirements of the accident fund. The fund thereby created shall be termed the "accident fund" which shall be devoted exclusively to the purpose specified for it in this act.

In that the intent is that the fund created under this section shall ultimately become neither more nor less than self-supporting, exclusive of the expense of administration, the rates named in this section are subject to future adjustment by the Industrial Insurance Department, in accordance with any relative increase or decrease in hazard shown by experience, and if in the adjustment of the Industrial Insurance Department the moneys paid into the fund of any class or classes shall be insufficient to properly and safely distribute the burden of accidents occurring therein, the department may divide, rearrange or consolidate such class or classes, making such adjustment or transfer of funds as it may deem proper.

It shall be unlawful for the employer to deduct or obtain any part of the premium required by this section to be by him paid from the wages or earnings of his workmen or any of them, and the making or attempting to make any such deduction shall be a gross misdemeanor. The Industrial Insurance Commission shall on or before the 1st day of January, 1920, and annually thereafter make corrections of classifications as between classes of industries if and as experience shall show error or inaccuracy therein. From the original classification or premium rating or any change made therein any
employer claiming to be aggrieved may upon application have a hearing before the Industrial Insurance Commission upon notice to the interested parties and in the manner provided in section 6604-20 a review by the courts. If, at the end of any year, it shall be seen that the contribution to the accident fund by any class of industry shall be less than the drain upon the fund on account of that class, the deficiency shall be made good to the fund on the 1st day of February of the following year by the employers of that class in proportion to their respective payments for the past year.

For the purpose of such payment and making good of deficit the particular classes of industry shall be as follows:

An invalid child over sixteen years of age shall be here and in paragraphs (2), (3), and (4) of sub-division (a), and in paragraphs (2) and (3) of subdivision (b), and in subdivision (c) and in paragraphs (1) and (3) but not in paragraph (2) of subdivision (d) considered to be a child under sixteen years of age until such invalid child shall arrive at the age of eighteen years, but the total monthly payment under this paragraph (1) of subdivision (a) shall not exceed fifty dollars ($50.00): Provided, that in addition to the monthly payments above provided for, a surviving widow of any such deceased workman shall be forthwith paid the sum of two hundred and fifty dollars ($250.00) in any case where the commission shall be satisfied and shall make of record in their office a finding that the burial expenses have not exceeded and shall not exceed the amount above specified for burial ex-

If any dependent is under the age of sixteen years at the time of the occurrence of the injury, the payment to such dependent shall cease when such dependent shall reach the age of sixteen years. The payment to any dependent shall cease if and when, under the same circumstances, the necessity creating the dependency would have ceased if the injury had not happened.

If the workman is under the age of twenty-one years and unmarried at the time of his death, the parents or parent of the workman shall receive twenty dollars ($20.00) per month for each month after his death until the time at which he would have arrived at the age of twenty-one years.

2. If the workman have a wife or invalid husband, but no child under the age of sixteen years, the sum of thirty dollars ($30.00). If the husband is not an invalid, the monthly payment of thirty dollars ($30.00) shall be reduced to fifteen dollars ($15.00).

If the workman have a wife or husband and a child or children under the age of sixteen years, or, being a widow or widower, having any such child or children, the monthly payment provided in the preceding paragraph shall be increased by five dollars ($5.00) for each such child until such child shall arrive at the age of sixteen years, but the total monthly payment shall not exceed fifty dollars ($50.00).
4. In case of total permanent disability, if the character of the injury is such as to render the workman so physically helpless as to require the services of a constant attendant, the monthly pay-
ment to such workman shall be increased twenty dollars ($20.00) per month so long as such require-
ment shall continue, but such increase shall not ob-
tain or be operative while the workman is receiving
care under or pursuant to any of the provisions of
section 6604-33 to 6604-46 inclusive.

(c) If the injured workman die, during the pe-
riod of permanent total disability, whatever the
cause of death, leaving a widow, invalid widower,
or child under the age of sixteen years, the sur-
viving widow or invalid widower shall receive thirty
dollars ($30.00) per month until death or remar-
riage, to be increased five dollars ($5.00) per month
for each child under the age of sixteen years until
such child shall arrive at the age of sixteen years;
but if such child is or shall be without father or
mother, such child shall receive ten dollars ($10.00)
per month until arriving at the age of sixteen years.
The total combined monthly payments under this
paragraph shall in no case exceed fifty dollars
($50.00). Upon remarriage the payments on ac-
count of the child or children shall continue as be-
fore to such child or children.

An invalid child while being supported and cared
for in a state institution shall not receive compen-
sation under this act.

(d) (1) When the total disability is only tem-
porary, the schedule of payment contained in para-
graphs (1), (2) and (3) of the foregoing subdi-
vision (b) shall apply, so long as the total disability
shall continue, (2) but if the injured workman has
a wife or husband and have no child or have a wife
or husband with, or being a widow or widower with
one or more children under the age of sixteen years,
the compensation for the case during the first six
months or such lesser period of time as the total
temporary disability shall continue, shall be per
month as follows, to-wit: Injured workman whose
husband is not an invalid, twenty-two and 50/100 dollars ($22.50); injured workman having one child, whose husband is not an invalid, thirty dollars ($30.00); injured workman having two children, whose husband is not an invalid, thirty-seven and 50/100 dollars ($37.50); injured workman having three children, whose husband is not an invalid, forty-five dollars ($45.00); injured workman having four or more children, whose husband is not an invalid, fifty-two and 50/100 dollars ($52.50); injured workman with wife or invalid husband and no child, thirty-seven and 50-100 dollars ($37.50); injured workman with a wife or invalid husband and one child, or being a widow or widower and having one child, forty-five dollars ($45.00); injured workman with a wife or invalid husband and two or more children, or being a widow or widower and having two or more children, fifty-two and 50/100 dollars ($52.50). (3) If such temporary total disability shall endure longer than said six months' period, the schedule of compensation contained in paragraphs (1), (2), and (3) of the foregoing sub-division (b) shall at the end of said six months' period again obtain. (4) As soon as recovery is so complete that the present earning power of the workman, at any kind of work, is restored to that existing at the time of the occurrence of the injury the payments shall cease. If and so long as the present earning power is only partially restored, the payments shall continue in the proportion which the new earning power shall bear to the old. No compensation shall be payable out of the accident fund unless the loss of earning power shall exceed five per cent.

(e) There is hereby created in the office of the state treasurer a fund to be known and designated as the reserve fund out of which shall be made the payments specified in this section for all cases of
death or permanent total disability including future payments to be made for the cases of that character which have heretofore arisen. Into the reserve fund there shall be forthwith placed all unexpended funds, in cash or invested, heretofore set aside for cases requiring a reserve. For every case resulting in death or permanent total disability hereafter arising it shall be the duty of the department to make transfer on their books from the accident fund of the proper class to the reserve fund of that class a sum of money for that case equal to the estimated present cash value of the monthly payments provided for it, to be calculated upon the basis of an annuity covering the payments in this section provided to be made for the case. Such annuities shall be based upon tables to be prepared for that purpose by the state insurance commissioner and by him furnished to the state treasurer, calculated upon standard mortality tables with an interest assumption of four (4) per cent per annum.

The department shall notify the state treasurer from time to time of such transfers as a whole and the state treasurer shall invest the reserve in either state capitol building bonds issued to take up capitol building warrants now outstanding, or in the class of securities provided by law for the investment of the permanent school fund, and the interest or other earnings of the reserve fund shall become a part of the reserve fund itself. The department shall, on October 1st of each year, apportion the interest or other earnings of the reserve fund as, certified to it by the state treasurer, to the various class reserve funds according to the average class balance for the preceding year. As soon as possible after October 1st, of each year beginning in the year 1918, the state insurance commissioner shall expert the reserve fund of each class to ascertain its standing as of October 1st, of that year, and the
relation of its outstanding annuities at their then value to the cash on hand or at interest belonging to that fund. He shall promptly report the result of his examination to the department and to the state treasurer in writing not later than December 31st. If the report show that there was on said October 1st, in the reserve fund of any class in cash or at interest a greater sum than the then annuity value of the outstanding pension obligations of that class, the surplus shall be forthwith turned over to the accident fund of that class, but if the report show the contrary condition of any class reserve, the deficiency shall be forthwith made good out of the accident fund of that class. The state treasurer shall keep accurate account of the reserve fund and the investment and earnings thereof, to the end that the total reserve funds shall at all times, as near as may be, be properly and fully invested, and to meet current demands for pension or lump sum payments may, if necessary, make temporary loans to the reserve fund out of the accident funds for that class, repaying same from the earnings of that reserve fund or from collections of its investments, or, if necessary, sales of the same.

(f) Permanent partial disability means the loss of either one foot, one leg, one hand, one arm, one eye, one or more fingers, one or more toes, any dislocation where ligaments were severed where repair is not complete, or any other injury known in surgery to be permanent partial disability. For the permanent partial disabilities here specifically described, the injured workman shall receive compensation as follows:

Loss of one leg amputated so near the hip that an artificial limb cannot be worn...$2,000.00
Loss of one leg at or above the knee so that an artificial limb can be worn..............$1,900.00
Loss of one leg below the knee........... $1,300.00
Loss of the major arm at or above the el-
bow ........................................ $1,900.00
Loss of the major hand at wrist ......... $1,600.00
Loss of one eye by enucleation........ $1,200.00
Loss of sight of one eye.................. $900.00
Complete loss of hearing in both ears.... $1,900.00
Complete loss of hearing in one ear...... $500.00

Compensation for any other permanent partial
disability shall be in the proportion which the ex-
tent of such other disability shall bear to that per-
manent partial disability above specified which most
closely resembles and approximates in degree of
disability such other disability, but not in any case
to exceed the sum of two thousand dollars
($2,000.00). If the injured workman be under the
age of twenty-one years and unmarried, the parents
or parent shall also receive a lump sum payment
equal to ten per cent of the amount awarded the
minor workman.

(g) Should a further accident occur to a work-
man who has been previously the recipient of a lump
sum payment under this act, his future compensa-
tion shall be adjudged according to the other pro-
visions of this section and with regard to the com-
bined effect of his injuries, and his past receipt of
money under this act.

Should such further accident result in the perma-
nent total disability of such injured workman, he
shall receive the pension to which he would be en-
titled notwithstanding the payment of a lump sum
for his prior injury.

(h) If aggravation, diminution, or termination
of disability takes place or be discovered after the
rate of compensation shall have been established or
compensation terminated, in any case the depart-
ment may, upon the application of the beneficiary
or upon its own motion, readjust for further application the rate of compensation in accordance with the rules in this section provided for the same, or in a proper case terminate the payment.

(i) A husband or wife of an injured workman, living in a state of abandonment for more than one year at the time of the injury or subsequently, shall not be a beneficiary under this act.

(j) If a beneficiary shall reside or remove out of the state the department may, in its discretion, convert any monthly payments provided for such case into a lump sum payment (not in any case to exceed the value of the annuity then remaining, to be fixed and certified by the state insurance commissioner, but in no case to exceed the sum of $4,000.00) or, with the consent of the beneficiary, for a smaller sum.

(k) Any court review under this section shall be initiated in the county where the workman resides or resided at the time of the injury, or in which the injury occurred.

(l) No workman injured after June 30th, 1917, shall receive or be entitled to receive compensation out of the accident fund for or during the day on which his injury was received or the seven days following the same, but if at the end of thirty days following the day of the receipt of his injury his incapacity shall still exist, there shall be included in the next payment to him out of the accident fund compensation for said omitted period.

Sec. 5. That section 6604-6 of Rem. & Bal. Code be amended to read as follows:

Section 6604-6. If injury or death results to a workman from the deliberate intention of the workman himself to produce such injury or death, neither the workman nor the widow, widower, child or dependent of the workman shall receive any payment whatsoever out of the accident fund. If injury or
death result to a workman from the deliberate intention of his employer to produce such injury, or death, the workman, the widow, widower, child or dependent of the workman shall have the privilege to take under this act, and also have cause of action against the employer, as if this act had not been enacted, for any excess of damages over the amount received or receivable under this act.

A minor working at an age legally permitted under the laws of this state shall be deemed *sui juris* for the purpose of this act, and no other person shall have any cause of action or right to compensation for an injury to such minor workman except as expressly provided in this act, but in the event of a lump sum payment becoming due under this act to such minor workman, the management of the sum shall be within the probate jurisdiction of the courts the same as other property of minors: Provided, that in the event it is necessary to procure the appointment of a guardian to receive the money to which any minor workman is entitled under the provisions of this act, the commission may allow from the accident fund, toward the expenses of such guardianship, not to exceed the sum of twenty-five dollars ($25.00) in any one case: Provided, further, that in case any such minor shall be awarded a lump sum payment of the sum of two hundred fifty dollars ($250.00) or less, the industrial insurance commission shall have power, in its discretion, to make payment direct to such minor without the necessity of the appointment of a guardian.

Sec. 6. That section 6604-10 of Rem. & Bal. Code be amended to read as follows:

Section 6604-10. No money paid or payable under this act out of the accident fund shall, prior to issuance and delivery of the warrant therefor, be capable of being assigned, charged, nor ever be
taken in execution or attached or garnished, nor shall the same pass to any other person by operation of law. Any such assignments or charge will be void: Provided, that if any workman shall suffer a permanent partial injury, and shall die from some other cause than the accident which produced such injury before he shall have received payment of his award for such permanent partial injury, or if any workman shall suffer any other injury and shall die from some other cause than the accident which produced such injury before he shall have received payment of any monthly installment covering any period of time prior to his death, the amount of such permanent partial award, or of such monthly payment or both, shall be paid to his widow, if he leave a widow, or to his child or children if he leave a child or children and shall not leave a widow, provided if the injured workman shall have resided in the United States as long as three years such payment will not be made to any widow or child who is at the time a non-resident of the United States.

If any beneficiary shall reside without the United States and shall so direct in writing, the commission may cause any warrant or warrants to which such beneficiary is entitled to be issued in the name of and delivered to the consul or consular agent of the country in which such beneficiary is resident, designated by such beneficiary.

Sec. 7. That section 6604-22 of Rem. & Bal. Code be amended to read as follows:

Section 6604-22. The salary of each of the commissioners shall be forty-two hundred dollars ($4,200.00) per annum, and he shall be allowed his actual and necessary traveling and incidental expenses; and any assistant to the commissioners shall be paid for each full day's service rendered by him, his actual and necessary traveling expenses and
such compensation as the commission may deem proper. Each commissioner shall give a surety company bond in the sum of twenty-five thousand dollars ($25,000.00) payable to the State of Washington, conditioned upon the faithful performance of his duties, and the person designated by the said commission as claim agent shall give a surety company bond in the sum of twenty thousand dollars ($20,000.00) payable to the State of Washington, conditioned upon the faithful performance of his duties.

Sec. 8. That section 6604-23 of Rem. & Bal. Code be amended to read as follows:

Section 6604-23. The commissioners may appoint a sufficient number of auditors and assistants to aid them in the administration of this act and fix the compensation of such auditors and assistants at a total expense of not to exceed one hundred twenty thousand dollars ($120,000.00) per year. They may employ one or more physicians in each county for the purpose of official medical examinations, whose compensation shall be limited to five dollars ($5.00) for each examination and report therein. They may procure such record books as they may deem necessary for the record of the financial transactions and statistical data of the department, and the necessary documents, forms and blanks. They may establish and require all employers to install and maintain a uniform form of payroll.

Sec. 9. For all cases of injuries to workmen which occurred before this act shall go into effect Sections 6604-3, 6604-5, 6604-6, and 6604-10 shall continue in force as they were prior to and they shall be unaffected by the passage of this amendatory act. The amendatory provisions of sections 2, 4, 5, and 6 of this act shall apply only to injuries occurring after they shall go into effect.

[H. B. 50.]

EXAMINATION AND LICENSING OF INSURANCE COMPANIES.

AN ACT relating to insurance and amending section 6059-7 of Remington's Annotated Code and Statutes of Washington.

Be it enacted by the Legislature of the State of Washington:

SECTION 1. That section 6059-7 of Remington's Code be amended to read as follows:

Section 6059-7. Certificate of Authority-License-Examination.

The commissioner shall see that all laws respecting insurance companies are faithfully executed. He shall issue all certificates and licenses under the seal of his office provided for by the terms of this act. Before granting certificates of authority to any insurance company to issue policies or make contracts of insurance in this state, the commissioner shall be satisfied by such examinations as he may make, or such evidence as he may require, that such company is otherwise duly qualified under the laws of this state to transact business herein. He shall require every domestic insurance company to keep its books, records, accounts and vouchers in such manner that he or his authorized representatives may readily verify its annual statements and ascertain whether the company is solvent and has complied with the provisions of law. All certifi-
cates of authority issued to insurance companies in this state shall expire on the thirty-first day of March next succeeding date of issue and may be renewed on approval of the commissioner and payment of the annual fee as provided in section 17 of the insurance code.

At least once each year, and whenever he determines it to be prudent to do so, he shall personally or by his deputy or examiner visit the home office of each domestic insurance company transacting insurance business and thoroughly inspect and examine its affairs to ascertain its true financial condition, its ability to meet and fulfill its obligations; whether it has complied with the provisions of law; and all other facts that he may require relating to its business methods and management, and its dealings with its policy holders. Whenever he deems it advisable he shall cause a complete audit of the books and accounts of the company to be made by a disinterested expert accountant.

When he determines it to be prudent for the protection of policy holders in this state, he shall in like manner visit and examine or cause to be visited and examined by some competent person or persons whom he may appoint for that purpose, any insurance company incorporated or organized in any other state, territory, district, or country, applying for admission or already admitted to do business in this state. entered against him and his application refused.
If the charges on their face be deemed sufficient by
the board, and issue be joined thereon by answer,
the board shall proceed to determine the matter,
and to that end shall hear such evidence as may
be adduced before it; and if it appear to the satis-
faction of the board that the applicant is guilty as
charged, no certificate shall be issued to him. No
certificate shall be refused on the grounds of un-

guilty of such conduct within two years next pre-

certificate to practice medicine and surgery in this
state is guilty of unprofessional conduct, as the
same is defined in this act, and said unprofessional
conduct has been brought to the attention of the
board in the manner hereinafter pointed out, or

No lease shall be made by the state for any sum less than twenty-five dollars ($25.00) per quarter section of land for each year during the term of said lease, and in addition there-to the said lease shall provide that the state shall be entitled to receive a sum not less than ten per cent of the gross value of all petroleum and natural gas extracted therefrom during the term of the said lease, payable semi-annually during said term. The term "gross value" shall be interpreted to mean the value of the oil or gas at the well when pro-
duced, without deduction for expense of production. The term of said lease to be any term not to exceed five years.

**Sec. 2.** That section 6797 of Rem. & Bal. Code be amended to read as follows:

Section 6797. All leases under the terms of this chapter shall be deemed to be void and of no effect unless the lessee or his assigns shall commence the work of drilling or boring for petroleum oil and gas within such period as may be designated by the commissioner of public lands, not exceeding two years from and after the date of the execution of such lease: *Provided,* That such work shall proceed continuously and at no time cease for a greater period than ninety (90) days: *And provided further,* That whenever oil and natural gas be discovered by such work in paying quantities then no further work need be done under the terms of such lease than to mine, secure and store the same, but failure to operate after discovery of oil or natural gas in paying quantities for any period of ninety consecutive days shall work a forfeiture of the lease.

**Sec. 3.** That a new section be added to Rem. & Bal. Code, to be known as section 6798a, and to read as follows:

Section 6798a. If, at the expiration of any such lease for the mining and extraction of petroleum or natural gas, or any renewal thereof, the lessee desires to re-lease the lands covered thereby, he may make application to the commissioner of public lands for a re-lease. Such application shall be made within thirty days after the expiration of the lease, and shall be in writing and under oath, setting forth the character and value of all improvements existing on the land, the name and postoffice address of the owner thereof, the purpose for which he de-
sires to re-lease the land, the amount considered by such lessee as the reasonable annual rental value thereof, and such other information as the commissioner of public lands may require, and shall be accompanied with a deposit of ten dollars ($10.00), which deposit, if the land be not leased, through the failure or refusal of the applicant to accept a lease at the rate fixed by the commissioner of public lands, shall be forfeited to the state and by the commissioner paid to the state treasurer and credited to the general fund of the state. The commissioner of public lands may, upon the filing of such application, cause the lands to be inspected by a state land inspector; and if he deems it for the best interests of the state to re-lease said lands, he shall fix the rental value thereof and, upon receipt of the first year's rental, together with the fees required by law, the commissioner of public lands shall issue to the applicant a renewal lease for any period not exceeding five years. The commissioner of public lands shall notify the applicant by mail, of the rental value fixed, and if, within thirty days after the date of such notice, the applicant fails or refuses to pay to the commissioner of public lands the first year's rental, together with the statutory fee for issuing a lease, the application shall be rejected and the applicant thereunder permitted to remove such improvements from the land as may be removed without injury thereto, within ninety days from such rejection; the commissioner of public lands may cause the improvements existing upon the land to be appraised, in the same manner as in the case of the sale of land, offer the land for lease at public auction to the highest bidder, as provided for original leases, and if the successful bidder be not the owner of the improvements, he shall deposit with the officer making the sale the appraised value of the improvements. The amount so deposited
as the appraised value of improvements, together with the first year's rental and the fees required by law, shall be transmitted to the commissioner of public lands, and upon confirmation of the lease by the commissioner of public lands, the amount so deposited in payment for the improvements shall be disposed of by the commissioner of public lands in the same manner as in the case of the sale of the land: Provided, That no bid shall be received for less than the minimum price fixed by the commissioner of public lands.

SEC. 4. The provisions of this act shall be and are hereby made applicable to all leases heretofore executed by the State of Washington and which are not in default.

STATE CONTROL OF POWDER FOR LAND CLEARING AND ROAD CONSTRUCTION.

An Act providing for the purchase and sale of powder and other explosives, prescribing the power and duties of certain officers in relation thereto, creating a "Powder Revolving Fund" in the state treasury, regulating expenditures therefrom, providing penalties for violations of this act, and making appropriations.

Be it enacted by the Legislature of the State of Washington:

Section 1. It shall be the duty of the state board of control, within thirty days after this act takes effect, to make an investigation of the practicability of purchasing manufactured powder and other explosives for the purposes of sale by the state for land clearing purposes in the manner hereinafter provided. If the state board of control shall determine from such investigation that all the powder required to carry out the provisions of this act can be acquired by contract from manufacturers at a reasonable price as to justify the purchase thereof, it shall be the duty of the state board of control from time to time to advertise for bids for the quantities needed for the purposes of carrying out the provisions of this act, in the manner required by law for the purchase of supplies by the state board of control, and to enter into contracts for the purchase of the same with the lowest and best responsible bidders therefor.

Sec. 2. The explosives purchased under the provisions of this act, at any time within five years from the date of approval thereof, shall be sold for cash for actual use within this state for land clearing and road building purposes, at prices equalling...
the actual cost of purchase plus the actual cost of delivery at the warehouse where sold.

Sec. 3. The county commissioners may establish a warehouse for the storage and distribution of explosives purchased under the provisions of this act, in each county in the state when petitioned so to do. Whenever a warehouse shall be established in any county, the board of county commissioners of such county shall provide and maintain, at the expense of the county, a suitable building for use as such warehouse. The state board of control shall, from time to time, employ or contract with persons, firms or corporations, to transport explosives from the point of delivery to this state to such warehouse. The county auditor of the county in which any such warehouse is established shall keep a record of all purchases and sales and make monthly report to the board of county commissioners. The county commissioners shall have the power to appoint a warehouse superintendent who shall have charge of the county powder warehouse, and the sale of powder to the county. The said warehouse superintendent shall furnish a sufficient bond to insure the safe handling of the funds; the amount of the bond together with his salary shall be fixed by the county commissioners. The county auditor shall provide vouchers for the sales of powder and the uses thereof, and it shall be the duty of the warehouse superintendent to have each purchaser sign a voucher for each amount purchased and the use thereof, and he shall report all sales with the voucher and purchase price to the auditor each day for the preceding day's sale: Provided, however, That if in the judgment of the county commissioners the county's use of powder shall not justify them in hiring the warehouse superintendent, the county auditor may deputize the county
agriculturalist or county engineer to act as warehouse superintendent.

Sec. 4. The board of county commissioners shall be entitled to obtain explosives by requisition filed with the state board of control at such times and in such amounts as shall be reasonably necessary to supply the demands of the consumers in their locality (and shall be liable upon their bond to account for the proceeds of the sale of the same).

Sec. 5. The county auditor shall, on or before the tenth day of each calendar month, report to, and settle his accounts with the board of control for all sales of explosives made by him for the preceding month.

Sec. 6. All proceeds from the sale of explosives shall be turned into the state treasury and credited to a special fund to be known as the "Powder Revolving Fund," except that from and after the expiration of five years from the date of approval of this act, two per cent of the actual purchase price of the explosives sold shall be credited to the general fund until such time as the state is reimbursed for the amounts hereinafter appropriated from the general fund. The powder revolving fund shall be used exclusively for the purchase and distribution of explosives as provided in this act, and for the cost of distribution of explosives, including transportation.

Sec. 7. It shall be unlawful for any person to sell explosives purchased under the provisions of this act for any sum in excess of the selling price thereof as fixed by the state board of control, and it shall be unlawful for any person knowingly to sell explosives purchased under the provisions of this act, or to purchase the same except for actual use in this state for land clearing purposes. Any person found guilty of violating the provisions of this section shall be guilty of a gross misdemeanor.
SEC. 8. For the purpose of creating the "Powder Revolving Fund" there is hereby appropriated out of the general fund in the state treasury the sum of seventy-five thousand dollars ($75,000.00). For the purposes of carrying out the provisions of this act there is hereby appropriated out of the "Powder Revolving Fund" the sum of five hundred thousand dollars ($500,000.00), or so much thereof as may be necessary: Provided, That no warrant shall be drawn upon the "Powder Revolving Fund" in excess of the amount in the state treasury to the credit of said fund.

Sec. 4. For the purpose of carrying out the provisions of this act there is hereby created in the state treasury a state reclamation revolving fund, hereinafter called the reclamation fund, which shall consist of all sums that may from time to time be appropriated thereto by the legislature from other funds in the state treasury; all gifts, donations, bequests, and devises, made to the state therefor, and the proceeds of the sale thereof; the proceeds of the sale or redemption of and the interest earned by securities purchased or acquired with the moneys thereof; all reimbursements for moneys advanced for the payment of assessments upon state, school, granted and other public lands for the improvement thereof, as hereinafter provided; and all taxes received under levies authorized by the legislature therefor.

From the moneys appropriated from the reclamation fund there shall be paid, upon vouchers approved by the board and signed and attested by the chairman and secretary, the administrative expenses of the board and such amounts as shall be found necessary or expedient for the investigation and
survey of reclamation projects proposed to be financed in whole or in part by the board, and such amounts as may be authorized by the board for the reclamation of logged-off lands and for the reclamation of lands of diking, drainage, diking and drainage, and irrigation districts duly and regularly organized under the laws of this state, and such other districts as shall from time to time be authorized by law for the reclamation or development of waste or undeveloped lands, and all of the respective districts hereinabove referred to shall, for the purposes of this act, be known and designated herein as reclamation districts.

Sec. 5. In carrying out the purposes of this act the board shall be authorized and empowered:

To make surveys and investigations of the unreclaimed and undeveloped lands in this state and to determine the relative agricultural values, productiveness and uses, and the feasibility and cost of reclamation and development thereof;

To formulate and adopt a sound policy for the reclamation and development of the undeveloped agricultural resources of the state, and from time to time select for reclamation and development such lands as may be deemed advisable, and the board may in its discretion advise as to the formation and assist in the organization of reclamation districts under the laws of this state;

To purchase the bonds of any reclamation district whose project is approved by the board and which is found to be upon a sound financial basis, and to contract with any such district for making surveys and furnishing engineering plans and supervision for the construction of its project, and to accept the bonds of such district in payment therefor, and to expend the moneys appropriated from the reclamation fund in the purchase of such bonds or in carrying out such contracts;
To sell and dispose of any reclamation district bonds acquired by the board, at public or private sale, and to pay the proceeds of such sale into the reclamation fund, Provided, That such bonds shall not be sold for less than the purchase price plus accrued interest;

To, whenever it shall deem it advisable, require any district with which it may contract, to provide such safeguards as it may deem necessary to assure bona fide settlement and development of the lands within such district, by securing from the owners of lands therein agreements to limit the amount of their holdings to such acreage as they can properly farm and to sell their excess land holdings at reasonable prices;

To clear and reclaim logged-off lands in the manner hereinafter in this act provided;

To employ all necessary experts, assistants and employees, and fix their compensation, and to enter into any and all contracts and agreements necessary to carry out the purposes of this act;

States may provide and which may affect the development of agricultural resources within the State of Washington, or the settlement of soldiers, sailors, and other worthy persons, on the agricultural lands within this state, and the board shall have full power to carry out the provisions of any cooperative land settlement act that may be enacted by the United States.

The board shall prepare and report to the legislature, at the commencement of each biennial session, a full statement of its operations and recommendations.

Sec. 6. The board shall have the power to cooperate and to contract with the United States for the reclamation of arid, swamp, overflow, or logged-off lands in this state by the board or by the United States, and shall have the power to contract with the United States for the handling of such reclamation work by the United States and for the repayment of such moneys as the board shall invest from the reclamation fund, under such terms and conditions as the United States laws and the regulations of the interior department shall provide for the repayment of reclamation costs by the lands reclaimed.

Sec. 7. Every diking, drainage, diking and drainage, and irrigation district duly and regularly organized under the laws of this state, or such other district as shall hereafter be authorized by law and organized for the reclamation or development of waste or undeveloped lands, shall be and is hereby authorized and empowered to enter into all contracts with the reclamation board for the reclamation of the lands of such district in the manner provided in this act, or such manner as such districts are now authorized by law to contract with the United States or with individuals or corporations, for the making of surveys and furnishing engineer-
ing plans and supervision for the construction of, or for the construction of, all works and improvements necessary for the reclamation of its lands, and for the sale or delivery of its bonds.

Sec. 8. Whenever in the judgment of the commissioner of public lands any state, school, granted, or other public lands of the state will be specially benefited by any proposed reclamation project approved by the board, he may consent that such lands be included in any reclamation district organized for the purpose of carrying out such reclamation project, and in that event the reclamation board shall be authorized to pay, out of the current appropriations from the reclamation fund, the district assessments levied as provided by law against such lands, and any such assessments paid shall be made a charge against the lands upon which they were levied, and the amount thereof, but without interest, shall be added to the appraised value and included in the sale price of such lands when sold, and the state treasurer shall, upon the certificate of the state land commissioner, credit such amount of the proceeds of the sale, when received, to the reclamation fund.

Sec. 9. Whenever the commissioner of public lands shall believe that any tract of cut-over forest or logged-off state, school, granted, or other public lands of the state, is of such quality and so situated that it may be profitably cleared and made ready for cultivation for agricultural purposes under the provisions of this act, he may request the state reclamation board to make a survey and investigation thereof and to determine the cost of clearing the same and whether such clearing will increase the value of the land sufficiently to warrant the expense.

Sec. 10. Upon the filing of such request by the commissioner of public lands the board may in its
discretion cause a survey and investigation of the lands described in the request to be made, and determine whether the land is of such character and so situated that it can be profitably cleared and made ready for cultivation for agricultural purposes under the provisions of this act. In making such determination the board shall take into consideration: (a) the character and quantity of stumps and debris on the land and the cost of removing and destroying the same; and (b) the character of the soil, its depth and fertility, the number and kinds of crops to which it is adapted, the local climatic conditions, the local annual rainfall, the water supply upon the land, the drainage, the number and extent of the markets accessible, the distance and means of transportation to market, the amount of similar land already under cultivation and accessible to the same market or markets, and the ordinary margin of profit per acre between the cost of production and the market price of the various crops to which the land is adapted.

Upon completion of the investigation the board shall make a detailed report of its findings and furnish a copy thereof to the commissioner of public lands and such report shall be kept on file for the information of the board and the commissioner and shall be open to public inspection.

Sec. 11. If the board shall determine that the state lands investigated as provided in the preceding section can be profitably cleared and made ready for cultivation and sold at an advanced price sufficient to cover the cost of clearing, it may cause the same to be cleared and pay the cost of such clearing out of the moneys appropriated from the reclamation fund for the reclamation of lands, and the cost of such clearing shall be made a charge against the lands cleared and included in the sale
price thereof when sold, and such lands may be sold upon such terms as to deferred payments, including the cost of clearing, as is provided by law for the sale of state, school, granted, or other public lands of the state.

Sec. 12. For the purpose of raising revenue for the carrying out of the provisions of this act, the state board of equalization shall, beginning the fiscal year of 1919, and annually thereafter, at the time of levying taxes for state purposes, levy upon all property subject to taxation, and the proper officers shall collect, a tax of one-half of one mill. The revenue so raised shall be paid into the state treasury and credited to the state reclamation revolving fund.

Sec. 13. There is hereby appropriated out of the general fund in the state treasury into the state reclamation revolving fund the sum of one hundred thousand dollars ($100,000.00); for the purpose of making surveys and investigations of unreclaimed and undeveloped lands in this state and for general administrative expenses of the state reclamation board there is hereby appropriated out of the state reclamation revolving fund the sum of fifty thousand dollars ($50,000.00) or so much thereof as may be necessary; for the purpose of carrying out the provisions of this act relating to the purchase of the bonds of reclamation districts, the performance of contracts made with such districts, the payment of reclamation district assessments levied against lands of the state, and the payment of the cost of clearing logged-off lands of the state, there is hereby appropriated out of the state reclamation revolving fund the sum of one million dollars ($1,000,000.00) or so much thereof as may be necessary: Provided, That no warrant shall be drawn upon the state reclamation revolving fund in excess of the
amount in the state treasury to the credit of said fund.

Sec. 14. If any section or provision of this act shall be adjudged to be invalid or unconstitutional, such adjudication shall not affect the validity of the act as a whole or any section, provision or part thereof not adjudged invalid or unconstitutional.

Sec. 15. This act is necessary for the immediate preservation of the public peace, health and safety, and shall take effect immediately.

Any such society may at its option organize and operate branches for such children and mem-

No benefit certificate as to any child shall take effect until after physical examination or inspection by a licensed physician, in accordance with the laws of the society, nor shall any such benefit certificate be issued unless the society shall simultaneously put in force at least 500 such certificates, on each of which at least one assessment has been paid, nor where the number of lives represented by such certificate falls below 500. The death benefit contributions to be made upon such certificate shall be based upon the "Standard Industrial Mortality Table" or the "English Life Table Number Six," and a rate of interest not greater than 4 per cent per annum, or upon a higher standard: Provided, that contributions may be waived or returns may be made from any surplus held in excess of reserve and other liabilities, as provided in the by-laws; and, Provided further, that extra contributions shall be made if the reserves hereafter provided for become impaired.

Neither the person who originally made application for benefits on account of such child, nor the beneficiary named in such original certificate, nor the person who paid the contribution shall have any vested right in such new certificate, the free nomination of a beneficiary under the new certificate being left to the child so admitted to benefit membership.

Sec. 4. An entirely separate financial statement of the business transactions and of assets and liabilities arising therefrom shall be made in its annual report to the Insurance Commissioner by any society availing itself of the provisions hereof. The separation of assets, funds and liabilities required hereby shall not be terminated, rescinded or modified, nor shall the funds be divested for any use other than as specified in Section 3 as long as any certificate issued hereunder remain in force, and this requirement shall be recognized and enforced in any liquidation, reinsurance, merger or other change in the condition of the status of the society.

Sec. 5. Any society shall have the right to provide in its laws and the certificates issued here-
under for specified payments on account of the expense or general fund, which payments shall or shall not be mingled with the general fund of the society as its constitution and by-laws may provide.

Sec. 6. In the event of the termination of membership in the society by the person responsible for the support of any child on whose account a certificate may have been issued, as provided herein, the certificate may be continued for the benefit of the estate of the child: Provided, the contributions are continued or for the benefit of any other person responsible for the support and maintenance of such child, who shall assume the payment of the required contributions.

Be it enacted by the Legislature of the State of Washington:

SECTION 1. That all lands, including school lands, granted lands, escheated lands, tide lands, shore lands, or other lands, (including harbor areas lying between tide or shore lands and outer harbor line) held or owned by the State of Washington in fee simple (in trust or otherwise), situated within the limits of any incorporated city, town, diking, drainage, or port district in this state, may be assessed and charged for the cost of local improvements specially benefiting such lands which may be ordered by the proper authorities of any such city, town, diking, drainage, or port district: Provided, that the leasehold, contractual or possessory interest of any person, firm, association, private or municipal corporation in any such lands shall be assessed and charged in the proportional amount such leasehold, contractual or possessory interest is benefited: Provided, further, that the interest of the state in such property shall not be sold to satisfy the lien of such assessment, but only such interest or contract or other right therein as may be in private ownership shall be subject to such sale.

Sec. 2. In all local improvement assessment districts in any incorporated city, town, diking,
drainage or port district in this state, property in such district, held or owned by the state shall be assessed and charged for its proportion of the cost of such local improvements in the same manner as other property in such district, it being the intention of this act that the state shall bear its just and equitable proportion of the cost of local improvements specially benefiting state lands: Provided, that none of the provisions of this act shall have the effect, or be construed to have the effect, to alter or modify in any particular any existing lease of any lands or property owned by the state, or release or discharge any lessee of any such lands or property from any of the obligations, covenants or conditions of the contract under which any such lands or property are leased or held by any such lessee.

Sec. 3. Where state lands are under lease, the proportionate amounts to be assessed against the leasehold interest, and the fee simple interest of the state, shall be fixed with reference to the life of the improvement and the period for which said lease has yet to run.

Sec. 4. Notice of the intention to make such improvement, together with the estimate of the amount to be charged to each lot, tract or parcel of land, or other property owned by the state to be assessed for said improvement, shall be forwarded by registered mail to the Commissioner of Public Lands, or to the State Board of Control (if such lands are occupied by, or used in connection with, any state institution), at least fifteen (15) days prior to the date fixed for hearing on the resolution or petition initiating said improvement, as provided by Sections 7892-9 and 7892-10, Remington & Ballinger’s Code. Such city, town, diking, drainage or port district, shall not have jurisdiction to order such improvement as to the interest of the state in
harbor areas and state tide lands until the written consent of the Commissioner of Public Lands to the making of such improvement shall have been obtained, unless other means be provided for paying that portion of the cost which would otherwise be levied on the interest of the State of Washington in and to said tide lands, and nothing herein shall prevent the city from assessing the proportionate cost of said improvement against any leasehold, contractual or possessory interest in and to any tide land or harbor area owned by the state: Provided, however, that in the case of tide lands and harbor areas within the boundaries of any port district, notice of intention to make such improvement shall also be forwarded to the commissioners of said port district.

Sec. 5. Upon the approval and confirmation of the assessment roll for any local improvement ordered by the proper authorities of any incorporated city, town, diking, drainage or port district, the treasurer of such city, town, diking, drainage or port district shall certify and forward to the Commissioner of Public Lands, or to the State Board of Control (if such lands are occupied by, or used in connection with, any state institution), a statement of all the lots or parcels of land held or owned by the state and charged on such assessment roll for the cost of such improvement, separately describing each such lot or parcel of the state’s land, with the amount of the local assessment charged against it, or the proportionate amount assessed against the fee simple interest of the state, in case said land has been leased; the Commissioner of Public Lands shall charge against each such lot or parcel of land owned or held by the state, the amount of the local assessment so certified by such treasurer, and shall then certify said statement to the State Auditor;
and the State Board of Control shall cause a proper record to be made in its office of the cost of such improvement upon lands occupied by state institutions or used in connection therewith, and shall certify said statement to the State Auditor, and the State Auditor, at the next session of the legislature, shall certify to the legislature the amount of all local improvement assessments charged against such lands of the state, and the legislature shall provide for the payment of the same, with interest, by appropriation out of the general fund of the state: Provided, that if said improvement is essential to harbor and waterfront development and improvement, such appropriation may be deducted from the proceeds of rents received from leases of harbor areas and tide lands within port districts wherein the improvement is to be made; and provided further that no penalty shall be provided or enforced against the state, and no interest on the assessment levied to pay for said improvement greater than six per cent (6%) per annum shall be taxed to, or allowed by, the state for or on account of making such improvement.

Sec. 6. When any city, town, diking, drainage or port district has made or caused to be made an assessment against such leasehold, contractual or possessory interest for any such local improvement, the treasurer of said city, town, diking, drainage or port district shall immediately give notice to the Commissioner of Public Lands or to the State Board of Control (if such lands are occupied by or used in connection with any state institution); said assessment shall become a lien against the leasehold, contractual or possessory interest in the same manner as the assessments on other property, and its collection may be enforced against such interests as provided by law for the enforcement of other local improvement assessments: Provided,
that said assessment shall not be made payable in installments unless the owner of such leasehold, contractual or possessory interest shall first file with such treasurer a satisfactory bond guaranteeing the payment of such installments as they become due.

SEC. 7. Whenever any city, town, diking, drainage or port district shall have foreclosed the lien of any such delinquent assessments, as provided by law, and shall have obtained title to such leasehold, contractual or possessory interest, the Commissioner of Public Lands, or the State Board of Control, as the case may be, shall be notified by registered mail of such action and furnished a statement of all assessments against such leasehold, contractual or possessory interest, and such commissioner shall cause the amount of such assessments to be certified to the legislature for payment, and upon the receipt of an assignment from such city, town, diking, drainage, or port district, shall cancel such lease or contract: Provided, however, that unless the municipal corporation making said local improvement and levying said special assessment shall have used due diligence in the foreclosure thereof, the Commissioner of Public Lands or the State Board of Control shall not be required to make such certification for a sum in excess of what they deem to be the special benefits accruing to the state's reversionary interest in said property; and provided further that if such delinquent assessment or installment shall be against a leasehold interest in tide lands or harbor areas in a port district, the said Commissioner of Public Lands shall notify the commissioners of said port district of the receipt of such assignment, and said commissioners shall forthwith cancel such lease.

SEC. 8. If by reason of default in the payment of rentals or installments, or other causes, the state
shall cancel any lease or contract against which assessments have been levied as herein provided, the Commissioner of Public Lands and the State Auditor shall cause such assessments or installments as shall fall due subsequent to the cancellation of said contract or leasehold interest to be properly certified to the legislature for payment, the same as if the assessments or installments thereof had been levied on the state’s interest in said lands.

Sec. 9. When any land, other than lands occupied and used in connection with state institutions, owned or held by the state within incorporated cities, towns, diking, drainage or port districts in this state, against which local improvement assessments have been paid, as herein provided for, is offered for sale, there shall be added to the appraised value of such land, as provided by law, such portion of the local improvement assessment paid by the state as shall be deemed to represent the value added to such lands by such improvement for the purpose of sale, which amount so added shall be paid by the purchaser in cash at the time of the sale of said land, in addition to the amounts otherwise due to the state for said land, and no deed shall ever be executed until such local improvement assessments have been paid, and nothing herein shall be construed as canceling any unpaid assessments on the land so sold by the state, but such land shall be sold subject to all assessments unpaid at the time of sale.

Sec. 10. Whenever any such tide, state, school, granted or other lands situated within the limits of any city, town, diking, drainage or port district, has been included within any local improvement district by such city, town, diking, drainage or port district, and the contract, leasehold or other interest of any individual has been sold to satisfy the lien of such assessment for local improvement, the pur-
chaser of such interest at such sale shall be entitled to receive from the State of Washington, on demand, an assignment of the contract, leasehold or other interest purchased by him, and shall assume, subject to the terms and conditions of the contract or lease, the payment to the state of the amount of the balance which his predecessor in interest was obligated to pay.

Sec. 11. The provisions of this act shall apply to all municipal corporations, diking, drainage and port districts, any charter or ordinance provisions to the contrary notwithstanding.

Sec. 12. The provisions of this act shall apply to all local improvements initiated after the taking effect of this act, including assessments to pay the cost and expense of taking and damaging property by the power of eminent domain, as provided by law: Provided, that in case of eminent domain assessments, it shall not be necessary to forward to the Commissioner of Public Lands or to the State Board of Control, as the case may be, notice of the intention to make such improvement, but the eminent domain commissioners, authorized to make such assessment, shall, at the time of filing the assessment roll with the court in the manner provided by law, forward by registered mail to the Commissioner of Public Lands or to the State Board of Control (if such lands are occupied by or used in connection with any state institution) a notice of such assessment, and of the day fixed by the court for the hearing thereof: Provided, that no assessment against the state's interest in tide lands or harbor areas shall be binding against the state if the Commissioner of Public Lands shall file a disapproval of the same in court before judgment confirming the roll.

SALE OF OYSTER RESERVE LANDS.

An Act relating to the Oyster Lands of the State of Washington, and providing for the sale of certain isolated tracts of oyster reserve land.

Be it enacted by the Legislature of the State of Washington:

Section 1. That any person, firm, or corporation, now entitled to and in possession of any oyster land within the State Reserves of the State of Washington, may at his, their, or its option, purchase such tract or parcel of tide land as may lay between said oyster land and the meander line of the adjoining shore, or any small or isolated tract of ground which may lay between adjoining oyster land owners by reason of the failure of the lines of said land to connect up, by complying with the provisions of this act.

Sec. 2. Any such person, firm, or corporation, may file with the Commissioner of Public Lands an application to purchase said land from the State of Washington. Such application to be accompanied by an abstractor's certificate of title or other evidence of title demanded by the State Land Commissioner, to his oyster land. The Commissioner shall examine such showing of title and if he finds such title to be in the applicant he shall certify such fact, together with a copy of the application, to the State Oyster Commission, which shall thereupon have the land applied for surveyed and platted, at the expense of the applicant, and if, after such hearing and investigation as they deem proper, they shall find the said land applied for to be of little value to the State in the future development of the State's Oyster Reserves, due to its size and
isolation, they shall thereupon appraise the value of said land, and certify such appraisements to the Commissioner of Public Lands. Upon the payment of the amount to the commissioners a deed shall be issued from the State of Washington to the applicant in the same manner as deeds of State, school, or Granted lands, are issued; such deed to contain a covenant or condition of defeasance to the effect that if said lands be used for any purpose other than the cultivation of oysters or edible shell-fish, then such deed shall be cancelled, and the said lands shall revert to the State.

Sec. 3. That where the tract of land so applied for and which is not of greater area than three acres and is located between two or more oyster land owners, then upon the application of either of the adjoining owners the others shall be notified of such application and given sixty (60) days' time within which to apply for the purchase of said land; and if the said land shall be applied for and offered for sale as in this act provided, and if others of said adjoining owners have made application to purchase, the State Oyster Commission shall determine an equitable division of said land between said applicants, and each shall be given the privilege of purchasing the part allotted to him, but if he fail for a period of sixty (60) days to purchase said land at the price fixed, then the other adjoining owner shall have the privilege of purchasing the whole thereof.

Sec. 4. In lieu of a deed as provided for in section 2 hereof, a contract may be issued to the applicant by the terms of which one-fifth (1/5) of the purchase price may be paid to the commissioner, and the remainder in four (4) equal annual payments, with interest on the deferred payments at the rate of 6% per annum, and if such applicant
shall comply with the terms of said contract and make the payments herein provided for; a deed as herein provided for shall issue to him from the State; Provided that said contract shall contain a covenant of defeasance as is provided in the case of deeds issued under the provisions of this act; provided further, that such contract shall be subject to a cancellation by the Commissioner of Public Lands for failure to comply with its provisions, and provided further, that whenever an installment shall mature, the applicant may, if he, they, or it, so elect, pay more than one installment.

Sec. 5. All moneys received for the disposal of oyster lands, under the provisions of this act, shall be paid into the State Oyster Reserve Fund.

[H. B. 78.]

AMENDMENTS OF SAVINGS AND LOAN ASSOCIATIONS LAWS.

AN ACT relating to savings and loan societies or associations, providing for the voluntary dissolution thereof, prescribing certain penalties, amending sections 2, 3, 4, 5, 6, 7, 10, 14, 15, 16, 18, 19, 20, 23 and 24 of chapter 110 of the laws of 1913, and repealing section 27 of chapter 110 of the laws of 1913, and making an appropriation therefor.

Be it enacted by the Legislature of the State of Washington:

SECTION 1. That section 2 of chapter 110 of the laws of 1913 be amended to read as follows:

Section 2. Each association shall adopt by-laws for its government and therein describe the manner in which its business shall be transacted, which by-laws shall be in conformity with the provisions of this act, and the laws of this state, and at all times be open to the inspection of the state auditor and the members of the association at its home office. All by-laws shall be subject to the approval by the state auditor before going into effect, and in case any provision in such by-laws shall be contrary to the provisions of this act, or to the laws of this state, or be detrimental to the interests of the members of such organization, or against public policy, he shall require the same to be stricken out.

SEC. 2. That section 3 of chapter 110 of the laws of 1913 be amended to read as follows:

Section 3. Whenever said articles of incorporation are in due form and regularly executed and the by-laws have been duly approved as above required, and it shall be made to appear to the satisfaction of the state auditor that at least $1500.00 have been actually paid in in cash upon the subscriptions for shares, the state auditor thereupon shall ascertain...
from the best source of information at his command the responsibility, character and general fitness of the incorporators. If he shall be satisfied concerning the several matters, specified above, he shall, within a reasonable time, issue under his hand and official seal a certificate reciting in substance the filing in his office of the articles of incorporation and by-laws; that said articles and by-laws conform to all the requirements of law; that he has approved the same, and that he verily believes the incorporators are fit and proper to conduct the business of a savings and loan association as defined in this act and said by-laws. Said certificate shall be made in quadruplicate and attached to each copy of the articles of incorporation, one of which shall be retained by the state auditor and the other three shall be returned to the incorporators who shall forthwith file one copy thereof in the office of the secretary of state, one in the office of the auditor of the county in which the chief place of business of said association is located, and the other shall be retained by the association, whereupon the incorporation of said association shall be deemed complete.

Sec. 3. That section 4 of chapter 110 of the laws of 1913 be amended to read as follows:

Section 4. No person shall be a director of an association unless he shall have subscribed and paid in in cash at least $200.00 on his stock subscription, and such subscription shall not be reduced below the sum of $200.00, either by withdrawal or by pledge for a loan with the association, or in any other manner, so long as he remains a director of the association. Any officer or director may be removed by the state auditor for cause. Any officer or director so removed by the state auditor and feeling himself aggrieved by such removal shall have a right of appeal from the order of removal.
to the Superior Court of Thurston County by filing a written notice of appeal with the state auditor, who shall, upon the filing of such notice, certify to the court the causes upon which the order of removal was based, and all records and files in his office pertaining to the matter of the removal. The court shall hear the matter de novo and enter an order affirming or cancelling the order of removal. Each officer and director, when appointed or elected, shall take an oath that he will, so far as the duty devolves upon him, diligently and honestly administer the affairs of such association, and will not knowingly violate the by-laws or any of the provisions of law applicable to such association.

Each officer or agent having the custody of money or securities of an association shall be required to give bond to such association in an amount to be determined by the board of directors of such association commensurate with his liability, and said bonds shall be deposited with the state auditor.

Sec. 4. That section 5 of chapter 110 of the laws of 1913 be amended to read as follows:

Section 5. The membership of the association shall consist of those persons holding shares therein.

A membership fee of not over $2.00 per share may be charged: Provided, however, that on all applications written in the State of Washington for more than fifteen shares, such fee shall be collected in one payment in cash, which shall accompany the application and shall in no case be more than one-half of such payment. No other fees, fines, penalties or forfeitures shall be charged against the shares of any association, except that serial associations declaring dividends to all stock and maturing same at one time may charge a fine which shall not exceed the earnings on the delinquent installments.
Sec. 5. That section 6 of chapter 110 of the laws of 1913 be amended to read as follows:

Section 6. The capital of every such association shall consist of the accumulated payments made by its members and dividends credited thereon, and shall be represented by shares. Every share issued shall have a matured value of one hundred dollars. Every such association shall be either permanent or serial in character as provided by the terms of its by-laws. A permanent association may issue shares at any time and credit its dividends upon the pass books of its members. A serial association may issue shares in series and credit its dividends equally upon each share issued in such series. No shares of a prior series shall be issued after the issuing of shares in a later series, when issued upon the serial plan, except at the book value at the last distribution of profits plus the dues and accumulated earnings thereon since such distribution. Shares which have not been transferred to the association as security for the repayment of a loan shall be called free shares. Shares that have been so transferred shall be called pledged shares.

No preferred stock shall be issued, i. e., stock upon which a different or stipulated rate of dividends shall be guaranteed or paid before or regardless of the amount of dividends distributed to other classes of shares, neither shall any shares be issued which shall be exempt from bearing their pro rata portion of loss: Provided, however, that nothing herein contained shall be held to prohibit any association already having reserve stock outstanding from continuing to have an equal amount of such stock outstanding, and from issuing, if necessary, additional reserve fund stock so as to equal five percent of the capital as defined in this section; and when so provided in its by-laws, such reserve fund stock may participate in all earnings equitably with
the general stock and be chargeable with all real estate taken under foreclosure or otherwise in the adjustment of delinquent loans together with all direct losses of whatever nature sustained by the association in the general course of business and in consideration of such guaranty against loss, and when provided in the by-laws such stock may receive additional dividends, and such stock shall not be subject to withdrawal until all other classes of stock and all other liabilities of the association shall first have been liquidated, and any such association may agree to mature its other classes of stock at a fixed time, provided any deficiency arising therefrom shall be chargeable only to such reserve fund stock.

Any association may issue the shares classified below when so provided by its by-laws:

(a) Installment shares upon which a regular stipulated payment of dues shall be made at stated periods expressed in the by-laws.

(b) Savings shares, upon which payments shall be made in such sums and at such times as the holder thereof may elect until the shares reach their matured value or are withdrawn.

(c) Fully paid shares, upon which a single payment amounting to one hundred dollars per share shall be paid at the time of subscription.

Any association may issue shares to, or in the name of, any minor which shall be held for the exclusive right and benefit of such minor and free from the control or lien of all other persons; and the accumulated savings on these shares together with the dividends credited thereon shall be paid to the persons in whose name the shares have been issued and the receipt or acquittance of such minor shall be valid and sufficient discharge and release
to the association for such accumulated savings, together with the dividends credited thereon or any part thereof.

Any association may issue shares to or in the name of two or more persons, whether husband or wife or otherwise, withdrawable by any one of such persons, and the receipt or acquittance of any one of such persons shall be valid and sufficient release and discharge to the association for such withdrawals, regardless of the death or disability of any other such joint shareholder.

Sec. 6. That section 7 of chapter 110 of the laws of 1913 be amended to read as follows:

Section 7. Profits and losses shall be ascertained and distributed semi-annually. Dividends shall be taken from the net earnings of the association and, subject to the provisions of section 6 relating to reserve fund stock, shall be distributed ratably to all classes of shares and to each share in proportion to the accumulation made thereon. No dividends shall be credited or paid except by a vote of the board of directors duly entered upon the minutes, whereupon shall be recorded the vote by ayes and nays. It shall be lawful for the association, in addition to the contingent fund required by section thirteen of this act, to hold in its fund of undivided earnings such sum as the board of directors may from time to time deem necessary or wise: Provided, however, that when the undivided earnings, including the contingent fund, exceed fifteen per cent of the dues and dividends credited to members, the board of directors shall declare such extra dividend in excess of the dividend regularly apportioned, as may be necessary to distribute among the shareholders the accumulation in excess of such authorized surplus.
SEC. 7. That section 10 of chapter 110 of the laws of 1913 be amended to read as follows:

Section 10. All interest and dividends which may accrue on securities held by the state auditor or such trust company as provided for herein and all dues, or monthly payments, which may become payable on stock pledged as security for loans, the notes and mortgages for which are deposited in accordance with the provisions of this act, may be collected and retained by the association depositing such securities or mortgages, so long as such association remains solvent and faithfully performs all contracts with its members and when any mortgage shall have been fully paid to said association the same shall be surrendered by said state auditor, or upon his order, upon filing with him a certificate of the auditor of the county where the real estate is situated, to the effect that the satisfaction of said mortgage has been filed for record. Any mortgage may be surrendered to the association upon filing with the state auditor an affidavit sworn to by the president and secretary of the association owning the same, showing to the satisfaction of the state auditor that it would be to the advantage of the association to assign the said mortgage without recourse, or that such mortgage is in default and that it is withdrawn for the purpose of foreclosure.

SEC. 8. That section 14 of chapter 110 of the laws of 1913 be amended to read as follows:

Section 14. Whenever the losses of an association exceed the contingent fund, or the reserve fund, if reserve fund stock has been issued as provided in section 6 of this act, they may be charged against the undivided earnings, if any, and in the event that they also exceed such undivided earnings, the state auditor may proceed to wind up the affairs of such association as hereinafter provided.

Section 15. The expenses of such association shall be paid from its earnings, and no deduction from dues shall be made either directly or indirectly for that purpose. No such association shall pay or be or become liable to pay either directly or indirectly in the course of any calendar year as salaries, commissions, fees, or other compensation to its officers, directors, auditor, attorneys, agents, clerks and all other employees and for rent, advertising, and all other operating expenses, sums of money the aggregate of which shall exceed two and one-half per cent of the average amount of assets of such association during such year. The term "operating expenses" as used in this connection shall not be construed to include membership fees, taxes, assessments, repairs or insurance on real estate or commissions on the sale of real estate, or on the placing of loans, or any interest which the association may have paid or become liable to pay, proper legal charges for searching titles or the preparation of legal papers, expenses of foreclosure suits or other bona fide litigation, nor charges for state license. The provisions of this section, insofar as they limit the expenditure for expenses, shall not apply to any association whose accumulated capital is less than forty thousand dollars: Provided, however, that the annual expenses of every such latter association shall not exceed a total of one thousand dollars. The provisions of this section shall apply as well to foreign as to domestic corporations doing business under the permission and certificate of the state auditor and said auditor shall not renew such permission or issue such certificate to any corporation that shall have violated the provisions of this section.
SEC. 10. That section 16 of chapter 110 of the Laws of 1913 be amended to read as follows:

Section 16. Shares shall not be withdrawn until after a lapse of three months from the time of issuance of such shares and not then except at the option of the association; but shares may be withdrawn at any time after one year from the time of issuance. The withdrawing shareholder shall be paid the amount of the withdrawal value of the shares, as shown by the last prior distribution of profits together with all the dues paid thereon since such distribution: Provided, that upon withdrawal of shares pledged to the association for a stock loan, or stock loans, the association shall first deduct therefrom the indebtedness due the association. Withdrawals shall be paid in the order of their filing, except as hereinafter provided, and it shall be the duty of the secretary or other officer discharging such duties to enter upon each notice the order and date of such filing. Except as hereinafter provided, not more than two-thirds of the receipts of the association in any month shall be applied to the payment of withdrawals and matured shares without the consent of the board of directors. Whenever an application for withdrawal shall have been on file or the payment of matured shares demanded and either shall have remained unpaid for a period of six months, all the receipts of the association in any month from dues, loans repaid, and the proceeds of all other investments, shall, after the payment of expenses and general indebtedness, be applied toward the payment of withdrawals and matured stock; and the board of directors, or the state auditor, in his discretion, may direct that withdrawals be paid upon a ratable and proportionate basis. After filing the notice of withdrawal provided herein, the withdrawing member shall be entitled to the dividends credited to the same class of
shares, until the final payment of his shares is made; and membership in the association shall remain unimpaired so long as any accumulation remains to his credit. No officer, director, attorney, clerk or agent of such association, and no person in any way interested or concerned in the management of its affairs shall discount or directly or indirectly purchase a share of any such association, whether filed for withdrawal or not, except by payment therefor of the withdrawal value of such share as determined herein. The board of directors of any association may retire all classes of free shares by enforcing withdrawals of the same: Provided, that the by-laws shall clearly state the manner in which such withdrawals may be enforced: And provided also, that the holders thereof shall be paid the full value of the shares, including, in such case, their proportion of the contingent fund.

Such report shall be verified under oath by the president and secretary or by three directors of the association, and shall contain such information as the state auditor from time to time requests. Upon filing such report, there shall be paid to the state auditor for the state general fund, in lieu of all other corporation fees or licenses, a fee determined as follows: If the assets of the association as shown by said report amount to one hundred thousand dollars or less a fee of twenty dollars; if more than one hundred thousand dollars and less than two hundred fifty thousand dollars, a fee of thirty dollars; if more

If such association shall fail to furnish to the auditor of the state any report required by this act, at the time so required, it shall forfeit the sum of twenty-five dollars per day for every day such report shall be delayed or withheld; and an action shall be started in the name of the state to recover such penalty and the same shall be paid into the treasury of the state. After receiving such report, the auditor, if satisfied that such association has complied with all the provisions of this act and is entitled to do business in this state, shall issue a certificate stating the compliance with such provisions, and that such association is entitled to do business in this state, which certificate shall be in force for the period of one year unless sooner revoked.

Sec. 12. That section 19 of chapter 110 of the Laws of 1913 be amended to read as follows:

Such examinations shall be made by an inspector of savings and loan associations to be appointed by the state auditor, and who shall hold office during his pleasure. Such inspector shall be paid a salary of two hundred fifty dollars per month and actual traveling expenses from the State General Fund. All examinations made by such inspector shall be full and complete, and in making the same he shall have full access to, and may compel the production of all books, papers, moneys, and records of the association under examination, and may administer oaths to and examine the officers of such association or any person connected therewith as to its business and affairs, and any willful false swearing shall be deemed perjury and be punishable as such: Provided, whenever by the laws of the state under which any foreign association is organized, annual examinations of such association are required and are made pursuant thereto, then such foreign association shall not be examined hereunder: Provided, such foreign association shall furnish to the auditor of this state annually a certificate of the proper officer of such other state that he has made an examination pursuant to the laws of such other state, and that the affairs of such association are in accord with the laws of such other state: And provided further, that the auditor of this state may, whenever he deems it advisable, cause examination of such foreign association to be made as is required in the case of associations organized under the laws of this state.

Sec. 13. That section 20 of chapter 110 of the Laws of 1913 be amended to read as follows:
Section 20. Whenever it shall appear to the state auditor that the affairs of any savings and loan association are in an unsound condition or that it is conducting its business in an unsafe or unlawful manner, the state auditor may direct the inspector of savings and loan associations to take possession of all books, records and assets of every description of such association and hold and retain the possession of same pending the further proceedings herein specified. Should the board of directors, secretary or person in charge of such association refuse to permit the said inspector to take possession as aforesaid, the state auditor shall communicate such fact to the attorney general, whereupon it shall become the duty of the attorney general at once to institute such proceedings as may be necessary to place such inspector in immediate possession of the property of such association.

Upon taking possession of the effects of the association as aforesaid said inspector shall prepare a full and true statement of the affairs and condition of such association, including an itemized statement of its assets and liabilities, and shall receive and collect all debts, dues and claims belonging to it and pay the immediate and reasonable expenses of his trust. Such inspector shall be required to execute to the state auditor a good and sufficient bond in a sum required by the state auditor conditioned upon the faithful discharge of his duties as custodian of such association, which said bond shall be approved by the state auditor, and the expenses of which shall be borne by the association under examination.

When the condition of such association has been fully ascertained, and it shall appear that the affairs of said association are in fact in an unsound condition, the state auditor shall at once notify in writing the board of directors of such association of his decision, giving them 20 days in which to restore the
affairs of such association to a sound condition. Meanwhile, the auditor shall remain in charge of the books, records and assets of every description of such association, attend or be represented at all directors' and stockholders' meetings held, suggest such steps as he may deem necessary to restore such association to a sound condition; and if same is not done within the 20 days allowed by the statute he shall report the facts to the attorney general and it shall thereupon become the duty of the attorney general to institute proceedings in the superior court of the proper county for the appointment of the state auditor as receiver and for the dissolution of such association, or such other proceedings as the occasion may require.

After the passage and approval of this act no foreign association not already lawfully engaged in the State of Washington in the business of a savings and loan association shall be permitted to conduct such a business in this state.

A majority of the board of directors shall publish a notice in some newspaper of general circulation in the county wherein is the principal place of business of the association once each week for eight consecutive weeks calling a meeting of the shareholders to determine whether said savings and loan association shall voluntarily dissolve. If at such meeting two-thirds of the shareholders then present and voting shall vote to dissolve, and the state auditor shall approve of such dissolution, the officers of the association, under the direction of the directors of the association, shall thereupon proceed to liquidate the affairs of the association and reduce the assets thereof to cash, and, after paying all indebtedness and expenses, distribute the same among the shareholders in proportion to the withdrawal value of the holdings of each shareholder at the time of the passage of the resolution to dissolve.

Sec. 20. The directors of the association shall call a special meeting of its shareholders at the office of the association at any time when requested so to do by one-fourth of the qualified shareholders. It shall be competent, at any time, for two-thirds of the stockholders of any corporation organized under this chapter to expel any trustee from office, and to elect another to succeed him. In all cases where a meeting of the stockholders is called for the purpose of expelling a trustee and electing his successor, such notice shall be given of the meeting as the by-laws of the company may require. Unanimous consent of the stockholders expressed in writing and specifying the increase of capital stock agreed upon shall be equivalent to a meeting, and in case of such written consent no notice or actual meeting shall be required, in the case of a company a part of whose stock has no voting power on the question of an increase of capital stock, the proposition for such increase shall not be deemed authorized by the vote of the holders of two-thirds or more of the stock entitled to vote thereon, unless (1) those voting therefor are the holders of a majority in par value of the aggregate of all the shares of stock of the company of all classes, or else (2) there be filed with the company the written consent.

Sec. 7. That Section 6433 of Rem. & Bal. be amended to read as follows:

The time fixed for the meeting shall not be less than twenty nor more than thirty days from the first publication of the notice, and in the meantime the assessment-book must remain in the office of the secretary for the inspection of all persons interested.
Sec. 10. That section 6436 of Rem. & Bal. be amended to read as follows:

Section 6436. Upon the day specified in the notice required by the preceding section for the meeting, the board of directors, which is hereby constituted a board of equalization for that purpose, shall meet and continue in session from day to day as long as may be necessary, not to exceed ten days, exclusive of Sundays, to hear and determine such objections to the said assessment-roll as may come before them; and the board may change the same as may be just. The secretary of the board shall be present during its session, and note all changes made at said hearing; and on or before the 30th day of October he shall have the assessment-roll completed as finally equalized by the board.

The secretary of the board must compute and enter in a separate column of the assessment-book the respective sums in dollars and cents to be paid as assessments on property therein enumerated. Similar

The assessments, when collected by the county treasurer, shall constitute a special fund, or funds as the case may be, to be called respectively, the "Bond Fund of ...... Irrigation District", the "Contract Fund of ...... Irrigation District" and the "Expense Fund of ...... Irrigation District". In case of neglect or refusal of the board of directors to cause such assessment or levy to be made as herein provided, then the assessment shall be made, equalized and levied by the board of county commissioners of the county in which the office of the board of directors is situated shall cause an assessment-roll for the said district to be prepared, and the board of county commissioners shall make the levy required by this chapter in the same manner and with like effect as if the same had been made by the said board of directors, and all expenses incident thereto shall be borne by the district. The women members shall be appointed for terms ending, one on May 31st, 1922, and one on May 31st, 1924, and upon the expiration of their respective terms the governor shall appoint a successor for a term of five years. The governor shall also fill by appointment any vacancies that shall occur for any unexpired term or terms. All such appointments shall be for fitness and of a non-
partisan character. The governor shall have the power to remove any of said directors for cause. SEC. 4. The directors shall cause to be prepared plans and specifications for remodeling or erecting on such site necessary buildings for a suitable plant for the institution, which plans shall provide for cottages to be arranged for the proper classification of inmates as to the character and needs of such inmates, including proper hospital and clinic facilities, and the directors shall furnish and equip the same ready for use.

Contracts shall be made by the directors, and those involving an expenditure of over five hundred dollars ($500.00) shall be duly advertised and competitive bids received thereon, no member of the
board of directors to have financial interest therein. In connection with the remodeling or erecting of the various cottages and buildings comprising the plant of the institution no building permit shall be required from the municipal corporation in which such institution may be located.

When such buildings have been prepared and equipped and the necessary staff of officers organized, the directors shall so certify to the governor, who shall thereupon issue a public proclamation that the institution is ready for the reception of inmates, and shall cause a copy of such proclamation to be sent to each judge of the superior court and to each justice of the peace in the state.

Sec. 5. The directors shall have control of said institution, determine the policy of the same, and make necessary rules and regulations for the care, support, discipline, detention, training, education and labor of the inmates, including a system of general and vocational instruction, domestic science and employment in useful trades: Provided, that no system of contract labor shall be established.

Said board of directors shall provide proper recreational facilities, form a board of parole and discharge, cause to be kept proper records, including those of inmates, establish a credit system which shall provide that not less than twenty-five per cent of the sum accredited to any inmate shall be paid to her at the time of her absolute release from said institution.
Said board shall fix the salaries of the officers of said institution; appoint from their own number a president and secretary who shall hold office for such length of time as the board may determine; hold meetings at least quarterly at said institution, and audit the accounts of the superintendent quarterly.

The directors shall report annually to the governor the general and financial condition of said institution, with such recommendations as they may desire to make, a copy of which report shall be sent to the secretary of state.

**Sec. 7.** The directors shall appoint and remove at discretion a superintendent of said institution who shall be a woman, not of their number, and who before entering upon the duties of her office shall give a bond to the state with sufficient surety in the sum of five thousand dollars ($5,000.00), and shall be sworn to faithful performance of her duties. The superintendent shall receive such compensation as shall be fixed by the directors and shall reside at the institution.

**Sec. 8.** The superintendent shall manage said institution and shall have control over the inmates thereof, working for the speedy return of the offender to community life as a healthy, law-abiding, self-respecting and self-supporting member thereof. She shall make rules and regulations for the administration of said institution, subject to the approval of the board of directors. The superintendent shall also, subject to the board of directors, determine the number and character, select, appoint and assign the duties, of all subordinate officers of the institution, who shall be women as far as practicable, and shall be sworn to a faithful performance of their duties.

governor, provided for in section 4 of this act, all
women over sixteen years of age belonging to any of
the following classes sentenced to imprisonment by
any court of criminal jurisdiction may be committed
to and confined in, and all women over eighteen
years of age belonging to any of the following classes
sentenced to imprisonment by any court of criminal
jurisdiction must be committed to and confined in
said institution:

First: Women convicted of or who plead guilty
to the commission of felonies, except murder in the
first and second degree, arson in the first degree, and
robbery, who have not been twice before convicted
in this state or elsewhere of crimes which under the
laws of this state would amount to felonies.

Second: Women convicted of or who plead
guilty to the commission of gross misdemeanors or
misdemeanors as defined by law.

The court imposing sentence on offenders of
either of the above classes shall not fix the time of
such commitment. Commitment to such institution
shall be executed, within one week after sentence is
imposed, by a woman guard appointed by the court
for that purpose or sent from said institution on
notice of the issuance of the commitment. The ex-
penses of such commitment shall be paid in the same
way as commitment to other penal institutions of
the state. The trial court shall cause a record of the
case to be sent with commitment papers on blanks
furnished by the institution.

Any girl between the ages of sixteen and eighteen
years who shall be found to be delinquent or depend-

The duration of such commitment for Class 1, including the time spent on parole, shall not exceed the maximum term specified by law for the crime for which the offender was sentenced, and in such cases it shall be the duty of the trial court to specify the maximum term for which the offender may be held under commitment.

The duration of such commitment for all other classes shall not exceed three years unless, in the opinion of a board of experts composed of one jurist and two physicians one of whom shall be a recognized neurologist, a longer detention shall be recommended.

If, through oversight or otherwise, any person be sentenced to confinement in said institution for a definite period of time, such sentence shall not for that reason be void but the person so sentenced shall be entitled to the benefits and subject to the liabilities of this act in the same manner and to the same extent as if sentence had been given in the terms required by this section; and in such cases said board of directors shall deliver to such offender a copy of this act and written information of her relation to said board.

Immediately upon the arrival of any person committed to said institution a careful physical and mental examination of such person shall be made by a competent physician.

Sec. 10. Said board of directors shall constitute a board of parole and discharge. Any inmate of the institution who has been in confinement within said institution may upon recommendation of the superintendent be allowed to go on parole in the discretion

of the majority of said board of parole, under the following conditions: That she is in good physical condition and free from any contagious diseases, has ability to earn an honest living, has a satisfactory institutional record based on the merit system, and a proper home to which she may go, or suitable employment has been secured in advance by the board of parole. Each person paroled or discharged from the institution shall be given, if the superintendent deems it best, suitable clothing and transportation expenses and, if such person has no money to her credit, not less than five dollars ($5.00) in money.

Authority is conferred on said board of parole to establish such rules and regulations as it may deem necessary, setting forth the conditions upon which inmates may be discharged upon parole, and to enforce such rules and regulations and provide suitable supervision by agents of the institution.

SEC. 11. While upon parole each inmate of said institution shall remain in the legal custody and under the control of the board of directors, and subject at any time to be taken back to said institution for any reason that shall seem sufficient to said board. Whenever any paroled inmate of said institution shall violate her parole and be returned to the institution, she may be required to serve the unexpired term of her maximum sentence, including the time she was out on parole, or any part thereof, in the discretion of the board of directors, or she may be paroled again if said board of parole so decide. The request of said board of directors, or any person authorized by the rules of said board, shall be sufficient warrant to authorize any officer of said institution or any officer authorized by law to serve criminal process within this state, to return any inmate on parole into actual custody; and it shall be the duty of police officers, constables and sheriffs to arrest and hold any paroled inmate when so requested,
without any written warrant, and, for the performance of such duty, the officer performing the same, except officers of said institution, shall be paid by the board of directors of said institution out of the institution funds such reasonable compensation as is provided by law for similar services in other cases.

Sec. 12. If any inmate shall escape from said institution or from any keeper or officer having her in charge or from her place of work while engaged in working outside of said institution, she shall be returned to said institution when arrested, and may be disciplined in such manner as the board of directors may determine. All the provisions of section 11 relating to the arrest and return of paroled inmates shall apply to the arrest and return of escaped inmates.

The board of directors may transfer to the state prison any inmate of said institution who shall appear to said board to be incorrigible, or whose presence in said institution may be seriously detrimental to its well-being: Provided, such inmate was originally so committed, subject to be returned upon requisition of the board of directors. The directors may transfer to any other appropriate state institution any inmate whose welfare the board, after proper study and examination of her case, shall decide may be best cared for at such other institution. Whenever any inmate of said institution shall be, in the judgment of the board of directors, in need of special medical attention, such inmate may be transferred to a hospital or other appropriate state institution, subject to return upon requisition of the board of directors. The board of directors may transfer to any of the Washington hospitals for the insane any inmate of said institution who may be insane, but no inmate of said institution shall be transferred except upon the written certificate of
two competent physicians not connected with the institution, to the effect that such inmate has become insane, and any inmate declared to be insane shall have a right to appeal to the superior court for the county in which said institution is located from said order of transfer. Upon the written certification of the superintendent of any of the Washington hospitals for the insane that an inmate transferred has become cured of her insanity, the directors shall, by requisition, require the return of such inmate to said institution.

Sec. 14. If it shall appear to said board of directors, acting as a board of parole and discharge, that any inmate on parole, although not having yet reached her maximum term, has maintained a satisfactory parole record and will continue, if discharged, to lead an orderly life, said board, by a unanimous vote of all the members present at any stated meeting thereof, may discharge such inmate from said institution.

Sec. 15. If any woman committed to said institution is, at the time of her commitment, the mother of a child under two years of age, or shall give birth to a child while an inmate of said institution, such child may be retained in said institution, until it attains the age of two years, when the board of directors shall cause such child to be placed in an asylum or home for children, or in the care and custody of some relative or proper person willing to assume such care, and if necessary, the board may pay the reasonable cost of maintenance of said child, until the mother shall be discharged. Any child over the age of two years at the time of the commitment of its mother to said institution, may, if found delinquent or dependent, be committed to proper care and custody under the provisions of the juvenile court law.

Sec. 16. There is hereby appropriated out of any money in the state treasury, not otherwise ap-
propriated, the sum of one hundred fifty thousand dollars ($150,000.00), or so much thereof as may be necessary to carry out the provisions of this act, for the construction and maintenance of the Women's Industrial Home and Clinic.

Sec. 17. If any provision or section of this act is, for any reason, held to be invalid or unconstitutional, such holding shall not affect the validity of the act as a whole, or any other part thereof.

Sec. 18. This act is necessary for the immediate preservation of the public health, peace and safety, and shall take effect immediately.

Sec. 3. Upon filing said claim such justice of the peace shall appoint a time for the hearing of said matter and shall cause to be issued a notice of the claim, as hereinafter provided, which shall be served upon the defendant.

Said justice of the peace shall collect in advance upon each claim the sum of one dollar ($1.00), and this shall be the only fee for such justice of the peace to be charged or taxed against the plaintiff in such action during the pendency or disposition of said claim: Provided, however, that when any such "small claims department" shall be created and organized in any justice's district as herein provided, in which the justice is not paid a salary, he may be paid as compensation for conducting such department from the county treasury of his county such monthly salary as the county court and commissioners of said county shall deem just and proper.

Sec. 7. All claims must be verified by the real claimant, and no claim shall be filed or prosecuted in such department by the assignee of such claim.

Sec. 8. No attorney at law nor any person other than the plaintiff and defendant, shall concern himself or in any manner interfere with the prosecution or defense of such litigation in said department without the consent of the justice of said justice’s court; nor shall it be necessary to summon witnesses, but the plaintiff and defendant in any claim shall have the privilege of offering evidence in their behalf by witnesses appearing at such hearing, and the justice may informally consult witnesses or otherwise investigate the controversy between the parties, and give judgment or make such orders as may by him be deemed to be right, just and equitable for the disposition of the controversy.

CHAPTER 188.
[S. B. 184.]
LAND SETTLEMENT ACT.

AN ACT relating to the upbuilding of the agricultural resources of the state, establishing a state policy for land settlement, defining the powers and duties of the state reclamation board in reference thereto, and making appropriations therefor.

Be it enacted by the Legislature of the State of Washington:

SECTION 1. This act shall be known and cited as the "Land Settlement Act".

Sec. 2. The State of Washington in the exercise of its sovereign and police powers declares that
the settlement of such portions of the undeveloped lands in this state as may be determined to be suitable and economically available therefor is a state purpose and is necessary to the public health, safety and welfare of its people. In the exercise of such power the state, acting for itself and in co-operation with the United States, hereby establishes a definite land policy providing means whereby soldiers, sailors, marines, and others who have served with the armed forces of the United States in the war against Germany and her allies, or other wars of the United States, hereinafter generally referred to as "soldiers", and also industrial workers and other American citizens desiring a rural life, may settle upon and become owners of small improved farms and farm laborer's allotments.

Sec. 3. That the state reclamation board created by the 16th legislature, hereinafter called the "board", shall have power to co-operate with the federal government in the settlement of any undeveloped lands in this state, and to avail itself of any authority of federal laws, rules and regulations therefor when any such settlement project shall be approved and adopted, by both the federal government and said board. Before said board shall expend any of the moneys appropriated for the settlement of land, except as herein otherwise provided, it shall enter into a written agreement with the federal government, setting forth the plan and basis of co-operation between the state and the federal government, and the expenditures to be incurred by each, and the provision for their repayment.

The contract with the United States may provide for the sub-division of the lands and other work needed to render one or more groups of farms available for agriculture.
The board is authorized to secure from the United States, subject to the provisions of federal laws, the necessary funds for making permanent improvements and for the purchase of necessary equipment.

Sec. 4. The board shall have power:

To investigate and select for settlement suitable areas of undeveloped lands in this state available for settlement;

To purchase and acquire on behalf of the state such privately owned lands as in its judgment are available for settlement;

To subdivide any lands owned by the state and found available for settlement, including lands purchased or acquired for that purpose, into tracts suitable for farms and farm laborer's allotments;

To make on any such farms and farm laborer's allotments such improvements as may be necessary to render the same habitable and productive;

To accept from private owners deeds or other instruments of trust relating to land and to subdivide, improve, and sell such lands;

To lease to prospective settlers any land selected by the board for settlement;

To dedicate to public use appropriate tracts for roads, school houses or other public purposes;

To purchase and acquire under state laws any state, school, or granted lands of the state which the board shall determine are available for settlement under the provisions of this act;

To purchase and acquire lands in co-operation with the United States under such conditions as may be deemed advisable for the purposes of this act, and to convey the same under such conditions and restrictions as may be approved by the secretary of the interior;

To arrange with the federal government for sharing in the expense of furnishing agricultural
training for settlers so as to render them better qualified for the cultivation of their lands, under appropriate conditions of supervision by the federal government;

To sell and convey such improved farms and farm laborer's allotments subject to the limitations of this act;

To make such rules and regulations and perform any and all acts as may be necessary and proper for the purpose of carrying out the provisions of this act.

If it shall appear that federal aid and co-operation shall not be available, or the board shall determine to adopt and proceed with any land settlement project without federal aid and co-operation, then and in such event the board may acquire lands for such land settlement project and conduct their settlement with moneys from the state reclamation fund.

Sec. 5. That the board shall give to soldiers the preference right to purchase or lease such farms and farm laborer's allotments.

A qualified applicant must be a citizen of the United States and must satisfy the board that he is not the holder of agricultural land or possessory rights therein which, together with the land and improvements to be purchased hereunder, shall exceed a value of $15,000. No purchaser shall at any one time hold more than one farm or farm laborer's allotment. Every purchaser shall satisfy the board as to his fitness, both financial and otherwise, to cultivate and develop the same successfully.

Each approved applicant shall enter into a contract of purchase which shall provide for the payment of the purchase price of the land, the reclamation costs and the farm improvements and other charges, if any, and shall require the purchaser
actually to occupy the land within six months and actually to reside thereon for at least eight months in each calendar year for a period of at least five years, unless prevented by illness or other cause satisfactory to the board; and other absence from the land exceeding four months in any calendar year shall be a breach of the contract.

The contract shall provide that it shall not be assigned without the consent of the board.

The purchase price of the land shall be paid in annual installments to be fixed by the board for a total period of not to exceed forty years, with interest on deferred payments from the date of the contract at the rate of four per cent per annum.

Title to the land shall not pass until full payment has been made for the land and improvements.

Sec. 6. The lands disposed of under this act shall be leased or sold, in accordance with regulations adopted by the board, after public notice in at least one newspaper published in the state and of general circulation therein, and one newspaper published in the county where the land is situated, once a week for five consecutive weeks, the first date of publication being at least sixty days prior to the date of lease or sale, setting forth generally the location of the land and the terms of lease or sale and stating that detailed information can be obtained at the office of the board and such other convenient places as are designated in the notice.

Sec. 7. That the board shall investigate land settlement conditions in other states and elsewhere. The board shall report biennially to the legislature, giving a full statement of its operations and recommendations under the provisions of this act, and shall furnish a copy of its report to the secretary of the interior.
SEC. 8. Be it enacted by the Legislature of the State of
Washington:

SECTION 1. Definition.
The term public warehouse when used in this act, includes any elevator, mill, warehouse or structure

Tacoma, Spokane or other cities in the state which
may be hereafter designated as inspection points.

The term warehouseman when used in this act, includes any firm, person, company, corporation or
association of persons owning, operating or con-
trolling any public warehouse.

The term commission when used in this act means
the Public Service Commission of Washington.
SEC. 2. The commission shall exercise general supervision over the handling, weighing, inspecting and storage of grain, hay and peas and the inspection, grading and weighing of other commodities included in the provisions of this act and the regulation of public and terminal warehouses. Such commission shall investigate all complaints of fraud and injustice in the grain and hay trade and in the trade in the other commodities included in the provisions of this act, fix the charges of public and terminal warehouses and make all necessary rules and regulations for carrying out and enforcing the provisions of this act, and of all laws of the state relating to this subject.

SEC. 3. The commission, with the approval of the governor, shall appoint a Chief Inspector, who shall be thoroughly familiar with the grains, grain products and forage crops of Washington and who shall have had at least five years' experience in the handling of such products. He shall, before entering upon the duties of his office, give a surety company bond (the cost to be paid by the state) to the state of Washington in the sum of ten thousand dollars ($10,000.00) to be approved by the commission and the attorney general, and conditioned upon the faithful discharge of his duties, and take the usual oath required of state officers. He shall receive such salary as the commission may determine upon, in no event to exceed twenty-five hundred dollars ($2500.00) per annum, and necessary traveling expenses and shall reside at Tacoma.

SEC. 4. The chief inspector, with the approval of the commission, shall appoint such number of deputies, inspectors, samplers and weighers, who shall be designated as inspectors, as may be necessary to properly and thoroughly inspect and weigh the commodities included in the provisions of this act, and such other employees as may be necessary.
One of such inspectors in each of the cities of Seattle, Tacoma and Spokane and such other cities as may be designated by the commission, shall be styled Chief Deputy Inspector. The chief deputy inspectors shall each give a surety company bond (the cost to be paid by the state) to the State of Washington in the sum of five thousand dollars ($5,000.00) to be approved by the commission and the attorney general, conditioned upon the faithful discharge of their duties. Such chief deputies shall receive such salaries per annum as the commission may determine and necessary traveling expenses. Each of the other inspectors and bookkeepers shall give surety company bond (the cost to be paid by the state) to the State of Washington in the sum of three thousand dollars ($3,000.00) to be approved by the commission and the attorney general, conditioned upon the faithful discharge of his duties; the inspectors and other employees shall receive such salaries as the commissioner may determine. The chief deputy inspector, inspectors, and other employees shall be required to take an oath to faithfully perform their duties.

Sec. 5. All bonds provided for by this act shall be filed in the office of the secretary of state of Washington, and any person injured by official act or the neglect of duty of any such bonded employee, or by reason of neglect or failure of such bonded employee or warehouseman to comply with the provisions of this act or of the rules and regulations of the commission shall have a right of action upon such bond for the recovery of all damages suffered thereby.

Sec. 6. No chief inspector, or other employee, shall, during his term of office, be interested, directly or indirectly, in the handling, storing, shipping, purchasing or selling of the commodities included in the provisions of this act.
SEC. 7. Any inspector who shall be guilty of any neglect of duty, or who shall knowingly or carelessly inspect, sample or weigh any commodity included within the provisions of this act improperly, or who shall, directly or indirectly, accept any money or other consideration for any neglect of duty or any improper performance of duty as such inspector, or any person, persons, corporation or agent who shall improperly influence or attempt to improperly influence any inspector in the performance of his duties as such inspector, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be fined not less than two hundred dollars ($200.00) nor more than one thousand dollars ($1,000.00) or imprisoned in the county jail not less than six months nor more than one year, or by both such fine and imprisonment, in the discretion of the court.

SEC. 8. The cities of Seattle, Tacoma and Spokane shall be provided with state inspection and weighing under this act. Such other cities and towns or districts where commodities included in the provisions of this act, are received or shipped by common carrier, and the shipments are such as would reasonably justify and render necessary the inspection and weighing thereof, may be designated by the commission as inspection points and be provided with state inspection and weighing: Provided, that the expenditure for the inspection and weighing at each of such points designated by the commission shall not exceed the receipts of the fees at such place.

SEC. 9. All employees under this act may be removed at any time by the commission. They shall be paid in the same manner as other employees of the commission.

SEC. 10. All charges and regulations made by any public warehouse hereunder for the handling or storage of grain, hay and peas shall be just, fair and
reasonable; and the commission is hereby vested with power and authority upon the complaint of any person interested or upon its own motion, after a full hearing, to declare any existing charge for the handling or storage of grain, hay or peas or any regulation whatsoever affecting such charge, or the receipt, handling or storage, to be unreasonable or unjust, and to determine and order what shall be a just and reasonable charge or regulation to be imposed or enforced in place of that found to be unreasonable or unjust.

Sec. 11. All provisions of law relating to the method of procedure by the commission in fixing the rates to be charged by railroad companies for the transportation of freight and passengers and the review of the acts or orders of the commission with reference thereto, and the enforcement of such orders, shall, so far as the same are applicable, govern the procedure of such commission in regulating public or terminal warehouses, and the review and enforcement of the acts and orders of the commission under the provisions of this act.

Sec. 12. The commission shall within ninety days after this act becomes a law fix and establish standard grades to apply to all grain and hay, bought or handled by public or terminal warehouses in this state. The commission shall adopt as state grade standards all grades for grain and hay now or hereafter established by the United States Department of Agriculture. Standards for grain and hay not provided for by the United States Department of Agriculture shall be established or changed only after a public hearing, notice thereof to be given by publication in three newspapers of the state, at least ten days prior to such hearing. The commission may by resolution authorize the weighing and grading, upon request of any interested party, of commodities of commerce, other than grain or hay, such
as grain or hay products, rice, beans and other similar articles, nitrates and other fertilizers, sulphur and other chemicals used in the arts or in manufacturing, when same are received from or delivered to any rail or water carrier in the state in commercial transportation, and may authorize the certification of the weights and grades thereof. Fees for such service, sufficient to cover the cost thereof, shall be fixed by the commission. Grades may be established or changed by the commission and rules and regulations governing warehousemen be promulgated after a public hearing, notice thereof to be given by publication once each week for two successive weeks in at least three newspapers of general circulation in the state, two of which, at least, shall be in eastern Washington. All interested persons desiring to be heard shall be permitted to give testimony and such other witnesses may be subpoenaed as the commission may deem necessary, which witnesses shall be entitled to the same fees and mileage as are provided for witnesses in civil actions. The commission shall after such hearing, make and issue reasonable rules and regulations governing the dockage which shall be made on inferior grades and in all executory contracts thereafter entered into where the price or amount to be paid therefor depends upon terminal weight or grade, such rules and regulations shall control the dockage in so far as the same affects the price to be paid, and such rules and regulations shall become part of the contract of sale unless expressly agreed to the contrary in such executory contract.

It shall be the duty of the chief inspector, immediately after the establishment of grades for grain, hay, grain and hay products and peas, and the promulgation of rules and regulations fixing dockage, as herein provided, to supply each public and terminal warehouseman, which the records in his office
show is then or thereafter engaged in operating such warehouses, with a copy of such grades, rules and regulations. It shall be the duty of every public or terminal warehouseman to keep such copy on file in a convenient place in every such warehouse and, if an office is maintained in connection with such warehouse, a copy of such grades, rules and regulations shall be kept on file in such office and a placard notice posted in a conspicuous place in every such warehouse and such office, reading as follows:

"A COPY OF WASHINGTON GRADES, RULES AND REGULATIONS IS ON FILE HERE FOR INFORMATION OF INTERESTED PARTIES."

Every such warehouseman shall exhibit such copy of grades, rules and regulations to any interested party applying therefor at any such warehouse or office and permit such interested party to examine and consult such copy.

Sec. 13. The commission shall fix the fees for inspection, grading and weighing of the commodities included in the provisions of this act, which fees shall not exceed 6c a ton for sack grain, 4c a ton for bulk grain, and 12c a ton for hay. The fees for inspection, grading and weighing of such commodities shall be a lien upon such commodity so weighed, graded or/and inspected to be paid by the carrier transporting the same and treated by it as an advanced charge, except when the bill of lading contains the notation "Not for terminal weight and grade" and the commodity is not unloaded at a terminal warehouse. The commission shall so adjust the fees to be collected under this act as to meet the expenses necessary to carry out the provisions hereof, and may prescribe a different scale of fees for different localities. The commission may also prescribe a reasonable charge for service performed at places other
than public terminal warehouses in addition to the regular fees when necessary to avoid rendering the service at a loss to the state. All moneys collected under the provisions of this act and all fines and penalties for violation thereof, shall be paid into the state treasury. The state auditor may anticipate the receipts and issue warrants to cover the same to any amount not exceeding fifteen thousand dollars ($15,000.00).

Sec. 14. The chief inspector, and inspectors, shall, at the places provided for state inspection under this act, have exclusive control of the weighing and grading of the commodities which shall be inspected under the provisions of this act and the action and certificates of such inspectors in the discharge of their duties, as to all commodities weighed or inspected by them, shall be conclusive upon all parties interested: Provided, however, an appeal may be taken to the commission, whose decision shall be final. Suitable books and records shall be kept in which shall be entered a faithful and true record of every carload, or cargo or part of cargo or commodities inspected or weighed by them, showing the number and initial or other designation of the vehicle or boat containing such carload, or cargo, or part of cargo, its weight, the kind of commodity, and its grade, and if graded below standard No. 1 grade, the reason for such grade, if of inferior grade, the amount of such dockage, the amount of fees and forfeitures and disposition of same, and for each vehicle or cargo, or part of cargo, of commodity inspected, they shall give a certificate of inspection showing the kind and grade of the same and the reason for all grades below No. 1, the amount to be allowed for dockage, if any, the number of sacks, bales or other parcels thereof, with the grade or grades and weight of
same, if requested to do so by consignor or consignee. They shall also furnish the agent of the railroad company, or other carrier over which such commodity was shipped or carried, a certificate showing the weight thereof, if requested to do so. They shall also keep a true record of all appeals, decisions and a complete record of every official act, which books and records shall be open to inspection by any party in interest.

Sec. 15. Upon written complaint filed with the commission charging any inspector with official misconduct, inefficiency, incompetency or neglect of duty, the commissioner shall investigate such charge, and if it be found sustained, shall remove such officer.

Sec. 16. In case any owner, consignee or shipper of any commodity included in the provisions of this act, or his agent or broker, or any public or terminal warehouseman shall be aggrieved at the grading of such commodity, such aggrieved person may appeal to the commission from such decision within thirty days from the date of certificate by giving notice of appeal, and paying a fee to be fixed by the commission, which shall be refunded if the decision appealed is sustained. Such notice of appeal may be given by a letter or other written notice to the commission stating that such party appeals from the decision of the inspector and specifying the initials, number and designation of vehicle or the name of the ship in which such commodity was contained when inspected and graded.

The party taking such appeal shall also file with the commission a list containing the names and addresses of all parties interested in the subject matter of the appeal. It shall be the duty of the commission, upon receiving such notice and list of interested parties, to immediately notify the parties.
interested of the time and place designated by it for a hearing and at such time and place, which shall be within twenty days from the date of receiving such notice, hold a hearing and inquire into the reasonableness and correctness of such original grading and such evidence shall be received, as the parties thereto may desire to offer. After such hearing the commission shall make such order affirming or modifying the grade so established by the inspector as the facts may justify.

Sec. 17. All grain and hay received at terminal warehouses shall be inspected and weighed by the inspector and when exported shall, if requested, be reinspected and graded in like manner and a certificate of grade issued, a reasonable fee to be charged for such reinspection, said fee to be fixed by the commission. All other grain and hay received in carload lots, or, when shipped by water in lots containing more than thirty tons of grain or twelve tons of hay at inspection points, not unloaded at a terminal warehouse, shall be weighed, inspected and graded, unless the bill of lading contains a notation "Not for terminal weight and grade."

Sec. 18. Each person, firm, corporation or association of persons operating any public warehouse or warehouses subject to the provisions of this act shall, on or before the first day of July of each year, give a surety bond to the State of Washington, in such sum as the commission may require, to be approved by the commission and the attorney general, conditioned upon the faithful performance of the acts and duties enjoined upon them by law, and every such person, firm, or corporation, association of persons shall, on or before July 1st of each year, procure from the commission a license for each such warehouse so owned or operated for the ensuing year before transacting business at such
public warehouse or warehouses: Provided, That
no such license shall be issued before the bond here-
inbefore required shall have been given and ap-
proved. Such license shall be posted in a conspicu-
ous place in the office of each warehouse. The
fee for such license shall be two dollars ($2.00)
for each public warehouse, and the commission
may revoke any such license for cause, upon no-
tice and hearing. Any person, corporation or as-
association operating any public or terminal ware-
house in this state without a license shall for-
feit to the state for each day’s operation fifty dol-
lars ($50.00), the same to be recovered on action
brought by the attorney general in the superior
court of Thurston County, Washington, and further
such operation may be enjoined upon complaint of
the commission.

Sec. 19. Every such warehouseman shall an-
ually, during the first week in July, publish, by
keeping posted in a conspicuous place in his ware-
house, a schedule of storage rates for the ensuing
year, and said rates shall not be increased during
such period and no discrimination in rates shall be
made by any such warehouseman. A copy of such
schedule of rates shall be filed by the warehouseman
with the chief inspector.

Sec. 20. Every person having an interest in
any grain, hay or peas stored in any such ware-
house, and every inspector shall have the right to
examine at all times, during ordinary business
hours, any grain, hay or peas so stored, and all
parts of such warehouse; and every warehouseman,
his agents and servants, shall furnish proper facili-
ties for such examination.

Sec. 21. If any public or terminal warehouse-
man subject to the provisions of this act, shall di-
rectly, or indirectly, by any special charge, rebate,
drawback or other device, demand, collect or receive from any person or persons a greater or lesser compensation for any service rendered or to be rendered in the handling or storage of grain, hay or peas than he demands, collects or receives from any other person or persons for doing for him, or for them, a like and contemporaneous service in the handling or storage of grain or hay under substantially similar circumstances and conditions, or if any such public or terminal warehouseman shall make or give any undue or unreasonable preference or advantage to any person, company, firm or corporation in any respect whatsoever, or shall subject any particular person, company, firm or corporation to any undue or unreasonable prejudice or disadvantage in any respect whatsoever, such warehouseman shall be subject to a penalty, as hereinafter provided.

SEC. 22. Every public warehouseman shall receive for storage and shipment, so far as the capacity of his warehouse will permit, all grain, hay and peas in a warehouse used for this purpose, in suitable condition for storage, tendered him in the usual course of business, without discrimination of any kind. A warehouse receipt in form prescribed by law, consecutively numbered, shall be issued and delivered to the owner or his representative immediately upon receipt of each load or parcel of grain, hay or peas, or as he may demand, giving the true and correct grade and weight thereof: Provided, That upon request of the owner, grain, hay or peas shall be put in a special pile without grading, and if grain, hay or peas have been wet or damaged it shall be received and piled in a special pile, with a distinguishing mark, which shall be shown on the receipt for the same and given for the number of sacks only, or bales. The failure to issue, when re-
quested, said receipt shall be subject to a penalty, as hereinafter provided.

Sec. 23. Upon the return of the receipt to the proper warehouseman, properly endorsed, and upon payment or tender of all advances and legal charges, grain, hay or peas of the grade and quantity named therein shall be delivered to the holder of such receipt, within forty-eight hours after the facilities for receiving the same have been provided. If such warehouseman shall fail so to deliver it, he shall be liable to the owner, in damages at the rate of one per cent of the reasonable value of the product for each day's delay, unless he shall deliver the property to the several owners in the order of demand as rapidly as it can be done by ordinary diligence. If, upon such demand and tender, the warehouseman shall fail so to deliver such grain, hay or peas, the person entitled thereto may recover the same by action; and such warehouseman or person or agent in charge thereof shall be subject to a penalty, as hereinafter provided.

Sec. 24. On June 30th of each year every warehouseman shall make a report, under oath, to the commission, on blanks or forms prepared by it, showing the total number of sacks and weight of each kind of grain and peas and bales and weight of hay, received and shipped from each warehouse licensed under this act, and also the amount of outstanding storage receipts on said date, and a statement of the amount of grain, hay and peas on hand to cover the same. The commission may also require special reports from such warehouseman at such times as the commission may deem expedient. The commission may cause every such warehouse and business thereof and the mode of conducting the same to be inspected by one or more of its members or by its authorized agent
whenever deemed proper, and the property, books, records, accounts, papers and proceedings of every such warehouseman shall at all times during business hours be subject to such inspection.

Sec. 25. Whenever required by the commission, every railroad company shall construct and maintain at each station and siding in this state, suitable facilities for the purpose of loading bulk grain direct from wagons into cars for shipment. The commission may require an increase in such facilities or additional facilities whenever it deems it necessary for the purpose of loading.

Sec. 26. In case any commodity under the provisions of this act is sold for delivery on Washington grade to be shipped to or from places not provided with state inspection under this act, the buyer, seller or persons making delivery, may have it inspected out by notifying the chief inspector or a chief deputy, whose duty it shall be to have such grain inspected, and after it is inspected, to issue to the buyer, seller or person delivering it, on request, an inspector’s certificate showing the grade of such grain. The person or persons calling for such inspection shall pay for such inspection a reasonable fee to be fixed by the commission.

Any commodity under the provisions of this act that is shipped to points within the state where no inspection is maintained, may be inspected on request of either buyer or seller, and a certificate may be issued, showing grade of such commodity. The charge for service provided for under this section shall at least equal the entire cost of such service and shall be paid by the party calling for same.

Sec. 27. From all grain commodities inspected or weighed, samples may be drawn, which samples shall become the property of the state and subject
to disposition by the commission under such rules and regulations as it may prescribe.

It shall be the duty of the chief inspector to transmit samples showing the Washington grades thereof adopted, to the federal government, chambers of commerce, boards of trade, exporters and persons, firms, corporations or associations handling and dealing in Washington grades under such rules and regulations as the commission may prescribe.

Sec. 28. The chief inspector or any inspector, serving under him, before opening the doors of any car containing grain or hay, upon arrival at any of the places designated herein for inspection, shall first ascertain the condition of such cars and determine whether any leakage has occurred while said cars were in transit; whether or not the doors were properly secured and sealed at point of shipment, and shall make a record of such facts in all cases, giving seal numbers. After such examinations have been made and recorded, and the inspection of such grain or hay been made, the said officials shall securely close and reseal such doors as have been opened by them, using the special seal of the said state grain inspection department for the purpose. A record of all original seals broken by said officials, and the date when broken, and also a record of all state seals substituted therefor, and the date and number of said seals, shall be made by such officials. The chief inspector, or inspectors shall break the seal, weigh and superintend the unloading of all cars of grain or hay subject to inspection, and any other person or persons breaking the seal or weighting such cars of grain or hay shall be guilty of a misdemeanor.

Sec. 29. Any railroad delivering grain or hay in cars at any of the places provided with state in-
inspection under this act shall provide convenient and suitable side tracks at such places as the commission may designate, on which all cars of grain or hay delivered by them shall, upon arrival, be set and arranged convenient for inspection, and after inspection such railroad company shall promptly distribute all such cars of grain and hay and set them at the proper place or places to be unloaded as designated by the consignor or consignee. Such railroad company shall provide at such place or places as the commission may designate suitable track scales for weighing cars of grain or hay. Such scales shall be under the control of the chief inspector and his deputies. It shall be the duty of the chief inspector or his deputies to require the railroad company to correct all scales so provided as often as may be necessary to insure the correct weighing of grain or hay. Whenever scales have been installed by any railroad company as above provided, it shall be the duty of the chief inspector or his deputies to use such scales in weighing all grain or hay received over the line of such railway: Provided, That if any terminal warehouses in inspection cities are provided with proper scales and weighing facilities, the chief inspector or his deputies may weigh the grain upon the scales so provided. The chief inspector or one of his deputies shall, at least once each year, examine, test and require to be corrected all scales used in weighing grain or hay in any of the cities designated as inspection points in this act or such places as may be hereafter designated, and after such scale is tested, if found to be correct and in good condition, to seal the weights with a seal provided for that purpose and issue to the owner or proprietor a certificate authorizing the use of such scales for weighing grain or hay for the ensuing year, unless sooner revoked by the chief inspector or his deputy.
If such scales be found to be inaccurate or unfit for use, the chief inspector or his deputy shall notify the party operating or using them, and the party thus notified shall, at his own expense, thoroughly repair the same before attempting to use them, and until thus repaired to the satisfaction of the inspector or his deputy, the certificate of such party shall be suspended or revoked, in the discretion of the inspector or his deputy. The party receiving such certificate shall pay to the chief inspector or his deputy a reasonable fee for such inspection and certificate to be fixed by the commission, which sum shall be paid into the state treasury. It shall be the duty of the said commission to see that the provisions of this section are strictly enforced.

Sec. 30. All railroad companies and ware-housemen operating in the cities provided for inspection by this act, shall furnish ample and sufficient police protection to all their several terminal yards and terminal tracks to securely protect all cars containing grain or hay, while the same are in their possession. They shall prohibit and restrain all unauthorized persons, whether under the guise of sweepers, or under any other pretext whatever, from entering or loitering in or about their railroad yards or tracks and from entering any car of grain or hay under their control, or removing hay or grain therefrom, and shall employ and detail such number of watchmen as may be necessary for the purpose of carrying out the provisions of this section.

Sec. 31. When grain, hay or peas are shipped to points where inspection is provided and the bill of lading does not contain the notation "Not for terminal weight and grade" and the grain or hay is unloaded by or on account of the consignee or his assignee without being inspected or weighed by a duly authorized inspector under the provisions...
of this act, the shipper's weight and grade shall be conclusive and final and shall be the weight and grade upon which settlement shall be made with the seller, and the consignee or his assignee, by whom such grain, hay or peas are so unlawfully unloaded shall be liable to the seller thereof for liquidated damages in an amount equal to ten percent of the scale price of such hay, grain or peas computed on the basis of the shipper's weight and grade.

SEC. 32. Any railroad company or common carrier or other corporation, and any warehouseman, which shall violate or fail to comply with any provision of this act, or which fails, omits or neglects to obey, observe or comply with any order, rule or any direction, demand or requirement of the commission made under the provisions of this act, shall be subject to a penalty of not to exceed the sum of one thousand dollars ($1,000.00) for each and every offense, and every such violation shall be a separate and distinct offense, and in case of a continuing violation, every day's continuance thereof shall be, and be deemed to be, a separate and distinct offense.

Every officer, agent or employe of any railroad company or common carrier, or other corporation, or any warehouseman, who shall violate or fail to comply with, or who procures, aids or abets any violation by any such railroad company or common carrier, or other corporation or warehouseman, of any provisions of this act, or who shall fail to obey, observe or comply with any order of the commission, or any provision of any order of the commission, or who procures, aids or abets any such railroad company or common carrier, or other corporation, or any warehouseman, in its failure to obey, observe and comply with any such order or provision, shall be guilty of a gross misdemeanor.
Every person, either individually or acting as an official or agent of any corporation other than a railroad company, common carrier or warehouseman, who shall violate any provision of this act, or fail to observe or comply with any order made by the commission under this act, so long as the same shall be or remain in force, or shall procure, aid or abet any such corporation in its violation of this act, or in its failure to obey, observe or comply with any such order, shall be guilty of a gross misdemeanor.

Sec. 33. If any section or part of a section of this act shall be for any cause held to be unconstitutional, such fact shall not affect the remainder of this act.

Sec. 34. Chapter 91, Laws of 1911, is hereby repealed.

Sec. 35. This act, in so far as it embraces the same subject matter, shall be construed as a continuation of chapter 91 of the laws of 1911, and this act shall not affect pending actions or proceedings, civil or criminal, instituted under the provisions of chapter 91 of the laws of 1911, but the same may be prosecuted or defended with the same effect as though this act had not been passed. Any investigation, examination or proceeding, application for reinspection or appeal undertaken, commenced or instituted under the provisions of chapter 91 of the laws of 1911, may be conducted and continued to a final determination in the same manner, under the same terms and conditions and with like effect as though said chapter 91 had not been repealed.

No cause of action arising under the provisions of chapter 91 of the laws of 1911, or dependent thereon, shall abate by reason of the passage of this act, whether a suit or action shall have been instituted thereon at the time of the taking effect
of this act or not, but actions may be brought on such causes in the same manner, under the same terms and conditions, and with the same effect as though said chapter had not been repealed.

All findings, orders, rules and grades issued or promulgated by the commission under the provisions of said chapter shall continue in force, have the same effect and shall be enforced in the same manner as though this act had not been passed.

Such pulmonary diseases as pneumonia and tuberculosis when di-
rectly traceable to exposure while in active fire duty, shall be considered the same as accident causing physical disability and not under sickness as hereinafter provided for. held in said fire department at the time of his death, shall be paid to his widow during her life, or if there be no widow, then to his minor child or children until they shall have reached the age of eighteen years, or if there be no children then to his parents if it be proven to the satisfaction of the board of trustees that said parents are dependent upon said son for their support: Provided, if such widow, child or children or said parents shall marry, then such person so marrying shall thereafter receive no further pension from said fund.

Sec. 9. Whenever any member regularly and actively employed in the fire department of any such city or town shall, after one year of service in said fire department die from natural causes, or accident not caused in the performance of his duty or duties as herein defined, and for which no pension is provided for in this act, and who has not been retired for old age or disability prior to his death, then in that event his widow, or children under eighteen years of age, or if there be no widow or children, then his parents if it be proven to the satisfaction of the board of trustees, that said parents are dependent upon said son for their support, shall be entitled to the sum of one thousand dollars ($1,000.00) from said fund: Provided, in case of death as above stated before one year of service an amount proportionate to the time of service shall be paid to above mentioned beneficiaries: Provided, if the member at the time of his death had served fifteen years in the fire department, ten years of which shall have been continuous immediately prior to his death, his beneficiaries herein named shall have the option on request, to receive a monthly pension equal to one-quarter of the amount of salary received by such member at the time of his death until such time as the beneficiaries shall marry or the children become eighteen years of age, when the pension shall cease.

Sec. 11. When any person who shall have received any benefits from said fund shall be convicted of any felony, or shall become an habitual drunkard, or shall fail to report himself for examination for duty as required herein, unless excused by the board, or shall disobey the orders or requirements of said board under this act, then such board of trustees shall order and direct that such pension or allowances that may have been granted to such person shall immediately cease, and such person shall receive no further pension or allowance or benefit under this act, but in lieu thereof the said pension or allowance or benefit may at the discretion of the board be paid to those immediately dependent upon him, or to his legally appointed guardian.

Sec. 12. No person who has resigned or been dismissed from such fire department, or who refuses to comply with the orders of the board of trustees, shall be deemed entitled to any relief or pension from said fund, except in cases where notice of, or claim for disability has been filed with the board before such resignation or dismissal.

Sec. 13. The board herein provided for shall, in addition to other powers herein granted, have power, to-wit:

It shall be the duty of the assistant secretary to perform all clerical work and such duties as prescribed by the board of trustees, but he shall have no vote unless he be a member of the board of trustees; the board may pay such assistant secretary such salary as they deem just from the fund, and such salary shall be in addition to any salary he may receive from the city or town as regular employee, or any pension allowed to any retired or pensioned member from the pension fund.

Third—To make all needful rules and regulations for its guidance in conformity with the provisions of this act.

Fourth—To appoint one or more regularly licensed practicing physicians of such city or town who shall be known as the firemen’s relief and pension fund physicians, who shall examine and report to the board of trustees, upon all applications for relief and pension under this act. They shall visit and examine all sick and temporary disabled members, when, in their judgment, the best interests of the relief and pension fund require it or when or-
dered by the board of trustees. They shall perform all operations on sick and injured members and render all medical aid and care necessary for the recovery of the member on account of sickness or temporary disability received while in the performance of his duty or duties as defined in this act. And such appointed physicians shall be paid their fees from said fund, the amount of said fees or salary to be set and agreed upon by the board of trustees and the pension fund physicians. No other physician or surgeon not a regularly appointed pension fund physician shall receive or be entitled to any fees or compensation from said fund as private or attending physician to any sick or injured member of fire department, and should any sick or injured member refuse the services of the pension fund physicians, and engage any other physician or surgeon, he shall be liable for such fees to said physician. of his regular monthly salary as hereinafter provided, and the proceeds of the tax levy as provided for in this act, and the interest or investment of any portion of said fund.

Sec. 15. The city council or city commissioners of each city or town are hereby authorized and empowered to, and shall, when requested in writing by two-thirds of the members of the board of trustees of the firemen’s relief and pension fund, at the same time other levies of taxes are made as provided for by the charter or laws, and in addition to the levy authorized by the charter or laws, levy a tax for an amount estimated to be required by the pension fund board of trustees, not to exceed one-half mill on each dollar of the assessed valuation of the property in such city or town not exempt from taxation, which taxes shall be credited to the firemen’s relief and pension fund. Should the amount in the fund at any time be exhausted by unforseen circumstances, the board of trustees shall be empowered to obtain a loan from the general fund or any other fund available or budget allowance of such city or town, until the firemen’s relief and pension fund can be replenished and the loan returned to the other fund. The board of trustees by a two-thirds vote shall have the power to invest all funds, or any part thereof not required for immediate use, in government, county or city bonds, to be taken in the name of the firemen’s relief and pension fund of such city or town and deposited in such bank or banks or vaults together with other securities of such city or town; by the same vote the board shall have power to sell and dispose of any securities.

Sec. 18. Upon the death of any active or retired member of the fire department, the board of trustees shall have the power and authority to appropriate from the fund the sum of one hundred dollars ($100.00) to assist in defraying the funeral expenses of such member.

[S. B. 120.]

AMENDMENT OF MUTUAL SAVINGS BANKS LAW.

An Act amending sections 11, 17, 25 and 42 of an act entitled "An Act authorizing the incorporation of mutual savings banks, defining their powers and duties, and prescribing penalties for violations hereof," approved March 19, 1915, the same being chapter 175 of the Session Laws of 1915.

Be it enacted by the Legislature of the State of Washington:

Section 1. That section 11 of Chapter 175 of the Session Laws of 1915, being "An Act authorizing the incorporation of mutual savings banks, defining their powers and duties, and prescribing penalties for violations hereof," approved March 19, 1915, be and the same is hereby amended to read as follows:

Section 11. A mutual savings bank may invest the moneys deposited therein, the sums credited to the guaranty fund thereof and the income derived therefrom in the following property and securities, and no others, and subject to the following restrictions:

First—Public Funds.

(a) The bonds or interest bearing notes or obligations of the United States or those for which
the faith of the United States is pledged to provide for the payment of the interest and principal, including bonds of the District of Columbia.

(b) The bonds or interest bearing obligations of this state issued pursuant to the authority of any law of this state.

(c) The bonds or interest bearing obligations of any other state of the United States upon which there is no default, and upon which there has been no default for more than ninety days: Provided, that within ten years immediately preceding the investment such state has not been in default for more than ninety days in the payment of any part of principal or interest of any debt duly authorized by the legislature of such state to be contracted by such state since January 1st, 1878.

(d) The valid bonds of any city, town, county, school district or port district in the state of Washington issued pursuant to law, and for the payment of which the faith and credit of such municipality, county or district is pledged, or valid warrants of such municipality, county or district drawing interest, and for which payment such municipality, county or district is liable.

(e) Bonds of any incorporated city situated in any other state of the United States: Provided, such city has a population as shown by the Federal census next preceding the investment, of not less than 45,000 inhabitants, and was incorporated as a city at least twenty-five years prior to the making of the investment, and has not since January 1st, 1878, defaulted for more than ninety days in the payment of any part of principal or interest of any bond, note or other indebtedness, or effected any compromise of any kind with the holders thereof. If at any time the indebtedness of any such city, together with the indebtedness of any district (other than local improvement district) or
other municipal corporation or sub-division, except a county, which is wholly or in part included within the bounds or limits of said city, less its water debt and sinking fund, shall exceed seven per centum of the valuation of such city for purposes of taxation, its bonds shall thereafter, and until such indebtedness shall be reduced to seven per centum of such valuation, cease to be an authorized investment of the moneys of mutual savings banks.

(f) Bonds of any commercial waterway district in this state: Provided, the total obligations of such district by bonds, warrants or otherwise do not exceed ten per cent. of the assessed valuation of the lands and improvements within such districts: And provided further, that this authorization does not extend to the thirty per cent. in amount of such bond issue last callable for payment.

(g) Bonds of any local improvement district of any city or town of this state (except bonds for an improvement consisting of grading only) and bonds of any irrigation, diking, drainage, diking improvement or drainage improvement district of this state, unless the total indebtedness of the district after the completion of the improvement for which the bonds are issued, plus the amount of all other assessments of a local or special nature against the land assessed or liable to be assessed to pay the bonds, exceed fifty per cent. of the value of the benefited property, exclusive of improvements, at the time the bonds are purchased or taken by the bank, according to the actual valuation last placed upon the property for general taxation. Before any such bonds are purchased or taken as security the condition of the district's affairs shall be ascertained and the property of the district examined and appraised by at least two trustees who shall report in writing their findings and recommendations; and no bonds shall be taken unless such
report be favorable, nor unless the executive committee of the board of trustees after careful investigation is satisfied of the validity of the bonds and of the validity and sufficiency of the assessment or other means provided for payment thereof: Provided, that no city or town local improvement bonds falling within the twenty-five per cent. in amount of any issue last callable for payment, shall be acquired or taken as security.

Second: The following Bonds of Railroad Corporations.

(a) The mortgage bonds of any railroad corporation incorporated under the laws of the United States or any of the states thereof which actually owns in fee not less than five hundred miles standard gauge railway, exclusive of sidings, within the United States: Provided, that at no time within five years next preceding the date of any such investment such railroad corporation shall have failed regularly and punctually to pay the matured principal and interest of all its mortgaged indebtedness, and in addition thereto regularly and punctually to have paid in dividends to its stockholders during each of said five years, an amount at least equal to four per centum upon all its outstanding capital stock: And provided further, that during said five years the gross earnings in each year from the operation of said company, including therein the gross earnings of all railroads leased and operated or controlled and operated by said company, and also including in said earnings the amount received directly or indirectly by said company from the sale of coal from mines owned or controlled by it, shall not have been less in amount than five times the amount necessary to pay the interest payable during that year upon its entire outstanding indebtedness, and the rentals for said year of all leased lines:
And provided further, that all bonds authorized for investment by this paragraph shall be secured by a mortgage which is at the time of making such investment, or was at the date of the execution of said mortgage (one) a first mortgage upon not less than seventy-five per centum of the railway owned in fee by the company issuing such bonds, exclusive of sidings at the date of such mortgage, or (two) a refunding mortgage issued to retire all prior lien mortgage debts of such company outstanding at the time of such investment and covering at least seventy-five per centum of the railway owned in fee by such company at the date of such mortgage. But no one of the bonds so secured shall be a legal investment in case the mortgage securing the same shall authorize a total issue of bonds which, together with all outstanding prior debts of such company, after deducting therefrom in case of a refunding mortgage the bonds reserved under the provisions of such mortgage to retire prior debts at maturity, shall exceed three times the outstanding capital stock of such company at the time of making such investment. And no mortgage is to be regarded as a refunding mortgage under the provisions of this paragraph unless the bonds which it secures mature at a later date than any bond which it is given to refund, nor unless it covers a mileage at least twenty-five per centum greater than is covered by any one of the prior mortgages so to be refunded.

(b) Any railway mortgage bonds which would be a legal investment under the provisions of paragraph (a) of this sub-division, except for the fact that the railroad corporation issuing such bonds actually owns in fee less than five hundred miles of road: Provided, that during five years next preceding the date of any such investment the gross earnings in each year from the operations of said
corporation, including the gross earnings of all lines leased and operated or controlled and operated by it, shall not have been less than ten hundred thousand dollars ($1,000,000.00).

(c) The mortgage bonds of a railroad corporation described in the foregoing paragraphs (a) or (b) or the mortgage bonds of a railroad owned by such corporation assumed or guaranteed by it by endorsement on such bonds, provided such bonds are prior to and are to be refunded by a general mortgage of such corporation, the bonds secured by which are made a legal investment under the provisions of said paragraph (a) or (b): And provided further, that said general mortgage covers all the real property upon which the mortgage securing such underlying bonds is a lien. Bonds which have been or shall become legal investments for mutual savings banks under any of the provisions of this section shall not be rendered illegal as investments though the property upon which they are secured has been or shall be conveyed to another corporation, if the consolidated or purchasing corporation shall assume the payment of such bonds, and shall continue to pay regularly interest or dividends or both upon the securities issued against, or in exchange for or to acquire the stock of the company consolidated to an amount at least equal to four per centum per annum upon the capital stock (outstanding at the time of such consolidation or purchase) of the corporation which has issued or assumed such bonds. Not more than twenty-five per centum of the assets of any savings bank shall be loaned or invested in railroad bonds, and not more than five per cent. of the assets of any savings bank shall be invested in the bonds of any one railroad corporation. In determining the amount of the assets of any savings bank under the provisions of this sub-division its securities shall be estimated in the

Should any of the securities so held in pledge depreciate in value after the making of such loan, the savings bank shall require an immediate payment of such loan, or of a part thereof, or additional security therefor, so that the amount loaned thereon shall at no time exceed ninety per cent. of the market value of the securities so pledged for such loan.

Fourth—Real Estate Mortgage Loans.

Investments may be made in loans secured by first mortgage on real estate subject to the following restrictions:

In all cases of loans upon real property, a note or bond secured by a mortgage on the real estate upon which the loan is made, together with a complete abstract of title for such real estate signed by the person or corporation furnishing such abstract of title, (which abstract shall be examined by a competent attorney at law, selected by the bank, and his opinion furnished approving the title and showing that the mortgage is a first lien) or a policy of title insurance of a reliable title insurance company authorized to insure titles within this state shall be furnished to the savings bank by the bor-
rrower. The real estate subject to such first mort-
gage must be improved to such extent that the net
annual income thereof, or reasonable annual rental
value thereof in the condition existing at the time
of making the loan, is sufficient to pay the annual
interest accruing on such loan in addition to taxes
and insurance, and all accruing charges and ex-
penses. No loan on real estate shall be for an
amount greater than fifty per cent. of the value of
such real estate including improvements. The mort-
gage shall contain provisions requiring the mort-
gagor to maintain insurance on the buildings on the
mortgaged premises to such reasonable amount as
shall be stipulated in the mortgage, the policy to be
payable in case of loss to the savings bank, and
to be deposited with it. A loan may be made on
real estate which is to be improved by a building
or buildings to be constructed with the proceeds
of such loan, if it is arranged that such proceeds
will be used for that purpose and that when so used
the property will be improved to the extent required
by this section. Not more than seventy-five per
cent. of the assets of any savings bank shall be
invested in mortgage loans. No mortgage loan or
renewal or extension thereof shall be made except
upon written application showing the date, name of
applicant, amount of loan requested, and the secu-
ritv offered, nor except upon the written report of
at least two members of the board of investment of
the bank certifying on such application according to
their best judgment the value of the property to be
mortgaged and recommending the loan, and the ap-
plication and written report thereon shall be filed
and preserved with the savings bank records.
Every mortgage and every assignment of a mort-
gage taken or held by a savings bank shall be taken
and held in its own name, and shall immediately
be recorded in the office of the county auditor of the county in which the mortgaged property is located.

Fifth—Real Estate as follows:

(a) A tract of land whereon there is or may be erected a building or buildings suitable for the convenient transaction of the business of the savings bank, from portions of which not required for its own use a revenue may be derived. The investment in such tract of land to be subject to the conditions prescribed in section 12 of this act.

(b) Such as shall be conveyed to such savings bank in satisfaction of debts previously contracted in the course of its business.

(c) Such as it shall purchase at sales under judgments, decrees or mortgages held by it.

Sixth—Acceptances of the Kind and Character Following:

(a) Bankers' acceptances and bills of exchange of the kind and maturities made eligible by law for rediscount with Federal reserve banks, provided the same are accepted by a bank or trust company incorporated under the laws of this state, or under the laws of the United States.

(b) Bills of exchange drawn by the seller on the purchaser of goods and accepted by such purchaser, of the kind and maturities made eligible by law for rediscount with Federal reserve banks, provided the same are indorsed by a national bank or by a bank or trust company incorporated under the laws of this state. Not more than 20 per cent. of the assets of any mutual savings bank shall be invested in such acceptances. The aggregate amount of the liability of any bank or trust company or of any national bank to any mutual savings bank, whether as principal or indorser, for acceptances held by such savings banks and deposits made with it, shall not exceed 25 per cent. of the paid up
capital and surplus of such bank or trust company or national bank, and not more than 5 per centum of the aggregate amount credited to the depositors of any mutual savings bank shall be invested in the acceptance of or deposited with a bank or trust company or a national bank of which a trustee of such mutual savings bank is a director.

Sec. 2. That section 17 of chapter 175 of the Session Laws of 1915, be amended to read as follows:

Section 17. (1) When the aggregate amount of deposits and dividends to the credit of any individual, including in such aggregate all deposits and dividends credited to him as trustee or beneficiary of any trust and all deposits and dividends credited to him and another or others in either joint or several form, is three thousand dollars ($3,000.00) or more, such aggregate shall not be increased by the receipt from him of any deposit but may be increased to not more than six thousand dollars ($6,000.00) by the crediting of dividends. Additional accounts may, however, be maintained in the name of a parent as trustee for a dependent or minor child, and in the name of a child as trustee for a dependent parent, but not more than two hundred and fifty dollars ($250.00) shall be deposited to any such additional account during any six month period.

(2) When the aggregate amount of deposits and dividends to the credit of any society or corporation is five thousand dollars ($5,000.00) or more, such aggregate shall not be increased by the receipt of any deposit not made pursuant to order of a court of competent jurisdiction, but may be increased to not more than ten thousand dollars ($10,000.00) by the crediting of dividends.

(3) Every such bank may further limit the aggregate amount which an individual or any corpora-
tion or society may have to his or its credit to such sum as such bank may deem expedient to receive; and may in its discretion refuse to receive a deposit, or may at any time return all or any part of any deposits or require the withdrawal of any dividend.

Sec. 3. That section 25 of chapter 175 of the Session Laws of 1915 be amended to read as follows:

Section 25. (1) Every savings bank shall regulate the rate of dividend not to exceed six per cent. per annum upon the amounts to the credit of depositors therewith, in such manner that depositors shall receive as nearly as may be all the earnings of the savings bank after transferring the amount required by section 24 hereof and such further amounts as its trustees may deem it expedient and for the security of the depositors to transfer to the guaranty fund, which to the amount of ten per cent. of the amount due its depositors the trustees shall gradually accumulate and hold. Such trustees may also deduct from its net earnings, and carry as undivided profits for the purpose of maintaining its rate of dividends, such additional sums as they may deem wise.

(2) Every savings bank may classify its depositors according to the character, amount or duration of their dealings with the savings bank, and may regulate the dividends in such manner that each depositor shall receive the same ratable portion of dividends as all others of his class.

(3) Unimpaired contributions to the initial guaranty fund and to the expense fund, made by the incorporators or trustees of such savings bank, shall be entitled to have dividends apportioned thereon, which may be credited and paid to such incorporators or trustees. Whenever the guaranty fund of any such savings bank is sufficiently large to per-
mit the return of such contributions, the contributors may receive dividends thereon not theretofore credited or paid at the same rate paid to depositors.

(4) A savings bank shall not

(a) Declare, credit or pay any dividend except as authorized by a vote of a majority of the board of trustees duly entered upon their minutes, whereon shall be recorded the ayes and nayes upon each vote.

(b) Pay any dividend other than the regular quarterly or semi-annual dividend, or the extra dividend prescribed in sub-division six of this section.

(c) Declare, credit or pay dividends on any amount to the credit of a depositor for a longer period than the same has been credited: Provided, however, that deposits made not later than the tenth business day of the month commencing any semi-annual dividend period or the third business day of any month, or withdrawn upon one of the last three business days of the month ending any quarterly or semi-annual dividend period, may have dividends declared upon them for the whole of the period or month when they were so deposited or withdrawn: And provided further, that, if the by-laws so provide, accounts closed between dividend periods may be credited with dividends at the rate of the last dividend, computing from the first dividend period to the date when closed.

(5) Whenever any dividend shall, except as provided in sub-division six of this section, be declared and credited in excess of profits earned and appearing to the credit of the savings bank since the last declaration of dividends, after making the deduction for expenses, for amortization and for the guaranty fund as provided in sections 16, 24 and 25 hereof, the trustees voting for such dividend shall be jointly and severally liable to such savings
bank for the amount of such excess so declared and credited.

(6) The trustees of any savings bank whose undivided profits and guaranty fund, determined in the manner prescribed in section 23 hereof, amount to more than twenty-five per cent. of the amount due its depositors, shall at least once in three years divide equitably the accumulation beyond such twenty-five per cent. as an extra dividend to depositors in excess of the regular dividend authorized. A notice posted conspicuously in a savings bank of a change in the rate of dividends shall be equivalent to a personal notice.

Sec. 4. That section 42 of chapter 175 of the Session Laws of 1915, be amended to read as follows:

Section 42. The secretary of every such bank shall at least once each year send notice by mail to each depositor who has to his credit a sum in excess of the maximum permitted by section 17 of this act, stating the amount of such excess, and notifying the depositors that such excess will not participate in dividends, and requiring him to reduce the amount so that the same shall not exceed the maximum.

The mine inspector and his deputy shall, before entering upon the discharge of their duties, each take an oath to discharge their duties impartially and with fidelity and to the best of their knowledge and ability.
It shall be the duty of the mine inspector and his deputy to enforce the provisions of this act, for the regulation of mines, unless enforcement is otherwise especially provided for.

Sec. 2. That section 36 of chapter 36 of the Laws of 1917 be amended to read as follows:

Section 36. Every main fan at gaseous mines shall be kept in operation continuously, day and night, unless operations are definitely suspended for a period of one week or more: Provided, that should it at any time become necessary to stop any fan at any mine, gaseous or non-gaseous, on account of accident to part of the machinery connected therewith, or by reason of any other unavoidable cause, it shall be the duty of the mine foreman, or the assistant mine foreman, in charge, after having first provided for the safety of the persons employed in the mine, to order said fan stopped for necessary repairs.

Sec. 3. That section 46 of chapter 36 of the Laws of 1917 be amended to read as follows:

Section 46. It shall be unlawful for the owner, operator or superintendent of any mine, or the agent of such owner, operator or superintendent, to employ any person or persons in such mine, or permit any person or persons to be in such mine for the purpose of working therein, unless there are provided and maintained in connection with and leading from such mine, in addition to the hoisting shaft, slope or other place of delivery not less than two openings or outlets to the surface, or one outlet to the surface and one underground passage leading to a contiguous mine; said openings or outlets to be separated from each other and from such hoisting shaft, slope or other place of delivery, by a stratum of not less than fifty (50) feet in thickness, at and through which openings or outlets safe

In case the operation of the ventilating fan is stopped at a gaseous mine because of the suspension of the operations in the mine, the mine foreman shall not allow the men employed therein to enter the mine until the ventilation has been restored by the operation of the fan for at least twelve hours and the mine has been thoroughly examined by him, or by an assistant mine foreman or fire boss, and reported safe.

PROVISIONS FOR MAINTENANCE OF CHILD BORN OUT OF WEDLOCK.

An Act relating to filiation proceedings, providing for the institution, trial, procedure, and judgment and enforcement thereof, in actions to determine the paternity of a child of an unmarried mother and providing for the maintenance of such child and certain expenses of the mother thereof, and providing for the prosecution and punishment of such person.

Be it enacted by the Legislature of the State of Washington:

SECTION 1. When an unmarried woman shall be pregnant or delivered of a child which shall not be the issue of lawful wedlock, complaint may be made in writing by said unmarried woman, her father, mother or guardian, to any justice of the peace in the county of which she has been a resident for thirty days last past and where she may be so pregnant or delivered, or where the person accused may be found, accusing, under oath, a person with being the father of such child, and it shall be the duty of such justice forthwith to issue a warrant against the person so
accused and cause him to be brought forthwith before such justice.

Sec. 2. Upon the appearance of the accused, it shall be the duty of such justice to examine the woman, if then present, under oath, in the presence of the man alleged to be the father of the child, touching the charge against him, or, if the woman be not then present, to fix a date for such examination not more than ten days thereafter and to require the accused to give a bond with sufficient surety conditioned that he will appear to answer such charge upon such date, or upon any other date to which such examination may be continued; and in default of the giving of such bond such justice shall cause the accused to be committed to the county jail. The accused shall have the right to controvert such charge and evidence may be heard as in the case of trial of civil actions before such justice. If such justice shall be of the opinion that sufficient cause appears, it shall be his duty to bind the person so accused in bond with sufficient surety payable to the state of Washington and conditioned that he will appear in the superior court of such county, at such time or times as the judge thereof may fix or order, to answer such complaint, and abide the judgment and orders of the court; or failing therein, that he will pay such sums of money and to such person as may be adjudged by such court; and the justice shall transmit such bond, together with the transcript of his proceedings, the complaint and the other papers in the case, without delay to the clerk of the superior court of such county. And if the accused shall fail to give a bond as required, such justice shall commit him to jail until discharged by law. Such bond, or any bond given by said accused on any continuance or arrest, may be put in suit by any person in whose favor the court may adjudge any sum of money in such proceeding.
Sec. 3. Such proceeding shall be entitled in the name of the state of Washington, and shall be prosecuted in both justice court and the superior court by the prosecuting attorney of the county where brought, and shall not be dismissed except by such prosecuting attorney upon a showing to the court that the provisions herein contemplated to be made for the maintenance, care, education and support of the child have been made.

Sec. 4. Any person committed to jail for failure to give such bond may be discharged from custody by filing at any time after his commitment, with the clerk of the superior court such bond, to the satisfaction of the said clerk; and a certificate of the clerk to the sheriff shall be sufficient to authorize him to discharge the accused from custody.

Sec. 5. The testimony of the mother, or mother to be, shall be by such justice reduced to writing, read carefully to such witness and be by her signed, and shall, by such justice, be returned to the superior court with the other papers in the proceeding, to be used by either party thereto.

Sec. 6. Upon the filing of the transcript, complaint and other papers in the superior court, the clerk thereof shall docket the same, and said complaint shall stand as the complaint therein, and issue shall be joined thereon as now provided in civil actions.

Sec. 7. If the accused in the superior court denies the charge, the issue may be tried by the court or by jury if demanded by either party.

Sec. 8. If on the trial of the issue joined, the finding or verdict shall be that the child is not the child of the accused, then the judgment of the court shall be that he be discharged: Provided, however, that no court costs shall be required of the com-
plainant for the proceeding before such justice or the superior court.

Sec. 9. In the event the issue be found against the accused, or whenever he shall, in open court, have confessed the truth of the accusation against him, he shall be charged by the order and judgment of the court to pay a sum to be therein specified, during each year of the life of such child, until such child shall have reached the age of sixteen years, for the care, education and support of such child, and shall also be charged thereby to pay the expenses of the mother incurred during her sickness and confinement, together with all costs of the suit, for which costs execution shall issue as in other cases. And the accused shall be required by said court to give bond, with sufficient surety, to be approved by the judge of said court, for the payment of such sums of money as shall be so ordered by said court. Said bond shall be made payable to the people of the state of Washington, and conditioned for the true and faithful payment of such yearly sums, in equal quarterly installments, to the clerk of said court, which said bond shall be filed and preserved by the clerk of said court.

Sec. 10. In addition to the proceedings for enforcing the support of the child heretofore provided for, the accused may be prosecuted in any criminal proceeding now or hereafter to be provided for by the laws of the state of Washington, relating to the support of minor children by parents or other persons upon whom such children may be dependent for care, education or support.

Sec. 11. If the accused shall fail or refuse to give such a bond as may be required by such superior court by virtue of the provisions of section nine, such court shall at any time thereafter, upon application of the mother or guardian, render judgment
against the accused for any sum or sums then due and unpaid under the terms of such order and judgment, and execution thereon shall issue from said court; Provided, That the rendition and collection of judgment as aforesaid shall not be construed to bar or hinder the taking of similar proceedings for the collection of judgment for the nonpayment of any sum or sums becoming due and unpaid thereafter.

Sec. 12. If the accused shall refuse and neglect to give such security as may be ordered by the court, under the provisions of section nine, he shall be committed to the county jail for contempt of court, there to remain until he shall comply with such order, or until otherwise discharged by due course of law. Any person so committed may at any time petition the court for a hearing as to his inability to comply with the order of the court and the court shall thereupon fix a time for the hearing of such petition which hearing shall be not less than ten days after the date of service of said petition on the prosecuting attorney. The prosecuting attorney may however waive the said ten day period in whole or in part. At the hearing the defendant shall be examined on oath in reference to the facts set forth in such petition and his ability to comply with such judgment and order, and any other legal evidence in reference to such matters may be produced by any of the parties interested. If it appears that the defendant is unable to comply with such judgment and order, the court may direct his discharge from custody, upon his making affidavit that he has not in his own name any property, real or personal, and has no such property conveyed or concealed, or in any manner disposed of with design to secure the same to his use or to avoid in any manner compliance with such judgment and order. If upon such hearing it appears that the defendant has property, but
not sufficient to comply with such judgment and order, the court may make such order concerning the same, in connection with such discharge, as justice may require.

Sec. 13. The judgment money, when received by said clerk either by payment by the accused or by execution against the accused or against the sureties, shall be paid to the mother or guardian of such child, if a guardian therefor be appointed, and shall be laid out for the support, care and education of such child in such manner as shall be directed by the court.

Sec. 14. Whenever default shall be made in the payment of the quarterly installments, or any part thereof, specified in the bond provided for in section nine, the superior court of the county wherein such bond is filed shall, at the request of the mother, guardian, or any person interested in the support of such child, issue a citation to the principal or sureties in such bond requiring them to appear on some day in said citation mentioned and show cause, if any there be, why execution should not issue against them for the amount of the installment or installments due and unpaid on said bond. And if the amount due on such installment or installments shall not be paid at or before the time mentioned for showing cause, as aforesaid, such court shall render judgment in favor of the people of the state of Washington, and the complainant or guardian, against the principal and sureties who have been served with such citation for the amount unpaid of the installment or installments on the bond, and the cost of such proceeding, and execution shall issue in due form from said court upon said judgment.

Sec. 15. Such court shall also have the power, in case the accused does not obey the order thereof, and in case of default in the payment when due, of any installment or installments, or any part thereof,
in the conditions of the said bond mentioned, to adjudge the accused guilty of contempt of court by reason of the nonpayment as aforesaid, and order him to be committed to the county jail in such county until the amount of said installment or installments so due shall be fully paid, together with all the costs of such commitment, but the commitment of the accused shall not operate to stay or defeat the obtaining of judgment and collection thereof by execution: Provided, that the rendition and collection of judgment, as aforesaid, shall not be construed to bar or hinder the taking of similar proceedings for the collection of subsequent installments on said bond as they shall become due or remain unpaid. Provided further, that any judgment entered herein may be modified at any time upon proper showing to the court.

Sec. 16. No prosecution under this act shall be brought after two years from the birth of the child: Provided, the time during which any person accused shall be absent from the state shall not be computed.

Sec. 17. The death of the mother shall not abate the proceeding, if the child be living; but a suggestion of record of the fact shall be made, and the testimony of the mother taken in writing before aforesaid justice may be read in evidence by either party, and shall have the same force as though she were living and had testified to the same in court.

Sec. 18. The death of such child shall not cause the abatement or bar to any prosecution hereunder; but the court trying the same, on conviction, shall give judgment for such sum as shall be deemed just.

Sec. 19. If the mother be a suitable person she shall be awarded the custody and control of said child; if she be not a suitable person, the court may deliver the care and custody of said child to any
reputable person, including the accused, charitable or state institution. Such order and judgment may further provide, in the discretion of the court, that the surname of the accused shall henceforth be the lawful surname of such child.

ashington, under the title of architect, shall before assuming the title of architect, secure a certificate of his qualifications to practice under the title of architect, as provided by this act. Any person who shall have been engaged in the practice of architecture under the title of architect before this act takes effect, may secure such certificate in the manner provided by this act. Any person having a certificate pursuant to this act may assume the title architect. No other person shall assume such a title or use any abbreviation thereof, excepting only landscape architects and naval architects, and not excepting these two classes if they combine with their landscape and naval work respectively the planning of buildings and supervision of their erection.

SEC. 2. The governor shall, within ninety days after this act takes effect, appoint a board of three examiners who shall make rules for the examination and registration of candidates for such certificates. SEC. 3. Any citizen of the United States, or any person who has duly declared his or her inten-

The examination shall have special reference to the construction and design of buildings, and a test of knowledge of the candidate of the strength of materials and of his or her ability to make practical application of such knowledge in the ordinary professional work of an architect, and in the duties of a supervisor of mechanical work on buildings, and should also seek to determine his or her knowledge of the laws of sanitation as applied to buildings. The applicant who shall satisfactorily pass such architectural examination as shall be established by the board of examiners, shall be granted a certificate. The board of examiners in lieu of all examinations may accept:

Every person securing such certificates shall file the same with the county clerk of the county in which he resides or maintains a place of business. The governor may revoke any certificate, if such action be recommended by the board of examiners, after thirty days' written notice to the holder thereof and after a hearing before the board of examiners, upon proof that such certificate has been obtained by fraud or
misrepresentation, or upon proof that the holder of such certificate has been guilty of felony in connection with the practice of architecture.

HOUSE CONCURRENT RESOLUTION NO. 22.
ESTABLISHING “AMERICAN INDIAN DAY.”

WHEREAS, Many thousand American Indians, resident in the State of Washington and elsewhere throughout the United States, wish to save from oblivion the record of the glory and shadows of their race and the heroic struggle of their ancestors for the preservation of homes and families, against forces which they had no means of measuring; and earnestly desire now to move forward and acquire all those things that make races and nations more efficient and more noble; to reach out for a larger life, through brotherly love, purposeful action, and constructive service to our common country;

WHEREAS, They avow their hopes and destinies to be inseparably united with those of the people of the United States of America, and with hearts and minds forever loyal to their mother country would serve in their fullest capacity as men and Americans, having as proof of such loyalty sent nine
thousand of their sons to serve in the war with Germany, contributed $2,000,000 to the Red Cross, and invested $50,000,000 in Liberty bonds; and feel that they have established their right to call upon the people of this nation to consider their early philosophy, their love of freedom, their social institutions and their history in the full light of trust and in the balances of justice, in honest comparison with the annals of other races, that there may be gleaned therefrom those traits of nobility which they believe worthy of emulation;

WHEREAS, This purpose will be furthered by the observance of one day in the year by all the citizens of the State of Washington; and

WHEREAS, The most appropriate season for such observance is that period of the Indian summer known in the Indian calendar as the "Hunting Moon," when spring and summer have perfected the year with flowers, fruit and vegetation—the Corn Festival and great Council Ceremony for all the tribes; now, therefore,

Be it resolved by the House of Representatives of the Legislature of the State of Washington, the Senate concurring, that the fourth Saturday in September be nominated "American Indian Day"; and on that day the people of the state are recommended to meet together and, through fitting programs, consider the mutual interest, friendship, and destiny of the white and red races.
