CHAPTER 169.
[S. B. 120.]

REFORESTATION.

An Act relating to the acquirement and designation of lands to be known as state forest lands and to be used for the development and growth of timber, and making an appropriation.

Be it enacted by the Legislature of the State of Washington:

Section 1. The director of conservation and development is authorized to acquire by purchase or gift any lands which, by reason of their location, topography and geological formation, are unsuitable for agricultural development, and are chiefly valuable for the purpose of developing and growing timber, and to designate such lands and any lands of the
same character belonging to the state, as state forest lands: Provided, That not to exceed five dollars per acre shall be paid for any lands purchased under this act: Provided further, That the director is authorized to acquire by purchase at a price not to exceed one dollar per acre, or by gift, any such lands reserving to the vendor or donor all oils, gases, coal, minerals and fossils of every name, kind or description, or either or any of them, which may be in or upon said lands and the right to enter upon said lands for the purpose of prospecting for or opening, developing and working mines thereon and taking and removing therefrom the materials reserved.

Sec. 2. Whenever any lands are designated as state forest lands, the commissioner of public lands shall be notified and shall note such designation upon the records of his office, and shall keep a record describing all of such lands, the date when and how acquired and the price, if any, paid therefor; and thereafter such lands shall be reserved from sale or lease: Provided, however, That the timber on such lands may be sold whenever the director of conservation and development shall notify the commissioner of public lands that such timber is suitable for sale: Provided further, That such lands shall be subject to lease under the laws relating to mineral lands of the state, but under such conditions as shall not interfere with and impair their use as state forest lands.

Sec. 3. The director of conservation and development is authorized to seed and develop forests on any lands designated by him as state forest lands, and shall furnish such care and fire protection for any such lands as he shall deem advisable.

Sec. 4. The commissioner of public lands, supervisor of forestry and the supervisor of geology, shall, on or before the first day of January of each
year, report to the director of conservation and development any logged-off lands or deforested lands belonging to the state or held in private ownership, coming to their knowledge and observation during the preceding year, of the same character as the lands described in section 1 of this act.

Sec. 5. There is hereby appropriated the sum of five thousand dollars, payable out of the reclamation revolving fund of the state, not otherwise appropriated, for the purpose of carrying out the provisions of this act.

Sec. 6. The state forester and fire warden shall exercise all the powers and perform all the duties in this act vested in, and required to be performed by, the director of conservation and development and the supervisor of forests, until such time as such officers shall be appointed, qualify, assume and exercise the duties of their respective offices; and the state geologist shall exercise all the powers and perform all the duties in this act vested in, and required to be performed by, the supervisor of geology, until such time as such officer shall be appointed, qualify, assume and exercise the duties of his office.

Sec. 7. Provided, however, All lands purchased under the provisions of this act shall be classified and designated as "State Granted School Lands."

Passed the Senate March 4, 1921.
Passed the House March 7, 1921.
Approved by the Governor, with the exception of section 7, which is vetoed, March 19, 1921.
