Desire not to become a member of the retirement system, in accordance with the provisions of section 4 of chapter 221, Laws of 1937, and has never cancelled or withdrawn such written declaration not to become a member as provided in said section, shall not be included as a member hereof: Provided, further, That all non-certificated employees of the public schools of the State of Washington, the Colleges of Education, and the schools for correction or special instruction conducted by the State of Washington, who are employed when this act takes effect or employed subsequent thereto may file a written statement declaring their desire not to become members of the retirement system. Such declaration must be filed within one year after this act takes effect, or within one year after a new non-certificated employee becomes employed subsequent to the date this act becomes effective. When such written statement is approved by the Board of Trustees, such non-certificated employee shall thereafter be excluded from membership in the retirement system.

Members who have not served in a public school of the State of Washington or the institutions enumerated in subdivision (20), section 1, prior to the date the law permitting them to become members became operative, shall be Class A members.

Members who were members of a local fund or of the former state fund on the date this law becomes operative shall be Class B members.

All other members shall be Class C members.

A non-certificated employee shall be entitled to prior service credit on the same basis as a Class C teacher who was eligible under a local fund or the former state fund, as provided in paragraph (4), subdivision (b), of section 6; and before such member shall be entitled to retire on a retirement allowance he shall comply with the same requirements as provided in the act for Class C teachers, excepting
the requirements in respect to the character of the service rendered.

Should any member in a period of six (6) consecutive years after last becoming a member, be unemployed as a teacher or non-certificated employee more than five (5) years or should he withdraw his accumulated contribution or should he become a beneficiary, he shall thereupon cease to be a member: Provided, That a member who has served thirty (30) years prior to age sixty (60) and is absent more than five (5) years prior to age sixty (60) may retain his membership by leaving his contributions in the annuity fund: Provided, further, That when membership ceases, for any reason except for retirement, interest on accumulated contributions shall cease: Provided, further, That all unclaimed accumulated contributions of teachers or non-certificated employees whose memberships have ceased shall, after the expiration of ten (10) years thereafter remain in the annuity reserve fund and become an integral part thereof.

Sec. 4. That section 5 of chapter 86 of the Laws of 1939 (section 4995-5 of Remington's Revised Statutes) be amended to read as follows:

Section 5. (1) Under such rules and regulations as the Board of Trustees shall adopt, each teacher or non-certificated employee, upon becoming a member of the retirement system shall file with the Board of Trustees a detailed statement of all services as a teacher or non-certificated employee rendered by him, in this state and elsewhere under the jurisdiction of the government of the United States, prior to becoming a member, together with a statement of such other facts as the board shall require: Provided, That the Board of Trustees may, at the option of a member, accept the service record of a member of a local fund or the former state fund in lieu of such detailed statement, and issue a prior
Military or service certificate to the applicant for such prior service: Provided, further, That any member who serves the United States as a member of its military, naval or air service, or in any capacity under the Federal Defense Service, may receive credit for such service upon presenting satisfactory proof and contributing to the annuity fund, either in a lump sum or installments, such amounts as shall be determined by the Board of Trustees;

(2) Service rendered for the entire school term in any district or public educational institution shall be credited as a year’s service regardless of the length of such school term, but in no case shall more than one (1) year of service be creditable for service rendered in one (1) fiscal year: Provided, That service shall be credited for the fraction of the year served where service has not been rendered throughout the school term: Provided, further, That any service equal to or larger than four-fifths (4/5) of the entire school term shall be credited as a full year;

As soon as practicable after the filing of such statements of service the Board of Trustees shall determine the number of years of service with which an applicant shall be credited under this act, and shall issue a prior service certificate to the applicant for such prior service: However, No credit shall be given for service rendered in a district which was under the jurisdiction of a local fund or the former state fund at the time such service was rendered, unless contributions were made to such local fund or the former state fund, during such time: Provided, however, That credit shall be given as provided under paragraph (4) subdivision (b) of section 6: Provided, further, That not more than ten (10) years of service outside this state shall be credited to a Class A member, and not more than
fifteen (15) years of such service shall be credited to a Class B member, or to a Class C member;

Provided, still further, That any member who leaves the State of Washington after becoming a member of the retirement system may, upon being reemployed in the public schools of this state, be credited with membership service in an amount which, when added to the out-state credit for prior service, shall not exceed the total amount of out-state service credit provided for above: Provided, also, That satisfactory proof of such service rendered elsewhere during the interim period, as a teacher or non-certificated employee, as defined in this act, shall be furnished to the Board of Trustees, and contributions to the annuity fund shall be made for such credit in the same amount, either in a lump sum or in installments approved by the Board of Trustees, as would have been made had the member rendered such service in the State of Washington during the interim period.

Provided, still further, That the Board of Trustees may, at its discretion, allow credit for leave of absence for professional preparation to a member taking such leave of absence subsequent to last becoming a member, upon satisfactory proof of such leave of absence and the payment of contributions to the annuity fund in such an amount, either in a lump sum or in installments approved by the Board of Trustees, as would have been paid had such member been employed regularly in the public schools of this state: Provided, also, That not more than two such leaves of absence may be granted to any member, and not more than one such leave may be granted in any ten-year period of service;

(3) So long as membership continues, a prior service certificate shall be final and conclusive evidence for retirement purposes as to such service: Provided, however, That any member may within
one (1) year of the date of the issuance of modification of such certificate request the Board of Trustees to modify or correct his prior service certificate. When membership ceases, such prior service certificate shall become void. Should membership cease, a teacher or non-certificated employee, when he again becomes a member, shall enter the retirement system as provided in paragraph (3) subdivision (d) of section 6, and shall be entitled to credit for all former creditable service, and his prior service certificate shall again be in full force and effect;

(4) Creditable service of a member at retirement shall consist of the membership service rendered by him for which credit has been allowed, and also, if he has a prior service certificate that is in full force and effect, the amount of the service certified on his prior service certificate.

Sec. 5. That section 6 of chapter 86 of the Laws of 1939 (section 4995-6 of Remington's Revised Statutes) be amended to read as follows:

Section 6. All the assets of the retirement system shall be credited according to the purpose for which they are held to one of five funds, namely, the annuity fund, the pension fund, the pension reserve fund, the disability reserve fund, and the expense fund;

(1) Suitable office quarters shall be provided by the State of Washington for the operation of the retirement system; such office to be located at the state capital;

(2) It shall be the duty of the Board of Trustees at its regular meeting in July of each year preceding the regular session of the Legislature to prepare an estimate of the total disbursements from the pension fund of the retirement system for the period included in the ensuing biennium beginning on April first following the date of the submission of
said report. Said estimate shall include payments for retirement pensions as provided for herein, also all disbursements provided for in subsection (7) of section 7 as herein set forth, and an amount calculated upon accepted tables for the purpose of establishing and maintaining a pension reserve fund as provided in subsection (17a) of section 1, above. The secretary of the board shall submit all of the same to the Governor with a showing of the total amount needed for the biennium to insure the full satisfaction of the aforesaid awards and compensations. Said amount shall be appropriated by the Legislature to the pension fund of the retirement system. After this appropriation has been made to the pension fund of the retirement system, the Board of Trustees shall transfer to the pension reserve fund the amount provided for such transfer.

(3) (a) The annuity fund shall be the fund in which shall be accumulated the contributions from the compensation of members to provide for their annuities. Upon the basis of such tables as the Board of Trustees shall adopt, and regular interest, the actuary of the retirement system shall determine the proportion of the compensation of a member whose salary every year from the time said member began service under the provisions of this act to age sixty (60) years is twelve hundred dollars ($1,200), which, when deducted from each payment of his prospective earnable compensation prior to the attainment of age sixty (60) and accumulated with regular interest until his attainment of such age shall be computed to provide at that time an annuity of twenty-five dollars ($25) per month for the remainder of his life; such proportion shall be the basis of contribution of all members regardless of salary.

(b) It shall be the duty of the County Superintendent of Schools of each county in the state, the
City Superintendent of each district of the first class and any other employer in the state, on or before the first day of September of each year, to file with the Board of Trustees of the retirement system a notice in writing on forms provided for that purpose, stating the number of the district or the name of the institution or department of the state or county, the full name of each qualified teacher and non-certificated employee employed in each district in his county or city or institution or department, the address of each teacher or non-certificated employee, the date when the employment begins, the number of contracted months, the length of the regular school term, and the annual salary of each employee; and each employer shall report to the Board of Trustees on the fifth day of each succeeding month during the school year, any change in the personnel under his employ; and shall notify each employee in writing of the provisions of this act with reference to membership in the retirement system and that an application for credit for former or prior service, on a form to be furnished for that purpose, may be filed with the Board of Trustees of the retirement system;

The Board of Trustees, at such intervals as they may determine, shall certify to the County Auditor or other officer authorized to issue salary warrants to teachers and non-certificated employees, the rate or amount of each member's contribution to the annuity fund, and such officer shall cause to be deducted from the salary of each member of the retirement system the rate or amount so certified at the designated intervals: Provided, That not more than eight per cent (8%) of the annual earnable compensation of a member may be deducted for the annuity fund: Provided, further, That any member who shall accept the actuarial equivalent in lieu of the full amount provided in the last proviso of
section 8, paragraph (1), subdivision (a), shall have his rate of deduction reduced to 5% of his annual earnable compensation.

It shall be the duty of the officer authorized to issue salary warrants to teachers or non-certificated employees, on or before the tenth day of such months as are designated by the Board of Trustees to be deduction months, to draw warrants payable out of the appropriate funds in favor of the State Treasurer, covering the amounts of deductions made from the salaries of members of the retirement system and forthwith remit said warrants to the Board of Trustees of the retirement system, accompanied by a report giving the names of the members from whose salaries deductions have been made, the amount of each deduction, the total amount of each warrant, and the number and date of each warrant. Such warrants shall be registered in the office of the state teachers retirement system and forthwith remitted to the State Treasurer, together with a detailed report segregating cash and registered warrants. Upon the presentation of such warrants the State Treasurer and County Treasurer shall transfer the amount thereof from the appropriate funds of the state, county and several districts to the State Treasurer, who shall place the amounts so received to the credit of the retirement system, and shall, by order of the Board of Trustees, disburse the same upon warrants issued and signed by the State Auditor;

(c) The deductions provided for herein shall be made notwithstanding that the minimum compensation provided for by law for any member shall be reduced thereby. Every member shall be deemed to consent and agree to the deductions made as provided herein, and shall receipt for his full compensation, and payment of salaries or compensation, less said deduction, shall be a full and complete dis-

charge and acquittance of all claims and demands whatsoever for the services rendered by such member during the period covered by such payment, except as to the benefits provided under this act. Upon receiving the report of deductions each of said amounts shall be paid into said annuity fund and shall be credited to the individual account of the member from whose compensation said deductions were made: Provided, That at the close of each fiscal year pro rata deductions on account of the expense fund shall be made from the annuity contributions of each member, in accordance with paragraph (10), section 7. At the same time the Board of Trustees shall allow regular interest on each member’s balance in the annuity fund at the beginning of the last fiscal year: Provided, further, That no interest shall be allowed on any accumulated contributions withdrawn during that fiscal year;

(d) In addition to the contributions deducted from compensation as hereinbefore provided, a member who re-enters the retirement system, and who previously withdrew his accumulated contributions shall redeposit in the annuity fund by a single payment, or by an increased rate of contribution in such amounts as shall be approved by the board, an amount equal to the amount which he previously withdrew therefrom, and regular interest before he shall be restored to his former status;

(4) (a) The pension fund shall be the fund in which shall be deposited the appropriations made by the Legislature for the purpose of creating, establishing and maintaining a fund from which pensions may be paid to members of the retirement system in accordance with the terms and provisions of this act and in the manner set out herein, and all gifts and bequests intended for the benefit of such pension fund, and any other funds hereinafter set over to
the pension fund and contributions from members as provided in this act;

(b) Any person entering the retirement system as a Class C member under the provisions of section 4, who wishes credit for prior service as provided in section 5, shall pay to the pension fund the contributions accumulated at four per cent (4%) compound interest, which he would have paid on account of service as a teacher or non-certificated employee rendered prior to the establishment of the retirement system had he been a member of a local fund or of the former state fund from his first date of eligibility for membership in either a local fund or the former state fund, with full credit for all former service. Any Class C member who complies with the foregoing requirements shall have all the rights and privileges of a Class B member. Any Class B member who was a member of a local fund or the former state fund who desires credit for service rendered as a teacher or non-certificated employee for which no credit has been given in the said local or former state fund, shall pay to the pension fund the contributions with four per cent (4%) compound interest which he would have paid to the local fund or the former state fund on account of such service had such service been credited: Provided, That the Board of Trustees shall transfer the same proportion of such payments to the individual account of the member in the annuity fund as would have been transferred to his account if he had made such payments as regular contributions to a local fund or the former state fund. Amounts payable under this paragraph shall be made in a lump sum or in such installments as shall be approved by the Board of Trustees with the provision that the initial payment made at the time of application for prior service credits shall be at least equal to the amount of the interest due on the prior service contribu-
tions and that any unpaid installments at the time the member or his estate or other legal representa-
tive may become eligible for any benefit shall con-
stitute a first, prior and paramount lien against the
benefit: Provided further, That any Class A mem-
ber who wishes credit for prior service shall pay to
the pension fund the contributions with four per-
cent (4%) compound interest which he would have
paid to the former State Teachers' Retirement Fund
of Washington, had he been a member of said fund
when said service was rendered;

(5) The disability reserve fund shall be the
fund in which shall be accumulated the contribu-
tions from the compensation of members to provide
for their disability allowances. Upon the basis of
such tables as the Board of Trustees shall adopt,
and regular interest, the actuary of the retirement
system shall determine for each member the propor-
tion of compensation which, when deducted from
each payment of his prospective earnable compen-
sation for that year, will provide for a disability
allowance as provided in section 8 to all members
of the retirement system who shall become disabled
as defined in this act during that year. The Board
of Trustees shall cause to be made at the same time
and in the same manner and in addition to deduc-
tions made as provided in subdivision (b) of para-
graph (3) of this section, deductions on account
of the disability reserve fund, and when so made
they shall be placed in the disability reserve fund:
Provided, That no deduction shall be made for the
disability reserve fund from the salary of a mem-
ber who has thirty (30) years or more of creditable
service and has attained age sixty (60) years.

(6) The expense fund shall be the fund from
which shall be paid all necessary expenses incurred
in the operation of the retirement system.
SEC. 6. That section 7 of chapter 86 of the Laws of 1939 (section 4995-7 of Remington's Revised Statutes) be amended to read as follows:

Section 7. (1) The Board of Trustees shall hold regular meetings on the first Monday of January, April, July and October of each year, and may hold as many other meetings as may be found necessary to properly transact the business of the retirement system. Special meetings may be called by the chairman of the board either on his own initiative or at the request in writing of four (4) other members of the Board of Trustees. At each regular meeting the Board of Trustees shall authorize payment of retirement allowances, disability allowances, salaries and other regular disbursements to be made during the succeeding three (3) months. At the first regular meeting in each fiscal year, the board shall designate two (2) of its members whose signatures shall appear upon its vouchers; as provided in paragraph (3) of this section. Retirement allowances shall be paid quarterly, and disability allowances shall be paid monthly;

(2) The Board of Trustees at the close of each fiscal year shall allow regular interest on the balance at the beginning of the current fiscal year in each of the funds with the exception of the expense fund and the pension fund. The amounts so allowed shall be payable from interest and other earnings on the monies of the retirement system.

(3) The Treasurer of the State of Washington shall be the custodian for all monies received by him for the retirement system. All payments from the several funds of the retirement system shall be made only upon vouchers signed by two (2) members of the Board of Trustees, as provided in paragraph (1) of this section. A duly attested copy of a resolution by the Board of Trustees designating such members and bearing on its face speci-
men signatures of such members shall be filed with the State Auditor as his authority for issuing warrants upon such vouchers. No voucher shall be drawn unless it has previously been authorized by resolutions of the Board of Trustees;

(5) Except as otherwise herein provided, no trustee and no employee of the Board of Trustees shall have any direct interest in the gain or profits of any investment made by the Board of Trustees. No trustee or employee of the board shall, directly or indirectly for himself or as an agent in any manner use any of the assets of the retirement system, except to make such current and necessary payments as are authorized by the Board of Trustees; nor shall any trustee or employee of the Board of Trustees become an endorser or surety, or in any manner an obligor for monies loaned or borrowed from the Board of Trustees;

(6) When this law becomes operative the Board of Trustees shall transfer the assets of each of the local funds and the assets of the former state fund to the annuity fund of the retirement system.
