Passed the House March 22, 1955.

[ 1799 ]
Approved by the Governor April 4, 1955, with the exception of certain items which are vetoed.

Note: Excerpt of Governor's veto message reads as follows:

"I disapprove and veto the item 'FOR THE STATE COLLEGE OF WASHINGTON: Main Experiment Station, Pullman and Walla Walla; Reconstruction of building destroyed by fire $17,150.00' for the reason that I am advised by the authorities of the State College that this appropriation is unnecessary, as other provisions have been made for the replacement of this building.

"I disapprove and veto the item 'BillDrafting Services for the Session of the Thirty-Fifth Legislature: Salaries, Wages and Operations $26,320.00' for the reason that increased appropriations for legislative expense, previously approved, amply provide for any bill drafting service that will be needed in advance of the next session of the Legislature.

"I disapprove and veto the item 'FOR THE STATE BOARD OF EDUCATION: To carry out the provisions of Substitute House Bill No. 298, relating to school district reorganization $43,000.00' for the reason that increased appropriations to the State Board of Education are ample to cover the duties imposed by Substitute House Bill No. 298.

"With the exception of the foregoing items, which are vetoed, the remainder of Senate Bill No. 3 is approved."
