Ballots in order to be counted shall be received by the executive secretary not later than the second Monday in June. (2): Any employee representative of the retirement board who fails to attend the scheduled meetings of the retirement board for three consecutive months or longer, without valid excuse, shall be considered as having resigned from board membership and the retirement board shall declare his office vacated as of the adoption of a proper resolution, and proceed to fill the vacancy as herein provided.

At least once in each five year period, the retirement board shall cause an actuarial investigation to be made into the mortality, service, compensation, and other experience of the members and beneficiaries of the retirement system. Upon the basis of such actuarial investigation the retirement board shall adopt from time to time such tables as are deemed necessary for the proper operation and funding of the retirement system and for making effective the provisions of this chapter.

(2) A basic service pension of one hundred dollars per annum; and

(3) A membership service pension, subject to the provisions of subdivision (5) of this section, which shall be equal to one one-hundred twentieth of his average final compensation for each year or fraction of a year of membership service credited to his service account; and

(4) A prior service pension which shall be equal to one-seventieth of his average final compensation for each year or fraction of a year of prior service not to exceed thirty years credited to his service accounts. In no event shall any original member upon retirement at age seventy with ten or more years of service credit receive less than nine hundred dollars per annum as a retirement allowance, nor shall any member upon retirement at any age receive a retirement allowance of less than seven hundred twenty dollars per annum if such member has fifteen or more years of service credit, or less than eight hundred forty dollars per annum if such member has twenty or more years of service credit, or less than nine hundred sixty dollars per annum if such member has twenty-five or more years of service credit, or less than one thousand and eighty dollars per annum if such member has more than thirty years of service credit. In the event that the retirement allowance as to such member provided by subdivisions (1), (2), (3), and (4) hereof shall amount to less than
the aforesaid minimum retirement allowance, the basic service pension of the member shall be increased from one hundred dollars to a sum sufficient to make a retirement allowance of the applicable minimum amount.

(5) To be eligible to receive the annuity portion derived from the member's accumulated contributions under subdivision (1) and the pension portions provided by the employer under subdivisions (2) and (3) of this section, a new member must have at least five years of membership service credited to his service account, unless he becomes eligible for benefits provided for herein under RCW 41.40.200, 41.40.210 and 41.40.220.

Retirement allowances paid to members eligible to retire under any other provisions of this chapter shall accrue from the first day of a calendar month but in no event earlier than the first day of the calendar month immediately following the calendar month during which the member is separated from service.

SEC. 7. Section 23, chapter 274, Laws of 1947, as last amended by section 12, chapter 200, Laws of 1953, and RCW 41.40.220 are each amended to read as follows:

Upon retirement for disability, as provided in RCW 41.40.200, a member who has not attained age sixty shall receive the following benefits, subject to the provisions of RCW 41.40.310 and 41.40.320:

41.40.310. The disability retirement pension provided by the employer shall not exceed twenty-four hundred dollars per annum, and

(2) Upon attainment of age sixty, the disabled member shall receive a pension, as provided for in RCW 41.40.190, subdivisions (2), (3), and (4), together with an annuity which shall be the equivalent of the annuity he would have received had he continued contributions to the employees' savings fund; said contributions to be based upon his final compensation at the time of his disability.

(3) During the period a disabled member is receiving a disability pension, as provided for in subdivision (1) of this section, his contributions to the employees' savings fund shall be suspended and his balance in the employees' savings fund, standing to his credit as of the date his disability pension is to begin, shall remain in the employees' savings fund: Provided, That if the disabled member should die before attaining age sixty, while a disability beneficiary, upon receipt by the retirement board of proper proof of death, his accumulated contributions standing to his credit in the employees' savings fund, shall be paid to such person or persons, having an insurable interest in his life, as he shall have nominated by written designation duly executed and filed with the retirement board: Provided, however, That if there be no such designated person or persons still living at the time of the member's death, his accumulated contributions standing to his credit in the employees' savings fund shall be paid to his surviving spouse as if in fact such spouse had been nominated by written designation as aforesaid, or if there be no such surviving spouse, then to his legal representative.

Sec. 8. Section 26, chapter 274, Laws of 1947, as amended by section 13, chapter 200, Laws of 1953,
and RCW 41.40.250 are each amended to read as follows:

Upon attaining age sixty he shall receive a service retirement allowance as provided for in RCW 41.40.190 except that the annuity portion thereof shall consist of a continuation of the cash refund annuity previously provided to him. His disability retirement allowance prior to age sixty shall consist of:

(1) A cash refund annuity which shall be the actuarial equivalent of his accumulated contributions at the time of his retirement; and

(2) A pension, in addition to the annuity, equal to one one-hundred twentieth of his average final compensation for each year of service. The pension provided by the employer under this paragraph shall not exceed fifteen hundred dollars per annum; and the total disability retirement allowance, consisting of subdivisions (1) and (2) of this section, shall not exceed eighteen hundred dollars per annum, or one-half of the retiring member's average final compensation whichever is the smaller. If the recipient of a retirement allowance under this section shall die before the total of the annuity portions of the retirement allowance paid to him equals the amount of his accumulated contributions at the date of retirement, then the balance shall be paid to such person or persons having an insurable interest in his life as he shall have nominated by written designation duly executed and filed with the retirement board, or if there be no such designated person or persons, still living at the time of his death, then to his surviving spouse, or if there be neither such designated person or persons still living at the time of his death nor a surviving spouse, then to his legal representatives.
RCW 41.40.270 amended.

Sec. 9. Section 28, chapter 274, Laws of 1947, as last amended by section 1, chapter 201, Laws of 1953 and by section 14, chapter 200, Laws of 1953, and RCW 41.40.270 are each amended to read as follows:

Should a member die before the date of his retirement the amount of the accumulated contributions standing to his credit in the employees' savings fund, at the time of his death, shall be paid to such person or persons, having an insurable interest in his life, as he shall have nominated by written designation duly executed and filed with the retirement board: Provided, That if there be no such designated person or persons still living at the time of the member's death, his accumulated contributions standing to his credit in the employees' savings fund shall be paid to his surviving spouse as if in fact such spouse had been nominated by written designation as aforesaid, or if there be no such surviving spouse, then to his legal representatives: Provided, however, That this section, unless elected, shall not apply to any member who shall have heretofore died or who shall hereafter die while still in service at an attained age of seventy years or more, or at an attained age of sixty years but less than seventy years having fifteen or more years of total service or ten or more years of membership service, or at any age having thirty or more years total service, all as provided for in RCW 41.40.290 when said member has elected option II or has a surviving spouse.

RCW 41.40.290 amended.

Optional allowances.

Sec. 10. Section 30, chapter 274, Laws of 1947, as last amended by section 6, chapter 277, Laws of 1955, and RCW 41.40.290 are each amended to read as follows:

Except as provided by RCW 41.40.250, any member may elect, in accordance with the provisions of this section and in lieu of a regular retirement allowance payable throughout life with termination at death, to receive as an optional retirement allowance
the actuarial equivalent, at the time of his retire-
ment, of his regular retirement allowance in accord-
ance with the provisions of options I, II, and III, as
hereinafter set forth. No election of an optional
retirement allowance shall be effective in case the
member making such election dies before his actual
retirement date: Provided, That any option selected
in writing by any member who shall have heretofore
died or who shall hereafter die while still in service
at an attained age of seventy years or more shall
be effective and in any such case if no such option
shall have been selected, then option II shall auto-
matically be given effect as if in fact selected for the
benefit of the surviving spouse, unless such spouse
is entitled to take payment under RCW 41.40.270 and
elects to do so: Provided, however, That any member
who shall hereafter die while still in service at an
attained age of sixty years but less than seventy
years and who has fifteen or more years of total
service or ten or more years of membership service,
or who has thirty or more years of total service re-
gardless of age shall have option II automatically
given effect as if in fact selected for the benefit of
the surviving spouse, unless such spouse is entitled
to take payment under RCW 41.40.270 and elects to
do so.

Option I. If he dies before the total of the annuity
portions of the retirement allowance paid to him
equals the amount of his accumulated contributions
at the time of retirement, then the balance shall be
paid to such person or persons having an insurable
interest in his life, as he shall have nominated by
written designation duly executed and filed with the
retirement board, or if there be no such designated
person or persons, still living at the time of his death,
then to his surviving spouse, or if there be neither
such designated person or persons still living at the
time of his death nor a surviving spouse, then to his
legal representatives; or
Option II. Upon his death his reduced retirement allowance shall be continued throughout the life of and paid to such person, having an insurable interest in his life, as he shall have nominated by written designation duly executed and filed with the retirement board at the time of his retirement; or

Option III. Upon his death, one-half of his reduced retirement allowance shall be continued throughout the life of and paid to such person, having an insurable interest in his life, as he shall have nominated by written designation duly executed and filed with the retirement board at the time of his retirement.

SEC. 11. Section 4, chapter 231, Laws of 1957 and RCW 41.40.361 are each amended to read as follows:

(1) For the purpose of this section, the “fundable employer liability” at any date shall be the present value of

(a) all future pension benefits payable in respect of all members in the retirement system at that date, and

(b) all future benefits in respect of beneficiaries then receiving retirement allowances or pensions.

(2) The contributions by the employer for benefits under the retirement system shall consist of the sum of a percentage of the compensation of members to be known as the “normal contribution”, a percentage of such compensation to be known as the “unfunded liability contribution” and in the case of employers admitted to the retirement system after April 1, 1949, a percentage of such compensation to be known as the “additional contribution”. The rates of such contributions shall be determined by the retirement board on the basis of assets and liabilities as shown by actuarial valuation: Provided, That as to state employers the total combined contributions of the normal contribution and unfunded liability contribution shall not exceed a total combined
percentage rate of six percent for each employer unless authorized by the legislature.

(3) After the completion of each actuarial valuation subsequent to the first actuarial valuation of June 30, 1953, the retirement board shall determine the normal contribution rate and such contribution rate shall become effective in the ensuing biennium. Until the unfunded liability contribution shall have been discontinued, such normal contribution rate shall be computed to be sufficient, when applied to the present value of the future compensation of the average new member entering the system, to provide for the payment of all prospective pension benefits in respect of such member. After the unfunded liability contributions have been discontinued, such normal contribution rate shall be determined as the uniform and constant percentage of the prospective compensation of all members of the retirement system at the date of such valuation which is equivalent to the excess of the fundable employer liability over the amount of funds currently standing to the credit of the benefit account fund.

(4) After the completion of each actuarial valuation subsequent to the first actuarial valuation of June 30, 1953, the retirement board shall determine the unfunded liability contribution, and such rate shall become effective in the ensuing biennium. The unfunded liability contribution rate shall not be less than that percentage of annual compensation of all members in the retirement system at the date of such subsequent valuation which is equivalent to four percent of the unfunded liability of the system. The unfunded liability shall be determined at such date as the excess of the fundable employer liability over the sum of the present value of the future normal contributions payable in respect of all members in the retirement system at that date, and the amount of all funds currently standing to the credit of the benefit account fund. The unfunded liability
contributions shall continue until there remains no unfunded liability.

(5) Any employer admitted to the retirement system after April 1, 1949, shall make an additional contribution at a rate equal to not less than twenty-five percent of the sum of the normal contribution rate and the unfunded liability contribution rate until such time as the sum of such additional contributions equals the amount of contributions which such employer would have been required to contribute between April 1, 1949, and the date of such employer's admission to the retirement system: Provided, All additional contributions hereunder and under the provisions of RCW 41.40.160 (2) must be completed within ten years from the date of the employer's admission.

Sec. 12. Section 38, chapter 274, Laws of 1947, as amended by section 26, chapter 240, Laws of 1949, and RCW 41.40.370 are each amended to read as follows:

(1) The retirement board shall ascertain and report to each employer the amount it shall provide for pension benefits for the ensuing biennium or fiscal year whichever is applicable to the said employer's operations. The amount to be so provided shall be computed by applying the rates of contribution as established by RCW 41.40.361 to an estimate of the total compensation earnable of all the said employer's members during the period for which provision is to be made.

(2) Beginning April 1, 1949, the amount to be collected as the employer's contribution for pension benefits shall be computed by applying the rates established by RCW 41.40.361 to the total compensation earnable of employer's members as shown on the current payrolls of the said employer. The retirement board shall bill each said employer at the end of each month for the amount due for that
SESSION LAWS, 1961.

month and the same shall be paid as are its other obligations: Provided, That the retirement board may, at its discretion, establish a system of billing based upon calendar year quarters in which event the said billing shall be at the end of each such quarter and shall be based upon the employer's payrolls for that quarter.

Sec. 13. Section 43, chapter 274, Laws of 1947, as last amended by section 19, chapter 200, Laws of 1953, and RCW 41.40.410 are each amended to read as follows:

The employees and appointive and elective officials of any political subdivision of the state may become members of the retirement system by the approval of the local legislative authority. Each such political subdivision becoming an employer under the meaning of this chapter shall make contributions to the funds of the retirement system as provided in RCW 41.40.030, 41.40.360 and 41.40.370 and its employees shall contribute to the employees' savings fund at the rate established under the provisions of RCW 41.40.330. Approved by the Governor March 21, 1961, with the exception of Section 5, which is vetoed.

NOTE: Excerpt of Governor's veto message reads as follows:

"This bill is approved with the exception of section 5 which is vetoed.

"Section 5 in the original form of the bill contained several amendments to RCW 41.40.070. However, the Senate during the passage of this bill, struck each and every one of the amendments contained in the original bill so that in its final form, section 5 as passed by both Houses of the Legislature, restores the original language contained in RCW 41.40.070.

"Senate Bill No. 288 amends the identical section; to wit: RCW 41.40.070 by allowing the State Employees' Retirement System Board to invest retirement funds in motor vehicle fund warrants which are issued to pay the costs of acquisition of real property and property rights necessary for the improvement of the State highway system. By allowing retirement funds to be invested in such warrants, the Highway Commission is enabled to acquire right of ways up to six years prior to construction. Such allowance of prior acquisition will result in substantial savings to the State."
SESSION LAWS, 1961. [Ch. 292.

"In order to make sure that the provisions contained in section 9 of Senate Bill No. 288 shall prevail, it is necessary to veto section 5 of this bill.

"For reasons indicated, section 5 is vetoed, and the remainder of the bill is approved."
