Revenue bonds and interest thereon issued

against such fund shall be a valid claim of the holder thereof only as against the fund and the proportion or amount of the revenue pledged thereto, but shall constitute a prior charge over all other charges or claims whatsoever against the fund and the proportion or amount of the revenues pledged thereto. Each revenue bond shall state on its face that it is payable from a special fund, naming the fund and the resolution creating it.

43.21.330 ————Resolution authorizing issuance of bonds, contents, covenants. The resolution of the state finance committee authorizing the issuance of revenue bonds shall specify the title of the bonds as determined by the state finance committee, and may contain covenants by the committee to protect and safeguard the security and the rights of the holders thereof, including covenants as to, among other things:

(1) The purpose or purposes to which the proceeds of the sale of the revenue bonds may be applied and the use and disposition thereof;

(2) The use and disposition of the gross revenue of the steam electric utility and any additions or betterments thereto or extensions thereof, the cost of which is to be defrayed with such proceeds, including the creation and maintenance of funds for working capital to be used in the operation of the steam electric utility and for renewals and replacements thereof;

(3) The amount, if any, of additional revenue bonds payable from such fund which may be issued and the terms and conditions on which such additional revenue bonds or warrants may be issued;

highest and best bidder after such advertising for bids as the state finance committee may deem proper. The aggregate interest cost to maturity of the money received for such an issue shall not exceed six percent per annum.

43.21.350 ————Examination, registration of bonds by state auditor—Defects, irregularities. Prior to the issuance and delivery of any revenue bonds, such bonds and a certified copy of the resolution authorizing them shall be delivered to the state auditor together with any additional information that he may require. When the bonds have been examined they shall be registered by the auditor in books to be kept by him for that purpose, and a certificate of registration shall be endorsed upon each bond and signed by the auditor or a deputy appointed by him for the purpose. The bonds shall then be prima facie valid and binding obligations of the state finance committee in accordance with their terms, notwithstanding any defects or irregularities in the authorization and issuance of the bonds, or in the sale, execution or delivery thereof.

43.21.360 ————Rates or charges. When revenue bonds are outstanding the director of conservation shall establish, maintain, and collect rates or charges for electric power and energy, and other services, facilities and commodities sold and supplied by the director of conservation which shall be fair and nondiscriminatory and adequate to provide revenue sufficient to pay the principal or interest on revenue bonds outstanding, and all payments which the director of conservation is obligated to make to the state treasurer for deposit in any special fund or funds created for such purpose, and for the proper operation and maintenance of the utility and all necessary repairs, replacements and renewals thereof.

43.21.370 ————Refunding revenue bonds. When the state finance committee has outstanding revenue bonds, the state finance committee, with the concurrence of the director of conservation, may by resolution provide for the issuance of refunding revenue bonds with which to refund the outstanding revenue bonds, or any part thereof at maturity, or before maturity if they are by their terms or by other agreement, subject to call for prior redemption, with the right in the state finance committee to combine various series and issues of the outstanding revenue bonds by a single issue of refunding revenue bonds. The refunding bonds shall be payable only out of a special fund created out of the gross revenue of the steam electric utility, and shall only be a valid claim as against such special fund and the amount or proportion of the revenue of

the utility pledged to said fund. The rate of interest on refunding revenue bonds shall not exceed the rate of interest on revenue bonds refunded thereby. The state finance committee may exchange the refunding revenue bonds for the revenue bonds which are being refunded, or it may sell them in such manner as it deems for its best interest. Except as specifically provided in this section, the refunding revenue bonds shall be issued in accordance with the provisions contained in RCW 43.21.250 through 43.21.410 with respect to revenue bonds.

The provisions of RCW 43.21.250 through 43.21.410 and any resolution providing for the issuance of revenue bonds shall constitute a contract with the holder or holders from time to time of the revenue bonds of the state finance committee. Such provisions of RCW 43.21.250 through 43.21.410 and of any such resolution shall be enforceable by any such bondholders by appropriate action in any court of competent jurisdiction.

43.21.400 ———Bonds are legal security, investment, negotiable. All revenue bonds issued hereunder shall be legal securities, which may be used by a bank or trust company for deposit with the state treasurer, or by a county or city or town treasurer, as security for deposits in lieu of a surety bond under any law relating to deposits of public moneys. They shall constitute legal investments for trustees and other fiduciaries other than corporations doing a trust business in this state, and for savings and loan associations, banks and insurance companies doing business in this state. All revenue bonds and all coupons appertaining thereto shall be negotiable instruments within the meaning and for all purposes of the negotiable instruments law.

Provisions Relating to World Fair

43.31.500 Declaration of purpose. The department of commerce and economic development has been created to accelerate the orderly growth of the economy of the state and to increase its commerce and the economic well-being of its citizens. The Alaska-Yukon-Pacific Exposition held in Seattle in 1909 did much to foster the development of the state to the position of eminence which it now enjoys. In the nearly half a century which has elapsed since the Alaska-Yukon-Pacific Exposition, this state has progressed markedly in agriculture, trade, and manufacturing, and the University of Washington on whose site the exposition was held has become one of the great universities of the world. It is therefore fitting that another exposition be held in the state of Washington and that the department of commerce and economic development be authorized to acquire a site and buildings, equipment and appurtenances thereto, suitable for an exposition and for other state purposes, and that the department, with the approval of the commission, be authorized to program, promote and produce a world fair

or exposition that will be of economic benefit to the state and all of its citizens.

The department shall cooperate with the world fair commission to the end that the exposition to be conducted by the world fair commission shall become a memorable success.

43.31.510 Acquisition and development of site and buildings declared state purpose. The acquisition and development of a site and the purchase, construction, or acquisition by any lawful means of buildings, equipment and appurtenances therefor, suitable for use for a world fair or exposition and for the future use by the state in promoting and fostering its commerce and economic development, and the construction of any structures necessary for the development of exhibits and the programming, promotion and successful production of the world fair or exposition is declared to be a state purpose.

The department of commerce and economic development is authorized and directed, in the furtherance of the purposes for which it was created, and in furtherance of the purposes of RCW 43.31.500 through 43.31.640, and the provisions of this act [1961 c 152; 1957 c 174], to acquire a site in the city of Seattle in the vicinity of the civic center and to develop the same and to construct or otherwise acquire buildings or any other necessary structures together with such furnishings, equipment and appurtenances as may be required, for use for a world fair or exposition and for such use thereafter as shall promote and foster the commerce and economic development of this state.

The department, with the authorization of the world fair commission, is further directed to undertake such activities as are deemed necessary to effectuate the purposes of this act [1961 c 152; 1957 c 174], to the end that a successful world fair or exposition is produced.

The department is further authorized to make all necessary plans and surveys for such acquisition and construction, and any such plans shall be subject to the approval of the world fair commission.

43.31.525 Department authorized to dispose of property—Approval of world fair commission—Consideration—Deposit of proceeds. The department of commerce and economic development, with the approval of the commission, is authorized to sell or otherwise dispose of any property acquired or constructed by it under

the provisions of RCW 43.31.500 through 43.31.640: *Provided*, That the sale price, or valuable consideration to be received with or without interest, shall not be less than one hundred percent of the purchase price of the real property acquired by the state for fair purposes and fifty percent of the construction cost of the principal state building constructed for world fair or exposition use by the department: *Provided further*, That proceeds of the sale as herein provided shall be deposited in the world fair bond redemption fund created under the provisions of RCW 43.31.620.

43.31.530 Department to cooperate with governmental agencies—Eminent domain. The department is enjoined to cooperate in all respects with the world fair commission, with the city of Seattle and with other departments, agencies, political subdivisions and municipal corporations of this state. The department and the world fair commission may cooperate with the government of the United States and with the governments or agencies of other states or foreign countries, or their lesser subdivisions to the extent required to secure their participation in the world fair or in the future uses of the site and buildings.

In furtherance of the purposes of RCW 43.31.500 through 43.31.640 the department may exercise the right of eminent domain as provided in chapter 8.04.

43.31.540 Authority to temporarily convey site and buildings for world fair. The department is authorized to lease or otherwise temporarily convey the site and buildings herein provided for, for the use of the world fair commission in conducting such fair or exposition.

The bonds and interest thereon shall, so long as any portion thereof remains unpaid, constitute a prior and exclusive claim upon the portion of the corporation fees so collected and deposited to the credit of the world fair bond redemption fund as provided in RCW 23.60.200.

43.31.600 World fair fund created—Composition—Use—Investment. There is hereby created within the state treasury a special fund to be known as the world fair fund in which shall be deposited all moneys arising from the sale of such bonds. Such moneys shall

The interest from such investments shall be deposited to the credit of the world fair bond redemption fund.

43.31.610 Appropriation. For the purpose of carrying out the provisions of RCW 43.31.500 through 43.31.640, there is hereby appropriated to the state department of commerce and development from the world fair fund the sum of seven million five hundred thousand dollars.

43.31.620 Undertaking to impose corporation fees—Use, proration, of one-half of proceeds. 43.31.660 Declaration of necessity for additional funds. Increased costs for the erection of necessary structures and for the programming, promotion and production of the world fair or exposition since the enactment of the world fair bond issue authorized by the 1957 legislature makes necessary additional money with which to take the necessary steps to insure the successful production of the world fair or exposition.

The bonds shall be sold for not less than par value.

The bonds shall be a legal investment for all state funds (except the permanent school fund) or for funds under state control and all funds of municipal corporations, and shall be legal security for all state, county, and municipal deposits.

43.52.360 Operating agency—Formation—Additional projects—Appeals—Membership, withdrawal—Dissolution. Any two or more cities or public utility districts or combinations thereof may form an operating agency (herein sometimes called a joint operating agency) for the purpose of acquiring, constructing, operating and owning plants, systems and other facilities and extensions thereof, for the generation and/or transmission of electric energy and power. Each such agency shall be a municipal corporation of the state of Washington with the right to sue and be sued in its own name.

Application for the formation of an operating agency shall be made to the director of conservation (herein sometimes referred to as the director) after the adoption of a resolution by the legislative body of each city or public utility district to be initial members thereof authorizing said city or district to participate. Such application shall set forth (1) the name and address of each participant, together with a certified copy of the resolution authorizing its participation; (2) a general description of the project and the principal project works, including dams, reservoirs, power houses and transmission lines; (3) the general location of the project and, if a hydroelectric project, the name of the stream on which such proposed project is to be located; (4) if the project is for the generation of electricity, the proposed use or market for the power to be developed; (5) a general statement of the electric loads and resources of each of the participants; (6) a statement of the proposed method of financing the preliminary engineering and other studies and the participation therein by each of the participants.

Within ten days after such application is filed with the director of conservation notice thereof shall be published by the director once a week for four consecutive weeks in a newspaper of general circulation in the county or counties in which such project is to be located, setting forth the names of the participants and the general nature, extent and location of the project. Any public utility wishing to do so may object to such application by filing an objection, setting forth the reasons therefor, with the director of conservation not later than ten days after the date of last publication of such notice.

Within ninety days after the date of last publication the director shall either make findings thereon or have instituted a hearing thereon. In event the director has neither made findings nor instituted a hearing within ninety days of the date of last publication, or if such hearing is instituted within such time but no findings are made within one hundred and twenty days of the date of such last publication, the application shall be deemed to have been approved and the operating agency established. If it shall appear (a) that the statements set forth in said application are substantially cor-

rect; (b) that the contemplated project is such as is adaptable to the needs, both actual and prospective, of the participants and such other public utilities as indicate a good faith intention by contract or by letter of intent to participate in the use of such project; (c) that no objection to the formation of such operating agency has been filed by any other public utility which prior to and at the time of the filing of the application for such operating agency had on file a permit or license from an agency of the state or an agency of the United States, whichever has primary jurisdiction, for the construction of such project; (d) that adequate provision will be made for financing the preliminary engineering, legal and other costs necessary thereto; the director shall make findings to that effect and enter an order creating such operating agency, establishing the name thereof and the specific project for the construction and operation for which such operating agency is formed. Such order shall not be construed to constitute a bar to any other public utility proceeding according to law to procure any required governmental permits, licenses or authority, but such order shall establish the competency of the operating agency to proceed according to law to procure such permits, licenses or authority.

No operating agency shall undertake projects in addition to those for which it was formed without the approval of the legislative bodies of a majority of the members thereof. In the event that an operating agency desires to undertake such a hydroelectric project at a site or sites upon which any publicly or privately owned public utility has a license or permit or has a prior application for a license or permit pending with any commission or agency, state or federal, having jurisdiction thereof, application to construct such additional project shall be made to the director of conservation in the same manner, subject to the same requirements and with the same notice as required for an initial agency and project and shall not be constructed until an order authorizing the same shall have been made by the director in the manner provided for such original application.

Any party who has joined in filing the application for, or objections against, the creation of such operating agency and/or the construction of an additional project, and who feels aggrieved by any order or finding of the director shall have the right to appeal to the superior court in the manner set forth in RCW 43.52.430.

After the formation of an operating agency, any other city or district may become a member thereof upon application to such agency after the adoption of a resolution of its legislative body authorizing said city or district to participate, and with the consent of the operating agency by the affirmative vote of the majority of its members. Any member may withdraw from an operating agency,

and thereupon such member shall forfeit any and all rights or interest which it may have in such operating agency or in any of the assets thereof: *Provided*, That all contractual obligations incurred while a member shall remain in full force and effect. An operating agency may be dissolved by the unanimous agreement of the members, and the members, after making provisions for the payment of all debts and obligations, shall thereupon hold the assets thereof as tenants in common.

43.52.370 Operating agency board—Members, appointment, vote, term, etc.—Rules—Proceedings. The management and control of an operating agency shall be vested in a board of directors, herein sometimes referred to as the board. The legislative body of each member of an operating agency shall appoint a representative who may, at the discretion of the member and regardless of any charter or other provision to the contrary, be an officer or employee of the member, to serve on the board of the operating agency. Each representative shall have one vote and shall have, in addition thereto, one vote for each block of electric energy equal to ten percent of the total energy generated by the agency during the preceding year purchase by the member represented by such representative. Each member may appoint an alternative representative to serve in the absence or disability of its representative. Each representative shall serve at the pleasure of the member. The board of an operating agency shall elect from its members a president, vice president and secretary, who shall serve at the pleasure of the board. The president and secretary shall perform the same duties with respect to the operating agency as are provided by law for the president and secretary, respectively, of public utility districts, and such other duties as may be provided by motion, rule or resolution of the board. The board of an operating agency shall adopt rules for the conduct of its meetings and the carrying out of its business, and adopt an official seal. All proceedings of an operating agency shall be by motion or resolution and shall be recorded in the minute book which shall be a public record. A majority of the board members shall constitute a quorum for the transaction of business. A majority of the votes which the members present are entitled to cast shall be necessary and sufficient to pass any motion or resolution: *Provided*, That such board members are entitled to cast a majority of the votes of all members of the board. The members of the board of an operating agency may be compensated by such agency to the same extent and subject to the same limitations as is provided for members of the commission in RCW 43.52.290: *Provided*, That the per diem compensation to any member shall not exceed five thousand dollars in any year.

43.52.373 Executive committee—Composition, powers and duties, terms. The board of an operating agency by rule may create an executive committee to be composed of not less than three nor more than seven members of the board. The board may provide by rule for the composition of the executive committee so as to afford, in its judgment, fair representation to the member public utility districts and cities. The executive committee shall administer the business of the board during intervals between its meetings in accordance with its rules, motions or resolutions. The executive committee shall have authority to acquire or construct only such properties as may be provided for by motion or resolution of the board. The terms of office of the members of the executive committee and the method of filling vacancies therein shall be fixed by the rules of the board of the operating agency.

43.52.375 Treasurer—Auditor—Official bonds—Funds. The board of each joint operating agency shall by resolution appoint a treasurer. Before entering upon his duties the treasurer shall give bond to the operating agency, with a surety company authorized to write such bonds in this state as surety, in an amount which the board finds by resolution will protect the operating agency against loss, conditioned that all funds which he receives as such treasurer will be faithfully kept and accounted for and for the faithful discharge of his duties. The amount of such bond may be decreased or increased from time to time as the board may by resolution direct. The board shall also appoint an auditor and may require him to give a bond with a surety company authorized to do business in the state of Washington in such amount as it shall by resolution prescribe, conditioned for the faithful discharge of his duties. The premiums on the bonds of the auditor and the treasurer shall be paid by the operating agency. The board may provide for coverage of said officers and other persons on the same bond.

All funds of the joint operating agency shall be paid to the treasurer and shall be disbursed by him only on warrants issued by the auditor upon orders or vouchers approved by the board: *Provided*, That the board by resolution may authorize the executive committee to approve or disapprove vouchers presented to defray salaries of employees and other expenses of the operating agency arising in the usual and ordinary course of its business and expenses incurred by the committee in the performance of such duties as the operating agency may authorize it to perform. All moneys of the operating agency shall be deposited forthwith by the treasurer in such depositaries, and with such securities as are designated by rules of the board. The treasurer shall establish a general fund and such special funds as shall be created by the board, into which he

shall place all money of the joint operating agency as the board by resolution or motion may direct.

43.52.380 Member's preference to buy energy—Apportionment—Surplus. Members shall have a preference right to the purchase of all electric energy generated by an operating agency. As between members, the amount of electric energy to which each shall be entitled shall be computed annually and shall be based on the same percentage as the purchases of such member bore to the total generation of the operating agency for the preceding year. Surplus electric energy, that is energy not contracted for by the members, may be sold to any public utility authorized by law to distribute and sell electric energy.

43.52.391 Powers and duties of operating agency. Except as otherwise provided in this section, a joint operating agency shall have all powers now or hereafter granted public utility districts under the laws of this state. It shall not acquire nor operate any electric distribution properties nor condemn any properties owned by a public utility which are operated for the generation and transmission of electric power and energy or are being developed for such purposes with due diligence under a valid license or permit, nor purchase or acquire any operating hydroelectric generating plant owned by any city or district on June 11, 1953, or which may be acquired by any city or district by condemnation on or after January 1, 1957, nor levy taxes, issue general obligation bonds, or create subdistricts. It may enter into any contracts, leases or other undertakings deemed necessary or proper and acquire by purchase or condemnation any real or personal property used or useful for its corporate purposes. An operating agency may sell steam or water not required by it for the generation of power and may construct or acquire any facilities it deems necessary for that purpose.

An operating agency may make contracts for any term relating to the purchase, sale, interchange or wheeling of power with the government of the United States or any agency thereof and with any municipal corporation or public utility, within or without the state, and may purchase or deliver power anywhere pursuant to any such contract. An operating agency may acquire any coal-bearing lands for the purpose of assuring a long-term, adequate supply of coal to supply its needs, both actual and prospective, for

the generation of power and may make such contracts with respect to the extraction, sale or disposal of coal that it deems proper. In addition to the power and authority granted in this chapter to an operating agency, it shall also have all power and authority heretofore granted, and shall be subject to all of the duties imposed upon, the Washington state power commission by RCW 43.52.300 and RCW 43.52.350.

Any member of an operating agency may advance or contribute funds to an agency as may be agreed upon by the agency and the member, and the agency shall repay such advances or contributions from proceeds of revenue bonds, from operating revenues or from any other funds of the agency, together with interest not to exceed six percent per annum.

The commission or director shall within ten days after service of the notice of appeal file with the clerk of the court its or his return containing a true copy of the order appealed from, together with a transcript of the record of the proceeding before the commission or director, after which the appeal shall be at issue. The appeal shall be heard and decided by the court upon the record before the commission or director and the court may either affirm, set aside, or remand the order appealed from for further proceedings. Appeal may be had to the supreme court as in the case of civil appeals.

43.52.440 Effect of chapter on "Columbia River Sanctuary Act." Nothing contained in this chapter shall be construed to amend, modify or repeal in any manner any of the terms and provisions of section 1, chapter 9, Laws of 1949, RCW 75.20.010, commonly known as the "Columbia River Sanctuary Act", and all matter herein contained shall be expressly subject to such act.

43.52.450 Chapter requirements are cumulative—Preservation of rights—Not subject to utilities and transportation commission. The provisions of this chapter shall be cumulative and shall not impair or supersede the powers or rights of any person, firm or cor-

43.52.460 Operating agency to pay in lieu of taxes. Any joint operating agency formed under this chapter shall pay in lieu of taxes payments in the same amounts as paid by public utility districts. Such payments shall be distributed in accordance with the provisions applicable to public utility districts: *Provided, however,* That such tax shall not apply to steam generated electricity.

43.52.470 Operating agency—Validity of organization and existence. Except as provided in RCW 43.52.360, the validity of the organization of any joint operating agency can be questioned only by action instituted within six months from the date that the joint operating agency is created. If the validity of the existence of any joint operating agency is not challenged within that period, by the filing and service of a petition or complaint in the action, the state shall be barred forever from questioning the validity of the joint operating agency by reason of any defect claimed to exist in the organization thereof, and it shall be deemed validly organized for all purposes. Any joint operating agency heretofore (March 26, 1957) attempted to be organized pursuant to chapter 43.52 and which has maintained its existence since the date of such attempted organization, is hereby declared legal and valid and its organization and creation are validated and confirmed.

43.52.910 Construction. This chapter shall be liberally construed to effectuate its purposes.

Chapter 43.58**WASHINGTON—OREGON BOUNDARY COMMISSION**

43.58.050 Oregon-Washington Columbia River boundary compact—Ratification. The interstate compact determining the Oregon-Washington boundary on the Columbia River which was executed on the 21st day of December, 1956 by the Oregon commission on interstate cooperation for the state of Oregon and the Washington-Oregon boundary commission for the state of Washington is hereby ratified and approved.

43.58.060 ————Terms and provisions. The terms and provisions of the compact referred to in RCW 43.58.050 are as follows:

**INTERSTATE COMPACT DETERMINING OREGON-
WASHINGTON BOUNDARY ON THE
COLUMBIA RIVER**

ARTICLE I. PURPOSE

The boundary between the states of Oregon and Washington along the course of the Columbia River has not been easy to ascertain because of changes in the main channel of the river with a result that a state of confusion and dispute exists and the enforcement and administration of the laws of the two states has been rendered difficult.

The purpose of this compact is to fix with precision by reference to stations of longitude and latitude the boundary between the states of Oregon and Washington from one marine league due west of the mouth of the Columbia River to the most easterly point at which the 46th parallel of North latitude crosses said river, at which point the river ceases to form the boundary between the two states.

ARTICLE II. DESCRIPTION

The boundary between the states of Oregon and Washington from one marine league due west of the mouth of the Columbia River to the point at which the last described point number (#191) of the boundary as herein determined meets the 46th parallel of North latitude at 118°59'10".12 of West longitude shall be as follows:

Beginning one marine league at sea off the mouth of the Columbia river at north latitude 46°15'00".00; running thence due east to point number 1 of this description, which point is at north latitude 46°15'00".00, west longitude 124°05'00".00; thence from point number

1 continuing upstream in the channel of the Columbia river by a series of straight lines connecting the following numbered and described points in consecutive order.

all powers herein granted so long as the same shall be necessary or desirable for the carrying out of the purposes of this chapter and the purposes of the United States in financing the construction, improvement or enlargement of any project or portion thereof.

All office or other space made available through the provisions of this chapter shall be leased by the director to such state agencies, for such rental, and on such terms and conditions as he deems advisable: *Provided, however,* If space becomes surplus, the director is authorized to lease office or other space in any project to any person, corporation or body politic, for such period as the director shall determine said space is surplus, and upon such other terms and conditions as he may prescribe.

There is hereby created within the treasury a special fund to be known as the "general administration bond redemption fund" in which all pledged rentals shall be deposited. In the event bonds are issued for more than one project, the rentals from each project will be maintained as separate accounts. The funds in this account or accounts shall be used to meet principal and interest payments when due on the bonds issued to finance the specific project for which each such account was created until all of such bonds and interest thereon have been paid.

The bonds shall include a covenant that the payment or redemption thereof and the interest thereon are secured by a first and direct charge and lien on the rentals deposited in the general administration bond redemption fund, as aforesaid, and received from the project for which the bonds were issued. Such rentals shall be pledged by the state for such purpose.

In the event the general administration bond redemption guarantee fund is diminished, it shall be replenished in the same manner.

If at any time there is insufficient money in the general administration bond redemption fund to make any payments of interest or principal due on any bonds payable from such fund, the state treasurer shall transfer from such general administration bond redemption guarantee fund to the general administration bond redemption fund an amount sufficient to meet such payments.

43.82.125 Authorized uses for general administration management fund—Surplus to general fund. The general administration management fund shall be used to pay all costs incurred by the department in the operation of real estate managed under the terms of this chapter. Moneys received into the general administration management fund shall be used to pay rent to the owner of the space for occupancy of which the charges have been made and to pay utility and operational costs of the space utilized by the occupying agency: *Provided*, That moneys received into the fund for occupancy of space owned by the state where utilities and other operational costs are covered by appropriation to the department of general administration shall be immediately transmitted to the general fund: *Provided further*, That the director may expend not to exceed fifty thousand dollars per biennium from the general administration management fund to cover unusual or unexpected expenses connected with space occupancy or management that cannot be charged directly to any specific state agency. In the event the director determines that there is a surplus in this fund, he shall transfer such surplus to the general fund.

Whenever there are in the permanent common school fund or in the permanent funds of the state university, scientific school, agricultural college, colleges of education, or the charitable, educational, penal, and reformatory institutions, one thousand dollars or more available for investment, the state finance committee shall invest the same in national, state, county, municipal, or school district bonds; purchasing them either directly or in the open market. The bonds may bear such interest rates as the state finance committee may determine.

In the purchase of such bonds the committee may pay such premium as it may determine: *Provided*, That where bonds are purchased at a premium the state treasurer shall amortize the premium from the interest collected by methods of accounting

commonly used by banks and insurance companies to the end that the principal trust funds so invested may not be impaired.

The state finance committee may sell any bond or bonds and reinvest the proceeds as provided in this section.

The word "bonds" does not mean or include any special, or assessment district bonds, or bonds other than those found to be within the limit of indebtedness prescribed by law, and authorized and issued as general obligation bonds.

School district bonds, duly authorized and issued, shall be given preference in such investments.

When an investment is made, the state treasurer shall draw his warrant on the proper fund for the amount invested, and the bonds purchased shall be deposited with the state treasurer, who shall collect all interest and principal payments falling due thereon.

The state finance committee shall sell no bonds under its control except upon a unanimous vote of its membership at a meeting at which all members are present.

43.84.020 Investment of permanent school fund in state bonds. Whenever there are in the hands of the state treasurer, five thousand dollars or more, belonging to the permanent common school fund, of which no investment can be made in the securities authorized by law, and the state has an outstanding general fund warrant indebtedness of five thousand dollars or more, the governor and the state auditor shall issue bonds of the state to that amount, and sell and deliver such bonds to the state treasurer for the account of the permanent common school fund at the par value thereof.

43.84.030 Description of bonds—Payment. Such bonds shall bear the date of issue; be issued in denominations of five thousand dollars; and bear interest at the rate of three and one-half percent per annum, payable semiannually out of the general fund, on the first days of May and November of each year until paid. The principal of the bonds shall be payable, on or before twenty years from the date of issue, to the state treasurer for the account of the permanent common school fund, out of the general fund to which the proceeds were credited, and when paid the principal thereof shall be credited to the permanent common school fund.

The state treasurer shall transfer from the general fund to the current state school fund sufficient money to pay the interest as it falls due, and certify his action to the budget director, which certificate shall be authority for the budget director to make the necessary and proper entries in the books and records of his office to show such transfer.

43.84.040 Printing of bonds—Signatures. The bonds shall be printed on good bond paper and shall each be signed by the governor and attested by the state auditor, and sealed with the seal of the state auditor, but no coupon need be attached thereto.

43.84.050 Redemption of general fund warrants. Whenever any such bonds are executed and presented to the state treasurer, he shall invest the permanent common school fund therein to the amount of the par value thereof at par, and receipt to the state auditor therefor, and at once transfer from the permanent common school fund to the general fund money to the amount of the bonds and the money so transferred shall be used at once in the redemption of outstanding general fund warrants.

43.84.060 Interest to current school fund. All interest paid on such bonds shall be credited to the state current school fund on the day it falls due.

43.84.070 Redemption of bonds. The state treasurer shall redeem any of such bonds on any interest date whenever, and to the extent that, he has in his hands money belonging to the general fund equal to one or more of such bonds in excess of all outstanding general fund warrants.

43.84.080 Investment of current state funds. Whenever there is in any fund or in cash balances in the state treasury more than sufficient to meet the current expenditures properly payable therefrom, the state finance committee may invest such portion of such funds or balances as it deems expedient in certificates, notes, or bonds of the United States, or in state, county, municipal, or school district bonds, or in warrants of taxing districts of the state. Such bonds and warrants shall be only those found to be within the limit of indebtedness prescribed by law for the taxing district issuing them and to be general obligations. The state finance committee may purchase such bonds or warrants directly from the taxing district or in the open market at such prices and upon such terms as it may determine, and may sell them at such times as it deems advisable. The committee may, in addition, invest such excess funds in motor vehicle fund warrants when authorized by agreement between the committee and the state highway commission requiring repayment of invested funds from any moneys in the motor vehicle fund available for state highway construction.

43.84.090 Reserve to be set aside. Twenty percent of all income received from such investments shall be set aside in a reserve fund. This fund shall be maintained until it reaches five percent of the principal invested.

Investments purchased for more or less than par shall be amortized to obtain the true amount of income, and the amortized value of the principal, at any time, shall be the cost of the security plus or minus such portion of the income as has been assigned to principal.

Any loss sustained by selling investments for less than the amortized value of the principal may be charged to the reserve fund. Any profits obtained from selling investments for more than the amortized value of the principal shall be considered as income. All income other than that set aside in the reserve fund shall be credited to the deposit interest fund in the state treasury.

43.84.095 Exemption from reserve fund—Motor vehicle fund income from U.S. Securities. Whenever moneys of the motor vehicle fund shall be invested in bonds, notes, bills or certificates of the United States treasury payable at par upon demand, or within a term not greater than one year, it shall not be necessary to place any portion of the income therefrom in the reserve fund provided for in RCW 43.84.090.

43.84.100 Interfund loans. Whenever there is in any fund in the state treasury insufficient moneys to meet the current expenditures properly payable therefrom and there are in any other funds moneys in excess of the amount required to meet the current expenditures therefrom, the state treasurer, with the consent of the state finance committee, may make temporary loans from the funds having excess moneys to those having insufficient moneys of such sums as may be necessary to meet the demands thereon: *Provided*, That this shall not authorize the loan of any moneys from the permanent common school fund, or from any of the permanent irreducible funds, of the state.

43.84.110 Interest on loans. When any such loan is made, the state treasurer shall charge the receiving fund with the loan and with interest thereon at the depositary interest rate as fixed by the state finance committee and shall repay such loan to the fund from which it was borrowed, at such times and in such amounts as there shall be moneys in the borrowing fund not required to meet the current expenditures payable therefrom, sufficient to repay the loan or a part thereof, and shall credit the loaning fund with the deposit interest, as required by law, the same as if no loan had been made.

The state treasurer shall transfer from the borrowing fund to the credit of the deposit interest fund for the account of the loaning fund the amount of unearned deposit interest, at the then prevailing depositary interest rate, occasioned by the withdrawal of the moneys from deposit because of the loan. He shall forthwith

notify the state auditor in writing of any such transfer of deposit interest.

43.84.120 Investment in state warrants. Whenever there is in any fund or in cash balances in the state treasury more than sufficient to meet the current expenditures properly payable therefrom, and over and above the amount belonging to the permanent school fund as shown by the separation made by the state treasurer, the state finance committee may invest such portion of such funds or balances over and above that belonging to the permanent school fund in warrants of the state of Washington. The state finance committee may purchase such state warrants at such prices and upon such terms as it may determine, and may sell them at such times and on such terms as it deems advisable.

Upon such investment being made, the state treasurer shall pay into the general fund the amount so invested, and the warrants so purchased shall be deposited with the state treasurer, who shall collect all interest and principal payments falling due thereon and allocate the same to the proper fund or funds.

43.84.130 Separate accounting as to permanent school fund. For the purposes of RCW 43.84.120 the state treasurer shall make and keep an accounting separation of the amount of cash balances in the state treasury belonging to the permanent school fund.

Chapter 43.85

STATE DEPOSITARIES

43.85.010 Designation of depositaries. Any national or state banking corporation, or other incorporated bank, or branch banks or branches thereof, authorized to do business in the state and approved by the state finance committee, may, upon depositing security as hereinafter provided, and upon compliance with all other requirements of law, become a state depository.

No state funds shall be deposited in any institution other than a state depository.

The record of the proceedings of the committee shall be kept in the office of the committee and a duly certified copy thereof, or any part thereof, shall be admissible in evidence in any action or proceedings in any court of this state.

43.85.020 Bank includes trust company. The word "bank" includes any trust company organized under the laws of the state, engaged in the banking business.

43.85.030 Collateral—Surety bond. Every state depository, before it shall be entitled to receive any state moneys, shall deposit with the state treasurer securities hereinafter enumerated as collateral and pledge for payment on demand or at a specified future date, to him or his order, free of exchange, at any place designated by him, of all such moneys deposited with it and of interest thereon at the rate fixed by the state finance committee, if there has been no default in the payment of principal or interest thereon:

(1) Bonds, notes, or other securities constituting direct and general obligations of the United States or the bonds, notes, or other securities constituting the direct and general obligation of any instrumentality of the United States, the interest and principal of which is unconditionally guaranteed by the United States;

(2) (a) Direct and general obligation bonds of the state or of any other state of the United States;

(b) Revenue bonds of this state or any authority, board, commission, committee, or similar agency thereof;

(3) Direct and general obligation bonds and warrants of any city, town, county, school district, port district, or other political subdivision of the state, having the power to levy general taxes, which are payable from general ad valorem taxes;

(4) Bonds issued by public utility districts as authorized under the provisions of Title 54.

The state finance committee in lieu of collateral, may accept from any depository a good and sufficient bond of a surety company authorized to do business in the state, to be approved by the committee as security and pledge for the payment on demand or at a specified future date to the state treasurer or his order, free of exchange, at any place in this state designated by the treasurer, of all such moneys deposited with it, and of interest thereon at the rate fixed by the state finance committee, which bond shall be at least equal to the amount of the moneys to be received by the depository.

The finance committee may require the state auditor or the supervisor of banking to thoroughly investigate and report to it concerning the condition of any bank which makes application to become a state depository, and may also as often as it deems neces-

sary require such investigation and report concerning the condition of any bank which has been designated as such depository, the expense of the investigation to be borne by the depository examined.

43.85.040 Approval by finance committee—Revocation. The state finance committee shall not approve the bonds and warrants, or in lieu thereof the bond of a surety company of any such depository, until fully satisfied that such bonds and warrants are good and sufficient, and that the depository is prosperous and financially sound and has unimpaired the paid-up capital and surplus claimed by it.

The committee may at any time require any state depository to furnish a new or additional bond or bonds, and upon its failure so to do may after fifteen days' notice to the depository revoke the designation and approval thereof, and immediately upon such revocation, the bank shall cease to be a state depository.

43.85.050 Rate of interest. The state finance committee shall from time to time fix the rate of interest to be paid by depositories upon moneys deposited with them, and cause notice thereof to be published in such newspapers as it may direct. The rate of interest, until changed by the committee shall be not less than two percent per annum.

43.85.060 Monthly and quarterly statements. Every state depository shall, on the first day of each calendar month, and oftener when required, file with the state auditor a sworn statement of the amount of state moneys on deposit with it, and shall, within ten days after the first day of January, April, July, and October in each year make a full statement of all deposits and payments of state moneys during the preceding quarter, together with a computation and statement of the interest earned thereon, computed upon the daily balance on deposit, to the state finance committee which interest shall thereupon be remitted to the state treasurer and placed to the credit of the deposit interest fund.

The statement shall be upon such forms as may be prescribed by the state finance committee and accompanied by an affidavit of the president and cashier of such depository to the effect that it is in all respects true and correct, and that, except for the interest therein credited, neither the depository nor any officer, agent, or employee thereof, nor any person in its behalf has in any way whatsoever given, paid, or rendered or promised to give, pay, or render to any member of the committee, or to any other person or corporation whatever any money, credit, service, or benefit whatsoever by reason or in consideration of a deposit with it of any portion of the state moneys.

Any person who shall make any false statement in any affidavit required by this section shall be guilty of perjury.

The total interest paid by all depositaries shall be placed by the state treasurer to the credit of the deposit interest fund, and upon the fifteenth day of January of each year, the state treasurer shall divide the deposit interest fund among the various funds from which such deposits are made, in proportion to the respective amounts thereof.

43.85.070 Deposits deemed in state treasury—Deposit limit. The state treasurer may deposit with any depositary which has fully complied with all requirements of law any state moneys in his hands or under his official control and any sum so on deposit shall be deemed to be in the state treasury, and he shall not be liable for any loss thereof resulting from the failure or default of any such depositary without fault or neglect on his part or on the part of his assistants or clerks. The amount at any time on deposit with any depositary shall not exceed ninety percent of the value of the securities deposited by it: *Provided*, That in the event repayment of deposits in a depositary is insured by the Federal Deposit Insurance Corporation, or by any other corporation, agency, or instrumentality organized and acting under and pursuant to the laws of the United States, and authorized to insure the repayment of bank deposits, such depositary shall be required to deposit securities only to the amount necessary to secure the excess of the moneys on deposit with it over the amount covered by such insurance.

43.85.080 Safekeeping of collateral. A state depositary qualified to receive state moneys on deposit, having bonds or securities pledged or to be pledged by it with the state treasurer as collateral for the payment on demand of all such moneys deposited with it, may, by written notice, request the state treasurer to designate a trust company or bank exercising trust powers and located within the state as a trustee for the safekeeping of such bonds and securities, or it may, by written notice request the state treasurer, to designate a trust company or bank exercising trust powers located without the state as trustee under the terms and provisions of this enactment for the safekeeping of such bonds and securities. A trust company or bank so designated and located without the state shall have a combined actual paid up capital and surplus of not less than one million dollars. The identity of the trustee, the terms of the agreement between such trustee and the depositary, and the character of the bonds or securities pledged, shall all be subject to the approval of the state treasurer.

43.85.090 Receipts to be issued by trustee. A receipt describing the securities held and the purpose, terms, and conditions of such

holding, shall be issued by the trustee in duplicate, and one of such duplicates shall be delivered to the state treasurer to whom the securities are pledged, and one shall be delivered to the depositary by whom the securities are pledged. Such receipt shall be accepted by all public officers of the state as prima facie evidence of the facts therein stated.

43.85.100 Interest coupons to depositary. In the event of the insolvency or closing of the depositary bank, the trustee shall, upon demand, deliver the securities to the state treasurer.

Prior to any default of the depositary the trustee shall, as the same mature and become payable, clip from all coupon bonds deposited the interest coupons thereof and deliver them on demand, to the depositary.

43.85.110 Trustee's compensation payable by depositary. The compensation of the trustee for keeping the securities shall be a charge against and be paid by the depositary and shall not be chargeable to the state as pledgee or to the treasurer thereof, nor shall such charges or compensation be a lien upon the pledged securities.

43.85.120 Bank cannot act as trustee of its own securities. No bank or trust company shall act as trustee for the keeping of its own bonds or securities when pledged by it as a depositary of state funds: *Provided*, That nothing herein shall prevent the state treasurer from keeping under his sole control in a safe, or safe deposit box in the vault of a bank or trust company, bonds or securities pledged by that bank or trust company as a depositary of state funds.

43.85.130 Deposit of land commissioner's funds. The commissioner of public lands shall deposit daily all moneys and fees collected or received by him in the discharge of his official duties, including all moneys and fees which remain in his custody and control awaiting disposition under the provisions of the land laws, or the action of the department of natural resources: *Provided*, That all moneys collected or received by him, belonging to the state at the time, or to any department or institution thereof, in payment of principal and interest under outstanding contracts and leases, where no question is raised as to the right of the state to receive payment, shall be paid to the state treasurer daily in the manner provided by law.

Money shall not be deemed to have been paid to the state upon any sale or lease of land until it has been paid to the state treasurer.

43.85.140 Designation of depositaries. The deposit of all moneys other than the moneys paid to the state treasurer as required by

law, shall be made only in special depositaries. The depositaries shall be designated and selected by the state finance committee in the manner provided for the designation of state depositaries, and after such selection and designation by the committee notice thereof shall be given to the commissioner of public lands, and the commissioner shall thereupon make daily deposits therein of the moneys in his official custody and control.

43.85.150 Collateral. Every depositary so selected shall file with the state treasurer a good and sufficient bond or collateral securities, or bonds of the United States, or bonds or warrants of the state, or of any county or school district in this state, to be approved by the committee as a security and pledge for the payment on demand of the commissioner of public lands, or his order or his successors, free of exchange, at any place in this state designated by the commissioner, of all such moneys so deposited by him, and the interest thereon at the rate fixed by the state finance committee. Such bond or securities shall be at least equal to the amount of the moneys to be received by the depositary, and shall, before any deposit by the commissioner of public lands, be approved by the committee. The depositary may be examined from time to time as provided in relation to state depositaries.

43.85.160 Rate of interest. The state finance committee shall from time to time fix the rate of interest to be paid by depositaries upon moneys deposited with them by the commissioner of public lands.

43.85.170 Quarterly statement. Every state depositary selected for the receipt and deposit of moneys by the commissioner of public lands, shall quarterly on the first of January, April, July, and October file with the state auditor a sworn statement of the amount of moneys on deposit with it to the credit of the commissioner of public lands, together with a computation of the interest earned thereon at the rate fixed by the state finance committee, to be computed upon the daily balance on deposit, and such statement and computation shall also be made to the committee. The interest shall thereupon be forthwith remitted by the depositary to the state treasurer and by him placed in and credited to the general fund.

43.85.180 Form of statement—Penalty. The statements required of the depositaries shall be upon such forms as may be prescribed by the state finance committee and shall be accompanied by the affidavit of the president and cashier of such depositary, to the effect that it is in all respects true and correct, and that except for the interest therein credited, neither said depositary nor any officer,

agent or employees thereof, nor any person in its behalf, has in any way whatsoever given, paid, or rendered, or promised to give, pay, or render to any member of the state finance committee or to any person or corporation whatever, any money, credit, service, or benefit whatsoever by reason or in consideration of a deposit with it of any portion of the moneys in the custody, possession, or control of the commissioner of public lands. Any person who shall make any false statement in any such affidavit shall be guilty of perjury.

43.85.190 Deposits and rate of interest. It is the purpose of RCW 43.85.190 through 43.85.240 to authorize the state treasurer to deposit state moneys or funds in his custody in state depositories at a rate of interest agreed to by the state finance committee and the depository.

43.85.200 ———State moneys defined. All moneys or funds belonging to or in the custody of the state under the control of the state treasurer shall be considered as state moneys or funds.

43.85.210 ———Demand and time accounts authorized. The state treasurer may deposit state moneys or funds at interest in any qualified state depository bank upon a demand or time account basis.

43.85.220 ———Members of federal reserve or federal deposit insurance corporation. If state depositories are member banks of the federal reserve system, or are banks the deposits of which, within certain limits, are insured by the federal deposit insurance corporation and, as such, are prohibited by a statute of the United States or by a lawful regulation of the federal reserve system or of the federal deposit insurance corporation, or of any authorized agency of the federal government, from paying interest upon demand deposits of public funds of a state, the payment of interest shall not be required of such depositories to the extent and for the period of time that payment thereof is prohibited.

43.85.230 ———Term deposit basis. The state treasurer, upon approval by the state finance committee, may deposit moneys not required to meet current demands upon a term deposit basis not to exceed one year at such interest rates and upon such conditions as to withdrawals of such moneys as may be agreed upon between the state finance committee and any qualified depository bank or banks in the state.

43.85.240 ———Disposition of interest paid by depositories. All sums paid as interest to the state by depositories keeping public moneys or funds of the state on deposit shall be credited by the state treasurer upon receipt thereof to the general fund, excepting

that any sums paid as interest from the use of motor vehicle funds shall be credited by the state treasurer to the motor vehicle fund.

Chapter 43.86

STATE BUDGET

43.86.090 Deficiencies prohibited. It shall be unlawful for any department head or disbursing officer to incur any deficiency and any appointive officer or employee violating the provisions of this section shall be subject to summary removal.

43.86.100 Emergencies. Whenever an emergency shall arise necessitating an expenditure for the preservation of peace, health or safety, or for the carrying on of the necessary work required by law of any department for which insufficient or no appropriations have been made, the head of such department shall submit to the governor, duplicate copies of a sworn statement, setting forth the facts constituting the emergency and the estimated amount of money required therefor. If the governor approves such estimate in whole or in part, he shall indorse on each copy of the statement his approval, together with a statement of the amount approved and transmit one copy to the head of the department and thereby authorize him to incur such liability. Such authorization and full compliance with its provisions shall relieve the person incurring any such liability from personal liability or penalty therefor.

The total amount of such liabilities outstanding on December 1st of the year preceding the biennial session of the legislature shall be included in the governor's budget as a deficiency, and provision for an appropriation therefor made in his budget bill: *Provided*, That in no biennium shall the total amount of such liabilities exceed the sum of two hundred fifty thousand dollars.

43.86.130 Penalty. Any officer or employee violating, or wilfully refusing or failing to comply with, any provision of this chapter shall be guilty of a misdemeanor.

43.86.140 Terms defined. The term "department" as used in this chapter includes every elective office of the state government, every state department, institution, board, commission, committee, or other administrative unit expending state funds.

The term "fiscal year" means the year beginning July 1st and ending on the following June 30th.

Chapter 43.88

BUDGET AND ACCOUNTING SYSTEM

43.88.010 Purpose. It is the purpose of this chapter to establish an effective budget and accounting system for all activities of the

state government; to prescribe the powers and duties of the governor as these relate to securing such fiscal controls as will promote effective budget administration; and to prescribe the responsibilities of agencies of the executive branch of the state government.

43.88.020 Definitions. (1) "Budget" shall mean a proposed plan of expenditures for a given period or purpose and the proposed means for financing these expenditures;

(2) "Budget document" shall mean a formal, written statement offered by the governor to the legislature, as provided in RCW 43.88.030.

(3) "Budget director" shall mean the official appointed by the governor to serve at the governor's pleasure and to whom the governor may delegate necessary authority to carry out the governor's duties as provided in this chapter. The budget director shall be head of the central budget agency, which shall be in the office of the governor.

(4) "Agency" shall mean and include every state office, officer, each institution, whether educational, correctional or other, and every department, division, board and commission, except as otherwise provided in this chapter.

(5) "Public funds", for purposes of this chapter, shall mean all moneys, including cash, checks, bills, notes, drafts, stocks and bonds, whether held in trust or for operating purposes and collected or disbursed under law, whether or not such funds are otherwise subject to legislative appropriation.

(6) "Regulations" shall mean the policies, standards and requirements, stated in writing, designed to carry out the purposes of this chapter, as issued by the governor or his designated agent, and which shall have the force and effect of law.

43.88.030 Content of the budget document. The budget document shall consist of the following parts:

Part I shall contain the governor's budget message which shall be explanatory of the budget and shall contain an outline of the proposed financial policies of the state for the ensuing fiscal period and shall describe in connection therewith the important features of the budget. The message shall set forth the reasons for salient changes from the previous fiscal period in expenditure and revenue items and shall explain any major changes in financial policy. Attached to the budget message shall be such supporting schedules, exhibits and other explanatory material in respect to both current operations and capital improvements as the governor shall deem to be useful to the legislature.

Part I shall also contain:

As to revenues:

- (1) Anticipated revenues classified by fund and source;
- (2) Comparisons between revenues actually received during the immediately past fiscal period, those received or anticipated for the current period, and those anticipated for the ensuing period;
- (3) Cash surplus, by fund, to the extent provided by RCW 43.88.040;

- (2) Cash deficit, by fund, to the extent provided by RCW 43.88.050;
- (3) Such additional information dealing with expenditures as the governor shall deem pertinent and useful to the legislature.

Part II shall embrace the detailed estimates of all anticipated revenues applicable to proposed operating expenditures. Part II shall also include all proposed operating expenditures. The total of anticipated revenues shall equal the total of proposed applicable expenditures: *Provided*, That this requirement shall not prevent the liquidation of any deficit existing on the effective date of this chapter. This part shall further include:

- (1) Interest, amortization and redemption charges on the state debt;
- (2) Payments of all reliefs, judgments and claims;
- (3) Other statutory expenditures;

statement of the reason or purpose for the project along with an estimate of its cost;

(3) Such other information bearing upon capital projects as the governor shall deem to be useful to the legislature.

43.88.040 Cash surplus. Surplus available for appropriation shall be limited to cash surplus, defined for purposes of this chapter as any money, assets or other resources available for expenditure over and above any liabilities which are expected to be incurred by the close of the current fiscal period. If the aggregate of estimated revenues for the next ensuing fiscal period, together with the surplus, if any, for the current fiscal period exceeds the applicable appropriations proposed by the governor for the next ensuing fiscal period, the governor shall include in Part I of the budget document his recommendations for the use of said excess of anticipated revenues, and said surplus, over applicable appropriations for the reduction of indebtedness, for the reduction of taxation or for other purposes as in his discretion shall serve the best interests of the state.

43.88.050 Cash deficit. Cash deficit of the current fiscal period is defined for purposes of this chapter as the amount by which the aggregate of expenditures charged to a fund will exceed the aggregate of receipts credited to such fund in the current fiscal period, less the extent to which such deficit may have been provided for from available reserve funds.

If, for any applicable fund, the estimated revenues for the next ensuing period plus cash surplus shall be less than the aggregate of appropriations proposed by the governor for the next ensuing fiscal period, the governor shall include in Part I of the budget document his proposals as to the manner in which the anticipated deficit shall be met, whether by an increase in the indebtedness of the state, by the imposition of new taxes, by increases in tax rates or an extension thereof, or in any like manner. The governor may provide for orderly liquidation of the currently existing deficit over a period of one or more fiscal periods, if, in his discretion, such manner of liquidation would best serve the public interest.

43.88.060 Legislative review of budget document and budget bill. Within five calendar days after the convening of the legislature the governor shall submit the budget document unless such time is extended by the legislature. The governor shall also submit a budget bill which for purposes of this chapter is defined to mean the appropriations proposed by the governor as set forth in the budget document. Such representatives of agencies as have been designated by the governor for this purpose shall, when requested,

by either house of the legislature, appear to be heard with respect to the budget document and the budget bill and to supply such additional information as may be required.

43.88.070 Appropriations. Appropriations shall be deemed maximum authorizations to incur expenditures but the governor shall exercise all due supervision and control to ensure that expenditure rates are such that program objectives are realized within these maximums.

43.88.080 Adoption of budget. Adoption of the appropriation, or budget, bill by the legislature shall constitute adoption of the budget and the making of appropriations therefor. The budget shall be finally adopted not later than thirty calendar days prior to the beginning of the fiscal period.

43.88.090 Development of budget. For purposes of developing his budget proposals to the legislature, the governor shall have the power, and it shall be his duty, to require from proper agency officials such detailed estimates and other information in such form and at such times as he shall direct. The estimates for the legislature and the judiciary shall be transmitted to the governor and shall be included in the budget. Estimates for the legislature and for the supreme court shall be included in the budget without revision. In the year of the gubernatorial election, the governor shall invite the governor-elect or his designee to attend all hearings provided in RCW 43.88.100; and the governor shall furnish the governor-elect or his designee with such information as will enable him to gain an understanding of the state's budget requirements. The governor-elect or his designee may ask such questions during the hearings and require such information as he deems necessary and may make recommendations in connection with any item of the budget which, with the governor-elect's reasons therefor, shall be presented to the legislature in writing with the budget document. Copies of all such estimates and other required information shall also be submitted to the legislative budget committee. The governor shall also invite the legislative budget committee to designate one or more persons to be present at all hearings provided in RCW 43.88.100. The designees of the legislative budget committee may also ask such questions during the hearings and require such information as they deem necessary.

43.88.100 Executive hearings. The governor may provide for hearings on all agency requests for expenditures to enable him to make determinations as to the need, value or usefulness of activities or programs requested by agencies. The governor may require the

attendance of proper agency officials at his hearings and it shall be their duty to disclose such information as may be required to enable the governor to arrive at his final determination.

43.88.110 Expenditure programs—Allotments—Reserves. Subdivisions (1) and (2) of this section set forth the expenditure programs and the allotment and reserve procedures to be followed by the executive branch.

(1) Before the beginning of the fiscal period, all agencies shall submit to the governor a statement of proposed agency expenditures at such times and in such form as may be required by him. The statement of proposed expenditures shall show, among other things, the requested allotments of appropriations for the ensuing fiscal period for the agency concerned for such periods as may be determined by the budget director for the entire fiscal period. The governor shall review the requested allotments in the light of the agency's plan of work and, with the advice of the budget director, he may revise or alter agency allotments: *Provided*, That revision of allotments shall not be made for the following: Agencies headed by elective officials; University of Washington; Washington State University; Central Washington State College; Eastern Washington State College; and Western Washington State College. The aggregate of the allotments for any agency shall not exceed the total of appropriations available to the agency concerned for the fiscal period.

(2) Except for agencies headed by elective officials and for institutions for higher education, as provided in this section, the approved allotments may be revised during the course of the fiscal period in accordance with the regulations issued pursuant to this chapter. If at any time during the fiscal period the governor shall ascertain that available revenues for the applicable period will be less than the respective appropriations, he shall revise the allotments concerned so as to prevent the making of expenditures in excess of available revenues. To the same end, and with the exception stated in this section for allotments involving agencies headed by elective officials and for institutions for higher education the governor is authorized to withhold and to assign to, and to remove from, a reserve status any portion of an agency appropriation which in the governor's discretion is not needed for the allotment. No expenditures shall be made from any portion of an appropriation which has been assigned to a reserve status except as provided in this section.

(3) It is expressly provided that all agencies shall be required to maintain accounting records and to report thereon in the manner prescribed in this chapter and under the regulations issued pursuant to this chapter.

43.88.120 Revenue estimates. Before the beginning of any fiscal period, any agency engaged in the collection of revenues shall submit to the governor statements of revenue estimates at such times and in such form as may be required by him.

43.88.130 When contracts and expenditures prohibited. No agency shall expend or contract to expend any money or incur any liability in excess of the amounts appropriated for that purpose: *Provided*, That nothing in this section shall prevent the making of contracts or the spending of money for capital improvements, nor the making of contracts of lease or for service for a period exceeding the fiscal period in which such contract is made, when such contract is permitted by law. Any contract made in violation of this section shall be null and void.

43.88.140 Lapsing of appropriations. All appropriations shall lapse at the end of the fiscal period to the extent that they have not been expended or lawfully obligated. Any remaining unexpended and unobligated balance of appropriations shall revert to the fund from which the appropriation was made.

43.88.150 Priority of expenditures—Appropriated and nonappropriated funds. For those agencies which make expenditures from both appropriated and nonappropriated funds, the governor is authorized to direct such agencies to charge their expenditures in such ratio, as between appropriated and nonappropriated funds, as will conserve appropriated funds.

43.88.160 Fiscal management—Powers and duties of officers and agencies. This section sets forth the major fiscal duties and responsibilities of officers and agencies of the executive branch. The regulations issued by the governor pursuant to this chapter shall provide for a comprehensive, orderly basis for fiscal management and control, including efficient accounting and reporting therefor, for the executive branch of the state government and may include, in addition, such requirements as will generally promote more efficient public management in the state.

(1) Governor; budget director. The governor, through his budget director, shall devise and supervise a modern and complete accounting system for each agency to the end that all revenues, expenditures, receipts, disbursements, resources and obligations of the state shall be properly and systematically accounted for. The accounting system shall include the development of accurate, timely records and reports of all financial affairs of the state. The system shall also provide for comprehensive central accounts in the central budget agency. The budget director may require such financial, statistical and other reports as he deems necessary from all agencies covering any period.

In addition, the budget director, as agent of the governor, shall:

(a) Make surveys and analyses of agencies with the object of determining better methods and increased effectiveness in the use of manpower and materials; and he shall authorize expenditures for employee training to the end that the state may benefit from training facilities made available to state employees;

(b) Report to the governor with regard to duplication of effort or lack of coordination among agencies;

(c) Review any pay and classification plans, and changes thereunder, developed by any agency for their fiscal impact: *Provided*, That none of the provisions of this subsection shall affect merit systems of personnel management now existing or hereafter established by statute relating to the fixing of qualifications requirements for recruitment, appointment, or promotion of employees of any agency. He shall advise and confer with agencies including the legislative budget committee and the legislative council regarding the fiscal impact of such plans and may amend or alter said plans, except that for the following agencies no amendment or alteration of said plans may be made without the approval of the agency concerned: Agencies headed by elective officials; University of Washington; Washington State University; Central Washington State College; Eastern Washington State College; and Western Washington State College;

(d) Fix the number and classes of positions or authorized man years of employment for each agency and during the fiscal period amend the determinations previously fixed by him, except that he shall not be empowered to fix said number or said classes for the following: Agencies headed by elective officials; University of Washington; Washington State University; Central Washington State College; Eastern Washington State College; and Western Washington State College;

(e) Promulgate regulations to effectuate provisions contained in subsections (a) through (d) hereof.

(2) The treasurer shall:

(a) Receive, keep and disburse all public funds of the state not expressly required by law to be received, kept and disbursed by some other persons: *Provided*, That this subsection shall not apply to those public funds of the institutions of higher learning which are not subject to appropriation;

(b) Disburse public funds under his supervision or custody by warrant or check;

(c) Keep a correct and current account of all moneys received and disbursed by him, classified by fund or account;

(d) Perform such other duties as may be required by law or by regulations issued pursuant to this law.

It shall be unlawful for the treasurer to issue any warrant or check for public funds in the treasury except upon forms duly prescribed by the budget director. Said forms shall provide for authentication and certification by the agency head or his designee that the services have been rendered or the materials have been furnished and the treasurer shall not be liable under his surety bond for erroneous or improper payments so made. The responsibility for recovery of erroneous or improper payments made under this section shall lie with the agency head or his designee in accordance with regulations issued pursuant to this chapter.

(3) The state auditor shall:

Title 43

STATE GOVERNMENT—EXECUTIVE
EXPLANATORY NOTE

I. Introductory

As part of the program to restore session law language to the Revised Code of Washington, the code reviser's office and the codifications subcommittee of the Statute Law Committee have carefully examined the provisions of Title 43. Pursuant to such study it was determined that the confused statutory history of the subject matter contained therein, the statutory devolution of powers, duties and functions from one agency to another without express amendments to preexisting statutes, and the division and combining of session law sections by the 1941 Code Committee, have all combined to make any general restoration of the session law text an impossibility. In view of the foregoing and in view of the fact that the present RCW Title 43 has been in use for a period of fourteen years, the codifications subcommittee of the Statute Law Committee, after submitting pertinent portions of the study and work materials relating to this title to the department of natural resources, the department of general administration, the department of commerce and economic development, the department of conservation, the department of licenses, the department of labor and industries, the department of fisheries, the department of institutions, the department of health, the public printer, the attorney general, the state auditor, the state treasurer, the director of budget, the University of Washington, Washington State University, and the State Colleges of Education, and conferring with such representatives thereof as attended the meetings held for the purpose of considering the provisions hereof, herewith presents for enactment as primary law the provisions of RCW Title 43, incorporating therein such restorations and corrections as may be made without changing the substance of the law.

Except as otherwise noted, the translations of the term "this act" into "this chapter", and other similar translations which appear in the 1941 revision, have been accepted without comment.

The remainder of these notes consist of source notes and a section by section comment regarding this reenactment. The chapters and sections presently codified in Title 43 that are omitted from the bill are duly commented upon in the section by section comment. The complete study materials relating to this title are on permanent file in the office of the code reviser, at Olympia.

Chapter 43.08 State Treasurer

The fiscal responsibilities of the state treasurer were considerably changed by the state budget and accounting act passed in 1959. (1959 c 328 codified as chapter 43.88 RCW). The most pertinent portion of that act as it pertains to the state treasurer reads as follows:

(RCW 43.88.160(2))

“(2) The treasurer shall:

- (a) Receive, keep and disburse all public funds of the state not expressly required by law to be received, kept and disbursed by some other persons; *Provided*, That this subsection shall not apply to those public funds of the institutions of higher learning which are not subject to appropriation;
- (b) Disburse public funds under his supervision or custody by warrant or check;
- (c) Keep a correct and current account of all moneys received and disbursed by him, classified by fund or account;
- (d) Perform such other duties as may be required by law or by regulations issued pursuant to this law.

It shall be unlawful for the treasurer to issue any warrant or check for public funds in the treasury except upon forms duly prescribed by the budget director. Said forms shall provide for authentication and certification by the agency head or his designee that the services have been rendered or the materials have been furnished and the treasurer shall not be liable under his surety bond for erroneous or improper payments so made. The responsibility for recovery of erroneous or improper payments made under this section shall lie with the agency head or his designee in accordance with regulations issued pursuant to this chapter.”

In construing the effect of the 1959 act on earlier legislation our court in *Yelle v. Bishop*, 55 Wn. (2d) 286, 301, 347 P. (2d) 1081 stated: “The legislature sought by chapter 328 to create a complete system for carrying out a specific governmental function. This is decisive of the legislative intent to make the later enactment the law on the subject

and earlier legislation is necessarily repealed by implication." Thus the various sections of this chapter have been edited to reflect these changes. Explanatory note.

Chapter 43.09 State Auditor

The fiscal responsibilities of the state auditor were considerably changed by the state budget and accounting act (1959 c 328 codified as chapter 43.88 RCW). *Yelle v. Bishop*, 55 Wn. (2d) 286, 301, 347 P. (2d) 1081 states that “The legislature sought by chapter 328 to create a complete system for carrying out a specific governmental function. This is decisive of the legislative intent to make the later enactment the law on the subject and earlier legislation is necessarily repealed by implication.”

Thus the various sections of this chapter have been edited to reflect these changes.

“Sec. 82. The director of labor and industries, the supervisor of industrial insurance, the supervisor of industrial relations, the industrial statistician, and the supervisor of women in industry shall constitute a committee, of which the director shall be chairman, and the supervisor of women in industry shall be executive secretary, which shall have the power, and it shall be its duty:

(1) To exercise all the powers and perform all the duties now vested in, and required to be performed by, the industrial welfare commission.”

The 1941 Code Committee rewrote the section to give the committee the name of “industrial welfare committee” and both expanded its powers and duties to all those prescribed by law in relation to fixing of minimum wages of women and minors and restricted its powers and duties to the fixing of such wages. The abolished “industrial welfare commission’s” powers and duties are codified in chapter 49.12 and include powers and duties relating to conditions of labor as well as wages. The rewrite was apparently designed to reconcile the section with 43.22.270(5) which places the administration of laws respecting labor conditions and wages of women and minors with the director of labor and industries.

The last phrase of the section is changed herein to “which shall exercise such powers and perform such duties as prescribed by law” to avoid the restriction of the 1941 Code Committee rewrite.

Explanatory
note.

as sections of chapter 72.01, and 43.28.020 together with its session law sources was repealed. Later in the 1959 session 1955 c 195 § 4 (43.28.020) was amended to eliminate subdivisions (3), (4), (5) and (6) dealing with architectural and building duties for institutions as these were covered under the same act. Due to the technicality that the reenactment bill had switched the subject matter of subdivisions (3), (4), (5) and (6) to 72.01.100, the later section did not receive the 1959 amendment treatment. For this reason the section is not included in the reenactment bill and is not repealed.

- 43.34.020 Source—[1911 c 59 § 10, part; 1909 c 69 § 5, part; RRS § 7901, part.]
The subject matter of this section was completely covered by 79.24.060 upon restoration of its session law source in Title 79. For this reason the section is not included in the reenactment bill and is not repealed.
- 43.34.030 Source—[1917 c 167 § 5; RRS § 7915.]
The powers and duties of the state capitol committee set forth in this section appear to have devolved upon the director of general administration, see 43.19.125 which places these powers and duties with the division of engineering and architecture of the department of general administration. See also 43.82.010 which gives the department of general administration authority over state agency housing.
The session law source for this section is a part of a 1917 bond issue authorization, the other provisions of which were not codified for the apparent reason that the bonds issued have been retired. For this reason the section is not included in the reenactment bill and is not repealed.

This section is part of a seven-section 1915 bond issue authorization act, the other sections of which have not been codified for the reasons that the first three sections were repealed in 1917, the fourth is an appropriation section and the sixth and seventh are obsolete. For this reason the section may be construed as being limited in application to this bond authorization act and is not included in the reenactment bill and is not repealed.
- 43.34.060 Source—[1923 c 12 § 1; RRS § 7921-1.]
As to moneys received from sales of land this section appears to be covered by 79.24.085. The section is not included in the reenactment bill and will be recodified following 79.24.085 upon publication of the 1965 supplement to RCW.
The reference to "capitol building fund" changed to "capitol building construction account".

The "state budget law" (chapter 43.86) referred to in subdivision (1) was repealed (except for three sections) by the budget and accounting act (1959 c 328; chapter 43.88) which set forth the fiscal responsibilities of the budget director. Thus "state budget law" changed to "state budget and accounting system".

The "preauditing of state departments" is now carried out as an agency fiscal responsibility under the budget and accounting act (see 43.88.160(2) (d)). Thus this language eliminated. The "approval of purchases of materials and supplies by state departments" and the "approval of public printing bills" is a pre-audit function which is an agency responsibility under the budget and accounting act (see 43.88.160(2) (d)). Thus this language eliminated.

Prior to the 1958 amendment to Article 2, section 5 of the state Constitution which allows increases in pensions after the pensions have been granted, the section would probably have been declared unconstitutional. The 1959 act was passed after the constitutional amendment to reenact the 1955 language and to make it retroactive. This is similar to the legislative treatment given to police pensions. In construing the police pension statutes, our court in *Luders v. Spokane*, 57 Wn. (2d) 162, 356 p. (2d) 331 held that the later act did not validate the earlier invalid statute but was an independent act which had a retroactive effect. Thus it would appear that the choice of an effective date is a judicial question. After “the effective date of this act”, “(1959 c 8, effective date was January 29, 1959; 1955 c 244, effective date was June 8, 1955)” inserted as the phrase “the effective date of this act” first appeared in 1955 c 244 and was reenacted in 1959 c 8. The effective date of 1955 c 244 was June 8, 1955 and the effective date of 1959 c 8 was January 29, 1959.

Chapter 43.52 Operating Agencies (Power Commission)

Note: (1) Sections 43.52.001 through 43.52.240 comprised chapter 43.52 RCW which was repealed by 1953 c 281 § 22. Subsequent to this repeal RCW 43.52.050 was amended by 1955 c 340 § 6 to raise the salary of power commission members and RCW 43.52.040 was reenacted as it was a part of the session law section source for 43.52.050. The 1955 amending act was a general act creating the governor's advisory salary committee and amending several acts relating to salaries of various agencies. The amendment of 43.52.050 appears to have been due to oversight. The state power commission was recreated by 1953 c 281 and was subsequently abolished by 1957 c 295 § 8. For this reason RCW 43.52.040 and 43.52.050 are repealed without reenactment.

(2) The state power commission referred to throughout this chapter was recreated by 1953 c 281 § 2 and was abolished by 1957 c 295 § 8. Section 5 of 1957 c 295 devolved powers and duties of the commission upon joint operating agencies as follows: “In addition to the power and authority granted in this chapter to an operating agency, it shall also have all power and authority heretofore granted, and shall be subject to all of the duties imposed upon the Washington state power commission by RCW 43.52.300 and RCW 43.52.350.” Chapter 295 of the Laws of 1957 also repealed certain powers and duties of the abolished commission but retained other sections without change. The definition of “commission” in 43.52.250 has been changed by deleting the words “created hereunder” to preserve the statutory time sequence of its creation and abolishment.

The requirement that the state auditor preaudit the expense accounts of board members has been superseded by the budget and accounting act (chapter 43.88) which makes this duty a responsibility of the agency making the expenditures. See 43.88.160(2) (d). For this reason “and the state auditor” is deleted at the end of the first paragraph.

Chapter 43.78 Public Printer—Public Printing

Note: RCW 43.78.040, 43.78.050, 43.78.060, 43.78.070, 43.78.100, and 43.78.120 relate either totally or in part to powers and duties of the governor and the budget director in regard to approval of public printing bills of the various agencies. The procedure set forth in these sections is a pre-audit procedure which was developed upon agency heads by the budget and accounting act. RCW 43.88.160(2) of that act provides in part that "It shall be unlawful for the treasurer to issue any warrant or check for public funds in the treasury except upon forms duly prescribed by the budget director. Said forms shall provide for authentication and certification by the agency head or his designee that the services have been rendered or the materials have been furnished and the treasurer shall not be liable under his surety bond for erroneous or improper payments so made." In construing the effect of the 1959 budget and accounting act on earlier legislation our court stated in *Yelle v. Bishop*, 55 Wn. (2d) 286, 301, 347 P. (2d) 1081 "The legislature sought by chapter 328 to create a complete system for carrying out a specific governmental function. This is decisive of the legislative intent to make the later enactment the law on the subject and earlier legislation is necessarily repealed by implication." The various sections of this chapter have been edited or deleted to reflect these changes.

 The section has been changed to reflect the devolution of the pre-audit function to agency heads as follows:
 "43.78.040 Requisitions. All printing and binding shall be done under the general superintendence of the authorities ordering it, and when completed shall be delivered to such authorities, who shall sign receipts therefor.
 Before the public printer shall execute any printing or binding for any office, board, commission, or institution, the proper officer thereof shall apply therefor by requisition."

The section has been changed to reflect the devolution of the pre-audit function upon agency heads as follows:
“43.78.070 Use of state plant—Conditions—Public printer's salary. The public printer shall use the state printing plant, upon the following conditions, to wit:
(1) He shall do the public printing, and charge therefor the fees as provided by law. He may print the Washington reports for the publishers thereof under a contract approved in writing by the governor.
(2) The gross income of the public printer shall be deposited in an account designated ‘state printing plant revolving fund’ in depositories approved by the state treasurer, and shall be disbursed by the public printer by check and only as follows:
First in payment of the actual cost of labor, material, supplies, replacements, repairs, water, light, heat, telephone, rent, and all other expenses necessary in the operation of the plant: *Provided*, That no machinery shall be purchased except on written approval of the governor;
Second, in payment of the cost of reasonable insurance upon the printing plant, payable to the state and of all fidelity bonds required by law of the public printer;
Third, in payment to the public printer of a salary which shall be fixed by the governor in accordance with the provisions of RCW 43.03.040;
Fourth, in remitting the balance to the state treasurer for the general fund: *Provided*, That a reasonable sum to be determined by the governor, the public printer, and the director of budget shall be retained in the fund for working capital for the public printer.”

- 43.79.030 Source—[1911 c 69 § 1; RRS § 5528.] Explanatory note.
 The session law section was a part of a five-section act which created the funds set out in 43.79.040, levied a property tax for the "institutions of higher education", and placed the receipts in the funds created. Since the property tax is no longer levied as the state levy is limited to two mills for public assistance purposes (84.52.050), the section has no value and is not included in the reenactment bill and is not repealed.

 The funds set forth in this section were created by 1911 c 69 § 2, were renamed by 1947 chapters 18, 19, and 20, and were abolished and the moneys transferred to the general fund. See 43.79.071-43.79.075, 43.79.141-43.79.145, 43.79.310-43.79.314, 43.79.320-43.79.324.
 The 1941 Code Committee rewrote the last paragraph to enlarge its scope so that any "taxes levied" would be paid into the created funds. The session law (1911 c 69 § 3) states that the "moneys arising from the tax herein directed to be levied" be paid into the funds. The tax referred to is no longer levied by the state.
 The section is not included in the reenactment bill and is not repealed as the funds created are abolished and the tax is no longer levied.

 The session law section states that the "money produced by such tax" shall be used for specified purposes. As the tax is no longer levied the section has no application, is not included in the reenactment bill, and is not repealed.

 This section has no session law source and is not included in the reenactment bill and the RCW section is repealed. The "University of Washington fund" was abolished by 1955 c 332 § 3 (43.79.073) and its moneys transferred to the state general fund by 1955 c 332 § 1 (43.79.071).

The Washington State College fund was abolished by 1955 c 328 § 3 (RCW 43.79.143) and its moneys transferred to the general fund by 1955 c 328 § 1. As the moneys that would have continued to be credited to the Washington State College fund are still earmarked for the support of Washington State University, 43.79.140 pertaining to the sources of this abolished fund has been preserved. This has been accomplished by striking the first clause of the section down to but not including the colon in line 3 and inserting the following language: "There shall be paid into the state general fund for the support of Washington State University the following moneys:"

- 43.79.150 Added by reviser. This section has no statutory background and was apparently created by the 1941 Code Committee as a "bridging-over" from section 17 of the Enabling Act which provided a grant of one hundred thousand acres for state normal schools. The section is included for enactment.
- 43.79.160 Added by reviser. This section has no statutory background. As the one hundred thousand acres grant by section 17 of the Enabling Act was for state normal schools, the creation of the "normal school permanent fund" was apparently needed to handle the moneys derived from the sale of such lands. The fund is currently in existence in the state treasury. The section is included for enactment.

 The normal school current fund was abolished by 1955 c 331 § 3 (RCW 43.79.173) and its moneys transferred to the general fund by 1955 c 331 § 1 (RCW 43.79.171). As the moneys that would have continued to be credited to the normal school current fund are still earmarked for the support of the state colleges, 43.79.180 pertaining to the sources of this abolished fund is preserved. This has been accomplished by striking the first clause of the section down to but not including the colon in line 3 and inserting the following restatement language:
 “There shall be paid into the state general fund for the use and support of the state colleges of education the following moneys:”

The section is not included in the reenactment bill and the RCW section is repealed.

 The records of the state finance committee were required to be kept in the office of the state auditor under 1907 c 12 § 2 (43.33.030). When the auditor was removed as a member of the committee in 1961, this section was amended to provide that the committee keep its own records in its own offices (1961 c 300 § 4; 43.33.030). Thus "state auditor" changed to "committee" to reflect this change.

Chapter 43.93 Processing Plants

This statute providing for food processing plants appears to be of a temporary nature and was apparently part of a public relief program during the later part of the great depression and for the conservation of food during the war years. The legislature continued to appropriate moneys from the cannery revolving fund until 1947 when this fund was abolished by 1947 c 175 and its moneys transferred to the general fund.

The department of institutions reports that the food processing plants authorized to be established under the provisions of this chapter

Explanatory
note.

are no longer in operation and have not been for several years. The processing of food by the department of institutions is done under the authority of the institutional industries commission (chapter 72.60) and is done solely as institutional enterprises.

The central budget agency reports that to their knowledge the only food processing being done by the state is by the department of institutions.

The chapter is not reenacted and is repealed.
