costs incurred by the state, the department is
to deduct an amount to be determined by agree-
ment between the local and state governments,
not to exceed 2% of the taxes collected.

Section 6 of the bill provides that the amount
set aside by agreement for administration and
collection expenses shall revert to the state
general fund.

No state general fund monies may be lawfully
spent by any state department without legis-
lative authorization. The 1970 Legislature
has made no appropriation to the Department
of Revenue for the expenses of collecting and
administering the local sales tax. The funds
specifically intended for this purpose would
therefore be locked in the general fund until
the next session of the Legislature.

To many communities, the taxes authorized
by this bill will be an important tax source. In
order to provide the necessary funds for the
State Department of Revenue to assist the lo-
cal governments in the administration and col-
clection of the taxes authorized by this bill,
I have deleted the provision reverting the
funds set aside for this purpose to the Gen-
eral Fund.

My veto neither adds nor detracts from the pur-
pose and authority granted to local governments
by the Legislature. It will enable the Depart-
ment of Revenue to receive and to spend the
necessary funds to function efficiently in co-
operation with municipal local governments to
administer local sales tax programs.

The remainder of House Bill No. 21 is approved."

CHAPTER 95
[Engrossed Substitute House Bill No. 33]

NEW SECTION. Sec. 7. The superintendent of public instruction is directed to allocate by July 1, 1970, from his general fund appropriation, $2,000,000.00 for urban, racial and disadvantaged programs and the State Superintendent is authorized to allocate an additional $4,463,000.00 for such racial, urban, and disadvantaged programs: Provided, That the current level of per weighted pupil guarantee shall not be reduced by reason of the provisions of this section: Provided further, That the superintendent submit to each regular session hereafter a programmed budget request for additional funds as necessary, coordinating the same with federal funds therefor.

NEW SECTION. Sec. 8. There is hereby appropriated from the general fund, to the state treasurer, the sum of three hundred thousand dollars for distribution to cities and towns as follows: Upon reports being made at the close of each quarter of the fiscal year 1970-1971 by the director of revenue to the state treasurer certifying the amount of tax collected in that quarter on behalf of each city or town which has imposed a tax to the full extent authorized by chapter ..., Laws of 1970, 41st Legislature, 2nd ex. sess. (HB No. 21), the state treasurer shall compute the amount which would have accrued to each such city and town from the ten million dollars conditionally appropriated to cities and towns for the fiscal year 1970-1971 under the provisions of section 3, chapter 282, Laws of 1969 ex. sess. had such section remained in effect for the fiscal year 1970-1971, and if the amount reported for such quarter under this section shall be less than the amount which would have accrued to such city or town [755]
for such quarter under section 3, chapter 282, Laws of 1969 ex. sess.,
the treasurer shall within thirty days following the submittal of
such report pay to each such city or town the difference between the
two such amounts by warrant drawn upon the appropriation made by this
section.

NEW SECTION. Sec. 9. Notwithstanding the provisions of any
other law and in the interest of effecting economies in state govern-
ment, no proposal or request for allocation of funds held by the gov-
ernor for contingencies subject to approval of the legislative budget
committee and the legislative council, or either of them, shall be
approved on or after the effective date of this act during the fiscal
biennium ending June 30, 1971. All appropriations of such funds which
are unallocated on the effective date of this act shall be returned
to the general fund: PROVIDED, That provisions of this section shall
not apply to any contingency fund amount appropriated by the legisla-
ture in this act or by the second extraordinary session of the forty-
first legislature.

NEW SECTION. Sec. 10. This act is necessary for the immediate
preservation of the public peace, health and safety, the support of
the state government and its existing public institutions, and shall
take effect immediately.

Passed the House February 12, 1970
Passed the Senate February 12, 1970
Approved by the Governor February 23, 1970, with the exception
of certain items in section 1, which are vetoed.
Filed in Office of Secretary of State February 24, 1970

NOTE: Governor's explanation of partial veto is as follows:
"...This Act is the supplemental appropriations
bill passed by the 1970 Session. I have ap-
proved this Act with the following exceptions:

1. On page 3, lines 32 to 33, an appropria-
tion of $27,655 is provided to the Teach-
ers' Retirement System.

The Teachers' Retirement System requested
$27,655 to provide additional investment
counselling. I agree that this is desir-
able. However, I have reviewed the funds
that the agency has in reserve status and
should save in the future if they adhere
to the Executive Order of October 10, 1969.
Based upon this review, I have concluded that sufficient funds are available in the present appropriation to provide the requested amount for investment counseling and this additional appropriation is unnecessary and I have therefore vetoed it.

Although the appropriation is not made directly from the general fund, I would like to emphasize that one-half of the administrative costs of the system are financed by a general fund appropriation. Even if there were no general funds involved in administrative costs of the agency, there is all too often a tendency for special fund agencies to become complacent about their expenditures. The fact that appropriations do not come directly or indirectly from the general fund does not remove the responsibility from state administrators to administer their programs in the most economical and efficient manner possible so that unnecessary tax burdens are not placed on the citizens of this state.

2. On page 4, lines 1 to 8, $43,142 is appropriated to the Canal Commission. All agencies were advised to submit funding requests to the Office of the Governor prior to the Extraordinary Session. After careful review, critically necessary requests were submitted to the Legislature. The Canal Commission did not inform the Governor's Office of its intent to seek additional funds, and the Commission did not participate in the development of the supplemental budget as required by law.

RCW 43.88.090 requires the Governor to obtain detailed estimates and other information from agency officials for the purpose of developing budget proposals. RCW 43.88.100 requires agency officials to disclose information necessary for the Governor to determine the need for various programs and to develop his budget submission.

The activities of the Canal Commission duplicate programs of the Army Corps of Engineers, the Department of Commerce and Economic Development, the various port authorities and other state and federal agencies. The Commission has completed the primary objective for which it was established, a feasibility study concerning a Puget Sound-Grays Harbor Canal. Elimination of duplication and efficient operation of the executive branch is the responsibility of the Governor. Especially during this period of fiscal restraint, scarce funds must be expended only on the most critical needs of the state. For the above reason, I have vetoed the
$43,142 general fund appropriation for the Canal Commission.

3. On page 4, lines 23 to 28, an appropriation of $92,000 is provided with the following language:

DEPARTMENT OF INSTITUTIONS HEADQUARTERS
General Fund Appropriations: PROVIDED That $92,000 shall be allocated from the amounts appropriated in Chapter 282, Laws of 1969, ex. sess. from the Department of Institutions Headquarters Appropriation . . . . . . . . . . . . . . . . . . . . . $92,000

It is with a great deal of reluctance that I find it necessary to veto this provision for two reasons. The language of the appropriation is in violation of Article 8, Section 4 of the Washington State Constitution in that it fails to state the purpose for which the funds are to be used. This makes it legally impossible to utilize this new appropriation as the basis for construction of the facility for which it was intended.

It is clear that the defective appropriation was intended to provide state matching funds for construction for All Faith Chapel at the Rainier School for the Mentally Retarded. The Committee responsible for raising local donations for this worthy project have succeeded in raising over $100,000 of the $200,000 they desire to construct the Chapel. The construction of this Chapel is highly desirable, and I will insure that the Department of Institutions will work with the Committee to aid them in meeting their fund raising goal. Should the requested general fund assistance be provided from existing appropriations, it would be necessary for the Department of Institutions to reduce by $92,000 some of the capital projects approved by the 1969 Legislature. Because the Department has already had to curtail in excess of $1.0 million in general fund capital projects in order to assist in meeting a potential general fund deficit, the diversion of an additional $92,000 would result in the curtailment of critically needed treatment facilities. I cannot justify a further reduction in capital funds for this purpose. For these two reasons, I have vetoed the provision."
