Such registration shall be renewed annually prior to January 1: PROVIDED, That registration is not required if a pesticide is shipped from one plant or warehouse to another plant or warehouse operated by the same person and used solely at such plant or warehouse as a constituent part to make a pesticide which is registered under the provisions of this act; if the pesticide is not sold and if the container thereof is plainly and

If the renewal of a pesticide registration is not filed prior to January 1 of any one year an additional fee of five dollars shall be assessed and added to the original fee and shall be paid by the applicant before the registration renewal for that pesticide shall be issued: PROVIDED, That such additional fee shall not apply if the applicant furnishes an affidavit certifying that he did not distribute such unregistered pesticide during the period of nonregistration. The payment of such additional fee is not a bar to any prosecution for doing business without proper registry.
NEW SECTION. Sec. 9. All federal, state, and county agencies shall register without fee all pesticides sold by them and they shall not be subject to the license provisions of new section 18 of this act.

NEW SECTION. Sec. 11. (1) If it does not appear to the director that the pesticide is such as to warrant the proposed claims for it or if the pesticide and its labeling and other material required to be submitted do not comply with the provisions of this act or regulations adopted thereunder he shall notify the registrant of the manner in which the pesticide, labeling, or other material required to be submitted fails to comply with the provisions of this act so as to afford the applicant an opportunity to make the necessary corrections. If, upon receipt of such notice, the applicant does not make the corrections the director shall refuse to register the pesticide. The applicant may request a hearing as provided for in chapter 34.04 RCW.

(2) The director may, when he determines that a pesticide or its labeling does not comply with the provisions of the act or the regulations adopted thereunder, cancel the registration of a pesticide after a hearing in accordance with the provisions of chapter 34.04 RCW.

NEW SECTION. Sec. 12. The director may, when he determines that there is or may be an imminent hazard to the public health and welfare, suspend on his own motion, the registration of a pesticide in conformance with the provisions of chapter 34.04 RCW.

   (i) The name and address of the manufacturer, registrant or person for whom manufactured;
   (ii) Name, brand or trademark under which the pesticide is sold;
   (iii) An ingredient statement on that part of the immediate container and on the outside container or wrapper, if there be one, through which the ingredient statement on the immediate container cannot be clearly read, of the retail package which is presented or displayed under customary conditions of purchase: PROVIDED, That the director may permit the ingredient statement to appear prominently on some other part of the container, if the size or form of the container makes it impracticable to place it on the part of the retail package which is presented or displayed under customary conditions of purchase;
   (iv) Directions for use and a warning or caution statement which are necessary and which if complied with would be adequate to protect the public and to prevent injury to the public, including living man, useful vertebrate animals, useful vegetation, useful invertebrate animals, wildlife, and land; and
   (v) The weight or measure of the content, subject to the provisions of chapter 19.94 RCW (state weights and measures act) as enacted or hereafter amended.

(e) If that pesticide contains any substance or substances in quantities highly toxic to man, determined as provided by new section 4 of this act, unless the label bears, in addition to any other matter required by this act:
   (i) The skull and crossbones;
   (ii) The word "POISON" in red prominently displayed on a background of distinctly contrasting color; and

(3) To a spray adjuvant when the label fails to state the type or function of the principal functioning agents.

NEW SECTION. Sec. 14. The term "adulterated" shall apply to any pesticide if its strength or purity deviates from the professed standard or quality as expressed on its labeling or under which it is sold, or if any substance has been substituted wholly or in part for the pesticide, or if any valuable constituent of the pesticide has been wholly or in part abstracted, or if any contaminant is present in an amount which is determined by the director to be a hazard.
NEW SECTION. Sec. 15. (1) It is unlawful for any person to distribute within the state or deliver for transportation or transport in intrastate commerce or between points within this state through any point outside this state any of the following:

(a) Any pesticide which has not been registered pursuant to the provisions of this act;

(b) Any pesticide if any of the claims made for it or any of the directions for its use or other labeling differs from the representations made in connection with its registration, or if the composition of a pesticide differs from its composition as represented in connection with its registration: PROVIDED, That at the discretion of the director, a change in the labeling or formula of a pesticide may be made within a registration period without requiring reregistration of the product;

(c) Any pesticide unless it is in the registrant's or the manufacturer's unbroken immediate container and there is affixed to such container, and to the outside container or wrapper of the retail package, if there is one through which the required information on the immediate container cannot be clearly read, a label bearing the information required in this act and the regulations adopted under this act;

(e) Any pesticide which is adulterated or misbranded, or any device which is misbranded;

(f) Any pesticide in containers, violating regulations adopted pursuant to section 4 (2) (f) of this act or pesticides found in containers which are unsafe due to damage.

(a) To sell or deliver any restricted use pesticide to any person who is required by law or regulations promulgated under such law to have a permit to use or purchase such restricted use pesticides unless such person or his agent, to whom sale or delivery is made, has a valid permit to use or purchase the kind and quantity of such restricted use pesticide sold or delivered: PROVIDED, That, subject to conditions established by the director, such permit may be obtained immediately prior to sale or delivery from any person designated by the director;

(b) For any person to detach, alter, deface or destroy, wholly or in part, any label or labeling provided for in this act or regulations adopted under this act, or to add any substance to, or take any substance from, a pesticide in a manner that may defeat the purpose of this act or the regulations adopted thereunder.
(c) For any person to use or cause to be used any restricted
use pesticide contrary to label directions or to regulations of the
director if those regulations differ from or further restrict the
label directions;

(d) For any person to use for his own advantage or to reveal,

state, or to the courts of the state in response to a subpoena, or to
physicians, or in emergencies to pharmacists and other qualified
persons for use in the preparation of antidotes, any information
relative to formulas of products acquired by authority of new section
6 of this act.

NEW SECTION. Sec. 16. When the director has reasonable cause
to believe a pesticide or device is being distributed, stored, or
transported in violation of any of the provisions of this act, or of
any of the prescribed regulations under this act, he may issue and
serve a written "stop sale, use or removal" order upon the owner or
custodian of any such pesticide or device. If the owner or custodian
is not available for service of the order upon him, the director may
attach the order to the pesticide or device. The pesticide or device
shall not be sold, used or removed until the provisions of this act
have been complied with and the pesticide or device has been released
in writing under conditions specified by the director, or the
violation has been otherwise disposed of as provided in this act by a
court of competent jurisdiction.

NEW SECTION. Sec. 17. (1) After service of a "stop sale, use
or removal" order is made upon any person, either that person or the
director may file an action in a court of competent jurisdiction in
the county in which a violation of this act or regulations adopted
thereunder is alleged to have occurred for an adjudication of the
alleged violation. The court in such action may issue temporary or
permanent injunctions mandatory or restraining, and such intermediate
orders as it deems necessary or advisable. The court may order
condemnation of any pesticide or device which does not meet the
requirements of this act or regulations adopted thereunder:
PROVIDED, That no authority is granted hereunder to affect the sale
or use of products on which legally approved pesticides have been
legally used.

(2) If the pesticide or device is condemned, it shall, after
entry of decree, be disposed of by destruction or sale as the court
directs, and the proceeds, if such pesticide or device is sold, less
cost including legal costs, shall be paid to the state treasury as
provided in new section 40 of this act: PROVIDED, That the pesticide
or device shall not be sold contrary to the provisions of this act or
regulations adopted thereunder. Upon payment of costs and execution
and delivery of a good and sufficient bond conditioned that the
pesticide or device shall not be disposed of unlawfully, the court may direct that the pesticide or device be delivered to the owner thereof for relabeling or reprocessing as the case may be.

(3) When a decree of condemnation is entered against the pesticide, court costs, fees, and storage and other proper expenses shall be awarded against the person, if any, appearing as claimant of the pesticide.

**NEW SECTION.** Sec. 18. (1) It shall be unlawful for any person to act in the capacity of a pesticide dealer, or advertise as, or assume to act as a pesticide dealer at any time without first having obtained an annual license from the director which shall expire on the final day of February. A license shall be required for each location or outlet located within this state from which such pesticides are distributed: PROVIDED, That any manufacturer, registrant, or distributor who has no pesticide dealer outlet licensed within this state and who distributes such pesticides directly into this state shall obtain a pesticide dealer license for his principal out-of-state location or outlet: PROVIDED FURTHER, That such licensed out-of-state pesticide dealer shall be exempt from the pesticide dealer manager requirements.

(2) Application for a license shall be accompanied by a ten dollar annual license fee and shall be on a form prescribed by the director and shall include the full name of the person applying for such license and the name of the individual within the state designated as the pesticide dealer manager. If such applicant is a partnership, association, corporation, or organized group of persons, the full name of each member of the firm or partnership or the names of the officers of the association or corporation shall be given on the application. Such application shall further state the principal business address of the applicant in the state and elsewhere, the name of a person domiciled in this state authorized to receive and accept service of summons of legal notices of all kinds for the applicant, and any other necessary information prescribed by the director.

(3) It shall be unlawful for any licensed dealer outlet to operate without a pesticide dealer manager who has a license of qualification. The department shall be notified forthwith of any change in the pesticide dealer manager designee during the licensing period.

(4) Provisions of this section shall not apply to a licensed pesticide applicator who sells pesticides only as an integral part of his pesticide application service when such pesticides are dispensed only through apparatuses used for such pesticide application; or any federal, state, county, or municipal agency which provides pesticides only for its own programs.
NEW SECTION. Sec. 19. If an application for renewal of a pesticide dealer license is not filed on or prior to March 1 of any one year an additional fee of ten dollars shall be assessed and added to the original fee and shall be paid by the applicant before the renewal license shall be issued: PROVIDED, That such additional fee shall not apply if the applicant furnishes an affidavit that he has not operated as a pesticide dealer subsequent to the expiration of his prior license.

NEW SECTION. Sec. 20. The director shall require each pesticide dealer manager to demonstrate to the director his knowledge of pesticide laws and regulations; pesticide hazards; and the safe distribution, use and application, and disposal of pesticides by satisfactorily passing a written examination after which the director shall issue a license of qualification. The director shall charge a five dollar examination fee for each examination administered on a regularly scheduled examination date.

NEW SECTION. Sec. 21. No individual shall perform services as a pest control consultant after February 28, 1973, without first obtaining from the director an annual license which shall expire on the final day of February of each year. Application for a license shall be on a form prescribed by the director and shall be accompanied by a fee of ten dollars: PROVIDED, That licensed pesticide applicators and operators; employees of federal, state, county, or municipal agencies when acting in their official capacities; and pesticide dealer managers and employees working under the direct supervision of the pesticide dealer manager and only at a licensed pesticide dealer's outlet, shall be exempt from this licensing provision.

NEW SECTION. Sec. 22. For the purpose of this section public pest control consultant means any individual who is employed by a governmental agency or unit to act as a pest control consultant as defined in section 3, (23) of this act. No person shall act as a public pest control consultant on or after February 28, 1973 without first obtaining an annual nonfee license from the director which shall expire on the final day of February of each year. Application for a license shall be on a form prescribed by the director: PROVIDED, That federal and state employees whose principal responsibilities are in pesticide research, the jurisdictional health officer or his duly authorized representative, and public operators licensed under RCW 17.21.220 shall be exempt from this licensing provision.

NEW SECTION. Sec. 23. The director shall require each applicant for a pest control consultant's license or a public pest control consultant's license to demonstrate to the director the applicant's knowledge of pesticide laws and regulations; pesticide
hazards; and the safe distribution, use and application, and disposal of pesticides by satisfactorily passing a written examination for the classifications for which he has applied prior to issuing his license. An examination fee of five dollars shall be charged when an examination is requested at other than a regularly scheduled examination date.

NEW SECTION. Sec. 24. The director may classify licenses to be issued under the provisions of this act. Such classifications may include but not be limited to agricultural crops, ornamentals, or noncrop land herbicides. If the licensee has a classified license he shall be limited to practicing within these classifications. Each such classification shall be subject to separate testing procedures and requirements: PROVIDED, That no person shall be required to pay an additional license fee if such person desires to be licensed in one or all of the license classifications provided for by the director under the authority of this section. The director may renew any applicant's license under the classification for which the applicant is licensed, subject to reexamination when deemed necessary because new knowledge or new classifications are required to carry out the responsibilities of the licensee.

NEW SECTION. Sec. 25. Any person issued a license or permit under the provisions of this act may be required by the director to keep accurate records on a form prescribed by him which may contain the following information:

(1) The delivery, movement or holding of any pesticide or device, including the quantity;

(2) The date of shipment and receipt;

(3) The name of consignor and consignee; and

(4) Any other information, necessary for the enforcement of this act, as prescribed by the director.

The director shall have access to such records at any reasonable time to copy or make copies of such records for the purpose of carrying out the provisions of this act.

NEW SECTION. Sec. 26. The director is authorized to deny, suspend, or revoke any license, registration or permit provided for in this act subject to a hearing and in conformance with the provisions of chapter 34.04 RCW (Administrative Procedure Act) in any case in which he finds there has been a failure or refusal to comply with the provisions of this act or regulations adopted hereunder.

NEW SECTION. Sec. 27.
