Note: Governor's explanation of partial veto is as follows:

"...I am vetoing section 69.50.510 which pertains to recording of private communications and conversations. While a change in the law of this state with regard to wiretapping and the use of recording devices by law enforcement officers may be necessary, I am of the opinion that such changes must, in the interest of safeguarding the citizens right to privacy, be taken in the context of comprehensive revision with provisions for proper judicial supervision. The partial revision represented by this section can only delay and frustrate such efforts while opening the door to possible abuse.

I have also vetoed section 69.50.511 which provides for immunity from prosecution for witnesses when such immunity is necessary in the enforcement of the Controlled Substances Act. Enactment of the new grand jury bill with its immunity provisions and its provision for inquiry judges will insure availability of immunity as a law enforcement tool in combating drug abuse. It would be unwise to jeopardize this tool through possible conflict of two bills dealing with the same subject."

Prior to the establishment of such rates, the secretary shall give at least twenty days notice of such intended action by mail to such persons or agencies as have made timely request of the secretary for advance notice of establishment of such vendor rates. Such rates shall not exceed the amounts reasonable and necessary to assure quality services and shall not exceed the costs reasonably assignable to such services pursuant to cost finding and monitoring procedures to be established by the secretary. Information to support such rates of payment shall be maintained in a form accessible to the public.

(2) The probability that program and workload performance standards will be met, by means of the services purchased.
