CHAPTER 131
[Second Substitute House Bill No. 1316]
SENIOR CITIZENS SERVICES ACT

AN ACT Relating to senior citizens; adding a new chapter to Title 74 RCW; and making an appropriation.

Be it enacted by the Legislature of the State of Washington:

NEW SECTION. Section 1. The legislature recognizes the need for the further development and expansion of alternative forms of care for senior citizens. These alternative forms should be developed to assure that senior citizens receive the level of care needed and that appropriate resources are available to match client needs. Furthermore, services received should be designed to restore individuals to, or maintain them at, the level of independent living they are capable of attaining. Such a system of alternative care should be designed to allow senior citizens to move within this system, thus allowing the appropriate services to be rendered according to the care needs. The provision of service should continue until the client is able to function independently, moves to an institution, moves from the state, dies, or withdraws from the program.

Therefore, the legislature deems it to be the public policy of this state that programs shall be developed in order to more appropriately meet the care needs of senior citizens through the creation and/or expansion of alternative care services and a resulting reduction in institutional care.
NEW SECTION. Sec. 2. As used in this chapter, the following words and phrases shall have the following meaning unless the content clearly requires otherwise:

Sec. 3024 et. seq.), as now or hereafter amended.

3. "Department" means the department of social and health services.

4. "Office" shall mean the office on aging which is the organizational unit within the department responsible for coordinating and administering aging problems.

5. "Eligible persons" means senior citizens who are:
   (a) Sixty years of age or more and are either (i) nonemployed, or (ii) employed for twenty hours per week or less; or

Passed the House March 24, 1976.
Passed the Senate March 24, 1976.
Approved by the Governor April 19, 1976 with the exception of section 8 which is vetoed.
Filed in Office of Secretary of State April 19, 1976.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith without my approval as to one section Second Substitute House Bill No. 1316 entitled:

"AN ACT Relating to senior citizens."

Section 8 of the bill requires the Department of Social and Health Services to submit any demonstration project proposals involving use of federal funds to the standing committees on Social and Health Services and Ways and Means for prior review and approval.

It is essential in our system of government that the Legislature be fully informed on the activities of state agencies carrying out legislative delegations of authority. It is equally important that the executive branch of government, once given legislative guidelines by statute, not be hampered in its administration of the laws by having to seek legislative approval of program decisions at every turn. Section 8 violates this elementary principle of good government by requiring the Department of Social and Health Services, in carrying out the provisions of the bill, to seek prior approval of one phase in its decision-making process from four separate legislative committees. Moreover, there is no question that the process of seeking such approval would involve unnecessary delay in the programs for senior citizens provided by the bill.

I am confident that should federal funds be available, the department can rapidly channel those funds into programs authorized by the bill and do so in a manner consistent with legislative intent.

With the exception of section 8 which I have vetoed for the reasons stated, the remainder of Second Substitute House Bill No. 1316 is approved."
