*NEW SECTION. Sec. 81. This 1977 amendatory act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions and shall take effect on July 1, 1977.

*Sec. 81. was vetoed, see message at end of chapter.

Passed the Senate May 23, 1977.
Passed the House May 20, 1977.
Approved by the Governor June 2, 1977, with the exception of section 81 which is vetoed.
Filed in Office of Secretary of State June 2, 1977.

Note: Governor's explanation of partial veto is as follows:

*I am returning herewith without my approval as to one section, Substitute Senate Bill No. 2924 entitled:

*AN ACT Relating to transportation; creating a department of transportation and prescribing its general structure, personnel, powers, duties, and functions; transferring to the jurisdiction of the department of transportation and/or the secretary of transportation certain powers, duties and functions of the department of highways, the highway commission, the toll bridge authority, the aeronautics commission, the planning and community affairs agency, and the canal commission; transferring to the jurisdiction of the secretary of transportation certain powers, duties, and functions of certain state officials, boards, and commissions; providing the procedure for the aforesaid transfers; saving certain rights; abolishing certain state agencies and offices;*

Section 81 of the bill declares an emergency and provides for the act to take effect July 1, 1977. Under the Constitution, Article II, Sections 1(b) and 41, the use of an emergency clause should be restricted to those instances where the use is clearly warranted due to the urgency of the situation.

This bill creates a new state agency with great responsibilities. Many provisions of the bill must be carefully studied and will require implementation. In addition, the selection of commissioners and consolidation of other agencies within the department of transportation will necessitate some time. For these reasons I see no need for the emergency clause and thus have respectfully vetoed the same. With the exception of section 81 which I have vetoed, the remainder of Substitute Senate Bill No. 2924 is approved.*

In ((adopting or revising)) preparing classification and salary schedules as set forth in RCW 41.06.150 as now or hereafter amended the ((board)) department of personnel shall give full consideration to prevailing rates in other public employment and in private employment in this state ((and)). For this purpose the department shall ((have made periodic wage)) undertake salary and fringe benefit surveys to be planned and conducted on a joint basis with the higher education personnel board, with one such survey to be conducted each year prior to the convening of each regular session of the state legislature((;)). The results of ((such wage)) each salary and fringe benefit survey ((to)) shall be forwarded with a recommended state salary schedule to the governor and ((state-budget)) director of the office of program planning and fiscal management for their use in preparing budgets to be submitted to the succeeding legislature. A copy of the data and supporting documentation shall be furnished by the department of personnel to the standing committees for appropriations of the senate and house of representatives.

The department shall furnish the following supplementary data in support of its recommended salary schedule:

1. A total dollar figure which reflects the recommended increase or decrease in state salaries as a direct result of the specific salary and fringe benefit survey that has been conducted and which is categorized to indicate what portion of the increase or decrease is represented by salary survey data and what portion is represented by fringe benefit survey data;

2. An additional total dollar figure which reflects the impact of recommended increases or decreases to state salaries based on other factors rather than directly on prevailing rate data obtained through the survey process and which is categorized to indicate the sources of the requests for deviation from prevailing rates and the reasons for the changes;

3. A list of class codes and titles indicating recommended monthly salary ranges for all state classes under the control of the department of personnel with:

   a. Those salary ranges which do not substantially conform to the prevailing rates developed from the salary and fringe benefit survey distinctly marked and an explanation of the reason for the deviation included; and

   b. Those department of personnel classes which are substantially the same as classes being used by the higher education personnel board clearly marked to show the commonality of the classes between the two jurisdictions;

4. A supplemental salary schedule which indicates the additional salary to be paid state employees for hazardous duties or other considerations requiring extra compensation under specific circumstances. Additional compensation for these circumstances shall not be included in the basic salary schedule but shall be maintained as a separate pay schedule for purposes of full disclosure and visibility; and

5. A supplemental salary schedule which indicates those cases where the board determines that prevailing rates do not provide similar salaries for positions that require or impose similar responsibilities, judgment, knowledge, skills, and working conditions. This supplementary salary schedule shall contain proposed salary adjustments necessary to eliminate any such dissimilarities in compensation. Additional compensation needed to eliminate such salary dissimilarities shall not be
included in the basic salary schedule but shall be maintained as a separate salary schedule for purposes of full disclosure and visibility.

It is the intention of the legislature that requests for funds to support recommendations for salary deviations from the prevailing rate survey data shall be kept to a minimum, and that the requests be fully documented when forwarded by the department of personnel. Further, it is the intention of the legislature that the department of personnel and the higher education personnel board jointly determine job classes which are substantially common to both jurisdictions and that basic salaries for these job classes shall be equal based on salary and fringe benefit survey findings.

The plans prepared under this section shall be developed jointly by the department of personnel in conjunction with the higher education personnel board established under chapter 28B.16 RCW. Salary surveys shall be conducted according to the following criteria in addition to any other provisions under this chapter:

(1) Adjustments of state salaries to prevailing rates in Washington state private industries and other governmental units shall be determined by comparisons of weighted averages of salaries, including weighted averages of salaries from out-of-state sources when necessary to obtain statistically valid salary surveys; and

(2) Determination of state salary changes from prevailing rate data collected in salary surveys shall be based on occupational group averages containing related job classes where appropriate rather than on comparisons of survey data to individual state job classes.
NEW SECTION. Sec. 13. There is added to chapter 36, Laws of 1969 ex. sess. and to chapter 28B.16 RCW a new section to read as follows:

After consultation with institution heads, employee organizations, and other interested parties, the board shall develop standardized employee performance evaluation procedures and forms which shall be used by institutions of higher learning for the appraisal of employee job performance at least annually. These procedures shall include means whereby individual institutions may supplement the standardized evaluation process with special performance factors peculiar to specific organizational needs. This evaluation procedure shall place primary emphasis on recording how well the employee has contributed to efficiency, effectiveness, and economy in fulfilling institution and job objectives. A standardized performance evaluation procedure shall be instituted not later than July 1, 1978, for all employees.

NEW SECTION. Sec. 14. If any provision of this 1977 amendatory act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected.

*NEW SECTION. Sec. 15. This 1977 amendatory act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect immediately.

*Sec. 15. was vetoed, see message at end of chapter.

Passed the Senate May 26, 1977.
Passed the House May 20, 1977.
Approved by the Governor June 3, 1977, with the exception of section 15 which is vetoed.

Filed in Office of Secretary of State June 3, 1977.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith without my approval as to one section Substitute Senate Bill No. 2383 entitled:

"An Act Relating to public employment; providing salary surveys; providing for local administration and management by institutions of higher education and related boards; mandating the higher education personnel board to adopt rules for training programs and regular increment pay increases."

Section 15 of the bill declares an emergency and provides for the act to take effect immediately. Under the Constitution, Article II, Sections 1(b) and 41, the use of an emergency clause does two things. First, it alters the time when a particular piece of legislation becomes effective, thereby eliminating what may be a desirable adjustment period for affected persons. Second, it exempts the legislation from the important referendum right reserved by the people. Because of these effects, the use of the clause should be restricted to those instances where the use is clearly warranted due to the urgency of the situation.

With the exception of Section 15, which I have vetoed, the remainder of Substitute Senate Bill No. 2383 is approved."
