CHAPTER 161
[Engrossed Senate Bill No. 3002]
SCENIC RIVER SYSTEM

AN ACT Relating to scenic rivers; and adding a new chapter to Title 79 RCW.

Be it enacted by the Legislature of the State of Washington:

NEW SECTION. Section 1. The legislature hereby finds that many rivers of this state, with their immediate environs, possess outstanding natural, scenic, historic, ecological, and recreational values of present and future benefit to the public. The legislature further finds that the policy of permitting the construction of dams and other impoundment facilities at appropriate sections of the rivers of this state needs to be complemented by a policy that would protect and preserve the natural character of such rivers and fulfill other conservation purposes. It is hereby declared to be the policy of this state that certain selected rivers of the state which, with their immediate environs, possess the aforementioned characteristics, shall be preserved in as natural a condition as practical and that overuse of such rivers, which tends to downgrade their natural condition, shall be discouraged.

The purpose of this chapter is to establish a program for managing publicly owned land on rivers included in the state's scenic river system, to indicate the river segments to be initially included in that system, to prescribe a procedure for adding additional components to the system, and to protect the rights of private property owners.

NEW SECTION. Sec. 2. The following terms when used in this chapter shall be defined as follows unless the context clearly requires otherwise:

(1) "Department" means state parks and recreation commission.

(2) "Committee of participating agencies" or "committee" means a committee composed of the executive head, or such executive's designee, of each of the state departments of ecology, fisheries, game, natural resources, and highways, the state parks and recreation commission, the interagency committee for outdoor recreation, the Washington state association of counties, and the association of Washington cities.

When a specific river or river segment of the state's scenic river system is being considered by the committee, a representative of each participating local government associated with that river or river segment shall serve as a member of the committee.

(3) "Participating local government" means the legislative authority of any city or county, a portion of whose territorial jurisdiction is bounded by or includes a river or river segment of the state's scenic river system.
