The county legislative authority of each county in the state hereafter formed shall, at their first session, divide their respective counties into election precincts with two hundred fifty voters or less and establish the boundaries of the same; the county auditor shall thereupon designate the voting place for each such precinct.

Sec. 5. Section 29.04.055, chapter 9, Laws of 1965 as amended by section 1, chapter 127, Laws of 1974 ex. sess. and RCW 29.04.055 are each amended to read as follows:

At any ~~((primary, regular, or special county, city, town, or district))~~ election, general or special, or at any primary, the election authority ~~((of any such municipality or district))~~ may combine, unite, or divide precincts for the purpose of holding such election: PROVIDED, That in the event such election shall be held upon the day of any state primary or state general election held in an even-numbered year this section shall not apply.

NEW SECTION. Sec. 6. In all counties, all voters shall be registered in accordance with the provisions of this chapter. For the purpose of this chapter,

"county auditor" shall have the meaning ascribed to that term by RCW 29.04.095(1). The county auditor shall be responsible for the conduct of voter registration within the county and shall be the custodian of all official voter registration records for that county.

NEW SECTION. Sec. 7. The secretary of state shall design a unified voter registration form, compatible with existing records, which will permit the applicant to conveniently prepare, on a single card, an original registration, an initiative signature card as required by section 14 of this 1977 amendatory act, and a cancellation of any prior registration in this state. The applicant shall enter the required information, other than his or her signature, no more than one time. The form shall also contain instructions on its use, a notification of filing deadlines specified by section 16 of this 1977 amendatory act, a warning to the applicant of the penalty for knowingly supplying false information, and space for the county auditor to enter the voter's precinct identification, taxing district identification, and registration number. The reverse side of the form shall be printed to permit mailing to the county auditor.

NEW SECTION. Sec. 8. Registration forms necessary to carry out the registration of voters as provided by this chapter shall be furnished by the secretary of state without cost to the respective counties.

NEW SECTION. Sec. 9. The original voter registration records for all precincts within each county shall be filed alphabetically without regard to precincts in the office of the county auditor and shall not be open to public inspection. The information from such records, with the exception of date of birth, shall be available for public inspection and copying as provided in RCW 29.04.100 and 29.04.110.

NEW SECTION. Sec. 10. Each county auditor shall maintain a computer file on magnetic tape or disk, punched cards, or other form of data storage containing the records of all registered voters within the county. Where it is necessary or advisable, the auditor may provide for the maintenance of such files by private contract or through interlocal agreement as provided by chapter 39.34 RCW, as now or hereafter amended. The computer file shall include, but not be limited to, each voter's name, residence address, sex, date of registration, applicable taxing district and precinct codes, and the last five consecutive dates on which the individual has voted: PROVIDED, That if the voter has not voted at least five times since establishing his or her current registration record, only the available dates shall be included. The county auditor shall subsequently record each consecutive date upon which the individual votes and retain at least the last five such consecutive dates. The computer file of voter registration records shall be arranged so that individual precinct lists of registered voters may be prepared containing only the names, and other information required by this section, listed alphabetically by the surnames of the voters in that precinct.

NEW SECTION. Sec. 11. There is established in the state general fund an account, entitled the voter registration assistance account, to be used to compensate county auditors in counties with fewer than twelve thousand registered voters at the time of the most recent state general election, for unrecoverable costs incident to the maintenance of voter registration records on electronic data processing systems. The secretary of state shall administer the voter registration assistance account and

authorize the payments therefrom under such rules as he may prescribe. County auditors in counties entitled to this compensation shall be paid annually an amount equal to thirty cents for each registered voter in that county at the time of the most recent state general election.

NEW SECTION. Sec. 12. The expense of voter registration and the maintenance of voter registration records shall be apportioned between the county and the cities and towns within that county according to the number of voters registered in all rural areas of the county and in each city and town, respectively, at the time of the last state general election.

NEW SECTION. Sec. 13. The county auditor shall be responsible for the distribution of voter registration forms by which a person may register to vote and cancel any previous registration in the state. Registrations submitted on such voter registration forms need not be subscribed to by the county auditor or a deputized registrar. The county auditor shall keep an adequate supply of voter registration forms in his or her office at all times for political parties and others interested in assisting in voter registration, and he or she shall make every effort to make these forms generally available to the public through government offices, businesses, labor union offices, schools, and any other locations necessary to extend registration opportunities to all areas of the county. After the initial distribution of voter registration forms to a given location, it shall be the duty of a representative designated at that location by that office, business, union, school, firm, or other establishment to notify the county auditor of the need for additional supplies of voter registration forms.

NEW SECTION. Sec. 14. An applicant for registration shall record on the registration form the following items concerning his or her qualifications as a voter of this state, and of the county, city, town, and precinct in which he or she applies for registration:

(1) The address of his or her last former registration as a voter in this state, if applicable;

(2) His or her full name;

(3) His or her sex;

(4) His or her date of birth;

(5) His or her place of residence for voting purposes, giving the street and number, or post office box and physical description sufficient to determine location; and

(6) His or her daytime telephone number, if any. After completing this information concerning his or her qualifications, the applicant shall sign a statement in the following form: "I, the undersigned, hereby declare that the facts set forth relating to my qualifications as a voter are true. I further declare that I am a citizen of the United States, that I am not presently denied my civil rights as a result of being convicted of an infamous crime, that I will have lived in this state, county, and precinct thirty days immediately preceding the next election at which I offer to vote, and that I will be at least eighteen years of age at the time of voting."

The applicant shall also sign his or her name upon a separate portion of the voter registration card, to be designated as an initiative signature card, which also contains spaces for his or her surname, followed by his or her given name or names,

the name of the county and city or town, with post office or street address, the date on which the individual registered, and the name or number of the precinct in which the voter is registered.

The voter registration form shall provide, in a conspicuous place, the following warning: "Any person who knowingly supplies false information on this voter registration form or who knowingly makes a false declaration as to his or her qualifications for registration shall be guilty of a class C felony."

NEW SECTION. Sec. 15. Upon receipt of a completed voter registration form, the county auditor shall immediately examine the form to see that the applicant for registration is not currently registered in that county and shall record on the form the precinct identification, taxing district identification, and other information required by law. Except as provided in section 16 of this 1977 amendatory act, the county auditor, within thirty days of receipt of a voter registration form, shall send to the applicant by first class mail a voter registration card identifying his or her current precinct and containing such other information as may be prescribed by the secretary of state. If the voter registration form is incomplete or incorrect the county auditor, within fifteen days of receipt of such form, shall so notify the applicant, and if necessary, send him or her a new voter registration form. The post office shall be instructed not to forward this form or any voter registration card to any other address and to return to the county auditor all undelivered forms and voter registration cards.

NEW SECTION. Sec. 16. To be included among the records of a given precinct for any primary or election, the applicant's voter registration form must be received not later than thirty days prior to that primary or election. An applicant for voter registration whose otherwise complete and correct application is received less than thirty days prior to a primary or election shall be notified by the county auditor that he or she is not eligible to vote in such primary or election at a regular precinct polling place, explaining that he or she may vote an absentee ballot for said primary or election under section 19 of this 1977 amendatory act.

NEW SECTION. Sec. 17. At least thirty-five days prior to each primary or election, the county auditor shall give notice that, in order to be eligible to vote in that election at a regular precinct polling place, an original voter registration form or a request for transfer must be received not later than thirty days prior to that primary or election.

NEW SECTION. Sec. 18. Any qualified elector temporarily residing outside of the county of his or her permanent residence but within the state of Washington, may submit a registration form to the auditor of the county in which he or she is temporarily residing in the manner provided in this chapter. The county auditor receiving the voter registration forms as provided in section 15 of this 1977 amendatory act shall transmit the forms to the county auditor of the county where the applicant permanently resides. A voter registration form received from another county shall be processed immediately by the county auditor of the place of permanent residence of the applicant in the manner provided in sections 15 and 16 of this 1977 amendatory act.

NEW SECTION. Sec. 19. Any otherwise qualified elector whose otherwise complete and correct application for voter registration is received by the county

auditor less than thirty days prior to a primary or election, general or special, may apply prior to the day of any such primary or election in person to the office of the county auditor of the county of his or her residence for a special absentee ballot for such election or primary. The auditor shall register the individual in the manner provided in this chapter, but the registration shall not be effective until thirty days after its execution. The auditor, after the twenty-first day before the election in which the individual intends to vote, shall issue the individual an absentee ballot for any election which occurs before the effectiveness of the individual's registration. This absentee ballot shall be of the same form and shall be processed and canvassed in the same manner as other absentee ballots under chapter 29.36 RCW, as now or hereafter amended.

NEW SECTION. Sec. 20. On the first Monday of each calendar month the county auditor shall transmit all initiative signature cards which have been received in his or her office during the prior month to the secretary of state for filing in his office. Each lot must be accompanied by the certificate of the county auditor that the cards so transmitted are the original cards, and that the voters are registered in the precincts and from the addresses shown thereon.

NEW SECTION. Sec. 21. The initiative signature cards shall be kept on file in the office of the secretary of state in such manner as will be most convenient for, and for the sole purpose of, checking initiative and referendum petitions. They shall not be open to public inspection or be used for any other purpose.

NEW SECTION. Sec. 22. Prior to each primary or election, the county auditor shall prepare a precinct list of registered voters for each precinct in which that primary or election is to be conducted and a certificate as to the authenticity of those records. He or she shall deliver the precinct list of registered voters and the certificate to the inspector or one of the judges of the appropriate precinct at the proper polling place as provided by RCW 29.48.030, as now or hereafter amended.

NEW SECTION. Sec. 23. The precinct list of registered voters for each precinct, delivered to the precinct election officers for use on the day of a primary or an election held in that precinct, shall be returned by them to the county auditor upon the closing of the polling place or at the completion of the count of the votes cast in that precinct at the primary or election. The lists shall be retained by the county auditor for a period of at least one year following the election. These records shall be open to public inspection under such rules as the county auditor may prescribe.

NEW SECTION. Sec. 24. The secretary of state, as chief election officer, shall adopt rules not inconsistent with the provisions of this chapter to:

- (1) Provide the specifications, including style, form, color, quality, and dimensions of the cards, records, forms, lists, and other supplies to be used in recording and maintaining voter registration records;
- (2) Establish standards and procedures for the maintenance of voter registration records on electronic data processing systems and the use of voter registration information in the conduct of elections; and
- (3) Facilitate the registration of voters in an orderly manner and assist county auditors in the performance of their responsibilities under this chapter.

He or she shall provide planning, coordination, training, and other assistance to county auditors to facilitate the maintenance of voter registration records on electronic data processing systems and the use of voter registration in the conduct of elections.

NEW SECTION. Sec. 25. Sections 6 through 24 of this 1977 amendatory act shall constitute a new chapter in Title 29 RCW.

Sec. 26. Section 29.10.040, chapter 9, Laws of 1965 as amended by section 26, chapter 202, Laws of 1971 ex. sess. and RCW 29.10.040 are each amended to read as follows:

Beginning at the top of the left hand column, at the left of the line shall appear the name of the position for which the names to the immediate right are candidates, and below the name of the office or position the words, "Vote for", then the words "One", "Two", or a spelled number designating how many persons under that head are to be voted for. All ballot cards for primary elections shall be sequentially numbered, but done in such a way to permit removal of such numbers by precinct election workers without leaving any identifying marks on the ballot. Additional sets of ballot pages for the voting devices shall be printed in which the positions of the names of all candidates for each such office or position shall be changed as many times as there are candidates in the office or position in which there are the greatest number of names. In making the changes of position between each set of ballot pages, the candidates for each such office in the first position under the office heading shall be moved to the last position under that office heading, and each other name shall be moved to the position previously occupied by the name of the preceding candidate under that office heading in the order of filing for such office. Such proceedings shall be open to the public, but no persons except those employed and authorized for the purpose shall touch any ballot card or ballot container.

Technical assistance from private vendors to the county auditor shall be limited to advice and assistance in the training of precinct election officers and counting center personnel and the development of instructional materials for use in such training, routine maintenance and repair service on the voting devices and vote tallying systems, and any emergency assistance required due to the mechanical failure of any voting device or vote tallying system. Private vendors may provide the compilation of computer programs and preparation of office and report files according to the specifications established by the county auditor for a specific primary or election. All precinct program cards shall be prepared by the county auditor or the staff of his office. Ballot layout functions are to be performed by the secretary of state for federal offices and state-wide measures and offices, and by the county auditor for all other measures and offices.

NEW SECTION. Sec. 72. There is added to chapter 29.34 RCW a new section to read as follows:

At the direction of the county auditor, a representative of each major political party shall together stop at each designated polling place and pick up the sealed containers containing the voted ballot cards for delivery to the counting center. There may be as many as two such stops at each polling place, but the first stop may not be made prior to 2:00 p.m. and the second stop may not be made until after the polls have been closed to voting.

The procedure for transporting voted ballot cards from the respective polling places to the counting center or to predesignated collection stations shall include, but not be limited to, the following measures:

(1) On the day of the primary or election in precincts where ballots are cast on voting devices, two precinct election officials, one representing each major political party, shall place all voted ballots in noncombustible, water resistant ballot containers, furnished by the county auditor and properly identified with his mailing address, and seal the containers with prenumbered seals. The precinct election officials of each major political party or representative of each major political party designated by the county auditor to deliver such ballots shall transport the sealed ballot containers to the counting center or to a predesignated collection station in an enclosed vehicle, making certain that all doors and windows thereof other than those windows necessary for adequate ventilation are closed and locked.

(2) At the counting center or the collection stations where the sealed ballot containers are delivered by the designated representatives of the major political parties, the county auditor or his designated representative shall receive the sealed ballot containers with the voted ballot cards enclosed, record the time and date together with each precinct and seal number, and complete signed receipts indicating the time, date, and precinct and seal number of each ballot container received, and give a copy of such receipt to the representatives delivering the ballot containers as such containers are received.

(3) If the ballot containers are delivered to the collection station instead of being delivered directly to the counting center, the county auditor or his designated representative shall transfer such election containers to the counting center in an enclosed vehicle, making certain that all doors and windows thereof other than those windows necessary for adequate ventilation are closed and locked. All ballots being so transferred shall be accompanied by two appointed officials, who shall not be of the same political party, and a representative of the county auditor, who may be one of the appointed officials.

NEW SECTION. Sec. 73. There is added to chapter 29.34 RCW a new section to read as follows:

At least three days prior to the day of the primary or general election, all programming for the vote tallying system to be used at that primary or general election shall be tested by the secretary of state or his designee to ascertain that the equipment will correctly count the vote cast for all candidates and on all measures appearing on the ballot at that primary or general election. The tests shall be conducted by processing a preaudited group of ballots prepared by the office of secretary of state, so punched or marked as to record a predetermined number of ballot votes for each candidate and for and against each measure. For each office for which there are two or more candidates and for each issue, the group of test ballots shall include one or more ballots which have votes in excess of the number allowed by law, in order to verify the ability of the vote tallying system to reject such votes. The test shall be designed to verify the capability of the vote tallying system to perform all of the functions that can reasonably be expected to occur during conduct of that particular primary or election, including but not limited to verification of the content of the ballot format for each precinct or polling place, verification of rotation in the program, and verification of major error identification routines in the program of the vote tallying system. If any error is detected, the cause thereof shall be ascertained and corrected, and an errorless count shall be made before the programming is approved and certified.

Such tests shall be observed by at least two observers, who shall not be of the same political party, designated by the county chairmen of the respective county central committees, and shall be open to candidates, the press, and the public. The secretary of state, the county auditor, and the political party observers shall certify that the test has been properly conducted. Copies of such certification shall be retained by the secretary of state and the county auditor. All programming materials and test ballots shall be securely locked in a noncombustible, water resistant container, and sealed until the day of the primary or general election. This test shall be repeated immediately before the start of the official count of ballots in the same manner as set forth above.

The political party observers, upon mutual agreement, may request a precinct, to be selected at random, at the point of check-in, and manually take a total count of ballots and/or a total count for any one office, return that precinct to the counting center, and request a detailed printout. This may be done as many as three times during the official count so that the accuracy of the proceedings can be again verified by the count of the preaudited group of ballots.

NEW SECTION. Sec. 74. There is added to chapter 29.34 RCW a new section to read as follows:

The ballot cards picked up during the polling hours may subsequently be counted before the polls have closed: PROVIDED, That all such election returns must be held in secrecy in the same manner as the count of paper ballots during polling hours as provided by RCW 29.54.030. Any person revealing any election returns to unauthorized persons prior to the close of the polls shall be subject to the same penalties as provided by RCW 29.54.035.

Upon breaking the seals and opening the containers, all voted ballot cards shall be checked for partially removed chads, whereupon any such partially removed chads shall be entirely removed from the ballot cards. If it is found that any ballot is damaged or defective so that it cannot properly be counted by the vote tallying system, a true duplicate copy shall be made of the damaged ballot in the presence of witnesses and substituted for the damaged ballot. All such damaged ballots shall be kept by the county auditor until sixty days after the primary or election concerned.

The returns printed by the vote tallying system, to which has been added the count of questioned ballots, challenged ballots, write-in votes, and absentee votes, shall constitute the official returns of the primary or election in that county.

Sec. 75. Section 32, chapter 109, Laws of 1967 ex. sess. and RCW 29.34.170 are each amended to read as follows:

The secretary of state, upon promulgating the rules and regulations necessary for carrying out the purpose of this ((1967 amendatory act)) chapter, shall publish manuals containing the applicable rules and regulations and statutes for the guidance of the county auditor relating to the printing of ballot cards and preparation of the vote tallying systems, for the guidance of precinct election officers serving ballot card precincts, and for the guidance of election officers and operators of tabulating equipment at counting centers.

There shall be no charge for such manuals, and the number to be printed and the distribution thereof shall be determined by the secretary of state.

At each general election in the even-numbered year, each absentee voter shall also be given a separate ballot containing the names of the candidates that have filed for the office of precinct committeeman provided that two or more candidates have filed for the same political party in the absentee voter's precinct and providing space for writing in the name of additional candidates.

In addition, if other elections, including special or general, are also being held on the same day and it can be determined that the absentee voter is qualified to vote at such elections, such additional absentee ballots shall be automatically issued to the end that, whenever possible, each absentee voter receives the ballots for all elections he would have received if he had been able to vote in person.

The election officer, or his duly authorized representative, shall include the following additional items when issuing an absentee ballot:

- (1) Instructions for voting.
- (2) A size #9 envelope, capable of being sealed and free of any identification marks, for the purpose of containing the voted absentee ballot.

The provisions of this chapter shall apply to the recounting of votes cast by paper ballots and counted at the polling places (~~(and)~~), to the recheck of votes recorded on voting machines, and to the recounting of votes recorded on ballot cards and counted by a vote tally system. The provisions of this chapter shall neither apply to votes cast by absentee ballot and counted by the canvassing authority, nor to votes cast on voting machines printing election returns: PROVIDED, That this chapter shall apply to votes cast by absentee and counted by the canvassing authority if specific request for such recount is made at the time the application is filed and the additional deposit is made as provided in RCW 29.64.020.

Sec. 99. Section 29.64.020, chapter 9, Laws of 1965 and RCW 29.64.020 are each amended to read as follows:

Each application for recount shall separately list each precinct as to which a recount of the votes therein is requested, and the person filing an application shall at the same time deposit with the canvassing board the sum of (~~(five)~~) ten dollars in cash or by certified check for each precinct so listed in such application as security for the payment of charges for the making of the recount therein applied for, which charges shall be fixed by the canvassing board as provided in RCW 29.64.060. In the event the application for a recount applies to a special or regular district election then the deposit to be made with the canvassing board shall be (~~(five)~~) ten dollars in cash or by certified check for each precinct completely or partially within said district. If at said special or regular district election paper ballots were used and the precincts were combined and the election results of the individual precincts impossible to determine, then the deposit shall be a sum of money equal to the total number of ballots cast at such district election multiplied by the factor of (~~(two)~~) five cents; and if a specific request is made for the recount of absentee ballots, then an additional deposit shall be made in a sum of money equal to the total number of such absentee ballots to be counted multiplied by the factor of (~~(two)~~) five cents.

If at said special or regular district election voting machines were used and the precincts were combined and the election results of the individual precincts impossible to determine, then the deposit shall be (~~(five)~~) ten dollars for each voting machine used.

If ballot cards and a vote tally system were used at any precinct as to which a recount is requested, the amount of the deposit required shall depend on whether a manual recount of ballot cards or a recount by the vote tally system is requested. If a manual recount of the ballot cards is requested, the deposit shall be the same as for paper ballots. If a recount by the vote tally system is requested, the deposit shall be five cents for each ballot card.

Upon the filing of an application, the canvassing board shall promptly fix the time when and the place at which the recount will be made, which time shall be not later than five days after the day upon which such application is filed. The (~~(clerk of the board)~~) county auditor shall mail notice of the time and place so fixed to the

applicant. If the application requests a recount of votes cast for a nomination or a candidacy for election, the ((clerk)) auditor shall also mail such notice to each person for whom votes were cast for such nomination or election. Such notice shall be mailed by registered mail not later than two days before the date fixed for the commencement of the recount. Each person entitled to receive such notice may attend and witness the recount and may be accompanied by counsel.

In the case of a recount of votes cast upon a question or proposition, a second group of five or more registered voters, who voted upon such question or proposition other than those voters requesting the recount, may file with the canvassing board a written statement to that effect, may designate therein one of their number as chairman of such group and an attorney as their legal counsel, and may request that the persons so designated be permitted to attend and witness the recount. Thereupon the persons so designated may attend and witness the recount.

Sec. 100. Section 29.64.060, chapter 9, Laws of 1965 and RCW 29.64.060 are each amended to read as follows:

The charges for making a recount of votes of precincts listed in an application for recount filed with the board of elections shall be fixed by the board and shall include all expenses incurred by such board because of such application other than the regular operating expenses which the board would have incurred if the application had not been filed.

The total amount of charges so fixed divided by the number of precincts listed in such application, the votes of which were recounted, shall be the charge per precinct for the recount of the votes of the precincts listed in such application, the votes of which were recounted: PROVIDED, That the charges per precinct so fixed shall not be more than ~~((five dollars for each precinct concerned or in the event of a recount of a regular or special district election whereat all ballots were requested to be recounted irrespective of precincts, the maximum charge shall not exceed two cents per ballot))~~ the actual cost.

Such charge shall be deducted by the board from the money deposited with the board by the applicant for the recount at the time of filing his application, and the balance of the money so deposited shall be returned to such applicant unless the costs of the recount were higher than the deposit, in which case the applicant shall be required to pay the difference: PROVIDED, That no such charges shall be deducted by the board from the money deposited for a recount of votes cast for a nomination or for an election to an office or position in any precinct, if upon the completion of a recount the applicant is declared nominated or elected, or if upon completion of a recount concerning a question or proposition, the result of such election is declared to be opposite to the original declaration of the result of such election. All moneys deposited with the board by an applicant not returned to him shall be paid by such board into the general fund of the political subdivision concerned.

Sec. 101. Section 29.65.010, chapter 9, Laws of 1965 and RCW 29.65.010 are each amended to read as follows:

(5) On account of illegal votes.

All election contests shall proceed under RCW 29.04.030, as now or hereafter amended.

Sec. 102. Section 29.65.020, chapter 9, Laws of 1965 and RCW 29.65.020 are each amended to read as follows:

(2) The name of the person whose right is being contested;

Sec. 103. Section 29.65.040, chapter 9, Laws of 1965 and RCW 29.65.040 are each amended to read as follows:

Upon such ~~((statement))~~ affidavit being filed, it shall be the duty of the clerk to inform the judge of the ~~((superior))~~ appropriate court, who may give notice, and order a session of the court to be held at the usual place of holding said court, on some day to be named by him, not less than ten nor more than twenty days from the date of such notice, to hear and determine such contested election: PROVIDED, That if no session be called for the purpose, such contest shall be determined at the first regular session of court after such statement is filed.

The clerk of the court shall also at the time issue a citation for the person ~~((whose right to the office is contested))~~ charged with the error or omission, to appear at the time and place specified in the notice, which citation shall be delivered to the sheriff ~~((or constable,))~~ and be served upon the party in person; or if he cannot be found, by leaving a copy thereof at the house where he last resided.

Sec. 104. Section 29.65.055, chapter 9, Laws of 1965 and RCW 29.65.055 are each amended to read as follows:

If the proceedings are dismissed for insufficiency, want of prosecution, or the election is by the court confirmed, judgment shall be rendered against the party contesting such election for costs, in favor of the party (~~((whose election was contested))~~) charged with error or omission.

If such election is annulled and set aside, judgment for costs shall be rendered against the party (~~((whose election was contested;))~~) charged with the error or omission and in favor of the party ((contesting)) alleging the same.

Sec. 105. Section 29.79.200, chapter 9, Laws of 1965 as amended by section 1, chapter 107, Laws of 1969 ex. sess. and RCW 29.79.200 are each amended to read as follows:

The secretary of state may use any statistical sampling techniques for this canvass which have been (~~((approved by the state canvassing board established by RCW 29.62.100))~~) adopted by rule as provided by chapter 34.04 RCW: PROVIDED, That no petition will be rejected on the basis of any statistical method employed: **PROVIDED FURTHER,** That no petition will be accepted on the basis of any statistical method employed if such method indicates that the petition contains less than one hundred ten percent of the requisite number of signatures of legal voters. If the secretary of state finds the same name signed to more than one petition he shall reject the name as often as it appears. If the petition is found to be sufficient, the secretary of state shall transmit a certified copy of the proposed measure to the legislature at the opening of its session together with a certificate of the facts relating to the filing of the petition and the canvass thereof.

Sec. 106. Section 29.80.010, chapter 9, Laws of 1965 as last amended by section 2, chapter 4, Laws of 1975-'76 2nd ex. sess. and RCW 29.80.010 are each amended to read as follows:

As soon as possible prior to each state general election at which federal or state officials are to be elected, the secretary of state shall publish and mail to each individual place of residence of the state a candidates' pamphlet containing photographs and campaign statements of eligible nominees who desire to participate therein and in even-numbered years containing a description of the office of precinct committeeman and its duties, in order that voters will understand that such office is a state office and will be found on the ballot of the forthcoming general election: PROVIDED, That in odd-numbered years no candidates' pamphlet shall be published, unless an election is to be held to fill a vacancy in one or more of the following state-wide elective offices: United States senator, governor, lieutenant governor, secretary of state, state treasurer, state auditor, attorney general, superintendent of public instruction, commissioner of public lands, insurance commissioner, and justice of the supreme court.

No signature shall be rejected if the officer conducting the canvass is reasonably certain that the signature on the petition is the same as the signature of a registered voter of that jurisdiction. The omission to fill any blanks shall not prevent the certification of any name if sufficient information is given to enable one by a comparison of signatures to identify the voter. He shall then proceed to canvass and count the names of certified legal voters on such petitions. If he finds that the same person has signed more than one petition, he shall reject all signatures of such person from the count.

Sec. 108. Section 29.82.100, chapter 9, Laws of 1965 as amended by section 5, chapter 205, Laws of 1971 ex. sess. and RCW 29.82.100 are each amended to read as follows:

If a majority of all votes cast at the recall election is for the recall of the officer charged, he shall thereupon be recalled and discharged from his office, and the office shall thereupon become and be vacant.

Sec. 110. Section 29.85.200, chapter 9, Laws of 1965 and RCW 29.85.200 are each amended to read as follows:
