of various state water pollution control management, regulatory, and enforcement programs.

(3) The power to develop and implement appropriate programs pertaining to continuing planning processes, area-wide waste treatment management plans, and basin planning.

The governor shall have authority to perform those actions required of him or her by the Federal Water Pollution Control Act.

*The enactment of this 1979 act does not extend the eligibility for or increase the amount of exemptions or credits available under chapter 82.34 RCW: PROVIDED, That this amendatory provision relating to tax exemptions or credits shall not apply to any facility eligible for a certificate as described in RCW 82.34.010 (5).

*Section I was partially vetoed, see message at end of chapter.

Passed the House June 1, 1979.
Passed the Senate June 1, 1979.
Approved by the Governor June 25, 1979, with the exception of the last two sentences of Subsection (3) of Section I which are vetoed.
Filed in Office of Secretary of State June 25, 1979.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith without my approval as to the two last sentences in Subsection (3) Section 1 of House Bill 433 entitled:

House Bill 433 was and is for the single purpose of authorizing the department of ecology to participate in the Federal Water Pollution Control Act as "amended"; this single word, plus an added "or her" in line 23, is all that was deemed necessary to allow the state to carry out the dictates of the federal law. The addition of your two sentences:

"The enactment of this 1979 act does not extend the eligibility for or increase the amount of exemptions or credits available under chapter 82.34 RCW: PROVIDED, That this amendatory provision relating to tax exemptions or credits shall not apply to any facility eligible for a certificate as described in RCW 82.34.010 (5).",

do nothing to further this authorization and in fact involves an entirely different subject. The inclusion of these sentences may also be construed to amend a separate law by reference, clearly which is prohibited by the state's constitution.

I veto this part not because I'm not in sympathy with the legislature in what your intentions were but simply because I feel these provisions introduce separate subjects that are inconsistent with the purpose of the bill and that if allowed to become law will surely lead to much misinterpretation and possible litigation.

With the exception of the last two sentences of Subsection (3) of Section 1, which I have vetoed, the remainder of House Bill 433 is approved."

2, chapter 113, Laws of 1975 1st ex. sess. and RCW 38.52.020 are each

(1) Because of the existing and increasing possibility of the occurrence
of disasters of unprecedented size and destructiveness resulting from enemy
attack, sabotage or other hostile action, or from fire, flood, storm, earth-

(e) To provide programs, with intergovernmental cooperation, to edu-

(2) It is further declared to be the purpose of this chapter and the policy

functions of the federal government including its various departments and

Nothing herein shall be construed to mean that the department of emergency services or the state emergency services council or its officers or agents shall have the final decision with respect to the compensability of any case or the amount of compensation or benefits due, but any emergency services worker or his dependents shall have the same right of appeal from any order, decision, or award to the same extent as provided in chapter 51.32 RCW as amended by this 1971 amendatory act.

In any fiscal year, the director of emergency services shall not give any of the funds appropriated in this section to any political subdivision which has reduced its operating budget expenditures for search and rescue operations to less than the amount budgeted and expended for the same purpose in the preceding fiscal year.
