NEW SECTION. Sec. 36. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 37. This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect immediately.

Passed the House May 13, 1983.

Passed the Senate April 27, 1983.

Approved by the Governor May 23, 1983, with the exception of section 17(5), which was vetoed.

Filed in Office of Secretary of State May 23, 1983.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to section 17(5), Substitute House Bill No. 234, entitled:

"AN ACT Relating to transportation."

Section 17(5) is identical to Senate Bill No. 3991, which I vetoed on April 23, 1983. It would set statutory tolls for crossing the Hood Canal Bridge. The Transportation Commission has lowered the tolls for the Hood Canal Bridge to amounts identical to those contained in this subsection, which is therefore unnecessary.

With the exception of Section 17(5), which I have vetoed, Substitute House Bill No. 234 is approved."

The owner and holder of each of the bonds or the trustee for the owner and holder of any of the bonds may by mandamus or other appropriate proceeding require the transfer and payment of funds as directed in this section.

<u>NEW SECTION.</u> Sec. 5. The legislature may provide additional means for raising moneys for the payment of the principal of and interest on the bonds authorized in section 1 of this act, and section 4 of this act shall not be deemed to provide an exclusive method for the payment.

Expenditure of these bond proceeds shall be conditioned on prior approval by the director of general administration of any real estate acquisitions and of construction plans for any building and/or grounds projects. The director's approval shall be based on a finding that any real estate to be acquired is appraised at or above the purchase price, that any construction plans for building and/or grounds projects provide for completion of any facilities contemplated therein, and that there are funds in an amount sufficient to finish the project so that it is fully ((operation {operational})) operational for its intended uses.
