NEW SECTION. Sec. 2. A new section is added to chapter 56.28 RCW to read as follows:

As an alternative procedure to that set forth in RCW 56.28.010, the withdrawal of territory within a sewer district may be commenced by a resolution of the board of commissioners that sets forth boundaries of the territory to be withdrawn and sets a date for the public hearing required under RCW 57.28.050. Upon the final hearing, the commissioners shall make such changes in the proposed boundaries as they deem proper, except that no changes in the boundary lines may be made by the commissioners to include lands not within the boundaries of the territory as described in such resolution.

Whenever the board of commissioners proposes to commence the withdrawal of any portion of their territory located within a city or town using the alternative procedures herein authorized, they shall first notify such city or town of their intent to withdraw said territory. If the legislative authority of the city or town takes no action within sixty days of receipt of notification, the district may proceed with the resolution method.

If the city of town legislative authority disapproves of use of the alternative procedures, the board of commissioners may proceed using the process established pursuant to RCW 56.28.010.

A withdrawal procedure commenced under this section shall be subject to the procedures and requirements set forth in RCW 57.28.040 through 57.28.110.

Sec. 1. Section 44, chapter 210, Laws of 1941 as last amended by section 1, chapter 38, Laws of 1983 and RCW 56.08.070 are each amended to read as follows:

(1) All materials purchased and work ordered, the estimated cost of which is in excess of five thousand dollars shall be let by contract. All contract projects, the estimated cost of which is less than twenty-five thousand dollars, may be awarded to a contractor on the small works roster. The small works roster shall be comprised of all responsible contractors who have requested to be on the list. The board of sewer commissioners may set up uniform procedures to prequalify contractors for inclusion on the small works roster. The board of sewer commissioners shall authorize by resolution a procedure for securing telephone and/or written quotations from the contractors on the small works roster to assure establishment of a competitive price and for awarding contracts to the lowest responsible bidder. Such procedure shall require that a good faith effort be made to request quotations from all contractors on the small works roster. Immediately after an award is made, the bid quotations obtained shall be recorded, open to public inspection, and available by telephone inquiry. The small works roster shall be revised ((every six months)) once a year. All contract projects equal to or in excess of twenty-five thousand dollars shall be let by competitive bidding. Before awarding any competitive contract the board of sewer commissioners shall cause a notice to be published in a newspaper in general circulation where the district is located at least once, ten days before the letting of such contract, inviting sealed proposals for such work, plans and specifications which must at the time of publication of such notice be on file in the office of the board of sewer commissioners subject to public inspection. Such notice shall state generally the work to be done and shall call for proposals for doing the same to be sealed and filed with the board of sewer commissioners on or before the day and hour named therein.

(2) Each bid shall be accompanied by a bid proposal deposit in the form of a certified check, cashier's check, postal money order, or surety bond payable to the order of the county treasurer for a sum not less than five percent of the amount of the bid and no bid shall be considered unless accompanied by such bid proposal deposit. At the time and place named such bids shall be publicly opened and read and the board of sewer commissioners shall proceed to canvass the bids and may let such contract to the lowest responsible bidder upon plans and specifications: PROVIDED, That no contract shall be let in excess of the cost of said materials or work, or if in the opinion of the board of sewer commissioners all bids are unsatisfactory they may reject all of them and readvertise and in such case all checks, cash or bid bonds shall be returned to the bidders. If such contract be let, then all checks, cash or bid bonds shall be returned to the bidders, except that of the successful bidder, which shall be retained until a contract
shall be entered into for the purchase of such materials or doing such work, and a bond to perform such work furnished with sureties satisfactory to the board of sewer commissioners in the full amount of the contract price between the bidder and the commission in accordance with bid. If said bidder fails to enter into said contract in accordance with said bid and furnish such bond within ten days from the date at which he is notified that he is the successful bidder, the said check, cash or bid bonds and the amount thereof shall be forfeited to the sewer district.

(3) In the event of an emergency when the public interest or property of the sewer district would suffer material injury or damage by delay, upon resolution of the board of sewer commissioners, or proclamation of an official designated by the board to act for the board during such emergencies, declaring the existence of such emergency and reciting the facts constituting the same, the board, or the official acting for the board, may waive the requirements of this chapter with reference to any purchase or contract.

Sec. 2. Section 21, chapter 114, Laws of 1929 as last amended by section 2, chapter 38, Laws of 1983 and RCW 57.08.050 are each amended to read as follows:

(1) The board of water commissioners shall have authority to create and fill such positions and fix salaries and bonds thereof as it may by resolution provide.

(2) All materials purchased and work ordered, the estimated cost of which is in excess of five thousand dollars shall be let by contract. state generally the work to be done and shall call for proposals for doing the same to be sealed and filed with the board of water commissioners on or before the day and hour named therein.

At the time and place named such bids shall be publicly opened and read and the board of water commissioners shall proceed to canvass the bids and may let such contract to the lowest responsible bidder upon plans and specifications on file or to the best bidder submitting his own plans and specifications: PROVIDED, That no contract shall be let in excess of the cost of said materials or work, or if in the opinion of the board of water commissioners all bids are unsatisfactory they may reject all of them and readvertise and in such case all checks, cash or bid bonds shall be returned to the bidders. If such contract be let, then all checks, cash or bid bonds shall be returned to the bidders, except that of the successful bidder, which shall be retained until a contract shall be entered into for the purchase of such materials or doing such work, and a bond to perform such work furnished with sureties satisfactory to the board of water commissioners in the full amount of the contract price between the bidder and the commission in accordance with the bid. If said bidder fails to enter into said contract in accordance with said bid and furnish such bond within ten days from the date at which he is notified that he is the successful bidder, the said check, cash or bid bonds and the amount thereof shall be forfeited to the water district: PROVIDED, That if the bidder fails to enter into a contract in accordance with his bid, and the board of water commissioners deems it necessary to take legal action to collect on any bid bond required herein, then the water district shall be entitled to collect from said bidder any legal expenses, including reasonable attorneys' fees occasioned thereby.

(4) In the event of an emergency when the public interest or property of the water district would suffer material injury or damage by delay, upon resolution of the board of water commissioners, or proclamation of an official designated by the board to act for the board during such emergencies, declaring the existence of such emergency and reciting the facts constituting
the same, the board, or official acting for the board, may waive the require-
