Note: Governor's explanation of partial veto is as follows:

"I am returning herewith without my approval as to two sections Engrossed Senate Bill 3612 entitled:

"AN ACT Relating to excess school levies;"

The primary purpose of Engrossed Senate Bill 3612 is to extend the levels of local school support levy options for three years. Section 2 of that legislation also establishes a legislative committee to undertake a review of the means to adequately fund the state's basic education responsibilities.

I support both the need for such a study and the issues identified within Section 2. However, I believe that there are additional far-reaching issues that must also be considered. These issues include state and local revenues; the relationship of educational funding to other state responsibilities; and structured relationships between the state and local schools which result from state funding.

For this reason I am vetoing Section 2. In lieu of allowing that section to become law, I will, by executive order, establish a broadly based study committee including legislators, educators and interested citizens.

Section 4 of the bill declares an emergency and provides for the act to take effect immediately. The emergency clause section is not necessary in order to continue the administrative provisions for the collection of the levels of school levies that would be based upon this legislation. The 1985 levies have already been certified. The 1986 levies are to be certified in October, well after the normal effective date of this legislation.

The emergency clause should be restricted to those instances where its use is clearly warranted due to the urgency of the situation. For these reasons I have vetoed Section 4.

With the exception of Sections 2 and 4, which I have vetoed, the remainder of Engrossed Senate Bill No. 3612 is approved."

Passed the Senate March 13, 1985.
Passed the House April 25, 1985.
Approved by the Governor May 20, 1985, with the exception of certain items which are vetoed.
Filed in Office of Secretary of State May 20, 1985.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith without my approval as to two portions Substitute Senate Bill No. 3684, entitled:

"AN ACT Relating to lotteries;"

Section 2(6) of this bill would require the lottery to competitively bid all contracts exceeding $2,500 in value. The Lottery now competitively bids all contracts for goods. Contracts for services, however, are done on a negotiated basis when appropriate. The option of negotiating contracts in appropriate circumstance is available to all other departments, and should continue to be available to the Lottery.

Section 3 of the bill would forbid former lottery employees, (managers and rank and file alike), within two years of termination, to work for an employer that supplies or promotes lottery related goods or services. This section was apparently designed to prevent state employees from providing favored treatment to suppliers in hopes of receiving employment after termination. This concern is not without foundation, nor without countervailing concerns for the rights of individuals to use their skills and knowledge for their own benefit. Because the same potential for wrongdoing exists in several other areas of state government I believe that this situation should be treated in a comprehensive manner and more practical in scope as an amendment to the conflict of interest statutes, RCW 42.18.

With the exception of Sections 2(6) and 3, Substitute Senate Bill No. 3684 is approved."
