government and its existing public institutions, and shall take effect immediately.

Passed the House April 28, 1985.
Passed the Senate April 27, 1985.
Approved by the Governor May 20, 1985, with the exception of certain items which are vetoed.
Filed in Office of Secretary of State May 20, 1985.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith without my approval as to Section 105 and Section 202(2), Substitute House Bill No. 314, entitled:

"AN ACT Relating to state agencies;"

This legislation is the second supplemental appropriations bill. It reduces appropriations over twelve million dollars and authorizes transfers to the General Fund in excess of seven million dollars.

Section 105 reduces the Department of Personnel's general fund appropriation by $45,000. These monies were part of the appropriation made in 1984 to allow the Department to conduct a comparable worth study and are necessary to complete the study. Thus, the reduction in Section 105 is inappropriate.

It should be noted that the Department has placed into reserve status $45,000 from two other General Fund-State appropriations made under Chapter 15, Laws of 1983, 1st Extraordinary Session and Chapter 162, Laws of 1984. These monies will revert to the General Fund-State at the end of this biennium and will help to reduce any possible shortfall.

Section 202(2) requires that the Department of Social and Health Services adopt rules no later than June 1, 1985, relating to criteria for eligibility for the general assistance-medical program. This section would necessitate the adoption of such rules on an emergency basis without public hearing.

While the Department is prepared to propose rules by June 1, 1985, it is my opinion that there is no emergency requiring immediate adoption. Rather, the Department should be permitted to hold appropriate public hearings and train staff on the implementation of such new rules before their effective date.

With the exceptions of Section 105 and Section 202(2), which I have vetoed, Substitute House Bill No. 314 is approved."

Secs. 115 or 122;

(b) Two hundred twenty-five million dollars for major transportation improvements throughout the state that are identified as category C improvements and for selected major non-interstate construction and reconstruction projects that are included as Category A Improvements in RCW 47.05.030.

(2) The amount of bonds authorized in subsection (1)(a) of this section shall be reduced if the transportation commission, in consultation with the legislative transportation committee, determines that any of the bonds that have not been sold are no longer required.

(3) The amount of bonds authorized in subsection (1)(b) of this section shall be increased by an amount not to exceed, and concurrent with, any reduction of bonds authorized under subsection (1)(a) of this section in the manner prescribed in subsection (2) of this section.
