Sec. 11. Section 15, chapter 310, Laws of 1981 and RCW 77.32.380 are each amended to read as follows:

((A conservation license is required to be displayed on all vehicles parked on game department lands or using game department access facilities which shall be clearly identified:)) Persons sixteen years of age or older who use clearly identified game department lands and access facilities are required to possess a conservation license or a hunting, fishing, trapping, or free license on their person while using the facilities. The fee for this license is ((five)) eight dollars annually. ((The license shall be issued to the registered owner of the vehicle and is nontransferable.))

A conservation license shall be issued without charge to persons possessing a hunting, fishing, trapping, or free license:))

The spouse, all children under eighteen years of age, and guests under eighteen years of age of the holder of a valid conservation license may use game department lands and access facilities when accompanied by the license holder.

Youth groups may use game department lands and game access facilities without possessing a conservation license when accompanied by a license holder.

The conservation license is nontransferable and must be validated by the signature of the holder. Upon request of a wildlife agent or ex officio wildlife agent a person using clearly identified game department lands shall exhibit the required license.

NEW SECTION. Sec. 12. Section 118, chapter 78, Laws of 1980 and RCW 77.32.310 are each repealed.

NEW SECTION. Sec. 13. This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect July 1, 1985.

CHAPTER 465
[House Bill No. 661]
PLUMBERS

AN ACT Relating to plumbers; and amending RCW 18.106.070.

Be it enacted by the Legislature of the State of Washington:

Sec. 1. Section 7, chapter 175, Laws of 1973 1st ex. sess. as last amended by section 3, chapter 124, Laws of 1983 and RCW 18.106.070 are each amended to read as follows:
The department shall issue a certificate of competency to all applicants who have passed the examination and have paid the fee for the certificate. The certificate shall bear the date of issuance, and shall expire on the birthdate of the holder immediately following the date of issuance. The certificate shall be renewable every other year, upon application, on or before the birthdate of the holder. A renewal fee shall be assessed for each certificate. If a person fails to renew the certificate by the renewal date, he or she must pay a doubled fee. If the person does not renew the certificate within ninety days of the renewal date, he or she must retake the examination and pay the examination fee.

The certificate of competency and the temporary permit provided for in this chapter grant the holder the right to engage in the work of plumbing as a journeyman plumber or specialty plumber in accordance with their provisions throughout the state and within any of its political subdivisions on any job or any employment without additional proof of competency or any other license or permit or fee to engage in the work. This section does not preclude employees from adhering to a union security clause in any employment where such a requirement exists.

A person who is indentured in an apprenticeship program approved under chapter 49.04 RCW for the plumbing construction trade or who is learning the plumbing construction trade may work in the plumbing construction trade if supervised by a certified journeyman plumber or a certified specialty plumber in that plumber's specialty. All apprentices and individuals learning the plumbing construction trade shall obtain a plumbing training certificate from the department. The certificate shall authorize the holder to learn the plumbing construction trade while under the direct supervision of a journeyman plumber or a specialty plumber working in his or her specialty. The holder of the plumbing training certificate shall renew the certificate annually. At the time of renewal, the holder shall provide the department with an accurate list of the holder's employers in the plumbing construction industry for the previous year and the number of hours worked for each employer. An annual fee shall be charged for the issuance or renewal of the certificate. The department shall set the fee by rule. The fee shall cover but not exceed the cost of administering and enforcing the trainee certification and supervision requirements of this chapter. Apprentices and individuals learning the plumbing construction trade shall have their plumbing training certificates in their possession at all times that they are performing plumbing work. They shall show their certificates to an authorized representative of the department at the representative's request.

Any person who has been issued a plumbing training certificate under this chapter may work if that person is under supervision. Supervision shall consist of a person being on the same job site and under the control of either a journeyman plumber or an appropriate specialty plumber who has an applicable certificate of competency issued under this chapter. Either a
journeyman plumber or an appropriate specialty plumber shall be on the same job site as the noncertified individual for a minimum of seventy-five percent of each working day unless otherwise provided in this chapter. The ratio of noncertified individuals to certified journeymen or specialty plumbers working on a job site shall be: (a) From the effective date of this 1985 act through June 30, 1988, not more than three noncertified plumbers working on any one job site for every certified journeyman or specialty plumber; (b) effective July 1, 1988, not more than two noncertified plumbers working on any one job site for every certified specialty plumber or journeyman plumber working as a specialty plumber; and (c) effective July 1, 1988, not more than one noncertified plumber working on any one job site for every certified journeyman plumber working as a journeyman plumber.

An individual who has a current training certificate and who has successfully completed or is currently enrolled in an approved apprenticeship program or in a technical school program in the plumbing construction trade in a school approved by the commission for vocational education, may work without direct on-site supervision during the last six months of meeting the practical experience requirements of this chapter.

Passed the House April 22, 1985.
Passed the Senate April 12, 1985.
Approved by the Governor May 21, 1985.
Filed in Office of Secretary of State May 21, 1985.
