CHAPTER 422
[Engrossed Substitute House Bill No. 743]
ECONOMIC DEVELOPMENT—PUBLIC WORKS IMPROVEMENTS

AN ACT Relating to state government; amending RCW 43.160.010, 43.160.035, 43.160.050, 43.160.060, 43.160.080, 43.160.115, 43.160.140, 43.160.180, and 43.160.900; reenacting and amending RCW 43.160.030; repealing RCW 43.160.073 and 43.160.110; and declaring an emergency.

Be it enacted by the Legislature of the State of Washington:

Sec. 1. Section 1, chapter 40, Laws of 1982 1st ex. sess. as amended by section 1, chapter 257, Laws of 1984 and RCW 43.160.010 are each amended to read as follows:

(1) The legislature finds that it is the public policy of the state of Washington to direct financial resources toward the fostering of economic development through the stimulation of investment and job opportunities and the retention of sustainable existing employment for the general welfare of the inhabitants of the state. Reducing unemployment ((as soon as possible)) and reducing the time citizens remain jobless remain important for the economic welfare of the state. A valuable means of fostering economic development ((should be fostered through)) is the construction of public facilities which contribute to the stability and growth of the state's economic base. Strengthening the economic base through issuance of industrial development bonds, whether single or umbrella, further serves to reduce unemployment. Consolidating issues of industrial development bonds when feasible to reduce costs additionally advances the state's purpose to improve economic vitality. Expenditures made for these purposes as authorized in this chapter are declared to be in the public interest, and constitute a proper use of public funds. A community economic revitalization board is needed which shall aid the development of economic opportunities. The general objectives of the board should include:
((1)) (a) Strengthening the economies of areas of the state which have experienced or are expected to experience chronically high unemployment rates or below average growth in their economies;

((2)) (b) Encouraging the diversification of the economies of the state and regions within the state in order to provide greater seasonal and cyclical stability of income and employment;

((3)) (c) Encouraging wider access to financial resources for both large and small industrial development projects;

((4)) (d) Encouraging new economic development or expansions to maximize employment;

(e) Encouraging the retention of viable existing firms and employment;

and

((5)) (f) Providing incentives for expansion of employment opportunities for groups of state residents that have been less successful relative to other groups in efforts to gain permanent employment.

(2) The legislature also finds that the state's economic development efforts can be enhanced by, in certain instances, providing funds to improve state highways in the vicinity of new industries considering locating in this state or existing industries that are considering significant expansion.

(a) The legislature finds it desirable to provide a process whereby the need for diverse public works improvements necessitated by planned economic development can be addressed in a timely fashion and with coordination among all responsible governmental entities.

(b) It is the intent of the legislature to create an economic development account within the motor vehicle fund from which expenditures can be made by the department of transportation for state highway improvements necessitated by planned economic development. All such improvements must first be approved by the state transportation commission and the community economic revitalization board in accordance with the procedures established by RCW 43.160.074 and 47.01.280. It is further the intent of the legislature that such improvements not jeopardize any other planned highway construction projects. The improvements are intended to be of limited size and cost, and to include such items as additional turn lanes, signalization, illumination, and safety improvements.

Sec. 2. Section 13, chapter 6, Laws of 1985 and section 2, chapter 446, Laws of 1985 and RCW 43.160.030 are each reenacted and amended to read as follows:

Sec. 5. Section 6, chapter 40, Laws of 1982 1st ex. sess. as last amended by section 3, chapter 466, Laws of 1985 and RCW 43.160.060 are each amended to read as follows:

The board is authorized to make direct loans to political subdivisions of the state for the purposes of assisting the political subdivisions in financing the cost of public facilities, including development of land and improvements for public facilities, as well as the acquisition, construction, rehabilitation, alteration, expansion, or improvement of the facilities. A grant may also be authorized for purposes designated in this chapter, but only when,
and to the extent that, a loan is not reasonably possible, given the limited resources of the political subdivision.

Application for funds shall be made in the form and manner as the board may prescribe. In making grants or loans the board shall conform to the following requirements:

1. The board shall not make a grant or loan ((unless the application includes convincing evidence that a specific private development or expansion is ready to occur and will only occur if the grant or loan is made)):
   (a) For a project the primary purpose of which is to facilitate or promote a retail shopping development or expansion.
   (b) For any project that probably would result in a development or expansion that would displace existing jobs in any other community in the state.
   (c) For the acquisition of real property, including buildings and other fixtures which are a part of real property.

2. The board shall only make grants or loans:
   (a) For those projects which would result in specific private developments or expansions ((i) in manufacturing, production, food processing, assembly, warehousing, and industrial distribution, or ((ii)) which substantially support the trading of goods or services outside of the state's borders. ((In no instance may the board make a grant or loan for a project where the primary purpose is to facilitate or promote a retail shopping development or expansion.))
   (b) For projects which it finds will improve the opportunities for the successful maintenance, establishment, or expansion of industrial or commercial plants or will otherwise assist in the creation or retention of long-term economic opportunities.
   (c) When the application includes convincing evidence that a specific private development or expansion is ready to occur and will occur only if the grant or loan is made.

3. The board shall prioritize each proposed project according to the number of jobs it would create after the project is completed and according to the unemployment rate in the area in which the jobs would be located. As long as there is more demand for loans or grants than there are funds available for loans or grants, the board is instructed to fund projects in order of their priority.

4. ((The board may not make a grant or loan for any project that probably would result in a development or expansion that would displace existing jobs in any other community in the state.

5. The board may not make any grant or loan for the acquisition of real property, including buildings and other fixtures which are a part of real property:

The board shall only make loans or grants for projects which it
finds will improve the opportunities for the successful maintenance, estab-
lishment, or expansion of industrial or commercial plants or will otherwise
assist in the creation or retention of long-term economic opportunities.

Before any loan or grant application is approved, the political
subdivision seeking the loan or grant must demonstrate to the community
economic revitalization board that no other timely source of funding is
available to it at costs reasonably similar to financing available from the
community economic revitalization board.
