tax rate is 1.07 percent and would be increased to 1.34 percent by this bill, including
the temporary natural resource conservation surcharge. The bill has an emergency
clause and becomes effective on the Governor's signature.

Section 18 affects only sections 14 through 17, which repeal the conveyance tax
and increase the rate of the real estate excise tax. If section 18 becomes law, it would
require conveyance stamps on old instruments which have previously been processed
but were held in escrow for recording at a future date. The loss of revenue by re-
moving this section will be minimal compared to the time, effort and confusion it
would create for the public and county treasurers by leaving the provision in the law.
It would be very difficult to collect this increased tax on old deeds where the escrow
had been figured on the rate in effect at the time the transaction took place, prior to
the effective date of this bill.

With the exception of section 18, Substitute Senate Bill No. 5911 is approved.*

CHAPTER 473
[Second Substitute House Bill No. 813]
GOVERNOR'S COMMISSION ON CHILDREN

AN ACT Relating to a governor's commission on children; adding a new chapter to Title
43 RCW; providing an expiration date; providing an effective date; and declaring an
emergency.

Be it enacted by the Legislature of the State of Washington:

*NEW SECTION. Sec. 1. (1) There is established the governor's
commission on children, referred to in this chapter as the commission, to be
composed of eight legislators, two appointed by each caucus of the senate
and house of representatives, and seven lay members, to be appointed by the
governor. The chair of the commission shall rotate annually among the legis-
lative members of the majority parties in the senate and house of representa-
tives. The first chair shall be elected by a majority vote of the commission.

(2) The commission shall have the following functions:

(a) To develop a long-term children's services strategy for the devel-
opment of an effective, comprehensive coordinated children's services deliv-
er system that will meet the needs of children in the state. The objective of
the strategy shall be to (i) define existing service needs of children in
Washington state, utilizing existing studies and data sources where appro-
priate, (ii) identify the kinds of services needed by children and families to
meet a minimum standard and level of physical and mental health and
safety, (iii) identify the current level of services available and gaps or over-
lapping services, and (iv) make recommendations to implement an effective
comprehensive service delivery system. The commission shall submit an ini-
tial strategy to the appropriate committees of the legislature by October 1,
1988;

(b) In formulating the long-term children's services strategy, the com-
misson shall seek input from providers with expertise in children's mental
health, health care including prenatal care, adolescent drug and alcohol
treatment, education including early childhood education, nonprofit funding
sources, child abuse and neglect, child care, dependency, delinquency and
the juvenile justice system, family support services, and representatives from minority communities including the migrant worker community, the black community, the native American community, and the Asian community. The commission shall also consult with the governor, the director of revenue, the office of financial management, the director of community development, the superintendent of public instruction, and the secretary of the department of social and health services;

(c) To consult with the Washington council for the prevention of child abuse and neglect regarding the creation of a state-wide data-base clearinghouse. The commission shall report to the appropriate legislative committees regarding the need for and feasibility of a state-wide clearinghouse. If the commission recommends the creation of a clearinghouse, the report shall include alternative designs for a data-base clearinghouse, estimated costs related to both the startup and maintenance of a clearinghouse, potential housing sites for the clearinghouse and placements for terminal links, and funding sources for the clearinghouse;

(3) The strategy under subsection (2)(a) of this section shall include consideration of:

(a) The identification of ways to reduce overlapping services and to fill in service gaps through shared service provisions;

(b) Methods to increase the effectiveness, participation, and communication among city, county, state, private nonprofit, and private for profit funding sources in defining and funding the service delivery system; and

(c) The identification and recommendation of state funding priorities for prevention and early intervention activities to meet the needs of children and families;

(4) A final report outlining the long-term children's services strategy and recommendations shall be submitted to the appropriate committees of the legislature by January 10, 1989.

*Sec. 1 was partially vetoed, see message at end of chapter.

NEW SECTION. Sec. 2. The commission shall be dissolved and this chapter shall expire on January 30, 1989, unless significant need for its continuation is demonstrated and the legislature acts to extend its operation.

NEW SECTION. Sec. 3. Sections 1 and 2 of this act shall constitute a new chapter in Title 43 RCW.

NEW SECTION. Sec. 4. This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state
government and its existing public institutions, and shall take effect July 1, 1987.

Passed the Senate April 17, 1987.
Approved by the Governor May 19, 1987, with the exception of certain items which were vetoed.
Filed in Office of Secretary of State May 19, 1987.

Note: Governor's explanation of partial veto is as follows:

*I am returning herewith, without my approval as to a portion of section 1(1), Second Substitute House Bill No. 813, entitled:

"AN ACT Relating to the governor's commission on children;"

I heartily support the establishment of a Governor's Commission on Children to develop a long-term strategy for an effective, comprehensive children's services delivery system. The bill, however, requires the commission to be composed of more legislators than citizens and requires that a legislator serve as chair of the commission. When commissions are established in the Office of the Governor, their composition is made up predominantly of citizens because the executive office should reflect the views of the public.

Therefore, it is my intention to appoint a commission whose composition is similar to what was outlined in the original version of House Bill 813. For this reason, I have vetoed the portion of section 1(1) that describes the commission's membership.

With the exception of a portion of section 1(1), Second Substitute House Bill No. 813 is approved.*
