Sec. 37. Section 46.68.110, chapter 12, Laws of 1961 as last amended by section 32, chapter 460, Laws of 1985 and RCW 46.68.110 are each amended to read as follows:

Funds credited to the incorporated cities and towns of the state as set forth in subdivision (1) of RCW 46.68.100 shall be subject to deduction and distribution as follows:

(1) One and one-half percent of such sums shall be deducted monthly as such sums are credited and set aside for the use of the department of transportation for the supervision of work and expenditures of such incorporated cities and towns on the city and town streets thereof, including the supervision and administration of federal-aid programs for which the department of transportation has responsibility: PROVIDED, That any moneys so retained and not expended shall be credited in the succeeding biennium to the incorporated cities and towns in proportion to deductions herein made;

(2) From July 1, 1985, through June 30, 1987, twenty-four one-hundredths of one percent of such funds shall be deducted monthly, as such funds accrue, and set aside for the use of the department of transportation for the purpose of funding the cities' share of the costs of highway jurisdiction studies and ((related)) other studies. Any funds so retained and not expended shall be credited in the succeeding biennium to the cities in proportion to the deductions made;

(3) From July 1, 1987, through June 30, 1989, thirty-three one-hundredths of one percent of such funds shall be deducted monthly, as such funds accrue, and set aside for the use of the department of transportation
for the purpose of funding the cities' share of the costs of highway jurisdiction studies and other studies. Any funds so retained and not expended shall be credited in the succeeding biennium to the cities in proportion to the deductions made;

(4) The balance remaining to the credit of incorporated cities and towns after such deduction shall be apportioned monthly as such funds accrue among the several cities and towns within the state ratably on the basis of the population last determined by the office of financial management.

Sec. 38. Section 46.68.120, chapter 12, Laws of 1961 as last amended by section 33, chapter 460, Laws of 1985 and RCW 46.68.120 are each amended to read as follows:

Funds to be paid to the counties of the state shall be subject to deduction and distribution as follows:

(1) One and one-half percent of such funds shall be deducted monthly as such funds accrue and set aside for the use of the department of transportation and the county road administration board for the supervision of work and expenditures of such counties on the county roads thereof, including the supervision and administration of federal-aid programs for which the department of transportation has responsibility: PROVIDED, That any funds so retained and not expended shall be credited in the succeeding biennium to the counties in proportion to deductions herein made;

(2) All sums required to be repaid to counties composed entirely of islands shall be deducted;

(3) From July 1, 1985, through June 30, 1987, twenty-four one-hundredths of one percent of such funds shall be deducted monthly, as such funds accrue, and set aside for the use of the department of transportation for the purpose of funding the counties' share of the costs of highway jurisdiction studies and (related) other studies. Any funds so retained and not expended shall be credited in the succeeding biennium to the counties in proportion to the deductions made;

(4) From July 1, 1987, through June 30, 1989, thirty-three one-hundredths of one percent of such funds shall be deducted monthly, as such funds accrue, and set aside for the use of the department of transportation for the purpose of funding the counties' share of the costs of highway jurisdiction studies and other studies. Any funds so retained and not expended shall be credited in the succeeding biennium to the counties in proportion to the deductions made;

(5) The balance of such funds remaining to the credit of counties after such deductions shall be paid to the several counties monthly, as such funds accrue, in accordance with RCW 46.68.122 and 46.68.124.

NEW SECTION. Sec. 39. The motor vehicle fund revenues are received at a relatively even flow throughout the year. Expenditures exceed the revenue during the accelerated summer and fall highway construction
season, creating a negative cash balance during the heavy construction season. The legislature recognizes that the department of transportation may require interfund loans or other short-term financing to meet temporary seasonal cash requirements.

**NEW SECTION.** Sec. 40. The legislature recognizes the economic importance to the state of attracting new industrial development, and that the availability of transportation services is a significant factor in attracting such industries. The transportation commission and the department of transportation may consider these unique circumstances in determining priorities for capital expenditures.

**NEW SECTION.** Sec. 41. It is the intent of the legislature that the amounts assumed in this act as presented to the house of representatives and senate transportation committees for all revolving funds for services provided to the department of transportation, Washington state patrol, and department of licensing by other agencies, including the department of personnel service fund for personnel services, the legal services revolving fund for tort claim administration costs and other legal costs, the audit services revolving fund for audits, and the archives and records management account for archiving, storage and records management services, shall not be exceeded without prior approval of the legislative transportation committee.

*Sec. 41 was vetoed, see message at end of chapter.*

**NEW SECTION.** Sec. 42. In addition to such other appropriations as are made by this act, there is hereby appropriated to the department of transportation from legally available bond proceeds in the respective construction or building accounts such amounts as are necessary to pay the expenses incurred by the state finance committee in the issuance and sale of the subject bonds.

**NEW SECTION.** Sec. 43. The legislature recognizes that actual receipts of motor fuel excise taxes payable in any given month have been delayed up to five days into the following month. House Bill No. 347 has been introduced to alleviate late collections and to facilitate receipts of motor fuel excise taxes in the periods when they are due. If House Bill No. 347 is not enacted, the legislature directs the department of licensing and the state treasurer to credit all motor fuel excise taxes collected during the first five working days in July 1987 to the 1985–87 fiscal biennium.

**NEW SECTION.** Sec. 44. As used in this act, "St Patrol Hiwy Acct" means the State Patrol Highway Account.

The department of general administration and the Washington state patrol shall study alternative on-campus locations for the headquarters facility, including, but not limited to, the highways-licenses building and the feasibility of constructing a lease-option-to-purchase facility. The findings shall be presented to the legislative transportation committee by December 1, 1987, and no expenditures from the appropriation shall be made without prior approval of the legislative transportation committee and the state capitol committee.

NEW SECTION. Sec. 57. FOR THE STATE TREASURER—TRANSFER

Motor Vehicle Fund .................. $ 8,000,000

The appropriation in this section is for transfer to the Puget Sound ferry operations account on August 1, 1987: PROVIDED, That the amount appropriated for transfer shall not exceed the amount of the unexpended balance in the Puget Sound ferry operations account on June 30, 1987, which is subject to transfer from the account pursuant to RCW 47.60.540(2). The amount transferred shall be reported to the legislative transportation committee.

NEW SECTION. Sec. 58. FOR THE DEPARTMENT OF TRANSPORTATION—TRANSFER

Motor Vehicle Fund—Highway Construction Stabilization Account Transfer: For transfer to the Motor Vehicle Fund .................. $ 30,000,000

The appropriation transfer in this section is provided for expenditures pursuant to RCW 46.68.200.

NEW SECTION. Sec. 59. To the extent that the employer contributions for retirement, industrial insurance, and medical aid granted to state
general government employees through enactment of the omnibus state appropriations act are less than amounts assumed in the operating programs in this appropriations act, such portion of the appropriations shall be withheld and assigned to a reserve status pursuant to RCW 43.88.110(2). Specific amounts shall be assigned to a reserve status with the concurrence of the office of financial management and the legislative transportation committee.

NEW SECTION. Sec. 60. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 61. This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect immediately.

Passed the Senate May 17, 1987.
Approved by the Governor June 12, 1987, with the exception of certain items which were vetoed.
Filed in Office of Secretary of State June 12, 1987.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to sections 9(4), 10(4), 25(2) and 41, Engrossed Substitute Senate Bill No. 6076, entitled:

"AN ACT Relating to transportation appropriations."

Section 9(4), Page 3, Curbstone Program

This section, while not prescriptive, allows for expansion of the "Curbstone" program. The numbers and language are contradictory in that the amount identified for expansion erroneously includes the base, while expenditures are limited to funding source revenues, which would not be sufficient to support the specified expansion.

Section 10(4), Page 4, Public Safety and Education Account Transfer

This section transfers funds out of the Public Safety and Education Account into the Highway Safety Fund. In recent years, the legislature has expressed a desire for an open process in determining the levels of appropriations to various agencies from the Public Safety and Education Account. This transfer circumvents that process by dedicating a portion of the revenues accrued to the Public Safety and Education Account to the Highway Safety Fund. Also, the amount developed in the March, 1987, forecast is less than the amount appropriated, which appears to be unintended and could result in the account being over-extended.

Section 25(2), Page 11, Increased Appropriation for Highway Stores

This section allows the Department of Transportation's appropriation to be increased by an unspecified amount. This is in violation of Article 8, section 4 of the Constitution because it fails to distinctly specify the amount of the appropriation.

Section 41, Page 20, Service Fund Charges

This section puts caps on revolving fund payments by the Washington State Patrol, the Department of Licensing and the Department of Transportation. The section
references assumed budgeted amounts for revolving funds which have not been established. This section creates an inconsistency relative to other state agencies in the matter of revolving fund charges.

With the exception of sections 9(4), 10(4), 25(2) and 41, Engrossed Substitute Senate Bill No. 6076 is approved."
