The message shall set forth the reasons for salient changes from the previous fiscal period in expenditure and revenue items and shall explain any major changes in financial policy. Attached to the budget message shall be such supporting
schedules, exhibits and other explanatory material in respect to both current operations and capital improvements as the governor shall deem to be useful to the legislature. The budget document or documents shall set forth a proposal for expenditures in the ensuing fiscal period based upon the estimated revenues as approved by the economic and revenue forecast council for such fiscal period from the source and at the rates existing by law at the time of submission of the budget document. However, the estimated revenues for use in the governor's budget document may be adjusted to reflect budgetary revenue transfers and revenue estimates dependent upon budgetary assumptions of enrollments, workloads, and caseloads. All adjustments to the approved estimated revenues must be set forth in the budget document. The governor may additionally submit, as an appendix to each agency budget or to the budget document or documents, a proposal for expenditures in the ensuing fiscal period from revenue sources derived from proposed changes in existing statutes.

The budget document or documents shall also contain:

(b) Payments of all reliefs, judgments and claims;

(c) Other statutory expenditures;

(d) Expenditures incident to the operation for each agency;

Sec. 4. Section 43.88.050, chapter 8, Laws of 1965 and RCW 43.88-050 are each amended to read as follows:

Cash deficit of the current fiscal period is defined for purposes of this chapter as the amount by which the aggregate of ((expenditures)) disbursements charged to a fund will exceed the aggregate of estimated receipts credited to such fund in the current fiscal period, less the extent to which such deficit may have been provided for from available ((reeve-funds)) beginning cash surplus.

If, for any applicable fund or account, the estimated ((revenues)) receipts for the next ensuing period plus cash ((surplus shall be)) beginning balances is less than the aggregate of ((appropriations)) estimated disbursements proposed by the governor for the next ensuing fiscal period, the governor shall include in Part I of the budget document ((his)) proposals as to the manner in which the anticipated cash deficit shall be met, whether by an increase in the indebtedness of the state, by the imposition of new taxes, by increases in tax rates or an extension thereof, or in any like manner. The governor may ((provide for)) propose orderly liquidation of the ((currently existing)) anticipated cash deficit over a period of one or more fiscal periods, if, in ((his)) the governor's discretion, such manner of liquidation would best serve the public interest.

Sec. 5. Section 43.88.110, chapter 8, Laws of 1965 as last amended by section 4, chapter 215, Laws of 1986 and RCW 43.88.110 are each amended to read as follows:

This section sets forth the expenditure programs and the allotment and reserve procedures to be followed by the executive branch for public funds. Allotments of an appropriation for any fiscal period shall conform to the terms, limits, or conditions of the appropriation.

(1) The director of financial management shall provide all agencies with a complete set of instructions for preparing a statement of proposed expenditures at least thirty days before the beginning of a fiscal period. The set of instructions need not include specific appropriation amounts for the agency.
(2) Within forty-five days after the beginning of the fiscal period or within forty-five days after the governor signs the omnibus biennial appropriations act, whichever is later, all agencies shall submit to the governor a statement of proposed expenditures at such times and in such form as may be required by the governor. If at any time during the fiscal period the governor (shall ascertain that estimated revenues for the applicable period will be less than the respective appropriations) projects a cash deficit as defined by RCW 43.88.050, the governor shall make across-the-board reductions in allotments so as to prevent (the making of expenditures in excess of estimated revenues) a cash deficit, unless the legislature has directed the liquidation of the cash deficit over one or more fiscal periods. Except for the legislative and judicial branches and other agencies headed by elective officials, the governor shall review the statement of proposed expenditures for reasonableness and conformance with legislative intent. Once the governor approves the statements of proposed expenditures, further revisions shall be made only at the beginning of the second fiscal year and must be initiated by the governor. However, changes in appropriation level authorized by the legislature, changes required by across-the-board reductions mandated by the governor, and changes caused by executive increases to spending authority may require additional revisions. Revisions shall not be made retroactively. Revisions caused by executive increases to spending authority shall not be made after June 30, 1987. However, the governor may assign to a reserve status any portion of an agency appropriation withheld as part of across-the-board reductions made by the governor and any portion of an agency appropriation conditioned on a contingent event by the appropriations act. The governor may remove these amounts from reserve status if the across-the-board reductions are subsequently modified or if the contingent event occurs. The director of financial management shall enter approved statements of proposed expenditures into the state budgeting, accounting, and reporting system within forty-five days after receipt of the proposed statements from the agencies. If an agency or the director of financial management is unable to meet these requirements, the director of financial management shall provide a timely explanation in writing to the legislative fiscal committees.

(3) It is expressly provided that all agencies shall be required to maintain accounting records and to report thereon in the manner prescribed in this chapter and under the regulations issued pursuant to this chapter. Within ninety days of the end of the fiscal year, all agencies shall submit to the director of financial management their final adjustments to close their books for the fiscal year. Prior to submitting fiscal data, written or oral, to committees of the legislature, it is the responsibility of the agency submitting the data to reconcile it with the budget and accounting data reported
by the agency to the director of financial management. The director of financial management shall monitor agency expenditures against the approved statement of proposed expenditures and shall provide the legislature with quarterly explanations of major variances.

(4) The director of financial management may exempt certain public funds from the allotment controls established under this chapter if it is not practical or necessary to allot the funds. Allotment control exemptions expire at the end of the fiscal biennium for which they are granted. The director of financial management shall report any exemptions granted under this subsection to the legislative fiscal committees.

Sec. 6. Section 43.88.120, chapter 8, Laws of 1965 as last amended by section 10, chapter 138, Laws of 1984 and RCW 43.88.120 are each amended to read as follows:

Each agency engaged in the collection of revenues shall prepare estimated revenues and estimated receipts for the current and ensuing biennium and shall submit the estimates to the director of financial management and the director of revenue at times and in the form specified by the directors, along with any other information which the directors may request.

A copy of such revenue estimates shall be simultaneously submitted to the economic and revenue forecast work group when required by the office of the economic and revenue forecast council.

Sec. 7. Section 2, chapter 83, Laws of 1975–’76 2nd ex. sess. and RCW 43.88.260 are each amended to read as follows:

(1) It shall be unlawful for any agency head or disbursing officer to incur any cash deficiency and any appointive officer or employee violating the provisions of this section shall be subject to summary removal.

(2) This section does not apply to:

(a) Temporary cash deficiencies resulting from disbursements under a expenditure plan approved under RCW 43.88.110.

(b) Temporary cash deficiencies authorized by the director of financial management for funds and accounts in the state treasury or in the custody of the state treasurer. Each authorization under this subsection (b) shall distinctly specify the fund or account for which a deficiency is authorized, the maximum amount of cash deficiency which may be incurred, and the maximum time period during which the cash deficiency may continue. Each authorization shall expire at the end of each fiscal biennium unless renewed by the director of financial management. The director of financial management shall report each authorization and renewal to the legislative fiscal committees.

(c) Temporary cash deficiencies in funds or accounts which are neither in the state treasury, nor in the custody of the treasurer, if the cash deficiency does not continue past the end of the fiscal biennium.
(3) Nothing in this section permits the expenditure of moneys in excess of an applicable appropriation.

Sec. 8. Section 33, chapter 7, Laws of 1983 as last amended by section 85, chapter 57, Laws of 1985 and RCW 82.32.400 are each amended to read as follows:

The revenue accrual account is hereby created in the state treasury. At the close of each fiscal biennium, the state treasurer shall transfer the cash balance in the basic account of the state general fund, other than amounts (reappropriated) restricted for liabilities to be paid in the next fiscal biennium, to this account. Moneys in this account may only be spent after appropriation by statute for the purpose of decreasing the unfunded liability of a state retirement system (or, during the 1983-1985 fiscal biennium, for the purpose of discharging obligations which the legislature determines are correctly chargeable to a prior biennium). All earnings of investments of balances in the revenue accrual account shall be credited to the basic account of the general fund.

Sec. 9. Section 82.32.090, chapter 15, Laws of 1961 as last amended by section 23, chapter 3, Laws of 1983 2nd ex. sess. and RCW 82.32.090 are each amended to read as follows:

If payment of any tax due is not received by the department of revenue by the due date, there shall be assessed a penalty of five percent of the amount of the tax; and if the tax is not received within thirty days after the due date, there shall be assessed a total penalty of ten percent of the amount of the tax; and if the tax is not received within sixty days after the due date, there shall be assessed a total penalty of twenty percent of the amount of the tax. No penalty so added shall be less than two dollars.

If payment of any tax is received within the first ten days of the month next succeeding the month in which the tax is payable, the amount of such payment shall be credited to, and shall be treated for all purposes as having been collected during, the fiscal year which includes the month preceding the month in which such due date falls. Effective June 30, 1985, and thereafter if the payment of any tax is received during the first ten days in July, the amount of such payment shall be credited to, and shall be treated for all purposes as having been collected during, the preceding fiscal year."

If a warrant be issued by the department of revenue for the collection of taxes, increases, and penalties, there shall be added thereto a penalty of five percent of the amount of the tax, but not less than five dollars.

Notwithstanding the foregoing, the aggregate of penalties imposed under this chapter for failure to file a return, late payment of any tax, increase, or penalty, or issuance of a warrant shall not exceed twenty-five percent of the tax due, or seven dollars, whichever is greater.
Sec. 10. Section 1, chapter 138, Laws of 1984 as amended by section 2, chapter 112, Laws of 1986 and RCW 82.01.120 are each amended to read as follows:

(1) The director shall employ an economic and revenue forecast supervisor to supervise the preparation of all economic and revenue forecasts. As used in this section and RCW 82.01.125 and 82.01.130, "supervisor" means the economic and revenue forecast supervisor. Approval by an affirmative vote of at least five members of the economic and revenue forecast council is required for any decisions regarding employment of the supervisor. Employment of the supervisor shall terminate after each term of three years, unless the supervisor is reappointed by the director and approved by the economic and revenue forecast council for another three years. The supervisor shall employ staff sufficient to accomplish the purposes of this section.

(2) Four times each year the supervisor shall prepare, subject to the approval of the economic and revenue forecast council under RCW 82.01.130(2):

(a) An official state economic and revenue forecast;
(b) An unofficial state economic and revenue forecast based on optimistic economic and revenue projections; and
(c) An unofficial state economic and revenue forecast based on pessimistic economic and revenue projections.

(3) The supervisor shall submit forecasts prepared under this section, along with any unofficial forecasts provided under RCW 82.01.130(3), to the governor and the legislature on or before November 20th, February 20th in the even-numbered years, March 20th in the odd-numbered years, June 20th, and September 20th. All forecasts shall include both estimated receipts and estimated revenues in conformance with generally accepted accounting principles as provided by RCW 43.88.037.

NEW SECTION. Sec. 11. Section 43.88.040, chapter 8, Laws of 1965 and RCW 43.88.040 are each repealed.

*NEW SECTION. Sec. 12. Section 7 of this act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect immediately. The remainder of this act shall take effect August 1, 1987.
*Sec. 12 was vetoed, see message at end of chapter.

Passed the Senate April 21, 1987.
Passed the House April 17, 1987.
Approved by the Governor May 19, 1987, with the exception of certain items which were vetoed.
Filed in Office of Secretary of State May 19, 1987.

Note: Governor's explanation of partial veto is as follows:

*I am returning herewith, without my approval as to sections 2(2)(g) and 12, Substitute Senate Bill No. 5606, entitled:

*AN ACT Relating to budget and accounting.*
Section 2(2)(g) requires that the Governor's budget document display specific objects of expenditures for major programs. Current practice is to display all objects at the agency level, and selected objects at the program level.

By creating additional statutory requirements, the Legislature will increase the cost and size of what is already a 900-page document. Detailed object information is available from the Office of Financial Management; it is not necessary that this same information be incorporated into the published budget. For these reasons, I am vetoing Section 2(2)(g).

Section 12 specifies that the bill will be effective on August 1, 1987, except for section 7, which is to take effect immediately.

The immediate implementation of section 7 is impractical. Section 7 places restrictions on fund and account deficiencies. The restrictions are complex and comprehensive. Additional time is required to fully implement the provisions of this section. Accordingly, I am vetoing section 12 so that the entire bill will become effective 90 days after the adjournment of the regular session.

With the exceptions of sections 2(2)(g) and 12, Substitute Senate Bill No. 5606 is approved.*

The department of social and health services shall provide a detailed implementation plan to the legislature by October 15, 1987, for review and approval by the joint select committee on children and families. During the planning and implementation phases of the pilot project, the department shall report monthly to the joint select committee on its progress.

(2) The department's implementation plan shall include alternative management models for the pilot project providing for administration of the pilot projects by (a) the local administrator for the courts, (b) the department, (c) a community-based organization, or (d) any combination of these entities.

(3) The implementation plan shall also include a community participation component which describes all contracts and agreements with local agencies and professionals, including the name of the consulting community advisory group required in accordance with section 2(2) of this act.

(4) The implementation plan shall also include criteria and methodology for collecting data necessary for the evaluation in accordance with section 5 of this act.

(5) For purposes of providing services for the pilot projects, the department is authorized to combine funding categories in order to provide for efficient case management to meet the actual needs of children and families.

(6) The department's implementation plan shall also include a proposal for a mechanism establishing a decision-making process when services needed by children and families extend beyond those services available from the division of children and family services.

*Sec. 4 was partially vetoed, see message at end of chapter.

*NEW SECTION. Sec. 5. PILOT PROJECT EVALUATION. A final evaluation of the pilot projects shall be conducted by an independent agency under a contract with the legislative budget committee, in consultation with the joint select committee on children and family services. The chair of the committee shall rotate annually among the legislative members of the majority parties in the senate and house of representatives. A senate member of the committee shall be the first chair.

(2) The committee shall have the following functions:
(a) To provide oversight in the planning, implementation, and evaluation of the pilot project;
(b) To develop a long-term children's services strategy for the development of an effective, comprehensive coordinated children's services delivery system that will meet the needs of children in the state. The objective of the strategy shall be to (i) define existing service needs of children in Washington state, utilizing existing studies and data sources where appropriate, (ii) identify the kinds of services needed by children and families to meet a minimum standard and level of physical and mental health and safety, (iii) identify the current level of services available and gaps or overlapping services, and (iv) make recommendations to implement an effective comprehensive service delivery system. The joint select committee shall submit an initial strategy to the appropriate committees of the legislature by October 1, 1988;
(c) In formulating the long-term children's services strategy, the joint select committee shall seek input from providers with expertise in children's mental health, health care including prenatal care, adolescent drug and alcohol treatment, education including early childhood education, nonprofit funding sources, child abuse and neglect, child care, dependency, delinquency and the juvenile justice system, family support services, and representatives from minority communities including the migrant worker community, the black community, the native American community, and the Asian community. PROVIDED FURTHER, That the duty to notify a person or agency specified in this subsection shall be met if a person notifies or attempts to provide such notice by telephone or any other means, as soon as reasonably possible.

(4) Failure to report as required by subsection (1) of this section is a gross misdemeanor. Passed the Senate April 14, 1987.
Approved by the Governor May 19, 1987, with the exception of certain items which were vetoed.
Filed in Office of Secretary of State May 19, 1987.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to a portion of section 4(1), sections 5, 6, 7, 10, 15, 16 and 17, Second Substitute House Bill No. 586, entitled:" "AN ACT Relating to child abuse and neglect."

This legislation is a direct response to the need for improved and coordinated services to protect our children from abuse and neglect. I heartily support the thrust of this bill and want to ensure its component parts do not duplicate other bills.

Section 6 establishes a joint select committee on children and family services to provide oversight over a comprehensive children's services pilot project and to develop a long-term children's services strategy for the state. This is similar to the objectives required in Substitute House Bill No. 813, which establishes the Governor's Commission on Children. Therefore, this section is duplicative and unnecessary.

Since I have vetoed section 6, which would create the joint select committee on children and family services, I have vetoed a portion of section 4(1) and section 5 since these references to the joint select committee on children and family services have become unnecessary. The bill still instructs the Department of Social and Health Services to provide a detailed implementation plan for the pilot projects to the Legislature.

Section 7 requires the pilot projects to expire on December 31, 1989. This duplicates the termination date in section 4. Therefore, I have vetoed section 7.

Sections 10, 15, 16 and 17 designate specific expenditures for child protective services. I am supportive of the ideas behind these improvement measures but the hiring of specific numbers of attorneys and caseworkers, for example, would be more appropriately found in a budget bill. In addition, with the final passage of the 1987–89 biennial budget having occurred, there will be funds for some of these enhancements. Therefore, I have vetoed sections 10, 15, 16 and 17.

With the exceptions of a portion of section 4(1), sections 5, 6, 7, 10, 15, 16 and 17, Second Substitute House Bill No. 586 is approved."

The estimates shall include expenditures to be made by agencies pursuant to authority delegated under section 5(2) of this act, as well as expenditures to be made through the services component of the department of information services. NEW SECTION. Sec. 24. A new section is added to chapter 43.131 RCW to read as follows:

Chapter 43.105 RCW shall expire June 30, 1995.
Section 7 of this act and RCW 41.06.—, as now or hereafter amend-

**NEW SECTION.** Sec. 25. If any provision of this act or its application
to any person or circumstance is held invalid, the remainder of the act or
the application of the provision to other persons or circumstances is not
affected.

**NEW SECTION.** Sec. 26. This act is necessary for the immediate
preservation of the public peace, health, and safety, the support of the state
government and its existing public institutions, and shall take effect July 1,
1987.

Approved by the Governor May 19, 1987, with the exception of certain
items which were vetoed.

Filed in Office of Secretary of State May 19, 1987.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to section 23, Second Substi-
tute Senate Bill No. 5555, entitled:

"AN ACT Relating to state information technology."

Section 23 of this bill would require that a study of state budgets and expendi-
tures for information systems be conducted by the legislative evaluation and ac-
countability program administration. This study would be conducted over a period of
two years, while the new Department of Information Services is being formed.

I believe that this section is unnecessary. The Legislature has the general over-
sight authority for state agencies and may undertake studies of state operations
without implementing legislation.

Furthermore, this study would be taking place while a great many changes are
made in the organization of state information systems, as required by the remainder
of this bill. It may be more difficult to get accurate baseline data during this period
than at other times. To ensure that the Legislature is fully informed about the devel-
opment and operations of this new agency, I will be instructing its director to make
periodic reports to appropriate legislative committees.

With the exception of section 23, Second Substitute Senate Bill No. 5555 is
approved."

WASHINGTON LAWS, 1987

Sec. 3. Section 9, chapter 218, Laws of 1973 1st ex. sess. as last amended by section 7, chapter 139, Laws of 1981 and RCW 9.46.090 are each amended to read as follows:

Subject to RCW 40.07.040, the commission shall, from time to time, make reports to the governor and the legislature covering such matters in connection with this chapter as (he) the governor and the legislature may require; and in addition shall prepare and forward to the governor, to be laid before the legislature, a report for the period ending on the thirty-first day of December of 1973, and a report annually thereafter as soon as possible after the close of the fiscal year, which. These reports shall be public documents and contain such general information and remarks as the commission deems pertinent thereto and any information requested by either the governor or members of the legislature: PROVIDED, That the commission appointed pursuant to RCW 9.46.040 may conduct a thorough study of the types of gambling activity permitted and the types of gambling activity prohibited by this chapter and may make recommendations to the legislature as to: (1) Gambling activity that ought to be permitted; (2) gambling activity that ought to be prohibited; (3) the types of licenses and permits that ought to be required; (4) the type and amount of tax that ought to be applied to each type of permitted gambling activity; (5) any changes which may be made to the law of this state which further the purposes and policies set forth in RCW 9.46.010 as now law or hereafter amended; and (6) any other matter that the commission may deem appropriate. Members of the commission and its staff may contact the legislature, or any of its members, at any time, to advise it of recommendations of the commission.

Sec. 4. Section 75, chapter 291, Laws of 1977 ex. sess. as last amended by section 1, chapter 287, Laws of 1985 and RCW 13.40.210 are each amended to read as follows:

(1) The secretary shall, except in the case of a juvenile committed by a court to a term of confinement in a state institution outside the appropriate standard range for the offense(s) for which the juvenile was found to be guilty established pursuant to RCW 13.40.030, as now or hereafter amended, set a release or discharge date for each juvenile committed to its custody which shall be within the prescribed range to which a juvenile has been committed. Such dates shall be determined prior to the expiration of sixty percent of a juvenile's minimum term of confinement included within the prescribed range to which a juvenile has been committed. The secretary shall release any juvenile committed to the custody of the department within four calendar days prior to the juvenile's release date or on the release date set under this chapter: PROVIDED, That days spent in the custody of the department shall be tolled by any period of time during which a juvenile has absented himself or herself from the department's supervision without the prior approval of the secretary or the secretary's designee.
The secretary shall monitor the average daily population of the state's juvenile residential facilities. When the secretary concludes that in-residence population of residential facilities exceeds one hundred five percent of the rated bed capacity specified in statute, or in absence of such specification, as specified by the department in rule, the secretary may recommend reductions to the governor. On certification by the governor that the recommended reductions are necessary, the secretary has authority to administratively release a sufficient number of offenders to reduce in-residence population to one hundred percent of rated bed capacity. The secretary shall release those offenders who have served the greatest proportion of their sentence. However, the secretary may deny release in a particular case at the request of an offender, or if the secretary finds that there is no responsible custodian, as determined by the department, to whom to release the offender, or if the release of the offender would pose a clear danger to society. The department shall notify the committing court of the release at the end of each calendar year if any such early releases have occurred during that year as a result of excessive in-residence population. In no event shall a serious offender, as defined in RCW 13.40.020(1) be granted release under the provisions of this subsection.

Following the juvenile's release pursuant to subsection (1) of this section, the secretary may require the juvenile to comply with a program of parole to be administered by the department in his or her community which shall last no longer than eighteen months. Such a parole program shall be mandatory for offenders released under subsection (2) of this section. The secretary shall, for the period of parole, facilitate the juvenile's reintegration into his or her community and to further this goal may require the juvenile to: (a) Undergo available medical or psychiatric treatment; (b) report as directed to a parole officer; (c) pursue a course of study or vocational training; (d) remain within prescribed geographical boundaries and notify the department of any change in his or her address; and (e) refrain from committing new offenses. After termination of the parole period, the juvenile shall be discharged from the department's supervision.

The department may also modify parole for violation thereof. If, after affording a juvenile all of the due process rights to which he or she would be entitled if the juvenile were an adult, the secretary finds that a juvenile has violated a condition of his or her parole, the secretary shall order one of the following which is reasonably likely to effectuate the purpose of the parole and to protect the public: (a) Continued supervision under the same conditions previously imposed; (b) intensified supervision with increased reporting requirements; (c) additional conditions of supervision authorized by this chapter; and (d) imposition of a period of confinement not to exceed thirty days in a facility operated by or pursuant to a contract with the state of Washington or any city or county for a portion of each day
or for a certain number of days each week with the balance of the days or weeks spent under supervision.

(5) A parole officer of the department of social and health services shall have the power to arrest a juvenile under his or her supervision on the same grounds as a law enforcement officer would be authorized to arrest such person.

(6) If so requested and approved under chapter 13.06 RCW, the secretary shall permit a county or group of counties to perform functions under subsections (3) through (5) of this section.

Sec. 5. Section 23, chapter 279, Laws of 1984 and RCW 18.130.310 are each amended to read as follows:

Subject to RCW 40.07.040, the disciplinary authority shall submit a biennial report to the legislature ((on January 1 of each odd-numbered year)) on its proceedings during the biennium, detailing the number of complaints made, investigated, and adjudicated and manner of disposition. The report may include recommendations for improving the disciplinary process, including proposed legislation. The department of licensing shall develop a uniform report format.

The report shall include the number of persons applying for program options, the number denied and reasons, the number approved and implemented, the programs they transferred from and to, the costs and savings incurred, and the amounts and sources of funding used to finance program options services. If the legislature is in session or convened, in accordance with this subsection, the duration of the condition of energy emergency shall be limited in accordance with subsection (3) of this section.

Upon the declaration of a condition of energy supply alert or energy emergency, the governor shall present to the committee any proposed plans for programs, controls, standards, and priorities for the production, allocation, and consumption of energy during any current or anticipated condition of energy emergency, any proposed plans for the suspension or modification of existing rules of the Washington Administrative Code, and any other relevant matters the governor deems desirable. (c) Upon the request of the governor, extended by declaration of the legislature by concurrent resolution of a continuing energy supply alert.

In the event any such initial extension is implemented, the condition shall terminate one hundred and fifty consecutive days after the declaration of such condition. One or more subsequent extensions may be implemented through the extension procedures set forth in this subsection. In the event any such subsequent extension is implemented, the condition shall terminate sixty consecutive days after the implementation of such extension.

(3) A condition of energy emergency shall terminate forty-five consecutive days after the declaration of such condition unless:
(a) Extended by the governor upon issuing a finding that the energy emergency continues to exist, and with prior approval of such an extension by the committee; or

(b) Extended by the governor based on a declaration by the president of the United States of a national state of emergency in regard to energy supply; or

(c) Upon the request of the governor, extended by declaration of the legislature by concurrent resolution of a continuing energy emergency.

In the event any such initial extension is implemented, the condition shall terminate ninety consecutive days after the declaration of such condition. One or more subsequent extensions may be implemented through the extension procedures set forth in this subsection. In the event any such subsequent extension is implemented, the condition shall terminate forty-five consecutive days after the implementation of such extension.

(4) A condition of energy supply alert or energy emergency shall cease to exist upon a declaration to that effect by either of the following: (a) The governor; or (b) the legislature, by concurrent resolution, if in regular or special session: PROVIDED, That the governor shall terminate a condition of energy supply alert or energy emergency when the energy supply situation upon which the declaration of a condition of energy supply alert or energy emergency was based no longer exists.

The governor shall immediately transmit the declaration of a condition of energy supply alert or energy emergency and the findings upon which the declaration is based and any orders issued under the powers granted in this chapter to the committee.

Nothing in this chapter shall be construed to mean that any program, control, standard, priority or other policy created under the authority of the emergency powers authorized by this chapter shall have any continuing legal effect after the cessation of the condition of energy supply alert or energy emergency.

If any provision of this chapter is in conflict with any other provision, limitation, or restriction which is now in effect under any other law of this state, including, but not limited to, chapter 34.04 RCW, this chapter shall govern and control, and such other law or rule or regulation promulgated thereunder shall be deemed superseded for the purposes of this chapter.

Passed the House April 15, 1987.
Passed the Senate April 7, 1987.
Approved by the Governor May 19, 1987, with the exception of certain items which were vetoed.
Filed in Office of Secretary of State May 19, 1987.

Note: Governor's explanation of partial veto is as follows:

*I am returning herewith, without my approval as to sections 1, 20, 23, 75 and 86, Engrossed Substitute House Bill No. 25, entitled:
"AN ACT Relating to state government."

Section 1 requires the Office of Financial Management to suggest a system to control the purchases of furniture by state agencies. While the existing system is not perfect, it does provide for some flexibility so that agencies may operate efficiently while at the same time allowing executive and legislative control through the budget process. The system envisioned by this section would add an additional layer of bureaucracy to a single part of the state purchasing system and would be costly to administer.

Improvements are possible in many areas of state government, and purchasing is one of these areas. I think that any changes in furniture purchasing should be considered in the context of improvements of the overall system. Therefore, I have vetoed section 1.

Three sections of Engrossed Substitute House Bill No. 25 contain amendments that conflict with other bills receiving my signature. Section 20 amends RCW 39.19.030(8), which is also amended by Engrossed Senate Bill 5529, section 3. Section 23 amends RCW 39.86.070, which is repealed by Substitute House Bill 739, section 13(8). Section 75 amends RCW 77.04.110, which is repealed by Engrossed Second Substitute House Bill 758, section 98. These amendments are incompatible, so I have vetoed these sections to avoid confusion.

Section 86 requires all state publications which are to be sent to legislators to be routed through the State Library. I fully agree that state agencies should limit publications to the Legislature to what is necessary. However, the language in section 86 is overly broad and could result in delays of critical information to the Legislature. To keep with the intent of this section, I will direct the Office of Financial Management to work with agencies to devise a system that will distribute their publications more efficiently and effectively.

With the exception of sections 1, 20, 23, 75 and 86, Engrossed Substitute House Bill 25 is approved.*

CHAPTER 506
[Engrossed Second Substitute House Bill No. 758]
WILDLIFE DEPARTMENT

Be it enacted by the Legislature of the State of Washington:

NEW SECTION. Sec. 1. Washington's fish and wildlife resources are the responsibility of all residents of the state. We all benefit economically, recreationally, and aesthetically from these resources. Recognizing the state's changing environment, the legislature intends to continue to provide
opportunities for the people to appreciate wildlife in its native habitat. However, the wildlife management in the state of Washington shall not cause a reduction of recreational opportunity for hunting and fishing activities. The paramount responsibility of the department remains to preserve, protect, and perpetuate all wildlife species. Adequate funding for proper management, now and for future generations, is the responsibility of everyone.

The intent of the legislature is: (1) To allow the governor to select the director of wildlife; (2) to retain the authority of the wildlife commission to establish the goals and objectives of the department; (3) to insure a high level of public involvement in the decision-making process; (4) to provide effective communications among the commission, the governor, the legislature, and the public; (5) to expand the scope of appropriate funding for the management, conservation, and enhancement of wildlife; (6) to not increase the cost of license, tag, stamp, permit, and punchcard fees prior to January 1, 1990; and (7) for the commission to carry out any other responsibilities prescribed by the legislature in this title.

Such officers, except the secretary of transportation (and the director of game), shall be appointed by the governor, with the consent of the senate, and hold office at the pleasure of the governor: PROVIDED, That the director of wildlife shall be appointed according to the provisions of RCW 77.04.080. There is appropriated from the general fund to the department of wildlife for the biennium ending June 30, 1989, the sum of eight million dollars: PROVIDED, That four million five hundred thousand dollars of this appropriation shall revert to the general fund if the comprehensive spending plan submitted to the legislature under section 7(2) of this 1987 act is rejected by the legislature in the 1988 session: PROVIDED FURTHER, That three million five hundred thousand dollars of this appropriation may be expended by the department of wildlife without regard to approval of the comprehensive spending plan.

Sec. 4. Section 77.04.020, chapter 36, Laws of 1955 as amended by section 3, chapter 78, Laws of 1980 and RCW 77.04.020 are each amended to read as follows:

For the purposes of this section, "emergency" means an unforeseen circumstance beyond the control of the landowner or tenant that presents a real and immediate threat to crops, domestic animals, fowl, or other property.

Alternatively, when sufficient time for the issuance of a permit by the director is not available, verbal permission may be given by the appropriate (game) department regional administrator to owners or tenants of real property to trap or kill on that property any deer, elk, or protected wildlife.
which is damaging crops, domestic animals, fowl, or other property. The regional administrator may delegate, in writing, a member of the regional staff to give the required permission in these emergency situations. For purposes of this section, "crop" means an agricultural or horticultural product growing or harvested and includes wild shrubs and range land vegetation on privately owned cattle ranching lands. On such lands, the land owner or lessee may declare an emergency when the department ((game)) has not responded within forty-eight hours after having been contacted by the land owner or lessee regarding crop damage by wild animals or wild birds. However, the department shall not allow claims for damage to wild shrubs or range land vegetation on such lands.

Deer and elk shall not be killed under the authority of this section on privately owned cattle ranching lands that were closed to public hunting during the previous hunting season, except for land closures which are coordinated with the department to protect property and livestock.

The department shall work closely with landowners and tenants suffering game damage problems to control damage without killing the animals when practical, to increase the harvest of damage-causing animals in hunting seasons, or to kill the animals when no other practical means of damage control is feasible.

If the legislature approves the claim, the department shall pay it from moneys appropriated for that purpose.

(2) If a claim for damages under RCW 77.12.270 has been refused or has not been settled and paid by the ((commission)) director within one hundred twenty days of the filing of the claim, either the claimant or the ((commission)) director may serve upon the other personally or by registered mail a notice of intent to arbitrate. The notice shall contain the name of an arbitrator. Within ten days of receiving the notice, the person served shall serve the name of an arbitrator personally or by registered mail upon the other party. The two arbitrators, within seven days of the naming of the second arbitrator, shall select a third arbitrator who shall not be an employee of the department or member of the commission. If the two arbitrators cannot agree upon a third arbitrator, either party may petition the superior court in the county in which the claim arose to select the third arbitrator. Upon receiving the petition, the court shall appoint a third arbitrator. Filing fees or court costs arising from the petition shall be shared equally by the claimant and the department.

(3) The award of the arbitrators is advisory only and shall be filed with the department within ninety days following the naming of the third arbitrator. Payment shall not be made by the ((commission)) director until the arbitrators have made their advisory award.

Sec. 94. Section 75.16.060, chapter 12, Laws of 1955 as amended by section 12, chapter 46, Laws of 1983 1st ex. sess. and RCW 75.08.055 are each amended to read as follows:

Whenever an application for a permit to make beneficial use of public waters is approved relating to a stream or other water body for which minimum flows or levels have been adopted and are in effect at the time of approval, the permit shall be conditioned to protect the levels or flows. No agency may establish minimum flows and levels or similar water flow or
level restrictions for any stream or lake of the state other than the department of ecology whose authority to establish is exclusive, as provided in chapter 90.03 RCW and RCW 90.22.010 and 90.54.040. The provisions of other statutes, including but not limited to RCW 75.20.100 and chapter 43.21C RCW, may not be interpreted in a manner that is inconsistent with this section. In establishing such minimum flows, levels, or similar restrictions, the department shall, during all stages of development by the department of ecology of minimum flow proposals, consult with, and carefully consider the recommendations of, the department of fisheries, the department of wildlife, the state energy office, the department of agriculture, and representatives of the affected Indian tribes. Nothing herein shall preclude the department of fisheries, the department of wildlife, the energy office, or the department of agriculture from presenting its views on minimum flow needs at any public hearing or to any person or agency, and the department of fisheries, the department of wildlife, the energy office, and the department of agriculture are each empowered to participate in proceedings of the federal energy regulatory commission and other agencies to present its views on minimum flow needs. The department of ecology shall file with the speaker of the house of representatives and the president of the senate on the first day of each regular session of the legislature during an odd-numbered year a report as to the implementation of its minimum flow setting program.

Sec. 96. Section 3, chapter 284, Laws of 1969 ex. sess. and RCW 90-22.010 are each amended to read as follows:

The department of water resources may establish minimum water flows or levels for streams, lakes or other public waters for the purposes of protecting fish, game, birds or other wildlife resources, or recreational or aesthetic values of said public waters whenever it appears to be in the public interest to establish the same. In addition, the department of water resources shall, when requested by the department of fisheries or the department of wildlife to protect fish, game or other wildlife resources under the jurisdiction of the requesting state agency, or by the water pollution control commission to preserve water quality, establish such minimum flows or levels as are required to protect the resource or preserve the water quality described in the request. Any request submitted by the department of fisheries, department of wildlife, or department of ecology shall include a statement setting forth the need for establishing a minimum flow or level. This section shall not apply to waters artificially stored in reservoirs, provided that in the granting of storage permits by the department of ecology in the future, full recognition shall be given to downstream minimum flows, if any there may be, which have theretofore been established hereunder.

The department of game and the department of fisheries shall cooperatively operate and maintain a fish collection facility on the Toutle river. Each agency shall share in the cost of operating and maintaining the facility.

NEW SECTION. Sec. 103. A new section is added to chapter 77.32 RCW to read as follows:

Notwithstanding RCW 77.32.010, the commission may adopt rules designating times and places for the purposes of family fishing days when licenses are not required to fish for game fish.

Passed the Senate April 26, 1987.
Approved by the Governor May 19, 1987, with the exception of certain items which were vetoed.
Filed in Office of Secretary of State May 19, 1987.

Note: Governor's explanation of partial veto is as follows:

*I am returning herewith, without my approval as to section 57, and 74(2), Engrossed Second Substitute House Bill No. 758, entitled:

*AN ACT Relating to the department of wildlife.*

Engrossed Second Substitute House Bill No. 758 reorganizes the Department of Game into the Department of Wildlife. As part of this reorganization, greater authority is vested in the Director of Wildlife, the chief executive officer of the Department.

Section 57 requires the Director to employ a minimum of 85 field wildlife enforcement agents. As with other Departmental staffing decisions, a determination of the actual number of wildlife enforcement agents to be employed by the Department is more appropriately left to the Director's discretion. Enforcement is an important responsibility of the Department, and the Director is instructed to employ an adequate number of wildlife agents to ensure enforcement coverage throughout the state.

Section 74(2) would direct to the Wildlife Conservation Reward Fund, rather than to the Public Safety and Education Fund, certain reimbursements to the state for the value of game animals taken illegally. Section 74(2) would require courts to distribute revenue received from these reimbursements in a different way than is currently prescribed by statute. Currently, as part of the Court Improvement Act of 1984, all court revenue is distributed according to a 68/32% formula between local and state government. The state's 32% share goes into the Public Safety and Education Account and is used to support a variety of state programs, including some sponsored by the Department of Wildlife.

The Court Improvement Act did away with a very cumbersome system of separate accounting for numerous small special purpose court collections. The unified and simplified system now in place is superior to its predecessor. The change mandated by section 74(2) would be a step backward toward the old system.

With the exception of section 57, and 74(2), Engrossed Second Substitute House Bill No. 758 is approved.*

The superintendent shall take into consideration the types of vehicles purchased by individual school districts in the state. The categories shall include, but not be limited to, variables
such as vehicle capacity, type of chassis, type of fuel, engine and body type, special equipment, and life of vehicle. The categories shall be developed in conjunction with the local districts and shall be applicable to the following school year. The categories shall be designed to produce minimum long-range operating costs, including costs of equipment and all costs incurred in operating the vehicles. Each category description shall include the estimated state-determined purchase price, which shall be based on the actual costs of the vehicles purchased for that comparable category in the state during the preceding twelve months and the anticipated market price for the next school fiscal year. By June 15th of each year, the superintendent shall notify districts of the preliminary vehicle categories and state-determined purchase price for the ensuing school year. By October 15th of each year, the superintendent shall finalize the categories and the associated state-determined purchase price and shall notify districts of any changes. While it is the responsibility of each district to select each student transportation vehicle to be purchased by the district, each district shall be paid a sum based only on the amount of the state-determined purchase price and inflation as recognized by the reimbursement schedule established in this section as set by the superintendent for the category of vehicle purchased.

(2) The superintendent shall develop a reimbursement schedule to pay districts for the cost of student transportation vehicles purchased after September 1, 1982. The accumulated value of the payments and the potential investment return thereon shall be designed to be equal to the replacement value of the vehicle less its salvage value at the end of its anticipated lifetime. The superintendent shall revise at least annually the reimbursement payments based on the current and anticipated future cost of comparable categories of transportation equipment. Reimbursements to school districts for approved transportation equipment shall be placed in a separate vehicle transportation fund established for each school district under RCW 28A.58.428. However, educational service districts providing student transportation services pursuant to RCW 28A.21.086(4) and receiving moneys generated pursuant to this section shall establish and maintain a separate vehicle transportation account in the educational service district's general expense fund for the purposes and subject to the conditions under RCW 28A.58.428 and 28A.58.430.

(3) To the extent possible, districts shall operate vehicles acquired under this section not less than the number of years or useful lifetime now, or hereafter, assigned to the class of vehicles by the superintendent. School districts shall properly maintain the transportation equipment acquired under the provisions of this section, in accordance with rules established by the office of the superintendent of public instruction. If a district fails to follow generally accepted standards of maintenance and operation, the superintendent of public instruction shall penalize the district by deducting from future reimbursements under this section an amount equal to the original
cost of the vehicle multiplied by the fraction of the useful lifetime or miles the vehicle failed to operate.

(4) The superintendent shall annually develop a depreciation schedule to recognize the cost of depreciation to districts contracting with private carriers for student transportation. Payments on this schedule shall be a straight line depreciation based on the original cost of the appropriate category of vehicle.

Passed the Senate April 26, 1987.
Approved by the Governor May 19, 1987, with the exception of certain items which were vetoed.
Filed in Office of Secretary of State May 19, 1987.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to section 1, Senate Bill No. 6053, entitled:

"AN ACT Relating to educational service districts."

Section 1 of this bill would allow Educational Service Districts to borrow money to purchase real or personal property for their operations.

Educational Service Districts are not local entities and are not accountable to local constituencies. They are agencies with no guaranteed source of income or revenue with which to secure borrowed funds. The primary source of revenue for Educational Service Districts comes from local school district participation. School districts do have accountability to local constituencies. They also have the authority to borrow funds, and could do so cooperatively in support of Educational Service Districts, should such a need arise.

With the exception of section 1, Senate Bill No. 6053 is approved."

CHAPTER 509
[Engrossed Senate Bill No. 5571]
GRAIN INDEMNITY FUND PROGRAM

AN ACT Relating to the grain indemnity fund for grain warehouse and dealer licenses; amending RCW 22.09.060, 22.09.090, 22.09.100, 22.09.570, and 22.09.610; adding new sections to chapter 22.09 RCW; and declaring an emergency.

Be it enacted by the Legislature of the State of Washington:

Sec. 1. Section 6, chapter 124, Laws of 1963 as last amended by section 24, chapter 305, Laws of 1983 and RCW 22.09.060 are each amended to read as follows:

Except as provided in section 7(2) of this 1987 act, no warehouse or grain dealer license may be issued to an applicant before a bond ((or))2 certificate of deposit, or other security is given to the department as provided in RCW 22.09.090, or in section 3 of this 1987 act. No warehouse license may be issued to an applicant before a certificate of insurance as provided in RCW 22.09.110 has been filed with the department.
Sec. 2. Section 9, chapter 124, Laws of 1963 as last amended by section 27, chapter 305, Laws of 1983 and RCW 22.09.090 are each amended to read as follows:

(1) An applicant for a warehouse or grain dealer license pursuant to the provisions of this chapter (the person) shall give a bond to the state of Washington executed by the applicant as the principal and by a corporate surety licensed to do business in this state as surety. The bond required under this section for the issuance of a warehouse license shall be in the sum of not less than fifty thousand dollars nor more than seven hundred fifty thousand dollars. The department shall, after holding a public hearing, determine the amount that will be required for the warehouse bond which shall be computed at a rate of not less than fifteen cents nor more than thirty cents per bushel multiplied by the number of bushels of licensed commodity storage capacity of the warehouses of the applicant furnishing the bond. The applicant for a warehouse license may give a single bond meeting the requirements of this chapter, and all warehouses operated by the warehouseman are deemed to be one warehouse for the purpose of the amount of the bond required under this subsection. Any change in the capacity of a warehouse or addition of any new warehouse involving a change in bond liability under this chapter shall be immediately reported to the department.

(2) The bond required under this section for the issuance of a grain dealer license shall be in the sum of not less than fifty thousand dollars nor more than seven hundred fifty thousand dollars. The department shall, after holding a public hearing, determine the amount that will be required for the dealer bond which shall be computed at a rate not less than six percent nor more than twelve percent of the sales of agricultural commodities purchased by the dealer from producers during the dealer's last completed fiscal year or in the case of a grain dealer who has been engaged in business as a grain dealer less than one year, the estimated aggregate dollar amount to be paid by the dealer to producers for agricultural commodities to be purchased by the dealer during the dealer's first fiscal year.

(3) An applicant making application for both a warehouse license and a grain dealer license may satisfy the bonding requirements set forth in subsections (2) and (3) of this section by giving to the state of Washington a single bond for the issuance of both licenses, which bond shall be in the sum of not less than fifty thousand dollars nor more than seven hundred fifty thousand dollars. The department shall, after holding a public hearing, determine the amount of the bond which shall be computed at a rate of not less than fifteen cents nor more than thirty cents per bushel multiplied by the number of bushels of licensed commodity storage capacity of the warehouses of the applicant furnishing the bond, or at the rate of not less than
six percent nor more than twelve percent of the gross sales of agricultural commodities of the applicant whichever is greater.

(5) The bonds required under this ([section]) chapter shall be approved by the department and shall be conditioned upon the faithful performance by the licensee of the duties imposed upon him by this chapter. If a person has applied for warehouse licenses to operate two or more warehouses in this state, the assets applicable to all warehouses, but not the deposits except in case of a station, are subject to the liabilities of each. The total and aggregate liability of the surety for all claims upon the bond (([are])) is limited to the face amount (([specified in])) of the bond.

(6) Any person required to submit a bond to the department under this chapter has the option to give the department a certificate of deposit or other security acceptable to the department payable to the director as trustee, in lieu of a bond or a portion thereof. The principal amount of the certificate or other security shall be the same as that required for a surety bond under this chapter or may be in an amount which, when added to the (([applicant's])) bond, will satisfy the licensee's requirements for a surety bond under this chapter, and the interest thereon shall be made payable to the purchaser of the certificate or other security. The certificate of deposit or other security shall remain on deposit until it is released, canceled, or discharged as provided for by rule of the department. The provisions of this chapter that apply to a bond required under this chapter apply to each certificate of deposit or other security given in lieu of such a bond.

(7) The department may, when it has reason to believe that a grain dealer does not have the ability to pay producers for grain purchased, or when it determines that the grain dealer does not have a sufficient net worth to outstanding financial obligations ratio, or when it believes there may be claims made against the bond in excess of the face amount of the bond, require a grain dealer to post an additional bond in a dollar amount deemed appropriate by the department or may require an additional certificate of deposit or other security. The additional bonding or other security may exceed the maximum amount of the bond otherwise required under this ([section]) chapter. Failure to post the additional bond (([or])) certificate of deposit, or other security constitutes grounds for suspension or revocation of a license issued under this chapter.

(8) Notwithstanding any other provisions of this chapter, the license of a warehouseman or grain dealer shall automatically be suspended in accordance with RCW 22.09.100 for failure at any time to have or to maintain a bond (([or])), certificate of deposit, (([or both])) or other security or combination thereof in the amount and type required by this chapter. The department shall remove the suspension or issue a license as the case may be, when the required bond (([or])), certificate of deposit, or other security has been obtained.
NEW SECTION. Sec. 3. (1) Two or more applicants for a warehouse or grain dealer license may provide a single bond to the state of Washington, executed by a corporate surety licensed to do business in this state and designating each of the applicants as a principal on said bond.

(2) The department shall promulgate rules establishing the amount of the bond required under this section. In no event shall that amount be less than ten percent of the aggregate amount of each of the bonds that would be required of the applicants under RCW 22.09.090 or less than the amount that would be required under RCW 22.09.090 for the applicant having the highest bond requirement under that section.

Sec. 4. Section 10, chapter 124, Laws of 1963 as amended by section 28, chapter 305, Laws of 1983 and RCW 22.09.100 are each amended to read as follows:

(1) Every bond filed with and approved by the department shall without the necessity of periodic renewal remain in force and effect until such time as the warehouseman's or grain dealer license of each principal on the bond is revoked or otherwise canceled.

(2) The surety on a bond, as provided in this chapter, shall be released and discharged from all liability to the state as to a principal whose license is revoked or canceled, which liability accrues after the expiration of thirty days from the effective date of the revocation or cancellation of the license. The surety on a bond under this chapter shall be released and discharged from all liability to the state accruing on the bond after the expiration of ninety days from the date upon which the surety lodges with the department a written request to be released and discharged. Nothing in this section shall operate to relieve, release, or discharge the surety from any liability which accrues before the expiration of the respective thirty or ninety-day period. In the event of a cancellation by the surety, the surety shall simultaneously send the notification of cancellation in writing to any other governmental agency requesting it. Upon receiving any such request, the department shall promptly notify the principal or principals who furnished the bond, and unless the principal or principals file a new bond on or before the expiration of the respective thirty or ninety-day period, the department shall forthwith cancel the license of the principal or principals whose bond has been canceled.

Sec. 5. Section 29, chapter 7, Laws of 1975 1st ex. sess. as amended by section 56, chapter 305, Laws of 1983 and RCW 22.09.570 are each amended to read as follows:

The director may bring action upon the bond of a warehouseman or grain dealer against both principal against whom a claim has been made
and the surety in any court of competent jurisdiction to recover the damages caused by any failure to comply with the provisions of this chapter or the rules adopted hereunder. Recovery for damages against a warehouseman or grain dealer on a bond furnished under section 3 of this 1987 act shall be limited to the bond amount that would be required for that warehouseman or grain dealer under RCW 22.09.090.

Sec. 6. Section 33, chapter 7, Laws of 1975 1st ex. sess. as amended by section 60, chapter 305, Laws of 1983 and RCW 22.09.610 are each amended to read as follows:

Upon the refusal of the surety company to pay the demand, the director may thereupon bring an action on the warehouseman's or grain dealer's bond in behalf of the depositor creditors. Upon any action being commenced on the bond, the director may require the filing of a new bond, and immediately upon the recovery in any action on the bond, ((the warehouseman or grain dealer shall file)) a new bond shall be filed. The failure to file the new bond or otherwise satisfy the security requirements of this chapter within ten days in either case constitutes grounds for the suspension or revocation of the ((warehouseman’s or grain dealer’s)) license of any principal on the bond.

NEW SECTION. Sec. 7. (1) The provisions of this section and sections 9 through 20 of this act constitute the grain indemnity fund program. Sections 9 through 20 of this act shall take effect on a date specified by the director but within ninety days after receipt by the director of a petition seeking implementation of the grain indemnity fund program provided for in this chapter and a determination by the director, following a public hearing on said petition, that a grain indemnity fund program is in the interest of the agricultural industry of this state. The petition shall be signed by licensees of at least thirty-three percent of the grain warehouses and thirty-three percent of the grain dealers. At least sixty days in advance, the director shall notify each licensed warehouse and grain dealer of the effective date of the grain indemnity fund program provisions.

(2) The grain indemnity fund program, if activated by the director, shall be in lieu of the bonding and security provisions of RCW 22.09.090 and section 3 of this act.

NEW SECTION. Sec. 8. (1) There is hereby established a fund to be known as the grain indemnity fund. The grain indemnity fund shall consist of assessments remitted by licensees pursuant to the provisions of sections 9 through 11 of this act and any interest or earnings on the fund balance.

(2) All assessments shall be paid to the department and shall be deposited in the grain indemnity fund. The state treasurer shall be the custodian of the grain indemnity fund. Disbursements shall be on authorization of the director. No appropriation is required for disbursements from this fund.
(3) The grain indemnity fund shall be used exclusively for purposes of paying claimants pursuant to this chapter, and paying necessary expenses of administering the grain indemnity fund, provided however, that one-half of the interest accumulated by the fund may be paid to the department to defray costs of administering the warehouse audit program. The state of Washington shall not be liable for any claims presented against the fund.

**NEW SECTION.** Sec. 9. (1) Every licensed warehouse and grain dealer and every applicant for any such license shall pay assessments to the department for deposit in the grain indemnity fund according to the provisions of sections 7 through 20 of this act and rules promulgated by the department to implement this chapter.

(2) The rate of the assessments shall be established by rule, provided however, that no single assessment against a licensed warehouse or grain dealer or applicant for any such license shall exceed five percent of the bond amount that would otherwise have been required of such grain dealer, warehouseman, or license applicant under RCW 22.09.090.

**NEW SECTION.** Sec. 10. (1) The department shall establish the initial assessment within sixty days of the activation of the grain indemnity fund program pursuant to section 7 of this act. Immediately upon promulgation of the rule, the department shall issue notice to each licensed warehouse and grain dealer of the assessment owed. The initial assessment and assessments issued thereafter shall be paid within thirty days of the date posted on the assessment notice.

(2) The surety bond or other security posted by a licensed warehouse or grain dealer in effect immediately preceding the effective date of the grain indemnity fund program, shall remain in full force and effect and shall not be released until thirty days after the initial assessment is paid. A certificate of deposit or other security in effect immediately preceding the effective date of the grain indemnity fund program shall remain on deposit until the initial assessment is paid and until such certificate of deposit or other security is released by the department following a prompt determination that no outstanding claims are pending against the security.

(3) Each new applicant for a warehouse or grain dealer license shall pay the assessment imposed pursuant to section 9 of this act at the time of application. No license to operate as a grain dealer or grain warehouse or both shall be issued until such assessment is paid.

Notwithstanding the provisions of section 9(2) of this act, new applicants shall pay annual assessments into the grain indemnity fund for an equivalent number of years as those participating at the inception of the grain indemnity fund program and who continue to participate in the grain indemnity fund program.

**NEW SECTION.** Sec. 11. The assessments imposed pursuant to section 9 of this act shall be imposed annually, under rules promulgated by the
department, until such time as the grain indemnity fund balance, less any outstanding claims, reaches three million dollars. For any year in which the grain indemnity fund balance, less any outstanding claims, exceeds three million dollars on the annual assessment date, no assessment shall be imposed by the department, except as provided in section 10(3) or 12 of this act.

NEW SECTION. Sec. 12. The department may, when it has reason to believe that a licensee does not have the ability to pay producers for grain purchased, or when it determines that the licensee does not have a sufficient net worth to outstanding financial obligations ratio, require from the licensee the payment of an additional assessment or, at the department's option, the posting of a bond or other additional security in an amount to be prescribed by rule. The additional assessment or other security may exceed the maximum amount set forth in section 9 of this act. Failure of the licensee to timely pay the additional assessment or post the additional bond or other security constitutes grounds for suspension or revocation of a license issued under this chapter.

NEW SECTION. Sec. 13. (1) There is hereby created a grain indemnity fund advisory committee consisting of six members to be appointed by the director. The director shall make appointments to the committee no later than seven days following the date this section becomes effective pursuant to section 7 of this act. Of the initial appointments, three shall be for two-year terms and three shall be for three-year terms. Thereafter, appointments shall be for three-year terms, each term ending on the same day of the same month as did the term preceding it. Any member appointed to fill a vacancy occurring prior to the expiration of the term for which the member's predecessor was appointed shall hold office for the remainder of the predecessor's term.

(2) The committee shall be composed of two producers primarily engaged in the production of agricultural commodities, two licensed grain dealers, and two licensed grain warehousemen.

(3) The committee shall meet at such places and times as it shall determine and as often as necessary to discharge the duties imposed upon it. Each committee member shall be compensated in accordance with RCW 43.03.240 and shall be reimbursed for travel and subsistence expense under RCW 43.03.050 and 43.03.060. The expenses of the committee and its operation shall be paid from the grain indemnity fund.

(4) The committee shall have the power and duty to advise the director concerning assessments, administration of the grain indemnity fund, and payment of claims from the fund.

NEW SECTION. Sec. 14. In the event a grain dealer or warehouse fails, as defined in RCW 22.09.011(21), or otherwise fails to comply with
the provisions of this chapter or rules promulgated hereunder, the department shall process the claims of depositors producing written evidence of ownership disclosing a storage obligation or written evidence of a sale of commodities for damages caused by the failure, in the following manner:

(1) The department shall give notice and provide a reasonable time, not to exceed thirty days, to depositors possessing written evidence of ownership disclosing a storage obligation or written evidence of sale of commodities to file their written verified claims with the department.

(2) The department may investigate each claim and determine whether the claimant's commodities are under a storage obligation or whether a sale of commodities has occurred. The department shall notify each claimant, the grain warehouseman or grain dealer, and the committee of the department's determination as to the validity and amount of each claimant's claim. A claimant, warehouseman, or grain dealer may request a hearing on the department's determination within twenty days of receipt of written notification and a hearing shall be held by the department pursuant to chapter 34.04 RCW. Upon determining the amount and validity of the claim, the director shall pay the claim from the grain indemnity fund.

(3) The department may inspect and audit a failed warehouseman, as defined by RCW 22.09.011(21) to determine whether the warehouseman has in his possession, sufficient quantities of commodities to cover his storage obligations. In the event of a shortage, the department shall determine each depositor's pro rata share of available commodities and the deficiency shall be considered as a claim of the depositor. Each type of commodity shall be treated separately for the purpose of determining shortages.

NEW SECTION. Sec. 15. If a depositor or creditor, after notification, refuses or neglects to file in the office of the director his verified claim against a warehouseman or grain dealer as requested by the director within thirty days from the date of the request, the director shall thereupon be relieved of responsibility for taking action with respect to such claim later asserted and no such claim shall be paid from the grain indemnity fund.

NEW SECTION. Sec. 16. Subject to the provisions of sections 17 and 18 of this act and to a maximum payment of seven hundred fifty thousand dollars on all claims against a single licensee, approved claims against a licensed warehouseman or licensed grain dealer shall be paid from the grain indemnity fund in the following amounts:

(1) Approved claims against a licensed warehouseman shall be paid in full;

(2) Approved claims against a licensed grain dealer for payments due within thirty days of transfer of title shall be paid in full for the first twenty-five thousand dollars of the claim. The amount of such a claim in excess of twenty-five thousand dollars shall be paid to the extent of eighty percent;
(3) Approved claims against a licensed grain dealer for payments due between thirty and ninety days of transfer of title shall be paid to the extent of eighty percent;

(4) Approved claims against a licensed grain dealer for payments due after ninety days from transfer of title shall be paid to the extent of seventy-five percent;

(5) In the event that approved claims against a single licensee exceed seven hundred fifty thousand dollars, recovery on those claims shall be prorated.

NEW SECTION. Sec. 17. In addition to the payment limitations imposed by section 16 of this act, payment of any claim approved before the grain indemnity fund first reaches a balance of one million two hundred fifty thousand dollars, shall be limited to the following amounts:

(1) For claims against a licensed grain warehouse, payment shall not exceed the lesser of seven hundred fifty thousand dollars or an amount equal to the licensee's total bushels of licensed storage space multiplied by the rate of eighteen cents.

(2) For claims against a licensed grain dealer, payment shall not exceed the lesser of seven hundred fifty thousand dollars or an amount equal to six percent of the gross purchases of the licensee during the licensee's immediately preceding fiscal year.

(3) The unpaid balance of any claim subject to this section shall be paid when the grain indemnity fund first reaches a balance of one million two hundred fifty thousand dollars, provided that the total paid on the claim shall not exceed the limits specified in section 16 of this act.

NEW SECTION. Sec. 18. The requirement that the state of Washington pay claims under this chapter only exists so long as the grain indemnity fund contains sufficient money to pay the claims. Under no circumstances whatsoever may any funds (other than assessment amounts and other money obtained under this chapter) be used to pay claims. In the event that the amount in the grain indemnity fund is insufficient to pay all approved claims in the amount provided for under section 16 or 17 of this act, the claims shall be paid in the order in which they were filed with the department, until such time as sufficient moneys are available in the grain indemnity fund to pay all of the claims.

NEW SECTION. Sec. 19. Amounts paid from the grain indemnity fund in satisfaction of any approved claim shall constitute a debt and obligation of the grain dealer or warehouseman against whom the claim was made. On behalf of the grain indemnity fund, the director may bring suit, file a claim, or intervene in any legal proceeding to recover from the grain dealer or warehouseman the amount of the payment made from the grain indemnity fund, together with costs and attorneys' fees incurred. In instances where the superior court is the appropriate forum for a recovery action,
the director may elect to institute the action in the superior court of Thurston county.

NEW SECTION. Sec. 20. The department may deny, suspend, or revoke the license of any grain dealer or warehouseman who fails to timely pay assessments to the grain indemnity fund or against whom a claim has been made, approved, and paid from the grain indemnity fund. Proceedings for the denial, suspension, or revocation shall be subject to the provisions of chapter 34.04 RCW.

NEW SECTION. Sec. 21. Sections 3 and 7 through 20 of this act are each added to chapter 22.09 RCW.

NEW SECTION. Sec. 22. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 23. This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect immediately.

(a) Issue and sell revenue bonds under the provisions of this chapter for the purpose of constructing the facilities described in subsection (1) of this section; and

(b) Impose and collect tolls on the facilities for the purpose of funding the revenue bonds issued under this section.

Approved by the Governor May 19, 1987, with the exception of certain items which were vetoed.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to sections 2(1)(k), 5, 10 and 12, Engrossed Substitute House Bill No. 26, entitled:

"AN ACT Relating to the lottery."

Section 2(1)(k) and portions of section 10 would require the Lottery to pay out exactly 45% of revenue as prizes. This requirement is technically impractical, since it is not possible to predict when Lotto prizes will be won. The present language requiring prize payments "not be less than forty-five percent" is preferable.

Section 5 requires the Lottery to notify local governments prior to the licensing of a business to sell lottery tickets, and provides for the denial of a license if the business is a non-conforming use. The Lottery currently has 3,900 retail outlets and issues approximately 600 new licenses per year. Notification of the appropriate executive bodies would place an unreasonable administrative burden on the agency. To address the needs of local governments, the Lottery has developed procedures that require prospective licensees to obtain permission from the local executive body if they are non-conforming uses.

Sections 10 and 12 require that costs of advertising and game-related services be appropriated. The current system under which these costs are budgeted and allotted, but not appropriated, has been satisfactory. The restriction would deny the Lottery the flexibility it needs to carry out its program and respond to changing conditions.
With the exception of Sections 2(1)(k), 5, 10 and 12, Engrossed Substitute House Bill No. 26 is approved.

CHAPTER 512
OMNIBUS CREDENTIALING ACT FOR COUNSELORS

AN ACT Relating to counselors, social workers, mental health counselors, and marriage and family therapists; amending RCW 26.44.030; reenacting and amending RCW 18.120.020 and 18.130.040; adding a new chapter to Title 18 RCW; adding new sections to chapter 43.131 RCW; making appropriations; and providing an expiration date.

Be it enacted by the Legislature of the State of Washington:

NEW SECTION. Sec. 1. The qualifications and practices of counselors in this state are virtually unknown to potential clients. Beyond the regulated practices of psychiatry and psychology, there are a considerable variety of disciplines, theories, and techniques employed by other counselors under a number of differing titles. The legislature recognizes the right of all counselors to practice their skills freely, consistent with the requirements of the public health and safety, as well as the right of individuals to choose which counselors best suit their needs and purposes. This chapter shall not be construed to require or prohibit that individual or group policies or contracts of an insurance carrier, health care service contractor, or health maintenance organization provide benefits or coverage for services and supplies provided by a person registered or certified under this chapter.

NEW SECTION. Sec. 2. No person may, for a fee or as a part of his or her position as an employee of a state agency, practice counseling without being registered to practice by the department of licensing under this chapter unless exempt under section 4 of this act. No person may represent himself or herself as a certified social worker, certified mental health counselor, or certified marriage and family therapist without being so certified by the department of licensing under this chapter.

NEW SECTION. Sec. 3. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Certified marriage and family therapist" means a person certified to practice marriage and family therapy pursuant to section 14 of this act.

(2) "Certified mental health counselor" means a person certified to practice mental health counseling pursuant to section 13 of this act.

(3) "Certified social worker" means a person certified to practice social work pursuant to section 12 of this act.

(4) "Client" means an individual who receives or participates in counseling or group counseling.

(5) "Counseling" means employing any therapeutic techniques, including but not limited to social work, mental health counseling, marriage and family therapy, and hypnotherapy, for a fee that offer, assist or attempt to
assist an individual or individuals in the amelioration or adjustment of mental, emotional, or behavioral problems, and includes therapeutic techniques to achieve sensitivity and awareness of self and others and the development of human potential. For the purposes of this chapter, nothing may be construed to imply that the practice of hypnotherapy is necessarily limited to counseling.

(6) "Counselor" means an individual, practitioner, therapist, or analyst who engages in the practice of counseling to the public for a fee, including for the purposes of this chapter, hypnotherapists.

(7) "Department" means the department of licensing.

(8) "Director" means the director of the department or the director's designee.

NEW SECTION. Sec. 4. Nothing in this chapter may be construed to prohibit or restrict:

(1) The practice of a profession by a person who is either registered, certified, licensed, or similarly regulated under the laws of this state and who is performing services within the person's authorized scope of practice, including any attorney admitted to practice law in this state when providing counseling incidental to and in the course of providing legal counsel;

(2) The practice of counseling by an employee or trainee of any federal agency, or the practice of counseling by a student of a college or university, if the employee, trainee, or student is practicing solely under the supervision of and accountable to the agency, college, or university, through which he or she performs such functions as part of his or her position for no additional fee other than ordinary compensation;

(3) The practice of counseling by a person without a mandatory charge;

(4) The practice of counseling by persons offering services for public and private nonprofit organizations or charities not primarily engaged in counseling for a fee when approved by the organizations or agencies for whom they render their services;

(5) Evaluation, consultation, planning, policy-making, research, or related services conducted by social scientists for private corporations or public agencies;

(6) The practice of counseling by a person under the auspices of a religious denomination, church, or organization, or the practice of religion itself;

(7) Counselors whose residency is not Washington state from providing up to ten days per quarter of training or workshops in the state, as long as they don't hold themselves out to be registered or certified in Washington state.

NEW SECTION. Sec. 5. (1) In addition to any other authority provided by law, the director has the following authority:
(a) To adopt rules, in accordance with chapter 34.04 RCW, necessary to implement this chapter;

(b) To set all certification, registration, and renewal fees in accordance with RCW 43.24.086 and to collect and deposit all such fees in the health professions account established under RCW 43.24.072;

(c) To establish forms and procedures necessary to administer this chapter;

(d) To hire clerical, administrative, and investigative staff as needed to implement this chapter;

(e) To issue a registration to any applicant who has met the requirements for registration;

(f) To set educational, ethical, and professional standards of practice for certification;

(g) To prepare and administer or cause to be prepared and administered an examination for all qualified applicants for certification;

(h) To establish criteria for evaluating the ability and qualifications of persons applying for a certificate, including standards for passing the examination and standards of qualification for certification to practice;

(i) To evaluate and designate those schools from which graduation will be accepted as proof of an applicant's eligibility to receive a certificate and to establish standards and procedures for accepting alternative training in lieu of such graduation;

(j) To issue a certificate to any applicant who has met the education, training, and conduct requirements for certification;

(k) To set competence requirements for maintaining certification; and

(l) To develop a dictionary of recognized professions and occupations providing counseling services to the public included under this chapter.

(2) The uniform disciplinary act, chapter 18.130 RCW, governs the issuance and denial of certifications and registrations and the discipline of certified practitioners and registrants under this chapter. The director shall be the disciplining authority under this chapter. The absence of educational or training requirements for counselors registered under this chapter or the counselor's use of nontraditional nonabusive therapeutic techniques shall not, in and of itself, give the director authority to unilaterally determine the training and competence or to define or restrict the scope of practice of such individuals.

(3) The department shall publish and disseminate information in order to educate the public about the responsibilities of counselors and the rights and responsibilities of clients established under this chapter. Solely for the purposes of administering this education requirement, the director shall assess an additional fee for each registration and certification application and renewal, equal to five percent of the fee. The revenue collected from the assessment fee may be appropriated by the legislature for the department's
use in educating consumers pursuant to this section. The authority to charge
the assessment fee shall terminate on June 30, 1994.

NEW SECTION. Sec. 6. Persons registered or certified under this
chapter shall provide clients at the commencement of any program of treat-
ment with accurate disclosure information concerning their practice, in ac-
cordance with guidelines developed by the department, that will inform
clients of the purposes of and resources available under this chapter, in-
cluding the right of clients to refuse treatment, the responsibility of clients
for choosing the provider and treatment modality which best suits their
needs, and the extent of confidentiality provided by this chapter. The disclo-
sure information provided by the counselor, the receipt of which shall be
acknowledged in writing by the counselor and client, shall include any rele-
vant education and training, the therapeutic orientation of the practice, the
proposed course of treatment where known, any financial requirements, and
such other information as the department may require by rule. The disclo-
sure information shall also include a statement that registration of an indi-
vidual under this chapter does not include a recognition of any practice
standards, nor necessarily imply the effectiveness of any treatment.

NEW SECTION. Sec. 7. (1) Within sixty days of the effective date of
this section, the director shall have authority to appoint advisory committees
to further the purposes of this chapter. Each such committee shall be com-
posed of five members, one member initially appointed for a term of one
year, two for terms of two years, and two for terms of three years. No per-
son may serve as a member of the committee for more than two consecutive
terms.

The director may remove any member of the advisory committees for
cause as specified by rule. In the case of a vacancy, the director shall ap-
point a person to serve for the remainder of the unexpired term.

(2) The advisory committees shall each meet at the times and places
designated by the director and shall hold meetings during the year as nec-
essary to provide advice to the director.

Each member of an advisory committee shall be reimbursed for travel
expenses as authorized in RCW 43.03.050 and 43.03.060. In addition,
members of the committees shall be compensated in accordance with RCW
43.03.240 when engaged in the authorized business of their committee.

(3) Members of an advisory committee shall be residents of this state.
Each committee shall be composed of four individuals registered or certified
in the category designated by the committee title, and one member who is a
member of the public.

NEW SECTION. Sec. 8. The director shall keep an official record of
all proceedings, a part of which record shall consist of a register of all ap-
plicants for registration or certification under this chapter, with the result of
each application.
NEW SECTION. Sec. 9. The director shall issue a registration to any applicant who submits, on forms provided by the director, the applicant's name, address, occupational title, name and location of business, and other information as determined by the director, including information necessary to determine whether there are grounds for denial of registration or issuance of a conditional registration under this chapter or chapter 18.130 RCW. Applicants for registration shall register as counselors or may register as hypnotherapists if employing hypnosis as a modality. Applicants shall, in addition, provide in their titles a description of their therapeutic orientation, discipline, theory, or technique. Each applicant shall pay a fee determined by the director as provided in RCW 43.24.086, which shall accompany the application.

NEW SECTION. Sec. 10. The director shall establish by rule the procedural requirements and fees for renewal of registrations. Failure to renew shall invalidate the registration and all privileges granted by the registration. Subsequent registration will require application and payment of a fee as determined by the director under RCW 43.24.086.

NEW SECTION. Sec. 11. An individual registered or certified under this chapter shall not disclose the written acknowledgment of the disclosure statement pursuant to section 6 of this act nor any information acquired from persons consulting the individual in a professional capacity when that information was necessary to enable the individual to render professional services to those persons except:

1. With the written consent of that person or, in the case of death or disability, the person's personal representative, other person authorized to sue, or the beneficiary of an insurance policy on the person's life, health, or physical condition;

2. That a person registered or certified under this chapter is not required to treat as confidential a communication that reveals the contemplation or commission of a crime or harmful act;

3. If the person is a minor, and the information acquired by the person registered or certified under this chapter indicates that the minor was the victim or subject of a crime, the person registered or certified may testify fully upon any examination, trial, or other proceeding in which the commission of the crime is the subject of the inquiry;

4. If the person waives the privilege by bringing charges against the person registered or certified under this chapter;

5. In response to a subpoena from a court of law or the director. The director may subpoena only records related to a complaint or report under chapter 18.130 RCW; or

6. As required under chapter 26.44 RCW.
NEW SECTION. Sec. 12. (1) The department shall issue a certified social worker certificate to any applicant meeting the following requirements:

(a) A minimum of a master's degree from an accredited graduate school of social work approved by the director;

(b) A minimum of two years of post-master's degree social work practice under the supervision of a social worker certified under this chapter or a person deemed acceptable to the director, such experience consisting of at least thirty hours per week for two years or at least twenty hours per week for three years; and

(c) Successful completion of the examination in section 16 of this act, unless the applicant qualified under an exemption pursuant to subsection (2) of this section or section 19 of this act.

Applicants shall be subject to the grounds for denial or issuance of a conditional certificate in chapter 18.130 RCW.

(2) Except as provided in section 19 of this act, an applicant is exempt from the examination provisions of this chapter under the following conditions if application for exemption is made within twelve months after the effective date of this section:

(b) The applicant has the following academic qualifications: (i) A doctorate or master's degree in social work from an accredited graduate school of social work or comparable and equivalent educational attainment as determined by the director in consultation with the advisory committee; and (ii) two years of postgraduate social work experience under the supervision of a social worker who qualifies for certification under this chapter or under the supervision of any other professional deemed appropriate by the director.

(3) Certified social work practice is that aspect of counseling that involves the professional application of social work values, principles, and methods by individuals trained in accredited social work graduate programs and requires knowledge of human development and behavior, knowledge of social systems and social resources, an adherence to the social work code of ethics, and knowledge of and sensitivity to ethnic minority populations. It includes, but is not limited to, evaluation, assessment, treatment of psychopathology, consultation, psychotherapy and counseling, prevention and educational services, administration, policy-making, research, and education directed toward client services.

(c) Qualification by an examination, submission of all necessary documents, and payment of required fees; and

(2) No applicant may come before the director for examination without the initial educational and supervisory credentials as required by this chapter, except that applicants completing a master's or doctoral degree program in mental health counseling or a related field from an approved graduate school before or within eighteen months of the effective date of this section may qualify for the examination.

(3) For one year beginning on the effective date of this section, a person may apply for certification without examination. However, if the applicant's credentials are not adequate to establish competence to the director's satisfaction, the director may require an examination of the applicant during the initial certification period. For the initial certification period, an applicant shall:

(c) Have submitted a completed application as required by the director accompanied by the application fee set by the director and a request for waiver from the requirements of (b) of this subsection, with documentation to show that the applicant has alternative training and experience equivalent to formal education and supervised experience required for certification.

(4) Certified mental health practice is that aspect of counseling that involves the rendering to individuals, groups, organizations, corporations, institutions, government agencies, or the general public a mental health counseling service emphasizing a wellness model rather than an illness model in the application of therapeutic principles, methods, or procedures of mental health counseling to assist the client in achieving effective personal, organizational, institutional, social, educational, and vocational development and adjustment and to assist the client in achieving independence and autonomy in the helping relationship.

(3) The practice of marriage and family therapy is that aspect of counseling that involves the assessment and treatment of impaired marriage or family relationships including, but not limited to, premarital and postdivorce relationships and the enhancement of marital and family relationships via use of educational, sociological, and psychotherapeutic theories and techniques.

NEW SECTION. Sec. 15. A certificate issued under this chapter shall be renewed as determined by the director who may establish rules governing continuing competence requirements. An additional fee may be set by the director as a renewal requirement when certification has lapsed due to failure to renew prior to the expiration date.
NEW SECTION. Sec. 16. (1) The date and location of the examinations required under this chapter shall be established by the director. Applicants who have been found by the director to meet the other requirements for certification will be scheduled for the next examination following the filing of the application. However, the applicant will not be scheduled for any examination taking place sooner than sixty days after the application is filed.

(2) The director shall examine each applicant, by means determined most effective, on subjects appropriate to the scope of practice. The examinations shall be limited to the purpose of determining whether the applicant possesses the minimum skill and knowledge necessary to practice competently.

(3) The examination papers, all grading thereon, and the grading of any practical work shall be preserved for a period of not less than one year after the director has published the results. All examinations shall be conducted by the director by means of fair and wholly impartial methods.

(4) Any applicant who fails to make the required grade in the first examination is entitled to take up to three subsequent examinations as the applicant desires upon the prepayment of a fee determined by the director as provided in RCW 43.24.086 for each subsequent examination. Upon failure of four examinations, the director may invalidate the original application and require remedial education prior to admittance to future examinations.

(5) The director may approve an examination prepared or administered, or both, by a private testing agency or association of licensing agencies for use by an applicant in meeting the licensing requirement.

NEW SECTION. Sec. 17. Applications for certification shall be submitted on forms provided by the director. The director may require any information and documentation which reasonably relates to the need to determine whether the applicant meets the criteria for certification provided for in this chapter and chapter 18.130 RCW. Each applicant shall pay a fee determined by the director as provided in RCW 43.24.086, which shall accompany the application. The department shall not knowingly permit access to or use of its mailing list of certificate holders for commercial purposes.

NEW SECTION. Sec. 18. This chapter shall not be construed as permitting the administration or prescription of drugs or in any way infringing upon the practice of medicine and surgery as defined in chapter 18.71 RCW, or in any way infringing upon the practice of psychology as defined in chapter 18.83 RCW, or restricting the scope of the practice of counseling for those registered or certified under this chapter.

NEW SECTION. Sec. 19. (1) Upon receiving a written application, evidence of qualification and the required fee, the department shall issue a
certificate for certification without examination to an applicant who is cur-
rently credentialed under the laws of another jurisdiction, if the require-
ments of the other jurisdiction are substantially equal to the requirements of 
this chapter.

(2) A person certified under this chapter who is or desires to be tem-
porarily retired from practice in this state shall send written notice to the 
director. Upon receipt of the notice, the person shall be placed upon the 
nonpracticing list. While on the list, the person is not required to pay the 
renewal fees and shall not engage in any such practice. In order to resume 
practice, application for renewal shall be made in the ordinary course with 
the renewal fee for the current period. Persons in a nonpracticing status for 
a period exceeding five years shall provide evidence of current knowledge or 
skill, by examination, as the director may require.

NEW SECTION. Sec. 20. This chapter shall be known as the omnibus 
credentialing act for counselors.

Sec. 21. Section 3, chapter 117, Laws of 1985 and section 28, chapter

The report shall be made at the first opportunity, but in no case longer than forty--eight hours after there is reasonable cause to believe that the child or adult has suffered abuse or neglect.

*Sec. 23 was partially vetoed, see message at end of chapter.*

NEW SECTION. Sec. 24. Sections 1 through 20 of this act shall constitute a new chapter in Title 18 RCW.

NEW SECTION. Sec. 25. A new section is added to chapter 43.131 RCW to read as follows:

The regulation of counselors, social workers, mental health counselors, and marriage and family counselors under chapter 18.—RCW (sections 1 through 20 of this act) shall be terminated on June 30, 1993, as provided in section 26 of this act.

NEW SECTION. Sec. 26. A new section is added to chapter 43.131 RCW to read as follows:

The following acts or parts of acts, as now existing or hereafter amended, are each repealed, effective June 30, 1994:
NEW SECTION. Sec. 27. There is appropriated from the health professions account to the department of licensing for the biennium ending June 30, 1989, the sum of nine hundred sixty-one thousand three hundred
one dollars, or so much thereof as may be necessary, to carry out the purposes of this act. There is appropriated from the health professions account to the department of licensing the sum of forty-two thousand dollars, or so much thereof as may be necessary, for the biennium ending June 30, 1989, for public education.

NEW SECTION. Sec. 28. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

Passed the House April 15, 1987.
Passed the Senate April 7, 1987.
Approved by the Governor May 19, 1987, with the exception of certain items which were vetoed.
Filed in Office of Secretary of State May 19, 1987.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to section 23(1), Substitute House Bill No. 129, entitled:

"AN ACT Relating to counselors, social workers, mental health counselors and marriage and family therapists."

Section 23(1) adds those persons who will come under registration or certification by Substitute House Bill No. 129 to the list of persons mandated to report incidents of child or adult dependent person abuse or neglect in RCW 26.44.030.

Section 10 of Engrossed Second Substitute Senate Bill No. 5659 adds licensed or certified child care providers or their employees and juvenile probation officers to the list of mandated reporters in RCW 26.44.030. This section is an appropriate addition to the mandated reporting law.

While some counselors have direct contact with children, all licensed or certified child care providers and their employees and juvenile probation officers have direct contact with children and should be a higher priority to be added as mandated reporters of child and adult dependent person abuse and neglect. Therefore, I have vetoed section 23(1) of Substitute House Bill No. 129.

With the exception of section 23(1), Substitute House Bill No. 129 is approved."

CHAPTER 513
[Engrossed Second Substitute House Bill No. 164]
HOUSING TRUST FUND

AN ACT Relating to funding the Washington housing trust fund; amending RCW 18.85.310, 43.185.100, 43.185.010, 43.185.050, 43.185.030, and 67.70.240; adding a new section to chapter 43.185 RCW; adding new sections to chapter 18.85 RCW; creating a new section; making an appropriation; and providing an effective date.

Be it enacted by the Legislature of the State of Washington:

Sec. 1. Section 19, chapter 222, Laws of 1951 as last amended by section 44, chapter 52, Laws of 1957 and RCW 18.85.310 are each amended to read as follows:
(1) Every licensed real estate broker shall keep adequate records of all real estate transactions handled by or through him. The records shall include, but are not limited to, a copy of the earnest money receipt, and an itemization of the broker's receipts and disbursements with each transaction. These records and all other records hereinafter specified shall be open to inspection by the director or his authorized representatives.

(2) Every real estate broker shall also deliver or cause to be delivered to all parties signing the same, at the time of signing, conformed copies of all earnest money receipts, listing agreements and all other like or similar instruments signed by the parties, including the closing statement.

(3) Every real estate broker shall also keep separate real estate fund accounts in a recognized Washington state depositary authorized to receive funds in which shall be kept separate and apart and physically segregated from licensee broker's own funds, all funds or moneys of clients which are being held by such licensee broker pending the closing of a real estate sale or transaction, or which have been collected for said client and are being held for disbursement for or to said client and such funds shall be deposited not later than the first banking day following receipt thereof.

(4) Separate accounts comprised of clients' funds required to be maintained under this section, with the exception of property management trust accounts, shall be interest-bearing accounts from which withdrawals or transfers can be made without delay, subject only to the notice period which the depository institution is required to reserve by law or regulation.

(5) Every real estate broker shall maintain a pooled interest-bearing escrow account for deposit of client funds, with the exception of property management trust accounts, which are nominal or short term. As used in this section, a "nominal or short term" deposit is a deposit which, if placed in a separate account, would not produce positive net interest income after payment of bank fees, or other institution fees, and other administrative expenses.

The interest accruing on this account, net of any reasonable transaction costs, shall be paid to the state treasurer for deposit in the Washington housing trust fund created in RCW 43.185.030. An agent may, but shall not be required to, notify the client of the intended use of such funds.

(6) All client funds not deposited in the account specified in subsection (5) of this section shall be deposited in:

(a) A separate interest-bearing trust account for the particular client or client's matter on which the interest will be paid to the client; or

(b) A pooled interest-bearing trust account with subaccounting that will provide for computation of interest earned by each client's funds and the payment thereof to the client.

The department of licensing shall promulgate regulations which will serve as guidelines in the choice of an account specified in subsection (5) of this section or an account specified in this subsection.
(7) For an account created under subsection (5) of this section, an agent shall direct the depository institution to:

(a) Remit interest or dividends, net of any reasonable service charges or fees, on the average monthly balance in the account, or as otherwise computed in accordance with an institution's standard accounting practice, at least quarterly, to the state treasurer for deposit in the housing trust fund created by RCW 43.185.030 and the real estate commission account created by RCW 18.85.220 as directed by section 9 of this 1987 act; and

(b) Transmit to the director of community development a statement showing the name of the person or entity for whom the remittance is spent, the rate of interest applied, and the amount of service charges deducted, if any, and the account balance(s) of the period in which the report is made, with a copy of such statement to be transmitted to the depositing person or firm.

(8) The director shall forward a copy of the reports required by subsection (7) of this section to the department of licensing to aid in the enforcement of the requirements of this section consistent with the normal enforcement and auditing practices of the department of licensing.

(9) This section does not relieve any real estate broker from any obligation with respect to the safekeeping of clients' funds.

(10) Any violation by a real estate broker of any of the provisions of this section, or RCW 18.85.230, shall be grounds for revocation of the licenses issued to the broker.

Sec. 2. Section 11, chapter 298, Laws of 1986 and RCW 43.185.100 are each amended to read as follows:

The department shall have the authority to promulgate rules pursuant to chapter 34.04 RCW, regarding the grant and loan process, and the substance of eligible projects, consistent with this chapter. The department shall consider the recommendations of cities and counties regarding how the funds shall be used in their geographic areas.

NEW SECTION. Sec. 3. A new section is added to chapter 43.185 RCW to read as follows:

The director shall prepare an annual report and shall send copies to the chair of the house of representatives committee on housing, the chair of the senate committee on commerce and labor, and one copy to the staff of each committee that summarizes the housing trust fund's income, grants and operating expenses, implementation of its program, and any problems arising in the administration thereof. The director shall promptly appoint a low income housing assistance advisory committee composed of a representative from each of the following groups: Apartment owners, realtors, mortgage lending or servicing institutions, private nonprofit housing assistance programs, tenant associations, and public housing assistance programs. The
advisory group shall advise the director on housing needs in this state, operational aspects of the grant and loan program or revenue collection programs established by this chapter, and implementation of the policy and goals of this chapter.

*Sec. 4. Section 1, chapter 298, Laws of 1986 and RCW 43.185.010 are each amended to read as follows:

The legislature finds that current economic conditions, federal housing policies and declining resources at the federal, state, and local level adversely affect the ability of low and very low-income persons to obtain safe, decent, and affordable housing.

The legislature further finds that members of over one hundred twenty thousand households live in housing units which are overcrowded, lack plumbing, are otherwise threatening to health and safety, and have rents and utility payments which exceed thirty percent of their income.

The legislature further finds that the homeless, minorities, rural households, and migrant farm workers require housing assistance at a rate which significantly exceeds their proportion of the general population.

The legislature further finds that one of the most dramatic housing problems is that of persons with specialized housing needs, such as the mentally ill, recovering alcoholics, frail elderly persons, and single parents. (These services include medical assistance, counseling, chore services, and child care.)

The legislature further finds that housing assistance programs in the past have often failed to help those in greatest need.

The legislature declares that it is in the public interest to establish a continuously renewable resource known as a housing trust fund to assist low and very low-income citizens in meeting their basic housing needs, and that the needs of very low-income citizens should be given priority.

*Sec. 4 was vetoed, see message at end of chapter.

*Sec. 5. Section 6, chapter 298, Laws of 1986 and RCW 43.185.050 are each amended to read as follows:

(1) The department shall use funds from the housing trust fund to finance in whole or in part any loans or grant projects that will provide housing for the homeless and persons and families with special housing needs and with incomes at or below fifty percent of the median family income for the county or standard metropolitan statistical area where the project is located. Not less than thirty percent of such funds used in any given biennium shall be for the benefit of projects located in rural areas as defined in 63 Stat. 432, 42 U.S.C. Sec. 1471 et seq.

(2) Activities eligible for assistance include, but are not limited to:
(a) New construction, rehabilitation, or acquisition of low and very low-income housing units;
(b) Rent subsidies in new construction or rehabilitated multifamily units;
(c)...
Sec. 5 was vetoed, see message at end of chapter.

Sec. 6. Section 2, chapter 298, Laws of 1986 and RCW 43.185.030 are each amended to read as follows:

There is hereby created a fund in the office of the treasurer known as the Washington housing trust fund. (The treasurer shall serve as the trustee thereof and shall make disbursements therefrom as directed by this chapter.) The housing trust fund shall include revenue from the sources established by this chapter, appropriations by the legislature, private contributions, and all other sources. Eighty percent of the return on the fund in the form of investment income or interest shall be added to the principal of the fund. The remaining twenty percent shall be placed in the general fund.

Sec. 7. Section 24, chapter 7, Laws of 1982 2nd ex. sess. as amended by section 5, chapter 375, Laws of 1985 and RCW 67.70.240 are each amended to read as follows:

The moneys in the state lottery account shall be used only: (1) For the payment of prizes to the holders of winning lottery tickets or shares; (2) for purposes of making deposits into the reserve account created by RCW 67.70.250 and into the lottery administrative account created by RCW 67.70.260; (3) for purposes of making deposits into the state's general fund; (4) for purposes of making deposits into the housing trust fund under the provisions of section 7 of this 1987 act; (5) for the purchase and promotion of lottery games and game-related services; and (6) for the payment of agent compensation.

The office of financial management shall require the allotment of all expenses paid from the account and shall report to the ways and means committees of the senate and house of representatives any changes in the allotments.

*Sec. 5 was vetoed, see message at end of chapter.*
NEW SECTION. Sec. 8. A new section is added to chapter 18.85 RCW to read as follows:

There is hereby created the broker's trust account board to consist of seven members as follows:

(1) The governor shall appoint six members with at least two residing east of the Cascade range of mountains. The governor may review nominations from the Washington association of realtors, private, nonprofit housing assistance programs, and any state-wide association of public housing authorities. Three of these appointments shall be real estate brokers or salespersons licensed under chapter 18.85 RCW. The governor shall attempt to maintain a balance of interests represented through the choice of appointees.

(2) The real estate commission, created under this chapter, shall appoint one member.

(3) Members shall serve for terms of three years expiring on January 15: PROVIDED, HOWEVER, That of the members appointed by the governor, two shall be appointed for a term of one year, two for a term of two years, and two for a term of three years. Any vacancy occurring in the membership of the board shall be filled for the remainder of the unexpired term by the individual or entity responsible for the original appointment.

Members shall serve without compensation.

NEW SECTION. Sec. 9. A new section is added to chapter 18.85 RCW to read as follows:

Remittances received by the treasurer pursuant to RCW 18.85.310 shall be divided between the housing trust fund created by RCW 43.185-.030, which shall receive seventy-five percent and the real estate commission account created by RCW 18.85.220, which shall receive twenty-five percent.

NEW SECTION. Sec. 10. A new section is added to chapter 18.85 RCW to read as follows:

The broker's trust account board shall review grant and loan applications placed before it by the director for final approval pursuant to section 11 of this act.

The decisions of the board shall be subject to the provisions of RCW 43.185.050, 43.185.060, and 43.185.070 with regard to eligible activities, eligible recipients, and criteria for evaluation.

The broker's trust account board shall serve in an advisory capacity to the real estate commission with regard to licensee education programs established pursuant to RCW 18.85.040 and 18.85.220.

NEW SECTION. Sec. 11. A new section is added to chapter 18.85 RCW to read as follows:

The director shall designate grant and loan applications for approval and for funding under the revenue from remittances made pursuant to
RCW 18.85.310. These applications shall then be reviewed for final approval by the broker's trust account board created by section 8 of this act.

The director shall submit to the broker's trust account board within any fiscal year only such applications which in their aggregate total funding requirements do not exceed the revenue to the housing trust found from remittances made pursuant to RCW 18.85.310 for the previous fiscal year.

**NEW SECTION.** Sec. 12. There is hereby appropriated from the housing trust fund to the department of community development for the biennium ending June 30, 1989, the sum of twelve million dollars, or so much thereof as shall be necessary, to implement the purposes of chapter 43.185 RCW.

*Sec. 14 was vetoed, see message at end of chapter.*

**NEW SECTION.** Sec. 15. This act shall take effect January 1, 1988.

Passed the Senate April 13, 1987.
Approved by the Governor May 19, 1987, with the exception of certain items which were vetoed.

Filed in Office of Secretary of State May 19, 1987.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to sections 4, 5, and 14, Engrossed Second Substitute House Bill No. 164, entitled:

"AN Act Relating to funding the Washington housing trust fund."

Engrossed Second Substitute House Bill No. 164 provides funding from interest earnings on nominal deposits of real estate earnest money. A low income housing assistance advisory committee is established to advise the director of the Department of Community Development. A brokers' trust account board is created with final authority over the award of housing grant funds from this financing source. Twenty-five percent of the aggregated interest on brokers' trust accounts is directed to the real estate commission account for licensee education activities.

Sections 4 and 5 of the bill delete language related to social services that was included in the original enabling legislation. This language includes special support services directly related to housing as an eligible activity for the award of housing trust grant funds. Although the majority of these funds are intended for housing activities related to construction and rehabilitation, it is also important to retain the trust funds' flexibility to meet unique housing services needs as these arise.

Removal of these sections results in the elimination of new language to explicitly include the homeless as a target group for trust fund grants. This does not represent a substantive change, however, because shelters and other services for the homeless are already designated as eligible activities for receipt of funds in section 6 of the enabling statute.

[ 2392 ]
Section 14 was inadvertently left in the bill after interest earnings on tenant security deposits was removed as a potential trust funding source. I am removing this section to avoid confusion.

With the exception of sections 4, 5, and 14, Engrossed Second Substitute House Bill No. 164 is approved.

CHAPTER 514
[Engrossed House Bill No. 435]
REAL ESTATE LICENSURE—BUSINESS PROFESSIONS REGULATION REQUEST PROCESS

AN ACT Relating to real estate brokers and salesmen; amending RCW 18.85.215 and 82.45.010; adding new sections to chapter 18.85 RCW; creating a new section; and making an appropriation.

Be it enacted by the Legislature of the State of Washington:

Sec. 1. Section 8, chapter 370, Laws of 1977 ex. sess. as amended by section 4, chapter 162, Laws of 1985 and RCW 18.85.215 are each amended to read as follows:

(1) Any license issued under this chapter and not otherwise revoked shall be deemed "inactive" at any time it is delivered to the director. Until reissued under this chapter, the holder of an inactive license shall be deemed to be unlicensed.

(2) An inactive license may be renewed on the same terms and conditions as an active license, and failure to renew shall result in cancellation in the same manner as an active license.

(3) An inactive license may be placed in an active status upon completion of an application as provided by the director and upon compliance with this chapter and the rules adopted pursuant thereto. If a holder has an inactive license for more than three years, the holder must show proof of successfully completing a thirty clock hour course in real estate within one year prior to the application for active status. Holders employed by the state and conducting real estate transactions on behalf of the state are exempt from this course requirement.

(4) The provisions of this chapter relating to the denial, suspension, and revocation of a license shall be applicable to an inactive license as well as an active license, except that when proceedings to suspend or revoke an inactive license have been initiated, the license shall remain inactive until the proceedings have been completed.

NEW SECTION. Sec. 2. A new section is added to chapter 18.85 RCW to read as follows:

No person licensed under this chapter who is employed by the state and who is conducting real estate transactions on behalf of the state may hold an active license under this chapter.
NEW SECTION. Sec. 3. The legislature recognizes the value of an analytical review, removed from the political process, of proposals for increased regulation of real estate and other business professions which the legislature already regulates, as well as of proposals for regulation of professions not currently regulated. The legislature further finds that policies and standards set out for regulation of the health professions in chapter 18.120 RCW have equal applicability to other professions. To further the goal of governmental regulation only as necessary to protect the public interest and to promote economic development through employment, the legislature expands the scope of chapter 18.120 RCW to apply to business professions. The legislature intends that the reviews of proposed business profession regulation be conducted by the department of licensing's policy and research rather than regulatory staff and that the reviews be conducted and recommendations made in an impartial manner. Further, the legislature intends that the department of licensing provide sufficient staffing to conduct the reviews.

NEW SECTION. Sec. 4. (1) The purpose of sections 5 through 7 of this act is to establish guidelines for the regulation of the real estate profession and other business professions which may seek legislation to substantially increase their scope of practice or the level of regulation of the profession, and for the regulation of business professions not licensed or regulated on the effective date of this section: PROVIDED, That the provisions of this chapter are not intended and shall not be construed to: (a) Apply to any regulatory entity created prior to the effective date of this section, except as provided in this chapter; (b) affect the powers and responsibilities of the superintendent of public instruction or state board of education under RCW 28A.04.120 and 28A.70.005; (c) apply to or interfere in any way with the practice of religion or to any kind of treatment by prayer; (d) apply to any remedial or technical amendments to any statutes which licensed or regulated activity before the effective date of this section; and (e) apply to proposals relating solely to continuing education. The legislature believes that all individuals should be permitted to enter into a business profession unless there is an overwhelming need for the state to protect the interests of the public by restricting entry into the profession. Where such a need is identified, the regulation adopted by the state should be set at the least restrictive level consistent with the public interest to be protected.

(2) It is the intent of this chapter that no regulation shall be imposed upon any business profession except for the exclusive purpose of protecting the public interest. All bills introduced in the legislature to regulate a business profession for the first time should be reviewed according to the following criteria. A business profession should be regulated by the state only when:
(a) Unregulated practice can clearly harm or endanger the health, safety, or welfare of the public, and the potential for the harm is easily recognizable and not remote or dependent upon tenuous argument;

(b) The public needs and can reasonably be expected to benefit from an assurance of initial and continuing professional ability; and

(c) The public cannot be effectively protected by other means in a more cost-beneficial manner.

(3) After evaluating the criteria in subsection (2) of this section and considering governmental and societal costs and benefits, if the legislature finds that it is necessary to regulate a business profession not previously regulated by law, the least restrictive alternative method of regulation should be implemented, consistent with the public interest and this section:

(a) Where existing common law and statutory civil actions and criminal prohibitions are not sufficient to eradicate existing harm, the regulation should provide for stricter civil actions and criminal prosecutions;

(b) Where a service is being performed for individuals involving a hazard to the public health, safety, or welfare, the regulation should impose inspection requirements and enable an appropriate state agency to enforce violations by injunctive relief in court, including, but not limited to, regulation of the business activity providing the service rather than the employees of the business;

(c) Where the threat to the public health, safety, or economic well-being is relatively small as a result of the operation of the business profession, the regulation should implement a system of registration;

(d) Where the consumer may have a substantial basis for relying on the services of a practitioner, the regulation should implement a system of certification; or

(e) Where apparent that adequate regulation cannot be achieved by means other than licensing, the regulation should implement a system of licensing.

NEW SECTION. Sec. 5. The definitions contained in this section shall apply throughout sections 4 through 7 of this act unless the context clearly requires otherwise.

(1) "Applicant group" includes any business professional group or organization, any individual, or any other interested party which proposes that any business professional group not presently regulated be regulated or which proposes legislation to substantially increase the scope of practice or the level of regulation of the profession.

(2) "Business professions" means those business occupations or professions which are not health professions under chapter 18.120 RCW and includes, in addition to real estate brokers and salespersons under chapter 18.85 RCW, the following professions and occupations: Accountancy under chapter 18.04 RCW; architects under chapter 18.08 RCW; auctioneering under chapter 18.11 RCW; cosmetologists, barbers, and manicurists under
chapter 18.16 RCW; contractors under chapter 18.27 RCW; debt adjusting
under chapter 18.28 RCW; engineers and surveyors under chapter 18.43
RCW; escrow agents under chapter 18.44 RCW; landscape architects under
chapter 18.96 RCW; water well construction under chapter 18.104 RCW;
plumbers under chapter 18.106 RCW; and art dealers under chapter 18.110
RCW.

(3) "Certificate" and "certification" mean a voluntary process by
which a statutory regulatory entity grants recognition to an individual who
(a) has met certain prerequisite qualifications specified by that regulatory
entity, and (b) may assume or use 'certified" in the title or designation to
perform prescribed professional tasks.

(4) "Grandfather clause" means a provision in a regulatory statute ap-
plicable to practitioners actively engaged in the regulated profession prior to
the effective date of the regulatory statute which exempts the practitioners
from meeting the prerequisite qualifications set forth in the regulatory stat-
ute to perform prescribed occupational tasks.

(5) "Inspection" means the periodic examination of practitioners by a
state agency in order to ascertain whether the practitioners’ occupation is
being carried out in a fashion consistent with the public health, safety, and
welfare.

(6) "Legislative committees of reference" means the standing legisla-
tive committees designated by the respective rules committees of the senate
and house of representatives to consider proposed legislation to regulate
business professions not previously regulated.

(7) "License", "licensing", and "licensure" mean permission to engage
in a business profession which would otherwise be unlawful in the state in
the absence of the permission. A license is granted to those individuals who
meet prerequisite qualifications to perform prescribed professional tasks and
for the use of a particular title.

(8) "Professional license" means an individual, nontransferable au-
thorization to carry on an activity based on qualifications which include: (a)
Graduation from an accredited or approved program, and (b) acceptable
performance on a qualifying examination or series of examinations.

(9) "Practitioner" means an individual who (a) has achieved knowl-

profession.

(10) "Public member" means an individual who is not, and never was,
a member of the business profession being regulated or the spouse of a
member, or an individual who does not have and never has had a material
financial interest in either the rendering of the business professional service
being regulated or an activity directly related to the profession being
regulated.

(11) "Registration" means the formal notification which, prior to
rendering services, a practitioner shall submit to a state agency setting forth
the name and address of the practitioner; the location, nature and operation of the business activity to be practiced; and, if required by the regulatory entity, a description of the service to be provided.

(12) "Regulatory entity" means any board, commission, agency, division, or other unit or subunit of state government which regulates one or more professions, occupations, industries, businesses, or other endeavors in this state.

(13) "State agency" includes every state office, department, board, commission, regulatory entity, and agency of the state, and, where provided by law, programs and activities involving less than the full responsibility of a state agency.

NEW SECTION. Sec. 6. After the effective date of this section, if appropriate, applicant groups shall explain each of the following factors to the extent requested by the legislative committees of reference:

(1) A definition of the problem and why regulation is necessary:
   (a) The nature of the potential harm to the public if the business profession is not regulated, and the extent to which there is a threat to public health and safety;
   (b) The extent to which consumers need and will benefit from a method of regulation identifying competent practitioners, indicating typical employers, if any, of practitioners in the profession; and
   (c) The extent of autonomy a practitioner has, as indicated by:
      (i) The extent to which the profession calls for independent judgment and the extent of skill or experience required in making the independent judgment; and
      (ii) The extent to which practitioners are supervised;
   (2) The efforts made to address the problem:
      (a) Voluntary efforts, if any, by members of the profession to:
         (i) Establish a code of ethics; or
         (ii) Help resolve disputes between practitioners and consumers; and
      (b) Recourse to and the extent of use of applicable law and whether it could be strengthened to control the problem;
   (3) The alternatives considered:
      (a) Regulation of business employers or practitioners rather than employee practitioners;
      (b) Regulation of the program or service rather than the individual practitioners;
      (c) Registration of all practitioners;
      (d) Certification of all practitioners;
      (e) Other alternatives;
      (f) Why the use of the alternatives specified in this subsection would not be adequate to protect the public interest; and
      (g) Why licensing would serve to protect the public interest;
   (4) The benefit to the public if regulation is granted:
(a) The extent to which the incidence of specific problems present in the unregulated profession can reasonably be expected to be reduced by regulation;

(b) Whether the public can identify qualified practitioners;

(c) The extent to which the public can be confident that qualified practitioners are competent:
   
   (i) Whether the proposed regulatory entity would be a board composed of members of the profession and public members, or a state agency, or both, and, if appropriate, their respective responsibilities in administering the system of registration, certification, or licensure, including the composition of the board and the number of public members, if any; the powers and duties of the board or state agency regarding examinations and for cause revocation, suspension, and nonrenewal of registrations, certificates, or licenses; the promulgation of rules and canons of ethics; the conduct of inspections; the receipt of complaints and disciplinary action taken against practitioners; and how fees would be levied and collected to cover the expenses of administering and operating the regulatory system;
   
   (ii) If there is a grandfather clause, whether such practitioners will be required to meet the prerequisite qualifications established by the regulatory entity at a later date;
   
   (iii) The nature of the standards proposed for registration, certification, or licensure as compared with the standards of other jurisdictions;
   
   (iv) Whether the regulatory entity would be authorized to enter into reciprocity agreements with other jurisdictions; and
   
   (v) The nature and duration of any training including, but not limited to, whether the training includes a substantial amount of supervised field experience; whether training programs exist in this state; if there will be an experience requirement; whether the experience must be acquired under a registered, certificated, or licensed practitioner; whether there are alternative routes of entry or methods of meeting the prerequisite qualifications; whether all applicants will be required to pass an examination; and, if an examination is required, by whom it will be developed and how the costs of development will be met;

(d) Assurance of the public that practitioners have maintained their competence:
   
   (i) Whether the registration, certification, or licensure will carry an expiration date; and
   
   (ii) Whether renewal will be based only upon payment of a fee, or whether renewal will involve reexamination, peer review, or other enforcement;

(5) The extent to which regulation might harm the public:

(a) The extent to which regulation will restrict entry into the profession:
(i) Whether the proposed standards are more restrictive than necessary to insure safe and effective performance; and

(ii) Whether the proposed legislation requires registered, certificated, or licensed practitioners in other jurisdictions who migrate to this state to qualify in the same manner as state applicants for registration, certification, and licensure when the other jurisdiction has substantially equivalent requirements for registration, certification, or licensure as those in this state; and

(b) Whether there are similar professions to that of the applicant group which should be included in, or portions of the applicant group which should be excluded from, the proposed legislation;

(6) The maintenance of standards:

(a) Whether effective quality assurance standards exist in the profession, such as legal requirements associated with specific programs that define or enforce standards, or a code of ethics; and

(b) How the proposed legislation will assure quality:

(i) The extent to which a code of ethics, if any, will be adopted; and

(ii) The grounds for suspension or revocation of registration, certification, or licensure;

(7) A description of the group proposed for regulation, including a list of associations, organizations, and other groups representing the practitioners in this state, an estimate of the number of practitioners in each group, and whether the groups represent different levels of practice; and

(8) The expected costs of regulation:

(a) The impact registration, certification, or licensure will have on the costs of the services to the public; and

(b) The cost to the state and to the general public of implementing the proposed legislation.

NEW SECTION. Sec. 7. Applicant groups shall submit a written report explaining the factors enumerated in section 6 of this act to the legislative committees of reference. Applicant groups, other than state agencies created prior to the effective date of this section, shall submit copies of their written report to the department of licensing for review and comment. The department of licensing shall make recommendations based on the report to the extent requested by the legislative committees.

*Sec. 8. Section 28A.45.010, chapter 223, Laws of 1969 ex. sess. as last amended by section 1, chapter 93, Laws of 1987 and RCW 82.45.010 are each amended to read as follows:

As used in this chapter, the term "sale" shall have its ordinary meaning and shall include any conveyance, grant, assignment, quitclaim, or transfer of the ownership of or title to real property, including standing timber, or any estate or interest therein for a valuable consideration, and any contract for such conveyance, grant, assignment, quitclaim, or transfer, and any lease with an option to purchase real property, including standing timber, or any
estate or interest therein or other contract under which possession of the
property is given to the purchaser, or any other person by his direction,
which title is retained by the vendor as security for the payment of the pur-
chase price.

The term shall not include a transfer by gift, devise, or inheritance, a
transfer of any leasehold interest other than of the type mentioned above, a
cancellation or forfeiture of a vendee's interest in a contract for the sale of
real property, whether or not such contract contains a forfeiture clause, or
deed in lieu of foreclosure of a mortgage or the assumption by a grantee of
the balance owing on an obligation which is secured by a mortgage or deed in
lieu of forfeiture of the vendee's interest in a contract of sale where no con-
sideration passes otherwise or a transfer where no consideration passes to the
vendor other than relief from debt for which the property transferred has
been used as security, or the partition of property by tenants in common by
agreement or as the result of a court decree, any transfer, conveyance, or
assignment of property or interest in property from one spouse to the other in
accordance with the terms of a decree of divorce or in fulfillment of a prop-
erty settlement agreement incident thereto, the assignment or other transfer
of a vendor's interest in a contract for the sale of real property, even though
accompanied by a conveyance of the vendor's interest in the real property in-
volved, transfers by appropriation or decree in condemnation proceedings
brought by the United States, the state or any political subdivision thereof,
or a municipal corporation, a mortgage or other transfer of an interest in
real property merely to secure a debt, or the assignment thereof, any transfer
or conveyance made pursuant to an order of sale by the court in any mort-
gage or lien foreclosure proceeding or upon execution of a judgment, or deed in
lieu of foreclosure to satisfy a mortgage, a conveyance to the federal
housing administration or veterans administration by an authorized mortgag-
ee made pursuant to a contract of insurance or guaranty with the federal
housing administration or veterans administration, nor a transfer in compli-
ance with the terms of any lease or contract upon which the tax as imposed
by this chapter has been paid or where the lease or contract was entered into
prior to the date this tax was first imposed, nor the sale of any grave or lot in
an established cemetery, nor a sale by or to the United States, this state or
any political subdivision thereof, or a municipal corporation of this state.

The term sale shall further not include a transfer to a corporation or
partnership which is wholly owned by the transferor and/or the transferor's
spouse or children: PROVIDED, That if thereafter such transferee corpora-
tion or partnership voluntarily transfers such real property, or such transfer-
or, spouse, or children voluntarily transfer stock in the transferee corporation
or interest in the transferee partnership capital, as the case may be, to other
than (1) the transferor and/or the transferor's spouse or children, (2) a trust
having the transferor and/or the transferor's spouse or children as the only
beneficiaries at the time of the transfer to the trust, or (3) a corporation or
partnership wholly owned by the original transferor and/or the transferor’s spouse or children, within five years of the original transfer to which this exemption applies, excise taxes shall become due and payable on the original transfer as otherwise provided by law.

*Sec. 8 was vetoed, see message at end of chapter.

NEW SECTION. Sec. 9. Sections 4 through 7 of this act are each added to chapter 18.85 RCW.

NEW SECTION. Sec. 10. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 11. There is appropriated from the general fund to the department of licensing for the biennium ending June 30, 1989, the sum of eighty-four thousand three hundred seventy-two dollars, or so much thereof as may be necessary, to carry out the purposes of sections 4 through 7 of this act.

Passed the Senate April 26, 1987.
Approved by the Governor May 19, 1987, with the exception of certain items which were vetoed.
Filed in Office of Secretary of State May 19, 1987.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to section 8, Engrossed House Bill No. 435 entitled:

"AN ACT Relating to real estate brokers and salesmen."

Section 8 would exempt from the real estate excise tax assumed mortgages on real property which are refinanced.

Refinancing assumed mortgages is simply one means of financing the purchase of real property; no public goal or objective is served by this selective exemption. Washington cannot afford the loss of several million dollars caused by such an exemption.

With the exception of section 8, Engrossed House Bill No. 435 is approved."

CHAPTER 515
[Engrossed Substitute Senate Bill No. 5801]
FIRE FIGHTERS—OCCUPATIONAL DISEASES

AN ACT Relating to industrial insurance; amending RCW 51.08.100; and adding new sections to chapter 51.32 RCW.

Be it enacted by the Legislature of the State of Washington:

*NEW SECTION. Sec. 1. The legislature finds that the employment of fire fighters exposes them to smoke, fumes, and toxic or chemical substances. The legislature recognizes that fire fighters as a class have a higher rate of respiratory disease than the general public. The legislature therefore
finds that respiratory disease should be presumed to be occupationally related for industrial insurance purposes for fire fighters.

The legislature also finds that fire fighters and law enforcement officers are required to respond to emergencies in a rapid manner to save lives, reduce property damage, and protect the public. As a result, these officers are often subject to extreme mental and physical stress and life-threatening circumstances during the course of their employment. The legislature therefore finds that the judicial doctrine requiring unusual exertion for compensation in heart attack injuries should be abrogated for these workers.

*Sec. 1 was partially vetoed, see message at end of chapter.

NEW SECTION. Sec. 2. (1) In the case of fire fighters as defined in RCW 41.26.030(4)(a), (b), and (c) who are covered under Title 51 RCW, there shall exist a prima facie presumption that respiratory disease is an occupational disease under RCW 51.08.140. This presumption of occupational disease may be rebutted by a preponderance of the evidence controverting the presumption. Controverting evidence may include, but is not limited to, use of tobacco products, physical fitness and weight, lifestyle, hereditary factors, and exposure from other employment or nonemployment activities.

(2) The presumption established in subsection (1) of this section shall be extended to an applicable member following termination of service for a period of three calendar months for each year of requisite service, but may not extend more than sixty months following the last date of employment.

*Sec. 3. Section 51.08.100, chapter 23, Laws of 1961 and RCW 51.08-.100 are each amended to read as follows:

(1) "Injury" means a sudden and tangible happening, of a traumatic nature, producing an immediate or prompt result, and occurring from without, and such physical conditions as result therefrom.

(2) In the case of fire fighters as defined in RCW 41.26.030(4)(a), (b), and (c) who are covered under Title 51 RCW, and law enforcement officers as defined in RCW 41.26.030(3) who are covered under Title 51 RCW, for the purpose of heart attacks the definition of "injury" shall be construed without regard to whether the member's exertion was usual or unusual.

*Sec. 3 was vetoed, see message at end of chapter.

NEW SECTION. Sec. 4. Sections 1 and 2 of this act are each added to chapter 51.32 RCW.

Passed the Senate April 22, 1987.
Passed the House April 15, 1987.
Approved by the Governor May 19, 1987, with the exception of certain items which were vetoed.
Filed in Office of Secretary of State May 19, 1987.

Note: Governor's explanation of partial veto is as follows:
"I am returning herewith, without my approval as to the second paragraph of section 1 and all of section 3, Engrossed Substitute Senate Bill No. 5801, entitled:

"AN ACT Relating to industrial insurance."

This bill would change the rules under which certain firefighters and law enforcement officers may qualify for workers' compensation benefits when they suffer from respiratory disease or have heart attacks. It stipulates that for those firefighters under the LEOFF II pension system, respiratory disease will be presumed to be job related, unless the employer can prove otherwise. It also changes the definition of injury for LEOFF II firefighters and police officers. They would no longer have to prove that a heart attack was due to unusual exertion on the job to qualify for workers' compensation.

I recognize the need to ease the burden of proof required for firefighters who contract respiratory diseases. The establishment of a rebuttable presumption that a respiratory disease is occupationally related for those employees will address a major problem for those who incur legitimate workplace respiratory diseases.

However, I do not believe that it is appropriate to change the definition of injury, as proposed in the second paragraph of section 1 and affected in section 3, so that a heart attack is presumed to be job related. While the definition of injury has been the topic of considerable study and discussion for the past two years, there is no conclusive evidence to demonstrate that there is a higher incidence of job-related heart problems in firefighters and law enforcement officers than those in other professions.

With the exception of second paragraph of section 1 and all of section 3, Engrossed Substitute Senate Bill No. 5801 is approved.*

CHAPTER 516
[House Bill No. 1205]
WATER POLLUTION FACILITIES—EXTENDED GRANT PAYMENTS

AN ACT Relating to authorizing the department of ecology to distribute funds from the water quality account for water pollution facilities, using extended grant payments; and adding a new section to chapter 70.146 RCW.

Be it enacted by the Legislature of the State of Washington:

*NEW SECTION. Sec. 1. A new section is added to chapter 70.146 RCW to read as follows:

(1) The department of ecology may enter into contracts with local jurisdictions which provide for extended grant payments under which eligible costs may be paid on an advanced or deferred basis.

(2) Extended grant payments shall be in equal annual payments, the total of which does not exceed, on a net present value basis, fifty percent of the total eligible cost of the project incurred at the time of design and construction. The duration of such extended grant payments shall be for a period not to exceed twenty years. The total of federal and state grant moneys received for the eligible costs of the project shall not exceed fifty percent of the eligible costs.

(3) Any moneys appropriated by the legislature from the water quality account shall be first used by the department of ecology to satisfy the conditions of the extended grant payment contracts.
(4) Any moneys appropriated by the legislature from the water quality account for protection of sole-source aquifers shall be provided in the form of a fifty percent matching grant.

*Sec. 1 was partially vetoed, see message at end of chapter.

Passed the Senate April 17, 1987.
Approved by the Governor May 19, 1987, with the exception of certain items which were vetoed.
Filed in Office of Secretary of State May 19, 1987.

Note: Governor's explanation of partial veto is as follows:

*I am returning herewith, without my approval as to section 1(4), House Bill No. 1205 entitled:

"AN ACT Relating to authorizing the department of ecology to distribute funds from the water quality account for water pollution facilities, using extended grant payments."

House Bill No. 1205 authorizes the Department of Ecology to enter into contracts with local jurisdictions allowing the state to pay its share of project costs over an extended period up to a maximum of twenty years. The purpose of this authorization is to reduce the state's initial assistance to a local jurisdiction constructing a major water pollution control facility, thereby maintaining adequate funds in the water quality account to assist other local jurisdictions.

Section 1(4) was added as a Senate floor amendment. It requires the state share for one category of water pollution control, sole source aquifer protection, to be in the form of a fifty percent matching grant. The designation of a sole source aquifer is determined by the federal Environmental Protection Agency under the Safe Drinking Water Act. Currently, three such aquifers have been designated in our state and several more are under federal review.

The Department of Ecology is developing by rule a comprehensive and consistent program for use of funds from the water quality account, including the appropriate level of cost sharing with local jurisdictions for eligible water pollution control facilities and activities in accordance with Chapter 70.146 RCW.

I concur that the protection of sole source aquifers is of high priority, and projects for such protection should receive a fair level of state aid. However, the appropriate level of state assistance for any project funded by the water quality account should be made in the context of overall state priorities for water pollution control assistance.

With the exception of section 1(4), which I have vetoed, House Bill No. 1205 is approved.*

CHAPTER 517
[Substitute House Bill No. 978]
YAKIMA ENHANCEMENT PROJECT

AN ACT Relating to water projects in the Yakima river basin; amending section 3, chapter 316, Laws of 1986 (uncodified); and adding a new section to chapter 43.21A RCW.

Be it enacted by the Legislature of the State of Washington:

*Sec. 1. Section 3, chapter 316, Laws of 1986 (uncodified) is amended to read as follows:

(1) The director of the department of ecology shall:
((t)) (a) Continue to participate with the federal government in its studies of the Yakima enhancement project and of options for future development of the second half of the Columbia Basin project;

((t)) (b) Vigorously represent the state's interest in said studies, particularly as they relate to protection of existing water rights and resolution of conflicts in the adjudication of the Yakima river within the framework of state water rights law and propose means of resolving the conflict that minimize adverse effects on the various existing uses;

((t)) (c) As a cooperative federal and nonfederal effort, work with members of the congressional delegation to identify and advance, subject to the limitations in subsection (2) of this section, for federal authorization elements of the Yakima enhancement project which: Have general public support and acceptable cost-sharing arrangements, meet study objectives, and otherwise have potential for early implementation; and

((t)) (d) In developing acceptable cost-sharing arrangements, request federal recognition of state credit for expenditures of moneys from Washington state utility ratepayers.

(2) In the interest of promoting cooperation between all interested parties and to effectuate the efficient and satisfactory implementation of the Yakima enhancement project, the state requests that Congress authorize the construction of a pipeline between Keechelus Lake and Kachess Lake as one of the elements of early implementation of the Yakima enhancement project for the purpose of supplying the water which is demanded for and caused by the operation of the fish passage facilities at the Easton Dam. The department, in concert with other state agencies, shall work diligently to assure that the pipeline element is included in the federal legislation.

(3) While the state and federal governments develop and implement the various phases of the Yakima enhancement project, the policy of the state shall be to require that any new water project or modification of an existing water project that creates a new demand for surface water from the Yakima river system include as a part of that project or modification a supply of water to meet the demand created. Any permit or other authorization required for the project that must be issued by an agency of the state shall include this requirement for water as one of its conditions. For the purposes of this subsection, water supplied by proposals to raise the reservoir elevation of Lake Cle Elum by three feet shall not be considered such a supply of water. For the purposes of this section, the phrase "water projects" includes, but is not limited to, fish passage or protective facilities.

(4) Nothing contained in subsection (3) of this section shall limit any individual or entity from entering into any interim operating agreement, including but not limited to those that may be permitted by chapter 90.54 RCW, for the construction of any new water project or modification of an existing water project pending the completion of facilities which create the water required for the operation of such new or modified water project.
(5) The provisions of this section, including but not limited to the interim operating agreements recognized under subsection (4) of this section, shall not interfere with or impact the availability of water necessary to fulfill existing water rights, and the specific elements, uses, or methods of acquisition of those rights recognized under state water right laws.

*Sec. 1 was partially vetoed, see message at end of chapter.

NEW SECTION. Sec. 2. Section 1 of this act is added to chapter 43.21A RCW.

Passed the Senate April 15, 1987.
Approved by the Governor May 19, 1987, with the exception of certain items which were vetoed.
Filed in Office of Secretary of State May 19, 1987.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to sections 1(3), 1(4) and 1(5), Substitute House Bill No. 978, entitled:

"AN ACT Relating to water projects in the Yakima river basin."

Since the passage of Substitute House Bill No. 978, I have been contacted by many having interests in the waters of the Yakima River system. Through review of letters, by personal contacts at all levels of government, and based upon information provided by my agency directors, I am well aware of the circumstances which prompted this legislation, the divisiveness which has resulted and the significance of my action in a partial veto.

I support and endorse the policy of water neutrality contained in this legislation. Simply stated, any water project in the Yakima Basin that creates a new demand for water must provide a source of supply or an operating agreement to meet that demand. Unfortunately, I believe the bill is flawed and does not achieve the intended result of promoting water neutrality. The provisions of these subsections are ambiguous and may not achieve the protection of existing rights.

Sections 1(3), 1(4) and 1(5) are intended to create a state process for assuring water neutrality. To date, issues related to new water projects, including fish passage facilities within the Yakima River basin, have been cooperatively resolved. I encourage this approach. I have directed the Departments of Ecology, Agriculture and Fisheries to seek negotiated construction and operation agreements for facilities that may require additional water. If such agreements are not reached in a reasonable time, I have instructed the Department of Ecology to utilize the water rights permit process for resolving these issues.

In approving sections 1(1) and 1(2), I affirm my continued support for the Yakima Enhancement Project. Within these sections is the message that the state wishes to see early Congressional action on the next phase of the project and that a final and successful conclusion of the project is an absolute necessity. The momentum to achieve these goals was present before the disputes that arose surrounding Substitute House Bill No. 978 became an issue. I encourage all parties to now cooperatively direct their efforts toward regaining that momentum. Should such cooperation not exist and similar legislation come to me at the conclusion of the next session, I may take a different action.

With the exception of sections 1(3), 1(4) and 1(5) Substitute House Bill No. 978 is approved."
NEW SECTION. Sec. 1. The long-term social, community welfare, and economic interests of the state will be served by an investment in our children. Conclusive studies and experiences show that providing children with certain developmental experiences and effective parental guidance can greatly improve their performance in school as well as increase the likelihood of their success as adults. National studies have also confirmed that special attention to, and educational assistance for, children and their school environment is the most effective way in which to meet the state's social and economic goals.

The legislature intends to enhance the readiness to learn of certain children and students by: Providing for an expansion of the state early childhood education and assistance program for children from low-income families and establishing an adult literacy program for certain parents; assisting school districts to establish elementary counseling programs; instituting a program to address learning problems due to drug and alcohol use and abuse; and establishing a program directed at students who leave school before graduation.

The legislature intends further to establish programs that will allow for parental, business, and community involvement in assisting the school systems throughout the state to enhance the ability of children to learn.

PART I
READINESS TO LEARN

Sec. 101. Section 6, chapter 418, Laws of 1985 and RCW 28A.34A-060 are each amended to read as follows:

The department shall adopt rules under chapter 34.04 RCW for the establishment of the preschool program, not later than six months after the effective date of this act. Federal head start program criteria, including set aside provisions for the children of seasonal and migrant farmworkers and native American populations living either on or off reservation, to the extent
practicable, shall be considered as guidelines for the state preschool early childhood assistance program.

The department in developing rules for the preschool program shall consult with the advisory committee, and shall consider such factors as coordination with existing head start and other preschool programs, the preparation necessary for instructors, qualifications of instructors, adequate space and equipment, and special transportation needs. The rules shall specifically require the preschool programs to provide for parental involvement at a level not less than that provided under the federal head start program criteria.

Sec. 102. Section 9, chapter 418, Laws of 1985 and RCW 28A.34A-.090 are each amended to read as follows:

For the (duration) purposes of this (act) chapter, the department may award state support under RCW 28A.34A.010 through 28A.34A.070 to increase the numbers of eligible children assisted by the federal or state-supported preschool programs in this state by up to five thousand additional children. Priority shall be given to groups in those geographical areas which include a high percentage of families qualifying under the federal "at risk" criteria. The overall program funding level shall be based on an average grant (of no more than two thousand seven hundred dollars) per child (to cover all) consistent with state appropriations made for program costs: PROVIDED, That programs addressing special needs of selected groups or communities shall be recognized in the department's rules.

NEW SECTION. Sec. 103. Section 15, chapter 418, Laws of 1985 and RCW 28A.34A.902 are each repealed.

NEW SECTION. Sec. 104. (1) Parents can be the most effective teachers for their children. Furthermore, in recognition that effective assistance at the elementary school level will likely reduce the need for dropout intervention at the secondary level, the legislature intends to encourage early identification of and assistance to students not succeeding in school in the elementary grades.

NEW SECTION. Sec. 214. (1) The superintendent of public instruction is authorized and shall grant funds to selected school districts to assist in the development of student motivation, retention, and retrieval programs for youth who are at risk of dropping out of school or who have dropped out of school. NEW SECTION. Sec. 215. (1) In distributing grant funds, the superintendent of public instruction shall first award funds to each school district with a dropout rate which, as determined by the superintendent of public instruction, is over time in the top twenty-five percent of all districts' dropout rates. (2) The superintendent may grant funds to a cooperative of districts which may include one district, or more, whose dropout rate is not in the top twenty-five percent of all districts' dropout rates.

(3) The sum of all grants awarded pursuant to sections 214 through 219 of this act for a particular biennium shall not exceed the amount appropriated by the legislature for such purposes.

NEW SECTION. Sec. 216. (1) A district which receives planning funds before the effective date of this section may receive program development or implementation funds.

(2) A district or cooperative of districts shall be eligible to receive program implementation funds once every two years. Grants shall not be used to supplant funds of an existing program. The superintendent shall give priority to the effectiveness of district plans and implementation programs before granting additional awards to a school district.

NEW SECTION. Sec. 217. The superintendent of public instruction shall adopt rules to carry out the purposes of sections 214 through 219 of this act. The rules adopted by the superintendent of public instruction shall include but not be limited to:

**NEW SECTION.** Sec. 218. The governor and superintendent of public instruction shall jointly appoint the governor's school dropout prevention task force, cochaired by the governor and the superintendent. The purpose of the task force shall be to make the public aware of the high number of Washington youth who drop out of school, the lifelong economic impact of the decision to drop out, and to encourage all segments of the community to devise new strategies to encourage youth to remain in school.

The task force shall be made up of respected representatives from business, sports, education, the media, students, the legislature, and other sectors of the community. The task force shall promote staying in school through public exposure of the problem and encouraging all sectors of the community to become involved in addressing this serious problem.

Educational clinics have demonstrated success in preparing such youth for productive roles in society and are an integral part of the state's program to address the needs of students who have dropped out of school. The superintendent of public instruction shall distribute funds, consistent with legislative appropriations, allocated specifically for educational clinics in accord with chapter 28A.97 RCW. The legislature encourages school districts to explore cooperation with educational clinics.

NEW SECTION. Sec. 411. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

Approved by the Governor May 19, 1987, with the exception of certain items which were vetoed.
Filed in Office of Secretary of State May 19, 1987.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith without my approval as to sections 111 through 115, 201 through 204, 221, 225 through 232, 306, 307, 308, 309, and 410, Second Substitute House Bill No. 456 entitled:

"AN ACT Relating to education."

This measure was introduced at my request. Its provisions deal with a wide range of problems encountered by children who are at risk of failure in school.

- A number of amendments which created new programs were added to this bill during the legislative process. While I believe most of these programs are meritorious, I am vetoing those for which the Legislature provided no funding. Adding unfunded programs to substantive law gives false hope to those who would benefit from them. For this reason, I have vetoed sections which would have created a parents as first teachers program (sections 111 through 115), a grants-based program to provide elementary counselors (sections 201 through 204), and a multi-purpose block grant program (sections 225 through 232). I hope the Legislature will reconsider these programs, particularly the elementary counselors provisions, at some future time when funding may be available.

In addition, I am vetoing Section 221 which creates a mandatory increase in funding for gifted students but which was not funded in the budget.

Sections 306 through 308 permit state employees to use sick leave to participate in school activities. Similar provisions in the bill I requested were tied to approved parent participation programs developed by school districts. The lack of provisions to ensure that leave is used for meaningful participation fundamentally alters the concept and could lead to abuse.

Section 309 was likewise in the original bill. I included this provision anticipating that the Legislature would provide increased revenues for education and provide me with a budget with a decent reserve and a reasonable amount of management flexibility. With the budget which was actually approved by the Legislature, I have
reluctantly concluded that the tax exemption for donated equipment might lead to an unacceptable loss of revenue.

Section 410 is standard null and void language which is unnecessary since the balance of Second Substitute House Bill No. 456 was funded in the budget.

With the exception of sections 111 through 115, 201 through 204, 221, 225 through 232, 306, 307, 308, 309, and 410 which I have vetoed, Second Substitute House Bill No. 456 is approved.*

*Sec. 3 was vetoed, see message at end of chapter.

Passed the Senate April 9, 1987.
Approved by the Governor May 19, 1987, with the exception of certain items which were vetoed.
Filed in Office of Secretary of State May 19, 1987.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to sections 1 and 3, Engrossed Substitute House Bill No. 498, entitled:

"AN ACT Relating to collective bargaining for firefighters and emergency medical personnel."

Section 1 expands for the first time the definition of "uniform personnel" beyond law enforcement officers and firefighters as defined under RCW 41.26.030, which is the LEOFF Retirement Act. This bill would add employees regularly employed on a full-time basis in a public fire department with duties related to fire, investigation, inspection and dispatch.

There are public policy reasons for binding interest arbitration as the ultimate collective bargaining dispute resolution for "essential public safety employees" (i.e. police officers and firefighters). The employees who would be added under this bill are different in terms of how essential they are to the maintenance of public safety. At this point we have a strong and clearly defined line in the law between what is "essential" to public safety and what is not. If this bill becomes law, that line becomes blurred.

I do feel that employees engaged in fire investigation, fire inspection and fire dispatching provide needed and important services similar to those provided by a number of other public employees in other occupations, including dispatchers employed in joint communication centers which dispatch fire, police and emergency vehicle responses. If this bill were signed into law, many other groups would ask for inclusion under what would be an uncertain and an expanded use of the term "essential services". All of these employees have full collective bargaining rights now, and I do not feel the expansion is necessary to protect public safety.

Section 3 is vetoed to reinstate the law to its present status, since the change in section 1 is vetoed.

1 With the exception of sections 1 and 3, Engrossed Substitute House Bill No 498 is approved."
AN ACT Relating to district heating systems; and amending RCW 80.62.010, 80.62.020, 35.97.020, and 35.97.010.

Be it enacted by the Legislature of the State of Washington:

Sec. 1. Section 1, chapter 94, Laws of 1983 and RCW 80.62.010 are each amended to read as follows:

The legislature finds that traditional utility regulation may pose unnecessary barriers to (1) the widespread and rapid utilization of Washington's geothermal heat resource for district heating purposes, and (2) the efficient use of biomass materials and waste heat sources for district heating purposes) using Washington's heat sources for district heating purposes. The legislature further finds that regulation may be necessary to protect the interests of the public in securing adequate heating services from these heat sources at reasonable cost. Therefore, it is the intent of the legislature and the purpose of this chapter to provide a streamlined permitting system which will encourage development and efficient utilization and distribution of heat while continuing to provide reasonable customer protections.

Sec. 2. Section 2, chapter 94, Laws of 1983 and RCW 80.62.020 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

*Sec. 3. Section 1, chapter 216, Laws of 1983 and RCW 35.97.020 are each amended to read as follows:

(1) It is the intent of the legislature that heating systems authorized pursuant to this chapter be developed in a way that minimizes any long-term rate impacts on customers of existing utilities.

(2) Counties, cities, towns, irrigation districts which distribute electricity, sewer districts, water districts, (and) port districts, and metropolitan municipal corporations are authorized pursuant to this chapter to establish heating systems and (provide) supply heating services from Washington's heat sources ((including, but not limited to, geothermal, heat, steam or water heated by a biomass energy system, waste heat, and energy from a cogeneration facility)).

(3) Before a municipality may establish by ordinance a heating system or supply heating services, it shall conduct a public hearing and assess the long-term impacts on rates of utility customers in the area proposed to be served.

*Sec. 3 was partially vetoed, see message at end of chapter.

Sec. 4. Section 2, chapter 216, Laws of 1983 and RCW 35.97.010 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Biomass energy system" means a system that provides for the production or collection of organic materials such as wood and agricultural residues and municipal solid waste that are primarily (waste) organic materials and the conversion or use of that material for the production of ((energy)) heat or substitute fuels through several processes including, but not limited to, burning, pyrolysis, ((distillation,)) or anaerobic digestion.
(2) "Cogeneration" means the sequential generation of two or more forms of energy from a common fuel or energy source.

(3) "Cogeneration facility" means any machinery, equipment, structure, process, or property or any part thereof, installed or acquired for the primary purpose of cogeneration by a person or corporation.

Passed the Senate April 9, 1987.
Approved by the Governor May 19, 1987, with the exception of certain items which were vetoed.
Filed in Office of Secretary of State May 19, 1987.

Note: Governor’s explanation of partial veto is as follows:

"I am returning herewith, without my approval as to sections 3(1) and 3(3), Substitute House Bill No. 425, entitled:

"AN ACT Relating to district heating systems."

The intent of the legislation, as stated in section 1, is "to provide a streamlined permitting system which will encourage development and efficient utilization and distribution of heat while continuing to provide reasonable consumer protections." Section 3(1) and 3(3) contradict this intent.

Section 3(1) states that the intent of the legislation is to minimize "any long-term rate impacts on customers of existing utilities." While harmful impacts should be minimized, I do not believe that beneficial impacts should be limited. Further, limiting consumer benefits contradicts the legislative intent of consumer protection.
Section 3(3) requires that public hearings be used to determine the effects district heating have on long-term utility rates. State law currently provides consumer protection by (1) requiring the establishment of district heating only by municipal legislative ordinance and (2) requiring the legislative authority to estimate consumer costs of such a system (RCW 35.97.050–060). Instead of streamlining the permitting system, section 3(3) retards the advancement of district heating while not furthering consumer protection.

With the exception of sections 3(1) and 3(3), Substitute House Bill No. 425 is approved.

CHAPTER 523
[Engrossed Senate Bill No. 5556]

All hearings shall be before the director or a hearing officer appointed by the director. Any party to a hearing held hereunder who feels aggrieved by
a final order issued by the director of the department of water resources after a hearing may obtain review thereof in a superior court. All hearings and judicial review authorized hereunder shall be subject to the provisions of chapter 34.04 RCW pertaining to contested cases.

In the event a regulatory or final order issued pursuant to RCW 43.27A.190 or 43.27A.200 is not complied with, the attorney general, upon request of the department of water resources, shall bring an action in the superior court of the county where the violation occurred or potential violation is about to occur to obtain such judicial relief as necessary, including injunctive relief, to insure that said order is complied with.

*Sec. 10 was vetoed, see message at end of chapter.*

Sec. 11. Section 5, chapter 1, Laws of 1977 ex. sess. and RCW 43.83B.320 are each amended to read as follows:

(1) As to projects and water withdrawal permits issued or authorized or both under RCW 43.83B.310 and 43.83B.315, the requirements of chapter 43.21C RCW and all local zoning ordinances, plans, and local building and construction permit ordinances are waived and inapplicable. Notwithstanding any other provisions of law, water projects and related withdrawal permits, authorized or issued pursuant to RCW 43.83B.310 or 43.83B.315 shall not be subject to any public notice requirements. Permits issued under RCW 43.83B.310 and 43.83B.315 shall be in lieu of all environmental protection and natural resource regulation permits, certificates, and other approvals and authorization documents required under state statutes including, but not limited to, RCW 90.58.140((;)) and 75.20.100, ((and 86.1-6.080,)) as well as all other similar permits required under local ordinances. All state departments or other agencies having jurisdiction over state or other public lands which are required to be used in carrying out projects related to water withdrawal permits, issued pursuant to RCW 43.83B.310 and 43.83B.315, shall provide short term easements or other appropriate property interests upon the payment of the fair market value: PROVIDED, That this mandate shall not apply to any lands of the state which are reserved for a special purpose or use which cannot properly be carried out if such a property interest were to be conveyed.

(2) Upon request of the department of ecology or the department of social and health services, the department of general administration may waive any public bidding requirements otherwise provided by law, for any project authorized by RCW 43.83B.310 or 43.83B.315 and financed with funds appropriated in RCW 43.83B.300 through 43.83B.385, 43.83B.901, and 43.83B.210 if the department of general administration determines that (a) an emergency condition exists, and (b) if the request for a waiver is not approved the public interest will be significantly affected in a detrimental manner. The department of general administration shall rule upon requests for waiver submitted to it within five working days. If the department fails to rule within said five-day period the request shall be deemed approved.
and a waiver deemed to be granted. The department of general administration, after obtaining the views of the department of ecology and the department of social and health services, shall adopt rules to implement this section. Notwithstanding any other provision of RCW 43.83B.300 through 43.83B.385, 43.83B.901, and 43.83B.210, this subsection shall terminate on September 30, 1977.

NEW SECTION. Sec. 13. Sections 3 through 8 of this act are each added to chapter 86.16 RCW.

*NEW SECTION. Sec. 14. A new section is added to chapter 86.16 RCW to read as follows:

(1) A town in that portion of the Snohomish river flood control zone in existence as of January 1, 1987, within King county may apply to the department of ecology for an exemption from this chapter for (a) those structures or improvements constructed prior to August 15, 1966, and (b) any property situated within a plat that was filed for record prior to August 15, 1966.
The department of ecology may grant an exemption under subsection (1) of this section if the department of ecology finds the exemption is warranted due to the physical characteristics within the town.

Sec. 14 was vetoed, see message at end of chapter.

Passed the Senate April 24, 1987.
Approved by the Governor May 19, 1987, with the exception of certain items which were vetoed.
Filed in Office of Secretary of State May 19, 1987.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to sections 10 and 14, Engrossed Senate Bill No. 5556, entitled:

"AN ACT Relating to flood control."

Section 10 is a technical amendment to a section of the code that was repealed by Senate Bill 5427, already signed into law. I have eliminated this section of the bill to avoid confusion.

Section 14 would allow the Department of Ecology to grant an exemption for certain towns from statutory prohibitions against some types of construction and rehabilitation within designated floodways. Section 4 of the bill includes language that allows repairs, reconstruction and improvements to an existing structure. Since the state supplements the national flood insurance program, any exemptions from this prohibition that go beyond the examples allowed under section 4 would represent a needless risk of public funds.

With the exception of sections 10 and 14, Engrossed Senate Bill No. 5556 is approved."
may approve an order stating that the child shall be placed in a residence 
other than the home of his or her parent only if it is established by a pre-
ponderance of the evidence that:

(a) The petition is not capricious;
(b) The petitioner, if a parent or the child, has made a reasonable ef-
fort to resolve the conflict;
(c) The conflict which exists cannot be resolved by delivery of services 
to the family during continued placement of the child in the parental home; 
and
(d) Reasonable efforts have been made to prevent or eliminate the need 
for removal of the child from the child's home and to make it possible for 
the child to return home.

The court may not grant a petition filed by the child or the department 
if it is established that the petition is based only upon a dislike of reasonable 
rules or reasonable discipline established by the parent.

(2) The order approving out-of-home placement shall direct the de-
partment to submit a disposition plan for a three-month placement of the 
child that is designed to reunite the family and resolve the family conflict. 
Such plan shall delineate any conditions or limitations on parental involve-
ment. In making the order, the court shall further direct the department to 
make recommendations, as to which agency or person should have physical 
custody of the child, as to which parental powers should be awarded to such 
agency or person, and as to parental visitation rights. The court may direct 
the department to consider the cultural heritage of the child in making its 
recommendations.

(3) The hearing to consider the recommendations of the department 
for a three-month disposition plan shall be set no later than fourteen days 
after the approval of the court of a petition to approve alternative residen-
tial placement. Each party shall be notified of the time and place of such 
disposition hearing.

(4) If the court approves or denies a petition for an alternative resi-
dential placement, a written statement of the reasons shall be filed. If the 
court denies a petition requesting that a child be placed in a residence other 
than the home of his or her parent, the court shall enter an order requiring 
the child to remain at or return to the home of his or her parent.

(5) If the court denies the petition, the court shall impress upon the 
party filing the petition of the legislative intent to restrict the proceedings to 
situations where a family conflict is so great that it cannot be resolved by 
the provision of in-home services.

(6) A child who fails to comply with a court order directing that the 
child remain at or return to the home of his or her parent shall be subject to 
contempt proceedings, as provided in this chapter, but only if the noncom-
pliance occurs within ninety calendar days after the day of the order.
Sec. 2. Section 30, chapter 291, Laws of 1977 ex. sess. and RCW 13-34.020 are each amended to read as follows:

The legislature declares that the family unit is a fundamental resource of American life which should be nurtured. Toward the continuance of this principle, the legislature declares that the family unit should remain intact unless a child's right to conditions of basic nurture, health, or safety is jeopardized. When the rights of basic nurture, physical and mental health, and safety of the child and the legal rights of the parents are in conflict, the rights and safety of the child should prevail.

Sec. 3. Section 31, chapter 291, Laws of 1977 ex. sess. as last amended by section 2, chapter 311, Laws of 1983 and RCW 13.34.030 are each amended to read as follows:

For purposes of this chapter:

(1) "Child" and "juvenile" means any individual under the age of eighteen years;

(2) "Dependent child" means any child:

(a) Who has been abandoned; that is, where the child's parent, guardian, or other custodian has evidenced either by statement or conduct, a settled intent to forego, for an extended period, all parental rights or all parental responsibilities despite an ability to do so;

(b) Who is abused or neglected as defined in chapter 26.44 RCW by a person legally responsible for the care of the child;

(c) Who has no parent, guardian, or custodian capable of adequately caring for the child, such that the child is in circumstances which constitute a danger of substantial damage to the child's psychological or physical development; or

(d) Who is developmentally disabled, as defined in RCW 71.20.016 and whose parent, guardian, or legal custodian together with the department determines that services appropriate to the child's needs can not be provided in the home. However, (a), (b), and (c) of this subsection may still be applied if other reasons for removal of the child from the home exist.

Sec. 4. Section 34, chapter 291, Laws of 1977 ex. sess. as last amended by section 5, chapter 95, Laws of 1984 and by section 3, chapter 188, Laws of 1984 and RCW 13.34.060 are each reenacted and amended to read as follows:

(1) A child taken into custody pursuant to RCW 13.34.050 or 26.44-.050 shall be immediately placed in shelter care. A child taken by a relative of the child in violation of RCW 9A.40.060 or 9A.40.070 shall be placed in shelter care only when permitted under RCW 13.34.055. "Shelter care" means temporary physical care in a facility licensed pursuant to RCW 74-.15.030 or in a home not required to be licensed pursuant to that section. Whenever a child is taken into such custody pursuant to this section, the supervising agency may authorize evaluations of the child's physical or
emotional condition, routine medical and dental examination and care, and all necessary emergency care. In no case may a child who is taken into custody pursuant to RCW 13.34.055, 13.34.050, or 26.44.050 be detained in a secure detention facility. No child may be held longer than seventy-two hours, excluding Saturdays, Sundays and holidays, after such child is taken into custody unless a court order has been entered for continued shelter care. The child and his or her parent, guardian, or custodian shall be informed that they have a right to a shelter care hearing. The court shall hold a shelter care hearing if one is requested.

(2) The juvenile court counselor assigned to the matter shall make all reasonable efforts to advise the parents, guardian, or legal custodian of the time and place of any shelter care hearing, request that they be present, and inform them of their basic rights as provided in RCW 13.34.090.

(3) At the commencement of the shelter care hearing the court shall advise the parties of their basic rights as provided in RCW 13.34.090 and shall appoint counsel pursuant to RCW 13.34.090 if counsel has not been retained by the parent or guardian and if the parent or guardian is indigent, unless the court finds that the right to counsel has been expressly and voluntarily waived.

(4) The court shall examine the need for shelter care. All parties have the right to present testimony to the court regarding the need or lack of need for shelter care.

(5) The juvenile court probation counselor shall submit a recommendation to the court as to the further need for shelter care, except that such recommendation shall be submitted by the department of social and health services in cases where the petition alleging dependency has been filed by the department of social and health services, unless otherwise ordered by the court.

(6) The court shall release a child alleged to be dependent to the care, custody, and control of the child's parent, guardian, or legal custodian unless the court finds there is reasonable cause to believe that:

(a) Reasonable efforts have been made to prevent or eliminate the need for removal of the child from the child's home and to make it possible for the child to return home; and

(b)(i) The child has no parent, guardian, or legal custodian to provide supervision and care for such child; or

(ii) The release of such child would present a serious threat of substantial harm to such child; or

((c)) (iii) The parent, guardian, or custodian to whom the child could be released is alleged to have violated RCW 9A.40.060 or 9A.40.070.

If the court does not release the child to his or her parent, guardian, or legal custodian, the court shall order continued shelter care or order placement with another suitable person, and the court shall set forth its reasons for the order.
(7) An order releasing the child on any conditions specified in this section may at any time be amended, with notice and hearing thereon, so as to return the child to shelter care for failure of the parties to conform to the conditions originally imposed.

(8) A shelter care order issued pursuant to this section may be amended at any time with notice and hearing thereon. The shelter care decision of placement shall be modified only upon a showing of change in circumstances. No child may be detained for longer than thirty days without an order, signed by the judge, authorizing continued shelter care.

Sec. 5. Section 40, chapter 291, Laws of 1977 ex. sess. as amended by section 45, chapter 155, Laws of 1979 and RCW 13.34.120 are each amended to read as follows:

(1) To aid the court in its decision on disposition, a social study, consisting of a written evaluation of matters relevant to the disposition of the case, shall be made by the person or agency filing the petition. The study shall include all social records and may also include facts relating to the child’s cultural heritage, and shall be made available to the court. The court shall consider the social file and social study at the disposition hearing in addition to evidence produced at the fact-finding hearing. At least ten working days before the disposition hearing, the department shall mail to the parent and his or her attorney a copy of the agency’s social study and proposed service plan, which shall be in writing or in a form understandable to the parents or custodians. In addition, the department shall provide an opportunity for parents to review and comment on the plan at the community service office. If the parents disagree with the agency’s plan or any part thereof, the parents shall submit to the court at least twenty-four hours before the hearing, in writing, or signed oral statement, an alternative plan to correct the problems which led to the finding of dependency. This section shall not interfere with the right of the parents or custodians to submit oral arguments regarding the disposition plan at the hearing.

(2) In addition to the requirements set forth in subsection (1) of this section, a predisposition study to the court in cases of dependency alleged pursuant to RCW 13.34.030(2) (b) or (c) shall contain the following information:

(a) A statement of the specific harm or harms to the child that intervention is designed to alleviate;

(b) A description of the specific programs, for both the parents and child, that are needed in order to prevent serious harm to the child; the reasons why such programs are likely to be useful; the availability of any proposed services; and the agency’s overall plan for ensuring that the services will be delivered;

(c) If removal is recommended, a full description of the reasons why the child cannot be protected adequately in the home, including a description of any previous efforts to work with the parents and the child in the
home; the in-home treatment programs which have been considered and rejected; and the parents' attitude toward placement of the child;

(d) A statement of the likely harms the child will suffer as a result of removal. This section should include an exploration of the nature of the parent–child attachment and the meaning of separation and loss to both the parents and the child;

(e) A description of the steps that will be taken to minimize harm to the child that may result if separation occurs; and

(f) Behavior that will be expected before determination that supervision of the family or placement is no longer necessary.

Sec. 6. Section 46, chapter 291, Laws of 1977 ex. sess. as amended by section 47, chapter 155, Laws of 1979 and RCW 13.34.180 are each amended to read as follows:

A petition seeking termination of a parent and child relationship may be filed in juvenile court. Such petition shall conform to the requirements of RCW 13.34.040 (as now or hereafter amended) and shall allege:

(1) That the child has been found to be a dependent child under RCW 13.34.030(2); and

(2) That the court has entered a dispositional order pursuant to RCW 13.34.130; and

(3) That the child has been removed or will, at the time of the hearing, have been removed from the custody of the parent for a period of at least six months pursuant to a finding of dependency under RCW 13.34.030(2); and

(4) That the services ordered under RCW 13.34.130 have been offered or provided and all necessary services, reasonably available, capable of correcting the parental deficiencies within the foreseeable future have been offered or provided; and

(5) That there is little likelihood that conditions will be remedied so that the child can be returned to the parent in the near future; and

(6) That continuation of the parent and child relationship clearly diminishes the child's prospects for early integration into a stable and permanent home;

(7) In lieu of the allegations in subsections (1) through (6) of this section, the petition may allege that the child was found under such circumstances that the ((identity and)) whereabouts of the child's parent are unknown and no ((parent has claimed)) person has acknowledged paternity or maternity and requested custody of the child within two months after the child was found.

*Sec. 7. Section 47, chapter 291, Laws of 1977 ex. sess. as amended by section 48, chapter 155, Laws of 1979 and RCW 13.34.190 are each amended to read as follows:

After hearings pursuant to RCW 13.34.110, the court may enter an order terminating all parental rights to a child if the court finds that:
(1) (a) The allegations contained in the petition as provided in RCW 13.34.180 (((1) through (6))) (2), (3), or (4) are established by clear, cogent, and convincing evidence; or (b) (RCW—13.34.180(3) may be waived because—the allegations under RCW 13.34.180 (1), (2), (4), (5), and (6) are established beyond a reasonable doubt; or (c)) the allegations under RCW 13.34.180((7) is)) (5) are established beyond a reasonable doubt; and

(2) Such an order is in the best interests of the child.

*Sec. 7 was vetoed, see message at end of chapter.

*Sec. 8, Section 1, chapter 13, Laws of 1965 as last amended by section 1, chapter 97, Laws of 1984 and RCW 26.44.010 are each amended to read as follows:

The Washington state legislature finds and declares: The bond between a child and his or her parent, custodian, or guardian is of paramount importance, and any intervention into the life of a child is also an intervention into the life of the parent, custodian, or guardian; however, instances of nonaccidental injury, neglect, death, sexual abuse and cruelty to children by their parents, custodians or guardians have occurred, and in the instance where a child is deprived of his or her right to conditions of minimal nurture, health, and safety, the state is justified in emergency intervention based upon verified information; and therefore the Washington state legislature hereby provides for the reporting of such cases to the appropriate public authorities. It is the intent of the legislature that, as a result of such reports, protective services shall be made available in an effort to prevent further abuses, and to safeguard the general welfare of such children. The protective services shall have as its paramount goal the safety of the child. When the rights of basic nurture, mental and physical health, and safety of the child and the rights of the parents are in conflict, the rights of the child shall prevail. Reports shall be maintained and disseminated with strictest regard for the privacy of the subjects of such reports and so as to safeguard against arbitrary, malicious or erroneous information or actions: PROVIDED FURTHER, That this chapter shall not be construed to authorize interference with child-raising practices, including reasonable parental discipline, which are not proved to be injurious to the child’s health, welfare and safety.

Adult dependent persons not able to provide for their own protection through the criminal justice system shall also be afforded the protection offered children through the reporting and investigation requirements mandated in this chapter.

*Sec. 8 was vetoed, see message at end of chapter.

Sec. 10. Section 3, chapter 13, Laws of 1965 as last amended by section 1, chapter 145, Laws of 1986 and RCW 26.44.030 are each amended to read as follows:

(1) When any practitioner, professional school personnel, registered or licensed nurse, social service counselor, psychologist, pharmacist, licensed or certified child care providers or their employees, employee of the department, or juvenile probation officer has reasonable cause to believe that a child or adult dependent person has suffered abuse or neglect, he shall report such incident, or cause a report to be made, to the proper law enforcement agency or to the department as provided in RCW 26.44.040. The report shall be made at the first opportunity, but in no case longer than forty-eight hours after there is reasonable cause to believe that the child or adult has suffered abuse or neglect.

Upon request, the department shall conduct such planning and consultation with those persons required to report under this section, with consultants designated by the department, if the department determines it is in the best
interests of the child or developmentally disabled person. Information considered privileged by statute and not directly related to reports required by this section shall not be divulged without a valid written waiver of the privilege.

If the parents fail to designate a second physician, the department may make the selection. If a physician finds that a child has suffered abuse or neglect but that such abuse or neglect does not constitute imminent danger to the child's health or safety, and the department agrees with the physician's assessment, the child may be left in the parents' home while the department proceeds with reasonable efforts to remedy parenting deficiencies.

(8) Persons or agencies exchanging information under subsection (6) of this section shall not further disseminate or release the information except as authorized by state or federal statute. Violation of this subsection is a misdemeanor.

(9) Upon receiving reports of abuse or neglect, the department or law enforcement agency may interview children. The interviews may be conducted on school premises, at day-care facilities, at the child's home, or at other suitable locations outside of the presence of parents. Parental notification of the interview shall occur at the earliest possible point in the investigation that will not jeopardize the safety or protection of the child or the course of the investigation. Prior to commencing the interview the department or law enforcement agency shall determine whether the child wishes a third party to be present for the interview and, if so, shall make reasonable efforts to accommodate the child's wishes. Unless the child objects, the department or law enforcement agency shall make reasonable efforts to include a third party in any interview so long as the presence of the third party will not jeopardize the course of the investigation.

(10) Upon receiving a report of incidents, conditions, or circumstances of child abuse and neglect, the department shall have access to all relevant records of the child in the possession of mandated reporters and their employees.

(11) The department shall maintain investigation records and conduct timely and periodic reviews of all cases constituting abuse and neglect. The department shall maintain a log of screened-out nonabusive cases.

(12) The department of social and health services shall, within funds appropriated for this purpose, use a risk assessment tool when investigating child abuse and neglect referrals. The tool shall be used, on a pilot basis, in
three local office service areas. The department shall, within funds appropriated for this purpose, offer enhanced community-based services to persons who are determined not to require further state intervention.

The department shall report to the ways and means committees of the senate and house of representatives on the use of the tool by December 1, 1988. The report shall include recommendations on the continued use and possible expanded use of the tool.

Sec. 11. Section 8, chapter 217, Laws of 1975 1st ex. sess. and RCW 26.44.053 are each amended to read as follows:

(1) In any judicial proceeding in which it is alleged that a child has been subjected to child abuse or neglect, the court shall appoint a guardian ad litem for the child: PROVIDED, That the requirement of a guardian ad litem shall be deemed satisfied if the child is represented by counsel in the proceedings.

(2) At any time prior to or during a hearing in such a case, (when the court finds upon clear, cogent and convincing evidence that an incident of child abuse or neglect has occurred,) the court may, on its own motion, or the motion of the guardian ad litem, or other parties, order the examination by a physician, psychologist or psychiatrist, of any parent or child or other person having custody of the child at the time of the alleged child abuse or neglect, if the court finds such an examination is necessary to the proper determination of the case. The hearing may be continued pending the completion of such examination. The physician, psychologist or psychiatrist conducting such an examination may be required to testify (in the dispositional hearing) concerning the results of such examination and may be asked to give his opinion as to whether the protection of the child requires that he not be returned to the custody of his parents or other persons having custody of him at the time of the alleged child abuse or neglect. Persons so testifying shall be subject to cross-examination as are other witnesses. No (testimony) information given at any such examination of the parent or any other person having custody of the child may be used against such person in any subsequent criminal proceedings against such person or custodian concerning the abuse or neglect of the child.

(3) A parent or other person having legal custody of a child alleged to be a child subjected to abuse or neglect shall be a party to any proceeding that may as a practical matter impair or impede such person's interest in custody or control of his or her child.

Sec. 12. Section 6, chapter 35, Laws of 1969 ex. sess. as last amended by section 3, chapter 269, Laws of 1986 and RCW 26.44.070 are each amended to read as follows:

The department shall maintain a central registry of reported cases of child abuse or abuse of an adult dependent person and shall adopt such rules and regulations as necessary in carrying out the provisions of this section. Records in the central registry shall be considered confidential and
privileged and will not be available except upon court order to any person or agency except (1) law enforcement agencies as defined in this chapter in the course of an investigation of alleged abuse or neglect; (2) protective services workers or juvenile court personnel who are investigating reported incidents of abuse or neglect; (3) department of social and health services personnel who are investigating the character and/or suitability of an agency and other persons who are applicants for licensure, registration, or certification, or applicants for employment with such an agency or persons, or under contract to or employed by an agency or persons directly responsible for the care and treatment of children, expectant mothers, or adult dependent persons pursuant to chapter 74.15 RCW; (4) department of social and health services personnel who are investigating the character or suitability of any persons with whom children may be placed under the interstate compact on the placement of children, chapter 26.34 RCW; (6) physicians who are treating the child or adult dependent person or family; (7) any child or adult dependent person named in the registry who is alleged to be abused or neglected, or his or her guardian ad litem and/or attorney; (8) a parent, guardian, or other person legally responsible for the welfare and safety of the child or adult dependent person named in the registry; (9) any person engaged in a bona fide research purpose, as determined by the department, according to rules and regulations, provided that information identifying the persons of the registry shall remain privileged; and (10) any individual whose name appears on the registry shall have access to his own records. Those persons or agencies exempted by this section from the confidentiality of the records of the registry shall not further disseminate or release such information so provided to them and shall respect the confidentiality of such information, and any violation of this section shall constitute a misdemeanor.

In accordance with procedures and rules developed by the department, the child protective services section may notify any board of licensing or school administration when a member, licensee, or employee has been reported to the central registry as an adjudicated or admitted perpetrator of child abuse or neglect. The information placed in the central registry or its replacement must be made available to licensing boards and/or school administrations upon request following notification as required by the child protective services section. Unless the victim of the child abuse or neglect, or the victim's parent, guardian, or other person legally responsible for the victim's welfare consents to the disclosure of the victim's name and address, such information shall not be contained in the information provided by the department.
Sec. 13. Section 3, chapter 172, Laws of 1967 as last amended by section 5, chapter 188, Laws of 1984 and RCW 74.15.030 are each amended to read as follows:

The secretary shall have the power and it shall be the secretary's duty:

(1) In consultation with the children's services advisory committee, and with the advice and assistance of persons representative of the various type agencies to be licensed, to designate categories of facilities for which separate or different requirements shall be developed as may be appropriate whether because of variations in the ages, sex and other characteristics of persons served, variations in the purposes and services offered or size or structure of the agencies to be licensed hereunder, or because of any other factor relevant thereto;

Such investigation shall include an examination of the child abuse and neglect register established under chapter 26.44 RCW on all agencies seeking a license under this chapter. The secretary shall use the information solely for the purpose of determining eligibility for a license and for determining the character, suitability, and competence of those persons or agencies, excluding parents, not required to be licensed who are authorized to care for children, expectant mothers, and developmentally disabled persons, and shall safeguard the information in the same manner as the child abuse registry established in RCW 26.44.070. Criminal justice agencies shall provide the secretary such information as they may have and that the secretary may require for such purpose;

(c) The number of qualified persons required to render the type of care and treatment for which an agency seeks a license;

(g) The maintenance of records pertaining to the admission, progress, health and discharge of persons served.

(4) On reports of child abuse and neglect, to investigate agencies in accordance with chapter 26.44 RCW, including day care centers and family day care homes, to determine whether the abuse or neglect has occurred, and whether child protective services or referral to a law enforcement agency is appropriate;

(5) To issue, revoke, or deny licenses to agencies pursuant to chapter 74.15 RCW and RCW 74.13.031. Licenses shall specify the category of care which an agency is authorized to render and the ages, sex and number of persons to be served;

(6) To prescribe the procedures and the form and contents of reports necessary for the administration of chapter 74.15 RCW and RCW 74.13.031 and to require regular reports from each licensee;

(7) To inspect agencies periodically to determine whether or not there is compliance with chapter 74.15 RCW and RCW 74.13.031 and the requirements adopted hereunder;

(8) To review requirements adopted hereunder at least every two years and to adopt appropriate changes after consultation with the children's services advisory committee; and

(9) To consult with public and private agencies in order to help them improve their methods and facilities for the care of children, expectant mothers and developmentally disabled persons.

Sec. 14. Section 6, chapter 172, Laws of 1967 as last amended by section 9, chapter 118, Laws of 1982 and RCW 74.15.060 are each amended to read as follows:

The secretary of social and health services shall have the power and it shall be his duty:

The secretary or the city, county, or district health department designated by him shall have the power and the duty:
(1) To make or cause to be made such inspections and investigations of agencies, including investigation of alleged child abuse and neglect in accordance with chapter 26.44 RCW, as may be deemed necessary; and

(2) To issue to applicants for licenses hereunder who comply with the requirements adopted hereunder, a certificate of compliance, a copy of which shall be presented to the department before a license shall be issued, except that a provisional license may be issued as provided in RCW 74.15.120.

Passed the House April 15, 1987.
Approved by the Governor May 19, 1987, with the exception of certain items which were vetoed.
Filed in Office of Secretary of State May 19, 1987.

Note: Governor's explanation of partial veto is as follows:

*I am returning herewith, without my approval as to sections 7 and 8, Engrossed Second Substitute Senate Bill No. 5659, entitled:

"AN ACT Relating to child protective services."

This bill is the result of a lot of hard work by legislators and citizens to improve protective services for the children of our state. However, Section 7, which amends RCW 13.34.190, would allow the Department of Social and Health Services to terminate parental custody in any case having dependency status with the department. Department of Social and Health Services does not seek this greater authority. This is a technical error that the Legislature did not intend to make. If passed, this section would result in all dependency cases being held until this language could be changed. Therefore, I have vetoed section 7 of Engrossed Second Substitute Senate Bill No. 5659 to preserve current law.

Section 8 of Engrossed Second Substitute Senate Bill No. 5659 amends RCW 26.44.010. It articulates the paramount goal of child protective services as being the safety of the child. However, the impact of this language is receiving vastly different interpretations by attorneys, child advocates and legislators.

It is clear that in the past year, child protective service workers have become increasingly aware of the need to put the welfare of the child above all other concerns. I feel confident that no matter what language is put in this section, those workers are putting the needs of children first. The confusion surrounding this language compels me to recommend that in the interim the interested parties come together and agree on what the best standard is for guiding protective services in safeguarding the general welfare of children. For this reason, I have vetoed section 8 of Engrossed Second Substitute Senate Bill No. 5659.

With the exception of sections 7 and 8, Engrossed Second Substitute Senate Bill No. 5659 is approved.*

PART II
TEACHING AS A PROFESSION

NEW SECTION. Sec. 201. The legislature intends to enhance the education of the state's youth by improving the quality of teaching. The legislature intends to establish a framework for teacher and principal preparation programs and to recognize teaching as a profession.
The legislature finds that the quality of teacher preparation programs is enhanced when a planned, sequenced approach is used that provides for the application of practice to academic course work.

The legislature supports better integration of the elements of teacher preparation programs including knowledge of subject matter, teaching methods, and actual teaching experiences.

The legislature finds that establishing: (1) A teaching internship program; (2) a post-baccalaureate program resulting in a masters degree; (3) stronger requirements for earning principal credentials; and (4) a review of the preparation standards for school principals and educational staff associates are appropriate next steps in enhancing the quality of educational personnel in Washington.

NEW SECTION. Sec. 202. A new section is added to chapter 28A.04 RCW to read as follows:

(1) No person may be admitted to a professional teacher preparation program within Washington state without first demonstrating that he or she is competent in the basic skills required for oral and written communication and computation.

(2) After June 30, 1989, no person shall be admitted to a teacher preparation program who has a combined score of less than the state-wide median score for the prior school year scored by all persons taking the Washington precollege test or who has achieved an equivalent standard score on comparable portions of other standardized tests. The state board of education shall develop criteria and adopt rules for exemptions from this subsection.

(3) The state board of education shall adopt rules to implement this section.

NEW SECTION. Sec. 203. A new section is added to chapter 28A.70 RCW to read as follows:

The state board of education shall require a uniform state exit examination for teacher certification candidates. Commencing August 31, 1993, teacher certification candidates completing a teacher preparation program shall be required to pass an exit examination before being granted an initial certificate. The examination shall test knowledge and competence in subjects including, but not limited to, instructional skills, classroom management, and student behavior and development. The examination shall consist primarily of essay questions. The state board of education shall adopt such rules as may be necessary to implement this section.

NEW SECTION. Sec. 204. The state board of education shall, no later than January 15, 1990, recommend to the legislature whether all teacher candidates should be required to pass a written subject matter examination. Before making its recommendations, the board shall provide for the administration of sample endorsement subject matter examinations to a sample...
number of teacher candidates who qualify to receive endorsements on the basis of other criteria. A limited number of endorsement areas shall be selected for sample testing. The results of such tests shall be made available to the legislature.

NEW SECTION. Sec. 205. (1) The state board of education shall establish the requirements for a two-year pilot program to enhance the student teaching component of teacher preparation programs to support innovative ways to expand student teaching experiences for prospective teacher candidates and to expand opportunities for student teacher placements in school districts throughout the state. The state board shall adopt necessary rules under chapter 34.04 RCW to carry out this program.

(2) In developing the pilot program requirements, the state board shall include a requirement that each grant application be jointly developed through a process including participation by school building and school district personnel, teacher preparation program personnel, program unit members, and other personnel as appropriate. Primary administration for each grant project shall be the responsibility of one or more of the cooperating grant project participants, as determined by the grant project participants.

NEW SECTION. Sec. 206. As used in sections 205 through 208 of this act, the term "student teaching" includes all field experiences and opportunities for observation, tutoring, micro-teaching, and extended practicums; clinical and laboratory experiences; and internship experiences in educational settings.

NEW SECTION. Sec. 207. (1) The superintendent of public instruction is authorized to award grant funding on a competitive grant basis.

(2) Each grant application shall include provisions for providing appropriate and necessary training in observation and supervision and assistance skills and techniques for each participating school district cooperating teacher, and other building or district personnel who may be participants in a team concept to support the student teacher, and for each individual who is affiliated with a teacher preparation program or programs as a field-based supervisor of student teachers.

(3) In developing the grant proposals, grant requestors are encouraged but not required to consider such models or model components as:

(a) Contracting or otherwise cooperating with an educational service district to base a supervisor or supervisors in the educational service district to supervise student teachers placed into school districts located within the educational service district;

The superintendent of public instruction is hereby empowered to administer funds now or hereafter appropriated for the conduct of in-service training programs for public school certificated and classified personnel and to supervise the conduct of such programs. The superintendent of public instruction shall adopt rules in accordance with chapter 34.04 RCW that provide for the allocation of such funds to public school district or educational service district applicants on such conditions and for such training programs as he or she deems to be in the best interest of the public school system: PROVIDED, That each district requesting such funds shall have:

1. Conducted a district needs assessment, including plans developed at the building level, to be reviewed and updated at least every two years, of certificated and classified personnel to determine identified strengths and weakness of personnel that would be strengthened by such in-service training program;

2. Demonstrate that the plans are consistent with the goals of basic education;

3. Established an in-service training task force and demonstrated to the superintendent of public instruction that the task force has participated in identifying in-service training needs and goals; and

4. Demonstrated to the superintendent of public instruction its intention to implement the recommendations of the needs assessment and thereafter the progress it has made in providing in-service training as identified in the needs assessment.

The task force required by this section shall be composed of representatives from the ranks of administrators, building principals, teachers, classified and support personnel employed by the applicant school district or educational service district, from the public, and from an institution(s) of higher education, in such numbers as shall be established by the school district board of directors or educational service district board of directors.

Passed the Senate April 26, 1987.
Approved by the Governor May 19, 1987, with the exception of certain items which were vetoed.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to sections 117 through 122, 219, 221 through 224, 229 through 232, and 302, Engrossed Substitute Senate Bill No. 5479 entitled:

"AN ACT Relating to improving the educational system."

This measure was introduced at my request. Its provisions provide for enhanced teacher preparation standards and a pilot school program. These measures are intended to improve teaching to meet the needs of children who must live in the challenging economy of the 21st century.

A number of amendments which created new programs were added to this bill during the legislative process. While I believe most of these programs are meritorious, I am vetoing those for which the legislature provided no funding. Adding unfunded programs to substantive law gives false hope to those who would benefit from them. For this reason, I have vetoed sections which would have created a primary block education program (sections 117 through 122), a principals' academy (sections 219, 221 through 224), and an award program for teacher preparation (sections 229 through 232).

In addition, I vetoed section 302 which requires the Superintendent of Public Instruction to create a paperwork reduction task force. This provision duplicates paperwork reduction duties already existing in the Basic Education Act and, thus, contributes only a statutory requirement for a task force. I am confident that the Superintendent can meet his paperwork reduction responsibilities without this provision.

With the exception of sections 117 through 122, 219, 221 through 224, 229 through 232 and 302 which I have vetoed, Engrossed Substitute Senate Bill No. 5479 is approved."
WASHINGTON LAWS, 1987

CHAPTER 526
[Engrossed Substitute Senate Bill No. 5081]
WINTER RECREATION COMMISSION—"ROLL ON COLUMBIA, ROLL ON"
DECLARED OFFICIAL STATE FOLK SONG

AN ACT Relating to winter recreation; adding a new section to chapter 1.20 RCW; adding new sections to chapter 67.34 RCW; creating new sections; repealing RCW 67.34.010, 67.34.020, 67.34.900, and 67.34.905; and declaring an emergency.

Be it enacted by the Legislature of the State of Washington:

NEW SECTION. Sec. 1. The legislature recognizes that:

(1) Interest in outdoor recreation has been steadily increasing, and that the facilities that now exist are inadequate to meet the growing demands of the people of Washington and the out-of-state tourist trade;

(2) The state is becoming a popular winter recreation area and has not fully developed its winter tourism industry adequately to respond to the increasing demand, as has been successfully done in the mountain states, Idaho, and British Columbia;

(3) The state of Washington presently has a flourishing winter recreation industry which adds more than twenty-five thousand new skiers each year. Far greater potential exists for year-round resort development which should include an emphasis on all winter recreation activities. Expansion of the winter recreation industry will attract tourist trade from other states and countries and will have a substantial positive impact on both the state and national economies; and

(4) The economic well-being of the state will be improved upon the introduction of new industry to provide employment, income to the state, and revenue for government.

The legislature recognizes the need to identify areas appropriate for recreational development on state lands or on federal lands which can be exchanged for state lands under state and federal laws.

Therefore, the legislature hereby establishes the Washington state winter recreation commission which shall be composed as follows: Two members of the senate appointed by the president of the senate, including one member from each caucus; two members of the house of representatives appointed by the speaker of the house of representatives, including one member from each caucus; one representative to be appointed by the governor from each of the following state departments: The parks and recreation commission, department of trade and economic development, and department of natural resources; two representatives of industry appointed by the governor; two representatives of the environmental community appointed by the governor; one representative of cities appointed by the governor; and one representative of counties appointed by the governor. The commission shall choose one of its legislative members as chair.

[ 2470 ]
Commission members and legislative staff shall be reimbursed for travel expenses under RCW 43.03.050 and 43.03.060. Members of the legislature serving on the commission shall be reimbursed for travel expenses under RCW 44.04.120.

NEW SECTION. Sec. 2. The Washington state winter recreation commission shall:

(1) Study and identify potential sites for new winter recreation development, with consideration of the availability and suitability of the land, local interests, environmental impact, and established roads and transportation access.

(2) Facilitate trades of land for existing or new winter recreation areas with the federal government, the United States Department of Agriculture, the United States Forest Service, the United States Bureau of Land Management, and other agencies which could be involved in exchanges of land.

(3) Recommend the supervisory management structure at the state level which would oversee the lease, maintenance, and development of lands for recreational projects.

(4) Utilize legislative staff assistance which shall be provided by the appropriate legislative committees and conduct such studies as are necessary for the performance of its duties. State agencies may assign to the commission such personnel as are necessary to assist the commission in the performance of its duties.

(5) Consult with federal and state agencies and representatives of science, industry, agriculture, labor, conservation organizations, state and local governments, concerned citizens, and other groups.

(6) Hold such public hearings as are necessary to insure early, meaningful, and continuous public input and involvement in the commission's work.

(7) Propose changes in state law and rules of state agencies, if considered necessary, to carry out the purpose of this chapter.

(8) Establish advisory committees to advise the commission in the performance of its duties. The membership of the advisory committees shall be balanced in terms of the points of view and interests represented. Members of the advisory committees shall serve without compensation of any sort.

(9) Submit a biennial report to the legislature beginning in 1989 on the progress of the commission.

NEW SECTION. Sec. 3. The commission created under section 1 of this act shall be considered a continuation of the prior commission, and members of the prior commission shall continue to be members of the new commission except that the legislative membership of the commission shall be subject to reappointment.

NEW SECTION. Sec. 4. The legislature recognizes that winter recreational activities are part of the folk tradition of the state of Washington.
Winter recreational activities serve to turn the darkness of a northwest winter into the dawn of renewed vitality. As the winter snows dissolve into the torrents of spring, the Columbia River is nourished. The Columbia River is the pride of the northwest and the unifying geographic element of the state. In order to celebrate the river which ties the winter recreation playground of snowcapped mountains and the Yakima, Snake, and the Klickitat Rivers to the ocean so blue, the legislature declares that the official state folk song is "Roll On Columbia, Roll On," composed by Woody Guthrie.

NEW SECTION. Sec. 5. The following acts or parts of acts are each repealed:

(1) Section 1, chapter 27, Laws of 1982 1st ex. sess., section 68, chapter 466, Laws of 1985 and RCW 67.34.010;
(2) Section 2, chapter 27, Laws of 1982 1st ex. sess. and RCW 67.34-.020;
(3) Section 3, chapter 27, Laws of 1982 1st ex. sess. and RCW 67.34-.900; and
(4) Section 4, chapter 27, Laws of 1982 1st ex. sess. and RCW 67.34-.905.

NEW SECTION. Sec. 6. Sections 1 and 2 of this act are each added to chapter 67.34 RCW.

NEW SECTION. Sec. 7. This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect immediately.

Passed the Senate April 26, 1987.
Approved by the Governor May 19, 1987.
Filed in Office of Secretary of State May 19, 1987.

CHAPTER 528

SOLID WASTE INCINERATOR ASH RESIDUE DISPOSAL—PREFERRED SOLID WASTE MANAGEMENT JOINT SELECT COMMITTEE

AN ACT Relating to disposal of incinerator ash residues; adding a new section to chapter 70.105 RCW; adding a new chapter to Title 70 RCW; creating new sections; prescribing penalties; and declaring an emergency.

Be it enacted by the Legislature of the State of Washington:

NEW SECTION. Sec. 1. The legislature finds:

(1) Solid wastes generated in the state are to be managed in the following order of descending priority: (a) Waste reduction; (b) recycling; (c) treatment; (d) energy recovery or incineration; (e) solidification/stabilization; and (f) landfill.

(2) Special incinerator ash residues from the incineration of municipal solid waste that would otherwise be regulated as hazardous wastes need a separate regulatory scheme in order to (a) ease the permitting and reporting
requirements of chapter 70.105 RCW, the state hazardous waste management act, and (b) supplement the environmental protection provisions of chapter 70.95 RCW, the state solid waste management act.

(3) Raw garbage poses significant environmental and public health risks. Municipal solid waste incineration constitutes a higher waste management priority than the land disposal of untreated municipal solid waste due to its reduction of waste volumes and environmental health risks.

It is therefore the purpose of this chapter to establish management requirements for special incinerator ash that otherwise would be regulated as hazardous waste under chapter 70.105 RCW, the hazardous waste management act.

NEW SECTION. Sec. 2. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Department" means the department of ecology.

(2) "Director" means the director of the department of ecology or the director's designee.

(3) "Dispose" or "disposal" means the treatment, utilization, processing, or final deposit of special incineration ash.

(4) "Generate" means any act or process which produces special incinerator ash or which first causes special incinerator ash to become subject to regulation.

(5) "Management" means the handling, storage, collection, transportation, and disposal of special incinerator ash.

(6) "Person" means any person, firm, association, county, public or municipal or private corporation, agency, or other entity whatsoever.

(7) "Facility" means all structures, other appurtenances, improvements, and land used for recycling, storing, treating, or disposing of special incinerator ash.

(8) "Special incinerator ash" means ash residues resulting from the operation of incinerator or energy recovery facilities managing municipal solid waste, including solid waste from residential, commercial, and industrial establishments, if the ash residues (a) would otherwise be regulated as hazardous wastes under chapter 70.105 RCW; and (b) are not regulated as a hazardous waste under the federal resource conservation and recovery act, 42 U.S.C. Sec. 6901 et seq.

NEW SECTION. Sec. 3. (1) Prior to managing special incinerator ash, persons who generate special incinerator ash shall develop plans for managing the special incinerator ash. These plans shall:

(a) Identify procedures for all aspects relating to the management of the special incinerator ash that are necessary to protect employees, human health, and the environment;

(b) Identify alternatives for managing solid waste prior to incineration for the purpose of (i) reducing the toxicity of the special incinerator ash; and (ii) reducing the quantity of the special incinerator ash;
(c) Establish a process for submittal of an annual report to the department disclosing the results of a testing program to identify the toxic properties of the special incinerator ash as necessary to ensure that the procedures established in the plans submitted pursuant to this chapter are adequate to protect employees, human health, and the environment; and

(d) Comply with the rules established by the department in accordance with this section.

(2) Prior to managing any special incinerator ash, any person required to develop a plan pursuant to subsection (1) of this section shall submit the plan to the department for review and approval. Prior to approving a plan, the department shall find that the plan complies with the provisions of this chapter, including any rules adopted under this chapter. Approval may be conditioned upon additional requirements necessary to protect employees, human health, and the environment, including special management requirements, waste segregation, or treatment techniques such as neutralization, detoxification, and solidification/stabilization.

(3) The department shall give notice of receipt of a proposed plan to interested persons and the public and shall accept public comment for a minimum of thirty days. The department shall approve, approve with conditions, or reject the plan submitted pursuant to this section within ninety days of submittal.

(4) Prior to accepting any special incinerator ash for disposal, persons owning or operating facilities for the disposal of the incinerator ash shall apply to the department for a permit. The department shall issue a permit if the disposal will provide adequate protection of human health and the environment. Prior to issuance of any permit, the department shall find that the facility meets the requirements of chapter 70.95 RCW and any rules adopted under this chapter. The department may place conditions on the permit to include additional requirements necessary to protect employees, human health, and the environment, including special management requirements, waste segregation, or treatment techniques such as neutralization, detoxification, and solidification/stabilization.

(5) The department shall give notice of its receipt of a permit application to interested persons and the public and shall accept public comment for a minimum of thirty days. The department shall issue, issue with conditions, or deny the permit within ninety days of submittal.

(6) The department shall adopt rules to implement the provisions of this chapter. The rules shall (a) establish minimum requirements for the management of special incinerator ash as necessary to protect employees, human health, and the environment, (b) clearly define the elements of the plans required by this chapter, and (c) require special incinerator ash to be disposed at facilities that are operating in compliance with this chapter.

**NEW SECTION.** Sec. 4. (1) Any person who violates any provision of a department regulation or regulatory order relating to the management of
special incinerator ash shall incur in addition to any other penalty provided by law, a penalty in an amount up to ten thousand dollars a day for every such violation. Each and every such violation shall be a separate and distinct offense. If case of continuing violation, every day's continuance shall be a separate and distinct violation. Every person who, through an act of commission or omission, procures, aids, or abets in the violation shall be considered to have violated the provisions of this section and shall be subject to the penalty herein provided.

(2) The penalty provided for in this section shall be imposed by a notice in writing, either by certified mail with return receipt requested or by personal service, to the person incurring the same from the department, describing the violation with reasonable particularity. Within fifteen days after the notice is received, the person incurring the penalty may apply in writing to the department for the remission or mitigation of such penalty. Upon receipt of the application, the department may remit or mitigate the penalty upon whatever terms the department in its discretion deems proper, giving consideration to the degree of hazard associated with the violation, provided the department deems such remission or mitigation to be in the best interests of carrying out the purposes of this chapter. The department shall have authority to ascertain the facts regarding all such applications in such reasonable manner and under such rules as it may deem proper.

(3) Any penalty imposed by this section shall become due and payable thirty days after receipt of a notice imposing the same unless application for remission or mitigation is made or petition for review by the hearings board is filed. When such an application for remission or mitigation is made, any penalty incurred pursuant to this section shall become due and payable thirty days after receipt of notice setting forth the disposition of such application.

(4) If the amount of any penalty is not paid to the department within thirty days after it becomes due and payable, the attorney general, upon the request of the director, shall bring an action in the name of the state of Washington in the superior court of Thurston county, or any county in which such violator may do business, to recover such penalty. In all such actions, the procedure and rules of evidence shall be the same as an ordinary civil action except as otherwise provided in this chapter.

NEW SECTION. Sec. 5. Whenever a person violates any provision of this chapter or any permit or regulation the department may issue an order appropriate under the circumstances to assure compliance with the chapter, permit, or regulation. Such an order must be served personally or by registered mail upon any person to whom it is directed.

NEW SECTION. Sec. 6. The department, with the assistance of the attorney general, may bring any appropriate action at law or in equity, including action for injunctive relief as may be necessary to enforce the provisions of this chapter or any permit or regulation issued thereunder.
NEW SECTION. Sec. 7. Any person found guilty of wilfully violating, without sufficient cause, any of the provisions of this chapter, or permit or order issued pursuant to this chapter is guilty of a gross misdemeanor and upon conviction shall be punished by a fine of up to ten thousand dollars and costs of prosecution, or by imprisonment for up to one year, or by both. Each day of violation may be deemed a separate violation.

*NEW SECTION. Sec. 8. Any person aggrieved by an action taken under this chapter, or the failure of another to take an action under this chapter when required to do so, may bring an appropriate action in law or equity to the pollution control hearings board pursuant to the provisions of chapter 43.21B RCW, except that such action shall be expedited by the board to the maximum extent possible. In any appeal of the board's decision, the court may award reasonable costs and attorneys' fees to the prevailing party.

*Sec. 8 was vetoed, see message at end of chapter.

NEW SECTION. Sec. 9. A new section is added to chapter 70.105 RCW to read as follows:

This chapter does not apply to special incinerator ash regulated under chapter 70.—(sections 1 through 8, 11, and 12 of this act) except that, for purposes of RCW 4.22.070(3)(a), special incinerator ash shall be considered hazardous waste.

NEW SECTION. Sec. 10. The department shall submit draft rules required by section 3 of this act to the appropriate standing committees of the legislature for review by January 1, 1988. Final rules shall be adopted by April 1, 1988.

NEW SECTION. Sec. 11. This chapter shall be known as the special incinerator ash disposal act.

NEW SECTION. Sec. 12. Sections 1 through 10 of this act shall not apply to municipal solid waste incinerators that are in operation on the effective date of this section until a special incinerator waste disposal permit is issued in the county where the municipal solid waste incinerator is located, or July 1, 1989, whichever is sooner.

NEW SECTION. Sec. 13. Sections 1 through 8, 11, and 12 of this act shall constitute a new chapter in Title 70 RCW.

NEW SECTION. Sec. 14. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 15. (1) The Washington state legislature finds that the state faces a solid waste disposal crisis. The siting of new landfills, the location and design of new solid waste incinerators, the disposal of ash residue, and compliance with the priorities of the solid waste management act and the hazardous waste management act require that an effort be made
by the state to ensure that local governments and private industry have ade-
quate technical information, and that programs are developed to accom-
plish the statutory waste management priorities.

(2) A comprehensive evaluation of preferred solid waste management
programs shall be undertaken by the joint select committee for preferred
solid waste management. The committee shall consist of four members of
the house of representatives appointed by the speaker of the house and four
members of the senate appointed by the president of the senate. The com-
mittee shall involve representatives of organizations representing cities,
counties, the public, the waste management industry, waste haulers, and the
private recycling industry. The committee shall report its findings and rec-
ommendations to the appropriate standing committees of the legislature by

(3) The department of ecology may provide the committee with specific
recommendations on waste management programs from studies the depart-
ment has undertaken as required by RCW 70.95.263.

(4) The committee shall attempt to determine the reasons why higher
rates of waste reduction and recycling have not been achieved in the state
and develop recommendations on how to achieve higher rates.

(5) The committee's recommendations shall include (a) specific pro-
grams for waste reduction, recycling, incineration, and landfills, (b) specific
goals for solid waste management, and (c) specific responsibilities for state
government, local government, and the private sectors to accomplish the
committee's recommendations. The committee shall also recommend specif-
ic legislation and rule-making requirements to accomplish the committee's
findings.

(6) The joint select committee for preferred solid waste management
shall cease to exist on July 1, 1988.

NEW SECTION. Sec. 16. This act is necessary for the immediate
preservation of the public peace, health, and safety, the support of the state
government and its existing public institutions, and shall take effect
immediately.

Approved by the Governor May 19, 1987, with the exception of certain
items which were vetoed.
Filed in Office of Secretary of State May 19, 1987.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to section 8, Engrossed Sub-
stitute Senate Bill No. 5570, entitled:

"AN ACT Relating to disposal of incinerator ash residues."

This legislation would exempt municipal solid waste incinerator ash residue from
the state's hazardous waste law and create a new category of waste and a new regu-
laratory procedure.
Section 8 of the bill would allow any aggrieved person to bring an action in law or equity to the pollution control hearings board related to this new regulatory process. Currently, the board only hears appeals from department orders, permits, penalties, and other decisions. The language of this section could potentially confer new jurisdiction by allowing persons who feel the department is not processing permits or adopting regulations pursuant to this bill as it should to seek relief from the board rather than through the state court system.

The intent of this section was to assure a route for citizen appeals. A route for citizen appeals of any department decision exists in section 10 of Senate Bill No. 5427, already signed into law. Thus, elimination of this section does not affect the ability of citizens to challenge the department's decisions. For this reason, I have vetoed section 8.

I am concerned that a wholesale exemption of a category of waste from the hazardous waste law could set a bad precedent and send an incorrect message by implying that the door is open for exempting other categories of hazardous waste. The toxicity of a waste, and thus, viable alternatives for its safe disposal should be determined on the basis of scientific tests. Because of these factors, I am signing this legislation reluctantly.

In developing the rules, regulations and policies necessary to implement Engrossed Substitute Senate Bill No. 5570, I am asking the Department of Ecology to give primary emphasis to the long-term protection of public health and environmental values. The Department also needs to develop effective disposal alternatives and address such issues as the risk of mixing fly and disposal ash, immobilizing ash and transportation.

With the exception of section 8, Engrossed Substitute Senate Bill No. 5570 is approved.
I, Dennis W. Cooper, Code Reviser of the State of Washington, do hereby certify that, with the exception of such corrections as I have made in accordance with the powers vested in me by the provisions of RCW 44.20.060, the laws published in this volume are a true and correct reproduction of the copies of the enrolled laws of the 1987 regular session, chapters 1 through 528, (50th Legislature) as certified and transmitted to the Statute Law Committee by the Secretary of State pursuant to RCW 44.20.020.

IN TESTIMONY WHEREOF, I have hereunto set my hand at Olympia, Washington, this fifth day of June, 1987.

Be it enacted by the Washington Citizens' Commission on Salaries for Elected Officials:

NEW SECTION. Sec. 1. A new section is added to chapter 43.10 RCW to read as follows:

CHAPTER 2
SCHOOL FINANCE—STAFF TO STUDENT RATIOS—SALARIES
AN ACT Relating to education; amending RCW 84.52.0531, 84.52.053, 28A.41.130, 28A.41.140, 41.59.935, 28A.02.325, 28A.03.425, 28A.03.523, and 28A.58.842; adding new sections to chapter 28A.41 RCW; adding a new section to chapter 28A.58 RCW; creating a new section; repealing RCW 28A.58.093, 28A.58.095, and 41.56.960; making an appropriation; and providing an effective date.

Be it enacted by the Legislature of the State of Washington:

NEW SECTION. Sec. 1. The legislature intends to establish the limitation on school district maintenance and operations levies at twenty percent, with ten percent to be equalized on a state-wide basis. The legislature further intends to establish a modern school financing system for compensation of school staff and provide a class size reduction in grades kindergarten through three. The legislature intends to give the highest funding priority to strengthening support for existing school programs.

The legislature finds that providing for the adoption of a state-wide salary allocation schedule for certificated instructional staff will encourage recruitment and retention of able individuals to the teaching profession, and limit the administrative burden associated with implementing state teacher salary policies.

PART I

(a)) (2) For the purposes of subsection (5) of this section, a base year levy percentage shall be established. The base year levy percentage shall be equal to the greater of: ((a)) (a) The district’s actual levy percentage for calendar year 1985, ((a)) (b) the average levy percentage for all school districts in the state in calendar year 1985, or ((b)) (c) the average levy percentage for all school district levies in the educational service district of the district in calendar year 1985.

(c) For excess levies to be collected in calendar year 1993, the maximum dollar amount which may be levied by or for any school district shall not exceed the amount authorized in subsection (1) of this section. The provisions of this subsection shall not apply to excess levies to be collected after calendar year 1993.

(d))) (3) For excess levies for collection in calendar year 1988 and thereafter, the maximum dollar amount shall be the total of:

(a) The district’s levy base as defined in subsection (4) of this section multiplied by the district’s maximum levy percentage as defined in subsections (5) and (6) of this section; plus
(b) In the case of nonhigh districts only, an amount equal to the total estimated amount due by the nonhigh school district to high school districts pursuant to chapter 28A.44 RCW for the school year during which collection of the levy is to commence, less the increase in the nonhigh school district's basic education allocation as computed pursuant to subsection (1) of this section due to the inclusion of pupils participating in a program provided for in chapter 28A.44 RCW in such computation; less

(a) The district's basic education allocation as determined pursuant to RCW 28A.41.130, 28A.41.140, and 28A.41.145;

(b) State and federal categorical allocations for the following programs:

(a) Multiply the district's base year levy percentage as defined in subsection (2) of this section by the district's levy base as determined in subsection (4) of this section;

(b) Reduce the amount in (a) of this subsection by the total estimated amount of any levy reduction funds as defined in subsection (7) of this section which are to be allocated to the district for the 1987–88 school year;

(c) Divide the amount in (b) of this subsection by the district's levy base to compute a new percentage; and

(d) The percentage in (c) of this subsection or twenty percent, whichever is greater, shall be the district's maximum levy percentage for levies collected in calendar year 1988.
(6) For excess levies for collection in calendar year 1989 and thereafter, a district's maximum levy percentage shall be determined as follows:

   (b) Reduce the amount in (a) of this subsection by the total estimated amount of any levy reduction funds as defined in subsection (7) of this section which are to be allocated to the district for the current school year;
   (c) Divide the amount in (b) of this subsection by the district's levy base to compute a new percentage; and
   (d) The percentage in (c) of this subsection or twenty percent, whichever is greater, shall be the district's maximum levy percentage for levies collected in that calendar year.

(7) "Levy reduction funds" shall mean increases in state funds allocated to a district for programs included under subsection (4) of this section that are not attributable to enrollment or workload changes, compensation increases, or inflationary adjustments recognized in state allocation formulas. Any other increases in state allocations from the district's allocations for the prior school year that are not specifically excluded in this subsection shall be considered levy reduction funds. If levy reduction funds are dependent on formula factors which would not be finalized until after the start of the current school year, the superintendent of public instruction shall estimate the total amount of levy reduction funds by using prior school year data in place of current school year data.

(8) For the purposes of this section, "prior school year" shall mean the most recent school year completed prior to the year in which the levies are to be collected.

(9) For the purposes of this section, "current school year" shall mean the year immediately following the prior school year.

(10) The superintendent of public instruction shall develop rules and regulations and inform school districts of the pertinent data necessary to carry out the provisions of this section.

NEW SECTION. Sec. 102. A new section is added to chapter 28A.41 RCW to read as follows:

(1) Commencing with taxes assessed in 1988 to be collected in calendar year 1989 and thereafter, in addition to a school district's other general fund allocations, each eligible district shall be provided local effort assistance funds as provided in this section. Such funds are not part of the district's basic education allocation. For the first distribution of local effort assistance funds provided under this section in calendar year 1989, state funds may be prorated according to the formula in this section.

(2) (a) "Prior tax collection year" shall mean the year immediately preceding the year in which the local effort assistance shall be allocated.
(b) The "state-wide average ten percent levy rate" shall mean ten percent of the total levy bases as defined in RCW 84.52.0531(4) summed for all school districts, and divided by the total assessed valuation for excess levy purposes in the prior tax collection year for all districts as adjusted to one hundred percent by the county indicated ratio established in RCW 84.48.075.

(c) The "ten percent levy rate" of a district shall mean:
(i) Ten percent of the district’s levy base as defined in RCW 84.52.0531(4), plus one-half of any amount computed under RCW 84.52.0531(3)(b) in the case of nonhigh school districts; divided by
(ii) The district's assessed valuation for excess levy purposes for the prior tax collection year as adjusted to one hundred percent by the county indicated ratio.

(d) "Eligible districts" shall mean those districts with a ten percent levy rate which exceeds the state-wide average ten percent levy rate.

(3) Allocation of state matching funds to eligible districts for local effort assistance shall be determined as follows:
(a) Funds raised by the district through maintenance and operation levies during that tax collection year shall be matched with state funds using the following ratio of state funds to levy funds: (i) The difference between the district's ten percent levy rate and the state-wide average ten percent levy rate; to (ii) the state-wide average ten percent levy rate.

(b) The maximum amount of state matching funds for which a district may be eligible in any tax collection year shall be ten percent of the district's levy base as defined in RCW 84.52.0531(4), multiplied by the following percentage: (i) The difference between the district's ten percent levy rate and the state-wide average ten percent levy rate; divided by (ii) the district's ten percent levy rate.

(4) Fifty-five percent of local effort assistance funds shall be distributed to qualifying districts during the applicable tax collection year on or before June 30 and forty-five percent shall be distributed on or before December 31 of any year.

Sec. 103. Section 3, chapter 325, Laws of 1977 ex. sess. as amended by section 1, chapter 133, Laws of 1986 and RCW 84.52.053 are each amended to read as follows:

The limitations imposed by RCW 84.52.050 through 84.52.056, and RCW 84.52.043 shall not prevent the levy of additional taxes by school districts, when authorized so to do by the electors of such school district in the manner ((set forth in)) and for the purposes and number of years allowable under Article VII, section 2(a) of the Constitution of this state, as amended by Amendment ((59)) 79 and as thereafter amended, at a special or general election to be held in the year in which the levy is made or, in the case of a proposition authorizing two-year levies for maintenance and operation support of a school district((, including but not limited to levies)) or
authorizing two-year through six-year levies to support the construction, modernization, or remodeling of school facilities (and levies for the maintenance and operation of schools, for a period exceeding one year), or both, at a special or general election to be held in the year in which the first annual levy is made: PROVIDED, That once additional tax levies have been authorized for maintenance and operation support of a school district for a two year period, no further additional tax levies for maintenance and operation support of the district for that period may be authorized.

A special election may be called and the time therefor fixed by the board of school directors, by giving notice thereof by publication in the manner provided by law for giving notices of general elections, at which special election the proposition authorizing such excess levy shall be submitted in such form as to enable the voters favoring the proposition to vote "yes" and those opposed thereto to vote "no".

PART II
ENHANCING SCHOOL MANAGEMENT

Sec. 201. Section 2, chapter 46, Laws of 1973 as last amended by section 1, chapter 144, Laws of 1986 and RCW 28A.41.130 are each amended to read as follows:

From those funds made available by the legislature for the current use of the common schools, the superintendent of public instruction shall distribute annually as provided in RCW 28A.48.010 to each school district of the state operating a program approved by the state board of education an amount which, when combined with an appropriate portion of such locally available revenues, other than receipts from federal forest revenues distributed to school districts pursuant to RCW 28A.02.300 and 28A.02.310, as the superintendent of public instruction may deem appropriate for consideration in computing state equalization support, excluding excess property tax levies, will constitute a basic education allocation in dollars for each annual average full time equivalent student enrolled, based upon one full school year of one hundred eighty days, except that for kindergartens one full school year shall be one hundred eighty half days of instruction, or the equivalent as provided in RCW 28A.58.754, as now or hereafter amended.

Basic education shall be considered to be fully funded by those amounts of dollars appropriated by the legislature pursuant to RCW 28A.41.130 and 28A.41.140 to fund those program requirements identified in RCW 28A.58.754 in accordance with the formula and ratios provided in RCW 28A.41.140 and those amounts of dollars appropriated by the legislature to fund the salary requirements of sections 203 and 204 of this 1987 act.

Operation of a program approved by the state board of education, for the purposes of this section, shall include a finding that the ratio of students per classroom teacher in grades kindergarten through three is not greater
than the ratio of students per classroom teacher in grades four and above for such district: PROVIDED, That for the purposes of this section, "classroom teacher" shall be defined as an instructional employee possessing at least a provisional certificate, but not necessarily employed as a certificated employee, whose primary duty is the daily educational instruction of students: PROVIDED FURTHER, That the state board of education shall adopt rules and regulations to insure compliance with the student/teacher ratio provisions of this section, and such rules and regulations shall allow for exemptions for those special programs and/or school districts which may be deemed unable to practically meet the student/teacher ratio requirements of this section by virtue of a small number of students.

If a school district's basic education program fails to meet the basic education requirements enumerated in RCW 28A.41.130, 28A.41.140 and 28A.58.754, the state board of education shall require the superintendent of public instruction to withhold state funds in whole or in part for the basic education allocation until program compliance is assured: PROVIDED, That the state board of education may waive this requirement in the event of substantial lack of classroom space.

Sec. 202. Section 14, chapter 244, Laws of 1969 ex. sess. as last amended by section 5, chapter 349, Laws of 1985 and RCW 28A.41.140 are each amended to read as follows:

The basic education allocation for each annual average full time equivalent student shall be determined in accordance with the following procedures:

(1) The governor shall and the superintendent of public instruction may recommend to the legislature a formula based on a ratio of students to staff for the distribution of a basic education allocation for each annual average full time equivalent student enrolled in a common school. The distribution formula shall have the primary objective of equalizing educational opportunities and shall provide appropriate recognition of the following costs among the various districts within the state:

(1) Certificated instructional staff and their related costs;
(2) Certificated administrative staff and their related costs;
(3) Classified staff and their related costs;
(4) Nonsalary costs;
(5) Extraordinary costs of remote and necessary schools and small high schools, including costs of additional certificated and classified staff; and

(6) The attendance of students pursuant to RCW 28A.58.075 and 28A.58.245, each as now or hereafter amended, who do not reside within the servicing school district.

(2) (a) This formula for distribution of basic education funds shall be reviewed biennially by the superintendent and governor. The recommended

formula shall be subject to approval, amendment or rejection by the legislature. ((Commencing with the 1980-81 school year, the formula adopted by the legislature shall reflect a ratio of not less than fifty certificated personnel to one thousand annual average full time equivalent students and one classified person to three certificated personnel:)) The formula shall be for allocation purposes only. While the legislature intends that the allocations for additional instructional staff be used to increase the ratio of such staff to students, nothing in this section shall require districts to reduce the number of administrative staff below existing levels.

(b) The formula adopted by the legislature for the 1987-88 school year shall reflect the following ratios at a minimum: (i) Forty-eight certificated instructional staff to one thousand annual average full time equivalent students enrolled in grades kindergarten through three; (ii) forty-six certificated instructional staff to one thousand annual average full time equivalent students enrolled in grades four through twelve; (iii) four certificated administrative staff to one thousand annual average full time equivalent students enrolled in grades kindergarten through twelve; and (iv) sixteen and sixty-seven one-hundredths classified personnel to one thousand annual average full time equivalent students enrolled in grades kindergarten through twelve.

(c) Commencing with the 1988-89 school year, the formula adopted by the legislature shall reflect the following ratios at a minimum: (i) Forty-nine certificated instructional staff to one thousand annual average full time equivalent students enrolled in grades kindergarten through three; (ii) forty-six certificated instructional staff to one thousand annual average full time equivalent students in grades four through twelve; (iii) four certificated administrative staff to one thousand annual average full time equivalent students in grades kindergarten through twelve; and (iv) sixteen and sixty-seven one-hundredths classified personnel to one thousand annual average full time equivalent students enrolled in grades kindergarten through twelve.

(d) In the event the legislature rejects the distribution formula recommended by the governor, without adopting a new distribution formula, the distribution formula for the previous school year shall remain in effect: PROVIDED, That the distribution formula developed pursuant to this section shall be for state apportionment and equalization purposes only and shall not be construed as mandating specific operational functions of local school districts other than those program requirements identified in RCW 28A.58.754 and section 203 of this 1987 act. The enrollment of any district shall be the annual average number of full time equivalent students and part time students as provided in RCW 28A.41.145, as now or hereafter amended, enrolled on the first school day of each month and shall exclude full time equivalent handicapped students recognized for the purposes of allocation of state funds for programs under chapter 28A.13 RCW. The definition of full time equivalent student shall be determined by rules and
regulations of the superintendent of public instruction: PROVIDED, That the definition shall be included as part of the superintendent’s biennial budget request: PROVIDED, FURTHER, That any revision of the present definition shall not take effect until approved by the house appropriations committee and the senate ways and means committee: PROVIDED, FURTHER, That the office of financial management shall make a monthly review of the superintendent’s reported full time equivalent students in the common schools in conjunction with RCW 43.62.050.

(3) (a) Certificated instructional staff shall include those persons employed by a school district ((in a teaching, instructional, educational staff associate, learning resources specialist, administrative or supervisory capacity and who hold positions as certificated employees as defined under RCW 28A.01.130, as now or hereafter amended, and every school district superintendent; and any person hired in any manner to fill a position designated as, or which is in fact, that of deputy superintendent or assistant superintendent)) who are nonsupervisory employees within the meaning of RCW 41.59.020(8); PROVIDED, That in exceptional cases, people of unusual competence but without certification may teach students so long as a certificated person exercises general supervision: PROVIDED, FURTHER, That the hiring of such noncertificated people shall not occur during a labor dispute and such noncertificated people shall not be hired to replace certificated employees during a labor dispute.

(b) Certificated administrative staff shall include all those persons who are chief executive officers, chief administrative officers, confidential employees, supervisors, principals, or assistant principals within the meaning of RCW 41.59.020(4).

(4) Each annual average full time equivalent certificated classroom teacher’s direct classroom contact hours shall average at least twenty-five hours per week. Direct classroom contact hours shall be exclusive of time required to be spent for preparation, conferences, or any other nonclassroom instruction duties. Up to two hundred minutes per week may be deducted from the twenty-five contact hour requirement, at the discretion of the school district board of directors, to accommodate authorized teacher/parent-guardian conferences, recess, passing time between classes, and informal instructional activity. Implementing rules to be adopted by the state board of education pursuant to RCW 28A.58.754(6) shall provide that compliance with the direct contact hour requirement shall be based upon teachers’ normally assigned weekly instructional schedules, as assigned by the district administration. Additional record-keeping by classroom teachers as a means of accounting for contact hours shall not be required. However, upon request from the board of directors of any school district, the provisions relating to direct classroom contact hours for individual teachers in that district may be waived by the state board of education if the waiver is necessary to implement a locally approved plan for educational excellence.
and the waiver is limited to those individual teachers approved in the local plan for educational excellence. The state board of education shall develop criteria to evaluate the need for the waiver. Granting of the waiver shall depend upon verification that: (a) The students' classroom instructional time will not be reduced; and (b) the teacher's expertise is critical to the success of the local plan for excellence.

NEW SECTION. Sec. 203. A new section is added to chapter 28A.41 RCW to read as follows:

(1) For the purposes of this section and sections 204 and 205 of this act, "basic education certificated instructional staff" shall mean all full time equivalent certificated instructional staff in the following programs as defined for state-wide school district accounting purposes: Basic education, secondary vocational education, general instructional support, and general supportive services.

(2) In the 1988–89 school year and thereafter, each school district shall maintain a ratio of at least forty-six basic education certificated instructional staff to one thousand annual average full time equivalent students.

NEW SECTION. Sec. 204. A new section is added to chapter 28A.41 RCW to read as follows:

(1) The legislature shall establish for each school year in the appropriations act a state-wide salary allocation schedule, for allocation purposes only, to be used to distribute funds for basic education certificated instructional staff salaries under RCW 28A.41.140.

(2) The superintendent of public instruction shall calculate salary allocations for state funded basic education certificated instructional staff by determining the district average salary for basic education instructional staff using the salary allocation schedule established pursuant to this section. However, no district shall receive an allocation based upon an average basic education certificated instructional staff salary which is less than the average of the district's 1986–87 actual basic education certificated instructional staff salaries, as reported to the superintendent of public instruction prior to June 1, 1987, and the legislature may grant minimum salary increases on that base.

NEW SECTION. Sec. 205. A new section is added to chapter 28A.58 RCW to read as follows:

(1) Every school district board of directors shall fix, alter, allow, and order paid salaries and compensation for all district employees in conformance with this section.

(2)(a) Salaries for certificated instructional staff shall not be less than the salary provided in the appropriations act in the state-wide salary allocation schedule for an employee with a baccalaureate degree and zero years of service; and
(b) Salaries for certificated instructional staff with a masters degree shall not be less than the salary provided in the appropriations act in the state-wide salary allocation schedule for an employee with a masters degree and zero years of service;

(3)(a) The actual average salary paid to basic education certificated instructional staff shall not exceed the district's average basic education certificated instructional staff salary used for the state basic education allocations for that school year as determined pursuant to section 204 of this act.

(b) Fringe benefit contributions for basic education certificated instructional staff shall be included as salary under (a) of this subsection to the extent that the district's actual average benefit contribution exceeds the greater of: (i) The formula amount for insurance benefits provided per certificated instructional staff unit in the state operating appropriations act in effect at the time the compensation is payable; or (ii) the actual average amount provided by the school district in the 1986-87 school year. For purposes of this section, fringe benefits shall not include payment for unused leave for illness or injury under RCW 28A.58.096, or employer contributions for old age survivors insurance, workers' compensation, unemployment compensation, and retirement benefits under the Washington state retirement system.

(c) Salary and benefits for certificated instructional staff in programs other than basic education shall be consistent with the salary and benefits paid to certificated instructional staff in the basic education program.

(4) Salaries and benefits for certificated instructional staff may exceed the limitations in subsection (3) of this section only by separate contract for additional time, additional responsibilities, or incentives. Supplemental contracts shall not cause the state to incur any present or future funding obligation. Supplemental contracts shall be subject to the collective bargaining provisions of chapter 41.59 RCW and the provisions of RCW 28A.67.074, shall not exceed one year, and if not renewed shall not constitute adverse change in accordance with RCW 28A.58.515. No district may enter into a supplemental contract under this subsection for the provision of services which are a part of the basic education program required by Article IX, section 3 of the state Constitution.

Sec. 206. Section 3, chapter 16, Laws of 1981 and RCW 41.59.935 are each amended to read as follows:

Nothing in this chapter shall be construed to grant employers or employees the right to reach agreements regarding salary or compensation increases in excess of those authorized in accordance with ((RE-W 28A.58.695)) sections 204 and 205 of this 1987 act.

Sec. 207. Section 2, chapter 143, Laws of 1986 and RCW 28A.02.325 are each amended to read as follows:
The board of directors of the school district shall make the final determination as to whether an employee suggestion award will be made and shall determine the nature and extent of the award. The award shall not be a regular or supplemental compensation program for all employees and the suggestion must, in fact, result in actual savings greater than the award amount. Any moneys which may be awarded to an employee as part of an employee suggestion program shall not be considered salary or compensation for the purposes of ((RCW 28A.58.095)) section 205 of this 1987 act or chapter 41.40 RCW.

Sec. 208. Section 5, chapter 278, Laws of 1984 as amended by section 1, chapter 197, Laws of 1987 and RCW 28A.03.425 are each amended to read as follows:

The office of the superintendent of public instruction, in consultation with the state board of education, shall prepare model curriculum programs and/or curriculum guidelines in three subject areas each year. These model curriculum programs or curriculum guidelines shall span all grade levels and shall include statements of expected learning outcomes, content, integration with other subject areas including guidelines for the application of vocational and applied courses to fulfill in whole or in part the courses required for graduation under RCW 28A.05.060, recommended instructional strategies, and suggested resources.

Certificated employees with expertise in the subject area under consideration shall be chosen by the superintendent of public instruction from each educational service district, from a list of persons suggested by their peers, to work with the staff of the superintendent of public instruction to prepare each model curriculum program or curriculum guidelines. Each participant shall be paid his or her regular salary by his or her district, and travel and per diem expenses by the superintendent of public instruction. The superintendent of public instruction shall make selections of additional experts in the subject area under consideration as are needed to provide technical assistance and to review and comment upon the model curriculum programs and/or curriculum guidelines before publication and shall be paid travel and per diem expenses by the superintendent of public instruction as necessary. The model curriculum programs and curriculum guidelines shall be made available to all districts. Participants developing model curriculum programs and/or curriculum guidelines may be used by school districts to provide training or technical assistance or both. After completion of the original development of model curriculum programs or curriculum guidelines, the office of the superintendent of public instruction shall schedule, at least every five years, a regular review and updating of programs and guidelines in each subject matter area. ((Any travel and per diem expenses provided to employees involved in the development of model programs or guidelines shall not be considered salary or compensation for purposes of the limitations established in RCW 28A.58.095.))
Sec. 209. Section 2, chapter 147, Laws of 1986 and RCW 28A.03.523 are each amended to read as follows:

(3) In addition to certificates under subsection (2) of this section, awards for teachers and principals shall include:

(a) A waiver of tuition and fees under RCW 28B.15.547 and a stipend not to exceed one thousand dollars to cover costs incurred in taking courses for which the tuition and fees have been waived under this subsection and RCW 28B.15.547. The stipend shall not be considered compensation for the purposes of (RCW 28A.58.095) section 205 of this 1987 act; or

(b) Teachers and principals, at their discretion, may elect to forego the waiver of tuition and fees and the stipend under subsection (3) of this section and apply for a grant not to exceed one thousand dollars, which grant shall be awarded under the provisions of RCW 28A.03.535. Within one year of receiving the award for excellence in education, teachers and principals shall notify the superintendent of public instruction in writing of their decision to apply for a grant or to receive the waiver of tuition and fees and the stipend under subsection (3) of this section.

The program shall be designed to recognize exemplary service, special achievements, or outstanding contributions by an individual in the performance of his or her duties as an employee of the
school district. The board of directors of the school district shall determine the extent and type of any nonmonetary award. The value of any nonmonetary award shall not be deemed salary or compensation for the purposes of [(RCW 28A.58.095)](RCW 28A.58.095) section 205 of this 1987 act or chapter 41.32 RCW.

AN ACT Relating to state general obligation bonds; amending RCW 43.83.020, 43.831-.160, 43.99B.010, and 67.40.030; and adding a new chapter to Title 43 RCW.

Be it enacted by the Legislature of the State of Washington:

NEW SECTION. Sec. 1. The state finance committee is authorized to issue general obligation bonds of the state of Washington in the sum of four hundred twelve million three hundred thousand dollars, or so much thereof as may be required, to finance the projects described and authorized by the [ 2496 ]
legislature in the capital and operating appropriations acts for the 1987–1989 fiscal biennium and subsequent fiscal biennia, and all costs incidental thereto.

Bonds authorized in this section shall be sold in such manner, at such time or times, in such amounts, and at such price as the state finance committee shall determine. No such bonds may be offered for sale without prior legislative appropriation of the net proceeds of the sale of the bonds. The state finance committee may obtain insurance or letters of credit and may authorize the execution and delivery of agreements, promissory notes, and other obligations for the purpose of insuring the payment or enhancing the marketability of bonds authorized in this section. Promissory notes or other obligations issued pursuant to this section shall not constitute a debt or the contracting of indebtedness under any constitutional or statutory indebtedness limitation if their payment is conditioned upon the failure of the state to pay the principal of or interest on the bonds with respect to which the same relate.

The state finance committee shall consider the issuance of short-term obligations in lieu of long-term obligations for the purposes of more favorable interest rates, lower total interest costs, and increased marketability and for the purpose of retiring the bonds during the life of the project for which they were issued.

NEW SECTION. Sec. 2. Bonds issued under section 1 of this act are subject to the following conditions and limitations:

(1) General obligation bonds of the state of Washington in the sum of four hundred four million four hundred thousand dollars, or so much thereof as may be required, shall be issued for the purposes described and authorized by the legislature in the capital and operating appropriations acts for the 1987–1989 fiscal biennium and subsequent fiscal biennia, and to provide for the administrative cost of such projects, including costs of bond issuance and retirement, salaries and related costs of officials and employees of the state, costs of insurance or credit enhancement agreements, and other expenses incidental to the administration of capital projects. Subject to such changes as may be required in the appropriations acts, the proceeds from the sale of the bonds issued for the purposes of this subsection shall be deposited as follows:

(a) Thirty million dollars in the common school construction fund created in RCW 28A.40.101;

(b) Three hundred sixty-two million seven hundred thousand dollars in the state building construction account created in RCW 43.83.020.

These proceeds shall be used exclusively for the purposes specified in this subsection, and for the payment of expenses incurred in the issuance and sale of the bonds issued for the purposes of this subsection, and shall be administered by the office of financial management, subject to legislative appropriation.
(2) General obligation bonds of the state of Washington in the sum of three million two hundred thousand dollars, or so much thereof as may be required, shall be issued for the purpose of providing funds for Washington State University to perform capital projects which consist of the planning, designing, constructing, remodeling, repairing, furnishing, and equipping of state buildings, structures, utilities, roads, grounds, and lands, and to provide for the administrative cost of such projects, including costs of bond issuance and retirement, salaries and related costs of officials and employees of the state, costs of insurance or credit enhancement agreements, and other expenses incidental to the administration of capital projects. The proceeds from the sale of the bonds issued for the purposes of this subsection shall be deposited in the higher education construction account, shall be used exclusively for the purposes specified in this subsection and for the payment of expenses incurred in the issuance and sale of the bonds issued for the purposes of this subsection, and shall be administered by Washington State University, subject to legislative appropriation.

NEW SECTION. Sec. 3. Both principal of and interest on the bonds issued for the purposes specified in section 2(1) of this act shall be payable from the state general obligation bond retirement fund. The state finance committee may provide that a special account be created in such fund to facilitate payment of such principal and interest.

The state finance committee shall, on or before June 30th of each year, certify to the state treasurer the amount required for principal and interest on such bonds in accordance with the provisions of the bond proceedings. The state treasurer shall withdraw from any general state revenues received in the state treasury and deposit in the state general obligation bond retirement fund, or a special account in such fund, such amounts and at such times as are required by the bond proceedings.

NEW SECTION. Sec. 4. Both principal of and interest on the bonds issued for the purposes of section 2(2) of this act shall be payable from the higher education bond retirement fund of 1979. The state finance committee may provide that a special account be created in such fund to facilitate payment of such principal and interest.

The state finance committee shall, on or before June 30th of each year, certify to the state treasurer the amount required for principal and interest on such bonds in accordance with the provisions of the bond proceedings. The state treasurer shall withdraw from any general state revenues received in the state treasury and deposit in the higher education bond retirement fund of 1979, or a special account in such fund, such amounts and at such times as are required by the bond proceedings.

NEW SECTION. Sec. 5. Bonds issued under section 1 of this act shall state that they are a general obligation of the state of Washington, shall pledge the full faith and credit of the state to the payment of the principal

[ 2498 ]
thereof and the interest thereon, and shall contain an unconditional promise to pay the principal and interest as the same shall become due.

The owner and holder of each of the bonds or the trustee for the owner and holder of any of the bonds may by mandamus or other appropriate proceeding require the transfer and payment of funds as directed in this section.

NEW SECTION. Sec. 6. On or before June 30th of each year and in accordance with the provisions of the bond proceedings the state finance committee shall determine the relative shares of the principal and interest payments determined pursuant to section 4 of this act, exclusive of deposit interest credit, attributable to each of the institutions of higher education in proportion to the principal amount of bonds issued for the purposes of section 2(2) of this act for projects for each institution. On each date on which any interest or principal and interest payment is due, the board of regents or the board of trustees of each institution of higher education shall cause the amount so computed to be paid out of the appropriate building account or capital projects account to the state treasurer for deposit into the general fund of the state treasury.

NEW SECTION. Sec. 7. The legislature may provide additional means for raising moneys for the payment of the principal of and interest on the bonds authorized in section 1 of this act, and sections 3 and 4 of this act shall not be deemed to provide an exclusive method for the payment.

NEW SECTION. Sec. 8. The bonds authorized in section 1 of this act shall be a legal investment for all state funds or funds under state control and for all funds of any other public body.

Sec. 9. Section 43.83.020, chapter 8, Laws of 1965 as amended by section 43, chapter 57, Laws of 1985 and RCW 43.83.020 are each amended to read as follows:

The proceeds from the sale of the bonds authorized herein shall be deposited in the state building construction account which is hereby established in the state treasury and shall be used exclusively for the purposes of carrying out the provisions of the capital appropriation (act of 1959) acts, and for payment of the expense incurred in the printing, issuance, and sale of such bonds. All earnings of investments of balances in the state building construction account shall be credited to the general fund.

NEW SECTION. Sec. 2. This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect immediately.

Approved by the Governor June 9, 1987.
Filed in Office of Secretary of State June 9, 1987.

CHAPTER 5
[Engrossed Second Substitute House Bill No. 477]
HEALTH CARE ACCESS

AN ACT Relating to health care; amending RCW 74.09.522; amending section 3, chapter 303, Laws of 1986 (uncodified); adding new sections to chapter 43.131 RCW; adding a new section to chapter 50.20 RCW; adding a new section to chapter 51.28 RCW; adding a new section to chapter 74.04 RCW; adding a new section to chapter 74.09 RCW; adding a new chapter to Title 70 RCW; creating new sections; and declaring an emergency.

Be it enacted by the Legislature of the State of Washington:

NEW SECTION. Sec. 1. This chapter shall be known and may be cited as the health care access act of 1987.

NEW SECTION. Sec. 2. The legislature reserves the right to amend or repeal all or any part of this chapter at any time and there shall be no vested private right of any kind against such amendment or repeal. All the rights, privileges, or immunities conferred by this chapter or any acts done pursuant thereto shall exist subject to the power of the legislature to amend or repeal this chapter at any time.

NEW SECTION. Sec. 3. (1) The legislature finds that:

[ 2501 ]
(a) A significant percentage of the population of this state does not have reasonably available insurance or other coverage of the costs of necessary basic health care services;

(b) This lack of basic health care coverage is detrimental to the health of the individuals lacking coverage and to the public welfare, and results in substantial expenditures for emergency and remedial health care, often at the expense of health care providers, health care facilities, and all purchasers of health care, including the state; and

(c) The use of managed health care systems has significant potential to reduce the growth of health care costs incurred by the people of this state generally, and by low-income pregnant women who are an especially vulnerable population, along with their children, and who need greater access to managed health care.

(2) The purpose of this chapter is to provide necessary basic health care services in an appropriate setting to working persons and others who lack coverage, at a cost to these persons that does not create barriers to the utilization of necessary health care services. To that end, this chapter establishes a program to be made available to those residents under sixty-five years of age not otherwise eligible for Medicare with gross family income at or below two hundred percent of the federal poverty guidelines who share in the cost of receiving basic health care services from a managed health care system.

(3) It is not the intent of this chapter to provide health care services for those persons who are presently covered through private employer-based health plans, nor to replace employer-based health plans. Further, it is the intent of the legislature to expand, wherever possible, the availability of private health care coverage and to discourage the decline of employer-based coverage.

(4) The program authorized under this chapter is strictly limited in respect to the total number of individuals who may be allowed to participate and the specific areas within the state where it may be established. All such restrictions or limitations shall remain in full force and effect until quantifiable evidence based upon the actual operation of the program, including detailed cost benefit analysis, has been presented to the legislature and the legislature, by specific act at that time, may then modify such limitations.

NEW SECTION. Sec. 4. As used in this chapter:

(1) "Washington basic health plan" or "plan" means the system of enrollment and payment on a prepaid capitated basis for basic health care services, administered by the plan administrator through participating managed health care systems, created by this chapter.

(2) "Administrator" means the Washington basic health plan administrator.
"Managed health care system" means any health care organization, including health care providers, insurers, health care service contractors, health maintenance organizations, or any combination thereof, that provides directly or by contract basic health care services, as defined by the administrator and rendered by duly licensed providers, on a prepaid capitated basis to a defined patient population enrolled in the plan and in the managed health care system.

"Enrollee" means an individual, or an individual plus the individual's spouse and/or dependent children, all under the age of sixty-five and not otherwise eligible for medicare, who resides in an area of the state served by a managed health care system participating in the plan, whose gross family income at the time of enrollment does not exceed twice the federal poverty level as adjusted for family size and determined annually by the federal department of health and human services, who chooses to obtain basic health care coverage from a particular managed health care system in return for periodic payments to the plan.

"Subsidy" means the difference between the amount of periodic payment the administrator makes, from funds appropriated from the basic health plan trust account, to a managed health care system on behalf of an enrollee and the amount determined to be the enrollee's responsibility under section 8(2) of this act.

"Premium" means a periodic payment, based upon gross family income and determined under section 8(2) of this act, which an enrollee makes to the plan as consideration for enrollment in the plan.

"Rate" means the per capita amount, negotiated by the administrator with and paid to a participating managed health care system, that is based upon the enrollment of enrollees in the plan and in that system.

NEW SECTION. Sec. 5. The basic health plan trust account is hereby established in the state treasury. All funds appropriated for this chapter shall be deposited in the basic health plan trust account and may be expended without further appropriation. Disbursements from other moneys in the account shall be made pursuant to appropriation and upon warrants drawn by the Washington basic health plan administrator. Moneys in the account shall be used exclusively for the purposes of this chapter, including payments to participating managed health care systems on behalf of enrollees in the plan and payment of costs of administering the plan. The earnings on any surplus balances in the basic health plan trust account shall be credited to the account, notwithstanding RCW 43.84.090. After January 1, 1988, the administrator shall not expend or encumber for an ensuing fiscal period amounts exceeding ninety percent of the amounts anticipated to accrue in the account during the fiscal period.

NEW SECTION. Sec. 6. (1) The Washington basic health plan is created as an independent agency of the state. The administrative head and
appointing authority of the plan shall be the administrator who shall be appointed by the governor, with the consent of the senate, and shall serve at the pleasure of the governor. The salary for this office shall be set by the governor pursuant to RCW 43.03.040. The administrator shall appoint a medical director. The administrator, medical director, and up to five other employees shall be exempt from the civil service law, chapter 41.06 RCW.

(2) The administrator shall employ such other staff as are necessary to fulfill the responsibilities and duties of the administrator, such staff to be subject to the civil service law, chapter 41.06 RCW. In addition, the administrator may contract with third parties for services necessary to carry out its activities where this will promote economy, avoid duplication of effort, and make best use of available expertise. Any such contractor or consultant shall be prohibited from releasing, publishing, or otherwise using any information made available to it under its contractual responsibility without specific permission of the plan. The administrator may call upon other agencies of the state to provide available information as necessary to assist the administrator in meeting its responsibilities under this chapter, which information shall be supplied as promptly as circumstances permit.

(3) The administrator may appoint such technical or advisory committees as he or she deems necessary. The administrator shall appoint a standing technical advisory committee that is representative of health care professionals, health care providers, and those directly involved in the purchase, provision, or delivery of health care services, as well as consumers and those knowledgeable of the ethical issues involved with health care public policy. Individuals appointed to any technical or other advisory committee shall serve without compensation for their services as members, but may be reimbursed for their travel expenses pursuant to RCW 43.03.050 and 43.03.060.

(4) The administrator may apply for, receive, and accept grants, gifts, and other payments, including property and service, from any governmental or other public or private entity or person, and may make arrangements as to the use of these receipts, including the undertaking of special studies and other projects relating to health care costs and access to health care.

(5) In the design, organization, and administration of the plan under this chapter, the administrator shall consider the report of the Washington health care project commission established under chapter 303, Laws of 1986. Nothing in this chapter requires the administrator to follow any specific recommendation contained in that report except as it may also be included in this chapter or other law.

NEW SECTION. Sec. 7. The administrator may promulgate and adopt rules consistent with this chapter to carry out the purposes of this chapter. All rules shall be adopted in accordance with chapter 34.04 RCW.

NEW SECTION. Sec. 8. The administrator has the following powers and duties:
(1) To design and from time to time revise a schedule of covered basic health care services, including physician services, inpatient and outpatient hospital services, and other services that may be necessary for basic health care, which enrollees in any participating managed health care system under the Washington basic health plan shall be entitled to receive in return for premium payments to the plan. The schedule of services shall emphasize proven preventive and primary health care, shall include all services necessary for prenatal, postnatal, and well-child care, and shall include a separate schedule of basic health care services for children, eighteen years of age and younger, for those enrollees who choose to secure basic coverage through the plan only for their dependent children. In designing and revising the schedule of services, the administrator shall consider the guidelines for assessing health services under the mandated benefits act of 1984, RCW 48.42.080, and such other factors as the administrator deems appropriate.

(2) To design and implement a structure of periodic premiums due the administrator from enrollees that is based upon gross family income, giving appropriate consideration to family size as well as the ages of all family members. The enrollment of children shall not require the enrollment of their parent or parents who are eligible for the plan.

(3) To design and implement a structure of nominal copayments due a managed health care system from enrollees. The structure shall discourage inappropriate enrollee utilization of health care services, but shall not be so costly to enrollees as to constitute a barrier to appropriate utilization of necessary health care services.

(4) To design and implement, in concert with a sufficient number of potential providers in a discrete area, an enrollee financial participation structure, separate from that otherwise established under this chapter, that has the following characteristics:

(a) Nominal premiums that are based upon ability to pay, but not set at a level that would discourage enrollment;

(b) A modified fee-for-services payment schedule for providers;

(c) Coinsurance rates that are established based on specific service and procedure costs and the enrollee's ability to pay for the care. However, coinsurance rates for families with incomes below one hundred twenty percent of the federal poverty level shall be nominal. No coinsurance shall be required for specific proven prevention programs, such as prenatal care. The coinsurance rate levels shall not have a measurable negative effect upon the enrollee's health status; and

(d) A case management system that fosters a provider-enrollee relationship whereby, in an effort to control cost, maintain or improve the health status of the enrollee, and maximize patient involvement in her or his health care decision-making process, every effort is made by the provider to inform the enrollee of the cost of the specific services and procedures and related health benefits.
The potential financial liability of the plan to any such providers shall not exceed in the aggregate an amount greater than that which might otherwise have been incurred by the plan on the basis of the number of enrollees multiplied by the average of the prepaid capitated rates negotiated with participating managed health care systems under section 12 of this act and reduced by any sums charged enrollees on the basis of the coinsurance rates that are established under this subsection.

(5) To limit enrollment of persons who qualify for subsidies so as to prevent an overexpenditure of appropriations for such purposes. Whenever the administrator finds that there is danger of such an overexpenditure, the administrator shall close enrollment until the administrator finds the danger no longer exists.

(6) To adopt a schedule for the orderly development of the delivery of services and availability of the plan to residents of the state, subject to the limitations contained in section 10 of this act.

In the selection of any area of the state for the initial operation of the plan, the administrator shall take into account the levels and rates of unemployment in different areas of the state, the need to provide basic health care coverage to a population reasonably representative of the portion of the state's population that lacks such coverage, and the need for geographic, demographic, and economic diversity.

Before July 1, 1988, the administrator shall endeavor to secure participation contracts with managed health care systems in discrete geographic areas within at least five congressional districts.

(7) To solicit and accept applications from managed health care systems, as defined in this chapter, for inclusion as eligible basic health care providers under the plan. The administrator shall endeavor to assure that covered basic health care services are available to any enrollee of the plan from among a selection of two or more participating managed health care systems. In adopting any rules or procedures applicable to managed health care systems and in its dealings with such systems, the administrator shall consider and make suitable allowance for the need for health care services and the differences in local availability of health care resources, along with other resources, within and among the several areas of the state.

(8) To receive periodic premiums from enrollees, deposit them in the basic health plan operating account, keep records of enrollee status, and authorize periodic payments to managed health care systems on the basis of the number of enrollees participating in the respective managed health care systems.

(9) To accept applications from individuals residing in areas served by the plan, on behalf of themselves and their spouses and dependent children, for enrollment in the Washington basic health plan, to establish appropriate minimum-enrollment periods for enrollees as may be necessary, and to determine, upon application and at least annually thereafter, or at the request
of any enrollee, eligibility due to current gross family income for sliding scale premiums. An enrollee who remains current in payment of the sliding-scale premium, as determined under subsection (2) of this section, and whose gross family income has risen above twice the federal poverty level, may continue enrollment unless and until the enrollee's gross family income has remained above twice the poverty level for six consecutive months, by making payment at the unsubsidized rate required for the managed health care system in which he or she may be enrolled. No subsidy may be paid with respect to any enrollee whose current gross family income exceeds twice the federal poverty level or, subject to section 1 of this act, who is a recipient of medical assistance or medical care service under chapter 74.09 RCW. If a number of enrollees drop their enrollment for no apparent good cause, the administrator may establish appropriate rules or requirements that are applicable to such individuals before they will be allowed to re-enroll in the plan.

(10) To require that prospective enrollees who may be eligible for categorically needy medical coverage under RCW 74.09.510 or whose income does not exceed the medically needy income level under RCW 74.09.700 apply for such coverage, but the administrator shall enroll the individuals in the plan pending the determination of eligibility under chapter 74.09 RCW.

(11) To determine the rate to be paid to each participating managed health care system in return for the provision of covered basic health care services to enrollees in the system. Although the schedule of covered basic health care services will be the same for similar enrollees, the rates negotiated with participating managed health care systems may vary among the systems. In negotiating rates with participating systems, the administrator shall consider the characteristics of the populations served by the respective systems, economic circumstances of the local area, the need to conserve the resources of the basic health plan trust account, and other factors the administrator finds relevant.

(12) To monitor the provision of covered services to enrollees by participating managed health care systems in order to assure enrollee access to good quality basic health care, to require periodic data reports concerning the utilization of health care services rendered to enrollees in order to provide adequate information for evaluation, and to inspect the books and records of participating managed health care systems to assure compliance with the purposes of this chapter. In requiring reports from participating managed health care systems, including data on services rendered enrollees, the administrator shall endeavor to minimize costs, both to the managed health care systems and to the administrator. The administrator shall coordinate any such reporting requirements with other state agencies, such as the insurance commissioner and the hospital commission, to minimize duplication of effort.
(13) To monitor the access that state residents have to adequate and necessary health care services, determine the extent of any unmet needs for such services or lack of access that may exist from time to time, and make such reports and recommendations to the legislature as the administrator deems appropriate.

(14) To evaluate the effects this chapter has on private employer-based health care coverage and to take appropriate measures consistent with state and federal statutes that will discourage the reduction of such coverage in the state.

(15) To develop a program of proven preventive health measures and to integrate it into the plan wherever possible and consistent with this chapter.

(16) To provide, consistent with available resources, technical assistance for rural health activities that endeavor to develop needed health care services in rural parts of the state.

NEW SECTION. Sec. 9. The benefits available under the plan shall be subject to RCW 48.21.200 and shall be excess to the benefits payable under the terms of any insurance policy issued to or on the behalf of an enrollee that provides payments toward medical expenses without a determination of liability for the injury.

NEW SECTION. Sec. 10. On and after July 1, 1988, the administrator shall accept for enrollment applicants eligible to receive covered basic health care services from the respective managed health care systems which are then participating in the plan. The administrator shall not allow the total enrollment of those eligible for subsidies to exceed thirty thousand.

Thereafter, total enrollment shall not exceed the number established by the legislature in any act appropriating funds to the plan.

Before July 1, 1988, the administrator shall endeavor to secure participation contracts from managed health care systems in discrete geographic areas within at least five congressional districts of the state and in such manner as to allow residents of both urban and rural areas access to enrollment in the plan. The administrator shall make a special effort to secure agreements with health care providers in one such area that meets the requirements set forth in section 8(4) of this act.

The administrator shall at all times closely monitor growth patterns of enrollment so as to not exceed that consistent with the orderly development of the plan as a whole, in any area of the state or in any participating managed health care system.

NEW SECTION. Sec. 11. Any enrollee whose premium payments to the plan are delinquent or who moves his or her residence out of an area served by the plan may be dropped from enrollment status. An enrollee whose premium is the responsibility of the department of social and health services under section 13 of this act may not be dropped solely because of
nonpayment by the department. The administrator shall provide delinquent enrollees with advance written notice of their removal from the plan and shall provide for a hearing under chapters 34.04 and 34.12 RCW for any enrollee who contests the decision to drop the enrollee from the plan. Upon removal of an enrollee from the plan, the administrator shall promptly notify the managed health care system in which the enrollee has been enrolled, and shall not be responsible for payment for health care services provided to the enrollee (including, if applicable, members of the enrollee's family) after the date of notification. A managed health care system may contest the denial of payment for coverage of an enrollee through a hearing under chapters 34.04 and 34.12 RCW.

NEW SECTION. Sec. 12. Managed health care systems participating in the plan shall do so by contract with the administrator and shall provide, directly or by contract with other health care providers, covered basic health care services to each enrollee as long as payments from the administrator on behalf of the enrollee are current. A participating managed health care system may offer, without additional cost, health care benefits or services not included in the schedule of covered services under the plan. A participating managed health care system shall not give preference in enrollment to enrollees who accept such additional health care benefits or services. Managed health care systems participating in the plan shall not discriminate against any potential or current enrollee based upon health status, sex, race, ethnicity, or religion. The administrator may receive and act upon complaints from enrollees regarding failure to provide covered services or efforts to obtain payment, other than authorized copayments, for covered services directly from enrollees, but nothing in this chapter empowers the administrator to impose any sanctions under Title 18 RCW or any other professional or facility licensing statute.

The plan shall allow, at least annually, an opportunity for enrollees to transfer their enrollments among participating managed health care systems serving their respective areas. The administrator shall establish a period of at least twenty days in a given year when this opportunity is afforded enrollees, and in those areas served by more than one participating managed health care system the administrator shall endeavor to establish a uniform period for such opportunity. The plan shall allow enrollees to transfer their enrollment to another participating managed health care system at any time upon a showing of good cause for the transfer.

Any contract between a hospital and a participating managed health care system under this chapter is subject to the requirements of RCW 70.39.140(1) regarding negotiated rates.

Prior to negotiating with any managed health care system, the administrator shall determine, on an actuarially sound basis, the reasonable cost of providing the schedule of basic health care services, expressed in terms of upper and lower limits, and recognizing variations in the cost of providing
the services through the various systems and in different areas of the state. In negotiating with managed health care systems for participation in the plan, the administrator shall adopt a uniform procedure that includes at least the following:

(1) The administrator shall issue a request for proposals, including standards regarding the quality of services to be provided; financial integrity of the responding systems; and responsiveness to the unmet health care needs of the local communities or populations that may be served;

(2) The administrator shall then review responsive proposals and may negotiate with respondents to the extent necessary to refine any proposals;

(3) The administrator may then select one or more systems to provide the covered services within a local area; and

(4) The administrator may adopt a policy that gives preference to respondents, such as nonprofit community health clinics, that have a history of providing quality health care services to low-income persons.

NEW SECTION. Sec. 13. The department of social and health services shall make periodic payments to the administrator as an agent for the participating managed health care systems on behalf of any enrollee who is a recipient of medical assistance, medical care–limited casualty program, or medical care services under chapter 74.09 RCW, at the maximum rate allowable for federal matching purposes under Title XIX of the social security act, but not to exceed the rate negotiated by the administrator with the participating managed health care system for the services covered by the plan, and no premium or copayment may be charged to such an enrollee. Any enrollee on whose behalf the department of social and health services makes payments to the administrator under this section and chapter 74.09 RCW may continue as an enrollee, making premium payments based on the enrollee's own income as determined under the sliding scale, after eligibility for coverage under chapter 74.09 RCW has ended, as long as the enrollee remains eligible under this chapter. Nothing in this section affects the right of any person eligible for coverage under chapter 74.09 RCW to receive the services offered to other persons under that chapter but not included in the schedule of basic health care services covered by the plan. The administrator and the department of social and health services shall cooperatively adopt procedures to facilitate the transition of plan enrollees and payments on their behalf between the plan and the programs established under chapter 74.09 RCW.

NEW SECTION. Sec. 14. In addition to the powers and duties specified in sections 6 and 8 of this act, the administrator has the power to enter into contracts for the following functions and services:

(1) With public or private agencies, to assist the administrator in her or his duties to design or revise the schedule of covered basic health care services, and/or to monitor or evaluate the performance of participating managed health care systems.
(2) With public or private agencies, to provide technical or professional assistance to health care providers, particularly public or private nonprofit organizations and providers serving rural areas, who show serious intent and apparent capability to participate in the plan as managed health care systems.

(3) With public or private agencies, including health care service contractors registered under RCW 48.44.015, and doing business in the state, for marketing and administrative services in connection with participation of managed health care systems, enrollment of enrollees, billing and collection services to the administrator, and other administrative functions ordinarily performed by health care service contractors, other than insurance. Any activities of a health care service contractor pursuant to a contract with the administrator under this section shall be exempt from the provisions and requirements of Title 48 RCW.

NEW SECTION. Sec. 15. The activities and operations of the Washington basic health plan under this chapter, including those of managed health care systems to the extent of their participation in the plan, are exempt from the provisions and requirements of Title 48 RCW, except as provided in section 9 of this act.

NEW SECTION. Sec. 16. A new section is added to chapter 50.20 RCW to read as follows:

The commissioner shall notify any person filing a claim under this chapter who resides in a local area served by the Washington basic health plan of the availability of basic health care coverage to qualified enrollees in the Washington basic health plan under chapter 70.—RCW (sections 1 through 15 of this act), unless the Washington basic health plan administrator has notified the commissioner of a closure of enrollment in the area. The commissioner shall maintain a supply of Washington basic health plan enrollment application forms, which shall be provided in reasonably necessary quantities by the administrator, in each appropriate employment service office for the use of persons wishing to apply for enrollment in the Washington basic health plan.

NEW SECTION. Sec. 17. A new section is added to chapter 51.28 RCW to read as follows:

The director shall notify persons receiving time-loss payments under this chapter of the availability of basic health care coverage to qualified enrollees under chapter 70.—RCW (sections 1 through 15 of this act), unless the Washington basic health plan administrator has notified the director of closure of enrollment in the plan. The director shall maintain supplies of Washington basic health plan enrollment application forms in all field service offices where the plan is available, which shall be provided in reasonably necessary quantities by the administrator for the use of persons wishing to apply for enrollment in the Washington basic health plan.
NEW SECTION. Sec. 18. A new section is added to chapter 74.04 RCW to read as follows:

The department shall notify any applicant for public assistance who resides in a local area served by the Washington basic health plan and is under sixty-five years of age of the availability of basic health care coverage to qualified enrollees in the Washington basic health plan under chapter 70.—RCW (sections 1 through 15 of this act), unless the Washington basic health plan administrator has notified the department of a closure of enrollment in the area. The department shall maintain a supply of Washington basic health plan enrollment application forms, which shall be provided in reasonably necessary quantities by the administrator, in each appropriate community service office for the use of persons wishing to apply for enrollment in the Washington basic health plan.

NEW SECTION. Sec. 19. The Washington basic health plan administrator shall be appointed and commence operations as promptly as practicable after the effective date of this section. Not later than January 1, 1988, the administrator shall submit to the legislature a progress report including:

(1) The schedule of covered basic health care services adopted under section 8 of this act;

(2) A descriptive listing of managed health care systems expected to participate in the Washington basic health plan, along with an identification of prospective local areas for initial participation in the plan;

(3) The approximate amount of funds estimated to be on deposit in the basic health plan trust account as of March 31 and June 30, 1988;

(4) A description of the sliding fee schedule for enrollee premium payments and copayments adopted by the administrator under section 8 of this act;

(5) An evaluation of the financial viability of rural hospitals and the availability of necessary health care services in such areas, based upon any contacts or negotiations either the administrator or staff may have had with providers in rural areas of the state, together with any specific recommendations they may wish to make;

(6) Any proposals for statutory changes which the administrator deems necessary to implement the purposes of this chapter; and

(7) Any other information which the administrator deems appropriate.

Not later than January 1, 1989, the administrator shall submit to the legislature a further progress report, updating its 1988 report, and covering the same items provided for therein, with projections based upon implementation of the plan to date. Further, the report shall include a description of the performance of the first managed health care systems included as eligible providers as provided in section 10 of this act. The administrator shall submit an annual report to the legislature by January 1 of each year thereafter.
NEW SECTION, Sec. 20. A new section is added to chapter 74.09 RCW to read as follows:

(1) The department of social and health services shall, to the extent that funds are specifically appropriated for this purpose, provide matching grants on a one-to-one state/local basis to hospitals that are designated by the hospital commission as meeting all of the following criteria:
   (a) Providing an amount of charity care equal to or greater than two hundred fifty percent of the state average;
   (b) A tertiary care center; and
   (c) Providing ten percent of the tertiary care to patients from outside the county in which the hospital is located.

(2) Grants shall be allocated to eligible hospitals based on the hospital's relative amount of charity care.

(3) Local matching funds shall be from a nonrate-setting revenue source as defined by the hospital commission.

(4) The department shall seek matching federal Title XIX medicaid funds pursuant to the "disproportionate share" provisions of the federal social security act. If necessary to obtain federal funds, the department may use the following provision in lieu of those set forth in subsections (1), (2), and (3) of this section: A hospital is eligible for a grant if it is designated by the hospital commission as having medical assistance charges exceeding twenty percent of the hospital's total rate-setting revenue during the preceding calendar year.

Sec. 21. Section 2, chapter 303, Laws of 1986 and RCW 74.09.522 are each amended to read as follows:

(1) For the purposes of this section, "managed health care system" means any health care organization, including health care providers, insurers, health care service contractors, health maintenance organizations, health insuring organizations, or any combination thereof, that provides directly or by contract health care services covered under RCW 74.09.520 and rendered by licensed providers, on a prepaid capitated case management basis and that meets the requirements of section 1903(m)(1)(A) of Title XIX of the federal social security act.

(2) No later than July 1, 1989, the department of social and health services shall enter into agreements with managed health care systems to provide health care services to recipients of aid to families with dependent children under the following conditions:

(a) Agreements shall be made within one class A county in the eastern part of the state for at least ten thousand recipients; and one class AA county for at least fifteen thousand recipients in the western part of the state; and one first class county of at least five thousand recipients in the western part of the state;
(b) At least one of the agreements shall include enrollment of all recipients of aid to families with dependent children residing in a defined geographical area; 

(c) (The department shall, to the extent possible, ensure that recipients have a choice of systems in which to enroll and, if necessary and medically appropriate treatment for a recipient is not available from or through a participating managed health care system; the department shall exempt the recipient from any requirement to receive some or all of their medical services from such a system)) To the extent that this provision is consistent with section 1903(m) of Title XIX of the federal social security act, recipients shall have a choice of systems in which to enroll and shall have the right to terminate their enrollment in a system: PROVIDED, That the department may limit recipient termination of enrollment without cause to the first month of a period of enrollment, which period shall not exceed six months: AND PROVIDED FURTHER, That the department shall not restrict a recipient's right to terminate enrollment in a system for cause;

(d) To the extent ((possible, the department shall ensure that participating managed health care systems do not enroll a disproportionate number of medical assistance recipients within the total numbers of persons served by the managed health care systems)) that this provision is consistent with section 1903(m) of Title XIX of the federal social security act, participating managed health care systems shall not enroll a disproportionate number of medical assistance recipients within the total numbers of persons served by the managed health care systems, except that this subsection (d) shall not apply to entities described in subparagraph (B) of section 1903(m) of Title XIX of the federal social security act;

(e) Prior to negotiating with any managed health care system, the department shall estimate, on an actuarially sound basis, the expected cost of providing the health care services expressed in terms of upper and lower limits, and recognizing variations in the cost of providing the services through the various systems and in different project areas. In negotiating with managed health care systems the department shall adopt a uniform procedure that includes at least request for proposals, including standards regarding the quality of services to be provided; and financial integrity of the responding system. The department may negotiate with respondents to the extent necessary to refine any proposals;

(f) The department shall seek waivers from federal requirements as necessary to implement this chapter;

(g) The department shall, wherever possible, enter into prepaid capitation contracts that include inpatient care. However, if this is not possible or feasible, the department may enter into prepaid capitation contracts that do not include inpatient care;
(h) The department shall define those circumstances under which a managed health care system is responsible for out-of-system services and assure that recipients shall not be charged for such services; and

(i) Nothing in this section prevents the department from entering into similar agreements in additional counties or for other groups of people eligible to receive services under chapter 74.09 RCW.

(3) The department shall seek to obtain a large number of contracts with providers of health services to medicaid recipients. The department shall ensure that publicly supported community health centers and providers in rural areas, who show serious intent and apparent capability to participate in the project as managed health care systems are seriously considered as providers in the project. The department shall coordinate these projects with the plans developed under chapter 70. — RCW (sections 1 through 15 of this 1987 act).

NEW SECTION. Sec. 702. FOR THE DEPARTMENT OF ECOLOGY

Waste disposal facilities: 1980 (88–2–001)

The appropriation in this section is subject to the following conditions and limitations: A maximum of $1,500,000 of the appropriation may be expended for planning assistance to any ground water management areas created pursuant to chapter 453, Laws of 1985. Such assistance shall be allocated in a manner consistent with chapter 3, Laws of 1986.

NEW SECTION. Sec. 703. FOR THE DEPARTMENT OF ECOLOGY

Water quality projects (88–3–003)

The appropriation in this section is subject to the following conditions and limitations:

(1) $1,000,000 of the water quality account appropriation is provided solely for hazardous waste planning assistance, consistent with chapter 3, Laws of 1986. If House Bill No. 434 is enacted by June 30, 1987, the amount provided in this subsection shall lapse.

(2) In developing rules to administer chapter 3, Laws of 1986 and in awarding grants, extended grant payments, or loans from the water quality account, the department shall include, but not be limited to the following:

(a) For facilities that discharge directly into marine waters, the department shall:

(i) Give first priority to secondary wastewater treatment facilities that are mandated by both federal and state law;

(ii) Give second priority to projects which reduce combined sewer overflows; and

(iii) Encourage economies that are derived from any simultaneous projects which achieve both (i) and (ii) of this subsection.

(b) In determining the appropriate level of state assistance for eligible facilities and activities, the department shall consider:

(i) The need to provide additional assistance for eligible activities undertaken by local public bodies which lack taxing or revenue generating authority; and
(ii) The need to provide additional assistance for eligible facilities undertaken by local public bodies that would suffer severe financial hardship in the absence of such additional assistance.

(c) The department shall place such funds as may be necessary from the water quality account into a state revolving loan fund to be used to match capitalization funds provided by the federal environmental protection agency under Public Law 100-4. The department shall also gradually arrange for a transition in the assistance program toward the use of loans.

(d) The following limitations shall apply to the department's total distribution of funds appropriated under this section:

(i) Not more than fifty percent for water pollution control facilities which discharge directly into marine waters;

(ii) Not more than twenty percent for water pollution control activities that prevent or mitigate pollution of underground waters and facilities that protect federally designated sole source aquifers with at least two-thirds for the Spokane–Rathdrum Prairie aquifer;

(iii) Not more than ten percent for water pollution control activities that protect freshwater lakes and rivers including but not limited to Lake Chelan and the Yakima and Columbia rivers;

(iv) Not more than ten percent for activities which control nonpoint source water pollution;

(v) Ten percent and such sums as may be remaining from the categories specified in (i) through (iv) of this subsection for water pollution control activities or facilities as determined by the department.

(5) In determining compliance schedules for the greatest reasonable reduction of combined sewer overflows, the department shall consider the amount of grant or loan moneys available to assist local governments in the planning, design, acquisition, construction, and improvement of combined sewer overflow facilities.

(1) A maximum of $500,000 of this reappropriation may be expended to complete the Lake Osoyoos international water control structure authorized by chapter 76, Laws of 1982. This amount is in addition to the $3,000,000 previously appropriated for this purpose.

(2) Funds previously appropriated for the East Selah reregulating reservoir shall be reallocated for purposes of early implementation of the Yakima river basin water enhancement project in order to financially assist irrigators in making up 80,000 acre feet of water per year lost because of a 1980 court decision.

**NEW SECTION.** Sec. 913. FOR THE ARTS COMMISSION——ART WORK ALLOWANCE

In accordance with RCW 28A.58.055, 28B.10.027, and 43.17.200, all state agencies or departments shall expend, as a nondeductible item, out of any moneys appropriated for the original construction of any state building, an amount of one-half of one percent of the appropriation for the acquisition of works of art which may be an integral part of the structure, attached to the structure, detached within or outside of the structure, or can be exhibited by the agency in other public facilities. If the amount is not required in toto or in part for any project, the unrequired amounts may be accumulated and expended for art in other projects of the agency. For the purpose of this section, "building" does not include highway construction sheds, warehouses, or other buildings of a temporary nature.
NEW SECTION. Sec. 914. The sum of two hundred thousand dollars or as much thereof as may be necessary, is appropriated to the office of financial management from the state building construction account.

The appropriation in this section is subject to the following conditions and limitations:

The office of financial management shall conduct a study on improving the state's capital planning and budgeting process and shall submit a report to the state legislature by January 1, 1988, with appropriate recommendations, plans, and proposed legislation that would establish comprehensive capital planning guidelines and criteria by which state agencies would prepare their six-year capital plans and by which the office of financial management shall conduct reviews and revisions of agency capital budget plans, including lease and lease development projects. These guidelines shall provide for at least the following categories and criteria under which capital requests shall be grouped and evaluated:

(1) NEW CAPITAL PURCHASE, LEASE, AND LEASE DEVELOPMENT REQUESTS: The criteria for evaluating such requests should include changes in workload volumes, service levels, resource requirements necessary to support changes in workload or service levels, and cost–benefit analysis to determine the feasibility of the request as well as the advantages of leasing versus purchasing and vice versa;

(2) REPLACEMENT OF EXISTING CAPITAL ASSETS: The criteria for evaluating such requests should include the alleviation of hazardous conditions in accordance with life–safety and building code requirements, and alleviation of the inability to maintain economically the asset as determined by appropriate cost and feasibility studies;

(3) MAJOR MAINTENANCE: The criteria for evaluating such requests should include, but not be limited to compliance with life–safety and building code requirements, energy conservation, alleviation of overcrowded space conditions, avoidance of waste and deterioration, and enhancements to working conditions;

(4) COMMUNITY AND ECONOMIC DEVELOPMENT (i.e. grants, subsidies, loans, and entitlements to local governments): The criteria for evaluating such requests should include quantifiable measurements for determining the extent to which the project or program meets the goals, objectives, or intent of its authorizing legislation;

(5) OTHER:
   (a) Avoiding duplication or waste by coordinating program and project plans and schedules;
   (b) Taking advantage of economies of scale by sharing program and project costs; and
   (c) Advertising and awarding program and project funds or bids under one rather than multiple contract proposals.
NEW SECTION. Sec. 915. To carry out effectively the provisions of this act, the governor may assign responsibility for planning, engineering, construction, and other related activities to any appropriate agency.

NEW SECTION. Sec. 916. Reappropriations shall be limited to the unexpended balances remaining June 30, 1987, in the current appropriation for each project.

NEW SECTION. Sec. 917. As part of the annual six year update to the State Facilities and Capital Plan, agencies shall provide lease development projects to the office of financial management.

NEW SECTION. Sec. 918. If any federal moneys appropriated by this act for capital projects are not received by the state, the department or agency to which the moneys were appropriated may replace the federal moneys with any moneys available from private or local sources. No replacement may occur under this section without the prior approval of the director of financial management in consultation with the committees on ways and means of the senate and house of representatives.

NEW SECTION. Sec. 919. Notwithstanding any other provisions of law, for the 1987-89 biennium, state treasurer transfers of reimbursement to the general fund from the community college capital projects account for debt service payments made under the provisions of Title 28B RCW shall occur only after such debt service payment has been made and only to the extent that funds are actually available in the account. Any unpaid reimbursements shall be a continuing obligation against the community college capital projects account until paid. The state board for community college education need not accumulate any specific balance in the community college capital projects account in anticipation of transfers to reimburse the general fund.

NEW SECTION. Sec. 920. Any capital improvements or capital project involving construction or major expansion of a state office facility, including district headquarters, detachment offices, and off-campus faculty offices, shall be reviewed by the department of general administration for possible consolidation and compliance with state office standards prior to allotment of funds. The intent of the requirement imposed by this section is to eliminate duplication and reduce total office space requirements where feasible, while ensuring proper service to the public.

NEW SECTION. Sec. 921. The governor, through the director of financial management, may authorize a transfer of appropriation authority provided for a capital project which is in excess of the amount required for the completion of such project to another capital project for which the appropriation is insufficient. No such transfer shall be used to expand the capacity of any facility beyond that intended by the legislature in making the appropriation. Such transfers may be effected only between capital appropriations to a specific department, commission, agency, or institution of
higher education and only between capital projects which are funded from the same fund or account.

For the purposes of this section, the governor may find that an amount is in excess of the amount required for the completion of a project only if (1) the project as defined in the notes to the budget document is substantially complete and there are funds remaining or (2) bids have been let on a project and it appears to a substantial certainty that the project as defined in the notes to the budget document can be completed within the biennium for less than the amount appropriated herein.

For the purposes of this section, the legislature intends that each project be defined as proposed to the legislature in the governor's budget document, unless it clearly appears from the legislative history that the legislature intended to define the scope of a project in a different way.

A report of any transfer effected under this section shall be filed with the legislative auditor by the director of financial management within thirty days of the date the transfer is effected. The legislative auditor shall review and compile these filings and periodically report thereon to the legislative budget committee and the appropriate standing committees of the senate and house of representatives.

NEW SECTION. Sec. 922. To carry out effectively, efficiently, and economically the provisions of this act, each agency shall establish a start date and completion date on each project which has an estimated total cost which exceeds five hundred thousand dollars and for which a start or completion date is not specified in this act. This information shall be furnished to the office of financial management and the legislative auditor no later than the date the allotment request is filed with the office of financial management. If a project cannot start on or before the indicated start date or be completed by the indicated completion date, the director of the agency shall document and file with the office of financial management and the legislative budget committee the reason for the delay and indicate the new start and/or completion date(s). The legislative auditor shall review these filings and report thereon to the legislative budget committee and the appropriate standing committees of the senate and house of representatives.

As a result of these filings, agency directors may be required to appear before the legislative budget committee for further explanation of a project delay.

NEW SECTION. Sec. 923. (1) The legislature finds:

(a) Estimates of capital project costs are prepared in a manner to ensure sufficient funds are available for the completion of projects.

(b) Actual project costs are influenced by variations in cost factors, changing unit price levels, available inventories, inflation rates, gross construction volume at the time of project bid, and other factors that cannot be predicted at the time of estimating capital project costs.
(c) Due to funding limitations, necessary capital projects are deferred to ensuing biennia.

(d) The deferral of capital projects results in increased project costs due to the effects of inflation and increased deterioration of facilities.

(e) No statutory authority currently exists to allow project cost savings to be used to implement necessary capital projects that were deferred to ensuing biennia due to lack of funds.

(2) There is hereby authorized a capital projects cost control incentive program for the 1987–89 biennium.

(3) Appropriations not required by an agency to complete capital projects authorized in this act, may be expended to implement, in priority sequence, those capital renewal projects of the agency listed in the Governor's Six-Year Capital and Facility Plan for the 1989–91 Biennium, as that list exists in the Governor's final 1988 update of the six-year plan. Expenditures under this section are subject to the following conditions:

(a) No expenditure may be made without the prior allotment approval of the office of financial management.

(b) The office of financial management shall notify the senate and house ways and means committees prior to authorizing any project for implementation under this section.

(c) No project may be authorized under this section by the office of financial management unless sufficient funds are available to complete a project's design phase, construction phase, or both.

(d) Appropriations in this act for a capital project shall not be expended under this section unless:

(i) All contracts associated with the performance of the project have been completed and accepted by the state of Washington;

(ii) The statutory thirty-day lien period for each project has expired;

(iii) All claims of lien against project contracts have been satisfied;

(iv) There are no outstanding claims against the state of Washington by any contracted party to the project construction contract; and

(v) Any and all negotiated settlements or settlements arising from the findings of an arbitration board or court of jurisdiction have been satisfied.

NEW SECTION. Sec. 924. To assure that major construction projects are carried out in accordance with legislative and executive intent, capital projects for renovation or additional space contained in this act that exceed two million five hundred thousand dollars and have not completed a program document prior to September 1, 1986, shall not expend funds for planning and construction until the office of financial management has reviewed the agency's programmatic document and approved the continuation of the project. The program document shall include but not be limited to projected workload, site conditions, user requirements, current space available, and an overall budget and cost estimate breakdown.
NEW SECTION. Sec. 925. The appropriations contained in this act are maximum expenditure authorizations. Pursuant to RCW 43.88.037, moneys disbursed from the treasury on the basis of a formalized loan agreement with another governmental entity shall be treated as a loan and are to be recorded as loans receivable and not as expenditures for accounting purposes. To the extent that moneys are disbursed on a loan basis, the corresponding appropriation shall be reduced by the amount of loan moneys disbursed from the treasury during the 1987–89 biennium.

NEW SECTION. Sec. 926. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 927. This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect immediately.

Passed the House May 18, 1987.
Passed the Senate May 18, 1987.
Approved by the Governor June 12, 1987, with the exception of certain items which were vetoed.

File in Office of Secretary of State June 12, 1987.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to sections 408(1) and 412, ReEngrossed Substitute House Bill No. 327, entitled:

"AN ACT Adopting the capital budget."

Section 408(1), Page 42, State Board of Education

This subsection eliminates the "super match" for school projects related to desegregation or vocational technical assistance. There are several jurisdictions around the state which have approved bond issues based on the premise that they would qualify for this funding. To change the rules now would mean these projects could not go forward. I do not believe this is appropriate.

However, I am concerned about the policy of providing "super match" for specific types of projects. During the interim, I intend to review this policy and determine whether legislation affecting future projects should be offered.

Section 412, Page 43, Superintendent of Public Instruction

This section provides funds for capital planning and interim transportation costs for Nine Mile Falls School District. From discussions with representatives of the district, it appears that the purpose is incorrectly stated. It is supposed to be used for costs related to the transition of the district from a non-high to a high school district. However, the citizens of the district have already provided sufficient levy money to cover all these costs, which include the cost of bonds for the new high school and payments to other school districts for taking Nine Mile Falls high school students while the new school is being constructed. There is no justification for appropriating these funds.

With the exception of sections 408(1) and 412, ReEngrossed Substitute House Bill No. 327 is approved."
OPERATING BUDGET

AN ACT Relating to the budget; making appropriations and authorizing expenditures for the operations of state agencies for the fiscal biennium beginning July 1, 1987, and ending June 30, 1989; providing effective dates; and declaring an emergency.

Be it enacted by the Legislature of the State of Washington:

NEW SECTION. Sec. 1. (1) A budget is hereby adopted and, subject to the provisions set forth in the following sections, the several amounts specified in the following sections, or so much thereof as shall be sufficient to accomplish the purposes designated, are hereby appropriated and authorized to be incurred for salaries, wages, and other expenses of the agencies and offices of the state and for other specified purposes for the fiscal biennium beginning July 1, 1987, and ending June 30, 1989, except as otherwise provided, out of the several funds of the state hereinafter named.

(2) Unless the context clearly requires otherwise, the definitions in this section apply throughout this act.

(a) "Fiscal year 1988" or "FY 1988" means the fiscal year ending June 30, 1988.

(b) "Fiscal year 1989" or "FY 1989" means the fiscal year ending June 30, 1989.

(c) "Provided solely" means the specified amount may be spent only for the specified purpose. Unless otherwise specifically authorized in this act, any portion of an amount provided solely for a specified purpose which is unnecessary to fulfill the specified purpose shall revert.

(d) "Revert" or "lapse" means the amount shall return to an unappropriated status.

(e) "FTE" means full time equivalent.

*NEW SECTION. Sec. 2. Agencies receiving appropriations under this act shall not initiate any services that will require expenditure of state general fund moneys except as expressly authorized in this act unless the services were provided on March 1, 1987. Agencies may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act and, in the case of unanticipated unrestricted federal moneys, as long as an equal amount of appropriated state general fund moneys is placed in a reserve status. Unrestricted federal moneys shall be used, to the maximum extent permitted under federal law, to replace state general fund moneys appropriated under this act for the biennium ending June 30, 1989. As used in this subsection, "unrestricted federal moneys" includes block grants and
other funds that federal law does not require to be spent on explicitly defined projects or matched on a formula basis by state funds.

*Sec. 2 was vetoed, see message at end of chapter.

**NEW SECTION. Sec. 3. For agencies for which the governor has allotment authority, the office of financial management shall limit expenditures for personal services contracts, goods and services, travel, and furnishings and equipment so that total general fund—state expenditures for such agencies are $18,000,000 less than the total of the general fund—state appropriations for such agencies.

*Sec. 3 was vetoed, see message at end of chapter.

Note: Governor's explanation of partial veto is as follows:

"I am returning this bill, without my approval as to sections 2, 3, 107(2), 121(2), 121(3), 201(1)(a), 201(1)(d), 201(3)(c), 202(4), 202(8), 205(2)(a), 207(3), 209(4), 213(3), 303(2), 313(6), 317, 401(3), 402(3), 506(4)(c), (6), (7), and (9), 515(2), 601(5), and 606(2), Engrossed Substitute House Bill No. 1221, entitled:

"AN ACT Relating to the budget; making appropriations and authorizing expenditures for the operations of state agencies for the fiscal biennium beginning July 1, 1987, and ending June 30, 1989."

My reasons for vetoing these sections are as follows:

Section 2, Page 2, Limits on New Services

This subsection prohibits new services not expressly authorized in this budget, unless the services were provided on March 1, 1987. In the 1987–89 biennium, I intend to continue to manage state services to keep their growth at a minimal level. I am concerned, however, that the absolute prohibition in this subsection may be too broad and may unnecessarily restrict state government’s ability to respond to emergent needs.

This section also requires replacement of state funds when unanticipated federal funds are received. Although acceptable in concept, the language used is too restrictive and could result in the inability to use federal fund sources as available.

Section 3, Page 2, $18 Million Savings

Section 3 requires $18 million in General Fund–state savings through limitations on agency expenditures for personal services contracts, goods and services, travel, and equipment. Although I intend to reduce agency expenditures to achieve the expected savings, agency managers should be given the flexibility to make budget reductions in ways that are least disruptive to agency program objectives. The savings can be achieved through means other than the four items cited in this section. I would hope, too, that higher education institutions and elected officials, over whom I have no direct management control, will join with other executive agencies in finding savings.

Section 107(2), page 4, Public Defender Task Force.

This subsection designates $110,000 in the Supreme Court’s budget for creation of a task force to study the creation of a statewide program for delivery of indigent defense services. It also creates a task force director position. The responsibility for providing indigent defense currently rests with the state for appellate cases and with local governments for the trial court level. I do not favor consideration of shifting such substantial costs to the state for the total program without significant involvement and representation of state officials in the review.

[ 2764 ]
Section 121(2), Page 10, Draft Reports.

This language requires agencies to submit required reports to the Legislature by the date specified, notwithstanding time for the Office of Financial Management to grant approval. This language is unnecessary. Sections of law requiring such reports have specific due dates and the Office of Financial Management has the necessary authority to require the reports due in advance so it can review them prior to the date set by the Legislature.

Section 121(3), Page 10, Furniture Management.

This subsection requires the Office of Financial Management to report to the Legislature on a system to control the purchases of furniture by state agencies. I vetoed this requirement from House Bill No. 25 and I am vetoing it again for the same reason.

The system envisioned would add an additional layer of bureaucracy to a single part of the state purchasing system and would be costly to administer. Any changes in furniture purchasing should be considered in the context of improvements to the overall purchasing system.

Section 201(l)(a), Page 17, Work Training Release and Substance Abuse Contracts.

This section would restrict the Department of Corrections from using its own more cost-effective resources when appropriate and require the Department to contract solely with non-profit corporations for the amount specified for work-training release for convicted felons. This restriction is not appropriate and is inconsistent with other efforts to restrict use of personal service contracts.

Section 201(l)(d), Page 17, Sexual Offender Treatment Program

This subsection provides for the implementation of the Sex Offender Treatment Program within the provisions of Second Substitute House Bill No. 1251. This bill was not enacted by the Legislature. The Department of Corrections will, however, implement a sex offender treatment program consistent with current law and legislative intent.

Section 201(3)(c), Page 18, Drug and Alcohol Treatment Programs

Under this language the Department of Corrections is required to expend its drug and alcohol treatment funds solely through contract service providers. Since the Department currently utilizes both state employees and contract service providers for its drug and alcohol treatment programs, this proviso would have the effect of mandating the supplanting of state employees with contract providers. This proviso limits the ability of the Department to pursue the most efficient provision of drug and alcohol treatment to offenders in institutions and work release facilities. The Department of Corrections will continue to provide drug and alcohol treatment through the use of both state employees and contracted services.

Section 202(4), Page 19, Legislative Review of Eligibility Criterion, Department of Social and Health Services.

This subsection prohibits the Department of Social and Health Services from revising eligibility criteria in a manner that would increase the number of eligible persons or increase General Fund-State expenditures. The subsection also stipulates that required revisions to eligibility criteria be reviewed by the appropriate committees of the Legislature prior to implementation. While it is not my intention to voluntarily change criteria in a manner which would increase the number of eligible persons, I believe that this provision eliminates the agency's ability to react expeditiously to changes by the courts and the federal government as well as to maximize efficiency. Should such mandatory changes become necessary, the Department of Social and Health Services will promptly inform the appropriate legislative committees.

Section 202(8), Page 20, Monthly Unit Cost Performance Data.
This subsection provides for monthly reporting of cost performance data from all the Department of Social and Health Services budget units and is overly restrictive. This requirement would result in excessive amounts of data being transmitted from the Department of Social and Health Services to the LEAP Committee. The Executive has responded and will continue to respond to legislative inquiries at the specific level of detail requested as well as provide regular reports on key budget drivers.

Section 205(2)(a), Page 27, Program for Adaptive Living Transition Plan.

This subsection requires the Department of Social and Health Services to develop a plan to move clients served by the Program for Adaptive Living into community residential facilities, and prohibits any other community residential programs from being established on the grounds of state mental institutions.

I share legislative concern for creating community alternatives for the mentally ill and will direct the Department to develop a transition plan for submittal to the Office of Financial Management by January 1, 1988. This plan will address the transition of clients served by the Program for Adaptive Living into community residential facilities. No new community residential programs will be established on the grounds of state mental health institutions without consultation with the appropriate legislative committees and Office of Financial Management approval.

Section 207(3), Page 30, Contracted Chore Services

Section 207(3) deals with the low wage earner increase. The appropriation provided in the long term care budget does not adequately support the requirement as written. The result of this appropriation would be an unintended increase to some providers which could only be funded by reductions to the chore services caseload. Although I am vetoing this section, I am directing the Department of Social and Health Services to implement the low wage earner increase to provide rates of $4.76 per hour beginning September 1, 1987, and $5.15 per hour beginning September 1, 1988, for full-time employees providing chore services on an hourly basis and to allow an equivalent percentage increase for services provided by individuals to clients for the attendant care program. By taking this action, we will be able to maintain chore service caseloads at the highest level possible while guaranteeing substantial wage increases for low paid direct service workers.

Section 209(4), Page 33, Shelter Services Under Substitute House Bill No. 646.

This section requires the Department of Social and Health Services to provide services to any individual who requests shelter, and who is determined to be eligible by criteria established in Substitute House Bill 646, the "Alcoholism and Drug Addiction Treatment and Shelter Act." Fiscal responsibility is clearly defined in Substitute House Bill 646: "the Department shall provide alcohol and drug treatment services within available funds." The demand for shelter related to treatment services may very well exceed the level assumed in the budget language and is inconsistent with the intent of Substitute House Bill 646, which is to provide shelter and treatment services only within available funds.

Section 213(3), Page 37, Transferring $500,000 to the Department of Revenue.

This appropriation transfer is no longer applicable because of my veto of House Bill 1239, the bill which authorized the transfer of caseload forecasting functions to the Economic and Revenue Forecast Council.

Section 303(2), Page 50, Wetlands Restoration Project Planning.

This subsection reduces flexibility in the Department of Ecology's budget by requiring it to expend $75,000 of the General Fund-State appropriation solely for wetlands restoration planning. Funding for this activity was not added to the Department's budget and must be absorbed in existing programs. This veto will allow the Department to carry out this planning activity more effectively within existing resources.

Section 313(6), Page 57, Hazardous Waste Disposal Program.
This subsection appropriates $50,000 to the Department of Agriculture to implement a hazardous waste disposal program for pesticides. Earlier, I vetoed Senate Bill No. 6010, which directed the Department to develop the administrative structure necessary to implement a disposal program for pesticides because that activity would have caused the state to assume long-term liability. In recognition of the growing problem of pesticide disposal, I am directing the Department of Agriculture to use these funds to develop a proposal for disposal of these wastes.

Section 317, Page 60, State Convention and Trade Center, Duplication

This section is a duplication of section 12 of Engrossed Substitute Senate Bill No. 5901, which also contains the same appropriation but also creates a new account established for the Convention Center's operating expenses.

Section 401(3), Page 61, State Patrol.

This section establishes a major crimes investigation unit within the Washington State Patrol. The initiation of this unit, which expands the State Patrol's activities to include direct criminal investigation assistance to local law enforcement entities, is a major policy decision which should receive careful and thorough executive and legislative scrutiny. It should be noted that the Legislature did consider, but failed to enact, legislation adopting this policy in the 1987 session.

One of the purposes of this appropriation is to allow the Washington State Patrol to work with the Green River Task Force. The Task Force has accumulated much valuable information which could be used by other law enforcement authorities both now and in the future. I believe that this is a worthwhile undertaking and am therefore directing the Chief of the Washington State Patrol to work with the Office of Financial Management to devise and fund a plan for drawing on the task force's knowledge and data.

Section 402(3), Page 62, Department of Licensing.

This subsection places portions of second-year appropriations for professional regulation into reserve pending reappropriation by the 1988 Legislature. It requires that a report describing the methods used to set fees be submitted to the Legislature by December 1, 1987. The withholding of appropriations is unduly restrictive, especially in view of new legislative requirements for professional licensing enacted this year. I have directed the Office of Financial Management to review the report and determine if the Department of Licensing has justified the methods used to set fees charged for professional regulation. The Department and the Office of Financial Management will work with the budget committees to resolve any outstanding issues.

Section 506(4)(c), (6), (7), and (9), Page 76, Local Education Program Enhancement Funds

Section 506 specifies both the funding level and use of monies appropriated for a new program, education block grants. I have consistently stated that I would not accept a budget with new programs that is not also financially responsible. This budget, combined with other legislation, provides a reserve of less than $70 million. I am concerned that this is inadequate, given normal fluctuations in revenue and spending forecasts. One way to increase the reserve would be to veto this entire section. However, the needs of K–12 education are so great that I have decided to leave the program and the funds in the budget.

Grant funding to local school districts in addition to their basic education allocations includes adult/pupil ratio; dropout prevention and retrieval programs; drug and alcohol abuse programs; early childhood programs; in-service training programs; and programs to enhance reasoning and analytical skills. However, certain subsections are vetoed as follows:

Subsection 4(c) requires that a two-year plan be established by districts based on the needs identified by "the committee". There is no committee stipulated in section 506; it was only included in earlier drafts of the legislation. Therefore, this language is inappropriate. In addition, districts are charged in other subsections with
assessing and evaluating their needs as they relate to expending the enhancement funds.

Subsection 6 restricts districts unnecessarily as to their process for determining how to spend the enhancement funds. Also, other controlling statutes would dictate if and when employee group involvement is required.

Subsection 7 unnecessarily stipulates that the enhancement funds may not be used for a salary increase beyond that which is specified in the budget. New statutory salary restrictions are now in place in ReEngrossed Second Substitute House Bill No. 455, which was passed after this budget bill, and this language is no longer needed.

Subsection 9 refers to a section of the code which has been repealed by ReEngrossed Second Substitute House Bill No. 455 and therefore must be removed to avoid confusion.

Section 515(2), Page 86, Educational Clinics

This subsection requires that $635,000 of the total appropriation for educational clinics be spent in counties presently unserved by clinics. These clinics work with dropouts to encourage them to return to school or to prepare them to take the GED examination. There are currently no applications pending with the Superintendent of Public Instruction to establish clinics in unserved counties. Furthermore, existing clinics have the capacity to serve more students than the balance of the appropriation would permit. I encourage the Superintendent to use the funds available as a result of my action for distribution to the existing clinics.

Section 601(5), page 91, Vocational Education Planning.

This subsection duplicates sections 601(4) and is therefore unnecessary.

Section 606(2) page 97, Central Washington University Business School Accreditation.

The Legislature provided significant increases for higher education, equalized funding per pupil among the regional universities, and adopted a policy of flexibility allowing institutional self-determination. Within that context, the restriction of additional funds for a single programmatic option is inconsistent and detrimental to the overall legislative objectives for higher education funding.

With the exception of sections 2, 3, 107(2), 121(2), 121(3), 201(1)(a), 201(1)(d), 201(3)(c), 202(4), 202(8), 205(2)(a), 207(3), 209(4), 213(3), 303(2), 313(6), 317, 401(3), 402(3), 506(4)(c), (6), (7) and (9), 515(2), 601(5), and 606(2), Engrossed Substitute House Bill No. 1221 is approved.
costs. Subject to the conditions and limitations provided in this section, lines of credit may be authorized at times and in amounts as the director of financial management determines are advisable to meet current and/or anticipated cash deficiencies. Each authorization shall distinctly specify the maximum amount of cash deficiency which may be incurred and the maximum time period during which the cash deficiency may continue. The total amount of borrowing outstanding at any time shall never exceed the lesser of:

(a) $58,275,000; or
(b) An amount, as determined by the director of financial management from time to time, which is necessary to provide for payment of project completion costs.

(2) Unless the due date under this subsection is extended by statute, all amounts borrowed under the authority of this section shall be repaid to the state treasury by June 30, 1989, together with interest at a rate determined by the state treasurer to be equivalent to the return on investments of the state treasury during the period the amounts are borrowed. Borrowing may be authorized from any excess balances in the state treasury, except the agricultural permanent fund, the Millersylvania park permanent fund, the state university permanent fund, the normal school permanent fund, the permanent common school fund, and the scientific permanent fund.

(3) As used in this section, "project completion" means:

(a) All remaining development, construction, and administrative costs related to completion of the convention center; and
(b) Costs of the McKay building demolition, Eagles building rehabilitation, and construction of rentable retail space and an operable parking garage.

(4) It is the intent of the legislature that project completion costs be paid ultimately from the following sources:

(a) $29,250,000 to be received by the corporation under an agreement and settlement with Industrial Indemnity Co.;
(b) $1,070,000 to be received by the corporation as a contribution from the city of Seattle;
(c) $20,000,000 to be received by the corporation under an anticipated agreement with a private developer;
(d) $7,955,000 to be provided by a private developer for McKay building demolition, Eagles building rehabilitation, and construction of rentable retail space and an operable parking garage; and
(e) $4,765,000 for contingencies and project reserves from additional general obligation bonds to be repaid from convention center revenue from the special excise tax under RCW 67.40.090.

(5) The borrowing authority provided in this section is in addition to the authority to borrow from the general fund to meet the bond retirement and interest requirements set forth in RCW 67.40.060. To the extent the
specific conditions and limitations provided in this section conflict with the
general conditions and limitations provided for temporary cash deficiencies
in RCW 43.88.260 (section 7, chapter ... (SSB 5606), Laws of 1987), the
specific conditions and limitations in this section shall govern.

Sec. 2. Section 2, chapter 34, Laws of 1982 as last amended by section
1, chapter 210, Laws of 1984 and RCW 67.40.020 are each amended to
read as follows:

(1) The governor is authorized to form a public nonprofit corporation
in the same manner as a private nonprofit corporation is formed under
chapter 24.03 RCW. The public corporation shall be an instrumentality of
the state and have all the powers and be subject to the same restrictions as
are permitted or prescribed to private nonprofit corporations, but shall ex-
ercise those powers only for carrying out the purposes of this chapter and
those purposes necessarily implied therefrom. The governor shall appoint a
board of nine directors for the corporation who shall serve terms of six
years, except that two of the original directors shall serve for two years and
two of the original directors shall serve for four years. After January 1,
1991, at least one position on the board shall be filled by a member repre-
senting management in the hotel or motel industry subject to taxation under
RCW 67.40.090. The directors may provide for the payment of their ex-
penses. The corporation may cause a state convention and trade center with
an overall size of approximately three hundred thousand square feet to be
designed and constructed on a site in the city of Seattle. In acquiring, de-
signing, and constructing the state convention and trade center, the corpo-
ration shall consider the recommendations and proposals issued on
December 11, 1981, by the joint select committee on the state convention
and trade center.

(2) The corporation may acquire and transfer real and personal prop-
erty by lease, sublease, purchase, or sale, and further acquire property by
condemnation of privately owned property or rights to and interests in such
property pursuant to the procedure in chapter 8.04 RCW, or gift, accept
grants, request the financing provided for in RCW 67.40.030, cause the
state convention and trade center facilities to be constructed, and do what-
ever is necessary or appropriate to carry out those purposes. The corpora-
tion may enter into lease and sublease contracts for a term exceeding the
fiscal period in which such lease and sublease contracts are made: PRO-
VIDED, That such contracts are approved by the director of financial man-
age ment in consultation with the chairpersons of the ways and means
committees of the house of representatives and the senate. The terms of sale
or lease of properties acquired by the corporation on February 9, 1987,
pursuant to the property purchase and settlement agreement entered into by
the corporation on June 12, 1986, excepting the McKay parcel which the
corporation is contractually obligated to sell under that agreement, shall
also be subject to the approval of the director of financial management in
consultation with the chairpersons of the ways and means committees of the house of representatives and the senate. In order to allow the corporation flexibility to secure appropriate insurance by negotiation, the corporation is exempt from RCW 48.30.270. The corporation shall maintain, operate, promote, and manage the state convention and trade center.

(3) In order to allow the corporation flexibility in its personnel policies, the corporation is exempt from chapter 41.06 RCW, chapter 41.05 RCW, RCW 43.01.040 through 43.01.044, chapter 41.04 RCW and chapter 41.40 RCW.

Sec. 3. Section 2, chapter 233, Laws of 1985 and RCW 67.40.025 are each amended to read as follows:

((To more accurately determine the total costs and revenues of)) All operating revenues received by the corporation formed under RCW 67.40-.020 ((and to ensure accountability, promote flexibility, and increase profitability, the funds of the corporation shall be administered as an enterprise fund by the corporation, the state treasurer, and other state agencies. Administration and accounting of an enterprise fund, as applied by and to the corporation formed under RCW 67.40.020, includes the following additional powers and practices:

(++) shall be deposited in the state trade and convention center operations account, hereby created in the state treasury. Moneys in the account, including unanticipated revenues under RCW 43.79.270, may be spent only after appropriation by statute, and may be used only for operation and promotion of the center.

Subject to approval by the office of financial management under RCW 43.88.260 (section 7, chapter ... (SSB 5606), Laws of 1987), the corporation may expend moneys for operational purposes in excess of the ((amount appropriated for such purposes)) balance in the account, to the extent the corporation receives or will receive additional operating revenues.

(((2) Seventy-five percent of the income from the investment of the corporation's funds deposited in the general fund pursuant to RCW 43.84-.090 including interest earned thereon, before and after May 10, 1985, shall be credited against any future borrowings by the corporation from the general fund for debt service or otherwise at the time such funds are needed after July 1, 1987:))

(4) As used in this section, "operating revenues" does not include any moneys required to be deposited in the state convention and trade center account.

Sec. 4. Section 4, chapter 34, Laws of 1982 as last amended by section 66, chapter 57, Laws of 1985 and RCW 67.40.040 are each amended to read as follows:

(1) The proceeds from the sale of the bonds authorized in RCW 67-.40.030, earnings from the investment of the proceeds, proceeds of the tax imposed under RCW 67.40.090, and ((operating revenues of)) all other
moneys received by the state convention and trade center from any public or private source which are intended to fund the acquisition, design, construction, expansion, or renovation of the center, shall be deposited in the state convention and trade center account hereby created in the state treasury and in such subaccounts as are deemed appropriate by the directors of the corporation.

(2) Seventy-five percent of the income from the investment of the corporation's funds deposited in the account, including interest earned thereon, before and after May 10, 1985, shall be credited against any future borrowings by the state convention and trade center corporation from the general fund for debt service or otherwise at the time such funds are needed after July 1, 1987.

(3) Moneys in the account, including unanticipated revenues under RCW 43.79.270, shall be used exclusively for the following purposes in the following priority:

((4))) (a) For reimbursement of the state general fund under RCW 67.40.060;

(b) After appropriation by statute:

((2))) (i) For payment of expenses incurred in the issuance and sale of the bonds issued under RCW 67.40.030;

((3))) (ii) For acquisition, design, and construction of the state convention and trade center:

((4))) (iii) For reimbursement of any expenditures from the state general fund in support of the state convention and trade center;

((6))) (iv) To establish a subaccount of up to fifty million dollars for expansion or renovation of the center;

((7))) (v) For early retirement of the bonds issued under RCW 67.40.030; and

((8))) (vi) To reduce or eliminate the tax imposed under RCW 67.40.090.

PROVIDED, That no proceeds from the sale of bonds or earnings from the investment of the proceeds shall be used to fund subsection (4) or (8) of this section.

Sec. 5. Section 6, chapter 34, Laws of 1982 as amended by section 5, chapter 1, Laws of 1983 2nd ex. sess. and RCW 67.40.060 are each amended to read as follows:

The state general obligation bond retirement fund shall be used for the payment of the principal of and interest on the bonds authorized in RCW 67.40.030.

The state finance committee shall, on or before June 30th of each year, certify to the state treasurer the amount needed in the ensuing twelve months to meet the bond retirement and interest requirements. Not less
than thirty days prior to the date on which any interest or principal and interest payment is due, the state treasurer shall withdraw from any general state revenues received in the state treasury and deposit in the state general obligation bond retirement fund an amount equal to the amount certified by the state finance committee to be due on that payment date. On each date on which any interest or principal and interest is due, the state treasurer shall cause an identical amount to be paid out of the state convention and trade center account, or state convention and trade center operations account, from the proceeds of the special excise tax imposed under RCW 67.40.090, operating revenues of the state convention and trade center, and bond proceeds and earnings on the investment of bond proceeds, for deposit in the general fund of the state treasury. Any deficiency in such transfer shall be made up as soon as special excise taxes are available for transfer and shall constitute a continuing obligation of the state convention and trade center account until all deficiencies are fully paid.

Bonds issued under RCW 67.40.030 shall state that they are a general obligation of the state of Washington, shall pledge the full faith and credit of the state to the payment of the principal thereof and the interest thereon, and shall contain an unconditional promise to pay the principal and interest as the same shall become due.

The owner and holder of each of the bonds or the trustee for the owner and holder of any of the bonds may by mandamus or other appropriate proceeding require the transfer and payment of funds as directed in this section.

Sec. 6. Section 9, chapter 34, Laws of 1982 and RCW 67.40.090 are each amended to read as follows:

Commencing April 1, 1982, there is imposed, and the department of revenue shall collect, in King county a special excise tax on the sale of or charge made for the furnishing of lodging by a hotel, rooming house, tourist court, motel, or trailer camp, and the granting of any similar license to use real property, as distinguished from the renting or leasing of real property, except that no such tax may be levied on any premises having fewer than sixty lodging units. It shall be presumed that the occupancy of real property for a continuous period of one month or more constitutes rental or lease of real property and not a mere license to use or enjoy the same. The legislature on behalf of the state pledges to maintain and continue this tax until the bonds authorized by this chapter are fully redeemed, both principal and interest.

(1) The rate of the tax imposed under this section shall be:

((a)) From April 1, 1982, through December 31, 1982, inclusive, three percent in the city of Seattle and two percent in King county outside the city of Seattle; and

((b)) On and after January 1, 1983, five percent in the city of Seattle and two percent in King county outside the city of Seattle. The tax
levied under this subsection (b) shall expire on the first day of the next calendar quarter after the director of financial management certifies that (i) the bonds issued pursuant to RCW 67.40.030 have been fully retired and (ii) all borrowings by the convention center for (A) bond retirement, and (B) operating expenses of the convention center incurred through June 30, 1992, have been repaid together with interest at a rate determined by the state treasurer to be equivalent to the return on investments of the state treasury during the period the amounts are borrowed.

(2) On and after October 1, 1993, in addition to the tax specified in subsection (1) of this section, there is levied a surtax for the purpose of reimbursing moneys borrowed to pay actual net operating deficits of the convention center incurred after June 30, 1992, as provided in this subsection. On or before October 1, 1993, and on or before October 1 of each succeeding year, the director of financial management shall certify the actual net operating deficit, if any, of the convention center for the prior fiscal year and shall determine the rate of surtax which, if imposed during the succeeding twelve months, will be sufficient to reimburse moneys borrowed for the actual net operating deficit of the convention center in the prior fiscal year plus any surtax deficiencies in prior years less any surtax surpluses in prior years. As used in this section, (a) "surtax deficiency" means any excess of (i) the convention center net operating deficit over (ii) receipts from the surtax imposed under this subsection to reimburse such deficit; and (b) "surtax surplus" means any excess of (i) receipts from a surtax imposed to reimburse a convention center net operating deficit over (ii) the convention center operating deficit which the surtax is intended to reimburse. The surtax so determined shall be effective, and shall be imposed and collected, beginning October 1 of each year for the succeeding twelve months: PROVIDED, That the surtax shall not exceed forty percent of the tax in effect under subsection (1) of this section in the city of Seattle and in King county outside the city of Seattle. The director of financial management shall determine the amount of the surtax based upon actual receipts from the tax provided for in RCW 67.40.090 during the last complete fiscal year. The surtax imposed on hotels and motels in King county outside the city of Seattle shall be forty percent of the surtax imposed on hotels and motels in the city of Seattle.

(3) The surcharge under subsection (2) of this section shall be forty percent of the tax in effect under subsection (1) of this section, effective on the day either of the following events occurs, whichever is earlier:

(a) A temporary or permanent injunction or order becomes effective which prohibits in whole or in part the collection of surtax at the rates specified in subsection (2) of this section; or

Passed the Senate May 21, 1987.
Approved by the Governor June 12, 1987, with the exception of certain items which were vetoed.
Filed in Office of Secretary of State June 12, 1987.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to section 10, Engrossed Substitute Senate Bill No. 5901, entitled:

"An Act Relating to fiscal matters."

The main thrust of this legislation provides additional programmatic and budgetary authorities for the State Convention and Trade Center that are necessary to ensure the timely completion of its construction and its fiscally responsible operation. I support the intent and purpose of these sections of the bill.

As a technical matter, I am vetoing section 10 of this bill, which repeals section 317 — an appropriation for convention center operations — in Engrossed Substitute House Bill No. 1221, the 1987-89 biennial state budget bill. I am taking separate action to veto section 317 of Engrossed Substitute House Bill No. 1221. Thus, the more current appropriation language contained in this bill, Engrossed Substitute Senate Bill No. 5901, should and will go into effect.

As a separate issue, I have received certain requests to veto sections 7 and 8 of this bill. These sections impose additional conditions on the use of proceeds from two special purpose taxes which the Legislature previously authorized the City of Bellevue to levy on hotel room sales. The conditions would prohibit the use of those proceeds to finance construction of a facility to house a professional sports team.

This issue arises, in part, as a legislative response to the City of Bellevue's current consideration of a plan to develop a major downtown civic complex, including possibly an arena that could be utilized in the future by the Seattle SuperSonics professional basketball team. The SuperSonics have several years remaining in their lease at the Seattle Center Coliseum, which is owned and managed by the City of Seattle. However, the SuperSonics have recently expressed their potential interest in developing and utilizing a new arena somewhere in the Central Puget Sound region.

The City of Bellevue has not yet made a final decision on whether, or how, it will proceed to develop the project. However, the City would like, in the event that it decides to proceed, to be able to use its portion of state authorized hotel tax proceeds to help finance such a civic complex, including a possible arena. On the other hand, sections 7 and 8 of Engrossed Substitute Senate Bill No. 5901 are a clear statement from the Legislature that it is not appropriate for the proceeds from Bellevue's state-authorized hotel tax to be used to construct a public arena that becomes part of a competition among jurisdictions in the region to secure an existing professional sports franchise tenant.

The question has been raised as to whether prohibiting the City's use of hotel tax proceeds in this manner constitutes an unwarranted state intrusion into local government affairs. After careful consideration, I have concluded that sections 7 and 8 represent the Legislature's further clarification of its intent concerning the use of special purpose hotel tax revenues. I agree with that intent. Therefore, I am signing Engrossed Substitute Senate Bill No. 5901 leaving sections 7 and 8 intact.
I have reached my conclusions on the appropriateness of retaining sections 7 and 8 based on several considerations. First of all, it is the Legislature which authorizes these special purpose hotel taxes that local governments may levy. Further, one of the two special hotel taxes at issue is Bellevue's 2% levy, which is a credit against the state's 6.5% sales tax. In this case, the state is authorizing Bellevue to collect a local tax which would otherwise be revenue to the State General Fund. Also, the Legislature has modified the local authority to levy these taxes, or has imposed new conditions on their use, frequently since original enactment twenty years ago. The most recent such change prior to this year was during the 1986 session. The Legislature then modified King County's authority to use proceeds from its 2% hotel tax, which is also a credit against the state sales tax, in order to provide subsidies in the Kingdome's leases with professional sports teams. Other new conditions were also imposed. In this later instance, the Legislature became highly sensitized to the issue of public subsidies to professional sports franchises through lease concessions in publicly-owned facilities.

I also have concerns about the potential impact a new taxpayer-financed arena would have on other existing taxpayer-financed facilities in the region. I also coconcur with the Sonics professional basketball team, whose officers have said that, should they decide they need a new facility, they would prefer to develop one as a totally private venture.

Bellevue officials have indicated that they may pursue construction of such a facility in spite of the prohibitions in sections 7 and 8 in Engrossed Substitute Senate Bill No. 5901. However, I am encouraged that discussions on this issue are involving public officials from throughout the region to consider the regional impact of such a decision. The parties at interest may need to bring this issue back before the Legislature next year.

With the exception of section 10, Engrossed Substitute Senate Bill No. 5901 is approved.*

Be it enacted by the Legislature of the State of Washington:

Sec. 1. Section 5, chapter 169, Laws of 1963 as last amended by section 10, chapter 1, Laws of 1985 ex. sess. and RCW 46.29.050 are each amended to read as follows:

(1) The department shall upon request furnish any person or his attorney a certified abstract of his driving record, which abstract shall include enumeration of any motor vehicle accidents in which such person has been involved. Such abstract shall (a) indicate the total number of vehicles involved, whether the vehicles were legally parked or moving, and whether the vehicles were occupied at the time of the accident; and (b) contain reference to any convictions of the person for violation of the motor vehicle laws as reported to the department, reference to any findings that the person has committed a traffic infraction which have been reported to the department,
and a record of any vehicles registered in the name of the person. The department shall collect for each abstract the sum of ((three)) four dollars and fifty cents which shall be deposited in the highway safety fund.

(2) The department shall upon request furnish any person who may have been injured in person or property by any motor vehicle, with an abstract of all information of record in the department pertaining to the evidence of the ability of any driver or owner of any motor vehicle to respond in damages. The department shall collect for each abstract the sum of ((three)) four dollars and fifty cents which shall be deposited in the highway safety fund.

Sec. 2. Section 27, chapter 21, Laws of 1961 ex. sess. as last amended by section 1, chapter 181, Laws of 1987 and RCW 46.52.130 are each amended to read as follows:

Any request for a certified abstract must specify which part is requested, and only the part requested shall be furnished. The employment driving record part shall be furnished only to the individual named in the abstract, an employer, the insurance carrier that has insurance in effect covering the employer, or a prospective employer. The other part shall be furnished only to the individual named in the abstract, the insurance carrier that has insurance in effect covering the named individual, or the insurance carrier to which the named individual has applied. Both parts shall be furnished to an alcohol/drug assessment or treatment agency approved by the department of social and health services, to which the named individual has applied or been assigned for evaluation or treatment. City attorneys and county prosecuting attorneys may provide both parts of the driving record to alcohol/drug assessment or treatment agencies approved by the department of social and health services to which the named individual has applied or been assigned for evaluation or treatment. The director, upon proper request, shall furnish a certified abstract covering the period of not more than the last three years to individuals, insurance companies, or employers, and covering a period of not more than the last five years to state approved alcohol/drug assessment or treatment agencies. The abstract, whenever possible, shall include an enumeration of motor vehicle accidents in which the person was driving; the total number of vehicles involved; whether the vehicles were legally parked or moving; whether the vehicles were occupied at the time of the accident; and any reported convictions, forfeitures of bail, or findings that an infraction was committed based upon a violation of any motor vehicle law. The enumeration shall include any reports of failure to appear in response to a traffic citation or failure to respond to a notice of infraction served upon the named individual by an arresting officer.

The abstract provided to an insurance company shall have excluded from it any information pertaining to any occupational driver's license when the license is issued to any person employed by another or self-employed as a motor vehicle driver who during the five years preceding the request has
been issued such a license by reason of a conviction or finding of a traffic infraction involving a motor vehicle offense outside the scope of his principal employment, and who has during that period been principally employed as a motor vehicle driver deriving the major portion of his income therefrom. The abstract provided to the insurance company shall also exclude any information pertaining to law enforcement officers or fire fighters as defined in RCW 41.26.030, or any member of the Washington state patrol, while driving official vehicles in the performance of occupational duty during an emergency situation if the chief of the officer's or fire fighter's department certifies on the accident report that the actions of the officer or fire fighter were reasonable under the circumstances as they existed at the time of the accident.

The director shall collect for each abstract the sum of four dollars and fifty cents which shall be deposited in the highway safety fund.

Any insurance company or its agent receiving the certified abstract shall use it exclusively for its own underwriting purposes and shall not divulge any of the information contained in it to a third party. No policy of insurance may be canceled, nonrenewed, or denied on the basis of such information unless the policyholder was determined to be at fault. No insurance company or its agent for underwriting purposes relating to the operation of commercial motor vehicles may use any information contained in the abstract relative to any person's operation of motor vehicles while not engaged in such employment.

Any employer or prospective employer receiving the certified abstract shall use it exclusively for his own purpose to determine whether the licensee should be permitted to operate a commercial vehicle or school bus upon the public highways of this state and shall not divulge any information contained in it to a third party.

Any alcohol/drug assessment or treatment agency approved by the department of social and health services receiving the certified abstract shall use it exclusively for the purpose of assisting its employees in making a determination as to what level of treatment, if any, is appropriate. The agency, or any of its employees, shall not divulge any information contained in the abstract to a third party.

Any violation of this section is a gross misdemeanor.

(1) The director of licensing shall on the twenty-fifth day of February, May, August and November of each year, commencing with November, 1971, advise the state treasurer of the total amount of motor vehicle excise taxes remitted to the department of licensing during the preceding calendar quarter ending on the last day of March, June, September and December, respectively, except for those payable under RCW 82.44.020((5))((6) and 82.44.030(( and 82.44.070)), from motor vehicle owners residing within each municipality which has levied a tax under RCW 35.58.273, which amount of excise taxes shall be determined by the director as follows:

The total amount of motor vehicle excise taxes remitted to the department, except those payable under RCW 82.44.020((5))((6) and 82.44.030(( and 82.44.070)), from each county shall be multiplied by a fraction, the numerator of which is the population of the municipality residing in such county, and the denominator of which is the total population of the county in which such municipality or portion thereof is located. The product of this computation shall be the amount of excise taxes from motor vehicle owners residing within such municipality or portion thereof. Where the municipality levying a tax under RCW 35.58.273 is located in more than one county, the above computation shall be made by county, and the combined products shall provide the total amount of motor vehicle excise taxes from motor vehicle owners residing in the municipality as a whole. Population figures required for these computations shall be supplied to the director by the office of financial management, who shall adjust the fraction annually.

(2) On the first day of the months of January, April, July, and October of each year, the state treasurer based upon information provided by the
department of licensing shall make the following apportionment and distribution of motor vehicle excise taxes deposited in the general fund except taxes collected under RCW 82.44.020((5))((6)). A sum equal to seventeen percent thereof shall be paid to cities and towns in the proportions and for the purposes hereinafter set forth; and a sum equal to two percent ((of all motor vehicle excise tax receipts)) thereof shall be allocable to the county sales and use tax equalization account under RCW 82.14.200((and a sum equal to seventy percent of all motor vehicle excise tax receipts, except taxes collected under RCW 82.44.020(5), shall be allocable to the state school equalization fund and credited and transferred each year in the following order of priority:

(a) The amount required and certified by the state finance committee each year as being necessary for payment of principal of and interest on bonds authorized by RCW 28A.47.760 through 28A.47.774 in the ensuing twelve months and any additional amounts required by the covenants of such bonds shall be transferred from the state school equalization fund to the 1963 public school building bond retirement fund;

(b) Any remaining amounts in the state school equalization fund from the motor vehicle excise taxes not required for debt service on the above bond issues shall be transferred and credited to the general fund).

(3) The amount payable to cities and towns shall be apportioned among the several cities and towns within the state according to the following formula:

(a) Sixty-five percent of the sum specified in subsection (2) of this section to be paid to cities and towns shall be apportioned ratably on the basis of population as last determined by the office of financial management.

(b) Thirty-five percent of the sum specified in subsection (2) of this section to be paid to cities and towns shall be apportioned to cities and towns under RCW 82.14.210.

(4) When so apportioned, the amount payable to each such city and town shall be transmitted to the city treasurer thereof, and shall be utilized by such city or town for the purposes of police and fire protection and the preservation of the public health therein, and not otherwise. In case it be adjudged that revenue derived from the excise tax imposed by this chapter cannot lawfully be apportioned or distributed to cities or towns, all moneys directed by this section to be apportioned and distributed to cities and towns shall be credited and transferred to the state general fund.

(5) On the first day of the months of January, April, July, and October of each year, the state treasurer, based upon information provided by the department of licensing, shall remit motor vehicle excise tax revenues imposed and collected under RCW 35.58.273 as follows:

(a) The amount required to be remitted by the state treasurer to the treasurer of any municipality levying the tax shall not exceed in any calendar year the amount of locally-generated tax revenues, excluding the excise
tax imposed under RCW 35.58.273 for the purposes of this section, which shall have been budgeted by the municipality to be collected in such calendar year for any public transportation purposes including but not limited to operating costs, capital costs, and debt service on general obligation or revenue bonds issued for these purposes; and

(b) In no event may the amount remitted in a single calendar quarter exceed the amount collected on behalf of the municipality under RCW 35.58.273 during the calendar quarter next preceding the immediately preceding quarter.

(6) At the close of each calendar year accounting period, but not later than April 1, each municipality that has received motor vehicle excise taxes under subsection (5) of this section shall transmit to the director of licensing and the state auditor a written report showing by source the previous year's budgeted tax revenues for public transportation purposes as compared to actual collections. Any municipality that has not submitted the report by April 1 shall cease to be eligible to receive motor vehicle excise taxes under subsection (5) of this section until the report is received by the director of licensing. If a municipality has received more or less money under subsection (5) of this section for the period covered by the report than it is entitled to receive by reason of its locally-generated collected tax revenues, the director of licensing shall, during the next ensuing quarter that the municipality is eligible to receive motor vehicle excise tax funds, increase or decrease the amount to be remitted in an amount equal to the difference between the locally-generated budgeted tax revenues and the locally-generated collected tax revenues. In no event may the amount remitted for a calendar year exceed the amount collected on behalf of the municipality under RCW 35.58.273 during that same calendar year. At the time of the next fiscal audit of each municipality, the state auditor shall verify the accuracy of the report submitted and notify the director of licensing of any discrepancies.

NEW SECTION. Sec. 11. If any provision of this act or its application
to any person or circumstance is held invalid, the remainder of the act or
the application of the provision to other persons or circumstances is not
affected.

NEW SECTION. Sec. 12. This act is necessary for the immediate
preservation of the public peace, health, and safety, the support of the state
government and its existing public institutions, and shall take effect July 1,
1987.

Passed the Senate May 7, 1987.
Approved by the Governor June 12, 1987, with the exception of certain
items which were vetoed.
Filed in Office of Secretary of State June 12, 1987.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to sections 8(9), 9 and 10,
Engrossed Substitute Senate Bill No. 6016, entitled:

"AN ACT Relating to transportation revenue and taxation."
Section 8(9), Page 12, Transfer of Excess Mass Transit funds

This section would require, beginning with the 1989-91 biennium, that
unmatched local mass transit funds be transferred into the Puget Sound Ferry Operations Account. These unmatched funds have historically reverted to the General Fund. The June 30, 1989 sunset clause on the .1% MVET increase which is dedicated to ferry systems operations creates a need in the 1989–91 biennium for additional funding. Given the demands the operating budget places on the General Fund in future biennia, this transfer is not fiscally responsible.

Section 9 and 10, Page 12, Ferry System Fuel Tax Exemption

These sections exempt the ferry system from paying the fuel tax. This exemption
has a biennial fiscal impact of $1 million on the General Fund. The funding to pay
the fuel tax is in the Department of Transportation 1987-89 budget.

With the exception of sections 8(9), 9 and 10, Engrossed Substitute Senate Bill
No. 6016 is approved."

Motor Vehicle Fund—Puget Sound Capital Construction Account Appropriation—Federal $8,500,000

Total Appropriation $73,750,831

The appropriations in this section are provided for improving the Washington state ferry system, including, but not limited to, vessel acquisition, vessel construction, major and minor vessel improvements, and terminal construction and improvements. The appropriations in this section are subject to the following conditions and limitations:

(1) The appropriation of state funds from the Puget Sound capital construction account contains $5,000,000 of the proceeds from the sale of bonds authorized by RCW 47.60.560: PROVIDED, That the transportation commission in consultation with the legislative transportation committee may authorize the use of current revenues available to the Puget Sound capital construction account in lieu of bond proceeds for any part of the state appropriation.
(2) It is the intent of the legislature that the Puget Sound capital construction account appropriation is provided to carry out only the projects presented to the house of representatives and senate transportation committees in the department's 1987–1989 biennial budget request dated February 1987. The department shall revise this list of projects to reconcile the 1985–87 actual expenditures within sixty days of the beginning of the biennium.

(3) Prior to the expenditure of any funds budgeted for additional passenger-only vessels and related terminal modifications, the department of transportation shall obtain approval from the legislative transportation committee: PROVIDED, That the marine division shall make application for reimbursement from the federal urban mass transit administration.

(4) Expenditures for propulsion control systems shall be limited to two vessels.

(5) The department of transportation shall provide the legislative transportation committee with a monthly report concerning the status of this program.

NEW SECTION. Sec. 30. FOR THE DEPARTMENT OF TRANSPORTATION—MARINE—PROGRAM X
Motor Vehicle Fund—Puget Sound Ferry Operations Account Appropriation .............. $ 45,896,956
Ferry System Fund Appropriation .................. $ 107,092,897
Total Appropriation .................... $ 152,989,853

The appropriations in this section are provided for management and support of the marine transportation division of the department of transportation and for the operation and maintenance of the state ferry system.

The appropriations in this section are subject to the following conditions and limitations:

(1) The appropriations are based on the budgeted expenditure of $15,525,251 for vessel operating fuel in the 1987–89 biennium. If the actual cost of fuel is less than this budgeted amount, the excess amount shall not be expended. If the actual cost exceeds this amount, it is the intent of the legislature that the department will request a supplemental appropriation.

(2) Prior to the expenditure of any funds budgeted for additional passenger-only service, the department of transportation shall obtain approval from the legislative transportation committee. If the additional passenger-only service is not approved, the funds appropriated in this section for that purpose shall not be expended for any other purpose.

(3) For the period from July 1, 1987, up to the actual implementation date of the 1987–89 biennial salary increase for employees under the jurisdiction of the state personnel board, none of the appropriations in this section may be expended to effect an increase in the hourly wage rates of ferry employees, as ferry employee is defined in RCW 47.64.011(5).
(4) The appropriation contained in this section provides for a compensation increase. The expenditures for compensation paid to ferry employees during the 1987-89 biennium shall not exceed $105,210,000 and, for the purposes of this section, shall be limited to salaries and wages and employee benefits as defined in the office of financial management's policies, regulations, and procedures named under objects of expenditure "A" and "L" (7.2.6.2). Of the $105,210,000 provided for compensation, a maximum of $678,000 may be used to increase salary costs, effective January 1, 1988, for the 1987-88 fiscal year so that the June 30, 1988, hourly salary rate increase shall not exceed any average hourly salary rate increase granted during the 1987-88 fiscal year; and a maximum of $2,145,000 may be used to increase salary costs, effective January 1, 1989, for the 1988-89 fiscal year so that the June 30, 1989, hourly salary rate increase shall not exceed any average hourly salary rate increase granted during the 1988-89 fiscal year.

(5) To the extent that ferry employees by bargaining unit have absorbed the required offset of wage increases by the amount that the employer's contribution for employees' and dependents' insurance and health care plans exceeds that of other state general government employees in the 1985-87 biennium, employees will not be required to absorb a further offset except to the extent the differential between employer contributions for those employees and all other state general government employees increases during the 1987-89 biennium. If the differential increases or the 1985-87 offset by bargaining unit is insufficient to meet the required deduction, the amount available for compensation shall be reduced by bargaining unit by the amount of such increase or the 1985-87 shortage in the required offset.

(6) The department of transportation shall provide the legislative transportation committee with a monthly report concerning the status of this program.

Sec. 37. Section 46.68.110, chapter 12, Laws of 1961 as last amended by section 32, chapter 460, Laws of 1985 and RCW 46.68.110 are each amended to read as follows:

Funds credited to the incorporated cities and towns of the state as set forth in subdivision (1) of RCW 46.68.100 shall be subject to deduction and distribution as follows:

(1) One and one-half percent of such sums shall be deducted monthly as such sums are credited and set aside for the use of the department of transportation for the supervision of work and expenditures of such incorporated cities and towns on the city and town streets thereof, including the supervision and administration of federal-aid programs for which the department of transportation has responsibility: PROVIDED, That any moneys so retained and not expended shall be credited in the succeeding biennium to the incorporated cities and towns in proportion to deductions herein made;

(2) From July 1, 1985, through June 30, 1987, twenty-four one-hundredths of one percent of such funds shall be deducted monthly, as such funds accrue, and set aside for the use of the department of transportation for the purpose of funding the cities' share of the costs of highway jurisdiction studies and ((related)) other studies. (3) From July 1, 1987, through June 30, 1989, thirty-three one-hundredths of one percent of such funds shall be deducted monthly, as such funds accrue, and set aside for the use of the department of transportation
for the purpose of funding the cities' share of the costs of highway jurisdiction studies and other studies. Any funds so retained and not expended shall be credited in the succeeding biennium to the cities in proportion to the deductions made;

(4) The balance remaining to the credit of incorporated cities and towns after such deduction shall be apportioned monthly as such funds accrue among the several cities and towns within the state ratably on the basis of the population last determined by the office of financial management.

Sec. 38. Section 46.68.120, chapter 12, Laws of 1961 as last amended by section 33, chapter 460, Laws of 1985 and RCW 46.68.120 are each amended to read as follows:

Funds to be paid to the counties of the state shall be subject to deduction and distribution as follows:

(1) One and one-half percent of such funds shall be deducted monthly as such funds accrue and set aside for the use of the department of transportation and the county road administration board for the supervision of work and expenditures of such counties on the county roads thereof, including the supervision and administration of federal-aid programs for which the department of transportation has responsibility: PROVIDED, That any funds so retained and not expended shall be credited in the succeeding biennium to the counties in proportion to deductions herein made;

(2) All sums required to be repaid to counties composed entirely of islands shall be deducted;

(3) From July 1, 1985, through June 30, 1987, twenty-four one-hundredths of one percent of such funds shall be deducted monthly, as such funds accrue, and set aside for the use of the department of transportation for the purpose of funding the counties' share of the costs of highway jurisdiction studies and (related) other studies. Any funds so retained and not expended shall be credited in the succeeding biennium to the counties in proportion to the deductions made;

(4) From July 1, 1987, through June 30, 1989, thirty-three one-hundredths of one percent of such funds shall be deducted monthly, as such funds accrue, and set aside for the use of the department of transportation for the purpose of funding the counties' share of the costs of highway jurisdiction studies and other studies. Any funds so retained and not expended shall be credited in the succeeding biennium to the counties in proportion to the deductions made;

(5) The balance of such funds remaining to the credit of counties after such deductions shall be paid to the several counties monthly, as such funds accrue, in accordance with RCW 46.68.122 and 46.68.124.

NEW SECTION. Sec. 39. The motor vehicle fund revenues are received at a relatively even flow throughout the year. Expenditures exceed the revenue during the accelerated summer and fall highway construction
season, creating a negative cash balance during the heavy construction season. The legislature recognizes that the department of transportation may require interfund loans or other short-term financing to meet temporary seasonal cash requirements.

**NEW SECTION.** Sec. 40. The legislature recognizes the economic importance to the state of attracting new industrial development, and that the availability of transportation services is a significant factor in attracting such industries. The transportation commission and the department of transportation may consider these unique circumstances in determining priorities for capital expenditures.

*NEW SECTION.** Sec. 41. It is the intent of the legislature that the amounts assumed in this act as presented to the house of representatives and senate transportation committees for all revolving funds for services provided to the department of transportation, Washington state patrol, and department of licensing by other agencies, including the department of personnel service fund for personnel services, the legal services revolving fund for tort claim administration costs and other legal costs, the audit services revolving fund for audits, and the archives and records management account for archiving, storage and records management services, shall not be exceeded without prior approval of the legislative transportation committee.

*Sec. 41 was vetoed, see message at end of chapter.*

**NEW SECTION.** Sec. 42. In addition to such other appropriations as are made by this act, there is hereby appropriated to the department of transportation from legally available bond proceeds in the respective construction or building accounts such amounts as are necessary to pay the expenses incurred by the state finance committee in the issuance and sale of the subject bonds.

**NEW SECTION.** Sec. 43. The legislature recognizes that actual receipts of motor fuel excise taxes payable in any given month have been delayed up to five days into the following month. House Bill No. 347 has been introduced to alleviate late collections and to facilitate receipts of motor fuel excise taxes in the periods when they are due. If House Bill No. 347 is not enacted, the legislature directs the department of licensing and the state treasurer to credit all motor fuel excise taxes collected during the first five working days in July 1987 to the 1985–87 fiscal biennium.

**NEW SECTION.** Sec. 44. As used in this act, "St Patrol Hiwy Acct" means the State Patrol Highway Account.

The department of general administration and the Washington state patrol shall study alternative on-campus locations for the headquarters facility, including, but not limited to, the highways-licenses building and the feasibility of constructing a lease–option–to–purchase facility. The findings shall be presented to the legislative transportation committee by December 1, 1987, and no expenditures from the appropriation shall be made without prior approval of the legislative transportation committee and the state capitol committee.

NEW SECTION. Sec. 57. FOR THE STATE TREASURER—TRANSFER

Motor Vehicle Fund ...........................................

The appropriation in this section is for transfer to the Puget Sound ferry operations account on August 1, 1987: PROVIDED, That the amount appropriated for transfer shall not exceed the amount of the unexpended balance in the Puget Sound ferry operations account on June 30, 1987, which is subject to transfer from the account pursuant to RCW 47.60.540(2). The amount transferred shall be reported to the legislative transportation committee.

NEW SECTION. Sec. 58. FOR THE DEPARTMENT OF TRANSPORTATION—TRANSFER

Motor Vehicle Fund—Highway Construction Stabilization Account Transfer: For transfer to the Motor Vehicle Fund ....................

The appropriation transfer in this section is provided for expenditures pursuant to RCW 46.68.200.

NEW SECTION. Sec. 59. To the extent that the employer contributions for retirement, industrial insurance, and medical aid granted to state
general government employees through enactment of the omnibus state appropriations act are less than amounts assumed in the operating programs in this appropriations act, such portion of the appropriations shall be withheld and assigned to a reserve status pursuant to RCW 43.88.110(2). Specific amounts shall be assigned to a reserve status with the concurrence of the office of financial management and the legislative transportation committee.

NEW SECTION. Sec. 60. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 61. This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect immediately.

Passed the Senate May 17, 1987.
Approved by the Governor June 12, 1987, with the exception of certain items which were vetoed.
Filed in Office of Secretary of State June 12, 1987.

Note: Governor's explanation of partial veto is as follows:
"I am returning herewith, without my approval as to sections 9(4), 10(4), 25(2) and 41, Engrossed Substitute Senate Bill No. 6076, entitled:
"AN ACT Relating to transportation appropriations."

Section 9(4), Page 3, Curbstone Program
This section, while not prescriptive, allows for expansion of the "Curbstone" program. The numbers and language are contradictory in that the amount identified for expansion erroneously includes the base, while expenditures are limited to funding source revenues, which would not be sufficient to support the specified expansion.

Section 10(4), Page 4, Public Safety and Education Account Transfer
This section transfers funds out of the Public Safety and Education Account into the Highway Safety Fund. In recent years, the legislature has expressed a desire for an open process in determining the levels of appropriations to various agencies from the Public Safety and Education Account. This transfer circumvents that process by dedicating a portion of the revenues accrued to the Public Safety and Education Account to the Highway Safety Fund. Also, the amount developed in the March, 1987, forecast is less than the amount appropriated, which appears to be unintended and could result in the account being over-extended.

Section 25(2), Page 11, Increased Appropriation for Highway Stores
This section allows the Department of Transportation's appropriation to be increased by an unspecified amount. This is in violation of Article 8, section 4 of the Constitution because it fails to distinctly specify the amount of the appropriation.

Section 41, Page 20, Service Fund Charges
This section puts caps on revolving fund payments by the Washington State Patrol, the Department of Licensing and the Department of Transportation. The section
references assumed budgeted amounts for revolving funds which have not been established. This section creates an inconsistency relative to other state agencies in the matter of revolving fund charges.

With the exception of sections 9(4), 10(4), 25(2) and 41, Engrossed Substitute Senate Bill No. 6076 is approved.*

HOUSE JOINT RESOLUTION NO. 4220

BE IT RESOLVED, BY THE SENATE AND HOUSE OF REPRESENTATIVES OF THE STATE OF WASHINGTON, IN LEGISLATIVE SESSION ASSEMBLED:

THAT, At the next general election to be held in this state there shall be submitted to the qualified voters of the state for their approval and ratification, or rejection, an amendment to Article IX, section 3 and an amendment to Article VII, section 2 of the Constitution of the state of Washington to read as follows:

Article IX, section 3. (1) The principal of the permanent common school fund as the same existed on June 30, 1965, and including any revenue dedicated to the fund from a state property tax shall remain permanent and irreducible.
(2) The ((said)) permanent common school fund shall consist of the principal amount (((thereof existing on June 30, 1965))) under subsection (1) of this section, and such additions thereto as may be derived after June 30, 1965, from the following named sources, to wit: Appropriations and donations by the state to this fund; donations and bequests by individuals to the state or public for common schools; the proceeds of lands and other property which revert to the state by escheat and forfeiture; the proceeds of all property granted to the state when the purpose of the grant is not specified, or is uncertain; funds accumulated in the treasury of the state for the disbursement of which provision has not been made by law; the proceeds of the sale of stone, minerals, or property other than timber and other crops from school and state lands, other than those granted for specific purposes; all moneys received from persons appropriating stone, minerals or property other than timber and other crops from school and state lands other than those granted for specific purposes, and all moneys other than rental recovered from persons trespassing on said lands; five per centum of the proceeds of the sale of public lands lying within the state, which shall be sold by the United States subsequent to the admission of the state into the Union as approved by section 13 of the act of congress enabling the admission of the state into the Union; the principal of all funds arising from the sale of lands and other property which have been, and hereafter may be granted to the state for the support of common schools. The legislature may make further provisions for enlarging said fund.

That portion of the common school construction fund derived from interest on the permanent common school fund may be used to retire ((such)) bonds ((as may be)) authorized by law prior to January 1, 1987, for the purpose of financing the construction of facilities for the common schools.

(4) To the extent that the moneys in the common school construction fund are in excess of the amount necessary to allow fulfillment of the purpose of said fund, the excess shall be available for deposit to the credit of
the permanent common school fund or available for the current use of the
common schools, as the legislature may direct.

Article VII, section 2. Except as hereinafter provided and notwith-
standing any other provision of this Constitution, the aggregate of all tax
levies upon real and personal property by the state and all taxing districts
now existing or hereafter created, shall not in any year exceed one per cen-
tum of the true and fair value of such property in money: PROVIDED,
HOWEVER, That nothing herein shall prevent levies at the rates now pro-
vided by law by or for any port or public utility district. The term "taxing
district" for the purposes of this section shall mean any political subdivision,
municipal corporation, district, or other governmental agency authorized by
law to levy, or have levied for it, ad valorem taxes on property, other than a
port or public utility district. Such aggregate limitation or any specific limi-

(a) By any taxing district when specifically authorized so to do by a
majority of at least three-fifths of the electors thereof voting on the propo-
sition to levy such additional tax submitted not more than twelve months
prior to the date on which the proposed levy is to be made and not oftener
than twice in such twelve month period, either at a special election or at the
regular election of such taxing district, at which election the number of
persons voting "yes" on the proposition shall constitute three-fifths of a
number equal to forty per centum of the total votes cast in such taxing dis-
trict at the last preceding general election when the number of electors vot-
ing on the proposition does not exceed forty per centum of the total votes
cast in such taxing district in the last preceding general election; or by a

forty percentum of the total votes cast in such taxing district in the last
preceding general election: PROVIDED, That notwithstanding any other
 provision of this Constitution, any proposition pursuant to this subsection to
levy additional tax for the support of the common schools may provide such
support for a two year period and any proposition to levy an additional tax
to support the construction, modernization, or remodelling of school facili-

(b) By any taxing district otherwise authorized by law to issue general
obligation bonds for capital purposes, for the sole purpose of making the
required payments of principal and interest on general obligation bonds is-
sued solely for capital purposes, other than the replacement of equipment,
when authorized so to do by majority of at least three-fifths of the electors
thereof voting on the proposition to issue such bonds and to pay the princi-
pal and interest thereon by an annual tax levy in excess of the limitation
herein provided during the term of such bonds, submitted not oftener than
twice in any calendar year, at an election held in the manner provided by
law for bond elections in such taxing district, at which election the total
number of persons voting on the proposition shall constitute not less than
forty per centum of the total number of votes cast in such taxing district at the last preceding general election: PROVIDED, That any such taxing district shall have the right by vote of its governing body to refund any general obligation bonds of said district issued for capital purposes only, and to provide for the interest thereon and amortization thereof by annual levies in excess of the tax limitation provided for herein, AND PROVIDED FURTHER, That the provisions of this section shall also be subject to the limitations contained in Article VIII, Section 6, of this Constitution;

(c) By the state or any taxing district for the purpose of paying the principal or interest on general obligation bonds outstanding on December 6, 1934; or for the purpose of preventing the impairment of the obligation of a contract when ordered so to do by a court of last resort;

(d) By the state for a property tax at a rate not to exceed thirty-five cents per thousand dollars assessed valuation adjusted to the state equalized value, levied for a maximum of fifteen years and used exclusively for school construction purposes.

BE IT FURTHER RESOLVED, That the foregoing amendment shall be construed as a single amendment within the meaning of Article XXIII, section 1 of this Constitution.

The legislature finds that the changes contained in the foregoing amendment constitute a single integrated plan for funding common school capital projects. If the foregoing amendment is held to be separate amendments, this joint resolution shall be void in its entirety and shall be of no further force and effect; and

BE IT FURTHER RESOLVED, That the secretary of state shall cause notice of the foregoing constitutional amendment to be published at least four times during the four weeks next preceding the election in every legal newspaper in the state.

Filed in Office of Secretary of State April 29, 1987.
THAT, At the next general election to be held in this state there shall be submitted to the qualified voters of the state for their approval and ratification, or rejection, an amendment to Article IV, section 7 of the Constitution of the state of Washington to read as follows:

Article IV, section 7. The judge of any superior court may hold a superior court in any county at the request of the judge of the superior court thereof, and upon the request of the governor it shall be his duty to do so. However, if a previously elected judge of the superior court retires leaving a pending case in which the judge has made discretionary rulings, the judge is entitled to hear the pending case as a judge pro tempore without any written agreement.

BE IT FURTHER RESOLVED, That the secretary of state shall cause notice of the foregoing constitutional amendment to be published at least four times during the four weeks next preceding the election in every legal newspaper in the state.

The 1957 Legislature failed to take action, and as provided by the state constitution the measure was then submitted to the voters for final decision at the November 4, 1958 state general election. Measure was approved by the following vote: For—539,640 Against—289,575. Act is now identified as Chapter 1, Laws of 1959.

INITIATIVE TO THE LEGISLATURE NO. 24 (Limiting Dams in Fish Sanctuaries)—Measure filed September 18, 1956. Signature petitions containing approximately 85,600 signatures filed January 3, 1957. However, attorney general ruled that provisions of the 30th amendment to the state constitution approved by the voters at the 1956 state general election applied at the time signatures were presented. This amendment provided that the number of signatures necessary to validate an initiative must be equal to at least 8% of the votes cast on the position of governor at the last preceding gubernatorial election. For this reason the Secretary of State did not check signature petitions and the initiative was not certified to the 1957 Legislature.

*INITIATIVE TO THE LEGISLATURE NO. 25 (Dam Construction and Water Diversion)—Measure filed April 3, 1958. Signature petitions filed January 2, 1959 and upon completion of canvass found sufficient. As a consequence, the secretary of state returned the measure and filing fee to the sponsor.

However, as required by the state constitution, both measures were submitted to the voters for final decision at the November 7, 1972 state general election. The votes cast on the original measure and the alternative proposal were as follows:

[ 2971 ]
As of June 24, 1963, it was discovered that all such signature petition sheets had been stolen. However, two days later (June 26, 1963), Secretary of State Victor A. Meyers certified Referendum Measure No. 34 to the respective county auditors with direction that said measure appear upon the November 3, 1964 state general election ballot in spite of the fact that the signatures had been stolen. Such action was justified upon the grounds that the sponsor of said referendum had filed 82,995 signatures when only 48,630 valid signatures were needed. On July 22, 1963 the Amusement Association of Washington brought court action against the Secretary of State challenging the certification of Referendum Measure No. 34.

On July 22, 1963, the Thurston County Superior Court ruled that the Secretary of State had acted properly under the circumstances. On March 26, 1964, the State Supreme Court sustained the Thurston County Superior Court by likewise ruling that the Secretary of State’s certification was valid.
