CHAPTER 267  
[Enrolled Substitute House Bill No. 1530]  
NURSING ASSISTANTS

AN ACT Relating to nursing assistants; amending RCW 18.52A.020 and 18.52A.030; reenacting and amending RCW 18.120.020 and 18.130.040; adding a new chapter to Title 18 RCW; creating a new section; and making an appropriation.

Be it enacted by the Legislature of the State of Washington:

NEW SECTION. Sec. 1. LEGISLATIVE INTENT. The legislature takes special note of the contributions made by nursing assistants in nursing homes whose tasks are arduous and whose working conditions may be contributing to the high and often critical turnover among the principal cadre of health care workers who provide for the basic needs of long-term care patients. The legislature also recognizes the growing shortage of nurses in long-term care as the proportion of the elderly population grows and as the acuity of patients in hospitals and nursing homes becomes generally more severe.

The legislature finds and declares that occupational nursing assistants should have a formal system of educational and experiential qualifications leading to career mobility and advancement. The establishment of such a system should bring about a more stabilized work force in the nursing home setting, as well as provide a valuable resource for recruitment into licensed nursing practice.

The legislature declares that the registration of nursing assistants providing for voluntary certification of those who wish to seek higher levels of qualification is in the interest of the public health, safety, and welfare.

The director shall establish by rule the examination application deadline.

(2) The board shall examine each applicant, by means determined most effective, on subjects appropriate to the scope of practice, as applicable. Examinations shall be limited to the purpose of determining whether the applicant possesses the minimum skill and knowledge necessary to practice competently.

Failure to renew shall invalidate the credential and all privileges granted by the credential. Passed the House March 9, 1988.
Passed the Senate March 5, 1988.
Approved by the Governor March 24, 1988, with the exception of certain items which were vetoed.
Filed in Office of Secretary of State March 24, 1988.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to section 7(4) and 10(3), Engrossed Substitute House Bill No. 1530 entitled:

"AN ACT Relating to nursing assistants."

Section 7(4) and section 16 both give authority to determine which states have credentialing requirements equivalent to those in this state, and to issue certificates, by endorsement without examination, to those individuals credentialed in those states. Section 7(4) gives this authority to the Board of Nursing and section 16 gives this authority to the Department of Licensing."
Section 10(3) and section 14 both give authority to determine what constitutes adequate proof of meeting the criteria for certification. Section 10(3) gives this authority to the Board of Nursing and section 14 gives this authority to the Department of Licensing.

Giving similar authority to two separate regulatory entities will result in confusion. Since these functions are primarily administrative in nature and the department has all other administrative functions, I am vetoing the sections which give these authorities to the Board of Nursing.

With the exception of section 7(4) and 10(3), Engrossed Substitute House Bill No. 1530 is approved.*

CHAPTER 268
[Second Substitute Senate Bill No. 5720]

NEW SECTION. Sec. 2. Eligible school districts as defined under section 3 of this act are encouraged to establish cooperative projects with a primary purpose to increase curriculum programs and opportunities among the participating districts, by expanding the opportunity for students in the participating districts to take vocational and academic courses as may be generally more available in larger school districts, and to enhance student learning.

NEW SECTION. Sec. 3. School districts eligible for funding as a small high school district pursuant to the state operating appropriations act shall be eligible to participate in a cooperative project: PROVIDED, That the superintendent of public instruction may adopt rules permitting second class school districts that are not eligible for funding as a small high school district in the state operating appropriations act to participate in a cooperative project.

Two or more school districts may participate in a cooperative project pursuant to sections 3 through 5 and 7 through 9 of this act.
