WASHINGTON LAWS, 1989  
Ch. 298

This legislation sets good policy regarding the enhancement of the hunting opportunities for disabled persons. The need to veto section 6 relates solely to an inconsistency. Existing law prohibits hunting from, across or along the maintained portion of a public highway. It is stated in new section 2, "No hunting shall be permitted from a motor vehicle that is parked on or beside the maintained portion of a public road." Yet section 6 implies that disabled hunters may shoot from, across or along public highways. To remove this inconsistency, it is necessary to veto section 6, which then leaves the current prohibition in place.

With the exception of section 6, House Bill No. 2010 is approved.*

In the event that a port elects to make such other pollution control facilities available to others, it shall do so by lease, lease purchase agreement, or other agreement binding such user to pay for the use of said facilities for
the full term of the revenue bonds issued by the port for the acquisition of said facilities, and said payments shall at least fully reimburse the port for all principal and interest paid by it on said bonds and for all operating or other costs, if any, incurred by the port in connection with said facilities: PROVIDED, HOWEVER, That where there is more than one user of any such facilities, each user shall be responsible for its pro rata share of such costs and payment of principal and interest. Any port intending to provide pollution control facilities to others shall first survey the port district to ascertain the potential users of such facilities and the extent of their needs. The port shall conduct a public hearing upon the proposal and shall give each potential user an opportunity to participate in the use of such facilities upon equal terms and conditions.

Sec. 2. Section 9, chapter 65, Laws of 1955 as last amended by section 1, chapter 64, Laws of 1983 and RCW 53.08.080 are each amended to read as follows:
