their first contact with the criminal justice system to reintegration in the community.

(c) The departments shall report back to the senate law and justice committee and the house of representatives judiciary committee before March 1, 1990.

NEW SECTION. Sec. 20. Section 19 of this act shall expire March 1, 1990.

NEW SECTION. Sec. 21. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately.

Passed the House April 18, 1989.
Passed the Senate April 7, 1989.
Approved by the Governor May 13, 1989, with the exception of certain items which were vetoed.
Filed in Office of Secretary of State May 13, 1989.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to section 16, Engrossed Substitute House Bill No. 1051 entitled:

"AN ACT Relating to developmentally disabled adults."

Section 16 of this bill amends RCW 71.05.325 relating to the release of certain committed individuals. Similar language is contained in House Bill No. 2054, section 1. To avoid confusion, I am vetoing section 16.

With the exception of section 16, Engrossed Substitute House Bill No. 1051 is approved."

CHAPTER 421

WATER CONSERVATION AND WASTE REDUCTION PROGRAMS

AN ACT Relating to conservation of water; adding a new section to chapter 35.92 RCW; adding a new section to chapter 54.16 RCW; adding a new section to chapter 57.08 RCW; creating new sections; and providing a contingent effective date.

Be it enacted by the Legislature of the State of Washington:

NEW SECTION. Sec. 1. The conservation and efficient use of water is found and declared to be a public purpose of highest priority. The legislature further finds and declares that all municipal corporations, public utility districts, water districts, and other political subdivisions of the state that are engaged in the sale or distribution of water should be granted the authority to develop and carry out programs that will conserve resources, reduce waste, and encourage more efficient use of water by consumers.

In order to establish the most effective state-wide program for water conservation, the legislature hereby encourages any company, corporation, or association engaged in selling or furnishing utility services to assist their
customers in the acquisition and installation of fixtures, systems, and equipment, for compensation or otherwise, for the conservation or more efficient use of water.

*NEW SECTION. Sec. 2. The terms "conservation" and "efficient use of water" shall have the meaning established by the joint select committee on water resource policy.

*Sec. 2 was vetoed, see message at end of chapter.

NEW SECTION. Sec. 3. A new section is added to chapter 35.92 RCW to read as follows:

Any city or town engaged in the sale or distribution of water is hereby authorized, within limits established by the Constitution of the state of Washington, to assist the owners of structures in financing the acquisition and installation of fixtures, systems, and equipment, for compensation or otherwise, for the conservation or more efficient use of water in the structures under a water conservation plan adopted by the city or town if the cost per unit of water saved or conserved by the use of the fixtures, systems, and equipment is less than the cost per unit of water supplied by the next least costly new water source available to the city or town to meet future demand. Except where otherwise authorized, assistance shall be limited to:

(1) Providing an inspection of the structure, either directly or through one or more inspectors under contract, to determine and inform the owner of the estimated cost of purchasing and installing conservation fixtures, systems, and equipment for which financial assistance will be approved and the estimated life cycle savings to the water system and the consumer that are likely to result from the installation of the fixtures, systems, or equipment;

(2) Providing a list of businesses that sell and install the fixtures, systems, and equipment within or in close proximity to the service area of the city or town, each of which businesses shall have requested to be included and shall have the ability to provide the products in a workmanlike manner and to utilize the fixtures, systems, and equipment in accordance with the prevailing national standards;

(3) Arranging to have approved conservation fixtures, systems, and equipment installed by a private contractor whose bid is acceptable to the owner of the structure and verifying the installation; and

(4) Arranging or providing financing for the purchase and installation of approved conservation fixtures, systems, and equipment. The fixtures, systems, and equipment shall be purchased or installed by a private business, the owner, or the utility.

Pay back shall be in the form of incremental additions to the utility bill, billed either together with use charge or separately. Loans shall not exceed one hundred twenty months in length.

NEW SECTION. Sec. 4. A new section is added to chapter 54.16 RCW to read as follows:
Any district is hereby authorized, within limits established by the Constitution of the state of Washington, to assist the owners of structures in financing the acquisition and installation of fixtures, systems, and equipment, for compensation or otherwise, for the conservation or more efficient use of water in the structures under a water conservation plan adopted by the district if the cost per unit of water saved or conserved by the use of the fixtures, systems, and equipment is less than the cost per unit of water supplied by the next least costly new water source available to the district to meet future demand. Except where otherwise authorized, assistance shall be limited to:

(1) Providing an inspection of the structure, either directly or through one or more inspectors under contract, to determine and inform the owner of the estimated cost of purchasing and installing conservation fixtures, systems, and equipment for which financial assistance will be approved and the estimated life cycle savings to the water system and the consumer that are likely to result from the installation of the fixtures, systems, or equipment;

(2) Providing a list of businesses that sell and install the fixtures, systems, and equipment within or in close proximity to the service area of the city or town, each of which businesses shall have requested to be included and shall have the ability to provide the products in a workmanlike manner and to utilize the fixtures, systems, and equipment in accordance with the prevailing national standards;

(3) Arranging to have approved conservation fixtures, systems, and equipment installed by a private contractor whose bid is acceptable to the owner of the structure and verifying the installation; and

(4) Arranging or providing financing for the purchase and installation of approved conservation fixtures, systems, and equipment. The fixtures, systems, and equipment shall be purchased or installed by a private business, the owner, or the utility.

Pay back shall be in the form of incremental additions to the utility bill, billed either together with use charge or separately. Loans shall not exceed one hundred twenty months in length.

NEW SECTION. Sec. 5. A new section is added to chapter 57.08 RCW to read as follows:

Any district is hereby authorized, within limits established by the Constitution of the state of Washington, to assist the owners of structures in financing the acquisition and installation of fixtures, systems, and equipment, for compensation or otherwise, for the conservation or more efficient use of water in the structures under a water conservation plan adopted by the district if the cost per unit of water saved or conserved by the use of the fixtures, systems, and equipment is less than the cost per unit of water supplied by the next least costly new water source available to the district to meet future demand. Except where otherwise authorized, assistance shall be limited to:
(1) Providing an inspection of the structure, either directly or through one or more inspectors under contract, to determine and inform the owner of the estimated cost of purchasing and installing conservation fixtures, systems, and equipment for which financial assistance will be approved and the estimated life cycle savings to the water system and the consumer that are likely to result from the installation of the fixtures, systems, or equipment;

(2) Providing a list of businesses that sell and install the fixtures, systems, and equipment within or in close proximity to the service area of the city or town, each of which businesses shall have requested to be included and shall have the ability to provide the products in a workmanlike manner and to utilize the fixtures, systems, and equipment in accordance with the prevailing national standards;

(3) Arranging to have approved conservation fixtures, systems, and equipment installed by a private contractor whose bid is acceptable to the owner of the structure and verifying the installation; and

(4) Arranging or providing financing for the purchase and installation of approved conservation fixtures, systems, and equipment. The fixtures, systems, and equipment shall be purchased or installed by a private business, the owner, or the utility.

Pay back shall be in the form of incremental additions to the utility bill, billed either together with use charge or separately. Loans shall not exceed one hundred twenty months in length.

NEW SECTION. Sec. 6. This act shall take effect on the same date as the proposed amendment to Article VIII of the state Constitution, authorizing the use of public moneys or credit to promote conservation or more efficient use of water, is validly submitted and is approved and ratified by the voters at a general election held in November 1989. If the proposed amendment is not so approved and ratified, this act shall be void in its entirety.

Passed the Senate April 17, 1989.
Passed the House April 13, 1989.
Approved by the Governor May 13, 1989, with the exception of certain items which were vetoed.
Filed in Office of Secretary of State May 13, 1989.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to section 2, Substitute Senate Bill No. 5889 entitled:

"AN ACT Relating to conservation of water."

This is an excellent program, modeled on successes in the area of energy conservation. I am not, however, convinced of the propriety of delegating a legislative function entirely to a committee. I am vetoing section 2 and recommending that the Joint Select Committee develop definitions of these terms for deliberation by the full Legislature. In the event the Legislature is unable to agree on definitions prior to the approval of the accompanying constitutional amendment, the common usage of these terms will be applied.
WASHINGTON LAWS, 1989

CHAPTER 422
[Substitute Senate Bill No. 5566]
SAFE DRINKING WATER ACT

AN ACT Relating to safe drinking water; amending RCW 70.119A.020, 70.119A.030, 70.119A.040, 70.119A.050, 43.20.050, 70.119.020, and 70.116.030; adding new sections to chapter 70.119A RCW; creating a new section; and repealing RCW 70.119A.010.

Be it enacted by the Legislature of the State of Washington:

NEW SECTION. Sec. 1. This act shall be known and cited as the "Washington state safe drinking water act."

Sec. 2. Section 2, chapter 271, Laws of 1986 and RCW 70.119A.020 are each amended to read as follows:

Unless the context clearly requires otherwise, the following definitions apply throughout this chapter:

(1) "Department" means the department of social and health services.

(2) "Local board of health" (has the meaning in RCW 70.05.010) means the city, town, county, or district board of health.

(3) "Local health jurisdiction" means an entity created under chapter 70.05, 70.08, or 70.46 RCW which provides public health services to persons within the area.

(4) "Public water supply system" has the meaning in RCW 70.119A.020) means any system, excluding a system serving only one single-family residence, which provides piped water for human consumption, including:

(a) Any collection, treatment, storage, and distribution facilities under control of the purveyor and used primarily in connection with such system; and

(b) Any collection or pretreatment storage facilities not under control of the purveyor which are primarily used in connection with such system.

(5) "Order" means a written direction to comply with a provision of the regulations adopted under RCW 43.20.050(a) or 70.119.050 or to take an action or a series of actions to comply with the regulations allowing a reasonable time to comply without penalty and shall consider the ability of the public water supply system to prevent or correct the violation).

(6) "Purveyor" means any agency or subdivision of the state or any municipal corporation, firm, company, mutual, or cooperative association, institution, partnership, or person or any other entity, that owns or operates a public water system. It also means the authorized agents of any such entities.

(7) "Regulations" means (the provisions of chapter 248-54 WAC, as it may be amended, or any regulations that supersede chapter 248-54 WAC
