

JTC Study on Business Models for Financially Sustainable EV Charging Networks

Electric Utility Webinar

Tuesday, September 16, 2014

2:00 – 3:00 PM

2:00 p.m. – 2:10 p.m.

Welcome and Introductions

C2ES will present one or two slides on the electricity market in Washington (PUDs, IOUs, and municipally-owned utilities)

2:10 p.m. – 2:50 p.m.

Panel Discussion

Washington Electric Utilities

- Ben Farrow, Puget Sound Energy
- Ramnika Jain, Seattle City Light
- Dave Warren, Washington Public Utility District Association

Charging Service Providers

- Dave Packard, ChargePoint
- Glen Stancil, NRG Energy

Washington Regulators

- Ann Rendahl, Washington Utilities and Transportation Commission

1. Under what conditions should utilities be allowed/encouraged to own and operate a public charging station, or to otherwise invest in public charging infrastructure?
2. How can utilities support the installation of charging infrastructure if doing so would add additional load and costs to the system? How should the costs and benefits be allocated?
3. Can utilities play other roles related to EVs, such as customer education and outreach?

2:50 p.m. – 3:00 p.m.

General Q&A
